§ 3606. Special powers of the corporation. In order to effectuate the purposes of this title, the corporation shall have the following additional powers, except as limited by this title, the public health law, the mental hygiene law, the social services law, the education law and any other applicable law or regulation:

1. To operate, manage, superintend and control any health facility under its jurisdiction and to repair, maintain and otherwise keep up any such health facility; and to establish, collect and adjust fees, rentals, and other charges for the sale, lease or sublease of any such health facility, subject to the terms and conditions of any contract, lease, sublease or other agreement with the towns;

2. To provide health and medical services for the public directly or by agreement or lease with any person, firm or private or public corporation or association through or in the health facilities of the corporation or otherwise and to make internal policies governing admissions and health and medical services; and to establish, collect and adjust fees and other charges for the provision of such health and medical services; and to provide and maintain resident physician and intern medical services; and to sponsor and conduct research, educational and training programs;

3. To provide uncompensated care to persons in need of health care services without the ability to pay;

4. (a) To provide, maintain and operate a medical transport service, provided, however, nothing herein shall prohibit the corporation from adopting a schedule of charges for medical transport;

(b) For purposes of section three thousand eight of the public health law, the corporation shall be deemed to be a municipality for the purposes of determining a public need to operate an ambulance service;

5. To enter into contracts, leases, subleases and other agreements for the purpose of affiliating with a medical college in conjunction with the corporation's health facilities, which agreements may provide for the management, operation and staffing of health facilities, the

reconstruction, renovation or addition to health facilities; the provision of necessary facilities, utilities and services; and such other conditions or features necessary and proper for such purpose and for the public health and general welfare;

6. To determine the conditions under which a physician may be extended the privilege of practicing within a health facility under the jurisdiction of the corporation, and to promulgate reasonable internal policies for the conduct of all persons, physicians and nurses within such facility;

7. To participate in managed care networks, fee-for-service, and other joint and cooperative arrangements for the provision of general comprehensive and specialty health care services, directly or through contract with other service providers or entities including employees or entities of the state;

8. To establish subsidiary corporations or other entities in accordance with subdivision nine of this section:

(a) to meet the demands of health care delivery changes; and

(b) to market, manufacture or develop products or services developed by the corporation's clinical and research activities;

9. (a) To form or participate in the formation of one or more entities pursuant to the business corporation law, the limited liability company law, the not-for-profit corporation law, or the partnership law in order to effectuate the purposes and powers of subdivisions seven and eight of this section.

(b) No subsidiary of the corporation shall own, operate, manage or control the existing acute inpatient and outpatient facilities and services now in operation on the grounds of the Clifton-Fine Hospital.

(c) Any such subsidiary may be authorized to act as a general or limited partner in a partnership or as a member of a limited liability company, and enter into an arrangement calling for an initial and subsequent payment by such subsidiary in consideration of an interest in revenues or other contractual rights.
