(c) (1) The health care plan may charge the insured a fee of up to twenty-five dollars per external appeal with an annual limit on filing fees for an insured not to exceed seventy-five dollars within a single plan year; provided that, in the event the external appeal agent overturns the final adverse determination of the plan, such fee shall be refunded to the insured. Notwithstanding the foregoing, the health plan shall not require the enrollee to pay any such fee if the enrollee is a recipient of medical assistance or is covered by a policy pursuant to title one-A of article twenty-five of the public health law. Notwithstanding the foregoing, the health plan shall not require the

insured to pay any such fee if such fee shall pose a hardship to the insured as determined by the plan.

(2) The health care plan may charge the insured's health care provider a fee of up to fifty dollars per external appeal, other than for an external appeal requested pursuant to paragraph two or three of subsection (d) of section four thousand nine hundred fourteen of this article; provided that, in the event the external appeal agent overturns the final adverse determination of the plan, such fee shall be refunded to the insured's health care provider.

(d) An enrollee covered under the Medicare or Medicaid program may appeal the denial of a health care service pursuant to the provisions of this title, provided, however, that any determination rendered concerning such denial pursuant to existing federal and state law relating to the Medicare or Medicaid program or pursuant to federal law enacted subsequent to the effective date of this title and providing for an external appeal process for such denial shall be binding on the enrollee and the insurer and shall supersede any determinations rendered pursuant to this title.

§ 4911. Powers of the superintendent. (a) The superintendent shall have the power to grant and revoke certifications of external appeal agents to conduct external appeals requested pursuant to paragraph one or two of subsection (b) of section four thousand nine hundred ten of this title or pursuant to both such paragraphs.

(b) If, after reviewing the application authorized by section four thousand nine hundred twelve of this title, the superintendent is satisfied that the applicant meets the requirements of this section, the superintendent shall issue a certificate to the applicant. A certificate issued under this section shall be valid for a period of not more than two years.

(c) In order to be re-certified, an external appeal agent must demonstrate to the superintendent on forms prescribed by the superintendent that it continues to meet all applicable standards required by this title. Re-certification under this section shall be valid for a period of not more than two years.

§ 4912. Standards for certification. (a) The superintendent shall develop an application for certification. At a minimum, applicants shall provide:

(1) a description of the qualifications of the clinical peer reviewers retained to conduct external appeals of final adverse determinations including such reviewers' current and past employment history and practice affiliations;

(2) a description of the procedures employed to ensure that clinical peer reviewers conducting external appeals are:

(i) appropriately licensed, registered or certified;

(ii) trained in the principles, procedures and standards of the external appeal agent; and

(iii) knowledgeable about the health care service which is the subject of the final adverse determination under appeal;

(3) a description of the methods of recruiting and selecting impartial clinical peer reviewers and matching such reviewers to specific cases;

(4) the number of clinical peer reviewers retained by the external appeal agent, and a description of the areas of expertise available from such reviewers and the types of cases such reviewers are qualified to review;

(5) a description of the policies and procedures employed to protect the confidentiality of individual medical and treatment records in accordance with applicable state and federal laws;

(6) a description of the quality assurance program established by the external appeal agent pursuant to paragraph three of subsection (b) of this section;

(7) the names of all corporations and organizations owned or controlled by the external appeal agent, or which owns or controls such agent, and the nature and extent of any such ownership or control;

(8) the names and biographies of all directors, officers, and executives of the external appeal agent;

(9) an experimental and investigational treatment review plan to conduct appeals pursuant to subparagraph (B) of paragraph four of subsection (b) of section four thousand nine hundred fourteen of this title; and

(10) a description of the fees to be charged by agents for external

appeals.

(b) The superintendent shall, at a minimum, require an external appeal agent to:

(1) appoint a medical director, who is a physician in possession of a current and valid non-restricted license to practice medicine. Such director shall be responsible for the supervision and oversight of the external appeal process;

(2) develop written policies and procedures governing all aspects of the appeal process, including, at a minimum:

(i) procedures to ensure that appeals are conducted within the time frames specified in section four thousand nine hundred fourteen of this title, and any required notices are provided in a timely manner;

(ii) procedures to ensure the selection of qualified and impartial clinical peer reviewers. Such reviewers shall be qualified to render and impartial determinations relating to the health care service which is the subject of the final adverse determination under appeal;

(iii) procedures to ensure the confidentiality of medical and treatment records and review materials; and

(iv) procedures to ensure adherence to the requirements of this title by any contractor, subcontractor, subvendor, agent or employee affiliated by contract or otherwise with such external appeal agent;

(3) establish a quality assurance program. Such program shall include written descriptions, to be provided to all individuals involved in such program, of the organizational arrangements and ongoing procedures for the identification, evaluation, resolution and follow-up of potential and actual problems in external appeals performed by the external appeal agent and to ensure the maintenance of program standards pursuant to this section;

(4) establish a toll-free telephone service to receive information on a 24-hour-a-day 7-day-a-week basis relating to external appeals pursuant to this title. Such system shall be capable of accepting, recording or providing instruction to incoming telephone calls during other than normal business hours;

(5) develop procedures to ensure that:

(i) appropriate personnel are reasonably accessible not less than forty hours per week during normal business hours to discuss patient care and to allow response to telephone requests, and

(ii) response to accepted or recorded messages shall be made not less than one business day after the date on which the call was received; and

(6) be accredited by a nationally recognized private accrediting organization.

(c) No entity shall be qualified to submit such request for application if it owns or controls, is owned or controlled by, or exercises common control with, any of the following:

(1) any national, state or local illness, health benefit or public advocacy group;

(2) any national, state or local society or association of hospitals, physicians, or other providers of health care services; or

(3) any national, state or local association of health care plans.

(d) A health care plan shall transmit, and an external appeal agent shall be authorized to receive and review, an insured's medical and treatment records in order to conduct an external appeal pursuant to this title.

(e) An external appeal agent shall provide ready access to the superintendent to all data, records, and information collected and maintained concerning such agent's external appeal activities.

(f) An external appeal agent shall agree to provide the superintendent such data, information, and reports as the superintendent determines necessary to evaluate the external appeal process established pursuant to this title.

(g) The superintendent shall provide, upon the request of any interested person, a copy of all non-proprietary information filed with the superintendent by the external appeal agent. The superintendent may charge a reasonable fee to the interested person for reproducing the requested information.

§ 4913. Conflict of interest. (a) No external appeal agent or officer, director, or management employee thereof; or clinical peer reviewer employed or engaged thereby to conduct any external appeal pursuant to this title, shall have any material professional affiliation, material familial affiliation, material financial affiliation, or other affiliation prescribed pursuant to regulation, with any of the following:

(1) the health care plan;

(2) any officer, director, or management employee of the health care plan;

(3) any health care provider, physician's medical group, independent practice association, or provider of pharmaceutical products or services or durable medical equipment, proposing to provide or supply the health service;

(4) the facility at which the health service would be provided;

(5) the developer or manufacturer of the principal health service which is the subject of the appeal; or

(6) the insured whose health care service is the subject of the appeal, or the insured's designee.

(b) Notwithstanding subsection (a) of this section, the superintendent shall promulgate regulations to minimize any conflict of interest where such conflict may be unavoidable.

§ 4914. Procedures for external appeals of adverse determinations. (a) The superintendent shall establish procedures by regulation to randomly assign an external appeal agent to conduct an external appeal, provided that the superintendent may establish a maximum fee which may be charged for any such external appeal, or the superintendent may exclude from such random assignment any external appeal agent which charges a fee which he deems to be unreasonable.

(b) (1) The insured shall have four months to initiate an external appeal after the insured receives notice from the health care plan, or such plan's utilization review agent if applicable, of a final adverse determination or denial, or after both the plan and the insured have jointly agreed to waive any internal appeal, or after the insured is deemed to have exhausted or is not required to complete any internal appeal pursuant to section 2719 of the Public Health Service Act, 42 U.S.C. § 300gg-19. Where applicable, the insured's health care provider shall have sixty days to initiate an external appeal after the insured or the insured's health care provider, as applicable, receives notice from the health care plan, or such plan's utilization review agent if applicable, of a final adverse determination or denial or after both the plan and the insured have jointly agreed to waive any internal appeal.

Such request shall be in writing in accordance with the instructions and in such form prescribed by subsection (e) of this section. The insured, and the insured's health care provider where applicable, shall have the opportunity to submit additional documentation with respect to such appeal to the external appeal agent within the applicable time period above; provided however that when such documentation represents a material change from the documentation upon which the utilization review agent based its adverse determination or upon which the health plan based its denial, the health plan shall have three business days to consider such documentation and amend or confirm such adverse determination.

(2) The external appeal agent shall make a determination with regard to the appeal within thirty days of the receipt of the request therefor, submitted in accordance with the superintendent's instructions. The external appeal agent shall have the opportunity to request additional information from the insured, the insured's health care provider and the insured's health care plan within such thirty-day period, in which case the agent shall have up to five additional business days if necessary to make such determination. The external appeal agent shall notify the insured, the insured's health care provider where appropriate, and the health care plan, in writing, of the appeal determination within two business days of the rendering of such determination.

(3) Notwithstanding the provisions of paragraphs one and two of this subsection, if the insured's attending physician states that a delay in providing the health care service would pose an imminent or serious threat to the health of the insured, or if the insured is entitled to an expedited external appeal pursuant to section 2719 of the Public Health Service Act, 42 U.S.C. § 300gg-19, the external appeal shall be completed within no more than seventy-two hours of the request therefor and the external appeal agent shall make every reasonable attempt to immediately notify the insured, the insured's health care provider where appropriate, and the health plan of its determination by telephone or facsimile, followed immediately by written notification of such determination.

(4) (A) For external appeals requested pursuant to paragraph one of subsection (b) of section four thousand nine hundred ten of this title, the external appeal agent shall review the utilization review agent's

final adverse determination and, in accordance with the provisions of this title, shall make a determination as to whether the health care plan acted reasonably and with sound medical judgment and in the best interest of the patient. When the external appeal agent makes its determination, it shall consider the clinical standards of the plan, the information provided concerning the patient, the attending physician's recommendation, applicable and generally accepted practice guidelines developed by the federal government, national or professional medical societies, boards and associations. Provided that such determination shall:

(i) be conducted only by one or a greater odd number of clinical peer reviewers,

(ii) be accompanied by a notice of appeal determination which shall include the reasons for the determination; provided, however, that where the final adverse determination is upheld on appeal, the notice shall include the clinical rationale, if any, for such determination,

(iii) be subject to the terms and conditions generally applicable to benefits under the evidence of coverage under the health care plan,

(iv) be binding on the plan and the insured, and

(v) be admissible in any court proceeding.

(B) For external appeals requested pursuant to paragraph two of subsection (b) of section four thousand nine hundred ten of this title, the external appeal agent shall review the proposed health service or procedure for which coverage has been denied and, in accordance with the provisions of this title and the external agent's investigational treatment review plan, make a determination as to whether the patient costs of such health service or procedure shall be covered by the health care plan; provided that such determination shall:

(i) be conducted by a panel of three or a greater odd number of clinical peer reviewers,

(ii) be accompanied by a written statement:

(a) that the patient costs of the proposed health service or procedure shall be covered by the health care plan either: when a majority of the panel of reviewers determines, based upon review of the applicable medical and scientific evidence and, in connection with rare diseases, the physician's certification required by subsection (g-7) of section four thousand nine hundred of this article and such other evidence as

the insured, the insured's designee or the insured's attending physician may present (or upon confirmation that the recommended treatment is a clinical trial), the insured's medical record, and any other pertinent information, that the proposed health service or treatment (including a pharmaceutical product within the meaning of subparagraph (B) of paragraph two of subsection (e) of section four thousand nine hundred of this article) is likely to be more beneficial than any standard treatment or treatments for the insured's condition or disease or, for rare diseases, that the requested health service or procedure is likely to benefit the insured in the treatment of the insured's rare disease and that such benefit to the insured outweighs the risks of such health service or procedure (or, in the case of a clinical trial, is likely to benefit the insured in the treatment of the insured's condition or disease); or when a reviewing panel is evenly divided as to a determination concerning coverage of the health service or procedure, or

(b) upholding the health plan's denial of coverage;

(iii) be subject to the terms and conditions generally applicable to benefits under the evidence of coverage under the health care plan,

(iv) be binding on the plan and the insured, and

(v) be admissable in any court proceeding.

As used in this subparagraph (B) with respect to a clinical trial, patient costs shall include all costs of health services required to provide treatment to the insured according to the design of the trial. Such costs shall not include the costs of any investigational drugs or devices themselves, the cost of any nonhealth services that might be required for the insured to receive the treatment, the costs of managing the research, or costs which would not be covered under the policy for noninvestigational treatments.

(C) For external appeals requested pursuant to paragraph three of subsection b of section four thousand nine hundred ten of this title relating to an out-of-network denial, the external appeal agent shall review the utilization review agent's final adverse determination and, in accordance with the provisions of this title, shall make a determination as to whether the out-of-network health service shall be covered by the health plan.

(i) The external appeal agent shall assign one clinical peer reviewer

to make a determination as to whether the out-of-network health service is materially different from the alternate recommended in-network health service.

(ii) If a determination is made that the out-of-network health service is not materially different from the alternate recommended in-network health service, the out-of-network health service shall not be covered by the health plan.

(iii) If a determination is made that the out-of-network health service is materially different from the alternate recommended in-network health service, the external appeal agent shall assign a panel with an additional two or a greater odd number of clinical peer reviewers, which shall make a determination as to whether the out-of-network health service shall be covered by the health plan; provided that such determination shall:

(I) be accompanied by a written statement:

(1) that the out-of-network health service shall be covered by the health care plan either: when a majority of the panel of reviewers determines, upon review of the treatment requested by the insured, the alternate recommended health service proposed by the plan, the clinical standards of the plan, the information provided concerning the insured, the attending physician's recommendation, the applicable medical and scientific evidence, the insured's medical record, and any other pertinent information that the out-of-network health service is likely to be more clinically beneficial than the alternate recommended in-network health service and the adverse risk of the requested health service would likely not be substantially increased over the in-network health service; or

(2) uphold the health plan's denial of coverage;

(II) be subject to the terms and conditions generally applicable to benefits under the evidence of coverage under the health care plan;

(III) be binding on the plan and the insured; and

(IV) be admissible in any court proceeding.

(D) For external appeals requested pursuant to paragraph four of subsection (b) of section four thousand nine hundred ten of this title relating to an out-of-network referral denial, the external appeal agent shall review the utilization review agent's final adverse determination and, in accordance with the provisions of this title, shall make a

determination as to whether the out-of-network referral shall be covered by the health plan; provided that such determination shall:

(i) be conducted only by one or a greater odd number of clinical peer reviewers;

(ii) be accompanied by a written statement:

(I) that the out-of-network referral shall be covered by the health care plan either when the reviewer or a majority of the panel of reviewers determines, upon review of the training and experience of the in-network health care provider or providers proposed by the plan, the training and experience of the requested out-of-network provider, the clinical standards of the plan, the information provided concerning the insured, the attending physician's recommendation, the insured's medical record, and any other pertinent information, that the health plan does not have a provider with the appropriate training and experience to meet the particular health care needs of an insured who is able to provide the requested health service, and that the out-of-network provider has the appropriate training and experience to meet the particular health care needs of an insured, is able to provide the requested health service, and is likely to produce a more clinically beneficial outcome; or

(II) upholding the health plan's denial of coverage;

(iii) be subject to the terms and conditions generally applicable to benefits under the evidence of coverage under the health care plan;

(iv) be binding on the plan and the insured; and

(v) be admissible in any court proceeding.

(c) No external appeal agent or clinical peer reviewer conducting an external appeal shall be liable in damages to any person for any opinions rendered by such external appeal agent or clinical peer reviewer upon completion of an external appeal conducted pursuant to this section, unless such opinion was rendered in bad faith or involved gross negligence.

(d) (1) Except as provided in paragraphs two and three of this subsection, payment for an external appeal shall be the responsibility of the health care plan. The health care plan shall make payment to the external appeal agent within forty-five days, from the date the appeal determination is received by the health care plan, and the health care plan shall be obligated to pay such amount together with interest

thereon calculated at a rate which is the greater of the rate set by the commissioner of taxation and finance for corporate taxes pursuant to paragraph one of subsection (e) of section one thousand ninety-six of the tax law or twelve percent per annum, to be computed from the date the bill was required to be paid, in the event that payment is not made within such forty-five days.

(2) If an insured's health care provider requests an external appeal of a concurrent adverse determination and the external appeal agent upholds the health care plan's determination in whole, payment for the external appeal shall be made by the health care provider in the manner and subject to the timeframes and requirements set forth in paragraph one of this subsection.

(3) If an insured's health care provider requests an external appeal of a concurrent adverse determination and the external appeal agent upholds the health care plan's determination in part, payment for the external appeal shall be evenly divided between the health care plan and the insured's health care provider who requested the external appeal and shall be made by the health care plan and the insured's health care provider in the manner and subject to the timeframes and requirements set forth in paragraph one of this subsection; provided, however, that the superintendent may, upon a determination that health care plans or health care providers are experiencing a substantial hardship as a result of payment for the external appeal when the external appeal agent upholds the health care plan's determination in part, in consultation with the commissioner of health, promulgate regulations to limit such hardship.

(4) If an insured's health care provider was acting as the insured's designee, payment for the external appeal shall be made by the health care plan. The external appeal and any designation shall be submitted on a standard form developed by the superintendent in consultation with the commissioner of health pursuant to subsection (e) of this section. The superintendent shall have the authority upon receipt of an external appeal to confirm the designation or request other information as necessary, in which case the superintendent shall make at least two written requests to the insured to confirm the designation. The insured shall have two weeks to respond to each such request. If the insured fails to respond to the superintendent within the specified timeframe,

the superintendent shall make two written requests to the health care provider to file an external appeal on his or her own behalf. The health care provider shall have two weeks to respond to each such request. If the health care provider does not respond to the superintendent's requests within the specified timeframe, the superintendent shall reject the appeal. If the health care provider responds to the superintendent's requests, payment for the external appeal shall be made in accordance with paragraphs two and three of this subsection.

(e) The superintendent, in consultation with the commissioner of health, shall promulgate by regulation a standard description of the external appeal process established under this section, which shall provide a standard form and instructions for the initiation of an external appeal by an insured.

§ 4915. Prohibited practices. An external appeal agent shall not, with respect to external appeal activities, permit or provide compensation or anything of value to its employees, agents, or contractors based on:

(a) either a percentage of the amount by which a claim is reduced for payment or the number of claims or the cost of services for which the person has denied authorization or payment; or

(b) any other method that encourages the upholding of an adverse determination.

§ 4916. Oversight and surveillance of the external appeal process. (a) The superintendent shall have the power to:

(1) review the activities of the health care plans and external appeal agents pursuant to this title, including the extent to which such plans and agents adhere to the standards and time frames required pursuant to this title;

(2) investigate complaints by insureds regarding requests for and processing of external appeals; and

(3) conduct random audits of health care plans and external appeal agents to determine compliance with the provisions of this title.

(b) Each health care plan and external appeal agent shall annually, in such form as the superintendent shall require, report the number of

external appeals requested by insureds and the outcomes of any such external appeals.

(c) The superintendent shall annually report, by plan and by agent, such information to the governor and the legislature, provided that no such information shall be included which would otherwise be deemed confidential information within the meaning of this chapter.

§ 4917. Hold harmless. A health care provider requesting an external appeal of a concurrent adverse determination, including when the health care provider requests an external appeal as the insured's designee, shall not pursue reimbursement from the insured for services determined not medically necessary by the external appeal agent, except to collect a copayment, coinsurance or deductible.

ARTICLE 51

COMPREHENSIVE MOTOR VEHICLE INSURANCE REPARATIONS

Section 5101. Title.
5102. Definitions.
5103. Entitlement to first party benefits; additional financial security required.
5104. Causes of action for personal injury.
5105. Settlement between insurers.
5106. Fair claims settlement.
5107. Coverage for non-resident motorists.
5108. Limit on charges by providers of health services.
5109. Unauthorized providers of health services.

§ 5101. Title. This article shall be known and may be cited as the "Comprehensive Motor Vehicle Insurance Reparations Act".

§ 5102. Definitions. In this chapter:

(a) "Basic economic loss" means, up to fifty thousand dollars per person of the following combined items, subject to the limitations of

section five thousand one hundred eight of this article:

(1) All necessary expenses incurred for: (i) medical, hospital (including services rendered in compliance with article forty-one of the public health law, whether or not such services are rendered directly by a hospital), surgical, nursing, dental, ambulance, x-ray, prescription drug and prosthetic services; (ii) psychiatric, physical therapy (provided that treatment is rendered pursuant to a referral) and occupational therapy and rehabilitation (provided that treatment is rendered pursuant to a referral); (iii) any non-medical remedial care and treatment rendered in accordance with a religious method of healing recognized by the laws of this state; and (iv) any other professional health services; all without limitation as to time, provided that within one year after the date of the accident causing the injury it is ascertainable that further expenses may be incurred as a result of the injury. For the purpose of determining basic economic loss, the expenses incurred under this paragraph shall be in accordance with the limitations of section five thousand one hundred eight of this article.

(2) Loss of earnings from work which the person would have performed had he not been injured, and reasonable and necessary expenses incurred by such person in obtaining services in lieu of those that he would have performed for income, up to two thousand dollars per month for not more than three years from the date of the accident causing the injury. An employee who is entitled to receive monetary payments, pursuant to statute or contract with the employer, or who receives voluntary monetary benefits paid for by the employer, by reason of the employee's inability to work because of personal injury arising out of the use or operation of a motor vehicle, is not entitled to receive first party benefits for "loss of earnings from work" to the extent that such monetary payments or benefits from the employer do not result in the employee suffering a reduction in income or a reduction in the employee's level of future benefits arising from a subsequent illness or injury.

(3) All other reasonable and necessary expenses incurred, up to twenty-five dollars per day for not more than one year from the date of the accident causing the injury.

(4) "Basic economic loss" shall not include any loss incurred on account of death; subject, however, to the provisions of paragraph four

of subsection (a) of section five thousand one hundred three of this article.

(5) "Basic economic loss" shall also include an additional option to purchase, for an additional premium, an additional twenty-five thousand dollars of coverage which the insured or his legal representative may specify will be applied to loss of earnings from work and/or psychiatric, physical or occupational therapy and rehabilitation after the initial fifty thousand dollars of basic economic loss has been exhausted. This optional additional coverage shall be made available and notice with explanation of such coverage shall be provided by an insurer at the first policy renewal after the effective date of this paragraph, or at the time of application.

(b) "First party benefits" means payments to reimburse a person for basic economic loss on account of personal injury arising out of the use or operation of a motor vehicle, less:

(1) Twenty percent of lost earnings computed pursuant to paragraph two of subsection (a) of this section.

(2) Amounts recovered or recoverable on account of such injury under state or federal laws providing social security disability benefits, or workers' compensation benefits, or disability benefits under article nine of the workers' compensation law, or medicare benefits, other than lifetime reserve days and provided further that the medicare benefits utilized herein do not result in a reduction of such person's medicare benefits for a subsequent illness or injury.

(3) Amounts deductible under the applicable insurance policy.

(c) "Non-economic loss" means pain and suffering and similar non-monetary detriment.

(d) "Serious injury" means a personal injury which results in death; dismemberment; significant disfigurement; a fracture; loss of a fetus; permanent loss of use of a body organ, member, function or system; permanent consequential limitation of use of a body organ or member; or significant limitation of use of a body function or system.

(e) "Owner" means an owner as defined in section one hundred twenty-eight of the vehicle and traffic law.

(f) "Motor vehicle" means a motor vehicle as defined in section three hundred eleven of the vehicle and traffic law and also includes fire and police vehicles. It shall not include any motor vehicle not required to

carry financial security pursuant to article six, eight or forty-eight-A of the vehicle and traffic law or a motorcycle, as defined in subsection (m) hereof.

(g) "Insurer" means the insurance company or self-insurer, as the case may be, which provides the financial security required by article six, eight, or forty-four-B of the vehicle and traffic law.

(h) "Member of his household" means a spouse, child or relative of the named insured who regularly resides in his household.

(i) "Uninsured motor vehicle" means a motor vehicle, the owner of which is (i) a financially irresponsible motorist as defined in subsection (j) of section five thousand two hundred two of this chapter or (ii) unknown and whose identity is unascertainable.

(j) "Covered person" means any pedestrian injured through the use or operation of, or any owner, operator or occupant of, a motor vehicle which has in effect the financial security required by article six or eight of the vehicle and traffic law or which is referred to in subdivision two of section three hundred twenty-one of such law; or any other person entitled to first party benefits.

(k) "Bus" means both a bus and a school bus as defined in sections one hundred four and one hundred forty-two of the vehicle and traffic law.

(l) "Compensation provider" means the state insurance fund, or the person, association, corporation or insurance carrier or statutory fund liable under state or federal laws for the payment of workers' compensation benefits or disability benefits under article nine of the workers' compensation law.

(m) "Motorcycle" means any motorcycle, as defined in section one hundred twenty-three of the vehicle and traffic law, and which is required to carry financial security pursuant to article six, eight or forty-eight-A of the vehicle and traffic law.

§ 5103. Entitlement to first party benefits; additional financial security required. (a) Every owner's policy of liability insurance issued on a motor vehicle in satisfaction of the requirements of article six or eight of the vehicle and traffic law shall also provide for; every owner who maintains another form of financial security on a motor vehicle in satisfaction of the requirements of such articles shall be

liable for; and every owner of a motor vehicle required to be subject to the provisions of this article by subdivision two of section three hundred twenty-one of the vehicle and traffic law shall be liable for; the payment of first party benefits to:

(1) Persons, other than occupants of another motor vehicle or a motorcycle, for loss arising out of the use or operation in this state of such motor vehicle. In the case of occupants of a bus other than operators, owners, and employees of the owner or operator of the bus, the coverage for first party benefits shall be afforded under the policy or policies, if any, providing first party benefits to the injured person and members of his household for loss arising out of the use or operation of any motor vehicle of such household. In the event there is no such policy, first party benefits shall be provided by the insurer of such bus.

(2) The named insured and members of his household, other than occupants of a motorcycle, for loss arising out of the use or operation of (i) an uninsured motor vehicle or motorcycle, within the United States, its territories or possessions, or Canada; and (ii) an insured motor vehicle or motorcycle outside of this state and within the United States, its territories or possessions, or Canada.

(3) Any New York resident who is neither the owner of a motor vehicle with respect to which coverage for first party benefits is required by this article nor, as a member of a household, is entitled to first party benefits under paragraph two of this subsection, for loss arising out of the use or operation of the insured or self-insured motor vehicle outside of this state and within the United States, its territories or possessions, or Canada.

(4) The estate of any covered person, other than an occupant of another motor vehicle or a motorcycle, a death benefit in the amount of two thousand dollars for the death of such person arising out of the use or operation of such motor vehicle which is in addition to any first party benefits for basic economic loss.

(b) An insurer may exclude from coverage required by subsection (a) hereof a person who:

(1) Intentionally causes his own injury.

(2) Is injured as a result of operating a motor vehicle while in an intoxicated condition or while his ability to operate such vehicle is

impaired by the use of a drug within the meaning of section eleven hundred ninety-two of the vehicle and traffic law; provided, however, that an insurer shall not exclude such person from coverage with respect to necessary emergency health services rendered in a general hospital, as defined in subdivision ten of section two thousand eight hundred one of the public health law, including ambulance services attendant thereto and related medical screening. Notwithstanding any other law, where the covered person is found to have violated section eleven hundred ninety-two of the vehicle and traffic law, the insurer has a cause of action for the amount of first party benefits paid or payable on behalf of such covered person against such covered person.

(3) Is injured while he is: (i) committing an act which would constitute a felony, or seeking to avoid lawful apprehension or arrest by a law enforcement officer, or (ii) operating a motor vehicle in a race or speed test, or (iii) operating or occupying a motor vehicle known to him to be stolen, or (iv) operating or occupying any motor vehicle owned by such injured person with respect to which the coverage required by subsection (a) hereof is not in effect, or (v) a pedestrian, through being struck by any motor vehicle owned by such injured pedestrian with respect to which the coverage required by subsection (a) hereof is not in effect, or (vi) repairing, servicing or otherwise maintaining a motor vehicle if such conduct is within the course of a business of repairing, servicing or otherwise maintaining a motor vehicle and the injury occurs on the business premises.

(4) Is injured while a motor vehicle is being used or operated by a TNC driver pursuant to article forty-four-B of the vehicle and traffic law, provided, however, that only the insurer issuing the owner's policy of liability insurance providing coverage for the motor vehicle being operated by a TNC driver may exclude such coverage and an insurer may not include this exclusion in a policy used to satisfy the requirements under article forty-four-B of the vehicle and traffic law.

5. Is injured while a motor vehicle is being used or operated by a shared vehicle driver pursuant to article forty of the general business law, provided, however, that only the insurer issuing the owner's policy of liability insurance providing coverage for the motor vehicle being used or operated by a shared vehicle driver may exclude such coverage

and an insurer may not include this exclusion in a policy used to satisfy the requirements of article forty of the general business law.

(c) Insurance offered by any company to satisfy the requirements of subsection (a) hereof shall be offered (i) without a deductible and (ii) with a family deductible of up to two hundred dollars (which deductible shall apply only to the loss of the named insured and members of his household). The superintendent may approve a higher deductible in the case of insurance policies providing additional benefits or pursuant to a plan designed and implemented to coordinate first party benefits with other benefits.

(d) Insurance policy forms for insurance to satisfy the requirements of subsection (a) hereof shall be subject to approval pursuant to article twenty-three of this chapter. Minimum benefit standards for such policies and for self-insurers, and rights of subrogation, examination and other such matters, shall be established by regulation pursuant to section three hundred one of this chapter.

(e) Every owner's policy of liability insurance issued in satisfaction of article six or eight of the vehicle and traffic law shall also provide, when a motor vehicle covered by such policy is used or operated in any other state or in any Canadian province, insurance coverage for such motor vehicle at least in the minimum amount required by the laws of that state or province.

(f) Every owner's policy of liability insurance issued on a motorcycle or an all terrain vehicle in satisfaction of the requirements of article six or eight of the vehicle and traffic law or section twenty-four hundred seven of such law shall also provide for; every owner who maintains another form of financial security on a motorcycle or an all terrain vehicle in satisfaction of the requirements of such articles or section shall be liable for; and every owner of a motorcycle or an all terrain vehicle required to be subject to the provisions of this article by subdivision two of section three hundred twenty-one of such law shall be liable for; the payment of first party benefits to persons, other than the occupants of such motorcycle or all terrain vehicle, another motorcycle or all terrain vehicle, or any motor vehicle, for loss arising out of the use or operation of the motorcycle or all terrain vehicle within this state. Every insurer and self-insurer may exclude from the coverage required by this subsection a person who intentionally

causes his own injury or is injured while committing an act which would constitute a felony or while seeking to avoid lawful apprehension or arrest by a law enforcement officer.

(g) A company authorized to provide the insurance specified in paragraph three of subsection (a) of section one thousand one hundred thirteen of this chapter or a corporation organized pursuant to article forty-three of this chapter may, individually or jointly, with the approval of the superintendent upon a showing that the company or corporation is qualified to provide for all of the items of basic economic loss specified in paragraph one of subsection (a) of section five thousand one hundred two of this article, provide coverage for such items of basic economic loss to the extent that an insurer would be required to provide under this article. Where a policyholder elects to be covered under such an arrangement the insurer providing coverage for the automobile shall be furnished with the names of all persons covered by the company or corporation under the arrangement and such persons shall not be entitled to benefits for any of the items of basic economic loss specified in such paragraph. The premium for the automobile insurance policy shall be appropriately reduced to reflect the elimination of coverage for such items of basic economic loss. Coverage by the automobile insurer of such eliminated items shall be effected or restored upon request by the insured and payment of the premium for such coverage. All companies and corporations providing coverage for items of basic economic loss pursuant to the authorization of this subsection shall have only those rights and obligations which are applicable to an insurer subject to this article.

(h) Any policy of insurance obtained to satisfy the financial security requirements of article six or eight of the vehicle and traffic law which does not contain provisions complying with the requirements of this article, shall be construed as if such provisions were embodied therein.

§ 5104. Causes of action for personal injury. (a) Notwithstanding any other law, in any action by or on behalf of a covered person against another covered person for personal injuries arising out of negligence in the use or operation of a motor vehicle in this state, there shall be

no right of recovery for non-economic loss, except in the case of a serious injury, or for basic economic loss. The owner, operator or occupant of a motorcycle which has in effect the financial security required by article six or eight of the vehicle and traffic law, or which is referred to in subdivision two of section three hundred twenty-one of such law, shall not be subject to an action by or on behalf of a covered person for recovery for non-economic loss, except in the case of a serious injury, or for basic economic loss. No liability for non-economic loss shall be fixed unless and until the trier of fact has determined the existence of a serious injury. In any action to recover non-economic loss pursuant to this article, the trier of fact shall not determine the question of whether an injury is a serious injury until the trier of fact has determined the party or parties at fault.

(b) In any action by or on behalf of a covered person, against a non-covered person, where damages for personal injuries arising out of the use or operation of a motor vehicle or a motorcycle may be recovered, an insurer which paid or is liable for first party benefits on account of such injuries has a lien against any recovery to the extent of benefits paid or payable by it to the covered person. No such action may be compromised by the covered person except with the written consent of the insurer, or with the approval of the court, or where the amount of such settlement exceeds fifty thousand dollars. The failure of such person to commence such action within two years after accrual gives the insurer a cause of action for the amount of first party benefits paid or payable against any person who may be liable to the covered person for his personal injuries. The insurer's cause of action shall be in addition to the cause of action of the covered person except that in any action subsequently commenced by the covered person for such injuries, the amount of his basic economic loss shall not be recoverable.

(c) Where there is no right of recovery for basic economic loss, such loss may nevertheless be pleaded and proved to the extent that it is relevant to the proof of non-economic loss.

(d) Notwithstanding the foregoing, and other than in an action for damages for injuries resulting in death, recovery for non-economic loss shall be limited to one hundred thousand dollars in the case of a serious injury in any action by or on behalf of an injured person who is

at fault, is not barred from recovery by section fourteen hundred eleven of the civil practice law and rules, and was (1) operating an uninsured motor vehicle and responsible under article six of the vehicle and traffic law for insuring such motor vehicle, except if a lapse in motor vehicle insurance coverage occurs for a period of time less than thirty days; (2) operating a motor vehicle while impaired at the time of the accident and convicted of such; or (3) operating a motor vehicle in the commission of a felony, or immediate flight therefrom, at the time of the accident and has been convicted of such felony.

§ 5105. Settlement between insurers. (a) Any insurer liable for the payment of first party benefits to or on behalf of a covered person and any compensation provider paying benefits in lieu of first party benefits which another insurer would otherwise be obligated to pay pursuant to subsection (a) of section five thousand one hundred three of this article or section five thousand two hundred twenty-one of this chapter has the right to recover the amount paid from the insurer of any other covered person to the extent that such other covered person would have been liable, but for the provisions of this article, to pay damages in an action at law. In any case, the right to recover exists only if at least one of the motor vehicles involved is a motor vehicle weighing more than six thousand five hundred pounds unloaded or is a motor vehicle used principally for the transportation of persons or property for hire. However, in the case of occupants of a bus other than operators, owners, and employees of the owner or operator of the bus, an insurer which, pursuant to paragraph one of subsection (a) of section five thousand one hundred three of this article, provides coverage for first party benefits for such occupants under a policy providing first party benefits to the injured person and members of his household for loss arising out of the use or operation of any vehicle of such household, shall have no right to recover the amount of such benefits from the insurer of such bus.

(b) The sole remedy of any insurer or compensation provider to recover on a claim arising pursuant to subsection (a) hereof, shall be the submission of the controversy to mandatory arbitration pursuant to procedures promulgated or approved by the superintendent. Such

procedures shall also be utilized to resolve all disputes arising between insurers concerning their responsibility for the payment of first party benefits.

(c) The liability of an insurer imposed by this section shall not affect or diminish its obligations under any policy of bodily injury liability insurance.

§ 5106. Fair claims settlement. (a) Payments of first party benefits and additional first party benefits shall be made as the loss is incurred. Such benefits are overdue if not paid within thirty days after the claimant supplies proof of the fact and amount of loss sustained. If proof is not supplied as to the entire claim, the amount which is supported by proof is overdue if not paid within thirty days after such proof is supplied. All overdue payments shall bear interest at the rate of two percent per month. If a valid claim or portion was overdue, the claimant shall also be entitled to recover his attorney's reasonable fee, for services necessarily performed in connection with securing payment of the overdue claim, subject to limitations promulgated by the superintendent in regulations.

(b) Every insurer shall provide a claimant with the option of submitting any dispute involving the insurer's liability to pay first party benefits, or additional first party benefits, the amount thereof or any other matter which may arise pursuant to subsection (a) of this section to arbitration pursuant to simplified procedures to be promulgated or approved by the superintendent. Such simplified procedures shall include an expedited eligibility hearing option, when required, to designate the insurer for first party benefits pursuant to subsection (d) of this section. The expedited eligibility hearing option shall be a forum for eligibility disputes only, and shall not include the submission of any particular bill, payment or claim for any specific benefit for adjudication, nor shall it consider any other defense to payment.

(c) An award by an arbitrator shall be binding except where vacated or modified by a master arbitrator in accordance with simplified procedures to be promulgated or approved by the superintendent. The grounds for vacating or modifying an arbitrator's award by a master arbitrator shall

not be limited to those grounds for review set forth in article seventy-five of the civil practice law and rules. The award of a master arbitrator shall be binding except for the grounds for review set forth in article seventy-five of the civil practice law and rules, and provided further that where the amount of such master arbitrator's award is five thousand dollars or greater, exclusive of interest and attorney's fees, the insurer or the claimant may institute a court action to adjudicate the dispute de novo.

(d) (1) Except as provided in paragraph two of this subsection, where there is reasonable belief more than one insurer would be the source of first party benefits, the insurers may agree among themselves, if there is a valid basis therefor, that one of them will accept and pay the claim initially. If there is no such agreement, then the first insurer to whom notice of claim is given shall be responsible for payment. Any such dispute shall be resolved in accordance with the arbitration procedures established pursuant to section five thousand one hundred five of this article and regulations as promulgated by the superintendent, and any insurer paying first-party benefits shall be reimbursed by other insurers for their proportionate share of the costs of the claim and the allocated expenses of processing the claim, in accordance with the provisions entitled "other coverage" contained in regulation and the provisions entitled "other sources of first-party benefits" contained in regulation. If there is no such insurer and the motor vehicle accident occurs in this state, then an applicant who is a qualified person as defined in article fifty-two of this chapter shall institute the claim against the motor vehicle accident indemnification corporation.

(2) A group policy issued pursuant to section three thousand four hundred fifty-five or three thousand four hundred fifty-eight of this chapter shall provide first party benefits when a dispute exists as to whether a driver was using or operating a motor vehicle in connection with a transportation network company or peer-to-peer car sharing program when loss, damage, injury, or death occurs. A transportation network company or peer-to-peer car sharing program administrator shall notify the insurer that issued the owner's policy of liability insurance of the dispute within ten business days of becoming aware that the dispute exists. When there is a dispute, the group insurer liable for

the payment of first party benefits under a group policy shall have the right to recover the amount paid from the driver's insurer or in the case of a peer-to-peer car sharing program, the shared vehicle owner's insurer to the extent that the driver would have been liable to pay damages in an action at law.

(e) With respect to an action for serious personal injury permissible under section five thousand one hundred four of this article, an award or decision of an arbitrator or master arbitrator or that is court rendered pursuant to subsection (c) of this section seeking no-fault reimbursement by or for medical providers, shall not be given collateral estoppel effect in any action or proceeding arising out of the same occurrence and shall not be admissible in any action or proceeding in actions seeking damages for bodily injuries, pain suffering, medical care and loss of wages as evidence of any facts.

§ 5107. Coverage for non-resident motorists. (a) Every insurer authorized to transact or transacting business in this state, or controlling or controlled by or under common control by or with such an insurer, which sells a policy providing motor vehicle liability insurance coverage or any similar coverage in any state or Canadian province, shall include in each such policy coverage to satisfy the financial security requirements of article six or eight of the vehicle and traffic law and to provide for the payment of first party benefits pursuant to subsection (a) of section five thousand one hundred three of this article when a motor vehicle covered by such policy is used or operated in this state.

(b) Every policy described in subsection (a) hereof shall be construed as having the coverage required by subsection (a) of section five thousand one hundred three of this article.

§ 5108. Limit on charges by providers of health services. (a) The charges for services specified in paragraph one of subsection (a) of section five thousand one hundred two of this article and any further health service charges which are incurred as a result of the injury and which are in excess of basic economic loss, shall not exceed the charges

permissible under the schedules prepared and established by the chairman of the workers' compensation board for industrial accidents, except where the insurer or arbitrator determines that unusual procedures or unique circumstances justify the excess charge.

(b) The superintendent, after consulting with the chairman of the workers' compensation board and the commissioner of health, shall promulgate rules and regulations implementing and coordinating the provisions of this article and the workers' compensation law with respect to charges for the professional health services specified in paragraph one of subsection (a) of section five thousand one hundred two of this article, including the establishment of schedules for all such services for which schedules have not been prepared and established by the chairman of the workers' compensation board.

(c) No provider of health services specified in paragraph one of subsection (a) of section five thousand one hundred two of this article may demand or request any payment in addition to the charges authorized pursuant to this section. Every insurer shall report to the commissioner of health any patterns of overcharging, excessive treatment or other improper actions by a health provider within thirty days after such insurer has knowledge of such pattern.

§ 5109. Unauthorized providers of health services. (a) The superintendent, in consultation with the commissioner of health and the commissioner of education, shall by regulation, promulgate standards and procedures for investigating and suspending or removing the authorization for providers of health services to demand or request payment for health services as specified in paragraph one of subsection (a) of section five thousand one hundred two of this article upon findings reached after investigation pursuant to this section. Such regulations shall ensure the same or greater due process provisions, including notice and opportunity to be heard, as those afforded physicians investigated under article two of the workers' compensation law and shall include provision for notice to all providers of health services of the provisions of this section and regulations promulgated thereunder at least ninety days in advance of the effective date of such regulations.

(b) The commissioner of health and the commissioner of education shall provide a list of the names of all providers of health services who the commissioner of health and the commissioner of education shall deem, after reasonable investigation, not authorized to demand or request any payment for medical services in connection with any claim under this article because such provider of health services:

(1) has been guilty of professional or other misconduct or incompetency in connection with medical services rendered under this article; or

(2) has exceeded the limits of his or her professional competence in rendering medical care under this article or has knowingly made a false statement or representation as to a material fact in any medical report made in connection with any claim under this article; or

(3) solicited, or has employed another to solicit for himself or herself or for another, professional treatment, examination or care of an injured person in connection with any claim under this article; or

(4) has refused to appear before, or to answer upon request of, the commissioner of health, the superintendent, or any duly authorized officer of the state, any legal question, or to produce any relevant information concerning his or her conduct in connection with rendering medical services under this article; or

(5) has engaged in patterns of billing for services which were not provided.

(c) Providers of health services shall refrain from subsequently treating for remuneration, as a private patient, any person seeking medical treatment under this article if such provider pursuant to this section has been prohibited from demanding or requesting any payment for medical services under this article. An injured claimant so treated or examined may raise this as a defense in any action by such provider for payment for treatment rendered at any time after such provider has been prohibited from demanding or requesting payment for medical services in connection with any claim under this article.

(d) The commissioner of health and the commissioner of education shall maintain and regularly update a database containing a list of providers of health services prohibited by this section from demanding or requesting any payment for health services connected to a claim under this article and shall make such information available to the public by

means of a website and by a toll free number.

(e) Nothing in this section shall be construed as limiting in any respect the powers and duties of the commissioner of health, commissioner of education or the superintendent to investigate instances of misconduct by a health care provider and, after a hearing and upon written notice to the provider, to temporarily prohibit a provider of health services under such investigation from demanding or requesting any payment for medical services under this article for up to ninety days from the date of such notice.

ARTICLE 52

MOTOR VEHICLE ACCIDENT INDEMNIFICATION CORPORATION

Section 5201. Title and purpose.
5202. Definitions.
5203. Motor vehicle accident indemnification corporation.
5204. Board of directors.
5205. Liability of directors and members.
5206. Powers of corporation.
5207. Assessments against members.
5208. Notice of claim.
5209. Investigation and defense of claims.
5210. Application for payment of judgment.
5211. Hearing on application for payment of judgment.
5212. Order for payment of judgment.
5213. Settlement of claims or actions.
5214. Default and consent judgments.
5215. Collusive judgments.
5216. Assignments of judgments to corporation.
5217. "Hit and run" causes of action.
5218. Procedure for "hit and run" cases.
5219. Disclaimer or denial of coverage cases.
5220. Notice of judgment to commissioner.
5221. "No-fault" benefits to qualified persons.
5222. Examination of corporation.
5224. Penalty for false statements.
5225. Exemption from taxation.

§ 5201. Title and purpose. (a) This article may be cited as the "motor vehicle accident indemnification corporation act".

(b) The legislature finds and declares that the motor vehicle financial security act in the vehicle and traffic law, which requires the owner of a motor vehicle to furnish proof of financial security as a condition to registration, fails to accomplish its full purpose of securing to innocent victims of motor vehicle accidents recompense for the injury and financial loss inflicted upon them, in that the act makes no provision for the payment of loss on account of injury to or death of persons who, through no fault of their own, were involved in motor vehicle accidents caused by:

(1) uninsured motor vehicles registered in a state other than New York,

(2) unidentified motor vehicles which leave the scene of the accident,

(3) motor vehicles registered in this state as to which at the time of the accident there was not in effect a policy of liability insurance,

(4) stolen motor vehicles,

(5) motor vehicles operated without the permission of the owner,

(6) insured motor vehicles where the insurer disclaims liability or denies coverage, and

(7) unregistered motor vehicles.

In addition, this article is intended to provide no-fault benefits for qualified persons for basic economic loss arising out of the use and operation in this state of an uninsured motor vehicle, as provided herein and in the comprehensive motor vehicle insurance reparations act. The legislature determines that it is a matter of grave concern that those persons are not recompensed for their injury and financial loss inflicted upon them and that the public interest can best be served by closing such gaps in the motor vehicle financial security act and the comprehensive motor vehicle insurance reparations act through the continued operation of the motor vehicle accident indemnification corporation.

§ 5202. Definitions. In this article:

(a) "Motor vehicle" means a motor vehicle as defined in section one hundred twenty-five of the vehicle and traffic law and also includes trailers, semi-trailers, motorcycles, tractors and snowmobiles as defined in subdivision three of section 21.05 of the parks, recreation and historic preservation law and shall exclude fire and police vehicles, self-propelled combines, self-propelled corn and hay harvesting machines and tractors used exclusively for agricultural purposes.

(b) "Qualified person" means (i) a resident of this state, other than an insured or the owner of an uninsured motor vehicle and his spouse when a passenger in such vehicle, or his legal representative, or (ii) a resident of another state, territory or federal district of the United States or province of the Dominion of Canada, or foreign country, in which recourse is afforded, to residents of this state, of substantially similar character to that provided for by this article, or his legal representative. It does not include any operator of or passenger on a snowmobile. In this subsection, "operator" means every person who operates or is in actual physical control of a snowmobile, whether or not it is under way.

(c) "Insured motor vehicle" means a motor vehicle as to which there is maintained proof of financial security as defined in subdivision three of section three hundred eleven of the vehicle and traffic law or section 25.13 of the parks, recreation and historic preservation law.

(d) "Uninsured motor vehicle" means a motor vehicle other than a motor vehicle described in subsection (c) hereof.

(e) "Insurer" means any company authorized by the superintendent to do any form of motor vehicle liability insurance business in this state.

(f) "Corporation" means the "motor vehicle accident indemnification corporation".

(g) "Board" means the board of directors of the corporation.

(h) "Member" means any insurer authorized to write motor vehicle liability insurance in this state and any self-insurer subject to section three hundred sixteen or three hundred seventy of the vehicle and traffic law.

(i) "Insured" means a person defined as an insured under the coverage required by subsection (f) of section three thousand four hundred twenty of this chapter.

(j) "Financially irresponsible motorist" means the owner, operator, or other person legally responsible for the operation of an uninsured motor vehicle involved in an accident resulting in personal injury or death who did not have in effect at the time of such accident either:

(1) a valid and collectible policy of bodily injury liability and property damage liability insurance or bond with applicable limits at least equal to those specified in section three hundred eleven of the vehicle and traffic law; or

(2) a certificate of self insurance issued by the department of motor vehicles pursuant to section three hundred sixteen of the vehicle and traffic law; or

(3) who has not otherwise complied with the provisions of section three hundred twelve of the vehicle and traffic law; or

(4) who does not have in effect at the time of such accident a valid and collectible policy of bodily injury liability and property damage liability insurance with applicable limits at least equal to those specified in section 25.13 of the parks, recreation and historic preservation law.

(k) "Commissioner" means the commissioner of motor vehicles.

(l) "Court" means the supreme court, the county court or the civil court of the city of New York, in the county where an action on the cause of action of the qualified person could properly be brought for trial.

§ 5203. Motor vehicle accident indemnification corporation. (a) The non-profit corporation known as the "motor vehicle accident indemnification corporation" shall be continued.

(b) Every insurer authorized to write motor vehicle liability insurance in this state, as a condition of its authorization, shall be and remain a member of the corporation.

(c) The corporation shall be obligated to provide the protection required by this article to a qualified person on account of a motor vehicle accident caused by owners or operators of motor vehicles occurring within the state.

§ 5204. Board of directors. (a) The board of directors of the corporation shall be composed of nine persons. Seven of such directors shall be representatives of motor vehicle liability insurers, shall serve without compensation and be elected from among the members of the corporation by the members of the corporation, each of which members shall have one vote. In addition, the superintendent shall appoint two directors as representing broad segments of the public; one such director shall be a duly licensed insurance agent or broker and one shall have no affiliation with insurers or insurance producers.

(b) Each director shall serve for a term of two years. At the expiration of the initial term their successors in office shall serve for terms as fixed in the by-laws of the corporation.

§ 5205. Liability of directors and members. (a) No director shall be individually liable for anything done or any liability incurred or assumed by virtue of this article and any such liability shall be collectible only from the corporation.

(b) No member shall be subject to any liability except for unpaid assessments.

§ 5206. Powers of corporation. The corporation shall have the power:

(a) To use a corporate seal, to contract, to sue and be sued, to adopt and amend by-laws and to exercise all powers necessary and convenient to accomplish the purposes of this article.

(b) To prescribe, subject to the approval of the superintendent, the policy or endorsement form to be issued by the members embodying the coverage required by subsection (f) of section three thousand four hundred twenty of this chapter.

(c) To provide for the investigation of any claim asserted by a qualified person against a financially irresponsible motorist.

(d) To settle and pay any claim or judgment asserted by a qualified person against a financially irresponsible motorist.

(e) To appear and defend, through attorneys representing the corporation, on behalf of the financially irresponsible motorist or on behalf of the corporation in any action brought against him or it as

provided in subsection (b) of section five thousand two hundred nine of this article.

(f) To levy and collect assessments against its members for any operating deficits of the corporation and for any funds required for its operation and to enforce payment by legal proceedings.

(g) To borrow for its corporate purposes, with or without security, and to pledge any of its assets as security for such loan. Notes or other evidences of indebtedness of the corporation are legal investments for domestic property/casualty insurance companies and may be carried as admitted assets.

(h) To pay expenses reasonably incurred by the corporation in the exercise of any of its powers.

§ 5207. Assessments against members. (a) If at any time in the opinion of the board, the corporation shall require funds for the operation of its business, the board shall levy an assessment against the members of the corporation.

(b) Each member shall be liable to the corporation for that portion of the assessment which the net direct written premiums written by the member, namely the gross direct written premiums less return premiums on such direct business, for policies insuring against legal liability arising out of the ownership, operation or maintenance of motor vehicles which are principally garaged in this state, shall bear to the total or aggregate of such net direct premiums written by all members in this state in the last complete calendar year as shown by the records of the superintendent.

(c) In this section "member" also includes a former member which has withdrawn from the state or whose license has been revoked or which has been merged into another corporation or has been placed in liquidation, and such member or its successor shall be liable for all assessments under this section based upon premiums written by it in New York prior to the liquidation, withdrawal, revocation of license or merger.

(d) The assessment of self-insurers under sections three hundred sixteen and three hundred seventy of the vehicle and traffic law shall be based upon the amount determined by dividing the amount of the annual assessment on insurers by the number of insured vehicles for the year

preceding the determination.

§ 5208. Notice of claim. (a) The protection provided by the corporation on account of motor vehicle accidents caused by financially irresponsible motorists shall be available to:

(1) Any qualified person having a cause of action because of death or bodily injury, arising out of a motor vehicle accident occurring within this state, who files with the corporation within one hundred eighty days of the accrual of the cause of action, as a condition precedent to the right to apply for payment from the corporation, an affidavit stating that:

(A) the person has a cause of action for damages arising out of the accident and setting forth the facts in support,

(B) the cause of action is against the owner or operator of a designated uninsured motor vehicle, and

(C) the person is making a claim for such damages.

(2) (A) Any qualified person having a cause of action because of death or bodily injury, arising out of a motor vehicle accident occurring within this state and reported within twenty-four hours after the occurrence to a police, peace or judicial officer in the vicinity or to the commissioner, and who files with the corporation within ninety days of the accrual of the cause of action, as a condition precedent to the right to apply for payment from the corporation, an affidavit stating that:

(i) the person has the cause of action for damages arising out of the accident and setting forth the supporting facts,

(ii) the cause of action is against a person whose identity is unascertainable, and

(iii) the person is making a claim for those damages.

(B) The fact that the accident was not reported within twenty-four hours after the occurrence as required by subparagraph (A) hereof shall not prejudice the rights of the person if it is shown that it was not reasonably possible to make such a report or that it was made as soon as was reasonably possible.

(3) (A) Any qualified person having a cause of action because of death or bodily injury, arising out of a motor vehicle accident occurring

within this state, who files with the corporation an affidavit as a condition precedent to the right to apply for payment from the corporation, stating that:

(i) the person has a cause of action for damages arising out of the accident for damages and setting forth the supporting facts,

(ii) the insurers of the person alleged to be liable for the damages have disclaimed liability or denied coverage because of some act or omission of the person alleged to be liable including the denial of coverage based upon the lack of a policy of insurance in effect at the time the cause of action arose; provided, however, that in the case of a denial of coverage based upon the lack of a policy of insurance in effect at the time the cause of action arose, timely reasonable efforts had been made to ascertain insurance coverage, and

(iii) the person is making a claim for those damages.

(B) The affidavit shall be filed within one hundred eighty days of the affiant's receipt of notice of the disclaimer or denial of coverage.

(b) If a qualified person fails to file the affidavit as provided in paragraphs one and two of subsection (a) hereof within the specified period, or by reason of being an infant or mentally or physically incapacitated or deceased, is prevented from filing the affidavit as provided in paragraph three of such subsection within the specified period, or fails to file within one hundred eighty days, due to receipt of erroneous information from the department of motor vehicles or erroneous information from a police report with respect to identification of a vehicle, then upon a filing within thirty-one days of receipt of written notice of correction of the error by the department of motor vehicles or discovery of the mistake contained in the police report:

(1) The corporation may accept the filing of the affidavit if accompanied by proof satisfactory to it, of the facts which caused the delay and that it was not reasonably possible to file the affidavit within the specified period and that the affidavit was filed as soon as was reasonably possible.

(2) A court may upon like proof grant leave to file the affidavit within a reasonable time after the expiration of the specified period. In making its decision the court shall also and in particular consider, whether the corporation acquired actual knowledge of the essential facts

constituting the claim within the time specified in paragraph one of subsection (a) hereof or a reasonable time thereafter. The court shall also consider all other relevant facts and circumstances, including whether:

(A) The claimant failed to file a timely affidavit by reason of the claimant's justifiable reliance upon settlement representations made by a person believed to be the insurance representative of the financially irresponsible motorist.

(B) The claimant in filing made an excusable error concerning the identity or existence of the corporation against which the claim should or could be filed.

(C) The delay in filing substantially prejudiced the corporation in maintaining a defense on the merits.

(c) Application to the court for leave to file must be made within one year from the beginning of the period for filing the affidavit, specified in paragraph one, two, or three of subsection (a) hereof upon affidavit showing the evidentiary facts which are relied on in support of the proof required in subsection (b) of this section, accompanied by a copy of the proposed affidavit. Notice of the return time together with a copy of the application must be served at least eight days before the time named for the hearing upon the corporation by delivery to the person designated by law as a person to whom a summons in an action in the supreme court issued against such party may be delivered.

(d) Every qualified person shall promptly furnish the corporation with copies of all papers in any action for the enforcement of every cause of action referred to in paragraph one, two, or three of subsection (a) hereof.

(e) The commissioner shall furnish to the corporation, upon request, information as to whether any operator or owner of a motor vehicle involved in any accident had in effect at the time of the accident any motor vehicle liability insurance or other evidence that the motor vehicle was an insured motor vehicle.

§ 5209. Investigation and defense of claims. (a) The corporation shall provide for the investigation of accidents and actions governed by this article it deems necessary.

(b) The corporation may through counsel appear and defend in any action on its own behalf and on behalf of a defendant and take any other steps it deems appropriate including any appropriate method of review. All such acts shall be deemed to be the acts of the corporation and the defendant.

(c) Nothing in this article shall deprive a defendant of the right also to employ counsel and defend the action.

(d) In any case in which the corporation has assumed the defense of any action under this article, the defendant shall cooperate with the corporation in the defense of the action. In the event of the defendant's failure to do so, the corporation may apply to the court for an order directing cooperation.

§ 5210. Application for payment of judgment. (a) When any qualified person who has complied with all the applicable requirements of this article recovers a final judgment in a court against a financially irresponsible motorist, for injury to, or death of, any person arising out of the ownership, maintenance or use of the uninsured motor vehicle in this state, which remains unpaid, and all appeals have been concluded or the time for commencing them has expired, the judgment creditor may file a verified petition in the court in which the judgment was entered and, upon ten days' written notice to the corporation apply to the court for an order directing payment by the corporation of the amount unpaid on the judgment. However, there shall be no right of recovery by a covered person from the corporation for non-economic loss unless such person has incurred a serious injury, as such terms are defined in section five thousand one hundred two of this chapter. Such judgment exclusive of interest and costs shall not exceed:

(1) twenty-five thousand dollars on account of injury to one person in any one accident, and

(2) fifty thousand dollars on account of death to one person in any one accident, and

(3) fifty thousand dollars on account of injury to more than one person in any one accident subject to the limit of twenty-five thousand dollars for any one person, and

(4) one hundred thousand dollars on account of death to more than one

person in any one accident subject to the limit of fifty thousand dollars for any one person.

(b) The above applicable limit of liability shall be reduced by the amount of:

(1) any collectible liability insurance and available assets or contribution of the financially irresponsible motorist; and

(2) any payment received by the qualified person from or on behalf of any person jointly or severally liable with the financially irresponsible motorist.

(c) Any such judgment shall be regarded as excess to any other collectible liability insurance afforded to any financially irresponsible motorist.

§ 5211. Hearing on application for payment of judgment. (a) The court shall proceed upon the petition in a summary manner and the petitioner must show:

(1) the petitioner is a qualified person;

(2) the petitioner was not at the time of the accident operating an uninsured motor vehicle or operating a motor vehicle in violation of an order of suspension or revocation;

(3) the petitioner has complied with the requirements of section five thousand two hundred eight of this article;

(4) whether the judgment debtor at the time of the accident was insured under a policy of motor vehicle liability insurance or indemnity bond under which the insurer or surety is liable to pay all or part of the judgment;

(5) the petitioner has obtained a judgment as provided in section five thousand two hundred ten of this article, the amount of the judgment and the amount unpaid at the date of the application;

(6) the application is not made by or on behalf of any insurer or surety liable for the payment of all or part of the judgment by reason of any motor vehicle liability insurance policy or any indemnity bond and that no part of the amount to be paid by the corporation is sought in lieu of making a claim, receiving a payment which is payable by, or to indemnify, such an insurer or surety; and

(7) whether he has obtained judgment against any other person liable

for damages for bodily injury or death arising out of the accident and the amounts paid.

(b) The corporation may appear and be heard in opposition to the petition.

§ 5212. Order for payment of judgment. The court shall order the corporation to pay the sum, if any, it finds payable on the claim pursuant to the provisions and limitations of this article if it is satisfied of the truth of all matters required to be shown by the petitioner by section five thousand two hundred eleven of this article, and that the petitioner has fully pursued and exhausted all remedies available for recovering upon the judgments against all persons mentioned in paragraph seven of subsection (a) of section five thousand two hundred eleven of this article.

§ 5213. Settlement of claims or actions. (a) The corporation may, except in the case of claims or actions by or on behalf of infants or judicially declared incompetents, settle without court approval any claim or action against a financially irresponsible motorist if the board, after due deliberation, is satisfied that the settlement is fair and has approved payment, which shall in no event exceed the applicable amount specified in section five thousand two hundred ten of this article and that:

(1) the claimant has complied with the requirements prescribed in paragraphs one, two and three of subsection (a) of section five thousand two hundred eleven of this article;

(2) the settlement is not made on the behalf of an insurer or surety under circumstances described in paragraph six of subsection (a) of section five thousand two hundred eleven of this article;

(3) the financially irresponsible motorist involved in the accident was not insured under a policy of motor vehicle liability insurance or an indemnity bond under which the insurer or surety is liable for the damages sustained; and

(4) a judgment against the financially irresponsible motorist would not be collectible within a reasonable time.

(b) As a condition to the payment of the amount of the settlement the qualified person, notwithstanding the provisions of title one of article thirteen of the general obligations law, shall assign his claim to the corporation which shall then be subrogated to all of the rights of the qualified person against the financially irresponsible motorist.

§ 5214. Default and consent judgments. (a) No claim shall be allowed and ordered to be paid by the corporation if the court finds upon the hearing for the allowance of the claim that it is founded upon a judgment which was entered by default or consent of the defendant.

(b) When the corporation receives notice of intention to enter judgment and intention to file a claim against the corporation and the time allowed for filing an answer has expired, the corporation shall be granted a reasonable time after the receipt of notice by it to answer and to defend the action.

(c) If upon a hearing for the allowance of any claim against the corporation the court finds that the judgment was entered by default or with the consent or agreement of the defendant it shall order that the judgment insofar as it affects the corporation be set aside and the corporation permitted to proceed in the action as provided above.

§ 5215. Collusive judgments. No claim against the corporation shall be allowed if the court finds, upon the hearing for the allowance of the claim, that the judgment upon which the claim is founded was obtained by fraud, or by collusion of the plaintiff and of any defendant in the action, relating to any matter affecting the cause of action upon which the judgment is founded or the amount of damages assessed therein.

§ 5216. Assignments of judgments to corporation. (a) The corporation shall not pay any sum, in compliance with an order made for that purpose, if the claim is founded upon a judgment, except a judgment obtained against the corporation under this article, until the petitioner assigns the judgment to the corporation.

(b) After assignment the corporation shall be entitled to enforce the

judgment for the full amount with interest and costs. Money collected on the judgment in excess of all amounts paid by the corporation shall be paid to the judgment creditor.

§ 5217. "Hit and run" causes of action. The protection provided by this article shall not apply to any cause of action by a qualified person arising out of a motor vehicle accident occurring in this state against a person whose identity is unascertainable, unless the bodily injury to the qualified person arose out of physical contact of the motor vehicle causing the injury with the qualified person or with a motor vehicle which the qualified person was occupying (meaning in or upon or entering into or alighting from) at the time of the accident.

§ 5218. Procedure for "hit and run" cases. (a) Any qualified person having a cause of action for death or personal injury arising out of the ownership, maintenance or use of a motor vehicle in this state, when the identity of the motor vehicle and of the operator and owner cannot be ascertained or it is established that the motor vehicle was at the time of the accident, in the possession of a person without the owner's consent and that the identity of such person cannot be ascertained may, upon notice to the corporation, apply to a court for an order permitting an action therefor against the corporation in that court.

(b) The court may proceed upon the application in a summary manner and may make an order permitting the action when after a hearing it is satisfied that:

(1) the applicant has complied with the requirements of section five thousand two hundred eight of this article;

(2) the applicant is a qualified person;

(3) the injured or deceased person was not at the time of the accident operating an uninsured motor vehicle or operating a motor vehicle in violation of an order of suspension or revocation;

(4) the applicant has a cause of action against the operator or owner of the motor vehicle;

(5) all reasonable efforts have been made to ascertain the identity of the motor vehicle and of the owner and operator and either the identity

of the motor vehicle and the owner and operator cannot be established, or the identity of the operator, who was operating the motor vehicle without the owner's consent, cannot be established; and

(6) the application is not made by or on behalf of an insurer or surety under circumstances described in paragraph six of subsection (a) of section five thousand two hundred eleven of this article.

(c) In any action in which the plaintiff is a qualified person, for the death of, or bodily injury to, any person arising out of the ownership, maintenance or use of a motor vehicle in this state and judgment is rendered for the defendant on the sole ground that the death or personal injury was occasioned by a motor vehicle: (i) the identity of which, and of the owner and operator of which, has not been established, or (ii) which was in the possession of some person other than the owner or his agent without the consent of the owner and the identity of the operator has not been established, that ground shall be stated in the judgment. The plaintiff, upon complying with paragraph one of subsection (a) of section five thousand two hundred eight of this article, may within three months from the date of the entry of the judgment make application to bring an action upon the cause against the corporation in the manner provided in this section.

(d) In any action commenced in respect of the death or injury of any person arising out of the ownership, maintenance or use of a motor vehicle in this state the plaintiff shall be entitled to make the corporation a party defendant if the court has entered the order provided for in subsection (a) of this section.

(e) The corporation may generally deny the allegations of the complaint and shall not be required to set forth the facts upon which it relies. It may assert any defense which would have been available to the operator or owner if the action had been brought against them and process in the action had been duly served within this state upon them.

(f) (1) The corporation may settle without court approval any claim or action if the board, after due deliberation: (i) determines that the claim or action is asserted or brought pursuant to this section; (ii) is satisfied that the settlement is fair; and (iii) approves payment which in no event shall exceed the applicable amount specified in section five thousand two hundred ten of this article.

(2) Settlement of claims and actions without court order shall not

apply to settlement of claims or actions by infants or judicially declared incompetents.

(g) (1) Any judgment obtained pursuant to this section shall be reduced by any amount recovered by the plaintiff as specified in paragraph seven of subsection (a) of section five thousand two hundred eleven of this article. Upon conclusion of all proceedings, including appeals and reviews, the court shall order the corporation to pay the plaintiff the amount of the judgment or the applicable amount specified in subsection (a) of section five thousand two hundred ten of this article, whichever is less.

(2) Upon payment by the corporation it shall be subrogated to the cause of action of the judgment creditor against the operator and owner of the motor vehicle by which the accident was occasioned. It may bring an action against either or both of such persons for the amount of the damage sustained by the judgment creditor when the identity of either becomes known. It shall be entitled to recover the amount of the damage out of any funds which would be payable in respect to the death or injury under any policy of insurance which was in force at the time of the accident. Money collected in excess of all amounts paid by the corporation shall be paid to the judgment creditor.

§ 5219. Disclaimer or denial of coverage cases. If a qualified person who has complied with paragraph three of subsection (a) of section five thousand two hundred eight of this article obtains judgment against an owner of a motor vehicle after a trial on the merits and there is a final judgment in favor of the insurer of the owner based on a disclaimer or denial of coverage by the insurer, the qualified person may preserve his right to apply for payment from the corporation by complying with the procedure prescribed in section five thousand two hundred ten of this article.

§ 5220. Notice of judgment to commissioner. The corporation shall give notice to the commissioner of the entry of any judgment upon which a claim is made against the corporation under this article and of the payment of any such judgment, or the payment or settlement of any claim

by the corporation.

§ 5221. "No-fault" benefits to qualified persons. (a) The terms "basic economic loss", "first party benefits", "non-economic loss", "serious injury", "motor vehicle", "insurer", "uninsured motor vehicle" and "covered person", as used in this section, shall have the same meaning given them in section five thousand one hundred two of this chapter.

(b) (1) Notwithstanding the provisions of this article, the corporation shall also provide for the payment of first party benefits to a qualified person for basic economic loss arising out of the use or operation in this state of an uninsured motor vehicle.

(2) A qualified person who has complied with all the applicable requirements of this article shall be deemed to be a covered person and shall have only such rights as a covered person may have under article fifty-one of this chapter.

(3) The corporation shall have only those rights and obligations which are applicable to an insurer subject to article fifty-one of this chapter.

(4) No payment for non-economic loss shall be made pursuant to this article to a covered person unless such person has incurred a serious injury, as such terms are defined in section five thousand one hundred two of this chapter.

(5) The corporation shall not duplicate any element of basic economic loss provided for under this section or any section of article fifty-one of this chapter. No payments of first party benefits for basic economic loss made pursuant to this section shall diminish the obligations of the corporation under this article for the payment of non-economic loss and economic loss in excess of basic economic loss.

(6) If a controversy arises between the corporation and an insurer concerning the obligation to pay first party benefits, payment of first party benefits by the corporation shall not be stayed pending resolution of the controversy. Any such controversy shall be solely resolved by submission to mandatory arbitration pursuant to procedures promulgated or approved by the superintendent. Such procedures shall, to the extent practicable, be those applicable to insurers pursuant to section five thousand one hundred five of this chapter.

(c) The corporation shall continue to comply with the plan of operation approved by the superintendent, which provides for the economical, prompt and fair payment of first party benefits to qualified persons in substantially the same manner as is required of insurers and self-insurers by article fifty-one of this chapter and regulations of the superintendent. The plan may provide for the corporation to utilize the service of authorized insurers in the payment of claims for first party benefits. Amendments to the plan of operation may be made on the initiative of the directors, subject to the approval of the superintendent, or shall be made at the direction of the superintendent.

§ 5222. Examination of corporation. The superintendent shall make an examination into the affairs of the corporation as provided in subsection (a) of section three hundred nine of this chapter.

§ 5224. Penalty for false statements. Any person and any agent or employee of a person, who knowingly files with the corporation any document required under this article, which is false or contains any material misstatement of fact shall be guilty of a misdemeanor and upon conviction therof shall be subject to a fine of not less than five hundred dollars, nor more than twenty-five hundred dollars, or imprisonment for not more than thirty days.

§ 5225. Exemption from taxation. The corporation shall be exempt from all taxes and fees now or hereafter imposed by the state, or by any county, municipality or local authority or subdivision, except that any real property owned by the corporation shall be subject to county, municipal or local taxation to the same extent according to its value as other similar real property is taxed and that the corporation shall be subject to the fees imposed pursuant to section two hundred two of the vehicle and traffic law.

ARTICLE 53

MOTOR VEHICLE INSURANCE ASSIGNED RISK PLANS

Section 5301. Participation in assigned risk plans.
5302. Administration.
5303. Coverage.
5304. Appeals; process of claims.

§ 5301. Participation in assigned risk plans. (a) All insurers licensed to write motor vehicle insurance in this state shall subscribe to and participate in the reasonable plan or plans, approved, or which may be approved, by the superintendent after consultation with such insurers, for equitable apportionment among such insurers of applicants for such insurance who are in good faith entitled to but are unable to procure it through ordinary methods.

(b) Amendments to the plan may be made by the committee designated to administer the plan, subject to the approval of the superintendent, or shall be made at the direction of the superintendent.

§ 5302. Administration. (a) In addition to the members of the committee elected by the subscribers to administer the plan, the superintendent shall appoint annually two additional members who shall be duly licensed insurance agents or brokers representative of broad segments of the public obtaining insurance through the plan.

(b) Such committee shall establish for the benefit of applicants standards of service of participating insurers including timely issuance of policies, certificates and endorsements, financial security forms, and the collection of required deposits.

§ 5303. Coverage. (a) Any such plan shall provide for availability to applicants of motor vehicle insurance coverages for:

(1) legal liability, up to fifty thousand dollars because of bodily injury to or death of one person in any one accident and, subject to such limit for one person, up to one hundred thousand dollars because of bodily injury to or death of two or more persons in any one accident, and up to ten thousand dollars because of injury to or destruction of

property of others in any one accident; and

(2) loss or damage to an automobile insured under a policy, up to ten thousand dollars actual cash value, subject to a deductible of not less than one hundred dollars; provided, however, that the physical damage insurance for a private passenger automobile shall be subject to all of the provisions of sections two thousand three hundred thirty-seven, three thousand four hundred eleven and three thousand four hundred thirty-two of this chapter; and

(3) medical payments with respect to private passenger motor vehicles not for hire, irrespective of the legal liability of the insured, because of bodily injury to or death of any person insured thereunder, up to one thousand dollars; and

(4) supplementary uninsured motorists insurance, as defined in subsection (f) of section three thousand four hundred twenty of this chapter.

(b) Any such plan shall provide for availability to applicants of twice the dollar level of first party benefits prescribed in section five thousand one hundred three of this chapter; and commensurate first party benefits for personal injury arising out of the use or operation of a motor vehicle in any other state or Canadian province.

(c) Such plan shall provide for the method of classifying risks, establishing territories and making rates applicable thereto. Such rates, except with respect to rates for the minimum limits of insurance required by article six or seven of the vehicle and traffic law, shall be based upon loss and expense experience of the risks insured pursuant to the plan.

§ 5304. Appeals; process of claims. (a) Any applicant for insurance through a plan governed by this article, any person insured under such plan and any insurer affected may appeal to the superintendent from any ruling or decision of the manager or committee.

(b) All participating insurers shall maintain an office in this state or establish a communications system by direct toll free telephone line, or otherwise, to conveniently process claims of the insureds.

ARTICLE 54

NEW YORK PROPERTY INSURANCE UNDERWRITING ASSOCIATION

Section 5401. Definitions.
5402. Joint underwriting association.
5403. Procedures.
5404. Rates, rating plans, rules and statistics.
5405. Participation.
5406. Appeals.
5407. Availability of reports; immunity.
5408. Annual statement.
5409. Examinations.
5410. Reimbursement fund.
5412. Additional powers of the association.
5414. Coastal market assistance program (C-MAP).

§ 5401. Definitions. In this article:

(a) "Fire insurance" means coverage against loss of or damage to any property resulting from fire, as defined in paragraph four of subsection (a) of section one thousand one hundred thirteen of this chapter and implemented by section three thousand four hundred four of this chapter.

(b) "Extended coverage" means insurance against direct loss to property by windstorm, hail, explosion, riot, riot attending a strike, civil commotion, aircraft, vehicles and smoke, as limited by paragraph five of subsection (a) of section one thousand one hundred thirteen of this chapter.

(c) "Broad form coverage" includes extended coverage, as well as insurance against direct loss to property by volcanic eruption, burglary damage, weight of ice, snow or sleet, glass breakage, accidental discharge or overflow of water or steam, falling objects, freezing, artificially generated electrical current, collapse, and tearing apart, cracking, burning or bulging.

(d) "Additional perils coverage" means any of the following written in connection with fire, extended coverage and broad form coverage policies issued pursuant to this article:

(1) "Vandalism and malicious mischief insurance", means coverage against loss or damage to property resulting from vandalism or malicious

mischief, as defined in subparagraph (D) of paragraph five of subsection (a) of section one thousand one hundred thirteen of this chapter, subject to a reasonable graded deductible, of not less than two hundred fifty dollars.

(2) "Sprinkler leakage insurance", means coverage against loss or damage to property resulting from the breakage or leakage of sprinklers, as defined in paragraph six of subsection (a) of section one thousand one hundred thirteen of this chapter.

(3) "Rent insurance", means coverage against actual loss of rental income resulting from property being rendered necessarily untenantable due to its damage or destruction by a peril insured against.

(4) "Business interruption insurance", means coverage against actual loss resulting from necessary interruption of business due to damage or destruction of property by a peril insured against.

(e) "Association" means the joint underwriting association continued by this article.

(f) "Plan of operation" or "plan" means the plan of operation complying with section five thousand four hundred two of this article.

(g) "Insurable property" means real property at fixed locations anywhere in this state, or the tangible personal property located thereon, which is determined by the association, after inspection and pursuant to criteria specified in the plan, to be insurable. Neighborhood or area location shall not be considered in determining insurable condition. Property is not insurable if it has characteristics of ownership, condition, occupancy or maintenance which violate public policy.

(h) "Net direct premiums" means gross direct premiums written on property in this state for fire and extended coverage insurance, including the fire and extended coverage components of homeowners and commercial multiple peril package policies as computed by the superintendent, less return premiums or the unused or unabsorbed portions of premium deposits.

(i) For the purposes of this section "homeowners insurance" means such homeowners insurance policies defined in subsection (a) of section two thousand three hundred fifty-one of this chapter, as are determined by the superintendent to be equivalent to any homeowners policies developed by a nationally recognized principal rate service organization, except

that where the market value of the insured property is less than its replacement cost, then the coverage shall be provided in policies determined by the superintendent to be equivalent to that contained in market value (HO-8) policies.

§ 5402. Joint underwriting association. (a) The joint underwriting association known as the New York property insurance underwriting association is continued, consisting of all insurers authorized to write and engaged in writing within this state, on a direct basis, fire and extended coverage insurance, including insurers covering such perils in homeowners and commercial multiple peril package policies but excluding assessment cooperative fire insurance companies transacting business pursuant to article sixty-six of this chapter. Every such insurer shall be and remain a member of the association as a condition of its authority to continue to transact fire, extended coverage and homeowners insurance in this state.

(b) The association shall be governed by a board of thirteen directors, ten of whom shall be elected annually by cumulative voting by the members of the association, whose votes in such election shall be weighted in accordance with each member's net direct premiums written during the preceding calendar year. The remaining three directors shall be appointed annually by the superintendent and be duly licensed insurance agents or brokers representative of broad segments of the public obtaining insurance through the association.

(c) The association shall, pursuant to the provisions of this article and the plan of operation and with respect to fire insurance, extended coverage, broad form coverage issued pursuant to subsection (g) of this section, coverage for additional perils, and homeowners insurance should the same be made available through the association in accordance with a determination of necessity made by the superintendent pursuant to section five thousand four hundred twelve of this article on insurable property, have the power on behalf of its members:

(i) to cause policies of insurance to be issued to applicants;

(ii) to assume reinsurance from its members; and

(iii) to cede reinsurance.

(d) The association shall adhere to a plan of operation, consistent

with the provisions of this article, approved by the superintendent after consultation with affected individuals and organizations. The plan shall provide for economical, fair and non-discriminatory administration and prompt and efficient provision of fire, extended coverage, broad form coverage pursuant to subsection (g) of this section and homeowners insurance, when a determination of necessity is made by the superintendent pursuant to section five thousand four hundred twelve of this article to promote orderly community development. It shall contain other matters including, but not limited to, provision for necessary facilities; management of the association; assessment of members to defray losses and expenses; commission arrangements; reasonable and objective underwriting standards; acceptance and cession of reinsurance and procedures for determining amounts of insurance to be provided by the association. The amounts shall not be in excess of one million five hundred thousand dollars for the insurable real property or the tangible personal property thereon.

(e) The directors of the association may, on their own initiative or at the request of the superintendent, amend the plan subject to approval by the superintendent.

(f) The association shall offer homeowners insurance, as defined in subsection (h) of section five thousand four hundred one of this article upon a determination of necessity having been made by the superintendent pursuant to section five thousand four hundred twelve of this article.

(g) In addition to fire insurance, extended coverage, coverage for additional perils and homeowners insurance should the same be made available through the association in accordance with a determination of necessity pursuant to section five thousand four hundred twelve of this article, the association may offer broad form coverage to applicants seeking to insure real property at fixed locations of this state, or the tangible personal property located thereon. The association may offer broad form coverage until June thirtieth, two thousand twenty-eight. On or before October first, two thousand twenty-seven the superintendent shall require the association to report to the superintendent as to the number of policies written pursuant to this subsection and paragraph three of subsection (f) of section five thousand four hundred five of this article, and any other information the superintendent may require. On or before January first, two thousand twenty-eight, the

superintendent shall report to the governor and the legislature regarding the number of policies issued pursuant to this section and such paragraph and shall include recommendations as to the continuation of such insurance offerings.

(i) Not less than once every thirty days, the association shall report to the superintendent, the speaker of the assembly, and the temporary president of the senate on the number, location and type of policies written through a coastal market assistance program.

§ 5403. Procedures. (a) Any person having an insurable interest in insurable property, who has made a diligent effort in the normal insurance market to procure fire insurance, extended coverage and coverage for additional perils and broad form coverage pursuant to subsection (g) of section five thousand four hundred two of this article and homeowners insurance upon a determination of necessity having been made by the superintendent pursuant to section five thousand four hundred twelve of this article from an authorized insurer, is entitled to apply to the association for such coverage. Such application may be made on behalf of an applicant by a broker or agent authorized by him.

(b) If the association determines that (i) the property is insurable in accordance with the plan and (ii) there is no unpaid, uncontested premium due from the applicant for prior insurance on the property (as shown by the insured having failed to make written objection to charges within thirty days after billing), the association, upon receipt of the premium or portion prescribed in the plan, shall cause a policy of fire insurance or homeowners insurance upon a determination of necessity having been made by the superintendent pursuant to section five thousand four hundred twelve of this article to be issued for a term of one year. The fire insurance policy shall also include, upon application therefor, extended coverage, broad form coverage pursuant to subsection (g) of section five thousand four hundred two of this article and coverage for additional perils as may be requested.

(c) Any member may cede fire insurance, extended coverage, broad form coverage pursuant to subsection (g) of section five thousand four hundred two of this article and coverage for additional perils and homeowners insurance upon a determination of necessity having been made

by the superintendent pursuant to section five thousand four hundred twelve of this article written on insurable property to the association as provided in the plan.

(d) The association shall notify those policyholders whose insured properties are located in areas served by a market assistance program established by the superintendent for the purpose of facilitating placement of homeowners' insurance of the possibility of eligibility for coverage through such program. Such notification shall include information on how to apply and such other information as required by the superintendent.

§ 5404. Rates, rating plans, rules and statistics. (a) The rates, rating plans, rating rules and statistics applicable to the insurance written by the association shall be subject to the relevant provisions of article twenty-three of this chapter except as otherwise provided in this section.

(b) Rates, rating plans and rating rules applicable to fire insurance, extended coverage, additional perils, broad form coverage pursuant to subsection (g) of section five thousand four hundred two of this article and homeowners insurance upon a determination of necessity having been made by the superintendent pursuant to section five thousand four hundred twelve of this article written by the association shall be no greater than the following percentages of those recommended for the voluntary market by the principal rate service organization in this state:

(1) one hundred twenty percent with respect to:

(A) owner-occupied residential dwellings consisting of not more than four dwelling units;

(B) household furnishings and personal property contained in any household unit;

(C) contents of any retail-type business located in store-type premises and operating in a single location, provided such business is owned by its operators, who are all related by blood or affinity;

(D) real property of eleemosynary institutions used exclusively for such eleemosynary purposes including furnishings and personal property contained therein;

(2) one hundred thirty percent with respect to:

(A) non-owner occupied residential dwellings consisting of not more than four dwelling units;

(B) residential structures consisting of more than four but not exceeding eight units with or without business occupancies;

(C) homeowners insurance upon a determination of necessity having been made by the superintendent pursuant to section five thousand four hundred twelve of this article;

(3) one hundred forty percent with respect to residential dwellings consisting of more than eight dwelling units, with or without business occupancies;

(4) one hundred thirty percent with respect to any risks not otherwise provided for in paragraphs one, two and three of this subsection.

(c) The rates, rating plans and rating rules recommended by the principal rate service organization, together with such other information the superintendent may require, shall be submitted by the association at least sixty days prior to the date on which they are to become effective for risks written by it.

(d) Filed rating rules or plans may provide standards for the application of surcharges for risks containing unsafe or hazardous conditions, and shall provide for prompt removal of the surcharges upon the elimination of those conditions.

§ 5405. Participation. (a) Every member of the association shall participate in its writings, expenses, profits and losses in the proportion that the net direct premiums of the member (but excluding that portion of premiums attributable to the operation of the association) written during the preceding calendar year bear to the aggregate net direct premiums written in this state by all members of the association. Each member's participation in the association shall be determined annually on the basis of such net direct premiums written during the preceding calendar year as disclosed in the annual statements and other reports filed by the member with the superintendent.

(b) No member shall be obligated in any year to reimburse the association on account of its proportionate share in the deficit from operations of the association in that year in excess of one percent of

its surplus to policyholders. The aggregate amount not so reimbursed shall be reallocated among the remaining members in accordance with the method of determining participation prescribed in this section, after excluding from the computation the total net direct premiums of all members not sharing in such excess deficit. In the event that the deficit from operations allocated to all members in any calendar year shall exceed one percent of their respective surplus to policyholders, the amount of such deficit shall be allocated to each member in accordance with the method of determining participation prescribed in this section.

(c) Annually, on a date set by the superintendent, the association shall estimate its deficit from operations, and after application of the funds provided for in subsection (d) of this section, calculate a factor, not to exceed one percent, by relating such deficit to net direct premiums written for the latest calendar year, subject to the approval of the superintendent. Such factor may be reflected in the determination of rates filed by the principal rating organization in this state and by members of the association for fire, extended coverage, broad form coverage pursuant to subsection (g) of section five thousand four hundred two of this article, additional perils, homeowners and commercial multiple peril package policies which include the perils of fire and extended coverage. Notwithstanding the provisions of section five thousand four hundred four of this article to the contrary, any part of such deficit which exceeds one percent as so calculated, shall be defrayed by an increase in rates for the respective occupancy classes, based upon the association's related loss and expense experience together with other information the superintendent requires, in accordance with filings approved by the superintendent. Each member's share of the estimated deficit shall be collected by the association in accordance with the plan of operation.

(d) In accordance with regulations of the superintendent, the deficit from the operations of the association shall be credited with income earned from the New York property/casualty insurance security fund. The credit shall be an amount determined by the superintendent, which in no year shall exceed income earned or the sum of fifteen million dollars whichever is less. The credit shall be estimated annually by the superintendent on a date set by the superintendent, and such estimated

amount shall be credited to the association and transferred from the income as earned during the year by the New York property/casualty insurance security fund. Any difference between the estimated amount of income and the actual amount of income for the year shall be taken into account in computing the estimate for the next period. Notwithstanding the foregoing provisions of this section or any other law to the contrary, if the assets of the association exceed its liabilities on the thirtieth day of November in any year commencing on or after April first, nineteen hundred eighty-two in accordance with regulations of the superintendent, the association shall pay to the New York property/casualty insurance security fund an amount equal to any amounts paid from such fund to the association in accordance with the provisions of article seventy-six of this chapter and this section which have not been repaid prior to such thirtieth day of November, together with any investment income attributable thereto, as determined by the superintendent, up to the amount of such excess. Any such payment shall be made no later than February first of the following year.

(e) Members shall not be relieved of their obligation to reimburse the association for their share of the deficit resulting from the operations of the association prior to August first, nineteen hundred seventy-nine.

(f) (1) Any member that voluntarily writes, as of expiration date, a policy or coverage currently written through the association, shall receive credit against its participation in association writings. Such credit shall be to the extent of twice the net direct premium, on an annual basis, of such policy or coverage voluntarily written and shall apply for one year.

(2) Subject to approval by the superintendent, the association shall develop and implement an incentive plan for members which voluntarily write policies that include windstorm coverage in coastal areas. Such plan shall also include incentives for members to voluntarily write wraparound policies, as defined by the association, in coastal areas, when such wraparound policies include coverage for windstorm on a replacement cost basis in excess of the windstorm coverage contained in an association policy issued to the same policyholder. The purpose of these incentives shall be to encourage the writing of voluntary insurance policies in coastal areas by reducing the participation in the writings of the association of those member companies which voluntarily

write policies that include windstorm coverage in such areas. For the purposes of this section, coastal areas include: areas within one mile of a saltwater ocean, sound, inlet or bay on Long Island's south shore or along the shore of Brooklyn, Queens, Staten Island and Long Island's forks; areas within two thousand five hundred feet of a saltwater ocean, sound, inlet or bay on Long Island's north shore, the Bronx or Westchester.

(3) The association shall offer a policy form which may be used only in conjunction with voluntary market wraparound policies that provide windstorm coverage in excess of amounts insured by the association. The policy form, which may include broad form coverage, shall provide replacement cost coverage for dwellings and personal property for repair or replacement without deduction for depreciation on terms and conditions generally consistent with policies customarily in use in the voluntary market as modified to make the association policy compatible with voluntary market wraparound policies. Coverage offered by the association under such policy shall not exceed six hundred thousand dollars for dwelling coverage and two hundred fifty thousand dollars for personal property, and shall be available to cover one to four family owner-occupied dwellings, apartment units or condominium units. The association may require applicants to provide evidence of the purchase of flood insurance as a condition of eligibility for coverage under this policy. The association shall file the form for approval with the superintendent.

§ 5406. Appeals. Any applicant to the association and any person insured pursuant to this article, or their representatives, or any affected insurer, may appeal to the superintendent within thirty days after any ruling, action or decision by or on behalf of the association, with respect to those items the plan of operation defines as appealable matters.

§ 5407. Availability of reports; immunity. (a) Reports of inspection performed by or on behalf of the association shall be available to members of the association, applicants and the superintendent.

(b) No liability or cause of action shall exist against the association or its agents or employees, an insurer or the superintendent or his authorized representatives for any statements made in good faith by them in any reports or communications concerning risks insured or to be insured by the association or at any related administrative hearings.

§ 5408. Annual statement. (a) The association shall annually file a statement in the office of the superintendent on or before the first day of March. Such statement shall be in a form approved by and contain information required by the superintendent with respect to its transactions, condition, operations and affairs during the preceding year.

(b) The superintendent may at any time require the association to furnish additional information which he considers to be material in evaluating the scope, operation and experience of the association.

§ 5409. Examinations. The superintendent may, in accordance with article three of this chapter, make an examination into the affairs of the association whenever the superintendent deems it expedient. The expenses of every such examination shall be borne and paid by the association in the manner prescribed by subsection (f) of section two hundred six of the financial services law.

§ 5410. Reimbursement fund. (a) The superintendent shall assess each member of the association an amount sufficient to provide reimbursement payments, pursuant to the provisions of section 1223(a)(1) of the federal Urban Property Protection and Reinsurance Act of 1968, to the agency of the federal government administering the act in an aggregate amount not to exceed five per centum of the aggregate property insurance premiums earned in the state during the preceding calendar year on those lines of insurance reinsured under such act during the calendar year.

(b) The total amount of any assessment on each such member shall be in the proportion that the premiums earned during the preceding calendar year by each such member in this state bear to the aggregate premiums

earned in this state during the preceding calendar year on those lines of insurance reinsured under the federal act during the current year by all members of the association. Assessments shall be collectible from all members on and after the forty-fifth day following receipt of a claim from the federal agency.

(c) The superintendent shall receive all assessments payable on account of the claim of the federal agency and make all disbursements in carrying out this section from the riot reinsurance revolving fund which is continued. Notwithstanding any other law, rule or regulation requiring that money received for or on behalf of the state shall be paid into the state treasury, the superintendent shall deposit the assessments in a separate bank account or accounts in a trust company or bank having trust powers within the state. All deposits shall be secured by obligations of the United States or this state and all banks and trust companies are authorized to give the same. The monies of the fund may, at the discretion of the superintendent, be invested in obligations of or guaranteed by this state or the United States. Any income or earnings derived from such investments shall be deposited in the fund.

(d) The monies in the fund shall be paid on the order of the superintendent solely for reimbursement payments as provided in subsection (a) hereof after any investigation the superintendent deems appropriate to verify the correctness of the claim. Any balance remaining shall be retained by the superintendent in the fund and used only for the purpose of meeting future claims of the federal agency.

(e) The superintendent may at any time require any member to furnish information he deems necessary to determine if the member has complied with the provisions of this section.

(f) The comptroller shall have the power and authority to audit the accruals, the receipts, the payments and the expenditure of all monies of the fund.

*** § 5412. Additional powers of the association.** (a) As used in this article:

(1) "Commercial risk insurance", "public entity insurance" and "professional liability insurance" have the meanings ascribed to them by section one hundred seven of this chapter, except that motor vehicle

insurance and medical malpractice liability insurance are excluded from such meanings for purposes of this article;

(2) "Market" means a line, subline or classification (other than a classification delineated by geographic location) of property/casualty insurance not subject to subsection (b) of section two thousand three hundred five, section two thousand three hundred twenty-eight or section three thousand four hundred twenty-five of this chapter. Provided, however, a "market" shall also include homeowners insurance as defined in subsection (h) of section five thousand four hundred one of this article. A "market" shall also include mandatory minimum surety bonds required pursuant to section two hundred fifty-eight-b of the agriculture and markets law.

(b) The association shall begin, or resume after any suspension, its insurance underwriting operations for any market only after the superintendent has determined after a hearing on a record that it is necessary, due to unavailability of meaningful coverage in a particular voluntary market, to activate the association to write coverage for such market. In making a determination of necessity pursuant to this subsection, the superintendent may consider such factors as: the extent and nature of competition; size and significance of the coverage; availability of adequate limits of coverage; efficacy of any market assistance program administered by the superintendent including but not limited to actual placement of coverage through a voluntary market assistance program at the time such determination is to be made; reinsurance availability; extent of consumer complaints to the department of financial services; extent of denials and restrictions of coverage; volume of cancellations and nonrenewals; or changing conditions in the economic, judicial and social environment. If, after activating the association in regard to a particular market, the superintendent determines that ready availability of meaningful coverage in such voluntary market has been restored, the association shall thereupon suspend its underwriting in regard to such market. The superintendent shall, no later than October first, nineteen hundred eighty-six, activate the association to write particular markets in regard to public entities, unless the superintendent determines that activation is unnecessary because public entities are able to secure meaningful coverage in voluntary markets, including through any market

assistance program administered by the superintendent.

(c) The directors of the association, after consultation with the superintendent, shall forthwith prepare a plan of operation, subject to approval by the superintendent who shall act expeditiously thereon, and the directors shall take all other necessary steps on and after the effective date of this section to prepare for prompt implementation of the association's powers in the event that any market is activated by the superintendent pursuant to subsection (b) of this section. The directors of the association may, on their own initiative or at the request of the superintendent, amend the plan subject to approval by the superintendent. The superintendent may direct that the plan of operation, or amendments to such plan, shall include specified limits of coverage for particular markets activated.

(d) Upon activation by the superintendent of any market pursuant to subsection (b) of this section, all insurers (excluding assessment cooperative fire insurers) authorized to write and engaged in writing on a direct basis within this state commercial risk, public entity or professional liability insurance, including commercial multiple peril policies, shall participate as members in the association. Every such insurer shall be and remain a member of the association as a condition of its authority to continue to transact such insurance in this state. In addition to the credit provided pursuant to subsection (f) of section five thousand four hundred five of this article, the superintendent may by regulation provide for additional credits to such insurers that voluntarily provide a market for those risks that the superintendent determines to be extremely difficult to place in the voluntary market.

(e) The association shall with respect to any market activated by the superintendent pursuant to subsection (b) of this section issue policies in accordance with the association's plan of operation, and shall maintain separate accounts and records for premiums, losses, expenses and investment income attributable to such insurance. Assessments of insurers for expenses and any losses of the association in connection with such insurance shall be based on an insurer's net direct premiums attributable to the types of insurance specified in subsection (a) of this section. Rates shall be based upon loss and expense experience of the risks insured by the association pursuant to this section and shall be on an actuarially sound basis, calculated to be self-supporting at

the lowest possible rates consistent with the maintenance of solvency of the association and of reasonable reserves, surplus and expenses, including commissions. The provisions of subsection (d) of section five thousand four hundred five of this article shall not apply to insurance written pursuant to this section.

(f) The superintendent may also activate the association for purposes of providing excess or umbrella coverages in connection with a market. Hazards that the superintendent determines are uninsurable shall be excluded from coverages which the association is required to furnish.

(g) The provisions of this section shall cease to be of any force or effect on or after June thirtieth, two thousand twenty-nine, except that policies issued or other obligations incurred by the association shall not be impaired by the expiration of this section and the association shall continue for the purpose of servicing such policies and performing such obligations.

* NB Expires June 30, 2029

§ 5414. Coastal market assistance program (C-MAP). (a) The association shall create a coastal market assistance program to provide a voluntary mechanism whereby insurers and insurance agents and brokers facilitate efficient access to participating private market insurance companies for those personal residential property risks located in coastal areas.

(b) To provide the association with advice and assistance with the operations of the coastal market assistance program, a C-MAP agents advisory council shall be established, consisting of nine members appointed as follows: three members shall be appointed by the governor, two members shall be appointed by the temporary president of the senate, two members shall be appointed by the speaker of the assembly, one member shall be appointed by the minority leader of the senate, and one member shall be appointed by the minority leader of the assembly, provided however that each member shall be an insurance producer, as defined in article twenty-one of this chapter, who sells homeowners' insurance in an area served by the coastal market assistance program. The superintendent, or his or her designee, also may participate as an ex-officio member. Each member of such advisory council shall serve at the pleasure of the official who appointed such member.

(c) The association shall administer the coastal market assistance program. The association may, subject to approval of the superintendent, adopt reasonable eligibility standards for participation in the coastal market assistance program. At a minimum, properties eligible for the program shall be located within one mile of the shore. For purposes of this section, shore shall mean salt-water ocean, sound, bay, inlet, Lake Erie, Lake Ontario, the Saint Lawrence River, the Hudson River, or the Niagara River with distance measured from mean high water. The association may adopt additional or more expansive eligibility standards for participation in the coastal market assistance program.

(d) The C-MAP agents advisory council shall provide recommendations to the association for consideration by the board of directors. The board of directors shall promptly advise the superintendent, in writing, of any recommendations received from the C-MAP agents advisory council.

(e) The association shall study and may adopt a voluntary single adjuster program, under which a residence insured under both an association and a private market policy would have claims under both policies adjusted by the private market carrier. The association may adopt other incentives to encourage voluntary participation in the coastal market assistance program, subject to the approval of the superintendent.

ARTICLE 55

MEDICAL MALPRACTICE INSURANCE ASSOCIATION

Section 5501. Definitions.
5502. Medical malpractice insurance association.
5503. Plan of operation.
5504. Policies.
5505. Rates.
5506. Procedures.
5507. Participation.
5508. Directors.
5509. Stabilization reserve fund.
5510. Appeals.
5511. Annual statement.
5512. Examinations.

5513. Immunity.
5515. Federal program.
5516-d. Further transfer of association funds.
5516-f. Further transfer of moneys of the association.
5517. Transfer of association funds; reinsurance evaluation.
5517-a. Return of association premium.

§ 5501. Definitions. In this article:

(a) "Association" means the medical malpractice insurance association.

(b) "Medical malpractice insurance" means insurance against legal liability of the insured, and against loss, damage, or expense incident to a claim of such liability arising out of the death or injury of any person due to medical, dental, podiatric, certified nurse-midwifery or hospital malpractice by any licensed physician, dentist, podiatrist, certified nurse-midwife, certified registered nurse anesthetist or hospital.

(c) "Hospital" means:

(1) Any facility defined as a hospital under section twenty-eight hundred one of the public health law and issued an operating certificate as a hospital or nursing home, and those distinct parts of a facility which are subject to the powers of visitation, examination, inspection and investigation of the department of mental hygiene which provide hospital or nursing home service.

(2) Any ambulance service which is registered or certified under article thirty of the public health law and which is designed and equipped to provide definitive acute medical care pursuant to rules and regulations of the commissioner of health in accordance with such article concerning the requirements for an advanced life support system. Such a service must include, but not be limited to, the provision of advanced life support services.

(3) Any community mental health center operated by a county, city, town or village, holding an operating certificate issued by an office of the department of mental hygiene.

(4) Any certified public or voluntary non-profit home care service agency which possesses a valid certificate of approval issued under article twenty-eight or thirty-six of the public health law.

(d) "Net direct premiums" means gross direct premiums written on personal injury liability insurance, including the liability component of multiple peril package policies as computed by the superintendent, less return premiums for the unused or unabsorbed portions of premium deposits.

(e) "Personal injury liability insurance" means all forms of insurance written under paragraph thirteen of subsection (a) of section one thousand one hundred thirteen of this chapter, including the liability component of multiple peril package policies.

§ 5502. Medical malpractice insurance association. (a) The medical malpractice insurance association is continued consisting of all insurers authorized to write and engaged in writing, within this state, on a direct basis, personal injury liability insurance but excluding assessment cooperative fire insurance companies transacting business pursuant to article sixty-six of this chapter. Every such insurer shall be and remain a member of the association as a condition of its authority to continue to transact personal injury liability insurance in this state.

(b) The association shall be a non-profit unincorporated association constituting a legal entity separate and distinct from its members. All funds and reserves of the association shall be separately held and invested. It shall maintain complete accounts of all monies received and all losses and expenses incurred in connection with its operations, including investment income on policyholder-supplied funds. For the purpose of any contributions required by insurers to the property/casualty insurance security fund pursuant to article seventy-six of this chapter, and for the purpose of the protection afforded policyholders by such fund, the association is an authorized insurer. The association shall include in the premiums charged for medical malpractice insurance an amount sufficient to offset any such contributions.

(c) (1) The purpose of the association is to provide, for the period July first, nineteen hundred seventy-five through June thirtieth, two thousand one, a market for medical malpractice insurance pursuant to this article and subject to regulation pursuant to section two thousand

three hundred seventeen of this chapter. If, after June thirtieth, two thousand one, the surcharges on premiums imposed pursuant to section forty, as amended, of chapter two hundred sixty-six of the laws of nineteen hundred eighty-six, by the superintendent to satisfy any actuarially projected deficiency that is attributable to the premium levels for policies providing coverage for physicians and surgeons medical malpractice for the periods commencing July first, nineteen hundred eighty-five and ending June thirtieth, two thousand one, are still in effect or may still be reasonably imposed, the association shall continue in existence until June thirtieth next following such time as such surcharges are no longer imposed or may no longer be reasonably imposed.

** (2) (A) The association shall, no later than December thirtieth, nineteen hundred ninety-nine, submit to the superintendent for approval a plan for the final dissolution of the association, including a transfer or extinguishment of all liabilities of the association and a plan for the servicing of existing policies of the association. The dissolution of the association and cessation of its activities shall be fully accomplished and the association shall be deemed dissolved at such time and under such conditions as the superintendent deems proper; provided, however, that all policies of insurance written by the association shall expire or be transferred prior to such dissolution.

(B) In the preparation of a plan for the final dissolution of the association, the board of directors of the association shall: (i) solicit proposed plans for the dissolution of the association from at least three outside entities; (ii) arrange for an independent actuarial review of the association, its operations, assets and liabilities; and (iii) recommend, by a majority vote of its board of directors, that proposal which maximizes the value of the association to the state. The association shall thereafter file all proposed plans, along with the plan recommended by the board, to the superintendent for approval.

(C) (i) The superintendent shall, by April thirtieth, two thousand, review all proposed plans, along with the recommended plan, filed by the board of directors of the association with the superintendent and may approve a plan of dissolution. The superintendent may determine to add provisions which may vary from those submitted by the association or delete others as proposed by the association or adopt an alternate plan.

Any plan of dissolution of the association which provides for the sale or transfer of its operations, assets and/or liabilities to a private entity shall do so net of any appropriated and encumbered amounts required by subsection (c) of section five thousand five hundred sixteen, subsection (c) of section five thousand five hundred sixteen-a, subsection (c) of section five thousand five hundred sixteen-b, subsection (c) of section five thousand five hundred sixteen-c and subsection (c) of section five thousand five hundred sixteen-e of this article and, in the event such plan is approved and implemented, such sections five thousand five hundred sixteen, five thousand five hundred sixteen-a, five thousand five hundred sixteen-b, five thousand five hundred sixteen-c, and five thousand five hundred sixteen-e are hereby deemed repealed. A public hearing shall be held to examine the proposed plan of dissolution, the plans reviewed, and the superintendent's recommended plan of approval. Such public hearing shall be held not later than thirty days prior to the superintendent's approval of that plan which maximizes the value of the association to the state while not impairing or impeding the operation of the voluntary medical malpractice insurance market or limiting the access to medical malpractice coverage for health care practitioners or facilities insured by the association. Upon approval, the superintendent shall certify the estimated amount of funds to be transferred pursuant to subsection (b) of section five thousand five hundred sixteen-f of this article and shall transmit such certification to the director of the division of the budget.

To assist in making such determination, the superintendent may appoint one or more qualified disinterested persons or institutions as consultants to advise on any matters related to the dissolution. The appointment of a consultant shall be in writing and shall set forth the duties and responsibilities of the consultant. The association shall provide access to the superintendent, and any consultants appointed by the superintendent, to its books and records and any information in its possession necessary to make valuations and determinations required by this section. For the purposes of this section, all expenses and costs associated with such appointment shall be deemed and considered expenses pursuant to section three hundred thirteen of this chapter.

(ii) (I) Any action challenging the validity of or arising out of acts

taken or proposed to be taken under this paragraph two of this subsection must be commenced within two months after a copy of the plan of final dissolution of the association, with the superintendent's approval endorsed thereon, has been filed in the office of the superintendent.

(II) In any action arising out of acts taken or proposed to be taken under this paragraph two of this subsection, the superintendent shall be entitled to, at any stage of the proceedings before final judgment, petition the court to give security for the costs and charges which may be incurred by the superintendent in connection with such action and by any other parties defendant in connection therewith or for which the superintendent or the association may become liable under this chapter, under any contract or otherwise by law, to which security the superintendent shall have recourse in such amount as the court having jurisdiction of such action shall determine upon termination of such action. The amount of security may thereafter from time to time be increased or decreased in the discretion of the court having jurisdiction of such action upon showing that the security provided has or may become inadequate or excessive.

(III) Any person aggrieved by any act taken or order, regulation, or rule issued pursuant to this paragraph two of this subsection may petition for judicial review of such acts taken or orders, regulations or rules, pursuant to the limitations period prescribed in clause (I) of item (ii) of this subparagraph. The petition shall be brought in the appellate division of the supreme court in the third judicial department. The jurisdiction of the appellate division of the supreme court in the third judicial department shall be exclusive and its judgment and order shall be final subject to review by the court of appeals in the same manner and form and with the same effect as provided for appeals in a special proceeding. All such proceedings shall be heard and determined by the appellate division and by the court of appeals as expeditiously as possible and with lawful precedence over other matters. Acts taken or orders, regulations or rules issued pursuant to this section shall not be stayed or enjoined except upon application to the appellate division of the supreme court in the third judicial department after notice to the superintendent and to the attorney general and upon a showing that the petitioner has a substantial likelihood of success

and will suffer irreparable harm if the stay or injunction is not granted.

(IV) Provided, however, that if a determination by a judicial proceeding prevents the final consummation of the determination by the superintendent that the association be dissolved, and if the amounts required to be transferred and deposited from the association to the miscellaneous special revenue fund pursuant to the requirements of section five thousand five hundred sixteen-f of this article are not in fact so transferred and deposited in the miscellaneous special revenue fund, then the provisions of subsections (a) through (f) of section nine thousand one hundred eleven-c of this chapter shall become operative and the tax imposed by subsections (a) through (e) of such section shall be imposed. Provided, further, however, that if there is thereafter a final judicial determination that the final consummation of the dissolution of the association may be effectuated, and the full transfer and deposit shall be made to the miscellaneous special revenue fund, then in such event the amount of the tax imposed and paid pursuant to the provisions of subsections (a) through (e) of section nine thousand one hundred eleven-c of this chapter shall be returned to the companies that paid such assessment on a pro rata basis, in a manner consistent with the procedures set forth in subsections (f) and (g) of section nine thousand one hundred eleven-c of this chapter.

* (D) Prior to July first, two thousand, the superintendent shall, after a public hearing to be held not less than thirty days before such promulgation, promulgate regulations prescribing a plan for the equitable distribution to authorized medical malpractice insurers writing such coverage in the state the insureds of the association and health care practitioners and facilities which are otherwise unable to secure coverage in the voluntary market following the dissolution of the association. Such plan shall provide that upon initial distribution to the voluntary market the insureds of the association receive policies in the voluntary market with provisions and at a rate which are at least as favorable to the insured as those which they would have received if they were issued a renewal policy by the association, provided, however, that subsequent to the initial distribution, the plan shall not be required to make available a second layer of excess medical malpractice insurance to insureds. Such plan shall also ensure that all health care

practitioners or facilities have access to medical malpractice insurance from an authorized insurer pursuant to the provisions of this chapter. Such plan may also provide for, and the superintendent may designate, in lieu of the plan for the equitable distribution of policies from the association and the availability of coverages to health care practitioners and facilities, a single entity or entities to provide such coverages consistent with such a plan if the superintendent determines that such entity or entities can provide the coverages necessary to meet the purposes and objectives of an equitable plan of distribution were it to have been effectuated. Notice of the hearing required by this subparagraph shall be no less than thirty days before the date of the hearing and shall include a summary of the plan proposed by the superintendent.

* NB Effective until July 1, 2028

* (D) Prior to July first, two thousand, the superintendent shall, after a public hearing to be held not less than thirty days before such promulgation, promulgate regulations prescribing a plan for the equitable distribution to authorized medical malpractice insurers writing such coverage in the state the insureds of the association and health care practitioners and facilities which are otherwise unable to secure coverage in the voluntary market following the dissolution of the association. Such plan shall provide that upon initial distribution to the voluntary market the insureds of the association receive policies in the voluntary market with provisions and at a rate which are at least as favorable to the insured as those which they would have received if they were issued a renewal policy by the association. Such plan shall also ensure that all health care practitioners or facilities have access to medical malpractice insurance from an authorized insurer pursuant to the provisions of this chapter. Such plan may also provide for, and the superintendent may designate, in lieu of the plan for the equitable distribution of policies from the association and the availability of coverages to health care practitioners and facilities, a single entity or entities to provide such coverages consistent with such a plan if the superintendent determines that such entity or entities can provide the coverages necessary to meet the purposes and objectives of an equitable plan of distribution were it to have been effectuated. Notice of the hearing required by this clause shall be no less than thirty days before

the date of the hearing and shall include a summary of the plan proposed by the superintendent.

* NB Effective July 1, 2028

** NB The plan referred to herein is Title 11 NYCRR, Chapter XX, Part 430

(d) Upon dissolution, the association shall not resume underwriting operations for physicians, dentists, podiatrists, certified nurse-midwives, certified registered nurse anesthetists or for hospitals respectively, until the superintendent, after consultation with the commissioner of health, has determined that medical malpractice insurance is not readily available for physicians, dentists, podiatrists, certified nurse-midwives, certified registered nurse anesthetists or for hospitals, as the case may be, in the voluntary market and has approved or promulgated a new plan of operation. If the superintendent determines during such period that insurance is readily available for physicians, dentists, podiatrists, certified nurse-midwives, certified registered nurse anesthetists or for hospitals, as the case may be, in the voluntary market, the superintendent shall not authorize its underwriting operations for the respective categories.

(e) The association shall, pursuant to the provisions of this article and the plan of operation with respect to medical malpractice insurance, have the power:

(1) To issue, or to cause to be issued, policies of insurance to physician, dentist and podiatrist applicants subject to primary limits specified in the plan of operation not in excess of one million dollars for each claimant under one policy and three million dollars for all claimants under one policy in any one year, and excess coverage as provided in this paragraph. Each applicant shall be entitled to purchase a policy providing primary limits not to exceed one million dollars for each claimant and three million dollars for all claimants in any one year. In addition, any applicant insured by the association in an amount equal to or greater than one million dollars for each claimant and three million dollars for all claimants in any one year, or any other applicant covered under a policy or policies providing such primary levels of insurance against liability for medical, dental or podiatric malpractice that is issued by an authorized insurer, shall be

entitled to purchase a policy from the association providing excess coverage of at least one million dollars per claimant and three million dollars for all claimants in any one year. The association shall, subject to the approval of the superintendent, make available, and if requested by the applicant, provide additional excess coverage in an amount requested by such applicant. With respect to the coverage required to be made available on and after July first, nineteen hundred eighty-five by this paragraph, the superintendent shall establish and promulgate rates to be charged for such excess coverage and additional excess coverage and shall require that the association accept payment for such coverage from the hospital excess liability pool pursuant to a payment schedule that is consistent with the receipt of funds by such pool from the hospital reimbursement system. Rates for excess coverage and additional excess coverage shall not be subject to the stabilization reserve fund charge established by section five thousand five hundred nine of this article.

(2) To issue, or cause to be issued, policies of insurance, including incidental liability coverages, to hospital applicants subject to limits specified in the plan of operation with limits not in excess of one million dollars for each claimant and ten million dollars for all claimants in any one year; provided that policies for coverage in excess of one million dollars for each claimant and three million dollars for all claimants in any one year shall be issued only upon the obtaining of reinsurance for such excess coverage for the term of the policy and the excess coverage shall remain in effect only so long as reinsurance is in effect. The association shall obtain such reinsurance, if available, for coverage in excess of one million dollars for each claimant and three million dollars for all claimants in any one year. If the association fails to obtain such reinsurance, the superintendent may order it to do so for the term of the policy from sources found by him to be available. The rates charged by the association for coverage in excess of three million dollars shall not be subject to prior approval by the superintendent, and shall equal the charges to the association for such reinsurance.

(3) To underwrite such insurance and to adjust and pay losses or to appoint service companies to perform those functions.

(4) To assume reinsurance from its members.

(5) To cede reinsurance.

(6) To make the lump sum payments provided for in subdivision (b) of section five thousand thirty-six of the civil practice law and rules and receive the periodic payments due under the annuity contract provided for therein.

§ 5503. Plan of operation. (a) The association shall operate in accordance with a plan of operation approved by the superintendent which provides for economic, fair and non-discriminatory administration and for the prompt and efficient provision of medical malpractice insurance.

(b) The plan shall contain other provisions including but not limited to preliminary assessment of all members for initial expenses necessary to commence operations, establishment of necessary facilities, management of the association, assessment of members to defray losses and expenses, service charges, acceptance and cession of reinsurance, appointment of servicing carriers or other servicing arrangements and procedures for determining amounts of insurance to be provided by the association.

(c) Amendments to the plan of operation may be made by the board of directors of the association, subject to the approval of the superintendent, or shall be made at the direction of the superintendent.

(d) The association shall be subject to the provisions of this chapter applicable to property/casualty insurers in the conduct of its business, in order to provide for the fair treatment of policyholders and claimants.

(e) The association shall make the lump sum payments provided for in subdivision (b) of section five thousand thirty-six of the civil practice law and rules and receive the periodic payments due under the annuity contract provided for therein.

§ 5504. Policies. (a) No policy form shall be used by the association unless it has been filed with the superintendent and either he has approved it, or thirty days have elapsed and he has not disapproved it as misleading or violative of public policy.

(b) (1) Except as provided in paragraph two of this subsection, no

cancellation notice or nonrenewal notice shall be effective unless the association at least forty-five days prior to the effective date of such cancellation or the end of the policy period, as the case may be, mails or delivers such notice to the insured at the address shown on the policy and to such insured's licensed representative.

(2) Where the cancellation is for nonpayment of premium or loss of license to practice or, if the insured is a hospital, it no longer possesses a valid operating certificate under section twenty-eight hundred one-a of the public health law, such cancellation notice must be mailed or delivered at least fifteen days prior to the effective date of the cancellation.

(3) Upon written request by an insured or such insured's licensed representative, the association shall mail or deliver loss information as provided in subsection (g) of section three thousand four hundred twenty-six of this chapter to such insured or such insured's licensed representative within ten business days of such request.

(4) All cancellation notices or nonrenewal notices shall state the grounds upon which the policy is cancelled or nonrenewed and that, upon written request of an insured or such insured's licensed representative, the association will furnish the facts on which the cancellation or nonrenewal is based. Grounds for nonrenewal shall be limited to the same grounds as for cancellation. All cancellation notices or nonrenewal notices shall also provide or be accompanied by a statement advising the insured of the availability of the loss information specified in subsection (g) of section three thousand four hundred twenty-six of this chapter.

(c) A policy of insurance issued by the association may be terminated other than for non-payment of premiums if the insured:

(1) Is not complying substantially with any term or condition of such contract.

(2) Has knowingly made, or caused to be made, any false statement or misrepresentation of a material fact for use in applying for insurance.

(3) Has failed to pay to the association all stabilization reserve fund charges.

(d) Any termination shall apply to care or services provided after the effective date of termination, except that insurance coverage may continue for up to thirty days after termination with respect to care or

services to patients which are a continuation of a treatment begun prior to the effective date of termination.

(e) Policies issued by the association shall provide at the insured's option for deductibles and for co-insurance. An applicant electing an option for a deductible or for co-insurance shall have the right to purchase an option under which the association shall not settle any claim under the policy without the consent of the insured. Any policy issued by the association without a deductible or co-insurance shall provide that the association shall have the sole authority to settle any claim up to policy limits without the consent of the insured.

(f) (1) The association shall issue or renew policies of medical malpractice insurance for physicians on a claims-made or occurrence basis, as prescribed by the superintendent by regulation.

(2) A claims-made policy shall contain the following provisions:

(A) if the insured has purchased a claims-made policy from an admitted insurer or the association for a period of five or more consecutive years and the insured, after attaining the age of sixty-five or older, retires permanently and totally from the practice of medicine or if the insured has purchased a claims-made policy for a period of ten or more consecutive years and the insured, after attaining the age of fifty-five or older, retires permanently and totally from the practice of medicine, the association shall, without charging an additional premium therefor at the time of, or subsequent to, such retirement, also cover all occurrences between the inception date of the first such consecutive policy from such association and such retirement date which, subsequent to the termination date, are reported in accordance with statutory and policy requirements;

(B) if the insured dies or becomes permanently disabled and unable to practice medicine while covered by such policy the association shall, without charging an additional premium therefor at the time of, or subsequent to, such event, also cover all occurrences between the inception date of the first such consecutive policy from such association and the death or disability of the insured, and

(C) the association shall make available and shall advise the insured of the availability and cost of coverage for occurrences between the inception date of the first such consecutive policy from such association and the termination of such policy which, subsequent to the

termination date, are reported in accordance with statutory and policy requirements, pursuant to such terms and conditions as may be specified by the superintendent by regulation. The insured shall have the option of purchasing such coverage either in a single payment or in three annual installments with an additional finance charge.

(3) Such regulation shall also provide that if the coverage of an insured who continues to practice in this state is transferred from an admitted insurer or the association to another admitted insurer or the association without any gap in coverage, the former entity shall pay over to the successor an actuarially appropriate dollar amount to provide for the requirements of paragraph two of this subsection, and the insured shall be entitled to the benefits of this provision as if such insured had been continuously covered by the successor entity during the entire period of consecutive years of coverage.

(4) Such regulation shall also provide that if the coverage of an insured is transferred from the association, if the association is in liquidation, to an admitted insurer not in liquidation without any gap in coverage, then the successor entity shall accept the amounts payable from the property-casualty insurance security fund as provided in subparagraph (G) of paragraph one of subsection (a) of section seven thousand six hundred three of this chapter, to provide for the requirements of paragraphs two and three of this subsection, and the insured shall be entitled to the benefits of such paragraphs as if such insured had been continuously covered by the successor entity during the entire period of consecutive years of coverage.

(5) The association may issue a claims-made policy with more liberal policy provisions than are required in this subsection, subject to the approval of the superintendent. Such liberal policy provisions may include but shall not be limited to a provision which, for all of the policyholders of the association, grants credits toward the cost of coverage provided in paragraph two of this subsection in proportion to the number of years the insured has purchased a claims-made policy.

§ 5505. Rates. (a) The rates, rating plans, rating rules, rating classifications, territories and statistics applicable to the insurance written by the association shall be subject to article twenty-three of

this chapter, giving due consideration to the past and prospective loss and expense experience for medical malpractice insurance written and to be written in this state, trends in the frequency and severity of losses, the investment income of the association, and such other information as the superintendent may require.

(b) All rates shall be on an actuarially sound basis, be calculated to be self-supporting, be based upon reasonable standards, and may give consideration to such factors as the experience of the insured, geographical area and specialties of practice. The superintendent shall take all appropriate steps to make available to the association the loss and expense experience of insurers previously writing medical malpractice insurance in this state. The premiums shall be fixed at the lowest possible rates consistent with the maintenance of solvency of the association and of reasonable reserves and surplus therefor.

(c) The association's rates, rating plans, rating rules and rating classifications may provide for premium discounts for physicians, dentists, certified nurse-midwives, certified registered nurse anesthetists or podiatrists commencing practice or conducting a limited practice as set forth in the plan of operation.

(d) In filing rates, the association may include in its experience the annuity payments received, the then present value of annuity payments to which it is entitled, and lump sum payments made by the association in accordance with subdivision (b) of section five thousand thirty-six of the civil practice law and rules.

§ 5506. Procedures. (a) Any licensed physician, dentist, podiatrist, certified nurse-midwife, certified registered nurse anesthetist or hospital is entitled to apply to the association for coverage pursuant to this article. Application may be made directly to the association by the applicant, in which event no service fee shall be charged. If the applicant authorizes a broker or agent to make the application, the only charge for such service shall be a service fee as limited by the plan of operation and in compliance with the procedure established in subsections (c) and (d) of section two thousand one hundred nineteen of this chapter.

(b) A policy shall be issued when the association determines that the

applicant is duly licensed and receives the premium or the portion prescribed in the plan of operation.

§ 5507. Participation. (a) Every member of the association shall participate in its writings, expenses, servicing allowance, management fees and losses in the proportion that the net direct premiums of the member (excluding that portion of premiums attributable to the operation of the association) written during the preceding calendar year bears to the aggregate net direct premiums written in this state by all members of the association. Each member's participation in the association shall be determined annually on the basis of such net direct premiums written during the preceding calendar year, as reported in the annual statements and other reports filed by the member with the superintendent.

(b) In the event that sufficient funds are not available for the payment of losses and expenses incurred under policies issued by the association, the board of directors may require all members to contribute, on a temporary basis pending recoupment as provided in subsection (c) of this section, to the financial requirements of the association in the manner provided for in subsection (a) of this section.

(c) Any contribution made by members pursuant to subsection (b) of this section shall be reimbursed to them by payment from the stabilization reserve fund pursuant to the plan of operation.

§ 5508. Directors. (a) The association shall be governed by a board of twenty-one directors. The superintendent or his duly authorized representative shall serve as a non-voting director. Two directors shall be appointed by the governor. Two directors shall be appointed by the temporary president of the senate and two directors shall be appointed by the speaker of the assembly. Eight directors shall be elected by cumulative voting by the members of the association, whose votes in such election shall be weighted in accordance with each member's net direct premiums written during the preceding calendar year. Four directors shall be appointed by the superintendent as representatives of physicians and hospitals. The superintendent shall also appoint two

directors as representatives of the public, who shall not be representatives of physicians or hospitals, or representatives of insurers or insurance producers. The eight member companies serving on the board shall be elected annually at a meeting of the members.

(b) The directors shall serve without compensation but shall be reimbursed for their actual and necessary expenses incurred in the performance of their duties under this article.

§ 5509. Stabilization reserve fund. (a) The association shall maintain a stabilization reserve fund. The fund shall be used for payment to the association of any deficit, or for reimbursement to the association's members for payment of any deficit arising out of the operations of the association or for such other purposes as are provided for in this section. Except in the case of a premium payment made pursuant to subsection (c) of this section, a deficit shall exist whenever the sum of the premiums collected by the association and the investment income on policyholder supplied funds is exhausted in payment of the association's administrative expenses, reserves for loss, reserve for loss adjustment expenses, loss and loss adjustment expenses, and taxes.

(b) Each qualified health care provider policyholder shall annually pay to the association a stabilization reserve fund charge in an amount equal to twenty percent of the annual premium charge until the net value of the fund exceeds fifty million dollars. Thereafter, such charges shall be made only when the net value of the fund is less than twenty-five million dollars and shall continue annually until the net value of the fund exceeds fifty million dollars. There shall be no stabilization reserve fund charge payable or receivable in connection with determining the actuarially appropriate amounts for the provision of coverage to comply with the transfer requirements of subsections (c) and (d) of section three thousand four hundred thirty-six and paragraphs three and four of subsection (f) of section five thousand five hundred four of this chapter. There shall be no stabilization reserve fund charge payable if the net value of the fund is less than fifty million dollars due to a transfer pursuant to subsections (c) and (d) of this section.

(c) In addition to those purposes provided for in subsection (a) of this section, the stabilization reserve fund shall also be used for the payment of premiums for excess or equivalent excess coverage provided pursuant to the program established by chapter two hundred sixty-six of the laws of nineteen hundred eighty-six, as amended, for the period of coverage between July first, two thousand and June thirtieth, two thousand one.

(d) The association and such officers and directors thereof responsible for the custody and investment of the stabilization reserve fund shall transfer from such fund and deposit to the hospital excess liability pool created pursuant to section eighteen of chapter two hundred sixty-six of the laws of nineteen hundred eighty-six such amounts as directed by the superintendent for the purchase of excess or equivalent excess coverage for eligible participating physicians and dentists for the policy year July first, two thousand to June thirtieth, two thousand one, and the cost of administering the hospital excess liability pool for such applicable policy year, pursuant to the program established in chapter two hundred sixty-six of the laws of nineteen hundred eighty-six, as amended, no later than July fifteenth, two thousand.

Notwithstanding any other provision of law, no director, officer, or employee of the association, nor the association, nor any public officer or employee, nor any actuary, attorney, or advisor to the association or to the superintendent shall incur or suffer any liability whatsoever to any person by reason of actions taken pursuant to this section. Any action which could have been brought against any of the persons or parties or entities noted herein, but for the provisions of this section, shall be brought against the state.

(e) Upon termination of the association and the discharge of all of its liabilities any excess funds remaining in the stabilization reserve fund shall be distributed to the policyholders of the association in an equitable manner as set forth in the plan of operation.

§ 5510. Appeals. Any applicant to the association, any person insured under this article, or their representatives, or any affected insurer,

may appeal to the superintendent within thirty days after any ruling, action or decision by or on behalf of the association, with respect to those items the plan of operation defines as appealable matters.

§ 5511. Annual statement. (a) The association shall annually file a statement in the office of the superintendent on or before the first day of March. The statement shall be in a form approved by and contain information prescribed by the superintendent with respect to its transactions, condition, operations and affairs during the preceding year.

(b) The superintendent may, at any time, require the association to furnish additional information with respect to its transactions, condition or any matter connected therewith which he considers to be material and which will assist him in evaluating the scope, operation and experience of the association.

(c) The association shall include as an asset the then present value of annuity payments to which it is entitled in accordance with subdivision (b) of section five thousand thirty-six of the civil practice law and rules.

§ 5512. Examinations. (a) The superintendent shall make an examination into the affairs of the association at least annually. The examination shall be conducted and the report filed in the manner prescribed in article three of this chapter.

(b) The expenses of the examination shall be paid by the association in the manner prescribed by section three hundred thirteen of this chapter.

§ 5513. Immunity. No liability or cause of action shall exist against the association, its agents or employees, the superintendent or his authorized representatives or any licensed agent or broker for any statements made in good faith by them during any proceedings or concerning any matters within the scope of this article.

§ 5515. Federal program. In addition to any other powers conferred upon him by this or any other law, the superintendent is authorized to do all things necessary to enable this state, the association and members and policyholders of the association to participate fully in any federal program of reinsurance adopted for purposes similar to the purposes of this article.

§ 5516-d. Further transfer of association funds. Notwithstanding any other provision of law, the association and all officers and directors with responsibility for custody or investment of the association's assets are authorized and directed to further transfer and deposit six million dollars to the credit of the medical assistance program general fund - local assistance account before January first, nineteen hundred ninety-six.

§ 5516-f. Further transfer of moneys of the association. (a) Notwithstanding any other provision of law, the association and all officers and directors with responsibility for custody or investment of the association's assets are authorized and directed to further transfer and deposit two hundred fifty million dollars to the miscellaneous special revenue fund on or before September thirtieth, nineteen hundred ninety-nine.

(b) Notwithstanding any other provision of law, the association and all officers and directors with responsibility for custody or investment of the association's assets are authorized and directed to further transfer and deposit all revenues generated pursuant to the association's dissolution pursuant to paragraph two of subsection (c) of section five thousand five hundred two of this article to the miscellaneous special revenue fund on or before December thirtieth, two thousand.

(c) Notwithstanding any other provision of law, no director, officer or employee of the association, nor the association, nor any public officer or employee, nor any actuary, attorney, or advisor to the association or to the superintendent shall incur or suffer any liability

whatsoever to any person by reason of actions taken pursuant to authorizations or directions of the provisions of subsections (a) or (b) of this section pursuant to which any of the moneys of the association are transferred to the miscellaneous special revenue fund. Any action which could have been brought against any of the persons or parties or entities noted herein, but for the provisions of this section, shall be brought against the state.

§ 5517. Transfer of association funds; reinsurance evaluation. (a) In the event that the association has not caused the transfer of certain assets on or before May first, nineteen hundred ninety-two, pursuant to the provisions of section fifty-five hundred sixteen of this article, the board shall undertake an evaluation of the procurement of reinsurance, upon so much of its book of business as is attributable to policies of excess coverage or equivalent excess coverage purchased on behalf of physicians and dentists, as is authorized by paragraph five of subsection (e) of section fifty-five hundred two of this article, specifically assessing the ability of any such reinsurance program to yield such funds as are necessary to effectuate the transfer of assets, in the form and amount provided for in section fifty-five hundred sixteen of this article.

(b) Any such plan of reinsurance developed pursuant to the evaluation undertaken pursuant to subsection (a) of this section shall be subject to the final, non-reviewable determination of the superintendent as to its sufficiency in meeting the objectives provided for in section fifty-five hundred sixteen of this article, that the plan of reinsurance provides for the ceding of risks to one or more reinsurers approved by the superintendent, that the plan of reinsurance in no way adversely affects the solvency of the association, and that the plan of reinsurance to be effectuated through the association's engaging one or more such reinsurers in a contract for the ceding of risk not later than July first, nineteen hundred ninety-two.

(c) The amounts provided for in section fifty-five hundred sixteen of this article, constituting the assets to be transferred, shall be transferred not later than August first, nineteen hundred ninety-two and only after actuarial certification that such assets constitute "surplus

surplus", or that portion of surplus not otherwise necessary for the payment of claims. Upon such certification of such assets as "surplus surplus", and not otherwise necessary for the payment of claims, such assets shall be transferred not later than the date provided for herein. Such transfer shall be deemed to be a transfer authorized by subsection (a) of section five thousand five hundred sixteen of this article.

(d) In the event that the association has failed to comply with the provisions of this section by the time periods provided for herein, the association shall be prohibited from pursuing any such reinsurance plan as a method of averting the imposition of the provisions of section ninety-one hundred ten of this chapter.

§ 5517-a. Return of association premium. (a) Notwithstanding any inconsistent provision of this chapter or any other law to the contrary, if the superintendent determines, for policies of excess coverage or equivalent excess coverage issued by the association and purchased on behalf of eligible participating physicians and dentists, that the rates established pursuant to subdivision one of section forty of chapter two hundred sixty-six of the laws of nineteen hundred eighty-six, as amended, have produced premium amounts greater than required to satisfy the standard that premiums shall be fixed at the lowest possible rates consistent with the maintenance of solvency and of reasonable reserves and surplus therefor, then the superintendent shall direct the association and all officers and directors of the association with responsibility for custody or investment of the association's assets to return a portion of such premium to the purchaser in an amount not less than the estimated cost of all premiums necessary for the purchase of excess or equivalent excess coverage for eligible participating physicians and dentists for the policy year July first, nineteen hundred ninety-seven to June thirtieth, nineteen hundred ninety-eight, for the policy year July first, nineteen hundred ninety-eight to June thirtieth, nineteen hundred ninety-nine, for the policy year July first, nineteen hundred ninety-nine to June thirtieth, two thousand, and if the superintendent deems it necessary, for the policy year July first, two thousand to June thirtieth, two thousand one, and the cost of administering the hospital excess liability pool for such applicable

policy year. Following such determination, the superintendent shall deliver to the association a schedule providing payment in twelve monthly installments for the return of such premium due for the policy year July first, nineteen hundred ninety-seven to June thirtieth, nineteen hundred ninety-eight, no later than September first, nineteen hundred ninety-seven, for the return of such premium due for the policy year July first, nineteen hundred ninety-eight to June thirtieth, nineteen hundred ninety-nine, no later than September first, nineteen hundred ninety-eight, and for the return of such premium due for the policy year July first, nineteen hundred ninety-nine to June thirtieth, two thousand, no later than September first, nineteen hundred ninety-nine and for the policy year July first, two thousand to June thirtieth, two thousand one, no later than September first, two thousand. Payment to the purchaser for the policy year shall be made prior to the end of the applicable policy year. Upon the association's receipt of notice of such determination and delivery of such schedule, the association and all officers and directors of the association with responsibility for custody or investment of the association's assets are hereby authorized and directed to return the portion of such premium amounts to the purchaser according to such schedule. For policies of excess or equivalent excess coverage provided pursuant to section eighteen of chapter two hundred sixty-six of the laws of nineteen hundred eighty-six, as amended, the hospital excess liability pool created pursuant to subdivision five of section eighteen of such chapter shall be deemed to be the purchaser. The premium levels for excess coverage established by the superintendent shall, for the purpose of determining any projected deficiency as the basis for imposing a surcharge pursuant to subdivision one of section forty of such chapter as amended, be modified to reflect any such return of premium directed by the superintendent.

(b) Notwithstanding any other provision of law, no director, officer or employee of the association, nor the association, nor any public officer or employee, nor any actuary, attorney, or advisor to the association or to the superintendent shall incur or suffer any liability whatsoever to any person by reason of actions taken pursuant to this section. Any action which could have been brought against such director, officer or employee, or against such public officer or employee, or

against such actuary, attorney or advisor, or against the association, but for the provisions of this section, shall be brought against the state.

ARTICLE 56

HEALTH CARE ARBITRATIONS

Section 5601. Definitions.
5602. Professional liability policies; arbitration coverage.
5603. Arbitration administration fund and expenses.
5604. Arbitration forms, brochures, and materials.
5605. Review of health maintenance organization arbitration experience.

§ 5601. Definitions. In this article: "arbitration administrator" and "hospital" have the same meaning as such terms in article seventy-five-A of the civil practice law and rules.

§ 5602. Professional liability policies; arbitration coverage. Any professional liability policy issued or delivered in the state that provides coverage for physicians, dentists, health maintenance organizations, hospitals or health care providers shall be deemed to include coverage for and defense of claims subject to arbitration pursuant to section thirty hundred forty-five or article seventy-five-A of the civil practice law and rules or section forty-four hundred six-a of the public health law.

§ 5603. Arbitration administration fund and expenses. (a) There is established within the department an arbitration administration fund which shall be considered to be an expense of the department and shall be funded by order of the superintendent, pursuant to section two hundred six of the financial services law in such amount as shall be sufficient to defray the actual administrative expenses of the department and the arbitration administrator for the projected number of

arbitration proceedings for a twelve-month period, after taking into consideration any excessive or insufficient amounts from the previous assessments, any appropriation of public funds for this purpose and any funds collected from claimants participating in the arbitration. If the amount assessed for any twelve-month period is insufficient to defray expenses during that period, a further assessment may be ordered by the superintendent. The arbitration administrator shall establish reasonable fees for claimants who participate in the arbitration, subject to the approval of the superintendent.

(b) The administrative expenses shall include but not be limited to the costs of arbitrators, the arbitration administrator and the department.

§ 5604. Arbitration forms, brochures, and materials. The arbitration administrator shall submit to the superintendent, for review and approval, required forms of agreement and explanatory brochures and materials to be used for the arbitrations authorized by section forty-four hundred six-a of the public health law and article seventy-five-A of the civil practice law and rules.

§ 5605. Review of health maintenance organization arbitration experience. No health maintenance organization shall offer enrollees the option of electing arbitration of claims pursuant to section forty-four hundred six-a of the public health law without notifying the superintendent of an intention to offer the arbitration option and obtaining the superintendent's approval. The superintendent shall approve such requests, subject to the limitations of this section and in a manner that allows for sufficient geographical and program diversity to permit an effective evaluation of the arbitration experience. The superintendent of financial services shall require health maintenance organizations to submit, on a quarterly basis, information concerning the numbers of enrollees who elect the arbitration option, along with such other information as the superintendent may require. Notwithstanding the provisions of section forty-four hundred six-a of the public health law, no health maintenance organization shall permit

new enrollees to elect the arbitration of claims after December first, nineteen hundred ninety-one or after such organizations have been notified by the superintendent that five hundred thousand persons have elected to arbitrate claims, whichever event first occurs. Within one hundred twenty days of such date or event, the superintendent shall submit a report to the governor and the legislature describing the experience of health maintenance organization enrollee arbitration and including any recommendations for the future of such program.

ARTICLE 59
RISK RETENTION GROUPS AND PURCHASING GROUPS

Section 5901. Title and purpose.
5902. Definitions.
5903. Domestic risk retention groups.
5904. Risk retention groups not chartered in this state.
5905. Risk retention groups; notice, prohibited solicitation, coverage and ownership.
5906. Security funds and compulsory associations.
5907. Purchasing groups; exemption from certain laws.
5908. Notice and registration requirements of purchasing groups.
5909. Restrictions on insurance obtained by purchasing groups.
5910. Administrative and procedural authority regarding risk retention groups and purchasing groups.
5911. Insurance agents, insurance brokers and excess line brokers.
5912. Binding effect of orders issued in United States district court.
5913. Financial responsibility.

§ 5901. Title and purpose. This article may be cited as the "risk retention groups and purchasing groups act." The purpose of this article is to regulate the formation and/or operation in this state of risk retention groups and purchasing groups formed pursuant to the provisions of the federal Liability Risk Retention Act of 1986 (Public Law 99 - 563), to the extent permitted by such law.

§ 5902. Definitions. The terms used in this article shall have the meanings set forth in this chapter, except to the extent added or modified by the following:

(a) "Commissioner" means the commissioner, director or superintendent of financial services in any other state.

(b) "Completed operations liability" means liability arising out of the installation, maintenance, or repair of any product at a site which is not owned or controlled by:

(1) any person who performs that work; or

(2) any person who hires an independent contractor to perform that work;

but shall include liability for activities which are completed or abandoned before the date of the occurrence giving rise to the liability.

(c) "Domicile", for purposes of determining the state in which a purchasing group is domiciled, means:

(1) for a corporation, the state in which the purchasing group is incorporated; and

(2) for an unincorporated entity, the state of its principal place of business.

(d) "Financially impaired" means a risk retention group:

(1) whose admitted assets are less than the sum of its aggregate liabilities and the amount of surplus to policyholders required to be maintained by a domestic risk retention group authorized to do the same kind or kinds of insurance; or

(2) whose admitted assets are less than the sum of its aggregate liabilities and outstanding capital stock; or

(3) which is insolvent.

(e) "Hazardous financial condition" means that, based on its present or reasonably anticipated financial condition, a risk retention group, although not yet financially impaired, is unlikely to be able:

(1) to meet obligations to policyholders with respect to known claims and reasonably anticipated claims; or

(2) to pay other obligations in the normal course of business.

(f) "Insolvent" means a risk retention group whose admitted assets are

less than the aggregate amount of its liabilities.

(g) "Insurance" means primary insurance, excess insurance, reinsurance, excess line insurance, and any other arrangement for shifting and distributing risk which is determined to be insurance under the laws of this state.

(h) "Liability" means legal liability for damages (including costs of defense, legal costs and fees, and other claims expenses) because of injuries to other persons, damage to their property, or other damage or loss to such other persons resulting from or arising out of:

(1) (A) any business (whether profit or nonprofit), trade, product, services (including professional services), premises, or operations; or

(B) any activity of any state or local government, or any agency or political subdivision thereof; and

(2) does not include personal risk liability and an employer's liability with respect to its employees other than legal liability under the Federal Employers' Liability Act (45 U.S.C. § 51 et seq.).

(i) "Located" or "location", for purposes of determining the state in which a purchasing group is located, shall be defined in regulations promulgated by the superintendent which shall not be inconsistent with the Federal Liability Risk Retention Act of 1986 and amendments thereto.

(j) "Personal risk liability" means liability for damages because of injury to any person, damage to property, or other loss or damage resulting from any personal, familial, or household responsibilities or activities, rather than from responsibilities or activities referred to in subsection (h) of this section.

(k) "Plan of operation or feasibility study" means an analysis which presents the expected activities and results of a risk retention group making application to become chartered and licensed as a domestic property/casualty insurer in this state, including at least the following:

(1) information sufficient to verify that its members are engaged in businesses or activities similar or related with respect to the liability to which such members are exposed by virtue of any related, similar, or common business, trade, product, services, premises or operations;

(2) for each state in which it intends to operate, the coverages, deductibles, coverage limits, rates, and rating classification systems

for each kind of insurance the group intends to offer;

(3) historical and expected loss experience of the proposed members and national experience of similar exposures to the extent that this experience is reasonably available;

(4) pro forma financial statements and projections;

(5) appropriate opinions by a qualified, independent casualty actuary, including a determination of minimum premium or participation levels required to commence operations and to prevent the development of a hazardous financial condition;

(6) identification of management, underwriting and claims procedures, marketing methods, managerial oversight methods, investment policies and reinsurance agreements;

(7) identification of each state in which the risk retention group has obtained, or sought to obtain, a charter and license, and a description of its status in each state; and

(8) such other matters as may be prescribed by the commissioner of the state in which the risk retention group is chartered for liability insurance companies authorized by the insurance laws of the state.

(l) "Product liability" means liability for damages because of any personal injury, death, emotional harm, consequential economic damage, or property damage (including damages resulting from the loss of use of property) arising out of the manufacture, design, importation, distribution, packaging, labeling, lease, or sale of a product, but does not include the liability of any person for those damages if the product involved was in the possession of such a person when the incident giving rise to the claim occurred.

(m) "Purchasing group" means any group formed pursuant to the federal liability risk retention act of 1986 which:

(1) has as one of its purposes the purchase of liability insurance on a group basis;

(2) purchases such insurance only for its group members and only to cover their similar or related liability exposure, as described in paragraph three of this subsection;

(3) is composed of members whose businesses or activities are similar or related with respect to the liability to which members are exposed by virtue of any related, similar, or common business, trade, product, services, premises, or operations; and

(4) is domiciled in any state.

(n) "Risk retention group" means any corporation or other limited liability association formed pursuant to the federal liability risk retention act of 1986:

(1) whose primary activity consists of assuming and spreading all, or any portion, of the liability exposure of its group members;

(2) which is organized for the primary purpose of conducting the activity described under paragraph one of this subsection;

(3) which:

(A) is chartered and licensed as a liability insurance company and authorized to engage in the business of insurance under the laws of any state; or

(B) before January first, nineteen hundred eighty-five, was chartered or licensed and authorized to engage in the business of insurance under the laws of Bermuda or the Cayman Islands and, before such date, had certified to the insurance commissioner of at least one state that it satisfied the capitalization requirements of such state, except that any such group shall be considered to be a risk retention group only if it has been engaged in business continuously since such date and only for the purpose of continuing to provide insurance to cover product liability or completed operations liability;

(4) which does not exclude any person from membership in the group solely to provide for members of such a group a competitive advantage over such a person;

(5) which:

(A) has as its owners only persons who comprise the membership of the risk retention group and who are provided insurance by such group; or

(B) has as its sole owner an organization which has as its members only persons who comprise the membership of the risk retention group and which organization has as its owners only persons who comprise the membership of the risk retention group and who are provided insurance by the risk retention group;

(6) whose members are engaged in businesses or activities similar or related with respect to the liability of which such members are exposed by virtue of any related, similar, or common business trade, product, services, premises or operations;

(7) whose activities do not include the provision of insurance other

than:

(A) liability insurance for assuming and spreading all or any portion of the liability of its group members; and

(B) reinsurance with respect to the liability of any other risk retention group (or any member of such other risk retention group) which is engaged in businesses or activities which meet the requirement described in paragraph six of this subsection for membership in the risk retention group which provides such reinsurance; and

(8) the name of which includes the phrase "risk retention group".

(o) "State" means any state of the United States or the District of Columbia.

(p) "Superintendent" means the superintendent of financial services of this state.

§ 5903. Domestic risk retention groups. (a) A domestic risk retention group shall, pursuant to the provisions of this chapter, be chartered and licensed as a domestic property/casualty insurer to write only liability insurance pursuant to this article and, except as provided elsewhere in this article, shall comply with all of the laws, regulations and orders applicable to property/casualty insurers organized and licensed in this state.

(b) Before it may offer insurance in any state, each domestic risk retention group shall submit to the superintendent for approval a plan of operation or feasibility study, and shall also submit a completed National Association of Insurance Commissioners risk retention report form to the superintendent. Such group shall submit an appropriate revision in the event of any subsequent material change in any item of the plan of operation or feasibility study within ten days of any such change. Such group shall not offer any additional kinds of liability insurance in any state until a revision of the plan or study has been approved by the superintendent.

(c) The submission of a plan of operation or feasibility study shall not be required with respect to any kind or classification of liability insurance which was:

(1) defined in the federal Product Liability Risk Retention Act of 1981 (Public Law 97-45) before October twenty-seventh, nineteen hundred

eighty-six; and

(2) offered before such date by any risk retention group which had been chartered and operating for not less than three years before such date.

(d) Immediately upon receipt of any application for licensing as a domestic risk retention group, the superintendent shall provide summary information concerning the filing to the National Association of Insurance Commissioners.

(e) The name under which a domestic risk retention group may be chartered and licensed shall be a brief description of its membership followed by the phrase "Risk Retention Group", and, unless its membership consists solely of insurers, shall not include the use of the terms "insurance", "insurance company", "mutual", "reciprocal", or any similar terms.

§ 5904. Risk retention groups not chartered in this state. A risk retention group not chartered and licensed as a property/casualty insurer in this state, seeking to do business or doing business as a risk retention group in this state, shall comply with the laws of this state, as follows:

(a) Notice of operations and designation of superintendent as agent. Before offering insurance in this state, such risk retention group shall submit to the superintendent:

(1) a statement identifying the state or states in which the risk retention group is chartered and licensed as an insurance company to write liability insurance, the dates of chartering and licensing, and its principal place of business;

(2) a copy of its plan of operation or feasibility study and all revisions of such plan or study submitted to its chartering and licensing state; provided, however, that the provision relating to the submission of a plan of operation or feasibility study shall not apply with respect to any kind or classification of liability insurance which was:

(A) defined in the federal Product Liability Risk Retention Act of 1981 before October twenty-seventh, nineteen hundred eighty-six; and

(B) offered before such date by any risk retention group which had

been chartered and was operating for not less than three years before such date; and

(3) a statement of registration, for which a filing fee shall be imposed in accordance with a regulation to be promulgated by the superintendent, which statement of registration shall include a power of attorney designating the superintendent as its agent for the purpose of receiving service of process in any proceeding against it on a contract delivered or issued for delivery, or on a cause of action arising, in this state.

(A) The power of attorney shall be accompanied by written designation of the name and address of the officer, agent, or other person to whom such process shall be forwarded by the superintendent or his deputy on behalf of such risk retention group. In the event such designation is changed, a new certificate of designation shall be filed with the superintendent within ten days of such change.

(B) Service of process upon a risk retention group pursuant to this paragraph shall be made by serving the superintendent, any deputy superintendent or any salaried employee of the department whom the superintendent designates for such purpose with two copies thereof and the payment of a fee of twenty dollars. The superintendent shall forward a copy of such process by registered or certified mail to the risk retention group at the address given in its written certificate of designation, and shall keep a record of all such process served. Service of process so made shall be deemed made within the territorial jurisdiction of any court in this state.

(b) Financial condition. Any such risk retention group doing business in this state, shall submit to the superintendent:

(1) a copy of the annual financial statement submitted to the state in which the risk retention group is chartered and licensed, which shall be certified by an independent public accountant and contain a statement of opinion on loss and loss adjustment expense reserves made by a member of the American Academy of Actuaries or a qualified loss reserve specialist (under criteria established by the National Association of Insurance Commissioners):

(2) a copy of each examination of the risk retention group as certified by the commissioner or public official conducting the examination;

(3) upon request by the superintendent, a copy of any audit performed with respect to the risk retention group; and

(4) such information as may be required to verify its continuing qualification as a risk retention group.

(c) Taxation. (1) Any such risk retention group shall be liable for the payment of franchise taxes and taxes on premiums and shall report to the superintendent the gross direct premiums, less returns thereon, written on risks resident or located within this state. Any such risk retention group shall be deemed to be a licensed foreign insurer for the purposes of taxation, and any applicable fines and penalties related thereto.

(2) Whenever licensed insurance agents or insurance brokers place business with a risk retention group, such licensee shall report to the superintendent the premiums of direct business for risks resident or located within this state which they have placed with such risk retention group, and such licensee shall keep a complete and separate record of all policies procured from each such risk retention group, which record shall be open to examination by the superintendent, as provided in section three hundred ten of this chapter. These records shall, for each policy and each kind of insurance provided thereunder, include the following:

(A) the limit of liability;

(B) the time period covered;

(C) the effective date;

(D) the name of the risk retention group which issued the policy;

(E) the gross premium charged; and

(F) the amount of return premiums, if any.

(d) Compliance with unfair claims settlement practices law. Any such risk retention group and its agents and representatives shall comply with the unfair claims settlement practices provisions as set forth in section two thousand six hundred one of this chapter, and any regulations promulgated thereunder.

(e) Deceptive, false, or fraudulent acts or practices. Any such risk retention group shall comply with the deceptive, false or fraudulent act or practices provisions set forth in article twenty-four of this chapter, and any regulations promulgated thereunder.

(f) Examination regarding financial condition. Any such risk retention

group shall submit to an examination by the superintendent to determine its financial condition if the commissioner of the jurisdiction in which the group is chartered and licensed has not initiated an examination or does not initiate an examination within sixty days after a request by the superintendent. Any such examination shall be coordinated with other jurisdictions to the extent feasible in order to avoid unjustified repetition, and shall be conducted in an expeditious manner.

(g) Injunctions. Any such risk retention group shall comply with an injunction issued by a court of competent jurisdiction upon a petition by the superintendent that the risk retention group is in hazardous financial condition or financially impaired.

(h) Dissolution or article seventy-four proceedings. Any such risk retention group shall comply with any lawful order issued in a voluntary dissolution proceeding or in an article seventy-four proceeding commenced by the superintendent if there has been a finding, after an examination conducted pursuant to subsection (f) of this section, that such risk retention group is financially impaired.

(i) Operation prior to enactment of this article. In addition to complying with the requirements of this section, any such risk retention group operating in this state prior to the enactment of this article shall, within thirty days after the effective date of this article, comply with the provisions of subsection (a) of this section.

(j) Penalties. Any such risk retention group which violates any provision of this article shall be deemed to be a licensed foreign insurer for the purposes of assessing fines and penalties and the superintendent shall also have the authority to revoke such group's right to do business in this state.

§ 5905. Risk retention groups; notice, prohibited solicitation, coverage and ownership. (a) Notice to purchasers. (1) Every insurance policy issued by a risk retention group shall contain in ten point type on the front page and on the declaration page, the following notice:

NOTICE

This policy is issued by your risk retention group.
Your risk retention group may not be subject to all
of the insurance laws and regulations of your state.

State insurance insolvency guaranty funds are not available for your risk retention group.

(2) Every application for insurance from a risk retention group shall prominently contain a similar notice.

(b) Prohibited acts regarding solicitation or sale. The following acts by a risk retention group are prohibited:

(1) The solicitation or sale of insurance to any person who is not eligible for membership in such group; and

(2) The solicitation or sale of insurance by, or operation of, a risk retention group that is in a hazardous financial condition or is financially impaired.

(c) Prohibited coverage. The terms of any insurance policy issued or issued for delivery in this state by any such risk retention group shall not provide, or be construed to provide, coverage prohibited generally by statute of this state or declared unlawful by the highest court of this state whose law applies to such policy.

(d) Prohibition on ownership by an insurer. No risk retention group shall do business in this state if an insurer is directly or indirectly a member or owner of such risk retention group, other than in the case of a risk retention group all of whose members are insurers.

§ 5906. Security funds and compulsory associations. (a) No risk retention group shall be required or permitted to join or contribute financially to any insurance insolvency security fund, or similar mechanism, in this state, nor shall any risk retention group, or its insureds or claimants against its insureds receive any benefit from any such fund for claims arising under the insurance policies issued by such risk retention group.

(b) When a purchasing group obtains insurance covering its members' risks from an insurer not authorized in this state or a risk retention group, no such risks wherever resident or located shall be covered by any insurance insolvency security fund or similar mechanism in this state.

(c) The superintendent may require risk retention groups not chartered in this state to participate, and may exempt domestic risk retention groups from participation, in any mechanism established or authorized

under the law of this state for the equitable apportionment among insurers of liability insurance risks or of liability insurance losses and expenses incurred on policies written through such mechanism, and such risk retention groups shall submit sufficient information to the superintendent to enable the superintendent to apportion on a non-discriminatory basis the risk retention group's proportionate share of such risks or of such losses and expenses.

§ 5907. Purchasing groups; exemption from certain laws. A purchasing group and its insurer shall be subject to all applicable laws of this state, except that a purchasing group and its insurer shall be exempt, in regard to liability insurance for the purchasing group and any of its members, from any law that would:

(a) prohibit the establishment of a purchasing group;

(b) make it unlawful for an insurer to provide or offer to provide liability insurance on a basis providing, to a purchasing group or its members, advantages, based on their loss and expense experience, not afforded to other persons with respect to rates, policy forms, coverages or other matters;

(c) prohibit a purchasing group or its members from purchasing liability insurance on a group basis described in subsection (b) of this section;

(d) prohibit a purchasing group from obtaining liability insurance on a group basis because the group has not been in existence for a minimum period of time or because any member has not belonged to the group for a minimum period of time;

(e) require that a purchasing group must have a minimum number of members, common ownership or affiliation, or a certain legal form;

(f) require that a certain percentage of a purchasing group must obtain liability insurance on a group basis; or

(g) otherwise discriminate against a purchasing group or any of its members.

§ 5908. Notice and registration requirements of purchasing groups. (a) A purchasing group which intends to do business in this state shall,

prior to doing such business, furnish notice of such intention to the superintendent. This notice shall include the following information:

(1) the state in which the group is domiciled;

(2) the principal place of business of the group;

(3) the kinds and classifications of liability insurance which the purchasing group intends to purchase;

(4) the method by which, and the person or persons if any through whom, insurance will be offered to its members whose risks are resident or located in this state;

(5) the name and chartering jurisdiction of the insurer or risk retention group from which the purchasing group intends to purchase its insurance; and

(6) all other states in which the group intends to do business.

(b) A purchasing group shall, as to any subsequent changes in any of the items set forth in subsection (a) of this section, notify the superintendent within ten days of any such change.

(c) Each purchasing group which is required to give notice pursuant to subsection (a) of this section shall also furnish such information as may be required by the superintendent to:

(1) verify that the entity qualifies as a purchasing group; and

(2) determine compliance with any applicable state law.

(d) A purchasing group which does business in this state shall submit to the superintendent a statement of registration, for which a filing fee shall be imposed in accordance with a regulation to be promulgated by the superintendent, which statement of registration shall include a certified power of attorney designating the superintendent as its agent for the purpose of receiving service of legal documents or process.

(1) The power of attorney shall be accompanied by written designation of the name and address of the officer, agent, or other person to whom such legal documents or process shall be forwarded by the superintendent or his deputy on behalf of such purchasing group. In the event such designation is changed, a new certificate of designation shall be filed with the superintendent within ten days of such change.

(2) Service of legal documents or process upon a purchasing group pursuant to this subsection shall be made by serving the superintendent, any deputy superintendent or any salaried employee of the department whom the superintendent designates for such purpose with two copies

thereof and the payment of a fee of twenty dollars. The superintendent shall forward a copy of such legal documents or process by registered or certified mail to the purchasing group at the address given in its written certificate of designation, and shall keep a record of all legal documents or process so served upon him. Service of legal documents or process so made shall be deemed made within the territorial jurisdiction of any court in this state.

(3) The registration and designation requirement of this subsection shall not apply in the case of a purchasing group which only purchases insurance that was authorized under the Federal Product Liability Risk Retention Act of 1981; and

(A) was domiciled before April first, nineteen hundred eighty-six and is domiciled on or after October twenty-seventh, nineteen hundred eighty-six in any state;

(B) before October twenty-seventh, nineteen hundred eighty-six, purchased liability insurance only from an insurer licensed in any state and since October twenty-seventh, nineteen hundred eighty-six purchases its liability insurance only from an insurer licensed in any state; and

(C) before October twenty-seventh, nineteen hundred eighty-six, was a purchasing group under the requirements of the federal Product Liability Risk Retention Act of 1981.

(e) Any purchasing group which was doing business in this state prior to the enactment of this article shall, within thirty days after the effective date of this article, furnish notice to the superintendent pursuant to the provisions of subsection (a) of this section and furnish such information as may be required pursuant to subsections (b), (c) and (d) of this section.

§ 5909. Restrictions on insurance obtained by purchasing groups. (a) A purchasing group located in this state shall not purchase liability insurance from a risk retention group not chartered in a state or from an insurer not authorized in this state, unless the purchase is effected pursuant to section two thousand one hundred eighteen of this chapter through an excess line broker licensed pursuant to section two thousand one hundred five of this chapter, except where otherwise permitted pursuant to section two thousand one hundred seventeen of this chapter.

(b) The terms of any liability insurance policy issued or issued for delivery in this state to a purchasing group or any of its members shall not provide, or be construed to provide, insurance coverage prohibited generally by state statute or declared unlawful by the highest court of the state whose law applies to such policy. If the law of this state applies to an insurance policy obtained by a purchasing group, the terms of that policy shall not provide or be construed to provide insurance coverage prohibited generally by state statute or declared unlawful by the highest court of this state which has construed such coverage.

(c) A purchasing group which obtains liability insurance from an insurer not authorized in this state or a risk retention group shall inform each of the members of such group which have a risk resident or located in this state that such risk is not protected by an insurance insolvency security fund in this state, and that such risk retention group or such insurer may not be subject to all insurance laws and regulations of this state.

(d) No liability insurance policy issued or issued for delivery in this state to a purchasing group or a member of such group with a risk resident or located within this state shall provide for a deductible or self-insured retention shared among purchasing group members or applicable to the group itself.

§ 5910. Administrative and procedural authority regarding risk retention groups and purchasing groups. The superintendent is authorized to make use of any of the powers, established under this chapter to enforce the laws of this state, not specifically preempted by the federal Liability Risk Retention Act of 1986. Such powers include the superintendent's administrative authority to investigate, issue subpoenas, conduct depositions and hearings, issue orders, impose penalties and seek injunctive relief. With regard to any investigation, administrative proceeding, or litigation, the superintendent may rely on the procedural law and regulations of this state.

§ 5911. Insurance agents, insurance brokers and excess line brokers. (a) The provisions of article twenty-one of this chapter shall apply to

any risk retention group not chartered and licensed in this state as a property/casualty insurer but which is doing business in this state. Any such risk retention group shall for such purposes be deemed to be a licensed foreign insurer.

(b) If any person, firm, association, or corporation does an act with respect to a purchasing group or any member thereof, which act if done with respect to any other person or entity would require that the person, firm, association, or corporation doing such act be licensed as an insurance agent or broker, then such person, firm, association, or corporation must be appropriately licensed pursuant to this chapter.

(c) Every person, firm, association, or corporation licensed pursuant to the provisions of article twenty-one of this chapter shall, on business placed by such licensee with a risk retention group or with an unauthorized insurer on behalf of a purchasing group or any of its members, inform each prospective insured of the provisions of the notice required by subsection (a) of section five thousand nine hundred five of this article in the case of a risk retention group and subsection (c) of section five thousand nine hundred nine of this article in the case of a purchasing group.

§ 5912. Binding effect of orders issued in United States district court. An order issued by any district court of the United States enjoining a risk retention group from soliciting or selling insurance, or operating in any state (or in all states or in any territory or possession of the United States), upon a finding that such a group is in hazardous financial condition or financially impaired shall be enforceable in the courts of this state.

§ 5913. Financial responsibility. Except as provided in sections three hundred eleven and three hundred seventy of the vehicle and traffic law, wherever pursuant to the laws of this state or any political subdivision of this state a demonstration of financial responsibility is required as a condition for obtaining a license or permit to undertake specified activities, if any such requirement may not be satisfied by obtaining insurance coverage from an insurer not authorized to do business in this

state, such requirement may not be satisfied by purchasing insurance from a risk retention group not chartered in this state. Every insurance policy issued by a risk retention group not chartered in this state pursuant to sections three hundred eleven and three hundred seventy of the vehicle and traffic law shall contain the notice set forth in section five thousand nine hundred five of this article.

ARTICLE 61

RECIPROCAL INSURERS AND LLOYDS UNDERWRITERS

Section 6101. Definitions.
6102. Organization of domestic reciprocal insurers.
6103. Deposits.
6104. Qualifications of subscribers.
6105. Licensing.
6106. Subscriber's agreement.
6107. Changes and amendments.
6108. Contingent liability; non-assessable policies.
6109. Subscriber's operating reserve.
6110. Limitation of risk.
6111. Assets, liabilities and surplus.
6112. Subscribers' accounts.
6113. Foreign or alien reciprocal insurers.
6114. Application of other sections.
6115. Merger.
6116. Lloyds underwriters.

§ 6101. Definitions. In this article:

(a) "Advisory committee" means any official body, by whatever name called, which is chosen by the subscribers of a reciprocal insurer and which has, subject to the articles of association and subscribers agreement, ultimate power and responsibility in the management and control of the affairs of a reciprocal insurer.

(b) "Attorney-in-fact" means a person designated and appointed by subscribers to a reciprocal insurer to act for and bind the subscribers in all transactions relating to or arising out of the operations of a

reciprocal insurer, subject to limitations as may be lawfully provided.

(c) "Books, accounts and records" means all working papers, ledgers, and other relevant documents which demonstrate, disclose and support transactions of the reciprocal and each individual subscriber, as distinguished from the attorney-in-fact, and which relate to the operations and activities of the reciprocal. The phrase "books, accounts and records" shall not mean or include working papers, ledgers, or other relevant documents which relate exclusively to the operation and activities of the attorney-in-fact as a separate entity.

(d) "Financial interest" means that a person owns, directly or indirectly, more than one percent of the outstanding stock in the attorney-in-fact, has any outstanding loans from the attorney-in-fact, or earns a commission or other compensation as a producer for the reciprocal.

(e) "Material transaction" means a transaction, other than claim payments, that involves more than one-half of one percent of the reciprocal's admitted assets as of the thirty-first day of December of the prior year.

(f) "Person" means an individual, partnership, firm, association, corporation, not-for-profit corporation, joint-stock company, trust, any similar entity, or any combination of the foregoing acting in concert.

(g) "Subscriber" means a person who has become a member of a reciprocal through the execution of a subscriber's agreement.

(h) "Subscriber's agreement" means a document executed by the subscriber which designates and appoints, through a power of attorney, the attorney-in-fact and, either within the agreement or via a management agreement or an appended set of bylaws, that sets forth the duties of the attorney-in-fact.

*** § 6102. Organization of domestic reciprocal insurers.** (a) Twenty-five or more persons, firms and corporations, each having the qualifications of subscribers as prescribed in this article, may organize a reciprocal insurer to do any one or more of the basic kinds of insurance set forth in subsection (a) of section four thousand one hundred one of this chapter or, in the alternative, twenty-five or more New York counties, towns, cities, villages, district corporations (as

defined in paragraph three of section 2.00 of the local finance law), or school districts and boards of cooperative educational services, each having the qualifications of subscribers as prescribed in this article, may organize statewide municipal reciprocal insurers to provide any one or more of the basic kinds of insurance set forth in subsection (a) of section four thousand one hundred one of this chapter, except workers' compensation and employers' liability, fidelity and surety other than official undertakings conditioned for the faithful performance of official duties as referenced in section eleven of the public officers law and required by related provisions of the county, town, and village laws, credit and marine and inland marine (except as authorized by the provisions of paragraph two of subsection (b) of section four thousand one hundred two of this chapter) insurance. Such an insurer shall be called, for purposes of this chapter, a "municipal reciprocal insurer" and shall be subject to all the provisions of this chapter applicable to a reciprocal insurer, except where the context otherwise requires. However, any reciprocal insurer authorized to do the business of workers' compensation insurance shall be deemed to be a mutual carrier within the meaning of the definition of that term in section one hundred six of the workers' compensation law and shall be subject to the provisions of article six-A of such law.

(b) The original subscribers and the attorney-in-fact shall execute a declaration setting forth the following:

(1) the name of such reciprocal insurer, which shall conform to the provisions of subsection (g) of section one thousand one hundred two of this chapter;

(2) the location of the principal office of such reciprocal insurer, which shall be the same as the principal office of the attorney-in-fact and shall at all times be located in this state;

(3) the kind or kinds of insurance business intended to be done, specified in terms of subsection (a) of section one thousand one hundred thirteen of this chapter;

(4) the names and addresses of the subscribers so proposing to engage in such business;

(5) the designation and appointment of an attorney-in-fact, which may be a person, other than an individual, organized under the laws of this state authorized by the superintendent to act as such for one or more

reciprocal insurers; and having its principal office in this state;

(6) the names and addresses of the officers and directors of the attorney-in-fact, if a corporation, or of its members, if a firm, of whom a majority shall be residents of this state or of contiguous states;

(7) the designation of an advisory committee, all of whose members shall be subscribers or officers or directors of subscriber corporations or members of subscriber firms, to act on behalf of the subscribers, with power to supervise and control the attorney-in-fact and to control the investments of the assets of the reciprocal insurer, and such other powers as may be conferred by the articles of association and the subscriber's agreement;

(8) a declaration (i) that all of the invested assets of such reciprocal insurer, except deposits held by state officials as required by law, shall be held by and in the name of such reciprocal insurer, subject to the control of the advisory committee and to the provisions of this chapter, and (ii) that all monies paid to such reciprocal insurer shall, after deducting any sums payable to the attorney-in-fact, be held by such attorney-in-fact in the name of the reciprocal insurer for the uses specified in the subscriber's agreement;

(9) an exact and complete copy of the articles of association, if any, and the subscriber's agreement;

(10) the amount and kind of insurance for which each subscriber proposes to become a policyholder, and the premium specified therefor; and

(11) such other information as the superintendent may require.

(12) in the case of a municipal reciprocal insurer, a statement electing whether or not the insurer and the contracts of insurance it issues will be subject to the provisions of article seventy-six of this chapter. In the event that the municipal reciprocal insurer elects that it and its contracts of insurance will not be subject to such article, then every such contract and every subscriber's agreement shall disclose the lack of coverage by the property/casualty insurance security fund, the inapplicability of such article, and provide for an unlimited contingent several liability for assessment of the subscriber. The election whether or not to be subject to the provisions of article seventy-six of this chapter shall be irrevocable.

(c) Such declaration shall be subscribed and affirmed as true under the penalties of perjury by each subscriber and by each member of the advisory committee, in the manner required for the acknowledgment of conveyances of real property to be recorded in this state, and shall be filed in the office of the superintendent. Such articles of association and subscriber's agreement shall in all respects conform with the requirements of this article.

(d) If the superintendent finds that such declaration, articles of association and subscriber's agreement are in conformity with law, that the subscribers, the attorney-in-fact and the advisory committee are legally qualified, that each individual is a person of good repute and that each subscriber has a bona fide intention of effecting the amount and kind of insurance therein specified, he may approve such declaration and notify the advisory committee to that effect; but neither the reciprocal insurer nor its attorney-in-fact shall be authorized to do an insurance business until such reciprocal insurer has obtained a license as hereinafter provided.

(e) If within one year thereafter the superintendent finds, after such investigation and examination as he may see fit to make, that each subscriber has deposited in cash with the attorney-in-fact an amount at least equal to the premium specified in such declaration, and that a fund, at least equal to the amount of surplus to policyholders required by paragraph one of subsection (a) of section four thousand one hundred three of this chapter for a newly organized domestic stock property/casualty insurance company doing the same kind or kinds of insurance business, has been advanced by the subscribers as an initial surplus to policyholders, and is in the possession of the attorney-in-fact or invested subject to the control of the advisory committee, and that other requirements of this chapter applicable to such reciprocal insurer have been complied with, he may issue to such reciprocal insurer a license to do business. Thereafter, every such reciprocal insurer shall maintain a surplus to policyholders at least equal to the amount of surplus to policyholders required to be maintained by such paragraph.

(f) The original subscribers and the attorney-in-fact shall be jointly and severally liable for the expenses of organization in the event that such reciprocal insurer does not comply with all the requirements for a

license, and obtain a license, to do an insurance business within one year after the filing of the declaration as specified in subsection (b) hereof. In such event the superintendent may maintain a proceeding under article seventy-four of this chapter to liquidate and dissolve such reciprocal insurer.

(g) (1) A licensed reciprocal insurer may be licensed to do non-basic kinds of insurance as set forth in subsection (b) of section four thousand one hundred one of this chapter, subject to the requirements of subsection (b) of section four thousand one hundred two of this chapter, except that a municipal reciprocal insurer may not be licensed to do accident and health, non-cancellable disability, marine protection and indemnity, and residual value insurance.

(2) It shall also have an initial surplus to policyholders at least equal to the amount required by paragraph one of subsection (a) of section four thousand one hundred three of this chapter for the organization of a stock property/casualty insurance company doing the same kinds of insurance and shall thereafter maintain a surplus to policyholders at least equal to the amount required to be maintained by such paragraph for a similarly licensed stock property/casualty insurance company.

(h) A licensed reciprocal insurer may be licensed (except with respect to the kinds of insurance defined respectively in the following paragraphs of subsection (a) of section one thousand one hundred thirteen of this chapter: life insurance (1), annuities (2) and title insurance (18)) to (i) reinsure risks of every kind or description, and (ii) insure property or risks of every kind or description located or resident outside of the United States, its territories and possessions, provided such insurer maintains a surplus to policyholders of at least thirty-five million dollars. The provisions of this subsection shall not apply to a municipal reciprocal insurer.

(i) The financial requirements of subsections (e) and (g) hereof shall be reduced by fifty percent for a reciprocal insurer initially licensed to do business in this state prior to July first, nineteen hundred eighty-two. Such reduction shall not apply to the specified financial requirements in order to write paragraph twenty-two, twenty-four or twenty-six of subsection (a) of section one thousand one hundred thirteen of this chapter.

(j) A municipal reciprocal insurer shall:

(1) comply with all applicable provisions of this chapter;

(2) comply with such additional standards as the superintendent may by regulation prescribe;

(3) not refuse to issue, renew or cancel a policy for any eligible, insurable risk based solely on geographical location;

(4) not refuse to write coverages afforded by such insurer for any eligible risk in accordance with standards of insurability filed with and approved by the superintendent; and

(5) establish and promote a risk management program among subscribers to identify and reduce risks by implementation of loss control, safety programs and other methods of risk management.

(k) With respect to a municipal reciprocal insurer, the amount of the initial surplus to policyholders required by the provisions of subsection (e) of this section, in order for such an insurer to obtain a license to do business, may be collected from the subscribers as follows: within one year from the date a license to do business was granted twenty percent shall be so collected, within two years from such date forty percent shall be so collected, within three years from such date sixty percent shall be so collected, within four years from such date eighty percent shall be so collected, and within five years from such date one hundred percent shall be so collected. The amount of surplus to policyholders to be maintained by such an insurer during such five year period shall be the amount collected from subscribers pursuant to the schedule contained in this subsection.

* SPECIAL NOTE.--Notwithstanding that Chapter 585 of the Laws of 1984:

Bill sections 2, 3, 5, 6, 7, and 9 of such chapter amend provisions of the former Insurance Law that are not possible to juxtapose at this time due to the highly technical nature of such changes and will need future corrective legislation to implement such provisions into the new Insurance Law as enacted by such Chapter 367 of the Laws of 1984.

*** § 6103. Deposits.** (a) Before being licensed, every domestic reciprocal insurer shall comply with the provisions of subsection (a) of section four thousand one hundred four of this chapter imposed upon a

domestic property/casualty insurance company doing the same kind or kinds of insurance. Notwithstanding the foregoing, every municipal reciprocal insurer may comply with such provisions within one year from the date a license to do business was granted.

(b) Before being licensed pursuant to subsection (h) of section six thousand one hundred two of this article to do insurance on risks outside of the United States, its territories and possessions, or to do reinsurance, a domestic reciprocal insurer shall comply with the provisions of subsection (b) of section four thousand one hundred four of this chapter imposed upon a domestic property/casualty insurance company.

(c) Before being licensed to issue non-assessable policies pursuant to section six thousand one hundred eight of this article, a domestic reciprocal insurer shall comply with the provisions of subsection (c) of section four thousand one hundred four of this chapter imposed on a domestic mutual property/casualty insurance company.

(d) The financial requirements of subsections (a) and (c) hereof shall be reduced by fifty percent for a reciprocal insurer initially licensed to do business in this state prior to July first, nineteen hundred eighty-two.

(e) Before being granted any license or renewal license, every foreign reciprocal insurer shall comply with the provisions of subsection (d) of section four thousand one hundred four of this chapter imposed on a foreign property/casualty insurance company.

* SPECIAL NOTE.--Notwithstanding that Chapter 585 of the Laws of 1984:

Bill sections 2, 3, 5, 6, 7, and 9 of such chapter amend provisions of the former Insurance Law that are not possible to juxtapose at this time due to the highly technical nature of such changes and will need future corrective legislation to implement such provisions into the new Insurance Law as enacted by such Chapter 367 of the Laws of 1984.

§ 6104. Qualifications of subscribers. (a) (1) No authorized reciprocal insurer shall make any new agreement for insurance containing a provision for contingent liability of subscribers with any subscriber who or which does not have assets in his, their or its own right in an

amount not less than fifty thousand dollars in excess of liabilities as shown by a commercial agency report as hereinafter provided, or by a sworn statement on file with the attorney-in-fact, verified by such subscriber or by an officer of a corporation subscriber.

(2) (A) Before renewing a contract of insurance with a subscriber, containing a provision for contingent liability of subscribers, similar proof of financial responsibility shall be required unless the subscriber has accumulated and maintains the subscriber's operating reserve required by section six thousand one hundred nine of this article.

(B) The report of an established commercial agency having one hundred thousand or more subscribers shall be deemed presumptive evidence of the financial condition of a subscriber.

(b) (1) All corporations and the directors or any representative thereof and all persons, firms or corporations holding property in trust may insure the same in reciprocal insurers and by so doing such directors, representatives or trustees, in their representative capacity, may assume the liabilities and be entitled to the rights of a subscriber of such reciprocal insurer.

(2) Such directors, representatives or trustees shall not be personally liable as individuals upon such contract of insurance or subscriber's agreement.

§ 6105. Licensing. (a) No person, firm, corporation or association as an underwriter or underwriters, and no reciprocal insurer, shall do any insurance business in this state, nor shall any person, firm, corporation or association as attorney-in-fact or other representative of any reciprocal insurer do or cause to be done within this state any act which effects, aids or promotes the doing of an insurance business in this state by any reciprocal insurer, unless authorized so to do pursuant to the provisions of this article.

(b) Every license to do an insurance business issued by the superintendent to any reciprocal insurer pursuant to the provisions of this article shall specify its name, the location of its principal office, the name and principal address of its attorney-in-fact, and the kind or kinds of insurance business, specified in terms of subsection

(a) of section one thousand one hundred thirteen of this chapter, which it is authorized to do in this state.

(c) No person shall act in the capacity of an attorney-in-fact for a subscriber whose risk is located in this state or for a reciprocal licensed to do business in this state, unless such person is authorized as such by the superintendent.

(d) The superintendent may require the attorney-in-fact, or any person to which its functions, in whole or in part, have been delegated, unless wholly owned or controlled by the reciprocal to:

(1) provide a bond issued by an insurer and in an amount acceptable to the superintendent for the protection of the subscribers to the reciprocal; and

(2) maintain an errors and omissions policy, providing coverage in an amount and issued by an insurer acceptable to the superintendent.

(e) The attorney-in-fact authorized as such pursuant to subsection (c) of this section shall not, merely by virtue of such authorization, be thereby deemed to be doing business in this state within the meaning of any laws of this state applicable to general business corporations.

(f) An attorney-in-fact of a reciprocal insurer licensed in this state shall, on or before June first of each year, file with the superintendent an audited financial report of its financial condition and the results of its operations as related to its management of the reciprocal, covering the previous calendar year, prepared in accordance with generally accepted accounting principles by an independent certified public accountant who certified to the reciprocal's annual statement pursuant to section three hundred seven of this chapter. In lieu of such a report, an attorney-in-fact of a foreign reciprocal who is an individual, shall file a statement prepared by such independent certified public accountant stating that its audit of the reciprocal discloses any direct or indirect compensation or benefit paid by the reciprocal to the attorney-in-fact. The report or statement filed pursuant to this subsection shall be a confidential document, not subject to disclosure pursuant to this chapter or article six of the public officers law.

(g) An attorney-in-fact of a reciprocal licensed in this state shall submit to examination by order of the superintendent for the purposes of determining compliance with this article and all other relevant

provisions of this chapter relating to the operations of the reciprocal or its attorney-in-fact, which the superintendent determines (as specified in the order) cannot be obtained by examination of the reciprocal. The cost of the examination shall be assessed against the attorney-in-fact and no portion thereof shall be reimbursed directly or indirectly by the reciprocal or its subscribers.

(h) The advisory committee shall meet at least annually and shall consist of at least nine individuals elected by the subscribers, at least two-thirds of whom are subscribers or officers or directors of subscribers and, except for a municipal reciprocal or a reciprocal which wholly owns its attorney-in-fact, not more than one-third of whom may be:

(1) the attorney-in-fact; or

(2) an employee, officer, director, or affiliate of the attorney-in-fact; or

(3) any person having a financial interest in the attorney-in-fact; or

(4) any person representing any of the foregoing.

(i) Members of the advisory committee may be elected and re-elected to a term of office of not less than one year nor more than four years, and terms may be staggered to provide for continuity.

(j) The chair of the advisory committee of a domestic reciprocal, who shall not be any of those persons enumerated in paragraphs one through four of subsection (h) of this section, shall be elected by the other members of the committee and the committee of a domestic reciprocal shall adopt rules consistent with its purposes, as approved by the superintendent.

(k) Special meetings of the advisory committee may be called by the attorney-in-fact, the chair of the committee, any three members of the committee, or a signed petition of at least one percent of the subscribers as of the most recent annual report of the reciprocal.

§ 6106. Subscriber's agreement. (a) (1) Every subscriber of an authorized reciprocal insurer shall have executed a subscriber's agreement, and every subscriber executing such a subscriber's agreement containing a provision for contingent liability of subscribers shall execute and duly acknowledge the same, in a manner sufficient for the

acknowledgment of conveyances of real property to be recorded in the state in which such subscriber is domiciled.

(2) Every subscriber's agreement shall be identical in terms, except as to the date and the name and address of the subscriber, with all other subscriber's agreements currently in force and effect with all other subscribers of such reciprocal insurers. However, in the case of any reciprocal insurer authorized pursuant to section six thousand one hundred eight of this article to issue non-assessable policies or agreements, or having a corporate attorney-in-fact wholly owned by the subscribers at such reciprocal insurer, the acceptance of a policy or binder of insurance containing the subscriber's agreement printed at the end of the standard policy provisions or the binder, as the case may be, preceded by the words printed upon the policy or binder:

> "The acceptance of this policy or binder shall constitute that insured designated therein is a subscriber of the reciprocal insurer and shall constitute the execution and delivery by the insured of the subscriber's agreement which is appended to this policy or binder, and hereby made a part thereof",

shall constitute the execution and delivery of said subscriber's agreement by that insured as fully and to the same extent as though said agreement had been signed and acknowledged by that insured.

(3) Every such subscriber's agreement shall contain in substance the following provisions:

(A) A designation and appointment of the attorney-in-fact to act for and bind the subscriber in all transactions relating to or arising out of the operations of such reciprocal insurer, subject to such limitations as may be lawfully provided.

(B) An agreement that service of summons or other legal process on the attorney-in-fact or on any other person appointed by the attorney-in-fact to receive such process, shall, in any action, suit or proceeding arising out of any contract, agreement or transaction of such reciprocal insurer, be equivalent to personal service of such summons or other legal process on each and every subscriber.

(C) Unless the reciprocal insurer is authorized to issue non-assessable policies under section six thousand one hundred eight of this article an agreement for the contingent liability of the

subscriber, which shall state that such subscriber agrees to pay on demand such subscriber's proportionate share of any assessment lawfully ordered or levied by the advisory committee or by the superintendent under article seventy-four of this chapter.

(D) A provision that there shall be an annual meeting of the subscribers, in person or by proxy, at a time and place to be determined in accordance with such agreement, of which each subscriber shall be duly notified and at which each subscriber shall have power to vote in person or by proxy for all members of the advisory committee to be chosen or appointed at such time, except that in the case of a foreign reciprocal insurer, the superintendent may permit a modification of such provision provided that he is satisfied that the interests of the subscribers are properly protected.

(E) A provision specifying the powers and duties of the advisory committee, which shall include the power and duty to regulate the compensation, powers and duties of the attorney-in-fact, if not specifically provided in the subscriber's agreement, and shall also include the power to make regulations for the effective control and custody of the funds and investments of the reciprocal insurer. In addition, the advisory committee of a municipal reciprocal insurer shall establish procedures to prevent any conflicts of interest between the attorney-in-fact and such insurer. Such procedures shall be submitted to and approved by the superintendent, who shall also approve the attorney-in-fact for a municipal reciprocal insurer.

(F) Provisions setting forth the rights, privileges and obligations of the subscriber as an underwriter, and as a policyholder subject to the terms of insurance contracts required or permitted by law to be issued.

(G) General provisions relating to the operations of the reciprocal insurer, including the subscriber's operating reserve requirements, regulations for the return of savings or dividends, for withdrawals and refunds and such other matters as may be necessary to maintain the operation of such reciprocal insurer in compliance with the provisions of this chapter. In the case of a municipal reciprocal insurer, such agreement shall include procedures to: (i) establish and promote loss control, safety programs and other methods of risk management; (ii) establish equitable risk classifications; and (iii) establish uniform recordkeeping and reporting procedures.

(4) The following provisions shall be contained in either the subscriber's agreement or a separate management agreement between the attorney-in-fact and the advisory committee or the attorney-in-fact and any person to which its functions have been delegated after approval of the advisory committee:

(A) A provision that the attorney-in-fact shall provide written notification of, and make all necessary arrangements as provided in the subscriber's agreement, for the election, in person or by proxy, of the members of the advisory committee. The cost of notification, ballot, or proxy for any meeting of the advisory committee and for any meeting which may be called for the election shall be incurred by the reciprocal.

(B) A provision that the attorney-in-fact shall provide written notification to the members of the advisory committee of not less than ten days for any regular meeting or five days for any special meeting called pursuant to subsection (k) of section six thousand one hundred five of this article. The cost of such notification shall be incurred by the reciprocal.

(C) A provision that the advisory committee may, upon a vote of a majority of its members at any regular or special meeting thereof and upon written notice to the superintendent and the attorney-in-fact, recommend termination of the attorney-in-fact for a stated cause and appointment of a new attorney-in-fact, subject to the provisions of any management agreement approved by the superintendent. Termination of the attorney-in-fact shall require the approval of a two-thirds majority of the subscribers present in person or by proxy at a special meeting called for that purpose. The attorney-in-fact shall provide by mail not less than thirty days prior written notification of such meeting to all subscribers. The mailing of notification shall include the recommendation of termination and replacement as prepared by the advisory committee, and any other appropriate documents submitted by the attorney-in-fact. A copy of all documents mailed and certification of their mailing to all subscribers shall be provided to all members of the advisory committee. The cost of notification and proxy for any such meeting shall be incurred by the reciprocal. For reciprocals with less than two thousand five hundred subscribers, at least twenty-five percent of all subscribers shall be required to constitute a quorum. For all

other reciprocals, the greater of twenty-five hundred subscribers or five percent of all subscribers shall constitute a quorum.

(D) A provision that the attorney-in-fact shall cause all assets of the reciprocal and its subscribers to be invested in accordance with investment guidelines approved by the advisory committee and shall be properly accounted for on the financial records of the reciprocal as being held for or on behalf of the subscribers. All cash assets of the reciprocal and its subscribers, not otherwise invested in short term securities such as money market funds, covering policy obligations arising out of policies issued or issued for delivery in the United States shall be held in one or more appropriately identified accounts in banks that are members of the federal reserve system. These accounts shall be drawn on by the attorney-in-fact, or by employees or representatives of the reciprocal authorized by the attorney-in-fact for all payments on behalf of the reciprocal.

(E) A provision that if the attorney-in-fact is acting for more than one reciprocal, separate records and accounts shall be maintained for each reciprocal.

(F) A provision that the attorney-in-fact may not assign its responsibilities as detailed in the subscriber's agreement in whole or part or enter into management agreements delegating its duties in whole or part to another party without the prior approval of the advisory committee and the superintendent.

(G) A provision that the attorney-in-fact shall establish and maintain underwriting procedures and manuals, setting forth the rates and conditions for the acceptance or rejection of risks.

(H) A provision that the attorney-in-fact shall make a report to the advisory committee at each regular meeting of the committee on the financial condition of the reciprocal and all material transactions during the period since the last meeting.

(I) A provision that the attorney-in-fact shall annually provide to each member of the advisory committee:

(i) On or before March first of each year, a copy of the reciprocal's annual statement and the accompanying statement of actuarial opinion filed with the superintendent pursuant to section three hundred seven of this chapter; and

(ii) On or before June first of each year, a copy of:

(I) The certified statement filed with the superintendent pursuant to subsection (f) of section six thousand one hundred five of this article; and

(II) The certified annual statement of the reciprocal filed with the superintendent pursuant to section three hundred seven of this chapter.

(J) A provision specifying all forms and amounts (or formulas to determine the amounts) of compensation the attorney-in-fact will receive for services rendered and, if all or part of the compensation will be contingent upon the reciprocal's profits, a provision that such compensation shall not be paid until at least five years after the premiums on liability insurance are earned and at least one year after the premiums are earned on any other kind of insurance and, in no event shall the compensation be paid until the adequacy of reserves on outstanding claims has been independently verified by the same actuary who opined on the latest annual statement filed with the superintendent pursuant to section three hundred seven of this chapter.

(K) A provision that the independent certified public accountant who will prepare the annual report required by subsection (f) of section six thousand one hundred five of this article and the independent actuary who will prepare the opinion accompanying the annual statement pursuant to section three hundred seven of this chapter shall be selected by the attorney-in-fact, subject to the approval of the advisory committee.

(L) A provision that the books, accounts and records of the reciprocal shall be maintained by the attorney-in-fact to clearly and accurately disclose the nature and details of all transactions including all information necessary to determine that the compensation received by, or owing to, the attorney-in-fact is provided in a manner consistent with the subscriber's agreement and any management agreement. The books, accounts and records of the reciprocal shall be the sole property of the reciprocal.

(M) A provision that the attorney-in-fact shall conduct the affairs of the reciprocal in accordance with the provisions of this chapter.

(b) (1) The subscriber's agreement may contain such further provisions as may be necessary or proper; but neither the subscriber's agreement nor the articles of association, if any, of an authorized reciprocal insurer shall contain any provisions inconsistent with the provisions of subsection (a) hereof.

(2) The superintendent may, if he finds it necessary to carry out the purpose and intent of this article, by regulation prescribe additional provisions, not inconsistent with any law of this state, to be contained in the subscriber's agreement of reciprocal insurers.

(c) Every subscriber to a municipal reciprocal insurer shall agree to participate in a risk management program established by the attorney-in-fact. The attorney-in-fact of each insurer shall, with the approval of the advisory committee, establish, promote and manage a risk management program among the subscribers. Each program shall include identifying and reducing risks through the implementation of loss control, safety programs and other methods of risk management. The attorney-in-fact may enter into contracts with any person, firm, or corporation for services necessary to perform and administer the risk management program or to perform or administer other functions deemed necessary by the advisory committee and approved by the superintendent. An individual subscriber may enter into contracts with any person, firm or corporation for services necessary to perform and administer any function which that subscriber shall deem necessary.

§ 6107. Changes and amendments. (a) (1) No reciprocal insurer shall change its name or amend its subscriber's agreement without first obtaining the written approval of the superintendent.

(2) No such insurer shall establish branch offices under other or different names or titles.

(b) The superintendent shall approve any change or substitution in the attorney-in-fact of any such insurer and there shall be filed in the office of the new attorney-in-fact new subscriber's agreements or amendments to the existing subscriber's agreements containing the new powers of attorney signed by every subscriber of such reciprocal insurer. Notwithstanding the foregoing, a foreign reciprocal that primarily provides coverage to former and current military officers and their families shall notify the superintendent of any change or substitution in the attorney-in-fact of such insurer and the new attorney-in-fact shall apply for licensure pursuant to section six thousand one hundred five of this article within thirty days of such change or substitution.

(c) After any reciprocal insurer is authorized to do business in this state, it may be joined by other and additional subscribers who have been accepted and are qualified and have executed a subscriber's agreement and power of attorney identical with the instruments in effect at that time and which all other subscribers have executed.

(d) (1) No such change and no amendment or modification in the provisions of the subscriber's agreement shall be submitted to the subscribers for execution unless approved by the advisory committee at a meeting duly called for such purpose.

(2) Every such change, amendment or modification shall be submitted for execution to all existing subscribers contemporaneously and shall take effect, as to all subscribers executing the same, at the expiration of one year from the date of such submission.

(3) Any subscriber failing to execute any new subscriber's agreement or any amendment to an existing subscriber's agreement within one year after its submission to such subscriber shall be deemed to have withdrawn from membership in such reciprocal.

(4) Notwithstanding paragraphs one, two and three hereof, in the case of any reciprocal insurer which shall have issued its policies, or binders, with the subscriber's agreement and statement printed thereon pursuant to paragraph two of subsection (a) of section six thousand one hundred six of this article, or a reciprocal insurer having a corporate attorney-in-fact wholly owned by the subscribers at such reciprocal insurer who provides with such submission a copy of the subscriber's agreement in force, the failure of any subscriber at such reciprocal to object in writing thereto within sixty days after the date of such submission shall constitute such subscriber's acceptance of such change, amendment or modification as fully and to the same extent as though acceptance of such change, amendment or modification had been signed and acknowledged by that subscriber and such change, amendment or modification shall take effect, as to all subscribers at such reciprocal who have not objected thereto in writing, at the expiration of sixty days from the date of submission. Any subscriber at such reciprocal who objects in writing, within sixty days from the date of such submission, to such change, amendment or modification shall be deemed to have withdrawn from membership in such reciprocal.

§ 6108. Contingent liability; non-assessable policies. (a) Every contract of insurance and subscriber's agreement under or by which contracts of insurance are issued or exchanged by any authorized reciprocal insurer shall provide for a contingent several liability for assessment of the subscriber as an inter-insurer on the risks of every other subscriber in an amount not less than one nor more than ten times the annual premium and in addition to the annual premium expressed in such contracts of insurance issued to the subscriber by the reciprocal insurer.

(b) If the admitted assets of any such insurer are at any time insufficient for the payment of losses and expenses after providing for all other liabilities of such insurer and the minimum surplus to policyholders required by this chapter, the advisory committee shall, within thirty days thereafter, order an assessment for the amount necessary to pay such losses and expenses, and authorize the attorney-in-fact to collect from each subscriber liable therefor a pro rata share of the amount of such assessment, subject to the limit specified in the contract of such subscriber and to maintain an action therefor in the name of the attorney-in-fact.

(c) Every policy issued by any such insurer shall clearly state whether or not the holder of the policy is subject to liability for assessment. All policies issued by any such insurer which are subject to liability for assessment shall contain a clear statement of the liability of the policyholder for payment of a proportionate share of any deficiency or impairment as provided by law within the limit provided by the policy, and shall further state that any assessment shall be for the exclusive benefit of holders of policies which provide for such a contingent liability, and the holders of policies subject to assessment shall not be liable to assessment in an amount greater in proportion to the total deficiency than the ratio that the deficiency attributable to the assessable business bears to the total deficiency.

(d) Any reciprocal insurer, except a municipal reciprocal insurer which issues policies not covered by the property/casualty insurance security fund, may with the permission of the superintendent issue non-assessable policies or agreements in this state upon compliance with the following requirements:

(1) It shall have and maintain a surplus to policyholders at least equal to one hundred fifty percent of the amount of surplus to policyholders which such insurer is required to maintain by the provisions of section six thousand one hundred two of this article. Such surplus shall be inclusive of any surplus required by any other sections of this chapter.

(2) It shall have submitted a copy of its proposed non-assessable policy or policies for approval of the superintendent, and shall have obtained his approval thereof.

§ 6109. Subscriber's operating reserve. (a) (1) Every subscriber of an authorized reciprocal insurer in which subscribers are subject to contingent liability shall accumulate a minimum operating reserve, to be credited to such subscriber on the books and records of such reciprocal insurer, by authorizing the attorney-in-fact to credit to such account at the end of the fiscal year of such reciprocal insurer, an amount not less than one quarter of such subscriber's underwriting earnings during such period.

(2) Such accumulation shall be made so long as such subscriber's operating reserve is less than twice the amount of annual premiums in force.

(3) Notwithstanding the foregoing, the superintendent may, upon application from the attorney-in-fact:

(A) approve other methods for accumulating such subscriber's operating reserve; or

(B) permit the suspension of the accumulation of the operating reserve for a fiscal year provided that those earnings are returned to the subscriber in accordance with subparagraph (B) of paragraph two of subsection (c) of this section; or

(C) in the case of a municipal reciprocal insurer, authorize the return of any outstanding subscriber operating reserve balance upon the municipal reciprocal insurer's demonstration that it will retain sufficient surplus to support its obligations and writings.

(b) Any authorized reciprocal insurer may, pursuant to the terms of the subscriber's agreement and to any action of its advisory committee authorized thereunder, require its subscribers to accumulate

subscriber's operating reserves in excess of the minimum specified in subsection (a) of this section and may require a longer period of notice for the withdrawal of all or any part of such reserve than that herein specified.

(c) (1) No subscriber shall have a secured or preferred claim against any assets of the reciprocal insurer arising out of such operating reserve, but all assets held by such insurer shall be available for the payment of claims of policyholders and creditors of such reciprocal insurer in preference to any claim for withdrawal by a subscriber as such.

(2) Any subscriber's operating reserve accumulated by any such reciprocal insurer shall be maintained at all times, except that:

(A) a subscriber may, upon withdrawal from membership and cancellation of all insurance contracts held by the subscriber in such insurer, and after giving to the attorney-in-fact written notice of withdrawal at least sixty days in advance, withdraw the amount of the subscriber's operating reserve less such surrender charges as may be deducted pursuant to the subscriber's agreement; or

(B) where the superintendent has determined that the suspension of the accumulation of the operating reserve would not be harmful to policyholders or the people of this state, the attorney-in-fact may, in the fiscal year following the year for which the suspension of the accumulation of the operating reserve was authorized, return to each subscriber an amount equal to the underwriting earnings that would have otherwise been credited to the subscriber's operating reserve.

(3) No withdrawal shall be permitted after an order of liquidation of, or the appointment of a receiver or liquidating trustee for, any such reciprocal insurer or, notwithstanding any other provision of law to the contrary, where there is an authorized control level event or a mandatory control level event as defined in section thirteen hundred twenty-four of this chapter.

§ 6110. Limitation of risk. Every reciprocal insurer authorized to do business in this state shall be subject to the provisions of sections one thousand one hundred fifteen and four thousand one hundred eighteen of this chapter.

§ 6111. Assets, liabilities and surplus. (a) All of the assets of any reciprocal insurer including subscribers' operating reserves shall be liable primarily for payment of all liabilities incurred under its policies or other contracts.

(b) No part of the surplus funds of such reciprocal insurer shall be subject to the claims of general creditors of any of the individual subscribers of such insurer until all policies under which any such subscriber is obligated have been terminated and in no event beyond the amount of such subscriber's operating reserve.

(c) The contingent liability of subscribers for additional premiums or assessments shall not be included as an asset in the financial statement of a reciprocal insurer.

(d) Subscribers' operating reserves for which notice of withdrawal has been given shall be reported as liabilities until paid.

(e) In any statement or report of the financial condition of a reciprocal insurer filed in this state, the surplus to policyholders, after providing for the unearned premium reserves, loss reserves and other liabilities, as required by this chapter, shall be reported as follows:

(1) special contingent surplus;

(2) subscribers' operating reserves, if required;

(3) all other surplus, if any.

(f) Unless the reciprocal is subject to the provisions of article fifteen of this chapter or substantially similar legislation in its state of domicile, all material transactions between or among the reciprocal, its subscribers, the attorney-in-fact and any affiliate of the attorney-in-fact shall not be entered into, unless they have been filed with the superintendent at least thirty days prior thereto and the superintendent has not disapproved them; provided, however, that any such transaction involving five percent or more of the reciprocal's admitted assets shall be subject to prior approval of the superintendent and all transactions shall meet the following standards:

(1) The terms shall be fair and equitable;

(2) Charges or fees for services performed shall be reasonable; and

(3) Expenses incurred and payments received shall be allocated to the

reciprocal on an equitable basis in conformity with statutory insurance accounting practices consistently applied.

§ 6112. Subscribers' accounts. (a) The attorney-in-fact, in addition to the books of account of the collective transactions of all subscribers of the reciprocal insurer, shall keep and maintain a separate account for each individual subscriber setting forth the entries determining the operating reserve, if any, of such subscriber.

(b) Each subscriber's account shall be credited with the premiums earned by him as an underwriter on the policies issued by the insurer, and charged with his proper share of all losses incurred under such policies as well as with the expenses incurred by the insurer.

(c) Earnings and interest income from investments of all subscribers' operating reserves shall be apportioned and credited to subscribers on the basis of their accumulated operating reserves and all other interest and investment income may be apportioned and credited to the subscribers on the basis of their premiums earned as underwriters.

(d) The subscriber's agreement of an authorized reciprocal insurer may with the permission of the superintendent contain provisions which modify the credits, charges and apportionments to the subscribers' account, as required by subsections (b) and (c) of this section.

§ 6113. Foreign or alien reciprocal insurers. (a) The superintendent may, in his discretion, pursuant to section one thousand one hundred six of this chapter, issue a license to a reciprocal insurer domiciled in, or organized under the laws of another state or of any province of Canada, to do in this state such kind or kinds of insurance business as a domestic reciprocal insurer may be authorized to do in this state.

(b) Such foreign or alien reciprocal insurer shall comply with substantially the same requirements of this chapter which are applicable to domestic reciprocal insurers organized and authorized to do the same kind or kinds of insurance business and in addition every such alien reciprocal shall be subject to the provisions of this chapter relating to alien insurance companies authorized to do the same kind or kinds of insurance business.

(c) Nothing herein contained shall be deemed to require that the attorney-in-fact of a foreign or alien reciprocal insurer shall be resident or domiciled in this state, or shall maintain his or its principal office in this state, or shall be organized under the laws of this state; but every authorized reciprocal insurer shall maintain at least one office in this state.

(d) Every foreign or alien reciprocal insurer shall maintain a minimum surplus to policyholders in an amount at least equal to that required of a similar domestic reciprocal insurer organized and licensed to do the same kind or kinds of insurance.

(e) The superintendent shall pursuant to section one thousand two hundred twelve of this chapter be appointed the true and lawful attorney for every such foreign or alien reciprocal insurer and any service upon him shall be equivalent to the personal service within this state of such process on each and every of the individual subscribers or underwriters, by whatever name called, of such reciprocal insurer.

(f) (1) The superintendent may accept the statement of the duly authorized attorney-in-fact, or of any officer of a corporation attorney-in-fact, or of any member of a firm attorney-in-fact, subscribed and affirmed by him as true under the penalties of perjury, that all of the subscribers have executed the subscriber's agreement used by such reciprocal insurer, which agreement shall authorize the attorney-in-fact to designate and appoint the superintendent as attorney in this state and the supervisory insurance officials of other jurisdictions upon whom legal process may be served.

(2) Whenever any change, amendment or modification of the power of attorney or subscriber's agreement has been submitted for execution to subscribers, in the manner prescribed by section six thousand one hundred seven of this article, a certified copy thereof shall be filed with the superintendent and within thirteen months thereafter there shall be filed with the superintendent a statement similarly subscribed to the effect that it has been signed by all subscribers of record.

(3) The attorney-in-fact shall annually with the filing of the annual statement of such foreign or alien reciprocal insurer certify that all other and additional subscribers which have joined such insurer have executed the subscriber's agreement as last amended and on file with the superintendent.

(g) The subscriber's agreement and articles of association, if any, of every foreign reciprocal insurer licensed to do business in this state on January first, nineteen hundred forty shall conform to the requirements applicable to a domestic reciprocal insurer organized and licensed after such date.

§ 6114. Application of other sections. (a) Except as otherwise provided in this article, and except where the context otherwise requires, all of the provisions of this chapter relating to all insurers and those relating to insurers transacting the same kind or kinds of insurance which reciprocal insurers are permitted to transact, shall be applicable to reciprocal insurers authorized to do business in this state.

(b) Where any of such sections refer to a corporation, company or insurer, the same, when read in connection with and applicable to this article, shall mean a reciprocal insurer.

§ 6115. Merger. (a) (1) Two or more reciprocal insurers may, by a two-thirds affirmative vote of the subscribers of each insurer, merge in accordance with the provisions of article seventy-one of this chapter.

(2) The powers of such new reciprocal insurer under this article shall not be greater than those possessed hereunder by the merging insurers.

(3) The operating reserve accumulations of the respective subscribers shall be transferred and credited to such subscribers as members of the new reciprocal insurer and all other reserves, guaranty funds and other undistributed funds shall be transferred to the corresponding reserve or guaranty fund accounts of the new insurer.

(b) (1) If after examination, the superintendent finds that the merger of any such insurers is in conformity with law, and that the new reciprocal insurer meets with the requirements of this chapter, he may issue a license to such insurer to do business under the provisions of this chapter. Thereupon, the remaining assets shall be forthwith transferred to it, and the predecessor reciprocal insurers shall cease to have authority to do business as such and shall be deemed extinguished.

(2) Every such new reciprocal insurer formed by merger shall assume and succeed to all of the obligations and liabilities of the respective merging reciprocal insurers and shall be held liable to pay and discharge all such debts and liabilities in the same manner as if they had been incurred or contracted by it, but the subscribers of such predecessor reciprocal insurers shall continue subject to all the liabilities, claims and demands which shall then exist, or which may thereafter accrue against them, or any of them, by reason of any obligations incurred by them or on their behalf as such subscribers before the date of merger.

(3) Upon the merger of any reciprocal insurer, dissenting subscribers shall be entitled to the conditional withdrawal of their accumulated operating reserves on deposit with the predecessor insurer as of the date of merger but a sufficient amount thereof shall be retained by the new reciprocal insurer as a deposit until all of the obligations incurred on their behalf have been extinguished.

(4) When all of such obligations have been paid, discharged or terminated, and the superintendent after an examination shall have so certified, the said subscribers' deposits or the balances thereof remaining to their credit shall be returned and released, whereupon the powers of the attorney-in-fact relating thereto shall cease and terminate.

§ 6116. Lloyds underwriters. (a) Any existing Lloyds underwriters heretofore organized under any law of this state and authorized to do an insurance business herein, which has exercised its powers of issuing insurance policies continuously during each of the two years immediately prior to January first, nineteen hundred forty, may, by maintaining a minimum surplus at least equal to the amount maintained prior to January first, nineteen hundred forty, continue to do an insurance business in this state of the kind or kinds which it was authorized to do on January first, nineteen hundred forty, and shall be entitled to exercise all of the powers granted by its existing charter or articles of association.

(b) Except as the context otherwise requires, every such Lloyds underwriters shall be subject to all of the provisions of this chapter which are applicable to reciprocal insurers.

(c) No Lloyds underwriters shall hereafter be organized in this state and no foreign or alien Lloyds underwriters shall be licensed to do an insurance business in this state.

(d) This section shall not alter or abridge any rights of the New York insurance exchange as set forth in article sixty-two of this chapter.

ARTICLE 62

NEW YORK INSURANCE EXCHANGE

Section 6201. New York insurance exchange.
6202. Constitution and by-laws.
6203. Miscellaneous.

§ 6201. New York insurance exchange. (a) Notwithstanding the provisions of section six thousand one hundred sixteen of this chapter, the New York insurance exchange, shall be continued, subject to such regulations as may be promulgated by the superintendent.

(b) The purposes of the exchange shall be:

(1) to provide a facility for the underwriting of:

(A) reinsurance of all kinds of insurance;

(B) direct insurance of all kinds on risks located entirely outside the United States;

(C) direct insurance of all kinds on risks located in the United States other than in this state, provided that such risk qualifies for placement pursuant to the excess and surplus lines requirements of the jurisdiction in which the risk is located; the superintendent may permit the exchange or its syndicates, or both, to take such steps as may be necessary to qualify as an excess and surplus lines insurer in such jurisdiction;

(D) risks which shall have been submitted to and certified as having been rejected by a committee representative of insurers licensed by the superintendent under article sixty-three of this chapter, subject to conditions imposed by the superintendent pursuant to regulation; and

(2) to manage the facility authorized by this article, in accordance with regulations promulgated by the superintendent.

§ 6202. Constitution and by-laws. (a) The exchange shall function under its constitution and by-laws which it may amend pursuant to the terms thereof.

(b) Notwithstanding the authority granted to the exchange pursuant to the provisions of the constitution and by-laws to amend, replace or add provisions, the constitution and by-laws shall at all times provide for but not be limited to:

(1) the election of no less than six nor more than thirteen governors at least one-third of whom shall not be members of the exchange and who shall be public representatives;

(2) the location of the principal offices of the exchange and its members to be within this state for the purpose of the transaction of the types of business described in subsection (b) of section six thousand two hundred one of this article;

(3) the submission by members and all applicants for membership on the exchange of such financial information required by the superintendent;

(4) the establishment by the exchange of a security fund in a form and amount approved by the superintendent;

(5) the voting power of members who are underwriting syndicates;

(6) the voting power and other rights granted under the provisions of the not-for-profit corporation law to participate in the conduct and management of the affairs of the exchange by brokers, agents and intermediaries transacting business on the exchange, each of whom shall be considered "members" only under the provisions of such law; and

(7) the rights and duties of exchange members, which may include but shall not be limited to the manner and form of conducting business, financial stability, dues, membership fees, mandatory arbitration and all other matters necessary or appropriate to conduct any business permitted by this article.

(c) Any amendments to the constitution and by-laws shall be subject to the approval of the superintendent.

(d) At least two-thirds of the governors shall be citizens of the United States.

(e) For the purposes of this section, a principal office shall be one where officers and qualified personnel who are engaged in the administration, underwriting, claims, policyholders' service, marketing,

accounting, record-keeping and all supportive services shall be located.

§ 6203. Miscellaneous. (a) The New York insurance exchange shall not be subject to any state or local taxes or fees measured by income, premiums or gross receipts, except that for purposes of taxation under section one thousand five hundred ten of the tax law, direct premiums written, procured or received by a member or members through the exchange on risks located in this state shall be deemed written, procured or received by the exchange and the premium tax due on said premium shall be reported and paid by the exchange.

(b) The exchange shall reimburse the superintendent for any expenses incurred by him relating to the regulation of the exchange and its members.

(c) This chapter and regulations thereunder shall apply to the exchange, its members, and the insurance or reinsurance written through the exchange, except as may be exempted by the superintendent pursuant to regulation; provided that no such exemption shall be unfairly discriminatory or detrimental to the solvency of licensed insurers.

(d) The superintendent may establish limitations on investments in members of the exchange. The investment in any member by brokers, agents and intermediaries transacting business on the exchange, and the investment in any such broker, agent or intermediary by any member, directly or indirectly, all as defined by regulation, shall in each case be limited in the aggregate to less than twenty percent (or such lesser amount as determined by the superintendent) of the total investment in such member, broker, agent or intermediary.

(e) For purposes of paragraph nine of subsection (a) of section one thousand three hundred one of this chapter, reinsurance written by members of the exchange shall be deemed to have been written by an insurer authorized to transact insurance in this state.

(f) The performance of the contractual obligations of the exchange or its members entered into pursuant to section six thousand two hundred one of this article shall not be covered by any of the New York state security or guaranty funds.

ARTICLE 63

SPECIAL RISKS; FILING EXEMPTION

Section 6301. Special risks; filing exemption.
6302. Special license.
6303. Limitations.
6304. Special regulations.

§ 6301. Special risks; filing exemption. (a) Notwithstanding any provision of this chapter, the superintendent shall, pursuant to regulations promulgated by the superintendent, permit exemption from filing requirements only with respect to rates and policy forms, where applicable, for any of the kinds of insurance specified in subsection (b) of this section.

(b) An exemption pursuant to subsection (a) hereof shall be permitted in relation to the kinds of insurance set forth in paragraphs four through fourteen, sixteen, seventeen, nineteen through twenty-two, twenty-seven and twenty-nine, of subsection (a) of section one thousand one hundred thirteen of this chapter and such insurance as the superintendent deems to be substantially similar to one of the foregoing kinds, except no exemption may be permitted for: (1) coverage for personal lines to natural persons for non-business purposes; (2) insurance specified in subsection (b) of section two thousand three hundred five of this chapter, except medical malpractice insurance, or section two thousand three hundred twenty-eight of this chapter; (3) insurance required to satisfy any financial responsibility requirement of this state; or (4) a policy written on a group basis. However, any risk pursuant to paragraph one, two or three of such subsection of such section of this chapter or personal lines risk (except motor vehicle insurance coverage to natural persons for non-business purposes) shall be exempt pursuant to subsection (a) hereof if it is included by the superintendent on the list maintained by the superintendent pursuant to subsection (a) of section six thousand three hundred three of this article.

(c) An exemption granted pursuant to this section shall apply only to authorized insurers complying with this chapter, except that it shall not apply to insurers subject to article sixty-six of this chapter. The

exemption shall not be an exemption for joint underwriting or joint reinsurance transactions pursuant to section two thousand three hundred seventeen of this chapter.

(d) Nothing in this article shall exempt any insurer, or any policy issued pursuant to this article, from any applicable provision or standard in this chapter, regulations promulgated thereunder, or other requirements of state law.

(e) In this article, "medical malpractice insurance" has the meaning set forth in subsection (b) of section five thousand five hundred one of this chapter.

§ 6302. Special license. (a) An authorized insurer, as a condition precedent to the obtaining of such exemption, shall obtain a special license from the superintendent.

(b) Before such special license shall be issued or renewed the prospective licensee shall file in the office of the superintendent an application in such form and supplements thereto as the superintendent prescribes. Such license shall be subject to annual renewal with an annual fee of two thousand dollars.

(c) Such license may only be issued to:

(1) an authorized insurer that maintains at all times a surplus to policyholders of at least two hundred percent of the authorized control level as set forth in article thirteen of this chapter, except that with respect to a policy issued pursuant to paragraph three of subsection (a) of section six thousand three hundred three of this article, an authorized insurer that maintains at all times a surplus to policyholders of at least two hundred fifty percent of the authorized control level as set forth in article thirteen of this chapter; or

(2) a United States branch that maintains at all times a trusteed surplus of at least two hundred percent of the authorized control level as set forth in article thirteen of this chapter, except that with respect to a policy issued pursuant to paragraph three of subsection (a) of section six thousand three hundred three of this article, a United States branch that maintains at all times a trusteed surplus of at least two hundred fifty percent of the authorized control level as set forth in article thirteen of this chapter; or

(3) until June thirtieth, two thousand twenty-seven, a domestic property/casualty insurance company that maintains at all times a surplus to policyholders of at least twice the minimum surplus to policyholders required to be maintained for the kinds of insurance that it is authorized to write in this state, or an insurer licensed pursuant to article sixty-one of this chapter as a reciprocal insurer that maintains at all times a surplus to policyholders of at least the minimum surplus to policyholders required to be maintained for the kinds of insurance that it is authorized to write in this state, provided that the domestic property/casualty insurance company or reciprocal insurer: (A) has total direct premiums comprised of at least ninety percent medical malpractice insurance; (B) assumes reinsurance premiums in an amount that is less than five percent of total direct premiums written; and (C) writes ninety percent of its total direct premiums in this state.

(d) The superintendent may revoke, suspend, or refuse to renew such license if, after notice and a hearing, the superintendent finds that such action will protect the best interests of the people of this state.

§ 6303. Limitations. (a) The exemption that may be granted pursuant to this article shall apply only if:

(1) the risk, as defined in regulations of the superintendent, produces a minimum annual premium in excess of one hundred thousand dollars or such higher amount as the superintendent may prescribe by regulation;

(2) the coverage is for a risk or class of risks which is of an unusual nature, a high loss hazard, or difficult to place, pursuant to a list promulgated or amended by the superintendent; or

(3) until June thirtieth, two thousand twenty-seven, the policy, other than a medical malpractice insurance policy, is issued to a large commercial insured that employs or retains a special risk manager to assist in the negotiation and purchase of a policy exempted under this article, provided, however, that:

(A)(i) the special risk manager is not employed by the insurer issuing the policy or any person in the insurer's holding company system; and

(ii) the special risk manager is licensed as an insurance producer in

this state pursuant to article twenty-one of this chapter, unless exempted from licensing therein; and

(B) a policy form that has not been previously filed with the superintendent shall be filed with the superintendent for informational purposes within three business days after first delivery of a policy using such form, but no later than sixty calendar days after the inception date of such policy.

(b) For the purposes of this section:

(1) "Large commercial insured" means an entity that generates annual commercial risk insurance premium, other than for medical malpractice insurance, in excess of twenty-five thousand dollars with respect to the kinds of insurance specified in paragraphs four through fourteen, sixteen, seventeen, nineteen through twenty-two, twenty-seven and twenty-nine of subsection (a) of section one thousand one hundred thirteen of this chapter and such insurance as the superintendent deems to be substantially similar to one of the foregoing kinds and:

(A) has a net worth of at least seven million five hundred thousand dollars as of the insured's fiscal year end immediately preceding the policy's effective date;

(B) has gross assets exceeding ten million dollars and a net worth of at least one million five hundred thousand dollars as of the insured's fiscal year end immediately preceding the policy's effective date;

(C) is a for-profit business entity that generates annual gross revenues exceeding fifteen million dollars, and has a net worth of at least one million five hundred thousand dollars as of the insured's fiscal year end immediately preceding the policy's effective date;

(D) is a for-profit business entity that has gross assets exceeding ten million dollars and generates annual gross revenues exceeding fifteen million dollars as of the insured's fiscal year end immediately preceding the policy's effective date;

(E) is a not-for-profit organization or public entity with an annual budget exceeding twenty million dollars for each of its three fiscal years immediately preceding the policy's effective date;

(F) has fifty employees or, together with its parent, subsidiaries and affiliates, one hundred employees, as of the insured's fiscal year end immediately preceding the policy's effective date; or

(G) is a municipality with a population of fifty thousand or more

persons.

(2) "Special risk manager" means a person who meets all of the following requirements:

(A) the person is an employee of, or third-party consultant retained by, the large commercial insured;

(B) the person provides skilled services in loss prevention, loss reduction, or risk and insurance coverage analysis and assessment, and purchase of insurance; and

(C) the person:

(i)(I) has a bachelor's degree or higher from an accredited college or university in risk management, business administration, finance, economics, or any other field determined by the superintendent to demonstrate minimum competence in risk management; and

(II)(aa) has five years of experience in risk financing, loss prevention, risk and insurance coverage analysis and assessment, or purchasing commercial risk insurance; and

(bb) has:

(aaa) a designation as a chartered property and casualty underwriter (in this clause referred to as a "CPCU") issued by the American Institute for CPCU/Insurance Institute of America;

(bbb) a designation as an associate in risk management (ARM) issued by the American Institute for CPCU/Insurance Institute of America;

(ccc) a designation as certified risk manager (CRM) issued by the National Alliance for Insurance Education & Research;

(ddd) a designation as a Risk and Insurance Management Society (RIMS) fellow (RF) issued by the Global Risk Management Institute; or

(eee) any other designation, certification, or license determined by the superintendent to demonstrate minimum competency in risk management;

(ii)(I) has at least seven years of experience in risk financing, loss prevention, risk and insurance coverage analysis and assessment, or purchasing commercial risk insurance; and

(II) has any one of the designations specified in subclauses (aaa) through (eee) of subitem (bb) of clause (II) of item (i) of this subparagraph;

(iii) has at least ten years of experience in risk financing, loss prevention, risk and insurance coverage analysis and assessment, or purchasing commercial risk insurance; or

(iv) (I) has a graduate degree from an accredited college or university in risk management, business administration, finance, economics, or any other field determined by the superintendent to demonstrate minimum competence in risk management; and

(II)(aa) has at least three years of experience in risk financing, loss prevention, risk and insurance coverage analysis and assessment, or purchasing commercial risk insurance; or

(bb) has any one of the designations specified in subclauses (aaa) through (eee) of subitem (bb) of clause (II) of item (i) of this subparagraph.

(3) "Municipality" shall mean any county, city, town or village.

(c) Effective on the fifth January first occurring after the date of the enactment of this subsection and each fifth January first occurring thereafter, the amounts specified in paragraph one of subsection (b) of this section may be adjusted to reflect the percentage change for such five-year period in the consumer price index for all urban consumers published by the Bureau of Labor Statistics of the United States Department of Labor. The superintendent may conduct a public hearing to determine whether such increase is necessary.

(d) (1) Except as provided in paragraph two of this subsection, every policy issued pursuant to the provisions of this article shall contain a notice to the policyholder that the rate and policy form are not subject to the filing requirements of this state and such other notices required by the superintendent pursuant to regulation.

(2) Every policy issued pursuant to paragraph three of subsection (a) of section six thousand three hundred three of this article shall contain a notice to the policyholder that the rates are not subject to the filing requirements of this state and the policy forms are not subject to the approval requirements of this state, and such other notices required by the superintendent pursuant to regulation.

(e) The superintendent may by regulation prescribe limitations on the total amount of business that an insurer may transact pursuant to this article or reimpose filing or approval requirements where and to the extent that the superintendent deems it in the interest of the policyholders.

§ 6304. Special regulations. The superintendent, by regulation, shall provide for the implementation of the provisions of this article by establishing methods, procedures and reports for licensing and for facilitating, monitoring and verifying compliance with this article.

ARTICLE 64

TITLE INSURANCE CORPORATIONS

Section 6401. Definitions.
6402. Organization; financial requirements.
6403. Management and powers of title insurance corporation.
6404. Assets; title plant; valuation.
6405. Reserves.
6406. Investments; exception.
6407. Restrictions on dividends.
6408. Prohibition on engaging in certain business activities.
6409. Filing of policy forms; rates; classification of risks; commissions and rebates prohibited.
6410. Merger.
6411. Merger of parent corporation and wholly-owned subsidiary.

§ 6401. Definitions. In this article, the following definitions apply except as otherwise specified:

(a) "Title insurance corporation" means a corporation exercising any of the powers described in paragraph one or two of subsection (b) of section six thousand four hundred three of this article.

(b) "Title insurance policy" means any policy or contract insuring or guaranteeing the owners of real property and chattels real and other persons interested therein, or having liens thereon, against loss by reason of encumbrances thereon and defective titles.

§ 6402. Organization; financial requirements. A title insurance corporation may be organized and licensed in the manner prescribed in subsection (e) of section one thousand one hundred two and section one thousand two hundred one of this chapter, except as hereinafter

prescribed, to do the kind of insurance business, and with the incidental powers, specified in section six thousand four hundred three of this article, with a paid-in capital of at least five hundred thousand dollars and a paid-in initial surplus at least equal to fifty percent of its paid-in capital, and it shall at all times thereafter maintain a capital at least equal to five hundred thousand dollars, except that any such corporation organized before July first, nineteen hundred eighty-two, shall at all times maintain a minimum capital of two hundred fifty thousand dollars. In the organization of any such corporation the provisions of section one thousand two hundred one of this chapter shall be superseded or supplemented by the following provisions:

(a) The duration of such corporation shall be perpetual.

(b) Its principal office shall be located in this state.

(c) The purposes for which such corporation shall be organized shall only be such as are specified in section six thousand four hundred three of this article.

(d) Its incorporators shall be natural persons, not less than seven in number, and shall possess the qualifications of directors prescribed in subsection (e) hereof.

(e) Its directors shall be natural persons, not less than seven in number, all citizens of the United States, a majority of whom shall be citizens and residents of this state at the time of their election and during their continuance in office.

(f) Before a license to do business shall be issued to such corporation a list of its shareholders shall be filed in the office of the superintendent, subscribed and affirmed as true under the penalties of perjury by two of its principal officers, giving the name, residence and post-office address of, and number of shares held by, each shareholder.

(g) No foreign or alien insurer shall be granted a license or renewal of a license to do in this state the kind of business specified in paragraph eighteen of subsection (a) of section one thousand one hundred thirteen of this chapter if it may exercise any powers or conduct any business without this state not authorized by such paragraph, or unless its surplus to policyholders, of which not more than five percent of its admitted assets shall be represented by title plant or plants, is at the

time of initial licensing not less than the sum of (i) the minimum capital and initial surplus required of a similar domestic insurer, and (ii) an amount by which reserves computed in accordance with paragraphs one and two of subsection (a) of section six thousand four hundred five of this article on business within and without the state exceed its reserves of a comparable nature, whether statutory or voluntary, and unless such insurer at all times thereafter maintains a surplus to policyholders, similarly limited as to value of title plant or plants, at least equal to the sum of such minimum capital and reserves determined as hereinabove set forth, or if it fails to meet any other requirements of this chapter applicable to a domestic title insurance corporation except that any such insurer initially licensed on or after July first, nineteen hundred eighty-two, shall have a surplus to policyholders at least equal to the sum of (i) minimum capital and initial surplus required of a like domestic insurer initially licensed on or after July first, nineteen hundred eighty-two, and (ii) reserves as hereinabove required; and shall maintain a surplus to policyholders at least equal to the sum of (i) the reserves hereinabove required and (ii) the minimum capital required of a domestic insurer initially licensed on or after July first, nineteen hundred eighty-two.

§ 6403. Management and powers of title insurance corporation. (a) The business and affairs of every title insurance corporation shall be managed under the direction of its board of directors.

(b) Every title insurance corporation shall, subject to the exceptions and restrictions contained in this chapter, have power to do, in addition to the powers granted by the business corporation law, only the following kinds or any of the kinds of business, of which those specified in paragraphs one and two hereof shall be deemed doing an insurance business:

(1) To make and to guarantee the correctness of searches for all instruments affecting titles to real property, chattels real, and cooperative units and proprietary leases, and for all liens or charges affecting the same.

(2) To issue title insurance policies.

(3) To examine titles to real property and chattels real and to

procure and furnish information in relation thereto and to personal property used in connection therewith.

(4) To invest in, purchase and sell mortgages upon improved and unencumbered real property appraised for at least fifty per centum more than the amount loaned thereon or obligations secured by such mortgages or senior participations or interests therein, without guaranteeing the performance of any contract in respect thereto or the guaranteeing of payment of taxes, penalties, foreclosure costs or other expenses with respect to the same. "Senior participation", in this section, means all that portion or portions of the obligation secured by a first mortgage which has legal priority over all other portion or portions of such obligation, known as junior participation.

(5) To invest in or acquire for resale, (i) obligations secured by a mortgage (including any part of an issue of such obligations) which are insured or committed to be insured by the Federal Housing Administrator, or (ii) debentures lawfully issued by the Federal Housing Administrator.

(6) To act as agent in fact for investors in, and the holders of, mortgages or obligations mentioned in paragraphs four and five hereof, and interests therein, in the purchase, sale and servicing thereof; to act as agent in fact for investors in supervising and inspecting land and buildings for the purpose of loans to be made thereon, and in recommending, without any guaranty or similar undertaking as to the amounts of such loans and amounts to be advanced thereon, but not to engage in the business of making real estate appraisals.

(c) No title insurance corporation doing business in this state shall expose itself to any loss on any one risk in an amount exceeding the sum of its capital, surplus, statutory premium and any voluntary reserves, all as shown in its most recent quarterly or annual statement filed with the superintendent. Any risk or portion thereof which shall have been reinsured with an assuming insurer authorized to do such business in this state shall be deducted in determining the limitation of risk prescribed in this subsection. Credit to the ceding insurer for reinsurance with an unauthorized insurer shall be allowed to the extent permitted by a regulation of the superintendent.

§ 6404. Assets; title plant; valuation. In determining the financial

condition of any corporation doing business under this article, the superintendent shall allow as admitted assets only such assets as are prescribed by section one thousand three hundred one of this chapter and as are not excluded by section one thousand three hundred two of this chapter, except as follows:

(a) The superintendent may allow as an admitted asset of such corporation its title plant or plants covering real property located within or without the state of New York, at its fair value as determined by him; provided, however, that with respect to any title plant or plants acquired after December thirty-first, nineteen hundred fifty-four, such value shall be reduced by not less than ten percent of the amount thereof on December thirty-first of the third year following the acquisition of such title plant or plants, and be further reduced by ten percent of said original amount on the thirty-first day of December of each succeeding calendar year, and provided further that in no event shall the aggregate amount allowed for any title plant or plants acquired after December thirty-first, nineteen hundred sixty-nine, exceed five percent of the total admitted assets of such corporation.

(b) The superintendent shall allow as admitted assets premiums and fees for title examination and insurance and for abstracts and searches, not more than ninety days past due. Such premiums and fees shall be deemed to be due when the services for which such premiums and fees are chargeable shall have been performed, except that with respect to abstracts and searches, not later than the closing of the transaction for which the services were rendered, and with respect to examinations on a closed title basis premiums and fees shall be deemed due when title is closed.

§ 6405. Reserves. (a) Every title insurance corporation organized and doing an insurance business under this article shall establish, segregate and maintain a reinsurance reserve during the period and for the uses and purposes hereinafter provided which shall at all times and for all purposes be deemed and shall constitute unearned portions of the original premiums and shall be charged as a reserve liability of such corporation in determining its financial condition.

(1) Beginning June first, nineteen hundred forty-five, the amount of

such reserve shall be cumulative and shall consist of (i) one dollar fifty cents for each risk assumed under a binder or policy of insurance or any certificate or agreement issued under either of them, plus one-eightieth of one percent of the face amount of insurance effected thereby; and (ii) three percent of the gross fees and premiums received by it for guaranteed certificates of title, guaranteed searches and guaranteed abstracts of title not included in item (i) of this paragraph. That portion of the reinsurance reserve established as required by this paragraph more than one hundred eighty months prior shall be released and shall no longer constitute part of the reinsurance reserve and may be used for any corporation purpose.

(2) Beginning January first, nineteen hundred eighty-six, the amount of such reserve provided shall consist of (i) one dollar fifty cents for each risk assumed under a binder or policy of insurance or any certificate or agreement issued under either of them, plus one-eightieth of one percent of the face amount of insurance effected thereby; and (ii) three percent of the gross fees and premiums received by it for guaranteed certificates of title, guaranteed searches and guaranteed abstracts of title not included in item (i) of this paragraph. "Risk assumed" and "insurance effected", as used in this paragraph, shall not include the face amount of a policy insuring a lender to the extent of the face amount of a policy insuring the owner of an interest in the same land under an owner's policy which provides that any amount paid under the lender's policy shall reduce the amount of, and be deemed a payment under, the owner's policy. A title insurer shall release from the reinsurance reserve established as required by this paragraph a sum equal to five percent of the amount added to the reserve during each year following the year in which the sum was added, until the entire amount added has been released.

(b) Every title insurance corporation organized or authorized to do business in this state shall on or before March first each year, file a report in such form as may be prescribed by the superintendent of all unpaid losses and claims upon title insurance policies, guaranteed certificates of title, guaranteed searches and guaranteed abstracts of title (such policies, certificates, searches and abstracts being hereafter in this section called "guarantees") of which the corporation has received due notice in writing from or on behalf of the insured or

the guaranteed and keep such records thereof as may be prescribed by the superintendent. Every title insurance corporation doing business under this article shall set up and maintain a loss reserve at least equal to the aggregate estimated amounts due or to become due on account of all such unpaid losses and claims.

(c) The reinsurance reserve required by subsection (a) of this section shall be maintained as follows:

Admitted assets of a value at least equal to the amount required for such reserve shall be continuously held by the corporation as a segregated reserve fund at all times distinct and separate from all its other assets. Cash paid into such fund shall, unless invested, be kept in legal tender or deposited in a separate account. Securities which are a part of such fund shall be kept separate from all other securities and shall be clearly identified as securities belonging to such fund. The net income and profits derived from such fund investments shall be transferred to the general assets of the corporation. Such corporation shall at all times keep a separate record of the cash and securities in such fund, giving complete identification of the assets belonging at any time to such fund and showing full particulars as to withdrawals and additions. No assets of such fund shall be taken or used in satisfaction of any claim against such corporation except as hereinafter provided and such fund shall be held solely for the purpose of satisfying such claims.

(d) The funds constituting the reinsurance reserve required by subsection (a) of this section shall be held in cash or invested only in the types of reserve investments that meet the requirements of paragraphs one, two, and three of subsection (a) of section one thousand four hundred four of this chapter. In no event shall the investment made under such paragraph three exceed twenty percent of the reinsurance reserve at preceding year-end.

(e) If at any time the superintendent finds from the report of any examiner filed pursuant to section three hundred eleven of this chapter or otherwise, after reasonable notice to and hearing of such corporation, that the value of the cash and investments lawfully in the reserve fund required to be established, segregated and maintained by subsection (c) of this section is less than the amount required to be

maintained at such time pursuant to subsection (a) of this section, the superintendent shall determine the amount of such impairment and issue a written requisition to such corporation to remove, repair or make good such impairment within such period as he shall designate, not less than thirty nor more than ninety days from the service of such requisition. If at the expiration of such designated period such impairment has not been removed, repaired or made good, the superintendent shall order such corporation in writing to cease doing any new business. If such corporation, or any officer thereof, having notice of such order of the superintendent, shall thereafter transact or participate in the transaction of any new business, such corporation or person shall be in violation of the provisions of this chapter.

(f) The reinsurance reserve fund required to be maintained pursuant to subsection (c) of this section shall constitute a separate and distinct trust fund for the security of holders of guarantees of the corporation as hereinafter provided.

(g) In the event the superintendent, pursuant to the provisions of article seventy-four of this chapter, obtains an order for the rehabilitation or liquidation of a title insurance corporation, he shall have the power:

(1) to pay out of such reinsurance reserve fund, subject to the approval of the court, the claims for losses sustained by the holders of guarantees of such corporation pending at the time of the making of such order or arising subsequently thereto and up to the time reinsurance is effected, and

(2) to negotiate and enter into a contract with one or more solvent corporations authorized to transact the business of title insurance, subject to the approval of the court, for the reinsurance of the obligations under such outstanding guarantees in accordance with their terms, covenants and conditions, and

(3) to pay the cost of reinsurance out of said reinsurance reserve fund of such corporation.

(h) After the payments hereinbefore authorized shall have been made by the superintendent, he shall transfer any balance in said reinsurance reserve fund to the general assets of the corporation in rehabilitation or liquidation. The reinsuring corporation shall segregate and maintain the reinsurance reserve fund acquired from the superintendent under the

terms of the agreement of reinsurance except that on the first day of the month next succeeding such acquisition and on the first day of each month thereafter, one one-hundred-eightieth of the amount of the said fund so acquired shall be released therefrom and shall no longer constitute part of the reinsurance reserve fund so acquired and may be used for any corporate purpose of the reinsuring corporation.

(i) In the event the superintendent shall be unable to effect a contract for reinsurance as provided in subsection (g) of this section, for the reinsurance of the outstanding guarantees of a title corporation in rehabilitation or liquidation, the reinsurance reserve fund of such corporation shall constitute a separate and distinct trust fund for the payment therefrom by the superintendent, on the approval of the court, in the following order of preference, (i) of all expenses of proceedings incurred under this subsection, (ii) of all allowed claims for losses sustained by the holders of guarantees of such corporation which are unpaid or pending at the time fixed by the court for the filing of claims and (iii) of all allowed claims for losses which shall be asserted at any time within twenty years from the date of the entry of such order of rehabilitation or liquidation and which shall be paid in the order of the date of their allowance by the court. Any balance in the reinsurance reserve fund of a title insurance corporation after payment of allowed claims asserted within twenty years from the date of the entry of the order of rehabilitation or liquidation shall be transferred to the general assets of such corporation. The superintendent shall keep and retain for such period of twenty years all title records of the corporation which he in his discretion shall deem necessary to effectuate the purposes of this trust.

(j) The payments out of the reinsurance reserve fund which shall have been made by the superintendent on allowed claims for losses which shall have been filed within the time fixed by the court for the filing of claims in a rehabilitation or liquidation proceeding, shall constitute an allowed claim in favor of the reinsurance reserve fund of such corporation entitled to share with general creditors in the dividends directed to be paid and the dividends so paid on such claim shall fall into such reinsurance reserve fund.

(k) In proceedings for the rehabilitation or liquidation of a title insurance corporation which shall not have been declared insolvent, no

assets of such corporation shall be distributed to the shareholders of such corporation (i) until all claims allowed in the rehabilitation or liquidation proceedings have been paid in full, and (ii) if such distribution is within twenty years from the date of the entry of the order of rehabilitation or liquidation such distribution shall not be made unless prior to or at the time of the making of such distribution there shall be transferred to the reinsurance reserve fund general assets of the corporation sufficient to restore such fund to its amount on the date of the entry of such order. Upon the expiration of twenty years from the date of the entry of such order of rehabilitation or liquidation any balance in such reinsurance reserve fund after payment of all allowed claims asserted within such twenty year period shall be transferred to the general assets of such corporation.

§ 6406. Investments; exception. (a) Every title insurance corporation organized and doing business under this article shall invest and keep invested an amount at least equal to its required minimum capital in the types of investments specified in section one thousand four hundred two of this chapter, except that it shall invest and keep invested at least thirty-five percent of its minimum capital in those types of investments specified in paragraphs one and two of subsection (b) of such section.

(b) Every title insurance corporation organized and doing a title insurance business under this article shall confine its investment of all of its funds, other than those specified in subsection (a) hereof, to investments permitted by paragraph two of subsection (a) of section one thousand four hundred three of this chapter except as follows:

(1) No loan secured by mortgage on any one piece or parcel of property (excluding any part guaranteed under title three of the Servicemen's Readjustment Act of 1944 (38 U.S.C. § 1801)) shall at the time of investment exceed (i) three-fourths of the value of the real property securing the same if (I) such real property is primarily improved by a single family residence, (II) the aggregate principal amount of the loan or loans secured by such real property does not exceed thirty thousand dollars, and (III) the evidences of indebtedness provide for amortization of principal over a period of not more than thirty years, or (ii) two-thirds of the value of the real property securing the same

in all other cases, as shown by the appraisal of one or more competent and experienced appraisers.

(2) Any such corporation may invest in loans secured by mortgages on real property guaranteed as to principal or interest by the United States.

(3) No title insurance corporation shall at any time have invested in bonds, notes or other evidences of indebtedness secured by deeds of trust or real estate mortgages, as specified in this paragraph except bonds or notes secured by mortgage or trust deed guaranteed or insured by the federal housing administration under an act of congress of the United States of June 27, 1934, entitled the "National Housing Act,"(12 U.S.C. § 1701). Notwithstanding the provisions of clause (I) of item (v) of subparagraph (A) of paragraph four of subsection (a) of section one thousand four hundred four of this chapter, the aggregate investments held by a title insurance corporation of the types described in such subparagraph and in purchase money mortgages received by it in part payment of the consideration for the sale or exchange of real property owned by it, shall not exceed seventy percent of its admitted assets as shown by its last statement on file with the superintendent.

(4) No title insurance corporation shall invest in or lend upon the security of any one parcel of property an amount exceeding seven percent of its total admitted assets, except that such corporation may invest in or lend upon an obligation or obligations secured by a mortgage or mortgages on property guaranteed as to principal or interest by the United States, or guaranteed or insured under the National Housing Act (12 U.S.C. § 1701), an amount not exceeding twenty-five percent of its total admitted assets, if at the time of the making of the commitment for such investment or loan such corporation shall have entered into an agreement in writing with a mortgagee approved under the provisions of the National Housing Act, for the sale of such investment or loan for an amount in cash not less than the full amount of such investment or loan.

(5) Notwithstanding the provisions of paragraph eight of subsection (a) of section one thousand four hundred four of this chapter, no title insurance corporation shall invest in, or otherwise acquire or loan upon in any one institution's outstanding equity interests an amount which exceeds two percent of the admitted assets of such title insurance corporation as shown by its last statement on file with the

superintendent. The aggregate cost of all investments in equity interests then held by any title insurance corporation pursuant to this paragraph, paragraph six hereof, section one thousand four hundred three and paragraph eight of subsection (a) of section one thousand four hundred four of this chapter shall not exceed the lesser of twenty-five percent of the insurer's total admitted assets or one-half of the insurer's surplus to policyholders as shown by its last statement on file with the superintendent.

(6) Notwithstanding the provisions of paragraph eight of subsection (a) of section one thousand four hundred four of this chapter and paragraph five hereof, a title insurance corporation may invest in the shares of other insurance corporations and in the shares and obligations of any corporation which is engaged exclusively in a kind of business properly incidental to the insurance business of such title insurance corporation, amounts which do not in total exceed ten percent of its total admitted assets as shown by its last statement on file with the superintendent.

(7) No title insurance corporation shall hold a direct or indirect ownership interest in a risk retention group, as defined in article fifty-nine of this chapter, other than in a risk retention group all of whose members are insurance companies.

§ 6407. Restrictions on dividends. (a) No title insurance corporation shall declare or pay any cash or property dividend on its capital shares, or declare or distribute a stock dividend except out of earned surplus, meaning, for the purpose of this section, surplus not attributable to contributions made to surplus within five years next preceding or to appreciation in value of investments not sold or otherwise disposed of.

(b) No such corporation shall declare or pay any cash or property dividend to shareholders which, together with all such dividends declared or paid by it during the next preceding twelve months, exceeds ten percent of its then outstanding capital shares unless, after deducting such dividends, it has a surplus to policyholders at least equal to fifty percent of its reinsurance reserve or a surplus at least equal to fifty percent of the minimum capital required of such insurer

to transact the business of title insurance, whichever shall be greater. For the purpose of this section, "surplus" means the amount of the insurer's admitted assets in excess of (i) all of its liabilities, including its reinsurance reserve, and (ii) its outstanding capital shares.

(c) No such corporation shall declare or distribute any stock dividend which shall reduce surplus to an amount less than fifty percent of its then outstanding capital shares.

§ 6408. Prohibition on engaging in certain business activities. (a) No person, firm, association or corporation shall engage in business as a title insurance corporation except pursuant to the provisions of this article. This prohibition shall not prevent the making, issuing, or furnishing of any abstract, search, examination, survey or certificate of title without guarantee or insurance thereof, nor the doing of any business specified in paragraphs three, four, five and six of subsection (b) of section six thousand four hundred three of this article.

(b) Except as in this article provided, no corporation organized or doing business under this article shall engage in the business of selling certificates or participations in obligations secured by mortgages.

(c) Except as provided in this article or in article sixty-five of this chapter, no person, firm, association or corporation shall, in this state, engage, or make any public proposal to engage, in the business of guaranteeing mortgages of real or personal property, or of selling any guaranteed mortgage or interest therein.

(d) Notwithstanding any other provisions of this article, no person, firm, association or corporation organized or qualified under this article shall in this state hereafter engage, or make any public proposal to engage, in the business of selling any mortgage, certificate of participation or interest in any mortgage or mortgages, or certificate secured by the deposit of any cash, mortgage or mortgages or other securities, coupled with any agreement to repurchase.

§ 6409. Filing of policy forms; rates; classification of risks;

commissions and rebates prohibited. (a) No title insurance policy shall be issued or delivered in this state, unless it has been filed with the superintendent in accordance with article twenty-three of this chapter.

(b) Title insurance rates and rate filings shall be subject to article twenty-three of this chapter.

(c) Notwithstanding any other provision of this article, every title insurance corporation shall offer, at or prior to title closing, an optional policy form that insures the title of owner-occupied real property used predominantly for residential purposes that consists of not more than four dwelling units for an amount equal to the market value of the property at the time a loss is discovered. Such policy form shall be filed with, and approved by, the superintendent in accordance with article twenty-three of this chapter. Rates for such coverage shall be filed and approved pursuant to article twenty-three of this chapter.

(d) No title insurance corporation, title insurance agent, or any other person acting for or on behalf of the title insurance corporation or title insurance agent, shall offer or make, directly or indirectly, any rebate of any portion of the fee, premium or charge made, or pay or give to any applicant, or to any person, firm, or corporation acting as agent, representative, attorney, or employee of the owner, lessee, mortgagee or the prospective owner, lessee, or mortgagee of the real property or any interest therein, either directly or indirectly, any commission, any part of its fees or charges, or any other consideration or valuable thing, as an inducement for, or as compensation for, any title insurance business, nor shall any applicant, or any person, firm, or corporation acting as agent, representative, attorney, or employee of the owner, lessee, mortgagee or of the prospective owner, lessee, or mortgagee of the real property or anyone having any interest in real property knowingly receive, directly or indirectly, any such rebate or other consideration or valuable thing. Any person or entity who violates this section shall be subject to a penalty of (1) five thousand dollars; or (2) up to ten times the amount of any compensation or rebate received or paid in the case of a title insurance corporation or title insurance agent; or (3) up to five times the amount of any compensation or rebate received or paid; or (4) in the case of an applicant for title insurance that covers real property used predominantly for residential purposes, and which consists of not more than four dwelling units, other than

hotels and motels, an amount not to exceed the compensation or rebate received or paid, when such applicant knew that it was a violation to receive such rebate, or other consideration or valuable thing; provided, however, if such applicant did not know that it was a violation to receive such rebate, or other consideration or valuable thing, he or she shall not be assessed a penalty under this subdivision.

(e) Premium rates for coverage shall fully reflect the foregoing prohibitions of subsection (d) of this section.

§ 6410. Merger. The merger of two or more corporations organized pursuant to section six thousand four hundred two of this article or organized under the laws of this state for the purpose set forth in section six thousand four hundred three of this article, unless it be a merger governed by section six thousand four hundred eleven of this article, shall be governed by those provisions of article seventy-one of this chapter which relate to the merger of two or more domestic stock insurance corporations and which are not inconsistent with any of the provisions of this article, except that:

(a) the proposed charter of the surviving company shall provide for not less than thirteen nor more than thirty directors;

(b) in addition to delivery in person or by mail, the notice of the shareholders meeting provided for in subsection (a) of section seven thousand one hundred four of this chapter shall be published for at least two successive weeks in one of the newspapers in each of the counties of this state in which either of the constituent companies shall have its principal place of business;

(c) in lieu of the provisions of section seven thousand one hundred nineteen of this chapter, if any shareholder not voting in favor of such agreement of merger shall, at such meeting or within twenty days thereafter, object to such merger and demand payment for his shares, he may, at any time within sixty days after such merger, apply to the supreme court at any special term thereof, held in the district in which the county is situated, in which the surviving company has its principal place of business, upon at least eight days' notice to said company for the appointment of three persons to appraise the value of his shares, and the court shall appoint such appraisers and designate the time and

place of their first meeting, with such directions in regard to their proceedings as shall be deemed proper. The court may fill any vacancies in the board of appraisers occurring by refusal or neglect to hold such office. The appraisers shall meet at the time and place designated and after being duly sworn, shall honestly and faithfully discharge their duties and estimate and certify the value of such shares, and deliver one copy to such company and another to such shareholder, if demanded; the charges and expenses of the appraisers shall be paid by the company. When the company shall have paid the appraised value of such shares, as directed by the court, said shares shall be canceled and such shareholder shall cease to have any interest in such shares and in the company property, and such shares may be held and disposed of by the company for its own benefit; and

(d) the sum of the capital stock of the surviving company shall not exceed the limit permitted to either constituent company at the time of merger.

§ 6411. Merger of parent corporation and wholly-owned subsidiary. (a) Notwithstanding the provisions of section six thousand four hundred ten of this article and article fifteen of this chapter, and any rights conferred therein or obligations imposed thereby, any corporation organized under section six thousand four hundred two of this article, or organized under the laws of this state for the purposes set forth in section six thousand four hundred three of this article, owning all the shares of any title insurance corporation may file in the office of the superintendent a certificate of such ownership in its name and under its corporate seal, signed by its president or a vice president and its secretary or treasurer and setting forth a duly certified copy of the resolution of its board of directors to merge such other corporation, and to assume all of its obligations, and the date of the adoption thereof. A duplicate or certified copy of such certificate with the approval required by subsection (b) hereof endorsed thereon or annexed thereto shall be filed in the office of the clerk of the county wherein the principal office of the parent corporation is located. Upon the filing of such certificate, all of the estate, property, rights, privileges and franchises of such other corporation shall vest in and be

held and enjoyed by the parent corporation as fully and entirely and without change or diminution as the same were before held and enjoyed by such other corporation, and be managed and controlled by the parent corporation, and, in its name, but subject to all liabilities and obligations of such other corporation and the rights of all creditors thereof which the parent corporation shall be deemed to have assumed and become liable for in the same manner as if it had itself incurred such liabilities and obligations. The parent corporation shall not thereby acquire power to engage in any business or to exercise any right, privilege or franchise of a kind which it could not lawfully engage in or exercise under the provisions of the law by or pursuant to which such parent corporation is organized.

(b) Such merger shall not become effective unless and until the superintendent shall give his approval thereto. Such approval shall be endorsed upon or annexed to the certificate of merger before filing and the certificate filed as required by subsection (a) hereof.

ARTICLE 65
MORTGAGE GUARANTY INSURANCE COMPANIES

Section 6501. Definitions.
6502. Financial requirements.
6503. Limitations.
6504. Required approvals; prohibitions.
6505. Licensing of agents.
6506. Advertising.
6507. Reinsurance.
6508. Additional powers of superintendent.

§ 6501. Definitions. In this article:

(a) "Mortgage guaranty insurance" means insurance against financial loss by reason of nonpayment of any sum required to be paid under the terms of any instrument of indebtedness secured by a lien on real estate.

(b) "Mortgage insurer" means a person licensed to transact the business of mortgage guaranty insurance in this state.

(c) "Authorized real estate security" means:

(1) an amortized instrument of indebtedness evidencing a loan secured by a first lien on real estate which at the time the loan is made is not less than eighty percent but not more than one hundred three percent of the fair market value of the real estate with any percentage in excess of one hundred percent being used to finance the fees and closing costs on such indebtedness, except, however, for reverse mortgage loans made pursuant to sections two hundred eighty and two hundred eighty-a of the real property law; provided that:

(A) the loan is one which a regulated mortgage investor is authorized to make;

(B) the improvement is a residential building or buildings designed for occupancy by not more than four families or is a condominium unit;

(C) the lien may be subordinate to:

(i) the lien of any public bond, assessment, or tax, when no installment, call or payment of or under such bond, assessment or tax is delinquent; and

(ii) outstanding mineral, oil or timber rights, easements or other restrictions on use, or leases under which rents or profits are reserved;

(2) an amortized instrument of indebtedness evidencing a loan secured by a junior lien on real estate which, when combined with all existing mortgage loan amounts at the time the loan is made, is not more than one hundred percent of the fair market value of the real estate; provided that:

(A) in determining the foregoing one hundred percent limitation, if the loan securing the junior lien is an equity line of credit loan, the full amount of the line of credit to be secured by the junior lien shall be considered the amount of the loan;

(B) the loan is one which a regulated mortgage investor is authorized to make;

(C) the improvement is a residential building or buildings designed for occupancy by not more than four families or is a condominium unit;

(D) in addition to any senior liens securing any amortized instruments of indebtedness on real estate, qualifying under paragraph one of this subsection, the junior lien may be subordinate to:

(i) the lien of any public bond, assessment, or tax, when no

installment, call or payment of or under such bond, assessment or tax is delinquent; and

(ii) outstanding mineral, oil or timber rights, easements or other restrictions on use, or leases under which rents or profits are reserved;

(3) an amortized instrument of indebtedness evidencing a loan secured by an ownership interest in, and a proprietary lease from, a corporation or partnership formed for the purpose of the cooperative ownership of real estate in this state and which at the time the loan is made is not less than eighty percent nor more than one hundred percent of the purchase price of the ownership interest and the proprietary lease, if the loan is one which a regulated mortgage investor is authorized to make. In this article unless the context clearly requires otherwise, any reference to a mortgagor shall include an owner of such an ownership interest as described in this paragraph and any reference to a lien or mortgage shall include the security interest held by a lender in such an ownership interest;

(4) an amortized instrument of indebtedness, evidencing a loan which otherwise conforms to the requirements of paragraph one or three of this subsection, and which has been amortized to less than eighty percent of the fair market value of the real estate at the time said loan was made; provided the borrower is not obligated directly or indirectly to pay any premium for mortgage guaranty insurance authorized under this article, and the instrument would be ineligible for sale to the Federal National Mortgage Association, the Government National Mortgage Association, the Federal Home Loan Mortgage Corporation or any other secondary mortgage market instrumentality or facility as the superintendent of financial services determines, without such mortgage guaranty insurance; or

(5) where a loan is being made as part of the state of New York mortgage agency's forward commitment program as defined in title seventeen of article eight of the public authorities law, the lesser percentage set forth in paragraphs one and three of this subsection shall be sixty percent and the range of such percentages shall apply to the fair market value at the time the loan was made of the real estate or the ownership interest in a corporation or partnership formed for the purpose of cooperative ownership of real estate, as the case may be.

(d) "Contingency reserve" means an additional premium reserve

established to protect policyholders against the effect of adverse economic cycles.

(e) "Policyholders surplus" means the aggregate of capital, surplus and contingency reserve if a stock insurance company or, if a mutual insurance company, the aggregate of surplus and contingency reserve.

(f) "Regulated mortgage investor" means a bank, trust company, savings bank, savings and loan association or insurance company, which is supervised by a department of this state or an agency of the federal government and which invests in authorized real estate securities.

(g) "Segregated trust" is a trust which:

(1) is established by a reinsurer for the benefit of a mortgage insurer;

(2) has a trustee domiciled in the mortgage insurer's state of domicile, domiciled in New York or approved by the superintendent;

(3) is funded by assets permitted by article fourteen of this chapter for the loss reserve required by paragraph three of subsection (a) of section six thousand five hundred two of this article and for the unearned premium reserve required by section one thousand three hundred five of this chapter;

(4) is funded by either cash, the types of reserve investments specified in paragraphs one and two of subsection (a) of section one thousand four hundred four of this chapter or by tax and loss bonds purchased pursuant to § 832(e) of the Internal Revenue Code, for the greater of the amount of the contingency reserve required by paragraph two of subsection (a) of section six thousand five hundred two of this article or paragraph one of subsection (b) of section six thousand five hundred two of this article;

(5) makes quarterly and annual reports to the superintendent;

(6) is subject to withdrawals only by, and under the control of, the ceding mortgage insurer;

(7) permits examination by the superintendent;

(8) designates the superintendent for service of process;

(9) is governed by an agreement which, together with all amendments, shall be approved by the commissioner or superintendent of insurance of the mortgage insurer's domicile, and shall be provided to the superintendent, who shall have the right to disapprove of the agreement. Such agreement shall be deemed approved by the superintendent unless

disapproved within thirty days from the date provided to the superintendent; and

(10) is in compliance with any other regulations or requirements of the superintendent relating to trust agreements.

§ 6502. Financial requirements. (a) A mortgage insurer shall not transact business unless:

(1) if a stock insurance company, it has paid-in capital of at least one million dollars and paid-in surplus of at least one million dollars or, if a mutual insurance company, a minimum initial surplus of two million dollars. A stock company shall at all times thereafter maintain a minimum surplus of at least five hundred thousand dollars, a mutual company shall at all times thereafter maintain a minimum surplus of at least one million five hundred thousand dollars;

(2) it establishes a contingency reserve out of net premiums (gross premiums less premiums returned to policyholders) remaining after establishing the unearned premium reserve. The company shall contribute to the contingency reserve an amount equal to fifty percent of such remaining earned premiums. Contributions to the contingency reserve made during each calendar year shall be maintained for a period of one hundred and twenty months, except that withdrawals may be made by the company with the prior approval of the superintendent in any year in which the actual incurred losses exceed thirty-five percent of the corresponding earned premiums. The unearned premium reserve shall be computed as required by section one thousand three hundred five of this chapter except that on policies covering a risk period of more than one year it shall be computed in accordance with standards promulgated by the superintendent; and

(3) in addition to the contingency reserve, the case basis method or other method as may be prescribed by the superintendent shall be used to determine the loss reserve in a manner consistent with section one thousand three hundred three of this chapter. It shall include a reserve for claims reported and unpaid and claims incurred but not reported, including:

(A) estimated losses on insured loans which have resulted in the conveyance of property which remains unsold;

(B) insured loans in the process of foreclosure; and

(C) insured loans in default for four or more months.

(b) A mortgage insurer shall not:

(1) have outstanding a total liability under its aggregate insurance policies exceeding twenty-five times its policyholders' surplus, computed on the basis of the company's liability under its election as provided in subsection (c) of section six thousand five hundred three of this article. Total liability shall be calculated net of applicable reinsurance. No company which has outstanding total liability exceeding twenty-five times its policyholders' surplus shall transact new business until its total liability no longer exceeds twenty-five times its policyholders' surplus;

(2) declare dividends except from undivided profits remaining on hand above the aggregate of its paid-in capital, paid-in surplus and contingency reserve or, if a mutual insurance company, its initial surplus and contingency reserve; or

(3) invest its contingency reserve except in tax and loss bonds purchased pursuant to § 832(e) of the Internal Revenue Code, to the extent of the tax savings resulting from the deduction for federal income tax purposes equal to the annual contributions to the contingency reserve. The contingency reserve shall otherwise be held in cash or invested only in the types of reserve investments specified in paragraphs one and two of subsection (a) of section one thousand four hundred four of this chapter.

§ 6503. Limitations. (a) Mortgage guaranty insurance may be transacted in this state only by a company licensed to do so and shall be written only:

(1) to insure loans secured by authorized real estate securities; or

(2) to insure pools of loans secured by instruments constituting a first lien on real estate and evidenced by pass-through certificates or other instruments, provided no part of the premiums for such insurance shall be paid directly or indirectly by the mortgagors and mortgage guaranty insurance for such pools of loans shall not be subject to the provisions of subsection (c) of this section; or

(3) to insure a portfolio of loans secured by instruments constituting

a junior lien on real estate.

(b) A mortgage insurer shall not insure exposure on loans secured by liens on properties in a single housing tract or a contiguous tract in excess of ten percent of its policyholders surplus. In calculating such exposure, the applicable claim settlement option shall be applied and applicable reinsurance shall be deducted. "Contiguous" means not separated by more than one-half mile.

(c) A mortgage insurer providing coverage on loans secured by a first lien on real estate may elect to pay the entire indebtedness to the insured and acquire title to the authorized real estate security. A mortgage insurer providing coverage on loans secured by a junior lien on real estate may elect to insure a portfolio of loans secured by instruments constituting a junior lien on real estate.

(d) Except for loans made pursuant to the state of New York mortgage agency's forward commitment program as defined in title seventeen of article eight of the public authorities law, a mortgagor shall not be required to pay, directly or indirectly, the cost of continuing mortgage guaranty insurance on a loan secured by a first lien on real estate when the unpaid principal amount of the real estate loan represents seventy-five percent or less of the real estate's appraised value at the time the loan was made or such higher percentage of such appraised value as may be established from time to time by general regulation of the superintendent of financial services, which shall consider:

(1) the cost to mortgagors and the necessity of maintaining insurance;

(2) the applicable mortgage insurance requirements of the Federal National Mortgage Association, the Government National Mortgage Association and the Federal Home Loan Mortgage Corporation to be met as a precondition to the sale thereto by a regulated mortgage investor; and

(3) the need in light of prevailing economic conditions for regulated mortgage investors to resell such security.

(e) For loans made pursuant to the state of New York mortgage agency's forward commitment program as defined in title seventeen of article eight of the public authorities law, a mortgagor shall not be required to pay, directly or indirectly, the cost of continuing mortgage guaranty insurance on a loan secured by a first lien on real estate when the unpaid principal amount of the real estate loan represents sixty percent or less of the fair market value of the real estate at the time the loan

was made.

(f) A mortgagor shall not be required to pay, directly or indirectly, the cost of mortgage guaranty insurance on a loan secured by a junior lien on real estate when the indebtedness evidencing that loan, combined with all existing mortgage loan amounts at the time the loan is made, is less than sixty percent of the fair market value of the real estate at the time the junior loan is made.

(g) A mortgage insurer may not obtain a deficiency judgment against a borrower in the event of foreclosure.

(h) This article shall not limit the right of any mortgage insurer to impose reasonable requirements upon the lender with regard to the terms of any note or bond or other evidence of indebtedness secured by a mortgage or deed of trust.

§ 6504. Required approvals; prohibitions. (a) Every mortgage insurer shall file with the superintendent for his approval in accordance with article twenty-three of this chapter its premium rates, forms of policies, certificates, applications and other forms pertaining to mortgage guaranty insurance. The premium rate charged for mortgage guaranty insurance shall not be deemed to be interest for the purposes of section 5-501 of the general obligations law.

(b) No mortgage insurer shall pay:

(1) to any person who is acting as agent, representative, attorney or employee of the owner, mortgagee of the prospective owner, or mortgagee of the real property or any interest therein, either directly or indirectly, any consideration as an inducement for or as compensation on any mortgage guaranty insurance business; or

(2) any compensation to any person for transacting insurance for or with it based in whole or in part upon a commission basis unless such person is licensed pursuant to this chapter.

(c) In connection with the placement or renewal of any insurance, a mortgage insurer shall not permit any compensation to be paid to, or received by: any insured lender; any officer, director, or employee of the insured; any member of their immediate family; any corporation, partnership, trust, or trade association in which an insured is a member; or other entity in which an insured or any such officer,

director, or employee or any member of their immediate family has a financial interest; or any designee, trustee, nominee, or other agent or representative of any of the foregoing.

(d) The superintendent may, after a hearing, suspend or revoke the license of any mortgage insurer which, after ten days written notice from the superintendent requiring it to cease and desist, continues to pay any consideration in willful violation of this article.

§ 6505. Licensing of agents. The standards in subsections (d) through (k), (m) and (o) of section two thousand one hundred three of this chapter shall apply to the licensing of agents for a mortgage insurer. Such license may be limited to mortgage guaranty insurance. In such event, the superintendent may, in his discretion, provide a special examination for such license.

§ 6506. Advertising. No regulated mortgage investor, any of whose authorized real estate securities are insured by mortgage guaranty insurance pursuant to this article may state in any form of report or advertising that the real estate loans of the investor are "insured loans" unless the report or any form of advertising also clearly states that the loans are insured by private insurers and the names of such insurers are given. A regulated mortgage investor also shall not make any such statement unless such insurance is by a company authorized to transact mortgage guaranty insurance business in this state.

§ 6507. Reinsurance. (a) A mortgage insurer may, by contract, reinsure any insurance it transacts and receive credit for such reinsurance as an asset or as a reduction from liabilities, including its contingency reserve liability, in its financial statements where such reinsurance is placed with another mortgage insurer licensed under this article.

(b) Notwithstanding any provision of law to the contrary, mortgage guaranty insurance may, by contract, be reinsured, provided that any reinsurance arrangements entered into by a mortgage insurer and an assuming insurer comply with the provisions of this article. The

unearned premium reserve required by section one thousand three hundred five of this chapter, the contingency reserve required by paragraph two of subsection (a) of section six thousand five hundred two of this article and loss reserve required by paragraph three of subsection (a) of section six thousand five hundred two of this article shall be established and maintained by the mortgage insurer or by the assuming insurer so that the aggregate reserves shall not be less than the reserves required by such subsection.

(c) Where a mortgage insurer cedes any insurance to an insurer that insures or reinsures other lines of insurance in addition to mortgage guaranty insurance, the amount of insurance so ceded shall not exceed thirty-five percent of the total exposure insured by the mortgage insurer after deducting insurance ceded to any other mortgage insurer.

(d) Where a mortgage insurer cedes any insurance to a mortgage insurer not licensed under this article or an insurer that insures or reinsures other lines of insurance in addition to mortgage guaranty insurance, in order for the mortgage insurer to receive credit for such reinsurance as an asset or as a reduction from liabilities, including its contingency reserve liability, in its financial statements, such assuming insurer must maintain a surplus to policyholders of at least thirty-five million dollars and the following must occur;

(1) the insurer must establish and maintain in a segregated trust an amount equal to the greater of either the contingency reserve required by paragraph two of subsection (a) of section six thousand five hundred two of this article, or four percent of the outstanding total liability under the aggregate insurance policies assumed from the mortgage insurer;

(2) the insurer must establish and maintain in a segregated trust, or provide a letter of credit in a form approved by the superintendent, an amount equal to the unearned premium and loss reserves;

(3) any such aggregated trust shall be funded by assets permitted by article fourteen of this chapter for the loss reserve required by paragraph three of subsection (a) of section six thousand five hundred two of this article and for the unearned premium reserve required by section one thousand three hundred five of this chapter, and shall be funded by either the types of assets specified in paragraphs one, two and three of subsection (b) of section one thousand four hundred two and

paragraphs one, two and twelve of subsection (a) of section one thousand four hundred four of this chapter or by tax and loss bonds purchased pursuant to § 832(e) of the Internal Revenue Code for the greater of the amount of reserves required by paragraph two of subsection (a) of section six thousand five hundred two of this article or paragraph one of subsection (b) of section six thousand five hundred two of this article;

(4) the reinsurance agreement must be submitted to the commissioner or superintendent of insurance of the mortgage insurer's domicile for approval; and

(5) the reinsurance agreement must provide that:

(A) it is not valid until approved by the commissioner or superintendent of insurance of the mortgage insurer's domicile;

(B) any amendments to the reinsurance agreement must be submitted to the commissioner or superintendent of insurance of the mortgage insurer's domicile for approval prior to becoming effective;

(C) the ceding mortgage insurer has a right to terminate the ceding of additional insurance under the reinsurance agreement if so ordered by the superintendent;

(D) the superintendent has the right to request from the assuming reinsurer information concerning its financial condition;

(E) the assuming reinsurer shall notify the superintendent of any material change in its financial condition; and

(F) such agreements and any amendments thereto shall be provided to the superintendent, who shall have the right to disapprove of any agreement. Such agreements and any amendments thereto shall be deemed approved by the superintendent unless disapproved within thirty days from the date provided to the superintendent. If the superintendent disapproves of any reinsurance agreement or amendments thereto the mortgage insurer shall not receive credit for such reinsurance as an asset or as a reduction from liabilities in its financial statement.

(e) Nothing contained herein shall be deemed to permit an insurer that insures or reinsures other lines of insurance in addition to mortgage guaranty insurance to write directly mortgage guaranty insurance.

(f) Any reinsurance agreement that was valid under this chapter at the time entered into shall not be invalidated by this section.

§ 6508. Additional powers of superintendent. The superintendent may adopt regulations necessary to carry out this article including restrictions on investments, giving full consideration to the desirability of high liquidity.

6605. Organization of assessment corporations.
6606. Reinsurance.
6607. Duration of charter.
6608. Extension of territory.
6609. Policy forms.
6610. Limitation of risk.
6611. Records.
6612. Rebating and discrimination; accounts and statistics; assessment corporations.
6613. Limitation of expenses; co-operative property/casualty insurance companies.
6614. Contingent liability of members; advance premium corporations.
6615. Annual assessments; borrowed money.
6616. Extraordinary assessments; assessment corporations.
6617. Notice of assessment; assessment corporations.
6618. Suits to recover assessments.
6619. Special reserve or emergency funds; co-operative property/casualty insurance companies.
6620. Non-assessable policies; advance premium corporations.
6621. Unabsorbed portions of premium payments.
6622. Refunds from surplus; assessment corporations.
6623. Investments.

6624. Voting by members and meetings of boards of directors; co-operative property/casualty insurance companies.
6625. Merger; consolidation.
6626. Qualification of membership.

§ 6601. Scope of article; other provisions. (a) All insurers formed pursuant to chapter seven hundred thirty-nine of the laws of eighteen hundred fifty-seven, chapter five hundred seventy-three of the laws of eighteen hundred eighty-six, or the laws of which the last mentioned chapter was a consolidation, article nine of chapter six hundred ninety of the laws of eighteen hundred ninety-two, and chapter three hundred twenty-eight of the laws of nineteen hundred ten, the same constituting article nine of former chapter twenty-eight of the consolidated laws as in effect immediately before January first, nineteen hundred forty and article XI-B of the former insurance law as in effect immediately before the effective date of this chapter, are hereby continued in existence and, together with all insurers organized or licensed under this article, are made subject to the provisions of this article and not to any other provisions of this chapter except as provided in subsection (b) hereof.

(b) Except as otherwise specifically provided in this article, the provisions of this chapter insofar as they are applicable to domestic mutual property/casualty insurance companies, shall, unless the context otherwise requires, apply to co-operative property/casualty insurance companies.

§ 6602. Classification of insurers; foreign and alien insurers. (a) Cooperative property/casualty insurance companies operating under or subject to this article shall be either advance premium co-operative property/casualty insurance companies or assessment co-operative property/casualty insurance companies.

(b) (1) "Advance premium corporation" means an advance premium co-operative property/casualty insurance company which charges premiums in advance on the basis of applicable provisions of article twenty-three of this chapter and which maintains unearned premium reserves as

required by section one thousand three hundred five of this chapter and loss and loss expense reserves as required by section four thousand one hundred seventeen of this chapter.

(2) "Assessment corporation" means an assessment co-operative property/casualty insurance company which levies upon its members regular assessments, the amount of which is determined by giving due cognizance, along with other relative factors, either to the incurred liabilities of such insurer, or to its estimated liabilities likely to become incurred before the next regular assessment, or both, and which maintains unearned premium reserves as required by section one thousand three hundred five of this chapter and loss and loss expense reserves as required by section four thousand one hundred seventeen of this chapter.

(c) No insurer operating under or subject to the provisions of this article shall do a part of its business on the advance premium plan and another part on the assessment plan; but this shall not be construed to affect the contingent liability of members of advance premium corporations nor to affect the liability of members of assessment corporations for extraordinary assessments, as hereinafter provided.

(d) No foreign or alien insurer or insurance organization shall be licensed or permitted to do in this state any kind or kinds of insurance business specified in this article on the assessment plan, or on any mutual plan, other than as a mutual property/casualty insurance company or as a reciprocal insurer as elsewhere provided in this chapter.

§ 6603. Incorporation of co-operative property/casualty insurance companies. (a) A corporation may be organized and licensed as an advance premium corporation or as an assessment corporation in the manner prescribed in this section and subject to any other applicable requirements of this chapter. The successive steps shall be as follows:

(1) The proposed incorporators, who shall be natural persons not less than thirty in number, shall submit to the superintendent in writing, the proposed name of the corporation, which shall include the word "co-operative," and the county in which its principal office will be located, and the name and address of a public newspaper of general circulation in said county. Such proposed incorporators shall also submit at the same time statements subscribed and affirmed by them as

true under the penalties of perjury, in such form as the superintendent may require, which shall show that each incorporator is the true and bona fide owner of improved real property worth not less than two thousand dollars; that the real property so owned by such incorporators is worth in the aggregate not less than two hundred thousand dollars; and that such real property is located wholly within the territory wherein the corporation desires to do business.

(2) If the superintendent approves the proposed name of the corporation and the designated newspaper, each as conforming to the requirements of law, and if he finds that the affidavits required by paragraph one hereof are sufficient in form and substance, he shall notify the proposed incorporators, or their representative, in writing. Such approval shall become void if within six months from the date thereof the declaration and charter have not been filed pursuant to this section. However, upon application made prior to the expiration of such six months, the superintendent for good cause shown in such application may extend such approval for an additional period not to exceed six months.

(3) The proposed incorporators shall cause to be published in the approved newspaper, twice a week for three successive weeks, or once a week for six successive weeks, a notice of intention to form such a corporation, stating its proposed name, the kind or kinds of insurance business to be transacted and whether on the advance premium plan or assessment plan, the names and respective residence addresses of the proposed incorporators, and the location of its principal office in this state.

(4) The proposed incorporators shall submit to the superintendent proof of such publication by the statement of the publisher or of his foreman or clerk, subscribed and affirmed by him as true subject to the penalties of perjury, and a declaration subscribed and affirmed as true under the penalties of perjury by each and all of the incorporators, setting forth the items hereinafter specified.

(5) Such declaration shall be in the English language, and shall state the intention of the proposed incorporators to form a corporation for the purpose of doing one or more kinds of insurance business specified in subsection (a) of section one thousand one hundred thirteen of this chapter and shall specify the provision or provisions of such section

defining the kind or kinds of insurance business, insofar as such kinds of insurance are specifically available to such a corporation by section six thousand six hundred four or six thousand six hundred five of this article, whichever is applicable. Such declaration shall also set forth a copy of the proposed charter of the corporation, which shall contain:

(A) The name of the proposed corporation.

(B) The territory in this state wherein the corporation desires to do business.

(C) The kind or kinds of insurance to be transacted, specified as above required, and whether on the advance premium or assessment plan.

(D) The mode and manner in which its corporate powers are to be exercised.

(E) The number of its directors, which shall be not less than seven, and a provision that in no case shall the number of directors be less than seven.

(F) The times and manner of electing its directors and officers, the manner of filling vacancies in such offices, and a provision that at all times a majority of the directors shall be citizens and residents of this state and that not less than one shall be a resident within the territory in which the corporation is licensed to do business.

(G) The names and the residence addresses of the directors who shall serve until the first annual meeting of the members of the corporation.

(H) Such other particulars as may be necessary to explain the objects, purposes, management and control of the corporation. The superintendent may by regulation prescribe the additional information to be required, pursuant to this subparagraph.

(6) The superintendent shall transmit such proof of publication, declaration, and charter to the attorney general. If the same be approved by the attorney general, as conforming to the requirements of law, upon receipt of such approval the superintendent shall file such declaration, charter and proof of publication in his office, and shall issue a certified copy thereof to the incorporators. If requested by such incorporators, the superintendent shall also issue to them a certificate of incorporation executed by him in the name of the people of the state. Such incorporators shall thereupon become a body corporate and shall then have the powers enumerated in paragraph seven hereof, but such corporation shall not be authorized to do the business of insurance

until it shall have obtained a license therefor.

(7) (A) Such a corporation shall have power to receive such monies as are necessary to comply with the requirements of this article relative to the initial surplus fund of such corporation and to borrow monies in accordance with section one thousand three hundred seven of this chapter.

(B) Any such corporation shall have power to open books to receive applications for insurance in such corporation from persons desiring and eligible to become members thereof, and to keep them open until the minimum number and amount of such applications, together with the premium payments or advance payments thereon as required by section six thousand six hundred four or six thousand six hundred five of this article, whichever is applicable, have been received; to invest the monies so received in the manner prescribed in section one thousand four hundred two of this chapter; and to expend money or incur liabilities necessary or proper as organization expenses, such expenses not to exceed the maximum amount prescribed in the permit hereinafter mentioned.

(C) No such corporation shall solicit applications for insurance or receive premium payments thereon or advance payments, as the case may be, until it has received a permit therefor from the superintendent.

(D) Such permit shall be issued after:

(i) the superintendent is satisfied, by such evidence as he may require or by such examination as he may deem expedient, that the corporation holds in trust for prospective policyholders and creditors a fund, in cash or securities eligible for investment under section one thousand four hundred two of this chapter, at least equal to the amount required of such a corporation as its cash organization or initial surplus fund, such trust to terminate if and when a license to do an insurance business of the kind or kinds provided in its corporate charter has been obtained; and

(ii) the corporation shall have submitted to the superintendent an estimate of the total amount to be expended for organization expenses, and the superintendent shall have approved the same. Such estimate shall be recited in the permit, which shall also fix the maximum amount, to be prescribed by the superintendent, which may be expended for organization expenses.

(E) The directors and incorporators of any co-operative property/casualty insurance company shall be jointly and severally liable for all debts or liabilities of such corporation until it shall have been licensed to do an insurance business of the kind or kinds proposed.

(8) (A) Before licensing any such corporation to do any insurance business, the superintendent shall require proof, by statements of at least three incorporators subscribed and affirmed by such incorporators as true under the penalties of perjury and by such investigation or examination of the affairs of such corporation as he may deem it expedient to make pursuant to article three of this chapter, that:

(i) the corporation has fully complied with this chapter applicable to such corporations;

(ii) that it has the required cash organization or initial surplus fund in cash or in investments as prescribed in this chapter;

(iii) that it has the required number and amount of bona fide applications for insurance;

(iv) that the membership list is genuine; and

(v) that every member has paid in cash the required amount of premium or advance payment, as the case may be, on the insurance applied for and will take the contracts as agreed within sixty days after a license has been issued to such corporation.

(B) If the superintendent finds the proof of the facts itemized in subparagraph (A) hereof to be sufficient, he shall file the same in his office and notify the corporation thereof.

(C) Upon payment of the appropriate fees by such corporation, the superintendent shall cause a copy of its declaration and charter, certified by him, to be filed and recorded in the office of the clerk of the county in which such corporation has its principal office.

(D) The superintendent may refuse a license to any such corporation if he finds, after notice and hearing, that any of the proposed incorporators or directors of such corporation has been convicted of any crime involving fraud, dishonesty, or like moral turpitude, or is otherwise an untrustworthy person.

(9) Upon compliance with the foregoing and any other lawful prerequisites for the issuance of an insurer's license, the superintendent may, in accordance with the provisions of section one

thousand one hundred two of this chapter, grant a license to such corporation to do the kind or kinds of insurance business specified in its charter.

(b) No person shall participate as an incorporator in the organization of more than one assessment corporation within a period of five years from the date of incorporation of the assessment corporation of which he was an incorporator.

§ 6604. Organization of advance premium corporations. (a) An advance premium corporation may be organized and licensed in the manner prescribed in section six thousand six hundred three of this article and may do, in addition to the kind of insurance specified in paragraph four of subsection (a) of section one thousand one hundred thirteen of this chapter, any one or more of the kinds of insurance specified in paragraphs five, six, twelve, nineteen and twenty (inland marine only), of such subsection, and in conjunction with insurance under the same policy, the kinds of insurance specified in paragraphs seven, eight, nine, thirteen, fourteen and fifteen (excluding workers' compensation insurance) of such subsection, provided the whole risk for all the perils as specified in such paragraphs is reinsured in an insurer authorized to do business in this state or in an accredited reinsurer, as defined in subsection (a) of section one hundred seven of this chapter, insofar as specified in its charter, on compliance with the following prerequisites:

(1) It shall have, in order to be licensed to do business in this state as specified in its charter, not less than four hundred bona fide applications for insurance of such kind or kinds, on real property located in this state, and from not less than four hundred separate applicants who have paid premiums of not less than ten thousand dollars on insurance aggregating not less than one million dollars, and each member of such corporation shall be subject to a contingent liability in an amount at least equal to that provided in section six thousand six hundred fourteen of this article.

(2) It shall have a cash organization or initial surplus fund of not less than three hundred thousand dollars, which may be used in the manner provided for in paragraph nine of subsection (a) of section one

thousand two hundred one of this chapter, and shall maintain at all times, a surplus of at least two hundred thousand dollars.

(3) A licensed advance premium corporation may apply for an amended license to do any one or more of the kinds of insurance specified in subsection (a) of section one thousand one hundred thirteen of this chapter, except those specified in paragraphs one, two, eighteen and twenty-three thereof, provided it has a surplus to policyholders equal in the aggregate to the surplus required on organization by section four thousand one hundred seven of this chapter for all of the kinds of insurance for which it is to be licensed, and shall thereafter maintain a surplus to policyholders equal to the amount specified in such section, and if licensed to do any of the kinds of insurance set forth in subsection (a) of section four thousand one hundred nine of this chapter such company shall be subject to the provisions of such section and to the provisions of subsection (a) of section four thousand one hundred four of this chapter.

(b) (1) An advance premium corporation may also be organized and licensed in the manner prescribed in section six thousand six hundred three of this article to do in this state, as an assuming insurer, solely reinsurance business of a kind or kinds specified in its license, on compliance with all of the provisions of this chapter applicable to an advance premium corporation organized and licensed pursuant to the provisions of subsection (a) hereof, except as provided in paragraph two hereof.

(2) It shall have not less than ten bona fide applications for reinsurance of such kind or kinds on real property located within this state, and from not less than ten separate applying insurers authorized to do business in this state, providing for the payment of gross annual reinsurance premiums of not less than twenty-five thousand dollars and providing that such ceding insurer shall, as a member of such assuming insurer, be subject to a contingent mutual liability in an amount at least equal to that provided for in section six thousand six hundred fourteen of this article.

(3) Such a corporation shall, pursuant to such license, do only the business of reinsurance as herein provided, but may upon meeting the requirements of paragraph one of subsection (a) of this section and upon evidence satisfactory to the superintendent that it is complying with

paragraph two of subsection (a) of this section, relative to minimum surplus, be licensed, pursuant to section one thousand one hundred two of this chapter, to do the kind or kinds of insurance business as above designated, both as a direct writer and as a reinsurer.

(c) The financial and deposit requirements set forth in subsection (a) of this section shall be reduced by fifty percent for a cooperative property/casualty insurance company initially licensed to do business in this state prior to July first, nineteen hundred eighty-two.

§ 6605. Organization of assessment corporations. (a) An assessment corporation may be organized and licensed in the manner prescribed in section six thousand six hundred three of this article and may do, in addition to the kind of insurance specified in paragraph four of subsection (a) of section one thousand one hundred thirteen of this chapter, any one or more of the kinds of insurance specified in paragraphs five, six, seven and eight of such subsection solely in conjunction with fire insurance written under the same policy and covering the same premises and insurance against loss or damage to property caused by aircraft or vehicles in compliance with the following prerequisites:

(1) It shall have not less than two hundred bona fide applications for insurance of such kind or kinds on real property located within the territory in which it desires to be licensed as above provided, and from not less than two hundred separate applicants who shall have paid advance payments of estimated annual assessments of at least two thousand dollars for insurance aggregating not less than two hundred thousand dollars in each county of such territory and each member shall be subject to assessments, in addition to required advance payments, sufficient to meet incurred losses, expenses and other legal obligations for such insurer.

(2) It shall have a cash organization fund of not less than one hundred fifty thousand dollars, which may be used in the manner provided for in paragraph nine of subsection (a) of section one thousand two hundred one of this chapter, and shall maintain at all times, a surplus of at least one hundred thousand dollars. For an assessment corporation licensed to do the kinds of insurance specified in paragraph nine of

subsection (a) of section one thousand one hundred thirteen of this chapter, except as herein provided, the corporation must maintain an additional surplus of fifty thousand dollars. The additional surplus is not necessary if the whole risk for this peril is reinsured in an insurance company authorized to do business in this state, or in an accredited reinsurer, as defined in subsection (a) of section one hundred seven of this chapter.

(3) Any assessment corporation licensed on the effective date of this article which does not possess surplus of one hundred thousand dollars shall be restricted to the kinds of insurance for which it was licensed immediately prior to the effective date of this article until such time as the required minimum surplus specified in paragraph two above is accumulated. In no event shall the surplus of such corporation fall below fifty thousand dollars.

(b) (1) Any licensed assessment corporation may amend its charter and be licensed to do the kinds of insurance specified in paragraphs nine, thirteen, fourteen and fifteen (except workers' compensation insurance) of subsection (a) of section one thousand one hundred thirteen of this chapter solely in conjunction with fire insurance written under the same policy and covering the same premises, except as provided in paragraph two of this subsection, and may be licensed to do the kinds of insurance specified in paragraphs twelve, nineteen (excluding aircraft physical damage insurance) and twenty (inland marine only) of such subsection.

(2) An assessment corporation licensed to write the kinds of insurance specified in paragraphs thirteen and fourteen of subsection (a) of section one thousand one hundred thirteen of this chapter is authorized to write personal or commercial umbrella liability insurance.

(c) An assessment corporation may also be organized and licensed in the manner prescribed in section six thousand six hundred three of this article to do within all the counties of the state (except the counties of New York, Kings, Queens, Bronx and Richmond) as an assuming insurer, reinsurance business of a kind or kinds referred to in this section, and, as specified in its charter, on compliance with the following prerequisites:

(1) It shall have not less than ten bona fide applications for reinsurance of such kind or kinds on real property located within such counties, and from not less than ten separate applying assessment

corporations of this state providing for the payment of advance payments in the form of estimated annual assessments of not less than ten thousand dollars, and providing that each such ceding insurer shall, as a member of such assuming insurer, be subject to additional assessments sufficient to meet incurred losses, expenses and other legal obligations for such insurer.

(2) It shall comply with the financial requirements set forth in paragraph two of subsection (a) of this section.

(3) Such a corporation shall, pursuant to such license, do only the business of reinsurance, and may not at any time qualify as a direct writing assessment corporation.

(d) An assessment corporation licensed to write the kinds of insurance specified in paragraphs thirteen and fourteen of subsection (a) of section one thousand one hundred thirteen of this chapter authorized to write personal or commercial umbrella liability insurance shall maintain an additional surplus of six hundred thousand dollars if the corporation writes personal or commercial umbrella liability insurance.

(e) Nothing in this section shall prohibit a licensed assessment corporation from writing coverage pursuant to subsection (a) or (b) of this section for any leaseholder of the premises.

§ 6606. Reinsurance. (a) (1) Subject to the provisions of section six thousand six hundred ten of this article, any co-operative property/casualty insurance company shall have the power, whether or not expressed in its charter, to accept reinsurance of the kind or kinds of insurance it is licensed to do directly, and to cede reinsurance subject to applicable provisions of section one thousand three hundred eight of this chapter.

(2) Unless otherwise permitted by the superintendent, an assessment corporation may assume reinsurance only from other authorized assessment corporations but may cede reinsurance to any other licensed insurer if such insurer is authorized to reinsure such kind or kinds of insurance in this state or to an accredited reinsurer, as defined in subsection (a) of section one hundred seven of this chapter.

(3) Any co-operative property/casualty insurance company may assume reinsurance on property located wholly or partially without the

territory in which it is licensed to do a direct writing business provided, however, that an assessment corporation may only assume reinsurance on property located in the state of New York with the exception of the counties of New York, Kings, Queens, Bronx and Richmond.

(b) Every assessment corporation doing business as a direct writer, which assumes reinsurance, may, in levying assessments on its members, assess ceding insurer members as a separate group on the basis of actual or estimated experience in that classification.

§ 6607. Duration of charter. Subject to the provisions of article seventy-four of this chapter, the charter of every co-operative property/casualty insurance company shall be perpetual.

§ 6608. Extension of territory. (a) The superintendent, upon application by any advance premium corporation may issue a license pursuant to section one thousand one hundred two of this chapter to such corporation to do the business in counties additional to those in which it is then authorized or in the entire state if such corporation is in possession of a surplus to policyholders of one hundred thousand dollars or more, and is maintaining full unearned premium reserves in accordance with section one thousand three hundred five of this chapter.

(b) The superintendent, upon application by any assessment corporation, may issue a license pursuant to section one thousand one hundred two of this chapter to such corporation to do business in adjoining counties additional to those in which it is then authorized or in the entire state with the exception of the counties of New York, Kings, Queens, Bronx and Richmond, if such corporation is in possession of a surplus to policyholders of one hundred thousand dollars or more, and is maintaining full unearned premium reserves in accordance with section one thousand three hundred five of this chapter.

(c) Every license issued by the superintendent pursuant to this section shall include the county in which the corporation to which it is issued maintains its principal office.

(d) Applications made to the superintendent pursuant to this section

shall be in such form as he may by regulation require.

§ 6609. Policy forms. (a) (1) Every form of policy issued by any co-operative property/casualty insurance company shall indicate in words prominently displayed at the top of the first page, and in type of which the face shall not be smaller than twelve point, that such policy is issued on the co-operative plan.

(2) Each form of policy issued by such a corporation shall also include on the page following that concluding the policy proper and under appropriate caption all provisions of the corporation's by-laws, whether required or permitted, relative to meetings of members, election of directors, rights and obligations of members, extraordinary assessments, and contingent liability.

(b) No policy form shall be delivered or issued for delivery by an assessment corporation unless it has been filed by said assessment corporation with the superintendent and he has approved it.

(c) The standard fire insurance policy, insofar as required for use by domestic mutual property/casualty insurance companies by section three thousand four hundred four of this chapter, shall also be required for use by all co-operative property/casualty insurance companies, with such modifications therein as shall be permitted by regulation of the superintendent.

(d) Two or more advance premium corporations or two or more assessment corporations may issue a combination policy, as provided for in section three thousand four hundred four of this chapter, with such modifications permitted by regulation of the superintendent, upon property located in territory wherein all the participating corporations named in such policy are licensed to do business.

§ 6610. Limitation of risk. (a) Subject to the other provisions of this section, the maximum amount of insurance less reinsurance in other authorized insurers or in accredited reinsurers as defined in subsection (a) of section one hundred seven of this chapter which may be assumed by a co-operative property/casualty insurance company on a single risk for every kind of insurance it is authorized to write shall not exceed, in

accordance with section one thousand one hundred fifteen of this chapter, ten percent of its surplus to policyholders as shown in its last sworn statement filed with the superintendent.

(b) The maximum amount of insurance less reinsurance in other authorized insurers or in accredited reinsurers as defined in subsection (a) of section one hundred seven of this chapter which may be assumed by an advance premium corporation on property not protected by automatic sprinklers, situated within the boundaries of one city block or on one group of buildings composed of attached or adjacent buildings which have less than sixty feet of clear space at all points between such buildings and other buildings, shall not exceed ten percent of its surplus to policyholders as shown in its last sworn statement filed with the superintendent.

(c) The maximum amount of insurance less reinsurance in other authorized insurers or in accredited reinsurers as defined in subsection (a) of section one hundred seven of this chapter which may be assumed by an assessment corporation on a single risk for the kinds of insurance listed below shall not exceed three percent of its surplus as shown in its last sworn statement filed with the superintendent or fourteen thousand dollars, whichever is greater.

Kinds of insurance specified in the following numbered paragraphs of subsection (a) of section one thousand one hundred thirteen of this chapter:

(4) fire insurance;

(5) miscellaneous property insurance (excluding insurance against windstorm, tornado, cyclone, flood, earthquake or volcanic eruption);

(6) water damage insurance;

(7) burglary and theft insurance;

(8) glass insurance;

(9) boiler and machinery insurance;

(12) collision insurance;

(20) marine and inland marine insurance (inland marine insurance only; except insurance within paragraph twenty against windstorm, tornado, cyclone, flood, earthquake or volcanic eruption).

The term "risk" means property which is situate less than sixty feet

from other property except property consisting of or located in a building of fire resistive construction or fully protected by automatic sprinklers.

(d) The maximum amount of insurance (including the obligation to pay outside loss adjustment expense) less reinsurance in other authorized insurers or accredited reinsurers as defined in subsection (a) of section one hundred seven of this chapter which may be assumed by an assessment corporation on a single risk for the kinds of insurance listed below shall not exceed two percent of its surplus as shown in its last sworn statement filed with the superintendent.

Kinds of insurance specified in the following numbered paragraphs of subsection (a) of section one thousand one hundred thirteen of this chapter:

(13) personal injury liability insurance;

(14) property damage liability insurance;

(15) workers' compensation and employers' liability insurance (excluding workers' compensation insurance, but not excluding workers' compensation insurance required by subsection (j) of section three thousand four hundred twenty of this chapter);

(19) motor vehicle and aircraft physical damage insurance (excluding aircraft physical damage insurance).

(e) The maximum amount of insurance less reinsurance in other authorized insurers or in accredited reinsurers as defined in subsection (a) of section one hundred seven of this chapter which may be assumed by an assessment corporation on a single risk for insurance against windstorm, tornado, cyclone, flood, earthquake or volcanic eruption shall not exceed two percent of its surplus as shown in its last sworn statement filed with the superintendent, provided however, that the aggregate amount incurred, after deducting such reinsurance, with respect to losses due to a single occurrence of such insured peril which exceeds ten percent of the company's surplus as shown in its last sworn statement filed with the superintendent shall be reinsured in other authorized insurers or in accredited reinsurers as defined in subsection (a) of section one hundred seven of this chapter. The term "single occurrence" means all losses occasioned by the perils of windstorm, tornado, cyclone, flood, earthquake or volcanic eruption arising from

the same continuous atmospheric disturbance or other physical disturbance occurring within a seventy-two hour period.

§ 6611. Records. (a) (1) Every co-operative property/casualty insurance company shall keep and maintain books of account and records in such manner as will show fully and truly the condition, affairs and business of such corporation and facilitate the preparation and verification of its annual statements.

(2) Such records shall be available for inspection by any policyholder of the corporation during ordinary business hours.

(3) The secretary shall maintain a minute book recording the proceedings of all meetings of the corporation, its board of directors and the principal committees thereof.

(4) (A) The books of account shall include a cash book and general ledger together with the necessary supplemental and subsidiary records including a loss register showing all losses of which the corporation has had notice and the disposition or settlement thereof and a record of its investments.

(B) All cash and checks collected including policy and survey fees shall be reported as income.

(C) All checks issued shall be signed either by two officers or by one officer upon the written order of another officer, except as otherwise provided by resolution of the corporation's board of directors or in its by-laws for handling of miscellaneous expenses.

(D) Checkbook stubs, bank statements and cancelled checks shall be kept on file for at least seven years.

(b) The records of a co-operative property/casualty insurance company shall also include a policy register in such form as will show all policies issued in consecutive numerical order in one or more series, and a register of gross premiums or assessments in force and reinsurance premiums in force summarized by terms and expirations and supported by monthly or quarterly tabulations of the premiums written and cancelled during such periods.

(c) The records of an assessment corporation shall also include an assessment register which may be combined with the policy register, showing the rates and amount charged and dates of collections, and a

loan or note record showing all such transactions.

§ 6612. Rebating and discrimination; accounts and statistics; assessment corporations. Notwithstanding anything to the contrary in this chapter, the provisions of sections two thousand three hundred twenty-four and two thousand three hundred twenty-five of this chapter are applicable to assessment corporations.

§ 6613. Limitation of expenses; co-operative property/casualty insurance companies. (a) The expenses of management of any co-operative property/casualty insurance company shall not exceed in any one calendar year forty-two and one-half percent of its net premiums written for such year. The term "net premiums written" means direct premiums written plus reinsurance assumed less return premiums and reinsurance ceded. In the event expenses incurred in making a new system upgrade result in this subsection's management expenses limit being exceeded, then the insurer shall inform the superintendent sixty days in advance of the expense limit being exceeded. Subject to approval by the superintendent, the limit shall be temporarily raised to the amount necessary to encompass the aforestated new system upgrade, provided that in no event shall the limit be raised more than five percentage points and shall not be in effect for more than three years, and provided further that an insurer may submit to the superintendent, for the superintendent's prior approval, a written request to temporarily raise the limit for up to an additional three years, for a total of no more than six years. An insurer shall submit such written request to the superintendent at least sixty days but not more than one hundred twenty days before the expiration of the initial period during which the limit was raised. The insurer shall not increase premiums solely as a result of the management expenses cap limit being exceeded. For purposes of this subsection, a new system upgrade is defined as the acquisition of electronic data processing apparatus and related equipment constituting a data processing, record keeping or accounting system and operating and non-operating software.

(b) Management expenses shall include all the expenses of such

company, except expenses incurred in the investigation, adjustment and settlement of claims, taxes, fees, expenses of examination, and taxes, repairs, and expenses on real estate.

(c) This section shall not apply to any assessment corporation which is limited to the business permitted under subsection (a) of section six thousand six hundred five of this article. Furthermore, the superintendent may grant an annual exemption from compliance with the provisions of subsection (a) of this section to any co-operative property/casualty insurance company which, in the next preceding calendar year, had net premiums written of less than three million dollars. A written application for such an exemption must be submitted by the first day of June in the year for which the exemption is requested and shall contain such information as is deemed necessary by the superintendent.

§ 6614. Contingent liability of members; advance premium corporations. (a) Any advance premium corporation may limit the contingent liability of a member thereof to not less than once the amount of, and in addition to, the premium which would be charged for insurance for one year or the advance premium stated in the policy, whichever is the lesser.

(b) The contingent liability of a member of an advance premium corporation shall be subject to enforcement and collection by the corporation for the purpose of removing any impairment in the reserves required by this article. Such contingent liability shall apply only to such impairments which occur during the member's tenure as a policyholder.

(c) No assessment premised upon the contingent liability of members shall be made by any such corporation until after approval by the superintendent and shall, subject in all cases to the limitation contained in the contracts thereby affected, as to the maximum amount of such contingent liability, be in each case an amount equal to the member's proportionate share of such impairment.

§ 6615. Annual assessments; borrowed money. (a) (1) Every assessment corporation may, if so directed by its board of directors levy an

assessment upon all of its members. Such assessment shall be sufficient to provide for the payment of losses, expenses, and other obligations, incurred, or likely to be incurred during the fiscal year for which the assessment is levied.

(2) If issuing policies on but one class of property, such assessment shall be in proportion to the several amounts of insurance held by each member.

(3) If issuing policies on more than one class of property, rates of assessment shall be in proportion to the several amounts of insurance held by each member and on the basis of classifications adopted by its board of directors to express the relative hazards of the properties insured.

(b) (1) Every such corporation may borrow money, except by means of a mortgage, to pay incurred losses and expenses; but in the calculation of its next assessment following the time, or times, at which such a loan or loans were effected, due provision shall be made for the liquidation of such loan or loans.

(2) An assessment corporation may borrow money for a period of more than one year with the written approval of the superintendent and under such conditions as he may prescribe.

(c) (1) Every such corporation may levy annual assessments in advance sufficient to discharge its estimated losses, expenses, and other valid obligations for which it may reasonably be expected to become liable during the period prior to the end of its fiscal year.

(2) At any time after the institution of such assessments, new members may be admitted to any such corporation upon paying such fees and other sums as may be provided for by the corporation's by-laws and upon paying their proportionate shares of the last preceding assessment.

(d) On and after the effective date of any change from the post assessment basis to the advance assessment basis as permitted herein, every assessment corporation may collect advance assessments, as herein provided, from each person applying for or renewing a policy or policies and only those persons who were admitted as new members during the period prior to such effective date and subsequent to the levying of the final post assessment shall be assessed on a pro rata basis for the losses, expenses, and other valid obligations incurred during such period.

§ 6616. Extraordinary assessments; assessment corporations. (a) The members of every assessment corporation shall be contingently liable for extraordinary assessments sufficient to remove any impairment in the reserves required by this article.

(b) Any assessment corporation if issuing policies on but one class of property, may levy an extraordinary assessment upon all its members in proportion to the several amounts of insurance held by each.

(c) Any assessment corporation if issuing policies on more than one class of property, may levy an extraordinary assessment at rates of assessment determined in proportion to the amounts of insurance held by each on the basis of classifications adopted by its board of directors to express the relative hazards of the properties insured.

(d) Any assessment corporation if collecting assessments in advance on the initial and anniversary dates of policies may levy an extraordinary assessment determined by applying to the assessment earned on the members' policy or policies in force during the fiscal year next preceding the levy of additional assessment, the ratio of the total additional assessment to the total assessment earned during said period on all policies.

(e) No extraordinary assessment shall be made by any such assessment corporation until after approval by the superintendent and if made shall be in each case, an amount equal to the members' proportionate share of such impairment as specified herein.

(f) Any assessment corporation which levies annual assessments in advance may if its by-laws provide, limit the contingent liability of a member thereof to not less than once the amount of and in addition to the annual assessment which would be charged for insurance for one year.

§ 6617. Notice of assessment; assessment corporations. (a) It shall be the duty of the secretary of every assessment corporation, whenever an assessment shall have been made by it, to notify, not more than forty-five days thereafter, every person to which such assessment is applicable.

(b) Such notice may be given personally, by an agent, or by a written

or printed notice mailed, postage prepaid, to such person's last known post office address, and shall state the purpose of the assessment, the sum due from such person, and the time when and to whom payment thereof is to be made; but such time shall not be more than ninety days from the date of such notice.

§ 6618. Suits to recover assessments. (a) An assessment corporation may maintain a civil action against any member or former member of such corporation for the unpaid amount of any extraordinary or post assessment lawfully levied against him, or against any former member of such corporation for the earned portion of any advance assessment which he has failed to pay.

(b) In any such action the corporation may recover, in addition to such sum or sums, legal interest thereon and the amount of any penalty imposed by such corporation's by-laws for failure to pay such assessments; but no such corporation shall provide in its by-laws for such a penalty in excess of fifty percent of such an assessment.

§ 6619. Special reserve or emergency funds; co-operative property/casualty insurance companies. (a) (1) Ten or more co-operative property/casualty insurance companies may enter into an agreement to make deposits in special reserve or emergency funds.

(2) Any deposit with accretions thereon made pursuant to any such agreements shall be kept deposited with a solvent trust company of this state and shall remain the property of the depositing corporations and shall be subject to the provisions of this chapter governing the investments of such corporations.

(b) (1) Such special reserve or emergency funds shall be subject to examination by the superintendent in like manner as the other assets and property of any depositing corporation and shall be used only for the purpose of enabling any depositing corporation to comply with any requirement of this article, and then only with the consent of at least two-thirds of the membership of such fund in proportion to its ownership.

(2) Loans thus authorized from such a fund may be made pursuant to

agreements as prescribed in section one thousand three hundred seven of this chapter or in such other form as approved by the membership.

(c) Any such depositing corporation may, with the consent of the superintendent, withdraw all or a part of its share therein, upon giving at least thirty days notice in writing to the custodian or custodians of such fund.

§ 6620. Non-assessable policies; advance premium corporations. (a) Any advance premium corporation may issue insurance contracts which do not impose any liability upon members for any assessments in addition to the advance premium paid upon compliance with the following requirements:

(1) If authorized to issue non-assessable policies prior to the first day of January, nineteen hundred eighty-seven, such a corporation may issue such contracts if:

(A) It shall have and at all times maintain a surplus to policyholders of at least one hundred thousand dollars.

(B) It shall maintain a deposit of an amount equal to its unearned premium reserves but not less than one hundred thousand dollars nor more than two hundred fifty thousand dollars, subject to the provisions of article thirteen of this chapter.

(2) If authorized to issue non-assessable policies subsequent to the first day of January, nineteen hundred eighty-seven, such a corporation may issue such contracts if:

(A) It shall maintain a surplus as determined from its latest filed statement, which together with its unearned premium reserve from its latest filed statement is at least equal to the surplus to policyholders required to be maintained by a domestic stock property/casualty insurance company licensed to write the same kind or kinds of insurance.

(B) It shall maintain a deposit of five hundred thousand dollars subject to the provisions of article thirteen of this chapter.

(C) It shall have submitted a copy of its proposed non-assessable policy or policies for approval of the superintendent, and shall have obtained his approval.

(b) Every policy issued by any such corporation shall clearly state whether or not the holder of the policy is subject to a liability for assessment.

(c) Any surplus or deposit required for the purposes specified in this section shall be inclusive of any surplus required by any other sections of this chapter.

§ 6621. Unabsorbed portions of premium payments. (a) Subject to the requirements of this article for the accumulation and maintenance of minimum surplus, the surplus of any advance premium corporation shall be eligible for equitable distribution to its members as unabsorbed portions of premium payments; but no unabsorbed portion of premium payments shall be returned or distributed until authorized by the corporation's board of directors nor until approved by the superintendent.

(b) In authorizing any such return of unabsorbed portion of premium payments, the board of directors of such a corporation may provide for an apportionment thereof among separate groups of members on the basis of earned premiums equitably classified according to major kinds of insurance.

(c) This section shall not prohibit the return of the unabsorbed portion of premium payments on an equitable basis to policyholders in other states or under reinsurance contracts.

§ 6622. Refunds from surplus; assessment corporations. (a) Subject to the requirements of this article for the accumulation and maintenance of minimum surplus, the surplus of any assessment corporation shall be eligible for equitable distribution to its members, but no distribution shall be made until authorized by the corporation's board of directors nor until approved by the superintendent.

(b) In authorizing any such distribution the board of directors of an assessment corporation may provide for apportionment thereof among separate groups of members on the basis of underwriting experience equitably classified according to major kinds of insurance.

§ 6623. Investments. (a) The funds of every co-operative property/casualty insurance company shall be invested only as permitted

by subsection (c) of section one thousand four hundred three of this chapter, except as otherwise provided herein.

(b) The minimum capital investments of a domestic insurer as set forth in section one thousand four hundred two of this chapter shall be applicable to an:

(1) Assessment corporation in an amount equal to the lesser of such corporation's total liabilities or two hundred fifty thousand dollars.

(2) Advance premium corporation in an amount equal to the greater of the minimum capital required by law or the minimum surplus to policyholders required to be maintained by law for a domestic stock property/casualty insurance company authorized to transact the same kinds of insurance. The foregoing requirement shall be reduced by fifty percent for a co-operative property/casualty insurance company initially licensed to do business in this state prior to July first, nineteen hundred eighty-two. Any advance premium corporation not meeting its applicable minimum capital investment requirement on January first, nineteen hundred eighty-seven shall be required to meet such requirement before investing its funds, after such date, in any other permissible investment.

(c) Notwithstanding the limitation of investments in certificates of deposit set forth in subsection (a) of section one thousand four hundred nine of this chapter, an assessment corporation may invest in certificates of deposit of any one institution in an amount not to exceed the amount guaranteed by the Federal Deposit Insurance Corporation.

§ 6624. Voting by members and meetings of boards of directors; co-operative property/casualty insurance companies. (a) A member of any co-operative property/casualty insurance company may vote at any regular or special meeting of the corporation in person or he may vote by proxy, if the by-laws of the corporation so provide.

(b) (1) The board of directors of every co-operative property/casualty insurance company shall hold regular meetings at least four times in each calendar year.

(2) Compliance with paragraph one hereof, except as to the annual meeting, may be made by an executive committee of at least four members,

duly authorized to act on behalf of the board of directors.

§ 6625. Merger; consolidation. (a) Two or more advance premium corporations may, in accordance with applicable provisions of article seventy-one of this chapter, merge or consolidate.

(b) Two or more assessment corporations licensed to do business either wholly or substantially in a common territory may, in accordance with applicable provisions of article seventy-one of this chapter, merge or consolidate.

(c) (1) If, after investigation and examination, the superintendent finds that the proceedings for merger or consolidation, as the case may be, have been regularly taken in conformity with law and that the continuing or resulting corporation meets the requirements of this chapter, he may issue a license to such corporation to do business under this chapter.

(2) Every such continuing or new corporation shall assume and succeed to all the obligations and liabilities of the merging corporations and shall be liable to pay and discharge all such debts and liabilities in the same manner as if they had been incurred or contracted by it.

§ 6626. Qualification of membership. (a) In addition to the legal ability of any natural person to insure in any advance premium or assessment corporation property located in the territory in which such corporation is licensed to do business and in which property he has an insurable interest, it shall also be lawful for any corporation, board, estate, or association to insure in any co-operative property/casualty insurance company property located in the territory in which such corporation is licensed to do business, and in which property it has an insurable interest.

(b) Any officer, trustee, board member, or legal representative of such corporation, board, estate, or association may be recognized for or on its behalf for the purpose of membership, but shall not be personnally liable upon such contract or contracts of insurance by reason of acting in such representative capacity.

ARTICLE 67

NONPROFIT PROPERTY/CASUALTY INSURANCE COMPANIES

Section 6701. Purpose; construction.
6702. Definitions.
6703. Organization of nonprofit property/casualty insurance companies.
6704. Licensing of nonprofit property/casualty insurance companies.
6705. Relevant criteria.
6706. Applicability of other provisions of this chapter.
6707. Tax exemption; residual market participation exemption; security funds.
6708. Rules and regulations.

§ 6701. Purpose; construction. (a) The purpose of this article is to provide for the organization and licensing of a nonprofit property/casualty insurance company that insures nonprofit organizations and that will qualify, and continue to qualify, as a "qualified charitable risk pool" as defined in subsection (n) of section 501 of the Internal Revenue Code.

(b) This article shall be liberally construed to effect the purpose under subsection (a) of this section which shall constitute an aid and guide to interpretation.

§ 6702. Definitions. As used in this article, the following terms shall have the following meanings:

(a) "Member" shall, in the case of a nonprofit property/casualty insurance company organized as a type B corporation pursuant to paragraph (b) of section two hundred one of the not-for-profit corporation law, have the meaning set forth in paragraph (a) of section one hundred two of the not-for-profit corporation law or, in the case of a nonprofit property/casualty insurance company organized as nonprofit reciprocal insurer under article sixty-one of this chapter, have the meaning set forth in subsection (g) of section six thousand one hundred

one of this chapter.

(b) "Nonmember charitable organization" shall have the meaning set forth in subsection (n) of section 501 of the Internal Revenue Code.

(c) "Nonprofit organizations" means organizations described in paragraph (3) of subsection (c), and exempt from taxation under subsection (a), of section 501 of the Internal Revenue Code, including, if qualified thereunder, type B or D organizations formed pursuant to paragraph (b) of section two hundred one of the not-for-profit corporation law, and organizations described in section two hundred sixteen-a of the education law.

(d) "Startup capital" shall have the meaning set forth in subsection (n) of section 501 of the Internal Revenue Code.

§ 6703. Organization of nonprofit property/casualty insurance companies. (a) A corporation may be organized as a charitable corporation pursuant to paragraph (a) of section two hundred one of the not-for-profit corporation law or as a nonprofit reciprocal insurer under article sixty-one of this chapter to write the kinds of insurance specified in subsection (a) of section one thousand one hundred thirteen of this chapter other than (1) those types of insurance specified in paragraphs one, two, eighteen, twenty-two, twenty-three and twenty-five of such subsection, (2) insurance against legal liability of the insured, and against loss, damage or expense incident to a claim of such liability arising out of death or injury of any person, due to medical or hospital malpractice by any licensed physician or hospital, and (3) insurance subject to section three thousand four hundred twenty-five of this chapter.

(b) A corporation organized pursuant to subsection (a) of this section shall (1) be organized and operated exclusively for a purpose or purposes for which a corporation may be formed under the not-for-profit corporation law and this chapter, not for pecuniary profit or financial gain, and no part of its assets, income or profit is distributable to or enures to the benefit of its members, directors or officers except to the extent permitted under the not-for-profit corporation law and this chapter, in a manner acceptable to the superintendent, and (2) insure no organizations or corporations other than nonprofit organizations.

(c) Notwithstanding any provision of the not-for-profit corporation law, no nonprofit property/casualty insurance company licensed pursuant to this article shall be converted into a corporation or other entity organized for pecuniary profit or into a for-profit organization of any kind.

§ 6704. Licensing of nonprofit property/casualty insurance companies. (a) No person, firm, corporation or association as an underwriter or underwriters, and no nonprofit property/casualty insurance company, shall do any insurance business in this state, unless authorized to do so pursuant to the provisions of this article.

(b) The superintendent may pursuant to this article issue a license to a nonprofit property/casualty insurance company that is organized as a charitable corporation as defined in paragraph (a) of section one hundred two (Definitions) of the not-for-profit corporation law if such company:

(1) complies with (A) the applicable requirements of section one thousand one hundred two of this chapter, and (B) the provisions of article forty-one of this chapter applicable to stock property/casualty insurance companies (other than sections four thousand one hundred three, four thousand one hundred five and four thousand one hundred nineteen) and, in each case, the rules and regulations of the superintendent promulgated pursuant thereto except insofar as such provisions of law, rules and regulations may be inconsistent with the provisions of this article, and

(2) has an initial surplus to policyholders at least equal to the amount of applicable paid-in capital and additional amount of paid-in surplus required by paragraph one of subsection (a) of section four thousand one hundred three of this chapter for a newly organized domestic stock property/casualty insurance company doing the same kind or kinds of insurance business.

Thereafter, every such nonprofit property/casualty insurance company shall maintain a surplus to policyholders at least equal to the amount of applicable paid-in capital required to be maintained by paragraph one of subsection (a) of section four thousand one hundred three of this

chapter for a domestic stock property/casualty insurance company doing the same kind or kinds of insurance business.

(c) The superintendent may issue a license to a nonprofit property/casualty insurance company pursuant to this article that is a nonprofit reciprocal insurer organized pursuant to article sixty-one of this chapter if such company complies with the requirements of section one thousand one hundred two of this chapter and article sixty-one of this chapter and, in each case, the rules and regulations of the superintendent promulgated pursuant thereto except insofar as such provisions of law, rules and regulations may be inconsistent with the provisions of this article and except that the provisions of subsection (a) of section six thousand one hundred four of this chapter shall not apply with respect to nonprofit organizations that are or seek to become subscribers of such a nonprofit property/casualty insurance company, provided that such a nonprofit property/casualty insurance company either (1) has an initial surplus to policyholders and thereafter maintains a surplus to policyholders in an amount acceptable to the superintendent which amount shall be substantially greater than the initial surplus to policyholders and surplus to policyholders to be maintained by a reciprocal insurer under article sixty-one of this chapter, or (2) submits a reinsurance or other financial plan, which adequately addresses the provisions of subsection (a) of section six thousand one hundred four of this chapter and which reinsurance or other financial plan is acceptable to the superintendent.

(d) Every license to engage in an insurance business issued by the superintendent to any nonprofit property/casualty insurance company pursuant to the provisions of this article shall specify the company's name, the location of its principal office, the name and principal address of its attorney-in-fact, if any, and the kind or kinds of insurance business specified in terms of subsection (a) of section one thousand one hundred thirteen of this chapter, which it is authorized to engage in in this state.

§ 6705. Relevant criteria. (a) In applying this article, the superintendent shall consider the provisions of paragraph (3) of subsection (c) of section 501 of the Internal Revenue Code and

subsection (n) of section 501 of the Internal Revenue Code.

(b) Notwithstanding any other provision of law, a nonprofit property/casualty insurance company shall:

(1) be operated solely to insure risks of its members.

(2) directly provide information to its members with respect to loss control and risk management.

(3) obtain at least one million dollars in startup capital from nonmember charitable organizations. Such startup capital may take the form of subventions as authorized pursuant to section five hundred four of the not-for-profit corporation law or advancements or borrowings as authorized pursuant to section one thousand three hundred seven of this chapter. Startup capital may be used to satisfy the financial requirements contained in this chapter applicable to a nonprofit property/casualty insurance company only to the extent the superintendent determines that it complies with such requirements. Subventions will qualify as advancements or borrowings authorized pursuant to section one thousand three hundred seven of this chapter only if they meet the requirements of advancements or borrowings authorized pursuant to such section.

(4) be controlled by a board of directors elected by the members of the nonprofit property/casualty insurance company.

(5) require, in its organizational documents that:

(A) each member of such nonprofit property/casualty insurance company shall at all times be an organization described in paragraph (3) of subsection (c) of section 501 of the Internal Revenue Code and exempt from tax under subsection (a) of section 501 of the Internal Revenue Code.

(B) any member which receives a final determination that it no longer qualifies as an organization described in paragraph (3) of subsection (c) of section 501 of the Internal Revenue Code shall immediately notify the nonprofit property/casualty insurance company of such determination and the effective date of such determination.

(C) each policy of insurance issued by the nonprofit property/casualty insurance company shall provide that such policy will not cover the insured with respect to events occurring after the date such final determination was issued to the insured.

(c) A nonprofit property/casualty insurance company shall:

(1) not refuse to issue, renew or cancel a policy of any insurable nonprofit organization based solely on geographic location,

(2) not refuse to write coverages afforded by such insurer for any insurable nonprofit organization in accordance with subsection (d) of this section,

(3) establish and promote a risk management program among its members to identify and reduce risks by implementation of loss control, safety programs and other methods of risk management,

(4) establish equitable risk classifications for all types of nonprofit organizations, and

(5) establish recordkeeping and reporting procedures.

(d) A nonprofit property/casualty insurance company shall, subject to regulatory standards, offer to provide coverage following application by an eligible nonprofit organization, provided that the nonprofit organization has not:

(1) violated applicable laws, regulations and rules;

(2) been involved in financial, management or operational acts, omissions or conditions that substantially and materially increase the hazards to the nonprofit insurer, its solvency, its policyholders, its creditors, or the public;

(3) engaged in fraud or material misrepresentation;

(4) refused to cooperate with reasonable risk management in accordance with risk management standards, approved by the nonprofit insurer's board of directors, for the purpose of protecting the nonprofit organization itself and all participating nonprofit organizations insured by the nonprofit insurer; or

(5) violated such other standards of insurability as the nonprofit insurer's board of directors and the superintendent may approve.

The nonprofit property/casualty insurance company, in any instance of declination of coverage, shall inform the nonprofit organization and the superintendent of the reasons for such declination.

§ 6706. Applicability of other provisions of this chapter. (a) Except as otherwise provided in this article, where inconsistent with this article, or where the context otherwise requires, all of the provisions

of this chapter and the rules and regulations of the superintendent, relating to all insurers and those relating to property/casualty insurance companies transacting the same kind or kinds of insurance shall be applicable to a nonprofit property/casualty insurance company organized as a charitable corporation as defined in paragraph (a) of section one hundred two (Definitions) of the not-for-profit corporation law and formed pursuant to paragraph (a) of section two hundred one of the not-for-profit corporation law and licensed pursuant to subsection (b) of section six thousand seven hundred four of this article. Where any of such provisions of law refer to a corporation, company or insurer, such references, when read in connection with and applicable to this article, shall mean such a nonprofit property/casualty insurance company.

(b) Except as otherwise provided in this article, where inconsistent with this article, or where the context otherwise requires, all of the provisions of this chapter and the rules and regulations of the superintendent, relating to all insurers and those relating to reciprocal insurers transacting the same kind or kinds of insurance shall be applicable to a nonprofit property/casualty insurance company organized as a reciprocal insurer pursuant to article sixty-one of this chapter and licensed pursuant to subsection (c) of section six thousand seven hundred four of this article. Where any of such provisions of law refer to a corporation, company or insurer, such references, when read in connection with and applicable to this article, shall mean such a nonprofit property/casualty insurance company.

(c) (1) Every nonprofit property/casualty insurance company shall be subject to liquidation, dissolution or rehabilitation pursuant to the provisions of article seventy-four of this chapter, and such proceeding shall be under the supervision of the superintendent, who shall have such powers granted pursuant to the provisions of such article as are applicable to domestic insurance companies.

(2) Articles ten, eleven and twelve of the not-for-profit corporation law shall not apply to nonprofit property/casualty insurance companies.

§ 6707. Tax exemption; residual market participation exemption; security funds. (a) Every nonprofit property/casualty insurance company

subject to the provisions of this article shall be exempt from any fees, taxes, special ad valorem levies or assessments of any kind, including, but not limited to, franchise taxes, sales taxes or other taxes, upon or with respect to any property owned by it or under its jurisdiction, control or supervision, or upon the uses thereof, or upon or with respect to its activities or operations in furtherance of the powers conferred upon it by this article, or upon or with respect to any revenues or other income received by the nonprofit property/casualty insurance company, except that every nonprofit property/casualty insurance company licensed pursuant to this article shall be subject to the assessment upon domestic insurers under section two hundred six of the financial services law, the assessments upon insurance carriers under sections one hundred fifty-one and two hundred twenty-eight of the workers' compensation law and all special fund assessments upon insurance carriers under the workers' compensation law.

(b) Every nonprofit property/casualty insurance company subject to the provisions of this article shall be exempt from participation in the plan pursuant to article fifty-three of this chapter, the association pursuant to article fifty-four of this chapter and the association pursuant to article fifty-five of this chapter.

(c) A nonprofit property/casualty insurance company and the contracts it issues will be subject to the provisions of article seventy-six of this chapter and article six-A of the workers' compensation law.

§ 6708. Rules and regulations. The superintendent shall promulgate such rules and regulations as may be necessary for the implementation of this article. Such regulation may be necessary in light of the nonprofit property/casualty insurance company being owned by nonprofit organizations that it insures, including the proprietary nature of the information relating to the nonprofit property/casualty insurance company's operations.

ARTICLE 68

BAIL BONDS

Section 6801. Bail bond business.

6802. Professional bondsmen; licensing.
6803. Bail bond business; cities in excess of one hundred seventy-five thousand.
6804. Premium or compensation.
6805. Charitable bail organization.

§ 6801. Bail bond business. (a) (1) Any person, firm or corporation in any court having criminal jurisdiction or in any criminal action or proceeding who shall for another deposit money or property as bail or execute as surety any bail bond who within a period of one month prior thereto shall have made such a deposit or given such bail in more than two cases not arising out of the same transaction shall be deemed to be doing a bail business and doing an insurance business as defined in article eleven of this chapter.

(2) Except for a corporation authorized to write fidelity and surety insurance and to do a bail business pursuant to the provisions of article eleven of this chapter and otherwise in compliance with all other requirements of this chapter to do such business or a charitable bail organization holding a certificate issued by the superintendent pursuant to section six thousand eight hundred five of this article and otherwise in compliance with all other requirement of this chapter, no person, firm or corporation shall engage in a bail business in this state.

(b) (1) No person, firm or corporation shall in this state do an insurance business or a bail business as defined in subsection (a) of this section unless authorized by a license issued and in force as provided under article eleven of this chapter.

(2) The superintendent may authorize a property/casualty insurance company which is authorized to write fidelity and surety insurance to do a bail business in accordance with the provisions of article eleven of this chapter, but no individual shall be licensed to do such business.

§ 6802. Professional bondsmen; licensing. (a) No person, firm or corporation or any officer or employee thereof shall act in this state as an agent or solicitor of an insurer or charitable bail organization

doing a bail business in soliciting, negotiating or effectuating any such deposit or bail bond by such insurer or charitable bail organization unless licensed by the superintendent as an agent pursuant to the provisions of this section. Any person, firm or corporation so acting without being duly licensed shall be guilty of a misdemeanor.

(b) Every corporation or charitable bail organization engaging as an insurer doing a bail business in this state shall procure a license pursuant to the provisions of this section for each of its employees, officers and agents acting for it in soliciting, negotiating or effectuating any such deposit or bail bond.

(c) The superintendent may, in the superintendent's discretion, issue to any person, firm or corporation a license to act as an agent of an authorized insurer or charitable bail organization, in soliciting, negotiating or effectuating any such deposit or bail bond by such insurer or any such deposit by such charitable bail organization.

(d) Any such license issued to a firm or corporation shall authorize only the members named in such license as sublicensees, to act individually as agents thereunder. Any sublicense issued to a corporation shall authorize only the officers and directors named in such license as sublicensees, to act individually as agents thereunder. Every sublicensee, acting as insurance agent pursuant to a license issued to a firm or corporation, shall be authorized to act only in the name of such firm or corporation.

(e) Before the issuance of a license every applicant shall satisfy the superintendent as to his trustworthiness and competence and otherwise comply with the conditions set forth in this section. The superintendent may refuse to issue any such license if in his judgment such refusal will best promote the interests of the people of this state.

(f) At the time of the application for every license a twenty-five dollar fee shall be paid to the superintendent for each year or fraction of a year in which a license shall be valid for each individual applicant and for each proposed sublicensee.

(g) Every applicant for a license hereunder shall file with the superintendent written evidence by those who know his character and reputation and by such other proof as the superintendent may require, including his fingerprints, that he is a person of good character and reputation and has never been convicted of any offense involving moral

turpitude or of any crime. If such applicant is a firm or corporation such proof must be made with respect to every member, shareholder, officer and director of such firm or corporation. Such fingerprints shall be submitted to the division of criminal justice services for a state criminal history record check, as defined in subdivision one of section three thousand thirty-five of the education law, and may be submitted to the federal bureau of investigation for a national criminal history record check.

(h) In order to determine the competence of each applicant for a license or a sublicense, the superintendent shall require every applicant to pass to the satisfaction of the superintendent a written examination to be prepared by the superintendent and appropriate to the doing of a bail business. If the applicant or any proposed sublicensee intends to maintain an office or solicit, negotiate, effectuate or deposit bail on behalf of another in any city containing a population of more than one hundred seventy-five thousand, such written examination may inquire into the applicant's knowledge of the pertinent provisions of the criminal procedure law and the pertinent rules and practices of the courts and district attorneys' offices within the area of the applicant's proposed operations. Such examination shall be held at such times and places as the superintendent shall determine.

(i) Every individual applying to take any written examination shall at the time of applying pay to the superintendent, or at the discretion of the superintendent, directly to any organization that is under contract to provide examination services, an examination fee of an amount which is the actual documented administrative cost of conducting the examination as certified by the superintendent from time to time. An examination fee represents an administrative expense and is not refundable.

(j) Every applicant for any such license shall file with the superintendent a qualifying bond, approved by the attorney general as to form and by the superintendent as to sufficiency, in a penalty of five thousand dollars, conditioned upon the faithful performance of the duties of such licensee. No such qualifying bond shall be subject to termination or cancellation by either party in less than sixty days after the giving of written notice to the other party and to the superintendent. A termination or cancellation shall not affect the

liability of the surety or sureties on such bond incurred prior to the effective date of such termination or cancellation. If during the term of such bond such licensee shall be guilty of fraudulent or dishonest conduct or other misconduct or malfeasance in his dealings with any court or magistrate or with any person or corporation in connection with any deposit or bail bond, the attorney general may maintain an action on such qualifying bond in the name of the people of this state and either recover the full amount of the penalty or recover for the use and benefit of the person or persons aggrieved, the amount of loss or injury sustained by such person or persons by reason of such misconduct. No such recovery or recoveries shall exceed in the aggregate five thousand dollars, exclusive of interest and costs.

(k) The superintendent may, upon notice and after a hearing, revoke or suspend, for such period as he may determine, any such license or sublicense issued pursuant to the provisions of this section if, after notice and hearing as specified in this chapter, he determines that the licensee or any sublicensee or any member of a firm or corporation which is so licensed has:

(1) violated any provision of, or any obligation imposed by, the insurance law, or has violated any other law of the state;

(2) has made a material misstatement in the application for such license;

(3) has been guilty of any fraudulent or dishonest practices or other misconduct or malfeasance;

(4) has charged or received, as premium or compensation for the making of any deposit or bail bond, any sum in excess of that permitted by law;

(5) has required, as a condition of his executing a bail bond, that the principal agree to engage the services of a specified attorney; or

(6) has demonstrated his incompetency or untrustworthiness to act as a licensee.

(l) The superintendent, in lieu of revoking or suspending a license in accordance with the provisions of this article, may, in any one proceeding, by order, require the licensee to pay to the people of this state a penalty in a sum not exceeding five hundred dollars for each offense, and a penalty in a sum not exceeding twenty-five hundred dollars in the aggregate for all offenses. Upon failure of such licensee to pay such penalty within twenty days after the mailing of such order,

postage prepaid, registered, and addressed to the last known place of business of such licensee, unless such order is stayed by a court of competent jurisdiction, the superintendent may revoke the license of such licensee or may suspend the same for such period as he may determine.

(m) Every license issued to an officer, employee, or agent of an insurer or charitable bail organization doing a bail business pursuant to this section shall be for a term expiring on the thirty-first day of December of even numbered years and may be renewed for the ensuing two calendar years upon the filing of a renewal application. The superintendent may refuse to issue any such license if in the superintendent's judgment such refusal will best promote the interests of the people of this state. Every such licensee and sublicensee shall file an information statement on or before the thirty-first day of December of each even numbered year, the form and subject matter of which may be prescribed by the superintendent.

(n) Any domestic, foreign or alien surety company which was licensed to do a bail bond business in this state before January first, nineteen hundred forty shall so long as its license or any renewal remains in force, be deemed licensed as an insurer to do such business within the meaning of paragraph one of subsection (b) of section six thousand eight hundred one of this article and article eleven of this chapter.

(o) This section shall not apply to any insurer authorized in this state to execute and issue policies of motor vehicle and aircraft insurance as specified in paragraphs thirteen, fourteen and nineteen of subsection (a) of section one thousand one hundred thirteen of this chapter or to any agent of such insurer or to any broker who, as an incident to the execution and issuance of any such policy or to the solicitation, negotiation or procurement thereof undertakes to pay, in addition to the applicable limits of liability, the cost of bail bonds required of the insured because of accident or asserted traffic law violations arising out of the use of a vehicle insured under the terms of the policy, provided the cost of each such bail bond does not exceed one hundred dollars, or who otherwise arranges for the execution of a bail bond or deposit in lieu of cash bail on behalf of the insured in the event of the insured's arrest or detention by reason of an asserted violation of any law relating to the use of a motor vehicle.

(p) The superintendent may issue a replacement for a currently in force license which has been lost or destroyed. Before such replacement license shall be issued, there shall be on file in the office of the superintendent a written application for such replacement license, affirming under penalty of perjury that the original license has been lost or destroyed, together with a fee of fifteen dollars.

§ 6803. Bail bond business; cities in excess of one hundred seventy-five thousand. (a) An insurance corporation or charitable bail organization engaged in the bail business in a city containing a population of more than one hundred seventy-five thousand inhabitants, according to the last preceding federal census or state enumeration, shall file with the district attorney of each county contained in such city or in which such a city is contained, the clerks of the supreme and county courts and the clerk of the criminal court of the city of New York, certified statements of the names of all persons authorized to execute bail bonds or effectuating such deposit on its behalf or to solicit such business as agent, together with a certificate duly executed by the superintendent, certifying with respect to each such person, that such person has been licensed by the superintendent pursuant to section six thousand eight hundred two of this article.

(b) The court or other public officer concerned in the matter may examine under oath any insurer or charitable bail organization doing a bail business or a depositor of security for bail, or the officer or agent of any such insurer, charitable bail organization or depositor proposing to execute a bail bond, or to make such deposit, as to the indemnity, if any, deposited or otherwise provided directly or indirectly against loss by reason of the deposit or bail bond and as to the fee charged, if any, for the giving of such bond. The court or other public officer concerned in the matter may refuse to accept such bond or deposit if satisfied that any portion of such security has been feloniously obtained by the defendant, or that the provisions of this or any other section of law have been violated, or that the person or persons indemnifying such insurer or depositor shall have within a period of one month prior thereto given indemnification or security for like purpose in more than two cases not arising out of the same

transaction and that such person is not duly licensed by the superintendent in accordance with the provisions of this chapter.

§ 6804. Premium or compensation. (a) The premium or compensation for giving bail bond or depositing money or property as bail shall not exceed ten per centum of the amount of such bond or deposit in cases where such bonds or deposits do not exceed the sum of three thousand dollars. Where such bonds or deposits exceed the sum of three thousand dollars, the premium shall not exceed ten per centum of the first three thousand dollars and eight per centum of the excess amount over three thousand dollars up to ten thousand dollars and six per centum of the excess amount over ten thousand dollars. In cases where the amount of the bond or deposit is less than two hundred dollars a minimum premium of ten dollars may be charged.

(b) No person or corporation shall:

(1) charge or receive, directly or indirectly, any greater compensation for making a deposit for bail or giving bail, or act in such business as aforesaid without obtaining a license, or

(2) accept any fee or compensation for obtaining a license or for obtaining a bondsman or bail bond. Such person or corporation shall be guilty of a misdemeanor and in addition shall in any action brought to recover any such overcharge be liable for treble damages.

(c) Any member of the bar having any financial interest by which he is to profit from the giving of bail shall be guilty of a misdemeanor.

§ 6805. Charitable bail organization. (a)(1) The superintendent may issue a certificate to a charitable bail organization to deposit money as bail for another in accordance with the provisions of this section only if such entity is a non-profit organization organized pursuant to the United States internal revenue code as described by section 501(c)(3) of title 26 of the United States code, is registered as a charity pursuant to article seven-A of the executive law and is current on such registration.

(2) The application for a charitable bail organization certificate shall be in such form or forms, and shall contain relevant information,

as the superintendent shall prescribe.

(3) The superintendent may refuse to issue a charitable bail organization certificate if, in the superintendent's judgment, an applicant, or an officer or director of the applicant, has: (A) demonstrated untrustworthiness or incompetence; (B) given cause for the revocation or suspension of the certificate; or (C) failed to comply with any prerequisite for the issuance of the certificate.

(4) A charitable bail organization certificate shall be valid for a term of five years from issuance. At the time of application for every such certificate, and for every renewal thereof, an applicant shall pay to the superintendent a sum of one thousand dollars payable each term or fraction of a term, provided, however, that in his or her discretion, the superintendent may waive such fee.

(5) If an application for a renewal certificate shall have been filed with the superintendent before the expiration of such certificate, then the certificate sought to be renewed shall continue in full force and effect either until the issuance by the superintendent or the renewal certificate applied for or until five days after the superintendent shall have refused to issue such renewal certificate.

(6) The superintendent may refuse to renew or may revoke or suspend a charitable bail organization certificate for a reasonable period determined by the superintendent if, after notice and hearing, the superintendent determines that an applicant or licensee, or an officer or director of the applicant or licensee, has: (A) demonstrated untrustworthiness or incompetence; (B) violated this section or authorized regulations promulgated thereunder; or (C) failed to stay current with their registration as a charity pursuant to article seven-A of the executive law. Any hearing conducted under this section shall comply with the requirements of section three hundred five of the financial services law.

(b) A charitable bail organization shall:

(1) only deposit money as bail in the amount of two thousand dollars or less for a defendant charged with one or more misdemeanors, provided, however, that such organization shall not execute as surety any bond for any defendant;

(2) only deposit money as bail on behalf of a person who is financially unable to post bail, which may constitute a portion or the

whole amount of such bail;

(3) only deposit money as bail in one county in this state. Provided, however, that a charitable bail organization whose principal place of business is located within a city of a million or more may deposit money as bail in the five counties comprising such city; and

(4) not charge a premium or receive compensation for acting as a charitable bail organization.

(c) The superintendent may promulgate regulations implementing this section.

ARTICLE 69

FINANCIAL GUARANTY INSURANCE CORPORATIONS

Section 6901. Definitions.
6902. Organization; financial requirements.
6903. Contingency, loss and unearned premium reserves.
6904. Limitations.
6905. Policy forms and rates.
6906. Reinsurance.
6907. Transition provisions.
6908. Applicability of other laws.
6909. Relationship to security fund.

§ 6901. Definitions. As used in this article: (a) (1) "Financial guaranty insurance" means a surety bond, an insurance policy or, when issued by an insurer or any person doing an insurance business as defined in paragraph one of subsection (b) of section one thousand one hundred one of this chapter, an indemnity contract, and any guaranty similar to the foregoing types, under which loss is payable, upon proof of occurrence of financial loss, to an insured claimant, obligee or indemnitee as a result of any of the following events:

(A) failure of any obligor on or issuer of any debt instrument or other monetary obligation (including equity securities guarantied under a surety bond, insurance policy or indemnity contract) to pay when due to be paid by the obligor or scheduled at the time insured to be received by the holder of the obligation, principal, interest, premium,

dividend or purchase price of or on, or other amounts due or payable with respect to, such instrument or obligation, when such failure is the result of a financial default or insolvency or, provided that such payment source is investment grade, any other failure to make payment, regardless of whether such obligation is incurred directly or as guarantor by or on behalf of another obligor that has also defaulted;

(B) changes in the levels of interest rates, whether short or long term or the differential in interest rates between various markets or products;

(C) changes in the rate of exchange of currency;

(D) changes in the value of specific assets or commodities, financial or commodity indices, or price levels in general; or

(E) other events which the superintendent determines are substantially similar to any of the foregoing.

(2) Notwithstanding paragraph one of this subsection, "financial guaranty insurance" shall not include:

(A) insurance of any loss resulting from any event described in paragraph one of this subsection if the loss is payable only upon the occurrence of any of the following, as specified in a surety bond, insurance policy or indemnity contract:

(i) a fortuitous physical event;

(ii) failure of or deficiency in the operation of equipment; or

(iii) an inability to extract or recover a natural resource;

(B) fidelity and surety insurance as defined in paragraph sixteen of subsection (a) of section one thousand one hundred thirteen of this chapter;

(C) credit insurance as defined in paragraph seventeen of subsection (a) of section one thousand one hundred thirteen of this chapter;

(D) credit unemployment insurance as defined in paragraph twenty-four of subsection (a) of section one thousand one hundred thirteen of this chapter;

(E) residual value insurance as defined in paragraph twenty-two of subsection (a) of section one thousand one hundred thirteen of this chapter;

(F) mortgage guaranty insurance as defined in paragraph twenty-three of subsection (a) of section one thousand one hundred thirteen of this chapter and as permitted to be written by a mortgage guaranty insurer

under article sixty-five of this chapter;

(G) guaranteed investment contracts issued by life insurance companies which provide that the life insurer itself will make specified payments in exchange for specific premiums or contributions;

(H) indemnity contracts or similar guaranties, to the extent that they are not otherwise limited or proscribed by this chapter:

(i) in which a life insurer or an insurer subject to article forty-three of this chapter guaranties its obligations or indebtedness or the obligations or indebtedness of a subsidiary (as defined in paragraph forty of subsection (a) of section one hundred seven of this chapter), other than a financial guaranty insurance corporation, provided that:

(I) to the extent that any such obligations or indebtedness are backed by specific assets, such assets must at all times be owned by the insurer or the subsidiary; and

(II) in the case of the guaranty of the obligations or indebtedness of the subsidiary that are not backed by specific assets of such insurer, such guaranty terminates once the subsidiary ceases to be a subsidiary; or

(ii) in which a life insurer guaranties obligations or indebtedness (including the obligation to substitute assets where appropriate) with respect to specific assets acquired by such life insurer in the course of its normal investment activities and not for the purpose of resale with credit enhancement, or guaranties obligations or indebtedness acquired by its subsidiary, provided that the assets acquired pursuant to this item (ii) have been:

(I) acquired by a special purpose entity, whose sole purpose is to acquire specific assets of such life insurer or its subsidiary and issue securities or participation certificates backed by such assets; or

(II) sold to an independent third party; or

(iii) in which a life insurer guaranties obligations or indebtedness of an employee or insurance agent of such life insurer; or

(I) guarantees of higher education loans, unless written by a financial guaranty insurance corporation;

(J) guarantees of insurance contracts, except for:

(i) guarantees authorized pursuant to section one thousand one hundred fourteen of this chapter;

(ii) financial guaranty insurance policies insuring guaranteed investment contracts issued by life insurers, provided that:

(I) the obligations under such contracts are not dependent on the continuance of human life;

(II) the financial guaranty insurance policies do not guaranty death benefits provided by such contracts;

(III) the obligations insured by the financial guaranty insurance policies are investment grade based on the rating of the life insurers or, in the case of separate account guaranteed investment contracts, based on the ratings of such separate accounts;

(IV) the financial guaranty insurance policies shall not condition or delay payment of a claim with respect to such contracts upon the insured or beneficiary making a claim on the contracts with any insurance guaranty fund under this chapter or of any other jurisdiction; and

(V) the financial guaranty insurance policies provide that if, prior to payment by the insurer under the financial guaranty insurance policies, the guaranty fund has paid a claim under such contracts for an amount that, when added to the amount payable under the financial guaranty insurance policies, would exceed the amount owed under such contracts, then the financial guaranty insurer shall pay the portion of the amount payable in excess of the contract amounts to the guaranty fund instead of to the beneficiary under such contracts; or

(K) any other form of insurance covering risks which the superintendent determines to be substantially similar to any of the foregoing.

(b) "Financial guaranty insurance corporation" or "corporation" means an insurer licensed to transact the business of financial guaranty insurance in this state.

(c) "Affiliate" means a person which, directly or indirectly, owns at least ten percent but less than fifty percent of the financial guaranty insurance corporation or which is at least ten percent but less than fifty percent, directly or indirectly, owned by a financial guaranty insurance corporation.

(d) "Aggregate net liability" means the aggregate amount of insured unpaid principal, interest and other monetary payments, if any, of guarantied obligations insured or assumed, less reinsurance ceded and less collateral.

(e) "Asset-backed securities" mean:

(1) securities or other financial obligations of an issuer provided that:

(A) the issuer is a special purpose corporation, trust or other entity, or (provided that the securities or other financial obligations constitute an insurable risk) is a bank, trust company or other financial institution, deposits in which are insured by the Bank Insurance Fund or the Savings Insurance Fund (or any successor thereto); and

(B) a pool of assets:

(i) has been conveyed, pledged or otherwise transferred to or is otherwise owned or acquired by the issuer;

(ii) such pool of assets backs the securities or other financial obligations issued; and

(iii) no asset in such pool, other than an asset directly payable by, guaranteed by or backed by the full faith and credit of the United States government or that otherwise qualifies as collateral under paragraph one or two of subsection (g) of this section, has a value exceeding twenty percent of the pool's aggregate value; or

(2) a pool of credit default swaps or credit default swaps referencing a pool of obligations, provided that:

(A) the swap counterparty whose obligations are insured under the credit default swap is a special purpose corporation, special purpose trust or other special purpose legal entity;

(B) no reference obligation in such pool, other than an obligation directly payable by, guaranteed by or backed by the full faith and credit of the United States government or that otherwise qualifies as collateral under paragraph two of subsection (g) of this section, has a notional amount exceeding ten percent of the pool's aggregate notional amount; and

(C) the insurer has the benefit of a deductible or other first loss credit protection against claims under its insurance policy.

(f) "Average annual debt service" means the amount of insured unpaid principal and interest on an obligation, multiplied by the number of such insured obligations (assuming each obligation represents one thousand dollars par value), divided by the amount equal to the aggregate life of all such obligations (assuming each obligation

represents one thousand dollars par value). This definition, expressed as a formula in regard to bonds, is as follows:

$$\text{Average Annual Debt Service} = \frac{\text{Total Debt Service} \times \text{No. of Bonds}}{\text{Bond Years}}$$

$$\text{Total Debt Service} = \text{Insured Unpaid Principal} + \text{Interest}$$

$$\text{Number of Bonds} = \frac{\text{Total Insured Principal}}{\$1{,}000}$$

$$\text{Bond Years} = \text{Number of Bonds} \times \text{Term in Years}$$

Term in Years = Term to maturity based on scheduled amortization or, in the absence of a scheduled amortization in the case of asset-backed securities or other obligations lacking a scheduled amortization, expected amortization, in each case determined as of the date of issuance of the insurance policy based upon the amortization assumptions employed in pricing the insured obligations or otherwise used by the insurer to determine aggregate net liability.

(g) "Collateral" means:

(1) cash;

(2) the cash flow from specific obligations which are not callable and scheduled to be received based on expected prepayment speed on or prior to the date of scheduled debt service (including scheduled redemptions or prepayments) on the insured obligation provided that (i) such specific obligations are directly payable by, guaranteed by or backed by the full faith and credit of the United States government, (ii) in the case of insured obligations denominated or payable in foreign currency as permitted under paragraph four of subsection (b) of section six thousand nine hundred four of this article, such specific obligations are directly payable by, guaranteed by or backed by the full faith and credit of such foreign government or the central bank thereof, or (iii) such specific obligations are insured by the same insurer that insures the obligations being collateralized, and the cash flows from such specific obligations are sufficient to cover the insured scheduled payments on the obligations being collateralized;

(3) the market value of investment grade obligations, other than obligations evidencing an interest in the project or projects financed with the proceeds of the insured obligations;

(4) the face amount of each letter of credit that:

(A) is irrevocable;

(B) provides for payment under the letter of credit in lieu of or as reimbursement to the insurer for payment required under a financial guaranty insurance policy;

(C) is issued, presentable and payable either:

(i) at an office of the letter of credit issuer in the United States; or

(ii) at an office of the letter of credit issuer located in the jurisdiction in which the trustee or paying agent for the insured obligation is located;

(D) contains a statement that either:

(i) identifies the insurer and any successor by operation of law, including any liquidator, rehabilitator, receiver or conservator, as the beneficiary; or

(ii) identifies the trustee or the paying agent for the insured obligation as the beneficiary;

(E) contains a statement to the effect that the obligation of the letter of credit issuer under the letter of credit is an individual obligation of such issuer and is in no way contingent upon reimbursement with respect thereto;

(F) contains an issue date and a date of expiration;

(G) either:

(i) has a term at least as long as the shorter of the term of the insured obligation or the term of the financial guaranty policy; or

(ii) provides that the letter of credit shall not expire without thirty days prior written notice to the beneficiary and allows for drawing under the letter of credit in the event that, prior to expiration, the letter of credit is not renewed or extended or a substitute letter of credit or alternate collateral meeting the requirements of this subsection is not provided;

(H) states that it is governed by the laws of the state of New York or by the 1983 or 1993 Revision of the Uniform Customs and Practice for Documentary Credits of the International Chamber of Commerce (Publication 400 or 500) or any successor Revision if approved by the superintendent, and contains a provision for an extension of time, of not less than thirty days after resumption of business, to draw against

the letter of credit in the event that one or more of the occurrences described in Article 19 of Publication 400 or 500 occurs; and

(I) is issued by a bank, trust company, or savings and loan association that:

(i) is organized and existing under the laws of the United States or any state thereof or, in the case of a non-domestic financial institution, has a branch or agency office licensed under the laws of the United States or any state thereof and is domiciled in a member country of the Organisation for Economic Co-operation and Development having a sovereign rating in one of the top two generic lettered rating classifications by a nationally recognized statistical rating organization acceptable to the superintendent;

(ii) has (or is the principal operating subsidiary of a financial institution holding company that has) a long-term debt rating of at least investment grade; and

(iii) is not a parent, subsidiary or affiliate of the trustee or paying agent, if any, with respect to the insured obligation if such trustee or paying agent is the named beneficiary of the letter of credit; or

(5) the amount of credit protection available to the insurer (or its nominee) under each credit default swap that:

(A) may not be amended without the consent of the insurer and may only be terminated: (i) at the option of the insurer; (ii) at the option of the counterparty to the insurer (or its nominee), if the credit default swap provides for the payment of a termination amount equal to the replacement cost of the terminated credit default swap determined with reference to standard documentation of the International Swap and Derivatives Association, Inc. or otherwise acceptable to the superintendent; or (iii) at the discretion of the superintendent acting as a rehabilitator, liquidator or receiver of the insurer upon payment by or on behalf of the insurer of any termination amount due from the insurer;

(B) provides for payment under all instances in which payment under a financial guaranty insurance policy is required, except that payment under the credit default swap may be on a first loss, excess of loss or other non-pro-rata basis and may apply on an aggregate basis to more than one policy;

(C) is provided by:

(i) a counterparty whose obligations under the credit default swap are insured by a financial guaranty insurance corporation licensed under this article or guaranteed by a financial institution referred to in items (ii) and (iii) of this subparagraph;

(ii) a financial institution satisfying the requirements of items (i) through (iii) of subparagraph (I) of paragraph four of this subsection; provided that (A) obligations of such financial institution on parity with its obligations under the credit default swap are investment grade and (B) if such financial institution is not organized under, or acting through a branch or agency office licensed under, the laws of the United States or any state thereof, then such financial institution is required to collateralize the replacement cost of the credit default swap in the event that it shall fail to maintain such rating; or

(iii) any other financial institution that the superintendent determines to be substantially similar to any of the foregoing.

Collateral must be deposited with the insurer; held in trust by a trustee or custodian acceptable to the superintendent for the benefit of the insurer; or held in trust pursuant to the bond indenture or other trust arrangement, for the benefit of security holders in the form of funds for the payment of insured obligations, sinking funds or other reserves which may be used for the payment of insured obligations and trustee and other administrative fees on a first priority basis established and continually maintained pursuant to the bond indenture or other trust arrangement by a trustee acceptable to the superintendent. The superintendent may promulgate regulations to limit the amount of collateral provided by obligations, letters of credit or credit default swaps or to limit the amount of collateral provided by any single issuer, bank or counterparty as provided for in this subsection.

(h) "Commercial real estate" means income producing real property other than residential property consisting of less than five units.

(i) (1) "Consumer debt obligations" guaranties means financial guaranty insurance that indemnifies a purchaser or lender against loss or damage resulting from defaults on a pool of debts owed for extensions of credit (including in respect of installment purchase agreements and leases) to individuals, provided in the normal course of the purchaser's

or lender's business, provided that (A) such pool meets the requirements of paragraph two of subsection (e) of this section and (B) such pool has been determined to be investment grade.

(2) Consumer debt obligations guaranty policies shall contain a provision that all coverage under the policies terminates upon sale or transfer of the underlying consumer debt obligation to any transferee not insured by the same insurer under a similar policy.

(j) "Contingency reserve" means an additional liability reserve established to protect policyholders against the effects of adverse economic developments or cycles or other unforeseen circumstances.

(j-1) "Credit default swap" means an agreement referencing the credit derivative definitions published from time to time by the International Swap and Derivatives Association, Inc. or otherwise acceptable to the superintendent, pursuant to which a party agrees to compensate another party in the event of a payment default by, insolvency of, or other adverse credit event in respect of, an issuer of a specified security or other obligation; provided that such agreement does not constitute an insurance contract and the making of such credit default swap does not constitute the doing of an insurance business.

(k) "Governmental unit" means the United States of America, Canada, a member country of the Organisation for Economic Co-operation and Development having a sovereign rating in one of the top three generic lettered rating classifications by a nationally recognized statistical rating organization acceptable to the superintendent, a state, territory or possession of the United States of America, the District of Columbia, a province of Canada, a municipality, or a political subdivision of any of the foregoing, or any public agency or instrumentality thereof.

(k-1) "Excess spread" means, with respect to any insured issue of asset-backed securities, the excess of (A) the scheduled cash flow on the underlying assets that is reasonably projected to be available, over the term of the insured securities after payment of the expenses associated with the insured issue, to make debt service payments on the insured securities over (B) the scheduled debt service requirements on the insured securities, provided that such excess is held in the same manner as collateral is required to be held under subsection (g) of this section.

(l) "Industrial development bond" means any security or other

instrument, other than a utility first mortgage obligation, under which a payment obligation is created, issued by or on behalf of a governmental unit, to finance a project serving a private industrial, commercial or manufacturing purpose, and not payable or guarantied by a governmental unit.

(m) "Insurable risk" means, with respect to asset-backed securities, as defined in subsection (e) of this section, that such obligation on an uninsured basis has been determined to be not less than investment grade based solely on the pool of assets backing the insured obligation or securing the insurer, without consideration of the creditworthiness of the issuer.

(n) "Investment grade" means that:

(1) the obligation or parity obligation of the same issuer has been determined to be in one of the top four generic lettered rating classifications by a nationally recognized statistical rating organization acceptable to the superintendent;

(2) the obligation or parity obligation of the same issuer has been identified in writing by such nationally recognized statistical rating organization to be of investment grade quality; or

(3) if the obligation or parity obligation of the same issuer has not been submitted to any such nationally recognized statistical rating organization, the obligation is determined to be investment grade (as indicated by a rating in category 1 or 2) by the Securities Valuation Office of the National Association of Insurance Commissioners.

(o) "Municipal bonds" means municipal obligation bonds and special revenue bonds.

(p) "Municipal obligation bond" means any security or other instrument, including a lease payable or guaranteed by the United States or another national government that qualifies as a governmental unit or any agency, department or instrumentality thereof, or by a state or an equivalent political subdivision of another national government that qualifies as a governmental unit, but not a lease of any other governmental unit, under which a payment obligation is created, issued by or on behalf of or payable or guaranteed by a governmental unit or issued by a special purpose corporation, special purpose trust or other special purpose legal entity to finance a project serving a substantial public purpose, and which is:

(1) (A) payable from tax revenues, but not tax allocations, within the jurisdiction of such governmental unit;

(B) payable or guaranteed by the United States or another national government that qualifies as a governmental unit, or any agency, department or instrumentality thereof, or by a housing agency of a state or an equivalent subdivision of another national government that qualifies as a governmental unit;

(C) payable from rates or charges (but not tolls) levied or collected in respect of a non-nuclear utility project, public transportation facility (other than an airport), or public higher education facility; or

(D) with respect to lease obligations, payable from future appropriations; and

(2) provided that, in the case of obligations of a special purpose corporation, special purpose trust or other special purpose legal entity, (A) such obligations are investment grade at the time of issuance; (B) such obligations are payable from sources enumerated in subparagraph (A), (B), (C) or (D) of paragraph one of this subsection; and (C) the project being financed or the tolls, tariffs, usage fees or other similar rates or charges for its use are subject to regulation or oversight by a governmental unit.

(q) "Reinsurance" means cessions qualifying for credit under section six thousand nine hundred six of this article.

(r) "Special revenue bond" means any security or other instrument, under which a payment obligation is created, issued by or on behalf of or payable or guaranteed by a governmental unit to finance a project serving a substantial public purpose, and not payable from any of the sources enumerated in subsection (p) of this section; or securities which are the functional equivalent of the foregoing issued by a not-for-profit corporation or a special purpose corporation, special purpose trust or other special purpose legal entity; provided that, in the case of obligations of a special purpose corporation, special purpose trust or other special purpose legal entity, (1) such obligations are investment grade at the time of issuance; (2) such obligations are not payable from the sources enumerated in subparagraph (A), (B), (C) or (D) of paragraph one of subsection (p) of this section; and (3) the project being financed or the tolls, tariffs, usage fees or

other similar rates or charges for its use are subject to regulation or oversight by a governmental unit.

(s) "Utility first mortgage obligation" means any obligation of an issuer secured by a first priority mortgage on utility property owned by or leased to an investor-owned or cooperative-owned utility company and located in the United States, Canada or a member country of the Organisation for Economic Co-operation and Development having a sovereign rating in one of the top two generic lettered rating classifications by a nationally recognized statistical rating organization acceptable to the superintendent; provided that the utility or utility property or the usage fees or other similar utility rates or charges are subject to regulation or oversight by a governmental unit.

§ 6902. Organization; financial requirements. (a) A financial guaranty insurance corporation may be organized and licensed in the manner prescribed in section one thousand two hundred one of this chapter and a foreign insurer may be licensed in the manner prescribed in section one thousand one hundred six of this chapter, except as modified by the following provisions:

(1) a corporation organized for the purpose of transacting financial guaranty insurance may, subject to all the applicable provisions of this chapter, be licensed to transact only the following additional kinds of insurance:

(A) residual value insurance, as defined in paragraph twenty-two of subsection (a) of section one thousand one hundred thirteen of this chapter;

(B) surety insurance, as defined in subparagraphs (C), (D), (E), (F), (G), (H) and (I) of paragraph sixteen of subsection (a) of section one thousand one hundred thirteen of this chapter; and

(C) credit insurance, as defined in subparagraph (A) of paragraph seventeen of subsection (a) of section one thousand one hundred thirteen of this chapter;

(2) a financial guaranty insurance corporation may only assume those kinds of insurance for which it is licensed to write direct business;

(3) prior to the issuance of a license, unless a plan of operation has been previously approved by the superintendent, a corporation shall

submit for the approval of the superintendent a plan of operation, detailing the types and projected diversification of guaranties that will be issued, the underwriting procedures that will be followed, managerial oversight methods, investment policies, and such other matters as may be prescribed by the superintendent; and

(4) a financial guaranty insurance corporation's investments in any one entity insured by that corporation shall not exceed four percent of its admitted assets at last year-end, except that this limit shall not apply to investments payable or guaranteed by a United States governmental unit or New York state if such investments payable or guaranteed by the United States governmental unit or New York state shall be rated in one of the top two generic lettered rating classifications by a nationally recognized statistical rating organization acceptable to the superintendent.

(5) in addition to any transaction that an insurer meeting the requirements of subsection (c) of section one thousand four hundred three of this chapter may effect and maintain under any other provision of this chapter, a financial guaranty insurance corporation may effect and maintain transactions in (A) contracts for the future delivery or receipt of the currency of a foreign country, (B) interest rate options, (C) credit default swaps under which the insurer is acquiring credit protection and (D) other products included in the plan referred to in clause (vii) of this subparagraph, in each case meeting the following requirements:

(i) the transaction is used for the purpose of limiting risk of loss under financial guaranty insurance policies or reinsurance contracts covering such policies due to fluctuations in interest rates or currency exchange rates or, in the case of credit default swaps, financial default, insolvency or other credit events;

(ii) the transaction shall not exceed a duration of twelve months beyond the term of such policies or reinsurance contracts;

(iii) the amount of foreign currencies to be purchased under the transaction shall not exceed the amount guaranteed under such policies or reinsurance contracts that is denominated in foreign currency;

(iv) the amount that is subject to interest rate hedging transactions does not exceed the amount guaranteed under such policies or reinsurance contracts that is subject to the risk of interest rate fluctuations;

(v) the counterparty to such transaction has (or is the principal operating subsidiary of a holding company that has) a long term unsecured debt rating or claims-paying ability rating that is at least investment grade;

(vi) the transaction is not conducted for arbitrage purposes; and

(vii) the transaction is entered into pursuant to a plan that has been approved by the board of directors of the financial guaranty insurance corporation and filed with and approved by the superintendent.

(b) (1) A financial guaranty insurance corporation shall not transact business unless it has paid-in capital of at least two million five hundred thousand dollars and paid-in surplus of at least seventy-two million five hundred thousand dollars, and shall at all times thereafter maintain a minimum surplus to policyholders of at least sixty-five million dollars.

(2) An insurer transacting only financial guaranty insurance prior to the effective date of this article which has a paid-in capital of at least two million five hundred thousand dollars and maintains surplus to policyholders of at least forty-five million dollars shall have thirty-six months from the effective date of this article to fully comply with the surplus requirements set forth in paragraph one of this subsection.

(3) A financial guaranty insurance company shall be deemed to be in compliance with paragraphs one and two of subsection (b) of section one thousand four hundred two of this chapter if not less than sixty percent of the amount of the required minimum capital or minimum surplus to policyholder investments shall consist of the types specified in paragraphs one and two of subsection (b) of section one thousand four hundred two of this chapter and direct government obligations of any state of the United States or of any county, district or municipality thereof, provided such government obligations have been given the highest quality designation of the Securities Valuation Office of the National Association of Insurance Commissioners. Before investing any part of the required minimum capital or surplus in direct government obligations of any other state of the United States or of any county, district or municipality thereof, such financial guaranty insurance company shall have invested at least ten percent of such required minimum in government obligations of New York state or of any county,

district or municipality thereof. Only for purposes of meeting the required investment in government obligations of New York state, the insurer may count investments in any government obligation of New York state, whether direct or otherwise.

§ 6903. Contingency, loss and unearned premium reserves. (a) Contingency reserves. (1) A corporation shall establish and maintain contingency reserves for the protection of insureds and claimants against the effects of excessive losses occurring during adverse economic cycles.

(2) With respect to all financial guaranties written prior to and in force as of the first day of the next calendar quarter commencing after the date that the act enacting this article shall become law:

(A) the insurer shall establish and maintain a contingency reserve consistent with the requirements applicable for municipal bond guaranties in effect prior to the effective date of this article equal to fifty percent of earned premiums on such policies; and

(B) to the extent that the insurer's contingency reserves maintained as of the first day of the next calendar quarter commencing after the date that the act enacting this article shall become law are less than those required for municipal bond guaranties, the insurer shall have three years from such date to bring its contingency reserves into compliance.

(3) With respect to financial guaranties of municipal obligation bonds, special revenue bonds, industrial development bonds and utility first mortgage obligations written on and after the first day of the next calendar quarter commencing after the date that the act enacting this article shall become law:

(A) the insurer shall establish and maintain a contingency reserve for all such insured issues in each calendar year for each category listed in subparagraph (B) of this paragraph;

(B) the total contingency reserve required shall be the greater of fifty percent of premiums written for each such category or the following amount prescribed for each such category:

(i) municipal obligation bonds, 0.55 percent of principal guarantied;

(ii) special revenue bonds, and obligations demonstrated to the

satisfaction of the superintendent to be the functional equivalent thereof, 0.85 percent of principal guarantied;

(iii) investment grade industrial development bonds, secured by collateral or having a term of seven years or less, and utility first mortgage obligations, 1.0 percent of principal guarantied;

(iv) other investment grade industrial development bonds, 1.5 percent of principal guarantied; and

(v) all other industrial development bonds, 2.5 percent of principal guarantied; and

(C) Contributions to the contingency reserve required by this paragraph, equal to one-eightieth of the total reserve required, shall be made each quarter for twenty years, provided, however, that contributions may be discontinued so long as the total reserve for all categories listed in items (i) through (v) of subparagraph (B) of this paragraph exceeds the percentages contained in such items (i) through (v) when applied against unpaid principal.

(4) With respect to all other financial guaranties written on or after the first day of the next calendar quarter commencing after the date that the act enacting this article shall become law:

(A) the insurer shall establish and maintain a contingency reserve for all such insured issues in each calendar year for each such category listed in subparagraph (B) of this paragraph;

(B) the total contingency reserve required shall be the greater of fifty percent of premiums written for each such category or the following amount prescribed for each such category:

(i) investment grade obligations, secured by collateral or having a term of seven years or less, 1.0 percent of principal guarantied;

(ii) other investment grade obligations, 1.5 percent of principal guarantied;

(iii) non-investment grade consumer debt obligations, 2.0 percent of principal guarantied;

(iv) non-investment grade asset-backed securities, 2.0 percent of principal guarantied;

(v) other non-investment grade obligations, 2.5 percent of principal guarantied; and

(C) Contributions to the contingency reserve required by this paragraph, equal to one-sixtieth of the total reserve required, shall be

made each quarter for fifteen years, provided, however, that contributions may be discontinued so long as the total reserve for all categories listed in items (i) through (v) of subparagraph (B) of this paragraph exceeds the percentages contained in such items (i) through (v) when applied against unpaid principal.

(5) Contingency reserves required in paragraphs two, three and four of this subsection may be established and maintained net of collateral and reinsurance, provided that, in the case of reinsurance, the reinsurance agreement requires that the reinsurer shall, on or after the effective date of the reinsurance, establish and maintain a reserve in an amount equal to the amount by which the insurer reduces its contingency reserve, and contingency reserves required in paragraphs three and four of this subsection may be maintained (A) net of refundings and refinancings to the extent the refunded or refinanced issue is paid off or secured by obligations which are directly payable or guarantied by the United States government and (B) net of insured securities in a unit investment trust or mutual fund that have been sold from the trust or fund without insurance.

(6) The contingency reserves may be released thereafter in the same manner in which they were established and withdrawals therefrom, to the extent of any excess, may be made from the earliest contributions to such reserves remaining therein:

(A) with the prior written approval of the superintendent:

(i) if the actual incurred losses for the year, in the case of the categories of guaranties subject to paragraph three of this subsection exceeds thirty-five percent of earned premiums, or in the case of the categories of guaranties subject to paragraph four of this subsection exceed sixty-five percent of earned premiums; or

(ii) if the contingency reserve applicable to the categories of guaranties subject to paragraph three of this subsection has been in existence for less than forty quarters, or for less than thirty quarters for the categories of guaranties subject to paragraph four of this subsection, upon a demonstration satisfactory to the superintendent that the amount carried is excessive in relation to the insurer's outstanding obligations under its financial guaranties.

(B) upon thirty days prior written notice to the superintendent, provided that the contingency reserve applicable to the categories of

guaranties subject to paragraph three of this subsection has been in existence for forty quarters, or thirty quarters for categories of guaranties subject to paragraph four of this subsection, upon a demonstration satisfactory to the superintendent that the amount carried is excessive in relation to the insurer's outstanding obligations under its financial guaranties.

(7) An insurer providing financial guaranty insurance may invest the contingency reserve in tax and loss bonds (or similar securities) purchased pursuant to section 832(e) of the Internal Revenue Code (or any successor provision), only to the extent of the tax savings resulting from the deduction for federal income tax purposes of a sum equal to the annual contributions to the contingency reserve. The contingency reserve shall otherwise be invested only in classes of securities or types of investments specified in paragraphs one through three of subsection (b) of section one thousand four hundred two of this chapter and paragraphs one through three of subsection (a) of section one thousand four hundred four of this chapter.

(b) Loss reserves. (1) The case basis method or such other method as may be prescribed by the superintendent shall be used to establish and maintain loss reserves, net of collateral, for claims reported and unpaid, in a manner consistent with section four thousand one hundred seventeen of this chapter. A deduction from loss reserves shall be allowed for the time value of money by application of a discount rate equal to the average rate of return on the admitted assets of the insurer as of the date of the computation of any such reserves. The discount rate shall be adjusted at the end of each calendar year.

(2) If the insured principal and interest on a defaulted issue of obligations due and payable during any three years following the date of default exceeds ten percent of the insurer's surplus to policyholders and contingency reserves, its reserve so established shall be supported by a report from an independent source acceptable to the superintendent.

(c) Unearned premium reserve. An unearned premium reserve shall be established and maintained net of reinsurance and collateral with respect to all financial guaranty premiums. Where financial guaranty insurance premiums are paid on an installment basis, an unearned premium reserve shall be established and maintained, net of reinsurance and collateral, computed on a daily or monthly pro rata basis. All other

financial guaranty insurance premiums written shall be earned in proportion with the expiration of exposure, or by such other method as may be prescribed by the superintendent.

§ 6904. Limitations. (a) Financial guaranty insurance may be transacted in this state only by a corporation licensed for such purpose pursuant to section six thousand nine hundred two of this article.

(b) Permissible guarantees. (1) The superintendent shall not permit the writing of financial guaranty insurance except as defined in subparagraph (A) of paragraph one of subsection (a) of section six thousand nine hundred one of this article, and a corporation may insure the timely payment of United States dollar debt instruments, or other monetary obligations, only in the following categories:

(A) municipal obligation bonds;

(B) special revenue bonds;

(C) industrial development bonds;

(D) obligations of corporations, trusts or other similar entities established under applicable law;

(E) partnership obligations;

(F) asset-backed securities, trust certificates and trust obligations other than mortgage-backed securities secured by first mortgages on real property which are insurable by a mortgage guaranty insurer authorized under paragraph twenty-three of subsection (a) of section one thousand one hundred thirteen of this chapter, unless:

(i) such mortgages with loan-to-value ratios in excess of eighty percent are:

(I) in the case of mortgages on property located in the state of New York, insured by mortgage guaranty insurers authorized under paragraph twenty-three of subsection (a) of section one thousand one hundred thirteen of this chapter;

(II) in the case of mortgages on property located in a state other than the state of New York, insured by mortgage guaranty insurers authorized to do business in such other state; or

(III) in an aggregate principal amount less than the single risk limits prescribed in paragraph five of subsection (d) of this section; or

(ii) additional mortgages with principal balances, other collateral with a market value, or (provided the insured risk is investment grade) excess spread in an amount, in each instance at least equal to the coverage that would otherwise be provided by such mortgage guaranty insurers in accordance with item (i) of this subparagraph are pledged as additional security for the asset-backed securities;

(G) installment purchase agreements executed as a condition of sale;

(H) consumer debt obligations;

(I) utility first mortgage obligations; and

(J) any other debt instrument or financial obligation that the superintendent determines to be substantially similar to any of the foregoing or shall otherwise be approved by the superintendent.

(2) An insurer may insure obligations enumerated in subparagraphs (A), (B), and (C) of paragraph one of this subsection that are not investment grade so long as at least ninety-five percent of the insurer's aggregate net liability on the kinds of obligations enumerated in subparagraphs (A), (B) and (C) of paragraph one of this subsection shall be investment grade.

(3) A corporation may insure the timely payment of monetary obligations in any category designated in this subsection notwithstanding that such obligation may be insured by a financial guaranty insurance policy issued by another insurer. In the event that any obligation is insured by more than one financial guaranty insurance policy, then each such insurance policy may by its terms specify its priority of payment in the event of a default under the obligation insured or any other insurance policy; provided that an insurer shall be entitled to take into account payment under another policy insuring such obligation for purposes of establishing and maintaining loss reserves only to the extent that the policy issued by such insurer provides for payment only in the event of payment default under both such obligation and the other policy.

(4) A corporation may also write financial guaranty insurance as defined in subparagraph (A) of paragraph one of subsection (a) of section six thousand nine hundred one of this article to insure the timely payment of non-United States dollar debt instruments or other monetary obligations denominated or payable in foreign currency, only for the categories listed in subparagraphs (A) through (J) of paragraph

one of this subsection, provided that:

(A) such currency is that of an Organisation for Economic Co-operation and Development country or such other country (i) whose sovereign rating is investment grade or (ii) as shall not otherwise be disapproved by the superintendent within thirty days following receipt of written notification. The superintendent shall not disapprove such notification upon demonstration that there is no undue risk associated with insuring the timely payment of such instruments or obligations. In making such a determination the superintendent shall take into consideration the corporation's outstanding liabilities on non-investment grade instruments and obligations in relation to its outstanding liabilities on all instruments and obligations and in relation to the amount of its surplus to policyholders;

(B) reserves required pursuant to section six thousand nine hundred three of this article in regard to such obligations shall be established and adjusted quarterly based upon the then current foreign exchange rates;

(C) such obligations shall not exceed twenty-five percent of an insurer's aggregate net liability; and

(D) the aggregate and single risk limitations prescribed by subsections (c) and (d) of this section shall be determined by applying the then current foreign exchange rates.

(c) Aggregate risk limits. The corporation must at all times maintain surplus to policyholders and contingency reserves in the aggregate no less than the sum of:

(1)(A) 0.3333 percent or 1/300th of the aggregate net liability under guaranties of municipal bonds including obligations demonstrated to the satisfaction of the superintendent to be the functional equivalent thereof and investment grade utility first mortgage obligations; plus

(B) 0.6666 percent or 1/150th of the aggregate net liability under guaranties of investment grade asset-backed securities; plus

(C) 1.0 percent or 1/100th of the aggregate net liability under guaranties, secured by collateral or having a term of seven years or less, of:

(i) investment grade industrial development bonds,

(ii) other investment grade obligations; plus

(D) 1.5 percent or 1/66.67th of the aggregate net liability under

guaranties of other investment grade obligations; plus

(E) 2.0 percent or 1/50th of the aggregate net liability under guaranties of:

(i) non-investment grade consumer debt obligations, and

(ii) non-investment grade asset-backed securities; plus

(F) 2.5 percent or 1/40th of the aggregate net liability under guaranties of non-investment grade obligations secured by first mortgages on commercial real estate and having loan-to-value ratios of eighty percent or less; plus

(G) 4.0 percent or 1/25th of the aggregate net liability under guaranties of other non-investment grade obligations; and

(H) if the amount of collateral required by subparagraph (C) of this paragraph is no longer maintained, that proportion of the obligation insured which is not so collateralized shall be subject to the aggregate limits specified in subparagraph (D) of this paragraph; and

(2) surplus to policyholders determined by the superintendent to be adequate to support the writing of residual value insurance, surety insurance and credit insurance, if the corporation has elected to transact such kinds of insurance pursuant to subsection (a) of section six thousand nine hundred two of this article.

(d) Single risk limits. A financial guaranty insurance corporation shall limit its exposure to loss on any one risk insured by policies providing financial guaranty insurance, net of collateral and reinsurance, as follows:

(1) for municipal obligation bonds, special revenue bonds, and obligations demonstrated to the satisfaction of the superintendent to be the functional equivalent thereof:

(A) the insured average annual debt service with respect to a single entity and backed by a single revenue source shall not exceed ten percent of the aggregate of the insurer's surplus to policyholders and contingency reserve; and

(B) the insured unpaid principal issued by a single entity and backed by a single revenue source shall not exceed the following percent of the aggregate of the insurer's surplus to policyholders and contingency reserve based on the highest sovereign rating, by a nationally recognized statistical rating organization acceptable to the superintendent, of the country of the applicable governmental unit:

(i) seventy-five percent: any rating in one of the top two generic lettered rating classifications;

(ii) fifty-nine percent: an A+, A1, or equivalent rating at the highest grade of the third generic lettered rating classification;

(iii) forty-three percent: an A, A2, or equivalent rating at the middle grade of the third generic lettered rating classification; and

(iv) twenty-six percent: an A-, A3, or equivalent rating at the lowest grade of the third generic lettered rating classification;

(2) for each issue of asset-backed securities issued by a single entity and for each pool of consumer debt obligations, the lesser of:

(A) insured average annual debt service; or

(B) insured unpaid principal (reduced by the extent to which the unpaid principal of the supporting assets and, provided the insured risk is investment grade, excess spread exceed the insured unpaid principal) divided by nine;

shall not exceed ten percent of the aggregate of the insurer's surplus to policyholders and contingency reserve, provided that no asset in the pool supporting the asset-backed securities exceeds the single risk limits prescribed in paragraph five of this subsection, if directly guaranteed; and provided further that, if the issuer of such insured asset-backed securities is a special purpose corporation, trust or other entity and such issuer shall have indebtedness outstanding with respect to any other pool of assets, either such other indebtedness shall be entitled to the benefits of a financial guaranty policy of the same insurer, or such other indebtedness shall: (i) be fully subordinated to the insured obligation, with respect to, or be non-recourse with respect to, the pool of assets that supports the insured obligation, (ii) be non-recourse to the issuer other than with respect to the asset pool securing such other indebtedness and proceeds in excess of the proceeds necessary to pay the insured obligation ("excess proceeds") and (iii) not constitute a claim against the issuer to the extent that the asset pool securing such other indebtedness or excess proceeds are insufficient to pay such other indebtedness;

(3) for obligations issued by a single entity and secured by commercial real estate, and not meeting the definition of asset-backed securities, the insured unpaid principal less fifty percent of the appraised value of the underlying real estate shall not exceed ten

percent of the aggregate of the insurer's surplus to policyholders and contingency reserve;

(4) for utility first mortgage obligations, the insured average annual debt service shall not exceed ten percent of the aggregate of the insurer's surplus to policyholders and contingency reserve; and

(5) for all other policies providing financial guaranty insurance with respect to obligations issued by a single entity and backed by a single revenue source, the insured unpaid principal shall not exceed ten percent of the aggregate of the insurer's surplus to policyholders and contingency reserve.

(e) Except as provided in subsection (f) of this section, if an insurer at any time exceeds any limitation prescribed by subsection (c) or (d) of this section or paragraph two of subsection (b) of this section, the insurer shall within thirty days after the limitations are breached, submit a written plan to the superintendent detailing the steps that it will take or has taken to reduce its exposure to loss to no more than the permitted amounts, and if after notice and hearing the superintendent determines that an insurer has exceeded any limitation prescribed by this section, he may order such insurer to cease transacting any new financial guaranty insurance business until its exposure to loss no longer exceeds said limitations or with respect to the limitations prescribed in paragraph two of subsection (b) of this section, may order such insurer to limit its writing of the types of guaranties permitted under subparagraphs (A), (B) and (C) of paragraph one of subsection (b) of this section to investment grade obligations until such time as it shall be in compliance with such limitations.

(f) An insurer shall not be deemed in violation of any limitation prescribed by subsection (d) of this section with respect to any financial guaranty insurance outstanding prior to the effective date of this article, if the insurer was in compliance with the applicable single risk limit in effect in this state at the time that the financial guaranty insurance policy was issued. If the insurer was not so in compliance, such financial guaranty insurance shall comply with the limitations prescribed by subsection (d) of this section no later than three years after the effective date of this article.

(g) No insurer authorized to transact the business of financial guaranty insurance shall pay any commission or make any gift of money,

property or other valuable thing to any employee, agent or representative of any potential purchaser of a financial guaranty insurance policy, as an inducement to the purchase of such a policy, and no such employee, agent or representative of such potential purchaser shall receive any such payment or gift. Violation of the provisions of this section shall not, however, have the effect of rendering void the insurance policy issued by the insurer.

§ 6905. Policy forms and rates. (a) Policy forms and any amendments thereto shall be filed with the superintendent within thirty days of their use by the insurer if not otherwise filed prior to the effective date of this article. Every such policy shall provide that, in the event of a payment default by or insolvency of the obligor, there shall be no acceleration of the payment required to be made under such policy unless such acceleration is at the sole option of the corporation; provided that (1) policies may insure amounts payable under a credit default swap or interest rate, currency or other swap upon a credit event or termination event if the expected amount payable on an accelerated basis in respect of any individual obligation referenced by a credit default swap or in the aggregate under an interest rate, currency or other swap does not exceed the single risk limits prescribed in paragraph five of subsection (d) of section six thousand nine hundred four of this article and (2) policies insuring credit default swaps referencing an obligation shall be treated as if the insurer had directly insured the referenced obligation for all other purposes of this article, except that the currency of amounts owed under the credit default swap, rather than the currency of the obligations referenced by the credit default swap, shall apply for purposes of determining whether the obligation is a permissible guaranty under subsection (b) of section six thousand nine hundred four of this article. The superintendent may prescribe minimum policy provisions determined by the superintendent to be necessary or appropriate to protect policyholders, claimants, obligees or indemnitees.

(b) Rates shall not be excessive, inadequate, unfairly discriminatory, destructive of competition, detrimental to the solvency of the insurer, or otherwise unreasonable. In determining whether rates comply with the

foregoing standards, the superintendent shall include all income earned by such insurer. Criteria and guidelines utilized by insurers in establishing rating categories and ranges of rates to be utilized shall be filed with the superintendent for information prior to their use by the insurer if not otherwise filed prior to the effective date of this article.

(c) All such filings shall be available for public inspection at the department of financial services.

§ 6906. Reinsurance. (a) For financial guaranty insurance that takes effect on or after the effective date of this article, an insurer authorized to transact financial guaranty insurance shall receive credit for reinsurance, in accordance with the provisions of this chapter applicable to property/casualty insurers, as an asset or as a reduction from liabilities provided that such reinsurance is subject to an agreement that, for its stated term and with respect to any such reinsured financial guaranty insurance in force, the reinsurance agreement (facultative or treaty) may only be terminated or amended (i) at the option of the reinsurer or the ceding insurer, if the reinsurance agreement provides that the liability of the reinsurer with respect to policies in effect at the date of termination shall continue until the expiration or cancellation of each such policy, or (ii) with the consent of the ceding company, if the reinsurance agreement provides for a cutoff of the reinsurance in force at the date of termination, or (iii) at the discretion of the superintendent acting as rehabilitator, liquidator or receiver of the ceding or assuming insurer; and provided that such reinsurance is:

(1) placed with a financial guaranty insurance corporation licensed under this article or an insurer writing only financial guaranty insurance as is or would be permitted by this article; or

(2) placed with a property/casualty insurer or an accredited reinsurer licensed or accredited to reinsure risks of every kind or description (including municipal obligation bonds), as set forth in subsection (c) of section four thousand one hundred two of this chapter, if the reinsurance agreement with such insurer requires that such insurer:

(A) have and maintain surplus to policyholders of at least thirty-five

million dollars;

(B) establish and maintain the reserves required in section six thousand nine hundred three of this article, except that if the reinsurance agreement is not pro rata the contribution to the contingency reserve shall be equal to fifty percent of the quarterly earned reinsurance premium. However, the assuming insurer need not establish and maintain such reserve to the extent that the ceding insurer has established and continues to maintain such reserve;

(C) comply with the provisions of subsection (c) of section six thousand nine hundred four of this article, except that the maximum total exposures reinsured net of retrocessions and collateral shall be one-half of that permitted for a financial guaranty insurance corporation;

(D) if a parent of the insurer, another subsidiary of the parent of the insurer, or a subsidiary of the insurer, then the aggregate of all risks assumed by such reinsurers shall not exceed ten percent of the insurer's exposures, net of retrocessions and collateral. Direct or indirect ownership interests of fifty percent or more shall be deemed a parent/subsidiary relationship;

(E) if an affiliate of the insurer, such affiliate shall not assume a percentage of the insurer's total exposures insured net of retrocessions and collateral in excess of its percentage of equity interest in the insurer; and

(F) assumes from the financial guaranty insurer and any affiliate, parent of the insurer, another subsidiary of the parent of the insurer, or subsidiary of the insurer that is a financial guaranty insurance corporation or an insurer writing only financial guaranty insurance as is or would be permitted by this article and such other kinds of insurance that a financial guaranty insurance corporation may write in this state, together with all other reinsurers subject to this paragraph, less than fifty percent of the total exposures insured by the financial guaranty insurer and such affiliates, parents or subsidiaries of the insurer, net of collateral, remaining after deducting any reinsurance placed with another financial guaranty insurance corporation that is not an affiliate, a parent of the financial guaranty insurer, another subsidiary of the parent of the insurer, or a subsidiary of the insurer or a financial guaranty insurer writing only financial guaranty

insurance as is or would be permitted by this article that is not an affiliate, a parent of the financial guaranty insurer, another subsidiary of the parent of the insurer, or a subsidiary of the insurer; or

(3) if placed with an unauthorized or unaccredited reinsurer which otherwise meets the requirements of either the opening paragraph of this subsection and paragraph one of this subsection, or the opening paragraph of this subsection and subparagraphs (A), (D), (E) and (F) of paragraph two of this subsection, in an amount not exceeding the liabilities carried by the ceding insurer for amounts withheld under a reinsurance treaty with such reinsurer or amounts deposited by such reinsurer as security for the payment of obligations under the treaty if such funds or deposit are held subject to withdrawal by, and under the control of, the ceding insurer.

(b) In determining whether the insurer meets the aggregate risk limitations, in addition to credit for other types of qualifying reinsurance, the insurer's aggregate risk may be reduced to the extent of the limit for aggregate excess reinsurance, but in no event in an amount greater than the amount of the aggregate risks which will become due during the unexpired term of such reinsurance agreement in excess of the insurer's retention pursuant to such reinsurance agreement.

§ 6907. Transition provisions. A licensed insurer writing financial guaranty insurance prior to the effective date of this article, but which is not authorized to write financial guaranty insurance in this state, shall be subject to all the provisions of this article, except section six thousand nine hundred two of this article, and:

(a) may, unless the superintendent determines after notice and an opportunity to be heard that such activity poses a hazard to the insurer, its policyholders or to the public, continue to write financial guaranties (except guaranties of municipal bonds) of the types authorized by subsection (b) of section six thousand nine hundred four of this article applicable to financial guaranty insurance corporations, subject to the following conditions:

(1) For a transition period not to exceed sixty months from the effective date of this article, if the insurer has and maintains surplus

to policyholders of at least seventy-five million dollars (for the purpose of this paragraph, if the insurer is a foreign insurer, its surplus to policyholders shall be computed as if it were a domestic insurer); provided that:

(A) during the sixty month transition period, the amount of surplus to policyholders needed to meet the single and aggregate risk limitations imposed by this article must be less than four percent of the insurer's surplus to policyholders;

(B) within nine months of the effective date of this article, the insurer shall file a reasonable plan of operation, acceptable to the superintendent, which shall contain:

(i) a reasonable timetable and appropriate procedures to implement that timetable to make a determination as to whether or not the insurer will make application to organize a financial guaranty insurance corporation during the aforesaid sixty month period;

(ii) the types and projected diversification of guaranties that will be issued during the transition period;

(iii) the underwriting procedures that will be followed;

(iv) oversight methods;

(v) investment policies; and

(vi) such other matters as may be prescribed by the superintendent. The plan of operation shall be deemed acceptable unless, within sixty days of its filing, the superintendent notifies the insurer of any specific objections to such plan. The plan shall be updated in the event of a material change with respect to the foregoing and at least annually;

(C) if the insurer has determined that it will not organize a financial guaranty insurance corporation, within thirty days after that determination it shall notify the superintendent, cease writing policies of financial guaranty insurance and comply with the provisions of paragraph four of this subsection; and

(D) the insurer shall file such additional statements or reports as may be required by the superintendent.

(2) For a transition period not to exceed ninety-six months from the effective date of this article, if the insurer has and maintains surplus to policyholders of at least one hundred fifty million dollars (for the purpose of this section, surplus to policyholders means the aggregate

surplus to policyholders of said insurer and other member companies of an inter-company pool, and if the insurer is a foreign insurer its surplus to policyholders shall be computed as if it were a domestic insurer) and the aggregate financial guaranty written premium of said insurer and other member companies of an inter-company pool shall have been at least one million dollars in any one of the five years ending December thirty-first, nineteen hundred eighty-eight, provided that:

(A) during the first sixty months of the transition period, the amount of surplus to policyholders needed to meet the aggregate risk limitations imposed by this article must be less than four percent of the insurer's surplus to policyholders. After such sixty month period, provided the insurer complies with subparagraph (D) of this paragraph, the amount of surplus to policyholders needed to meet such aggregate risk limitations must be less than five percent of the insurer's surplus to policyholders for the succeeding twelve month period and less than six percent for the next succeeding twenty-four month period;

(B) during the transition period, the amount of surplus to policyholders needed to meet the single risk limitations imposed by paragraphs two through five of subsection (d) of section six thousand nine hundred four of this article must be less than twenty percent of the insurer's surplus to policyholders, except that the single risk limitation with respect to investment grade obligations under such paragraph five shall be the lesser of eighty million dollars or seven percent of the insurer's surplus to policyholders;

(C) during the transition period, notwithstanding the last sentence of paragraph one of subsection (b) of section six thousand nine hundred four, industrial development bonds shall not be included in the investment grade requirements set forth in such sentence.

(D) during the transition period, reinsurance in the form of intercompany pooling agreements, shall not be subject to subparagraphs (C), (D), (E) and (F) of paragraph two of subsection (a) of section six thousand nine hundred six of this article, if such intercompany pooling agreements were in effect on January first, nineteen hundred eighty-nine, and reinsurance placed with insurers which are subject to the provisions of paragraph two of subsection (a) of section six thousand nine hundred six and are not members of the ceding company's intercompany pooling agreement may not exceed sixty percent of the total

exposures insured net of collateral remaining after deducting any reinsurance placed with another financial guaranty insurance corporation or an insurer writing only financial guaranty insurance as is or would be permitted by this article;

(E) within sixty months of the effective date of this article, the insurer shall file a reasonable plan of operation, acceptable to the superintendent, which shall contain:

(i) a reasonable timetable and appropriate procedures to implement that timetable to make a determination as to whether or not the insurer will make application to organize a financial guaranty insurance corporation during the aforesaid ninety-six month period;

(ii) the types and projected diversification of guaranties that will be issued during the transition period;

(iii) the underwriting procedures that will be followed;

(iv) oversight methods;

(v) investment policies; and

(vi) such other matters as may be prescribed by the superintendent. The plan of operation shall be deemed acceptable unless, within sixty days of its filing, the superintendent notifies the insurer of any specific objections to such plan. The plan shall be updated in the event of a material change with respect to the foregoing and at least annually;

(F) if the insurer has determined that it will not organize a financial guaranty insurance corporation, within thirty days after that determination it shall notify the superintendent, cease writing policies of financial guaranty insurance and comply with the provisions of paragraph four of this subsection; and

(G) the insurer shall file such additional statements or reports as may be required by the superintendent.

(3) For a transition period not to exceed twelve months from the effective date of this article, in the case of an insurer transacting only financial guaranty insurance prior to the effective date of this article and which qualifies for licensing as a financial guaranty insurance corporation under section six thousand nine hundred two of this article, provided that it makes application to amend its current license to that of a financial guaranty insurance corporation licensed to transact only those kinds of insurance permitted pursuant to section

six thousand nine hundred two of this article within sixty days of the effective date of this article, and provided that, for purposes of this paragraph, an insurer shall be deemed to be transacting only financial guaranty insurance prior to the effective date of this article if, with the approval of the superintendent, it has reinsured all of any other insurance liabilities with one or more authorized insurers or has otherwise made provision for such liabilities.

(4) For a transition period not to exceed nine months, in the case of an insurer that does not qualify under either paragraph one, two or three of this subsection or does not file a plan of operation pursuant to paragraph one or two of this subsection, such insurer shall cease writing any new financial guaranty insurance business and may:

(A) reinsure its net in force business with a licensed financial guaranty insurance corporation; or

(B) subject to the prior approval of its domiciliary commissioner, reinsure all or part of its net in force business in accordance with the requirements of paragraph two of subsection (a) of section six thousand nine hundred six of this article, except that subparagraphs (D), (E) and (F) of paragraph two of such subsection shall not be applicable. The assuming insurer shall maintain reserves of such reinsured business in the manner applicable to the ceding insurer under this paragraph; or

(C) thereafter continue the risks then in force and, with thirty days prior written notice to its domiciliary commissioner, issue new financial guaranty policies, provided that the issuing of such policies is reasonably prudent to mitigate either the amount of or possibility of loss in connection with business transacted prior to the effective date of this article. Provided, however, an insurer must receive the prior approval of its domiciliary commissioner before issuing any new financial guaranty insurance policies that would have the effect of increasing its risk of loss;

(b) shall, for all guaranties in force prior to the effective date of this article, including those which fall under the definition of financial guaranty insurance contained in subsection (a) of section six thousand nine hundred one of this article, be subject to the reserve requirements applicable for municipal bond guaranties in effect prior to the effective date of this article. To the extent that the insurer's contingency reserves maintained as of the effective date of this article

are less than those required for municipal bond guaranties, the insurer shall have three years to bring its reserves into compliance, except that a part of the reserve may be released proportional to the reduction in aggregate net liability resulting from reinsurance, provided that the reinsurer shall, on the effective date of the reinsurance, establish a reserve in an amount equal to the amount released and, in addition, a part of the reserve may be released with the approval of the superintendent upon demonstration that the amount carried is excessive in relation to the corporation's outstanding obligations; and

(c) shall be subject to the reserve requirements specified in section six thousand nine hundred three of this article for all policies of financial guaranty insurance issued on or after the effective date of this article.

§ 6908. Applicability of other laws. An insurer issuing policies of financial guaranty insurance shall be subject to all of the provisions of this chapter applicable to property/casualty insurers to the extent that such provisions are not inconsistent with the provisions of this article.

§ 6909. Relationship to security fund. No insurer or agent of an insurer may deliver a policy of financial guaranty insurance unless such policy and any prospectus delivered on or after the effective date of this article with respect to the insured obligations clearly discloses that the policy is not covered by the property/casualty insurance security fund specified in article seventy-six of this chapter.

ARTICLE 70

CAPTIVE INSURANCE COMPANIES

Section 7001. Purpose and applicability.
7002. Definitions.
7003. License; power; filing; fees.
7004. Required capital and surplus as regards policyholders.
7005. Organization and corporate procedure.

7006. Annual report.
7007. Examinations.
7008. Suspension or revocation of license.
7009. Investments.
7010. Reinsurance.
7011. Exemption from compulsory associations.
7012. Franchise taxes.

§ 7001. Purpose and applicability. (a) The purpose of this article is to facilitate the formation and operation of captive insurance companies within the state of New York.

(b) In addition to the provisions of this article and this chapter specifically referred to in this article, the following provisions of this chapter shall apply to captive insurance companies:

(1) article one of this chapter, pertaining to general provisions;

(2) sections three hundred one, three hundred six, three hundred eight, three hundred ten, three hundred eleven, three hundred twelve and three hundred twenty-nine of this chapter and sections two hundred six, three hundred three, three hundred four, three hundred five, three hundred six, three hundred eight, and three hundred nine of the financial services law, pertaining to certain administrative and procedural provisions; and

(3) article seventy-four of this chapter, pertaining to rehabilitation, liquidation, conservation and dissolution of insurers.

§ 7002. Definitions. In this article: (a) "Affiliated companies" means companies in the same corporate system as an industrial insured by virtue of common ownership, control, operation, or management. Such term shall also include any statutory subsidiary, affiliate, contractor, subcontractor and consultant of any tier of a city with a population of one million or more for liability related to or arising out of activities in or near the World Trade Center site in response to the attacks of September eleventh, two thousand one.

(b) "Captive insurance business" means the business authorized pursuant to subsection (a) of section seven thousand three of this

article.

(c) "Captive insurance company" means any pure captive insurance company or any group captive insurance company licensed to do a captive insurance business under the provisions of this article.

(d) "Captive manager" means any person or firm contracted by a captive insurance company to manage its affairs.

(e) "Industrial insured" means an insured:

(1) whose net worth exceeds one hundred million dollars;

(2) who is a member of a holding company system whose net worth exceeds one hundred million dollars;

(3) who is the metropolitan transportation authority and its statutory subsidiaries. When filing an application to form a pure captive insurance company the metropolitan transportation authority shall submit written notice of such filing to the governor, the temporary president of the senate and the speaker of the assembly;

(4) who is the power authority of the state of New York and any statutory subsidiary thereof. When filing an application to form a pure captive insurance company the power authority shall submit written notice of such filing to the governor, the temporary president of the senate and the speaker of the assembly;

(5) who is the New York convention center operating corporation, or any statutory subsidiary thereof formed pursuant to section twenty-five hundred sixty-four of the public authorities law. When filing an application to form a pure captive insurance company, the corporation shall submit written notice of such filing to the governor, the temporary president of the senate and the speaker of the assembly; or

(6) who is a city with a population of one million or more. When filing an application to form a pure captive insurance company, a city with a population of one million or more shall submit written notice of such filing to the governor, the temporary president of the senate and the speaker of the assembly.

(f) "Group captive insurance company" means any domestic insurance company licensed under the provisions of this article for the primary purpose of providing insurance or reinsurance covering the risks of the industrial insureds that comprise the industrial insured group.

(g) "Industrial insured group" means any group of unaffiliated industrial insureds that are engaged in similar or related businesses or

activities, however, the metropolitan transportation authority, the power authority of the state of New York, the New York convention center operating corporation and any statutory subsidiary thereof and cities with a population of one million or more shall not be a member of an industrial insured group, and that collectively:

(1) own, control or hold with power to vote all of the outstanding voting shares of stock of a group captive insurance company incorporated as a stock insurer; or

(2) represent one hundred percent of the voting members of a group captive insurance company organized as a mutual insurer.

(h) "Pure captive insurance company" means any company that:

(1) is a subsidiary of an industrial insured which is one hundred percent owned by or is a statutory subsidiary of the industrial insured; and

(2) is licensed under the provisions of this article for the primary purpose of providing insurance or reinsurance covering the risks of its parent and affiliated companies.

§ 7003. License; power; filing; fees. (a) Any captive insurance company, when permitted by its articles of association or charter, shall apply to the superintendent for a license to do a captive insurance business under this article. A captive insurance business consists of the kinds of insurance set forth in section one thousand one hundred thirteen and section one thousand one hundred fourteen of this chapter, provided that:

(1) a pure captive insurance company shall insure, on a primary basis, only risks of its parent and affiliated companies;

(2) a group captive insurance company shall insure, on a primary basis, only risks of the industrial insureds that comprise the industrial insured group;

(3) a pure captive insurance company or a group captive insurance company shall not be authorized to provide, on a primary basis or as reinsurance, the kinds of insurance specified in paragraphs one, two, three, eighteen, twenty-three and twenty-five of subsection (a) of section one thousand one hundred thirteen of this chapter;

(4) a pure captive insurance company or a group captive insurance

company shall not be authorized to provide, on a primary basis:

(A) workers' compensation and employers' liability insurance; or

(B) any other kind of insurance, including motor vehicle liability insurance, that is required, under the laws of this state or any political subdivision of this state, as a demonstration of financial responsibility for obtaining a license or permit to undertake specific activities when such requirement must be satisfied by obtaining insurance coverage from an insurer authorized in this state, up to the minimum amount of insurance so required under such laws; and

(C) except that subparagraphs (A) and (B) of this paragraph shall not prohibit a pure captive insurance company from providing primary indemnity coverage to its parent and affiliated companies for any insurance or self-insurance program specified in such subparagraphs (A) or (B), provided the insurance or self-insurance program has qualified under the applicable state or federal law requiring the program; and

(5) a pure captive insurance company or a group captive insurance company shall reinsure only risks as set forth in section seven thousand ten of this article.

Notwithstanding any inconsistent provisions of paragraphs one through five of this subsection, a pure captive insurance company formed by a city with a population of one million or more may insure or provide reinsurance for its parent, statutory subsidiaries and affiliated companies only for liability related to or arising out of activities in or near the World Trade Center site in response to the attacks of September eleventh, two thousand one.

(b) No captive insurance company shall do any captive insurance business in this state unless:

(1) it first obtains from the superintendent a license authorizing it to do captive insurance business in this state;

(2) its board of directors holds at least one meeting each year in this state;

(3) it maintains its principal office and its records in this state;

(4) it utilizes a captive manager resident in this state who is:

(A) licensed as an agent or a broker under the provisions of article twenty-one of this chapter; or

(B) any other person approved by the superintendent provided that the

approval may be withdrawn by the superintendent, upon notice and hearing, if the person has:

(i) been guilty of fraudulent or dishonest practices; or

(ii) demonstrated incompetency or untrustworthiness to act in such a capacity; and

(5) it submits a power of attorney, in accordance with the provisions of section one thousand two hundred twelve of this chapter, designating the superintendent as its agent for the purpose of receiving service of process in any proceeding against it.

(c)(1) Before receiving a license to do a captive insurance business, a captive insurance company shall file an application for license with the superintendent for review and approval. Such application shall include a certified copy of its charter and bylaws, a financial statement certified by two principal officers, a plan of operation, which shall include an actuarial report prepared by a qualified independent actuary, and any other statements or documents required by the superintendent.

(2) In evaluating the plan of operation, the superintendent shall consider the following factors:

(A) the amount and liquidity of its assets relative to the risks to be assumed;

(B) the adequacy of the expertise, experience, and character of the person or persons who will manage it;

(C) the overall soundness of the plan and the projections contained therein;

(D) the adequacy of the loss prevention programs of its parent, member organizations, or industrial insureds as applicable; and

(E) such other factors deemed relevant by the superintendent in ascertaining whether the proposed captive insurance company will be able to meet its policy obligations.

(3) Any material filed with the superintendent pursuant to this subsection shall be given confidential treatment and shall not be subject to public inspection under article six of the public officers law, or to discovery under article thirty-one of the civil practice law and rules, except to the extent the superintendent finds release of information necessary to protect the public or necessary to initiate any proceeding or action as provided by this article or except where a court

of competent jurisdiction in an action involving a private litigant and a captive insurer finds that discovery of same should be allowed upon a showing that such information is essential to the establishment of the claim or defense brought or asserted and the party seeking discovery has demonstrated to the satisfaction of the court that such party is unable to otherwise obtain the substantial equivalent of the material.

(4) In order to provide for the review of the application submitted pursuant to this subsection in a timely manner, the superintendent may engage such other qualified persons and services as may be necessary. Prior to retaining any such persons and services, the superintendent shall notify the applicant and provide an estimate of the cost of such services. The superintendent shall recover such costs in the manner prescribed in subsection (f) of section two hundred six of the financial services law.

(5) In the case of a pure captive insurance company formed by a city with a population of one million or more to insure such city and its affiliated companies for liability related to or arising out of activities in or near the World Trade Center site in response to the attacks of September eleventh, two thousand one, the superintendent, in addition to the provisions set forth in paragraph two of this subsection, shall consider such factors as the unique risk insured by such captive and the source and limits of the premium payments along with any limitations on the acceptance of claims and the payment of accepted claims so long as such limitations provide an equitable basis for the allocation of the assets of such company to pay claims.

(d) Any proposed amendments or revisions to the charter and bylaws of a captive insurance company shall be filed with the superintendent for review and approval.

(e) If the superintendent is satisfied that the documents and statements filed by the captive insurance company comply with the provisions of this article, a license authorizing it to do a captive insurance business in this state shall be issued for a term expiring on June thirtieth. Thereafter, the superintendent may issue a renewal license for successive one year terms expiring on June thirtieth.

§ 7004. Required capital and surplus as regards policyholders. (a)

No pure captive insurance company or group captive insurance company shall be issued a license unless it shall possess and thereafter maintain unimpaired paid-in capital and surplus as regards policyholders of:

(1) in the case of a pure captive insurance company incorporated as a stock insurer, not less than two hundred fifty thousand dollars of total surplus as regards policyholders, of which one hundred thousand dollars shall represent paid-in capital;

(2) in the case of a pure captive insurance company incorporated as a mutual insurer, not less than two hundred fifty thousand dollars of total surplus as regards to policyholders;

(3) in the case of a group captive insurance company incorporated as a stock insurer, not less than five hundred thousand dollars of total surplus as regards policyholders, of which two hundred thousand dollars shall represent paid-in capital; and

(4) in the case of a group captive insurance company incorporated as a mutual insurer, not less than five hundred thousand dollars of total surplus as regards policyholders.

(b) The minimum capital and surplus to policyholders required in subsection (a) of this section shall be in the form of:

(1) cash;

(2) minimum capital or surplus to policyholders investments of the type specified in paragraphs one and two of subsection (b) of section one thousand four hundred two of this chapter; or

(3) an irrevocable letter of credit, in a form approved by the superintendent, naming the superintendent as beneficiary for the security of the captive insurance company's policyholders and issued by a bank acceptable to the superintendent.

(c) The superintendent may prescribe additional capital and surplus to policyholders based upon the type, volume and nature of insurance business transacted. Any additional capital and surplus to policyholders so required shall be in the form as set forth in subsection (b) of this section.

§ 7005. Organization and corporate procedure. (a) A pure captive insurance company may be incorporated (1) as a stock insurer with its

capital divided into shares and held by the stockholders; or (2) as a mutual insurer without capital stock, the governing body of which is appointed by the parent industrial insured; or (3) in the case of a public benefit corporation, public authority or other public entity, as the applicable state law may require. In the case of a city with a population of one million or more, a pure captive insurance company also may be formed as a public benefit corporation or not-for-profit corporation at the discretion of the mayor of such city, for the purpose of providing insurance that is retroactive to September eleventh, two thousand one, for risks incurred by such city and its affiliated companies related to or arising out of activities in or near the World Trade Center site in response to the attacks of September eleventh, two thousand one. Such pure captive insurance company formed by a city with a population of one million or more shall be exempt from all state and local taxes. The members or directors, as the case may be, of such pure captive insurance company shall be appointed by the mayor of such city or by such other city official as the mayor may designate. Neither the mayor of such city, nor any of the captive's members, directors, officers, employees or agents appointed by or with the approval of such city, nor any officials, officers, employees or agents of the city, while acting within the scope of their authority, shall be subject to any personal liability resulting from the exercise or carrying out of any of the city's or captive's purposes or powers under this article.

(b) A group captive insurance company may be incorporated:

(1) as a stock insurer with its capital divided into shares and held by the stockholders, or

(2) as a mutual insurer without capital stock, the governing body of which is elected by the member organizations of the industrial insured group.

(c) The proposed incorporators shall submit to the superintendent the company's proposed charter, which shall contain:

(1) the corporation's name, which shall not be the same as, deceptively similar to, or likely to be confused with or mistaken for any other existing business name registered in this state;

(2) the kind of insurance business to be transacted;

(3) the place where the principal office is to be located;

(4) the number of directors;

(5) the amount of its capital, if a stock corporation; and

(6) any other particulars necessary to explain the corporation's objectives, management and control.

(d) The charter and any organization fee shall be transmitted to the attorney general, who shall record the charter.

(e) The recorded charter shall be filed in the superintendent's office and a certified copy shall be issued to the incorporators.

(f) The capital stock of a captive insurance company incorporated as a stock insurer shall be issued at not less than par value.

(g) The board of directors of a captive insurance company incorporated in this state shall have at least three members, with at least two of the members required to be residents of this state.

(h) The provisions of article seventy-one of this chapter shall apply in determining the procedures to be followed by captive insurance companies in carrying out any of the transactions described therein, except the superintendent may waive or modify the requirements in accordance with rules or regulations which the superintendent shall adopt addressing such categories of transactions.

(i) The articles of incorporation or bylaws of a captive insurance company shall authorize a quorum of a board of directors to consist of no fewer than one-third of the fixed number of directors.

§ 7006. Annual report. Every captive insurance company licensed to do a captive insurance business in this state shall file with the superintendent:

(a) annually on or before March first, a statement of its financial condition and any amendment to the plan of operation at last year-end, verified by the oath of at least two of its executive officers. The statement shall be in the form prescribed by the superintendent; and

(b) annually on or before July first, a report of its financial condition at last year-end with an opinion of an independent certified public accountant; and

(c) annually on or before July first, evidence in a form prescribed by the superintendent, that the industrial insured or member of the industrial insured group owning the captive insurance company continues to meet the financial standards set forth in subsection (e) of section

seven thousand two of this article.

§ 7007. Examinations. The superintendent may make an examination into the affairs of any captive insurance company licensed to do a captive insurance business in this state whenever it is deemed necessary for the protection of the interests of the people of this state but the superintendent shall conduct at least one examination every five years. Such examinations shall be conducted in accordance with the provisions of sections three hundred ten, three hundred eleven, three hundred twelve of this chapter and subsection (f) of section two hundred six of the financial services law.

§ 7008. Suspension or revocation of license. (a) The license of a captive insurance company to do a captive insurance business in this state may be suspended or revoked by the superintendent for any of the following reasons:

(1) insolvency or impairment of required capital or surplus to policyholders;

(2) refusal or failure to submit an annual report, as required by section seven thousand six of this article, or any other report or statement required by law or by lawful order of the superintendent;

(3) failure to comply with the provisions of its own charter or bylaws;

(4) failure to submit to examination or any legal obligation relative thereto, as required by section seven thousand seven of this article;

(5) refusal or failure to pay the cost of examination as required by section seven thousand seven of this article;

(6) refusal or failure to pay the taxes as required by section seven thousand twelve of this article and section fifteen hundred two-b of the tax law;

(7) removal of home office or records from this state;

(8) use of practices that, although not otherwise specifically prohibited by law, nevertheless render its operation detrimental or its condition unsound with respect to the public or to its policyholders; or

(9) failure to otherwise comply with laws of this state.

(b) If the superintendent finds, upon examination, hearing, or other investigation, that any captive insurance company has committed any of the acts specified in subsection (a) of this section, the license to do a captive business may be suspended or revoked. In addition, the license to do a captive business may be suspended or revoked if it is deemed to be in the best interests of the public and the policyholders of such captive insurance company, notwithstanding any other provision of this article.

§ 7009. Investments. (a) No captive insurance company shall be subject to any restrictions on allowable investments, except as set forth in subsections (b) and (c) of this section.

(b) A group captive insurance company shall not make loans to the industrial insureds that comprise its industrial insured group. A pure captive insurance company may make loans to its parent company or affiliates with the prior approval of the superintendent. Such loan must be evidenced by a note in a form approved by the superintendent. Loans of minimum capital and surplus funds required by section seven thousand four of this article are prohibited.

(c) The superintendent may prohibit or limit any investment that threatens the solvency or liquidity of any captive insurance company.

§ 7010. Reinsurance. (a) Any captive insurance company may assume reinsurance on risks ceded by any other insurer when the risks ceded under the reinsurance agreement are solely those of the industrial insured or members of industrial insured group owning the captive insurance company.

(b) With the approval of the superintendent, any captive insurance company may assume risks of any other insurer, provided the reinsurance premiums assumed do not exceed fifty percent of the assuming captive insurance company's gross premiums written in any calendar year.

(c) Any captive insurance company may take credit for reserves on risks or portions of risks ceded to reinsurers complying with the provisions of paragraph nine of subsection (a) of section one thousand three hundred one and section one thousand three hundred eight of this

chapter. Prior approval of the superintendent shall be required for ceding or taking credit for reserves on risks or portions of risks ceded to reinsurers not complying with these sections.

§ 7011. Exemption from compulsory associations. No captive insurance company shall be permitted to join or contribute financially to any plan, pool, association, or guaranty or insolvency fund in this state, nor shall any captive insurance company, or its insured, or its parent or any affiliated company, or any member organization of its association, receive any benefit from any such plan, pool, association, or guaranty or insolvency fund for claims arising out of the operations of such captive insurance company.

§ 7012. Franchise taxes. Captive insurance companies licensed to do a captive insurance business shall be liable for the payment of franchise taxes in accordance with section fifteen hundred two-b of the tax law.

ARTICLE 71
MERGER, CONSOLIDATION, REDOMESTICATION, ACQUISITION OF ASSETS AND ACQUISITION OF CERTAIN SHARES OF INSURERS

Section 7101. Definitions.
7102. Merger, consolidation and acquisition of assets; when permitted.
7103. Content of merger or consolidation agreement, and of charter of surviving or consolidated company.
7104. Company approval of merger or consolidation agreement.
7105. Approval by superintendent.
7106. Merger or consolidation between domestic and foreign companies; certificate of approval.
7107. Expedited approval; mutual property/casualty insurance companies.
7108. Filing of agreement of merger or consolidation.
7109. Limitation on enlargement of powers.

7110. Fees; certification; prohibitions; penalty.
7111. Proof of proceedings of meeting and action of company.
7112. Vesting of property in surviving or consolidated company; assumption of liabilities.
7113. Transfer of deposits to surviving or consolidated company.
7114. Pending actions.
7115. Shareholders' liability.
7116. Liability of members of assessment company to continue.
7117. Return of shares of constituent company.
7118. Plan for acquisition of minority interests in a subsidiary insurer.
7119. Appraisal of shares of dissenting shareholder on merger or consolidation of domestic company or on acquisition of minority interests in a subsidiary insurer.
7120. Redomestication of foreign insurance companies.
7121. Effects upon guaranty corporations of certain events.

§ 7101. Definitions. In this article:

(a) "Merger" means the merger of two or more companies in a single company which is one of the constituent companies.

(b) "Consolidation" means the consolidation of two or more companies into a single new company.

(c) "Constituent company" means an existing company that is participating in the merger or consolidation with one or more other companies.

(d) "Surviving company" means the constituent company into which one or more other constituent companies are merged.

(e) "Consolidated company" means the new company into which two or more constituent companies are consolidated.

(f) "Company" means an insurance company.

(g) "Acquisition of assets" and "acquire the assets of", means the acquisition through the purchase or otherwise of all or substantially all of the assets of a domestic company or of any company by a domestic company.

§ 7102. Merger, consolidation and acquisition of assets; when permitted. (a) Upon complying with this article and subject to section seven thousand one hundred nine of this article, any domestic company is hereby authorized and empowered to:

(1) consolidate, merge with or acquire the assets of any other domestic company, and

(2) consolidate or merge with any foreign company which is authorized to do an insurance business in this state or acquire the assets of any foreign company if such merger, consolidation or acquisition of assets is authorized by the laws of the state in which such foreign company is organized.

(b) A stock company may merge or consolidate with another stock company or a reciprocal insurer, but shall not merge or consolidate with a mutual company; provided, however, a domestic mutual life insurance company may merge with a wholly-owned subsidiary stock life insurance company of the said domestic mutual life insurance company in circumstances in which the said domestic mutual life insurance company shall be the surviving company. A reciprocal insurer may merge with a stock company.

(c) A proposed consolidation shall not be approved unless the consolidated company has the capital, surplus, or surplus to policyholders which a similar company would be required to maintain if initially licensed to write the same kinds of insurance on the date of the consolidation.

§ 7103. Content of merger or consolidation agreement, and of charter of surviving or consolidated company. (a) Any agreement for merger or consolidation shall contain the proposed charter of the surviving or consolidated company and such other particulars as may be necessary to explain and make manifest the objects and purposes of the surviving or consolidated company and the manner in which it is to be conducted. Such company may be given the name of one or more of the constituent companies, which name shall, however, comply with subsection (g) of section one thousand one hundred two of this chapter. The approval of such agreement by the superintendent shall constitute an approval of such proposed charter.

(b) The proposed charter shall conform to all requirements of paragraph five of subsection (a) of section one thousand two hundred one of this chapter.

(c) If the surviving or consolidated company shall be a stock company, its charter shall provide that its capital shall be no larger than the sum of the capital of the constituent companies.

§ 7104. Company approval of merger or consolidation agreement. (a) When any domestic company shall propose to enter into an agreement of merger or consolidation, the board of directors, trustees or other governing body shall, except as provided by section seven thousand one hundred seven of this article, submit the question of such agreement to the shareholders or members as the case may be at a meeting thereof, by causing a copy of such proposed agreement or a summary thereof approved by the superintendent, together with notice, stating the time, place and purpose of such meeting, to be delivered personally, or deposited in the post office, postage prepaid at least thirty days, unless a shorter time not less than ten days, be approved by the superintendent, prior to the time fixed for such meeting, addressed to each shareholder or member, as the case may be, at his address of record. However, a domestic mutual company may give notice by publication in a newspaper of general circulation in the county in which the company has its principal office and in either of the two largest cities in each state in which the company shall be licensed to do business, provided, however, that a full, true and correct copy of such proposed agreement, or a summary thereof approved by the superintendent, shall be included in such notice.

(b) At any such meeting, the shareholders or members may vote in person or by proxy, each shareholder to be entitled to one vote for each share held by him and each member shall be entitled to such number of votes as may be provided for in the by-laws of the company; and votes representing two-thirds of all the shares in the case of purely stock companies, or votes representing two-thirds of all the shares, if any, and votes representing two-thirds of all the votes cast by members represented at the meeting in person or by proxy in the case of other companies, shall be necessary for the adoption of such proposed

agreement.

(c) In effecting a merger of a reciprocal insurer with a stock company subscribers of reciprocals shall be deemed shareholders in proportion to their respective interests in the reciprocal insurer's surplus to policyholders.

(d) Notwithstanding any other law, in circumstances in which a domestic mutual life insurance company is merging with a wholly-owned subsidiary stock life insurance company as provided in subsection (b) of section seven thousand one hundred two of this article, in lieu of the provisions set forth in subsection (a) of this section, the directors or trustees of such domestic mutual life insurance company and such wholly-owned subsidiary stock life insurance company may authorize the officers of such companies to adopt a merger agreement between them by a majority vote of their respective boards at meetings held not less than thirty days after notice of the proposed agreement has been given to such directors or trustees.

§ 7105. Approval by superintendent. (a) Upon the adoption of an agreement of merger or consolidation, or an agreement for the acquisition of assets, the proposed agreement shall be executed by the president and attested by the secretary, or officers corresponding to either of them, under the corporate seal of each of the constituent or contracting companies. A certified copy of such agreement, together with a certificate of its adoption as provided for herein, subscribed by such officers and affirmed by them as true under the penalties of perjury and under the seal of their respective companies, shall be submitted to the superintendent for his approval. The superintendent shall thereupon consider such agreement, and if satisfied that it complies with this article, is fair and equitable, does not tend to substantially lessen competition in any line of insurance or tend to create a monopoly therein, and is not inconsistent with law, he shall approve such agreement. If the superintendent shall refuse to approve such agreement, notification of such refusal, assigning the reasons therefor, shall within thirty days from the date of submission to him of such agreement be given in writing by the superintendent to each of the constituent or contracting companies. No agreement shall take effect unless the

approval of the superintendent has been obtained.

(b) In the event any domestic life insurance company submits to the superintendent for his approval an agreement of merger or consolidation pursuant to this section, the superintendent may extend the five year interval for examination prescribed by section three hundred nine of this chapter for an additional one year interval.

§ 7106. Merger or consolidation between domestic and foreign companies; certificate of approval. (a) In case of a merger or consolidation between a domestic and a foreign company, the agreement of merger or consolidation shall be executed by the proper officers of said foreign company when they are duly authorized thereto by such action on the part of the directors, shareholders or members of said foreign company as may be required by the laws of the state where the same is incorporated; and if required by such laws, said agreement of merger or consolidation shall be submitted to the superintendent or other insurance supervisory official of the state in which such foreign company is incorporated and no such merger or consolidation shall take effect until it shall have been approved by the superintendent of this state, and, if required as aforesaid, by such insurance official of the state where said foreign company is incorporated, as evidenced by a certificate of his approval, filed in the office of the superintendent of this state.

(b) No such merger or consolidation between a domestic and foreign company shall take effect, unless and until the surviving or consolidated company, if such company is a foreign company, shall file with the superintendent of this state a power of attorney in compliance with section one thousand two hundred twelve of this chapter.

§ 7107. Expedited approval; mutual property/casualty insurance companies. If in the judgment of the superintendent the interests of the policyholders require it, a domestic mutual property/casualty insurance company may, after obtaining the tentative approval of the superintendent and subject to his final approval, enter into an agreement of merger or consolidation with an authorized assuming mutual

property/casualty insurance company, upon the adoption of such agreement by the boards of directors of such companies at special meetings called for the purpose upon at least ten days notice. Upon the execution of such agreement, notice thereof, in a form approved by the superintendent, shall immediately be mailed to the policyholders of both companies. If within thirty days after such notice five percent or more of the policyholders of either company, determined as of the date of mailing such notice, shall file with the superintendent their objections to such agreement, the superintendent shall call a hearing thereon upon such notice as the superintendent shall deem advisable. If upon such hearing the superintendent shall find that the terms of such agreement are not fair and reasonable to the policyholders and creditors affected thereby, the superintendent may withdraw his tentative approval of such agreement which shall thereupon become null and void. If the superintendent finally approves such agreement, the other provisions of this article, except sections seven thousand one hundred four, seven thousand one hundred five and seven thousand one hundred nineteen of this article, shall be applicable to such merger or consolidation.

§ 7108. Filing of agreement of merger or consolidation. A duplicate or certified copy of the agreement of merger or consolidation with the approval of the superintendent endorsed thereon shall be filed in the office of the clerk of the county where the principal office of each domestic constituent company is located and upon such filing, if all other requirements have been fulfilled, such merger or consolidation shall become effective.

§ 7109. Limitation on enlargement of powers. This article shall not enlarge the charter powers of any company except in conformity with the provisions of the proposed charter of the surviving or consolidated company as provided in section seven thousand one hundred three of this article, nor authorize any company to do any kind of insurance business not authorized by its charter, nor authorize any foreign or alien company to do any kind of insurance business in this state not authorized by its license or certificate of authority to do business in

this state.

§ 7110. Fees; certification; prohibitions; penalty. (a) Whenever an agreement of consolidation or merger or for the acquisition of assets, or a plan for acquisition of minority interests in a subsidiary insurer as provided in section seven thousand one hundred eighteen of this article, shall be filed with the superintendent, there shall also be filed with him a certificate executed by the president and attested by the secretary, or by officers corresponding to either of them, under the corporate seal of each of the constituent or contracting companies, or of the parent corporation and subsidiary insurer, and subscribed by such officers and affirmed by them as true under the penalties of perjury, setting forth all fees, commissions or other compensations or valuable considerations paid or to be paid, directly or indirectly, to any person, firm or corporation, for in any manner securing, aiding, promoting or assisting in any such consolidation, merger or acquisition of assets or minority interests.

(b) No director, officer or member of any such company or of any parent corporation or subsidiary insurer, except as fully expressed in the agreement of consolidation or merger or for the acquisition of assets or in the plan for acquisition of minority interests in a subsidiary insurer, shall receive any fee, commission, other compensation or valuable consideration, directly or indirectly, for in any manner aiding, promoting or assisting in such consolidation, merger, or acquisition of assets or minority interests.

(c) Any person violating the provisions of subsection (a) hereof or knowingly making any false certificate or statement pursuant thereto, shall be guilty of a felony.

§ 7111. Proof of proceedings of meeting and action of company. A certified copy of the proceedings of any meeting made by the secretary thereof or of the action of any company made by the secretary of such company, subscribed and affirmed by him as true under the penalties of perjury, shall be presumptive evidence of the holding of the meeting and the action of such meeting and the action of such company.

§ 7112. Vesting of property in surviving or consolidated company; assumption of liabilities. Upon the merger or consolidation of any companies in the manner herein provided, all the rights, franchises and interests of the constituent companies, in and to every species of property, real, personal and mixed, and things in action thereunto belonging, shall be deemed as transferred to and vested in the surviving or consolidated company, without any other deed or transfer; and simultaneously therewith such surviving or consolidated company shall be deemed to have assumed all of the liabilities of the constituent companies.

§ 7113. Transfer of deposits to surviving or consolidated company. If any constituent company in a merger or consolidation under the provisions of this article shall have on deposit with the superintendent securities held for the benefit and protection of all of its policyholders or policyholders and creditors within the United States, the superintendent is authorized, upon the completion of such merger or consolidation, to transfer residuary interest in such deposit of such constituent company to the surviving or consolidated company, and to release such deposit or any part thereof if no longer required of such surviving or consolidated company under the provisions of this chapter.

§ 7114. Pending actions. No action or proceeding, pending at the time of the merger or consolidation to which either of the constituent companies may be a party, shall be abated or discontinued by reason of such merger or consolidation, but the same may be prosecuted to final judgment in the same manner as if the merger or consolidation had not taken place; or the continuing or consolidated company, may be substituted in the place of such constituent company by order of the court in which the action or proceeding may be pending.

§ 7115. Shareholders' liability. The shareholders of a stock company

merging or consolidating shall continue subject to all the liabilities, claims and demands existing against them as such at or before such merger or consolidation.

§ 7116. Liability of members of assessment company to continue. In case of a merger or consolidation of assessment companies the liability of members thereof to assessments shall continue and be transferred to the surviving or consolidated company.

§ 7117. Return of shares of constituent company. A surviving or consolidated company may require the return of the original certificates of stock held by each shareholder in each constituent company, and issue in lieu thereof new certificates for such number of its own shares as such shareholder may be entitled to receive.

§ 7118. Plan for acquisition of minority interests in a subsidiary insurer. (a) Definitions. In this section:

(1) "Parent" means a corporation directly or indirectly owning at least ninety-five percent of the aggregate issued and outstanding shares of all classes of voting shares of a subsidiary.

(2) "Subsidiary" means a domestic company whose voting shares are so owned.

(b) Any parent or subsidiary may, pursuant to a plan for acquisition of minority interests in such subsidiary, adopted by the board of directors, trustees or other governing body of the parent or subsidiary, acquire all of the subsidiary's remaining issued and outstanding voting shares, by exchange of shares, other securities, cash, other consideration or any combination thereof.

(c) Such plan shall set forth:

(1) the name of the subsidiary;

(2) the total number of issued and outstanding voting shares of each class of the subsidiary, the number of its shares owned by the parent and, if either of the foregoing is subject to change prior to the effective date of acquisition, the manner in which any change may occur;

(3) the terms and conditions of the plan, including the manner and basis of exchanging the shares to be acquired for shares or other securities of the parent, for cash, other consideration, or any combination of the foregoing, the proposed effective date of acquisition and a statement clearly describing the rights of dissenting shareholders to demand appraisal;

(4) if the parent has adopted the plan and is neither a domestic corporation nor an authorized insurer, its agreement to be bound by section seven thousand one hundred nineteen of this article with respect to the plan, its consent to the enforcement against it in this state of the rights of shareholders pursuant to the plan, and a designation of the superintendent as the agent upon whom process may be served against the parent in the manner set forth in section one thousand two hundred twelve of this chapter in any action or proceeding to enforce any such rights; and

(5) such other provisions with respect to the plan as the board of directors, trustees or other governing body deems necessary or desirable, or which the superintendent may prescribe.

(d) Upon adoption of the plan, it shall be executed by the president and attested by the secretary, or officers corresponding to either of them, under the corporate seal of the parent or subsidiary which has adopted the plan, as the case may be. Thereupon, a certified copy of the plan, together with a certificate of its adoption subscribed by such officers and affirmed by them as true under the penalties of perjury and under the seal of the parent or the subsidiary, as the case may be, shall be submitted to the superintendent for his approval. The superintendent shall thereupon consider the plan and, if satisfied that it complies with this article, is fair and equitable and not inconsistent with law, he shall approve the plan. If the superintendent disapproves the plan, notification of his disapproval, assigning the reasons therefor, shall be given in writing by him to the parent or subsidiary that submitted the plan. No plan shall take effect unless the approval of the superintendent has been obtained.

(e) If the superintendent approves the plan, the parent or the subsidiary which has adopted the plan shall deliver to each person who, as of the date of delivery, is a holder of record of shares to be acquired, a copy of the plan, or a summary thereof approved by the

superintendent, in person or by depositing the same in the post office, postage prepaid, addressed to the shareholder at his address of record. On or before the date of acquisition proposed in the plan, the parent or the subsidiary which has adopted the plan shall file with the superintendent a certificate, executed by its president and attested by its secretary, or by officers corresponding to either of them, and subscribed by such officers and affirmed by them as true under the penalties of perjury, and under the seal of the parent or the subsidiary, as the case may be, attesting to compliance with this subsection.

(f) Upon compliance with this section, ownership of the shares to be acquired pursuant to the plan shall vest in the parent or the subsidiary which has adopted the plan on the date of acquisition proposed in the plan whether or not the certificates for such shares have been surrendered for exchange. If the plan was adopted by the parent it shall be entitled to have new certificates registered in its name. If the plan was adopted by the subsidiary the shares shall be retired and the capital of the subsidiary reduced by the par value of the retired shares. Shareholders whose shares have been so acquired shall thereafter retain only the right either to receive the consideration to be paid in exchange for their shares pursuant to the plan or to demand appraisal pursuant to section seven thousand one hundred nineteen of this article.

(g) Neither the right granted by this section nor the exercise thereof by a parent or subsidiary shall preclude the exercise by it of any other rights it may have under this article.

§ 7119. Appraisal of shares of dissenting shareholder on merger or consolidation of domestic company or on acquisition of minority interests in a subsidiary insurer. (a) A shareholder of a domestic company, by complying with section six hundred twenty-three of the business corporation law except as otherwise provided in subsections (b) and (c) hereof, shall have the right to receive payment for the fair value of his shares, and such other rights and benefits as are provided by such section of the business corporation law, in the following cases:

(1) a shareholder entitled to vote who does not assent to the taking of any action specified in section seven thousand one hundred two of

this article; or

(2) a shareholder whose shares are acquired pursuant to section seven thousand one hundred eighteen of this article.

(b) A shareholder who elects to dissent from an acquisition proposed under section seven thousand one hundred eighteen of this article shall, in lieu of the procedures set forth in paragraphs (a), (b) and (c) of section six hundred twenty-three of the business corporation law, file a written notice of his election to dissent with the parent within twenty days after the delivery to him of either a copy of the plan or a summary thereof pursuant to subsection (e) of section seven thousand one hundred eighteen of this article.

(c) For purposes of this section, the provisions of section six hundred twenty-three of the business corporation law, other than paragraphs (i) and (m) thereof, are applicable except that:

(1) the references to "this chapter" in paragraph (a) of such section of the business corporation law are deemed to refer to this article;

(2) in the case of shares acquired pursuant to section seven thousand one hundred eighteen of this article, the references to "shareholders' authorization date" in paragraph (g) of such section of the business corporation law are deemed to refer to the date of delivery of the plan or a summary thereof as provided in subsection (e) of section seven thousand one hundred eighteen of this article; and

(3) upon payment of the value of the shares of a shareholder who has dissented from a merger or consolidation, as provided in paragraph (g) or (h) of such section of the business corporation law, the shares shall be cancelled.

§ 7120. Redomestication of foreign insurance companies. (a) Definitions. In this section:

(1) "Redomestication" means the transfer to this state of the corporate domicile of an authorized foreign company, as provided for in this section.

(2) "Transferring company" means any authorized foreign company seeking redomestication.

(b) A transferring company shall:

(1) file with the superintendent a certificate in such form as

prescribed by the superintendent signed by the insurance supervisory official of the state where such transferring company is domiciled approving the proposed redomestication and confirming that upon redomestication the transferring company shall no longer be subject as a domestic company to the requirements of its current state of domicile;

(2) comply with the applicable requirements of this chapter regarding the organization and licensing of a domestic company of the same type;

(3) demonstrate to the satisfaction of the superintendent that upon redomestication, the transferring company will be in compliance with the requirements of this chapter and any regulations promulgated thereunder applicable to a domestic company of the same type;

(4) submit to the superintendent all documents and filings necessary to comply with paragraphs two and three of this subsection; and

(5) submit new policy forms to the superintendent for use after redomestication, if so ordered by the superintendent, or use existing policy forms with appropriate endorsements if allowed by, and under such conditions as approved by, the superintendent.

(c) After the transferring company has complied with the provisions of this section, the superintendent may, in accordance with section one thousand one hundred two of this chapter issue a new license to the transferring company to reflect the change in its state of corporate domicile. The duration of its license shall be governed by section one thousand one hundred three of this chapter. Upon issuance of such new license the redomestication shall become effective and the transferring company shall be a domestic company.

(d) Simultaneous with the redomestication taking effect:

(1) all materials and documents that were submitted to the superintendent by the transferring company pursuant to the requirements of this section shall be filed in the office of the superintendent; and

(2) the superintendent shall, in accordance with section one thousand two hundred one or other applicable provisions of this chapter issue to the company a certified copy of its new declaration and charter and a certificate of incorporation. The new charter of the company may provide for the continuation of the corporate existence of the transferring company and in such case the original date of incorporation of the transferring company shall be the date of incorporation of the new domestic company.

(e) All outstanding insurance policies and contracts shall remain in full force and effect with no change and need not be endorsed as to the new name of the company, if any, or its new location unless ordered by the superintendent.

(f) All agents' appointments and licenses, rates, and other items that the superintendent allows, existing at the time of redomestication, shall continue in full force and effect in accordance with applicable provisions of this chapter.

§ 7121. Effects upon guaranty corporations of certain events. (a) No domestic life insurance company which became a domestic insurer in accordance with section seven thousand one hundred twenty of this article shall, except as provided in paragraph two of subsection (c) of this section, at any time be deemed to be a member company of The Life Insurance Guaranty Corporation provided for in article seventy-five of this chapter.

(b) No benefits for any person shall arise or be increased or decreased under article seventy-five or article seventy-seven of this chapter as a result of the redomestication of a foreign life insurer pursuant to section seven thousand one hundred twenty of this article.

(c)(1) No merger or consolidation between a domestic life insurance company which is a member company of The Life Insurance Guaranty Corporation and a domestic life insurance company which is not a member company of The Life Insurance Guaranty Corporation shall result in any increase or decrease of the protection provided under article seventy-five of this chapter to the policies or contracts of the member company. No policy or contract issued by a non-member company prior to such merger or consolidation shall receive the protection provided under article seventy-five of this chapter as a result of such merger or consolidation.

(2) If the surviving or consolidated company of any such merger or consolidation is not a member company of The Life Insurance Guaranty Corporation, the surviving or consolidated company shall be deemed to be a member company of The Life Insurance Guaranty Corporation and shall be subject to any assessment levied against member companies pursuant to section seven thousand five hundred four of this chapter in proportion

to the surviving or consolidated company's total admitted assets as shown in its annual statement for the year next preceding the date of such assessment; provided, however, in the event that an assessment is levied against the surviving or consolidated company the year such merger or consolidation is consummated, the surviving or consolidated company shall be assessed in proportion to the admitted assets of its constituent member company as shown in such member company's annual statement for the year next preceding the date of such assessment.

ARTICLE 72
DOMESTICATION OF THE UNITED STATES BRANCH OF AN ALIEN INSURER

Section 7201. Definitions.
7202. Domestication of the United States branch of an alien insurer permitted.
7203. Authorization and execution of domestication agreement.
7204. Approval by superintendent.
7205. Consummation of domestication agreement; transfer of deposits; withdrawal of trusteed assets.

§ 7201. Definitions. In this article:

(a) "Domestication" means the reorganization pursuant to the provisions of this article of the United States branch of an alien insurer whereby a domestic or foreign insurer succeeds to all business and assets and assumes all liabilities of such branch.

(b) "United States branch" means the business unit through which business is transacted within the United States by an alien insurer and the assets and liabilities of such insurer within the United States pertaining to such business.

(c) "Domestic insurer" means a stock insurance company incorporated under the laws of this state.

(d) "Foreign insurer" means a stock insurance company incorporated under the laws of any other state.

§ 7202. Domestication of the United States branch of an alien insurer permitted. (a) (1) Upon compliance with the provisions of this article any licensed alien insurer having its United States branch entered through this state and owning beneficially, directly or indirectly, all outstanding shares of a domestic insurer or of a foreign insurer qualified and licensed in this state to write all the kinds of insurance for which the United States branch is qualified and licensed may domesticate its United States branch by agreeing in writing with such domestic or foreign insurer to the acquisition of the business and assets, and the assumption of all liabilities, of the United States branch, by the domestic or foreign insurer for no consideration except such assumption.

(2) The agreement may, however, provide for additional consideration payable by the issuance of shares by the acquiring insurer.

(3) The domestication shall be subject to prior written approval by the superintendent if the acquiring insurer is domestic, or by the insurance supervisory official of the state of incorporation if it is foreign.

(4) The domestication shall be subject to final approval by the superintendent and if the acquiring insurer is foreign by the supervisory official of such state.

(b) Any shares of the acquiring insurer or voting trust certificates therefor held among the trusteed assets of the United States branch or held in a trust created by the alien insurer of which the alien insurer is a beneficiary shall be deemed to be shares held beneficially, but indirectly, by such alien insurer.

(c) Any acquisition of assets and assumption of liabilities pursuant to subsection (a) hereof shall be effected by filing with the superintendent an instrument of transfer and assumption, executed by the alien insurer and the acquiring insurer, in form satisfactory to the superintendent as to a domestic insurer or to both the superintendent and the insurance supervisory official of the state of incorporation as to a foreign insurer.

(d) The acquiring insurer may be licensed to engage in the insurance business in this state either before entering into such domestication agreement or, if the superintendent approves, effective with consummation of the agreement in accordance with the provisions of

section seven thousand two hundred five of this article.

(e) This article shall not be construed to (i) authorize any insurance company to do any kind of insurance business not authorized by its charter or (ii) authorize any foreign or alien insurance company to do any kind of insurance business in this state not authorized by its license or certificate of authority to do business in this state.

§ 7203. Authorization and execution of domestication agreement. (a) Such domestication agreement shall be authorized, adopted, approved, signed and acknowledged by the alien insurer pursuant to the laws of the country where organized.

(b) Such agreement shall also be approved, adopted and authorized by the acquiring insurer's board of directors and executed by its president or any vice president and attested by its secretary or assistant secretary under its corporate seal, or, in the case of a foreign insurer, as otherwise provided in the laws of the state of its domicile.

§ 7204. Approval by superintendent. (a) An executed counterpart of the domestication agreement, together with certified copies of the corporate proceedings of the acquiring insurer and the alien insurer approving, adopting and authorizing the execution of such domestication agreement, and, in the case of a foreign insurer, the written approval of the insurance supervisory official of the state in which the wholly owned foreign insurer is incorporated, shall be submitted to the superintendent for his approval.

(b) If satisfied that the agreement is in accordance with the provisions of this article and that the interests of policyholders and creditors of the United States branch are not materially adversely affected the superintendent may approve such domestication agreement and authorize its consummation in compliance with the provisions of section seven thousand two hundred five of this article.

§ 7205. Consummation of domestication agreement; transfer of deposits; withdrawal of trusteed assets. (a) (1) Upon the filing with the

superintendent of a certified copy of the instrument of transfer and assumption, the domestication of the United States branch shall be effective.

(2) Thereupon all rights, franchises and interests of such United States branch in and to every species of property, real, personal and mixed, and things in action thereunto belonging, shall be deemed transferred to and vested in the acquiring insurer and it shall be deemed to have assumed all liabilities of such United States branch.

(3) Simultaneously all deposits of the United States branch held by superintendents, state officers or other state regulatory agencies pursuant to state laws shall be deemed held as security for the full performance by the acquiring insurer of its assumption as direct liabilities of all the liabilities to policyholders and creditors within the United States of such United States branch, and such desposits shall be deemed admitted assets of the acquiring insurer and reported as such in its annual financial statements and other reports required to be filed by it in this state.

(4) Upon the ultimate release by any such state officer or agency of any such deposits, the securities and cash released shall be delivered and paid over to such acquiring insurer as the lawful successor in interest to such United States branch.

(b) Contemporaneously with the consummation of the domestication of the United States branch, notwithstanding the provisions of sections one thousand three hundred fifteen and one thousand three hundred seventeen of this chapter, the superintendent shall transfer to the acquiring insurer's account the securities deposited by such United States branch in compliance with the provisions of this chapter, and the superintendent shall consent that the trustee of the trusteed assets deposited by such United States branch in compliance with the provisions of this chapter shall withdraw from the trust and transfer and deliver to the acquiring insurer all assets held by such trustee. However, if a United States branch is domesticated into a foreign insurer, the superintendent, unless otherwise satisfied that the interests of policyholders of in force business and of creditors on outstanding claims are protected, may defer consent to the withdrawal of so much of the trusteed assets as in his judgment is reasonably required to protect such interests as of the date of domestication; and he shall consent to

their withdrawal from time to time as such interests expire.

ARTICLE 73

CONVERSION TO DIFFERENT TYPE OF INSURER

Section 7301. Prohibited conversion.

7302. Conversion of stock life insurance companies into mutual companies.

7303. Conversion of retirement systems into mutual life insurance companies.

7304. Conversion of fraternal benefit societies into mutual life insurance companies.

7305. Conversion of assessment corporations into advance premium corporations.

7306. Conversion of advance premium corporations or assessment corporations into mutual property/casualty insurance companies.

7306-a. Reconversion of domestic mutual property/casualty insurance company into advance premium corporation or assessment corporation.

7307. Conversion of domestic mutual property/casualty insurance companies or advance premium corporations into domestic stock property/casualty insurance companies; insurers not in rehabilitation.

7308. Conversion of domestic reciprocal insurers into stock property/casualty insurance companies.

7309. Conversion of domestic reciprocal insurers into mutual property/casualty insurance companies.

7310. Reorganization of domestic guarantee capital life insurance companies into domestic stock life insurance companies.

7311. Conversion of domestic mutual property/casualty insurance companies or advance premium corporations into domestic stock property/casualty insurance companies; insurers in rehabilitation.

7312. Reorganization of a domestic mutual life insurer into a domestic stock life insurer.

7313. Reorganization of domestic mutual accident and health insurance companies.
7315. Reorganization of domestic life insurance companies.
7316. Conversion of savings banks life insurance into a mutual life insurance company.
7317. Conversion of certain article 43 corporations.

§ 7301. Prohibited conversion. No insurer organized or licensed under this chapter shall convert to a different type of insurer except as provided in this article.

§ 7302. Conversion of stock life insurance companies into mutual companies. (a) A domestic stock life insurance company may become a mutual life insurance company, whether or not its policyholders have become entitled to vote for directors pursuant to section four thousand two hundred twelve of this chapter or the former insurance law, and to that end may formulate and carry out a plan for the acquisition of its outstanding shares, as follows:

(1) Such plan shall have been adopted by a vote of a majority of the directors of the company.

(2) Such plan shall have been approved by a vote of shareholders representing a majority of the outstanding shares at a meeting called for that purpose.

(3) Such plan shall have been approved by the vote of a majority of the policyholders eligible to vote who vote at a meeting called for that purpose. Any policyholder who holds life insurance in such company in an amount at least equal to one thousand dollars or an equivalent thereto as hereinafter provided and whose insurance is then in force and has been in force for at least one year prior to such shareholders' meeting, shall be eligible to vote thereat, either in person or by proxy or by mail. The aforementioned reference to life insurance in an amount at least equal to one thousand dollars shall be deemed to include, as equivalent thereto, an annuity contract which at normal date of maturity requires the payment of one hundred dollars or more annually, a pure endowment contract for the principal sum of one thousand dollars or

more, and a policy of accident or health insurance requiring the payment of a premium of not less than twenty-five dollars annually. In the case of every policy or contract of group insurance or group annuity contract, issued by such company, the employer, or other person, firm, corporation or association to whom or in whose name the master policy shall have been issued and held, shall be deemed one policyholder within the meaning of this paragraph. Notice of such meeting shall be given by mailing such notice from the home office of such company at least thirty days prior to such meeting, in a sealed envelope, postage prepaid, addressed to each policyholder at his last known post office address. Such meeting shall be conducted in such manner as may be provided for in such plan, with the approval of the superintendent. The superintendent shall supervise and direct the methods and procedure of such meeting and, to conduct the voting, shall appoint an adequate number of inspectors who shall have power to determine all questions concerning the validity and verification of the ballots, the qualifications of the voters and the canvass of the vote. Such inspectors, or any one thereof designated by the superintendent, shall certify to the superintendent and to such company the result of such vote, under such rules as shall be prescribed by the superintendent. All necessary expenses incurred by the superintendent or incurred with his approval by the inspectors appointed by him shall be paid by such company upon the certificate of the superintendent.

(4) Such plan may specify the purchase price to be paid by such company for its shares, and in such case the price so specified shall be adhered to. If such plan does not specify the price to be paid for such shares, the company shall first obtain the approval of the superintendent for every payment made for the acquisition of any shares.

(5) The plan shall name three trustees authorized to receive shares of the company and hold them in trust for all policyholders until the conversion process has been completed. The plan shall provide a method for filling vacancies among the trustees.

(6) The plan shall have been submitted to the superintendent and approved as conforming to the requirements of this chapter and as not prejudicial to the policyholders of the company or to the insuring public. Before approving any such plan or any such payment, the superintendent shall be satisfied, by such investigation as he may make

or by such evidence as he may require, that such company, after deducting the aggregate sum appropriated by such plan for the acquisition of any or all of its shares, and in the case of any payment not fixed by such plan, after deducting also the amount of such payment, will be possessed of admitted assets in an amount equal to the sum of:

(A) its entire liabilities, including the net values of its outstanding contracts computed in accordance with the provisions of this chapter,

(B) the minimum surplus prescribed by this chapter for mutual life insurance companies organized to do the same kinds of business, and

(C) an additional contingent surplus deemed by the superintendent necessary to protect the company's policyholders and the insuring public, in view of the past experience of such company, the character of its assets, its present management, and its probable future earnings.

(7) No change shall be made in any such plan, adopted and approved as aforesaid, except upon the formulation, adoption and approval of a new plan in accordance with the foregoing requirements.

(8) In pursuance of any such plan to convert a domestic stock life insurance company into a mutual life insurance company, such company shall have power, and shall be privileged, to acquire any of its shares by gift, bequest, or purchase. Until all of its outstanding shares are acquired, any shares so acquired shall be taken and held in trust for all the policyholders of such company, by the trustees named in such plan. Before undertaking any of the duties of the appointment each trustee shall file with the company an acceptance of the appointment and a declaration that he will faithfully discharge his duties as trustee, subscribed and affirmed by him as true under the penalties of perjury. All shares held by the trustees shall be deemed admitted assets of the company at their par value. The trustees shall have power to vote any shares so acquired at all corporate meetings at which shareholders have the right to vote. All dividends and other sums received by such trustees on the shares acquired by them, after paying the necessary expenses of the trust, shall be immediately repaid to such company for the benefit of all who are or may become policyholders of such company and entitled to participate in the profits thereof, and shall be added to and become a part of the surplus earned by such company, apportionable as a part of such surplus among such policyholders. The

provisions of section six hundred twenty-one of the business corporation law and of section 9-1.1 of the estates, powers and trusts law shall not apply to the trust hereinbefore authorized.

(b) (1) Whenever:

(A) a plan adopted and approved in accordance with subsection (a) of this section shall have been in effect for more than ten years,

(B) the company shall have acquired and transferred to the trustees under the plan at least ninety percent of its outstanding shares,

(C) the plan itself contains no provision for the compulsory completion of the mutualization of the company inconsistent with the terms of subsection (a) hereof, the directors by a vote of a majority may offer to acquire by purchase all of the shares of the company not theretofore acquired under the plan, at a specified price, uniform as to class and series of shares, which the company considers to be their fair value as of the date of making such offer. Before such offer shall be made, it shall be submitted to the superintendent for approval. Before approving any such offer the superintendent shall be satisfied, by such investigation as he may make or by such evidence as he may require, that the offer complies with the requirements of this chapter, that such acquisition of such shares pursuant to such offer will not be prejudicial to the policyholders of the company and that such company, after deducting the sum required to acquire such shares at the price stated in such offer, or any lesser price agreeable to shareholders, will be possessed of admitted assets in an amount equal to the sum of:

(i) its entire liabilities, including the net values of all outstanding contracts computed in accordance with the provisions of this chapter;

(ii) the minimum surplus prescribed by this chapter for mutual life insurance companies organized to do the same kind or kinds of business; and

(iii) such additional contingent surplus based upon the past experience of such company, its assets, its present management and its probable future earnings as the superintendent deems necessary to protect its policyholders.

(2) If the offer is approved by the superintendent, the company may make a written offer, by registered mail, to each shareholder whose shares have not theretofore been acquired by the company under the plan

or otherwise, to acquire all his shares at the specified price if accepted in writing within thirty days after the mailing of such offer. Such offer shall be accompanied by a copy of this subsection and by the most current available balance sheet of the company, which shall be as of a date not earlier than twelve months before the mailing of such offer, and a profit and loss statement or statements for not less than a twelve month period ended on the date of such balance sheet. Any shareholder accepting such offer within the thirty day period shall, within sixty days after his acceptance, transfer his shares and surrender the certificates representing such shares, to the company and shall thereupon be paid the offered price. All such shares shall be assigned to the trustees referred to in paragraph five of subsection (a) hereof and held by them as shares acquired pursuant to the plan.

(3) Each shareholder who does not accept such offer to acquire his shares within such thirty day period shall within thirty days after the expiration of such period apply to the supreme court, at any special term thereof held in the district in which is situated the county in which the company making the offer has its principal place of business, upon at least eight days' notice to such company, for the appointment of three disinterested persons to appraise the value of his shares as of the date of making such offer, and the court shall appoint such appraisers and designate the time and place of their first meeting, with such directions in respect to their proceedings as shall be deemed proper. The court may fill any vacancies in the board of appraisers occurring by refusal to hold such office or neglect to act. The appraisers shall meet at the time and place designated and, after being duly sworn, shall hear the parties, faithfully and fairly discharge their duties, estimate and certify in writing the fair value of such shares as of the date of the offer, and deliver one copy of such certificate to such company and another to each such shareholder. Within twenty days after such delivery any party to the appraisal proceedings may apply to the supreme court, at any such special term thereof upon at least eight days' notice to all the parties to such appraisal proceedings and to the superintendent, for approval of the report of the board of appraisers. The court, after hearing the parties and the superintendent, may approve the report and the value of the shares as stated therein, or may itself, upon the evidence and proceedings before

the appraisers, determine the fair value of the shares as of the date of such offer, or may refer the matter back to the same appraisers or other appraisers to be so appointed by the court, to proceed in the same manner. Whenever the court shall approve or determine the fair value of such shares, it may also determine the terms of payment thereof by the company. The charges and expenses of the appraisers, after approval by the court, shall be paid by the company. Upon any such order approving or determining the value of the shares and the method of the payment thereof becoming final and from which no appeal is pending, or when the time to appeal therefrom has expired, each shareholder party to the proceeding shall transfer his shares and surrender the certificates representing such shares to the company and the company shall make payment therefor as provided in such order. Any shares so acquired by the company shall be assigned and transferred to the trustees and held by them as shares acquired pursuant to the plan.

(4) Any shareholder who does not make application to the court in the manner and within the time prescribed in paragraph three hereof shall be deemed to have accepted the offer referred to in paragraph two hereof, effective, however, upon the expiration of the time prescribed in paragraph three hereof for making such an application and such shareholder's time for accepting such offer shall, for that purpose only, be deemed to have been extended accordingly.

(5) Any offer to acquire shares made pursuant to this subsection shall, except as otherwise provided in paragraphs two and four hereof limiting the time for acceptance at the offered price, be irrevocable until all proceedings upon such offer provided by this subsection have been completed or all shares have otherwise been earlier acquired by the company.

(6) Upon application by the company or by any aggrieved shareholder, and upon at least eight days' notice to all persons to be affected thereby and to the superintendent, the supreme court, at any special term thereof held in the district in which is situated the county in which the company has its principal place of business, may make any order appropriate in the circumstances to implement or enforce the provisions of this subsection. If any proceeding in respect of any of the shares shall have been commenced pursuant to paragraph three hereof, all subsequent applications pursuant to this subsection shall be made or

transferred to, and be heard and determined by, the court in which such proceeding has been commenced.

(c) When all of the outstanding shares of the company have been acquired, they shall be retired and cancelled, and thereupon the company shall become a mutual life insurance company without shares.

§ 7303. Conversion of retirement systems into mutual life insurance companies. Any retirement system licensed pursuant to article forty-six of this chapter may be converted into and licensed as a mutual life insurance company, to do the kinds of business specified in paragraphs one, two and three of subsection (a) of section one thousand one hundred thirteen of this chapter, provided that at the time of such conversion it has a surplus of at least three million dollars and provided further that its plan of conversion has been approved by the superintendent. Such plan shall be submitted to the superintendent in writing and shall set forth in full the terms and conditions thereof. The board of trustees of the retirement system shall, after adopting such plan, submit it to the members of such retirement system, as defined by its constitution, by-laws or declaration of trust, at any regular or special meeting of such members, by giving a full, true and correct copy of such plan with notice of such meeting. Such notice shall be given as provided in the constitution or by-laws or declaration of trust of such retirement system for the convocation of such regular or special meeting. The affirmative votes of two-thirds of the members of the retirement system eligible to vote who vote in person or by proxy at such regular or special meeting shall be necessary for the approval of the plan. The superintendent may grant such approval if, after a hearing upon the fairness of the plan after written notice of the hearing is given to each member of the retirement system for distribution to participants in its employ and publication in at least two newspapers of general circulation, at which hearing such members and participating employees will have a right to appear, the superintendent finds that the proposed conversion conforms to the requirements of law and is fair to the members and participating employees of such retirement system.

§ 7304. Conversion of fraternal benefit societies into mutual life insurance companies. Any domestic fraternal benefit society, as defined in subsection (a) of section four thousand five hundred one of this chapter, may be converted into and licensed as a mutual life insurance company, to furnish the kinds of benefits authorized by such section, by compliance with all the requirements of section four thousand two hundred eight of this chapter if such plan of conversion has been approved by the superintendent. Such plan shall be submitted to the superintendent in writing and shall set forth in full the terms and conditions thereof. The board of directors or other executive body charged with responsibility for management of the society's affairs shall, after adopting the plan, submit it to the supreme governing body of such society at any regular or special meeting thereof, by giving a full, true and correct copy of such plan with notice of such meeting. Such notice shall be given as provided in the laws of the society for the convocation of such supreme governing body in regular or special session, as the case may be. The affirmative votes of two-thirds of all members of such supreme governing body shall be necessary for the approval of such plan. The superintendent may give his approval if he finds that the proposed conversion conforms to the requirements of law and is not prejudicial to the certificate holders of the society.

§ 7305. Conversion of assessment corporations into advance premium corporations. Any assessment corporation, as defined in section six thousand six hundred two of this chapter, licensed under section six thousand six hundred three of this chapter to do the business of fire insurance may be converted into and licensed as an advance premium corporation, as defined in section six thousand six hundred two of this chapter, in the manner prescribed in this section and subject to any other requirements of law. The successive steps shall be as follows:

(a) A majority of the board of such assessment corporation shall adopt a resolution approving the proposed conversion and appointing a committee of not less than three directors to prepare a draft of a proposed declaration and charter and proposed by-laws.

(b) Such committee's proposed declaration, charter and by-laws shall be submitted with an appropriate resolution to the board of directors

for approval.

(c) A majority of the board at any regular or special meeting thereof shall approve by resolution a proposed declaration and charter and proposed by-laws, which shall conform to the requirements of this chapter relative to the contents of charters and by-laws of advance premium corporations hereafter organized, with such modifications as the superintendent, by regulation, shall prescribe to make such requirements applicable to the nature and character of such conversion proceeding. Such resolution shall also direct that notice that the proposed conversion will be submitted for approval at the next annual meeting of members or at a special meeting to be called for that purpose be given to all members pursuant to section six hundred five of the business corporation law, together with copies of the resolutions referred to in subsections (a) and (b) hereof and in this subsection, and of the proposed declaration, charter and by-laws.

(d) At least two-thirds of the votes of the members voting at such meeting either in person or by proxy, if the corporation's by-laws provide for a vote by proxy, shall be cast in favor of the proposed conversion and of the adoption of the proposed declaration and charter and proposed by-laws. A resolution shall similarly be adopted instructing the president and secretary to execute or certify and file all necessary papers and instruments incident to the proposed conversion.

(e) The proposed declaration and charter executed by the president and secretary, together with copies of all other necessary papers and instruments incident to the proposed conversion, subscribed and affirmed by each as true under the penalties of perjury, shall be submitted to the superintendent.

(f) If the superintendent finds, by such investigation or examination as he deems appropriate to make, that the corporation meets the minimum surplus requirements of section six thousand six hundred four of this chapter, he shall file in his office the declaration, charter, by-laws and other documents submitted as required by subsection (e) hereof, and coincident with such filing such assessment corporation shall become an advance premium corporation. For an assessment corporation initially licensed to do business in this state prior to July first, nineteen hundred eighty-two such minimum surplus requirements and minimum capital

investment requirements shall be those applicable to an advance premium corporation initially licensed to do business in this state prior to such date.

(g) Upon compliance by the corporation with the foregoing and with any other lawful prerequisites for the issuance of an insurer's license, the superintendent may, in accordance with subsection (d) of section one thousand one hundred two of this chapter, grant a license to such advance premium corporation to do the kinds of insurance business specified in its charter. The territory in which such corporation shall be licensed shall be that for which it was licensed when an assessment corporation immediately prior to its conversion as herein provided, but if it has a surplus of at least one hundred fifty thousand dollars it may be licensed by the superintendent to do business throughout the state, subject to the requirements of section six thousand six hundred ten of this chapter and to all the provisions and requirements of this article relative to advance premium corporations.

§ 7306. Conversion of advance premium corporations or assessment corporations into mutual property/casualty insurance companies. Any advance premium corporation or assessment corporation, as defined in section six thousand six hundred two of this chapter, which has in force contracts of insurance of the kinds which domestic mutual property/casualty insurance companies, as defined in subsection (a) of section one hundred seven of this chapter, may be authorized to do, covering not less than three hundred separate risks and on which the premiums in force or the most recent annual assessment aggregates not less than one hundred thousand dollars, may be converted into and licensed as a domestic mutual property/casualty insurance company in the manner prescribed in this section and subject to any other requirements of law. The successive steps shall be as follows:

(a) A majority of the board of directors of the corporation shall adopt a resolution approving the proposed conversion and appointing a committee of not less than three directors to prepare a draft of a proposed declaration, charter and by-laws.

(b) The proposed declaration, charter and by-laws shall be submitted with an appropriate resolution to the board for its approval.

(c) A majority of the board at any regular or special meeting thereof shall approve by resolution the proposed declaration, charter and by-laws, which shall conform to the requirements of this chapter relative to the contents of charters and by-laws of domestic mutual property/casualty insurance companies hereafter organized, with such additions as the superintendent shall approve to accommodate insurance contracts then in force. Such resolution shall also direct that notice that the proposed conversion will be submitted for approval at the next annual meeting of members or at a special meeting to be called for that purpose be mailed, with postage prepaid, to all members at their last known post office addresses respectively, at least thirty days prior to the date of the meeting, together with copies of the resolutions provided for in subsections (a) and (b) hereof and this subsection and of the proposed declaration, charter and by-laws.

(d) At least two-thirds of the votes of members voting at such meeting either in person or by proxy, if the corporation's by-laws provide for a vote by proxy, shall be cast in favor of the proposed conversion and of the adoption of the proposed declaration and charter and proposed by-laws. A resolution shall similarly be adopted instructing the president and secretary to execute or certify and file all necessary papers and instruments incident to the proposed conversion.

(e) The proposed declaration and charter executed by the president and secretary together with proof of mailing of notice of members' meeting and copies of all other necessary papers and instruments incident to the proposed conversion, together with a certificate of their adoption as provided for herein, subscribed and affirmed by such officers as true under the penalties of perjury, shall be submitted to the superintendent.

(f) If the superintendent finds, by such investigation or examination as he deems appropriate to make, that the corporation meets the initial surplus and reserve requirements for domestic mutual fire insurance companies organized and licensed immediately before July first, nineteen hundred eighty-two, to do the kinds of insurance business for which the corporation is to be licensed, and complies with all other provisions of this section, he shall approve the declaration and charter and by-laws and file the same together with the other documents submitted as required by subsection (e) hereof in his office, and coincident with

such filing such advance premium corporation or assessment corporation shall become a domestic mutual property/casualty insurance company.

(g) Upon compliance by the corporation with the foregoing and with any other lawful prerequisites for the issuance of an insurer's license, the superintendent may, in accordance with subsection (d) of section one thousand one hundred two of this chapter, grant a license to such mutual property/casualty insurance company. Such corporation shall thereafter be subject to all the provisions and requirements of this chapter relative to mutual property/casualty insurance companies.

§ 7306-a. Reconversion of domestic mutual property/casualty insurance company into advance premium corporation or assessment corporation. Any domestic mutual property/casualty insurance company, organized under article twelve of this chapter and licensed under article forty-one of this chapter which was previously organized as an advance premium corporation or assessment corporation and which has in force contracts of insurance of the kinds which advance premium corporations or assessment corporations, as defined in section six thousand six hundred two of this chapter, may be authorized to do, covering not less than three hundred separate risks and on which the premiums in force aggregates not less than one hundred thousand dollars, may be reconverted into and licensed as an advance premium corporation or assessment corporation in the manner prescribed in this section and subject to any other requirements of law. The successive steps shall be as follows:

(a) A majority of the board of directors of the domestic mutual property/casualty insurer shall adopt a resolution approving the proposed reconversion and appointing a committee of not less than three directors to prepare a draft of a proposed declaration, charter and by-laws.

(b) The proposed declaration, charter and by-laws shall be submitted with an appropriate resolution to the board for its approval.

(c) A majority of the board at any regular or special meeting thereof shall approve by resolution the proposed declaration, charter and by-laws, which shall conform to the requirements of this chapter relative to the contents of charters and by-laws of advance premium

corporations or assessment corporations, as the case may be, hereafter organized, with such additions as the superintendent shall approve to accommodate insurance contracts then in force. Such resolution shall also direct that notice that the proposed reconversion will be submitted for approval at a special meeting of policyholders to be called for that purpose be mailed, with postage prepaid, to all policyholders at their last known post office addresses respectively, at least thirty days prior to the date of the meeting, together with copies of the resolutions provided for in subsections (a) and (b) of this section and this subsection and of the proposed declaration, charter and by-laws.

(d) At least two-thirds of the votes of policyholders voting at such meeting either in person or by proxy, if the domestic mutual property/casualty insurer's by-laws provide for a vote by proxy, shall be cast in favor of the proposed reconversion and of the adoption of the proposed declaration and charter and proposed by-laws. A resolution shall similarly be adopted instructing the president and secretary to execute or certify and file all necessary papers and instruments incident to the proposed conversion.

(e) The proposed declaration and charter executed by the president and secretary together with proof of mailing of notice of policyholders' meeting and copies of all other necessary papers and instruments incident to the proposed reconversion, together with a certificate of their adoption as provided for herein, subscribed and affirmed by such officers as true under the penalties of perjury, shall be submitted to the superintendent.

(f) If the superintendent finds, by such investigation or examination as he deems appropriate to make, that the corporation meets the initial surplus and reserve requirements for advance premium corporations or assessment corporations, as the case may be, to do the kinds of insurance business for which the corporation is to be licensed, and complies with all other provisions of this section, he shall approve the declaration and charter and by-laws and file the same together with the other documents submitted as required by subsection (e) of this section in his office, and coincident with such filing such domestic mutual property/casualty insurance company shall become an advance premium corporation or assessment corporation, as the case may be.

(g) Upon compliance by the domestic mutual property/casualty insurer

with the foregoing and with any other lawful prerequisites for the issuance of an insurer's license, the superintendent may, in accordance with subsection (d) of section one thousand one hundred two of this chapter, grant a license to such advance premium corporation or assessment corporation, as the case may be. Such corporation shall thereafter be subject to all the provisions and requirements of this chapter relative to advance premium corporations or assessment corporations, as the case may be.

§ 7307. Conversion of domestic mutual property/casualty insurance companies or advance premium corporations into domestic stock property/casualty insurance companies; insurers not in rehabilitation. (a) In this article:

(1) "Affiliate" of a mutual insurer means any person who controls, is controlled by or is under common control with, the mutual insurer being converted. A corporation is an affiliate of another corporation, regardless of ownership, if substantially the same group of persons manage the two corporations.

(2) "Control" has the meaning assigned to it in paragraph two of subsection (a) of section one thousand five hundred one of this chapter.

(3) A "domestic mutual insurer" or "mutual insurer" means a domestic mutual property/casualty insurance company organized under article twelve of this chapter and licensed under article forty-one of this chapter, or a domestic advance premium corporation organized and licensed under article sixty-six of this chapter, in either case authorized to issue non-assessable policies only and not operating under an order of rehabilitation.

(4) A "holder of a section 1307 agreement" means the holder of an agreement executed pursuant to section one thousand three hundred seven of this chapter.

(b) A domestic mutual insurer may apply to the superintendent for permission to convert into a domestic stock property/casualty insurer complying with the relevant organization and licensing provisions of articles twelve and forty-one of this chapter. The application to the superintendent shall be pursuant to a resolution, adopted by no less than a majority of the entire board of directors, specifying the reasons

for and the purposes of the proposed conversion, and the manner in which the conversion is expected to benefit policyholders and the public. A copy of the resolution, together with a statement of its adoption, both certified by the president and secretary, or officers corresponding to either of them, and affirmed by them as true under the penalties of perjury and under the seal of the mutual insurer, shall accompany the application. The superintendent may thereafter request any additional documents and information which he may reasonably require. Unless the superintendent finds that:

(1) the resolution is defective upon its face;

(2) the proposed conversion is contrary to law or is not in the best interests of the policyholders or the public; or

(3) the mutual insurer does not have a surplus to policyholders at least equal to the minimum capital and surplus required to be maintained for a newly organized stock insurer doing the same kinds of insurance, in which cases the proposed conversion shall terminate, the superintendent shall order an examination of the mutual insurer pursuant to section three hundred ten of this chapter as of the last day of the period covered in its latest filed statement. The superintendent may also examine any affiliate of the mutual insurer.

(c) The superintendent shall also appoint one or more qualified disinterested persons to appraise and report to the superintendent the fair market value of the mutual insurer and, to the extent necessary, its affiliates, on the basis of its latest filed annual or quarterly statement, and of any significant subsequent developments. Such persons shall consider the assets and liabilities of the mutual insurer and any factors bearing on the value of the mutual insurer or its affiliates. The appraisers shall receive reasonable compensation and be reimbursed for reasonable expenses incurred in discharging their duties. They may, as necessary, employ consultants to advise them on any technical matters.

(d) The superintendent shall make copies of such examination report and appraisal report available to the board of directors within fifteen days of his receipt of the reports. After receiving such reports the superintendent may grant or deny permission to the board of directors to submit to him a plan of conversion. If permission is granted, the plan shall include the provisions, and be submitted in the manner and under

the conditions, required by subsection (e) hereof. If permission is denied, the superintendent shall make a written statement of his findings and the board shall have the right to a hearing before the superintendent within thirty days of the date of denial.

(e) Such plan shall be adopted by a majority of the entire board. It shall be signed by the president and attested by the secretary, or officers corresponding to either of them, under the corporate seal of the insurer. A copy of the plan and resolution, both certified by such officers as true under the penalties of perjury and under the seal of the insurer, shall be submitted to the superintendent not later than forty-five days after permission was granted under subsection (d) hereof. The plan shall include:

(1) The proposed charter and by-laws of the insurer as a stock corporation set out in accordance with paragraph five of subsection (a) of section one thousand two hundred one of this chapter.

(2) The manner of treating a holder of a section 1307 agreement, if any; such holder, if otherwise qualified, may, at its option, exchange such agreement for an equitable share of the securities or other consideration, or both, of the corporation into which the insurer is to be converted.

(3) The manner and basis of exchanging the equitable share of each eligible mutual policyholder for securities or other consideration, or both, of the stock corporation into which the mutual insurer is to be converted and the disposition of any unclaimed shares. The plan shall also provide that each person who had a policy of insurance in effect at any time during the three year period immediately preceding the date of adoption of the resolution described in subsection (b) hereof shall be entitled to receive in exchange for such equitable share, without additional payment, consideration payable in voting common shares of the insurer or other consideration, or both. The equitable share of the policyholder in the mutual insurer shall be determined by the ratio which the net premiums (gross premiums less return premiums and dividend paid) such policyholder has properly and timely paid to the insurer on insurance policies in effect during the three years immediately preceding the adoption of the resolution by the board of directors under subsection (b) hereof bears to the total net premiums received by the mutual insurer from such eligible policyholders. In computing a

policyholder's equitable share, no credit shall be given for any net premiums which result from an endorsement which is effective on or after the date of adoption of the resolution; except that credit shall be given for any net premiums resulting from an audit or retrospective premium adjustment which is billed within one hundred eighty days after such date, provided such premium is paid timely. If the equitable share of the eligible policyholder entitles such policyholder to the purchase of a fractional share of stock, the policyholder shall have the option to receive the value of the fractional share in cash or purchase a full share by paying the balance in cash.

(4) The number of voting common shares proposed to be authorized for the stock corporation, their par value and the price at which they shall be offered, which price may not exceed one-half of the median equitable share of all policyholders under paragraph three hereof.

(5) Any other features requested by the superintendent.

(f) Prompt notice shall be given by the mutual insurer to all persons who become policyholders or holders of section 1307 agreements on or after the date of the adoption of the resolution described in subsection (b) hereof, of the pendency of a proposed conversion and of the effect thereof on them.

(g) The superintendent shall hold a public hearing, adequate notice of which shall be mailed by the mutual insurer to each person who was a policyholder on the day preceding the date of adoption of the resolution described in subsection (b) hereof, accompanied by a copy of the plan of conversion and any comment the superintendent considers necessary for the adequate information of the policyholders. In addition, the insurer shall give notice of the hearing by publication in a newspaper of general circulation in the county in which the insurer has its principal office and in the two largest cities in each state in which the insurer has underwritten insurance within the five years preceding the date of the adoption of the resolution described in subsection (b) hereof; such notice shall be accompanied by a summary approved by the superintendent of the plan and any comment the superintendent considers necessary for the adequate information of former policyholders and the public.

(h) (1) After the hearing the superintendent shall approve the plan as submitted, refuse to approve the plan, or request modification of the plan before granting approval. If the superintendent finds that the plan

does not violate this chapter, is not inconsistent with law, is fair and equitable and is in the best interests of the policyholders and the public, he shall approve such plan. If the superintendent finds that the plan does not meet the foregoing standards for approval he shall either refuse to approve the plan and the plan shall become null and void or return the plan to the mutual insurer for modification to meet his stated objections.

(2) If within ninety days after receipt of the superintendent's request for modifications the insurer submits an amended plan which meets the superintendent's objections and complies with the standards for approval he shall approve such amended plan.

(i) After approval by the superintendent the plan shall be submitted to a vote of the persons who were policyholders of the mutual insurer on the day preceding the date of adoption of the resolution described in subsection (b) hereof. The plan shall provide for proxy voting in a manner to be prescribed by the superintendent. The board shall submit the question of the plan to such policyholders at a meeting thereof, by causing a full, true and correct copy or a summary thereof approved by the superintendent, together with notice, stating the time, place and purpose of such meeting, to be delivered personally, or deposited in the post office, postage prepaid, at least thirty days (unless a shorter time, not less than ten days, be approved by the superintendent) prior to the time fixed for such meeting, addressed to each such policyholder at his last post office address appearing on the records of the insurer.

(j) Each such policyholder eligible to vote pursuant to subsection (i) hereof shall be entitled to such number of votes as may be provided for in the by-laws of the mutual insurer. The votes of two-thirds of all the votes cast by policyholders represented at the meeting in person or by proxy, shall be necessary for the adoption of the plan. Upon the conclusion of the vote the insurer shall submit to the superintendent a certified copy of the plan voted on together with a certificate setting forth the results of the vote, both of which shall be subscribed by the president and attested by the secretary, or officers corresponding to either of them, under the corporate seal of the insurer, and affirmed by them as true under the penalties of perjury.

(k) No domestic mutual insurer which is affiliated with other mutual companies may be converted to a stock company unless all such affiliated

companies are converted to stock companies at the same time, except to the extent the superintendent may determine that the interests of the policyholders of any of the other mutual companies can be permanently protected by limitations on the corporate powers of the stock corporation or on its authority to do business.

(l) If at any stage in the process of a conversion under this section the superintendent finds that the mutual insurer is impaired or that the further transaction of business will be hazardous to its policyholders, its creditors, or the public, the proposed conversion shall terminate.

(m) If the conversion plan is adopted pursuant to subsection (j) hereof, the superintendent, upon being satisfied that the insurer will have at least the minimum capital and surplus required to be maintained for a newly organized domestic stock insurer doing the same kinds of insurance, shall issue a new certificate of authority to the insurer, thereby converting the mutual insurer into a stock insurer. At the same time, the superintendent may issue such license as may be required pursuant to section one thousand two hundred four of this chapter.

(n) Upon such conversion, the stock insurer shall give notice thereof by publication in a newspaper of general circulation in the county in which the insurer has its principal office and in the two largest cities in each state in which the insurer shall be licensed to do business. The notice shall include a correct copy of the plan, or a summary thereof approved by the superintendent.

(o) Upon the conversion of the mutual insurer in the manner herein provided, all the rights, franchises and interests of the former mutual insurer, in and to every species of property, real, personal and mixed, and things in action thereunto belonging, shall be deemed as transferred to and vested in the stock insurer, without any other deed or transfer; and simultaneously therewith such company shall be deemed to have assumed all of the obligations and liabilities of the former mutual insurer.

(p) No action or proceeding, pending at the time of the conversion to which the mutual insurer may be a party shall be abated or discontinued by reason of such conversion, but the same may be prosecuted to final judgment in the same manner as if the conversion had not taken place, or the stock corporation may be substituted in place of such mutual insurer by order of the court in which the action or proceeding may be pending.

(q) The directors and officers of the mutual insurer shall serve until new directors and officers have been duly elected and qualified pursuant to the charter and by-laws of the stock insurer.

(r) The insurer, whether before or after conversion, shall pay no compensation of any kind to any person other than regular salaries to existing personnel, in connection with the proposed conversion, other than for clerical and mailing expenses, except that, with the superintendent's approval, payment may be made at reasonable rates for printing costs, and for legal and other professional fees for services actually rendered. All expenses of the conversion, including the expenses incurred by the department of financial services, shall be borne by the insurer.

(s) No voting common shares shall be subscribed by or issued to persons other than eligible policyholders or holders of section 1307 agreements until all subscriptions by such policyholders or agreement holders have been filled or other consideration has been provided in accordance with the plan. Thereafter, any new issue of common shares within three years after the conversion shall first be offered to the persons who have become voting common shareholders, pursuant to subsection (e) hereof in proportion to their holdings of such shares.

(t) No insurer becoming a domestic stock insurer under the provisions of this section shall: for a period of ten years after conversion, redomesticate directly or indirectly or remove its principal offices from within the state; or for a period of five years after conversion:

(1) enter into any agreement by the terms of which any person, partnership or corporation agrees to pay all or a portion of the expenses of management of the insurer in consideration of the insurer's agreement to pay him or it either commissions on premiums due the insurer or any other compensation for his or its services, or

(2) enter into any agreement with an officer or director of the insurer or with any firm or corporation in which any officer or director of the insurer is pecuniarily interested, directly or indirectly, under which agreement the insurer agrees to pay, for the acquisition of business, any commissions or other compensation which by the terms of such agreement varies with the amount of such business or with the earnings of the insurer on such business.

(u) Any action taken pursuant to the provisions of this section shall

in no way impede or impair the exercise by the superintendent of his authority under any other provision of this chapter.

§ 7308. Conversion of domestic reciprocal insurers into stock property/casualty insurance companies. (a) Any domestic reciprocal insurer doing business under the provisions of this article may, by the affirmative vote of its subscribers holding two-thirds of its operating reserve accumulations at the date of the meeting at which the proposal to convert is voted upon, be converted into and licensed as a stock property/casualty insurance company, in the manner prescribed by this section and subject to any other requirements of law. The advisory committee of any such reciprocal insurer proposing so to convert shall cause the attorney-in-fact of such reciprocal insurer to give to each subscriber of record at the close of business on the last day of the quarter year next preceding the issue of such notice not less than thirty days notice by mail of the meeting at which the proposed conversion is to be voted upon and of a hearing of the subscribers before the superintendent. At such hearing or any adjournment thereof, the superintendent shall pass upon the fairness of the terms and conditions of the proposed conversion and of the issuance of shares of the corporation and he shall approve or disapprove the same. The provisions of this chapter relative to a similar domestic insurance company organized to do the same kinds of insurance business shall apply to the organization and licensing of such corporation.

(b) If converted into a stock insurance corporation, subscriptions to the capital shares may be made, in whole or in part, by the subscribers of the reciprocal insurer, and their subscriptions may be paid in to the extent of their operating reserve accumulations by a transfer thereof or any portion thereof to such corporation. The contingent surplus of the reciprocal insurer accumulated pursuant to subsection (a) of section six thousand one hundred five of this chapter shall be included in the capital and surplus of the corporation and shares representing the same shall be issued to existing subscribers, at the rate determined as provided in the next sentence for each dollar of par value of the shares of such new corporation, in proportion to their shares in the aggregate operating reserves at the time when the proposal to convert is adopted.

The rate of payment for each dollar of par value of the stock of such new corporation shall be determined by agreement between the advisory committee of the reciprocal insurer and the board of directors of the stock insurance company. Every such subscriber shall be entitled in the subscription to the capital shares of such corporation to a priority in subscribing thereto for thirty days after the opening of the books of subscription in proportion to his interest in such reciprocal insurer at such date but at the rate of payment fixed by the board of directors. At the expiration of such thirty days the board of directors may sell and dispose of the capital shares which have not been taken or subscribed, as aforesaid, but at not less than the same rate of payment.

(c) If after examination, the superintendent finds that the proceedings for the conversion to a corporation of any such insurer have been regularly taken in conformity with law, and that the corporation meets with the requirements of this chapter, he may issue a license to such insurer to do business under the provisions of this chapter. Thereupon, the remaining assets shall be forthwith transferred to it, and the predecessor reciprocal insurer or insurers shall cease to have authority to do business as such and shall be deemed extinguished. Every such new corporation formed by conversion shall assume and succeed to all of the obligations and liabilities of the converting reciprocal insurer and be held liable to pay and discharge all such debts and liabilities in the same manner as if they had been incurred or contracted by the corporation, but the subscribers of the reciprocal insurer shall continue subject to all the liabilities, claims and demands which shall then exist, or which may thereafter accrue against them, or any of them, by reason of any obligations incurred by them or in their behalf as such subscribers before the date of conversion. Upon the conversion of any reciprocal insurer, dissenting subscribers, meaning thereby subscribers who shall not within thirty days after the opening of the books of subscription have subscribed to shares of the corporation and applied their accumulated operating reserves to payment therefor as provided in subsection (b) hereof, shall be entitled to the conditional withdrawal of their accumulated operating reserves on deposit with the reciprocal insurer as of the date of conversion but a sufficient amount thereof shall be retained by the corporation as a deposit until all of the obligations incurred on its behalf have been

extinguished. When all of such obligations have been paid, discharged or terminated, and the superintendent after an examination shall have so certified, the said subscribers' deposits or the balances thereof remaining to their credit shall be returned and released, whereupon the powers of the attorney-in-fact relating thereto shall cease and terminate.

§ 7309. Conversion of domestic reciprocal insurers into mutual property/casualty insurance companies. Any domestic reciprocal insurer doing business under the provisions of this article which has in force contracts of insurance, of the kinds which domestic mutual property/casualty insurance companies may be authorized to make, covering not less than three hundred separate risks and on which the premiums in force aggregate not less than one hundred fifty thousand dollars, may be converted into and licensed as a domestic mutual property/casualty insurance company, in the manner prescribed in this section and subject to any other requirements of law. The successive steps shall be as follows:

(a) Not less than a majority of the advisory committee of any such reciprocal insurer proposing so to convert shall adopt a resolution approving the proposed conversion and appointing a committee of not less than three from its membership to prepare a draft of a proposed declaration, charter and by-laws.

(b) Such committee shall prepare a proposed declaration, charter and by-laws, which shall be submitted with an appropriate resolution to the advisory committee for approval.

(c) Not less than a majority of the advisory committee, at any regular or special meeting thereof, shall approve by resolution a proposed declaration, charter and by-laws, which shall conform to the requirements of this chapter relative to the contents of charters and by-laws of domestic mutual property/casualty insurance companies hereafter organized to do the kinds of business transacted by such reciprocal insurer, with such additions thereto as the superintendent shall approve, in order to make provision on account of insurance contracts then in force. Such resolution shall also instruct the attorney-in-fact of such reciprocal insurer to give notice of the

meeting at which the proposed conversion is to be voted upon and of a hearing of the subscribers before the superintendent. A copy of such resolution, together with copies of those required in subsections (a) and (b) of this section, a copy of the proposed declaration, charter and by-laws and a suitable proxy form approved by the superintendent, shall accompany such notice, which notice shall be mailed, with postage prepaid, to all subscribers at their post office addresses shown on the records of the reciprocal insurer, at least thirty days prior to the date of the meeting. At the hearing, the superintendent shall pass upon the fairness of the terms and conditions of the proposed conversion and of the issuance of certificates of interest in the surplus of the corporation and he shall approve or disapprove the proposed conversion.

(d) At least two-thirds of the votes of subscribers at any reciprocal insurer, voting at such meeting, either in person or by proxy on the form furnished the subscriber, if the subscriber's agreement at such reciprocal insurer provides for a vote by proxy, shall be cast in favor of the proposed conversion and of the adoption of the proposed declaration, charter and by-laws. A resolution shall be similarly adopted authorizing thirteen persons, who shall be either members of an advisory committee of a reciprocal insurer proposing to convert, the attorney-in-fact, if an individual, officers of the attorney-in-fact if a corporation, or subscribers at a reciprocal insurer proposing to convert, to execute the declaration and authorizing the attorney-in-fact, if an individual, or the president or a vice-president and one other officer of the attorney-in-fact, if a corporation, to execute or certify and file all necessary papers and instruments incident to the proposed conversion.

(e) The proposed declaration executed as aforesaid and proposed charter with proof of mailing of notice of the subscribers' meeting and copies of all other papers and instruments referred to in this section, together with a certificate of their adoption, subscribed and affirmed as true under the penalties of perjury, as provided for in subsection (d) of this section, shall be submitted to the superintendent.

(f) If, after examination, the superintendent finds that the proceedings for the change to a mutual insurance corporation have been regularly taken in conformity with law and the declaration and charter conform to all requirements of paragraph five of subsection (a) of

section one thousand two hundred one of this chapter, he shall file the declaration and charter in his office and issue a certified copy thereof to the proposed incorporators. If requested by such proposed incorporators, the superintendent shall also issue to them a certificate of incorporation executed by him in the name of the people of the state. Upon the issuance of such certified copy, such incorporators shall become a body corporate, and shall then have power to receive payment of subscriptions to its surplus as set forth in subsection (g) of this section, but such corporation shall not be authorized to do the business of insurance until it shall have obtained a license therefor.

(g) Those subscribers who have voted in person or by proxy for the conversion and any other subscribers who thereafter agree to subscribe to the surplus of the corporation shall be deemed to have subscribed to the surplus of the corporation to an amount equal to their operating reserve accumulations at the reciprocal insurer, and such subscriptions shall be paid by a transfer of their operating reserve accumulations to the corporation. Certificates of interest in said surplus shall be issued to such subscribers in amounts equal to their respective operating reserve accumulations at the time when the proposal to convert is adopted by the subscribers. Such certificates of interest shall be issued upon the agreement set forth in section one thousand three hundred seven of this chapter.

(h) If, after examination, the superintendent finds that the new corporation meets the requirements of this chapter, including the requirements as to initial surplus and reserves applicable under section four thousand one hundred seven of this chapter, he may issue a license to the insurer to do business under the provisions of this chapter. Thereupon, the remaining assets of the reciprocal insurer shall be transferred to the corporation and the reciprocal insurer shall cease to have authority to do business as such and shall be deemed extinguished. Every such corporation resulting from conversion shall assume and succeed to all of the obligations and liabilities of the reciprocal insurer and shall be held liable to pay and discharge all such debts and liabilities in the same manner as if they had been incurred or contracted by the corporation, but the subscribers of the reciprocal insurer shall continue subject to all the liabilities, claims and demands which shall then exist, or which may thereafter accrue against

them, or any of them, by reason of any obligations incurred by them or on their behalf as such subscribers before the date of conversion and such subscribers who become subscribers to the surplus shall be entitled to recoup from the corporation any payment made by reason of such liabilities, claims or demands.

(i) No action or proceeding, pending at the time of the conversion to which the reciprocal insurer may be a party, shall be abated or discontinued by reason of such conversion, but the same may be prosecuted to final judgment in the same manner as if the conversion had not taken place, or the corporation may be substituted in place of such reciprocal insurer by order of the court in which the action or proceeding may be pending.

(j) Upon such conversion the accumulated operating reserves of subscribers who shall not have subscribed to the surplus of the corporation, held on deposit with the reciprocal insurer as of the date of the conversion shall be held by the corporation for the benefit of such subscribers until all the obligations incurred on their behalf have been extinguished. When all of such obligations have been discharged or terminated, and the superintendent shall have so certified, the said subscribers' deposits or the balances thereof remaining to their credit shall be released and returned, whereupon the powers of the attorney-in-fact relating thereto shall cease and terminate.

§ 7310. Reorganization of domestic guarantee capital life insurance companies into domestic stock life insurance companies. (a) As used in this section, the following terms shall have the following meanings:

(1) "Guarantee capital insurer" means a domestic life insurer with a guarantee capital represented by shares.

(2) "Shareholder" means a record holder of shares of guarantee capital of a guarantee capital insurer.

(3) "Policyholder" means a holder, as determined by the records of a guarantee capital insurer, of an insurance contract issued by such insurer which is of a type described in paragraph one, two, or three of subsection (a) of section one thousand one hundred thirteen of this chapter and which entitles the holder thereof, under the charter of the guarantee capital insurer, to the policyholder equity interest defined

in this section. A person who, for purposes of subsection (a) of section four thousand two hundred ten of this chapter would be deemed the "policyholder" of any insurance contract is deemed to be the holder of such contract for purposes of this section.

(4) "Policyholders' equity interest" means and includes all rights of the policyholders as provided in or arising under the charter of the guarantee capital insurer. The term "policyholders' equity interest" includes the policyholders' right under the charter to vote and to participate in distributions of profits and any right arising under the charter to participate in any distribution of surplus whether such distribution is made incident to a liquidation of the guarantee capital insurer or otherwise. Anything in the foregoing sentence to the contrary notwithstanding, the term "policyholders' equity interest" does not include any right expressly conferred upon the policyholders by their insurance contracts which is in addition to those rights provided in or arising under the charter of the guarantee capital insurer.

(5) "Plan of reorganization" means a plan of conversion, a plan of merger or a plan for amendment of charter adopted in accordance with this section.

(6) "Reorganized insurer" means either (i) the domestic stock life insurer into which a guarantee capital insurer has been converted in accordance with this section, or (ii) the corporation surviving a merger between a guarantee capital life insurer and a domestic stock life insurer in accordance with this section, or (iii) the former guarantee capital insurer as constituted after an amendment to its charter in accordance with this section.

(b) Any other provision of this chapter to the contrary notwithstanding, upon compliance with the requirements and completion of the proceedings prescribed by this section, a guarantee capital insurer may either (i) convert into a domestic stock life insurer, or (ii) merge with a domestic stock life insurer, or (iii) amend its charter so as to eliminate its policyholders' equity interest. The provisions of paragraph four of subsection (a) of section one thousand two hundred six of this chapter shall not apply to an amendment to the charter of a guarantee capital insurer eliminating its policyholders' equity interest made under and in accordance with the provisions of this section. In case of a merger with a domestic stock insurer, the domestic stock

insurer shall comply with the provisions of this chapter applicable to its participation in a merger.

(c) (1) The guarantee capital insurer shall adopt a plan of reorganization by the vote of a majority of its entire board of directors. The plan of reorganization shall set forth (i) the reasons for and purposes of the proposed reorganization, (ii) the form of the reorganization which shall be one of the forms of reorganization set forth in subsection (b) of this section, (iii) the manner and basis by which the reorganization shall take place, and (iv) the consideration to be given to the shareholders in exchange for their shares of guarantee capital and to the policyholders in exchange for their policyholders' equity interest or the manner of converting the guarantee capital or the policyholders' equity interests into other securities or other consideration. If the reorganized insurer proposes to issue for delivery in this state participating insurance policies or contracts, the plan of reorganization shall so specify and shall be accompanied by such information or agreements relative thereto as the superintendent may require pursuant to section four thousand two hundred thirty-one of this chapter and, in such event, upon the superintendent's approval of the plan of reorganization pursuant to this section, the superintendent shall, in accordance with said section four thousand two hundred thirty-one, issue a revocable permit to the reorganized insurer authorizing it to issue participating policies and contracts in this state. The plan of reorganization may contain any other provisions which the board of directors of the guarantee capital insurer may deem necessary or advisable in connection with the proposed reorganization.

(2) The consideration to be given in exchange for the shares of guarantee capital and the policyholders' equity interest or into which such shares and equity interest are to be converted may consist of securities of the reorganized insurer or securities of another corporation or corporations or other consideration or any combination of such forms of consideration. The consideration to be given in exchange for shares of guarantee capital or into which such shares are to be converted need not be the same as the consideration given in exchange for the policyholders' equity interests or into which the policyholders' equity interests are to be converted. The consideration given to any class or category of policyholder need not be the same as the

consideration given to any other class or category of policyholder. In the case of a charter amendment in which the shares of guarantee capital remain outstanding and unchanged, the plan need not provide any consideration to the holders of such shares.

(3) The plan of reorganization shall include the proposed charter of the reorganized insurer set out in accordance with subsection (a) of section one thousand two hundred one of this chapter and its proposed by-laws, giving effect to any amendments to the charter or by-laws to be effected by the plan of reorganization.

(4) The plan of reorganization shall specify one or more record dates to be used for purposes of determining (i) the shareholders and policyholders who shall be entitled to notice of and to vote at the meeting called pursuant to this section to act upon a proposal to approve the plan of reorganization, (ii) the shareholders and policyholders who shall be entitled to receive notice of the public hearing required by this section, and (iii) the shareholders and policyholders who shall be entitled to receive the consideration provided for by the plan. Each shareholder of record on the record date specified pursuant to item (iii) of the immediately preceding sentence shall be entitled to the consideration provided in the plan on the basis of the number of shares held of record by him as of said record date. Each policyholder of record as of such record date shall be entitled to the consideration provided for him in the plan based on his policyholder's equity interest as of the effective date of conversion, merger or charter amendment pursuant to this section but only to the extent that such policyholder's equity interest arose from insurance contracts of which he was the holder as of such record date.

(5) Upon adoption of the plan of reorganization, it shall be duly executed by the chairman of the board, the president or a vice president and attested by the secretary or an assistant secretary of the guarantee capital insurer under such insurer's corporate seal and shall be submitted to the superintendent with a copy of the resolutions adopting such plan accompanied by a certificate of adoption of such resolutions subscribed by such officers and affirmed by them as true under penalties of perjury and under the seal of the guarantee capital insurer.

(d) The guarantee capital insurer may, by action of a majority of the entire board of directors, amend the plan of reorganization at any time

before the plan becomes effective as provided by this section. On adoption of an amendment it shall be duly executed by the chairman of the board, the president or a vice president and attested by the secretary or an assistant secretary of the guarantee capital insurer under such insurer's corporate seal and shall be submitted to the superintendent with a copy of the resolutions adopting such amendment subscribed by such officers and affirmed by them as true under penalties of perjury and under the seal of the guarantee capital insurer. In case of an amendment, all references in this section to the plan of reorganization shall be deemed to refer to the plan as amended. No amendment made after any public hearing required by this section or after approval by the shareholders or policyholders as provided in this section shall change the plan in a manner which the superintendent determines is materially disadvantageous to the shareholders or any of the policyholders unless a further public hearing is held on the plan as amended if the amendment is made after the public hearing, or the plan as amended is submitted for reconsideration by the shareholders or policyholders, whichever is disadvantaged by the amendment, if the amendment is made after the plan has been approved by the shareholders or policyholders under the conditions and procedures determined by the superintendent in accordance with this section.

(e) Upon submission to him of the plan of reorganization, the superintendent may request any additional documents or information and may examine the guarantee capital insurer or any of its affiliates, to the extent he may determine to be necessary to enable him to make the findings required by this section for the approval by him of the plan of reorganization.

(f) The superintendent shall appoint one or more qualified disinterested persons to appraise in writing the value of the policyholders' equity interest and the value of the consideration to be given to the policyholders in exchange for their equity interest or into which such equity interest shall be converted. Such valuation shall be made on a fair and equitable basis taking into account the latest filed annual or quarterly statement of the guarantee capital insurer, and any significant developments occurring subsequent to the date of such statement. The appraisers may request of the guarantee capital insurer access to its books and records and the furnishing by it of any other

information in its possession, to the extent they may reasonably deem necessary to make the valuations contemplated by this subsection. They shall report to the superintendent any instance in which the guarantee capital insurer fails to provide any information requested by them. The appraisers shall not, under judicial process or otherwise, be obligated or permitted to divulge to anyone except the superintendent any information not otherwise publicly available which is so obtained by them. The appraisers shall receive reasonable compensation and shall be reimbursed for reasonable expenses incurred in performing their duties. They may, as necessary, employ consultants to advise them on technical matters associated with the appraisal. The appraisal report shall be made to the superintendent. In making the determinations contemplated by this section, the superintendent shall not be bound by any findings, conclusions or recommendations made by the appraisers. All information obtained by the superintendent pursuant to this section, including without limitation information obtained through examinations by him, reports of appraisers and other information secured by appraisers and turned over to the superintendent, are hereby specifically exempted, as contemplated by paragraph (a) of subdivision two of section eighty-seven of the public officers law, from disclosure by the superintendent under said section eighty-seven. Such exemption shall not preclude or exempt the superintendent from disclosure of such information pursuant to judicial process under provisions of law other than said section eighty-seven.

(g) The superintendent shall hold a public hearing upon the fairness of the terms and conditions of the exchange of the policyholders' equity interest for the securities or other consideration provided for by the plan of reorganization and upon whether the reorganization is in the public interest. Notice stating the time, place and purpose of the hearing shall be mailed to each holder of guarantee capital and each policyholder entitled under the plan to receive such consideration at his address as shown on the records of the guarantee capital insurer at least thirty days before the date of the hearing. Such notice shall be preceded or accompanied by a true and complete copy of the plan or a summary thereof approved by the superintendent and by such other explanatory information as the superintendent shall approve or require. In addition, the guarantee capital insurer shall give notice of the

time, place and purpose of the hearing by publication in a newspaper of general circulation in the city in which the insurer has its principal office and in two other newspapers of general circulation in other cities within or without this state approved by the superintendent. Such newspaper publications shall be made not less than fifteen days nor more than sixty days before the hearing and shall be in form approved by the superintendent.

(h) (1) A proposal to approve the plan of reorganization shall be submitted to a meeting of shareholders and policyholders. Notice stating the time, place and purpose of such meeting shall be mailed to each such shareholder and policyholder of record as of the record date for the meeting, at his address as shown on the records of the guarantee capital insurer, at least thirty days before the date of the meeting. Such notice may be combined with notice of the public hearing required by this section. Such notice shall be preceded or accompanied by a true and complete copy of the plan or a summary thereof approved by the superintendent and by such other explanatory information as the superintendent shall approve or require.

(2) Each shareholder of record as of the record date for the meeting shall be entitled to cast one vote at such meeting, in person or by proxy, for each share held of record by him on such record date. Each policyholder of record as of the record date for the meeting shall be entitled to cast one vote at such meeting, in person or by proxy, irrespective of the number or amount of the policies he holds. Any proxy shall be revocable at any time except to the extent that, at the time of exercise, the power conferred thereby has been exercised. The presence in person or by proxy of (i) the holders of record of two-thirds of the outstanding shares of guarantee capital, and (ii) such number of policyholders as attend in person or proxy shall constitute a quorum for the meeting. All votes shall be by written ballot cast in person by shareholders or policyholders entitled to vote or by proxy agents duly appointed by shareholders or policyholders entitled to vote. The proposal to approve the plan of reorganization may be adopted by the affirmative vote of two-thirds of all guarantee capital shares issued and outstanding as of the record date and the affirmative vote of two-thirds of all votes cast by policyholders or record as of the record date.

(3) The superintendent shall have power to supervise and direct and prescribe rules governing the procedure for the conduct of the meeting to such extent, consistent with the provisions of this section, as he deems necessary to insure a fair and accurate vote. Such powers shall include but not be limited to power to supervise and regulate (i) the determination of the shareholders and policyholders entitled to notice of and to vote at the meeting, (ii) the giving of notice, (iii) the receipt, custody, safeguarding, verification and tabulation of proxy forms and ballots, and (iv) the resolution of disputes.

(4) The superintendent shall appoint as inspectors an adequate number of personnel of the department of financial services or other competent and disinterested persons and may appoint if necessary, expert accountants and other assistants and may authorize the procurement of stationery and supplies necessary for conducting the election and canvassing the votes. The inspectors shall have power to determine all questions concerning the verification of the ballots and proxies, the ascertainment of the validity thereof, the qualifications of the voters and the canvass of the vote, and with respect thereto shall act under such rules as shall be prescribed by the superintendent. Any disagreement among the inspectors shall be reported to and shall be resolved by the superintendent. Any determinations by the inspectors or the superintendent shall be subject to judicial review.

(5) Representatives of the shareholders and of the policyholders, including representatives of shareholders and policyholders favoring or opposing the approval of the plan, shall be entitled to be present during the filing, casting, verification and canvassing of the proxies and ballots and shall be entitled to examine and object to any such proxy or ballot. The superintendent or the inspectors may limit the number of persons representing any interested person or group and may specify fair and reasonable procedures for the examination of and presentation of objections to the proxies and ballots. Costs incurred in providing such representation shall not be a charge upon or paid from the funds of the guarantee capital insurer.

(6) Neither the guarantee capital insurer nor any officer, agent or employee thereof shall knowingly omit, from any list of policyholders entitled to notice of the meeting, the name of any policyholders required to be included therein, or shall knowingly omit to give the

correct name and address of any policyholder, or shall knowingly give a wrong address. No person shall conceal or withhold or aid or abet any other person in concealing or withholding any proxy or ballot from the authorized custodians thereof or from the inspectors. No policyholder or shareholder shall sell or offer to sell any vote or proxy for any sum of money or anything of value other than the consideration provided for in the plan of reorganization if said plan becomes effective.

(7) All ballots and proxies received by the inspectors shall immediately upon the completion of the canvass be placed in sealed packages and shall be preserved by the said inspectors for a period of one year, subject to the order of any court having jurisdiction of any proceedings relating thereto, and then shall be turned over to the guarantee capital insurer, or the reorganized insurer, if the reorganization has become effective.

(8) The meeting and the conduct thereof shall at all times, on petition of the superintendent or of any person or persons whose rights may be affected, be subject to the supervision and control of the supreme court in the judicial district in which the guarantee capital insurer has its home office.

(9) The inclusion by the guarantee capital insurer of the name of any person in any list of policyholders required by this section shall not be construed as an admission by such insurer of the validity of any policy or contract and no such list shall be competent evidence against such insurer in any action or proceeding in which the question of the validity of any policy or contract or of any claim under it is involved.

(10) The provisions of section four thousand two hundred ten of this chapter shall not apply to a meeting of shareholders and policyholders held pursuant to this section.

(11) Upon the conclusion of the vote, the guarantee capital insurer shall submit to the superintendent (i) a certified copy of the plan of reorganization, subscribed by the chairman of the board, the president or any vice president and attested by the secretary or an assistant secretary of the guarantee capital insurer, (ii) a certificate, subscribed by the chairman of the board, the president or any vice president and attested by the secretary or assistant secretary of the guarantee capital insurer, or subscribed by the person or persons, if any, designated by the superintendent to supervise the giving of notice

of the meeting, to the effect that notice of the meeting was given in accordance with this section to all persons entitled to such notice, and (iii) a certificate subscribed by the inspectors of the attendance at the meeting and of the results of the vote thereat, as evidenced by the valid proxies and ballots filed thereat. Each such certificate shall be affirmed as true under the penalties of perjury by the person or persons subscribing the same and, in the case of a certificate signed by officers of the guarantee capital insurer, shall be affirmed under the corporate seal of the guarantee capital insurer.

(i) The superintendent shall approve the plan of reorganization in writing if he finds that the proposed reorganization does not violate this chapter and is fair and equitable to the shareholders and the policyholders and the public, and that after giving effect to the reorganization, the reorganized insurer would have capital and surplus at least equal to the minimum capital and surplus required by the superintendent for a newly organized stock insurer doing the same kind or kinds of insurance business, or an amount of capital and surplus the superintendent deems to be reasonably necessary for the solvency of the reorganized insurer, whichever is the greater. If approval is denied, the denial shall be in writing setting forth a statement of the reasons therefor and the guarantee capital insurer shall have the right to a hearing before the superintendent within thirty days of the date of such denial. Unless otherwise agreed by the guarantee capital insurer, the superintendent shall approve or disapprove the plan in writing on or before a date which is the later of: (i) sixty days after submission to him of the report of the appraiser or appraisers appointed pursuant to subsection (f) of this section, (ii) sixty days after the conclusion of the public hearing required by subsection (g) of this section, or (iii) ten days after certification to him of the results of the vote at the meeting held pursuant to subsection (h) of this section.

(j) When the superintendent has given his approval of the plan of reorganization as provided in subsection (i) of this section and certification of approval of the plan has been made to the superintendent as provided in subsection (h) of this section, a copy of the plan of reorganization with the superintendent's approval endorsed thereon shall be filed in the office of the superintendent. In the case of a merger, a copy of such plan shall also be filed in the office of

the clerk of the county where the principal office of the guarantee capital insurer and the domestic stock insurer is located. The plan of reorganization shall take effect in accordance with its terms on the date when the filings required by this subsection have been made or on such later date, if any, as may have been specified in such plan or pursuant thereto.

(k) Upon the conversion of the guarantee capital insurer or merger in the manner herein provided, all the rights, franchises and interests of the former guarantee capital insurer, in and to every species of property, real, personal and mixed, and things in action thereunto belonging, shall be deemed transferred to and vested in the reorganized insurer, without any other deed or transfer; and simultaneously therewith such company shall be deemed to have assumed all of the obligations and liabilities of the former guarantee capital insurer, other than obligations and liabilities with respect to the policyholders' equity interest eliminated by the plan of reorganization.

(l) No action or proceeding pending at the time of the conversion or merger to which the guarantee capital insurer may be a party shall be abated or discontinued by reason of such conversion or merger, but the same may be prosecuted to final judgment in the same manner as if the conversion or merger had not taken place, or the reorganized insurer may be substituted in place of such guarantee capital insurer by order of the court in which the action or proceeding may be pending.

(m) The directors and officers of the guarantee capital insurer shall serve as directors and officers of the reorganized insurer until new directors and officers have been duly elected and qualified pursuant to the charter and by-laws of the reorganized insurer.

(n) The guarantee capital insurer shall deliver to the superintendent at the time of submission of the plan of reorganization a written undertaking in form and substance satisfactory to the superintendent and signed by the guarantee capital insurer and by such other persons as the superintendent may require, specifying the manner in which all costs and expenses incurred in any manner in connection with the plan of reorganization shall be paid or reimbursed. Such undertaking shall provide for the payment or reimbursement of all expenses incurred by the superintendent or the department of financial services in connection with the plan of reorganization, other than normal operating expenses of

the department of financial services. Such undertaking shall provide to the effect that no payment of expenses by the guarantee capital insurer or the reorganized insurer shall, after giving effect to any reimbursement or contribution received by such insurer with respect thereto, have the effect of reducing the consideration to be paid to the policyholders pursuant to the plan of reorganization or of reducing the portion of the surplus of the reorganized insurer which is attributable to policyholders. The said undertaking shall apply to expenses incurred prior to the submission of the plan of reorganization as well as those incurred thereafter and shall be binding whether or not the plan of reorganization takes effect. The consideration to be paid to policyholders pursuant to the plan shall not be subject to this subsection nor to said undertaking.

(o) Notice of the pendency of the proposed reorganization and of the effect thereof shall be given by the guarantee capital insurer or the reorganized insurer in a manner satisfactory to the superintendent to all persons to whom the guarantee capital insurer or the reorganized insurer delivers insurance contracts which are issued after the record date specified for policyholders entitled to receive any of the consideration provided for in the plan of reorganization but are issued on or before the date sixty days after such record date. Such persons shall have the right to rescind such contracts, and to receive refund of any amounts paid with respect thereto by written notice to such insurer or its agent given within ten days of their receipt of the aforesaid notice given by such insurer.

(p) If the plan of reorganization takes effect, the rights of all policyholders thereafter shall be as specified in the charter of the reorganized insurer and in their insurance contracts and they shall have no rights under the charter of the guarantee capital insurer. The reorganized insurer shall thereafter be subject to all laws, rules and regulations applicable to domestic stock life insurers and shall not be subject to any laws, rules or regulations of this state applicable to domestic mutual insurers and not to domestic stock life insurers. If the reorganized insurer has outstanding shares of guarantee capital after the reorganization takes effect, the reorganization shall not affect the rights of such shares as provided in the charter of the reorganized insurer but for all other purposes of this chapter such shares shall be

deemed to constitute shares of stock.

(q) If the guarantee capital insurer complies substantially and in good faith with the requirements of this section with respect to the giving of any required notice to shareholders or policyholders, its failure in any case to give such notice to any person or persons entitled thereto shall not impair the validity of the actions and proceedings taken under this section or entitle such person to any injunctive or other equitable relief with respect thereto but this subsection shall not impair any claim for damage such person or persons would otherwise have due to such failure.

(r) A shareholder or policyholder whose shares or policyholder's equity interest would be exchanged for or converted into other consideration pursuant to a plan of reorganization adopted pursuant to this section shall, by complying with section six hundred twenty-three of the business corporation law, except as otherwise provided in this subsection, have the right to receive payment for the fair value of his shares or policyholder's equity interest. In the case of a policyholder, no act pursuant to such section six hundred twenty-three, and no receipt by him of any payment pursuant to such section with respect to his policyholder's equity interest, shall impair or otherwise affect his rights expressly conferred by his insurance contract which are in addition to those rights conferred by or arising under the charter of the guarantee capital insurer. The provisions of section seven thousand one hundred nineteen of this chapter shall not apply in case of a reorganization under this section. For purposes of this subsection, the provisions of section six hundred twenty-three of the business corporation law, other than paragraphs (i) and (m) thereof are applicable except that:

(1) The references to "this chapter" in paragraph (a) of section six hundred twenty-three of the business corporation law are deemed to refer to this section.

(2) The references used in section six hundred twenty-three of the business corporation law to "shareholder" and "shareholders" are deemed to include a policyholder or policyholders and the references therein to "shares" are, in the case of a policyholder, deemed to refer to his policyholder's equity interest.

(3) The term "shareholders authorization date" used in section six

hundred twenty-three of the business corporation law is deemed to refer to the date of the meeting required by subsection (h) of this section.

(4) In the case of a policyholder, the information with respect to shareholdings required by paragraphs (a) and (c) of section six hundred twenty-three of the business corporation law to be contained in the notice of election to dissent is deemed to refer to the policy number of the policyholder's insurance contract entitling him to a policyholder's equity interest.

(5) Notwithstanding paragraph (e) of section six hundred twenty-three of the business corporation law, upon filing by a policyholder of election to dissent the policyholder shall cease to have any rights with respect to his policyholder's equity interest, but his rights expressly conferred by his insurance contract and not conferred by or arising under the charter of the guarantee capital insurer shall be unaffected. In the case of a policyholder, the provisions of paragraph (e) thereof providing for the reinstatement of a shareholder's rights in certain events are deemed to provide for reinstatement of his policyholder's equity interest.

(6) In the case of a policyholder, the provision of paragraph (f) of section six hundred twenty-three of the business corporation law, referring to share certificates shall be deemed to refer to insurance contracts.

(7) Any provision of paragraph (g) of section six hundred twenty-three of the business corporation law to the contrary notwithstanding, the written offer made pursuant to said paragraph to the policyholders who have filed notices of election to dissent shall be made at prices such that the total price offered to all such policyholders shall be apportioned among the different classes and categories of said dissenting policyholders in the same manner as the plan of reorganization provides for the total consideration to be paid pursuant thereto to be apportioned among all of the classes and categories of policyholders.

§ 7311. Conversion of domestic mutual property/casualty insurance companies or advance premium corporations into domestic stock property/casualty insurance companies; insurers in rehabilitation. (a) A

domestic mutual insurer organized under article twelve of this chapter and licensed pursuant to article forty-one of this chapter and operating pursuant to an order of rehabilitation, or a domestic advance premium corporation organized and licensed under article sixty-six of this chapter and operating pursuant to an order of rehabilitation, may, upon application of the superintendent and pursuant to an order granted by the court in which the rehabilitation is pending, be converted by the superintendent into a domestic stock insurer in rehabilitation to be organized under article twelve and licensed under article forty-one of this chapter, in accordance with the provisions of subsection (b) of this section.

(b) Before making such application to the court, the superintendent shall hold a public hearing, notice of which shall be given by publication in a newspaper of general circulation in the county in which the insurer has its principal office and in the two largest cities in each state in which the insurer has underwritten insurance within one year preceding the date of the order of rehabilitation.

(c) If, after such hearing, the superintendent concludes that such conversion is appropriate and is necessary for a successful rehabilitation or is likely to materially enhance the probability of a successful rehabilitation, he may apply to the court in which the rehabilitation is pending for an order directing him to convert such insurer into a domestic stock insurer in rehabilitation, pursuant to the plan of conversion that the superintendent shall propose, subject to court approval. The primary objective of the plan shall be the successful rehabilitation of the insurer. In the development of such plan the superintendent shall take into account the policyholders' equity, if any, at the time of conversion and may in his discretion provide for a distribution of such equity to each person who had a policy in effect at any time during the three year period (or such shorter period that the superintendent determines is practicable) preceding the date of the filing of the application by the superintendent. The plan shall provide for appropriate procedures necessary for the implementation of the proposed conversion. Such stock insurer in rehabilitation shall be subject to all of the applicable provisions of this chapter, except those provisions relating to licensing and financial requirements from which it is exempted by the

superintendent. Upon the termination of the order of rehabilitation, the exemptions granted by the superintendent shall cease and the insurer shall become subject to all applicable provisions of this chapter.

(d) The authorized capital stock of the new domestic stock insurer shall be held for the benefit of the qualifying prospective shareholders or purchasers by an escrow agent appointed by the superintendent. Such stock shall be released to the owners of record after the court approves the conversion and the order of rehabilitation is terminated.

(e) All expenses of the conversion, including the expenses incurred by the department of financial services, shall be borne by the company being converted.

§ 7312. Reorganization of a domestic mutual life insurer into a domestic stock life insurer. (a) Definitions. As used in this section, the following terms shall have the following meanings:

(1) "Mutual life insurer" means a domestic mutual life insurer.

(2) "Policyholder" means a person, as determined by the records of a mutual life insurer, who is deemed to be the "policyholder" of a policy or annuity contract which is of a type described in paragraphs one, two or three of subsection (a) of section one thousand one hundred thirteen of this chapter for purposes of paragraph three of subsection (a) of section four thousand two hundred ten of this chapter.

(3) "Policyholders' membership interest" means and includes all policyholders' rights as members arising under the charter of the mutual life insurer or this chapter or otherwise by law including, but not limited to, the rights to vote and to participate in any distribution of surplus whether or not incident to a liquidation of the mutual life insurer. The term "policyholders' membership interest" does not include rights, including without limitation the right to participate in the distribution of surplus, expressly conferred upon the policyholders by their policies or contracts other than any right to vote.

(4) "Plan of reorganization" means a plan of conversion or conversion and merger in accordance with this section.

(5) "Reorganized insurer" means the domestic stock life insurer into which a mutual life insurer has been reorganized in accordance with this section.

(6) "Statement date" means the December thirty-first immediately prior to the date the plan of reorganization was adopted.

(7) "Person" means an individual, partnership, firm, association, corporation, joint-stock company, trust, any similar entity or any combination of the foregoing acting in concert.

(b) Demutualization. Any other provision of this chapter to the contrary notwithstanding, upon compliance with the requirements of and completion of the proceedings prescribed by this section and with the written approval of the superintendent, a mutual life insurer may either (1) reorganize into a domestic stock life insurer or (2) reorganize as part of a plan of reorganization in which a majority or all of the common shares of the domestic stock life insurer is acquired by another institution which may be an institution organized for such purpose. As part of the reorganization, the mutual life insurer may merge with a domestic stock insurer, provided that the merging insurers shall comply with the provisions of this chapter applicable to their participation in such a merger.

(c) Plan of reorganization. A plan of reorganization must: (1) demonstrate a purpose and specify reasons for the proposed reorganization; (2) be in the best interest of the mutual life insurer and its policyholders; (3) be fair and equitable to policyholders; (4) provide for the enhancement of the operations of the reorganized insurer; and (5) not substantially lessen competition in any line of insurance business.

(d) Reorganization. The proposed reorganization shall be accomplished by a plan which must be fair and equitable to the policyholders and must comply with the terms and conditions set forth in paragraph one, two or four of this subsection provided however, that a mutual life insurer which has surplus to policyholders, excluding contingently repayable obligations of the mutual life insurer under section one thousand three hundred seven of this chapter, of less than fifty million dollars and which has industrial insurance in force must comply with the terms and conditions set forth in paragraph one, two, three or four of this subsection. Nothing herein contained shall be deemed to give any class of policyholders priority with respect to the assets of any such reorganized insurer in liquidation, other than as expressly stated in paragraph two of this subsection.

(1) (A) The mutual life insurer's participating business comprised of its participating policies and contracts in force on the effective date of reorganization shall be operated by the reorganized insurer as a closed block of participating business in accordance with paragraph five of this subsection except that, at the option of the mutual life insurer, some or all classes of group policies and contracts may be excluded from the closed block of participating business and in such event such group policies and contracts shall continue to be eligible to receive dividends based on the experience of such class or classes; (B) subject to the provisions of subparagraph (D) of this paragraph, the plan of reorganization provides that the policyholders' membership interest will be exchanged for all of the common shares of the reorganized insurer or its parent company, if any, or for either, or a combination of (i) the common shares of the reorganized insurer or its parent company, if any, and (ii) consideration equal to the proceeds of the public sale in the market of such common shares by the issuer thereof or by a trust or other entity existing for the exclusive benefit of the policyholders and established solely for the purpose of effecting the reorganization to which such common shares are issued by the issuer on the effective date of reorganization, such consideration to be distributed to policyholders during a process of reorganization specified in the plan and not to last more than ten years after the effective date of reorganization or until notification of the death of a policyholder or the death of the insured, whichever occurs first; (C) the consideration to be given to the policyholders is allocated among the policyholders in a manner which is fair and equitable to policyholders and which may take into account the estimated proportionate contribution of each class of participating policies and contracts to the aggregate consideration being given to policyholders; (D) unless such issuance within a shorter or longer period is disclosed in the plan of reorganization, the issuer of such common shares has not issued and does not issue within two years of the effective date of the reorganization (i) any of its common shares, (ii) any securities convertible, with or without consideration, into such common shares or carrying any warrant or right to subscribe to or to purchase common shares, or (iii) any warrants or rights to subscribe to or purchase such common shares or other securities described in item (ii) of this

subparagraph, except for the issue of common shares to or for the benefit of the policyholders pursuant to the reorganization and the issue of stock in anticipation of options for the purchase of common shares being granted to officers or employees of the reorganized insurer or its holding company, if any, pursuant to this chapter and a plan approved by the superintendent; (E) the issuer shall use its best efforts to encourage and assist in the establishment of a public market for such common shares within two years of the effective date of the reorganization (or such longer period as may be disclosed in the plan of reorganization); (F) within one year after the offering of stock other than the initial distribution, but no later than six years after the effective date of the reorganization the insurer, under a plan approved by the superintendent, which he finds not to be harmful to the reorganized insurer, shall offer to make available to policyholders who received and retained shares of stock with minimal values on reorganization, a procedure to dispose of those shares of stock at market value without brokerage commissions or similar fees; and (G) the costs and expenses of the reorganization shall be borne by the insurer but no costs and expenses incurred in any manner in connection with the reorganization shall be charged to the closed block.

(2) (A) The mutual life insurer's participating business comprised of its participating policies and contracts in force on the effective date of the reorganization shall be operated by the reorganized insurer as a closed block of participating business in accordance with paragraph five of this subsection except that, at the option of the mutual life insurer some or all classes of group policies and contracts may be excluded from the closed block of participating business and in such event such group policies and contracts shall continue to be eligible to receive dividends based on the experience of such class or classes; (B) the reorganized insurer or its parent corporation is to issue and sell shares of one or more classes of stock having a total offering price equal to the estimated value in the public market of the mutual life insurer; (C) the policyholders' equity is equal to the excess of (i) the amount of the mutual insurer's assets accumulated from the operations of participating policies and contracts in force on the effective date of the reorganization, over the sum of (ii) the amount of assets allocated to the closed block of participating business and (iii) an amount equal

to the statutory reserves and other statutory liabilities attributable to any group participating policies and contracts in force on the effective date of reorganization and not included in the closed block of participating business, provided however, that the policyholders' equity cannot be less than the amount of the policyholders' preference account. The amount of the policyholders' equity shall be determined as of the statement date and adjusted by the estimated percentage change in the mutual insurer's total assets, as reported in its statutory statements, between the statement date and the effective date of the reorganization. Any determination of policyholders' equity shall include adjustments for any events or matters deemed by the superintendent appropriate, which have a material effect on policyholders' equity and occurred within seven years prior to the statement date; (D) the plan of reorganization provides that the policyholders' membership interest will be exchanged for consideration equal to (i) the policyholders' equity, (ii) nontransferable preemptive subscription rights to purchase all of the shares of such issuer, (iii) ten percent of the proceeds net of underwriting commissions and fees raised by the insurer upon the sale of its initial offering of shares, and (iv) the establishment of a policyholders' preference account for the benefit of policyholders existing on the effective date of reorganization, and for the benefit of the future policyholders of the reorganized insurer, in the event of a subsequent complete liquidation of the reorganized insurer, such policyholders' preference account having the terms described below in this paragraph; (E) the consideration to be given to the policyholders is allocated among the policyholders in a manner which is fair and equitable to policyholders and which may take into account the estimated proportionate contribution of each class of participating policies and contracts to the aggregate consideration being given to policyholders; (F) at the option of the mutual life insurer, any common shares of the reorganized insurer or its parent company, if any, included in the policyholders' consideration, other than those acquired as a result of a policyholder exercising any preemptive subscription rights, may be placed in a trust or other entity existing for the exclusive benefit of the policyholders and established solely for the purpose of effecting the reorganization to which such common shares are issued by the issuer on the effective date of reorganization, such consideration or the

proceeds of the sale of such consideration to be distributed to policyholders during a process specified in the plan and not to last more than ten years after the effective date of reorganization or until notification of the death of the policyholder or the death of the insured, whichever occurs first; (G) the issuer shall use its best efforts to encourage and assist in the establishment of a public market for such common shares within two years of the effective date of the reorganization; (H) within one year after the offering of stock other than the initial distribution, but no later than six years after the effective date of the reorganization the insurer, under a plan approved by the superintendent which he finds not to be harmful to the reorganized insurer, shall offer to make available to policyholders who received and retained shares of stock with minimal values on reorganization, including but not limited to shares acquired by policyholders exercising their preemptive subscription rights, a procedure to dispose of those shares of stock at market value without brokerage commissions or similar fees; (I) the costs and expenses of the reorganization shall be borne by the insurer, however if the reorganization is effected, no costs and expenses incurred in any manner in connection with the reorganization shall be charged to the participating business in force on the effective date of reorganization. Costs and expenses shall include but not be limited to legal fees, appraisal fees, printing and/or mailing costs; (J) notwithstanding subparagraph (I) of this paragraph, if the plan of reorganization provides for or permits a person to directly or indirectly acquire in any manner the beneficial ownership of five percent or more of the voting securities of such reorganized insurer or of any institution which owns a majority or all of the voting securities of the reorganized insurer, or if the superintendent determines that a person will control, as defined in paragraph sixteen of subsection (a) of section one hundred seven of this chapter, such reorganized insurer or any institution which owns a majority or all of the voting securities of the reorganized insurer then, unless the superintendent determines that it is in the policyholders' interest to waive all or part of this condition, the mutual life insurer shall not, directly or indirectly, pay for any of the costs or expenses of a proposed reorganization whether or not such reorganization is effected and in no event shall any of the costs and

expenses incurred in any manner in connection with the reorganization be charged to the participating business in force on the effective date of reorganization. Costs and expenses shall include but not be limited to legal fees, appraisal fees, printing and/or mailing costs; (K) the policyholders' preference account referred to above shall be equal to the excess of the amount of the mutual insurer's total admitted assets over the sum of (i) the total amount of assets allocated to the closed block of participating business and (ii) the policyholders' equity and (iii) statutory reserves and liabilities attributed to policies and contracts not included in the closed block of participating business. The policyholders' preference account shall be calculated as of the statement date and adjusted appropriately to reflect any changes in the components used in determining the amount of the policyholders' preference account between the statement date and the effective date of reorganization; (L) a mutual life insurer whose policyholders' equity is paid in the form of stock may show, as a write-in item labeled "Reorganization surplus" immediately following "Capital paid up" on the annual statement of the reorganized insurer, a negative amount equal to the excess of the policyholders' equity which was paid in the form of stock over its unassigned surplus on the date of reorganization; and (M) the policyholders' preference account shall be so designated and shown as a footnote to the surplus of the reorganized insurer in all of its published and filed statements. In the event of a subsequent complete liquidation of the reorganized insurer, and only in such event, the policyholders' preference account shall be allocated among the then policyholders in a manner found by the superintendent to be fair and equitable to policyholders, first to policyholders having participating policies and contracts in force on the effective date of the reorganization and then to all other policyholders of the reorganized insurer. The function of the policyholders' preference account shall be solely to establish a priority on liquidation and its existence shall not operate to restrict the use or application of the surplus of the reorganized insurer except that the reorganized insurer, after complying with all other requirements of this chapter, cannot declare or pay a cash dividend on, or repurchase any of, its shares if, after such declaration or payment, the amount of net preference assets of the reorganized insurer is less than the amount of the policyholders'

preference account. For this purpose, the net preference assets shall be equal to the insurer's total admitted assets less the sum of (i) the assets in the closed block of participating business (ii) the statutory reserves and liabilities with respect to business not in such closed block and (iii) the reorganized insurer's capital and paid in surplus.

(3) (A) The mutual life insurer's participating business comprised of its participating policies and contracts in force on the effective date of the reorganization shall be operated by the reorganized insurer as a closed block of participating business, for policyholder dividend purposes only, to which shall be allocated admitted assets of the mutual life insurer in an amount equal to the statutory reserves and statutory liabilities of the mutual life insurer; (B) the consideration to be given in exchange for the policyholders' membership interest shall be equal to the statutory surplus of the mutual life insurer; (C) the amount of statutory reserves and statutory liabilities and statutory surplus shall be determined as of the statement date and adjusted by the estimated percentage change in the mutual insurer's total admitted assets between the statement date and the effective date of reorganization. Any determination of statutory surplus shall include adjustments for any events or matters deemed by the superintendent appropriate, which have a material effect on policyholders' consideration and occurred within seven years prior to the statement date; (D) the consideration shall be allocated among the policyholders in a manner which is fair and equitable to the policyholders and which may take into account the estimated proportionate contribution of each class of participating policies and contracts to the aggregate consideration being given to policyholders; (E) the reorganized insurer or its parent corporation is to issue and sell shares of one or more classes of stock having a total offering price equal to the estimated value in the market of the mutual life insurer; (F) the costs and expenses of the reorganization shall be borne by the insurer; however, if the plan of reorganization provides for or permits a person to directly or indirectly acquire in any manner the beneficial ownership of five percent or more of any class of a voting security of such reorganized insurer or of any institution which owns a majority or all of the voting securities of the reorganized insurer, or if the superintendent determines that a person will control, as defined in

paragraph sixteen of subsection (a) of section one hundred seven of this chapter, such reorganized insurer or any institution which owns a majority or all of the voting securities of the reorganized insurer then, unless the superintendent determines that it is in the policyholders' interest to waive all or part of this condition, the mutual life insurer shall not, directly or indirectly, pay for any of the costs or expenses of a proposed reorganization whether or not such reorganization is effected. Costs and expenses shall include but not be limited to legal fees, appraisal fees, printing and/or mailing costs; and (G) none of the assets, including the revenue therefrom, allocated in accordance with subparagraph (A) of this paragraph shall revert to the benefit of the stockholders of the reorganized insurer.

(4) (A) Any method approved by the superintendent under which the policyholders' membership interest is converted into or exchanged for consideration determined by the superintendent to be fair and equitable to policyholders and meeting the requirements of this section; (B) the consideration to be given to the policyholders is allocated among the policyholders in a manner which is fair and equitable; (C) unless the superintendent determines that it is in the policyholders' interest to waive all or part of this condition, the mutual life insurer does not, directly or indirectly, pay for any of the costs or expenses of a proposed reorganization whether or not such reorganization is effected. Costs and expenses shall include but not be limited to legal fees, appraisal fees, printing and/or mailing costs; and (D) in determining whether any reorganization is fair and equitable, the superintendent shall be guided by the legitimate economic interests of participating policyholders as delineated in this section.

(5) (A) When the mutual life insurer's participating business comprised of its participating policies and contracts in force on the effective date of the reorganization shall be operated by the reorganized insurer as a closed block of participating business in accordance with paragraphs one and two of this subsection, then it shall be so operated for the exclusive benefit of such policies and contracts included therein, for policyholder dividend purposes only; (B) to such closed block shall be allocated assets of the mutual life insurer in an amount which together with anticipated revenue from such business is reasonably expected to be sufficient to support such business including,

but not limited to, provisions for payment of claims, expenses and taxes, and to provide for continuation of current payable dividend scales, if the experience underlying such scales continues and for appropriate adjustments in such scales if the experience changes; (C) the amount of such assets shall be determined as of the statement date and brought forward to the effective date of the reorganization using methods which would have been used had the closed block been established on the statement date with appropriate recognition of new issues; and (D) none of the assets, including the revenue therefrom, allocated in accordance with subparagraph (B) of this paragraph shall revert to the benefit of the stockholders of the reorganized insurer.

(6) If any amount of the policyholders' consideration for certain classes of policies or contracts is to be paid in the form of increased annual dividends to the policyholders in those classes, that amount is to be added to the assets previously allocated in accordance with paragraph three or five of this subsection and is to be paid out to those classes in a fair and equitable manner.

(e) Adoption of plan of reorganization. (1) A mutual life insurer seeking to reorganize under this section shall, by action of three-fourths of its entire board of directors, adopt a plan consistent with the provisions of this section and that it finds is fair and equitable to the policyholders. The board of directors of the mutual life insurer, in selecting one of the methods described in subsection (d) of this section, shall set forth the basis for their selection. The plan of reorganization shall set forth (A) a demonstration of the purpose for the proposed reorganization; (B) the form of the reorganization; (C) the proposed charter of the reorganized insurer set out in accordance with section one thousand two hundred one of this chapter and its proposed by-laws which shall provide for the removal of the word "mutual" from the name of the company; (D) the manner and basis by which the reorganization shall take place; (E) the consideration to be given to the policyholders in exchange for their policyholders' membership interest or the manner of converting the policyholders' membership interest into securities or other consideration; (F) the method of allocating the consideration among policyholders; (G) the method of operation of the mutual life insurer's participating business comprised of its participating policies and contracts in force on the

effective date of the reorganization; and (H) a plan of operation for the reorganized insurer including actuarial projections for a ten-year period and a statement indicating its intentions with regard to issuing any nonparticipating business. If the reorganized insurer proposes to continue to issue for delivery in this state participating policies or contracts, the plan of reorganization shall so specify. In such event, upon the superintendent's approval of the plan of reorganization pursuant to this section, the superintendent shall, in accordance with section four thousand two hundred thirty-one of this chapter, issue a revocable permit to the reorganized insurer authorizing it to issue participating policies and contracts in this state. The plan of reorganization may contain any other conditions and provisions which the board of directors of the mutual life insurer may deem necessary or advisable in connection with the proposed reorganization.

(2) The consideration to be given in exchange for the policyholders' membership interest or into which such membership interest is to be converted may consist of cash, securities of the reorganized insurer or securities of another institution or institutions, a certificate of contribution, additional life insurance or annuity benefits, increased dividends or other consideration or any combination of such forms of consideration. The consideration, if any, given to any class or category of policyholder need not be the same as the consideration given to any other class or category of policyholder. The certificate of contribution referred to above shall be repayable in five years and bear annual interest at the published monthly average, as defined in section three thousand two hundred six of this chapter, for the calendar month ending two months before the effective date of reorganization.

(3) The policyholders who shall be entitled to notice of and to vote upon the proposal to approve the plan of reorganization and to notice of the public hearing required by this section shall be the policyholders whose policies or contracts are in force on the date of adoption of the plan of reorganization. Each such policyholder whose policy has been in force on such date shall be entitled to the consideration, if any, provided for such policyholder in the plan based on such policyholder's membership interest determined pursuant to this section but only to the extent that such policyholder's membership interest arose from policies or contracts that shall be in force on the date of adoption of the plan.

(4) Upon adoption of the plan of reorganization, it shall be duly executed by the chairman of the board, the president or a vice president and attested by the secretary or an assistant secretary of the mutual life insurer under such insurer's corporate seal and shall be submitted to the superintendent with a copy of the resolutions adopting such plan and finding that it is fair and equitable to the policyholders, accompanied by a certificate of adoption of such resolutions subscribed by such officers and affirmed by them as true under penalties of perjury and under the seal of the mutual life insurer.

(f) Amendment or withdrawal of plan. The mutual life insurer may, by action of a majority of the entire board of directors, at any time before the plan of reorganization becomes effective as provided by this section (1) amend the plan of reorganization; or (2) withdraw the plan of reorganization. On adoption of an amendment it shall be duly executed by the chairman of the board, the president or a vice president and attested by the secretary or an assistant secretary of the mutual life insurer under such insurer's corporate seal and shall be submitted to the superintendent with a copy of the resolutions adopting such amendments subscribed by such officers and affirmed by them as true under penalties of perjury and under the seal of the mutual life insurer. In case of an amendment, all references in this section to the plan of reorganization shall be deemed to refer to the plan as amended. No amendment made after any public hearing required by this section or after approval by the policyholders as provided in this section shall change the plan in a manner which the superintendent determines is materially disadvantageous to any of the policyholders unless a further public hearing is held on the plan as amended if the amendment is made after the public hearing, or the plan as amended is submitted for reconsideration by the policyholders if the amendment is made after the plan has been approved by the policyholders, under the conditions and procedures determined by the superintendent in accordance with this section.

(g) Additional information. Upon submission to him of the plan of reorganization, the superintendent may request any additional documents or information and may examine the mutual life insurer or any of its affiliates, to the extent he may determine to be necessary to enable him to make the findings required by this section for the approval by him of

the plan of reorganization. If the reorganized insurer proposes to continue to issue for delivery in this state participating policies or contracts, the superintendent may also request such information or agreements relative thereto as he may require pursuant to section four thousand two hundred thirty-one of this chapter.

(h) Consultants and certifications. (1) The superintendent may appoint one or more qualified disinterested persons or institutions as consultants to advise him on any matters related to the reorganization. The appointment of a consultant shall be in writing and shall set forth the duties and responsibilities of the consultant. Copies of such appointment shall be given to the consultant and concurrently to the mutual life insurer.

(2) If the plan of reorganization satisfies the conditions set forth in paragraph one or two of subsection (d) of this section, the superintendent shall appoint one or more qualified and disinterested actuaries for the purpose specified in paragraph three of this subsection. Such actuary shall be a member of the American Academy of Actuaries, and shall be knowledgeable and experienced as to the matters to be certified.

(3) Such actuary shall certify in writing as to (A) in the case of a plan of reorganization pursuant to paragraph two of subsection (d) of this section, the amount of the mutual insurer's assets accumulated from the operations of participating policies and contracts in force on the effective date of the reorganization and (B) in the case of a plan of reorganization pursuant to paragraphs one or two of subsection (d) of this section, the reasonableness and sufficiency of the asset allocation referred to in subparagraph (B) of paragraph five of subsection (d) of this section. Such certification shall be in form satisfactory to the superintendent and shall be made in accordance with professional standards and practices generally accepted by the actuarial profession and such other factors as such actuary in his professional judgment believes are reasonable and appropriate at the time such certification is made. Any such certification shall be accompanied by a memorandum of the actuary, in form satisfactory to the superintendent, describing the calculations made in support of such certification and the assumptions used in such calculations.

(4) The consultant and the actuary may request of the mutual life

insurer access to its books and records and the furnishing by it of any other information in its possession, to the extent it may reasonably be deemed necessary to make the valuations and certifications contemplated by this subsection, or to advise the superintendent on any matters related to the reorganization. The consultant and the actuary shall report to the superintendent any instance in which the mutual life insurer fails to provide any information requested by them. The consultant and the actuary shall not, under judicial process or otherwise, be obligated or permitted to divulge to any one except the superintendent any information not otherwise publicly available which is so obtained by them. The consultant and the actuary shall receive reasonable compensation and shall be reimbursed for reasonable expenses incurred in performing their duties.

(5) The report of the consultant and the certification of the actuary shall be made to the superintendent. In making the determinations contemplated by this section, the superintendent shall not be bound by any findings, conclusions, certifications or recommendations made by the consultant or the actuary. All information obtained by the superintendent pursuant to this section, including without limitation information obtained through examinations by him, the report of the consultant, the certification of the actuary, the memorandum of the actuary and other information secured by the consultant or the actuary and turned over to the superintendent, are hereby specifically exempted, as contemplated by paragraph (a) of subdivision two of section eighty-seven of the public officers law, from disclosure by the superintendent under said section eighty-seven of such law. Such exemption shall not preclude or exempt the superintendent from disclosure of such information pursuant to judicial process under provisions of law other than said section eighty-seven of the public officers law, nor prohibit any disclosure which in the opinion of the superintendent, and after an opportunity for the insurer to be heard, the superintendent deems should be made public for the benefit of the insurer, its policyholders or the public. If the department intends to make any report or certification public, then such report or certification shall be made available to the company at least fifteen days prior to such public disclosure.

(6) Nothing contained in this section shall be construed to exclude

any person or employee or member of an institution from the category of "disinterested person" solely because such individual is a policyholder of the insurer or that such person or institution is to be one of the underwriters of any shares to be sold pursuant to the plan of reorganization.

(i) Public hearing. The superintendent shall hold a public hearing upon the fairness of the terms and conditions of the plan of reorganization, the reasons and purposes for the mutual life insurer to demutualize, and whether the reorganization is in the interest of the mutual life insurer and its policyholders, and not detrimental to the public. Notice stating the time, place and purpose of the hearing shall be mailed by the mutual life insurer to each policyholder entitled to notice of the hearing in accordance with paragraph three of subsection (e) of this section, at his last known address as shown on the records of the mutual life insurer; such notice shall be mailed at least thirty days before the date of the hearing. Such notice shall be preceded or accompanied by a true and complete copy of the plan, or by a summary thereof approved by the superintendent, and such other explanatory information as the superintendent shall approve or require. In addition, the mutual life insurer shall give notice of the time, place and purpose of the hearing by publication in three newspapers of general circulation, one in the county in which the insurer has its principal office and two in other cities within or without this state approved by the superintendent. Such newspaper publications shall be made not less than fifteen days nor more than sixty days before the hearing, and shall be in a form approved by the superintendent.

(j) Approval of plan by superintendent. The superintendent shall after the public hearing required by subsection (i) of this section approve the plan of reorganization if he finds that the proposed reorganization, in whole and in part, does not violate this chapter, is fair and equitable to the policyholders and is not detrimental to the public and that, after giving effect to the reorganization, the reorganized insurer will have an amount of capital and surplus the superintendent deems to be reasonably necessary for its future solvency. If approval is denied, the denial shall be in writing setting forth a statement of the reasons therefor and the mutual life insurer shall have the right to a hearing before the superintendent within thirty days of the date of such denial.

The superintendent shall not disapprove of a plan of reorganization for the reason that the mutual life insurer selected one of the methods provided for in subsection (d) of this section rather than another. The superintendent shall approve or disapprove the plan in writing on or before sixty days after the conclusion of the public hearing required by subsection (i) of this section.

(k) Approval by policyholders. (1) A proposal to approve the plan of reorganization shall be submitted to policyholders. Notice stating the date, time and place for voting on such proposal shall be mailed by the mutual life insurer to each policyholder entitled to notice of and to vote on the proposal in accordance with paragraph three of subsection (e) of this section, at his last known address as shown on the records of the mutual life insurer; such notice shall be mailed at least thirty days before the date of the action. Such notice may be combined with notice of the public hearing required by this section. Such notice shall be preceded or accompanied by a true and complete copy of the plan, or by a summary thereof approved by the superintendent, and such other explanatory information as the superintendent shall approve or require.

(2) Each policyholder entitled to vote on the proposal shall be entitled to cast one vote, unless otherwise provided in the charter or by-laws of the mutual life insurer, on the proposal, either in person or by mail or by proxy, irrespective of the number or amount of the policies or contracts he holds. Any proxy shall be revocable at any time except to the extent that, at the time of exercise, the power conferred thereby has been exercised. All votes shall be by written ballot cast in person or by mail by policyholders entitled to vote or by proxy agents duly appointed by policyholders entitled to vote. The voting on the proposal shall be held at the home office of the mutual life insurer. The polls shall be opened at ten o'clock in the forenoon and remain open until four o'clock in the afternoon of the day fixed for such voting, at which time they shall be closed. The proposal to approve the plan of reorganization may be adopted by the affirmative vote of two-thirds of all votes cast by policyholders entitled to vote.

(3) The superintendent shall have power to supervise and direct and prescribe rules governing the procedure for the conduct of the voting on the proposal to such extent, consistent with the provisions of this section, as he deems necessary to insure a fair and accurate vote. Such

powers shall include, but not be limited to, power to supervise and regulate (A) the determination of policyholders entitled to notice of and to vote on the proposal; (B) the giving of notice of the proposal; (C) the receipt, custody, safeguarding, verification and tabulation of proxy forms and ballots; and (D) the resolution of disputes.

(4) The superintendent shall appoint as inspectors an adequate number of personnel of the department of financial services or other competent and disinterested persons and may appoint, if necessary, expert accountants and other assistants and may authorize the procurement of stationery and supplies necessary for conducting the voting on the proposal and canvassing the votes. The inspectors shall have power to determine all questions concerning the verification of the ballots and proxies, the ascertainment of the validity thereof, the qualifications of the voters and the canvass of the vote, and with respect thereto shall act under such rules as shall be prescribed by the superintendent. Any disagreement among the inspectors shall be reported to and shall be resolved by the superintendent. Any determinations by the inspectors or the superintendent shall be subject to judicial review.

(5) Representatives of the policyholders, including representatives of policyholders favoring or opposing the approval of the plan, shall be entitled to be present during the casting, verification and canvassing of the proxies and ballots and shall be entitled to examine and object to any such proxy or ballot. The superintendent or the inspectors may limit the number of persons representing any interested person or group and may specify fair and reasonable procedures for the examination of and presentation of objections to the proxies and ballots. Costs and expenses incurred in providing such representation shall not be a charge upon or paid from the funds of the mutual life insurer or the person responsible for the costs and expenses of the reorganization.

(6) Neither the mutual life insurer nor any officer, agent or employee thereof shall knowingly omit, from any list of policyholders entitled to notice of and to vote on the proposal, the name of any policyholder required to be included therein, or shall, in connection with any such list, knowingly omit to give the name and address, as last shown on the records of the mutual life insurer, of any policyholder. No person shall conceal or withhold or aid or abet any other person in concealing or withholding any proxy or ballot from the authorized custodians thereof

or from the inspectors. No policyholder shall sell or offer to sell any vote or proxy for any sum of money or anything of value other than the consideration provided for in the plan or reorganization if such plan becomes effective.

(7) All ballots and proxies received by the inspectors shall immediately upon the completion of the canvass be placed in sealed packages and shall be preserved by the inspectors for a period of four years, subject to the order of any court having jurisdiction of any proceedings relating thereto, and then shall be turned over to the mutual life insurer, or the reorganized insurer if the reorganization has become effective.

(8) The conduct of the voting on the proposal shall at all times, on petition of the superintendent or of any person or persons whose rights may be affected, be subject to the supervision and control of the supreme court in the judicial district in which the mutual life insurer has its home office.

(9) The inclusion by the mutual life insurer of the name of any person in any list of policyholders required by this section shall not be construed as an admission by such insurer of the validity of any policy or contract and no such list shall be competent evidence against such insurer in any action or proceeding in which the question of the validity of any policy or contract or of any claim under it is involved.

(10) The provisions of section four thousand two hundred ten of this chapter shall not apply to the action by policyholders pursuant to this section.

(11) Upon the conclusion of the vote, the mutual life insurer shall submit to the superintendent (A) a certified copy of the plan of reorganization, subscribed by the chairman of the board, the president or any vice president and attested by the secretary or an assistant secretary of the mutual life insurer; (B) a certificate, subscribed by the chairman of the board, the president or any vice president and attested by the secretary or assistant secretary of the mutual life insurer, or subscribed by the person or persons, if any, designated by the superintendent to supervise the giving of notice of the date for action on the proposal, to the effect that such notice was given in accordance with this section to all policyholders entitled to such notice; and (C) a certificate subscribed by the inspectors of the

results of the vote, as evidenced by valid ballots received before the polls were closed. Each such certificate shall be affirmed as true under the penalties of perjury by the person or persons subscribing the same and, in the case of a certificate signed by officers of the mutual life insurer, shall be affirmed under the corporate seal of the mutual life insurer.

(l) Effective date of reorganization. When the superintendent has given his approval of the plan of reorganization as provided in subsection (j) of this section and certification of approval of the plan has been made to the superintendent as provided in subsection (k) of this section, a copy of the plan of reorganization, with the superintendent's approval endorsed thereon, shall be filed in the office of the superintendent. A copy of such plan certified by the superintendent shall also be filed by the mutual life insurer in the office of the clerk of the county where the principal office of the mutual life insurer is located. The plan of reorganization shall take effect in accordance with its terms on the date when the filings required by this subsection have been made or on such later date, if any, as may have been specified in or determined in accordance with said plan or pursuant thereto. The superintendent shall issue an amended certificate of authority to the reorganized insurer and such license, if any, as may be required under section one thousand two hundred four of this chapter for the sale of its securities as specified in its plan of reorganization.

(m) Corporate existence. Upon the reorganization of the mutual life insurer in the manner herein provided, the reorganized insurer shall be deemed a continuation of the corporate existence of the mutual life insurer or, in the case of a merger, of the company specified in the plan of reorganization as the continuing company, which may be either the mutual life insurer or the domestic stock life insurer with which it is merged. All the rights, franchises and interests of the mutual life insurer and, in the case of a merger, of the domestic stock insurer, in and to every species of property, real, personal and mixed, and things in action thereunto belonging, shall be deemed transferred to and vested in the continuing company, without any other deed or transfer; and simultaneously therewith such continuing company shall be deemed to have assumed all of the obligations and liabilities of the mutual life

insurer and, in the case of a merger, of the domestic stock insurer, other than obligations and liabilities with respect to the policyholders' membership interest eliminated by the plan of reorganization.

(n) Actions and proceedings. No action or proceeding pending at the time of the reorganization to which the mutual life insurer may be a party shall be abated or discontinued by reason of such reorganization, but the same may be prosecuted to final judgment in the same manner as if the reorganization had not taken place, or the reorganized insurer may be substituted in place of such mutual life insurer by order of the court in which the action or proceeding may be pending.

(o) Directors and officers. The directors and officers of the mutual life insurer, unless otherwise specified in the plan of reorganization, shall serve as directors and officers of the reorganized insurer until new directors and officers have been duly elected and qualified pursuant to the charter and by-laws of the reorganized insurer.

(p) Costs and expenses. (1) The mutual life insurer shall deliver to the superintendent at the time of submission of the plan of reorganization a written undertaking in form and substance satisfactory to the superintendent and signed by the mutual life insurer, and by such other persons as the superintendent may require, specifying the manner in which all costs and expenses incurred in any manner in connection with the plan of reorganization shall be paid or reimbursed. Such undertaking shall provide for the payment or reimbursement of all expenses incurred by the superintendent or the department in connection with the plan of reorganization, other than normal operating expenses of the department.

(2) Such undertaking, other than a reorganization pursuant to paragraph one of subsection (d) of this section, shall also provide that no payment of costs and expenses by the mutual life insurer or the reorganized insurer shall, after giving effect to any reimbursement or contribution received by such insurer with respect thereto, have the effect of reducing the consideration, other than the policyholders' preference account referred to in paragraph two of subsection (d) of this section, to be paid to the policyholders pursuant to the plan of reorganization. The requirements of this paragraph may be waived in a reorganization pursuant to paragraphs three and four of subsection (d)

of this section if the superintendent determines that it is in the policyholders' interest to do so.

(3) The said undertaking shall apply to costs and expenses incurred prior to the submission of the plan of reorganization as well as those incurred thereafter and shall be binding whether or not the plan of reorganization takes effect. The consideration to be given to policyholders pursuant to the plan shall not be deemed a cost or expense of the reorganization subject to this subsection nor to such undertaking.

(q) Notice of proposed reorganization. Notice of the pendency of the proposed reorganization and of the effect thereof shall be given by the mutual life insurer in a manner satisfactory to the superintendent to all persons to whom the mutual life insurer delivers policies or contracts which are issued after the date on which the plan of reorganization is adopted by the mutual life insurer and before the plan takes effect or is withdrawn. Such persons shall have the right, unless the laws of their domiciliary state gives other rights, to rescind such policies or contracts, and to be refunded any amounts paid with respect thereto, by written notice to such insurer or its agent given within ten days of their receipt of the aforesaid notice given by such insurer.

(r) Effect of reorganization. If the plan of reorganization takes effect, the rights of all policyholders thereafter shall be as specified in their policies or contracts, in the charter of the reorganized insurer and in the plan of reorganization, except for the elimination of the right to vote, if any, and they shall have no rights under the charter of the mutual life insurer. The reorganized insurer shall thereafter be subject to all laws, rules and regulations applicable to domestic stock life insurers and shall not be subject to any laws, rules or regulations of this state applicable to domestic mutual insurers and not to domestic stock life insurers.

(s) Failure to give notice. If the mutual life insurer complies substantially and in good faith with the requirements of this section with respect to the giving of any required notice to policyholders, its failure in any case to give such notice to any person or persons entitled thereto shall not impair the validity of the actions and proceedings taken under this section or entitle such person to any injunctive or other equitable relief with respect thereto, but this

subsection shall not impair any claim for damage such person or persons would otherwise have due to such failure.

(t) Limitation of actions; security. (1) Any action challenging the validity of or arising out of acts taken or proposed to be taken under this section must be commenced within one year after a copy of the plan of reorganization, with the superintendent's approval endorsed thereon, shall be filed in the office of the superintendent or six months from the effective date of the reorganization, whichever is later, or if the plan of reorganization is withdrawn, within six months of such withdrawal.

(2) In any action arising out of acts taken or proposed to be taken under this section, the mutual life insurer of the reorganized insurer shall be entitled at any stage of the proceedings before final judgment to petition the court to require plaintiff or plaintiffs to give security for the reasonable expenses, including attorneys' fees, which may be incurred by it in connection with such action and by any other parties defendant in connection therewith or for which the mutual life insurer or the reorganized insurer may become liable under this chapter, under any contract or otherwise by law, to which security the mutual life insurer or the reorganized insurer shall have recourse in such amount as the court having jurisdiction of such action shall determine upon the termination of such action. The amount of security may thereafter from time to time be increased or decreased in the discretion of the court having jurisdiction of such action upon showing that the security provided has or may become inadequate or excessive.

(u) Modification or exchange of existing policies. Nothing in this section shall preclude either the mutual life insurer or the reorganized insurer, on compliance with all applicable requirements of this chapter, from offering at any time or from time to time to any class or category of policyholders to modify their policies or contracts or to exchange their policies or contracts for other policies or contracts in the manner set forth in the offer.

(v) Prohibitions on certain offers to acquire and acquisitions of shares. Prior to, and for a period of five years following the date when the distribution of consideration to the policyholders in exchange for their membership interests is completed pursuant to such plan of reorganization, no person, other than the reorganized insurer or an

institution referred to in subsection (b) of this section that is a part of the plan of reorganization as provided by said subsection (b) or an institution that is formed, with the approval of the superintendent, subsequent to the effective date of the reorganization in order to acquire all of the common shares of the reorganized insurer in a transaction where holders of common shares of the reorganized insurer receive all of the common shares of such institution on a basis that is proportionate to the number of common shares of the reorganized insurer held by each such holder, shall directly or indirectly offer to acquire or acquire in any manner the beneficial ownership of five percent or more of any class of a voting security of such reorganized insurer or of any institution which owns a majority or all of the voting securities of the reorganized insurer, without the prior approval of the superintendent. In the event of any violation of this subsection, or of any action which, if consummated, might constitute such a violation, (1) all voting securities of the reorganized insurer or of such institution acquired by any person in excess of the maximum amount permitted to be acquired by such person pursuant to this subsection shall be deemed to be non-voting securities of the reorganized insurer or of such institution, as the case may be, and (2) such violation or action may be enforced or enjoined, as the case may be, by appropriate proceeding commenced by the reorganized insurer, such institution or the superintendent, the attorney general or any policyholder or stockholder of the reorganized insurer or such institution on behalf of the reorganized insurer or such institution in the supreme court in the judicial district in which the reorganized insurer has its home office or in any other court having jurisdiction, and such court may issue any order, injunctive or otherwise, it finds necessary to cure such violation or to prevent such action. For the purposes of this subsection, the term "beneficial ownership", with respect to any security, means the sole or shared power to vote, or direct the voting of, such security and/or the sole or shared power to dispose, or direct the disposition, of such security; the term "voting security" includes voting securities as defined in paragraph forty-five of subsection (a) of section one hundred seven of this chapter, any preorganization certificate or subscription (including subscription rights issued pursuant to a plan of reorganization), or any security convertible (with

or without consideration) into any such security, or carrying any warrant or right to subscribe for or purchase any such security, or any such warrant or right; the term "offer" includes every offer to buy or acquire, solicitation of an offer to sell, tender offer for, or request or invitation for tenders of, a security or interest in a security for value; and the term "person" means an individual, group, firm, corporation, partnership, association, joint stock company, trust, any similar entity or any combination of the foregoing acting in concert.

(w) Prohibited transactions by officers, directors or employees. (1) Prior to, and for a period of five years following the date when the distribution of consideration to the policyholders in exchange for their membership interests is completed pursuant to such plan of reorganization, no officer, director or employee of the mutual insurer or of the reorganized insurer, including family members and their spouses, shall directly or indirectly offer to acquire or shall acquire in any manner the beneficial ownership of any securities of the reorganized insurer or of the institution referred to in subsection (b) of this section unless the acquisition is (A) made pursuant to a stock option plan approved by the superintendent; (B) made pursuant to the plan of reorganization; (C) made by employees, including their family members and their spouses, from a broker or dealer registered with the Securities and Exchange Commission at the then quoted prices on the date of purchase; or (D) made by officers or directors, including their family members and their spouses, at least two years after the initial public offering from a broker or dealer registered with the Securities and Exchange Commission at the then quoted prices on the date of purchase.

(2) For purposes of this subsection, the term "beneficial ownership", with respect to any security, means the sole or shared power to vote, or direct the voting of, such security and/or the sole or shared power to dispose, or direct the disposition, of such security.

(3) For purposes of this subsection, the term "securities", includes voting securities as defined in section one hundred seven of this chapter, any preorganization certificate or subscription (including subscription rights issued pursuant to a plan of reorganization), or any security convertible (with or without consideration), into any such security, or carrying any warrant or right to subscribe for or purchase

any such security, or any such warrant or right.

(4) For purposes of this subsection, the term "family member", includes a brother, sister, spouse, ancestor or descendant of the officer, director or employee of the mutual insurer or of the reorganized insurer.

(5) No officer, director or employee shall receive any fee or other consideration, other than regular salary, director fees, or consideration as a policyholder in connection with any proposed reorganization. This paragraph, however, shall not prohibit the mutual life insurer from compensating in cash any firm with which one of its directors is associated for services rendered in connection with any proposed reorganization.

(x) Effect on department personnel. Notwithstanding subsection (a) of section five hundred one of the financial services law, the superintendent, any deputy or other employee of the department shall be permitted to receive and exercise any rights received as a policyholder in connection with a reorganization.

§ 7313. Reorganization of domestic mutual accident and health insurance companies.

(a) In this section:

(1) "Affiliate" of a mutual insurer means any person who controls, is controlled by or is under common control with, the mutual insurer being converted. A corporation is an affiliate of another corporation, regardless of ownership, if substantially the same group of persons manage the two corporations.

(2) "Control" has the meaning assigned to it in paragraph two of subsection (a) of section one thousand five hundred one of this chapter.

(3) A "domestic mutual insurer" or "mutual insurer" means a domestic mutual accident and health insurance company organized under article twelve of this chapter and licensed under article forty-two of this chapter and not operating under an order of rehabilitation.

(4) "Policyholder" means a person, as determined by the records of a mutual accident and health insurer, who is deemed to be the "policyholder" of a policy that is of a type described in paragraph three of subsection (a) of section one thousand one hundred thirteen of

this chapter.

(5) "Policyholders' membership interest" means and includes all policyholders' rights as members arising under the charter of the mutual accident and health insurer or this chapter or otherwise by law, including the rights to vote and to participate in the distribution of surplus whether or not incident to a liquidation of a mutual accident and health insurer. The term "policyholders' membership interest" does not include rights, including without limitation the right to participate in the distribution of surplus, expressly conferred upon the policyholders by their policies or contracts other than any right to vote.

(6) "Reorganization" means a conversion in accordance with this section.

(b)(1) A domestic mutual insurer may apply to the superintendent for permission to reorganize and convert into a domestic stock accident and health insurer complying with the relevant organization and licensing provisions of articles twelve and forty-two of this chapter. The application to the superintendent shall be pursuant to a resolution, adopted by no less than a majority of the entire board of directors, specifying the reasons for and the purposes of the proposed conversion and the manner in which the conversion is expected to benefit policyholders and the public. A copy of the resolution, together with a statement of its adoption, both certified by the president and secretary, or officers corresponding to either of them, and affirmed by them as true under the penalties of perjury and under the seal of the mutual insurer, and such other information as the superintendent may require shall accompany the application.

(2) The superintendent shall order an examination of the mutual insurer pursuant to section three hundred ten of this chapter as of the last day of the period covered in the insurer's latest filed statement, except that the proposed conversion shall terminate without an examination if the superintendent finds that:

(A) the resolution is defective upon its face;

(B) the proposed conversion is contrary to law or is not in the best interests of the policyholders or the public; or

(C) the mutual insurer does not have a surplus to policyholders at least equal to the minimum capital and surplus required to be maintained

for a newly organized stock insurer doing the same kinds of insurance.

(c) The superintendent shall also appoint one or more qualified disinterested persons to appraise and report to the superintendent the fair market value of the mutual insurer and, to the extent necessary, its affiliates, on the basis of its latest filed annual or quarterly statement, and of any significant subsequent developments. The appraisers shall consider the assets and liabilities of the mutual insurer and any factors bearing on the value of the mutual insurer or its affiliates. The appraisers shall receive reasonable compensation and be reimbursed for reasonable expenses incurred in discharging their duties. The appraisers may, as necessary, employ consultants to advise them on any technical matters.

(d) The superintendent shall make copies of such examination report and appraisal report available to the board of directors within fifteen days of the superintendent's receipt of the reports. After receiving the reports, the superintendent may grant or deny permission to the board of directors to submit to the superintendent a plan of conversion. If permission is granted, the plan shall include the provisions, and be submitted in the manner and under the conditions, required by subsection (e) of this section. If permission is denied, the superintendent shall make a written statement of the superintendent's findings and the board shall have the right to a hearing before the superintendent within thirty days of the date of denial.

(e)(1) In order for the conversion to proceed:

(A) the plan must be adopted by a majority of the entire board;

(B) the plan must be signed by the president and attested to by the secretary, or officers corresponding to either of them, under the corporate seal of the insurer; and

(C) a copy of the plan and resolution, both certified by such officers as true under the penalties of perjury and under the seal of the insurer, shall be submitted to the superintendent not later than forty-five days after permission was granted under subsection (d) of this section.

(2) The plan shall include:

(A) the proposed charter and by-laws of the insurer as a stock corporation set out in accordance with paragraph five of subsection (a) of section one thousand two hundred one of this chapter;

(B) the manner of treating a holder of an agreement subject to section one thousand three hundred seven of this chapter, if any; the holder, if otherwise qualified, may, at its option, exchange such agreement for an equitable share of the securities or other consideration, or both, of the corporation into which the insurer is to be converted.

(C)(i) the manner and basis of exchanging the equitable share of each eligible mutual policyholder's membership interests for securities or other consideration, or both, of the stock corporation into which the mutual insurer is to be converted and the disposition of any unclaimed shares.

(ii) The plan shall also provide that each person who had a policy of insurance in effect at any time during the three-year period immediately preceding the date of adoption of the resolution described in subsection (b) of this section shall be entitled to receive in exchange for the equitable share, without additional payment, consideration payable in voting common shares of the insurer or other consideration, or both. The equitable share of the policyholder in the mutual insurer shall be determined by the ratio that the net premiums (gross premiums less return premiums and dividend paid) such policyholder has properly and timely paid to the insurer on insurance policies in effect during the three years immediately preceding the adoption of the resolution by the board of directors under subsection (b) of this section bears to the total net premiums received by the mutual insurer from such eligible policyholders. In computing a policyholder's equitable share, no credit shall be given for any net premiums which result from an endorsement which is effective on or after the date of adoption of the resolution.

(iii) Notwithstanding item (ii) of this subparagraph, credit shall be given for any net premiums resulting from an audit or retrospective premium adjustment that is billed within one hundred eighty days after the date of adoption of the resolution described in subsection (b) of this section, provided the premium is paid timely.

(iv) If the equitable share of the eligible policyholder entitles the policyholder to the purchase of a fractional share of stock, the policyholder shall have the option to receive the value of the fractional share in cash or purchase a full share by paying the balance in cash;

(D) the number of voting common shares proposed to be authorized for

the stock corporation, their par value and the price at which they shall be offered, which price may not exceed one-half of the median equitable share of all policyholders under item (ii) of subparagraph (C) of paragraph two of this subsection.

(E) any other information or other item that the superintendent may require.

(f) The mutual insurer shall give prompt notice to all persons who become policyholders or holders of agreements subject to section one thousand three hundred seven of this chapter on or after the date of the adoption of the resolution described in subsection (b) of this section. The notice shall specify the pendency of a proposed conversion and the effect the conversion shall have on them.

(g) The superintendent shall hold a public hearing, adequate notice of which shall be mailed by the mutual insurer to each policyholder on the day preceding the date of adoption of the resolution described in subsection (b) of this section, accompanied by a copy of the plan of conversion and any comment the superintendent considers necessary for the adequate information of the policyholders. The mutual insurer shall also immediately cause the notice to be posted on its website. In addition, the mutual insurer shall give notice of the hearing by publication in a newspaper of general circulation in the county in which the mutual insurer has its principal office and in the two largest cities in each state in which the insurer has underwritten insurance within the five years preceding the date of the adoption of the resolution described in subsection (b) of this section. The notice shall be accompanied by a summary approved by the superintendent of the plan and any comment the superintendent considers necessary for the adequate information of former policyholders and the public.

(h) (1) After the hearing, the superintendent shall approve the plan as submitted, refuse to approve the plan, or request modification of the plan before granting approval. The superintendent may approve the plan unless the superintendent finds that the plan violates this chapter, is inconsistent with law, or is not fair and equitable or in the best interests of the policyholders and the public. If the superintendent finds that the plan does not meet the foregoing standards for approval, the superintendent shall either refuse to approve the plan and the plan shall become null and void or return the plan to the mutual insurer for

modification to meet the superintendent's stated objections.

(2) If within ninety days after receipt of the superintendent's request for modifications the mutual insurer does not submit an amended plan satisfactory to the superintendent and that meets the superintendent's objections and complies with the standards for approval, the plan shall become null and void.

(i) After approval by the superintendent the plan shall be submitted to a vote of the persons who were policyholders of the mutual insurer on the day preceding the date of adoption of the resolution described in subsection (b) of this section. The plan shall provide for proxy voting in a manner to be prescribed by the superintendent. The board shall submit the question of the plan to the policyholders at a meeting thereof, by causing a full, true and correct copy or a summary thereof approved by the superintendent, together with notice, stating the time, place and purpose of the meeting, to be delivered personally, or deposited in the post office, postage prepaid, at least thirty days (unless a shorter time, not less than ten days, be approved by the superintendent) prior to the time fixed for such meeting, addressed to each policyholder at the policyholder's last post office address appearing on the records of the insurer or other form of delivery intended to encourage participation acceptable to the superintendent.

(j) Each such policyholder eligible to vote pursuant to subsection (i) of this section shall be entitled to the number of votes as may be provided for in the by-laws of the mutual insurer. The votes of two-thirds of all the votes cast by policyholders represented at the meeting in person or by proxy, or by such other means acceptable to the superintendent intended to encourage participation, shall be necessary for the adoption of the plan. Upon the conclusion of the vote the insurer shall submit to the superintendent a certified copy of the plan voted on together with a certificate setting forth the results of the vote, both of which shall be subscribed by the president and attested by the secretary, or officers corresponding to either of them, under the corporate seal of the mutual insurer, and affirmed by them as true under the penalties of perjury.

(k) If at any stage in the process of a conversion under this section the superintendent finds that the mutual insurer is impaired or that the further transaction of business by the mutual insurer will be hazardous

to its policyholders, its creditors, or the public, the proposed conversion shall terminate.

(l) If the conversion plan is adopted pursuant to subsection (j) of this section, the superintendent, upon being satisfied that the insurer will have at least the minimum capital and surplus required to be maintained for a newly organized domestic stock insurer doing the same kinds of insurance, shall issue a new certificate of authority to the insurer, thereby converting the mutual insurer into a stock insurer. At the same time, the superintendent may issue such license as may be required pursuant to section one thousand two hundred four of this chapter.

(m) Upon the conversion, the stock insurer shall give notice thereof by publication in a newspaper of general circulation in the county in which the insurer has its principal office and in the two largest cities in each state in which the insurer shall be licensed to do business. In addition, the stock insurer shall also immediately cause the notice to be posted on its website. The notice shall include a correct copy of the plan, or a summary thereof approved by the superintendent.

(n) Upon the conversion of the mutual insurer in the manner herein provided, all the rights, franchises and interests of the former mutual insurer, in and to every species of property, real, personal and mixed, and things in action thereunto belonging, shall be deemed as transferred to and vested in the stock insurer, without any other deed or transfer; and simultaneously therewith such company shall be deemed to have assumed all of the obligations and liabilities of the former mutual insurer.

(o) No action or proceeding, pending at the time of the conversion to which the mutual insurer may be a party shall be abated or discontinued by reason of such conversion, but the same may be prosecuted to final judgment in the same manner as if the conversion had not taken place, or the stock corporation may be substituted in place of the mutual insurer by order of the court in which the action or proceeding may be pending.

(p) The directors and officers of the mutual insurer shall serve until new directors and officers have been duly elected and qualified pursuant to the charter and by-laws of the stock insurer.

(q) The insurer, whether before or after conversion, shall pay no compensation of any kind to any person other than regular salaries to

existing personnel, in connection with the proposed conversion, other than for clerical and mailing expenses, except that, with the superintendent's approval, payment may be made at reasonable rates for printing costs, and for legal and other professional fees for services actually rendered. All expenses of the conversion, including the expenses incurred by the department, shall be borne by the insurer.

(r) No voting common shares shall be subscribed by or issued to persons other than eligible policyholders or holders of agreements subject to section one thousand three hundred seven of this chapter until all subscriptions by such policyholders or agreement holders have been filled or other consideration has been provided in accordance with the plan. Thereafter, any new issue of common shares within three years after the conversion shall first be offered to the persons who have become voting common shareholders, pursuant to subsection (e) of this section in proportion to their holdings of such shares.

(s) No insurer becoming a domestic stock insurer under the provisions of this section shall:

(1) for a period of ten years after conversion, redomesticate directly or indirectly or remove its principal offices from within the state; or

(2) for a period of five years after conversion:

(A) enter into any agreement by the terms of which any person, partnership or corporation agrees to pay all or a portion of the expenses of management of the insurer in consideration of the insurer's agreement to pay such person or other entity either commissions on premiums due the insurer or any other compensation for services, or

(B) enter into any agreement with an officer or director of the insurer or with any firm or corporation in which any officer or director of the insurer is pecuniarily interested, directly or indirectly, under which agreement the insurer agrees to pay, for the acquisition of business, any commissions or other compensation that by the terms of such agreement varies with the amount of the business or with the earnings of the insurer on the business.

(t) Nothing in this section shall in any way impede or impair the exercise by the superintendent of the superintendent's authority under any other provision of this chapter.

§ 7315. Reorganization of domestic life insurance companies. Notwithstanding any other provision of this chapter, a domestic mutual life insurance company which has a surplus of less than one million dollars as shown on its last filed annual statement may reorganize into a domestic stock life insurance company in accordance with a plan of reorganization found by the superintendent to be fair and equitable.

§ 7316. Conversion of savings banks life insurance into a mutual life insurance company. (a) (1) Upon compliance with the requirements of this section, the life insurance business conducted by all savings and insurance banks as defined in article six-A of the banking law may be converted into and transferred to a corporation formed as set forth in subsection (b) of this section and licensed as a mutual life insurance company to do the kinds of insurance business specified in paragraphs one, two and three of subsection (a) of section one thousand one hundred thirteen of this chapter. Such conversion and transfer shall be effected pursuant to a plan approved by the superintendent and the superintendent of banks. Such plan shall be submitted by the trustees of savings banks life insurance fund to the superintendent and the superintendent of banking in writing and shall set forth in full the terms and conditions thereof.

(2) Prior to the submission thereof to the superintendent and the superintendent of banks, such plan shall be approved by the vote of at least three-fourths of the trustees of savings banks life insurance fund and then by the vote of at least three-fourths of all the savings and insurance banks at a meeting of all such banks called for the purpose of submitting such plan to such banks for approval. Written notice of such meeting shall be given to each such bank by first class mail addressed to the chairman or president of the bank at the bank's principal office not less than thirty days prior to the date of such meeting. Such notice shall state the purpose for which the meeting is called and shall be accompanied by a true and complete copy of such plan. At such meeting the vote of each such bank shall be cast by the chairman or president thereof or by an officer thereof designated by the chairman or president in a writing addressed to and received by the secretary of savings banks life insurance fund prior to the date of such meeting. The results of

the vote and the minutes of the meeting shall be submitted to the superintendent and the superintendent of banks.

(3) The superintendent and the superintendent of banks each may approve the plan if he finds that it conforms to the requirements of law and is fair and equitable to the holders of insurance policies issued by the life insurance departments of the savings and insurance banks. The plan submitted shall include a filing in accordance with section thirteen hundred twenty-two of this chapter which shows that the proposed mutual insurer's risk based capital level is in excess of the company action level and there is no company action level event. Upon the approval by the superintendent and the superintendent of banks of the plan, the trustees of savings banks life insurance fund shall form a corporation as set forth in subsection (b) of this section to which the life insurance business conducted by all the savings and insurance banks shall be transferred.

(b)(1) To form the corporation described in subsection (a) of this section, the trustees of savings banks life insurance fund shall submit to the superintendent, in writing, a proposed declaration, charter and by-laws for such corporation. Such submission to establish a licensed corporation shall conform to the requirements of section one thousand two hundred one of this chapter.

(2) If the superintendent finds that the submission complies with the requirements of section one thousand two hundred one of this chapter, he shall file the declaration, charter and by-laws in his office. Coincident with such filing, the corporation that is the subject of such declaration, charter and by-laws shall be licensed as a mutual life insurance company to do the kinds of insurance business specified in paragraphs one, two and three of subsection (a) of section one thousand one hundred thirteen of this chapter and shall have all the powers of such a corporation under this chapter. If requested by the corporation, the superintendent shall issue a certified copy of the declaration and charter and a certificate of incorporation executed by him in the name or the people of the state.

(3) The corporation formed pursuant to the provisions of this subsection shall be liable for, and shall hold savings banks life insurance fund, its trustees, officers and employees harmless from, all obligations of and claims against savings banks life insurance fund, its

trustees, officers or employees related to or arising out of the powers or duties of savings banks life insurance fund under article six-A of the banking law. Such corporation shall be liable for, and shall hold each savings and life insurance bank, its directors, officers and employees harmless from, all obligations of and claims against such savings and life insurance bank, its directors, officers and employees related to or arising out of each and every insurance policy and each and every annuity contract issued by the life insurance department of such bank.

§ 7317. Conversion of certain article 43 corporations. (a) (1) An article forty-three corporation which was the subject of an initial opinion and decision issued by the superintendent on or before December thirty-first, nineteen hundred ninety-nine, as the same may be amended or one or more article forty-three corporations whose main offices on January first, two thousand seven were located in one of the counties listed in section one thousand two hundred sixty-two of the public authorities law and its or their not-for-profit subsidiaries (including, without limitation, any such subsidiary licensed as a health service corporation pursuant to this chapter or as a health maintenance organization organized pursuant to article forty-four of the public health law), hereinafter referred to in the singular, which seeks to convert into one or more corporations or other entities organized for pecuniary profit or into one or more for-profit organizations of any kind shall submit a proposed plan of conversion to the superintendent for approval pursuant to this section.

(2) This section shall apply to any transaction the effect of which is to change the status, orientation or operation of the applicant from a not-for-profit organization to a for-profit organization, including:

(A) Any sale, lease, transfer, exchange, option, conveyance, gift, joint venture, merger, consolidation or disposition of all or a material portion of the assets of the applicant over a period of five years;

(B) Any transfer of control, responsibility or governance over all or substantially all of the assets of the applicant; or

(C) Continuation of the corporate existence of the applicant by reconstituting the corporate form of the applicant from a not-for-profit

corporation to a business corporation by the filing of a restated certificate of incorporation regardless of whether such changes occur in one transaction or in a series of transactions.

(b) The proposed plan of conversion shall include all items and address all issues as may be required by the superintendent in order for the superintendent to assure that the conversion process will not adversely affect the applicant's contractholders or members, will protect the interests of and will not negatively impact on the delivery of health care benefits and services to the people of the state of New York and results in the fair, equitable and convenient winding down of the business and affairs of the applicant. The superintendent may adopt such rules or regulations or establish such procedures as he or she deems necessary or proper to implement the provisions of this section.

(c)(1) The proposed plan shall address the following items and issues, if applicable, to the satisfaction of the superintendent:

(A) The transition of contract forms from the not-for-profit corporation to the converted corporation or health maintenance organization including any related holding companies, subsidiaries or other entities involved in the proposed conversion;

(B) Any transfer of assets agreements;

(C) Any corporate resolutions or authorizations by the board of directors;

(D) Any reinsurance arrangements;

(E) An explanation of any transfers of employees, records and equipment;

(F) Any management contracts or administrative service agreements;

(G) Any guarantees or cross-guarantee agreements;

(H) Any trust agreements;

(I) That the applicant's financial reserves are funded prior to the conversion at the level required by law and provide a detailed description of the financial structure and reserve levels of the converted corporation or organization;

(J) The governance structure and the character and competence of directors and officers;

(K) Any administrative agreements among related companies, including fair and equitable terms and reasonable fees;

(L) A detailed description of any proposed public sale of stock or

securities or any initial public offering;

(M) New or revised contract forms together with notices of discontinuance or any other explanation to contractholders of the conversion process;

(N) A plan for outreach to consumers to explain in simple terms the transaction and the steps, if any, consumers need to take to preserve their coverage;

(O) Any necessary protections for contractholders to preserve contract form anniversary dates, calculation of deductibles and consistent premiums as part of the contract transfer process; and

(P) That sufficient safeguards are in place to ensure that the affected community has continued or increased access to health care coverage.

(2) The proposed plan shall explain in detail the method of transfer of contract forms or other methods of assuring uninterrupted continuance of coverage for all covered persons, with particular focus on medicare supplement, policies issued pursuant to sections four thousand three hundred twenty-one and four thousand three hundred twenty-two of this chapter, policies subject to chapter six hundred sixty-one of the laws of nineteen hundred ninety-seven, and any other types of coverage designated by the superintendent which may warrant special attention.

(d) (i) The superintendent shall review the proposed plan of conversion and may require, prior to issuing any approval, that the applicant make any changes to the proposed plan that the superintendent deems necessary. The superintendent shall establish a date certain by which the initial public offering shall occur. In the event the proposed plan of conversion affects an organization certified under article forty-four of the public health law, the superintendent shall solicit the views of the commissioner of health and the superintendent shall not issue any approvals of the plan of conversion unless the commissioner has consented in writing to those elements of the plan of conversion which are under the commissioner's jurisdiction with respect to the applicant's certificate of authority under article forty-four of the public health law.

(ii) For purposes of granting his approval pursuant to subsection (f) of this section, the superintendent may deem sufficient and as meeting all legal requirements any or all portions of the conversion transaction

completed by an applicant organized under article forty-three of this chapter which was the subject of an initial opinion and decision issued by the superintendent on or before December thirty-first, nineteen hundred ninety-nine, as the same may be amended.

(e) The superintendent shall provide in an opinion and decision approving the conversion for the timely transfer of the public asset consistent with the purposes of this chapter so as to maximize the value of the public asset. The public asset shall be deposited in a special fund to be known as the "public asset fund." Such fund shall consist of assets or moneys paid to it as a result of the creation of a "public asset", as defined in paragraph three of subsection (j) of section four thousand three hundred one of this chapter, together with any earnings thereon. Such fund shall be separate and apart from any other fund and from all other state moneys. The comptroller shall be the sole custodian of the fund. Custodial authority of the fund shall be limited to the rights set forth in this subsection, and any and all other rights, including shareholder rights with respect to the public asset shall be vested in the board, as set forth in paragraph four of subsection (j) of section four thousand three hundred one of this chapter. All disbursements shall be made by the comptroller upon vouchers signed by the superintendent, or his deputy, upon the direction of the board established pursuant to subparagraph (B) of paragraph four of subsection (j) of section four thousand three hundred one of this chapter. The moneys of the fund shall be invested by the comptroller, pursuant to the direction of such board, so as to maximize the value of the assets in such fund consistent with the board's statutory obligation to direct disbursements as described herein and in subsection (j) of section four thousand three hundred one of this chapter. The fund shall continue until there are no longer any assets or moneys therein available for distribution.

(f) (i) Notwithstanding any other provision of law, the superintendent's approval of the conversion transaction shall constitute final approval of the transaction and no further authorizations or approvals shall be required. Notwithstanding any other provision of law, sole jurisdiction for any challenge of the superintendent's final determination regarding the conversion transaction shall rest with the New York supreme court and shall be commenced within thirty days of the

superintendent's final determination. Judicial review shall be limited to a determination as to whether the superintendent acted in an arbitrary or capricious manner with respect to reaching a determination.

(ii) This section shall be deemed to supercede all otherwise applicable laws and legal requirements and compliance with this section and subsection (j) of section four thousand three hundred one of this chapter and the use of such funds as provided in such section, and in subsection (k) of this section, shall be deemed to constitute compliance with and shall supercede all such other legal requirements, including, but not limited to, statutory, common law and any other requirements relating to not-for-profit corporations and fiduciary requirements applicable to the board of directors of any company filing a plan pursuant to this section. In addition, and not in limitation of the foregoing, a transaction approved by the superintendent shall be deemed for all purposes to be a transaction that is fair and reasonable to an applicant and to promote the purposes of that applicant, and the use of proceeds as described herein shall be deemed for all purposes to be a use for a purpose that is consistent with and as near as may be to the purposes for which the applicant was originally organized and subsequently operated.

(g) The conversion transaction shall not result in inurement to any private person or entity. The converted corporation shall not issue to any employee or member of the board of directors of either the applicant or the converted corporation, any stock options, warrants or stock appreciation rights unless the value of such options, warrants or rights is initially set at the publicly traded price of the stock of the converted insurer on a date no earlier than six months after the commencement of the initial public offering. In no event shall a director of the applicant receive stock options in his or her capacity as a director of the applicant.

(h) After the superintendent deems the proposed plan of conversion sufficiently complete, the superintendent shall hold one or more public hearings regarding the proposed plan of conversion within the geographic area served by the applicant. The number and locations of the hearings shall be sufficient to ensure adequate public involvement and comment. The applicant shall provide notice of the public hearings throughout the geographic area affected by the application by distributing a form or

notice approved by the superintendent and including such notices in the state register, in accordance with the provisions of the state administrative procedure act, in newspapers of general circulation and electronic notices posted on the internet. The applicant shall notify contractholders, subscribers and enrollees, as well as participating providers of health care services under the applicant's health plan, in writing of the application and hearings. In the event that there is an amendment to the application, additional hearings shall be held with due notice provided that the superintendent determines that such changes to the plan are materially adverse to the interests of policyholders, subscribers or enrollees. Upon receipt of a complete application, the application and any supporting material submitted to the superintendent in conjunction with the application shall be deemed to be public records and shall be made available to the public for inspection during normal business hours, at no cost, at the applicant's main office within the state of New York and at the office of the superintendent. Prior to the hearing date, the applicant shall post its application and all such supporting material electronically on the internet. The superintendent shall cause a transcript to be made of each public hearing and such transcript and any submitted written comments shall become public records. The superintendent shall similarly promptly provide copies of transcripts of any hearings held by the superintendent to the commissioner of health and all members of the board.

(i) Within a reasonable time after receipt of a final plan of conversion, the superintendent shall render a written decision determining whether the proposed plan of conversion shall become effective as filed, shall become effective as modified or shall be disapproved.

(j) To assist in the review of the proposed plan of conversion, the superintendent shall be authorized to hire independent financial, health, legal and other experts and consultants, the reasonable and necessary costs of which shall be paid by the applicant. The applicant shall deliver to the superintendent at the time of submission of the proposed plan of conversion a written undertaking in form and substance satisfactory to the superintendent and signed by the applicant and by such other persons as the superintendent may require specifying the manner in which all costs and expenses incurred in any manner in

connection with the plan of conversion shall be paid or reimbursed. Such undertaking shall provide for the payment or reimbursement of all expenses incurred by the superintendent or the department in connection with the plan of conversion, other than normal operating expenses of the department.

(k) (1) A charitable organization shall be established for the purpose of receiving the charitable asset and shall operate as a tax exempt organization pursuant to section 501(c)(3) of the federal internal revenue code for the purposes of receiving the charitable asset. Whether or not the charitable organization is classified as a private foundation under section 509 of the internal revenue code, as amended or any comparable provision of any successor law, it shall be subject to the restrictions and limitations that apply to private foundations in sections 4941 through 4945 of the federal internal revenue code, as amended or any comparable provision of any successor law. The superintendent shall provide in an opinion and decision approving the conversion for the timely transfer of the charitable asset consistent with the purposes of this chapter. In the case of the conversion of a corporation or corporations which occurs after the effective date of the chapter of the laws of two thousand seven which amended this paragraph, the superintendent shall provide in an opinion and decision approving such conversion for the timely transfer of the charitable asset to the New York state health foundation created pursuant to this subsection and in compliance with all applicable provisions of this subsection.

(2) The charitable organization shall be governed by a board of directors composed of nine members, three of whom shall be voting members and six of whom shall be non-voting members, which shall be appointed as follows: one voting member and two non-voting members shall be appointed by each of the governor, the temporary president of the senate, and the speaker of the assembly. Each member shall have a term of three years and may be reappointed at the end of said term by the same person that made the original appointment. A vacancy in the membership of the board shall be filled for the unexpired portion of the term provided for by the original appointment by the same person that made the original appointment. Members may not be officers or employees of the state or any municipal subdivision thereof. The board of such charitable organization shall be broadly representative of the community

and include representatives of patient, consumer and public interest organizations and individuals with expertise in public health, health care delivery and financing, patient health issues, investments and philanthropic administration, provided further, no more than three board members of the entire board shall be representatives from any one organization or provider group and board vacancies shall be filled from eligible representatives who are not represented or who are under represented on the board. The charitable organization's structure shall provide mechanisms for ongoing community consultation and engagement including, but not limited to, the establishment of a community advisory board. A vacancy in the membership of the board shall be filled for the unexpired portion of the term provided for by the original appointment by the same person that made the original appointment.

(3) The mission of such charitable organization shall include:

(A) expansion of access to health care by extending health insurance coverage to state residents who cannot afford to purchase their own coverage or who have coverage that is inadequate to meet their needs;

(B) expansion and enhancement of access to health care by augmenting and creating health care programs that deliver services to populations that are unable to access health care or that improve public health; and

(C) augmentation of its other program priorities by supporting programs that inform and educate New Yorkers about public health issues and empower communities to address these issues by becoming more effective at identifying and articulating health care needs and implementing solutions.

Programs or initiatives instituted by the charitable organization shall not neglect the residents or institutions served by the applicant prior to the conversion.

(4) The members of the board of directors of the charitable organization shall serve without compensation for their services as members, but shall be entitled to reimbursement for actual and necessary expenses incurred in the performance of their official duties. Such members, except as otherwise provided by law, may engage in private employment, or in a profession or business.

(5) The members of the board of directors of the charitable organization and its corporate existence shall continue until there are

no longer any assets or moneys comprising the charitable asset available for distribution.

(6) The affirmative vote of all three voting members of the board of directors of the charitable organization shall be necessary for the transaction of any business or the exercise of any power or function of such board. Such board may delegate to one or more of its members, or its agents, such powers and duties as it may deem proper.

(7) The members of the board of directors of the charitable organization shall have the power to make and execute contracts and all other instruments, and to exercise such other powers, necessary or convenient for the exercise of its powers and functions.

In directing investments pursuant to this subparagraph, the board of directors of the charitable organization shall not be limited by any restrictions on investments contained in any other section of law, subject only to the board's obligations and the considerations set forth above.

(8) (A) Neither the members of the board of directors of the charitable organization nor any agent or other person or persons acting on its behalf, while acting within the scope of their authority as members or agents of the board, shall be subject to any personal liability resulting from the carrying out of the powers conferred hereunder; and (B) the provisions of section seventeen of the public officers law shall apply to members of the board and agents or other persons acting on its behalf, in connection with any and all claims, demands, suits, actions or proceedings which may be made or brought against any of them arising out of any determination made or actions taken or omitted to be taken in compliance with any obligations under or pursuant to the terms of this section or section four thousand three hundred one of this chapter. The provisions of this subparagraph shall be severable from and shall survive any legal challenge to the legality, validity, or constitutionality of this section.

(9) The charitable organization receiving the charitable asset agrees in writing to register and file annual financial reports with the attorney general in compliance with section 8-1.4 of the estates, powers, and trusts law and to post its registration filing and annual reports electronically on the internet.

(10) The charitable organization receiving the charitable asset, its directors, officers, and staff shall be and will remain independent of any control or influence by the surviving corporation or other surviving entity organized for pecuniary profit and its affiliates and successors. Such requirement shall not prevent the charitable organization from voting its equity shares in the for-profit organization in accordance with the voting and shareholders rights agreement entered into by the board with respect to the public asset and the charitable organization shall be subject to such voting and shareholders rights agreement and the asset preservation agreement between the board with respect to the public asset and the converted corporation. No person who is an officer, director, or staff member of the applicant at the time such corporation applies to the superintendent for permission to convert, or thereafter shall be an officer, director, or staff member of the charitable organization receiving the charitable asset. No director, officer, agent, or employee of the applicant or the charitable organization receiving the charitable asset will receive additional compensation arising from the conversion transaction.

(11) The charitable organization receiving the charitable asset will establish formal mechanisms to avoid conflicts of interest and to prohibit grants benefitting the surviving corporation or other surviving entity organized for pecuniary profit, or its affiliates or successors, directors, management, and staff.

(12) Any action or proceeding in which any question arises as to the validity of any provision in this subsection or in section seven thousand three hundred seventeen of this chapter, shall be preferred over all other civil causes except election causes in all courts of the state of New York and shall be heard and determined in preference to all other civil business pending therein except election causes, irrespective of position on the calendar. The same preference shall be granted upon application of counsel to the board in any action or proceeding questioning the validity of any provision herein in which he or she may be allowed to intervene.

(13) To assist in carrying out its functions, the board shall be authorized to hire independent financial, legal and other experts and consultants.

(14) Inconsistent provisions of other laws are superseded. Insofar as

any provision herein is inconsistent with the provisions of any other law, general, special or local, the provisions herein shall be controlling.

(15) This section, being necessary for the welfare of the state and its inhabitants, shall be liberally construed so as to effectuate its purposes.

(l) For the purposes of this section, fair market value shall consist of either; (i) one hundred percent of the stock that is transferred, provided that a portion of the shares may be sold in an initial public offering and that the net proceeds shall be transferred, together with the remaining unsold shares, (provided further that additional stock may be sold for fair market value that is transferred to the converted corporation), or (ii) in the case where one hundred percent of the stock is not transferred and a public stock offering is not anticipated, an independent valuation that takes into account market value, investment or earnings value and not asset value. Within five days of the superintendent's final determination of the fair market value, the superintendent shall forward to the attorney general such independent valuation. The attorney general may, within thirty days after having received such valuation, provide the superintendent with written objections to such valuation. The superintendent shall respond to such written objections within seven days stating either that the superintendent accepts such objections and has modified his or her determination accordingly, or that the superintendent rejects such objections. The attorney general may, thereafter, pursue an action in supreme court seeking to have the valuation adjusted in accordance with the attorney general's objections. Such action shall be preferred over all other civil causes except election causes in all courts of the state of New York and shall be heard and determined in preference to all other civil business pending therein except election causes, irrespective of position on the calendar.

ARTICLE 74

REHABILITATION, LIQUIDATION, CONSERVATION AND DISSOLUTION OF INSURERS

Section 7401. Application of article; definitions.

7402. Grounds for rehabilitation of domestic insurer.
7403. Order of rehabilitation; advances from property/casualty insurance security fund; termination.
7404. Grounds for liquidation.
7405. Order of liquidation; rights and liabilities.
7406. Grounds for conservation of assets of foreign or alien insurer.
7407. Order of conservation or ancillary liquidation of a foreign or alien insurer.
7408. Uniform insurers liquidation act; title; definitions.
7409. Conduct of delinquency proceedings against insurers domiciled in this state.
7410. Conduct of delinquency proceedings against insurers not domiciled in this state.
7411. Filing and proving of claims of non-residents against delinquent insurers domiciled in this state.
7412. Filing and proving of claims of residents against delinquent insurers domiciled in reciprocal states.
7413. Priority of preferred claims, special deposit claims and secured claims.
7414. Attachment and garnishment of assets.
7415. Uniformity of interpretation.
7416. Grounds for dissolution of domestic insurer.
7417. Commencement of a proceeding.
7418. Service of order to show cause.
7419. Injunctions.
7420. Annual report.
7421. Removal of proceedings.
7422. Appointment of deputies; employment of assistants.
7423. Exemption from filing fees.
7424. Deposit of monies collected; preference.
7425. Voidable transfers.
7427. Offsets.
7428. Disposition of assets and compromise of claims.
7429. Borrowing on the pledge of assets.
7430. Levy of assessments; determination of liability of members.

7431. Determination of liability of members for other indebtedness.
7432. Adjudication of insolvency of insurer; time to file claims.
7433. Proof and allowance of claims.
7433-a. Loan to workers' compensation security fund.
7434. Distribution of assets.
7435. Distribution for life insurers.
7436. Claims-made policies; special requirements.
7437. Qualified financial contracts.

§ 7401. Application of article; definitions. (a) This article shall apply to all corporations, associations, societies, orders, firms, and individuals to which this chapter is applicable, or which are subject to examination or supervision by the superintendent under this chapter or under any other law of this state, or which are doing or attempting to do or representing that they are doing the business of insurance in this state, or which are in process of organization for the purpose of or intending to do such business therein, anything in this chapter or any other law of this state to the contrary notwithstanding.

(b) In this article:

(1) "insurer" includes all corporations, associations, societies, orders, firms, and individuals specified in subsection (a) hereof;

(2) "assets" includes all deposits and funds of a special or trust nature.

§ 7402. Grounds for rehabilitation of domestic insurer. The superintendent may apply under this article for an order directing him to rehabilitate a domestic insurer which:

(a) Is insolvent within the meaning of section one thousand three hundred nine of this chapter.

(b) Has refused to submit its books, papers, accounts or affairs to the reasonable inspection of the superintendent, his deputy or examiner.

(c) Has failed or refused to comply, within the time designated by the superintendent, with an order of the superintendent, pursuant to law, to

make good an impairment of its capital, or minimum surplus to policyholders, if a stock insurer, or of its minimum surplus, if a mutual insurer, a reciprocal insurer, Lloyds underwriters or a co-operative fire insurance corporation.

(d) Has transferred or attempted to transfer, by contract of reinsurance or otherwise, substantially its entire property or business, or entered into any transaction which merges substantially its entire property or business into the property or business of any other corporation, association, society, order, firm or individual, without having first obtained the approval of the superintendent.

(e) Is found, after examination, to be in such condition that its further transaction of business will be hazardous to its policyholders, creditors, or the public.

(f) Has wilfully violated its charter or any law of the state.

(g) Has an officer who refused to be examined under oath, concerning its affairs.

(h) If organized under article five-a, six, seven, eight, ten or ten-b of the former insurance law constituting chapter twenty-eight of the consolidated laws of nineteen hundred nine, or if organized as a mutual or non-stock insurer under article nine-a, nine-c, ten, eleven-a, eleven-b, twelve or fourteen of the former insurance law constituting chapter twenty-eight of the consolidated laws in effect immediately before the effective date of this chapter or article forty-one, forty-two, forty-four, forty-five, sixty-one or sixty-six of this chapter, including amendments thereto in force at the time of such organization, is found to be in such condition, after examination, that it could not meet the requirements for incorporation and authorization specified in such articles except with respect to having any required initial surplus.

(i) Has ceased to do the business of insurance for a period of one year as provided in subsection (b) of section one thousand two hundred three of this chapter.

(j) Has commenced voluntary liquidation or dissolution, or attempts to commence or prosecute any action or proceeding to liquidate its business or affairs, or to dissolve its corporate charter, or to procure the appointment of a receiver, trustee, custodian, or sequestrator under any law except this article.

(k) Has been the subject of an application for the appointment of a receiver, trustee, custodian or sequestrator of the insurer or its property, or if a receiver, trustee, custodian, or sequestrator is appointed by a federal court or if such appointment is imminent.

(l) Has consented to such an order through a majority of its directors, shareholders, or members.

(m) Has not organized or completed its organization and obtained a license or certificate authorizing it to commence the doing of an insurance business within one year from the date of its incorporation, as provided in subsection (a) of section one thousand two hundred three of this chapter.

(n) Has failed or refused to take such steps as may be necessary to remove from office any officer or director whom the superintendent has found, after notice to and hearing of such insurer and of such officer or director, to be a dishonest or untrustworthy person.

(o) Has an occurrence of an authorized control level event or a mandatory control level event pursuant to subsection (f) or (g) of section one thousand three hundred twenty-two or subsection (f) or (g) of section one thousand three hundred twenty-four of this chapter.

§ 7403. Order of rehabilitation; advances from property/casualty insurance security fund; termination. (a) An order to rehabilitate a domestic insurer shall direct the superintendent and his successors in office, as rehabilitator, forthwith to take possession of the property of such insurer and to conduct the business thereof, and to take such steps toward the removal of the causes and conditions which have made such proceeding necessary as the court shall direct.

* (b) (1) If: (i) provision is made therefor in an order to rehabilitate a domestic insurer, (ii) more than fifty percent of the insurer's net direct premiums in the preceding three calendar years were derived from business in this state which is protected by the property/casualty insurance security fund, and (iii) such insurer has consented to rehabilitation, the commissioner of taxation and finance shall advance monies of such fund, in such amounts as specified in the court's order, to the rehabilitator to enable the insurer to comply with any surplus requirement or other requirement of this chapter.

(2) Before issuing such order, the court shall determine that the insurer has the potential and capability, pursuant to a plan submitted by the rehabilitator, of complying with all surplus and other requirements of this chapter and repaying such advance to the fund within two years after termination of the rehabilitation proceeding, at a rate of interest approved by the superintendent to be determined annually which shall not be less than the average rate of return of the fund as determined by the superintendent for the preceding calendar year.

(3) The plan shall include: (i) an explanation of the factors leading to the insurer's condition requiring rehabilitation and the procedures proposed to improve its condition, and (ii) a provision for posting collateral with the rehabilitator as security for the advance, to the extent that the insurer's assets permit.

(4) The court shall not order any advance to the rehabilitator without his specific request or if the insurer's required capital or surplus is impaired in an amount exceeding the greater of thirty million dollars or fifteen percent of the insurer's net direct premium writings in the previous calendar year. Total advances to an insurer shall not exceed the greater of forty million dollars or twenty percent of such net direct premium writings. No advance shall be made on or after July first, two thousand which would lower the amount of assets in the fund below one hundred ninety-five million dollars.

(5) Advances shall, in all respects except as to rate of interest, be subject to the provisions of section one thousand three hundred seven of this chapter, provided that in the event that an insurer which has received an advance pursuant to this subsection is subsequently the subject of an order of liquidation, the claim of the fund for the advance and any accrued interest shall be paid to the fund in accordance with the provisions of section seven thousand four hundred thirty-four of this article.

(6) This subsection shall expire July first, two thousand, provided that the insurer's obligation to repay to the fund moneys advanced to it under this subsection, and the fund's claim for the advance, and any accrued interest, as a priority over all non-secured creditors, shall survive such expiration date.

* NB Expired July 1, 2000

(c) If at any time the superintendent deems further efforts to rehabilitate such insurer would be futile, he may apply to the court under this article for an order of liquidation.

(d) The rehabilitator or any interested person upon due notice to the superintendent, at any time, may apply for an order terminating any rehabilitation proceeding and permitting such insurer to resume possession of its property and the conduct of its business, but no such order shall be granted except when, after a full hearing, the court shall determine that the purposes of the proceeding have been fully accomplished.

§ 7404. Grounds for liquidation. The superintendent may apply under this article for an order directing the superintendent to liquidate the business of a domestic insurer, or of the United States branch of an alien insurer having trusteed assets in this state, upon any of the grounds specified in subsections (a) through (o) of section seven thousand four hundred two of this article, whether or not there has been a prior order directing the superintendent to rehabilitate such insurer.

§ 7405. Order of liquidation; rights and liabilities. (a) An order to liquidate the business of a domestic insurer shall direct the superintendent and his successors in office, as liquidator, forthwith to take possession of the property of such insurer and to liquidate the business of the same and deal with such property and business of such insurer in their own names as superintendents or in the insurer's name as the court may direct, and to give notice to all creditors to present their claims.

(b) The superintendent and his successors shall be vested by operation of law with the title to all property, contracts and rights of action of such insurer as of the date of the entry of the order so directing them to liquidate. The filing or recording of such order in any record office of the state shall impart the same notice that a deed, bill of sale or other evidence of title duly filed or recorded by such insurer would have imparted. The rights and liabilities of any such insurer and of its creditors, policyholders, shareholders, members and all other persons

interested in its estate shall, unless otherwise directed by the court, be fixed as of the date the order is entered in the office of the clerk of the county where such insurer had its principal office on the date the proceeding commenced, subject, however, to the provisions of section seven thousand four hundred thirty-three of this article to the rights of claimants holding contingent claims.

(c) The liquidator of any domestic insurance corporation shall reinsure all its policy obligations in any solvent corporation authorized to do business in this state if the unearned premium reserve of the insurer is sufficient to effect such reinsurance. If such reserve is insufficient for that purpose, the liquidator shall reinsure a percentage of each policy obligation of the insurer outstanding to the extent that the reserve may be sufficient for that purpose. No contract of reinsurance shall be entered into by the liquidator except pursuant to an order of the court in which the liquidator was appointed directing the reinsurance and establishing the general form of the reinsurance contract.

(d) An order to liquidate the business of the United States branch of an alien insurer having trusteed assets in this state shall be in the same terms as those hereinbefore prescribed, except that only the assets of the business of such United States branch shall be included therein.

(e) Where the trustee of a mortgage series consisting in whole or in part of certificated mortgage investments guaranteed by a domestic insurer has distributed all of the trust estate collateral, or has been permitted by court order to abandon all or part of such collateral not distributed, the court, by order, may, upon the consent of the liquidator of the insurer, direct the superintendent, upon being furnished with a list of certificate holders certified to by the trustee, to record subsequent transfers of certificates and charge and collect a reasonable fee therefor, and distribute dividends applicable thereto upon liquidation of company assets in his hands, to the record owners of such certificates, and make and deduct from such dividend payments a reasonable charge for such services. The duty of the superintendent under such order shall terminate upon the termination of the liquidation proceedings.

(f) (1) No later than one hundred eighty days after a final order of liquidation with an adjudication of insolvency of an insurer by a court

of competent jurisdiction of this state, the liquidator may in his sole discretion make application to the court for approval of a proposal to disburse assets out of marshalled assets, from time to time as such assets become available, to any fund established by article seventy-six of this chapter, article six-A of the workers' compensation law and any foreign entity performing a similar function, having obligations because of such insolvency. If the liquidator determines that there are insufficient assets to disburse, the application authorized by this subsection shall be considered satisfied by a filing by the liquidator stating the reasons for this determination.

(2) Such proposal shall at least include provisions for:

(A) reserving amounts for the payment of expenses of administration, claims of secured creditors to the extent of the value of the security held, and claims falling within the priorities established in section seven thousand four hundred twenty-six of this article;

(B) disbursement of the assets marshalled to date and subsequent disbursement of assets as they become available;

(C) disbursements to the funds and entities entitled thereto under this subsection in amounts estimated to be at least equal to all claim payments for which such funds or entities could assert claims against the liquidator, and if the assets available for disbursement from time to time do not at least equal such claim payments, then disbursements in the amount of available assets;

(D) equitable allocation of disbursements to each of such funds or entities;

(E) the securing by the liquidator from each of such funds or entities of an agreement to return to the liquidator such assets, together with income earned on assets previously disbursed, as may be required to pay claims of secured creditors and claims falling within the priorities established in section seven thousand four hundred twenty-six of this article in accordance with such priorities. No bond shall be required of any such fund or entity; and

(F) a full report to be made by each such fund or entity to the liquidator accounting for all assets so disbursed to the fund or entity, all disbursements made therefrom, any income earned by the fund or entity on such assets and any other matters as the court may direct.

(3) Notice of such application shall be given to such funds and

entities and to the commissioners of insurance of each of the states. Any such notice shall be deemed to have been given when deposited in the United States certified mails, first class postage prepaid, at least thirty days prior to submission of such application to the court. Action on the application may be taken by the court if the required notice has been given and the liquidator's proposal complies with subparagraphs (A), (B) and (D) of paragraph two of this subsection.

(g) (1) No later than one hundred twenty days after the end of the calendar or fiscal year of a domestic insurance corporation subject to rehabilitation or liquidation, upon whichever standard the corporation conducts its financial affairs, the rehabilitator or liquidator shall submit to the department an annual report of the preceding calendar or fiscal year's activity of such corporation. Such report, which shall pertain only to such corporation's activities and those of the rehabilitator or liquidator as they relate to such corporation, shall include a financial review of the assets and liabilities of the corporation, the claims accrued or paid in that period, and a summary of all other corporate activity and a narrative of the actions of the rehabilitator or liquidator respecting such corporation.

(2) No later than August first of each year, the rehabilitator or liquidator shall submit to the department and the legislature separate or combined annual financial statements for the domestic insurance corporations subject to rehabilitation or liquidation. Upon whichever standard each corporation conducts its respective financial affairs, showing their condition at last calendar year end or at the last fiscal year end ending on or prior to last calendar year end, together with an opinion or other report of an independent certified public accountant on such financial statements, provided that such corporations were placed into rehabilitation or liquidation prior to the commencement of the calendar or fiscal years covered by such financial statements.

(3) No later than August first of each year, the superintendent as receiver shall submit to the department and the legislature an annual financial statement of the liquidation bureau showing its cash receipts and disbursements for the prior calendar year, together with an opinion or other report of an independent certified public accountant on such financial statement.

(4) The reports and statements required under this subsection shall be

separate and apart from other reports and statements issued by the liquidation bureau of the department in the normal course of its business.

§ 7406. Grounds for conservation of assets of foreign or alien insurer. (a) The superintendent may apply under this article for an order directing the superintendent to conserve the assets within the state of a foreign insurer upon:

(1) any of the grounds specified in subsection (a) through (g), (j), (k) or (o) of section seven thousand four hundred two of this article, or

(2) upon the ground that such insurer has consented to such an order through a majority of its directors, shareholders or members, or has had its property sequestrated in its domiciliary country or state or in any other country or state.

(b) The superintendent may apply under this article for an order directing him to conserve the assets within this state of an alien insurer, except one which has its trusteed assets in this state, on any of the grounds specified in subsection (a), (b), (d) through (g), (j) or (k) of section seven thousand four hundred two of this article, or upon the ground that it has failed or refused to comply, within the time designated by the superintendent, with an order of the superintendent, pursuant to law, to rectify an impairment of its trusteed surplus, or that it has consented to such an order through a majority of its directors, shareholders or members, or has had its property sequestrated in its domiciliary country or elsewhere.

§ 7407. Order of conservation or ancillary liquidation of a foreign or alien insurer. (a) An order to conserve the assets of a foreign or alien insurer shall direct the superintendent and his successors in office, as conservator, forthwith to take possession of, and conserve, the insurer's property within this state, subject to the court's further direction.

(b) Where the superintendent has been appointed pursuant to the provisions of section seven thousand four hundred six of this article as

conservator of the assets within the state of a foreign or alien insurer, for which a domiciliary receiver is subsequently appointed for such insurer in its domiciliary state which is also a reciprocal state, as defined in section seven thousand four hundred eight of this article, the superintendent, upon request of the domiciliary receiver, shall, notwithstanding subsection (a) of section seven thousand four hundred ten of this article, apply to the court in which such conservation proceeding was commenced for an order appointing the superintendent as ancillary receiver for such foreign or alien insurer.

(c) Whenever a domiciliary receiver is appointed for any insurer in its domiciliary state which is also a reciprocal state, as defined in section seven thousand four hundred eight of this article, the superintendent, upon request of the domiciliary receiver, shall, notwithstanding subsection (a) of section seven thousand four hundred ten of this article, apply to a court of competent jurisdiction for an order appointing the superintendent as ancillary receiver of such insurer.

(d) Notwithstanding subsection (a) of section seven thousand four hundred ten of this article, the court may on the application of the superintendent pursuant to subsection (b) or (c) of this section appoint the superintendent as the ancillary receiver in this state, subject to the provisions of sections seven thousand four hundred eight through seven thousand four hundred fifteen of this article. Subject to the provisions of such sections, the rights and duties of the superintendent with reference to such insurer and such assets shall include those heretofore exercised by and imposed upon ancillary receivers of foreign corporations in this state.

§ 7408. Uniform insurers liquidation act; title; definitions. (a) This section and sections seven thousand four hundred nine through seven thousand four hundred fifteen of this article may be cited as the uniform insurers liquidation act.

(b) In this act:

(1) "Insurer" means any person, firm, corporation, association, or aggregation of persons doing an insurance business and subject to the insurance supervisory authority of, or to liquidation, rehabilitation,

reorganization, or conservation by, the superintendent of financial services of this state, or the equivalent insurance supervisory official of another state.

(2) "Delinquency proceeding" means any proceeding commenced against an insurer for the purpose of liquidating, rehabilitating, reorganizing, or conserving such insurer.

(3) "Foreign country" means territory not in any state.

(4) "Domiciliary state" means the state in which an insurer is incorporated or organized, or, as to an insurer incorporated or organized in a foreign country, the state in which such insurer, having become authorized to do business in such state, has, at the commencement of delinquency proceedings, the largest amount of its assets held in trust and assets held on deposit for the benefit of its policyholders or policyholders and creditors in the United States; and any such insurer is deemed to be domiciled in such state.

(5) "Ancillary state" means any state except a domiciliary state.

(6) "Reciprocal state" means any state other than this state in which in substance and effect the provisions of this act are in force, including the provisions requiring that the insurance commissioner or equivalent insurance supervisory official be the receiver of a delinquent insurer.

(7) "General assets" means all property, real, personal, or otherwise, not specifically mortgaged, pledged, deposited, or otherwise encumbered for the security or benefit of specified persons or a limited class of persons, and as to such specifically encumbered property the term includes all such property or its proceeds in excess of the amount necessary to discharge all sums secured thereby. Assets held in trust and assets held on deposit for the security or benefit of all policyholders, or all policyholders and creditors in the United States, are general assets.

(8) "Preferred claim" means any claim with respect to which the law of a state or of the United States accords priority of payment from the general assets of the insurer.

(9) "Special deposit claim" means any claim secured by a deposit made pursuant to statute for the security or benefit of a limited class of persons, but not including any general assets.

(10) "Secured claim" means any claim secured by mortgage, trust, deed,

pledge, deposit as security, escrow, other security interest, or otherwise, but not including special deposit claims or claims against general assets. The term also includes claims which more than four months prior to the commencement of delinquency proceedings in the state of the insurer's domicile have become liens upon specific assets by reason of judicial process.

(11) "Receiver" means receiver, liquidator, rehabilitator, or conservator as the context may require.

§ 7409. Conduct of delinquency proceedings against insurers domiciled in this state. (a) Whenever under the laws of this state a receiver is to be appointed in delinquency proceedings for an insurer domiciled in this state, the court shall appoint the superintendent as such receiver and direct the superintendent forthwith to take possession of the assets of the insurer and to administer the same under the orders of the court.

(b) As domiciliary receiver the superintendent and his successors in office shall be vested by operation of law with the title to all property, contracts, and rights of action, and all books and records of the insurer wherever located, as of the date of entry of the order directing him to liquidate a domestic insurer or the United States branch of an alien insurer domiciled in this state, and he shall have the right to recover the same and reduce the same to possession; except that ancillary receivers in reciprocal states shall have, as to assets located in their respective states, the rights and powers hereinafter prescribed for ancillary receivers appointed in this state as to assets located in this state. The filing or recording of the order directing possession to be taken, or a certified copy thereof, in the office where instruments affecting title to property are required to be filed or recorded shall impart the same notice as would be imparted by a deed, bill of sale, or other evidence of title duly filed or recorded. The superintendent as domiciliary receiver shall be responsible for the proper administration of all assets coming into his possession or control. The court may at any time require bond from him or his deputies if deemed desirable for the protection of the assets.

(c) Upon taking possession of the assets of a delinquent insurer the domiciliary receiver shall, subject to the direction of the court,

immediately proceed to conduct the business of the insurer or to take such steps as are authorized by the laws of this state for the purpose of liquidating, rehabilitating, reorganizing, or conserving the affairs of the insurer. In connection with delinquency proceedings he may appoint special deputy superintendents, and employ such counsel, clerks, and assistants as he deems necessary. Their compensation and all expenses of taking possession of the insurer and of conducting the delinquency proceedings shall be fixed by the receiver, subject to the approval of the court, and shall be paid out of the funds or assets of the insurer. Within the limits of the duties imposed upon them special deputies shall possess all the powers given to, and, in the exercise of those powers, shall be subject to all duties imposed upon, the receiver with respect to delinquency proceedings.

(d) Notwithstanding subsections (a), (b) and (c) of this section, or any other provision of this article, the receiver shall not disavow, reject, or repudiate a federal home loan bank security agreement or any pledge agreement, security agreement, collateral agreement, guarantee agreement, or other similar arrangement or credit enhancement relating to a security agreement to which a federal home loan bank is a party.

§ 7410. Conduct of delinquency proceedings against insurers not domiciled in this state. (a) Whenever under the laws of this state an ancillary receiver is to be appointed in delinquency proceedings for an insurer not domiciled in this state, the court shall appoint the superintendent as ancillary receiver. The superintendent shall file a petition requesting the appointment if he finds that there are sufficient assets of such insurer located in this state to justify the appointment of an ancillary receiver, or if ten or more persons resident in this state having claims against such insurer file a petition with the superintendent requesting the appointment of such ancillary receiver.

(b) The domiciliary receiver for the purpose of liquidating an insurer domiciled in a reciprocal state, shall be vested by operation of law with the title to all of the property, contracts, and rights of action, and all books and records of the insurer located in this state, and shall have the immediate right to recover balances due from local agents

and obtain possession of any books and records of the insurer found in this state. He shall also be entitled to recover the other assets of the insurer located in this state except that upon the appointment of an ancillary receiver in this state, the ancillary receiver shall during the ancillary receivership proceedings have the sole right to recover such other assets. The ancillary receiver shall, as soon as practicable, liquidate from their respective securities those special deposit claims and secured claims which are proved and allowed in the ancillary proceedings in this state, and shall pay the necessary expenses of the proceedings. All remaining assets he shall promptly transfer to the domiciliary receiver. Subject to the foregoing provisions the ancillary receiver and his deputies shall have the same powers and be subject to the same duties with respect to the administration of such assets, as a receiver of an insurer domiciled in this state.

(c) The domiciliary receiver of an insurer domiciled in a reciprocal state may sue in this state to recover any assets of such insurer to which he may be entitled under the laws of this state.

§ 7411. Filing and proving of claims of non-residents against delinquent insurers domiciled in this state. (a) In a delinquency proceeding begun in this state against an insurer domiciled in this state, claimants residing in reciprocal states may file claims either with the ancillary receivers, if any, in their respective states, or with the domiciliary receiver. All such claims must be filed on or before the last date fixed for the filing of claims in the domiciliary delinquency proceedings.

(b) (1) Controverted claims of claimants residing in reciprocal states may either be proved in this state as provided by law, or, if ancillary proceedings have been commenced in such reciprocal states, may be proved in those proceedings.

(2) If a claimant elects to prove his claim in ancillary proceedings and if notice of the claim and opportunity to appear and be heard is afforded the domiciliary receiver of this state as provided in section seven thousand four hundred twelve of this article with respect to ancillary proceedings in this state, the final allowance of such claim by the courts in the ancillary state shall be accepted in this state as

conclusive as to its amount, and as to its priority, if any, against special deposits or other security located within the ancillary state.

§ 7412. Filing and proving of claims of residents against delinquent insurers domiciled in reciprocal states. (a) In a delinquency proceeding in a reciprocal state against an insurer domiciled in that state, claimants residing in this state may file claims either with the ancillary receiver, if any, appointed in this state, or with the domiciliary receiver. All such claims must be filed on or before the last date fixed for the filing of claims in the domiciliary proceeding.

(b) (1) Controverted claims belonging to claimants residing in this state may be proved either in the domiciliary state as provided by the law of that state, or in ancillary proceedings, if any, in this state.

(2) If the claimant elects to prove his claim in this state, he shall file it with the ancillary receiver in the manner provided by the law of this state for the proving of claims against insurers domiciled in this state, and he shall give notice in writing to the receiver in the domiciliary state either by registered mail or by personal service at least forty days prior to the date set for hearing. The notice shall contain a concise statement of the amount of the claim, the facts on which it is based, and the priorities asserted, if any. If the domiciliary receiver, within thirty days after the giving of such notice, shall give notice in writing to the ancillary receiver and to the claimant, either by registered mail or personal service, of his intention to contest such claim, he shall be entitled to appear or to be represented in any proceeding in this state involving the adjudication of the claim.

(3) The final allowance of the claim by the courts of this state shall be accepted as conclusive as to its amount, and shall also be accepted as conclusive as to its priority, if any, against special deposits or other security located within this state.

§ 7413. Priority of preferred claims, special deposit claims and secured claims. (a) In a delinquency proceeding against an insurer domiciled in this state, claims owing to residents of ancillary states

shall be preferred claims if like claims are preferred under the laws of this state. All such claims whether owing to residents or non-residents shall be given equal priority of payment from general assets regardless of where such assets are located.

(b) In a delinquency proceeding against an insurer domiciled in a reciprocal state, claims owing to residents of this state shall be preferred if like claims are preferred by the laws of that state.

(c) The owners of special deposit claims against an insurer for which a receiver is appointed in this or any other state shall be given priority against their several special deposits in accordance with the provisions of the statutes governing the creation and maintenance of such deposits. If there is a deficiency in any such deposit so that the claims secured thereby are not fully discharged therefrom, the claimants may share in the general assets, but such sharing shall be deferred until general creditors, and also claimants against other special deposits who have received smaller percentages from their respective special deposits, have been paid percentages of their claims equal to the percentage paid from the special deposit.

(d) The owner of a secured claim against an insurer for which a receiver has been appointed in this or any other state may surrender his security and file his claim as a general creditor, or the claim may be discharged by resort to the security, in which case the deficiency, if any, shall be treated as a claim against the general assets of the insurer on the same basis as claims of unsecured creditors. If the amount of the deficiency has been adjudicated in ancillary proceedings as provided in this act, or if it has been adjudicated by a court of competent jurisdiction in proceedings in which the domiciliary receiver has had notice and opportunity to be heard, such amount shall be conclusive; otherwise the amount shall be determined in the delinquency proceeding in the domiciliary state.

§ 7414. Attachment and garnishment of assets. During the pendency of delinquency proceedings in this or any reciprocal state no action or proceeding in the nature of an attachment, garnishment, or execution shall be commenced or maintained in the courts of this state against the delinquent insurer or its assets. Any lien obtained by any such action

or proceeding within four months prior to the commencement of any such delinquency proceeding or at any time thereafter shall be void as against any rights arising in such delinquency proceeding.

§ 7415. Uniformity of interpretation. The uniform insurers liquidation act shall be interpreted and construed to effectuate its general purpose to make uniform the law of those states that enact it. To the extent that its provisions, when applicable, conflict with other provisions of this chapter, the provisions of this act shall control.

§ 7416. Grounds for dissolution of domestic insurer. The superintendent may apply under this article for an order dissolving the corporate existence of a domestic insurer: (i) upon his application for an order of liquidation of its business, or at any time after such order has been granted; or (ii) upon the grounds specified in subsection (m) of section seven thousand four hundred two of this article, regardless of whether an order of liquidation is sought or has been obtained.

§ 7417. Commencement of a proceeding. The superintendent represented by the attorney general shall commence any proceeding under this article by an application to the supreme court, in the judicial district in which the principal office of the insurer is located, for an order directing such insurer to show cause why the superintendent should not have the requested relief. On the return of such order, and after a full hearing, which shall be held without delay, such court shall either deny the application or grant it together with such other relief as the nature of the case and the interests of policyholders, creditors, shareholders, members, or the public may require.

§ 7418. Service of order to show cause. (a) The order to show cause and the papers upon which it is granted shall be served upon the insurer named therein by delivering true copies to, and leaving them with:

(1) If a domestic corporation: its president or other head, the

secretary or clerk to the corporation, the cashier, the treasurer or any director or managing agent.

(2) If a foreign or alien corporation: its president, vice-president, treasurer or assistant treasurer, secretary or assistant secretary, or any director or managing agent or, if the corporation has no such officers within this state, to the officer performing corresponding functions.

(3) If a voluntary, unincorporated or a joint stock association, order or society: the president, vice-president, treasurer, director, trustee or other officer or a member with managerial powers.

(4) If a reciprocal insurer or Lloyds underwriters: the duly designated attorney-in-fact.

(b) When it is satisfactorily proved by the verified report of an examiner to the superintendent or by affidavit of any other person familiar with the facts that the persons upon whom service is required to be made have departed from the state or keep themselves concealed therein or have resigned from their offices within forty days prior to the application for an order to show cause under the provision of this section, or that service cannot be made immediately by the exercise of reasonable diligence, such order may provide for service in such manner as the court directs.

§ 7419. Injunctions. (a) Upon application by the superintendent for an order to show cause under this article or at any time thereafter, the court in which such order is made, or any justice thereof may without notice issue an injunction restraining the insurer, its officers, directors, shareholders, members, trustees, agents, servants, employees, policyholders, attorneys, managers, and all other persons from the transaction of its business or the waste or disposition of its property until further order of the court.

(b) Such court or justice may at any time during a proceeding under this article issue such other injunctions or orders as it deems necessary to prevent interference with the superintendent or the proceeding, or waste of the assets of the insurer, or the commencement or prosecution of any actions, the obtaining of preferences, judgments, attachments or other liens, or the making of any levy against the

insurer, its assets or any part thereof.

(c) Notwithstanding subsections (a) and (b) of this section and any other provision of this article, a federal home loan bank shall not be stayed, enjoined, or prohibited from exercising any right or enforcing any obligation under a federal home loan bank security agreement relating to collateral pledged by an insurer-member to such federal home loan bank.

§ 7420. Annual report. The superintendent shall transmit to the legislature in his annual report the names of all insurers proceeded against under this article together with such facts as shall acquaint the policyholders, creditors, shareholders, and the public with all proceedings. To that end the special deputy superintendent in charge of any such insurer shall file annually with the superintendent a report of the affairs of such insurer.

§ 7421. Removal of proceedings. Any time after commencement of a proceeding under this article, the superintendent may apply ex parte to the court or any justice thereof for an order changing the venue of and removing the proceeding to Albany county, or, in the discretion of the superintendent, to any other county of this state in which he deems that such proceeding may be most economically and efficiently conducted. Upon the filing of any such application, the court or any justice thereof shall direct the clerk of the county wherein such proceeding is pending to transmit all papers filed therein with such clerk to the clerk of the county to which such proceeding is removed. The proceeding shall thereafter be conducted in such other county as though it had been commenced in such county.

§ 7422. Appointment of deputies; employment of assistants. (a) For the purposes of this article the superintendent shall have power to appoint special deputy, and assistant special deputy, superintendents as his agents, and to employ such counsel, clerks and assistants as may by him be deemed necessary and to give them such powers to assist him as he

considers wise.

(b) The compensation of such special and assistant special deputy superintendents, counsel, clerks and assistants, and all expenses of conducting any proceeding under this article shall be fixed by the superintendent, subject to the approval of the court, and shall be paid out of the funds or assets of such insurer.

§ 7423. Exemption from filing fees. The superintendent shall not be required to pay any fee to any county clerk, register or other public officer in this state for filing, recording, issuing a transcript or certificate, or authenticating any paper or instrument pertaining to the exercise by the superintendent of any of the powers or duties conferred upon him by any of the provisions of this article, whether or not such paper or instrument be executed by the superintendent or his deputies or attorneys of record and whether or not it is connected with the commencement of an action or judicial proceeding by or against the superintendent, or with the subsequent conduct of such an action or proceeding.

§ 7424. Deposit of monies collected; preference. Monies collected by the superintendent in a proceeding under this article shall be deposited in one or more state or national banks, savings banks, or trust companies. In the case of insolvency or voluntary or involuntary liquidation of any such depositary organized and supervised under the laws of this state, such deposits shall be entitled to priority of payment on an equality with any other priority given by the banking law of this state. The superintendent may in his discretion deposit such monies or any part thereof in a national bank or trust company as a trust fund.

§ 7425. Voidable transfers. (a) Any transfer of, or lien created upon, the property of an insurer within twelve months prior to the granting of an order to show cause under this article with the intent of giving to any creditor or enabling him to obtain a greater percentage of his debt

than any other creditor of the same class and which is accepted by such creditor having reasonable cause to believe that such a preference will occur, shall be voidable.

(b) Every director, officer, employee, shareholder, member or other person acting on behalf of such insurer who shall be concerned in any such prohibited act and every person receiving thereby any property of such insurer or the benefit thereof shall be personally liable therefor and shall be bound to account to the superintendent.

(c) The superintendent, as liquidator, rehabilitator or conservator in any proceeding under this article, may avoid any transfer of, or lien upon, the property of an insurer which any creditor, shareholder or member of such insurer might have avoided and may recover the property transferred or its value from the transferee unless he was a bona fide holder for value prior to the date of the granting of an order to show cause under this article. Such property or its value may be recovered from anyone who has received it except a bona fide holder for value.

(d) Notwithstanding the provisions of subsection (a) of this section, a commutation of a reinsurance agreement, approved by the superintendent pursuant to section one thousand three hundred twenty-one of this chapter, shall not be voidable as a preference.

(e) (1) Notwithstanding subsection (a) of this section or any other provision of this article to the contrary, (i) a receiver shall not void a transfer of money or other property arising under or in connection with a federal home loan bank security agreement that is made before the commencement of a formal proceeding under this article in the ordinary course of business and in compliance with the security agreement unless such transfer was made with actual intent to hinder, delay or defraud the insurer-member, a receiver appointed for the insurer-member or existing or future creditors; and (ii) a receiver shall not void a redemption or repurchase of any stock or equity securities which was made by the federal home loan bank within four months of a formal commencement of the delinquency proceedings or which received prior approval of the receiver.

(2) Following the appointment of a receiver for an insurer-member and upon request of the receiver, the federal home loan bank shall in good faith, within five days of such request, provide a process and establish timing for all of the following:

(i) the release of collateral that exceeds the lending value, as determined in accordance with the federal home loan bank security agreement, required to support secured obligations remaining after any repayment of advances;

(ii) the release of any collateral remaining in the federal home loan bank's possession following repayment in full of all outstanding secured obligations;

(iii) the payment of fees and the operation of deposits and other accounts with the federal home loan bank; and

(iv) the redemption or repurchase of federal home loan bank stock or excess stock of any class that an insurer-member is required to own consistent with federal law and regulations, the federal home loan bank's capital plan, and the capital stock practices currently applicable to the federal home loan bank's entire membership.

(3) Upon the request of the receiver for an insurer-member, the federal home loan bank shall provide any available options that are acceptable to the federal home loan bank for such insurer-member to renew or restructure an advance to defer associated prepayment fees, to the extent that market conditions, the terms of the advance outstanding to the insurer-member, the applicable policies of the federal home loan bank and compliance with the federal home loan bank act and corresponding regulations permit.

(4) Prior to and during a proceeding under this article against an insurer-member, the department, its receiver or rehabilitator shall be entitled to make reasonable requests to the federal home loan bank, and the federal home loan bank shall, to the fullest extent permitted by federal law, support the department with efforts to:

(i) permit and facilitate collateral substitutions;

(ii) permit and facilitate transfer of agreement to a purchaser and/or another federal home loan bank member;

(iii) permit additional advances in case of the need for additional liquidity; or

(iv) take other actions that may facilitate orderly proceedings prior to and during a delinquency.

(5) To the extent permitted by applicable law and for the purposes of a federal home loan bank assisting the department, a federal home loan bank shall upon request of the department provide in confidence to the

department periodic information concerning its financial condition, underwriting, and credit opinions regarding an insurer-member.

(6) Nothing in this subsection shall affect the federal home loan bank's rights pursuant to 12 CFR 1266.4, which relates to limitations on access to advances.

§ 7427. Offsets. (a) In all cases of mutual debts or mutual credits between the insurer and another person in connection with any action or proceeding under this article, such credits and debts shall be set off and the balance only shall be allowed or paid, except as provided in subsection (b) hereof.

(b) No offset shall be allowed in favor of any such person, however, where:

(1) the obligation of the insurer to such person would not at the date of the entry of any liquidation order, or otherwise, as provided in section seven thousand four hundred five of this article, entitle him to share as a claimant in the assets of such insurer, or

(2) the obligation of the insurer to such person was purchased by or transferred to such person with a view of its being used as an offset, or

(3) the obligation of such person is to pay an assessment levied against the members of a mutual insurer or to pay a balance upon a subscription to the shares of a stock insurance corporation.

§ 7428. Disposition of assets and compromise of claims. (a) The superintendent may, subject to the approval of the court:

(1) sell or otherwise dispose of all or any part of the real and personal property of an insurer against whom a proceeding has been brought under this article, and

(2) sell or compound all doubtful or uncollectible debts or claims owed by or to such insurer including claims based upon an assessment levied against a member of a mutual insurer.

(b) If the amount of any such real or personal property owned by, or debt or claim owed by or to, such insurer does not exceed twenty-five thousand dollars, then the superintendent may sell or dispose of all or

any part of the real or personal property, or compromise or compound the debt or claim, upon such terms as the superintendent may deem for the best interests of such insurer without obtaining the approval of the court.

(c) The superintendent may, subject to the approval of the court, sell, or agree to sell, or offer to sell, any assets of such an insurer to such of its creditors who may desire to participate in the purchase, to be paid for in whole or in part out of dividends payable to such creditors.

(d) Upon application of the superintendent, the court may designate representatives to act for such creditors in the purchase, holding and/or management of such assets, and the superintendent may, subject to the approval of the court, advance the expenses of such representatives against the security of the claims of such creditors.

§ 7429. Borrowing on the pledge of assets. To facilitate the rehabilitation, liquidation, conservation or dissolution of an insurer pursuant to this article the superintendent may, subject to the approval of the court, borrow money and issue evidences of indebtedness therefor and secure repayment by a security interest in any or all property, real, personal or mixed of such insurer. Subject to court approval, the superintendent may take all other action necessary and proper to consummate such loans and provide for their repayment. The superintendent shall be under no obligation personally or in his capacity as superintendent to repay any loan made pursuant to this section.

§ 7430. Levy of assessments; determination of liability of members. (a) Within three years from the date of an order of rehabilitation or liquidation of a domestic mutual insurer filed in the office of the clerk of the county in which the insurer had its principal office, the superintendent may make a report to the court setting forth:

(1) the reasonable value of the insurer's assets;

(2) its probable liabilities; and

(3) the probable necessary assessment, if any, to pay all possible

claims and expenses in full, including expenses of administration.

(b) (1) Upon the basis of such report, including any amendments, the court, ex parte, may levy one or more assessments against all members of such insurer who, as shown by the records of the company, were members at any time within one year prior to the date of the issuance of the order to show cause under section seven thousand four hundred seventeen of this article.

(2) The assessments shall cover the excess of the insurer's probable liabilities over the reasonable value of its assets and the estimated cost of collection and percentage of uncollectibility thereof.

(3) The total assessments against any member with respect to any policy, whether levied by the board of directors of such insurer, the superintendent in liquidation or rehabilitation of such insurer, or otherwise, and whether levied to make good an impairment of required minimum surplus or for any other purpose under this chapter, shall be for no greater amount than that specified in the by-laws and policies of that member and may be limited as prescribed in subsection (a) of section four thousand one hundred eleven of this chapter. However, if the court finds that such policy was issued at a rate of premium below the minimum rate lawfully permitted for the risk insured, the court may determine the upper limit of such assessment upon the basis of an adequate rate for such insurance.

(4) No such assessment shall be levied against any member with respect to any non-assessable policy issued in accordance with the laws of this state.

(c) Thereafter, upon the filing of a further detailed report by the superintendent, the court shall issue an order directing each member of such insurer if he shall not pay the amount assessed against him to the superintendent on or before a day to be specified in said order, to show cause why he should not be held liable to pay such assessment together with costs as set forth in subsection (e) hereof and why the superintendent should not have judgment therefor.

(d) The superintendent shall at least twenty days before the return day of the order cause a notice of such order setting forth a brief summary of the contents of such order to be published in such manner as shall be directed by the court and mailed to each member at his last known address appearing on the records of the insurer, or at his last

known address, if no address so appears.

(e) On the return day of such order to show cause, if such member shall not appear and serve verified objections upon the superintendent, the court shall make an order adjudging that such member is liable for the amount of such assessment together with ten dollars costs and directing that the superintendent may have judgment therefor. If the member shall appear and serve verified objections upon the superintendent there shall be a full hearing before the court or a referee to hear and determine, who, after such hearing, shall make an order either negativing the liability of such member to pay the assessment or directing that the superintendent may have judgment for the whole or some part of the assessment and twenty-five dollars costs and necessary disbursements incurred at such hearing.

(f) A judgment upon any such order, whether granted by a court or referee, shall have the same force and effect, and may be entered and docketed, and may be appealed from as if it were a judgment in an original action brought in the court in which the proceeding is pending.

§ 7431. Determination of liability of members for other indebtedness. (a) If it shall appear that a member of a domestic mutual insurer is indebted to such insurer, apart from his liability to assessment, the court may, upon the application of the superintendent, in any order under section seven thousand four hundred thirty of this article directing such member to show cause why he should not be held liable to pay an assessment, likewise direct him to show cause why he should not be held liable to pay such indebtedness.

(b) The liability of such member for such indebtedness shall be determined in the same manner, and at the same time, as his liability for such assessment is determined, and the superintendent may have judgment therefor, without any additional costs.

§ 7432. Adjudication of insolvency of insurer; time to file claims. (a) If upon the granting of an order of liquidation pursuant to section seven thousand four hundred four of this article or at any time thereafter during such liquidation proceeding, such insurer shall not be

clearly solvent, the court shall, after such notice and hearing as it deems proper, make an order declaring such insurer to be insolvent.

(b) Where a liquidation, rehabilitation or conservation order has been entered in a proceeding against an insurer under this article, all persons who may have claims against such insurer shall present the same to the liquidator, rehabilitator or conservator at a place specified by him within four months from the date of the entry of such order, or, if the superintendent shall certify that it is necessary, within such longer time as the court shall prescribe. The superintendent shall notify all persons who may have claims against such insurer as disclosed by its books and records, to present the same to him within the time as fixed. The last day for the filing of proofs of claim shall be specified in the notice. Such notice shall be given in a manner determined by the court.

(c) Proofs of claim may be filed subsequent to the date specified, but, no such claim shall share in the distribution of the assets until all allowed claims, proofs of which were filed before such specified date, have been paid in full with interest.

§ 7433. Proof and allowance of claims. (a) (1) A proof of claim shall consist of a written statement subscribed and affirmed by the claimant as true under the penalties of perjury, setting forth the claim, the consideration therefor, any securities held therefor, any payments made thereon, and that the sum claimed is justly owing from the insurer to the claimant.

(2) If a claim is founded upon an instrument in writing, such instrument, unless lost or destroyed, shall be filed with the proof of claim. After the filing of such instrument the superintendent may in his discretion permit the claimant to retain such instrument until final disposition of the claim. If such instrument is lost or destroyed, a statement of such fact and of the circumstances of such loss or destruction shall be filed under oath with the claim.

(b) (1) Upon the liquidation of any domestic insurer or United States branch which has issued policies insuring the lives of persons, the superintendent shall, within thirty days after the last day set for filing claims, make a list of the persons who have not filed proofs of

claim with him, to whom it appears to his entire satisfaction, from the records of the company, that there are owing amounts on such policies and he shall set opposite the name of each person such amount so owing to such person. Each person whose name shall appear upon such list shall be deemed to have duly filed, prior to the last day set for the filing of claims, a proof of claim for the amount set opposite his name.

(2) Upon the liquidation of any domestic insurer or United States branch which has issued property/casualty policies, the superintendent shall, within thirty days after the last day set for filing claims, make a list of all persons whose name appears on the books and records of the company as policyholders or claimants. Each person whose name appears upon such list shall be deemed to have duly filed a proof of claim prior to the last day set for the filing of claims.

(c) No contingent claim shall share in a distribution of assets of an insurer adjudicated to be insolvent by an order made pursuant to section seven thousand four hundred thirty-two of this article except that any such claim shall be considered if properly presented and may be allowed to share if:

(1) it becomes absolute against the insurer on or before the last day fixed for filing of proofs of claim, or

(2) there is a surplus and the liquidation is thereafter conducted upon the basis that such insurer is solvent.

(d) (1) Where a liquidation, rehabilitation or conservation order has been entered in a proceeding against an insurer under this article, any person who has a cause of action against an insured of such insurer under a liability insurance policy issued by such insurer, shall have the right to file a claim in the proceeding, even though the claim is contingent.

(2) The claim may be allowed:

(A) if it may be reasonably inferred from the proof presented that such person would be able to obtain a judgment upon such cause of action against such insured;

(B) if such person shall furnish suitable proof, unless the court for good cause shown shall otherwise direct, that no further valid claims against such insurer arising out of his cause of action other than those already presented can be made; and

(C) if the total liability of such insurer to all claimants arising

out of the same act of its insured shall be no greater than its total liability would be were it not in liquidation, rehabilitation or conservation.

(3) No judgment against such an insured taken after the date of the entry of the liquidation, rehabilitation or conservation order shall be considered in the proceedings as evidence of liability or of the amount of damages. No judgment against an insured taken by default, inquest or collusion prior to the entry of a liquidation order shall be considered as conclusive evidence in the proceeding either of the liability of such insured to such person upon such cause of action or of the amount of damages to which such person is therein entitled.

(e) Debts owing to a state, county, district or municipality, or any subdivision thereof, as a penalty or forfeiture, shall not be allowed except for the amount of the pecuniary loss sustained by the act, transaction or proceeding out of which the penalty or forfeiture arose, with reasonable and actual costs occasioned thereby, and such interest as may have accrued thereon according to law.

(f) No claim of any secured claimant shall be allowed at a sum greater than the difference between the value of the claim without security and the value of the security itself as of the date of entry of the order of liquidation or such other date set by the court for fixation of rights and liabilities as provided in section seven thousand four hundred five of this article, unless the claimant shall surrender his security to the superintendent in which event the claim shall be allowed in the full amount of its value.

§ 7433-a. Loan to workers' compensation security fund. (a) Upon certification by the superintendent that further sums, not exceeding seventy million dollars in the aggregate, are required by the workers' compensation security fund to meet its obligations and accomplish the purposes of article six-A of the workers' compensation law, the superintendent is hereby authorized to make one or more loans to such fund from the assets of one or more liquidation estates in such amounts as shall be specified by the superintendent. For purposes of this section, "liquidation estate" shall mean the assets of an insurer against which an order of liquidation has been commenced pursuant to

this article. Such sums, not exceeding seventy million dollars in the aggregate, shall be a liability of the workers' compensation security fund.

(b) Notwithstanding any law, rule or regulation to the contrary, in the event that a complaint is filed in a court of competent jurisdiction concerning the superintendent's authority to loan monies to the workers' compensation security fund pursuant to this section, the superintendent shall oppose such complaint, and appeal any adverse rulings of the court. In the event a court of competent jurisdiction issues an injunction that expressly prohibits the superintendent from making loans under this section, and such injunction has been unsuccessfully opposed in court by the superintendent, the superintendent may accomplish the purposes of this section through one or more loans from the assets of the property/casualty insurance security fund to the workers' compensation security fund. Such loans shall be made subject to the conditions set forth in this section, including the certification requirement set forth in subsection (c) of this section and shall not occur more frequently than once every two months, and not be greater in amount than that needed to sustain the workers' compensation security fund for the two month period.

(c) Upon written certification by the superintendent that the assets from the liquidation estates are otherwise unavailable, loans may also be made under the terms specified in this section from the assets of the property/casualty insurance security fund. Loans made pursuant to this subsection shall not exceed the sum of thirty million dollars in the aggregate. Such loans shall not occur more frequently than once every two months, and not be greater in amount than that needed to sustain the workers' compensation security fund for the two month period. Monies from such loans shall not be used to pay administrative expenses. Each loan must be accompanied by such certification, which shall set forth the specific reason or reasons why the assets of the liquidation estates are unavailable. The certification shall be provided to the temporary president of the senate, the speaker of the assembly, the chair of the senate finance committee and the chair of the assembly ways and means committee.

(d) Any loan pursuant to this section shall be a liability of the workers' compensation security fund, and shall be repaid pursuant to a

plan of repayment to be prescribed by the superintendent which, notwithstanding any other law, may provide, at the discretion of the superintendent, for an increase in the level of payments into the fund provided for in subdivision two of section one hundred eight of the workers' compensation law upon written notice by the superintendent to the governor and both houses of the legislature of the necessity of any such increase, including the reasons therefor. Such plan shall among other things require: (i) that any loan be made upon commercially reasonable terms and in accordance with the superintendent's fiduciary responsibilities, and (ii) immediate repayment, from the assets of the liquidation estates as referred to in subsection (a) of this section, of any loans from the property/casualty insurance security fund made pursuant to subsection (b) or (c) of this section upon sufficient monies becoming available from loans from liquidation estates pursuant to subsection (a) of this section, and (iii) that one-fourth of the payments collected pursuant to section one hundred eight of the workers' compensation law be dedicated to the repayment of any loans made pursuant to this section.

§ 7434. Distribution of assets. (a) (1) Upon the recommendation of the superintendent, and under the direction of the court, distribution payments shall be made in a manner that will assure the proper recognition of priorities and a reasonable balance between the expeditious completion of the liquidation and the protection of unliquidated and undetermined claims. The priority of distribution of claims from an insolvent insurer other than a life insurer in any proceeding subject to this article shall be in accordance with the order in which each class of claims is set forth in this paragraph and as provided in this paragraph. Every claim in each class shall be paid in full or adequate funds retained for such payment before the members of the next class receive any payment. No subclasses shall be established within any class. No claim by a shareholder, policyholder or other creditor shall be permitted to circumvent the priority classes through the use of equitable remedies. The order of distribution of claims shall be:

(A) Class one. Claims with respect to the actual and necessary costs

and expenses of administration, incurred by the liquidator, rehabilitator or conservator under this article.

(B) Class two. All claims under policies including such claims of the federal or any state or local government for losses incurred, third party claims, claims for unearned premiums, and all claims of a security fund, guaranty association or the equivalent except claims arising under reinsurance contracts.

(C) Class three. Claims of the federal government except those under class two above.

(D) Class four. Claims for wages owing to employees of an insurer against whom a proceeding under this article is commenced for services rendered within one year before commencement of the proceeding, not exceeding one thousand two hundred dollars to each employee, and claims for unemployment insurance contributions required by article eighteen of the labor law. Such priority shall be in lieu of any other similar priority which may be authorized by law.

(E) Class five. Claims of state and local governments except those under class two above.

(F) Class six. Claims of general creditors including, but not limited to, claims arising under reinsurance contracts.

(G) Class seven. Claims filed late or any other claims other than claims under class eight or class nine below.

(H) Class eight. Claims for advanced or borrowed funds made pursuant to section one thousand three hundred seven of this chapter.

(I) Class nine. Claims of shareholders or other owners in their capacity as shareholders.

(2) Severability. If any classification or priority provided for in paragraph one of this subsection is held to be unconstitutional or otherwise invalid, the remaining classifications and priorities shall continue in effect.

(b) No creditor shall be entitled to interest on any dividend by reason of delay in payment of such dividend.

(c) Any claimant of another state or foreign country who is entitled to, or receives, a dividend upon his claim out of a statutory deposit or the proceeds of any qualifying bond or other asset located in such other state or foreign country shall not be entitled to any further dividend from the superintendent until all other claimants of the same class

irrespective of residence or place of the acts or contracts upon which their claims are based shall have received an equal dividend upon their claims. After such equalization, such claimant shall be entitled to share in the distribution of further dividends by the superintendent like all other creditors of the same class wherever residing.

(d) If, after an adjudication of insolvency, a mutual insurer is found clearly solvent upon re-examination, its surplus shall be distributed among all persons, partnerships or corporations whose membership did not cease earlier than five years prior to the date on which the insurer ceased issuing policies. The distribution shall be in the proportion which the total premium contributions of each such member during his or its entire membership in the insurer bear to the total premium contributions of all such members entitled under this subsection to any distributive share of such surplus.

(e) The provisions of this section shall apply to distributions made after the effective date of this subsection in any proceeding under this article, regardless of the date such proceeding was commenced under this article, provided that the foregoing provisions of this subsection shall not apply to distributions made pursuant to a final court order of distribution entered on or before the effective date of this subsection.

§ 7435. Distribution for life insurers. (a) The priority of distribution of claims from the estate of a life insurance company in any proceeding subject to this article shall be in accordance with the order in which each class of claims is herein set forth. Every claim in each class shall, subject to such limitations as may be prescribed by law and do not directly conflict with the express provisions of this section, be paid in full or adequate funds retained for such payment before the members of the next class receive any payment. No subclasses shall be established within any class. The order of distribution of claims shall be:

(1) Class one. Claims with respect to the actual and necessary costs and expenses of administration, incurred by the liquidator, rehabilitator, conservator or ancillary rehabilitator under this article, or by The Life Insurance Guaranty Corporation or The Life and Health Insurance Company Guaranty Corporation of New York, and claims

described in subsection (d) of section seven thousand seven hundred thirteen of this chapter.

(2) Class two. Debts due to employees for services performed to the extent that they do not exceed one thousand two hundred dollars and represent payment for services performed within one year before the commencement of a proceeding under this article. Such priority shall be in lieu of any other similar priority which may be authorized by law as to wages or compensation of employees.

(3) Class three. All claims for payment for goods furnished or services rendered to the impaired or insolvent insurer in the ordinary course of business within ninety days prior to the date on which the insurer was determined to be impaired or insolvent, whichever is applicable.

(4) Class four. All claims under insurance policies, annuity contracts and funding agreements, and all claims of The Life and Health Insurance Company Guaranty Corporation of New York or any other guaranty corporation or association of this state or another jurisdiction, other than claims provided for in paragraph one of this subsection and claims for interest.

(5) Class five. Claims of the federal or any state or local government. Claims, including those of any governmental body for a penalty or forfeiture, shall be allowed to this class only to the extent of the pecuniary loss sustained from the act, transaction or proceeding out of which the penalty or forfeiture arose, with reasonable and actual costs occasioned thereby. The remainder of such claims shall be postponed to the class of claims under paragraph eight of this subsection.

(6) Class six. Claims of general creditors and any other claims other than claims under paragraphs seven and eight of this subsection.

(7) Class seven. Surplus, capital or contribution notes, or similar obligations.

(8) Class eight. The claims of (i) policyholders, other than claims under paragraph four of this subsection, and (ii) shareholders or other owners.

(b) Every claim under a separate account agreement providing, in effect, that the assets in the separate account shall not be chargeable with liabilities arising out of any other business of the insurer shall

be satisfied out of the assets in the separate account equal to the reserves maintained in such account for such agreement and, to the extent, if any, not fully discharged thereby, shall be treated as a class four claim against the estate of the life insurance company.

(c) For purposes of this section:

(1) "The estate of the life insurance company" shall mean the general assets of such company less any assets held in separate accounts that, pursuant to section four thousand two hundred forty of this chapter, are not chargeable with liabilities arising out of any other business of the insurer.

(2) "Insurance policies, annuity contracts and funding agreements" shall mean all policies and contracts of any of the kinds of insurance specified in paragraph one, two or three of subsection (a) of section one thousand one hundred thirteen of this chapter and all funding agreements described in section three thousand two hundred twenty-two of this chapter, including all separate account agreements, except that separate account agreements referred to in subsection (b) of this section shall be included only to the extent referred to therein.

(3) "Separate account agreement or agreements" shall mean any agreement or agreements for separate accounts referred to in section four thousand two hundred forty of this chapter.

§ 7436. Claims-made policies; special requirements. (a) Where a policy has been issued on a claims-made basis by an insurer against which an order of liquidation, rehabilitation or conservation has been entered pursuant to this article, the superintendent shall provide, at an appropriate additional premium by the insured and consistent with the terms of such policy, for the issuance of coverage for claims based on occurences prior to the termination of the policy which are reported after the termination of the policy, in the event that the insured seeks to purchase such coverage in accordance with the terms of such policy.

(b) If the order of liquidation, rehabilitation or conservation is entered against an insurer which has issued medical malpractice policies on a claims-made basis, then notwithstanding the entry of such order, the superintendent shall comply with the requirements for claims-made policies as set forth in subsections (b), (c) and (d) of section three

thousand four hundred thirty-six of this chapter and paragraphs two, three and four of subsection (f) of section five thousand five hundred four of this chapter.

(c) In the event that an insured, who has been issued a medical malpractice policy on a claim-made basis by an insurer against which an order of liquidation has been entered pursuant to this article, chooses to purchase coverage from a successor insurer, the superintendent shall expedite the transfer of coverage that has been accrued, for claims based on occurrences prior to the termination of the policy which are reported after the termination of the policy, to the successor insurer of each insured, in accordance with the requirement for claims-made policies as set forth in subsections (b), (c) and (d) of section three thousand four hundred thirty-six and paragraphs two, three and four of subsection (f) of section five thousand five hundred four of this chapter.

§ 7437. Qualified financial contracts. (a) As used in this section:

(1) "Actual direct compensatory damages" means and includes normal and reasonable costs of cover or other reasonable measures of damages utilized in the derivatives, securities or other market for the contract and agreement claims but does not include punitive or exemplary damages, damages for lost profit or lost opportunity or damages for pain and suffering.

(2) "Business day" means a day other than a Saturday, a Sunday or any day on which either the New York stock exchange or the Federal Reserve Bank of New York is closed.

(3) "Commodity contract" means: (A) a contract for the purchase or sale of a commodity for future delivery on, or subject to the rules of, a board of trade or contract market under the Commodity Exchange Act (7 U.S.C. § 1, et seq.) or a board of trade outside the United States; (B) an agreement that is subject to regulation under section 19 of the Commodity Exchange Act (7 U.S.C. § 1, et seq.) and that is commonly known to the commodities trade as a margin account, margin contract, leverage account or leverage contract; (C) an agreement or transaction that is subject to regulation under section 4c(b) of the Commodity Exchange Act (7 U.S.C. § 1, et seq.) and that is commonly known to the

commodities trade as a commodity option; (D) any combination of the agreements or transactions referred to in this paragraph; (E) any option to enter into an agreement or transaction referred to in this paragraph; or (F) any other contract that is included from time to time as a commodity contract as defined in the Federal Deposit Insurance Act, 12 U.S.C. § 1821(e)(8)(D).

(4) "Contractual right" means and includes any right set forth in a rule or bylaw of a derivatives clearing organization (as defined in the Commodity Exchange Act), a multilateral clearing organization (as defined in the Federal Deposit Insurance Corporation Improvement Act of 1991), a national securities exchange, a national securities association, a securities clearing agency, a contract market designated under the Commodity Exchange Act, a derivatives transaction execution facility registered under the Commodity Exchange Act, or a board of trade (as defined in the Commodity Exchange Act) or in a resolution of the governing board thereof and any right, whether or not evidenced in writing, arising under statutory or common law, or under law merchant, or by reason of normal business practice.

(5) "Forward contract" shall have the meaning set forth in the Federal Deposit Insurance Act, 12 U.S.C. § 1821(e)(8)(D).

(6) "Netting agreement" means: (A) a contract or agreement (including the terms and conditions incorporated by reference in such agreement), including a master agreement (which master agreement, together with all schedules, confirmations, definitions and addenda thereto and transactions under any thereof, shall be treated as one netting agreement), that documents one or more transactions between the parties to the agreement for or involving one or more qualified financial contracts and that provides for the netting, offset, liquidation, termination, acceleration or close out, under or in connection with one or more qualified financial contracts or present or future payment or delivery obligations or payment or delivery entitlements thereunder (including liquidation or close-out values relating to such obligations or entitlements) among the parties to the netting agreement; (B) any master agreement or bridge agreement for one or more master agreements described in subparagraph (A) of this paragraph; or (C) any security arrangement related to one or more contracts or agreements described in subparagraph (A) or (B) of this paragraph; provided that any contract or

agreement described in subparagraph (A) or (B) of this paragraph relating to agreements or transactions that are not qualified financial contracts shall be deemed to be a netting agreement only with respect to those agreements or transactions that are qualified financial contracts.

(7) "Qualified financial contract" means any commodity contract, forward contract, repurchase agreement, securities contract, swap agreement and any similar agreement that the superintendent determines by regulation to be a qualified financial contract for the purposes of this article.

(8) "Repurchase agreement" shall have the meaning set forth in the Federal Deposit Insurance Act, 12 U.S.C. § 1821(e)(8)(D).

(9) "Securities contract" shall have the meaning set forth in the Federal Deposit Insurance Act, 12 U.S.C. § 1821(e)(8)(D).

(10) "Security arrangement" means any security agreement or arrangement or other credit enhancement or guarantee or reimbursement obligation, including a pledge, security, collateral or guarantee agreement or credit support document.

(11) "Separate account" means an account established pursuant to section four thousand two hundred forty of this chapter.

(12) "Swap agreement" shall have the meaning set forth in the Federal Deposit Insurance Act, 12 U.S.C. § 1821(e)(8)(D).

(13) "Walkaway clause" means a provision in a netting agreement or a qualified financial contract that, after calculation of a value of a party's position or an amount due to or from one of the parties in accordance with its terms upon termination, liquidation or acceleration of the netting agreement or qualified financial contract, either does not create a payment obligation of a party or extinguishes a payment obligation of a party in whole or in part solely because of the party's status as a non-defaulting party.

(b) (1) Notwithstanding any other provision of this article, including any other provision of this article permitting the modification of contracts, or other law of this state, no person shall be stayed or prohibited from exercising: (A) a contractual right to cause the termination, liquidation, acceleration or close out of any obligation under or in connection with a netting agreement or qualified financial contract with an insurer, other than an insurer licensed to write financial guaranty insurance, because of: (i) the insolvency, financial

condition or default of the insurer at any time, provided that the right is enforceable under applicable law other than this article; or (ii) the commencement of any proceeding under this article; (B) any right under a security arrangement relating to one or more netting agreements or qualified financial contracts, other than a right against an insurer licensed to write financial guaranty insurance; or (C) subject to any provision of subsection (b) of section seven thousand four hundred twenty-seven of this article, any right to offset or net out any termination value, payment amount, or other transfer obligation arising under or in connection with one or more qualified financial contracts, other than a right against an insurer licensed to write financial guaranty insurance, where the counterparty or its guarantor is organized under the laws of the United States, a state, or a foreign jurisdiction approved by the Securities Valuation Office of the National Association of Insurance Commissioners as eligible for netting.

(2) If a counterparty to a master netting agreement or a qualified financial contract with an insurer, other than an insurer licensed to write financial guaranty insurance, subject to a proceeding under this article terminates, liquidates, closes out or accelerates the agreement or contract, damages shall be measured as of the date or dates of termination, liquidation, close out or acceleration. The amount of a claim for damages shall be actual direct compensatory damages.

(c) Upon termination of a netting agreement or qualified financial contract, the net or settlement amount, if any, owed by a nondefaulting party to an insurer against which an application has been filed under this article, other than an insurer licensed to write financial guaranty insurance, shall be transferred to or on the order of the superintendent, as liquidator, rehabilitator or conservator for the insurer, even if the insurer is the defaulting party, notwithstanding any walkaway clause in the netting agreement or qualified financial contract. Any limited two-way payment or first method provision in a netting agreement or qualified financial contract with an insurer that has defaulted shall be deemed to be a full two-way payment or second method provision as against the defaulting insurer. Any such property or amount shall, except to the extent it is subject to one or more secondary liens or encumbrances or rights of netting or setoff, be an asset of the insurer.

(d) In making any transfer of a netting agreement or qualified financial contract of an insurer subject to a proceeding under this article, other than an insurer licensed to write financial guaranty insurance, the superintendent, as liquidator, rehabilitator or conservator for the insurer, shall either:

(1) transfer to one party (other than an insurer subject to a proceeding under this article) all netting agreements and qualified financial contracts between a counterparty or any affiliate of such counterparty and the insurer that is the subject of the proceeding, including: (A) all rights and obligations of each party under each such netting agreement and qualified financial contract; and (B) all property, including any guarantees or other credit enhancement, securing any claims of each party under each such netting agreement and qualified financial contract; or

(2) transfer none of the netting agreements, qualified financial contracts, rights, obligations or property referred to in paragraph one of this subsection (with respect to such counterparty and any affiliate of such counterparty).

(e) If the superintendent, as liquidator, rehabilitator or conservator for an insurer, other than an insurer licensed to write financial guaranty insurance, makes a transfer of one or more netting agreements or qualified financial contracts, then the superintendent shall use his or her best efforts to notify any person who is party to the netting agreements or qualified financial contracts of the transfer by 12:00 noon, New York time, on the business day following the transfer.

(f) Notwithstanding any other provision of this article, the superintendent, as liquidator, rehabilitator or conservator for an insurer, other than an insurer licensed to write financial guaranty insurance, may not avoid a transfer of money or other property arising under or in connection with a netting agreement or qualified financial contract, or any security arrangement relating to a netting agreement or qualified financial contract, that is made before the commencement of a liquidation, rehabilitation or conservation proceeding under this article, except that a transfer may be avoided under section seven thousand four hundred twenty-five of this article if the transfer was made with actual intent to hinder, delay or defraud the insurer, the superintendent, as liquidator, rehabilitator or conservator of the

insurer, any other receiver appointed for the insurer, or existing or future creditors.

(g)(1) In exercising any rights of disaffirmance or repudiation of a liquidator, rehabilitator or conservator with respect to any netting agreement or qualified financial contract to which an insurer is a party, other than an insurer licensed to write financial guaranty insurance, the superintendent, as liquidator, rehabilitator or conservator for the insurer shall either: (A) disaffirm or repudiate all netting agreements and qualified financial contracts between a counterparty or any affiliate of such counterparty and the insurer that is the subject of the proceeding; or (B) disaffirm or repudiate none of the netting agreements and qualified financial contracts referred to in subparagraph (A) of this paragraph (with respect to such person or any affiliate of such person).

(2) Notwithstanding any other provision of this article, any claim of a counterparty against the estate, other than the estate of an insurer licensed to write financial guaranty insurance, arising from the superintendent's disaffirmance or repudiation of a netting agreement or qualified financial contract that has not been previously affirmed in the liquidation proceeding or in the immediately preceding rehabilitation proceeding shall be determined and shall be allowed or disallowed: (A) as if the claim had arisen before the date of the filing of the application for liquidation; or (B) if a rehabilitation proceeding is converted to a liquidation proceeding, as if the claim had arisen before the date of the filing of the application for rehabilitation.

(3) The amount of the claim identified in paragraph two of this subsection shall be the actual direct compensatory damages determined as of the date of the disaffirmance or repudiation of the netting agreement or qualified financial contract.

(h) All rights of a counterparty under this article shall apply to a netting agreement and a qualified financial contract entered into on behalf of or allocated to: (1) the general account of the insurer; or (2) a separate account of the insurer, other than an insurer licensed to write financial guaranty insurance, if the assets of the separate account are available only to a counterparty to a netting agreement and a qualified financial contract entered into on behalf of, or allocated

to, that separate account.

ARTICLE 75

LIFE INSURANCE GUARANTY FUND

Section 7501. Purpose of article.
7502. Definitions.
7503. The Life Insurance Guaranty Corporation.
7504. The guaranty fund.
7505. Taxes.
7506. Companies excluded from article.
7507. Authorization for member companies.

§ 7501. Purpose of article. The purpose of this article is to continue the life insurance guaranty fund, a fund arising from assessments upon domestic life insurance companies to be used for the promotion of the stability of such companies and the performance of their contractual obligations. In the judgment of the legislature, the foregoing objects and purposes are not capable of accomplishment by a corporation created under general laws, so the continuation of the non-profit corporation, "The Life Insurance Guaranty Corporation", is provided by this article.

§ 7502. Definitions. In this article:

(a) "Board" means the board of directors of The Life Insurance Guaranty Corporation.

(b) "Assessment" means a payment made by a company into the guaranty fund.

(c) "Contributor" means a company paying an assessment.

(d) "Corporation" means "The Life Insurance Guaranty Corporation."

(e) "Fund" means the guaranty fund provided by this article.

(f) "Member company" means any domestic life insurance company having a representative serving as a director upon the board of directors of the corporation.

(g) "Policies" means insurance policies; "contracts" means annuity contracts; both terms include policies or contracts of reinsurance

issued by a member company.

§ 7503. The Life Insurance Guaranty Corporation. (a) The non-profit body corporate known as "The Life Insurance Guaranty Corporation" created pursuant to chapter four hundred eighty-one of the laws of nineteen hundred forty-one, is hereby continued. It shall be composed of the superintendent ex-officio and one representative of each life insurance company incorporated or organized under any law of this state which shall have actively and continuously transacted business in this state for a period of at least three years prior to the effective date of article seventy-seven of this chapter. No company shall be eligible for membership in the corporation if a proceeding instituted by the superintendent pursuant to article seventy-four of this chapter is pending against it in which event such company shall not be eligible until the superintendent shall certify that it is so eligible.

(b) Every such company which shall become eligible for membership in the corporation shall, within forty-five days from the date on which it becomes so eligible, file with the superintendent a certificate designating its representative for the purposes of such corporation. Upon failure of any company to make such designation within the forty-five day period, the superintendent shall forthwith make such designation for and on its behalf and by mail give notice thereof to such company. The designation, whether made by the company or the superintendent, may be revoked by the company at any time with or without cause. Any vacancy by death, resignation or removal shall be filled in the same manner as for the original designation of a representative.

(c) Each such representative shall also be known as a director and all representatives and the superintendent shall constitute the board of directors which shall have complete charge and control of the management of the corporation in accordance with the corporate powers hereinafter set forth, including power to adopt administrative rules, regulations and by-laws advisable for the purposes and objects of the corporation. The superintendent shall be ex-officio chairman of the board.

(d) No director, officer, agent or other representative of the corporation shall be individually liable to any person, firm or

corporation, including the corporation, for any act or omission to act, or for any liability incurred or assumed, on behalf of the corporation or by virtue hereof. Any such liability so incurred or assumed shall be collectible only out of the fund; nor shall any member company be subject to any liability except for assessment as herein provided.

(e) The corporation shall be under the immediate supervision of the superintendent and shall be subject to such provisions of this chapter as the superintendent shall deem applicable.

(f) The corporation shall have the power:

(1) to use a corporate seal, to contract, to sue and be sued and to possess and exercise all powers necessary or convenient for the purposes of this article;

(2) with the approval of the superintendent, to assume, reinsure or guaranty, or cause to be assumed, reinsured or guaranteed, partially or wholly, any or all policies or contracts of any member company and to make available from the fund such sums as may be necessary for such purposes;

(3) to carry out the provisions of this article, the corporation shall have and may exercise all necessary rights, powers, privileges and franchises of a domestic life insurance company except that it shall not be authorized to issue contracts or policies unless they replace contracts or policies representing obligations in whole or in part of another domestic life insurance company or of the corporation;

(4) to borrow money for the purposes of the fund with or without security and pledge such assets in the fund as security for such loans and in connection therewith to rehypothecate any securities or collateral pledged to it by a company, provided, however, that obligations of the corporation shall be legal investments for domestic life insurance companies and to the extent authorized by the superintendent may be carried as admitted assets;

(5) to collect, or enforce by legal proceedings, if necessary, the payment of, all assessments for which any contributor may be liable under this article; to collect any obligation due to the corporation or to the fund; and

(6) to fund a resolution facility established pursuant to section seven thousand seven hundred nineteen of this chapter.

(g) The corporation shall, subject to such terms and conditions as it

may impose with the approval of the superintendent, assume, reinsure or guaranty the performance of the policies and contracts issued prior to the effective date of article seventy-seven of this chapter by any impaired or insolvent member company, and shall have power to receive, own and administer any assets acquired in connection with such assumption, reinsurance or guaranty; provided, however, that after the effective date of article seventy-seven of this chapter the corporation shall have no responsibility with respect to any claim under any such policy or contract except (i) to the extent that the amount of such claim exceeds the portion thereof that is covered under article seventy-seven of this chapter, and (ii) with respect to any claim not covered under article seventy-seven of this chapter. As to any policy not in default in the payment of premiums subsequent to any such assumption, reinsurance or guaranty, the corporation shall make prompt payment of the death benefit due under the terms of the policy.

(h) Notwithstanding any other provision of this section, no assumption by a member company after the effective date of article seventy-seven of this chapter, of the policies or contracts of another member company issued prior to the effective date of article seventy-seven of this chapter, for which assumption certificates have been issued, shall result in loss by such policies or contracts of the protection provided under this article.

§ 7504. The guaranty fund. (a) The corporation shall provide a guaranty fund from which all corporate administrative costs may be paid as well as such payments and advances as may be made in connection with any assumption, reinsurance or guaranty agreement. Such fund shall be raised by assessments which may be made from time to time by the corporation upon all member companies in proportion to their admitted assets as shown by their annual statements required by this chapter for the year next preceding the date of such assessment. The net realized gains and income from investments of the fund shall belong, and be refunded, to the contributors in proportion to the amounts contributed by them. The corporation may provide by resolution or by-law the necessary procedure for making assessments, the payment thereof, and the refund of any net realized gains and income from investments of the

fund.

(b) The amount of the fund shall be kept at such a sum as will enable the corporation to meet its immediate obligations and liabilities.

(c) Upon payment of assessments the corporation shall issue to the contributors certificates showing the dates and amounts of such payments, and any other matters deemed proper. All outstanding certificates shall be of equal dignity and priority irrespective of amounts or dates of issue. Such certificates may be carried by member companies as admitted assets to the extent authorized by the superintendent.

(d) Whenever the amount of the fund exceeds the immediate requirements of the corporation, with the approval of the superintendent, the corporation may distribute such excess by retirement of the aforesaid certificates previously issued or any part thereof. Such distribution shall be made pro rata upon the basis of outstanding certificates, except that by unanimous consent of all the directors and with the approval of the superintendent any other method of retirement of the certificates may be adopted.

(e) Upon dissolution of the fund by the repeal of this article or otherwise, the fund shall be distributed in the manner provided for the repayment or retirement of certificates. If the amount of the fund at the time of dissolution exceeds the outstanding certificates, the excess shall be paid in such equitable manner as shall be approved by the superintendent.

(f) The aggregate of the outstanding certificates shall at no time exceed fifty million dollars.

§ 7505. Taxes. (a) The corporation shall be exempt from all taxes and fees imposed by this state or by any county, municipality, or local authority or subdivision, except that real property owned by the corporation shall be subject to county, municipal or local authority or subdivision taxation to the same extent, according to its value, as other similar real property.

(b) Any company whose policies have been assumed, reinsured or guaranteed by the corporation shall remain liable for the taxes required by article thirty-three of the tax law, and shall remain liable as to

taxes accrued before January first, nineteen hundred seventy-four, which were required by section one hundred eighty-seven of the tax law as in effect before January first, nineteen hundred seventy-four, on all premiums received on policies issued by it, but payment of such taxes shall be suspended. Payment of or on account of such taxes shall be made under such terms and conditions as the superintendent prescribes, except that no such payment may be required or made if such company would become impaired by the making of such payment or if such payment would reduce its capital and surplus below the minimum statutory requirements for organization of a like new life insurance company. No dividends to shareholders shall be declared unless all premium taxes have been fully paid.

§ 7506. Companies excluded from article. There is hereby excluded from the provisions of this article any life insurance company organized and operated, without profit to any private shareholder or individual, exclusively to aid and strengthen charitable, religious, missionary, educational or philanthropic institutions by issuing policies or contracts only to or for the benefit of such institutions, to individuals engaged in serving such institutions and to members of their immediate families.

§ 7507. Authorization for member companies. Each member company and its officers, directors and agents shall have authority to do and permit to be done any act and to make any payment herein authorized or contemplated.

ARTICLE 76

PROPERTY/CASUALTY SECURITY FUNDS

Section 7601. Property/casualty insurance security fund; public motor vehicle liability security fund.
7602. Definitions.
7603. Property/casualty insurance security fund.
7604. Public motor vehicle liability security fund.

7605. Quarterly returns.
7606. Determination of net value of funds; limits.
7607. Management and investment of funds.
7608. Payments from funds; subrogation; limit on payments.
7609. Rights of funds against insolvent insurers.
7610. Defense of claims.
7611. Expense of administering funds.
7612. Foreign and alien insurers.
7613. Rules and regulations.
7614. Penalties.

§ 7601. Property/casualty insurance security fund; public motor vehicle liability security fund. (a) The property and liability insurance security fund is continued and shall hereafter be known as "the property/casualty insurance security fund".

(b) The public motor vehicle liability security fund is continued.

(c) The property/casualty insurance security fund shall consist of all payments made to it by insurers and of securities acquired by and through the use of moneys belonging to it, together with interest and accretions earned upon such payments or investments earned prior to January first, nineteen hundred seventy-four.

(d) The public motor vehicle liability security fund shall consist of all payments made to it by insurers and of securities acquired by and through the use of moneys belonging to it, together with interest and accretions earned upon such payments or investments.

(e) Each fund shall be administered separately by the superintendent in accordance with this article.

§ 7602. Definitions. In this article, unless the context or subject matter otherwise requires:

(a) "Fund" means either the property/casualty insurance security fund or the public motor vehicle liability security fund.

(b) "Fund year" means the calendar year.

(c) "Insurer" means any insurer (other than an insolvent insurer, or a municipal reciprocal insurer which issues policies not covered by the

property/casualty insurance security fund, or a risk retention group as defined in article fifty-nine of this chapter, or a provider of service contracts pursuant to article seventy-nine of this chapter) authorized to transact the kinds of business specified in paragraphs four through fourteen, sixteen, seventeen, nineteen through twenty-one of subsection (a) of section one thousand one hundred thirteen of this chapter.

(d) "Policy" means a policy issued by an insurer authorized to do business in this state, including a policy or surety bond filed pursuant to article six or seven of the vehicle and traffic law, insuring against legal liability arising out of the ownership, operation or maintenance of motor vehicles, including surety bonds or insurance policies issued to meet the requirements of section three hundred seventy of the vehicle and traffic law.

(e) "Net direct written premiums" means direct gross premiums written on policies subject to this article, insuring:

(1) property or risks located or resident in this state,

(2) legal liability arising out of the ownership, operation or maintenance of motor vehicles which are principally garaged in this state, less return premiums thereon and dividends paid to policyholders on such direct business.

For the purposes of this article premiums written by any authorized insurer on policies issued to self insurers, whether or not designated as reinsurance contracts, shall be deemed "net direct written premiums".

(f) "Motor vehicle accident" means either an accident occurring within or without this state arising out of the ownership, operation or maintenance of a motor vehicle which is principally garaged in this state or an accident occurring within this state arising out of the ownership, operation or maintenance of a motor vehicle which is not principally garaged in this state.

(g) "Allowed claim" means a claim that has been allowed by the superintendent in a proceeding under article seventy-four of this chapter or, if such claim exceeds twenty-five thousand dollars, has been allowed by the court in a proceeding under article seventy-four of this chapter, and which is based upon:

(1) a policy insuring property or risks located or resident in this state, or

(2) a policy issued in this state to a resident of this state insuring

property or risks, located or resident outside this state but within the United States, its possessions and territories, and Canada, provided that, with respect to policies covered under this paragraph:

(A) irrespective of the amount of claim that has been allowed, no person shall recover any amount from this fund until such person has exhausted all rights of recovery from any security fund, guaranty association, or the equivalent in the jurisdiction where such property or risks are located or resident; and, thereafter, such person's recovery from this fund, when combined with amounts recovered or recoverable from any other security fund, guaranty association, or the equivalent in such jurisdiction, shall not exceed the maximum limit available to a qualified claimant for a recovery solely from such other security fund, guaranty association, or the equivalent; and

(B) the aggregate limit for all claims arising out of any one policy, excluding claims with respect to property or risks located or resident in this state, shall not exceed the lesser of the aggregate limit of the policy or five million dollars.

(h) "Injured party claim" means a claim of a person, other than a policyholder or assured, who suffered an injury to his person or property arising out of an insured incident within the coverage of the policy.

(i) "Policyholder claim" means a claim of a policyholder or assured within the coverage of the policy, wherein such person suffered loss or damage under the coverage of the policy or where such person has paid an injured party claim, subject to allowance of such policyholder claim in a proceeding under article seventy-four of this chapter.

(j) "Commissioner" means the commissioner of taxation and finance of this state.

§ 7603. Property/casualty insurance security fund. (a) (1) The property/casualty insurance security fund shall be used in the payment of allowed claims remaining unpaid, in whole or in part, by reason of the inability due to insolvency of an authorized insurer to meet its insurance obligations under policies:

(A) on account of claims from motor vehicle accidents as defined in subsection (f) of section seven thousand six hundred two of this

article,

(B) for all of the kinds of insurance specified in paragraphs four through fourteen, sixteen, nineteen through twenty-one, twenty-four and subparagraphs (A) and (B) of paragraph twenty-six of subsection (a) of section one thousand one hundred thirteen of this chapter with respect to coverage of property or risks located or resident in this state, or outside this state but within the United States, its possessions and territories, and Canada,

(C) for the kind of insurance providing disability benefits pursuant to article nine of the workers' compensation law issued by an authorized insurer licensed under article forty-one, sixty-one or sixty-six of this chapter with respect to coverage of risks located or resident in this state,

(D) in the kind of insurance providing workers' compensation insurance pursuant to subsection (j) of section three thousand four hundred twenty of this chapter,

(E) for the insurance provided by the medical malpractice insurance association,

(F) for the insurance provided pursuant to subdivision two-a of section seventy-six of the workers' compensation law if and when operative,

(G) for the kinds of credit insurance as defined in subparagraphs (B) and (C) of paragraph seventeen of subsection (a) of section one thousand one hundred thirteen of this chapter, and

(H) any obligation for the return of unearned premiums on any policy specified in subparagraphs (A), (B), (C), (D), (E), (F) and (G) hereof, which shall, for the purposes of this article, be deemed to include the obligations of an insurer and the medical malpractice insurance association under medical malpractice claims-made policies to pay to successor entities the actuarially appropriate amounts for the provision of coverage to comply with the requirements of subsections (b), (c) and (d) of section three thousand four hundred thirty-six and paragraphs two, three and four of subsection (f) of section five thousand five hundred four of this chapter.

(2) No payment from the property/casualty insurance security fund shall be made to any person who owns or controls ten percent or more of the voting securities of the insolvent insurer and no payment on any one

claim shall exceed one million dollars, provided that the amount of payment on a claim and the aggregate for all claims shall be further limited by the provisions of paragraph two of subsection (g) of section seven thousand six hundred two of this article.

(b) (1) Contributions to the property/casualty insurance security fund shall be determined on the basis of net direct written premiums on policies insuring property or risks located or resident in this state.

(2) Every insurer shall pay into such fund, upon filing each quarterly return pursuant to section seven thousand six hundred five of this article, one-half of one percent of its net direct written premiums as shown for the period covered by such return.

(c) (1) Whenever the superintendent determines, pursuant to section seven thousand six hundred six of this article, that the net value of the property/casualty insurance security fund is at least one hundred fifty million dollars, no further contributions shall be made after the fund year in which the determination is first made, but if thereafter the superintendent determines that payments made from the fund by the commissioner to the superintendent acting as liquidator, rehabilitator or conservator have reduced the net value to an amount less than such amount, the superintendent shall cause contributions to be resumed until the end of the fund year in which he first determines that such net value exceeds such amount.

(2) If contributions are so resumed, they shall be apportioned:

(A) ratably among those kinds of insurance as to which the commissioner made payments during the fund year in which the net value of the property/casualty insurance security fund was reduced below such amount, and

(B) among insurers in accordance with their respective amounts of net direct premiums written in each such kind of insurance.

(d) (1) All income earned on moneys in the fund (after deducting any amounts paid for allowed claims and administrative expenses during the preceding year) shall be credited, upon certification by the superintendent to the commissioner, to the general fund of the state treasury; except that with respect to all such income earned on or after July first, nineteen hundred seventy-nine such moneys shall be distributed annually in the following manner:

(A) Pursuant to regulations of the superintendent, the deficit from

the operations of the New York property insurance underwriting association shall be credited with such income earned, upon certification by the superintendent to the commissioner, in a sum not exceeding such total income earned or the sum of fifteen million dollars whichever is the lesser in any one year. Such credit shall be in lieu of a transfer of such funds to the general fund of the state treasury.

(B) Any balance of earned income shall be credited, upon certification by the superintendent to the commissioner, to the general fund of the state treasury; but only when the value of the fund exceeds the sum of two hundred forty million dollars.

(2) The superintendent, after consultation with the commissioner, may by regulation provide for contributions to be made in the form of acceptable securities, and for the management and disposition of such securities. The income from such securities shall be included in the distribution outlined in paragraph one hereof.

(3) The superintendent is authorized to use the income earned on the moneys of the fund to offset the deficit of the New York property insurance underwriting association in accordance with subsection (d) of section five thousand four hundred five of this chapter, provided that any income earned on the moneys of the fund which in any one year exceeds fifteen million dollars or which the superintendent has not utilized for the purposes of such subsection shall be credited to the corpus of the fund until the superintendent determines that its net value is two hundred forty million dollars, and thereafter shall be credited, upon certification by the superintendent to the commissioner, to the general fund of the state treasury.

(e) (1) (A) Notwithstanding any other provision of law to the contrary, the superintendent shall annually no later than November first in each year submit to the director of the budget a request for an appropriation of ninety million dollars. The governor shall include such amount in a budget bill for the next state fiscal year. The state comptroller shall encumber the amount so appropriated before the end of the fiscal year for which any such appropriation is made. If for any fiscal year commencing on or after April first, nineteen hundred eighty-three, the governor fails to submit a budget bill containing an appropriation in the amount requested by the superintendent or the legislature fails to appropriate the amount in a budget bill submitted

by the governor for such fiscal year, the amount appropriated for and encumbered during the preceding fiscal year shall be payable forthwith to the fund on July first of such year in the manner prescribed by law, provided, however, that such amount shall not exceed the amount of moneys transferred to the general fund from the fund pursuant to the provisions of chapter fifty-five of the laws of nineteen hundred eighty-two.

(B) Any appropriation made to the fund pursuant to this section shall be included as an asset for the purposes of computing the value or net value of the fund pursuant to this section.

(C) Any transfer of moneys from the fund to the general fund in accordance with the provisions of chapter fifty-five of the laws of nineteen hundred eighty-two is deemed a proper and prudent legal undertaking for any state officer with the responsibility for the custody or the investment of the assets of the fund, notwithstanding any other provision of law to the contrary.

(2) Upon certification by the superintendent that further sums, not exceeding fifty million dollars in the aggregate, are required by the public motor vehicle liability security fund to meet its obligations and accomplish the purposes of this article the commissioner shall transfer from the assets of the property/casualty insurance security fund to the public motor vehicle liability security fund amounts to be specified by the superintendent. Such sums, not exceeding fifty million dollars in the aggregate, shall be a liability of the public motor vehicle liability security fund and shall be repaid to the property/casualty insurance security fund pursuant to a plan of repayment to be prescribed by the superintendent which may provide for an increase in the level of payments into the fund provided for in subsection (b) of section seven thousand six hundred four of this article.

§ 7604. Public motor vehicle liability security fund. (a) The purpose of the public motor vehicle liability security fund is to secure the benefits contemplated by section three hundred seventy of the vehicle and traffic law in those cases where a policy of insurance or corporate surety bond, therein described, of a solvent and responsible insurer is accepted by the commissioner of motor vehicles as a compliance with such

section. The fund shall be used to pay allowed claims of injured parties and policyholders under insurance policies or surety bonds, remaining unpaid, in whole or in part, by reason of the insurer's insolvency or its inability to meet its insurance obligations (including any obligation for the return of unearned premiums) provided the insurer has made payments to the fund as required by subsection (b) hereof.

(b) (1) Contributions to this fund shall be determined on the basis of net direct written premiums on insurance policies or surety bonds issued to meet the requirements of section three hundred seventy of the vehicle and traffic law.

(2) Every insurer issuing such policies or bonds, upon filing its quarterly return pursuant to section seven thousand six hundred five of this article, shall pay into the fund three percent of its net direct written premiums as shown for the period covered by such return.

§ 7605. Quarterly returns. With respect to each fund subject to this article, every insurer on or before the fifteenth days of February, May, August and November of each year, shall file, with the commissioner and the superintendent identical returns, subscribed and affirmed by the insurer to be true under the penalties of perjury, on a form prescribed by the superintendent, stating the amount of net direct written premiums charged by such insurer during the quarter year ending on the last day of the second month preceding that in which the report is required to be filed.

§ 7606. Determination of net value of funds; limits. (a) The superintendent shall annually, on or before March first, ascertain and determine the net value of each fund as of the next preceding December thirty-first by deducting from the value of the assets of each fund, ascertained pursuant to this article, the aggregate actual and estimated liabilities of each fund as determined by the superintendent. When the net value of a fund, as thus determined, reaches an amount equal to fifteen percent of the outstanding claim reserves of all authorized insurers, incurred under policies or bonds providing benefits as specified in subsection (a) of section seven thousand six hundred three

or subsection (a) of section seven thousand six hundred four of this article, as the case may be, no further contributions to such fund shall be required to be made.

(b) Whenever, thereafter, the amount of a fund is reduced below such fifteen percent, by reason of payments from, and known and estimated liabilities of, that fund, then contributions to such fund shall be resumed and continued until that fund, over and above its known and estimated liabilities, reaches such amount.

§ 7607. Management and investment of funds. (a) Each of the two funds governed by this article shall be separate and apart. Each fund shall also be separate and apart from any other fund and from all other state moneys, and the faith and credit of the state of New York is pledged for their safekeeping. The commissioner shall be the custodian of the funds. All disbursements shall be made by the commissioner upon vouchers signed by the superintendent, or his deputy. The moneys of the funds may be invested by the commissioner in obligations of the United States or of this state and in interest bearing certificates of deposit of a bank or trust company located and authorized to do business in this state, or of a national bank located in this state, secured by a pledge of direct obligations of the United States or of the state of New York in an amount equal to the amount of such certificates of deposit, or in accordance with the provisions of section ninety-eight-a of the state finance law.

(b) With respect to the moneys in the property/casualty insurance security fund the commissioner may also invest in:

(1) obligations of public benefit corporations whose obligations are legal for investment by public officers and bodies of this state;

(2) up to thirty-three and one-third percent of the net value of the fund in mortgage loans or deeds of trust on real property improved by one, two, three or four family residences owned by one or more individuals and occupied by an owner and located in this state. The amount invested in mortgage loans and deeds of trust may not exceed the lesser of ninety percent of the appraised value of the real property or thirty-five thousand dollars if a one-family residence, forty thousand dollars if a two-family residence, forty-five thousand dollars if a

three-family residence, or fifty thousand dollars if a four-family residence. The mortgage or deed of trust shall provide for monthly principal and interest payments in amounts sufficient to pay all interest and effect full repayment of principal within seventy-five percent of the estimated remaining useful life of the building or thirty years, whichever is less.

(c) The commissioner may sell any investment of either fund, if advisable, for proper administration or in the best interests of the fund.

§ 7608. Payments from funds; subrogation; limit on payments. (a) Payments from the funds shall be made by the commissioner to the superintendent acting as liquidator, rehabilitator or conservator pursuant to article seventy-four of this chapter upon the authority of appropriate certificates filed with him by the superintendent acting in such capacity.

(b) (1) Payments from the funds upon allowed claims give no right of recovery by the commissioner as custodian of the funds against principals or assureds under policies of insurance or surety bonds, for the benefit and reimbursement of the fund.

(2) Any assured under such a policy of insurance or surety bond who pays, in whole or in part, any injured party claim which is eligible for payment, in whole or in part, from the funds, shall thereupon be subrogated to the injured party's rights against the fund but not in excess of the subrogee's claim as allowed in the proceeding under article seventy-four of this chapter.

(c) No payment from the funds shall exceed the limit of liability provided for in the insurance policy or surety bond.

§ 7609. Rights of funds against insolvent insurers. (a) The commissioner as custodian of each of the funds shall be entitled to a valid claim against an insurer which becomes insolvent or unable to meet its insurance obligations, or its liquidator, rehabilitator, conservator, receiver, or trustee in bankruptcy, in an amount equal to the liabilities, including loss adjustment expenses relating to such

liabilities, of the insurer paid from the fund less the net payments paid into the fund by such insurer.

(b) All moneys recovered through the prosecution of claims in the liquidation, rehabilitation or conservation proceeding shall be forthwith placed to the credit of the appropriate fund by the commissioner.

§ 7610. Defense of claims. (a) The superintendent may, in his discretion, designate or appoint a duly authorized representative to appear before any court or other body or official having jurisdiction and defend any action or proceeding against principals or assureds on insurance policies or bonds issued to them where the insurer has become insolvent or unable to meet its insurance obligations. The superintendent shall have, as of the date of such insolvency or inability to meet its insurance obligations, only the rights which the insurer would have had if not insolvent or unable to meet its insurance obligations.

(b) For the purposes of this section, the superintendent shall have power to employ such counsel, clerks and assistants as may be necessary.

§ 7611. Expense of administering funds. (a) The expense of administering each fund shall be paid out of such fund. Prior to the first days of January, April, July and October, there shall be submitted to the director of the budget for approval an estimated budget of expenditures for the succeeding three months.

(b) There may not be expended for the purpose of administering the funds more than the amounts as authorized by the director of the budget. The superintendent shall serve as administrator of the funds without additional compensation, but may be allowed and paid from the funds the expenses incurred in performing his duties in connection with the funds. The compensation of persons employed by the superintendent, within the amounts approved by the director of the budget, shall be deemed administration expense payable from the funds.

§ 7612. Foreign and alien insurers. Every foreign or alien insurer subject to this article is deemed to have consented to the adjudication of all claims secured by this article in a proceeding under article seventy-four of this chapter.

§ 7613. Rules and regulations. The superintendent may adopt, amend and enforce all reasonable rules and regulations necessary for the proper administration of the funds.

§ 7614. Penalties. (a) If any insurer fails to file any return or make any payment required by this article, or if the superintendent has cause to believe that any return or other statement filed is false or inaccurate in any particular, or that any payment made is incorrect, he may examine all the books and records of the insurer to ascertain the facts and determine the correct amount to be paid and may proceed in any court of competent jurisdiction to recover for the benefit of the fund any sums shown to be due upon such examination and determination.

(b) Any insurer which fails to make any such required statement, or to make any payment to the fund when due, shall thereby forfeit to the appropriate fund a penalty of five percent of the amount determined to be due plus one percent of such amount for each month of delay, or fraction thereof, after the expiration of the first month of such delay. If satisfied that the delay was excusable, the superintendent may remit all or any part of the penalty.

(c) The superintendent, in his discretion, may revoke the certificate of authority to do business in this state of any foreign insurer which fails to comply with this article or to pay any penalty imposed hereunder.

7720. Penalties.

§ 7701. Short title. This article shall be known and may be cited as "The Life and Health Insurance Company Guaranty Corporation of New York Act".

§ 7702. Purpose. The purpose of this article is to provide funds to protect policy owners, insureds, health care providers, beneficiaries, annuitants, payees and assignees of life insurance policies, health insurance policies, annuity contracts, funding agreements and supplemental contracts issued by life insurance companies, health insurance companies, and property/casualty insurance companies, subject to certain limitations, against failure in the performance of contractual obligations due to the impairment or insolvency of the insurer issuing such policies, contracts, or funding agreements. In the judgment of the legislature, the foregoing objects and purposes not

being capable of accomplishment by a corporation created under general laws, the creation of a not-for-profit corporation of insurers is provided for by this article to enable the guarantee of payment of benefits and of continuation of coverages, and members of the corporation are subject to assessment to carry out the purposes of this article.

§ 7703. Scope. (a) (1) This article shall apply to direct life insurance policies, health insurance policies, annuity contracts, funding agreements, and supplemental contracts issued by a life insurance company, health insurance company, or property/casualty insurance company licensed to transact life or health insurance or annuities in this state at the time the policy, contract, or funding agreement was issued or on the date of entry of a court order of liquidation or rehabilitation with respect to such a company that is an impaired or insolvent insurer, as the case may be.

(2) Except as otherwise provided in this section, this article shall apply to the policies, contracts, and funding agreements specified in paragraph one of this subsection with regard to a person who is:

(A) an owner or certificate holder under a policy, contract, or funding agreement and in each case who:

(i) is a resident of this state; or

(ii) is not a resident of this state, but only under all of the following conditions:

(I) the insurer that issued the policy, contract, or agreement is domiciled in this state;

(II) the state or states in which the person resides has or have a guaranty entity similar to the corporation created by this article; and

(III) the person is not eligible for coverage by a guaranty entity in any other state because the insurer was not licensed or authorized in that state at the time specified in that state's guaranty entity law;

(B) the beneficiary, assignee, or payee of the person specified in subparagraph (A) of this paragraph, regardless of where the person resides; or

(C) a health care provider that has rendered services to a person specified in subparagraph (A) of this paragraph.

(3) Except as otherwise provided in this section:

(A) with regard to a group annuity contract (or portion of any such contract) that does not guarantee annuity benefits with respect to any specific individual identified in the contract, this article shall apply to a person who is the owner of such a contract:

(i) if the contract is issued to or in connection with a specific benefit plan where the plan sponsor has its principal place of business in this state; provided, however, that for the purpose of this subparagraph:

(I) "plan sponsor" shall mean:

(aa) the employer in the case of a benefit plan established or maintained by a single employer;

(bb) the employee organization in the case of a benefit plan established or maintained by an employee organization, provided that "employee organization" shall mean any labor union or any organization of any kind, or any agency or employee representation committee, association, group, or plan, in which employees participate and that exists for the purpose, in whole or in part, of dealing with employers concerning an employee benefit plan, or other matters incidental to employment relationships, or any employees' beneficiary association organized for the purpose in whole or in part, of establishing such a plan; or

(cc) in the case of a benefit plan established or maintained by two or more employers or jointly by one or more employers and one or more employee organizations, the association, committee, joint board of trustees, or other similar group of representatives of the parties who establish or maintain the benefit plan; and

(II) "principal place of business" shall mean:

(aa) the state in which the individuals who establish policy for the direction, control, and coordination of the operations of the entity as a whole primarily exercise that function, except that if more than fifty percent of the participants in the benefit plan are employed in a single state, then that state shall be deemed to be the principal place of business of the plan sponsor; or

(bb) with regard to a plan sponsor of a benefit plan described in subitem (cc) of clause (I) of this item, the principal place of business, as determined pursuant to subitem (aa) of this clause, of the

employer or employee organization that has the largest investment in the benefit plan; or

(ii) issued to or in connection with a government lottery if the owner is a resident; and

(B) with regard to a structured settlement annuity, this section shall apply to a person who is a payee under the structured settlement annuity, or the beneficiary of a payee if the payee is deceased, if the payee (or beneficiary):

(i) is a resident, regardless of where the owner of the structured settlement annuity resides; or

(ii) is not a resident, but only under the following conditions:

(I) (aa) the owner of the structured settlement annuity is a resident; or

(bb) the owner of the structured settlement annuity is not a resident, but the insurer that issued the structured settlement annuity is domiciled in this state and the state in which the owner resides has a guaranty entity similar to the corporation created by this article; and

(II) neither the payee (or beneficiary) nor the owner of the structured settlement annuity is eligible for coverage by a guaranty entity of the state in which the payee (or beneficiary) or owner resides.

(b) This article shall not apply to:

(1) that portion or part of a variable life insurance policy, variable annuity contract or variable funding agreement not guaranteed by an insurer;

(2) that portion or part of any policy, contract or agreement under which the risk is borne by the holder thereof;

(3) any policy, contract, or agreement, or part thereof, assumed by the impaired or insolvent insurer under a contract of reinsurance, other than reinsurance for which assumption certificates have been issued;

(4) any policy, contract, or agreement issued by or through the facilities of the New York Insurance Exchange, Inc., or any similar entity, or pursuant to article sixty-three of this chapter;

(5) any policy, contract, or agreement issued or issued for delivery outside the United States, to the extent it covers persons not citizens or permanent residents of the United States; and

(6) any policy, contract, or agreement payable other than in United

States dollars.

(c) This article shall not apply to a person:

(1) who is a payee, or the beneficiary of a payee if the payee is deceased, of an owner resident if the payee (or beneficiary) is afforded any coverage by a guaranty entity of another state; or

(2) covered under subparagraph (A) of paragraph three of subsection (a) of this section if the guaranty entity of another state provides any coverage to the person.

§ 7704. Construction. This article shall be liberally construed to effect the purpose under section seven thousand seven hundred two of this article which shall constitute an aid and guide to interpretation.

§ 7705. Definitions. As used in this article:

(a) "Account" means any of the two accounts created under section seven thousand seven hundred six of this article.

(b) "Contractual obligations" means any obligation under covered policies, but shall not include any obligation with respect to policyholder dividends unpaid or unapplied, retrospective rate credits or similar benefits or provisions.

(c) "Corporation" means The Life and Health Insurance Company Guaranty Corporation of New York created under section seven thousand seven hundred six of this article unless the context otherwise requires.

(d) "Covered policy" means any of the kinds of insurance specified in paragraph one, two or three of subsection (a) of section one thousand one hundred thirteen of this chapter, any supplemental contract, or any funding agreement referred to in section three thousand two hundred twenty-two of this chapter, or any portion or part thereof, within the scope of this article under section seven thousand seven hundred three of this article, except that any certificate issued to an individual under any group or blanket policy or contract shall be considered to be a separate covered policy for purposes of section seven thousand seven hundred eight of this article.

(e) "Health insurance" means the kinds of insurance specified under items (i) and (ii) of paragraph three and paragraph thirty-one of

subsection (a) of section one thousand one hundred thirteen of this chapter, and section one thousand one hundred seventeen of this chapter; medical expense indemnity, dental expense indemnity, hospital service, or health service under article forty-three of this chapter; and comprehensive health services under article forty-four of the public health law. "Health insurance" shall not include hospital, medical, surgical, prescription drug, or other health care benefits pursuant to: (1) part C of title XVIII of the social security act (42 U.S.C. § 1395w-21 et seq.) or part D of title XVIII of the social security act (42 U.S.C. § 1395w-101 et seq.), commonly known as Medicare parts C and D, or any regulations promulgated thereunder; (2) titles XIX and XXI of the social security act (42 U.S.C. § 1396 et seq.), commonly known as the Medicaid and child health insurance programs, or any regulations promulgated thereunder; (3) the basic health program under section three hundred sixty-nine-gg of the social services law; (4) chapter 55 of part II of subtitle A of title X (10 U.S.C §§ 1071-1110(b)), commonly known as TRICARE, or any regulations promulgated thereunder; or (5) subpart G of part III of title V (5 U.S.C. §§ 8101-9009), commonly known as the Federal Employees Program, or any regulations promulgated thereunder.

(f) "Impaired insurer" means a member insurer which after the effective date of this article is found to be impaired for the purposes of section one thousand three hundred ten or one thousand three hundred eleven of this chapter and is consequently placed under an order of liquidation, rehabilitation or conservation under article seventy-four of this chapter.

(g) "Insolvent insurer" means a member insurer which after the effective date of this article becomes insolvent for the purposes of section one thousand three hundred nine of this chapter and is placed under a final order of liquidation, rehabilitation or conservation by a court of competent jurisdiction.

(h) (1) "Member insurer" means:

(A) any life insurance company licensed to transact in this state any kind of insurance to which this article applies under section seven thousand seven hundred three of this article; provided, however, that the term "member insurer" also means any life insurance company formerly licensed to transact in this state any kind of insurance to which this article applies under section seven thousand seven hundred three of this

article; and

(B) an insurer licensed or formerly licensed to write accident and health insurance or salary protection insurance in this state, corporation organized pursuant to article forty-three of this chapter, reciprocal insurer organized pursuant to article sixty-one of this chapter, cooperative property/casualty insurance company operating under or subject to article sixty-six of this chapter, nonprofit property/casualty insurance company organized pursuant to article sixty-seven of this chapter, and health maintenance organization certified pursuant to article forty-four of the public health law.

(2) "Member insurer" shall not include a municipal cooperative health benefit plan established pursuant to article forty-seven of this chapter, an employee welfare fund registered under article forty-four of this chapter, a fraternal benefit society organized under article forty-five of this chapter, an institution of higher education with a certificate of authority under section one thousand one hundred twenty-four of this chapter, or a continuing care retirement community with a certificate of authority under article forty-six or forty-six-A of the public health law.

(i) "Premiums" means direct gross insurance premiums and annuity and funding agreement considerations received on covered policies, less return premiums and considerations thereon and dividends paid or credited to policyholders or contract holders on such direct business, subject to such modifications as the superintendent may establish by regulation or order as necessary to facilitate the equitable administration of this article. Premiums do not include premiums and considerations on contracts between insurers and reinsurers. For the purposes of determining the assessment for an insurer under this article, the term "premiums", with respect to a group annuity contract (or portion of any such contract) that does not guarantee annuity benefits to any specific individual identified in the contract and with respect to any funding agreement issued to fund benefits under any employee benefit plan, means the lesser of one million dollars or the premium attributable to that portion of such group contract that does not guarantee benefits to any specific individuals or such agreements that fund benefits under any employee benefit plan.

(j) "Person" means any individual or legal entity, including a

corporation, partnership, association, limited liability company, trust, or voluntary organization.

(k) "Resident" means a person to whom a contractual obligation is owed and who either: (1) resides in this state on the date of entry of a court order of liquidation or rehabilitation with respect to a member insurer that is an impaired or insolvent insurer; or (2) resided in this state at the time a member insurer issued a covered policy to such person.

(l) "Supplemental contract" means an agreement or any other mechanism for the distribution of proceeds under a life insurance policy, health insurance policy, annuity contract, or funding agreement.

(m) "Long-term care insurance" means an insurance policy, rider, or certificate advertised, marketed, offered, or designed to provide coverage, subject to eligibility requirements, for not less than twenty-four consecutive months for each covered person on an expense incurred, indemnity, prepaid or other basis and provides at least the benefits set forth in part fifty-two of title eleven of the official compilation of codes, rules and regulations of this state.

§ 7706. Creation of the corporation. (a) There is created a not-for-profit corporation to be known as "The Life and Health Insurance Company Guaranty Corporation of New York". To the extent that the provisions of the not-for-profit corporation law do not conflict with the provisions of this article or the plan of operation of the corporation hereunder the not-for-profit corporation law shall apply to the corporation and the corporation shall be a type C corporation pursuant to the not-for-profit corporation law. If an applicable provision of this article or the plan of operation of the corporation hereunder relates to a matter embraced in a provision of the not-for-profit corporation law but is not in conflict therewith, both provisions shall apply. All member insurers shall be and remain members of the corporation as a condition of their authority to transact insurance in this state. The corporation shall perform its functions under the plan of operation established and approved under section seven thousand seven hundred ten of this article and shall exercise its powers through a board of directors established under section seven thousand

seven hundred seven of this article. For purposes of administration and assessment the corporation shall maintain two accounts:

(1) the health insurance account; and

(2) the life insurance, annuity and funding agreement account.

(b) The corporation shall come under the immediate supervision of the superintendent and shall be subject to the applicable provisions of this article.

§ 7707. Board of directors. (a) The board of directors of the corporation shall consist of not less than five nor more than thirteen member insurers serving terms as established in the plan of operation. The members of the board shall be selected by member insurers subject to the approval of the superintendent. Vacancies on the board shall be filled for the remaining period of the term by a majority vote of the remaining board members, subject to the approval of the superintendent. To select the initial board of directors, and initially organize the corporation, the superintendent shall give notice to all member insurers of the time and place of the organizational meeting. In determining voting rights at the organizational meeting each member insurer shall be entitled to one vote in person or by proxy. If the board of directors is not selected within sixty days after notice of the organizational meeting, the superintendent may appoint the initial members of the board.

(b) In approving selections or in appointing members to the board, the superintendent shall consider, among other things, whether all member insurers are fairly represented.

(c) Members of the board may be reimbursed from the assets of the corporation for expenses incurred by them as members of the board of directors but shall not otherwise be compensated by the corporation for their services.

(d) The superintendent shall be ex-officio chair of the board of directors but shall not be entitled to vote.

§ 7708. Powers and duties of the corporation. In addition to the powers and duties enumerated in other sections of this article, and

subject to limitations and exclusions contained in this and other sections of this article:

(a) (1) If a domestic insurer is an impaired or insolvent insurer, the corporation shall, with the approval of the superintendent:

(A) guarantee, assume, or reinsure, or cause to be guaranteed, assumed, or reinsured, the covered policies, or arrange for replacement by policies found by the superintendent to be substantially similar to such covered policies;

(B) assure payment of the contractual obligations of the impaired or insolvent insurer; and

(C) provide such moneys, pledges, notes, guarantees or other means as are reasonably necessary to discharge such duties.

(2) The aggregate liability of the corporation under this subsection shall not exceed five hundred thousand dollars for all benefits, including cash values, with respect to any one life or, to the extent benefits are not allocated pursuant to a covered policy to any one life, to any one covered policy; provided, however, that (A) the foregoing limitation shall not apply to any group or blanket accident or health insurance or accident and health insurance policy; and (B) the corporation shall be liable under this subsection in an amount not to exceed one million dollars for all benefits, including cash values, with respect to any group annuity contract (or portion of any such contract) that does not guarantee annuity benefits with respect to any specific individual identified in the contract and with respect to any funding agreement issued to fund benefits under any employee benefit plan.

(b) (1) If a foreign or alien insurer is an impaired or insolvent insurer, the corporation shall, with the approval of the superintendent:

(A) guarantee, assume, or reinsure or cause to be guaranteed, assumed, or reinsured the covered policies, or arrange for replacement by policies found by the superintendent to be substantially similar to such covered policies;

(B) assure payment of the contractual obligations of the insolvent insurer; and

(C) provide such moneys, pledges, notes, guarantees, or other means as are reasonably necessary to discharge such duties.

(2) The aggregate liability of the corporation under this subsection shall be the excess over any amount that the superintendent determines

to be the statutory obligation of the guaranty corporation or association of the foreign or alien insurer's state of domicile or state of entry, but in no event shall the corporation's liability, when added to the amount so determined to be available from such other guaranty corporation or association, exceed five hundred thousand dollars for all benefits, including cash values, with respect to any one life, or, to the extent benefits are not allocated pursuant to a covered policy to any one life, to any one covered policy; provided, however, that the (A) foregoing five hundred thousand dollar limitation shall not apply to any group or blanket accident or health insurance or accident and health insurance policy; and (B) liability of all such guaranty corporations or associations may in the aggregate equal, but shall not exceed one million dollars for all benefits, including cash values, with respect to any group annuity contract (or portion of any such contract) that does not guarantee annuity benefits with respect to any specific individual identified in the contract and with respect to any funding agreement issued to fund benefits under any employee benefit plan.

(c) (1) The superintendent may, with the approval of the court, suspend cash surrender rights and policy loan rights under any covered policy for an initial period not to exceed one year and for additional successive periods, each not to exceed one year, all in addition to any contractual provision for deferral of cash or policy loan values, upon a finding that:

(A) The amounts which can be assessed under this article are less than the amounts needed to assure full and prompt performance of the impaired or insolvent insurer's contractual obligations, or that the economic or financial conditions as they affect member insurers are sufficiently adverse to render the imposition of policy or contract liens to be in the public interest, or

(B) Such suspension is necessary and proper to effectuate at a reasonable cost any guarantee, assumption or reinsurance agreement.

(2) The obligations of the corporation under subsection (a) or (b) of this section, whichever is applicable, with regard to maintaining in force any policy or contract of group life insurance or group health insurance shall be limited to one hundred eighty days from the date the impaired or insolvent insurer was placed under an order of liquidation, rehabilitation or conservation under article seventy-four of this

chapter, and the corporation shall have no obligation with regard to any claim incurred pursuant to any such policy or contract beyond one hundred eighty days from such date, provided (A) that the superintendent shall have discretion to extend the period of one hundred eighty days up to three hundred sixty-six days with regard to any policy or contract when he believes circumstances warrant, and

(B) that the superintendent and the corporation may make such further extensions of such period as they mutually agree are warranted.

(3) If the superintendent or the corporation shall find that at the time a covered annuity contract or funding agreement or a class thereof, other than an annuity contract, funding agreement or class thereof which funds a compromise or settlement contained in a judgment or order entered pursuant to the provisions of section twelve hundred seven of the civil practice law and rules, was issued by the impaired or insolvent insurer the interest rate guaranteed under such contract or agreement or class thereof was clearly excessive, the superintendent may petition the court having jurisdiction in this state, upon appropriate notice to and opportunity for submission of comments from the corporation and owners of contracts and agreements proposed to be affected, to limit the corporation's obligations under this article with respect to payment of interest to an interest rate which the court finds would have been appropriate and reasonable at the time the contract or agreement or class thereof was issued. Nothing in this subsection shall limit the rights of a holder of a contract or agreement so affected as against the impaired or insolvent insurer.

(4) Notwithstanding anything to the contrary in this article, under no circumstances shall the corporation have any obligation on account of an impaired or insolvent insurer either to, or which inures to the benefit of, any person or firm which at the time the policy, contract or agreement was issued or renewed or within ninety days of the date the insurer was determined to be impaired or insolvent, as the case may be, directly or indirectly owned ten percent or more of or controlled such impaired or insolvent insurer; provided, however, that nothing in this subsection shall relieve the corporation of responsibility with regard to contractual obligations of such insurer under certificates of insurance issued to, and inuring solely to the benefit of, the employees of such person or firm.

(d) If the corporation fails to act within a reasonable period of time as provided in subsection (a) or (b) of this section, whichever is applicable, the superintendent shall have the powers and duties of the corporation under this article with respect to any impaired or insolvent insurer.

(e) The corporation may render assistance and advice to the superintendent, upon his request, concerning rehabilitation, payment of claims, continuance of coverage, or the performance of other contractual obligations of any impaired or insolvent insurer.

(f) When any person receives benefits under this article, the corporation shall possess all of the rights under the covered policy that such person had immediately before such receipt to the extent of the benefits received because of this article whether the benefits are payments of contractual obligations or continuation of coverage; provided, however, that the corporation shall not have any greater priority against the assets of an impaired or insolvent insurer by reason of this subsection than is expressly given by section seven thousand four hundred thirty-five of this chapter. The corporation may require an assignment to it, or the execution of any other instrument evidencing the corporation's possession, of such rights by any payee, policy or contract owner, beneficiary, insured or annuitant. The receipt of such assignment or other instrument, and its validity and enforceability by the corporation in accordance with its terms under the laws of the insurer's state of domicile or state of entry, shall be a condition precedent to the receipt of any rights or benefits conferred by this article upon such person.

(g) The contractual obligations of the impaired or insolvent insurer for which the corporation becomes or may become liable shall be no greater than the contractual obligations of the impaired or insolvent insurer would have been in the absence of an impairment or insolvency.

(h) The corporation may:

(1) enter into such contracts as are necessary or proper to carry out the provisions and purposes of this article;

(2) sue or be sued, including taking any legal actions necessary or proper for recovery of any unpaid assessments under section seven thousand seven hundred nine of this article;

(3) borrow money to effect the purposes of this article, provided,

however, that the corporation may agree, as a condition of any borrowing, that the lender will be subrogated to the rights of the corporation against the impaired or insolvent insurer to the extent of the amount borrowed and interest accruing thereon, and provided further that any note or other evidence of indebtedness of the corporation not in default shall be a legal investment for domestic insurers and may be carried as admitted assets;

(4) employ or retain such persons as are necessary or proper to handle the financial transactions of the corporation, and to perform such other functions as become necessary or proper under this article;

(5) with the approval of the superintendent, negotiate and contract with any liquidator, rehabilitator, conservator or ancillary receiver to carry out the powers and duties of the corporation;

(6) take such legal action as may be necessary to avoid payment of improper claims;

(7) exercise, for the purposes of this article and to the extent approved by the superintendent, the powers of a domestic life, health, or property/casualty insurance company, but in no case may the corporation issue insurance policies or contracts or annuity contracts other than those issued to perform the contractual obligations of the impaired or insolvent insurer;

(8) fund a resolution facility established pursuant to section seven thousand seven hundred nineteen of this article; and

(9) exercise all powers necessary or convenient for the purposes of this article.

§ 7709. Assessments. (a) For the purpose of providing the funds necessary to carry out the powers and duties of the corporation, the board of directors shall assess the member insurers, separately for each account, at such time and for such amounts as the board finds necessary in accordance with the provisions of paragraph three of subsection (c) of this section. Assessments shall be due on the date set by the board which shall be not less than thirty days nor more than sixty days after prior written notice to the member insurers. Assessments shall accrue interest at the maximum rate allowed by subdivision one of section 5-501 of the general obligations law on and after the due date.

(b) There shall be three classes of assessments, as follows:

(1) Class A assessments shall be made for the purpose of meeting administrative costs and other general expenses.

(2) Class B assessments shall be made to the extent necessary to carry out the powers and duties of the corporation under section seven thousand seven hundred eight of this article with regard to an impaired or insolvent domestic insurer.

(3) Class C assessments shall be made to the extent necessary to carry out the powers and duties of the corporation under section seven thousand seven hundred eight of this article with regard to an impaired or insolvent foreign or alien insurer.

(c) (1) The amount of any class A assessment shall be determined by the board and may be made on a non pro rata basis. Such assessment shall be credited against future impairment or insolvency assessments. The maximum such assessment against any member insurer in any calendar year shall be determined, in accordance with the table set forth below, on the basis of its admitted assets as shown on its annual statement required by this chapter for the year next preceding the date of such assessment:

Companies with Admitted Assets of	Maximum Assessment
Up to $50,000,000	$200
$50,000,000 to $1,000,000,000	$1000
$1,000,000,000 or more	$2000

(2) The amount of any class B or class C assessment, except for assessments related to long-term care insurance, shall be allocated for assessment purposes among the accounts in the proportion that the premiums received by the impaired or insolvent insurer on the policies or contracts covered by each account for the last calendar year preceding the assessment in which the impaired or insolvent insurer received premiums bears to the premiums received by such insurer for such calendar year on all covered policies. The amount of any class B or class C assessment for long-term care insurance written by the impaired or insolvent insurer shall be allocated according to a methodology included in the plan of operation and approved by the superintendent. The methodology shall provide for fifty percent of the assessment to be allocated to health insurance company member insurers and fifty percent to be allocated to life insurance company member insurers; provided,

however, that a property/casualty insurer that writes health insurance shall be considered a health insurance company member for this purpose. Class B and class C assessments against member insurers for each account shall be in the proportion that the premiums received on business in this state by each assessed member insurer on policies covered by each account for the three calendar years preceding the assessment bears to such premiums received on business in this state for such calendar years by all assessed member insurers. Class B and Class C assessments against member insurers for the health insurance account shall be further reduced for not-for-profit member insurers pursuant to a methodology included in the plan of operation and approved by the superintendent. Such methodology shall reduce the assessments imposed on not-for-profit member insurers in an amount that, when accounting for appropriate factors, including the value of the tax credits and a factor for the time value of money, results in a percentage of net assessments to premiums that is equivalent for not-for-profit member insurers and for-profit member insurers.

(3) Assessments for funds to meet the requirements of the corporation with respect to an impaired or insolvent insurer shall be made within a reasonable time after deemed necessary by the superintendent to implement the purposes of this article. Classification of assessment under subsection (b) of this section and computation of assessments under this subsection shall be made with a reasonable degree of accuracy, recognizing that exact determinations may not always be possible.

(d) The corporation may abate or defer, in whole or in part, the assessment of a member insurer if, in the opinion of the board, payment of the assessment would endanger the ability of the member insurer to fulfill its contractual obligations. In the event an assessment against a member insurer is abated, or deferred in whole or in part, the amount by which such assessment is abated or deferred may be assessed against the other member insurers in a manner consistent with the basis for assessments set forth in this section.

(e) (1) With respect to a member insurer that is a domestic insurer and is subject to an order of rehabilitation under article seventy-four of this chapter as of March first, two thousand twelve, the total assessment against all member insurers for impairments and insolvencies,

less the amount of refunds (not including interest) to member insurers pursuant to subsection (f) of this section, shall be five hundred fifty-eight million dollars; provided, however, that such five hundred fifty-eight million dollar total shall be subject to reduction in an amount, if any, determined by the superintendent, on a date not earlier than twelve months after the entry of an order of liquidation with respect to such domestic insurer, to be not needed for the corporation to be able to pay its obligations and reasonable expenses in connection with the liquidation of such domestic insurer, but in no event shall such reduction exceed fifty-eight million dollars.

(2) The total of all assessments upon a member insurer for each account shall not in any one calendar year exceed two percent of such insurer's premiums received in this state during the calendar year preceding the assessment on the policies covered by the account. If the maximum assessment, together with the other assets of the corporation in either account, does not provide in any one year in either account an amount sufficient to carry out the responsibilities of the corporation, the necessary additional funds shall be assessed as soon thereafter as permitted by this article.

(f) The board may, by an equitable method as established in the plan of operation, refund to member insurers, by retirement of certificates of contribution in proportion to the contribution of each insurer to that account, the amount by which the assets of the account exceed the amount the board finds necessary to carry out during the coming year the obligations of the corporation with regard to that account, including assets accruing from net realized capital gains and income from investments. A reasonable amount may be retained in any account to provide funds for the continuing expenses of the corporation and for future losses if refunds are impractical.

(g) It shall be proper for any member insurer, in determining its premium rates and policy owner dividends as to any kind of insurance within the scope of this article, to consider the amount reasonably necessary to meet its assessment obligations under this article with respect to insurers which have become impaired or insolvent.

(h) The corporation shall issue to each insurer paying an assessment under this article, other than a class A assessment, a certificate of contribution, in a form prescribed by the superintendent, for the amount

of the assessment so paid. All outstanding certificates shall be of equal dignity and priority irrespective of amounts or dates of issue. A certificate of contribution may be shown by the insurer in its financial statement as an asset in such form and for such amount, if any, and period of time as the superintendent may approve.

§ 7710. Plan of operation. (a) (1) The corporation shall submit to the superintendent a plan of operation and any amendments thereto necessary or suitable to assure the fair, reasonable and equitable administration of the corporation. The plan of operation and any amendments thereto shall become effective upon approval in writing by the superintendent.

(2) If the corporation fails to submit a suitable plan of operation within one hundred eighty days following the effective date of this article or if at any time thereafter the corporation fails to submit suitable amendments to the plan, the superintendent shall, after notice and hearing, adopt and promulgate such reasonable rules as are necessary or advisable to effectuate the provisions of this article. Such rules shall continue in force until modified by the superintendent or superseded by a plan submitted by the corporation and approved by the superintendent.

(b) All member insurers shall comply with the plan of operation.

(c) The plan of operation shall constitute the bylaws of the corporation and shall, in addition to requirements enumerated elsewhere in this article:

(1) Establish procedures for handling the assets of the corporation.

(2) Establish the amount and method of reimbursing members of the board of directors under section seven thousand seven hundred seven of this article.

(3) Establish regular places and times for meetings of the board of directors.

(4) Establish procedures for records to be kept of all financial transactions of the corporation, its agents and the board of directors.

(5) Establish the procedures whereby selections for the board of directors will be made and submitted to the superintendent.

(6) Establish any additional procedures for assessments under section seven thousand seven hundred nine of this article.

(7) Contain such additional provisions as the superintendent or corporation may deem necessary or proper for the execution of the powers and duties of the corporation.

(d) The plan of operation may provide that any or all powers and duties of the corporation, except those under sections seven thousand seven hundred eight and seven thousand seven hundred nine of this article, are delegated to a corporation, association or other organization which performs or will perform functions similar to those of the corporation, or its equivalent, in two or more states. Such a corporation, association or organization shall be reimbursed for any payments made on behalf of the corporation and shall be paid for its performance of any function of the corporation. A delegation under this subsection shall take effect only with the approval of both the board of directors and the superintendent, and may be made only to a corporation, association or organization which extends protection not substantially less favorable and effective than that provided by this article.

§ 7711. Powers of the superintendent and the board of directors. In addition to the duties and powers enumerated elsewhere in this chapter:

(a) The superintendent may suspend or revoke, after notice and hearing, the certificate of authority to transact insurance in this state of any member insurer which fails to pay an assessment when due or fails to comply with the plan of operation. As an alternative the superintendent may levy a penalty to be paid to the people of this state, after notice and hearing, on any member insurer which fails to pay an assessment when due. Such penalty shall not exceed five percent of the unpaid assessment per month, but no penalty shall be less than one hundred dollars per month.

(b) Any action of the board of directors or the corporation may be appealed to the superintendent by any member insurer if such appeal is taken within thirty days of the action being appealed. Any final action or order of the superintendent shall be subject to judicial review in a court of competent jurisdiction.

(c) Upon the request of the superintendent, the board of directors shall render advice and make recommendations to the superintendent concerning any matter affecting his duties and responsibilities

regarding the financial condition of member companies and companies seeking admission to transact insurance business in this state.

(d) The board of directors shall establish a panel of advisors, consisting of representatives of at least thirteen member insurers not serving on the board of directors, knowledgeable as to the life and health insurance business to provide it with information tending to indicate that any member insurer or company seeking to do any insurance business in this state is or may be in danger of becoming an impaired or insolvent insurer; persons serving on the panel of advisors shall be deemed agents of the corporation for purposes of section seven thousand seven hundred sixteen of this article. The board of directors may, upon majority vote, make reports and recommendations to the superintendent upon any matter germane to the solvency, liquidation, rehabilitation or conservation of any member insurer or germane to the solvency of any company seeking to do an insurance business in this state. Such reports and recommendations shall not be considered public documents. Nothing in this article shall be deemed to limit the ability of a member of the panel of advisors or any other person from reporting information germane to the solvency of a member insurer or company seeking to do an insurance business in this state to the superintendent or other lawful authority or the corporation.

(e) It shall be the duty of the board of directors, upon majority vote, to notify the superintendent of any information indicating any member insurer may be an impaired or insolvent insurer.

(f) The board of directors may, upon majority vote, make recommendations to the superintendent for the detection and prevention of insolvencies.

(g) The board of directors shall, at the conclusion of any insurer insolvency in which the corporation was obligated to pay covered claims, prepare a report to the superintendent containing such information as it may have in its possession bearing on the history and causes of such insolvency. The corporation shall cooperate with the boards of directors of guaranty associations or corporations in other states in preparing a report on the history and causes for insolvency of a particular insurer, and may adopt by reference any report prepared by such other associations or corporations.

§ 7712. Credits for assessments paid. (a) The superintendent shall annually issue a certificate of tax credit for net class A assessments paid, and a separate certificate of tax credit for total net class B and class C assessments paid, as such assessments are described in section seven thousand seven hundred nine of this article, to an insurance company that is required to file a tax return pursuant to article thirty-three of the tax law. The superintendent shall issue such certificates by March thirty-first of the year following the year in which the class A, B, and C assessments are paid or to which they are allocated pursuant to the provisions of subsection (c) of this section. For the purposes of this section, an insurance company's "net class A assessments paid" shall mean its gross class A assessments paid pursuant to the provisions of article seventy-five or section seven thousand seven hundred nine of this article, less any refunds, recoveries, or reimbursements, and an insurance company's "total net class B and class C assessments paid" shall mean its gross class B and class C assessments paid pursuant to the provisions of article seventy-five or section seven thousand seven hundred nine of this article, less any refunds, recoveries, or reimbursements.

(b) The certificates of tax credit shall set forth the amount of tax credit an insurance company may claim as follows:

(1) for net class A assessments, the eligible credit amount shall be equal to the product of eighty per centum and the company's net class A assessments paid; and

(2) for total net class B and class C assessments, the eligible credit amount shall be equal to the product of eighty per centum and the company's total net class B and class C assessments paid, subject to subsection (c) of this section.

(c)(1) The aggregate amount of tax credits pursuant to this section for total net class B and class C assessments in each calendar year shall not exceed one hundred fifty million dollars. The aggregate tax credit amount shall be allocated annually by the superintendent on a pro rata basis to each company required to file a tax return pursuant to article thirty-three of the tax law.

(2) The superintendent shall allocate any tax credit amount that exceeds the annual credit cap of one hundred fifty million dollars to

the following calendar year and include such amount within the calculation of the eligible credit amount subject to the aggregate credit amount for the succeeding calendar year by the superintendent.

(3) For companies issued a certificate of tax credit for total net class B and class C assessments, such annual certificate shall set forth an amount equal to thirty-three and one-third per centum of the amount calculated under subsection (b) of this section and allocated pursuant to paragraph one of this subsection. The amount on the certificate of tax credit shall be eligible to be claimed in the taxable year that begins in the calendar year that such certificate is issued. Thirty-three and one-third per centum of such amount shall be eligible to be claimed in each of the two taxable years following such taxable year.

(d)(1) The superintendent shall, in consultation with the commissioner of taxation and finance, develop a certificate of tax credit for net class A assessments, and a certificate of tax credit for total net class B and class C assessments. Each certificate shall contain such information as required by the commissioner of taxation and finance, including a certificate date.

(2) The superintendent shall solely determine the tax credit eligibility of any insurance company and shall revoke any certificate of tax credit issued to an insurance company that no longer qualifies for a tax credit. The superintendent shall modify the amount of the credit shown on any such certificate if the superintendent determines that the amount certified under subsection (b) of this section was not computed properly pursuant to this section.

(3) To be issued a certificate of tax credit by the superintendent, each insurance company shall:

(A) agree to allow the department of taxation and finance to share the insurance company's tax information relevant to the administration of this section with the superintendent. However, any information shared with the superintendent as a result of this section shall not be available for public disclosure or inspection under article six of the public officers law;

(B) allow the superintendent and the corporation access to any and all books and records the superintendent or corporation may require to monitor compliance with this section; and

(C) agree to provide any additional information required by the superintendent relevant to this section.

§ 7713. Miscellaneous provisions. (a) Nothing in this article shall be construed to reduce the liability for unpaid assessments of the insureds of an impaired or insolvent insurer operating under a plan with assessment liability.

(b) The corporation shall maintain records of all negotiations and meetings in which the corporation or its representatives are involved to discuss the activities of the corporation in carrying out its powers and duties under section seven thousand seven hundred eight of this article, except to the extent otherwise provided by or pursuant to the plan of operation. Records of such negotiations or meetings shall be made public only upon the termination of a liquidation, rehabilitation or conservation proceeding involving the impaired or insolvent insurer, upon the termination of the impairment or insolvency of the insurer, or upon the order of a court of competent jurisdiction. Nothing in this subsection shall limit the duty of the corporation to render a report of its activities under section seven thousand seven hundred fourteen of this article.

(c) (1) During an article seventy-four rehabilitation proceeding, assets of the impaired or insolvent insurer which are determined by the superintendent to be currently available may be used to continue all covered policies, and pay all contractual obligations, of the impaired or insolvent insurer that would otherwise be covered by the corporation under section seven thousand seven hundred eight of this article. The corporation shall, subsequent to the termination of the article seventy-four rehabilitation proceeding and within a reasonable time after the commencement of a liquidation proceeding under article seventy-four of this chapter reimburse the estate of the impaired or insolvent insurer for such portion of the amount of assets so used to the extent necessary to pay class one, two and three claims pursuant to paragraph one, two or three of subsection (a) of section seven thousand four hundred thirty-five of this chapter. The corporation shall have a claim against the estate of the impaired or insolvent insurer equal to the full amount of such reimbursement, consistent with the provisions of

paragraph four of subsection (a) of section seven thousand four hundred thirty-five of this chapter.

(2) During an article seventy-four rehabilitation proceeding, assets of the impaired or insolvent insurer which are determined by the superintendent to be currently available may be used to continue covered policies, and pay contractual obligations, of the impaired or insolvent insurer, other than the covered policies and contractual obligations that are covered by the corporation under section seven thousand seven hundred eight of this article, if a corporation, association or other organization which performs or will perform functions similar to those of the corporation enters into an agreement satisfactory to the superintendent prior to such use of such assets to repay the amount of such assets subsequent to the termination of the article seventy-four rehabilitation proceeding and within a reasonable time after the commencement of a liquidation proceeding under article seventy-four of this chapter.

(d) In addition to the duties and powers enumerated elsewhere in this chapter, and subject to the limitations and exclusions contained in this and other sections of this chapter, upon the commencement of a proceeding under article seventy-four of this chapter with respect to any impaired or insolvent domestic insurer, the superintendent may request and receive from the corporation, and the corporation shall lend to the superintendent upon such request, an amount not to exceed five hundred thousand dollars as determined by the superintendent to be necessary on an emergency basis for use by the superintendent, as liquidator or rehabilitator, in the administration of the affairs of such impaired or insolvent insurer. To the extent it deems necessary or appropriate to carry out its duties under this section, the corporation may borrow such amount in accordance with subsection (h) of section seven thousand seven hundred eight of this article and may assess member insurers for the purpose of repaying such borrowing. Such assessments against each member insurer shall be in the proportion that the premiums received by such insurer on business in this state in all accounts for the calendar year preceding the assessment bear to such premiums received on business in this state in all accounts for such calendar year by all assessable member insurers. The corporation shall have a claim against the estate of such impaired or insolvent insurer equal to

the amount loaned to the superintendent in accordance with this subsection, together with interest thereon at the maximum rate allowed by subdivision one of section 5-501 of the general obligations law, and such claim shall be treated as a class one claim under section seven thousand four hundred thirty-five of this chapter.

(e) The corporation shall have a claim against the impaired or insolvent insurer for all amounts expended by the corporation for the purposes of carrying out its obligations under this article.

(f) (1) Prior to the termination of any proceeding under article seventy-four of this chapter, the court may take into consideration the contributions of the respective parties, including the corporation, the shareholders and policyholders of the impaired or insolvent insurer, and any other party with a bona fide interest, in making an equitable distribution of the ownership rights of such impaired or insolvent insurer. In such a determination, consideration shall be given to the welfare of the policyholders of the continuing or successor insurer.

(2) No distribution to shareholders, if any, of an impaired or insolvent insurer shall be made, and no rehabilitation proceeding shall be terminated (except by a final order of liquidation), until and unless the total amount of valid claims of the corporation for all funds expended in carrying out its powers and duties under section seven thousand seven hundred eight of this article with respect to such insurer, together with interest thereon, have been fully recovered by the corporation or an arrangement satisfactory to the corporation has been made for their recovery. Such interest shall be at a rate which, in the opinion of the court, fairly compensates the corporation for the use of such funds, but in no event shall such rate be in excess of the maximum rate allowed by subdivision one of section 5-501 of the general obligations law at the time such funds were expended.

(g) (1) If an order for liquidation or rehabilitation of an insurer domiciled in this state has been entered, the receiver appointed under such order shall have a right to recover on behalf of the insurer, from any parent corporation or holding company or person who otherwise controlled the insurer, the amount of distributions (other than distributions of shares of the same class of stock) paid by the insurer on its capital stock, made at any time during the five years preceding the petition for liquidation, conservation or rehabilitation, as the

case may be, subject to the limitations of paragraphs two, three and four of this subsection.

(2) No such distribution shall be recoverable if the insurer shows that when paid, such distribution was reasonable and that the insurer did not know and could not reasonably have known that such distribution might adversely affect the ability of the insurer to fulfill its contractual obligations. Notice to the superintendent pursuant to subsection (a) of section four thousand two hundred seven of this chapter and the lack of a prior objection by the superintendent to such distributions shall not constitute evidence to support the showing of reasonableness which would prevent the recovery of such distribution.

(3) Any person who was a parent corporation or holding company or a person who otherwise controlled the insurer at the time such distributions were paid shall be liable up to the amount of distributions such persons received. Any person who was a parent corporation or holding company or a person who otherwise controlled the insurer at the time such distributions were declared shall be liable up to the amount of distributions he would have received if they had been paid immediately. If two or more persons are liable with respect to the same distribution, they shall be jointly and severally liable.

(4) The maximum amount recoverable under this subsection shall be the amount needed in excess of all other available assets of the impaired or insolvent insurer to pay the contractual obligations of the impaired or insolvent insurer and to reimburse the corporation for such payments and for all other claims the corporation may have pursuant to subsection (c) of this section.

(5) To the extent that any person liable under paragraph three of this subsection is insolvent or otherwise fails to pay claims due from it pursuant to such paragraph, its parent corporation or holding company or person who otherwise controlled it at the time the distribution was paid, shall be jointly and severally liable for any resulting deficiency in the amount recovered from such parent corporation or holding company or person who otherwise controlled it.

§ 7714. Examination of the corporation; annual report. The corporation shall be subject to examination and regulation by the superintendent.

The corporation shall submit to the superintendent, not later than May first of each year, a financial report for the preceding calendar year in a form approved by the superintendent and a report of its activities during the preceding calendar year.

§ 7715. Tax exemptions. The corporation shall be exempt from payment of all fees and all taxes levied by this state or any of its subdivisions, except taxes levied on real property.

§ 7716. Immunity and indemnification. No director, officer, agent or other representative of the corporation shall be individually liable to any person, firm or corporation, including the corporation, for any act or omission to act, or for any liability incurred or assumed, on behalf of the corporation or by virtue hereof. Any such liability so incurred or assumed shall be indemnified by the corporation. The expense of such indemnification shall be assessed against member insurers in a manner consistent with the method of assessment prescribed in paragraph two of subsection (c) of section seven thousand seven hundred nine of this article; no member company shall be subject to any liability except for assessment as herein provided.

§ 7717. Stay of proceedings; reopening default judgments. All proceedings in which the impaired or insolvent insurer is a party in any court in this state shall be stayed sixty days from the date an order of liquidation, rehabilitation, or conservation is final to permit proper legal action by the corporation on any matters germane to its powers or duties. As to judgment under any decision, order, verdict or finding based on default the corporation may apply to have such judgment set aside by the same court that made such judgment and, if such application is granted in the court's discretion, the corporation shall be permitted to defend against such suit on the merits. The provisions of this section shall be in addition to any other provision provided by law.

§ 7718. Prohibited advertisement of the corporation in sale of insurance. No person, including an insurer, agent or affiliate of an insurer and no broker shall make, publish, disseminate, circulate or place before the public, or cause directly or indirectly, to be made, published, disseminated, circulated or placed before the public, in any newspaper, magazine or other publication, or in the form of a notice, circular, pamphlet, letter or poster, or over any radio station or television station, or in any other way, any advertisement, announcement or statement which uses the existence of the corporation for the purpose of sales, solicitation or inducement to purchase any form of insurance covered by this article, provided, however, that this section shall not apply to the corporation or any other entity which does not sell or solicit insurance, or to prohibit the furnishing of written information in a form prepared by the corporation and approved by the superintendent by a member insurer directly to a policyholder in response to a written request therefor.

§ 7719. Resolution facility. (a) The corporation may incorporate one or more not-for-profit corporations, known as a resolution facility, in connection with the liquidation of an insolvent domestic life insurance company, health insurance company, or property/casualty insurance company under article seventy-four of this chapter for the purpose of administering and disposing of the business of the insolvent insurance company.

(b) To the extent that the provisions of the not-for-profit corporation law do not conflict with the provisions of this section or the plan of operation of the resolution facility hereunder, the not-for-profit corporation law shall apply to the resolution facility and the resolution facility shall be a non-charitable corporation pursuant to the not-for-profit corporation law. If an applicable provision of this section or the plan of operation of the resolution facility hereunder relates to a matter embraced in a provision of the not-for-profit corporation law but is not in conflict therewith, then both provisions shall apply. The corporation shall be a member of the resolution facility, and other persons, including the life insurance guaranty corporation continued under article seventy-five of this

chapter and guaranty entities of other states, may become members of the resolution facility in accordance with the resolution facility's certificate of incorporation and plan of operation.

(c) In addition to its certificate of incorporation, a resolution facility shall submit to the superintendent a plan of operation, and amendments thereto, necessary or suitable to assure the fair, reasonable, and equitable administration of the resolution facility. The plan of operation, and any amendments thereto, shall become effective upon approval in writing by the superintendent. The plan of operation shall constitute the bylaws of the resolution facility.

(d) A resolution facility may:

(1) guarantee, assume, or reinsure, or cause to be guaranteed, assumed, or reinsured, the covered policies, or arrange for replacement by policies found by the superintendent to be substantially similar to the covered policies;

(2) exercise, for the purposes of this article and to the extent approved by the superintendent, the powers of a domestic life insurance company, health insurance company, or property/casualty insurance company but in no case may the resolution facility issue insurance policies, annuity contracts, funding agreements, or supplemental contracts other than those issued to perform the contractual obligations of the impaired or insolvent insurer;

(3) assure payment of the contractual obligations of the insolvent insurer; and

(4) provide such moneys, pledges, notes, guarantees, or other means as are reasonably necessary to discharge its duties.

(e) A resolution facility shall not be subject to any provisions of this chapter or the financial services law except:

(1) this section; and

(2) sections seven thousand seven hundred fourteen, seven thousand seven hundred fifteen, and seven thousand seven hundred sixteen of this article, which shall apply in the same manner as they apply to the corporation.

(f) Notwithstanding subsection (e) of this section, the superintendent may address to the resolution facility any inquiry in relation to its transactions or condition or any matter connected therewith pursuant to section three hundred eight of this chapter.

(g) (1) If the superintendent determines that the resolution facility is not administering and disposing of the business of an insolvent domestic life insurance company, health insurance company, or property/casualty insurance company consistent with the resolution facility's certificate of incorporation, plan of operation, or this section, then the superintendent shall provide notice to the resolution facility and the resolution facility shall have thirty days to respond to the superintendent and cure the defect.

(2) If, after thirty days, the superintendent continues to believe that the resolution facility is not administering and disposing of the business of an insolvent domestic life insurance company, health insurance company, or property/casualty insurance company consistent with the resolution facility's certificate of incorporation, plan of operation, or this section, then the superintendent may apply to the court for an order directing the resolution facility to correct the defect or take other appropriate actions.

§ 7720. Penalties. (a) If any member insurer fails to make any payment required by this article, or if the superintendent has cause to believe that any other statement filed is false or inaccurate in any particular, or that any payment made is incorrect, the superintendent may examine all the books and records of the member insurer to ascertain the facts and determine the correct amount to be paid. Based on such finding, the corporation may proceed in any court of competent jurisdiction to recover for the benefit of the fund any sums shown to be due upon such examination and determination.

(b) Any member insurer that fails to make any such required statement, or to make any payment to the fund when due, shall forfeit to the corporation for deposit in the fund a penalty of five percent of the amount determined to be due plus one percent of such amount for each month of delay, or fraction thereof, after the expiration of the first month of such delay. If satisfied that the delay was excusable, the corporation may remit all or any part of the penalty.

(c) The superintendent, in the superintendent's discretion, may revoke the certificate of authority to do business in this state of any foreign member insurer that fails to comply with this article or to pay any

penalty imposed hereunder.

ARTICLE 78

LIFE SETTLEMENTS

Section 7801. Short title.
7802. Definitions.
7803. License requirements for life settlement providers.
7804. Registration requirements for life settlement intermediaries.
7805. License and registration revocation.
7806. Life settlement contract forms.
7807. Reporting requirements.
7808. Examinations or investigations.
7809. Advertising.
7810. Privacy.
7811. Disclosures to owners and insureds.
7812. Life insurance applications.
7813. General rules.

7815. Stranger-originated life insurance.
7816. Penalties and civil remedies.
7817. Authority to promulgate regulations.
7818. Nonconforming contracts.
7819. Applicability and choice of law.
7820. Severability.

§ 7801. Short title. This article shall be known and may be cited as the "life settlements act".

§ 7802. Definitions. In this article:

(a) "Accredited investors" shall be as defined in regulation D, rule 501 of the Federal Securities Act of 1933, as amended.

(b) "Advertisement" means any written, electronic or printed communication or any communication by means of recorded telephone

messages or transmitted on radio, television, the Internet or similar communications media, including film strips, motion pictures and videos, published, disseminated, circulated or placed before the public, directly or indirectly, for the purpose of creating an interest in or inducing a person to purchase, sell, assign, devise, bequest or transfer the death benefit or ownership of, a life insurance policy or an interest in a life insurance policy pursuant to a life settlement contract.

(c)(1) "Business of life settlements" means an activity involving, but not limited to, offering to enter into, soliciting, negotiating, procuring, effectuating, monitoring, or tracking life settlement contracts.

(2) For purposes of this article, "business of life settlements" shall also include:

(A) such acts or transactions effectuated in this state by mail or otherwise from outside this state; and

(B) doing or proposing to do any business in substance equivalent to the business of life settlements in a manner designed to evade the provisions of this chapter.

(d) "Compensation" means anything of value, including money, credits, loans, interest on premium, forgiveness of principal or interest, vacations, prizes, gifts or the payment of employee salaries or expenses, whether paid as commission or otherwise.

(e) "Financing entity" means an accredited investor:

(1) whose principal activity in connection with the transaction is providing funds to effect the life settlement contract or to purchase one or more policies; and

(2) who has an agreement in writing with a life settlement provider to finance the acquisition of a life settlement contract.

(f) "Financing transaction" means a transaction in which a licensed life settlement provider obtains financing from a financing entity, including any secured or unsecured financing, any securitization transaction, or any securities offering which is registered or exempt from registration under federal and state securities laws.

(g) "Insured" means a person covered under a policy that is or may be the subject of a life settlement contract.

(h) "Insurer" means a life insurance company or a fraternal benefit

society.

(i) "Life expectancy" means the arithmetic mean of the number of months the insured can be expected to live taking into consideration medical records and appropriate experiential data.

(j) "Life settlement broker" means a person who, for compensation, solicits, negotiates or offers to negotiate a life settlement contract; except that such term shall not include a licensed life settlement provider, or representative thereof, licensed attorney at law, certified public accountant, or financial planner that is accredited by a nationally recognized accreditation agency acceptable to the superintendent, who is retained in his or her professional capacity, does not advertise as being in the business of life settlements and is compensated without regard to whether a life settlement contract is effectuated.

(k)(1) "Life settlement contract" means an agreement establishing the terms under which compensation is provided to an owner, which compensation is less than the expected death benefit of the policy, in return for the assignment, transfer, sale, release, devise or bequest of any portion of:

(A) the death benefit;

(B) the ownership of the policy; or

(C) any beneficial interest in the policy, or in a trust or any other entity that owns the policy, where a primary purpose of the transaction is to acquire the policy.

(2) "Life settlement contract" shall include an agreement, entered into after the effective date of this article, described in paragraph one of this subsection regardless of the date the compensation is provided and regardless of the date the assignment, transfer, sale, devise or bequest is effectuated.

(3) "Life settlement contract" shall not include:

(A) an assignment of a policy as collateral for a loan by any depository institution insured by the Federal Deposit Insurance Corporation or the National Credit Union Administration;

(B) an assignment of a policy as collateral for a loan made by a licensed financial institution under which the lender takes an interest in a life insurance policy solely to secure repayment of a loan or, if there is a default on the loan and the policy is transferred, the

transfer of the policy by the lender, provided that the default itself is not pursuant to an agreement or understanding with any other person for the purpose of evading regulation under this article;

(C) an assignment of a policy as collateral for a loan made by a lender that does not violate article twelve-B of the banking law;

(D) the making of a policy loan, or the paying of surrender benefits or other benefits, by the issuer of a policy with respect to that policy;

(E) an exchange of life insurance policies in a transaction described by section 1035 of the Internal Revenue Code of 1986, as amended;

(F) an agreement made by an individual to take an assignment, purchase, or otherwise receive the death benefit or ownership of any portion of a policy or policies on the life of a single insured or lives of joint insureds; provided that, in a calendar year, the individual enters into no other agreement to take an assignment, purchase, or otherwise receive the death benefit or ownership of any portion of a policy or policies on the life of any other insured or lives of any other joint insureds;

(G) an agreement to assign, transfer or pledge a settled policy, or any interest therein, to a licensed life settlement provider, an accredited investor or qualified institutional buyer, financing entity, special purpose entity, or related provider trust;

(H) an agreement where all the parties are closely related to the insured by blood or law or have a lawful substantial economic interest in the continued life, health and bodily safety of the person insured, or are trusts established primarily for the benefit of such parties;

(I) any designation, consent or agreement by an insured who is an employee of an employer in connection with the purchase by the employer, or trust established by the employer, of life insurance on the life of the employee;

(J) a bona fide business succession planning arrangement between:

(i) one or more shareholders in a corporation or between a corporation and one or more of its shareholders or one or more trusts established by its shareholders;

(ii) one or more partners in a partnership or between a partnership and one or more of its partners or one or more trusts established by its partners; or

(iii) one or more members in a limited liability company or between a limited liability company and one or more of its members or one or more trusts established by its members;

(K) legitimate corporate or pension benefit plans, as determined by the superintendent; or

(L) any other agreement that the superintendent determines is substantially similar to any of the foregoing.

(l) "Life settlement intermediary" means a person who maintains an electronic or other facility or system, for the disclosure, through a forum of offers and counteroffers, to sell or purchase a policy pursuant to a life settlement contract; and delivers to:

(1) a life settlement provider an offer from a life settlement broker or owner to sell a policy; or

(2) an owner or life settlement broker an offer from a life settlement provider to purchase a policy.

(m) "Life settlement provider" means a person who enters, or offers to enter, into a life settlement contract with the owner.

(n) "Owner" means the owner of a policy who enters or seeks to enter into a life settlement contract.

(o) "Person" means any natural person or legal entity, including a partnership, limited liability company, association, trust or corporation.

(p) "Policy" means an individual or group life insurance policy or certificate.

(q) "Premium finance loan" means a loan made for the purposes of making premium payments on a life insurance policy, which loan is secured by an interest in such life insurance policy.

(r) "Qualified institutional buyer" shall be as defined in rule 144A of the Federal Securities Act of 1933, as amended.

(s) "Related provider trust" means a trust established by a licensed life settlement provider or a financing entity for the sole purpose of holding the ownership or beneficial interest in settled policies in connection with a financing transaction; provided that the trust has a written agreement with the licensed life settlement provider under which:

(1) the licensed life settlement provider is responsible for ensuring compliance with all statutory and regulatory requirements; and

(2) the trust agrees to make all records and files relating to life settlement transactions available to the superintendent as if those records and files were maintained directly by the licensed life settlement provider.

(t) "Settled policy" means a policy that at any time has been acquired by a life settlement provider pursuant to a life settlement contract.

(u) "Special purpose entity" means a corporation, partnership, trust, limited liability company, or other legal entity formed solely to provide, either directly or indirectly, access to institutional capital markets for a financing entity or licensed life settlement provider.

§ 7803. License requirements for life settlement providers. (a) No person shall engage in the business of life settlements as a life settlement provider in this state without having authority to do so by virtue of a life settlement provider license issued and in force pursuant to this article.

(b)(1) The superintendent may issue a life settlement provider license to any person who is deemed by the superintendent to be trustworthy and competent to act as a life settlement provider and who is otherwise qualified as required in this article and who has complied with the prerequisites prescribed in this article.

(2) Every license issued pursuant to this section shall expire on June thirtieth of odd-numbered years.

(c)(1) Application for a life settlement provider license shall be made to the superintendent by the applicant on a form prescribed by the superintendent, and the application shall be accompanied by a fee in an amount to be established by the superintendent.

(2) The applicant for a life settlement provider license shall:

(A) fully disclose the identity of all stockholders (except stockholders owning fewer than ten percent of the voting shares of a life settlement provider whose shares are publicly traded), partners, officers, members, directors and persons with a controlling interest. For purposes of this section, "controlling interest" means a person who directly or indirectly, has the power to cause to be directed the management, control or activities of such licensee;

(B) provide a detailed plan of operation;

(C) provide, if a legal entity, a certificate of good standing from the state of its domicile;

(D) provide an anti-fraud plan that meets the requirements of article four of this chapter;

(E) demonstrate financial accountability as evidenced by a bond or other method for financial accountability as determined by the superintendent pursuant to regulation; and

(F) provide any other information required by the superintendent.

(d) The superintendent may require an applicant for such license to submit a set of fingerprints. Such fingerprints shall be submitted to the division of criminal justice services for a state criminal history record check, as defined in subdivision one of section three thousand thirty-five of the education law, and may be submitted to the federal bureau of investigation for a national criminal history record check. All such criminal history records sent to the superintendent pursuant to this paragraph shall be confidential pursuant to the applicable federal and state laws, rules and regulations, and shall not be published or in any way disclosed to persons other than the superintendent, unless otherwise authorized by law. The superintendent shall provide such applicant with a copy of his or her criminal history record, if any, together with a copy of article twenty-three-A of the correction law, and inform such applicant of his or her right to seek correction of any incorrect information contained in such record pursuant to regulations and procedures established by the division of criminal justice services. All determinations to grant or deny clearance for licensure pursuant to this section shall be in accordance with subdivision sixteen of section two hundred ninety-six of the executive law and article twenty-three-A of the correction law. When the superintendent denies an application, written notice of such determination shall be given to the prospective applicant who shall be afforded notice and the right to be heard and offer proof in opposition to such determination.

(e)(1) As part of the application, the applicant shall submit a power of attorney designating the superintendent as agent for the purpose of receiving service of legal documents or process.

(2) The power of attorney shall include the name and address of the officer, agent, or other person to whom such legal documents or process shall be forwarded by the superintendent or his or her deputy on behalf

of such life settlement provider.

(3) Service of legal documents or process upon a life settlement provider pursuant to this subsection shall be made by serving the superintendent, any deputy superintendent or any salaried employee of the department whom the superintendent designates for such purpose with two copies thereof and the payment of a fee of forty dollars. The superintendent shall forward a copy of such legal documents or process by registered or certified mail to the life settlement provider at the address given in its written certificate of registration, and shall keep a record of all legal documents or process so served. Service of legal documents or process so made shall be deemed made within the territorial jurisdiction of any court in this state.

(f) The superintendent, in the exercise of the superintendent's discretion, may refuse to issue a life settlement provider license in the name of any person if not satisfied that any officer, employee, stockholder, partner, director, member, agent, or responsible person thereof, who may materially influence the applicant's conduct, meets the standards of this article.

(g) Every license issued pursuant to this section may be renewed for the ensuing period of twenty-four months upon the filing of an application in conformity with this section.

(h)(1) Before the renewal of any life settlement provider license shall be issued, an application for renewal of the license shall be made to the superintendent by the applicant on a form prescribed by the superintendent and containing such information as the superintendent may prescribe. The application shall be accompanied by a fee in an amount to be established by the superintendent.

(2) If an application for a renewal license shall have been filed with the superintendent before the expiration of the license, then the license sought to be renewed shall continue in full force and effect either until the issuance by the superintendent of the renewal license applied for or until five days after the superintendent shall have refused to issue such renewal license and shall have given notice of such refusal to the applicant. Before refusing to renew any such license, the superintendent shall notify the applicant of the superintendent's intention to do so and shall give such applicant a hearing.

(3) An application for the renewal of a license shall be filed with the superintendent not less than sixty days prior to the date the license expires or the applicant may be subject to a further fee for late filing, as prescribed by the superintendent.

(i) A life settlement provider licensee shall provide to the superintendent new or revised information about stockholders (except stockholders owning fewer than ten percent of the voting shares of a life settlement provider whose shares are publicly traded), partners, officers, members, directors, designated employees or persons with a controlling interest within thirty days of the change.

(j) Every individual applicant for a license under this section shall be eighteen years of age or older at the time of the issuance of such license.

§ 7804. Registration requirements for life settlement intermediaries. (a) No person shall act as a life settlement intermediary in this state without having authority to do so by virtue of a registration issued and in force pursuant to this article.

(b)(1) The superintendent may issue a life settlement intermediary registration to any person who:

(A) is deemed by the superintendent to be trustworthy and competent to act as a life settlement intermediary;

(B) is otherwise qualified as required in this article; and

(C) has complied with the prerequisites prescribed in this article.

(2) Every registration issued pursuant to this section shall expire on June thirtieth of odd-numbered years.

(c)(1) Application for a life settlement intermediary registration shall be made to the superintendent by the applicant on a form prescribed by the superintendent, and the application shall be accompanied by a fee in an amount established by the superintendent.

(2) The applicant for a life settlement intermediary registration shall provide:

(A) the state in which the life settlement intermediary is domiciled or resident;

(B) the principal place of business of the life settlement intermediary;

(C) all other states in which the life settlement intermediary is doing or intends to do business;

(D) a detailed plan of operation; and

(E) the identities of the life settlement intermediary executive officer or officers directly responsible for such business, and all stockholders (except stockholders owning fewer than ten percent of the voting shares of a life settlement intermediary whose shares are publicly traded), partners, officers, members, directors and persons with a controlling interest. For purposes of this section, "controlling interest" means a person who directly or indirectly, has the power to cause to be directed the management, control or activities of such registrant.

(d) Each life settlement intermediary that is required to register pursuant to this section shall also furnish such information as may be required by the superintendent to:

(1) verify that the person or persons qualify as a life settlement intermediary; and

(2) determine compliance with any applicable state law.

(e)(1) As part of the application, the applicant shall submit a power of attorney designating the superintendent as agent for the purpose of receiving service of legal documents or process.

(2) The power of attorney shall include the name and address of the officer, agent, or other person to whom such legal documents or process shall be forwarded by the superintendent or his or her deputy on behalf of such life settlement provider.

(3) Service of legal documents or process upon a life settlement provider pursuant to this subsection shall be made by serving the superintendent, any deputy superintendent or any salaried employee of the department whom the superintendent designates for such purpose with two copies thereof and the payment of a fee of forty dollars. The superintendent shall forward a copy of such legal documents or process by registered or certified mail to the life settlement provider at the address given in its written certificate of registration, and shall keep a record of all legal documents or process so served. Service of legal documents or process so made shall be deemed made within the territorial jurisdiction of any court in this state.

(f) The superintendent may require an applicant for such registration

to submit a set of fingerprints. Such fingerprints shall be submitted to the division of criminal justice services for a state criminal history record check, as defined in subdivision one of section three thousand thirty-five of the education law, and may be submitted to the federal bureau of investigation for a national criminal history record check. All such criminal history records sent to the superintendent pursuant to this paragraph shall be confidential pursuant to the applicable federal and state laws, rules and regulations, and shall not be published or in any way disclosed to persons other than the superintendent, unless otherwise authorized by law. The superintendent shall provide such applicant with a copy of his or her criminal history record, if any, together with a copy of article twenty-three-A of the correction law, and inform such applicant of his or her right to seek correction of any incorrect information contained in such record pursuant to regulations and procedures established by the division of criminal justice services. All determinations to grant or deny clearance for registration pursuant to this section shall be in accordance with subdivision sixteen of section two hundred ninety-six of the executive law and article twenty-three-A of the correction law. When the superintendent denies an application, written notice of such determination shall be given to the prospective applicant who shall be afforded notice and the right to be heard and offer proof in opposition to such determination.

(g) The superintendent, in the exercise of the superintendent's discretion, may refuse to issue a life settlement intermediary registration in the name of any person if not satisfied that any officer, employee, stockholder, partner, director, member, agent, or responsible person thereof who may materially influence the applicant's conduct meets the standards of this article.

(h) Every registration issued pursuant to this section may be renewed for the ensuing period of twenty-four months upon the filing of an application in conformity with this section.

(i)(1) Before the renewal of any life settlement intermediary registration shall be issued, an application for renewal of the registration shall be made to the superintendent by the applicant on a form prescribed by the superintendent and containing such information as the superintendent may prescribe, and the application shall be accompanied by a fee in an amount to be established by the

superintendent.

(2) If an application for renewal registration shall have been filed with the superintendent before the expiration of the registration, the registration sought to be renewed shall continue in full force and effect either until the issuance by the superintendent of the renewal registration applied for or until five days after the superintendent shall have refused to issue such renewal registration and shall have given notice of such refusal to the applicant. Before refusing to renew any such registration, the superintendent shall notify the applicant of the superintendent's intention to do so and shall give such applicant a hearing.

(3) An application for the renewal of a registration shall be filed with the superintendent not less than sixty days prior to the date the registration expires or the applicant may be subject to a further fee for late filing, as prescribed by the superintendent.

(j) A life settlement intermediary shall, as to any subsequent changes in any of the items set forth in paragraph two of subsection (c) and paragraph one of subsection (d) of this section, notify the superintendent in writing within thirty days of any such change.

(k) Every individual applicant for registration under this section shall be eighteen years of age or older at the time of the issuance of such registration.

§ 7805. License and registration revocation. (a) The superintendent may suspend, revoke or refuse to renew the license of any life settlement provider or the registration of any life settlement intermediary, if, after notice and hearing, the superintendent determines that the life settlement provider or life settlement intermediary, or any officer, partner, member, or key management personnel thereof, has:

(1) violated any insurance laws or any regulation promulgated thereunder, any subpoena or order of the superintendent or of another state's insurance commissioner, or any other law in the course of the licensee's dealings in such capacity;

(2) provided materially incorrect, materially misleading, materially incomplete or materially untrue information in the license or

registration application;

(3) obtained or attempted to obtain a license or registration through misrepresentation or fraud;

(4)(A) used fraudulent, coercive or dishonest practices;

(B) demonstrated incompetence;

(C) demonstrated untrustworthiness; or

(D) demonstrated financial irresponsibility in the conduct of business in this state or elsewhere;

(5) improperly withheld, misappropriated or converted any monies or properties received in the course of business in this state or elsewhere;

(6) intentionally misrepresented the terms of any insurance contract or life settlement contract or any application therefor;

(7) been convicted of a felony, or has been guilty of fraudulent or dishonest practices or other misconduct or malfeasance;

(8) admitted or been found to have committed any insurance unfair trade practice or fraud;

(9) had a life settlement provider license or life settlement intermediary registration, or an equivalent denied, suspended or revoked in any other state, province, district or territory;

(10) forged another person's name to an application for insurance or life settlement contract or to any document related to an insurance or life settlement transaction;

(11) knowingly conducted the business of life settlements with a person who is not licensed or registered unless such person is not required to be licensed or registered;

(12) demonstrated a pattern of unreasonable payments to owners or insureds;

(13) failed to honor contractual obligations set out in a life settlement contract;

(14) sold, assigned, pledged or otherwise transferred the ownership of a settled policy to a person other than as provided in this article; or

(15) failed to protect the privacy of the insured or owner or other person for whom the licensee or registrant was required to provide protection pursuant to this article.

(b)(1) Before the superintendent suspends, revokes or refuses to renew the license of a life settlement provider or the registration of a life

settlement intermediary, the superintendent shall give notice to the licensee or registrant and shall hold, or cause to be held, a hearing not less than ten days after the giving of such notice, except that where, in the judgment of the superintendent, the public health, safety or welfare so requires, a license or registration may be suspended for up to ten days prior to a hearing.

(2) In lieu of revoking or suspending the license or registration for any of the causes enumerated in subsection (a) of this section, the superintendent may impose a civil penalty not to exceed ten thousand dollars for each violation.

(3) Upon the failure of such licensee or registrant to pay such penalty ordered pursuant to paragraph two of this subsection within twenty days after the mailing of such order, postage prepaid, registered, and addressed to the last known place of business of such licensee or registrant, unless such order is stayed by a court of competent jurisdiction, the superintendent may revoke the license of such licensee or the registration of such registrant, or may suspend the same for such period as the superintendent determines.

§ 7806. Life settlement contract forms. (a) No licensed life settlement provider shall enter into a life settlement contract subject to this chapter unless the life settlement contract form, application form, and any other form as may be prescribed by regulation, has been filed with and approved by the superintendent. The superintendent may disapprove any such form if the superintendent finds the form or any provisions contained therein to be unreasonable, contrary to law or the interests of the people of this state, or otherwise misleading or unfair.

(b) Whenever, by the provisions of this chapter, the superintendent has approved any life settlement contract form, application form, or any other form, the superintendent may, after notice and hearing given to the life settlement provider that submitted the form for approval, withdraw an approval previously given if:

(1) the use of the form is contrary to the requirements applicable to the form at the time of such withdrawal, or

(2) it contains provisions that are unjust, unfair or inequitable.

Any withdrawal of approval shall be effective at the expiration of such period, at least ninety days after the giving of notice of withdrawal or as the superintendent shall in such notice prescribe.

§ 7807. Reporting requirements. (a)(1) Every licensed life settlement provider shall file in the office of the superintendent, annually on or before the first day of March, a statement, to be known as its annual statement, verified by the oath of at least two of its principal officers, showing its condition at the end of the preceding calendar year. The statement shall be in such form and shall contain such other matters as the superintendent shall prescribe. In addition to any other requirements, the annual statement shall specify the total number, aggregate face amount and life settlement proceeds of policies settled during the immediately preceding calendar year, together with a breakdown of the information by policy issue year. The information shall not include individual transaction data regarding the business of life settlements or information if there is a reasonable basis to believe the information could be used to identify the owner or the insured.

(2) Every life settlement provider that willfully fails to file an annual statement as required in this section, or willfully fails to reply within thirty days to a written inquiry by the superintendent in connection therewith, shall, in addition to other penalties provided by this chapter, be subject, upon due notice and opportunity to be heard, to a penalty not to exceed five hundred dollars per day of delay, not to exceed fifty thousand dollars in the aggregate, for each such failure.

§ 7808. Examinations or investigations. The superintendent may make an examination or investigation into the affairs of any life settlement provider, life settlement broker, life settlement intermediary, applicant for licensure as a life settlement provider or life settlement broker, or applicant for registration as a life settlement intermediary as prescribed under article three of this chapter.

§ 7809. Advertising. (a) A life settlement provider, life settlement intermediary or life settlement broker licensed pursuant to this article may conduct or participate in advertisements within this state. The advertisements shall comply with all advertising and marketing laws or rules and regulations as may be promulgated by the superintendent.

(b) Advertisements shall be accurate, truthful and not misleading in fact or by implication.

(c) No life settlement provider, life settlement intermediary, life settlement broker, or any person acting on behalf thereof shall:

(1) directly or indirectly, market, advertise, solicit or otherwise promote the purchase of a policy for the primary purpose of, or with an emphasis on, settling the policy; or

(2) use the words "free", "no cost" or words of similar import in the marketing, advertising, soliciting or otherwise promoting of the purchase of a policy.

(d) The failure to follow the provisions of this section shall be a defined violation under article twenty-four of this chapter.

§ 7810. Privacy. (a) Except as otherwise permitted or required by law, no life settlement provider, life settlement broker, or life settlement intermediary, or any authorized representative thereof, insurer, information bureau, rating agency or company, or any other person with actual knowledge of an insured or owner's identity, shall disclose the identity of the insured or owner, or any information that there is a reasonable basis to believe could be used to identify the insured or owner, or the insured's financial or medical information, to any person unless the disclosure is:

(1) necessary to effect a life settlement contract between the owner and a life settlement provider and the owner and insured have provided prior written consent to the disclosure;

(2) necessary to effectuate the sale or transfer of a life settlement contract or a settled policy, or interest therein, provided that every sale is conducted in accordance with applicable state and federal law and provided further that the owner and the insured have both provided prior written consent to the disclosure;

(3) provided in response to an investigation or examination by the

superintendent, any other governmental officer or agency, or a self-regulating entity established pursuant to federal securities law;

(4) a term or condition to the transfer of a policy by one licensed life settlement provider to another licensed life settlement provider, in which case the receiving life settlement provider shall be required to comply with the confidentiality requirements of this section;

(5) necessary to allow the life settlement provider or life settlement broker, or any authorized representative thereof to administer the insurance policy, or to make contacts for the purpose of determining health status as authorized by subsection (k) of section seven thousand eight hundred thirteen of this article. For the purposes of this article, the term "authorized representative" shall not include any person who has or may have any financial interest in the life settlement contract other than a licensed life settlement provider, licensed life settlement broker, financing entity, related provider trust or special purpose entity; further, a life settlement provider or life settlement broker shall require its authorized representative to agree in writing to adhere to the privacy provisions of this article;

(6) required to purchase insurance; or

(7) otherwise permitted by regulation promulgated by the superintendent.

(b) Any person who obtains or may obtain a settled policy, or any interest therein, pursuant to a transfer, sale, conveyance or assignment of a settled policy, or any interest therein, shall:

(1) comply with the provisions of this chapter and regulations promulgated thereunder and all other applicable laws, governing the protection of the identity and privacy of the insured or owner; and

(2) protect against the unlawful release of all information concerning the identity of any insured or owner, which information would or could reasonably be expected to be used to identify or contact such insured or owner, including the name, address (except the state of residence) or social security number of the insured or the owner, or representative thereof, the related insurance policy number or the insured's medical information.

(c) Non-public personal information solicited or obtained in connection with a proposed or executed life settlement contract shall be subject to the provisions applicable to financial institutions under the

Gramm Leach Bliley Act, P.L. 106-102 (1999), and all other applicable laws relating to confidentiality of non-public personal information.

(d) The failure to follow the provisions of this section shall be a defined violation under article twenty-four of this chapter.

§ 7811. Disclosures to owners and insureds. (a) The life settlement provider or life settlement broker shall provide the owner with a separate written document conspicuously displaying the information and disclosures required by this subsection. The separate document shall be signed by the owner and life settlement provider, no later than the date the life settlement contract is signed by all parties. At a minimum, the document shall state:

(1) that there are possible alternatives to life settlement contracts, including accelerated benefits offered by the issuer of the policy;

(2) that some or all of the proceeds of a life settlement contract may be taxable and that advice should be sought from a professional tax advisor;

(3) that the proceeds from a life settlement contract could be subject to the claims of creditors;

(4) that receipt of proceeds from a life settlement contract may adversely affect the recipients' eligibility for public assistance or other government benefits or entitlements and that advice should be obtained from the appropriate agencies;

(5) that the owner has a right to rescind a life settlement contract from the time of execution of the contract until fifteen days after the receipt of the life settlement proceeds by the owner;

(6) that proceeds will be sent to the owner within three business days after the life settlement provider has received the insurer or group administrator's acknowledgement that ownership of the policy or interest in the certificate has been transferred and the beneficiary has been designated in accordance with the terms of the life settlement contract;

(7) that entering into a life settlement contract may cause other rights or benefits, including conversion rights and waiver of premium benefits, that may exist under the policy or certificate of a group policy to be forfeited by the owner and that assistance should be sought from a professional financial advisor;

(8) the gross offer or bid that the life settlement provider shall pay pursuant to the life settlement contract; the net amount to be paid to the owner pursuant to the life settlement contract; the name of each life settlement broker, life settlement intermediary, insurance producer or insurance consultant that will be compensated by the life settlement provider, or any affiliate, parent corporation, or subsidiary of the life settlement provider; and the amount of compensation that the life settlement provider, or any affiliate, parent corporation or subsidiary of the life settlement provider, shall provide to a life settlement broker, life settlement intermediary, insurance producer or insurance consultant, or any affiliate, parent corporation or subsidiary of such broker, intermediary, producer, or consultant, pursuant to the life settlement contract. For the purposes of this paragraph, "gross offer or bid" means the total amount or value offered by the life settlement provider for the purchase of one or more life insurance policies, inclusive of commissions and fees;

(9) the date by which the funds will be available to the owner and the transmitter of the funds;

(10) that the life settlement provider or life settlement broker is required to provide an owner during the solicitation process with a consumer information booklet in a form prescribed by the superintendent, or other similar material, subject to the approval of the superintendent;

(11) that the insured may be contacted by either the life settlement provider or life settlement broker, or any authorized representative thereof, for the purpose of determining the insured's health status or to verify the insured's address, and that the contact shall be limited to once every three months if the insured has a life expectancy of more than one year, and no more than once per month if the insured has a life expectancy of one year or less;

(12) any affiliations or contractual arrangements between the life settlement provider and the issuer of the policy to be settled;

(13) any affiliations or contractual arrangements with any other life settlement provider, life settlement broker, life settlement intermediary or party financing the transaction;

(14) that a life settlement broker represents exclusively the owner, and not the insurer or the life settlement provider or any other person,

and owes a fiduciary duty to the owner, including a duty to act according to the owner's instructions and in the best interest of the owner;

(15) the name, business address, telephone number and e-mail address of the independent, third party escrow agent and that the owner has the right to inspect or receive copies of the relevant escrow or trust agreements or documents;

(16) that a change of ownership could in the future limit the insured's ability to purchase future insurance on the insured's life because there is a limit to how much coverage insurers will issue on one life; and

(17) the name, business address, telephone number and e-mail address of the life settlement provider.

(b) The life settlement provider or life settlement broker shall provide to the insured in a separate written document conspicuously displaying the information and disclosures required by this subsection. The separate document shall be signed by the insured no later than the date the life settlement contract is signed by all parties. The document shall:

(1) state that the insured may be contacted by either the life settlement provider or life settlement broker or any authorized representative thereof, for the purpose of determining the insured's health status or to verify the insured's address, and that the contact shall be limited to once every three months if the insured has a life expectancy of more than one year, and no more than once per month if the insured has a life expectancy of one year or less;

(2) state that a change of ownership could in the future limit the insured's ability to purchase additional insurance on the insured's life because there is a limit to how much coverage insurers will issue on one life; and

(3) contain the following language, or such other language required by the superintendent by regulation: "All medical, financial or personal information solicited or obtained by a life settlement provider or life settlement broker about an insured, including the insured's identity or the identity of family members, a spouse or a significant other may be disclosed as necessary to effect the life settlement contract between the owner and provider. If you are asked to provide this information,

you will be asked to consent to the disclosure. The information may be provided to someone who buys the policy or provides funds for the purchase. You may be asked to renew your permission to share information every two years".

(c) The life settlement broker shall provide the owner with a separate written document conspicuously displaying the information and disclosures required by this subsection. The separate document shall be signed by the owner and life settlement broker, no later than the date the life settlement contract is signed by all parties. At a minimum, the document shall state:

(1) the name, business address, telephone number and e-mail address of the life settlement broker;

(2) a full, complete and accurate description of all the offers, counter-offers, acceptances and rejections relating to the proposed life settlement contract;

(3) any affiliations or contractual arrangements with any life settlement provider, other life settlement broker, life settlement intermediary or any financing entity;

(4) the gross amount to be paid pursuant to the life settlement contract, the net amount of the proceeds to be paid to the owner pursuant to the life settlement contract, the amount of compensation to be paid to the life settlement broker pursuant to the life settlement contract, and the name of such life settlement broker. For purposes of this paragraph, "gross amount to be paid" means the total amount or value to be paid by the life settlement provider for the purchase of one or more life insurance policies, inclusive of commissions and fees; and

(5) a complete reconciliation of the gross offer or bid by the life settlement provider to the net amount of proceeds or value to be received by the owner, provided that for the purpose of this section, "gross offer or bid" shall mean the total amount or value offered by the life settlement provider for the purchase of one or more life insurance policies, inclusive of commissions and fees.

§ 7812. Life insurance applications. (a) Without limiting the ability of an insurer to assess the insurability of a policy applicant and to determine whether or not to issue the policy, and in addition to other

questions an insurer may lawfully pose to a life insurance applicant, insurers may inquire in the application for insurance whether the proposed owner intends to pay premiums with the assistance of financing from a lender that will use the policy as collateral to support the financing.

(b) The insurer may include the following notice to the applicant and the insured, or other notice acceptable to the superintendent, on the application or as an amendment thereto: "If you enter into a loan arrangement where the policy is used as collateral, and the policy changes ownership at some point in the future in satisfaction of the loan, then the following may be true:

(1) a change of ownership may lead to a person unknown to you owning an interest in the insured's life;

(2) a change of ownership may limit your ability to purchase insurance in the future on the insured's life because there is a limit to how much coverage insurers will issue on one life;

(3) if ownership of the life insurance policy changes, and you wish to obtain more insurance coverage on the insured's life in the future, the insured's higher issue age, a change in health status, and/or other factors may reduce the ability to obtain coverage and/or may result in significantly higher premiums; and

(4) you should consult a professional advisor, since a change in ownership in satisfaction of the loan may result in tax consequences to the owner."

§ 7813. General rules. (a) A life settlement provider entering into a life settlement contract shall first obtain a written consent from the insured to the release of the insured's medical records subject to the limitations contained in section seven thousand eight hundred ten of this article.

(b) The insurer shall respond to a request for verification of coverage submitted by a life settlement provider, life settlement broker or life settlement intermediary within fifteen days after the date the request is received. The insurer shall complete and issue the verification of coverage or indicate the specific reasons why it is unable to respond. In its response, the insurer shall indicate whether,

based on the medical evidence and documents provided, the insurer is pursuing or intends to pursue an investigation regarding the validity of the policy.

(c) The life settlement provider shall give written notice to the insurer that issued the policy within ten days after the life settlement contract is executed by all parties.

(d) Unless the insurer is pursuing or intends to pursue an investigation, the insurer shall, within fifteen days of receipt of a request for a change of ownership or assignment used to effectuate the transfer or assignment of the owner's rights or benefits under a policy to a life settlement provider, process the change of ownership or assignment and notify the life settlement provider and the owner that the transfer or assignment has been effectuated.

(e) If a life settlement broker performs any activity required of the life settlement provider in this section or provides any disclosures required by section seven thousand eight hundred eleven of this article, then the life settlement provider is deemed to have performed that activity or provided that disclosure.

(f) All medical information solicited or obtained by any licensee or any other person shall be subject to the provisions applicable to health care providers under the public health law and all applicable laws relating to confidentiality of medical information, provided that, to the extent that this chapter provides for greater confidentiality of medical information, this chapter shall govern.

(g)(1) Every life settlement contract shall provide that the owner has an unconditional right to rescind the life settlement contract from the time of execution of the contract until fifteen days after the receipt of the life settlement proceeds by the owner by giving notice of rescission to the life settlement provider by midnight of the fifteenth day.

(2) Within five days after receipt of the notice of rescission, the life settlement provider shall provide a written statement to the owner itemizing the amount of all life settlement proceeds and any premiums, loans and loan interest paid or to be paid as of a date certain as may be requested by the owner.

(3) Within fifteen days after the receipt of the written, itemized statement by the owner, the owner must repay all such life settlement

proceeds and any premiums, loans and loan interest paid by the life settlement provider.

(4) If the insured dies during the rescission period, the life settlement contract shall be deemed to have been rescinded, subject to repayment of all life settlement proceeds and any premiums, loans and loan interest paid by the life settlement provider.

(5) Within five days after receipt of notice of the insured's death during the rescission period, the life settlement provider shall provide a written statement to the owner or, if the owner is deceased, to the legal representative of the owner's estate, itemizing the amount of all life settlement proceeds and any premiums, loans and loan interest paid or to be paid as of a date certain as may be requested by the owner or the legal representative of the owner's estate. As soon as practicable, the owner or the owner's estate shall repay all such proceeds and any premiums, loans and loan interest paid by the life settlement provider.

(h) Within three business days after receipt from the owner of documents to effect the transfer of the policy that is the subject of a life settlement contract, the life settlement provider shall deposit the proceeds of the life settlement contract into an escrow or trust account in a state or federally chartered financial institution. The escrow agent or trustee shall be required to transfer the proceeds due to the owner within three business days of acknowledgement of the transfer from the insurer.

(i) Failure to tender the life settlement contract proceeds to the owner by the date disclosed to the owner shall render the life settlement contract voidable by the owner for lack of consideration until the time the proceeds are tendered to and accepted by the owner. A failure to give written notice of the right of rescission hereunder shall toll the right of rescission until thirty days after the written notice of the right of rescission has been given.

(j)(1) No person, at any time prior to, or at the time of, the application for, or issuance of, a policy, or during the two-year period commencing with the date of issuance of the policy, shall enter into a life settlement contract, regardless of the date the compensation is to be provided and regardless of the date the assignment, transfer, sale, devise or bequest of the policy is to occur. This prohibition shall not apply if the owner certifies to the life settlement provider that:

(A) the policy was issued upon the owner's exercise of conversion rights arising out of a policy, provided the total of the time covered under the conversion policy plus the time covered under the prior policy is at least twenty-four months. The time covered under a group policy shall be calculated without regard to a change in insurers, provided the coverage has been continuous and under the same group sponsorship; or

(B) one or more of the following conditions, for which the owner submits independent evidence to the life settlement provider, have been met within the two-year period:

(i) the owner or insured is terminally or chronically ill;

(ii) the owner or insured disposes of ownership interests in a closely held corporation, pursuant to the terms of a buyout or other similar agreement in effect at the time the insurance policy was initially issued;

(iii) the owner's spouse dies;

(iv) the owner divorces his or her spouse;

(v) the owner retires from full-time employment or involuntarily ceases employment;

(vi) the owner becomes physically or mentally disabled and a physician determines that the disability prevents the owner from maintaining full-time employment;

(vii) a final order, judgment or decree is entered by a court of competent jurisdiction, on the application of a creditor of the owner, adjudicating the owner bankrupt or insolvent, or approving a petition seeking reorganization of the owner or appointing a receiver, trustee or liquidator to all or a substantial part of the owner's assets; or

(viii) any other condition that the superintendent may determine by regulation to be an extraordinary circumstance for the owner or the insured.

(2) Copies of the independent evidence required by subparagraph (B) of paragraph one of this subsection shall be submitted to the insurer when the life settlement provider submits a request to the insurer for verification of coverage. The copies shall be accompanied by a letter of attestation from the life settlement provider that the copies are true and correct copies of the documents received by the life settlement provider. Nothing in this section shall prohibit an insurer from exercising its right to contest the validity of any policy.

(3) For the purposes of this section a person is:

(A) terminally ill if the individual has an illness, sickness or physical condition that can reasonably be expected to result in death in twenty-four months or less; or

(B) chronically ill if that individual has been certified by a licensed health care practitioner as:

(i) being unable to perform without substantial assistance from another individual at least two activities of daily living (i.e., eating, toileting, transferring, bathing, dressing or continence) for a period of at least ninety days, due to a loss of functional capacity;

(ii) requiring substantial supervision to protect the individual from threats to health and safety due to severe cognitive impairment for a period of at least ninety days, due to a loss of functional capacity; or

(iii) having a level of disability similar to that described in clause (i) of this subparagraph, as determined by the United States Secretary of Health and Human Services.

(k) Contacts with the insured for the purpose of determining the health status of the insured by a licensed life settlement provider after the life settlement contract has been executed shall be made only by the licensed life settlement provider or licensed life settlement broker, or any authorized representative thereof, and shall be limited to once every three months for an insured with a life expectancy of more than one year, and to no more than once per month for an insured with a life expectancy of one year or less.

(l) The life settlement broker shall represent only the owner and owes a fiduciary duty to the owner, including a duty to act according to the owner's instructions and in the best interest of the owner.

(m) A life settlement provider, life settlement broker, or life settlement intermediary shall be responsible for the actions of its authorized representative.

(n)(1) A life settlement intermediary's services shall not be limited to life settlement providers or life settlement brokers that are affiliates, parents, or subsidiaries of the life settlement intermediary.

(2) A life settlement intermediary shall establish and maintain systems, practices and procedures to ensure that:

(A) every transaction with an affiliate, parent or subsidiary of the

life settlement intermediary is fair and equitable and conducted on an arms-length basis; and

(B) an affiliate, parent or subsidiary of the life settlement intermediary is not granted or provided with preferential treatment or access to information or services that are not granted or provided to an unaffiliated life settlement provider or life settlement broker that conducts business with the life settlement intermediary.

(o) A life settlement provider may sell, assign, pledge or otherwise transfer the ownership of a settled policy only to a licensed life settlement provider, an accredited investor or qualified institutional buyer, financing entity, special purpose entity, or related provider trust; provided, however, a life settlement provider may sell, assign, pledge or otherwise transfer a beneficial interest in a settled policy to someone other than a life settlement provider licensed in this state, an accredited investor or qualified institutional buyer, financing entity, special purpose entity, or related provider trust if a licensed life settlement provider continues to administer and service the settled policy and protects the privacy of the insured and owner pursuant to section seven thousand eight hundred ten of this article.

(p) The failure to follow the provisions of this section shall be a defined violation under article twenty-four of this chapter.

§ 7814. Prohibited practices. (a) No person shall:

(1) enter into a life settlement contract if the person knows or reasonably should have known that the policy was obtained in a false, deceptive or misleading way;

(2) engage in any transaction, practice or course of business if the person knows or reasonably should have known that the intent was to avoid the disclosure or other notice requirements of this article;

(3) engage in any fraudulent act or practice in connection with any transaction relating to any life settlement;

(4)(A) enter into a premium finance loan with an applicant for a new policy or an owner, pursuant to which the person providing premium financing, or any affiliate, parent corporation or subsidiary of the person, shall receive any proceeds, fees or other consideration, directly or indirectly, from the policy or owner of the policy or any

other person, other than commissions earned by a licensed insurance producer on the policy, with respect to the premium finance loan, that are in addition to the amounts required to pay the principal, interest and any reasonable costs, fees or expenses incurred by the lender or borrower related to the premium finance loan or subsequent sale of such loan; provided, further, that any payments, charges, fees or other amounts in addition to the amounts required to pay the principal, interest and any reasonable costs or expenses incurred by the lender or borrower related to the premium finance loan shall be remitted to the original owner of the policy or to the original owner's estate if the original owner is not living at the time of the determination of the overpayment. For purposes of this paragraph, "owner" means the owner of a policy whether or not entering into, or offering to enter into, a life settlement contract;

(B) If, at any time, a policy that is the subject of a premium finance loan specified in subparagraph (A) of this paragraph is sold, assigned, transferred, devised or bequeathed pursuant to the terms of a premium finance loan, any proceeds or other consideration received other than the amounts specified in subparagraph (A) of this paragraph shall be remitted to the original owner of the policy or to the original owner's estate if the original owner is not then living;

(5) with respect to any life settlement contract, knowingly fail to disclose any affiliation or contractual arrangement as required by this article;

(6) directly or indirectly, purchase or obtain an interest in any policy that is the subject of a life settlement contract where the person has acted as a life settlement broker or life settlement intermediary with respect to the policy, unless such affiliation has been disclosed to the owner pursuant to paragraph three of subsection (c) of section seven thousand eight hundred eleven of this article; and (A) if a life settlement broker, the broker has provided all offers and counter offers pursuant to paragraph two of subsection (c) of section seven thousand eight hundred eleven of this article, and has conducted the transaction on a fair and equitable arm-length basis; or (B) with respect to a life settlement intermediary, the intermediary complies with subsection (o) of section seven thousand eight hundred thirteen of this article;

(7) directly or indirectly provide any compensation to any person acting in this state as a life settlement broker, and no person shall accept any such compensation, unless the person is a licensed life settlement broker pursuant to the provisions of section two thousand one hundred thirty-seven of this chapter;

(8) directly or indirectly pay any referral or finder's fee or provide any other compensation to any owner's physician, attorney, accountant, insurance producer, insurance consultant, or other person providing medical, legal or financial planning services to the owner, or to any other person, other than a life settlement broker, representing the owner with respect to the life settlement contract, and no person shall accept any such fee or compensation;

(9) directly or indirectly provide compensation to a life settlement broker, except where the compensation is for a specific life settlement contract and is clearly disclosed to the owner as required in this article;

(10) directly or indirectly engage in any act determined by the superintendent to be an unfair or deceptive act or practice pursuant to this chapter;

(11) remove, conceal, alter, destroy or sequester from the superintendent the assets or records of a life settlement provider, life settlement broker, life settlement intermediary or other person engaged in the business of life settlements;

(12) misrepresent or conceal the financial condition of a life settlement provider; or

(13) in relation to the business of life settlements, file with the superintendent a document containing materially false information concerning any fact material thereto or otherwise conceal information about a fact material thereto from the superintendent.

(b) No life settlement provider, life settlement broker, life settlement intermediary, owner or any other person, as a condition of entering into a life settlement contract, shall request or require an insured to submit to a medical examination at any time subsequent to the settlement of the policy.

(c) No life settlement provider shall enter into any life settlement contract in which payments of proceeds are made in installments.

(d) No life settlement provider, life settlement broker or life

settlement intermediary shall directly or indirectly:

(1) be a party to or enter into an agreement or understanding limiting or restricting an owner's or life settlement broker's ability to seek competitive bids on policies to the extent that the agreement or understanding unlawfully restrains trade or constitutes anti-competitive behavior;

(2) monopolize or attempt to monopolize, or combine or conspire with any other person or persons to monopolize, in this state, the business of life settlements;

(3) be a party to or enter into an agreement with a life settlement provider, life settlement broker or life settlement intermediary to the extent that the agreement fixes or limits the value paid to owners;

(4) be a party to or enter into any agreement or communication with a life settlement provider or life settlement intermediary with respect to the terms to be offered to an owner to the extent that the agreement or understanding unlawfully restrains trade or constitutes anti-competitive behavior;

(5) be a party to or enter into any agreement with a life settlement provider, life settlement broker, life settlement intermediary or other person to restrain trade or engage in any other anti-competitive behavior;

(6) be party to or enter into any agreement with a life settlement provider, life settlement broker, life settlement intermediary or other person the effect of which may be substantially to lessen competition in the business of life settlements subject to this chapter; or

(7) be a party to or enter into any agreement with a life settlement provider, life settlement broker, life settlement intermediary or other person to refuse to conduct business with any person in the business of life settlements.

(e) No life settlement intermediary shall:

(1) represent, solicit, negotiate or act on behalf of, an owner, a life settlement provider, or a life settlement broker; or

(2) act as a life settlement provider or life settlement broker.

(f) No insurer shall prohibit an insurance agent from disclosing to a client the availability of a life settlement contract.

(g) The failure to follow the provisions of this section shall be a defined violation under article twenty-four of this chapter.

§ 7815. Stranger-originated life insurance. (a) In this chapter, "stranger-originated life insurance" means any act, practice or arrangement, at or prior to policy issuance, to initiate or facilitate the issuance of a policy for the intended benefit of a person who, at the time of policy origination, has no insurable interest in the life of the insured under the laws of this state, including:

(1) the purchase of life insurance with resources or guarantees from or through a person that, at the time of policy initiation, could not lawfully initiate the policy;

(2) an arrangement or other agreement to transfer the ownership of the policy or the policy benefits to another person; or

(3) a trust or similar arrangement that is used, directly or indirectly, for the purpose of purchasing one or more policies for the intended benefit of another person in a manner that violates the insurable interest laws of this state.

(b) Stranger-originated life insurance arrangements do not include lawful life settlement contracts as permitted by this article or those practices set forth in paragraph three of subsection (k) of section seven thousand eight hundred two of this article, provided that such contracts or practices are not for the purpose of evading regulation under this article.

(c) No person shall directly or indirectly engage in any act, practice or arrangement that constitutes stranger-originated life insurance.

(d) The failure to follow the provision of subsection (c) of this section shall be a defined violation under article twenty-four of this chapter.

§ 7816. Penalties and civil remedies. (a)(1) If, after notice and hearing, the superintendent determines that any information required by subsection (a) or (c) of section seven thousand eight hundred eleven of this article knowingly was not provided or knowingly was delayed in being provided by the life settlement broker to the material detriment of the owner, then the superintendent, in addition to any other penalty prescribed by law, may require the life settlement broker to pay to the

people of this state an amount not to exceed the compensation due or provided to the life settlement broker.

(2) If, after notice and hearing, the superintendent determines that any information required by subsection (a) of section seven thousand eight hundred eleven of this article knowingly was not provided or knowingly was delayed in being provided by the life settlement provider to the material detriment of the owner, then the superintendent, in addition to any other penalty prescribed by law, may require the life settlement provider to pay to the people of this state an amount not to exceed forty-five thousand dollars.

(b) If, after notice and hearing, the superintendent determines any person knowingly violated subsection (c) of section seven thousand eight hundred fifteen of this article, then the superintendent, in addition to any other penalty prescribed by law, may require the person to pay to the people of this state an amount not to exceed one hundred thousand dollars.

(c) If, after notice and hearing, the superintendent determines that any person knowingly violated section seven thousand eight hundred ten of this article, then the superintendent, in addition to any other penalty prescribed by law, may require the person to pay the insured or owner an amount not to exceed twenty thousand dollars.

(d)(1) If, after notice and hearing, the superintendent determines that any person knowingly and willfully acted as a life settlement provider without a license in violation of subsection (a) of section seven thousand eight hundred three of this article, then the superintendent may impose a civil penalty payable to the people of this state not to exceed one hundred thousand dollars for each policy settled in violation thereof.

(2) If, after notice and hearing, the superintendent determines that any person knowingly and willfully acted as a life settlement broker without a license in violation of subsection (a) of section two thousand one hundred thirty-seven of this chapter, then the superintendent may impose a civil penalty payable to the people of this state not to exceed fifty thousand dollars for each policy settled in violation thereof.

(3) If, after notice and hearing, the superintendent determines that any person knowingly and willfully acted as a life settlement intermediary without a registration in violation of subsection (a) of

section seven thousand eight hundred four of this article, then the superintendent may impose a civil penalty payable to the people of this state not to exceed fifty thousand dollars for each transaction.

(e) Any person who has been injured by reason of a violation of subsection (a), (b) or (c) of this section may bring an action to recover damages suffered by reason of such violation. In any action brought under this section, the court may award reasonable attorney's fees to a prevailing plaintiff.

(f) Nothing provided in this article shall limit or restrict any common law, contractual or other right of action.

§ 7817. Authority to promulgate regulations. The superintendent may promulgate regulations implementing this article.

§ 7818. Nonconforming contracts. (a) Except as otherwise specifically provided in this chapter, any life settlement contract subject to this chapter that is in violation of any of the provisions of this chapter shall be valid and binding upon the life settlement provider, but in all respects in which the contract's provisions are in violation of the requirements or prohibitions of this chapter it shall be enforceable as if it conformed with such requirements or prohibitions.

(b) In any action to recover under the provisions of any life settlement contract that the superintendent is authorized by this chapter to approve, if in the superintendent's opinion the provisions of this chapter are more favorable to owners, the court shall enforce such contract as if its provisions were the same as those specified in this chapter unless the court finds that the actual provisions of the contract were more favorable to owners at the date when the contract was entered into.

§ 7819. Applicability and choice of law. (a) The provisions of this article shall apply to any life settlement contract made, proposed to be made, or solicited with a resident of this state or any owner physically in this state.

(b)(1) If there is more than one owner on a single policy, and the owners are residents of different states, then the state of residency shall be the state in which the owner having the largest percentage of ownership resides or, if the owners hold equal ownership, the state of residence of one owner, agreed upon in writing by all of the owners.

(2) A life settlement contract entered into with an owner who is a resident of another state may be governed by the laws of the other state provided that the owner elects in writing to be governed by the laws of the other state, and if the owner is also a resident of this state, the life settlement contract is made, proposed to be made and solicited outside this state.

(c) For the purposes of this section, with respect to any person other than a natural person, the state of residence shall be:

(1) the state in which the person maintains its principal place of business; or

(2) with respect to a trust, a state in which the grantor resides.

§ 7820. Severability. If any clause, sentence, paragraph, section or part of this article shall be adjudged by any court of competent jurisdiction to be invalid and after exhaustion of all further judicial review, the judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section or part of this article directly involved in the controversy in which the judgment shall have been rendered.

ARTICLE 79
SERVICE CONTRACTS

Section 7901. Scope and purposes.
7902. Definitions.
7903. Requirements for doing business.
7904. Required disclosures; service contract reimbursement insurance policy.
7905. Required disclosures; service contract.
7906. Prohibited acts.
7907. Registration of providers.

7908. Recordkeeping requirements.
7909. Termination of service contract reimbursement insurance policy.
7910. Enforcement provisions.
7911. Authority to develop regulations.
7912. Transition.
7913. Separability provision.

§ 7901. Scope and purposes. (a) The purposes of this article are to:

(1) create a legal framework within which service contracts may be sold in this state;

(2) encourage the marketing and developing of more economical and effective means of providing services under service contracts; and

(3) permit and encourage fair and effective competition among different systems of providing and paying for these services.

(b) This article shall not apply to:

(1) Express or implied warranties;

(2) Maintenance agreements;

(3) Warranties, service contracts or maintenance agreements offered by public utilities on their transmission devices to the extent they are regulated by the public service commission; and

(4) Warranties, service contracts and maintenance agreements that are conditioned upon or otherwise associated with the sale or supply of heating fuel.

§ 7902. Definitions. As used in this article:

(a) "Appliances" may include but are not limited to electrical or mechanical appliances sold separately or included with the sale of residential real property such as refrigerators, stoves, ovens, clothes washers and dryers and dishwashers.

(b) "Administrator" means any person designated by a provider to be responsible for administration of service contracts, including servicing, claims management and processing, recordkeeping, customer service and collection of fees.

(c) "Incidental damages" has the meaning as set forth in subdivision

one of section 2-715 of the uniform commercial code, as such definition may be amended from time to time.

(d) "Maintenance agreement" means a contract of limited duration that provides for scheduled maintenance of property, other than contracts providing for the repair or replacement of such property due to a defect in materials or workmanship or wear and tear.

(e) "Non-original manufacturers' parts" means replacement parts not made for or by the original manufacturer of the property, commonly referred to as "after market parts".

(f) "Person" means an individual, partnership, corporation, incorporated or unincorporated association, joint stock company, reciprocal, syndicate or any similar entity or combination of entities acting in concert.

(g) "Premium" means the consideration paid to an insurer for a service contract reimbursement insurance policy.

(h) "Provider" means a person who markets, sells, offers for sale, issues, makes or proposes to make or administers a service contract, and who is contractually obligated to provide service under a service contract.

(i) "Provider fee" means the total purchase price or consideration paid for a service contract.

(j) "Qualified United States financial institution" has the meaning set forth in the regulations as promulgated from time to time by the superintendent.

(k) "Service contract" means a contract or agreement, for a separate or additional consideration, for a specific duration to perform the repair, replacement or maintenance of property, or indemnification for repair, replacement or maintenance, due to a defect in materials or workmanship or wear and tear, with or without additional provision for indemnity payments for incidental damages, provided any such indemnity payment per incident shall not exceed the purchase price of the property serviced. Service contracts may include towing, rental and emergency road service, and may also provide for the repair, replacement or maintenance of property for damage resulting from power surges and accidental damage from handling. Service contracts may also include contracts to repair, replace or maintain residential appliances and systems. Such term shall also mean a contract or agreement made (1) by

or for the manufacturer or seller of a motor vehicle tire for repair or replacement of the tire or wheel as the result of damage arising from a road hazard, (2) by or for the supplier or seller of a service for repair of chips or cracks in a motor vehicle windshield, but not including services that involve the replacement of the entire windshield, (3) by or for the supplier or seller of a service for repair or removal of dents, dings or creases from a motor vehicle without affecting the existing paint finish using paintless dent repair techniques, but not including services that involve the replacement of vehicle body panels, or sanding, bonding or painting; and (4) by or for the supplier or seller of a service for repair or replacement of a motor vehicle key or key fob in the event that the key or key fob becomes inoperable, lost or stolen. In conjunction with a motor vehicle leased for personal use, such term shall also mean a contract to perform the repair, replacement or maintenance of property, or to provide indemnification for repair, replacement or maintenance, due to excess wear and use or damage for interior stains, rips or scratches or missing interior parts that result in a lease-end charge not otherwise covered by a service agreement or warranty, provided any such payment shall not exceed the purchase price of the vehicle.

(l) "Systems" means plumbing, electrical, heating, cooling, ventilation, and other systems used in residential real property, including without limitation:

(A) plumbing systems which include gas supply lines and fittings, water supply, waste and vent pipes and their fittings, septic tanks and their drain fields, water, gas and sewer service piping, and their extensions to the tie-in of a public utility connection, or on-site well and sewage disposal system;

(B) electrical systems which include all wiring, electrical boxes, switches, outlets, and connections up to the public utility connection; and

(C) heating, cooling and ventilation systems which include all duct work, steam, water and refrigerant lines, registers, convectors, radiation elements and dampers.

(m) "Service contract holder" or "contract holder" means a person who is the purchaser or holder of a service contract.

(n) "Service contract reimbursement insurance policy" means a policy

of service contract reimbursement insurance.

§ 7903. Requirements for doing business. (a) Notwithstanding any other provision of this chapter to the contrary, the marketing, sale, offering for sale, issuance, making, proposing to make and administration of service contracts by any provider, administrator or other person, shall be exempt from all other provisions of this chapter. A provider may, but is not required to, appoint an administrator or other designee to be responsible for any or all of the administration of service contracts and compliance with this article. Notwithstanding any other provision of this article, a provider of a service contract, as defined in paragraphs two and three of subsection (k) of section seven thousand nine hundred two of this article, shall, at least thirty days prior to the effective date of an initial provider fee, or a change in a provider fee, file the amount of the provider fee with the superintendent and such filing shall be open to public inspection; and provided further that the provider fee shall not exceed the amount filed. The requirement to file the amount of the provider fee with the superintendent in this subsection shall not apply to fees set forth in any agreement to which an authorized insurer is a party.

(b) Service contracts shall not be issued, sold or offered for sale in this state unless the provider:

(1) provides a receipt for, or other written evidence of, the purchase of the service contract and a copy of the terms and conditions of the service contract to the service contract holder where the sale takes place in a retail store or other place of business. A copy of the service contract in all cases shall be provided to the service contract holder within a reasonable period of time after the date of purchase of the service contract; and

(2) otherwise complies with this article.

(c) In order to assure the faithful performance of a provider's obligations to its contract holders, each provider who is contractually obligated to provide service under a service contract shall comply with one of the following three paragraphs of this subsection:

(1) insure the performance of its obligations under all service contracts pursuant to a service contract reimbursement insurance policy

issued by an insurer authorized to issue service contract reimbursement insurance in this state or procured by an excess line licensee pursuant to section two thousand one hundred eighteen of this chapter. Each provider may maintain a maximum of five service contract reimbursement insurance policies insuring its service contracts actively offered. In the event the provider fails to insure its obligations pursuant to this paragraph or in the event that such insurance shall lapse or be terminated, the provider shall comply with either paragraph two or three of this subsection within forty-five days of the insurance lapse or termination;

(2) (A) maintain a funded reserve account for its obligations under its service contracts issued and outstanding in this state, which reserve account (i) contains reserves in an amount not less than forty percent of the gross consideration received upon the sale of, less claims paid under, all its service contracts then in force, but not less than zero, and (ii) shall be subject to examination and review by the superintendent; and

(B) place in trust with the superintendent a financial security deposit, having a value of not less than five percent of the gross consideration received upon the sale of, less claims paid under, all service contracts issued and then in force, but not less than fifty thousand dollars, consisting of one or more of the following:

(i) a surety bond issued by an authorized surety;

(ii) securities of the type eligible for deposit by authorized insurers in this state;

(iii) cash; or

(iv) a letter of credit issued by a qualified United States financial institution; or

(3) (A) maintain a net worth or stockholders' equity of at least one hundred million dollars; and

(B) provide the superintendent with a copy of the financial statements of the provider, either on a stand alone basis or consolidated with its consolidated affiliates, included in its or its direct or indirect parent company's most recent annual report on form 10-K or form 20-F filed with the securities and exchange commission within the last calendar year, or if the provider or its direct or indirect parent company is not required to file such reports with the securities and

exchange commission, a copy of the audited financial statements of the provider, either on a stand alone basis or consolidated with its consolidated affiliates. If the net worth or stockholders' equity of the provider, either on a stand alone basis or consolidated with its consolidated affiliates, as shown in the foregoing financial statements is at least one hundred million dollars, the provider shall be deemed to meet the requirements of this paragraph and there shall be no requirement of a guarantee, reimbursement insurance, or other form of financial stability arrangement. In the event the net worth or stockholders' equity of the provider, either on a stand alone basis or consolidated with its consolidated affiliates, is not at least one hundred million dollars, or the net worth or stockholders' equity of the provider, as aforesaid, is not determinable from the foregoing audited financial statements, the provider shall comply with paragraph one or two of this subsection within forty-five days of becoming aware of such deficiency. If the provider's direct or indirect parent company's form 10-K, form 20-F, or audited financial statements are filed to meet the provider's financial stability requirement, then the parent company shall agree to guarantee the obligations of the provider relating to service contracts sold by the provider in this state.

(d) Premium taxes. (1) Provider fees shall not be subject to premium taxes.

(2) Premiums collected on service contract reimbursement insurance policies shall be subject to applicable premium taxes.

(e) Service contracts shall require every provider to permit the service contract holder to return the contract within at least twenty days of the date of mailing of the service contract or within at least ten days if the service contract is delivered at the time of the sale or within a longer time period permitted under the contract. If no claim has been made under the contract, the contract shall be void and the provider shall refund to the contract holder the full purchase price of the contract. A ten percent penalty per month shall be added to a refund that is not made within thirty days of return of the contract to the provider. The provisions of this subsection only apply to the original purchaser of the service contract.

§ 7904. Required disclosures; service contract reimbursement insurance policy. Service contract reimbursement insurance policies insuring service contracts issued, sold or offered for sale in this state shall state that, upon failure of the provider to perform under the service contract, including failure to return the unearned provider fee thereunder, the insurer that issued the service contract reimbursement insurance policy shall pay on behalf of the provider any sums the provider is legally obligated to pay under the service contract or shall perform the service which the provider is legally obligated to perform according to the provider's contractual obligations under the service contracts issued or sold by the provider.

§ 7905. Required disclosures; service contract. (a) Service contracts marketed, sold or offered for sale, issued, made, proposed to be made or administered in this state shall be dated and written in clear, understandable language and the entire service contract shall be printed or typed in easy to read type and disclose the requirements of this section, as applicable. The date the service contract is issued is not required to be preprinted on the service contract and may be added or attached to the service contract at the time of sale.

(b) Service contracts insured under a service contract reimbursement insurance policy pursuant to paragarph one of subsection (c) of section seven thousand nine hundred three of this article shall contain a statement in substantially the following form: "Obligations of the provider under this service contract are insured under a service contract reimbursement insurance policy. If the provider fails to pay or provide service on a claim within sixty days after proof of loss has been filed, the contract holder is entitled to make a claim directly against the insurer under the service contract reimbursement insurance policy." The service contract shall also state the name and address and a toll-free telephone number of the insurer under the related service contract reimbursement insurance policy.

(c) Service contracts not insured under a service contract reimbursement insurance policy pursuant to paragraph one of subsection (c) of section seven thousand nine hundred three of this article shall contain a statement substantially to the following effect: "Obligations

of the provider under this service contract are backed by the full faith and credit of the provider." The service contract shall also state the name and address of the provider thereunder.

(d) Service contracts shall identify any administrator if different from the provider or seller, the provider, and the service contract seller. The identities of such parties are not required to be preprinted on the service contract and may be added to the service contract at the time of sale. Service contracts shall clearly state the procedure that the service contract holder must take to obtain service under the terms and conditions of the service contract.

(e) Service contracts shall state the total purchase price and the terms and conditions under which the service contract is sold. The purchase price is not required to be preprinted on the service contract and may be negotiated at the time of sale with the service contract holder.

(f) If prior approval of repair work is required, the service contracts shall state the procedure for obtaining prior approval and for making a claim, including a toll free telephone number for claim service and if the service contracts provide services essential to public health, safety or welfare, the service contracts shall either provide for twenty-four hour telephone assistance or state the procedure for obtaining emergency repairs performed outside of normal business hours. The superintendent may promulgate regulations necessary to effectuate this subsection as authorized by section seven thousand nine hundred eleven of this article.

(g) Service contracts shall state the existence of any deductible amount thereunder if applicable.

(h) Service contracts shall specify the merchandise and services to be provided and any limitations, exceptions or exclusions from coverage thereunder if applicable.

(i) Service contracts covering motor vehicles shall state whether the use of non-original manufacturers' parts may be allowed. Conditions stated shall comply with applicable state and federal laws.

(j) Service contracts shall state any terms, restrictions or conditions governing the transferability of such service contracts.

(k) Service contracts shall state the terms, restrictions or conditions governing termination of the service contract by the parties

to the service contract. The provider of the service contract shall mail a written notice to the service contract holder at the last known address of the service contract holder contained in the records of the provider at least fifteen days prior to cancellation by the provider. The notice shall state the effective date of the cancellation and the reason for the cancellation. Written notice is not required if the reason for cancellation is nonpayment of the provider fee, a material misrepresentation, or a substantial breach of duties by the service contract holder relating to the covered property or its use.

(l) Service contracts shall set forth all of the obligations and duties of the service contract holder, such as the duty to protect against any further damage and any requirement to follow owner's manual instructions.

(m) Service contracts shall clearly state whether or not the service contract provides for or excludes preexisting conditions.

(n) Service contracts shall contain a statement of the service contract holder's right to return the contract within at least twenty days of the date of mailing of the service contract or within at least ten days if the service contract is delivered at the time of the sale or within a longer time period permitted under the contract. If no claim has been made under the contract, the contract shall be void and the provider shall refund to the contract holder the full purchase price of the contract. The service contract shall also contain a statement that a ten percent penalty per month shall be added to a refund that is not made within thirty days of return of the contract to the provider.

§ 7906. Prohibited acts. (a) A provider shall not use in its name the words insurance, casualty, guaranty, surety, mutual or any other words descriptive of the insurance, casualty, guaranty or surety business, or a name deceptively similar to the name or description of any insurance or surety corporation or any other provider.

(b) A provider shall not in its service contracts or literature make, permit or cause to be made any false or misleading statement, or deliberately omit any material statement that would make the service contracts or literature misleading if omitted, in connection with the sale, offer to sell, or advertisement of a service contract.

(c) A person, including a bank, savings and loan association, lending institution, manufacturer or seller of any product, shall not require the purchase of a service contract as a condition of a loan or other extension of credit or a condition for the sale or other disposition of any property. The superintendent may promulgate regulations necessary to effectuate this subsection as authorized by section seven thousand nine hundred eleven of this article.

§ 7907. Registration of providers. (a) No person shall act as a provider pursuant to this article without having first obtained an approval of a registration to do so from the superintendent. The application for approval of registration shall contain the following information;

(1) the name and address of the principal office of the provider;

(2) the name and address of the providers' agent for service of process in this state, if other than the provider;

(3) the identities of the provider's executive officer or officers directly responsible for such provider's service contract business, and, if more than fifty percent of the provider's revenue is derived from the sale of service contracts, the identities of the provider's directors and stockholders having beneficial ownership of five percent or more of any class of securities registered under the federal securities law;

(4) the name, location and telephone number of any administrators designated by the provider to be responsible for the administration of service contracts in this state, together with an acknowledgment by each such administrator (who is not employed by the provider) of such administrator's obligations under this article;

(5) a statement indicating under subsection (c) of section seven thousand nine hundred three of this article the provider qualifies to do business as a service contract provider in this state.

(b) The registration application shall be accompanied by a fee of two hundred fifty dollars for each year or fraction of a year in which the registration shall be in effect.

(c) A provider shall keep current the information required to be disclosed in its registration under this section by reporting all material changes or additions within thirty days after the end of the

month in which the provider learns of such change or addition.

(d) The superintendent shall render a determination on the application for registration within forty-five days of the date of filing. The superintendent may not approve the application for registration if the provider is not trustworthy or has otherwise given cause that the superintendent determines that to approve such registration would not promote the health, safety and welfare of the public. In the event the registration application is disapproved, the superintendent shall state the reason or reasons therefor. In the event the application was incomplete, the applicant may file an amended registration application. The superintendent shall render a decision on the amended application within thirty days of receipt thereof.

(e) The registration shall continue in force until suspended or revoked by the superintendent on the grounds that the provider is not trustworthy or has violated any provision of this chapter or has given cause for the revocation or suspension of such registration or the provider has failed to comply with any prerequisite for the issuance of such registration approved, or terminated at the request of the provider, subject, however, to the biennial renewal of the registration, by filing a renewal application and payment, prior to March first of each odd numbered year following that in which its original registration application is filed, of a fee of five hundred dollars.

(f) Except for the registration requirement in this section, providers and administrators of service contracts are exempt from any licensing requirements.

(g) The biennial renewal application shall contain such information as required by the superintendent including, but not limited to information to demonstrate that the applicant continues to satisfy all requirements of section seven thousand nine hundred three of this article.

§ 7908. Recordkeeping requirements. (a) Books and records. (1) A provider or its administrator shall keep accurate accounts, books and records concerning transactions regulated under this article.

(2) A provider's or its administrator's accounts, books and records shall include:

(A) copies of each type of service contract issued;

(B) the name and address of each service contract holder to the extent that the name and address have been furnished by the service contract holder to the provider;

(C) a list of the provider locations where service contracts are marketed, sold, offered for sale, issued, made or proposed to be made or administered; and

(D) written claims filed which shall contain at least the dates and description of all claims related to the service contracts.

(3) Except as provided in subsection (b) of this section, a provider or its administrator shall retain all of the service contract records required under paragraph two of this subsection pertaining to each service contract holder for at least three years after the specified period of coverage thereunder has expired.

(4) A provider may keep all records required under this article on a computer disk or other similar technology. If the records are maintained in other than hard copy, the records shall be capable of duplication to legible hard copy at the request of the superintendent.

(b) A provider discontinuing business in this state shall maintain its records until it furnishes to the superintendent satisfactory proof that it has discharged all obligations to service contract holders in this state.

§ 7909. Termination of service contract reimbursement insurance policy. An insurer that issues a service contract reimbursement insurance policy shall not terminate the policy except in accordance with section three thousand four hundred twenty-six of this chapter and upon notice to the superintendent. The termination of a service contract reimbursement insurance policy shall not reduce the issuer's responsibility for service contracts issued in this state by providers prior to the date of the termination.

§ 7910. Enforcement provisions. (a) The superintendent may conduct investigations or examinations of providers, administrators, insurers or other persons to enforce the provisions of this article and protect service contract holders in this state. Upon request of the

superintendent, the provider shall make all accounts, books and records concerning service contracts sold in this state by the provider available to the superintendent which are necessary to enable the superintendent to reasonably determine compliance or noncompliance with this article.

(b) The superintendent may take action which is necessary or appropriate to enforce the provisions of this article and the superintendent's regulations and orders, and to protect service contract holders in this state.

(1) If the provider has violated this article or the superintendent's regulations or orders, the superintendent may order a service contract provider to cease and desist from committing violations of this article or the superintendent's regulations or orders, may issue an order suspending a provider's registration under this article or prohibiting a service contract provider from marketing, selling, offering for sale, issuing, making or proposing to make service contracts, or may issue an order imposing a civil penalty, or any combination of these. An order issued under this paragraph may be delivered to the provider at its principal office or to the provider's designated agent for service of process indicated in the provider's registration materials pursuant to paragraph two of subsection (a) of section seven thousand nine hundred seven of this article.

(A) A person aggrieved by an order issued under this paragraph may request a hearing before the superintendent. The hearing request shall be filed with the superintendent within twenty days of the date the superintendent's order is effective;

(B) If a hearing is requested, an order issued under this paragraph shall be suspended from the original effective date of the order until completion of the hearing and delivery of the final decision thereon by the superintendent, except that where the provider has demonstrated a consistent pattern or practice of gross misconduct in connection with the marketing, sale, offering for sale, issuance, making or proposing to make of service contracts, the effective date of the order shall not be suspended pending the hearing and decision by the superintendent; and

(C) At the hearing, the burden shall be on the superintendent to show why the order issued pursuant to this paragraph is justified. The provisions of section three hundred five of the financial services law

shall apply to a hearing requested under this paragraph.

(2) The superintendent may bring an action in any court of competent jurisdiction for an injunction or other appropriate relief to enjoin threatened or existing violations of this article or of the superintendent's orders or regulations. An action filed under this paragraph may also seek restitution on behalf of persons aggrieved by a violation of this article or orders or regulations of the superintendent.

(3) A person in violation of this article may be subject to a monetary penalty of not more than five hundred dollars per violation. If the violation is not willful, such person may in lieu of paying such monetary penalty, provide restitution to the persons aggrieved by the violation or otherwise remedy the violation within sixty days after becoming aware of the violation.

(c) The authority of the superintendent under this section is in addition to any other authority of the superintendent.

§ 7911. Authority to develop regulations. The superintendent may promulgate regulations necessary to effectuate this article.

§ 7912. Transition. Providers who have submitted an application for approval of registration pursuant to section seven thousand nine hundred seven of this article who have been previously engaged in New York state, for not less than two years immediately prior to the effective date of this section in the business of marketing, selling, offering for sale, issuing, making, proposing or administering a service contract which otherwise was in compliance with all applicable laws of the state of New York immediately prior to the effective date of this section, may engage in such business in the state of New York until such time as the superintendent has issued a determination on such application for approval of registration provided that such application is received by the superintendent within sixty days of the effective date of this section.

§ 7913. Separability provision. If any provision of this article, or the application of any such provision to any person or circumstances, shall be held invalid, the remainder of this article, and the application of the provision to any person or circumstances other than those as to which it is held invalid, shall not be affected.

ARTICLE 80
MUTUAL HOLDING COMPANY

Section 8001. Definitions.
8002. Reorganization of mutual life insurer through formation of a mutual holding company; contents of plan.
8003. Dividend practices.
8004. Adoption of plan; submission of plan to the superintendent.
8005. Amendment or withdrawal of plan.
8006. Consultants.
8007. Approval of plan by superintendent; hearing.
8008. Approval of plan by policyholders.
8009. Filing of plan; effective date of reorganization.
8010. Effect of reorganization.
8011. Corporate existence.
8012. Directors and officers.
8013. Notice of proposed reorganization.
8014. Failure to give notice.
8015. Limitations of actions; security.
8016. Prohibited transactions by officers, directors and employees.
8017. Requirements applicable to a mutual holding company.
8018. Other requirements applicable to a stock holding company and a mutual holding company.
8019. Conversion of mutual holding company.
8020. Transfers of subsidiaries.
8021. Limitations on accumulation of surplus of mutual holding companies.

§ 8001. Definitions. As used in this article, the following terms shall have the following meanings:

(a) "Adoption date" means the date the board of directors of the mutual life insurer adopts the plan of reorganization.

(b) "Beneficial ownership" with respect to any security, means the sole or shared power to vote or direct the voting of, such security and/or the sole or shared power to dispose or direct the disposition of such security.

(c) "Effective date" means, in the case of the reorganization of a mutual life insurer, the date upon which the reorganization of the mutual life insurer shall be effective in accordance with section eight thousand nine of this article as a result of reorganization proceedings pursuant to this article.

(d) "Member" with reference to a mutual life insurer, means a person who, by the records of the mutual life insurer, is deemed to be the "policyholder" of a policy or annuity contract which is of a type described in paragraph one, two or three of subsection (a) of section one thousand one hundred thirteen of this chapter for purposes of paragraph three of subsection (a) of section four thousand two hundred ten of this chapter. On and after the effective date of a plan of reorganization that creates a mutual holding company, the term "member" means a member of such mutual holding company as provided in subsection (c) of section eight thousand seventeen of this article.

(e) "Membership interests" means, with reference to an institution that is a mutual life insurer or a mutual holding company, the rights as members arising under the charter of such institution or this chapter or otherwise by law including the rights to vote and to participate in any distribution of the surplus of such institution, whether or not incident to a liquidation thereof. The term "membership interests" does not include rights expressly conferred upon the policyholders by their policies or contracts (including the right to participate in the distribution of surplus) other than the right to vote.

(f) "Mutual holding company" means a corporation organized under section eight thousand seventeen of this article.

(g) "Mutual life insurer" means a domestic mutual life insurer.

(h) "Offer" includes every offer to buy or acquire, solicitation of an offer to sell, tender offer for, or request or invitation for tenders of

a security or interest in a security for value.

(i) "Outside director" means a director:

(1) who is not an officer, employee or consultant of the mutual holding company, any stock holding company, the reorganized insurer or any other subsidiary of the mutual holding company or any stock holding company;

(2) who does not directly or indirectly own, control or hold one percent or greater of the voting securities of any stock holding company, the reorganized insurer or any other subsidiary of the mutual holding company or any stock holding company; and

(3) who is not a director, officer or employee of any person except the mutual holding company or any stock holding company that directly or indirectly owns, controls or holds such percentage of such voting security.

Lesser amounts of ownership of voting securities other than those provided for in this subsection may be approved by the superintendent as a component of the mutual holding company's plan of reorganization pursuant to this article.

(j) "Person" means an individual, partnership, firm, association, corporation, joint-stock company, limited liability company, limited liability partnership, trust, government or governmental agency, state or political subdivision thereof, public or private corporation, board, association, estate, trustee or fiduciary, any similar entity or any combination of the foregoing acting in concert.

(k) "Plan of reorganization" or "plan" means a plan adopted by a mutual life insurer in compliance with this article.

(l) "Policyholder" means a person, as determined by the records of the reorganizing insurer or reorganized insurer, who is deemed to be the "policyholder" of a policy or annuity contract which is of a type described in paragraph one, two or three of subsection (a) of section one thousand one hundred thirteen of this chapter for purposes of paragraph three of subsection (a) of section four thousand two hundred ten of this chapter.

(m) "Public offering" means a stock offering required to be registered pursuant to the Securities Act of 1933, United States Code, Title 15, Section 77e.

(n) "Reorganized insurer" means the stock life insurer into which a mutual life insurer has been reorganized in accordance with the provisions of this article.

(o) "Reorganizing insurer" means, in the case of a plan of reorganization of a mutual life insurer under this article, the mutual life insurer that is reorganizing pursuant to such plan.

(p) "Stock holding company" means a corporation incorporated under the laws of any jurisdiction in the United States, at least fifty-one percent of the voting stock of which is owned, directly or through another stock holding company, by a mutual holding company and which holds, directly or indirectly, voting stock in at least one reorganized insurer.

(q) "Voting security" includes voting securities as defined in paragraph forty-five of subsection (a) of section one hundred seven of this chapter, any reorganization certificate or subscription (including subscription rights issued pursuant to a plan of reorganization), or any security convertible (with or without consideration) into any such security, or carrying any warrant or right to subscribe for or purchase any such security, or any such warrant or right.

(r) "Voting stock" means capital stock that constitutes voting securities as defined in paragraph forty-five of subsection (a) of section one hundred seven of this chapter. All references in this article to a specified percentage of the voting stock of any person shall mean securities having the specified percentage of the voting power in such person for the election of directors, trustees or management of such person other than securities having such power only by reason of the happening of a contingency.

§ 8002. Reorganization of mutual life insurer through formation of a mutual holding company; contents of plan. (a) A mutual life insurer having on the adoption date admitted assets of less than ten billion dollars may be reorganized as a domestic stock life insurer with a mutual holding company by complying with the requirements of this article.

(b) The plan of reorganization shall contain provisions for:

(1) the reorganizing insurer becoming a domestic stock life insurer;

(2) the formation of a mutual holding company;

(3) the members of the reorganizing insurer becoming members of the mutual holding company with membership interests therein, and the membership interests in the reorganizing insurer being extinguished; and

(4) at least fifty-one percent of the voting stock issued by the reorganized insurer being acquired and held, directly or through one or more stock holding companies, by the mutual holding company.

(5) the general terms for the establishment of the closed block or an alternative provision under subsection (b) of section eight thousand three of this article and the proposed dividend policy under subsection (a) of section eight thousand three of this article; and

(6) a plan of operation for the reorganized insurer including financial projections for a three-year period and a statement indicating its intentions with regard to issuing any nonparticipating business.

(c) The plan of reorganization shall provide that the reorganization will not change premiums or reduce policy benefits, values or guarantees or other policy obligations of the mutual life insurer, provided that the plan of reorganization may provide that the reorganized insurer will be able to make such changes and reductions as would be permitted under this chapter if the mutual life insurer were not a reorganizing insurer under this article.

(d) The plan may provide for the formation of one or more stock holding companies.

(e) The plan shall include the following as exhibits:

(1) the proposed charters or certificates of incorporation of the reorganized insurer, the mutual holding company and any stock holding company or companies; and

(2) the proposed by-laws of the reorganized insurer, the mutual holding company and any stock holding company or companies.

§ 8003. Dividend practices. (a) Following the effective date of the plan, the reorganized insurer may, with respect to its participating individual policies and contracts, either:

(1) continue the dividend practices of the reorganizing insurer;

(2) continue the dividend practices of the reorganizing insurer and adopt such other dividend practices as, at the effective date or at any

time thereafter, may be permitted under applicable law or regulation or approved by the superintendent; or

(3) adopt such other alternative with respect to dividend practices as the superintendent may approve.

(b) Following the effective date of the plan, the reorganized insurer shall, on or before the date on which the mutual holding company holds, directly or indirectly through one or more stock holding companies, less than seventy-five percent of the issued and outstanding voting stock of the reorganized insurer, either:

(1) (A) establish a closed block, for policyholder dividend purposes only, consisting of all of the participating individual policies and contracts of the mutual life insurer or the reorganized insurer, as the case may be, in force on the effective date and for which the insurer had an experience-based dividend scale payable in the year of the implementation date, to which closed block, on or before the implementation date, shall be allocated assets of the insurer in an amount that produces cash flows, together with anticipated revenues from the closed block business, expected to be sufficient to support the closed block business including provision for payment of claims and those expenses and taxes specified in the terms for the establishment of the closed block and to provide for continuation of the dividend practices in effect on the effective date if the closed block is established on or before the one hundred eightieth day after the effective date, or otherwise the dividend practices in effect on the implementation date, provided, however, that no policies or contracts entering into force after the implementation date will be included in the closed block, and provided, further, that, in determining dividend practices of the reorganizing insurer, the superintendent shall review dividend scales in effect for at least two years prior to the filing of the reorganization plan; and

(B) the terms for the establishment of the closed block may provide for conditions under which, with the approval of the superintendent, the reorganized insurer may cease to maintain the closed block and allocation of assets thereto, but regardless of such a cessation the policies and contracts constituting closed block business shall remain obligations of the reorganized insurer and any dividends on such policies and contracts shall be determined and apportioned by the board

of directors of the reorganized insurer in accordance with the terms of such policies and contracts and applicable provisions of this chapter; or

(2) provide as to participating individual policies and contracts of the reorganizing or reorganized insurer in such manner as the superintendent may approve.

(c) The general terms for the establishment of the closed block or such alternative provision under subsection (b) of this section and the proposed dividend policy shall be included in the plan under section eight thousand two of this article.

(d) The superintendent may appoint one or more consultants as the superintendent shall reasonably deem necessary to advise the superintendent regarding the proposed terms for the establishment of the closed block or the alternative provision under subsection (a) or (b) of this section; and the reorganizing insurer shall be responsible for the reasonable fees and expenses of any such consultants.

(e) For purposes of this section, "implementation date" means the date as of which the closed block is established, as specified in the terms for the establishment of the closed block.

§ 8004. Adoption of plan; submission of plan to the superintendent. (a) A mutual life insurer seeking to reorganize under this article shall, by action of three-fourths of its entire board of directors, adopt a plan consistent with the provisions of sections eight thousand two and eight thousand three of this article which is fair and equitable to the policyholders. The resolution shall specify the reasons for and the purposes of the proposed reorganization.

(b) The plan shall be submitted to the superintendent, together with the resolution of the board of directors of the reorganizing insurer, certified by the secretary thereof, adopting the plan pursuant to this article.

§ 8005. Amendment or withdrawal of plan. At any time before the plan of reorganization becomes effective as provided in section eight thousand nine of this article, the reorganizing insurer may, by

resolution of a three-fourths majority of its entire board of directors, amend the plan of reorganization or withdraw the plan of reorganization. In the case of a plan amendment, all references in this article to the plan of reorganization shall be deemed to refer to the plan as amended, but no amendment shall be deemed to change the adoption date of the plan of reorganization. A further public hearing is not necessary unless the superintendent determines that amendments submitted after the original hearing required under section eight thousand seven of this article will substantially alter the plan. In the event that the superintendent determines that the amendment substantially alters the plan, the plan as amended must be submitted for reconsideration by the policyholders entitled to vote on the plan as provided in section eight thousand eight of this article.

§ 8006. Consultants. The superintendent may appoint one or more consultants as the superintendent shall reasonably deem necessary to advise the superintendent in making the determination whether the proposed plan of reorganization meets the applicable requirements of this article. The reorganizing insurer shall be responsible for the reasonable fees and expenses of any such consultants. This expenditure shall not constitute an expenditure of public funds pursuant to the state finance law.

§ 8007. Approval of plan by superintendent; hearing. The superintendent shall order a public hearing on the plan to be held prior to the plan being submitted to the policyholders for their approval. The reorganizing insurer shall give written notice of the hearing to policyholders whose policies or contracts are in force on the adoption date, sent by mail or electronic transmission to the last known mailing or electronic addresses of such policyholders as shown on the records of the reorganizing insurer. Such summary notice shall be subject to the approval of the superintendent, shall include the date, time and place of the hearing, and shall include both a website address and a toll-free telephone number through which members may obtain, if not included in the summary notice, a full notice of the hearing and either a true and

correct copy of the plan, or a summary thereof approved by the superintendent, and such other explanatory information as the superintendent shall approve or require. The reorganizing insurer shall also post a copy of such notice on its website. Such notice shall be sent at least thirty days before the date specified for the hearing. The hearing shall be held at a time and location in this state deemed by the superintendent to be most convenient to the greatest number of persons affected by such plan. At such hearing any person may be heard in favor of, or against, the terms of the plan. The plan of reorganization shall be made available for public inspection at one office of the department in each city in this state where the department maintains an office and at the principal office of the reorganizing insurer. The superintendent shall approve the plan if the superintendent finds that:

(a) the plan is fair and equitable to policyholders;

(b) the plan does not violate this article; and

(c) after giving effect to the reorganization, the reorganized insurer will have an amount of capital and surplus the superintendent deems to be reasonably necessary for its future solvency.

§ 8008. Approval of plan by policyholders. (a) A proposal to approve the plan of reorganization shall be submitted to policyholders for approval. The policyholders entitled to notice of and to vote upon the proposal shall be the holders of policies or contracts which are in force on the adoption date. The reorganizing insurer shall give written notice stating the date, time and place for voting on such proposal to policyholders entitled to notice of and to vote on the proposal in accordance with this section, sent by mail or electronic transmission to the last known mailing or electronic addresses of such policyholders as shown on the records of the reorganizing insurer. Such notice shall be sent at least thirty days before the date of the proposed vote to approve the plan of reorganization. Such notice may be combined with the summary notice of the hearing required by section eight thousand seven of this article. Such notice shall be subject to the approval of the superintendent and shall include both a website address and a toll-free telephone number through which members may obtain either a true and correct copy of the plan, or a summary thereof approved by the

superintendent, and such other explanatory information as the superintendent shall approve or require.

(b) Each policyholder entitled to vote on the proposal shall be entitled to cast one vote, unless otherwise provided in the charter or by-laws of the reorganizing insurer, on the proposal, either in person or by mail or by proxy, irrespective of the number or amount of the policies or contracts he or she holds. Each proxy shall be revocable at any time, except to the extent that, at the time of attempted revocation, the power conferred thereby has already been properly exercised. All votes shall be by written ballot cast in person or by mail or by electronic means by policyholders entitled to vote or by proxy agents duly appointed by policyholders entitled to vote. The voting on the proposal shall be held at the home office of the reorganizing insurer. The polls shall be opened at ten o'clock in the forenoon and remain open until four o'clock in the afternoon of the day fixed for such voting, at which time they shall be closed.

(c) The proposal to approve the plan of reorganization shall be adopted by the affirmative vote of at least two-thirds of all votes cast by policyholders entitled to vote.

(d) The superintendent shall have power to prescribe rules governing the procedures for conduct of the voting on the proposal.

(e) The provisions of section four thousand two hundred ten of this chapter shall not apply to the action by policyholders pursuant to this section.

(f) Upon the conclusion of the vote, the reorganizing insurer shall submit to the superintendent:

(1) a certified copy of the plan of reorganization, subscribed by the chairman of the board, the president or any vice president and attested by the secretary or an assistant secretary of the reorganizing insurer;

(2) a certificate, subscribed by the chairman of the board, the president or any vice president and attested by the secretary or assistant secretary of the reorganizing insurer, or subscribed by the person or persons, if any, designated by the superintendent to supervise the giving of notice of the date for action on the proposal, to the effect that such notice was given in accordance with this section to all policyholders entitled to such notice; and

(3) a certificate subscribed by an officer of the reorganizing insurer

of the results of the vote, as evidenced by valid ballots received before the polls were closed.

Each such certificate shall be affirmed as true under the penalties of perjury by the person or persons subscribing the same and, in the case of a certificate signed by officers of the reorganizing insurer, shall be affirmed under the corporate seal of the reorganizing insurer.

§ 8009. Filing of plan; effective date of reorganization. (a) When the superintendent has given his or her approval of the plan of reorganization as provided in section eight thousand seven of this article, and certification of approval of the plan by policyholders entitled to vote on the plan has been made to the superintendent as provided in section eight thousand eight of this article, a copy of the plan of reorganization, with the superintendent's approval endorsed thereon, shall be filed in the office of the superintendent. A copy of such plan certified by the superintendent shall also be filed by the reorganizing insurer in the office of the clerk of the county where the principal office of the reorganizing insurer is located within thirty days after the superintendent's approval.

(b) The plan of reorganization shall take effect in accordance with its terms on the date and at the time when the filing in the office of the superintendent required by this section has been made or on such later date or at such later time, if any, as may have been specified in or determined in accordance with the plan or pursuant thereto.

(c) As of the effective date, the superintendent shall issue an amended certificate of authority to the reorganized insurer, and, if the plan of reorganization specifies that the reorganized insurer proposes to continue to issue for delivery in this state participating policies or contracts, the superintendent shall, in accordance with subsection (f) of section four thousand two hundred thirty-one of this chapter, issue a permit authorizing it to do so.

§ 8010. Effect of reorganization. Upon the effective date of a plan of reorganization in accordance with section eight thousand nine of this

article:

(a) the reorganizing insurer shall immediately become a domestic stock life insurer;

(b) the members of the reorganizing insurer on the effective date shall immediately become members of the mutual holding company with membership interests therein, and all membership interests in the reorganizing insurer shall be extinguished;

(c) persons becoming policyholders of the reorganized insurer after the effective date of the plan shall become members of the mutual holding company immediately upon issuance of the policy or contract;

(d) one hundred percent of the voting stock issued by the reorganized insurer shall be owned, directly or through one or more stock holding companies, by the mutual holding company, and at no time subsequent shall such mutual holding company own less than fifty-one percent of such voting stock; and

(e) any other reorganization of the reorganizing insurer and its subsidiaries specified in the plan shall become effective in accordance with the terms of the plan. Except for the right to vote, the rights of all policyholders with respect to the reorganized insurer thereafter shall be as specified in their policies or contracts, in the charter of the reorganized insurer and in the plan of reorganization.

§ 8011. Corporate existence. (a) The reorganized insurer shall be a continuation of the reorganizing insurer, and the reorganization shall in no way annul, modify or change any of such insurer's existing suits, rights, contracts or liabilities except as provided in the approved plan of reorganization. All rights, franchises and interests of the reorganizing insurer in and to every species of property, real, personal and mixed, and things in action thereunto belonging, shall be vested in the continuing company, without any deed or transfer, and simultaneously therewith such continuing company shall be subject to all of the obligations and liabilities of the reorganizing insurer, other than obligations and liabilities with respect to the policyholders' membership interests extinguished by the plan of reorganization.

(b) No action or proceeding pending at the time of the reorganization to which the reorganizing insurer may be a party shall be abated or

discontinued by reason of such reorganization, but the same may be prosecuted to final judgment in the same manner as if the reorganization had not taken place, or the reorganized insurer may be substituted in place of such reorganizing insurer by order of the court in which the action or proceeding may be pending.

§ 8012. Directors and officers. Except as otherwise provided in the plan of reorganization and subject to subsection (d) of section eight thousand seventeen of this article, the directors and officers of the reorganizing insurer shall serve as directors and officers of the reorganized insurer, any stock holding company and the mutual holding company until new directors and officers have been duly elected and qualified pursuant to the charter or certificate of incorporation and the by-laws of the respective companies.

§ 8013. Notice of proposed reorganization. (a) In addition to the notices given pursuant to section eight thousand eight of this article, the reorganizing insurer shall give written notice of the pendency of the proposed reorganization and of the effect thereof to all persons to whom the reorganizing insurer delivers policies or contracts which are issued after the adoption date and before the plan takes effect or is withdrawn, sent by mail or electronic transmission to the last known mailing or electronic addresses of such policyholders as shown on the records of the reorganizing insurer. Except as otherwise provided in this section, such persons shall have the right, unless the laws of their domiciliary state provide otherwise, to rescind such policies or contracts, and to be refunded any amounts paid with respect thereto, by written notice to such insurer or its agent given within ten days of their receipt of the aforesaid notice given by such insurer.

(b) Neither the receipt of such policy or contract nor the right to receive such notice shall entitle such persons to vote on the proposed plan of reorganization pursuant to section eight thousand eight of this article or vest such persons with any other rights or entitlements except as provided for in this article.

(c) Where, prior to the issuance of a policy or contract, the

reorganizing insurer provides the prospective policyholders with notice of the pendency of the proposed reorganization and of the effect thereof, which notice has been approved for such purpose by the superintendent, then, unless the laws of the policyholder's domiciliary state otherwise require, such policyholders shall not have the foregoing rights of rescission and refund.

§ 8014. Failure to give notice. If the reorganizing insurer complies substantially and in good faith with the requirements of this article with respect to the giving of any required notice to policyholders, its failure in any case to give such notice to any person or persons entitled thereto shall not impair the validity of the actions and proceedings taken under this article or entitle such person to any injunctive or other equitable relief with respect thereto, but this section shall not impair any claim for damages such person or persons would otherwise have due to such failure.

§ 8015. Limitations of actions; security. (a) Notwithstanding any other provision of law to the contrary and except as otherwise provided in subsection (c) or (d) of this section, actions concerning or arising out of any plan of reorganization, proposed plan of reorganization, plan amendment or proposed plan amendment under this article or any acts taken or proposed to be taken under this article must be commenced within eighteen months after the plan of reorganization or plan amendment is filed pursuant to subsection (a) of section eight thousand nine of this article or the charter is filed pursuant to subsection (c) of section eight thousand seventeen of this article, as the case may be, in the office of the superintendent or one year from the effective date of the plan of reorganization, whichever is later, or if the plan of reorganization or plan amendment is withdrawn, within one year from the date the board of directors approves a resolution to withdraw the plan. Where an action concerns or arises out of a plan amendment or proposed plan amendment made under section eight thousand five of this article, the applicable time period is measured from the filing, effective date or approval of withdrawal of the plan amendment, as the case may be.

Where the action arises out of either a transfer of subsidiaries pursuant to section eight thousand twenty of this article or a sale of securities of the reorganized insurer or any stock holding company pursuant to section eight thousand eighteen of this article, which transfer or sale is not contemplated by the plan, then the applicable time period shall be measured from the effective date of such transfer or sale, as the case may be. Where the action arises out of the terms or proposed terms for the establishment of the closed block or such alternative provision pursuant to subsection (b) of section eight thousand three of this article, then the applicable time period shall be measured from the implementation date as defined in subsection (e) of section eight thousand three of this article. Where the action concerns or arises out of a plan of reorganization adopted pursuant to section eight thousand nineteen of this article, then the applicable time period shall be measured from the effective date of the plan of reorganization.

(b) In any action referred to in subsection (a) of this section, the plaintiff or plaintiffs shall be required, upon a motion of the mutual holding company, reorganizing insurer or reorganized insurer or any stock holding company which establishes to the satisfaction of the court, that a substantial likelihood exists that such action is brought without merit and with an intention to delay or harass, to give adequate security for the damages and reasonable expenses, including attorneys' fees, which may be incurred as a result of, or in connection with, such action by such company and by any other defendants in such action or for which such company may become liable, to which security the mutual holding company, reorganizing insurer or reorganized insurer or any stock holding company shall have recourse in such amount as the court determines upon the termination of such action. The amount of security may from time to time be increased or decreased in the discretion of the court upon a showing that the security provided has or may become inadequate or excessive.

(c) Notwithstanding any other provision of law to the contrary, any action seeking a stay, restraining order, injunction or similar remedy to prevent or delay the closing of any transaction pursuant to this article or of any transaction described in the plan of reorganization must be commenced within one hundred twenty days after, as applicable: (1) the approval of a plan of reorganization by the superintendent

pursuant to section eight thousand seven or eight thousand nineteen of this article, as the case may be; or (2) the approval of the superintendent pursuant to section eight thousand twenty of this article.

(d) Any action or proceeding against the superintendent or any other governmental body or officer in connection with any act taken or order, regulation or rule issued pursuant to this article must be commenced within one hundred twenty days from the date of such act or signing of such order, regulation or rule.

(e) Any person aggrieved by any act taken or order, regulation or rule issued pursuant to this article may petition for judicial review in the manner provided by article seventy-eight of the civil practice law and rules, pursuant to the limitations period prescribed in subsection (d) of this section. The petition shall be brought in the judicial department embracing the county wherein the act was taken or the order, regulation or rule was issued. All such proceedings shall be heard and determined as expeditiously as possible and with lawful precedence over other matters. Acts taken or orders, regulations or rules issued pursuant to this article shall not be stayed or enjoined except upon application after notice to the superintendent and to the attorney general and upon a showing that the petitioner has a substantial likelihood of success and will suffer irreparable harm if the stay or injunction is not granted.

§ 8016. Prohibited transactions by officers, directors and employees. No director, officer, agent or employee of the reorganizing insurer shall receive any fee, commission or other valuable consideration whatsoever, other than regular salary and compensation, for in any manner aiding, promoting or assisting in the reorganization except as set forth in the plan approved by the superintendent.

§ 8017. Requirements applicable to a mutual holding company. (a) The following provisions of this article are applicable to a mutual holding company:

(1) the following provisions of article twelve of this chapter shall

apply to a mutual holding company as though it were a domestic mutual insurer: section one thousand two hundred one of this chapter to the extent provided in subsection (c) of this section and sections one thousand two hundred two, one thousand two hundred six, one thousand two hundred eight, one thousand two hundred nine, one thousand two hundred twelve and one thousand two hundred fifteen through one thousand two hundred nineteen of this chapter;

(2) the provisions of the business corporation law that are applicable to a domestic mutual life insurer shall apply to a mutual holding company as though it were a domestic mutual insurer; and

(3) the provisions of section four thousand two hundred ten of this chapter applicable to a domestic mutual life insurer shall be applied to a mutual holding company as though its members were voting policyholders of a mutual life insurer.

(b) A mutual holding company shall not dissolve, liquidate or wind up and dissolve except through proceedings under section eight thousand nineteen of this article, article seventy-four of this chapter for the liquidation or dissolution of the reorganized insurer or as the superintendent may otherwise approve. In the event any proceedings are instituted under article seventy-four of this chapter for the complete liquidation of reorganized insurer pursuant to this article:

(1) the mutual holding company formed as part of such reorganization shall automatically become a party to such proceedings;

(2) all of the mutual holding company's assets (including its holdings of shares in the reorganized insurer or any stock holding company) shall be deemed assets of the estate of the domestic stock life insurer to the extent necessary to satisfy claims of persons who have class one, class two, class three or class four claims under subsection (a) of section seven thousand four hundred thirty-five of this chapter with respect to such domestic stock life insurer; and

(3) members of the mutual holding company shall be deemed to hold class eight claims with respect to the mutual holding company under subsection (a) of section seven thousand four hundred thirty-five of this chapter.

(c) The charter of the mutual holding company shall be filed with the superintendent and shall contain the matters required to be contained in the charter of a domestic mutual life insurer by section one thousand

two hundred one of this chapter, except that the name of the mutual holding company shall contain the word "mutual" and shall not contain the word "insurance," "assurance" or "annuity" and the company's powers shall not include doing an insurance business. The charter shall contain provisions stating that:

(1) it is a mutual holding company organized under this article;

(2) a purpose shall be to hold, directly or through one or more stock holding companies, not less than fifty-one percent of the voting stock of a reorganized insurer;

(3) it shall not be authorized to issue voting stock;

(4) it shall not be authorized to conduct any business other than that of a holding company, except for the acquisition, ownership, management and disposition of its assets and all actions reasonably incident thereto; and

(5) it shall have members having the rights specified in this section and section eight thousand ten of this article and in its charter and by-laws. The charter shall also contain provisions setting forth any rights of members of the mutual holding company in the surplus of the mutual holding company.

(d) At least two-thirds of the directors of the mutual holding company and of any stock holding company, all of the members of the compensation committee of the board of directors of the mutual holding company and of any stock holding company, at least two-thirds of the members of any committee responsible for making decisions affecting the capital structure or mergers and acquisitions, and a majority of the directors on each other committee of the board of directors of the mutual holding company and any stock holding company shall be outside directors. The aggregate percentage of voting securities of the reorganized insurer directly or indirectly owned, controlled or held with the power to vote, either personally or by persons (other than the mutual holding company and any stock holding company) of which they are directors, officers or employees, by outside directors, shall not exceed three percent or such lesser percentage as may be determined by the superintendent in his or her approval of the mutual holding company's plan of reorganization pursuant to this article. The by-laws of the mutual holding company and any stock holding company shall provide that the affirmative vote of at least two-thirds of the board of directors of such company shall be

required for any action by such company to adopt a plan of conversion pursuant to section eight thousand nineteen of this article, enter into a merger, conduct a public offering or authorize the issuance of any voting stock or security convertible into voting stock of the reorganized insurer or the stock holding company to any person other than the mutual holding company or the stock holding company.

(e) The superintendent may, by regulation, require a mutual holding company to file annual statements with the superintendent in such form as the superintendent shall prescribe.

(f) With the written approval of the superintendent, and subject to the conditions that the superintendent may impose, a mutual holding company or stock company may:

(1) merge or consolidate with, or acquire the assets of, a mutual holding company organized pursuant to this article or pursuant to the laws of another state;

(2) either alone or together with one or more of the reorganized insurer, any stock holding companies or any subsidiaries of any of them, merge or consolidate with or acquire the assets of a mutual life insurer;

(3) merge or consolidate with any other person.

(g) A mutual holding company may also acquire the capital stock or assets of other persons.

(h) A member of a mutual holding company is not, as a member, personally liable for the acts, debts, liabilities or obligations of the company. No assessment of any kind may be imposed upon the members of a mutual holding company by the board of directors, members or creditors of the mutual holding company or because of any liability of any company owned or controlled, in whole or in part, directly or indirectly, by the mutual holding company or because of any act, debt or liability of the mutual holding company.

(i) A membership interest in a mutual holding company shall not constitute a security under the laws of this state.

(j) The superintendent shall retain jurisdiction over any mutual holding company organized pursuant to this article.

(k) Directors of the mutual holding company shall be elected by a majority vote of all members who vote in such election in person or by proxy. If the reorganized insurer takes any action (other than election

of its directors) that would require a vote of policyholders if the reorganized insurer were a mutual life insurer, then such action shall require a vote of members of the mutual holding company.

§ 8018. Other requirements applicable to a stock holding company and a mutual holding company. (a) From and after the effective date of the plan, the mutual holding company shall hold, directly or through one or more stock holding companies, at least fifty-one percent of the issued and outstanding voting stock of the reorganized insurer. The reorganized insurer and any stock holding company may issue to the mutual holding company and to other persons securities, including voting stock, non-voting stock and securities convertible into voting or non-voting stock, provided that, such issuance and the terms of such issuance shall have received the prior approval of the superintendent, who shall consider the interests of the mutual holding company and its members and who may require that, at the time of such issuance, consideration be distributed to members. For purposes of the fifty-one percent limitation, any issued and outstanding securities of the reorganized insurer or any stock holding company that are convertible into voting stock shall be considered issued and outstanding voting stock.

(b) A mutual holding company and any stock holding company shall each be deemed to be a "holding company" of the reorganized insurer within the meaning of article fifteen of this chapter, and all provisions of article fifteen of this chapter shall apply to transactions occurring between the mutual holding company, the stock holding company and the reorganized insurer. Approval of the plan of reorganization by the superintendent pursuant to this article shall constitute approval of the acquisition of control by a mutual holding company and any stock holding company under section one thousand five hundred six of this chapter, the registration by the reorganized insurer as a controlled insurer under section one thousand five hundred three of this chapter and notice of the acquisition of shares of the reorganized insurer under section four thousand two hundred three of this chapter.

(c) Outside directors of the mutual holding company, a stock holding company or the reorganized insurer shall not own beneficially, in the aggregate, more than three percent of the voting stock of the stock

holding company or the reorganized insurer.

(d) In no event shall any person, directly or indirectly, offer to acquire or acquire in any manner beneficial ownership of more than fifteen percent of any class of voting securities of the reorganized insurer, any stock holding company or any other institution which owns directly or indirectly a majority or all of the voting securities of the reorganized insurer without the prior approval of the superintendent.

(e) Any issuance of voting stock or securities convertible into voting stock or options for the purchase of voting stock of the reorganized insurer or the stock holding company prior to an initial public offering, private equity placement, or the issuance of public or private voting stock or securities convertible into voting stock of the reorganized insurer or stock holding company or any other type of capital raised shall be subject to the approval of the superintendent as to the proposed valuation of such stock or securities, the superintendent may impose conditions upon such approval, and all expenses of the superintendent's review, including without limitation those of outside consultants in reviewing such proposed valuation, shall be borne by the issuing company.

(f) In the event of an initial public offering, a stock holding company or reorganized insurer may not repurchase capital stock within one year following the date of such initial public offering, except that repurchases of no greater than five percent of the outstanding stock may be repurchased during this one year period without the approval of the superintendent.

(g) In the event of any violation of this section, or of any action which, if consummated, might constitute such a violation:

(l) all voting stock of the reorganized insurer, any stock holding company, or the reorganized mutual holding company, acquired by any person in excess of the maximum amount permitted to be acquired by such person pursuant to this subsection shall be deemed to be non-voting stock; and

(2) in addition to any other enforcement powers of the superintendent, under this chapter, such violation or action may be enforced or enjoined, as the case may be, by appropriate proceeding commenced on behalf of the reorganized insurer, any stock holding company or, if applicable, a reorganized mutual holding company, by the reorganized

insurer, the stock holding company, the mutual holding company or the superintendent, the attorney general, any member of the mutual holding company or, if applicable, a reorganized mutual holding company, or any stockholder of the reorganized insurer, any stock holding company or the reorganized mutual holding company in the supreme court in the judicial district in which the reorganized insurer has its home office or in any other court having jurisdiction, and such court may issue any order, injunctive or otherwise, it finds necessary to cure such violation or to prevent such action.

§ 8019. Conversion of mutual holding company. (a) A mutual holding company may reorganize in accordance with a plan of reorganization which is fair and equitable to the company's members and is:

(1) adopted by action of three-fourths of its entire board of directors;

(2) approved by the superintendent if found by the superintendent to be fair and equitable to the company's members after a hearing held upon notice to the company's members; and, thereafter,

(3) adopted by the affirmative vote of two-thirds of all votes cast by members of the company entitled to vote, after notice being given to all members entitled to vote. The mutual holding company shall give written notice stating the date, time and place for voting on such proposal to members entitled to notice of and to vote on the proposal in accordance with this section, sent by mail or electronic transmission to the last known mailing or electronic addresses of such policyholders as shown on the records of the mutual holding company. Such notice shall be sent at least thirty days before the date of the proposed vote to approve the plan of reorganization. Such notice may be combined with notice of the hearing required by paragraph two of this subsection. Such notice shall be preceded or accompanied by a true and correct copy of the plan, or by a summary thereof approved by the superintendent, and such other explanatory information as the superintendent shall approve or require.

(b) A plan of reorganization pursuant to subsection (a) of this section shall provide for the membership interests in the mutual holding company being extinguished and may provide either for:

(1) the conversion of the mutual holding company into a stock

corporation, in which event consideration distributed shall be equal to that required under section seven thousand three hundred twelve of this chapter or such other law governing the demutualization of mutual life insurers as may then be in effect; or

(2) the distribution to eligible members of the mutual holding company of consideration consisting of all assets of the mutual holding company including all stock of the reorganized insurer or any stock holding company owned by the mutual holding company, or other consideration having equivalent aggregate value, which may be in the form of cash, securities of any institution, additional insurance or annuity benefits or policy credits, increased dividends or other consideration, all such consideration being allocated among eligible members of the mutual holding company in a manner that is fair and equitable to the company's members.

(c) If no closed block of participating policies and contracts was established or alternative provision was approved pursuant to section eight thousand three of this article when the mutual holding company was established or thereafter, then the plan of reorganization of the mutual holding company pursuant to subsection (a) of this section shall provide for the establishment of such a closed block or alternative provision upon a reorganization of the mutual holding company under this section. Any such closed block or alternative provisions shall be subject to subsection (b) of section eight thousand three of this article. However, if a closed block of participating policies and contracts was established or alternative provision was approved pursuant to subsection (b) of section eight thousand three of this article when the mutual holding company was established or thereafter, then no such closed block or alternative provision shall be required upon a reorganization of the mutual holding company under this section.

§ 8020. Transfers of subsidiaries. A reorganizing or reorganized insurer may transfer any one or more of its subsidiaries to the mutual holding company or to one or more persons owned or controlled by the mutual holding company, provided the reorganizing or reorganized insurer obtains the prior approval of the superintendent. Any such transfer may be made without consideration as a dividend or for consideration that

may include obligations of the mutual holding company or obligations or preferred shares of a person owned or controlled by the mutual holding company. The superintendent shall approve each such proposed transfer if the superintendent finds it is fair and equitable. For a reorganizing insurer, the plan may provide for such transfer, in which case approval of the plan shall constitute approval by the superintendent pursuant to this section. The provisions of sections one thousand five hundred five and four thousand two hundred seven of this chapter shall not apply to any transfer of subsidiaries effected pursuant to this section but shall otherwise apply to the reorganized insurer and its affiliates in accordance with their terms. The provision of subparagraph (ii) of paragraph two of subsection (a) of section one thousand four hundred five of this chapter limiting the aggregate amount of investments in preferred shares of American institutions shall not apply to an investment by a reorganizing or reorganized insurer in such preferred shares received by it in consideration for a transfer pursuant to this section. For a reorganized insurer, the other provisions of this article, including, without limitation, the requirement of filing a plan of reorganization, shall not apply to the transfer of subsidiaries pursuant to this section.

§ 8021. Limitations on accumulation of surplus of mutual holding companies. (a) A mutual holding company may maintain (1) a non-insurance surplus not exceeding the aggregate capital and surplus of its insurance subsidiaries and (2) aggregate capital and surplus of its insurance subsidiaries not exceeding the surplus limit of its insurance subsidiaries, unless otherwise approved by the superintendent.

(b) As used in this section, the following terms shall have the following meanings:

(1) "Non-insurance surplus" means the mutual holding company's net worth, determined in accordance with generally accepted accounting principles on a consolidated basis, excluding the portion thereof derived from its interest in its insurance subsidiaries.

(2) "Insurance subsidiary" means a subsidiary of the mutual holding company that is a domestic insurer, a foreign insurer, an alien insurer or (notwithstanding its exemption from this chapter) a health

maintenance organization.

(3) "Aggregate capital and surplus" of a mutual holding company's insurance subsidiaries means the sum of:

(A) for each subsidiary that is a life insurance company and is not a subsidiary of another life insurance company, its statutory capital and surplus;

(B) for each subsidiary that is an insurance company other than a life insurance company, a health maintenance organization or a subsidiary of another insurance subsidiary, its statutory capital and surplus; and

(C) for each subsidiary that is a health maintenance organization and is not a subsidiary of an insurance subsidiary, thirty-five percent of its net premium written in the preceding calendar year.

(4) "Surplus limit" of a mutual holding company's insurance subsidiaries means the aggregate of:

(A) for each subsidiary that is a life insurance company and is not a subsidiary of another life insurance company, the greater of (i) eight hundred fifty thousand dollars, or (ii) ten percent of its policy reserves and policy liabilities, or (iii) ten percent of the policy reserves and policy liabilities of such life insurance company and of all subsidiaries of such company that are insurance companies, plus (x) the product of three and the authorized control level RBC of such life insurance company as determined in accordance with section one thousand three hundred twenty-two of this chapter or corresponding provisions of the law of its state of domicile, plus (y) for each subsidiary of such domestic life insurance company that is a health maintenance organization, thirty-five percent of its net premium written in the preceding calendar year, minus (z) the asset valuation reserves of such life insurance company and of all subsidiaries of such company that are life insurance companies, or (iv) the minimum amount of capital and surplus required by the law of another state in which such life insurance company is authorized to do business, all as determined in accordance with accounting practices prescribed or permitted by the superintendent, in the case of domestic insurers, or the principal regulator of any insurance subsidiary that is not a domestic insurer;

(B) for each subsidiary that is an insurance company other than a life insurance company, a health maintenance organization or a subsidiary of another insurance subsidiary, its statutory capital and surplus; and

(C) for each subsidiary that is a health maintenance organization and is not a subsidiary of an insurance subsidiary, thirty-five percent of its net premium written in the preceding calendar year;

(D) The superintendent may, for good cause shown, by order, permit such mutual holding company to maintain a surplus in excess of the maximum prescribed by subsection (a) of this section, for a specified period, not exceeding one year under any one order. The superintendent shall state in such order the reasons therefor and shall cause a statement of such order and such reasons to be published in the next annual report of the superintendent to the legislature.

ARTICLE 91

TAXES AND FEES

Section 9101. Definitions.
9102. Allocation of premiums.
9103. Tax return to be filed with superintendent; audit; examination.
9104. Fire insurance premium tax on foreign and alien insurers.
9105. Fire insurance premium tax; foreign mutual fire insurance companies.
9106. Exemptions from taxation.
9107. Fees.
9108. Fire insurance fee.
9109. Refunds and penalties.
9110. Motor vehicle law enforcement fee.
9110*2. Temporary franchise tax on certain insurance companies.
9111. Temporary franchise tax on certain insurance companies.
9111-a. Temporary franchise tax on certain insurance companies.
9111-b. Temporary franchise tax on certain insurance companies.
9111-c. Temporary franchise tax on certain insurance companies.

§ 9101. Definitions. In this article:

(a) "Insurer" includes every corporation, firm, association, individual or aggregation of individuals, by whatever name known, doing

an insurance business in this state; and every such insurer shall be an "insurance corporation" within the meaning of the tax laws of this state.

(b) "Premium" includes all amounts received as consideration for insurance contracts or reinsurance contracts, other than for annuity contracts, and includes premium deposits, assessments, policy fees, membership fees, and every other compensation for such contract.

§ 9102. Allocation of premiums. In determining the amount of direct premiums taxable in this state, all such premiums written, procured, or received in this state shall be deemed written on property or risks located or resident in this state except such premiums properly allocated and reported as taxable premiums of any other state or states.

§ 9103. Tax return to be filed with superintendent; audit; examination. (a) (1) Whenever this article requires an insurer to file a tax return, such return shall be subscribed by a responsible officer of such insurer and affirmed by such officer as true under the penalties of perjury.

(2) The return shall be upon a form prescribed and furnished by the superintendent, and shall be filed with the superintendent. Such form shall be arranged for the convenient determination of the amount of taxes due pursuant to this article and reconciliation of the net taxable premiums shown in such return with the amounts of total gross and net premiums shown in the annual statement of the insurer.

(b) The superintendent shall require, as a part of every tax return of taxes payable under section one thousand five hundred ten of the tax law, supplemental schedules showing:

(1) Premiums on reinsurance assumed, covering property or risks located or resident in this state, and the insurers from whom assumed; and

(2) Direct premiums, less returns, on which the tax provided for in section nine thousand one hundred four of this article or in the charters of the cities of New York and Buffalo, has been paid.

(c) In every such return the reporting of premiums for tax purposes

shall be on a written basis or on a paid for basis, consistent with the basis required by the annual statement of the insurer filed with the superintendent pursuant to section three hundred seven of this chapter.

(d) Every such return shall be subject to audit by the superintendent at any time, and for such purpose he may make such examination or investigation as he deems expedient.

§ 9104. Fire insurance premium tax on foreign and alien insurers. (a) Except in the cities of New York and Buffalo, there shall be paid by every foreign and alien fire insurance corporation, association or individuals which insure property against loss or damage by fire, except foreign mutual fire insurance companies, on or before the first day of March the sum of one dollar and eighty cents upon the hundred dollars, and at that rate, upon the amount of all premiums which during the year, or part of a year, ending on the last preceding thirty-first day of December, shall have been received by any such insurer for any insurance against loss or damage by fire written by it upon property situated within each city, village, fire district, or fire alarm district, or fire protection district to:

(1) the treasurer or other fiscal officer of the fire department affording fire protection in such city, village, fire district, fire alarm district, or fire protection district, or

(2) if any such fire department does not have a treasurer or other fiscal officer then to the fiscal officer of the authorities having jurisdiction and control of such fire department, or

(3) to such other person or entity as shall be designated in any special law to receive the premium tax, and

(4) if such payment is made to the treasurer or other fiscal officer of a fire department or fiscal officer of authorities having jurisdiction and control of such fire department, such treasurer or fiscal officer shall on or before the fifteenth day of March in each year distribute the amount so received to the fire companies constituting the fire department if such fire department is constituted of more than one fire company.

(b) There shall also be paid to the treasurer of the Firemen's Association of the State of New York, on or before the first day of

March in each year, by each such insurer, for the support and maintenance of the firemen's home at Hudson, New York, the sum of twenty cents upon the hundred dollars, and at that rate, upon the amount of all premiums upon which a fire insurance premium tax is payable as aforesaid.

(c) Each insurer required to pay a tax pursuant to this section shall, at the time of paying such tax, file with the person to whom the tax is required to be paid a report, subscribed and affirmed by the person making it as true under the penalties of perjury, setting forth the aggregate amount of premiums upon which the tax is payable.

(d) Corporations, associations or individuals required to pay a fire insurance premium tax by this section may elect to pay such tax to the superintendent, which shall be distributed by him as prescribed in this section, except that such distribution shall be made with the distribution required by section nine thousand one hundred five of this article after adding any earnings and deducting the expenses as specified in such section.

(e) Every agent for any such insurer writing a policy of fire insurance upon property in this state shall report to the insurer the name of the city, village, fire district or fire alarm district or fire protection district in which the property insured is situated, and, if the property insured is situated in territory not protected by any fire department or fire company, that fact shall be reported.

(f) Except as otherwise provided in any special law, and except as to the Firemen's Association of the State of New York, such tax shall be used for the benefit of, as determined by the members thereof:

(1) the fire company receiving the same, but this shall not preclude the payment by a fire company of all or a part of such tax so received to the fire department of which it is a part, or

(2) the fire department when such tax is not required under paragraph four of subsection (a) of this section to be distributed to fire companies.

(g) The provisions of this section shall not be changed, modified or amended by any charter, local law, ordinance, resolution or regulation.

(h) Those provisions of subsections (a) and (e) of this section which require the determination of the city, village, fire district, fire alarm district or fire protection district within which an insured

property is located shall not apply to policies which insure motor vehicles, provided that:

(1) the insurer allocates the tax to be paid on fire premiums received from such policies by city, village, fire district, fire alarm district or fire protection district using a percentage of allocation which is based upon the amounts of tax to be paid on all other fire premiums; and

(2) the insurer has received the approval of the superintendent to use this percentage of allocation.

§ 9105. Fire insurance premium tax; foreign mutual fire insurance companies. (a) (1) Every mutual fire insurance company or association authorized to do business in this state pursuant to section four thousand one hundred eight of this chapter shall pay to the superintendent on or before the fifteenth day of February of each year a tax of two per centum on all gross premiums collected or received by it or them for direct insurance against loss or injury upon property situated within this state during the preceding year ending the thirty-first day of December.

(2) The tax shall be determined after deducting from such gross premiums, premiums upon policies not taken; premiums returned on cancelled policies; and any dividends or refunds or returns paid to policyholders or applied in part payment of any renewal premium during such year.

(b) (1) Every such mutual fire insurance company or association whose business is confined chiefly to the insurance of sprinklered risks and which is conducted solely for the benefit and protection of its members and which pays no commissions or brokerages for the acquirement of its business, in lieu of all other taxes on premiums, shall pay to the superintendent on or before the fifteenth day of February of each year a tax at the rate of two per centum on all gross premiums upon policies on risks located in this state in force on the thirty-first day of December next preceding.

(2) The tax shall be determined after deducting from such gross premiums the dividends and returns and the unused or unabsorbed portion of such gross premiums computed at the average rate of such dividends and returns and the unused or unabsorbed portion of such gross premiums

actually paid to policyholders or applied in part payment of any renewal premiums on its annual policy expiring during such year.

(c) (1) On or before the fifteenth day of February of each year every mutual fire insurance company or association shall file with the superintendent a statement showing the aggregate amount of gross premiums collected for insurance against loss or injury and the several items of deduction referred to under paragraph two of subsection (a) hereof, and specifying the aggregate amounts of such gross premiums so collected and the deductions therefrom by city, village, fire district, fire alarm district, or fire protection district in which the property covered by such insurance is located.

(2) In the case of a mutual fire insurance company or association whose business is confined chiefly to the insurance of sprinklered risks and which is conducted solely for the benefit and protection of its members and which pays no commissions or brokerages for the acquirement of its business, such statement shall, in lieu of the information required pursuant to paragraph one hereof, specify by city, village, fire district, fire alarm district, or fire protection district:

(A) the aggregate amount of such gross premiums upon policies on risks located in this state in force at last year-end; and

(B) the dividends and returns and the unused or unabsorbed portion of such aggregate amount of gross premiums, computed at the average rate of such dividends and returns and the unused or unabsorbed portion of such gross premiums, actually paid or applied in part payment of any renewal premiums on its annual policies expiring during such year.

(3) Those provisions of this subsection which would require the determination of the city, village, fire district, fire alarm district or fire protection district in which an insured property is located shall not apply to policies which insure motor vehicles provided that:

(A) the mutual fire insurance company or association allocates the gross premiums and deductions, subject to the tax required by this section, received from such policies by city, village, fire district, fire alarm district or fire protection district using a percentage of allocation which is based upon the amounts of all other premiums required to be reported by this section; and

(B) the mutual fire insurance company or association has received the approval of the superintendent to use this percentage of allocation.

(d) (1) The amount of all monies which were received by the superintendent on or before the first day of April in each year under the provisions of this section or section nine thousand one hundred four of this article shall be distributed by him not later than the first day of July in such year, after adding any earnings resulting from the investment of such monies and deducting the expenses of collection and distribution. Ten percent of such remaining monies received under this section shall be paid to the treasurer of the Firemen's Association of the State of New York for the support and maintenance of the firemen's home at Hudson, New York, and the balance shall be paid as specified in paragraph two hereof, in amounts which will be that proportion of the balance so to be distributed which the total amount of fire insurance business written by foreign mutual fire insurance companies on property situated in such locality bears to the total amount of fire insurance business written by foreign mutual fire insurance companies on property situated in any and all of the protected localities in the state having treasurers or other fiscal officers as designated in paragraph two hereof afforded fire protection by a fire department or fire company and upon which the tax provided in this section has been paid.

(2) Such payment shall be made (A) in the city of New York to the fire commissioner as treasurer of the fire department of the city of New York, and

(B) to the treasurer or other fiscal officer of the fire department affording fire protection in each city, village, fire district, fire alarm district, or fire protection district, or

(C) if any such fire department does not have a treasurer or other fiscal officer then to the fiscal officer of the authorities having jurisdiction and control of such fire department, or

(D) to such other person or entity as shall be designated in any special law to receive such tax, and

(E) if such payment is received by the treasurer or other fiscal officer of a fire department or fiscal officer of authorities having jurisdiction and control of such fire department, such treasurer or fiscal officer shall on or before the fifteenth day of July in each year distribute the amount so received to the fire companies constituting the fire department if such fire department is constituted of more than one fire company.

(3) Except as otherwise provided in any special law, and except as to the Firemen's Association of the State of New York, such tax shall be used for the benefit of, as determined by the members thereof:

(A) the fire company receiving the tax, but this shall not preclude the payment by a fire company of all or a part of such tax to the fire department of which it is a part, or

(B) the fire department when such tax is not required under subparagraph (E) of paragraph two of this subsection to be distributed to fire companies.

(e) The provisions of this section shall not be changed, modified or amended by any charter, local law, ordinance, resolution or regulation.

§ 9106. Exemptions from taxation. The following shall be exempt from the payment of any taxes imposed under the provisions of this article:

(a) the government of the United States, or of any state or municipality thereof, or any instrumentality of any such government which is not subject to taxation by this state;

(b) the persons, firms, associations or corporations which are exempted from the requirement that they obtain a license to do business in this state, under the provisions of section one thousand one hundred eight of this chapter;

(c) any foreign or alien fraternal benefit society; and

(d) any corporation otherwise subject to the provisions of this article which as a health maintenance organization offers a comprehensive health services plan pursuant to the provisions of article forty-four of the public health law to subscribers. Such exemption shall be limited to that income derived from subscriber prepayments to such plan.

§ 9107. Fees. (a) In addition to any other fees provided for by law, the following shall be due and payable to the superintendent:

(1) for the initial filing by a domestic corporation of its declaration and charter, thirty dollars;

(2) for filing by a foreign or alien insurer of a certified copy of its charter incident to the issuance of a license, thirty dollars;

(3) for initial issuance of a license or filing amendments to charter of domestic insurance corporations, ten dollars;

(4) for each certificate of deposit, valuation, compliance, or other certificate, five dollars;

(5) for copying official records other than annual statements of authorized insurers, ten cents per hundred words; and

(6) for copying annual statements compiled by authorized insurers, fifty cents per page.

(b) The superintendent may in cases he deems proper remit by official order any of the fees provided for in paragraphs four, five and six of subsection (a) hereof.

§ 9108. Fire insurance fee. (a) Every insurance company authorized to do business in this state shall collect, in addition to the applicable premium charge, a fire insurance fee, separately identified and charged to each policyholder, from each such holder of a policy issued in the state or for delivery in the state for coverage of peril of fire, excluding a policy for protection of household furnishings and/or policies issued to protect one or two-family residential structures, schools, churches and hospitals.

(b) (1) The fee is hereby imposed at the rate of one and one-quarter per centum on the gross direct premium written on property or risks located in this state, provided, however, no fee shall be imposed on a policy to insure against peril of inland marine, ocean marine, automobile, or aircraft physical damage. Such fees shall be paid quarterly by insurance companies to the superintendent, after deducting from such gross premiums, (i) premiums upon policies not taken and (ii) premiums returned on cancelled policies, as follows: April fifteenth, July fifteenth, October fifteenth, and January fifteenth to reflect the net collections for the quarters ending March thirty-first, June thirtieth, September thirtieth, and December thirty-first, respectively.

(2) On or before the fifteenth day of February of each year, every insurance company required to collect the fee imposed by this section shall file with said superintendent an annual statement in a manner the superintendent shall prescribe, which statement shall show the aggregate amount of gross premiums and premium deposits and assessments collected

during the immediately preceding year for insurance against loss or injury and the several items of deduction referred to under items (i) and (ii) of paragraph one of this subsection.

(c) In case any such company shall neglect or refuse to make and file such statement or pay over moneys collected from the fee imposed by this section, the provisions of section nine thousand one hundred nine of this article shall apply.

(d) All moneys received by the superintendent shall be paid into the code enforcement account by the tenth day of the month following receipt of such moneys.

(e) The fees imposed by this section shall be applicable to said policies issued or renewed on or after July first, nineteen hundred eighty-two.

§ 9109. Refunds and penalties. (a) (1) Whenever the superintendent is satisfied that because of cancellations, some mistake of fact, error in calculation, or erroneous interpretation of a statute of this or any other state, any authorized insurer or excess line broker has paid to him pursuant to any provision of law, taxes, fees or other charges in excess of the amount legally chargeable against it during the three year period immediately preceding the cancellations or the discovery of such overpayment, he shall refund to such insurer or excess line broker the amount of such excess by applying the amount toward the payment of taxes, fees or other charges already due or which may become due from such insurer until such excess has been fully refunded or at his discretion make a cash refund. The excess line broker shall pay the insured any refund of premium tax returned to such excess line broker if such taxes were originally collected from the insured. Such cash refund may be paid from any moneys not turned over to the department of taxation and finance pursuant to the provisions of the state finance law.

(2) The superintendent shall retain from the taxes collected pursuant to this article an amount sufficient to provide at all times a fund not to exceed ten thousand dollars out of which he shall pay any refunds to which taxpayers shall be entitled under this article.

(b) (1) If a company, association or person fails within the

prescribed time to file any report or statement required by this article or by section two thousand one hundred eighteen of this chapter, or to make any payment due under the provisions of this article or sections three hundred thirty-three, one thousand one hundred twelve, two thousand one hundred five, two thousand one hundred eighteen or four thousand four hundred seven of this chapter or section two hundred six of the financial services law, the superintendent may order such company, association or person to pay to the people of this state the following penalties:

(A) not less than one hundred nor more than five hundred dollars for each and every failure to file a report or statement within the time prescribed;

(B) five percent of the principal amount of any payment due plus an additional one percent of said sum for the second and subsequent months or fractions thereof during which payment has not been made.

(2) The superintendent may, in his discretion, waive or remit all or any part of such penalties if he finds that delay was excusable.

*** § 9110. Motor vehicle law enforcement fee.** (a) Every insurance company authorized to do business in this state shall annually collect, in addition to the applicable premium charge, a motor vehicle law enforcement fee charged to each holder of a policy issued in the state or for delivery in the state for motor vehicle liability insurance coverage.

(b) The annual fee is hereby imposed at the rate of ten dollars per insured motor vehicle registered pursuant to the provisions of paragraph b of subdivision one of section four hundred one of the vehicle and traffic law. Provided, however, that such fee shall be reduced by fifty percent per insured motor vehicle registered pursuant to the provisions of paragraph b of subdivision one of section four hundred one of the vehicle and traffic law where a policy issued in the state or for delivery in the state for motor vehicle liability insurance coverage is for a term of six months or less. Such fee will be paid monthly by insurance companies to the superintendent on or before the fifteenth of the month next succeeding the month in which such collections are received.

(c) On or before the fifteenth day of February of each year, every insurance company required to collect a fee imposed by this section shall file with the superintendent an annual statement in a manner the superintendent shall prescribe reporting the number and type of insured motor vehicles and the aggregate fees collected during the immediately preceding year.

(d) In case any such company shall neglect or refuse to make and file such statement or pay over moneys collected from the fee imposed by this section the provisions of section nine thousand one hundred nine of this article shall apply.

(e) All moneys received by the superintendent which are collected from policyholders of insurance on motor vehicles shall be paid by the tenth day of the month following receipt of such collections in the following manner:

(1) Each fiscal year, the first four million seven hundred thousand dollars shall be paid to the motor vehicle theft and insurance fraud prevention fund established pursuant to section eighty-nine-d of the state finance law.

(2) All remaining moneys shall be paid to the state police motor vehicle law enforcement account established pursuant to section ninety-seven-mm of the state finance law.

(g) The fees imposed by this section shall be applicable to motor vehicles insured under policies issued or renewed on or after July first, nineteen hundred ninety-two.

* NB There are 2 § 9110's

*** § 9110. Temporary franchise tax on certain insurance companies.** 1. Imposition. (a) For the privilege of conducting business in this state and in addition to any other requirements therefor, every insurance company subject to the franchise tax imposed by subdivision (a) of section fifteen hundred ten of the tax law, other than insurance companies whose premiums are received solely as consideration for accident and health insurance policies, shall pay a franchise tax of thirty-five hundredths of one-percent on all gross direct premiums, less return premiums thereon, written during calendar year nineteen hundred ninety-two on risks located or resident in this state.

(b) Determination of direct premiums--general provisions. (1) The term "premium" includes all amounts received as consideration for insurance contracts or reinsurance contracts, other than for annuity contracts, and shall include premium deposits, assessments, policy fees, membership fees, and every other compensation for such contract. In ascertaining the amount of direct premiums upon which a tax is payable under this section there shall be first determined the amount of total gross premiums or deposit premiums or assessments, less return thereon, on all policies, certificates, renewals, policies subsequently cancelled, insurance and reinsurance executed, issued or delivered on property or risks located or resident in this state, including premiums for reinsurance assumed, and also including premiums written, procured or received in this state on business which cannot specifically be allocated or apportioned and reported as taxable premiums or which have been used as a measure of a tax on business of any other state or states. Provided however, in the case of special risk premiums, direct premiums shall include only those premiums written, procured or received in this state on property or risks located or residents in this state. The reporting of premiums for the purpose of the tax imposed by this section shall be on a written basis or on a paid-for basis consistent with the basis required by the annual statement filed with the superintendent of financial services pursuant to section three hundred seven of this chapter.

(2) The term "gross direct premiums," as used in this section, shall not include premiums for policies issued pursuant to section four thousand two hundred thirty-six of this chapter and premiums for insurance upon hulls, freights, or disbursements, or upon goods, wares, merchandise and all other personal property and interests therein, in the course of exportation from, importation into any country, or transportation coastwide, including transportation by land or water from point of origin to final destination in respect to, appertaining to, or in connection with, any and all risks or perils of navigation, transit or transportation, and while being prepared for, and while awaiting shipment, and during any delays, storage, transshipment or reshipment incident thereto, including war risks and marine builder's risks.

(3) After determining the amount of total gross premiums, less returns thereon, as hereinbefore provided, there shall be deducted the following

items:

(A) Such premiums, less return premiums thereon, which have been received by way of reinsurance from corporations or other insurers authorized to transact business in this state;

(B) Dividends on such direct business, including unused or unabsorbed portions of premium deposits paid or credited to policyholders, but not including deferred dividends paid in cash to policyholders on maturing policies, nor cash surrender values.

(4) In determining the amount of direct premiums taxable in this state, all such premiums written, procured or received in this state shall be deemed written on property or risks located or residents in this state except such premiums as are properly allocated or apportioned and reported as taxable premiums or which have been used as a measure of a tax of any other state or states, provided however, in the case of special risk premiums, direct premiums shall include only those premiums written, procured or received in this state on property or risks located on resident in this state.

2. Payment. Taxes due under this section shall be paid to the superintendent of financial services in such manner as the superintendent shall prescribe. The tax shall be paid in two installments. The first installment shall be due December fifteenth, nineteen hundred ninety-two and shall be no less than ninety percent of the tax ultimately determined to be due under this section. The balance of any tax due shall be paid on March fifteenth, nineteen hundred ninety-three.

3. Returns and reports. A return, in a form prescribed by the superintendent, shall accompany the tax payment due March fifteenth, nineteen hundred ninety-three. In addition, the superintendent may prescribe a return to accompany the first installment of tax due December fifteenth, nineteen hundred ninety-two.

4. Interest and penalties. (a) Interest. If any amount of tax is not paid on or before the date prescribed for payment thereof in subsection two of this section, interest on such amount of tax at the underpayment rate set by the commissioner of taxation and finance pursuant to section

one thousand ninety-six of the tax law, plus one percentage point, shall be paid to the superintendent for the period from the date prescribed for payment until the date paid.

(b) Underpayment penalty. If the amount of tax paid by March fifteenth, nineteen hundred ninety-three is less than ninety-five percent of the tax ultimately determined to be due pursuant to this section, a penalty is hereby imposed equal to one hundred percent of the difference between the amount of tax actually paid and ninety-five percent of the tax ultimately determined to be due. In addition, this penalty shall bear interest at the rate set forth in paragraph (a) of this subsection for the period from March fifteenth, nineteen hundred ninety-three until the date the penalty is paid.

5. Coordination with other laws. Notwithstanding the provisions of section one thousand one hundred twelve of this chapter, taxes paid pursuant to this section shall not be considered in the calculation of reciprocal taxes due this state pursuant to section one thousand one hundred twelve of this chapter. Notwithstanding the provisions of subdivision (c) of section fifteen hundred eleven of the tax law, taxes paid to other states on account of the imposition of the tax imposed by this section shall not be included in the calculation of the tax credit provided for by subdivision (c) of section fifteen hundred eleven of the tax law.

* NB There are 2 § 9110's

*** § 9111. Temporary franchise tax on certain insurance companies.** 1. Imposition. (a) For the privilege of conducting business in this state and in addition to any other requirements therefore, every insurance company subject to the franchise tax imposed by subdivision (a) of section fifteen hundred ten of the tax law, other than insurance companies whose premiums are received solely as consideration for accident and health insurance policies, shall pay a franchise tax of nine-tenths of one percent of all gross direct premiums, less return premiums thereon, written during calendar year nineteen hundred ninety-two on risks located or residing in this state.

(b) Determination of direct premiums--general provisions. (1) The term

"premium" includes all amounts received as consideration for insurance contracts or reinsurance contracts, other than for annuity contracts, and shall include premium deposits, assessments, policy fees, membership fees, and every other compensation for such contract. In ascertaining the amount of direct premiums upon which a tax is payable under this section there shall be first determined the amount of total gross premiums or deposit premiums or assessments, less return thereon, on all policies, certificates, renewals, policies subsequently cancelled, insurance and reinsurance executed, issued or delivered on property or risks located or resident in this state, including premiums for reinsurance assumed, and also including premiums written, procured or received in this state on business which cannot specifically be allocated or apportioned and reported as taxable premiums or which have been used as a measure of a tax on business of any other state or states. Provided however, in the case of special risk premiums, direct premiums shall include only those premiums written, procured or received in this state on property or risks located or resident in this state. The reporting of premiums for the purpose of the tax imposed by this section shall be on a written basis or on a paid-for basis consistent with the basis required by the annual statement filed with the superintendent of financial services pursuant to section three hundred seven of this chapter.

(2) The term "gross direct premiums," as used in this section, shall not include premiums for policies issued pursuant to section four thousand two hundred thirty-six of this chapter and premiums for insurance upon hulls, freights, or disbursements, or upon goods, wares, merchandise and all other personal property and interests therein, in the course of exportation from, importation into any county, or transportation coastwide, including transportation by land or water from point of origin to final destination in respect to, appertaining to, or in connection with, any and all risks or perils of navigation, transit or transportation, and while being prepared for, and while awaiting shipment and during any delays, storage, transshipment or reshipment incident thereto, including war risks and marine builder's risks.

(3) After determining the amount of total gross premiums, less returns thereon, as hereinbefore provided, there shall be deducted the following items:

(A) Such premiums, less return premiums thereon, which have been received by way of reinsurance from corporations or other insurers authorized to transact business in this state;

(B) Dividends on such direct business, including unused or unabsorbed portions of premium deposits paid or credited to policyholders, but not including deferred dividends paid in cash to policyholders on maturing policies, nor cash surrender values.

(4) In determining the amount of direct premiums taxable in this state, all such premiums written, procured or received in this state shall be deemed written on property or risks located or resident in this state except such premiums as are properly allocated or apportioned and reported as taxable premiums or which have been used as a measure of a tax of any other state or states, provided however, in the case of special risk premiums, direct premiums shall include only those premiums written, procured or received in this state on property or risks located or resident in this state.

2. Payment. Taxes due under this section shall be paid to the superintendent in such manner as the superintendent shall prescribe. The tax shall be paid in two installments. The first installment shall be due March first, nineteen hundred ninety-three and shall be no less than ninety percent of the tax ultimately determined to be due under this section. The balance of any tax due shall be paid on June fifteenth, nineteen hundred ninety-three.

3. Returns and reports. A return, in a form prescribed by the superintendent, shall accompany the tax payment due June fifteenth, nineteen hundred ninety-three. In addition, the superintendent may prescribe a return to accompany the first installment of tax due March first, nineteen hundred ninety-three.

4. Interest and penalties. (a) Interest. If any amount of tax is not paid on or before the date prescribed for payment thereof in subsection two of this section, interest on such amount of tax at the underpayment rate set by the commissioner of taxation and finance pursuant to section one thousand ninety-six of the tax law, plus one percentage point, shall be paid to the superintendent for the period from the date prescribed

for payment until the date paid.

(b) Underpayment penalty. If the amount of tax paid by June first, nineteen hundred ninety-three is less than ninety-five percent of the tax ultimately determined to be due pursuant to this section, a penalty is hereby imposed equal to one hundred percent of the difference between the amount of tax actually paid and ninety-five percent of the tax ultimately determined to be due. In addition, this penalty shall bear interest at the rate set forth in paragraph (a) of this subsection for the period from June first, nineteen hundred ninety-three until the date the penalty is paid.

5. Coordination with other laws. Notwithstanding the provisions of section one thousand one hundred twelve of this chapter, taxes paid pursuant to this section shall not be considered in the calculation of reciprocal taxes due this state pursuant to section one thousand one hundred twelve of this chapter. Notwithstanding the provisions of subdivision (c) of section fifteen hundred eleven of the tax law, taxes paid to other states on account of the imposition of the tax imposed by this section shall not be included in the calculation of the tax credit provided for by subdivision (c) of section fifteen hundred eleven of the tax law.

* NB Null & void February 1, 1993 --See chap. 1/93 § 11

*** § 9111-a. Temporary franchise tax on certain insurance companies.** (a) Imposition. (1) For the privilege of conducting business in this state and in addition to any other requirements therefor, every insurance company subject to the franchise tax imposed by subdivision (a) of section fifteen hundred ten of the tax law, other than insurance companies whose premiums are received solely as consideration for accident and health insurance policies, shall pay a franchise tax of two percent of all gross direct premiums, less return premiums thereon, written during the "event year", as such term is defined in the following sentence, on risks located or residing in this state. For the purposes of this section, "event year" shall mean (A) the calendar year preceding the February fifth on which the budget director fails to provide a certification to the superintendent that the transfers to the

general fund that have been authorized by section five thousand five hundred sixteen-e of this chapter have been made or (B) the calendar year preceding the year in which a final judicial determination invalidating some or all of the provisions of such section five thousand five hundred sixteen-e requires a return from the general fund of any or all of the amounts transferred to such fund pursuant to such section five thousand five hundred sixteen-e.

(2) Determination of direct premiums-general provisions. (A) The term "premium" includes all amounts received as consideration for insurance contracts or reinsurance contracts, other than for annuity contracts, and shall include premium deposits, assessments, policy fees, membership fees, and every other compensation for such contract. In ascertaining the amount of direct premiums upon which a tax is payable under this section there shall be first determined the amount of total gross premiums or deposit premiums or assessments, less return thereon, on all policies, certificates, renewals, policies subsequently cancelled, insurance and reinsurance executed, issued or delivered on property or risks located or resident in this state, including premiums for reinsurance assumed, and also including premiums written, procured or received in this state on business which cannot specifically be allocated or apportioned and reported as taxable premiums or which have been used as a measure of a tax on business of any other state or states. Provided, however, in the case of special risk premiums, direct premiums shall include only those premiums written, procured or received in this state on property or risks located or resident in this state. The reporting of premiums for the purpose of the tax imposed by this section shall be on a written basis or on a paid-for basis consistent with the basis required by the annual statement filed with the superintendent of financial services pursuant to section three hundred seven of this chapter.

(B) The term "gross direct premiums," as used in this section, shall not include premiums for policies issued pursuant to section four thousand two hundred thirty-six of this chapter and premiums for insurance upon hulls, freights, or disbursements, or upon goods, wares, merchandise and all other personal property and interests therein, in the course of exportation from, importation into any county, or transportation coastwide, including transportation by land or water from

point of origin to final destination in respect to, appertaining to, or in connection with, any and all risks or perils of navigation, transit or transportation, and while being prepared for, and while awaiting shipment and during any delays, storage, transshipment or reshipment incident thereto, including war risks and marine builder's risks.

(C) After determining the amount of total gross premiums, less returns thereon, as hereinbefore provided, there shall be deducted the following items:

(i) Such premiums, less return premiums thereon, which have been received by way of reinsurance from corporations or other insurers authorized to transact business in this state;

(ii) Dividends on such direct business, including unused or unabsorbed portions of premium deposits paid or credited to policyholders, but not including deferred dividends paid in cash to policyholders on maturing policies, nor cash surrender values.

(D) In determining the amount of direct premiums taxable in this state, all such premiums written, procured or received in this state shall be deemed written on property or risks located or resident in this state except such premiums as are properly allocated or apportioned and reported as taxable premiums or which have been used as a measure of a tax of any other state or states, provided, however, in the case of special risk premiums, direct premiums shall include only those premiums written, procured or received in this state on property or risks located or resident in this state.

(b) Payment. Taxes due under this section shall be paid to the superintendent in such manner as the superintendent shall prescribe. The tax shall be paid in two installments. The first installment shall be due within thirty days of the time at which the superintendent determines such tax is to be paid and shall be no less than ninety percent of the tax ultimately determined to be due under this section. The balance of any tax due shall be paid on the next succeeding March twenty-fifth.

(c) Returns and reports. A return, in a form prescribed by the superintendent, shall accompany the tax payment due March twenty-fifth. In addition, the superintendent may prescribe a return to accompany the first installment.

(d) Interest and penalties. (1) Interest. If any amount of tax is not

paid on or before the date prescribed for payment thereof in paragraph two of this subsection, interest on such amount of tax at the underpayment rate set by the commissioner of taxation and finance pursuant to section one thousand ninety-six of the tax law, plus one percentage point, shall be paid to the superintendent for the period from the date prescribed for payment until the date paid.

(2) Underpayment penalty. If the amount of tax paid by March twenty-fifth is less than ninety-five percent of the tax ultimately determined to be due pursuant to this section, a penalty is hereby imposed equal to one hundred percent of the difference between the amount of tax actually paid and ninety-five percent of the tax ultimately determined to be due. In addition, this penalty shall bear interest at the rate set forth in paragraph one of this subsection for the period from the due date until the date the penalty is paid.

(e) Coordination with other laws. Notwithstanding the provisions of section one thousand one hundred twelve of this chapter, taxes paid pursuant to this section shall not be considered in the calculation of reciprocal taxes due this state pursuant to section one thousand one hundred twelve of this chapter. Notwithstanding the provisions of subdivision (c) of section fifteen hundred eleven of the tax law, taxes paid to other states on account of the imposition of the tax imposed by this section shall not be included in the calculation of the tax credit provided for by subdivision (c) of section fifteen hundred eleven of the tax law.

* NB Section null and void if schedule is submitted as provided for in § 5516-e of the insurance law.

§ 9111-b. Temporary franchise tax on certain insurance companies. (a) Imposition. (1) For the privilege of conducting business in this state and in addition to any other requirements therefor, every insurance company subject to the franchise tax imposed by subdivision (a) of section fifteen hundred ten of the tax law, other than insurance companies whose premiums are received solely as consideration for accident and health insurance policies, shall pay a franchise tax of one percent of all gross direct premiums, less return premiums thereon, written during the "event year", as such term is defined in the

following sentence, on risks located or residing in this state. For the purposes of this section, "event year" shall mean (A) the calendar year preceding the February fifth on which the superintendent fails to provide a certification to the state commissioner of taxation and finance that the return of premium amounts to the hospital excess liability pool that has been authorized by subsection (a) of section five thousand five hundred seventeen-a of this chapter has been made or (B) the calendar year preceding the year in which a final judicial determination invalidating some or all of the provisions of such section five thousand five hundred seventeen-a requires a return from the hospital excess liability pool of any or all of the premium amounts returned to such pool pursuant to such section five thousand five hundred seventeen-a or (C) calendar year nineteen hundred ninety-nine if the superintendent directs and the association fails to make the transfer and deposit to the hospital excess liability pool pursuant to subsection (d) of section five thousand five hundred nine of this chapter or (D) the calendar year preceding the year in which a final judicial determination invalidating some or all of the provisions of such section five thousand five hundred nine requires a return from the hospital excess liability pool of any or all of the amounts transferred and deposited to such pool pursuant to subsection (d) of section five thousand five hundred nine.

(2) Determination of direct premiums-general provisions. (A) The term "premium" includes all amounts received as consideration for insurance contracts or reinsurance contracts, other than for annuity contracts, and shall include premium deposits, assessments, policy fees, membership fees, and every other compensation for such contract. In ascertaining the amount of direct premiums upon which a tax is payable under this section there shall be first determined the amount of total gross premiums or deposit premiums or assessments, less return thereon, on all policies, certificates, renewals, policies subsequently cancelled, insurance and reinsurance executed, issued or delivered on property or risks located or resident in this state, including premiums for reinsurance assumed, and also including premiums written, procured or received in this state on business which cannot specifically be allocated or apportioned and reported as taxable premiums or which have been used as a measure of a tax on business of any other state or

states. Provided, however, in the case of special risk premiums, direct premiums shall include only those premiums written, procured or received in this state on property or risks located or resident in this state. The reporting of premiums for the purpose of the tax imposed by this section shall be on a written basis or on a paid-for basis consistent with the basis required by the annual statement filed with the superintendent of financial services pursuant to section three hundred seven of this chapter.

(B) The term "gross direct premiums," as used in this section, shall not include premiums for policies issued pursuant to section four thousand two hundred thirty-six of this chapter and premiums for insurance upon hulls, freights, or disbursements, or upon goods, wares, merchandise and all other personal property and interests therein, in the course of exportation from, importation into any county, or transportation coastwide, including transportation by land or water from point of origin to final destination in respect to, appertaining to, or in connection with, any and all risks or perils of navigation, transit or transportation, and while being prepared for, and while awaiting shipment and during any delays, storage, transshipment or reshipment incident thereto, including war risks and marine builder's risks.

(C) After determining the amount of total gross premiums, less returns thereon, as hereinbefore provided, there shall be deducted the following items:

(i) Such premiums, less return premiums thereon, which have been received by way of reinsurance from corporations or other insurers authorized to transact business in this state;

(ii) Dividends on such direct business, including unused or unabsorbed portions of premium deposits paid or credited to policyholders, but not including deferred dividends paid in cash to policyholders on maturing policies, nor cash surrender values.

(D) In determining the amount of direct premiums taxable in this state, all such premiums written, procured or received in this state shall be deemed written on property or risks located or resident in this state except such premiums as are properly allocated or apportioned and reported as taxable premiums or which have been used as a measure of a tax of any other state or states, provided, however, in the case of special risk premiums, direct premiums shall include only those premiums

written, procured or received in this state on property or risks located or resident in this state.

(b) Payment. Taxes due under this section shall be paid to the superintendent in such manner as the superintendent shall prescribe. The tax shall be paid in two installments. The first installment shall be due within thirty days of the time at which the superintendent determines such tax is to be paid and shall be no less than ninety percent of the tax ultimately determined to be due under this section. The balance of any tax due shall be paid on the next succeeding March twenty-fifth. The superintendent is hereby authorized and directed to deposit payments made under this section, and any interest and penalties thereon, into the hospital excess liability pool created pursuant to subdivision five of section eighteen of chapter two hundred sixty-six of the laws of nineteen hundred eighty-six, as amended.

(c) Returns and reports. A return, in a form prescribed by the superintendent, shall accompany the tax payment due March twenty-fifth. In addition, the superintendent may prescribe a return to accompany the first installment.

(d) Interest and penalties. (1) Interest. If any amount of tax is not paid on or before the date prescribed for payment thereof in paragraph two of this subsection, interest on such amount of tax at the underpayment rate set by the commissioner of taxation and finance pursuant to section one thousand ninety-six of the tax law, plus one percentage point, shall be paid to the superintendent for the period from the date prescribed for payment until the date paid.

(2) Underpayment penalty. If the amount of tax paid by March twenty-fifth is less than ninety-five percent of the tax ultimately determined to be due pursuant to this section, a penalty is hereby imposed equal to one hundred percent of the difference between the amount of tax actually paid and ninety-five percent of the tax ultimately determined to be due. In addition, this penalty shall bear interest at the rate set forth in paragraph one of this subsection for the period from the due date until the date the penalty is paid.

(e) Coordination with other laws. Notwithstanding the provisions of section one thousand one hundred twelve of this chapter, taxes paid pursuant to this section shall not be considered in the calculation of reciprocal taxes due this state pursuant to section one thousand one

hundred twelve of this chapter. Notwithstanding the provisions of subdivision (c) of section fifteen hundred eleven of the tax law, taxes paid to other states on account of the imposition of the tax imposed by this section shall not be included in the calculation of the tax credit provided for by subdivision (c) of section fifteen hundred eleven of the tax law.

(f) Return of excess collections. In the event that total collections from the assessment levied pursuant to this section shall exceed the amount required to purchase policies of excess or equivalent excess coverage for eligible participating physicians and dentists for the policy year July first, nineteen hundred ninety-seven to June thirtieth, nineteen hundred ninety-eight or for the policy year July first, nineteen hundred ninety-eight to June thirtieth, nineteen hundred ninety-nine or for the policy year July first, nineteen hundred ninety-nine to June thirtieth, two thousand or for the policy year July first, two thousand to June thirtieth, two thousand one and the cost of administering the hospital excess liability pool for such applicable policy year, amounts in excess of such amount shall be returned to the companies that paid such assessment on a pro rata basis. Provided, further, that the amount required to purchase policies of excess or equivalent excess coverage for eligible participating physicians and dentists for the policy year July first, nineteen hundred ninety-seven to June thirtieth, nineteen hundred ninety-eight, or for the policy year July first, nineteen hundred ninety-eight to June thirtieth, nineteen hundred ninety-nine, or for the policy year July first, nineteen hundred ninety-nine to June thirtieth, two thousand, or for the policy year July first, two thousand to June thirtieth, two thousand one, used in the preceding sentence shall be reduced by the "retained amount", if any, as such term is defined in the following sentence. For the purposes of this section, the term "retained amount" shall mean any amount paid into the hospital excess liability pool in accordance with the provisions of section five thousand five hundred seventeen-a of this chapter which has not been returned to the medical malpractice insurance association and which is not the subject of any state or federal judicial challenge at the time the calculation of amounts to be returned to insurers pursuant to this subsection is to be made.

(g) Conditional application of tax. The provisions of subsections (a)

through (e) of this section shall apply to all premiums written during the "event year" as such term is defined in paragraph one of subsection (a) of this section. Provided, however, that if the portion of premium amounts refunded to and received by the hospital excess liability pool from the medical malpractice insurance association pursuant to the requirements of subsection (a) of section five thousand five hundred seventeen-a of this chapter is not less than the estimated cost of all premiums necessary for the purchase of excess or equivalent excess coverage for eligible participating physicians and dentists for the policy year July first, nineteen hundred ninety-seven to June thirtieth, nineteen hundred ninety-eight or for the policy year July first, nineteen hundred ninety-eight to June thirtieth, nineteen hundred ninety-nine or for the policy year July first, nineteen hundred ninety-nine to June thirtieth, two thousand or for the policy year July first, two thousand to June thirtieth, two thousand one and the cost of administering the hospital excess liability pool for such applicable policy year, as certified by the superintendent and submitted by the superintendent to the medical malpractice insurance association, then the superintendent shall certify to the state commissioner of taxation and finance no later than February fifth following the calendar year in which such return of premiums is required to be made by the medical malpractice insurance association that the required minimum return of premium amounts has been made to and received by the pool and in such event the tax otherwise imposed by subsections (a) through (e) of this section shall not be imposed and the provisions of such subsections (a) through (e) shall in such event not be applied. Provided further, however, that if there is a final judicial determination invalidating some or all of the provisions of section five thousand five hundred seventeen-a of this chapter and requiring a return from the hospital excess liability pool of any or all of the amounts transferred to it pursuant to such section five thousand five hundred seventeen-a, then the tax imposed pursuant to the provisions of subsections (a) through (e) of this section shall be reinstated and the provisions of such subsections (a) through (e) shall in such event be applied. In such event, the superintendent shall notify the state commissioner of taxation and finance that such amounts have been returned from the hospital excess liability pool and the taxes imposed pursuant to

subsections (a) through (e) of this section as modified by subsection (f) of this section shall be due and payable within thirty days of such notification.

(h) Judicial review. Notwithstanding any other law:

(1) Application for judicial review of final determination; time limitation; deposit; undertaking. Any final determination of the amount of any tax payable under subsections (a) through (e) of this section shall be reviewable for error, illegality or unconstitutionality or any other reason whatsoever by a proceeding under article seventy-eight of the civil practice law and rules if application therefor is made to the supreme court within four months after the giving of the notice of such final determination, provided, however, that any such proceeding under article seventy-eight of the civil practice law and rules shall not be instituted unless (A) the amount of any tax sought to be reviewed, with such interest and penalties thereon as may be provided for by such law, shall be first deposited with the superintendent and there is filed an undertaking, issued by a surety company authorized to transact business in this state and approved by the superintendent as to solvency and responsibility, in such amount as a justice of the supreme court shall approve to the effect that if such proceeding be dismissed or the tax confirmed the petitioner will pay all costs and charges which may accrue in the prosecution of such proceeding or (B) at the option of the petitioner, such undertaking may be in sum sufficient to cover the taxes, interest and penalties stated in such determination, plus the costs and charges which may accrue against it in the prosecution of the proceeding, in which event the petitioner shall not be required to deposit such taxes, interest or penalties as a condition precedent to the application.

(2) Judicial review of superintendent's denial of timely application for refund or revision; time limitation; undertaking. Where any tax imposed under such subsections (a) through (e) of this section is asserted to have been erroneously, illegally or unconstitutionally assessed or collected and application for the refund or revision thereof timely made to the superintendent, and the superintendent shall have made a determination denying such refund or revision, such determination shall be reviewable by a proceeding under article seventy-eight of the civil practice law and rules, provided (A) that such proceeding is

instituted within four months after giving of the notice of such denial, (B) that a final determination of tax due was not previously made, and (C) that an undertaking is filed with the superintendent in such amount and with such sureties as a justice of the supreme court shall approve to the effect that if such proceeding be dismissed or the tax confirmed, the petitioner will pay all costs and charges that may accrue in the prosecution of such proceeding.

(3) Exception; action for declaratory judgment; time limitation; deposit; undertaking. Except as provided in paragraphs one and two of this subsection, no determination or proposed determination of tax imposed under subsections (a) through (e) of this section shall be enjoined or reviewed by an action for declaratory judgment, an action for money had and received or by any action or proceeding under article seventy-eight of the civil practice law and rules, provided, however, that a taxpayer may proceed by declaratory judgment, if suit is instituted within thirty days after issuance of a notice of tax due and the amount of the tax in controversy, with such interest and penalties thereon as may be provided for by such law, shall be deposited with the superintendent and there is filed an undertaking, issued by a surety company authorized to transact business in this state and approved by the superintendent as to solvency and responsibility, in such amount as a justice of the supreme court shall approve to the effect that if such proceeding be dismissed or the tax confirmed the petitioner will pay all costs and charges which may accrue in the prosecution of such proceeding or at the option of the petitioner, such undertaking may be in a sum sufficient to cover the taxes, interest and penalties stated in such notice, plus the costs and charges which may accrue against it in the prosecution of the proceeding, in which event the petitioner shall not be required to deposit such taxes, interest or penalties as a condition precedent to the application.

(4) Venue for any action or proceeding. Venue for any declaratory judgment action, article seventy-eight proceeding or any other action or proceeding in relation to this section shall be in the supreme court, Albany county, and any such action or proceeding shall be entitled to a preference both at trial and in any appeal.

§ 9111-c. Temporary franchise tax on certain insurance companies. (a) Imposition. (1) For the privilege of conducting business in this state and in addition to any other requirements therefor, every insurance company subject to the franchise tax imposed by subdivision (a) of section fifteen hundred ten of the tax law, other than insurance companies whose premiums are received solely as consideration for accident and health insurance policies, shall pay a franchise tax of two percent of all gross direct premiums, less return premiums thereon, written during the "event year" as such term is defined in the following sentence on risk located or residing in this state. For the purposes of this section, "event year" shall mean (A) the calendar year preceding any calendar year in which the association fails to make transfers and deposits to the miscellaneous special revenue fund that have been authorized by subsections (a) and (b) of section five thousand five hundred sixteen-f of this chapter or (B) the calendar year preceding the year in which a final judicial determination invalidating some or all of the provisions of such section five thousand five hundred sixteen-f requires a return from the miscellaneous special revenue fund of any or all of the amounts transferred and deposited in such miscellaneous special revenue fund pursuant to such section five thousand five hundred sixteen-f.

(2) Determination of direct premiums general provisions. (A) The term "premium" includes all amounts received as consideration for insurance contracts or reinsurance contracts, other than for annuity contracts, and shall include premium deposits, assessments, policy fees, membership fees, and every other compensation for such contract. In ascertaining the amount of direct premiums upon which a tax is payable under this section there shall be first determined the amount of total gross premiums or deposit premiums or assessments, less return thereon, on all policies, certificates, renewals, policies subsequently cancelled, insurance and reinsurance executed, issued or delivered on property or risks located or resident in this state, including premiums for reinsurance assumed, and also including premiums written, procured or received in this state on business which cannot specifically be allocated or apportioned and reported as taxable premiums or which have been used as a measure of a tax on business of any other state or states. Provided, however, in the case of special risk premiums, direct

premiums shall include only those premiums written, procured or received in this state on property or risks located or resident in this state. The reporting of premiums for the purpose of the tax imposed by this section shall be on a written basis or on a paid-for basis consistent with the basis required by the annual statement filed with the superintendent pursuant to section three hundred seven of this chapter.

(B) The term "gross direct premiums," as used in this section, shall not include premiums for policies issued pursuant to section four thousand two hundred thirty-six of this chapter and premiums for insurance upon hulls, freights, or disbursements, or upon goods, wares, merchandise and all other personal property and interests therein, in the course of exportation from, importation into any county, or transportation coastwide, including transportation by land or water from point of origin to final destination in respect to, appertaining to, or in connection with, any and all risks or perils of navigation, transit or transportation, and while being prepared for, and while awaiting shipment and during any delays, storage, transshipment or reshipment incident thereto, including war risks and marine builder's risks.

(C) After determining the amount of total gross premiums, less returns thereon, as provided in this subsection, there shall be deducted the following items:

(i) Such premiums, less return premiums thereon, which have been received by way of reinsurance from corporations or other insurers authorized to transact business in this state;

(ii) Dividends on such direct business, including unused or unabsorbed portions of premium deposits paid or credited to policyholders, but not including deferred dividends paid in cash to policyholders on maturing policies, nor cash surrender values.

(D) In determining the amount of direct premiums taxable in this state, all such premiums written, procured, or received in this state shall be deemed written on property or risks located or resident in this state except such premiums as are properly allocated or apportioned and reported as taxable premiums or which have been used as a measure of a tax of any other state or states, provided, however, in the case of special risk premiums, direct premiums shall include only those premiums written, procured or received in this state on property or risks located or resident in this state.

(b) Payment. Taxes due under this section shall be paid to the superintendent in such manner as the superintendent shall prescribe. The tax shall be paid in two installments. The first installment shall be due in thirty days of the time at which the superintendent determines such tax is to be paid and shall be no less than ninety percent of the tax ultimately determined to be due under this section. The balance of any tax due shall be paid on the next succeeding March twenty-fifth. The superintendent is hereby authorized and directed to deposit payments made under this section, and any interest and penalties thereon, into the miscellaneous special revenue fund.

(c) Returns and reports. A return, in a form prescribed by the superintendent, shall accompany the tax payment due March twenty-fifth. In addition, the superintendent may prescribe a return to accompany the first installment.

(d) Interest and penalties. (1) Interest. If any amount of tax is not paid on or before the date prescribed for payment thereof in paragraph two of this subsection, interest on such amount of tax at the underpayment rate set by the commissioner of taxation and finance pursuant to section one thousand ninety-six of the tax law, plus one percentage point, shall be paid to the superintendent for the period from the date prescribed for payment until the date paid.

(2) Underpayment penalty. If the amount of tax paid by March twenty-fifth is less than ninety-five percent of the tax ultimately determined to be due pursuant to this section, a penalty is hereby imposed equal to one hundred percent of the difference between the amount of tax actually paid and ninety-five percent of the tax ultimately determined to be due. In addition, this penalty shall bear interest at the rate set forth in paragraph one of this subsection for the period from the due date until the date the penalty is paid.

(e) Coordination with other laws. Notwithstanding the provisions of section one thousand one hundred twelve of this chapter, taxes paid pursuant to this section shall not be considered in the calculation of reciprocal taxes due this state pursuant to section one thousand one hundred twelve of this chapter. Notwithstanding the provisions of subdivision (c) of section fifteen hundred eleven of the tax law, taxes paid to other states on account of the imposition of the tax imposed by this section shall not be included in the calculation of the tax credit

provided for by subdivision (c) of section fifteen hundred eleven of the tax law.

(f) Return of excess collections. In the event that total collections from the assessment levied pursuant to this section shall exceed the amount required to be transferred and deposited by the medical malpractice insurance association into the miscellaneous special revenue fund pursuant to section five thousand five hundred sixteen-f of this chapter, amounts in excess of such amount shall be returned to the companies that paid such assessment on a pro rata basis. Provided, further, that the amount required to be so transferred and deposited as used in the preceding sentence shall be reduced by the "retained amount", if any, as such term is defined in the following sentence. For the purposes of this section, the term "retained amount", shall mean any amount paid into the miscellaneous special revenue fund in accordance with the provisions of section five thousand five hundred sixteen-f of this chapter which is not the subject of any state or federal judicial challenge at the time the calculation of amounts to be returned to insurers pursuant to this subsection is to be made.

(g) Conditional application of tax. The provisions of subsections (a) through (e) of this section shall apply to all premiums written during the "event year" as such term is defined in paragraph one of subsection (a) of this section. Provided, however, that if the portion of amounts received by the miscellaneous special revenue fund from the medical malpractice insurance association pursuant to the requirements of section five thousand five hundred sixteen-f of this chapter is not less than the amount required to be transferred and deposited to the miscellaneous special revenue fund pursuant to section five thousand five hundred sixteen-f of this chapter then the superintendent shall certify to the commissioner of taxation and finance no later than February fifth following the calendar year in which transfer and deposit is required to be made by the medical malpractice insurance association that the required transfer and deposit of such amounts has been made to and received by the miscellaneous special revenue fund and in such event the tax otherwise imposed by subsections (a) through (e) of this section shall not be imposed and the provisions of such subsections (a) through (e) shall in such event not be applied. Provided further, however, that if there is a final judicial determination invalidating some or all of

the provisions of section five thousand five hundred sixteen-f of this chapter and requiring a return from the miscellaneous special revenue fund of any or all of the amounts transferred and deposited to it pursuant to such section five thousand five hundred sixteen-f, then the tax imposed pursuant to the provisions of subsections (a) through (e) of this section shall be reinstated and the provisions of such subsections (a) through (e) shall in such event be applied. In such event, the superintendent shall notify the commissioner of taxation and finance that such amounts have been returned from the miscellaneous special revenue fund and the taxes imposed pursuant to subsections (a) through (e) of this section as modified by subsection (f) of this section shall be due and payable within thirty days of such notification.

(h) Judicial review. Notwithstanding any other law:

(1) Application for judicial review of final determination time limitation; deposit; undertaking. Any final determination of the amount of any tax payable under subsections (a) through (e) of this section shall be reviewable for error, illegality or unconstitutionality or any other reason whatsoever by a proceeding under article seventy-eight of the civil practice law and rules if application therefor is made to the supreme court within four months after the giving of the notice of such final determination, provided, however, that any such proceeding under article seventy-eight of the civil practice law and rules shall not be instituted unless (A) the amount of any tax sought to be reviewed, with such interest and penalties thereon as may be provided for by such law, shall be first deposited with the superintendent and there is filed an undertaking, issued by a surety company authorized to transact business in this state and approved by the superintendent as to solvency and responsibility, in such amount as a justice of the supreme court shall approve to the effect that if such proceeding be dismissed or the tax confirmed the petitioner will pay all costs and charges which may accrue in the prosecution of such proceeding or (B) at the option of the petitioner, such undertaking may be in sum sufficient to cover the taxes, interest and penalties stated in such determination, plus the costs and charges which may accrue against it in the prosecution of the proceeding, in which event the petitioner shall not be required to deposit such taxes, interest or penalties as a condition precedent to the application.

(2) Judicial review of superintendent's denial of timely application for refund or revision, time limitation; undertaking. Where any tax imposed under such subsections (a) through (e) of this section is asserted to have been erroneously, illegally or unconstitutionally assessed or collected and application for the refund or revision thereof timely made to the superintendent, and the superintendent shall have made a determination denying such refund or revision, such determination shall be reviewable by a proceeding under article seventy-eight of the civil practice law and rules, provided (A) that such proceeding is instituted within four months after giving of the notice of such denial, (B) that a final determination of tax due was not previously made, and (C) that an undertaking is filed with the superintendent in such amount and with such sureties as a justice of the supreme court shall approve to the effect that if such proceeding be dismissed, or the tax confirmed, the petitioner will pay all costs and charges which may accrue in the prosecution of such proceeding.

(3) Exception. Action for declaratory judgment; time limitation; deposit; undertaking. Except as provided in paragraphs one and two of this subsection, no determination or proposed determination of tax imposed under subsections (a) through (e) of this section shall be enjoined or reviewed by an action for declaratory judgment, an action for money had and received or by any action or proceeding under article seventy-eight of the civil practice law and rules, provided, however, that a taxpayer may proceed by declaratory judgment, if suit is instituted within thirty days after issuance of a notice of tax due and the amount of the tax in controversy, with such interest and penalties thereon as may be provided by such law, shall be deposited with the superintendent and there is filed an undertaking, issued by a surety company authorized to transact business in this state and approved by the superintendent as to solvency and responsibility, in such amount as a justice of the supreme court shall approve to the effect that if such proceeding be dismissed or the tax confirmed the petitioner will pay all costs and charges which may accrue in the prosecution of such proceeding or at the option of the petitioner, such undertaking may be in a sum sufficient to cover the taxes, interest and penalties stated in such notice, plus the costs and charges which may accrue against it in the prosecution of the proceeding, in which event the petitioner shall not

be required to deposit such taxes, interest or penalties as a condition precedent to the application.

(4) Venue for any action or proceeding. Venue for any declaratory judgment action, article seventy-eight proceeding or any other action or proceeding in relation to this section shall be in the supreme court, Albany county, and any such action or proceeding shall be entitled to a preference both at trial and in any appeal.

ARTICLE 99

TIME OF TAKING EFFECT

Section 9901. Time of taking effect.

§ 9901. Time of taking effect. This chapter shall take effect on the first day of September next succeeding the date on which it shall have become a law.
