Whether or not the bonds are of such form and character as to be negotiable instruments under article eight of the uniform commercial code, the bonds shall be and are hereby made negotiable instruments within the meaning of and for all the purposes of article eight of the uniform commercial code, subject only to the provisions of the bonds for registration.

2. The bonds shall be authorized by resolution of the authority and shall bear such date or dates, mature at such time or times, bear interest at such rate or rates, be in such denominations, be in such

form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, and be subject to such terms of redemption prior to maturity as such resolution or resolutions may provide.

3. All bonds of the authority shall be sold at public or private sale as may be determined by the authority.

4. Any resolution or resolutions authorizing any bonds or any issue of bonds may contain provisions, which shall be a part of the contract with the holders of the bonds thereby authorized, as to

(a) pledging all or any part of the moneys, earnings, income and revenues derived from the project to secure the payment of the bonds or of any issue of the bonds, subject to such agreements with bondholders as may then exist;

(b) the rates, rentals, fees and other charges to be fixed, established and collected and the amounts to be raised in each year thereby, and the use and disposition of the earnings and other revenues;

(c) the setting aside of reserves and the creation of sinking funds and the regulation and disposition thereof;

(d) limitations on the right of the authority to restrict and regulate the use of the project;

(e) limitations on the purposes to which and the manner in which the proceeds of sale of any bonds or any issue of bonds may be applied;

(f) limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured, and the refunding of outstanding bonds or other bonds;

(g) the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, the amount of bonds the holders of which must consent thereto, and the manner in which such consent may be given;

(h) the creation of special funds into which any earnings or revenues of the authority may be deposited;

(i) the terms and provisions of any mortgage or trust deed or indenture securing the bonds or under which the bonds may be issued;

(j) vesting in a trustee or trustees such properties, rights, powers and duties in trust as the authority may determine which may include any

or all of the rights, powers and duties of the trustee appointed by the bondholders pursuant to section nineteen hundred eighty-three of this title, and limiting or abrogating the right of the bondholders to appoint a trustee under such section or limiting the rights, powers and duties of such trustee;

(k) defining the acts or omissions to act which shall constitute a default in the obligations and duties of the authority to the bondholders and providing the rights and remedies of the bondholders in the event of such default, including as a matter of right the appointment of a receiver, provided, however, that such rights and remedies shall not be inconsistent with the general laws of this state and other provisions of this title;

(l) limitations on the power of the authority to sell or otherwise dispose of its properties;

(m) limitations on the amount of moneys derived from the project to be expended for operating, administrative and other expenses of the authority;

(n) the protection and enforcement of the rights and remedies of the bondholders;

(o) the obligations of the authority in relation to the construction, maintenance, operation, repairs and insurance of the project and the safeguarding and application of all moneys;

(p) the payment of the proceeds of bonds and revenues of the project to a trustee or other depositary, and for the method of disbursement thereof and such safeguards and restrictions as the authority may determine;

(q) any other matters, of like or different character which may in any way affect the security or protection of the bonds.

5. It is the intention of the legislature that any pledge of earnings, revenues or other moneys made by the authority shall be valid and binding from the time when the pledge is made; that the earnings, revenues or other moneys so pledged and thereafter received by the authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and that the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the

authority irrespective of whether such parties have notice thereof. Neither the resolution nor any other instrument by which a pledge is created need be recorded.

6. Neither the members of the authority nor any person executing the bonds or other obligations shall be liable personally on the bonds or other obligations or be subject to any personal liability or accountability by reason of the issuance thereof.

7. The authority shall have power out of any funds available therefor to purchase (as distinguished from the power of redemption hereinabove provided) any bonds, and all bonds so purchased shall be cancelled.

8. In the discretion of the authority, the bonds may be secured by a trust indenture by and between the authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company in the state of New York. Such trust indenture may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the authority in relation to the construction, maintenance, operation, repair and insurance of the project, and the custody, safeguarding and application of all moneys. The authority may provide by such trust indenture for the payment of the proceeds of the bonds and the revenues of the project to the trustee under such trust indenture or other depository, and for the method of disbursement thereof, with such safeguards and restrictions as it may determine. All expenses incurred in carrying out such trust indenture may be treated as a part of the cost of maintenance, operation and repairs of the project. If the bonds shall be secured by a trust indenture the bondholders shall have no authority to appoint a separate trustee to represent them.
