§ 862. Restrictions on funds of the agency. (1) No funds of the agency shall be used in respect of any project if the completion thereof would result in the removal of an industrial or manufacturing plant of the project occupant from one area of the state to another area of the state or in the abandonment of one or more plants or facilities of the project occupant located within the state, provided, however, that neither restriction shall apply if the agency shall determine on the basis of the application before it that the project is reasonably necessary to discourage the project occupant from removing such other plant or facility to a location outside the state or is reasonably necessary to preserve the competitive position of the project occupant in its respective industry.

(2) (a) Except as provided in paragraph (b) of this subdivision, no financial assistance of the agency shall be provided in respect of any project where facilities or property that are primarily used in making retail sales to customers who personally visit such facilities constitute more than one-third of the total project cost. For the purposes of this article, "retail sales" shall mean: (i) sales by a registered vendor under article twenty-eight of the tax law primarily engaged in the retail sale of tangible personal property, as defined in subparagraph (i) of paragraph four of subdivision (b) of section eleven hundred one of the tax law; or (ii) sales of a service to such customers. Except, however, that tourism destination projects shall not be prohibited by this subdivision. For the purpose of this paragraph, "tourism destination" shall mean a location or facility which is likely to attract a significant number of visitors from outside the economic development region as established by section two hundred thirty of the economic development law, in which the project is located.

(b) Notwithstanding the provisions of paragraph (a) of this subdivision, financial assistance may, however, be provided to a project where facilities or property that are primarily used in making retail sales of goods or services to customers who personally visit such facilities to obtain such goods or services constitute more than one-third of the total project cost, where: (i) the predominant purpose of the project would be to make available goods or services which would not, but for the project, be reasonably accessible to the residents of the city, town, or village within which the proposed project would be

located because of a lack of reasonably accessible retail trade facilities offering such goods or services; or (ii) the project is located in a highly distressed area.

(c) With respect to projects authorized pursuant to paragraph (b) of this subdivision, no project shall be approved unless the agency shall find after the public hearing required by section eight hundred fifty-nine-a of this title that undertaking the project will serve the public purposes of this article by preserving permanent, private sector jobs or increasing the overall number of permanent, private sector jobs in the state. Where the agency makes such a finding, prior to providing financial assistance to the project by the agency, the chief executive officer of the municipality for whose benefit the agency was created shall confirm the proposed action of the agency.
