§ 1266-a. Medical emergency services. The authority is hereby authorized and directed to prepare and develop a medical emergency services program to be implemented at a time to be specified in such program for the benefit of persons utilizing transportation and other related services of the authority. Such program may include but not be limited to provision for the following: The training of designated employees in first aid, emergency techniques and procedures, handling and positioning of stricken commuters, and knowledge of procedures and equipment used for respiratory and cardiac emergencies. Such program shall be submitted to the legislature not later than one hundred eighty days next succeeding the effective date of this section.
