CHAPTER 28 OF THE CONSOLIDATED LAWS

INSURANCE LAW

ARTICLE 1. General provisions. (§§ 101-111-a)
2. Organization of the department of financial services. (§§ 201-214)
3. Administrative and procedural provisions. (§§ 301-346)
4. Insurance frauds prevention. (§§ 401-411)
5. Certificates of insurance. (§§ 501-505)
11. Licensing of insurers. (§§ 1101-1124*2)
12. Organization and corporate procedure. (§§ 1201-1221)
13. Assets and deposits. (§§ 1301-1325)
14. Investments. (§§ 1401-1415)
15. Holding companies. (§§ 1501-1511)
16. Subsidiaries of domestic property/casualty insurance companies and certain other entities. (§§ 1601-1614)
17. Subsidiaries of domestic life insurance companies and certain other entities. (§§ 1701-1718)
21. Agents, brokers, adjusters, consultants and intermediaries. (§§ 2101-2140)
22. Certification of employees of insurers and savings banks offering life insurance. (§§ 2201-2209)
23. Property/casualty insurance rates. (§§ 2301-2353, 2356)
24. Unfair methods of competition and unfair and deceptive acts and practices. (§§ 2401-2409)
25. Prohibitions against controlled business. (§§ 2502-2505)
26. Unfair claim settlement practices; other misconduct; discrimination. (§§ 2601-2618)
27. Holocaust victims insurance act of 1998. (§§ 2701-2711)
28. Use of credit information. (§§ 2801-2809)
29. Pharmacy benefit managers. (§§ 2901-2914)
31. Insurance contracts - general. (§§ 3101-3113)
32. Insurance contracts - life, accident and health, annuities. (§§ 3201-3245)
34. Insurance contracts - property/casualty. (§§ 3401-3462)
41. Property/casualty insurance companies. (§§ 4101-4121)
42. Life insurance companies and accident and health insurance companies and legal services insurance companies.

(§§ 4202-4241)

43. Non-profit medical and dental indemnity, or health and hospital service corporations. (§§ 4301-4330)
44. Employee welfare funds. (§§ 4401-4414)
45. Fraternal benefit societies. (§§ 4501-4530)
46. Retirement systems. (§§ 4601-4608)
47. Municipal cooperative health benefit plans. (§§ 4701-4714)
48. Managed care health insurance contracts. (§§ 4801-4806)
49. Utilization review and external appeal. (§§ 4900-4917)
51. Comprehensive motor vehicle insurance reparations. (§§ 5101-5109)
52. Motor vehicle accident indemnification corporation. (§§ 5201-5225)
53. Motor vehicle insurance assigned risk plans. (§§ 5301-5304)
54. New York property insurance underwriting association. (§§ 5401-5412)
55. Medical malpractice insurance association. (§§ 5501--5517-a)
56. Health care arbitrations. (§§ 5601-5605)
59. Risk retention groups and purchasing groups. (§§ 5901-5913)
61. Reciprocal insurers and Lloyds underwriters. (§§ 6101-6116)
62. New York insurance exchange. (§§ 6201-6203)
63. Special risks; filing exemption. (§§ 6301-6304)
64. Title insurance corporations. (§§ 6401-6411)
65. Mortgage guaranty insurance companies. (§§ 6501-6508)
66. Co-operative property/casualty insurance companies. (§§ 6601-6626)
67. Nonprofit property/casualty insurance companies. (§§ 6701-6708)
68. Bail bonds. (§§ 6801-6805)
69. Financial guaranty insurance corporations. (§§ 6901-6909)
70. Captive insurance companies. (§§ 7001-7012)
71. Merger, consolidation, redomestication, acquisition of assets and acquisition of certain shares of insurers. (§§ 7101-7121)
72. Domestication of the United States branch of an alien insurer. (§§ 7201-7205)

73. Conversion to different type of insurer. (§§ 7301-7317)
74. Rehabilitation, liquidation, conservation and dissolution of insurers. (§§ 7401-7437)
75. Life insurance guaranty fund. (§§ 7501-7507)
76. Property/casualty security funds. (§§ 7601-7614)
77. The life insurance company guaranty corporation of New York act. (§§ 7701-7720)
78. Viatical settlements. (§§ 7801-7820)
79. Service contracts. (§§ 7901-7913)
80. Mutual holding company. (§§ 8001-8021)
91. Taxes and fees. (§§ 9101--9111-c)
99. Time of taking effect. (§ 9901)

ARTICLE 1

GENERAL PROVISIONS

Section 101. Short title.
102. Declaration.
103. Explanation of order of provisions.
104. Continuation of existing offices, licenses, approvals and proceedings.
106. Construction of references.
107. Definitions of terms of general use in this chapter.
108. Applicability of business corporation law to insurers.
109. Penalties; civil actions.
110. Cooperation with other regulatory agencies.
111. Investigation by the superintendent with respect to prescription drugs.
111-a. Notification of prescription drug price increases by manufacturers.

§ 101. Short title. This chapter shall be known and may be cited as the "insurance law".

§ 102. Declaration. The legislature hereby declares that the purpose

of this chapter is to recodify, without substantive change, the insurance law in effect immediately prior to the effective date of this chapter.

§ 103. Explanation of order of provisions. In this recodification of the insurance law, the provisions have been divided in descending order of application, with illustrations, as follows:

Article 1

Section 101
Subsection (a)
Paragraph (1)
Subparagraph (A)
Item (i)
Clause (I)
Subitem (aa)
Subclause (aaa)

§ 104. Continuation of existing offices, licenses, approvals and proceedings.

(a) All persons who, at the effective date of this chapter, held any office in the department shall continue to hold such office under and subject to this chapter.

(b) Every license of an insurer, insurance agent, insurance broker, public adjuster, reinsurance intermediary, insurance consultant or other licensee in force immediately prior to the effective date of this chapter shall continue in force until its date of expiration or until terminated pursuant to this chapter.

(c) Every insurer doing business in this state as an authorized insurer at the effective date of this chapter may continue to transact the kind or kinds of insurance business it was licensed to transact on such date until the date of expiration of its license or until the license is terminated pursuant to this chapter.

(d) Every form of policy, contract, certificate, application, rider or endorsement in use immediately prior to the effective date of this

chapter which was approved by the superintendent pursuant to any law herein repealed may, unless he prescribes otherwise, continue to be issued in accordance with the approval:

(1) following such effective date, if the form complies with this chapter and did comply with the repealed law, or

(2) for six months following such effective date, if it does not comply with this chapter but did comply with the repealed law.

(e) No action or proceeding commenced before the effective date of this chapter, and no violation of any provision of law hereby repealed, shall be affected by such repeal, but all procedure hereafter taken in reference thereto shall conform to the provisions of this chapter as far as practicable.

§ 106. Construction of references. (a) In this chapter, unless otherwise stated or required by the context:

(1) All references to a part, title, article or section number or letter refer to the part, title, article or section so numbered or lettered in this chapter, and all references in any section of this chapter to a numbered or lettered subsection, paragraph, subparagraph, item or clause refer to the subsection, paragraph, subparagraph, item or clause so numbered or lettered in such section.

(2) All references to former provisions of chapter twenty-eight of the consolidated laws refer to provisions of the former insurance law enacted by chapter eight hundred eighty-two of the laws of nineteen hundred thirty-nine.

(b) In other laws of this state, references to the former insurance law repealed by this chapter, and to any article, section or other provision thereof, refer to this chapter and its provisions which correspond to the repealed article, section or other provision.

§ 107. Definitions of terms of general use in this chapter. (a) In this chapter, unless the context otherwise requires:

(1) "Accident and health insurance company", means any corporation having power to do the kinds of insurance business specified in item (i) of paragraph three of subsection (a) of section one thousand one hundred

thirteen of this chapter or items (i) and (ii) of such paragraph, provided such company does not have power to do any other kind or kinds of insurance business.

(2) "Accredited reinsurer" means an assuming insurer not authorized to do an insurance business in this state but which (i) presents satisfactory evidence to the superintendent that it meets the applicable standards of solvency required in this state, (ii) is in compliance with the conditions prescribed by regulation under which a ceding insurer may be allowed credit for reinsurance recoverable from an insurer not authorized in this state, and (iii) has received a certificate of recognition as an accredited reinsurer issued by the superintendent pursuant to such regulation; provided that no insurer shall be an accredited reinsurer with respect to any kind of insurance not provided for in such certificate.

(3) "Admitted assets" means assets of an insurer which conform to the requirements of section one thousand three hundred one of this chapter.

(4) "Affiliate" means a corporation a majority of whose shares is owned or controlled by shareholders, directors or officers of another corporation, who own or control a majority of the shares of the other corporation.

(5) "Alien insurer" means any insurer incorporated or organized under the laws of any foreign nation, or of any province or territory not included under the definition of foreign insurer.

(6) "American institution" means an institution created or existing under the laws of the United States of America or of any state, district or territory thereof.

(7) "Articles of association", when used in reference to an unincorporated association, means the basic instrument prescribing the powers, purposes and organization of the association.

(8) "Assuming insurer" means an insurer which, under a contract of reinsurance, incurs to another insurer, called the ceding insurer, an obligation the performance of which is contingent upon the ceding insurer's incurring liability or loss under its contract or contracts of insurance, guaranty or suretyship made with third persons.

(9) "At last year-end" means the end of the next preceding calendar year.

(10) "Authorized insurer" means an insurer authorized as such to do an

insurance business in this state in compliance with this chapter, by reason of a license so to do issued and in force pursuant to the laws of this state or of a corporate charter granted and in force pursuant to the laws of this state, but not including any insurer herein exempted from compliance with the requirement that it obtain a license to do business.

(11) "Board of directors" means the body having power and responsibility for management and control of a corporation and the advisory committee or similar body having such power in reference to a reciprocal insurer or Lloyds underwriters.

(12) "Capital", when used in reference to a stock insurance company, means the aggregate par value of all classes of shares of capital stock issued and outstanding.

(13) "Ceding insurer" means the insurer to which an assuming insurer is obligated.

(14) "Charter" means the basic instrument, by whatever name called, prescribing the powers, purposes and organization of a corporation.

(15) "Company" means a corporation.

(16) "Control". Except for the purposes of article fifteen of this chapter, "control", including the terms "controlling", "controlled by" and "under common control with", means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of an institution, whether through the ownership of voting securities, by contract or otherwise.

(17) "Department" means the department of financial services of this state.

(18) "Deputy" means a deputy superintendent of financial services of this state.

(19) "Domestic insurer" means any authorized insurer incorporated or organized under any law of this state.

(20) "Firm" means a partnership, limited or unlimited, general or special.

(21) "Foreign insurer" means any insurer incorporated or organized under the laws of any state, as herein defined, other than this state.

(22) "Fraternal benefit society" has the meaning ascribed to it by subsection (a) of section four thousand five hundred one of this chapter.

(23) "Independent insurance agent" has the meaning ascribed to it by section two thousand one hundred one of this chapter.

(24) "Institution" means a corporation, a joint-stock company, an association, a trust, a business partnership, a business joint venture or any similar entity.

(25) "Insurance agent" has the meaning ascribed to it by section two thousand one hundred one of this chapter.

(26) "Insurance broker" has the meaning ascribed to it by section two thousand one hundred one of this chapter.

(27) "Insurance contract" has the meaning ascribed to it by section one thousand one hundred one of this chapter.

(28) "Life insurance company" means any corporation having power to do either one or both of the kinds of insurance business specified in paragraphs one and two of subsection (a) of section one thousand one hundred thirteen of this chapter.

(29) "Lloyds underwriters" means any aggregation of individuals, who under a common name engage in the business of insurance for profit through an attorney-in-fact having authority to obligate the underwriters severally, within such limits as may be lawfully specified in the power of attorney, on contracts of insurance made or issued by such attorney-in-fact, in the name of such aggregation of individuals, to and with any person or persons insured.

(30) "Minimum surplus" means the minimum amount by which the admitted assets of an insurer without capital stock must exceed its liabilities in order to be permitted to do business in this state.

(31) "Minor" or "infant" means a person who has not attained the age of eighteen years.

(32) "Mortgage" includes a deed of trust.

(33) "Obligations" includes bonds, debentures, notes and other evidences of indebtedness (whether or not liability for payment extends beyond the security therefor) as well as participation interests in any of the foregoing.

(34) "Officer" means any person charged with active management and control, in an executive capacity, of the affairs of a corporation, including the president, vice-president, secretary, assistant secretary, treasurer, assistant treasurer, general counsel, actuary, comptroller and any other person appointed or elected by the board of directors to

exercise similar powers, and including the manager, attorney-in-fact, or other person appointed or elected by the board of directors to exercise similar powers, of a United States branch of an alien insurer, and the attorney-in-fact of a reciprocal insurer or Lloyds underwriters, and in case such manager or attorney-in-fact is a corporation, including the officers of such corporation.

(35) "Parent corporation" has the meaning assigned to it in the definition of subsidiary.

(36) "Property/casualty insurance company" means any company having power to write any one or more of the basic kinds of insurance specified in subsection (a) of section four thousand one hundred one of this chapter.

(37) "Reciprocal insurer" means any aggregation of persons, firms or corporations or, in the alternative, New York counties, towns, cities, villages, district corporations (as defined in paragraph three of section 2.00 of the local finance law), or school districts and boards of cooperative educational services, called "subscribers" in article sixty-one of this chapter, who or which under a common name engage in the business of inter-insurance or exchanging contracts of insurance on the reciprocal plan through an attorney-in-fact having authority to obligate the subscribers severally, within such limits as may lawfully be specified in the subscriber's agreement, on contracts of insurance made with any subscriber as a policyholder through such attorney-in-fact acting on behalf of all other subscribers. Such term includes any reciprocal or inter-insurance exchange, by whatever name known, and any reference thereto as an insurer shall be deemed to mean any such aggregation of inter-insurers operating through an attorney-in-fact individually and collectively as an insurance organization for the benefit of its policyholders.

(38) "Renewal license" means a license which becomes effective immediately following the expiration of a license previously issued and in force, and which differs from such previous license only as to the date of expiration.

(39) "State" means any state of the United States, the commonwealth of Puerto Rico and the District of Columbia.

(40) "Subsidiary" means an institution controlled, directly or indirectly, by another institution or by a retirement system. "Parent

corporation" means an institution or a retirement system that, directly or indirectly, controls another institution. For the purposes of the definitions in this subsection:

(A) an institution is conclusively presumed to be controlled by an institution or retirement system that, directly or indirectly, with power to vote, owns, controls or holds a majority of the outstanding voting securities of such institution;

(B) no presumption, either of control or of absence of control, arises if such ownership, control or holding of voting securities is less than a majority but more than five percent;

(C) absence of control is presumed if such ownership, control or holding of voting securities is five percent or less; and

(D) in determining control, voting securities held in separate accounts of an institution or retirement system shall be deemed to be owned by the institution or retirement system, but voting securities in an investment advisory account that are not owned by an institution but are held in an account as to which the institution is an investment adviser shall not be deemed to be controlled or held by such institution.

(41) "Superintendent" means the superintendent of financial services of this state.

(42) "Surplus to policyholders" means the excess of total admitted assets over the liabilities of an insurer, which is the sum of all capital and surplus accounts minus any impairment thereof.

(43) "United States". Except for the purposes of article fourteen of this chapter, when used to signify place, means only the states of the United States, the commonwealth of Puerto Rico and the District of Columbia.

(44) "United States branch" means, as the context may require, the business unit through which business is transacted within the United States by an alien insurer, or the assets and liabilities of such insurer within the United States pertaining to such business or the management powers pertaining to such business and to such assets and liabilities or any combination of these three.

(45) "Voting securities" means securities of any class or any ownership interest having voting power for the election of directors, trustees or management of an institution, other than securities having

such power only by reason of the happening of a contingency.

(46) "Doing an insurance business" has the meaning ascribed to it by section one thousand one hundred one of this chapter.

(47) "Commercial risk insurance" means insurance not subject to section three thousand four hundred twenty-five of this chapter issued or issued for delivery in this state, on a risk located in this state, insuring any of the following contingencies:

(A) loss of or damage to real property;

(B) loss of or damage to personal property;

(C) losses or liabilities arising out of the ownership, operation or use of a motor vehicle;

(D) liabilities of persons acting as officers or directors; or

(E) other liabilities, including product liability, for loss of, damage to, or injury to persons or property.

(48) "Product liability" means liability of the insured for damages for personal injury, death or property damage, where liability is based upon negligence, implied warranty or strict liability, arising out of a design, inspection, testing or manufacturing defect, or any other defect in a product, or is based upon any failure to warn, or to properly instruct in the use of a product or for any liability for any damage arising out of the handling or use of any product manufactured, sold, handled or distributed by the insured or work completed by or on behalf of the insured.

(49) "Professional liability insurance" means insurance covering liability arising out of the practice of any profession for which a license is required by a governmental authority of this state or, with respect to treatment of patients, arising out of the operation of a duly certified hospital.

(50) "Public entity insurance" means commercial risk insurance issued to a public entity.

(51) "Public entity" means:

(A) the state of New York;

(B) a county, city, town, village or any other political subdivision or civil department or division of the state;

(C) a school district, board of cooperative educational services or any other governmental entity or combination or association of governmental entities operating a public school, college, community

college or university;

(D) a fire district, fire company, volunteer fire department, or any other entity that contracts with a municipality or other political subdivision to provide fire protection;

(E) a public library, as defined in section two hundred fifty-three of the education law, authorized to operate in this state;

(F) a public corporation, including a municipal corporation, district corporation or public benefit corporation;

(G) an improvement district, special district or other district authorized by the village law, town law, county law or any other law;

(H) a public corporation, public authority, commission, agency, municipal or other public housing authority, or project organized pursuant to article two of the private housing finance law; or

(I) any other governmental instrumentality or unit in the state of New York.

(52) "Gap amount" means:

(A) in the case of a lease of personal property, the difference, if any, between:

(i) the amount owed by the lessee, under the early termination provision of the lease, as of the date of a total loss of the leased property caused by its theft or physical damage, or the amount which would have been owed by the lessee had the lessor not waived such obligations; and

(ii) the sum of: (I) any unpaid rental payments and other unpaid charges, arising from the failure of the lessee to fulfill the lessee's obligations under the lease, that had accrued prior to the date of the loss; and (II) the actual cash value of the personal property as of the date of the loss. If the lessee is required under the lease agreement to maintain a physical damage insurance policy on the personal property which is the subject of the lease agreement, and that policy is in effect on the date of the loss, then "actual cash value" shall have the same meaning as under the physical damage insurance policy.

(B) In the case of a loan or other credit transaction on the purchase of personal property, the difference, if any, between:

(i) the amount owed by the debtor under the loan or other credit transaction as of the date of a total loss of the personal property which is the subject of the loan or other credit transaction agreement

caused by its theft or physical damage, or the amount that would have been owed by the debtor had the creditor not waived such obligation; and

(ii) the sum of: (I) any unpaid payments and other unpaid charges, arising from the failure of the debtor to fulfill the obligations under the loan or other credit transaction agreement, that had accrued prior to the date of the loss; and (II) the actual cash value of the personal property as of the date of the loss. If the debtor is required under the loan or other credit transaction agreement to maintain a physical damage insurance policy on the personal property which is the subject of the loan or other credit transaction agreement, and that policy is in effect on the date of the loss, then "actual cash value" shall have the same meaning as under the physical damage insurance policy.

(53) "Nonprofit property/casualty insurance company" means an insurer organized pursuant to section six thousand seven hundred three of this chapter and that is subject to the provisions of article sixty-seven of this chapter.

(54) "Title insurance agent" shall be deemed to have the same meaning as paragraph one of subsection (y) of section two thousand one hundred one of this chapter.

(55) "Medically fragile child" means an individual who is under twenty-one years of age and has a chronic debilitating condition or conditions, who may or may not be hospitalized or institutionalized, and meets one or more of the following criteria: (1) is technologically dependent for life or health sustaining functions; (2) requires a complex medication regimen or medical interventions to maintain or to improve their health status; or (3) is in need of ongoing assessment or intervention to prevent serious deterioration of their health status or medical complications that place their life, health or development at risk. Chronic debilitating conditions include bronchopulmonary dysplasia, cerebral palsy, congenital heart disease, microcephaly, pulmonary hypertension, and muscular dystrophy. The term "medically fragile child" shall also include traumatic brain injury, the nature of which typically require care in a specialty care center for medically fragile children, even though the child does not have a chronic debilitating condition or also meet one of the three conditions of this subsection. Notwithstanding the definitions set forth in this subsection, any patient which has received prior approval from an

insurer for admission to a specialty care facility for medically fragile children shall be considered a medically fragile child at least until discharge from that facility occurs.

(b) Whenever the terms "include", "including" or terms of similar import appear in this chapter, unless the context requires otherwise, such terms shall not be construed to imply the exclusion of any person, class or thing not specifically included.

(c) A reference in this chapter to any other law or statute of this state, or of any other jurisdiction, means such law or statute as amended to the effective date of this chapter and, unless the context otherwise requires, as amended thereafter.

§ 108. Applicability of business corporation law to insurers. (a) The business corporation law applies to every corporation heretofore or hereafter formed under:

(1) this chapter, except corporations subject to section one thousand one hundred ten or article forty-three, forty-five, forty-six or sixty-seven of this chapter, or a captive insurance company formed in accordance with the not-for-profit corporation law, or

(2) any other statute of this state, or any other law, if the corporation's purposes include a purpose for which a corporation may be formed under this chapter.

(b) (1) If any provision of the business corporation law conflicts with any provision of this chapter, the provision of this chapter shall prevail, and the conflicting provision of the business corporation law shall not apply.

(2) If any provision of this chapter relates to a matter embraced in the business corporation law but is not in conflict therewith, both provisions shall apply.

(c) The following provisions of the business corporation law shall not apply to a domestic stock insurer or an authorized stock insurer: section one hundred six, subsection (a) of section two hundred one, sections five hundred ten, five hundred eleven, five hundred seventeen, five hundred eighteen, seven hundred nineteen, nine hundred eight, articles three, ten and twelve.

(d) The following provisions of the business corporation law shall not

apply to a domestic incorporated mutual insurer or an authorized incorporated mutual insurer: section one hundred six, subsection (a) of section two hundred one, sections seven hundred nine, and seven hundred nineteen, articles three, five, six (except section six hundred nineteen), nine, ten and twelve.

(e) The following provisions of the business corporation law, in addition to those referred to in subsections (c) and (d) hereof, do not apply to an incorporated foreign insurer or an incorporated alien insurer: sections thirteen hundred one, thirteen hundred two, sections thirteen hundred four through thirteen hundred six inclusive, sections thirteen hundred eight through thirteen hundred eleven inclusive, sections thirteen hundred fifteen, thirteen hundred sixteen and thirteen hundred eighteen.

(f) A provision of the business corporation law which is referred to in section thirteen hundred seventeen or thirteen hundred nineteen thereof is not applicable to an incorporated foreign insurer or an incorporated alien insurer if such provision of the business corporation law is made inapplicable to such insurer under subsection (b), (c) or (d) hereof.

(g) In applying the business corporation law to any corporation pursuant to this section, unless the context otherwise requires, the following terms in such law have the following respective meanings:

(1) "Secretary of state" means "superintendent of financial services".

(2) "Department of state" means "department of financial services".

(3) "Corporation" and "domestic corporation" mean an incorporated "domestic insurer" as defined in section one hundred seven of this article.

(4) "Foreign corporation" means both an incorporated "foreign insurer" and an incorporated "alien insurer", as defined in section one hundred seven of this article.

(5) "Stated capital" means "capital" as defined in section one hundred seven of this article.

(h) A member of a domestic mutual insurer shall have the rights given to a "shareholder" in section six hundred nineteen of the business corporation law.

§ 109. Penalties; civil actions. (a) Every violation of any provision of this chapter shall, unless the same constitutes a felony, be a misdemeanor.

(b) Every penalty imposed by this section shall be in addition to any penalty or forfeiture otherwise provided by law.

(c) (1) If the superintendent finds after notice and hearing that any authorized insurer, representative of the insurer, licensed insurance agent, licensed insurance broker, licensed adjuster, or any other person or entity licensed, certified, registered, or authorized pursuant to this chapter, has willfully violated the provisions of this chapter or any regulation promulgated thereunder or with respect to accident and health insurance, any provision of titles one or two of division BB of the Consolidated Appropriations Act of 2021 (Pub. L. No. 116-260), as may be amended from time-to-time, and any regulations promulgated thereunder, then the superintendent may order the person or entity to pay to the people of this state a penalty in a sum not exceeding one thousand dollars for each offense.

(2) Failure to pay such penalty within thirty days after the order, unless it is suspended by an order of a court of competent jurisdiction, shall constitute a further violation of the provisions of this chapter.

(3) No penalty shall be imposed pursuant to this subsection if a monetary penalty is otherwise provided in this chapter.

(d) The superintendent may maintain a civil action in the name of the people of the state to recover a judgment for a money penalty imposed by law for the violation of any provision of this chapter.

§ 110. Cooperation with other regulatory agencies. (a) In order to assist in the performance of the superintendent's duties under this chapter, the superintendent:

(1) may share documents, materials or other information, including confidential, privileged, and trade secret documents, materials or information with other local, state, federal, and international regulatory agencies, with the New York Liquidation Bureau, with the National Association of Insurance Commissioners, its affiliates or subsidiaries, with any third-party consultant designated by the superintendent, with local, state, federal, and international law

enforcement authorities, including members of any supervisory college described in section three hundred two of this chapter, provided that the recipient has the authority and agrees to maintain the confidentiality and privileged status of the document, material or other information and has verified in writing the legal authority to maintain confidentiality; provided, however, that this paragraph shall not be construed as limiting access to records pursuant to article six of the public officers law, except as provided in paragraph three of subsection (b) of this section;

(2) may receive documents, materials or information, including otherwise confidential, privileged, and trade secret documents, materials or information, from the New York Liquidation Bureau, from the National Association of Insurance Commissioners, its affiliates or subsidiaries, from regulatory and law enforcement officials of other foreign or domestic jurisdictions, including members of any supervisory college described in section three hundred two of this chapter, and from any other entity designated by the superintendent in a regulation, and shall maintain as confidential or privileged any document, material or information received with notice or the understanding that it is confidential or privileged under the laws of the jurisdiction that is the source of the document, material or information; and

(3) may enter into agreements governing sharing and use of documents, materials or information consistent with this subsection.

(b) (1) No waiver of any applicable privilege or claim of confidentiality in the documents, materials, or information shall occur as a result of disclosure to the superintendent under this section or as a result of sharing as authorized in this section.

(2) The sharing of documents, materials, or information by the superintendent pursuant to this section shall not constitute a delegation of regulatory authority or rulemaking, and the superintendent is solely responsible for the administration, execution, and enforcement of the provisions of this section.

(3) Documents, materials, or other information in the possession or control of the National Association of Insurance Commissioners or third-party consultants pursuant to this section shall be confidential by law and privileged, shall not be subject to article six of the public officers law, shall not be subject to subpoena, and shall not be subject

to discovery or admissible in evidence in any private civil action.

§ 111. Investigation by the superintendent with respect to prescription drugs. (a) Whenever it shall appear to the superintendent, either upon complaint or otherwise, that in the advertisement, purchase or sale within this state of any prescription drug, which is contemplated to be paid by a policy approved by the department for offering within the state, has increased over the course of any twelve months by more than fifty percent to an amount greater than five dollars per unit and if it is suspected that any person, partnership, corporation, company, trust or association, or any agent or employee thereof, shall have employed, or employs, or is about to employ any device, scheme or artifice to defraud or for obtaining money or property by means of any false pretense, representation or promise, or that any person, partnership, corporation, company, trust or association, or any agent or employee thereof, shall have made, makes or attempts to make within or from this state or shall have engaged in or engages in or is about to engage in any practice or transaction or course of business relating to the purchase, exchange, or sale of prescription drugs which is fraudulent or in violation of law and which has operated or which would operate as a fraud upon the purchaser, or that any agent or employee thereof, has sold or offered for sale or is attempting to sell or is offering for sale any prescription drug for which the price has increased fifty percent over the prior calendar year to an amount greater than five dollars per unit, and the superintendent believes it to be in the public interest that an investigation be made, he or she may in their sole discretion either require or permit such person, partnership, corporation, company, trust or association, or any agent or employee thereof, to file with the department a statement in writing under oath or otherwise as to all the facts and circumstances concerning the price increase which he or she believes it to be in the public interest to investigate, and for that purpose may prescribe forms upon which such statements shall be made. The superintendent may also require such other data and information as he or she may deem relevant and may make such special and independent investigations as he or she may deem necessary in connection with the matter.

(b) In addition to any other power granted by law, the superintendent, his or her deputy or other officer designated by the superintendent is empowered to subpoena witnesses, compel their attendance, examine them under oath and require the production of any books or papers which he or she deems relevant or material to the inquiry. Such power of subpoena shall be enforced as though the subpoena were issued under section three hundred six of the financial services law.

(c) If any person, partnership, corporation, company, trust or association, fails to submit a written statement required by the superintendent under subsection (a) of this section or fails to comply with a subpoena issued pursuant to subsection (b) of this section, the superintendent may, after notice and a hearing, levy a civil penalty not to exceed to one thousand dollars per day that the failure continues.

(d) Notwithstanding any law to the contrary, any information obtained in an investigation under this section shall be confidential and shall not be subject to disclosure by the department except to the drug accountability board, which may review the information and, as necessary, include any such information in its report. The superintendent may also disclose any such information necessary to protect the public, but such disclosures shall to the greatest extent possible not identify a specific manufacturer or prices charged for drugs by such manufacturer.

§ 111-a. Notification of prescription drug price increases by manufacturers. (a) This section shall apply to a manufacturer of a prescription drug that is purchased or reimbursed in this state by any of the following:

(1) An insurance company authorized in this state to write accident and health insurance, a company organized pursuant to article forty-three of this chapter, a municipal cooperative health benefit plan established pursuant to article forty-seven of this chapter, an organization certified pursuant to article forty-four of the public health law, an institution of higher education certified pursuant to section one thousand one hundred twenty-four of this chapter, or the New York state health insurance plan established pursuant to article eleven of the civil service law; or

(2) A pharmacy benefit manager, including an entity that directly or through an intermediary, manages the prescription drug coverage provided by a health insurer under a contract or policy delivered or issued for delivery in this state or a health plan subject to section three hundred sixty-four-j of the social services law, including the processing and payment of claims for prescription drugs, the performance of drug utilization review, the processing of drug prior authorization requests, the adjudication of appeals or grievances related to prescription drug coverage, contracting with network pharmacies, and controlling the cost of covered prescription drugs.

(b) (1) A manufacturer of a prescription drug with a wholesale acquisition cost of more than forty dollars for a course of therapy shall notify the superintendent, his or her deputy or other officer designated by the superintendent, if the increase in the wholesale acquisition cost of such prescription drug is more than sixteen percent, including the proposed increase and the cumulative increases that occurred within the previous twenty-four months prior to the planned effective date of the increase. For purposes of this section, a "course of therapy" is defined as either of the following:

(i) the recommended daily dosage units of a prescription drug pursuant to its prescribing label as approved by the federal Food and Drug Administration for thirty days; or

(ii) the recommended daily dosage units of a prescription drug pursuant to its prescribing label as approved by the federal Food and Drug Administration for a normal course of treatment that is less than thirty days.

(2) (i) The notice required by paragraph one of this subsection shall be provided in writing to the superintendent at least sixty days prior to the planned effective date of the increase and shall include the proposed increase and the cumulative increases that occurred within the previous twenty-four months.

(ii) The superintendent shall forthwith publish the notice required by paragraph one of this subsection on the department of financial services website within five days of its receipt.

(3) (i) The notice required by paragraph one of this subsection shall include the date of the increase, the current wholesale acquisition cost of the prescription drug, and the dollar amount of the future increase

in the wholesale acquisition cost of the prescription drug.

(ii) The notice required by paragraph one of this subsection shall include a statement regarding whether a change or improvement in the drug necessitates the price increase. If so, the manufacturer shall describe the change or improvement.

(4) Information supplied by a manufacturer pursuant to this section that the manufacturer has reasonably designated as a trade secret shall be considered confidential and a trade secret, shall be exempt from public disclosure and copying under article six of the public officers law and shall not be disclosed directly or indirectly by the superintendent. Notwithstanding the foregoing sentence, the superintendent shall be permitted to disclose information in an aggregated format if such aggregate information cannot directly or indirectly be used to identify trade secret information related to a specific manufacturer or the manufacturer's prescription drug, including but not limited to any information related to pricing for the manufacturer's prescription drug that has been reasonably designated as a trade secret.

(5) In the event that a manufacturer of a prescription drug subject to this section does not report the information required in paragraph one of this subsection, the superintendent is authorized to impose any penalty or remedy authorized by this chapter, after notice and a hearing, against such manufacturer of up to five thousand dollars per day for every day after the reporting period described in this section that the required information is not reported.

ARTICLE 2

ORGANIZATION OF THE DEPARTMENT OF FINANCIAL SERVICES

Section 201. State insurance advisory board.
202. Drug accountability board.
205. Gratuities; prohibited payments to department personnel.
208. Transfer or destruction of records.
210. Annual consumer guide of health insurers, and entities certified pursuant to article forty-four of the public health law.
213. New York state health care quality and cost containment

commission.
214. Report on insurance agent licensing examinations.

§ 201. State insurance advisory board. (a) There shall be a state insurance advisory board to work with the superintendent in encouraging and promoting the growth of the insurance industry in the state, and further the goals of the department's mission as it relates to the insurance industry. There shall be ten members of the advisory board who shall be appointed by the superintendent. The membership shall consist of seven representatives of domestic insurance companies that, to the extent practicable, reflect a range of size and geographical location within the state. The membership shall also include one insurance producer and two representatives of consumers. The superintendent shall make rules to govern the method by which insurers may nominate persons to the board and the process for selecting such members, provided that the representative of consumers shall be selected by the superintendent. The term of each member of such advisory board shall be three years, or until a successor is appointed and vacancies shall be filled for the unexpired term only. The board shall meet at least annually pursuant to the call of the superintendent. Such meetings may be presided over by a designee of the superintendent and may be held by means of a conference telephone or similar communications equipment that would allow all persons participating in the meeting to hear each other at the same time. The members of the advisory board shall receive no compensation nor reimbursement for expenses. The advisory board may:

(1) consider and recommend ways, consistent with the protection of consumers and the financial condition of insurers, to encourage, promote, and assist insurance institutions to effectively and productively locate, operate, employ, grow, remain, and expand in New York state;

(2) consider and recommend ways, consistent with the protection of consumers and the financial condition of insurers, to promote the prudent and continued availability of insurance products and services at affordable costs throughout the state;

(3) recommend to the superintendent the establishment of such laws as may be deemed necessary, and the amendment or repeal thereof;

(4) recommend to the superintendent the promulgation of any guidance and regulations, not inconsistent with the law, as may be deemed necessary, and the amendment or repeal thereof;

(5) report within thirty days after receipt, on any proposed regulations, amendments thereto, or repeal thereof, consistent with the protection of consumers and the financial condition of insurers, at the request of the superintendent; and

(6) consider all other matters determined by the superintendent to further the department's mission in relation to the insurance industry.

(b) The advisory board shall have no executive, administrative or appointive powers or duties.

§ 202. Drug accountability board. (a) A nine member drug accountability board is hereby created in the department.

(b) The members of the board shall be appointed by the superintendent, provided however that one member shall be appointed at the suggestion of the temporary president of the senate and one member shall be appointed at the suggestion of the speaker of the assembly, and shall serve a three-year term. Members may be reappointed upon the completion of other terms. In making appointments to the board the superintendent shall give consideration to persons:

(1) licensed and actively engaged in the practice of medicine in the state;

(2) licensed and actively practicing in pharmacy in the state;

(3) with expertise in drug utilization review who are health care professionals licensed under title eight of the education law and who are pharmacologists;

(4) that are consumers or consumer representatives of organizations with a regional or statewide constituency and who have been involved in activities related to health care consumer advocacy;

(5) who are health care economists;

(6) who are actuaries; and

(7) who are experts from the department of health.

(c) The superintendent shall designate a person from the department to serve as chairperson of the board.

(d) Members of the board and all its agents shall be deemed to be an

"employee" for purposes of section seventeen of the public officers law.

(e) (1) The department shall have authority on all fiscal matters relating to the board.

(2) The board may utilize or request assistance of any state agency or authority subject to the approval of the superintendent.

(f) (1) Whenever the superintendent determines it would aid an investigation under section one hundred eleven of this chapter, the superintendent shall refer a drug to the board for a report thereon to be prepared.

(2) If a drug is referred to the board under paragraph one of this subsection the board shall determine:

(A) the drug's impact on the premium costs for commercial insurance in this state, and the drug's affordability and value to the public;

(B) whether increases in the price of the drug over time were significant and unjustified;

(C) whether the drug may be priced disproportionately to its therapeutic benefits; and

(D) any other question the superintendent may certify to the board in aid of an investigation under section one hundred eleven of this chapter.

(3) In formulating its determinations, the board may consider:

(A) publicly available information relevant to the pricing of the drug;

(B) information supplied by the department relevant to the pricing of the drug;

(C) information relating to value-based pricing;

(D) the seriousness and prevalence of the disease or condition that is treated by the drug;

(E) the extent of utilization of the drug;

(F) the effectiveness of the drug in treating the conditions for which it is prescribed, or in improving a patient's health, quality of life, or overall health outcomes;

(G) the likelihood that use of the drug will reduce the need for other medical care, including hospitalization;

(H) the average wholesale price, wholesale acquisition cost, retail price of the drug, and the cost of the drug to the Medicaid program minus rebates received by the state;

(I) in the case of generic drugs, the number of pharmaceutical manufacturers that produce the drug;

(J) whether there are pharmaceutical equivalents to the drug;

(K) information supplied by the manufacturer, if any, explaining the relationship between the pricing of the drug and the cost of development of the drug and/or the therapeutic benefit of the drug, or that is otherwise pertinent to the manufacturer's pricing decision; any such information provided shall be considered confidential and shall not be disclosed by the drug utilization review board in a form that identifies a specific manufacturer or prices charged for drugs by such manufacturer; and

(L) information from the department of health, including from the drug utilization review board.

(4) Following its review, the board shall report its findings to the superintendent. Such report shall include the determinations required by paragraph two of this subsection and any other information required by the superintendent.

(g) Notwithstanding any law to the contrary, the papers and information considered by the board and any report thereof shall be confidential and not subject to disclosure. The superintendent, in his or her sole discretion, may determine that the release of the board's report would not harm an ongoing investigation and would be in the public interest, and thereafter may release the report or any portion thereof to the public.

(h) The superintendent may call a public hearing on the determinations of the board, notice of such hearing shall be given to the manufacturer of the drug and shall be published on the website of the department for not less than fifteen days before the hearing.

§ 205. Gratuities; prohibited payments to department personnel. (a) No insurer or other person subject to this chapter, nor any other insurer or person shall directly or indirectly confer, or offer to confer, any money or other valuable benefit, whether in the form of payment, loan, credit, or otherwise, upon the superintendent, any deputy, or any employee of the department, by way of gratuity or for service or pretended service. Neither the superintendent, any deputy, nor any

employee of the department shall accept, or offer to accept, any such money or benefit.

(b) Subsection (a) hereof shall not prohibit the payment of compensation to any stenographer for transcripts of hearings or conferences, except that the superintendent may prescribe, by regulation, the conditions under which such transcripts may be furnished and the compensation therefor.

§ 208. Transfer or destruction of records. The superintendent may, in accordance with the provisions of section one hundred eighty-six of the state finance law, effect the transfer, or destruction, of any records made, acquired, or received by the department, if such records are, in his judgment, of no further material value to the state; but, subject to the provisions of section 57.29 of the arts and cultural affairs law, no records or other data required to be filed with the department during his administration, pursuant to any provision of this chapter, may be so destroyed.

§ 210. Annual consumer guide of health insurers, and entities certified pursuant to article forty-four of the public health law.

(a) The superintendent shall annually publish on or before September first, nineteen hundred ninety-nine, and annually thereafter, a consumer guide to insurers providing managed care products, individual accident and health insurance or group or blanket accident and health insurance and entities licensed pursuant to article forty-four of the public health law providing comprehensive health service plans which includes, in detail, a ranking from best to worst based upon each company's claim processing or medical payments record during the preceding calendar year using criteria available to the department, adjusted for volume of coverage provided. Such ranking shall also take into consideration the corresponding total number or percentage of claims denied which were reversed or compromised after intervention by the department and the department of health, consumer complaints to the department and the department of health, violations of section three thousand two hundred twenty-four-a of this chapter and other pertinent data which would

permit the department to objectively determine a company's performance. The department in publishing such consumer guide shall publish one state-wide guide or no more than five regional guides so as to facilitate comparisons among individual insurers and entities within a service market area. Such rankings shall be printed in a format which ranks all health insurers and all entities certified pursuant to article forty-four of the public health law in one combined list.

(b) The superintendent shall include in such guide annually, and insurers and entities certified pursuant to article forty-four of the public health law shall provide to the superintendent the information required for such guide in a timely fashion, the following information:

(1) The number of grievances filed pursuant to section forty-four hundred eight-a of the public health law, section three thousand two hundred seventeen-d of this chapter, section four thousand three hundred six-c of this chapter, or article forty-eight of this chapter and the number of such grievances in which an adverse determination of the insurer or entity was reversed in whole or in part versus the number of such determinations which were upheld;

(2) Beginning September first, two thousand twenty-seven, the number of approvals and the number of adverse determinations in whole or part issued by utilization review agents pursuant to section forty-nine hundred three of the public health law or section four thousand nine hundred three of this chapter; and

(3) The number of appeals to utilization review determinations that were filed pursuant to section forty-nine hundred four of the public health law and section four thousand nine hundred four of this chapter and the number of such determinations that were reversed in whole or in part versus the number of such determinations that were upheld.

(c) Beginning September first, nineteen hundred ninety-nine and annually thereafter, in addition to the information required in subsections (a) and (b) of this section, the superintendent, in conjunction with the commissioner of health, in consultation with the National Committee on Quality Assurance or a similar national organization, shall include in such guide the following additional information, for the most recent year in which such information is available and where applicable, for health insurers, health insurers providing managed care products and entities certified under article

forty-four of the public health law providing comprehensive health service plans pursuant to such article:

(1) the percentage of physicians who are either board certified or board eligible;

(2) the percentage of primary care physicians who remained participating providers, provided however, that such percentage shall exclude voluntary terminations due to physician retirement, relocation or other similar reasons;

(3) the percentage of enrollees aged twenty-three to thirty-nine and forty to sixty-four who had one or more visits to a health plan practitioner during the three years of their continual enrollment.

(4) the methods used to compensate primary care physicians and other providers, provided however, that nothing in this section shall be construed to require disclosure of the specific details of any financial arrangement between the insurer or entity and an individual provider or practice;

(5) the national accreditation status of insurers and entities, where applicable;

(6) indices of the quality of care provided, such as the rates of mammography, prostate, and cervical cancer screening, prenatal care, well-child care, immunization and such other information collected by the commissioner of health through the health plan employer data and information set (HEDIS); or through the quality assurance reporting requirements for entities not otherwise required to collect and report health plan employer data and information set (HEDIS) data;

(7) the results of a consumer satisfaction survey among enrollees of the various health insurers and entities, which shall be conducted by the superintendent and commissioner of health, in consultation with the National Committee on Quality Assurance or a similar national organization;

(8) a toll-free telephone number for each health insurer or plan;

(9) toll-free telephone numbers at the department and the department of health to which consumers can make complaints about insurers or entities; and

(10) except as required in paragraph seven of this subsection, health insurers and entities certified pursuant to article forty-four of the public health law shall report the information required under this

subdivision to the commissioner of health, and the commissioner shall provide such information to the superintendent for inclusion in the annual consumer guide.

(d) Beginning September first, two thousand twenty-seven and annually thereafter, in addition to the information required in subsections (a), (b), and (c) of this section, the superintendent shall include in such guide, and insurers and entities certified pursuant to article forty-four of the public health law shall provide to the superintendent, in a form and manner specified by the superintendent, the information required for such guide in a timely fashion, the following information regarding pre-authorization requests under article forty-nine of the public health law or article forty-nine of this chapter:

(1) the number of pre-authorization requests received under section forty-nine hundred three of the public health law and section four thousand nine hundred three of this chapter;

(2) the number of pre-authorization requests for which an authorization was issued under section forty-nine hundred three of the public health law and section four thousand nine hundred three of this chapter;

(3) the number of pre-authorization requests for which an adverse determination was issued in whole or part under section forty-nine hundred three of the public health law and section four thousand nine hundred three of this chapter;

(4) the number of pre-authorization requests for which an adverse determination was appealed under section forty-nine hundred four of the public health law and section four thousand nine hundred four of this chapter;

(5) the number of pre-authorization requests for which an adverse determination was reversed on appeal in whole or part under section forty-nine hundred four of the public health law and section four thousand nine hundred four of this chapter;

(6) the number of pre-authorization requests for which an adverse determination was upheld under section forty-nine hundred four of the public health law and section four thousand nine hundred four of this chapter;

(7) the twenty-five current procedural terminology codes with the highest number of pre-authorization requests and the percentage of

authorizations for each of these current procedural terminology codes under section forty-nine hundred three of the public health law and section four thousand nine hundred three of this chapter;

(8) the twenty-five current procedural terminology codes with the highest number of pre-authorization requests for which an authorization was issued under section forty-nine hundred three of the public health law and section four thousand nine hundred three of this chapter;

(9) the twenty-five current procedural terminology codes with the highest number of pre-authorization requests under section forty-nine hundred three of the public health law and section four thousand nine hundred three of this chapter for which an adverse determination was issued in whole or part but that was reversed by an appeal, in whole or part, under section forty-nine hundred four of the public health law and section four thousand nine hundred four of this chapter; and

(10) the twenty-five current procedural terminology codes with the highest number of pre-authorization requests for which an adverse determination was issued in whole or part under section forty-nine hundred three of the public health law and section four thousand nine hundred three of this chapter.

(e) Health insurers and entities certified pursuant to article forty-four of the public health law shall provide annually to the superintendent and the commissioner of health, and the commissioner of health shall provide to the superintendent by March first of each year, all of the information necessary for the superintendent to produce the annual consumer guide. In compiling the guide, the superintendent shall make every effort to ensure that the information is presented in a clear, understandable fashion that facilitates comparisons among individual insurers and entities, and in a format that lends itself to the widest possible distribution to consumers. The superintendent shall either include the information from the annual consumer guide in the consumer shopping guide required by subsection (a) of section four thousand three hundred twenty-three of this chapter or combine the two guides as long as consumers in the individual market are provided with the information required by subsection (a) of section four thousand three hundred twenty-three of this chapter.

(f) The superintendent shall contract with a national organization for the purposes of drafting and designing the guide, including the

preparation of relevant explanatory material. Such organization shall have actual experience in preparing a similar guide for at least one other state. The superintendent, in consultation with the commissioner of health, may also contract with one or more national organizations to assist such commissioner in the collection of data and the analysis and auditing of the clinical measurers. Such organizations shall consult periodically with associations representing health insurers and health maintenance organizations as well as with consumer representatives in New York in preparing the consumer guide.

§ 213. New York state health care quality and cost containment commission. (a) There is hereby established within the department a commission, to be known as the "New York state health care quality and cost containment commission". The commission shall consist of thirteen members appointed by the governor, one of whom shall be the superintendent, one of whom shall be the commissioner of health, and six of whom shall be appointed on the recommendation of the legislative leaders, two on the recommendation of the temporary president of the senate, two on the recommendation of the speaker of the assembly, one on the recommendation of the minority leader of the senate, and one on the recommendation of the minority leader of the assembly. All members shall serve at the pleasure of the governor, and vacancies shall be appointed in the same manner as original appointments. Members of the commission shall serve without compensation, but shall be reimbursed for reasonable travel expenses. In making appointments to the commission, the governor shall ensure that the interests of health care consumers, small businesses, the medical community and health plans are represented on the commission.

(b)(1) The purpose of the commission shall be to analyze the impact on health insurance costs and quality of proposed legislation which would mandate that health benefits be offered or made available in individual and group health insurance policies, contracts and comprehensive health service plans, including legislation that affects the delivery of health benefits or services or the reimbursement of health care providers.

(2) The governor, the chair of the senate insurance committee and the chair of the assembly insurance committee may request in writing that

the commission evaluate a proposed mandated benefit. Upon receiving such a request, the commission may, by a majority vote of its members, undertake an evaluation of such proposed mandated benefit.

(3) In evaluating a proposed mandated benefit, the commission shall:

(A) investigate the current practices of health plans with regard to the proposed mandated benefit, and, to the extent possible, self-funded health benefit plans;

(B) investigate the potential premium impact of the proposed mandated benefits on all segments of the insurance market, as well as the potential for avoided costs through early detection and treatment of conditions, or more cost-effective delivery of medical services; and

(C) analyze the most current medical literature regarding the proposed mandated benefit to determine its impact on health care quality.

(4) In evaluating a proposed mandated benefit, the commission may hold one or more public hearings, and shall strive to obtain independent and verifiable information from diverse sources within the healthcare industry, medical community and among health care consumers with regard to the proposed mandated benefit.

(c) To assist the commission in its duties, and upon the direction of the commission, the superintendent is authorized to enter into one or more contracts with independent entities and organizations with demonstrable expertise in health care quality, finance, utilization and actuarial services. For the purposes of this section, the superintendent shall not enter into contracts with health plans, entities or organizations owned or controlled by health plans, or with significant business relationships with health plans.

(d) Upon completion of its evaluation of a proposed mandated benefit pursuant to this section, the commission shall deliver a written report of its findings to the chair of the assembly insurance committee and the chair of the senate insurance committee.

§ 214. Report on insurance agent licensing examinations. The superintendent shall perform a study of the insurance agent licensure examinations required pursuant to section two thousand one hundred three of this chapter. The study shall, at a minimum, include the total number of examinees, the passing rate of all examinees, and the mean scores on

the examination. Additionally, the study shall examine the correlation between these statistics and the applicants' native language, level of education, gender, race and ethnicity. The study shall be completed by March fifteenth, two thousand twelve, and annually thereafter.

ARTICLE 3

ADMINISTRATIVE AND PROCEDURAL PROVISIONS

Section 301. Regulations by superintendent.
302. Supervisory colleges.
306. Immunity from prosecution.
307. Annual statements; audited financial statements.
308. Special reports.
309. Examinations of insurers; when authorized or required.
310. Examinations; how conducted.
311. Filing of report on examination.
312. Report on examination to be forwarded.
314. Public retirement and pension systems.
315. Professional malpractice or misconduct; reporting requirements.
316. Electronic filings.
317. Compliance with reporting requirements of the financial security act.
318. Reports of fire losses; availability of information.
319. Release of information resulting from insurers' investigation of fires.
320. Records to be made available by organizations subject to the provisions of this chapter.
321. Medical information exchange centers.
322. Prohibited referral payment to licensees by motor vehicle repairers.
325. Records of domestic insurers.
329. Certificates as evidence; affirmation of documents and testimony.
330. Rating services available to other states.
331. Superintendent to maintain index of tax districts; insurers' requirements.

333. Assessments to defray expenses of Committee on Valuation of Securities of the National Association of Insurance Commissioners.
335. Implementation of hospital reimbursement methodology.
336. War risk exclusion; notification.
337. Annual consumer guide on automobile insurance.
339. Colorectal cancer screening notification.
340. Report of claims that may result in a monetary award.
341. Notification regarding qualified health insurance plans.
342. Public awareness to finance long term care.
343. Mental health and substance-related and addictive disorder services parity report.
344. Mental health and substance-related and addictive disorder parity compliance programs.
345. Health care claims reports.
346. Annual report on insurance for multi-family buildings.

§ 301. Regulations by superintendent. The superintendent shall have the power to prescribe and from time to time withdraw or amend, in writing, regulations, not inconsistent with the provisions of this chapter:

(a) governing the duties assigned to the members of the staff of the department;

(b) effectuating any power, given to him under the provisions of this chapter to prescribe forms or otherwise make regulations;

(c) interpreting the provisions of this chapter; and

(d) governing the procedures to be followed in the practice of the department.

§ 302. Supervisory colleges. (a) The superintendent may participate in a supervisory college in order to determine compliance with this chapter with respect to an insurer that is registered under article fifteen, sixteen, or seventeen of this chapter and has international operations. The powers of the superintendent with respect to supervisory colleges include:

(1) initiating the establishment of a supervisory college;

(2) clarifying the membership and participation of other supervisors in the supervisory college;

(3) clarifying the functions of the supervisory college and the role of other regulators, including the establishment of a group-wide supervisor;

(4) coordinating the ongoing activities of the supervisory college, including planning meetings, supervisory activities, and processes for information sharing; and

(5) establishing a crisis management plan.

(b) Each insurer registered under article fifteen, sixteen, or seventeen of this chapter that is subject to a supervisory college shall be liable for and shall pay the reasonable expenses of the superintendent's participation in a supervisory college, including reasonable travel expenses. A supervisory college may be convened as either a temporary or permanent forum for the communication and cooperation between the regulators charged with the supervision of the insurer or its parent, affiliates, or subsidiaries. The superintendent may establish a regular assessment to the insurer for the payment of these expenses.

(c) In order to assess the business strategy, financial position, legal and regulatory position, risk exposure, risk management and governance processes, and as part of the examination of individual insurers, the superintendent may participate in a supervisory college with other regulators charged with supervision of the insurer or its parent, affiliates, or subsidiaries, including other state, federal, and international regulatory agencies. The superintendent may enter into agreements pursuant to section one hundred ten of this chapter providing the basis for cooperation between the superintendent and other regulatory agencies and for the activities of the supervisory college. Nothing in this section shall delegate to the supervisory college the superintendent's authority to regulate or supervise the insurer or its parent, affiliates, or subsidiaries within the superintendent's jurisdiction.

§ 306. Immunity from prosecution. (a) At any hearing conducted

pursuant to this chapter or in any cause or proceeding instituted by the superintendent pursuant to this chapter, the superintendent, or his deputy or other officer conducting the hearing, cause or proceeding may confer immunity in accordance with the provisions of section 50.20 of the criminal procedure law.

(b) No person compelled in accordance with the provisions of section 50.20 of the criminal procedure law to give answer or produce evidence of any other kind at any such hearing, cause or proceeding shall be exempt from the refusal, revocation or suspension of any license, permission or authority conferred, or to be conferred, pursuant to this chapter. Any person testifying at any such hearing, cause or proceeding may execute, acknowledge and file in the office of the superintendent a statement expressly waiving his immunity or privilege against self-incrimination in respect to any transaction, matter or thing specified in such statement and thereupon the answers given or evidence produced by such person in relation to such transaction, matter or thing may be received or produced before any judge or justice, court, tribunal, grand jury or otherwise, and if so received or produced such person shall not be entitled to any immunity or privilege on account of any answers he may so give or evidence he may so produce.

§ 307. Annual statements; audited financial statements. (a) (1) Every insurer and every fraternal benefit society that is authorized to do an insurance business in this state, and every pension fund, retirement system or state fund that is required, by any law of this state, to report to the superintendent or is subject to the superintendent's examination, shall file in the office of the superintendent, annually on or before the first day of March, a statement, to be known as its annual statement, executed in duplicate, verified by the oath of at least two of its principal officers, showing its condition at last year-end or, in the case of a pension fund or retirement system, on such date in the year next preceding as the superintendent may approve. Such statement shall be in such form and shall contain such matters as the superintendent shall prescribe. The superintendent may accept an electronic filing of a foreign insurer's annual statement that does not contain the signatures or verification of the officers provided that the

foreign insurer has filed, in its state of domicile, an annual statement verified by the oath of at least two of its principal officers. In such a situation, the officers of the foreign insurer shall be deemed to have given their oath in this state.

(2) The superintendent shall from time to time prescribe the form of such annual statement, which may be a printed document and/or electronic media, and which may be varied as to different types of insurers, corporations, societies, pension funds and retirement systems, as shall seem to him best adapted to elicit a true exhibit of the condition of each such entity, in respect to every matter which he may deem material. For every annual statement form which differs from or is in addition to those adopted from time to time by the national association of insurance commissioners, the superintendent shall cause to be prepared and furnished to every insurer, pension fund or retirement system required by law to report to him, printed forms of the statements and schedules required by him.

(3) The annual statement of an alien insurer may be verified by the oath of the manager or assistant manager thereof within the United States, or by any other official of such insurer authorized by it to sign and verify its annual statements, if such authorization shall be proved by filing with the superintendent such evidence as he may require. The annual statement of an alien insurer, excepting a fraternal benefit society, shall be a separate statement, to be known as its general form of statement, of the business done within the United States and of the assets held by or for it within the United States for the protection of policyholders and creditors within the United States and of the liabilities incurred against such assets, and shall not contain any statement in regard to its assets and business elsewhere. But the superintendent may require any such alien insurer to give such additional information as to its total business or assets or any portion thereof as he may determine.

(4) Every insurer and every fraternal benefit society which is authorized to do an insurance business in this state, and every pension fund, retirement system or state fund which is required by any law of this state to report to the superintendent, which willfully fails to file an annual statement as required in this section, or willfully fails to reply within thirty days to a written inquiry by the superintendent

in connection therewith, shall, in addition to other penalties provided by this chapter, be subject, upon due notice and opportunity to be heard, to a penalty of up to two hundred fifty dollars per day of delay, not to exceed twenty-five thousand dollars in the aggregate, for each such failure.

(b) (1) Every licensed insurer, except an assessment co-operative property/casualty insurance company having direct premiums written in this state of less than two hundred fifty thousand dollars in any calendar year and having less than five hundred policyholders at the end of such calendar year, shall be required to file within five months of the end of such calendar year, an annual financial statement (including an annual financial statement of any subsidiary of the type described in paragraph nine of subsection (a) of section one thousand four hundred four or subparagraph (B) of paragraph four of subsection (a) of section one thousand four hundred seven of this chapter) together with an opinion thereon of an independent certified public accountant on the financial statement of such insurer and any such subsidiary, which statement and opinion shall be available for public inspection at the office of the superintendent and the principal office of the insurer. Each such insurer shall furnish the superintendent with an evaluation by such accountant of the accounting procedures and internal control systems of the insurer that are necessary to the furnishing of the opinion. Each such insurer shall require the accountant to make available for review by the superintendent the work papers and any communications between the accountant and the insurer relating to the examination of the insurer. Any such work papers and communications made available to the superintendent shall be kept confidential, shall not be subject to subpoena and shall not be made public unless, after notice and opportunity to be heard, the superintendent determines that the interests of policyholders, stockholders or the public will be served by the publication thereof. Each such insurer shall require the accountant to notify the superintendent if the accountant has determined that the insurer has materially misstated its financial condition as reported to the superintendent or that the insurer does not meet minimum capital or surplus to policyholder requirements.

(2) If the insurer is part of a group of insurance companies which utilizes a pooling agreement or one hundred percent reinsurance

agreement that affects the solvency and integrity of such insurer's reserves and such insurer cedes all of its direct and assumed business to the pool, then such insurer may file audited consolidated or combined financial statements in lieu of separate annual audited financial statements provided that a consolidating or combining exhibit be filed that clearly reconciles amounts in the audited financial statement to the individual company annual statements. In addition, an insurer may comply by filing statements prepared in accordance with generally accepted accounting principles, provided that appropriate reconciliation is made of the differences between net income and capital and surplus reported on that basis and that reported in the annual statutory statement filed with the superintendent.

(3) In lieu of the requirements of this subsection, the superintendent may accept copies of filings of audited financial statements required by another state where they are found to be substantially similar to the requirements herein. Upon written application of any insurer, extensions of the filing date and exemptions from the filing requirements may be granted by the superintendent, if the superintendent finds, upon review of the application, that compliance would constitute a financial or organizational hardship upon the insurer.

§ 308. Special reports. (a) (1) The superintendent may also address to any health maintenance organization, life settlement provider, life settlement intermediary or its officers, or any authorized insurer or rate service organization, or officers thereof, any inquiry in relation to its transactions or condition or any matter connected therewith. Every corporation or person so addressed shall reply in writing to such inquiry promptly and truthfully, and such reply shall be, if required by the superintendent, subscribed by such individual, or by such officer or officers of a corporation, as the superintendent shall designate, and affirmed by them as true under the penalties of perjury.

(2) In the event any corporation or person does not provide a good faith response to an inquiry from the superintendent pursuant to this section relating to accident insurance, health insurance, accident and health insurance or health maintenance organization coverage or with respect to life settlements, within a time period specified by the

superintendent of not less than fifteen business days, the superintendent is authorized to levy a civil penalty, after notice and hearing, against such corporation or person not to exceed five hundred dollars per day for each day beyond the date specified by the superintendent for response, but in no event shall such penalty exceed seven thousand five hundred dollars.

(b) In addition to the other reports required by this article, the superintendent may also require the filing of quarterly or other statements, which shall be in such form and shall contain such matters as the superintendent shall prescribe.

(c) The superintendent shall ensure that any contracts entered into, modified, extended or in any way made or continued with an organization or administrator to receive, distribute and otherwise administer funds for the pools specified in section eighteen of chapter two hundred twenty-six of the laws of nineteen hundred eighty-six and sections three thousand two hundred thirty-three, four thousand three hundred twenty-one-a and four thousand three hundred twenty-seven of this chapter, shall require such organization or pool administrator to submit the reports required pursuant to section two hundred six of the public health law at the time and in the format and manner specified in such section.

§ 309. Examinations of insurers; when authorized or required. (a) The superintendent may make an examination into the affairs of any insurance corporation or other insurer doing or authorized to do any insurance business in this state or, of any pension fund, retirement system or other organization which is required by law to make reports to, or is subject to examination by, the department as often as he deems it expedient for the protection of the interests of the people of this state, in addition to examinations authorized by other provisions of this chapter.

(b) The superintendent shall make an examination into the affairs:

(1) of every authorized domestic fraternal benefit society and every domestic property/casualty insurance company, at least once in every three years; except that the superintendent may extend the three year interval to not more than five years with respect to a property/casualty

insurance company, upon determining that the three year requirement is not necessary to safeguard the interests of the public or policyholders;

(2) of every domestic life insurance company, at least once in every five years; and

(3) of every other authorized domestic insurer and every rate service organization which makes or files rates, whether or not advisory, at least once in every five years.

* (c) As part of an examination, the superintendent shall review determinations of coverage for substance use disorder treatment and shall ensure that such determinations are issued in compliance with sections three thousand two hundred sixteen, three thousand two hundred twenty-one, four thousand three hundred three, and title one of article forty-nine of this chapter.

* NB Effective until January 1, 2027

* (c) As part of an examination, the superintendent shall review determinations of coverage for substance-related and addictive disorder services and shall ensure that such determinations are issued in compliance with sections three thousand two hundred sixteen, three thousand two hundred twenty-one, four thousand three hundred three, and title one of article forty-nine of this chapter.

* NB Effective January 1, 2027

§ 310. Examinations; how conducted. (a) (1) Whenever pursuant to any provision of this chapter, the superintendent shall determine to examine the affairs of any insurer or other person, he shall make an order indicating the scope of the examination and may appoint as examiners one or more persons not employed by any insurer or interested in any insurer except as a policyholder. A copy of such order shall upon demand be exhibited to the insurer or person whose affairs are to be examined before the examination begins.

(2) Any examiner authorized by the superintendent shall be given convenient access at all reasonable hours to the books, records, files, securities and other documents of such insurer or other person, including those of any affiliated or subsidiary companies thereof, which are relevant to the examination, and shall have power to administer oaths and to examine under oath any officer or agent of such insurer or

other person, and any other person having custody or control of such documents, regarding any matter relevant to the examination.

(3) The officers and agents of such insurer or other person shall facilitate such examination and aid such examiners in conducting the same so far as it is in their power to do so.

(4) The refusal of any insurer to submit to examination shall be ground for revocation or refusal of a license or renewal license.

(5) The examiner or examiners in charge of such examination shall make a true report of every examination made by them, verified under oath, which shall comprise only facts appearing upon the books, records, or other documents of such insurer or other person or as ascertained from the sworn testimony of its officers or agents or other persons examined concerning its affairs, and such conclusions and recommendations as may reasonably be warranted from such facts.

(b) In connection with any such examination the superintendent may appoint one or more competent persons as appraisers with authority to appraise the real property of such insurer or other person or any real property on which it holds security. The report of such appraisers shall be a supplement to the report of the examiner or examiners in charge, and shall be subject to notice and hearing as provided in section three hundred eleven of this article.

§ 311. Filing of report on examination. (a) Except as hereinafter provided the superintendent may withhold from public inspection for such time as he deems proper any report on examination made pursuant to section three hundred ten of this article.

(b) (1) Before adopting any such report and filing it for public inspection, the superintendent shall notify the insurer or other person examined of its contents and shall afford such insurer or other person a reasonable opportunity to obtain further details and to demand a hearing with reference to facts, conclusions or recommendations therein contained.

(2) If a hearing is requested within ten days after the giving of such notice, the superintendent shall give notice and a hearing in accordance with the provisions of this article. Such hearing shall be held before the superintendent or a deputy superintendent.

(c) The report on examination, with modifications thereof, if any, shall be accepted by the superintendent and filed for public inspection within six months after final hearing thereon and if he deems it in the public interest to do so, he may publish any such report or any excerpt therefrom or summary thereof, in one or more newspapers in the state.

(d) In any action or proceeding in the name of the people against the insurer or other person examined, or any officer or agent thereof, such report, if adopted by the superintendent and filed for public inspection, shall be admissible in evidence and shall be presumptive evidence of the facts stated therein.

(e) Nothing herein contained shall preclude the superintendent from instituting any proceeding under article seventy-four of this chapter at any time or from using as proof in such proceeding any report on examination or part thereof, whether or not such report has been adopted and filed.

§ 312. Report on examination to be forwarded. (a) The superintendent shall forward to every insurer or other person examined a copy of the report on examination as filed for public inspection, together with any recommendations or statements relating thereto which he may deem proper.

(b) A copy of the report shall be furnished by such insurer or other person to each member of its board of directors and each such member shall sign a statement which shall be retained in the insurer's files confirming that such member has received and read such report. The superintendent may require that a copy of the report shall also be furnished by such insurer to the supervising insurance official of each state in the United States in which such insurer is authorized to do an insurance business.

§ 314. Public retirement and pension systems. (a) In this section, "system" means an actuarily funded public retirement or pension system of the state of New York or of a municipality thereof.

(b) Notwithstanding any other provision of law to the contrary, the superintendent shall have, in addition to any other powers conferred upon him by law, the following authority with respect to any system:

(1) to require the administrative head or trustees of a system as may be appropriate to file an annual report pursuant to the provisions of section three hundred seven of this article in such form and containing such matters as the superintendent shall prescribe, and to respond in such form as the superintendent may require to any inquiry in relation to transactions or condition of the system or any matter connected therewith pursuant to the provisions of section three hundred eight of this article;

(2) to promulgate and amend from time to time, after consultation with the administrative heads of systems and after a public hearing, standards with respect to actuarial assumptions, accounting practices, administrative efficiency, discharge of fiduciary responsibilities, investment policies and financial soundness; and

(3) to make an examination into the affairs of every system, including compliance with the standards established pursuant to paragraph two of this section, at least once in every five years in accordance with the provisions of sections three hundred ten, three hundred eleven and three hundred twelve of this article and to recover the expenses of such examination from such system in accordance with the provisions of subsection (f) of section two hundred six of the financial services law. A copy of each report on examination as filed for public inspection shall be forwarded to the governor, state comptroller and legislature and, in the case of systems of the city of New York, to the mayor, city comptroller and president of the city council.

§ 315. Professional malpractice or misconduct; reporting requirements. (a) Every organization or person authorized to issue professional liability insurance policies in this state shall report any disposition, whether by judgment or settlement, of any claim made against an individual licensed pursuant to the provisions of title eight of the education law where the claim was based upon fraud, incompetence or negligence except that reports for physicians, physician's assistants and specialist's assistants shall be reported pursuant to the provisions of subsection (b) hereof.

(b) (1) Each insurance company engaged in issuing professional medical malpractice insurance in this state the medical malpractice insurance

association shall file with the superintendent and with the commissioner of health quarterly reports on all claims for medical malpractice made against any of its insureds and received by it during the preceding three month period, a report of any surcharge or merit-rating adjustment made on an insured's premium and the reason for the surcharge or merit-rating adjustment and a report of any cancellation, including voluntary cancellation by the insured and the reason for the cancellation, of its insureds professional medical liability insurance for reasons other than non-payment of premiums during the preceding three month period.

(2) Each hospital, as defined in article twenty-eight of the public health law, which, and each health care practitioner licensed, certified or registered pursuant to the provisions of title eight of the education law who, is self-insured for professional medical malpractice or is insured for professional medical malpractice with an insurance company not licensed to do business in this state shall also file quarterly reports with the superintendent and the commissioner of health on all claims for medical malpractice made against him, her, or it during the preceding three month period. For purposes of this section, a hospital which, or individual who, is self-insured for professional medical malpractice shall mean a hospital which, or individual who, is not insured for professional medical malpractice with either an insurance company engaged in issuing professional medical malpractice insurance in this state or the medical malpractice insurance association or an insurance company not licensed to do business in this state.

(c) Reports required by this section shall contain the following information:

(1) the name and address of the professional licensee against whom such claim is made, including the name and address of the hospital, other person or institution if the report is made pursuant to subsection (b) hereof;

(2) the name, address and age of the claimant or plaintiff;

(3) the nature and substance of the claim;

(4) the date and place in which the claim arose;

(5) within three months after final disposition of the claim, the amounts paid, if any, and the date and manner of disposition (by judgment, settlement or otherwise);

(6) the reasons for the cancellation of professional liability insurance for reasons other than non-payment of premiums; and

(7) such additional information as the superintendent or the commissioner of education shall require for reports required by subsection (a) hereof and as the superintendent and commissioner of health shall require for reports required by subsection (b) hereof.

(d)(1) Reports required by subsection (a) hereof shall be in writing on a form prescribed by the superintendent and commissioner of education and shall be submitted to the department of education within sixty days of the date of any settlement or judgment.

(2) Reports required by subsection (b) hereof shall be in writing on a form prescribed by the superintendent and commissioner of health and shall be submitted to them not less than quarterly on dates jointly determined by them and shall contain information received during the preceding three month period concerning claims received, additional required data not previously reported and disposition of claims.

(e) Written reports and other documentation compiled pursuant to subsection (a) hereof shall be admissible in evidence in any administrative or judicial action or proceeding.

(f) Any report or information furnished or compiled pursuant to this section shall be deemed to be a confidential communication. Reports required by subsection (a) hereof shall not be subject to inspection or disclosure in any manner except upon written request by a duly authorized public agency or pursuant to a judicial subpoena issued in a pending action or proceeding. Reports required by subsection (b) hereof shall not be open for review or be subject to subpoena except by a public agency or authority of this state.

(g) Malpractice insurance compliance reporting requirements. The failure to make any report required by this section shall constitute a misdemeanor. The department of health shall oversee the enforcement of this subdivision, and on or before June thirtieth of each calendar year provide a report to the governor and the legislature regarding industry compliance. Such report shall include a recommendation from the department regarding changes in the applicable penalties for noncompliance, which are necessary to ensure the integrity of the reporting system. The department shall further study the necessity of assessing penalties for false reporting by physicians, hospitals, or

health care plans for purposes of collecting and disseminating data required to be disclosed pursuant to title one of article twenty-nine-d of the public health law.

§ 316. Electronic filings. Notwithstanding subdivision one of section three hundred five of the state technology law, the superintendent may promulgate regulations to require an insurer or other person or entity making a filing or submission with the superintendent pursuant to this chapter to submit the filing or submission to the superintendent by electronic means. Should the superintendent require that a filing or submission be made by electronic means, an insurer or other person or entity affected thereby may submit a request to the superintendent for an exemption from the electronic filing requirement upon a demonstration of undue hardship, impracticability, or good cause, subject to the approval of the superintendent.

§ 317. Compliance with reporting requirements of the financial security act. Insurers licensed to write personal injury liability insurance in connection with the ownership, maintenance or use of motor vehicles, as authorized pursuant to paragraph thirteen of subsection (a) of section one thousand one hundred thirteen of this chapter, shall fully comply with the reporting requirements of article six of the vehicle and traffic law. In the event that an insurer fails to timely and properly report any of the information required by such article or the regulations of the commissioner of motor vehicles promulgated thereunder, the superintendent, upon notice and an opportunity to be heard, is authorized to impose a fine on such insurer in an amount not to exceed five hundred dollars for each failure to timely and properly report. In the event of a persistent and willful violation of the reporting requirements, the superintendent, upon notice and an opportunity to be heard, is authorized to impose a fine on such insurer, in an amount not to exceed five thousand dollars per day for each day such violation continues.

§ 318. Reports of fire losses; availability of information. (a) Insurers shall report all fire losses in excess of five hundred dollars or such larger amount as prescribed by the superintendent, arising under policies covering property located in this state to a central organization engaged in property loss registration, as designated by the superintendent, in accordance with regulations promulgated by the superintendent.

(b) The information contained in such reports shall, in accordance with such regulations, be available to law enforcement agencies, to tax districts which have, pursuant to the provisions of section twenty-two of the general municipal law, filed with the superintendent a notice of intention to claim against the proceeds of a policy of fire insurance, to the office of fire prevention and control and to appropriate governmental agencies charged with the responsibility for demolition of structures.

§ 319. Release of information resulting from insurers' investigation of fires. (a) In this section, "authorized law enforcement agency" means:

(1) any official of any agency authorized to investigate a fire at the place where the fire occurred;

(2) the district attorney responsible for the prosecution in the county where the fire occurred; and

(3) solely for the purpose of subsections (b) and (c) hereof, the Federal Bureau of Investigation or any other federal agency, and the United States attorney's office when authorized or charged with investigation or prosecution of the fire in question.

(b) Each insurer authorized to issue policies covering losses incurred to personal or real property through fire shall contact the appropriate authorized law enforcement agency and release information in its possession resulting from an investigation conducted by it pertaining to any such fire loss, should the insurer be of the opinion that the fire was caused by other than accidental means. The notification to a single authorized agency shall be sufficient for purposes of this section, provided, however, that in cities with a population over one million, notification to the appropriate fire protection agency shall be

sufficient for the purposes of this section.

(c) Any authorized law enforcement agency may, in writing, require the insurer to release, to that agency, any relevant information or evidence deemed important to the authorized law enforcement agency that the insurer may have in its possession relating to the fire loss in question. Relevant information shall include, but shall not be limited to:

(1) pertinent insurance policy information relevant to a fire loss under investigation and any application for such a policy;

(2) policy premium payment records that are available;

(3) history of previous claims made by the insured; and

(4) material relating to the investigation of the loss, including statements of any person, proof of loss, and any other evidence relevant to the investigation.

(d) Any insurer providing information to an authorized law enforcement agency or agencies concerning a particular fire loss for which the insurer has provided information pursuant to this section shall have the right to request relevant information and to receive within a reasonable time, not to exceed thirty days after the receipt of such request, the information requested, provided that the information is not subject to the provisions of paragraphs (a), (e) and (f) of subdivision two of section eighty-seven of the public officers law. This subsection shall confer no substantive or procedural rights on a defendant in a criminal action, proceeding or prosecution.

(e) The authorized agency provided with information pursuant to subsection (c) hereof, in furtherance of its own purposes, may release or provide such information to any other authorized law enforcement agency.

(f) Any information or evidence furnished pursuant to this section shall be held in confidence by the appropriate agency until such information is required to be released pursuant to a criminal proceeding, or if such agency shall be served a summons or subpoena to testify as to any information or evidence in its possession regarding such fire loss in any civil action where an insured or other person is seeking recovery under a policy against an insurer for fire damage to real or personal property.

§ 320. Records to be made available by organizations subject to the provisions of this chapter. (a) Every insurer shall, upon request of the state department of social services or of a local social services district for any records, or any information contained in such records, pertaining to the coverage of any individual for such individual's medical costs under any individual or group policy or other obligation made by such organizations, or the medical benefits paid by or claims made to such organizations pursuant to such policy or other obligation in accordance with the limitations of subsection (c) hereof, make the requested records or information available upon a certification by the department of social services or the social services district that such individual is an applicant for or recipient of medical assistance, or is a person who is legally responsible for such an applicant or recipient, pursuant to the social services law.

(b) The superintendent and the commissioner of the state department of social services shall enter into a cooperative agreement setting forth mutually agreeable procedures for requesting and furnishing appropriate information, not inconsistent with any law pertaining to the confidentiality and privacy of records, which procedures shall include financial arrangements as may be necessary to reimburse insurers for necessary costs incurred in furnishing requested information, and the time and manner such procedures are to become effective. Such procedures may be added to a new cooperative agreement which shall supersede the agreement currently in existence between the superintendent and the commissioner of social services.

(c) The department of social services or a local social services district shall request only that information necessary to determine whether any insurance benefits have been or should have been claimed and paid with respect to items of medical care and services received by a particular individual for which medical assistance coverage would otherwise be available.

(d) Not later than the date upon which the procedures agreed to pursuant to subsection (b) hereof become effective, the superintendent shall establish guidelines to assure that information relating to an individual certified to be an applicant for or recipient of medical assistance, furnished to any insurer, is used only for the purpose of

identifying the records or information requested in such manner so as not to violate the confidentiality provisions of the social services law.

(e) (1) Every insurer shall, upon request of an authorized representative of the state office of temporary and disability assistance, or a social services district child support enforcement unit established pursuant to section one hundred eleven-c of the social services law, enter into an agreement with the state office of temporary and disability assistance or a social services district to develop and operate a data match system, using automated data exchanges to the maximum extent feasible, in which each such insurer, pension fund, retirement system or other organization shall provide for each calendar quarter the name, record address, social security number or other taxpayer identification number, and other identifying information for each individual who maintains a demand deposit account, checking or negotiable withdrawal order account, savings account, time deposit account, or money-market mutual fund account at such institution and who owes past-due support, as identified by the state office of temporary and disability assistance or a social services district child support enforcement unit by name and social security number or other taxpayer identification number. Nothing herein shall be deemed to limit the authority of a local social services district support collection unit pursuant to section one hundred eleven-h of the social services law.

(2) No insurer which discloses information pursuant to paragraph one of this subsection, or discloses any financial record to the state office of temporary and disability assistance or a social services district child support enforcement unit for the purpose of enforcing a child support obligation of such person, shall be liable under any law to any person for such disclosure, or for any other action taken in good faith to comply with paragraph one of this subsection.

(f) "Insurer", as used in this section, means:

(1) (i) an insurer required to be licensed to do an insurance business in this state under this chapter, including a corporation subject to article forty-three or forty-seven of this chapter;

(ii) a pension fund, retirement system or other organization required by law to make reports to, or which is subject to examination by, the superintendent;

(iii) a health maintenance organization subject to article forty-four of the public health law; or

(iv) a self-funded plan or any other insurer with respect to any medical claim or benefit of a resident of this State; and

(2) any person or other entity acting on behalf of an insurer as described in paragraph one of this subsection with respect to any medical claim or benefit of a resident of this State.

§ 321. Medical information exchange centers. (a) Whenever any insurance company (which is a member of a medical information exchange center or which otherwise may transmit medical information in whatever manner to any other similar facility including but not limited to an electronic data facility used by two or more insurance companies to determine or aid in determining the insurability of applicants) requests medical information from any applicant for personal insurance, it shall not transmit, nor be considered to have obtained the applicant's informed consent to transmit, the information to any such facility unless such company furnishes such applicant with a clear and conspicuous notice disclosing:

(1) a description of such facility and its operations, including its name, address and telephone number where it may be contacted to request disclosure of any medical information transmitted to it;

(2) the circumstances under which such facility may release such medical information to other persons; and

(3) such applicant's rights to request such facility to arrange disclosure of the nature and substance of any information in its files pertaining to him, and to seek correction of any inaccuracies or incompleteness of such information.

(b) Such notice shall be given to all applicants when any application for personal insurance is completed.

(c) No such facility shall release, transmit or otherwise communicate any medical information it may have to any other person unless such other person shall have in its possession a written instrument signed by the person who is the subject of medical information (or by a parent or guardian if such subject is a minor) specifically naming such facility and authorizing such other person to obtain such medical information

from such facility.

(d) No such facility shall maintain information about HIV related test results pertaining to any individual unless such test results are included within a general code, which code is not designated solely for HIV related test results, and concerning which code no member of such facility may request from such facility details sufficient to determine whether the code was used to maintain information about HIV related test results.

For purposes of this subsection, an "HIV related test" means any laboratory test or series of tests for any virus, antibody, antigen or etiologic agent whatsoever thought to cause or to indicate the presence of AIDS.

§ 322. Prohibited referral payment to licensees by motor vehicle repairers. No licensed insurance agent, licensed insurance broker, licensed adjuster, authorized insurer or representative of such insurer shall directly or indirectly request, procure or accept any payment from a motor vehicle repairer for referring any motor vehicle repair business to such repairer.

§ 325. Records of domestic insurers. (a) Every domestic insurer and every licensed United States branch of an alien insurer entered through this state shall, except as hereinafter provided, keep and maintain at its principal office in this state its charter and by-laws (in the case of a United States branch a copy thereof) and its books of account, and if a domestic stock corporation a record containing the names and addresses of its shareholders, the number and class of shares held by each and the dates when they respectively became the owners of record thereof, and if a domestic corporation the minutes of any meetings of its shareholders, policyholders, board of directors and committees thereof. If any such records are kept in a language other than English, they shall be accompanied by accurate translations thereof. An insurer may satisfy the requirements of this subsection by storing the aforementioned books and records on servers that are accessible through

the internet, on an internal server hosted by the insurer or one of its affiliates, or externally with a third-party service provider if they are easily accessible from the insurer's principal office in this state and the insurer complies with all applicable state and federal laws and regulations.

(b) A domestic insurer and a licensed United States branch of an alien insurer entered through this state may keep and maintain its books of account without this state if, in accordance with a plan adopted by its board of directors and approved by the superintendent, it maintains in this state suitable records in lieu thereof; provided, however, that the superintendent may after notice and hearing direct such insurer to return all or any of its books of account to this state if such return is reasonably necessary to protect the interests of the people of this state or to permit their inspection in this state by a director, a shareholder, or, in the case of a mutual insurer, a policyholder, who has shown to the satisfaction of the superintendent that he has made an application to such insurer for inspection of such books in good faith and for a necessary and legitimate purpose, and that such insurer has either declined to permit such inspection without this state or to agree to pay any additional expenses reasonably to be incurred by the applicant or his agent or attorney in connection with the inspection of such books as a result of their maintenance without this state. If in the judgment of the superintendent delay in the return of any or all books of account of such insurer may be hazardous, or may cause irreparable injury, to the people of this state or to the policyholders of such insurer he may direct the return thereof without notice and hearing.

(c) Notwithstanding the provisions of subsections (a) and (b) of this section, any licensed United States branch of an alien insurer entered through this state which keeps and maintains its books of account without this state on April first, nineteen hundred eighty-seven may continue to do so, unless the superintendent determines, after notice and hearing, that the return of such books to this state is reasonably necessary to protect the interests of the people of this state.

§ 329. Certificates as evidence; affirmation of documents and

testimony. (a) Every certificate, assignment, conveyance or other paper executed by the superintendent or one of his deputies pursuant to law and sealed with the official seal of the department shall be received as evidence in any judicial or other proceeding and may be recorded in the proper recording offices.

(b) Any charter, or any certificate or other instrument supplemental to or amendatory of the charter, of an insurer filed in the office of the superintendent and containing statements of fact required or permitted by law to be contained therein, shall be received in all courts, public offices and official bodies as prima facie evidence of such facts and of the execution of such instrument.

(c) Whenever by the laws of any jurisdiction other than this state, any certificate by any officer in such jurisdiction or a copy of any instruments certified or exemplified by any such officer, may be received as prima facie evidence of the incorporation, existence or capacity of any corporation incorporated in such jurisdiction, or claiming so to be, such certificate when exemplified, or such copy of such instrument when exemplified shall be received in all courts, public offices and official bodies of this state, as prima facie evidence with the same force as in such jurisdiction. Such certificate or certified copy of such instrument shall be so received, without being exemplified, if it is certified by the secretary of state, or official performing the equivalent function as to corporate records of such jurisdiction.

(d) Notwithstanding any provision of this chapter requiring an oath as to the proof of a document or the truth of testimony, the affiant may, if his religious beliefs cause him to object to giving an oath, affirm the document or his testimony.

§ 330. Rating services available to other states. (a) The superintendent shall have authority to contract with the insurance supervisory officials of other states to make available the services of the rating and statistics sections of the department for the purpose of examining and reviewing rate filings made with such officials and to render such other advisory assistance in connection therewith as said officials may request. The provisions of section one hundred twelve of the state finance law shall be applicable to such contracts.

(b) All expenses, including the compensation of officers and employees of the department made pursuant to any such contract, shall be paid in the first instance out of the state treasury on the certificate of the superintendent upon audit and warrant of the comptroller and shall be presented in the form of an itemized bill therefor to such insurance supervisory officials. The state treasury shall be reimbursed by payments thereto by the superintendent of amounts collected by him in accordance with the provisions of this section.

§ 331. Superintendent to maintain index of tax districts; insurers' requirements. (a) The superintendent shall maintain a suitable index of tax districts which, pursuant to the provisions of section twenty-two of the general municipal law, file with him a notice of intention to claim against the proceeds of a policy of fire insurance insuring the interest of an owner in any premises located therein against which a lien, as defined by such section exists.

(b) Such index shall be kept current on a daily basis and shall be available for public inspection during regular business hours. It shall contain such information as the superintendent deems appropriate.

(c) Every such notice received by the superintendent shall become effective on the date of entry thereof in such index and shall constitute constructive notice to each insurer of the tax district's claim against any proceeds payable pursuant to the provisions of any insurance policy subject to the provisions of section three thousand four hundred ten of this chapter.

(d) Upon a final determination of an insurer's obligation to pay any proceeds of a policy of insurance for damages caused by fire to real property, as such term is defined in section twenty-two of the general municipal law, and prior to payment of such proceeds, each insurer or, in the case of a policy purchased from an unauthorized insurer pursuant to section two thousand one hundred five of this chapter, each insurer or its adjusting representative, shall notify the enforcing officer of each tax district in which the property is located and which is entered in the index that a loss has been sustained and demand in writing by registered or certified mail that such officer's certificate indicating the amount of all liens of the district against the property, including

interest and penalties to the date of the certificate, be served, at a specified address, in person or by registered or certified mail, upon the insurer, or, in the case of a policy purchased from an unauthorized insurer pursuant to section two thousand one hundred five of this chapter, upon the insurer or its adjusting representative, within twenty days from the date of receipt of such demand.

(e) Upon the failure of the enforcing officer to serve the certificate of lien in accordance with subsection (d) hereof, the right of the tax district to claim against any such proceeds shall terminate. Within ten days of receipt of such certificate of lien the insurer shall pay to the enforcing officer from such proceeds the amounts specified in the certificate.

§ 333. Assessments to defray expenses of Committee on Valuation of Securities of the National Association of Insurance Commissioners. (a) The purpose of this section is to provide a means of making funds available, not in excess of two hundred fifty thousand dollars in any one year, to the Committee on Valuation of Securities of the National Association of Insurance Commissioners to defray the expenses of such committee, in the investigation, analyses and valuation of securities and the determination of the amortizability of bonds, owned by insurers, for the purpose of furnishing to the several states on a uniform basis information needed in the supervision of insurers licensed to transact business in the several states.

(b) The superintendent shall have authority to contract with such committee to make available to the department the analyses, reports and information developed by the committee and, after taking into consideration similar payments which may be made by other states, for the department to make payment to such committee, to the extent authorized in subsection (a) hereof on account of the expenses of the committee, from funds obtained through assessments for such purpose under this section.

(c) The superintendent shall periodically obtain from the committee a verified budget estimate of receipts and expenses to be incurred by the committee for a stated period, not exceeding one year, with appropriate explanations of the estimates therein contained.

(d) (1) If the superintendent shall be satisfied as to the reasonableness of such budget estimate, he shall determine the portion of the funds required by the estimate, to be assessed as hereinafter provided, by deducting from the estimate or from the sum of two hundred fifty thousand dollars, whichever is less, any amounts received or receivable by the committee from other states whose laws do not substantially conform to the method of assessment herein provided and applying to the remainder the proportion which the total investments in securities of domestic life insurers bear to the total investments in securities of life insurers domiciled in this and other states whose laws authorize and require assessments on substantially the same bases as herein provided.

(2) The superintendent shall thereafter as soon as convenient, by notice stating the method of computation thereof, assess the amount to be paid on account of such expenses, pro rata upon all domestic life insurers in the proportion which the total investments in securities of each domestic life insurer shall bear to the total investments in securities of all such insurers. The total investments in securities of any life insurer for purposes of this section shall be the total admitted value of stocks and bonds reported as such in its annual statement last filed prior to such assessment with the department of financial services or with the supervisory official of its state of domicile. Upon receipt of such notice each such insurer shall within thirty days pay said assessment to the superintendent.

(3) The superintendent shall deposit all moneys collected by him pursuant to this section in an account entitled "Superintendent of Financial Services, Security Valuation Expense Account", in a bank or trust company in the city of Albany designated by the comptroller. Such moneys shall be paid by the superintendent to the Committee on Valuation of Securities of the National Association of Insurance Commissioners after audit by the comptroller.

(e) The superintendent shall annually require of such committee, and at such other times as he may deem it necessary or advisable, a duly certified audit of receipts and disbursements and statement of assets and liabilities, showing the details of its financial operations.

§ 335. Implementation of hospital reimbursement methodology. The superintendent shall have the power to prescribe rules and regulations governing insurer procedures and subscriber contract provisions necessary to implement a hospital reimbursement methodology established in accordance with the provisions of article twenty-eight of the public health law, and insurer procedures and subscriber contract provisions necessary to implement a hospital inpatient discharge review program established in accordance with the provisions of section twenty-eight hundred three-i of the public health law, and to establish standards, criteria and procedures for evaluation of insurer performance in offering contracts for hospital and medical benefits on an open enrollment basis necessary for a determination of the hospital payment rate conversion factor in accordance with the provisions of paragraph (i) of subdivision eleven of section twenty-eight hundred seven-c of the public health law.

The superintendent shall periodically report his findings and conclusions to the commissioner of health and to the chairman and vice-chairman of the council on health care financing concerning insurer performance in offering contracts for hospital and medical benefits on an open enrollment basis.

§ 336. War risk exclusion; notification. Prior to a life insurer commencing the issuance of life insurance policies which contain any provision that restricts or excludes payment of the life insurance death benefit in the event of death as the result of war or the special hazards incident to service as defined in subsection (c) of section three thousand two hundred three of this chapter such insurer shall notify the superintendent specifying how, when, where and to which class of persons such provision will apply and shall also notify the superintendent when it ceases issuing such policies. The superintendent shall make such information known to the public in such manner and at such times as shall be determined by the superintendent.

§ 337. Annual consumer guide on automobile insurance. (a) The

superintendent shall issue and update, as necessary, a consumer guide on private passenger automobile insurance that shall contain comprehensive information written in plain language in a clear and understandable format, including the following:

(1) an annual ranking of automobile insurers: (A) including an analysis of private passenger insurers in the state which provides, in detail, a ranking of such insurers from best to worst based on each insurer's record of consumer complaints during the preceding calendar year, using criteria available to the department, adjusted for volume of insurance written; and (B) taking into consideration the corresponding total of claims improperly denied in whole or in part, consumer complaints found to be valid in whole or in part, and any other pertinent data which would permit the department to objectively determine an insurer's performance; and (C) the superintendent may note, to the extent relevant, actions taken by the department against an insurer for violating any law or regulation;

(2) a list of makes and models of automobiles that generally do not meet underwriting guidelines of automobile insurers or in regard to which consumers can expect to pay higher premiums as a result of an automobile's style, model type or other distinguishing features, except that specific insurers shall not be identified for purposes of such list;

(3) an explanation of all types of automobile insurance required by law and available as optional coverage, including policyholders' rights under these types of coverage and when making claims;

(4) an explanation of and information on the automobile insurance plan established pursuant to article fifty-three of this chapter, including how motorists in such plan should proceed in attempting to obtain insurance in the voluntary market;

(5) recommendations as to how best to shop for and compare prices, service and quality of automobile insurance coverage;

(6) an explanation of prohibited discriminatory practices applying to insurance companies, agents and brokers; and

(7) a department toll free consumer hot-line through which consumers may initiate complaints, and request general information, about automobile insurance.

(b) The requirements set forth in subsection (a) of this section may

be satisfied by separate or supplemental publications and updates.

(c) The superintendent shall post the consumer guide on automobile insurance on the department's website.

§ 339. Colorectal cancer screening notification. The superintendent shall require an insurer authorized to write accident and health insurance in this state, a corporation organized pursuant to article forty-three of this chapter, and a health maintenance organization certified pursuant to article forty-four of the public health law to notify insureds and enrollees at least annually of colorectal cancer screenings covered by such insureds' or enrollees' health insurance policy or contract, and of the most recently published guidelines of the American Cancer Society for colorectal cancer screenings that are covered by such insureds' or enrollees' health insurance policy or contract. The notice shall be delivered by United States postal mail unless the insured or enrollee consents to another method of notification, including electronic notification.

§ 340. Report of claims that may result in a monetary award. (a) Definition; for the purposes of this section:

"Central reporting organization" shall mean any entity which receives from, assimilates or disseminates information to insurers or the department of social services regarding bodily injury, wrongful death and death benefits.

(b) Insurers shall report within a reasonable period of time to a central reporting organization of its choosing all claims filed for bodily injury, wrongful death and death benefits under any policy which provides coverage for liability for injury to person, except claims for medical malpractice, workers' compensation or other similar insurance required by law, and comprehensive motor vehicle insurance reparations benefits. The central reporting organization shall in turn report this information to the department of social services.

(c) An insurer shall be deemed to be in compliance with this section if such information was reported within a reasonable period of time to the central reporting organization with which the insurer contracts.

(d) In the absence of fraud or bad faith for failure to make or file any report pursuant to this section, no person subject to this section or acting under authority of this section shall be subject to civil liability, and no civil cause of action shall arise against such person for the furnishing of any information pursuant to this section. Nothing herein shall abrogate or modify in any way an immunity privilege, provided in statute or by common law.

(e) No person making any report pursuant to this section shall be compelled to provide such information, or any report thereof, to the superintendent.

(f) Insurers or central reporting organizations complying with this section shall have immunity in accordance with provisions of section 50.20 of the criminal procedure law.

(g) Personally identifying information about applicants and recipients of public assistance obtained through the establishment or operation of any reporting program established by this section by the department of social services, social services districts or by a contractor shall be kept confidential in accordance with section one hundred thirty-six of the social services law and the regulations of the department of social services.

§ 341. Notification regarding qualified health insurance plans. Within fifteen days of the effective date of this section, the superintendent shall notify the centers for Medicare and Medicaid services that New York state elects to have policies issued pursuant to sections four thousand three hundred twenty-one, four thousand three hundred twenty-two and four thousand three hundred twenty-six of this chapter as "qualified health insurance" for the purpose of assistance under the federal Trade Adjustment Assistance Reform Act of 2002.

§ 342. Public awareness to finance long term care. The department, department of health, office for the aging and department of taxation and finance may jointly establish and conduct a public awareness program on the availability and coverage provided by life insurance and health insurance plans for long term care, and the provisions of various tax

credits therefor.

*** § 343. Mental health and substance use disorder parity report.** (a) Beginning July first, two thousand nineteen and every two years thereafter, each insurer providing managed care products, individual comprehensive accident and health insurance or group or blanket comprehensive accident and health insurance, each corporation organized pursuant to article forty-three of this chapter providing comprehensive health insurance and each entity licensed pursuant to article forty-four of the public health law providing comprehensive health service plans shall submit to the superintendent, in a form and manner prescribed by the superintendent, a report detailing the entity's compliance with federal and state mental health and substance use disorder parity laws based on the entity's record during the preceding two calendar years. The superintendent shall publish on the department's website on or before October first, two thousand nineteen, and every two years thereafter, the reports submitted pursuant to this section.

(b) Each person required to submit a report under this section shall include in the report the following information:

(1) Rates of utilization review for mental health and substance use disorder claims as compared to medical and surgical claims, including rates of approval and denial, categorized by benefits provided under the following classifications: inpatient in-network, inpatient out-of-network, outpatient in-network, outpatient out-of-network, emergency care, and prescription drugs;

(2) The number of prior or concurrent authorization requests for mental health services and for substance use disorder services and the number of denials for such requests, compared with the number of prior or concurrent authorization requests for medical and surgical services and the number of denials for such requests, categorized by the same classifications identified in paragraph one of this subsection;

(3) The rates of appeals of adverse determinations, including the rates of adverse determinations upheld and overturned, for mental health claims and substance use disorder claims compared with the rates of appeals of adverse determinations, including the rates of adverse determinations upheld and overturned, for medical and surgical claims;

(4) The percentage of claims paid for in-network mental health services and for substance use disorder services compared with the percentage of claims paid for in-network medical and surgical services and the percentage of claims paid for out-of-network mental health services and substance use disorder services compared with the percentage of claims paid for out-of-network medical and surgical services;

(5) The number of behavioral health advocates, pursuant to an agreement with the office of the attorney general if applicable, or staff available to assist policyholders with mental health benefits and substance use disorder benefits;

(6) A comparison of the cost sharing requirements including but not limited to co-pays and coinsurance, and the benefit limitations including limitations on the scope and duration of coverage, for medical and surgical services, and mental health services and substance use disorder services for coverage in the individual, small group, and large group markets, provided that the comparison captures at least seventy-five percent of a company's enrollees in each market;

(7) The number by type of providers licensed to practice in this state that provide services for the treatment and diagnosis of substance use disorder who are in-network, and the number by type of providers licensed to practice in this state that provide services for the diagnosis and treatment of mental, nervous or emotional disorders and ailments, however defined in a company's policy, who are in-network;

(8) The percentage of providers of services for the treatment and diagnosis of substance use disorder who remained participating providers, and the percentage of providers of services for the diagnosis and treatment of mental, nervous or emotional disorders and ailments, however defined in a company's policy, who remained participating providers; and

(9) Any other data, information, or metric the superintendent deems necessary or useful to measure compliance with mental health and substance use disorder parity including, but not limited to an evaluation and assessment of: (i) the adequacy of the company's in-network mental health services and substance use disorder provider panels pursuant to provisions of the insurance law and public health law; and (ii) the company's reimbursement for in-network and

out-of-network mental health services and substance use disorder services as compared to the reimbursement for in-network and out-of-network medical and surgical services.

* NB Effective until January 1, 2027

* § 343. Mental health and substance-related and addictive disorder services parity report. (a) Beginning July first, two thousand nineteen and every two years thereafter, each insurer providing managed care products, individual comprehensive accident and health insurance or group or blanket comprehensive accident and health insurance, each corporation organized pursuant to article forty-three of this chapter providing comprehensive health insurance and each entity licensed pursuant to article forty-four of the public health law providing comprehensive health service plans shall submit to the superintendent, in a form and manner prescribed by the superintendent, a report detailing the entity's compliance with federal and state mental health and substance-related and addictive disorder services parity laws based on the entity's record during the preceding two calendar years. The superintendent shall publish on the department's website on or before October first, two thousand nineteen, and every two years thereafter, the reports submitted pursuant to this section.

(b) Each person required to submit a report under this section shall include in the report the following information:

(1) Rates of utilization review for mental health and substance-related and addictive disorder claims as compared to medical and surgical claims, including rates of approval and denial, categorized by benefits provided under the following classifications: inpatient in-network, inpatient out-of-network, outpatient in-network, outpatient out-of-network, emergency care, and prescription drugs;

(2) The number of prior or concurrent authorization requests for mental health services and for substance-related and addictive disorder services and the number of denials for such requests, compared with the number of prior or concurrent authorization requests for medical and surgical services and the number of denials for such requests, categorized by the same classifications identified in paragraph one of this subsection;

(3) The rates of appeals of adverse determinations, including the rates of adverse determinations upheld and overturned, for mental health

claims and substance-related and addictive disorder claims compared with the rates of appeals of adverse determinations, including the rates of adverse determinations upheld and overturned, for medical and surgical claims;

(4) The percentage of claims paid for in-network mental health services and for substance-related and addictive disorder services compared with the percentage of claims paid for in-network medical and surgical services and the percentage of claims paid for out-of-network mental health services and substance-related and addictive disorder services compared with the percentage of claims paid for out-of-network medical and surgical services;

(5) The number of behavioral health advocates, pursuant to an agreement with the office of the attorney general if applicable, or staff available to assist policyholders with mental health benefits and substance-related and addictive disorder benefits;

(6) A comparison of the cost sharing requirements including but not limited to co-pays and coinsurance, and the benefit limitations including limitations on the scope and duration of coverage, for medical and surgical services, and mental health services and substance-related and addictive disorder services for coverage in the individual, small group, and large group markets, provided that the comparison captures at least seventy-five percent of a company's enrollees in each market;

(7) The number by type of providers licensed to practice in this state that provide services for the treatment and diagnosis of substance-related and addictive disorder who are in-network, and the number by type of providers licensed to practice in this state that provide services for the diagnosis and treatment of mental, nervous or emotional disorders and ailments, however defined in a company's policy, who are in-network;

(8) The percentage of providers of services for the treatment and diagnosis of substance-related and addictive disorder who remained participating providers, and the percentage of providers of services for the diagnosis and treatment of mental, nervous or emotional disorders and ailments, however defined in a company's policy, who remained participating providers; and

(9) Any other data, information, or metric the superintendent deems necessary or useful to measure compliance with mental health and

substance-related and addictive disorder parity including, but not limited to an evaluation and assessment of: (i) the adequacy of the company's in-network mental health services and substance-related and addictive disorder provider panels pursuant to provisions of the insurance law and public health law; and (ii) the company's reimbursement for in-network and out-of-network mental health services and substance-related and addictive disorder services as compared to the reimbursement for in-network and out-of-network medical and surgical services.

* NB Effective January 1, 2027

*** § 344. Mental health and substance use disorder parity compliance programs.** Penalties collected for violations of section three thousand two hundred sixteen, three thousand two hundred twenty-one and four thousand three hundred three of this chapter related to mental health and substance use disorder parity compliance shall be deposited in a fund established pursuant to section ninety-nine-hh of the state finance law.

* NB Effective until January 1, 2027

* § 344. Mental health and substance-related and addictive disorder parity compliance programs. Penalties collected for violations of section three thousand two hundred sixteen, three thousand two hundred twenty-one and four thousand three hundred three of this chapter related to mental health and substance-related and addictive disorder parity compliance shall be deposited in a fund established pursuant to section ninety-nine-hh of the state finance law.

* NB Effective January 1, 2027

§ 345. Health care claims reports. An insurer authorized to write accident and health insurance in the state, a corporation organized pursuant to article forty-three of this chapter, or a health maintenance organization certified pursuant to article forty-four of the public health law shall report to the superintendent quarterly and annually on health care claims payment performance with respect to comprehensive health insurance coverage. The reports shall be submitted in the manner

and form prescribed by the superintendent after consultation with representatives of insurers and health care providers but at minimum shall include the number and dollar value of health care claims by major line of business and categorized as follows: health care claims received, health care claims paid, health care claims pended and health care claims denied during the respective quarter or year. The data shall be provided in the aggregate and by major category of health care provider. The reports should address any patterns or suspected areas of revenue maximization that may have contributed to the number of denials. The reports shall be due to the superintendent no later than forty-five days after the end of the respective quarter or year and shall be made publicly available including on the department's website. The superintendent, in conjunction with the commissioner of health, may promulgate regulations requiring additional reporting requirements on insurers, corporations, or health maintenance organizations or health care providers to assess the effectiveness of the payment policies set forth in this section, which may be informed by the administrative simplification workgroup authorized by subsection (k) of section three thousand two hundred twenty-four-a of this chapter.

§ 346. Annual report on insurance for multi-family buildings. An authorized insurer that issues or delivers in this state a policy that insures loss of or damage to real property used predominantly for residential purposes and that consists of two or more dwelling units, other than hotels and motels, shall file a report with the superintendent by March first of each year, in a form prescribed by the superintendent, that includes information on such policies for the preceding calendar year, including premiums collected, claims paid, and such other information as the superintendent shall deem necessary, in consultation with the commissioner of housing and community renewal. The superintendent shall publish on the department's website the reports required by this section.

ARTICLE 4
INSURANCE FRAUDS PREVENTION

Section 401. Title; legislative declaration and purpose.
403. Prohibitions.
404. Procedures.
405. Reports.
407. Other law enforcement authority, powers and duties not affected or impaired.
409. Fraud prevention plans and special investigations units.
411. Life settlements fraud prevention plans.

§ 401. Title; legislative declaration and purpose. This article shall be known and may be cited as the "insurance frauds prevention act".

(a) The legislature finds and declares that the business of insurance directly and indirectly affects all sectors of the public, business and government. It further finds that the business of insurance, including organization and licensing, the issuance of policies, and the adjustment and payment of claims and losses, involve many transactions which have potential for abuse and illegal activities.

(b) Arson for insurance fraud is a particularly damaging crime against society, destroying lives, property and neighborhoods. Insurance losses resulting from arson are reflected in higher premiums charged to residents of this state.

(c) This article establishes a framework within which the superintendent and the department can more effectively assist in the elimination of arson for insurance fraud. That increased capacity, together with a more effective monitoring of fire loss claims and payments by the insurance industry through centralized reporting and oversight, is intended to make it more difficult to perpetrate the crime of insurance fraud by arson.

§ 403. Prohibitions. (a) In this article, "fraudulent insurance act" means insurance fraud as defined in section 176.05 of the penal law; and the terms "personal insurance" and "commercial insurance" shall have the same meaning ascribed to them by section 176.00 of such law.

(b) For the purpose of section one hundred nine of this chapter, it is a violation of this chapter for any individual, firm, association or

corporation subject to the provisions of this chapter to commit a fraudulent insurance act or a fraudulent life settlement act.

(c) In addition to any criminal liability arising under the provisions of this section, the superintendent shall be empowered to levy a civil penalty not exceeding five thousand dollars and the amount of the claim for each violation upon any person, including those persons and their employees licensed pursuant to this chapter, who is found to have: (i) committed a fraudulent insurance act, fraudulent life settlement act or otherwise violates the provisions of this section; or (ii) knowingly and with intent to defraud files, makes, or assists, solicits or conspires with another to file or make an application for a premium reduction, pursuant to subsection (a) of section two thousand three hundred thirty-six of this chapter, containing any materially false information or which, for the purpose of misleading, conceals information concerning any fact material thereto.

(d) All applications for commercial insurance, individual, group or blanket accident and health insurance and all claim forms, except as provided for in subsection (e) of this section, shall contain a notice in a form approved by the superintendent that clearly states in substance the following:

"Any person who knowingly and with intent to defraud any insurance company or other person files an application for insurance or statement of claim containing any materially false information, or conceals for the purpose of misleading, information concerning any fact material thereto, commits a fraudulent insurance act, which is a crime, and shall also be subject to a civil penalty not to exceed five thousand dollars and the stated value of the claim for each such violation."

(e) All applications for automobile insurance and all claim forms shall contain a notice, in a form approved by the superintendent, that clearly states in substance the following:

"Any person who knowingly makes or knowingly assists, abets, solicits or conspires with another to make a false report of the theft, destruction, damage or conversion of any motor vehicle to a law enforcement agency, the department of motor vehicles or an insurance company, commits a fraudulent insurance act, which is a crime, and shall also be subject to a civil penalty not to exceed five thousand dollars and the value of the subject motor vehicle or stated claim for each

violation."

(f) In this article, "fraudulent life settlement act" means a fraud as defined in section 176.40 of the penal law.

§ 404. Procedures. (a) If the superintendent has reason to believe that a person has engaged in, or is engaging in, an act defined in section 155.05 of the penal law, with respect to personal or commercial insurance transactions, the business of life settlements, section 176.05 or section 176.40 of such law, the superintendent may make such investigation within or without this state as the superintendent deems necessary to aid in the enforcement of this chapter or to determine whether any person has violated or is about to violate any such provision of the penal law.

(b) A person having material located outside the state and requested by the superintendent may make it available to the superintendent or his representative to be examined at the place where it is located. The superintendent may designate representatives, including officials of the state in which the material is located, to inspect the material on his behalf, and he may respond to similar requests from officials of other states.

§ 405. Reports. (a) Any person licensed or registered pursuant to the provisions of this chapter, and any person engaged in the business of insurance or life settlement in this state who is exempted from compliance with the licensing requirements of this chapter, including the state insurance fund of this state, who has reason to believe that an insurance transaction or life settlement act may be fraudulent, or has knowledge that a fraudulent insurance transaction or fraudulent life settlement act is about to take place, or has taken place shall, within thirty days after determination by such person that the transaction appears to be fraudulent, send to the superintendent on a form prescribed by the superintendent, the information requested by the form and such additional information relative to the factual circumstances of the transaction and the parties involved as the superintendent may require. The superintendent shall accept reports of suspected fraudulent

insurance transactions or fraudulent life settlement acts from any self insurer, including but not limited to self insurers providing health insurance coverage or those defined in section fifty of the workers' compensation law, and shall treat such reports as any other received pursuant to this section.

(b) The superintendent shall review each report and undertake such further investigation as the superintendent deems necessary and proper to determine the validity of the allegations.

§ 407. Other law enforcement authority, powers and duties not affected or impaired. This article shall not:

(a) Preempt the authority or relieve the duty of other law enforcement agencies to investigate and prosecute suspected violations of law.

(b) Prevent or prohibit a person from voluntarily disclosing any information concerning violations of this article to any law enforcement agency.

(c) Limit any of the powers granted elsewhere in this chapter and other laws to the superintendent or the department to investigate possible violations of this chapter and take appropriate action against wrongdoers.

§ 409. Fraud prevention plans and special investigations units. (a) Every insurer writing private or commercial automobile insurance, workers' compensation insurance, or individual, group or blanket accident and health insurance policies issued or issued for delivery in this state, except for insurers that write less than three thousand of such policies, issued or issued for delivery in this state annually, and every entity licensed pursuant to article forty-four of the public health law except those entities with an enrolled population of less than sixty thousand persons in the aggregate and, except those entities licensed pursuant to sections forty-four hundred three-a, forty-four hundred three-c, forty-four hundred-d, forty-four hundred three-f and forty-four hundred eight-a of the public health law shall, within one hundred twenty days of the effective date of this amended section to be promulgated by the superintendent to implement this section, file with

the superintendent a plan for the detection, investigation and prevention of fraudulent insurance activities in this state and those fraudulent insurance activities affecting policies issued or issued for delivery in this state. The superintendent may accept programs and processes implemented pursuant to section forty-four hundred fourteen of the public health law as satisfying the obligations of this section and regulations promulgated thereunder.

(b) (1) The plan shall provide the time and manner in which such plan shall be implemented, including provisions for a full-time special investigations unit and staffing levels within such unit. Such unit shall be separate from the underwriting or claims functions of an insurer, and shall be responsible for investigating information on or cases of suspected fraudulent activity and for effectively implementing fraud prevention and reduction activities pursuant to the plan filed with the superintendent. An insurer shall include in such plan staffing levels and allocations of resources in such full-time special investigations unit as may be necessary and appropriate for the proper implementation of the plan and approval of such plan pursuant to subsection (d) of this section.

(2) In lieu of a special investigations unit, an insurer may contract with a provider of services related to the investigation of information on or cases of suspected fraudulent activities; provided, however, that an insurer which opts for contracting with a separate provider of services, shall provide to the superintendent a detailed plan therefor, pursuant to requirements set forth in regulation by the superintendent.

(3) Persons employed by special investigations units as investigators or by an independent provider of investigative services under contract with an insurer shall be qualified by education or experience which shall include an associate's or bachelor's degree in criminal justice or related field, or five years of insurance claims investigation experience or professional investigation experience with law enforcement agencies, or seven years of professional investigation experience involving economic or insurance related matters. For the purposes of evaluation of medical related claims insurers may employ or retain duly licensed or authorized medical professionals. Notwithstanding these minimum requirements anyone employed as an investigator in a special investigation unit or by a provider of investigative services under

contract to an insurer as of the effective date of this paragraph and who was also so employed on or before September tenth, nineteen hundred ninety-six may continue in such employment provided the insurer identifies such person in writing to the superintendent giving the date such employment began and a description of the person's qualifications, employment history and current job duties.

(c) The plan shall provide for the following:

(1) interface of special investigation unit personnel with law enforcement and prosecutorial agencies and with the financial frauds and consumer protection unit of the department of financial services;

(2) reporting of fraud data to a central organization approved by the superintendent;

(3) in-service education and training for underwriting and claims personnel in identifying and evaluating instances of suspected fraudulent activity in underwriting or claims activities;

(4) coordination with other units of an insurer for the investigation and initiation of civil actions based upon information received by or through the special investigation unit;

(5) public awareness of the cost and frequency of fraudulent activities, and the methods of preventing fraud;

(6) development and use of a fraud detection and procedures manual to assist in the detection and elimination of fraudulent activity; and

(7) the time and manner in which such plan shall be implemented and a demonstration that the fraud prevention and reduction measures outlined in the plan will be fully implemented.

(d) (1) A fraud detection and prevention plan filed by an insurer with the superintendent pursuant to this section shall be deemed approved by the superintendent if not returned by the superintendent for revision within one hundred twenty days of the date of filing. If the superintendent returns a plan for revision, the superintendent shall state the points of objection with such plan, and any amendments as the superintendent may require consistent with the provisions of this section, including, but not limited to, staffing levels, resource allocation, or other policy or operational considerations. An amended plan reflecting the changes shall be filed with the superintendent within forty-five days from the date of return.

(2) If the superintendent has returned a plan for revision more than

one time, the insurer shall be entitled to a hearing pursuant to the provisions of article three of this chapter and regulations promulgated thereunder.

(3) If an insurer fails to submit a final plan within thirty days after a determination of the superintendent after the hearing held pursuant to paragraph two of this subsection, or otherwise fails to submit a plan, or fails to implement the provisions of a plan in a time and manner provided for in such plan, or otherwise refuses to comply with the provisions of this section, the superintendent may: (i) impose a fine of not more than two thousand dollars per day for such failure by an insurer until the superintendent deems the insurer to be in compliance; or (ii) impose upon the insurer a fraud detection and prevention plan deemed to be appropriate by the superintendent which shall be implemented by the insurer; or (iii) impose the provisions of both subparagraphs (i) and (ii) of this paragraph.

(e) Any plan, the information contained therein, or correspondence related thereto, or any other information furnished pursuant to this section shall be deemed to be a confidential communication and shall not be open for review or be subject to a subpoena except by a court order or by request from any law enforcement agency or authority.

(f) For purposes of this section, the term "policies" shall refer to individuals covered if coverage is issued on a group basis.

(g) Every insurer required to file a fraud prevention plan shall report to the superintendent on an annual basis, no later than March fifteenth, describing the insurer's experience, performance and cost effectiveness in implementing the plan, utilizing such forms as the superintendent may prescribe. Upon consideration of such reports, the superintendent may require amendments to the insurer's fraud prevention plan as deemed necessary.

§ 411. Life settlements fraud prevention plans. (a) Every life settlement provider shall file with the superintendent a plan for the detection, investigation and prevention of fraudulent life settlement acts in this state and those fraudulent life settlement acts affecting life settlement contracts in this state.

(1) The plan shall provide the time and manner in which such plan

shall be implemented, including provisions for a special investigations unit and staffing levels within such unit. Such investigators shall be responsible for investigating information on or cases of suspected fraudulent activity and for effectively implementing fraud prevention and reduction activities pursuant to the plan filed with the superintendent. A life settlement provider shall include in such plan staffing levels and allocations of resources of such special investigations unit that shall be sufficient and appropriate for the proper implementation of the plan and approval of such plan pursuant to subsection (c) of this section.

(2) In lieu of a special investigations unit, a life settlement provider may contract with a provider of services related to the investigation of information on or cases of suspected fraudulent activities; provided, however, that a life settlement provider that opts for contracting with a separate provider of services, shall provide to the superintendent a detailed plan therefor, pursuant to requirements set forth in regulation by the superintendent.

(3) A person employed by a special investigations unit or an independent provider of investigative services under contract with a life settlement provider shall be qualified by education or experience to act in such capacity, subject to requirements established by the superintendent in a regulation.

(b) The plan shall provide for the following:

(1) interface of special investigations unit personnel with law enforcement and prosecutorial agencies, including the financial frauds and consumer protection unit in the department;

(2) reporting of fraud data to a central organization approved by the superintendent;

(3) in-service education and training for personnel in identifying and evaluating instances of suspected fraudulent activity;

(4) coordination with other units of a life settlement provider for the investigation and initiation of civil actions based upon information received by or through the special investigation unit;

(5) public awareness of the cost and frequency of fraudulent activities, and the methods of preventing fraud;

(6) development and use of a fraud detection and procedures manual to assist in the detection and elimination of fraudulent activity; and

(7) the time and manner in which such plan shall be implemented and a demonstration that the fraud prevention and reduction measures outlined in the plan will be fully implemented.

(c)(1) A fraud detection and prevention plan filed by a life settlement provider with the superintendent pursuant to this section shall be deemed approved by the superintendent if not returned by the superintendent for revision within one hundred twenty days of the date of filing. If the superintendent returns a plan for revision, the superintendent shall state the points of objection with such plan, and any amendments as the superintendent may require consistent with the provisions of this section, including staffing levels, resource allocation, or other policy or operational considerations. An amended plan reflecting the changes shall be filed with the superintendent within forty-five days from the date of return.

(2) If the superintendent has returned a plan for revision more than one time, then the life settlement provider shall be entitled to a hearing pursuant to the provisions of article three of this chapter and regulations promulgated thereunder.

(3) If a life settlement provider fails to submit a final plan within thirty days after a determination of the superintendent after the hearing held pursuant to paragraph two of this subsection, or otherwise fails to submit a plan, or fails to implement the provisions of a plan in a time and manner provided for in such plan, or otherwise refuses to comply with the provisions of this section, the superintendent may impose:

(A) a fine of not more than two thousand dollars per day for such failure by a life settlement provider until the superintendent deems the life settlement provider to be in compliance;

(B) upon the life settlement provider a fraud detection and prevention plan deemed to be appropriate by the superintendent, which shall be implemented by the life settlement provider; or

(C) both a fine and a fraud detection and prevention plan pursuant to subparagraphs (A) and (B) of this paragraph.

(d) Any plan, the information contained therein, or correspondence related thereto, or any other information furnished pursuant to this section shall be deemed to be a confidential communication and shall not be open for review or be subject to a subpoena except by a court order

or by request from any law enforcement agency or authority.

(e) Every life settlement provider required to file a fraud prevention plan shall report to the superintendent on an annual basis, no later than March fifteenth, describing the provider's experience, performance and cost effectiveness in implementing the plan, utilizing such forms as the superintendent may prescribe. Upon consideration of such reports, the superintendent may require amendments to the provider's fraud detection and prevention plan as deemed necessary.

ARTICLE 5
CERTIFICATES OF INSURANCE

Section 501. Definitions.
502. Prohibitions.
503. Enforcement.
504. Rules and regulations.

§ 501. Definitions. For purposes of this article:

(a) "Certificate" or "certificate of insurance" means any document or instrument, or addendum thereto no matter how titled or described, prepared or issued by an insurer or insurance producer as evidence of property/casualty insurance coverage. "Certificate" or "certificate of insurance" shall not include a policy of insurance or an insurance binder.

(b) "Certificate holder" means any person, other than a policyholder, that is identified on the certificate as a certificate holder.

(c) "Insurance producer" has the meaning ascribed to it by subsection (k) of section two thousand one hundred one of this chapter.

(d) "Insurer" means any person "doing an insurance business" within the meaning of this chapter.

(e) "Person" means any individual, partnership, corporation, association, or other entity, but shall not include any governmental entity, or any agency, board, bureau, commission, department, division, institution, office, or public authority of a state, federal or foreign government.

(f) "Governmental entity" means any public entity as defined in

paragraph fifty-one of subsection (a) of section one hundred seven of this chapter, any state authority as defined in subdivision one of section two of the public authorities law, any local authority as defined in subdivision two of section two of the public authorities law, and any interstate or international authority as defined in subdivision three of section two of the public authorities law and any individual acting in his or her capacity as an employee, officer, or elected official of any such governmental entity.

(g) "Policyholder" means a person who has contracted with an insurer for property/casualty insurance coverage.

(h) "Property/casualty insurance" means a kind of insurance that is either a basic kind of insurance or a non-basic kind of insurance, as such terms are defined in section four thousand one hundred one of this chapter, but shall not include a kind of insurance specified under paragraph three or thirty-one of subsection (a) of section one thousand one hundred thirteen of this chapter.

§ 502. Prohibitions. In this state:

(a) With respect to a certificate of insurance evidencing that a policy provides personal injury liability insurance or property damage liability insurance, as defined in paragraphs thirteen and fourteen of subsection (a) of section one thousand one hundred thirteen of this chapter, no person or governmental entity shall wilfully require, as a condition of awarding a contract for work, or if a contract has already been awarded as a condition for work to commence or continue under the contract, or if the contract has been performed or partially performed as a condition for payment to be made under the contract, the issuance of a certificate of insurance unless the certificate is:

(1) a form promulgated by the insurer issuing the policy referenced in the certificate of insurance; or

(2) a standard certificate of insurance form issued by an industry standard-setting organization and approved for use by the superintendent or any other form approved for use by the superintendent.

(b) No person or governmental entity shall wilfully require the inclusion of terms, conditions or language of any kind, including warranties or guarantees, that the insurance policy provides coverage or

otherwise sets forth terms and conditions in a certificate of insurance, if the insurance policy referenced by such certificate of insurance does not expressly include such terms, conditions, or language. This subsection shall not prohibit any person or governmental entity from including minimum insurance requirements, coverage limits, terms, or other conditions in the solicitation of bids as part of a competitive process, and it shall not prohibit any person or governmental entity from requesting, or an insurer or insurance producer from responding to such a request with, clarification regarding the terms of the policy, or endorsement thereto.

(c) A certificate of insurance shall not amend, extend, or alter the coverage provided by the insurance policy to which the certificate of insurance makes reference. A certificate of insurance shall further not confer to any person any rights beyond those expressly provided by the policy of insurance referenced therein.

§ 503. Enforcement. If the superintendent finds, after notice and hearing, that any person, other than a governmental entity, has wilfully violated this article, then the superintendent may order the person to pay to the people of this state a penalty in a sum of one thousand dollars for the first violation and two thousand dollars for each subsequent violation.

§ 504. Rules and regulations. The superintendent may adopt rules or regulations as the superintendent considers appropriate to carry out the provisions of this article.

ARTICLE 11

LICENSING OF INSURERS

Section 1101. Definitions; doing an insurance business.
1102. Insurer's license required; issuance.
1103. Duration of licenses.
1104. Revocation or suspension of license; restriction of license authority or limitation on premiums written.

1105. Voluntarily ceasing to maintain license.
1106. Additional requirements for foreign or alien insurer's license.
1107. Licenses for unincorporated insurers.
1108. Insurers exempt from licensing and other requirements.
1109. Limited exemption for health maintenance organizations.
1110. Charitable annuity societies exempt; special permits.
1111. Compulsory insurance; bonds of surety companies; certificates of qualification.
1112. Reciprocal provisions as to taxes, license fees, deposits, and other requirements.
1112-a. Reports.
1113. Kinds of insurance authorized.
1114. Reinsurance business.
1115. Limitation of risk, in general.
1116. Prepaid legal services plans and legal services insurance.
1117. Health insurance plans for long term care.
1118. Regional pilot projects for the uninsured.
1119. Limited exemption for continuing care treatment communities.
1120. Child health insurance plan.
1121. Voucher insurance program.
1122. New York state health insurance continuation assistance demonstration project.
1123. Immigration bail business.
1124. Institutions of higher education exempt; certificate of authority.
1124*2. Managed care health savings account.

§ 1101. Definitions; doing an insurance business. (a) In this article: (1) "Insurance contract" means any agreement or other transaction whereby one party, the "insurer", is obligated to confer benefit of pecuniary value upon another party, the "insured" or "beneficiary", dependent upon the happening of a fortuitous event in which the insured or beneficiary has, or is expected to have at the time of such

happening, a material interest which will be adversely affected by the happening of such event.

(2) "Fortuitous event" means any occurrence or failure to occur which is, or is assumed by the parties to be, to a substantial extent beyond the control of either party.

(3) "Contract of warranty, guaranty or suretyship" means an insurance contract only if made by a warrantor, guarantor or surety who or which, as such, is doing an insurance business.

(b) (1) Except as otherwise provided in this subsection, any of the following acts in this state, effected by mail from outside this state or otherwise, by any person, firm, association, corporation or joint-stock company shall constitute doing an insurance business in this state and shall constitute doing business in the state within the meaning of section three hundred two of the civil practice law and rules:

(A) making, or proposing to make, as insurer, any insurance contract, including either issuance or delivery of a policy or contract of insurance to a resident of this state or to any firm, association, or corporation authorized to do business herein, or solicitation of applications for any such policies or contracts;

(B) making, or proposing to make, as warrantor, guarantor or surety, any contract of warranty, guaranty or suretyship as a vocation and not as merely incidental to any other legitimate business or activity of the warrantor, guarantor or surety;

(C) collecting any premium, membership fee, assessment or other consideration for any policy or contract of insurance;

(D) doing any kind of business, including a reinsurance business, specifically recognized as constituting the doing of an insurance business within the meaning of this chapter; or

(E) doing or proposing to do any business in substance equivalent to any of the foregoing in a manner designed to evade the provisions of this chapter.

(2) Notwithstanding the foregoing, the following acts or transactions, if effected by mail from outside this state by an unauthorized foreign or alien insurer duly licensed to transact the business of insurance in and by the laws of its domicile, shall not constitute doing an insurance business in this state, but section one thousand two hundred thirteen of

this chapter shall nevertheless be applicable to such insurers:

(A) transactions by any life insurance company organized and operated, without profit to any private shareholder or individual, exclusively for the purpose of aiding any charitable, religious, educational or scientific institution organized and operated, without profit to any private shareholder or individual, by issuing insurance or annuity contracts directly from its home office, without agents or representatives in this state, only to or for the benefit of such institutions and to individuals engaged in their service;

(B) transactions with respect to group life, group annuity, group accident and health or blanket accident and health insurance (other than any transaction with respect to a group annuity contract funding individual retirement accounts or individual retirement annuities, as defined in section four hundred eight of the Internal Revenue Code, funding annuities in accordance with subdivision (b) of section four hundred three of such code or providing a plan of retirement annuities under which the payments are derived wholly from funds contributed by the persons covered):

(i) where such groups conform to the definitions of eligibility contained in;

(I) the following paragraphs of subsection (b) of section four thousand two hundred sixteen of this chapter:

(aa) paragraph (1) or (2);

(bb) paragraph (3), if, with respect to those credit transactions entered into in this state, the policy fully conforms with the requirements of sections three thousand two hundred one, three thousand two hundred twenty and four thousand two hundred sixteen of this chapter;

(cc) paragraphs (4), (5), (6), (7), (8), (9) and (10).

(II) the following subparagraphs of paragraph (1) of subsection (c) of section four thousand two hundred thirty-five of this chapter:

(aa) subparagraph (A), (B), (C) or (D);

(bb) subparagraph (E), if, with respect to those credit transactions entered into in this state, the policy fully conforms with the requirements of sections three thousand two hundred one, three thousand two hundred twenty-one and four thousand two hundred thirty-five of this chapter;

(cc) subparagraphs (F), (G) and (H).

(III) section four thousand two hundred thirty-seven (except subparagraph (F) of paragraph three of subsection (a) thereof) or four thousand two hundred thirty-eight (except paragraphs six and seven of subsection (b) thereof) of this chapter; and

(ii) where the master policies or contracts were lawfully issued without this state in a jurisdiction where the insurer was authorized to do an insurance business;

(C) transactions involving the continuance or servicing of life or accident and health insurance policies or annuity contracts lawfully issued or delivered in this state by an authorized insurer and occurring subsequent to the termination of such insurer's authority to do an insurance business in this state. Notwithstanding the foregoing, the superintendent's approval granted pursuant to section one thousand one hundred five of this article may authorize transactions involving the continuance or servicing of life insurance policies or annuity contracts to be effected from outside this state by telephone, video call, facsimile, web portal, electronic transfer of funds, or by any other electronic means approved by the superintendent, provided that the insurer shall not have any other contact or interaction with a person in this state other than as specified and in the manner provided in this paragraph;

(D) transactions with respect to policies or annuity contracts lawfully issued without this state occurring subsequent to issue, if, at the time of issue, such policies or contracts covered subjects of insurance or risks not resident or located in this state. Notwithstanding the foregoing, transactions described in this subparagraph involving the continuance or servicing of life insurance policies or annuity contracts may be effected from outside this state by telephone, video call, facsimile, web portal, electronic transfer of funds, or by any other electronic means approved by the superintendent, provided that the insurer shall not have any other contact or interaction with a person in this state other than as specified and in the manner provided in this paragraph;

(E) transactions with respect to policies of insurance on risks located or resident within or without this state (except master policies or contracts of group insurance which are subject to the requirements of

subparagraph (B) hereof), which policies are principally negotiated, issued and delivered without this state in a jurisdiction in which the insurer is authorized to do an insurance business;

(F) transactions authorized by section two thousand one hundred five of this chapter with respect to excess lines insurance;

(G) transactions with respect to the reinsurance of risks of authorized insurers to the extent that such reinsurance is permitted by this chapter;

(H) transactions with respect to insurance contracts negotiated or placed pursuant or otherwise subject to subsection (b), (c), (j) or (k) of section two thousand one hundred seventeen of this chapter;

(I) transactions with respect to any policy of insurance or annuity contract issued prior to September first, nineteen hundred seventy.

(3) Notwithstanding the foregoing, the making of an agreement pursuant to which a lessor of personal property, a creditor making a loan or other credit transaction on personal property or, in the absence of a waiver by the lessor or creditor, the lessor's or creditor's assignee waives the obligation of the lessee or debtor for the gap amount, as such term is defined in paragraph fifty-two of subsection (a) of section one hundred seven of this chapter, shall not constitute, or be deemed to constitute, the doing of an insurance business if:

(i) the lessor or creditor or, in the absence of a waiver by the lessor or creditor, the assignee waives any and all obligations of the lessee or debtor for the gap amount and the lessee or debtor is discharged from any and all further obligation to pay the gap amount;

(ii) the waiver applies only in the event of a total loss of the personal property occasioned by its theft or physical damage;

(iii) in the event the lessor, creditor or assignee purchases lessor or creditor gap insurance, the charge to the lessee or debtor for the waiver does not exceed the cost of the lessor or creditor gap insurance coverage; provided, however, that nothing contained herein shall be construed to prohibit the lessor from including the charge for the waiver in the capitalized cost as that term is defined in subdivision eleven of section three hundred thirty-one of the personal property law.

(3-a) Notwithstanding the foregoing, the marketing, sale, offer for sale, issuance, making, proposing to make or administration of a service contract pursuant to article seventy-nine of this chapter or warranty,

service contract or maintenance agreement conditioned upon or otherwise associated with the sale or supply of heating fuel shall not constitute doing an insurance business in this state.

(4) In the application of this chapter, the fact that no profit is derived from the making of insurance contracts, agreements or transactions, or that no separate or direct consideration is received therefor, shall not be deemed conclusively to show that the making thereof does not constitute the doing of an insurance business.

(5) Notwithstanding the foregoing, an unauthorized insurer, which (A) is affiliated with an insurer licensed in this state, and (B) has satisfied all applicable requirements for placements by excess line brokers as set forth in section two thousand one hundred eighteen of this chapter, may provide from an office within the state, services to support its insurance business. Such services shall not be deemed under this chapter as doing an insurance business in this state. For the purposes of this section these services include, but are not limited to, computer operations, clerical and staffing support, underwriting, negotiating contract terms, quoting premiums, binding coverage, drafting and issuing policies and claims handling, investigation and payment, among other incidental services. Such services shall not include the marketing, soliciting or advertising by the unauthorized insurer directly to policyholders. Notwithstanding paragraph two of subsection (a) of section two thousand one hundred twenty-two of this chapter, such unauthorized insurers shall be permitted to advertise to, and market and solicit through, excess line brokers licensed pursuant to section two thousand one hundred five of this chapter. All obligations of such a licensee under article twenty-one of this chapter shall remain in full force and effect. Any document issued by the unauthorized insurer that indicates any location within this state in which it conducts its operations shall include a prominent notice that the insurer is not licensed by the state of New York, in no smaller than 10 point type, in accordance with regulations as may be promulgated by the superintendent.

(6) Notwithstanding the foregoing, the election by the president of the civil service commission to provide health benefits directly to New York state health benefit plan participants shall not constitute the doing of insurance business within the meaning of article eleven of the insurance law.

(7)(A) Notwithstanding the foregoing, the making of a swap shall not constitute doing an insurance business in this state.

(B) For the purposes of this paragraph, "swap" shall have the meaning set forth in 7 U.S.C. § 1a.

(8) Notwithstanding the foregoing, the maintenance of a website outside the state by an unauthorized foreign or alien insurer duly licensed to transact the business of insurance in and by the laws of its domicile, by which a member of a group may self-enroll, through an automated process, in a group life, group annuity, or group accident and health insurance policy or contract, as defined in paragraphs one, two, and three of subsection (a) of section one thousand one hundred thirteen of this article, shall not constitute doing an insurance business in this state, but section one thousand two hundred thirteen of this chapter nevertheless shall apply to the insurer; provided that:

(A) the group conforms to the definition of eligibility contained in:

(i) paragraph one, two, four (with respect to a policy issued to a trustee or trustees of a fund established or participated in by two or more employers, one or more labor unions, or by one or more employers or labor unions, provided that all such employers or labor unions are in the same industry), or five of subsection (b) of section four thousand two hundred sixteen of this chapter;

(ii) subparagraph (A), (B), (C), or (D) (with respect to a policy issued to a trustee or trustees of a fund established or participated in by two or more employers, one or more labor unions, or by one or more employers or labor unions, provided that all such employers or labor unions are in the same industry) of paragraph one of subsection (c) of section four thousand two hundred thirty-five of this chapter; or

(iii) paragraphs one, two, three or four of subsection (b) of section four thousand two hundred thirty-eight of this chapter, but not including a group annuity contract: (I) funding individual retirement accounts or individual retirement annuities, as defined in section four hundred eight of the Internal Revenue Code; (II) funding annuities in accordance with subdivision (b) of section four hundred three of such code; or (III) providing a plan of retirement annuities under which the payments are derived wholly from funds contributed by the persons covered.

(B) the insurer lawfully issued the master policy or contract without

this state in a jurisdiction where the insurer was authorized to do an insurance business;

(C) the insurer's website clearly states that the insurer is not authorized to transact the business of insurance in this state; and

(D) the insurer does not have any other contact or interaction with the member other than as specified and in the manner provided in paragraph two of this subsection.

§ 1102. Insurer's license required; issuance. (a) No person, firm, association, corporation or joint-stock company shall do an insurance business in this state unless authorized by a license in force pursuant to the provisions of this chapter, or exempted by the provisions of this chapter from such requirement. Any person, firm, association, corporation or joint-stock company which transacts any insurance business in this state while not authorized to do so by a license issued and in force pursuant to this chapter, or exempted by this chapter from the requirement of having such license, shall, in addition to any other penalty provided by law, forfeit to the people of this state the sum of one thousand dollars for the first violation and two thousand five hundred dollars for each subsequent violation.

(b) No corporation organized under any law of this state shall do an insurance business outside this state unless so authorized pursuant to the provisions of this chapter or exempted by the provisions of this chapter from such requirement.

(c) Every insurer organized prior to the first day of October, eighteen hundred ninety-two, as an insurer under any general or special law of this state which was doing an insurance business in this state immediately prior to the first day of January, nineteen hundred forty in compliance with the insurance law then in force and not as an organization exempted therefrom, shall be deemed licensed to do an insurance business in this state, subject to this chapter.

(d) Except as otherwise provided in subsection (h) hereof, the superintendent may issue a license to any insurer to do in this state the kinds of insurance business for which such insurer is qualified under the provisions of this chapter and under its charter. Every such license shall contain the name of the licensee, its home office address,

the state or country under whose laws it was organized, the kinds of insurance business, as defined in this chapter, which it is authorized to do in this state, and the term of such license. The superintendent may refuse to issue or renew any such license if in his judgment such refusal will best promote the interests of the people of this state.

(e) (1) Before licensing any such corporation organized under section one thousand two hundred one of this chapter, to do any insurance business, the superintendent shall:

(A) If such corporation be a stock corporation, cause an examination to be made into its affairs in accordance with the provisions of this chapter; and if it appears from the report upon such examination that the amount of capital and surplus required by law has been paid in and is possessed by the corporation in cash or in investments permitted by this chapter as minimum capital or minimum surplus to policyholder investments under section one thousand four hundred two of this chapter, the superintendent shall file such report in his office and notify the corporation thereof;

(B) If such corporation be a mutual corporation, require proof (by statements of at least three incorporators subscribed and affirmed by such incorporators as true under the penalties of perjury, and by such investigation or examination of the affairs of such corporation as he may deem it expedient to make pursuant to the provisions of this chapter) that:

(i) the corporation has fully complied with the applicable provisions of this chapter,

(ii) it has the required initial surplus in cash or investments as prescribed in this chapter,

(iii) it has the required number and amount of bona fide applications for insurance as prescribed in this chapter,

(iv) the membership list is genuine, and

(v) every member has paid in cash the required premium on the insurance applied for and will take the policies as agreed within sixty days after a license has been issued to such corporation.

If the superintendent finds such proof of the foregoing facts to be sufficient, he shall file it in his office and notify the corporation thereof;

(C) Upon payment of the appropriate fees by such corporation, cause a

copy of its declaration and charter, certified by him, to be filed and recorded in the office of the clerk of the county in which such corporation has its principal office.

(2) The superintendent may refuse a license to any such corporation if he finds, after notice and hearing, that any proposed incorporator or director of a stock corporation, or any director of a mutual corporation, has been convicted of any crime involving fraud, dishonesty, or like moral turpitude, or is an untrustworthy person. As a part of such determination, the superintendent is authorized to fingerprint applicants for licensure. Such fingerprints shall be submitted to the division of criminal justice services for a state criminal history record check, as defined in subdivision one of section three thousand thirty-five of the education law, and may be submitted to the federal bureau of investigation for a national criminal history record check.

(3) The corporation, on receiving notice from the superintendent that it has complied with this subsection, shall thereupon deposit with the superintendent such monies or securities as may be required by law.

(4) Upon compliance with this section and any other lawful prerequisites for the issuance of an insurer's license, the superintendent may, pursuant to this section, issue a license to such corporation to do the kind or kinds of business specified in its charter; provided that this subsection shall not apply to co-operative fire insurance companies, fraternal benefit societies, or corporations organized under article forty-three of this chapter.

(f) Except as may be otherwise provided in this chapter, every license to do an insurance business shall be issued to a single licensee, who shall be either an individual or corporation.

(g) (1) No license to do an insurance business, or to act as an insurance agent, agency or broker, shall be granted to any person, firm, association, corporation, or joint-stock company proposing to do business under a name identical with, or so similar to as to be likely to deceive or mislead the public, the name of any insurer then licensed or authorized to do any kind of insurance business within this state, or of any proposed domestic insurance corporation whose name has been approved pursuant to section one thousand two hundred one of this chapter within six months preceding the application for such license, or

of any domestic corporation, organized but not yet licensed, which has not forfeited its charter because of non-use; provided, the superintendent may, in his discretion, upon satisfactory proof of an appropriate resolution of any insurance corporation's board of directors, grant a license to do any different kind of insurance business to another person, firm, association, joint-stock company, insurance agent, agency or broker, or insurance corporation, having a similar, but not identical, name. Notwithstanding any other provision of this article, the superintendent may refuse to grant a license to do an insurance business, or to act as an insurance agent, agency or broker, to any person, firm, association, corporation or joint-stock company proposing to do business under a name which is likely to deceive or mislead the public in this state.

(2) The provisions of this subsection shall not apply to a license renewal for a foreign or alien insurer, or to any corporation formed as part of a plan, approved by the superintendent and by the court, for rehabilitation of a domestic insurance corporation pursuant to article seventy-four of this chapter. A domestic corporation, formed by reincorporation, reorganization or consolidation of other corporations, or upon the sale of the property or franchises of another corporation, or a corporation acquiring or becoming possessed of all of the estate, property, rights, privileges and franchises of any other corporation or corporations by merger, may have a name identical with, or similar to, that of any corporation to whose franchises it has succeeded, if such other corporation was then licensed to do the business of insurance in this state.

(h) No license to transact any kind of insurance business in this state shall be issued or renewed to any foreign or alien insurer or issued or continued in effect to any domestic insurer which is controlled by another state of the United States or by a foreign government or by any political subdivision of either, or which is an agency of any such state, government or subdivision, unless: (1) such insurer was so controlled or constituted, and was authorized to do business in this state, on or prior to January first, nineteen hundred fifty-six; or (2) such insurer is not authorized to transact the kinds of insurance specified in paragraph one, two or three of subsection (a) of section one thousand one hundred thirteen of this article and the

superintendent determines that:

(A) such insurer does not receive a subsidy or other competitive advantage, as a result of such control or status, that would enable it to compete unfairly with similarly situated authorized insurers which are not so controlled or constituted;

(B) such insurer is not entitled to claim sovereign immunity as a result of such control or status, or has waived the sovereign immunity;

(C) the use of such insurer would not be detrimental to the interests of the people of this state; and

(D) such insurer otherwise satisfies all applicable requirements for the issuance or renewal of such license.

§ 1103. Duration of licenses. (a) Every license issued to a domestic insurer shall be for an indefinite term and shall expire with the expiration or termination of its corporate existence.

(b) Every license, including every renewal license, issued to a foreign or alien insurer shall be for a term expiring on June thirtieth following the date of issuance, except that at any time after a licensed foreign or alien insurer has filed its annual statement pursuant to section three hundred seven of this chapter the superintendent may issue to such insurer a renewal license for the next year.

§ 1104. Revocation or suspension of license; restriction of license authority or limitation on premiums written. (a) The superintendent may revoke any license issued to any foreign or alien insurer to do an insurance business in this state if, after notice to and hearing, he finds that such insurer has failed to comply with any requirement imposed upon it by the provisions of this chapter and if in his judgment such revocation is reasonably necessary to protect the interests of the people of this state. The superintendent may in his discretion reinstate any such license if he finds that a ground for such revocation no longer exists.

(b) The superintendent shall revoke the certificate of authority of any corporation or agent convicted of violating section two thousand six hundred three of this chapter.

(c) The superintendent may suspend the license, restrict the license authority, or limit the amount of premiums written in this state of any accident and health insurance company, property/casualty insurance company, co-operative property/casualty insurance company, title insurance company, mortgage guaranty insurance company, reciprocal insurer, Lloyds underwriters or nonprofit property/casualty insurance company, except those insurers subject to the provisions of subsection (c) of section two thousand three hundred forty-three of this chapter, if after a hearing on a record, unless waived by the affected insurer, the superintendent determines that such insurer's surplus to policyholders is not adequate in relation to the insurer's outstanding liabilities or to its financial needs. All matters pertaining to a proceeding or determination pursuant to this subsection shall be confidential and not subject to subpoena or public inspection under article six of the public officers law or any other statute, except to the extent that the superintendent finds release of information necessary to protect the public. The hearing shall be initiated within twenty days after written notice to the insurer. Any determination pursuant to this subsection shall contain findings specifying the factors deemed significant in regard to the particular insurer, and shall set forth the reasons supporting the suspension, restriction or limitation ordered by the superintendent. The following factors shall be considered by the superintendent in making such determination:

(1) the size of the insurer as measured by its admitted assets, capital and surplus to policyholders, reserves, premium writings, insurance in force and other appropriate criteria, with such surplus to policyholders for foreign insurers adjusted in accordance with section one thousand four hundred thirteen of this chapter;

(2) the extent to which the insurer's business is diversified among the several kinds of insurance;

(3) the number and size of risks insured in each kind of insurance and the insurer's loss experience in regard to such risks;

(4) the extent of geographical dispersion of the insurer's risks;

(5) the nature and extent of the insurer's reinsurance program;

(6) the quality, diversification and liquidity of the insurer's investment portfolio;

(7) the recent past and projected future trends in regard to the

insurer's loss experience and in the size of the insurer's surplus to policyholders;

(8) the surplus to policyholders maintained by other comparable insurers;

(9) the adequacy of the insurer's reserves; and

(10) the quality and liquidity of investments in subsidiaries made pursuant to this chapter.

(d) The superintendent shall identify and review those licensed property/casualty insurers needing immediate or targeted regulatory attention, and shall include the number of insurers so identified in the report required by section three hundred thirty-four of this chapter. Such report shall also include the name of each licensed property/casualty insurer placed in formal conservatorship, rehabilitation or liquidation during the preceding year. Nothing herein shall be construed to restrict or diminish any right or power of the superintendent under any other provision of this chapter.

§ 1105. Voluntarily ceasing to maintain license. When an authorized insurer proposes to cease to maintain its existing licensing status in this state, the insurer shall at least forty-five days prior to such proposed action submit to the superintendent a plan to protect the interests of the people of this state. Such proposed action shall not become effective without the approval of such plan by the superintendent. The plan shall include requirements and procedures for meeting the insurer's contractual obligations, providing security protection in the event of a subsequent insolvency, and meeting any applicable statutory obligations, including its obligations pursuant to articles fifty-three, fifty-four and fifty-five of this chapter. Such plan shall be in compliance with a regulation to be promulgated by the superintendent. A plan may request that the insurer be permitted to continue or service a life insurance policy or annuity contract from outside this state by telephone, video call, facsimile, web portal, electronic transfer of funds, or by any other electronic means as approved by the superintendent pursuant to subparagraph (C) of paragraph two of subsection (b) of section one thousand one hundred one of this article. In order to protect the interests of the people of this state,

the superintendent may require the deposit of securities in this state, in trust, in the name of the superintendent.

§ 1106. Additional requirements for foreign or alien insurer's license. (a) Before issuing a license to do business, except by way of a renewal license, to any foreign or alien insurer the superintendent in addition to the requirement set forth in subsection (b) hereof:

(1) shall require it to submit for filing a certified copy of its charter, and of its by-laws, if any, currently in force, and such other documents necessary to show the kinds of business which it is empowered to do, and a full statement, subscribed and affirmed as true under the penalties of perjury by two officers or responsible representatives in such manner as the superintendent shall prescribe, showing its assets, liabilities and financial condition; and

(2) may require a full statement of its income, disbursements, business done, and other facts required to be shown in its annual statement; and

(3) may either make an examination of the insurer's affairs at its principal office within the United States, or accept a report of an examination made by the insurance department or other insurance supervisory official of any other state or of any government outside the United States.

(b) (1) Before issuing any new or renewal license to any foreign or alien insurer, the superintendent may require satisfactory proof, either in the insurer's charter or by an agreement evidenced by a duly certified resolution of its board of directors, or otherwise as the superintendent may require, that such insurer will not engage in any insurance business in contravention of the provisions of this section or not authorized by its charter.

(2) The superintendent shall issue a renewal license to any foreign or alien insurer if satisfied, by such proof as he may require, that such an insurer is not delinquent with respect to any requirement imposed by this chapter and that its continuance in business in this state will not be hazardous or prejudicial to the best interests of the people of this state.

(c) No foreign insurer shall be licensed to do in this state any kind

of insurance business, or combination of kinds of insurance business, which are not permitted to be done by domestic insurers hereafter to be licensed under the provisions of this chapter. No foreign insurer shall be authorized to do business in this state if it does in this state or elsewhere any kind of business, other than an insurance business and such business as is necessarily or properly incidental to the kind or kinds of insurance business which it is licensed to do in this state.

(d) No alien insurer shall be licensed to do in this state any kind of insurance business, or any combination of kinds of insurance business, which are not permitted to be done by domestic insurers hereafter to be licensed under the provisions of this chapter. No alien insurer shall be authorized to do an insurance business in this state if it does anywhere within the United States any kind of business other than an insurance business and such business as is necessarily or properly incidental to the kind or kinds of insurance business which it is authorized to do in this state.

(e) Except as otherwise specifically provided in this chapter no foreign insurer and no United States branch of an alien insurer shall be or continue to be authorized to do an insurance business in this state if it fails to comply substantially with any requirement or limitation of this chapter, applicable to similar domestic insurers hereafter to be organized, which in the judgment of the superintendent is reasonably necessary to protect the interests of the people of this state.

(f) No foreign insurer and no United States branch of an alien insurer which does outside of this state any kind or combination of kinds of insurance business not permitted to be done in this state by similar domestic insurers hereafter organized, shall be or continue to be authorized to do an insurance business in this state, unless in the judgment of the superintendent the doing of such kind or combination of kinds of insurance business will not be prejudicial to the best interests of the people of this state.

(g) Subsections (e) and (f) hereof shall not affect the requirements of section one thousand one hundred two of this article or section four thousand two hundred five of this chapter with respect to business done within this state.

(h) Notwithstanding the provisions of subsection (c) hereof any foreign insurance company licensed to do the business of life insurance

in this state continuously since January first, nineteen hundred twenty may continue to be licensed, in the discretion of the superintendent, to do the kinds of insurance business it was authorized to do immediately prior to January first, nineteen hundred forty.

(i) (1) Notwithstanding any other provisions of this chapter, any foreign licensed mutual life insurer which intends to reorganize or convert to a stock life insurer shall file with the superintendent a copy of its plan of reorganization or conversion at least ninety days prior to the date of any public hearing required to be held on such a plan by the state of domicile of the insurer, or the proposed effective date of the reorganization or conversion, whichever is earlier.

(2) If, after examining the plan, the superintendent finds that the plan is not fair or equitable to the New York policyholders of such insurer he shall set forth the reasons for such findings and at least fifteen days prior to such hearing, or the proposed effective date of the reorganization or conversion, whichever is earlier, notify the commissioner, superintendent or director of the state of domicile and the insurer of such findings and such reasons and advise of any requirements he finds necessary for the protection of current New York policyholders in order to permit the insurer to continue to do business in New York as a stock insurer after such reorganization or conversion.

§ 1107. Licenses for unincorporated insurers. (a) No individual shall be or remain licensed to write fidelity and surety insurance who, in any court of this state having criminal jurisdiction or in any criminal action or proceeding, deposits money or property as bail for another or executes as surety any bail bond.

(b) No individual shall be or remain licensed to do an insurance business, as an insurer unless he is a resident of this state, complies with all requirements of this chapter as to capital, surplus, reserves, liabilities, investments, deposits and other financial requirements imposed upon insurers doing the same kinds of insurance business, confines his business exclusively to such insurance business and business authorized pursuant to the provisions of this chapter as incidental thereto, and in all respects conforms to all requirements imposed upon such insurance companies, except as to corporate existence

and requirements incidental thereto. No individual insurer shall do business under a corporate or fictitious name or under any name, style or title other than the true name of such individual.

(c) This section shall not affect the authority to do an insurance business conferred upon a reciprocal insurer or Lloyds underwriters pursuant to article sixty-one of this chapter.

§ 1108. Insurers exempt from licensing and other requirements. The following insurers, their officers, agents, representatives and employees shall be exempt from licensing and other requirements imposed by the provisions of this chapter (except article seventy-four hereof) to the extent specified below:

(a) Any charitable annuity society which complies with the requirements of section one thousand one hundred ten of this article, to the extent therein stated.

(b) Any fraternal benefit society, membership corporation or other organization exempted under the provisions of article forty-five of this chapter, to the extent therein stated.

(c) The state insurance fund of this state, except as to the provisions of subsection (d) of section two thousand three hundred thirty-nine, section three thousand one hundred ten, subsection (a), paragraph one of subsection (b), paragraph three of subsection (c) and subsection (d) of section three thousand two hundred one, sections three thousand two hundred two, three thousand two hundred four, subsections (a) through (d) of section three thousand two hundred twenty-one, subsections (b) and (c) of section four thousand two hundred twenty-four, section four thousand two hundred twenty-six and subsections (a) and (b), (g) through (j), and (n) of section four thousand two hundred thirty-five of this chapter and except as otherwise specifically provided by the laws of this state.

(d) Any corporate trustee or board of trustees acting pursuant to the banking law in relation to the fund for insurance of deposits in savings banks or the fund for insurance of shares of savings and loan associations.

(e) Any corporation, organized under the laws of any state, solely to provide gratuitously for support or relief of the priests, clergy or

ministers of any religious denomination, or their dependents, is exempt from all provisions of this chapter, except that any such corporation, created by special act of incorporation of this state, which by the provisions of such act is subject to the requirement of examination by, and making annual reports to, the superintendent, shall be subject to the provisions of article three of this chapter relating to examinations and statements or reports by insurers.

(f) Any retirement system or pension fund that was doing business on January first, nineteen hundred forty under the education law, the civil service law, the mental hygiene law, any special act of incorporation of this state, or any municipal charter adopted under the laws of this state, exclusively for the benefit of the members of such system or fund or for all or any classes of the employees of this state or any municipality thereof, shall be exempt from the provisions of this chapter, except that if the law under which such system or fund was organized subjects it to examination by, and the making of annual reports to, the superintendent, such system or fund shall be subject to the provisions of article three of this chapter relating to examinations and statements or reports by insurers.

(g) Any membership corporation or voluntary association organized and operating in this state prior to January first, nineteen hundred thirty-nine and its members may act as indemnitors of a licensed property/casualty insurance company in respect to surety bonds or policies of insurance required to be filed by such members pursuant to section three hundred seventy of the vehicle and traffic law and are exempted from the requirement of having an insurer's license; but no such membership corporation or association shall become a surety on any such bond or otherwise do an insurance business.

(h) Any relief department or pension plan of any common carrier subject to the the Railroad Retirement Act of 1974 (45 U.S.C. § 31), whose privileges and membership are confined to employees or former employees of such carrier or its affiliated or subsidiary companies, or to any association of such common carriers which administers any such department or plan.

(i) Every blood credit system established by a city, pursuant to section twenty-one-d of the general city law.

(j) Any group of employers authorized by the workers' compensation

board to provide workers' compensation benefits for the employees of all member employers pursuant to subdivision three-a of section fifty of the workers' compensation law.

* (k) A charitable bail organization holding a certificate issued by the superintendent pursuant to section six thousand eight hundred five of this chapter.

* NB There are 2 sb§ (k)'s

* (k) An institution of higher education, as defined in paragraph two of subsection (a) of section one thousand one hundred twenty-four of this article, that has a certificate of authority from the superintendent and complies with the requirements of section one thousand one hundred twenty-four of this article, to the extent therein stated.

* NB There are 2 sb§ (k)'s

(n) A resolution facility established pursuant to section seven thousand seven hundred nineteen of this chapter.

§ 1109. Limited exemption for health maintenance organizations. (a) An organization complying with the provisions of article forty-four of the public health law may operate without being licensed under this chapter and without being subject to any provisions of this chapter, except: (1) to the extent that such organization must comply with the provisions of this chapter by virtue of such article, and (2) the provisions of sections three hundred eight, one thousand three hundred one, one thousand three hundred two, one thousand three hundred seven, one thousand three hundred twenty-two, with regard to health maintenance organizations that are domiciled in this state and certified or operating in at least one other state, two thousand one hundred three, two thousand one hundred twelve, two thousand one hundred fourteen, two thousand one hundred fifteen, two thousand one hundred seventeen, two thousand one hundred twenty-three, two thousand six hundred eight-a, two thousand six hundred twelve, three thousand two hundred twenty-four-a, four thousand three hundred eight, four thousand three hundred seventeen, four thousand three hundred eighteen, four thousand three hundred twenty, four thousand three hundred twenty-one, four thousand three hundred twenty-two and four thousand three hundred twenty-three of

this chapter.

(b) An organization which provides health care services for a periodic fee paid in advance but which does not comply with the provisions of article forty-four of the public health law shall be deemed to be engaged in the business of insurance and may not operate without being licensed under this chapter.

(c) An organization referred to in subsection (a) or (b) hereof shall be subject to article seventy-four of this chapter.

(d) A health maintenance organization may make any investment permitted for a health service corporation organized pursuant to article forty-three of this chapter provided that the superintendent, after consultation with the commissioner of health, may modify such investment requirements, if such modification would permit the organization to more effectively implement its program without incurring undue risk to its subscribers.

(e) The superintendent may promulgate regulations in effectuating the purposes and provisions of this chapter and article forty-four of the public health law and may modify requirements applicable to the contracts between a health maintenance organization and its subscribers, subject to such limitations as the superintendent shall deem necessary or proper to insure the performance of such contracts.

§ 1110. Charitable annuity societies exempt; special permits. (a) The superintendent may, in his or her discretion, issue a special permit to make annuity agreements with donors to any duly organized domestic or foreign non-stock corporation or association conducted without profit and engaged in active operation for at least ten years prior thereto solely in bona fide charitable, religious, missionary, educational or philanthropic activities. The permit shall authorize such corporation or association to receive gifts of cash and other property conditioned upon, or in return for, its agreement to pay an annuity to the donor, or his or her nominee, and to make and carry out such annuity agreement. Every such corporation or association shall, before making such agreement, file with the superintendent copies of its forms of agreements with annuitants and a schedule of its maximum annuity rates, which shall be computed so as to return to it upon the annuitant's death

a residue at least equal to one-half the original gift or other consideration for such annuity. The maximum annuity rates may be unisex in nature and shall be computed on the basis of currently applicable mortality tables for calculating the reserves for individual annuities pursuant to section four thousand two hundred seventeen of this chapter. The yield of the ten year treasury bond plus two percent as of April thirtieth, rounded to the nearest 0.25%, shall be used to calculate the maximum annuity rates to become effective as of July first of the same year and the ten year treasury bond yield plus two percent as of October thirty-first, rounded to the nearest 0.25%, shall be used to calculate the maximum annuity rates to become effective as of January first of the following year. No other factors shall be used to calculate the maximum annuity rates.

(b) Every such domestic corporation or association shall maintain admitted assets at least equal to the greater of (i) the sum of its reserves on its outstanding agreements, calculated in accordance with section four thousand two hundred seventeen of this chapter, and a surplus of ten per centum of such reserves, or (ii) the amount of one hundred thousand dollars. In determining such reserves a deduction shall be made for all or any portion of an annuity risk which is reinsured by a life insurance company authorized to do business in this state. The required admitted assets shall be invested in accordance with the prudent investor standard as defined in section 11-2.3 of the estates, powers and trusts law and shall not be subject to the investment limitations set forth in this chapter. Such assets shall be segregated as separate and distinct funds, independent of all other funds of such corporation or association, and shall not be applied to pay its debts and obligations or for any purpose except the aforesaid annuity benefits.

(c) No such corporation or association organized under the laws of another state shall be permitted to make such annuity agreements in this state unless it complies with all requirements of this section imposed upon like domestic corporations or associations.

(d) No such corporation or association shall make or issue in this state any annuity contract before obtaining a permit issued in accordance with the provisions of this section except that if its requisite reserve on its outstanding annuity agreements computed in

accordance with section four thousand two hundred seventeen of this chapter does not exceed the amount of one million dollars, it may make gift annuity agreements in this state and shall be exempted from securing a permit provided it maintains the reserve required by section four thousand two hundred seventeen of this chapter and a surplus of at least twenty-five per centum of such reserve. If the superintendent finds, after notice and hearing, that any such corporation or association, having such a permit, has failed to comply with the requirements of this section, the superintendent may revoke or suspend such permit or order it to cease making new annuity contracts until it complies. The superintendent may, in the superintendent's discretion, either dispense with the requirement of annual statements by such corporations or associations or accept a sworn statement by two or more of its principal officers, in such form as will satisfy the superintendent that the requirements of this section are being complied with.

(e) Except as provided in this section every such corporation or association shall be exempt from the provisions of this chapter, other than articles one, two, three, twenty-five and seventy-four of this chapter.

(f) The superintendent may, in the superintendent's discretion, examine any such corporation or association that is exempt from obtaining a permit pursuant to subsection (d) of this section.

§ 1111. Compulsory insurance; bonds of surety companies; certificates of qualification. (a) Whenever by any law of this state any policy or contract of insurance is required, or is acceptable in lieu of any other requirement imposed by such law, the superintendent may, upon written request containing such information as he deems necessary, issue to any person a certificate of qualification, stating the qualification of any insurer authorized to do such business in this state if he finds that, as shown by the insurer's last filed annual statement or last filed report on examination, whichever is later, the insurer is solvent, responsible and otherwise qualified to make policies or contracts of the kind required. No insurer authorized to do business in this state shall issue or make any policy or contract of insurance or surety bond to

owners or operators of motor vehicles as required by the provisions of the vehicle and traffic law of this state, unless the superintendent shall have certified to the commissioner of motor vehicles that such insurer is qualified to issue such policy or contract, in the manner specified herein.

(b) (1) Whenever by any law of this state a bond, undertaking, recognizance, guaranty or like obligation is required, permitted, authorized or allowed, or the performance of any act, duty or obligation, or the refraining from any act, is required, permitted, authorized or allowed to be secured or guaranteed, such bond or like obligation, or such security or guaranty, may be executed by any insurance company authorized to do in this state the business of executing such instruments and empowered by its charter to execute them. The insurer's execution of such instrument by its officer, attorney-in-fact or other authorized representative shall be accepted as, and in all respects shall be, a full compliance with every law or other requirement, now or hereafter in force, that any such obligation be given or accepted or that it be executed by one or more sureties, or that such sureties be residents, householders or freeholders, or possess any other qualifications.

(2) The superintendent may on written application issue to any company his certificate of qualification stating the company's capital and surplus as shown by its last annual statement or its last filed report on examination, whichever is later, and that such capital and surplus complies with the requirements of this chapter. The certificate shall further indicate the limitation upon the amount of a single risk which such company is authorized to assume.

(c) The superintendent may refuse to issue any certificate pursuant to subsection (a) or (b) hereof if in his judgment refusal will best promote the interests of the people of this state. Such certificate, or a copy certified by the superintendent, shall be conclusive evidence, as of its date and thereafter until revoked, of either the insurer's qualification to issue the policy, contract of insurance or surety bond, if issued pursuant to subsection (a) hereof, or the company's qualification, and its sufficiency under any law of this state as surety or guarantor, and of the propriety of accepting and approving it as such, if issued pursuant to subsection (b) hereof, and this

certification shall be in lieu of any justification required of the insurer by any law of this state or any requirement pursuant thereto.

(d) If after notice to and hearing of any insurer the superintendent finds the insurer is no longer entitled to obtain a certificate, he may revoke it by filing an order of revocation in his office. He shall thereupon serve a copy of such order on the insurer and shall give notice of the revocation to any state official or board to whom the certificate was issued. The superintendent may publish notice of such revocation in such newspapers of general circulation in this state as he may deem proper in the public interest. No insurer and no officer, attorney-in-fact or other representative thereof shall, after receiving notice of revocation, make or execute, or hold itself out as authorized to make or execute, in this state, any policy, contract of insurance, bond or like obligation, or security or guaranty specified in subsection (a) or (b) hereof, as long as such revocation continues in effect.

§ 1112. Reciprocal provisions as to taxes, license fees, deposits, and other requirements. (a) (1) If, by the laws, or the action of any public official, of any other state, any insurer organized or domiciled in this state, or its duly authorized agents, shall be, required to deposit securities in such other state to protect policyholders or for any other purpose, or shall be required to pay taxes, fines, penalties, fees for licenses or certificates of authority or any other sum for the privilege of doing business in such other state, or shall be subjected to any restrictions, obligations, conditions or penalties, imposed for such privilege, and such requirements are greater than those required of similar insurers organized or domiciled in such other state by the laws of this state for the privilege of doing business herein, then all similar insurers organized or domiciled in such other state and their duly authorized agents in this state shall make like deposits for like purposes with the superintendent, and pay him for taxes, fines, penalties, fees for licenses or certificates of authority or for any other requirement for the privilege of doing business in this state, an amount determined in the manner prescribed by such other state, and shall be subjected to such greater requirements imposed by such other state upon similar insurers of this state and their duly authorized

agents.

(2) (i) For the amount due under this subsection for the calendar year nineteen hundred eighty-nine, an initial payment shall be made by each insurer subject to this subsection of an amount equal to the lesser of (a) ninety percent of the amount finally determined to be due under this subsection for the calendar year nineteen hundred eighty-seven or (b) eighty percent of the amount finally determined to be due under this subsection for the calendar year nineteen hundred eighty-nine. Such initial payment shall be made on or before March fifteenth, nineteen hundred ninety.

(ii) For the amount due under this subsection for calendar years after nineteen hundred eighty-nine, an estimated payment shall be due and payable on or before the fifteenth day of December. This payment shall be equal to the lesser of (a) ninety percent of the amount finally determined to be due under this subsection for the second preceding calendar year or (b) eighty percent of the amount finally determined to be due under this subsection for the calendar year.

(iii) If any insurer fails to pay all or any part of the initial payment or estimated payment due pursuant to subparagraph (i) or (ii) of this paragraph, it shall be deemed to have made an underpayment. There shall be added to the amount due pursuant to paragraph one of this subsection, an amount at the rate set for underpayments by the commissioner of taxation and finance pursuant to section one thousand ninety-six of the tax law, minus four percentage points, or if no rate is set, at the rate of six percent per annum upon the amount of the underpayment for the period of the underpayment. In computing the amount of any interest required to be paid, such interest shall not be compounded. The amount of the underpayment shall be, with respect to the initial payment or any estimated payment, the excess of the amount required to be paid over the amount, if any, paid on or before the last day prescribed for such payment. If the superintendent demands payment of the initial payment or any estimated payment, and if such amount is paid within ten days after the date of such demand, interest on the amount so paid shall not be imposed for the period after the date of such demand. No portion of the interest imposed pursuant to this subparagraph may be waived.

(iv) Notwithstanding the provisions of section sixteen of the state

finance law, interest shall be allowed and paid at the rate set for overpayments by the commissioner of taxation and finance pursuant to section one thousand ninety-six of the tax law, or if no rate is set, at the rate of six percent per annum upon any overpayment, from the date payment was due to a date (to be determined by the superintendent) preceding the date of a refund check by not more than thirty days. In the case of a payment which is made after the last date prescribed for payment of such payment, no interest shall be allowed or paid for any day before the date on which the payment was made. In computing the amount of interest required to be paid, such interest shall not be compounded. No interest shall be allowed or paid if the amount thereof is less than one dollar.

(v) If the period for which the amount is imposed pursuant to paragraph one of this subsection is less than twelve months, every insurer shall make estimated payments in accordance with regulations of the superintendent.

(b) If the superintendent finds that by the laws or official acts of any foreign country, insurers organized in this state are arbitrarily denied the privilege of doing business in such foreign country, or are subjected to unreasonable requirements therein, he may revoke the licenses of all insurers of such country doing business in this state, and may refuse to issue licenses to every insurer of such country thereafter applying for a license to do business in this state, or in lieu thereof, he may impose like requirements upon every insurer of such country, until he shall find that such arbitrary denial or unreasonable requirements no longer apply.

(c) If, by the existing or future laws of any other state, any broker resident within this state and duly licensed as such under this chapter may not be licensed as a broker in such other state, then no broker resident in such other state shall be licensed as a broker within this state, anything in this chapter to the contrary notwithstanding. If a license fee exceeding forty dollars per annum is imposed by any other state for issuing a license to a broker resident within this state, or the amount of commissions which may be paid to such broker on premiums on risks located in any other state shall be limited under the laws of such state, then, all brokers resident in such other state shall upon being licensed in this state pay a like fee in lieu of that prescribed

by this chapter, and insurance companies authorized to transact business in this state shall not pay to any such nonresident broker any commissions on premiums on risks located in this state exceeding those which the laws of such other state permit brokers of this state to receive on premiums on risks located in such other state.

* (d) (1) Should the insurance department, commissioner, director, or other similar insurance regulatory official of any other state or territory of the United States impose any sanctions, fines, penalties, financial or deposit requirements, prohibitions, restrictions, regulatory requirements, or other obligations of any kind upon any insurance company organized or chartered in this state and licensed to transact business in such other state or territory, because of the failure of the New York insurance department to obtain, maintain, or receive accreditation certification or any similar form of approval, compliance, or acceptance from, by, or as a member of the National Association of Insurance Commissioners, or any committee, task force, working group, or advisory committee thereof, or because of the failure of the department to comply with any directive, financial annual statement requirement, model act or regulation, market conduct or financial examination report or requirement, or any report of any kind of the National Association of Insurance Commissioners, or any committee, task force, working group, or advisory committee thereof, the superintendent shall without exception or exclusion, impose upon any and all insurance companies organized or chartered in such other state or territory and licensed to do business in this state the same sanctions, fines, penalties, financial or deposit requirements, prohibitions, restrictions, regulatory requirements, or other obligations imposed upon the insurance companies of this state.

(2) To the extent that it would be detrimental to the adequate and proper regulation of insurance in this state to use existing employees or resources of the department in order to comply in a timely manner with paragraph (1) of this subsection, the superintendent may engage such other qualified persons and services as may be necessary. The superintendent shall recover all of the costs of such compliance in the manner prescribed in section 313 of the insurance law.

* NB Expired March 31, 1995

* (e) The provisions of this section shall not apply to insurance

companies organized or domiciled in a state or country whose laws do not impose retaliatory taxes or other charges or which grant, on a reciprocal basis, exemptions therefrom to insurance companies organized or domiciled in this state.

* NB Expired March 31, 1995, relettering expired on such date is actually (d) from 367/84 on such date

§ 1112-a. Reports. On or before March first of each year the superintendent shall report the amounts imposed and required to be paid pursuant to section twenty-eight hundred seven-t of the public health law that are allowed on returns filed during the preceding calendar year as credits in assessing the taxes imposed by section one thousand one hundred twelve of this chapter. Such report shall also include the amount, if any, by which taxes due and owing pursuant to such section one thousand one hundred twelve have been reduced because of the allowance of such credits. Such report shall be provided to the director of the budget and the commissioner of health.

§ 1113. Kinds of insurance authorized. (a) The kinds of insurance which may be authorized in this state, subject to other provisions of this chapter, and their scope, are set forth in the following paragraphs. The power to do any kind of insurance against loss of or damage to property shall include the power to insure all lawful interests in such property and to insure against loss of use and occupancy, rents and profits resulting therefrom. No kind of insurance shall include life insurance, title insurance or insurance against legal liability for personal injury or death unless specified in this section. In addition to any power specifically conferred by this chapter to engage in any other kind of business than an insurance business, any insurer authorized to do business in this state may engage in other kinds of business to the extent necessarily or properly incidental to the kinds of insurance business it is authorized to do in this state.

(1) "Life Insurance," means every insurance upon the lives of human beings, and every insurance appertaining thereto, including the granting of endowment benefits, additional benefits in the event of death by

accident, additional benefits to safeguard the contract from lapse, accelerated payments of part or all of the death benefit or a special surrender value upon (A) diagnosis of terminal illness defined as a life expectancy of twelve months or less, (B) diagnosis of a medical condition requiring extraordinary medical care or treatment regardless of life expectancy, (C) certification by a licensed health care practitioner of any condition which requires continuous care for the remainder of the insured's life in an eligible facility or at home when the insured is chronically ill as defined by Section 7702(B) of the Internal Revenue Code and regulations thereunder, provided the accelerated payments qualify under Section 101(g)(3) of the Internal Revenue Code and all other applicable sections of federal law in order to maintain favorable tax treatment, (D) certification by a licensed health care practitioner that the insured is chronically ill as defined by Section 7702 (B) of the Internal Revenue Code and regulations thereunder, provided the accelerated payments qualify under Section 101(g)(3) of the Internal Revenue Code and all other applicable sections of federal law in order to maintain favorable tax treatment, (E) the insured's having been a resident of a nursing home, as defined in section twenty-eight hundred one of the public health law, for a period of three months or more, with an expectation that such insured will remain a resident of a nursing home until death, or (F) the insured's having been the recipient of end of life or palliative care, for a period of three months or more, at a residential health care facility as defined in subdivision three of section twenty-eight hundred one of the public health law, home care services as defined in subdivision one of section thirty-six hundred two of the public health law or hospice as defined in subdivision one of section four thousand two of the public health law, with the expectation that such insured will continue to require such services until death. "Life insurance" also includes a special surrender value upon total and permanent disability of the insured, optional modes of settlement of proceeds, and additional benefits to safeguard the contract against lapse in the event of unemployment of the insured or in the event the insured is a resident of a nursing home. Amounts paid the insurer for life insurance and proceeds applied under optional modes of settlement or under dividend options may be allocated by the insurer to one or more separate accounts pursuant to

section four thousand two hundred forty of this chapter.

(2) "Annuities," means all agreements to make periodical payments for a period certain or where the making or continuance of all or some of a series of such payments, or the amount of any such payment, depends upon the continuance of human life, except payments made under the authority of paragraph one hereof. Amounts paid the insurer to provide annuities and proceeds applied under optional modes of settlement or under dividend options may be allocated by the insurer to one or more separate accounts pursuant to section four thousand two hundred forty of this chapter.

(3) "Accident and health insurance," means (i) insurance against death or personal injury by accident or by any specified kind or kinds of accident and insurance against sickness, ailment or bodily injury, including insurance providing disability and family leave benefits pursuant to article nine of the workers' compensation law, except as specified in item (ii) hereof; and (ii) non-cancellable disability insurance, meaning insurance against disability resulting from sickness, ailment or bodily injury (but excluding insurance solely against accidental injury) under any contract which does not give the insurer the option to cancel or otherwise terminate the contract at or after one year from its effective date or renewal date.

(4) "Fire insurance," means insurance against loss of or damage to any property resulting from fire, including loss or damage incident to the extinguishment of a fire or to the salvaging of property in connection therewith.

(5) "Miscellaneous property insurance," means loss of or damage to property resulting from:

(A) lightning, smoke or smudge, windstorm, tornado, cyclone, earthquake, volcanic eruption, rain, hail, frost and freeze, weather or climatic conditions, excess or deficiency of moisture, flood, the rising of the waters of the ocean or its tributaries;

(B) insects, or blights, or disease of such property except animals;

(C) electrical disturbance causing or concomitant with a fire or an explosion in public service or public utility property;

(D) bombardment, invasion, insurrection, riot, civil war or commotion, military or usurped power, any order of a civil authority made to prevent the spread of a conflagration, epidemic or catastrophe,

vandalism or malicious mischief, strike or lockout, collapse from any cause, or explosion; but excluding any kind of insurance specified in paragraph nine hereof, except insurance against loss of or damage to property resulting from:

(i) explosion of pressure vessels (except steam boilers of more than fifteen pounds pressure) in buildings designed and used solely for residential purposes by not more than four families,

(ii) explosion of any kind originating outside of the insured building or outside of the building containing the property insured,

(iii) explosion of pressure vessels which do not contain steam or which are not operated with steam coils or steam jackets, or

(iv) electrical disturbance causing or concomitant with an explosion in public service or public utility property; or

(E) lateral or vertical subsidence of the earth caused by past or present mining operations.

(6) "Water damage insurance," means insurance against loss or damage by water or other fluid or substance to any property resulting from the breakage or leakage of sprinklers, pumps or other apparatus erected for extinguishing fires or of water pipes or other conduits or containers, or resulting from casual water entering through leaks or openings in buildings or by seepage through building walls, but excluding loss or damage resulting from flood or the rising of the waters of the ocean or its tributaries; and including insurance against accidental injury of such sprinklers, pumps, fire apparatus, conduits or containers.

(7) "Burglary and theft insurance," means:

(A) Insurance against loss of, or damage to, any property resulting from burglary, theft, larceny, robbery, forgery, fraud, vandalism, malicious mischief, confiscation, or wrongful conversion, disposal, or concealment by any person, or from any attempt thereof;

(B) Insurance against loss of, or damage to, moneys, coins, bullion, securities, notes, drafts, acceptances, or any other valuable papers or documents, resulting from any cause, except while in the custody or possession of, and being transported by, any carrier for hire or in the mail;

(C) Insurance of individuals by means of an all-risk type of policy commonly known as the "Personal Property Floater" against any kind and all kinds of loss of, or damage to, or loss of use of, any personal

property other than merchandise;

(D) Insurance covering a ransom or reward payment incurred as the result of an abduction or the theft of property; travel and lodging expense and lost wages incurred as the result of an act or threatened act of violence; expense incurred to locate or identify a missing or abducted person; or other expenses to respond to a violent act or threatened act, or to prevent a reoccurrence thereof; and

(E) Insurance against losses and expenses resulting from a "stolen identity event," which shall include the theft, accidental release, or publication of, or misappropriation of information related to, an individual's personal identification, social security number, or other method of identifying the individual, that has resulted in, or could reasonably result in, the wrongful use of the information.

(8) "Glass insurance," means insurance against loss of or damage to glass and its appurtenances resulting from any cause.

(9) "Boiler and machinery insurance," means insurance against loss of or damage to any property of the insured, resulting from explosion of or injury to:

(A) any boiler, heater or other fired pressure vessel;

(B) any unfired pressure vessel;

(C) pipes or containers connected with any such boilers or vessels;

(D) any engine, turbine, compressor, pump or wheel;

(E) any apparatus generating, transmitting or using electricity; or

(F) any other machinery or apparatus connected with or operated by any such boilers, vessels or machines; and including the incidental power to make inspections of, and issue certificates of inspection upon, any such boilers, apparatus, and machinery, whether insured or otherwise.

(10) "Elevator insurance," means insurance against loss of or damage to any property of the insured, resulting from ownership, maintenance or use of elevators, except loss or damage by fire.

(11) "Animal insurance," means insurance against loss of or damage to any domesticated or wild animal resulting from any cause.

(12) "Collision insurance," means insurance against loss of or damage to any property of the insured resulting from collision of any other object with such property, but excluding collision to or by elevators, or to or by vessels, craft, piers or other instrumentalities of ocean or inland navigation.

(13) "Personal injury liability insurance," means insurance against legal liability of the insured, and against loss, damage or expense incident to a claim of such liability (including the insurer's obligation to pay medical, hospital, surgical and disability benefits to injured persons, and funeral and death benefits to dependents, beneficiaries or personal representatives of persons who are killed, irrespective of legal liability of the insured), arising out of death or injury of any person, or arising out of injury to the economic interests of any person, as the result of negligence in rendering expert, fiduciary or professional service, but excluding any kind of insurance specified in paragraph fifteen except insurance to protect an insured against liability for indemnification or contribution to a third party held responsible for injury to the insured's employee arising out of and in the course of employment when such insurance is written pursuant to this paragraph and not written pursuant to paragraph fifteen of this subsection.

(14) "Property damage liability insurance," means insurance against legal liability of the insured, and against loss, damage or expense incident to a claim of such liability, arising out of the loss or destruction of, or damage to, the property of any other person, but not including any kind of insurance specified in paragraph thirteen, fifteen or twenty-eight of this subsection.

(15) "Workers' compensation and employers' liability insurance," means insurance against the legal liability, under common law or statute or assumed by contract, of any employer for the death or disablement of, or injury to, his employee, including volunteer firefighters' benefit insurance provided pursuant to the volunteer firefighters' benefit law including volunteer ambulance workers' benefit insurance provided pursuant to the volunteer ambulance workers' benefit law and insurance for workers' compensation benefits for death and injuries arising out of crimes provided by the independent livery driver benefit fund pursuant to article six-G of the executive law.

(16) "Fidelity and surety insurance," means:

(A) Guaranteeing the fidelity of persons holding positions of public or private trust; and indemnifying banks, thrifts, brokers and other financial institutions against loss of money, securities, negotiable instruments, other specified valuable papers and tangible items of

personal property caused by larceny, misplacement, destruction or other stated perils including loss while being transported in an armored motor vehicle or by messenger; and insurance for loss caused by the forgery of signatures on, or alteration of, specified documents and valuable papers;

(B) Insurance against losses that financial institutions become legally obligated to pay by reason of loss of customers' property from safe deposit boxes;

(C) Any contract bond; including a bid, payment or maintenance bond or a performance bond where the bond is guaranteeing the execution of any contract other than a contract of indebtedness or other monetary obligation;

(D) An indemnity bond for the benefit of a public body, railroad or charitable organization; a lost security or utility payment bond;

(E) Becoming surety on, or guaranteeing the performance of, any lawful contract, not specifically provided for in this paragraph, but does not include becoming surety on, or guaranteeing the performance of:

(i) any insurance contract except as authorized pursuant to section one thousand one hundred fourteen of this article; or

(ii) any contract, if becoming surety on, or guaranteeing the performance of that contract, would constitute:

a. mortgage guaranty insurance as defined in subsection (a) of section six thousand five hundred one of this chapter;

b. financial guaranty insurance as defined in subsection (a) of section six thousand nine hundred one of this chapter; or

c. service contract reimbursement insurance as defined in paragraph twenty-eight of this subsection;

(F) Becoming surety on, or guaranteeing the performance of, bonds and undertakings required or permitted in all judicial proceedings or otherwise by law allowed, including surety bonds accepted by states and municipal authorities in lieu of deposits as security for the performance of insurance contracts;

(G) Becoming surety on, or guaranteeing the performance of, any agreement for the lease or rental of non-residential real property or

tangible personal property, provided that the obligation of the insurer shall not exceed a period of five years, and the bond is not issued directly or indirectly in connection with the sale of securities, a pooling of financial assets or a credit default swap as defined by article sixty-nine of this chapter;

(H) Becoming surety on, or guaranteeing the performance of, a contract of indebtedness or other monetary obligation where: (i) the aggregate gross principal, interest, and other amounts of indebtedness or other monetary obligations of any obligor whose obligations are guaranteed by the insurer under all bonds issued to that obligor pursuant to this subparagraph by the insurer does not exceed ten million dollars; and (ii) the bond is not issued directly or indirectly in connection with the sale of securities, a pooling of financial assets, or a credit default swap as defined by article sixty-nine of this chapter; and (iii) the bond by its terms terminates upon any sale or other transfer of the insured obligation in connection with the sale of securities, a pooling of financial assets, or a credit default swap as defined by article sixty-nine of this chapter;

(I) A depository bond that insures deposits in financial institutions to the extent of the excess over the amount insured by the Federal Deposit Insurance Corporation; and

(J) Becoming surety on, or guaranteeing the performance of, a bond, which shall not exceed a period greater than five years, that guarantees the payment of a premium, deductible, or self-insured retention to an insurer issuing a workers' compensation or liability policy.

In this chapter "fidelity" insurance shall have the meaning set forth in subparagraphs (A) and (B) of this paragraph.

(17) "Credit insurance," means:

(A) Indemnifying merchants or other persons extending credit against loss or damage resulting from non-payment of debts owed to them, for goods and services provided in the normal course of their business, including the incidental power to acquire and dispose of debts so insured, and to collect any debts owed to such insurer or to the insured, but no insurance may be written as credit insurance if it falls within the definition of financial guaranty insurance as set forth in paragraph one of subsection (a) of section six thousand nine hundred one

of this chapter;

(B) Indemnifying any person for expenses disbursed or to be disbursed under a contract in connection with the cancellation of a catered affair;

(C) Indemnifying any person for tuition and other educational expenses disbursed or to be disbursed under a contract in connection with his or her dismissal or withdrawal from an educational institution; or indemnifying elementary or secondary schools, whether public, private, profit or non-profit, providing education in consideration of a tuition charge or fee against loss or damage in the event of non-payment of the tuition charges or fees of a student or pupil dismissed, withdrawn or leaving before the end of the school year for which the insurance is written. An educational institution may not require any person responsible for the payment of a student's or pupil's tuition charge or fee to pay for tuition refund insurance;

(D) (i) (I) Indemnifying an adoptive parent for verifiable expenses not prohibited under the law paid to or on behalf of the gestational parent when either one or both of the birth parents of the child withdraw or withhold their consent to adoption. Such expenses may include maternity-connected medical or hospital expenses of the gestational parent, necessary living expenses of the gestational parent preceding and during confinement, travel expenses of the gestational parent to arrange for the adoption of the child, legal fees of the gestational parent, and any other expenses that an adoptive parent may lawfully pay to or on behalf of the gestational parent;

(II) Indemnifying an intended parent for financial loss incurred as a result of the failure by the person acting as surrogate to perform under the surrogacy contract due to death, bodily injury, sickness, disappearance of the person acting as surrogate, late miscarriage, or stillbirth. Such financial loss shall include medical and hospital expenses, insurance co-payments, deductibles, and coinsurance, necessary living expenses of the person acting as surrogate during the term of the surrogacy contract, travel expenses to arrange for the surrogacy, legal fees of the person acting as surrogate, and any other expenses that an intended parent may lawfully pay to or on behalf of the person acting as surrogate; or

(III) Indemnifying an intended parent for expenses disbursed when

either the intended parent or a person acting as surrogate receives in-vitro fertilization or intrauterine insemination treatment that fails and does not result in the birth of a child. Expenses may include living expenses of the person acting as surrogate during the in-vitro fertilization or intrauterine insemination treatment and expenses incurred by the intended parent or person acting as surrogate to travel for the in-vitro fertilization or intrauterine insemination treatment. Expenses also may include medical and hospital expenses not covered under the intended parent's or person acting as surrogate's comprehensive health insurance and insurance co-payments, deductibles, and coinsurance, but credit insurance as defined in this clause shall not solely cover such medical and hospital expenses, co-payments, deductibles, or coinsurance; and

(ii) For the purposes of this subparagraph "adoptive parent" means the parent or the parent's spouse seeking to adopt a child, "gestational parent" means the person giving birth to the child, "birth parent" means the biological parents of the child, and the terms "donor", "intended parent", "person acting as surrogate", and "surrogacy agreement" shall have the meaning set forth in section 581-102 of the family court act; or

(E) Indemnifying professional sports participants (including any person who participates or expects to participate as a player, coach, manager, trainer, physician or other person directly associated with a player or a team) under contract or the teams with which the contract is made, entertainers under contract to perform or the entities with which the contract is made, or business executives under an employment contract or the entities with which the contract is made, where contracts between such persons and teams or entities cannot be fulfilled due to a sports participant's, entertainer's or business executive's death, personal injury by accident, sickness, ailment or bodily injury that causes disability, where such indemnification is for the amount of financial loss that is sustained by the insured party or parties due to the inability to fulfill the terms of the contract.

(F) Indemnifying any person for expenses disbursed or to be disbursed for a ticket to an event, including any fees, when the person cannot use the ticket and the event does not fully reimburse the person for the expenses or provide a ticket of equal value or a rain check.

(18) "Title insurance," means insuring owners of, and other persons lawfully interested in, real property and chattels real against loss by reason of defective titles and encumbrances and insuring the correctness of searches for all instruments, liens or charges affecting the title to such property, including power to procure and furnish information relative thereto, and such other incidental powers as are specifically granted in this chapter.

(19) "Motor vehicle and aircraft physical damage insurance," means insurance against loss of or damage to motor vehicles or aircraft and their equipment resulting from any cause; and insurance reimbursing a driver for costs including replacement car rental, commercial transportation and accommodations resulting from an automobile accident or mechanical breakdown occurring fifty miles or more from the driver's principal place of residence or garaging.

(20) "Marine and inland marine insurance," means insurance against any and all kinds of loss of or damage to:

(A) Vessels, hulls, craft, aircraft, cars, automobiles, trailers and vehicles of every kind, and all goods, freights, cargoes, merchandise, effects, disbursements, profits, moneys, bullion, precious stones, securities, choses in action, evidences of debt, valuable papers, bottomry and respondentia interests and all other kinds of property and interests therein, in respect to, appertaining to or in connection with any and all risks or perils of navigation, transit, or transportation, including war risks, on or under any seas or other waters, on land or in the air, or while being assembled, packed, crated, baled, compressed or similarly prepared for shipment or while awaiting the same or during any delays, storage, transshipment, or reshipment incident thereto, including marine builder's risks and all personal property floater risks;

(B) Person or property in connection with or appertaining to marine, inland marine, transit or transportation insurance, including liability for loss of or damage to either, arising out of or in connection with the construction, repair, operation, maintenance or use of the subject matter of such insurance (but not including life insurance or surety bonds nor insurance against loss by reason of bodily injury to the person arising out of ownership, maintenance or use of automobiles);

(C) Precious stones, jewels, jewelry, gold, silver and other precious

metals, whether used in business or trade or otherwise and whether the same be in course of transportation or otherwise; and

(D) Bridges, tunnels and other instrumentalities of transportation and communication (excluding buildings, their improvements and betterments, furniture and furnishings, fixed contents and supplies held in storage), including auxiliary facilities and equipment attendant thereto; piers, wharves, docks and slips; other aids to navigation and transportation, including dry docks and marine railways.

In this chapter "inland marine" insurance shall not include insurance of vessels, crafts, their cargoes, marine builders' risks, or other similar risks, commonly insured only under ocean marine insurance policies.

(21) "Marine protection and indemnity insurance," means insurance against, or against legal liability of the insured for, loss, damage or expense arising out of, or incident to, the ownership, operation, chartering, maintenance, use, repair or construction of any vessel, craft or instrumentality in use in ocean or inland waterways, including liability of the insured for personal injury, illness or death or for loss of or damage to the property of another person.

(22) "Residual value insurance" means insurance issued in connection with a lease or contract which sets forth a specific termination value at the end of the term of the lease or contract for the property covered by such lease or contract, and which insures against loss of economic value of tangible personal property or real property or improvements thereto except loss due to physical damage to property, excluding any lease or contract that falls within the definition of financial guaranty insurance as set forth in paragraph one of subsection (a) of section six thousand nine hundred one of this chapter.

(23) "Mortgage guaranty insurance," means the kind of insurance specified in section six thousand five hundred one of this chapter.

(24) "Credit unemployment insurance" means insurance on a debtor in connection with a specified loan or other credit transaction within the state to provide payments to a creditor in the event of unemployment of the debtor for the installments or other periodic payments becoming due while a debtor is unemployed.

(25) "Financial guaranty insurance," means the kind of insurance

defined in paragraph one of subsection (a) of section six thousand nine hundred one of this chapter.

(26) "Gap insurance" means insurance covering the gap amount which is payable upon the total loss of personal property, which is the subject of a lease or loan or other credit transaction occasioned by its theft or physical damage. The kinds of gap insurance are:

(A) "Motor vehicle lessor/creditor gap insurance" which insures the lessor, creditor, or the lessor's or creditor's assignee, under a motor vehicle lease or loan or other credit transaction pursuant to which the lessor, creditor, or, in the absence of a waiver by the lessor or creditor, the assignee has waived the obligation of the lessee or debtor for the gap amount;

(B) "Motor vehicle lessee/debtor gap insurance" which insures the lessee or debtor under a motor vehicle lease or loan or other credit transaction pursuant to which the lessor, creditor, or the lessor's or creditor's assignee has not waived the obligation of the lessee or debtor for the gap amount;

(C) "Non-motor vehicle lessor/creditor gap insurance" which insures the lessor, creditor, or the lessor's or creditor's assignee, under a lease or loan or other credit transaction covering personal property other than a motor vehicle pursuant to which the lessor, creditor, or, in the absence of a waiver by the lessor or creditor, the assignee, has waived the obligation of the lessee or debtor for the gap amount; and

(D) "Non-motor vehicle lessee/debtor gap insurance" which insures the lessee or debtor under a lease or loan or other credit transaction covering personal property other than a motor vehicle pursuant to which the lessor, creditor, or the lessor's or creditor's assignee has not waived the obligation of the lessee or debtor for the gap amount.

(27) "Prize indemnification insurance," means insurance against financial loss by reason of payment of any sum or item awarded to a participant in any lawful contest or sports related event.

(28) "Service contract reimbursement insurance" means insurance issued to a provider pursuant to article seventy-nine of this chapter whereby the insurer agrees, for the benefit of service contract holders, to discharge the obligations and liabilities of such provider under the terms of the service contracts issued by such provider, including the return of unearned provider fees upon any termination or cancellation of

service contracts, in the event of non-performance of any such obligations or liabilities by such provider. Such insurance may also include insurance issued to a provider to indemnify the provider for losses sustained by reason of the performance of such provider's obligations under service contracts issued pursuant to article seventy-nine of this chapter.

(29) "Legal services insurance" means insurance providing legal services or reimbursement of the cost of legal services.

(30) "Involuntary unemployment insurance" means insurance against the loss of income due to the involuntary loss of full-time employment which is the result of an individual or mass layoff or employer termination, a temporary suspension or permanent cessation of employment or a business failure.

(31) "Salary protection insurance" means insurance against financial loss caused by the cessation of earned income due to disability from sickness, ailment or bodily injury, in an amount up to: (A) that portion of an individual's annual earned income which is in excess of the amount of in force disability insurance as defined in paragraph three of this subsection in an amount not to exceed seventy-five percent of the individual's annual earned income in total based upon the sum of the in force disability insurance and salary protection insurance when the benefits are payable to the individual or the individual's beneficiary; or (B) where such underlying disability insurance cannot be obtained by an individual from an authorized insurer, in an amount not to exceed seventy-five percent of the individual's annual earned income when the benefits are payable to the individual or the individual's beneficiary. Any insurer licensed to write disability insurance as defined in paragraph three of this subsection may also write salary protection insurance as defined in this paragraph.

(32) "Donor medical expense insurance" means insurance indemnifying an intended parent for medical or hospital expenses that the intended parent is contractually obligated to pay under a donor agreement when the expenses result from medical complications that occur as a result of the donation of gametes. For the purpose of this paragraph, "donor", "gametes" and "intended parent" shall have the meaning set forth in section 581-102 of the family court act.

(33) "Excess business disability insurance," means insurance against

financial loss experienced by a corporate entity or a partnership where an individual integral to the successful operation of such corporate entity or partnership becomes disabled due to sickness, ailment or bodily injury. Such insurance may be obtained in excess of a primary business-related disability policy, or in the absence of such a policy if coverage cannot be obtained from an authorized insurer. Excess business disability insurance coverage may include, but is not limited to, reimbursement for all overhead costs and expenses and all capital outlays of a corporate entity or partnership which such corporate entity or partnership incurs in the ordinary course of business during the period of disability; and buy/sell arrangements in an amount sufficient to purchase the disabled individual's interest share in the corporate entity or partnership.

* (34) "Business interruption insurance" means insurance against loss of use and occupancy, rents, and profits resulting from a business closure due to: (A) loss of or damage to insured or neighboring property; (B) an act or threatened act of violence while the perpetrator is on the business premises; or (C) a government order.

* NB There are 2 (34)'s

* (34) "Parametric insurance" means insurance against the occurrence of a weather-related event, such as windstorm, flood, snow, wildfire, tornado, cyclone, or earthquake, where the indemnification is based on the proximity and magnitude of the event as measured and reported by a state or federal government agency.

* NB There are 2 (34)'s

(35) "Substantially similar kind of insurance," means such insurance which in the opinion of the superintendent is determined to be substantially similar to one of the foregoing kinds of insurance and thereupon for the purposes of this chapter shall be deemed to be included in that kind of insurance.

(b) Nothing herein contained shall require any insurer to insure every kind of risk which it is authorized to insure.

§ 1114. Reinsurance business. (a) Any domestic stock or mutual insurance corporation or reciprocal insurer may reinsure only the kinds of insurance business which it is licensed to do in this state or which

it is otherwise authorized to reinsure by the terms of its license. Any such corporation may confine its business to reinsurance.

(b) Any foreign or alien stock or mutual insurance corporation or reciprocal insurer may engage in this state in reinsurance of the kinds of insurance which it is licensed to do in this state. Any such corporation may confine its business to reinsurance.

(c) An insurer authorized by any provision of this chapter to engage in fidelity and surety insurance or reinsurance business may also guarantee performance of a contract insuring against physical damage to property in favor of mortgagees or other loss payees named in such contract, provided:

(1) It is authorized to engage in the kinds of insurance included in such contract;

(2) It has assumed reinsurance on the guaranteed contract in whole or in part;

(3) It is charged with such amount as part of its unearned premium reserve as may be prescribed by regulation of the superintendent not exceeding the amount it would be required to maintain in accordance with the provisions of this chapter if it were the direct insurer of the guaranteed risks; and

(4) If the property is located in this state, the ceding insurer is licensed to engage in the kinds of insurance included in such contracts.

(d) An insurer authorized by any provision of this chapter to do business of the kinds referred to in paragraph one, two or three of subsection (a) of section one thousand one hundred thirteen of this article may also reinsure, by itself, or together with other insurance companies subject to any regulations of the superintendent, any risk referred to in such subsection arising from, related to, or incident to the manufacture, ownership or operation of aircraft.

(e) Any health service corporation organized under article forty-three of this chapter is authorized to engage in reinsurance of policies of:

(1) any other corporation organized under article forty-three of this chapter;

(2) any health maintenance organization organized under article forty-four of the public health law; and

(3) long term care insurance issued by accident and health insurers organized under article forty-two of this chapter.

§ 1115. Limitation of risk, in general. (a) Except as otherwise provided in this chapter, no insurer doing business in this state shall expose itself to any loss on any one risk in an amount exceeding ten percent of its surplus to policyholders. In determining the amount of risk, any portion reinsured in an assuming insurer authorized to do such business in this state or in an accredited reinsurer, as defined in subsection (a) of section one hundred seven of this chapter, shall be deducted. In determining the limitation of risk under any provision of this chapter, "surplus to policyholders" shall include voluntary reserves, or any part thereof, not required by law, and be determined from the insurer's last sworn statement on file with the superintendent, or the last report on examination filed by the superintendent, whichever is more recent at the time the risk is assumed. In applying the limitation under any provision of this chapter to alien insurers, such provision shall be deemed to refer to the exposure to risk and to the surplus to policyholders of the United States branch of such alien insurer.

(b) This section shall not apply to the insurance of marine risks, marine protection and indemnity risks, workers' compensation, employers' liability risks, mortgage guaranty risks, financial guaranty risks, risks insured for any dollar level of first party benefits provided pursuant to article fifty-one of this chapter, certificates of title, guaranties of title or policies of title insurance, or those insurers subject to the provisions of subsection (c) of section two thousand three hundred forty-three of this chapter.

(c) (1) An insurer, selling residual value insurance in this state must at all times maintain surplus to policyholders in the aggregate amount of no less than: (i) 0.3333 percent or 1/300th of the aggregate net liability under guaranties of commercial real estate; (ii) 0.6666 percent or 1/150th of the aggregate net liability under guaranties of commercial transportation, to include, but not inclusively, aircraft, helicopters, vessels and railcars; (iii) one percent or 1/100th of the aggregate net liability under guaranties of commercial industrial equipment; (iv) with regard to all other residual value guarantees, four percent or 1/25th of the aggregate net liability under such guarantees.

For purposes of subparagraphs (i) through (iv) of this paragraph residual value is defined as set forth in paragraph twenty-two of subsection (a) of section one thousand one hundred thirteen of this article including financial transactions demonstrated to the satisfaction of the superintendent to be the functional equivalent thereof.

(2) An insurer, selling residual value insurance in this state shall limit its exposure on any one risk, net of collateral and reinsurance to an amount not to exceed ten percent of the aggregate of the insurer's surplus to policyholders. For the purposes of this section reinsurance must be placed with an authorized or accredited reinsurer in New York state. The credit for collateral shall not exceed fifty percent of the appraised value of the underlying asset at the date in the future that the value of the property is guaranteed.

§ 1116. Prepaid legal services plans and legal services insurance. (a) (1) An authorized insurer subject to the provisions of this chapter (except an insurer organized to write the kinds of insurance specified in paragraph eighteen, twenty-three or twenty-five of subsection (a) of section one thousand one hundred thirteen of this article or any corporation licensed or organized pursuant to article sixty-six of this chapter) may, if licensed to transact legal services insurance, as defined in paragraph twenty-nine of subsection (a) of section one thousand one hundred thirteen of this article, be authorized by the superintendent to issue contracts of legal services in connection with a prepaid legal services plan, if such plans satisfy the criteria set forth in subsection (b) of this section and the superintendent makes the determinations set forth in subsection (g) of this section. The provisions of this section shall be applicable to a corporation organized pursuant to article forty-three of this chapter only if the proposed plan and method of operations have been approved by a vote of at least two-thirds of the corporation's board of directors before the plan is submitted to the superintendent.

(2) A prepaid legal services plan may include legal services insurance as part of the plan, provided however, not more than an incidental amount of the premium with respect to such prepaid legal services plan

shall be attributable to legal services for defense only coverages for commercial or other business related lawsuits or arbitration proceedings commenced against the business entity that purchased the policy.

(3) Legal services insurance may not be written except (i) in conjunction with prepaid legal services plans as authorized in this section, or (ii) pursuant to a regulation promulgated by the superintendent permitting legal services insurance to be written as part of a policy of liability insurance covering related risks and, provided further, that legal services for defense only coverages for commercial or other business related lawsuits or arbitration proceedings commenced against the business entity that purchased the policy is not more than an incidental part of such liability insurance.

(b) The superintendent may, in accordance with the provisions of article twenty-three of this chapter, authorize the issuance of contracts in connection with a prepaid legal services plan when such plan satisfies the following criteria:

(1) its provisions are not misleading, confusing or inconsistent with the needs of the public;

(2) it avoids interference with judicial supervision over the professional and public obligations of lawyers;

(3) it provides for prompt resolution of grievances concerning benefits;

(4) it does not restrict the beneficiary's choice of attorney, provided, however, that compensation by the plan for attorneys not participating in the plan shall be subject to the schedule of benefits and fee structure set forth in the applicable contract and, provided further, that nothing herein shall be construed as prohibiting an attorney who is not participating in the plan from charging a fee for services provided in excess of the schedule of benefits or fee structure set forth in the applicable contract;

(5) it provides for a broad range of legal services, through personal and telephone consultations, such as wills, residential real estate matters and domestic relations matters, provided nothing herein shall require or prohibit the offering of a particular type of legal services by a prepaid legal services plan;

(6) it provides for written disclosure to contract holders, including a description of the schedule of benefits, fee structure, exclusions or

other limitations on benefits, and an explanation of a covered person's financial responsibility for the payment of premiums, co-payments, deductibles or amounts charged in excess of the schedule of benefits or fee structure by attorneys not participating in a plan;

(7) unless it provides for a shorter period, as provided in a paragraph two of subsection (d) of section three thousand four hundred twenty-six of this chapter, or for a longer period, the plan shall be issued or renewed for a one-year policy period;

(8) it may be cancelled by an insurer only if cancellation is based on one or more of the reasons set forth in paragraph one of subsection (c) of section three thousand four hundred twenty-six of this chapter upon no less than fifteen days written notice to a contract holder and shall include no less than a fifteen-day grace period in the event of a cancellation based on non-payment of premium, provided, however, in the event a contract is issued on a group basis, an individual group member may be canceled upon termination of his or her employment with or membership in the group contract holder;

(9) it may be nonrenewed by an insurer for any reason upon at least forty-five, but not more than sixty, days written notice to a contract holder; and

(10) it may be cancelled by a contract holder for any reason upon thirty days written notice to an insurer.

(c) The contracts may be issued on a group basis subject to regulations promulgated by the superintendent.

(d) Such contracts shall be subject to all other applicable provisions of this chapter and regulations thereunder.

(e) The superintendent may permit an authorized insurer subject to the provisions of this section to enter into contracts with any corporation or other organization, which provides or sponsors a prepaid legal services plan not subject to this chapter, to administer such plan if the plan satisfies the criteria set forth in subsection (b) of this section and provided the superintendent makes the determinations set forth in subsection (g) of this section. Such administration may include, but need not be limited to, marketing, actuarial, data processing, accounting, claims and other related services. Such contracts shall provide for the payment of a reasonable fee for such administrative services.

(f) The superintendent may permit an authorized insurer subject to the provisions of this chapter to reinsure the risk of any prepaid legal services plan as if it were legal services insurance if the plan satisfies the criteria set forth in subsection (b) of this section, provided the superintendent makes the determinations set forth in subsection (g) of this section. Such reinsurance agreements shall provide for the payment of a reasonable premium.

(g) The superintendent may take the actions set forth in subsections (a), (e) and (f) of this section only if the superintendent determines, with respect to each such action, that:

(1) the sponsors and other participants in the plan can reasonably be anticipated to be able to carry out their responsibilities under the plan, and

(2) the plan attempts to address the problem that desired legal services are unavailable to some citizens of this state because some individuals and families who are not eligible for government subsidized programs cannot afford the cost of those services, and

(3) the proposed activity by the authorized insurer will not cause or constitute an impairment of the insurer's ability to satisfy its existing and anticipated contracts and other obligations, including such standards as the superintendent prescribes concerning adequate capital and financial requirements.

(h) The superintendent shall promulgate such regulations that are necessary to implement the provisions of this section.

§ 1117. Health insurance plans for long term care. (a) An authorized insurer subject to the provisions of this chapter and organized to write the kind of insurance specified in paragraph three of subsection (a) of section one thousand one hundred thirteen of this article, a corporation or health maintenance organization authorized pursuant to article forty-three of this chapter or article forty-four of the public health law, and a fraternal benefit society organized under article forty-five of this chapter, may be authorized by the superintendent to issue contracts in connection with plans providing benefits for long term care, provided such plans satisfy the criteria set forth in subsection (b) of this section and the superintendent has made the determinations

set forth in subsection (f) of this section.

(b) The superintendent may authorize such contracts in connection with a plan for long term care pursuant to the following criteria:

(1) the plan's provisions are not misleading or confusing;

(2) the plan's provisions are not inconsistent with the needs of the public;

(3) the plan's benefit structure provides options for use of long term care services;

(4) the plan, the contract and other materials describing the plan fully and clearly state the benefits and limitations of such plan;

(5) the authorized insurer, health maintenance organization, or fraternal benefit society agrees to provide such reports of the experience of the plan as may be requested by the superintendent. The superintendent may prepare abstracts and summaries of such reports at the request of other government agencies for purposes of research and studies related to long term care financing, provided however that the insurer, health maintenance organization, or fraternal benefit society may request that specified information included in the report be considered confidential; and

(6) prior to the earlier of the execution of a policy or certificate in connection with a plan providing a home care benefit and/or a nursing home benefit, or the payment of any premium or fee related to such a policy or certificate, the authorized insurer, corporation, health maintenance organization or fraternal benefit society shall provide the prospective insured or his or her representative with a disclosure statement, which contains the following:

(A) The maximum daily and lifetime benefit levels, if applicable, provided by the policy or certificate for home care services and nursing home services;

(B) The percentage of coverage provided for home care services and nursing home services, if applicable, and an explanation of the methodology on which the reasonable charge used in conjunction with such percentage amount is based;

(C) A description of any inflation protection feature included in or available for purchase under the policy or certificate and the additional premium required to purchase such option or options;

(D) (i) If available and accessible by the insurer or other entity

from the department of health, the most recently-published average, statewide rate for care in a nursing home, as well as the average rates for care in nursing homes for both the New York city-metropolitan and upstate regions of the state; or

(ii) If available and accessible by the insurer or other entity from the department of health, the most recently-published map of the estimated average regional rates in New York state for nursing home care;

(E) A graphic demonstration of the maximum daily nursing home benefit level provided by the policy or certificate, and the impact that the selection of any inflation protection options would have on such maximum daily nursing home benefit level;

(F) The right of the prospective insured, upon attaining the age of sixty-five years, to designate a third party who will receive a copy of any notices of nonpayment of premiums due or notice of cancellation for nonpayment of premiums that is sent to the prospective insured;

(G) (i) A written statement indicating that such policy or certificate may be subject to future premium rate increases and that such rate increases shall be subject to the approval or modification of the superintendent; and

(ii) A list of past premium rate increases for such policy or certificate over the previous ten years, or if such policy or certificate was not offered over the previous ten years, past premium rate increased for policies or certificates that offer similar benefits over the previous ten years;

(H) Directions on how to obtain information about the department's review of any rate filing or application, contact information for the department, and information on how to contact the authorized insurer, corporation, health maintenance organization or fraternal benefit society for more information;

(I) Whether or not there is a period in which rates will not change, and if so, when that time period expires;

(J) A description of whether or not the premium may change, and if so, the circumstances under which any such premium changes could occur, including whether the department must approve such changes;

(K) Whether the policy contains provisions providing for a refund or partial refund of premium upon the cancellation of the policy, and if

such provisions exist, provide a description of their terms;

(L) A description of the options policyholders will have to mitigate any premium increases;

(M) A description of the options policyholders will have should the premiums increase, and the policyholder deems it in their best interest to cancel the policy;

(N) A statement that the policyholder will be given at least ninety days notice before any premium change takes effect;

(O) A statement that if the authorized insurer, corporation, health maintenance organization or fraternal benefit society seeks to increase the premium rate, the department will post notice of the rate filing on its website prior to any determination by the department; and

(P) The right of the prospective insured to submit public comments on any rate filing or application regarding premium rates on the department's website.

For the purpose of this paragraph, "home care services" shall have the same meaning as defined in subdivision one of section thirty-six hundred two of the public health law. The prospective insured, or his or her representative, shall acknowledge that the required disclosure has been made by signing the disclosure statement prior to or contemporaneously with the effective date of the policy or certificate.

Failure to provide information required by subparagraph (D) of this paragraph shall not be construed as a violation of this section if such information has not been made available by the department of health.

(c) The duration of such contracts and the extent of exposure thereunder by insurers, health maintenance organizations or fraternal benefit societies shall be in the discretion of the superintendent.

(d) Contracts issued pursuant to the provisions of this section shall be subject to all other provisions of this chapter and the regulations promulgated thereunder applicable to the insurer, health maintenance organization, or fraternal benefit society which issues the contract, provided however that in order to permit the development of long term care plans, the superintendent may modify or suspend any such provision or regulation upon making the determinations set forth in subsection (f) of this section.

(e) The superintendent may permit an authorized insurer, health maintenance organization, or fraternal benefit society subject to the

provisions of this chapter to reinsure the risk of any long term care services plan, provided such plan satisfies the requirements of this section. Such reinsurance agreements shall provide for the payment of a reasonable premium.

(f) The superintendent may take the actions set forth in subsections (a), (d) and (e) of this section only if the superintendent determines that:

(1) the plan is a legitimate approach to expand the availability of insurance coverage for long term care services;

(2) any proposed modification or suspension of a provision of this chapter or a regulation promulgated thereunder is essential to the development of long term care plans pursuant to this section, and is directly related to the essential features of such plans;

(3) the premium rates for the long term care plan are reasonably related to the benefits provided, and are self-supporting; and

(4) the plan proposed by the insurer, health maintenance organization, or fraternal benefit society, and any proposed modification or suspension pursuant to subsection (d) of this section, will not cause or constitute an impairment of the insurer's, health maintenance organization's, or fraternal benefit society's ability to satisfy its existing and anticipated contracts and other obligations, including such standards as the superintendent shall prescribe concerning adequate capital and financial requirements.

(g) (1) Except for certain group contracts described in paragraph four of this subsection, in order for premium payments for long-term care insurance to qualify for purposes of section one hundred ninety, subdivision twenty-five-a of section two hundred ten, subsection (aa) of section six hundred six, subsection (k) of section one thousand four hundred fifty-six and subsection (m) of section one thousand five hundred eleven of the tax law, the long-term care insurance must be approved by the superintendent pursuant to this subsection. Prior to approving any such insurance, the superintendent shall conclude that it meets minimum standards, including minimum loss ratio standards under this section or section three thousand two hundred twenty-nine of this chapter and is a qualified long-term care insurance contract as defined in section 7702B of the internal revenue code.

(2) (A) No insurer, agent, broker, person, business or corporation

doing business in or into this state shall in any manner state, advertise or claim that a long-term care insurance policy qualifies for purposes of the above-referenced provisions of the tax law unless either: (i) the superintendent has issued a letter or other written instrument to the insurer stating that the policy has been determined to qualify under this subsection, or (ii) the policy qualifies under paragraph four of this subsection without the need for approval by the superintendent.

(B) Any policy which is held out or purported to be a long-term care insurance policy by any insurer, agent, broker, person, business or corporation doing business in or into this state which has not been determined by the superintendent to qualify and which does not qualify under paragraph four of this subsection for purposes of the above referenced provisions of the tax law shall so state clearly, legibly and in close physical proximity to any description of the policy as a long-term care insurance policy that it does not so qualify. This subsection shall also be deemed to cover any statement, advertisement or claim concerning such policy by any insurer, agent, broker, person, business or corporation doing business in or into this state.

(C) Violation of this paragraph shall be considered a misrepresentation under section twenty-one hundred twenty-three of this chapter.

(3) The superintendent shall maintain an ongoing list of those policies requiring approval of the superintendent that are found eligible for purposes of the above-referenced provisions of the tax law.

(4) Group contracts delivered or issued for delivery outside of the state, but which are qualified long-term care insurance contracts as defined in section 7702B of the internal revenue code shall be deemed to qualify for purposes of the provisions of the tax law specified in paragraph one of this subsection without the need to seek the approval of the superintendent pursuant to this subsection. Provided that they otherwise meet the requirements of this paragraph, such group contracts include, but are not limited to, those offered: (a) by professional associations and societies, membership organizations and not-for-profit groups, or by a subsidiary or affiliated entity of any of the foregoing, to the members of the association, society, organization or group, and (b) by employers to their employees.

(h) The department shall post on its website information describing the process that it uses in reviewing and approving premium rates for policies or contracts of long term care insurance.

(i) Whenever an authorized insurer, corporation, health maintenance organization or fraternal benefit society submits a rate filing or application to the superintendent to increase or decrease premium rates for any policy or certificate subject to this section, the superintendent shall post a public notice of the rate filing or application on the department's website within fourteen days. The superintendent shall provide for a process for the public to provide comments on such rate filing or application electronically or in writing for a period of thirty days after such public notice is posted on the department's website.

(j) The superintendent, upon rendering a decision regarding approval, disapproval or modification of a rate filing or application, shall issue a public notice of such decision. Such written decision and notice shall be made publicly available on the department's website no later than the date on which the rate filing or application is approved, disapproved, or modified. Such notification shall include:

(1) a summary of the determinations made and considerations used by the department regarding the approval, disapproval or modification of such rate filing or application, and

(2) a statement with relevant detail as to why the approval, disapproval or modification of the proposal is consistent with paragraph three of subsection (f) of this section.

(k) Upon receipt by an authorized insurer, corporation, health maintenance organization or fraternal benefit society covered by the provisions of this section of an approval or modification decision by the superintendent with respect to a rate filing application with the department, such authorized insurer, corporation, health maintenance organization or fraternal benefit society shall notify policyholders and certificate holders of such decision no later than ninety days prior to the effective date of the premium rate increase. Such notification shall include:

(1) a description of such decision; and

(2) a written statement conforming to the requirements set forth in subparagraph (G) of paragraph six of subsection (b) of this section.

(l) The provisions set forth in subparagraphs (G), (H), (I), (J), (K), (L), (M), (N), (O), and (P) of paragraph six of subsection (b) of this section shall not apply to policies or certificates that are exempt from premium rate increases.

§ 1118. Regional pilot projects for the uninsured. (a) An authorized insurer subject to the provisions of this chapter and organized to write the kind of insurance specified in paragraph three of subsection (a) of section one thousand one hundred thirteen of this article, and a health maintenance organization authorized pursuant to article forty-three of this chapter or article forty-four of the public health law, may be authorized by the superintendent to issue contracts or otherwise enter into arrangements with approved organizations in connection with regional pilot projects to test models for the purpose of providing insurance and equivalent coverage mechanisms for the uninsured. Such plans must satisfy the criteria set forth in subsection (b) of this section and the superintendent shall make the determinations set forth in subsection (e) of this section. For the purpose of this section, regional pilot projects shall mean projects authorized pursuant to the expanded health care coverage act of nineteen hundred eighty-eight.

(b) The superintendent may authorize such contracts or arrangements for regional pilot projects pursuant to the following criteria:

(1) the plan's provisions are not misleading or confusing;

(2) the plan's provisions are consistent with the needs of the regional pilot projects; and

(3) the plan, the contract and other materials describing the plan fully and clearly state the benefits, limitations of the plan.

(c) The duration of such contracts and the extent of exposure thereunder by insurers or health maintenance organizations shall be determined by the superintendent.

(d) Notwithstanding any provisions of this chapter or the financial services law to the contrary, the superintendent may waive, modify or suspend any provision of this chapter, the financial services law or regulations promulgated thereunder as applicable to the insurers or health maintenance organizations that conduct the regional pilot projects, except as to mandatory benefits, provided such waiver,

modification or suspension is based on the criteria set forth in subsection (e) of this section.

(e) The superintendent may take the actions set forth in subsections (a) and (d) of this section upon the superintendent's judgment that:

(1) the plan is a reasonable and appropriate approach to expand the availability of health care coverage or equivalent coverage mechanisms for the uninsured;

(2) the premium rates and other sources of funding for the regional pilot project is reasonably related to the benefits provided and sufficient to support the program;

(3) any waiver, modification or suspension of provisions of this chapter, the financial services law or regulations promulgated thereunder is essential to the operation of the regional pilot project and to the rational development of programs to provide health care coverage or equivalent coverage mechanisms to the uninsured; and

(4) any waiver, modification or suspension of provisions of this chapter, the financial services law or regulations promulgated thereunder will not impair the ability of the insurer or health maintenance organization to satisfy its existing and anticipated contracts and other obligations, including such standards as the superintendent shall prescribe concerning adequate capital and financial requirements.

§ 1119. Limited exemption for continuing care retirement communities. (a) An organization complying with the provisions of article forty-six of the public health law may operate without being licensed under this chapter and without being subject to any provisions of this chapter, except to the extent that such organization must comply with the provisions of this chapter by virtue of such article, and such organization must comply with rules and regulations of the superintendent relating to:

(1) financial feasibility of the continuing care retirement community,

(2) actuarial principles established relating to such communities,

(3) approval of continuing care retirement contracts and the rates and rating system, if any, for such contracts.

(b) The superintendent may promulgate regulations in effectuating the

purposes and the provisions of this chapter and article forty-six of the public health law, which may include requirements applicable to the contracts between a continuing care retirement community and its residents.

(c) Such organization shall be subject to the provisions of article seventy-four of this chapter. Prior to commencing action under such article seventy-four, the superintendent shall consult with the continuing care retirement community council established pursuant to section forty-six hundred three of the public health law.

§ 1120. Child health insurance plan. (a) An authorized insurer subject to the provisions of this chapter and organized to write the kind of health insurance specified in paragraph three of subsection (a) of section one thousand one hundred thirteen of this article, and a corporation or health maintenance organization authorized pursuant to article forty-three of this chapter or a health maintenance organization certified pursuant to article forty-four of the public health law, may be authorized by the superintendent to issue contracts or otherwise enter into arrangements with approved organizations for the purpose of providing child health insurance plan policies for eligible children pursuant to title I-A of article twenty-five of the public health law. Such contracts or arrangements shall satisfy the criteria set forth in subsection (b) of this section and the superintendent shall make the determinations set forth in subsection (e) of this section.

(b) The superintendent may authorize such contracts or arrangements pursuant to the following criteria:

(1) the provisions are not misleading or confusing;

(2) the provisions are consistent with the needs of the child health insurance plan; and

(3) the materials describing the contract or arrangement fully and clearly state the benefits and limitations of such contract or arrangement.

(c) The duration of such contracts or arrangements and the extent of exposure thereunder by insurers, article forty-three corporations or health maintenance organizations shall be determined by the superintendent.

(d) Notwithstanding any provisions of this chapter or the financial services law to the contrary, the superintendent may waive, modify or suspend any provisions of this chapter, the financial services law or regulations promulgated thereunder as applicable to the insurers, article forty-three corporations or health maintenance organizations that issue coverage pursuant to this section, provided such waiver, modification or suspension is based on the criteria set forth in subsection (e) of this section.

(e) The superintendent may take the actions set forth in subsections (a) and (d) of this section upon the superintendent's judgment that:

(1) the contract or arrangement is a reasonable and appropriate approach to expand the availability of health care coverage to children;

(2) the sources of funding for the contract or arrangement are reasonably related to the benefits provided and sufficient to support the contract arrangement;

(3) any waiver, modification or suspension of the provisions of this chapter, the financial services law or regulations promulgated thereunder is essential to the operation of the child health insurance plan and to the rational development of programs to provide covered services to children; and

(4) any waiver, modification or suspension of provisions of this chapter, the financial services law or regulations promulgated thereunder will not impair the ability of the insurer, article forty-three corporation or health maintenance organization to satisfy its existing and anticipated contracts and other obligations, including such standards as the superintendent shall prescribe concerning adequate capital and financial requirements.

(f) Each application used by an authorized insurer for purposes of enrolling eligible children into the child health insurance plan pursuant to this section and section twenty-five hundred eleven of the public health law shall include the notice required pursuant to subsection (d) of section four hundred three of this chapter.

§ 1121. Voucher insurance program. (a) The superintendent, in consultation with the commissioner of health, is authorized to conduct a program on a demonstration basis to the extent of funds available

therefor, through contractual arrangements with approved organizations, to assist individuals and families residing in specified urban, rural or suburban areas in purchasing health care coverage through insurers, health maintenance organizations and integrated delivery systems.

(b) The superintendent shall designate the urban, rural or suburban areas to be served by the voucher insurance program. The superintendent shall determine the overall amount of funding to be allocated for vouchers issued in designated urban, rural or suburban areas.

(c) The superintendent, in consultation with the commissioner of health, shall establish guidelines for the submission of proposals by organizations for the purposes of administering the voucher insurance program including, but not limited to the following:

(1) standards for enrollment of eligible persons, including mechanisms for determining eligibility, and annual recertification;

(2) standards for monitoring the performance of insurers, health maintenance organizations and integrated delivery systems participating in the voucher program; and

(3) such other criteria which may be deemed necessary.

(d) A proposal submitted by an organization to administer the voucher program shall include the following:

(1) a designation of the geographic area to be served;

(2) an estimation of the number of persons who will be eligible for the program and the estimated number of actual participants in the program in the specified geographic area;

(3) a description of the procedures for enrollment of eligible individuals and families in the voucher program;

(4) a demonstration of the availability and accessibility of offices where individuals and families could obtain information and enroll in the voucher program;

(5) a description of the mechanisms for preventing fraudulent enrollment;

(6) a description of the procedure for issuance of the voucher and for monitoring individual and family enrollment in health maintenance organizations, integrated delivery systems and insurers participating in the voucher program;

(7) a description of the mechanisms for monitoring the performance of health maintenance organizations, integrated delivery systems and

insurers participating in the program;

(8) a description of the procedures for marketing the voucher program and the proposed community outreach activities including the identification of any subcontractor who will perform these activities;

(9) a detailed description of the estimated expenses, including personnel costs and other types of administrative expenses which will be incurred in the development and implementation of the voucher program;

(10) a demonstration of the applicant's ability to meet the data analysis and reporting requirements of the program;

(11) a demonstration of the financial feasibility of the program; and

(12) such other information as the superintendent may deem appropriate.

(e) The superintendent, in consultation with the commissioner of health, shall make a determination whether to approve, disapprove or recommend modification to the proposal of an applicant to administer the voucher program.

(f) An organization approved to administer the voucher program shall submit reports to the superintendent in such form and at times as may be required in order to facilitate evaluation of the operations and results of the voucher program.

(g) The superintendent may approve more than one organization to administer the voucher program in all or part of a geographic area.

(h) The superintendent shall determine the amount of funds to be allocated to an approved organization to administer the voucher program within such funds which are available for purposes of the voucher program.

(i) The superintendent shall review the marketing, community outreach activities and recruitment efforts of an organization administering the voucher program and may provide financial incentives if certain enrollment targets are met.

(j) An organization approved to administer the voucher program may be subject to financial penalties established by the superintendent for violating the standards of the voucher program. Organizations administering the program shall also be required to repay to the state all voucher payments issued on account of ineligible individuals or families. An organization approved to administer the voucher program may be removed by the superintendent as an approved organization and

must cooperate in the orderly transition of services to other approved organizations. The superintendent shall provide due notice and an opportunity for a hearing to an approved organization prior to implementing this subsection.

(k) Vouchers shall be issued by the organization administering the voucher program to eligible individuals and families residing in designated urban, suburban or rural areas. Individuals and families shall submit such vouchers to participating insurers, integrated delivery systems and health maintenance organizations for the purpose of obtaining insurance coverage.

(l) The superintendent shall establish, for those individuals and families eligible, the voucher amounts by regulation, and shall consider household size, gross annual income, the cost of obtaining health care coverage through a participating insurer, integrated delivery system or health maintenance organization and overall funding available for the voucher program.

(m) An insurer organized to write the kind of health insurance specified in paragraph three of subsection (a) of section one thousand one hundred thirteen of this article, and a corporation or health maintenance organization authorized pursuant to article forty-three of this chapter or a health maintenance organization or integrated delivery system certified pursuant to article forty-four of the public health law may submit a proposal for participation in the voucher program to the superintendent who shall consult with the commissioner of health. Such proposal shall include:

(1) a description of the standards for provider enrollment if applicable;

(2) a description of the geographic area to be served, an estimate of the eligible and actual enrollees in such designated area; and a demonstration of the benefits to the community;

(3) a demonstration of access to and delivery of high quality health care services and, if applicable, that any network of health care providers includes sufficient numbers of geographically accessible providers to service program participants;

(4) a demonstration of the manner in which primary and preventive care and medical treatment will be emphasized or substituted for hospital inpatient or emergency room services in order to provide more

appropriate care and more cost effective use of general hospitals.

(5) a description of the procedures for marketing the program, if applicable;

(6) a description of health care provider payment methodologies;

(7) a description of the premium in relation to the benefit package;

(8) a description of the estimated expenses including personnel costs and other types of administrative expenses which will be incurred in the program;

(9) a description of the quality assurance and utilization review mechanisms to be implemented;

(10) a description of the provisions for arranging for or offering conversion coverage in the event of termination of coverage;

(11) a demonstration of an ability to meet data analysis and reporting requirements of the program; and

(12) such other information as the superintendent may deem appropriate.

(n) The superintendent, in consultation with the commissioner of health, shall make a determination whether to approve, disapprove or recommend a modification to an insurer's, integrated delivery system's or health maintenance organization's proposal to participate in the voucher program.

(o) The superintendent, in consultation with the commissioner of health, shall ensure, to the extent possible, that the voucher program is available in designated urban, suburban or rural areas. The superintendent may approve more than one insurer, integrated delivery system or health maintenance organization to serve all or part of a geographic area.

(p) An approved insurer, integrated delivery system or health maintenance organization shall submit reports to the superintendent and to the organization administering the voucher program in such form and at times as may be reasonably required in order to evaluate the operations and results of such program.

(q) An approved insurer, integrated delivery system or health maintenance organization may be removed from participation in the voucher program provided, however, that eligible persons shall continue to receive coverage of services until such time as the orderly transition to other approved insurers, integrated delivery systems and

health maintenance organizations can be effected. The superintendent shall provide due notice and an opportunity for a hearing to an approved insurer, integrated delivery systems or health maintenance organization prior to implementing this subsection.

(r) Notwithstanding any inconsistent provision of law or regulation to the contrary, benefits under the voucher program shall be considered secondary to any other plan of insurance or benefit program under which a person may have coverage.

(s) An insurer, integrated delivery system or health maintenance organization may issue contracts approved by the superintendent, providing coverage to voucher recipients, pursuant to the following criteria:

(1) the provisions are not misleading or confusing:

(2) the provisions are consistent with the needs of the voucher program;

(3) the materials describing the contract fully and clearly state the benefits and limitations of such contract;

(4) the duration of such contracts and the extent of exposure thereunder by insurers, article forty-three corporations, integrated delivery systems or health maintenance organizations shall be determined by the superintendent;

(5) the contract is a reasonable and appropriate approach to expand the availability of health care coverage;

(6) the funding for the contract is reasonably related to the benefits provided and sufficient to support the contract;

(7) any such contracts must include the preexisting condition provisions permitted by section three thousand two hundred thirty-two and section four thousand three hundred eighteen of this chapter as applicable; and

(8) notwithstanding any provisions of this chapter to the contrary, the superintendent may waive, modify or suspend any provisions of this chapter, except as to mandatory benefits, or department regulations as applicable to the insurers, article forty-three corporations, integrated delivery systems or health maintenance organizations which issue coverage pursuant to this section, provided such waiver, modification or suspension is based on the following:

(A) any waiver, modification or suspension of provisions of this

chapter or department regulations is essential to the operation of the voucher program and to the rational development of programs to provide health care coverage or equivalent coverage mechanisms to the uninsured; and

(B) any waiver, modification or suspension of provisions of this chapter or department regulations will not impair the ability of the insurer, article forty-three corporation, integrated delivery system or health maintenance organization to satisfy its existing and anticipated contracts and other obligations, including such standards as the superintendent shall prescribe concerning adequate capital and financial requirements.

(t) The contracts issued by insurers, integrated delivery systems or health maintenance organizations and approved by the superintendent providing coverage to voucher recipients must provide for only the following covered services:

(1) Outpatient diagnostic X-ray and lab services;

(2) Outpatient surgical services including anesthesia;

(3) Mammography screening.

(4) Cervical cytology screening.

(5) Well-child care from birth.

(6) Primary and preventive care services.

(u) In order to be eligible to purchase coverage under the voucher program, the individual or family shall meet the following criteria:

(1) reside or resides in a household having a gross household income at or below two hundred twenty-two percent of the non-farm federal poverty level (as defined and annually revised by the federal office of management and budget). An applicant shall provide the necessary documentation to initially, and annually thereafter, determine eligibility for a voucher. Such documentation shall include the latest annual income tax return. If no such income tax return has been filed or if the household income has changed since the date of the return, such documentation shall also include, but not be limited to: paycheck stubs; written documentation of income from all employers; or other documentation of income (earned or unearned) as determined by the superintendent, provided however, such documentation shall set forth the source of such income;

(2) is not eligible for medical assistance under title eleven of

article five of the social services law or for medicare pursuant to title eighteen of the federal social security act;

(3) does not have equivalent health care coverage as defined by the superintendent. The applicant shall attest to the source and nature of health care coverage available;

(4) is a resident of a designated urban, suburban or rural area in New York state. Such residency shall be demonstrated by adequate proof of a New York state street address or if the individual or family has no street address, then by other such proof;

(5) has not had equivalent health care coverage within the twelve month period prior to application for a voucher. This limitation shall not apply to persons who became ineligible for medical assistance or whose insurance terminated as a result of loss of employment within such period;

(6) the individual or family shall notify the organization administering the voucher program within sixty days, of any changes in income, health care coverage or residency that may make them ineligible for the voucher program; and

(7) any individual or family who, with the intent to obtain benefits, willfully misstates income or residence or other health care coverage to establish eligibility or willfully fails to notify an organization administering the voucher program of an increase in income or change in residence or health care coverage which may disqualify the individual or family for benefits shall repay such subsidy. Individuals seeking to enroll in the voucher program shall be informed that such willfull misstatement or failure to notify shall result in such liability.

(v) Nothing in this section shall be construed to provide a right or entitlement to insurance coverage, or a cause of action or right of action to eligible individuals and families, approved organizations, or providers of health care services for the provision of or payment for such services relating to the availability or implementation of insurance coverage under this section.

(w) The superintendent shall implement such requirements or procedures as necessary to prevent, detect and deter fraud and abuse in the voucher insurance program.

*** § 1122. New York state health insurance continuation assistance demonstration project.** (a) Definitions. For the purposes of this section, unless the context clearly requires otherwise:

(1) "Continuation assistance" means payments made by the superintendent to an eligible individual, a health plan or insurer, a participating employer, or a labor-management health benefits fund to allow an eligible individual to obtain or maintain continuation coverage.

(2) "Continuation coverage" means group health insurance coverage which a participating employer or labor-management health benefits fund is obligated to offer to an individual pursuant to the 1985 Consolidated Omnibus Budget Reconciliation Act (COBRA), as amended by the Tax Reform Act of 1986, or continuation provisions pursuant to subsection (m) of section three thousand two hundred twenty-one, subsection (k) of section four thousand three hundred four or subsection (e) of section four thousand three hundred five of this chapter.

(3) "Displaced worker" means an individual that is a resident of New York state and has been terminated or has received a notice of termination as a result of increased imports from, or shifts in production to, foreign countries as described in the Trade Act programs, Trade Adjustment Assistance (TAA) and Alternative Trade Adjustment Assistance (ATAA).

(4) "Eligible individual" means a person who is an entertainment industry employee or displaced worker and who:

(A) is not eligible for health insurance coverage or medical benefits pursuant to part A or B of title XVIII of the Social Security Act or title eleven of article five of the social services law;

(B) is eligible for or is currently enrolled under continuation coverage (and, with respect to an entertainment industry employee, is eligible for or enrolled under continuation coverage through a collectively bargained plan covering entertainment industry employees), where such eligible individual is not covered under continuation already subsidized through continuation assistance pursuant to the public health law;

(C) resides in a household having a gross monthly household income at or below four hundred percent of the non-farm federal poverty level (as defined and updated by the federal department of health and human

services);

(D) is not eligible for employer provided coverage; and

(E) maintains the same level of insurance coverage as when they were employed.

(5) "Entertainment industry employee" means an individual who is a resident of New York state and is employed in the entertainment industry, as defined by the commissioner, including, but not limited to, the film, motion picture, television, theater, music, music recording, dance, radio, and circus industries.

(6) "Individual payment" means the amount of premium required for continuation coverage, less the amount of a continuation assistance payment made by the superintendent, to be paid by an eligible individual.

(7) "New York state health insurance continuation assistance demonstration project" means the pilot program for the entertainment industry employees and the pilot program for displaced workers.

(8) "Participating employer" means an employer who is obligated to continue coverage for an eligible individual pursuant to the 1985 Consolidated Omnibus Budget Reconciliation Act (COBRA), or subsection (m) of section three thousand two hundred twenty-one, subsection (k) of section four thousand three hundred four, or subsection (e) of section four thousand three hundred five of this chapter.

(9) "Pilot program for displaced workers" means the program which assists eligible individuals who are displaced workers in obtaining or maintaining continuation coverage pursuant to this section.

(10) "Pilot program for entertainment industry employees" means the program which assists eligible individuals who are entertainment industry employees in obtaining or maintaining continuation coverage pursuant to this section.

(b) Pilot program for entertainment industry employees. (1) The pilot program for entertainment industry employees shall assist eligible individuals who are entertainment industry workers in maintaining or obtaining continuation coverage.

(2) An eligible individual may apply to the superintendent for continuation assistance by submitting an application therefor on a form prescribed by the superintendent. The information required on the application shall include, but not be limited to:

(A) the name and address of the entertainment industry employee;

(B) the name, address, and telephone number of the participating employer;

(C) the date the eligible individual became or will become eligible for continuation coverage, the date such eligibility ends, and, when available, correspondence to an entertainment industry employee from a labor-management health benefits fund proving eligibility;

(D) the names of all dependents who are covered or are to be covered under the continuation policy; and

(E) documentation establishing the household income of an eligible individual, which may include annual income tax returns and, if not prohibited by federal law for purposes of income verification, social security numbers, paycheck stubs, written documentation of income from all employers, or such other documentation as the superintendent may require.

(3) The superintendent shall review the applications and advise the applicants as to their eligibility to participate in the pilot program. Within amounts available for such purpose, the superintendent shall provide continuation assistance. Such assistance shall be issued, to the extent of funds available therefor, which is equivalent to seventy-five percent of the premium for the period covered by such assistance. Continuation assistance shall not be provided for more than twelve months within a five-year period.

(4) In approving applications from eligible individuals, the superintendent shall:

(A) make a determination as to the extent of available funds for the pilot program so as to assure, to the extent possible, that the funding will be available to provide continuation assistance to the applicant in an amount equal to seventy-five percent of the premium for a period of twelve months within five years; if the superintendent determines that such funding may not be available due to the level of enrollment in the pilot program at the time of the eligible individual's application, the superintendent shall deny such application; and

(B) require eligible individuals who are awarded continuation assistance to sign an acknowledgement that recipients who later become eligible for health insurance coverage through another employer are no longer eligible to receive assistance under this section and that the

state may seek to recover assistance provided after the date of such eligibility.

(5) The superintendent shall make continuation assistance payments available pursuant to this subsection directly to the collectively bargained labor-management health benefits fund on behalf of eligible individuals. The fund must provide the superintendent such information as the superintendent may reasonably require to enable the superintendent to administer the terms and conditions of the pilot program.

(6) The superintendent may promulgate rules and regulations necessary to the administration of this pilot program.

(7) The superintendent may contract with an organization to assist in the administration of this pilot program. If the superintendent deems it appropriate to utilize an organization to assist in the administration of this pilot program, the organization shall submit reports to the superintendent in such form and at such times as required by the superintendent. An organization approved to assist with program administration shall maintain records in a form prescribed by the superintendent and which shall be available for inspection by or at the request of the superintendent.

(c) Pilot program for displaced workers. (1) The pilot program for displaced workers shall assist eligible individuals who are displaced workers in maintaining or obtaining continuation coverage.

(2) An eligible individual may apply to the superintendent for continuation assistance by submitting an application therefor on a form prescribed by the superintendent. The information required on the application shall include, but not be limited to:

(A) the name and address of the displaced worker;

(B) the name, address, and telephone number of the participating employer;

(C) the date the eligible individual became or will become eligible for continuation coverage, the date such eligibility ends, and, when available, correspondence to a displaced worker from a participating employer or labor-management health benefits fund proving eligibility;

(D) the names of all dependents who are covered or are to be covered under the continuation policy; and

(E) documentation establishing the household income of an eligible

individual, which may include annual income tax returns and, if not prohibited by federal law for purposes of income verification, social security numbers, paycheck stubs, written documentation of income from all employers, or such other documentation as the superintendent may require.

(3) The superintendent shall review the applications and advise the applicants as to their eligibility to participate in the pilot program. Within amounts available for such purpose, the superintendent shall provide continuation assistance. Such assistance shall be issued, to the extent of funds available therefor, which is equivalent to seventy-five percent of the premium for the period covered by such assistance. Continuation assistance shall not be provided for more than twelve months within a five-year period.

(4) In approving applications from eligible individuals, the superintendent shall:

(A) make a determination as to the extent of available funds for the pilot program so as to assure, to the extent possible, that the funding will be available to provide continuation assistance to the applicant in an amount equal to seventy-five percent of the premium for a period of twelve months within five years; if the superintendent determines that such funding may not be available due to the level of enrollment in the pilot program at the time of the eligible individual's application, the superintendent shall deny such application; and

(B) require eligible individuals who were awarded continuation assistance to sign an acknowledgement that recipients who later become eligible for health insurance coverage through another employer are no longer eligible to receive assistance under this section and that the state may seek to recover assistance provided after the date of such eligibility.

(5) The superintendent shall make continuation assistance payments available pursuant to this subsection directly to the individual or to the health plan or insurer, labor-management health benefits fund, or participating employer on behalf of eligible individuals. The fund or employer must provide the superintendent such information as the superintendent may reasonably require to enable the superintendent to administer the terms and conditions of the pilot program.

(6) The superintendent may promulgate rules and regulations necessary

to administer this pilot program.

(7) The superintendent may contract with an organization to assist in the administration of this pilot program. If the superintendent deems it appropriate to utilize an organization to assist in the administration of this pilot program, the organization shall submit reports to the superintendent in such form and at such times as required by the superintendent. An organization approved to assist with program administration shall maintain records in a form prescribed by the superintendent and which shall be available for inspection by or at the request of the superintendent.

(d) The superintendent shall complete a study of the New York state health insurance continuation assistance demonstration project set forth in this section. Such study shall examine the efficacy of the project in impacting the insurance marketplace in New York state and the impact of the demonstration project in reducing the large number of uninsured individuals in the entertainment industry and other industries in New York characterized by seasonal and episodic employment. The superintendent may contract with an organization for the completion of the study. The study shall be provided to the temporary president of the senate and the speaker of the assembly.

* NB Repealed July 1, 2027

§ 1123. Immigration bail business. (a)(1) Any person, firm, corporation, or other entity who shall for another deposit money or property as bail or execute as surety any bond in any immigration action or proceeding who within a period of one month prior thereto shall have made such a deposit or given such bail in more than two cases not arising out of the same transaction shall be deemed to be doing an immigration bail business.

(2) Except for a corporation authorized to write fidelity and surety insurance and to do an immigration bail business pursuant to the provisions of this article and otherwise in compliance with all other requirements of this chapter to do such business, no person, firm, corporation, or other entity shall engage in an immigration bail business in this state.

(b) (1) No person, firm, corporation, or other entity shall in this

state do an insurance business or an immigration bail business as defined in subsection (a) of this section unless authorized by a license issued and in force as provided under this article.

(2) The superintendent may authorize a property/casualty insurance company that is authorized to write fidelity and surety insurance to do an immigration bail business in accordance with the provisions of this article, but no individual or entity shall be licensed to do such business.

(c) Any person, firm, corporation, or other entity that violates this section shall be subject to the penalty set forth in subsection (a) of section one thousand one hundred two of this article.

(d) Any agreement entered into by an entity subject to this section that is not authorized to do an immigration bail business in accordance with the provisions of this article shall be void and unenforceable.

*** § 1124. Institutions of higher education exempt; certificate of authority.** (a) For the purposes of this section:

(1) "Qualified actuary" means an actuary who is a member in good standing of the American Academy of Actuaries or Society of Actuaries, with experience in establishing rates for self-insured trusts providing health benefits or other similar experience.

(2) "Institution of higher education" or "institution" means an educational institution in this state that:

(A) admits as regular students only persons having a certificate of graduation from a school providing secondary education, or the recognized equivalent of such a certificate, or persons who have completed a secondary school education in a home school setting that is treated as a home school or private school under the laws of this state;

(B) is legally authorized within this state to provide a program of education beyond secondary education;

(C) provides an educational program for which the institution awards a bachelor's degree, graduate degree, or professional degree;

(D) is a public or other nonprofit institution;

(E) is accredited by a nationally recognized accrediting agency or association;

(F) is governed by the board of regents of this state; and

(G) maintains an endowment of at least one billion dollars.

(3) "Student" means a person enrolled in an institution of higher education and may include a postdoctoral fellow.

(4) "Student contract" means evidence of coverage furnished to a student that sets forth all benefits and terms and conditions, with regard to a student health plan.

(5) "Student health plan" or "plan" means any self-funded plan established or maintained by an institution of higher education for the purpose of providing medical, surgical, or hospital services to a student, the student's spouse or domestic partner, the student's child or children, or other persons chiefly dependent upon the student for support and maintenance.

(b) An institution of higher education shall not establish, maintain, or otherwise participate in a student health plan in this state unless the institution obtains and maintains a certificate of authority from the superintendent pursuant to the provisions of this section.

(c) Except as otherwise provided in this section or a regulation promulgated by the superintendent, an institution providing a plan shall:

(1) be subject to all consumer protection laws applicable to corporations organized under article forty-three of this chapter, including minimum requirements of article forty-three of this chapter and regulations thereunder regarding benefits, contracts, and rates; and

(2) provide that its plan will have an expected loss ratio of not less than eighty-two percent. In reviewing a rate filing or application by a plan, the superintendent may modify the eighty-two percent expected minimum loss ratio requirement if the superintendent determines the modification to be in the interests of the people of this state or if the superintendent determines that a modification is necessary to maintain plan solvency. No later than one hundred twenty days after the close of a plan's fiscal year, a plan shall annually report the actual loss ratio for the previous plan fiscal year in a format acceptable to the superintendent. If the expected loss ratio is not met, the superintendent may direct the plan to take corrective action. Mandatory uniform student administrative health fees paid by the students irrespective of whether the student is a plan member to an institution shall not be deemed to be included in the premiums paid by students for

health benefit coverage under a plan.

(d) An institution shall file an application for a certificate of authority on such form as the superintendent may prescribe, and shall provide to the satisfaction of the superintendent the following:

(1) a copy of the student contract, including a table of the premium rates charged or proposed to be charged;

(2) a report indicating the benefit provisions, premium rates, and incurred medical losses associated with the institution's students under the insurance policy or contract insuring the institution's students, for the three years prior to the date of the application;

(3) the most recent certified independently-audited financial statement for the institution;

(4) a report prepared by a qualified actuary that supports the proposed premiums for the plan;

(5) a copy of all agreements between the institution and any plan administrator, with regard to the student health plan;

(6) a pro-forma balance sheet, including actuarially determined claims liabilities, and statement of revenue and expenses, including reasonably projected expenses, medical losses, and premiums to be charged to students for the plan during the first three years;

(7) a narrative description of the:

(A) accounting methodology that the institution will utilize, including a description of the separate accounts for revenues and expenses, including medical and hospital expenses and administration expenses, reserves for claims and expenses thereon, including incurred-but-not-reported, unearned premium reserves, contingent reserves, and any asset accounts (cash, premiums receivable, investments) relevant to the plan. The accounts may be established within the institution's general accounting ledger system, provided the general ledger accounts are clearly identifiable as pertaining to the plan, including any such accounts allocated to the plan;

(B) billing and claim payment procedures, including the names and contact information for those persons charged with handling accounting and claims issues; and

(C) any compensation the institution will receive in connection with the plan.

(8) copy of any stop-loss insurance policy issued or proposed to be

issued by an insurer authorized to do the business of accident and health insurance in this state or is a health service corporation organized under article forty-three of this chapter; and

(9) such other information as the superintendent may require.

(e) Upon compliance with this section, the superintendent may issue a certificate of authority to an applicant. Every certificate of authority shall contain the name of the certified entity and its home office address. The superintendent shall refuse to grant a certificate of authority to an applicant that fails to meet the requirements of this section. The superintendent may refuse to issue any certificate of authority if in the superintendent's judgment, the refusal will best promote the interests of the people of this state.

Notice of refusal shall be in writing and shall set forth the basis for refusal. If the applicant submits a written request within thirty days after receipt of the notice of refusal, then the superintendent shall conduct a hearing to give the applicant the opportunity to show cause why the refusal should not be made final.

(f) In order to obtain and maintain a certificate of authority, an institution shall:

(1) file a complete application with the superintendent in accordance with subsection (d) of this section;

(2) have within its own organization adequate resources and competent personnel to administer the student health plan or, in order to provide such administrative services, in whole or part, has contracted with a person or entity to serve as a plan administrator, determined by the institution to be qualified based upon written documentation furnished to the institution, provided that the documentation shall be made available to the superintendent upon request;

(3) establish and maintain premium rates sufficient to meet its contractual obligations and to satisfy the reserve requirements set forth in subsection (h) of this section;

(4) establish and maintain a fair and equitable process for claims review, dispute resolution, and appeal procedures, including arbitration of rejected claims, and procedures for handling claims for benefits in the event of plan dissolution, that are satisfactory to the superintendent and are subject to article forty-nine of this chapter;

(5) provide covered students with a student contract; and

(6) file all plan documents, including the summary plan description, and any amendments thereto, with the superintendent and receive the superintendent's approval in accordance with this section.

(g) An institution that has received a certificate of authority shall file with the superintendent, for the superintendent's prior approval, any amendments to the student contract, student health plan, or premium rates charged for the plan.

(h)(1) An institution shall establish reserves with the amounts necessary to satisfy all contractual obligations and liabilities of the plan, including: (A) a reserve for payment of claims and expenses thereon reported but not yet paid, and claims and expenses thereon incurred but not yet reported, which shall not be less than an amount equal to twenty-five percent of expected incurred claims and expenses thereon for the current plan year, unless a qualified actuary has demonstrated to the superintendent's satisfaction that a lesser amount shall be adequate; (B) a reserve for unearned premium equivalents, computed pro-rata on the basis of the unexpired portion of the policy period; and (C) a contingent reserve fund, established and maintained for the sole purpose of satisfying unexpected obligations of the plan in the event of termination of the plan, which shall not be less than five percent of the annualized earned premium equivalents during the current fiscal year of the plan.

(2) A qualified actuary may demonstrate that a lesser amount of a reserve for payment of claims and expenses thereon reported but not yet paid, and claims and expenses thereon incurred-but-not-yet-reported, shall be adequate by showing that the institution has obtained a medical stop-loss insurance policy issued by an insurer authorized by the superintendent to do the business of accident and health insurance in this state or is a health service corporation organized under article forty-three of this chapter. If at any time the reserve funds required to be established pursuant to this section fall below the required minimum amounts, then the institution shall immediately notify the superintendent of such impairment. The institution shall cure the impairment within five business days.

(3) The assets constituting the student health plan's contingent reserve fund shall consist solely of certificates of deposit issued by a United States bank and payable in United States legal tender, or

securities representing investments of the types specified in paragraphs one, two, three, eight, and ten of subsection (a) of section one thousand four hundred four of this chapter, or as otherwise expressly permitted by the superintendent. Any interest earned or capital gain realized on the money so deposited or invested shall accrue to and become part of the plan's reserve funds or contingent reserve, as applicable.

(4) The plan's assets, liabilities, income and expenses shall be accounted for separate and apart from all other assets, liabilities, income and expenses of the university. The accounting for the plan's contingent reserve fund shall show: (A) the purpose, source, date and amount of each sum paid into the fund; (B) the interest earned by such fund; (C) capital gains or losses resulting from the sale of investments of the plan's contingent reserve fund; (D) the order, purpose, date and amount of each payment from the contingent reserve fund; and (E) the assets of the contingent reserve fund, indicating cash balance and schedule of investments.

(5) The requirements for funding of the plan's reserves shall be calculated using generally accepted accounting principles. Only those expenses that relate to the plan shall be included in calculating the requirements for funding of the plan's reserve funds. Expenses allocated to the plan shall be allocated on an equitable basis in conformity with generally accepted accounting principles consistently applied. The books, accounts, and records of the plan shall be maintained as to clearly and accurately disclose the nature and details of all expenses so as to support the reasonableness of such expenses.

(i)(1) An institution of higher education shall file with the superintendent within one hundred twenty days of the close of the plan's fiscal year a report that contains:

(A) an annual financial statement, verified by the oath of at least two of the institution's principal officers, with direct knowledge of the operations of the student health plan, showing the financial condition of the plan during the most recent fiscal year, in accordance with law and generally accepted accounting principles, in a form prescribed by the superintendent;

(B) the identity of the qualified actuary utilized by the institution or plan and the amount paid to the qualified actuary by the institution

or plan during its most recent fiscal year;

(C) the identities of the plan's ten largest vendors by payment amount during its most recent fiscal year;

(D) the name and contact information of the person or entity appointed by the institution to administer the student health plan;

(E) a pro-forma statement of projected revenue and expenses for health benefits anticipated by the plan for the next twelve-month period of the plan's operation, provided on a fiscal year;

(F) a detailed report of the operations and condition of the plan's reserve funds; and

(G) such other information as the superintendent may require.

(2) An institution of higher education shall file with the superintendent within one hundred twenty days of the close of its student health plan's fiscal year the most recent certified, independently audited financial statement for the institution. The statement shall include an opinion of an independent certified public accountant. The notes to the financial statement shall show the financial results of the student health plan operations and a description as to how the institution meets the reserve requirements in paragraph one of subsection (h) of this section, including the amounts reported for each of the reserves, the method used to calculate the reserves, and the change in the reserves from the beginning of the plan's fiscal year to the end of the plan's fiscal year. In addition, the notes to financial statement shall detail the assets comprising the contingent reserve fund to demonstrate compliance with paragraph one of subsection (h) of this section.

(3) An institution that fails to file any report or statement required by this chapter, or fails to reply within thirty days to a written inquiry by the superintendent in connection therewith shall, in addition to other penalties provided by this chapter, be subject, upon due notice and opportunity to be heard, to a penalty of up to one thousand dollars per day of delay, not to exceed twenty-five thousand dollars in the aggregate, for each such failure.

(j) The superintendent may, pursuant to section three hundred nine, three hundred ten, three hundred eleven, and three hundred twelve of this chapter, and pursuant to the financial services law, make an examination into the affairs of any institution, with regard to a

student health plan issued by the institution, as often as the superintendent deems it expedient for the protection of the interests of the people of this state. The expenses of every examination of the affairs of an institution, with regard to a student health plan established or maintained by the institution, shall be borne and paid by the institution so examined. The expenses of examination shall include reimbursement for the compensation paid for the services of persons employed by the superintendent or by the superintendent's authority to make such examination, and for the necessary traveling and living expenses of the person or persons making the examination.

(k)(1) The superintendent may suspend or revoke a certificate of authority issued to an institution if the superintendent finds, after notice and hearing, that the institution has failed to comply with any requirement imposed on it by the provisions of this chapter and if in the superintendent's judgment such suspension or revocation is reasonably necessary to protect the interests of the people of this state, including:

(A) for any cause that would be a basis for denial of an initial application for such a certificate;

(B) failure to maintain the reserves required by subsection (h) of this section; or

(C) the superintendent finds that the institution has refused to produce its accounts, records, and files for examination or has refused to cooperate or give information with respect to the affairs of the student health plan or to perform any other legal obligation relating to such an examination when required by the superintendent.

(2) Any certificate of authority suspended or revoked under this subsection shall be surrendered to the superintendent, and the institution shall notify all participating students of that decision in such form and manner as the superintendent may prescribe, but not later than ten days after receipt of notice of the superintendent's decision requiring suspension or revocation. In addition, the institution shall submit a plan for the superintendent's approval for winding up the plan's affairs in an orderly manner designed to result in timely payment of all benefits, in such form and manner as the superintendent may prescribe.

(3) Notwithstanding subdivision two of section eighty-seven of the

public officers law, all final decisions to suspend or revoke the certificate of authority with regard to an institution shall be public.

(l) In any case in which an institution determines that there is a reason to believe that the student health plan will terminate, the institution shall so inform the superintendent at least sixty days prior thereto, and shall file a sworn statement with the superintendent concerning all current and future liabilities under its discontinued plan. The institution also shall submit a plan for the superintendent's approval for winding up the plan's affairs in an orderly manner designed to result in timely payment of all benefits, in such form and manner as the superintendent may prescribe.

(m)(1) Any funds of the institution, as they pertain to the student health plan, shall be accounted for separate and apart from all other assets, liabilities, income and expenses of the institution until all plan benefits and other plan obligations have been satisfied. Until such time, the institution shall continue to maintain and fund the reserve funds required to be established under subsection (h) of this section. If at any time the superintendent determines that additional funds shall be deposited in the reserve funds, then the institution shall make the deposit within five days of the superintendent's determination.

(2) If, after twenty-four months, or such longer period as deemed necessary by the superintendent, all plan benefits and other plan obligations have been satisfied, the institution, upon approval by the superintendent, shall no longer be required to maintain assets within the plan's reserve funds within accounts within the institution's general accounting ledger system.

(n) An institution shall not issue a stop-loss insurance policy.

(o) The superintendent may promulgate such regulations as the superintendent deems necessary to implement the provisions of this section and to ensure that the plans established under this section are in the best interests of the students, students' spouses, the students' children, and other persons chiefly dependent upon the students for support and maintenance.

(p) Except as otherwise provided in this section, any institution of higher education that violates this section shall be subject to the penalties set forth in section one hundred nine of this chapter.

* NB There are 2 § 1124's

*** § 1124. Managed care health savings account.** (a) A health maintenance organization certified pursuant to article forty-four of the public health law may offer a group high deductible health plan, as defined in paragraph two of subsection c of section two hundred twenty-three of the internal revenue code in conjunction with a health reimbursement account or a health savings account established pursuant to federal tax law, when:

(1) The employer group purchasing the high deductible plan is a municipality, and

(2) The employer is obligated to contribute, pursuant to a collective bargaining agreement or other binding arrangement with its employees, an amount at least equal to the deductible required under the plan on behalf of each enrolled employee.

(b) A high deductible health plan offered pursuant to subsection (a) of this section, which otherwise meets the requirements of article forty-four of the public health law, shall be deemed to provide comprehensive health services and shall not be disapproved due to its cost share arrangement.

(c) A municipality for purposes of this section means a town.

(d) A health maintenance organization offering the high deductible health plan pursuant to this section shall report to the superintendent and commissioner of health the number of covered lives under the high deductible health plan offered pursuant to this section compared to similar non-high deductible health plans, the premiums of the high deductible health plan offered pursuant to this section compared to similar non-high deductible health plans, the claims experience under the high deductible health plan offered pursuant to this section compared to similar non-high deductible health plans, and any other pertinent information that may be required by the superintendent or the commissioner of health prior to April first, two thousand fourteen.

(e) The provisions of this section shall only apply to coverage offered pursuant to a collective bargaining agreement entered into prior to the effective date of this section.

ARTICLE 12

ORGANIZATION AND CORPORATE PROCEDURE

Section 1201. Incorporation of stock or mutual insurance companies.
1202. Number of directors; independent directors and committees of the board of directors; duty of directors.
1203. Non-use of corporate charter.
1204. Sale of insurance securities.
1205. Existing corporations.
1206. Amendments to charters and increase of capital of insurance corporations.
1207. Options for the purchase of shares.
1208. Method of amending mutual company charters.
1209. Management and by-laws of mutual insurance corporations.
1210. By-laws of domestic stock life insurance companies.
1211. Mutual insurance corporations; membership and dividends.
1212. Service of process upon superintendent as attorney.
1213. Service of process on superintendent as attorney for unauthorized insurers.
1214. Acting for foreign corporation which has not designated superintendent as attorney.
1215. Forfeiture of office by director or trustee of a domestic mutual insurer.
1216. Notice of indemnification of directors and officers of insurance corporations.
1217. Vouchers for disbursements.
1218. Regulation of stock ownership, interlocking directors and common management.
1219. Misconduct by directors; insolvency.
1220. Misconduct by officers and directors of co-operative fire insurance companies and of fraternal benefit societies.
1221. Transactions by officers, directors and certain shareowners in the insurer's shares.

§ 1201. Incorporation of stock or mutual insurance companies. (a) A

corporation may be organized and licensed to do an insurance business in this state by taking the following successive steps, subject to applicable requirements of this chapter:

(1) The proposed incorporators, comprising at least nine natural persons (except as provided in section six thousand four hundred two of this chapter), shall submit to the superintendent, in writing, the corporation's proposed name, the county in which its principal office will be located, and the name and address of a public newspaper of general circulation in such county.

(2) If the superintendent approves the proposed name and newspaper, each as conforming to the requirements of law, he shall so notify the proposed incorporators, or their representative, in writing. Such approval shall become void if within six months from its date the declaration and charter referred to in paragraphs four and five hereof are not filed pursuant to paragraph six hereof.

(3) The proposed incorporators shall publish in such newspaper, twice a week for three successive weeks or once a week for six successive weeks, a notice of intention to form such a corporation, stating its proposed name, the kinds of insurance business to be transacted, the names and city and state of residence of the proposed incorporators, the location of its principal office in this state, and, if a stock corporation, the amount of its proposed initial capital.

(4) The proposed incorporators shall submit to the superintendent:

(A) proof of such publication by the affidavit of the publisher or of his foreman or clerk; and

(B) a declaration, signed by each incorporator and duly acknowledged before a notary public or other officer authorized to take acknowledgments of conveyances of real property within this state.

(5) (A) Such declaration shall be in the English language, shall state the proposed incorporators' intention to form a corporation to do one or more kinds of insurance business authorized by section one thousand one hundred thirteen of this chapter, shall specify the paragraphs defining such kinds of insurance business and shall set forth a copy of the corporation's proposed charter.

(B) The corporation's proposed charter shall contain:

(i) the corporation's name, which shall include a distinctive word or words, and, if a mutual corporation, shall contain the word "mutual";

(ii) the place where its principal office is to be located;

(iii) the kinds of insurance to be transacted, specified as above required;

(iv) the manner in which corporate powers are to be exercised;

(v) the number of directors, or that it shall be not less than a stated minimum nor more than a stated maximum. Except as provided in section six thousand four hundred two of this chapter the number of directors shall not be less than seven. As used in this item, "number of directors" means the total number of directors which the corporation would have if there were no vacancies;

(vi) the times and manner of electing directors and officers, the manner of filling vacancies, and provision that each director shall be at least eighteen years of age and that at all times a majority shall be citizens and residents of the United States, and that not less than one shall be a resident of this state;

(vii) the names and city and state of residence of the directors, who shall serve until the first annual meeting of such corporation;

(viii) the duration of its corporate existence, which shall be not less than thirty years;

(ix) the amount of its capital, if a stock corporation; and

(x) any other particulars necessary to explain the corporation's objects, purposes, management and control.

(C) The corporation's proposed charter may authorize the use in a foreign country where it does or proposes to do business of a specified translation of its name in any language commonly used in such country.

(D) The superintendent may, by regulation, prescribe additional information to be required, pursuant to this paragraph, of all companies or of any kind of company.

(6) The superintendent shall transmit such proof of publication, declaration, and charter to the attorney general. If approved by the attorney general, as conforming to the requirements of law, the superintendent shall thereupon file them in his office and issue a certified copy thereof to the proposed incorporators. If requested by such proposed incorporators, the superintendent shall also issue to them a certificate of incorporation executed by him in the name of the people of the state and thereupon such incorporators shall become a body corporate and have the powers enumerated in paragraph seven hereof, but

such corporation shall not be authorized to do the business of insurance until it obtains a license therefor.

(7) Every stock corporation, upon compliance with this chapter and the business corporation law, may create and issue the number of shares of capital stock stated in its charter which may be of one or more classes. If the charter authorizes shares which are entitled to preference in the distribution of dividends or assets it shall provide that:

(A) their dividend yield shall not exceed a rate equal to the maximum rate of interest provided in section 5-501 of the general obligations law, in effect at the time such shares are offered for sale; and

(B) the dividends may not be cumulative for more than three years.

(8)(A) A stock corporation shall have power to:

(i) open books to receive subscriptions to its capital shares,

(ii) keep them open until all such shares, or so many as may be necessary to satisfy the minimum capital requirements, are subscribed for,

(iii) receive payment for such subscriptions,

(iv) invest the monies as prescribed in this chapter, and

(v) expend money or incur liabilities necessary or proper as organization expenses, to be paid out of the proceeds of such subscriptions, such expenses not to exceed the maximum amount prescribed in its permit to solicit such subscriptions.

(B) The corporation shall not solicit subscriptions to its shares until it receives a permit therefor from the superintendent which shall be issued after the corporation submits to him an estimate of the total amount to be expended for organization expenses, and he approves the estimate. Such estimate shall be recited in the permit, which shall fix the maximum amount, to be prescribed by the superintendent, which may be expended for organization expenses.

(C) Such corporation shall not employ, as agents or brokers to sell its securities to the public, any persons who have not complied with the requirements of section one thousand two hundred four of this article.

(9) (A) A mutual corporation shall have power to:

(i) receive monies necessary to comply with the requirements of this chapter relative to its initial surplus fund;

(ii) borrow such monies in accordance with the provisions of section one thousand three hundred seven of this chapter;

(iii) open books to receive applications for insurance from persons desiring and eligible to become members;

(iv) keep them open until the minimum number and amount of applications, and the premium payments thereon, as required by this chapter are received;

(v) invest the monies as prescribed in this chapter for the investment of the minimum surplus of a mutual insurance company; and

(vi) expend money or incur liabilities necessary or proper as organization expenses, such expenses not to exceed the maximum amount prescribed in its permit to solicit such applications.

(B) The corporation shall not solicit applications for insurance or receive premium payments thereon until it receives a permit therefor from the superintendent. The permit shall be issued after:

(i) the superintendent is satisfied, by such evidence as he may require or by such examination as he may deem expedient, that the corporation holds in trust for prospective policyholders and creditors a fund, in cash or securities acceptable to him, at least equal to the amount required as its initial surplus fund, such trust to terminate when a license to do an insurance business of the kinds provided in the corporate charter has been obtained, and

(ii) the corporation submits to the superintendent an estimate of the total amount to be expended for organization expenses, and he approves the estimate. Such estimate shall be recited in the permit, which shall fix the maximum amount, to be prescribed by the superintendent, which may be expended for organization expenses.

(10) The directors and incorporators of any stock or mutual corporation shall be jointly and severally liable for all its debts and liabilities until it is licensed to do an insurance business of the kind or kinds proposed.

(b) This section shall not apply to co-operative fire insurance companies, fraternal benefit societies, or corporations organized under article forty-three or sixty-seven of this chapter.

§ 1202. Number of directors; independent directors and committees of the board of directors; duty of directors. (a) (1) Subject to item (v) of subparagraph (B) of paragraph five of subsection (a) of section one

thousand two hundred one of this article, and subject to any provision of the corporate charter of a domestic insurance company, the number of directors shall be fixed by the by-laws, or if not so fixed, by action of the directors.

(2) If not otherwise fixed under this article, the number shall be seven but it may be increased or decreased by amendment of the by-laws, or by action of the board, subject to the following limitations: (i) if the board is authorized by the by-laws to increase or decrease the number of directors, the amendment shall require the vote of a majority of the entire board; (ii) no decrease shall shorten the term of any incumbent director; and (iii) no decrease shall reduce the number of directors to fewer than seven.

(3) The charters of all domestic insurance companies approved before January first, nineteen hundred forty which fail to comply with item (v) of subparagraph (B) of paragraph five of subsection (a) of section one thousand two hundred one of this article but which were validated by section forty-eight-a of the former insurance law in effect prior to this chapter remain so validated and shall not be affected by such item or paragraph one or two of this subsection in respect of the minimum number of directors.

(b) (1) Subject to item (v) of subparagraph (B) of paragraph five of subsection (a) of section one thousand two hundred one of this article, not less than one-third of the directors of a domestic stock life insurance company and not less than one-third of the members of each committee of the board of directors of any domestic life insurance company shall be persons who are not officers or employees of such company or of any entity controlling, controlled by, or under common control with such company and who are not beneficial owners of a controlling interest in the voting stock of such company or any such entity. At least one such person shall be included in any quorum for the transaction of business at any meeting of the board of directors or any committee thereof.

(2) The board of directors of a domestic life insurance company shall establish one or more committees comprised solely of directors who are not officers or employees of the company or of any entity controlling, controlled by, or under common control with the company and who are not beneficial owners of a controlling interest in the voting stock of the

company or any such entity. Such committee or committees shall have responsibility for recommending the selection of independent certified public accountants, reviewing the company's financial condition, the scope and results of the independent audit and any internal audit, nominating candidates for director for election by shareholders or policyholders, evaluating the performance of officers deemed by such committee or committees to be principal officers of the company, and recommending to the board of directors the selection and compensation of such principal officers and in the case of a domestic stock life insurance company, recommending to its board of directors any plan to issue options to its officers and employees for the purchase of shares of stock, pursuant to section one thousand two hundred seven of this article.

(3) The provisions of this subsection shall not apply to a domestic life insurance company if the holding company or parent corporation is a foreign or domestic insurance company, a mutual insurance holding company established pursuant to the laws of the United States, or a publicly held corporation incorporated in the United States, having a board of directors and committees thereof that meet the same requirements as have been established for a domestic stock life insurance company pursuant to paragraphs one and two of this subsection. In such a case, the directors of the holding company or parent corporation shall be subject to this chapter in the same manner as the directors of a domestic stock life insurance company.

(c) A director of a domestic life insurance company shall perform his duties as a director, including his duties as a member of any committee of the board upon which he may serve, in accordance with the provisions of section seven hundred seventeen of the business corporation law and the provisions of this chapter.

§ 1203. Non-use of corporate charter. (a) Any domestic insurance company which, after one year from the date of its incorporation, has not organized and obtained a certificate of authority or license to do an insurance business, shall, unless granted an extension, forfeit its corporate charter, and the superintendent may thereupon commence a proceeding, pursuant to the provisions of article seventy-four of this

chapter, to liquidate and dissolve such corporation. The superintendent may for good cause shown grant a written extension of such one-year period upon a written request filed with him within such period or during the pendency of any examination or investigation pursuant to paragraph one of subsection (e) of section one thousand one hundred two of this chapter, whichever is longer.

(b) Any domestic insurer which ceases to do any insurance business for more than one year continuously shall forfeit its right to resume an insurance business, except with the prior approval of the superintendent. Unless such approval shall be granted, the superintendent may commence a proceeding, pursuant to the provisions of article seventy-four of this chapter, to liquidate and dissolve such insurer.

§ 1204. Sale of insurance securities. (a) Subject to the provisions of subsection (e) hereof, no person, firm, association or corporation shall in this state sell or propose to sell to the public any security issued by any insurer not authorized to do business in this state, unless licensed to do so under this section. In this subsection and in subsection (b) hereof, "insurer" includes any corporation whose securities are to be sold or offered for sale (except by exchange for shares or assets and except securities issued upon a merger in conversion of securities of a merging company) primarily to acquire, organize or finance the operations of another insurer not authorized to do business in this state which is, or as a result of applying the proceeds of such offering will be, a subsidiary of such corporation.

(b) The superintendent may issue a license to a named person, firm, association or corporation to sell and propose to sell to the public in this state the specified securities of a specified insurer or other company subject to subsection (a) hereof. The applicant for such a license shall submit a written application, subscribed by the applicant and affirmed by him as true under the penalties of perjury and containing such information as the superintendent may require, including the following: the name, residence address, business address in this state and previous business experience of the applicant and of such insurer and of his or its officers, members and employees, and

information as to their trustworthiness; a copy of every security to be offered for sale; a statement in detail as to the insurer's financial condition, plans and purposes, the amount and par value of securities and their selling price, the manner in which the proceeds of sale are to be used, the rate of commissions to be paid for the sale of securities, the salaries to be paid to the insurer's officers, and the safeguards to be provided against diversion of proceeds from such plans and purposes. Before issuing any such license the superintendent may make such examination of the affairs of the proposed licensee and of such insurer as he deems expedient. The superintendent may refuse to issue such license, or may after notice and hearing revoke such license, if in his judgment such refusal or revocation will best promote the interests of the people of this state. Such license shall be for a term of one year unless sooner revoked. No license to sell or to propose to sell securities of any foreign or alien insurer shall be issued unless such insurer is qualified to obtain a license to do an insurance business in this state or, in the case of a corporation described in subsection (a) hereof, unless the insurer subsidiary is so qualified.

(c) No person, firm, association or corporation shall in this state issue, circulate or distribute any advertisement, circular, letter or other public announcement in connection with the sale or proposed sale to the public in this state of any securities of any insurer unless a copy of such announcement has been filed with the superintendent and approved by him. The superintendent may approve any such announcement if, after such examination or investigation as he sees fit, he finds it is not false, misleading or likely to deceive the public. In this subsection, "insurer" shall include any corporation whose securities are to be sold or offered for sale (except by exchange for shares or assets and other than securities issued upon a merger in conversion of securities of a merging company) primarily to acquire, organize or finance the operations of another insurer which is, or as a result of applying the proceeds of such offering will be, a subsidiary of such corporation; provided that examination or investigation of any such corporation shall be limited to matters relating to the operations of the insurance subsidiary.

(d) Every such license to sell or propose to sell the securities of an insurer shall state conspicuously in bold-face type: "The issuance of

this license by the superintendent of financial services of New York does not constitute a recommendation of these securities." No person, firm, association or corporation shall represent that the superintendent or the department of financial services or the state of New York has recommended any securities for purchase. The superintendent may in his discretion require the insertion in any public announcement to be approved by him of a statement that such approval does not constitute a recommendation of the securities therein referred to.

(e) This section shall not apply to the selling or proposing to sell securities after one year from the first date upon which the security was offered to the public in this state, except that subsections (c) and (d) hereof shall apply to any insurer authorized to do business in this state and to any other corporation described in subsection (c) hereof.

(f) (1) This section shall not apply to annuities or agreements to provide for annuities issued or to be issued by an authorized insurer pursuant to section four thousand two hundred forty of this chapter.

(2) The superintendent may by order or regulation exempt any other security or class thereof from all or part of this section on such terms and conditions as he deems appropriate upon a finding that its application thereto is not necessary to protect the public.

§ 1205. Existing corporations. Any insurance corporation incorporated under the provisions of any law of this state and doing business as an authorized insurer at the effective date of this chapter shall be subject to the provisions of this chapter relating to such a corporation, except that:

(a) It shall be entitled to exercise all powers conferred by virtue of its charter as in effect on the effective date of this chapter, during the term thereof, unless specifically prohibited by or pursuant to law.

(b) Subject to article seventy-four of this chapter, its duration shall be perpetual.

(c) If it has a guarantee capital represented by shares, it may amend any of the provisions of its charter.

§ 1206. Amendments to charters and increase of capital of insurance

corporations. (a) Any domestic insurance corporation may amend its charter as follows:

(1) It may change its name or authorize the use in a foreign country in which it does or proposes to do business of a specified translation of its name in any language commonly used in such country by delivering to the superintendent an amendment of its certificate of incorporation in the form prescribed by article eight of the business corporation law. If the superintendent finds such change is in conformity with law he may endorse his approval on such certificate of amendment.

(2) It may extend or diminish its charter powers as to the kinds of insurance business in which it may engage, in the form prescribed by the business corporation law, if a stock insurance corporation, or in the manner prescribed by this chapter, if a mutual insurance corporation. No such change shall be effective until the superintendent gives his approval. If the superintendent finds, after such investigation or examination as he deems it expedient to make, that such amendment will conform with the provisions of this chapter and that the corporation has the requisite minimum capital or surplus and meets all financial requirements of this chapter, he may grant such approval; but this section shall not permit a reduction in the capital of a stock insurance corporation or in the minimum surplus of a mutual insurance corporation unless the superintendent finds that all liabilities incident to the exercise of the powers to be eliminated have been terminated. Any domestic stock or mutual insurance corporation having charter power to do a part of any kind of insurance business specified in subsection (a) of section one thousand one hundred thirteen of this chapter, may after obtaining the superintendent's approval, by a majority vote of its board of directors at any regular or special meeting, amend its charter to acquire power to do all such kind of insurance business, if it may exercise such power under this chapter.

(3) Upon the filing in the office of the superintendent of any certificate of change, amendment, or restated charter under any provision of law, with his approval endorsed thereon, the superintendent shall certify a copy thereof for filing in the office of the clerk of the county where the corporation's principal office is located and may grant it a license conforming to such change.

(4) Notwithstanding any other provisions of this section, if the

corporation has a guarantee capital represented by shares, it may amend any provisions of its charter, including, without limitation, the increase, reduction or retirement of its capital and the interest thereon and the increase or decrease in the number or par value of the shares representing its capital, upon filing in the office of the superintendent, with his approval endorsed thereon, a certificate setting forth such amendments which shall become effective upon such filing. The certificate shall have been approved by its board of directors or trustees and consented to by holders of at least two-thirds of its outstanding shares. Such consent shall be given, either in person or by proxy, in writing or by vote at a meeting held on at least twenty days notice. Any holder of shares of guarantee capital not in favor of any such increase, decrease or retirement, who signifies such objection in the manner prescribed by section six hundred twenty-three of the business corporation law, shall have his rights determined in accordance with the provisions of such section of the business corporation law. All provisions of subsection (a) of section four thousand two hundred seven of this chapter shall apply to the payment of any cash dividends from profits to the holders of shares of such guarantee capital.

(5) It may, if it is a stock corporation, increase the total number of shares of any class of capital stock it has power to create and issue, subject to this chapter and the business corporation law.

(6) It may make any other change in conformity with law, which shall be effective upon the filing of the certificate thereof in the office of the superintendent with his approval endorsed thereon.

(b) Any corporation proposing to file a certificate of change of name or a restated or amended charter shall serve upon the superintendent a copy of the proposed changes, not less than thirty days before the meeting at which such changes will be submitted.

(c) The superintendent may certify the amount of issued and outstanding capital shares of any domestic stock insurance corporation, after such examination or investigation as he deems expedient, and, except as to a stock dividend or a reduction in capital stock, he shall require the affidavit of two principal officers of such corporation, stating the consideration for the issuance of such shares and that such transactions were genuine and bona fide sales of such shares for such consideration.

§ 1207. Options for the purchase of shares. (a) Notwithstanding any provision of the business corporation law, but subject to any provision in respect thereto set forth in its certificate of incorporation, or other certificate filed pursuant to law, a domestic stock insurance company, other than as described in subsection (d) of this section, may, with the consent of a majority of its shares entitled to vote thereon, provide and carry out a plan to issue options solely to its officers or employees for the purchase of any of its authorized but unissued shares for such consideration, value or benefit and upon such terms and conditions as may be fixed by the board of directors. In addition, a domestic stock life insurance company may provide and carry out a plan to issue such options only upon the recommendation by a committee of its board of directors pursuant to subsection (b) of section one thousand two hundred two of this article and approved by its board of directors. Any such plan must provide that:

(1) the company's right or power to make adjustments, reclassifications, reorganizations or changes of its capital or business structure, or to merge or consolidate, or dissolve, liquidate, sell, or transfer all or any part of its business or assets shall not be affected;

(2) the number of shares on which options may be granted, excluding shares involved in the unexercised portions of any cancelled, terminated or expired options, shall not exceed, in the aggregate, five percent of the company's authorized shares;

(3) the number of shares for which option rights may be granted to any individual under all options issued to him shall not exceed ten percent of the total number of shares authorized to be optioned;

(4) the option price of the shares shall not be less than eighty-five percent of the fair market value of such shares at the time the option is granted and shall not be less than their par value;

(5) the option shall not be transferable except by will or the laws of descent and distribution; and

(6) the option shall not be exercisable after ten years from the date the option is granted.

(b) In the absence of fraud in the transaction, the judgment of the

board of directors shall be conclusive as to the consideration, value or benefit, tangible or intangible, received or to be received by the company for the issuance of options to purchase its shares and the adequacy and sufficiency thereof. The required shareholders' consent may be given by vote at a shareholders' meeting held on notice prescribed by section six hundred five of the business corporation law, stating its object, or in writing signed by all shareholders having such voting rights.

(c) Any company, other than a company described in subsection (d) of this section, proposing any plan to issue options to purchase its shares under this section shall, not less than thirty days before the shareholders' meeting at which the plan is to be voted upon, submit to the superintendent a copy of the plan for his approval. Upon approval of the plan by the shareholders, a certificate evidencing their approval, subscribed by the secretary and affirmed by him as true under the penalties of perjury, and under the company's seal, shall be filed in the office of the superintendent. The plan shall be approved by the superintendent if he is satisfied it is fair and equitable to the company's policyholders and not inconsistent with law, and that no reasonable objection exists thereto. If the superintendent shall refuse to approve such plan, notification of such refusal, assigning the reasons therefor, shall, within ten days from the date of filing such certificate, be given in writing by such superintendent to the company. No such plan shall take effect until the superintendent approves as herein provided.

(d) A domestic stock life insurance company which is not directly or indirectly a subsidiary of a domestic mutual life insurance company, upon approval of the plan by the shareholders, shall file in the office of the superintendent a certificate evidencing their approval, subscribed by the secretary and affirmed by him as true under the penalties of perjury, and under the company's seal.

§ 1208. Method of amending mutual company charters. (a) A domestic mutual insurance corporation may change its name, or amend or restate its charter in the form prescribed by article eight of the business corporation law. Except as specified in subsections (b) and (c) hereof,

the following requirements shall apply to certificates of change of name and amended or restated charters of such corporations:

(1) The corporation's president or secretary shall call a meeting of its members pursuant to its by-laws, specifying any amendments to be voted upon at such meeting;

(2) If at such meeting three-fourths of the members present and voting in person or by proxy vote in favor of any amendments so specified, the corporation's president and secretary shall make a certificate, verified by their oaths, to the effect that the amendments were duly adopted by at least a three-fourths vote of the members present in person or by proxy at a meeting duly called for such purpose and setting forth the call for such meeting, the fact of service of such call upon all members of record on a specified date, and the minutes of such meeting; and

(3) Such certificate shall, within thirty days after such meeting, be submitted to the superintendent for his approval as conforming to the requirements of law.

(b) A domestic mutual insurance corporation except as specified in subsection (c) hereof, may, subject to the provisions of section one thousand two hundred six of this article, amend its charter as to the kind or kinds of insurance business it shall be empowered to do and to specify or change the location of its office, and may amend its charter as to any other provisions which do not impair the members' rights or enlarge their obligations under insurance policies, by a majority vote of its board of directors at a meeting held not less than thirty days after notice of the proposed amendment has been given to the directors and the superintendent.

(c) Any domestic mutual life insurance corporation doing business as such may file a certificate of change of name, or restate or amend its charter, by a majority vote of its board of directors at a meeting held not less than thirty days after notice of the proposed amendment has been given to the directors.

(d) A certificate of amendment or a restated charter filed pursuant to subsections (b) and (c) hereof shall be accompanied by a certificate signed by the corporation's president and secretary that such amendment or restatement was duly adopted by a majority vote of the corporation's board of directors at a meeting duly called for that purpose.

§ 1209. Management and by-laws of mutual insurance corporations. (a) The management of the business and affairs of a domestic mutual insurance corporation shall be vested in a board of directors.

(b) Such corporation shall have not less than seven directors. The directors, except as provided in section four thousand two hundred ten of this chapter, shall be elected at the annual meetings of the members, and all except four of the directors of such corporation, elected after the organization of the corporation is completed and it has been licensed to issue insurance policies, must be members of the corporation or officers of member corporations. At any time after the first annual meeting, the directors may be divided into not exceeding three groups as nearly equal as possible, and thereafter the directors in one group only or their successors shall be elected annually as provided in the by-laws. The board of directors of such corporation shall hold regular meetings at least four times in each calendar year. At least one of such meetings shall be held within this state and the other meetings may be held elsewhere.

(c) The board of directors of such corporation shall elect such officers as are provided for in the by-laws. At least one principal officer shall be a director, but the number of officers and salaried employees who are directors shall at all times be less than a quorum of the board of directors, as prescribed in the charter or by-laws.

(d) The by-laws of any such corporation organized after January first, nineteen hundred forty may be adopted at a directors' meeting held after receipt from the superintendent of a certificate of incorporation and before the issuance of a license to do an insurance business. The by-laws, except as to corporations which elect their directors pursuant to the provisions of section four thousand two hundred ten of this chapter, may thereafter be made or amended only by a majority vote of all members present in person or by proxy at any annual meeting or other stated or special meeting called for such purpose, except that the board of directors of any mutual insurance corporation may amend its by-laws as to any provisions which do not impair the members' rights or enlarge their obligations under insurance policies. The by-laws of any domestic mutual insurance corporation which elects its directors pursuant to the provisions of such section may be amended by the board of directors. No

by-law or amendment or repeal of a by-law of any domestic mutual insurance corporation shall be effective until approved by the superintendent. The superintendent may refuse such approval if he finds that such by-law, amendment or repeal does not conform with the requirements of law, or is not equitable to the corporation's policyholders, or is inconsistent with its objects and purposes.

(e) No domestic mutual insurance corporation, except a domestic mutual insurance company organized before January first, nineteen hundred forty to do only marine protection and indemnity insurance, shall enter into any agreement under which any person, partnership or corporation agrees to pay all or a portion of the expenses of management of such insurance corporation in consideration of an agreement to pay him either commissions on premiums due the insurance corporation or any other compensation for his services.

(f) No domestic mutual insurance corporation, except a domestic mutual insurance company organized before January first, nineteen hundred forty to do only marine protection and indemnity insurance, shall enter into any agreement with any of the officers or directors, or with any firm or corporation in which any such officer or director is pecuniarily interested directly or indirectly, whereby the insurance corporation agrees to pay, for the acquisition of business, any commission or other compensation which under the agreement is increased or diminished by the amount of such business or by the insurance corporation's earnings on such business. Notwithstanding the foregoing, and upon application by a domestic mutual insurance corporation, the superintendent may permit the insurance corporation to enter into such an agreement with a firm or corporation that is a licensed insurance producer if the superintendent determines that: (1) the insurance corporation's policyholders will not be adversely affected; (2) the officer or director has no pecuniary interest directly in the insurance producer; and (3) any benefit to the officer or director that accrues as a result of the agreement would not be material in relation to the insurance corporation's overall premium volume. Any such agreement approved by the superintendent shall be subject to annual reviews and, where the superintendent determines such agreement no longer conforms to this subsection, the superintendent shall revoke his or her prior approval.

§ 1210. By-laws of domestic stock life insurance companies. No by-law or amendment or repeal of a by-law of any domestic stock life insurance company shall be effective until approved by the superintendent. The superintendent may refuse such approval if he finds that such by-law or amendment or repeal does not conform with the requirements of law, or is not equitable to the company's policyholders, or is inconsistent with the objects and purposes of such company.

§ 1211. Mutual insurance corporations; membership and dividends. (a) Every domestic mutual insurance corporation shall be organized, maintained and operated for the benefit of its members as a non-stock corporation. Every policyholder shall be a member of such corporation and shall, except as provided in subsection (d) hereof, be entitled to vote at any regular or special meeting of such corporation, to notice thereof pursuant to the by-laws and to share equitably in dividends declared by the board of directors. The board of directors may, subject to limitations in this chapter, from time to time declare a dividend from the corporation's surplus. No dividend shall be declared or paid if thereby the company's minimum or other required surplus will be impaired. In declaring and paying any dividend the board of directors may make reasonable classifications of policies, and shall declare and pay such dividend in a manner that is fair and equitable to the policyholders. Unless otherwise provided in the corporation's charter or by-laws, each member shall be entitled to one vote at any regular or special meeting. The charter or by-laws may, with the approval of the superintendent, provide for distribution of voting power among members on the basis of the amount of insurance held, number of policies held, amount of premiums paid by them or on any other basis the superintendent finds fair and equitable.

(b) A member of any such corporation may vote at any such meeting in person or by proxy. No proxy or power of attorney given by him, to vote at any meeting of such corporation, shall be valid or effective after the next meeting. No person shall directly or indirectly sell or purchase, or offer to sell or purchase, any proxy or power of attorney to vote at any such meeting, nor shall any person directly or indirectly

give or receive, or offer to give or receive, any proxy or power of attorney to vote at any such meeting as an inducement to the negotiation or making of a contract of insurance or any renewal thereof, to the settlement of any claim thereunder, or to any other act relating thereto.

(c) All corporations, their directors and representatives and all persons, firms or corporations holding property in trust may insure the same in mutual insurance corporations and by so doing such directors, representatives or trustees, in their representative capacity, may assume the liabilities and be entitled to the rights of a member of such insurer, but shall not be personally liable as individuals upon such contract of insurance.

(d) The provisions of this section as to members' voting rights and the election of directors shall not apply to any domestic mutual life insurance company governed by the provisions of section four thousand two hundred ten of this chapter, nor shall they require any such company to hold a meeting of its members.

(e) As to any surety or fidelity bond or like obligation executed by a mutual property/casualty insurance company as a surety or guarantor, the principal, and not the obligee, shall be a member of such corporation.

§ 1212. Service of process upon superintendent as attorney. (a) No domestic, foreign or alien insurer, including a fraternal benefit society, shall be or continue to be authorized to do an insurance business in this state unless there shall be filed in the office of the superintendent a power of attorney, executed by such insurer, appointing the superintendent and his successors in office, and authorized deputies, as its true and lawful attorney in and for this state, upon whom all lawful process in any proceeding against it on a contract delivered or issued for delivery, or on a cause of action arising, in this state may be served. Such power of attorney shall be accompanied by the insurer's written certificate of designation of the name and address of the officer, agent, or other person to whom such process shall be forwarded by the superintendent or his deputy. Such designation may be changed by filing of a new certificate of designation in the office of the superintendent.

(b) Service of process upon any such insurer in any proceeding in any court of competent jurisdiction may be made by serving the superintendent, any deputy superintendent, or any salaried employee of the department whom the superintendent designates for such purpose, all of whom shall have authority to accept such service pursuant to any such power of attorney. The service of process upon a domestic fraternal benefit society shall only be made by serving the superintendent, any deputy superintendent, any salaried employee of the department whom the superintendent designates for such purpose or by serving the process at the home office of such society. The service of process upon any foreign or alien fraternal benefit society shall be made only by serving the superintendent, any deputy superintendent or any salaried employee of the department whom the superintendent designates for such purpose. Service of process so made shall be deemed to have been made within the territorial jurisdiction of any court in this state.

(c) At the time of service of process a fee of forty dollars shall be paid to the superintendent or his deputy.

(d) The power of attorney required by subsection (a) hereof shall be by its terms of indefinite duration, shall bind any person or corporation which as successor acquires the insurer's assets and assumes its liabilities by merger or consolidation, and shall not be terminated by the insurer or such successor so long as any contracts, or liabilities or duties arising out of contracts, issued or delivered by such insurer in this state are in effect. Except as provided herein, or in section one thousand two hundred thirteen of this article, the superintendent shall not be designated as attorney for the service of process upon any unlicensed alien or foreign insurer.

(e) Whenever any lawful process shall be served upon the superintendent, any deputy superintendent, or any salaried employee of the department whom the superintendent designates for such purpose under the provisions of this section, such person shall forward a copy of such process by mail, prepaid, directed to the person last designated by such insurer, as shown by the records of the department.

(f) When one or more underwriters of any Lloyds underwriters, or one or more subscribers of any reciprocal insurer, are joined in the same proceeding, and service of process is made pursuant to this section, only one copy of such process shall be so served, and such service shall

have the same effect as if made upon all such underwriters or all such subscribers. Such process shall be forwarded to the attorney-in-fact of such Lloyds underwriters or of such reciprocal insurer, and each such attorney-in-fact shall be designated to receive such process as specified in subsection (a) hereof.

(g) The superintendent shall keep records, issue certificates and destroy processes served upon him, all as provided in subsection (f) of section one thousand two hundred thirteen of this article.

§ 1213. Service of process on superintendent as attorney for unauthorized insurers. (a) The purpose of this section is to subject certain insurers to the jurisdiction of the courts of this state in suits by or on behalf of insureds or beneficiaries under certain insurance contracts. The legislature declares that it is a subject of concern that many residents of this state hold policies of insurance issued or delivered in this state by insurers while not authorized to do business in this state, thus presenting to such residents the often insuperable obstacle of resorting to distant forums for the purpose of asserting legal rights under such policies. In furtherance of such state interest, the legislature herein provides a method of substituted service of process upon such insurers and declares that in so doing it exercises its power to protect its residents and to define, for the purpose of this section, what constitutes doing business in this state, and also exercises powers and privileges available to the state by virtue of public law number fifteen, seventy-ninth congress of the United States, chapter twenty, first session, senate number three hundred forty, as amended, (15 U.S.C. § 1011) which declares that the business of insurance and every person engaged therein shall be subject to the laws of the several states.

(b) (1) Any of the following acts in this state, effected by mail or otherwise, by an unauthorized foreign or alien insurer:

(A) the issuance or delivery of contracts of insurance to residents of this state or to corporations authorized to do business therein,

(B) the solicitation of applications for such contracts,

(C) the collection of premiums, membership fees, assessments or other considerations for such contracts, or

(D) any other transaction of business,

is equivalent to and constitutes its appointment of the superintendent, and his successors in office, to be its true and lawful attorney upon whom may be served all lawful process in any proceeding instituted by or on behalf of an insured or beneficiary arising out of any such contract of insurance, and shall signify its agreement that such service of process is of the same legal force and validity as personal service of process in this state upon such insurer.

(2) Such service of process upon any such insurer in any such proceeding in any court of competent jurisdiction of this state may be made by serving the superintendent, any deputy superintendent or any salaried employee of the department whom the superintendent designates for such purpose with two copies thereof and the payment to him or her of a fee of forty dollars. The superintendent shall forward a copy of such process by registered or certified mail to the defendant at its last known principal place of business, as designated by the issuer of such process, and shall keep a record of all process so served upon him or her. Such service of process under this paragraph is sufficient, provided notice of such service and a copy of the process are sent within ten days thereafter by or on behalf of the plaintiff to the defendant at its last known principal place of business by registered or certified mail with return receipt requested. The plaintiff shall file with the clerk of the court in which the action is pending, or with the judge or justice of such court if there be no clerk, an affidavit of compliance herewith, a copy of the process, and either a return receipt purporting to be signed by the defendant or a person qualified to receive its registered or certified mail in accordance with the rules and customs of the post office department, or, if acceptance was refused by the defendant or its agent, the original envelope bearing a notation by the postal authorities that receipt was refused. Service of process so made shall be deemed made within the territorial jurisdiction of any court in this state.

(3) Service of process in any such proceeding shall in addition to the manner provided in paragraph two of this subsection be valid if served upon any person within this state who, in this state on behalf of such insurer, is:

(A) soliciting insurance;

(B) making, issuing or delivering any contract of insurance; or

(C) collecting or receiving any premium, membership fee, assessment or other consideration for insurance;

provided notice of such service and a copy of such process are sent within ten days thereafter, by or on behalf of the plaintiff to the defendant at the last known principal place of business of the defendant, by registered mail with return receipt requested. The plaintiff shall file with the clerk of the court in which the action is pending, or with the judge or justice of such court in case there be no clerk, an affidavit of compliance herewith, a copy of the process, and either a return receipt purporting to be signed by the defendant or a person qualified to receive its registered mail in accordance with the rules and customs of the post office department; or, if acceptance was refused by the defendant or its agent the original envelope bearing a notation by the postal authorities that receipt was refused.

(4) The papers referred to in paragraphs two and three of this subsection shall be filed within thirty days after the return receipt or other official proof of delivery, or the original envelope bearing a notation of refusal, is received by the plaintiff. Service of process shall be complete when such process and the accompanying papers are filed pursuant to this section.

(5) Nothing contained in this section shall limit or abridge the right to serve any process, notice or demand upon any insurer in any other manner permitted by law.

(c) (1) Before any unauthorized foreign or alien insurer files any pleading in any proceeding against it, it shall either:

(A) deposit with the clerk of the court in which the proceeding is pending, cash or securities or file with such clerk a bond with good and sufficient sureties, to be approved by the court, in an amount to be fixed by the court sufficient to secure payment of any final judgment which may be rendered in the proceeding, but the court may in its discretion make an order dispensing with such deposit or bond if the superintendent certifies to it that such insurer maintains within this state funds or securities in trust or otherwise sufficient and available to satisfy any final judgment which may be entered in the proceeding, or

(B) procure a license to do an insurance business in this state.

(2) The court in any proceeding wherein service is made pursuant to

paragraph two or three of subsection (b) of this section may, in its discretion, order such postponement as may be necessary to afford the defendant reasonable opportunity to comply with the provisions of paragraph one of this subsection and to defend such proceeding.

(3) Nothing in paragraph one of this subsection is to be construed to prevent an unauthorized foreign or alien insurer from filing a motion to set aside service made in the manner provided in paragraph two or three of subsection (b) hereof on the ground (i) that such unauthorized insurer has not done any act enumerated in paragraph one of subsection (b) of this section, or (ii) that the person on whom service was made pursuant to paragraph three of subsection (b) hereof was not doing any act therein enumerated.

(d) In any action against an unauthorized foreign or alien insurer upon a contract of insurance issued or delivered in this state to a resident thereof or to a corporation authorized to do business therein, if the insurer has failed for thirty days after demand prior to the commencement of the action to make payment pursuant to the contract, and it appears to the court that such refusal was vexatious and without reasonable cause, the court may allow plaintiff a reasonable attorney's fee and include such fee in any judgment rendered in such action. Such fee shall not exceed twelve and one-half percent of the amount the court finds the plaintiff is entitled to recover against the insurer nor be less than twenty-five dollars. Failure of an insurer to defend any such action shall be prima facie evidence that its failure to pay was vexatious and without reasonable cause.

(e) This section shall not apply to any proceeding against any unauthorized foreign or alien insurer arising out of any contract of insurance effectuated in accordance with subsection (b) or (c) of section two thousand one hundred seventeen of this chapter or in accordance with section two thousand one hundred five of this chapter where such contract designates the superintendent or his successors in office the insurer's true and lawful attorney upon whom may be served all lawful process in any proceeding instituted by or on behalf of an insured or beneficiary arising out of such contract.

(f) The superintendent shall keep a record of each process served upon him under this section and pursuant to section one thousand two hundred twelve of this article, including the date of service. He shall, upon

request made within ten years of such service, issue a certificate under his seal certifying as to the receipt of the process by an authorized person, the date and place of service and the receipt of the statutory fee. Process served upon the superintendent pursuant to this section or section one thousand two hundred twelve of this article shall be destroyed by him after a period of ten years from such service.

§ 1214. Acting for foreign corporation which has not designated superintendent as attorney. No person acting for himself or for others shall solicit or procure, or aid in soliciting or procuring, policies or certificates of insurance from, or adjust losses or in any manner aid the transaction of any business for, any foreign insurance corporation which has not executed and filed in the superintendent's office a written appointment of the superintendent as its true and lawful attorney in and for this state, upon whom all lawful processes in any proceeding against it may be served.

§ 1215. Forfeiture of office by director or trustee of a domestic mutual insurer. The office of a trustee or director of any domestic mutual insurer shall immediately become vacant whenever he fails to attend at least one regular meeting of the board of trustees or directors in any period of eighteen consecutive months, or unless excused by the board, which action shall be entered on the minutes, it shall appear at the end of any calendar year that he failed to attend at least one-half of such regular meetings held in such calendar year. A trustee or director whose office becomes so vacant shall not be eligible for election to such office until one year has elapsed from the date the vacancy occurred.

§ 1216. Notice of indemnification of directors and officers of insurance corporations. No payment of indemnification, advancement or allowance under sections seven hundred twenty-one to seven hundred twenty-seven inclusive of the business corporation law shall be made unless a notice has been filed with the superintendent not less than

thirty days prior to such payment, specifying the payees, the amounts, the manner in which such payment is authorized and the nature and status, at the time of such notice, of the litigation or threatened litigation. If any action with respect to indemnification of directors or officers of any domestic insurer shall be taken by amendment of the by-laws, such action shall be in accordance with the approval requirements in sections one thousand two hundred nine and one thousand two hundred ten of this article. If any action shall be taken by resolution of directors, or by agreement or otherwise, a notice shall be filed with the superintendent not less than thirty days thereafter specifying the action taken.

§ 1217. Vouchers for disbursements. No domestic insurance company shall make any disbursement of one hundred dollars or more unless evidenced by a voucher signed by or on behalf of the payee as compensation for goods or services rendered for the company, and correctly describing the consideration for the payment. If such disbursement be for services and disbursements, such vouchers shall set forth the services rendered and itemize the disbursements; if it is in connection with any matter pending before any legislative or public body or before any government department or officer, the voucher shall correctly describe also the nature of the matter and the company's interest therein. If such a voucher is unobtainable, the disbursement shall be evidenced by a statement of an officer or responsible employee affirmed by him as true under the penalties of perjury, stating the reasons therefor and setting forth the particulars above mentioned.

§ 1218. Regulation of stock ownership, interlocking directors and common management. (a) Any domestic insurer and any foreign or alien insurer authorized to do business in this state may retain, invest in or acquire all or any shares, or, by contract of reinsurance or otherwise, acquire the whole or a substantial part of the assets, of any other insurer, or have a common management with any other insurer, unless such retention, investment, acquisition or common management is inconsistent with any other provision of this chapter or unless the effect thereof:

(1) in the case of a domestic or alien insurer, may be substantially to lessen competition in any line of commerce in insurance in any section of the country or to tend to create a monopoly therein, or

(2) in the case of a foreign insurer, may be substantially to lessen competition in any line of commerce in insurance in this state or to tend to create a monopoly therein.

(b) No person shall serve as a director of two or more insurers under this chapter which are or during the next preceding two years have been engaged in writing directly the same lines of commerce in insurance unless such interlocking directorate is not used as a means to substantially lessen competition generally in the business of insurance or create a monopoly therein, but any person otherwise qualified may be a director of two or more insurers having a common ownership or management which is not otherwise proscribed if such interlocking directorate is not used as a means of substantially lessening competition generally in the business of insurance or of creating a monopoly therein.

(c) (1) Whenever the superintendent believes this section is being violated, the superintendent shall serve upon the insurer or insurers and the director or directors, as the case may be, a notice pursuant to section three hundred four of the financial services law of a hearing before the superintendent to be held not less than thirty days after such service and requiring such insurer or insurers and such director or directors, as the case may be, to show cause why an order should not be made by the superintendent directing such insurer or insurers and such director or directors, as the case may be, to cease and desist from such violation.

(2) If, upon such hearing, the superintendent finds a violation of this section he shall issue and cause to be served upon each such insurer or insurers and such director or directors, as the case may be, an order reciting the facts found by him, and setting forth the respects in which there has been a violation, and directing such insurer or insurers and such director or directors, as the case may be, to cease and desist from such violation and he may in such order direct each such insurer to divest itself of the shares or assets held or to rid itself of the directors serving contrary to the provisions of subsection (a) or (b) of this section.

(3) A violation of any such cease and desist order shall, subject to judicial review, be deemed a violation of this chapter.

(4) The attorney general may maintain a proceeding upon his own information to prevent and restrain violations of this section and the judgment therein against any defendant may grant affirmative relief to the same extent as may the superintendent by an order issued pursuant to this section.

(5) Any person, firm, corporation or association shall be entitled to maintain a proceeding to obtain injunctive relief against loss or damages by a violation of this section at whatever time and under the same conditions and principles as when injunctive relief against conduct that will cause loss or damage is granted by the courts under the laws of this state governing such proceedings. In such proceeding, the plaintiff also may recover the damages sustained by him and the cost of suit, including a reasonable attorney's fee.

(d) Nothing contained in this section shall be deemed to alter or abridge any rights or remedies otherwise available to any person, the superintendent and the attorney general under any law of this state.

§ 1219. Misconduct by directors; insolvency. (a) Every director of an insurance corporation who:

(1) in case of the fraudulent insolvency of such corporation, shall have participated in such fraud, or

(2) as such director, either wilfully does any act expressly forbidden by statute, or wilfully omits to perform any duty imposed upon him by statute,

shall be guilty of a misdemeanor, unless otherwise prescribed by law.

(b) The insolvency of an insurance corporation is deemed fraudulent unless its affairs appear upon investigation to have been administered fairly, legally and with the same care and diligence that agents receiving a compensation for their services are bound, by law, to observe.

§ 1220. Misconduct by officers and directors of co-operative fire insurance companies and of fraternal benefit societies. No officer or

director of a co-operative fire insurance company or of a fraternal benefit society shall sell his position as such officer or director for any money or valuable consideration, or accept or receive, directly or indirectly, any money or valuable consideration for his resignation as such officer or director. He shall be guilty of a felony if any money or valuable consideration accepted or received for any such sale or resignation exceeds five hundred dollars. If it is a less amount, he shall be guilty of a misdemeanor.

§ 1221. Transactions by officers, directors and certain shareowners in the insurer's shares. (a) Every person who directly or indirectly owns beneficially more than ten percent of any class of shares of a domestic insurer or is a director or officer thereof shall file in the office of the superintendent:

(1) within ten days after he becomes such owner, director or officer a statement, in form prescribed by the superintendent, of the amount of all such shares of which he is the beneficial owner, and

(2) within ten days after the close of each calendar month in which a change in such ownership occurs a statement, in such form as the superintendent may prescribe, indicating his ownership at the close of such calendar month and such changes in his ownership as have occurred during such calendar month.

(b) To prevent unfair use of any information obtained by such beneficial owner, director or officer by reason of his relationship to such insurer, any profit realized by him from any purchase and sale, or any sale and purchase, of the insurer's shares within any period of less than six months, unless the shares were acquired in good faith in connection with a debt previously contracted, shall inure to and be recoverable by the insurer, irrespective of any intention he had in entering into such transaction to hold the shares purchased or not to repurchase the shares sold for a period exceeding six months. A proceeding to recover such profit may be instituted at law or in equity in any court of competent jurisdiction by the insurer or by the owner of any shares of the insurer in the insurer's name and behalf if it fails or refuses to bring such suit within sixty days after request or fails diligently to prosecute it; but no such suit shall be brought more than

two years after the date such profit was realized. This subsection shall not apply to any transaction where such beneficial owner was not such at the time of both the purchase and sale, or both the sale and purchase, of the shares involved, or any transaction which the superintendent may by rules and regulations exempt as not comprehended within the purpose of this subsection.

(c) It shall be unlawful for any such beneficial owner, director or officer, directly or indirectly, to sell any shares of such insurer if the person selling the shares or his principal either does not own the shares sold, or, if owning them, does not deliver them against such sale within twenty days thereafter, or does not within five days after such sale deposit them in the mails or other usual channels of transportation; but no person shall be deemed to have violated this subsection if he proves that notwithstanding the exercise of good faith he was unable to make such delivery or deposit within such time, or that to do so would cause undue inconvenience or expense.

ARTICLE 13

ASSETS AND DEPOSITS

Section 1301. Admitted assets.
1302. Assets not admitted.
1303. Loss or claim reserves.
1304. Valuation reserves.
1305. Unearned premium reserves.
1306. Miscellaneous liabilities.
1307. Contingent liability for borrowings.
1308. Reinsurance, when permitted; effect on reserves.
1309. Insolvency of an insurer.
1310. Impairment of a stock insurer.
1311. Impairment of a mutual or reciprocal insurer.
1312. Trusteed surplus of alien insurers; impairment.
1313. Contents of advertisements and other public announcements concerning financial condition of insurers.
1314. Deposits; custody, beneficiaries, exchanges, inspection and income.
1315. Trusteed assets of alien insurers.

1316. Voluntary deposits.
1317. Release of deposits.
1318. Deposits, securities eligible.
1319. Deposits by foreign insurers.
1320. Deposits by alien insurers; statutory deposits.
1321. Commutation of reinsurance agreements.
1322. Risk-based capital for life insurance companies, accident and health insurance companies, corporations organized pursuant to article forty-three of this chapter, and certain health maintenance organizations.
1323. Issuance of capital notes by domestic life insurance companies.
1324. Risk-based capital for property/casualty insurance companies.
1325. Exemption.

§ 1301. Admitted assets. (a) In determining the financial condition of a domestic or foreign insurer or the United States branch of an alien insurer for the purposes of this chapter, there may be allowed as admitted assets of such insurer, unless otherwise specifically provided in this chapter, only the following assets owned by such insurer

(1) Cash, including legal tender or the equivalent in any office of such insurer or in transit under its control and the true balance of any deposit in a solvent bank, trust company or thrift institution.

(2) Investments acquired or held in accordance with the applicable provisions of this chapter, and the income due or accrued thereon subject to paragraphs three and four of this subsection as to dividends, interest, rents and accrued taxes paid.

(3) Declared and unpaid dividends on shares, unless the amount has otherwise been allowed as an admitted asset.

(4) Investment income due and accrued. Such amounts shall be assessed for collectibility. If it is probable that the investment income due and accrued balance is uncollectible, the amount shall be written off and shall be charged against investment income in the period such determination is made. Any remaining investment income due and accrued (i.e., amounts considered probable of collection) representing either

(i) amounts that are over ninety days past due (generated by any invested asset except mortgage loans in default), or (ii) amounts otherwise designated as nonadmitted shall be considered nonadmitted. If a mortgage loan in default has interest one hundred eighty days past due that has been assessed as collectible, all interest shall be considered a nonadmitted asset. Such nonadmitted amounts shall be subject to continuing assessments of collectibility and, if determined to be uncollectible, a write-off shall be recorded in the period such determination is made. For purposes of this paragraph, "probable" shall mean that the future event or events are likely to occur.

(5) Premium notes, policy loans and other policy assets and liens on policies, contracts or certificates of a life insurance company or fraternal benefit society, in an amount not exceeding the legal reserve and other policy liabilities carried on each individual contract; the net amount of uncollected and deferred premiums, considerations or assessments of a life insurance company or of a fraternal benefit society which carries the full mean tabular reserve liability; for a fraternal benefit society which does not carry such reserve liability, the net amount of uncollected premiums.

(6) Premiums in course of collection, other than life insurance premiums, not more than ninety days past due, less commissions payable thereon. The foregoing limitation of ninety days shall not apply to: (i) premiums payable directly or indirectly by the United States government or any of its instrumentalities, (ii) reinsurance premiums payable by ceding insurers authorized to transact such business in this state, or (iii) reinsurance premiums payable which may be offset by amounts carried by the assuming insurer as liabilities for amounts due to the ceding insurer for unpaid losses or other mutual debts. However reinsurance premiums more than ninety days past due shall not be allowed in excess of ten per centum of the reinsurer's total admitted assets as shown on its most recent annual statement on file in the office of the superintendent pursuant to section three hundred seven of this chapter.

(7) Instalment premiums, other than life insurance premiums, as prescribed by regulation.

(8) Notes and like written obligations, not past due, taken for premiums other than life insurance premiums, on policies permitted to be issued on such basis, to the extent of the unearned premium reserves

carried thereon except as otherwise prescribed by regulation.

(9) Reinsurance recoverable by a ceding insurer: (i) from an insurer authorized to transact such business in this state, except from a captive insurance company licensed pursuant to the provisions of article seventy of this chapter, in the full amount thereof; (ii) from an accredited reinsurer, as defined in subsection (a) of section one hundred seven of this chapter, to the extent allowed by the superintendent on the basis of the insurer's compliance with the conditions of any applicable regulation; or (iii) from an insurer not so authorized or accredited or from a captive insurance company licensed pursuant to the provisions of article seventy of this chapter, in an amount not exceeding the liabilities carried by the ceding insurer for amounts withheld under a reinsurance treaty with such unauthorized insurer or captive insurance company licensed pursuant to the provisions of article seventy of this chapter as security for the payment of obligations thereunder if such funds are held subject to withdrawal by, and under the control of, the ceding insurer. Notwithstanding any other provision of this chapter, the superintendent may by regulation prescribe the conditions under which a ceding insurer may be allowed credit, as an asset or as a deduction from loss and unearned premium reserves, for reinsurance recoverable from an accredited reinsurer, an insurer not authorized in this state or a captive insurance company licensed pursuant to the provisions of article seventy of this chapter.

(10) Amounts receivable by an assuming insurer for funds withheld by a ceding insurer under a reinsurance treaty, not exceeding the amounts carried by such assuming insurer as liabilities for unpaid losses and reserves under such contracts.

(11) Amounts receivable under a funding agreement issued pursuant to section three thousand two hundred twenty-two of this chapter.

(12) Deposits or equities recoverable from underwriting associations, syndicates and reinsurance funds, or from suspended banking institutions, to the extent deemed by the superintendent available for the payment of losses and claims and at values determined by him.

(13) (A) Electronic data processing apparatus and related equipment constituting a data processing, record keeping, or accounting system and operating system software, provided that such assets shall be deemed admitted, subject to such regulations as may be promulgated by the

superintendent in an amount not to exceed three percent of the insurer's capital and surplus, or such other amount that the superintendent, in a regulation, determines to be appropriate in specified circumstances, as required to be shown on its statutory balance sheet for its most recently filed statement with the superintendent adjusted to exclude any net positive goodwill, electronic data processing apparatus and related equipment, operating system software and net deferred tax assets, provided that electronic data processing apparatus and related equipment and operating system software shall be amortized over the lesser of its useful life or three years. Nonoperating system software shall be nonadmitted and depreciated over the lesser of its useful life or five years.

(B) Notwithstanding the provisions of subparagraph (A) of this paragraph, until December thirty-first, two thousand eleven, electronic data processing apparatus and related equipment constituting a data processing, record keeping, or accounting system and operating system software of article forty-three corporations and public health law article forty-four health maintenance organizations, integrated delivery systems, prepaid health service plans and comprehensive special needs plans may be allowed as admitted assets if the cost of each such system is fifty thousand dollars or more and provided that such cost shall be amortized over a period not to exceed ten years. Effective January first, two thousand twelve, the provisions of subparagraph (A) of this paragraph shall apply to article forty-three corporations and public health law article forty-four health maintenance organizations, integrated delivery systems, prepaid health service plans and comprehensive special needs plans.

(14) Positive goodwill, provided that such asset shall be deemed admitted, subject to such limitations and conditions in regulations as may be promulgated by the superintendent in an amount not to exceed ten percent of the insurer's capital and surplus as required to be shown on its statutory balance sheet for its most recently filed statement with the superintendent adjusted to exclude any net positive goodwill, electronic data processing apparatus and related equipment, operating system software and net deferred tax assets, and provided further that such positive goodwill shall be amortized in full over the period in which the insurer benefits economically, not to exceed ten years. When

negative goodwill exists, it shall be recorded as a contra-asset.

(15) Amounts payable to the insurer from the property/casualty insurance security fund on behalf of insureds with medical malpractice insurance claims-made policies pursuant to subparagraph (G) of paragraph one of subsection (a) of section seven thousand six hundred three of this chapter.

(16) Gross deferred tax assets, provided that such assets shall be deemed admitted to the extent provided by regulations promulgated by the superintendent in an amount not to exceed the sum of:

(A) federal income taxes paid in prior years that can be recovered through loss carrybacks for existing temporary differences that reverse by the end of the subsequent calendar year;

(B) the lesser of:

(i) the amount of gross deferred tax assets after the application of subparagraph (A) of this paragraph expected to be realized within one year of the balance sheet date; or

(ii) ten percent of the insurer's statutory capital and surplus as required to be shown on its statutory balance sheet for its most recently filed statement with the superintendent adjusted to exclude any net positive goodwill, electronic data processing apparatus and related equipment, operating system software and net deferred tax assets; and

(C) the amount of gross deferred tax assets after application of subparagraphs (A) and (B) of this paragraph that can be offset against existing gross deferred tax liabilities.

(17) Other assets, not inconsistent with the foregoing provisions, deemed by the superintendent available for the payment of losses and claims, at values determined by the superintendent.

(18) The superintendent may, be regulation, modify any requirement of this subsection to conform to any subsequent amendment to the accounting practices and procedures manual as adopted from time to time by the national association of insurance commissioners.

(b) Admitted assets may be allowed as deductions from corresponding liabilities, liabilities may be charged as deductions from assets, and deductions from assets may be charged as liabilities, in accordance with the form of annual statement applicable to such insurer as prescribed by the superintendent, or otherwise in his discretion.

(c) The superintendent may by regulation prescribe the application of

the provisions of this section.

§ 1302. Assets not admitted. (a) In addition to assets not admitted pursuant to section one thousand three hundred one of this article, the following shall not be allowed as admitted assets of a domestic or foreign insurer or the United States branch of an alien insurer in any determination of its financial condition:

(1) Trade names, agency plants and other like intangible assets.

(2) Prepaid or deferred charges for expenses except as provided in paragraph sixteen of subsection (a) of section one thousand three hundred one of this article, and commissions paid by the insurer.

(3) Advances to officers (except policy loans), whether secured or not, and advances to employees, agents and other persons on personal security only.

(4) Shares of such insurer, owned by it, or any equity therein or loans secured thereby, or any proportionate interest in such shares through the ownership by such insurer of an interest in another firm, corporation or business unit.

(5) Tangible personal property, fixtures and printed matter except such as an insurer is permitted to hold pursuant to paragraph five of subsection (a) of section one thousand four hundred four of this chapter.

(6) Items of bank credits representing checks, drafts or notes returned unpaid after the date of statement.

(7) The amount, if any, by which the aggregate book value of investments as carried in the ledger assets of such insurer exceeds the aggregate value thereof as determined in accordance with the provisions of this chapter.

(b) All non-admitted assets and all other assets of doubtful value or character included as ledger or non-ledger assets in any statement by an insurer to the superintendent, or in any examiner's report to him, shall also be reported, to the extent of the value disallowed, as deductions from the gross assets of such insurer except where the superintendent permits a reserve to be carried among the liabilities of such insurer in lieu of any such deduction.

§ 1303. Loss or claim reserves. Every insurer shall, except as provided in section one thousand three hundred four of this article and subject to specific provisions of this chapter, maintain reserves in an amount estimated in the aggregate to provide for the payment of all losses or claims incurred on or prior to the date of statement, whether reported or unreported, which are unpaid as of such date and for which such insurer may be liable, and also reserves in an amount estimated to provide for the expenses of adjustment or settlement of such losses or claims.

§ 1304. Valuation reserves. Every insurer authorized under this chapter to transact the kinds of insurance specified in paragraph one, two or three of subsection (a) of section one thousand one hundred thirteen of this chapter shall, subject to specific provisions of this chapter, maintain:

(a) reserves on all of its life insurance policies or certificates and annuity contracts in force, computed according to the applicable tables of mortality and rates of interest prescribed in this chapter;

(b) reserves for disability benefits, including reserves for disabled lives whether reported or unreported, and for accidental death benefits; and

(c) any additional reserves prescribed by the superintendent as necessary on account of such insurer's policies, certificates and contracts.

§ 1305. Unearned premium reserves. (a) Every authorized insurer shall, except as to reserves required under section one thousand three hundred four of this article and subject to paragraph nine of subsection (a) of section one thousand three hundred one of this article and other specific provisions of this chapter, maintain reserves equal to the unearned portions of the gross premiums charged on unexpired or unterminated risks and policies.

(b) (1) No deductions may be made from the gross premiums in force except for original premiums cancelled on risks terminated or reduced

before expiration, or except for premiums paid or credited for risks reinsured with other solvent assuming insurers authorized to transact such business in this state.

(2) Premiums charged for bulk or portfolio reinsurances assumed from other insurers shall be included as premiums in force on the basis of the original premiums and the original terms of the policies of the ceding insurer.

(3) Reinsurance ceded to such an authorized assuming insurer may be deducted on the basis of original premiums and original terms except in the case of excess loss or catastrophe reinsurance which may be deducted only on the basis of actual reinsurance premiums and actual reinsurance terms.

(c) (1) The liability for unearned premiums may be computed on the annual pro rata fraction basis applicable to the date of statement as prescribed by the superintendent.

(2) If the annual pro rata fractions do not produce an adequate reserve, the superintendent may, in his discretion, require an insurer to calculate its unearned premium reserve upon the monthly pro rata fractional basis or, if necessary, on each respective risk from the date of the issuance of the policy, and as to premiums covering indefinite terms he may prescribe special regulations.

(3) As to marine insurance, premiums on trip risks not terminated shall be deemed unearned and the superintendent may require a reserve to be carried thereon equal to one hundred percent of the premiums on trip risks written during the month ended as of the date of statement.

(4) At least ninety percent of the gross amount of premium deposits on perpetual fire insurance risks shall be charged as a liability.

(5) As to title insurance, unearned premium reserves shall be computed and maintained only as required by subsection (a) of section six thousand four hundred five of this chapter.

§ 1306. Miscellaneous liabilities. In addition to liabilities and reserves on contracts of insurance issued by it, every insurer shall be charged with the estimated amount of all its other liabilities, including taxes, expenses, other obligations due or accrued at the date of statement, and any special reserves required by the superintendent

pursuant to the provisions of this chapter.

§ 1307. Contingent liability for borrowings. (a) Any domestic stock, mutual or co-operative insurance company or reciprocal insurer may, without pledging any of its assets, receive advances or borrow funds to:

(1) conduct its business,

(2) enable it to comply with any surplus requirement or make good any impairment or deficiency or other requirement of this chapter,

(3) defray the reasonable expenses of its organization,

(4) provide any fund to be voluntarily contributed to surplus, or

(5) organize, acquire or invest in any subsidiaries authorized by this chapter.

(b) Such borrowing may only be made upon an agreement that such moneys and such interest thereon as may be agreed upon, at a rate not exceeding the maximum rate provided in section 5-501 of the general obligations law, in effect at the time the agreement is executed, shall be repaid only out of free and divisible surplus of such insurer with the approval of the superintendent whenever, in his judgment, the financial condition of such insurer warrants. In the event of insolvency of a mutual or co-operative insurance company unearned premiums shall be deemed to be part of its free and divisible surplus.

(c) Any sum so advanced or borrowed shall not be part of the legal liabilities of such insurer and shall not be a basis of any set-off but until repaid all statements published by such insurer or filed with the superintendent shall show, as a footnote, the amount then remaining unpaid.

(d) No such insurance company or reciprocal insurer shall directly or indirectly make any agreement for any advance or borrowing pursuant to this section unless such agreement is in writing and shall have been approved by the superintendent as not unfair, misleading or contrary to law.

§ 1308. Reinsurance, when permitted; effect on reserves. (a) (1) Any authorized insurer, hereinafter called the "ceding insurer", may, subject to the limitations of this chapter, reinsure its risks and

policy liabilities in any other assuming insurer with the effects herein prescribed. No prohibition or limitation in this chapter shall invalidate any reinsurance agreement as between the parties thereto.

(2) (A) No credit shall be allowed, as an admitted asset or deduction from liability, to any ceding insurer for reinsurance ceded, renewed, or otherwise becoming effective after January first, nineteen hundred forty, unless:

(i) the reinsurance shall be payable by the assuming insurer on the basis of the liability of the ceding insurer under the contracts reinsured without diminution because of the insolvency of the ceding insurer, and

(ii) under the reinsurance agreement the liability for such reinsurance is assumed by the assuming insurer as of the same effective date.

(B) Except as provided by subsection (a) of section four thousand one hundred eighteen of this chapter, no such credit shall be allowed any ceding insurer for reinsurance ceded, renewed, or otherwise becoming effective after September first, nineteen hundred fifty-two, unless the reinsurance agreement provides that payments by the assuming insurer shall be made directly to the ceding insurer or its liquidator, receiver or statutory successor, except where:

(i) the agreement specifies another payee of such reinsurance in the event of the insolvency of the ceding insurer, or

(ii) the assuming insurer with the consent of the direct insureds has assumed such policy obligations of the ceding insurer as its direct obligations to the payees under such policies, in substitution for the obligations of the ceding insurer to such payees.

(3) Such reinsurance agreement may provide that the liquidator, receiver or statutory successor of an insolvent ceding insurer shall give written notice of the pendency of a claim against such insurer on the contract reinsured within a reasonable time after such claim is filed in the insolvency proceeding and that during the pendency of such claim any assuming insurer may investigate such claim and interpose, at its own expense, in the proceeding where such claim is to be adjudicated any defenses which it deems available to the ceding company, its liquidator, receiver or statutory successor. Such expense shall be chargeable subject to court approval against the insolvent ceding

insurer as part of the expense of liquidation to the extent of a proportionate share of the benefit which may accrue to the ceding insurer solely as a result of the defense undertaken by the assuming insurer. Where two or more assuming insurers are involved in the same claim and a majority in interest elect to interpose defense to such claim, the expense shall be apportioned in accordance with the terms of the reinsurance agreement as though such expense had been incurred by the ceding company.

(b) In determining the ceding insurer's financial condition, if reinsurance is effected by the ceding insurer in any assuming insurer, the ceding insurer shall, in addition to any credit allowed against its loss reserves, and any reduction of reserves allowed pursuant to paragraph nine of subsection (a) of section one thousand three hundred one of this article for reinsurance recoverable from insurers not authorized in this state, receive credit for reinsurance effected with any assuming insurer authorized to do such business in this state, calculated as follows:

(1) as to reinsurance of all or any part of any risk not specified in paragraph two hereof, by way of deduction from its unearned premium liability calculated in accordance with the provisions of section one thousand three hundred five of this article; or

(2) as to reinsurance of all or any part of any life insurance or annuity or non-cancellable disability risk, by way of deduction from its reserve liability, in an amount not exceeding the reserve on the reinsured portion of such risk which the ceding insurer would have maintained if such portion had not been reinsured.

(c) Nothing in this section shall be deemed to permit the ceding insurer to receive through the cession of all or any part of any risk any advantage whereby its unearned premium reserve, or the net amount of its valuation reserves, is reduced below the amount required by this chapter.

(d) In determining its financial condition, any assuming insurer shall be charged:

(1) in its unearned premium liability with an amount equal to the deduction specified in paragraph one of subsection (b) hereof, and

(2) in its valuation reserve liability with an amount at least equal to the amount which it would be required to maintain in accordance with

the provisions of this chapter if it were the direct insurer of such assumed risks on the basis specified in the reinsurance agreement.

(e) (1) During any period of twelve consecutive months, without the superintendent's permission:

(A) no domestic insurer, except life, shall by any reinsurance agreement or agreements cede an amount of its insurance on which the total gross reinsurance premiums are more than fifty percent of the unearned premiums on the net amount of its insurance in force at the beginning of such period, and

(B) no alien insurer, except life, shall by any reinsurance agreement or agreements, involving the withdrawal or transfer of any interest in any of its trusteed assets in the United States, cede an amount of its insurance on which the total gross reinsurance premiums are more than fifty percent of the unearned premiums on the net amount of its insurance in force in the United States, at the beginning of such period.

(2) Paragraph one hereof shall not apply to reinsurance made in the ordinary course of business reinsuring specified individual risks under reinsurance agreements relating to current business.

(3) If any agreement or agreements at any time effect reinsurance of substantially all of the net insurance in force of such ceding insurer, no credit by way of deduction pursuant to subsection (b) hereof shall be allowed to such ceding insurer, unless either:

(A) the assuming insurer or insurers assume or have assumed the policy obligations of the ceding insurer as their direct obligations to the obligees under such policies and the provisions for cancellation, if any, of such reinsurance agreements have been approved by the superintendent, or

(B) such reinsurance agreement or agreements were made under pooling arrangements between insurers associated in a group for underwriting purposes and were approved by the superintendent as not impairing the protection of policyholders of such ceding or assuming insurers.

(f) (1) Unless the superintendent permits:

(A) No domestic life insurance company shall (i) reinsure its whole risk on any individual life or joint lives, or (ii) reinsure a substantial portion of its life insurance in force.

(B) No foreign or alien insurer shall reinsure its whole risk on any

individual life or joint lives, written under a policy or contract delivered or issued for delivery in this state.

(2) Any domestic life insurance company proposing to assume by reinsurance all or any part of the business in force, other than portions of individual risks, of any domestic, foreign or alien life insurance company, fraternal benefit society or other organization having outstanding policies or certificates of life insurance or accident and health insurance or annuity contracts shall make written application to the superintendent for permission to do so. If after due consideration the superintendent is satisfied that the proposed reinsurance will not prejudice the interests of the policyholders of either the applicant or the companies that are members of The Life Insurance Guaranty Corporation or of The Life and Health Insurance Company Guaranty Corporation of New York, the superintendent shall grant the permission.

(3) The superintendent, after notice to and an opportunity to be heard by all domestic life insurance companies, may issue and from time to time amend regulations establishing standards which tend to promote orderly growth and financial stability among the companies and otherwise effectuate the purposes of this subsection.

(g) Any domestic life insurance company which has discontinued doing any new business in a foreign country may, with the permission of the superintendent, reinsure all or any part of its risks outstanding in such country in any solvent insurer authorized to transact business therein. Thereafter such life insurance company shall not be required to charge as liabilities the reserves and other liabilities pertaining to the reinsured risks.

§ 1309. Insolvency of an insurer. (a) Whenever the superintendent finds from a financial statement or report on examination that an authorized insurer is unable to pay its outstanding lawful obligations as they mature in the regular course of business, as shown by an excess of required reserves and other liabilities over admitted assets, or by its not having sufficient assets to reinsure all outstanding risks with other solvent authorized assuming insurers after paying all accrued claims owed, such insurer shall be deemed insolvent and the

superintendent may proceed against it pursuant to the provisions of article seventy-four of this chapter.

(b) If an insurer deemed insolvent pursuant to subsection (a) hereof is a foreign or alien insurer, the superintendent may also revoke or suspend its license to do business in this state.

§ 1310. Impairment of a stock insurer. (a) Whenever the superintendent finds from a financial statement, or a report on examination, of any domestic stock insurer that (i) the admitted assets are less than the aggregate amount of its liabilities and outstanding capital stock or (ii) the admitted assets of any such insurer which is required to maintain a minimum surplus to policyholders are less than the aggregate amount of its liabilities and the amount of its minimum surplus to policyholders, he shall determine the amount of the impairment and order the insurer to eliminate the impairment within such period as he designates, not more than ninety days from the service of the order. He may also order the insurer not to issue any new policies while the impairment exists. If the impairment as determined by the provisions of item (i) hereof equals or exceeds twenty-five percent of the insurer's outstanding capital stock, or as determined by the provisions of item (i) or (ii) hereof is such that the insurer does not have the minimum capital or minimum surplus to policyholders required by this chapter, and if at the expiration of such designated period, such insurer has not satisfied the superintendent that such impairment has been eliminated, the superintendent may proceed against the insurer pursuant to the provisions of article seventy-four of this chapter on the ground that its condition is such that its further transaction of business will be hazardous to its policyholders or its creditors or the public.

(b) If any foreign stock insurer authorized to do business in this state is found to be impaired, the superintendent may, after notice and hearing, order such insurer not to issue during such time as he prescribes any new policies in this state, and may, after notice and hearing, revoke its license to transact business in this state.

§ 1311. Impairment of a mutual or reciprocal insurer. (a) In this

section "required surplus" includes any guaranty surplus or special contingent surplus or other specifically reserved surplus account of a domestic mutual insurer, a domestic reciprocal insurer or any other domestic insurer without capital stock, required by the provisions of this chapter to be maintained for any purpose, including: (i) issuance of non-assessable policies, (ii) payment of dividends, or (iii) transaction of business after a license has been issued by the superintendent.

(b) Whenever the superintendent finds from a financial statement or report on examination that the total admitted assets of any insurer required to maintain such required surplus are less than the aggregate amount of its liabilities and required surplus, he shall determine the amount of such impairment and order the insurer or its attorney-in-fact to eliminate such impairment within such period he designates, not exceeding ninety days from service of such order. He may also by order prohibit such insurer, while such impairment exists, from:

(1) issuing any non-assessable policies if its required surplus for the purpose of item (i) of subsection (a) hereof is impaired, or

(2) paying dividends if its required surplus for the purpose of item (ii) of subsection (a) hereof is impaired, or

(3) issuing new policies if its minimum surplus for the purpose of item (iii) of subsection (a) hereof is impaired.

(c) If the impairment so determined is such that such insurer does not have the minimum surplus required for item (iii) of subsection (a) hereof, and if when such designated period expires the insurer has not satisfied the superintendent that such impairment has been eliminated, the superintendent may proceed against such insurer pursuant to the provisions of article seventy-four of this chapter on the ground that its further transaction of business will be hazardous to its policyholders, its creditors or the public.

(d) If the required minimum surplus of any authorized foreign mutual or reciprocal insurer is found by the superintendent to be impaired, the superintendent may order such insurer not to issue during such time as he prescribes any new policies in this state, and may, after notice and hearing, revoke its license to do business in this state.

§ 1312. Trusteed surplus of alien insurers; impairment. (a) (1) In addition to other requirements of this chapter every authorized alien insurer shall, not later than the first day of March in each year, file with the superintendent a statement (herein called a "trusteed surplus statement"), on a form prescribed by him, showing at last year-end:

(A) all its general state deposits, meaning assets within the United States deposited with officers of any state in trust for the security of all its policyholders, or policyholders and creditors, within the United States;

(B) all its special state deposits, meaning assets within the United States deposited with officers of any state in trust for the security of its policyholders, or policyholders and creditors, in a particular state;

(C) all its trusteed assets, meaning assets within the United States held by a trustee or trustees for the security of all its policyholders, or policyholders and creditors, within the United States;

(D) if a life insurance company, the amount of its policy loans to policyholders within the United States, not exceeding the amount of the legal reserve required on each such policy;

(E) all its reserves and other liabilities arising out of policies or obligations issued, assumed or incurred in the United States; and

(F) such further information as may be necessary to apply the provisions of this section.

(2) In determining the net amount of the insurer's liabilities in the United States, a deduction may be made: (i) for reinsurance on losses with authorized insurers, less unpaid reinsurance premiums, with a schedule showing by companies the amount deducted, and (ii) for unearned premiums on agents' balances or uncollected premiums not more than ninety days past due. Any liability on an asset not considered in such statement may be applied against such asset.

(3) No credit shall be allowed in such statement for any special state deposit held for the exclusive benefit of policyholders, or policyholders and creditors, of any particular state except as an offset against the liabilities of such alien insurer in such state.

(4) The accrued interest at date of statement on assets deposited with states and trustees shall be allowed in such statement, where such interest is collected by the states or trustees.

(b) (1) Such trusteed surplus statement shall be signed and verified by the United States manager, attorney-in-fact, or a duly empowered assistant United States manager, of the alien insurer. The items of securities and other property held under trust deeds shall be certified to by the United States trustee or trustees. The superintendent may at any time require a further statement of the same kind and of such date as he may determine.

(2) Every report on examination of the United States branch of an alien insurer shall include a trusteed surplus statement as of the date of examination in addition to the general statement of the financial condition of such United States branch.

(c) (1) The aggregate value of the insurer's general state deposits and trusteed assets less the aggregate net amount of all of its liabilities and reserves in the United States as determined in accordance with this section shall be known as its "trusteed surplus" in the United States. Whenever it appears to the superintendent from any such statement or any report that an alien insurer's trusteed surplus is reduced below the greater of the minimum capital required of, or the minimum surplus to policyholders required to be maintained by, a domestic insurer licensed to transact the same kinds of insurance, he shall determine the amount of such impairment and order the insurer, through its United States manager or attorney, to eliminate such impairment within such period as he designates, not more than ninety days from service of the order. He may also by order revoke or suspend such insurer's license or prohibit it from issuing new policies in the United States while such impairment exists.

(2) If at the expiration of such designated period such insurer has not satisfied the superintendent that such impairment has been eliminated, the superintendent may proceed against such insurer pursuant to the provisions of article seventy-four of this chapter as an insurer whose condition is such that its further transaction of business in the United States will be hazardous to its policyholders, its creditors or the public in the United States.

§ 1313. Contents of advertisements and other public announcements concerning financial condition of insurers. (a) (1) Except as provided

in subsection (g) hereof or permitted by regulation, every advertisement or other public announcement published, issued or distributed in this state by any domestic or foreign insurer, a subsidiary thereof, a holding company or controlled person as defined by section one thousand five hundred one of this chapter, or by any agent of any of the foregoing, purporting to make known the insurer's separate financial condition, shall show the amount of its admitted assets, liabilities and reserves required or permitted by law, and its surplus to policyholders, and shall correspond with its last verified statement (annual or quarterly, at its option) made to the superintendent. Such surplus to policyholders shall show the amount of the insurer's paid up capital stock, if any.

(2) The provisions of paragraph one hereof shall not apply to an advertisement or other public announcement showing only the insurer's capital paid up, or its surplus and capital, if any, separately or combined, but such items shall not be in excess of the corresponding items shown on the insurer's last verified statement (annual or quarterly, at its option) made to the superintendent.

(b) (1) Every advertisement or other public announcement, published, issued or distributed in this state by any alien insurer doing business in this state, a subsidiary thereof, a holding company or controlled person as defined by section one thousand five hundred one of this chapter, or by any agent of any of the foregoing, purporting to make known the separate financial condition of the insurer, shall show as assets only its admitted assets held by its United States branch, its liabilities and reserves required by law, and its surplus to policyholders in the United States, and shall correspond with the insurer's last verified statement (annual or quarterly, at its option) made to the superintendent. Such surplus to policyholders shall show the amount of the statutory deposit of such United States branch.

(2) Notwithstanding the provisions of paragraph one hereof, any authorized life insurance company or fraternal benefit society organized under the laws of Canada or any province thereof may use in its advertising in this state a statement of its complete financial condition, in addition to its statement of admitted assets and liabilities in the United States, if a similar domestic insurer is permitted by the laws of Canada or the provinces thereof in which it

does an insurance business to advertise therein its complete financial condition on a corresponding basis.

(c) No statement of separate financial condition shall be published, issued or distributed as provided in subsection (a) or (b) hereof unless it or a footnote clearly shows the amount of securities, included in admitted assets, which are pledged as collateral for any loan or guaranty, or which are otherwise not available to pay losses and claims or are not held to protect the insurer's policyholders or creditors.

(d) No insurer doing business in this state nor any subsidiary thereof, or holding company or controlled person as defined in section one thousand five hundred one of this chapter nor any agent of any of the foregoing, shall in any advertisement or other public announcement make any statement or communication to the effect that the insurer has, or expects to have, reinsurance by any named assuming insurer not authorized to do such reinsurance business in this state, or to the effect that the insurer's policies are guaranteed wholly or partly by any other person, insurer or institution.

(e) Nothing in this section shall apply to reports issued to shareholders or government agencies or instrumentalities by a holding company or controlled person as defined in section one thousand five hundred one of this chapter or prohibit any supplemental reference concerning an insurer's separate financial condition on the basis of actual market values of its securities or the inclusion of supplemental factual information with respect to the separate financial condition of such insurer in a report issued by such insurer to its shareholders or policyholders.

(f) Advertisements and other public announcements directed primarily at calling the attention of policyholders or prospective policyholders to an insurer and containing a statement of the separate financial condition of the holding company system shall also contain a statement of the separate financial condition of the insurer which shall comply with this section.

(g) Consolidated financial statements of an authorized insurer and any of its subsidiaries may be used only to the extent authorized by the superintendent or required by any government agency or instrumentality.

§ 1314. Deposits; custody, beneficiaries, exchanges, inspection and income. (a) (1) The superintendent shall be the official custodian of all deposits of securities required or authorized by the provisions of this chapter, unless otherwise specifically provided by law. He shall keep the same in a safe place provided by the state or in custody for his account with a bank, trust company or national bank in this state which may be designated by the depositing insurer, subject to the approval of the superintendent.

(2) All such securities shall be held by the superintendent, in trust, without preference or priority to any beneficiary entitled to share therein, for the security of the depositing insurer's policyholders within the United States, its territories and possessions, except that securities deposited by an alien insurer shall be held in trust for the security of the policyholders and creditors of the depositing insurer within the United States, its territories and possessions.

(3) Such securities may be registered in the name of the superintendent as such trustee or, at the option of the depositing insurer, may be in bearer form.

(4) "Policyholders" as used in this chapter in any provision relating to beneficiaries of deposits includes all persons having a legal or equitable right against the depositing insurer or the insured arising out of an insurance or annuity contract. "Depositing insurer" as used in this chapter includes any lawful successor in interest to such insurer.

(b) The depositing insurer shall not assign or otherwise transfer all or any part of its interest in any such deposit, without the approval of the superintendent, and any such transfer, whether voluntary or by operation of law, without such approval, shall be void. The superintendent may approve transfer of all of the depositing insurer's residuary interest in such deposit if with his approval the transferee assumes all liabilities of the transferor to the beneficiaries of such deposit.

(c) No judgment creditor or other claimant may levy upon any deposit or part thereof. Upon the making of an order by a court of competent jurisdiction for the liquidation, rehabilitation or conservation of any depositing insurer, the deposit and the income therefrom shall be transferred to the superintendent as liquidator, rehabilitator or conservator.

(d) All deposits of securities held by the superintendent which were made pursuant to any prior insurance law shall be deemed to be held in compliance with the provisions of this chapter, for the purposes for which such deposits were originally made.

(e) The depositing insurer may from time to time exchange for any deposited securities other securities eligible under the provisions of this chapter if in the opinion of the superintendent the aggregate value of such deposit will not be thereby reduced below the amount required by law.

(f) So long as the depositing insurer shall continue solvent and shall comply with the laws of this state applicable to it, the superintendent shall permit it to collect and dispose of the income on deposited securities.

(g) (1) No exchange, release or other transfer of deposited securities, or any interest therein, shall be valid unless: (i) countersigned by a member of the state tax commission or a person designated for such purpose by such commission, and (ii) requested by the depositing insurer. Except for a transfer for redemption or refunding, the depositing insurer's request must be evidenced in such manner as the superintendent requires.

(2) The department of taxation and finance and the department of financial services shall each keep a book with entries showing the name of the insurer for whose account such transfer is made by the superintendent, the name of the transferee unless made in blank, and the par value of the securities transferred.

(3) Within five days after countersigning and entering the same, the commissioner of taxation and finance shall advise by mail the insurer from whose account such transfer is made, of the kind and amount of security transferred.

(h) Every depositing insurer shall, at least once during each calendar year, cause such securities to be examined by some person duly authorized in writing. Such person shall, at the request of the superintendent, execute a certificate stating the result of such examination.

§ 1315. Trusteed assets of alien insurers. (a) Whenever a licensed

alien insurer is required or permitted by this chapter to deposit assets with a trustee or trustees for the security of its policyholders and creditors in the United States, such assets shall be known as "trusteed assets". All trusteed assets shall be continuously kept within the United States and the trusteed assets of a licensed alien insurer entered through this state shall be continuously kept in this state. The deed of trust and all amendments thereto shall be authenticated in such form and manner as the superintendent may prescribe and shall not be effective unless approved by him. If he finds a deed of trust or its amendments: (i) are sufficient in form and in conformity with law, (ii) the trustee or trustees are eligible as such, and (iii) the deed of trust is adequate to protect the interests of the beneficiaries of the trust, he shall give his approval. If he finds, after reasonable notice to and hearing of the insurer, that the requisites for the approval no longer exist, he may withdraw such approval.

(b) The trustee or trustees of all trusts created after nineteen hundred thirty-nine shall be solvent banks or trust companies deemed by the superintendent suitable for such purpose.

(c) All trusts of trusteed assets existing before nineteen hundred forty shall be continued in accordance with the terms of the instruments creating them, if not inconsistent with this section. If the trustees of any trust created before nineteen hundred forty are individuals, and their number is reduced to less than three, by death, resignation or otherwise, the superintendent shall require substitution for such trustees of one or more banks or trust companies deemed by him suitable for such purpose. If the superintendent finds, after reasonable notice to and hearing of such alien insurer, that a deed of trust executed before nineteen hundred forty is inadequate to protect the interests of the beneficiaries of such trust, he shall require the execution of a new or amended deed of trust in conformity with the requirements of this section.

(d) The superintendent may from time to time approve modifications of, or variations in, any deed of trust, which in his judgment are not prejudicial to the interests of the people of this state.

(e) (1) Such deed of trust shall contain provisions which:

(A) vest legal title to trusteed assets in the trustees, and their successors lawfully appointed, in trust for the security of all

policyholders and creditors of the alien insurer within the United States;

(B) provide for substitution of a new trustee or trustees in case of a vacancy by death, resignation or otherwise, subject to approval of the superintendent;

(C) require that all trusteed assets shall be at all times maintained as a trust fund separate and distinct from all other assets; and

(D) require that the trustee or trustees shall continuously maintain a record at all times sufficient to identify the assets of such fund.

(2) Such deed of trust may provide that income, earnings, dividends or interest accumulations of the assets of such fund may be paid over to the United States manager of such alien insurer, upon his or its request.

(3) Such deed of trust shall provide, in substance, that no withdrawals of assets, other than income as above specified, shall be made or permitted by the trustee or trustees without the approval of the superintendent except to:

(A) make deposits required by law in any state for the security or benefit of all policyholders, or policyholders and creditors, of such alien insurer in the United States;

(B) substitute other assets permitted by law and at least equal in value to those withdrawn, upon the specific written direction of the United States manager or an assistant United States manager when duly empowered and acting pursuant to either general or specific written authority previously given or delegated by the board of directors; or

(C) transfer such assets to an official liquidator or rehabilitator pursuant to an order of a court of competent jurisdiction.

(f) Upon withdrawal of trusteed assets deposited in another state in which such insurer is authorized to do business, it shall be sufficient if the deed of trust requires similar written approval of the insurance supervising official of such state in lieu of approval of the superintendent. In all such cases the alien insurer shall notify the superintendent in writing of the nature and extent of such withdrawal.

(g) The superintendent may from time to time: (i) make examinations of the trusteed assets of any authorized alien insurer at the insurer's expense and (ii) require the trustee or trustees to file a statement, in such form as he may prescribe, certifying the assets of such trust fund

and the amounts thereof. Refusal or neglect of any trustee to comply with the foregoing requirements shall be ground for the revocation of such insurer's license or the liquidation of its United States branch.

(h) In the case of a Canadian life insurance company or a Canadian fraternal benefit society, the provisions of this section applicable to a United States manager refer to the president, vice-president, secretary or treasurer of the company at its home office in Canada or to any officer of the society elected by its supreme governing body, when duly empowered and authorized for such purpose.

§ 1316. Voluntary deposits. The superintendent may receive from any authorized insurer a deposit required by or pursuant to the laws of another state as a prerequisite to doing business in such other state, and may also receive from any insurer any additions to its deposits which are reasonably necessary to maintain the aggregate value of such deposit at least equal to the amount required.

§ 1317. Release of deposits. (a) (1) In this section, "release of deposits" means the transfer and delivery by the superintendent of deposited securities to the depositing insurer at its request, or to a person designated by it in writing, without substitution of other securities. The superintendent may require authentication or proof of such request, or of such designation, in such form and manner as he may prescribe.

(2) No depositing insurer shall be entitled to a total or partial release of its deposited securities except as specified in this section.

(3) No total or partial release of a deposit, made in good faith by the superintendent, shall impose any personal liability upon him.

(b) If the superintendent finds that the aggregate market value of the required deposit of any insurer doing business in this state exceeds one hundred five per centum of the amount required of such insurer by the laws of this state, he may release securities of such deposit, having a value not greater than the amount of such excess, but the par value of the securities remaining on deposit shall not be less than the amount required by the provisions of this chapter.

(c) If the superintendent finds that all or any part of any voluntary deposit of any insurer is no longer required to comply with the laws of this or any other state, he may to such extent release such deposit.

(d) If the superintendent finds that the aggregate market value of the required deposit of any insurer exceeds two hundred per centum of the total amount of its outstanding accrued and contingent liabilities assumed, or covering persons or risks located, within the United States, and that such insurer has ceased to do any new business within the United States, he may release securities of such deposit having a value not greater than the excess.

(e) In making any findings required by this section the superintendent may make such examination or other investigation of the affairs of such insurer as he deems expedient, and may require a statement subscribed by two principal officers of such insurer and affirmed by them as true under the penalties of perjury as to any facts therein.

§ 1318. Deposits, securities eligible. (a) Except as otherwise provided in this chapter, every deposit made with the superintendent shall be in the securities specified in paragraphs one and two of subsection (b) of section one thousand four hundred two of this chapter, estimated at an amount not exceeding their current market value, but their total par value shall not be less than the amount required.

(b) Such deposit made by a foreign insurer may be in like securities of its home state if similar domestic insurers doing business in such state are permitted to deposit therein like securities of this state.

(c) If the aggregate market value of the securities on deposit shall fall below the required amount, the superintendent may require the depositing insurer to deposit sufficient additional securities of like character.

§ 1319. Deposits by foreign insurers. (a) Every foreign insurer doing business in this state shall keep on deposit with the superintendent, or with the state officer of its home state designated by law for such purpose, the same amount of securities which a like domestic insurer transacting the same kinds of insurance is required to deposit with the

superintendent.

(b) Such securities shall be of the same character required or permitted by section one thousand three hundred eighteen of this article, except that such an insurer may, in the discretion of the superintendent, receive credit for a deposit with its home state consisting of bonds and mortgages, or deeds of trust, on improved unencumbered real property located in its home state or in this state worth fifty per centum more than the amount loaned thereon.

(c) The superintendent shall be furnished with the certificate of such state officer of the insurer's home state under his hand and official seal that he holds such securities in trust and on deposit for the benefit of all policyholders or all the policyholders and creditors of such insurer. Such certificate shall list the securities so held and their par or face value.

§ 1320. Deposits by alien insurers; statutory deposits. (a) No alien insurer authorized to do an insurance business in this state shall do such business unless it shall have securities deposited (for the benefit of all its policyholders, or all its policyholders and creditors, in the United States) with the superintendent or with proper state officers of other states, or held as trusteed assets, in an amount at least equal to one hundred fifty per centum of the capital required to be maintained by a domestic stock insurer licensed to do the same kinds of insurance. In any event the deposit with the superintendent shall at least equal:

(1) if such insurer is licensed in this state to do only one kind of insurance, five hundred thousand dollars;

(2) if such insurer is licensed in this state to do two or more kinds of insurance, an amount equal to the lesser of the capital required to be maintained by a domestic stock insurer licensed to do the same kinds of insurance, or one million dollars.

(b) Notwithstanding the foregoing, any alien insurer initially licensed to do an insurance business in this state prior to July first, nineteen hundred eighty-two shall have securities deposited or held as trusteed assets, as provided in subsection (a) hereof in an amount at least equal to fifty percent of the deposit requirements applicable to an alien insurer initially authorized to do an insurance business in

this state on or after July first, nineteen hundred eighty-two.

(c) Any licensed alien insurer may make additional deposits with the superintendent in order to comply with this section or section one thousand three hundred twelve of this article.

(d) In any financial statement of a United States branch of any such alien insurer the item corresponding to capital stock of a domestic stock corporation shall be termed its "statutory deposit" and shall be in an amount equal to the deposit required to comply with the provisions of subsection (a) or (b) hereof.

§ 1321. Commutation of reinsurance agreements. (a) If the superintendent finds that a domestic insurer or a United States branch of an alien insurer entered through this state is impaired or insolvent within the meaning of this chapter, the superintendent may permit such insurer to utilize commutations of reinsurance agreements to eliminate the impairment or insolvency, provided that such commutations are approved by the superintendent in accordance with standards prescribed by regulation.

(b) For purposes of this section, commutation of a reinsurance agreement is the elimination of all present and future obligations between the parties, arising from the reinsurance agreement, in exchange for a current consideration.

(c) Nothing herein contained shall preclude the superintendent from proceeding against such insurer under any other provision of this chapter.

§ 1322. Risk-based capital for life insurance companies, accident and health insurance companies, corporations organized pursuant to article forty-three of this chapter, and certain health maintenance organizations. (a) Definitions. In this section:

(1) "Adjusted RBC report" means a RBC report which has been adjusted by the superintendent in accordance with paragraph three of subsection (c) of this section.

(2) "Corrective order" means an order issued by the superintendent specifying corrective actions which the superintendent has determined

are required.

(3) "Domestic insurer" means any authorized life insurance company or accident and health insurance company incorporated or organized under any law of this state; corporation organized pursuant to article forty-three of this chapter; or health maintenance organization domiciled in this state and certified or operating in at least one other state.

(4) "Foreign insurer" means any authorized life insurance company or accident and health insurance company incorporated or organized under the laws of any state, other than this state.

(5) "Negative trend" means a negative trend over a period of time, as determined in accordance with the "trend test calculation" included in the RBC instructions defined in paragraph seven of this subsection.

(6) "RBC" means risk-based capital.

(7) "RBC instructions" means the RBC report including risk-based capital instructions, which in addition to any other matter which may be required to be stated therein, either by law or by the superintendent pursuant to law, shall conform substantially to the form of the report and instructions adopted from time to time for such purpose by, or by the authority of, the National Association of Insurance Commissioners, together with such additions, omissions or modifications, similarly adopted from time to time, as may be approved by the superintendent.

(8) "RBC level" means an insurer's company action level RBC, regulatory action level RBC, authorized control level RBC, or mandatory control level RBC where:

(A) "Company action level RBC" means the product of 2.0 and the insurer's authorized control level RBC;

(B) "Regulatory action level RBC" means the product of 1.5 and the insurer's authorized control level RBC;

(C) "Authorized control level RBC" means the number determined under the risk-based capital formula in accordance with the RBC instructions;

(D) "Mandatory control level RBC" means the product of .70 and the insurer's authorized control level RBC.

(9) "RBC plan" means a comprehensive financial plan containing the elements specified in paragraph two of subsection (d) of this section. If the superintendent rejects the RBC plan, and it is revised by the insurer, with or without the superintendent's recommendation, the plan

shall be called the "Revised RBC plan."

(10) "RBC report" means the report required in subsection (c) of this section.

(11) "Total adjusted capital" means the sum of:

(A) An insurer's statutory capital and surplus; and

(B) Such other items, if any, as the RBC instructions may provide.

(b) Applicability. This section shall apply to every authorized life insurance company and accident and health insurance company incorporated or organized under any law of this state; corporation organized pursuant to article forty-three of this chapter; or health maintenance organization domiciled in this state and certified or operating in at least one other state.

(c) RBC reports. (1) Every domestic insurer other than a health maintenance organization domiciled in this state and certified or operating in at least one other state shall, on or prior to each March fifteenth, and every such health maintenance organization, on or prior to each April fifteenth (the "filing date"), prepare and submit to the superintendent a report of its RBC levels as of the end of the calendar year just ended, in a form and containing such information as is required by the RBC instructions. In addition, the insurer shall file the RBC report:

(A) With the National Association of Insurance Commissioners in accordance with the RBC instructions; and

(B) With the insurance commissioner in any state in which the insurer is authorized to do business, upon the written request of the insurance commissioner. The insurer shall file the RBC report by the later of:

(i) The filing date; or

(ii) Fifteen days after the date of the request.

(2) An insurer's RBC shall be determined in accordance with the formula set forth in the RBC instructions. The formula shall be determined in each case by applying the factors in the manner set forth in the RBC instructions, and shall take into account (and may adjust for the covariance between):

(A) The risk with respect to the insurer's assets;

(B) The risk of adverse insurance experience with respect to the insurer's liabilities and obligations;

(C) The interest rate risk with respect to the insurer's business; and

(D) All other business risks and such other relevant risks as are set forth in the RBC instructions.

(3) If a domestic insurer files a RBC report which the superintendent determines is inaccurate, then the superintendent shall adjust the RBC report to correct the inaccuracy and shall notify the insurer of the adjustment. The notice shall contain a statement of the reason for the adjustment. A RBC report as so adjusted is referred to as an "Adjusted RBC report."

(d) Company action level event. (1) "Company action level event" means, with respect to a domestic insurer:

(A) The filing by the insurer of a RBC report indicating that: (i) The insurer's total adjusted capital is greater than or equal to its regulatory action level RBC but less than its company action level RBC; or

(ii) (I) The insurer has total adjusted capital that is greater than or equal to its company action level RBC but less than the product of 3.0 and its authorized control level RBC; and

(II) there is a negative trend;

(B) The notification by the superintendent to the insurer of an adjusted RBC report that indicates the occurrence of an event described in item (i) or (ii) of subparagraph (A) of this paragraph, provided the insurer does not challenge the adjusted RBC report under subsection (h) of this section; or

(C) If, under subsection (h) of this section, the insurer challenges an adjusted RBC report that indicates the occurrence of an event described in item (i) or (ii) of subparagraph (A) of this paragraph, then the notification by the superintendent to the insurer that the superintendent has, after a hearing, rejected the insurer's challenge.

(2) If there is a company action level event, the domestic insurer shall prepare and submit to the superintendent a RBC plan which:

(A) Identifies the conditions in the insurer which contribute to the company action level event;

(B) Contains proposals of corrective actions which the insurer intends to take and would be expected to result in the elimination of the company action level event;

(C) Provides projections of the insurer's financial results in the current year and at least the four succeeding years, both in the absence

of proposed corrective actions and giving effect to the proposed corrective actions, including projections of statutory operating income, net income, and capital and surplus. The projections for both new and renewal business may include separate projections for each major line of business and separately identify each significant income, expense and benefit component;

(D) Identifies the key assumptions impacting the insurer's projections and the sensitivity of the projections to the assumptions; and

(E) Identifies the quality of, and problems associated with, the insurer's business, including its assets, anticipated business growth and associated surplus strain, extraordinary exposure to risk, mix of business and use of reinsurance.

(3) The RBC plan shall be submitted within forty-five days after the occurrence of the company action level event.

(4) (A) Within sixty days after the submission by an insurer of a RBC plan to the superintendent, the superintendent shall notify the insurer whether the RBC plan is satisfactory, unsatisfactory, or unacceptable.

(B) If the RBC plan is satisfactory, the insurer shall implement it.

(C) If the RBC plan is unsatisfactory, the notification to the insurer shall set forth the reasons for the determination, and may set forth proposed revisions which will render the RBC plan satisfactory to the superintendent. Upon notification from the superintendent, the insurer shall prepare a revised RBC plan, which may incorporate by reference any revisions proposed by the superintendent, and shall submit the revised RBC plan to the superintendent:

(i) Within forty-five days after the notification from the superintendent; or

(ii) If, under subsection (h) of this section, the insurer challenges the notification from the superintendent, within forty-five days after a notification to the insurer that the superintendent has, after a hearing, rejected the insurer's challenge.

(D) If the RBC plan is unacceptable because it does not adequately address all of the elements specified in paragraph two of this subsection, the notification to the insurer shall set forth the reasons for the determination and shall state that the notification constitutes a regulatory action level event.

(5) (A) Every domestic insurer that files a RBC plan or revised RBC

plan with the superintendent shall file a copy with the insurance commissioner of any state in which the insurer is authorized to do business, upon the written request of the insurance commissioner, if the state has a RBC provision substantially similar to paragraph one of subsection (i) of this section.

(B) The insurer shall file a copy of the RBC plan or revised RBC plan in that state by the later of:

(i) The date on which the RBC plan or revised RBC plan is filed under paragraph three or four of this subsection; or

(ii) Fifteen days after the date of the request.

(e) Regulatory action level event. (1) "Regulatory action level event" means, with respect to a domestic insurer:

(A) The filing by the insurer of a RBC report indicating that the insurer's total adjusted capital is greater than or equal to its authorized control level RBC but less than its regulatory action level RBC;

(B) The notification by the superintendent to the insurer of an adjusted RBC report that indicates the occurrence of an event described in subparagraph (A) of this paragraph, provided the insurer does not challenge the adjusted RBC report under subsection (h) of this section;

(C) If, under subsection (h) of this section, the insurer challenges an adjusted RBC report that indicates the occurrence of an event described in subparagraph (A) of this paragraph, the notification by the superintendent to the insurer that the superintendent has, after a hearing, rejected the insurer's challenge;

(D) The failure of the insurer to timely file a RBC report, unless the insurer provides the superintendent with a satisfactory explanation for the failure and cures the failure within ten days after the filing date;

(E) The failure of the insurer to timely submit a RBC plan or a revised RBC plan to the superintendent;

(F) Notification by the superintendent that the RBC plan is unacceptable or the revised RBC plan is unsatisfactory, provided the insurer does not challenge the determination under subsection (h) of this section;

(G) If, under subsection (h) of this section, the insurer challenges a determination by the superintendent under subparagraph (F) of this paragraph, the notification by the superintendent to the insurer that

the superintendent has, after a hearing, rejected the challenge;

(H) Notification by the superintendent to the insurer that the insurer has failed to adhere to its RBC plan or revised RBC plan, and that the failure has a substantial adverse effect on the insurer's ability to eliminate the company action level event, provided the insurer does not challenge the determination under subsection (h) of this section; or

(I) If, under subsection (h) of this section, the insurer challenges a determination by the superintendent under subparagraph (H) of this paragraph, the notification by the superintendent to the insurer that the superintendent has, after a hearing, rejected the challenge.

(2) If there is a regulatory action level event, the superintendent shall:

(A) Require the insurer to prepare and submit a RBC plan or, if applicable, a revised RBC plan, unless the RBC plan is unacceptable (in which case the superintendent may require a revised RBC plan) or the revised RBC plan has already been submitted;

(B) Perform such examination or analysis as the superintendent deems necessary of the assets, liabilities and operations of the insurer, including a review of the RBC plan or revised RBC plan; and

(C) Subsequent to the examination or analysis, issue a corrective order.

(3) In determining corrective actions, the superintendent may take into account such factors as are deemed relevant, based upon the superintendent's examination or analysis of the assets, liabilities and operations of the insurer, including the results of any sensitivity tests undertaken pursuant to the RBC instructions.

(4) The RBC plan or revised RBC plan shall be submitted:

(A) Within forty-five days after the occurrence of the regulatory action level event; or

(B) If, under subsection (h) of this section, the insurer challenges the superintendent's determination that a RBC plan is unsatisfactory, within forty-five days after notification to the insurer that the superintendent has, after a hearing, rejected the insurer's challenge.

(5) The superintendent may retain actuaries, investment experts and other consultants as the superintendent deems necessary to review the insurer's RBC plan or revised RBC plan, examine or analyze the assets, liabilities and operations of the insurer, and formulate the corrective

order. The fees, costs and expenses relating to consultants shall be borne by the affected insurer as directed by the superintendent.

(f) Authorized control level event. (1) "Authorized control level event" means, with respect to a domestic insurer:

(A) The filing by the insurer of a RBC report indicating that the insurer's total adjusted capital is greater than or equal to its mandatory control level RBC but less than its authorized control level RBC;

(B) The notification by the superintendent to the insurer of an adjusted RBC report that indicates the occurrence of an event described in subparagraph (A) of this paragraph, provided the insurer does not challenge the adjusted RBC report under subsection (h) of this section;

(C) If, under subsection (h) of this section, the insurer challenges an adjusted RBC report that indicates the occurrence of an event described in subparagraph (A) of this paragraph, notification by the superintendent to the insurer that the superintendent has, after a hearing, rejected the insurer's challenge;

(D) The failure of the insurer to respond, in a manner satisfactory to the superintendent, to a corrective order, provided the insurer has not challenged the corrective order under subsection (h) of this section; or

(E) If, under subsection (h) of this section, the insurer challenges a corrective order and the superintendent, after a hearing, rejects the challenge or modifies the corrective order, the failure of the insurer to respond, in a manner satisfactory to the superintendent, to the corrective order subsequent to rejection or modification by the superintendent.

(2) If there is an authorized control level event, the superintendent shall take such actions as are:

(A) Required under subsection (e) of this section regarding an insurer with respect to which a regulatory action level event has occurred; or

(B) Necessary to cause the insurer to be placed under rehabilitation or liquidation under article seventy-four of this chapter.

(g) Mandatory control level event. (1) "Mandatory control level event" means, with respect to a domestic insurer:

(A) The filing by the insurer of a RBC report, indicating that the insurer's total adjusted capital is less than its mandatory control level RBC;

(B) Notification by the superintendent to the insurer of an adjusted RBC report that indicates the occurrence of an event described in subparagraph (A) of this paragraph, provided the insurer does not challenge the adjusted RBC report under subsection (h) of this section; or

(C) If, under subsection (h) of this section, the insurer challenges an adjusted RBC report that indicates the occurrence of an event described in subparagraph (A) of this paragraph, notification by the superintendent to the insurer that the superintendent has, after a hearing, rejected the insurer's challenge.

(2) If there is a mandatory control level event, the superintendent shall take such actions as are necessary to cause the insurer to be placed under rehabilitation or liquidation under article seventy-four of this chapter. However, the superintendent may forgo action for up to ninety days after the occurrence of a mandatory control level event if the superintendent determines that there is a reasonable expectation that the mandatory control level event may be eliminated within the period.

(h) Hearings. (1) A domestic insurer shall have the right to a hearing upon notification to the insurer by the superintendent;

(A) Of an adjusted RBC report;

(B) That the insurer's RBC plan is unsatisfactory or unacceptable or the revised RBC plan is unsatisfactory;

(C) That the insurer has failed to adhere to its RBC plan or revised RBC plan and that the failure has a substantial adverse effect on the ability of the insurer to eliminate the company action level event; or

(D) Of a corrective order.

(2) If a hearing is requested within five days after the superintendent gives a notification specified in paragraph one of this subsection, the superintendent shall give notice and a hearing in accordance with the provisions of article three of this chapter.

(3) The superintendent shall set a date for the hearing, which date shall be no less than ten nor more than thirty days after the date of the insurer's hearing request.

(i) Confidentiality and prohibition on announcements. (1) All RBC reports and adjusted RBC reports (to the extent the information therein is not required to be set forth in a publicly available annual statement

schedule), RBC plans, revised RBC plans, results or report of any examination or analysis of an insurer performed pursuant hereto, and corrective orders filed with or issued by the superintendent contain information that may be damaging to the insurer if made available to its competitors, and shall be confidential and not made public or subject to subpoena, except to the extent the superintendent finds release of information necessary to protect the public.

(2)(A) The comparison of an insurer's total adjusted capital to any of its RBC levels is a regulatory tool which may indicate the need for possible corrective action with respect to the insurer, and is not intended as a means to rank insurers generally, and the use of the information to rank insurers may be misleading to the general public.

(B) Except as otherwise required under the provisions of this section, no authorized insurer, licensed insurance agent, licensed insurance broker, or any person on behalf of the insurer, agent or broker, or any other person licensed pursuant to this chapter shall, make, publish, disseminate, circulate or place before the public, or cause, directly or indirectly, to be made, published, disseminated, circulated or placed before the public, in a newspaper, magazine or other publication, or in the form of a notice, circular, pamphlet, letter or poster, or over any radio or television station, or in any other way, an advertisement, announcement or statement containing an assertion, representation or statement with regard to the RBC Levels of any insurer, or of any component derived in the calculation.

(C) Notwithstanding subparagraph (B) of this paragraph, if a materially false or inappropriate statement, comparing an insurer's total adjusted capital or other amount to one or more of its RBC levels, is published in a written publication, and the insurer is able to demonstrate to the superintendent the falsity or inappropriateness of the statement, then the insurer may publish an announcement in a written publication to rebut the statement.

(j) Foreign insurers. (1) A foreign insurer shall, upon the written request of the superintendent, submit to the superintendent a RBC report as of the end of the calendar year just ended by the later of:

(A) The date a RBC report would be required to be filed by a domestic insurer under this section; or

(B) Fifteen days after the date of the request.

(2) A foreign insurer shall, upon the written request of the superintendent, within five days, submit to the superintendent a copy of its RBC plan or revised RBC plan that is filed with the insurance commissioner of any other state.

(3) (A) If there is a company action level event, regulatory action level event, or authorized control level event, and the insurance commissioner of the state of incorporation or organization of the insurer does not require the insurer to file a RBC plan, the superintendent may require the insurer to file an RBC plan with the superintendent within forty-five days of the superintendent's notification.

(B) If the RBC plan is unsatisfactory or if the insurer fails to timely file the RBC plan with the superintendent, the superintendent may order the insurer not to issue any new insurance policies or contracts in this state.

(4) If there is a mandatory control level event, the superintendent may make application under article seventy-four of this chapter.

(k) Notices. Unless a later date is specified, any notice by the superintendent to an insurer under this section which may result in regulatory action hereunder shall be effective upon delivery, except that, if the notice is mailed, it shall be effective three days after it is mailed.

(l) Phase-in provision. For RBC reports required to be filed in nineteen hundred ninety-four with respect to calendar year nineteen hundred ninety-three, the following requirements shall apply to the provisions of subsections (d), (e), (f) and (g) of this section:

(1) In the event of a company action level event with respect to a domestic insurer, the superintendent shall take no regulatory action hereunder.

(2) In the event of a regulatory action level event under subparagraph (A), (B) or (C) of paragraph one of subsection (e) of this section the superintendent shall take the actions required under subsection (d) of this section.

(3) In the event of a regulatory action level event under subparagraph (D), (E), (F), (G), (H) or (I) of paragraph one of subsection (e) of this section or an authorized control level event, the superintendent shall take the actions required under subsection (e) of this section

with respect to the insurer.

(4) In the event of a mandatory control level event with respect to an insurer, the superintendent shall take the actions required under subsection (f) of this section with respect to the insurer.

§ 1323. Issuance of capital notes by domestic life insurance companies. (a) A domestic life insurance company may at any time or from time to time issue capital notes pursuant to this section in an aggregate principal amount not exceeding (1) twenty-five percent of its total adjusted capital (including the aggregate principal amount of outstanding notes) as of the end of the immediately preceding calendar year, less (2) the aggregate principal amount of outstanding notes; provided, however, that capital notes shall not be issued for an aggregate principal amount which would cause the aggregate principal amount of all such insurer's capital notes scheduled to mature in any calendar year to exceed five percent, or the aggregate principal amount of all such insurer's capital notes scheduled to mature in any three consecutive calendar years to exceed twelve percent, of the insurer's total adjusted capital as of the end of the calendar year immediately preceding the issuance of such capital notes. For purposes of this section, outstanding notes shall include the outstanding aggregate principal amount of capital notes issued pursuant to this section and the outstanding aggregate principal amount of advances or borrowings incurred pursuant to section one thousand three hundred seven of this article.

(b) No such insurer shall issue capital notes pursuant to this section unless the terms thereof shall have been approved by the superintendent as not adverse to the interests of the insurer's policyholders.

(c) The insurer shall not pay or redeem the principal amount of any capital notes, make any sinking fund payment or pay any interest on such notes, and such principal, payment and interest shall not become due or payable if, based on the preceding year-end annual statement filed with the superintendent: (1) (A) the insurer's total adjusted capital is less than such insurer's company action level RBC or (B) the insurer's total adjusted capital is less than the product of 2.5 and its authorized control level RBC and there is a negative trend, as determined in

accordance with section one thousand three hundred twenty-two of this article or (2) the aggregate of all such payments or redemptions made during the current calendar year would if made immediately prior to the preceding year-end have caused (A) the insurer's total adjusted capital to be less than such insurer's company action level RBC or (B) the insurer's total adjusted capital at such time to be less than the product of 2.5 and its authorized control level RBC and there is a negative trend, as determined in accordance with section one thousand three hundred twenty-two of this article. Notwithstanding the foregoing, upon request by the insurer, the superintendent may approve, in whole or in part, any such payment or redemption on the capital notes if and at such time or times as in his judgment the financial condition of such insurer warrants. The amount of such redemptions or payments of principal amounts of any capital notes which cannot be made as the result of the provisions of this subsection may accumulate at the rate of interest of the capital notes.

(d) Capital notes issued pursuant to this section: (1) may provide (A) for interest payments at fixed or adjustable rates, sinking fund payments, and payments and redemptions of principal, in each case in accordance with the terms of the capital note and without the prior approval of the superintendent except to the extent that such approval is required pursuant to this subsection or subsection (c) of this section, (B) that such capital notes automatically become due and payable in the event the insurer becomes subject to an order of rehabilitation, liquidation or conservation granted pursuant to a proceeding under article seventy-four of this chapter, and (C) for such other features as the superintendent determines are appropriate for capital notes issued by a life insurance company; and (2) shall provide that if at the end of any calendar year the total amount of such insurer's total adjusted capital (including the aggregate principal amount of outstanding notes) is less than three times the aggregate principal amount of outstanding notes, the superintendent may notify such insurer that the financial condition of such insurer does not warrant the payment or redemption or sinking fund payment, in whole or in part, on the capital notes. Such action by the superintendent shall, without any action on the part of the insurer or any other person, automatically defer such payment or redemption until such time as the

superintendent finds that the financial condition warrants such payment or redemption. The amount of such redemptions or payments of principal amounts of any capital notes so deferred may accumulate at the rate of interest of the capital notes.

(e) Capital notes issued pursuant to this section shall be considered part of such insurer's total adjusted capital but shall not be considered part of such insurer's surplus; provided, however, (1) that, in the case of any capital note maturing fifteen years or less from the year in which such capital note is issued, one-fifth of the aggregate principal amount of such capital note shall be subtracted from total adjusted capital in each year starting with the fifth year immediately preceding the calendar year in which such capital note is scheduled to mature; and (2) that, in the case of any capital note maturing more than fifteen years from the year in which such capital note is issued; one-tenth of the aggregate principal amount of such capital note shall be subtracted from total adjusted capital in each year starting with the tenth year immediately preceding the calendar year in which such capital note is scheduled to mature, and further provided that, in no event shall the amount included in total adjusted capital for any capital note exceed the principal amount, at issue, of such outstanding capital note less the aggregate of all sinking fund payments made on such capital note. Such insurer shall be required to disclose the aggregate principal amount of capital notes then outstanding as a liability on its financial statements filed with the superintendent pursuant to this article.

(f) As used in this section, the terms "total adjusted capital", "company action level RBC" and "authorized control level RBC" shall have the same meanings as set forth with respect to such terms in section one thousand three hundred twenty-two of this article.

§ 1324. Risk-based capital for property/casualty insurance companies. (a) Definitions. In this section:

(1) "Adjusted RBC report" means an RBC report which has been adjusted by the superintendent in accordance with paragraph two of subsection (c) of this section.

(2) "Corrective order" means an order issued by the superintendent specifying corrective actions which the superintendent has determined

are required.

(3) "Domestic insurer" means any authorized property/casualty insurance company either incorporated or organized under any law of this state or, in the case of a United States branch of an alien insurer, entered into the United States through this state.

(4) "Foreign insurer" means any authorized property/casualty insurance company either incorporated or organized under the laws of any state, other than this state, or in the case of a United States branch of an alien insurer, entered into the United States through any state other than this state.

(5) "Property/casualty insurance company" means any property/casualty insurance company or United States branch of an alien insurer licensed under article forty-one of this chapter, any reciprocal insurer licensed under article sixty-one of this chapter or any advance premium corporation or assessment corporation organized and licensed under article sixty-six of this chapter.

(6) "RBC" means risk-based capital.

(7) "RBC instructions" means the RBC report including risk-based capital instructions in effect as of December thirty-first, two thousand four as issued by the national association of insurance commissioners, and which in addition to any other matter which may be required to be stated therein, either by law or by the superintendent pursuant to law, shall conform substantially to the form of the report and instructions adopted from time to time for such purpose by, or by the authority of, the national association of insurance commissioners, together with such additions, omissions, or modifications, similarly adopted from time to time, as may be approved by the superintendent.

(8) "RBC level" means an insurer's company action level RBC, regulatory action level RBC, authorized control level RBC, or mandatory control level RBC where:

(A) "Company action level RBC" means the product of 2.0 and the insurer's authorized control level RBC;

(B) "Regulatory action level RBC" means the product of 1.5 and the insurer's authorized control level RBC;

(C) "Authorized control level RBC" means the number determined under the risk-based capital formula in accordance with the RBC instructions; and

(D) "Mandatory control level RBC" means the product of .70 and the insurer's authorized control level RBC.

(9) "RBC plan" means a comprehensive financial plan containing the elements specified in paragraph two of subsection (d) of this section. If the superintendent rejects the RBC plan, and it is revised by the insurer, with or without the superintendent's recommendation, the plan shall be called the "revised RBC plan".

(10) "RBC report" means the report required in subsection (c) of this section.

(11) "Total adjusted capital" means the sum of:

(A) An insurer's statutory capital and surplus; and

(B) Such other items, if any, as the RBC instructions may provide.

(b) Applicability. (1) This section shall apply to every property/casualty insurance company, unless exempted under paragraph two of this subsection.

(2) Except as set forth in subparagraph (C) of this paragraph, with prior written approval, the superintendent may exempt from the provisions of this section a non-stock domestic property/casualty insurance company which:

(A)(i) Writes no direct business outside of this state;

(ii) Writes direct annual premiums of twenty million dollars or less; and

(iii) Assumes reinsurance premiums in an amount that is less than five percent of total direct premiums written; or

(B)(i) Has total direct premiums comprised of at least ninety percent medical malpractice liability insurance, as that term is defined in subsection (b) of section five thousand five hundred one of this chapter;

(ii) Assumes reinsurance premiums in an amount that is less than five percent of total direct premiums written; and

(iii) Writes ninety percent of its total direct premiums in this state.

(C) The exemptions permitted under subparagraphs (A) and (B) of this paragraph shall not apply to an insurer which:

(i) Is controlled by another insurer;

(ii) Owns or controls another insurer, unless the insurer that is owned or controlled is subject to the provisions of this section,

section one thousand three hundred twenty-two or section one thousand three hundred twenty-five of this article, as added by a chapter of the laws of 2007, or a substantially similar provision in another jurisdiction;

(iii) Is under common control of a person that controls another insurer; or

(iv) Is a party to a pooling agreement wherein risks underwritten by parties to the agreement are apportioned to the parties in a predetermined manner.

(c) RBC reports. (1) Every domestic insurer shall, on or prior to each March first (the "filing date"), prepare and submit to the superintendent a report of its RBC levels as of the end of the calendar year just ended, in a form and containing such information as is required by the RBC instructions. In addition, the insurer shall file the RBC report:

(A) With the National Association of Insurance Commissioners in accordance with the RBC instructions; and

(B) With the insurance commissioner in any state in which the insurer is authorized to do business, upon the written request of the insurance commissioner. The insurer shall file the RBC report by the later of:

(i) The filing date; or

(ii) Fifteen days after the date of the request.

(2) If a domestic insurer files an RBC report which the superintendent determines is inaccurate, then the superintendent shall adjust the RBC report to correct the inaccuracy and shall notify the insurer of the adjustment. The notice shall contain a statement of the reason for the adjustment. An RBC report as so adjusted is referred to as an "adjusted RBC report".

(d) Company action level event. (1) "Company action level event" means, with respect to a domestic insurer:

(A) The filing by the insurer of an RBC report indicating that the insurer's total adjusted capital is greater than or equal to its regulatory action level RBC but less than its company action level RBC;

(B) The notification by the superintendent to the insurer of an adjusted RBC report that indicates the occurrence of an event described in subparagraph (A) of this paragraph, provided the insurer does not challenge the adjusted RBC report under subsection (h) of this section;

(C) If, under subsection (h) of this section, the insurer challenges an adjusted RBC report that indicates the occurrence of an event described in subparagraph (A) of this paragraph, the notification by the superintendent to the insurer that the superintendent has, after a hearing, rejected the insurer's challenge; or

(D) The filing by the insurer of an RBC report indicating that the insurer has total adjusted capital that is greater than or equal to its company action level RBC, but less than the product of three point zero and its authorized control level RBC, and with a combined ratio greater than one hundred twenty percent as determined in accordance with the trend test calculation in the RBC instructions.

(2) If there is a company action level event, the domestic insurer shall prepare and submit to the superintendent an RBC plan which:

(A) Identifies the conditions which contribute to the company action level event;

(B) Contains proposals of corrective actions which the insurer intends to take and would be expected to result in the elimination of the company action level event;

(C) Provides projections of the insurer's financial results in the current year and at least the four succeeding years, both in the absence of proposed corrective actions and giving effect to the proposed corrective actions, including projections of statutory operating income, net income, and capital and surplus. The projections for both new and renewal business may include separate projections for each major line of business and separately identify each significant income, expense and benefit component;

(D) Identifies the key assumptions impacting the insurer's projections and the sensitivity of the projections to the assumptions; and

(E) Identifies the quality of, and problems associated with, the insurer's business, including its assets, liabilities, anticipated business growth and associated surplus strain, extraordinary exposure to risk, mix of business, and use of reinsurance.

(3) The RBC plan shall be submitted within forty-five days after the occurrence of the company action level event.

(4)(A) Within sixty days after the submission by an insurer of an RBC plan to the superintendent, the superintendent shall notify the insurer whether the RBC plan is satisfactory or unsatisfactory.

(B) If the RBC plan is satisfactory, the insurer shall implement it.

(C) If the RBC plan is unsatisfactory, the notification to the insurer shall set forth the reasons for the determination, and may set forth proposed revisions which will render the RBC plan satisfactory to the superintendent. Upon notification from the superintendent, the insurer shall prepare a revised RBC plan, which may incorporate by reference any revisions proposed by the superintendent, and shall submit the revised RBC plan to the superintendent:

(i) Within forty-five days after the notification from the superintendent; or

(ii) If, under subsection (h) of this section, the insurer challenges the notification from the superintendent, within forty-five days after a notification to the insurer that the superintendent has, after a hearing, rejected the insurer's challenge.

(5) If there is a company action level event, the superintendent may limit the premium writings of the insurer.

(6)(A) Every domestic insurer that files an RBC plan or revised RBC plan with the superintendent shall file a copy with the insurance commissioner of any state in which the insurer is authorized to do business, upon the written request of the insurance commissioner, if the state has an RBC provision substantially similar to paragraph one of subsection (i) of this section.

(B) The insurer shall file a copy of the RBC plan or revised RBC plan in that state by the later of:

(i) The date on which the RBC plan or revised RBC plan is filed under paragraph three or four of this subsection; or

(ii) Fifteen days after the date of the request.

(e) Regulatory action level event. (1) "Regulatory action level event" means, with respect to a domestic insurer:

(A) The filing by the insurer of an RBC report indicating that the insurer's total adjusted capital is greater than or equal to its authorized control level RBC but less than its regulatory action level RBC;

(B) The notification by the superintendent to the insurer of an adjusted RBC report that indicates the occurrence of an event described in subparagraph (A) of this paragraph, provided the insurer does not challenge the adjusted RBC report under subsection (h) of this section;

(C) If, under subsection (h) of this section, the insurer challenges an adjusted RBC report that indicates the occurrence of an event described in subparagraph (A) of this paragraph, the notification by the superintendent to the insurer that the superintendent has, after a hearing, rejected the insurer's challenge;

(D) The failure of the insurer to timely file an RBC report, unless the insurer provides the superintendent with a satisfactory explanation for the failure or cures the failure within ten days after the filing date;

(E) The failure of the insurer to timely submit an RBC plan or a revised RBC plan to the superintendent;

(F) Notification by the superintendent that the revised RBC plan is unsatisfactory, provided the insurer does not challenge the determination under subsection (h) of this section;

(G) If, under subsection (h) of this section, the insurer challenges a determination by the superintendent under subparagraph (F) of this paragraph, the notification by the superintendent to the insurer that the superintendent has, after a hearing, rejected the challenge;

(H) Notification by the superintendent to the insurer that the insurer has failed to adhere to its RBC plan or revised RBC plan or that the insurer has failed to attain the amount of capital projected in the RBC plan or revised RBC plan, and that the failure of either has a substantial adverse effect on the insurer's ability to eliminate the company action level event, provided the insurer does not challenge the determination under subsection (h) of this section; or

(I) If, under subsection (h) of this section, the insurer challenges a determination by the superintendent under subparagraph (H) of this paragraph, the notification by the superintendent to the insurer that the superintendent has, after a hearing, rejected the challenge.

(2) If there is a regulatory action level event, the superintendent shall:

(A) Require the insurer to prepare and submit an RBC plan or, if applicable, a revised RBC plan;

(B) Perform such examination or analysis as the superintendent deems necessary of the assets, liabilities, and operations of the insurer, including a review of the RBC plan or revised RBC plan; and

(C) Subsequent to the examination or analysis, issue a corrective

order.

(3) In determining corrective actions, the superintendent may take into account such factors as are deemed relevant, based upon the superintendent's examination or analysis of the assets, liabilities and operations of the insurer.

(4) The RBC plan or revised RBC plan shall be submitted:

(A) Within forty-five days after the occurrence of the regulatory action level event; or

(B) If, under subsection (h) of this section, the insurer challenges the superintendent's determination that an RBC plan is unsatisfactory, within forty-five days after notification to the insurer that the superintendent has, after a hearing, rejected the insurer's challenge.

(5) The superintendent may retain actuaries, investment experts, and other consultants as the superintendent deems necessary to review the insurer's RBC plan or revised RBC plan, examine or analyze the assets, liabilities and operations of the insurer, and formulate the corrective order. The fees, costs and expenses relating to consultants shall be borne by the affected insurer as directed by the superintendent.

(6) If there is a regulatory action level event, the superintendent may limit the premium writings of the insurer.

(f) Authorized control level event. (1) "Authorized control level event" means, with respect to a domestic insurer:

(A) The filing by the insurer of an RBC report indicating that the insurer's total adjusted capital is greater than or equal to its mandatory control level RBC but less than its authorized control level RBC;

(B) The notification by the superintendent to the insurer of an adjusted RBC report that indicates the occurrence of an event described in subparagraph (A) of this paragraph, provided the insurer does not challenge the adjusted RBC report under subsection (h) of this section;

(C) If, under subsection (h) of this section, the insurer challenges an adjusted RBC report that indicates the occurrence of an event described in subparagraph (A) of this paragraph, notification by the superintendent to the insurer that the superintendent has, after a hearing, rejected the insurer's challenge;

(D) The failure of the insurer to respond, in a manner satisfactory to the superintendent, to a corrective order, provided the insurer has not

challenged the corrective order under subsection (h) of this section; or

(E) If, under subsection (h) of this section, the insurer challenges a corrective order and the superintendent, after a hearing, rejects the challenge or modifies the corrective order, the failure of the insurer to respond, in a manner satisfactory to the superintendent, to the corrective order subsequent to rejection or modification by the superintendent.

(2) If there is an authorized control level event, the superintendent shall take such actions as are:

(A) Required under subsection (e) of this section regarding an insurer with respect to which a regulatory action level event has occurred; or

(B) Necessary to cause the insurer to be placed under rehabilitation or liquidation under article seventy-four of this chapter.

(g) Mandatory control level event. (1) "Mandatory control level event" means, with respect to a domestic insurer:

(A) The filing by the insurer of an RBC report, indicating that the insurer's total adjusted capital is less than its mandatory control level RBC;

(B) Notification by the superintendent to the insurer of an adjusted RBC report that indicates the occurrence of an event described in subparagraph (A) of this paragraph, provided the insurer does not challenge the adjusted RBC report under subsection (h) of this section; or

(C) If, under subsection (h) of this section, the insurer challenges an adjusted RBC report that indicates the occurrence of an event described in subparagraph (A) of this paragraph, notification by the superintendent to the insurer that the superintendent has, after a hearing, rejected the insurer's challenge.

(2)(A) If there is a mandatory control level event, except as set forth in subparagraph (B) of this paragraph, the superintendent shall take such actions as are necessary to cause the insurer to be placed under rehabilitation or liquidation under article seventy-four of this chapter.

(B) The superintendent may forgo action set forth in subparagraph (A) of this paragraph after the occurrence of a mandatory control level event if:

(i) The insurer has demonstrated within a ninety day period that the

mandatory control level event will be eliminated under a plan approved by the superintendent; or

(ii) No business is being written or renewed, any existing policyholder obligations are being run-off under a plan approved by the superintendent and the insurer meets the minimum capital and surplus as otherwise required under this chapter.

(h) Hearings. (1) An insurer shall have the right to a hearing upon notification to the insurer by the superintendent:

(A) Of an adjusted RBC report;

(B) That the insurer's RBC plan is unsatisfactory or the revised RBC plan is unsatisfactory;

(C) That the insurer has failed to adhere to its RBC plan or revised RBC plan and that the failure has a substantial adverse effect on the ability of the insurer to eliminate the company action level event; or

(D) Of a corrective order.

(2) If a hearing is requested within five days after the superintendent gives a notification specified in paragraph one of this subsection, the superintendent shall give notice and a hearing in accordance with the provisions of article three of this chapter, except that the hearing, and any report resulting from such hearing, shall be kept confidential in accordance with the provisions of paragraph one of subsection (i) of this section.

(3) The superintendent shall set a date for the hearing, which date shall be no less than ten nor more than thirty days after the date of the insurer's hearing request.

(i) Confidentiality; prohibition on announcements; prohibition on use in rate making; excess of capital over the amount indicated in the RBC report. (1) All RBC plans, revised RBC plans, results or reports of any examination or analysis of an insurer performed pursuant to this section, corrective orders filed with or issued by the superintendent and any report resulting from a hearing held pursuant to subsection (h) of this section contain information that may be damaging to the insurer if made available to its competitors, and shall be confidential and not made public or subject to subpoena, except to the extent the superintendent finds release of information necessary to protect the public.

(2)(A) The comparison of an insurer's total adjusted capital to any of

its RBC levels is a regulatory tool which may indicate the need for possible corrective action with respect to the insurer, and is not intended as a means to rank insurers generally, and the use of the information to rank insurers may be misleading to the general public.

(B) Except as otherwise required under the provisions of this section, no authorized insurer, licensed insurance agent, licensed insurance broker, or any person on behalf of the insurer, agent or broker, or any other person licensed pursuant to this chapter shall make, publish, disseminate, circulate, or place before the public or cause, directly or indirectly, to be made, published, disseminated, circulated or placed before the public, in a newspaper, magazine, or other publication, or in the form of a notice, circular, pamphlet, letter or poster, or over any radio or television station, or in any other way, an advertisement, announcement or statement containing an assertion, representation or statement with regard to the RBC levels of any insurer, or of any component derived in the calculation.

(C) Notwithstanding subparagraph (B) of this paragraph, if a materially false or inappropriate statement, comparing an insurer's total adjusted capital or other amount to one or more of its RBC levels, is published in a written publication, and the insurer is able to demonstrate to the superintendent the falsity or inappropriateness of the statement, then the insurer may publish an announcement in a written publication to rebut the statement.

(3) RBC instructions, RBC reports, adjusted RBC reports, RBC plans and revised RBC plans shall not be used by the superintendent in determining whether rates comply with standards set forth in this chapter and shall not be considered or introduced as evidence in any hearing involving such standards.

(4) An excess of capital over the amount produced by the RBC requirements contained in this section is desirable in the business of insurance. Accordingly, insurers should seek to maintain capital above the RBC levels required by this section. Additional capital is used and useful in the insurance business and helps to secure an insurer against various risks inherent in, or affecting, the business of insurance and not accounted for or only partially measured by the RBC requirements contained in this section.

(j) Foreign insurers. (1) A foreign insurer shall, upon the written

request of the superintendent, submit to the superintendent an RBC report, in the same form as required of a domestic insurer, as of the end of the calendar year just ended by the later of:

(A) The date an RBC report would be required to be filed by a domestic insurer under this section; or

(B) Fifteen days after the date of the request.

(2) A foreign insurer shall, upon the written request of the superintendent, within five days, submit to the superintendent a copy of its RBC plan or revised RBC plan that is filed with the insurance commissioner of any other state.

(3)(A) If there is a company action level event, regulatory action level event, or authorized control level event, and the insurance commissioner of the state of incorporation or organization of the insurer does not require the insurer to file an RBC plan, the superintendent may require the insurer to file an RBC plan, in the same form as required of a domestic insurer, with the superintendent within forty-five days of the superintendent's notification.

(B) If the RBC plan is unsatisfactory or if the insurer fails to timely file the RBC plan with the superintendent, the superintendent may order the insurer not to issue any new insurance policies or contracts in this state.

(4) If there is an authorized control level event or a mandatory control level event, the superintendent may make application under article seventy-four of this chapter.

(k) Notices. Unless a later date is specified, any notice by the superintendent to an insurer under this section which may result in regulatory action hereunder shall be effective upon delivery, except that, if the notice is mailed, it shall be effective three days after it is mailed.

§ 1325. Exemption. For the purposes of exempting certain insurance companies from the provisions of section one thousand three hundred twenty-four of this article, the superintendent shall exempt, through December thirty-first, two thousand twenty-eight, those stock and non-stock insurance companies to which subparagraph (B) of paragraph two of subsection (b) of such section applies.

ARTICLE 14

INVESTMENTS

Section 1401. Definitions and rules of general application.
1402. Minimum capital or minimum surplus to policyholder investments.
1403. Reserve and other investments; certain requirements.
1404. Types of reserve investments permitted for non-life insurers.
1405. Investments of life insurers.
1406. Policy loans.
1407. Non-reserve and prohibited investments for property/casualty and certain other insurers.
1408. Acquisition of insurance company shares; limitations thereon.
1409. Limitation of investments.
1410. Derivative transactions and derivative instruments.
1411. Authorization of, and restrictions on, investments.
1412. Disposal or deduction of investments unlawfully acquired.
1413. Investments of foreign and alien insurers.
1414. Valuation of investments.
1415. Investments of domestic insurers in persons included on list of persons engaged in investment activities in Iran treated as nonadmitted assets.

§ 1401. Definitions and rules of general application. (a) In this article: (1) "Invested assets" means the admitted assets of an insurer that conform to the requirements of paragraphs one and two of subsection (a) of section one thousand three hundred one of this chapter, but excluding the income due or accrued thereon.

(2) "Mortgage-related security" means an obligation that is rated AA or higher (or the equivalent thereto) by a nationally recognized securities rating agency and either:

(A) represents ownership of one or more promissory notes or certificates of interest or participation in such notes (including any

rights designed to assure servicing of, or the receipt or timeliness of receipt by the holders of such notes, certificates, or participation of amounts payable under, such notes, certificates, or participation), which notes:

(i) are directly secured by a first lien on a single parcel of real estate, including stock allocated to a dwelling unit in a residential cooperative housing corporation, upon which is located a dwelling or mixed residential and commercial structure, or on a residential manufactured home as defined in section 5402(6) of Title 42 of the U.S.C.A., whether such manufactured home is considered real or personal property under the laws of the state in which it is to be located; and

(ii) were originated by a savings and loan association, savings bank, commercial bank, credit union, insurance company, or similar institution which is supervised and examined by a federal or state authority, or by a mortgage approved by the secretary of housing and urban development pursuant to sections 1709 and 1715-b of Title 12 of the U.S.C.A., or, where such notes involve a lien on the manufactured home, by any such institution or by any financial institution approved for insurance by the secretary of housing and urban development pursuant to section 1703 of Title 12 of the U.S.C.A.; or

(B) is secured by one or more promissory notes or certificates of interest or participations in such notes (with or without recourse to the issuer thereof) and, by its terms, provides for payments of principal in relation to payments, or reasonable projections of payments, or notes meeting the requirements of items (i) and (ii) of subparagraph (A) of this paragraph or certificates of interest or participation in promissory notes meeting such requirements.

For the purpose of this paragraph the term "promissory note", when used in connection with a manufactured home, shall also include a loan, advance or credit sale as evidence by a retail installment sales contract or other instrument.

(3) "Partnership interests" when used in connection with the permissible types of investments made by any domestic insurer, other than a domestic life insurer, means, an interest as a limited partner in a limited partnership. A "limited partnership" means a partnership formed by two or more persons pursuant to the provisions of the

applicable law, having as members one or more general partners and one or more limited partners. The limited partners as such shall not be bound by the obligations of the partnership.

(4) "United States" means, when used to signify place, only the states of the United States, the Commonwealth of Puerto Rico, the District of Columbia and includes lands and waters adjacent to the foregoing and under the jurisdiction of the United States.

(5) "Cap" means an agreement obligating the seller to make payments to the buyer with each payment based on the amount by which a reference price or level or the performance or value of one or more underlying interests exceeds a predetermined number, sometimes called the strike rate or strike price.

(6) "Collar" means an agreement to receive payments as the buyer of an option, cap or floor and to make payments as the seller of a different option, cap or floor.

(7) "Derivative instrument" means an agreement, option, instrument or a series or combination thereof:

(A) to make or take delivery of, or assume or relinquish, a specified amount of one or more underlying interests, or to make a cash settlement in lieu thereof; or

(B) that has a price, performance, value or cash flow based primarily upon the actual or expected price, level, performance, value or cash flow of one or more underlying interests.

The term "derivative instrument" includes options, warrants, caps, floors, collars, swaps, swaptions, forwards, and futures.

(8) "Derivative transaction" means a transaction involving the use of one or more derivative instruments.

(9) "Floor" means an agreement obligating the seller to make payments to the buyer in which each payment is based on the amount by which a predetermined number, sometimes called the floor rate or price, exceeds a reference price, level, performance or value of one or more underlying interests.

(10) "Forward" means an agreement (other than a future) to make or take delivery in the future of one or more underlying interests, or effect a cash settlement, based on the actual or expected price, level, performance or value of such underlying interests, but shall not mean or

include spot transactions effected within customary settlement periods, when-issued purchases, or other similar cash market transactions.

(11) "Future" means agreement traded on a futures exchange, to make or take delivery of, or effect a cash settlement based on the actual or expected price, level, performance or value of, one or more underlying interests.

(12) "Hedging transaction" means a derivative transaction which is entered into and at all times maintained to reduce:

(A) the risk of economic loss due to a change in the value, yield, price, cash flow or quantity of assets or liabilities which the insurer has acquired or incurred or anticipates acquiring or incurring; or

(B) the risk of economic loss due to changes in the currency exchange rate or the degree of exposure as to assets or liabilities denominated in a foreign currency which an insurer has acquired or incurred or anticipates acquiring or incurring.

(13) "Option" means an agreement giving the buyer the right to buy or receive (a "call option"), sell or deliver (a "put option"), enter into, extend or terminate or effect a cash settlement based on the actual or expected price, spread, level, performance or value of one or more underlying interests.

(14) "Swap" means an agreement to exchange or to net payments at one or more times based on the actual or expected price, yield, level, performance or value of one or more underlying interests.

(15) "Swaption" means an option to purchase or sell a swap at a given price and time or at a series of prices and times. A swaption does not mean a swap with an embedded option.

(16) "Underlying interest" means the assets, liabilities, other interests, or a combination thereof, underlying a derivative instrument, such as any one or more securities, currencies, rates, indices, commodities or derivative instruments.

(17) "Warrant" means an instrument that gives the holder the right to purchase or sell the underlying interest at a given price and time or at a series of prices and times outlined in the warrant agreement.

(18) "Replication transaction" means a derivative transaction or combination of derivative transactions effected either separately or in conjunction with cash market investments included in the insurer's investment portfolio in order to replicate the investment characteristic

of another authorized transaction, investment or instrument and/or operate as a substitute for cash market transactions. A derivative transaction entered into by the insurer as a hedging transaction or income generation transaction authorized pursuant to this section shall not be considered a replication transaction.

(b) All financial tests and other requirements for the making of any investment are satisfied if complied with on the date of acquisition by the insurer, except as otherwise permitted by this chapter or by regulation.

(c) None of the financial tests or other requirements for the making of any investment under this article, or as otherwise required by this chapter or by regulation promulgated pursuant thereto, are preempted by the provisions of section 106 of Title I of the Secondary Mortgage Market Enhancement Act of 1984 (15 U.S.C. § 77r-1)("SMMEA"). The provisions of this chapter and any regulation promulgated pursuant thereto that pertain to investments in the categories of securities specified in paragraphs one and two of subsection (a) of section 106 of such act shall remain in full force and effect notwithstanding the enactment of SMMEA.

§ 1402. Minimum capital or minimum surplus to policyholder investments. (a) Before investing its funds in any other investments, every domestic insurer shall invest and maintain an amount equal to the greater of the minimum capital required by law or the minimum surplus to policyholders required to be maintained by law for a domestic stock corporation authorized to transact the same kinds of insurance, only in investments of the types specified in this section which are not in default as to principal or interest. Investments equal in value, determined pursuant to section one thousand four hundred fourteen of this article, to such amount and of such types shall at all times be maintained free and clear from any security interest other than as impressed upon a deposit with any government within the United States for the security of all policyholders or all policyholders and creditors of the insurer or upon trusteed assets held in trust for the security of all policyholders and creditors of the insurer.

(b) Not less than sixty percent of the amount of the required minimum

capital or surplus to policyholder investments shall consist of the types specified in paragraphs one and two hereof:

(1) Obligations of the United States or of any agency thereof provided such agency obligations are guaranteed as to principal and interest by the United States.

(2) Direct obligations of this state or of any county, district or municipality thereof.

(3) Direct obligations of any state of the United States.

(4) Obligations secured by first mortgage loans which meet the standards specified in paragraph four of subsection (a) of section one thousand four hundred four of this article on property located in this state.

§ 1403. Reserve and other investments; certain requirements. (a) If the requirements of section one thousand four hundred two of this article are met:

(1) any domestic life insurance company may invest its funds in, or otherwise acquire, or loan upon, only the types of investments specified in section one thousand four hundred two, this section, sections one thousand four hundred five, one thousand four hundred six, one thousand four hundred ten, four thousand two hundred forty and article seventeen of this chapter, subject to the limitations therein contained. The provisions of section one thousand four hundred four of this article shall not have any application to investments of life insurance companies, except to the extent provided in paragraph four of subsection (b) of section one thousand four hundred two of this article;

(2) any domestic corporation subject to article forty-three or sixty-four of this chapter and any domestic fraternal benefit society subject to article forty-five of this chapter may invest its funds in, or otherwise acquire, or loan upon, only the types of investments specified in section one thousand four hundred two, this section and section one thousand four hundred four of this article, except as may be modified by said article forty-three or sixty-four of this chapter as to corporations organized thereunder or by article forty-five of this chapter as to societies organized thereunder. Any such corporation subject to article forty-three or any such society governed by

subsection (a) of section forty-five hundred twenty-nine of this chapter may also invest in, or otherwise acquire, subsidiaries to the extent permitted by subsection (b) of section one thousand seven hundred one of this chapter. Any such fraternal benefit society may also make policy loans under section one thousand four hundred six of this article.

(b) A domestic charitable annuity society, the investments of which are subject to the provisions of section eleven hundred ten of this chapter, may invest such of its assets (the investment of which is controlled by section eleven hundred ten) in, or otherwise acquire, or loan upon, only the types of securities specified in section one thousand four hundred two, this section and section one thousand four hundred four of this article. A retirement system subject to the provisions of article forty-six of this chapter may invest its funds only as provided in article forty-six of this chapter. In addition, a retirement system subject to article forty-six may acquire subsidiaries under article seventeen of this chapter and may establish separate accounts under section four thousand two hundred forty of this chapter, in each case to the extent permitted by article forty-six of this chapter.

(c) If the requirements of section one thousand four hundred two of this article are met, any domestic insurer, other than an insurer subject to subsection (a) or (b) of this section, may, except as set forth below, invest its funds in, or otherwise acquire, or loan upon, only the types of investments specified in such section, this section and subsection (a) of section one thousand four hundred four of this article (except paragraphs eight and ten of subsection (a) of such section); provided that any such domestic insurer may also invest its funds in, or otherwise acquire or loan upon investments permitted under sections one thousand four hundred seven (including investments of the classes described in paragraphs eight and ten of subsection (a) of section one thousand four hundred four), section one thousand four hundred eight of this article and article sixteen of this chapter, so long as it maintains cash, investments required by section one thousand four hundred two of this article and reserve investments under subsection (a) of section one thousand four hundred four of this article, free from any lien or pledge, which, when valued in accordance with the provisions of this chapter, shall at least equal fifty percent

of the aggregate amount of its unearned premium, loss and loss adjustment expense reserves as shown by its last sworn statement, annual or quarterly, on file with the superintendent. If an insurer, other than an accident and health insurance company, maintains cash, investments required by section one thousand four hundred two of this article and reserve investments under subsection (a) of section one thousand four hundred four of this article, free from any lien or pledge, which, when valued in accordance with the provisions of this chapter, shall at least equal the aggregate of seventy percent of its loss and loss adjustment expense reserves and fifty percent of its unearned premium reserves as shown by its last sworn statement, annual or quarterly, on file with the superintendent, then such insurer, other than an accident and health insurance company, may in addition enter into the types of transactions set forth in section one thousand four hundred ten of this article, subject to the limitations set forth in such section. The term "lien or pledge" as used in this subsection shall not include any deposit of securities or cash with any government, nor trusteed assets, held in trust for the benefit or protection of all or any class of the policyholders, or policyholders and creditors, of such insurer.

(d) (1) Except for investments referred to in subsection (e) of this section, investments that are neither interest bearing nor income paying shall be purchased or acquired only under, and to the extent permitted by, subsection (b) of section one thousand four hundred four of this article (in the case of insurers that make investments under section one thousand four hundred four of this article other than insurers making investments under the authority of subsection (c) of this section), paragraph eight of subsection (a) of section one thousand four hundred five of this article (in the case of insurers that make investments under section one thousand four hundred five) or section one thousand four hundred seven of this article (in the case of insurers that make investments under the authority of subsection (c) of this section), however, a default in interest or income occurring subsequent to the purchase or other acquisition of an investment shall not affect the allowance thereof as an admitted asset at the market value thereof.

(2)(A) Notwithstanding any other provision of this article, a domestic insurer making investments pursuant to paragraph two of subsection (a) of this section, a domestic charitable annuity society and a retirement

system making investments pursuant to subsection (b) of this section, and a domestic accident and health insurer making investments pursuant to subsection (c) of this section may sell call options on securities, provided that:

(i) such options are traded on a securities exchange registered under the laws of the United States, and

(ii) the insurer holds, or can immediately acquire through the exercise of warrants or conversion rights already owned at a contractually specified price, the underlying securities during the entire period the option is outstanding.

(B) An insurer selling call options on securities pursuant to subparagraph (A) of this paragraph may purchase any such option to offset an outstanding option previously sold by the insurer for the same kind and amount of securities.

(e) (1) Nothing contained in this chapter shall prohibit the acquisition by any insurer of other securities or property (i) received as a dividend or pursuant to a judicial or lawful non-judicial plan of reorganization or dissolution or pursuant to a lawful and bona fide agreement of bulk reinsurance or consolidation; or (ii) received through the exercise of rights of conversion, stock warrants or stock options acquired by it in accordance with this subsection or section one thousand four hundred four, one thousand four hundred five, one thousand four hundred seven or one thousand four hundred ten of this article. Nor shall anything in this chapter prohibit acquisition of (1) an investment permitted under section one thousand four hundred four, one thousand four hundred five, one thousand four hundred seven or one thousand four hundred ten of this article because such investment is convertible into other securities in which such insurer is not permitted to invest under this chapter, or because such insurer receives in connection with such investment stock warrants, whether detachable or non-detachable, stock options, stock, property interests or other assets of any kind or (2) securities or property (real or personal) or any interest therein received in satisfaction of a debt previously owing to such insurer. If any securities or other property received by any insurer in accordance with the first sentence of this paragraph shall consist in whole or in part of shares of any institution or of obligations or other property not meeting the requirements specified in section one thousand four

hundred four (in the case of insurers making investments under the authority of section one thousand four hundred four) or section one thousand four hundred five (in the case of insurers making investments under the authority of section one thousand four hundred five) of this article, then any such shares and any such obligations or property so received shall be disposed of within five years from the time of acquisition or before the expiration of such further period or periods of time as may be prescribed in writing by the superintendent, unless at any time after such acquisition such shares, obligations or property shall have met such requirements and the insurer has notified the superintendent thereof.

(2) Except as otherwise specifically provided in this chapter, investments in subsidiaries are not subject to the provisions of this section, section one thousand four hundred four (except paragraph nine of subsection (a) thereof) or one thousand four hundred five of this article.

(f) (1) Subsidiaries of domestic life insurance companies, whether acquired under subsection (e) of this section, sections one thousand four hundred five, four thousand two hundred forty, or otherwise, shall be subject to the provisions of article seventeen of this chapter to the extent therein provided.

(2) Subsidiaries of domestic corporations subject to article forty-three of this chapter and of domestic retirement systems, whether acquired under subsection (e) of this section, section one thousand four hundred four, four thousand two hundred forty (in the case of retirement systems), or otherwise, shall be subject to the provisions of article seventeen of this chapter to the extent therein provided.

(g) This section does not prohibit any domestic insurance company from acquiring shares under article seventy-one of this chapter or any domestic life insurance company from acquiring shares of its own capital stock pursuant to section seven thousand three hundred two of this chapter.

(h) With respect to all transactions between a domestic insurer and any person, five percent or more of whose voting securities are held, directly or indirectly, by such insurer, but which is not a subsidiary, the insurer shall maintain books, accounts and records that disclose clearly and accurately the nature and detail of such transactions.

(i) (1) Except as provided in subparagraph (A) of paragraph two of subsection (a) of section four thousand two hundred forty of this chapter, investments made for separate accounts under the provisions of section four thousand two hundred forty of this chapter shall be disregarded, and shall be excluded from admitted assets, in applying the quantitative investment limitations contained in this chapter to other investments.

(2) Except as provided in subparagraph (A) of paragraph two of subsection (a) or paragraph four of subsection (a) of section four thousand two hundred forty of this chapter, the restrictions, limitations and other provisions relating to investments specified in this chapter shall not apply to investments made for separate accounts under the provisions of section four thousand two hundred forty of this chapter.

§ 1404. Types of reserve investments permitted for non-life insurers. (a) In addition to the investments specified in subsection (b) hereof, but excluding any investment prohibited by the provisions of paragraph one, three, four, six, eight, nine or ten of subsection (a) of section one thousand four hundred seven of this article, the reserve investments of a domestic insurer authorized to make investments under the authority of this section shall consist of the following:

(1) Government obligations. Obligations which are not in default as to principal or interest, which are valid and legally authorized, and which are issued, assumed, guaranteed or insured by:

(A) the United States or by any agency or instrumentality thereof,

(B) any state of the United States,

(C) any territory or possession of the United States or any other governmental unit in the United States, or

(D) any agency or instrumentality of any governmental unit referred to in subparagraphs (B) and (C) of this paragraph, provided that obligations to be eligible under this paragraph shall be by law (statutory or otherwise) payable, as to both principal and interest, from taxes levied or by law required to be levied or from adequate special revenues pledged or otherwise appropriated or by law required to be provided for the purpose of such payment, but in no event shall

obligations be eligible for investment under this paragraph if payable solely out of special assessments on properties benefited by local improvements.

(2) Obligations of American institutions.

(A) Obligations which are issued by any solvent American institution or which are assumed or guaranteed by any solvent American institution (other than an insurance company) and which are not in default as to principal or interest provided such obligations:

(i) are adequately secured by collateral security having a market value not less than the principal amount thereof and have investment qualities and characteristics wherein the speculative elements are not predominant, or

(ii) are rated A or higher (or the equivalent thereto) by a securities rating agency recognized by the superintendent, or if not so rated, are similar in structure and in all material respects to other obligations of the same institution which are so rated, or

(iii) are insured by one or more authorized insurance companies (other than the investing insurer or any parent, subsidiary or affiliate of such insurer) who are licensed to insure obligations in this state and, after considering such insurance, are rated Aaa (or the equivalent thereto) by a securities rating agency recognized by the superintendent, or

(iv) have been given the highest quality designation by the Securities Valuation Office of the National Association of Insurance Commissioners.

(B) No investment in or loan upon the obligations of any institution, other than an institution which issues mortgage related securities, and no investment in any one mortgage related security, made pursuant to the provisions of this paragraph shall exceed five per centum of the admitted assets of such insurer as shown by its last statement on file with the superintendent.

(3) Preferred or guaranteed shares of American institutions. (A) Preferred or guaranteed shares issued or guaranteed by a solvent American institution if all of the institution's obligations are eligible as investments under item (ii) or (iv) of subparagraph (A) of paragraph two of this subsection.

(B) No investment in the preferred or guaranteed shares of any institution made pursuant to the provisions of this paragraph shall

exceed two percent of such insurer's admitted assets as shown by its last statement on file with the superintendent.

(4) Loans secured by real property. (A) Loans secured by first or second mortgages which are liens on improved real property in the United States (including leasehold estates having an unexpired term of not less than twenty years, inclusive of the term or terms which may be provided by enforceable terms of renewal) meeting the following requirements:

(i) Priority of mortgages. The mortgaged property shall be subject to no prior lien, except a first mortgage and liens for non-delinquent ground rents, taxes, assessments and similar charges. There shall be no condition or right of re-entry or forfeiture not insured against under which the mortgage can be cut off, subordinated or otherwise disturbed. No loan secured by a second mortgage shall be made if the principal amount secured by a prior first mortgage can be increased without the insurer's consent unless the amount of increase is applied to reduce the second mortgage.

(ii) Leaseholds. If the mortgaged property is a leasehold:

(I) the lease shall provide for a term of at least twenty-one years,

(II) the property underlying the leasehold shall be subject to no prior lien except for liens for non-delinquent ground rents, taxes, assessments and similar charges and there shall be no condition or right of re-entry or forfeiture not insured against under which the insurer is unable to continue the lease in force for the duration of the loan, and

(III) the loan shall provide for such payments that at any time during the period of the loan the aggregate payments of principal to be made will be sufficient to repay the loan within the lesser of forty years or a period equal to eighty percent of the term of the lease, through payments of interest only for five years and equal payments applicable first to interest and then to principal at the end of each year thereafter. "Term", as used in this paragraph six with reference to a lease, means its unexpired term at the date of the loan, plus any term which may be provided by options of the lessee to renew.

(iii) Participations. If the investment is a participation in a loan:

(I) all participations shall be held by the insurer, or

(II) the participation held by the insurer shall give it substantially the rights of a first or second mortgagee, and shall be prior to those of the holders of the other participations, or

(III) each participation shall be of equal rank, and

(aa) the loan shall comply with items (i), (ii), and (iv) of this subparagraph (A) and with any regulations prescribed by the superintendent for investments under this clause (III), and

(bb) if, when the participation is acquired by the insurer, there are more than five holders of participations in the loan, or more than three such holders and such loan is less than five million dollars in original principal amount, the mortgagee shall be (and, in the case of a participation in an obligation, the obligation shall be held by) a bank or trust company duly authorized and licensed to act as a corporate trustee (with or without a co-trustee). "Participation", as used in this paragraph four, means an obligation forming part of an issue of bonds, notes or other evidences of indebtedness which are secured by the same mortgage and also an instrument evidencing a participating interest in any such bond, note or other evidence of indebtedness.

(iv) Amount of loan. The amount of the loan (excluding any part guaranteed or insured under title three of the Servicemen's Readjustment Act of 1944, 38 U.S.C. §§ 1801-1827), when added to the amount unpaid on any prior first mortgage, shall not exceed the following percentages of the value of the real property or leasehold securing the loan, as determined by an appraisal made by an appraiser for the purpose of the investment:

(I) sixty-six and two-thirds percent,

(II) seventy-five percent, if the mortgage provides for such payments of principal that at no time during the period of the loan shall the aggregate payments of principal required to be made be less than would have been necessary to reduce the amount of the loan (plus the amount secured by any such prior mortgage) to sixty-six and two-thirds percent of such value by the end of thirty-five years, through payments of interest only for five years and equal payments applicable first to interest and then to principal at the end of each year thereafter, or

(III) ninety percent, if the loan is secured by a first mortgage on real property improved primarily with a residential building, which may be a condominium unit, for not more than four families and provides for monthly payments of principal and interest sufficient to repay the loan within the lesser of forty years or the remaining useful life of the building as estimated in the appraisal.

(v) Investment limitations.

(I) Investments held by an insurer, except a fraternal benefit society, under this subparagraph (A) shall not exceed:

(aa) in the aggregate twenty-five percent of its admitted assets as shown by its last statement on file with the superintendent excluding any amount guaranteed or insured under the Servicemen's Readjustment Act of 1944, 38 U.S.C. §§ 1801-1827, or

(bb) in the aggregate two percent of its admitted assets as shown by its last statement on file with the superintendent in loans secured by other than first mortgages.

(II) Investments held by a fraternal benefit society under this paragraph shall not exceed:

(aa) in the aggregate fifty percent of its admitted assets as shown by its last statement on file with the superintendent, excluding any amount guaranteed or insured under the Servicemen's Readjustment Act of 1944, 38 U.S.C. §§ 1801-1827, or

(bb) in the aggregate two percent of its admitted assets as shown by its last statement on file with the superintendent in loans secured by other than first mortgages.

(III) No insurer or society shall invest in or lend upon the security of any one property more than the greater of thirty thousand dollars or two percent of its admitted assets as shown by its last statement on file with the superintendent.

(IV) Separate evidences of indebtedness which are separately transferable shall be deemed to constitute separate loans which may be separately qualified under this paragraph whether or not secured by a single mortgage.

(B) Purchase money mortgages. Purchase money mortgages or like securities received by the insurer on the sale or exchange of real property held under paragraph five hereof.

(5) Real property or interests therein. (A) The following investments in real property (including incidental equipment thereto) located in the United States, if acquired and held directly or through partnership interests engaged exclusively in the business of acquiring, owing and managing such property:

(i) The land and the building thereon in which the insurer has its principal office.

(ii) Real property requisite for the insurer's convenient accommodation in the transaction of its business.

(iii) Real property acquired in total or partial satisfaction of mortgages, liens, judgments, claims or indebtedness held by the insurer in the course of its business.

(iv) Real property acquired as an investment for the production of income or to be improved or developed for such investment purpose.

(B) Investments under this paragraph shall be subject to the following limitations:

(i) The cost of each parcel acquired under item (iv) of subparagraph (A) of this paragraph, including the estimated cost to the insurer of the improvement or development thereof, shall not exceed one percent of the insurer's admitted assets as shown by its last statement on file with the superintendent, and when added to the book value of all other real property then held by it pursuant to such item (iv), shall not exceed twelve and one-half percent of such admitted assets. Unless otherwise required by the superintendent under subsection (b) of section one thousand four hundred fourteen of this article, each parcel of real property held under such item (iv) together with each capital improvement or development thereof existing at acquisition or made subsequently shall be valued on the insurer's books as of each last year-end so as to write down the cost of such improvement or development, at a rate averaging at least two percent per annum commencing on the date of acquisition or completion, as the case may be, of such improvement or development.

(ii) The acquisition of real property serving as the residence of an employee, except a director or trustee of such insurer, if acquired in connection with the relocation by the insurer of the employee's place of employment, including any relocation in connection with his initial employment, at a purchase price not exceeding the property's value as determined by an independent appraiser for the purpose of such acquisition, provided such employee has made reasonable efforts otherwise to dispose of such property during the month before such acquisition. Such property must be acquired under item (ii) of subparagraph (A) hereof, and, in the case of a non-director officer, such acquisition is subject to the provisions of subsection (h) of section one thousand four hundred eleven of this article.

(iii) Real property acquired pursuant to items (i) and (ii) of subparagraph (A) hereof shall be disposed of within five years after it shall have ceased to be necessary for the convenient accommodation of such insurer in the transaction of its business, and real property acquired pursuant to item (iii) of subparagraph (A) hereof shall be disposed of within five years after the date of acquisition, unless the superintendent certifies that the interests of the insurer will suffer materially by the forced sale thereof and extends the time in such certificate.

(iv) No real property shall be acquired by any domestic insurer pursuant to items (i) and (ii) of subparagraph (A) hereof if its cost, together with the book value of all real property then held pursuant to such items (i) and (ii), exceeds ten percent of the insurer's admitted assets as shown by its last statement on file with the superintendent.

(v) Except with the superintendent's approval, no domestic insurer shall:

(I) acquire any real property pursuant to items (i) and (ii) of subparagraph (A) of this paragraph, if the real property being acquired is greater than one percent of the insurer's admitted assets as shown by its last statement on file with the superintendent, or

(II) with respect to any building which was acquired under items (i) and (ii) of subparagraph (A) of this paragraph, make any improvement which should be capitalized according to generally accepted accounting principles if the annual expenditure for such improvements for any such building will exceed the greater of ten percent of its book value or one percent of the insurer's admitted assets as shown by its last statement on file with the superintendent.

(6) Foreign investments. (A) Investments in a foreign country or in a possession of the United States which are substantially of the same kinds, classes and investment grades as those eligible for investment under other provisions of this subsection. The aggregate amount of foreign investments including cash in the currency of such country or possession, obligations of American institutions payable outside of the United States and cash deposited in a bank, trust company or thrift institution located outside of the United States held at any time pursuant to the provisions of this section shall not exceed ten percent of the insurer's admitted assets as shown by its last statement on file

with the superintendent.

(B) Investments in any one possession of the United States or in any one foreign country, other than Canada, made pursuant to this paragraph shall not exceed (i) in the case of any possession or country having the highest sovereign debt rating, as established by a securities rating agency recognized by the superintendent, three percent of the insurer's admitted assets as shown by its last statement on file with the superintendent, or

(ii) in the case of any other possession or country one percent of the insurer's admitted assets as shown by its last statement on file with the superintendent.

(7) Development bank obligations. Obligations issued or guaranteed by the international bank for reconstruction and development, the inter-American development bank, the Asian development bank, the African development bank or the international finance corporation; provided that

(i) obligations of such banks and the international finance corporation are rated AA or higher (or the equivalent thereto) by a securities rating agency recognized by the superintendent, or if not so rated are similar in structure and in all material respects to other obligations of the same institution which are so rated, and

(ii) the aggregate investment made pursuant to the provisions of this paragraph in each such bank and the international finance corporation at any time, shall not exceed five percent of the insurer's admitted assets as shown by its last statement on file with the superintendent, and

(iii) the aggregate investment made pursuant to the provisions of this paragraph in all such banks and the international finance corporation shall not exceed fifteen percent of the insurer's admitted assets as shown by its last statement on file with the superintendent.

(8) Equity interests. (A) Investments in common shares or partnership interests of any solvent American institution, if:

(i) all its obligations and preferred shares, if any, are eligible as investments under this subsection and

(ii) such equity interests of any such institution except an insurance company are registered on a national securities exchange, as provided in the Securities Exchange Act of 1934, 15 U.S.C. §§78a-78kk or otherwise registered pursuant to said act and, if so otherwise registered, price quotations therefor are furnished through a nationwide automated

quotations system approved by the National Association of Securities Dealers, Inc., provided that an insurer may invest under this paragraph an amount not exceeding one percent of the insurer's admitted assets as shown by its last statement on file with the superintendent even though such equity interests are not so registered and are not issued by an insurance company.

(B) Investment limitations. (i) No insurer subject to the provisions of paragraph two of subsection (a) or subsection (b) of section one thousand four hundred three of this article shall invest in or loan upon any one institution's outstanding equity interests an amount exceeding one percent of the insurer's admitted assets as shown by its last statement on file with the superintendent, and (ii) the cost of any investment in equity interests, made pursuant to this paragraph, when added to the aggregate cost of all other investments in equity interests then held pursuant to this paragraph, paragraph six and clause (ii) of subparagraph (A) of paragraph ten of this subsection shall not exceed:

(I) in the case of an insurer authorized to make investments under item (i) of this subparagraph except a retirement system organized pursuant to article forty-six of this chapter, the lesser of its surplus to policyholders or ten percent of its admitted assets as shown by its last statement on file with the superintendent, and

(II) in the case of a retirement system organized pursuant to article forty-six of this chapter, thirty percent of its admitted assets as shown by its last statement on file with the superintendent.

(9) Investments made by subsidiaries. The net investment in real property and loans secured by real property made by subsidiaries engaged or organized to engage exclusively in the acquisition, ownership and management of such investments. Such loans and real property must qualify as a reserve investment under paragraph four or five of this subsection. The subsidiary's net investment in such real property and loans shall be included under such paragraph when computing any limitations applicable to such real property and loans and excluded when computing the limitations applicable to equity interests under paragraph eight of this subsection. In order to qualify, a subsidiary must be wholly-owned either by the insurer or by two or more insurance companies domiciled in the United States who are members of the same holding company system, as such term is defined in article fifteen of this

chapter, and each individual insurer's share of the net investments made by such subsidiary shall be computed in proportion to its equity interest in such subsidiary.

(10) Investment companies. (A) Securities of any investment company registered pursuant to the federal Investment Company Act of 1940, 15 U.S.C. § 802, if such company:

(i) invests at least ninety percent of its assets in the types of securities which qualify as a reserve investment pursuant to the provisions of paragraph one, two or three of this subsection or which invest in securities which are determined by the superintendent to be substantively similar to the types of securities set forth in such paragraphs; or

(ii) invests at least ninety percent of its assets in the types of equity interests which qualify as a reserve investment pursuant to the provisions of paragraph eight of this subsection.

(B) Investment limitations. Investments made by an insurer subject to the provisions of paragraph two of subsection (a) or subsection (b) of section one thousand four hundred three of this article shall not exceed the following limitations:

(i) in any investment company qualifying under item (i) of subparagraph (A) hereof, ten percent of such insurer's admitted assets as shown by its last statement on file with the superintendent and the aggregate amount of investment in such qualifying investment companies shall not exceed twenty-five percent of such insurer's admitted assets as shown by its last statement on file with the superintendent; and

(ii) in any investment company qualifying under item (ii) of subparagraph (A) hereof, five percent of such insurer's admitted assets as shown by its last statement on file with the superintendent and the aggregate amount of investment in such qualifying investment companies shall be included when calculating the permissible aggregate value of equity interests pursuant to the provisions of subparagraph (B) of paragraph eight of this subsection.

(11) Credit union shares, share certificates and share draft accounts. Shares, share certificates and share draft accounts issued by credit unions and federal credit unions not to exceed the amounts which are assumed, guaranteed or insured by the United States or any agency or instrumentality thereof.

(b) Leeway provision. Investments which do not qualify or are not permitted under subsection (a) hereof, but excluding any investment prohibited by the provisions of paragraph six of subsection (a) of this section or by the provisions of paragraph one, two, three, four, six, eight, nine or ten of subsection (a) of section one thousand four hundred seven of this article, provided that:

(1) the aggregate cost of such investments shall not exceed five percent of the admitted assets of the insurer as shown by its last statement on file with the superintendent, and

(2) investments that are neither interest-bearing nor income-paying, made under this subsection as provided in paragraph one of subsection (d) of section one thousand four hundred three of this article shall not in the aggregate exceed three percent of the admitted assets of the insurer as shown by its last statement on file with the superintendent.

§ 1405. Investments of life insurers. (a) The assets of a domestic insurer that is authorized to make investments under this section may be invested in the following types of investments, in addition to investments otherwise authorized, subject in the case of investments made under this section to the limitations set forth below and the provisions of subsections (c), (d) and (e) of this section:

(1) Governmental obligations. Obligations, not in default, issued, assumed, guaranteed or insured by (i) the United States of America or by any agency or instrumentality thereof, (ii) any state of the United States of America, (iii) the District of Columbia, (iv) any territory or possession of the United States of America or any other governmental unit in the United States, or (v) any agency or instrumentality of any governmental unit referred to in items (ii), (iii) and (iv) above, provided that, in the case of obligations issued, assumed, guaranteed or insured by any governmental unit referred to in item (iv) above or any agency or instrumentality referred to in item (v) above, such obligations are by law (statutory or otherwise) payable, as to both principal and interest, from taxes levied or by law required to be levied or from adequate special revenues pledged or otherwise appropriated or by law required to be provided for the purpose of such payment, but in no event shall obligations be eligible for investment

under this paragraph if payable solely out of special assessments on properties benefited by local improvements.

(2) Obligations and preferred shares of American institutions. (i) Obligations, not in default, whether or not secured and with or without recourse, issued, assumed, guaranteed, insured or accepted by American institutions (or trustees or receivers therefor) and (ii) preferred shares of any such institution, provided, however, that after giving effect to any such investment in preferred shares of any institution, the aggregate amount of investments in preferred shares of such institution made under this section shall not exceed two percent of the insurer's admitted assets.

(3) Obligations secured by real property or interests therein. Obligations, or participations therein, secured by liens on real property or interests therein located within the United States and not eligible under paragraph one or two of this subsection, provided that no insurer making investments under the authority of this section shall invest in or loan upon the security of any one property, under the authority of this paragraph, more than thirty thousand dollars or two percent of admitted assets, whichever is the greater.

(4) Real property or interests therein. Investments in real property or interests therein located in the United States, held directly or evidenced by partnership interests, stock of corporations (including, without limitation, subsidiaries engaged or organized to engage exclusively in the ownership and management of real property or interests therein), trust certificates or other instruments, and acquired (i) as an investment for the production of income or to be improved or developed for such investment purpose, or (ii) for the convenient accommodation of the insurer's business; provided that, after giving effect to any such investment, (I) the aggregate amount of such investments made under this paragraph and then held by such insurer shall not exceed twenty-five percent of the insurer's admitted assets, (II) the aggregate amount of investments made under item (i) of this paragraph and then held by such insurer shall not exceed twenty percent of the insurer's admitted assets, and (III) investments held under item (i) above in each property constituting such investment (including improvements thereon) shall not in the aggregate exceed two percent of the insurer's admitted assets, and provided, further, that no investment

in real property may be made under item (ii) herein, (aa) if, after giving effect thereto, the aggregate amount of such investments then held by the insurer would exceed ten percent of the insurer's admitted assets, (bb) without the prior approval of the superintendent, if, after giving effect thereto, the aggregate amount of such investments in each property constituting such investment (including improvements thereon) then held by such insurer would exceed two percent of the insurer's admitted assets, and (cc) without the prior approval of the superintendent, in the case of an investment by a domestic insurer in real property located outside this state, if, after giving effect thereto, the aggregate amount of such investments in the property constituting such investment (including improvements thereon) would exceed one-fifth of one percent of the insurer's admitted assets.

(5) Personal property or interests therein. Investments in personal property or interests therein located or used wholly or in part within the United States, held directly or evidenced by partnership interests, stock of corporations (including, without limitation, subsidiaries engaged or organized to engage exclusively in the ownership and management of personal property or interests therein), trust certificates or other instruments, provided that, after giving effect to any such investment, (i) the aggregate amount of such investments made under this paragraph and then held by such insurer shall not exceed ten percent of the insurer's admitted assets and (ii) investments held under this paragraph in the item of personal property constituting such investment shall not in the aggregate exceed one percent of the insurer's admitted assets.

(6) Equity interests. Investments (in addition to investments of the types described in this paragraph but made or acquired under article seventeen, section one thousand four hundred three, paragraphs four and five of this subsection or section four thousand two hundred forty of this chapter) in common shares, partnership interests, trust certificates or other equity interests (other than preferred shares) of American institutions, provided that, after giving effect to any investment made under this paragraph, (i) the aggregate amount of investments made under this paragraph in the institution in which such investment is then being made and then held by such insurer shall not exceed two percent of the insurer's admitted assets and (ii) the

aggregate amount of all investments made under this paragraph and then held by such insurer shall not exceed twenty percent of the insurer's admitted assets.

(7) Foreign investments. (A) Canadian investments substantially of the same types as those eligible for investment under paragraphs one through six of this subsection, provided that, after giving effect to any investment made under this subparagraph, the aggregate amount of investments made under this subparagraph and then held by such insurer shall not exceed ten percent of the insurer's admitted assets, except where a greater amount is permitted under subparagraph (B) below (in which case the provisions of this subparagraph shall not be applicable).

(B) In the case of any domestic insurer that is authorized to do business in a foreign country or possession of the United States of America or that has outstanding insurance, annuity or reinsurance contracts on lives or risks resident or located in such foreign country or possession, investments in such foreign country or possession that are substantially of the same types as those eligible for investment under paragraphs one through six of this subsection; provided that, except where a greater amount is permitted under subparagraph (A) above, after giving effect to any investment in such foreign country or possession made under this subparagraph, the aggregate amount of cash in the currency of such foreign country or possession and of investments in such foreign country or possession made under this subparagraph and then held by such insurer shall not exceed one and one-half times the amount of such insurer's reserves and other obligations under such contracts or the amount which such insurer is required by law to invest in such country or possession, whichever shall be greater.

(C) Investments in foreign countries, in addition to Canadian investments and investments permitted by subparagraph (B) of this paragraph, that are substantially of the same types as those eligible for investment under paragraphs one through six of this subsection, provided that, after giving effect to any investment made under this subparagraph, the aggregate amount of investments qualified under this subparagraph and then held by such insurer shall not exceed twenty percent of the insurer's admitted assets; and

(i) the issuer or obligor is (I) a jurisdiction, which is rated in one of the four highest rating categories by an independent, nationally

recognized United States rating agency, (II) any political subdivision or other governmental unit of any such jurisdiction, or any agency or instrumentality of any such jurisdiction, political subdivision or other governmental unit or (III) an institution which is organized under the laws of any such jurisdiction or, in the case of such paragraphs three and four of this subsection, the real property is located in any such jurisdiction; and

(ii) an insurer shall not make any investment in any foreign country pursuant to this subparagraph, if such investment, together with all other investments in the same foreign country so made and then held by such insurer, would exceed seven percent of the insurer's admitted assets.

(D) In addition to the foreign investments permitted under the preceding subparagraphs of this paragraph, foreign investments that are substantially of the same types as those eligible for investment under paragraphs one through six of this subsection, provided that, after giving effect to any investment made under this subparagraph, the aggregate amount of investments made under this subparagraph and then held by such insurer shall not exceed six percent of the insurer's admitted assets, and provided further that an insurer shall not make any investment in any foreign country pursuant to this subparagraph, if such investment, together with all other investments in the same foreign country so made and then held by such insurer, would exceed three percent of the insurer's admitted assets.

(8) Other investments. Investments that do not qualify or are not permitted under any other paragraph of this subsection, provided that, after giving effect to any such investment, (i) if such investment is of a type described in paragraph three or five or item (i) of paragraph four or paragraph six of this subsection, the aggregate amount of investments of such type made under this paragraph and then held by such insurer shall not exceed five percent of the insurer's admitted assets, (ii) if such investment is of a type described in paragraph six of this subsection, the aggregate amount of such investments made under this paragraph in the institution in which such investment is then being made and then held by such insurer shall not exceed two percent of the insurer's admitted assets, (iii) if such investment is of a type described in paragraph seven of this subsection, the aggregate amount of

investments of all types described in said paragraph seven and made under this paragraph and then held by such insurer shall not exceed two percent of the insurer's admitted assets, and (iv) the aggregate amount of all investments made under this paragraph and then held by such insurer shall not exceed fourteen percent (but not more than ten percent in investments in institutions not having their principal operations in this state and in real and personal property and interests therein located outside this state and in mortgages and security interests with respect to real and personal property located outside this state) of the insurer's admitted assets. Investments that are neither interest bearing nor income paying, made under this paragraph as provided in paragraph one of subsection (d) of section one thousand four hundred three of this article, shall be subject to all the provisions of this paragraph and may not be acquired if the aggregate amount thereof immediately after such acquisition would exceed three percent of the insurer's admitted assets.

(b) (1) For the purposes of this section, article seventeen of this chapter and section one thousand four hundred three of this article,

(A) "aggregate amount" of investments means, subject to the provisions of the final sentence of this subsection, the aggregate depreciated cost thereof, in the case of investments of the types described in paragraphs four and five of subsection (a) of this section, and the aggregate cost thereof in the case of investments of other types;

(B) "admitted assets" means the amount thereof as of the last day of the most recently concluded annual statement year subject to the following adjustments;

(i) assets held in separate accounts established under section four thousand two hundred forty of this chapter shall be included only to the extent of amounts allocated to such separate accounts pursuant to paragraph three of subsection (a) of said section four thousand two hundred forty; and

(ii) investments in subsidiaries referred to in subsection (c) of section one thousand seven hundred four of this chapter shall be excluded; and

(C) the eligibility of any investment under any paragraph of subsection (a) of this section shall be determined at the time of acquisition thereof, except that (i) any investment qualified pursuant

to item (ii) of subparagraph (C) of paragraph seven of such subsection (a) shall remain so qualified only at such time or times as the hedging requirements of such item (ii) are met with respect thereto; and (ii) investments qualified under paragraph eight of said subsection (a) may be requalified at a later date under another paragraph of said subsection (a), if the relevant conditions are satisfied at the time of such requalification. In computing depreciated cost of investments of the types described in paragraphs four and five of subsection (a) of this section, depreciation may be computed at a rate no greater than that permitted for federal income tax purposes and, in the case of investments described in said paragraph four, the cost of an investment shall be depreciated over its estimated useful life, not to exceed fifty years.

(2) In computing the "aggregate amount" of investments, as provided in the first sentence of paragraph one of this subsection, (A) valuation of investments acquired under paragraph four of subsection (a) of this section shall also be subject to any regulation with respect to such valuation that the superintendent may prescribe and (B) investments of investment subsidiaries as defined in section one thousand seven hundred two of this chapter shall be valued as though the parent corporation owned the assets of such subsidiaries directly instead of the stock of such subsidiaries and shall be subject to the provisions of subsection (d) of section one thousand seven hundred four of this chapter.

(c) In addition to other requirements of law (statutory or otherwise) that affect the standard of care of directors and officers of corporations, in making investments under this section, directors and officers shall perform their duties in good faith and with that degree of care that an ordinarily prudent individual in a like position would use under similar circumstances. In the case of investments made under paragraphs two and six of subsection (a) of this section and investments that are substantially of the same types as those eligible for investment under such paragraphs, but are made under paragraph seven of such subsection, the institution that determines the eligibility of any such investment shall be a solvent institution whose obligations, if any, are not in default as to principal or interest, unless such investment is necessary to protect an investment theretofore made in the securities of such institution.

(d) After giving effect to any investment of a type described in item (i), (ii) or (iii) below, the aggregate amount of (i) investments in subsidiaries charged against the limit contained in paragraph one of subsection (a) of section one thousand seven hundred five of this chapter, (ii) investments made under item (i) of paragraph four and paragraphs five and six of subsection (a) of this section, and (iii) investments of the types described in said item (i) of paragraph four and such paragraphs five and six but made under paragraph seven or eight of subsection (a) of this section, shall not exceed forty percent of the insurer's admitted assets plus, to the extent permitted by the superintendent, investments (not exceeding five percent of the insurer's admitted assets) of the types referred to above in (I) new business enterprises located in the state; (II) technologically oriented businesses located in the state; (III) minority-owned businesses located in the state; (IV) businesses located in areas in the state that have experienced a high rate of chronic unemployment; and (V) development of housing in the state for families and persons of low income. If, at the time of the making of any investment of a type described in item (i), (ii) or (iii) of the first sentence of this subsection, the aggregate amount of investments of the types described in clauses (I), (II), (III), (IV) and (V) of such sentence made by the insurer on or after the date on which this subdivision becomes effective and then held by the insurer is one percent or more of its admitted assets, then the forty percent figure in such sentence shall be deemed to be increased by an equal amount up to a maximum of forty-five percent, thus providing for a maximum of investments described in items (i), (ii) and (iii) herein of fifty percent of total admitted assets.

(e) No domestic life insurer shall hold a direct or indirect ownership interest in a risk retention group, as defined in article fifty-nine of this chapter, other than in a risk retention group all of whose members are insurance companies.

(f) Any investment may be denominated in a currency other than United States dollars, provided that the aggregate amount of all such investments (other than investments made pursuant to subparagraphs (A) and (B) of paragraph seven of subsection (a) of this section) that are not effectively hedged, substantially in their entirety, against the United States dollar, reduced, on a currency by currency basis, by the

amount of foreign-currency denominated insurance liabilities may not exceed four percent of the insurer's admitted assets. An investment shall be deemed to be effectively hedged, substantially in its entirety, if it has been hedged:

(1) for an insurer that has an approved derivative use plan under section one thousand four hundred ten of this article, pursuant to contracts or agreements entered into under and in accordance with that derivative use plan and subject to the counterparty exposure limits thereunder; or

(2) for any other insurer, pursuant to contracts or agreements (derivative transactions) which are cleared through a "derivatives clearinghouse" or entered into with a "qualified counterparty", as those terms are defined pursuant to subsection (f) of section one thousand four hundred ten of this article.

§ 1406. Policy loans. (a) Any life insurance company may lend to any policyholder upon the security of the value of his policy a sum not exceeding the legal reserve which it is required to maintain thereon.

(b) A fraternal benefit society may make similar loans subject to the provisions of article forty-five of this chapter.

§ 1407. Non-reserve and prohibited investments for property/casualty and certain other insurers. (a) Any insurer that makes investments under the authority of subsection (c) of section one thousand four hundred three of this article and meets the requirements of such subsection (c) and section one thousand four hundred two of this article may invest in, or otherwise acquire or loan upon, directly or indirectly, any of the types of investments described in section one thousand four hundred four of this article, but without having to meet the applicable qualitative standards or quantitative limitations which are set forth in subsection (a) of section one thousand four hundred four of this article, except the following prohibited investments:

(1) Obligations, shares or other securities of any institution which is insolvent at the time of the investment.

(2) Obligations secured by real property or real property or interest

therein, which are either not eligible under or which exceed the investment limitations under paragraph four or five of subsection (a) of section one thousand four hundred four of this article.

(3) Shares of stock of the investing insurer, except to the extent permitted by the provisions of subsection (d) of section one thousand four hundred eleven of this article.

(4) Obligations, shares or other securities (including certificates of deposit) issued by a parent corporation or a corporation which is an affiliate or will be an affiliate after direct or indirect acquisition by the insurer. Nothing in this paragraph shall be deemed to prevent any investment in obligations, shares or other securities of:

(A) another insurance corporation within the limitations prescribed in section one thousand four hundred eight of this article,

(B) a subsidiary organized to engage exclusively in the acquisition, ownership or management of investments of the type described in paragraphs one, two, three, six, seven, eight or ten of subsection (a) of section one thousand four hundred four of this article, provided such subsidiary is wholly-owned by two or more insurance companies domiciled in the United States who are members of the same holding company system, as such term is defined in article fifteen of this chapter. Furthermore, each individual insurer's share of the net investment made by such subsidiary shall be:

(i) computed in proportion to its equity interests in such subsidiary, and

(ii) included when computing any applicable investment limitations, or

(C) subsidiaries subject to and within the limitations prescribed in article sixteen of this chapter.

(5) Investments made under the leeway provision, as set forth in subsection (b) of section one thousand four hundred four of this article, if the aggregate amount of such investments exceed twelve percent of the insurer's invested assets as shown by its last statement on file with the superintendent; or if the aggregate amount of investments that are neither interest-bearing nor income-paying exceed three percent of the insurer's invested assets as shown by its last statement on file with the superintendent.

(6) Obligations, shares or other securities issued by a corporation, if a majority of the shares having voting powers of such issuing

corporation is owned directly or indirectly by or for the benefit of one or more officers or directors of the insurer.

(7) Foreign investments, meaning obligations, shares or other securities of any person or governmental or business unit of or in a foreign country or of any person or business unit of or in a possession of the United States, except such as conform substantially with the limitations imposed by this section upon like domestic investments; but the aggregate amount of foreign investments including obligations of American institutions payable outside of the United States and cash deposited in a bank, trust company or thrift institution located outside of the United States held at any time by such insurer under this paragraph and under paragraph six of subsection (a) of section one thousand four hundred four of this article shall not exceed the greatest of (i) twelve percent of the insurer's admitted assets as shown by its last statement on file with the superintendent, (ii) fifteen percent of the insurer's invested assets as shown by its last statement on file with the superintendent, or (iii) one and one-half times the amount of its reserves and other obligations under its insurance and reinsurance contracts on risks resident or located in such foreign countries and subdivisions thereof. An investment in the shares of an alien insurer, which results in the control of such insurer by the investing insurer, shall not be included when calculating the limitations under this paragraph, but such an investment shall only be subject to the limitations of section one thousand four hundred eight of this article.

(8) A direct or indirect ownership interest in a risk retention group, as defined in article fifty-nine of this chapter, other than in a risk retention group all of whose members are insurance companies, in which case any investment in such a risk retention group shall be subject to the limitations prescribed in section one thousand four hundred eight of this article.

(9) Acquiring any interest in an investment through a partnership, other than an interest acquired as a limited partner in a limited partnership.

(10) Any investment found by the superintendent to be against public policy or designed to evade any prohibition of this chapter.

(b) This section shall not prohibit any such insurer from accepting securities, otherwise ineligible, which may be distributed pursuant to

any judicial or lawful non-judicial plan of reorganization or dissolution.

(c) Any investment pursuant to the provisions of this section shall be subject to other requirements of law (statutory or otherwise) that affect the standard of care of directors and officers of corporations, and in making investments under this section the insurer's directors and officers shall perform their duties in good faith and with that degree of care that an ordinarily prudent individual in a like position would use under similar circumstances.

§ 1408. Acquisition of insurance company shares; limitations thereon. (a) Any insurer which makes investments under the authority of subsection (c) of section one thousand four hundred three of this article and which meets the requirements of such subsection and section one thousand four hundred two of this article, may invest in, or otherwise acquire, the shares, including voting trust certificates, certificates of deposit, interim receipts and other similar instruments representing such shares, of any other insurance companies, including for purposes of this section any corporation having a majority of its assets invested in one or more insurance companies, in an amount which, together with its present holdings and with any indirect or proportionate interest in insurance company shares held by it through any intermediate subsidiary, shall not exceed in value thirty-five percent of the surplus to policyholders of such acquiring insurer, or fifty percent of its surplus over and above its liabilities and capital, whichever is greater. No United States branch of an alien insurer shall be permitted to acquire or hold any shares of any alien insurance corporation.

(b) This section shall not prohibit the acquisition of insurance company shares by the acceptance of a stock dividend nor prohibit the owner of previously lawfully acquired shares of an insurance company from making a contribution, with the approval of the superintendent, to such other insurance company's surplus. Notwithstanding any other provisions of this chapter, any domestic insurer or United States branch of an alien insurer, which, prior to January first, nineteen hundred forty, acquired shares of other insurance companies in accordance with

law in force at the time of such acquisition, may continue to hold them. In determining the financial condition of a domestic insurer shares of other insurance companies shall be valued in accordance with subsection (c) of section one thousand four hundred fourteen of this article but in no event shall their aggregate value be allowed as an admitted asset in excess of fifty per centum of the surplus to policyholders or sixty per centum of the surplus of such insurer, whichever is greater.

(c) In applying the formulas of this section, the initial calculation of surplus shall include voluntary reserves not required by law and the value of insurance company shares before adjustment for any excess holdings thereof.

(d) A United States branch of an alien insurer, other than one licensed to do in this state the business of life insurance, shall be subject to the foregoing limitations, except that its trusteed surplus statement shall be used in determining compliance. For the purpose of this section the surplus to policyholders of a United States branch shall be deemed to be its trusteed surplus and its surplus shall be deemed to be its trusteed surplus less an amount equal to the paid-in-capital specified in table one of paragraph one of subsection (a) of section four thousand one hundred three of this chapter for a domestic stock property/casualty insurance company licensed to do the same kinds of insurance except as such amount may be modified by paragraph five of subsection (a) of section four thousand one hundred three of this chapter.

§ 1409. Limitation of investments. (a) Except as more specifically provided in this chapter, no domestic insurer shall have more than ten percent of its admitted assets as shown by its last statement on file with the superintendent invested in, or loaned upon, the securities (including for this purpose certificates of deposit, partnership interests and other equity interests) of any one institution.

(b) The restriction of subsection (a) hereof shall not apply to the classes of governmental obligations (including obligations secured by mortgages upon real property guaranteed or insured under the National Housing Act, 12 U.S.C. §§ 1701-1750) eligible for minimum capital or surplus to policyholder investments pursuant to the provisions of

section one thousand four hundred two of this article nor to investments in shares of other insurance companies pursuant to the provisions of section one thousand four hundred eight of this article.

(c) The limitations of investments set forth in this section shall not apply to mortgage-related securities or securities issued or guaranteed by the Federal Home Loan Mortgage Corporation or the Federal National Mortgage Association; provided, however, that for an insurer maintaining an aggregate investment in excess of seventy percent of its admitted assets as shown by its last statement on file with the superintendent in such securities, the balance of such investments greater than seventy percent thereon shall be limited by and apportioned according to a ratio of one to two respectively, between investment in such securities and investment in government obligations, as that term is defined in paragraph one of subsection (a) of section fourteen hundred four of this chapter.

(d) The superintendent shall not promulgate any rules or regulations to limit or otherwise alter the provisions of paragraph two of subsection (a) of section fourteen hundred one of this article or subsection (c) of this section. The superintendent shall not promulgate any rules or regulations that limit the authority of any insurer to invest in mortgage related securities.

§ 1410. Derivative transactions and derivative instruments. (a) For purposes of this section, except subsection (k) of this section, an insurer shall mean a domestic life insurer, a domestic property/casualty insurer, a domestic reciprocal insurer, a domestic mortgage guaranty insurer, a domestic co-operative property/casualty insurance corporation or a domestic financial guaranty insurer.

(b) (1) An insurer may only engage in derivative transactions pursuant to and in compliance with the requirements of this section. Any insurer subject to the provisions of subsection (c) of section one thousand four hundred three of this article shall also comply with the requirements set forth in such subsection relative to derivative transactions authorized by this section.

(2) An insurer may use derivative instruments under this section to engage in hedging transactions, replication transactions, and for

certain limited income generation transactions authorized pursuant to this section.

(3) Prior to entering into any derivative transaction authorized pursuant to this section:

(A) the board of directors of the insurer or a committee thereof charged with the responsibility for supervising investments shall: (i) authorize such transactions, (ii) assure that all individuals conducting, monitoring, controlling and auditing derivative transactions are suitably qualified and have appropriate levels of knowledge and experience, and (iii) approve a derivative use plan for such transactions or an amendment to a previously adopted derivative use plan. If such determinations are made by a committee of such a board, the minutes of the committee reflecting such determinations shall be recorded and a report thereon shall be submitted to the board of directors for its review at such board's next meeting;

(B) the insurer shall submit a written derivative use plan or amendment thereto to the superintendent for approval; and

(C) the superintendent shall approve the insurer's written derivative plan for engaging in derivative transactions and investment practices related to derivative transactions. The plan shall specify guidelines as to the quality, maturity and diversification of derivative investments and other specifications, including investment strategies, asset/liability management practices, its liquidity needs and its capital and surplus as they relate to the derivative use plan. The board of directors or a committee thereof charged with the responsibility for supervising investments shall determine at least quarterly whether all derivative transactions have been made in accordance with delegations, standards, limitations and investment objectives prescribed in the insurer's derivatives use plan. If such determinations are made by a committee of such a board, the minutes of the committee reflecting such determinations shall be recorded and a report thereon shall be submitted to the board of directors for its review at such board's next meeting.

(D) (i) Within ninety days of receipt of a derivative use plan application, the superintendent shall, in writing, approve, submit a detailed list to the insurer requesting all additional information necessary to make a determination on the plan, or deny such plan; otherwise, such plan shall be deemed approved. Any denial issued by the

superintendent shall state the reasons for such disapproval. If an insurer does not provide the additional information requested by the superintendent, within forty-five days of receipt of such request, then such plan shall be deemed denied. Such forty-five day limit for providing such additional information may be extended at the option of the superintendent.

(ii) In the event that an insurer properly submits the additional information requested by the superintendent, then such plan shall be deemed approved sixty days after receipt of such information by the superintendent, unless the insurer is notified in writing prior to such date that the filing has been denied. Such denial shall state the reasons for such disapproval. Notwithstanding anything to the contrary in this section, the superintendent may, at any time, before a plan is approved, affirmatively approved or denied, raise objections to the plan that is based on the requirements of this chapter.

(iii) The superintendent shall, as soon as practicable, but no later than sixty days after receipt of a plan, notify the insurer if its filing is incomplete or fails to comply with applicable statutory or regulatory requirements. Such notice shall indicate that the filing is being returned with no action by the superintendent and that the period for the superintendent's substantive review has not commenced.

(4) An insurer which engages in hedging transactions or replication transactions as authorized pursuant to this section shall:

(A) only maintain its position in any outstanding derivative instrument used as part of a hedging transaction or replication transaction for as long as the hedging transaction or replication transaction, as the case may be, continues to be effective; and

(B) be able to demonstrate to the superintendent, upon request, that any derivative transaction entered into and involving a hedging transaction or replication transaction, at the point of inception is and, for as long as the derivative transaction remains outstanding, continues to be, an effective hedging or replication transaction.

(5) An insurer which enters into derivative transactions as authorized pursuant to this section shall be required to include, as part of the evaluation of accounting procedures and internal controls required to be filed pursuant to subsection (b) of section three hundred seven of this chapter, a statement describing the assessment by the independent

certified public accountant of the internal controls relative to derivative transactions. If the internal controls relative to derivative transactions are determined to be deficient, the insurer shall require the accountant to include in the evaluation a description of such deficiencies and the insurer shall append to the evaluation a description of any remedial actions taken or proposed to be taken to correct these deficiencies, if such actions are not already described in the accountant's report.

(c)(1) An insurer may enter into hedging transactions pursuant to this section if, as a result of and after giving effect to the transaction:

(A) the aggregate statement value of options, swaptions, caps, floors and warrants purchased pursuant to this section does not exceed seven and one-half percent of its admitted assets;

(B) the aggregate statement of value of options, swaptions, caps and floors written pursuant to this section does not exceed three percent of its admitted assets; and

(C) the aggregate potential exposure of collars, swaps, forwards and futures entered into and options, swaptions, caps and floors written pursuant to this section does not exceed six and one-half percent of its admitted assets.

(2) Transactions entered into to effectively hedge the currency risk of investments denominated in a currency other than United States dollars, pursuant to subsection (f) of section one thousand four hundred five of this article, shall not be included in the limits under paragraph one of this subsection.

(d) An insurer may enter into income generation transactions under this section only through the sale of call options on securities, provided that the insurer holds, or can immediately acquire through the exercise of options, warrants or conversion rights already owned, the underlying securities during the entire period the option is outstanding.

(e) An insurer may purchase or sell one or more derivative instruments to offset any derivative instrument previously purchased or sold, as the case may be, without regard to the quantitative limitations of subsection (c) of this section provided that such derivative instrument is an exact offset to the original derivative instrument being offset.

(f)(1) The counterparty exposure under an over the counter derivative

instrument entered into by an insurer authorized to engage in transactions pursuant to this section shall be deemed to be an obligation of the institution to which the insurer is exposed to credit risk and shall be included in determining compliance with any single or aggregate quantitative limitation on investments made by an insurer under this chapter.

(2) Notwithstanding any single or aggregate quantitative limitation on investments made by an insurer under this chapter, an insurer may only transact an over the counter derivative instrument with:

(A) a qualified counterparty; or

(B) a counterparty other than a "qualified counterparty" if, after giving effect to that transaction, the aggregate counterparty exposure of the insurer under one or more over the counter derivative instruments to:

(i) that non-qualified counterparty does not exceed one percent of the insurer's admitted assets; and

(ii) all counterparties, other than qualified counterparties, does not exceed three percent of the insurer's admitted assets.

(3) For purposes of this section:

(A) a "qualified counterparty" is a counterparty which has an investment grade rating from at least one nationally recognized statistical rating organization or a designation of one from the Securities Valuation Office of the National Association of Insurance Commissioners, or any successor office established by the National Association of Insurance Commissioners, and with which the insurer has entered into a master agreement, together with a credit support annex or other documentation providing for the collateralization of the counterparty's obligations to the insurer under the master agreement, if that collateral documentation provides for (i) daily margin and collateral settlement, in cash or investment grade securities, between the parties, (ii) a minimum transfer amount of no more than one million dollars, and (iii) a requirement that collateral be provided by the counterparty from the first dollar of exposure, subject to the minimum transfer amount;

(B) "aggregate counterparty exposure" means the sum of: (i) the aggregate statement value of options, swaptions, caps, floors, and warrants purchased; and (ii) the aggregate potential exposure of

collars, swaps, forwards and futures entered into;

(C) "over the counter derivative instrument" means a derivative instrument which is authorized under this chapter other than a derivative instrument (i) cleared through a United States or foreign derivatives clearinghouse, or (ii) traded on or through a United States or foreign exchange providing derivatives clearing services;

(D) "derivatives clearinghouse" means a derivatives clearing organization registered with the Commodity Futures Trading Commission or the Securities and Exchange Commission or, if not so registered, is a foreign clearinghouse regulated, supervised and examined by a regulatory authority in a foreign jurisdiction approved by the superintendent;

(E) "master agreement" means a written master agreement relating to derivatives transactions that provides for netting of payments owed by the respective parties, and the domiciliary jurisdiction of the counterparty is either within the United States or if not within the United States, within a jurisdiction approved by the superintendent as eligible for netting; and

(F) "minimum transfer amount" means an amount below which a daily margin and collateral settlement is not required.

(g) For the purposes of this section, "admitted assets" means the assets, as shown on the insurer's last annual statement filed with the superintendent, which conform to the requirements of section one thousand three hundred one of this chapter, except that a domestic life insurer shall include assets held in separate accounts established under section four thousand two hundred forty of this chapter to the extent of amounts allocated to such separate accounts pursuant to paragraph three of subsection (a) of section four thousand two hundred forty of this chapter, and shall exclude investments in subsidiaries referred to in subsection (c) of section one thousand seven hundred four of this chapter.

(h) The superintendent shall promulgate regulations to:

(1) define terms used in this section that are not otherwise defined;

(2) establish the content of the derivative use plan to be submitted by an insurer to the superintendent pursuant to this section;

(3) establish effective management oversight standards, including quarterly reporting to the board of directors or a committee thereof charged with the responsibility for supervising investments, for

transactions authorized pursuant to this section;

(4) require that the insurer establish adequate systems of internal control and reporting to ensure that derivative transactions are properly supervised and that transactions are in accordance with the insurer's authorized policies and procedures;

(5) establish documentation and reporting requirements for transactions authorized pursuant to this section;

(6) establish appropriate accounting standards for derivative transactions authorized pursuant to this section; and

(7) the provisions of this section shall not be deemed to authorize the superintendent to promulgate any rule or regulation, circular letter or directive, that in any way expands the superintendent's authority to (i) approve or regulate an insurer's entire investment portfolio or investment strategy, or (ii) impose standards on corporate governance that are either stricter or contrary to the provisions contained in this article or the business corporation law.

(i) For purposes of other provisions of this chapter, derivative instruments and derivative transactions entered into under this section shall be deemed to be investments, provided that if this section conflicts with any other provisions of this chapter, the provisions of this section shall prevail.

(j) The superintendent may order an insurer to cease effecting and maintaining transactions authorized by this section upon a finding that continued operations hereunder could be detrimental to the best interests of the policyholders or the public.

(k) Any foreign insurer engaging in derivative transactions and derivative instruments shall be subject to and comply with all the provisions of this section. However, a foreign insurer may engage in derivative transactions not authorized by this section provided that: (1) such insurer is authorized to engage in such transactions pursuant to its domestic state law; (2) such insurer includes the intent to engage in such derivative transactions in the derivative use plan submitted to and approved by the superintendent pursuant to paragraph three of subsection (b) of this section; (3) the transactions are not deemed, by the superintendent, to be potentially detrimental to the policy holders or the public in this state; and (4) the insurer complies with subsection (a) of section one thousand four hundred thirteen of

this article after the surplus to policyholders is reduced by the amount of all derivative transactions not authorized by this section in accordance with the measurement standards of paragraph one of subsection (c) of this section. For purposes of this subsection, a foreign insurer shall include foreign insurers as defined in paragraph twenty-one of subsection (a) of section one hundred seven of this chapter, foreign fraternal benefit societies, and accredited reinsurers.

(l) An insurer may enter into replication transactions provided that:

(1) the insurer would otherwise be authorized to invest its funds under this chapter in the asset being replicated;

(2) the asset being replicated is subject to all provisions and limitations (including quantitative limits) on the making thereof specified in this chapter with respect to investments by the insurer, as if the transaction constituted a direct investment by the insurer in the asset being replicated; and

(3) as a result of giving effect to the replication transaction, the aggregate statement value of all assets being replicated does not exceed ten percent of the insurer's admitted assets.

§ 1411. Authorization of, and restrictions on, investments. (a) No domestic insurer shall make any loan or investment, except as provided in subsection (h) hereof, unless authorized or approved by its board of directors or a committee thereof responsible for supervising or making such investment or loan. The committee's minutes shall be recorded and a report submitted to the board of directors at its next meeting.

(b) No such insurer shall participate in any underwriting of the purchase or sale of securities in advance of their issuance. Any such insurer may enter into any agreement to sell or withhold from sale any of its property as long as the insurer is not participating in an underwriting. The disposition of its property shall be the responsibility of its board of directors, in accordance with its charter and by-laws.

(c) Except as otherwise specifically provided in this chapter, no domestic insurer shall pledge or transfer any securities as collateral for a loan (including a sale of securities subject to an unconditional obligation to repurchase the same) if such loan and all other

outstanding loans secured by pledge or deposit of its securities will exceed, when the loan is made, five percent of its admitted assets as shown by its last sworn statement to the superintendent, unless the superintendent shall first give his permission for such loan as necessary in the conduct of the insurer's business. No pledge or transfer of securities for a loan shall be made if the insurer does not receive the loan's proceeds. Nothing in this section shall be construed as prohibiting an insurer from selling or purchasing individually or on its account jointly with one or more of its subsidiaries the securities of any investment company to which the insurer or any of its subsidiaries renders management, investment advisory or sales services, nor from participating in such sales or purchases jointly with any person in the insurer's holding company system, as defined in section one thousand five hundred one of this chapter.

(d) No domestic stock insurer shall purchase its own capital shares except pursuant to section seven thousand three hundred two of this chapter or pursuant to a plan of stock redemption and retirement approved by the superintendent as reasonable and equitable. No domestic insurer shall enter into any agreement in connection with the sale of any property to repurchase such property or any part thereof, except that such an insurer may (subject to the provisions of subsection (b) of this section) sell securities subject to an unconditional obligation to repurchase the same on a date not more than one year from the date of sale. This subsection shall not apply to the purchase or sale of directors' qualifying shares.

(e) No director or officer of an insurer doing business in this state shall receive, in addition to his fixed salary or compensation, any money or valuable thing, directly or indirectly, or through any substantial interest in any other corporation or business unit, for negotiating, procuring, recommending or aiding in any purchase or sale of property, or loan, made by such insurer or any affiliate or subsidiary thereof; nor shall he be pecuniarily interested, as principal, co-principal, agent or beneficiary, directly or indirectly, or through any substantial interest in any other corporation or business unit, in any such purchase, sale or loan. This subsection shall not prohibit:

(1) a member of the board of directors of an insurer, other than life,

from receiving his share of the usual commission earnings of a stock exchange firm of which he is a partner;

(2) an insurer, other than life, or any life insurer all of whose shares (except directors' qualifying shares) is owned by any corporation organized primarily for, and engaged primarily in the business of, providing support, relief, pensions, annuities or insurance for the priests, clergy or ministers of any religious denomination or their dependents, from paying any corporation or partnership in which any director of the insurer has an interest or is an officer or director or partner, a reasonable fee for investment advice, provided such compensation is not in excess of the amounts customarily charged for the same type of service; or

(3) any transaction or class of transactions which comply with section one thousand five hundred five or article sixteen of this chapter.

(f) (1) No insurer doing business in this state shall, except as provided in subsection (h) hereof, make any loan to any of its directors or officers, directly or indirectly, or through its subsidiaries; nor shall any such director or officer accept any such loan directly or indirectly.

(2) No such insurer shall make any advance to any of its directors or officers for future services to be performed beyond a period of one year from the date of making such advance.

(g) No insurer doing business in this state, nor any affiliate or subsidiary thereof, shall directly or indirectly guarantee the financial obligation of any director or officer of such insurer, affiliate or subsidiary, and any such guaranty shall be void. In this subsection, "guarantee" shall not include the making of a contract of insurance of the kind specified in paragraphs thirteen, fourteen, fifteen or sixteen of subsection (a) of section one thousand one hundred thirteen of this chapter.

(h) Nothing contained in this chapter shall prohibit a life insurance company from making a policy loan upon its policy or contract in an amount not exceeding the net reserve value of the policy or contract, or any insurer from:

(1) Acquiring (i) in the case of an insurer making investments under the authority of section one thousand four hundred four of this article, such real property serving as the residence of a non-director officer as

may be acquired under the provisions of paragraph five of subsection (a) of section one thousand four hundred four of this article, or (ii) in the case of an insurer making investments under the authority of section one thousand four hundred five of this article, real property serving as the residence of a non-director officer, under the provisions of paragraph four of subsection (a) of section one thousand four hundred five of this article and with the approval of the superintendent in the case of domestic insurers, in connection with the relocation by the insurer of the place of employment of such officer (including any relocation in connection with initial employment), at a purchase price not exceeding the lesser of the value of such property as determined by an independent appraiser for the purpose of such acquisition or one hundred fifty thousand dollars, provided such officer has made reasonable efforts otherwise to dispose of such property for a period of not less than one month immediately prior to such acquisition; or

(2) Making a loan to a non-director officer secured by real property owned by such officer and improved with a one-family dwelling, which is to serve as such officer's residence, provided that (i) such loan qualifies under paragraph four of subsection (a) of section one thousand four hundred four (in the case of an insurer that makes investments under the authority of section one thousand four hundred four) or paragraph three of subsection (a) of section one thousand four hundred five (in the case of an insurer that makes investments under the authority of section one thousand four hundred five) of this article, (ii) such loan is made in connection with the relocation by the insurer of the place of employment of such officer (including any relocation in connection with initial employment), and (iii) in the case of a domestic insurer, such loan is approved by the superintendent.

For the purposes of paragraphs one and two of this subsection, paragraphs four and five of subsection (a) of section one thousand four hundred four and paragraphs three and four of subsection (a) of section one thousand four hundred five of this article, real property shall include a condominium unit and stock of a cooperative apartment corporation, if such stock entitles the holder thereof to a proprietary lease of a one-family apartment serving as the residence of the officer.

§ 1412. Disposal or deduction of investments unlawfully acquired. (a) Every domestic insurer shall forthwith dispose of any investment acquired in violation of the law in force at the date of acquisition.

(b) In determining the financial condition of any such insurer, the value of any wholly ineligible investments, and the value of any investment in excess of any limitation prescribed in this chapter, shall be deducted as a non-admitted asset of such insurer.

§ 1413. Investments of foreign and alien insurers. (a) The superintendent may refuse a new or renewal license to any foreign insurer, if he finds that its investments do not comply in substance with the investment requirements and limitations imposed by this chapter upon like domestic insurers hereafter organized to do the same kind or kinds of insurance business. For the purposes of this subsection, except for derivative transactions authorized pursuant to section one thousand four hundred ten of this article, a foreign insurer's investments shall be deemed to comply in substance with such requirements and limitations if, after disallowing as admitted assets in whole or in part any investments not in compliance therewith, the superintendent finds that such foreign insurer's adjusted surplus to policyholders is not less than an amount which is reasonable in relation to its outstanding liabilities and adequate to its financial needs, and at least equal to the minimum surplus to policyholders required on organization of a domestic insurer to do the same kind or kinds of insurance business. The superintendent may recognize like securities of a foreign insurer's home state as minimum capital or minimum surplus to policyholder investments in lieu of the securities specified in paragraphs two and four of subsection (b) of section one thousand four hundred two of this article. Foreign insurers engaging in derivative transactions pursuant to section one thousand four hundred ten of this article shall comply with subsection (k) of such section for the purposes of substantial compliance.

(b) No alien insurer shall be authorized to do business in this state unless its general state deposits and its trusteed assets comply with the requirements and limitations of this chapter applicable to like

foreign insurers hereafter licensed to do the same kind or kinds of insurance business, except that foreign investments shall be allowed to the following extent only:

(1) Obligations issued or guaranteed by the government of the country in which the alien insurer was organized or by any province or other major political subdivision thereof and not in default as to principal or interest, may be recognized as reserve investments under section one thousand four hundred four of this article (in the case of insurers making investments under section one thousand four hundred four of this article) or as investments under section one thousand four hundred five (in the case of insurers making investments under section one thousand four hundred five of this article) in an amount not exceeding the statutory deposit required by the provisions of section one thousand three hundred twenty of this chapter.

(2) Except as provided in paragraph one hereof, for an alien non-life insurer foreign investments that qualify as a reserve investment pursuant to the provisions of paragraph six of subsection (a) of section one thousand four hundred four of this article may be included in such alien insurer's trusteed assets in an aggregate amount not exceeding ten percent of the admitted assets of such insurer's United States branch as shown by its last statement on file with the superintendent, or, for an alien life insurer, foreign investments that qualify pursuant to the provisions of paragraph seven of subsection (a) of section one thousand four hundred five of this article may be included in such alien insurer's trusteed assets in an aggregate amount not exceeding the applicable quantitative limitations, as set forth in such paragraph seven.

(c) The superintendent may refuse a new or renewal license to any foreign or alien insurer which holds a direct or indirect ownership interest in a risk retention group, as defined in article fifty-nine of this chapter, other than in a risk retention group all of whose members are insurance companies.

(d) This section shall not relieve any foreign or alien insurer from compliance with any other provision of this chapter.

§ 1414. Valuation of investments. (a) (1) All obligations having a

fixed term and rate of interest and held by any life insurance company or fraternal benefit society authorized to do business in this state, if amply secured and not in default as to principal or interest, shall be valued as follows:

(A) if purchased at par, at the par value;

(B) if purchased above or below par, on the basis of the purchase price adjusted so as to bring the value to par at maturity and yield in the meantime the effective rate of interest at which the purchase was made, or, in the superintendent's discretion, on the basis of the method of calculation commonly known as the pro rata method.

(2) The purchase price shall in no case be taken at a higher figure than the actual market value at the time of acquisition.

(3) The superintendent shall have the power to determine the eligibility of any such investments for valuation on the basis of amortization, and may by regulation prescribe or limit the types of securities so eligible for amortization. All obligations which in the judgment of the superintendent are not amply secured shall not be eligible for amortization and shall be valued in accordance with subsection (b) hereof.

(4) The superintendent may, if he finds that the interests of policyholders so permit or require, by regulation permit or require any class of insurers, other than life insurance companies or fraternal benefit societies, authorized to do business in this state, to value their obligations in accordance with the foregoing rule.

(b) (1) Except securities subject to amortization and except as otherwise provided in this chapter, the investments (including any investments in an investment company) of all insurers authorized to do business in this state shall be valued, in the discretion of the superintendent, at their market value, or at their appraised value, or at prices determined by him as representing their fair market value.

(2) If the superintendent finds that in view of the character of investments of the insurer it would be prudent for such insurer to establish a special reserve for possible losses or fluctuations in the values of its investments, he may require that a reserve, reasonable in amount, be established and maintained and that it be reported in any statement or report of the financial condition of such insurer.

(3) The superintendent may, in connection with any examination or

required financial statement of the insurer, require it to furnish him a complete financial statement and audited report of the financial condition of any corporation whose securities are owned wholly or partly by such insurer and may cause an examination to be made of any subsidiary or affiliate of such insurer.

(c) (1) The shares of an insurance company which is not a subsidiary, or affiliate, including for purposes of this subsection any corporation having a majority of its assets invested in one or more insurance companies, shall be valued in accordance with subsection (b) of this section if such shares are registered on a national securities exchange, as provided in the federal Securities Exchange Act of 1934, 15 U.S.C. §§ 78a-78kk.

(2) Except as otherwise provided in section four thousand two hundred forty of this chapter, shares of an insurance company which is a subsidiary, or affiliate, shall be valued according to the methods approved by the National Association of Insurance Commissioners for the valuation of subsidiary, controlled and affiliated entities, or such other method that the superintendent in a regulation determines would be in the best interests of the policyholders and the people of this state.

(3) The book value of common shares of an insurance company shall be ascertained by dividing (i) the amount of the insurer's capital and surplus less the value of all its preferred shares, if any, outstanding, by (ii) the number of common shares outstanding.

(4) Notwithstanding the foregoing provisions, an insurer may, at its option, value its shares in a subsidiary insurance company in an amount not less than acquisition cost if it is less than the value determined as hereinbefore provided.

(d) Real property acquired by foreclosure or by deed in lieu thereof, in the absence of a recent appraisal deemed reliable by the superintendent, shall not be valued at an amount greater than the unpaid principal of the defaulted loan at the date of such acquisition, together with any taxes and expenses paid or incurred by such insurer at such time in connection with such acquisition (but not including any uncollected interest on such loan), and the cost of additions or improvements thereafter made by such insurer and any amounts thereafter paid by such insurer on any assessments levied for improvements in connection with the property.

(e) Purchase money mortgages received on dispositions of real property shall be valued in an amount not exceeding ninety percent of the value of such real property as determined by an appraisal made by an appraiser at or about the time of the disposition; provided that purchase money mortgages received on dispositions of real property acquired or held pursuant to paragraph five of subsection (a) of section one thousand four hundred four of this article or on dispositions of real property acquired or held under section one thousand four hundred five of this article in satisfaction of loans, mortgages, liens, judgments, decrees or other debts previously owing to such insurer in the course of its business shall in no event be valued in an amount exceeding its acquisition costs.

(f) The stock of a subsidiary of an insurer shall be valued on the basis of the greater of: (i) the value of only such assets of such subsidiary as would constitute lawful investments if acquired or held directly by the insurer; or (ii) such other value as may be determined pursuant to standards and cumulative limitations in regulations promulgated by the superintendent.

(g) Notwithstanding any provision contained in this section or elsewhere in this chapter, if the superintendent finds that the interests of policyholders so permit or require, he may permit or require any class of insurers authorized to do business in this state to value their investments or any class thereof as of any date heretofore or hereafter in accordance with any applicable valuation or method approved by the National Association of Insurance Commissioners.

§ 1415. Investments of domestic insurers in persons included on list of persons engaged in investment activities in Iran treated as nonadmitted assets. 1. As used in this section, the following definitions shall apply:

(a) "Iran" shall have the same definition as used in section one hundred sixty-five-a of the state finance law.

(b) "Person" shall have the same definition as used in section one hundred sixty-five-a of the state finance law.

(c) "Investment" shall mean any investment permitted under section fourteen hundred four or fourteen hundred five of this article.

2. Investments by a domestic insurer in persons which are included on the list of persons created by the office of general services pursuant to paragraph (b) of subdivision three of section one hundred sixty-five-a of the state finance law shall be treated as nonadmitted assets.

3. On or before December thirtieth, two thousand thirteen, and annually thereafter, the insurer shall determine what investments it had in the past calendar year, including any transfers or other transactions, in persons which are included on the list of persons created by the office of general services pursuant to paragraph (b) of subdivision three of section one hundred sixty-five-a of the state finance law.

4. On March first, two thousand fourteen, and annually thereafter, the insurer shall provide the department with a list of investments it had in the past calendar year, including any transfers or other transactions, in persons included on the list of persons created by the office of general services described in subdivision three of this section, including, but not limited to, the issuer, by name, of all the stock, bonds, securities, and other evidence of indebtedness.

5. This section shall cease to be operative if both of the following apply:

(a) Iran is removed from the United States department of state's list of countries that have been determined to repeatedly provide support for acts of international terrorism.

(b) Pursuant to the appropriate federal statute, the president of the United States determines and certifies to the appropriate committee of the congress of the United States that Iran has ceased its efforts to design, develop, manufacture, or acquire a nuclear explosive device or related materials and technology.

ARTICLE 15
HOLDING COMPANIES

Section 1501. Definitions; determinations.
1502. Exemptions.
1503. Registration.
1504. Reporting; examination; publication.
1505. Transactions within a holding company system affecting controlled insurers.
1506. Acquisition or retention of control of insurers.
1507. Management of controlled insurers.
1508. Acceptance of reports filed with government agencies.
1509. Prohibition of indirect action.
1510. Violations; penalties; jurisdiction over non-domiciliaries.
1511. Expenses for group-wide supervision.

§ 1501. Definitions; determinations. (a) In this article, unless the context shall otherwise require:

(1) "Person" means an individual, partnership, firm, association, corporation, joint-stock company, trust, any similar entity or any combination of the foregoing acting in concert.

(2) "Control", including the terms "controlling", "controlled by" and "under common control with", means the possession direct or indirect of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting securities, by contract (except a commercial contract for goods or non-management services) or otherwise; but no person shall be deemed to control another person solely by reason of his being an officer or director of such other person. Subject to subsection (c) hereof, control shall be presumed to exist if any person directly or indirectly owns, controls or holds with the power to vote ten percent or more of the voting securities of any other person.

(3) "Holding company" means any person who directly or indirectly controls any authorized insurer.

(4) "Controlled insurer" means an authorized insurer controlled directly or indirectly by a holding company.

(5) "Controlled person" means any person other than a controlled insurer, who is controlled directly or indirectly by a holding company.

(6) "Holding company system" means a holding company together with its controlled insurers and controlled persons.

(7) "Enterprise risk" means any activity, circumstance, event, or series of events involving the holding company system that, if not remedied promptly, is likely to have a material adverse effect upon the financial condition or liquidity of the insurer or its holding company system, including anything that would cause the insurer's risk-based capital to fall into company action level as set forth in section one thousand three hundred twenty-two or one thousand three hundred twenty-four of this chapter, or that would cause further transaction of business to be hazardous to the insurer's policyholders or creditors or the public.

(8) "Group capital calculation instructions" means the group capital calculation instructions as adopted by the NAIC and as amended by the NAIC from time to time in accordance with the procedures adopted by the NAIC, except where such instructions conflict with the laws of this state and subject to exceptions the superintendent may take in a regulation upon a written finding that the exceptions would not be unduly burdensome on the holding company or insurer.

(9) "NAIC" means the National Association of Insurance Commissioners.

(10) "NAIC liquidity stress test framework" means an NAIC publication that includes a history of the NAIC's development of regulatory liquidity stress testing, the scope criteria applicable for a specific data year, and the liquidity stress test instructions and reporting templates for a specific data year, such scope criteria, instructions and reporting template being as adopted by the NAIC and as amended by the NAIC from time to time in accordance with the procedures adopted by the NAIC, except where such instructions conflicts with the laws of this state and subject to exceptions the superintendent may take in a regulation upon a written finding that the exceptions would not be unduly burdensome on the holding company or insurer.

(11) "Scope criteria" means the designated exposure bases along with minimum magnitudes thereof for the specified data year, used to establish a preliminary list of insurers considered scoped into the NAIC liquidity stress test framework for that data year.

(b) Notwithstanding the provisions of paragraph two of subsection (a) of this section, the superintendent may determine, after notice and

opportunity to be heard, that a person exercises directly or indirectly either alone or pursuant to an agreement with one or more other persons such a controlling influence over the management or policies of an authorized insurer as to make it necessary or appropriate in the public interest or for the protection of the insurer's policyholders or shareholders that the person be deemed to control the insurer.

(c) The superintendent may determine upon application that any person does not or will not upon the taking of some proposed action control another person. Such determination shall be made within thirty days or such further period as the superintendent may prescribe. The filing of the application in good faith by any person shall relieve the applicant from any obligation or liability imposed by this article with respect to the subject of the application, except as contained in section one thousand five hundred six of this article, until the superintendent has acted upon the application. The superintendent may prospectively revoke or modify his determination, after notice and opportunity to be heard, whenever in his judgment revocation or modification is consistent with this article.

(d) For the purposes of this article only, every foreign life insurer which is authorized to do business in this state which is controlled by a person not authorized to do an insurance business in this state, and which, during its three preceding fiscal years taken together, or during any lesser period of time if it has been licensed to transact its business in New York only for such lesser period of time, has written an average of more gross premiums in the state of New York than it has written in its state of domicile during the same period, and such gross premiums written constitute twenty percent or more of its total gross premiums written everywhere in the United States for such three year or lesser period, as reported in its three most recent annual statements, shall be deemed a domestic insurer, provided written notice of the applicability of this subsection is given to such company by the superintendent prior to this article being applicable.

§ 1502. Exemptions. (a) Notwithstanding any other provision of this article the following shall not be deemed holding companies:

(1) authorized insurers, including alien insurers transacting business

in this state through United States branches, or their subsidiaries; or

(2) the United States, a state or any political subdivision, agency or instrumentality thereof, or any corporation wholly owned directly or indirectly by one or more of the foregoing.

(b) The superintendent may conditionally or unconditionally exempt any specified person or class of persons from any obligation or liability under this article, if and to the extent he finds the exemption necessary or appropriate in the public interest or not adverse to the interests of policyholders or shareholders and consistent with the purposes of this article.

§ 1503. Registration. (a) Every person who becomes a controlled insurer shall, within thirty days thereafter register with the superintendent and shall amend the registration within thirty days following any change in the identity of its holding company or any other material change to the information provided in the registration. The registration shall be in such form and shall contain such matters as the superintendent prescribes. The superintendent may grant reasonable extensions of the time to register.

(b) A holding company that directly or indirectly controls an insurer shall adopt a formal enterprise risk management function and shall file an enterprise risk report with the superintendent by April thirtieth of each year. The report shall, to the best of the holding company's knowledge and belief, identify the material risks within the holding company system that could pose enterprise risk to the insurer.

(c) (1) An ultimate holding company shall file with the superintendent an annual group capital calculation by June thirtieth of each year when this state is the lead state of the holding company system as determined in accordance with the procedures within the financial analysis handbook adopted by the NAIC, as amended from time to time. When the lead state is not this state, an ultimate holding company shall file with the superintendent the annual group capital calculation as adopted by its lead state if the ultimate holding company has filed the annual group capital calculation with the lead state but the lead state is not willing or able to share the annual group capital calculation with the superintendent.

(2) When this state is the lead state, the ultimate holding company shall complete the annual group capital calculation in accordance with the group capital calculation instructions, which may permit the superintendent to allow a holding company that is not the ultimate holding company to file the annual group capital calculation.

(3) When this state is the lead state, an ultimate holding company shall be exempt from filing an annual group capital calculation if it is part of a holding company system that:

(A) has only one insurer within its system that only writes business and is only licensed in its domestic state and assumes no business from any other insurer;

(B) is required to perform a group capital calculation specified by the United States Federal Reserve Board, except that the holding company shall not be exempt if the superintendent requests the group capital calculation from the United States Federal Reserve Board under the terms of information sharing agreements in effect and the Federal Reserve Board cannot share the calculation with the superintendent;

(C) has a non-United States group-wide supervisor that is located within a reciprocal jurisdiction, as described in part one hundred twenty-five of title eleven of the official compilation of codes, rules and regulations of this state, that recognizes the United States state regulatory approach to group supervision and group capital; or

(D)(i) provides information to the superintendent, either directly or indirectly through the group-wide supervisor, who has determined such information is satisfactory to allow the superintendent to comply with the NAIC group supervision approach, as detailed in the NAIC financial analysis handbook; and

(ii) has a non-United States group-wide supervisor that is not in a reciprocal jurisdiction that recognizes and accepts, as specified by the superintendent in a regulation, the group capital calculation as the world-wide group capital assessment for United States holding company systems that operate in that jurisdiction.

(4) Notwithstanding subparagraphs (C) and (D) of paragraph three of this subsection, when this state is the lead state, the superintendent shall require the group capital calculation for United States operations of any non-United States-based holding company system where, after any necessary consultation with other supervisors or officials, it is deemed

appropriate by the superintendent for prudential oversight and solvency monitoring purposes or for ensuring the competitiveness of the insurance marketplace.

(5) Notwithstanding the exemptions from filing the group capital calculation set forth in paragraph three of this subsection, when this state is the lead state, the superintendent has the discretion to exempt a holding company from filing an annual group capital calculation or accept a limited group capital calculation filing or report in accordance with criteria as specified by the superintendent in a regulation.

(6) When this state is the lead state, if the superintendent determines that a holding company no longer meets one or more of the requirements for an exemption from filing the group capital calculation under this subsection, the holding company shall file the group capital calculation at the next annual filing date unless given an extension by the superintendent based on reasonable grounds shown.

(d)(1) An ultimate holding company that directly or indirectly controls an insurer subject to registration and that is scoped into the NAIC liquidity stress test framework shall file the results of a specific year's annual liquidity stress test with the superintendent when this state is the lead state of the holding company system as determined by the procedures within the financial analysis handbook adopted by the NAIC and as amended from time to time.

(2) When the lead state is not this state, an ultimate holding company shall file with the superintendent the results of a specific year's liquidity stress test as adopted by its lead state if the ultimate holding company has filed the results with the lead state but the lead state is not willing or able to share the results with the superintendent.

(3) When this state is the lead state, the performance of, and filing of the results from, a specific year's liquidity stress test shall comply with the NAIC liquidity stress test framework.

(4) When this state is the lead state, any change to the NAIC liquidity stress test framework or to the data year for which the scope criteria are to be measured shall be effective on January first of the year following the calendar year when such changes are adopted.

(5) When this state is the lead state, an insurer meeting at least one

threshold of the scope criteria shall be considered scoped into the NAIC liquidity stress test framework for the specified data year unless the superintendent, in consultation with the NAIC financial stability task force, or its successor, determines the insurer shall not be scoped into the NAIC liquidity stress test framework for that data year.

(6) When this state is the lead state, an insurer that does not trigger at least one threshold of the scope criteria shall be considered scoped out of the NAIC liquidity stress test framework for the specified data year, unless the superintendent, in consultation with the NAIC financial stability task force, or its successor, determines the insurer shall be scoped into the NAIC liquidity stress test framework for that data year.

(7) The superintendent, in consultation with the NAIC financial stability task force, or its successor, shall assess the concern of wishing to avoid having insurers scoped in and out of the NAIC liquidity stress test framework on a frequent basis as part of the determination for an insurer.

(e) No insurer, insurance producer, or other person shall make, publish, disseminate, circulate, issue, or place before the public, or cause directly or indirectly to be made, published, disseminated, circulated, issued, or placed before the public, in this state, in any newspaper, magazine, or other publication, or in the form of a notice, circular, pamphlet, letter, or poster, or over any radio or television station or any electronic means of communication available to the public, or in any other way as an advertisement, announcement, or statement containing a representation or statement with regard to the group capital calculation, group capital ratio, liquidity stress test results, or supporting disclosures for such test, or any component derived in the calculation thereof, of any insurer or holding company system, provided, however, that an insurer may publish, with the superintendent's prior approval, an announcement in a written publication to rebut any materially false statement with respect to the foregoing if the insurer is able to demonstrate to the superintendent with substantial proof the falsity of such statement or inappropriateness, as the case may be, and if the sole purpose of the announcement is to rebut the materially false statement.

§ 1504. Reporting; examination; publication. (a) (1) Every controlled insurer shall file with the superintendent such reports or material as the superintendent may direct for the purpose of disclosing information concerning the operations of persons within the holding company system that may materially affect the operations, management or financial condition of the insurer.

(2) To determine compliance with this article, the superintendent may order any controlled insurer to produce information not in the insurer's possession if the insurer can obtain access to the information pursuant to contractual relationships, statutory obligations, or other method. In the event the insurer cannot obtain the information requested by the superintendent, the insurer shall provide the superintendent a detailed explanation of the reason that the insurer cannot obtain the information and the identity of the holder of information. Whenever it appears to the superintendent that the detailed explanation is without merit, in addition to any other penalty provided by law, the superintendent, after notice and an opportunity to be heard, may levy a penalty against the insurer not to exceed five hundred dollars per day for each day beyond the date specified by the superintendent for response.

(b) Every holding company and every controlled person within a holding company system shall be subject to examination by order of the superintendent if the superintendent has cause to believe that the operations of such persons may materially affect the operations, management or financial condition of any controlled insurer within the system, including by posing enterprise risk to the insurer, and that the superintendent is unable to obtain relevant information from such controlled insurer. The grounds relied upon by the superintendent for such examination shall be stated in the superintendent's order. Such examination shall be confined to matters specified in the order. The cost of such examination shall be assessed against the person examined and no portion thereof shall thereafter be reimbursed to it directly or indirectly by the controlled insurer.

(c) (1) The contents of each report and filing made pursuant to this article and any information obtained in connection therewith shall be confidential and proprietary and shall not be subject to subpoena or discovery or admissible in evidence in any private civil action, and the

superintendent shall not make the same public without the prior written consent of the controlled insurer to which it pertains unless the superintendent, after notice and an opportunity to be heard, shall determine that the interests of policyholders, shareholders or the public will be served by the publication thereof. In any action or proceeding by the superintendent against the person examined or any other person within the same holding company system a report of such examination published by the superintendent shall be admissible as evidence of the facts stated therein.

(2) Neither the superintendent nor any person who received a report or filing made pursuant to this article and any information obtained in connection therewith, through examination or otherwise, while acting under the authority of the superintendent or with whom such report, filing, or information are shared pursuant to this chapter, shall be permitted or required to testify in any private civil action concerning the report, filing, or information.

§ 1505. Transactions within a holding company system affecting controlled insurers. (a) Transactions within a holding company system to which a controlled insurer is a party shall be subject to the following:

(1) the terms shall be fair and equitable;

(2) charges or fees for services performed shall be reasonable; and

(3) expenses incurred and payments received shall be allocated to the insurer on an equitable basis in conformity with customary insurance accounting practices consistently applied.

(b) The books, accounts and records of each party to all such transactions shall be so maintained as to clearly and accurately disclose the nature and details of the transactions including such accounting information as is necessary to support the reasonableness of the charges or fees to the respective parties.

(c) The superintendent's prior approval shall be required for the following transactions between a domestic controlled insurer and any person in its holding company system: sales, purchases, exchanges, loans or extensions of credit, or investments, involving five percent or more of the insurer's admitted assets at last year-end.

(d) The following transactions between a domestic controlled insurer

and any person in its holding company system may not be entered into unless the insurer has notified the superintendent in writing of its intention to enter into any such transaction at least thirty days prior thereto, or with regard to reinsurance treaties or agreements at least forty-five days prior thereto, or such shorter period as the superintendent may permit, and the superintendent has not disapproved it within such period:

(1) sales, purchases, exchanges, loans or extensions of credit, or investments involving less than five percent of the insurer's admitted assets at last year-end, provided the transactions are equal to or exceed:

(A) the lesser of three percent of the insurer's admitted assets or twenty-five percent of capital and surplus at last year-end, with regard to an accident and health insurance company or a corporation subject to article forty-three of this chapter;

(B) three percent of the insurer's admitted assets at last year-end, with regard to a life insurance company; or

(C) the lesser of three percent of the insurer's admitted assets or twenty-five percent of surplus to policyholders at last year-end, with regard to an insurer other than as specified in subparagraphs (A) and (B) of this paragraph;

(2) reinsurance treaties or agreements;

(3) rendering of services on a regular or systematic basis; or

(4) any material transaction, specified by regulation, that the superintendent determines may adversely affect the interests of the insurer's policyholders or shareholders.

Nothing herein contained shall be deemed to authorize or permit any transaction that, in the case of a non-controlled insurer, would be otherwise contrary to law.

(e) The superintendent, in reviewing transactions pursuant to subsections (c) and (d) hereof, shall consider whether they comply with the standards set forth in subsections (a) and (b) hereof and whether they may adversely affect the interests of policyholders.

(f) This section shall not apply to transactions subject to article sixteen or article seventeen or section one thousand four hundred eight or any sections of this chapter which impose notice or approval

requirements greater than those in this section.

§ 1506. Acquisition or retention of control of insurers. (a) No person, other than an authorized insurer, shall acquire control of any domestic insurer, whether by purchase of its securities or otherwise, unless:

(1) it gives twenty days written notice to the insurer, or such shorter period of notice as the superintendent permits, of its intention to acquire control, provided that the notice shall include an agreement by the person seeking to acquire control that the person will provide the annual report specified in section one thousand five hundred three of this article for so long as control exists; and

(2) it receives the superintendent's prior approval.

(b) The superintendent shall disapprove such acquisition if he determines, after notice and an opportunity to be heard, that such action is reasonably necessary to protect the interests of the people of this state. Only the following factors may be considered in making such determination:

(1) the financial condition of the acquiring person and the insurer;

(2) the trustworthiness of the acquiring person or any of its officers or directors;

(3) a plan for the proper and effective conduct of the insurer's operations;

(4) the source of the funds or assets for the acquisition;

(5) the fairness of any exchange of shares, assets, cash or other consideration for the shares or assets to be received;

(6) whether the effect of the acquisition may be substantially to lessen competition in any line of commerce in insurance or to tend to create a monopoly therein; and

(7) whether the acquisition is likely to be hazardous or prejudicial to the insurer's policyholders or shareholders.

(c) (1) The following conditions affecting any controlled insurer, regardless of when such control has been acquired, are violations of this article:

(A) the controlling person or any of its officers or directors have demonstrated untrustworthiness; and

(B) the effect of retention of control, in the case of a domestic controlled insurer, may be substantially to lessen competition in any line of commerce in insurance or to tend to create a monopoly therein, or, in the case of a foreign or alien controlled insurer, may be substantially to lessen competition in any line of commerce in insurance in this state or to tend to create a monopoly therein.

(2) If, after notice and an opportunity to be heard, the superintendent determines that any of the foregoing violations exists, he shall issue an order based on written findings and cause the same to be served upon the insurer and all persons affected thereby directing any person found to be in violation hereof to take appropriate action to cure such violation. Upon the failure of any such person to comply with such order, section one thousand five hundred ten of this article shall become applicable.

(d) The superintendent may require the submission of such information as he deems necessary to determine whether any acquisition or retention of control complies with this article and may require, as a condition of approval of such acquisition or retention of control, that all or any portion of such information be disclosed to the insurer's shareholders.

(e) Unless subject to registration under section one thousand five hundred three of this article, or unless acquisition of its control is subject to subsections (a) and (b) hereof, every authorized insurer shall, within thirty days after any event requiring notice hereunder, notify the superintendent in writing of the identity of any person whom the insurer then knows or has reason to believe controls, or has taken any action, other than preliminary negotiations or discussions, to acquire control of the insurer.

(f) Any holding company seeking to divest its controlling interest in a domestic insurer, in any manner, shall file with the superintendent, with a copy to the insurer, notice of its proposed divestiture at least thirty days prior to the cessation of control, provided, however that this subsection shall not apply if notice is provided as required by subsection (a) of this section.

§ 1507. Management of controlled insurers. (a) Notwithstanding the control of an authorized insurer by any person, the insurer's officers

and directors shall not thereby be relieved of any obligation or liability to which they would otherwise be subject by law, and the insurer shall be managed so as to assure its separate operating identity consistent with this chapter.

(b) Nothing herein shall preclude an authorized insurer from having or sharing a common management or cooperative or joint use of personnel, property or services with one or more other persons under arrangements meeting the standards of subsection (a) of section one thousand five hundred five of this article.

§ 1508. Acceptance of reports filed with government agencies. To the extent that any information or material is set forth in forms or other matter on file with any government agency or in a registration form filed with the superintendent by another person within the same holding company system, the controlled insurer may comply with the registration or reporting requirements of this article by referring in its registration form or report to such other filed matter and attaching a copy thereof certified by the insurer as a true and complete copy, to such registration form or report or, if such other filed matter is on file with the superintendent, incorporating such matter by reference.

§ 1509. Prohibition of indirect action. No holding company or controlled person shall directly or indirectly or through another person do or cause to be done for or in behalf of the controlled insurer any act intended to affect the insurance operations of the insurer which, if done by the insurer, would violate section four thousand two hundred twenty-eight, four thousand two hundred twenty-nine, four thousand two hundred thirty or any sections specified in section two thousand four hundred two of this chapter.

§ 1510. Violations; penalties; jurisdiction over non-domiciliaries. (a) In addition to any other penalty provided by law, the superintendent may, upon the wilful failure of any person within a holding company system to comply with this article or any regulation or order

promulgated hereunder:

(1) proceed under article seventy-four of this chapter with respect to a domestic insurer within the holding company system;

(2) revoke or refuse to renew the authority to do business in this state of an authorized foreign or alien insurer within the holding company system or refuse to issue such authority to any other insurer in the system;

(3) request the attorney general to commence a proceeding utilizing the procedures of sections seven thousand four hundred seventeen and seven thousand four hundred eighteen of this chapter to enforce compliance or, where appropriate, for an order directing the termination of control of a domestic insurer; or

(4) direct that, in addition to any other penalty provided by law, such person forfeit to the people of this state a sum not exceeding five hundred dollars for a first violation and two thousand five hundred dollars for any subsequent violation. An additional sum not exceeding two thousand five hundred dollars shall be imposed for each month during which any such violation shall continue.

(b) If the superintendent finds after notice and opportunity to be heard that any domestic controlled insurer or any policyholder thereof has suffered any loss or damage because of the wilful violation of this article, or of any regulation or order promulgated hereunder, by any person within the insurer's holding company system, he may request the attorney general to maintain a civil action in the name of the people of the state or intervene in an action brought by or on behalf of the insurer or policyholder for the recovery of compensatory damages for the benefit of the insurer or policyholder or for other appropriate relief.

(c) As to any cause of action enumerated in this section a court may exercise personal jurisdiction over any non-domiciliary who controls or is an officer or director of a person who controls a domestic insurer.

(d) Whenever it appears to the superintendent that any person has committed a violation of section one thousand five hundred six of this article that prevents the full understanding of the enterprise risk posed to the insurer by the holding company system, the violation may serve as an independent basis for disapproving dividends or distributions or as grounds for rehabilitation or liquidation pursuant to article seventy-four of this chapter.

§ 1511. Expenses for group-wide supervision. A controlled insurer shall be liable for and shall pay the reasonable expenses of the superintendent's participation in the administration of group-wide supervision of internationally active insurance groups, including the engagement of attorneys, actuaries, and any other professionals and all reasonable travel expenses.

ARTICLE 16
SUBSIDIARIES OF DOMESTIC PROPERTY/CASUALTY INSURANCE COMPANIES AND CERTAIN OTHER ENTITIES

Section 1601. Authority to invest in subsidiaries; businesses of subsidiaries.
1602. Minimum ownership of subsidiaries' shares.
1603. Notice of intent to acquire or divest.
1604. Registration.
1605. When corporation is deemed a subsidiary.
1606. Valuation of shares of subsidiary.
1607. Subsidiary's name not to mislead.
1608. Relationships and transactions between parent and subsidiary.
1609. Prohibitions on investments of subsidiaries.
1610. Authority to conduct certain business directly instead of through subsidiary.
1611. Aggregate limitations.
1612. Regulations.
1613. Expenses for group-wide supervision.
1614. Confidentiality of reports and filings.

§ 1601. Authority to invest in subsidiaries; businesses of subsidiaries. (a) (1) A domestic insurer authorized to make investments by subsection (c) of section one thousand four hundred three of this chapter may, subject to section one thousand two hundred eighteen of this chapter invest in, or otherwise acquire, subsidiaries engaged or

organized to engage in any business lawful under the laws of the jurisdiction in which such subsidiaries are organized.

(2) Notwithstanding the provisions of paragraph one of this subsection, no assessment corporation, as defined in subsection (b) of section six thousand six hundred two of this chapter, shall invest in or otherwise acquire, directly or indirectly, an insurance company if such investment or acquisition results in the control of such insurance company by the assessment corporation.

(b) Except as prohibited by paragraph two of subsection (a) of this section, subsidiaries engaged or organized to engage exclusively in owning or investing in insurers, directly or indirectly, are subject to the limitations set forth in sections one thousand two hundred eighteen and one thousand four hundred eight of this chapter.

§ 1602. Minimum ownership of subsidiaries' shares. A domestic insurer shall own not less than fifty-one percent of the issued and outstanding voting shares of each of its subsidiaries.

§ 1603. Notice of intent to acquire or divest. (a) A domestic insurer shall not acquire control of any other domestic insurer, whether by purchase of its securities or otherwise, unless:

(1) a notice of intention of such proposed acquisition shall have been filed with the superintendent not less than ninety days, or such shorter period as may be permitted by the superintendent, in advance of such proposed acquisition; and

(2) the insurer receives the superintendent's prior approval.

(b) The superintendent shall disapprove such acquisition if the superintendent determines that the proposed acquisition is contrary to law or determines that such proposed acquisition would be contrary to the best interests of the parent insurer's policyholders or of the people of this state. Only the following factors shall be considered in making the foregoing determination:

(1) the availability of the funds or assets required for such acquisition;

(2) the fairness of any exchange of shares, assets, cash or other

consideration for the shares or assets to be received;

(3) the impact of the new operation on the parent insurer's surplus and existing insurance business and the risks inherent in the parent insurer's investment portfolio and operations;

(4) the fairness and adequacy of the financing proposed for the subsidiary;

(5) the likelihood of undue concentration of economic power;

(6) whether the effect of the acquisition may be substantially to lessen competition in any line of commerce in insurance or to tend to create a monopoly therein; and

(7) whether the acquisition might result in an excessive proliferation of subsidiaries that would tend to unduly dilute management effectiveness or weaken financial strength, or otherwise be contrary to the best interests of the parent insurer's policyholders or of the people of this state.

(c) At any time after an acquisition the superintendent may order its disposition if the superintendent finds, after notice and an opportunity to be heard, that its continued retention is hazardous or prejudicial to the interests of the parent insurer's policyholders.

(d) Any domestic insurer seeking to divest its controlling interest in another domestic insurer, in any manner, shall file with the superintendent, with a copy to the insurer, notice of its proposed divestiture at least thirty days prior to the cessation of control, provided, however that this subsection shall not apply if notice is provided as required by subsection (a) of this section.

(e) The contents of each notice of intention of a proposed acquisition or divestiture filed hereunder and information pertaining thereto shall be kept confidential, shall not be subject to subpoena and shall not be made public unless after notice and opportunity to be heard the superintendent determines that the interests of policyholders, shareholders or the public will be served by publication.

§ 1604. Registration. (a) An authorized domestic insurer shall register with the superintendent within thirty days of becoming subject to registration and shall amend the registration within thirty days following any material change to the information provided in the

registration. The registration shall be in such form and shall contain such matters as the superintendent prescribes. The superintendent may grant reasonable extensions of the time to register.

(b)(1) An authorized domestic insurer, other than a domestic insurer required to register as a controlled insurer pursuant to section one thousand five hundred three of this chapter, shall adopt a formal enterprise risk management function and shall file an enterprise risk report with the superintendent by April thirtieth of each year. The report shall, to the best of the insurer's knowledge and belief, identify the material risks within any subsidiary that could pose enterprise risk to the insurer.

(2) For the purposes of this article, "enterprise risk" means any activity, circumstance, event, or series of events involving one or more subsidiaries of an insurer that, if not remedied promptly, is likely to have a material adverse effect upon the financial condition or liquidity of the insurer, including anything that would cause the insurer's risk-based capital to fall into company action level as set forth in section one thousand three hundred twenty-four of this chapter, or that would cause further transaction of business to be hazardous to the insurer's policyholders or creditors or the public.

(c) (1) An authorized domestic insurer, other than a domestic insurer required to register as a controlled insurer pursuant to section one thousand five hundred three of this chapter, shall file with the superintendent an annual group capital calculation by June thirtieth of each year when this state is the lead state as determined in accordance with the procedures within the financial analysis handbook adopted by the NAIC, as amended from time to time.

(2) When the lead state is not this state, an authorized domestic insurer shall file with the superintendent the annual group capital calculation as adopted by its lead state if the authorized domestic insurer has filed the annual group capital calculation with the lead state but the lead state is not willing or able to share the annual group capital calculation with the superintendent.

(3) When this state is the lead state, the authorized domestic insurer shall complete the annual group capital calculation in accordance with the group capital calculation instructions, which may permit the superintendent to allow a subsidiary to file the annual group capital

calculation.

(4) When this state is the lead state, an authorized domestic insurer shall be exempt from filing an annual group capital calculation if it:

(A) has only one insurer subsidiary that only writes business and is only licensed in its domestic state and assumes no business from any other insurer;

(B) is required to perform a group capital calculation specified by the United States Federal Reserve Board, except that the authorized domestic insurer shall not be exempt if the superintendent requests the group capital calculation from the United States Federal Reserve Board under the terms of information sharing agreements in effect and the Federal Reserve Board cannot share the calculation with the superintendent;

(C) has a non-United States group-wide supervisor that is located within a reciprocal jurisdiction, as described in part one hundred twenty-five of title eleven of the official compilation of codes, rules and regulations of this state, that recognizes the United States state regulatory approach to group supervision and group capital; or

(D)(i) provides information to the superintendent, either directly or indirectly through the group-wide supervisor, who has determined such information is satisfactory to allow the superintendent to comply with the NAIC group supervision approach, as detailed in the NAIC financial analysis handbook; and

(ii) has a non-United States group-wide supervisor that is not in a reciprocal jurisdiction and that recognizes and accepts, as specified by the superintendent in a regulation, the group capital calculation as the world-wide group capital assessment for United States systems that operate in that jurisdiction.

(5) Notwithstanding subparagraphs (C) and (D) of paragraph four of this subsection, when this state is the lead state, the superintendent shall require the group capital calculation for United States operations of any non-United States-based system where, after any necessary consultation with other supervisors or officials, it is deemed appropriate by the superintendent for prudential oversight and solvency monitoring purposes or for ensuring the competitiveness of the insurance marketplace.

(6) Notwithstanding the exemptions from filing the group capital

calculation set forth in paragraph four of this subsection, when this state is the lead state, the superintendent has the discretion to exempt an authorized domestic insurer from filing an annual group capital calculation or accept a limited annual group capital calculation filing or report in accordance with criteria as specified by the superintendent in a regulation.

(7) When this state is the lead state, if the superintendent determines that an authorized domestic insurer no longer meets one or more of the requirements for an exemption from filing the group capital calculation under this subsection, the authorized domestic insurer shall file the group capital calculation at the next annual filing date unless given an extension by the superintendent based on reasonable grounds shown.

(d)(1) An authorized domestic insurer, other than a domestic insurer required to register as a controlled insurer pursuant to section one thousand five hundred three of this chapter, that has a subsidiary that is scoped into the NAIC liquidity stress test framework shall file the results of a specific year's annual liquidity stress test with the superintendent when this state is the lead state as determined by the procedures within the financial analysis handbook adopted by the NAIC and as amended from time to time.

(2) When the lead state is not this state, an authorized domestic insurer shall file with the superintendent the results of a specific year's liquidity stress test as adopted by its lead state if the authorized domestic insurer has filed the results with the lead state but the lead state is not willing or able to share the results with the superintendent.

(3) When this state is the lead state, the performance of, and filing of the results from, a specific year's liquidity stress test shall comply with the NAIC liquidity stress test framework.

(4) When this state is the lead state, any change to the NAIC liquidity stress test framework or to the data year for which the scope criteria are to be measured shall be effective on January first of the year following the calendar year when such changes are adopted.

(5) When this state is the lead state, an insurer meeting at least one threshold of the scope criteria shall be considered scoped into the NAIC liquidity stress test framework for the specified data year unless the

superintendent, in consultation with the NAIC financial stability task force, or its successor, determines the insurer shall not be scoped into the NAIC liquidity stress test framework for that data year.

(6) When this state is the lead state, an insurer that does not trigger at least one threshold of the scope criteria shall be considered scoped out of the NAIC liquidity stress test framework for the specified data year, unless the superintendent, in consultation with the NAIC financial stability task force, or its successor, determines the insurer shall be scoped into the NAIC liquidity stress test framework for that data year.

(7) The superintendent, in consultation with the NAIC financial stability task force, or its successor, shall assess the concern of wishing to avoid having insurers scoped in and out of the NAIC liquidity stress test framework on a frequent basis as part of the determination for an insurer.

(e) No insurer, insurance producer, or other person shall make, publish, disseminate, circulate, issue, or place before the public, or cause directly or indirectly to be made, published, disseminated, circulated, issued, or placed before the public, in this state, in a newspaper, magazine, or other publication, or in the form of a notice, circular, pamphlet, letter, or poster, or over any radio or television station or any electronic means of communication available to the public, or in any other way as an advertisement, announcement, or statement containing a representation or statement with regard to the group capital calculation, group capital ratio, liquidity stress test results, or supporting disclosures for such test, or any component derived in the calculation thereof, of any authorized domestic insurer or subsidiary thereof, provided, however, that an insurer may publish, with the superintendent's prior approval, announcements in a written publication to rebut any materially false statement with respect to the foregoing if the insurer is able to demonstrate to the superintendent with substantial proof the falsity of such statement or the inappropriateness, as the case may be, and if the sole purpose of the announcement is to rebut the materially false statement.

(f) For the purpose of this section:

(1) "Group capital calculation instructions" means the group capital calculation instructions as adopted by the NAIC and as amended by the

NAIC from time to time in accordance with the procedures adopted by the NAIC, except where such instructions conflict with the laws of this state and subject to exceptions the superintendent may take in a regulation upon a written finding that the exceptions would not be unduly burdensome on the domestic insurer or subsidiary.

(2) "NAIC" means the National Association of Insurance Commissioners.

(3) "NAIC liquidity stress test framework" means an NAIC publication that includes a history of the NAIC's development of regulatory liquidity stress testing, the scope criteria applicable for a specific data year, and the liquidity stress test instructions and reporting templates for a specific data year, such scope criteria, instructions and reporting template being as adopted by the NAIC and as amended by the NAIC from time to time in accordance with the procedures adopted by the NAIC, except where such publication conflicts with the laws of this state and subject to exceptions the superintendent may take in a regulation upon a written finding that the exceptions would not be unduly burdensome on the domestic insurer or subsidiary.

(4) "Scope criteria" means the designated exposure bases along with minimum magnitudes thereof for the specified data year, used to establish a preliminary list of insurers considered scoped into the NAIC liquidity stress test framework for that data year.

§ 1605. When corporation is deemed a subsidiary. (a) For the purposes of this article:

(1) any corporation a majority of whose outstanding voting shares is owned or controlled by another corporation shall be deemed the latter's subsidiary, and

(2) any corporation whose voting shares are held by a domestic insurance company pursuant to section one thousand six hundred two, one thousand six hundred three or one thousand six hundred four of this article shall be deemed the subsidiary of the insurer, provided that for purposes of section one thousand six hundred six of this article, a corporation shall be deemed the insurer's subsidiary only so long as the insurer owns a majority of the total voting shares or retains direct or indirect control of such subsidiary.

(b) For purposes of this article "voting shares" means shares of any

class having voting power for the election of the corporation's directors except shares having such power only by reason of the happening of a contingency.

§ 1606. Valuation of shares of subsidiary. In determining the financial condition of a domestic insurance company, all shares of its subsidiaries held pursuant to this article shall be valued in accordance with subsections (c), (f) and (g) of section one thousand four hundred fourteen of this chapter.

§ 1607. Subsidiary's name not to mislead. The name of any corporation which is a subsidiary of a domestic insurance company shall not be such as to mislead or deceive the public.

§ 1608. Relationships and transactions between parent and subsidiary. (a) The business operations, corporate proceedings and fiscal and accounting records of subsidiaries organized or acquired pursuant to this article shall be conducted or maintained so as to assure the separate legal and operating identities of the parent and subsidiary, but nothing herein shall preclude arrangements for common management or the cooperative or joint use of personnel, property or services otherwise consistent with this chapter.

(b) All transactions between the insurer and its subsidiaries shall be fair and equitable, charges or fees for services performed shall be reasonable and all expenses incurred and payments received shall be allocated to the insurer on an equitable basis in conformity with customary insurance accounting practices consistently applied.

(c) The books, accounts and records of each party to all such transactions shall be so maintained as to clearly and accurately disclose the nature and details of the transactions, including such accounting information as is necessary to support the reasonableness of the charges or fees to the respective parties.

(d) The superintendent may promulgate regulations relating to such subsidiaries, their management and their relationships and transactions

with their parent insurance companies and their affiliates to the extent that the same may affect the operations, management or financial condition of domestic insurers. Subsidiaries that are persons within a holding company system, as such terms are defined in article fifteen of this chapter, shall be subject to the provisions of such article.

(e) The following transactions between a domestic insurer and any subsidiary may not be entered into unless the insurer has notified the superintendent in writing of its intention to enter into any such transaction at least thirty days prior thereto, or with regard to reinsurance treaties or agreements at least forty-five days prior thereto, or such shorter period as the superintendent may permit, and the superintendent has not disapproved it within such period:

(1) sales, purchases, exchanges, loans, extensions of credit, or investments with a subsidy, provided the transactions are equal to or exceed the lesser of three percent of the insurer's admitted assets or twenty-five percent of surplus to policyholders at last year-end;

(2) loans or extensions of credit to any person who is not a subsidiary, where the insurer makes loans or extensions of credit with the agreement or understanding that the proceeds of such transactions, in whole or in substantial part, are to be used to make loans or extensions of credit to, purchase assets of, or make investments in, any subsidiary of the insurer making the loans or extensions of credit, provided the transactions are equal to or exceed the lesser of three percent of the insurer's admitted assets or twenty-five percent of surplus to policyholders at last year-end;

(3) reinsurance treaties or agreements with a subsidiary that the insurer has not otherwise submitted to the superintendent, provided, however, the insurer need not submit a copy of a reinsurance agreement unless requested by the superintendent where the reinsurance premium or a change in the insurer's liabilities, or the projected reinsurance premium or a change in the insurer's liabilities in any of the next three years, is less than five percent of the insurer's surplus to policyholders at last year-end. This shall include agreements that may require, as consideration, the transfer of assets from an insurer to a non-subsidiary, if an agreement or understanding exists between the insurer and non-subsidiary that any portion of the assets will be transferred to one or more subsidiaries of the insurer; and

(4) management agreements, service contracts, tax allocation agreements, guarantees, and all cost-sharing arrangements.

§ 1609. Prohibitions on investments of subsidiaries. No subsidiary acquired by a domestic insurance company pursuant to this article shall make any investment prohibited by subsection (a) of section one thousand four hundred seven of this chapter except that an alien subsidiary may make investments in excess of the limitations described in paragraph seven of such subsection if found by the superintendent to be reasonably necessary to protect the interests of the parent corporation or those of its alien subsidiary and not prejudicial to the interests of the people of this state.

§ 1610. Authority to conduct certain business directly instead of through subsidiary. (a) A domestic insurance company subject to this article may, provided that it maintains books and records which separately account for such business, engage directly in any business referred to in paragraphs one, two and three of this subsection to the extent any such business is necessarily or properly incidental to the insurance business the insurer is authorized to do in this state:

(1) rendering investment advice;

(2) rendering services related to the functions involved in the operation of an insurance business including actuarial, loss prevention, safety engineering, data processing, accounting, claims, appraisals, collections and soliciting and engaging in the business of representing self-insurers pursuant to section fifty of the workers' compensation law; and

(3) acting as administrative agent for a government instrumentality which is performing an insurance function or is responsible for a health or welfare program.

(b) A domestic insurance company subject to this article may, provided that it maintains books and records which separately account for such business, engage directly in any other business activity reasonably ancillary to an insurance business to the extent any such business is approved by the superintendent and subject to any limitations he may

prescribe to protect the interests of the policyholders of the insurer after taking into account:

(1) the effect of such business on the insurer's existing insurance business and its surplus,

(2) the proposed allocation of the estimated cost of such business,

(3) the risks inherent in such business, and

(4) the relative advantages to the insurer and its policyholders of conducting such business directly instead of through a subsidiary.

§ 1611. Aggregate limitations. (a) The aggregate investment by the insurer and its subsidiaries in assets which are owned, managed or acquired pursuant to this article shall not exceed the limitations of this chapter otherwise applicable to such investments if held directly by the insurer.

(b) The aggregate amount of the insurer's investment in subsidiaries shall not exceed fifteen percent of the insurer's invested assets, as defined in subsection (a) of section one thousand four hundred one of this chapter and as shown by its last statement on file with the superintendent, but excluded from this limitation shall be any investment in a subsidiary which is an insurance company and any investment in a subsidiary of the type described in paragraph nine of subsection (a) of section one thousand four hundred four or subparagraph (B) of paragraph four of subsection (a) of section one thousand four hundred seven of this chapter.

§ 1612. Regulations. In addition to the powers expressly given by this article, the superintendent shall have the power to promulgate, from time to time, such regulations, not inconsistent with this chapter, as may be appropriate to carry out this article and, insofar as applicable to this article, other provisions of this chapter.

§ 1613. Expenses for group-wide supervision. An authorized domestic insurer shall be liable for and shall pay the reasonable expenses of the superintendent's participation in the administration of group-wide

supervision of internationally active insurance groups, including the engagement of attorneys, actuaries, and any other professionals and all reasonable travel expenses.

§ 1614. Confidentiality of reports and filings. The contents of each report and filing submitted pursuant to this article and information pertaining thereto shall be kept confidential, shall not be subject to subpoena or discovery, shall not be admissible in evidence in any private civil action, and shall not be made public unless, after notice and opportunity to be heard, the superintendent determines that the interests of policyholders, subscribers, stockholders or the public will be served by the publication thereof. Neither the superintendent nor any person who received a report or filing submitted pursuant to this article and information pertaining thereto, through examination or otherwise, while acting under the authority of the superintendent or with whom such report or information are shared pursuant to this chapter, shall be permitted or required to testify in any private civil action concerning the report, filing, or information.

ARTICLE 17

SUBSIDIARIES OF DOMESTIC LIFE INSURANCE COMPANIES AND CERTAIN OTHER ENTITIES

Section 1701. Authority to invest in subsidiaries; businesses of subsidiaries.
1702. Definitions.
1703. Standard of care for investments in subsidiaries.
1704. Exemptions applicable to subsidiaries; limitations generally.
1705. Quantitative limitations.
1706. Exemptions applicable to parent corporation.
1707. Regulations to restrict pyramiding.
1708. Information reports.
1709. Confidentiality of reports and filings.
1710. Divestiture of control; superintendent's power to order disposition of subsidiaries.

1711. Subsidiary's name not to mislead.
1712. Relationships and transactions between parent corporation and subsidiary.
1713. Prohibitions on investments of subsidiaries.
1714. Authority to conduct certain business directly instead of through subsidiary.
1715. Valuation of shares of subsidiaries.
1716. Regulations.
1717. Registration.
1718. Expenses for group-wide supervision.

§ 1701. Authority to invest in subsidiaries; businesses of subsidiaries. Subject to the provisions of section one thousand two hundred eighteen of this chapter:

(a) A domestic life insurance company may, subject to the provisions of subsection (d) of section one thousand four hundred five of this chapter, invest in, or otherwise acquire, subsidiaries engaged or organized to engage in any business lawful under the laws of the jurisdictions in which such subsidiaries are organized;

(b) A domestic corporation subject to article forty-three of this chapter may invest in, or otherwise acquire, subsidiaries of the types described in subsection (b) of section one thousand seven hundred four of this article and subsidiaries engaged or organized to engage in (i) activities that such corporation could engage in directly, (ii) management or information services reasonably related to the provision of health insurance, (iii) the delivery or financing of health care, or (iv) any other business directly related to providing administration or sales of any employer provided or arranged employee health and welfare benefits, provided that notice of any such acquisition or investment shall be given to the superintendent within five days thereafter; and

(c) A domestic retirement system subject to article forty-six of this chapter may invest in, or otherwise acquire, subsidiaries of the types described in subsection (b) of section one thousand seven hundred four of this article and subsidiaries of the type authorized by article forty-six of this chapter.

§ 1702. Definitions. As used in this article: (a) "Subsidiary" means subsidiaries of the types described in subsection (b) of section one thousand seven hundred four of this article and subsidiaries acquired or held under this article, section one thousand four hundred five or section four thousand two hundred forty of this chapter, but shall not include a subsidiary acquired or held under section one thousand four hundred four of this chapter or a subsidiary acquired or held by an insurer authorized to make investments by subsection (c) of section one thousand four hundred three of this chapter.

(b) "Parent corporation" means a parent corporation of a type described in subsection (a), (b) or (c) of section one thousand seven hundred one of this article.

(c) "Holding company operating subsidiary" means a subsidiary (other than a separate account subsidiary) engaged or organized to engage in either or both of the following activities (1) the ownership and management of other subsidiaries, and (2) the raising of capital (debt or equity) that could be loaned to, or invested in, other subsidiaries or loaned to the parent corporation, provided that any such subsidiary may in addition engage in the ownership and management of assets authorized as investments for the parent corporation.

(d) "Investment subsidiary" means a subsidiary (other than a separate account subsidiary) engaged or organized to engage exclusively in the ownership and management of assets (other than equity securities of subsidiaries) authorized as investments for the parent corporation and of other investment subsidiaries.

(e) "Separate account subsidiary" means a subsidiary acquired or held under section four thousand two hundred forty of this chapter.

(f) "Enterprise risk" means any activity, circumstance, event, or series of events involving one or more subsidiaries of a parent corporation that, if not remedied promptly, is likely to have a material adverse effect upon the financial condition or liquidity of the parent corporation, including anything that would cause the parent corporation's risk-based capital to fall into company action level as set forth in section one thousand three hundred twenty-two of this chapter, or that would cause further transaction of business to be hazardous to the insurer's policyholders or creditors or the public.

(g) "Group capital calculation instructions" means the group capital calculation instructions as adopted by the NAIC and as amended by the NAIC from time to time in accordance with the procedures adopted by the NAIC, except where such instructions conflict with the laws of this state and subject to exceptions the superintendent may take in a regulation upon a written finding that the exceptions would not be unduly burdensome on the parent corporation or subsidiary.

(h) "NAIC" means the National Association of Insurance Commissioners.

(i) "NAIC liquidity stress test framework" means an NAIC publication that includes a history of the NAIC's development of regulatory liquidity stress testing, the scope criteria applicable for a specific data year, and the liquidity stress test instructions and reporting templates for a specific data year, such scope criteria, instructions and reporting template being as adopted by the NAIC and as amended by the NAIC from time to time in accordance with the procedures adopted by the NAIC, except where such instructions conflict with the laws of this state and subject to exceptions the superintendent may take in a regulation upon a written finding that the exceptions would not be unduly burdensome on the parent corporation or subsidiary.

(j) "Scope criteria" means the designated exposure bases along with minimum magnitudes thereof for the specified data year, used to establish a preliminary list of insurers considered scoped into the NAIC liquidity stress test framework for that data year.

§ 1703. Standard of care for investments in subsidiaries. In addition to other requirements of law (statutory or otherwise) that affect the standard of care of directors and officers of corporations, directors and officers shall perform their duties in connection with investments in, or other acquisitions of, subsidiaries in good faith and with that degree of care that an ordinarily prudent individual in a like position would use under similar circumstances.

§ 1704. Exemptions applicable to subsidiaries; limitations generally. (a) Investments in separate account subsidiaries and in investment subsidiaries are exempt from the provisions of subsection (a) of section

one thousand seven hundred five of this article and separate account subsidiaries and investment subsidiaries are exempt from the provisions of item (ii) of section one thousand seven hundred ten of this article. Investments by the parent corporation in holding company operating subsidiaries are exempt from the provisions of paragraph two of subsection (a) of section one thousand seven hundred five of this article.

(b) Subsidiaries that become such as a result of (i) the acquisition of securities received as permitted by subsection (e) of section one thousand four hundred three of this chapter or (ii) the temporary assumption of control by the owners of securities upon the happening of a contingency are exempt from the provisions of section one thousand seven hundred eight and item (ii) of section one thousand seven hundred ten of this article for one year, and from the provisions of subsection (a) of section one thousand seven hundred five of this article for five years, after becoming subsidiaries.

(c) Investments in subsidiaries engaged or organized to engage in any kind of insurance business in which the parent corporation may engage, and investments in subsidiaries engaged or organized to engage exclusively in the ownership and management of such subsidiaries, are exempt from the provisions of subsection (a) of section one thousand seven hundred five of this article.

(d) Investments made or acquired by investment subsidiaries shall be deemed, for the purposes of this chapter, to be made or acquired directly by the parent corporation (pro rata, in the case of a subsidiary less than all of whose voting securities are owned by the parent corporation, in accordance with the parent corporation's investment in such subsidiary), and shall (to such extent) be subject to all the provisions and limitations (including quantitative limits) on the making thereof specified in this chapter with respect to investments by the parent corporation.

§ 1705. Quantitative limitations. * (a)(1) Unless the superintendent shall have given prior written approval, a parent corporation shall not make an investment for its own account in any subsidiary (not at the time exempt from the provisions of this section) if, after giving effect

to such investment, the aggregate investment value of all subsidiaries then directly invested in by the parent corporation (excluding investments in subsidiaries at the time exempted from this subsection) would be in excess of thirty percent (but not more than twenty percent with respect to subsidiaries not having their principal operations in this state, and, in the case of a parent corporation of the type described in subsection (b) of section one thousand seven hundred one of this article, not more than ten percent) of the parent corporation's admitted assets.

(2) Unless the superintendent shall have given prior written approval, neither the parent corporation nor any subsidiary (other than a separate account subsidiary or any subsidiary referred to in subsection (c) of section one thousand seven hundred four of this article) may make any investment in any subsidiary (not at the time exempt from this paragraph), if, after giving effect to such investment, the investment value of such subsidiary would aggregate more than fifteen percent (but not more than two percent in the case of a parent corporation of the type described in subsection (b) of section one thousand seven hundred one of this article) of the parent corporation's admitted assets.

* NB See other sub§ (a) (Sep. amended - cannot be put together)

* (a)(1) Unless the superintendent shall have given prior written approval, a parent corporation shall not make an investment for its own account in any subsidiary (not at the time exempt from the provisions of this section) if, after giving effect to such investment, the aggregate investment value of all subsidiaries then directly invested in by the parent corporation (excluding investments in subsidiaries at the time exempted from this subsection) would be in excess of thirty percent (but not more than twenty percent with respect to subsidiaries not having their principal operations in this state and, in the case of a parent corporation of the type described in subsection (b) of section one thousand seven hundred one of this article, not more than ten percent) of the parent corporation's admitted assets.

(2) Unless the superintendent shall have given prior written approval, neither the parent corporation nor any subsidiary (other than a separate account subsidiary or any subsidiary referred to in subsection (c) of section one thousand seven hundred four of this article) may make any investment in any subsidiary (not at the time exempt from this

paragraph), if, after giving effect to such investment, the investment value of such subsidiary would aggregate more than fifteen percent (but not more than two percent in the case of the parent corporation of the type described in subsection (b) of section one thousand seven hundred one of this article) of the parent corporation's admitted assets.

* NB See other sub§ (a) (Sep. amended - cannot be put together)

(b) "Admitted assets," for the purposes of this section, has the meaning ascribed to it by subparagraph (B) of paragraph one of subsection (b) of section one thousand four hundred five of this chapter.

(c) (1) For the purposes of computations under paragraph one of subsection (a) of this section, the aggregate investment value of all subsidiaries at any time directly invested in by the parent corporation (excluding investments in subsidiaries at the time exempted from subsection (a) of this section) shall mean the sum of (i) the minimum value of each such subsidiary of which equity securities (including partnership interests) are directly held by the parent corporation, (ii) indebtedness of such subsidiaries then outstanding to the extent guaranteed by the parent corporation, and (iii) the unpaid principal amount of loans and advances to such subsidiaries by the parent corporation or by any investment subsidiary of the parent corporation then outstanding (including the unpaid principal amount of bonds, notes or other evidences of indebtedness of such subsidiaries held by the parent corporation or by any such investment subsidiary). The minimum value of a subsidiary as of any date shall be the greater of (i) the net cost of the equity investment in such subsidiary by the parent corporation or (ii) the pro rata interest of the parent corporation in the net worth of such subsidiary.

(2) For purposes of computations under paragraph two of subsection (a) of this section, the investment value of a subsidiary at any time shall be an amount equal to the sum of (i) the minimum value of such subsidiary, (ii) indebtedness of such subsidiary then outstanding to the extent guaranteed by the parent corporation, and (iii) the unpaid principal amount of loans and advances to the subsidiary by the parent corporation or by any investment subsidiary of the parent corporation then outstanding (including the unpaid principal amount of bonds, notes or other evidences of indebtedness of the subsidiary held by the parent

corporation or by any such investment subsidiary). The minimum value of a subsidiary as of any date shall be the greater of (i) the net cost of the equity investment in such subsidiary by the parent corporation and its subsidiaries or (ii) the pro rata interest of the parent corporation and its subsidiaries in the net worth of such subsidiary.

(3) For purposes of this subsection, the "net cost of the equity investment" by any person in a subsidiary at any time shall mean the aggregate amount of contributions to and purchases of equity securities (including partnership interests) and other equity interests of such subsidiary (less repurchases of such equity securities and other equity interests) by such person at such time and the "net worth" of a subsidiary shall mean the net worth of the subsidiary determined in accordance with generally accepted accounting principles, as of the end of its most recent fiscal year. In determining the minimum value of a holding company operating subsidiary, there shall be taken into account the greater of the net cost of the equity investment of the holding company operating subsidiary in each subsidiary or the pro rata interest of the holding company operating subsidiary in the net worth of such subsidiary. The superintendent may require, by regulation, that parent corporations submit reports annually to the superintendent as to the aggregate investment value of all subsidiaries held by the parent corporation determined in accordance with paragraph one of this subsection or the investment value of any particular subsidiary or class of subsidiaries held by the parent corporation determined in accordance with paragraph two of this subsection, which values may be required to be audited by an independent public accountant in accordance with generally accepted auditing standards.

§ 1706. Exemptions applicable to parent corporation. Except as provided in subsection (d) of section one thousand four hundred five of this chapter and except for investments deemed to be made or acquired directly by the parent corporation (as provided in subsection (d) of section one thousand seven hundred four of this article), investments by parent corporations in subsidiaries are not subject to the limitations on the making of investments provided for in section one thousand four hundred three, section one thousand four hundred four (in the case of

insurers making investments under section one thousand four hundred four) or section one thousand four hundred five (in the case of insurers making investments under section one thousand four hundred five) of this chapter.

§ 1707. Regulations to restrict pyramiding. The superintendent may adopt regulations designed to prevent an insurer from pyramiding subsidiaries to a degree that, in the judgment of the superintendent, would be materially adverse to the interests of policyholders, subscribers or the people of this state.

§ 1708. Information reports. Every parent corporation that has acquired one or more subsidiaries shall (except to the extent exempted by section one thousand seven hundred four of this article) file an information report on or before May first of each year or on or before such other date as the superintendent may permit. The information report shall provide (i) a description of the activities of the subsidiary, (ii) a description of all material transactions between the subsidiary and such parent corporation and affiliates of such subsidiary, and (iii) such other information as the superintendent may by regulation prescribe.

§ 1709. Confidentiality of reports and filings. The contents of each report and filing submitted pursuant to this article and information pertaining thereto shall be kept confidential, shall not be subject to subpoena or discovery, shall not be admissible in evidence in any private civil action, and shall not be made public unless, after notice and opportunity to be heard, the superintendent determines that the interests of policyholders, subscribers, stockholders or the public will be served by the publication thereof. The provisions of this section shall not be applicable to any report or filing submitted pursuant to this article and any information pertaining thereto, if the parent corporation is a corporation subject to article forty-three of this chapter. Neither the superintendent nor any person who received a report

or filing submitted pursuant to this article and information pertaining thereto, through examination or otherwise, while acting under the authority of the superintendent or with whom such report or information are shared pursuant to this chapter, shall be permitted or required to testify in any private civil action concerning the report, filing, or information.

§ 1710. Divestiture of control; superintendent's power to order disposition of subsidiaries.

(a) Any parent corporation seeking to divest its controlling interest in a domestic insurer, in any manner, shall file with the superintendent, with a copy to the insurer, notice of its proposed divestiture at least thirty days prior to the cessation of control, provided, however that this subsection shall not apply if notice is provided as required by subsection (b) of section one thousand seven hundred one of this article.

(b) In addition to the powers granted to the superintendent elsewhere in this chapter (including, without limitation, section one hundred nine of this chapter and section three hundred nine of the financial services law), the superintendent may, at any time, order a parent corporation to dispose of any subsidiary, if the superintendent finds, after notice and an opportunity to be heard, either:

(1) that its acquisition or continued retention is or was not permitted by the provisions of this article; or

(2) except in the case of a subsidiary then exempted by the provisions of subsection (a) or (b) of section one thousand seven hundred four of this article, that its continued retention is materially adverse to the interests of the parent corporation's policyholders or subscribers.

§ 1711. Subsidiary's name not to mislead. The name of any subsidiary shall not be such as to mislead or deceive the public.

§ 1712. Relationships and transactions between parent corporation and subsidiary. (a) The business operations, corporate proceedings and

fiscal and accounting records of subsidiaries shall be conducted or maintained so as to assure the separate legal and operating identities of the parent corporation and subsidiary, but nothing herein shall preclude arrangements for common management or the cooperative or joint use of personnel, property, or services, otherwise consistent with this chapter. All transactions between the parent corporation and its subsidiaries shall be fair and equitable, charges or fees for services performed shall be reasonable and all expenses incurred and payments received shall be allocated to the parent corporation on an equitable basis in conformity with customary insurance accounting practices consistently applied. The books, accounts and records of each party to all such transactions shall be so maintained as to disclose clearly and accurately the nature and details of the transactions, including such accounting information as is necessary to support the reasonableness of the charges or fees to the respective parties.

(b) The following transactions between a parent corporation and any subsidiary may not be entered into unless the parent corporation has notified the superintendent in writing of its intention to enter into any such transaction at least thirty days prior thereto, or with regard to reinsurance treaties or agreements at least forty-five days prior thereto, or such shorter period as the superintendent may permit, and the superintendent has not disapproved it within such period:

(1) sales, purchases, exchanges, loans, extensions of credit, or investments with a subsidiary, provided the transactions are equal to or exceed:

(A) three percent of the parent corporation's admitted assets at last year-end, with regard to a domestic life insurance company; or

(B) the lesser of three percent of the parent corporation's admitted assets or twenty-five percent of capital and surplus at last year-end, with regard to a domestic corporation subject to article forty-three of this chapter; or

(2) loans or extensions of credit to any person who is not a subsidiary, where the parent corporation makes loans or extensions of credit with the agreement or understanding that the proceeds of such transactions, in whole or in substantial part, are to be used to make loans or extensions of credit to, purchase assets of, or make investments in, any subsidiary of the parent corporation making the

loans or extensions of credit, provided the transactions are equal to or exceed:

(A) three percent of the parent corporation's admitted assets at last year-end, with regard to a domestic life insurance company; or

(B) the lesser of three percent of the parent corporation's admitted assets or twenty-five percent of capital and surplus at last year-end, with regard to a domestic corporation subject to article forty-three of this chapter; or

(3) reinsurance treaties or agreements with a subsidiary that the parent corporation has not otherwise submitted to the superintendent. This shall include agreements that may require, as consideration, the transfer of assets from a parent corporation to a non-subsidiary, if an agreement or understanding exists between the parent corporation and non-subsidiary that any portion of the assets will be transferred to one or more subsidiaries of the parent corporation; and

(4) management agreements, service contracts, tax allocation agreements, guarantees, and all cost-sharing arrangements.

§ 1713. Prohibitions on investments of subsidiaries. No subsidiary shall make any investment (i) in obligations, shares or other securities issued by a corporation, other than an insurance corporation, if a majority of the shares having voting powers of such issuing corporation is owned directly or indirectly by or for the benefit of one or more officers or directors of the insurer or (ii) found by the superintendent to be against public policy or designed to evade any prohibition of this chapter or (iii) in the case of a subsidiary that is a property/casualty insurance company (other than an alien insurer), in any foreign investment that would be prohibited under paragraph seven of subsection (a) of section one thousand four hundred seven of this chapter.

§ 1714. Authority to conduct certain business directly instead of through subsidiary. (a) A domestic life insurance company may, if it maintains books and records that separately account for such business, engage directly in (i) any business, to the extent necessarily or properly incidental to the insurer's business, including rendering

investment advice, investment management services and services related to the functions involved in the operation of an insurance business, and (ii) any other business to the extent approved by the superintendent.

(b) In the case of approval pursuant to item (ii) of subsection (a) of this section, the superintendent may prescribe limitations for the protection of the interests of the policyholders of such company after taking into account the effect of such business on such company's existing insurance business and its surplus, the proposed allocation of the estimated cost of such business and the risks inherent in such business as well as the relative advantages to such company and its policyholders of conducting such business directly instead of through a subsidiary.

§ 1715. Valuation of shares of subsidiaries. In determining the financial condition of a parent corporation, all stock of its subsidiaries (except subsidiaries acquired or held under section four thousand two hundred forty of this chapter) shall be valued in accordance with subsections (c), (f) and (g) of section one thousand four hundred fourteen of this chapter. Stock of subsidiaries acquired or held under section four thousand two hundred forty of this chapter shall be valued as required by section four thousand two hundred forty of this chapter.

§ 1716. Regulations. In addition to the powers expressly given by this article, the superintendent shall have the power to promulgate, from time to time, such regulations, not inconsistent with the provisions of this chapter, as may be appropriate to carry out the provisions of this article and, insofar as applicable to this article, other provisions of this chapter.

§ 1717. Registration. (a) A parent corporation shall register with the superintendent within thirty days of becoming subject to registration and shall amend the registration within thirty days following any material change to the information provided in the registration. The

registration shall be in such form and shall contain such matters as the superintendent prescribes. The superintendent may grant reasonable extensions of the time to register.

(b) A parent corporation, other than a parent corporation required to register as a controlled insurer pursuant to section one thousand five hundred three of this chapter, shall adopt a formal enterprise risk management function and shall file an enterprise risk report with the superintendent by April thirtieth of each year. The report shall, to the best of the parent corporation's knowledge and belief, identify the material risks within any subsidiary that could pose enterprise risk to the parent corporation.

(c) (1) A parent corporation, other than a parent corporation required to register as a controlled insurer pursuant to section one thousand five hundred three of this chapter, shall file with the superintendent an annual group capital calculation by June thirtieth of each year when this state is the lead state as determined in accordance with the procedures within the financial analysis handbook adopted by the NAIC, as amended from time to time.

(2) When the lead state is not this state, a parent corporation shall file with the superintendent the annual group capital calculation as adopted by its lead state if the parent corporation has filed the annual group capital calculation with the lead state but the lead state is not willing or able to share the annual group capital calculation with the superintendent.

(3) When this state is the lead state, the parent corporation shall complete the annual group capital calculation in accordance with the group capital calculation instructions, which may permit the superintendent to allow a subsidiary to file the annual group capital calculation.

(4) When this state is the lead state, a parent corporation shall be exempt from filing an annual group capital calculation if it:

(A) has only one insurer subsidiary that only writes business and is only licensed in its domestic state and assumes no business from any other insurer;

(B) is required to perform a group capital calculation specified by the United States Federal Reserve Board, except that the parent corporation shall not be exempt if the superintendent requests the group

capital calculation from the United States Federal Reserve Board under the terms of information sharing agreements in effect and the Federal Reserve Board cannot share the calculation with the superintendent;

(C) has a non-United States group-wide supervisor that is located within a reciprocal jurisdiction, as described in part one hundred twenty-five of title eleven of the official compilation of codes, rules and regulations of this state, that recognizes the United States state regulatory approach to group supervision and group capital; or

(D)(i) provides information to the superintendent, either directly or indirectly through the group-wide supervisor, who has determined such information is satisfactory to allow the superintendent to comply with the NAIC group supervision approach, as detailed in the NAIC financial analysis handbook; and

(ii) has a non-United States group-wide supervisor that is not in a reciprocal jurisdiction that recognizes and accepts, as specified by the superintendent in a regulation, the group capital calculation as the world-wide group capital assessment for United States systems that operate in that jurisdiction.

(5) Notwithstanding subparagraphs (C) and (D) of paragraph four of this subsection, when this state is the lead state, the superintendent shall require the group capital calculation for United States operations of any non-United States-based system where, after any necessary consultation with other supervisors or officials, it is deemed appropriate by the superintendent for prudential oversight and solvency monitoring purposes or for ensuring the competitiveness of the insurance marketplace.

(6) Notwithstanding the exemptions from filing the group capital calculation set forth in paragraph four of this subsection, when this state is the lead state, the superintendent has the discretion to exempt a parent corporation from filing an annual group capital calculation or accept a limited annual group capital calculation filing or report in accordance with criteria as specified by the superintendent in a regulation.

(7) When this state is the lead state, if the superintendent determines that a parent corporation no longer meets one or more of the requirements for an exemption from filing the group capital calculation under this subsection, the parent corporation shall file the group

capital calculation at the next annual filing date unless given an extension by the superintendent based on reasonable grounds shown.

(d)(1) A parent corporation, other than a parent corporation required to register as a controlled insurer pursuant to section one thousand five hundred three of this chapter, that has a subsidiary that is scoped into the NAIC liquidity stress test framework shall file the results of a specific year's liquidity stress test with the superintendent when this state is the lead state as determined by the procedures within the financial analysis handbook adopted by the NAIC and as amended from time to time.

(2) When the lead state is not this state, a parent corporation shall file with the superintendent the results of a specific year's liquidity stress test as adopted by its lead state if the parent corporation has filed the results with the lead state but the lead state is not willing or able to share the results with the superintendent.

(3) When this state is the lead state, the performance of, and filing of the results from, a specific year's liquidity stress test shall comply with the NAIC liquidity stress test framework.

(4) When the lead state is this state, any change to the NAIC liquidity stress test framework or to the data year for which the scope criteria are to be measured shall be effective on January first of the year following the calendar year when such changes are adopted.

(5) When this state is the lead state, an insurer meeting at least one threshold of the scope criteria shall be considered scoped into the NAIC liquidity stress test framework for the specified data year unless the superintendent, in consultation with the NAIC financial stability task force, or its successor, determines the insurer shall not be scoped into the NAIC liquidity stress test framework for that data year.

(6) When this state is the lead state, an insurer that does not trigger at least one threshold of the scope criteria shall be considered scoped out of the NAIC liquidity stress test framework for the specified data year, unless the superintendent, in consultation with the NAIC financial stability task force, or its successor, determines the insurer shall be scoped into the NAIC liquidity stress test framework for that data year.

(7) The superintendent, in consultation with the NAIC financial stability task force, or its successor, shall assess the concern of

wishing to avoid having insurers scoped in and out of the NAIC liquidity stress test framework on a frequent basis as part of the determination for an insurer.

(e) No insurer, insurance producer, or other person shall make, publish, disseminate, circulate, issue, or place before the public, or cause directly or indirectly to be made, published, disseminated, circulated, issued, or placed before the public, in this state, in a newspaper, magazine, or other publication, or in the form of a notice, circular, pamphlet, letter, or poster, or over any radio or television station or any electronic means of communication available to the public, or in any other way as an advertisement, announcement, or statement containing a representation or statement with regard to the group capital calculation, group capital ratio, liquidity stress test results or supporting disclosures for such test, or any component derived in the calculation thereof, of any parent corporation or subsidiary thereof, provided, however, that a parent corporation may publish, with the superintendent's prior approval, announcements in a written publication to rebut any materially false statement with respect to the foregoing if the insurer is able to demonstrate to the superintendent with substantial proof the falsity of such statement or the inappropriateness, as the case may be, and if the sole purpose of the announcement is to rebut the materially false statement.

§ 1718. Expenses for group-wide supervision. A parent corporation shall be liable for and shall pay the reasonable expenses of the superintendent's participation in the administration of group-wide supervision of internationally active insurance groups, including the engagement of attorneys, actuaries, and any other professionals and all reasonable travel expenses.

ARTICLE 21

AGENTS, BROKERS, ADJUSTERS, CONSULTANTS AND INTERMEDIARIES

Section 2101. Definitions.
2102. Acting without a license.
2103. Insurance agents; licensing.

2104. Insurance brokers; licensing.
2105. Excess line brokers; licensing.
2106. Reinsurance intermediaries; licensing.
2107. Insurance consultants; licensing and duties.
2108. Adjusters; licensing and duties.
2109. Agents and brokers; temporary license in case of death, service in armed forces or disability.
2110. Revocation or suspension of license of insurance producer, insurance consultant, adjuster or life settlement broker.
2111. Revoked licensees.
2112. Certificate of appointment of an insurance producer to act as an agent and notice of termination of an insurance producer.
2113. Title insurance agent commissions; disclosure.
2114. Life, accident and health insurance agents; commissions.
2115. Property/casualty insurance agents; commissions.
2116. Insurance brokers; commissions.
2117. Acting for or aiding unlicensed or unauthorized insurers or health maintenance organizations.
2118. Excess line brokers; duties.
2119. Insurance agents, brokers, consultants, life settlement brokers, and title insurance agents; written contract for compensation; excess charges prohibited.
2120. Fiduciary capacity of insurance agents, title insurance agents, insurance brokers and reinsurance intermediaries.
2121. Broker authorized to receive premium, when.
2122. Advertising by insurance producers.
2123. Misrepresentations, misleading statements and incomplete comparisons.
2124. Stay or suspension of superintendent's determination.
2125. Marine insurance; acting as agent, broker or insurer of persons without insurable interest.
2126. Impersonation at examinations prohibited.
2127. Penalties for violations.
2128. Commission and fee sharing prohibited.

2129. Duty to have an agent or broker at each place of business.
2130. Excess line association.
2131. Limited license for rental vehicle companies, peer-to-peer car sharing program administrators, wireless communications equipment vendors and self-service storage companies.
2132. Continuing education.
2133. Forged insurance identification cards.
2134. Change of address.
2135. Administration of certain functions.
2136. Reciprocity.
2137. Life settlement brokers; licensing.
2138. Health benefit exchange navigators.
2139. Title insurance agents; licensing.
2140. Restrictions on insurance producers procuring immigration bonds.

§ 2101. Definitions. (a) In this article, "insurance agent" means any authorized or acknowledged agent of an insurer, fraternal benefit society or health maintenance organization issued a certificate of authority pursuant to article forty-four of the public health law, and any sub-agent or other representative of such an agent, who acts as such in the solicitation of, negotiation for, or sale of, an insurance, health maintenance organization or annuity contract, other than as a licensed insurance broker, except that such term shall not include:

(1) any regular salaried officer or employee of a licensed insurer, fraternal benefit society or health maintenance organization or of a licensed insurance agent, who does not solicit or accept from the public, outside of an office of such insurer, health maintenance organization or agent, applications or orders for any such contract, if such officer or employee does not receive a commission or other compensation for his services which commission or other compensation is directly dependent upon the amount of business done;

(2) employees of insurers, fraternal benefit societies or health maintenance organizations or organizations employed by insurers, fraternal benefit societies or health maintenance organizations who are

engaging in the inspection, rating or classification of risks, or in the supervision of the training of licensed insurance producers and who are not individually engaged in the sale, solicitation or negotiation of insurance;

(3) any agent or representative of a fraternal benefit society, other than agents representing societies governed by section four thousand five hundred twenty-seven of this chapter, who devotes, or intends to devote, less than fifty percent of the person's time to the solicitation and negotiation or sale of insurance contracts for fraternal benefit societies and who receives or intends to receive any commission or other compensation directly dependent on the amount of insurance, provided that any person who in the preceding calendar year has solicited, negotiated or sold any of the following contracts of insurance on behalf of a fraternal benefit society is presumed to have devoted, or intended to devote, fifty percent of the person's time to the solicitation, negotiation and sale of insurance contracts;

(A) life insurance contracts that, in the aggregate, exceed two hundred thousand dollars of coverage for all lives insured for the preceding calendar year;

(B) a permanent life insurance contract offering more than ten thousand dollars of coverage on an individual life;

(C) a term life insurance contract offering more than fifty thousand dollars of coverage on an individual life;

(D) any insurance contracts other than life that the fraternal benefit society may write that insure the individual lives of more than twenty-five persons;

(E) any variable life insurance or variable annuity contract;

(4) any agent or other representative of any title insurance company;

(5) any service contract provider or any administrator or person designated by a service contract provider who in this state markets, sells, offers for sale, issues, makes, proposes to make or administer service contracts pursuant to article seventy-nine of this chapter;

(6) a person who secures and furnishes information for the purpose of group life insurance, group property/casualty insurance, group annuities, group or blanket accident and health insurance; or for the purpose of enrolling individuals under plans, issuing certificates under plans or otherwise assisting in administering plans; or performing

administrative services related to mass marketed property/casualty insurance, provided that no commission is paid to the person for the service;

(7) an employer or association or its officers, directors, employees, or the trustees of an employee trust plan, to the extent that the employers, officers, employees, directors or trustees are engaged in the administration or operation of a program of employee benefits for the employer's or association's own employees or the employees of its subsidiaries or affiliates, which program involves the use of insurance issued by an insurer, fraternal benefit society or health maintenance organization, as long as the employers, associations, officers, directors, employees or trustees are not in any manner compensated, directly or indirectly, by the company issuing the contracts;

(8) a person whose activities in this state are limited to advertising without the intent to solicit insurance in this state through communications in printed publications or other forms of electronic mass media whose distribution is not limited to residents of the state, provided that the person does not sell, solicit or negotiate insurance that would insure risks residing, located or to be performed in this state;

(9) a person who is not a resident of this state who sells, solicits or negotiates a contract of insurance for commercial property/casualty risks to an insured with risks located in more than one state insured under that contract, provided that such person is otherwise licensed as an insurance producer to sell, solicit or negotiate that insurance in the state where the insured maintains its principal place of business and the contract of insurance insures risks located in that state;

(10) any salaried full-time employee who counsels or advises his or her employer relative to the insurance interests of the employer or of the subsidiaries or business affiliates of the employer provided that the employee does not sell or solicit insurance or receive a commission; or

(11) any person who has received a grant from and has been certified by the health benefit exchange established pursuant to section 1311 of the affordable care act, 42 U.S.C. § 18031, to act as a navigator, as such term is used in 42 U.S.C. § 18031(i), provided that the person: (A) has completed the training required by the health benefit exchange; (B)

does not sell insurance; (C) does not engage in any activity with respect to insurance not expressly permitted under 42 U.S.C. § 18031(i)(3) and regulations thereunder; and (D) does not receive any compensation for acting as a navigator directly or indirectly from an insured, insurance producer, or an insurer.

(b) In this article, "independent insurance agent" means an "insurance agent" who is not owned or controlled by any insurer, fraternal benefit society or health maintenance organization or group of such insurers and whose agency agreement does not prohibit the representation of other insurers or groups of insurers and which provides that upon termination of the agreement the agent's records and use and control of expirations remain the property of the agent. Only an "independent insurance agent" shall be represented to the public as an independent insurance agent or agency.

(c) In this article, "insurance broker" means any person, firm, association or corporation who or which for any compensation, commission or other thing of value acts or aids in any manner in soliciting, negotiating or selling, any insurance or annuity contract or in placing risks or taking out insurance, on behalf of an insured other than himself, herself or itself or on behalf of any licensed insurance broker, except that such term shall not include:

(1) any salaried full-time employee who counsels or advises his or her employer relative to the insurance interests of the employer or of the subsidiaries or business affiliates of the employer provided that the employee does not sell or solicit insurance or receive a commission;

(2) an officer, director or employee of a licensed insurance producer, provided that the officer, director or employee does not receive any commission on policies written or sold to insure risks residing, located or to be performed in this state and:

(A) the officer, director or employee's activities are executive, administrative, managerial, clerical or a combination of these, and are only indirectly related to the sale, solicitation or negotiation of insurance; or

(B) the officer, director or employee's function relates to underwriting, loss control, inspection or the processing, adjusting, investigating or settling of a claim on a contract of insurance; or

(C) the officer, director or employee is acting in the capacity of a

special agent or agency supervisor assisting licensed insurance producers where the person's activities are limited to providing technical advice and assistance to licensed insurance producers and do not include the sale, solicitation or negotiation of insurance;

(3) any foreign freight forwarder registered with the federal maritime commission or any custom house broker licensed by the United States treasury department, when such forwarder or broker negotiates, issues or delivers a certificate or other evidence of a contract of insurance under an open marine policy naming the forwarder or broker as the insured and covering exports or imports serviced by such forwarder or broker on behalf of others, provided that such forwarder or broker takes or receives no money or other thing of value when acting as hereinafter specified, from any insurer or representative thereof, unless the receipt of money or thing of value is authorized under this chapter;

(4) any service contract provider or any administrator or person designated by a service contract provider who in this state markets, sells, offers for sale, issues, makes, proposes to make or administers service contracts pursuant to article seventy-nine of this chapter;

(5) a person who secures and furnishes information for the purpose of group life insurance, group property/casualty insurance, group annuities, group or blanket accident and health insurance; or for the purpose of enrolling individuals under plans, issuing certificates under plans or otherwise assisting in administering plans; or performs administrative services related to mass marketed property/casualty insurance, where no commission is paid to the person for the service;

(6) an employer or association or its officers, directors, employees, or the trustees of an employee trust plan, to the extent that the employers, officers, employees, director or trustees are engaged in the administration or operation of a program of employee benefits for the employer's or association's own employees or the employees of its subsidiaries or affiliates, which program involves the use of insurance issued by an insurer, fraternal benefit society or health maintenance organization, as long as the employers, associations, officers, directors, employees or trustees are not in any manner compensated, directly or indirectly, by the company issuing the contracts;

(7) a person whose activities in this state are limited to advertising without the intent to solicit insurance in this state through

communications in printed publications or other forms of electronic mass media whose distribution is not limited to residents of the state, provided that the person does not sell, solicit or negotiate insurance that would insure risks residing, located or to be performed in this state;

(8) a person who is not a resident of this state who sells, solicits or negotiates a contract for commercial property/casualty risks to an insured with risks located in more than one state insured under that contract, provided that such person is otherwise licensed as an insurance producer to sell, solicit or negotiate that insurance in the state where the insured maintains its principal place of business and the contract of insurance insures risks located in that state;

(9) a person who is not a resident of this state who sells, solicits or negotiates a contract of property/casualty insurance, as defined in paragraph six of subsection (x) of this section, of an insurer not authorized to do business in this state, provided that: (A) the insured's home state is a state other than this state; and (B) such person is otherwise licensed to sell, solicit or negotiate excess line insurance in the insured's home state; or

(10) any person who has received a grant from and has been certified by the health benefit exchange established pursuant to section 1311 of the affordable care act, 42 U.S.C. § 18031, to act as a navigator, as such term is used in 42 U.S.C. § 18031(i), including any person employed by a certified navigator, provided that the person: (A) has completed the training required by the health benefit exchange; (B) does not sell insurance; (C) does not engage in any activity with respect to insurance not expressly permitted under 42 U.S.C. § 18031(i)(3) and regulations thereunder; and (D) does not receive any compensation for acting as a navigator directly or indirectly from an insured, insurance producer, or an insurer.

(d) In this article, "non-resident insurance agent" means an individual who is a non-resident of this state and who is licensed or authorized to act as an insurance agent in the state in which he resides, or in which he or the firm or association of which he is a member or employee, or the corporation of which he is an officer, director, or employee maintains an office as an insurance agent.

(e) In this article, "non-resident insurance broker", means an

individual who is a non-resident of this state and who is licensed or authorized to act as an insurance broker in the state in which he resides, or in which he, or the firm or association of which he is a member or employee, or the corporation of which he is an officer, director or employee, maintains an office as an insurance broker.

(f) In this article, "reinsurance intermediary" means any person, firm, association or corporation who acts as broker in soliciting, negotiating or selling any reinsurance contract or binder, or acts as an agent in accepting any reinsurance contract or binder on behalf of an insurer, except that such term shall not include:

(1) licensed attorneys at law of this state acting in their professional capacity as such;

(2) regular salaried officers, employees or attorneys in fact of an authorized insurer or of an underwriting office of such insurer while acting in their capacity as such in discharging the duties of their employment or appointment;

(3) licensed insurance agents acting within the scope of their agency authority in the placement or acceptance of reinsurance on risks produced or managed by such agents; or

(4) licensed insurance brokers, in the placement of reinsurance on risks produced by such brokers.

(g) In this article, "adjuster" means any "independent adjuster" or "public adjuster" as defined below:

(1) The term "independent adjuster" means any person, firm, association or corporation who, or which, for money, commission or any other thing of value, acts in this state on behalf of an insurer in the work of investigating and adjusting claims arising under insurance contracts issued by such insurer and who performs such duties required by such insurer as are incidental to such claims and also includes any person who for compensation or anything of value investigates and adjusts claims on behalf of any independent adjuster, except that such term shall not include:

(A) any officer, director or regular salaried employee of an authorized insurer or entity licensed pursuant to article forty-four of the public health law providing comprehensive health service plans (as used in this paragraph, a "health maintenance organization"), or any manager thereof, individual or corporate, or the manager, agent or

general agent of any department thereof, individual or corporate, or attorney in fact of any reciprocal insurer or Lloyds underwriter, or marine underwriting office, unless acting as an auto body repair estimator as defined in subsection (j) of this section;

(B) any officer, director or regular salaried employee of an insurer authorized to write accident and health insurance, a corporation licensed under article forty-three of this chapter (collectively, as used in this paragraph, a "health insurer") or a health maintenance organization, or any manager thereof, individual or corporate, when the claim to be adjusted is issued or administered by another health insurer or health maintenance organization within the same holding company system as the health insurer or health maintenance organization adjusting the claim;

(C) any officer, director or regular salaried employee of an article fifteen holding company or a controlled person within such holding company system providing administrative services within that holding company, or any manager thereof, individual or corporate, when the claim to be adjusted is submitted for payment under a health benefit plan that is issued or administered by a health insurer or health maintenance organization within that same holding company system;

(D) any officer, director or regular salaried employee of an authorized insurer that is licensed to write the kind of insurance to be adjusted, or any manager thereof, individual or corporate, when the claim to be adjusted is pursuant to a policy that is issued or administered by another insurer within the same holding company system as the authorized insurer adjusting the claim, unless acting as an auto body repair estimator as defined in subsection (j) of this section;

(E) any officer, director or regular salaried employee of an authorized life insurance company, or any manager thereof, individual or corporate, or the manager, agent or general agent of any department thereof, individual or corporate, when the claim to be adjusted is submitted under an insurance contract issued by another insurer and the claim: (i) is within the scope of a contract of reinsurance between the two insurers for all of the underlying risks and none of the underlying risks are later reinsured back to the ceding insurer; and (ii) relates to a kind of insurance that the authorized life insurance company adjusting the claim is licensed to write;

(F) any adjustment bureau or association owned and maintained by insurers to adjust or investigate losses, or any regular salaried employee or manager thereof who devotes substantially all of his time to the business of such bureau or association, unless acting as an auto body repair estimator as defined in subsection (j) of this section;

(G) any licensed agent of an authorized insurer who adjusts losses for such insurer solely under policies issued through his or its agency, provided the agent receives no compensation for such services in excess of fifty dollars per loss adjusted;

(H) any licensed attorney at law of this state;

(I) any average adjuster or adjuster of maritime losses; or

(J) any agent or other representative of an insurer authorized to issue life and annuity contracts, provided he receives no compensation for such services.

(2) "Public adjuster" means any person, firm, association or corporation who, or which, for money, commission or any other thing of value, acts or aids in any manner on behalf of an insured in negotiating for, or effecting, the settlement of a claim or claims for loss or damage to property of the insured in this state caused by, or resulting from, any of the risks as enumerated in paragraphs four, five, six, seven, eight, nine and ten and subparagraphs (B) and (C) of paragraph twenty of subsection (a) of section one thousand one hundred thirteen of this chapter, not including loss or damage to persons under subparagraph (B) of paragraph twenty of subsection (a) of such section or who, or which, advertises for, or solicits employment as an adjuster of such claims, and shall also include any person who, for money, commission or any other thing of value, solicits, investigates, or adjusts such claims on behalf of any such public adjuster, except that such term shall not include:

(A) any employee, agent or other representative of any authorized insurer who acts as such in the adjustment of any claim or any licensed insurance broker who acts as an adjuster for a client of such broker, without any compensation for such services as adjuster if such insurer's representative or such licensed insurance broker does not advertise or publicly solicit the adjustment of claims in such a way as is likely to mislead the public into believing that he is offering his services as a public adjuster;

(B) any licensed attorney at law of this state who acts or aids in adjusting insurance claims as an incident to the practice of his profession and who does not advertise himself as a public adjuster;

(C) any licensed insurance broker who acts as an adjuster with respect to any loss involving insurance contracts under which he was the broker of record in placing the insurance, whether or not designated in writing to act for the insured; or

(D) any other licensed insurance broker who has been designated to act for the insured in writing before a loss occurs.

(h) In this chapter, "licensed insurance broker," means an insurance broker who is the licensee or a sub-licensee named in a license issued or renewed pursuant to the provisions of section two thousand one hundred four of this article and in full force and effect.

(i) In this chapter, "limited licensee" shall mean a person authorized to sell certain coverages relating to the rental of motor vehicles pursuant to the provisions of section two thousand one hundred thirty-one of this article.

(j) In this article, "auto body repair estimator" means any officer, director or regular salaried employee of an authorized insurer or of any adjustment bureau or association owned and maintained by insurers, who writes, or who directly supervises the writing of, any motor vehicle body repair estimate in this state, on behalf of such insurer in the work of diagnosing or estimating motor vehicle repair costs or procedures relative to appraising, investigating or adjusting claims for motor vehicle body repair work pursuant to an insurance contract.

(k) In this article, "insurance producer" means an insurance agent, title insurance agent, insurance broker, reinsurance intermediary, excess lines broker, or any other person required to be licensed under the laws of this state to sell, solicit or negotiate insurance. Such term shall not include:

(1) an officer, director or employee of a licensed insurer, fraternal benefit society or health maintenance organization or of a licensed insurance producer, provided that the officer, director or employee does not receive any commission on policies written or sold to insure risks residing, located or to be performed in this state and:

(A) the officer, director or employee's activities are executive, administrative, managerial, clerical or a combination of these, and are

only indirectly related to the sale, solicitation or negotiation of insurance; or

(B) the officer, director or employee's function relates to underwriting, loss control, inspection or the processing, adjusting, investigating or settling of a claim on a contract of insurance; or

(C) the officer, director or employee is acting in the capacity of a special agent or agency supervisor assisting licensed insurance producers where the person's activities are limited to providing technical advice and assistance to licensed insurance producers and do not include the sale, solicitation or negotiation of insurance;

(2) employees of insurers, fraternal benefit societies or health maintenance organizations or organizations employed by insurers, fraternal benefit societies or health maintenance organizations who are engaging in the inspection, rating or classification of risks, or in the supervision of the training of licensed insurance producers and who are not individually engaged in the sale, solicitation or negotiation of insurance;

(3) any agent or representative of a fraternal benefit society, other than agents representing societies governed by section four thousand five hundred twenty-seven of this chapter, who devotes, or intends to devote, less than fifty percent of the person's time to the solicitation, negotiation or sale of insurance contracts for fraternal benefit societies and who receives or intends to receive any commission or other compensation directly dependent on the amount of insurance, provided that any person who in the preceding calendar year has solicited, negotiated or sold any of the following contracts of insurance on behalf of a fraternal benefit society is presumed to have devoted, or intended to devote, fifty percent of the person's time to the solicitation, negotiation or sale of insurance contracts:

(A) life insurance contracts that, in the aggregate, exceed two hundred thousand dollars of coverage for all lives insured for the preceding calendar year;

(B) a permanent life insurance contract offering more than ten thousand dollars of coverage on an individual life;

(C) a term life insurance contract offering more than fifty thousand dollars of coverage on an individual life;

(D) any insurance contracts other than life that the fraternal benefit

society may write that insure the individual lives of more than twenty-five persons;

(E) any variable life insurance or variable annuity contract; or

(4) any service contract provider or any administrator or person designated by a service contract provider who in this state markets, sells, offers for sale, issues, makes, proposes to make or administer service contracts pursuant to article seventy-nine of this chapter;

(5) a person who secures and furnishes information for the purpose of group life insurance, group property/casualty insurance, group annuities, group or blanket accident and health insurance; or for the purpose of enrolling individuals under plans, issuing certificates under plans or otherwise assisting in administering plans; or performs administrative services related to mass marketed property/casualty insurance, where no commission is paid to the person for the service;

(6) an employer or association or its officers, directors, employees, or the trustees of an employee trust plan, to the extent that the employers, officers, employees, directors or trustees are engaged in the administration or operation of a program of employee benefits for the employer's or association's own employees or the employees of its subsidiaries or affiliates, which program involves the use of insurance issued by an insurer, fraternal benefit society or health maintenance organization, as long as the employers, associations, officers, directors, employees or trustees are not in any manner compensated, directly or indirectly, by the company issuing the contracts;

(7) a person whose activities in this state are limited to advertising without the intent to solicit insurance in this state through communications in printed publications or other forms of electronic mass media whose distribution is not limited to residents of the state, provided that the person does not sell, solicit or negotiate insurance that would insure risks residing, located or to be performed in this state;

(8) a person who is not a resident of this state who sells, solicits or negotiates a contract of insurance for commercial property/casualty risks to an insured with risks located in more than one state insured under that contract, provided that such person is otherwise licensed as an insurance producer to sell, solicit or negotiate that insurance in the state where the insured maintains its principal place of business

and the contract of insurance insures risks located in that state;

(9) any salaried full-time employee who counsels or advises his or her employer relative to the insurance interests of the employer or of the subsidiaries or business affiliates of the employer, provided that the employee does not sell or solicit insurance or receive a commission;

(10) a person who is not a resident of this state who sells, solicits or negotiates a contract of property/casualty insurance, as defined in paragraph six of subsection (x) of this section, of an insurer not authorized to do business in this state, provided that: (A) the insured's home state is a state other than this state; and (B) such person is otherwise licensed to sell, solicit or negotiate excess line insurance in the insured's home state; or

(11) any person who has received a grant from and has been certified by the health benefit exchange established pursuant to section 1311 of the affordable care act, 42 U.S.C. § 18031 to act as a navigator, as such term is used in 42 U.S.C. § 18031(i), including any person employed by a certified navigator, provided that the person: (A) has completed the training required by the health benefit exchange; (B) does not sell insurance; (C) does not engage in any activity with respect to insurance not expressly permitted under 42 U.S.C. § 18031 (i) (3) and regulations thereunder; and (D) does not receive any compensation for acting as a navigator directly or indirectly from an insured, insurance producer, or an insurer.

(l) In this article, "home state" means the District of Columbia or any state or territory of the United States in which an insurance producer maintains his, her or its principal place of residence or principal place of business and is licensed to act as an insurance producer.

(m) In this article, "negotiate" or "negotiation" means the act of conferring directly with or offering advice directly to a purchaser or prospective purchaser of a particular contract of insurance concerning any of the substantive benefits, terms or conditions of the contract, provided that the person engaged in that act either sells insurance or obtains insurance from licensed insurers, fraternal benefit societies or health maintenance organizations for purchasers.

(n) In this article, "sell" or "sale" means to exchange a contract of insurance by any means, for money or its equivalent, on behalf of a

licensed insurer, fraternal benefit society or health maintenance organization.

(o) In this article, "solicit" or "solicitation" means attempting to sell insurance or asking or urging a person to apply for a particular kind of insurance from a particular licensed insurer, fraternal benefit society or health maintenance organization.

(p) In this article, "business entity" means a corporation, association, partnership, limited liability company, limited liability partnership or other legal entity.

(q) In this article, "person" means an individual or a business entity.

(r) In this article, "line of authority" means any of the following:

(1) life: insurance coverage on human lives including benefits of endowment and annuities, and may include benefits in the event of death or dismemberment by accident and benefits for disability income;

(2) accident and health or sickness: insurance coverage for sickness, bodily injury or accidental death and may include benefits for disability income;

(3) property: insurance coverage for the direct or consequential loss or damage to property of every kind;

(4) casualty: insurance coverage against legal liability, including that for death, injury or disability or damage to real or personal property;

(5) variable life and variable annuity products: insurance coverage provided under variable life insurance contracts and variable annuities;

(6) personal lines: property/casualty insurance coverage sold to individuals and families for primarily noncommercial purposes; and

(7) any other line of insurance permitted pursuant to this chapter.

(s) In this article, "controlled person" shall have the meaning set forth in paragraph five of subsection (a) of section one thousand five hundred one of this chapter.

(t) In this article, "holding company" shall have the meaning set forth in paragraph three of subsection (a) of section one thousand five hundred one of this chapter.

(u) In this article, "holding company system" shall have the meaning set forth in paragraph six of subsection (a) of section one thousand five hundred one of this chapter.

(v) In this article, "life settlement broker" shall have the meaning contained in subsection (j) of section seven thousand eight hundred two of this chapter.

(w) In this article, "state" means the District of Columbia or any state or territory of the United States.

(x) In this article, with respect to excess line insurance and excess line brokers:

(1) With respect to an insured's home state, "affiliated group" means any group of entities that are all affiliated. For the purposes of this paragraph:

(A) "affiliate" means, with respect to an insured, any entity that controls, is controlled by, or is under common control with the insured; and

(B) an entity has control over another entity if the entity:

(i) directly or indirectly or acting through one or more other persons owns, controls, or has the power to vote twenty-five percent or more of any class of voting securities of the other entity; or

(ii) controls in any manner the election of a majority of the directors or trustees of the other entity;

(2) "Exempt commercial purchaser" means any person purchasing commercial insurance that, at the time of placement, meets the following requirements:

(A) the person employs or retains a qualified risk manager to negotiate insurance coverage;

(B) the person has paid aggregate nationwide commercial property/casualty insurance premiums in excess of one hundred thousand dollars in the immediately preceding twelve months; and

(C) (i) the person meets at least one of the following criteria:

(I) the person possesses a net worth in excess of twenty million dollars, as such amount is adjusted pursuant to item (ii) of this subparagraph;

(II) the person generates annual revenues in excess of fifty million dollars, as such amount is adjusted pursuant to item (ii) of this subparagraph;

(III) the person employs more than five hundred full-time or full-time equivalent employees per individual insured or is a member of an affiliated group employing more than one thousand employees in the

aggregate;

(IV) the person is a not-for-profit organization or public entity generating annual budgeted expenditures of at least thirty million dollars, as such amount is adjusted pursuant to item (ii) of this subparagraph; or

(V) the person is a municipality with a population in excess of fifty thousand persons;

(ii) Effective on the fifth January first occurring after July twenty-first, two thousand ten and each fifth January first occurring thereafter, the amounts in clauses (I), (II), and (IV) of item (i) of this subparagraph shall be adjusted to reflect the percentage change for such five-year period in the Consumer Price Index for All Urban Consumers published by the Bureau of Labor Statistics of the Unites States Department of Labor;

(3) "Insured's home state" means:

(A) the state in which an insured maintains its principal place of business or, in the case of an individual, the individual's principal residence;

(B) if one hundred percent of the insured risk is located outside of the state referred to in subparagraph (A) of this paragraph, then the state to which the greatest percentage of the insured's taxable premium for that insurance contract is allocated;

(C) if more than one insured from an affiliated group are named insureds on a single insurance contract, then the insured's home state, as determined pursuant to subparagraph (A) of this paragraph, of the member of the affiliated group that has the largest percentage of premium attributed to it under such insurance contract; or

(D) in the case of a group policy:

(i) when the group policyholder pays one hundred percent of the premium from its own funds, then the insured's home state, as determined pursuant to subparagraph (A) of this paragraph, of the group policyholder; or

(ii) when the group policyholder does not pay one hundred percent of the premium from its own funds, then the home state, as determined pursuant to subparagraph (A) of this paragraph, of the group member;

(4) With respect to determining an insured's home state, "principal place of business" means the state where:

(A) the insured maintains its headquarters and where the insured's high-level officers direct, control, and coordinate the business activities; or

(B) if the insured's high-level officers direct, control, and coordinate the business activities in more than one state, or if the insured's principal place of business is located outside any state, then the state to which the greatest percentage of the insured's taxable premium for that insurance contract is allocated;

(5) With respect to determining an insured's home state, "principal residence" means the state:

(A) where the individual resides for the greatest number of days during a calendar year; or

(B) if the insured's principal residence is located outside any state, the state to which the greatest percentage of the insured's taxable premium for that insurance contract is allocated;

(6) "Property/casualty insurance" means any kind of insurance as specified in subsection (a) of section one thousand one hundred thirteen of this chapter, except insurance issued pursuant to paragraph one, two, three, fifteen, eighteen or thirty-one of subsection (a) of section one thousand one hundred thirteen of this chapter or insurance substantially similar thereto; and

(7) With respect to an exempt commercial purchaser, "qualified risk manager" means, with respect to a policyholder of commercial insurance, a person who meets all of the following requirements:

(A) the person is an employee of, or third-party consultant retained by, the commercial policyholder;

(B) the person provides skilled services in loss prevention, loss reduction, or risk and insurance coverage analysis, and purchase of insurance;

(C) the person:

(i)(I) has a bachelor's degree or higher from an accredited college or university in risk management, business administration, finance, economics, or any other field determined by the superintendent to demonstrate minimum competence in risk management; and

(II)(aa) has three years of experience in risk financing, claims administration, loss prevention, risk and insurance analysis, or purchasing commercial lines of insurance; or

(bb) has:

(aaa) a designation as a chartered property and casualty underwriter (in this clause referred to as a "CPCU") issued by the American Institute for CPCU/Insurance Institute of America;

(bbb) a designation as an associate in risk management (ARM) issued by the American Institute for CPCU/Insurance Institute of America;

(ccc) a designation as certified risk manager (CRM) issued by the National Alliance for Insurance Education & Research;

(ddd) a designation as a Risk and Insurance Management Society (RIMS) fellow (RF) issued by the Global Risk Management Institute; or

(eee) any other designation, certification, or license determined by the superintendent to demonstrate minimum competency in risk management;

(ii) (I) has at least seven years of experience in risk financing, claims administration, loss prevention, risk and insurance coverage analysis, or purchasing commercial lines of insurance; and

(II) has any one of the designations specified in subclauses (aaa) through (eee) of subitem (bb) of clause (II) of item (i) of this subparagraph;

(iii) has at least ten years of experience in risk financing, claims administration, loss prevention, risk and insurance coverage analysis, or purchasing commercial lines of insurance; or

(iv) has a graduate degree from an accredited college or university in risk management, business administration, finance, economics, or any other field determined by the superintendent to demonstrate minimum competence in risk management.

(y)(1) In this chapter, "title insurance agent" means any authorized or acknowledged agent of a title insurance corporation, and any subagent or other representative of such an agent, who or which for commission, compensation, or any other thing of value, performs the following acts in conjunction with the issuance of a title insurance policy:

(A) sells, or negotiates the sale of a title insurance policy;

(B) evaluates the insurability of title, based upon the performance or review of a title search; and

(C) performs one or more of the following functions:

(i) collects, remits or disburses title insurance premiums, escrows or other related funds;

(ii) prepares, amends, marks up or delivers a title insurance

commitment or certificate of title for the purpose of the issuance of a title insurance policy by a title insurance corporation;

(iii) prepares, amends or delivers a title insurance policy on behalf of a title insurance corporation; or

(iv) negotiates the clearance of title exceptions, in connection with the issuance of a title insurance policy.

(2) Such term shall not include any regular salaried officer or employee of an authorized title insurance corporation or of a licensed title insurance agent, who does not receive a commission or other compensation for services, which commission or other compensation is directly dependent upon the amount of title insurance business done.

§ 2102. Acting without a license. (a) (1) (A) No person, firm, association or corporation shall act as an insurance producer, insurance adjuster or life settlement broker in this state without having authority to do so by virtue of a license issued and in force pursuant to the provisions of this chapter.

(B) No person, firm, association or corporation shall act as an excess line broker in this state without having authority to do so by virtue of a license issued and in force pursuant to section two thousand one hundred five of this article, provided, however, that such person, firm, association or corporation shall not be required to be licensed as an excess line broker where the insured's home state is a state other than this state and such person, firm, association or corporation is otherwise licensed to sell, solicit or negotiate excess line insurance in the insured's home state.

(2) Any person, firm, association or corporation who or which acts as a reinsurance intermediary in violation of paragraph one hereof shall, in addition to other penalties prescribed by law, be subject to a penalty not to exceed five thousand dollars for each transaction.

(b) (1) Unless licensed as an insurance agent, insurance broker or insurance consultant, no person, firm, association or corporation shall in this state identify or hold himself or itself out to be an insurance advisor, insurance consultant or insurance counselor.

(2) No person, firm, association or corporation shall use any other designation or title which is likely to mislead the public or shall hold

himself or itself out in any manner as having particular insurance qualifications other than those for which he may be otherwise licensed or otherwise qualified.

(3) Unless licensed as an insurance agent, insurance broker or insurance consultant with respect to the relevant kinds of insurance, no person, firm, association or corporation shall receive any money, fee, commission or thing of value for examining, appraising, reviewing or evaluating any insurance policy, annuity or pension contract, plan or program or shall make recommendations or give advice with regard to any of the above.

(4) This subsection shall not apply to:

(A) licensed attorneys at law of this state acting in their professional capacity as such;

(B) actuaries or certified public accountants who provide information, recommendations, advice or services in their professional capacity, if neither they nor their employer receive any compensation directly or indirectly on account of any insurance, bond, annuity or pension contract that results in whole or part from such information, recommendation, advice or services; or

(C) regular salaried officers or employees of an insurer who devote substantially all of their services to activities other than the rendering of consulting services to the insuring public while acting in their capacity as such in discharging the duties of their employment.

(5) Paragraphs one and three of this subsection shall not apply to any person who has received a grant from and has been certified by the health benefit exchange established pursuant to section 1311 of the Affordable Care Act, 42 U.S.C. § 18031 (i), including persons employed by certified navigators; provided that the person: (A) has completed the training required by the health benefit exchange; (B) does not sell insurance; (C) does not engage in any activity with respect to insurance not expressly permitted under 42 U.S.C. § 18031 (i) (3) and regulations thereunder; and (D) does not receive any compensation for acting as a navigator directly or indirectly from an insured, insurance producer, or an insurer.

(c) Unless licensed as a reinsurance intermediary, no person, firm, association or corporation shall in this state act as a reinsurance intermediary or use any other designation or title which is likely to

mislead the public or hold himself or itself out in any manner as a reinsurance intermediary.

(d) Notwithstanding the foregoing, any membership corporation or voluntary association organized and operating in this state prior to January first, nineteen hundred thirty-nine may, as part of its operations, continue as theretofore to obtain for its members, from a property/casualty insurance company licensed to do business in this state and having a certificate of qualification from the superintendent, the surety bonds or insurance policies required to be filed by such members pursuant to section three hundred seventy of the vehicle and traffic law and may, without being licensed as an insurance broker, receive compensation from such members or from such insurer for such services.

(e)(1) No person shall accept any commission, service fee, brokerage or other valuable consideration for selling, soliciting or negotiating insurance in this state if that person is required to be licensed under this article and is not so licensed.

(2) Renewal or other deferred commissions may be paid to a person or other entity for selling, soliciting or negotiating insurance in this state if the person or other entity was required to be licensed under this article at the time of the sale, solicitation or negotiation and was so licensed at that time.

(3) An insurer, fraternal benefit society, health maintenance organization or licensed insurance producer may pay or assign commissions, service fees, brokerages or other valuable consideration to an insurance producer or to persons who do not sell, solicit or negotiate a contract of insurance in this state, unless the payment would violate any provision of this chapter.

(f) Every licensee shall notify the superintendent upon changing his, her or its legal name. Except for an individual licensee's own legal name, no licensee shall use any name, in conducting a business regulated by this article that has not been previously approved by the superintendent.

(g) Any person, firm, association or corporation who or that violates this section shall be subject to a penalty not to exceed five hundred dollars for each transaction, except as provided in paragraph two of subsection (a) of this section.

§ 2103. Insurance agents; licensing. (a) The superintendent may issue a license to any person, firm or corporation who or which has complied with the requirements of this chapter, authorizing such licensee to act as an insurance agent with respect to the lines of authority for life insurance, variable life and variable annuity products, or accident and health insurance and sickness or any other line of authority deemed to be similar by the superintendent, including for this purpose, health maintenance organization contracts, legal services insurance or with respect to any combination of the above, as specified in such license, on behalf of any insurer, fraternal benefit society or health maintenance organization, which is authorized to do such kind or kinds of insurance or health maintenance organization business in this state.

(b) The superintendent may issue a license to any person, firm, association or corporation who or which has complied with the requirements of this chapter, authorizing the licensee to act as agent of any authorized insurer, other than an insurer specified in subsection (b) of section two thousand one hundred fifteen of this article, with respect to the lines of authority for accident and health or sickness, property, casualty, personal lines or any other line of authority granted other than life, and variable life and variable annuity products, which such insurer is authorized to do in this state.

(c) Any such license issued to a firm or association shall authorize only the members thereof, named in such license as sub-licensees, to act individually as agents thereunder, and any such license issued to a corporation shall authorize only the officers and directors thereof, named in such license as sub-licensees, to act individually as agents thereunder. Every sub-licensee, acting as insurance agent pursuant to such a license shall be authorized so to act only in the name of the licensee.

(d) Every individual applicant for a license under this section and every proposed sub-licensee shall be eighteen years of age or over at the time of the issuance of such license.

(e) Before any original insurance agent's license is issued there shall be on file in the office of the superintendent an application by the prospective licensee in such form or forms and supplements, and

containing information the superintendent prescribes and for each business entity, the sub-licensee or sub-licensees named in the application shall be designated responsible for the business entity's compliance with the insurance laws, rules and regulations of this state.

(f) (1) The superintendent shall, in order to determine the competency of every individual applicant and of every proposed sub-licensee to have the kind of license applied for, require such individual to submit to a personal written examination and to pass the same to the satisfaction of the superintendent. Such examination shall be held at such times and places as the superintendent shall from time to time determine. Every individual applying to take any written examination shall, at the time of applying therefor, pay to the superintendent, or, at the discretion of the superintendent, directly to any organization that is under contract to provide examination services, an examination fee of an amount which is the actual documented administrative cost of conducting said qualifying examination as certified by the superintendent from time to time. An examination fee represents an administrative expense and is not refundable. The superintendent may accept, in lieu of any such examination, the result of any previous written examination, given by the superintendent, which in his judgment is equivalent to the examination for which it is substituted.

(2) The superintendent may from time to time make reasonable classifications of the kinds of insurance and may prescribe the following types of examinations:

(A) For individuals seeking to qualify to obtain a license under subsection (a) of this section, one examination adapted to test the qualifications for a life insurance agent's license, another adapted to test the qualifications for an accident and health insurance agent's license and another adapted to test the qualifications for a legal services insurance license. Each such individual shall be required to pass the type or types of examination prescribed by the superintendent for the line or lines of authority, as specified in subsection (a) of this section, for which the license is sought. No individual shall be deemed qualified to take the examination or examinations unless he shall have successfully completed a course or courses, approved as to method and content by the superintendent, covering the principal branches and contracts of life insurance, annuity contracts, disability insurance,

accident and health insurance and related insurance and requiring not less than forty hours of classroom work or the equivalent in correspondence work or similar instruction, provided, however, that, at the discretion of the superintendent, insurance subject material may be eliminated from course content, with a corresponding reduction in course hours, if an insurer is not authorized to transact such kind or kinds of insurance in this state. Such course or courses either shall have been given by a degree conferring college or university which has, when such course is taken by such individual, a curriculum or curricula registered with the state education department, whether such course be given as part of any such curricula or separately, or by any other institution or life or accident and health insurer which maintains equivalent standards of instruction, and which shall have been approved for such purpose by the superintendent.

(B) For individuals seeking to qualify to obtain a license under subsection (b) of this section, not more than six types of examinations, each adapted to test the qualifications of an individual with respect to the kinds of insurance business specified in such classification. Every such individual shall be required to pass the type or types of examination prescribed by the superintendent for the line or lines of authority for which the license is sought. No individual shall be deemed qualified to take the examination unless he shall have successfully completed a course or courses, approved as to method and content by the superintendent, covering the principal branches of the insurance business and requiring not less than ninety hours of classroom work or the equivalent in correspondence work, a course offered over the internet or a similar institution, in institutions of learning meeting the standards prescribed by paragraph one of subsection (a) of section two thousand one hundred four of this article; provided, however, with respect to a license issued pursuant to subsection (b) of this section for a personal line of authority, there shall be required not less than forty hours of such classroom work or the equivalent in correspondence work, a course offered over the internet or a similar institution.

(3) The superintendent shall require that all written examinations request the applicant to set forth: (i) his or her full name, age, residence address, business address and mailing address; (ii) the applicant's gender; (iii) the applicant's native language; (iv) the

applicant's highest level of education achieved; and (v) the applicant's race or ethnicity. This section of the examination shall include a clear and unambiguous statement that the applicant is not required to disclose his or her race or ethnicity, gender, native language or level of education, that he or she will not be penalized for failing to do so, and that the department will use this information solely for statistical purposes that will then be studied in order to ensure continued quality and fairness of the examination.

(g) No such written examination shall be required:

(1) as a prerequisite to the issuance of a baggage or accident and health insurance agent's license to any ticket selling agent or representative of a railroad company, steamship company, carrier by air, or public bus carrier, who shall act thereunder as insurance agent only in reference to the issuance of baggage or accident insurance tickets primarily for the purpose of covering risk of travel;

(2) in the discretion of the superintendent, of any individual whose license has been revoked or suspended;

(3) of any individual seeking to be named as a licensee or sub-licensee, under subsection (a) hereof, to represent a fraternal benefit society as its agent;

(4) in connection with any certificate of appointment for an additional insurer, provided the certificate of appointment does not include any additional kind of insurance;

(5) in the discretion of the superintendent, of any individual seeking to be named as a licensee or sub-licensee who is a non-resident insurance agent;

(6) of any person who received a license effective the first day of July, nineteen hundred eighty-seven to represent any assessment corporation which was limited on that date to the kinds of insurance specified in subsection (a) of section six thousand six hundred five of this chapter, and whose license is limited to those kinds of insurance, in connection with any certificate of appointment to represent another such assessment corporation, provided the certificate of appointment does not include any additional kind of insurance.

(7) of any applicant who has passed the written examination given by the superintendent for an insurance agent's license and was licensed as such or of an applicant who was licensed as an insurance agent but did

not pass such an examination, provided the applicant applies within two years following the date of termination of his license;

(8) of any person who was appointed prior to the first day of July, nineteen hundred fifty-seven, to represent any domestic assessment co-operative property/casualty insurance company which shall be licensed to do the business permitted under subsection (b) of section six thousand six hundred five of this chapter, provided such person within three months after that date files with the superintendent an application for a license in such form as the superintendent shall prescribe;

(9) in the discretion of the superintendent, as to all or any part of the written examination or the prerequisite minimum forty hour course specified in subparagraph (A) of paragraph two of subsection (f) of this section, of any individual seeking to be named a licensee or sub-licensee, upon whom has been conferred the Chartered Life Underwriter (C.L.U.) or Chartered Life Underwriter Associate designation by The American College;

(10) in the discretion of the superintendent, as to all or any part of the written examination or the prerequisite minimum ninety hour course specified in subparagraph (B) of paragraph two of subsection (f) of this section, of any individual seeking to be named a licensee or sublicensee, upon whom has been conferred the Chartered Property Casualty Underwriter (C.P.C.U.) designation by the American Institute for Property and Liability Underwriters; or

(11) of any individual who applies for an insurance agent license in this state who was previously licensed for the same line or lines of authority in another state, provided, however, that the applicant's home state grants non-resident licenses to residents of this state on the same basis. Such individual shall also not be required to complete any prelicensing education. This exemption is only available if the person is currently licensed in that state or if the application is received within ninety days of the date of cancellation of the applicant's previous license and if the prior state issues a certification that, at the time of cancellation, the applicant was in good standing in that state or the state's producer database records, maintained by the National Association of Insurance Commissioners, its affiliates or subsidiaries, indicate that the producer is or was licensed in good

standing for the line of authority requested. An individual or entity licensed in another state who moves to this state shall make an application within ninety days of establishing legal residence to become a resident licensee. No prelicensing education or examination shall be required of that person to obtain any line of authority previously held in the prior state except where the superintendent determines otherwise by regulation.

(h) The superintendent may refuse to issue any insurance agent's license if, in his judgment, the proposed licensee or any sub-licensee is not trustworthy and competent to act as such agent, or has given cause for the revocation or suspension of such a license, or has failed to comply with any prerequisite for the issuance of such license.

(i) (1) The superintendent may require from every applicant and from every proposed sub-licensee, before or after issuing any such license, a statement subscribed and affirmed as true by the applicant under the penalties of perjury as to the ownership of any interest in an applicant firm, association or corporation and as to facts indicating whether any applicant has been by reason of an existing license, if any, or will be by reason of the license applied for, receiving any benefit or advantage in violation of section two thousand three hundred twenty-four of this chapter, and also as to such facts as he may deem pertinent to the requirements of this subsection. The superintendent may refuse to issue, suspend or revoke a license, as the case may be, to or of any applicant if he finds that such applicant has been or will be, as aforesaid, receiving any benefit or advantage in violation of section two thousand three hundred twenty-four of this chapter, or if he finds that more than ten percent of the aggregate net commissions, received during the twelve month period immediately preceding, if any, or to be received during the ensuing twelve months, by the applicant, resulted or will result from insurance on the property and risks:

(A) of the spouse of an individual applicant; and of any corporation of which such individual applicant or his or her spouse or both own more than fifty percent of the shares; and of any affiliated or subsidiary corporations of such corporation; and of the members of any firm or association and their spouses, of which firm or association the individual applicant or his or her spouse is a member;

(B) of the members of an applicant firm or association and their

respective spouses, and of the owners of any interest in such firm or association and their respective spouses, and of any corporation of which such firm or association or the members or owners and their respective spouses, either individually or in the aggregate, own more than fifty percent of the shares, and of any affiliated or subsidiary corporations of such corporation, and of any other firm and the members thereof and their respective spouses, of which other firm a member or members of the applicant firm or association and their respective spouses are members or owners; and

(C) of the shareholders of an applicant corporation and their respective spouses, and of any affiliated and subsidiary corporations of such applicant corporation, and of any subsidiary and affiliated corporations of a corporation owning any interest in such applicant corporation, and of any firm or association and the members thereof and their respective spouses which either individually or collectively own more than fifty percent of the shares of the applicant corporation, and of any corporation of which such firm or association and its members and their respective spouses, either individually or in the aggregate, own more than fifty percent of the shares, and of any affiliated or subsidiary corporation of such corporation.

(2) Nothing herein disqualifies any applicant by reason of acts done or facts existing at a time when the same did not, under the law then in force, constitute or contribute to constituting such a disqualification.

(3) The word "applicant" in this subsection, includes a licensee or sub-licensee.

(j) (1) Any license currently in force issued to an insurance agent of any insurer, fraternal benefit society or health maintenance organization pursuant to subsection (a) of this section shall be deemed terminated as of June thirtieth, nineteen hundred eighty-five. Any license currently in force issued to an insurance agent of any insurer pursuant to subsection (b) of this section without an expiration date shall be deemed terminated as of June thirtieth, nineteen hundred eighty-six.

(2) Every license issued to a business entity pursuant to subsection (a) of this section shall expire on June thirtieth of odd numbered years. Every license issued to a business entity pursuant to subsection (b) of this section shall expire on June thirtieth of odd numbered

years. On and after January first, two thousand seven, every license issued pursuant to this section to an individual, and every license in effect prior to January first, two thousand seven that was issued pursuant to this section to an individual, who was born in an odd numbered year, shall expire on the individual's birthday in each odd numbered year. On and after January first, two thousand seven, every license issued pursuant to this section to an individual, and every license in effect prior to January first, two thousand seven that was issued pursuant to this section to an individual, who was born in an even numbered year, shall expire on the individual's birthday in each even numbered year. Every such license may be renewed for the ensuing period of twenty-four months upon the filing of an application in conformity with this subsection. The superintendent may issue such rules and regulations as the superintendent deems necessary to implement the terms of this subsection including regulations providing that, prior to July first, two thousand twenty-three, the registration fees and continuing education requirements for the renewal of any license issued to a business entity pursuant to this subsection for a period that is more than twenty-four months may be increased in proportion to the length of the period of licensure.

(3) In the case of a license issued to a new applicant, the superintendent may issue a license for a term of more than two years, provided however, such term shall not exceed thirty months.

(4) Any license shall be considered in good standing within the license term unless:

(A) revoked or suspended by the superintendent pursuant to this article.

(B) all certificates of appointment have been terminated by the insurers, at which time the license becomes inactive.

(C) if at the expiration date of the license term, provided the license was in good standing during the term, the licensee fails to file a renewal application.

(5) Before the renewal of any insurance agent's license shall be issued, the following requirements shall have been met:

(A) The licensee shall have filed a completed renewal application in such form or forms and supplements thereto and containing such information as the superintendent may prescribe.

(B) The licensee shall have paid such fees as are prescribed in this section.

(6) If the agent's license is deemed to be in an inactive status at the time of renewal, a renewal application may be completed and filed with the superintendent for the ensuing term of a license; however, if a certificate of appointment is not filed on the agent's behalf within the term of the renewal, the license will expire and will not be renewed at the end of the license term. During the term of the license for which no certificate of appointment was on file, it shall be deemed to be inactive.

(7) If an application for a renewal license shall have been filed with the superintendent before the expiration of such license, the license sought to be renewed shall continue in full force and effect either until the issuance by the superintendent of the renewal license applied for or until five days after the superintendent shall have refused to issue such renewal license and shall have given notice of such refusal to the applicant and to each proposed sub-licensee. Before refusing to renew any such license, except on the ground of failure to pass a written examination, the superintendent shall notify the applicant of his intention to do so and shall give such applicant a hearing.

(8) (A) The superintendent may in issuing a renewal license dispense with the requirements of a verified application by any individual licensee or sub-licensee who, by reason of being engaged in any military service for the United States, is unable to make personal application for such renewal license, upon the filing of an application on behalf of such individual, in such form as the superintendent shall prescribe, by some person or persons who in his judgment have knowledge of the facts and who make affidavit showing such military service and the inability of such insurance agent to make personal application.

(B) An individual licensee or sub-licensee who is unable to comply with license renewal procedures due to other extenuating circumstances, such as a long-term medical disability, may request a waiver of such procedures, in such form as the superintendent shall prescribe. The licensee or sub-licensee may also request a waiver of any examination requirement or any other fine or sanction imposed for failure to comply with renewal procedures.

(9) In addition to any examination fee required by subsection (f) of

this section, there shall be paid to the superintendent for each individual license applicant and each proposed sub-licensee the sum of forty dollars for each year or fraction of a year in which a license shall be valid. If, however, the license applicant or a proposed sub-licensee should withdraw the application or the superintendent should deny the application before the license applied for is issued, the superintendent may refund the fee paid by the applicant for the license applied for with the exception of any examination fees required pursuant to subsection (f) of this section.

(10) An application for the renewal of a license shall be filed with the superintendent not less than sixty days prior to the date the license expires or the applicant shall be subject to a further fee for late filing of ten dollars.

(11) No license fee shall be required of any person who served as a member of the armed forces of the United States at any time and who (A) shall have been discharged therefrom, under conditions other than dishonorable, or (B) has a qualifying condition, as defined in section one of the veterans' services law, and has received a discharge other than bad conduct or dishonorable from such service, or (C) is a discharged LGBT veteran, as defined in section one of the veterans' services law, and has received a discharge other than bad conduct or dishonorable from such service, in a current licensing period, for the duration of such period.

(12) Except where a corporation, association or firm licensed as an insurance agent is applying to add a sub-licensee, or the date of the expiration of the license is changed, there shall be no fee required for the issuance of an amended license.

(13) The license shall contain the licensee's name, address, personal identification number, the date of issuance, the licensee's lines of authority, the expiration date and any other information the superintendent deems necessary.

(k) If the superintendent deems it necessary he may require any licensed agent to submit a new application at any time.

(l) Any licensee may at any time while such license is in force apply to the superintendent for an additional license authorizing such licensee, and the sub-licensees named in such existing license, to act as insurance agents for additional insurers. The superintendent may,

after the requirements of this chapter have been complied with, issue such additional license.

(m) An agent appointed for an insurer authorized to transact business in this state may transact business for any subsidiaries or affiliates of said insurer that are licensed in this state for the same line or lines of insurance without such insurers submitting additional appointments, provided a certified copy of a resolution adopted by the board of directors of each of the insurers requesting such authority is filed with the superintendent by each of the insurers and renewed and refiled whenever deemed necessary by the superintendent. The resolution shall also designate the primary insurer for which all of the company's agents must be appointed pursuant to subsection (a) or (b) of this section, and said appointment must be in full force and effect in order to transact business for any of the affiliated or subsidiary insurers.

(n) Any insurance agent licensed pursuant to subsection (b) of this section is hereby authorized while so licensed, to act in the sale, solicitation or negotiation for an insurance contract providing solely for disability benefits written to meet minimum requirements of article nine of the workers' compensation law.

(o) The superintendent may issue a replacement for a currently in force license which has been lost or destroyed. Before such replacement license shall be issued, there shall be on file in the office of the superintendent a written application for such replacement license, affirming under penalty of perjury that the original license has been lost or destroyed, together with a fee of fifteen dollars.

§ 2104. Insurance brokers; licensing. (a) (1) The superintendent may issue an insurance broker's license to any individual, firm, association or corporation, hereinafter designated as "licensee," who or which is deemed by him trustworthy and competent to act as a broker in such manner as to safeguard the interests of the insured, and who or which is otherwise qualified as herein required, and who or which has complied with the prerequisites herein prescribed.

(2) The purpose of this section is to protect the public by requiring and maintaining professional standards of conduct on the part of all insurance brokers acting as such within this state.

(b) (1) Such license shall confer upon the licensee authority to act in this state as insurance broker, and upon every natural person named as sub-licensee in such license authority to act in this state as insurance broker in the name of and on behalf of such licensee, with respect to the following lines of authority:

(A) life insurance, variable life and variable annuity products, accident and health insurance and sickness or any other line of authority deemed to be similar by the superintendent, including for this purpose, health maintenance organization contracts and legal services insurance; or

(B) any and every line of authority, except life insurance and variable life and variable annuity products.

(2) A license issued to a corporation may name as sub-licensees only the officers and directors of such corporation, and a license issued to a firm or association may name as sub-licensees only the individual members of such firm or association. Each sub-licensee named in such license must be qualified to obtain a license as an insurance broker, and for each such sub-licensee a fee must be paid at the times and at the rates hereinafter specified.

(3) The license shall contain the licensee's name, address, personal identification number, the date of issuance, the licensee's lines of authority, the expiration date and any other information the superintendent deems necessary.

(c) (1) Every individual applicant for such license and every proposed sub-licensee shall be of the age of eighteen years or over at the time of the issuance of such license. No individual shall be deemed qualified to obtain such license or to be named as sub-licensee therein unless he shall comply with the requirements of subparagraph (A), (B) or (C) following:

(A) He shall have successfully completed a course or courses, approved as to method and content by the superintendent, covering the principal branches of the insurance business and requiring, in the case of a license under subparagraph (B) of paragraph one of subsection (b) of this section, not less than ninety hours, and in the case of a license under subparagraph (A) of paragraph one of subsection (b) of this section, not less than forty hours of classroom work or the equivalent thereof in correspondence work. Such course or courses either were given

by a degree conferring college or university which has, when such course is taken by such individual, a curriculum or curricula registered with the state education department, whether such course be given as a part of any such curriculum or separately, or were given by the The College of Insurance, or by any other institution which maintains equivalent standards of instruction, which has been continuously in existence for not less than five years prior to the taking of such course by such individual, and which shall have been approved for such purpose by the superintendent.

(B) He shall have been regularly employed by an insurance company or an insurance agent or an insurance broker, for a period or periods aggregating not less than one year during the three years next preceding the date of application, in the case of a license under subparagraph (B) of paragraph one of subsection (b) of this section, in responsible insurance duties relating to the underwriting or adjusting of losses in any one or more of the following branches of insurance: fire, marine, liability and workers' compensation, and fidelity and surety; in the case of a license under subparagraph (A) of paragraph one of subsection (b) of this section in responsible insurance duties relating to the use of life insurance, accident and health insurance and annuity contracts in the design and administration of plans for estate conservation and distribution, employee benefits and business continuation; and he shall submit with his application a statement subscribed and affirmed as true under the penalties of perjury by such employer or employers stating facts which show compliance with this requirement.

(C) He shall have been regularly employed by an insurance company or an insurance agent or an insurance broker, for a period or periods aggregating not less than one year, during the three years next preceding the date of entrance into the service of the armed forces of the United States or immediately following his discharge therefrom, in the case of a license under subparagraph (B) of paragraph one of subsection (b) of this section, in responsible insurance duties relating to the underwriting or adjusting of losses in any one or more of the following branches of insurance: fire, marine, liability and workers' compensation, and fidelity and surety; in the case of a license under subparagraph (A) of paragraph one of subsection (b) of this section in responsible insurance duties relating to the use of life insurance,

accident and health insurance and annuity contracts in the design and administration of plans for estate conservation and distribution, employee benefits and business continuation; provided the application for such license is filed within one year from the date of discharge; and he shall submit with his application a statement subscribed and affirmed as true under the penalties of perjury by such employer or employers stating facts which show compliance with this requirement.

(2) The requirements of subparagraphs (A), (B) and (C) of paragraph one hereof shall not apply to any non-resident insurance broker.

(d) (1) Before any such license shall be issued by the superintendent and before each renewal, there shall be filed in his office a written application therefor by the proposed licensee and by each proposed sub-licensee. Such application shall be in the form or forms and supplements prescribed by the superintendent and contain such information as he or she shall require and for each business entity, the sub-licensee or sub-licensees named in the application shall be designated responsible for the business entity's compliance with the insurance laws, rules and regulations of this state. In connection with any such application the superintendent shall have power to examine under oath any person who has or appears to have relevant information, and to make an examination of the books, records and affairs of any such applicant.

(2) The superintendent may require from every applicant and from every proposed sub-licensee, before issuing any such license or renewal license, a statement subscribed and affirmed by the applicant and proposed sub-licensee as true under the penalties of perjury as to the ownership of any interest in an applicant firm, association or corporation and as to facts indicating whether any applicant has been by reason of an existing license, if any, or will be by reason of the license applied for, receiving any benefit or advantage in violation of section two thousand three hundred twenty-four of this chapter, and also as to such facts as he may deem pertinent to the requirements of this subsection.

(3) The superintendent may refuse to issue a license or renewal license, as the case may be, to any applicant if he finds that such applicant has been or will be, as aforesaid, receiving any benefit or advantage in violation of section two thousand three hundred twenty-four

of this chapter, or if he finds that more than ten percent of the aggregate net commissions, received during the term of the existing license, if any, or to be received during the term of the license applied for, by the applicant, resulted or will result from insurance on the property and risks set forth in subparagraphs (A), (B) and (C) of paragraph one of subsection (i) of section two thousand one hundred three of this article.

(4) Nothing herein shall be deemed to disqualify any applicant by reason of acts done or facts existing at a time when the same did not, under the law then in force, constitute or contribute to constituting such a disqualification.

(e) (1) (A) The superintendent shall, in order to determine the competency of each applicant for an insurance broker's license, other than a renewal license, and of each proposed sub-licensee, to act as insurance broker, require every such person to submit to, and pass to the satisfaction of the superintendent, a personal written examination on the branches of the insurance business relevant to such license. Such examination shall be held at such times and places as the superintendent shall from time to time determine.

(B) An exemption may be granted, at the discretion of the superintendent, as to all or any part of the written examination or the prerequisite course specified in subparagraph (A) of paragraph one of subsection (c) of this section, of any individual seeking to be named a licensee or sub-licensee, upon whom has been conferred, in the case of a license under subparagraph (B) of paragraph one of subsection (b) of this section, the Chartered Property Casualty Underwriter (C.P.C.U.) designation by the American Institute for Property and Liability Underwriters, or on whom has been conferred, in the case of a license under subparagraph (A) of paragraph one of subsection (b) of this section, the Chartered Life Underwriter (C.L.U.), Chartered Financial Consultant (Ch.F.C.) or the Master of Science in Financial Services (M.S.F.S.) designations by the American College of Financial Service Professionals.

(2) Every individual applying to take any written examination shall, at the time of applying therefor, pay to the superintendent, or, at the discretion of the superintendent, directly to any organization that is under contract to provide examination services, an examination fee of an

amount which is the actual documented administrative cost of conducting said qualifying examination as certified by the superintendent from time to time. An examination fee represents an administrative expense and is not refundable. The superintendent may, whenever in his judgment it appears advisable in order to determine the competency of any applicant for a renewal license, or of any proposed sub-licensee to be named therein, require such person to pass to the satisfaction of the superintendent, a similar written examination.

(3) The superintendent may issue a license to any person seeking to be named as licensee or sub-licensee who:

(A) has since July first, nineteen hundred twenty-eight, passed the examination given by the superintendent for that insurance broker's license and was licensed as such;

(B) within three years from the date of the receipt of his application was a similarly licensed insurance broker;

(C) within ten years from the date of the receipt of his application was, in the case of a license under subparagraph (B) of paragraph one of subsection (b) of this section, a similarly licensed insurance broker and during the period of three years next preceding the receipt of his application was licensed as a property/casualty insurance agent and, in the case of a license under subparagraph (A) of paragraph one of subsection (b) of this section, was a similarly licensed insurance broker and during the period of three years next preceding the receipt of his application was licensed as a life and accident and health insurance agent;

(D) has regularly and continuously acted, in the case of a license under subparagraph (B) of paragraph one of subsection (b) of this section, as a licensed resident property/casualty and accident and health insurance agent and, in the case of a license under subparagraph (A) of paragraph one of subsection (b) of this section, acted as a licensed life and accident and health insurance agent for a period of at least five years immediately preceding the date of receipt of his application;

(E) is a non-resident insurance broker for similar lines;

(F) served as a member of the armed forces of the United States at any time, and shall (i) have been discharged under conditions other than dishonorable, or (ii) has a qualifying condition, as defined in section

one of the veterans' services law, and has received a discharge other than bad conduct or dishonorable from such service, or (iii) is a discharged LGBT veteran, as defined in section one of the veterans' services law, and has received a discharge other than bad conduct or dishonorable from such service, and who within three years prior to his or her entry into the armed forces held a license as insurance broker for similar lines, provided his or her application for such license is filed before one year from the date of final discharge; or

(G) was previously licensed for the same line or lines of authority in another state, provided, however, that the applicant's home state grants non-resident licenses to residents of this state on the same basis. Such individual shall also not be required to complete any prelicensing education. This exemption is only available if the person is currently licensed in that state or if the application is received within ninety days of the date of cancellation of the applicant's previous license and if the prior state issues a certification that, at the time of cancellation, the applicant was in good standing in that state or the state's producer database records, maintained by the National Association of Insurance Commissioners, its affiliates or subsidiaries, indicate that the producer is or was licensed in good standing for the line of authority requested. An individual or entity licensed in another state who moves to this state shall make an application within ninety days of establishing legal residence to become a resident licensee. No prelicensing education or examination shall be required of that person to obtain any line of authority previously held in the prior state except where the superintendent determines otherwise by regulation.

(f) (1) At the time of application for every such license, and for every biennial renewal thereof, there shall be paid to the superintendent for each individual applicant and for each proposed sub-licensee the sum of forty dollars for each year or fraction of a year in which a license shall be valid. If, however, the applicant or a proposed sub-licensee should withdraw his or its application or the superintendent should deny his or its application before the license applied for is issued, the superintendent may refund the fee paid by the applicant for the license applied for, excepting any examination fees required pursuant to subsection (e) of this section.

(2) No license fee shall be required of any person who served as a

member of the armed forces of the United States at any time, and who (A) shall have been discharged, under conditions other than dishonorable, or (B) has a qualifying condition, as defined in section one of the veterans' services law, and has received a discharge other than bad conduct or dishonorable from such service, or (C) is a discharged LGBT veteran, as defined in section one of the veterans' services law, and has received a discharge other than bad conduct or dishonorable from such service, in a current licensing period, for the duration of such period.

(g) (1) Every insurance broker's license issued pursuant to this section to a business entity shall be for a term expiring on the thirtieth day of June of odd-numbered years. On and after January first, two thousand seven, every license issued pursuant to this section to an individual, and every license in effect prior to January first, two thousand seven that was issued pursuant to this section to an individual, who was born in an odd numbered year, shall expire on the individual's birthday in each odd numbered year. On and after January first, two thousand seven, every license issued pursuant to this section to an individual, and every license in effect prior to January first, two thousand seven that was issued pursuant to this section to an individual, who was born in an even numbered year, shall expire on the individual's birthday in each even numbered year. Every such license may be renewed for the ensuing period of twenty-four months upon the filing of an application in conformity with this section. In the case of a license issued to a new applicant, the superintendent may issue a license for a term of more than two years, provided however, such term shall not exceed thirty months. The superintendent may issue such rules and regulations as the superintendent deems necessary to implement the terms of this subsection including regulations providing that, prior to July first, two thousand twenty-three, the registration fees and continuing education requirements for the renewal of any license issued to a business entity pursuant to this subsection for a period that is more than twenty-four months may be increased in proportion to the length of the period of licensure.

(2) An application for a renewal license shall be filed with the superintendent not less than sixty days prior to the date the license expires or the applicant shall be required to pay, in addition to the

fee required in subsection (f) of this section, a further fee for late filing of ten dollars.

(3) If an application for a renewal license shall have been filed with the superintendent before the expiration of such license, the license sought to be renewed shall continue in full force and effect either until the issuance by the superintendent of the renewal license applied for or until five days after the superintendent shall have refused to issue such renewal license and given notice of such refusal to the applicant and to each proposed sub-licensee.

(4) Before refusing to renew any such license, except on the ground of failure to pass a written examination required pursuant to subsection (e) hereof, the superintendent shall notify the applicant of his intention so to do and shall give such applicant a hearing.

(5) (A) The superintendent may in issuing a renewal license dispense with the requirement of a verified application by any individual licensee or sub-licensee who, by reason of being engaged in any military service for the United States, is unable to make personal application for such renewal license, upon the filing of an application on behalf of such individual, in such form as the superintendent shall prescribe, by some person or persons who in his judgment have knowledge of the facts and who make affidavit showing such military service and the inability of such insurance broker to make personal application.

(B) An individual licensee or sub-licensee who is unable to comply with license renewal procedures due to other extenuating circumstances, such as a long-term medical disability, may request a waiver of such procedures, in such form as the superintendent shall prescribe. The licensee or sub-licensee may also request a waiver of any examination requirement or any other fine or sanction imposed for failure to comply with renewal procedures.

(h) Any corporation, association or firm licensed as an insurance broker under this section may at any time make an application to the superintendent for the issuance of a supplemental license authorizing additional officers or directors of such corporation, or additional members of such firm or association, as the case may be, to act as sub-licensees, and, if the requirements of this section are fully complied with as to each of such proposed sub-licensees, the superintendent may issue to such licensee a supplemental license naming

such additional person or persons as sub-licensees.

(i) If an application for a license under this section be rejected, or if such a license be suspended or revoked by the superintendent, he shall forthwith give notice thereof to the applicant, or to the licensee.

(j) The superintendent may issue a replacement for a currently in force license which has been lost or destroyed. Before such replacement license shall be issued, there shall be on file in the office of the superintendent a written application for such replacement license, affirming under penalty of perjury that the original license has been lost or destroyed, together with a fee of fifteen dollars.

§ 2105. Excess line brokers; licensing. (a) The superintendent may issue an excess line broker's license to any person, firm, association or corporation who or which is licensed as an insurance broker under section two thousand one hundred four of this article, or who or which is licensed as an excess line broker in the licensee's home state, provided, however, that the applicant's home state grants non-resident licenses to residents of this state on the same basis, except that reciprocity is not required in regard to the placement of liability insurance on behalf of a purchasing group or any of its members; authorizing such person, firm, association or corporation to procure, subject to the restrictions herein provided, policies of insurance from insurers that are not authorized to transact business in this state of the kind or kinds of insurance specified in paragraphs four through fourteen, sixteen, seventeen, nineteen, twenty, twenty-two, twenty-seven, twenty-eight, thirty-one, thirty-two, thirty-three, and thirty-four of subsection (a) of section one thousand one hundred thirteen of this chapter and in subsection (h) of this section, provided, however, that the provisions of this section and section two thousand one hundred eighteen of this article shall not apply to ocean marine insurance and other contracts of insurance enumerated in subsections (b) and (c) of section two thousand one hundred seventeen of this article. Such license may be suspended or revoked by the superintendent whenever in the superintendent's judgment such suspension or revocation will best promote the interests of the people of this

state.

(b) Before the superintendent issues any such license or renewal, there shall be filed in the superintendent's office an application by the person, firm, association or corporation desiring such license, in such form or forms, and supplements thereto, and containing information the superintendent prescribes. For each business entity, the sub-licensee or sub-licensees named in the application shall be designated responsible for the business entity's compliance with the insurance laws, rules and regulations of this state. A person or entity licensed as an excess line broker in his, her or its home state may receive a non-resident excess line broker license pursuant to subsection (a) of this section with the submission of the application.

(c) (1) At the time of application for every such license, and for every renewal, each applicant shall pay the superintendent the following fees:

(A) Two hundred dollars for each year or fraction of a year in which a license shall be valid, if the applicant maintains an office in, or acts as an excess line broker in placing insurance on risks located in, any county in this state having a population of one hundred thousand or more inhabitants.

(B) Twenty-five dollars for each year or fraction of a year in which a license shall be valid in all other cases.

(2) The population of any county shall be determined by the most recent official census, whether by the United States or by this state.

(d) Every license issued pursuant to this section shall be for a term expiring with the expiration of the qualifying broker license and may be renewed for the ensuing period of twenty-four months upon the filing of an application in conformity with subsection (b) of this section and paying the fee prescribed by subsection (c) of this section. In the case of a license issued to a new applicant, the superintendent may issue a license for a term of more than two years, provided however, such term shall not exceed thirty months.

(e) Any such license issued to a firm, association or corporation shall authorize as sub-licensee only the sub-licensees named in its license as insurance broker, and each such sub-licensee may act thereunder only in the name of and on behalf of the licensee.

(g) The superintendent may issue a replacement for a currently in

force license which has been lost or destroyed. Before such replacement license shall be issued, there shall be on file in the office of the superintendent a written application for such replacement license, affirming under penalty of perjury that the original license has been lost or destroyed, together with a fee of fifteen dollars.

(h) Pursuant to subsection (a) of this section, an excess line broker may procure policies of insurance from insurers which are not authorized to transact business in this state for personal accident insurance and accident disability insurance, in which the insured is a non-resident of this state, and the nature of the risk to be insured is related to the operation of motor vehicles at high speeds for the enjoyment of spectators, is unusual and difficult to place and where such broker, after diligent effort, could not procure substantially similar coverage from an insurer authorized to do business in this state.

(i) Pursuant to subsection (a) of this section, an excess line broker may procure policies of salary protection insurance from insurers that are not authorized to transact business in this state.

§ 2106. Reinsurance intermediaries; licensing. (a) (1) The superintendent may issue a reinsurance intermediary's license to any person, firm, association or corporation who or which has complied with the requirements of this chapter.

(2) Any such license issued to a firm or association shall authorize all of the members of such firm or association and any designated employees to act as reinsurance intermediaries under the license, and all such persons shall be named in the application and supplements thereto.

(3) Any such license issued to a corporation shall authorize all of the officers and any designated employees and directors thereof to act as reinsurance intermediaries on behalf of such corporation, and all such persons shall be named in the application and supplements thereto.

(4) For each business entity, the officer or officers and director or directors named in the application shall be designated responsible for the business entity's compliance with the insurance laws, rules and regulations of this state.

(b) (1) Before a resident reinsurance intermediary's license shall be

issued or renewed the prospective licensee shall properly file in the office of the superintendent a written application therefor in such form or forms and supplements thereto as the superintendent prescribes, and pay a fee of five hundred dollars for each year or fraction of a year in which a license shall be valid.

(2) Every resident reinsurance intermediary's license issued to a business entity pursuant to this section shall expire on the thirty-first day of August of even-numbered years. On and after January first, two thousand seven, every license issued pursuant to this section to an individual resident reinsurance intermediary, and every license in effect prior to January first, two thousand seven that was issued pursuant to this section to an individual resident reinsurance intermediary, who was born in an odd numbered year, shall expire on the individual's birthday in each odd numbered year. On and after January first, two thousand seven, every license issued pursuant to this section to an individual resident reinsurance intermediary, and every license in effect prior to January first, two thousand seven that was issued pursuant to this section to an individual resident reinsurance intermediary, who was born in an even numbered year, shall expire on the individual's birthday in each even numbered year. Every license issued pursuant to this section may be renewed for the ensuing period of twenty-four months upon the filing of an application in conformity with this subsection.

(c) (1) If an application for a renewal license shall have been filed with the superintendent before September first of the year of expiration, the license sought to be renewed shall continue in full force and effect either until the issuance by the superintendent of the renewal license applied for or until five days after the superintendent shall have refused to issue such renewal license and given notice of such refusal to the applicant.

(2) Before refusing to renew any such license the superintendent shall notify the applicant of his intention so to do and shall give such applicant a hearing.

(d) (1) The superintendent may refuse to issue a reinsurance intermediary's license if, in his judgment, the applicant or any member, principal, officer or director of such applicant, is not trustworthy and competent to act as a reinsurance intermediary, or that any controlling

person of such applicant is not trustworthy to act as a reinsurance intermediary, or that any of the foregoing has given cause for revocation or suspension of such license, or has failed to comply with any prerequisite for the issuance of such license.

(2) For the purposes of this section a "controlling person" is any person who or which directly or indirectly has the power to direct or cause to be directed the management, control or activities of the reinsurance intermediary.

(e) Licensees under this section shall be subject to examination by the superintendent as often as he may deem it expedient. The superintendent may promulgate regulations establishing methods and procedures for facilitating and verifying compliance with the requirements of this section and sections two thousand one hundred two and two thousand one hundred twenty of this article.

(f) (1) (A) The provisions of this section and of section two thousand one hundred two, subsection (a) of section two thousand one hundred ten and section two thousand one hundred twenty of this article shall apply to resident and non-resident reinsurance intermediaries; provided, however, that the provisions of this subsection shall be specifically applicable with respect to non-resident reinsurance intermediaries.

(B) A "non-resident reinsurance intermediary" means a person who is a non-resident of this state and who is licensed to act as a reinsurance intermediary in their home state.

(2) (A) Before a non-resident reinsurance intermediary's license shall be issued or renewed, the prospective licensee shall properly file in the office of the superintendent a written application therefor in such form or forms and supplements as the superintendent prescribes, and pay a fee of five hundred dollars for each year or fraction of a year in which a license shall be valid.

(B) Every non-resident reinsurance intermediary's license issued to a business entity pursuant to this section shall expire on the thirty-first day of August of even-numbered years. On and after January first, two thousand seven, every license issued pursuant to this section to an individual non-resident reinsurance intermediary, and every license in effect prior to January first, two thousand seven that was issued pursuant to this section to an individual non-resident reinsurance intermediary, who was born in an odd numbered year, shall

expire on the individual's birthday in each odd numbered year. On and after January first, two thousand seven, every license issued pursuant to this section to an individual non-resident reinsurance intermediary, and every license in effect prior to January first, two thousand seven that was issued pursuant to this section to an individual non-resident reinsurance intermediary, who was born in an even numbered year, shall expire on the individual's birthday in each even numbered year. Every such license issued pursuant to this subparagraph may be renewed for the ensuing period of twenty-four months upon the filing of an application in conformity with this subsection.

(g) The superintendent may issue a replacement for a currently in force license which has been lost or destroyed. Before such replacement license shall be issued, there shall be on file in the office of the superintendent a written application for such replacement license, affirming under penalty of perjury that the original license has been lost or destroyed, together with a fee of fifteen dollars.

§ 2107. Insurance consultants; licensing and duties. (a) (1) The superintendent may issue an insurance consultant's license to any person, firm, association or corporation who or which has complied with the requirements of this chapter with respect to either: life insurance, meaning all of those kinds of insurance authorized in paragraphs one, two and three of subsection (a) of section one thousand one hundred thirteen of this chapter; or general insurance, meaning all of those kinds of insurance authorized in paragraphs four through twenty-three of such subsection, as specified in such license.

(2) Any such license issued to a firm or association shall authorize only the members of such firm or association named in such license as sub-licensees to act individually as consultants thereunder, and any such license issued to a corporation shall authorize only the officers and directors thereof named in such license as sub-licensees to act individually as consultants thereunder. Each sub-licensee named in such license must be qualified to obtain a license as an insurance consultant, and for each such sub-licensee the fee specified in subsection (b) of this section must be paid. Every sub-licensee acting individually as a consultant pursuant to a license issued to a firm,

association or corporation shall be authorized to act only in the name of such firm, association or corporation.

(b) (1) Before an insurance consultant's license shall be issued or renewed the prospective licensee shall properly file in the office of the superintendent an application therefor in such form or forms and supplements that the superintendent prescribes, and pay a fee of fifty dollars for each year or fraction of a year in which a license shall be valid and pay an additional fee of fifty dollars for each year or fraction of a year in which a license shall be valid for each sub-licensee. Every consultant's license issued pursuant to this section to a business entity shall expire on the thirty-first day of March, with respect to (A) life insurance in the odd year and (B) general insurance in the even year, next following the date of issue. On and after January first, two thousand seven, every license issued pursuant to this section to an individual consultant, and every license in effect prior to January first two thousand seven that was issued pursuant to this section to an individual consultant, who was born in an odd numbered year, shall expire on the individual's birthday in each odd numbered year. On and after January first, two thousand seven, every license issued pursuant to this section to an individual consultant, and every license in effect prior to January first, two thousand seven that was issued pursuant to this section to an individual consultant, who was born in an even numbered year, shall expire on the individual's birthday in each even numbered year. Every license issued pursuant to this section may be renewed for the ensuing period of twenty-four months upon the filing of an application in conformity with this subsection. In the case of a license issued to a new applicant, the superintendent may issue a license for a term of more than two years, provided however, such term shall not exceed thirty months.

(2) (A) If an application for a renewal license shall have been filed with the superintendent before the expiration of such license, the license sought to be renewed shall continue in full force and effect either until the issuance by the superintendent of the renewal license applied for or until five days after the superintendent shall have refused to issue such renewal license and shall have given notice of such refusal to the applicant.

(B) Before refusing to renew any such license, except on the ground of

failure to pass a written examination required pursuant to subsection (c) of this section, the superintendent shall notify the applicant of his intention so to do and shall give such applicant a hearing.

(c) (1) The superintendent shall, in order to determine the competency of every applicant for license as an insurance consultant, require such applicant to submit to and pass to his satisfaction a personal, written examination concerning the kinds of insurance specified in paragraphs one, two and three of subsection (a) of section one thousand one hundred thirteen of this chapter for a life insurance consultant's license and paragraphs four through twenty-three of such subsection for a general insurance consultant's license. The fee for each such examination taken shall be fifty dollars.

(2) The superintendent may accept, in lieu of any part or all of such examination, the result of any previous written examination given by the superintendent, The American College, the American College of Property and Liability Underwriters, the Society of Actuaries, the Casualty Actuarial Society, the American Academy of Actuaries or any similar organization which administers professional examinations.

(d) The superintendent may refuse to issue an insurance consultant's license if, in his judgment, the applicant or any proposed sub-licensee is not trustworthy and competent to act as a consultant, or has given cause for revocation or suspension of such license, or has failed to comply with any prerequisite for the issuance of such license.

(e) No person licensed as an insurance consultant under this section may be an executive in or employee of or own any shares which give him a substantial interest, direct or indirect, in any authorized insurer. No such consultant may recommend or encourage the purchase of insurance, annuities or securities from any authorized insurer in which any member of his immediate family holds an executive position or holds a substantial interest.

(f) The superintendent may issue a replacement for a currently in force license which has been lost or destroyed. Before such replacement license shall be issued, there shall be on file in the office of the superintendent a written application for such replacement license, affirming under penalty of perjury that the original license has been lost or destroyed, together with a fee of fifteen dollars.

§ 2108. Adjusters; licensing and duties. (a) (1) Adjusters shall be licensed as independent adjusters or as public adjusters.

(2) The superintendent may prescribe the types of independent adjusters' licenses according to the kind or kinds of insurance claims which the licensee is to be authorized to investigate and adjust.

(3) No adjuster shall act on behalf of an insurer unless licensed as an independent adjuster, and no adjuster shall act on behalf of an insured unless licensed as a public adjuster.

(4) No insurer, agent or other representative of an insurer shall pay any fees or other compensation to any person, firm, association or corporation for acting as an independent adjuster except to a licensed independent adjuster or to a person excepted from the licensing requirement pursuant to subsection (g) of section two thousand one hundred one of this article.

(b) The holder of a license under this section may act as an adjuster without any other or additional license.

(c) (1) The superintendent may issue an independent adjuster's license or a public adjuster's license to any person, firm, association or corporation, hereinafter designated as licensee, who, or which, is trustworthy and competent to act as an adjuster in such manner as to safeguard the interests of the people of this state and who, or which, has complied with the prerequisites herein prescribed.

(2) A license issued to a corporation may name as sub-licensees only the officers and directors of such corporation, and a license issued to a firm or association may name as sub-licensees only the individual members of such firm or association. Each sub-licensee named as such in the license issued to a firm, association or corporation must be qualified to obtain a license as an independent adjuster or as a public adjuster, as the case may be, and for each such sub-licensee a fee must be paid at the times and at the rate hereinafter specified. Each such sub-licensee shall be authorized, pursuant to such license, to act as an independent adjuster or as a public adjuster, as the case may be, only on behalf of the licensee.

(3) Every individual applicant for a license under this section and every proposed sub-licensee shall be eighteen years of age or over at the time of the issuance of such license.

(d) (1) Before any such license or any renewal thereof shall be issued by the superintendent there shall be filed in his office a written application therefor. Such application shall be in the form or forms and supplements and contain information the superintendent prescribes.

(2) Each person or individual signing such application shall, with such application, submit to the superintendent fingerprints of his two hands recorded in such manner as may be specified by the superintendent or his authorized representative. Before approving such application it shall be the duty of the superintendent or his authorized representative to compare such fingerprints with fingerprints filed with the division of criminal justice services. Such fingerprints may also be submitted to the federal bureau of investigation for a national criminal history record check.

(3) Except in the case of an application for a license to act as an independent adjuster, such application shall be approved, as to each person or individual so signing the same, by not less than five reputable citizens of the community in which such applicant resides or transacts business, each of whom shall certify that he or she has personally known the person or individual for a period of at least five years prior to the filing of such application, that he or she has read such application and believes each of the statements made therein to be true, that such person is honest, of good character and competent, and not related or connected to the person so certifying by blood or marriage. The certificate of approval shall be subscribed by such reputable citizens and affirmed by them as true under the penalties of perjury.

(e) (1) The superintendent shall, in order to determine the trustworthiness and competency to act as a public adjuster of each individual applicant for such license, and of each proposed sub-licensee, except in the case of a renewal license, require every such individual to take and pass, to the satisfaction of the superintendent, a personal written examination. No individual shall be deemed qualified to take the examination without having demonstrated by evidence satisfactory to the superintendent that (A) the applicant possesses a minimum of one year experience in the insurance business, with involvement in sales, underwriting or claims or other experience considered sufficient by the superintendent, or (B) the applicant

successfully completed forty hours of formal training in a course, program of instruction or seminars approved by the superintendent.

(2) The superintendent may, in his discretion and on such terms as he prescribes, dispense with such examination in the case of any individual applicant or proposed sub-licensee who shall previously have held a public adjuster's license issued subsequent to January first, nineteen hundred thirty-six.

(f) (1) The superintendent shall, in order to determine the trustworthiness and competency to act as an independent adjuster of each individual applicant for such license, and of each proposed sub-licensee, except in the case of a renewal license, require every such individual to take and pass, to the satisfaction of the superintendent, a personal written examination. The superintendent may prescribe the types of written examinations according to the kind or kinds of insurance claims which the applicant is to be licensed to investigate and adjust.

(2) Any person who at any time served with the armed forces of the United States, and who immediately prior to entering such military service had been continuously engaged in bona fide operation in this state as an independent adjuster for a period of five years, may within one year after the termination of such military service file with the superintendent an application in such form as he prescribes, and upon the payment of the requisite license fee may be licensed by the superintendent as an independent adjuster without being required to take and pass such examination.

(3) The superintendent may also, in the superintendent's discretion and on such terms the superintendent prescribes, dispense with such examination in the case of any individual applicant or proposed sub-licensee who shall previously have held an independent adjuster's license provided the applicant applies within two years following the date of termination of such license.

(g) The superintendent may, in his discretion require an applicant for a license under this section to present evidence, in such form as he prescribes, that such applicant has been employed, for a period which he deems reasonable, by an insurer, an independent adjuster or a public adjuster, in the performance of duties which in his opinion would provide the applicant with a satisfactory preliminary training for the

duties and responsibilities which would devolve upon him as a licensee under this section.

(h) (1) Any person who has had at least five years experience in adjusting claims as an employee of an authorized insurer and has made application for a license as an independent adjuster, or any person holding a valid estimator's license issued by the commissioner of motor vehicles and has made application for a license as an independent adjuster within ninety days of the expiration of the estimator's license, may file with the superintendent, in such form as the superintendent prescribes, a written application for a temporary permit to adjust claims, during the pendency of the application for a license as an independent adjuster, as:

(i) an employee of a licensed independent adjuster; or

(ii) in the case of an auto body repair estimator, an employee of an authorized insurer or any adjustment bureau or association owned and maintained by insurers to adjust or investigate motor vehicle body damage losses.

(2) Notwithstanding the requirement of subsection (f) of this section that each individual applicant for an independent adjuster's license or sub-license shall take and pass a personal written examination in order to satisfy the superintendent as to trustworthiness and competency, the superintendent may in the superintendent's discretion, if satisfied that the person applying for such temporary permit has in all other respects met the requirements of this section with respect to the licensing of independent adjusters and is qualified by training and experience to adjust claims as an employee of a licensed independent adjuster, authorized insurer, or any adjustment bureau or association owned and maintained by insurers to adjust or investigate motor vehicle body damage losses, issue such temporary permit to be effective for such period of time as the superintendent may specify therein but, in no event, for a period in excess of one hundred twenty days. The superintendent may summarily suspend or revoke any temporary permit issued pursuant to this subsection upon ten days' notice in writing to the permittee of the superintendent's intention to do so, which notice shall be given in accordance with the applicable provisions of subsections (a) and (d) of section three hundred four of the financial services law.

(i) (1) At the time of application for every adjuster's license and for every renewal thereof, there shall be paid to the superintendent by each individual applicant and by each proposed sub-licensee a fee of fifty dollars for each year or fraction of a year in which a license shall be valid; except that amounts paid to the commissioner of motor vehicles pursuant to subdivision five of section three hundred ninety-eight-d of the vehicle and traffic law, by any person who held an auto body repair estimator license prior to January first, nineteen hundred ninety-six shall be considered by the superintendent.

(2) No license fee shall be required of any person who served as a member of the armed forces of the United States at any time and who (A) shall have been discharged, under conditions other than dishonorable, or (B) has a qualifying condition, as defined in section one of the veterans' services law, and has received a discharge other than bad conduct or dishonorable from such service, or (C) is a discharged LGBT veteran, as defined in section one of the veterans' services law, and has received a discharge other than bad conduct or dishonorable from such service, in a current licensing period, for the duration of such period.

(3) A license fee of fifty dollars for each year or fraction of a year in which a license shall be valid for an independent adjuster's license shall cover any one or more of the various types of independent adjusters' licenses issued by the department.

(4) Every individual applying to take any written examination shall at the time of applying therefor pay to the superintendent, or at the discretion of the superintendent, directly to any organization that is under contract to provide examination services, an examination fee of an amount which is the actual documented administrative cost of conducting said qualifying examination as certified by the superintendent from time to time. An examination fee represents an administrative expense and is not refundable. If, however, the applicant or a proposed sub-licensee should withdraw his or its application or the superintendent should deny his or its application before the license applied for is issued, the superintendent may refund the fee paid by the applicant for the license applied for, excepting any examination fees required pursuant to this subsection.

(j) (1) Every adjuster's license issued pursuant to this section shall

be for a term expiring on the thirty-first day of December of even numbered years, and may be renewed for the ensuing two calendar years upon the filing of an application in conformity with subsection (d) hereof. In the case of a license issued to a new applicant, the superintendent may issue a license for a term of more than two years, provided however, such term shall not exceed thirty months.

(2) If an application for a renewal license shall have been filed with the superintendent by December thirty-first of the year of expiration, the license sought to be renewed shall continue in full force and effect either until the issuance by the superintendent of the renewal license applied for or until five days after the superintendent shall have refused to issue such renewal license and shall have given notice of such refusal to the applicant and to all proposed sub-licensees named in such application.

(3) If such refusal is based on any grounds other than failure to pass a written examination and if the applicant or any proposed sub-licensee shall within thirty days after such notice is given notify the superintendent of his or its request for a hearing on such refusal, the superintendent shall within a reasonable time after receipt of such notice grant such a hearing, and he may, in his discretion, reinstate such license.

(k) Any firm, association or corporation licensed as an adjuster under this section may at any time make an application to the superintendent for the issuance of a supplemental license authorizing additional officers or directors of such corporation or additional members of such firm or association, as the case may be, to act as sub-licensees, and, if the requirements of this section are fully complied with as to each of such proposed sub-licensees, the superintendent may thereupon issue to such licensee a supplemental license naming such additional person, or persons, as sub-licensees.

(l) (1) No adjuster's license or renewal license, other than an independent adjuster's license, shall be issued to any applicant unless there shall be on file with the superintendent of financial services a bond, executed by such applicant and by approved sureties, in the penal sum of one thousand dollars conditioned on the faithful performance by such licensee and by all sub-licensees named in such license, of their duties as such adjusters.

(2) Such bond shall be approved as to form by the attorney general and as to sufficiency of security by the superintendent.

(3) Such bond shall be made to the state of New York and shall specifically authorize recovery by the state of the penal sum provided therein in case the adjuster or any sub-licensee shall have been guilty of fraudulent or dishonest practices in connection with the transaction of his or its business as such adjuster or shall have been convicted under any of the sections contained in article one hundred fifty of the penal law.

(m) If an application for a license under this section be rejected by the superintendent, he shall forthwith give notice to the applicant, or to the licensee, as the case may be.

(n) Notwithstanding the provisions of this section, the superintendent, in order to facilitate the settlement of claims under insurance contracts involving widespread property losses arising out of a conflagration or catastrophe common to all such losses, may issue a temporary permit for a term not exceeding one hundred twenty days to any person, whether he be a resident of this state or a non-resident, to act as an independent adjuster on behalf of an authorized insurer or insurers, provided any such insurer shall execute and file in the office of the superintendent a written application for the permit in the form prescribed by the superintendent, which application shall contain such information as he may require and shall certify that the person named therein to be designated in the temporary permit is qualified by experience and training to adjust claims arising under insurance contracts issued by any insurer. The superintendent may in his discretion renew such permit for an additional term or terms as may be necessary to adjust such claims.

(o) No licensee shall in connection with the transaction of his business as an adjuster make any misrepresentation of facts or advise any person on questions of law.

(p) No adjuster shall have any right to compensation from any insured for or on account of services rendered to such insured as a public adjuster unless such right to compensation is based upon a written memorandum, signed by the party to be charged, and specifying or clearly defining the amount or extent of such compensation. The superintendent shall establish and prescribe regulations:

(1) to provide for a standard form and terms of said written memorandum for compensation, including the maximum amount to be charged;

(2) to provide for compliance with article ten-A of the personal property law relating to door to door sales; however, for the purpose of this section, "door to door sale" in addition to the definition thereof contained in subdivision one of section four hundred twenty-six of the personal property law, shall include any contract entered into by a public adjuster to adjust losses;

(3) to provide for maintenance of appropriate books and records to be maintained by public adjusters which shall be kept subject to inspection and examination by the superintendent; and

(4) to provide for such other regulations that are deemed necessary by the superintendent for the proper and adequate supervision of public adjusters.

(q) The superintendent may issue a replacement for a currently in force license which has been lost or destroyed. Before such replacement license shall be issued, there shall be on file in the office of the superintendent a written application for such replacement license, affirming under penalty of perjury that the original license has been lost or destroyed, together with a fee of fifteen dollars.

(r) (1) The following continuing education requirements shall apply to resident and non-resident persons licensed as public adjusters.

(2) Resident and non-resident persons licensed as public adjusters and any person previously so licensed whose license was not in effect on the effective date of this subsection and who has subsequently been relicensed pursuant to the provisions of this article, shall biennially satisfactorily complete such courses or programs as may be approved by the superintendent, as follows:

(A) Any person holding a license as a public adjuster shall, during each full biennial licensing period, satisfactorily complete courses or programs of instruction or attend seminars as may be approved by the superintendent equivalent to fifteen credit hours of instruction.

(B) During the same calendar year biennial licensing period, a licensee may use accumulated continuing education credits to meet the requirements of similar classes of licenses including those authorized by subsection (b) of section two thousand one hundred three, section two thousand one hundred four, section two thousand one hundred seven of

this article with respect to general insurance consultants, and section two thousand one hundred eight of this article with respect to public adjusters.

(C) Excess credit hours accumulated during any biennial licensing period shall not carry forward to the next biennial licensing period for that same class of license.

(3) (A) The courses or programs of instruction successfully completed, which shall be deemed to meet the superintendent's standards for continuing education shall be:

(i) Courses, programs of instruction or seminars, approved as to method and content by the superintendent, covering portions of the principal branches of insurance related to the kinds of insurance covered by the public adjusting license, and given by a degree conferring college or university whose curriculum is registered with the state education department at the time the person takes the course, whether such course be given as part of such curriculum or separately, or by any other institution, association, trade association or insurer, which maintains equivalent standards of instruction and which shall have been approved for such purpose by the superintendent.

(ii) Continuing education as required by the state in which a non-resident licensee resides and maintains an office, provided the superintendent deems them equivalent to New York continuing education requirements. If the state in which the non-resident licensee resides and maintains an office has no continuing education requirements, or the superintendent does not deem them equivalent, the licensee must satisfy New York continuing education requirements.

(B) The number of credit hours assigned to each of the courses or programs of instruction set forth in paragraph one of this subsection shall be determined by the superintendent.

(4) A person who teaches any approved course of instruction or who lectures at any approved seminar, and who is subject to these continuing education requirements shall be granted the same number of credit hours as would be granted to a person taking and successfully completing such course, seminar or program, provided that such credit hours shall be credited only once per approved course during any biennial licensing period.

(5) Every person subject to these continuing education requirements

shall furnish, in a form satisfactory to the superintendent, written certification attesting to the course or programs of instruction taken and successfully completed by such person, and executed by the sponsoring organization or its authorizing representative.

(6) (A) Any person failing to meet applicable continuing education requirements shall not be eligible to renew the license.

(B) Any person whose license was not renewed shall not be eligible to become relicensed during the next biennial licensing period until that person has demonstrated to the satisfaction of the superintendent that continuing education requirements for the last biennial licensing period were met.

(C) Any person whose license was not renewed pursuant to subparagraph (A) of this paragraph, who accumulates sufficient credit hours for the prior licensing period to qualify for relicensing in the biennial period following such non-renewal, may not apply those same credit hours toward the continuing education requirements for the current biennial licensing period.

(7) (A) Any entity eligible to provide continuing education courses, programs of instruction, or seminars shall file for approval by the superintendent on a biennial basis, to conform with its areas of instruction, a provider organization application and a course submission application for each course, program, and seminar.

(B) The provider organization application shall include the names of all instructors to be used during the contract period, and instructors may be added during the period by notifying the superintendent and paying the appropriate filing fee.

(C) The completed applications shall be returned in a timely manner, as specified by the superintendent with a non-refundable filing fee of two hundred dollars per organization, fifty dollars per course, program, and seminar, and fifty dollars per instructor.

(D) Approval of the application shall be at the discretion of the superintendent.

(8) Each licensee shall pay a biennial fee of ten dollars per license, for continuing education certificate filing and recording charges, to the superintendent, or, at the direction of the superintendent, directly to an organization under contract to provide continuing education administrative services.

(s) (1) Every public adjuster shall have an affirmative duty to act on behalf and in the best interests of the insured when negotiating for or effecting the settlement of an insurance claim for the insured or otherwise acting as a public adjuster.

(2) (A) No public adjuster shall receive any compensation, either directly or indirectly, for a referral of the insured to an individual or entity for services, work or repairs, relating to any insurance claim for which the public adjuster represents the insured or has negotiated or effected a settlement, unless the compensation is prominently and clearly disclosed to the insured in the written memorandum described in subsection (p) of this section. Any such compensation received shall be deemed to be compensation from the insured and, in combination with any other compensation received from the insured, shall not exceed the maximum amount that the adjuster may charge in accordance with the regulations required pursuant to subsection (p) of this section.

(B) No public adjuster who has a financial or ownership interest in the individual or entity that performs the services, work, or repairs, shall refer the insured to the individual or entity unless the financial or ownership interest is prominently and clearly disclosed to the insured in the written memorandum described in subsection (p) of this section. If a public adjuster refers an insured to an individual who is related to the individual by blood or affinity to the second degree of consanguinity, or to an entity owned or controlled by such an individual, for services, work, or repairs, relating to any insurance claim for which the public adjuster represents the insured or has negotiated or effected a settlement, then the public adjuster shall disclose the relationship to the insured in the written memorandum described in subsection (p) of this section.

§ 2109. Agents and brokers; temporary license in case of death, service in armed forces or disability. (a) The superintendent may issue a temporary insurance agent's license, title insurance agent's license or insurance broker's license, or both an insurance agent's and insurance broker's license, without requiring the applicant to pass a written examination or to satisfy the requirements of subsection (c) of section two thousand one hundred four of this article except as to age,

in the case of a license issued pursuant to paragraph two of this subsection, in the following cases:

(1) in the case of the death of a person who at the time of his death was a licensed accident and health insurance agent under subsection (a) of section two thousand one hundred three of this article, a licensed insurance agent or licensed title insurance agent under subsection (b) of such section or a licensed insurance broker:

(A) to the executor or administrator of the estate of such deceased agent or broker;

(B) to a surviving next of kin of such deceased agent or broker, where no administrator of his estate has been appointed and no executor has qualified under his duly probated will;

(C) to the surviving member or members of a firm or association, which at the time of the death of a member was such a licensed insurance agent, licensed title insurance agent or licensed insurance broker; or

(D) to an officer or director of a corporation upon the death of the only officer or director who was qualified as a sub-licensee or to the executor or administrator of the estate of such deceased officer or director;

(2) to any person who may be designated by a person licensed pursuant to this chapter as an insurance agent, title insurance agent or an insurance broker, or both an insurance agent and insurance broker, and who is absent because of service in any branch of the armed forces of the United States, including a partnership or corporation that is licensed pursuant to this chapter as an insurance agent, title insurance agent or as an insurance broker, or both an insurance agent and insurance broker, in a case where the sub-licensee or all sub-licensees, if more than one, named in the license or licenses issued to such partnership or corporation is or are absent because of service in any branch of the armed forces of the United States; and

(3) to the next of kin of a person who has become totally disabled and prevented from pursuing any of the duties of his or her occupation, and who at the commencement of his or her disability was a licensed accident and health insurance agent under subsection (a) of section two thousand one hundred three of this article, a licensed insurance agent under subsection (b) of such section, a licensed title insurance agent or a licensed insurance broker.

(b) (1) Before any such license or licenses shall be issued, there shall be filed in the office of the superintendent a written application by the person or persons desiring such license or licenses, together with a written designation of such person or persons, in the case of a license issued pursuant to paragraph two of subsection (a) hereof, in such form or forms and supplements thereto, and containing such information, as the superintendent prescribes.

(2) No fee shall be charged for any such license or any renewal thereof, except that fees for the renewals of any license issued pursuant to paragraph two of subsection (a) hereof shall be one-half of the fees otherwise required by this chapter for such license.

(c) Such license or licenses shall authorize the person or persons named therein to renew the business of the deceased, absent or disabled insurance agent, title insurance agent, or insurance broker, or both an insurance agent and insurance broker, as the case may be, or of the firm or, in the case of a license issued pursuant to paragraph one or three of subsection (a) of this section, the association whose business is being continued thereunder, each such agent or broker being referred to in this section as "original licensee", expiring during the period in which such temporary license or licenses are in force, to collect premiums due and payable to the original licensee or, in the case of a license issued pursuant to paragraph one of subsection (a) of this section, to his or her estate, and to perform such other acts as an insurance agent, a title insurance agent or an insurance broker, or both an insurance agent or insurance broker, as the case may be, as are incidental to the continuance of the insurance business of such original licensee.

(d) A person eligible for such a temporary agent's license may be licensed only as an agent of the insurer or insurers which such original licensee was licensed to represent at the time of such death, entrance upon military or naval duty or disability.

(e) (1) In the case of a license or licenses issued pursuant to paragraph one of subsection (a) of this section, the license or licenses may be issued for a term not exceeding ninety days from the death of such deceased, and the superintendent may in his discretion renew such license or licenses for an additional term or terms of ninety days each, not exceeding in the aggregate fifteen months.

(2) The superintendent may issue renewal licenses for an additional term or terms of ninety days each exceeding the aggregate period of fifteen months when in his judgment it will best serve the interests of any person serving in the armed forces of the United States.

(3) A license issued to the next of kin shall not be renewed if, before the expiration of its term, an administrator or executor of the deceased shall have applied for and qualified for such a license.

(4) No person or persons so licensed shall, by virtue of such license, be authorized to solicit, negotiate or sell new insurance.

(f) (1) In the case of a license or licenses issued pursuant to paragraph two of subsection (a) hereof, the license or licenses may be issued for a term not exceeding six months, and the superintendent may in his discretion renew such license or licenses for an additional term or terms of six months each.

(2) The term of any such license or renewal shall in no event extend beyond sixty days after the final discharge of such absent insurance producer from military or naval duty, and each such license or renewal shall expire on such day as if that were the day specified therein for the expiration thereof.

(3) No person so licensed shall solicit new business under such license.

(g) (1) In the case of a license or licenses issued pursuant to paragraph three of subsection (a) hereof, the license or licenses may be issued for a term not exceeding ninety days from the disability of such person, and the superintendent may in his discretion renew such license or licenses for an additional term or terms of ninety days each, not exceeding in the aggregate fifteen months.

(2) No person or persons so licensed shall, by virtue of such license, be authorized to solicit, negotiate or sell new insurance.

(h) (1) In the case of a person seeking a temporary license to act as a title insurance agent pursuant to subsection (a) of this section, the superintendent may issue a license for a term not to exceed one hundred eighty days to such person provided the person:

(A) demonstrates to the satisfaction of the superintendent that a title insurance corporation is willing to appoint him or her;

(B) submits to the next available title insurance agent examination; and

(C) demonstrates to the satisfaction of the superintendent that he or she is qualified, competent, experienced and trustworthy to act as a title insurance agent.

(2) Any person issued a license pursuant to this subsection shall, by virtue of such license, be authorized to solicit, negotiate or sell new policies of title insurance.

§ 2110. Revocation or suspension of license of insurance producer, insurance consultant, adjuster or life settlement broker. (a) The superintendent may refuse to renew, revoke, or may suspend for a period the superintendent determines the license of any insurance producer, insurance consultant, adjuster or life settlement broker, if, after notice and hearing, the superintendent determines that the licensee or any sub-licensee has:

(1) violated any insurance laws, or violated any regulation, subpoena or order of the superintendent or of another state's insurance commissioner, or has violated any law in the course of his or her dealings in such capacity;

(2) provided materially incorrect, materially misleading, materially incomplete or materially untrue information in the license application;

(3) obtained or attempted to obtain a license through misrepresentation or fraud;

(4)(A) used fraudulent, coercive or dishonest practices;

(B) demonstrated incompetence;

(C) demonstrated untrustworthiness; or

(D) demonstrated financial irresponsibility in the conduct of business in this state or elsewhere;

(5) improperly withheld, misappropriated or converted any monies or properties received in the course of business in this state or elsewhere;

(6) intentionally misrepresented the terms of an actual or proposed insurance contract, life settlement contract or application for insurance;

(7) has been convicted of a felony;

(8) admitted or been found to have committed any insurance unfair trade practice or fraud;

(9) had an insurance producer license, a life settlement broker license, or its equivalent, denied, suspended or revoked in any other state, province, district or territory;

(10) forged another's name to an application for insurance or life settlement contract or to any document related to an insurance or life settlement transaction;

(11) improperly used notes or any other reference material to complete an examination for an insurance license or life settlement broker license;

(12) knowingly accepted insurance business from an individual who is not licensed;

(13) failed to comply with an administrative or court order imposing a child support obligation;

(14) failed to pay state income tax or comply with any administrative or court order directing payment of state income tax;

(15) while acting as a public adjuster, the licensee has failed to act on behalf and in the best interests of the insured when negotiating for or effecting the settlement of an insurance claim for such insured or otherwise acting as a public adjuster, or has failed to make the disclosures required by paragraph two of subsection (s) of section two thousand one hundred eight of this article;

(16) while acting as a life settlement broker, failed to protect the privacy of the insured or owner or other person for whom the life settlement broker was required to provide protection pursuant to article seventy-eight of this chapter; or

(17) ceased to meet the requirements for licensure under this chapter.

(b) Before revoking or suspending the license of any insurance producer, life settlement broker or other licensee pursuant to the provisions of this article, the superintendent shall, except when proceeding pursuant to subsection (f) of this section, give notice to the licensee and to every sub-licensee and shall hold, or cause to be held, a hearing not less than ten days after the giving of such notice.

(c) If an insurance producer's license or other licensee's license pursuant to the provisions of this article is revoked or suspended by the superintendent, he shall forthwith give notice to the licensee.

(d) The revocation or suspension of any insurance producer's license or other licensee's license pursuant to the provisions of this article

shall terminate forthwith such producer's license or other licensee's license and the authority conferred thereby upon all sub-licensees.

(e) (1) No individual, corporation, firm or association whose license as an insurance producer or other licensee subject to subsection (a) of this section has been revoked, and no firm or association of which such individual is a member, and no corporation of which such individual is an officer or director, shall be entitled to obtain any license under the provisions of this chapter for a period of one year after such revocation, or, if such revocation be judicially reviewed, for one year after the final determination thereof affirming the action of the superintendent in revoking such license.

(2) If any such license held by a firm, association or corporation be revoked, no member of such firm or association and no officer or director of such corporation shall be entitled to obtain any license, or to be named as a sub-licensee in any such license, for the same period of time, unless the superintendent determines, after notice and hearing, that such member, officer or director was not personally at fault in the matter on account of which such license was revoked.

(f) (1) As used in this subsection, "non-resident insurance producer's license or sub-license" means a license or sub-license in such capacity issued pursuant to paragraph five of subsection (g) of section two thousand one hundred three or subsection (e) of section two thousand one hundred four of this article.

(2) A non-resident insurance producer's license or sub-license may be summarily revoked in the event that the licensee's license as an agent, broker, adjuster or in any other capacity under the insurance law of the licensee's home state of domicile or such license of the firm or association of which the licensee is a member, employee or sub-licensee, or such license of the corporation of which the licensee is an officer, director, employee or sub-licensee has been suspended or revoked or renewal thereof denied in the licensee's home state of domicile by a procedure affording to the licensee or it a statutory right to a hearing, for action or conduct which, if it had been established upon a hearing before the superintendent, would have constituted grounds for revocation of a license under subsection (a) of this section.

(3) Before revoking the license of any non-resident insurance producer in accordance with this section, the superintendent shall give ten days'

notice in writing to such producer of the action proposed to be taken, which notice shall be given in accordance with the applicable provisions of subsections (a) and (d) of section three hundred four of the financial services law.

(4) Upon submission to the superintendent of satisfactory proof that a suspension or revocation of a license issued by a home state to act as an insurance agent, insurance broker, adjuster or in another licensed capacity under the insurance law of such other state or a denial of renewal thereof has been duly withdrawn, set aside, reversed or voided, the superintendent shall thereupon reinstate and restore any and all licenses revoked in accordance with the provisions of this subsection.

(g) If any licensed insurance producer or any person aggrieved shall file with the superintendent a verified complaint setting forth facts tending to show sufficient ground for the revocation or suspension of any insurance producer's license, or if any licensed adjuster or any person aggrieved files with the superintendent a verified complaint setting forth facts showing sufficient grounds for the suspension or revocation of any adjuster's license, the superintendent shall, after notice and a hearing, determine whether such license shall be suspended or revoked.

(h) The superintendent shall retain the authority to enforce the provisions of and impose any penalty or remedy authorized by this chapter against any person or entity who is under investigation for or charged with a violation of this chapter, even if the person's or entity's license or registration has been surrendered, or has expired or has lapsed by operation of law.

(i) A licensee subject to this article shall report to the superintendent any administrative action taken against the licensee in another jurisdiction or by another governmental agency in this state within thirty days of the final disposition of the matter. This report shall include a copy of the order, consent to order or other relevant legal documents.

(j) Within thirty days of the initial pretrial hearing date, a licensee subject to this article shall report to the superintendent any criminal prosecution of the licensee taken in any jurisdiction. The report shall include a copy of the initial complaint filed, the order resulting from the hearing and any other relevant legal documents.

§ 2111. Revoked licensees. (a) (1) No individual, corporation, partnership, association, firm or entity subject to the provisions of this chapter whose license under this article has been revoked, or whose license to engage in the business of insurance in any capacity has been revoked by any other state or territory of the United States shall become employed or appointed as an officer, director, manager, controlling person or for other services, without the prior written approval of the superintendent, unless such services are for maintenance or are clerical or ministerial in nature.

(2) No individual, corporation, partnership, association, firm or entity subject to the provisions of this chapter shall knowingly employ or appoint any person or entity whose license issued under this article has been revoked, or whose license to engage in the business of insurance in any capacity has been revoked by any other state or territory of the United States, as an officer, director, manager, controlling person or for other services, without the prior written approval of the superintendent, unless such services are for maintenance or are clerical or ministerial in nature.

(3) No corporation or partnership subject to the provisions of this chapter shall knowingly permit any person whose license issued under this article has been revoked, or whose license to engage in the business of insurance in any capacity has been revoked by any other state, or territory of the United States, to be a shareholder or have an interest in such corporation or partnership, nor shall any such person become a shareholder or partner in such corporation or partnership, without the prior written approval of the superintendent.

(4) For the purpose of this section a "controlling person" is any person who or which, directly or indirectly, has the power to direct or cause to be directed the management, control or activities of such licensee.

(b) The superintendent may approve the employment, appointment or participation of any such person whose license has been revoked:

(1) if he determines that the duties and responsibilities of such person are subject to appropriate supervision and that such duties and responsibilities will not have an adverse effect upon the public, other

licensees, or the licensee proposing employment or appointment of such person; or

(2) if such person has filed an application for relicensing pursuant to this article and the application for relicensing has not been approved or denied within one hundred twenty days following the filing thereof, unless the superintendent determines within the said time that employment or appointment of such person by a licensee in the conduct of an insurance business would not be in the public interest.

(c) The provisions of this section shall not apply to the ownership of shares of any corporation licensed pursuant to this article if the shares of such corporation are publicly held and traded in the over-the-counter market or upon any national or regional securities exchange.

(d) The provisions of this section shall apply to relationships created or proposed on or after September first, nineteen hundred eighty-two, as well as to any person whose license is revoked on or after such date.

(e) The provisions of section one hundred thirty of the former insurance law, as added by chapter four hundred twenty-seven of the laws of nineteen hundred eighty and repealed and added by chapter four hundred eighty-four of the laws of nineteen hundred eighty-two, shall be deemed to be and remain in full force and effect and be so applicable with respect to relationships created or proposed, and germain to such section prior to September first, nineteen hundred eighty-two, as well as to any person whose license was revoked on or before such date.

§ 2112. Certificate of appointment of an insurance producer to act as an agent and notice of termination of an insurance producer. (a) Every insurer, fraternal benefit society or health maintenance organization doing business in this state shall file a certificate of appointment in such form as the superintendent may prescribe in order to appoint insurance agents or, in the case of a title insurance corporation, title insurance agents, to represent such insurer, fraternal benefit society or health maintenance organization.

(b) To appoint a producer, the appointing insurer shall file, in a format approved by the superintendent, a notice of appointment within

fifteen days from the date the agency contract is executed or the first insurance application is submitted.

(c) Certificates of appointment shall be valid until (1) terminated by the appointing insurer or title insurance agent after a termination in accordance with the provisions of the agency contract; (2) the license is suspended or revoked by the superintendent; or (3) the license expires and is not renewed.

(d) Every insurer, fraternal benefit society or health maintenance organization or insurance producer or the authorized representative of the insurer, fraternal benefit society, health maintenance organization or insurance producer doing business in this state shall, upon termination of the certificate of appointment as set forth in subsection (a) of this section of any insurance agent, or title insurance agent licensed in this state, or upon termination for cause for activities as set forth in subsection (a) of section two thousand one hundred ten of this article, of the certificate of appointment, of employment, of a contract or other insurance business relationship with any insurance producer, file with the superintendent within thirty days a statement, in such form as the superintendent may prescribe, of the facts relative to such termination for cause. The insurer, fraternal benefit society, health maintenance organization, insurance producer or the authorized representative of the insurer, fraternal benefit society, health maintenance organization or insurance producer shall provide, within fifteen days after notification has been sent to the superintendent, a copy of the statement filed with the superintendent to the insurance producer at his, or her or its last known address by certified mail, return receipt requested, postage prepaid or by overnight delivery using a nationally recognized carrier. Every statement made pursuant to this subsection shall be deemed a privileged communication.

(e) The insurer, fraternal benefit society, health maintenance organization, insurance producer or the authorized representative of the insurer, fraternal benefit society, health maintenance organization or insurance producer shall promptly notify the superintendent in a format acceptable to the superintendent if, upon further review or investigation, the insurer, fraternal benefit society, health maintenance organization or insurance producer or the authorized representative of the insurer, fraternal benefit society, health

maintenance organization or insurance producer discovers additional information that would have been reportable to the superintendent had the insurer then known of its existence. Every statement made pursuant to this subsection shall be deemed a privileged communication.

(f)(1) Within fifteen days after making the notification required by subsection (e) of this section the insurer, fraternal benefit society, health maintenance organization or insurance producer or the authorized representative of the insurer, fraternal benefit society, health maintenance organization or insurance producer shall mail a copy of the notification to the insurance producer at his, her or its last known address by certified mail, return receipt requested, postage prepaid or by overnight delivery using a nationally recognized carrier.

(2) Within thirty days after the insurance producer has received the original or additional notification, the insurance producer may file written comments concerning the substance of the notification with the superintendent. The insurance producer shall, by the same means, simultaneously send a copy of the comments to the reporting insurer, fraternal benefit society, health maintenance organization or insurance producer or the authorized representative of the insurer, fraternal benefit society, health maintenance organization or insurance producer and the comments shall become a part of the superintendent's file and accompany every copy of a report distributed or disclosed for any reason about the insurance producer as permitted by section one hundred ten of this chapter.

(g)(1) In the absence of fraud, bad faith or gross negligence, an insurer, fraternal benefit society or health maintenance organization, or the authorized representative of the insurer, fraternal benefit society or health maintenance organization, an insurance producer, the superintendent, or an organization of which the superintendent is a member and that compiles the information and makes it available to other insurance superintendents or commissioners or regulatory or law enforcement agencies shall not be subject to civil liability, and a civil cause of action of any nature shall not arise against these entities or their respective agents or employees as a result of any statement or information required by or provided pursuant to this section or any information relating to any statement that may be requested in writing by the superintendent, from an insurer, fraternal

benefit society or health maintenance organization or the authorized representative of the insurer, or insurance producer, or a statement by a terminating insurer, fraternal benefit society or health maintenance organization or the authorized representative of the insurer, fraternal benefit society or health maintenance organization, or insurance producer to an insurer, fraternal benefit society or health maintenance organization or the authorized representative of the insurer, fraternal benefit society or health maintenance organization, or insurance producer, limited solely and exclusively to whether a termination for cause was reported to the superintendent, provided that the propriety of any termination for cause is certified in writing by an officer or authorized representative of the insurer, fraternal benefit society or health maintenance organization or the authorized representative of the insurer, fraternal benefit society or health maintenance organization or insurance producer terminating the relationship.

(2) In any action brought against a person that may have immunity under paragraph one of this subsection for making any statement required by this section or providing any information relating to any statement that may be requested by the superintendent, the party bringing the action shall plead specifically in any allegation that paragraph one of this subsection does not apply because the person making the statement or providing the information did so fraudulently, in bad faith or through gross negligence.

(3) Paragraphs one and two of this subsection shall not abrogate or modify any existing statutory or common law privileges or immunities.

(h) (1) Any documents, materials or other information in the control or possession of the superintendent that is furnished by an insurer, fraternal benefit society or health maintenance organization, the authorized representative of the insurer, fraternal benefit society or health maintenance organization, or insurance producer, or an employee or agent thereof acting on behalf of the insurer, fraternal benefit society or health maintenance organization, authorized representative of the insurer, fraternal benefit society or health maintenance organization or insurance producer relating to the termination of an insurance producer pursuant to this section or obtained by the superintendent in an investigation pursuant to this section shall be confidential by law and privileged, shall not be subject to freedom of

information requests, shall not be subject to subpoena, and shall not be subject to discovery or admissible in evidence in any private civil action. However, the superintendent is authorized to use the documents, materials or other information in furtherance of any regulatory or legal action brought as a part of the superintendent's duties. Further, this paragraph shall not apply to any documents, materials or other information in the control or possession of any person or entity other than the superintendent or the department, regardless of whether or not such documents, materials or other information are identical or similar to documents, materials or other information in the superintendent's control or possession to which the confidentiality restrictions of this paragraph apply.

(2) Neither the superintendent nor any person who received documents, materials or other information while acting under the authority of the superintendent shall be permitted or required to testify in any private civil action concerning any confidential documents, materials, or information subject to the provisions of paragraph one of this subsection.

(3) Nothing in this article shall prohibit the superintendent from releasing final, adjudicated actions including for cause terminations that are open to public inspection pursuant to article six of the public officers law to a data base or other clearinghouse service maintained by the National Association of Insurance Commissioners, its affiliates or subsidiaries.

(i) An insurer, fraternal benefit society or health maintenance organization, authorized representative of an insurer, fraternal benefit society or health maintenance organization or an insurance producer that fails to report as required under the provisions of this section or that is found to have reported fraudulently, in bad faith or through gross negligence by a court of competent jurisdiction may, after notice and hearing, have its license or certificate of authority suspended or revoked and may be fined in accordance with the provisions of this chapter, provided, however, that an insurer may be fined up to five thousand dollars. In the case of a domestic insurer, the provisions of article seventy-four of this chapter shall all also apply.

§ 2113. Title insurance agent commissions; disclosure. (a) No insurer doing business in this state, and no agent or other representative thereof, shall pay any commission or other compensation to any person, firm, association or corporation for acting as a title insurance agent in this state, except to a licensed title insurance agent.

(b) At the time of the application, a title insurance agent shall provide to every applicant for insurance, a written good faith estimate of the premium on the policy or policies to be issued and a breakdown of the amount of all fees and service costs, including all filing fees, recording charges, and closing costs, and any other ancillary or discretionary charges to be incurred, and the amount of any commission or other compensation to be paid to such agent by the title insurance corporation. If no title insurance agent is utilized, the title insurer shall provide the disclosures. If the applicant is represented by an attorney, the written good faith estimate shall be provided to the attorney.

(c) Nothing in this chapter shall be deemed to or be construed in a manner to authorize or permit any activity or practice, with respect to the business of title insurance, that is prohibited by section four hundred eighty-four or four hundred ninety-five of the judiciary law, or otherwise prohibited by law, including the unauthorized practice of law.

(d) Except as provided in subsection (f) of this section, no person or entity who acts as an agent, representative, attorney, or employee of the owner, lessee, or mortgagee, or of the prospective owner, lessee, or mortgagee of the real property or any interest therein and who or whose spouse also is a member, employee, or director of a title insurance agent, owns any interest in a title insurance agent, or is a subsidiary or affiliate of any title insurance agent, shall refer an applicant for insurance to such agent, and no such title insurance agent shall accept any such referral of title insurance business, unless the referral is made in accordance with section six thousand four hundred nine of this chapter and such person or entity, at the time of making a referral, provides, at a minimum, the following written disclosure to the applicant:

(1) the nature of the relationship between the person or entity and the title insurance agent;

(2) that the applicant is not required to use the services of the

title insurance agent or the title insurance corporation to which the applicant is being referred;

(3) that any money or other thing of value directly or indirectly paid by the title insurance agent or title insurance corporation to the person or entity is based on the person or entity's financial interest in the title insurance agent, and is not related to the amount of title insurance business the person or entity refers to the title insurance agent;

(4) that the person or entity is not required to refer a specified amount of title insurance business to the title insurance agency;

(5) the amount or value of any compensation or other thing of value that the person or entity expects to receive in connection with the services to be provided by the title insurance agent or the title insurance corporation to which the party is being referred; and

(6) any relevant disclosures required by the federal real estate settlement procedures act of 1974, as amended.

(e) For the purposes of this chapter, an attorney or his or her law firm may represent a client in a matter and may also act as a title insurance agent in such matter subject to applicable law.

(f) Where a licensed attorney represents an applicant in a real estate transaction and the applicant also retains the attorney as the title insurance agent, the attorney shall not be required to make the written disclosure required by subsection (d) of this section provided the attorney advises the client that the client is not required to use the attorney as the title insurance agent.

(g) As used in this section, "applicant" means the person, firm, limited liability company or corporation for whom the purchase of the property that is the subject of the title insurance policy is financed or to whom a mortgage loan is made or who owns the property, or to a person who is an attorney-in-fact for such person.

(h) The superintendent shall promulgate regulations to enforce the disclosure requirements of subdivision (d) of this section and in doing so shall consider the relevant standards of the federal real estate settlement procedures act of 1974, as amended.

§ 2114. Life, accident and health insurance agents; commissions. (a)

(1) No insurer or fraternal benefit society doing business in this state shall pay any commission or other compensation to any person, firm or corporation, for any services in obtaining in this state any new contract of life insurance or any new annuity contract, except to a licensed life insurance agent of such insurer or of such society or to an insurance broker licensed under subparagraph (A) of paragraph one of subsection (b) of section two thousand one hundred four of this article, and except to a person described in paragraph two or three of subsection (a) of section two thousand one hundred one of this article.

(2) No agent or other representative of any such life insurer or fraternal benefit society shall pay any commission or other compensation to any person for any services of the kind specified in paragraph one hereof, except to a licensed life insurance agent of such insurer or of such society as the case may be.

(3) No insurer, fraternal benefit society or health maintenance organization doing business in this state and no agent or other representative thereof shall pay any commission or other compensation to any person, firm, association or corporation for services in soliciting, negotiating or selling in this state any new contract of accident or health insurance or any new health maintenance organization contract, except to a licensed accident and health insurance agent of such insurer, such society or health maintenance organization, or to a licensed insurance broker of this state, and except to a person described in paragraph two or three of subsection (a) of section two thousand one hundred one of this article.

* (4) Services of the kind specified in this subsection shall not include the referral of a person to a licensed insurance agent or broker that does not include a discussion of specific insurance policy terms and conditions and where the compensation for referral is not based upon the purchase of insurance by such person.

* NB Repealed September 10, 2029

(b) If any licensed life insurance agent who or which has received an application for a life insurance or annuity contract is unable after reasonable diligence to obtain all or any part of such insurance from the life insurer or insurers which he or it is licensed to represent, such agent may solicit, negotiate or sell such insurance, to the extent to which it is declined by such insurer or insurers, from any other

authorized life insurer or insurers, with the consent of the person making such application; but no such agent shall receive any commission or other compensation for his services in connection therewith from any insurer unless he is licensed as agent of such insurer at the time when he receives such compensation.

§ 2115. Property/casualty insurance agents; commissions. (a) * (1) No insurer doing business in this state, and no agent or other representative thereof, except as provided in subsection (b) hereof, shall pay any commission or other compensation to any person, firm, association or corporation for acting as insurance agent in this state, except to a licensed insurance agent of such insurer or to a person described in paragraph two or four of subsection (a) of section two thousand one hundred one of this article or except as provided in subsection (c) of this section. For the purposes of this section, "acting as insurance agent" shall not include the referral of a person to a licensed insurance agent or broker that does not include a discussion of specific insurance policy terms and conditions and where the compensation for referral is not based upon the purchase of insurance by such person.

* NB Effective until September 10, 2029

* (1) No insurer doing business in this state, and no agent or other representative thereof, except as provided in subsection (b) hereof, shall pay any commission or other compensation to any person, firm, association or corporation for acting as insurance agent in this state, except to a licensed insurance agent of such insurer or to a person described in paragraph two or four of subsection (a) of section two thousand one hundred one of this article or except as provided in subsection (c) of this section.

* NB Effective September 10, 2029

(2) The term "licensed insurance agent" as used in this subsection includes any agent authorized to act as such by a license issued and in force pursuant to the provisions of subsection (b) of section two thousand one hundred three of this article or authorized to act as such in connection with contracts for disability benefits pursuant to the provisions of subsection (n) of such section.

(b) This section shall not apply to any life insurance company, fraternal benefit society, accident and health insurance company, health maintenance organization, title insurance company nor to any agent or representative of any such insurer, society or health maintenance organization, acting as such.

(c) An insurer participating in a plan for assignment of personal injury liability insurance or property damage liability insurance pursuant to article fifty-three of this chapter, or participating in a reinsurance agreement for the writing of bonds to the state of New York under the alcoholic beverage control law, which plan or reinsurance agreement has been approved by the superintendent, may pay a commission to an adequately qualified agent who is licensed to act as agent for any insurer participating in such plan or reinsurance agreement when such agent is designated by the assured as the producer of record under the automobile assigned risk plan pursuant to which a policy is issued, or where such agent submits an application for a bond pursuant to which such bond is issued under such reinsurance agreement.

*** § 2116. Insurance brokers; commissions.** No insurer authorized to do business in this state, and no officer, agent or other representative thereof, shall pay any money or give any other thing of value to any person, firm, association or corporation for or because of his or its acting in this state as an insurance broker, unless such person, firm, association or corporation is authorized so to act by virtue of a license issued or renewed pursuant to the provisions of section two thousand one hundred four of this article. For the purposes of this section, "acting as insurance broker" shall not include the referral of a person to a licensed insurance agent or broker that does not include a discussion of specific insurance policy terms and conditions and where the compensation for referral is not based upon the purchase of insurance by such person.

* NB Effective until September 10, 2029

* § 2116. Insurance brokers; commissions. No insurer authorized to do business in this state, and no officer, agent or other representative thereof, shall pay any money or give any other thing of value to any person, firm, association or corporation for or because of his or its

acting in this state as an insurance broker, unless such person, firm, association or corporation is authorized so to act by virtue of a license issued or renewed pursuant to the provisions of section two thousand one hundred four of this article.

* NB Effective September 10, 2029

§ 2117. Acting for or aiding unlicensed or unauthorized insurers or health maintenance organizations. (a) No person, firm, association or corporation shall in this state act as agent for any insurer or health maintenance organization which is not licensed or authorized to do an insurance or health maintenance organization business in this state, in the doing of any insurance or health maintenance organization business in this state or in soliciting, negotiating or effectuating any insurance, health maintenance organization or annuity contract or shall in this state act as insurance broker in soliciting, negotiating or in any way effectuating any insurance, health maintenance organization or annuity contract of, or in placing risks with, any such insurer or health maintenance organization, or shall in this state in any way or manner aid any such insurer or health maintenance organization in effecting any insurance, health maintenance organization or annuity contract.

(b) Notwithstanding the provisions of subsection (a) hereof, any insurance broker licensed under subparagraph (B) of paragraph one of subsection (b) of section two thousand one hundred four of this article may negotiate a contract of insurance, or place insurance, in an insurer not authorized to do business in this state, as follows:

(1) a contract of reinsurance on risks produced by such broker;

(2) insurance against loss of or damage to property having a permanent situs outside of this state; and

(3) marine insurance of the following kind or kinds, where it is reasonable so to do with due regard to the interests of all concerned and whether or not, at the time of such negotiation, the subject matter of such insurance is within or without this state:

(A) insurance against perils of navigation, transit or transportation upon hulls, freights or disbursements, or other shipowner interests, goods, wares, merchandise and all other personal property and interests

therein, in course of exportation from or importation into any country, or transportation coastwise, including transportation by land or water from point of origin to final destination and including war risks and marine builders' risks; and

(B) insurance in connection with ocean going vessels against any of the risks specified in paragraph twenty-one of subsection (a) of section one thousand one hundred thirteen of this chapter.

(c) Notwithstanding the provisions of subsection (a) hereof, any insurance broker licensed under subparagraph (B) of paragraph one of subsection (b) of section two thousand one hundred four of this article may negotiate a contract of insurance or place insurance in an unauthorized insurer as follows:

(1) insurance against legal liability arising out of the ownership, operation or maintenance of any motor vehicle or aircraft which is neither principally garaged nor principally used in this state, arising out of any activity carried on wholly outside of this state or arising out of the ownership, operation or maintenance of any property having a permanent situs outside of this state, but in case such property or risk is located in any other state, then only in an insurer authorized to do such business in such state or in an insurer in which a licensed insurance broker of such state may lawfully place such insurance; and

(2) fidelity bonds guaranteeing the fidelity of persons holding or exercising positions of public or private trust wholly outside of this state, and surety bonds guaranteeing or assuming the performance of any contract or other obligation of the kind included under subparagraphs (B) and (C) of paragraph sixteen of subsection (a) of section one thousand one hundred thirteen of this chapter, to be performed wholly outside of this state; but if such positions are held or exercised in another state or if such contract or other obligation is to be performed wholly or partly in another state, then only if such insurance is placed in an insurer authorized to do such business in such state, or in which a licensed broker of such state may lawfully place such insurance.

(d) Notwithstanding the provisions of subsection (a) hereof, any licensed reinsurance intermediary may negotiate a contract of reinsurance, or place reinsurance, in an insurer not authorized to do business in this state.

(e) This section shall not authorize any person, firm, association or

corporation to guarantee or otherwise validate or secure the performance or legality of any agreement, instrument or policy of insurance or annuity contract of any insurer not authorized to do business in this state, or to bind risks, validate, effect by countersignature, endorsement or otherwise, any binder, memorandum, cover note, slip, certificate, policy or other instrument of insurance of any insurer not authorized or licensed to do business in this state, or to make binding declarations of risks thereunder, or permit any unauthorized insurer to do any insurance business by its agent acting within this state; but licensed insurance brokers acting pursuant to subsections (b) and (c) hereof may issue to their clients, the insureds, confirmation of insurance so lawfully placed.

(f) This chapter shall not prohibit or prevent an attorney and counsellor at law from representing an unauthorized insurer in litigation or settlement of claims in this state.

(g) Any person, firm, association or corporation violating any provision of this section shall, in addition to any other penalty provided by law, forfeit to the people of the state the sum of five hundred dollars for each transaction.

(h) (1) This section shall not prohibit any person, firm, association or corporation from acting within the scope of the authority conferred by section two thousand one hundred five of this article.

(2) Notwithstanding subsection (a) of this section, a licensed insurance broker may deliver to the insured an insurance policy or contract procured by any person, firm, association or corporation acting pursuant to the authority conferred by section two thousand one hundred five of this article.

(3) Notwithstanding subsection (a) of this section and any other provision of law to the contrary, any excess line broker licensed pursuant to section two thousand one hundred five of this article may exercise binding authority and execute an authority to bind coverage on behalf of an insurer not licensed or authorized to do business in this state pursuant to the provisions of subsection (f) of section two thousand one hundred eighteen of this article.

(i) Notwithstanding subsection (a) of this section, a licensed insurer may provide, from its office in the state, services to support the insurance business of an unauthorized insurer with which it is

affiliated, provided that the unauthorized insurer has satisfied all applicable requirements for placements by excess line brokers as set forth in section two thousand one hundred eighteen of this article. Such services may include, but shall not be limited to, computer operations, clerical and staffing support, underwriting, negotiating contract terms, quoting premiums, binding coverage, drafting and issuing policies and claims handling, investigation and payment, among other incidental services. Services expressly prohibited under this section include the marketing, soliciting or advertising by the unauthorized insurer directly to policyholders. Notwithstanding paragraph two of subsection (a) of section two thousand one hundred twenty-two of this article, such unauthorized insurers shall be permitted to advertise to, and market and solicit through, excess line brokers licensed pursuant to section two thousand one hundred five of this article, from an office within the state. All obligations of such licensee under this article shall remain in full force and effect. Any document issued by an unauthorized insurer that indicates any location within this state in which it conducts its operations shall include a prominent notice that the insurer is not licensed by the state of New York, in no smaller than 10 point type, in accordance with regulations as may be promulgated by the superintendent.

(j) Nothing in this section shall prohibit a person who is not a resident of this state from selling, soliciting or negotiating a property/casualty insurance contract of an insurer not authorized to do business in this state, provided that: (1) the insured's home state is a state other than this state; and (2) the person is licensed to sell, solicit or negotiate excess line insurance in the insured's home state.

(k)(1) Notwithstanding subsection (a) of this section, any insurance broker licensed under subparagraph (A) of paragraph one of subsection (b) of section two thousand one hundred four of this article with respect to life insurance or annuities, subparagraph (A) or (B) of paragraph one of subsection (b) of such section with respect to accident and health insurance, or subparagraph (B) of this paragraph with respect to property/casualty insurance may engage in the activities specified in paragraph two of this subsection with respect to an alien insurer not authorized to do an insurance business in this state, provided that:

(A) the activities relate to a policy or contract of group life, group annuity, group accident and health insurance, or property/casualty

insurance where the policyholder or proposed policyholder is a multinational entity resident outside the United States, the policy or contract covers the multinational entity's liabilities, properties, employees and their dependents, and the liabilities arise, or the properties and employees reside outside of the United States, except that the policy or contract may provide coverage to employees who are temporarily inside the United States;

(B) the policy or contract shall not be underwritten or negotiated in this state or issued or delivered in the United States;

(C) the alien insurer is authorized to transact the kinds of insurance business in the jurisdictions where the policies or contracts will be issued or delivered and the policies or contracts are issued in conformance with the laws of such jurisdictions;

(D) before engaging in any of the activities specified in paragraph two of this subsection, the licensed insurance broker provides written notice to the multinational entity that the alien insurer is not licensed in or authorized to do business in this state; the policy or contract is not protected by the New York state guaranty funds; the policy or contract has not been approved by the superintendent; and the policy or contract may not be subject to all of the laws of this state;

(E) the alien insurer shall not maintain any office in this state; and

(F) except as specifically provided in this section, the licensed insurance broker shall not call attention to the alien insurer by any advertisement or public announcement in this state.

(2) Subject to paragraph one of this subsection, the licensed insurance broker may engage in this state in only the following activities with respect to the alien insurer:

(A) provide information to the multinational entity with respect to a policy or contract of group life, group annuity, group accident and health insurance, or a property/casualty insurance policy issued or delivered or that will be issued or delivered by the alien insurer;

(B) meet and discuss insurance needs with the multinational entity, including providing information directly to the entity in person or otherwise about the policies or contracts offered by the alien insurer; and facilitating introductions with the multinational entity's human resources and benefits manager in each country in which the multinational entity has employee benefit needs;

(C) refer the multinational entity to the alien insurer and provide information to the multinational entity about the alien insurer;

(D) respond to requests for information by representatives of the multinational entity concerning quotes and any other specific terms and conditions of a group life, group annuity, group accident and health insurance, or property/casualty insurance policy or contract being negotiated in the jurisdiction where the policy or contract will be issued or delivered by the alien insurer;

(E) provide information concerning renewals of existing policies or contracts of group life, group annuity, group accident and health insurance, or a property/casualty insurance policy issued by the alien insurer; and

(F) manage the employee benefits program of the multinational entity, including aggregating and reporting employee benefits and financial information about the program.

(3) Any activity in which a licensed insurance broker engages with respect to an alien insurer pursuant to this subsection shall be deemed to be included within the meaning of "any other transaction of business" for the purposes of section one thousand two hundred thirteen of this article.

(4) For purposes of this subsection:

(A) "multinational entity" shall mean an institution that is a member of a multinational group of institutions operating globally where: (i) at least one institution in the group is formed under the laws of the United States or has significant operations in the United States; and (ii) at least one institution in the group has offices outside the United States; and

(B) "group of institutions" shall mean a parent corporation and its subsidiaries.

§ 2118. Excess line brokers; duties. (a) (1) Every licensee licensed pursuant to section two thousand one hundred five of this article shall be required to use due care in selecting the unauthorized insurer from whom policies are procured under his license.

(2) (A) No policy of insurance may be procured by a licensee from any foreign or alien insurer which is controlled, by a foreign government or

by a political subdivision thereof, or which is an agency of any such government or subdivision if the superintendent determines that: (i) such insurer receives a subsidy or other competitive advantage, as a result of such control or status, that would enable it to compete unfairly with similarly situated insurers which are not so controlled or constituted; (ii) such insurer is entitled to claim sovereign immunity as a result of such control and the insurer has not waived the sovereign immunity; or (iii) the use of such insurer would be detrimental to the interests of the people of this state.

(B) No licensee shall be deemed to be in noncompliance with this subsection unless: (i) the superintendent has made a prior determination that the foreign or alien insurer from which the licensee procured a policy of insurance should not be used as an excess line insurer in this state in accordance with the provisions of this subsection; or (ii) the licensee knew or should have known that such insurer should not be used as an excess line insurer in accordance with the provisions of this subsection. The superintendent may promulgate regulations to provide guidance to the licensee.

(C) Every such insurer shall otherwise satisfy all applicable requirements for placement by an excess line broker.

* (b) (1) Within forty-five days after a policy is procured, a licensee shall submit the declarations page or cover note of every policy procured under his or her license to the excess line association established pursuant to section two thousand one hundred thirty of this article for recording and stamping. In the event that no declarations page or cover note is available to the licensee, within forty-five days after the policy is procured, the licensee shall submit a binder to the excess line association in lieu of such declarations page or cover note. In the event that a binder is submitted to the excess line association, the licensee shall submit the declarations page or cover note to the excess line association promptly upon receipt. Every insurance document submitted to the excess line association pursuant to this subsection shall set forth:

(A) the name and address of the insured;

(B) the gross premium charged;

(C) the name of the unauthorized insurer; and

(D) the kind of insurance procured.

(2) Subsequent endorsements which do not affect the premium charged are exempted from stamping.

(3) (A) Except as provided in subparagraph (F) of this paragraph, submission of insurance documents to the excess line association shall be accompanied by a statement subscribed to, and affirmed by, the licensee or sublicensee as true under the penalties of perjury that, after diligent effort, the full amount of insurance required could not be procured, from authorized insurers, each of which is authorized to write insurance of the kind requested and which the licensee has reason to believe might consider writing the type of coverage or class of insurance involved, and further showing that the amount of insurance procured from an unauthorized insurer is only the excess over the amount procurable from an authorized insurer. The licensee, however, shall be excused from affirming that a diligent effort, as defined above, was made to procure the coverage from authorized insurers if the licensee's affidavit is accompanied by the affidavit of another broker involved in the placement affirming as true under the penalties of perjury that, after diligent effort by the affirming broker, the required insurance could not be procured from an authorized insurer which the affirming broker had reason to believe might consider writing the type of coverage or class of insurance involved. The licensee and the affirming broker shall be excused from affirming that a diligent effort was made if the superintendent determines, pursuant to paragraph four of this subsection, that no declinations are required.

(B) A licensee or affirming broker shall be considered to have the reason to believe required by subparagraph (A) of this paragraph if the decision to offer the risk to the authorized insurer was based on any of the following:

(i) Recent acceptance by the authorized insurer of a type of coverage or class of insurance similar to that for which coverage is presently being sought;

(ii) Advertising by the authorized insurer or its agent indicating that the authorized insurer is willing to consider acceptance of this or a similar type of coverage or class of insurance;

(iii) Media communications (i.e., newspaper or magazine articles, trade publications, television and radio programming) indicating that the authorized insurer is writing, or is considering writing, this type

of coverage or class of insurance;

(iv) Communications with other insurance professionals, risk managers, trade associations, the excess line association or the department of financial services which indicates that the authorized insurer might consider writing this type of coverage or class of insurance; or

(v) Any other valid basis for making such decision.

(C) Every licensee, or affirming broker, in connection with the placement of each risk pursuant to this section, shall record on the affidavit required pursuant to subparagraph (A) of this paragraph the name, date of the declination, and national association of insurance commissioners code of each authorized insurer declining a risk and information relied upon that formed the basis of such licensee's or affirming broker's reason to believe that the authorized insurer might consider writing the type of coverage or class of insurance involved. A licensee or affirming broker shall not be required to record on the affidavit the name of the representative declining the risk, the representative's affiliation, or the reason for the declination.

(D) Declinations obtained from authorized insurers which are affiliates of, or, as defined in article fifteen of this chapter, under common control with, each other or the unauthorized insurer shall not meet the requirements of this subsection unless such related insurers operate as distinct and autonomous entities, and for underwriting purposes, compete with each other for the same type of coverage or class of insurance.

(E) The superintendent, in a regulation, may determine whether there are circumstances where it may be appropriate, due to the unavailability from an authorized insurer of the leading type of coverage or the leading class of insurance required by the insured, to waive the requirement in subparagraph (A) of this paragraph that a licensee may procure from an unauthorized insurer only the amount of insurance which is excess over the amount procurable from an authorized insurer, and to instead permit the licensee to procure from an unauthorized insurer the full amount of insurance required by the insured.

(F) A licensee seeking to procure or place insurance in this state for an exempt commercial purchaser shall not be required to satisfy any requirement of this state to make a due diligence search to determine whether the full amount or type of insurance sought by the exempt

commercial purchaser can be obtained from authorized insurers if:

(i) the licensee procuring or placing the excess line insurance has disclosed to the exempt commercial purchaser that the insurance may or may not be available from the authorized market that may provide greater protection with more regulatory oversight; and

(ii) the exempt commercial purchaser has subsequently requested in writing that the licensee procure or place the insurance from an unauthorized insurer.

(4) The number of declinations constituting diligent effort in regard to placement of coverage with authorized insurers for purposes of paragraph three of this subsection shall be three, unless the superintendent after a hearing, on a record, upon findings and conclusions, determines that another number of such declinations is appropriate in regard to particular coverages. In making such determinations, the superintendent shall consider relevant market conditions, including unavailability of particular coverages from authorized insurers, and may conduct market surveys. Any such determination shall be reviewed at least annually by the superintendent.

(5) Before placing business with an unauthorized insurer, each licensee shall ascertain and verify the fact that such insurer is authorized in its domiciliary jurisdiction to write the insurance policy proposed to be procured from it by the licensee. No unauthorized insurer shall be deemed unacceptable for placement of business solely on the ground that it has been so authorized to write such business in its domiciliary jurisdiction for a period of less than three years preceding the placement of such risk by the licensee. In determining whether business may be placed with such unauthorized insurer, the superintendent shall consider such factors as: the interests of the public and policyholders, the length of time such insurer has been authorized in its domiciliary jurisdiction and elsewhere, its financial condition, and unavailability of particular coverages from authorized insurers.

(6) It shall be unlawful for a licensee as defined in section two thousand one hundred one of this article and pursuant to sections two thousand one hundred four and two thousand one hundred five of this article to deliver in this state any declarations page of an insurance policy or cover note evidencing insurance unless such insurance document

is stamped by the excess line association or is exempt from such requirements; provided, however, that a licensee's failure to comply with the requirements of this subsection shall not affect the validity of the coverage.

(7) Compliance by a licensee with the requirements set forth in this section in connection with submitting for recording and stamping declarations pages, cover notes, binders, endorsements, affidavits, notices of excess line placement and other excess line insurance documents may be accomplished by means of electronic or other media transmission, provided the superintendent first approves such methods of submitting for recording and stamping.

* NB Effective until July 1, 2029

* (b) (1) When any policy of insurance is procured under the authority of a license issued pursuant to section two thousand one hundred five of this article, there shall be submitted, both by the licensee or sub-licensee and by the insured, statements subscribed and affirmed by them as true under the penalties of perjury setting forth facts showing that such insured and such licensee were unable after diligent effort to procure, from authorized insurers, each authorized to write coverages of the kind requested, the full amount of insurance required to protect the interest of such insured, and further showing that the amount of insurance procured from an unauthorized insurer or insurers is only the excess over the amount so procurable from authorized insurers; provided, however, that the licensee shall be excused from affirming that a diligent effort was made to procure the coverage from such authorized insurers if the licensee's affidavit is accompanied by the affidavit of another broker involved in the placement affirming as true under the penalties of perjury that, after diligent effort by the affirming broker, the required insurance could not be procured from such authorized insurers.

(2) The number of declinations constituting diligent effort in regard to placement of coverage with authorized insurers for purposes of paragraph one of this subsection shall be three, unless the superintendent after a hearing, on a record, upon findings and conclusions, determines that another number of such declinations is appropriate in regard to particular coverages. In making such determinations, the superintendent shall consider relevant market

conditions, including unavailability of particular coverages from authorized insurers, and may conduct market surveys. Any such determination shall be reviewed at least annually by the superintendent.

(3) Before placing business with an unauthorized insurer, each licensee shall ascertain and verify the fact that such insurer is authorized in its domiciliary jurisdiction to write the insurance policy proposed to be procured from it by the licensee. No unauthorized insurer shall be deemed unacceptable for placement of business solely on the ground that it has been so authorized to write such business in its domiciliary jurisdiction for a period of less than three years preceding the placement of such risk by the licensee. In determining whether business may be placed with an unauthorized insurer, the superintendent shall consider such factors as: the interests of the public and policyholders, the length of time such insurer has been authorized in its domiciliary jurisdiction and elsewhere, its financial condition, and unavailability of particular coverages from authorized insurers.

(4) The statements required pursuant to paragraph one of this subsection shall be filed by such licensee with the superintendent within thirty days after such policies have been procured.

* NB Effective July 1, 2029

* (c) (1) The licensee shall keep a complete and separate record of all policies procured from unauthorized insurers under such license. The licensee shall also maintain files supporting declinations by authorized insurers. An authorized insurer need not maintain underwriting submissions or other records with respect to any declination, unless the superintendent, after a hearing on a record, finds substantial abuses of the provisions of this section and determines that recordkeeping or reporting requirements in regard to authorized insurers are necessary to redress or eliminate such abuses.

(2) Such records shall be open to examination by the excess line association as provided for in section two thousand one hundred thirty of this article and by the superintendent, as provided in section three hundred ten of this chapter, at all reasonable times and shall show:

(A) the exact amount of each kind of insurance permitted under this section which has been procured for each insured;

(B) the gross premiums charged by the insurers for each kind of insurance permitted under this section;

(C) the amount of each kind of premiums of insurance permitted by this section which were returned to each insured;

(D) the name of the insurer or insurers which issued each of said policies;

(E) the effective dates of such policies;

(F) the terms for which they were issued; and

(G) the cities and villages within this state in which the insured risks, respectively, are located.

* NB Effective until July 1, 2029

* (c)(1) The licensee shall keep a complete and separate record of all policies procured from unauthorized insurers under such license. The licensee shall also maintain files supporting declinations by authorized insurers. An authorized insurer need not maintain underwriting submissions or other records with respect to any declination, unless the superintendent, after a hearing on a record, finds substantial abuses of the provisions of this section and determines that recordkeeping or reporting requirements in regard to authorized insurers are necessary to redress or eliminate such abuses. The superintendent shall review recordkeeping requirements applicable to this section and, by October first, nineteen hundred eighty-six, shall take measures in order to simplify forms and other aspects of compliance with such requirements.

(2) Such records shall be open to examination by the superintendent, as provided in section three hundred ten of this chapter, at all reasonable times and shall show:

(A) the exact amount of each kind of insurance permitted under this section which has been procured for each insured;

(B) the gross premiums charged by the insurers for each kind of insurance permitted under this section;

(C) the amount of each kind of premiums of insurance permitted by this section which were returned to each insured;

(D) the name of the insurer or insurers which issued each of said policies;

(E) the effective dates of such policies;

(F) the terms for which they were issued; and

(G) the cities and villages within this state in which the insured risks, respectively, are located.

* NB Effective July 1, 2029

(d) (1) Where this state is the insured's home state, a person, firm, association or corporation licensed pursuant to the provisions of section two thousand one hundred five of this article shall pay to the superintendent a sum equal to three and six-tenths percent of the gross premiums charged the insureds by the insurers for insurance procured by such licensee pursuant to such license, less the amount of such premiums returned to such insureds.

(2) The amount of such payments which represents a sum equal to three percent of fire insurance premiums shall be distributed by the superintendent as prescribed in section nine thousand one hundred five of this chapter, and the balance thereof shall be paid over by the superintendent to the state treasurer.

(3) Such licensee shall be required to make such payments to the superintendent on the fifteenth day of March of each year for the taxes on all policies procured by such licensee, pursuant to such license, during the next preceding calendar year, and on such date such licensee shall also file with the superintendent a return in the form prescribed by the superintendent, showing such information as may be necessary for the proper distribution of such payments.

(e)(1) Except as provided in paragraph two of this subsection, no licensee shall be required to obtain a declination from an association established pursuant to article fifty-four or fifty-five of this chapter, or to apply for insurance through a plan established pursuant to article fifty-three of this chapter, as a condition of procuring insurance pursuant to this section.

(2) (A) Unless the licensee obtains a declination from the appropriate association, or from an insurer pursuant to an application for coverage through a plan, no diligent effort shall be considered to have been made if the insurance is available from the plan or association in connection with the placement of:

(i) a policy of non-commercial motor vehicle liability insurance;

(ii) medical malpractice insurance for a general hospital, as defined in subdivision ten of section two thousand eight hundred one of the public health law, a physician or dentist; or

(iii) insurance which by law must be provided by an authorized insurer.

(B) In connection with the placement of any other kind of insurance, a

declination from the appropriate association, or from an insurer pursuant to an application for coverage through a plan, shall be required unless prior to the placement the insured has been advised of the availability of insurance from the plan or association.

(C) The affirming broker shall provide written notice to the insured that the placement was made with an unauthorized insurer. A copy of this notice shall be attached to the affirming broker's affidavit. The affidavits required by this section to be completed by the affirming broker shall include a statement that the affirming broker advised the insured in writing:

(i) that the unauthorized insurer with which the coverage is being placed is not authorized to do an insurance business in this state and is not subject to supervision by this state;

(ii) that in the event of the insolvency of the unauthorized insurer, losses will not be covered by any New York state insolvency fund;

(iii) that the policy may not be subject to all of the regulations of the superintendent pertaining to policy forms; and

(iv) such other information as the superintendent may, by regulation, require.

(f) (1) An excess line broker licensed pursuant to section two thousand one hundred five of this article may execute an authority to bind coverage and may exercise binding authority on behalf of an insurer not licensed or authorized to do business in this state pursuant to the provisions of this subsection.

(2) As used in this subsection:

(A) an "authority to bind coverage" means the written agreement between an excess line broker and an insurer not licensed or authorized to do business in this state and shall set forth the terms, conditions, and limitations governing the exercise of binding authority by the excess line broker;

(B) a "binder" means written evidence of a temporary insurance contract; and

(C) "binding authority" means the authority to issue and deliver binders, and to issue and deliver insurance policies on behalf of an insurer not licensed or authorized to do business in this state.

(3) (A) Every excess line broker who exercises binding authority shall have filed an authority to bind coverage, the contents of which shall

not be public, with the excess line association established pursuant to section two thousand one hundred thirty of this article.

(B) Such authority shall be valid until (i) terminated by the appointing insurer after termination in accordance with the contract between the broker and the insurer; (ii) the excess line license is suspended or revoked by the superintendent; or (iii) the excess line license expires and is not renewed.

(4) Notwithstanding any other provision of law to the contrary, the execution or filing of an authority to bind coverage and the exercise of binding authority by an authorized excess line broker shall not constitute the doing of insurance business by an insurer not licensed or authorized to do business in this state.

(5) Any coverage so written must be in compliance with this section.

(6) Every binder shall contain a description and location of the subject of insurance, coverage, conditions and term of insurance, the premium, the name and address of the excess line broker, the name and address of the producing broker, the name of the insurer and the name and address of the insured.

(7) Any binding authority agreement made and filed pursuant to this section may authorize an excess line broker to bind coverage for risks located within or outside of the state of New York, notwithstanding any other provision of this chapter.

(8) Any binding authority agreement made and filed pursuant to this section may authorize an excess line broker to issue notice of cancellation of any insurance policy bound pursuant to such agreement (A) for non-payment of premium, (B) for a material increase in the hazard insured, or (C) upon discovery of a material misrepresentation in the application for insurance. The excess line broker shall not be deemed an agent of the insurer solely for issuing such notice of cancellation.

§ 2119. Insurance agents, brokers, consultants, life settlement brokers, and title insurance agents; written contract for compensation; excess charges prohibited.

(a) (1) No person licensed as an insurance agent, broker or consultant may receive any fee, commission or thing of value for examining,

appraising, reviewing or evaluating any insurance policy, bond, annuity or pension or profit-sharing contract, plan or program or for making recommendations or giving advice with regard to any of the above, unless such compensation is based upon a written memorandum signed by the party to be charged and specifying or clearly defining the amount or extent of such compensation.

(2) A copy of every such memorandum or contract shall be retained by the licensee for not less than three years after such services have been fully performed.

(b) (1) No person licensed as an insurance agent, broker or a consultant may receive any compensation, direct or indirect, as a result of the sale of insurance or annuities to, or the use of securities or trusts in connection with pensions for, any person to whom any such licensee has performed any related consulting service for which he has received a fee or contracted to receive a fee within the preceding twelve months unless such compensation is provided for in the memorandum or contract required pursuant to subsection (a) hereof.

(2) This chapter shall not prohibit the offset, in whole or in part, of compensation payable under subsection (a) hereof by compensation otherwise payable to such consultant as agent or broker as a result of such sale of insurance or annuities or the use of securities or trusts in connection with pensions, if any such offset is provided for in the written memorandum or contract required under subsection (a) hereof.

(c) (1) No insurance broker may receive any compensation, other than commissions deductible from premiums on insurance policies or contracts, from any insured or prospective insured for or on account of the sale, solicitation or negotiation of, or other services in connection with, any contract of insurance made or negotiated in this state or for any other services on account of such insurance policies or contracts, including adjustment of claims arising therefrom, unless such compensation is based upon a written memorandum, signed by the party to be charged, and specifying or clearly defining the amount or extent of such compensation.

(2) A copy of every such memorandum shall be retained by the broker for not less than three years after such services have been fully performed.

(3) This subsection shall not affect the right of any such broker to

recover from the insured the amount of any premium or premiums for insurance effectuated by or through such broker.

(4) This subsection shall not affect the requirements of subsection (a) or (b) hereof, subsection (g) of section two thousand one hundred one or section two thousand one hundred eight of this article.

(d) No insurance broker shall, in connection with the sale, solicitation or negotiation, issuance, delivery or transfer in this state of any contract of insurance made or negotiated in this state, directly or indirectly charge, or receive from, the insured or prospective insured therein any greater sum than the rate of premium fixed therefor by the insurer obligated as such therein, unless such broker has a right to compensation for services created in the manner specified in subsection (c) of this section.

(e)(1) No person licensed as a life settlement broker may receive any compensation for examining, appraising, reviewing or evaluating any life settlement contract or for making recommendations or giving advice with regard to such contract; or receive any compensation from any owner or proposed owner for or on account of the solicitation or negotiation of, or other services in connection with, any life settlement contract subject to this chapter or for any other services on account of such contract; unless such compensation is based upon a written memorandum signed by the party to be charged and specifying or clearly defining the amount or extent of such compensation. A copy of every such memorandum shall be retained by the licensee for not less than three years after such services have been fully performed.

(2) No person licensed as a life settlement broker may receive any compensation, direct or indirect, for or on account of the solicitation or negotiation of, or other services in connection with a life settlement contract subject to this chapter from any person for whom any such licensee has performed any related consulting service for which the licensee has received a fee or contracted to receive a fee within the preceding twelve months unless such compensation is provided for in the written memorandum required pursuant to paragraph one of this subsection.

(3) No person licensed as a life settlement broker may receive any compensation, direct or indirect, from a life settlement provider or any other person with respect to any life settlement contract if the life

settlement broker has already received or will receive compensation, direct or indirect from, or on behalf of, the owner with respect to that life settlement contract.

(f) No title insurance agent may receive any compensation or fee, direct or indirect, for or on account of services performed in connection with the issuance of a title insurance policy, unless such compensation is: (1) for ancillary services not encompassed in the rate of premium approved by the superintendent; and (2) based upon a written memorandum signed by the party to be charged, and specifying or clearly defining the amount or extent of such compensation to be charged for each ancillary service as well as the total amount or extent of the compensation to be charged. A copy of every such memorandum shall be retained by the licensee for not less than three years after such services have been fully performed. For purposes of this subsection, legal services performed by a New York state licensed attorney who is also engaged as a title insurance agent shall not be considered ancillary services.

§ 2120. Fiduciary capacity of insurance agents, title insurance agents, insurance brokers and reinsurance intermediaries.

(a) Every insurance agent, title insurance agent, and insurance broker acting as such in this state shall be responsible in a fiduciary capacity for all funds received or collected as insurance agent or insurance broker, and shall not, without the express consent of his, her or its principal, mingle any such funds with his, her or its own funds or with funds held by him, her or it in any other capacity.

(b) Every reinsurance intermediary acting as such in this state shall be responsible, in a fiduciary capacity for all funds received or collected in such capacity, and shall not, without the express consent of his or its principal or principals, mingle any such funds with his or its own funds or with funds held by him or it in any other capacity.

(c) This section shall not require any such insurance agent, title insurance agent, insurance broker or reinsurance intermediary to maintain a separate bank deposit for the funds of each such principal, if and as long as the funds so held for each such principal are reasonably ascertainable from the books of account and records of such

agent, broker or reinsurance intermediary, as the case may be.

(d) A retail insurance producer who violates paragraph (a) of subdivision two of section five hundred seventy-seven-a of the banking law shall be liable for actual damages for the failure to notify, in writing, the premium finance agency of the information required pursuant to such paragraph (a).

§ 2121. Broker authorized to receive premium, when. (a) Any insurer which delivers in this state to any insurance broker or any insured represented by such broker a contract of insurance pursuant to the application or request of such broker, acting for an insured other than himself, shall be deemed to have authorized such broker to receive on its behalf payment of any premium which is due on such contract at the time of its issuance or delivery or payment of any installment of such premium or any additional premium which becomes due or payable thereafter on such contract, provided such payment is received by such broker within ninety days after the due date of such premium or installment thereof or after the date of delivery of a statement by the insurer of such additional premium.

(b) An agent who represents an insured for the purpose of obtaining insurance pursuant to any plan authorized by articles fifty-three, fifty-four and fifty-five of this chapter shall be deemed to be a broker for the purposes of this section.

§ 2122. Advertising by insurance producers.

(a) (1) No insurance producer shall make or issue in this state any advertisement, sign, pamphlet, circular, card or other public announcement purporting to make known the financial condition of any insurer, unless the same shall conform to the requirements of section one thousand three hundred thirteen of this chapter.

(2) No insurance producer or other person, shall, by any advertisement or public announcement in this state, call attention to any unauthorized insurer or insurers.

(b) Every agent of any insurer and every insurance broker shall, in all advertisements, public announcements, signs, pamphlets, circulars

and cards, which refer to an insurer, set forth therein the name in full of the insurer referred to and the name of the city, town or village in which it has its principal office in the United States.

§ 2123. Misrepresentations, misleading statements and incomplete comparisons. (a) (1) No agent or representative of any insurer or health maintenance organization authorized to transact life, accident or health insurance or health maintenance organization business in this state, insurance broker, person who has received a grant from and has been certified by the health benefit exchange established pursuant to section 1311 of the Affordable Care Act, 42 U.S.C. § 18031, to act as a navigator, including any person employed by a certified navigator, or other person, firm, association or corporation, shall issue or circulate or cause or permit to be issued or circulated, any illustration, circular, statement or memorandum misrepresenting the terms, benefits or advantages of any policy or contract of life, accident or health insurance, any annuity contract or any health maintenance organization contract, delivered or issued for delivery or to be delivered or issued for delivery, in this state, or shall make any misleading estimate as to the dividends or share of surplus or additional amounts to be received in the future on such policy or contract, or shall make any false or misleading statement as to the dividends or share of surplus or additional amounts previously paid by any such insurer or health maintenance organization on similar policies or contracts, or shall make any misleading representation, or any misrepresentation, as to the financial condition of any such insurer or health maintenance organization, or as to the legal reserve system upon which such insurer or health maintenance organization operates.

(2) No such person, firm, association or corporation shall make to any person or persons any incomplete comparison of any such policies or contracts of any insurer, insurers, or health maintenance organization, for the purpose of inducing, or tending to induce, such person or persons to lapse, forfeit or surrender any insurance policy or health maintenance organization contract.

(3) Any replacement of individual life insurance policies or individual annuity contracts of an insurer by an agent, representative

of the same or different insurer or broker shall conform to standards promulgated by regulation by the superintendent. Such regulation shall:

(A) specify what constitutes the replacement of a life insurance policy or annuity contract and the proper disclosure and notification procedures to replace a policy or contract;

(B) require notification of the proposed replacement to the insurer whose policies or contracts are intended to be replaced;

(C) require the timely exchange of illustrative and cost information required by section three thousand two hundred nine of this chapter and necessary for completion of a comparison of the proposed and replaced coverage; and

(D) provide for a sixty-day period following issuance of the replacement policies or contracts during which the policy or contract owner may return the policies or contracts and reinstate the replaced policies or contracts.

(b) Any comparison of the policies or contracts of any such insurer, insurers or health maintenance organization shall be deemed to be an incomplete comparison if it does not conform to all the requirements for comparisons established by regulation.

(c) In the determination, judicial or otherwise, of the incompleteness or misleading character of any such comparison, it shall not be presumed that the insured knew or knows of any of the provisions, terms or benefits contained in any insurance policy or health maintenance organization contract.

(d) Any agent or representative of an insurer or health maintenance organization, insurance broker, person who has received a grant from and has been certified by the health benefit exchange established pursuant to section 1311 of the affordable care act, 42 U.S.C. § 18031, to act as a navigator, including any person employed by a certified navigator, or any other person, firm, association or corporation who, or which, shall violate any of the provisions of this section and shall knowingly receive any compensation or commission for the solicitation, sale or negotiation of any insurance policy, health maintenance organization or annuity contract induced by a violation of this section shall also be liable for a civil penalty in the amount received by such violator as compensation or commission, which penalty may be sued for and recovered for his, her, or its own use and benefit by any person induced to

purchase an insurance policy, health maintenance organization or annuity contract by such violation. In addition, such agent, representative, broker, person, firm, association or corporation violating this section shall be liable for a civil penalty in the amount of any compensation or commission lost by any agent, representative or broker as a result of a violation of this section or the making of such false or misleading statement, which penalty may be sued for and recovered for his, her, or its own use and benefit by such agent, representative or broker.

* (e) Except with respect to a credit unemployment insurance policy, group credit life insurance policy, a group credit health, group credit accident or group credit health and accident policy, or similar group credit insurance covering the person of the insured, state chartered banking institutions, federally chartered banking institutions and any person soliciting the purchase of or selling insurance on the premises thereof, must disclose or cause to be disclosed in writing, where practicable, in clear and concise language, to their customers and prospective customers who are solicited therefor, that any insurance offered or sold:

(1) is not a deposit;

(2) is not insured by the federal deposit insurance corporation or the national credit union share insurance fund, as applicable; and

(3) is not guaranteed by the state chartered banking institution or the federally chartered banking institution.

* NB Repealed September 10, 2029

* (f) For the purposes of this section, the terms "state chartered banking institutions" and "federally chartered banking institutions" shall have the same meanings as set forth in subdivision one of section twelve-a of the banking law.

* NB Repealed September 10, 2029

§ 2124. Stay or suspension of superintendent's determination. The commencement of a proceeding under article seventy-eight of the civil practice law and rules, to review the action of the superintendent in suspending or revoking or refusing to renew any certificate under this article, shall stay such action of the superintendent for a period of thirty days. Such stay shall not be extended for a longer period unless

the court shall determine, after a preliminary hearing of which the superintendent is notified forty-eight hours in advance, that a stay of the superintendent's action pending the final determination or further order of the court will not unduly injure the interests of the people of the state.

§ 2125. Marine insurance; acting as agent, broker or insurer of persons without insurable interest. (a) No person, firm, association or corporation shall knowingly act as insurance agent or act as insurance broker in this state, or shall as insurer knowingly act in this state, in the sale, solicitation or negotiation, issuance or delivery of any binder, cover note, certificate, policy or other evidence of a contract of marine insurance except on the application and in the name of some person or persons having a bona fide interest, direct or indirect, either in the safe arrival of the vessel in relation to which the contract is made or to be made, or in the safety or preservation of the subject matter insured or to be insured, or except on the application and in the name of some person or persons having a bona fide reasonable expectation of acquiring such an interest.

(b) No insurance broker or other person, firm, association or corporation not having such a bona fide interest or bona fide expectation of acquiring such an interest, shall knowingly apply for, effect, accept or transfer in this state any such evidence of a contract of marine insurance without having been previously authorized so to do by, or by the authority of, a person, firm, association or corporation having such a bona fide interest or a bona fide expectation of acquiring such an interest.

§ 2126. Impersonation at examinations prohibited. No person shall impersonate any other person, or permit or aid in any manner any other person to impersonate him, in connection with any examination held in accordance with the provisions of this chapter.

§ 2127. Penalties for violations. (a) The superintendent, in lieu of

revoking or suspending the license of a licensee in accordance with the provisions of this article, may in any one proceeding by order, require the licensee to pay to the people of this state a penalty in a sum not exceeding five hundred dollars for each offense, and a penalty in a sum not exceeding twenty-five hundred dollars in the aggregate for all offenses.

(b) Upon the failure of such a licensee to pay such penalty ordered pursuant to subsection (a) hereof within twenty days after the mailing of such order, postage prepaid, registered, and addressed to the last known place of business of such licensee, unless such order is stayed by an order of a court of competent jurisdiction, the superintendent may revoke the license of such licensee or may suspend the same for such period as he determines.

§ 2128. Commission and fee sharing prohibited. (a) Notwithstanding the provisions of sections two thousand three hundred twenty-four and four thousand two hundred twenty-four of this chapter, no licensee subject to this article shall receive any commissions or fees or shares thereof in connection with insurance coverages placed for or insurance services rendered to the state, its agencies and departments, public benefit corporations, municipalities and other governmental subdivisions in this state, unless such licensee actually placed insurance coverages on behalf of or rendered insurance services to the state, its agencies and departments, public benefit corporations, municipalities and other governmental subdivisions in this state.

(b) The superintendent shall, by regulation, require licensees subject to this article to file disclosure statements with the department of financial services and the most senior official of the governmental unit involved, with respect to any insurance coverages placed for or insurance services rendered to the state, its agencies and departments, public benefit corporations, municipalities and other governmental subdivisions in this state, except that neither a title insurance corporation nor a title insurance agent shall be required to file a disclosure statement if an industrial development agency, state of New York mortgage agency or its successor, or any similar type of entity, is the named insured under the policy and is a mortgagee with respect to

the property insured.

§ 2129. Duty to have an agent or broker at each place of business. (a) Each place of business established by the holder of an agent and/or broker license shall be under the supervision of one or more persons licensed to do the kinds of business transacted in that office. The headquarters location must be supervised by one or more persons licensed to do all the kinds of business for which the licensee is authorized. Any satellite office established by a licensee must be supervised by one or more persons licensed to do the kinds of business to be transacted in that office.

(b) Written notice shall be given to the superintendent containing the location of each satellite office and the licensed person or persons responsible for each satellite office.

*** § 2130. Excess line association.** (a) There is hereby created a non-profit association to be known as the excess line association of New York. All excess line licensees shall be deemed to be members of the association. The association must perform its functions under the plan of operation established and approved under subsection (c) of this section and must exercise its powers through a board of directors established under subsection (b) of this section. The association shall be supervised by the superintendent. The association shall be authorized and have the duty to:

(1) receive and record all excess line insurance documents which excess line brokers are required to file with the association under section two thousand one hundred eighteen of this article. All records which an excess line broker is required to maintain under section two thousand one hundred eighteen of this article shall be open to examination by the excess line association;

(2) notify the superintendent or his designee prior to stamping submitted insurance documents as provided in paragraph three of this subsection if the association believes that the unauthorized insurer does not meet the standards of eligibility imposed by section two thousand one hundred eighteen of this article, together with any rules

and regulations promulgated pursuant to said section;

(3) stamp all excess line insurance documents which excess line brokers are required to file with the association under section two thousand one hundred eighteen of this article, provided that an unauthorized insurer meets the standards of eligibility imposed by section two thousand one hundred eighteen of this article, together with any rules and regulations promulgated pursuant to said section;

(4) prepare reports to be provided to the superintendent on the fifteenth day of every month, which reports shall include premium data from excess line licensee affidavits relating to excess line insurance filed by each licensee and stamped by the association during the preceding calendar month. Such reports shall also include corresponding licensee affidavits in such form as the superintendent may prescribe. The association shall provide each licensee with a copy of the report as it pertains to said licensee's business for the calendar month;

(5) prepare and deliver to each licensee and to the superintendent annually the reports of excess line business, which reports shall include a delineation of the classes and kinds of business procured during the preceding calendar year in such form as the superintendent may prescribe;

(6) deliver to each licensee standard forms for affidavits required under section two thousand one hundred eighteen of this article;

(7) employ and retain such persons as are necessary to carry out the duties of the association;

(8) borrow money as necessary to effect the purposes of the association;

(9) enter contracts as necessary to effect the purposes of the association;

(10) perform such other acts as will facilitate and encourage compliance by its members with the excess line law of this state and rules promulgated thereunder; and

(11) provide such other services to its members as are incidental or related to the purposes of the association; and

(12) utilize the authority granted to unincorporated associations under section twelve of the general associations law.

(b)(1) The association shall function through a board of directors elected by the association members, and officers who shall be elected by

the board of directors.

(2) The board of directors of the association shall consist of not less than five nor more than nine persons serving terms as established in the plan of operation. The plan of operation shall provide for the election of a board of directors by the members of the association from its membership. The plan of operation shall fix the manner of voting and may weigh each member's vote to reflect the annual excess line insurance premium written by the member. Members employed by the same or affiliated employers may consolidate their premiums written and delegate an individual officer or partner to represent the member in the exercise of association affairs, including service on the association board of directors. The superintendent shall, within thirty days after the enactment date of this section, appoint an interim board of directors for the sole purpose of conducting an election of directors which election shall be conducted within sixty days after the enactment date of this section.

(3) The board of directors shall elect such officers as may be provided in the plan of operation.

(c)(1) The association shall submit to the superintendent a plan of operation and any amendments thereto to provide operating procedures for the administration of the association. The plan of operation and any amendments thereto shall become effective upon approval in writing by the superintendent.

(2) All association members must comply with the plan of operation.

(d) (1) The superintendent shall at least once in three years, make or cause to be made an examination of the association. The reasonable cost of any such examination shall be paid by the association upon presentation to it by the superintendent of a detailed account of such cost. Any examiner authorized by the superintendent shall have the power to administer oaths and to examine under oath any director, officer, member, agent or employee of the association. During the course of such examination, the directors, officers, members, agents and employees of the association shall make available all books, records, accounts, documents and agreements pertaining thereto. The superintendent shall furnish a copy of the examination report to the association. Within thirty days after receipt of the report, the association may request a hearing on the report or any facts or recommendations therein. If the

superintendent finds the association is not in compliance with this section he may issue an order requiring compliance or discontinuance of such violation and the association shall be subject to the penalty provisions of this chapter.

(2) A director may be removed from the association's board of directors by the superintendent for cause, stated in writing, after an opportunity has been given to the director to be heard thereon.

(e) In the absence of gross negligence, fraud, or bad faith, there shall be no liability on the part of and no causes of action of any nature shall arise against the association, its directors, officers, agents, or employees for any action taken or omitted by them in the performance of their powers and duties under this section and subsections (b), (c) and (f) of section two thousand one hundred eighteen of this article.

(f) The services performed by the association shall be funded by a stamping fee assessed for each declarations page, cover note or other premium bearing document submitted to the association. The stamping fee shall be established by the board of directors of the association from time to time and shall be subject to approval by the superintendent. The stamping fee shall be paid by the excess line licensee. Provided, however, the licensee shall be allowed to receive and collect from the insured the stamping fee if the licensee obtains a written memorandum, signed by the insured, specifying the amount and the insured's agreement to pay the stamping fee.

(g) Nothing in this section shall be construed to modify the obligation of an excess line licensee to comply with the provisions of sections two thousand one hundred five and two thousand one hundred eighteen of this chapter, nor to diminish the power of the superintendent to take any other disciplinary action otherwise authorized by this chapter.

(h) The superintendent may declare an unauthorized insurer ineligible and order the association not to stamp insurance documents issued by such unauthorized insurer.

(i) Compliance by the association with the duties set forth in subsection (a) of this section in connection with filing, receiving, recording and stamping of excess line insurance documents, as well as the requirement to deliver standard forms for affidavits, may be

accomplished by means of electronic or other media transmission, provided that the superintendent first approves such methods of filing, receiving, recording and stamping.

* NB Expires July 1, 2029

§ 2131. Limited license for rental vehicle companies, peer-to-peer car sharing program administrators, wireless communications equipment vendors and self-service storage companies. (a) The superintendent may issue to a rental vehicle company, a peer-to-peer car sharing program administrator, a wireless communications equipment vendor, a self-service storage company or to a franchisee of a rental vehicle company, a wireless communications equipment vendor, or a self-service storage company which has complied with the requirements of this section, a limited license authorizing the licensee, known as a "limited licensee" for the purpose of this article, to act as agent, with reference to the kinds of insurance specified in this section, of any insurer authorized to write such kinds of insurance in this state.

(b) The prerequisites for issuance of a limited license under this section shall be the filing with the superintendent of the following:

(1) an application, signed by an officer of the applicant, for the limited license in such form or forms, and supplements thereto, and containing such information, as the superintendent may prescribe; and

(2) an appointment of a limited licensee by the appointing insurer, in a format approved by the superintendent, no more than fifteen days after the date the agency contract is executed or the first insurance contract is submitted, whichever is later, stating that it has satisfied itself that the named applicant is trustworthy and competent to act as its insurance agent for this limited purpose and that the insurer will appoint such applicant to act as the agent in reference to the doing of such kind or kinds of insurance which are permitted by this section, if the limited license applied for is issued by the superintendent. Such appointment shall be subscribed by an officer or managing agent of such insurer and affirmed as true under the penalties of perjury.

(c) In the event that any provision of this chapter is violated, the superintendent may:

(1) revoke or suspend a limited license issued under this section in

accordance with the provisions of section two thousand one hundred ten of this article; or

(2) after notice and hearing impose such other penalties, including suspending the transaction of insurance at specific locations where violations of this article have occurred, as the superintendent deems necessary or convenient to carry out the purposes of this section.

(d) The rental vehicle company, peer-to-peer car sharing program administrator, wireless communications equipment vendor, or self-service storage company, or franchisee licensed pursuant to subsection (a) of this section may act as agent for an authorized insurer only in connection with the rental of motor vehicles, the sharing of a shared vehicle, the sale or offering for sale of wireless communications equipment, or the rental of storage space, respectively, and only with respect to the following kinds of insurance:

(1) with respect to rental vehicle companies and peer-to-peer car sharing program administrators:

(A) excess liability insurance that provides coverage to the rental car company or franchisee and renters and other authorized drivers of rental vehicles, or that provides coverage to the peer-to-peer car sharing program administrator, shared vehicles owners, or shared vehicle drivers, or a combination thereof, in excess of the standard liability limits provided by the rental vehicle company in its rental agreement or the peer-to-peer car sharing program agreement pursuant to article forty of the general business law, for liability arising from the negligent operation of the rental vehicle or the shared vehicle;

(B) accident and health insurance that provides coverage to renters and other vehicle occupants, or that provides coverage to shared vehicle owners, shared vehicle drivers, or a combination thereof, in excess to the standard first party benefits provided pursuant to article fifty-one of this chapter, for accidental death and/or dismemberment and for medical expenses resulting from an accident that occurs during the rental period or during the peer-to-peer car sharing period;

(C) personal effects insurance that provides coverage to renters and other vehicle occupants or to shared vehicle owners or shared vehicle drivers, or a combination thereof, and other vehicle occupants, for the loss of, or damage to, personal effects that occurs during the rental period or peer-to-peer car sharing period;

(D) any other coverage that the superintendent may approve as meaningful and appropriate in connection with the rental of motor vehicles or the sharing of a shared vehicle; or

(2) with respect to wireless communications equipment vendors, insurance issued to cover the loss, theft, mechanical failure, or malfunction of, or damage to, wireless communications equipment offered as either an individual policy issued to the consumer or as a group policy under which certificates or other evidence of coverage are issued to individual consumers who enroll in the program, provided however, that said insurance shall not extend to wireless services or service contracts governed by article seventy-nine of this chapter; or

(3) with respect to self-service storage companies, the following coverages offered as either an individual policy issued to the consumer or as a group policy:

(A) personal effects insurance that provides coverage to renters of storage spaces at the self-service storage company's facility for the loss of, or damage to, personal property stored at the facility, where the loss or damage occurs at the same facility during the rental period;

(B) any other coverage that the superintendent may approve as meaningful and appropriate in connection with the rental of storage space.

(e) No insurance may be issued pursuant to this section unless:

(1) with regard to the rental of vehicles only, the rental period of the rental agreement does not exceed thirty consecutive days; and

(2) at every location where rental vehicle agreements, wireless communications equipment agreements, or self-service storage agreements are executed, brochures or other written materials are readily available to the prospective consumer, and with regard to a peer-to-peer car sharing program administrator, the administrator provides written materials, that:

(A) summarize, clearly and correctly, the material terms of insurance coverage, including the identity of the insurer and, with regard to wireless communications equipment insurance, the agent licensed under subsection (b) of section two thousand one hundred three of this article;

(B) disclose that these policies may provide a duplication of coverage already provided by a renter's personal automobile insurance policy,

homeowner's insurance policy, personal liability insurance policy, or other source of coverage;

(C) state that the purchase by the consumer of the kinds of insurance specified in this section is not required in order to rent a vehicle, to share a shared vehicle, to purchase or lease wireless communications equipment, or to rent storage space;

(D) describe the process for filing a claim in the event the consumer elects to purchase coverage;

(E) the price, deductible, benefits, exclusions and conditions or other limitations of such policies;

(F) disclose that the employee of the rental vehicle company, peer-to-peer car sharing program administrator, wireless communications equipment vendor or self-storage company is not qualified or authorized to evaluate the adequacy of the purchaser's existing coverages, unless otherwise licensed; and

(G) state that the customer may cancel the insurance at any time and any unearned premium will be refunded in accordance with applicable law.

(3) evidence of coverage is provided to every consumer who elects to purchase such coverage.

(f) Rates and forms for insurance under this section shall be subject to article twenty-three of this chapter. Any brochures or other written materials used in connection with insurance under this section shall be filed with the superintendent for review and shall include disclosure of the claims filing process, premium, deductible amounts and limits and shall be prominently displayed in the brochure or other written materials with at least twelve-point type bold headings. Any such brochures or other written materials shall also be subject to section three thousand one hundred two of this chapter, provided, however, that any policy, certificate or other evidence of insurance coverage, whether or not contained in such brochure, shall not be subject to section three thousand one hundred two of this chapter, but shall be written in a clear and coherent manner and whenever practicable shall use words with common and everyday meaning to facilitate readability and to aid the policyholder in understanding the coverage provided.

(g) Any limited license issued under this section shall also authorize any salaried employee or any sales representative authorized by the licensee who, pursuant to subsection (h) of this section, is trained to

act individually on behalf, and under the supervision, of the licensee with respect to the kinds of insurance specified in this section.

(h) Each company or franchisee licensed pursuant to this section shall conduct a training program, which shall be submitted to the superintendent for approval prior to use, and which shall meet the following minimum standards:

(1) each trainee shall receive basic instruction about the kinds of insurance specified in this section offered for purchase by prospective renters of rental vehicles, shared vehicle owners, shared vehicle drivers, purchasers or lessors of wireless communications equipment, or renters of storage space;

(2) each trainee shall be instructed with respect to the disclosures required under subsection (e) of this section and to acknowledge to a prospective renter of a rental vehicle, shared vehicle owner, shared vehicle driver, purchaser or lessor of wireless communications equipment, or renter of storage space that purchase of any such insurance specified in this section is not required in order for the consumer to rent a motor vehicle, share a shared vehicle, purchase or lease wireless communications equipment, or rent storage space;

(3) each trainee shall be instructed to acknowledge to a prospective consumer of the kinds of insurance specified in this section that the consumer may have insurance policies that already provide the coverage being offered by the rental vehicle company, the wireless communications equipment vendor, or self-service storage company pursuant to this section, as applicable; and

(4) with regard to wireless communications equipment insurance and self-service storage company insurance, training materials may be developed and provided by an agent licensed pursuant to subsection (b) of section two thousand one hundred three of this article.

(i) Limited licensees acting pursuant to and under the authority of this section shall comply with all applicable provisions of this article, except that notwithstanding section two thousand one hundred twenty of this article, a limited licensee pursuant to this section shall not be required to treat premiums collected from consumers purchasing such insurance when renting motor vehicles, sharing a shared vehicle, purchasing or leasing wireless communications equipment, or renting storage space as funds received in a fiduciary capacity,

provided that:

(1) the insurer represented by the limited licensee has consented in writing, signed by the insurer's officer, that premiums need not be segregated from funds received by the rental vehicle company, peer-to-peer car sharing program administrator, wireless communications equipment vendor, or self-storage company on account of vehicle rental, sharing of a shared vehicle, wireless communications equipment purchase or lease, or storage space rental; and

(2) the charges for insurance coverage are itemized but not billed to the consumer separately from the charges for rental vehicles, shared vehicles, purchase or lease of wireless communications equipment, or storage space rental.

(j) No limited licensees under this section shall advertise, represent or otherwise hold itself or any of its employees themselves out as licensed insurance agents or brokers.

(k) The superintendent may issue a replacement for a currently in force license which has been lost or destroyed. Before such replacement license shall be issued, there shall be on file in the office of the superintendent a written application for such replacement license, affirming under penalty of perjury that the original license has been lost or destroyed, together with a fee of fifteen dollars.

(l) For purposes of this section "wireless communications equipment" shall mean wireless handsets, pagers, personal digital assistants, wireless telephones or wireless telephone batteries and other wireless devices and accessories related to such devices that are used to access wireless communications services and includes wireless services.

(m) For purposes of this section, "peer-to-peer car sharing program administrator", "peer-to-peer car sharing period", "shared vehicle", "shared vehicle driver", and "shared vehicle owner" shall have the meanings set forth in section nine hundred of the general business law.

§ 2132. Continuing education. (a) This section shall apply to resident and non-resident persons licensed pursuant to this article with respect to:

(1) life insurance, annuity contracts, variable annuity contracts and variable life insurance;

(2) sickness, accident and health insurance;

(3) all lines of property and casualty insurance;

(4) life settlements; and

(5) title insurance.

(b) This section shall not apply to:

(1) those persons holding licenses for which an examination is not required by the laws of this state;

(2) any limited licensees or any other licensees as the superintendent may exempt subject to any continuing education requirements deemed appropriate by the superintendent;

(3) for purposes of the continuing education requirements for life settlements, an insurance producer with a life line of authority who is acting as a life settlement broker pursuant to section two thousand one hundred thirty-seven of this article; or

(4) for purposes of a title insurance agent license, an attorney licensed to practice law in this state, provided that such attorney is in good standing with the New York state office of court administration.

(c) Resident and non-resident persons licensed pursuant to this article and not exempt under subsection (b) of this section, and any person previously so licensed whose license was not in effect on the effective date of this section and who has subsequently been relicensed pursuant to the provisions of this article, shall biennially satisfactorily complete such courses or programs of instruction as may be approved by the superintendent, as follows:

(1) Any person holding a license issued pursuant to this article and not exempt under subsection (b) of this section shall, during each full biennial licensing period, satisfactorily complete courses or programs of instruction or attend seminars as may be approved by the superintendent equivalent to fifteen credit hours of instruction.

(2) During the same calendar year biennial licensing period, a licensee may use accumulated continuing education credits to meet the requirements of similar classes of licenses, as follows: (A) subsection (a) of section two thousand one hundred three and section two thousand one hundred seven of this article with respect to life insurance consultants; or (B) subsection (b) of section two thousand one hundred three, section two thousand one hundred four, section two thousand one hundred seven of this article with respect to general insurance

consultants, and section two thousand one hundred eight of this article with respect to public adjusters.

(3) Excess credit hours accumulated during any biennial licensing period shall not carry forward to the next biennial licensing period for that same class of license.

(d) (1) The courses or programs of instruction successfully completed, which shall be deemed to meet the superintendent's standards for continuing education requirements, shall be:

(A) courses, programs of instruction or seminars, approved as to method and content by the superintendent, covering portions of the principal branches of insurance related to the kinds of insurance covered by that license, and given by a degree conferring college or university whose curriculum is registered with the state education department at the time the person takes the course, whether such course be given as part of such curriculum or separately, or by any other institution, agents' association, trade association or insurer, which maintains equivalent standards of instruction and which shall have been approved for such purpose by the superintendent.

(B) continuing education as required by the state in which a non-resident licensee, as defined by section two thousand one hundred one of this article, resides and maintains an insurance office, provided the superintendent deems them equivalent to New York continuing education requirements. If the state in which the non-resident licensee resides and maintains an office has no continuing education requirements, or the superintendent does not deem them equivalent, the licensee must satisfy New York continuing education requirements.

(2) The number of credit hours assigned to each of the courses or programs of instruction set forth in paragraph one of this subsection shall be determined by the superintendent.

(e) Notwithstanding paragraph one of subsection (d) of this section, no course, program of instruction, or seminar developed or sponsored by any insurer, shall be deemed to meet the superintendent's standards of continuing education requirements, unless such insurer is authorized to write that class of insurance in this state.

(f) A person who teaches any approved course of instruction or who lectures at any approved seminar, and who is subject to this section, shall be granted the same number of credit hours as would be granted to

a person taking and successfully completing such course, seminar or program, provided that such credit hours shall be credited only once per approved course during any biennial licensing period.

(g) Every person subject to this section shall furnish, in a form satisfactory to the superintendent, certification attesting to the course or programs of instruction taken and successfully completed by such person pursuant to subsection (d) of this section.

(h) (1) Any person failing to meet the requirements imposed by this section shall not be eligible to renew the license.

(2) Any person whose license was not renewed shall not be eligible to become relicensed during the next biennial licensing period until that person has demonstrated to the satisfaction of the superintendent that continuing education requirements for the last biennial licensing period were met.

(3) Any person whose license was not renewed pursuant to paragraph one of this subsection, who accumulates sufficient credit hours for the prior licensing period to qualify for relicensing in the biennial period following such non-renewal, may not apply those same credit hours toward the continuing education requirements for the current biennial licensing period.

(i) (1) Any entity eligible to provide courses, programs of instruction, or seminars in accordance with subsection (d) of this section, must file for approval by the superintendent on a biennial basis, to conform with its area of instruction, a provider organization application and a course submission application for each course, program and seminar.

(2) The provider organization application shall include the names of all instructors to be used during the contract period, and instructors may be added during the period by notifying the superintendent and paying the appropriate filing fee.

(3) The completed applications shall be returned in a timely manner, as specified by the superintendent, with a non-refundable filing fee of two hundred dollars per organization, fifty dollars per course, program and seminar, and fifty dollars per instructor.

(4) Approval of the application shall be at the discretion of the superintendent.

(j) Each licensee shall pay a biennial fee of ten dollars per license,

for continuing education certificate filing and recording charges, to the superintendent or, at the discretion of the superintendent, directly to an organization under contract to provide continuing education administrative services.

(k)(1) For any biennial licensing period, a firm, association or corporation that is a licensee subject to this section shall be deemed to satisfy the continuing education requirements in this section with respect to that license provided that, as of the date of the biennial renewal date of the licensee's license, every sub-licensee of the licensee either:

(i) satisfies the continuing education requirements in subsection (c) of this section; or

(ii) has an individual license under this article with the same lines of authority for which the individual is a sublicensee of the licensee.

(2) The superintendent may issue such rules and regulations as the superintendent deems necessary to implement the terms of this subsection.

§ 2133. Forged insurance identification cards. Any insurance company, insurance agent, insurance broker or other person who or which, personally or by the action of an employee or agent, possesses, transfers or uses a forged insurance identification card for a motor vehicle, having knowledge, personally or through such employee or agent, of the fact that such insurance identification card, when issued, did not actually represent an owner's policy of liability insurance or a financial security bond issued by an insurance company licensed to do business in this state covering the motor vehicle identified on such card, shall be liable for payment to the people of this state of a civil penalty in a sum not exceeding one thousand dollars for the first such violation and a sum not exceeding five thousand dollars for each subsequent violation. For the purposes of this section the term "forged insurance identification card" means a written insurance identification card which has been falsely made, completed or altered, and the term "falsely made, completed or altered" shall have the same meaning as set forth in section 170.00 of the penal law.

§ 2134. Change of address. (a) A licensee under this article shall inform the superintendent by a means acceptable to the superintendent of a change of address within thirty days of the change.

(b) In addition to the requirements of subsection (a) of this section, a nonresident insurance producer who changes his, her or its home state, or a resident insurance producer who changes his, her or its home state to another state, within thirty days of the date of change, shall provide certification of such change from the new home state. No fee or license application shall be required therefor.

§ 2135. Administration of certain functions. The superintendent may designate the National Association of Insurance Commissioners (NAIC) or any affiliates or subsidiaries that the NAIC oversees to perform ministerial functions, including the collection of fees, related to producer licensing under this article that the superintendent may deem appropriate.

§ 2136. Reciprocity. The superintendent shall waive any requirements for a nonresident license applicant otherwise applicable under this chapter if:

(a) the applicant has a current and valid license in his or her home state and is in good standing in his or her home state;

(b) the applicant has submitted a completed application in the form prescribed by the superintendent or submitted the application for licensure submitted to his or her home state;

(c) the applicant has paid the fees required by this chapter; and

(d) the applicant's home state awards nonresident insurance producer licenses to residents of this state on the same basis as provided in this subsection.

§ 2137. Life settlement brokers; licensing. (a) The superintendent may issue a license to any individual, firm, association or corporation who or that has complied with the requirements of this chapter, authorizing

the licensee to act as a life settlement broker.

(b) Any such license issued to a firm or association shall authorize only the members thereof, named in such license as sub-licensees, to act individually as life settlement brokers thereunder, and any such license issued to a corporation shall authorize only the officers and directors thereof, who are named in such license as sub-licensees, to act individually as life settlement brokers thereunder. Every sub-licensee, acting as a life settlement broker pursuant to such a license shall be authorized so to act only in the name of the licensee.

(c) Every individual applicant for a license under this section and every proposed sub-licensee shall be eighteen years of age or over at the time of the issuance of such license.

(d)(1) Before any original life settlement broker's license is issued, there shall be on file in the office of the superintendent an application by the proposed licensee in such form or forms, and supplements thereto, and containing information the superintendent prescribes. For each business entity, the sub-licensee or sub-licensees named in the application shall be designated responsible for the business entity's compliance with this chapter and regulations promulgated thereunder. The applicant shall fully disclose the identity of all stockholders (except stockholders owning fewer than ten percent of the voting shares of a life settlement broker whose shares are publicly traded), partners, officers, members, directors and persons with a controlling interest and the superintendent may, in the exercise of the superintendent's discretion, refuse to issue a license in the name of a legal entity if not satisfied that any employee, stockholder, partner, officer, member, director or person with a controlling interest thereof who may materially influence the applicant's conduct meets the standards of this article and article seventy-eight of this chapter. Thereafter, the applicant and, if a license has been issued, the licensee, shall provide to the superintendent new or revised information about stockholders (except stockholders owning fewer than ten percent of the voting shares of a life settlement broker whose shares are publicly traded), partners, officers, members, directors and persons with a controlling interest within thirty days of the change. For purposes of this section, "controlling interest" means a person who directly or indirectly, has the power to cause to be directed the management,

control or activities of such licensee.

(2) The superintendent may require any individual named in the application for such license to submit a set of fingerprints, unless such applicant is licensed as an insurance producer with a life line of authority. Such fingerprints shall be submitted to the division of criminal justice services for a state criminal history record check, as defined in subdivision one of section three thousand thirty-five of the education law, and may be submitted to the federal bureau of investigation for a national criminal history record check. All such criminal history records sent to the superintendent pursuant to this paragraph shall be confidential pursuant to the applicable federal and state laws, rules and regulations, and shall not be published or in any way disclosed to persons other than the superintendent, unless otherwise authorized by law. The superintendent shall provide such applicant with a copy of his or her criminal history record, if any, together with a copy of article twenty-three-A of the correction law, and inform such applicant of his or her right to seek correction of any incorrect information contained in such record pursuant to regulations and procedures established by the division of criminal justice services. All determinations to grant or deny clearance for licensure pursuant to this section shall be in accordance with subdivision sixteen of section two hundred ninety-six of the executive law and article twenty-three-A of the correction law. When the superintendent denies an application, written notice of such determination shall be given to the prospective applicant who shall be afforded notice and the right to be heard and offer proof in opposition to such determination.

(e) The superintendent shall, in order to determine the competency of every individual applicant and of every proposed sub-licensee for the life settlement broker license, require such individual to submit to a personal written examination and to pass the same to the satisfaction of the superintendent. The examination shall be held at such times and places as the superintendent shall from time to time determine. Every individual applying to take any written examination shall, at the time of applying therefor, pay to the superintendent or, at the discretion of the superintendent, directly to any organization that is under contract to provide examination services, an examination fee of an amount that is the actual documented administrative cost of conducting said qualifying

examination as certified by the superintendent from time to time. An examination fee represents an administrative expense and is not refundable. The superintendent may accept, in lieu of any such examination, the result of any previous written examination, given by the superintendent, which in the superintendent's judgment, is equivalent to the examination for which it is substituted. No individual shall be deemed qualified to take the examination unless he or she shall have successfully completed a course or courses, approved by the superintendent.

(f)(1) No such written examination or prelicensing education shall be required:

(A) of any insurance producer with a life line of authority licensed in this state for at least one year;

(B) in the discretion of the superintendent, of any individual whose license has been revoked or suspended;

(C) of any applicant who has passed the written examination given by the superintendent for a life settlement broker's license and was licensed as such, or of an applicant who was licensed as a life settlement broker but did not pass such an examination; provided the applicant applies within two years following the date of termination of the applicant's license;

(D) in the discretion of the superintendent, as to all or any part of the written examination or the prerequisite course specified in subsection (e) of this section, of any individual seeking to be named a licensee or sub-licensee, upon whom has been conferred the Chartered Life Underwriter (C.L.U.) or Chartered Life Underwriter Associate designation by The American College; or

(E) any individual seeking to be named a licensee or sub-licensee, who is a nonresident and a life settlement broker or who is licensed as an insurance producer with a life line of authority in the individual's home state for at least one year; provided, however, that the individual's home state grants nonresident licenses to residents of this state on the same basis.

(2) No prelicensing education shall be required of any individual regularly employed by a life settlement provider, life insurance company, life settlement broker, or an insurance producer with a life line of authority, for a period or periods aggregating not less than one

year, during the three years next preceding the date of entrance into the service of the armed forces of the United States or immediately following his or her discharge therefrom, in responsible duties relating to the use of life insurance and annuity contracts in the design and administration of plans for estate conservation and distribution, employee benefits and business continuation, and settlements of life insurance and annuity contracts; provided the application for such license is filed within one year following the date of discharge, and the applicant submits with the application a statement subscribed and affirmed as true under the penalties of perjury by such employer or employers stating facts which show compliance with this requirement.

(g) The superintendent may refuse to issue any life settlement broker's license if, in the superintendent's judgment, the proposed licensee or any sub-licensee: is not trustworthy and competent to act as a life settlement broker; has given cause for license revocation or suspension; or has failed to comply with any prerequisite for the issuance of such license.

(h)(1) Every license issued to a business entity pursuant to subsection (a) of this section shall expire on June thirtieth of odd-numbered years.

(2) Every license issued pursuant to this section to an individual who was born in an odd-numbered year shall expire on the individual's birthday in each odd-numbered year. Every license issued pursuant to this section to an individual who was born in an even-numbered year shall expire on the individual's birthday in each even-numbered year. Every such license may be renewed for the ensuing period of twenty-four months upon the filing of an application in conformity with this subsection.

(3) The license may be issued for all of such two-year terms, or upon application made during any such term, for the balance thereof.

(4) Any license shall be considered in good standing within the license term unless:

(A) revoked or suspended by the superintendent pursuant to this article; or

(B) if at the expiration date of the license term, the licensee fails to file a renewal application, provided the license was in good standing during the term.

(5) Before the renewal of any life settlement broker's license shall be issued, the licensee shall have:

(A) filed a completed renewal application in such form or forms, and supplements thereto, and containing such information as the superintendent may prescribe; and

(B) paid such fees as are prescribed by the superintendent; provided, however, that such fee shall not exceed that which is required for the licensing or renewal for an insurance producer with a life line of authority.

(6) If an application for a renewal license shall have been filed with the superintendent before the expiration of such license, then the license sought to be renewed shall continue in full force and effect either until the issuance by the superintendent of the renewal license applied for or until five days after the superintendent shall have refused to issue such renewal license and shall have given notice of such refusal to the applicant and to each proposed sub-licensee. Before refusing to renew any such license, except on the ground of failure to pass a written examination, the superintendent shall notify the applicant of the superintendent's intention to do so and shall give the applicant a hearing.

(7)(A) The superintendent may, in issuing a renewal license, dispense with the requirements of a verified application by any individual licensee or sub-licensee who, by reason of being engaged in any military service for the United States, is unable to make personal application for the renewal license, upon the filing of an application on behalf of such individual, in such form as the superintendent shall prescribe, by a person who, in the person's judgment, has knowledge of the facts and who makes affidavit showing such military service and the inability of the life settlement broker to make personal application.

(B) An individual licensee or sub-licensee who is unable to comply with license renewal procedures due to other extenuating circumstances, such as a long-term medical disability, may request a waiver of such procedures, in such form as the superintendent shall prescribe. The licensee or sub-licensee may also request a waiver of any examination requirement or any other fine or sanction imposed for failure to comply with renewal procedures.

(8) In addition to any examination fee required by subsection (e) of

this section, there shall be paid to the superintendent for each individual license applicant and each proposed sub-licensee a licensing or renewal fee to be determined by the superintendent; provided, however that such fee shall not exceed that which is required for the licensing or renewal for an insurance producer with a life line of authority.

(9) An application for the renewal of a license shall be filed with the superintendent not less than sixty days prior to the date the license expires or the applicant shall be subject to a further fee of ten dollars for late filing.

(10) No license fee shall be required of any person who served as a member of the armed forces of the United States at any time and who (A) shall have been discharged therefrom, under conditions other than dishonorable, or (B) has a qualifying condition, as defined in section one of the veterans' services law, and has received a discharge other than bad conduct or dishonorable from such service, or (C) is a discharged LGBT veteran, as defined in section one of the veterans' services law, and has received a discharge other than bad conduct or dishonorable from such service, in a current licensing period, for the duration of such period.

(11) Except where a corporation, association or firm licensed as a life settlement broker is applying to add a sub-licensee, there shall be no fee required for the issuance of an amended license.

(12) The license shall contain the licensee's name, address, personal identification number, the date of issuance, and any other information the superintendent deems necessary. The superintendent may issue the life settlement broker's license in conjunction with any other license, or its renewal, held by the applicant.

(i) If the superintendent deems it necessary, then the superintendent may require any licensed life settlement broker to submit a new application at any time.

(j) The superintendent may issue a replacement for a currently in-force license that has been lost or destroyed. Before such replacement license shall be issued, there shall be on file in the office of the superintendent a written application for such replacement license, affirming under penalty of perjury that the original license has been lost or destroyed, together with a fee of fifteen dollars.

§ 2138. Health benefit exchange navigators. A person who has received a grant from and has been certified by the health benefit exchange established pursuant to section 1311 of the affordable care act, 42 U.S.C. § 18031, to act as a navigator, including any person employed by a certified navigator, shall not receive, collect or hold any funds that would constitute fiduciary funds within the meaning of section two thousand one hundred twenty of this article.

§ 2139. Title insurance agents; licensing. (a) The superintendent may issue a license to any person, firm, association or corporation that has complied with the requirements of this chapter, authorizing the licensee to act as a title insurance agent of any authorized title insurance corporation.

(b) Any such license issued to a firm or association shall authorize only the members thereof, named in such license as sub-licensees, to act individually as title insurance agents thereunder, and any such license issued to a corporation shall authorize only the officers and directors thereof, named in such license as sub-licensees, to act individually as title insurance agents thereunder. Every sub-licensee acting as title insurance agent pursuant to such a license shall be authorized so to act only in the name of the licensee. At least one designated sub-licensee must have a financial or other beneficial interest in the licensee.

(c) Every individual applicant for a license under this section and every proposed licensee shall be eighteen years of age or older at the time of the issuance of such license.

(d) Before any original title insurance agent's license is issued, there shall be on file in the office of the superintendent an application by the prospective licensee in such form or forms and supplements thereto, along with a fee in the amount of forty dollars for each year or fraction of a year in which the license shall be valid, and containing information the superintendent prescribes.

(e) The superintendent shall, in order to determine the competency of every individual applicant and of every proposed sub-licensee for the title insurance agent license, require such individual to submit to a personal written examination and to pass the same to the satisfaction of

the superintendent. The examination shall be held at such times and places as the superintendent shall from time to time determine. Every individual applying to take any written examination shall, at the time of applying therefor, pay to the superintendent or, at the discretion of the superintendent, directly to any organization that is under contract to provide examination services, an examination fee of an amount that is the actual documented administrative cost of conducting said qualifying examination as certified by the superintendent from time to time. An examination fee represents an administrative expense and shall not be refundable. The superintendent may accept, in lieu of any such examination, the result of any previous written examination, given by the superintendent, which in the superintendent's judgment, is equivalent to the examination for which it is substituted.

(f) Every individual seeking to qualify to obtain a license under subsection (b) of this section shall be required to pass the type or types of examination prescribed by the superintendent. An individual shall not be deemed qualified to take the examination unless the individual has successfully completed a course or courses, approved as to method and content by the superintendent, covering the title insurance business and requiring not less than twenty hours of classroom work or the equivalent in correspondence work or similar instruction. Such course or courses shall have been given by an institution meeting the standards prescribed by subparagraph (A) of paragraph one of subsection (c) of section two thousand one hundred four of this article.

(g) No such written examination or pre-licensing education shall be required of any:

(1) applicant who files an application under this section within one year after the effective date of this subsection and who demonstrates to the satisfaction of the superintendent that such applicant or its prospective sub-licensee has, without interruption, regularly and continuously performed the functions of a title insurance agent for a period of at least five years immediately preceding the filing of such application and is competent and trustworthy to act as a title insurance agent;

(2) applicant who has passed the written examination given by the superintendent for a title insurance agent's license and was licensed as such, or of an applicant who was licensed as a title insurance agent but

did not pass such an examination, provided the applicant applies within two years following the date of termination of the applicant's license; or

(3) applicant seeking to obtain a license as a title insurance agent, when such applicant is a licensed attorney-at-law in this state provided that such attorney is in good standing with the New York state office of court administration.

(h) The superintendent may refuse to issue to an applicant a title insurance agent's license if, in the superintendent's judgment, the proposed licensee or any sub-licensee:

(1) is not trustworthy and competent to act as such agent;

(2) has given cause for the revocation or suspension of such a license; or

(3) has failed to comply with any prerequisite for the issuance of such license.

(i) (1) Every license issued to a business entity pursuant to subsection (a) of this section shall expire on June thirtieth of odd-numbered years.

(2) Every license issued to an individual born in an odd-numbered year shall expire on the individual's birthday in each odd-numbered year. Licenses issued to individuals born in even-numbered years shall expire on the individual's birthday in each even-numbered year.

(3) Every license may be renewed for the ensuing period of twenty-four months upon the filing of an application in conformity with this subsection.

(4) The license may be issued for all of such two year terms, or upon application made during any such term, for the balance thereof.

(5) Any license shall be considered in good standing within the license term unless:

(A) revoked or suspended by the superintendent pursuant to this article; or

(B) if at the expiration date of the license term, the licensee fails to file a renewal application, provided the license was in good standing during the term.

(6) Before the renewal of any title insurance agent's license shall be issued, the licensee shall have:

(A) filed a completed renewal application in such form or forms, and

supplements thereto, and containing such information as the superintendent may prescribe; and

(B) paid such fees as are prescribed in this section.

(7) If an application for a renewal license shall have been filed with the superintendent before the expiration of such license, then the license sought to be renewed shall continue in full force and effect either until the issuance by the superintendent of the renewal license applied for or until five days after the superintendent shall have refused to issue such renewal license and shall have given notice of such refusal to the applicant and to each proposed sub-licensee. Before refusing to renew any such license, except on the ground of failure to pass a written examination, the superintendent shall notify the applicant of the superintendent's intention to do so and shall give the applicant a hearing.

(8) The superintendent may, in issuing a renewal license, dispense with the requirements of a verified application by any individual licensee or sub-licensee who, by reason of being engaged in any military service for the United States, is unable to make personal application for such renewal license, upon the filing of an application on behalf of such individual, in such form as the superintendent shall prescribe, by some person or persons who in his or her judgment have knowledge of the facts and who make affidavit showing such military service and the inability of such title insurance agent to make personal application.

(9) An individual licensee or sub-licensee who is unable to comply with license renewal procedures due to other extenuating circumstances, such as a long-term medical disability, may request a waiver of such procedures, in such form as the superintendent shall prescribe. The licensee or sub-licensee may also request a waiver of any examination requirement or any other fine or sanction imposed for failure to comply with renewal procedures.

(10) An application for the renewal of a license shall be filed with the superintendent not less than sixty days prior to the date the license expires or the applicant shall be subject to a further fee of ten dollars for late filing.

(11) No license fee shall be required of any person who served as a member of the armed forces of the United States at any time, and who (A) shall have been discharged therefrom under conditions other than

dishonorable, or (B) has a qualifying condition, as defined in section one of the veterans' services law, and has received a discharge other than bad conduct or dishonorable from such service, or (C) is a discharged LGBT veteran, as defined in section one of the veterans' services law, and has received a discharge other than bad conduct or dishonorable from such service, in a current licensing period for the duration of such period.

(12) Except where a corporation, association or firm licensed as a title insurance agent is applying to add a sub-licensee or the date of the expiration of the license is changed, there shall be no fee required for the issuance of an amended license.

(13) The superintendent may issue a replacement license for a currently in-force license that has been lost or destroyed. Before such replacement license shall be issued, there shall be on file in the office of the superintendent a written application for such replacement license, affirming under penalty of perjury that the original license has been lost or destroyed, together with a fee of fifteen dollars.

(j) The superintendent may refuse to issue a license or renewal license, as the case may be, to any applicant if the superintendent finds that the applicant has been or will be:

(1) receiving any benefit or advantage in violation of section six thousand four hundred nine of this chapter; or

(2) acting in a manner inconsistent with:

(A) regulations by the superintendent which are promulgated in accordance with the relevant provisions of the federal real estate settlement procedures act of 1974, as amended; or

(B) section twenty-one hundred thirteen of this article.

(k) For the purposes of this chapter, any person or entity performing any activity related to the procurement or issuance of a title insurance policy, as the result of an authorization or request from a licensed title agent or title insurance corporation, shall be presumed to be acting under the authority of such licensed agent or title insurance corporation, for the purpose of performing such activity so authorized or requested.

§ 2140. Restrictions on insurance producers procuring immigration

bonds. (a) No insurance producer shall require the use of an electronic monitoring device as a condition of immigration bail. For the purposes of this section, an "electronic monitoring device" includes any device that tracks or monitors location, any device that tracks or monitors biometric data, or any device that records or transmits video or audio surveillance data.

(b) No insurance producer shall make a referral to or provide contact information for a legal services provider without:

(1) disclosing in writing, in a language understood by the consumer, whether the insurance producer or an entity that is an affiliate of the insurance producer: (A) has a financial or ownership interest in the legal services provider; (B) is receiving any compensation, either directly or indirectly, for making a referral to or providing contact information for the legal services provider; or (C) is compensating, either directly or indirectly, the legal services provider for the legal services rendered; and

(2) stating that: "The payment of premiums to the insurance producer is not for and does not guarantee that you will receive legal representation. Using this legal services provider is not a requirement of bail. If you choose to hire this legal services provider, you have the right to fire the provider at any time and retain your own counsel."

(c) Any agreement, or portion thereof, entered into requiring the waiving of the requirements of this section or otherwise in violation of this section shall be void and unenforceable.

ARTICLE 22

CERTIFICATION OF EMPLOYEES OF INSURERS AND SAVINGS BANKS OFFERING LIFE INSURANCE

Section 2201. Certification.
2202. Prerequisites.
2203. Issuance and duration.
2204. Revocation or suspension.
2205. Prohibitions.
2206. Termination of services.
2207. Transfer.
2208. Misleading statements.

2209. Stay or suspension of superintendent's determination.

§ 2201. Certification. Every officer or employee of a licensed insurer or of a savings bank, other than a duly licensed agent, who in any office of such insurer or of any savings bank, as a part of his duties, negotiates for applications or orders for life insurance or annuity contracts or solicits or procures from the public such applications or orders shall be required to be certified by the superintendent as to his competency and trustworthiness before engaging in such activities.

§ 2202. Prerequisites. (a) Certification shall not be made by the superintendent unless there shall be on file in his office the following documents:

(1) a written application by the person to be certified in such form and containing such information the superintendent prescribes; and

(2) a statement executed by an officer of the insurer or the savings bank which is to be named in such certificate, that the insurer or bank is satisfied that the applicant is trustworthy and competent to negotiate for applications or orders for life insurance or annuity contracts and to solicit and procure from the public such applications or orders.

(b) (1) In order to determine trustworthiness and competency, the applicant shall be required to pass a personal written examination to the satisfaction of the superintendent. Such examination shall be held at times and places set by the superintendent. Every individual taking any such examination shall pay to the superintendent, or at the superintendent's discretion, directly to any organization that is under contract to provide examination services, an examination fee of an amount which is the actual documented administrative cost of conducting said qualifying examination as certified by the superintendent from time to time. An examination fee represents an administrative expense and is not refundable.

(2) No individual shall be qualified to take the examination unless he possesses the same qualifications regarding insurance course requirements as those required pursuant to subparagraph (A) of paragraph

two of subsection (f) of section two thousand one hundred three of this chapter for agent licensing pursuant to such section.

(3) The superintendent may accept, in lieu of the examination required by paragraph one hereof, the result of any previous written examination given by him which in his judgment is equivalent to the examination for which it is substituted.

(c) The superintendent may refuse to certify any person if, in his judgment, such person is not trustworthy and competent, or has failed to comply with any prerequisite for the issuance of such certificate.

(d) The superintendent may issue a replacement for a currently in force certificate which has been lost or destroyed. Before such replacement certificate shall be issued, there shall be on file in the office of the superintendent a written application for such replacement certificate, affirming under penalty of perjury that the original certificate has been lost or destroyed, together with a fee of fifteen dollars.

§ 2203. Issuance and duration. (a) The superintendent shall issue to the insurer or the savings bank, a certificate with respect to each such applicant who has complied with the requirements of this article.

(b) Any certificate currently in force issued to an officer or employee of a licensed insurer or of a savings bank shall be deemed terminated as of August thirty-first, nineteen hundred ninety-five. On or after July first, nineteen hundred ninety-five, all certificates issued pursuant to this section shall be for a term of two years expiring on June thirtieth of odd numbered years. Such certificates may be issued for all of such two year terms, or, upon application made during such term, for the balance thereof.

(b-1) Any certificate shall be considered in good standing within the certificate term unless:

(1) revoked or suspended by the superintendent pursuant to this article.

(2) all certificates have been terminated by the insurer or savings bank employing the officer or employee, or the insurer employing such officer or employee ceases to be licensed to do an insurance business in this state, or the savings bank employing such officer or employee

ceases to be authorized to conduct the business of life insurance in this state, at which time the certificate shall be terminated.

(3) if at the expiration date of the certificate term, provided the certificate was in good standing during the term, the certified officer or employee fails to file a renewal application.

(b-2) Before the renewal of any certificate shall be issued, the following requirements shall be met:

(1) The certified officer or employee shall have filed a completed renewal application in such form or forms and supplements thereto and containing such information as the superintendent may prescribe.

(2) The certified officer or employee shall have paid such fees as are prescribed in this section.

* (3) The certified officer or employee shall have met the same requirements for continuing education as are required for the renewal of an agent's license pursuant to section two thousand one hundred thirty-two of this chapter for the types of insurance for which the officer or employee is certified.

* NB Applicable only to certificate renewals on and after July 1, 1997.

(b-3) If an application for certificate renewal shall have been filed with the superintendent before July first of the year of expiration, the certificate sought to be renewed shall continue in full force and effect either until the issuance by the superintendent of the renewal certificate applied for or until five days after the superintendent shall have refused to issue such renewal certificate and shall have given notice of such refusal to the applicant. Before refusing to renew any such certificate, except on the ground of failure to pass a written examination, the superintendent shall notify the applicant of his intention to do so and shall give such applicant the opportunity to request a hearing.

(b-4) In addition to any examination fee required by paragraph one of subsection (b) of section two thousand two hundred two of this article, there shall be paid to the superintendent for each certificate applicant the sum of twenty dollars for each year or fraction of a year in which a certificate shall be valid. If, however, the certificate applicant should withdraw the application or the superintendent should deny the application before the certificate applied for is issued, the

superintendent may refund the fee paid by the applicant for the certificate applied for with the exception of any examination fees required pursuant to paragraph one of subsection (b) of section two thousand two hundred two of this article.

(b-5) An application for the renewal of a certificate filed with the superintendent after May first of the year in which the certificate expires shall be subject to a further fee for late filing of five dollars.

(c) The superintendent may require any certified officer or employee of any insurer or savings bank to submit a new application at any time.

§ 2204. Revocation or suspension. (a) The superintendent may revoke, or may suspend for such period as he may determine, any certificate if he determines that the person named in the certificate has:

(1) violated any provision of, or any obligation imposed by this chapter or has violated any law in the course of any activities for which such certificate is required;

(2) made a material misstatement in the application for such certificate;

(3) been guilty of fraudulent or dishonest practices; or

(4) demonstrated his incompetency or untrustworthiness.

(b) Before revoking or suspending any such certificate, the superintendent shall give to the person and the employer of the person named in such certificate notice of hearing as specified in this chapter.

§ 2205. Prohibitions. (a) It shall be unlawful for any officer or employee of a licensed insurer or of a savings bank, other than a duly licensed agent, as a part of his duties, to negotiate for applications or orders for life insurance or annuity contracts or to solicit or procure from the public such applications or orders in any office of any insurer or of any savings bank, without being certified pursuant to this article.

(b) It shall be unlawful for any insurer or any savings bank to employ any uncertified person, as a part of his duties, to negotiate for

applications or orders for life insurance or annuity contracts or to solicit or procure from the public such applications or orders in any office of the insurer or bank.

§ 2206. Termination of services. (a) Every insurer or savings bank shall, upon the termination of the services of any officer or employee certified under this article, forthwith file with the superintendent a statement, in such form as the superintendent prescribes, of the cause and facts relative to such termination. The certificate issued or reasonable proof of loss acceptable to the superintendent shall accompany such statement.

(b) Every statement made pursuant to this section shall be a privileged communication.

§ 2207. Transfer. The superintendent is authorized to transfer the certification of any person issued pursuant to this article from one insurer or savings bank to another insurer or savings bank, without examination.

§ 2208. Misleading statements. Every person who has been certified pursuant to the provisions of this article shall be subject to sections two thousand one hundred twenty-two, two thousand one hundred twenty-three and two thousand one hundred twenty-seven of this chapter.

§ 2209. Stay or suspension of superintendent's determination. The commencement of a proceeding under article seventy-eight of the civil practice law and rules, to review any action by the superintendent in issuing or in refusing to issue, or in suspending or revoking, or in refusing to suspend or revoke, any certificate under this article, shall stay such action of the superintendent for a period of thirty days. Such stay shall not be extended for a longer period unless the court shall determine, after a preliminary hearing of which the superintendent is notified forty-eight hours in advance, that a stay of the

superintendent's action pending the final determination or further order of the court will not unduly injure the interests of the people of the state.

ARTICLE 23

PROPERTY/CASUALTY INSURANCE RATES

Section 2301. Purpose.
2302. Applicability.
2303. Standards for rates.
2304. Rate making and supporting information.
2305. Rates or rating plans; no prior approval; prior approval.
2306. Delegation of rate filing obligation.
2307. Rating classifications or territories; policy forms.
2308. Imposition of prior approval.
2309. Excess rate.
2310. Informational filings.
2311. Suspension of filing requirement.
2312. Immigration bond premium.
2313. Rate service organization; defined.
2314. Charging of rates.
2315. Recording and reporting of experience; statistical plans.
2316. Prohibition of anti-competitive behavior.
2317. Joint underwriting or joint reinsurance.
2318. Risk sharing plans.
2319. Information to be furnished insureds; aggrieved person.
2320. Enforcement and penalties; where prior approval is not required.
2321. Enforcement and penalties; where prior approval is required.
2322. Final determination; procedure on orders without hearing.
2323. Profitability and rates of return; where prior approval is not required.
2324. Rebating and discrimination.

2325. Accounts and statistics.
2326. Evaluation of competitive rating provisions.
2327. Verification of driving history.
2328. For hire motor vehicle insurance rates; flexible rating; prior approval.
2329. Motor vehicle insurance rates; excess profits.
2330. No fault motor vehicle insurance rates; reflection of reduced exposure to loss.
2331. Motor vehicle comprehensive insurance rates; age, sex or marital status.
2332. Non-commercial private passenger automobile insurance rates; experienced and inexperienced principal operators.
2333. Non-commercial private passenger automobile insurance rates; apportionment of expenses.
2334. Non-commercial private passenger automobile insurance rates; merit rating plans.
2335. Motor vehicle liability insurance rates; prohibition of surcharges for certain accidents and traffic infractions.
2335-a. Prohibition of rate increases for persons involved in emergency use of vehicles.
2336. Motor vehicle liability, comprehensive and collission insurance rates; premium reductions in certain cases.
2336-a. Snowmobile liability insurance rates; premium reductions in certain cases.
2336-b. Boat liability insurance rates; premium reductions in certain cases.
2337. Private passenger automobile physical damage insurance; statistics on use of anti-theft devices and the maximum discount for all anti-theft devices.
2338. Appeal from rate service organization action.
2339. Charging or receiving of rates; deviations.
2340. Credit property insurance.
2341. Prohibition against the use of employment, education, homeownership, and zip code for private passenger motor vehicle insurance rates.

2342. Expiration of certain provisions.
2343. Medical malpractice insurance rates; special additional provisions regarding such rates.
2344. Flexible rate limitations in problem markets.
2345. Disclosure of premium reductions and surcharges.
2346. Reduction in rates of fire insurance, homeowners insurance or property/casualty premiums for residential property.
2346-a. Reduction in rates of certain commercial risk insurance premiums for real property.
2347. Workers' compensation rate changes.
2348. Anti-theft and fraud savings.
2349. Multi-tier program.
2350. Flexible rating for nonbusiness automobile insurance policies.
2351. Homeowners' insurance policies.
2352. Multiple rating programs.
2353. For-hire motor vehicle safety program; reduction in rates of certain commercial risk insurance premiums for motor vehicles.
2356. Premium change explanations.

§ 2301. Purpose. The purpose of this article is to promote the public welfare by regulating insurance rates to the end that they not be excessive, inadequate or unfairly discriminatory, to promote price competition and competitive behavior among insurers, to provide rates that are responsive to competitive market conditions, to improve the availability and reliability of insurance and to authorize and regulate cooperative action among insurers within the scope of this article.

§ 2302. Applicability. (a) This article shall apply to all kinds of insurance written on risks or operations in this state by an insurer authorized to do business in this state except:

(1) reinsurance (other than joint reinsurance to the extent stated in section two thousand three hundred seventeen of this article);

(2) accident and health insurance;

(3) annuities, life insurance, including provisions for non-cancellable disability benefits in conjunction therewith;

(4) marine insurance (other than inland marine insurance and insurance upon automobiles, airplanes, seaplanes, dirigibles or other aircraft);

(5) marine protection and indemnity insurance;

(6) insurance issued by an assessment cooperative fire insurance company; and

(7) service contract reimbursement insurance.

(b) The superintendent may from time to time make investigations with respect to classes of risks of the kinds of insurance exempted in paragraph one hereof and may call upon all authorized insurers and rate service organizations making rates for such risks to furnish information relative thereto.

§ 2303. Standards for rates. Rates shall not be excessive, inadequate, unfairly discriminatory, destructive of competition or detrimental to the solvency of insurers. In determining whether rates comply with the foregoing standards, the superintendent shall include all income earned by such insurer and any insurer controlling or controlled by such insurer or under common control by or with such insurer on all its investments of any kind and wherever located. The superintendent shall further determine whether any component of such rates represent an effort on the part of the insurer to recover losses incurred in another state due to any referendum, law or regulation which requires a general reduction in rates for the kinds of insurance described in section two thousand three hundred two of this article. Such a finding shall be deemed unfairly discriminatory for the purposes of this article.

§ 2304. Rate making and supporting information. (a) In the making of rates, consideration shall be given to past and prospective loss experience, including the conflagration and catastrophe hazards, if any, both within and without this state, to all factors reasonably attributable to the class of risks, to a reasonable profit, to past and prospective expenses both country-wide and those specially applicable to

this state, and in the case of participating insurers to policyholders' dividends, savings or unabsorbed premium deposits allowed or returned to policyholders, members or subscribers.

(b) The information furnished in support of a filing may include:

(1) the experience or judgment of the insurer or rate service organization making the rate;

(2) its interpretation of any statistical data it relies upon;

(3) the experience of other insurers or rate service organizations; or

(4) any other relevant factors.

(c) Risks may be grouped by classifications for the establishment of rates and minimum premiums. Classification rates may be modified to produce rates for individual risks in accordance with rating plans which establish standards for measuring variations in hazards or expense provisions, or both. Such standards may measure any differences among risks that can be demonstrated to have a probable effect upon losses or expenses.

(d) The systems of expense provisions included in the rates for use by any insurer or group of insurers may differ from those of other insurers or groups of insurers to reflect the requirements of the operating methods of any such insurer or group with respect to one or more kinds of insurance, or subdivisions of kinds of insurance, or classes of risks, or any part or combination of the foregoing, for which separate expense provisions are applicable.

(e)(1) Premiums for workers' compensation insurance for employments classified under sections two hundred twenty, two hundred forty and two hundred forty-one of the labor law, provided such employments are classified under each of said sections, shall be established on the basis of payroll and a formula which provides appropriate credits, provided such credits shall not apply to payroll in excess of the payroll limitation amount set forth in subdivision two of section eighty-nine of the workers' compensation law and this subsection. With the exception of employments engaged in the construction of one or two family residential housing, premiums shall be calculated in accordance with the following limitations:

(A) For policies with rating anniversary dates after September thirtieth, nineteen hundred ninety-nine and before October first, two thousand, an employer's payroll for premium computation purposes in the

affected construction classifications shall be the actual weekly payroll per employee for the number of weeks employed subject to a maximum of nine hundred dollars per week per employee plus one-half of the difference between the employer's total payroll and the limited payroll.

(B) For policies with rating anniversary dates after September thirtieth, two thousand and before October first, two thousand one, an employer's payroll for premium computation purposes in the affected construction classifications shall be the actual weekly payroll per employee for the number of weeks employed subject to a maximum of nine hundred dollars per week per employee.

(C) For policies with rating anniversary dates after September thirtieth, two thousand one and before October first, two thousand two, an employer's payroll for premium computation purposes in the affected construction classifications shall be the actual weekly payroll per employee for the number of weeks employed subject to a maximum of eight hundred dollars per week per employee.

(D) For policies with rating anniversary dates after September thirtieth, two thousand two, an employer's payroll for premium computation purposes in the affected construction classifications shall be the actual weekly payroll per employee for the number of weeks employed subject to a maximum of the greater of seven hundred fifty dollars per week or the weekly payroll amount upon which the maximum weekly benefit is based, per employee.

(2) The loss costs applicable to employments classified under sections two hundred twenty, two hundred forty and two hundred forty-one of the labor law, provided such employments are classified under each of said sections, shall be adjusted to reflect the payroll limitations required by this section as they separately affect such rates for work actually performed within each of the following geographic territories:

(A) Territory 1 comprising the counties of the Bronx, Kings, New York, Queens, and Richmond;

(B) Territory 2 comprising the counties of Dutchess, Nassau, Orange, Putnam, Rockland, Suffolk and Westchester; and

(C) Territory 3 comprising all other counties within the state.

(f) The rate adjustments required by subsection (e) of this section shall be filed by the New York compensation insurance rating board in accordance with the provisions of section two thousand three hundred

forty-seven of this article, and shall not become effective until approved by the superintendent.

(g) "Loss costs," for the purpose of workers' compensation insurance in this article, means that portion of a rate intended to represent the anticipated costs of claim payments and loss adjustment expenses associated with such claim payments, and may include one or more trend factors. Loss costs do not include provisions for expenses (other than loss adjustment expenses) such as acquisition costs, overhead and taxes, or profit. For all other purposes, the superintendent, except as otherwise provided in this chapter, may promulgate regulations defining loss costs.

(h) A loss cost filing shall be deemed to be a rate filing under this article.

(i) Nothing in this section shall prohibit the application of payroll limitation provisions at the discretion of the superintendent, provided such programs were in effect prior to the effective date of this subsection.

(j)(1) On or before July first, two thousand sixteen, the department shall make rules establishing requirements for health care facilities to obtain a reduced worker's compensation rate for safe patient handling programs implemented pursuant to title one-A of article twenty-nine-A of the public health law.

(2) The department shall complete an evaluation of the results of the reduced rate, including changes in claim frequency and costs, and shall report to the appropriate committees of the legislature on or before December first, two thousand eighteen and again on or before December first, two thousand twenty.

§ 2305. Rates or rating plans; no prior approval; prior approval.

* (a) Except as otherwise provided in subsection (b) hereof or section two thousand three hundred eight of this article, prior approval of rates, rating plans, rating rules and rate manuals by the superintendent shall not be required.

* NB Expires July 1, 2026

(b) rate filings for:

(1) workers' compensation insurance;

(2) motor vehicle insurance, or surety bonds, required by section three hundred seventy of the vehicle and traffic law, except as provided in section two thousand three hundred twenty-eight of this article, article forty-four-B of the vehicle and traffic law, or article forty of the general business law;

(3) joint underwriting;

(4) motor vehicle assigned risk insurance;

(5) insurance issued by the New York Property Insurance Underwriting Association;

(6) risk sharing plans authorized by section two thousand three hundred eighteen of this article;

(7) title insurance;

(8) medical malpractice liability insurance;

(9) insurance issued by the Medical Malpractice Insurance Association;

(10) mortgage guaranty insurance;

(11) credit property insurance, as defined in section two thousand three hundred forty of this article;

(12) gap insurance; and

(13) private passenger automobile insurance, except as provided in section two thousand three hundred fifty of this article,

shall be filed with the superintendent and shall not become effective unless either the filing has been approved or thirty days, which the superintendent may with cause extend an additional thirty days and with further cause extend an additional fifteen days, have elapsed and the filing has not been disapproved as failing to meet the requirements of this article, including the standard that rates be not otherwise unreasonable. After a rate filing becomes effective, the filing and supporting information shall be open to public inspection. If a filing is disapproved, then notice of such disapproval order shall be given, specifying in what respects such filing fails to meet the requirements of this article. Upon his or her request, the superintendent shall be provided with support and assistance from the workers' compensation board and other state agencies and departments with appropriate jurisdiction. The loss cost multiplier for each insurer providing coverage for workers' compensation, as defined by regulation promulgated by the superintendent, shall be promptly displayed on the department's website and updated in the event of any change.

(c) Rates filed with the superintendent shall be accompanied by the information upon which the insurer supports the rate as set forth in subsection (b) of section two thousand three hundred four of this article.

(d) When a filing subject to subsection (b) hereof or to section two thousand three hundred forty-four of this article is not accompanied by the information upon which the insurer supports the filing and the superintendent does not have sufficient information to determine whether the filing meets the requirements of this article, the insurer shall be required to furnish such information and in such event the thirty, thirty or fifteen day period of subsection (b) hereof or subsection (d) of section two thousand three hundred forty-four shall commence as of the date such information is furnished.

(e) The superintendent: (1) by regulation may, in lieu of the waiting period set forth in subsection (b) of this section, require workers' compensation insurance rate filings to be specifically approved before they become effective; and (2) shall hold a public hearing if a rate service organization makes a loss cost filing for workers' compensation that is an increase of five percent or more over the approved loss costs from the prior year. Until June second, two thousand twenty-eight, a rate service organization for workers' compensation shall make a loss cost filing every year on or before June first, or such earlier date as is set by the superintendent.

(f) Subsection (a) of this section shall be of no force or effect during the period August third, two thousand one through the day before the effective date of the property/casualty insurance availability act, and after June thirtieth, two thousand twenty-nine. During the period August third, two thousand one through the day before the effective date of the property/casualty insurance availability act, and again commencing on July first, two thousand twenty-nine, all rates previously subject to subsection (a) of this section, other than rates that are not required to be filed pursuant to subsection (b) of section two thousand three hundred ten of this article or that have been suspended from the filing requirement pursuant to section two thousand three hundred eleven of this article, shall become subject to subsections (b), (c) and (d) of this section. All other provisions of this article applicable to kinds of insurance or insurance activities the rates for which are subject to

prior approval under subsection (b) of this section shall apply to kinds of insurance the rates for which were previously subject to subsection (a) of this section or the rates for which are not required to be filed pursuant to subsection (b) of section two thousand three hundred ten of this article or the rates for which have been suspended from the filing requirement pursuant to section two thousand three hundred eleven of this article.

(g) (1) If all rates should become subject to the prior approval provisions of subsections (b), (c) and (d) hereof as set forth in subsection (f) hereof, rates for inland marine risks which by general custom of the business are not written according to manual rates or rating plans are not required to be filed unless the superintendent directs they be filed.

(2) Specific inland marine rates on risks specially rated by a rate service organization shall be filed and such rates and any special filing with respect to a surety or guaranty bond required by law or by court or executive order or by order, rule or regulation of a public body, not covered by a previous filing, shall become effective when filed and shall be deemed to meet the requirements of this article until such time as the superintendent reviews the filing and disapproves it.

§ 2306. Delegation of rate filing obligation. An insurer or group of insurers may discharge the rate filing obligation required by subsections (b) and (c) of section two thousand three hundred five of this article by giving notice to the superintendent that it uses rates and rate information prepared by a designated rate service organization, with such information and modifications thereof as is necessary fully to inform the superintendent. The rate and rate information of such insurer or group of insurers shall be those filed from time to time by the rate service organization, including any amendments thereto as filed, subject, however, in the case of an insurer to the modifications filed by such insurer.

§ 2307. Rating classifications or territories; policy forms. (a) No insurer or rate service organization shall use a rating classification

or territory unless it has been filed with the superintendent and either he has approved it, or ninety days have elapsed and he has not disapproved it as unfairly discriminatory or violative of public policy.

(b) Except as otherwise provided herein, no policy form shall be delivered or issued for delivery unless it has been filed with the superintendent and either he has approved it, or thirty days have elapsed and he has not disapproved it as misleading or violative of public policy. After notice and hearing to the insurer or rate service organization which submitted a policy form for approval, the superintendent may withdraw approval of such form on finding that the use of such form is contrary to the legal requirements applicable at the time of withdrawal. The effective date of the withdrawal of approval shall be prescribed by the superintendent but shall be not less than ninety days after notice of withdrawal. With regard to residual value insurance, policy forms and any amendments thereto shall be filed with the superintendent within thirty days of their use by the insurer. For purposes of this subsection, "residual value insurance" shall have the same meaning as set forth in paragraph twenty-two of subsection (a) of section one thousand one hundred thirteen of this chapter, provided however, for the purposes of this subsection such insurance shall only be utilized for commercial purposes, and shall not include personal lines of insurance as defined in paragraph two of subsection (a) of section three thousand four hundred twenty-five of this chapter or any commercial auto insurance, and, provided further that applicants for such insurance shall sign a statement that the applicant has an appropriate level of knowledge and understanding of the use of residual value insurance.

* (c) With respect to kinds of insurance or insurance activities the rates for which, pursuant to subsection (a) of section two thousand three hundred five of this article, are not subject to prior approval, any requirement in subsections (a) and (b) of this section of filing with or prior approval by the superintendent may be waived by regulation adopted by the superintendent after a public hearing.

* NB Expires July 1, 2026

(d) All policy forms and rating classifications and territories filed with the superintendent shall be available for public inspection at the department.

(e) Policy forms for inland marine risks where the rates for such risks by general custom of the business are not written according to manual rates or rating plans shall not be filed pursuant to subsection (b) of this section, unless the superintendent directs that they be filed.

*** § 2308. Imposition of prior approval.** (a) If the superintendent determines, after a hearing, at which representatives of consumers and other interested parties may participate, and on the basis of findings of fact and conclusions, that, with respect to any territory or to any kind, subdivision or class of insurance, competition is either insufficient to assure that rates will not be excessive, or so conducted as to be destructive of competition or detrimental to the solvency of insurers, he shall order that the rates for such insurance or territory shall be subject to prior approval under subsection (b) of section two thousand three hundred five of this article and to all other provisions of this article applicable to rates subject to such subsection. Such order shall have a specified duration of not more than one year but may be renewed by the superintendent upon appropriate findings of fact, conclusions and order. Within thirty days after the close of the hearing the superintendent shall make his determination in a report which shall be made public.

(b) The superintendent, by regulation adopted after a hearing, shall, where appropriate, establish objective standards, including industry-wide profitability standards and market concentration standards, for determining when a hearing pursuant to subsection (a) hereof shall be called.

(c) This section shall be applicable to kinds of insurance or insurance activities the rates for which, pursuant to subsection (a) of section two thousand three hundred five of this article, are not subject to prior approval.

* NB Expires July 1, 2026

§ 2309. Excess rate. Notwithstanding any other provisions of this article, upon the written application of the insured, stating the

insured's reasons therefor, filed with and approved by the superintendent, a rate in excess of the rate provided by a filing otherwise applicable may be used on any specific risk.

§ 2310. Informational filings. * (a) Every insurer and rate service organization shall furnish to the superintendent, on or before the date of their use, all changes in the rating rules and schedules of rates which are not subject to prior approval pursuant to subsection (b) of section two thousand three hundred five of this article and the statistical, rating and other information in support of changes in such rating classifications and territories. Such rules, schedules and information shall be available for public inspection at the department.

* NB Expires July 1, 2026

(b) The rates for inland marine risks which by general custom of the business are not written according to manual rates or rating plans shall not be filed pursuant to subsection (a) hereof, unless the superintendent directs that they be filed.

(c) Specific inland marine rates on risks specially rated, made by a rate service organization, shall be filed pursuant to subsection (a) hereof.

§ 2311. Suspension of filing requirement. (a) Under such rules and regulations as he shall adopt, the superintendent may, by order, suspend or modify the requirements of filing as to any kind of insurance, subdivision or combination thereof, or as to classes of risks, the rates for which cannot practicably be filed before they are used.

(b) Such orders, rules and regulations shall be made known to insurers and rate service organizations affected thereby.

§ 2312. Immigration bond premium. (a) The premium for giving an immigration bond or depositing money or property as immigration bail in any court having immigration jurisdiction or in any immigration action or proceeding shall not exceed ten per centum of the amount of such bond or deposit in actions where such bonds or deposits do not exceed the sum

of three thousand dollars. Where such bonds or deposits exceed the sum of three thousand dollars, the premium shall not exceed ten per centum of the first three thousand dollars and eight per centum of the excess amount over three thousand dollars up to ten thousand dollars and six per centum of the excess amount over ten thousand dollars.

(b) No person, firm, corporation, or other entity, including an insurance producer, shall:

(1) charge, collect, or receive, directly or indirectly, any fee or compensation in connection with an immigration bail deposit or immigration bond, other than the premium based on rates subject to the maximum specified in subsection (a) of this section and filed with the superintendent by the insurer pursuant to this article, notwithstanding subsection (c) of section two thousand one hundred nineteen of this chapter; or

(2) accept any fee or compensation for obtaining a license or for obtaining an insurance producer or immigration bond or for an immigration bail deposit.

(c) Any person, firm, corporation, or other entity that violates this section shall be guilty of a misdemeanor. An indemnitor may maintain a cause of action in a court of competent jurisdiction against any person, firm, corporation, or other entity to recover any fee or compensation in excess of the amount authorized pursuant to this section. The person, firm, corporation, or other entity shall, in any action brought by an indemnitor to recover any such overcharge, be liable for treble damages.

(d) Any agreement, or portion thereof, entered into requiring the waiving of the requirements of this section or otherwise in violation of this section shall be void and unenforceable.

§ 2313. Rate service organization; defined. (a) In this article, "rate service organization" means a person or any other entity which makes or files rates as permitted by this article, or which assists insurers in rate making or filing by collecting, compiling and furnishing loss or expense statistics, or by recommending rates or rate information, or which inspects risks, tests appliances, formulates rules or establishes standards, as such activities relate to rate making or to administration of rates. It shall include a person or entity which prepares and files

policy forms and endorsements on behalf of insurers. It shall not include a joint underwriting association under section two thousand three hundred seventeen of this article, or any employee of an insurer, or in the case of insurers under common control or management an employee of any such insurer or their manager, nor shall it include actuaries, certified public accountants, attorneys or other professionals who in their respective vocations may advise insurers on rate questions.

(b) Except as provided in subsection (j) hereof, no insurer shall utilize the services of a rate service organization unless the organization has obtained a license as provided by this section.

(c) No rate service organization shall refuse to supply any services which it is permitted to render in this state to any insurer authorized to do business in this state and offering to pay the fair and usual compensation for the services.

(d) A rate service organization applying for a license as required by subsection (b) hereof shall include with its application:

(1) a copy of its constitution, charter, articles of organization, agreement, association or corporation, and a copy of its by-laws, plan of operation and any other rules or regulations governing the conduct of its business;

(2) a list of its members and its subscribers;

(3) the name and address of one or more residents of this state upon whom notices, process affecting it or orders of the superintendent may be served;

(4) where appropriate a statement indicating one or more kinds of insurance, or classes of risks, or any part or combination of the foregoing, for which it seeks to obtain a license;

(5) a statement showing its technical qualifications for acting in the capacity for which it seeks a license; and

(6) any other relevant information and documents that the superintendent may require.

(e) The officers, members of the governing board or committee, and other persons in control of a corporation or of an unincorporated association, for the time being, and each partner of a partnership, shall be held individually responsible for knowingly violating any provisions of this article applicable to such corporation, association

or partnership as a rate service organization.

(f) Every organization which has applied for a license pursuant to subsection (d) hereof shall thereafter promptly notify the superintendent of every material change in the facts or in the documents as filed.

(g) If the superintendent finds that the applicant and the natural persons through whom it acts are competent, trustworthy, and technically qualified to provide the services proposed, and that all requirements of law are met, he shall issue a license specifying the authorized activity of the applicant.

(h) Licenses issued pursuant to this section shall remain in effect until the licensee withdraws from the state or until the license is suspended or revoked.

(i) Any amendment to a document filed pursuant to paragraph one of subsection (d) hereof shall be filed at least thirty days before it becomes effective. Failure to comply shall be a ground for revocation of the license granted pursuant to subsection (h) hereof.

(j) A rate service organization which does not make or file rates, as permitted by this article, is not required to obtain a license under this section but no insurer shall utilize the services of such a rate service organization unless the organization has filed with the superintendent the information and documents prescribed in subsection (d) hereof and shall thereafter promptly notify the superintendent of every material change in the information or documents. The superintendent may order any insurer or rate service organization found to be in violation of this subsection to discontinue such violation.

(k) If, after a hearing, the superintendent finds that the furnishing of such information or assistance by a rate service organization subject to subsection (j) hereof involves any act or practice which is unfair or unreasonable or otherwise inconsistent with the provisions of this article, he may issue a written order specifying in what respects the act or practice is unfair or unreasonable or otherwise inconsistent with the provisions of this article, and requiring the discontinuance of the act or practice.

(l) No rate service organization shall directly or indirectly require the payment of any licensing, registration or membership fee by any broker, as such, who is licensed under this chapter; nor shall any rate

service organization or any other association or bureau refuse to do business with, or prohibit or prevent the payment of commissions to, any person licensed as an insurance broker under this chapter.

(m) No rate service organization shall adopt any rule, the effect of which would be to prohibit or regulate the payment of dividends to policyholders.

(n) A rate service organization may subscribe for or purchase actuarial, technical or other services, and such services shall be available to all members and subscribers without discrimination.

(o) Cooperation among rate service organizations or among rate service organizations and insurers in rate making or in other matters within the scope of this article is hereby authorized, provided the filing resulting from such cooperation is subject to all the provisions of this article which are applicable to filings generally. The superintendent may review such cooperative activities and practices and if, after a hearing, he finds that any such activity or practice is unfair or unreasonable or otherwise inconsistent with this article, he may issue an order specifying in what respects such activity or practice is unfair or unreasonable or otherwise inconsistent with this article, and requiring the discontinuance of such activity or practice.

(p) A rate service organization which pursuant to subsection (j) hereof is not required to obtain a license is expressly prohibited from using or permitting the use of the phrase "supervised by the department of financial services of the state of New York" or any comparable phrase, or one which is likely to create the impression that such organization is supervised or subject to supervision by it.

(q) Any rate service organization may provide for the examination of policies, daily reports, binders, renewal certificates, endorsements, or the cancellation thereof, and may make reasonable rules governing their submission. Such rules shall contain a provision that in the event an insurer does not within sixty days furnish satisfactory evidence to the rate service organization of the correction of any error or omission previously called to its attention by the rate service organization, it shall be the duty of the rate service organization to notify the superintendent. All information so submitted for examination shall be confidential.

(r) A rate service organization licensed pursuant to this section

which files rates, rating plans or other statistical information pursuant to paragraph one of subsection (b) of section two thousand three hundred five of this article or otherwise relating to or in support of coverages written by its members or subscribers pursuant to paragraph fifteen of subsection (a) of section one thousand one hundred thirteen of this chapter shall be subject to audit by the superintendent by December thirty-first, nineteen hundred ninety-seven and not less than once every three years thereafter. Such audit shall examine the finances and operations of such rating organization and shall further make recommendations for actions to be taken by such rating organization in furtherance of the findings of such audit. The superintendent shall complete an audit report no later than sixty days after the conclusion of the audit period and shall submit such audit report to the governor and the legislature.

(s) Notwithstanding any other provision of this article, no rate service organization may file rates for workers' compensation insurance after February first, two thousand eight, but a rate service organization may file loss costs or other statistical information, including rating plans, until June second, two thousand eighteen. Notwithstanding subsection (j) of this section, any such rate service organization shall nonetheless be required to be licensed pursuant to this section.

* (t) (1) The governing body of a workers' compensation rate service organization shall be comprised of nine voting members. Four members shall represent insurers authorized to write workers' compensation insurance in this state, and shall be selected in such manner as is determined by the members of the rate service organization. One member of the governing body shall be a representative of the state insurance fund. Each of the remaining four members of the governing body shall serve for a term of two years and until his or her successor shall have been appointed and approved, provided that the appointing entity appoints a successor member within one hundred twenty days of the expiration of the term of office, and shall not be employed by, or serve as an officer or director of, an insurer authorized to write workers' compensation insurance in this state, or any parent, subsidiary, or affiliate thereof. One such member of the governing body shall be appointed by the superintendent. The other three such members shall be

appointed subject to the approval of the superintendent by the following: (A) the workers' compensation board; (B) the Business Council of New York State, Inc.; and (C) the American Federation of Labor - Congress of Industrial Organizations of New York State. Any vacancy on the governing body shall be filled in the same manner as the initial appointment. The governing body shall select a chief executive officer who shall serve at the pleasure of the governing body and whose terms and conditions of employment shall be approved by the governing body. No restriction in this subsection shall apply if compliance is prevented by the failure of any appointing authority to make an appointment, or of the superintendent to approve such appointment.

(2) The governing body of a workers' compensation rate service organization shall have charge of the general activities of the organization, including control and supervision over its finances and authority to establish budgets, approve assessments and impose fines on members of the rate service organization.

(3) A workers' compensation rate service organization shall have an underwriting committee and a medical and claims committee, and such other committees as the governing body deems appropriate. The underwriting committee shall have the same allocation of voting members as the workers' compensation rate service organization governing body, and it shall be the responsibility of the underwriting committee to address matters with respect to policy forms and endorsements, loss costs, rating and statistical plans, payroll audits and other employer related issues. It shall be the responsibility of the medical and claims committee to study the administration of claims under the workers' compensation law, and medical, surgical and hospital care of injured workers.

(4) A workers' compensation rate service organization shall have an actuarial committee. It shall be the responsibility of the actuarial committee to review methodology and data collection processes used to develop loss costs. The American Federation of Labor - Congress of Industrial Organizations of New York State and the Business Council of New York State, Inc. shall together appoint one independent casualty actuary who is a fellow or associate of the casualty actuarial society to serve as a member of the actuarial committee. The appointment of such actuary, and his or her compensation and terms and conditions of

retention, shall be subject to the approval of the superintendent as reasonable and customary for such professional. The actuary shall be paid by the workers' compensation rate service organization. Such actuary shall have the same access to the workers' compensation rate service organization data and documents as the other members of that committee. The governing body of a workers' compensation rate service organization shall select a chief actuary of the actuarial committee, who shall serve at the pleasure of the governing body and whose terms and conditions of employment shall be approved by the governing body. The public actuary shall issue a report on or before June first, two thousand eighteen and each of the next ten years, indicating the overall savings in the workers' compensation system as a result of the two thousand seventeen reforms.

(5) A workers' compensation rate service organization shall assess insurers that write workers' compensation coverage in New York state for expenses it incurs in its operation. Nothing in this paragraph shall prevent a workers' compensation rate service organization from also obtaining funds from any other source.

(6) A workers' compensation rate service organization shall retain all data used to calculate rates, class relativities, and experience modifications, as well as all data underlying any loss cost or other filing made with the department, and any other data the superintendent may direct, for such period of time as the superintendent shall direct.

* NB Repealed June 2, 2028

§ 2314. Charging of rates. No authorized insurer shall, and no licensed insurance agent, no title insurance agent, no employee or other representative of an authorized insurer, and no licensed insurance broker shall knowingly, charge or demand a rate or receive a premium that departs from the rates, rating plans, classifications, schedules, rules and standards in effect on behalf of the insurer, or shall issue or make any policy or contract involving a violation thereof.

§ 2315. Recording and reporting of experience; statistical plans. (a) Every authorized insurer shall annually file with the rate service

organization of which it is a member or subscriber, or with such other agency as the superintendent may approve, a statistical report showing a classification schedule of its premiums and losses on all kinds or types of insurance business subject to this article, and such other information as the superintendent may deem necessary or expedient for the administration of the provisions of this article. The superintendent from time to time may prescribe the form of the report including statistical data conforming to established classifications. The statistical reports shall be consolidated in accordance with regulations prescribed by the superintendent. Such consolidations shall be made available, subject to reasonable rules promulgated by the superintendent, to insurers and rate service organizations. No insurer shall be required to record or report its loss experience on a classification basis that is inconsistent with the rating system filed by it, except that the superintendent may require each insurer writing private passenger automobile coverages to file annually with the superintendent (or a statistical agent designated by the superintendent for such purpose), in the form prescribed by the superintendent, a statistical report showing a schedule of its premiums, losses, and exposures classified by United States postal zip code. No statistical report shall be issued or otherwise made available to any rate service organization (except in the capacity of designated statistical agent), insurers, or persons other than appropriate governmental entities, except on a consolidated manner, or in such aggregate form as to protect an individual insurer's schedule of premiums, losses and exposures for any specific zip code.

(b) Statistical plans and rules shall be promulgated for the recording and reporting of expense experience on a country-wide basis. Such rules and plans may also provide for the recording and reporting of expense experience items which are specially applicable to this state and are not susceptible of determination by a prorating of country-wide expense experience.

(c) In order to further uniform administration of rate regulatory laws, the superintendent and every insurer and rate service organization may exchange information and experience data with insurance supervisory officials, insurers, and rate service organizations in other states and may consult with them with respect to rate making and the application of

rating systems. Reasonable rules and plans may be promulgated by the superintendent for the interchange of data necessary for the application of rating plans. In the promulgation of statistical plans and rules the superintendent shall give consideration to the rating systems on file with him and, in order that such rules and plans may be as uniform as is practicable among the several states, to the rules and to the form of the plans in other states.

(d) No plan, rule or regulation, or amendment thereto, shall be promulgated by the superintendent pursuant to subsection (a), (b) or (c) hereof except upon notice, and after hearing, to every rate service organization affected thereby. No such plan, rule or regulation, or amendment thereto, shall become effective less than sixty days after promulgation.

(e) The willful withholding of information from, or giving of false or misleading information to, the compensation insurance rating board or any other rate service organization or any insurer or the superintendent or any statistical agency designated by the superintendent, which will in any way affect the rate or premium chargeable to any assured or group of assureds shall constitute a violation of this chapter and also be subjected to the penalty provided for in subsection (e) of section two thousand three hundred twenty-one of this article.

*** § 2316. Prohibition of anti-competitive behavior.** (a) (1) No insurer or rate service organization shall monopolize or attempt to monopolize, or combine or conspire with any other person or persons to monopolize, in any territory, the business of insurance or any kind, subdivision or class thereof.

(2) No insurer or rate service organization shall agree with any other insurer or rate service organization to charge or adhere to any rate, although insurers and rate service organizations may continue to exchange statistical information.

(3) No insurer or rate service organization shall make any agreement with any other insurer, rate service organization or other person to restrain trade.

(4) No insurer or rate service organization shall make any agreement with any other insurer, rate service organization or other person the

effect of which may be substantially to lessen competition in any territory or in any kind, subdivision or class of insurance.

(5) No insurer may acquire or retain any capital stock or assets of, or have any common management with, any other insurer or insurers, if the effect of such acquisition, retention or common management may be substantially to lessen competition in any territory or in any kind, subdivision or class of insurance.

(6) No insurer or rate service organization shall make any agreement with any other insurer or rate service organization to refuse to deal with any person in connection with the sale of insurance.

(7) No rate service organization or member or subscriber thereof shall interfere with the right of any insurer to make its rates independently of such rate service organization or to charge rates different from the rates made by such rate service organization.

(8) No member of or subscriber to a rate service organization shall refuse to do business with, or prohibit or prevent the payment of commissions to, any licensed agent or broker on the ground that such agent or broker does business with an insurer which makes its rates, or any portion thereof, independently of such rate service organization.

(9) Nothing contained in this article shall be construed as requiring any insurer to become a member of or a subscriber to any rate service organization, or as preventing any insurer, while a member of or subscriber to a rate service organization, from making its own rates for any kind, subdivision or class of insurance, for which it does not elect to authorize the rate service organization to act on its behalf.

(10) Any insurer which is a member of or subscriber to a rate service organization may make its own rates for any kind, subdivision or class of insurance. No rate service organization shall have authority to act on behalf of any insurer which is a member of or subscriber to such rate service organization except as authorized in writing by such member or subscriber, which authority may be supplemented, modified or revoked, in whole or in part, at any time by such member or subscriber at its option.

(11) No rate service organization shall have or adopt any rule or exact any agreement, or formulate or engage in any program, the effect of which would be to require any member, subscriber or other insurer to utilize some or all of its ratings services, or to adhere to its rates,

rating plans, rating systems, underwriting rules, or policy forms, or to prevent any insurer from acting independently.

(b) (1) Any rate made in violation of subsection (a) hereof shall be disapproved by the superintendent pursuant to the applicable procedures prescribed in subsection (b) of section two thousand three hundred twenty of this article, and each violator shall be subject to the penalties of subsection (c) of such section.

(2) The superintendent, through the attorney general, and any person injured in his business or property by reason of anything forbidden in subsection (a) hereof, may maintain an action to enjoin any violation of such subsection.

(3) Any person injured in his business or property by reason of anything forbidden in subsection (a) hereof may maintain an action and shall recover threefold the damages sustained by him.

(c) Nothing in this section shall be construed as applying to or prohibiting cooperative action authorized and regulated under this article. Nor shall this section apply to kinds of insurance or insurance activities the rates for which are subject to prior approval pursuant to subsection (b) of section two thousand three hundred five of this article, except that this article shall not be construed as requiring an insurer to become a member of or subscriber to a rate service organization.

* NB Expires July 1, 2026

§ 2317. Joint underwriting or joint reinsurance. (a) Every group, association or other organization of insurers which engages in joint underwriting or joint reinsurance shall be subject to regulation with respect thereto as herein provided, subject, however, with respect to joint underwriting, to all other applicable provisions of this article and, with respect to joint reinsurance, to subsection (e) of section two thousand three hundred twenty-one and section two thousand three hundred twenty-two of this article.

(b) If, after hearing, the superintendent finds that any activity or practice of any such group, association or other organization is unfair or unreasonable or otherwise inconsistent with the provisions of this article, he may issue a written order specifying in what respects such

activity or practice is unfair or unreasonable or otherwise inconsistent with the provisions of this article, and requiring the discontinuance of such activity or practice.

(c) Every such group, association, or other organization of insurers shall be subject to examination by the superintendent as often as he may deem it expedient.

§ 2318. Risk sharing plans. Agreements may be made among insurers with respect to the equitable apportionment among them of insurance which may be afforded applicants who are in good faith entitled to but are unable to procure such insurance through ordinary methods, and such insurers may agree among themselves on the use of reasonable rate modifications subject to the approval of the superintendent; but this section shall not apply to workers' compensation insurance.

§ 2319. Information to be furnished insureds; aggrieved person. (a) Every insurer and rate service organization shall within a reasonable time after receiving written request therefor, and upon payment of a reasonable charge, furnish to any insured affected by a rate made by it, or to the authorized representative of the insured, all pertinent information as to the rate.

(b) Except as provided in subsection (c) of this section, every insurer or rate service organization shall provide within this state reasonable means whereby any person aggrieved by the application of its rating system may be heard, in person or by an authorized representative, on written request to review the manner in which such rating system has been applied in connection with the insurance afforded or offered. If the insurer or rate service organization fails to grant or reject the request within thirty days, applicant may proceed in the same manner as if the application had been rejected. Any party affected by the action of the insurer or rate service organization on the request may within thirty days after written notice of such action appeal to the superintendent, who, after a hearing held upon not less than ten days written notice to the appellant and to the insurer or rate service organization, may affirm, modify or reverse such action.

(c) (1) Subject to the regulations of the superintendent, every workers' compensation rate service organization shall establish and implement procedures for the review of its determination to make a rating classification, relating to insurance authorized pursuant to paragraph fifteen of subsection (a) of section one thousand one hundred thirteen of this chapter, which has been filed with and approved by the superintendent. Such procedures for review shall (A) ensure that such organization shall, within a reasonable period of time after receiving written request therefor, furnish any insured affected by a rating classification made by the organization, or to the authorized representative of the insured, any information pertaining to the insured's file and any information, upon request, pertaining to the application of the classification, and (B) require an insured aggrieved by such determination to submit a written request for review of the rating classification. The failure of such rate service organization to respond in writing to a written request submitted pursuant to this subsection within sixty days, shall authorize the applicant for review to proceed as though the classification challenged was disapproved by the rate service organization. If the workers' compensation rate service organization cannot, within such sixty day period, make such determination or advise the insured that an inspection, audit or study is required, the organization shall submit a written request to the superintendent, within the sixty day period, requesting a reasonable extension of the time period in which to make such determination.

(2) Any insured adversely affected by a review, completed pursuant to paragraph one of this subsection, may, within thirty days of receiving written notice of the results of the review, appeal such review in writing to the superintendent. Such appeal shall specify the grounds to be relied upon by the appellant. The superintendent shall make a determination and notify the insured within sixty days of receipt of the request for an appeal as to whether he or she finds that the application is made in good faith, that the applicant would be so aggrieved if his grounds are established, and that such grounds otherwise justify holding such a hearing. If the superintendent determines that such criteria have been met by the insured's application, then the superintendent shall hold a hearing on such matter within sixty days of receipt of the request for an appeal, but upon no less than ten days written notice to

the parties of the hearing. The superintendent may affirm, modify or reverse the review of the rate service organization.

(3) Any determination by the superintendent, pursuant to paragraph two of this subsection, shall be reviewable pursuant to article seventy-eight of the civil practice law and rules.

*** § 2320. Enforcement and penalties; where prior approval is not required.** (a) The superintendent may as often as he deems it expedient examine any insurer or rate service organization to ascertain whether its rating and underwriting practices are in accordance with law. Rate service organizations which make or file rates, whether or not advisory, shall be examined at least once in every five years pursuant to the provisions of this chapter applicable to the examination of insurers. Filed reports on examinations shall be available for public inspection at the department.

(b) (1) If the superintendent determines after a hearing that any rate used by an insurer does not comply with the applicable provisions of this article, he shall order that the rate be disapproved, and the order may include provision for premium adjustment. The order may also require that, for such period of time as the superintendent may determine, subsequent rate filings of the insurer subject to subsection (a) of section two thousand three hundred five of this article shall not become effective unless the filings are made in accordance with the provisions of subsection (b) of such section.

(2) The superintendent may, upon fifteen days prior written notice:

(A) order the suspension, prospectively, of a rate used by an insurer and reimpose the last previous rate in effect; or

(B) order the suspension, prospectively, of a rate used by an insurer and determine an adjusted rate that complies with the standards set forth in this article.

In any such event, the insurer may within that same fifteen day period make a written request for a hearing, in which event the superintendent may establish an interim rate by reimposing the last previous rate in effect or determining an adjusted rate pursuant to subparagraphs (A) and (B), respectively, of this paragraph. This interim rate shall remain effective pending the close of the hearing, which shall be held within

fifteen days of the insurer's request. Within fifteen days after the close of the hearing, the superintendent shall determine the rate that complies with the standards set forth in this article based upon the hearing record, and the rate so determined shall apply prospectively for a period not to exceed one year.

(3) At any such hearing, the insurer shall have the burden of justifying the rate in question. All such determinations of the superintendent shall be on the basis of findings of fact and conclusions. Nothing in this subsection shall preclude the superintendent from determining that the last previous rate in effect or the rate filed by the insurer or rate service organization complies with the standards set forth in this article. Nothing in this subsection shall preclude the insurer or a rate service organization from making or modifying any rate filing at any time.

(c) If the superintendent, after notice and hearing, finds that any insurer, rate service organization or other person has violated the applicable provisions of this article, he shall order the payment of a penalty. The issuance, procurement or negotiation of a single policy of insurance shall be deemed a separate offense. A penalty not to exceed one thousand dollars may be imposed for each such offense. A further penalty not to exceed two thousand five hundred dollars may be imposed for each offense in which the superintendent finds that there was a knowing violation, provided that a minumum penalty of at least twenty-five thousand dollars shall be imposed regardless of the number of such knowing offenses.

(d) This section shall be applicable to kinds of insurance or insurance activities the rates for which are not subject to prior approval and which are subject to this article.

* NB Expires July 1, 2026

§ 2321. Enforcement and penalties; where prior approval is required. (a) Rate service organizations shall be subject to examination by the superintendent, as often as he may deem it expedient, pursuant to the provisions of this chapter applicable to the examination of insurers. Rate service organizations which make rates, whether or not advisory, shall be examined at least once in every five years.

(b) (1) If the superintendent finds that any rate filing theretofore filed does not comply with the provisions of this article or that such filing provides rates or rules which are inadequate, excessive, unfairly discriminatory, destructive of competition, detrimental to the solvency of the insurer, or otherwise unreasonable, the superintendent may order the filing withdrawn and the rate suspended prospectively upon fifteen days prior written notice to the rate service organization or to the insurer which filed them, provided, however, such rate service organization or insurer may request a hearing, in which case no withdrawal or suspension shall become effective pending the close of the hearing, which shall be held within fifteen days of the request. Within fifteen days after the close of the hearing, the superintendent shall determine an adjusted rate based upon the hearing record deemed to be in compliance with the standards set forth in this article, and the rate so determined shall apply prospectively for a period not to exceed one year.

(2) At any such hearing, the insurer or rate service organization shall have the burden of justifying the rate in question. All such determinations of the superintendent shall be on the basis of findings of fact and conclusions. Nothing in this subsection shall preclude the superintendent from determining that the last previous rate in effect or the rate filed by the insurer or rate service organization complies with the standards set forth in this article. Nothing in this subsection shall preclude the insurer or a rate service organization from making or modifying any rate filing at any time.

(c) Whenever the superintendent finds, after notice and a hearing, that unfair discrimination exists in the making or in the application of rates made or used by any rate service organization or by any authorized insurer, he may order that the rate service organization or the insurer remove the discrimination; but the same shall not be removed by increasing the rate on any risk affected by the order unless the rate is approved by the superintendent as reasonable. Before making such order, the superintendent shall give notice to the rate service organization, if any, which made such rate, and to all insurers and other persons which he may deem directly affected thereby. Every rate service organization receiving any such notice shall promptly notify all its members or subscribers who would be affected by the order, and notice to

such rate service organization shall be deemed notice to its members or subscribers.

(d) Proceedings pursuant to subsections (b) and (c) hereof may be instituted upon the initiative of the superintendent or upon written application to the superintendent by any aggrieved person or organization, other than a rate service organization, for a hearing, if the superintendent finds that the application is made in good faith and that the grounds otherwise justify holding such a hearing.

(e) Any person, association, corporation or rate service organization wilfully violating the applicable provisions of this article shall, in addition to any other penalty provided by law, be liable to the people of this state for a penalty in an amount not less than twenty-five dollars nor more than one thousand dollars for each offense. If the superintendent finds after notice and hearing, that any authorized insurer, licensed agent or licensed insurance broker has wilfully violated any of the provisions of this article, he may, in lieu of any other penalty provided by law, order the insurer, agent or broker, as the case may be, to pay to the people of this state a penalty in the sum of one hundred dollars, for each offense, and the failure of any such person to pay the penalty within thirty days after the making of the order, unless the order is suspended by a court of competent jurisdiction, shall constitute a violation of the provisions of this chapter. Within the meaning of this subsection, the issuance, procurement or negotiation of each policy of insurance, by an insurer, agent or broker, as the case may be, in willful violation of the provisions of this article shall be deemed a separate offense.

(f) This section shall be applicable to kinds of insurance or insurance activities the rates for which are subject to prior approval and which are subject to this article.

§ 2322. Final determination; procedure on orders without hearing. (a) After a final determination against an insurer, the amount of any overcharge received by such insurer during the pendency of the proceedings, with interest thereon, shall upon demand be refunded by the insurer to the persons entitled thereto.

(b) Any insurer or rate service organization to which the

superintendent has directed an order made without a hearing may, within thirty days after notice to it of the order, make written request to the superintendent for a hearing. Pending a hearing and a decision affirming, reversing or modifying his previous action, the superintendent may suspend or postpone the effective date of his previous action.

*** § 2323. Profitability and rates of return; where prior approval is not required.** (a) The superintendent shall by regulation establish a method for determining profitability, from whatever source profits are derived, and rates of return on net worth, assets and earned premiums, with respect to each kind of insurance subject to this article, based on reasonable and uniform assumptions, including assumptions as to:

(1) amounts of net worth attributable to such kinds of insurance;

(2) assets available for investment generated by such kinds of insurance;

(3) federal income taxes; and

(4) average earnings on insurers' investments.

(b) The regulation shall require insurers annually to report to the superintendent, who will make these reports available to the public, concerning such profitability and rates of return.

(c) This section shall be applicable to kinds of insurance or insurance activities the rates for which, pursuant to subsection (a) of section two thousand three hundred five of this article, are not subject to prior approval.

* NB Expires July 1, 2026

§ 2324. Rebating and discrimination. (a) No authorized insurer, no licensed insurance agent, no licensed insurance broker, and no employee or other representative of any such insurer, agent or broker shall make, procure or negotiate any contract of insurance other than as plainly expressed in the policy or other written contract issued or to be issued as evidence thereof, or shall directly or indirectly, by giving or sharing a commission or in any manner whatsoever, pay or allow or offer to pay or allow to the insured or to any employee of the insured, either

as an inducement to the making of insurance or after insurance has been effected, any rebate from the premium which is specified in the policy, or any special favor or advantage in the dividends or other benefit to accrue thereon, or shall give or offer to give any valuable consideration or inducement of any kind, directly or indirectly, which is not specified in such policy or contract, other than any valuable consideration, including but not limited to merchandise or periodical subscriptions, not exceeding twenty-five dollars in value, or shall give, sell or purchase, or offer to give, sell or purchase, as an inducement to the making of such insurance or in connection therewith, any stock, bond or other securities or any dividends or profits accrued thereon, nor shall the insured, his agent or representative knowingly receive directly or indirectly, any such rebate or special favor or advantage, provided, however, a licensed insurance agent or a licensed insurance broker may retain the usual commission or underwriting fee on insurance placed on his own property or risks, if the aggregate of such commissions or underwriting fees will not exceed five percent of the total net commissions or underwriting fees received by such licensed insurance agent or insurance broker during the calendar year.

(b) Within the meaning of subsection (a) hereof, the sharing of a commission with the insured shall be deemed to include any case in which a licensed insurance agent or a licensed insurance broker which is a subsidiary corporation of, or a corporation affiliated with, any corporation insured, received commissions for the negotiation or procurement of any policy or contract of insurance for the insured.

(c) This section shall not prohibit any insurer from equitably distributing to its policyholders dividends payable from surplus on earned premiums, nor prohibit the return at any time during the term or at the termination of the contract of insurance of dividends, savings or the unused or unabsorbed portion of premiums and premium deposits to policyholders of a mutual insurer or to subscribers of a reciprocal insurer, nor prohibit any insurer or insurance agent from paying commissions to a licensed insurance broker for negotiating a policy or contract of insurance, nor prohibit any licensed insurance broker from sharing or dividing a commission earned or received by him with any other licensed insurance broker or brokers who shall have aided him in respect to the insurance for the negotiation of which the commission has

been earned or paid.

(d) This section shall not prohibit the making of temporary contracts of insurance, either by temporary binders or other memoranda, if the premium applicable to the insurance shall be due and shall be paid for the time during which the insurance is in force by virtue of the temporary contract.

(e) This section shall not apply to any policy or contract of reinsurance nor to any contract or policy of life insurance, accident insurance or health insurance which is subject to the provisions of section four thousand two hundred twenty-four of this chapter, nor to any contract or policy of marine insurance, other than contracts or policies of automobile insurance, or of marine protection and indemnity insurance, nor to any insurance contract, or rate of insurance in connection with any insurance contract either against loss or damage to, or legal liability in connection with, any property located wholly outside of this state or any activity carried on outside of this state or any motor vehicle or aircraft principally garaged and used outside of this state.

(f) Any person or corporation violating the provisions of this section shall, in addition to all other penalties provided by law, pay to the people of this state as a penalty the sum of five hundred dollars for each such violation.

§ 2325. Accounts and statistics. The superintendent shall have power, in his discretion, to prescribe by regulation, uniform classifications of accounts to be observed, and statistics to be reported by insurers and other organizations which are subject to the provisions of this article. He may also in his discretion prescribe, by regulation, forms of reporting such data by insurers and such other organizations. Such classifications of accounts and statistics to be reported and forms of reporting shall be reasonable and may vary with the kind or type of insurer or organization. No such regulation or amendment thereto shall be promulgated by the superintendent except upon notice and after hearing to all insurers and organizations affected thereby. Any regulation or amendment thereto shall be promulgated by the superintendent at least six months before the beginning of the calendar

year in which the same shall take effect.

*** § 2326. Evaluation of competitive rating provisions.** The superintendent shall continuously monitor the operation of the provisions of this article which are applicable to the kinds of insurance or insurance activities the rates for which, pursuant to subsection (a) of section two thousand three hundred five of this article, are not subject to prior approval.

* NB Expires July 1, 2026

§ 2327. Verification of driving history. No insurer who utilizes an applicant's New York state driving history as a rating or underwriting factor for private passenger motor vehicle insurance in this state shall bind a policy of insurance, or process a percentage of the annual premium due for a policy, without first making a good faith effort to verify said applicant's New York state driving history, as well as the New York state driving history of all named drivers that are used to rate the policy and are listed by the applicant on the private passenger motor vehicle insurance application, through the use of a third-party database. An insurer also shall verify, through a third-party database, the New York state driving history of a named driver used to rate the policy when added during the policy period, unless the New York state driving history is unavailable at the time of the initial inquiry due to a temporary website outage, service interruption or other circumstances beyond the control of the insurer, producer or third-party representative.

§ 2328. For hire motor vehicle insurance rates; flexible rating; prior approval. (a) An insurer shall submit to the superintendent, for the superintendent's prior approval, its rates, rating plans, rating rules, and rate manuals applicable to motor vehicle insurance, including no-fault coverages under article fifty-one of this chapter, by August first, two thousand twenty-five and at least every two years thereafter, unless the superintendent requests the rates, rating plans, rating

rules, or rating manuals more frequently. For rates submitted on or before August first, two thousand twenty-five, the superintendent may approve the phasing in of rates that meet the standards set forth in section two thousand three hundred three of this article if the superintendent determines that it would be in the best interests of the people of this state.

(b) Except as provided in subsection (c) of this section, no changes in rates, rating plans, rating rules and rate manuals applicable to motor vehicle insurance, including no-fault coverages under article fifty-one of this chapter, shall be made effective until approved by the superintendent, notwithstanding any inconsistent provisions of this article.

(c) Starting December first, two thousand twenty-five, overall average (for all coverages combined) rate level increases above an insurer's rates in effect that are up to a percentage specified in a regulation promulgated by the superintendent but not to exceed five percent during any twelve-month period, may take effect without the superintendent's prior approval after submitting an informational filing pursuant to section two thousand three hundred ten of this article. An insurer shall not implement more than two rate increases pursuant to this section, the total of which shall not exceed the limitation specified in a regulation, during any twelve-month period. An insurer also shall not implement a rate increase within the limitation specified in a regulation until the onset of the new policy period and unless the insurer, at least thirty but not more than sixty days in advance of the end of the policy period, mails or delivers to the named insured, at the address shown in the policy, a written notice of its intention to change the rate. The specific reason or reasons for the rate change shall be stated in or shall accompany the notice. An insurer shall not implement a rate change under this subsection when the insurer: (1) has submitted a rate filing under subsection (a) of this section and the superintendent has not yet approved it; or (2) is in the process of phasing in its rates pursuant to the superintendent's approval under subsection (a) of this section.

(d) The superintendent shall monitor the degree and continued existence of competition and the effectiveness of flexible rating in this state on an on-going basis. In doing so, the superintendent shall

utilize the following standards or factors:

(1) the standards contained in section two thousand three hundred eight of this article;

(2) existing relevant information, analytical systems and other sources, or rely on some combination thereof;

(3) the number of insurers or group of affiliated insurers actively engaged in providing coverage, taking into account the specialization traditionally required for insurance in the particular rating territory;

(4) measures of market concentration and changes of market concentration over time, which may include the use of Herfindahl-Hirschman Index (HHI) and the United States Department of Justice merge guidelines for an unconcentrated market ease of entry, and the existence of financial or economical barriers that could prevent new firms from entering the market;

(5) the extent to which any insurer or group of affiliated insurers controls all or a dominant portion of the market has actively sought to prevent competition;

(6) whether the total number of companies writing the line of insurance in this state is sufficient to provide multiple options;

(7) the availability of insurance coverage to consumers;

(8) the opportunities available to consumers in the market to acquire pricing and other consumer information; and

(9) any other factors relevant to inquiry.

Such activities may be conducted internally within the department, in cooperation with other state insurance departments, through outside contractors and/or in any other appropriate manner, provided that the department shall report to the speaker of the assembly, temporary president of the senate, and governor on the effectiveness of flexible rating on the for hire motor vehicle market by December first, two thousand twenty-seven and every two years thereafter.

(e) This section shall apply only to policies covering losses or liabilities arising out of ownership of a motor vehicle used principally for the transportation of persons for hire, including a bus or a school bus as defined in sections one hundred four and one hundred forty-two of the vehicle and traffic law, provided, however, that subsections (a) and (c) of this section shall not apply to a bus or a school bus as defined

in sections one hundred four and one hundred forty-two of the vehicle and traffic law.

§ 2329. Motor vehicle insurance rates; excess profits. (a) Each insurer issuing policies that are subject to article fifty-one of this chapter, including policies of motor vehicle personal injury liability insurance or policies of motor vehicle property damage liability insurance or insurance for loss or damage to a motor vehicle, shall establish a fair, practicable, and nondiscriminatory plan for crediting to those purchasing such policies their share of the insurer's excess profit, if any, on such policies. An excess profit shall be an underwriting gain for the three most recent calendar years combined which is greater than the anticipated underwriting profit plus five percent of earned premiums for those calendar years. Each plan shall apply to policy periods for the periods January first, nineteen hundred seventy-four through August second, two thousand one, and the effective date of the property/casualty insurance availability act through June thirtieth, two thousand twenty-nine. The superintendent may, through duly promulgated regulations, waive any requirement for credit that the superintendent determines to be de minimis or impracticable, adopt forms of returns that shall be made to the superintendent in order to establish the amount of any credit due, establish periods and times for the determination and distribution of credits, and shall provide that insurers receive appropriate credit against any credits required by any such plan for policyholder dividends and for return premiums that may be due under rate credit or retrospective rating plans based on experience.

(b) If an insurer subject to this section distributes a credit pursuant to this section due to the reforms enacted in the state fiscal year two thousand twenty-six--two thousand twenty-seven budget, the insurer shall provide notice to policyholders of this credit and indicate that the credit was due to the reforms enacted in the state fiscal year two thousand twenty-six--two thousand twenty-seven budget. This notification shall be made at the time the credit is distributed.

(c) As used herein with respect to any three-year period, "anticipated underwriting profit" means the sum of the dollar amounts obtained by multiplying, for each rate filing of the insurer in effect during such

period, the earned premiums applicable to such rate filing during such period by the percentage factor included in such rate filing for profit and contingencies. Separate calculations need not be made for consecutive rate filings containing the same percentage factor for profits and contingencies. Underwriting gain or loss for each calendar year shall be computed as follows: the sum of the incurred losses and loss adjustment expenses as of March thirty-first of the following year, developed to an ultimate basis, plus the administrative and selling expenses incurred in the calendar year, plus policyholder dividends applicable to the calendar year, will be subtracted from the calendar year earned premium to determine the underwriting gain or loss.

(d) On or before March thirty-first of each year, an insurer subject to this section shall submit a report to the superintendent, in a format specified by the superintendent, demonstrating whether the insurer realized an excess profit for the three most recent calendar years combined. Such report shall include all relevant information required to calculate underwriting gain and loss and determine whether an excess profit threshold has been realized. If an insurer realized an excess profit, then the insurer shall notify the superintendent when the insurer has completed making any credits required by this section. If an insurer has realized an excess profit, the superintendent shall provide notice to the speaker of the assembly, the temporary president of the senate, the chair of the assembly insurance committee, the chair of the senate insurance committee, and the governor.

(e)(1) Each insurer subject to this section shall, by July first, two thousand twenty-seven, and annually thereafter, submit a report to the superintendent that:

(A) identifies and quantifies, in a manner prescribed by the superintendent, the estimated impact on losses, expenses, and premiums resulting from statutory or regulatory reforms enacted in or the result of the state fiscal year two thousand twenty-six--two thousand twenty-seven budget; and

(B) reflects such estimated impact in the insurer's proposed rates, rating plans, and rating rules.

(2) In reviewing any rate filing submitted after enactment of the state fiscal year two thousand twenty-six--two thousand twenty-seven budget, the superintendent shall consider the estimated impact of the

reforms described in paragraph one of this subsection and shall not approve any rate that, after such consideration, fails to meet the standards set forth in section twenty-three hundred three of this article.

(3) On or before December thirty-first, two thousand twenty-nine, the superintendent shall submit a report to the governor, the temporary president of the senate, the speaker of the assembly, the chair of the assembly insurance committee, and the chair of the senate insurance committee that:

(A) summarizes the estimated aggregate impact of the reforms described in paragraph one of this subsection on insurer losses, expenses, and premiums; and

(B) evaluates the extent to which such savings have been reflected in approved rates and realized by policyholders.

(4) The superintendent may promulgate regulations or guidance necessary to implement the provisions of this subsection.

§ 2330. No fault motor vehicle insurance rates; reflection of reduced exposure to loss. Where the principal operator of a motor vehicle or such operator's spouse is eligible for medicare benefits for items of basic economic loss specified in paragraph one of subsection (a) of section five thousand one hundred two of this chapter, or where the insurer's obligation to pay first party benefits for loss of earnings from work is reduced by virtue of the provisions of such subsection, the premium attributable to coverage under the automobile insurance policy for such items shall be appropriately modified to reflect the insurer's reduced exposure to loss.

§ 2331. Motor vehicle comprehensive insurance rates; age, sex or marital status. No filing of a rate, rating plan, rating rule or rate manual applicable to insurance for loss of or damage to a motor vehicle other than by collision or upset, shall be approved by the superintendent if the filing is based, in whole or in part, on the age, sex or marital status of an owner or operator of an insured motor vehicle unless such filing is supported by and reflective of actuarially

sound statistical data.

§ 2332. Non-commercial private passenger automobile insurance rates; experienced and inexperienced principal operators. With respect to non-commercial private passenger automobiles, no filing of a rate, rating plan, rating rule or rate manual applicable to motor vehicle collision insurance, the insurance provided for in section five thousand one hundred three of this chapter, bodily injury liability insurance or property damage liability insurance shall be approved by the superintendent unless, in accordance with a regulation issued after a public hearing, the filing reflects an appropriate rate differential between an experienced and inexperienced principal operator.

§ 2333. Non-commercial private passenger automobile insurance rates; apportionment of expenses. With respect to non-commercial private passenger automobiles, no filing of a rate, rating plan, rating rule or rate manual applicable to insurance for loss of or damage to a motor vehicle, the insurance provided for in section five thousand one hundred three of this chapter, bodily injury liability insurance or property damage liability insurance shall be approved by the superintendent, if the filing allocates all of an insurer's administrative expenses as a percentage of premium. Every insurer shall reasonably apportion such expenses among its policyholders. For the purpose of this section, administrative expenses includes general expenses and acquisition expenses other than commissions.

§ 2334. Non-commercial private passenger automobile insurance rates; merit rating plans. (a) The superintendent shall, after public hearing, promulgate a regulation, which may be amended from time to time, applicable to non-commercial private passenger automobile insurance merit rating plans which reflect an individual driver's experience with respect to accidents, claims or traffic violations. The regulation shall continue to encourage competition among insurers, but shall discourage merit rating plan provisions which may tend to create confusion or

misunderstanding among insureds. The regulation shall establish standards and limitations intended to insure that merit rating plans are reasonable, understandable and objective and are not unfairly discriminatory, inequitable, violative of public policy or otherwise contrary to the best interests of the people of this state.

(b) Insurers shall review their merit rating plans which were approved by the superintendent prior to the promulgation of the regulation required by this section and shall, before November first, nineteen hundred eighty-two, file with the superintendent statements that their merit rating plans conform with the regulation, or file appropriate amendments to their plans which will bring them into compliance with the standards of the regulation. Such amendments shall become effective upon approval by the superintendent.

*** § 2335. Motor vehicle liability insurance rates; prohibition of surcharges for certain accidents and traffic infractions.** No insurer authorized to transact or transacting business in this state, or controlling or controlled by or under common control by or with an insurer authorized to transact or transacting business in this state, which sells a policy providing motor vehicle liability insurance coverage in this state shall increase the policy premium in connection with the insurance permitted or required by this chapter solely because the insured or any other person who customarily operates an automobile covered by the policy:

(a) has had an accident that does not result in aggregate damage to property in excess of two thousand dollars, provided that any policy surcharge shall be permissible for any accident which results in bodily injury or if the insured has more than one accident in the merit rating experience period. Nothing in this subsection shall change the dollar amount of the accident reporting threshold required under paragraph one of subdivision (a) of section six hundred five of the vehicle and traffic law.

(b) has been found guilty of a traffic infraction under any of the provisions of the vehicle and traffic law provided, however, that this provision shall not apply to a conviction for a violation which occurred during the thirty-six month period ending on the last day of the fourth

month preceding the month of the effective date of the policy if such conviction consisted of:

(1) operating a motor vehicle at a speed of more than fifteen miles per hour in excess of the legal limit;

(2) operating a motor vehicle in excess of the speed limit, or in a reckless manner, where injury or death results therefrom;

(3) operating a motor vehicle in excess of the speed limit, or reckless driving, or any combination thereof, on three or more occasions;

(4) operating a motor vehicle while intoxicated or impaired by the consumption of alcohol;

(5) operating a motor vehicle while impaired by the use of a drug, within the meaning of section one thousand one hundred ninety-two of the vehicle and traffic law;

(6) homicide or assault arising out of the use or operation of a motor vehicle, or criminal negligence in the use or operation of a motor vehicle resulting in the injury or death of another person, or use or operation of a motor vehicle directly or indirectly in the commission of a felony;

(7) operating a motor vehicle while seeking to avoid apprehension or arrest by a law enforcement officer;

(8) filing or attempting to file a false or fraudulent automobile insurance claim, or knowingly aiding or abetting in the filing or attempted filing of any such claim;

(9) leaving the scene of an incident without reporting;

(10) filing a false document with the department of motor vehicles, or using a license or registration obtained by filing a false document with the department of motor vehicles;

(11) operating a motor vehicle in a race or speed test;

(12) knowingly permitting or authorizing an unlicensed driver to operate a motor vehicle insured under the policy;

(13) operating a motor vehicle insured under the policy without a valid license or registration in effect, except when the person convicted had possessed a valid license or registration which had expired and was subsequently renewed, or during a period of revocation or suspension thereof, or in violation of the limitations applicable to a license issued pursuant to article twenty-one or article twenty-one-a

of the vehicle and traffic law; or

(14) two or more moving violations of any other provision of the vehicle and traffic law;

(c) has had a temporary suspension of a driver's license pending a hearing, prosecution or investigation or an indefinite suspension of a driver's license which is issued because of the failure of the person suspended to perform an act, which suspension will be terminated by the performance of the act by the person suspended, or has had more than one such temporary or indefinite suspension arising out of the same incident issued against him or her, provided that the foregoing provisions of this section shall not apply if such suspension or suspensions has or have not been terminated on or before the effective date of the policy; or

(d) with respect to a non-commercial private passenger automobile insurance policy, has had an accident while operating a commercial vehicle in the course of employment and in the discharge of the employee's duties at the time of the accident, unless the accident is determined to have been caused by the intentional action or gross negligence of the insured.

* NB Expires July 1, 2026

§ 2335-a. Prohibition of rate increases for persons involved in emergency use of vehicles. No insurer authorized to transact or transacting business in this state, or controlling or controlled by or under common control by or with an insurer authorized to transact or transacting business in this state, which sells a policy providing motor vehicle liability insurance coverage in this state shall increase the policy premium in connection with the insurance permitted or required by this chapter solely because the insured or any other person who customarily operates an automobile covered by the policy has had an accident while operating a motor vehicle in response to an emergency, where the insured was either responding to a call to duty as a paid or volunteer member of any police or fire department or first aid squad; or was performing any other function on behalf of the state, any political subdivision thereof, a public authority, public benefit corporation, or any other governmental agency or instrumentality in a public emergency.

§ 2336. Motor vehicle liability, comprehensive and collision insurance rates; premium reductions in certain cases. * (a) (1) Any schedule of rates or rating plan for motor vehicle liability and collision insurance submitted to the superintendent shall provide for an actuarially appropriate reduction in premium charges for any insured for a three year period after successfully completing a motor vehicle accident prevention course, known as the national safety council's defensive driving course, or any driver improvement course approved by the department of motor vehicles as being equivalent to the national safety council's defensive driving course, provided that, except as provided in article twelve-C of the vehicle and traffic law, there shall be no reduction in premiums for a self-instruction defensive driving course or a course that does not provide for actual classroom instruction for a minimum number of hours as determined by the department of motor vehicles. Such reduction in premium charges shall be subsequently modified to the extent appropriate, based upon analysis of loss experience statistics and other relevant factors. All such accident prevention courses shall be monitored by the department of motor vehicles and shall include components of instruction in "Road Rage" awareness and in "Work Zone Safety" awareness as defined by the commissioner of motor vehicles. The provisions of this section shall not apply to attendance at a program pursuant to article twenty-one of the vehicle and traffic law as a result of any traffic infraction.

(2) Any insured who successfully completes a course pursuant to this subsection and receives a premium reduction on the insured's insurance policy covering the for-hire vehicle, shall not, during the period set forth in subsection (e) of section two thousand three hundred fifty-three of this article, also be eligible for an additional premium reduction on the insured's commercial risk insurance policy covering the for-hire motor vehicle for successful completion of the for-hire safety motor vehicle course authorized under section two thousand three hundred fifty-three of this article.

* NB Effective until April 1, 2028

* (a) (1) Any schedule of rates or rating plan for motor vehicle liability and collision insurance submitted to the superintendent shall

provide for an actuarially appropriate reduction in premium charges for any insured for a three year period after successfully completing a motor vehicle accident prevention course, known as the national safety council's defensive driving course, or any driver improvement course approved by the department of motor vehicles as being equivalent to the national safety council's defensive driving course, provided that in either event there shall be no reduction in premiums for a self-instruction defensive driving course or a course that does not provide for actual classroom instruction for a minimum number of hours as determined by the department of motor vehicles. Such reduction in premium charges shall be subsequently modified to the extent appropriate, based upon analysis of loss experience statistics and other relevant factors. All such accident prevention courses shall be monitored by the department of motor vehicles and shall include components of instruction in "Road Rage" awareness and in "Work Zone Safety" awareness as defined by the commissioner of motor vehicles. The provisions of this section shall not apply to attendance at a program pursuant to article twenty-one of the vehicle and traffic law as a result of any traffic infraction.

(2) Any insured who successfully completes a course pursuant to this subsection and receives a premium reduction on the insured's insurance policy covering the for-hire vehicle, shall not, during the period set forth in subsection (e) of section two thousand three hundred fifty-three of this article, also be eligible for an additional premium reduction on the insured's commercial risk insurance policy covering the for-hire motor vehicle for successful completion of the for-hire safety motor vehicle course authorized under section two thousand three hundred fifty-three of this article.

* NB Effective April 1, 2028

* (b) Any schedule or rating plan for non-commercial private passenger automobile insurance shall provide for an appropriate reduction in premium charges for personal injury protection and medical payment coverages with respect to any insured vehicle equipped with a passive occupant restraint system for front-seat passengers. Such discount shall apply to passive occupant restraint systems that meet applicable federal or appropriate equivalent standards. With respect to vehicles other than non-commercial private passenger automobiles, any schedule rating plan

shall include an appropriate premium credit which reflects the existence of such a passive occupant restraint system.

* NB Expires July 1, 2026

(c) Any schedule or rating plan for non-commercial private passenger automobile insurance shall also provide for an appropriate reduction in premium charges for bodily injury liability, property damage liability, personal injury protection, medical payment and collision coverages with respect to automobiles equipped with factory installed anti-lock brakes, or such other safety devices which the superintendent determines, after a public hearing, may be expected to reduce losses for such coverages. In determining the appropriate reductions, consideration shall be given to other safety discounts that already apply to the coverages affected.

(d) Premium charge reductions made pursuant to the provisions of subsection (a) of this section shall be effective upon issuance of a certificate of completion to the insured and such premium charge reduction shall be calculated from such completion date unless such completion certificate is presented within forty-five days prior to the renewal of the policy, in which case the insurer may elect to commence the discount upon the first day of the new policy period for the full term of statutory discount; provided, however, that if the certificate of completion is not presented to the insurer within ninety days after completion of the course the insurer may, at its discretion, apply the premium discount from the date such certificate was presented rather than the date of completion. A discount applied during a policy period shall be prorated over the term of the policy.

(e) Any schedule or rating plan for non-commercial private passenger automobile insurance shall provide for an appropriate reduction in premium charges for comprehensive coverage with respect to any insured vehicle equipped with an operational anti-theft and recovery device consisting of an electronic homing device used in conjunction with a participating police agency and using a radio frequency network allocated by the Federal Communications Commission; provided, however, that in no event shall the non-use of this device or any other anti-theft device constitute grounds for an increase in policy premiums or cancellations or non-renewal of a non-commercial private passenger automobile insurance policy.

(f) (1) Any schedule or rating plan for non-commercial private

passenger automobile insurance shall provide for an appropriate reduction in premium charges for comprehensive coverage with respect to any insured vehicle equipped with window glass etched with the vehicle identification number or any other unique identifying symbol. The term "window glass" shall include not less than the windshield, door glass, rear window, T-top and the moon/sun roof of the insured vehicle.

(2) In order to qualify for a comprehensive premium discount pursuant to paragraph one of this subsection, the window glass etching performed on vehicles on or after the effective date of this paragraph shall meet the following standards:

(i) Etching shall be a vehicle identification number comprising seventeen digits as mandated for all vehicles sold in the United States pursuant to the United States Motor Vehicle Theft Act of 1984 or, if approved by the superintendent, with a unique identifying symbol. The windshield and rear window shall be etched within one inch from the bottom and the windshield shall be etched in close proximity to the vehicle identification number.

(ii) Etched indicia (numbers and letters of the seventeen digit vehicle identification number), when utilizing the vehicle identification number of the subject vehicle, shall be verified by input through a computer program with a checking algorithm prior to being etched onto any vehicle. In the event that a unique identifying symbol is utilized, the vendor utilizing such symbol shall provide a toll-free number to all vehicle owners, to be applied on vehicle window surface by decal.

(iii) Etched indicia shall not be greater than one-third inch in height nor less than one-eighth inch in height.

(iv) Auto glass etching shall be done by a laser, chemical process or mechanical process. Products used to etch vehicles in compliance with this section, whether comprising chemical or other methods of etching window glass, shall be products within the marketplace which are lawfully sold and delivered to consumers within New York state.

(v) Window etchings shall result in etched indicia within the surface of vehicle window glass which are permanent and cannot be removed without destroying the vehicle window. However, etching sufficient to achieve permanent markings shall not exceed a depth in the surface of the window which would affect the window's structural integrity.

(vi) A message line may be included below the etched vehicle identification number which directs callers to a registry listing etched vehicle identification numbers and unique identifying symbols for assistance in reporting and identifying stolen vehicles.

(vii) Nothing in this paragraph shall relieve an insurer from continuing to provide discounts pursuant to paragraph one of this subsection for etching installed on window glass prior to the effective date of this paragraph, notwithstanding any departure of such etchings from the standards provided for pursuant to this paragraph.

(g) Any schedule or rating plan for non-commercial private passenger automobile insurance shall also provide for an actuarially appropriate reduction in premium charges for bodily injury liability, property damage liability, personal injury protection, medical payments and collision coverage with respect to automobiles equipped with factory installed daytime running lamps (DRL).

(h) Any schedule or rating plan applicable to commercial risk insurance for motor vehicles weighing in excess of ten thousand pounds shall provide for an actuarially appropriate reduction in premium charges for bodily injury liability, property damage liability, personal injury protection, medical payments and collision coverage with respect to such motor vehicles equipped with factory installed auxiliary running lamps. Such lamps shall be designed to reduce accidents by increasing vehicle visibility during the day and night. The superintendent shall, after consulting with the departments of motor vehicles and transportation, promulgate rules and regulations establishing the qualifications and standards for the approval, utilization and installation of such lamps.

§ 2336-a. Snowmobile liability insurance rates; premium reductions in certain cases. Any schedule of rates or rating plan for snowmobile liability insurance submitted to the superintendent may provide for an actuarially appropriate reduction in premium charges for any insured who has successfully completed a snowmobile safety course which has been approved by the commissioner of parks, recreation and historic preservation.

§ 2336-b. Boat liability insurance rates; premium reductions in certain cases. (a) Any schedule of rates or rating plan for boat liability insurance submitted to the superintendent shall provide for an appropriate reduction in premium charges, as described in section seventy-eight-a of the navigation law, for any insured who has successfully completed a boating safety course or an advanced boating safety course which meets the requirements of part five of article four of the navigation law and has been approved by the commissioner of parks, recreation and historic preservation. The provisions of this section shall not apply to attendance at a course pursuant to sections forty-five or forty-nine of the navigation law as a result of any boating infraction.

(b) For the purposes of this section:

(1) the term "boat" shall mean any residential or pleasure vessel that is not a crew racing shell as defined in section two of the navigation law.

(2) the term "boating safety course" or "advanced boating safety course" shall mean a course of instruction or advanced course of instruction that has been approved by the commissioner of parks, recreation and historic preservation pursuant to section seventy-nine of the navigation law.

(3) the term "boating safety certificate" shall mean a document which cannot be altered and which is provided to a person who successfully completes a boating safety course or advanced boating safety course pursuant to section seventy-eight of the navigation law.

(c) An insurer, upon approval of the superintendent, may upon submission of a completion certificate by an insured, provide an actuarially appropriate reduction of the premium for such insured's yacht or boating liability insurance.

(d) The superintendent may establish, by rule or otherwise, standards or guidelines to be used to accomplish the provisions of this section.

§ 2337. Private passenger automobile physical damage insurance; statistics on use of anti-theft devices and the maximum discount for all anti-theft devices. (a) In accordance with procedures prescribed by the

superintendent pursuant to the provisions of subsection (a) of section two thousand three hundred fifteen of this article, each insurer which offers physical damage insurance subject to the provisions of section three thousand four hundred eleven of this chapter shall maintain statistics of the fire, theft and comprehensive insurance experience of its insureds whose automobiles are and are not equipped with anti-theft devices. Such statistics shall include the name, type and manufacturer of such devices. The superintendent shall direct that insurers appropriately modify the premium attributable to fire, theft and comprehensive coverages for automobiles equipped with such devices, to reflect reduced exposure to loss.

(b) The maximum discount on theft and comprehensive motor vehicle insurance coverage for all anti-theft devices provided for in this article shall be an appropriate discount based solely on sound actuarial practices and limited only by sound actuarial determinations.

§ 2338. Appeal from rate service organization action. (a) This section shall apply only to kinds of insurance the rates for which are subject to prior approval pursuant to subsection (b) of section two thousand three hundred five of this article.

(b) Any member of or subscriber to a rate service organization may appeal to the superintendent from the action or decision of the rate service organization in approving or rejecting any proposed change in or addition to its filings. The superintendent, within thirty days after the filing of such appeal, shall hold a hearing upon not less than ten days' written notice to the appellant and to the rate service organization. After the hearing the superintendent shall issue an order approving the action or decision of the rate service organization or directing it to give further consideration to such proposal, or, if such appeal is from the action or decision of the rate service organization in rejecting a proposed addition to its filings, he may, in the event he finds that such action or decision was unreasonable, issue an order directing the rate service organization to make an addition to its filings, on behalf of its members and subscribers, in a manner consistent with his findings, within a reasonable time after the issuance of such order.

(c) If the appeal is based upon the failure of the rate service organization to make a filing on behalf of such member or subscriber which is based on a system of expense provisions which differs, in accordance with the right granted in subsection (d) of section two thousand three hundred four of this article, from the system of expense provisions included in a filing made by the rate service organization, the superintendent shall, if he grants the appeal, order the rate service organization to make the requested filing for use by the appellant. In deciding the appeal the superintendent shall apply the standards set forth in section two thousand three hundred three of this article.

§ 2339. Charging or receiving of rates; deviations. (a) This section shall apply only to kinds of insurance the rates for which are subject to prior approval pursuant to subsection (b) of section two thousand three hundred five of this article.

(b) No member of or subscriber to a rate service organization, and no insurer which makes and files its own rates, shall charge or receive any rate which deviates from the rates, rating plans, classifications, schedules, rules and standards made and filed by such rate service organization, or by such insurer, as the case may be, which are applicable to any kind or type of business done by such member or subscriber, or by such insurer, except as provided in this article.

(c) Any insurer which is a member of or subscriber to a rate service organization may make written application to the superintendent for permission to deviate from the rates, schedules, rating plans or rules filed on its behalf by the rate service organization. The application shall specify the basis for the modification and a copy shall also be sent simultaneously to such rate service organization. In considering the application to deviate the superintendent shall give consideration to the available statistics and the principles for rate making as provided in section two thousand three hundred four of this article. If the superintendent finds the deviation to be justified, he shall approve it to be effective for a period to be fixed by him, but in no event for a period of less than one year, unless sooner terminated by the applicant with the permission of the superintendent or unless sooner

withdrawn or appropriately adjusted by an order of the superintendent made in accordance with the provisions of this article generally applicable to rate filings. If the superintendent finds that the deviation applied for does not meet the requirements of this article, he shall send to the applicant written notice of his disapproval, specifying in what respects he finds it fails to meet the requirements of this article. The superintendent shall inform the rate service organization of his action upon the deviation application.

(d) (1) Notwithstanding any other provision of law, except as provided in paragraph three of this subsection, the state insurance fund shall not charge an insured any rate, or receive from an insured any rate in excess of the total of (i) the applicable loss cost approved by the superintendent, (ii) the applicable expense component of the state insurance fund and (iii) a fair and reasonable differential charge which takes into consideration the nature and hazards of the insured's business or operations, the insured's prior loss experience, the insured's prior and presently existing safety practices, the insured's prior premium payment history, the number of persons the insured employs in such business or operations and the specific type of work they perform, the insured's prior and current compliance with obligations imposed upon the insured by the workers' compensation law and other laws which require premium or other payments by the insured on the basis of earnings and other remuneration earned by persons engaged in the furtherance of the insured's enterprise or enterprises, the promptness and completeness of such reports as the insured has filed on accidents and claims, and such other factors as may be relevant to the appraisal of the insured or proposed insured as a risk in whole.

(2) A differential charge applied by the state insurance fund to a workers' compensation and employer's liability insurance policy may be challenged by the insured by an appeal to the superintendent after an exhaustion by the insured of all internal review procedures of the state insurance fund as established by rules adopted by the commissioners of the state insurance fund and filed with the secretary of state; provided that a writing setting forth the grounds upon which such appeal is based is served and filed with the superintendent and with the secretary to the board of commissioners of the state insurance fund within thirty days after a final determination by the state insurance fund. Appeals to

the superintendent shall be determined upon papers and documents that were before the state insurance fund in connection with the internal review procedures, the writing setting forth the grounds of the insured's appeal and any answer to such appeal served by the state insurance fund upon the insured and filed with the superintendent within thirty days after the service of the insured's notice.

(3) The provisions of this section shall not apply to a policy sold by the state insurance fund under article six-G of the executive law. The rate which the state insurance fund may charge under such article shall be governed only by such regulations or guidelines as the superintendent may issue.

§ 2340. Credit property insurance. (a) The superintendent may promulgate regulations covering the business of credit property insurance.

(b) "Credit property insurance" means insurance against loss of or damage to personal property covering a creditor's security interest in such property when insurance is written as a part of a credit transaction.

*** § 2341. Prohibition against the use of employment, education, homeownership, and zip code for private passenger motor vehicle insurance rates.** (a) An insurer shall not use the following factors as the sole basis for initial tier placement, tier movement, or the establishment of rates for motor vehicle insurance subject to section three thousand four hundred twenty-five of this chapter:

(1) occupational status or type of occupation;

(2) education level attained;

(3) homeownership; and

(4) the zip code in which the motor vehicle is principally garaged, provided, however, that an insurer may use a group of contiguous zip codes in accordance with section two thousand three hundred seven of this article.

(b) Nothing in this section shall be construed to prohibit:

(1) consideration of occupational status or type of occupation to

determine whether a motor vehicle is used for a business or commuting purpose; or

(2) consideration of occupation to the extent strictly necessary to offer policies pursuant to a mass merchandising plan; or

(3) any actuarially justified discounts approved by the superintendent.

* NB Effective November 23, 2026

§ 2342. Expiration of certain provisions. The provisions of subsection (c) of section two thousand three hundred seven, section two thousand three hundred eight, subsection (a) of section two thousand three hundred ten, sections two thousand three hundred sixteen, two thousand three hundred twenty, two thousand three hundred twenty-three, two thousand three hundred twenty-six, and two thousand three hundred thirty-five, and subsection (b) of section two thousand three hundred thirty-six of this article shall cease to be of any force or effect during the period August third, two thousand one through the day before the effective date of the property/casualty insurance availability act, and after June thirtieth, two thousand twenty-nine.

§ 2343. Medical malpractice insurance rates; special additional provisions regarding such rates. (a) Whereas the provisions of a chapter of the laws of nineteen hundred eighty-five regarding medical and dental malpractice will have both a prospective and retrospective effect upon the loss experience of physicians, dentists and hospitals professional liability insurers, including the medical malpractice insurance association, the superintendent is directed forthwith to review rates previously in effect for the period commencing July first, nineteen hundred eighty-four and ending June thirtieth, nineteen hundred eighty-five, and, where appropriate, require modification of such rates for such period.

(b) Any such modified rate shall remain in effect as a provisional rate for the period commencing July first, nineteen hundred eighty-five and ending on November thirtieth, nineteen hundred eighty-five. The superintendent, subsequent to December first, nineteen hundred

eighty-five, shall approve final rates for the period commencing July first, nineteen hundred eighty-five and ending June thirtieth, nineteen hundred eighty-six. No insurer shall have the duty to file for final rates for the period commencing July first, nineteen hundred eighty-five prior to December first, nineteen hundred eighty-five.

(c) Notwithstanding any other provision of this chapter, no application for an order of rehabilitation or liquidation of a domestic insurer whose primary liability arises from the business of medical malpractice insurance, as that term is defined in subsection (b) of section five thousand five hundred one of this chapter, shall be made on the grounds specified in subsection (a) or (c) of section seven thousand four hundred two of this chapter at any time prior to December thirty-first, two thousand twenty-eight.

(d) The superintendent shall promulgate a regulation, which may be amended from time to time, establishing a physicians professional liability insurance merit rating plan applicable to medical malpractice insurance coverage whether written as an individual policy or through a voluntary attending physician ("channeling") program previously permitted by the superintendent which reflects an individual physician's or surgeon's experience with respect to incidents or occurrences of alleged medical malpractice. The regulation shall establish standards and limitations intended to insure that merit rating plans are reasonable and are not unfairly discriminatory, inequitable, violative of public policy or otherwise contrary to the best interests of the people of this state. Such regulation shall include:

(1) reasonable standards to be applied in arriving at premium rates, surcharges and discounts based on an evaluation of the hazards of the insured, geographical area, specialties of practice, past and prospective loss and expense experience for medical malpractice insurance written and to be written in this state, trends in the frequency and severity of losses, and the limited nature, if any, of the practice of the insured;

(2) rules for recognizing experience of individual risks;

(3) any other factors deemed relevant in a system of merit rating for the purpose of establishing equitable merit rates.

The superintendent shall also consider, in establishing such

regulation, whether premium rates unfairly burden physicians who are initiating their practice, those who are transitioning to retirement or those who practice part-time or hold academic positions.

Insurers shall review merit rating plans which were approved by the superintendent prior to the promulgation of the regulation required by this subsection and shall, before January first, nineteen hundred eighty-six, file with the superintendent statements that their merit rating plans conform with the regulation, or file an appropriate plan or amendments to their existing plans which will bring them into compliance with the standards of the regulation. Any such amendments shall become effective upon approval by the superintendent.

(e) The superintendent may approve an appropriate premium reduction for an insured physician who successfully completes a risk management course, which must be approved by the superintendent subject to such standards as the superintendent may prescribe by regulation. In prescribing such regulation the superintendent may consult with the commissioner of health.

*** § 2344. Flexible rate limitations in problem markets.** (a) As used in this section:

(1) "Market" means a line, subline or classification (other than a classification delineated by geographic location) of property/casualty insurance risks whose coverages are not subject to subsection (b) of section two thousand three hundred five, section two thousand three hundred twenty-eight, section three thousand four hundred twenty-five, or three thousand four hundred forty-six of this chapter.

(2) "Rate" means charge per unit of exposure (whether such rate is manually generated or based upon judgment) for a particular market.

(b) The superintendent shall by regulation establish annual limitations upon rate level increases or decreases which may take effect without prior approval with respect to a market. The regulation shall be designed to restore and promote stability in such markets. Upon a determination made that, as to a particular market, competition is either sufficient to assure that rates will not be excessive or that such market is conducted in a manner not resulting in inadequate rates,

not destructive of competition or detrimental to the solvency of insurers, the superintendent shall exempt such market from the limitations set forth in such regulation. The superintendent, upon a determination that annual limitations are necessary to restore and promote stability in such a market, shall thereafter withdraw or modify such exemption. The superintendent shall whenever he deems it appropriate hold a hearing, on a record and at which representatives of consumers and other interested parties may participate, for the purpose of determining, on the basis of findings of fact and conclusions, whether an exemption (or withdrawal or modification thereof) of any market is appropriate. The initial hearing for such purpose shall be held within sixty days of the effective date of this section, and the superintendent shall act expeditiously in determining whether to exempt any market.

(c) Limitations established or modified pursuant to subsection (b) of this section may vary by market and, in establishing or modifying such limitations, the superintendent may consider such factors as: the extent and nature of competition; size and significance of the coverage; level and range of rates and rate changes among insurers; investment and underwriting experience of insurers; reinsurance availability; extent of consumer complaints to the department of financial services; extent of denials and restrictions of coverage; volume of cancellations and nonrenewals; or changing conditions in the economic, judicial and social environment.

(d) (1) Notwithstanding any other provisions of this article, in any market governed by such regulation and not exempted by the superintendent pursuant to this section, filings that produce rate level changes within the limitations specified in such regulation shall become effective without prior approval pursuant to subsection (a) of section two thousand three hundred five of this article; filings which produce rate level changes beyond such limitations shall not become effective until approved by the superintendent pursuant to subsection (b) of section two thousand three hundred five of this article, except that filings shall be deemed approved unless disapproved by the superintendent within thirty days, which the superintendent may with cause extend an additional thirty days and with further cause extend an additional fifteen days.

(2) No insurer shall cause an expiring policy to be renewed with another insurer under common control, as defined by paragraph sixteen of subsection (a) of section one hundred seven of this chapter in order to avoid the limitations established by this section. An insurer may renew an expiring policy with another insurer under common control based upon underwriting criteria or other valid business reasons.

(e) The superintendent shall by regulation establish reasonable standards for rating plans (including experience rating plans, schedule rating plans, individual risk premium modification plans and expense reduction plans) designed to modify rates in the development of premiums for individual risks insured in a property/casualty market. Such standards shall permit recognition of expected differences in loss or expense characteristics, and shall be designed so that such plans are reasonable and equitable in their application, and are not unfairly discriminatory, violative of public policy or otherwise contrary to the best interests of the people of this state. Such standards shall not prevent the development of new or innovative rating methods which otherwise comply with this article. Such rating plans shall be filed or refiled by insurers in compliance with the regulation. The superintendent shall review such plans, and may without a hearing disapprove a plan that does not comply with the regulation. The regulation shall establish maximum debits and credits that may result from the application of a rating plan, shall encourage loss control, safety programs and other methods of risk management, and shall require insurers to maintain documentation of the basis for the debits or credits applied under any plan. Once it has been filed and approved, use of the rating plan shall become mandatory and such plan shall be applied uniformly for eligible risks in a manner that is not unfairly discriminatory.

(f) The superintendent shall review all rates filed between June first, nineteen hundred eighty-six, and the effective date of the regulation promulgated pursuant to subsection (b) of this section, and shall, on a selective basis, review rates established prior to June first, nineteen hundred eighty-six, including rates not manually rated, to determine whether they comply with the applicable standards prescribed by this article for purposes of the annual limitations established or modified pursuant to subsection (b) of this section. In

establishing priorities for such selective review, the superintendent shall give consideration to markets which have been subject to the largest rate changes in the twelve month period prior to June first, nineteen hundred eighty-six and to markets affecting the greatest number of risks; the superintendent shall to the extent material also give consideration to the criteria set forth in subsection (c) of this section. In addition, the superintendent shall to the fullest extent possible review markets not manually rated, for the purpose of determining whether a manual rate is appropriate and shall, upon a determination of appropriateness, require that a manual rate be developed for such market. If the superintendent determines that the reviewed rate pursuant to the mandatory or selective review specified by this subsection does not comply with the applicable standards prescribed by this article, the insurer shall be afforded an opportunity to be heard and shall file in accordance with such determination prospective rates applicable to new and renewal policies. Except as to the procedures set forth in this subsection, nothing contained in this subsection shall be construed to alter, limit, modify, enlarge or abrogate any right of any insurer or any power or authority of the superintendent under any other provision of this chapter.

(g) (1) Within ninety days after the effective date of this section every insurer licensed to write property/casualty coverages in regard to a market not exempted pursuant to subsection (b) of this section and affected by the statutory provisions specified in this paragraph shall file with the superintendent rates, for each such market written by the insurer, appropriately modified to reflect the likely reductive cost effects reasonably attributable to any newly enacted statutory provisions of the civil practice law and rules, court of claims act and not-for-profit corporation law. Such filings shall contain a specific explanation of the reductive cost effects (which shall also be expressed in amounts or percentages) ascribed to such statutory provisions, in a form prescribed by the superintendent. In regard to a market not subject to this section or exempted pursuant to this section, subsequent filings shall reflect likely reductive cost effects reasonably attributable to such statutory provisions appropriate to such market.

(2) The superintendent shall determine whether the rates filed pursuant to paragraph one of this subsection reasonably reflect the

likely reductive cost effects attributable to the statutory provisions specified in paragraph one of this subsection.

(3) In the event that the superintendent determines that the likely reductive cost effects are not properly reflected in such rates, the basis for such determination shall be stated and, within thirty days after receipt of such determination, the affected insurer may request a hearing. All policies written or renewed on or after the effective date of the statutory provisions specified in paragraph one of this subsection shall be subject to appropriate premium adjustments in the event the superintendent's determination is sustained, and the insurer shall maintain its records in regard to each such policy for a period of no less than six years in order to verify that appropriate adjustments have been made.

(4) For purposes of the annual limitations established pursuant to subsection (b) of this section, the rates determined by the superintendent to reasonably reflect the likely reductive cost effects of the provisions specified in paragraph one of this subsection shall be treated as if they had been in effect for the twelve month period prior to the date of such determination.

(h) This section shall cease to be of any force or effect during the period August third, two thousand one through the day before the effective date of the property/casualty insurance availability act, and after June thirtieth, two thousand twenty-nine, except that rates shall reflect the likely reductive cost effects reasonably attributable to the statutory provisions specified in paragraph one of subsection (g) of this section.

* NB Expires July 1, 2029

§ 2345. Disclosure of premium reductions and surcharges.

(a) Every authorized insurer shall specify the nature of each premium reduction or surcharge applied on a non-commercial motor vehicle insurance policy.

(b) The insurer shall also specify the total dollar amount attributable to all surcharges and the dollar amount attributable to each reduction.

(c) The disclosures shall be made on either the premium bill, the

declarations page or a notice accompanying the premium bill or the declarations page, when the surcharge or reduction is initially made and thereafter at each policy renewal.

§ 2346. Reduction in rates of fire insurance, homeowners insurance or property/casualty premiums for residential property. 1. The superintendent may provide for a reduction in the rates of fire insurance premiums or the fire insurance component of homeowners insurance premiums applicable to residential real property equipped with smoke detecting alarm devices, approved sprinkler systems or fire extinguishers, should a statistically valid study of insurer experience indicate an actuarially significant decrease in losses in the aforementioned circumstances. The reductions provided for shall be proportionally related to the actuarially calculable decrease in losses in the aforementioned circumstances.

2. The superintendent may provide for a reduction in the rates of homeowners insurance premiums applicable to residential real property equipped with dead-bolt locks, should a statistically valid study of insurer experience indicate an actuarially significant decrease in losses attributable to the use of such a device. The superintendent shall by regulation establish standards for dead-bolt locks for which a reduction may be approved. The reductions provided for shall be proportionally related to the actuarially calculable decrease in losses attributable to the use of such a device.

3. The superintendent shall provide for an actuarially appropriate reduction in the rates of homeowner's insurance premiums applicable to residential real property fitted or retrofitted with hurricane/storm shutters. The superintendent shall by regulation establish standards for hurricane/storm shutters, including the safe and secure installation thereof.

4. The superintendent shall provide for an actuarially appropriate reduction in the rates of homeowner's insurance premiums applicable to residential real property fitted or retrofitted with hurricane resistant

laminated glass windows or doors. The superintendent shall by regulation establish standards for hurricane resistant laminated glass windows and doors, including the safe and secure installation thereof.

5. (a) Definitions. For the purposes of this subsection, the following terms shall have the following meanings:

(1) "Completion certificate" means a document which cannot be altered and which is provided to a person who successfully completes a homeowner natural disaster preparedness, home safety and loss prevention course.

(2) "Natural disaster" means the occurrence or imminent threat of widespread catastrophic or severe damage, injury, or loss of life or property resulting from any natural cause including, but not limited to, fire, flood, earthquake, hurricane, tornado, high water, landslide, mudslide, wind, storm, wave action, ice storm, epidemic, air contamination, blight, drought, infestation, explosion, water contamination, bridge failure, or bridge collapse.

(3) "Homeowner natural disaster preparedness, home safety and loss prevention course" means a natural disaster preparedness, home safety and loss prevention course that has been submitted to the superintendent for their information and review by an applicant. Such course may provide useful information to participants on items including, but not limited to: courses of action that can be taken before, during and after the occurrence of a natural disaster, strategies to reduce risk exposure to insured residential property owners and renters, and information about the installation of equipment, devices or other capital improvements to real property which can help to eliminate or mitigate damage to real or personal property, personal injury or the loss of life caused by a natural disaster or other insurable event or occurrence of a fire, theft, burglary, personal injury or property damage.

(4) "Applicant" means an insurer, or any other person, agency or organization which submits a proposed homeowner natural disaster preparedness, home safety and loss prevention course to the superintendent for their information and review, and who or which is prepared and able to offer such course to insureds upon the approval thereof.

(b) The superintendent may provide for an actuarially appropriate reduction for a period of three years in rates of homeowner's insurance

and property/casualty insurance premiums applicable to residential real property for each triennial completion of a homeowner natural disaster preparedness, home safety and loss prevention course by the insured occupant of such residential real property. In addition, the superintendent may also provide for actuarially appropriate reductions in such rates for the installation of equipment, devices or other capital improvements to real property which can help to eliminate or mitigate natural disaster damage, improve home safety or prevent other losses.

(c) An insurer, upon approval of the superintendent, may upon submission of a completion certificate by an insured, provide an actuarially appropriate reduction, for a period of three years, of the premium for such insured's homeowner's insurance or property/casualty insurance on the residential real property which is the insured's place of residence.

(d) The superintendent may establish, by rule or otherwise, standards or guidelines to be used by the superintendent when reviewing the proposed homeowner natural disaster preparedness, home safety and loss prevention courses.

§ 2346-a. Reduction in rates of certain commercial risk insurance premiums for real property. The superintendent shall provide for an actuarially appropriate reduction in the rates of premiums for certain commercial risk insurance, as defined in subparagraph (A) of paragraph forty-seven of subsection (a) of section one hundred seven of this chapter, to a purchaser of such insurance and shall also provide such reduction to a public entity as defined in paragraph fifty-one of subsection (a) of section one hundred seven of this chapter for the loss of or damage to real property fitted or retrofitted with hurricane resistant laminated glass windows or doors. The superintendent shall by regulation establish standards for hurricane resistant laminated glass windows and doors, including the safe and secure installation thereof.

§ 2347. Workers' compensation rate changes. (a) Any rate change affecting the general rate level for the kind of insurance authorized by

paragraph fifteen of subsection (a) of section one thousand one hundred thirteen of this chapter and pursuant to the provisions of section two thousand three hundred two of this article shall be approved by the department no later than the fifteenth day of July for the year in which the rate change is to take effect, provided that (1) the filing is submitted on or after the fifteenth day of April and before the fifteenth day of July of that same year, and (2) any such rate change shall not take effect until on or after October first of that same year.

(b) In all cases other than those described in subsection (a) of this section, rate filings shall be approved by the department not less than seventy-five days before the effective date of such rates filed.

(c) Every insurer shall notify any insured affected by a rate change subject to this section affecting the general rate level made by it of that change at least thirty days prior to the date of any billing for such rate change made by the insurer. Such notice shall include an estimate of the increase as well as an explanation of the nature of the increase, and cost factors associated with said increase.

(d) Premiums based upon a rate change subject to this section affecting the general rate level shall be payable by an insured on an installment basis of not less than two payments per policy period, should the insured so choose, for any policy with a premium in excess of one thousand dollars.

(e) The department shall make available to the public a list of rate changes subject to this section affecting the general rate level by industry classification within fifteen days from the date the department approves any rate changes.

§ 2348. Anti-theft and fraud savings. In the review and approval of rate filings submitted pursuant to section two thousand three hundred twenty-eight or section two thousand three hundred fifty of this article, the superintendent shall take steps appropriate to ensure that the rates of each insurer reflect that insurer's savings resulting from reduced theft and fraud due to the impact of anti-theft and anti-fraud programs supported by the New York motor vehicle theft and insurance fraud prevention fund.

§ 2349. Multi-tier program. (a) An insurer may make available a multi-tier program, with more than one rate level in the same company, for private passenger motor vehicle insurance in the voluntary market, provided that:

(1) the program and the insurer's business plan encourage depopulation of the assigned risk plan established by article fifty-three of this chapter;

(2) the program is based upon mutually exclusive underwriting rules per tier, to the extent feasible;

(3) credits and surcharges pursuant to an approved rating plan can be applied on a per tier basis; and

(4) the program conforms to regulations promulgated by the superintendent.

(b) For an insurer with an approved multi-tiering program, the provisions of subsection (f) of section three thousand four hundred twenty-five of this chapter shall apply in all respects, except that the two percent limitation set forth therein shall:

(1) not apply to any risk moved from a tier to a lower-rated tier; and

(2) be deemed to be three percent for risks moved from a tier to a higher-rated tier.

*** § 2350. Flexible rating for nonbusiness automobile insurance policies.** (a) Except as provided in subsection (b) of this section, overall average (for all coverages combined) rate level increases or decreases of five percent above or below the insurer's rates in effect may take effect without prior approval with respect to rates for policies covering losses or liabilities arising out of the ownership of a motor vehicle predominantly used for nonbusiness purposes, including classification plans predominantly consisting of vehicles used for nonbusiness purposes, when a natural person is the named insured under a policy of automobile insurance.

(b) Notwithstanding any other provisions of this article, for any policies governed by this section, filings that produce rate level changes within the limitation specified in subsection (a) of this section shall become effective without prior approval pursuant to

subsection (a) of section two thousand three hundred five of this article, provided however (1) that no more than two rate increases the total of which shall not exceed the limitation specified in subsection (a) of this section may be implemented during any twelve month period; and (2) no rate increase within the limitation specified in subsection (a) of this section may be implemented until the onset of the new policy period and unless the insurer, at least thirty but not more than sixty days in advance of the end of the policy period, mails or delivers to the named insured, at the address shown in the policy, a written notice of its intention to change the rate. The specific reason or reasons for the rate change shall be stated in or shall accompany the notice.

(c) The superintendent shall promulgate rules and regulations implementing the provisions of this section.

(d) The superintendent shall monitor the degree and continued existence of competition and the effectiveness of flexible rating in this state on an on-going basis. In doing so, the superintendent shall utilize the following standards or factors:

(1) the standards contained in section two thousand three hundred eight of this article;

(2) existing relevant information, analytical systems and other sources, or rely on some combination thereof;

(3) the number of insurers or group of affiliated insurers actively engaged in providing coverage, taking into account the specialization traditionally required for insurance in the particular rating territory;

(4) measures of market concentration and changes of market concentration over time, which may include the use of Herfindahl-Hirschman Index (HHI) and the United States Department of Justice merge guidelines for an unconcentrated market ease of entry, and the existence of financial or economical barriers that could prevent new firms from entering the market;

(5) the extent to which any insurer or group of affiliated insurers controls all or a dominant portion of the market has actively sought to prevent competition;

(6) whether the total number of companies writing the line of insurance in this state is sufficient to provide multiple options;

(7) the availability of insurance coverage to consumers;

(8) the opportunities available to consumers in the market to acquire

pricing and other consumer information; and

(9) any other factions relevant to inquiry.

Such activities may be conducted internally within the department, in cooperation with other state insurance departments, through outside contractors and/or in any other appropriate manner.

* NB Effective until November 27, 2026

* § 2350. Flexible rating for nonbusiness automobile insurance policies. (a) Except as provided in subsection (b) of this section, overall average (for all coverages combined) rate level decreases of five percent below the insurer's rates in effect may take effect without prior approval with respect to rates for policies covering losses or liabilities arising out of the ownership of a motor vehicle predominantly used for nonbusiness purposes, including classification plans predominantly consisting of vehicles used for nonbusiness purposes, when a natural person is the named insured under a policy of automobile insurance.

(b) Notwithstanding any other provisions of this article, for any policies governed by this section, filings that produce rate level changes within the limitation specified in subsection (a) of this section shall become effective without prior approval pursuant to subsection (a) of section two thousand three hundred five of this article.

(c) The superintendent shall promulgate rules and regulations implementing the provisions of this section.

(d) The superintendent shall monitor the degree and continued existence of competition and the effectiveness of flexible rating in this state on an on-going basis. In doing so, the superintendent shall utilize the following standards or factors:

(1) the standards contained in section two thousand three hundred eight of this article;

(2) existing relevant information, analytical systems and other sources, or rely on some combination thereof;

(3) the number of insurers or group of affiliated insurers actively engaged in providing coverage, taking into account the specialization traditionally required for insurance in the particular rating territory;

(4) measures of market concentration and changes of market

concentration over time, which may include the use of Herfindahl-Hirschman Index (HHI) and the United States Department of Justice merge guidelines for an unconcentrated market ease of entry, and the existence of financial or economical barriers that could prevent new firms from entering the market;

(5) the extent to which any insurer or group of affiliated insurers controls all or a dominant portion of the market has actively sought to prevent competition;

(6) whether the total number of companies writing the line of insurance in this state is sufficient to provide multiple options;

(7) the availability of insurance coverage to consumers;

(8) the opportunities available to consumers in the market to acquire pricing and other consumer information; and

(9) any other factions relevant to inquiry.

Such activities may be conducted internally within the department, in cooperation with other state insurance departments, through outside contractors and/or in any other appropriate manner.

* NB Effective November 27, 2026

* NB Repealed May 27, 2030

§ 2351. Homeowners' insurance policies. (a) For the purposes of this section, "homeowners insurance" means a contract of insurance insuring against the contingencies described in subparagraphs (A), (B) and (C), or (B) and (C) of paragraph two of subsection (a) of section three thousand four hundred twenty-five of this chapter and which is a "covered policy" of personal lines insurance as defined in such paragraph; provided, however, that the coverages provided under such subparagraphs (B) and (C) shall not apply where the natural person does not have an insurable interest in the real property, or a portion thereof, or the residential unit in which such person resides.

(b) Multi-tier programs. An insurer may make available a multi-tier program with more than one rate level in the same company for homeowners' insurance in the voluntary market provided that:

(1) the program and the insurer's business plan encourage availability of homeowners' insurance in the voluntary market for insureds in high

risk areas, including coastal areas;

(2) the program is based upon mutually exclusive and objective eligibility rules per tier, to the extent feasible; and

(3) credits can be applied on a per tier basis pursuant to an approved rating plan.

(c) Prior to the approval of the provision authorized in subsection (b) of this section, the superintendent may promulgate rules and regulations governing the application of such provision.

§ 2352. Multiple rating programs. (a) Subject to the superintendent's prior approval, an insurer may establish more than one rating program within the same company for policies of insurance that are subject to section three thousand four hundred twenty-five or section three thousand four hundred twenty-six of this chapter; provided that:

(1) each rating program shall apply only to policies newly written on or after the effective date of the rating program but prior to the effective date of any subsequently approved rating program; provided however if an insurer terminates a rating program, then the insurer shall renew the policies that were subject to the terminated rating program in a subsequently approved rating program.

(2) the provisions of subsection (f) of section three thousand four hundred twenty-five and subsection (b) of section two thousand three hundred forty-nine of this chapter shall be applied to each rating program to which they are applicable separately.

(b) The superintendent may promulgate rules and regulations to implement the provisions of this section.

§ 2353. For-hire motor vehicle safety program; reduction in rates of certain commercial risk insurance premiums for motor vehicles. (a) For the purposes of this section, an association shall mean an association where all the eligible members of the association have the same profession, trade, or occupation, and the association has been organized and maintained in good faith for purposes principally other than that of obtaining insurance, and has been in active existence for at least two years.

(b) An association representing motor vehicles engaged in the business of carrying or transporting passengers for-hire, having a seating capacity of not less than eight passengers, shall be authorized to create and implement a comprehensive educational program designed to advance for-hire motor vehicle safety, which provides for the training of all operators in the safe operation of for-hire motor vehicles, education about safety equipment that can enhance the safe operation of vehicles, and training related to passenger safety. Such program shall include, but not be limited to, instruction which addresses the following subject areas:

(1) the concept of collision prevention, including a discussion of the factors involved in traffic situations;

(2) alcohol and drug use as a contributing factor in motor vehicle collisions;

(3) accident prevention techniques;

(4) the use of occupant restraints;

(5) the risk factors involved in driver attitude and behavior such as speeding, reckless and aggressive driving, and improper lane use;

(6) traffic laws in New York state;

(7) physical and mental condition of drivers;

(8) conditions and strategies of driving;

(9) safe driving techniques in hazardous weather conditions including rain, wind, snow, ice, sleet and fog;

(10) equipment that can enhance the safe operation of vehicles; and

(11) passenger safety including but not limited to recommending the use of seat belts to passengers, warning passengers to exercise care when boarding and exiting a vehicle and notifying passengers of emergency exits if applicable.

(c) The association described in subsection (b) of this section shall provide a certificate to members of such association who successfully complete a course of instruction on for-hire vehicle safety as authorized pursuant to this section.

(d) The superintendent shall provide for an actuarially appropriate reduction for a period of three years in the rates of premiums for commercial risk insurance applicable to motor vehicles engaged in the business of carrying or transporting passengers for-hire, having a seating capacity of not less than eight passengers, for each triennial

completion of a course of instruction on for-hire motor vehicle safety as authorized pursuant to this section. The commissioner of motor vehicles shall evaluate and approve any for-hire vehicle safety program created pursuant to this section within sixty days of the effective date of this section.

(e) An authorized insurer shall, upon submission of a certificate by an insured evidencing that such insured has completed a course of instruction on for-hire motor vehicle safety as authorized pursuant to this section, provide an actuarially appropriate reduction, for a period of three years, of the premium for such insured's commercial risk insurance applicable to motor vehicles engaged in the business of carrying or transporting passengers for-hire, having a seating capacity of not less than eight passengers.

(f) Any insured who successfully completes a course of instruction on for-hire motor vehicle safety pursuant to this section and receives a premium reduction on the insured's commercial risk insurance policy covering the for-hire vehicle shall not, during the period set forth in subsection (e) of this section, also be eligible for an additional premium reduction on the insured's commercial risk insurance policy covering the for-hire vehicle for successful completion of the motor vehicle accident prevention course, known as the national safety council's defensive driving course, or any driver improvement course approved by the department of motor vehicles as being equivalent to the national safety council's defensive driving course, authorized under section two thousand three hundred thirty-six of this article.

(g) The superintendent may promulgate any rules and regulations necessary to implement the provisions of this section.

§ 2356. Premium change explanations. (a) An insurer shall include a notice accompanying the premium bill that includes the amount of the premium increase from the prior policy period and a written explanation for the premium increase, including the primary rating factors causing the increase, for a covered policy as defined in paragraph one and in subparagraph (A) of paragraph two of subsection (a) of section three thousand four hundred twenty-five of this chapter, where the total policy premium increase is in excess of ten percent, exclusive of any

premium increase due to insured value added.

(b) (1) Except when an insurer provides an explanation pursuant to subsection (a) of this section, an insurer shall include a prominent notice accompanying the premium bill, for a policy covering a motor vehicle or a policy covering loss of or damage to real property used predominantly for residential purposes, that states the following: "Policyholders receiving an increase to their premiums at renewal may request a written explanation, including the primary rating factors causing the increase, by contacting their insurers in writing." An insurer shall include its contact information with the prominent notice.

(2) Upon a policyholder's written request at policy renewal, an insurer shall provide a written explanation for the increased premiums, including the primary rating factors causing the increase, for a policy covering a motor vehicle or a policy covering loss of or damage to real property used predominantly for residential purposes. An insurer shall provide the written explanation to the policyholder, including the primary rating factors causing the increase, within twenty days from receipt of the policyholder's written request.

(c) For the purpose of this section, primary rating factors shall include factors that resulted in a premium rate increase, such as:

(1) individual claims history;

(2) changes made to the policy, including the policyholder adding or replacing a vehicle, family members being added to the policy, or a change in address;

(3) anticipated losses in the rating territory that would require a need for an increased premium; and

(4) increased costs associated with claims, including the increased cost of vehicle repairs, claims processing, or medical costs.

(d) If an insurer offering a private passenger automobile insurance policy reduces premium rates due to the reforms of the state fiscal year two thousand twenty-six -- two thousand twenty-seven budget, such insurer shall provide notice to the policyholder of this rate reduction and indicate that the reduction was due to the reforms of the state fiscal year two thousand twenty-six -- two thousand twenty-seven budget.

ARTICLE 24

UNFAIR METHODS OF COMPETITION AND UNFAIR AND DECEPTIVE ACTS AND PRACTICES

Section 2401. Purpose.
2402. Definitions.
2403. Unfair methods of competition or unfair and deceptive acts or practices prohibited.
2404. Power of superintendent.
2405. Hearings and reports on defined violations and determined violations.
2406. Procedure after report; defined violation.
2407. Procedure after report; determined violation.
2408. Judicial review by intervenor.
2409. Effect on other powers and laws.

§ 2401. Purpose. The purpose of this article is to regulate trade practices in the business of insurance, including the business of life settlements, in accordance with the intent of congress as expressed in Public Law 15, 79th Congress, by defining, or providing for the determination of, all such practices in this state that constitute unfair methods of competition or unfair or deceptive acts or practices and by prohibiting the trade practices so defined or determined.

§ 2402. Definitions. In this article: (a) "Person" means any individual and any legal entity subject to any provision of this chapter, engaged in the business of insurance in this state, including any reciprocal exchange or Lloyds insurer, or in the business of life settlements.

(b) "Defined violation" means the commission by a person of an act prohibited by: subsection (a) of section one thousand one hundred two, section one thousand two hundred fourteen, one thousand two hundred seventeen, one thousand two hundred twenty, one thousand three hundred thirteen, subparagraph (B) of paragraph two of subsection (i) of section one thousand three hundred twenty-two, subparagraph (B) of paragraph two of subsection (i) of section one thousand three hundred twenty-four, two thousand one hundred two, two thousand one hundred seventeen, two

thousand one hundred twenty-two, two thousand one hundred twenty-three, subsection (p) of section two thousand three hundred thirteen, section two thousand three hundred twenty-four, two thousand five hundred two, two thousand five hundred three, two thousand five hundred four, two thousand six hundred one, two thousand six hundred two, two thousand six hundred three, two thousand six hundred four, two thousand six hundred six, two thousand seven hundred three, two thousand nine hundred two, two thousand nine hundred five, three thousand one hundred nine, three thousand two hundred twenty-four-a, three thousand four hundred twenty-nine, three thousand four hundred thirty-three, paragraph seven of subsection (e) of section three thousand four hundred twenty-six, four thousand two hundred twenty-four, four thousand two hundred twenty-five, four thousand two hundred twenty-six, seven thousand eight hundred nine, seven thousand eight hundred ten, seven thousand eight hundred eleven, seven thousand eight hundred thirteen, seven thousand eight hundred fourteen and seven thousand eight hundred fifteen of this chapter; or section 135.60, 135.65, 175.05, 175.45, or 190.20, or article one hundred five of the penal law.

(c) "Determined violation" means any unfair method of competition or any unfair or deceptive act or practice, which is not a defined violation but is determined by the superintendent pursuant to section two thousand four hundred five of this article to be such method, act or practice.

§ 2403. Unfair methods of competition or unfair and deceptive acts or practices prohibited. No person shall engage in this state in any trade practice constituting a defined violation or a determined violation as defined herein.

§ 2404. Power of superintendent. The superintendent is empowered to examine and investigate into the affairs of any person in order to determine whether the person has violated or is violating section two thousand four hundred three of this article. In the event any person does not provide a good faith response to a request for information from the superintendent, within a time period specified by the superintendent

of not less than fifteen business days, as part of an examination or investigation initiated by the superintendent pursuant to this section relating to accident insurance, health insurance, accident and health insurance or health maintenance organization coverage, the superintendent is authorized, after notice and hearing, to levy a civil penalty against such person in an amount not to exceed five hundred dollars per day for each day beyond the date specified by the superintendent for response, but in no event shall such penalty exceed ten thousand dollars. In the event the superintendent levies five separate civil penalties against any one person within five years for failure to comply with this section, the superintendent is authorized, after notice and hearing, to levy an additional civil penalty against such person in an amount not to exceed fifty thousand dollars. The superintendent is also authorized to levy additional civil penalties not to exceed fifty thousand dollars, after notice and hearing, against such person for every five subsequent violations of this section within a five year period. Any person licensed pursuant to article twenty-one of this chapter may surrender such license in lieu of payment of any civil penalty imposed by the superintendent pursuant to this section.

§ 2405. Hearings and reports on defined violations and determined violations. (a) Whenever the superintendent has reason to believe that a person has committed or is committing a defined violation or has been engaged in or is engaging in any method of competition, or any act or practice, could become a determined violation and that a proceeding thereon would be in the interest of the public, the superintendent shall serve upon the person in the manner provided by section three hundred four of the financial services law, a statement of the charges and notice of a hearing to be held at a time not less than ten days after the date of service of the notice and at the place fixed in the notice.

(b) The person shall have an opportunity at the hearing to be heard personally or by counsel, and, in the case of a defined violation, to show cause why an order should not be made by the superintendent requiring the person to cease and desist from the charged defined violation. Upon good cause shown, the superintendent shall permit anyone to intervene, appear and be heard at the hearing personally or by

counsel.

(c) After the hearing, the superintendent shall make a written report containing the superintendent's findings, and shall serve a copy of the report upon the person and any intervenor.

§ 2406. Procedure after report; defined violation. (a) If the hearing was on a charge of a defined violation the superintendent shall make an order on his report and serve a copy of the findings and order upon the person charged with the violation and any intervenor. If the superintendent finds that the person complained of has engaged in a defined violation, the order shall require the person to cease and desist from engaging in such defined violation. Furthermore, if the superintendent finds, after notice and hearing, that the person complained of has engaged in an act prohibited by section three thousand two hundred twenty-four-a of this chapter, the superintendent is authorized to levy a civil penalty against such person in an amount up to five hundred dollars per day for each day beyond the date that a bill or claim was to be processed in accordance with section three thousand two hundred twenty-four-a of this chapter, but in no event shall such penalty exceed five thousand dollars.

(b) Until a proceeding for judicial review has been commenced, or the time to commence the proceeding has expired, the superintendent may, upon notice and in the manner he deems proper, modify or set aside all or part of any order issued by him under this section.

(c) If a proceeding for judicial review has not been commenced within the time allowed, the superintendent may, after notice and opportunity for hearing, modify or set aside, all or part, of any order issued by him under this section, whenever in his opinion changed conditions of fact or law or the public interest require.

(d) A cease and desist order issued under this section is final upon the expiration of the time allowed for commencing a proceeding for judicial review if no proceeding has been commenced within such time, or upon the final decision of the court affirming the order or dismissing the proceeding.

(e) Any person who violates a cease and desist order issued by the superintendent under this section after it has become final, and while

it is in effect, shall be liable to the people of this state for a penalty in an amount not to exceed five thousand dollars for each violation. In determining the amount of the penalty the question of whether the violation was wilful shall be taken into consideration. Nothing herein shall limit a court in enforcing its own orders.

§ 2407. Procedure after report; determined violation. (a) If the report charges a determined violation and if the method of competition, act or practice constituting such determined violation has not been discontinued, the superintendent may, through the attorney general, at any time after the service of the report cause an action to be instituted to enjoin the person from engaging in such determined violation.

(b) The court may on motion and affidavits grant a preliminary injunction and interlocutory injunction upon such terms as may be just.

(c) A certified transcript of the proceedings before the superintendent including all evidence taken and the report and findings shall be received in evidence in the action.

§ 2408. Judicial review by intervenor. If the report of the superintendent made pursuant to subsection (c) of section two thousand four hundred five of this article or the order of the superintendent made pursuant to subsection (a) of section two thousand four hundred six of this article does not charge a violation of this article, then any intervenor in the proceedings may, after the service of such report or order upon the intervenor and within the time allowed by law, commence a proceeding for judicial review.

§ 2409. Effect on other powers and laws. (a) The powers vested in the superintendent by this article shall be additional to any other powers to enforce any penalties, fines or forfeitures authorized by law with respect to the methods, acts and practices defined in section two thousand four hundred two of this article as defined violations or determined violations.

(b) No order of the superintendent under this article or order of a court to enforce the same shall in any way relieve any person affected by the order from any liability under any other law.

ARTICLE 25

PROHIBITIONS AGAINST CONTROLLED BUSINESS

Section 2502. Designation of particular insurer, agent or broker in property financing transactions and other unfair practices.
2503. Designation of particular insurer, agent, broker or fund for insurance provided to discharge statutory requirement.
2504. Designation of particular insurer, agent or broker for insurance in certain public construction contracts.
2505. Designation of particular insurer, agent or broker for construction contracts generally.

*** § 2502. Designation of particular insurer, agent or broker in property financing transactions and other unfair practices.** (a)(1) No person, firm, or corporation engaged in the business of financing the purchase of real or personal property, lending money on the security thereof, or servicing a mortgage thereon, and none of its trustees, directors, officers, agents or other employees, shall require, as a condition precedent to financing any such purchase or making any such loan or renewing or extending any such loan or mortgage or performing any other act in connection therewith, that the person, firm or corporation for whom the transaction is undertaken negotiate any policy of insurance or renewal thereof covering such property through a particular insurance company, agent or broker.

(2) State chartered banking institutions and federally chartered banking institutions shall not extend credit, lease or sell property of any kind, or furnish any services, or fix or vary the consideration for any of the foregoing, on the condition or requirement that the customer obtain insurance from such institution, its affiliate or subsidiary, or a particular insurer, agent or broker, provided, however, that this

prohibition shall not prevent such institution from engaging in any activity described in this subdivision that would not violate section 106 of the Bank Holding Company Act Amendments of 1970, as interpreted by the Board of Governors of the Federal Reserve System. This prohibition shall not prevent a state chartered banking institution or federally chartered banking institution from informing a customer that insurance is required in order to obtain a loan or credit, that loan or credit approval is contingent upon the customer's procurement of acceptable insurance, or that insurance is available from such institution; provided, however, that the state chartered banking institution or the federally chartered banking institution shall also inform the customer in writing that his or her choice of insurance provider shall not affect the institution's credit decision or credit terms in any way. Such disclosure shall be given prior to or at the time that any such institution or person selling insurance on the premises thereof solicits the purchase of any insurance from a customer who has applied for a loan or extension of credit.

(b) This section shall not prevent the exercise of any right to approve or disapprove of the insurance company selected to underwrite the insurance, except that in exercising such right, whether pursuant to this section or any other law, such person, firm, or corporation and its trustees, directors, officers, agents and employees shall not:

(1) discriminate against an insurance company which issues a policy of insurance that is non-assessable as to any designated mortgagee or any secured creditor designated as a loss payee because of the insurer's type of organization, or

(2) refuse to accept an insurance policy because it was not negotiated through a particular insurance company, agent or broker.

(c) No such person, firm or corporation shall, in connection with compliance with a covenant to insure, require that the person, firm or corporation for whom the purchase of the property is financed or to whom a mortgage loan is made or who owns the property shall pay a fee or other charge as a condition to accepting, during the unexpired term of a policy then held, another policy of insurance in substitution therefor. No state chartered banking institution or federally chartered banking institution shall require a debtor, insurer, or insurance agent or broker to pay a separate charge in connection with the handling of

insurance that is required in connection with a loan or other extension of credit or the provision of another traditional banking product solely because the insurance is being provided by an insurance agent or broker which is not the state chartered banking institution or federally chartered banking institution or any subsidiary or affiliate thereof.

(d) Except with respect to a flood insurance policy or a credit unemployment insurance policy, group credit life insurance policy, a group credit health, group credit accident or group credit health and accident policy, or similar group credit insurance covering the person of the insured, when a customer obtains insurance and credit from a state chartered banking institution or federally chartered banking institution, then the credit and insurance transactions shall be completed through separate documents. The expense of insurance premiums may not be included in the primary credit transaction without the express written consent of the customer.

(e) Any state chartered banking institution or federally chartered banking institution and any subsidiary or affiliate thereof which is licensed to sell insurance in this state shall maintain separate and distinct books and records relating to its insurance transactions, including all files relating to and reflecting consumer complaints, and such insurance books and records shall be made available to the superintendent for inspection upon reasonable notice.

(f) For the purposes of this section, the terms "state chartered banking institution" and "federally chartered banking institution" shall have the same meanings as set forth in subdivision one of section twelve-a of the banking law.

* NB Effective until September 10, 2029

* § 2502. Designation of particular insurer, agent or broker in property financing transactions. (a) No person, firm or corporation engaged in the business of financing the purchase of real or personal property, lending money on the security thereof, or servicing a mortgage thereon, and none of its trustees, directors, officers, agents or other employees, shall require, as a condition precedent to financing any such purchase or making any such loan or renewing or extending any such loan or mortgage or performing any other act in connection therewith, that the person, firm or corporation for whom the transaction is undertaken negotiate any policy of insurance or renewal thereof covering such

property through a particular insurance company, agent or broker.

(b) This section shall not prevent the exercise of any right to approve or disapprove of the insurance company selected to underwrite the insurance, except that in exercising such right, whether pursuant to this section or any other law, such person, firm, or corporation and its trustees, directors, officers, agents and employees shall not:

(1) discriminate against an insurance company which issues a policy of insurance that is non-assessable as to any designated mortgagee or any secured creditor designated as a loss payee because of the insurer's type of organization, or

(2) refuse to accept an insurance policy because it was not negotiated through a particular insurance company, agent or broker.

(c) No such person, firm or corporation shall, in connection with compliance with a covenant to insure, require that the person, firm or corporation for whom the purchase of the property is financed or to whom a mortgage loan is made or who owns the property shall pay a fee or other charge as a condition to accepting, during the unexpired term of a policy then held, another policy of insurance in substitution therefor.

* NB Effective September 10, 2029

§ 2503. Designation of particular insurer, agent, broker or fund for insurance provided to discharge statutory requirement. No person, firm or corporation who or which shall be the primary beneficiary of insurance provided in discharge of any statutory requirement of this state, and no representative of any primary beneficiary of such insurance, shall require anyone obligated to comply with such statutory requirement, to obtain such insurance from a particular insurance company, insurance fund of this state, agent, or broker.

§ 2504. Designation of particular insurer, agent or broker for insurance in certain public construction contracts. (a) (1) No officer or employee of this state, or of any public corporation as defined in section sixty-six of the general construction law, or of any public authority, and no person acting or purporting to act on behalf of such officer, employee, public corporation or public authority, shall, with

respect to any public building or construction contract which is about to be, or which has been, competitively bid, require the bidder to make application to any particular insurance company, agent or broker for or to obtain or procure therefrom, any surety bond or contract of insurance specified in connection with such contract, or specified by any law, general, special or local.

(2) In paragraph one hereof, "public corporation" and "public authority" shall not include:

(A) a public corporation or public authority created pursuant to agreement or compact with another state,

(B) the city of New York, a public corporation or public authority, in connection with the construction of electrical generating and transmission facilities or construction, extensions and additions of light rail or heavy rail rapid transit and commuter railroads,

(C) the city of New York, the city school district of the city of New York, the New York city industrial development agency, the New York city health and hospitals corporation, or the New York city housing authority, in connection with a contract the principal purpose of which is construction that (i) has an estimated cost of no less than five million dollars or (ii) is subject to an owner-controlled insurance program for projects, provided that any contract undertaken pursuant to this subparagraph that has an estimated cost of five million dollars or more may only be undertaken pursuant to a project labor agreement as such term is defined in section two hundred twenty-two of the labor law,

(D) the state department of transportation in connection with a contract or contracts, the principal purpose of which is construction or reconstruction of state route 33, also known as the Kensington Expressway, and the Humboldt Parkway, in the city of Buffalo, that (i) has an estimated cost of no less than five million dollars, or (ii) that is subject to an owner-controlled insurance program for projects, provided that any contract undertaken pursuant to this subparagraph may only be undertaken pursuant to a project labor agreement as such term is defined in section two hundred twenty-two of the labor law,

(E) the state university of New York at Buffalo, in coordination with the state university construction fund as created pursuant to article eight-A of the education law, the principal purpose of which is construction at the state university of New York at Buffalo and shall

include without limitation the empire AI research institute authorized pursuant to section three hundred sixty-one of the economic development law, in connection with a contract or contracts that (i) has an estimated cost of no less than five million dollars, or (ii) that is subject to an owner-controlled insurance program for projects, provided that any contract undertaken pursuant to this subparagraph may only be undertaken pursuant to a project labor agreement as such term is defined in section two hundred twenty-two of the labor law, or

(F) the Niagara Frontier transportation authority as established pursuant to article five of the public authorities law in connection with a contract or contracts, the principal purpose of which is construction to extend or expand the railroad in the Niagara Frontier transportation district, that (i) has an estimated cost of no less than five million dollars, or (ii) that is subject to an owner-controlled insurance program for projects, provided that any contract undertaken pursuant to this subparagraph may only be undertaken pursuant to a project labor agreement as such term is defined in section two hundred twenty-two of the labor law.

(b) No such officer or employee, and no person, firm or corporation acting or purporting to act on behalf of such officer or employee, shall negotiate, make application for, obtain or procure any of such surety bonds or contracts of insurance (except contracts of insurance for builders risk or owners protective liability) which can be obtained or procured by the bidder, contractor or subcontractor.

(c) This section shall not, however, prevent the exercise by such officer or employee on behalf of the state or such public corporation or public authority of its right to approve the form, sufficiency, or manner of execution, of surety bonds or contracts of insurance furnished by the insurance company selected by the bidder to underwrite such bonds or contracts. Any provisions in any invitation for bids, or in any of the contract documents, in conflict herewith are contrary to the public policy of this state.

§ 2505. Designation of particular insurer, agent or broker for construction contracts generally. (a) In any building or construction contract bid, negotiated or executed except as described in section two

thousand five hundred four of this article, no contractor or subcontractor shall be required to pay premiums or related charges for policies of insurance or surety bonds specified in connection with such contract on policies or surety bonds acquired by an owner or other contractor. No contractor or subcontractor shall be required to make application to any particular insurance company, agent or broker for, or to obtain or procure therefrom, any policy of insurance or surety bond specified in connection with such contract, or specified by any law, general, special or local.

(b) This section shall not, however, prevent an owner or other contractor from providing all insurance policies or surety bonds required by such contract without reimbursement from the contractor or subcontractor. Nor shall it preclude such owner or contractor from requiring that the contractor or subcontractor provide a credit in his bid which reflects the amount the bidding contractor or subcontractor would otherwise add if he provided his own insurance as required in the bid specifications. This section shall not deny an owner or contractor the right to approve the form, sufficiency, or manner of execution, of any insurance policies or surety bonds furnished by the insurance company selected by the bidder.

ARTICLE 26

UNFAIR CLAIM SETTLEMENT PRACTICES; OTHER MISCONDUCT; DISCRIMINATION

Section 2601. Unfair claim settlement practices; penalties.
2602. Rebates on life insurance; witnesses' immunity.
2603. Issue or circulation of false literature.
2604. False statements as to insurers.
2605. Penalty for violating workers' compensation law.
2606. Discrimination because of race, color, creed, national origin, or disability.
2607. Discrimination because of sex or marital status.
2608. Discrimination because of treatment for a mental disability.
2608-a. Discrimination in enrollment against certain children.
2609. Discrimination in the issuance of performance or surety bonds.

2610. Collision or comprehensive coverage on motor vehicles; claims; repairs.
2610-a. Rental vehicle reimbursement coverage.
2611. HIV written informed consent.
2612. Discrimination based on being a victim of domestic violence.
2613. Eligibility for life and disability insurance for persons with a history of any type of cancer.
2614. Discrimination because of past lawful travel.
2615. Genetic testing written informed consent.
2616. Discrimination because of status as a living organ or tissue donor.
2617. Unfair discrimination for the use of prescriptions to block the effects of opioids.
2618. Standards for prompt investigation and settlement of claims.

§ 2601. Unfair claim settlement practices; penalties. (a) No insurer doing business in this state shall engage in unfair claim settlement practices. Any of the following acts by an insurer, if committed without just cause and performed with such frequency as to indicate a general business practice, shall constitute unfair claim settlement practices:

(1) knowingly misrepresenting to claimants pertinent facts or policy provisions relating to coverages at issue;

(2) failing to acknowledge with reasonable promptness pertinent communications as to claims arising under its policies;

(3) failing to adopt and implement reasonable standards for the prompt investigation of claims arising under its policies;

(4) not attempting in good faith to effectuate prompt, fair and equitable settlements of claims submitted in which liability has become reasonably clear, except where there is a reasonable basis supported by specific information available for review by the department that the claimant has caused the loss to occur by arson. After receiving a properly executed proof of loss, the insurer shall advise the claimant of acceptance or denial of the claim within thirty working days;

(5) compelling policyholders to institute suits to recover amounts due

under its policies by offering substantially less than the amounts ultimately recovered in suits brought by them;

(6) failing to promptly disclose coverage pursuant to subsection (d) or subparagraph (A) of paragraph two of subsection (f) of section three thousand four hundred twenty of this chapter;

(7) submitting reasonably rendered claims to the independent dispute resolution process established under article six of the financial services law; or

(8) artificially deflating or otherwise lowering cost data used for adjusted claims, or using cost data that is not appropriate for the region of the state where the loss occurred; this shall include but is not limited to claims adjusted by a person issued a temporary permit pursuant to subsection (n) of section two thousand one hundred eight of this chapter.

(b) Evidence as to numbers and types of complaints to the department against an insurer and as to the department's complaint experience with other insurers writing similar lines of insurance shall be admissible in evidence in any administrative or judicial proceeding under this section or article twenty-four or seventy-four of this chapter, but no insurer shall be deemed in violation of this section solely by reason of the numbers and types of such complaints.

(c) If it is found, after notice and an opportunity to be heard, that an insurer has violated this section, each instance of noncompliance with subsection (a) hereof may be treated as a separate violation of this section for purposes of ordering a monetary penalty pursuant to subsection (b) of section one hundred nine of this chapter. A violation of this section shall not be a misdemeanor.

§ 2602. Rebates on life insurance; witnesses' immunity. (a) No person shall knowingly receive any rebate or allowance or deduction from any premium, or any valuable thing, special favor or advantage whatever not specified in the policy, as an inducement to take any policy of life insurance.

(b) In any criminal proceeding before any court or grand jury for a violation of this section, the court or grand jury may confer immunity in accordance with the provisions of section 50.20 or 190.40 of the

criminal procedure law.

§ 2603. Issue or circulation of false literature. No insurance corporation, or any officer, director or agent thereof, shall issue or circulate, or cause or permit to be issued or circulated, in this state any illustration, circular or statement indicating the corporation can transact in this state any business of a character except that which it is authorized to transact under its certificate of authority issued by the superintendent.

§ 2604. False statements as to insurers. No person shall either (i) wilfully make, circulate or transmit to another any statement written, printed or by word of mouth, which is untrue in fact and is directly or by inference derogatory to the financial condition, or affects the solvency or financial standing, of any insurer doing business in this state, or (ii) knowingly counsel, aid, procure or induce another to start, transmit or circulate any such statement.

§ 2605. Penalty for violating workers' compensation law. The superintendent may impose a penalty not to exceed twenty-five hundred dollars upon any insurer required to be licensed under the provisions of this chapter, if, after notice to and a hearing of such insurer, he finds it has unreasonably failed to comply with the workers' compensation law.

§ 2606. Discrimination because of race, color, creed, national origin, or disability. (a) Except as provided in section one thousand one hundred eight of this chapter, no individual or entity subject to the supervision of the superintendent shall because of race, color, creed, national origin, or disability:

(1) Make any distinction or discrimination between persons as to the premiums or rates charged for insurance policies or in any other manner whatever.

(2) Demand or require a greater premium from any persons than it requires at that time from others in similar cases.

(3) Make or require any rebate, discrimination or discount upon the amount to be paid or the service to be rendered on any policy.

(4) Insert in the policy any condition, or make any stipulation, whereby the insured binds themselves, or their heirs, executors, administrators or assigns, to accept any sum or service less than the full value or amount of such policy in case of a claim thereon except such conditions and stipulations as are imposed upon others in similar cases; and any such stipulation or condition so made or inserted shall be void.

(b) Except as provided in section one thousand one hundred eight of this chapter, no individual or entity subject to the superintendent's supervision shall solely because of the applicant's race, color, creed, national origin, or disability:

(1) Reject any application for a policy of insurance issued and/or sold by it.

(2) Refuse to issue, renew or sell such policy after appropriate application therefor.

(3) Fix any lower rate or discriminate in the fees or commissions of agents or brokers for writing or renewing such a policy.

(c) For the purposes of this section "disability" shall have the same meaning as ascribed thereto in subdivision twenty-one of section two hundred ninety-two of the executive law.

(d) The prohibition of subsection (a) of this section shall not preclude an insurer from including a pre-existing condition provision as permitted pursuant to regulations of the superintendent or from establishing selection criteria on the basis of disability where the insurer can prove that its decision was based on sound underwriting and actuarial principles reasonably related to actual or anticipated loss experience. In such case the selection criteria permitted must be based on such principles. The insurer shall notify the insured of its specific reason or reasons for such decision.

(e) If it can be proven that the provisions of subsection (d) of this section are inadequate to address such actual or anticipated loss experience, the prohibition of subsection (b) of this section shall not preclude an insurer from establishing selection criteria on the basis of

disability. In such case the selection criteria permitted must be based on such principles. The insurer shall notify the insured of its specific reason or reasons for such decision.

(f) Nothing in this section shall permit an insurer to include a pre-existing condition provision or establish selection criteria for individual and small group health insurance policies which are inconsistent with sections three thousand two hundred thirty-one, three thousand two hundred thirty-two, four thousand three hundred seventeen and four thousand three hundred eighteen of this chapter.

§ 2607. Discrimination because of sex or marital status. (a) No individual or entity shall refuse to issue any policy of insurance, or cancel or decline to renew the policy because of the sex or marital status of the applicant or policyholder or engage in sexual stereotyping.

(b) For the purposes of this section, "sex" shall include sexual orientation, gender identity or expression, and transgender status.

§ 2608. Discrimination because of treatment for a mental disability. (a) No individual or entity shall refuse to issue or renew, or shall cancel any policy of insurance because of any past treatment for a mental disability of the insured.

(b) The prohibition of subsection (a) hereof shall not preclude an insurer from refusing to issue or renew or from cancelling a policy based on sound underwriting and actuarial principles reasonably related to actual or anticipated loss experience. The insurer shall notify the insured or his physician of its specific reason or reasons for refusal to issue or renew or for cancelling such policy.

(c) In this section, mental disability has the meaning defined in subdivision three of section 1.03 of the mental hygiene law.

§ 2608-a. Discrimination in enrollment against certain children. (a) No employer, health insurer, group health plan, health maintenance organization, or other entity offering medical benefits whether by

insurance or otherwise, including an employee retirement income security act or service benefit plan, shall deny enrollment of a child under the health coverage of the child's parent on the ground that:

(i) the child was born out of wedlock,

(ii) the child is not claimed as a dependent on the parent's federal income tax return, or

(iii) the child does not reside with the parent or in the insurer's service area.

(b) Any inconsistent provisions of this title or other law notwithstanding, any insurer, in any case in which a child has health coverage through the insurer of a noncustodial parent, shall:

(i) provide such information to the custodial parent as may be necessary for the child to obtain benefits through such coverage;

(ii) permit the custodial parent, or a health care provider with the custodial parent's approval, to submit claims for covered services without the approval of the non-custodial parent; and

(iii) make payment on claims directly to such custodial parent, the provider, or the social services district furnishing medical assistance to a child.

§ 2609. Discrimination in the issuance of performance or surety bonds. No person, firm or corporation engaged in the business of issuing performance or surety bonds shall refuse to issue such a bond to any person, firm or corporation, solely because of the race, creed, color, sex, national origin, age or marital status of the applicant.

§ 2610. Collision or comprehensive coverage on motor vehicles; claims; repairs. (a) Whenever a motor vehicle collision or comprehensive loss shall have been suffered by an insured, no insurer providing collision or comprehensive coverage therefor shall require that repairs be made to such vehicle in a particular place or shop or by a particular concern.

(b) In processing any such claim (other than a claim solely involving window glass), the insurer shall not, unless expressly requested by the insured, recommend or suggest repairs be made to such vehicle in a particular place or shop or by a particular concern.

(c) The insurer shall provide (other than a claim solely involving window glass) a copy of its repair estimate to the insured that includes the following disclosure, plainly printed in no less than 12 point type: "PURSUANT TO SECTION 2610 OF THE INSURANCE LAW, AN INSURANCE COMPANY CANNOT REQUIRE THAT REPAIRS BE MADE TO A MOTOR VEHICLE IN A PARTICULAR PLACE OR REPAIR SHOP. YOU HAVE THE RIGHT TO HAVE YOUR VEHICLE REPAIRED IN THE SHOP OF YOUR CHOICE".

§ 2610-a. Rental vehicle reimbursement coverage. (a) For the purposes of this section, "rental vehicle reimbursement coverage" shall mean coverage for the cost of renting a vehicle used as substitute transportation if the insured vehicle is damaged and is temporarily out of use due to a covered loss, until such vehicle is repaired or is declared a total loss.

(b) Whenever a motor vehicle collision or comprehensive loss shall have been suffered by an insured, no insurer providing rental vehicle reimbursement coverage shall require that the insured utilize a particular rental vehicle company, rental vehicle company location or a particular concern.

(c) In processing any such claim, the insurer shall disclose to the insured that the insured has the right, as granted by this section, to utilize any rental vehicle company, rental vehicle company location or a particular concern.

(d) An insurer writing automobile insurance which includes rental vehicle reimbursement coverage shall inform the consumer of his or her right, as granted by this section, to choose a rental vehicle company to utilize in the event that he or she utilizes such coverage. The insurer shall provide the disclosure required under this section to any insured on new and renewal policies. Such disclosure shall be provided in a separate written document, which need not be provided in a separate mailing as another document as long as it is provided on a separate piece of paper, except that for new business it may be provided either in writing or in the same medium as the application for insurance.

§ 2611. HIV written informed consent. (a) No insurer or its designee

shall request or require an individual proposed for insurance coverage to be the subject of an HIV related test without receiving the written informed consent of such individual prior to such testing and without providing general information about AIDS and the transmission of HIV infection.

(b) Written informed consent to an HIV related test shall consist of a written authorization that is dated and includes at least the following:

(1) a general description of the test;

(2) a statement of the purpose of the test;

(3) a statement that a positive test result is an indication that the individual may develop AIDS and may wish to consider further independent testing;

(4) a statement that the individual may identify on the authorization form the person to whom the specific test results may be disclosed in the event of an adverse underwriting decision, which person may be the individual or a physician or other designee at the discretion of the individual proposed for insurance;

(5) the department of health's statewide toll-free telephone number that may be called for futher information about AIDS, the meaning of HIV related test results, and the availability and location of HIV related counseling services; and

(6) the signature of the applicant or individual proposed for insurance, or if such individual lacks capacity to consent, the signature of such other person authorized to consent for such individual.

(c) In the event that an insurer's adverse underwriting decision is based in whole or in part on the result of an HIV related test, the insurer shall notify the individual of the adverse underwriting decision and ask the individual to elect in writing, unless the individual has already done so, whether to have the specific HIV related test results disclosed directly to the individual or to such other person as the individual may designate. If the individual elects to receive the HIV related test results directly, the insurer shall advise the individual that he or she may call the department of health's statewide toll-free telephone number for further information about AIDS, the meaning of HIV related test results, and the availability and location of HIV related counseling services and shall also advise such individual to consult

with a physician about the meaning of and need for counseling, where appropriate, as to the HIV related test results.

(d) As used in this section, the following terms shall have the following meanings:

(1) "Adverse underwriting decision" means:

(A) a declination of insurance coverage as applied for; or

(B) an offer to issue insurance coverage at a higher than standard rate.

(2) "AIDS" means acquired immune deficiency syndrome, as may be defined from time to time by the centers for disease control of the United States public health service.

(3) "HIV infection" means infection with the human immunodeficiency virus or any other related virus identified as a probable causative agent of AIDS.

(4) "HIV related test" means any laboratory test or series of tests for any virus, antibody, antigen or etiologic agent whatsoever thought to cause or to indicate the presence of AIDS.

(e) Any person who violates this section shall be subject to the provisions of article twenty-four of this chapter.

(f) Nothing in this section shall be construed to create, impair, alter, limit, modify, enlarge, abrogate or restrict the specific authority of the department to allow or prohibit the use of HIV related tests or the consideration of HIV related test results for insurance coverage purposes.

§ 2612. Discrimination based on being a victim of domestic violence. (a) No individual, insurer or entity subject to the supervision of the superintendent shall solely because a person is or has been a victim of domestic violence:

(1) refuse to issue or renew, deny or cancel any insurance policy or contract;

(2) demand or require a greater premium or payment from any person;

(3) designate domestic violence as a preexisting condition, for which coverage will be denied or reduced;

(4) fix any lower rate or discriminate in the fees or commissions of agents or brokers for writing or renewing such a policy.

(b) The fact that a person is or has been a victim of domestic violence is not a permitted underwriting criterion.

(c) For the purposes of this section, the following terms shall be defined as:

(1) "victim of domestic violence" shall be as defined by subdivision one of section four hundred fifty-nine-a of the social services law.

(2) "insurer" shall mean an insurer, a corporation organized pursuant to article forty-three of this chapter, a municipal cooperative health benefit plan established pursuant to article forty-seven of this chapter, a health maintenance organization certified pursuant to article forty-four of the public health law or a provider issued a special certificate of authority pursuant to section four thousand four hundred three-a of such law, or an agent, representative or designee thereof regulated pursuant to this chapter.

(3) "policy" shall mean a policy of insurance issued pursuant to this chapter, a child health insurance plan issued pursuant to title one-A of article twenty-five of the public health law or medical assistance or health care services provided pursuant to title eleven or eleven-D of article five of the social services law.

(d) The prohibitions contained in subsection (a) of this section shall not preclude an insurer from taking any of the actions described in subsection (a) of this section so long as such insurer relies on underwriting criteria reasonably related to the physical or mental condition of a person, their property or claim history and the decision was based on sound underwriting and actuarial principles reasonably related to actual or anticipated loss experience. In such case the selection criteria permitted must be based on such principles. The insurer shall notify the insured of its specific reason or reasons for such decision.

(e) An insurer that complies with subsections (a), (f) and (g) of this section and acts reasonably and in good faith shall not be subject to civil or criminal liability on account of compliance with such subsections.

(f) If any person covered by an insurance policy issued to another person as the policyholder delivers to the insurer that issued the policy, at its home office, a valid order of protection against the policyholder, issued by a court of competent jurisdiction in this state,

or, except where the insurance policy was issued by a health insurer as defined in subparagraph (B) of paragraph (1) of subsection (h) of this section, a request to designate an alternative mailing address, telephone number or method of contact for the purpose of receiving claim related information if the person states that disclosure of all or part of the claim related information could endanger the person, the insurer shall be prohibited for the duration of the order, or until the request designating an alternative mailing address, telephone number or other method of contact is cancelled by the requesting person in writing, from disclosing to the policyholder the address, telephone number or other method of contact for the insured, or for any person or entity providing covered services to the insured, any personally identifying information of the insured, or the nature of the covered services provided to the insured, or from mailing, delivering, or otherwise providing claim related information to any mailing address, telephone number, or other method of contact other than as designated by the requesting person pursuant to this subsection. If a child is the covered person, the right established by this subsection may be asserted by, and shall also extend to, the parent or guardian of the child. An insurer may require a person making a request to designate an alternative mailing address, telephone number or other method of contact pursuant to this subsection to: make the request in writing; include in the request a statement that disclosure of all or part of the claim related information to which the request pertains could endanger the person or child; and specify an alternative mailing address, telephone number, or other method of contact. For the purpose of this subsection, "claim related information" means all claim or billing information relating specifically to an insured or person covered by an insurance policy issued by an insurer other than a health insurer as defined in subparagraph (B) of paragraph (1) of subsection (h) of this section. The superintendent, in consultation with the commissioner of health and the office of children and family services and the office for the prevention of domestic violence, shall promulgate rules to guide and enable insurers to guard against the disclosure of the address and location of an insured who is a victim of domestic violence.

(g) If any person covered by a group insurance policy delivers to the insurer that issued the policy, at its home office, (i) a valid order of

protection against another person covered by the group policy, issued by a court of competent jurisdiction in this state, or, except where the insurance policy was issued by a health insurer as defined in subparagraph (B) of paragraph (1) of subsection (h) of this section, a request to designate an alternative mailing address, telephone number or other method of contact for the purpose of receiving claim related information if the person states that disclosure of all or part of the claim related information could endanger the person, the insurer shall be prohibited for the duration of the order, or until the request designating an alternative mailing address, telephone number or other method of contact is cancelled by the requesting person in writing, from disclosing to the person against whom a valid order of protection was issued the address, telephone number or other method of contact for the insured person covered by the order of protection or for any person or entity providing covered services to the insured person covered by the order of protection, any personally identifying information of the insured, or the nature of the covered services provided to the insured, or from mailing, delivering, or otherwise providing claim related information to any mailing address, telephone number, or other method of contact other than as designated by the requesting person pursuant to this subsection. If a child is the covered person, the right established by this subsection may be asserted by, and shall also extend to, the parent or guardian of the child. An insurer may require a person making a request to designate an alternative mailing address, telephone number or other method of contact pursuant to this subsection to: make the request in writing; include in the request a statement that disclosure of all or part of the claim related information to which the request pertains could endanger the person or child; and specify an alternative mailing address, telephone number, or other method of contact. For the purpose of this subsection, "claim related information" means all claim or billing information relating specifically to an insured or person covered by an insurance policy issued by an insurer other than a health insurer as defined in subparagraph (B) of paragraph (1) of subsection (h) of this section. The superintendent, in consultation with the commissioner of health, the office of children and family services and the office for the prevention of domestic violence, shall promulgate rules to guide and enable insurers to guard against the disclosure of

the address and location of an insured who is a victim of domestic violence.

(h)(1) For purposes of this subsection:

(A) "Claim related information" means all claim or billing information relating specifically to an insured, subscriber or person covered by an insurance policy or contract issued by the health insurer.

(B) "Health insurer" means an insurer licensed to write accident and health insurance or salary protection insurance in this state, a corporation organized pursuant to article forty-three of this chapter, a municipal cooperative health benefit plan established pursuant to article forty-seven of this chapter, a health maintenance organization certified pursuant to article forty-four of the public health law or a provider issued a special certificate of authority pursuant to section four thousand four hundred three-a of such law, or an agent, representative or designee thereof regulated pursuant to this chapter.

(2)(A) A health insurer shall accommodate a reasonable request by a person covered by an insurance policy or contract issued by the health insurer to receive communications of claim related information from the health insurer by alternative means or at alternative locations if the person clearly states that disclosure of all or part of the information could endanger the person.

(B) If a child is covered by an insurance policy or contract issued by the health insurer, then the child's parent or guardian may make a request to the health insurer pursuant to subparagraph (A) of this paragraph.

(3) A health insurer may require: a person to make a request pursuant to paragraph two of this subsection in writing; the request to contain a statement that disclosure of all or part of the claim related information to which the request pertains could endanger the person or child; and the specification of an alternative address, telephone number or other method of contact.

(4) With respect to an insurer authorized to write accident and health insurance in this state, this subsection shall apply only to a policy of accident and health insurance or a policy of salary protection insurance, as defined in subsection (a) of section one thousand one hundred thirteen of this chapter.

(5) Nothing in this subsection shall prevent, hinder, or otherwise

affect the entry of an appropriate order made in the best interests of a child by a court of competent jurisdiction adjudicating disputed issues of child welfare or custody.

(6) Except with the express consent of the person making a request pursuant to subparagraph (A) of paragraph two of this subsection, a health insurer shall not disclose to the policyholder (i) the address, telephone number, or any other personally identifying information of the person who made the request or child for whose benefit a request was made; (ii) the nature of the health care services provided; or (iii) the name or address of the provider of the covered services.

(7) A health insurer that makes reasonable and good faith efforts to comply with this subsection shall not be subject to civil or criminal liability on the ground of non-compliance with this subsection.

(8) The superintendent, in consultation with the commissioner of health, the office of children and family services and the office for the prevention of domestic violence, shall promulgate rules to guide health insurers in guarding against the disclosure of the information protected pursuant to this subsection.

§ 2613. Eligibility for life and disability insurance for persons with a history of any type of cancer. (a) Unless its action is based upon sound actuarial principles or is related to actual or reasonably anticipated experience, no insurer shall refuse to issue any policy of life or non-cancelable disability insurance, or cancel or decline to renew such policy because an individual has had any type of cancer, provided that the initial diagnosis of such disease has occurred at least three years prior to the date of application and that a physician has certified that the disease has not reoccurred in the applicant or the individual proposed for such insurance.

(b) In the case of an adverse underwriting decision, the insurer shall notify the applicant or proposed insured of its specific reason or reasons for such decision.

§ 2614. Discrimination because of past lawful travel. No insurer or entity authorized to offer the kinds of insurance specified in paragraph

one, two or three of subsection (a) of section one thousand one hundred thirteen of this chapter, nor any agent, officer or employee of such insurer or entity shall make any distinction or otherwise discriminate between persons, reject an applicant, cancel a policy or demand or require a higher rate of premium for reasons associated with an applicant's or insured's past lawful travel experiences.

§ 2615. Genetic testing written informed consent. (a) No authorized insurer or person acting on behalf of an authorized insurer shall request or require an individual proposed for insurance coverage to be the subject of a genetic test without receiving the written informed consent of such individual prior to such testing, in advance of the test.

(b) Written informed consent to a genetic test shall consist of written authorization that is dated and signed and includes at least the following:

(1) a general description of the test;

(2) a statement of the purpose of the test;

(3) a statement that a positive test result is an indication that the individual may be predisposed to or have the specific disease or condition tested for and may wish to consider further independent testing, consult their physician or pursue genetic counseling;

(4) a general description of each specific disease or condition tested for;

(5) the level of certainty that a positive test result for that disease or condition serves as a predictor of such disease. If no level of certainty has been established, this subparagraph may be disregarded;

(6) the name of the person or categories of persons or organizations to whom the test results may be disclosed;

(7) a statement that no tests other than those authorized shall be performed on the biological sample and that the sample shall be destroyed at the end of the testing process or not more than sixty days after the sample was taken; and

(8) the signature of the individual subject of the test or, if that individual lacks the capacity to consent, the signature of the person authorized to consent for such individual.

(c) A general waiver, wherein consent is secured for genetic testing without compliance with subsection (b) of this section, shall not constitute informed consent.

(d) Any further disclosure of genetic test results to persons or organizations not named on the informed consent requires the further informed consent of the subject of the test.

(e) In the event that an insurer's adverse underwriting decision is based in whole or in part on the results of a genetic test, the authorized insurer shall notify the individual of the adverse underwriting decision and ask the individual to elect in writing, unless the individual has already done so, whether to have the specific test results disclosed directly to the individual or to the individual's physician, at the discretion of the individual.

(f) All records, findings and results of any genetic test performed on any person shall be deemed confidential and may not be disclosed without the written authorization as described in subsection (g) of this section of the person to whom such genetic test relates. This information may not be released to any person or organization not specifically authorized by the individual subject of the test. Unauthorized solicitation or possession of such information shall be unlawful, except for the unintentional possession of such information as part of a health record created prior to the date on which this section shall have become a law and provided no action adverse to the interests of the subject are taken as a result of such possession.

(g) Written authorization to records, findings and/or results of genetic tests that have been performed prior to the effective date of this section, or which was done after the individual had given written informed consent pursuant to this section shall consist of a statement which specifically requests genetic test records, findings and/or results, the person or organizations to whom the records, findings and/or results shall be disclosed, the signature of the individual subject of the records, findings and/or results of the test or, if that person lacks the capacity to consent, the signature of the person authorized to consent for the subject.

(h) No authorized insurer who lawfully possesses information derived from a genetic test on a biological sample from an individual shall incorporate such information into the records of a non-consenting

individual who may be genetically related to the tested individual; nor shall any inferences be drawn, used, or communicated regarding the possible genetic status of the non-consenting individual.

(i) For the purposes of this section, the term "adverse underwriting decision" shall have the same meaning as defined in section twenty-six hundred eleven of this article and the term "genetic test" shall have the same meaning as defined in section seventy-nine-l of the civil rights law.

(j) If the superintendent determines after notice and a hearing that an authorized insurer or a person acting on behalf of an authorized insurer has violated this section, then the superintendent shall levy a fine up to five thousand dollars. Also, any authorized insurer or person acting on behalf of an authorized insurer who violates the provisions of this section shall be subject to the provisions of article twenty-four of this chapter. Violations of this section shall also be subject to the provisions of section one hundred nine of this chapter, except paragraph one of subsection (c) of such section.

§ 2616. Discrimination because of status as a living organ or tissue donor. (a) No insurer or entity authorized to do the kinds of business specified in paragraph one or three of subsection (a) of section one thousand one hundred thirteen of this chapter shall decline to provide or limit coverage of an insured under any life or accident and health insurance policy or otherwise discriminate in the premium rating, offering, issuance, cancellation, amount of coverage or any other condition, based solely upon the status of an insured as a living organ or tissue donor and without additional actuarial risks.

(b) No insurer or entity authorized to do the kinds of business specified in paragraph one or three of subsection (a) of section one thousand one hundred thirteen of this chapter shall preclude an insured from donating all or part of an organ or tissue as a condition or receiving or continuing to receive life or accident and health insurance coverage.

(c) As used in this section, the terms "organ" and "tissue" shall have the same meanings as are provided therefor in section forty-three hundred sixty of the public health law.

§ 2617. Unfair discrimination for the use of prescriptions to block the effects of opioids. No insurer or entity authorized to issue the kinds of insurance specified in paragraphs one or two of subsection (a) of section one thousand one hundred thirteen of this chapter shall refuse to issue a life insurance policy or annuity contract or adjust the amount of premiums, or rates, charged for life insurance policies or annuity contracts for any individual solely because such individual has been prescribed medication used to block the effects of opioids, including, but not limited to, Naloxone and Narcan, unless such action is based on sound actuarial principles or actual or reasonably anticipated experience.

§ 2618. Standards for prompt investigation and settlement of claims. (a) (1) For the purpose of this section, "natural disaster" means the occurrence of widespread catastrophic or severe damage, injury, or loss of life or property resulting from any natural cause, including fire, flood, earthquake, hurricane, tornado, high water, landslide, mudslide, wind, storm, wave action, and ice storm.

(2) This section shall apply to every insurer who writes policies that cover loss of or damage to real property, personal property or other liabilities for loss of, damage to, or injury to persons or property when:

(A) a local state of emergency is declared pursuant to section twenty-four of the executive law, when the governor declares a disaster emergency pursuant to section twenty-eight of the executive law, or when the President issues a major disaster or emergency declaration pursuant to the Robert T. Stafford Disaster Relief and Emergency Assistance Act (P.L. 93-288);

(B) the disaster is a natural disaster or a disaster caused by an act of terrorism; and

(C) the claims are a result of such disaster.

(3) An insurer shall acknowledge the receipt of all claims in writing to the claimant or the claimant's authorized representative in accordance with regulations promulgated by the superintendent;

(4) If the insurer wishes its investigation to include an inspection of damaged or destroyed property, the inspection, whether performed by the insurer, an independent adjuster, or other representative of the insurer, shall occur in accordance with regulations promulgated by the superintendent. Furthermore, where necessary to protect health and safety, immediate repairs to windows, exterior walls, exterior doors, roofs, heating systems, water systems and electrical systems may be made and alternative proof of loss such as photographs, video recordings, inventories and all receipts for repairs or replacement property shall satisfy policy requirements;

(5) A claim filed with an agent of an insurer shall be deemed to have been filed with the insurer unless, consistent with law or contract, the agent notifies the person filing the claim that the agent is not authorized to receive notices of claim; and

(6) An insurer shall furnish to such claimant, or the claimant's authorized representative, a notification of all items, statements and forms, if any, which the insurer reasonably believes will be required of the claimant in order to investigate such claim in accordance with regulations promulgated by the superintendent.

(b)(1) An insurer shall, within fifteen business days of receipt of a properly executed proof of loss and receipt of all items, statements and forms requested under this section from the claimant, or the claimant's authorized representative, advise the claimant in writing whether the insurer has accepted or rejected the non-commercial claim. When the insurer suspects that the non-commercial claim involves arson, the foregoing fifteen business days shall be read as thirty business days.

(2) An insurer shall be granted a one-time extension of fifteen business days to determine whether a non-commercial claim should be accepted or rejected. If the insurer elects to utilize this extension, it shall so notify the claimant, or the claimant's authorized representative, in writing. Such notification shall include the reasons additional time is needed for the investigation.

(3) (i) If the insurer needs more time to determine whether the non-commercial claim should be accepted or rejected because the insurer is prohibited from accessing the property to investigate the claim, the insurer shall be granted one additional extension of fifteen business days. If the insurer elects to utilize this extension, it shall so

notify the claimant, or the claimant's authorized representative, in writing, setting forth the reasons additional time is needed for the investigation.

(ii) If the insurer needs more time to be able to physically access the property because the insurer is prohibited from accessing it, the insurer shall so notify the claimant, or the claimant's authorized representative, every fifteen business days, in writing, setting forth the reasons additional time is needed for the investigation. When the insurer is no longer prohibited from accessing the property, and the property can be accessed, the insurer shall have no more than fifteen days to adjudicate the claim.

(c) (1) An insurer shall, within fifteen business days of receipt of a properly executed proof of loss and receipt of all items, statements and forms requested under this section from the claimant, or the claimant's authorized representative, advise the claimant in writing whether the insurer has accepted or rejected the commercial claim.

(2) An insurer shall be granted a one-time extension of thirty business days to determine whether a commercial claim should be accepted or rejected. If the insurer elects to utilize this extension, it shall so notify the claimant, or the claimant's authorized representative, in writing, setting forth the reasons additional time is needed for the investigation.

(3) If succeeding the one-time extension of thirty business days the insurer needs more time to determine whether the commercial claim should be accepted or rejected, the insurer shall so notify the claimant, or the claimant's authorized representative, every thirty business days, in writing, setting forth the reasons additional time is needed for the investigation.

(4) Once the claim is accepted by the insurer, the insurer shall advise the claimant, or the claimant's authorized representative, in writing of the amount the insurer is offering to settle the claim. The insurer shall also provide to the claimant, or the claimant's authorized representative, in writing, of all applicable policy provisions regarding the claimant's right to reject the offer and request an appraisal.

(5) In any case where the claim is rejected by the insurer, the insurer shall notify the claimant, or the claimant's authorized

representative, in writing, of all applicable policy provisions and deadlines by which a claimant may sue the insurer. Any notice rejecting any element of a claim involving personal property insurance shall contain the identity and the claims processing address of the insurer, the insured's policy number, the claim number, and information regarding how to file a complaint with the department in accordance with regulations promulgated by the superintendent.

(d) Every insurer shall pay any amount finally agreed upon in settlement of all or part of any claim not later than four business days from the receipt of such agreement by the insurer, or from the date of the performance by the claimant of any condition set by such agreement, whichever is later, except as provided in section three hundred thirty-one of this chapter with respect to liens by tax districts on fire insurance proceeds.

(e) The superintendent may promulgate any rules or regulations necessary to implement the provisions of this section.

ARTICLE 27

HOLOCAUST VICTIMS INSURANCE ACT OF 1998

Section 2701. Definitions.
2702. Holocaust claims assistance.
2703. Insurer claims handling.
2704. Rights of action.
2705. Reports from insurers.
2707. Penalty.
2708. Application of section four thousand two hundred twenty-four.
2709. Substantial compliance.
2710. Rules and regulations.
2711. Severability.

§ 2701. Definitions. For the purpose of this article:

(a) "Holocaust victim" shall mean any person, claimant, or the estate, heir, legatee, descendant, survivor, beneficiary, or other such successor-in-interest of such person, who lost his or her life or

property as a result of discriminatory laws, policies, or actions targeted against discrete groups of persons based on race, religion, ethnicity, sexual orientation or national origin, whether or not such person was actually a member of any of the foregoing enumerated groups or because such person assisted or allegedly assisted any of the foregoing groups, between January first, nineteen hundred twenty-nine and December thirty-first, nineteen hundred forty-five in areas under Nazi influence as defined in subsection (f) of this section.

(b) "Person", "control", "holding company", and "holding company system" and any other term used in this article but not otherwise defined shall have the same meaning as it has in article fifteen of this chapter.

(c) "Insurance policy" shall mean any policy of insurance substantially similar to any kind of insurance that was authorized at any time in New York between and including the years nineteen hundred twenty-nine and nineteen hundred forty-five or authorized by the jurisdiction in which the policy was sold at the time it was sold including but not limited to any form of life, accident and health, annuities, property, casualty, education or dowry insurance.

(d) "Proceeds" shall mean the face or other pay-out value of an insurance policy or annuity plus reasonable interest to date of payment as shall be prescribed by regulations promulgated by the superintendent.

(e) "Member of a holding company system" shall include a holding company, a controlled insurer, a controlled person, and any person who alone or in concert with any other persons directly or indirectly controls a holding company or controls a person who controls a holding company.

(f) "Areas under Nazi influence" shall mean the country of Nazi Germany, areas occupied by Nazi Germany, those European countries allied with Nazi Germany, areas occupied by those European countries allied with Nazi Germany, or any other neutral European country or area in Europe under the influence or threat of Nazi invasion.

§ 2702. Holocaust claims assistance. The superintendent shall arrange for a toll-free telephone number available in English as well as other appropriate languages, to assist any person seeking to recover proceeds

from an insurance policy issued to or covering the life or property of a Holocaust victim.

§ 2703. Insurer claims handling. (a) Notwithstanding any inconsistent provision of this chapter, any insurer organized, registered, licensed or accredited to do an insurance business in this state, in receipt of a claim against it arising from an occurrence during the period between January first, nineteen hundred twenty-nine and December thirty-first, nineteen hundred forty-five from an individual that such insurer knows, or reasonably should have known, is a Holocaust victim shall:

(1) diligently and expeditiously investigate such claim;

(2) allow claimants to provide alternative documentation which does not meet the usual standards of proof required by an insurer to substantiate the particular claim, subject to standards established for such documentation as prescribed by regulations promulgated by the superintendent; and

(3) attempt to resolve, settle and, if appropriate, make payments on claims irrespective of any statute of limitations or notice requirements imposed by any law or such insurance policy issued to or covering the life, property or interests of a Holocaust victim, provided that the claim is submitted to the insurer within ten years from the effective date of this article.

(b) Failure to abide by the terms of this section shall constitute a defined violation for purposes of subsection (b) of section two thousand four hundred two of this chapter.

(c) This article shall serve as additional and conclusive notice that the superintendent is currently investigating all claims pertaining to the victims of the Holocaust. Evidence of the intentional destruction or alteration of any records or other materials pertaining to such claim shall be admissible in both administrative and judicial proceedings as evidence in support of any claim being made against the insurer involving the destroyed or altered material. It shall be permissible for an administrative or judicial court to infer that the intentional destruction or alteration of any records or other materials pertaining to a claim was done in order to prevent discovery of information to support any claim of a Holocaust victim.

§ 2704. Rights of action. (a) Notwithstanding any law or agreement among the parties to an insurance policy to the contrary, any action arising from an occurrence during the period between January first, nineteen hundred twenty-nine and December thirty-first, nineteen hundred forty-five brought by a Holocaust victim seeking proceeds of an insurance policy issued to or covering the life or property of a Holocaust victim prior to December thirty-first, nineteen hundred forty-five, shall not be dismissed for failure to comply with any statute of limitations or laches or other similar provision of any applicable law relating to the timeliness of the filing of claims that might prevent a claim from being heard on its merits, or any notice requirements imposed by any insurance policy provided the action is commenced within ten years from the effective date of this article.

(b) With respect to any action arising from an occurrence during the period between January first, nineteen hundred twenty-nine and December thirty-first, nineteen hundred forty-five brought by a Holocaust victim seeking proceeds of an insurance policy issued to or covering the life or property of a Holocaust victim prior to December thirty-first, nineteen hundred forty-five no such action shall be stayed or dismissed pursuant to rule three hundred twenty-seven of the civil practice law and rules.

(c) In recognition of the significant period of time that has passed and in order to effect the goals of substantial justice, the rules regarding the admissibility of evidence, including but not limited to rule forty-five hundred eighteen and section forty-five hundred nineteen of the civil practice law and rules, and principles of law or other rules relating to the admission of hearsay evidence shall be relaxed at the discretion of the trial judge in any action or proceeding authorized by this section.

§ 2705. Reports from insurers. (a) Every insurer organized, registered, accredited or licensed to do an insurance business in this state shall file or shall cause its holding company to file with the superintendent, within one hundred and twenty days of the effective date

of this article, a report setting forth such insurer's plan for complying with the provisions of this article. Any insurer which has determined that it does not have any of the information requested in subsection (b) of this section shall file or cause its holding company to file a report stating that they have no such information. In addition, an insurer may request to be relieved from filing any further reports upon providing evidence satisfactory to the superintendent that such insurer has fulfilled its obligations under this article.

(b) Every insurer organized, licensed, registered or accredited to do an insurance business in this state shall report or shall cause its holding company to report to the superintendent the following information:

(1) whether it is a member of a holding company system including any insurer, any other member, subsidiary or division in each case whether a licensee or not, that could possibly be expected to have issued an insurance policy to a Holocaust victim between January first, nineteen hundred twenty and December thirty-first, nineteen hundred forty-five and a list of each such entity;

(2) the approximate number and the total value of all such insurance policies issued by such insurer or by any other member, subsidiary or division within the reporting insurer's holding company system, which, as of the date of such report, remain unpaid or were paid to, or expropriated by a government located in areas under Nazi influence, that was not the named beneficiary of such insurance policy;

(3) attempts made by the insurer to locate the beneficiaries of any such insurance policies for which no claim of benefits has been made;

(4) if requested by the superintendent and to the extent consistent with applicable laws and confidentiality obligations, with respect to each such insurance policy, the names of the owner, the name of the beneficiary and the face amount or pay-out value;

(5) the number of claims filed by persons who allege or have alleged that they are Holocaust victims and whether each such claim has been paid or payment has been denied;

(6) if requested by the superintendent, an explanation of any denial or pending payment of a claim to any person who alleges or has alleged that he or she is a Holocaust victim;

(7) a summary of the length of time for the processing and disposition

of such a claim by the insurer; and

(8) in the event that the insurer is unable to provide any of the information required by this section, an explanation of the reasons why and whether such information may, in the future, be ascertainable. The reports required by this subsection shall be made within thirty days after the end of the calendar year in which this article shall have become effective and annually thereafter for each of the succeeding ten years except as provided in subsection (a) of this section.

(c) Reports submitted to the superintendent pursuant to this section shall be certified and affirmed under oath as being true and not misleading and as containing the most accurate information available at the time of such report's submission.

(d) The superintendent may waive penalties and fines imposed by this article for those insurers that, through no fault of their own, were unaware that they, or members of a holding company system that includes such insurer, were obligated to file reports pursuant to this article and to comply with the provisions of this article.

(e) The superintendent is authorized to use any power available to the state to compel holding company systems that include issuers of insurance policies to Holocaust victims to submit reports pursuant to this article and to comply with the provisions of this article.

(f) Any insurer which knowingly or recklessly files a false or misleading certification required by this section shall be fined not less than one hundred thousand dollars or such greater amount as the superintendent deems appropriate based upon the degree of misrepresentation, the willfulness of the misconduct and the amount of funds misappropriated. Such insurer also may be barred from further sales of insurance in New York for a period of up to ten years.

§ 2707. Penalty. In addition to any other penalty prescribed by this article or any other provision of this chapter, any insurer or person who violates the provisions of this article will be subject to a civil penalty of up to one thousand dollars for each day each such violation continues except that, if the superintendent finds that such violation has been willful, such insurer shall be fined an amount that the superintendent deems appropriate based on the degree of willful

misconduct and the nature of the violation.

§ 2708. Application of section four thousand two hundred twenty-four. An insurer shall not be considered in violation of section four thousand two hundred twenty-four of this chapter for complying with the provisions of this article.

§ 2709. Substantial compliance. (a) An insurer which, pursuant to the laws of another jurisdiction is required (or whose holding company is required) to report, certify or otherwise disclose information substantially equivalent to that required by section two thousand seven hundred five of this article, may satisfy the requirements of section two thousand seven hundred five of this article by filing with the superintendent within the applicable periods prescribed hereunder, copies of such material filed with such jurisdiction. The determination as to whether the requirements of a given jurisdiction are substantially equivalent to those of section two thousand seven hundred five of this article shall be made by the superintendent in his or her discretion. The superintendent may require that any such filing be supplemented by a schedule or index referring to the specific requirements of section two thousand seven hundred five or the regulations promulgated thereunder.

(b) The superintendent, in his or her discretion, may suspend the application of section two thousand seven hundred five of this article to any insurer upon a finding that such insurer, a subsidiary of such insurer, or any member of the holding company system that includes such insurer, has subjected itself in good faith to the authority of the international commission referenced in a memorandum of intent, dated April eighth, nineteen hundred ninety-eight executed by the superintendent, other United States insurance regulators, worldwide Jewish organizations and insurers, or any successor thereto, and has meaningfully participated in such commission or successor entity in a manner reasonably calculated to effect the prompt investigation and resolution of claims of Holocaust victims and upon a finding by the superintendent that such commission or successor entity is effectively moving toward the swift and equitable resolution of claims made against

such insurer by Holocaust victims.

(c) Each such suspension granted pursuant to subsection (b) of this section shall be valid for a one year period and may be extended annually for additional one year periods upon a finding (i) that such insurer, a subsidiary of such insurer, or any member of the holding company system that includes such insurer, continues to satisfy the requirements set forth in subsection (b) of this section and (ii) that the commission or successor entity is effective in achieving the prompt identification of Holocaust victims to whom insurance policies were issued between January first, nineteen hundred twenty and December thirty-first, nineteen hundred forty-five, and the investigation and resolution of claims of those Holocaust victims. Each insurer who is exempted or seeks continued exemption pursuant to this section shall file such reports or provide such other information as the superintendent may require in his or her discretion.

(d) The superintendent shall have the discretion to discontinue any exemption made in accordance with this section if a reasonable determination is made by the superintendent that the insurer, its subsidiary or division, or the member of the holding company system that includes such insurer, as applicable, is not cooperating fully with such commission or successor entity or that such commission or successor entity is not effective in promptly investigating and resolving such claims.

§ 2710. Rules and regulations. The superintendent, by regulation, shall provide for the implementation of the provisions of this article and for facilitating, monitoring and verifying compliance with this article.

§ 2711. Severability. If any word, clause, sentence, paragraph, subdivision, section or part of this article shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the word, clause, sentence, paragraph, subdivision, section or part thereof directly involved in the

controversy in which such judgment shall have been rendered. It is hereby declared to be the intent of the legislature that this article would have been enacted even if such invalid provisions had not been included herein.

ARTICLE 28

USE OF CREDIT INFORMATION

Section 2801. Definitions.
2802. Use of credit information.
2803. Dispute resolution and error correction.
2804. Initial notification.
2805. Adverse action notification.
2806. Filing.
2807. Sale of information by consumer reporting agency.
2808. Indemnification.
2809. Severability.

§ 2801. Definitions. For the purposes of this article, the following terms shall have the following meanings:

(a) "Adverse action" shall mean a denial or cancellation of, an increase in any charge for, or a reduction or other adverse or unfavorable change in the terms of coverage or amount of, any insurance, existing or applied for, in connection with the underwriting of personal insurance.

(b) "Affiliate" shall mean any company that controls, is controlled by, or is under common control with another company.

(c) "Applicant" shall mean an individual who has applied to be covered by a personal lines insurance policy with an insurer.

(d) "Consumer" shall mean an insured whose credit information is used or whose insurance score is calculated in the underwriting or rating of a personal lines insurance policy or an applicant for such a policy.

(e) "Consumer reporting agency" shall mean any person who, for monetary fees, dues, or on a cooperative nonprofit basis, regularly engages in whole or in part in the practice of assembling or evaluating consumer credit information or other information on consumers for the

purpose of furnishing consumer reports to third parties.

(f) "Credit information" shall mean any credit-related information derived from a credit report, found on a credit report itself, or provided on an application for personal lines insurance. Information that is not credit-related shall not be considered "credit information", regardless of whether it is contained in a credit report or in an application, or is used to calculate an insurance score.

(g) "Credit report" shall mean any written, oral, or other communication of information by a consumer reporting agency bearing on a consumer's credit worthiness, credit standing or credit capacity which is used or expected to be used or collected in whole or in part for the purpose of serving as a factor to determine personal lines insurance premiums, eligibility for coverage, or tier placement.

(h) "Insurance score" shall mean a number or rating that is derived from an algorithm, computer application, model, or other process that is based in whole or in part on credit information for the purposes of predicting the future insurance loss exposure of an individual applicant or insured.

(i) "Personal lines insurance" shall mean property/casualty insurance coverage sold to individuals and families for primarily noncommercial purposes.

§ 2802. Use of credit information. An insurer doing business in this state that uses credit information to underwrite or rate risks for personal lines insurance, shall not:

(a) use an insurance score that is calculated using income, gender, address, zip code, ethnic group, religion, marital status, or nationality of the consumer as a factor;

(b) deny a policy of personal lines insurance solely on the basis of credit information, without consideration of any other applicable underwriting factor independent of credit information, provided that an offer by an insurer to provide coverage by writing a policy through an affiliate insurer or a tier within the insurer shall not constitute a denial of a policy;

(c) use credit information to cancel or nonrenew a policy or increase an insured's premium for personal lines insurance on renewal provided

that nothing in this section shall be construed to prohibit an insurer from considering an insured's tier placement pursuant to section two thousand three hundred forty-nine of this chapter or placement with a company within a group of affiliated companies in conjunction with factors other than credit information as part of its renewal process;

(d) take an adverse action against a consumer solely because he or she does not have a credit card account, without consideration of any other applicable factor independent of credit information;

(e) consider an absence of credit information or an inability to calculate an insurance score in underwriting or rating personal insurance, unless the insurer does one of the following:

(1) treats the consumer as if the applicant or insured had neutral credit information, as defined by the insurer;

(2) excludes the use of credit information as a factor and uses only other underwriting criteria; or

(3) treats the consumer as otherwise approved by the superintendent, if the insurer presents information that such an absence or inability relates to the risk for the insurer;

(f) take an adverse action against a consumer based on credit information, unless an insurer obtains and uses a credit report issued or an insurance score calculated within ninety days from the date the policy is first written;

(g) use credit information unless at least once every thirty-six months, upon the request of a consumer or the consumer's agent, the insurer shall re-underwrite and re-rate the policy based upon a current credit report or insurance score provided, however, that this shall not result in a premium increase for the insured. An insurer need not recalculate the insurance score or obtain the updated credit report of a consumer more frequently than once in a thirty-six-month period. Regardless of the requirements of this subsection:

(1) The insurer shall have the discretion to obtain current credit information upon any renewal, if consistent with its underwriting guidelines provided that such information may be used only to reduce premiums for the insured; and

(2) No insurer need obtain current credit information for an insured, despite the requirements of this subsection, if one of the following applies:

(A) The insured is in the most favorably-priced tier of the insurer, within a group of affiliated insurers; or

(B) Credit was not used for underwriting or rating such insured when the policy was initially written. However, the insurer shall have the discretion to use credit for underwriting or rating such insured upon renewal, if such use would reduce premiums for the insured;

(h) use any of the following as a negative factor in any insurance scoring methodology or in reviewing credit information for the purpose of underwriting or rating a policy of personal lines insurance:

(1) credit inquiries not initiated by the consumer or inquiries requested by the consumer for his or her own credit information;

(2) inquiries relating to insurance coverage, if so identified on a consumer's credit report;

(3) collection accounts with a medical industry code, if so identified on the consumer's credit report;

(4) multiple lender inquiries, if coded by the consumer reporting agency on the consumer's credit report as being from the home mortgage industry and made within thirty days of one another, unless only one inquiry is considered; or

(5) multiple lender inquiries, if coded by the consumer reporting agency on the consumer's credit report as being from the automobile lending industry and made within thirty days of one another, unless only one inquiry is considered.

§ 2803. Dispute resolution and error correction. If it is determined through the dispute resolution process set forth in the federal Fair Credit Reporting Act, 15 USC 1681i(a)(5), that the credit information of a current insured was incorrect or incomplete and if the insurer receives notice of such determination from either the consumer reporting agency or from the insured, the insurer shall re-underwrite and re-rate the consumer within thirty days of receiving such notice. After re-underwriting or re-rating the insured, the insurer shall make any adjustments necessary, consistent with its underwriting and rating guidelines. If an insurer determines that the insured has overpaid premium, the insurer shall refund to the insured the amount of overpayment calculated back to the last thirty-six months of coverage

provided by such insurer.

§ 2804. Initial notification. An insurer writing personal lines insurance which uses credit information in underwriting or rating a consumer, shall disclose such fact to the consumer. The insurer shall provide the disclosure required under this section to any insured on new and renewal policies.

(a) The disclosure must be provided in a separate written document, which need not be provided in a separate mailing as another document as long as it is provided on a separate piece of paper, except that for new business it may be provided either in writing or in the same medium as the application for insurance.

(b) The disclosure must, in clear and specific language, comply with the following:

(1) inform the consumer that it may obtain credit information in connection with the application or renewal;

(2) give an explanation of insurance scoring;

(3) list typical items relative to a consumer's credit history that could affect such score; and

(4) provide the name of the consumer reporting agency supplying the credit data used in determining the score.

(c) Use of one of the following example disclosure statements constitutes compliance with this section:

(1) "In connection with this insurance, we may review your credit report or obtain or use a credit-based insurance score based on information contained in that report. An insurance score uses information from your credit report to help predict how often you are likely to file claims and how expensive those claims will be. Typical items from a credit report that could affect a score include, but are not limited to, the following: payment history, number of revolving accounts, number of new accounts, the presence of collection accounts, bankruptcies and foreclosures. The information used to develop the insurance score comes from (insert name.)"; or

(2) Use of the following example disclosure statement for renewal business constitutes compliance with this section: "In connection with this insurance, we previously used a credit report or obtained or used a

credit-based insurance score based on information contained in that report. We may obtain or use credit information again provided, however, that upon renewal such information may only be used to reduce premiums. An insurance score uses information from your credit report to help predict how often you are likely to file claims and how expensive those claims will be. Typical items from a credit report that could affect a score include, but are not limited to, the following: payment history, number of revolving accounts, number of new accounts, the presence of collection accounts, bankruptcies and foreclosures. The information used to develop the insurance score comes from (insert name.)".

(d) If a new business application is taken over the telephone, an oral disclosure may be provided by one of the following approaches:

(1) As described in subsections (a) through (c) of this section; or

(2) (A) By first disclosing the fact that the insurer may obtain credit information in connection with such application, as indicated in paragraph one of subsection (b) of this section. Use of the following example disclosure constitutes compliance with this provision: "In connection with this application for insurance, we may review your credit report or obtain or use a credit-based insurance score based on the information contained in that credit report."; and

(B) If a policy is issued, by supplying the information required under paragraphs two, three and four of subsection (b) of this section. The disclosure must be provided in a separate written document, which need not be provided in a separate mailing as another document as long as it is provided on a separate piece of paper. Use of the following example disclosure constitutes compliance with this provision: "In connection with this insurance, we reviewed your credit report or obtained or used a credit-based insurance score based on information contained in that report. An insurance score uses information from your credit report to help predict how often you are likely to file claims and how expensive those claims will be. Typical items from a credit report that could affect a score include, but are not limited to, the following: payment history, number of revolving accounts, number of new accounts, the presence of collection accounts, bankruptcies and foreclosures. The information used to develop the insurance score comes from (insert name.)".

§ 2805. Adverse action notification. If an insurer takes an adverse action based upon credit information, the insurer shall:

(a) provide notification to the consumer that an adverse action has been taken, in accordance with the requirements of the federal Fair Credit Reporting Act, 15 USC 1681m(a); and

(b) provide notification to the consumer explaining the reason for the adverse action. The reasons must be provided in sufficiently clear and specific language so that a person can identify the basis for the insurer's decision to take an adverse action. Such notification shall include a description of up to four factors that were the primary influences of the adverse action. The use of generalized terms such as "poor credit history", "poor credit rating", or "poor insurance score" does not meet the explanation requirements of this subsection. Standardized credit explanations provided by consumer reporting agencies or other third party vendors are deemed to comply with this section.

§ 2806. Filing. (a) Insurers that use insurance scores to underwrite and rate risks must file their scoring models (or other scoring processes) with the superintendent. Any subsequent revision to the scoring models will require the insurer to file a summary of the revision with the superintendent within forty-five days. A third party may file scoring models on behalf of insurers. A filing that includes insurance scoring may include loss experience justifying the use of credit information.

(b) Any filing relating to credit information filed and in the possession of the superintendent shall remain the property of the insurer and shall not be subject to any disclosure or production under article six or six-A of the public officers law or any other law of the state which authorizes or requires the superintendent to disclose or produce records to an outside party. This information is privileged information and is not discoverable or admissible as evidence in any legal action in any civil, criminal or administrative proceeding. The privilege created herein is a matter of substantive law of this state and is not merely a procedural matter governing civil or criminal procedures in the courts of this state and this information shall remain

subject to all applicable statutory or common law privileges.

§ 2807. Sale of information by consumer reporting agency. (a) No consumer reporting agency shall provide or sell data or lists that include any information that in whole or in part was submitted in conjunction with an insurance inquiry about a consumer's credit information or a request for a credit report or insurance score. Such information includes, but is not limited to, the expiration dates of an insurance policy or any other information that may identify time periods during which a consumer's insurance may expire and the terms and conditions of the consumer's insurance coverage.

(b) The restrictions provided in subsection (a) of this section do not apply to data or lists the consumer reporting agency supplies to the insurance agent or broker from whom information was received, the insurer on whose behalf such agent or broker acted, or such insurer's affiliates or holding companies.

(c) Nothing in this section shall be construed to restrict any insurer from being able to obtain a claims history report or a motor vehicle report.

§ 2808. Indemnification. An insurer shall indemnify, defend and hold agents harmless from and against all liability, fees and costs arising out of or relating to the actions, errors or omissions of the agent resulting from obtaining or using credit information and/or insurance scores for an insurer, provided the agent follows the instructions of or procedures established by the insurer, works within the authority granted by the insurer to the agent and complies with any applicable law or regulation. Nothing in this section shall be construed to provide a consumer or other insured with a cause of action that does not exist in the absence of this section.

§ 2809. Severability. If any section, paragraph, sentence, clause, phrase, or any part of this article is declared invalid due to an interpretation of or a future change in the federal Fair Credit

Reporting Act or is adjudged by any court of competent jurisdiction to be invalid, such judgment, interpretation or change shall not affect, impair or invalidate the remainder thereof and the remaining sections, paragraphs, sentences, clauses, phrases, or parts thereof shall be in no manner affected thereby but shall remain in full force and effect.

ARTICLE 29

PHARMACY BENEFIT MANAGERS

Section 2901. Definitions.
2902. Acting without a registration.
2903. Registration requirements for pharmacy benefit managers.
2904. Reporting requirements for pharmacy benefit managers.
2905. Acting without a license.
2906. Licensing of a pharmacy benefit manager.
2907. Revocation or suspension of a registration or license of a pharmacy benefit manager.
2908. Penalties for violations.
2909. Stay or suspension of superintendent's determination.
2910. Revoked registrations or licenses.
2911. Additional obligations.
2912. Change of address.
2913. Applicability of other laws.
2914. Assessments.

§ 2901. Definitions. For purposes of this article:

(a) "Controlling person" is any person or other entity who or which directly or indirectly has the power to direct or cause to be directed the management, control or activities of a pharmacy benefit manager.

(b) The terms "covered individual", "health plan", "pharmacy benefit manager" and "pharmacy benefit management services" have the same meanings as defined by section two hundred eighty-a of the public health law. The superintendent is expressly authorized to interpret these terms as if the definitions were stated within this article.

§ 2902. Acting without a registration. (a) No person, firm, association, corporation or other entity may act as a pharmacy benefit manager on or after June first, two thousand twenty-two and prior to January first, two thousand twenty-four, without having a valid registration as a pharmacy benefit manager filed with the superintendent in accordance with this article and any regulations promulgated thereunder.

(b) Any person, firm, association, corporation or other entity that violates this section shall, in addition to any other penalty provided by law, be liable for restitution and compensatory damages to any health plan, pharmacy or covered individual, or other person harmed by the violation and shall also be subject to a penalty not exceeding of the greater of (1) four thousand dollars for the first violation and ten thousand dollars for each subsequent violation or (2) the aggregate economic gross receipts attributable to all violations.

§ 2903. Registration requirements for pharmacy benefit managers. (a) Every pharmacy benefit manager that performs pharmacy benefit management services on or after June first, two thousand twenty-two and prior to January first, two thousand twenty-four shall register with the superintendent in a manner acceptable to the superintendent, and shall pay a fee of four thousand dollars for each year or fraction of a year in which the registration shall be valid. The superintendent, in consultation with the commissioner of health, may establish, by regulation, minimum registration standards required for a pharmacy benefit manager. The superintendent can reject a registration application filed by a pharmacy benefit manager that fails to comply with the minimum registration standards.

(b) For each business entity, the officer or officers and director or directors named in the application shall be designated responsible for the business entity's compliance with the financial services and insurance laws, rules and regulations of this state.

(c) Every registration will expire on December thirty-first, two thousand twenty-three regardless of when registration was first made.

(d) Every pharmacy benefit manager that performs pharmacy benefit management services at any time prior to June first, two thousand

twenty-two, shall make the registration and fee payment required by subsection (a) of this section on or before June first, two thousand twenty-two. Any other pharmacy benefit manager shall make the registration and fee payment required by subsection (a) of this section prior to performing pharmacy benefit management services.

(e) Registrants under this section shall be subject to examination by the superintendent as often as the superintendent may deem it necessary. The superintendent may promulgate regulations establishing methods and procedures for facilitating and verifying compliance with the requirements of this article and such other regulations as necessary to enforce the provisions of this article.

§ 2904. Reporting requirements for pharmacy benefit managers. (a) (1) (i) On or before July first of each year, every pharmacy benefit manager shall report to the superintendent, in a statement subscribed and affirmed as true under penalties of perjury, the information requested by the superintendent including, without limitation,

(A) any pricing discounts, rebates of any kind, inflationary payments, credits, clawbacks, fees, grants, chargebacks, reimbursements, other financial or other reimbursements, incentives, inducements, refunds or other benefits received by the pharmacy benefit manager;

(B) the terms and conditions of any contract or arrangement, including other financial or other reimbursements incentives, inducements or refunds between the pharmacy benefit manager and any other party relating to pharmacy benefit management services provided to a health plan including but not limited to, dispensing fees paid to pharmacies;

(C) the aggregated dollar amount of rebates, fees, price protection payments and any other payments the pharmacy benefit manager received from drug manufacturers through rebate contracts;

(D) the portions of the amount in clause (C) of this subparagraph which were:

1. passed on to health plans; or

2. retained by the pharmacy benefit manager; and

(E) for each rebate contract in effect during the reporting period:

1. the names of the contracting parties;

2. the execution date and the term of the contract, including extensions;

3. the name of the drugs and the associated national drug codes covered by the rebate contract, and for each drug:

(I) a summary of the contract terms regarding formulary placement, formulary exclusion, or prior authorization requirements or step edits, of any drugs considered to compete with each drug;

(II) a summary of all terms requiring or incentivizing volume or market share for each drug, including base rebate amounts, bundled rebates and incremental rebates, stated separately, and price concession, stated separately for each drug; and

(III) the total number of prescriptions filled and units dispensed for which a rebate, discount, price concession or other consideration was received by the pharmacy benefit manager for each drug;

4. the rebate percentage and dollar amount retained by the pharmacy benefit manager for every rebate, discount, price concession or other consideration under each rebate contract; and

5. the dollar amount of any other compensation paid by a drug manufacturer to a pharmacy benefit manager for services including distribution management services, data or data services, marketing or promotional services, research programs, or other ancillary services, under each rebate contract.

(ii) For the purposes of this subsection, the term "rebate contract" means any agreement entered into by a pharmacy benefit manager with any drug manufacturer or agent or affiliate of a drug manufacturer that determines any rebate, discount, administrative or other fee, price concession, or other consideration related to the dispensing of prescription drugs for a health plan.

(2) The superintendent may require the filing of quarterly or other statements, which shall be in such form and shall contain such matters as the superintendent shall prescribe.

(3) The superintendent may address to any pharmacy benefit manager or its officers any inquiry in relation to its provision of pharmacy benefit management services or any matter connected therewith. Every pharmacy benefit manager or person so addressed shall reply in writing to such inquiry promptly and truthfully, and such reply shall be, if required by the superintendent, subscribed by such individual, or by such officer or officers of the pharmacy benefit manager, as the superintendent shall designate, and affirmed by them as true under the penalties of perjury.

(b) In the event any pharmacy benefit manager or person does not submit the report required by paragraph one of subsection (a) of this section or does not provide a good faith response to an inquiry from the superintendent pursuant to paragraph three of subsection (a) of this section within a time period specified by the superintendent of not less than fifteen business days, the superintendent is authorized to levy a civil penalty, after notice and hearing, against such pharmacy benefit manager or person not to exceed four thousand dollars per day for each day beyond the date the report is due or the date specified by the superintendent for response to the inquiry.

(c) All information, documents and material disclosed by a pharmacy benefit manager under this section and in the possession or under control of the superintendent shall be deemed confidential and not subject to disclosure except where and as the superintendent determines that disclosure is in the public interest. This subsection shall not apply to information, documents and materials where they are in the possession and under the control of a person or entity other than the superintendent.

§ 2905. Acting without a license. (a) No person, firm, association, corporation or other entity may act as a pharmacy benefit manager on or after January first, two thousand twenty-four without having authority to do so by virtue of a license issued in force pursuant to the provisions of this article.

(b) Any person, firm, association, corporation or other entity that violates this section shall, in addition to any other penalty provided by law, be liable for restitution and compensatory damages to any health

plan, pharmacy, covered individual or other person harmed by the violation and further shall be subject to a penalty not exceeding the greater of (1) four thousand dollars for the first violation and ten thousand dollars for each subsequent violation or (2) the aggregate economic gross receipts attributable to all violations, as determined by the superintendent at a hearing.

§ 2906. Licensing of a pharmacy benefit manager. (a) The superintendent may issue a pharmacy benefit manager's license to any person, firm, association or corporation who or that has complied with the requirements of this article, including regulations promulgated by the superintendent. The superintendent, in consultation with the commissioner of health, shall establish, by regulation, minimum standards for the issuance of a license to a pharmacy benefit manager.

(b) The minimum standards established under this subsection shall contain both prerequisites for the issuance of a license and requirements for maintenance of a license and shall address, without limitation:

(1) conflicts of interest between pharmacy benefit managers and health plans or insurers;

(2) deceptive practices in connection with the performance of pharmacy benefit management services;

(3) anti-competitive practices in connection with the performance of pharmacy benefit management services;

(4) unfair claims practices in connection with the performance of pharmacy benefit management services;

(5) pricing models used by pharmacy benefit managers both for their services and for the payment of services to the pharmacy benefit manager;

(6) standards and practices used in the creation of pharmacy networks and contracting with network pharmacies and other providers, including promotion and use of independent and community pharmacies and patient access and minimizing excessive concentration and vertical integration of markets; and

(7) protection of consumers.

(c) For each business entity, the officer or officers and director or

directors named in the application shall be designated responsible for the business entity's compliance with the insurance laws, rules and regulations of this state.

(d)(1) Before a pharmacy benefit manager's license shall be issued or renewed, the prospective licensee shall properly file in the office of the superintendent an application therefor in such form or forms and supplements thereto as the superintendent prescribes, and pay a fee of eight thousand dollars for each year or fraction of a year in which a license shall be valid.

(2) Every pharmacy benefit manager's license shall expire thirty-six months after the date of issue. Every license issued pursuant to this section may be renewed for the ensuing period of thirty-six months upon the filing of an application in conformity with this subsection.

(e) If an application for a renewal license shall have been filed with the superintendent at least two months before its expiration, then the license sought to be renewed shall continue in full force and effect either until the issuance by the superintendent of the renewal license applied for or until five days after the superintendent shall have refused to issue such renewal license and given notice of such refusal to the applicant.

(f) The superintendent may refuse to issue a pharmacy benefit manager's license if, in the superintendent's judgment, the applicant or any member, principal, officer or director of the applicant, is not trustworthy and competent to act as or in connection with a pharmacy benefit manager, or that any of the foregoing has given cause for revocation or suspension of such license, or has failed to comply with any prerequisite for the issuance of such license.

(g) Licensees and applicants for a license under this section shall be subject to examination by the superintendent as often as the superintendent may deem it expedient. The superintendent may promulgate regulations establishing methods and procedures for facilitating and verifying compliance with the requirements of this section and such other regulations as necessary.

(h) The superintendent may issue a replacement for a currently in-force license that has been lost or destroyed. Before the replacement license shall be issued, there shall be on file in the office of the superintendent a written application for the replacement license,

affirming under penalty of perjury that the original license has been lost or destroyed, together with a fee of eight hundred dollars.

(i) No pharmacy benefit manager shall engage in any practice or action that a health plan is prohibited from engaging in pursuant to this chapter.

§ 2907. Revocation or suspension of a registration or license of a pharmacy benefit manager. (a) The superintendent may revoke, or may suspend for a period the superintendent determines the registration or license of any pharmacy benefit manager if, after notice and hearing, the superintendent determines that the registrant or licensee or any member, principal, officer, director, or controlling person of the registrant or licensee, has:

(1) violated any insurance laws, section two hundred eighty-a of the public health law or violated any regulation, subpoena or order of the superintendent or of another state's insurance commissioner, or has violated any law in the course of his or her dealings in such capacity after such registration or license has been issued or renewed pursuant to this article;

(2) provided materially incorrect, materially misleading, materially incomplete or materially untrue information in the registration or license application;

(3) obtained or attempted to obtain a registration or license through misrepresentation or fraud;

(4)(A) used fraudulent, coercive or dishonest practices;

(B) demonstrated incompetence;

(C) demonstrated untrustworthiness; or

(D) demonstrated financial irresponsibility in the conduct of business in this state or elsewhere;

(5) improperly withheld, misappropriated or converted any monies or properties received in the course of business in this state or elsewhere;

(6) intentionally misrepresented the terms of an actual or proposed insurance contract;

(7) admitted or been found to have committed any insurance unfair trade practice or fraud;

(8) had a pharmacy benefit manager registration or license, or its equivalent, denied, suspended or revoked in any other state, province, district or territory;

(9) failed to pay state income tax or comply with any administrative or court order directing payment of state income tax; or

(10) ceased to meet the requirements for registration or licensure under this article.

(b) Before revoking or suspending the registration or license of any pharmacy benefit manager pursuant to the provisions of this article, the superintendent shall give notice to the registrant or licensee and shall hold, or cause to be held, a hearing not less than ten days after the giving of such notice.

(c) If a registration or license pursuant to the provisions of this article is revoked or suspended by the superintendent, then the superintendent shall forthwith give notice to the registrant or licensee.

(d) The revocation or suspension of any registration or license pursuant to the provisions of this article shall terminate forthwith such registration or license and the authority conferred thereby. For good cause shown, the superintendent may delay the effective date of a revocation or suspension to permit the registrant or licensee to satisfy some or all of its contractual obligations to perform pharmacy benefit management services in the state.

(e)(1) No individual, corporation, firm or association whose registration or license as a pharmacy benefit manager has been revoked pursuant to subsection (a) of this section, and no firm or association of which such individual is a member, and no corporation of which such individual is an officer or director, and no controlling person of the registrant or licensee shall be entitled to obtain any registration or license under the provisions of this article for a minimum period of one year after such revocation, or, if such revocation be judicially reviewed, for a minimum period of one year after the final determination thereof affirming the action of the superintendent in revoking such license.

(2) If any such registration or license held by a firm, association or corporation be revoked, no member of such firm or association and no officer or director of such corporation or any controlling person of the

registrant or licensee shall be entitled to obtain any registration or license under this article for the same period of time, unless the superintendent determines, after notice and hearing, that such member, officer or director was not personally at fault in the matter on account of which such registration or license was revoked.

(f) If any corporation, firm, association or person aggrieved shall file with the superintendent a verified complaint setting forth facts tending to show sufficient ground for the revocation or suspension of any pharmacy benefit manager's registration or license, and the superintendent finds the complaint credible, then the superintendent shall, after notice and a hearing, determine whether such registration or license shall be suspended or revoked.

(g) The superintendent shall retain the authority to enforce the provisions of and impose any penalty or remedy authorized by this chapter against any person or entity who is under investigation for or charged with a violation of this chapter, even if the person's or entity's registration or license has been surrendered, or has expired or has lapsed by operation of law.

(h) A registrant or licensee subject to this article shall report to the superintendent any administrative action taken against the registrant or licensee in another jurisdiction or by another governmental agency in this state within thirty days of the final disposition of the matter. This report shall include a copy of the order, consent to order or other relevant legal documents.

(i) Within thirty days of the initial pretrial hearing date, a registrant or licensee subject to this article shall report to the superintendent any criminal prosecution of the registrant or licensee taken in any jurisdiction. The report shall include a copy of the initial complaint filed, the order resulting from the hearing and any other relevant legal documents.

§ 2908. Penalties for violations. (a) The superintendent, in addition to any other power conferred by law, may in any one proceeding by order, require the registrant or licensee who violates the provisions of this article or section two hundred eighty-a of the public health law, or any regulation promulgated thereunder to make restitution and pay

compensatory damages, in an amount to be determined by the superintendent, to any person injured by the unlawful actions of said registrant or licensee and to pay to the people of this state a penalty in a sum not exceeding the greater of (1) four thousand dollars for each offense and ten thousand dollars for each subsequent violation or (2) the aggregate gross receipts attributable to all offenses.

(b) Upon the failure of such a registrant or licensee to pay the penalty ordered pursuant to subsection (a) of this section within twenty days after the mailing of the order, postage prepaid, registered, and addressed to the last known place of business of the licensee, unless the order is stayed by an order of a court of competent jurisdiction, the superintendent may revoke the registration or license of the registrant or licensee or may suspend the same for such period as the superintendent determines.

§ 2909. Stay or suspension of superintendent's determination. The commencement of a proceeding under article seventy-eight of the civil practice law and rules, to review the action of the superintendent in suspending or revoking or refusing to renew any certificate under this article, shall stay such action of the superintendent for a period of thirty days. Such stay shall not be extended for a longer period unless the court shall determine, after a preliminary hearing of which the superintendent is notified forty-eight hours in advance, that a stay of the superintendent's action pending the final determination or further order of the court will not unduly injure the interests of the people of the state.

§ 2910. Revoked registrations or licenses. (a)(1) No person, firm, association, corporation or other entity subject to the provisions of this article whose registration or license under this article has been revoked, or whose registration or license to engage in the business of pharmacy benefit management in any capacity has been revoked by any other state or territory of the United States shall become employed or appointed by a pharmacy benefit manager as an officer, director, manager, controlling person or for other services, without the prior

written approval of the superintendent, unless such services are for maintenance or are clerical or ministerial in nature.

(2) No person, firm, association, corporation or other entity subject to the provisions of this article shall knowingly employ or appoint any person or entity whose registration or license issued under this article has been revoked, or whose registration or license to engage in the business of pharmacy benefit management in any capacity has been revoked by any other state or territory of the United States, as an officer, director, manager, controlling person or for other services, without the prior written approval of the superintendent, unless such services are for maintenance or are clerical or ministerial in nature.

(3) No corporation or partnership subject to the provisions of this article shall knowingly permit any person whose registration or license issued under this article has been revoked, or whose registration or license to engage in the business of pharmacy benefit management in any capacity has been revoked by any other state, or territory of the United States, to be a shareholder or have an interest in such corporation or partnership, nor shall any such person become a shareholder or partner in such corporation or partnership, without the prior written approval of the superintendent.

(b) The superintendent may approve the employment, appointment or participation of any such person whose registration or license has been revoked:

(1) if the superintendent determines that the duties and responsibilities of such person are subject to appropriate supervision and that such duties and responsibilities will not have an adverse effect upon the public, other registrants or licensees, or the registrant or licensee proposing employment or appointment of such person; or

(2) if such person has filed an application for reregistration or relicensing pursuant to this article and the application for reregistration or relicensing has not been approved or denied within one hundred twenty days following the filing thereof, unless the superintendent determines within the said time that employment or appointment of such person by a registrant or licensee in the conduct of a pharmacy benefit management business would not be in the public interest.

(c) The provisions of this section shall not apply to the ownership of shares of any corporation registered or licensed pursuant to this article if the shares of such corporation are publicly held and traded in the over-the-counter market or upon any national or regional securities exchange.

§ 2911. Additional obligations. (a) A pharmacy benefit manager shall assist a health plan in answering any inquiry made under section three hundred eight of this chapter.

(b) No pharmacy benefit manager shall violate any provisions of the public health law applicable to pharmacy benefit managers.

(c) No pharmacy benefit manager shall permit any subcontractor, affiliate, subsidiary, or other individual or entity performing pharmacy benefit management services for a pharmacy benefit manager to take any action which would violate any provision of law if taken by the pharmacy benefit manager. A pharmacy benefit manager shall be responsible for the actions of any subcontractor, affiliate, subsidiary, or other individual or entity who violates any provision of this article in performance of any pharmacy benefit management services for such pharmacy benefit manager whether or not the pharmacy benefit manager was aware of, or sanctioned, the conduct.

§ 2912. Change of address. A registrant or licensee under this article shall inform the superintendent by a means acceptable to the superintendent of a change of address within thirty days of the change.

§ 2913. Applicability of other laws. Nothing in this article shall be construed to exempt a pharmacy benefit manager from complying with the provisions of articles twenty-one and forty-nine of this chapter and articles forty-four and forty-nine and section two hundred eighty-a of the public health law, section three hundred sixty-four-j of the social services law, or any other provision of this chapter or the financial services law.

§ 2914. Assessments. Notwithstanding section two hundred six of the financial services law, pharmacy benefit managers that file a registration with the department or are licensed by the department shall be assessed by the superintendent for the operating expenses of the department that are attributable to regulating such pharmacy benefit managers in such proportions as the superintendent shall deem just and reasonable.

ARTICLE 31

INSURANCE CONTRACTS - GENERAL

Section 3101. Simplified comprehensive policies of insurance.
3102. Requirements for the use of readable and understandable insurance policies.
3103. Non-conforming contracts.
3104. Contract provisions required by laws of other jurisdictions.
3105. Representations by the insured.
3106. Warranty defined; effect of breach.
3107. Sale of insurance policies by vending machine.
3108. Reinsurance contracts excepted.
3109. False statements in applications for membership in fraternal benefit societies.
3110. Withdrawal of any policy form.
3111. Special provisions relating to senior citizens.
3112. Automatic bank withdrawal agreements; notification required.
3113. Consent of and notification of an irrevocable beneficiary under a court order of divorce or separation.
3114. Hate crimes; coverage refusal.

§ 3101. Simplified comprehensive policies of insurance. Simplified policies of insurance providing broad coverage of all or various combinations of risks may be approved by the superintendent and issued by insurers notwithstanding any provision of this chapter, and

notwithstanding those provisions of any other law which specify the content of insurance policies, provided that such policies shall be subject to regulations promulgated by the superintendent specifying the standards which must be met by insurers for issuing such policies and assuring to policyholders and claimants protections not less favorable than they would be entitled to under a substantially similar policy which is not subject to this section.

§ 3102. Requirements for the use of readable and understandable insurance policies. (a) Definitions. In this section "insurance policy" means any:

(1) form subject to approval under either section three thousand two hundred one or four thousand three hundred eight of this chapter;

(2) comprehensive health services plan as defined in section four thousand four hundred one of the public health law;

(3) contract of insurance for owners of dwellings consisting of not more than four dwelling units, and for household furnishings and personal property contained in any household unit, written for a divisible or indivisible premium which provides coverage for the peril of fire and extended coverage with or without any other kind of insurance as provided pursuant to subsection (a) of section one thousand one hundred thirteen of this chapter;

(4) contract of insurance insuring against losses or liabilities arising out of the ownership, operation, or use of a motor vehicle predominantly used for non-business purposes, when a natural person is the named insured.

(b) Exclusions. (1) This section shall not apply to:

(A) any insurance policy which has been determined to be a security subject to federal jurisdiction;

(B) certificates issued pursuant to a group life or accident and health insurance policy or group annuity contract issued to an employer covering persons employed in more than one state;

(C) any group insurance policy covering a group of one hundred or more lives, other than dependents, at date of issue, and a group credit life insurance policy or a group credit accident and health insurance policy; provided, however, this shall not exempt any certificate issued pursuant

to a group insurance policy delivered or issued for delivery in this state;

(D) any group annuity contract which serves as a funding vehicle for pension, profit sharing or deferred compensation plans; provided, however, this shall not exempt any certificate issued pursuant to such group annuity contract;

(E) any insurance policy of life and accident and health insurance used in connection with, as a conversion from, as an addition to, or in exchange pursuant to a contractual provision for, an insurance policy approved prior to October first, nineteen hundred eighty-two;

(F) the renewal of an insurance policy of life and accident and health insurance made, issued or delivered on a form provided prior to October first, nineteen hundred eighty-two;

(G) any insurance policy issued pursuant to article sixty-three of this chapter;

(H) any funding agreement issued pursuant to section three thousand two hundred twenty-two of this chapter; or

(I) any service contract issued pursuant to article seventy-nine of this chapter.

(2) No other statute of this state or provision of this chapter establishing language simplification standards shall apply to any insurance policy.

(3) Any non-English language insurance policy made, issued or delivered in this state on a risk located or resident in this state shall be deemed to be in compliance with subparagraph (D) of paragraph one of subsection (c) of this section if the insurer certifies that such insurance policy is translated from an English language insurance policy which does comply with such subparagraph.

(c) Readability requirements. (1) In addition to any other requirements of law, no insurance policy, except as set forth in subsection (b) of this section, shall be made, issued or delivered in this state on a risk located or resident in this state, unless:

(A) it is written in a clear and coherent manner;

(B) wherever practicable, it uses words with common and everyday meanings to facilitate readability and to aid the insured or policyholder in understanding the coverage provided;

(C) it has been filed with and approved by the superintendent;

(D) the text achieves a minimum score of forty-five on the Flesch reading ease test or an equivalent score on any other comparable test as provided in paragraph three of this subsection;

(E) it is printed, except for specification pages, schedules and tables, in not less than ten point type, and except for applications, specification pages, schedules and tables, such type is at least one point leaded;

(F) it is appropriately divided and captioned and presented in meaningful sequence; each section to contain an underlined, boldface or otherwise conspicuous title or caption at the beginning that indicates the nature of the subject matter included in or covered by the section;

(G) it contains a table of contents or an index of the principal sections of the insurance policy if the insurance policy has more than three thousand words or if the insurance policy has more than three pages regardless of the number of words;

(H) it has margins that are adequate for the purposes of readability; and

(I) it is printed in such manner that it includes sufficient contrast of ink and paper to be legible.

(2) For the purposes of this subsection, a Flesch reading ease test score shall be measured by the following method:

(A) For an insurance policy containing ten thousand words or less of text, the entire form shall be analyzed. For an insurance policy containing more than ten thousand words, the readability of two hundred word samples per page may be analyzed instead of the entire form. The samples shall be separated by at least twenty printed lines.

(B) The number of words and sentences in the text shall be counted and the total number of words divided by the total number of sentences. The figure obtained shall be multipled by a factor of 1.015.

(C) The total number of syllables shall be counted and divided by the total number of words. The figure obtained shall be multiplied by a factor of 84.6.

(D) The sum of the figures computed under subparagraphs (B) and (C) hereof subtracted from 206.835 equals the Flesch reading ease score for the insurance policy.

(E) For purposes of subparagraphs (B), (C) and (D) hereof, the following procedures shall be used:

(i) a contraction, hyphenated word, or numbers and letters, when separated by spaces, shall be counted as one word;

(ii) a unit of words ending with a period, semicolon, or colon, but excluding headings and captions, shall be counted as a sentence; and

(iii) a syllable means a unit of spoken language consisting of one or more letters of a word as divided by an accepted dictionary. Where the dictionary shows two or more equally acceptable pronunciations of a word, the pronunciation containing fewer syllables may be used.

(F) In this subsection "text" includes all printed matter except the following:

(i) the name and address of the insurer; the name, number or title of the policy; the table of contents or index; captions and subcaptions; specification pages, schedules or tables; and

(ii) any language which is drafted to conform to the requirements of any state or federal law, regulation or agency interpretation; any language required by any collectively bargained agreement; any medical terminology; and words which are defined in the insurance policy; and any language required by law or regulation; provided, however, the insurer identifies the language or terminology excepted by this subparagraph and certifies in writing that the language or terminology is entitled to be excepted by this subparagraph.

(3) Any other reading test may be designated by the superintendent for use as an alternative to the Flesch reading ease test.

(4) Filings subject to this subsection shall be certified by an officer of the insurer that they meet the minimum reading ease score on the test used or state that the score is lower than the minimum required but should be approved in accordance with subsection (d) of this section. To confirm the accuracy of any certification, the superintendent may require the submission of further information to verify the certification in question.

(5) At the option of the insurer, riders, endorsements, applications and other forms may be scored as separate forms or as part of the insurance policy with which they may be used.

(d) Lower score permitted. The superintendent may authorize a lower score than the Flesch reading ease score required in subparagraph (D) of paragraph one of subsection (c) of this section whenever, in the superintendent's sole discretion, he finds that a lower score:

(1) nevertheless reflects a readable and an understandable insurance policy which is consistent with the purposes of this section;

(2) is warranted by the nature of a particular insurance policy or type or class of insurance policies; or

(3) is caused by certain language which is drafted to conform to the requirements of any state law, regulation, agency or departmental interpretation.

(e) Other laws. (1) Any insurance policy meeting the requirements of subparagraphs (D) through (I) of paragraph one of subsection (c) of this section may be approved notwithstanding the provisions of any other laws which specify the content of insurance policies, if in the opinion of the superintendent the insurance policy provides the policyholders and claimants protection not less favorable than they would be entitled to under such laws.

(2) This section shall not prohibit the use of words or phrases or contractual provisions required by state or federal law, rule or regulation or by a governmental instrumentality or by any collectively bargained agreement.

(f) Prohibition of non-conforming policies. Except as provided in subsection (b) of this section:

(1) no insurance policy described in paragraph one or two of subsection (a) of this section shall be made, issued or delivered in this state on a risk located or resident in this state, unless the policy complies with the requirements of this section;

(2) no insurance policy described in paragraph three or four of subsection (a) of this section and no renewal or extension certificate in connection therewith shall be made, issued or delivered in this state unless the insurance policy complies with the requirements of this section.

§ 3103. Non-conforming contracts. (a) Except as otherwise specifically provided in this chapter, any policy of insurance or contract of annuity delivered or issued for delivery in this state in violation of any of the provisions of this chapter shall be valid and binding upon the insurer issuing the same, but in all respects in which its provisions are in violation of the requirements or prohibitions of this chapter it

shall be enforceable as if it conformed with such requirements or prohibitions.

(b) No policy of insurance or contract of annuity delivered or issued for delivery in this state shall provide that the rights or obligations of the insured or of any person rightfully claiming thereunder, with respect to:

(1) a policy of life, accident and health insurance or contract of annuity upon a person resident in this state,

(2) a policy of insurance upon property then in this state, or

(3) the liabilities to be incurred by the insured as a result of activity then carried on by the insured in this state,

shall be governed by the laws of any jurisdiction other than this state. This subsection shall not apply to policies of marine insurance.

(c) In any action to recover under the provisions of any policy of insurance or contract of annuity delivered or issued for delivery in this state which the superintendent is authorized by this chapter to approve if in his opinion its provisions are more favorable to policyholders, the court shall enforce such policy or contract as if its provisions were the same as those specified in this chapter unless the court finds that its actual provisions were more favorable to policyholders at the date when the policy or contract was issued.

§ 3104. Contract provisions required by laws of other jurisdictions. (a) Any foreign or alien insurer authorized to do business in this state may, with the approval of the superintendent, include in any life, accident and health insurance policy or contract of annuity delivered or issued for delivery in this state any provisions required by the laws of the jurisdiction in which such insurer is domiciled if such provisions are not substantially in conflict with the laws of this state.

(b) Any domestic insurer may include in any policy of insurance or contract of annuity issued for delivery in another jurisdiction and governed by the laws thereof, any provision required by the laws of such other jurisdiction applicable to such policy or contract.

§ 3105. Representations by the insured. (a) A representation is a

statement as to past or present fact, made to the insurer by, or by the authority of, the applicant for insurance or the prospective insured, at or before the making of the insurance contract as an inducement to the making thereof. A misrepresentation is a false representation, and the facts misrepresented are those facts which make the representation false.

(b)(1) No misrepresentation shall avoid any contract of insurance or defeat recovery thereunder unless such misrepresentation was material. No misrepresentation shall be deemed material unless knowledge by the insurer of the facts misrepresented would have led to a refusal by the insurer to make such contract.

(2) With respect to a policy of hospital, medical, surgical, or prescription drug expense insurance subject to articles thirty-two or forty-three of this chapter, no misrepresentation shall avoid any contract of insurance or defeat recovery thereunder unless the misrepresentation was also intentional.

(c) In determining the question of materiality, evidence of the practice of the insurer which made such contract with respect to the acceptance or rejection of similar risks shall be admissible.

(d) A misrepresentation that an applicant for life or accident and health insurance has not had previous medical treatment, consultation or observation, or has not had previous treatment or care in a hospital or other like institution, shall be deemed, for the purpose of determining its materiality, a misrepresentation that the applicant has not had the disease, ailment or other medical impairment for which such treatment or care was given or which was discovered by any licensed medical practitioner as a result of such consultation or observation. If in any action to rescind any such contract or to recover thereon, any such misrepresentation is proved by the insurer, and the insured or any other person having or claiming a right under such contract shall prevent full disclosure and proof of the nature of such medical impairment, such misrepresentation shall be presumed to have been material.

§ 3106. Warranty defined; effect of breach. (a) In this section "warranty" means any provision of an insurance contract which has the effect of requiring, as a condition precedent of the taking effect of

such contract or as a condition precedent of the insurer's liability thereunder, the existence of a fact which tends to diminish, or the non-existence of a fact which tends to increase, the risk of the occurrence of any loss, damage, or injury within the coverage of the contract. The term "occurrence of loss, damage, or injury" includes the occurrence of death, disability, injury, or any other contingency insured against, and the term "risk" includes both physical and moral hazards.

(b) A breach of warranty shall not avoid an insurance contract or defeat recovery thereunder unless such breach materially increases the risk of loss, damage or injury within the coverage of the contract. If the insurance contract specified two or more distinct kinds of loss, damage or injury which are within its coverage, a breach of warranty shall not avoid such contract or defeat recovery thereunder with respect to any kind or kinds of loss, damage or injury other than the kind or kinds to which such warranty relates and the risk of which is materially increased by the breach of such warranty.

(c) This section shall not affect the express or implied warranties under a contract of marine insurance in respect to, appertaining to or in connection with any and all risks or perils of navigation, transit, or transportation, including war risks, on, over or under any seas or inland waters, nor shall it affect any provision in an insurance contract requiring notice, proof or other conduct of the insured after the occurrence of loss, damage or injury.

§ 3107. Sale of insurance policies by vending machine. (a) Any provision in a policy of accident insurance, requiring the signature of the insured, where such insurance is sold by a vending machine, shall be inoperative and of no effect, unless a notice shall have been placed upon such vending machine, containing letters each at least one-half inch high, advising that the signature of the insured must be placed upon such policy or contract, at time of purchase, to make such policy or contract valid.

(b) No insurance shall be offered for sale, issued or sold by or from any vending machine or appliance or any other medium, device or object designed or used for vending purposes, herein called a device, except as

provided in this section.

(c) A licensed agent may solicit applications for and issue policies of accident insurance or baggage insurance on personal effects by means of mechanical vending machines or other coin operated devices supervised by him and placed at airports, railroad stations or bus stations or other places to meet the convenience of the public, subject to the provisions of this section.

(d) Each policy to be sold by or from a device shall be reasonably suited for sale and issuance through such a device, and the location of such device shall be one that is of material convenience to the public.

(e) No policy of insurance, issued through any such device shall be for a period of time longer than ten days, or for the duration of a one-way or round trip, as applicable.

§ 3108. Reinsurance contracts excepted. The provisions of this article shall not apply to contracts of reinsurance, except as otherwise provided by law.

§ 3109. False statements in applications for membership in fraternal benefit societies. No applicant, officer, solicitor, examining physician, surgeon or other person shall knowingly or wilfully make any false or fraudulent statements or representations in or with reference to any application for membership or reinstatement or any other documentary or other proof for the purpose of obtaining or reinstating membership in or benefit from any fraternal benefit society, order or association, any corporation, association or society transacting the business of life or casualty insurance or both, upon the co-operative or assessment plan, or a corporation for the insurance of domestic animals.

§ 3110. Withdrawal of any policy form. (a) Whenever by the provisions of this chapter the superintendent is authorized to give approval of any form of insurance policy or contract, the superintendent may, after notice and hearing given to the insurer that submitted such form for approval, withdraw an approval previously given, if the use of such form

is contrary to the requirements applicable to such form at the time of such withdrawal. Any such withdrawal shall be effective at the expiration of such period, not less than ninety days after the giving of notice of withdrawal, as the superintendent shall in such notice prescribe.

(b) Whenever by the provisions of this chapter an insurer may use a policy form without obtaining the prior approval of the superintendent, the superintendent may, after notice and hearing given to the insurer, order the insurer to cease using such policy form, if the use of such form is contrary to the requirements applicable to such form at the time of the effective date of such order. Any such order shall be effective at the expiration of such period, not less than ninety days after the giving of a notice of cessation, as the superintendent shall in such notice prescribe.

§ 3111. Special provisions relating to senior citizens. (a) Every insurer that has in force any policy of insurance subject to the provisions of section three thousand four hundred twenty-five of this chapter shall permit senior citizen insureds to designate a third party to whom the insurer shall transmit notices of cancellation, nonrenewal and conditional renewal. The senior citizen insured shall notify the insurer that a third party has been so designated. Such notification shall be delivered to the insurer by certified mail, return receipt requested, and shall be effective not later than ten business days from the date of receipt by the insurer. The notification must contain, in writing, an acceptance by the third party designee to receive notices of cancellation, nonrenewal and conditional renewal from the insurer. Should the third party designee desire to terminate his or her status as a third party designee, such designee shall provide written notice to both the insurer and the senior citizen insured. Should the senior citizen insured desire to terminate the third party designation, the insured shall provide written notice to the insurer. The transmission to the third party designee of any notice of cancellation, nonrenewal or conditional renewal shall be in addition to a copy of such document transmitted to the senior citizen insured and when a third party is so designated all such notices shall be mailed in an envelope clearly

marked on its face with the following: "IMPORTANT INSURANCE POLICY INFORMATION: OPEN IMMEDIATELY". Designation as a third party shall not constitute acceptance of any liability on the third party for services provided to such senior citizen. The insurer shall notify its senior citizen insureds annually in writing of the availability of the third party designee notice procedure and provide information on how the insured can commence this procedure, however, such notice need not be provided once a senior citizen has made a designation.

(b) Every insurer that has in force a premium paying individual life insurance policy on the life of a senior citizen insured, who has made a designation in accordance with paragraph one of subsection (b) of section three thousand two hundred eleven of this chapter, shall upon appropriate notification as described herein, provide such senior citizen with a copy of the notice of cancellation for nonpayment of premiums before the lapse date of the policy. The senior citizen insured shall notify the insurer that in addition to the person designated in accordance with paragraph one of subsection (b) of section three thousand two hundred eleven of this chapter, a copy of such notices of cancellation shall be transmitted to the senior citizen insured and when a third party is so designated all such notices shall be mailed in an envelope clearly marked on its face with the following: "IMPORTANT INSURANCE POLICY INFORMATION: OPEN IMMEDIATELY". Such notification to the insurer shall be in writing delivered to the insurer by certified mail, return receipt requested and shall be effective not later than ten business days from the date of receipt by the insurer. Should the senior citizen insured desire to terminate receipt of such notices of cancellation, such senior citizen shall provide written notice to the insurer. The insurer shall at the time the senior citizen insured makes a designation in accordance with paragraph one of subsection (b) of section three thousand two hundred eleven of this chapter inform the senior citizen in writing about the notice procedure and provide information on how the insured can commence this procedure.

(c) Every insurer, corporation organized under article forty-three of this chapter or organization certified pursuant to article forty-four of the public health law that has in force a health insurance policy or medicare supplemental insurance policy as defined in section three thousand two hundred eighteen of this chapter the premiums for which are

paid directly to the insurer by the senior citizen insured shall permit senior citizen insureds to designate a third party to whom the insurer shall transmit notices of nonpayment of premiums due or notice of cancellation for nonpayment of premiums, as determined by the insurer. The senior citizen shall notify the insurer that a third party has been so designated. Such notification shall be delivered to the insurer by certified mail, return receipt requested, and shall be effective not later than ten business days from the date of receipt by the insurer. The notification must contain, in writing, an acceptance by the third party designee to receive such notices of cancellation. Should the third party designee desire to terminate his or her status as a third party designee, such designee shall provide written notice to both the insurer and the senior citizen insured. Should the senior citizen insured desire to terminate the third party designation, the insured shall provide written notice to the insurer. The transmission to the third party designee of any such notice of cancellation shall be in addition to a copy of such document transmitted to the senior citizen insured and when a third party is so designated all such notices shall be mailed in an envelope clearly marked on its face with the following: "IMPORTANT INSURANCE POLICY INFORMATION: OPEN IMMEDIATELY". Designation as a third party shall not constitute acceptance of any liability on the third party for services provided to such senior citizen. The insurer shall notify its senior citizen insureds annually in writing of the availability of the third party designee notice procedure and provide information on how the insured can commence this procedure; however, such notice need not be provided once a senior citizen has made a designation.

(d) In the case of a medicare supplemental insurance policy as defined in section three thousand two hundred eighteen of this chapter offered by or through a group the premiums for which are paid to the insurer by the group policyholder or group remitting agent, the group policyholder or group remitting agent shall permit senior citizen insureds to designate a third party to whom the group policyholder or group remitting agent shall transmit notices of nonpayment of premiums due or notice of cancellation for nonpayment of premiums, as determined by the group policyholder or group remitting agent. The senior citizen shall notify the group policyholder or group remitting agent that a third

party has been so designated. Such notification shall be delivered to the group policyholder or group remitting agent by mail, and shall be effective not later than ten business days from the date of receipt by the group policyholder or group remitting agent. The notification must contain, in writing, an acceptance by the third party designee to receive such notices of cancellation. Should the third party designee desire to terminate his or her status as a third party designee, such designee shall provide written notice to both the group policyholder or group remitting agent and the senior citizen insured. Should the senior citizen insured desire to terminate the third party designation, the insured shall provide written notice to the group policyholder or group remitting agent. The transmission to the third party designee of any such notice of cancellation shall be in addition to a copy of such document transmitted to the senior citizen insured and when a third party is so designated all such notices shall be mailed in an envelope clearly marked on its face with the following: "IMPORTANT INSURANCE POLICY INFORMATION: OPEN IMMEDIATELY". Designation as a third party shall not constitute acceptance of any liability on the third party for services provided to such senior citizen. The group policyholder or group remitting agent shall notify its senior citizen insureds annually in writing of the availability of the third party designee notice procedure and provide information on how the insured can commence this procedure; however, such notice need not be provided once a senior citizen has made a designation.

(e) Every insurer that has in force a long-term care insurance policy as defined in section one thousand one hundred seventeen of this chapter the premiums for which are paid directly to the insurer by the senior citizen insured, except a policy that qualifies as a long-term care insurance contract as defined in Section 7702B of the Internal Revenue Code, shall permit senior citizen insureds to designate a third party to whom the insurer shall transmit notices of nonpayment of premiums due or notice of cancellation for nonpayment of premiums; provided that notice of cancellation for nonpayment of premium shall be sent no later than thirty days before the effective date of such cancellation. The senior citizen insured shall notify the insurer that a third party has been so designated. Such notification shall be delivered to the insurer either in the same envelope as the senior citizen insured's premium payment or

by certified mail, return receipt requested, and shall be effective not later than ten business days from the date of receipt by the insurer. The notification must contain, in writing, an acceptance by the third party designee to receive such notices of cancellation. Should the third party designee desire to terminate his or her status as a third party designee, such designee shall provide written notice to both the insurer and the senior citizen insured. Should the senior citizen insured desire to terminate the third party designation, the insured shall provide written notice to the insurer. The transmission to the third party designee of any such notice of cancellation shall be in addition to a copy of such document transmitted to the senior citizen insured and when a third party is so designated all such notices shall be mailed in an envelope clearly marked on its face with the following: "IMPORTANT INSURANCE POLICY INFORMATION: OPEN IMMEDIATELY". Designation as a third party shall not constitute acceptance of any liability on the third party for services provided to such senior citizen. The insurer shall notify its senior citizen insureds not less than annually in writing of the availability of the third party designee notice procedure and provide information on how the insured can commence this procedure. If a senior citizen insured has not made a third party designation, the insurer shall include a copy of the third party designation form with each premium statement sent to the senior citizen insured. If a senior citizen insured has made a designation, the insurer shall confirm with the senior citizen insured that the third party designee's contact information is correct. Upon receipt of a designation or termination of a designation, the insurer shall verify the designation or cancellation of designation with the senior citizen insured. Such verification may, but is not required to be, written and the insurer may use telephony to obtain an oral confirmation from the senior citizen insured so long as the insurer provides the senior citizen insured with written confirmation of the oral verification.

(f) For purposes of this section, "senior citizen insured" shall mean a New York resident who is the policyowner or the insured and is age sixty-five or older. The superintendent may promulgate regulations necessary to carry out the purposes of this section.

§ 3112. Automatic bank withdrawal agreements; notification required. Any insurer licensed to issue insurance in the state who has an automatic bank withdrawal agreement with an insured for the payment of insurance premiums for any type of insurance shall give the insured at least fifteen days advance written notice of any increase in policy premiums prior to any automatic bank withdrawal of an increased premium.

§ 3113. Consent of and notification of an irrevocable beneficiary under a court order of divorce or separation. In any case where a policy owner has, pursuant to an order of separation or divorce, designated his or her spouse or children as the irrevocable beneficiary of a policy of insurance subject to the provisions of section three thousand two hundred three of this chapter, and a copy of such order has been served, by registered mail, on the home office of the insurer specifying the name and mailing address of the spouse or children, such insurer shall:

(a) prohibit the policy holder from borrowing from the cash value or changing the named beneficiary of such insurance policy without the written consent of the irrevocable beneficiary; and

(b) provide written notification to the irrevocable beneficiary in the event that such insurance policy is scheduled to lapse due to non-payment of premium.

ARTICLE 32

INSURANCE CONTRACTS - LIFE, ACCIDENT AND HEALTH, ANNUITIES

Section 3201. Approval of life, accident and health, credit unemployment, and annuity policy forms.

3202. Withdrawal of approval of policy forms.

3203. Individual life insurance policies; standard provisions as to contractual rights and responsibilities of policyholders and insurers.

3204. Policy to contain entire contract; statements of applicant to be representations and not warranties; alterations.

3205. Insurable interest in the person; consent required; exceptions.

3206. Policies which provide for an adjustable maximum rate of interest on policy loans.
3207. Life insurance contracts by or for the benefit of minors; on the lives of minors, limitations on amount.
3208. Antedating of life insurance policies and burial agreements prohibited.
3209. Life insurance, annuities and funding agreements disclosure requirements.
3210. Incontestability after reinstatement.
3211. Notice of premium due under life or disability insurance policy; notice to assignees of non-payment of premium.
3212. Exemption of proceeds and avails of certain insurance and annuity contracts.
3213. Payment of proceeds.
3214. Interest upon proceeds of life insurance policies and annuity contracts.
3215. Disability benefits in connection with life insurance and annuities.
3216. Individual accident and health insurance policy provisions.
3217. Minimum standards in the form, content and sale of accident and health insurance; policies and subscriber contracts.
3217-a. Disclosure of information.
3217-b. Prohibitions.
3217-c. Primary and preventive obstetric and gynecologic care.
3217-d. Grievance procedure and access to specialty care.
3217-e. Choice of health care provider.
3217-f. Prohibition on lifetime and annual limits.
3217-g. Maternal depression screenings.
3217-h. Telehealth delivery of services.
3217-i. Essential health benefits package and limit on cost-sharing.
3217-j. Utilization review determinations for medically fragile children.
3218. Medicare supplemental insurance policies.
3219. Annuity and pure endowment contracts and certain group

annuity certificates; standard provisions as to contractual rights and responsibilities of contract holders, certificate holders and insurers.

3220. Group life insurance policies; standard provisions.

3221. Group or blanket accident and health insurance policies; standard provisions.

3222. Funding agreements.

3223. Group annuity contracts; standard provisions as to contractual rights and responsibilities of contract holders, certificate holders and annuitants, and insurers.

3224. Standard claim forms; accident and health insurance.

3224-a. Standards for prompt, fair and equitable settlement of claims for health care and payments for health care services.

3224-b. Rules relating to the processing of health claims and overpayments to physicians.

3224-c. Coordination of benefits.

3224-d. Prescription synchronization.

3225. Eligibility for health insurance in cases of exposure to DES.

3226. Reinsurance contracts excepted.

3227. Interest upon surrenders, policy loans and other funds.

3228. Individual accident and health insurance policies; premium refund at death of insured.

3229. Minimum benefit standards for certain long term care plans.

3230. Accelerated payment of the death benefit or special surrender value under a life insurance policy.

3231. Rating of individual and small group health insurance policies; approval of superintendent.

3231*2. Health insurance policies and subscriber contracts; prohibited claims.

3232. Pre-existing condition provisions in health policies.

3232-a. Certification of creditable coverage.

3233. Stabilization of health insurance markets and premium rates.

3234. Pre-existing condition provisions in group and blanket disability policies.
3234*2. Limitations on administrative services and stop-loss coverage.
3235. Explanation of benefits forms relating to claims under medicare supplemental insurance policies and limited benefits health insurance policies or certificates designed primarily to supplement medicare benefits.
3236. Public health law assessments.
3237. Health insurance coverage for full-time students on medical leaves of absence.
3238. Pre-authorization of health care services.
3239. Wellness programs.
3240. Unclaimed benefits.
3240*2. Student accident and health insurance.
3241. Network coverage.
3242. Prescription drug coverage.
3243. Discrimination because of sex or marital status in hospital, surgical or medical expense insurance.
3244. Explanation of benefits forms relating to claims under certain accident and health insurance policies.
3245. Liability to providers in the event of an insolvency.

§ 3201. Approval of life, accident and health, credit unemployment, and annuity policy forms. (a) In this article, "policy form" means any policy, contract, certificate, or evidence of insurance and any application therefor, or rider or endorsement thereto, affording benefits of the kinds of insurance specified in paragraph one, two, three or twenty-four of subsection (a) of section one thousand one hundred thirteen of this chapter, a group annuity certificate to which subsection (a) of section three thousand two hundred nineteen of this article applies, and a funding agreement authorized by section three thousand two hundred twenty-two of this article. The term "policy form" shall not include an agreement, special rider, or endorsement relating only to the manner of distribution of benefits or to the reservation of rights and benefits used at the request of the individual policyholder,

contract holder or certificate holder.

(b) (1) No policy form shall be delivered or issued for delivery in this state unless it has been filed with and approved by the superintendent as conforming to the requirements of this chapter and not inconsistent with law. A group life, group accident, group health, group accident and health or blanket accident and health insurance certificate evidencing insurance coverage on a resident of this state shall be deemed to have been delivered in this state, regardless of the place of actual delivery, unless the insured group is of the type described in: (A) section four thousand two hundred sixteen, except paragraph four where the group policy is issued to a trustee or trustees of a fund established or participated in by two or more employers not in the same industry with respect to an employer principally located within the state, paragraph twelve, thirteen or fourteen of subsection (b) thereof; (B) section four thousand two hundred thirty-five except subparagraph (D) where the group policy is issued to a trustee or trustees of a fund established or participated in by two or more employers not in the same industry with respect to an employer principally located within the state, subparagraph (K), (L) or (M) of paragraph one of subsection (c) thereof; or (C) section four thousand two hundred thirty-seven (except subparagraph (F) of paragraph three of subsection (a) thereof; of this chapter; and where the master policies or contracts were lawfully issued without this state in a jurisdiction where the insurer was authorized to do an insurance business. With regard to any certificate deemed to have been delivered in this state by virtue of this paragraph, the superintendent shall (i) require that the premiums charged be reasonable in relation to the benefits provided, except in cases where the policyholder pays the entire premium; (ii) have power to issue regulations prescribing the required, optional and prohibited provisions in such certificates; (iii) establish an accelerated certificate form approval procedure available to an insurer which includes a statement in its policy form submission letter that it is the company's opinion that the certificate form or forms comply with applicable New York law and regulations. The superintendent, upon receipt of such a filing letter, shall grant conditional approval of such certificate form or forms in reliance on the aforementioned statement by the company upon the condition that the company will retroactively modify such certificate

form or forms, to the extent necessary, if it is found by the superintendent that the certificate form fails to comply with applicable New York laws and regulations. The superintendent may, with regard to the approval of any certificate deemed to have been delivered in this state by virtue of this paragraph, approve such certificate if the superintendent finds that the certificate affords insureds protections substantially similar to those which have been provided by certificates delivered in this state. Any regulations issued by the superintendent pursuant to this paragraph may not impose stricter requirements than those applicable to similar policies and certificates actually delivered in this state.

(2) No unallocated group annuity contract or funding agreement, or policy form for accident and health insurance or any other policy form specified by the superintendent pursuant to regulation shall be issued by a domestic insurer or fraternal benefit society for delivery outside this state unless it has been filed with the superintendent.

(3) In exercising the authority granted by this subsection and by subsection (c) hereof, with respect to a policy or certificate form under which additional amounts may be credited pursuant to subsection (b) of section four thousand two hundred thirty-two or section four thousand five hundred eighteen of this chapter, the superintendent shall take into account the tax aspects of the policy form as they relate to all parties concerned.

(4) (A) No credit insurance or credit unemployment insurance policy form shall be issued unless it and its premium rates have been filed with and approved by the superintendent. In this section "credit insurance" and "credit unemployment insurance" mean insurance on a debtor, including an intended borrower, pursuant to a program as defined in paragraph three of subsection (b) of section four thousand two hundred sixteen of this chapter for defraying the costs of attendance of a student at a college or university, in connection with a specified loan or other credit transaction to provide payment to the creditor in the event of the death of the debtor or indemnity to the creditor for the installment payments on the indebtedness becoming due while the debtor is disabled as defined in the policy, or payment to the creditor for the installment payments on the indebtedness becoming due while the debtor is unemployed as set forth in section three thousand four hundred

thirty-six of this chapter.

(B) The superintendent shall from time to time prescribe regulations which, among other things, shall require that, in the event of the termination of the insurance prior to the scheduled maturity date of the indebtedness or the last maturing instalment thereof, there shall be an appropriate refund by the insurer to the policyholder of any amount collected from or charged to the policyholder for such terminated insurance, and an appropriate refund or credit by the policyholder or creditor to the debtor of an amount collected from or charged to the debtor for such terminated insurance, if such refund amounts to one dollar or more.

(5) Notwithstanding the other provisions of this section, on and after June first, nineteen hundred eighty no policy form of industrial life insurance, industrial accident insurance or industrial health insurance shall be approved by the superintendent for delivery or issuance for delivery in this state.

(6) (A) As an alternative procedure to the policy form filing requirements of paragraph (1) of this subsection, an insurer has the option to file an expedited policy form approval application with the superintendent pursuant to this paragraph. If this option is elected, the filing shall include the proposed policy form, including rates as required, and all necessary supporting material requested by the superintendent pursuant to rule, and a certification signed by an officer of the insurer, who is knowledgeable with respect to the law and regulation applicable to the type of policy form, that such form is in compliance with the applicable law and regulations to the best of his or her knowledge and belief.

Within ninety days of receipt of a filing, the superintendent shall, in writing, either approve, submit a detailed list to the insurer requesting all additional information necessary to make a determination on the filing, or deny such filing, otherwise, such filing shall be deemed approved. Any denial issued by the superintendent shall state the reasons for such disapproval. If an insurer does not provide the additional information requested by the superintendent, or respond to the superintendent's objections within forty-five days of receipt of such request or denial, then such filing shall be deemed denied and such

filing may not be resubmitted for a period not to exceed ninety days from the date that such information or response was due. The forty-five day limit for providing such additional information or response may be extended at the option of the superintendent.

In the event that an insurer properly submits the additional information or response, then such filing shall be deemed approved forty-five days after receipt of such information or response by the superintendent, unless the insurer is notified in writing prior to such date that the filing has been denied. Such denial shall state the reasons for such disapproval and cannot be based on any objection not specified in the superintendent's initial review of the filing, unless the objection arises from a modification of the policy forms made by the insurer in addressing the objections or new material submitted by the insurer. Notwithstanding anything to the contrary contained in this section, the superintendent may, at any time, before the filing is either deemed approved, affirmatively approved, or denied, raise objections to the policy form that is based on the explicit requirements of this chapter and any applicable regulations.

The superintendent shall, as soon as practicable, but no later than sixty days after receipt of the filing, notify the insurer if its filing is incomplete or fails to comply with applicable statutory or regulatory requirements. Such notice shall indicate that the filing is being returned with no action by the superintendent and that the period for the superintendent's substantive review has not commenced.

(B) Nothing contained in this paragraph shall prohibit the superintendent from requiring an insurer to retroactively modify or withdraw a form approved pursuant to the expedited filing procedure if such form is found to fail to conform with the requirements of this chapter, provided that the order to withdraw or modify such form is issued in accordance with the provisions of section three thousand one hundred ten or section three thousand two hundred two of this chapter.

(C) In addition to any penalties for violations contained in this chapter, any insurer which receives approval under this subsection for a form which is found to fail to comply with the provisions of this chapter shall be ineligible to apply for an expedited review under this

subsection for a period not to exceed one year.

(7) Notwithstanding any other provision of this section, an approved policy form that has been revised may continue to be delivered or issued for delivery in this state without further approval from the superintendent, provided that the policy form is revised solely to reflect:

(A) a change in the investment options of a separate account offered under the policy form, in accordance with an amended statement as to the methods of operation of the separate account approved by the superintendent pursuant to subsection (e) of section four thousand two hundred forty of this chapter, and further provided that an informational filing, in a form acceptable to the superintendent, identifying the policy forms that have been revised and the investment options offered in each policy form, is submitted to the superintendent no later than sixty days after the amended statement as to the methods of operation of the separate account has been approved; or

(B) any other type of change to a class or classes of policy forms for which the superintendent waives or otherwise modifies the filing and approval requirements of this section provided, however, that such determination to waive or otherwise modify shall be published in written guidance issued by the superintendent after such determination has been made.

(c) (1) The superintendent may disapprove any policy form for delivery or issuance for delivery in this state if he finds that the same contains any provision or has any title, heading, backing or other indication of the contents of any or all of its provisions, which is likely to mislead the policyholder, contract holder or certificate holder.

(2) The superintendent may disapprove any life insurance policy form, or any form of annuity contract or group annuity certificate, or any form of funding agreement for delivery or issuance for delivery in this state, if its issuance would be prejudicial to the interests of policyholders or members or it contains provisions which are unjust, unfair or inequitable.

(3) The superintendent may disapprove any accident and health insurance policy form for delivery or issuance for delivery in this state if the benefits provided therein are unreasonable in relation to

the premium charged or any such form contains provisions which encourage misrepresentation or are unjust, unfair, inequitable, misleading, deceptive, or contrary to law or to the public policy of this state.

(4) The superintendent shall not approve any life insurance policy form containing any war or travel exclusion or restriction, for delivery or issuance for delivery in this state, unless such policy form shall have printed or stamped across its face in red and in capital letters not smaller than twelve point type, or in an equally prominent manner established at the discretion of the superintendent and promulgated through regulations, the following:

"Read your policy (certificate) carefully.

"Certain (war, travel) risks are not assumed.

_____

(state which or both)

In case of any doubt write your company (society) for further explanation."

(5) The superintendent shall not approve any annuity or life insurance policy form which is subject to the provisions of section four thousand two hundred twenty, four thousand two hundred twenty-one or four thousand five hundred eleven of this chapter, unless a detailed statement of the method used by the insurer in calculating any cash surrender value and any paid-up nonforfeiture benefit in the policy form is stated therein or, in lieu thereof, a statement that such method of computation has been filed with the insurance supervisory official of the state in which the policy form is delivered, and unless a statement of the method to be used in calculating the cash surrender value and paid-up nonforfeiture benefit available on any anniversary beyond the last anniversary for which such value and benefits are consecutively shown in the policy form is included therein, and, with respect to policy forms under which additional amounts may be credited pursuant to subsection (b) of section four thousand two hundred thirty-two or section four thousand five hundred eighteen of this chapter, the insurer shall also furnish such further information to the superintendent as the superintendent may require.

(6) (a) The superintendent may disapprove any policy form specified in

paragraph two of subsection (b) of this section issued by a domestic life insurer or fraternal benefit society for delivery outside the state if its issuance would be prejudicial to the interests of its policyholders or members.

(b) Except for the policy forms specified in paragraph two of subsection (b) of this section, every domestic life insurer and fraternal benefit society shall file annually with the superintendent a list identifying and describing the policy forms issued by the insurer or fraternal benefit society for delivery outside the state in a form prescribed by the superintendent. If the superintendent determines that the issuance of a policy form has been or may be prejudicial to the interests of policyholders or members, the superintendent may take any action he or she deems appropriate, including issuing an order, after a hearing, to cease and desist issuing the policy form.

(7) If any policy of individual accident and health insurance is issued by an insurer domiciled in this state for delivery to a person residing in another state, and if the official having responsibility for the administration of the insurance laws of such other state shall have advised the superintendent that any such policy form is not subject to approval or disapproval by such official, the superintendent may by ruling require that such policy form meet the standards set forth in subsections (c) and (d) of section three thousand two hundred sixteen of this article.

(8) Without limitation on his other powers and duties under this section, the superintendent shall not approve any credit insurance or credit unemployment insurance policy forms or premium rates if the premium rates are unreasonable in relation to the benefits provided.

(9) Each insurer shall file with the superintendent of financial services any change in the premium rates for policies authorized under subparagraph (J) of paragraph one of subsection (c) of section four thousand two hundred thirty-five of this chapter, and the same shall be subject to his approval.

(10) The superintendent shall not approve any form of life insurance policy that is subject to the provisions of section four thousand two hundred twenty-one of this chapter or any form of annuity contract that is subject to the provisions of section four thousand two hundred twenty-three of this chapter if such form of policy or contract provides

for the adjustment of any cash surrender benefit or policy loan value in accordance with a market-value adjustment formula, unless there shall have been filed with the superintendent a memorandum, in form and substance satisfactory to the superintendent, describing the market-value adjustment formula and stating that, in the opinion of the insurer, the formula provides reasonable equity to terminating and continuing policy and contract holders and to the insurer and complies with the nonforfeiture provisions of this chapter.

(11) (A) The superintendent shall not approve a life insurance policy which provides for accelerated payment of death benefits or special surrender values pursuant to subparagraph (B), (C), (D), (E) or (F) of paragraph one of subsection (a) of section one thousand one hundred thirteen of this chapter unless it also provides for such accelerated payments or special surrender values pursuant to subparagraph (A) of paragraph one of subsection (a) of such section.

(B) The superintendent shall promulgate a regulation establishing rules for advertising, disclosure, benefit levels, benefit eligibility, payment of long term care benefits, nonforfeiture, and reserves for accelerated payment of death benefits or special surrender values provided under a life insurance policy. The regulation shall establish reasonable disclosure requirements concerning the percentage of the death benefit payable when accelerated payment of the death benefit or special surrender value occurs, the impact of accelerated payment of the death benefit or special surrender value on eligibility for public assistance (as determined by the commissioner of social services), the prohibition that no health care facility as defined in section twenty of the public health law can require any person to accelerate payment of a death benefit or obtain a special surrender value as a condition of admission, providing or continuing care, and notice of possible tax obligations.

(12) The superintendent shall promulgate a regulation relating to waiver of premium for unemployment as authorized by paragraph one of subsection (a) of section one thousand one hundred thirteen of this chapter establishing minimum standards for benefit levels, benefits eligibility and exclusions. The premium charged shall be reasonable in relation to the benefit provided.

(d) The superintendent shall, within a reasonable time after the

filing of any policy form requiring approval, notify the insurer filing the form of his approval or disapproval of it.

§ 3202. Withdrawal of approval of policy forms. The superintendent may, in accordance with section three thousand one hundred ten of this chapter, withdraw an approval previously given to a policy form pursuant to section three thousand two hundred one of this article. The superintendent may also withdraw an approval in the case of any such policy form (i) pertaining to accident and health insurance, if the benefits provided therein are unreasonable in relation to the premium charged, or if it contains provisions which encourage misrepresentation or are unjust, unfair, inequitable, misleading, deceptive, contrary to law or to the public policy of this state, or (ii) pertaining to life insurance, annuity contract, group annuity certificate, or funding agreement, if in his judgment the use of such form would be prejudicial to the interests of policyholders or members, or it contains provisions which are unjust, unfair or inequitable.

§ 3203. Individual life insurance policies; standard provisions as to contractual rights and responsibilities of policyholders and insurers. (a) All life insurance policies, except as otherwise stated herein, delivered or issued for delivery in this state, shall contain in substance the following provisions, or provisions which the superintendent deems to be more favorable to policyholders:

(1) that, for policies in which the amount and frequency of premiums may vary, after payment of the first premium, the policyholder is entitled to a sixty-one day grace period, beginning on the day when the insurer determines that the policy's net cash surrender value is insufficient to pay the total charges necessary to keep the policy in force for one month from that day, within which to pay sufficient premium to keep the policy in force for three months from the date the insufficiency was determined. For all other policies, after payment of the first premium, the policyholder is entitled to a thirty-one day grace period or of one month following any subsequent premium due date within which to make payment of the premium then due. During such grace

period, the policy shall continue in full force;

(2) that if the death of the insured occurs within the grace period provided in the policy, the insurer may deduct from the policy proceeds the portion of any unpaid premium applicable to the period ending with the last day of the policy month in which such death occurred, and if the death of the insured occurs during a period for which the premium has been paid, the insurer shall add to the policy proceeds a refund of any premium actually paid for any period beyond the end of the policy month in which such death occurred, provided such premium was not waived under any policy provision for waiver of premiums benefit. This paragraph shall not apply to single premium or paid-up policies;

(3) that the policy shall be incontestable after being in force during the life of the insured for a period of two years from its date of issue, and that, if a policy provides that the death benefit provided by the policy may be increased, or other policy provisions changed, upon the application of the policyholder and the production of evidence of insurability, the policy with respect to each such increase or change shall be incontestable after two years from the effective date of such increase or change, except in each case for nonpayment of premiums or violation of policy conditions relating to service in the armed forces. At the option of the insurer, provisions relating to benefits for total and permanent disability and additional benefits for accidental death may also be excepted;

(4) that the policy, together with the application therefor if a copy of such application is attached to the policy when issued, shall constitute the entire contract between the parties; but in the case of policies that provide that the death benefit or other policy provisions may be changed by written application or by the written notice of exercise of one or more options provided in the policy, or automatically by the terms of the policy, the policy may also contain a provision that when such written application or notice of exercise of an option is accepted by the insurer or a notice of any change is issued by the insurer and, in each case, a copy of such application or notice is returned by mail or delivered to the policyholder at the policyholder's last post office address known to the insurer, such application or notice shall become part of the entire contract between the parties;

(5) that if the age of the insured has been misstated, any amount

payable or benefit accruing under the policy shall be such as the premium would have purchased at the correct age;

(6) that the insurer shall annually ascertain and apportion any divisible surplus accruing on the policy;

(7) (A) that, in the case of policies which provide for the crediting of additional amounts pursuant to subsection (b) of section four thousand two hundred thirty-two of this chapter or under which cash surrender values are adjusted in accordance with a market-value adjustment formula or which cause on a basis guaranteed in the policy unscheduled changes in benefits or premiums or which provide an option for changes in benefits or premiums other than a change to a new policy, specifies the mortality table, interest rate and method used in calculating cash surrender values and any paid-up nonforfeiture benefits available under the policy;

(B) that, in the case of all other policies, specifies the cash surrender values and other options available in the event of default in a premium payment after premiums have been paid for a specified period, together with a table showing, in figures, all options available during each of the policy's first twenty years. Such options shall comply with the requirements of subsection (a) of section four thousand two hundred twenty or section four thousand two hundred twenty-one of this chapter;

(8) (A) that, for a policy not in default and where three full years' premiums have been paid or, in the case of a policy where the policyholder may vary the amount and frequency of premiums to be paid to the insurer, after three years from the date of issue of the policy, the policyholder shall be entitled to a loan in an amount not exceeding the loan value, under the conditions specified in section four thousand two hundred twenty-two of this chapter. However, a policyholder shall be entitled to a loan from an equity index account that credits additional amounts less frequently than annually at any time the equity index policy has a loan value;

(B) that the sole security for the loan shall be assignment or pledge of the policy;

(C) that, unless the policy provides for the crediting of additional amounts pursuant to subsection (b) of section four thousand two hundred thirty-two of this chapter or provides for the adjustment of the policy loan value in accordance with a market-value adjustment formula or

causes on a basis guaranteed in the policy unscheduled changes in benefits or premiums or provides an option for changes in benefits or premiums other than a change to a new policy, the policy shall contain a table showing the loan values, if any, available during each of the policy's first twenty years;

(D) that, in making a loan, the insurer may reduce the loan value (in addition to the indebtedness deducted in determining such value) by any unpaid premium balance for the current policy year;

(E) that, if the loan is made or repaid on a date other than the anniversary of the policy, the insurer may collect interest for the portion of the current policy year on a pro rata basis;

(F) that, at the option of the insurer, the loan shall bear interest (i) at a maximum rate of not more than seven and four-tenths per centum per annum if payable in advance or the equivalent effective rate of interest if otherwise payable, or (ii) at a rate not in excess of an adjustable maximum rate established from time to time by the insurer as permitted by law. If the policy provides for an adjustable rate, the policy shall specify the regular intervals at which the interest rate is to be determined which shall be at least once every twelve months but not more frequently than once in any three month period;

(G) the policy may further provide: (i) that if the interest on the loan is not paid when due, it shall be added to the existing loan, and shall bear interest at the applicable rate or rates payable on the loan determined in accordance with the provisions of the policy, and (ii) subject to subsection (e) of section three thousand two hundred six of this article that when the total indebtedness on the policy, including interest due or accrued, equals or exceeds the amount of the policy's loan value and if at least thirty days' prior notice shall have been given in the manner provided in section three thousand two hundred eleven of this article, then the policy shall terminate and become void;

(H) any policy which provides for the crediting of additional amounts pursuant to subsection (b) of section four thousand two hundred thirty-two of this chapter may also provide that if any indebtedness is owed to the insurer on any part of the loan value which would otherwise be credited with additional amounts, such additional amounts may be reduced so that the total amounts credited on such part are so credited at a rate that is up to two percent per annum less than the applicable

loan interest rate charged or at such other rate as the superintendent, upon the insurer's demonstrating justification therefor, may allow;

(I) this paragraph eight shall not apply to term insurance;

(J) this paragraph eight shall not apply to any policy qualified for special tax treatment under subsection (b) of section four hundred three of the Internal Revenue Code of 1986, as amended, to the extent such application would prevent such qualification;

(9) a table showing the amounts of the applicable installment or annuity payments, if the policy proceeds are payable in installments or as an annuity;

(10) that the policy shall be reinstated at any time within three years from the date of default, unless the cash surrender value has been exhausted or the period of extended insurance has expired, if the policyholder makes application, provides evidence of insurability, including good health, satisfactory to the insurer, pays all overdue premiums with interest at a rate not exceeding six per centum per annum compounded annually, and pays or reinstates any other policy indebtedness with interest at a rate not exceeding the applicable policy loan rate or rates determined in accordance with the policy's provisions. This provision shall be required only if the policy provides for termination or lapse in the event of a default in making a regularly scheduled premium payment;

(11) that upon surrender of the policy, together with a written request for cancellation, to the insurer during a period of not less than ten days nor more than thirty days from the date the policy was delivered to the policy owner, the insurer shall refund either (i) any premium paid for the policy, including any policy fees or other charges or (ii) if the policy provides for the adjustment of the cash surrender benefit in accordance with a market-value adjustment formula and if the policy or a notice attached to it so provides, the amount of the cash surrender benefit provided under the policy as so adjusted assuming no surrender charge plus the amount of all fees and other charges deducted from any premium paid or from the policy value; provided, however, that a policy sold by mail order must contain a provision permitting the policy owner a thirty day period for such surrender. A provision to this effect shall appear in the policy or in a notice attached to it;

(12) in any policy under which additional amounts may be credited

pursuant to subsection (b) of section four thousand two hundred thirty-two of this chapter, that states the guaranteed factors of mortality, expense and interest, and a statement of the method used by the insurer in calculating actual policy values;

(13) in any policy under which additional amounts may be credited pursuant to subsection (b) of section four thousand two hundred thirty-two of this chapter, that such additional amounts shall be nonforfeitable after the effective date of their crediting except for any charges imposed under the policy which are not greater than those allowed under subsection (n-1) or any market value adjustment made pursuant to subsection (n-2) of section four thousand two hundred twenty-one of this chapter; and

(14) in any policy under which additional amounts may be credited for any period pursuant to subsection (b) of section four thousand two hundred thirty-two of this chapter, that the policy shall state the frequency at which additional amounts are credited, which shall be no less frequently than annually, except that policies that credit additional amounts in an equity index account may do so in such account no less frequently than every three years;

(15) that states on the policy data or policy specifications page of a participating cash value policy that dividends are not guaranteed and the insurer has the right to change the amount of dividend to be credited to the policy which may result in lower dividend cash values than were illustrated, or, if applicable, require more premiums to be paid than were illustrated.

(16) that states on the policy data or policy specifications page of a life insurance policy subject to subsection (b) of section four thousand two hundred thirty-two of this chapter, to the extent applicable, that additional amounts are not guaranteed and the insurer has the right to change the amount of interest credited to the policy and the amount of cost of insurance or other expense charges deducted under the policy which may require more premium to be paid than was illustrated or the cash values may be less than those illustrated.

(17) that states on the policy data or policy specification page the minimum guarantee interest rate used to determine the guaranteed policy values.

(b) (1) A life insurance policy delivered or issued for delivery in

this state may exclude or restrict liability in the event of death occurring while the insured is resident in a specified foreign country or countries, but shall not contain any provision excluding or restricting liability in the event of death caused in a certain specified manner, except as a result of:

(A) conditions specified in subsection (c) hereof, subject to the terms of such subsection;

(B) suicide within two years from the date of issue of the policy;

(C) aviation under conditions specified in the policy;

(D) hazardous occupations specified in the policy, provided death occurs within two years from the date of issue of the policy.

(2) The superintendent may approve provisions that vary from subparagraphs (A) through (D) of paragraph one hereof and subsection (c) hereof, whenever he deems such substitute provisions to be substantially the same or more favorable to policyholders.

(3) If a death occurs that is subject to an exclusion or restriction pursuant to this subsection or subsection (c) hereof, the insurer shall pay the reserve on the face amount of the policy, computed according to the mortality table and interest rate specified in the policy, together with the reserve for any paid-up additions thereto, and any dividends standing to the credit of the policy, less any indebtedness to the insurer on the policy, including interest due or accrued; provided that if the policy shall have been in force for not more than two years, the insurer shall pay the amount of the gross premiums charged on the policy less dividends paid in cash or used in the payment of premiums thereon and less any indebtedness to the insurer on the policy, including interest due or accrued.

(c) (1) A life insurance policy delivered or issued for delivery in this state may contain provisions excluding or restricting liability in the event of death as a result of:

(A) war or an act of war, if the cause of death occurs while the insured is serving in any armed forces or attached civilian unit and death occurs no later than six months after the termination of such service;

(B) the special hazards incident to service in any armed forces or attached civilian unit, if the cause of death occurs during the period of such service while the insured is outside the home area, and if death

occurs outside the home area or within six months after the insured's return to the home area while in such service or within six months after the termination of such service, whichever is earlier;

(C) war or an act of war, within two years from the date of issue of the policy, if the cause of death occurs while the insured is outside the home area but is not serving in any armed forces or attached civilian unit, and death occurs outside the home area or within six months after the insured's return to the home area.

(2) The superintendent may, by regulation, prescribe reasonable conditions relating to the use of provisions permitted by paragraph one hereof. The provisions of subsection (b) hereof shall apply to any policy containing any provision permitted by this subsection.

(3) As used in this subsection, the term:

(A) "armed forces" means the military, naval, or air forces of any country, international organization, or combination of countries;

(B) "attached civilian unit" means a civilian non-combatant unit serving with any armed forces;

(C) "home area" means the fifty states of the United States, the District of Columbia, and Canada;

(D) "war" includes any war declared or undeclared, and armed aggression resisted by any armed forces;

(E) "act of war" means any act peculiar to military, naval, or air operations in time of war; and

(F) "special hazards incident to service", includes those hazards resulting in the insured's death being presumed by reason of being missing, in action, or otherwise, or the insured's death from disease or injury, accidental or otherwise, to which a person serving in, or with, any armed forces or attached civilian units is exposed in the line of duty.

(4) In permitting war exclusions, it is the legislative intent that such exclusions are not to be construed or interpreted as exclusions because of the status of the insured as a member of any armed forces or attached civilian units, or because of the presence of the insured as a civilian in a combat area or area adjacent thereto. Such permissible exclusions shall be construed and interpreted according to the fair import of their terms so as not to exclude deaths due to diseases or accidents which are common to the civilian population and are not

attributable to special hazards to which a person serving in such forces or units is exposed in the line of duty.

(5) Any such war exclusion shall terminate six months after the end of the war in which the insured was engaged or the war which the insured was likely to engage in at the time of application for this policy, after the discharge, release or separation of the insured from active military service, after the demobilization of the insured, or after the insured permanently leaves the war area, whichever occurs first. The end of war shall be determined by an order of the president of the United States or by federal law or shall be deemed to occur on the effective date of an agreement or declaration to end all hostilities which has been adopted or accepted by all armed forces involved therein, or in the absence of such an agreement or declaration at the end of ninety continuous days from the end of all hostilities.

(d) (1) Subsections (b) and (c) hereof shall not apply to any provision in a life insurance policy for additional benefits in the event of accidental death.

(2) If a policy provides that the death benefit may be increased or other policy provisions changed upon the application of the policyholder and the production of evidence of insurability, the policy may also provide that the two-year exclusions permitted under subparagraph (B) or (D) of paragraph one of subsection (b) hereof or subparagraph (C) of paragraph one of subsection (c) hereof shall run from the date of issue of the policy except that it shall run from the effective date of each subsequent increase or change with respect to each such increase or change.

(e) For policies that credit additional amounts in an equity index account less frequently than annually: (1) if the policy holder requests a full surrender of a policy prior to the expiration of the equity index crediting period, the insurer shall provide a statement to the policyholder, prior to processing the surrender, to the effect that: (A) no additional interest based on the equity index will be credited, since the equity index crediting period has not yet expired, and that only the guaranteed interest will be credited to the account; and (B) the policyholder is advised to consider alternatives to a full surrender of the policy prior to the crediting of additional interest based on the equity index, such as a policy loan or, if available, a partial

withdrawal of the policy; (2) in determining the additional amount to be credited to the policy in accordance with an equity index, the insurer shall include, in the calculation of the credit, any amounts withdrawn, including for policy loans, from the equity index account for the period of time prior to their withdrawal; (3) the policy shall include an option that credits additional amounts at least annually; and (4) the policy may provide that the amounts to be paid upon the exercise of a policy loan may be secured by the value of the policy's equity index account or by the general account of the insurer.

(f) Any of the provisions of this section, or portions thereof, exclusive of paragraph eleven of subsection (a) of this section, that do not apply to a single premium, nonparticipating, or term policy, shall to that extent not be incorporated in such policy. This section shall not apply to group life insurance.

§ 3204. Policy to contain entire contract; statements of applicant to be representations and not warranties; alterations. (a) (1) Every policy of life, accident or health insurance, or contract of annuity, delivered or issued for delivery in this state, shall contain the entire contract between the parties, and nothing shall be incorporated therein by reference to any writing, unless a copy thereof is endorsed upon or attached to the policy or contract when issued.

(2) No application for the issuance of any such policy or contract shall be admissible in evidence unless a true copy was attached to such policy or contract when issued.

(3) Such policy or contract cannot be modified, nor can any rights or requirements be waived, except in a writing signed by a person specified by the insurer in such policy or contract.

(b) Subsection (a) hereof shall not apply to a table or schedule of rates, premiums or other payments which is on file with the superintendent for use in connection with such policy or contract.

(c) All statements made by, or by the authority of, the applicant for the issuance, reinstatement or renewal of any such policy or contract shall be deemed representations and not warranties.

(d) No insertion in or other alteration of any written application for any such policy or contract shall be made by any person other than the

applicant without his written consent, except that insertions may be made by the insurer for administrative purposes only in such manner as to indicate clearly that the insertions are not to be ascribed to the applicant.

(e) If any policy of life, accident and health insurance delivered or issued for delivery in this state is reinstated or renewed, or if any such policy of life insurance provides that a change in the death benefit or other policy provisions may be made on application or by the written notice of exercise of one or more options provided in the policy, and the insured or the beneficiary or assignee of such policy makes written request to the insurer for a copy of the application, if any, for such reinstatement or renewal or change in the death benefit or other policy provisions or of the written notice of exercise of such an option, the insurer shall, within fifteen days after the receipt of such request at its home office or any branch office of the insurer, deliver or mail to the person making such request, a copy of such application or notice. If such copy is not delivered or mailed, the insurer shall be precluded from introducing such application or notice as evidence in any action or proceeding based upon or involving such policy or its reinstatement, renewal or change.

(f) Any waiver of the provisions of this section shall be void.

§ 3205. Insurable interest in the person; consent required; exceptions. (a) In this section:

(1) The term, "insurable interest" means:

(A) in the case of persons closely related by blood or by law, a substantial interest engendered by love and affection;

(B) in the case of other persons, a lawful and substantial economic interest in the continued life, health or bodily safety of the person insured, as distinguished from an interest which would arise only by, or would be enhanced in value by, the death, disablement or injury of the insured.

(2) The term "contract of insurance upon the person" includes any policy of life insurance and any policy of accident and health insurance.

(3) The term "person insured" means the natural person, or persons,

whose life, health or bodily safety is insured.

(b) (1) Any person of lawful age may on his own initiative procure or effect a contract of insurance upon his own person for the benefit of any person, firm, association or corporation. Nothing herein shall be deemed to prohibit the immediate transfer or assignment of a contract so procured or effectuated.

(2) No person shall procure or cause to be procured, directly or by assignment or otherwise any contract of insurance upon the person of another unless the benefits under such contract are payable to the person insured or his personal representatives, or to a person having, at the time when such contract is made, an insurable interest in the person insured.

(3) Notwithstanding the provisions of paragraphs one and two of this subsection, a Type B charitable, educational or religious corporation formed pursuant to paragraph (b) of section two hundred one of the not-for-profit corporation law, or its agent, may procure or cause to be procured, directly or by assignment or otherwise, a contract of life insurance upon the person of another and may designate itself or cause to have itself designated as the beneficiary of such contract.

(4) If the beneficiary, assignee or other payee under any contract made in violation of this subsection receives from the insurer any benefits thereunder accruing upon the death, disablement or injury of the person insured, the person insured or his executor or administrator may maintain an action to recover such benefits from the person receiving them.

(c) No contract of insurance upon the person, except a policy of group life insurance, group or blanket accident and health insurance, or family insurance, as defined in this chapter, shall be made or effectuated unless at or before the making of such contract the person insured, being of lawful age or competent to contract therefor, applies for or consents in writing to the making of the contract, except in the following cases:

(1) A wife or a husband may effectuate insurance upon the person of the other.

(2) Any person having an insurable interest in the life of a minor under the age of fourteen years and six months or any person upon whom such minor is dependent for support and maintenance, may effectuate a

contract of insurance upon the life of such minor, in an amount which shall not exceed the limits specified in section three thousand two hundred seven of this article.

(d) In addition to any other basis under which either an employer, or an irrevocable trust established by one or more employers or one or more employers and one or more labor unions, have an insurable interest in the lives of any of its employees or retirees or those of its subsidiaries or affiliated companies, an employer or such a trust shall have an insurable interest in the lives of any such employees or retirees who are participants or who are eligible to participate, upon the satisfaction of age, service or similar eligibility criteria, in an employee benefit plan, established or maintained by an employer as defined by the federal Employee Retirement Income Security Act of 1974, 29 U.S.C. § 1001 et seq., provided that:

(1) The employer providing for insurance coverage or causing such coverage to be issued under this subsection: (A) prior to or at the commencement of any such coverage notifies prospective insureds in writing that coverage is being obtained on their lives, requires that prospective insureds consent in writing to such coverage, provides each consenting insured the right to have any coverage on his/her life issued under the authority of this subsection discontinued at any time and describes in the notice the method the insured may use to terminate coverage; (B) at the time any insured employee's employment terminates, notifies the employee of the right to discontinue such coverage, provided, however, that no such notification shall be required if the insured employee possesses a present or prospective right to receive any of the benefits under an employee benefit plan being financed, in whole or in part, by such life insurance coverage; and (C) at any time after the termination of an insured employee's employment and upon the termination of an employee benefit plan being financed, in whole or in part, by such life insurance coverage or a reduction of the benefits provided thereunder, notifies the employee of the right to discontinue such coverage.

(2) At the time coverage is issued, the total amount of insurance coverage issued to date to the employer or trust under authority of this subsection shall not exceed the costs of employee and/or retiree benefits already incurred in connection with such employee benefit plan

since the earliest date coverage on an employee or retiree was issued under this subsection, plus the projected future cost of such benefits as established by the employer.

(3) The amount of coverage insuring the life of each such employee or retiree and the selection of the employees or retirees to be insured is based purely on nondiscriminatory factors such as age, premium amount or some other nondiscriminatory factor, and not on conditions or terms of employment other than participation in an employee benefit plan described herein.

(4) If subsequent to issuance of the policy or policies providing life insurance coverage pursuant to this subsection, the insurer providing the coverage is replaced by another insurer, the employer shall notify each insured employee or retiree of such replacement.

(5) During the first five years subsequent to issuance of the policy or policies providing life insurance pursuant to this subsection, the policyholder does not undertake a pattern of borrowing likely to require all or a substantial part of the cash values of the policies to be pledged as security against repayment of such loans, unless such borrowing was incurred because of an unforeseen substantial loss of income or unforeseen increase in financial obligations.

(e) If, pursuant to subparagraph (A) of paragraph one of subsection (d) of this section, the employer receives from the employee or retiree written notice that he or she rejects the issuance of the insurance, the employer shall notify the insurer of such rejection and the insurance shall not be issued, or if the insurance has already been issued and the employee elects to have the existing coverage terminated, the employee shall notify the insurer of the election to terminate coverage in writing, and upon receipt of such written notice from the employee, the insurance shall not be continued in effect and shall terminate upon receipt of such written notice from the employee. In such event, the insurer shall pay any amounts which are payable to the employer or trust policy owner as the result of such termination of coverage, pursuant to the terms and conditions of coverage. Unless the employee or retiree complies with the requirements of this subsection, neither the employee, retiree nor his or her successor in interest, may contest the validity of the coverage.

§ 3206. Policies which provide for an adjustable maximum rate of interest on policy loans. (a) In this section:

(1) The term "policy" includes: (i) life insurance policies subject to the provisions of item (ii) of subparagraph (F) of paragraph eight of subsection (a) of section three thousand two hundred three of this article, and (ii) annuity contracts subject to the provisions of subsection (c) of section three thousand two hundred nineteen of this article, and (iii) certificates issued by a fraternal benefit society subject to the provisions of paragraph six of subsection (a) of section four thousand five hundred ten of this chapter, and (iv) annuity certificates subject to section four thousand five hundred thirteen of this chapter, when such policies, contracts, or certificates provide for loans with adjustable rates of interest.

(2) The term "policy loan" includes any cash loans and any premium loans made under a policy to pay one or more premiums that were not paid to the life insurer as they fell due.

(3) The term "policyholder" includes the owner of the policy or the person designated to pay premiums as shown on the records of the insurer.

(4) The term "published monthly average" means:

(A) the Monthly Average Corporates yield shown in Moody's Corporate Bond Yield Averages published by Moody's Investors Service Inc., or any successor thereto; or

(B) in the event that the Moody's Corporate Bond Yield Averages -- Monthly Average Corporates is no longer published, a substantially similar average, established by regulation issued by the superintendent.

(b) The adjustable maximum rate of interest on policy loans for each policy will be determined at the regular intervals specified in the policy. At the intervals specified in the policy:

(1) the rate being charged may be increased whenever such increase as determined under subsection (c) hereof would increase that rate by one-half per centum or more per annum; and

(2) the rate being charged must be reduced whenever such reduction as determined under subsection (c) hereof would decrease that rate by one-half per centum or more per annum.

(c) The rate of interest charged on a policy loan made under such a

policy shall not exceed the higher of the following:

(1) the published monthly average for the calendar month ending two months before the date on which the rate is determined; or

(2) the rate used to compute the cash surrender values under the policy during the applicable period plus one per centum per annum.

(d) The insurer shall for any such policy:

(1) notify the policyholder at the time a cash loan is made of the initial rate of interest on the loan;

(2) notify the policyholder with respect to premium loans of the initial rate of interest on the loan as soon as it is reasonably practical to do so after making the initial loan. Notice need not be given to the policyholder when a further premium loan is added, except as provided in paragraph three hereof;

(3) send to policyholders with loans reasonable advance notice of any increase in the rate; and

(4) include in the notices required above the substance of the pertinent policy provisions permitting an adjustable maximum interest rate on policy loans established from time to time by the insurer as permitted by law, and specifying the frequency at which the interest rate is to be determined by the insurer as permitted by law.

(e) No policy shall terminate in a policy year as the sole result of change in the interest rate during that policy year, and the insurer shall maintain coverage during that policy year until the time at which it would otherwise have terminated if there had been no change during that policy year.

(f) Participating policies issued under the provisions of this section shall constitute one or more dividend classifications, as established by the board of directors of the insurer, separate from dividend classifications established for other participating policies issued by the insurer.

(g) No provision of law regulating the maximum rate of interest which may be charged, taken or received, other than section 190.40 or section 190.42 of the penal law shall apply to any loan made pursuant to the provisions of this section.

(h) The provisions of this section shall not be made to apply to any policy issued before January first, nineteen hundred eighty-three unless the policyholder agrees in writing to the applicability of such

provisions. Any holder of a policy issued before January first, nineteen hundred eighty-three which is of a classification determined by the insurer as eligible may request the insurer to make the provisions of this section applicable to such policy; the superintendent may require justification of the eligibility standard determined by the insurer.

§ 3207. Life insurance contracts by or for the benefit of minors; on the lives of minors, limitations on amount. (a) A minor above the age of fourteen years and six months shall be deemed competent to enter into a contract for, be the owner of, and exercise all rights relating to, a policy of life insurance upon the life of the minor or upon the life of any person in whom the minor has an insurable interest, but the beneficiary of such policy may be only the minor or the parent, spouse, brother, sister, child or grandparent of the minor.

(b) An insurer may deliver or issue for delivery in this state a policy or policies of life insurance upon the life of a minor under the age of fourteen years and six months, provided that such policy or policies are effectuated by a person or persons having an insurable interest in the life of such minor or by a person or persons upon whom such minor is dependent for support and maintenance and provided further that an insurer shall not knowingly issue such a policy or policies for an amount which, together with the amount of life insurance under any other policy or policies then in force upon the life of such minor, is in excess of the limit of fifty thousand dollars or the limit of fifty per centum or the limit of twenty-five per centum in the case of a minor under the age of four years and six months of the amount of life insurance in force upon the life of the person effectuating the insurance at the date of issue of the policy on the life of such minor, whichever limit is the greater, and any amount of life insurance on the life of such minor not in excess of such limit when issued shall not be deemed to be in excess thereof by reason of any reduction thereafter in the amount of life insurance in force upon the life of the person effectuating the insurance.

(c) An insurer may deliver or issue for delivery in this state a policy or policies of life insurance upon the life of a minor under the age of fourteen years and six months for an amount or amounts of life

insurance which may be in excess of the limit specified in subsection (b) of this section if the policy or policies are effectuated and the premiums paid by a person or persons having an insurable interest in the life of the minor and if the minor is not dependent upon such person or persons for support and maintenance.

(d) (1) If an insurer shall deliver or issue for delivery in this state any policy of life insurance on the life of a minor for an amount in excess of the limit prescribed by subsection (b) of this section, the amount under such policy which is in excess shall not be valid, or payable as a claim by death, so long as and to the extent that it continues to be in excess, provided that no such insurance shall be deemed to be in excess on or after the date upon which the minor attains the age of fourteen years and six months.

(2) The insurer which issues such excess amount, determined by priority of date of issue of policies if there is more than one policy, shall upon demand therefor or upon the death of the insured and upon proof satisfactory to the insurer that such excess exists at the time of such demand or death refund with interest, at the rate assumed in the valuation of the policy, the premiums paid less dividends allowed, on the amount of insurance that is in excess at the date of such demand or death, and such excess insurance and all of the obligations of the insurer thereunder shall terminate. Any indebtedness to the insurer on any excess insurance shall be deducted by the insurer from such refund.

(3) If only a part of the amount of insurance under such a policy is in excess of such limits, the refund shall bear the same proportion to the total premiums paid less dividends allowed under such policy as the amount of such excess insurance bears to the amount of insurance in force under the policy at the date of such refund, and the amount or amounts thereafter payable under such policy shall be reduced in the same proportion.

(4) If an insurer shall have made payment as a death claim of an amount in excess of such limits without having had proof satisfactory to it that such insurance was in excess, such insurer shall not be liable for the refund specified above.

(f) Notwithstanding the foregoing limitations, any domestic life insurance company may issue for delivery in another state or foreign country any policy which is governed by the laws of such state or

country for any amount not prohibited by the laws of such other state or country.

(g) The amount of life insurance within the meaning of this section shall not be deemed to include return premium benefits or the return of cash value or any additional benefits payable in the event of death by accident, any variable death benefit above the guaranteed minimum death benefit provided under a variable life insurance policy, or any additional insurance provided by the application of dividends or by the application of additional amounts credited to a policy pursuant to subsection (b) of section four thousand two hundred thirty-two of this chapter.

§ 3208. Antedating of life insurance policies and burial agreements prohibited. (a) No insurer shall knowingly deliver or issue for delivery in this state any policy of life insurance that purports to have been issued or to have taken effect more than six months before the date on which the application therefor was made, if thereby the premium is reduced below the premium that would be payable thereon as determined by the insured's birthday nearest the date on which the application was made.

(b) No agent, other representative of an insurer or broker shall prepare, submit or accept in this state any application for life insurance dated earlier than the date on which the application was made by the insured or the applicant, if thereby the premium is reduced as above stated.

(c) This section shall not be construed to invalidate any contract made in violation of the provisions hereof; nor to prohibit the exchange, alteration or conversion of any policy of life insurance as of the original date thereof if the amount of insurance of the new policy does not exceed the greater of that of the original policy or that which the premium paid for the original policy would have purchased if the new policy had been originally applied for; nor to prohibit the exercise of any conversion privilege contained in any policy.

(d) No person, firm, association, society, or corporation engaged in this state in the business of providing for the payment of funeral, burial or other expenses of deceased members, whether or not it be

subject to the other provisions of this chapter, and no insurer shall:

(1) deliver or issue for delivery in this state any contract or policy whereby the benefit or any part thereof accruing under such contract or policy, upon the death of such member or of the person insured, shall be payable to a designated or restricted funeral director or funeral directing concern or other person engaged in such trade or business, or to any official or designated group of them; or

(2) pay any such benefit or any part thereof to any funeral director or funeral directing concern or other person engaged in such trade or business or to any official or designated group of them, without the consent of the person or persons entitled to such benefits, or to pay any commission or other consideration to any funeral director or funeral directing concern or employee thereof to induce such person to sell or offer to sell any contract or policy of insurance designated or marketed as payable for funeral or burial expenses upon the death of the insured; or

(3) in any way deprive the personal representative or family of the deceased of the advantages of competition in procuring and purchasing supplies and services in connection with the funeral and burial arrangements of such deceased.

§ 3209. Life insurance, annuities and funding agreements disclosure requirements. (a) Except as hereafter exempted, this section shall apply to any solicitation, negotiation or procurement of life insurance, annuities or funding agreements occurring within this state. This section shall apply to any issuer of life insurance or annuity contracts or funding agreements, including fraternal benefit societies and the life insurance department of a savings and insurance bank. Unless otherwise specifically included, this section shall not apply to: credit life insurance; group life insurance; life insurance policies, annuity contracts, and funding agreements issued in connection with pension and welfare plans as defined by and to the extent covered by the federal Employee Retirement Income Security Act of 1974 (ERISA); funding agreements issued to other than individuals pursuant to subsection (b) of section three thousand two hundred twenty-two of this article; and any group annuity unless at least one certificate is subject to

paragraph two of subsection (b) of section four thousand two hundred twenty-three of this chapter.

(b) (1) No policy of life insurance shall be delivered or issued for delivery in this state after the applicable effective date, as set forth in subsection (n) of this section, unless the prospective purchaser has been provided with the following:

(A) a copy of the most recent buyer's guide and the preliminary information required by subsection (d) of this section, at or prior to the time an application is taken. When sales solicitations are made by mail, without the involvement of an agent or broker, each initial solicitation must include a copy of the buyer's guide unless the policy for which application is made provides for a period of at least thirty days within which the applicant may return the policy for an unconditional refund of the premiums paid, in which event the buyer's guide must be delivered with the policy or prior to delivery of the policy; in addition, such solicitation must alert the prospective purchaser of the right to receive, upon request, a buyer's guide and a policy summary prior to delivery of the policy; and

(B) a policy summary upon delivery of the policy.

(2) No annuity contract or life insurance policy or certificate with an equity index account shall be delivered or issued for delivery in this state unless, no later than at the time of application, the prospective purchaser has been provided with a disclosure statement containing the following:

(A) a statement in bold type to the effect that the equity index account provides benefits linked to an external equity index and does not participate directly in the equity market;

(B) a statement identifying the equity index used in the equity index formula, together with a description of any alternate index should the initial index no longer be publicly available;

(C) a statement indicating whether paid dividends are included in changes in the equity index, together with a description of how such dividends, or lack thereof, would affect the changes in the equity index; the statement must provide the average dividend rate over the lesser of ten years or the calculable life of the index;

(D) a statement fully describing the equity index formula;

(E) a statement explaining and illustrating the equity index formula

including any features of the equity index formula subject to change after issuance of the contract, policy or certificate;

(F) a statement identifying the initial minimum guaranteed interest rate for the minimum accumulation value of an equity index account and any withdrawal charge;

(G) a statement identifying the initial current and the minimum specified participation rate, i.e., how much of the increase in the index will be used to calculate the indexed linked interest rate, if any;

(H) a statement identifying the initial current and the minimum upper limit or cap on the indexed linked interest rate, if any;

(I) for a life insurance policy crediting additional amounts in accordance with an equity index less frequently than annually, a statement to the effect that: if the policyholder requests a full surrender of a policy prior to the expiration of the equity index crediting period, no additional interest based on the equity index will be credited and that only the guaranteed interest will be credited to the account; and the policyholder is advised to consider alternatives to a full surrender of the policy prior to the expiration of the equity index crediting period, such as a policy loan or, if available, a partial withdrawal of the policy; and

(J) other disclosure information the superintendent deems appropriate.

(3) No participating dividend-paying paid-up deferred annuity contract shall be delivered or issued for delivery in this state unless a prospective purchaser is provided with a disclosure statement, no later than at the time of application, containing the following:

(A) a statement indicating that dividends are not guaranteed under the participating dividend-paying paid-up deferred annuity contract and the income is therefore not guaranteed to increase from the dollar amount set at the time of issue; and

(B) a statement indicating that the initial income under a participating dividend-paying paid-up deferred annuity contract may be lower than the initial income under a fully guaranteed paid-up deferred annuity contract.

(c) Every insurer must provide, to any policyholder who so requests, a policy summary for each in-force premium-paying policy for which no policy summary has ever been furnished. The insurer may charge the

policyholder a reasonable fee for preparation of this summary, subject to guidelines specified in rules promulgated by the superintendent.

(d) The preliminary information shall be in writing and include, to the extent applicable, the following:

(1) the name and address of the insurance agent or broker or, if no agent or broker is involved, a statement of the procedure to be followed in order to receive responses to inquiries concerning the preliminary information;

(2) the full name and home office, administrative office or branch or agency office address of the company in whose name the life insurance policy is to be written;

(3) the date of the preliminary information and the generic name, the initial amount of insurance and the initial annual premium for the basic policy;

(4) the total guaranteed cash surrender values for the basic policy, at the end of the tenth and twentieth policy years or at the end of the premium-paying period if earlier. These values may be shown on a per thousand or per unit basis;

(5) the effective policy loan annual percentage interest rate, if the policy would contain this provision, and whether this rate is applied in advance or in arrears, adjustable or fixed;

(6) for the life insurance policies described in paragraph one of subsection (n) of this section, life insurance cost indexes and the equivalent level annual dividend for the basic policy for ten and twenty years, but in no case beyond the premium-paying period;

(7) in addition, the applicant shall be advised that, when the policy is issued, a complete policy summary, including cost data, based on the benefits, premiums and dividends of the policy as issued, will be furnished; and that, following the receipt of the policy and policy summary, there will be a period of not less than ten days within which the applicant may return the policy for an unconditional refund of the premiums paid; and

(8) notwithstanding the foregoing, no applicant for life insurance shall be prevented or delayed in effecting or applying for coverage by the requirements of this section. In such cases where prior to application it is impractical to provide any items prescribed by this section, such items may be estimated in good faith or furnished as soon

thereafter as practical prior to delivery of policy.

(e) A policy summary shall include the following:

(1) a prominently placed title as follows:

"STATEMENT OF POLICY COST AND BENEFIT INFORMATION";

(2) the name and address of the insurance agent or broker, or, if no agent or broker is involved, a statement of the procedure to be followed in order to receive responses to inquiries regarding the policy summary;

(3) the full name and home office, administrative office or branch or agency office address of the company in whose name the life insurance policy is to be or has been written;

(4) the generic name of the basic policy and each rider;

(5) for the life insurance policies described in paragraph one of subsection (n) of this section, the following amounts, where applicable, for the first five policy years and representative policy years thereafter sufficient to clearly illustrate the premium and benefit patterns, including the years for which life insurance cost indexes are displayed and at least one age from sixty through sixty-five or maturity, whichever is earlier:

(A) the annual premium for the basic policy;

(B) the annual premium for each optional rider;

(C) guaranteed amount payable upon death at the beginning of the policy year regardless of the cause of death, other than suicide or other specifically enumerated exclusions, which is provided by the basic policy and each optional rider, with benefits provided under the basic policy and each rider shown separately;

(D) total guaranteed cash surrender values at the end of the year with values shown separately for the basic policy and each rider;

(E) cash dividends payable at the end of the year with values shown separately for the basic policy and each rider. Dividends need not be displayed beyond the twentieth policy year; and

(F) guaranteed endowment amounts payable under the policy which are not included in guaranteed cash surrender values above;

(6) the effective policy loan annual percentage interest rate if the policy contains this provision, specifying whether this rate is applied in advance or in arrears. If the policy provides for an adjustable loan interest rate, the policy summary shall so state, shall set forth the frequency at which the rate is to be determined for that policy, and

shall describe the index upon which the maximum rate is based at the time the policy is issued;

(7) for the life insurance policies described in paragraph one of subsection (n) of this section:

(A) life insurance cost indexes for ten and twenty years but in no case beyond the premium-paying period. Separate indexes are to be displayed for the basic policy and for each optional term life insurance rider. Such indexes need not be included for optional riders which are limited to benefits such as accidental death benefits, disability waiver of premium, preliminary term life insurance coverage of less than twelve months and guaranteed insurability benefits, nor for basic policies or optional riders covering more than one life;

(B) the equivalent level annual dividend, in the case of participating policies and participating optional term life insurance riders, under the same circumstances and for the same durations at which life insurance cost indexes are displayed;

(8) a policy summary which includes dividends shall also include a statement that dividends are based on the company's current dividend scale and are not guaranteed; in addition, the summary shall, for the life insurance policies described in paragraph one of subsection (n) of this section, include a statement in close proximity to the equivalent level annual dividend as follows: "An explanation of the intended use of the equivalent level annual dividend is included in the buyer's guide";

(9) a statement in close proximity to the life insurance cost indexes as follows:

"AN EXPLANATION OF THE INTENDED USE OF THESE INDEXES IS PROVIDED IN THE BUYER'S GUIDE"; and

(10) the date on which the policy summary is prepared.

(f) The policy summary must be a separate document. All information required to be disclosed must be set out in such a manner as not to minimize or render any portion thereof obscure. Any amounts which remain level for two or more years of the policy may be represented by a single number if it is clearly indicated what amounts are applicable for each policy year. Amounts in paragraph five of subsection (e) of this section shall be listed in total, not on a per thousand or per unit basis. If more than one insured is covered under one policy or rider, guaranteed death benefits shall be displayed separately for each insured or for

each class of insureds if death benefits do not differ within the class. Zero amounts shall be displayed as zero and shall not be displayed as a blank space.

(g) Every insurer shall maintain, at its home office or principal office, a complete file containing one copy of each policy summary form authorized by the insurer for use pursuant to this section.

(h) An agent or broker shall inform a prospective purchaser, prior to commencing a life insurance sales presentation, that he is acting as a life insurance agent or broker, and inform the prospective purchaser of the full name of the insurer which he is representing. In sale situations in which an agent or broker is not involved, the insurer shall identify its full name.

(i) As used in this section, "buyer's guide" means a separate document published and disseminated by insurers. The language therein shall be promulgated by the superintendent, and shall, to the extent practicable and in the public interest as determined by the superintendent, be consistent with the latest version of a buyer's guide as adopted by the national association of insurance commissioners.

(j) For life insurance policies, except term life insurance policies, which are to be issued to qualify for special tax treatment under subsection (b) of section four hundred three of the Internal Revenue Code of 1986, as amended, a written notice shall be delivered to the proposed insured in a manner satisfactory to the superintendent at or prior to the time an application is taken and shall read as follows: "The purchase of a life insurance policy with cash value, which qualifies for special tax treatment under section 403(b) of the Internal Revenue Code of 1986, as amended, may not be appropriate for individuals seeking to maximize the accumulation of funds for retirement or for individuals seeking life insurance coverage primarily to provide a survivorship benefit for the spouse in the event of death prior to retirement. If an individual needs coverage to continue after retirement, current tax laws require the commencement of taxable distributions under the tax sheltered annuity plan (TSA) no later than age seventy and one-half which may necessitate some adjustment in the cash value life insurance policy or may result in increased insurance costs in future policy years. You should consult with your tax advisor before purchasing life insurance with cash value as part of a tax

sheltered annuity (TSA)."

(k) The superintendent shall promulgate by regulation the contents and allowable format of the preliminary information and the information to appear in the policy summary. The superintendent shall also promulgate by regulation standards governing the content, format and use of illustrations of individual life insurance policies and certain group life insurance policies and certificates, life insurance policies subject to section four thousand two hundred thirty-two of this chapter, variable life insurance policies under which the death benefits and cash values vary in accordance with the unit values of investments held in a separate account and individual annuities, individual funding agreements, variable annuities, and group annuity contracts if any certificate is issued to which paragraph two of subsection (b) of section four thousand two hundred twenty-three of this chapter applies. The illustration regulation shall be consistent, to the greatest extent practicable and in the public interest as determined by the superintendent, with the illustration regulations as adopted by the national association of insurance commissioners. The superintendent in developing regulations to govern the content and format of the preliminary information, policy summary and illustrations shall ensure that such forms are presented in an easy, concise and meaningful way to enable consumers to understand the operation of the policy or contract.

(l) An insurer of any life insurance policy or annuity contract subject to this section shall notify the superintendent whether its policies or contract forms have been or will be marketed with or without an illustration. For those policies and contracts marketed with an illustration which complies with the regulations promulgated pursuant to subsection (k) of this section, no preliminary information or policy summary shall be required. For those policies which are not marketed with an illustration, the preliminary information and policy summary shall be provided pursuant to the provisions of this section.

(m) The superintendent, by regulation, shall determine the applicability of the illustration regulation promulgated pursuant to subsection (k) of this section to group life insurance policies and group annuities and funding agreements. Such determination shall be consistent, to the greatest extent practicable and in the public interest, with the illustration regulations as adopted by the national

association of insurance commissioners.

(n) The effective dates of this section as applied to policies of life insurance, annuity contracts, and funding agreements shall be as follows:

(1) for individual life insurance policies, certain group life insurance policies and certificates and life insurance policies subject to section four thousand two hundred thirty-two of this chapter, January first, nineteen hundred ninety-eight;

(2) for annuities and funding agreements, the date of promulgation of regulations by the superintendent pursuant to subsection (k) of this section but not later than June thirty, nineteen hundred ninety-eight;

(3) for variable life insurance policies and variable annuities, the date of promulgation of regulations by the superintendent but not later than January first, nineteen hundred ninety-nine.

No less than three months prior to promulgating the regulations required to implement subsection (k) of this section pursuant to paragraphs two and three of this subsection, the superintendent shall hold public hearings on such regulations.

§ 3210. Incontestability after reinstatement. Any policy of life or non-cancellable disability insurance or contract of annuity delivered or issued for delivery in this state that is reinstated shall be incontestable after the same period following reinstatement and with the conditions and exceptions provided in the policy or contract with respect to incontestability.

§ 3211. Notice of premium due under life or disability insurance policy; notice to assignees of non-payment of premium.

(a) (1) No policy of life insurance or non-cancellable disability insurance delivered or issued for delivery in this state, and no life insurance certificate delivered or issued for delivery in this state by a fraternal benefit society, shall terminate or lapse by reason of default in payment of any premium, installment, or interest on any policy loan in less than one year after such default, unless, for

scheduled premium policies, a notice shall have been duly mailed at least fifteen and not more than forty-five days prior to the day when such payment becomes due, or for life insurance policies in which the amount and frequency of premiums may vary, no earlier than and within thirty days after the day when the insurer determines that the net cash surrender value under the policy is insufficient to pay the total charges that are necessary to keep the policy in force. A separate notice shall not be required for insurance that is supplemental to a policy of life insurance.

(2) If a life insurance policy or life insurance certificate provides that the policyholder or certificate holder may vary the amount and frequency of premiums to be paid to the insurer, premiums, installments and interest on loans will be considered due on the day when the failure of the insurer or fraternal benefit society to receive an amount of premium, installment or interest on loan would cause such policy or certificate to terminate or lapse, and the failure to pay such amount shall be considered a default.

(b) The notice required by paragraph one of subsection (a) hereof shall:

(1) be duly mailed to the last known address of the policyowner, or if any other person shall have been designated in writing to receive such notice, then to such other person;

(2) state the amount of such payment, the date when due, the place where and the person to whom it is payable; and shall also state that unless such payment is made on or before the date when due or within the specified grace period thereafter, the policy shall terminate or lapse except as to the right to any cash surrender value or nonforfeiture benefit.

(c) If the payment demanded by such notice shall be made within the time limited therefor, it shall be taken to be in full compliance with the requirements of the policy in respect to the time of such payment. The statement of any officer, employee or agent of such insurer, or of any one authorized to mail such notice, subscribed and affirmed by him as true under the penalties of perjury, stating facts which show that the notice required by this section has been duly addressed and mailed shall be presumptive evidence that such notice has been duly given.

(d) No action shall be maintained to recover on any life insurance

policy, or on any such non-cancellable contract of permanent and total disability insurance, which has lapsed because of default in making such payment (except an action to recover the cash surrender value or nonforfeiture benefit) unless the action is instituted within two years from the date of such default.

(e) (1) An assignee of a policy of life insurance under an assignment made in this state may request the insurer to give such assignee notice of non-payment of any premium due on such policy.

(2) The request must be made before default in payment of premium, and must be in writing, mailed to the home office of the insurer and specify the name and address of the assignee, the name of the insured and the policy number.

(3) When the request is made as provided herein the right of such assignee to the cash surrender value or other nonforfeiture benefit under the policy shall continue as it existed on the date of default until the expiration of ten days after the mailing of notice of such default to the last known address of the assignee.

(4) Upon termination of the assignee's rights under the assignment, the assignee shall promptly mail a release thereof to the insurer.

(5) This subsection shall not be construed to affect the contractual rights of assignees.

(f) This section shall not apply to:

(1) Any policy of group insurance.

(2) Any policy of insurance requiring the payment of premiums monthly or at shorter intervals, provided in the case of policies of life insurance the insurer issuing such policy elects with respect to all such policies to mail a written notice within six months after termination or lapse to the insured or to any other person who shall have been designated in writing to receive such notice, stating the type and amount of any automatic nonforfeiture benefit in force.

(g) In the case of life insurance policies to which this section is applicable and which contain a cash surrender value, the insurer must provide an annual notification that the policy contains a cash surrender value and that further information, including the amount thereof, is available from the insurer upon written request from the policyowner. Such notification shall include a statement that the insured has the right to request an updated policy illustration based, in respect to a

participating policy, on the then current dividend scale, and in respect to a policy subject to subsection (a) of section four thousand two hundred thirty-two of this chapter, on the then current mortality, interest and expense assumptions. The notification pertaining to the cash surrender value shall be set out in a conspicuous manner and shall include the address to which the policyowner may make a written inquiry. Any notice or statement which informs a policyowner of the policy's cash surrender value at least annually shall be deemed to comply with the requirements of this subsection.

(h) In the case of life insurance policies described in paragraph two of subsection (f) of this section and which contain a cash surrender value, the notification requirement of subsection (g) of this section will apply in cases where the insurer voluntarily sends a notice of the premium due.

§ 3212. Exemption of proceeds and avails of certain insurance and annuity contracts. (a) In this section:

(1) The term "proceeds and avails", in reference to policies of life insurance, includes death benefits, accelerated payments of the death benefit or accelerated payment of a special surrender value, cash surrender and loan values, premiums waived, and dividends, whether used in reduction of premiums or in whatever manner used or applied, except where the debtor has, after issuance of the policy, elected to receive the dividends in cash.

(2) An annuity contract includes any obligation to pay certain sums at stated times, during life or lives, or for a specified term or terms, issued for a valuable consideration, regardless of whether such sums are payable to one or more persons, jointly or otherwise, but does not include payments under a life insurance policy at stated times during life or lives, or for a specified term or terms.

(3) The term "creditor" includes every claimant under a legal obligation contracted or incurred after December thirty-first, nineteen hundred thirty-nine.

(4) The term "execution" includes execution by garnishee process and every action, proceeding or process whereby assets of a debtor may be subjected to the claims of creditors.

(b) (1) If a policy of insurance has been or shall be effected by any person on his own life in favor of a third person beneficiary, or made payable otherwise to a third person, such third person shall be entitled to the proceeds and avails of such policy as against the creditors, personal representatives, trustees in bankruptcy and receivers in state and federal courts of the person effecting the insurance.

(2) If a policy of insurance has been or shall be effected upon the life of another person in favor of the person effecting the same or made payable otherwise to such person, the latter shall be entitled to the proceeds and avails of such policy as against the creditors, personal representatives, trustees in bankruptcy and receivers in state and federal courts of the person insured. If the person effecting such insurance shall be the spouse of the insured, he or she shall be entitled to the proceeds and avails of such policy as against his or her own creditors, trustees in bankruptcy and receivers in state and federal courts.

(3) If a policy of insurance has been or shall be effected by any person on the life of another person in favor of a third person beneficiary, or made payable otherwise to a third person, such third person shall be entitled to the proceeds and avails of such policy as against the creditors, personal representatives, trustees in bankruptcy and receivers in state and federal courts of the person insured and of the person effecting the insurance.

(4) (A) The person insured pursuant to paragraph one of this subsection or the person effecting the insurance other than the spouse of the insured pursuant to paragraph two hereof, and the person effecting the insurance pursuant to paragraph three hereof, or the executor or administrator of any such persons, or a person entitled to the proceeds or avails of such policy in trust for such persons shall not be deemed a third person beneficiary, assignee or payee.

(B) A policy shall be deemed payable to a third person beneficiary if and to the extent that a facility-of-payment clause or similar clause in the policy permits the insurer to discharge its obligation after the death of the person insured by paying the death benefits to a third person.

(5) This section shall be applicable whether or not the right is reserved in any such policy to change the designated beneficiary and

whether or not the policy is made payable to the person whose life is insured if the beneficiary, assignee or payee shall predecease such person; and no person shall be compelled to exercise any rights, powers, options or privileges under such policy.

(6) If a policy of insurance has been or shall be effected by any person on his own life or upon the life of another person, the policyowner shall be entitled to any accelerated payments of the death benefit or accelerated payment of a special surrender value permitted under such policy as against the creditors, personal representatives, trustees in bankruptcy and receivers in state and federal courts of the policyowner.

(c) (1) No money or other benefits payable or allowable under any policy of insurance against disability arising from accidental injury or bodily infirmity or ailment of the person insured, shall be liable to execution for the purpose of satisfying any debt or liability of the insured, whether incurred before or after the commencement of the disability, except as provided in subsection (e) hereof.

(2) With respect to debts or liabilities incurred for necessaries furnished the insured after the commencement of disability, the exemption shall not include any income payment benefits payable as a result of any disability of the insured, and with respect to all other debts or liabilities incurred after the commencement of disability of the insured, the exemption of income payment benefits payable as a result of any disability of the insured shall not at any time exceed payment at a rate of four hundred dollars per month for the period of such disability.

(3) When a policy provides for lump sum payment because of a dismemberment or other specific loss of insured, such payment shall be exempt from execution of insured's creditors.

(4) This subsection shall not affect the assignability of any benefit otherwise assignable.

(d) (1) The benefits, rights, privileges and options which, under any annuity contract are due or prospectively due the annuitant, who paid the consideration for the annuity contract, shall not be subject to execution.

(2) The annuitant shall not be compelled to exercise any such rights, powers or options contained in the annuity contract, nor shall creditors

be allowed to interfere with or terminate the contract, except as provided in subsection (e) hereof and except that the court may order the annuitant to pay to a judgment creditor or apply on the judgment in installments, a portion of such benefits that appears just and proper to the court, with due regard for the reasonable requirements of the judgment debtor and his family, if dependent upon him, as well as any payments required to be made by the annuitant to other creditors under prior court orders.

(3) The benefits, rights, privileges or options accruing under such contract to a beneficiary or assignee shall not be transferable nor subject to commutation. If the benefits are payable periodically or at stated times, the same exemptions and exceptions contained herein for the annuitant shall apply with respect to such beneficiary or assignee.

(4) The benefits, rights, privileges or options accruing under an annuity contract funding a structured settlement which would otherwise be nontransferable under this subsection may be transferred in accordance with title seventeen of article five of the general obligations law. As used in this paragraph the term "structured settlement" means an arrangement for periodic payments of damages for personal injuries established by settlement or judgment in resolution of a tort claim; and the term "periodic payments" shall include scheduled future lump sum payments.

(e) (1) Every assignment or change of beneficiary or other transfer is valid, except in cases of transfer with actual intent to hinder, delay or defraud creditors, as defined by article ten of the debtor and creditor law. In such cases creditors shall have all the remedies provided by such article ten.

(2) (A) Subject to the statute of limitations, the amount of premiums or other consideration paid with actual intent to defraud creditors as provided in article ten of the debtor and creditor law, together with interest on such amount, shall enure to the benefit of creditors from the proceeds of the policy or contract; but the insurer issuing such policy or contract shall be discharged of liability thereunder by making payments in accordance with its terms, or in accordance with any assignment, change of beneficiary or other transfer, unless before any such payment such insurer shall have received written notices, by or on behalf of any such creditor, of a claim to recover any benefits on the

ground of a transfer or payment made with intent to defraud such creditor.

(B) The notice shall specify the amount claimed or sufficient facts to enable the insurer to ascertain such amount, the insurance or annuity contract, the person insured or annuitant, and the transfers or payments sought to be avoided on the ground of fraud.

(3) (A) Notwithstanding any inconsistent provision of this section or other law, any right of subrogation to benefits to which a local social services district, the department of social services, or the commissioner of health or his designee, shall be entitled shall be valid and enforceable to the extent benefits are available under any individual accident and health insurance, group or blanket accident and health insurance, or noncancellable disability insurance policy, or any subscriber contract made by a corporation subject to the provisions of article forty-three of this chapter, except that no such right of subrogation shall be enforceable if such benefits may be claimed by the department of social services, an appropriate social services official or the commissioner of health or his designee, by agreement or other established procedure, directly from an insurance carrier.

(B) The right of subrogation does not attach to insurance benefits paid or provided under any health insurance policy prior to the receipt by the carrier issuing such insurance of written notice from the department of social services, a local social services district, or the commissioner of health or his designee, of the exercise of subrogation rights.

(C) No right of subrogation to insurance benefits available under any health insurance policy shall be enforceable unless written notice of the exercise of such subrogation right is received by the carrier within three years from the date services for which benefits are provided under the policy or contract are rendered. An insurer shall not deny a claim made in conformance with paragraph (b) of subdivision two of section three hundred sixty-seven-a of the social services law solely on the basis of the date of submission of the claim, the type or format of the claim form, a failure to obtain prior authorization, or a failure to present proper documentation at the point-of-sale that is the basis of the claim.

(4) No terms of any policy or contract which directly or indirectly

prevent or prohibit the assignment of rights under any policy or contract prevent a local social services district, the department of social services, or the commissioner of health or his designee, from claiming benefits to which it shall be subrogated. The right of subrogation attaches to any benefits paid or provided under any policy, plan or contract upon receipt of written notice of the exercise of such subrogation rights.

(f) This section shall likewise apply to group insurance policies or annuity contracts, to the certificates or contracts of fraternal benefit societies, and to the policies or contracts of cooperative life and accident insurance companies.

§ 3213. Payment of proceeds. Where the proceeds of a policy of life insurance delivered or issued for delivery in this state are payable, according to its terms, to two or more beneficiaries without designation of their respective interests, the proceeds shall be paid to such beneficiaries in equal portions.

§ 3214. Interest upon proceeds of life insurance policies and annuity contracts. (a) If an action to recover the proceeds due under a policy of life insurance or contract of annuity delivered or issued for delivery in this state results in a judgment against the insurer, interest thereon shall be paid from the date of the death of the insured or annuitant in connection with a death claim on a policy of life insurance or contract of annuity and from the date of maturity of an endowment contract to the date the verdict is rendered or the report or decision is made, computed pursuant to the provisions of subsection (c) hereof, and thereafter in accord with the provisions of sections five thousand two and five thousand three of the civil practice law and rules.

(b) If an action to recover is commenced and a settlement is reached before the verdict is rendered or the report or decision is made, interest on the settlement shall be paid from the date of the death of the insured or annuitant in connection with a death claim on such a policy of life insurance or contract of annuity and from the date of

maturity of an endowment contract to the date of payment computed under the provisions of subsection (c) hereof.

(c) If no action has been commenced, interest upon the principal sum paid to the beneficiary or policyholder shall be computed daily at the rate of interest currently paid by the insurer on proceeds left under the interest settlement option, from the date of the death of an insured or annuitant in connection with a death claim on such a policy of life insurance or contract of annuity and from the date of maturity of an endowment contract to the date of payment and shall be added to and be a part of the total sum paid.

(d) This section shall not require the payment of interest for any period during which an insurer is required to pay interest under any state or federal law pertaining to interpleader.

(e) This section shall not apply to policies or contracts issued prior to September first, nineteen hundred seventy-five, which contain specific provisions to the contrary.

§ 3215. Disability benefits in connection with life insurance and annuities. (a) No policy of life insurance or contract of deferred annuity, which provides benefits by reason of the disability of the insured, including waiver of premium, shall be delivered or issued for delivery in this state unless it contains in substance the following provisions or provisions which in the opinion of the superintendent are more favorable to policyholders:

(1) That disability benefits be paid or allowed only in case of total disability and defining total disability in either of the following forms:

(A) Total disability is incapacity of the insured, resulting from injury or disease, to engage in any occupation for remuneration or profit. Such a policy shall be known and described as a "total disability" policy or contract.

(B) Total disability, shall exist whenever the insured's average monthly earned income for a period of four months next preceding has, as a result of the insured's injury or disease, not exceeded one-fourth of his former earned income averaged monthly for a period (next preceding said four months) which shall be prescribed in the policy and shall be

not less than twelve months. Such a policy shall be known and described as an "earned income disability" policy or contract.

(2) That disability benefits will be paid or allowed only in case such total disability is also permanent as defined in either of the following forms:

(A) If such policy is a total disability policy, as defined in paragraph one hereof, a provision that total disability which has been continuous for a period specified in the contract, and which shall be not less than four months nor more than one year, shall be deemed to be permanent only with respect to determining the commencement of disability benefits.

(B) If such policy is an earned income disability policy, as defined in paragraph one hereof, a provision that total disability shall be deemed to continue as long as the insured's earned monthly income shall, as a result of injury or disease, not exceed one-fourth of his average monthly earned income as determined at the commencement of total disability.

(3) That written notice of claim be given to the insurer during the lifetime of the insured and during the period of total disability. Failure to give such notice shall not invalidate or reduce any claim if it shall be shown not to have been reasonably possible to give such notice and that notice was given as soon as was reasonably possible.

(4) That there be reasonable requirements as to the time, method and form of proof of disability and as to the continuance of disability, including an examination of the insured by the insurer at reasonable intervals. Failure to furnish proof of disability within the time required shall not invalidate or reduce any claim if it was not reasonably possible to give proof within such time, provided such proof is furnished as soon as reasonably possible and in no event, except in the absence of legal capacity, later than one year from the time proof is otherwise required.

(5) That the contract of disability insurance shall be incontestable after it shall have been in force, during the lifetime of the insured and without the occurrence of total disability of the insured, for a period of three years from date of issue, except for nonpayment of premiums and except for the conditions of the contract relating to military or naval service.

(b) Any provision in such policy or contract that total disability resulting from any specified cause shall be excluded from coverage, shall contain only the following exclusions:

(1) (A) a provision terminating disability coverage when the insured becomes a member of the military, naval or air forces of any country at war, declared or undeclared; or

(B) a provision terminating disability coverage when the insured becomes a member of any auxiliary or civilian non-combatant unit serving with the military, naval or air forces of any country at war, declared or undeclared; or

(C) a provision excluding from coverage disability commencing within five years from the date of issue of the policy as a result of an act of war or any act incident thereto, whether such war be declared or undeclared, provided such act takes place while the insured is outside the geographical limits specified in the policy.

(2) A provision excluding from the coverage disability resulting from aviation under conditions specified in the policy.

(3) A provision excluding from the coverage disability directly resulting from injuries wilfully and intentionally self-inflicted.

(c) No policy or contract shall contain any provision set forth in this subsection, unless it conforms substantially to the following:

(1) Any provision excluding from the coverage disability resulting from disease or injury occurring before the date of issue of the policy or contract, except provisions excluding from the coverage a specific disease or injury by name or description, shall be applicable only to such disability commencing not later than two years after date of issue.

(2) A provision for a reasonable adjustment of income disability benefits if the aggregate monthly amount of such benefits payable to the insured, under all contracts of insurance, exceeds a specified percentage not to exceed one hundred percent of the average monthly earned income of the insured as may be ascertained in any reasonable manner.

(d) No such policy shall provide that the face amount of life insurance shall be reduced because of any disability benefits paid, except that such policy may provide, in lieu of income payments, an annuity certain for a period of not more than ten years, the value of which at its inception shall be equal to the face amount of insurance,

with the provision that upon recovery such annuity shall cease and the insurance shall be restored at a proportionate premium for an amount equal to the present value of the instalments not yet due.

(e) No such policy which provides income disability benefits shall contain any provision whereby the income disability benefits shall exceed a monthly rate equal to one percent of the face amount of the policy, such face amount not to include any additional benefits payable in case of accidental death and of any pure endowment benefits.

(f) No such contract which provides income disability benefits shall contain any provision whereby monthly income disability benefits exceed one-twelfth of the annual annuity which would ordinarily be payable thereunder at age seventy.

(g) The provisions of this section shall not apply to any group life insurance policies or group annuity contracts.

(h) Within the meaning of this section:

(1) "waiver of premiums" includes refund of waived premiums, if paid;

(2) "income payments" means payments made monthly or at less frequent regular intervals in addition to waiver of premiums and to all benefits otherwise provided by the contract;

(3) "disability benefits" means waiver of premiums, or both waiver of premium and income payments, whichever may be specified in the contract;

(4) "income disability benefits" means income payments contingent upon total disability of the insured.

§ 3216. Individual accident and health insurance policy provisions.

(a) In this section the term:

(1) "Policy of accident and health insurance" includes any individual policy or contract covering the kind or kinds of insurance described in paragraph three of subsection (a) of section one thousand one hundred thirteen of this chapter.

(2) "Indemnity" means benefits promised.

(3) "Family" may include the policyholder's spouse, or dependent children, or any other person dependent upon the policyholder.

(4) "Dependent children" (A) shall include any children under a specified age which shall not exceed age nineteen except:

(i) Any unmarried dependent child, regardless of age, who is incapable

of self-sustaining employment by reason of mental illness, or developmental disability as defined in the mental hygiene law, or physical handicap and who became so incapable prior to the age at which dependent coverage would otherwise terminate, shall be included in coverage subject to any pre-existing conditions limitation applicable to other dependents; or

(ii) Any unmarried student at an accredited institution of learning may be considered a dependent child until attaining age twenty-three for a policy other than hospital, medical, surgical, or prescription drug expense insurance; or

(iii) Any married or unmarried child shall be considered a dependent child until attaining age twenty-six without regard to financial dependence, residency with the policyholder, student status, or employment, for a policy of hospital, medical, surgical, or prescription drug expense insurance.

(B) may include, at the option of the insurer, any unmarried child until attaining age twenty-five for a policy other than hospital, medical, surgical, or prescription drug expense insurance.

(C) In addition to the requirements of subparagraphs (A) and (B) of this paragraph, every insurer issuing a policy of hospital, medical, or surgical expense insurance pursuant to this section that provides coverage for dependent children must make available and, if requested by the policyholder, extend coverage under the policy to an unmarried child through age twenty-nine, without regard to financial dependence who is not insured by or eligible for coverage under an employer health benefit plan as an employee or member, whether insured or self-insured, and who lives, works or resides in New York state or the service area of the insurer. Such coverage shall be made available at the inception of all new policies. Written notice of the availability of such coverage shall be delivered to the policyholder thirty days prior to the inception of such policy.

(b) No policy of accident and health insurance, including non-cancellable disability insurance, except as provided in subsection (h) hereof, shall be delivered or issued for delivery in this state until the rate manual showing rates, rules and classifications of risks for use in connection with such accident and health insurance policies or with riders or endorsements thereon, has been filed with the

superintendent.

(c) No policy of accident and health insurance shall be delivered or issued for delivery to any person in this state unless:

(1) The entire money and other considerations therefor are expressed therein.

(2) The time at which the insurance takes effect and terminates is expressed therein.

(3) It purports to insure only one person, except that a policy may insure, originally or by subsequent amendment, members of a family, as defined herein, upon the application of an adult member of the family who shall be deemed the policyholder.

(4) (A) Coverage of an unmarried dependent child who is incapable of self-sustaining employment by reason of mental illness, developmental disability, as defined in the mental hygiene law, or physical handicap and who became so incapable prior to attainment of the age at which dependent coverage would otherwise terminate and who is chiefly dependent upon such policyholder for support and maintenance, shall not terminate while the policy remains in force and the dependent remains in such condition, if the policyholder has within thirty-one days of such dependent's attainment of the limiting age submitted proof of such dependent's incapacity as described herein.

(B) Coverage of a dependent spouse or named insured which would terminate upon such spouse or named insured attaining the age prescribed in subchapter XVIII of the federal Social Security Act, 42 U.S.C. §§ 1395 et seq. ("medicare"), as the age of first eligibility for the benefits provided by such law shall not so terminate, if such dependent spouse is not then eligible for all of such benefits, for as long as the policy remains in force and such dependent spouse remains ineligible to receive any of such "medicare" benefits, provided proof of such ineligibility is submitted to the insurer within thirty-one days of the date notice of termination of coverage be sent by first class mail by the insurer to the last known address of the policyholder.

(C) Any family coverage shall provide that coverage of newborn infants, including newly born infants adopted by the insured or subscriber if such insured or subscriber takes physical custody of the infant upon such infant's release from the hospital and files a petition pursuant to section one hundred fifteen-c of the domestic relations law

within thirty days of birth; and provided further that no notice of revocation to the adoption has been filed pursuant to section one hundred fifteen-b of the domestic relations law and consent to the adoption has not been revoked, shall be effective from the moment of birth for injury or sickness including the necessary care and treatment of medically diagnosed congenital defects and birth abnormalities including premature birth, except that in cases of adoption, coverage of the initial hospital stay shall not be required where a birth parent has insurance coverage available for the infant's care. In the case of individual coverage the insurer must also permit the person to whom the policy is issued to elect such coverage of newborn infants from the moment of birth. If notification and/or payment of an additional premium or contribution is required to make coverage effective for a newborn infant, the coverage may provide that such notice and/or payment be made within no less than thirty days of the day of birth to make coverage effective from the moment of birth. This election shall not be required in the case of student insurance.

(5) (A) Any family policy providing hospital or surgical expense insurance (but not including such insurance against accidental injury only) shall provide that, in the event such insurance on any person, other than the policyholder, is terminated because the person is no longer within the definition of the family as set forth in the policy but before such person has attained the limiting age, if any, for coverage of adults specified in the policy, such person shall be entitled to have issued to that person by the insurer, without evidence of insurability, upon application therefor and payment of the first premium, within sixty days after such insurance shall have terminated, an individual conversion policy that contains the essential health benefits package described in paragraph three of subsection (f) of section three thousand two hundred seventeen-i of this article. The insurer shall offer one policy at each level of coverage as defined in subsection (b) of section three thousand two hundred seventeen-i of this article. The individual may choose any such policy offered by the insurer. Provided, however, the superintendent may, after giving due consideration to the public interest, approve a request made by an insurer for the insurer to satisfy the requirements of this subparagraph through the offering of policies that comply with this subparagraph by

another insurer, corporation or health maintenance organization within the insurer's holding company system, as defined in article fifteen of this chapter. The conversion privilege afforded herein shall also be available upon the divorce or annulment of the marriage of the policyholder to the former spouse of such policyholder.

(B) Written notice of entitlement to a conversion policy shall be given by the insurer to the policyholder at least fifteen and not more than sixty days prior to the termination of coverage due to the initial limiting age of the covered dependent. Such notice shall include an explanation of the rights of the dependent with respect to the dependent being enrolled in an accredited institution of learning or his or her incapacity for self-sustaining employment by reason of mental illness, developmental disability as defined in the mental hygiene law or physical handicap.

(C) Such individual conversion policy shall be subject to the following terms and conditions:

(i) The premium shall be that applicable to the form and amount of insurance therefor.

(ii) The benefits provided under such policy shall become effective upon the date that such person was no longer eligible under the family policy.

(iii) No insurer shall be required to issue a conversion policy if it appears that the person applying for such policy shall have at that time in force another insurance policy or hospital service or medical expense indemnity contract providing similar benefits or is covered by or is eligible for coverage by a group insurance policy or contract providing similar benefits or shall be covered by similar benefits required by any statute or provided by any welfare plan or program, which together with the conversion policy would result in over insurance or duplication of benefits according to standards on file with the superintendent relating to individual policies.

(6) The style, arrangement and overall appearance of the policy give no undue prominence to any portion of the text, and unless every printed portion of the text of the policy and of any endorsements or attached papers is plainly printed in light-faced type of a style in general use, the size of which shall be uniform and not less than ten-point with a lower-case unspaced alphabet length not less than one hundred

twenty-point (the "text" shall include all printed matter except the name and address of the insurer, name or title of the policy, the brief description, if any, and captions and subcaptions).

(7) The exceptions and reductions of indemnity are set forth in the policy and, except those which are set forth in subsection (d) of this section, are printed, at the insurer's option, either included with the benefit provision to which they apply, or under an appropriate caption such as "EXCEPTIONS", or "EXCEPTIONS AND REDUCTIONS", provided that if an exception or reduction specifically applies only to a particular benefit of the policy, a statement of such exception or reduction shall be included with the benefit provision to which it applies.

(8) Each such form, including riders and endorsements, shall be identified by a form number in the lower left-hand corner of the first page thereof.

(9) It contains no provision purporting to make any portion of the charter, rules, constitution, or by-laws of the insurer a part of the policy unless such portion is set forth in full in the policy, except in the case of the incorporation of, or reference to, a statement of rates or classification of risks, or short-rate table filed with the superintendent.

(10) There is prominently printed on the first page thereof or there is attached thereto a notice to the effect that during a specified period of time, which shall not be less than ten days nor more than twenty days from the date the policy is delivered to the policyholder, it may be surrendered to the insurer together with a written request for cancellation of the policy and in such event the insurer will refund any premium paid therefor including any policy fees or other charges, provided, however, that this paragraph shall not apply to single premium nonrenewable policies insuring against accidents only or accidental bodily injuries only; provided, however, that a contract or certificate sold by mail order and a contract or certificate providing medicare supplemental insurance or long-term care insurance must contain a provision permitting the contract or certificate holder a thirty day period for such surrender.

(11) The age limit or date or period, if any, after which the coverage provided by the policy will not be effective or the age limit, date or period after which the policy may not be renewed is stated in a renewal

provision set forth on the first page of the policy or as a separate provision bearing an appropriate caption on the first page of the policy or in a brief description in not less than fourteen-point bold face type set forth on the first page of the policy. Nothing herein contained shall limit or restrict the right of the insurer to continue the policy after the age or period so stated.

(12) Any policy, other than one issued in fulfillment of the continuing care responsibilities of an operator of a continuing care retirement community in accordance with article forty-six of the public health law, made available because of residence in a particular facility, housing development, or community shall contain the following notice in twelve point type in bold face on the first page:

"NOTICE - THIS POLICY DOES NOT MEET THE REQUIREMENTS OF A CONTINUING CARE RETIREMENT CONTRACT. AVAILABILITY OF THIS COVERAGE WILL NOT QUALIFY A RESIDENTIAL FACILITY AS A CONTINUING CARE RETIREMENT COMMUNITY."

(13) Any persons covered by the policy who are also members of a reserve component of the armed forces of the United States, including the National Guard, shall be entitled, upon written request, to have their coverage suspended during a period of active duty as described herein. The policy shall provide that the insurer will refund any unearned premiums for the period of such suspension. Persons covered by the policy shall be entitled to resumption of coverage, upon written application and payment of the required premium within sixty days after the date of termination of the period of active duty, with no limitations or conditions imposed as a result of such period of active duty except as set forth in subparagraphs (A) and (B) herein. Coverage shall be retroactive to the date of termination of the period of active duty. Such right of resumption provided for herein shall be in addition to other existing rights granted pursuant to state and federal laws and regulations and shall not be deemed to qualify or limit such rights in any way. No exclusion or waiting period may be imposed in connection with coverage of a health or physical condition of a person entitled to such right of resumption, or a health or physical condition of any other person who is covered by the policy unless:

(A) the condition arose during the period of active duty and the condition has been determined by the secretary of veterans affairs to be a condition incurred in the line of duty; or

(B) a waiting period was imposed and had not been completed prior to the period of suspension; in no event, however, shall the sum of the waiting periods imposed prior to and subsequent to the period of suspension exceed the length of the waiting period originally imposed.

(14) To be entitled to the right defined in paragraph thirteen of this subsection a person must be a member of a component of the armed forces of the United States, including the National Guard, who either:

(A) voluntarily or involuntarily enters upon active duty (other than for the purpose of determining his or her physical fitness and other than for training), or

(B) has his or her active duty voluntarily or involuntarily extended during a period when the president is authorized to order units of the ready reserve or members of a reserve component to active duty, provided that such additional active duty is at the request and for the convenience of the federal government, and

(C) serves no more than four years of active duty.

(15) Every policy delivered or issued for delivery in this state which provides major medical or similar comprehensive-type coverage shall provide space on any enrollment, renewal or initial online portal process setup forms required of an insured or applicant for insurance, except forms issued by the NY State of Health, the official Health Plan Marketplace, other than those specifically referenced in subparagraph (iv) of paragraph (a) of subdivision five of section forty-three hundred ten and paragraph (v) of subdivision one of section two hundred six of the public health law, required of an insured or applicant for insurance so that the insured or applicant shall register or decline registration in the donate life registry for organ, eye and tissue donations under this section of the enrollment or renewal form and that the following is stated on the form in clear and conspicuous type:

"You must fill out the following section: Would you like to be added to the Donate Life Registry? Check box for 'yes' or 'skip this question'."

(d) Each policy of accident and health insurance delivered or issued for delivery to any person in this state shall contain the provisions specified herein in the words in which the same appear in this subsection, except that the insurer may, at its option, substitute for one or more of such provisions corresponding provisions of different

wording approved by the superintendent which are not less favorable in any respect to the insured or the beneficiary. Each provision contained in the policy shall be preceded by the applicable caption herein or, at the insurer's option, by such appropriate captions or subcaptions as the superintendent may approve.

(1) Each policy shall, except with respect to designation by numbers or letters as used below, contain the following provisions:

(A) ENTIRE CONTRACT; CHANGES: This policy, including the endorsements and the attached papers, if any, constitutes the entire contract of insurance. No change in this policy shall be valid until approved by an executive officer of the insurer and unless such approval be endorsed hereon or attached hereto. No agent or broker has authority to change this policy or to waive any of its provisions.

(B) TIME LIMIT ON CERTAIN DEFENSES:

(i) After two years from the date of issue of this policy no misstatements, except fraudulent misstatements, made by the applicant in the application for such policy shall be used to void the policy or to deny a claim for loss incurred or disability (as defined in the policy) commencing after the expiration of such two year period.

(The foregoing policy provision shall not be so construed as to affect any legal requirement for avoidance of a policy or denial of a claim during such initial two year period, nor to limit the application of subparagraphs (A) through (E), inclusive, of this paragraph in the event of misstatement with respect to age or occupation or other insurance.)

(A policy which the insured has the right to continue in force subject to its terms by the timely payment of premium until at least age fifty or, in the case of a policy issued after age forty-four, for at least five years from its date of issue, may contain in lieu of the foregoing the following provision (from which the clause in parentheses may be omitted at the insurer's option) under the caption "INCONTESTABLE":

After this policy has been in force for a period of two years during the lifetime of the insured (excluding any period during which the insured is disabled), it shall become incontestable as to the statements contained in the application.)

(ii) No claim for loss incurred or disability (as defined in the policy) commencing after two years from the date of issue of this policy

shall be reduced or denied on the ground that a disease or physical condition not excluded from coverage by name or specific description effective on the date of loss had existed prior to the effective date of coverage of this policy.

(C) GRACE PERIOD: A grace period of ..... (insert a number not less than "7" for weekly premium policies, "10" for monthly premium policies and "31" for all other policies) days will be granted for the payment of each premium falling due after the first premium, during which grace period the policy shall continue in force.

(A policy in which the insurer reserves the right to refuse renewal shall have, at the beginning of the above provision, the following clause:

"Unless not less than thirty days prior to the renewal date the insurer has delivered to the insured or has sent by first class mail to his last address as shown by the records of the insurer written notice of its intention not to renew this policy beyond the period for which the premium has been accepted,"

Furthermore, such a policy, except an accident only policy, shall also provide in substance, in a provision thereof, or in an endorsement thereon or in a rider attached thereto, that the insurer may refuse renewal of the policy only as of the renewal date occurring on, or nearest its first anniversary, or as of an anniversary of such renewal date, or at the option of the insurer as of the renewal date occurring on or nearest the anniversary of its date of last reinstatement.)

(D) REINSTATEMENT: If any renewal premium be not paid within the time granted the insured for payment, a subsequent acceptance of the premium by the insurer or by any agent or broker duly authorized by the insurer to accept such premium, without requiring in connection therewith an application for reinstatement, shall reinstate the policy; provided, however, that if the insurer or such agent or broker requires an application for reinstatement and issues a conditional receipt for the premium tendered, the policy will be reinstated upon approval of such application by the insurer or, lacking such approval, upon the forty-fifth day following the date of such conditional receipt unless the insurer has previously notified the insured in writing of its disapproval of such application. The reinstated policy shall cover only

loss resulting from such accidental injury as may be sustained after the date of reinstatement and loss due to such sickness as may begin more than ten days after such date. In all other respects the insured and insurer shall have the same rights thereunder as they had under the policy immediately before the due date of the defaulted premium, subject to any provisions endorsed hereon or attached hereto in connection with the reinstatement. Any premium accepted in connection with a reinstatement shall be applied to a period for which premium has not been previously paid, but not to any period more than sixty days prior to the date of reinstatement.

(The last sentence of the above provision may be omitted from any policy which the insured has the right to continue in force subject to its terms by the timely payment of premiums until at least age fifty or, in the case of a policy issued after age forty-four, for at least five years from its date of issue.)

(E) NOTICE OF CLAIM: Written notice of claim must be given to the insurer within twenty days after the occurrence or commencement of any loss covered by the policy, or as soon thereafter as is reasonably possible. Notice given by or on behalf of the insured or the beneficiary to the insurer at ---------- (insert the location of such office as the insurer may designate for the purpose), or to any authorized agent of the insurer or to any authorized broker, with information sufficient to identify the insured, shall be deemed notice to the insurer. (In a policy providing a loss-of-time benefit which may be payable for at least two years, an insurer may at its option insert the following between the first and second sentences of the above provision: Subject to the qualifications set forth below, if the insured suffers loss of time on account of disability for which indemnity may be payable for at least two years, he shall, at least once in every six months after having given notice of claim, give to the insurer notice of continuance of said disability, except in the event of legal incapacity. The period of six months following any filing of proof by the insured or any payment by the insurer on account of such claim or any denial of liability in whole or in part by the insurer shall be excluded in applying this provision. Delay in the giving of such notice shall not impair the insured's right to any indemnity which would otherwise have accrued during the period of six months preceding the date on which such

notice is actually given.)

(F) CLAIM FORMS: The insurer, upon receipt of a notice of claim, will furnish to the claimant such forms as are usually furnished by it for filing proofs of loss. If such forms are not furnished within fifteen days after the giving of such notice the claimant shall be deemed to have complied with the requirements of this policy as to proof of loss upon submitting, within the time fixed in the policy for filing proofs of loss, written proof covering the occurrence, the character and extent of the loss for which claim is made.

(G) PROOFS OF LOSS: Written proof of loss must be furnished to the insurer at its said office in case of claim for loss for which this policy provides any periodic payment contingent upon continuing loss within ninety days after the termination of the period for which the insurer is liable and in case of claim for any other loss within one hundred twenty days after the date of such loss. Failure to furnish such proof within the time required shall not invalidate nor reduce any claim if it was not reasonably possible to give proof within such time, provided such proof is furnished as soon as reasonably possible and in no event, except in the absence of legal capacity, later than one year from the time proof is otherwise required.

(H) TIME OF PAYMENT OF CLAIMS: Indemnities payable under this policy for any loss other than loss for which this policy provides any periodic payment will be paid immediately upon receipt of due written proof of such loss. Subject to due written proof of loss, all accrued indemnities for loss for which this policy provides periodic payment will be paid ---------- (insert period for payment which must not be less frequently than monthly) and any balance remaining unpaid upon the termination of liability will be paid immediately upon receipt of due written proof.

(I) PAYMENT OF CLAIMS: Any indemnity for loss of life will be payable in accordance with the beneficiary designation and the provisions respecting such payment which may be prescribed herein and effective at the time of payment. If no such designation or provision is then effective, such indemnity shall be payable to the estate of the insured. Any other accrued indemnities unpaid at the insured's death may, at the option of the insurer, be paid either to such beneficiary or to such estate. All other indemnities will be payable to the insured. (The

following provisions, or either of them, may be included with the foregoing provision at the option of the insurer: If any indemnity of this policy shall be payable to the estate of the insured, or to an insured or beneficiary who is a minor or otherwise not competent to give a valid release, the insurer may pay such indemnity, up to an amount not exceeding $---------- (insert an amount which shall not exceed one thousand dollars), to any relative by blood or connection by marriage of the insured or beneficiary who is deemed by the insurer to be equitably entitled thereto. Any payment made by the insurer in good faith pursuant to this provision shall fully discharge the insurer to the extent of such payment.

Subject to any written direction of the insured in the application or otherwise all or a portion of any indemnities provided by this policy on account of hospital, nursing, medical, or surgical services may, at the insurer's option and unless the insured requests otherwise in writing not later than the time of filing proofs of such loss, be paid directly to the hospital or person rendering such services; but it is not required that the service be rendered by a particular hospital or person.)

(J) PHYSICAL EXAMINATIONS AND AUTOPSY: The insurer at its own expense shall have the right and opportunity to examine the person of the insured when and as often as it may reasonably require during the pendency of a claim hereunder and to make an autopsy in case of death where it is not forbidden by law.

(K) LEGAL ACTIONS: No action at law or in equity shall be brought to recover on this policy prior to the expiration of sixty days after written proof of loss has been furnished in accordance with the requirements of this policy. No such action shall be brought after the expiration of three years after the time written proof of loss is required to be furnished.

(L) CHANGE OF BENEFICIARY: Unless the insured makes an irrevocable designation of beneficiary, the right to change of beneficiary is reserved to the insured and the consent of the beneficiary or beneficiaries shall not be requisite to surrender or assignment of this policy or to any change of beneficiary or beneficiaries, or to any other changes in this policy.

(The first clause of this provision, relating to the irrevocable designation of beneficiary, may be omitted at the insurer's option.)

(M) "CONVERSION PRIVILEGE" (under this caption) a provision which shall set forth in substance the conversion privileges and related provisions required of certain policies by paragraph five of subsection (c) of this section.

(2) Other provisions. No such policy delivered or issued for delivery to any person in this state shall contain provisions respecting the matters set forth below unless such provisions are in the words (not including the designation by number or letter) in which the same appear in this paragraph except that the insurer may, at its option, use in lieu of any such provision a corresponding provision of different wording approved by the superintendent which is not less favorable in any respect to the insured or the beneficiary. Any such provision contained in the policy shall be preceded individually by the appropriate caption appearing herein or, at the option of the insurer, by such appropriate individual or group captions or subcaptions as the superintendent may approve.

(A) CHANGE OF OCCUPATION: If the insured be injured or contract sickness after having changed his occupation to one classified by the insurer as more hazardous than that stated in this policy or while doing for compensation anything pertaining to an occupation so classified, the insurer will pay only such portion of the indemnities provided in this policy as the premium paid would have purchased at the rates and within the limits fixed by the insurer for such more hazardous occupation. If the insured changes his occupation to one classified by the insurer as less hazardous than that stated in this policy, the insurer, upon receipt of proof of such change of occupation, will reduce the premium rate accordingly, and will return the excess pro-rata unearned premium from the date of change of occupation or from the policy anniversary date immediately preceding receipt of such proof, whichever is the more recent. In applying this provision, the classification of occupational risk and the premium rates shall be such as have been last filed by the insurer prior to the occurrence of the loss for which the insurer is liable or prior to date of proof of change in occupation with the state official having supervision of insurance in the state where the insured resided at the time this policy was issued; but if such filing was not

required, then the classification of occupational risk and the premium rates shall be those last made effective by the insurer in such state prior to the occurrence of the loss or prior to the date of proof of change in occupation.

(B) MISSTATEMENT OF AGE: If the insured's age has been misstated, all amounts payable under this policy shall be such as the premium paid would have purchased at the correct age.

(C) OTHER INSURANCE IN THIS INSURER: If an accident or sickness or accident and health policy or policies previously issued by the insurer to the insured be in force concurrently herewith,

making the aggregate indemnity for ----------(insert type of coverage or coverages) in excess of $----------(insert maximum limit of indemnity or indemnities) the excess insurance shall be void and all premiums paid for such excess shall be returned to the insured or to his estate,

or, in lieu thereof:

Insurance effective at any one time on the insured under a like policy or policies in this insurer is limited to the one such policy elected by the insured, his beneficiary or his estate, as the case may be, and the insurer will return all premiums paid for all other such policies.

(D) INSURANCE WITH OTHER INSURERS: If there be other valid coverage, not with this insurer, providing benefits for the same loss on a provision of service basis or on an expense incurred basis and of which this insurer has not been given written notice prior to the occurrence or commencement of loss, the only liability under any expense incurred coverage of this policy shall be for such proportion of the loss as the amount which would otherwise have been payable hereunder plus the total of the like amounts under all such other valid coverages for the same loss of which this insurer had notice bears to the total like amounts under all valid coverages for such loss, and for the return of such portion of the premiums paid as shall exceed the pro-rata portion for the amount so determined. For the purpose of applying this provision when other coverage is on a provision of service basis, the "like amount" of such other coverage shall be taken as the amount which the services rendered would have cost in the absence of such coverage.

(If the foregoing policy provision is included in a policy which also contains the next following policy provision there shall be added to the caption of the foregoing provision the phrase "--- EXPENSE INCURRED BENEFITS". The insurer may, at its option, include in this provision a definition of "other valid coverage", approved as to form by the superintendent, which definition shall be limited in subject matter to coverage provided by organizations subject to regulation by insurance law or by insurance authorities of this or any other state of the United States or any province of Canada, and by hospital or medical service organizations, and to any other coverage the inclusion of which may be approved by the superintendent. In the absence of such definition such term shall not include group insurance, automobile medical payments insurance, or coverage provided by hospital or medical service organizations or by union welfare plans or employer or employee benefit organizations. For the purpose of applying the foregoing provision with respect to any insured, any amount of benefit provided for such insured pursuant to any compulsory benefit statute (including any workers' compensation or employer's liability statute) whether provided by a governmental agency or otherwise shall in all cases be deemed to be "other valid coverage" of which the insurer has had notice. In applying the foregoing policy provision no third party liability coverage shall be included as "other valid coverage".)

(E) INSURANCE WITH OTHER INSURERS: If there be other valid coverage, not with this insurer, providing benefits for the same loss on other than an expense incurred basis and of which this insurer has not been given written notice prior to the occurrence or commencement of loss, the only liability for such benefits under this policy shall be for such proportion of the indemnities otherwise provided hereunder for such loss as the like indemnities of which the insurer had notice (including the indemnities under this policy) bear to the total amount of all like indemnities for such loss, and for the return of such portion of the premium paid as shall exceed the pro-rata portion for the indemnities thus determined.

(If the foregoing policy provision is included in a policy which also contains the next preceding policy provision there shall be added to the caption of the foregoing provision the phrase "--- OTHER BENEFITS". The insurer may, at its option, include in this provision a definition of

"other valid coverage", approved as to form by the superintendent, which definition shall be limited in subject matter to coverage provided by organizations subject to regulation by insurance law or by insurance authorities of this or any other state of the United States or any province of Canada, and to any other coverage the inclusion of which may be approved by the superintendent. In the absence of such definition such term shall not include group insurance, or benefits provided by union welfare plans or by employer or employee benefit organizations. For the purpose of applying the foregoing policy provision with respect to any insured, any amount of benefit provided for such insured pursuant to any compulsory benefit statute (including any workers' compensation or employer's liability statute) whether provided by a governmental agency or otherwise shall in all cases be deemed to be "other valid coverage" of which the insurer has had notice. In applying the foregoing policy provision no third party liability coverage shall be included as "other valid coverage".)

(F) RELATION OF EARNINGS TO INSURANCE: If the total monthly amount of loss of time benefits promised for the same loss under all valid loss of time coverage upon the insured, whether payable on a weekly or monthly basis, shall exceed the monthly earnings of the insured at the time disability commenced or his average monthly earnings for the period of two years immediately preceding a disability for which claim is made, whichever is the greater, the insurer will be liable for only such proportionate amount of such benefits under this policy as the amount of such monthly earnings or such average monthly earnings of the insured bears to the total amount of monthly benefits for the same loss under all such coverage upon the insured at the time such disability commences and for the return of such part of the premiums paid during such two years as shall exceed the pro-rata amount of the premiums for the benefits actually paid hereunder; but this shall not operate to reduce the total monthly amount of benefits payable under all such coverage upon the insured below the sum of two hundred dollars or the sum of the monthly benefits specified in such coverages, whichever is the lesser, nor shall it operate to reduce benefits other than those payable for loss of time.

(The foregoing policy provision may be inserted only in a policy which the insured has the right to continue in force subject to its terms by

the timely payment of premiums until at least age fifty or, in the case of a policy issued after age forty-four, for at least five years from its date of issue. The insurer may, at its option, include in this provision a definition of "valid loss of time coverage", approved as to form by the superintendent, which definition shall be limited in subject matter to coverage provided by governmental agencies or by organizations subject to regulation by the insurance law or by insurance authorities of this or any other state of the United States or any province of Canada, or to any other coverage the inclusion of which may be approved by the superintendent or any combination of such coverages. In the absence of such definition such term shall not include any coverage provided for such insured pursuant to any compulsory benefit statute (including any workers' compensation or employer's liability statute), or benefits provided by union welfare plans or by employer or employee benefit organizations.)

(G) UNPAID PREMIUM: Upon the payment of a claim under this policy, any premium then due and unpaid or covered by any note or written order may be deducted therefrom.

(H) CANCELLATION: Within the first ninety days after the date of issue, the insurer may cancel this policy by written notice delivered to the insured, or sent by first class mail to his last address as shown by the records of the insurer, stating when, not less than ten days thereafter, such cancellation shall be effective. In the event of cancellation, the insurer will return promptly the pro-rata unearned portion of any premium paid. Cancellation shall be without prejudice to any claim originating prior to the effective date of cancellation.

(Nothing in this subsection shall be construed to prohibit an insurer from granting to the insured the right to cancel a policy at any time and to receive in such event a refund of the unearned portion of any premium paid, computed by the use of the short-rate table last filed with the state official having supervision of insurance in the state where the insured resided when the policy was issued).

(I) CONFORMITY WITH STATE STATUTES: Any provision of this policy which, on its effective date, is in conflict with the statutes of the state in which the insured resides on such date is hereby amended to conform to the minimum requirements of such statutes.

(J) ILLEGAL OCCUPATION: The insurer shall not be liable for any loss

to which a contributing cause was the insured's commission of or attempt to commit a felony or to which a contributing cause was the insured's being engaged in an illegal occupation.

(K) INTOXICANTS AND NARCOTICS: The insurer shall not be liable for any loss sustained or contracted in consequence of the insured's being intoxicated or under the influence of any narcotic unless administered on the advice of a physician.

(3) If any provision of this subsection is in whole or in part inapplicable to or inconsistent with the coverage provided by a particular form of policy the insurer, with the approval of the superintendent, shall omit from such policy any inapplicable provision or part of a provision, and shall modify any inconsistent provision or part of the provision in such manner as to make the provision as contained in the policy consistent with the coverage provided by the policy.

(4) The provisions which are the subject of paragraphs one and two of this subsection, or any corresponding provisions which are used in lieu thereof in accordance with such paragraphs, shall be printed in the consecutive order of the provisions in such paragraphs or, at the option of the insurer, any such provision may appear as a unit in any part of the policy, with other provisions to which it may be logically related, provided the resulting policy shall not be in whole or in part unintelligible, uncertain, ambiguous, abstruse, or likely to mislead a person to whom the policy is offered, delivered or issued.

(5) The word "insured", as used in this section, shall not be construed as preventing a person other than the insured with a proper insurable interest from making application for and owning a policy covering the insured or from being entitled under such a policy to any indemnities, benefits and rights provided therein.

(6) The superintendent may make such reasonable rules and regulations concerning the procedure for the filing or submission of policies subject to this section as are necessary, proper or advisable to the administration of this section. This provision shall not abridge any other authority granted the superintendent by law.

(e) The acknowledgment by any insurer of the receipt of notice given under any policy covered by this section, or the furnishing of forms for filing proofs of loss, or the acceptance of such proofs, or the

investigation of any claim thereunder, shall not operate as a waiver of any of the rights of the insurer in defense of any claim arising under such policy.

(f) If any such policy contains a provision establishing, as an age limit or otherwise, a date after which the coverage provided by the policy will not be effective, and if such date falls within a period for which premium is accepted by the insurer or if the insurer accepts a premium after such date, the coverage provided by the policy will continue in force subject to any right of cancellation until the end of the period for which premium has been accepted. In the event the age of the insured has been misstated and if, according to the correct age of the insured, the coverage provided by the policy would not have become effective, or would have ceased prior to the acceptance of such premium or premiums, then the liability of the insurer shall be limited to the refund, upon request, of all premiums paid for the period not covered by the policy.

(g)(1) No insurer shall refuse to renew a policy of hospital, surgical or medical expense insurance, an individual converted policy, or any other policy in which one-third or more of the total premium is allocable to hospital, surgical or medical expense benefits, or any combination thereof (but not including insurance against accidental injury only), except for one or more of the following reasons:

(A) nonpayment of premiums,

(B) fraud in applying for the policy or in applying for any benefits under the policy or intentional misrepresentation of material fact under the terms of the coverage,

(C) discontinuance of a class of policies in accordance with paragraph two of this subsection, except that no insurer or organization certified pursuant to article forty-four of the public health law shall refuse to renew the policies of insureds holding contracts which provide major medical or similar comprehensive type coverage in effect prior to June first, two thousand one who are ineligible to purchase policies offered pursuant to section four thousand three hundred twenty-one or four thousand three hundred twenty-two of this chapter due to the provisions of section 42 USC 1395ss in effect on January first, two thousand one, and who are eligible for Medicare benefits by reason of disability.

(i) Coverage shall be reinstated only for such insureds terminated on

or after January first, two thousand one and such coverage shall be reinstated on a prospective basis only, irrespective of any pre-existing conditions.

(ii) In the event any such insured becomes eligible to purchase policies offered pursuant to section four thousand three hundred twenty-one or four thousand three hundred twenty-two of this chapter, then such insured may be discontinued upon not less than five months prior written notice. In the event any such insured becomes eligible for Medicare by reason of age, then such insured may be terminated by not less than thirty days notice with prior written notice.

(iii) Within sixty days of this item taking effect, the insurer or organization shall notify the insured of the prospective reinstatement of coverage under this section. Within thirty days of receipt of such notice, an insured shall notify the insurer or organization of his or her election for prospective coverage,

(D) discontinuance of all hospital, surgical and medical expense coverage in the individual market in this state in accordance with paragraph three of this subsection,

(E) in the case of an insurer that offers coverage in the individual market through a network plan, termination of an individual who no longer resides, lives or works in the service area (or in an area for which the insurer is authorized to do business) but only if such coverage is terminated under this subparagraph uniformly without regard to any health status-related factor of covered individuals, and

(F) for such other reasons as are acceptable to the superintendent and authorized by the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191, and any later amendments or successor provisions, or by any federal regulations or rules that implement the provisions of the Act.

In no event shall any insurer refuse to renew any such policy because of the physical or mental condition or the health of any person covered thereunder. Furthermore, no insurer shall require as a condition for the renewal of any such policy any rider, endorsement or other attachment which shall limit the nature or extent of the benefits provided thereunder. The superintendent may require every insurer to file with him such documents, statistics or other information regarding the

refusal to renew permitted by this subsection as he may deem necessary for the proper administration of this subsection.

(2) In any case in which an insurer decides to discontinue offering a class of hospital, surgical or medical expense policies in the individual health insurance market, coverage of the class of policies may be discontinued by the insurer only if:

(A) the insurer gives at least ninety days prior written notice of such discontinuance to the superintendent;

(B) the insurer provides written notice of such discontinuance to each covered individual at least ninety days prior to the date of discontinuance of such coverage;

(C) the insurer offers to each covered individual the option to purchase all other individual hospital, surgical and medical expense coverage currently being offered by the insurer in the individual health insurance market; and

(D) in exercising the option to discontinue coverage of a class of policies and in offering the option of coverage under subparagraph (C) of this paragraph, the insurer acts uniformly without regard to claims experience or to any health status-related factor of insured individuals or individuals who may become eligible for such coverage.

(E) The superintendent may, after giving due consideration to the public interest, approve a request made by an insurer for the insurer to satisfy the requirements of subparagraph (C) of this paragraph through the offering of policies at each level of coverage as defined in subsection (b) of section three thousand two hundred seventeen-i of this article that contains the essential health benefits package described in paragraph three of subsection (e) of section three thousand two hundred seventeen-i of this article by another insurer, corporation or health maintenance organization within the insurer's same holding company system, as defined in article fifteen of this chapter.

(3) In any case in which an insurer elects to discontinue offering all hospital, surgical and medical expense coverage in the individual market in this state, health insurance coverage may be discontinued by the insurer only if:

(A) the insurer gives at least one hundred eighty days prior written notice of such discontinuance to the superintendent;

(B) the insurer provides written notice of such discontinuance to each

covered individual at least one hundred eighty days prior to the date of termination of such coverage;

(C) all hospital, surgical and medical expense coverage issued or delivered for issuance in this state in the individual market is discontinued and coverage under such health insurance coverage in such market is not renewed; and

(D) in addition to the notice referred to in subparagraph (A) of this paragraph, the insurer must provide the superintendent with a written plan to minimize potential disruption in the marketplace occasioned by its withdrawal from the individual market.

(4) In the case of a discontinuance under paragraph three of this subsection, the insurer may not provide for the issuance of any policy of hospital, surgical or medical expense insurance in the individual market in this state during the five year period beginning on the date of the discontinuance of the last health insurance coverage not so renewed.

(5) At the time of coverage renewal, an insurer may modify the health insurance coverage for a policy form offered to individuals in the individual market so long as such modification is consistent with this chapter and effective on a uniform basis among all individuals with that policy form.

(6) For purposes of this subsection the term "network plan" shall mean a health insurance policy under which the financing and delivery of health care (including items and services paid for as such care) are provided, in whole or in part, through a defined set of providers under contract with the insurer or another entity which has contracted with the insurer.

(h) This section shall not apply to or affect:

(1) Any contract of non-cancellable disability insurance which is governed by or excepted from section three thousand two hundred fifteen of this article.

(2) Any policy or contract of reinsurance.

(3) Any policy of group or blanket insurance which is governed by section three thousand two hundred twenty-one of this article except that the provisions of subsection (b) hereof and paragraphs one through ten of subsection (i) hereof and the provisions of subsection (j) hereof shall be applicable to a policy of group insurance authorized under

subparagraph (J) of paragraph one of subsection (c) of section four thousand two hundred thirty-five of this chapter.

(4) Any policy providing disability benefits pursuant to article nine of the workers' compensation law.

(5) Any policy of a co-operative life and accident insurance company except as was provided in section two hundred thirty-seven of the former insurance law.

(6) Life insurance, endowment or annuity contracts, or contracts supplemental thereto which contain only such provisions relating to accident and health insurance as provide additional benefits in case of death or dismemberment or loss of sight by accident, or as operate to safeguard such contracts against lapse, or to give a special surrender value or special benefit or an annuity in the event that the insured or annuitant shall become totally and permanently disabled, as defined by the contract or supplemental contract.

(i) Every person insured under a policy of accident and health insurance delivered or issued for delivery in this state shall be entitled to the reimbursements and coverages specified below.

(1) If a policy provides for reimbursement for any optometric service which is within the lawful scope of practice of a licensed optometrist, the insured shall be entitled to reimbursement for such service whether it is performed by a physician or licensed optometrist. Unless such policy shall otherwise provide there shall be no reimbursement for ophthalmic materials, lenses, spectacles, eyeglasses, or appurtenances thereto.

(2) If a policy provides for reimbursement for any podiatrical service within the lawful scope of practice of a licensed podiatrist, the insured shall be entitled to reimbursement for such service whether it is performed by a physician or licensed podiatrist.

(3) If a policy provides for reimbursement for any dental service within the lawful scope of practice of a licensed dentist, the insured shall be entitled to reimbursement for such service whether it is performed by a physician or a licensed dentist.

(4) If a policy provides for reimbursement for psychiatric or psychological services or for diagnosis and treatment of mental health conditions however defined in the policy, the insured shall be entitled to reimbursement for such services, diagnosis or treatment whether

performed by a physician, psychiatrist, a certified and registered psychologist, or a nurse practitioner when the services rendered are within the lawful scope of their practice.

(5) Every policy providing for reimbursement for laboratory tests or reimbursement for diagnostic X-ray services shall provide for reimbursement at the same percentage of reimbursement whether such tests or services are provided to the insured as an admitted patient in a health care facility or as an out-patient.

(6) Every policy which provides coverage for in-patient hospital care shall provide coverage for home care to residents in this state. Such home care coverage shall be included at the inception of all new policies and, with respect to all other policies, at any anniversary date of the policy subject to evidence of insurability.

(A) Home care means the care and treatment of a covered person who is under the care of a physician but only if hospitalization or confinement in a nursing facility as defined in subchapter XVIII of the federal Social Security Act, 42 U.S.C. §§ 1395 et seq, would otherwise have been required if home care was not provided, and the plan covering the home health service is established and approved in writing by such physician. Home care shall be provided by an agency possessing a valid certificate of approval or license issued pursuant to article thirty-six of the public health law and shall consist of one or more of the following:

(i) Part-time or intermittent home nursing care by or under the supervision of a registered professional nurse (R.N.).

(ii) Part-time or intermittent home health aide services which consist primarily of caring for the patient.

(iii) Physical, occupational or speech therapy if provided by the home health service or agency.

(iv) Medical supplies, drugs and medications prescribed by a physician, and laboratory services by or on behalf of a certified home health agency or licensed home care services agency to the extent such items would have been covered under the contract if the covered person had been hospitalized or confined in a skilled nursing facility as defined in title subchapter XVIII of the federal Social Security Act, 42 U.S.C. §§ 1395 et seq.

(B) Coverage may be subject to an annual deductible of not more than fifty dollars for each person covered under the policy and may be

subject to a coinsurance provision which provides for coverage of not less than seventy-five percent of the reasonable charges for such services. For the purpose of determining the benefits for home care available to a covered person, each visit by a member of a home care team shall be considered as one home care visit; the contract may contain a limitation on the number of home care visits, but not less than forty such visits in any calendar year or in any continuous period of twelve months for each person covered under the contract; four hours of home health aide service shall be considered as one home care visit.

(7) Every policy which provides coverage for in-patient hospital care shall also provide coverage for pre-admission tests performed in hospital out-patient facilities prior to scheduled surgery provided:

(A) the tests are ordered by a physician as a planned preliminary to admission of the patient as an in-patient for surgery in the same hospital;

(B) tests are necessary for and consistent with the diagnosis and treatment of the condition for which surgery is to be performed;

(C) reservations for a hospital bed and for an operating room shall have been made prior to the performance of the tests;

(D) the surgery actually takes place within seven days of such presurgical tests; and

(E) the patient is physically present at the hospital for the tests.

(8) Every policy which provides coverage for in-patient surgical care shall include coverage for a second surgical opinion by a qualified physician on the need for surgery.

(9)(A) Every policy that provides coverage for inpatient hospital care shall also include coverage for services to treat an emergency condition in hospital facilities:

(i) without the need for any prior authorization determination;

(ii) regardless of whether the health care provider furnishing such services is a participating provider with respect to such services;

(iii) if the emergency services are provided by a non-participating provider, without imposing any administrative requirement or limitation on coverage that is more restrictive than the requirements or limitations that apply to emergency services received from participating providers; and

(iv) if the emergency services are provided by a non-participating

provider, the cost-sharing requirement (expressed as a copayment or coinsurance) shall be the same requirement that would apply if such services were provided by a participating provider.

(B) Any requirements of section 2719A(b) of the Public Health Service Act, 42 U.S.C. § 300gg19a(b) and regulations thereunder that exceed the requirements of this paragraph with respect to coverage of emergency services shall be applicable to every policy subject to this paragraph.

(C) For purposes of this paragraph, an "emergency condition" means a medical or behavioral condition that manifests itself by acute symptoms of sufficient severity, including severe pain, such that a prudent layperson, possessing an average knowledge of medicine and health, could reasonably expect the absence of immediate medical attention to result in (i) placing the health of the person afflicted with such condition in serious jeopardy, or in the case of a behavioral condition placing the health of such person or others in serious jeopardy; (ii) serious impairment to such person's bodily functions; (iii) serious dysfunction of any bodily organ or part of such person; (iv) serious disfigurement of such person; or (v) a condition described in clause (i), (ii) or (iii) of section 1867(e)(1)(A) of the Social Security Act.

(D) For purposes of this paragraph, "emergency services" means, with respect to an emergency condition: (i) a medical screening examination as required under section 1867 of the Social Security Act, 42 U.S.C. § 1395dd, which is within the capability of the emergency department of a hospital, including ancillary services routinely available to the emergency department to evaluate such emergency medical condition; and (ii) within the capabilities of the staff and facilities available at the hospital, such further medical examination and treatment as are required under section 1867 of the Social Security Act, 42 U.S.C. § 1395dd, to stabilize the patient.

(E) For purposes of this paragraph, "to stabilize" means, with respect to an emergency condition, to provide such medical treatment of the condition as may be necessary to assure, within reasonable medical probability, that no material deterioration of the condition is likely to result from or occur during the transfer of the insured from a facility or to deliver a newborn child (including the placenta).

(10) (A) (i) Every policy which provides hospital, surgical or medical coverage shall provide coverage for maternity care, including hospital,

surgical or medical care to the same extent that hospital, surgical or medical coverage is provided for illness or disease under the policy. Such maternity care coverage, other than coverage for perinatal complications, shall include inpatient hospital coverage for mother and for newborn for at least forty-eight hours after childbirth for any delivery other than a caesarean section, and for at least ninety-six hours after a caesarean section. Such coverage for maternity care shall include the services of a midwife licensed pursuant to article one hundred forty of the education law, practicing consistent with section sixty-nine hundred fifty-one of the education law and affiliated or practicing in conjunction with a facility licensed pursuant to article twenty-eight of the public health law, but no insurer shall be required to pay for duplicative routine services actually provided by both a licensed midwife and a physician.

(ii) Maternity care coverage shall also include, at minimum, parent education, assistance and training in breast or bottle feeding, and the performance of any necessary maternal and newborn clinical assessments.

(iii) The mother shall have the option to be discharged earlier than the time periods established in item (i) of this subparagraph. In such case, the inpatient hospital coverage must include at least one home care visit, which shall be in addition to, rather than in lieu of, any home health care coverage available under the policy. The policy must cover the home care visit which may be requested at any time within forty-eight hours of the time of delivery (ninety-six hours in the case of caesarean section) and shall be delivered within twenty-four hours, (I) after discharge, or (II) of the time of the mother's request, whichever is later. Such home care coverage shall be pursuant to the policy and subject to the provisions of this subparagraph, and not subject to deductibles, coinsurance or copayments.

(B) Coverage provided under this paragraph for care and treatment during pregnancy shall include provision for not less than two payments, at reasonable intervals and for services rendered, for prenatal care and a separate payment for the delivery and postnatal care provided.

* (C) Coverage provided under this paragraph for care and treatment during pregnancy shall include medically necessary transvaginal ultrasounds when recommended by nationally recognized clinical practice guidelines. For the purposes of this subparagraph, "nationally

recognized clinical practice guidelines" means evidence-based clinical practice guidelines informed by a systematic review of evidence and an assessment of the benefits, and risks of alternative care options intended to optimize patient care developed by independent organizations or medical professional societies utilizing a transparent methodology and reporting structure and with a conflict of interest policy.

* NB Effective January 1, 2027

(10-a) Every policy that provides medical, major medical, or similar comprehensive-type coverage shall provide coverage for prenatal vitamins when prescribed by a health care practitioner licensed, certified, or authorized under title eight of the education law, and acting within their lawful scope of practice.

(11) (A) Every policy that provides coverage for hospital, surgical or medical care shall provide the following coverage for mammography screening for occult breast cancer:

(i) upon the recommendation of a physician, a mammogram, which may be provided by breast tomosynthesis, at any age for covered persons having a prior history of breast cancer or who have a first degree relative with a prior history of breast cancer;

(ii) a single baseline mammogram, which may be provided by breast tomosynthesis, for covered persons aged thirty-five through thirty-nine, inclusive;

(iii) an annual mammogram, which may be provided by breast tomosynthesis, for covered persons aged forty and older; and

(iv) upon the recommendation of a physician, screening and diagnostic imaging, including diagnostic mammograms, breast ultrasounds, or magnetic resonance imaging, recommended by nationally recognized clinical practice guidelines for the detection of breast cancer. For the purposes of this item, "nationally recognized clinical practice guidelines" means evidence-based clinical practice guidelines informed by a systematic review of evidence and an assessment of the benefits, and risks of alternative care options intended to optimize patient care developed by independent organizations or medical professional societies utilizing a transparent methodology and reporting structure and with a conflict of interest policy.

* (B) Such coverage required pursuant to subparagraph (A) or (C) of this paragraph shall not be subject to annual deductibles or

coinsurance. If under federal law, application of this requirement would result in health savings account ineligibility under 26 USC 223, this requirement shall apply for health savings account-qualified high deductible health plans with respect to the deductible of such a plan after the enrollee has satisfied the minimum deductible under 26 USC 223, except for with respect to items or services that are preventive care pursuant to 26 USC 223(c)(2)(C), in which case the requirements of this paragraph shall apply regardless of whether the minimum deductible under 26 USC 223 has been satisfied.

* NB Effective until January 1, 2027

* (B) Such coverage required pursuant to subparagraph (A) or (C) of this paragraph shall not be subject to annual deductibles or coinsurance. If under federal law, application of this requirement would result in health savings account ineligibility under 26 USC 223, this requirement shall apply for health savings account-qualified high deductible health plans with respect to the deductible of such a plan after the enrollee has satisfied the plan deductible, except for with respect to items or services that are preventive care pursuant to 26 USC 223(c)(2)(C), in which case the requirements of this paragraph shall apply regardless of whether the plan deductible has been satisfied.

* NB Effective January 1, 2027

(C) For purposes of subparagraphs (A) and (B) of this paragraph, mammography screening means an X-ray examination of the breast using dedicated equipment, including X-ray tube, filter, compression device, screens, films and cassettes, with an average glandular radiation dose less than 0.5 rem per view per breast; provided, however, that mammography screening shall also include breast tomosynthesis.

(D) In addition to subparagraph (A), (B) or (C) of this paragraph, every policy that provides coverage for hospital, surgical or medical care, except for a grandfathered health plan under subparagraph (E) of this paragraph, shall provide coverage for the following mammography screening services, and such coverage shall not be subject to annual deductibles or coinsurance:

(i) evidence-based items or services for mammography that have in effect a rating of 'A' or 'B' in the current recommendations of the United States preventive services task force; and

(ii) with respect to women, such additional preventive care and

screenings for mammography not described in item (i) of this subparagraph and as provided for in comprehensive guidelines supported by the health resources and services administration.

(E) For purposes of this paragraph, "grandfathered health plan" means coverage provided by an insurer in which an individual was enrolled on March twenty-third, two thousand ten for as long as the coverage maintains grandfathered status in accordance with section 1251(e) of the Affordable Care Act, 42 U.S.C. § 18011(e).

(11-a) (A) Every policy delivered or issued for delivery in this state which provides medical coverage that includes coverage for physician services in a physician's office and every policy which provides major medical or similar comprehensive-type coverage shall provide, upon the prescription of a health care provider legally authorized to prescribe under title eight of the education law, the following coverage for diagnostic screening for prostatic cancer:

(i) standard diagnostic testing including, but not limited to, a digital rectal examination and a prostate-specific antigen test at any age for men having a prior history of prostate cancer; and

(ii) an annual standard diagnostic examination including, but not limited to, a digital rectal examination and a prostate-specific antigen test for men age fifty and over who are asymptomatic and for men age forty and over with a family history of prostate cancer or other prostate cancer risk factors.

(B) Such coverage shall not be subject to annual deductibles or coinsurance.

(11-c) (A) Every policy which provides medical, major medical, or similar comprehensive-type coverage shall provide coverage for biomarker precision medical testing for the purposes of diagnosis, treatment, or appropriate management of, or ongoing monitoring to guide treatment decisions for, an insured's disease or condition when one or more of the following recognizes the efficacy and appropriateness of biomarker precision medical testing for diagnosis, treatment, appropriate management, or guiding treatment decisions for an insured's disease or condition:

(i) labeled indications for a test approved or cleared by the federal food and drug administration or indicated tests for a food and drug administration approved drug;

(ii) centers for medicare and medicaid services national coverage determinations or medicare administrative contractor local coverage determinations;

(iii) nationally recognized clinical practice guidelines; or

(iv) peer-reviewed literature and peer-reviewed scientific studies published in or accepted for publication by medical journals that meet nationally recognized requirements for scientific manuscripts and that submit most of their published articles for review by experts who are not part of the editorial staff.

(B) Such coverage shall be provided in a manner that shall limit disruptions in care including the need for multiple biopsies or biospecimen samples.

(C) As used in this paragraph, the following terms shall have the following meanings:

(i) "Biomarker" means a characteristic that is measured as an indicator of normal biological processes, pathogenic processes, or responses to an exposure or intervention, including therapeutic interventions.

(ii) "Biomarker precision medical testing" means the analysis of a patient's tissue, blood, or other biospecimen for the presence of a biomarker. Biomarker testing includes but is not limited to single-analyte tests and multi-plex panel tests performed at a participating in-network laboratory facility that is either CLIA certified or CLIA waived by the federal food and drug administration.

(iii) "Nationally recognized clinical practice guidelines" means evidence-based clinical practice guidelines informed by a systematic review of evidence and an assessment of the benefits, and risks of alternative care options intended to optimize patient care developed by independent organizations or medical professional societies utilizing a transparent methodology and reporting structure and with a conflict of interest policy.

(12) (A) Every policy which provides coverage for prescribed drugs approved by the food and drug administration of the United States government for the treatment of certain types of cancer shall not exclude coverage of any such drug on the basis that such drug has been prescribed for the treatment of a type of cancer for which the drug has not been approved by the food and drug administration. Provided,

however, that such drug must be recognized for treatment of the specific type of cancer for which the drug has been prescribed in one of the following established reference compendia:

(i) the American Hospital Formulary Service-Drug Information (AHFS-DI);

(ii) National Comprehensive Cancer Networks Drugs and Biologics Compendium;

(iii) Thomson Micromedex DrugDex;

(iv) Elsevier Gold Standard's Clinical Pharmacology; or other authoritative compendia as identified by the Federal Secretary of Health and Human Services or the Centers for Medicare & Medicaid Services (CMS); or recommended by review article or editorial comment in a major peer reviewed professional journal.

(B) Notwithstanding the provisions of this paragraph, coverage shall not be required for any experimental or investigational drugs or any drug which the food and drug administration has determined to be contraindicated for treatment of the specific type of cancer for which the drug has been prescribed. The provisions of this paragraph shall apply to cancer drugs only and nothing herein shall be construed to create, impair, alter, limit, modify, enlarge, abrogate or prohibit reimbursement for drugs used in the treatment of any other disease or condition.

(12-a) (A) Every policy delivered or issued for delivery in this state that provides medical, major medical, or similar comprehensive-type coverage and provides coverage for prescription drugs and also provides coverage for cancer chemotherapy treatment shall provide coverage for prescribed, orally administered anticancer medications used to kill or slow the growth of cancerous cells. Such coverage may be subject to co-pays, coinsurance or deductibles, provided that the co-pays, coinsurance or deductibles are at least as favorable to an insured as the co-pays, coinsurance or deductibles that apply to coverage for intravenous or injected anticancer medications.

(B) An insurer providing coverage under this paragraph and any participating entity through which the insurer offers health services shall not:

(i) vary the terms of the policy for the purpose or with the effect of avoiding compliance with this paragraph;

(ii) provide incentives (monetary or otherwise) to encourage a covered person to accept less than the minimum protections available under this paragraph;

(iii) penalize in any way or reduce or limit the compensation of a health care practitioner for recommending or providing care to a covered person in accordance with this paragraph;

(iv) provide incentives (monetary or otherwise) to a health care practitioner relating to the services provided pursuant to this paragraph intended to induce or have the effect of inducing such practitioner to provide care to a covered person in a manner inconsistent with this paragraph; or

(v) achieve compliance with this paragraph by imposing an increase in cost sharing for an intravenous or injected anticancer medication.

(13) (A) Every policy which provides coverage for hospital care shall not exclude coverage for hospital care for diagnosis and treatment of correctable medical conditions otherwise covered by the policy solely because the medical condition results in infertility.

(B) Every policy which provides coverage for surgical and medical care shall not exclude coverage for surgical and medical care for diagnosis and treatment of correctable medical conditions otherwise covered by the policy solely because the medical condition results in infertility.

(C) Every policy that provides medical, major medical or similar comprehensive-type coverage shall provide coverage for standard fertility preservation services when a medical treatment may directly or indirectly cause iatrogenic infertility to an insured. Coverage may be subject to annual deductibles and coinsurance, including copayments, as may be deemed appropriate by the superintendent and as are consistent with those established for other benefits within a given policy.

(i) For purposes of this subparagraph, "iatrogenic infertility" means an impairment of fertility by surgery, radiation, chemotherapy or other medical treatment affecting reproductive organs or processes.

(ii) No insurer providing coverage under this paragraph shall discriminate based on an insured's expected length of life, present or predicted disability, degree of medical dependency, perceived quality of life, or other health conditions, nor based on personal characteristics, including age, sex, sexual orientation, marital status or gender identity.

(13-a) Every policy that provides coverage for prescription fertility drugs and requires or permits prescription drugs to be purchased through a network participating mail order or other non-retail pharmacy shall provide the same coverage for prescription fertility drugs when such drugs are purchased from a network participating non-mail order retail pharmacy provided that the network participating non-mail order retail pharmacy agrees in advance through a contractual network agreement, to the same reimbursement amount, as well as the same applicable terms and conditions, that the insurer has established for a network participating mail order or other non-retail pharmacy. In such case, the policy shall not impose any fee, co-payment, co-insurance, deductible or other condition on any insured who elects to purchase prescription fertility drugs through a network participating non-mail order retail pharmacy that it does not impose on any insured who purchases prescription fertility drugs through a network participating mail order or other non-retail pharmacy.

(14) If a policy provides for reimbursement for the services of licensed health professionals who can bill for services, the insured shall be entitled to reimbursement for such service provided pursuant to a clinical practice plan established pursuant to subdivision fourteen of section two hundred six of the public health law.

(15) (A) Every policy that provides hospital, surgical or medical care coverage or provides reimbursement for laboratory tests or reimbursement for diagnostic X-ray services shall provide coverage for an annual cervical cytology screening for cervical cancer and its precursor states for women aged eighteen and older.

(B) For purposes of subparagraphs (A) and (C) of this paragraph, cervical cytology screening shall include an annual pelvic examination, collection and preparation of a Pap smear, and laboratory and diagnostic services provided in connection with examining and evaluating the Pap smear.

(C) Such coverage required pursuant to subparagraph (A) or (B) of this paragraph may be subject to annual deductibles and coinsurance as may be deemed appropriate by the superintendent and as are consistent with those established for other benefits within a given policy.

(D) In addition to subparagraph (A), (B) or (C) of this paragraph, every policy that provides hospital, surgical or medical care coverage,

except for a grandfathered health plan under subparagraph (E) of this paragraph, shall provide coverage for the following cervical cytology screening services, and such coverage shall not be subject to annual deductibles or coinsurance:

(i) evidence-based items or services for cervical cytology that have in effect a rating of 'A' or 'B' in the current recommendations of the United States preventive services task force; and

(ii) with respect to women, such additional preventive care and screenings for cervical cytology not described in item (i) of this subparagraph and as provided for in comprehensive guidelines supported by the health resources and services administration.

(E) For purposes of this paragraph, "grandfathered health plan" means coverage provided by an insurer in which an individual was enrolled on March twenty-third, two thousand ten for as long as the coverage maintains grandfathered status in accordance with section 1251(e) of the Affordable Care Act, 42 U.S.C. § 18011(e).

(15-a) (A) Every policy which provides medical coverage that includes coverage for physician services in a physician's office and every policy which provides major medical or similar comprehensive-type coverage shall include coverage for the following equipment and supplies for the treatment of diabetes, if recommended or prescribed by a physician or other licensed health care provider legally authorized to prescribe under title eight of the education law: blood glucose monitors and blood glucose monitors for the visually impaired, data management systems, test strips for glucose monitors and visual reading and urine testing strips, insulin, injection aids, cartridges for the visually impaired, syringes, insulin pumps and appurtenances thereto, insulin infusion devices, and oral agents for controlling blood sugar. In addition, the commissioner of the department of health shall provide and periodically update by rule or regulation a list of additional diabetes equipment and related supplies such as are medically necessary for the treatment of diabetes, for which there shall also be coverage. Such policies shall also include coverage for diabetes self-management education to ensure that persons with diabetes are educated as to the proper self-management and treatment of their diabetic condition, including information on proper diets. Such coverage for self-management education and education relating to diet shall be limited to visits medically necessary upon the

diagnosis of diabetes, where a physician diagnoses a significant change in the patient's symptoms or conditions which necessitate changes in a patient's self-management, or where reeducation or refresher education is necessary. Such education may be provided by the physician or other licensed health care provider legally authorized to prescribe under title eight of the education law, or their staff, as part of an office visit for diabetes diagnosis or treatment, or by a certified diabetes nurse educator, certified nutritionist, certified dietitian or registered dietitian upon the referral of a physician or other licensed health care provider legally authorized to prescribe under title eight of the education law. Education provided by the certified diabetes nurse educator, certified nutritionist, certified dietitian or registered dietitian may be limited to group settings wherever practicable. Coverage for self-management education and education relating to diet shall also include home visits when medically necessary.

(B) Such coverage may be subject to annual deductibles and coinsurance as may be deemed appropriate by the superintendent and as are consistent with those established for other benefits within a given policy; provided, however, that covered prescription insulin drugs shall not be subject to a deductible, copayment, coinsurance or any other cost sharing requirement.

(16) If a policy provides for reimbursement for speech-language pathology or audiology service which is within the lawful scope of practice of a duly licensed speech-language pathologist or audiologist, an insured shall be entitled to reimbursement for such service whether the said service is performed by a physician or duly licensed speech-language pathologist or audiologist, provided however, that nothing contained herein shall be construed to impair any terms of such policy which may require said service to be performed pursuant to a medical order, or a similar or related service of a physician, in which case coverage need not be provided for any tests, evaluations or diagnoses if such tests, evaluations or diagnoses have already been provided by or through a physician within twelve months of the referral or order from the physician. However, nothing herein shall be construed as preventing an insurer from covering more than one test or evaluation provided by a speech-language pathologist or audiologist within a twelve-month period where such test or evaluation is ordered by a

physician as medically necessary. Nor shall anything herein be construed as prohibiting the limitation of such services, where covered, to specified settings other than offices, such as hospitals or to services provided by such professionals as part of a home care agency's services.

(17) (A) Every policy that provides medical, major-medical or similar comprehensive-type coverage shall provide coverage for the provision of preventive and primary care services.

(B) For the purposes of subparagraphs (A), (C) and (D) of this paragraph, preventive and primary care services means the following services rendered to a covered child of an insured from the date of birth through the attainment of nineteen years;

(i) an initial hospital check-up and well-child visits scheduled in accordance with the prevailing clinical standards of a national association of pediatric physicians designated by the commissioner of health (except for any standard that would limit the specialty or forum of licensure of the practitioner providing the service other than the limits under state law). Coverage for such services rendered shall be provided only to the extent that such services are provided by or under the supervision of a physician, or other professional licensed under article one hundred thirty-nine of the education law whose scope of practice pursuant to such law includes the authority to provide the specified services. Coverage shall be provided for such services rendered in a hospital, as defined in section twenty-eight hundred one of the public health law, or in an office of a physician or other professional licensed under article one hundred thirty-nine of the education law whose scope of practice pursuant to such law includes the authority to provide the specified services;

(ii) at each visit, services in accordance with the prevailing clinical standards of such designated association, including a medical history, a complete physical examination, developmental assessment, anticipatory guidance, appropriate immunizations and laboratory tests which tests are ordered at the time of the visit and performed in the practitioner's office, as authorized by law, or in a clinical laboratory; and

(iii) necessary immunizations, as determined by the superintendent in consultation with the commissioner of health, consisting of at least adequate dosages of vaccine against diphtheria, pertussis, tetanus,

polio, measles, rubella, mumps, haemophilus influenzae type b and hepatitis b, which meet the standards approved by the United States public health service for such biological products.

(C) Such coverage required pursuant to subparagraph (A) or (B) of this paragraph shall not be subject to annual deductibles or coinsurance.

(D) Such coverage required pursuant to subparagraph (A) or (B) of this paragraph shall not restrict or eliminate existing coverage provided by the policy.

(E) In addition to subparagraph (A), (B), (C) or (D) of this paragraph, every policy that provides hospital, surgical or medical care coverage, except for a grandfathered health plan under subparagraph (F) of this paragraph, shall provide coverage for the following preventive care and screenings for insureds, and such coverage shall not be subject to annual deductibles or coinsurance:

(i) evidence-based items or services for preventive care and screenings that have in effect a rating of 'A' or 'B' in the current recommendations of the United States preventive services task force;

(ii) immunizations that have in effect a recommendation from the advisory committee on immunization practices of the centers for disease control and prevention with respect to the individual involved, or that are recommended by the commissioner of health to the superintendent utilizing generally accepted medical standards and taking into consideration recommendations of the American Academy of Pediatrics, the American Academy of Family Physicians, the American College of Obstetricians and Gynecologists, the American College of Physicians and/or other similar nationally or internationally recognized scientific organizations;

(iii) with respect to children, including infants and adolescents, evidence-informed preventive care and screenings provided for in comprehensive guidelines supported by the health resources and services administration; and

(iv) with respect to women, such additional preventive care and screenings not described in item (i) of this subparagraph and as provided for in comprehensive guidelines supported by the health resources and services administration.

(v) all FDA-approved contraceptive drugs, devices, and other products, including all over-the-counter contraceptive drugs, devices, and

products as prescribed or as otherwise authorized under state or federal law; voluntary sterilization procedures pursuant to 42 U.S.C. 18022 and identified in the comprehensive guidelines supported by the health resources and services administration and thereby incorporated in the essential health benefits benchmark plan; patient education and counseling on contraception; and follow-up services related to the drugs, devices, products, and procedures covered under this clause, including, but not limited to, management of side effects, counseling for continued adherence, and device insertion and removal. Except as otherwise authorized under this clause, a contract shall not impose any restrictions or delays on the coverage required under this clause. However, where the FDA has approved one or more therapeutic and pharmaceutical equivalent, as defined by the FDA, versions of a contraceptive drug, device, or product, a contract is not required to include all such therapeutic and pharmaceutical equivalent versions in its formulary, so long as at least one is included and covered without cost-sharing and in accordance with this clause. If the covered therapeutic and pharmaceutical equivalent versions of a drug, device, or product are not available or are deemed medically inadvisable a contract shall provide coverage for an alternate therapeutic and pharmaceutical equivalent version of the contraceptive drug, device, or product without cost-sharing. (a) This coverage shall include emergency contraception without cost sharing when provided pursuant to a prescription, or order under section sixty-eight hundred thirty-one of the education law or when lawfully provided over-the-counter. (b) If the attending health care provider, in his or her reasonable professional judgment, determines that the use of a non-covered therapeutic or pharmaceutical equivalent of a drug, device, or product is warranted, the health care provider's determination shall be final. The superintendent shall promulgate regulations establishing a process, including timeframes, for an insured, an insured's designee or an insured's health care provider to request coverage of a non-covered contraceptive drug, device, or product. Such regulations shall include a requirement that insurers use an exception form that shall meet criteria established by the superintendent. (c) This coverage must allow for the dispensing of up to twelve months worth of a contraceptive at one time. (d) For the purposes of this clause, "over-the-counter contraceptive products" shall mean

those products provided for in comprehensive guidelines supported by the health resources and services administration as of January twenty-first, two thousand nineteen.

(F) For purposes of this paragraph, "grandfathered health plan" means coverage provided by an insurer in which an individual was enrolled on March twenty-third, two thousand ten for as long as the coverage maintains grandfathered status in accordance with section 1251(e) of the Affordable Care Act, 42 U.S.C. § 18011(e).

(18) (A) Every policy which provides coverage for inpatient hospital care shall provide such coverage for such period as is determined by the attending physician in consultation with the patient to be medically appropriate for such covered person undergoing a lymph node dissection or a lumpectomy for the treatment of breast cancer or a mastectomy covered by the policy. Such coverage may be subject to annual deductibles and coinsurance as may be deemed appropriate by the superintendent and as are consistent with those established for other benefits within a given policy. Written notice of the availability of such coverage shall be delivered to the policyholder prior to inception of such policy and annually thereafter.

(B) An insurer providing coverage under this paragraph and any participating entity through which the insurer offers health services shall not:

(i) deny to a covered person eligibility, or continued eligibility, to enroll or to renew coverage under the terms of the policy or vary the terms of the policy for the purpose or with the effect of avoiding compliance with this paragraph;

(ii) provide incentives (monetary or otherwise) to encourage a covered person to accept less than the minimum protections available under this paragraph;

(iii) penalize in any way or reduce or limit the compensation of a health care practitioner for recommending or providing care to a covered person in accordance with this paragraph;

(iv) provide incentives (monetary or otherwise) to a health care practitioner relating to the services provided pursuant to this paragraph intended to induce or have the effect of inducing such practitioner to provide care to a covered person in a manner inconsistent with this paragraph; or

(v) restrict coverage for any portion of a period within a hospital length of stay required under this paragraph in a manner which is inconsistent with the coverage provided for any preceding portion of such stay.

(C) The prohibitions in subparagraph (B) of this paragraph shall be in addition to the provisions of sections three thousand two hundred thirty-one and three thousand two hundred thirty-two of this article and nothing in this subparagraph shall be construed to suspend, supersede, amend or otherwise modify such sections.

(19) (A) Every policy which provides medical, major medical, or similar comprehensive-type coverage must provide coverage for a second medical opinion by an appropriate specialist, including but not limited to a specialist affiliated with a specialty care center for the treatment of cancer, in the event of a positive or negative diagnosis of cancer or a recurrence of cancer or a recommendation of a course of treatment for cancer, subject to the following:

(i) In the case of a policy that requires, or provides financial incentives for, the insured to receive covered services from health care providers participating in a provider network maintained by or under contract with the insurer, the policy shall include coverage for a second medical opinion from a non-participating specialist, including but not limited to a specialist affiliated with a specialty care center for the treatment of cancer, when the attending physician provides a written referral to a non-participating specialist, at no additional cost to the insured beyond what such insured would have paid for services from a participating appropriate specialist. Provided however that nothing herein shall impair an insured's rights (if any) under the policy to obtain the second medical opinion from a non-participating specialist without a written referral, subject to the payment of additional coinsurance (if any) required by the policy for services provided by non-participating providers. The insurer shall compensate the non-participating specialist at the usual, customary and reasonable rate, or at a rate listed on a fee schedule filed and approved by the superintendent which provides a comparable level of reimbursement.

(ii) In the case of a policy that does not provide financial incentives for, and does not require, the insured to receive covered services from health care providers participating in a provider network

maintained by or under contract with the insurer, the policy shall include coverage for a second medical opinion from a specialist at no additional cost to the insured beyond what the insured would have paid for comparable services covered under the policy.

(iii) Such coverage may be subject to annual deductibles and coinsurance as may be deemed appropriate by the superintendent and as are consistent with those established for other benefits within a given policy, and, where applicable, consistent with the provisions of clauses (i) and (ii) of this subparagraph.

Nothing in this paragraph shall eliminate or diminish an insurer's obligation to comply with the provisions of section four thousand eight hundred four of this chapter where applicable. Written notice of the availability of such coverage shall be delivered to the policyholder prior to the inception of such policy and annually thereafter.

(B) An insurer providing coverage under this paragraph and any participating entity through which the insurer offers health services shall not:

(i) deny to a covered person eligibility, or continued eligibility, to enroll or to renew coverage under the terms of the policy or vary the terms of the policy for the purpose or with the effect of avoiding compliance with this paragraph;

(ii) provide incentives (monetary or otherwise) to encourage a covered person to accept less than the minimum protections available under this paragraph;

(iii) penalize in any way or reduce or limit the compensation of a health care practitioner for recommending or providing care to a covered person in accordance with this paragraph; or

(iv) provide incentives (monetary or otherwise) to a health care practitioner relating to the services provided pursuant to this paragraph intended to induce or have the effect of inducing such practitioner to provide care to a covered person in a manner inconsistent with this paragraph.

(C) The prohibitions in subparagraph (B) of this paragraph shall be in addition to the provisions of sections three thousand two hundred thirty-one and three thousand two hundred thirty-two of this article and nothing in this subparagraph shall be construed to suspend, supersede,

amend or otherwise modify such sections.

(20) (A) Every policy which provides medical, major medical, or similar comprehensive-type coverage shall provide the following coverage for breast or chest wall reconstruction surgery after a mastectomy or partial mastectomy:

(i) all stages of reconstruction of the breast or chest wall on which the mastectomy or partial mastectomy has been performed; and

(ii) surgery and reconstruction of the other breast or chest wall to produce a symmetrical appearance;

in the manner determined by the attending physician and the patient to be appropriate. Chest wall reconstruction surgery shall include aesthetic flat closure as such term is defined by the National Cancer Institute. Such coverage may be subject to annual deductibles and coinsurance provisions as may be deemed appropriate by the superintendent and as are consistent with those established for other benefits within a given policy. Written notice of the availability of such coverage shall be delivered to the policyholder prior to inception of such policy and annually thereafter.

(A-1) Every policy providing coverage as required by subparagraph (A) of this paragraph shall also provide coverage for the tattooing of the nipple-areolar complex pursuant to or as part of such reconstruction if such tattooing is performed by a licensed physician or other health care practitioner licensed, certified, or authorized pursuant to title eight of the education law and acting within their scope of practice.

(B) An insurer providing coverage under this paragraph and any participating entity through which the insurer offers health services shall not:

(i) deny to a covered person eligibility, or continued eligibility, to enroll or to renew coverage under the terms of the policy or vary the terms of the policy for the purpose or with the effect of avoiding compliance with this paragraph;

(ii) provide incentives (monetary or otherwise) to encourage a covered person to accept less than the minimum protections available under this paragraph;

(iii) penalize in any way or reduce or limit the compensation of a health care practitioner for recommending or providing care to a covered person in accordance with this paragraph;

(iv) provide incentives (monetary or otherwise) to a health care practitioner relating to the services provided pursuant to this paragraph intended to induce or have the effect of inducing such practitioner to provide care to a covered person in a manner inconsistent with this paragraph; or

(v) restrict coverage for any portion of a period within a hospital length of stay required under this paragraph in a manner which is inconsistent with the coverage provided for any preceding portion of such stay.

(C) The prohibitions in this paragraph shall be in addition to the provisions of sections three thousand two hundred thirty-one and three thousand two hundred thirty-two of this article and nothing in this paragraph shall be construed to suspend, supersede, amend or otherwise modify such sections.

* (21) Every policy that provides coverage for prescription drugs shall include coverage for the cost of enteral formulas for home use, whether administered orally or via tube feeding, for which a physician or other licensed health care provider legally authorized to prescribe under title eight of the education law has issued a written order. Such written order shall state that the enteral formula is clearly medically necessary and has been proven effective as a disease-specific treatment regimen. Specific diseases and disorders for which enteral formulas have been proven effective shall include, but are not limited to, inherited diseases of amino acid or organic acid metabolism; Crohn's Disease; gastroesophageal reflux; disorders of gastrointestinal motility such as chronic intestinal pseudo-obstruction; and multiple, severe food allergies including, but not limited to immunoglobulin E and nonimmunoglobulin E-mediated allergies to multiple food proteins; severe food protein induced enterocolitis syndrome; eosinophilic disorders; and impaired absorption of nutrients caused by disorders affecting the absorptive surface, function, length, and motility of the gastrointestinal tract. Enteral formulas that are medically necessary and taken under written order from a physician for the treatment of specific diseases shall be distinguished from nutritional supplements taken electively. Coverage for certain inherited diseases of amino acid and organic acid metabolism as well as severe protein allergic conditions shall include modified solid food products that are low

protein, contain modified protein, or are amino acid based that are medically necessary.

* NB There are 2 par (21)'s

* (21)(A) Every policy which is a "managed care product" as defined in subparagraph (D) of this paragraph that provides coverage for physician services in a physician's office, and every policy which is a "managed care product" that provides major medical or similar comprehensive-type coverage, shall include coverage for chiropractic care, as defined in section six thousand five hundred fifty-one of the education law, provided by a doctor of chiropractic licensed pursuant to article one hundred thirty-two of the education law, in connection with the detection or correction by manual or mechanical means of structural imbalance, distortion or subluxation in the human body for the purpose of removing nerve interference, and the effects thereof, where such interference is the result of or related to distortion, misalignment or subluxation of or in the vertebral column. However, chiropractic care and services may be subject to reasonable deductible, co-payment and co-insurance amounts, reasonable fee or benefit limits, and reasonable utilization review, provided that any such amounts, limits and review: (a) shall not function to direct treatment in a manner discriminative against chiropractic care, and (b) individually and collectively shall be no more restrictive than those applicable under the same policy to care or services provided by other health professionals in the diagnosis, treatment and management of the same or similar conditions, injuries, complaints, disorders or ailments, even if differing nomenclature is used to describe the condition, injury, complaint, disorder or ailment. Nothing herein contained shall be construed as impeding or preventing either the provision or coverage of chiropractic care and services by duly licensed doctors of chiropractic, within the lawful scope of chiropractic practice, in hospital facilities on a staff or employee basis.

(C) Every policy which includes coverage for physician services in a physician's office, and every policy which provides major medical or similar comprehensive-type coverage, other than a "managed care product" as defined in subparagraph (D) of this paragraph, shall provide coverage for chiropractic care, as defined in section six thousand five hundred fifty-one of the education law, provided by a doctor of chiropractic

licensed pursuant to article one hundred thirty-two of the education law, in connection with the detection or correction by manual or mechanical means of structural imbalance, distortion or subluxation in the human body for the purpose of removing nerve interference, and the effects thereof, where such interference is the result of or related to distortion, misalignment or subluxation of or in the vertebral column. However, chiropractic care and services may be subject to reasonable deductible, co-payment and co-insurance amounts, reasonable fee or benefit limits, and reasonable utilization review, provided that any such amounts, limits and review: (a) shall not function to direct treatment in a manner discriminative against chiropractic care, and (b) individually and collectively shall be no more restrictive than those applicable under the same policy to care or services provided by other health professionals in the diagnosis, treatment and management of the same or similar conditions, injuries, complaints, disorders or ailments, even if differing nomenclature is used to describe the condition, injury, complaint, disorder or ailment. Nothing herein contained shall be construed as impeding or preventing either the provision or coverage of chiropractic care and services by duly licensed doctors of chiropractic, within the lawful scope of chiropractic practice, in hospital facilities on a staff or employee basis.

(D) For purposes of this paragraph, a "managed care product" shall mean a policy which requires that medical or other health care services covered under the policy, other than emergency care services, be provided by, or pursuant to a referral from, a primary care provider, and that services provided pursuant to such a referral be rendered by a health care provider participating in the insurer's managed care provider network. In addition, a managed care product shall also mean the in-network portion of a contract which requires that medical or other health care services covered under the contract, other than emergency care services, be provided by, or pursuant to a referral from, a primary care provider, and that services provided pursuant to such a referral be rendered by a health care provider participating in the insurer's managed care provider network, in order for the insured to be entitled to the maximum reimbursement under the contract.

(E) The coverage required by this paragraph shall not be abridged by any regulation promulgated by the superintendent.

* NB There are 2 par (21)'s

(22) No policy shall exclude coverage of a health care service, as defined in paragraph two of subsection (e) of section four thousand nine hundred of this chapter, rendered or proposed to be rendered to an insured on the basis that such service is experimental or investigational, is rendered as part of a clinical trial as defined in subsection (b-2) of section forty-nine hundred of this chapter, or a prescribed pharmaceutical product referenced in subparagraph (B) of paragraph two of subsection (e) of section forty-nine hundred of this chapter provided that coverage of the patient costs of such service has been recommended for the insured by an external appeal agent upon an appeal conducted pursuant to subparagraph (B) of paragraph four of subsection (b) of section four thousand nine hundred fourteen of this chapter. The determination of the external appeal agent shall be binding on the parties. For purposes of this paragraph, patient costs shall have the same meaning as such term has for purposes of subparagraph (B) of paragraph four of subsection (b) of section four thousand nine hundred fourteen of this chapter; provided, however, that coverage for the services required under this paragraph shall be provided subject to the terms and conditions generally applicable to other benefits provided under the policy.

(23) If a policy provides for reimbursement for physical and occupational therapy service which is within the lawful scope of practice of a duly licensed physical or occupational therapist, an insured shall be entitled to reimbursement for such service whether the said service is performed by a physician or through a duly licensed physical or occupational therapist, provided however, that nothing contained herein shall be construed to impair any terms of such policy including appropriate utilization review and the requirement that said service be performed pursuant to a medical order, or a similar or related service of a physician.

(24)(A) Every policy which provides major medical or similar comprehensive-type coverage shall include coverage for prehospital emergency medical services for the treatment of an emergency condition when such services are provided by an ambulance service issued a certificate to operate pursuant to section three thousand five of the public health law.

(B) Payment by an insurer pursuant to this section shall be payment in full for the services provided. An ambulance service reimbursed pursuant to this section shall not charge or seek any reimbursement from, or have any recourse against an insured for the services provided pursuant to this paragraph, except for the collection of copayments, coinsurance or deductibles for which the insured is responsible for under the terms of the policy.

(C) An insurer shall provide reimbursement for those services prescribed by this section at rates negotiated between the insurer and the provider of such services. In the absence of agreed upon rates, an insurer shall pay for such services at the usual and customary charge, which shall not be excessive or unreasonable. The insurer shall send such payments directly to the provider of such ambulance services, if the ambulance service has on file an executed assignment of benefits form with the claim.

(D) The provisions of this paragraph shall have no application to transfers of patients between hospitals or health care facilities by an ambulance service as described in subparagraph (A) of this paragraph unless such services are covered under the policy.

(E) As used in this paragraph:

(i) "Prehospital emergency medical services" means the prompt evaluation and treatment of an emergency medical condition, and/or non-air-borne transportation of the patient to a hospital, provided however, where the patient utilizes non-air-borne emergency transportation pursuant to this paragraph, reimbursement shall be based on whether a prudent layperson, possessing an average knowledge of medicine and health, could reasonably expect the absence of such transportation to result in (I) placing the health of the person afflicted with such condition in serious jeopardy, or in the case of a behavioral condition placing the health of such person or others in serious jeopardy; (II) serious impairment to such person's bodily functions; (III) serious dysfunction of any bodily organ or part of such person; (IV) serious disfigurement of such person; or (V) a condition described in clause (i), (ii), or (iii) of section 1867(e)(1)(A) of the Social Security Act.

(ii) "Emergency condition" means a medical or behavioral condition that manifests itself by acute symptoms of sufficient severity,

including severe pain, such that a prudent layperson, possessing an average knowledge of medicine and health, could reasonably expect the absence of immediate medical attention to result in (I) placing the health of the person afflicted with such condition in serious jeopardy, or in the case of a behavioral condition placing the health of such person or others in serious jeopardy; (II) serious impairment to such person's bodily functions; (III) serious dysfunction of any bodily organ or part of such person; (IV) serious disfigurement of such person; or (V) a condition described in clause (i), (ii), or (iii) of section 1867(e)(1)(A) of the Social Security Act.

(25) (A) Every policy which provides coverage for hospital or surgical coverage shall not exclude coverage for screening, diagnosis and treatment of medical conditions otherwise covered by the policy solely because the treatment is provided to diagnose or treat autism spectrum disorder.

(B) Every policy that provides physician services, medical, major medical or similar comprehensive-type coverage shall provide coverage for the screening, diagnosis and treatment of autism spectrum disorder in accordance with this paragraph and shall not exclude coverage for the screening, diagnosis or treatment of medical conditions otherwise covered by the policy because the individual is diagnosed with autism spectrum disorder. Such coverage may be subject to annual deductibles, copayments and coinsurance as may be deemed appropriate by the superintendent and shall be consistent with those imposed on other benefits under the policy. This paragraph shall not be construed as limiting the benefits that are otherwise available to an individual under the policy, provided however that such policy shall not contain any limitations on visits that are solely applied to the treatment of autism spectrum disorder. No insurer shall terminate coverage or refuse to deliver, execute, issue, amend, adjust, or renew coverage to an individual solely because the individual is diagnosed with autism spectrum disorder or has received treatment for autism spectrum disorder. Coverage shall be subject to utilization review and external appeals of health care services pursuant to article forty-nine of this chapter as well as case management and other managed care provisions.

(C) For purposes of this paragraph:

(i) "autism spectrum disorder" means any pervasive developmental

disorder as defined in the most recent edition of the diagnostic and statistical manual of mental disorders.

(ii) "applied behavior analysis" means the design, implementation, and evaluation of environmental modifications, using behavioral stimuli and consequences, to produce socially significant improvement in human behavior, including the use of direct observation, measurement, and functional analysis of the relationship between environment and behavior.

(iii) "behavioral health treatment" means counseling and treatment programs, when provided by a licensed provider, and applied behavior analysis, when provided by a person licensed, certified or otherwise authorized to provide applied behavior analysis, that are necessary to develop, maintain, or restore, to the maximum extent practicable, the functioning of an individual.

(iv) "diagnosis of autism spectrum disorder" means assessments, evaluations, or tests to diagnose whether an individual has autism spectrum disorder.

(v) "pharmacy care" means medications prescribed by a licensed health care provider legally authorized to prescribe under title eight of the education law.

(vi) "psychiatric care" means direct or consultative services provided by a psychiatrist licensed in the state in which the psychiatrist practices.

(vii) "psychological care" means direct or consultative services provided by a psychologist licensed in the state in which the psychologist practices.

(viii) "therapeutic care" means services provided by licensed or certified speech therapists, occupational therapists, social workers, or physical therapists.

(ix) "treatment of autism spectrum disorder" shall include the following care and assistive communication devices prescribed or ordered for an individual diagnosed with autism spectrum disorder by a licensed physician or a licensed psychologist:

(1) behavioral health treatment;

(2) psychiatric care;

(3) psychological care;

(4) medical care provided by a licensed health care provider;

(5) therapeutic care, including therapeutic care which is deemed habilitative or nonrestorative, in the event that the policy provides coverage for therapeutic care; and

(6) pharmacy care in the event that the policy provides coverage for prescription drugs.

(D) Coverage may be denied on the basis that such treatment is being provided to the covered person pursuant to an individualized education plan under article eighty-nine of the education law. The provision of services pursuant to an individualized family service plan under section twenty-five hundred forty-five of the public health law, an individualized education plan under article eighty-nine of the education law, or an individualized service plan pursuant to regulations of the office for persons with developmental disabilities shall not affect coverage under the policy for services provided on a supplemental basis outside of an educational setting if such services are prescribed by a licensed physician or licensed psychologist.

(E) Nothing in this paragraph shall be construed to affect any obligation to provide services to an individual under an individualized family service plan under section twenty-five hundred forty-five of the public health law, an individualized education plan under article eighty-nine of the education law, or an individualized service plan pursuant to regulations of the office for persons with developmental disabilities.

(G) Nothing in this paragraph shall be construed to prevent a policy from providing services through a network of participating providers who shall meet certain requirements for participation, including provider credentialing.

(H) Coverage under this paragraph shall not apply financial requirements or treatment limitations to autism spectrum disorder benefits that are more restrictive than the predominant financial requirements and treatment limitations applied to substantially all medical and surgical benefits covered by the policy.

(I) The criteria for medical necessity determinations under the policy with respect to autism spectrum disorder benefits shall be made available by the insurer to any insured, prospective insured, or in-network provider upon request.

(J) For purposes of this paragraph:

(i) "financial requirement" means deductible, copayments, coinsurance and out-of-pocket expenses;

(ii) "predominant" means that a financial requirement or treatment limitation is the most common or frequent of such type of limit or requirement; and

(iii) "treatment limitation" means limits on the frequency of treatment, number of visits, days of coverage, or other similar limits on the scope or duration of treatment and includes nonquantitative treatment limitations such as: medical management standards limiting or excluding benefits based on medical necessity, or based on whether the treatment is experimental or investigational; formulary design for prescription drugs; network tier design; standards for provider admission to participate in a network, including reimbursement rates; methods for determining usual, customary, and reasonable charges; fail-first or step therapy protocols; exclusions based on failure to complete a course of treatment; and restrictions based on geographic location, facility type, provider specialty, and other criteria that limit the scope or duration of benefits for services provided under the policy.

(K) An insurer shall provide coverage under this paragraph, at a minimum, consistent with the federal Paul Wellstone and Pete Domenici Mental Health Parity and Addiction Equity Act of 2008 (29 U.S.C. § 1185a).

(26)(A) No managed care health insurance policy that provides coverage for hospital, medical or surgical care shall provide that services of a participating hospital will be covered as out-of-network services solely on the basis that the health care provider admitting or rendering services to the insured is not a participating provider.

(B) No managed care health insurance policy that provides coverage for hospital, medical or surgical care shall provide that services of a participating health care provider will be covered as out-of-network services solely on the basis that the services are rendered in a non-participating hospital.

(C) For purposes of this paragraph, a "health care provider" is a health care professional licensed, registered or certified pursuant to title eight of the education law or a health care professional comparably licensed, registered or certified by another state.

(D) For purposes of this paragraph, a "managed care health insurance policy" is a policy that requires that services be provided by a provider participating in the insurer's network in order for the insured to receive the maximum level of reimbursement under the policy.

(27) No policy delivered or issued for delivery in this state which provides coverage for prescription drugs and for which cost-sharing, deductibles or co-insurance obligations are determined by category of prescription drugs shall impose cost-sharing, deductibles or co-insurance obligations for any prescription drug that exceeds the dollar amount of cost-sharing, deductibles or co-insurance obligations for non-preferred brand drugs or its equivalent (or brand drugs if there is no non-preferred brand drug category).

(28) Notwithstanding title eleven of article five of the social services law or any other law to the contrary, every policy which provides coverage for prescription drugs shall, with regard to eye drop medication requiring a prescription that has been approved by the insurer for coverage, allow for the limited refilling of the prescription prior to the last day of the approved dosage period without regard to any coverage restrictions on early refill of renewals. Provided, however, that any refill dispensed prior to the expiration of the prescribed and approved coverage period pursuant to this paragraph, shall, to the extent practicable, be limited in quantity so as not to exceed the remaining dosage initially approved for coverage. Provided, further, that such limited refilling shall not limit or restrict coverage with regard to any previously or subsequently approved prescription for eye drop medication and shall be subject to the terms and conditions of the policy otherwise applicable to this coverage. Provided, further, that a pharmacist may contact the prescribing physician or health care provider to verify the prescription.

(29) Every individual policy which provides medical, major medical or similar comprehensive-type coverage that includes coverage for a physical or well care visit once in every three hundred sixty-five days shall be interpreted to mean that such physical or well care visit can be had once every calendar year, regardless of whether or not a period of three hundred sixty-five days has passed since the previous physical or well care visit.

* (30)(A) Every policy that provides hospital, major medical or

similar comprehensive coverage shall provide inpatient coverage for the diagnosis and treatment of substance use disorder, including detoxification and rehabilitation services. Such inpatient coverage shall include unlimited medically necessary treatment for substance use disorder treatment services provided in residential settings. Further, such inpatient coverage shall not apply financial requirements or treatment limitations, including utilization review requirements, to inpatient substance use disorder benefits that are more restrictive than the predominant financial requirements and treatment limitations applied to substantially all medical and surgical benefits covered by the policy.

(B) Coverage provided under this paragraph may be limited to facilities in New York state that are licensed, certified or otherwise authorized by the office of alcoholism and substance abuse services and, in other states, to those which are accredited by the joint commission as alcoholism, substance abuse, or chemical dependence treatment programs and are similarly licensed, certified or otherwise authorized in the state in which the facility is located.

(C) Coverage provided under this paragraph may be subject to annual deductibles and co-insurance as deemed appropriate by the superintendent and that are consistent with those imposed on other benefits within a given policy.

(D) This subparagraph shall apply to facilities in this state that are licensed, certified or otherwise authorized by the office of alcoholism and substance abuse services that are participating in the insurer's provider network. Coverage provided under this paragraph shall not be subject to preauthorization. Coverage provided under this paragraph shall also not be subject to concurrent utilization review during the first twenty-eight days of the inpatient admission provided that the facility notifies the insurer of both the admission and the initial treatment plan within two business days of the admission. The facility shall perform daily clinical review of the patient, including periodic consultation with the insurer at or just prior to the fourteenth day of treatment to ensure that the facility is using the evidence-based and peer reviewed clinical review tool utilized by the insurer which is designated by the office of alcoholism and substance abuse services and appropriate to the age of the patient, to ensure that the inpatient

treatment is medically necessary for the patient. Prior to discharge, the facility shall provide the patient and the insurer with a written discharge plan which shall describe arrangements for additional services needed following discharge from the inpatient facility as determined using the evidence-based and peer-reviewed clinical review tool utilized by the insurer which is designated by the office of alcoholism and substance abuse services. Prior to discharge, the facility shall indicate to the insurer whether services included in the discharge plan are secured or determined to be reasonably available. Any utilization review of treatment provided under this subparagraph may include a review of all services provided during such inpatient treatment, including all services provided during the first twenty-eight days of such inpatient treatment. Provided, however, the insurer shall only deny coverage for any portion of the initial twenty-eight day inpatient treatment on the basis that such treatment was not medically necessary if such inpatient treatment was contrary to the evidence-based and peer reviewed clinical review tool utilized by the insurer which is designated by the office of alcoholism and substance abuse services. An insured shall not have any financial obligation to the facility for any treatment under this subparagraph other than any copayment, coinsurance, or deductible otherwise required under the policy.

(E) An insurer shall make available to any insured, prospective insured, or in-network provider, upon request, the criteria for medical necessity determinations under the policy with respect to inpatient substance use disorder benefits.

(F) For purposes of this paragraph:

(i) "financial requirement" means deductible, copayments, coinsurance and out-of-pocket expenses;

(ii) "predominant" means that a financial requirement or treatment limitation is the most common or frequent of such type of limit or requirement;

(iii) "treatment limitation" means limits on the frequency of treatment, number of visits, days of coverage, or other similar limits on the scope or duration of treatment and includes nonquantitative treatment limitations such as: medical management standards limiting or excluding benefits based on medical necessity, or based on whether the treatment is experimental or investigational; formulary design for

prescription drugs; network tier design; standards for provider admission to participate in a network, including reimbursement rates; methods for determining usual, customary, and reasonable charges; fail-first or step therapy protocols; exclusions based on failure to complete a course of treatment; and restrictions based on geographic location, facility type, provider specialty, and other criteria that limit the scope or duration of benefits for services provided under the policy; and

(iv) "substance use disorder" shall have the meaning set forth in the most recent edition of the diagnostic and statistical manual of mental disorders or the most recent edition of another generally recognized independent standard of current medical practice, such as the international classification of diseases.

(G) An insurer shall provide coverage under this paragraph, at a minimum, consistent with the federal Paul Wellstone and Pete Domenici Mental Health Parity and Addiction Equity Act of 2008 (29 U.S.C. § 1185a).

* NB Effective until January 1, 2027

* (30)(A) Every policy that provides hospital, major medical or similar comprehensive coverage shall provide inpatient coverage for the diagnosis and treatment of substance-related and addictive disorder, including detoxification and rehabilitation services. Such inpatient coverage shall include unlimited medically necessary treatment for substance-related and addictive disorder treatment services provided in residential settings. Further, such inpatient coverage shall not apply financial requirements or treatment limitations, including utilization review requirements, to inpatient substance-related and addictive disorder benefits that are more restrictive than the predominant financial requirements and treatment limitations applied to substantially all medical and surgical benefits covered by the policy.

(B) Coverage provided under this paragraph may be limited to facilities in New York state that are licensed, certified or otherwise authorized by the office of addiction services and supports and, in other states, to those which are accredited by the joint commission as alcoholism, addiction, substance abuse, or chemical dependence treatment programs and are similarly licensed, certified or otherwise authorized in the state in which the facility is located.

(C) Coverage provided under this paragraph may be subject to annual deductibles and co-insurance as deemed appropriate by the superintendent and that are consistent with those imposed on other benefits within a given policy.

(D) This subparagraph shall apply to facilities in this state that are licensed, certified or otherwise authorized by the office of addiction services and supports that are participating in the insurer's provider network. Coverage provided under this paragraph shall not be subject to preauthorization. Coverage provided under this paragraph shall also not be subject to concurrent utilization review during the first twenty-eight days of the inpatient admission provided that the facility notifies the insurer of both the admission and the initial treatment plan within two business days of the admission. The facility shall perform daily clinical review of the patient, including periodic consultation with the insurer at or just prior to the fourteenth day of treatment to ensure that the facility is using the evidence-based and peer reviewed clinical review tool utilized by the insurer which is designated by the office of addiction services and supports and appropriate to the age of the patient, to ensure that the inpatient treatment is medically necessary for the patient. Prior to discharge, the facility shall provide the patient and the insurer with a written discharge plan which shall describe arrangements for additional services needed following discharge from the inpatient facility as determined using the evidence-based and peer-reviewed clinical review tool utilized by the insurer which is designated by the office of addiction services and supports. Prior to discharge, the facility shall indicate to the insurer whether services included in the discharge plan are secured or determined to be reasonably available. Any utilization review of treatment provided under this subparagraph may include a review of all services provided during such inpatient treatment, including all services provided during the first twenty-eight days of such inpatient treatment. Provided, however, the insurer shall only deny coverage for any portion of the initial twenty-eight day inpatient treatment on the basis that such treatment was not medically necessary if such inpatient treatment was contrary to the evidence-based and peer reviewed clinical review tool utilized by the insurer which is designated by the office of addiction services and supports. An insured shall not have any financial

obligation to the facility for any treatment under this subparagraph other than any copayment, coinsurance, or deductible otherwise required under the policy.

(E) An insurer shall make available to any insured, prospective insured, or in-network provider, upon request, the criteria for medical necessity determinations under the policy with respect to inpatient substance-related and addictive disorder benefits.

(F) For purposes of this paragraph:

(i) "financial requirement" means deductible, copayments, coinsurance and out-of-pocket expenses;

(ii) "predominant" means that a financial requirement or treatment limitation is the most common or frequent of such type of limit or requirement;

(iii) "treatment limitation" means limits on the frequency of treatment, number of visits, days of coverage, or other similar limits on the scope or duration of treatment and includes nonquantitative treatment limitations such as: medical management standards limiting or excluding benefits based on medical necessity, or based on whether the treatment is experimental or investigational; formulary design for prescription drugs; network tier design; standards for provider admission to participate in a network, including reimbursement rates; methods for determining usual, customary, and reasonable charges; fail-first or step therapy protocols; exclusions based on failure to complete a course of treatment; and restrictions based on geographic location, facility type, provider specialty, and other criteria that limit the scope or duration of benefits for services provided under the policy; and

(iv) " substance-related and addictive disorder" shall have the meaning set forth in the most recent edition of the diagnostic and statistical manual of mental disorders or the most recent edition of another generally recognized independent standard of current medical practice, such as the international classification of diseases.

(G) An insurer shall provide coverage under this paragraph, at a minimum, consistent with the federal Paul Wellstone and Pete Domenici Mental Health Parity and Addiction Equity Act of 2008 (29 U.S.C. § 1185a).

* NB Effective January 1, 2027

* NB There are 2 par (30)'s

* (30) Every policy that provides medical coverage that includes coverage for physician services in a physician's office and every policy that provides major medical or similar comprehensive-type coverage shall include coverage for equipment and supplies used for the treatment of ostomies, if prescribed by a physician or other licensed health care provider legally authorized to prescribe under title eight of the education law. Such coverage shall be subject to annual deductibles and coinsurance as deemed appropriate by the superintendent. The coverage required by this paragraph shall be identical to, and shall not enhance or increase the coverage required as part of essential health benefits as defined in subsection (a) of section three thousand two hundred seventeen-i of this article.

* NB There are 2 par (30)'s

* (31) (A) Every policy that provides medical, major medical or similar comprehensive-type coverage shall provide outpatient coverage for the diagnosis and treatment of substance use disorder, including detoxification and rehabilitation services. Such coverage shall not apply financial requirements or treatment limitations to outpatient substance use disorder benefits that are more restrictive than the predominant financial requirements and treatment limitations applied to substantially all medical and surgical benefits covered by the policy.

(B) Coverage under this paragraph may be limited to facilities in this state that are licensed, certified or otherwise authorized by the office of addiction services and supports to provide outpatient substance use disorder services and crisis stabilization centers licensed pursuant to section 36.01 of the mental hygiene law, and, in other states, to those which are accredited by the joint commission as alcoholism or chemical dependence substance abuse treatment programs and are similarly licensed, certified, or otherwise authorized in the state in which the facility is located.

(C) Coverage provided under this paragraph may be subject to annual deductibles and co-insurance as deemed appropriate by the superintendent and that are consistent with those imposed on other benefits within a given policy.

(D) A policy providing coverage for substance use disorder services pursuant to this paragraph shall provide up to twenty outpatient visits

per policy or calendar year to an individual who identifies him or herself as a family member of a person suffering from substance use disorder and who seeks treatment as a family member who is otherwise covered by the applicable policy pursuant to this paragraph. The coverage required by this paragraph shall include treatment as a family member pursuant to such family member's own policy provided such family member:

(i) does not exceed the allowable number of family visits provided by the applicable policy pursuant to this paragraph; and

(ii) is otherwise entitled to coverage pursuant to this paragraph and such family member's applicable policy.

(E) This subparagraph shall apply to facilities in this state that are licensed, certified or otherwise authorized by the office of alcoholism and substance abuse services for the provision of outpatient, intensive outpatient, outpatient rehabilitation and opioid treatment that are participating in the insurer's provider network. Coverage provided under this paragraph shall not be subject to preauthorization. Coverage provided under this paragraph shall not be subject to concurrent review for the first four weeks of continuous treatment, not to exceed twenty-eight visits, provided the facility notifies the insurer of both the start of treatment and the initial treatment plan within two business days. The facility shall perform clinical assessment of the patient at each visit, including periodic consultation with the insurer at or just prior to the fourteenth day of treatment to ensure that the facility is using the evidence-based and peer reviewed clinical review tool utilized by the insurer which is designated by the office of alcoholism and substance abuse services and appropriate to the age of the patient, to ensure that the outpatient treatment is medically necessary for the patient. Any utilization review of the treatment provided under this subparagraph may include a review of all services provided during such outpatient treatment, including all services provided during the first four weeks of continuous treatment, not to exceed twenty-eight visits, of such outpatient treatment. Provided, however, the insurer shall only deny coverage for any portion of the initial four weeks of continuous treatment, not to exceed twenty-eight visits, for outpatient treatment on the basis that such treatment was not medically necessary if such outpatient treatment was contrary to the

evidence-based and peer reviewed clinical review tool utilized by the insurer which is designated by the office of alcoholism and substance abuse services. An insured shall not have any financial obligation to the facility for any treatment under this subparagraph other than any copayment, coinsurance, or deductible otherwise required under the policy.

(F) The criteria for medical necessity determinations under the policy with respect to outpatient substance use disorder benefits shall be made available by the insurer to any insured, prospective insured, or in-network provider upon request.

(G) For purposes of this paragraph:

(i) "financial requirement" means deductible, copayments, coinsurance and out-of-pocket expenses;

(ii) "predominant" means that a financial requirement or treatment limitation is the most common or frequent of such type of limit or requirement;

(iii) "treatment limitation" means limits on the frequency of treatment, number of visits, days of coverage, or other similar limits on the scope or duration of treatment and includes nonquantitative treatment limitations such as: medical management standards limiting or excluding benefits based on medical necessity, or based on whether the treatment is experimental or investigational; formulary design for prescription drugs; network tier design; standards for provider admission to participate in a network, including reimbursement rates; methods for determining usual, customary, and reasonable charges; fail-first or step therapy protocols; exclusions based on failure to complete a course of treatment; and restrictions based on geographic location, facility type, provider specialty, and other criteria that limit the scope or duration of benefits for services provided under the policy; and

(iv) "substance use disorder" shall have the meaning set forth in the most recent edition of the diagnostic and statistical manual of mental disorders or the most recent edition of another generally recognized independent standard of current medical practice such as the international classification of diseases.

(H) An insurer shall provide coverage under this paragraph, at a minimum, consistent with the federal Paul Wellstone and Pete Domenici

Mental Health Parity and Addiction Equity Act of 2008 (29 U.S.C. § 1185a).

(I) This subparagraph shall apply to crisis stabilization centers in this state that are licensed pursuant to section 36.01 of the mental hygiene law and participate in the insurer's provider network. Benefits for care in a crisis stabilization center shall not be subject to preauthorization. All treatment provided under this subparagraph may be reviewed retrospectively. Where care is denied retrospectively, an insured shall not have any financial obligation to the facility for any treatment under this subparagraph other than any copayment, coinsurance, or deductible otherwise required under the policy.

(J) (i) This clause shall apply to facilities in this state that are licensed, certified, or otherwise authorized by the office of addiction services and supports for the provision of outpatient, intensive outpatient, outpatient rehabilitation and opioid treatment that are participating in the insurer's provider network. Reimbursement for covered outpatient treatment provided by such facilities shall be at rates negotiated between the insurer and the participating facility, provided that such rates are not less than the rates that would be paid for such treatment pursuant to the medical assistance program under title eleven of article five of the social services law. For the purposes of this clause, the rates that would be paid for such treatment pursuant to the medical assistance program under title eleven of article five of the social services law shall be the rates with an effective date of April first of the preceding year, which shall be established prior to October first of the preceding calendar year.

(ii) The office of addiction services and supports shall publish information adequate to calculate the rates that would be paid for such treatment pursuant to the medical assistance program under title eleven of article five of the social services law. Such information shall be provided in a form and manner to be determined by the commissioner of addiction services and supports. Nothing in this clause shall be construed to relieve an insurer of the obligation to reimburse at no less than the applicable minimum rate set forth in clause (i) of this subparagraph. Prior to the submission of premium rate filings and applications, the superintendent shall provide insurers with guidance on factors to consider in calculating the impact of rate changes for the

purposes of submitting premium rate filings and applications to the superintendent for the subsequent policy year. To the extent that the rates with an effective date of April first differ from the estimated rates incorporated in premium rate filings and applications, insurers may account for such differences in future premium rate filings and applications submitted to the superintendent for approval.

* NB Effective until January 1, 2027

* (31) (A) Every policy that provides medical, major medical or similar comprehensive-type coverage shall provide outpatient coverage for the diagnosis and treatment of substance-related and addictive disorder, including detoxification and rehabilitation services. Such coverage shall not apply financial requirements or treatment limitations to outpatient substance-related and addictive disorder benefits that are more restrictive than the predominant financial requirements and treatment limitations applied to substantially all medical and surgical benefits covered by the policy.

(B) Coverage under this paragraph may be limited to facilities in this state that are licensed, certified or otherwise authorized by the office of addiction services and supports to provide outpatient substance-related and addictive disorder services and crisis stabilization centers licensed pursuant to section 36.01 of the mental hygiene law, and, in other states, to those which are accredited by the joint commission as alcoholism, addiction or chemical dependence substance abuse treatment programs and are similarly licensed, certified, or otherwise authorized in the state in which the facility is located.

(C) Coverage provided under this paragraph may be subject to annual deductibles and co-insurance as deemed appropriate by the superintendent and that are consistent with those imposed on other benefits within a given policy.

(D) A policy providing coverage for substance-related and addictive disorder services pursuant to this paragraph shall provide up to twenty outpatient visits per policy or calendar year to an individual who identifies themselves as a family member of a person suffering from substance-related and addictive disorder and who seeks treatment as a family member who is otherwise covered by the applicable policy pursuant to this paragraph. The coverage required by this paragraph shall include

treatment as a family member pursuant to such family member's own policy provided such family member:

(i) does not exceed the allowable number of family visits provided by the applicable policy pursuant to this paragraph; and

(ii) is otherwise entitled to coverage pursuant to this paragraph and such family member's applicable policy.

(E) This subparagraph shall apply to facilities in this state that are licensed, certified or otherwise authorized by the office of addiction services and supports for the provision of outpatient, intensive outpatient, outpatient rehabilitation and opioid treatment that are participating in the insurer's provider network. Coverage provided under this paragraph shall not be subject to preauthorization. Coverage provided under this paragraph shall not be subject to concurrent review for the first four weeks of continuous treatment, not to exceed twenty-eight visits, provided the facility notifies the insurer of both the start of treatment and the initial treatment plan within two business days. The facility shall perform clinical assessment of the patient at each visit, including periodic consultation with the insurer at or just prior to the fourteenth day of treatment to ensure that the facility is using the evidence-based and peer reviewed clinical review tool utilized by the insurer which is designated by the office of addiction services and supports and appropriate to the age of the patient, to ensure that the outpatient treatment is medically necessary for the patient. Any utilization review of the treatment provided under this subparagraph may include a review of all services provided during such outpatient treatment, including all services provided during the first four weeks of continuous treatment, not to exceed twenty-eight visits, of such outpatient treatment. Provided, however, the insurer shall only deny coverage for any portion of the initial four weeks of continuous treatment, not to exceed twenty-eight visits, for outpatient treatment on the basis that such treatment was not medically necessary if such outpatient treatment was contrary to the evidence-based and peer reviewed clinical review tool utilized by the insurer which is designated by the office of addiction services and supports. An insured shall not have any financial obligation to the facility for any treatment under this subparagraph other than any copayment, coinsurance, or deductible otherwise required under the policy.

(F) The criteria for medical necessity determinations under the policy with respect to outpatient substance-related and addictive disorder benefits shall be made available by the insurer to any insured, prospective insured, or in-network provider upon request.

(G) For purposes of this paragraph:

(i) "financial requirement" means deductible, copayments, coinsurance and out-of-pocket expenses;

(ii) "predominant" means that a financial requirement or treatment limitation is the most common or frequent of such type of limit or requirement;

(iii) "treatment limitation" means limits on the frequency of treatment, number of visits, days of coverage, or other similar limits on the scope or duration of treatment and includes nonquantitative treatment limitations such as: medical management standards limiting or excluding benefits based on medical necessity, or based on whether the treatment is experimental or investigational; formulary design for prescription drugs; network tier design; standards for provider admission to participate in a network, including reimbursement rates; methods for determining usual, customary, and reasonable charges; fail-first or step therapy protocols; exclusions based on failure to complete a course of treatment; and restrictions based on geographic location, facility type, provider specialty, and other criteria that limit the scope or duration of benefits for services provided under the policy; and

(iv) "substance-related and addictive disorder" shall have the meaning set forth in the most recent edition of the diagnostic and statistical manual of mental disorders or the most recent edition of another generally recognized independent standard of current medical practice such as the international classification of diseases.

(H) An insurer shall provide coverage under this paragraph, at a minimum, consistent with the federal Paul Wellstone and Pete Domenici Mental Health Parity and Addiction Equity Act of 2008 (29 U.S.C. § 1185a).

(I) This subparagraph shall apply to crisis stabilization centers in this state that are licensed pursuant to section 36.01 of the mental hygiene law and participate in the insurer's provider network. Benefits for care in a crisis stabilization center shall not be subject to

preauthorization. All treatment provided under this subparagraph may be reviewed retrospectively. Where care is denied retrospectively, an insured shall not have any financial obligation to the facility for any treatment under this subparagraph other than any copayment, coinsurance, or deductible otherwise required under the policy.

(J) (i) This clause shall apply to facilities in this state that are licensed, certified, or otherwise authorized by the office of addiction services and supports for the provision of outpatient, intensive outpatient, outpatient rehabilitation and opioid treatment that are participating in the insurer's provider network. Reimbursement for covered outpatient treatment provided by such facilities shall be at rates negotiated between the insurer and the participating facility, provided that such rates are not less than the rates that would be paid for such treatment pursuant to the medical assistance program under title eleven of article five of the social services law. For the purposes of this clause, the rates that would be paid for such treatment pursuant to the medical assistance program under title eleven of article five of the social services law shall be the rates with an effective date of April first of the preceding year, which shall be established prior to October first of the preceding calendar year.

(ii) The office of addiction services and supports shall publish information adequate to calculate the rates that would be paid for such treatment pursuant to the medical assistance program under title eleven of article five of the social services law. Such information shall be provided in a form and manner to be determined by the commissioner of addiction services and supports. Nothing in this clause shall be construed to relieve an insurer of the obligation to reimburse at no less than the applicable minimum rate set forth in clause (i) of this subparagraph. Prior to the submission of premium rate filings and applications, the superintendent shall provide insurers with guidance on factors to consider in calculating the impact of rate changes for the purposes of submitting premium rate filings and applications to the superintendent for the subsequent policy year. To the extent that the rates with an effective date of April first differ from the estimated rates incorporated in premium rate filings and applications, insurers may account for such differences in future premium rate filings and applications submitted to the superintendent for approval.

* NB Effective January 1, 2027

* (31-a) (A) No policy that provides medical, major medical or similar comprehensive-type coverage and provides coverage for prescription drugs for medication for the treatment of a substance use disorder shall require prior authorization for an initial or renewal prescription for the detoxification or maintenance treatment of a substance use disorder, including all buprenorphine products, methadone, long acting injectable naltrexone, or medication for opioid overdose reversal prescribed or dispensed to an insured covered under the policy, including federal food and drug administration-approved over-the-counter opioid overdose reversal medication as prescribed, dispensed or as otherwise authorized under state or federal law, except where otherwise prohibited by law.

(B) Coverage provided under this paragraph may be subject to copayments, coinsurance, and annual deductibles that are consistent with those imposed on other benefits within the policy.

* NB Effective until January 1, 2027

* (31-a) (A) No policy that provides medical, major medical or similar comprehensive-type coverage and provides coverage for prescription drugs for medication for the treatment of a substance-related and addictive disorder shall require prior authorization for an initial or renewal prescription for the detoxification or maintenance treatment of a substance-related and addictive disorder, including all buprenorphine products, methadone, long acting injectable naltrexone, or medication for opioid overdose reversal prescribed or dispensed to an insured covered under the policy, including federal food and drug administration-approved over-the-counter opioid overdose reversal medication as prescribed, dispensed or as otherwise authorized under state or federal law, except where otherwise prohibited by law.

(B) Coverage provided under this paragraph may be subject to copayments, coinsurance, and annual deductibles that are consistent with those imposed on other benefits within the policy.

* NB Effective January 1, 2027

(31-b) Every policy that provides coverage for treatment at an opioid treatment program shall not impose a co-payment fee during the course of treatment on any insured for such treatment. For the purposes of this section "opioid treatment program" means a program or practitioner engaged in opioid treatment of individuals with an opioid agonist

treatment medication.

(32) No policy delivered or issued for delivery in this state that provides reimbursement for non-physician surgical first assistant services when the services are provided by a non-physician surgical first assistant shall exclude such coverage on the basis that the non-physician surgical first assistant services were performed by a registered nurse first assistant provided that: (A) the registered nurse first assistant is certified in operating room nursing; (B) the services are within the scope of practice of a non-physician surgical first assistant; and (C) the terms and conditions of the policy otherwise provide for the coverage of the services. Nothing in this paragraph shall be construed to prevent the medical management or utilization review of the services or prevent a policy from requiring that services are to be provided through a network of participating providers who meet certain requirements for participation, including provider credentialing.

* (33) Every policy delivered or issued for delivery in this state that provides coverage for prescription drugs subject to a copayment shall charge a copayment for a limited initial prescription of an opioid drug, which is prescribed in accordance with paragraph (b) of subdivision five of section thirty-three hundred one of the public health law, that is either (i) proportional between the copayment for a thirty-day supply and the amount of drugs the patient was prescribed; or (ii) equivalent to the copayment for a full thirty-day supply of the opioid drug, provided that no additional copayments may be charged for any additional prescriptions for the remainder of the thirty-day supply.

* NB There are 2 par (33)'s

* (33) Whenever in this section an insurer is required to provide benefits with no coinsurance or deductible, the requirement only applies with respect to participating providers in the insurer's network, or with respect to non-participating providers, if the insurer does not have a participating provider in the in-network benefits portion of its network with the appropriate training and experience to meet the particular health care needs of the insured pursuant to subsection (d) of section three thousand two hundred seventeen-d of this article.

* NB There are 2 par (33)'s

(34) Health care forensic examinations performed pursuant to section

twenty-eight hundred five-i of the public health law covered under the policy shall not be subject to annual deductibles or coinsurance.

(35) (A) Every policy delivered or issued for delivery in this state that provides coverage for inpatient hospital care or coverage for physician services shall provide coverage for the diagnosis and treatment of mental health conditions as follows:

* (i) where the policy provides coverage for inpatient hospital care, such policy shall include benefits for inpatient care in a hospital as defined by subdivision ten of section 1.03 of the mental hygiene law and benefits for outpatient care provided in a facility issued an operating certificate by the commissioner of mental health pursuant to the provisions of article thirty-one of the mental hygiene law, or in a facility operated by the office of mental health, or in a crisis stabilization center licensed pursuant to section 36.01 of the mental hygiene law, or, for care provided in other states, to similarly licensed or certified hospitals or facilities; and

* NB Effective until after the superintendent of financial services and the commissioner of health have promulgated regulations

*(i) where the policy provides coverage for inpatient hospital care, such policy shall include benefits for: inpatient care in a hospital as defined by subdivision ten of section 1.03 of the mental hygiene law; sub-acute care in a residential facility licensed or operated by the office of mental health; outpatient care provided by a facility issued an operating certificate by the commissioner of mental health pursuant to the provisions of article thirty-one of the mental hygiene law or by a facility operated by the office of mental health; outpatient care provided by a crisis stabilization center licensed pursuant to section 36.01 of the mental hygiene law; outpatient care provided by a mobile crisis intervention services provider licensed, certified, or designated by the office of mental health or the office of addiction services and supports; outpatient and inpatient care for critical time intervention services and outpatient care for assertive community treatment services provided by facilities issued an operating certificate by the commissioner of mental health pursuant to the provisions of article thirty-one of the mental hygiene law, beginning no later than thirty days following discharge from a hospital as defined by subdivision ten of section 1.03 of the mental hygiene law or the emergency department of

a hospital licensed pursuant to article twenty-eight of the public health law; or, for care provided in other states, to similarly licensed or certified hospitals, facilities, or licensed, certified or designated providers; and

* NB Effective after the superintendent of financial services and the commissioner of health have promulgated regulations

(ii) where the policy provides coverage for physician services, such policy shall include benefits for outpatient care provided by a psychiatrist or psychologist licensed to practice in this state, a licensed clinical social worker within the lawful scope of his or her practice, who is licensed pursuant to article one hundred fifty-four of the education law, a mental health counselor, marriage and family therapist, or psychoanalyst licensed pursuant to article one hundred sixty-three of the education law, a nurse practitioner licensed to practice in this state, or a professional corporation or university faculty practice corporation thereof. Nothing herein shall be construed to modify or expand the scope of practice of a mental health counselor, marriage and family therapist, or psychoanalyst licensed pursuant to article one hundred sixty-three of the education law. Further, nothing herein shall be construed to create a new mandated health benefit.

(B) Coverage required by this paragraph may be subject to annual deductibles, copayments and coinsurance as may be deemed appropriate by the superintendent and shall be consistent with those imposed on other benefits under the policy.

(C) Coverage under this paragraph shall not apply financial requirements or treatment limitations to mental health benefits that are more restrictive than the predominant financial requirements and treatment limitations applied to substantially all medical and surgical benefits covered by the policy.

(D) The criteria for medical necessity determinations under the policy with respect to mental health benefits shall be made available by the insurer to any insured, prospective insured, or in-network provider upon request.

(E) For purposes of this paragraph:

(i) "financial requirement" means deductible, copayments, coinsurance and out-of-pocket expenses;

(ii) "predominant" means that a financial requirement or treatment

limitation is the most common or frequent of such type of limit or requirement;

* (iii) "treatment limitation" means limits on the frequency of treatment, number of visits, days of coverage, or other similar limits on the scope or duration of treatment and includes nonquantitative treatment limitations such as: medical management standards limiting or excluding benefits based on medical necessity, or based on whether the treatment is experimental or investigational; formulary design for prescription drugs; network tier design; standards for provider admission to participate in a network, including reimbursement rates; methods for determining usual, customary, and reasonable charges; fail-first or step therapy protocols; exclusions based on failure to complete a course of treatment; and restrictions based on geographic location, facility type, provider specialty, and other criteria that limit the scope or duration of benefits for services provided under the policy; and

* NB Effective until after the superintendent of financial services and the commissioner of health have promulgated regulations

* (iii) "treatment limitation" means limits on the frequency of treatment, number of visits, days of coverage, or other similar limits on the scope or duration of treatment and includes nonquantitative treatment limitations such as: medical management standards limiting or excluding benefits based on medical necessity, or based on whether the treatment is experimental or investigational; formulary design for prescription drugs; network tier design; standards for provider admission to participate in a network, including reimbursement rates; methods for determining usual, customary, and reasonable charges; fail-first or step therapy protocols; exclusions based on failure to complete a course of treatment; and restrictions based on geographic location, facility type, provider specialty, and other criteria that limit the scope or duration of benefits for services provided under the policy;

* NB Effective after the superintendent of financial services and the commissioner of health have promulgated regulations

* (iv) "mental health condition" means any mental health disorder as defined in the most recent edition of the diagnostic and statistical manual of mental disorders or the most recent edition of another

generally recognized independent standard of current medical practice such as the international classification of diseases.

* NB Effective until after the superintendent of financial services and the commissioner of health have promulgated regulations

* (iv) "mental health condition" means any mental health disorder as defined in the most recent edition of the diagnostic and statistical manual of mental disorders or the most recent edition of another generally recognized independent standard of current medical practice such as the international classification of diseases;

* NB Effective after the superintendent of financial services and the commissioner of health have promulgated regulations

* (v) "assertive community treatment services" means a comprehensive and integrated combination of treatment, rehabilitation, case management, and support services primarily provided in an insured's residence or other community locations by a mobile multidisciplinary mental health treatment team licensed pursuant to article thirty-one of the mental hygiene law;

* NB Effective after the superintendent of financial services and the commissioner of health have promulgated regulations

* (vi) "critical time intervention services" means services rendered by a provider licensed under article thirty-one of the mental hygiene law that provides evidence-based, therapeutic interventions that include intensive outreach, engagement, and care coordination services that are provided to an insured before the insured is discharged from inpatient care in a hospital as defined by subdivision ten of section 1.03 of the mental hygiene law or the emergency department of a hospital licensed pursuant to article twenty-eight of the public health law and continue after discharge until the insured is stabilized; and

* NB Effective after the superintendent of financial services and the commissioner of health have promulgated regulations

* (vii) "residential facility" means crisis residence facilities and community residences for eating disorder integrated treatment programs licensed pursuant to article thirty-one of the mental hygiene law.

* NB Effective after the superintendent of financial services and the commissioner of health have promulgated regulations

(F) An insurer shall provide coverage under this paragraph, at a minimum, consistent with the federal Paul Wellstone and Pete Domenici

Mental Health Parity and Addiction Equity Act of 2008 (29 U.S.C. § 1185a).

(G) This subparagraph shall apply to hospitals and crisis residence facilities in this state that are licensed or operated by the office of mental health that are participating in the insurer's provider network. Where the policy provides coverage for inpatient hospital care, benefits for inpatient hospital care in a hospital as defined by subdivision ten of section 1.03 of the mental hygiene law and benefits for sub-acute care in a crisis residence facility licensed or operated by the office of mental health shall not be subject to preauthorization. Coverage provided under this subparagraph shall also not be subject to concurrent utilization review for individuals who have not attained the age of eighteen during the first fourteen days of the inpatient admission, provided the facility notifies the insurer of both the admission and the initial treatment plan within two business days of the admission, performs daily clinical review of the insured, and participates in periodic consultation with the insurer to ensure that the facility is using the evidence-based and peer reviewed clinical review criteria utilized by the insurer which is approved by the office of mental health and appropriate to the age of the insured, to ensure that the inpatient care is medically necessary for the insured. For individuals who have attained age eighteen, coverage provided under this subparagraph shall also not be subject to concurrent review during the first thirty days of the inpatient or residential admission, provided the facility notifies the insurer of both the admission and the initial treatment plan within two business days of the admission, performs daily clinical review of the insured, and participates in periodic consultation with the insurer to ensure that the facility is using the evidence-based and peer reviewed clinical review criteria utilized by the insurer which is approved by the office of mental health and appropriate to the age of the insured, to ensure that the inpatient or residential care is medically necessary for the insured. However, concurrent review may be performed during the first thirty days if an insured meets clinical criteria designated by the office of mental health or where the insured is admitted to a hospital or facility which has been designated by the office of mental health for concurrent review, in consultation with the commissioner of health and the superintendent. All treatment provided

under this subparagraph may be reviewed retrospectively. Where care is denied retrospectively, an insured shall not have any financial obligation to the facility for any treatment under this subparagraph other than any copayment, coinsurance, or deductible otherwise required under the policy.

(H) This subparagraph shall apply to crisis stabilization centers in this state that are licensed pursuant to section 36.01 of the mental hygiene law and participate in the insurer's provider network. Benefits for care by a crisis stabilization center shall not be subject to preauthorization. All treatment provided under this subparagraph may be reviewed retrospectively. Where care is denied retrospectively, an insured shall not have any financial obligation to the facility for any treatment under this subparagraph other than any copayment, coinsurance, or deductible otherwise required under the policy.

* (I) This subparagraph shall apply to mobile crisis intervention services providers licensed, certified, or designated by the office of mental health or the office of addiction services and supports. For purposes of this subparagraph, "mobile crisis intervention services" means mental health and substance use disorder services consisting of: (1) telephonic crisis triage and response; (2) mobile crisis response to provide intervention and facilitate access to other behavioral health services; and (3) mobile and telephonic follow-up services after the initial crisis response until the insured is stabilized, provided to an insured who is experiencing, or is at imminent risk of experiencing, a behavioral health crisis, which includes instances in which an insured cannot manage their primarily psychiatric or substance use related symptoms without de-escalation or intervention. Mobile crisis intervention services do not include services provided to an insured after the insured has been stabilized.

(i) Benefits for covered services provided by a mobile crisis intervention services provider shall not be subject to preauthorization. Except where otherwise required by law, nothing in this subparagraph shall prevent services provided subsequent to the provision of mobile crisis intervention services from being subject to preauthorization.

(ii) Benefits for covered services provided by a mobile crisis intervention services provider shall be covered regardless of whether the mobile crisis intervention services provider is a participating

provider.

(iii) If the covered services are provided by a non-participating mobile crisis intervention services provider, an insurer shall not impose any administrative requirement or limitation on coverage that is more restrictive than the requirements or limitations that apply to covered services received from a participating mobile crisis intervention services provider.

(iv) If the covered services are provided by a non-participating mobile crisis intervention services provider, the insured's copayment, coinsurance, and deductible shall be the same as would apply if such covered services were provided by a participating mobile crisis intervention services provider.

(v) A mobile crisis intervention services provider reimbursed pursuant to this section shall not charge or seek any reimbursement from, or have any recourse against, an insured for the services provided pursuant to this subparagraph, except for the collection of in-network copayments, coinsurance, or deductibles for which the insured is responsible for under the terms of the policy.

* NB Effective after the superintendent of financial services and the commissioner of health have promulgated regulations

(J) This subparagraph shall apply to school-based mental health clinics that are licensed pursuant to article thirty-one of the mental hygiene law and provide outpatient care in pre-school, elementary, or secondary schools. An insurer shall provide reimbursement for covered outpatient care when provided by such school-based mental health clinics at a pre-school, elementary, or secondary school, regardless of whether the school-based mental health clinic furnishing such services is a participating provider with respect to such services. Reimbursement for such covered services shall be at the rate negotiated between the insurer and school-based mental health clinic or, in the absence of a negotiated rate, an amount no less than the rate that would be paid for such services pursuant to the medical assistance program under title eleven of article five of the social services law. Payment by an insurer pursuant to this section shall be payment in full for the services provided. The school-based mental health clinic reimbursed pursuant to this section shall not charge or seek any reimbursement from, or have any recourse against, an insured for the services provided pursuant to

this subparagraph, except for the collection of in-network copayments, coinsurance, or deductibles for which the insured is responsible for under the terms of the policy.

(K) (i) This clause shall apply to outpatient treatment provided in a facility issued an operating certificate by the commissioner of mental health pursuant to the provisions of article thirty-one of the mental hygiene law, or in a facility operated by the office of mental health, or in a crisis stabilization center licensed pursuant to section 36.01 of the mental hygiene law, that is participating in the insurer's provider network. Reimbursement for covered outpatient treatment provided by such a facility shall be at rates negotiated between the insurer and the participating facility, provided that such rates are not less than the rates that would be paid for such treatment pursuant to the medical assistance program under title eleven of article five of the social services law. For the purposes of this clause, the rates that would be paid for such treatment pursuant to the medical assistance program under title eleven of article five of the social services law shall be the rates with an effective date of April first of the preceding year, which shall be established prior to October first of the preceding calendar year.

(ii) The office of mental health shall publish information adequate to calculate the rates that would be paid for such treatment pursuant to the medical assistance program under title eleven of article five of the social services law. Such information shall be provided in a form and manner to be determined by the commissioner of mental health. Nothing in this clause shall be construed to relieve an insurer of the obligation to reimburse at no less than the applicable minimum rate set forth in clause (i) of this subparagraph. Prior to the submission of premium rate filings and applications, the superintendent shall provide insurers with guidance on factors to consider in calculating the impact of rate changes for the purposes of submitting premium rate filings and applications to the superintendent for the subsequent policy year. To the extent that the rates with an effective date of April first differ from the estimated rates incorporated in premium rate filings and applications, insurers may account for such differences in future premium rate filings and applications submitted to the superintendent for approval.

* (36) (A) Every policy which provides hospital, surgical, or medical coverage and which offers maternity coverage pursuant to paragraph ten of this subsection shall also provide coverage for abortion services for an enrollee.

(B) Coverage for abortion shall not be subject to annual deductibles or coinsurance, including co-payments, unless the policy is a high deductible health plan as defined in section 223(c)(2) of the internal revenue code of 1986, in which case coverage for abortion may be subject to the plan's annual deductible.

(C) Coverage for abortion shall include coverage of any drug prescribed for the purpose of an abortion, including both generic and brand name drugs, even if such drug has not been approved by the food and drug administration for abortion, provided, however, that such drug shall be a recognized medication for abortion in one of the following established reference compendia:

(i) The WHO Model Lists of Essential Medicines;

(ii) The WHO Abortion Care Guidance; or

(iii) The National Academies of Science, Engineering, and Medicine Consensus Study Report.

* NB There are 2 par (36)'s

* (36)(A) Every policy that includes coverage for dialysis treatment that requires such services to be provided by an in-network provider and that does not provide coverage for out-of-network dialysis treatment shall not deny coverage of such services because the services are provided by an out-of-network provider, provided that each of the following conditions are met:

(i) The out-of-network provider is duly licensed to practice and authorized to provide such treatment;

(ii) The out-of-network provider is located outside the service area of the insurer;

(iii) The in-network healthcare provider treating the insured for the condition issues a written order for dialysis treatment stating that in his or her opinion such treatment is necessary;

(iv) The insured has notified, in writing, the insurer at least thirty days in advance of the proposed date or dates of such out-of-network dialysis treatment. The notice shall include the authorization required by clause (iii) of this subparagraph. In the event the insured must

travel on sudden notice due to family or other emergency, shorter notice may be permitted, provided that the insurer has reasonable opportunity to review the travel and treatment plans of the insured;

(v) The insurer shall have the right to pre-approve the dialysis treatment and schedule; and

(vi) Such coverage is limited to no greater than ten out-of-network treatments in a calendar year.

(B) Where coverage for out-of-network dialysis treatment is provided pursuant to subparagraph (A) of this paragraph, no insurer shall be obligated to reimburse the out-of-network provider at an amount greater than it would have paid for the same treatment within a network, including all drugs and ancillary services tied to dialysis treatment, and any amount charged by a provider in excess of the amount reimbursed by the insurer shall be the responsibility of the insured receiving the out-of-network services.

(C) Such coverage of out-of-network dialysis services required by subparagraph (A) of this paragraph shall otherwise be subject to the limitations, exclusions and terms of the policy, including, but not limited to, utilization review, annual deductibles, copayments, and coinsurance, consistent with those required for other similar benefits under the policy.

* NB There are 2 par (36)'s

* (37) Any policy that provides coverage for prescription drugs shall apply any third-party payments, financial assistance, discount, voucher or other price reduction instrument for out-of-pocket expenses made on behalf of an insured individual for the cost of a prescription drug to the insured's deductible, copayment, coinsurance, out-of-pocket maximum, or any other cost-sharing requirement when calculating such insured individual's overall contribution to any out-of-pocket maximum or any cost-sharing requirement. If under federal law, application of this requirement would result in health savings account ineligibility under 26 USC 223, this requirement shall apply for health savings account-qualified high deductible health plans with respect to the deductible of such a plan after the enrollee has satisfied the minimum deductible under 26 USC 223, except for with respect to items or services that are preventive care pursuant to 26 USC 223(c)(2)(C), in which case the requirements of this paragraph shall apply regardless of

whether the minimum deductible under 26 USC 223 has been satisfied. This paragraph only applies to a prescription drug that is either (A) a brand-name drug without an AB rated generic equivalent, as determined by the United States Food and Drug Administration; or (B) a brand-name drug with an AB rated generic equivalent, as determined by the United States Food and Drug Administration, and the insured has access to the brand-name drug through prior authorization by the insurer or through the insurer's appeal process, including any step-therapy process; or (C) a generic drug the insurer will cover, with or without prior authorization or an appeal process.

* NB Effective until January 1, 2027

* (37) Any policy that provides coverage for prescription drugs shall apply any third-party payments, financial assistance, discount, voucher or other price reduction instrument for out-of-pocket expenses made on behalf of an insured individual for the cost of a prescription drug to the insured's deductible, copayment, coinsurance, out-of-pocket maximum, or any other cost-sharing requirement when calculating such insured individual's overall contribution to any out-of-pocket maximum or any cost-sharing requirement. If under federal law, application of this requirement would result in health savings account ineligibility under 26 USC 223, this requirement shall apply for health savings account-qualified high deductible health plans with respect to the deductible of such a plan after the enrollee has satisfied the plan deductible, except for with respect to items or services that are preventive care pursuant to 26 USC 223(c)(2)(C), in which case the requirements of this paragraph shall apply regardless of whether the plan deductible has been satisfied. This paragraph only applies to a prescription drug that is either (A) a brand-name drug without an AB rated generic equivalent, as determined by the United States Food and Drug Administration; or (B) a brand-name drug with an AB rated generic equivalent, as determined by the United States Food and Drug Administration, and the insured has access to the brand-name drug through prior authorization by the insurer or through the insurer's appeal process, including any step-therapy process; or (C) a generic drug the insurer will cover, with or without prior authorization or an appeal process.

* NB Effective January 1, 2027

* NB There are 2 par (37)'s

* (37) (A) Definitions. For the purpose of this paragraph:

(i) "Same reimbursement amount" shall mean that any coverage described under subparagraph (B) of this paragraph shall provide the same benchmark index, including the same average wholesale price, maximum allowable cost and national prescription drug codes to reimburse all pharmacies participating in the insurance network regardless of whether a pharmacy is a mail order pharmacy or a non-mail order pharmacy.

(ii) "Mail order pharmacy" means a pharmacy whose primary business is to receive prescriptions by mail, telefax or through electronic submissions and to dispense medication to patients through the use of the United States mail or other common or contract carrier services and provides any consultation with patients electronically rather than face-to-face.

(B) Any policy that provides coverage for prescription drugs shall permit each insured to fill any covered prescription that may be obtained at a network participating mail order or other non-retail pharmacy, at the insured's option, at a network participating non-mail order retail pharmacy provided that the network participating non-mail order retail pharmacy agrees to the same reimbursement amount that the insurer has established for the network participating mail order or other non-retail pharmacy. In such a case, the policy shall not impose a co-payment fee or other condition on any insured who elects to purchase prescription drugs from a network participating non-mail order retail pharmacy which is not also imposed on insureds electing to purchase drugs from a network participating mail order or other non-retail pharmacy; provided, however, that the provisions of this subparagraph shall not supersede the terms of a collective bargaining agreement or apply to a policy that is a result of a collective bargaining agreement between an employer and a recognized or certified employee organization.

* NB There are 2 par (37)'s

(38) Every policy that provides coverage for hospital, surgical or medical care shall provide the following coverage for pasteurized donor human milk (PDHM), which may include fortifiers as medically indicated, for which a licensed medical practitioner has issued an order for an infant who is medically or physically unable to receive maternal breast milk or participate in breast feeding or whose mother is medically or

physically unable to produce maternal breast milk at all or in sufficient quantities or participate in breast feeding despite optimal lactation support. Such infant shall: (i) have a documented birth weight of less than one thousand five hundred grams; or (ii) have a congenital or acquired condition that places the infant at a high risk for development of necrotizing enterocolitis.

* (39) No policy that provides coverage for antiretroviral prescription drugs prescribed for the treatment or prevention of the human immunodeficiency virus (HIV) or acquired immunodeficiency syndrome (AIDS) shall subject such drugs to prior authorization.

* NB There are 2 par (39)'s

* (39) (A) Every insurer issuing a policy of accident and health insurance delivered or issued for delivery in this state which provides major medical or similar comprehensive-type coverage and provides coverage for prescription drugs shall include coverage for medically necessary epinephrine devices for the emergency treatment of life-threatening allergic reactions. Such coverage may be subject to annual deductibles and coinsurance as may be deemed appropriate by the superintendent; provided however, the total amount that an insured is required to pay out-of-pocket for such devices shall be capped at an amount not to exceed one hundred dollars annually regardless of the insured's deductible, copayment, coinsurance or any other cost-sharing requirement. If under federal law, application of the annual cap would result in health savings account ineligibility under 26 USC 223, such coverage may be subject to the plan's annual deductible, except for with respect to items or services that are preventive care pursuant to 26 USC 223(c)(2)(C), in which case the requirements of this paragraph shall apply regardless of whether the minimum deductible under 26 USC 223 has been satisfied.

(B) For the purposes of this paragraph, "epinephrine device" shall have the same meaning as provided in paragraph (b) of subdivision one of section three thousand-c of the public health law.

* NB There are 2 par (39)'s

(40) (A) Every policy that provides coverage for physician services, medical, major medical or similar comprehensive-type coverage shall, upon the referral of a physician, provide coverage for comprehensive neuropsychological examinations for dyslexia when performed by a health

care professional licensed, certified, or authorized pursuant to title eight of the education law and acting within their scope of practice and in accordance with this paragraph and shall not exclude coverage for the screening, diagnosis or treatment of medical conditions otherwise covered by the policy.

(B) Nothing in this paragraph shall be construed to prevent the medical management or utilization review of the services or prevent a policy from requiring that services be provided through a network of participating providers.

* (41) (A) Every policy which provides medical, major medical or similar comprehensive-type coverage and provides coverage for prescription drugs shall include coverage for inhalers for the treatment of asthma if prescribed by a physician or other licensed health care provider legally authorized to prescribe under title eight of the education law.

(B) Coverage shall be provided for one form of rescue and one form of maintenance inhaler that shall not be subject to a deductible, copayment, coinsurance or any other cost-sharing requirement.

(C) If the policy is a high deductible health plan as defined in section 223(c)(2) of the Internal Revenue Code of 1986, such coverage may be subject to the plan's annual deductible if application of this requirement would result in ineligibility for a health savings account.

* NB Effective January 1, 2027

* NB There are 2 par (41)'s

* (41) (A) Every policy which provides medical, major medical, or similar comprehensive-type coverage shall provide coverage for follow-up screening or diagnostic services for lung cancer upon the recommendation of a health care provider acting within the provider's scope of practice pursuant to title eight of the education law, and as recommended by nationally recognized clinical practice guidelines for the detection of lung cancer.

(B) Notwithstanding any other provision of law, any policy that provides coverage required by this paragraph shall not impose patient cost sharing for follow-up screening or diagnostic services for lung cancer.

(C) For the purposes of this paragraph, "nationally recognized clinical practice guidelines" means evidence-based, peer reviewed

clinical practice guidelines informed by a systematic review of evidence and an assessment of the benefits, and risks of alternative care options intended to optimize patient care developed by independent organizations or medical professional societies utilizing a transparent methodology and reporting structure and with a conflict of interest policy.

(D) Nothing in this paragraph shall be construed to prevent medical management or utilization review of the services, including preauthorization, to ensure that such services are consistent with nationally recognized clinical practice guidelines for the detection of lung cancer.

(E) If the policy is a high deductible health plan as defined in section 223(c)(2) of the Internal Revenue Code of 1986, such coverage may be subject to the plan's annual deductible if application of this requirement would result in ineligibility for a health savings account.

* NB Effective January 1, 2027

* NB There are 2 par (41)'s

(j) (1) Every insurer issuing a policy of accident and health insurance for delivery in this state which provides coverage for in-patient hospital care must make available and, if requested by the policyholder, provide coverage for care in a nursing home. Such coverage shall be made available at the inception of all new policies and, with respect to all other policies at any anniversary date of the policy subject to evidence of insurability.

(A) In this paragraph nursing home care means the continued care and treatment of a covered person who is under the care of a physician but only if (i) the care is provided in a nursing home as defined in section twenty-eight hundred one of the public health law or a skilled nursing facility as defined in subchapter XVIII of the federal Social Security Act, 42 U.S.C. §§ 1395 et seq, (ii) the covered person has been in a hospital for at least three days immediately preceding admission, and (iii) further hospitalization would otherwise be necessary. The aggregate of the number of covered days of care in a hospital and the number of covered days of care in a nursing home, with two days of care in a nursing home equivalent to one day of care in a hospital, may not exceed the number of covered days of hospital care provided under the contract in a benefit period. The level of benefits to be provided for nursing home care must be reasonably related to the benefits provided

for hospital care.

(B) Ambulatory care means care in hospital out-patient facilities, as a hospital is defined in section twenty-eight hundred one of the public health law or subchapter XVIII of the federal Social Security Act, 42 U.S.C. §§ 1395 et seq, and physicians' offices. Ambulatory care in hospital out-patient facilities means services for diagnostic X-rays, laboratory and pathological examinations, physical therapy and radiation therapy, and services and medications used for nonexperimental cancer chemotherapy and cancer hormone therapy, provided that such services and medications are (i) related to and necessary for the treatment or diagnosis of the patient's illness or injury, (ii) ordered by a physician and (iii) in the case of physical therapy, services are to be furnished in connection with the same illness for which the patient had been hospitalized or in connection with surgical care, but in no event need benefits be provided for physical therapy which commences more than six months after discharge from a hospital or the date surgical care was rendered, and in no event need benefits for physical therapy be provided after three hundred sixty-five days from the date of discharge from a hospital or the date surgical care was rendered. Ambulatory care in physicians' offices means services for diagnostic X-rays, radiation therapy, laboratory and pathological examinations, and services and medications used for nonexperimental cancer chemotherapy and cancer hormone therapy, provided that such services and medications are related to and necessary for the treatment or diagnosis of the patient's illness or injury, and ordered by a physician. Such coverage shall be made available at the inception of all new policies and, with respect to all other policies, at any anniversary date of the policy subject to evidence of insurability.

(2) Every insurer issuing a policy of accident and health insurance for delivery in this state which provides coverage supplementing part A and part B of subchapter XVIII of the federal Social Security Act, 42 U.S.C. §§ 1395 et seq, must make available and, if requested by the insured, provide coverage of supplemental home care visits beyond those provided by part A and part B, sufficient to produce an aggregate coverage of three hundred sixty-five home case visits per policy year. Such coverage shall be provided pursuant to regulations prescribed by the superintendent.

(3) Consistent with federal law, every insurer issuing a policy of accident and health insurance for delivery in this state which provides coverage supplementing part A and part B of subchapter XVIII of the federal Social Security Act, 42 USC §§ 1395 et seq., shall make available and, if requested by the insured, provide coverage for at least ninety days of care in a nursing home as defined in section twenty-eight hundred one of the public health law, except where such coverage would duplicate coverage that is available under the aforementioned subchapter XVIII. Such coverage shall be made available at the inception of all new policies and, with respect to all other policies, at each anniversary date of the policy.

(A) Coverage shall be subject to a copayment of twenty-five dollars per day.

(B) Brochures describing such coverage must be provided to all applicants at the time of application for all new policies and thereafter on each anniversary date of the policy, and with respect to all other policies annually at each anniversary date of the policy. Such brochures must be approved by the superintendent in consultation with the commissioner of health.

(C) The commensurate rate for the coverage must be approved by the superintendent.

(D) Such insurers shall report to the superintendent each year the number of contract holders to whom such insurers have issued such policies for nursing home coverage and the approximate number of persons covered by such policies.

(k) Any person, partnership or corporation willfully violating any provision of this section, regulation or order of the superintendent made in accordance with this section, shall forfeit to the people of the state a sum not to exceed one hundred dollars for each such violation. The superintendent may also suspend or revoke the license of an insurer or agent or broker for any such willful violation.

(l) An insurer shall not offer individual hospital, medical or surgical expense insurance policies unless the policies meet the requirements of subsection (b) of section four thousand three hundred twenty-eight of this chapter. Such policies that are offered within the health benefit exchange established by this state also shall meet any requirements established by the health benefit exchange.

(m) An insurer shall not be required to offer the policyholder any benefits that must be made available pursuant to this section if the benefits must be covered as essential health benefits. For any policy issued within the health benefit exchange established by this state, an insurer shall not be required to offer the policyholder any benefits that must be made available pursuant to this section. For purposes of this subsection, "essential health benefits" shall have the meaning set forth in subsection (a) of section three thousand two hundred seventeen-i of this article.

* (n) With respect to high deductible health plans offered in conjunction with a health savings account, if application of any cost sharing requirements would result in health savings account ineligibility under section two hundred twenty-three of the internal revenue code, such coverage may be subject to the plan's annual deductible.

* NB Effective January 1, 2027

§ 3217. Minimum standards in the form, content and sale of accident and health insurance; policies and subscriber contracts. (a) The superintendent shall issue such regulations he deems necessary or desirable to establish minimum standards, including standards of full and fair disclosure, for the form, content and sale of accident and health insurance policies and subscriber contracts of corporations organized under this article and article forty-three of this chapter or entities licensed pursuant to article forty-four of the public health law. With regard to contracts issued pursuant to such articles which incorporate a usual and customary or reasonable form of reimbursement, such regulations shall require such schedules to be updated periodically, to accurately reflect geographic differences in costs and that information be furnished to insureds regarding the method upon which the usual and customary or reasonable charge is determined and the percentile of charges upon which the schedule is based. Such regulations shall also require, in addition to such other information as the superintendent deems necessary, the disclosure of the reimbursement for a particular elective surgical procedure or treatment, upon written request by an insured, subscriber or enrollee. Such regulations may

apply to all, any portion or reasonable classifications of such policies or contracts.

(b) The purposes of such minimum standards shall include any or all of the following:

(1) reasonable standardization and simplification of coverages to facilitate understanding and comparisons;

(2) elimination of provisions which may be misleading or unreasonably confusing, in connection either with the purchase of such policies or contracts or with the settlement of claims;

(3) elimination of deceptive practices in connection with the sale of such policies or contracts;

(4) elimination of provisions which may be contrary to the health care needs of the public, as certified to the superintendent by the commissioner of health; and

(5) elimination of coverages which are so limited in scope as to be of no substantial economic value to the holders.

(c) Prior to the issuance of regulations pursuant to this section, the superintendent shall afford the public, including the companies affected thereby, reasonable opportunity for comment and shall obtain the views, in writing, of the commissioner of health and the secretary of state.

(d) When a regulation adopted pursuant to this section so provides, all forms of such policies or contracts which are not in compliance with such regulation shall be deemed to be disapproved for use without any further or additional notice after a date to be specified in such regulation which date shall not be less than sixty days following its effective date.

(e) When a regulation adopted pursuant to this section so provides, any such policy or contract which does not comply with the regulation shall, when issued after a date not less than sixty days from the effective date of such regulation, be construed, and the insurer or corporation shall be liable, as if the policy or contract did comply with the regulation.

(f) Violation of any regulation adopted pursuant to this section shall be a violation of this chapter for purposes of section one hundred nine of this chapter.

§ 3217-a. Disclosure of information. The requirements of this section shall apply to all comprehensive, expense-reimbursed health insurance contracts; managed care health insurance contracts; or any other health insurance contract or product for which the superintendent deems such disclosure appropriate.

(a) Each insurer subject to this article shall supply each insured, and upon request each prospective insured prior to enrollment, written disclosure information, which may be incorporated into the insurance contract or certificate, containing at least the information set forth below. In the event of any inconsistency between any separate written disclosure statement and the insurance contract or certificate, the terms of the insurance contract or certificate shall be controlling. The information to be disclosed shall include at least the following:

(1) a description of coverage provisions; health care benefits; benefit maximums, including benefit limitations; and exclusions of coverage, including the definition of medical necessity used in determining whether benefits will be covered;

(2) a description of all prior authorization or other requirements for treatments and services;

(3) a description of utilization review policies and procedures, used by the insurer, including:

(A) the circumstances under which utilization review will be undertaken;

(B) the toll-free telephone number of the utilization review agent;

(C) the time frames under which utilization review decisions must be made for prospective, retrospective and concurrent decisions;

(D) the right to reconsideration;

(E) the right to an appeal, including the expedited and standard appeals processes and the time frames for such appeals;

(F) the right to designate a representative;

(G) a notice that all denials of claims will be made by qualified clinical personnel and that all notices of denials will include information about the basis of the decision;

(H) a notice of the right to an external appeal together with a description, jointly promulgated by the superintendent and the commissioner of health as required pursuant to subsection (e) of section four thousand nine hundred fourteen of this chapter, of the external

appeal process established pursuant to title two of article forty-nine of this chapter and the time frames for such appeals; and

(I) further appeal rights, if any;

(4) a description prepared annually of the types of methodologies the insurer uses to reimburse providers specifying the type of methodology that is used to reimburse particular types of providers or reimburse for the provision of particular types of services; provided, however, that nothing in this paragraph should be construed to require disclosure of individual contracts or the specific details of any financial arrangement between an insurer and a health care provider;

(5) an explanation of an insured's financial responsibility for payment of premiums, coinsurance, co-payments, deductibles and any other charges, annual limits on an insured's financial responsibility, caps on payments for covered services and financial responsibility for non-covered health care procedures, treatments or services;

(6) an explanation, where applicable, of an insured's financial responsibility for payment when services are provided by a health care provider who is not part of the insurer's network of providers or by any provider without required authorization, or when a procedure, treatment or service is not a covered benefit;

(7) a description of the grievance procedures to be used to resolve disputes between an insurer and an insured, including: the right to file a grievance regarding any dispute between an insured and an insurer; the right to file a grievance orally when the dispute is about referrals or covered benefits; the toll-free telephone number which insureds may use to file an oral grievance; the timeframes and circumstances for expedited and standard grievances; the right to appeal a grievance determination and the procedures for filing such an appeal; the timeframes and circumstances for expedited and standard appeals; the right to designate a representative; a notice that all disputes involving clinical decisions will be made by qualified clinical personnel and that all notices of determination will include information about the basis of the decision and further appeal rights, if any;

(8) a description of the procedure for obtaining emergency services. Such description shall include a definition of emergency services, notice that emergency services are not subject to prior approval, and shall describe the insured's financial and other responsibilities

regarding obtaining such services including when such services are received outside the insurer's service area, if any;

(9) where applicable, a description of procedures for insureds to select and access the insurer's primary and specialty care providers, including notice of how to determine whether a participating provider is accepting new patients;

(10) where applicable, a description of the procedures for changing primary and specialty care providers within the insurer's network of providers;

(11) where applicable, notice that an insured enrolled in a managed care product or in a comprehensive policy that utilizes a network of providers offered by the insurer may obtain a referral or preauthorization for a health care provider outside of the insurer's network or panel when the insurer does not have a health care provider who is geographically accessible to the insured and who has the appropriate training and experience in the network or panel to meet the particular health care needs of the insured and the procedure by which the insured can obtain such referral or preauthorization;

(12) where applicable, notice that an insured enrolled in a managed care product or a comprehensive policy that utilizes a network of providers offered by the insurer with a condition which requires ongoing care from a specialist may request a standing referral to such a specialist and the procedure for requesting and obtaining such a standing referral;

(13) where applicable, notice that an insured enrolled in a managed care product or a comprehensive policy that utilizes a network of providers offered by the insurer with (A) a life-threatening condition or disease, or (B) a degenerative and disabling condition or disease, either of which requires specialized medical care over a prolonged period of time may request a specialist responsible for providing or coordinating the insured's medical care and the procedure for requesting and obtaining such a specialist;

(14) where applicable, notice that an insured enrolled in a managed care product or a comprehensive policy that utilizes a network of providers offered by the insurer with (A) a life-threatening condition or disease, or (B) a degenerative and disabling condition or disease, either of which requires specialized medical care over a prolonged

period of time, may request access to a specialty care center and the procedure by which such access may be obtained;

(15) a description of how the insurer addresses the needs of non-English speaking insureds;

(16) notice of all appropriate mailing addresses and telephone numbers to be utilized by insureds seeking information or authorization;

(16-a) where applicable, notice that an insured shall have direct access to primary and preventive obstetric and gynecologic services, including annual examinations, care resulting from such annual examinations, and treatment of acute gynecologic conditions, from a qualified provider of such services of her choice from within the plan or for any care related to a pregnancy;

* (17) where applicable, a listing by specialty, which may be in a separate document that is updated annually, of the name, address, telephone number, and digital contact information of all participating providers, including facilities, and: (A) whether the provider is accepting new patients; (B) in the case of mental health or substance use disorder services providers, any affiliations with participating facilities certified or authorized by the office of mental health or the office of addiction services and supports, and any restrictions regarding the availability of the individual provider's services; and (C) in the case of physicians, board certification, languages spoken and any affiliations with participating hospitals. The listing shall also be posted on the insurer's website and the insurer shall update the website within fifteen days of the addition or termination of a provider from the insurer's network or a change in a physician's hospital affiliation;

* NB Effective until January 1, 2027

* (17) where applicable, a listing by specialty, which may be in a separate document that is updated annually, of the name, address, telephone number, and digital contact information of all participating providers, including facilities, and: (A) whether the provider is accepting new patients; (B) in the case of mental health or substance-related and addictive disorder services providers, any affiliations with participating facilities certified or authorized by the office of mental health or the office of addiction services and supports, and any restrictions regarding the availability of the individual provider's services; and (C) in the case of physicians, board

certification, languages spoken and any affiliations with participating hospitals. The listing shall also be posted on the insurer's website and the insurer shall update the website within fifteen days of the addition or termination of a provider from the insurer's network or a change in a physician's hospital affiliation;

* NB Effective January 1, 2027

(18) a description of the method by which an insured may submit a claim for health care services;

(19) with respect to out-of-network coverage:

(A) a clear description of the methodology used by the insurer to determine reimbursement for out-of-network health care services;

(B) the amount that the insurer will reimburse under the methodology for out-of-network health care services set forth as a percentage of the usual and customary cost for out-of-network health care services; and

(C) examples of anticipated out-of-pocket costs for frequently billed out-of-network health care services;

(20) information in writing and through an internet website that reasonably permits an insured or prospective insured to estimate the anticipated out-of-pocket cost for out-of-network health care services in a geographical area or zip code based upon the difference between what the insurer will reimburse for out-of-network health care services and the usual and customary cost for out-of-network health care services; and

(21) the most recent comparative analysis performed by the insurer to assess the provision of its covered services in accordance with the Paul Wellstone and Pete Domenici Mental Health Parity and Addiction Equity Act of 2008, 42 U.S.C. 18031(j), and any amendments to, and federal guidance or regulations issued under those acts.

(b) Each insurer subject to this article, upon request of an insured, or prospective insured, shall:

(1) provide a list of the names, business addresses and official positions of the membership of the board of directors, officers, and members of the insurer;

(2) provide a copy of the most recent annual certified financial statement of the insurer, including a balance sheet and summary of receipts and disbursements prepared by a certified public accountant;

(3) provide a copy of the most recent individual, direct pay

subscriber contracts;

(4) provide information relating to consumer complaints compiled pursuant to section two hundred ten of this chapter;

(5) provide the procedures for protecting the confidentiality of medical records and other insured information;

(6) where applicable, allow insureds and prospective insureds to inspect drug formularies used by such insurer; and provided further, that the insurer shall also disclose whether individual drugs are included or excluded from coverage to an insured or prospective insured who requests this information;

(7) provide a written description of the organizational arrangements and ongoing procedures of the insurer's quality assurance program, if any;

(8) provide a description of the procedures followed by the insurer in making decisions about the experimental or investigational nature of individual drugs, medical devices or treatments in clinical trials;

(9) provide individual health practitioner affiliations with participating hospitals, if any;

(10) upon written request, provide specific written clinical review criteria relating to a particular condition or disease including clinical review criteria relating to a step therapy protocol override determination pursuant to subsection (c-1), subsection (c-2) and subsection (c-3) of section forty-nine hundred three of this chapter, and, where appropriate, other clinical information which the insurer might consider in its utilization review and the insurer may include with the information a description of how it will be used in the utilization review process; provided, however, that to the extent such information is proprietary to the insurer, the insured or prospective insured shall only use the information for the purposes of assisting the enrollee or prospective enrollee in evaluating the covered services provided by the organization. Such clinical review criteria, and other clinical information shall also be made available to a health care professional as defined in subsection (f) of section forty-nine hundred of this chapter, on behalf of an insured and upon written request;

(11) where applicable, provide the written application procedures and minimum qualification requirements for health care providers to be considered by the insurer for participation in the insurer's network for

a managed care product;

(12) disclose such other information as required by the superintendent, provided that such requirements are promulgated pursuant to the state administrative procedure act;

(13) disclose whether a health care provider scheduled to provide a health care service is an in-network provider; and

(14) with respect to out-of-network coverage, disclose the approximate dollar amount that the insurer will pay for a specific out-of-network health care service. The insurer shall also inform the insured through such disclosure that such approximation is not binding on the insurer and that the approximate dollar amount that the insurer will pay for a specific out-of-network health care service may change.

(c) Nothing in this section shall prevent an insurer from changing or updating the materials that are made available to insureds.

(d) As to any program where the insured must select a primary care provider, if a participating primary care provider becomes unavailable to provide services to an insured, the insurer shall provide written notice within fifteen days from the time the insurer becomes aware of such unavailability to each insured who has chosen the provider as their primary care provider. If an insured enrolled in a managed care product is in an ongoing course of treatment with any other participating provider who becomes unavailable to continue to provide services to such insured, and the insurer is aware of such ongoing course of treatment, the insurer shall provide written notice within fifteen days from the time that the insurer becomes aware of such unavailability to such insured. Each notice shall also describe the procedures for continuing care pursuant to subsections (e) and (f) of section forty-eight hundred four of this chapter and for choosing an alternative provider.

(e) For purposes of this section, a "managed care product" shall mean a contract which requires that all medical or other health care services covered under the contract, other than emergency care services, be provided by, or pursuant to a referral from, a designated health care provider chosen by the insured (i.e. a primary care gatekeeper), and that services provided pursuant to such a referral be rendered by a health care provider participating in the insurer's managed care provider network. In addition, in the case of (i) an individual health insurance contract, or (ii) a group health insurance contract covering

no more than three hundred lives, imposing a coinsurance obligation of more than twenty-five percent upon services received outside of the insurer's managed care provider network, and which has been sold to five or more groups, a managed care product shall also mean a contract which requires that all medical or other health care services covered under the contract, other than emergency care services, be provided by, or pursuant to a referral from, a designated health care provider chosen by the insured (i.e. a primary care gatekeeper), and that services provided pursuant to such a referral be rendered by a health care provider participating in the insurer's managed care provider network, in order for the insured to be entitled to the maximum reimbursement under the contract.

(f) For purposes of this section, "usual and customary cost" shall mean the eightieth percentile of all charges for the particular health care service performed by a provider in the same or similar specialty and provided in the same geographical area as reported in a benchmarking database maintained by a nonprofit organization specified by the superintendent. The nonprofit organization shall not be affiliated with an insurer, a corporation subject to article forty-three of this chapter, a municipal cooperative health benefit plan certified pursuant to article forty-seven of this chapter, or a health maintenance organization certified pursuant to article forty-four of the public health law.

(g) (1) As used in this subsection:

(A) "Pharmacy benefit manager" shall have the meanings set forth in section two hundred eighty-a of the public health law.

(B) "Cost-sharing information" means the amount an insured is required to pay to receive a drug that is covered under the insured's insurance policy.

(C) "Covered/coverage" means those health care services to which an insured is entitled under the terms of the insurance policy.

(D) "Electronic health record" means a digital version of a patient's paper chart and medical history that makes information available instantly and securely to authorized users.

(E) "Electronic prescribing system" means a system that enables prescribers to enter prescription information into a computer prescription device and securely transmit the prescription to pharmacies

using a special software program and connectivity to a transmission network.

(F) "Electronic prescription" means an electronic prescription as defined in section thirty-three hundred two of the public health law.

(G) "Prescriber" means a health care provider licensed to prescribe medication or medical devices in this state.

(H) "Real-time benefit tool" or "RTBT" means an electronic prescription decision support tool that: (i) is capable of integrating with prescribers' electronic prescribing system and, if feasible, electronic health record systems; and (ii) complies with the technical standards adopted by an American National Standards Institute (ANSI) accredited standards development organization.

(I) "Authorized third party" shall include a third party legally authorized under state or federal law subject to a Health Insurance Portability and Accountability Act (HIPAA) business associate agreement.

(2) The provisions of this section shall not apply to any health plan that exclusively serves individuals enrolled pursuant to a federal or state insurance affordability program, including the medical assistance program under title eleven of article five of the social services law, child health plus under section twenty-five hundred eleven of the public health law, the basic health program under section three hundred sixty-nine-gg of the social services law, or a plan providing services under title XVIII of the federal social security act.

(3) An insurer subject to this article or pharmacy benefit manager shall, upon request of the insured, the insured's health care provider, or an authorized third party on the insured's behalf, made to the insurer or pharmacy benefit manager, furnish the cost, benefit, and coverage data required by this subsection to the insured, the insured's health care provider, or the authorized third party and shall ensure that such data is: (A) current no later than one business day after any change to the cost, benefit, or coverage data is made; (B) provided through an RTBT when the request is made by the insured's health care provider; and (C) in a format that is easily accessible to the requestor.

(4) When providing the data required by paragraph three of this subsection, the insurer or pharmacy benefit manager shall use established industry content and transport standards published by:

(A) a standards developing organization accredited by the American National Standards Institute (ANSI), including, the National Council for Prescription Drug Programs (NCPDP), ASC X12, Health Level 7; or

(B) a relevant federal or state governing body, including the Center for Medicare & Medicaid Services or the Office of the National Coordinator for Health Information Technology; or

(C) another format deemed acceptable to the department which provides the data prescribed in paragraph three of this subsection and in the same timeliness as required by this section.

(5) A facsimile shall not be considered an acceptable electronic format pursuant to this subsection.

(6) Upon a request made pursuant to paragraph three of this subsection, the insurer or pharmacy benefit manager shall provide the following data for any drug covered under the insured's insurance policy:

(A) insured-specific eligibility information;

(B) insured-specific prescription cost and benefit data, such as applicable formulary, benefit, coverage and cost-sharing data for the prescribed drug and clinically-appropriate alternatives, when appropriate;

(C) insured-specific cost-sharing information that describes variance in cost-sharing based on the pharmacy dispensing the prescribed drug or its alternatives, and in relation to the insured's benefit; and

(D) applicable utilization management requirements.

(7) Any insurer or pharmacy benefit manager shall furnish the data as required whether the request is made using the drug's unique billing code, such as a National Drug Code or Healthcare Common Procedure Coding System code or descriptive term. An insurer or pharmacy benefit manager shall not deny or unreasonably delay processing a request.

(8) An insurer and pharmacy benefit manager shall not, except as may be required or authorized by law, interfere with, prevent, or materially discourage access, exchange, or use of the data as required; nor shall an insurer or pharmacy benefit manager penalize a health care provider for disclosing such information to an insured or legally prescribing, administering, or ordering a lower cost clinically appropriate alternative.

(9) Nothing in this subsection shall be construed to limit access to

the most up-to-date insured-specific eligibility or insured-specific prescription cost and benefit data by the insurer or pharmacy benefit manager.

(10) Nothing in this subsection shall interfere with insured choice and a health care provider's ability to convey the full range of prescription drug cost options to an insured. Insurers and pharmacy benefit managers shall not restrict a health care provider from communicating to the insured prescription cost options.

§ 3217-b. Prohibitions. (a) No insurer subject to this article shall by contract, written policy or written procedure prohibit or restrict any health care provider from disclosing to any insured, designated representative or, where appropriate, prospective insured, (hereinafter collectively referred to as insured) any information that such provider deems appropriate regarding:

(1) a condition or a course of treatment with an insured including the availability of other therapies, consultations, or tests; or

(2) the provisions, terms, or requirements of the insurer's products as they relate to the insured.

(b) No insurer subject to this article shall by contract, written policy, written procedure or practice prohibit or restrict any health care provider from filing a complaint, making a report or commenting to an appropriate governmental body regarding the policies or practices of such insurer which the provider believes may negatively impact upon the quality of, or access to, patient care. Nor shall an insurer subject to this article take any adverse action, including but not limited to refusing to renew or execute a contract or agreement with a health care provider as retaliation against a health care provider for filing a complaint, making a report or commenting to an appropriate governmental body regarding policies or practices of such insurer which may violate this chapter including paragraphs thirty, as added by chapter forty-one of the laws of 2014, thirty-one, thirty-one-a and thirty-five of subsection (i) of section thirty-two hundred sixteen and paragraphs five, six, seven, seven-a and seven-b of subsection (l) of section thirty-two hundred twenty-one of this article.

(c) No insurer subject to this article shall by contract, written

policy or written procedure prohibit or restrict any health care provider from advocating to the insurer on behalf of the insured for approval or coverage of a particular course of treatment or for the provision of health care services.

(d) No contract or agreement between an insurer subject to this article and a health care provider shall contain any clause purporting to transfer to the health care provider by indemnification or otherwise any liability relating to activities, actions or omissions of the insurer as opposed to the health care provider.

(e) Contracts entered into between an insurer and a health care provider shall include terms which prescribe:

(1) the method by which payments to a provider, including any prospective or retrospective adjustments thereto, shall be calculated;

(2) the time periods within which such calculations will be completed, the dates upon which any such payments and adjustments shall be determined to be due, and the dates upon which any such payments and adjustments will be made;

(3) a description of the records or information relied upon to calculate any such payments and adjustments, and a description of how the provider can access a summary of such calculations and adjustments;

(4) the process to be employed to resolve disputed incorrect or incomplete records or information and to adjust any such payments and adjustments which have been calculated by relying on any such incorrect or incomplete records or information so disputed; provided, however, that nothing herein shall be deemed to authorize or require the disclosure of personally identifiable patient information or information related to other individual health care providers or the plan's proprietary data collection systems, software or quality assurance or utilization review methodologies; and

(5) the right of either party to the contract to seek resolution of a dispute arising pursuant to the payment terms of such contracts through a proceeding under article seventy-five of the civil practice law and rules.

(f) No contract entered into between an insurer and a health care provider shall be enforceable if it includes terms which transfer financial risk to providers, in a manner inconsistent with the provisions of paragraph (c) of subdivision one of section forty-four

hundred three of the public health law, or penalize providers for unfavorable case mix so as to jeopardize the quality of or insureds' appropriate access to medically necessary services; provided, however, that payment at less than prevailing fee for service rates or capitation shall not be deemed or presumed prima facie to jeopardize quality or access.

(g)(1) No insurer shall implement an adverse reimbursement change to a contract with a health care professional that is otherwise permitted by the contract, unless, prior to the effective date of the change, the insurer gives the health care professional with whom the insurer has directly contracted and who is impacted by the adverse reimbursement change, at least ninety days written notice of the change. If the contracting health care professional objects to the change that is the subject of the notice by the insurer, the health care professional may, within thirty days of the date of the notice, give written notice to the insurer to terminate his or her contract with the insurer effective upon the implementation date of the adverse reimbursement change. For the purposes of this subsection, the term "adverse reimbursement change" shall mean a proposed change that could reasonably be expected to have a material adverse impact on the aggregate level of payment to a health care professional, and the term "health care professional" shall mean a health care professional licensed, registered or certified pursuant to title eight of the education law. The notice provisions required by this subsection shall not apply where: (A) such change is otherwise required by law, regulation or applicable regulatory authority, or is required as a result of changes in fee schedules, reimbursement methodology or payment policies established by a government agency or by the American Medical Association's current procedural terminology (CPT) codes, reporting guidelines and conventions; or (B) such change is expressly provided for under the terms of the contract by the inclusion of or reference to a specific fee or fee schedule, reimbursement methodology or payment policy indexing mechanism.

(2) Nothing in this subsection shall create a private right of action on behalf of a health care professional against an insurer for violations of this subsection.

(h) Any contract provision, written policy or written procedure in violation of this section shall be deemed to be void and unenforceable.

* (i) If a contract between an insurer and a hospital is not renewed or is terminated by either party, the parties shall continue to abide by the terms of such contract, including reimbursement terms, for a period of two months from the effective date of termination or, in the case of a non-renewal, from the end of the contract period. Notice shall be provided to all insureds potentially affected by such termination or non-renewal within fifteen days after commencement of the two-month period. The commissioner of health shall have the authority to waive the two-month period upon the request of either party to a contract that is being terminated for cause. This subsection shall not apply where both parties mutually agree in writing to the termination or non-renewal and the insurer provides notice to the insured at least thirty days in advance of the date of contract termination.

* NB Repealed June 30, 2027

(j) (1) No insurer shall by contract, written policy or procedure, or by any other means, deny payment to a general hospital certified pursuant to article twenty-eight of the public health law for a claim for medically necessary inpatient services, observation services, or emergency department services provided by a general hospital solely on the basis that the general hospital did not comply with certain administrative requirements of such insurer with respect to those services.

(2) Nothing in this subsection shall preclude a general hospital and an insurer from agreeing to certain administrative requirements relating to payment for inpatient services, observation services, or emergency department services, including but not limited to timely notification that medically necessary inpatient services have been provided and to reductions in payment for failure to comply with certain administrative requirements including timely notification; provided, however that: (A) any requirement for timely notification must provide for a reasonable extension of timeframes for notification for services provided on weekends or federal holidays, (B) any agreed to reduction in payment for failure to meet administrative requirements, including timely notification shall not exceed seven and one-half percent of the payment amount otherwise due for the services provided, and (C) any agreed to reduction in payment for failure to meet administrative requirements including timely notification shall not be imposed if the patient's

insurance coverage could not be determined by the hospital after reasonable efforts at the time the services were provided.

(3) The provisions of this subsection shall not apply to the denial of a claim: (A) based on a reasonable belief by an insurer of fraud or intentional misconduct resulting in misrepresentation of patient diagnosis or the services provided, or abusive billing; (B) when required by a state or federal government program or coverage that is provided by this state or a municipality thereof to its respective employees, retirees or members; (C) that is a duplicate claim, that is a claim submitted late pursuant to subsection (g) of section thirty-two hundred twenty-four-a of this article, or is for services for a benefit that is not covered under the insured's policy or for a patient determined to be ineligible for coverage; (D) except in the case of medically necessary inpatient services resulting from an emergency admission, where there is not an existing participating provider agreement between an insurer and a general hospital; or (E) where the hospital has repeatedly and systematically, over the previous twelve month period, failed to seek prior authorization for services for which prior authorization was required.

(4) For purposes of this subsection, an "administrative requirement" shall not include requirements: (A) imposed on an insurer or provider pursuant to federal or state laws, regulations or guidance; or (B) established by the state or federal government applicable to insurers offering benefits under a state or federal government program.

(5) The prohibition on denials set forth in this subsection shall not apply to claims for services for which a request for preauthorization was denied by the insurer prior to delivery of the service.

(k) An insurer shall not require a prior authorization determination for services provided in a neonatal intensive care unit of a general hospital certified pursuant to article twenty-eight of the public health law. Nothing in this subsection shall prohibit an insurer from denying a claim for such services if the services are subsequently determined not medically necessary.

(l) At least sixty days prior to the termination of a contract between a hospital and an insurer, the parties shall utilize a mutually agreed upon mediator to assist in resolving any outstanding contractual issues. The results of the mediation shall not be binding on the parties.

* (m) A contract between an insurer and a health care provider shall include a provision that requires the health care provider to have in place business processes to ensure the timely provision of provider directory information to the insurer. A health care provider shall submit such provider directory information to an insurer, at a minimum, when a provider begins or terminates a network agreement with an insurer, when there are material changes to the content of the provider directory information of the health care provider, and at any other time, including upon the insurer's request, as the health care provider determines to be appropriate. For purposes of this subsection, "provider directory information" shall include the name, address, specialty, telephone number, and digital contact information of such health care provider; whether the provider is accepting new patients; for mental health and substance use disorder services providers, any affiliations with participating facilities certified or authorized by the office of mental health or the office of addiction services and supports, and any restrictions regarding the availability of the individual provider's services; and in the case of physicians, board certification, languages spoken, and any affiliations with participating hospitals.

* NB Effective until January 1, 2027

* (m) A contract between an insurer and a health care provider shall include a provision that requires the health care provider to have in place business processes to ensure the timely provision of provider directory information to the insurer. A health care provider shall submit such provider directory information to an insurer, at a minimum, when a provider begins or terminates a network agreement with an insurer, when there are material changes to the content of the provider directory information of the health care provider, and at any other time, including upon the insurer's request, as the health care provider determines to be appropriate. For purposes of this subsection, "provider directory information" shall include the name, address, specialty, telephone number, and digital contact information of such health care provider; whether the provider is accepting new patients; for mental health and substance-related and addictive disorder services providers, any affiliations with participating facilities certified or authorized by the office of mental health or the office of addiction services and supports, and any restrictions regarding the availability of the

individual provider's services; and in the case of physicians, board certification, languages spoken, and any affiliations with participating hospitals.

* NB Effective January 1, 2027

(n) A contract between an insurer and a health care provider shall include a provision that states that the provider shall reimburse the insured for the full amount paid by the insured in excess of the in-network cost-sharing amount, plus interest at an interest rate determined by the superintendent in accordance with 42 U.S.C. § 300gg-139(b), for the services involved when the insured is provided with inaccurate network status information by the insurer in a provider directory or in response to a request that stated that the provider was a participating provider when the provider was not a participating provider. In the event the insurer provides inaccurate network status information to the insured indicating the provider was a participating provider when such provider was not a participating provider, the insurer shall reimburse the provider for the out-of-network services regardless of whether the insured's coverage includes out-of-network services. Nothing in this subsection shall prohibit a health care provider from requiring in the terms of a contract with an insurer that the insurer remove, at the time of termination of such contract, the provider from the insurer's provider directory or that the insurer bear financial responsibility for providing inaccurate network status information to an insured.

(o) (1) No contract or agreement between a health plan subject to this article and a health care provider, other than a residential health care facility as defined by section two thousand eight hundred one of the public health law, shall include a provision that:

(A) contains a most-favored-nation provision; or

(B) restricts the ability of a health plan, an entity that contracts with a health plan for a provider network, or a health care provider to disclose (i) actual claims costs or (ii) price or quality information required to be disclosed under federal law, including the allowed amount, negotiated rates or discounts, or any other claim-related financial obligations, including, but not limited to, patient cost-sharing covered by the provider contract to any insured, group or other entity receiving health care services pursuant to the contract, or

to any public compilation of reimbursement data such as the New York all payer database required by law or regulation, provided that no disclosure shall include protected health information or other information covered by statutory or other privilege.

(2) For purposes of this subsection, the term "health plan" shall include (A) an insurer licensed pursuant to the insurance law or a health maintenance organization certified pursuant to article forty-four of the public health law and (B) a third-party administrator, affiliated with an insurer or health maintenance organization, who administers a health benefit plan.

(p)(1) An insurer may pay a claim for reimbursement made by a provider using a credit card, virtual credit card, or electronic funds transfer payment method that imposes on the provider a specifically identified fee or similar dedicated charge to process the payment if in advance of using such reimbursement method:

(A) The insurer notifies the provider of the potential fees or other charges associated with the use of the credit card, virtual credit card, or electronic funds transfer payment;

(B) The insurer offers the provider an alternative payment method that does not impose fees or similar charges on the provider; and

(C) The provider or a designee of the provider elects to accept payment of the claim using the credit card, virtual credit card, or electronic funds transfer payment method. Such payment type election shall be made by the provider within thirty days of receipt of the notice from the insurer. If the provider fails to make any payment type election within thirty days, the insurer shall pay the provider using the alternative payment method offered in the notice unless the insurer is unable to pay the provider using that alternative method due to the insurer lacking information necessary to make the alternative payment. In that instance, the insurer may use another fee-free method of payment in order to meet the timeframes established in section three thousand two hundred twenty-four-a of this article.

(2) A decision pursuant to paragraph one of this subsection shall remain in effect until the provider notifies the insurer, in writing, of a change in the designated payment type.

(3) If an insurer contracts with a vendor to process payments of providers' claims, the insurer shall require the vendor to comply with

the provisions of paragraph one of this subsection. This paragraph shall not apply to a vendor used by the provider in order to receive payments from an insurer.

(4) No contract between an insurer and provider issued, renewed, modified, altered or amended after the effective date of this subsection shall contain provisions allowing for waiver of the notice requirements contained in this subsection.

(5) For any contract that is in effect on or before the effective date of this subsection or that is entered into, amended or renewed on or after the effective date of this subsection, an insurer that initiates a payment to a provider using, or changes the payment method to, a health care electronic funds transfers and remittance advice transaction shall not charge a fee solely to transmit the payment to the provider unless the provider elects to accept payment in accordance with subparagraph (C) of paragraph one of this subsection.

(6) For purposes of this subsection, the following terms shall have the following meanings:

(A) "Provider" shall mean a health care professional or a group of health care professionals licensed pursuant to title eight of the education law that has a participating provider contract with an insurer to provide health care services to an insured.

(B) "Virtual credit card" shall mean a single-use series of numbers linked to a fixed dollar amount and provided by an insurer to a provider for the purpose of paying a claim for health care services performed by the provider.

§ 3217-c. Primary and preventive obstetric and gynecologic care. (a) No insurer subject to this article shall by contract, written policy or procedure limit a female insured's direct access to primary and preventive obstetric and gynecologic services, including annual examinations, care resulting from such annual examinations, and treatment of acute gynecologic conditions, from a qualified provider of such services of her choice from within the plan or for any care related to a pregnancy, provided that: (1) such qualified provider discusses such services and treatment plan with the insured's primary care practitioner in accordance with the requirements of the insurer; and (2)

such qualified provider agrees to adhere to the insurer's policies and procedures, including any applicable procedures regarding referrals and obtaining prior authorization for services other than obstetric and gynecologic services rendered by such qualified provider, and agrees to provide services pursuant to a treatment plan (if any) approved by the insurer.

(b) An insurer shall treat the provision of obstetric and gynecologic care, and the ordering of related obstetric and gynecologic items and services, pursuant to the direct access described in subsection (a) of this section by a participating qualified provider of such services, as the authorization of the primary care provider.

(c) It shall be the duty of the administrative officer or other person in charge of each insurer subject to the provisions of this article to advise each female insured, in writing, of the provisions of this section.

§ 3217-d. Grievance procedure and access to specialty care. (a) An insurer that issues a comprehensive policy that utilizes a network of providers and is not a managed care health insurance contract as defined in subsection (c) of section four thousand eight hundred one of this chapter shall establish and maintain a grievance procedure consistent with the requirements of section four thousand eight hundred two of this chapter.

(b) An insurer that issues a comprehensive policy that utilizes a network of providers and is not a managed care health insurance contract as defined in subsection (c) of section four thousand eight hundred one of this chapter and requires that specialty care be provided pursuant to a referral from a primary care provider shall provide access to such specialty care consistent with the requirements of subsections (b), (c) and (d) of section four thousand eight hundred four of this chapter; provided, however, that nothing in this section shall be construed to require that an insurer, or a primary care provider on behalf of the insurer, make a referral to a provider that is not in the insurer's network.

(c) An insurer that issues a comprehensive policy that utilizes a network of providers and is not a managed care health insurance contract

as defined in subsection (c) of section four thousand eight hundred one of this chapter shall provide access to transitional care consistent with the requirements of subsections (e) and (f) of section four thousand eight hundred four of this chapter.

(d) An insurer that issues a comprehensive policy that utilizes a network of providers and is not a managed care health insurance contract as defined in subsection (c) of section four thousand eight hundred one of this chapter, shall provide access to out-of-network services consistent with the requirements of subsection (a) of section four thousand eight hundred four of this chapter, subsections (g-6) and (g-7) of section four thousand nine hundred of this chapter, subsections (a-1) and (a-2) of section four thousand nine hundred four of this chapter, paragraphs three and four of subsection (b) of section four thousand nine hundred ten of this chapter, and subparagraphs (C) and (D) of paragraph four of subsection (b) of section four thousand nine hundred fourteen of this chapter.

(e) An insurer that issues a comprehensive policy that uses a network of providers and is not a managed care health insurance contract, as defined in subsection (c) of section four thousand eight hundred one of this chapter, shall establish and maintain procedures for health care professional applications and terminations consistent with the requirements of section four thousand eight hundred three of this chapter and procedures for health care facility applications consistent with section four thousand eight hundred six of this chapter.

§ 3217-e. Choice of health care provider. An insurer that is subject to this article and requires or provides for designation by an insured of a participating primary care provider shall permit the insured to designate any participating primary care provider who is available to accept such individual, and in the case of a child, shall permit the insured to designate a physician (allopathic or osteopathic) who specializes in pediatrics as the child's primary care provider if such provider participates in the network of the insurer.

§ 3217-f. Prohibition on lifetime and annual limits. (a) An insurer

shall not establish a lifetime limit on the dollar amount of essential health benefits in an individual, group or blanket policy of hospital, medical, surgical or prescription drug expense insurance.

(b) An insurer shall not establish an annual limit on the dollar amount of essential health benefits in an individual, group or blanket policy of hospital, medical, surgical or prescription drug expense insurance for policy years beginning on and after January one, two thousand fourteen.

(c) For policy years beginning prior to January one, two thousand fourteen, an insurer may establish restricted annual limits on the dollar amount of essential health benefits in an individual, group, or blanket policy of hospital, medical, surgical or prescription drug expense insurance consistent with section 2711 of the Public Health Service Act, 42 U.S.C. § 300gg-11 or any regulations thereunder.

(d) The requirements of subsections (b) and (c) of this section shall not be applicable to an individual policy that is a grandfathered health plan. For purposes of this section, "grandfathered health plan" means coverage provided by an insurer in which an individual was enrolled on March twenty-third, two thousand ten for as long as the coverage maintains grandfathered status in accordance with section 1251(e) of the Affordable Care Act, 42 U.S.C. § 18011(e).

(e) For purposes of this section, "essential health benefits" shall have the meaning ascribed by section 1302(b) of the Affordable Care Act, 42 U.S.C. § 18022(b).

§ 3217-g. Maternal depression screenings. To the extent a policy provides coverage for maternal depression screening, no insurer subject to this article shall by contract, written policy or procedure limit a patient insured's direct access to screening and referral for maternal depression, as defined in subdivision one of section twenty-five hundred-k of the public health law, from a provider of obstetrical, gynecologic, or pediatric services of her choice; provided that the patient insured's access to such services, coverage and choice of provider is otherwise subject to the terms and conditions of the policy under which the patient insured is covered.

§ 3217-h. Telehealth delivery of services. * (a) (1) An insurer shall not exclude from coverage a service that is otherwise covered under a policy that provides comprehensive coverage for hospital, medical or surgical care because the service is delivered via telehealth, as that term is defined in subsection (b) of this section; provided, however, that an insurer may exclude from coverage a service by a health care provider where the provider is not otherwise covered under the policy. An insurer may subject the coverage of a service delivered via telehealth to co-payments, coinsurance or deductibles provided that they are at least as favorable to the insured as those established for the same service when not delivered via telehealth. An insurer may subject the coverage of a service delivered via telehealth to reasonable utilization management and quality assurance requirements that are consistent with those established for the same service when not delivered via telehealth.

(2) An insurer that provides comprehensive coverage for hospital, medical or surgical care shall reimburse covered services delivered by means of telehealth on the same basis, at the same rate, and to the same extent that such services are reimbursed when delivered in person; provided that reimbursement of covered services delivered via telehealth shall not require reimbursement of costs not actually incurred in the provision of the telehealth services, including charges related to the use of a clinic or other facility when neither the originating site nor distant site occur within the clinic or other facility.

(3) An insurer that provides comprehensive coverage for hospital, medical, or surgical care with a network of health care providers shall ensure that such network is adequate to meet the telehealth needs of insured individuals for services covered under the policy when medically appropriate.

* NB Effective until April 1, 2028

* (a) An insurer shall not exclude from coverage a service that is otherwise covered under a policy that provides comprehensive coverage for hospital, medical or surgical care because the service is delivered via telehealth, as that term is defined in subsection (b) of this section; provided, however, that an insurer may exclude from coverage a service by a health care provider where the provider is not otherwise

covered under the policy. An insurer may subject the coverage of a service delivered via telehealth to co-payments, coinsurance or deductibles provided that they are at least as favorable to the insured as those established for the same service when not delivered via telehealth. An insurer may subject the coverage of a service delivered via telehealth to reasonable utilization management and quality assurance requirements that are consistent with those established for the same service when not delivered via telehealth.

* NB Effective April 1, 2028

(b) For purposes of this section, "telehealth" means the use of electronic information and communication technologies by a health care provider to deliver health care services to an insured individual while such individual is located at a site that is different from the site where the health care provider is located.

§ 3217-i. Essential health benefits package and limit on cost-sharing. (a) (1) For purposes of this article, "essential health benefits" shall mean the following categories of benefits:

(A) ambulatory patient services;

(B) emergency services;

(C) hospitalization;

(D) maternity and newborn care;

(E) mental health and substance use disorder services, including behavioral health treatment;

(F) prescription drugs;

(G) rehabilitative and habilitative services and devices;

(H) laboratory services;

(I) preventive and wellness services and chronic disease management; and

(J) pediatric services, including oral and vision care.

(2) An insurer shall not be required to provide coverage for pediatric oral services as an essential health benefit if:

(A) for coverage offered through the exchange established by this state, the exchange has determined sufficient coverage of the pediatric oral benefit is available through stand-alone dental plans certified by the exchange; or

(B) for coverage offered outside the exchange, the insurer obtains reasonable written assurance that the individual or group has obtained a stand-alone dental plan that has been approved by the superintendent as meeting exchange certification standards.

(b) (1) Every individual and small group accident and health insurance policy that provides hospital, surgical, or medical expense coverage and is not a grandfathered health plan shall provide coverage that meets the actuarial requirements of one of the following levels of coverage:

(A) Bronze Level. A plan in the bronze level shall provide a level of coverage that is designed to provide benefits that are actuarially equivalent to sixty percent of the full actuarial value of the benefits provided under the plan;

(B) Silver Level. A plan in the silver level shall provide a level of coverage that is designed to provide benefits that are actuarially equivalent to seventy percent of the full actuarial value of the benefits provided under the plan;

(C) Gold Level. A plan in the gold level shall provide a level of coverage that is designed to provide benefits that are actuarially equivalent to eighty percent of the full actuarial value of the benefits provided under the plan; or

(D) Platinum Level. A plan in the platinum level shall provide a level of coverage that is designed to provide benefits that are actuarially equivalent to ninety percent of the full actuarial value of the benefits provided under the plan.

(2) The superintendent may provide for a variation in the actuarial values used in determining the level of coverage of a plan to account for the differences in actuarial estimates.

(3) Every student accident and health insurance policy shall provide coverage that meets at least sixty percent of the full actuarial value of the benefits provided under the policy. The policy's schedule of benefits shall include the level as described in paragraph one of this subsection nearest to, but below the actual actuarial value.

(c) Every individual or group accident and health insurance policy that provides hospital, surgical, or medical expense coverage and is not a grandfathered health plan, and every student accident and health insurance policy shall limit the insured's cost-sharing for in-network services in a policy year to not more than the maximum out-of-pocket

amount determined by the superintendent for all policies subject to this section. Such amount shall not exceed any annual out-of-pocket limit on cost-sharing set by the United States secretary of health and human services, if available.

(d) The superintendent may require the use of model language describing the coverage requirements for any accident and health insurance policy form that is subject to the superintendent's approval pursuant to section three thousand two hundred one of this article.

(e) For purposes of this section:

(1) "actuarial value" means the percentage of the total expected payments by the insurer for benefits provided to a standard population, without regard to the population to whom the insurer actually provides benefits;

(2) "cost-sharing" means annual deductibles, coinsurance, copayments, or similar charges, for covered services;

(3) "essential health benefits package" means coverage that:

(A) provides for essential health benefits;

(B) limits cost-sharing for such coverage in accordance with subsection (c) of this section; and

(C) provides one of the levels of coverage described in subsection (b) of this section;

(4) "grandfathered health plan" means coverage provided by an insurer in which an individual was enrolled on March twenty-third, two thousand ten for as long as the coverage maintains grandfathered status in accordance with section 1251(e) of the Affordable Care Act, 42 U.S.C. § 18011(e);

(5) "small group" means a group of one hundred or fewer employees or members exclusive of spouses and dependents; and

(6) "student accident and health insurance" shall have the meaning set forth in subsection (a) of section three thousand two hundred forty of this article.

§ 3217-j. Utilization review determinations for medically fragile children. (a) Notwithstanding any inconsistent provision of the insurer's clinical standards, the insurer, and any utilization review agent under contract with such insurer, shall administer and apply the

clinical standards (and make determinations of medical necessity) regarding medically fragile children in accordance with the requirements of this section and any regulations with special considerations and processes for utilization review related to medically fragile children.

(b) Insurers shall undertake the following with respect to medically fragile children, and as applicable, shall ensure that their contracted utilization review agents undertake the following with respect to medically fragile children:

(1) Consider as medically necessary all covered services that assist medically fragile children in reaching their maximum functional capacity, taking into account the appropriate functional capacities of children of the same age.

(2) Shall not base determinations solely upon review standards applicable to (or designed for) adults to medically fragile children. Determinations shall take into consideration the specific needs of the child and the circumstances pertaining to their growth and development.

(3) Accommodate unusual stabilization and prolonged discharge plans for medically fragile children, as appropriate. Insurers, and as applicable their contracted utilization review agents, shall consider when developing and approving discharge plans issues including sudden reversals of condition or progress, which may make discharge decisions uncertain or more prolonged than for other children or adults.

(4) It is the insurer's network management responsibility under a managed care health insurance contract as defined in subsection (c) of section four thousand eight hundred one of this chapter to identify an available provider of needed covered services, as determined through a person centered care plan, to effect safe discharge from a hospital or other facility.

(5) This section does not limit any other rights a medically fragile child may have, including the right to appeal the denial of out of network coverage at in-network cost sharing levels where an appropriate in-network provider is not available pursuant to subsection a-two of section four thousand nine hundred four of this chapter.

(6) Insurers shall contract with providers with demonstrated expertise in caring for the medically fragile children. Network providers shall refer to appropriate network community and facility providers for covered services to meet the needs of the child or seek authorization

from the insurer for out-of-network providers when participating providers cannot meet the child's needs.

(c) In the event an insurer enters into a participation agreement with a specialty care center for medically fragile children in this state, the requirements of this section shall apply to that participation agreement and to all claims submitted to, or payments made by, any other insurers, health maintenance organizations or payors making payment to the specialty care center pursuant to the provisions of that participation agreement.

§ 3218. Medicare supplemental insurance policies. (a) In this section:

(1) "Medicare" means the coverage of health care costs provided under subchapter XVIII of the federal Social Security Act, 42 U.S.C. §§ 1395 et seq.

(2) "Medicare supplemental insurance" means any individual or group accident and health policy issued for delivery in this state on or after June tenth, nineteen hundred eighty, providing for the payment or reimbursement for health care services not provided by medicare, except that such terms shall not include a contract issued pursuant to subsections (c) and (d) of section four thousand two hundred thirty-five or section four thousand three hundred five of this chapter which covers employees of firms doing business in more than one state or the benefit structure of which was the subject of collective bargaining affecting employees of firms doing business in more than one state.

(b) The superintendent shall promulgate rules and regulations which:

(1) Establish as a separate classification, medicare supplemental insurance.

(2) Provide for minimum standards for medicare supplemental insurance policies.

(3) Require the ratio of benefits to premiums to be not less than an appropriate percentage determined by the superintendent and requiring the annual filing of data that will demonstrate the insurer's compliance.

(4) Provide a uniform system of designation for said policies which indicates the type and scope of coverage afforded.

(5) Provide for full disclosure of coverage in a clear and coherent

manner using words with common everyday language.

(6) Prohibit the advertisement, sale, or solicitation of any accident or health insurance policy as being supplemental to medicare coverage unless it conforms to minimum standards for medicare supplemental insurance policies provided by this section.

(7) Provide for the publication and dissemination of a consumer's shopping guide for medicare supplemental insurance.

(c) No authorized insurer shall issue or deliver in this state any medicare supplemental insurance policy other than a medicare supplemental insurance policy which includes the minimum standards as approved by the superintendent.

(d) (1) Every authorized insurer engaged in issuing for delivery in this state, policies for medicare supplemental insurance as set forth in this section shall file with the superintendent a report of all claims experience for such coverage for each twelve month period preceding the dates fixed by the superintendent for the filing of such reports. Such reports shall be made in writing and on a form prescribed by the superintendent not less than annually on dates determined by the superintendent.

(2) The provisions of this subsection shall remain in force until December thirty-first, nineteen hundred eighty-three.

§ 3219. Annuity and pure endowment contracts and certain group annuity certificates; standard provisions as to contractual rights and responsibilities of contract holders, certificate holders and insurers. (a) Except as provided in section four thousand two hundred forty of this chapter, every annuity or pure endowment contract except a group annuity contract, and every group annuity certificate to which section four thousand two hundred twenty-three of this chapter applies by reason of subsection (b) thereof, or to which section four thousand two hundred twenty-three of this chapter would apply if such certificate were not a variable annuity, delivered or issued for delivery in this state, shall contain in substance the following provisions, or provisions which the superintendent deems to be more favorable to the holders of such contracts or certificates:

(1) In any such contract or certificate requiring payments to be made

to the insurer, that, after the first payment, there shall be a grace period of thirty-one days following the due date of any subsequent payment within which the payment to the insurer may be made. During such grace period, the contract or certificate shall continue in full force. If a claim arises under the contract or certificate on account of death during the grace period, the insurer may deduct from the death benefit, or, in the case of a reversionary annuity, otherwise called a survivorship annuity, may, at its option, reduce annuity payments to take into account the portion of any unpaid payment applicable to the period ending with the last day of the month in which such death occurred;

(2) That, with respect to any statements, other than those relating to age, sex, and identity, required as a condition of issuing the contract or certificate, the contract or certificate shall be incontestable after it has been in force during the lifetime of the person or of each of the persons as to whom such statements are required, for a period of two years from its date of issue, except where payments required by the contract or certificate to be made to the insurer have not been made, and except for violation of the conditions, if any, of the contract or certificate relating to service in the armed forces; and at the option of the insurer, such contract or certificate may also except provisions relating to benefits for total and permanent disability and benefits for accidental death;

(3) That the contract, together with the application therefor if a copy of such application is attached to the contract when issued, shall constitute the entire contract between the parties;

(4) That nothing in the group annuity contract invalidates or impairs any right granted to the certificate holder by this section or the certificate;

(5) That if the age or sex of the person or persons upon whose life or lives the contract or certificate is made or of any of them has been misstated, the amount payable or benefit accruing under the contract or certificate shall be such as the payments to the insurer would have purchased according to the correct age or sex; and that if the insurer makes any underpayment or overpayment on account of any such misstatement, the amount thereof, with interest at a rate to be specified in the contract or certificate but not exceeding six per

centum per annum, shall be credited to, or charged against, the current or next succeeding payment or payments to be made by the insurer under the contract or certificate;

(6) That the insurer shall annually ascertain and apportion any divisible surplus accruing on the contract;

(7) Specifying the options available upon cessation of payment of considerations under a contract or certificate. Such options, except for those under a reversionary annuity or pure endowment contract, shall be in accordance with section four thousand two hundred twenty-three of this chapter;

(8) In any such contract or certificate requiring payments to be made to the insurer that at any time within three years from the date of default in making payments to the insurer unless the cash surrender value has been paid, the contract or certificate shall be reinstated if the person entitled thereto pursuant to the provisions of the contract or certificate

(A) applies to the insurer therefor,

(B) pays to the insurer all overdue payments and all indebtedness on the contract or certificate with interest on such overdue payments at a rate specified in the contract or certificate but not to exceed six per cent per annum, compounded annually, and interest on any such indebtedness at a rate or rates not exceeding the applicable loan rate or rates determined in accordance with the contract's or certificate's provisions, and

(C) where required by the insurer as a condition of reinstatement, provides evidence of insurability including good health reasonably satisfactory to the insurer;

(9) That upon surrender of the contract or certificate, together with a written request for cancellation, to the insurer during a period of not less than ten days nor more than thirty days from the date the contract or certificate was delivered to the holder thereof, the insurer refund either (i) any consideration paid for the contract or certificate, including any fees or other charges or, if the contract or certificate, or notice attached thereto, so provides, and the contract or certificate is subject to the provisions of section four thousand two hundred twenty-three of this chapter and provides for the determination of any cash surrender benefits in accordance with a market-value

adjustment formula, (ii) the amount of the cash surrender benefits provided under the contract or certificate plus the amount of all fees and other charges deducted from gross considerations or imposed under the contract or certificate. This provision shall appear in the contract or certificate or in a notice attached to it; provided, however, that the contract or certificate sold by mail order must contain a provision permitting the contract or certificate holder a thirty day period for such surrender.

(b) Any of the provisions of subsection (a) hereof or portions not applicable to non-participating contracts or certificates or not applicable to contracts or certificates for which a single payment to the insurer is made shall, to that extent, not be incorporated in such contract or certificate. Paragraphs one and eight of subsection (a) of this section shall not apply to contracts or certificates that do not require payments to be made to the insurer. An insurer shall issue a certificate for delivery to a person covered under a group annuity contract if such certificate, when issued, would be subject to subsection (a) of this section.

(c) Annuity contracts subject to this section may permit an adjustable maximum rate of interest on loans. Any such contract shall provide that loans shall bear interest at a rate not in excess of an adjustable maximum interest rate established from time to time by the insurer as permitted by law, and shall specify the regular intervals at which the interest rate is to be determined which shall be at least once every twelve months, but not more frequently than once in any three month period.

(d) This section shall not apply to contracts for deferred annuities or reversionary annuities upon the lives of beneficiaries under life insurance policies, nor, except to the extent expressly provided herein, to group annuity contracts.

§ 3220. Group life insurance policies; standard provisions. (a) No policy of group life insurance shall be delivered or issued for delivery in this state unless it contains in substance the following provisions or provisions which in the opinion of the superintendent are more favorable to certificate holders or not less favorable to certificate

holders and more favorable to policyholders:

(1) That the policy is incontestable after two years from its date of issue, except for nonpayment of premiums by the policyholder; and that no statement made by any person insured under the policy relating to his insurability shall be used in contesting the validity of the insurance with respect to which such statement was made after such insurance has been in force prior to the contest for a period of two years during such person's lifetime and in no event unless it is in a written instrument signed by him, a copy of which is or has been furnished to such person or to his beneficiary.

(2) That the rights of the policyholder or of any insured or beneficiary thereunder shall not be affected by any provision other than one contained in the policy or the riders or endorsements thereon or in the amendments thereto signed by the policyholder and the insurer, or in the copy of the policyholder's application attached to the policy or in the individual statements, if any, submitted in connection therewith.

(3) For the equitable adjustment of the premium or if the amount of insurance depends upon the age of the insured, for the equitable adjustment of the amount of insurance and the premium in the event of a misstatement of the age of the person insured.

(4) That the insurer will issue to the policyholder for delivery to the person whose life is insured under such policy a certificate containing a statement of the insurance protection to which he is entitled including any changes in such protection depending on the age of the person whose life is insured and the rights to which he is entitled in accordance with paragraphs six and seven hereof.

(5) That the benefits payable under any such policy shall be payable to the beneficiary or beneficiaries designated by the insured except, where the policy contains conditions pertaining to family status, the beneficiary may be the family member specified by the policy terms, but if there is no such designated or specified beneficiary as to all or any part of the insurance payable at the death of the insured, then the amount of insurance so payable for which there is no such designated or specified beneficiary shall be payable to the estate of the insured, except that the policy may provide that the insurer may in such case, at its option, pay such insurance to any one or more of the following surviving relatives: wife, husband, mother, father, child or children,

brothers or sisters; and except that the policy may provide that the insurer may, in any case, deduct from the aggregate sum payable under such policy on account of the death of the insured, an amount not to exceed five hundred dollars to be paid to any person or persons appearing to the insurer to be equitably entitled to same by reason of having incurred expenses on behalf of the insured or for his or her burial. Payment in accordance with any of the foregoing provisions shall completely discharge the insurer's liability with respect to the amount of insurance so paid.

(6) That if the insurance on an employee or member covered under the policy, other than one issued in accordance with paragraph three or eight of subsection (b) of section four thousand two hundred sixteen of this chapter, (A) ceases because of termination of (i) employment or of membership in the class or classes eligible for coverage under the policy, or (ii) the policy, or (B) is reduced (i) in the case of a policy covering an employee or union member under a plan arranged by the insured person's employer or union, on or after the employee's or union member's attainment of age sixty in any increment or series of increments aggregating twenty percent or more of the amount of coverage in force before the first reduction on account of such age, (ii) in the case of a policy covering any member other than as described in item (i) of this subparagraph, at the time of the first reduction of insurance, (iii) due to change in class or (iv) due to an amendment of the policy to take effect immediately or at any subsequent date, such employee or such member shall be entitled to have issued to him by the insurer, without evidence of insurability, upon application made to the insurer within thirty-one days after such termination or reduction of insurance and payment of the premium applicable to the class of risk to which he belongs and to the form and amount of the policy at his then attained age, a policy of life insurance only, in any one of the forms customarily issued by such insurer, except term insurance, in an amount equal to the amount of his protection under such group insurance policy at the time of such termination or reduction, less any amount of life insurance remaining in force, except however, in the case of a reduction in accordance with item (ii) of subparagraph (B) of this paragraph, in an amount equal to eighty percent of his insurance coverage under such group policy immediately prior to such reduction. Under a group policy

issued pursuant to paragraph twelve, thirteen or fourteen of subsection (b) of section four thousand two hundred sixteen of this chapter, an insured shall be entitled to convert, just as if he had terminated membership in the class or classes eligible for coverage, within thirty-one days after notice from the insurer that, in order to continue his coverage under the group policy, he must contribute more than one hundred thirty-three percent of the net premiums computed according to the Commissioners 1960 Standard Group Mortality Table at three percent interest. The group policy may contain a provision that if the policyholder or insurer shall terminate the policy, the amount of life insurance that may be converted shall in no event exceed the amount of such employee's or member's life insurance protection less any amount of life insurance for which he may be or may become eligible under any group policy issued or reinstated by the same or another insurer within forty-five days after the date of such cessation. However, at the option of such employee or member, he shall be entitled to have issued to him in accordance with the conditions prescribed above, a policy of life insurance only, in any one of such forms, preceded by term insurance for a period of one year with the premium payable, at the option of the employee or member, in any mode customarily offered by the insurer. In addition, the group policy shall contain a provision that if the coverage of an employee or member ceases because of termination of employment due to the employee's total and permanent disability or termination of membership due to the member's total and permanent disability, the employee or member, at the option of such employee or member, shall be entitled to have issued to him, a policy of life insurance only, in any one of such forms, preceded by term insurance for a period of one year with the premium payable, at the option of the employee or member, in any mode customarily offered by the insurer, in the amount of such employee's or member's life insurance protection in effect immediately before termination, less the amount of any life insurance which is replaced with the same or another insurer within forty-five days after cessation of the group life insurance protection. Each such group policy shall contain a further provision to the effect that upon the death of any such employee or member during such thirty-one day period and before any such individual policy has become effective, the amount of insurance for which such employee or member was

entitled to make application shall be payable as a death benefit by the insurer; provided, however, each such policy may contain a provision obligating the policyholder to pay a premium to the insurer for coverage extended during such thirty-one day period in the event the extension of coverage is a direct result of the policyholder's voluntary termination of the policy and the policyholder replaces coverage under the policy within six months of its termination either with the insurer or with another insurer. The individual conversion policy may provide that any statement made by the person insured under the group policy relating to his insurability under such group policy may be used in contesting the validity of the insurance under the individual conversion policy to the same extent that such statement could have been used in contesting the validity of his insurance under the group policy if his insurance under the group policy had not ceased. An individual conversion policy shall not exclude or restrict liability in the event of suicide of the insured after two years from the date that the insured became covered under the group policy. Notwithstanding the foregoing, the superintendent may require conversion or continuation of insurance under conditions as set forth in a regulation for insureds under a policy issued in accordance with paragraph three of subsection (b) of section four thousand two hundred sixteen of this chapter.

(7) At the option of the employee or member, any converted policy or policies shall provide coverage for the dependents or class of dependents of such employee or member who were insured under the group policy. The effective date of the converted policy or policies shall be the date of termination of the employee's or member's insurance under the group policy. The conversion privilege shall be available (A) upon termination or reduction of insurance as described in paragraph six of this subsection, (B) upon the death of the employee or member to the surviving spouse with respect to such spouse and children as are then insured by the group policy, (C) to a child upon his attaining the limiting age of coverage under the group policy while insured as a dependent thereunder, and (D) upon the divorce or annulment of the marriage of the employee or member to the spouse or former spouse of such employee or member.

(8) That in the event a group life insurance policy issued for delivery in this state permits a certificate holder to convert to

another type of life insurance within a specified time after the happening of an event, such certificate holder shall be notified of such privilege and its duration within fifteen days before or after the happening of the event, provided that if such notice be given more than fifteen days, but less than ninety days after the happening of such event, the time allowed for the exercise of such privilege of conversion shall be extended for forty-five days after the giving of such notice. If such notice be not given within ninety days after the happening of the event, the time allowed for the exercise of such conversion privilege shall expire at the end of such ninety days. Written notice by the policyholder given to the certificate holder or mailed to the certificate holder at his last known address, or written notice by the insurer mailed to the certificate holder at the last address furnished to the insurer by the policyholder, shall be deemed full compliance with the provisions of this paragraph for the giving of notice.

(9) That all new employees of the employer or all new members of the labor union or other association or group as defined in this chapter, or all new debtors of the vendor or creditor, as the case may be, in the groups or classes eligible for such insurance must be added to such groups or classes for which they are respectively eligible.

(10) In the case of a policy covering members of a labor union, or other association or group as defined in this chapter (other than a group as defined in paragraph one or three of subsection (b) of section four thousand two hundred sixteen of this chapter, a notice in such policy to the effect that the premium for the renewable term as therein provided depends upon the attained ages of the members in the group and increases with advancing ages.

(11) If the policy is in whole or in part on a plan of insurance other than the term plan, it shall contain a nonforfeiture provision or provisions which in the opinion of the superintendent is or are equitable to the insured persons and to the policyholder, but this paragraph does not require that such policy contain the same nonforfeiture provisions required for individual life insurance policies.

(12) In every group plan issued in accordance with paragraph three of subsection (b) of section four thousand two hundred sixteen of this chapter insuring loans made by production credit associations organized

pursuant to an Act of Congress of the United States, entitled the "Farm Credit Act of 1933", approved June sixteenth, nineteen hundred thirty-three as amended, or insuring loans made by a bank, trust company or industrial bank to a borrower engaged in the business of farming, crop production or the raising, breeding, fattening or marketing of livestock for the purpose of such business and other requirements of the borrower, a provision that, upon renewal of the loan commitment each year prior to the attainment of age fifty by the certificate-holder, coverage may be renewed by the certificate-holder without additional requirements each year in an amount equal to the loan commitment or the previous year's coverage, whichever is less, unless coverage has been previously terminated by action of the certificate-holder, and further provided that the group policy is in full force and effect on the date of renewal.

(b) None of the provisions of subsection (a) hereof relating to a certificate issued under any group life insurance policy shall be deemed applicable to any such policy which is issued to a vendor or creditor, as defined in section four thousand two hundred sixteen of this chapter and under the provisions of which no individual certificates are issued or are issuable.

(c) (1) Notwithstanding any provision of law, a person whose life is insured under any policy of group life insurance, whether or not such policy is otherwise subject to this section, is permitted to make an assignment of all or any part of his incidents of ownership in such insurance, including, without limitation, any right to designate a beneficiary or beneficiaries thereunder and any right to have an individual policy issued upon termination either of employment or of said policy of group life insurance, provided that the insurer and the group policyholder may prohibit or restrict such assignment by appropriate policy provisions except as otherwise provided in paragraph three of this subsection.

(2) Paragraph one of this subsection shall be construed as declaring the law as it existed prior to its enactment and not as modifying it.

(3) A group policy that permits assignment of an insured person's rights by gift shall also allow assignment for value to the same extent that it allows assignment by gift.

(d) The provisions of paragraphs four, five, six, seven, eight, nine

and ten of subsection (a) of this section and paragraph one of subsection (c) of this section shall not apply to policies issued under the authority of subsection (d) or subparagraph (B) of paragraph (1) of subsection (a) of section three thousand two hundred five of this article.

§ 3221. Group or blanket accident and health insurance policies; standard provisions. (a) No policy of group or blanket accident and health insurance shall, except as provided in subsection (d) hereof, be delivered or issued for delivery in this state unless it contains in substance the following provisions or provisions which in the opinion of the superintendent are more favorable to the holders of such certificates or not less favorable to the holders of such certificates and more favorable to policyholders, provided however, that the provisions set forth in paragraphs six and thirteen of this subsection shall not be applicable to any such policy which is issued to a policyholder in accordance with subparagraph (E) of paragraph one of subsection (c) of section four thousand two hundred thirty-five of this chapter:

(1) (A) No statement made by the person insured shall avoid the insurance or reduce benefits thereunder unless contained in a written instrument signed by the person insured.

(B) All statements contained in any such written instrument shall be deemed representations and not warranties.

(2) That no agent has authority to change the policy or waive any of its provisions and that no change in the policy shall be valid unless approved by an officer of the insurer and evidenced by endorsement on the policy, or by amendment to the policy signed by the policyholder and the insurer.

(3) That all new employees or new members in the classes eligible for insurance must be added to such class for which they are eligible.

(4) That all premiums due under the policy shall be remitted by the employer or employers of the persons insured or by some other designated person acting on behalf of the association or group insured, to the insurer on or before the due date thereof, with such period of grace as may be specified therein.

(5) The conditions under which the insurer may decline to renew the policy.

(6) That the insurer shall issue either to the employer or person in whose name such policy is issued, for delivery to each member of the insured group, a certificate setting forth in summary form a statement of the essential features of the insurance coverage and in substance the following provisions of this subsection.

(7) The ages, to which the insurance provided therein shall be limited; and the ages, for which additional restrictions are placed on benefits, and the additional restrictions placed on the benefits at such ages.

(8) That written notice of claim must be given to the insurer within twenty days after the occurrence or commencement of any loss covered by the policy. Failure to give notice within such time shall not invalidate or reduce any claim if it shall be shown not to have been reasonably possible to give such notice and that notice was given as soon as was reasonably possible.

(9) That in the case of claim for loss of time for disability, written proof of such loss must be furnished to the insurer within thirty days after the commencement of the period for which the insurer is liable, and that subsequent written proofs of the continuance of such disability must be furnished to the insurer at such intervals as the insurer may reasonably require, and that in the case of claim for any other loss, written proof of such loss must be furnished to the insurer within one hundred twenty days after the date of such loss. Failure to furnish such proof within such time shall not invalidate or reduce any claim if it shall be shown not to have been reasonably possible to furnish such proof within such time, provided such proof was furnished as soon as reasonably possible.

(10) That the insurer will furnish to the person making claim or to the policyholder for delivery to such person such forms as are usually furnished by it for filing proof of loss. If such forms are not furnished before the expiration of fifteen days after the insurer receives notice of any claim under the policy, the person making such claim shall be deemed to have complied with the requirements of the policy as to proof of loss upon submitting within the time fixed in the policy for filing proof of loss, written proof covering the occurrence,

character and extent of the loss for which claim is made.

(11) That the insurer shall have the right and opportunity to examine the person of the individual for whom claim is made when and so often as it may reasonably require during the pendency of claim under the policy and also the right and opportunity to make an autopsy in case of death where it is not prohibited by law.

(12) That benefits payable under the policy other than benefits for loss of time will be payable not more than sixty days after receipt of proof, and that, subject to due proof of loss all accrued benefits payable under the policy for loss of time will be paid not less frequently than monthly during the continuance of the period for which the insurer is liable, and that any balance remaining unpaid at the termination of such period will be paid immediately upon receipt of such proof.

(13) That indemnity for loss of life of the insured is payable in accordance with subsection (e) of section four thousand two hundred thirty-five of this chapter; and that all other indemnities of the policy are payable to the insured, except as may be otherwise provided in accordance with such subsection; and that if a beneficiary is designated, the consent of the beneficiary shall not be requisite to change of beneficiary, or to any other changes in the policy or certificate, except as may be specifically provided by the policy.

(14) That no action at law or in equity shall be brought to recover on the policy prior to the expiration of sixty days after proof of loss has been filed in accordance with the requirements of the policy and that no such action shall be brought after the expiration of two years following the time such proof of loss is required by the policy.

(15) Any policy and certificate, other than one issued in fulfillment of the continuing care responsibilities of an operator of a continuing care retirement community in accordance with article forty-six of the public health law, made available because of residence in a particular facility, housing development, or community shall contain the following notice in twelve point type in bold face on the first page:

"NOTICE - THIS POLICY OR CERTIFICATE DOES NOT MEET THE REQUIREMENTS OF A CONTINUING CARE RETIREMENT CONTRACT. AVAILABILITY OF THIS COVERAGE WILL NOT QUALIFY A RESIDENTIAL FACILITY AS A CONTINUING CARE RETIREMENT COMMUNITY."

(16) No policy delivered or issued for delivery in this state which provides coverage for prescription drugs and for which cost-sharing, deductibles or co-insurance obligations are determined by category of prescription drugs shall impose cost-sharing, deductibles or co-insurance obligations for any prescription drug that exceeds the dollar amount of cost-sharing, deductibles or co-insurance obligations for non-preferred brand drugs or its equivalent (or brand drugs if there is no non-preferred brand drug category).

(17) Every policy delivered or issued for delivery in this state which provides major medical or similar comprehensive-type coverage shall provide space on any enrollment, renewal or initial online portal process setup forms required of an insured or applicant for insurance so that the insured or applicant for insurance shall register or decline registration in the donate life registry for organ, eye and tissue donations under this section of the enrollment, renewal or initial online portal process setup forms and that the following is stated on the form in clear and conspicuous type:

"You must fill out the following section: Would you like to be added to the Donate Life Registry? Check box for 'yes' or 'skip this question'."

(b) No such policy shall be delivered or issued for delivery in this state unless a schedule of the premium rates pertaining to such form shall have been filed with the superintendent.

(c) Any portion of any such policy, which purports, by reason of the circumstances under which a loss is incurred, to reduce any benefits promised thereunder to an amount less than that provided for the same loss occurring under ordinary circumstances, shall be printed, in such policy and in each certificate issued thereunder, in bold face type and with greater prominence than any other portion of the text of such policy or certificate; and all other exceptions of the policy shall be printed in the policy and in the certificate, with the same prominence as the benefits to which they apply. If any such policy contains any provision which affects the liability of the insurer, on the grounds stated in subparagraph (J) or (K) of paragraph two of subsection (d) of section three thousand two hundred sixteen of this article, then such provision shall be contained in the policy and certificate in the form set forth in such section.

(d) (1) The superintendent may approve any form of certificate to be issued under a blanket accident and health insurance policy as defined in section four thousand two hundred thirty-seven of this chapter, which omits or modifies any of the provisions hereinbefore required, if the superintendent deems such omission or modification suitable for the character of such insurance and not unjust to the persons insured thereunder. Certificates issued under a policy or contract of student accident and health insurance as defined in section three thousand two hundred forty of this article shall comply with such section.

(2) The superintendent may approve any form of group insurance policy providing disability benefits to be issued pursuant to article nine of the workers' compensation law which omits or modifies any of the provisions hereinbefore required, if such omission or modification is not inconsistent with the provisions of such article nine and he deems such omission or modification suitable for the character of such insurance and not unjust to the persons insured thereunder.

(3) The superintendent may also approve any form of group insurance policy to be issued to a social services district pursuant to subdivision two of section three hundred sixty-seven-a of the social services law, which omits or modifies any of the provisions hereinbefore required, if he deems such omission or modification suitable for the character of such insurance.

(e) (1) A group policy providing hospital, medical or surgical expense insurance for other than specific diseases or accident only, shall provide that if the insurance on an employee or member insured under the group policy ceases because of termination of (A) employment or of membership in the class or classes eligible for coverage under the policy or (B) the policy, for any reason whatsoever, unless the policyholder has replaced the group policy with similar and continuous coverage for the same group whether insured or self-insured, such employee or member who has been insured under the group policy shall be entitled to have issued to the insured by the insurer without evidence of insurability upon application made to the insurer within sixty days after such termination, and payment of the quarterly, or, at the option of the employee or member, a less frequent premium applicable to the form and amount of insurance, an individual policy of insurance. The insurer may, at its option elect to provide the insurance coverage under

a group insurance policy, delivered in this state, in lieu of the issuance of a converted individual policy of insurance. Such individual policy, or group policy, as the case may be is hereafter referred to as the converted policy. The benefits provided under the converted policy shall be those required by subsection (f) and (g) of this section, in the event of termination of the converted group policy of insurance, each insured thereunder shall have a right of conversion to a converted individual policy of insurance.

(2) The insurer shall not be required to issue a converted policy covering any person if such person is covered for similar benefits by another hospital or surgical or medical expense insurance policy or hospital or medical service subscriber contract or medical practice or other prepayment plan or by any other plan or program or such person is eligible for similar benefits, whether or not covered therefor, under any arrangement of coverage for individuals in a group, other than under the converted policy, whether on an insured or uninsured basis or similar benefits are provided for or available to such person pursuant to any statute; and the benefits provided or available under any of such sources which together with the benefits provided under the converted policy would result in overinsurance or duplication of benefits according to standards on file with the superintendent.

(3) The converted policy shall, at the option of the employee or member, provide identical coverage for the dependents of such employee or member who were covered under the group policy. Provided, however, that if the employee or member chooses the option of dependent coverage then dependents acquired after the permitted time to convert stated in paragraph one of this subsection shall be added to the converted family policy in accordance with the provisions of subsection (c) of section thirty-two hundred sixteen of this article and any regulations promulgated or guidelines issued by the superintendent. The effective date of the individual's coverage under the converted policy shall be the date of the termination of the individual's insurance under the group policy as to those persons covered under the group policy.

(4) If delivery of an individual converted policy is to be made outside this state, it may be on such form as the insurer may then be offering for such conversion in the jurisdiction where such delivery is to be made.

(5) The conversion provision shall also be available upon the death of the employee or member, to the surviving spouse with respect to such of the spouse and children as are then covered by the group policy, and shall be available to a child solely with respect to himself upon his attaining the limiting age of coverage under the group policy while covered as a dependent thereunder. It shall also be available upon the divorce or annulment of the marriage of the employee or member, to the former spouse of such employee or member.

(6) (A) Each certificate holder shall be given written notice of such conversion privilege and its duration within fifteen days before or after the date of termination of group coverage, provided that if such notice be given more than fifteen days but less than ninety days after the date of termination of group coverage, the time allowed for the exercise of such privilege of conversion shall be extended for forty-five days after the giving of such notice. If such notice be not given within ninety days after the date of termination of group coverage, the time allowed for the exercise of such conversion privilege shall expire at the end of such ninety days.

(B) Written notice by the policyholder given to the certificate holder or mailed to the certificate holder's last known address, or written notice by the insurer be sent by first class mail to the certificate holder at the last address furnished to the insurer by the policyholder, shall be deemed full compliance with the provisions of this subsection for the giving of notice.

(C) A group contract issued by an insurer may contain a provision to the effect that notice of such conversion privilege and its duration shall be given by the policyholder to each certificate holder upon termination of his group coverage.

(7) In addition to the right of conversion herein, the employee or member insured under the policy shall at his option, as an alternative to conversion, be entitled to have his coverage continued under the group policy in accordance with the conditions and limitations contained in subsection (m) of this section, and have issued at the end of the period of continuation an individual conversion policy subject to the terms of this subsection. The effective date for the conversion policy shall be the day following the termination of insurance under the group policy, or if there is a continuation of coverage, on the day following

the end of the period of continuation. Notwithstanding the foregoing, the superintendent may require conversion or continuation of insurance under conditions as set forth in a regulation for insureds under a policy issued in accordance with subparagraph (E) of paragraph one of subsection (c) of section four thousand two hundred thirty-five of this chapter.

(8) For purposes of this subsection, the term "dependent" shall include a child as described in subsection (f) of section four thousand two hundred thirty-five of this chapter.

(f) If the group insurance policy insures the employee or member for hospital, medical or surgical expense insurance, or if the group insurance policy insures the employee or member for major medical or similar comprehensive-type coverage, then the conversion privilege shall entitle the employee or member to obtain coverage under a converted policy providing, at the insured's option, coverage under any one of the plans described in subsection (g) of this section on an expense incurred basis.

(g) For conversion purposes, an insurer shall offer to the employee or member a policy at each level of coverage as defined in subsection (b) of section three thousand two hundred seventeen-i of this article that contains the essential health benefits package described in paragraph three of subsection (e) of section three thousand two hundred seventeen-i of this article. Provided, however, the superintendent may, after giving due consideration to the public interest, approve a request made by an insurer for the insurer to satisfy the requirements of this subsection and subsections (e) and (f) of this section through the offering of policies that comply with this subsection by another insurer, corporation or health maintenance organization within the insurer's holding company system, as defined in article fifteen of this chapter.

(h) Every small group policy or association group policy delivered or issued for delivery in this state that provides coverage for hospital, medical or surgical expense insurance and is not a grandfathered health plan shall provide coverage for the essential health benefits package. For purposes of this subsection:

(1) "essential health benefits package" shall have the meaning set forth in paragraph three of subsection (e) of section three thousand two

hundred seventeen-i of this article;

(2) "grandfathered health plan" means coverage provided by an insurer in which an individual was enrolled on March twenty-third, two thousand ten for as long as the coverage maintains grandfathered status in accordance with section 1251(e) of the affordable care act, 42 U.S.C. § 18011(e);

(3) "small group" means a group of one hundred or fewer employees or members exclusive of spouses and dependents; and

(4) "association group" means a group defined in subparagraphs (B), (D), (H), (K), (L) or (M) of paragraph one of subsection (c) of section four thousand two hundred thirty-five of this chapter, provided that:

(A) the group includes one or more individual members; or

(B) the group includes one or more member employers or other member groups that are small groups.

(i) An insurer shall not be required to offer the policyholder any benefits that must be made available pursuant to this section if the benefits must be covered pursuant to subsection (h) of this section. For any policy issued within the health benefit exchange established by this state, an insurer shall not be required to offer the policyholder any benefits that must be made available pursuant to this section.

(j) No policy of group or blanket accident and health insurance shall be issued as excess coverage for volunteer firefighters over and above the coverage provided for pursuant to the volunteer firefighters' benefit law unless such excess policy provides for each of the types of coverages set forth in subdivision one of section five of such law. Any excess policy which does not contain such provisions shall be construed as if such coverages were embodied therein.

(k) (1) (A) Every group policy delivered or issued for delivery in this state which provides coverage for in-patient hospital care shall provide coverage for home care to residents in this state, except that this provision shall not apply to a policy which covers persons employed in more than one state or the benefit structure of which was the subject of collective bargaining affecting persons who are employed in more than one state. Such home care coverage shall be included at the inception of all new policies and, with respect to all other policies, added at any anniversary date of the policy subject to evidence of insurability.

(B) Such coverage may be subject to an annual deductible of not more

than fifty dollars for each person covered under the policy and may be subject to a coinsurance provision which provides for coverage of not less than seventy-five percent of the reasonable charges for such services.

(C) Home care means the care and treatment of a covered person who is under the care of a physician but only if hospitalization or confinement in a nursing facility as defined in subchapter XVIII of the federal Social Security Act, 42 U.S.C. §§ 1395 et seq, would otherwise have been required if home care was not provided, and the plan covering the home health service is established and approved in writing by such physician.

(D) Home care shall be provided by an agency possessing a valid certificate of approval or license issued pursuant to article thirty-six of the public health law and shall consist of one or more of the following:

(i) Part-time or intermittent home nursing care by or under the supervision of a registered professional nurse (R.N.).

(ii) Part-time or intermittent home health aide services which consist primarily of caring for the patient.

(iii) Physical, occupational or speech therapy if provided by the home health service or agency.

(iv) Medical supplies, drugs and medications prescribed by a physician, and laboratory services by or on behalf of a certified home health agency or licensed home care services agency to the extent such items would have been covered under the contract if the covered person had been hospitalized or confined in a skilled nursing facility as defined in subchapter XVIII of the federal Social Security Act, 42 U.S.C. §§ 1395 et seq.

(E) For the purpose of determining the benefits for home care available to a covered person, each visit by a member of a home care team shall be considered as one home care visit; the contract may contain a limitation on the number of home care visits, but not less than forty such visits in any calendar year or in any continuous period of twelve months, for each person covered under the contract; four hours of home health aide service shall be considered as one home care visit.

(2) (A) Every insurer issuing a group policy delivered or issued for delivery in this state which provides coverage for in-patient hospital care shall include coverage for preadmission tests performed in hospital

facilities prior to scheduled surgery, except that this provision shall not apply to a policy which covers persons employed in more than one state or the benefit structure of which was the subject of collective bargaining affecting persons who are employed in more than one state.

(B) Such policy shall provide benefits for tests ordered by a physician which are performed in the out-patient facilities of a hospital as a planned preliminary to admission of the patient as an in-patient for surgery in the same hospital, provided that:

(i) tests are necessary for and consistent with the diagnosis and treatment of the condition for which surgery is to be performed;

(ii) reservations for a hospital bed and for an operating room were made prior to the performance of the tests;

(iii) the surgery actually takes place within seven days of such presurgical tests; and

(iv) the patient is physically present at the hospital for the tests.

(C) Coverage for abortion shall include coverage of any drug prescribed for the purpose of an abortion, including both generic and brand name drugs, even if such drug has not been approved by the food and drug administration for abortion, provided, however, that such drug shall be a recognized medication for abortion in one of the following established reference compendia:

(i) The WHO Model Lists of Essential Medicines;

(ii) The WHO Abortion Care Guidance; or

(iii) The National Academies of Science, Engineering, and Medicine Consensus Study Report.

(3) Every group policy delivered or issued for delivery in this state which provides coverage for in-patient surgical care shall include coverage for a second surgical opinion by a qualified physician on the need for surgery, except that this provision shall not apply to a policy which covers persons employed in more than one state or the benefit structure of which was the subject of collective bargaining affecting persons who are employed in more than one state.

(4) (A) Every group policy delivered or issued for delivery in this state that provides coverage for inpatient hospital care shall include coverage for services to treat an emergency condition provided in hospital facilities, except that this provision shall not apply to a policy which covers persons employed in more than one state or the

benefit structure of which was the subject of collective bargaining affecting persons who are employed in more than one state unless the policy otherwise provides coverage for services to treat an emergency condition provided in hospital facilities:

(i) without the need for any prior authorization determination;

(ii) regardless of whether the health care provider furnishing such services is a participating provider with respect to such services;

(iii) if the emergency services are provided by a non-participating provider, without imposing any administrative requirement or limitation on coverage that is more restrictive than the requirements or limitations that apply to emergency services received from participating providers; and

(iv) if the emergency services are provided by a non-participating provider, the cost-sharing requirement (expressed as a copayment or coinsurance) shall be the same requirement that would apply if such services were provided by a participating provider.

(B) Any requirements of section 2719A(b) of the Public Health Service Act, 42 U.S.C. § 300gg19a(b) and regulations thereunder that exceed the requirements of this paragraph with respect to coverage of emergency services shall be applicable to every policy subject to this paragraph.

(C) In this paragraph, an "emergency condition" means a medical or behavioral condition that manifests itself by acute symptoms of sufficient severity, including severe pain, such that a prudent layperson, possessing an average knowledge of medicine and health, could reasonably expect the absence of immediate medical attention to result in (i) placing the health of the person afflicted with such condition in serious jeopardy, or in the case of a behavioral condition placing the health of such person or others in serious jeopardy; (ii) serious impairment to such person's bodily functions; (iii) serious dysfunction of any bodily organ or part of such person; (iv) serious disfigurement of such person; or (v) a condition described in clause (i), (ii) or (iii) of section 1867(e)(1)(A) of the Social Security Act.

(D) In this paragraph, "emergency services" means, with respect to an emergency condition: (i) a medical screening examination as required under section 1867 of the Social Security Act, 42 U.S.C. § 1395dd, which is within the capability of the emergency department of a hospital, including ancillary services routinely available to the emergency

department to evaluate such emergency medical condition: and (ii) within the capabilities of the staff and facilities available at the hospital, such further medical examination and treatment as are required under section 1867 of the Social Security Act, 42 U.S.C. § 1395dd, to stabilize the patient.

(E) In this paragraph, "to stabilize" means, with respect to an emergency condition, to provide such medical treatment of the condition as may be necessary to assure, within reasonable medical probability, that no material deterioration of the condition is likely to result from or occur during the transfer of the insured from a facility or to deliver a newborn child (including the placenta).

(5) (A) (i) Every group or blanket policy delivered or issued for delivery in this state which provides hospital, surgical or medical coverage shall include coverage for maternity care, including hospital, surgical or medical care to the same extent that coverage is provided for illness or disease under the policy. Such maternity care coverage, other than coverage for perinatal complications, shall include inpatient hospital coverage for mother and newborn for at least forty-eight hours after childbirth for any delivery other than a caesarean section, and for at least ninety-six hours after a caesarean section. Such coverage for maternity care shall include the services of a midwife licensed pursuant to article one hundred forty of the education law, practicing consistent with section sixty-nine hundred fifty-one of the education law and affiliated or practicing in conjunction with a facility licensed pursuant to article twenty-eight of the public health law, but no insurer shall be required to pay for duplicative routine services actually provided by both a licensed midwife and a physician.

(ii) Maternity care coverage shall also include, at minimum, parent education, assistance and training in breast or bottle feeding, and the performance of any necessary maternal and newborn clinical assessments.

(iii) The mother shall have the option to be discharged earlier than the time periods established in item (i) of this subparagraph. In such case, the inpatient hospital coverage must include at least one home care visit which shall be in addition to, rather than in lieu of, any home health care coverage available under the policy. The policy must cover the home care visit, which may be requested at any time within forty-eight hours of the time of delivery (ninety-six hours in the case

of caesarean section), and shall be delivered within twenty-four hours, (I) after discharge, or (II) of the time of the mother's request, whichever is later. Such home care coverage shall be pursuant to the policy and subject to the provisions of this subparagraph, and not subject to deductibles, coinsurance or copayments.

(B) Coverage provided under this paragraph for care and treatment during pregnancy shall include provision for not less than two payments, at reasonable intervals and for services rendered, for prenatal care and a separate payment for the delivery and postnatal care provided.

* (D) Coverage provided under this paragraph for care and treatment during pregnancy shall include medically necessary transvaginal ultrasounds when recommended by nationally recognized clinical practice guidelines. For the purposes of this subparagraph, "nationally recognized clinical practice guidelines" means evidence-based clinical practice guidelines informed by a systematic review of evidence and an assessment of the benefits, and risks of alternative care options intended to optimize patient care developed by independent organizations or medical professional societies utilizing a transparent methodology and reporting structure and with a conflict of interest policy.

* NB Effective January 1, 2027

(5-a) Every policy that provides medical, major medical, or similar comprehensive-type coverage shall provide coverage for prenatal vitamins when prescribed by a health care practitioner licensed, certified, or authorized under title eight of the education law, and acting within their lawful scope of practice.

(6) (A) Every group policy issued or delivered in this state which provides coverage for hospital care shall not exclude coverage for hospital care for diagnosis and treatment of correctable medical conditions otherwise covered by the policy solely because the medical condition results in infertility; provided, however that:

(i) subject to the provisions of subparagraph (C) of this paragraph, in no case shall such coverage exclude surgical or medical procedures provided as part of such hospital care which would correct malformation, disease or dysfunction resulting in infertility; and

(ii) provided, further however, that subject to the provisions of subparagraph (C) of this paragraph, in no case shall such coverage exclude diagnostic tests and procedures provided as part of such

hospital care that are necessary to determine infertility or that are necessary in connection with any surgical or medical treatments or prescription drug coverage provided pursuant to this paragraph, including such diagnostic tests and procedures as hysterosalpingogram, hysteroscopy, endometrial biopsy, laparoscopy, sono-hysterogram, post coital tests, testis biopsy, semen analysis, blood tests and ultrasound; and

(iii) provided, further however, every such policy which provides coverage for prescription drugs shall include, within such coverage, coverage for prescription drugs approved by the federal Food and Drug Administration for use in the diagnosis and treatment of infertility in accordance with subparagraph (C) of this paragraph.

(B) Every group policy issued or delivered in this state which provides coverage for surgical and medical care shall not exclude coverage for surgical and medical care for diagnosis and treatment of correctable medical conditions otherwise covered by the policy solely because the medical condition results in infertility; provided, however that:

(i) subject to the provisions of subparagraph (C) of this paragraph, in no case shall such coverage exclude surgical or medical procedures which would correct malformation, disease or dysfunction resulting in infertility; and

(ii) provided, further however, that subject to the provisions of subparagraph (C) of this paragraph, in no case shall such coverage exclude diagnostic tests and procedures that are necessary to determine infertility or that are necessary in connection with any surgical or medical treatments or prescription drug coverage provided pursuant to this paragraph, including such diagnostic tests and procedures as hysterosalpingogram, hysteroscopy, endometrial biopsy, laparoscopy, sono-hysterogram, post coital tests, testis biopsy, semen analysis, blood tests and ultrasound; and

(iii) provided, further however, every such policy which provides coverage for prescription drugs shall include, within such coverage, coverage for prescription drugs approved by the federal Food and Drug Administration for use in the diagnosis and treatment of infertility in accordance with subparagraph (C) of this paragraph.

(C) Coverage of diagnostic and treatment procedures, including

prescription drugs, used in the diagnosis and treatment of infertility as required by subparagraphs (A) and (B) of this paragraph shall be provided in accordance with the provisions of this subparagraph.

(i) Diagnosis and treatment of infertility shall be prescribed as part of a physician's overall plan of care and consistent with the guidelines for coverage as referenced in this subparagraph.

(ii) Coverage may be subject to co-payments, coinsurance and deductibles as may be deemed appropriate by the superintendent and as are consistent with those established for other benefits within a given policy.

(iii) Except as provided in items (vi) and (vii) of this subparagraph, coverage shall not be required to include the diagnosis and treatment of infertility in connection with: (I) in vitro fertilization, gamete intrafallopian tube transfers or zygote intrafallopian tube transfers; (II) the reversal of elective sterilizations; (III) sex change procedures; (IV) cloning; or (V) medical or surgical services or procedures that are deemed to be experimental in accordance with clinical guidelines referenced in item (iv) of this subparagraph.

(iv) The superintendent, in consultation with the commissioner of health, shall promulgate regulations which shall stipulate the guidelines and standards which shall be used in carrying out the provisions of this subparagraph, which shall include:

(I) The identification of experimental procedures and treatments not covered for the diagnosis and treatment of infertility determined in accordance with the standards and guidelines established and adopted by the American College of Obstetricians and Gynecologists and the American Society for Reproductive Medicine;

(II) The identification of the required training, experience and other standards for health care providers for the provision of procedures and treatments for the diagnosis and treatment of infertility determined in accordance with the standards and guidelines established and adopted by the American College of Obstetricians and Gynecologists and the American Society for Reproductive Medicine; and

(III) The determination of appropriate medical candidates by the treating physician in accordance with the standards and guidelines established and adopted by the American College of Obstetricians and Gynecologists and/or the American Society for Reproductive Medicine.

(v)(I) For the purposes of this paragraph, "infertility" means a disease or condition characterized by the incapacity to impregnate another person or to conceive, defined by the failure to establish a clinical pregnancy after twelve months of regular, unprotected sexual intercourse or therapeutic donor insemination, or after six months of regular, unprotected sexual intercourse or therapeutic donor insemination for a female thirty-five years of age or older. Earlier evaluation and treatment may be warranted based on an individual's medical history or physical findings.

(II) For purposes of this paragraph, "iatrogenic infertility" means an impairment of fertility by surgery, radiation, chemotherapy or other medical treatment affecting reproductive organs or processes.

(vi) Coverage shall also include standard fertility preservation services when a medical treatment may directly or indirectly cause iatrogenic infertility to an insured. Coverage may be subject to annual deductibles and coinsurance, including copayments, as may be deemed appropriate by the superintendent and as are consistent with those established for other benefits within a given policy.

(vii) Every large group policy delivered or issued for delivery in this state that provides medical, major medical or similar comprehensive-type coverage shall provide coverage for three cycles of in-vitro fertilization used in the treatment of infertility. Coverage may be subject to annual deductibles and coinsurance, including copayments, as may be deemed appropriate by the superintendent and as are consistent with those established for other benefits within a given policy. For purposes of this item, a "cycle" is defined as either all treatment that starts when: preparatory medications are administered for ovarian stimulation for oocyte retrieval with the intent of undergoing in-vitro fertilization using a fresh embryo transfer; or medications are administered for endometrial preparation with the intent of undergoing in-vitro fertilization using a frozen embryo transfer.

(viii) No insurer providing coverage under this paragraph shall discriminate based on an insured's expected length of life, present of predicted disability, degree of medical dependency, perceived quality of life, or other health conditions, nor based on personal characteristics, including age, sex, sexual orientation, marital status or gender identity.

(D) Every policy that provides coverage for prescription fertility drugs and requires or permits prescription drugs to be purchased through a network participating mail order or other non-retail pharmacy shall provide the same coverage for prescription fertility drugs when such drugs are purchased from a network participating non-mail order retail pharmacy provided that the network participating non-mail order retail pharmacy agrees in advance through a contractual network agreement, to the same reimbursement amount, as well as the same applicable terms and conditions, that the insurer has established for a network participating mail order or other non-retail pharmacy. In such case, the policy shall not impose any fee, co-payment, co-insurance, deductible or other condition on any covered person who elects to purchase prescription fertility drugs through a network participating non-mail order retail pharmacy that it does not impose on any covered person who purchases prescription fertility drugs through a network participating mail order or other non-retail pharmacy; provided, however, that the provisions of this section shall not supersede the terms of a collective bargaining agreement or apply to a policy that is the result of a collective bargaining agreement between an employer and a recognized or certified employee organization.

(7)(A) Every group or blanket accident and health insurance policy issued or issued for delivery in this state which provides medical coverage that includes coverage for physician services in a physician's office and every policy which provides major medical or similar comprehensive-type coverage shall include coverage for the following equipment and supplies for the treatment of diabetes, if recommended or prescribed by a physician or other licensed health care provider legally authorized to prescribe under title eight of the education law: blood glucose monitors and blood glucose monitors for the visually impaired, data management systems, test strips for glucose monitors and visual reading and urine testing strips, insulin, injection aids, cartridges for the visually impaired, syringes, insulin pumps and appurtenances thereto, insulin infusion devices, and oral agents for controlling blood sugar. In addition, the commissioner of the department of health shall provide and periodically update by rule or regulation a list of additional diabetes equipment and related supplies such as are medically necessary for the treatment of diabetes, for which there shall also be

coverage. Such policies shall also include coverage for diabetes self-management education to ensure that persons with diabetes are educated as to the proper self-management and treatment of their diabetic condition, including information on proper diets. Such coverage for self-management education and education relating to diet shall be limited to visits medically necessary upon the diagnosis of diabetes, where a physician diagnoses a significant change in the patient's symptoms or conditions which necessitate changes in a patient's self-management, or where reeducation or refresher education is necessary. Such education may be provided by the physician or other licensed health care provider legally authorized to prescribe under title eight of the education law, or their staff, as part of an office visit for diabetes diagnosis or treatment, or by a certified diabetes nurse educator, certified nutritionist, certified dietitian or registered dietitian upon the referral of a physician or other licensed health care provider legally authorized to prescribe under title eight of the education law. Education provided by the certified diabetes nurse educator, certified nutritionist, certified dietitian or registered dietitian may be limited to group settings wherever practicable. Coverage for self-management education and education relating to diet shall also include home visits when medically necessary.

(B) Such coverage may be subject to annual deductibles and coinsurance as may be deemed appropriate by the superintendent and as are consistent with those established for other benefits within a given policy; provided, however, that covered prescription insulin drugs shall not be subject to a deductible, copayment, coinsurance or any other cost sharing requirement.

(C) This paragraph shall not apply to a policy which covers persons employed in more than one state or the benefit structure of which was the subject of collective bargaining affecting persons employed in more than one state unless such policy is issued under the New York state health insurance plan established under article eleven of the civil service law or issued to or through a local government.

(8) (A) Every group or blanket policy delivered or issued for delivery in this state which provides coverage for inpatient hospital care shall provide such coverage for such period as is determined by the attending physician in consultation with the patient to be medically appropriate

for such covered person undergoing a lymph node dissection or a lumpectomy for the treatment of breast cancer or a mastectomy covered by the policy. Such coverage may be subject to annual deductibles and coinsurance as may be deemed appropriate by the superintendent and as are consistent with those established for other benefits within a given policy. Written notice of the availability of such coverage shall be delivered to the policyholder prior to inception of such policy and annually thereafter.

(B) An insurer providing coverage under this paragraph and any participating entity through which the insurer offers health services shall not:

(i) deny to a covered person eligibility, or continued eligibility, to enroll or to renew coverage under the terms of the policy or vary the terms of the policy for the purpose or with the effect of avoiding compliance with this paragraph;

(ii) provide incentives (monetary or otherwise) to encourage a covered person to accept less than the minimum protections available under this paragraph;

(iii) penalize in any way or reduce or limit the compensation of a health care practitioner for recommending or providing care to a covered person in accordance with this paragraph;

(iv) provide incentives (monetary or otherwise) to a health care practitioner relating to the services provided pursuant to this paragraph intended to induce or have the effect of inducing such practitioner to provide care to a covered person in a manner inconsistent with this paragraph; or

(v) restrict coverage for any portion of a period within a hospital length of stay required under this paragraph in a manner which is inconsistent with the coverage provided for any preceding portion of such stay.

(C) The prohibitions in subparagraph (B) of this paragraph shall be in addition to the provisions of sections three thousand two hundred thirty-one and three thousand two hundred thirty-two of this article and nothing in this subparagraph shall be construed to suspend, supersede, amend or otherwise modify such sections.

(9)(A) Every policy which provides medical, major medical, or similar comprehensive-type coverage must provide coverage for a second medical

opinion by an appropriate specialist, including but not limited to a specialist affiliated with a specialty care center for the treatment of cancer, in the event of a positive or negative diagnosis of cancer or a recurrence of cancer or a recommendation of a course of treatment for cancer, subject to the following:

(i) In the case of a policy that requires, or provides financial incentives for, the insured to receive covered services from health care providers participating in a provider network maintained by or under contract with the insurer, the policy shall include coverage for a second medical opinion from a non-participating specialist, including but not limited to a specialist affiliated with a specialty care center for the treatment of cancer, when the attending physician provides a written referral to a non-participating specialist, at no additional cost to the insured beyond what such insured would have paid for services from a participating appropriate specialist. Provided, however that nothing herein shall impair an insured's rights (if any) under the policy to obtain the second medical opinion from a non-participating specialist without a written referral, subject to the payment of additional coinsurance (if any) required by the policy for services provided by non-participating providers. The insurer shall compensate the non-participating specialist at the usual, customary and reasonable rate, or at a rate listed on a fee schedule filed and approved by the superintendent which provides a comparable level of reimbursement.

(ii) In the case of a policy that does not provide financial incentives for, and does not require, the insured to receive covered services from health care providers participating in a provider network maintained by or under contract with the insurer, the policy shall include coverage for a second medical opinion from a specialist at no additional cost to the insured beyond what the insured would have paid for comparable services covered under the policy.

(iii) Such coverage may be subject to annual deductibles and coinsurance as may be deemed appropriate by the superintendent and as are consistent with those established for other benefits within a given policy, and, where applicable, consistent with the provisions of clauses (i) and (ii) of this subparagraph.

Nothing in this paragraph shall eliminate or diminish an insurer's

obligation to comply with the provisions of section four thousand eight hundred four of this chapter where applicable. Written notice of the availability of such coverage shall be delivered to the policyholder prior to the inception of such policy and annually thereafter.

(B) An insurer providing coverage under this paragraph and any participating entity through which an insurer offers health services shall not:

(i) deny to a covered person eligibility, or continued eligibility, to enroll or to renew coverage under the terms of the policy or vary the terms of the policy for the purpose or with the effect of avoiding compliance with this paragraph;

(ii) provide incentives (monetary or otherwise) to encourage a covered person to accept less than the minimum protections available under this paragraph;

(iii) penalize in any way or reduce or limit the compensation of a health care practitioner for recommending or providing care to a covered person in accordance with this paragraph; or

(iv) provide incentives (monetary or otherwise) to a health care practitioner relating to the coverage provided pursuant to this paragraph intended to induce or have the effect of inducing such practitioner to provide care to a covered person in a manner inconsistent with this paragraph.

(C) The prohibitions in subparagraph (B) of this paragraph shall be in addition to the provisions of sections three thousand two hundred thirty-one and three thousand two hundred thirty-two of this article and nothing in this subparagraph shall be construed to suspend, supersede, amend or otherwise modify such sections.

(10) (A) Every group or blanket policy delivered or issued for delivery in this state which provides medical, major medical, or similar comprehensive-type coverage shall provide the following coverage for breast or chest wall reconstruction surgery after a mastectomy or partial mastectomy:

(i) all stages of reconstruction of the breast or chest wall on which the mastectomy or partial mastectomy has been performed; and

(ii) surgery and reconstruction of the other breast or chest wall to produce a symmetrical appearance;

in the manner determined by the attending physician and the patient to

be appropriate. Chest wall reconstruction surgery shall include aesthetic flat closure as such term is defined by the National Cancer Institute. Such coverage may be subject to annual deductibles and coinsurance provisions as may be deemed appropriate by the superintendent and as are consistent with those established for other benefits within a given policy. Written notice of the availability of such coverage shall be delivered to the policyholder prior to inception of such policy and annually thereafter.

(A-1) Every group or blanket policy providing coverage as required by subparagraph (A) of this paragraph shall also provide coverage for the tattooing of the nipple-areolar complex pursuant to or as part of such reconstruction if such tattooing is performed by a licensed physician or other health care practitioner licensed, certified, or authorized pursuant to title eight of the education law and acting within their scope of practice.

(B) An insurer providing coverage under this paragraph and any participating entity through which the insurer offers health services shall not:

(i) deny to a covered person eligibility, or continued eligibility, to enroll or to renew coverage under the terms of the policy or vary the terms of the policy for the purpose or with the effect of avoiding compliance with this paragraph;

(ii) provide incentives (monetary or otherwise) to encourage a covered person to accept less than the minimum protections available under this paragraph;

(iii) penalize in any way or reduce or limit the compensation of a health care practitioner for recommending or providing care to a covered person in accordance with this paragraph;

(iv) provide incentives (monetary or otherwise) to a health care practitioner relating to the services provided pursuant to this paragraph intended to induce or have the effect of inducing such practitioner to provide care to a covered person in a manner inconsistent with this paragraph; or

(v) restrict coverage for any portion of a period within a hospital length of stay required under this paragraph in a manner which is inconsistent with the coverage provided for any preceding portion of such stay.

(C) The prohibitions in this paragraph shall be in addition to the provisions of sections three thousand two hundred thirty-one and three thousand two hundred thirty-two of this article and nothing in this paragraph shall be construed to suspend, supersede, amend or otherwise modify such sections.

* (11) Every policy that provides coverage for prescription drugs shall include coverage for the cost of enteral formulas for home use, whether administered orally or via tube feeding, for which a physician or other licensed health care provider legally authorized to prescribe under title eight of the education law has issued a written order. Such written order shall state that the enteral formula is clearly medically necessary and has been proven effective as a disease-specific treatment regimen. Specific diseases and disorders for which enteral formulas have been proven effective shall include, but are not limited to, inherited diseases of amino-acid or organic acid metabolism; Crohn's Disease; gastroesophageal reflux; disorders of gastrointestinal motility such as chronic intestinal pseudo-obstruction; and multiple, severe food allergies including, but not limited to immunoglobulin E and nonimmunoglobulin E-mediated allergies to multiple food proteins; severe food protein induced enterocolitis syndrome; eosinophilic disorders and impaired absorption of nutrients caused by disorders affecting the absorptive surface, function, length, and motility of the gastrointestinal tract. Enteral formulas that are medically necessary and taken under written order from a physician for the treatment of specific diseases shall be distinguished from nutritional supplements taken electively. Coverage for certain inherited diseases of amino acid and organic acid metabolism as well as severe protein allergic conditions shall include modified solid food products that are low protein, contain modified protein, or are amino acid based that are medically necessary.

* NB There are 2 par (11)'s

* (11)(A) Every policy which is a "managed care product" as defined in subparagraph (D) of this paragraph that includes coverage for physician services in a physician's office, and every policy which is a "managed care product" that provides major medical or similar comprehensive-type coverage shall include coverage for chiropractic care, as defined in section six thousand five hundred fifty-one of the education law,

provided by a doctor of chiropractic licensed pursuant to article one hundred thirty-two of the education law, in connection with the detection or correction by manual or mechanical means of structural imbalance, distortion or subluxation in the human body for the purpose of removing nerve interference, and the effects thereof, where such interference is the result of or related to distortion, misalignment or subluxation of or in the vertebral column. However, chiropractic care and services may be subject to reasonable deductible, co-payment and co-insurance amounts, reasonable fee or benefit limits, and reasonable utilization review, provided that any such amounts, limits and review: (a) shall not function to direct treatment in a manner discriminative against chiropractic care, and (b) individually and collectively shall be no more restrictive than those applicable under the same policy to care or services provided by other health professionals in the diagnosis, treatment and management of the same or similar conditions, injuries, complaints, disorders or ailments, even if differing nomenclature is used to describe the condition, injury, complaint, disorder or ailment. Nothing herein contained shall be construed as impeding or preventing either the provision or coverage of chiropractic care and services by duly licensed doctors of chiropractic, within the lawful scope of chiropractic practice, in hospital facilities on a staff or employee basis.

(C) Every policy which includes coverage for physician services in a physician's office, and every policy which provides major medical or similar comprehensive-type coverage, other than a "managed care product" as defined in subparagraph (D) of this paragraph, shall provide coverage for chiropractic care, as defined in section six thousand five hundred fifty-one of the education law, provided by a doctor of chiropractic licensed pursuant to article one hundred thirty-two of the education law, in connection with the detection or correction by manual or mechanical means of structural imbalance, distortion or subluxation in the human body for the purpose of removing nerve interference, and the effects thereof, where such interference is the result of or related to distortion, misalignment or subluxation of or in the vertebral column. However, chiropractic care and services may be subject to reasonable deductible, co-payment and co-insurance amounts, reasonable fee or benefit limits, and reasonable utilization review, provided that any

such amounts, limits and review: (a) shall not function to direct treatment in a manner discriminative against chiropractic care, and (b) individually and collectively shall be no more restrictive that those applicable under the same policy to care or services provided by other health professionals in the diagnosis, treatment and management of the same or similar conditions, injuries, complaints, disorders or ailments, even if differing nomenclature is used to describe the condition, injury, complaint, disorder or ailment. Nothing herein contained shall be construed as impeding or preventing either the provision or coverage of chiropractic care and services by duly licensed doctors of chiropractic, within the lawful scope of chiropractic practice, in hospital facilities on a staff or employee basis.

(D) For purposes of this paragraph, a "managed care product" shall mean a policy which requires that medical or other health care services covered under the policy, other than emergency care services, be provided by, or pursuant to a referral from, a primary care provider, and that services provided pursuant to such a referral be rendered by a health care provider participating in the insurer's managed care provider network. In addition, a managed care product shall also mean the in-network portion of a contract which requires that medical or other health care services covered under the contract, other than emergency care services, be provided by, or pursuant to a referral from, a primary care provider, and that services provided pursuant to such a referral be rendered by a health care provider participating in the insurer's managed care provider network, in order for the insured to be entitled to the maximum reimbursement under the contract.

(E) The coverage required by this paragraph shall not be abridged by any regulation promulgated by the superintendent.

* NB There are 2 par (11)'s

(12) No policy of group or blanket accident and health insurance delivered or issued for delivery in this state shall exclude coverage of a health care service, as defined in paragraph two of such subdivision (e) of section four thousand nine hundred of this chapter, rendered or proposed to be rendered to an insured on the basis that such service is experimental or investigational, is rendered as part of a clinical trial as defined in subsection (b-2) of section forty-nine hundred of this chapter, or a prescribed pharmaceutical product referenced in

subparagraph (B) of paragraph two of subsection (e) of section forty-nine hundred of this chapter provided that coverage of the patient costs of such service has been recommended for the insured by an external appeal agent upon an appeal conducted pursuant to subparagraph (B) of paragraph four of subsection (b) of section four thousand nine hundred fourteen of this chapter. The determination of the external appeal agent shall be binding on the parties. For purposes of this paragraph, patient costs shall have the same meaning as such term has for purposes of subparagraph (B) of paragraph four of subsection (b) of section four thousand nine hundred fourteen of this chapter; provided, however, that coverage for the services required under this paragraph shall be provided subject to the terms and conditions generally applicable to other benefits provided under the policy.

(13) Every group or blanket policy delivered or issued for delivery in this state that provides major medical or similar comprehensive-type coverage shall provide such coverage for bone mineral density measurements or tests, and if such contract otherwise includes coverage for prescription drugs, drugs and devices approved by the federal food and drug administration or generic equivalents as approved substitutes. In determining appropriate coverage provided by subparagraphs (A), (B) and (C) of this paragraph, the insurer or health maintenance organization shall adopt standards that include the criteria of the federal Medicare program and the criteria of the national institutes of health for the detection of osteoporosis, provided that such coverage shall be further determined as follows:

(A) for purposes of subparagraphs (B) and (C) of this paragraph, bone mineral density measurements or tests, drugs and devices shall include those covered under the federal Medicare program as well as those in accordance with the criteria of the national institutes of health, including, as consistent with such criteria, dual-energy x-ray absorptiometry.

(B) for purposes of subparagraphs (A) and (C) of this paragraph, bone mineral density measurements or tests, drugs and devices shall be covered for individuals meeting the criteria under the federal Medicare program or the criteria of the national institutes of health; provided that, to the extent consistent with such criteria, individuals qualifying for coverage shall at a minimum, include individuals:

(i) previously diagnosed as having osteoporosis or having a family history of osteoporosis; or

(ii) with symptoms or conditions indicative of the presence, or the significant risk, of osteoporosis; or

(iii) on a prescribed drug regimen posing a significant risk of osteoporosis; or

(iv) with lifestyle factors to such a degree as posing a significant risk of osteoporosis; or

(v) with such age, gender and/or other physiological characteristics which pose a significant risk for osteoporosis.

(C) Such coverage required pursuant to subparagraph (A) or (B) of this paragraph may be subject to annual deductibles and coinsurance as may be deemed appropriate by the superintendent and as are consistent with those established for other benefits within a given policy.

(D) In addition to subparagraph (A), (B) or (C) of this paragraph, every group or blanket policy that provides hospital, surgical or medical care coverage, except for a grandfathered health plan under subparagraph (E) of this paragraph, shall provide coverage for the following items or services for bone mineral density and such coverage shall not be subject to annual deductibles or coinsurance:

(i) evidence-based items or services for bone mineral density that have in effect a rating of 'A' or 'B' in the current recommendations of the United States preventive services task force; and

(ii) with respect to women, such additional preventive care and screenings for bone mineral density not described in item (i) of this subparagraph and as provided for in comprehensive guidelines supported by the health resources and services administration.

(E) For purposes of this paragraph, "grandfathered health plan" means coverage provided by an insurer in which an individual was enrolled on March twenty-third, two thousand ten for as long as the coverage maintains grandfathered status in accordance with section 1251(e) of the Affordable Care Act, 42 U.S.C. § 18011(e).

(14) No group or blanket policy delivered or issued for delivery in this state which provides medical, major medical or similar comprehensive-type coverage shall exclude coverage for services covered under such policy when provided by a comprehensive care center for eating disorders pursuant to article thirty of the mental hygiene law;

provided, however, that reimbursement under such policy for services provided through such comprehensive care centers shall, to the extent possible and practicable, be structured in a manner to facilitate the individualized, comprehensive and integrated plans of care which such centers' network of practitioners and providers are required to provide.

(15)(A) No group or blanket managed care health insurance policy that provides coverage for hospital, medical or surgical care shall provide that services of a participating hospital will be covered as out-of-network services solely on the basis that the health care provider admitting or rendering services to the insured is not a participating provider.

(B) No group or blanket managed care health insurance policy that provides coverage for hospital, medical or surgical care shall provide that services of a participating health care provider will be covered as out-of-network services solely on the basis that the services are rendered in a non-participating hospital.

(C) For purposes of this paragraph, a "health care provider" is a health care professional licensed, registered or certified pursuant to title eight of the education law or a health care professional comparably licensed, registered or certified by another state.

(D) For purposes of this paragraph, a "managed care health insurance policy" is a policy that requires that services be provided by a provider participating in the insurer's network in order for the insured to receive the maximum level of reimbursement under the policy.

(16)(A) Every group or blanket policy that includes coverage for dialysis treatment that requires such services to be provided by an in-network provider and that does not provide coverage for out-of-network dialysis treatment shall not deny coverage of such services because the services are provided by an out-of-network provider, provided that each of the following conditions are met:

(i) The out-of-network provider is duly licensed to practice and authorized to provide such treatment;

(ii) The out-of-network provider is located outside the service area of the insurer;

(iii) The in-network healthcare provider treating the insured for the condition issues a written order for dialysis treatment stating that in his or her opinion such treatment is necessary;

(iv) The insured has notified, in writing, the insurer at least thirty days in advance of the proposed date or dates of such out-of-network dialysis treatment. The notice shall include the authorization required by clause (iii) of this subparagraph. In the event the insured must travel on sudden notice due to family or other emergency, shorter notice may be permitted, provided that the insurer has reasonable opportunity to review the travel and treatment plans of the insured;

(v) The insurer shall have the right to pre-approve the dialysis treatment and schedule; and

(vi) Such coverage is limited to no greater than ten out-of-network treatments in a calendar year.

(B) Where coverage for out-of-network dialysis treatment is provided pursuant to subparagraph (A) of this paragraph, no insurer shall be obligated to reimburse the out-of-network provider at an amount greater than it would have paid for the same treatment within a network, including all drugs and ancillary services tied to dialysis treatment, and any amount charged by a provider in excess of the amount reimbursed by the insurer shall be the responsibility of the insured receiving the out-of-network services.

(C) Such coverage of out-of-network dialysis services required by subparagraph (A) of this paragraph shall otherwise be subject to the limitations, exclusions and terms of the policy, including, but not limited to, utilization review, annual deductibles, copayments, and coinsurance, consistent with those required for other similar benefits under the policy.

(17) Notwithstanding title eleven of article five of the social services law or any other law to the contrary, every policy which provides coverage for prescription drugs shall, with regard to eye drop medication requiring a prescription that has been approved by the insurer for coverage, allow for the limited refilling of the prescription prior to the last day of the approved dosage period without regard to any coverage restrictions on early refill of renewals. Provided, however, that any refill dispensed prior to the expiration of the prescribed and approved coverage period pursuant to this paragraph, shall, to the extent practicable, be limited in quantity so as not to exceed the remaining dosage initially approved for coverage. Provided, further, that such limited refilling shall not limit or restrict

coverage with regard to any previously or subsequently approved prescription for eye drop medication and shall be subject to the terms and conditions of the policy otherwise applicable to this coverage. Provided, further, that a pharmacist may contact the prescribing physician or health care provider to verity the prescription.

(18) Every group or blanket policy which provides medical, major medical or similar comprehensive-type coverage that includes coverage for a physical or well care visit once in every three hundred sixty-five days shall be interpreted to mean that such physical or well care visit can be had once every calendar year, regardless of whether or not a period of three hundred sixty-five days has passed since the previous physical or well care visit.

(19) Every group or blanket accident and health insurance policy delivered or issued for delivery in this state that provides medical coverage that includes coverage for physician services in a physician's office and every policy that provides major medical or similar comprehensive-type coverage shall include coverage for equipment and supplies used for the treatment of ostomies, if prescribed by a physician or other licensed health care provider legally authorized to prescribe under title eight of the education law. Such coverage shall be subject to annual deductibles and coinsurance as deemed appropriate by the superintendent. The coverage required by this paragraph shall be identical to, and shall not enhance or increase the coverage required as part of essential health benefits as defined in subsection (a) of section three thousand two hundred seventeen-i of this article.

(20) No group or blanket policy delivered or issued for delivery in this state that provides reimbursement for non-physician surgical first assistant services when the services are provided by a non-physician surgical first assistant shall exclude such coverage on the basis that the non-physician surgical first assistant services were performed by a registered nurse first assistant provided that: (A) the registered nurse first assistant is certified in operating room nursing; (B) the services are within the scope of practice of a non-physician surgical first assistant; and (C) the terms and conditions of the policy otherwise provide for the coverage of the services. Nothing in this paragraph shall be construed to prevent the medical management or utilization review of the services or prevent a policy from requiring that services

are to be provided through a network of participating providers who meet certain requirements for participation, including provider credentialing.

(21) Every group or blanket policy delivered or issued for delivery in this state that provides coverage for prescription drugs subject to a copayment shall charge a copayment for a limited initial prescription of an opioid drug, which is prescribed in accordance with paragraph (b) of subdivision five of section thirty-three hundred one of the public health law, that is either (i) proportional between the copayment for a thirty-day supply and the amount of drugs the patient was prescribed; or (ii) equivalent to the copayment for a full thirty-day supply of the opioid drug, provided that no additional copayments may be charged for any additional prescriptions for the remainder of the thirty-day supply.

(22) (A) Every policy which provides hospital, surgical, or medical coverage and which offers maternity care coverage pursuant to paragraph five of this subsection shall also provide coverage for abortion services for an enrollee.

(B) Coverage for abortion shall not be subject to annual deductibles or coinsurance, including co-payments, unless the policy is a high deductible health plan as defined in section 223(c)(2) of the internal revenue code of 1986, in which case coverage for abortion may be subject to the plan's annual deductible.

(C) Notwithstanding any other provision, a group policy that provides hospital, surgical, or medical expense coverage delivered or issued for delivery in this state to a religious employer, as defined in item one of subparagraph (E) of paragraph sixteen of subsection (l) of this section, may exclude coverage for abortion only if the insurer:

(i) obtains an annual certification from the group policyholder that the policyholder is a religious employer and that the religious employer requests a policy without coverage for abortion;

(ii) issues a rider to each certificate holder at no premium to be charged to the certificate holder or religious employer for the rider, that provides coverage for abortion subject to the same rules as would have been applied to the same category of treatment in the policy issued to the religious employer. The rider shall clearly and conspicuously specify that the religious employer does not administer abortion benefits, but that the insurer is issuing a rider for coverage of

abortion, and shall provide the insurer's contact information for questions; and

(iii) provides notice of the issuance of the policy and rider to the superintendent in a form and manner acceptable to the superintendent.

(23) (A) Every group or blanket policy of accident and health insurance delivered or issued for delivery in this state which provides major medical or similar comprehensive-type coverage and provides coverage for prescription drugs shall provide coverage for medically necessary epinephrine devices for the emergency treatment of life-threatening allergic reactions. Such coverage may be subject to annual deductibles and coinsurance as may be deemed appropriate by the superintendent; provided however, the total amount that an insured is required to pay out-of-pocket for such devices shall be capped at an amount not to exceed one hundred dollars annually regardless of the insured's deductible, copayment, coinsurance or any other cost-sharing requirement. If under federal law, application of the annual cap would result in health savings account ineligibility under 26 USC 223, such coverage may be subject to the plan's annual deductible, except for with respect to items or services that are preventive care pursuant to 26 USC 223(c)(2)(C), in which case the requirements of this paragraph shall apply regardless of whether the minimum deductible under 26 USC 223 has been satisfied.

(B) For the purposes of this paragraph, "epinephrine device" shall have the same meaning as provided in paragraph (b) of subdivision one of section three thousand-c of the public health law.

(l) (1) Every insurer delivering a group policy or issuing a group policy for delivery in this state which provides coverage supplementing part A and part B of subchapter XVIII of the federal Social Security Act, 42 U.S.C. §§ 1395 et seq, must make available and, if requested by the policyholder, provide coverage of supplemental home care visits beyond those provided by part A and part B, sufficient to produce an aggregate coverage of three hundred sixty-five home care visits per policy year. Such coverage shall be provided pursuant to regulations prescribed by the superintendent. Written notice of the availability of such coverage shall be delivered to the policyholder prior to inception of such group policy and annually thereafter, except that this notice shall not be required where a policy covers two hundred or more

employees or where the benefit structure was the subject of collective bargaining affecting persons who are employed in more than one state.

(2) (A) Every insurer delivering a group policy or issuing a group policy for delivery, in this state, which provides coverage for in-patient hospital care must make available, and if requested by the policyholder, provide coverage for care in a nursing home. Written notice of the availability of such coverage shall be delivered to the policyholder prior to inception of such group policy and annually thereafter, except that this notice shall not be required where a policy covers two hundred or more employees or where the benefit structure was the subject of collective bargaining affecting persons who are employed in more than one state.

(B) Such coverage shall be made available at the inception of all new policies and, with respect to all other policies at any anniversary date of the policy subject to evidence of insurability.

(C) In this paragraph, care in a nursing home means the continued care and treatment of a covered person who is under the care of a physician but only if:

(i) the care is provided in a nursing home as defined in section twenty-eight hundred one of the public health law or a skilled nursing facility as defined in subchapter XVIII of the federal Social Security Act, 42 U.S.C. §§ 1395 et seq;

(ii) the covered person has been in a hospital for at least three days immediately preceding admittance to the nursing home or the skilled nursing facility; and

(iii) further hospitalization would otherwise be necessary.

(D) In determining the total days of coverage for nursing home care the aggregate of the number of covered days of care in a hospital and the number of covered days of care in a nursing home, with two days of care in a nursing home equivalent to one day of care in a hospital, need not exceed the number of covered days of hospital care provided under the contract in a benefit period.

(E) The level of benefits to be provided for nursing home care must be reasonably related to the benefits provided for hospital care.

(3) (A) Every insurer delivering a group policy or issuing a group policy for delivery, in this state, which provides coverage for in-patient hospital care must make available and if requested by the

policyholder provide coverage to residents in this state for ambulatory care in hospital out-patient facilities, as a hospital is defined in section twenty-eight hundred one of the public health law, or subchapter XVIII of the federal Social Security Act, 42 U.S.C. §§ 1395 et seq, and physicians' offices. Written notice of the availability of such coverage shall be delivered to the policyholder prior to inception of such group policy and annually thereafter, except that this notice shall not be required where a policy covers two hundred or more employees or where the benefit structure was the subject of collective bargaining affecting persons who are employed in more than one state.

(B) In this paragraph:

(i) "Ambulatory care in hospital out-patient facilities" means services for diagnostic X-rays, laboratory and pathological examinations, physical and occupational therapy and radiation therapy, and services and medications used for nonexperimental cancer chemotherapy and cancer hormone therapy, provided that such services and medications are related to and necessary for the treatment or diagnosis of the patient's illness or injury, are ordered by a physician and, in the case of physical therapy services, are to be furnished in connection with the same illness for which the patient had been hospitalized or in connection with surgical care, but in no event need benefits for physical therapy be provided which commences more than six months after discharge from a hospital or the date surgical care was rendered, and in no event need benefits for physical therapy be provided after three hundred sixty-five days from the date of discharge from a hospital or the date surgical care was rendered.

(ii) "Ambulatory care in physicians' offices" means services for diagnostic X-rays, radiation therapy, laboratory and pathological examinations, and services and medications used for nonexperimental cancer chemotherapy and cancer hormone therapy, provided that such services and medications are related to and necessary for the treatment or diagnosis of the patient's illness or injury, and ordered by a physician.

(C) Such coverage shall be made available at the inception of all new policies and, with respect to policies issued before January first, nineteen hundred eighty-three, at the first annual anniversary date thereafter, without evidence of insurability and at any subsequent

annual anniversary date subject to evidence of insurability.

(4) (A) Every insurer delivering a group policy or issuing a group policy for delivery, in this state, that provides reimbursement for psychiatric or psychological services or for the diagnosis and treatment of mental health conditions, however defined in such policy, by physicians, psychiatrists or psychologists, shall provide the same coverage to insureds for such services when performed by a licensed clinical social worker, within the lawful scope of his or her practice, who is licensed pursuant to article one hundred fifty-four of the education law and mental health counselors, marriage and family therapists, and psychoanalysts licensed pursuant to article one hundred sixty-three of the education law, within the lawful scope of his or her practice. Nothing herein shall be construed to modify or expand the scope of practice of a mental health counselor, marriage and family therapist, or psychoanalyst licensed pursuant to article one hundred sixty-three of the education law. Further, nothing herein shall be construed to create a new mandated health benefit.

(B) The state board for social work shall maintain a list of all licensed clinical social workers qualified for reimbursement under this paragraph.

(C) Such coverage shall be made available at the inception of all new policies and, with respect to all other policies at any subsequent annual anniversary date of the policy subject to evidence of insurability.

(E) The state board for social work shall maintain a list of all licensed clinical social workers qualified for reimbursement under subparagraph (D) of this paragraph.

(5) (A) Every insurer delivering a group or school blanket policy or issuing a group or school blanket policy for delivery, in this state, which provides coverage for inpatient hospital care or coverage for physician services shall provide coverage for the diagnosis and treatment of mental health conditions and:

* (i) where the policy provides coverage for inpatient hospital care, benefits for inpatient care in a hospital as defined by subdivision ten of section 1.03 of the mental hygiene law and benefits for outpatient care provided in a facility issued an operating certificate by the commissioner of mental health pursuant to the provisions of article

thirty-one of the mental hygiene law, or in a facility operated by the office of mental health or in a crisis stabilization center licensed pursuant to section 36.01 of the mental hygiene law or, for care provided in other states, to similarly licensed or certified hospitals or facilities; and

* NB Effective until after the superintendent of financial services and the commissioner of health have promulgated regulations

* (i) where the policy provides coverage for inpatient hospital care, benefits for: inpatient care in a hospital as defined by subdivision ten of section 1.03 of the mental hygiene law; sub-acute care in a residential facility licensed or operated by the office of mental health; outpatient care provided by a facility issued an operating certificate by the commissioner of mental health pursuant to the provisions of article thirty-one of the mental hygiene law, or by a facility operated by the office of mental health; outpatient care provided by a crisis stabilization center licensed pursuant to section 36.01 of the mental hygiene law; outpatient care provided by a mobile crisis intervention services provider licensed, certified, or designated by the office of mental health or the office of addiction services and supports; outpatient and inpatient care for critical time intervention services and outpatient care for assertive community treatment services provided by facilities issued an operating certificate by the commissioner of mental health pursuant to the provisions of article thirty-one of the mental hygiene law, beginning no later than thirty days following discharge from a hospital as defined by subdivision ten of section 1.03 of the mental hygiene law or the emergency department of a hospital licensed pursuant to article twenty-eight of the public health law; or, for care provided in other states, to similarly licensed or certified hospitals, facilities, or licensed, certified or designated providers; and

* NB Effective after the superintendent of financial services and the commissioner of health have promulgated regulations

(ii) where the policy provides coverage for physician services, it shall include benefits for outpatient care provided by a psychiatrist or psychologist licensed to practice in this state, or a mental health counselor, marriage and family therapist, or psychoanalyst licensed pursuant to article one hundred sixty-three of the education law, or a

licensed clinical social worker within the lawful scope of his or her practice, who is licensed pursuant to article one hundred fifty-four of the education law, a nurse practitioner licensed to practice in this state, or a professional corporation or university faculty practice corporation thereof. Nothing herein shall be construed to modify or expand the scope of practice of a mental health counselor, marriage and family therapist, or psychoanalyst licensed pursuant to article one hundred sixty-three of the education law. Further, nothing herein shall be construed to create a new mandated health benefit.

(B) Coverage required by this paragraph may be subject to annual deductibles, co-pays and coinsurance as may be deemed appropriate by the superintendent and shall be consistent with those imposed on other benefits under the policy. Provided that no copayment or coinsurance imposed for outpatient mental health services provided in a facility licensed, certified or otherwise authorized by the office of mental health shall exceed the copayments or coinsurance imposed for a primary care office visit under the policy.

(C) Coverage under this paragraph shall not apply financial requirements or treatment limitations to mental health benefits that are more restrictive than the predominant financial requirements and treatment limitations applied to substantially all medical and surgical benefits covered by the policy.

(D) The criteria for medical necessity determinations under the policy with respect to mental health benefits shall be made available by the insurer to any insured, prospective insured, or in-network provider upon request.

(E) For purposes of this paragraph:

(i) "financial requirement" means deductible, copayments, coinsurance and out-of-pocket expenses;

(ii) "predominant" means that a financial requirement or treatment limitation is the most common or frequent of such type of limit or requirement;

* (iii) "treatment limitation" means limits on the frequency of treatment, number of visits, days of coverage, or other similar limits on the scope or duration of treatment and includes nonquantitative treatment limitations such as: medical management standards limiting or excluding benefits based on medical necessity, or based on whether the

treatment is experimental or investigational; formulary design for prescription drugs; network tier design; standards for provider admission to participate in a network, including reimbursement rates; methods for determining usual, customary, and reasonable charges; fail-first or step therapy protocols; exclusions based on failure to complete a course of treatment; and restrictions based on geographic location, facility type, provider specialty, and other criteria that limit the scope or duration of benefits for services provided under the policy; and

* NB Effective until after the superintendent of financial services and the commissioner of health have promulgated regulations

* (iii) "treatment limitation" means limits on the frequency of treatment, number of visits, days of coverage, or other similar limits on the scope or duration of treatment and includes nonquantitative treatment limitations such as: medical management standards limiting or excluding benefits based on medical necessity, or based on whether the treatment is experimental or investigational; formulary design for prescription drugs; network tier design; standards for provider admission to participate in a network, including reimbursement rates; methods for determining usual, customary, and reasonable charges; fail-first or step therapy protocols; exclusions based on failure to complete a course of treatment; and restrictions based on geographic location, facility type, provider specialty, and other criteria that limit the scope or duration of benefits for services provided under the policy;

* NB Effective after the superintendent of financial services and the commissioner of health have promulgated regulations

* (iv) "mental health condition" means any mental health disorder as defined in the most recent edition of the diagnostic and statistical manual of mental disorders or the most recent edition of another generally recognized independent standard of current medical practice such as the international classification of diseases.

* NB Effective until after the superintendent of financial services and the commissioner of health have promulgated regulations

* (iv) "mental health condition" means any mental health disorder as defined in the most recent edition of the diagnostic and statistical manual of mental disorders or the most recent edition of another

generally recognized independent standard of current medical practice such as the international classification of diseases;

* NB Effective after the superintendent of financial services and the commissioner of health have promulgated regulations

* (v) "assertive community treatment services" means a comprehensive and integrated combination of treatment, rehabilitation, case management, and support services primarily provided in an insured's residence or other community locations by a mobile multidisciplinary mental health treatment team licensed pursuant to article thirty-one of the mental hygiene law;

* NB Effective after the superintendent of financial services and the commissioner of health have promulgated regulations

* (vi) "critical time intervention services" means services rendered by a provider licensed under article thirty-one of the mental hygiene law that provides evidence-based, therapeutic interventions that include intensive outreach, engagement, and care coordination services that are provided to an insured before the insured is discharged from inpatient care in a hospital as defined by subdivision ten of section 1.03 of the mental hygiene law or the emergency department of a hospital licensed pursuant to article twenty-eight of the public health law and continue after discharge until the insured is stabilized; and

* NB Effective after the superintendent of financial services and the commissioner of health have promulgated regulations

* (vii) "residential facility" means crisis residence facilities and community residences for eating disorder integrated treatment programs licensed pursuant to article thirty-one of the mental hygiene law.

* NB Effective after the superintendent of financial services and the commissioner of health have promulgated regulations

(F) An insurer shall provide coverage under this paragraph, at a minimum, consistent with the federal Paul Wellstone and Pete Domenici Mental Health Parity and Addiction Equity Act of 2008 (29 U.S.C. § 1185a).

(G) This subparagraph shall apply to hospitals and crisis residence facilities in this state that are licensed or operated by the office of mental health that are participating in the insurer's provider network. Where the policy provides coverage for inpatient hospital care, benefits for inpatient hospital care in a hospital as defined by subdivision ten

of section 1.03 of the mental hygiene law and benefits for sub-acute care in a crisis residence facility licensed or operated by the office of mental health shall not be subject to preauthorization. Coverage provided under this subparagraph shall also not be subject to concurrent utilization review for individuals who have not attained the age of eighteen during the first fourteen days of the inpatient admission, provided the facility notifies the insurer of both the admission and the initial treatment plan within two business days of the admission, performs daily clinical review of the insured, and participates in periodic consultation with the insurer to ensure that the facility is using the evidence-based and peer reviewed clinical review criteria utilized by the insurer which is approved by the office of mental health and appropriate to the age of the insured to ensure that the inpatient care is medically necessary for the insured. For individuals who have attained age eighteen, coverage provided under this subparagraph shall also not be subject to concurrent review during the first thirty days of the inpatient or residential admission, provided the facility notifies the insurer of both the admission and the initial treatment plan within two business days of the admission, performs daily clinical review of the insured, and participates in periodic consultation with the insurer to ensure that the facility is using the evidence-based and peer reviewed clinical review criteria utilized by the insurer which is approved by the office of mental health and appropriate to the age of the insured, to ensure that the inpatient or residential care is medically necessary for the insured. However, concurrent review may be performed during the first thirty days if an insured meets clinical criteria designated by the office of mental health or where the insured is admitted to a hospital or facility which has been designated by the office of mental health for concurrent review, in consultation with the commissioner of health and the superintendent. All treatment provided under this subparagraph may be reviewed retrospectively. Where care is denied retrospectively, an insured shall not have any financial obligation to the facility for any treatment under this subparagraph other than any copayment, coinsurance, or deductible otherwise required under the policy.

(H) This subparagraph shall apply to crisis stabilization centers in this state that are licensed pursuant to section 36.01 of the mental

hygiene law and participate in the insurer's provider network. Benefits for care by a crisis stabilization center shall not be subject to preauthorization. All treatment provided under this subparagraph may be reviewed retrospectively. Where care is denied retrospectively, an insured shall not have any financial obligation to the facility for any treatment under this subparagraph other than any copayment, coinsurance, or deductible otherwise required under the policy.

* (I) This subparagraph shall apply to mobile crisis intervention services providers licensed, certified, or designated by the office of mental health or the office of addiction services and supports. For purposes of this subparagraph, "mobile crisis intervention services" means mental health and substance use disorder services, consisting of: (1) telephonic crisis triage and response; (2) mobile crisis response to provide intervention and facilitate access to other behavioral health services; and (3) mobile and telephonic follow-up services after the initial crisis response until the insured is stabilized provided to an insured who is experiencing, or is at imminent risk of experiencing, a behavioral health crisis, which includes instances in which an insured cannot manage their primarily psychiatric or substance use related symptoms without de-escalation or intervention. Mobile crisis intervention services do not include services provided to an insured after the insured has been stabilized.

(i) Benefits for covered services provided by a mobile crisis intervention services provider shall not be subject to preauthorization. Except where otherwise required by law, nothing in this subparagraph shall prevent services provided subsequent to the provision of mobile crisis intervention services from being subject to preauthorization.

(ii) Benefits for covered services provided by a mobile crisis intervention services provider shall be covered regardless of whether the mobile crisis intervention services provider is a participating provider.

(iii) If the covered services are provided by a non-participating mobile crisis intervention services provider, an insurer shall not impose any administrative requirement or limitation on coverage that is more restrictive than the requirements or limitations that apply to covered services received from a participating mobile crisis intervention services provider.

(iv) If the covered services are provided by a non-participating mobile crisis intervention services provider, the insured's copayment, coinsurance, and deductible shall be the same as would apply if such covered services were provided by a participating mobile crisis intervention services provider.

(v) A mobile crisis intervention services provider reimbursed pursuant to this section shall not charge or seek any reimbursement from, or have any recourse against, an insured for the services provided pursuant to this subparagraph, except for the collection of in-network copayments, coinsurance, or deductibles for which the insured is responsible for under the terms of the policy.

* NB Effective after the superintendent of financial services and the commissioner of health have promulgated regulations

(J) This subparagraph shall apply to school-based mental health clinics that are licensed pursuant to article thirty-one of the mental hygiene law and provide outpatient care in pre-school, elementary, or secondary schools. An insurer shall provide reimbursement for covered outpatient care when provided by such school-based mental health clinics at a pre-school, elementary, or secondary school, regardless of whether the school-based mental health clinic furnishing such services is a participating provider with respect to such services. Reimbursement for such covered services shall be at the rate negotiated between the insurer and school-based mental health clinic or, in the absence of a negotiated rate, an amount no less than the rate that would be paid for such services pursuant to the medical assistance program under title eleven of article five of the social services law. Payment by an insurer pursuant to this section shall be payment in full for the services provided. The school-based mental health clinic reimbursed pursuant to this section shall not charge or seek any reimbursement from or have any recourse against, an insured for the services provided pursuant to this subparagraph, except for the collection of in-network copayments, coinsurance, or deductibles for which the insured is responsible for under the terms of the policy.

(K) (i) This clause shall apply to outpatient treatment provided in a facility issued an operating certificate by the commissioner of mental health pursuant to the provisions of article thirty-one of the mental hygiene law, or in a facility operated by the office of mental health,

or in a crisis stabilization center licensed pursuant to section 36.01 of the mental hygiene law, that is participating in the insurer's provider network. Reimbursement for covered outpatient treatment provided by such a facility shall be at rates negotiated between the insurer and the participating facility, provided that such rates are not less than the rates that would be paid for such treatment pursuant to the medical assistance program under title eleven of article five of the social services law. For the purposes of this clause, the rates that would be paid for such treatment pursuant to the medical assistance program under title eleven of article five of the social services law shall be the rates with an effective date of April first of the preceding year, which shall be established prior to October first of the preceding calendar year.

(ii) The office of mental health shall publish information adequate to calculate the rates that would be paid for such treatment pursuant to the medical assistance program under title eleven of article five of the social services law. Such information shall be provided in a form and manner to be determined by the commissioner of mental health. Nothing in this clause shall be construed to relieve an insurer of the obligation to reimburse at no less than the applicable minimum rate set forth in clause (i) of this subparagraph. Prior to the submission of premium rate filings and applications, the superintendent shall provide insurers with guidance on factors to consider in calculating the impact of rate changes for the purposes of submitting premium rate filings and applications to the superintendent for the subsequent policy year. To the extent that the rates with an effective date of April first differ from the estimated rates incorporated in premium rate filings and applications, insurers may account for such differences in future premium rate filings and applications submitted to the superintendent for approval.

(6) * (A) Every policy that provides hospital, major medical or similar comprehensive coverage shall provide inpatient coverage for the diagnosis and treatment of substance use disorder, including detoxification and rehabilitation services. Such inpatient coverage shall include unlimited medically necessary treatment for substance use disorder treatment services provided in residential settings. Further, such inpatient coverage shall not apply financial requirements or

treatment limitations, including utilization review requirements, to inpatient substance use disorder benefits that are more restrictive than the predominant financial requirements and treatment limitations applied to substantially all medical and surgical benefits covered by the policy.

* NB Effective until January 1, 2027

* (A) Every policy that provides hospital, major medical or similar comprehensive coverage shall provide inpatient coverage for the diagnosis and treatment of substance-related and addictive disorder, including detoxification and rehabilitation services. Such inpatient coverage shall include unlimited medically necessary treatment for substance-related and addictive disorder treatment services provided in residential settings. Further, such inpatient coverage shall not apply financial requirements or treatment limitations, including utilization review requirements, to inpatient substance-related and addictive disorder benefits that are more restrictive than the predominant financial requirements and treatment limitations applied to substantially all medical and surgical benefits covered by the policy.

* NB Effective January 1, 2027

* (B) Coverage provided under this paragraph may be limited to facilities in New York state that are licensed, certified or otherwise authorized by the office of alcoholism and substance abuse services and, in other states, to those which are accredited by the joint commission as alcoholism, substance abuse or chemical dependence treatment programs and are similarly licensed, certified, or otherwise authorized in the state in which the facility is located.

* NB Effective until January 1, 2027

* (B) Coverage provided under this paragraph may be limited to facilities in New York state that are licensed, certified or otherwise authorized by the office of addiction services and supports and, in other states, to those which are accredited by the joint commission as alcoholism, addiction, substance abuse or chemical dependence treatment programs and are similarly licensed, certified, or otherwise authorized in the state in which the facility is located.

* NB Effective January 1, 2027

(C) Coverage provided under this paragraph may be subject to annual deductibles and co-insurance as deemed appropriate by the superintendent

and that are consistent with those imposed on other benefits within a given policy.

* (D) This subparagraph shall apply to facilities in this state that are licensed, certified or otherwise authorized by the office of alcoholism and substance abuse services that are participating in the insurer's provider network. Coverage provided under this paragraph shall not be subject to preauthorization. Coverage provided under this paragraph shall also not be subject to concurrent utilization review during the first twenty-eight days of the inpatient admission provided that the facility notifies the insurer of both the admission and the initial treatment plan within two business days of the admission. The facility shall perform daily clinical review of the patient, including periodic consultation with the insurer at or just prior to the fourteenth day of treatment to ensure that the facility is using the evidence-based and peer reviewed clinical review tool utilized by the insurer which is designated by the office of alcoholism and substance abuse services and appropriate to the age of the patient, to ensure that the inpatient treatment is medically necessary for the patient. Prior to discharge, the facility shall provide the patient and the insurer with a written discharge plan which shall describe arrangements for additional services needed following discharge from the inpatient facility as determined using the evidence-based and peer-reviewed clinical review tool utilized by the insurer which is designated by the office of alcoholism and substance abuse services. Prior to discharge, the facility shall indicate to the insurer whether services included in the discharge plan are secured or determined to be reasonably available. Any utilization review of treatment provided under this subparagraph may include a review of all services provided during such inpatient treatment, including all services provided during the first twenty-eight days of such inpatient treatment. Provided, however, the insurer shall only deny coverage for any portion of the initial twenty-eight day inpatient treatment on the basis that such treatment was not medically necessary if such inpatient treatment was contrary to the evidence-based and peer reviewed clinical review tool utilized by the insurer which is designated by the office of alcoholism and substance abuse services. An insured shall not have any financial obligation to the facility for any treatment under this subparagraph other than any copayment, coinsurance,

or deductible otherwise required under the policy.

* NB Effective until January 1, 2027

* (D) This subparagraph shall apply to facilities in this state that are licensed, certified or otherwise authorized by the office of addiction services and supports that are participating in the insurer's provider network. Coverage provided under this paragraph shall not be subject to preauthorization. Coverage provided under this paragraph shall also not be subject to concurrent utilization review during the first twenty-eight days of the inpatient admission provided that the facility notifies the insurer of both the admission and the initial treatment plan within two business days of the admission. The facility shall perform daily clinical review of the patient, including periodic consultation with the insurer at or just prior to the fourteenth day of treatment to ensure that the facility is using the evidence-based and peer reviewed clinical review tool utilized by the insurer which is designated by the office of addiction services and supports and appropriate to the age of the patient, to ensure that the inpatient treatment is medically necessary for the patient. Prior to discharge, the facility shall provide the patient and the insurer with a written discharge plan which shall describe arrangements for additional services needed following discharge from the inpatient facility as determined using the evidence-based and peer-reviewed clinical review tool utilized by the insurer which is designated by the office of addiction services and supports. Prior to discharge, the facility shall indicate to the insurer whether services included in the discharge plan are secured or determined to be reasonably available. Any utilization review of treatment provided under this subparagraph may include a review of all services provided during such inpatient treatment, including all services provided during the first twenty-eight days of such inpatient treatment. Provided, however, the insurer shall only deny coverage for any portion of the initial twenty-eight day inpatient treatment on the basis that such treatment was not medically necessary if such inpatient treatment was contrary to the evidence-based and peer reviewed clinical review tool utilized by the insurer which is designated by the office of addiction services and supports. An insured shall not have any financial obligation to the facility for any treatment under this subparagraph other than any copayment, coinsurance, or deductible otherwise required

under the policy.

* NB Effective January 1, 2027

* (E) The criteria for medical necessity determinations under the policy with respect to inpatient substance use disorder benefits shall be made available by the insurer to any insured, prospective insured, or in-network provider upon request.

* NB Effective until January 1, 2027

* (E) The criteria for medical necessity determinations under the policy with respect to inpatient substance-related and addictive disorder benefits shall be made available by the insurer to any insured, prospective insured, or in-network provider upon request.

* NB Effective January 1, 2027

* (F) For purposes of this paragraph:

(i) "financial requirement" means deductible, copayments, coinsurance and out-of-pocket expenses;

(ii) "predominant" means that a financial requirement or treatment limitation is the most common or frequent of such type of limit or requirement;

(iii) "treatment limitation" means limits on the frequency of treatment, number of visits, days of coverage, or other similar limits on the scope or duration of treatment and includes nonquantitative treatment limitations such as: medical management standards limiting or excluding benefits based on medical necessity, or based on whether the treatment is experimental or investigational; formulary design for prescription drugs; network tier design; standards for provider admission to participate in a network, including reimbursement rates; methods for determining usual, customary, and reasonable charges; fail-first or step therapy protocols; exclusions based on failure to complete a course of treatment; and restrictions based on geographic location, facility type, provider specialty, and other criteria that limit the scope or duration of benefits for services provided under the policy; and

(iv) "substance use disorder" shall have the meaning set forth in the most recent edition of the diagnostic and statistical manual of mental disorders or the most recent edition of another generally recognized independent standard of current medical practice such as the international classification of diseases.

* NB Effective until January 1, 2027

* (F) For purposes of this paragraph:

(i) "financial requirement" means deductible, copayments, coinsurance and out-of-pocket expenses;

(ii) "predominant" means that a financial requirement or treatment limitation is the most common or frequent of such type of limit or requirement;

(iii) "treatment limitation" means limits on the frequency of treatment, number of visits, days of coverage, or other similar limits on the scope or duration of treatment and includes nonquantitative treatment limitations such as: medical management standards limiting or excluding benefits based on medical necessity, or based on whether the treatment is experimental or investigational; formulary design for prescription drugs; network tier design; standards for provider admission to participate in a network, including reimbursement rates; methods for determining usual, customary, and reasonable charges; fail-first or step therapy protocols; exclusions based on failure to complete a course of treatment; and restrictions based on geographic location, facility type, provider specialty, and other criteria that limit the scope or duration of benefits for services provided under the policy; and

(iv) "substance-related and addictive disorder" shall have the meaning set forth in the most recent edition of the diagnostic and statistical manual of mental disorders or the most recent edition of another generally recognized independent standard of current medical practice such as the international classification of diseases.

* NB Effective January 1, 2027

(G) An insurer shall provide coverage under this paragraph, at a minimum, consistent with the federal Paul Wellstone and Pete Domenici Mental Health Parity and Addiction Equity Act of 2008 (29 U.S.C. § 1185a).

* (7) (A) Every policy that provides medical, major medical or similar comprehensive-type coverage shall provide outpatient coverage for the diagnosis and treatment of substance use disorder, including detoxification and rehabilitation services. Such coverage shall not apply financial requirements or treatment limitations to outpatient substance use disorder benefits that are more restrictive than the

predominant financial requirements and treatment limitations applied to substantially all medical and surgical benefits covered by the policy.

(B) Coverage under this paragraph may be limited to facilities in this state that are licensed, certified or otherwise authorized by the office of addiction services and supports to provide outpatient substance use disorder services and crisis stabilization centers licensed pursuant to section 36.01 of the mental hygiene law, and, in other states, to those which are accredited by the joint commission as alcoholism or chemical dependence treatment programs and similarly licensed, certified or otherwise authorized in the state in which the facility is located.

(C) Coverage provided under this paragraph may be subject to annual deductibles and co-insurance as deemed appropriate by the superintendent and that are consistent with those imposed on other benefits within a given policy.

(C-1) A large group policy that provides coverage under this paragraph shall not impose copayments or coinsurance for outpatient substance use disorder services that exceeds the copayment or coinsurance imposed for a primary care office visit. Provided that no greater than one such copayment may be imposed for all services provided in a single day by a facility licensed, certified or otherwise authorized by the office of alcoholism and substance abuse services to provide outpatient substance use disorder services.

(D) A policy providing coverage for substance use disorder services pursuant to this paragraph shall provide up to twenty outpatient visits per policy or calendar year to an individual who identifies him or herself as a family member of a person suffering from substance use disorder and who seeks treatment as a family member who is otherwise covered by the applicable policy pursuant to this paragraph. The coverage required by this paragraph shall include treatment as a family member pursuant to such family member's own policy provided such family member:

(i) does not exceed the allowable number of family visits provided by the applicable policy pursuant to this paragraph; and

(ii) is otherwise entitled to coverage pursuant to this paragraph and such family member's applicable policy.

(E) This subparagraph shall apply to facilities in this state that are licensed, certified or otherwise authorized by the office of alcoholism

and substance abuse services for the provision of outpatient, intensive outpatient, outpatient rehabilitation and opioid treatment that are participating in the insurer's provider network. Coverage provided under this paragraph shall not be subject to preauthorization. Coverage provided under this paragraph shall not be subject to concurrent review for the first four weeks of continuous treatment, not to exceed twenty-eight visits, provided the facility notifies the insurer of both the start of treatment and the initial treatment plan within two business days. The facility shall perform clinical assessment of the patient at each visit, including periodic consultation with the insurer at or just prior to the fourteenth day of treatment to ensure that the facility is using the evidence-based and peer reviewed clinical review tool utilized by the insurer which is designated by the office of alcoholism and substance abuse services and appropriate to the age of the patient, to ensure that the outpatient treatment is medically necessary for the patient. Any utilization review of the treatment provided under this subparagraph may include a review of all services provided during such outpatient treatment, including all services provided during the first four weeks of continuous treatment, not to exceed twenty-eight visits, of such outpatient treatment. Provided, however, the insurer shall only deny coverage for any portion of the initial four weeks of continuous treatment, not to exceed twenty-eight visits, for outpatient treatment on the basis that such treatment was not medically necessary if such outpatient treatment was contrary to the evidence-based and peer reviewed clinical review tool utilized by the insurer which is designated by the office of alcoholism and substance abuse services. An insured shall not have any financial obligation to the facility for any treatment under this subparagraph other than any copayment, coinsurance, or deductible otherwise required under the policy.

(F) The criteria for medical necessity determinations under the policy with respect to outpatient substance use disorder benefits shall be made available by the insurer to any insured, prospective insured, or in-network provider upon request.

(G) For purposes of this paragraph:

(i) "financial requirement" means deductible, copayments, coinsurance and out-of-pocket expenses;

(ii) "predominant" means that a financial requirement or treatment limitation is the most common or frequent of such type of limit or requirement;

(iii) "treatment limitation" means limits on the frequency of treatment, number of visits, days of coverage, or other similar limits on the scope or duration of treatment and includes nonquantitative treatment limitations such as: medical management standards limiting or excluding benefits based on medical necessity, or based on whether the treatment is experimental or investigational; formulary design for prescription drugs; network tier design; standards for provider admission to participate in a network, including reimbursement rates; methods for determining usual, customary, and reasonable charges; fail-first or step therapy protocols; exclusions based on failure to complete a course of treatment; and restrictions based on geographic location, facility type, provider specialty, and other criteria that limit the scope or duration of benefits for services provided under the policy; and

(iv) "substance use disorder" shall have the meaning set forth in the most recent edition of the diagnostic and statistical manual of mental disorders or the most recent edition of another generally recognized independent standard of current medical practice such as the international classification of diseases.

(H) An insurer shall provide coverage under this paragraph, at a minimum, consistent with the federal Paul Wellstone and Pete Domenici Mental Health Parity and Addiction Equity Act of 2008 (29 U.S.C. § 1185a).

(I) This subparagraph shall apply to crisis stabilization centers in this state that are licensed pursuant to section 36.01 of the mental hygiene law and participate in the insurer's provider network. Benefits for care in a crisis stabilization center shall not be subject to preauthorization. All treatment provided under this subparagraph may be reviewed retrospectively. Where care is denied retrospectively, an insured shall not have any financial obligation to the facility for any treatment under this subparagraph other than any copayment, coinsurance, or deductible otherwise required under the policy.

(J) (i) This clause shall apply to facilities in this state that are licensed, certified, or otherwise authorized by the office of addiction

services and supports for the provision of outpatient, intensive outpatient, outpatient rehabilitation and opioid treatment that are participating in the insurer's provider network. Reimbursement for covered outpatient treatment provided by such facilities shall be at rates negotiated between the insurer and the participating facility, provided that such rates are not less than the rates that would be paid for such treatment pursuant to the medical assistance program under title eleven of article five of the social services law. For the purposes of this clause, the rates that would be paid for such treatment pursuant to the medical assistance program under title eleven of article five of the social services law shall be the rates with an effective date of April first of the preceding year, which shall be established prior to October first of the preceding calendar year.

(ii) The office of addiction services and supports shall publish information adequate to calculate the rates that would be paid for such treatment pursuant to the medical assistance program under title eleven of article five of the social services law. Such information shall be provided in a form and manner to be determined by the commissioner of addiction services and supports. Nothing in this clause shall be construed to relieve an insurer of the obligation to reimburse at no less than the applicable minimum rate set forth in clause (i) of this subparagraph. Prior to the submission of premium rate filings and applications, the superintendent shall provide insurers with guidance on factors to consider in calculating the impact of rate changes for the purposes of submitting premium rate filings and applications to the superintendent for the subsequent policy year. To the extent that the rates with an effective date of April first differ from the estimated rates incorporated in premium rate filings and applications, insurers may account for such differences in future premium rate filings and applications submitted to the superintendent for approval.

* NB Effective until January 1, 2027

* (7) (A) Every policy that provides medical, major medical or similar comprehensive-type coverage shall provide outpatient coverage for the diagnosis and treatment of substance-related and addictive disorder, including detoxification and rehabilitation services. Such coverage shall not apply financial requirements or treatment limitations to outpatient substance-related and addictive disorder benefits that are

more restrictive than the predominant financial requirements and treatment limitations applied to substantially all medical and surgical benefits covered by the policy.

(B) Coverage under this paragraph may be limited to facilities in this state that are licensed, certified or otherwise authorized by the office of addiction services and supports to provide outpatient substance-related and addictive disorder services and crisis stabilization centers licensed pursuant to section 36.01 of the mental hygiene law, and, in other states, to those which are accredited by the joint commission as alcoholism, addiction or chemical dependence treatment programs and similarly licensed, certified or otherwise authorized in the state in which the facility is located.

(C) Coverage provided under this paragraph may be subject to annual deductibles and co-insurance as deemed appropriate by the superintendent and that are consistent with those imposed on other benefits within a given policy.

(C-1) A large group policy that provides coverage under this paragraph shall not impose copayments or coinsurance for outpatient substance-related and addictive disorder services that exceeds the copayment or coinsurance imposed for a primary care office visit. Provided that no greater than one such copayment may be imposed for all services provided in a single day by a facility licensed, certified or otherwise authorized by the office of addiction services and supports to provide outpatient substance-related and addictive disorder services.

(D) A policy providing coverage for substance-related and addictive disorder services pursuant to this paragraph shall provide up to twenty outpatient visits per policy or calendar year to an individual who identifies themselves as a family member of a person suffering from a substance-related and addictive disorder and who seeks treatment as a family member who is otherwise covered by the applicable policy pursuant to this paragraph. The coverage required by this paragraph shall include treatment as a family member pursuant to such family member's own policy provided such family member:

(i) does not exceed the allowable number of family visits provided by the applicable policy pursuant to this paragraph; and

(ii) is otherwise entitled to coverage pursuant to this paragraph and such family member's applicable policy.

(E) This subparagraph shall apply to facilities in this state that are licensed, certified or otherwise authorized by the office of addiction services and supports for the provision of outpatient, intensive outpatient, outpatient rehabilitation and opioid treatment that are participating in the insurer's provider network. Coverage provided under this paragraph shall not be subject to preauthorization. Coverage provided under this paragraph shall not be subject to concurrent review for the first four weeks of continuous treatment, not to exceed twenty-eight visits, provided the facility notifies the insurer of both the start of treatment and the initial treatment plan within two business days. The facility shall perform clinical assessment of the patient at each visit, including periodic consultation with the insurer at or just prior to the fourteenth day of treatment to ensure that the facility is using the evidence-based and peer reviewed clinical review tool utilized by the insurer which is designated by the office of addiction services and supports and appropriate to the age of the patient, to ensure that the outpatient treatment is medically necessary for the patient. Any utilization review of the treatment provided under this subparagraph may include a review of all services provided during such outpatient treatment, including all services provided during the first four weeks of continuous treatment, not to exceed twenty-eight visits, of such outpatient treatment. Provided, however, the insurer shall only deny coverage for any portion of the initial four weeks of continuous treatment, not to exceed twenty-eight visits, for outpatient treatment on the basis that such treatment was not medically necessary if such outpatient treatment was contrary to the evidence-based and peer reviewed clinical review tool utilized by the insurer which is designated by the office of addiction services and supports. An insured shall not have any financial obligation to the facility for any treatment under this subparagraph other than any copayment, coinsurance, or deductible otherwise required under the policy.

(F) The criteria for medical necessity determinations under the policy with respect to outpatient substance-related and addictive disorder benefits shall be made available by the insurer to any insured, prospective insured, or in-network provider upon request.

(G) For purposes of this paragraph:

(i) "financial requirement" means deductible, copayments, coinsurance

and out-of-pocket expenses;

(ii) "predominant" means that a financial requirement or treatment limitation is the most common or frequent of such type of limit or requirement;

(iii) "treatment limitation" means limits on the frequency of treatment, number of visits, days of coverage, or other similar limits on the scope or duration of treatment and includes nonquantitative treatment limitations such as: medical management standards limiting or excluding benefits based on medical necessity, or based on whether the treatment is experimental or investigational; formulary design for prescription drugs; network tier design; standards for provider admission to participate in a network, including reimbursement rates; methods for determining usual, customary, and reasonable charges; fail-first or step therapy protocols; exclusions based on failure to complete a course of treatment; and restrictions based on geographic location, facility type, provider specialty, and other criteria that limit the scope or duration of benefits for services provided under the policy; and

(iv) "substance-related and addictive disorder" shall have the meaning set forth in the most recent edition of the diagnostic and statistical manual of mental disorders or the most recent edition of another generally recognized independent standard of current medical practice such as the international classification of diseases.

(H) An insurer shall provide coverage under this paragraph, at a minimum, consistent with the federal Paul Wellstone and Pete Domenici Mental Health Parity and Addiction Equity Act of 2008 (29 U.S.C. § 1185a).

(I) This subparagraph shall apply to crisis stabilization centers in this state that are licensed pursuant to section 36.01 of the mental hygiene law and participate in the insurer's provider network. Benefits for care in a crisis stabilization center shall not be subject to preauthorization. All treatment provided under this subparagraph may be reviewed retrospectively. Where care is denied retrospectively, an insured shall not have any financial obligation to the facility for any treatment under this subparagraph other than any copayment, coinsurance, or deductible otherwise required under the policy.

(J) (i) This clause shall apply to facilities in this state that are

licensed, certified, or otherwise authorized by the office of addiction services and supports for the provision of outpatient, intensive outpatient, outpatient rehabilitation and opioid treatment that are participating in the insurer's provider network. Reimbursement for covered outpatient treatment provided by such facilities shall be at rates negotiated between the insurer and the participating facility, provided that such rates are not less than the rates that would be paid for such treatment pursuant to the medical assistance program under title eleven of article five of the social services law. For the purposes of this clause, the rates that would be paid for such treatment pursuant to the medical assistance program under title eleven of article five of the social services law shall be the rates with an effective date of April first of the preceding year, which shall be established prior to October first of the preceding calendar year.

(ii) The office of addiction services and supports shall publish information adequate to calculate the rates that would be paid for such treatment pursuant to the medical assistance program under title eleven of article five of the social services law. Such information shall be provided in a form and manner to be determined by the commissioner of addiction services and supports. Nothing in this clause shall be construed to relieve an insurer of the obligation to reimburse at no less than the applicable minimum rate set forth in clause (i) of this subparagraph. Prior to the submission of premium rate filings and applications, the superintendent shall provide insurers with guidance on factors to consider in calculating the impact of rate changes for the purposes of submitting premium rate filings and applications to the superintendent for the subsequent policy year. To the extent that the rates with an effective date of April first differ from the estimated rates incorporated in premium rate filings and applications, insurers may account for such differences in future premium rate filings and applications submitted to the superintendent for approval.

* NB Effective January 1, 2027

(7-a) * (A) No policy that provides medical, major medical or similar comprehensive-type small group coverage and provides coverage for prescription drugs for medication for the treatment of a substance use disorder shall require prior authorization for an initial or renewal prescription for the detoxification or maintenance treatment of a

substance use disorder, including all buprenorphine products, methadone, long acting injectable naltrexone, or medication for opioid overdose reversal prescribed or dispensed to an insured covered under the policy, including federal food and drug administration-approved over-the-counter opioid overdose reversal medication as prescribed, dispensed or as otherwise authorized under state or federal law, except where otherwise prohibited by law. Every policy that provides medical, major medical or similar comprehensive-type large group coverage shall provide coverage for prescription drugs for medication for the treatment of a substance use disorder and shall not require prior authorization for an initial or renewal prescription for the detoxification or maintenance treatment of a substance use disorder, including all buprenorphine products, methadone, long acting injectable naltrexone, or medication for opioid overdose reversal prescribed or dispensed to an insured covered under the policy, including federal food and drug administration-approved over-the-counter opioid overdose reversal medication as prescribed, dispensed or as otherwise authorized under state or federal law, except where otherwise prohibited by law.

* NB Effective until January 1, 2027

* (A) No policy that provides medical, major medical or similar comprehensive-type small group coverage and provides coverage for prescription drugs for medication for the treatment of a substance-related and addictive disorder shall require prior authorization for an initial or renewal prescription for the detoxification or maintenance treatment of a substance-related and addictive disorder, including all buprenorphine products, methadone, long acting injectable naltrexone, or medication for opioid overdose reversal prescribed or dispensed to an insured covered under the policy, including federal food and drug administration-approved over-the-counter opioid overdose reversal medication as prescribed, dispensed or as otherwise authorized under state or federal law, except where otherwise prohibited by law. Every policy that provides medical, major medical or similar comprehensive-type large group coverage shall provide coverage for prescription drugs for medication for the treatment of a substance-related and addictive disorder and shall not require prior authorization for an initial or renewal prescription for the detoxification or maintenance treatment of a substance-related and

addictive disorder, including all buprenorphine products, methadone, long acting injectable naltrexone, or medication for opioid overdose reversal prescribed or dispensed to an insured covered under the policy, including federal food and drug administration-approved over-the-counter opioid overdose reversal medication as prescribed, dispensed or as otherwise authorized under state or federal law, except where otherwise prohibited by law.

* NB Effective January 1, 2027

(B) Coverage provided under this paragraph may be subject to copayments, coinsurance, and annual deductibles that are consistent with those imposed on other benefits within the policy.

(7-b) Every policy that provides coverage for treatment at an opioid treatment program shall not impose a co-payment fee during the course of treatment on any insured for such treatment. For the purposes of this section "opioid treatment program" means a program or practitioner engaged in opioid treatment of individuals with an opioid agonist treatment medication.

(8) (A) Every insurer issuing a group policy for delivery in this state that provides medical, major-medical or similar comprehensive-type coverage shall provide coverage for the provision of preventive and primary care services.

(B) In subparagraphs (A), (C) and (D) of this paragraph, preventive and primary care services means the following services rendered to a covered child of an insured from the date of birth through the attainment of nineteen years of age:

(i) an initial hospital check-up and well-child visits scheduled in accordance with the prevailing clinical standards of a national association of pediatric physicians designated by the commissioner of health (except for any standard that would limit the specialty or forum of licensure of the practitioner providing the service other than the limits under state law). Coverage for such services rendered shall be provided only to the extent that such services are provided by or under the supervision of a physician, or other professional licensed under article one hundred thirty-nine of the education law whose scope of practice pursuant to such law includes the authority to provide the specified services. Coverage shall be provided for such services rendered in a hospital, as defined in section twenty-eight hundred one

of the public health law, or in an office of a physician or other professional licensed under article one hundred thirty-nine of the education law whose scope of practice pursuant to such law includes the authority to provide the specified services;

(ii) at each visit, services in accordance with the prevailing clinical standards of such designated association, including a medical history, a complete physical examination, developmental assessment, anticipatory guidance, appropriate immunizations and laboratory tests which tests are ordered at the time of the visit and performed in the practitioner's office, as authorized by law, or in a clinical laboratory; and

(iii) necessary immunizations, as determined by the superintendent in consultation with the commissioner of health, consisting of at least adequate dosages of vaccine against diphtheria, pertussis, tetanus, polio, measles, rubella, mumps, haemophilus influenzae type b and hepatitis b, which meet the standards approved by the United States public health service for such biological products.

(C) Such coverage required pursuant to subparagraph (A) or (B) of this paragraph shall not be subject to annual deductibles or coinsurance.

(D) Such coverage required pursuant to subparagraph (A) or (B) of this paragraph shall not restrict or eliminate existing coverage provided by the policy.

(E) In addition to subparagraph (A), (B), (C) or (D) of this paragraph, every group policy that provides hospital, surgical or medical care coverage, except for a grandfathered health plan under subparagraph (G) of this paragraph, shall provide coverage for the following preventive care and screenings for insureds, and such coverage shall not be subject to annual deductibles or coinsurance:

(i) evidence-based items or services for preventive care and screenings that have in effect a rating of 'A' or 'B' in the current recommendations of the United States preventive services task force;

(ii) immunizations that have in effect a recommendation from the advisory committee on immunization practices of the centers for disease control and prevention with respect to the individual involved, or that are recommended by the commissioner of health to the superintendent utilizing generally accepted medical standards and taking into consideration recommendations of the American Academy of Pediatrics, the

American Academy of Family Physicians, the American College of Obstetricians and Gynecologists, and the American College of Physicians and/or other similar nationally or internationally recognized scientific organizations;

(iii) with respect to children, including infants and adolescents, evidence-informed preventive care and screenings provided for in comprehensive guidelines supported by the health resources and services administration; and

(iv) with respect to women, such additional preventive care and screenings not described in item (i) of this subparagraph and as provided for in comprehensive guidelines supported by the health resources and services administration.

(F) The requirements of this paragraph shall also be applicable to a blanket policy of hospital, medical or surgical expense insurance covering students pursuant to subparagraph (C) of paragraph three of subsection (a) of section four thousand two hundred thirty-seven of this chapter.

(G) For purposes of this paragraph, "grandfathered health plan" means coverage provided by an insurer in which an individual was enrolled on March twenty-third, two thousand ten for as long as the coverage maintains grandfathered status in accordance with section 1251(e) of the Affordable Care Act, 42 U.S.C. § 18011(e).

(9) Every insurer issuing a group policy for delivery in this state which policy provides coverage for any service within the lawful scope of practice of a duly licensed registered professional nurse, must make available, and if requested by the contract holder, provide reimbursement for such service when such service is performed by a duly licensed registered professional nurse provided, however, that reimbursement shall not be made for nursing services provided to an insured in a general hospital, nursing home or a facility providing health related services, as such terms are defined in section twenty-eight hundred one of the public health law, or in a facility, as such term is defined in subdivision six of section 1.03 of the mental hygiene law, or in a physician's office. Such coverage may be subject to annual deductibles and co-insurance as may be deemed appropriate by the superintendent and are consistent with those imposed on other benefits within a given policy. Such coverage shall not replace, restrict or

eliminate existing coverage provided by the policy. Coverage for the services of a duly licensed registered professional nurse need be provided only if the nature of the patient's illness or condition requires nursing care which can appropriately be provided by a person with the education and professional skill of a registered professional nurse and the nursing care is necessary in the treatment of the patient's illness or condition. Written notice of the availability of such coverage shall be delivered to the policyholder prior to inception of such group policy and annually thereafter, except that this notice shall not be required where a policy covers two hundred or more employees or where the benefit structure was the subject of collective bargaining affecting persons who are employed in more than one state.

(10) (A) Every insurer issuing a group policy for delivery in this state which provides coverage for inpatient hospital care must make available and if requested by the policyholder provide coverage for hospice care. Written notice of the availability of such coverage shall be delivered to the policyholder prior to inception of such group policy and annually thereafter, except that this notice shall not be required where a policy covers two hundred or more employees or where the benefit structure was the subject of collective bargaining affecting persons who are employed in more than one state.

(B) For the purposes of this paragraph, hospice care shall mean the care and treatment of a covered person who has been certified by such person's primary attending physician as having a life expectancy of six months or less and which is provided by a hospice organization certified pursuant to article forty of the public health law or under a similar certification process required by the state in which the hospice organization is located.

(C) Hospice care coverage shall be at least equal to: (i) a total of two hundred ten days of coverage beginning with the first day on which care is provided, for inpatient hospice care in a hospice or in a hospital and home care and outpatient services provided by the hospice, including drugs and medical supplies, and (ii) five visits for bereavement counseling services, either before or after the insured's death, provided to the family of the terminally ill insured.

(D) Such coverage shall be made available at the inception of all new policies and, with respect to policies issued before the effective date

of this provision, at the first annual anniversary date thereafter, without evidence of insurability and at any subsequent annual anniversary date subject to evidence of insurability.

(E) Such coverage may be subject to annual deductibles and coinsurance as may be deemed appropriate by the superintendent and are consistent with those imposed on other benefits within a given policy period.

(11) (A) Every insurer delivering a group or blanket policy or issuing a group or blanket policy for delivery in this state that provides coverage for hospital, surgical or medical care shall provide the following coverage for mammography screening for occult breast cancer:

(i) upon the recommendation of a physician, a mammogram, which may be provided by breast tomosynthesis, at any age for covered persons having a prior history of breast cancer or who have a first degree relative with a prior history of breast cancer;

(ii) a single baseline mammogram, which may be provided by breast tomosynthesis, for covered persons aged thirty-five through thirty-nine, inclusive;

(iii) an annual mammogram, which may be provided by breast tomosynthesis, for covered persons aged forty and older;

(iv) for large group policies that provide coverage for hospital, surgical or medical care, an annual mammogram for covered persons aged thirty-five through thirty-nine, inclusive, upon the recommendation of a physician, subject to the insurer's determination that the mammogram is medically necessary; and

(v) upon the recommendation of a physician, screening and diagnostic imaging, including diagnostic mammograms, breast ultrasounds, or magnetic resonance imaging, recommended by nationally recognized clinical practice guidelines for the detection of breast cancer. For the purposes of this item, "nationally recognized clinical practice guidelines" means evidence-based clinical practice guidelines informed by a systematic review of evidence and an assessment of the benefits, and risks of alternative care options intended to optimize patient care developed by independent organizations or medical professional societies utilizing a transparent methodology and reporting structure and with a conflict of interest policy.

* (B) Such coverage required pursuant to subparagraph (A) or (C) of this paragraph shall not be subject to annual deductibles or

coinsurance. If under federal law, application of this requirement would result in health savings account ineligibility under 26 USC 223, this requirement shall apply for health savings account-qualified high deductible health plans with respect to the deductible of such a plan after the enrollee has satisfied the minimum deductible under 26 USC 223, except for with respect to items or services that are preventive care pursuant to 26 USC 223(c)(2)(C), in which case the requirements of this paragraph shall apply regardless of whether the minimum deductible under 26 USC 223 has been satisfied.

* NB Effective until January 1, 2027

* (B) Such coverage required pursuant to subparagraph (A) or (C) of this paragraph shall not be subject to annual deductibles or coinsurance. If under federal law, application of this requirement would result in health savings account ineligibility under 26 USC 223, this requirement shall apply for health savings account-qualified high deductible health plans with respect to the deductible of such a plan after the enrollee has satisfied the plan deductible, except for with respect to items or services that are preventive care pursuant to 26 USC 223(c)(2)(C), in which case the requirements of this paragraph shall apply regardless of whether the plan deductible has been satisfied.

* NB Effective January 1, 2027

(C) For purposes of subparagraphs (A) and (B) of this paragraph, mammography screening means an X-ray examination of the breast using dedicated equipment, including X-ray tube, filter, compression device, screens, films and cassettes, with an average glandular radiation dose less than 0.5 rem per view per breast; provided, however, that mammography screening shall also include breast tomosynthesis.

(D) In addition to subparagraph (A), (B) or (C) of this paragraph, every group or blanket policy that provides coverage for hospital, surgical or medical care, except for a grandfathered health plan under subparagraph (E) of this paragraph, shall provide coverage for the following mammography screening services, and such coverage shall not be subject to annual deductibles or coinsurance:

(i) evidence-based items or services for mammography that have in effect a rating of 'A' or 'B' in the current recommendations of the United States preventive services task force; and

(ii) with respect to women, such additional preventive care and

screenings for mammography not described in item (i) of this subparagraph and as provided for in comprehensive guidelines supported by the health resources and services administration.

(E) For purposes of this paragraph, "grandfathered health plan" means coverage provided by an insurer in which an individual was enrolled on March twenty-third, two thousand ten for as long as the coverage maintains grandfathered status in accordance with section 1251(e) of the Affordable Care Act, 42 U.S.C. § 18011(e).

(11-a) (A) Every policy delivered or issued for delivery in this state which provides medical coverage that includes coverage for physician services in a physician's office and every policy which provides major medical or similar comprehensive-type coverage shall provide, upon the prescription of a health care provider legally authorized to prescribe under title eight of the education law, the following coverage for diagnostic screening for prostatic cancer:

(i) standard diagnostic testing including, but not limited to, a digital rectal examination and a prostate-specific antigen test at any age for men having a prior history of prostate cancer; and

(ii) an annual standard diagnostic examination including, but not limited to, a digital rectal examination and a prostate-specific antigen test for men age fifty and over who are asymptomatic and for men age forty and over with a family history of prostate cancer or other prostate cancer risk factors.

(B) Such coverage shall not be subject to annual deductibles or coinsurance.

(11-b) (A) Every large group policy delivered or issued for delivery in this state which provides medical coverage that includes coverage for physician services in a physician's office and every large group policy which provides major medical or similar comprehensive-type coverage shall provide, upon the prescription of a health care provider acting within the provider's scope of practice pursuant to title eight of the education law, coverage for colorectal cancer preventive screenings in accordance with the American Cancer Society Guidelines for colorectal cancer screening of average risk individuals. The coverage required by this paragraph shall also include coverage for all additional colorectal cancer examinations and laboratory tests recommended in accordance with the American Cancer Society Guidelines for colorectal cancer screening

of average risk individuals, including an initial colonoscopy or other medical test or procedure for colorectal cancer screening and a follow-up colonoscopy performed as a result of a positive result on a non-colonoscopy preventive screening test. A large group policy shall cover colorectal cancer screenings, examinations, and laboratory tests described in this paragraph upon any policy issuance or renewal that occurs six months after the date the guideline described in this paragraph is issued.

(B) An insured shall not be subject to a deductible, coinsurance, or any other cost-sharing requirements for services consistent with subparagraph (A) of this paragraph received from participating providers.

(11-c) (A) Every insurer delivering a group or blanket policy or issuing a group or blanket policy for delivery in this state that provides coverage for medical, major medical, or similar comprehensive-type coverage shall provide coverage for biomarker precision medical testing for the purposes of diagnosis, treatment, or appropriate management of, or ongoing monitoring to guide treatment decisions for, an insured's disease or condition when one or more of the following recognizes the efficacy and appropriateness of biomarker precision medical testing for diagnosis, treatment, appropriate management, or guiding treatment decisions for an insured's disease or condition:

(i) labeled indications for a test approved or cleared by the federal food and drug administration or indicated tests for a food and drug administration approved drug;

(ii) centers for medicare and medicaid services national coverage determinations or medicare administrative contractor local coverage determinations;

(iii) nationally recognized clinical practice guidelines; or

(iv) peer-reviewed literature and peer-reviewed scientific studies published in or accepted for publication by medical journals that meet nationally recognized requirements for scientific manuscripts and that submit most of their published articles for review by experts who are not part of the editorial staff.

(B) Such coverage shall be provided in a manner that shall limit disruptions in care including the need for multiple biopsies or

biospecimen samples.

(C) As used in this paragraph, the following terms shall have the following meanings:

(i) "Biomarker" means a characteristic that is measured as an indicator of normal biological processes, pathogenic processes, or responses to an exposure or intervention, including therapeutic interventions.

(ii) "Biomarker precision medical testing" means the analysis of a patient's tissue, blood, or other biospecimen for the presence of a biomarker. Biomarker testing includes but is not limited to single-analyte tests and multi-plex panel tests performed at a participating in-network laboratory facility that is either CLIA certified or CLIA waived by the federal food and drug administration.

(iii) "Nationally recognized clinical practice guidelines" means evidence-based clinical practice guidelines informed by a systematic review of evidence and an assessment of the benefits, and risks of alternative care options intended to optimize patient care developed by independent organizations or medical professional societies utilizing a transparent methodology and reporting structure and with a conflict of interest policy.

(12) (A) Every insurer delivering a group or blanket policy or issuing a group or blanket policy for delivery in this state which provides coverage for prescribed drugs approved by the food and drug administration of the United States government for the treatment of certain types of cancer shall not exclude coverage of any such drug on the basis that such drug has been prescribed for the treatment of a type of cancer for which the drug has not been approved by the food and drug administration. Provided, however, that such drug must be recognized for treatment of the specific type of cancer for which the drug has been prescribed in one of the following established reference compendia:

(i) the American Hospital Formulary Service-Drug Information (AHFS-DI);

(ii) National Comprehensive Cancer Networks Drugs and Biologics Compendium;

(iii) Thomson Micromedex DrugDex;

(iv) Elsevier Gold Standard's Clinical Pharmacology; or other authoritative compendia as identified by the Federal Secretary of Health

and Human Services or the Centers for Medicare & Medicaid Services (CMS); or recommended by review article or editorial comment in a major peer reviewed professional journal.

(B) Notwithstanding the provisions of this paragraph, coverage shall not be required for any experimental or investigational drugs or any drug which the food and drug administration has determined to be contraindicated for treatment of the specific type of cancer for which the drug has been prescribed. The provisions of this paragraph shall apply to cancer drugs only and nothing herein shall be construed to create, impair, alter, limit, modify, enlarge, abrogate or prohibit reimbursement for drugs used in the treatment of any other disease or condition.

(12-a) (A) Every policy delivered or issued for delivery in this state that provides medical, major medical, or similar comprehensive-type coverage and provides coverage for prescription drugs and also provides coverage for cancer chemotherapy treatment shall provide coverage for prescribed, orally administered anticancer medications used to kill or slow the growth of cancerous cells. Such coverage may be subject to co-pays, coinsurance or deductibles, provided that the co-pays, coinsurance or deductibles are at least as favorable to an insured as the co-pays, coinsurance or deductibles that apply to coverage for intravenous or injected anticancer medications.

(B) An insurer providing coverage under this paragraph and any participating entity through which the insurer offers health services shall not:

(i) vary the terms of the policy for the purpose or with the effect of avoiding compliance with this paragraph;

(ii) provide incentives (monetary or otherwise) to encourage a covered person to accept less than the minimum protections available under this paragraph;

(iii) penalize in any way or reduce or limit the compensation of a health care practitioner for recommending or providing care to a covered person in accordance with this paragraph;

(iv) provide incentives (monetary or otherwise) to a health care practitioner relating to the services provided pursuant to this paragraph intended to induce or have the effect of inducing such practitioner to provide care to a covered person in a manner

inconsistent with this paragraph; or

(v) achieve compliance with this paragraph by imposing an increase in cost sharing for an intravenous or injected anticancer medication.

(12-b) (A) Every large group policy delivered or issued for delivery in this state that provides medical, major medical, or similar comprehensive-type coverage and provides coverage cancer chemotherapy treatment shall provide coverage for scalp cooling systems used in connection with cancer chemotherapy treatment. Coverage provided under this paragraph may be subject to annual deductibles and coinsurance, including copayments, as may be deemed appropriate by the superintendent and as are consistent with those established for other benefits within a given policy.

(B) For the purposes of this paragraph, "scalp cooling system" means any device used to cool the human scalp to prevent or reduce hair loss during cancer chemotherapy treatment, provided that such device is designed and intended for repeated use and is primarily and customarily used to serve a medical purpose.

(13) Consistent with federal law every insurer delivering a group policy or issuing a group policy for delivery in this state which provides coverage supplementing part A and part B of subchapter XVIII of the federal Social Security Act, 42 USC §§ 1395 et seq., shall make available and, if requested by the policyholder, provide coverage for at least ninety days of care in a nursing home as defined in section twenty-eight hundred one of the public health law, except where such coverage would duplicate coverage that is available under the aforementioned subchapter XVIII. Such coverage shall be made available at the inception of all new policies and, with respect to all other policies at each anniversary date of the policy.

(A) Coverage shall be subject to a copayment of twenty-five dollars per day.

(B) Brochures describing such coverage must be provided to the policyholder at the inception of all new policies and thereafter on each anniversary date of the policy, and with respect to all other policies annually at each anniversary date of the policy. Such brochures must be approved by the superintendent in consultation with the commissioner of health.

(C) The commensurate rate for the coverage must be approved by the

superintendent.

(D) Such insurers shall report to the superintendent each year the number of contract holders to whom such insurers have issued such policies for nursing home coverage and the approximate number of persons covered by such policies.

(14) (A) Every group or blanket policy delivered or issued for delivery in this state that provides hospital, surgical or medical coverage shall provide coverage for an annual cervical cytology screening for cervical cancer and its precursor states for women aged eighteen and older.

(B) For purposes of subparagraphs (A) and (C) of this paragraph, cervical cytology screening shall include an annual pelvic examination, collection and preparation of a Pap smear, and laboratory and diagnostic services provided in connection with examining and evaluating the Pap smear.

(C) Such coverage required pursuant to subparagraph (A) or (B) of this paragraph may be subject to annual deductibles and coinsurance as may be deemed appropriate by the superintendent and as are consistent with those established for other benefits within a given policy.

(D) In addition to subparagraph (A), (B) or (C) of this paragraph, every group or blanket policy that provides hospital, surgical or medical coverage, except for a grandfathered health plan under subparagraph (E) of this paragraph, shall provide coverage for the following cervical cytology screening services, and such coverage shall not be subject to annual deductibles or coinsurance:

(i) evidence-based items or services for cervical cytology that have in effect a rating of 'A' or 'B' in the current recommendations of the United States preventive services task force; and

(ii) with respect to women, such additional preventive care and screenings for cervical cytology not described in item (i) of this subparagraph and as provided for in comprehensive guidelines supported by the health resources and services administration.

(E) For purposes of this paragraph, "grandfathered health plan" means coverage provided by an insurer in which an individual was enrolled on March twenty-third, two thousand ten for as long as the coverage maintains grandfathered status in accordance with section 1251(e) of the Affordable Care Act, 42 U.S.C. § 18011(e).

(15)(A) Every group or blanket policy delivered or issued for delivery in this state which provides major medical or similar comprehensive-type coverage shall include coverage for prehospital emergency medical services for the treatment of an emergency condition when such services are provided by an ambulance service issued a certificate to operate pursuant to section three thousand five of the public health law.

(B) Payment by an insurer pursuant to this section shall be payment in full for the services provided. An ambulance service reimbursed pursuant to this section shall not charge or seek any reimbursement from, or have any recourse against an insured for the services provided pursuant to this paragraph, except for the collection of copayments, coinsurance or deductibles for which the insured is responsible for under the terms of the policy.

(C) An insurer shall provide reimbursement for those services prescribed by this section at rates negotiated between the insurer and the provider of such services. In the absence of agreed upon rates, an insurer shall pay for such services at the usual and customary charge, which shall not be excessive or unreasonable. The insurer shall send such payments directly to the provider of such ambulance services, if the ambulance service has on file an executed assignment of benefits form with the claim.

(D) The provisions of this paragraph shall have no application to transfers of patients between hospitals or health care facilities by an ambulance service as described in subparagraph (A) of this paragraph unless such services are covered under the policy.

(E) As used in this paragraph:

(i) "Prehospital emergency medical services" means the prompt evaluation and treatment of an emergency medical condition, and/or non-air-borne transportation of the patient to a hospital, provided however, where the patient utilizes non-air-borne emergency transportation pursuant to this paragraph, reimbursement shall be based on whether a prudent layperson, possessing an average knowledge of medicine and health, could reasonably expect the absence of such transportation to result in (I) placing the health of the person affected with such condition in serious jeopardy, or in the case of a behavioral condition placing the health of such person or others in serious jeopardy; (II) serious impairment to such person's bodily

functions; (III) serious dysfunction of any bodily organ or part of such person; (IV) serious disfigurement of such person; or (V) a condition described in clause (i), (ii) or (iii) of section 1867(e)(1)(A) of the Social Security Act.

(ii) "Emergency condition" means a medical or behavioral condition that manifests itself by acute symptoms of sufficient severity, including severe pain, such that a prudent layperson, possessing an average knowledge of medicine and health, could reasonably expect the absence of immediate medical attention to result in (I) placing the health of the person afflicted with such condition in serious jeopardy, or in the case of a behavioral condition placing the health of such person or others in serious jeopardy; (II) serious impairment to such person's bodily functions; ((III) serious dysfunction of any bodily organ or part of such person; (IV) serious disfigurement of such person; or (V) a condition described in clause (i), (ii) or (iii) of section 1867(e)(1)(A) of the Social Security Act.

(16) (A) Every group or blanket policy that provides medical, major medical, or similar comprehensive type coverage that is issued, amended, renewed, effective or delivered on or after January first, two thousand twenty, shall provide coverage for all of the following services and contraceptive methods:

(1) All FDA-approved contraceptive drugs, devices, and other products. This includes all FDA-approved over-the-counter contraceptive drugs, devices, and products as prescribed or as otherwise authorized under state or federal law. The following applies to this coverage:

(a) where the FDA has approved one or more therapeutic and pharmaceutical equivalent, as defined by the FDA, versions of a contraceptive drug, device, or product, a group or blanket policy is not required to include all such therapeutic and pharmaceutical equivalent versions in its formulary, so long as at least one is included and covered without cost-sharing and in accordance with this paragraph;

(b) if the covered therapeutic and pharmaceutical equivalent versions of a drug, device, or product are not available or are deemed medically inadvisable a group or blanket policy shall provide coverage for an alternate therapeutic and pharmaceutical equivalent version of the contraceptive drug, device, or product without cost-sharing. If the attending health care provider, in his or her reasonable professional

judgment, determines that the use of a non-covered therapeutic or pharmaceutical equivalent of a drug, device, or product is warranted, the health care provider's determination shall be final. The superintendent shall promulgate regulations establishing a process, including timeframes, for an insured, an insured's designee or an insured's health care provider to request coverage of a non-covered contraceptive drug, device, or product. Such regulations shall include a requirement that insurers use an exception form that shall meet criteria established by the superintendent;

(c) this coverage shall include emergency contraception without cost-sharing when provided pursuant to a prescription or order under section sixty-eight hundred thirty-one of the education law or when lawfully provided over the counter; and

(d) this coverage must allow for the dispensing of up to twelve months worth of a contraceptive at one time;

(2) Voluntary sterilization procedures pursuant to 42 U.S.C. 18022 and identified in the comprehensive guidelines supported by the health resources and services administration and thereby incorporated in the essential health benefits benchmark plan;

(3) Patient education and counseling on contraception; and

(4) Follow-up services related to the drugs, devices, products, and procedures covered under this paragraph, including, but not limited to, management of side effects, counseling for continued adherence, and device insertion and removal.

(B) A group or blanket policy subject to this paragraph shall not impose a deductible, coinsurance, copayment, or any other cost-sharing requirement on the coverage provided pursuant to this paragraph.

(C) Except as otherwise authorized under this paragraph, a group or blanket policy shall not impose any restrictions or delays on the coverage required under this paragraph.

(D) Benefits for an enrollee under this paragraph shall be the same for an enrollee's covered spouse or domestic partner and covered nonspouse dependents.

(E) Notwithstanding any other provision of this subsection, a religious employer may request a contract without coverage for federal food and drug administration approved contraceptive methods that are contrary to the religious employer's religious tenets. If so requested,

such contract shall be provided without coverage for contraceptive methods. This paragraph shall not be construed to deny an enrollee coverage of, and timely access to, contraceptive methods.

(1) For purposes of this subsection, a "religious employer" is an entity for which each of the following is true:

(a) The inculcation of religious values is the purpose of the entity.

(b) The entity primarily employs persons who share the religious tenets of the entity.

(c) The entity serves primarily persons who share the religious tenets of the entity.

(d) The entity is a nonprofit organization as described in Section 6033(a)(2)(A)i or iii, of the Internal Revenue Code of 1986, as amended.

(2) Every religious employer that invokes the exemption provided under this paragraph shall provide written notice to prospective enrollees prior to enrollment with the plan, listing the contraceptive health care services the employer refuses to cover for religious reasons.

(F) (1) Where a group policyholder makes an election not to purchase coverage for contraceptive drugs or devices in accordance with subparagraph (E) of this paragraph each certificateholder covered under the policy issued to that group policyholder shall have the right to directly purchase the rider required by this paragraph from the insurer which issued the group policy at the prevailing small group community rate for such rider whether or not the employee is part of a small group.

(2) Where a group policyholder makes an election not to purchase coverage for contraceptive drugs or devices in accordance with subparagraph (E) of this paragraph, the insurer that provides such coverage shall provide written notice to certificateholders upon enrollment with the insurer of their right to directly purchase a rider for coverage for the cost of contraceptive drugs or devices. The notice shall also advise the certificateholders of the additional premium for such coverage.

(G) Nothing in this paragraph shall be construed as authorizing a group or blanket policy which provides coverage for prescription drugs to exclude coverage for prescription drugs prescribed for reasons other than contraceptive purposes.

(H) For the purposes of this paragraph, "over-the-counter

contraceptive products" shall mean those products provided for in comprehensive guidelines supported by the health resources and services administration as of January twenty-first, two thousand nineteen.

(17) (A) Every group or blanket accident and health insurance policy delivered or issued for delivery in this state which provides coverage for hospital or surgical care coverage shall not exclude coverage for screening, diagnosis and treatment of medical conditions otherwise covered by the policy because the treatment is provided to diagnose or treat autism spectrum disorder.

(B) Every group or blanket policy that provides physician services, medical, major medical or similar comprehensive-type coverage shall provide coverage for the screening, diagnosis and treatment of autism spectrum disorder in accordance with this paragraph and shall not exclude coverage for the screening, diagnosis or treatment of medical conditions otherwise covered by the policy because the individual is diagnosed with autism spectrum disorder. Such coverage may be subject to annual deductibles, copayments and coinsurance as may be deemed appropriate by the superintendent and shall be consistent with those imposed on other benefits under the group or blanket policy. This paragraph shall not be construed as limiting the benefits that are otherwise available to an individual under the group or blanket policy, provided however that such policy shall not contain any limitations on visits that are solely applied to the treatment of autism spectrum disorder. No insurer shall terminate coverage or refuse to deliver, execute, issue, amend, adjust, or renew coverage to an individual solely because the individual is diagnosed with autism spectrum disorder or has received treatment for autism spectrum disorder. Coverage shall be subject to utilization review and external appeals of health care services pursuant to article forty-nine of this chapter as well as case management and other managed care provisions.

(C) For purposes of this paragraph:

(i) "autism spectrum disorder" means any pervasive developmental disorder as defined in the most recent edition of the diagnostic and statistical manual of mental disorders.

(ii) "applied behavior analysis" means the design, implementation, and evaluation of environmental modifications, using behavioral stimuli and consequences, to produce socially significant improvement in human

behavior, including the use of direct observation, measurement, and functional analysis of the relationship between environment and behavior.

(iii) "behavioral health treatment" means counseling and treatment programs, when provided by a licensed provider, and applied behavior analysis, when provided by a person licensed, certified or otherwise authorized to provide applied behavior analysis, that are necessary to develop, maintain, or restore, to the maximum extent practicable, the functioning of an individual.

(iv) "diagnosis of autism spectrum disorder" means assessments, evaluations, or tests to diagnose whether an individual has autism spectrum disorder.

(v) "pharmacy care" means medications prescribed by a licensed health care provider legally authorized to prescribe under title eight of the education law.

(vi) "psychiatric care" means direct or consultative services provided by a psychiatrist licensed in the state in which the psychiatrist practices.

(vii) "psychological care" means direct or consultative services provided by a psychologist licensed in the state in which the psychologist practices.

(viii) "therapeutic care" means services provided by licensed or certified speech therapists, occupational therapists, social workers, or physical therapists.

(ix) "treatment of autism spectrum disorder" shall include the following care and assistive communication devices prescribed or ordered for an individual diagnosed with autism spectrum disorder by a licensed physician or a licensed psychologist:

(1) behavioral health treatment;

(2) psychiatric care;

(3) psychological care;

(4) medical care provided by a licensed health care provider;

(5) therapeutic care, including therapeutic care which is deemed habilitative or nonrestorative, in the event that the policy provides coverage for therapeutic care; and

(6) pharmacy care in the event that the policy provides coverage for prescription drugs.

(D) Coverage may be denied on the basis that such treatment is being provided to the covered person pursuant to an individualized education plan under article eighty-nine of the education law. The provision of services pursuant to an individualized family service plan under section twenty-five hundred forty-five of the public health law, an individualized education plan under article eighty-nine of the education law, or an individualized service plan pursuant to regulations of the office for persons with developmental disabilities shall not affect coverage under the policy for services provided on a supplemental basis outside of an educational setting if such services are prescribed by a licensed physician or licensed psychologist.

(E) Nothing in this paragraph shall be construed to affect any obligation to provide services to an individual under an individualized family service plan under section twenty-five hundred forty-five of the public health law, an individualized education plan under article eighty-nine of the education law, or an individualized service plan pursuant to regulations of the office for persons with developmental disabilities.

(G) Nothing in this paragraph shall be construed to prevent a group or blanket policy from providing services through a network of participating providers who shall meet certain requirements for participation, including provider credentialing.

(H) Coverage under this paragraph shall not apply financial requirements or treatment limitations to autism spectrum disorder benefits that are more restrictive than the predominant financial requirements and treatment limitations applied to substantially all medical and surgical benefits covered by the policy.

(I) The criteria for medical necessity determinations under the policy with respect to autism spectrum disorder benefits shall be made available by the insurer to any insured, prospective insured, or in-network provider upon request.

(J) For purposes of this paragraph:

(i) "financial requirement" means deductible, copayments, coinsurance and out-of-pocket expenses;

(ii) "predominant" means that a financial requirement or treatment limitation is the most common or frequent of such type of limit or requirement; and

(iii) "treatment limitation" means limits on the frequency of treatment, number of visits, days of coverage, or other similar limits on the scope or duration of treatment and includes nonquantitative treatment limitations such as: medical management standards limiting or excluding benefits based on medical necessity, or based on whether the treatment is experimental or investigational; formulary design for prescription drugs; network tier design; standards for provider admission to participate in a network, including reimbursement rates; methods for determining usual, customary, and reasonable charges; fail-first or step therapy protocols; exclusions based on failure to complete a course of treatment; and restrictions based on geographic location, facility type, provider specialty, and other criteria that limit the scope or duration of benefits for services provided under the policy.

(K) An insurer shall provide coverage under this paragraph, at a minimum, consistent with the federal Paul Wellstone and Pete Domenici Mental Health Parity and Addiction Equity Act of 2008 (29 U.S.C. § 1185a).

(18) (A) Definitions. For the purpose of this paragraph:

(i) "Same reimbursement amount" shall mean that any coverage described under subparagraph (B) of this paragraph shall provide the same benchmark index, including the same average wholesale price, maximum allowable cost and national prescription drug codes to reimburse all pharmacies participating in the insurance network regardless of whether a pharmacy is a mail order pharmacy or a non-mail order pharmacy.

(ii) "Mail order pharmacy" means a pharmacy whose primary business is to receive prescriptions by mail, telefax or through electronic submissions and to dispense medication to patients through the use of the United States mail or other common or contract carrier services and provides any consultation with patients electronically rather than face-to-face.

(B) Any insurer delivering a group or blanket policy or issuing a group or blanket policy for delivery in this state that provides coverage for prescription drugs shall permit each insured to fill any covered prescription that may be obtained at a network participating mail order or other non-retail pharmacy, at the insured's option, at a network participating non-mail order retail pharmacy provided that the

network participating non-mail order retail pharmacy agrees to the same reimbursement amount that the insurer has established for the network participating mail order or other non-retail pharmacy. In such a case, the policy shall not impose a co-payment fee or other condition on any insured who elects to purchase drugs from a network participating non-mail order retail pharmacy which is not also imposed on insureds electing to purchase drugs from a network participating mail order or other non-retail pharmacy; provided, however, that the provisions of this section shall not supersede the terms of a collective bargaining agreement or apply to a policy that is the result of a collective bargaining agreement between an employer and a recognized or certified employee organization.

(19) Whenever in this section an insurer is required to provide benefits with no coinsurance or deductible, the requirement only applies with respect to participating providers in the insurer's network, or with respect to non-participating providers, if the insurer does not have a participating provider in the in-network benefits portion of its network with the appropriate training and experience to meet the particular health care needs of the insured pursuant to subsection (d) of section three thousand two hundred seventeen-d of this article.

* (20) Health care forensic examinations performed pursuant to section twenty-eight hundred five-i of the public health law covered under the policy shall not be subject to annual deductibles or coinsurance.

* NB There are 2 par (20)'s

* (20) Every insurer delivering a group or blanket policy or issuing a group or blanket policy for delivery in this state that provides coverage for hospital, surgical or medical care shall provide the following coverage for pasteurized donor human milk (PDHM), which may include fortifiers as medically indicated, for which a licensed medical practitioner has issued an order for an infant who is medically or physically unable to receive maternal breast milk or participate in breast feeding or whose mother is medically or physically unable to produce maternal breast milk at all or in sufficient quantities or participate in breast feeding despite optimal lactation support. Such infant shall: (i) have a documented birth weight of less than one thousand five hundred grams; or (ii) have a congenital or acquired condition that places the infant at a high risk for development of

necrotizing enterocolitis.

* NB There are 2 par (20)'s

* (21) Every large group policy which provides medical, major medical, or comprehensive-type coverage shall include coverage for the cost of pre-exposure prophylaxis (PrEP) for the prevention of HIV and post-exposure prophylaxis to prevent HIV infection. Such coverage may be subject to annual deductibles, coinsurance, and copayments as may be deemed appropriate by the superintendent and as are consistent with those established for other benefits within a given policy, unless the pre-exposure prophylaxis (PrEP) or post-exposure prophylaxis has in effect a rating of 'A' or 'B' in the current recommendations of the United States preventive services task force.

* NB There are 2 par (21)'s

* (21) Every group or blanket policy delivered or issued for delivery in this state that provides coverage for a prescription drug shall apply any third-party payments, financial assistance, discount, voucher or other price reduction instrument for out-of-pocket expenses made on behalf of an insured individual for the cost of prescription drugs to the insured's deductible, copayment, coinsurance, out-of-pocket maximum, or any other cost-sharing requirement when calculating such insured individual's overall contribution to any out-of-pocket maximum or any cost-sharing requirement. If under federal law, application of this requirement would result in health savings account ineligibility under 26 USC 223, this requirement shall apply for health savings account-qualified high deductible health plans with respect to the deductible of such a plan after the enrollee has satisfied the minimum deductible under 26 USC 223, except for with respect to items or services that are preventive care pursuant to 26 USC 223(c)(2)(C), in which case the requirements of this paragraph shall apply regardless of whether the minimum deductible under 26 USC 223 has been satisfied. This paragraph only applies to a prescription drug that is either (A) a brand-name drug without an AB rated generic equivalent, as determined by the United States Food and Drug Administration; or (B) a brand-name drug with an AB rated generic equivalent, as determined by the United States Food and Drug Administration, and the insured has access to the brand-name drug through prior authorization by the insurer or through the insurer's appeal process, including any step-therapy process; or (C)

a generic drug the insurer will cover, with or without prior authorization or an appeal process.

* NB Effective until January 1, 2027

* (21) Every group or blanket policy delivered or issued for delivery in this state that provides coverage for a prescription drug shall apply any third-party payments, financial assistance, discount, voucher or other price reduction instrument for out-of-pocket expenses made on behalf of an insured individual for the cost of prescription drugs to the insured's deductible, copayment, coinsurance, out-of-pocket maximum, or any other cost-sharing requirement when calculating such insured individual's overall contribution to any out-of-pocket maximum or any cost-sharing requirement. If under federal law, application of this requirement would result in health savings account ineligibility under 26 USC 223, this requirement shall apply for health savings account-qualified high deductible health plans with respect to the deductible of such a plan after the enrollee has satisfied the plan deductible, except for with respect to items or services that are preventive care pursuant to 26 USC 223(c)(2)(C), in which case the requirements of this paragraph shall apply regardless of whether the plan deductible has been satisfied. This paragraph only applies to a prescription drug that is either (A) a brand-name drug without an AB rated generic equivalent, as determined by the United States Food and Drug Administration; or (B) a brand-name drug with an AB rated generic equivalent, as determined by the United States Food and Drug Administration, and the insured has access to the brand-name drug through prior authorization by the insurer or through the insurer's appeal process, including any step-therapy process; or (C) a generic drug the insurer will cover, with or without prior authorization or an appeal process.

* NB Effective January 1, 2027

* NB There are 2 par (21)'s

(22) Every group or blanket policy delivered or issued for delivery in this state that provides coverage for antiretroviral prescription drugs for the treatment or prevention of the human immunodeficiency virus (HIV) or acquired immunodeficiency syndrome (AIDS) shall not subject such drug to a prior authorization requirement.

* (23) (A) Every group or blanket accident and health insurance policy

issued or issued for delivery in this state which provides medical, major medical or similar comprehensive-type coverage and provides coverage for prescription drugs shall include coverage for inhalers for the treatment of asthma if prescribed by a physician or other licensed health care provider legally authorized to prescribe under title eight of the education law.

(B) Coverage shall be provided for one form of rescue and one form of maintenance inhaler that shall not be subject to a deductible, copayment, coinsurance or any other cost-sharing requirement.

(C) If the policy is a high deductible health plan as defined in section 223(c)(2) of the Internal Revenue Code of 1986, such coverage may be subject to the plan's annual deductible if application of this requirement would result in ineligibility for a health savings account.

* NB Effective January 1, 2027

* NB There are 2 par (23)'s

* (23) (A) Every policy which provides medical, major medical, or similar comprehensive-type coverage shall provide coverage for follow-up screening or diagnostic services for lung cancer upon the recommendation of a health care provider acting within the provider's scope of practice pursuant to title eight of the education law, and as recommended by nationally recognized clinical practice guidelines for the detection of lung cancer.
