§ 1120-h. Bonds of the authority. 1. The authority shall have the power and is hereby authorized from time to time to issue bonds in such principal amounts as it may determine to be necessary to pay the cost of any project or for any other corporate purpose, including incidental expenses in connection therewith. The authority shall have power and is hereby authorized to enter into such agreements and perform such acts as may be required under any applicable federal legislation to secure a federal guarantee of any bonds. The authority shall have power from time to time to refund any bonds by the issuance of new bonds, whether the bonds to be refunded have or have not matured, and may issue bonds partly to refund bonds then outstanding and partly for any other corporate purpose. Bonds issued by the authority may be general obligations secured by the faith and credit of the authority or may be special obligations payable solely out of particular revenues or other moneys as may be designated in the proceedings of the authority under which the bonds shall be authorized to be issued, subject only to any agreements with the holders of outstanding bonds pledging any particular revenues, earnings, or moneys.

2. The authority is authorized to obtain from any department or agency of the United States of America or the state or any nongovernmental insurer or financial institution any insurance, guarantee or other credit support device, to the extent now or hereafter available, as to, or for the payment or repayment of interest or principal or premium, or any of the foregoing, or any part thereof, on any bonds issued by the authority and to enter into any agreement or contract with respect to any such insurance or guarantee, except to the extent that the same would in any way impair or interfere with the ability of the authority to perform and fulfill the terms of any agreement made with the holders of outstanding bonds of the authority.

3. Bonds shall be authorized by resolution of the authority, and may be in such denominations and bear such date or dates and mature at such time or times as such resolution may provide, except that bonds and any renewals thereof shall mature within forty years from the date of original issuance of any such bonds. Obligations with a maturity of five years or less from the date of their original issuance may be designated

as notes. Bonds shall be subject to such terms of redemption, bear interest at such rate or rates per annum payable at such times, be in such form, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, and be subject to such terms and conditions as such resolution may provide. Bonds may be sold at public or private sale for such price or prices as the authority shall determine, provided that no bonds of the authority, other than obligations designated as notes, may be sold by the authority at private sale unless such sale and the terms thereof have been approved in writing by the comptroller, where such sale is not to be to such comptroller, or by the state director of the division of the budget, where such sale is to be to the comptroller. The authority may pay all expenses, premiums and commissions which it may deem necessary or advantageous in connection with the issuance and sale of bonds.

4. Any resolution or resolutions authorizing bonds or any issue of bonds may contain provisions which may be a part of the contract with the holders of the bonds thereby authorized as to:

(a) pledging all or any part of the authority, together with any other moneys or property of the authority to secure the payment of the bonds, including, but not limited to, any contracts, earnings or proceeds of any grant to the authority received from any private or public source;

(b) the setting aside of reserves and the creation of sinking funds and the regulation and disposition thereof;

(c) limitations on the purpose to which the proceeds from the sale of bonds may be applied;

(d) the rates, rents, fees and other charges to be fixed and collected by the authority and the amount to be raised in each year thereby, and the use and disposition of revenues;

(e) limitations on the right of the authority to restrict and regulate the use of the project or part thereof in connection with which bonds are issued;

(f) limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured and the refunding of outstanding or other bonds;

(g) the procedure, if any, by which the terms of any contract with

bondholders may be amended or abrogated, the amount of bonds the holders of which must consent thereto, and the manner in which such consent may be given;

(h) the creation of special funds into which any revenues or moneys may be deposited;

(i) the terms and provisions of any trust, deed, mortgage or indenture securing the bonds under which the bonds may be issued;

(j) vesting in a trustee or trustees such properties, rights, powers and duties in trust as the authority may determine which may include any or all of the rights, powers and duties of the trustee appointed by the bondholders pursuant to section eleven hundred twenty-i of this title and limiting or abrogating the rights of the bondholders to appoint a trustee under such section or limiting the rights, duties and powers of such trustee;

(k) defining the acts or omissions to act which may constitute a default in the obligations and duties of the authority to the bondholders and providing for the rights and remedies of the bondholders in the event of such default, including as a matter of right the appointment of a receiver, provided, however, that such rights and remedies shall not be inconsistent with the general laws of the state and other provisions of this title;

(l) limitations on the power of the authority to sell or otherwise dispose of any project or any part thereof;

(m) limitations on the amount of revenues and other moneys to be expended for operating, administrative or other expenses of the authority;

(n) the payment of the proceeds of bonds, revenues and other moneys to a trustee or other depository, and for the method of disbursement thereof with such safeguards and restrictions as the authority may determine; and

(o) any other matters of like or different character which may in any way affect the security or protection of the bonds or the rights and remedies of bondholders.

5. In addition to the powers herein conferred upon the authority to secure its bonds, the authority shall have power in connection with the issuance of bonds to enter into such agreements as the authority may

deem necessary, convenient or desirable concerning the use or disposition of its revenues or other moneys or property, including the mortgaging of any of its property and the entrusting, pledging or creation of any other security interest in any such revenues, moneys or properties and the doing of any act (including refraining from doing any act) which the authority would have the right to do in the absence of such agreements. The authority shall have the power to enter into amendments of any such agreements within the powers granted to the authority by this title and to perform such agreements. The provisions of any such agreements may be made a part of the contract with the holders of bonds of the authority.

6. Any provision of the uniform commercial code to the contrary notwithstanding, any pledge of or other security interest in revenues, moneys, accounts, contract rights, general intangibles or other personal property made or created by the authority shall be valid, binding and perfected from the time when such pledge is made or other security interest attaches without any physical delivery of the collateral or further act, and the lien of any such pledge or other security interest shall be valid, binding and perfected against all parties having claims of any kind in tort, contract or otherwise against the authority irrespective of whether or not such parties have notice thereof. No instrument by which such a pledge or security interest is created nor any financing statement need be recorded or filed.

7. Whether or not the bonds are of such form and character as to be negotiable instruments under the terms of the uniform commercial code, the bonds are hereby made negotiable instruments within the meaning of and for all purposes of the uniform commercial code, subject only to the provisions of the bonds for registration.

8. Neither the members of the authority nor any person executing bonds shall be liable personally thereon or be subject to any personal liability or accountability by reason of the issuance thereof.

9. The authority, subject to such agreements with bondholders as then may exist, shall have power out of any moneys available therefor to

purchase bonds of the authority, which shall thereupon be cancelled, at a price not exceeding:

(a) if the bonds are then redeemable, the redemption price then applicable, plus accrued interest to the next interest payment date;

(b) if the bonds are not then redeemable, the redemption price then applicable on the first date after such purchase upon which the bonds become subject to redemption plus accrued interest to the next interest payment date.
