The authority shall have power, notwithstanding the provisions of this section, to contract with the holders of any bonds as to the custody, collection, security, investment and payment of any moneys of the authority or any moneys held in trust or otherwise for the payment of bonds or any way to secure bonds. Moneys held in trust or otherwise for the payment of bonds or in any way to secure bonds and deposits of such moneys may be secured in the same manner as moneys of the authority and all banks and trust companies are authorized to give such security for such deposits.

§ 1149-k. Bonds legal investments for fiduciaries. The bonds of the authority are hereby made securities in which all public officials and bodies of the state and all municipalities, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations, including savings and loan associations, investment companies and other persons carrying on a banking business, and administrators, guardians, executors, trustees and other fiduciaries and all other persons whatsoever, who are now or may hereafter be authorized to invest in bonds or other obligations of the state, may properly and legally invest funds including capital in their control or belonging to them.

The bonds are also hereby made securities which may be deposited with and may be received by all public officers and bodies of the state all municipalities for any purposes for which the deposit of bonds or other obligations of the state is now or hereafter may be authorized.

§ 1149-l. Agreement with the state. The state does hereby pledge to and agree with the holders of any bonds issued by the authority pursuant to this title that the state will not alter or limit the rights hereby vested in the authority to purchase, construct, maintain, operate, repair, improve, increase, enlarge, extend, reconstruct, renovate, rehabilitate or dispose of any water or sewer project, or any part or parts thereof, for which bonds of the authority shall have been issued, to establish and collect rates, rents, fees and other charges referred to in this title and to fulfill the terms of any agreement made with or for the benefit of the holders of the bonds or with any public corporation or person with reference to such project or part thereof, or in any way impair the rights and remedies of the bondholders, until the bonds, together with the interest thereon, including interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of such holders, are fully met and discharged. The authority is authorized to include this pledge and agreement of the state in any agreement with bondholders.

§ 1149-m. Exemption from taxes, assessments and certain fees; payments in lieu of taxes. 1. It is hereby determined that the creation of the authority and the carrying out of its corporate purposes is in all respects for the benefit of the people of the county and the state and is a public purpose, and the authority shall be regarded as performing a governmental function in the exercise of the powers conferred upon it by this title and shall not be required to pay any taxes, special ad valorem levies or special assessments upon any real property owned by it or any filing, recording or transfer fees or taxes in relation to instruments filed, recorded or transferred by it or on its behalf.

2. The authority may pay, or may enter into agreements with any municipality not located within the county to pay, a sum or sums annually or otherwise or to provide other considerations to such municipality with respect to real property owned by the authority located within such municipality and constituting a part of its water or sewerage system.

3. Any bonds issued pursuant to this title together with the income therefrom shall be exempt from taxation except for transfer and estate taxes. The revenues, moneys and all other property and all activities of the authority shall be exempt from all taxes and governmental fees or charges, whether imposed by the state or any municipality, including without limitation real estate taxes, franchise taxes, sales taxes or other excise taxes.

4. The state hereby covenants with the purchasers and with all subsequent holders and transferees of bonds issued by the authority pursuant to this title, in consideration of the acceptance of and payment for the bonds, that the bonds of the authority issued pursuant to this title and the income therefrom shall be exempt from taxation as aforestated in subdivision three of this section, and that all revenues, moneys, and other property pledged to secure the payment of such bonds shall at all times be free from taxation as aforestated in such subdivision.

§ 1149-n. Actions against the authority. 1. Except in an action for wrongful death, no action or special proceeding shall be prosecuted or maintained against the authority for personal injury or damage to real or personal property alleged to have been sustained by reason of the negligence or wrongful act of the authority or any member, officer, agent or employee thereof, unless:

(a) a notice of claim shall have been made and served upon the authority within the time limit prescribed by and in compliance with section fifty-e of the general municipal law;

(b) it shall appear by and as an allegation in the complaint or moving papers that at least thirty days have elapsed since the service of such notice and that adjustment or payment thereof has been neglected or refused;

(c) the action or special proceeding shall be commenced within one year and ninety days after the happening of the event upon which the claim is based; and

(d) the action or special proceeding shall be commenced in accordance with the notice of claim and time limitation provisions of this chapter.

2. Wherever a notice of claim is served upon the authority, it shall have the right to demand an examination of the claimant relative to the occurrence and extent of the injuries or damages for which claim is made, in accordance with the provisions of section fifty-h of the general municipal law.

3. The authority may require any person presenting for settlement an account or claim for any cause whatever against the authority to be sworn before a member, counsel, or an attorney, officer or employee thereof designated for such purpose, concerning such account or claim and when so sworn, to answer orally as to any facts relative to such account or claim. The authority shall have power to settle or adjust all claims in favor of or against the authority.

4. Any action or proceeding to which the authority or the people of the state may be parties, in which any question arises as to the validity of this title, shall be preferred over all other civil causes of action or cases, except election causes of action or cases, in all courts of the state and shall be heard and determined in preference to all other civil business pending therein except election causes, irrespective of position on the calendar. The same preference shall be granted upon application of the authority or its counsel in any action or proceeding questioning the validity of this title in which the authority may be allowed to intervene. The venue of any such action or proceeding shall be laid in the supreme court of the county.

5. The rate of interest to be paid by the authority upon any judgment for which it is liable, other than a judgment against the authority on

bonds, shall be the rate prescribed by section three-a of the general municipal law. Interest on payments of principal or interest on any bonds in default shall accrue at the rate or rates set forth in such bonds from the due date thereof until paid or otherwise satisfied.

§ 1149-o. Interest in contracts prohibited. It shall be a misdemeanor for any member or any officer, agent, servant or employee of an authority to be in any way or manner interested, directly or indirectly, in the furnishing of work, materials, supplies or labor, or in any contract therefor which the authority is empowered by this title to make.

§ 1149-p. Construction and purchase contracts. The authority shall let contracts for construction or purchase of supplies, materials, or equipment pursuant to section one hundred three of the general municipal law. Nothing in this section shall be construed to limit the power of the authority to do any construction directly by the officers, agents and employees of the authority.

§ 1149-q. Authority to take affirmative action. The authority shall ensure that, where possible, all employees or applicants for employment are afforded equal employment opportunity without discrimination.

§ 1149-r. Audit and annual report. In conformity with the provisions of section five of article ten of the constitution, the accounts of the authority shall be subject to the supervision of the comptroller. The authority shall annually submit to the governor and comptroller and to the state legislature a detailed report pursuant to the provisions of this chapter, and a copy of such report shall be filed with the board of supervisors.

§ 1149-s. Environmental applications, proceedings, approvals and

permits. Any application in relation to the purposes of or contemplated by this title heretofore filed, or any proceeding heretofore commenced, by the county or any agency thereof with the department of environmental conservation, the department of transportation or any other state agency or instrumentality or with the United States environmental protection agency or any other federal agency or instrumentality shall inure to and for the benefit of the authority to the same extent and in the same manner as if the authority had been a party to such application or proceeding from its inception, and the authority shall be deemed a party thereto, to the extent not prohibited by any federal law. Any license, approval, permit or decision heretofore or hereafter issued or granted pursuant to or as a result of any such application or proceeding shall inure to the benefit of and be binding upon the authority and shall be assigned and transferred by the county or any agency thereof to the authority, unless such assignment and transfer is prohibited by federal law.

§ 1149-t. Limited liability. Neither the members of the authority, nor any municipality, officer or employee acting in its behalf, while acting within the scope of their authority, shall be subject to any personal liability resulting from the construction, maintenance or operation of any of the properties of the authority or from carrying out any of the powers expressly given in this title; provided, however, that this section shall not be held to apply to any independent contractor.

§ 1149-u. Governmental capacity of the authority and municipalities. The authority, the county and the other municipalities, in carrying out their respective powers and duties under this title, shall be deemed to be acting in a governmental capacity and in the performance of an essential governmental function.

§ 1149-v. Separability clause. If any section, clause or provision in this title shall be held by a competent court to be unconstitutional or ineffective in whole or in part, to the extent that it is not unconstitutional or ineffective, it shall be valid and effective, and no other section, clause or provision shall on account thereof be deemed invalid or ineffective.

§ 1149-w. Effect of inconsistent provisions. Insofar as the provisions of this title are inconsistent with the provisions of any other general, special or local law, or of any charter or any local law, ordinance or resolution of the county or other municipality, the provisions of this title shall be controlling, provided that nothing contained in this section shall be held to supplement or otherwise expand the powers or duties of the authority otherwise set forth in this title. Nothing contained in this title shall be held to alter or abridge the powers and duties of the department of environmental conservation or the department of health.

TITLE 7

ONONDAGA COUNTY WATER AUTHORITY

§ 1150. Short title. This title may be cited as the "Onondaga County Water Authority Act."

§ 1151. Definitions. As used or referred to in this title, unless a different meaning clearly appears from the context.

1. The term "authority" shall mean the corporation created by section eleven hundred twenty-eight of this title;

2. The term "county" shall mean the county of Onondaga;

3. The term "treasurer" shall mean the treasurer of the authority;

4. The term "comptroller" shall mean the comptroller of the state of New York;

5. The term "civil service commission" shall mean the civil service commission of the county of Onondaga;

6. The term "properties" shall mean the water supply and distribution system or systems of the authority, whether situated within or without the territorial limits of the district, including the plants, works, instrumentalities or part thereof and appurtenances thereto, lands, easements, rights in land and water rights, rights-of-way, contract rights, franchises, approaches, connections, dams, reservoirs, water

mains and pipe lines, pumping stations and equipment, or any other property incidental to and included in such system or part thereof, and any improvements, extensions and betterments;

7. The term "bonds" shall mean the bonds, notes and obligations, issued by the authority, pursuant to this act;

8. The term "revenues" shall mean all rents, charges and other income derived from the operation of the properties of the authority;

9. The term "municipality" shall mean any county, city, town, village, town water district, fire district, fire protection district, fire alarm district, school district, and any other political subdivision of the state.

10. The term "district" shall mean the Onondaga county water authority district created by section eleven hundred twenty-seven of this title.

§ 1152. Onondaga county water authority district. There is hereby created a district to be known as the "Onondaga County Water Authority District" which shall embrace the towns of Camillus, Clay, Cicero, DeWitt, Elbridge, Geddes, Lysander, Manlius, Marcellus, Onondaga, Salina and Van Buren, in the county of Onondaga, state of New York.

§ 1153. Onondaga county water authority. 1. A corporation known as "Onondaga County Water Authority" is hereby created for the purposes and charged with the duties and having the powers provided in this title. The authority shall be a body corporate and politic constituting a public benefit corporation and shall be a "public district" for the purposes of section eighty-nine-l of the public service law. It shall consist of five members, all of whom shall be residents of the county, who shall be appointed by the chairman of the board of supervisors of Onondaga county subject to confirmation by a majority of the board of supervisors of Onondaga county. The first members shall be appointed for the following terms from the effective date of this act, as follows: two for a term of three years, two for a term of two years and one for a term of one year. Subsequent appointments shall be made in the same manner and for terms of three years. All members shall continue to hold office until their successors are appointed and qualify. The first chairman shall be designated by the board of supervisors. Subsequent chairmen shall be elected annually by the members of the authority. Vacancies, occurring otherwise than by expiration of term of office, shall be filled by appointments by the board of supervisors for the unexpired terms. Members of the authority may be removed from office for the same reasons and in the same manner as may be provided by law for the removal of officers of the county. The members of the authority shall receive such compensation for their services as shall be fixed by the board of supervisors and shall be reimbursed for all their actual and necessary expense incurred in connection with the carrying out of the purposes of this title. The powers of the authority shall be vested in and be exercised by the members at a meeting duly called and held and three members shall constitute a quorum. No action shall be taken except pursuant to the favorable vote of at least three members. The authority may delegate to one or more of its members, officers, agents or employees such powers and duties as it may deem proper.

2. The authority and its corporate existence shall continue for a period of twelve years and thereafter until all its liabilities have been met and its bonds have been paid in full or such liabilities or bonds have otherwise been discharged and thereupon all rights and properties of the authority shall pass to and be vested in the county of Onondaga.

3. The officers of the authority shall consist of a chairman, a vice-chairman and a treasurer, who shall be members of the authority, and a secretary, who need not be a member of the authority. The vice-chairman, treasurer and secretary shall be appointed by the authority and shall serve at the pleasure of the authority. The authority may appoint and at pleasure remove an attorney and an engineer which positions, in addition to the position of secretary, shall be in the exempt class of the civil service and such additional officers and employees as it may require for the performance of its duties, fix and

determine their qualifications, duties and compensation, subject to the provisions of the civil service law of the state of New York and such rules as the civil service commission of the county of Onondaga may adopt and make applicable to such public authority. The authority may also from time to time contract for expert professional services. The treasurer shall execute a bond, conditioned upon the faithful performance of the duties of his office, the amount and sufficiency of which shall be approved by the authority and the premium therefor shall be paid by the authority.

4. It is hereby determined and declared that the authority and the carrying out of its powers, purposes and duties are in all respects for the benefit of the people of the county of Onondaga and the state of New York, for the improvement of their health, welfare and prosperity and that the said purposes are public purposes and that the authority is and will be performing an essential governmental function in the exercise of the powers conferred upon it by this title.

5. Upon creation of the authority, from time to time the board of supervisors, may, by resolution, appropriate sums of money to defray the preliminary expenses of the authority. The moneys so appropriated shall be repaid by the authority to the county out of the proceeds of the first bond issue of the authority.

6. Neither the public service commission nor any other board or commission of like character, shall have jurisdiction over the authority in the management and control of its properties or operations or any power over the regulation of rates fixed or charges collected by the authority.

§ 1154. Powers of the authority. The authority shall have power:

1. To sue and be sued;

2. To have a seal and alter the same at pleasure;

3. To acquire, in the name of the authority, lease, hold and dispose of real estate and personal property or any interest therein for its corporate purposes, including the power to purchase prospective or tentative awards in connection with the exercise of the power of condemnation hereinafter granted;

4. To purchase, in the name of the authority, any water supply system, water distribution system, including plants, works, instrumentalities or parts thereof and appurtenances thereto, lands, easements, rights in land and water rights, rights-of-way, contract rights, franchises, approaches, connections, dams, reservoirs, water mains and pipe lines, pumping stations and equipment, or any other property incidental to and included in such system or part thereof, and any improvements, extensions and betterments, situated wholly within the county, provided, however, that the authority shall have the power to purchase any source of supply, or water supply system or any part thereof situated wholly or partly without the territorial limits of the district; and in connection with the purchase of such properties the authority may assume any obligations of the owner of such properties and, to the extent required by the terms of any indentures or other instruments under which such obligations were issued, the authority may assume and agree to perform covenants and observe the restrictions contained in such instruments; and furthermore the owner of any properties, which the authority is authorized to acquire, is hereby authorized to sell or otherwise transfer the same to the authority, whereupon the authority shall become charged with the performance of all public duties with respect to such properties with which such owner was charged and such owner shall become discharged from the performance thereof, and in the case of a sale or other transfer of properties of a public utility corporation pursuant to this provision, it shall be lawful to dissolve such corporation;

5. To supply and sell water for domestic, commercial and public purposes at retail to individual consumers within the county of Onondaga or at wholesale in the manner provided by subdivision eight of this section as a means of so acquiring for such purposes, and the authority may purchase all of the stock of any existing privately owned water corporation or company, and thereafter, within a reasonable time, such

water corporation or company shall be dissolved;

6. To condemn in the name of the authority, within the territorial limits of the county, any water supply system, water distribution system, including plants, works, instrumentalities, or parts thereof and appurtenances thereto, lands, easements, rights in land and water rights, rights-of-way, contract rights, franchises, approaches, connections, dams, reservoirs, water mains and pipe lines, pumping stations and equipment or any other property incidental to and included in such system or part thereof, and any improvements, extensions and betterments for the purpose of supplying water for domestic, commercial and public purposes at retail to individual consumers within the county of Onondaga or at wholesale in the manner provided by subdivision eight of this section. The authority shall exercise the power of condemnation hereby granted in the manner provided by the condemnation law and title to the properties described in the condemnation proceedings shall become and be vested in the authority in accordance with the provisions of the condemnation law. In the exercise of such power of condemnation, the property being condemned shall be deemed, when so determined by the authority, to be for a public use superior to the public use in the hands of any other person, association, or corporation, provided, however, that the authority shall have no power to condemn property the legal title to which is vested in a municipality or a political subdivision of the state, unless such municipality or political subdivision shall consent thereto.

7. To construct and develop any water supply system, water distribution system including plants, works, instrumentalities, or parts thereof, and appurtenances thereto, dams, reservoirs, water mains, pipe lines, pumping stations and equipment, or any other property incidental to or included in such system or part thereof within the county of Onondaga, and to acquire, by condemnation in the manner provided by this title, or by purchase, lands, easements, rights in land, and water rights and rights-of-way in connection therewith within such county; and to own and operate, maintain, repair, improve, reconstruct, enlarge and extend, subject to the provisions of this title, any of its properties acquired or constructed under this title, all of which, together with

the acquisition of such properties are hereby declared to be public purposes;

8. To sell water by volume to any or all municipalities, duly established water districts or privately owned public water supply and distribution systems in such county. The fact that any municipality has procured or is about to procure an independent source of water supply shall not prevent such municipality from purchasing water from the authority. To sell any water not needed in such county to any duly established water district, municipality or privately owned public water supply and distribution system outside of the county in which created. Not only may the authority sell any surplus water it may have developed, but it may develop and provide a sufficient amount of water so as to supply water outside of the county to any municipality, duly established water district or privately owned public water supply and distribution system;

9. To purchase water in bulk from any person, private corporation or municipality when necessary or convenient for the operation of such water supply and distribution system;

10. To acquire, hold, use, lease, sell, transfer and dispose of any property, real, personal or mixed, or interest therein, for its corporate purposes, including the right to sell, lease, convey or otherwise dispose of any distribution system or improvements thereto which the authority may acquire or construct to any municipal corporation or town water district, town water supply district, or to the county;

11. To produce, develop, distribute and sell water or water services within or without the territorial limits of the district; and to purchase water from any municipal corporation, town water district, person, association or corporation; provided, however, that water may be sold at retail to individual consumers only within the county of Onondaga and further provided that in exercising the powers granted by this title, the authority shall not sell water in any area which is served by a water system owned or operated by a municipality or special

improvement district unless the governing board of such municipality or district shall adopt a resolution requesting the authority to sell water in such served area; and the authority shall not interfere with any water supply or water system of any municipality unless requested by such municipality after such municipality has held a referendum on such question and approval given thereon;

12. To make by-laws for the management and regulation of its affairs and subject to agreements with bondholders, rules for the sale of water and the collection of rents and charges therefor. A copy of such rules and by-laws, and all amendments thereto, duly certified by the secretary of the authority shall be filed in the office of the clerk of the county and thereafter published once in two newspapers having a general circulation in the county. Violation of such rules shall be punishable by fine, not exceeding fifty dollars, or by imprisonment for not longer than thirty days, or both. Exclusive jurisdiction is hereby conferred upon the local criminal courts of the county, outside the city of Syracuse, which have trial jurisdiction, to hear and determine, subject to the provisions of the criminal procedure law, any violation of this title;

13. To use the officers, employees, facilities and equipment of the county with the consent of the county, paying a proper portion of the compensation or cost;

14. To make contracts and to execute all necessary or convenient instruments, including evidences of indebtedness, negotiable or non-negotiable;

15. To enter on any lands, waterways and premises for the purpose of making surveys, soundings and examinations;

16. To borrow money and to issue negotiable bonds or notes or other obligations and to fund or refund the same, and to provide for the rights of the holders of its obligations;

17. To fix rates and collect charges for the use of the facilities of,

or services rendered by, or any commodities furnished by the authority such as to provide revenues sufficient at all times to pay, as the same shall become due, the principal and interest on the bonds, notes or other obligations of the authority together with the maintenance of proper reserves therefor, in addition to paying as the same shall become due the expense of operating and maintaining the properties of the authority together with proper reserves for depreciation, maintenance and contingencies and all other obligations and indebtedness of the authority;

18. To enter into cooperative agreements with other water authorities, municipalities, counties, towns, villages, water districts, utility companies, individuals, firms or corporations, within or without the territorial limits of the district for the interconnection of facilities, the exchange or interchange of services and commodities, and within the territorial limits of the district to enter into a contract for the construction and operation and maintenance of a water supply and distribution system by the authority for any municipality having power to construct and develop a water supply and distribution system, upon such terms and conditions as shall be determined to be reasonable including, but not limited to the reimbursement of all costs of such construction, or for any other lawful purposes necessary or desirable to effect the purposes of this title;

19. To accept grants, loans or contributions from the United States, the state of New York, or any agency or instrumentality of either of them, or the county, or an individual, by bequest or otherwise, and to expend the proceeds for any purposes of the authority;

20. To do all things necessary or convenient to carry out the powers expressly given in this title.

21. To contract with the board of supervisors of the county of Onondaga for the acquisition, construction and development of a water supply and distribution system, or any part or parts thereof, on behalf of a county water district or districts, and to contract for the operation and management of any such district or districts, in

accordance in each case with the provisions of article five-A of the county law.

22. To act as a county water agency in accordance with the provisions of article five-A of the county law.

23. To contract for the purposes of subdivision twenty-four of section ten of article two of the highway law.

24. Notwithstanding any other provision of this section, to purchase, construct, lease and operate water systems and properties in the towns of Sullivan, Lenox, Lincoln, Volney, Verona, Vienna, Hannibal, Hastings, Minetto, Schroeppel, Scriba, Oswego, West Monroe, Annsville, Granby, Constantia, Parish and Sterling to enter into any contract authorized by this section with any municipality within the territorial limits of said towns, and to supply and sell any water not needed in the county of Onondaga at retail or at wholesale to individual consumers within the territorial limits of said towns.

§ 1155. Moneys of the authority. All moneys of the authority from whatever source derived shall be paid to the treasurer of the authority and shall be deposited forthwith in a bank or banks in the state of New York designated by the authority. The moneys in such accounts shall be paid out on check of the treasurer on requisition by the authority or of such other person or persons as the authority may authorize to make such requisitions. All deposits of such moneys shall, if required by the comptroller or the authority, be secured by obligations of the United States or of the state of New York or of the county of a market value equal at all times to the amount of deposit and all banks and trust companies are authorized to give such security for such deposits. The auditor and his legally authorized representatives of the county of Onondaga, and the comptroller if they so elect, are hereby authorized and empowered from time to time to examine the accounts and books of the authority, including its receipts, disbursements, contracts, leases, sinking funds, investments and any other matters relating to its financial standing. The authority shall have power, notwithstanding the provisions of this section, to contract with the holders of any of its bonds as to the custody, collection, security, investment and payment of any moneys of the authority, or any moneys held in trust or otherwise for the payment of bonds or in any way to secure bonds, and carry out any such contract notwithstanding that such contract may be inconsistent with the provisions of this section. Moneys held in trust or otherwise for the payment of bonds or in any way to secure bonds and deposits of such moneys may be secured in the same manner as moneys of the authority, and all banks and trust companies are authorized to give such security for such deposits.

§ 1156. Bonds of the authority. 1. The authority shall have the power and is hereby authorized from time to time to issue its negotiable bonds in conformity with applicable provisions of the uniform commercial code for any of its corporate purposes, including incidental expenses in connection therewith, and to secure the payment of the same by a lien or pledge covering all or part of its contract, earnings or revenues. The authority shall have power from time to time whenever it deems refunding expedient, to refund any bonds by the issuance of new bonds, whether the bonds to be refunded have or have not matured, and may issue bonds partly to refund bonds then outstanding and partly for any of its corporate purposes. Except as may be otherwise expressly provided by the authority, every issue of bonds by the authority shall be general obligations payable out of any moneys, earnings or revenues of the authority, subject only to any agreements with the holders of particular bonds pledging any particular moneys, earnings or revenues.

2. The bonds shall be authorized by resolution of the authority and shall bear such date or dates, mature at such time or times not exceeding forty years from their respective dates, bear interest at such rates per annum not exceeding six per centum per annum payable at such times, be in such denominations, be in such form either coupon or registered, carry such registration privileges, be executed in such manner, be payable in lawful money of the United States of America, at such place or places and be subject to such terms of redemption, as such resolution or resolutions may provide.

Bonds of the authority shall be sold at public sale upon sealed bids to the bidder who shall offer the lowest interest cost to the authority to be determined by the authority. The notice of sale shall be published at least once, not less than ten nor more than forty days before the date of sale, in a financial newspaper published and circulated in the city of New York and designated by the authority. The notice shall call for the receipt of sealed bids and shall fix the date, time and place of sale. Bonds may also be sold at private sale. Such bonds, whether publicly or privately sold, shall be sold for a price not less than ninety-six per centum of the par value thereof, plus accrued interest, provided always that the interest cost to maturity of the moneys realized from the sale of such bonds shall not exceed six per centum per annum. The terms of private sale shall be approved by the comptroller, or by the division of the budget when the sale is to the comptroller.

3. Any resolution or resolutions authorizing any bonds or any issue of bonds may contain provisions, which shall be a part of the contract with the holders of the bonds thereby authorized, as to

(a) pledging all or any part of the moneys, earnings, income and revenues derived from all or any part of the properties of the authority to secure the payment of the bonds or of any issue of the bonds subject to such agreements with bondholders as may then exist;

(b) the rates, rentals, fees and other charges to be fixed and collected and the amounts to be raised in each year thereby, and the use and disposition of the earnings and other revenues;

(c) the setting aside of reserves and the creation of sinking funds and the regulation and disposition thereof;

(d) limitations on the right of the authority to restrict and regulate the use of the properties in connection with which such bonds are issued;

(e) limitations in the purposes to which and the manner in which the proceeds of sale of any issue of bonds may be applied;

(f) limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured; the refunding of outstanding or other bonds;

(g) the procedure, if any, by which the terms of any contract with

bondholders may be amended or abrogated, the amount of bonds the holders of which must consent thereto, and the manner in which such consent may be given;

(h) the creation of special funds into which any earnings or revenues of the authority may be deposited;

(i) the terms and provisions of any mortgage or trust deed or indenture securing the bonds or under which bonds may be issued;

(j) vesting in a trustee or trustees such properties, rights, powers and duties in trust as the authority may determine which may include any or all of the rights, powers and duties of the trustee appointed by the bondholders pursuant to section eleven hundred forty-three hereof, and limiting or abrogating the right of the bondholders to appoint a trustee under such section or limiting the rights, duties and powers of such trustee;

(k) defining the acts or omissions to act which shall constitute a default in the obligations and duties of the authority to the bondholders and providing the rights and remedies of the bondholders in the event of such default, including as a matter of right the appointment of a receiver, provided, however, that such rights and remedies shall not be inconsistent with the general laws of this state and other provisions of this title;

(l) limitations on the power of the authority to sell or otherwise dispose of its properties;

(m) any other matters, of like or different character which in any way affect the security or protection of the bonds;

(n) limitations on the amount of moneys derived from the properties to be expended for operating, administrative or other expenses of the authority;

(o) the protection and enforcement of the rights and remedies of the bondholders;

(p) the obligations of the authority in relation to the construction, maintenance, operation, repairs and insurance of the properties, the safeguarding and application of all moneys and as to the requirements for the supervision and approval of consulting engineers in connection with construction, reconstruction and operation;

(q) the payment of the proceeds of bonds and revenues of the properties to a trustee or other depositary, and for the method of disbursement thereof with such safeguards and restrictions as the authority may determine.

4. It is the intention of the legislature that any pledge of earnings, revenues or other moneys made by the authority shall be valid and binding from the time when the pledge is made; that the earnings, revenues or other moneys so pledged and thereafter received by the authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and that the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the authority irrespective of whether such parties have notice thereof. Neither the resolution nor any other instrument by which a pledge is created need be recorded.

5. Neither the members of the authority nor any person executing the bonds or other obligations shall be liable personally on the bonds or other obligations or be subject to any personal liability or accountability by reason of the issuance thereof.

6. The authority shall have power out of any funds available therefor to purchase (as distinguished from the power of redemption hereinabove provided) any bonds issued by it or which may be assumed by such authority at a price of not more than the principal amount thereof and accrued interest, and all such bonds shall be cancelled.

7. In the discretion of the authority, the bonds may be secured by a trust indenture by and between the authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company in the state of New York. Such trust indenture may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the authority in relation to the construction, maintenance, operation, repair and insurance of the properties, and the custody, safeguarding and application of all moneys, and may provide that the properties shall be constructed and paid for under the supervision and approval of

consulting engineers. The authority may provide by such trust indenture for the payment of the proceeds of the bonds and the revenues of the properties to the trustee under such trust indenture or other depository, and for the method of disbursement thereof, with such safeguards and restrictions as it may determine. All expenses incurred in carrying out such trust indenture may be treated as a part of the cost of maintenance, operation and repairs of the properties. If the bonds shall be secured by a trust indenture the bondholders shall have no authority to appoint a separate trustee to represent them.

Notwithstanding any other provisions of this title, any resolution or resolutions authorizing bonds or notes of the authority shall contain a covenant by the authority that it will at all times maintain rates, fees, rentals and/or other charges sufficient to pay, and that any contracts entered into by the authority for the sale or distribution of water shall contain rates, fees, rentals or other charges sufficient to pay, the cost of operation and maintenance of the properties, the principal of and interest on any obligation issued pursuant to such resolution or resolutions as the same severally become due and payable, and to maintain any reserves or other funds required by the terms of such resolution or resolutions.

§ 1157. Notes of the authority. The authority shall have power and is hereby authorized to issue negotiable bond anticipation notes in conformity with applicable provisions of the uniform commercial code and may renew the same from time to time but the maximum maturity of any such note, including renewals thereof, shall not exceed five years from the date of issue of such original note. Such notes shall be paid from any moneys of the authority available therefor and not otherwise pledged or from the proceeds of sale of the bonds of the authority in anticipation of which they were issued. The notes shall be issued in the same manner as the bonds and such notes and the resolution or resolutions authorizing the same may contain any provisions, conditions or limitations which the bonds or a bond resolution of the authority may contain. Such notes may be sold at public or private sale at not less than par and shall bear interest at a rate not exceeding five per centum per annum. Such note shall be as fully negotiable as the bonds of the authority.

§ 1158. Duty of authority to maintain and operate. It shall be the duty of the authority, subject to any limitation on the amount of revenues to be expended for such purpose, to maintain and operate and where necessary to reconstruct its properties.

§ 1159. Transfer of officers and employees. Any public officer or employee under civil service, selected by the authority may, with the consent of the commission, board or department by which he or she has been employed, be transferred to the authority and shall be eligible for such transfer and appointment without examination to comparable offices, positions and employment under the authority. The salary or compensation of any such officer or employee shall after such tranfer be paid by the authority. But notwithstanding the provisions of this act, any such officers or employees so transferred to the authority, pursuant to the provisions of this section, who are members of or beneficiaries under any existing pension or retirement system, shall continue to have all rights, privileges, obligations and status with respect to such fund system or systems as are now prescribed by law, but during the period of their employment by the authority, all contributions to any pension or retirement fund or system to be paid by the employer on account of such officers or employee, shall be paid by the authority; and all such officers and employees who have been appointed to positions under the rules and classifications of the civil service commission of the county of Onondaga shall have the same status with respect thereto after transfer to the authority as they had under their original appointments. It is hereby declared that in the interest of efficiency and insofar as it may be practicable, all employees engaged in the operation of any property or properties, except in an executive capacity, at the time such property or properties shall have been acquired by the authority, pursuant to the provisions of this act, shall become the employees of the authority. The appointment and promotion of all employees of the authority shall be made in accordance with the provisions of the civil service law (constituting chapter seven of the consolidated laws) and such rules as the civil service commission of the county of Onondaga may adopt and make applicable to such authority.

§ 1160. Agreements of the state. The state of New York does pledge to and agree with the holders of the bonds or notes that the state will not limit or alter the rights hereby vested in the authority to acquire, construct, maintain, operate, reconstruct and improve the properties, to establish and collect the revenues, rates, rentals, fees and other charges referred to in this title and to fulfill the terms of any agreements made with the holders of the bonds or notes, or in any way impair the rights and remedies of such bondholders or noteholders, until the bonds or notes together with interest thereon, interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceedings by or on behalf of the bondholders or noteholders are fully met and discharged.

§ 1161. State, county and municipalities not liable on bonds or notes. The bonds or notes of the authority shall not be a debt of the state of New York or of the county or of any municipality in the county, and neither the state nor the county nor any municipality in the county shall be liable thereon, nor shall they be payable out of any funds other than those of the authority.

§ 1162. Bonds and notes legal investments for fiduciaries. The bonds, or notes, are hereby made securities in which all public officers and bodies of this state and all municipalities and municipal subdivisions, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations, including savings and loan associations, building and loan associations, investment companies and other persons carrying on a banking business, and all other persons whatsoever, except as hereinafter provided, who are now or may hereafter be authorized to invest in bonds or other obligations of the state, may properly and legally invest funds including capital in their control or belonging to them; provided that, notwithstanding the provisions of any other general or special law to the contrary, such bonds or notes shall not be eligible for the investment of funds including capital, of trusts, estates or guardianships under the control of individual administrators, guardians, executors, trustees and other individual fiduciaries. The bonds or notes are also hereby made securities which may be deposited with and may be received by all public officers and bodies of this state and all municipalities and municipal subdivisions for any purpose for which the deposit of bonds or other obligations of this state is now or may hereafter be authorized.

§ 1163. Exemption from taxes. 1. It is hereby determined that the creation of the authority and the carrying out of its corporate purposes is in all respects for the benefit of the people of the state of New York and is a public purpose. Accordingly, the authority shall be regarded as performing an essential governmental function in the exercise of the powers conferred upon it by this title, and the authority shall not be required to pay any fees, taxes, special ad valorem levies or assessments of any kind, whether state or local, including but not limited to fees, taxes, special ad valorem levies or assessments on real property, franchise taxes, sales taxes or other taxes, upon or with respect to any property owned by it or under its jurisdiction, control or supervision, or upon the uses thereof, or upon or with respect to its activities or operations in furtherance of the powers conferred upon it by the title, or upon or with respect to any fares, tolls, rentals, rates, charges, fees, revenues or other income received by the authority.

2. Any bonds or notes issued pursuant to this title, together with the income therefrom, as well as the property of the authority, shall be exempt from taxation, except for transfer and estate taxes.

§ 1164. Tax contract by the state. The state of New York covenants with the purchasers and with all subsequent holders and transferees of bonds or notes issued by the authority pursuant to this title, in consideration of the acceptance of and payment for the bonds or notes that the bonds and notes of the authority issued pursuant to this title and the income therefrom, and all moneys, funds and revenues pledged to pay or secure the payment of such bonds or notes, shall at all times be free from taxation except for transfer and estate taxes.

§ 1165. Officers and employees not to be interested in transactions. It shall be a misdemeanor for any of the members of the authority, or any officer, agent, servant or employee thereof, employed or appointed by them to be in any way or manner interested directly or indirectly in the furnishing of work, materials, supplies or labor, or in any contract therefor which the authority is empowered by this title to make.

§ 1166. Contracts. 1. All contracts, or orders, for work, material or supplies performed or furnished in connection with construction shall be awarded by the authority pursuant to resolution. Such contracts, or orders, for work, material or supplies needed for any particular purpose involving an expenditure of more than ten thousand dollars shall be awarded only after inviting sealed bids or proposals therefor. The notice inviting sealed proposals shall be published at least once in a newspaper or trade paper selected by the authority for such purpose, such publication to be at least ten days before the date for the receipt of bids. If the authority shall not deem it for the interest of the authority to reject all bids, it shall award the contract to the lowest bidder, unless the authority shall determine that it is for the public interest that a bid other than the lowest bid should be accepted. In any contract for work, material or supplies, there shall be inserted in the discretion of the authority a provision that additional work may be done or material or supplies furnished for the purpose of completing such contract at an expense not exceeding fifteen per centum of the amount of such contract if such additional work, materials or supplies shall be ordered by the authority. The bidder whose bid is accepted shall give security for the faithful performance of the contract, and such other security as the authority may require, and may be required to maintain for such period as shall be stipulated any construction done under the contract, all in the manner prescribed and required by the authority; and the sufficiency of such security shall, in addition to the justification and acknowledgment, be approved by the authority. All bids or proposals shall be publicly opened by the authority or its duly authorized agent. If the bidder whose bid has been accepted after advertising shall neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him on his bid or proposal, or, if he accepts but does not execute the contract and give proper security the authority shall have the right to declare his deposit forfeited, and thereupon it shall be readvertised and relet as above provided. In case any work shall be abandoned by any contractor, the authority may, if the best interest of the authority be thereby served, adopt on behalf of the authority any or all sub-contracts made by such contractor for such work and all such sub-contractors shall be bound by such adoption if made; and the authority shall in the manner provided herein readvertise and relet the work specified in the original contract exclusive of so much thereof as shall be provided for in the subcontract or subcontracts so adopted. No bid shall be accepted from or any contracts awarded to, any person or corporation who is in arrears to the authority, or the county of Onondaga upon any debt or contract, or is a defaulter as surety or otherwise upon any obligation of the authority, or the county. Every contract involving an expenditure of more than ten thousand dollars when made and entered into as herein provided for shall be executed in duplicate, one copy of which shall be held by the authority and one copy of which shall be delivered to the contractor. Upon the adoption of a resolution by a vote of two-thirds of all the members of the authority stating that, for reasons of efficiency or economy, there is need for standardization, purchase contracts for a particular type or kind of equipment, material or supplies of more than ten thousand dollars may be awarded by the authority to the lowest responsible bidder furnishing the required security after advertisement for sealed bids therefor in the manner provided in this section. Such resolution shall contain a full explanation of the reasons for its adoption.

2. For the purposes of article fifteen-A of the executive law only,

the authority shall be deemed a state agency as that term is used in such article, and its contracts, or orders for work, material or supplies performed or furnished in connection with construction shall be deemed state contracts within the meaning of that term as set forth in such article.

§ 1167. Restriction of jurisdiction. Anything contained in this chapter to the contrary notwithstanding, the authority shall have no power to purchase or otherwise acquire any source of supply, or water supply system, or any part thereof, situated wholly or partly in the county of Seneca or in the town of Skaneateles in the county of Onondaga.

§ 1168. Remedies of bondholders. 1. In the event that the authority shall default in the payment of principal of or interest on any issue of the bonds after the same shall become due, whether at maturity or upon call for redemption, and such default shall continue for a period of thirty days, or in the event that the authority shall fail or refuse to comply with the provisions of this title, or shall default in any agreement made with the holders of any issue of the bonds, the holders of twenty-five per centum in aggregate principal amount of the bonds of such issue then outstanding, by instrument or instruments filed in the office of the clerk of the county of Onondaga and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of such bonds for the purposes herein provided.

2. Such trustee may, and upon written request of the holders of twenty-five per centum in principal amount of such bonds then outstanding shall, in his or its own name

(a) by suit, action or special proceeding enforce all rights of the bondholders, including the rights to require the authority to collect revenues, rates, rentals, fees and other charges adequate to carry out any agreement as to, or pledge of such revenues, rates, rentals, fees and other charges and to require the authority to carry out any other agreements with the holders of such bonds and to perform its duties under this title;

(b) bring suit upon such bonds;

(c) by action or suit in equity, require the authority to account as if it were the trustee of an express trust for the holders of such bonds;

(d) by action or suit in equity, enjoin any acts or things which may be unlawful or in violation of the rights of the holders of such bonds;

(e) declare all such bonds due and payable, and if all defaults shall be made good then with the consent of the holders of twenty-five per centum of the principal amount of such bonds then outstanding, to annul such declaration and its consequences.

3. The supreme court shall have jurisdiction of any suit, action or proceeding by the trustee on behalf of bondholders.

4. Before declaring the principal of all such bonds due and payable the trustee shall first give thirty days' notice in writing to the authority.

5. Any such trustee whether or not the issue of bonds represented by such trustee has been declared due and payable, shall be entitled as of right to the appointment of a receiver of any part or parts of the properties the revenues of which are pledged for the security of the bonds of such issue and such receiver may enter and take possession of such part or parts of the properties and subject to any pledge or agreement with bonders shall take possession of all moneys and other property derived from such part or parts of the properties and proceed with any construction thereon or the acquisition of any property, real or personal in connection therewith which the authority is under obligation to do, and to operate, maintain and reconstruct such part or parts of the properties and collect and receive all revenues thereafter arising therefrom subject to any pledge thereof or agreement with bondholders relating thereto and perform the public duties and carry out the agreements and obligations of the authority under the direction of the court. In any suit, action or proceeding by the trustee the fees, counsel fees and expenses of the trustee and of the receiver, if any, shall constitute taxable disbursements and all costs and disbursements

allowed by the court shall be a first charge on any revenues derived from the properties.

6. Such trustees shall in addition to the foregoing have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth herein or incident to the general representation of bondholders in the enforcement and protection of their rights.

§ 1169. Actions. 1. In any case founded upon tort a notice of claim shall be required as a condition precedent to the commencement of an action or special proceeding against the authority or any officer, appointee or employee thereof, and the provisions of section fifty-e of the general municipal law shall govern the giving of such notice. Except in an action for wrongful death, an action against the authority for damages for injuries to real or personal property, or for the destruction thereof, or for personal injuries, alleged to have been sustained, shall not be commenced more than one year and ninety days after the cause of action therefor shall have accrued.

2. An action against the authority for wrongful death shall be commenced in accordance with the notice of claim and time limitation provisions of title eleven of article nine of this chapter.

§ 1170. Audit of authority; annual report. In conformity with the provisions of section five of article ten of the constitution, the accounts of the authority shall be subject to the supervision of the state comptroller and such state comptroller and his legally authorized representatives are hereby authorized and empowered from time to time to examine the accounts and the books of the authority, including its receipts, disbursements, contracts, leases, sinking funds, investments and any other matters relating to its financial standing. The authority shall annually submit to the governor and the comptroller and to the legislature a detailed report pursuant to the provisions of section twenty-eight hundred of this chapter, and a copy of such report shall be filed with the chief fiscal officer of the county.

§ 1171. Limitation of liability. Neither the members of the authority, nor any person or persons acting in its behalf, while acting within the scope of their authority, shall be subject to any personal liability resulting from the erection, construction, reconstruction, maintenance or operation of the properties or any of the improvements or from carrying out any of the powers expressly given in this title.

§ 1172. Title not affected if in part unconstitutional or ineffective. If any section, clause or provision of this title shall be held unconstitutional, or be ineffective in whole or in part, to the extent that it is not unconstitutional or ineffective, it shall be valid and effective and no other section, clause or provision shall, on account thereof, be deemed invalid or ineffective.

§ 1173. Effect of inconsistent provisions. In so far as the provisions of this title are inconsistent with the provisions of any other act, general or special, or of any local law of any city, the provisions of this title shall be controlling. Nothing contained in this title shall be held to alter or abridge the powers and duties of the state department of health or of the water power and control commission over water supply matters.

TITLE 7-A

WATER AUTHORITY OF SOUTHEASTERN NASSAU COUNTY

§ 1174-a. Title. This title may be cited as the "water authority of Southeastern Nassau county act".

§ 1174-b. Definitions. As used or referred to in this title, unless a different meaning clearly appears from the context:

1. "Authority" shall mean the corporation created by section eleven hundred seventy-four-d of this title.

2. "Board of directors" shall mean the governing board of the authority.

3. "Bonds" shall mean the bonds, notes or other evidences of indebtedness issued by the authority pursuant to this title.

4. "Calendar year" shall mean the twelve month period from January first through December thirty-first.

5. "Chief executive officer" when referring to a municipality shall mean the chief elected official of such municipality and, when referring

to the authority, shall mean the chairperson of the authority.

6. "Civil service commission" shall mean the civil service commission of the county of Nassau.

7. "Comptroller" shall mean the comptroller of the state of New York.

8. "Construction" shall mean the negotiation, acquisition, erection, building, alteration, improvement, testing, increase, enlargement, extension, reconstruction, interconnection, renovation or rehabilitation of a water facility as defined herein; the inspection and supervision thereof; and the engineering, architectural, legal, appraisal, fiscal, economic and environmental investigations, services and studies, surveys, designs, plans, working drawings, specifications, procedures and other actions incidental thereto.

9. "Costs", as applied to any project, shall include the cost of construction, the cost of the acquisition of all property, including both real, personal and mixed, the cost of demolishing, removing or relocating any buildings or structures on lands so acquired including the cost of acquiring any land to which such buildings or structures may be moved or relocated, the cost of all systems, facilities, machinery, apparatus and equipment, financing charges and bond discount, interest to the extent not paid or provided for from revenues or other sources, the cost of engineering and architectural surveys, plans and specifications, bond insurance, bond credit enhancement arrangements, other expenses necessary or incidental to the construction of such project and the financing of the construction thereof, including the cost of legal and financial advice and credit arrangements with banks or other financial institutions, the amount authorized in the resolution of the authority providing for the issuance of bonds to be paid into any reserve or special fund from the proceeds of such bonds and the financing of the placing of any project in operation.

10. "County" shall mean the county of Nassau.

11. "Distribution system" shall mean the water facility or facilities

employed to deliver water from a transmission facility, or where there is no transmission facility, from a supply facility, to the ultimate consumers of water.

12. "District" shall mean the water authority of Southeastern Nassau county district created by section eleven hundred seventy-four-c of this title.

13. "Governing body" shall mean:

(a) In the case of a city, county, town or village or district corporation the finance board as such term is defined in the local finance law.

(b) In the case of a public benefit corporation, the members thereof.

14. "Members" shall mean the members of the board of directors.

15. "Municipality" shall mean any city, county, town, village or county or town acting on behalf of an improvement district.

16. "Real property" shall mean lands, structures, franchises and interests in land, waters, lands under water, groundwater riparian rights and air rights and any and all things and rights customarily included within the term "real property" and includes not only fee simple absolute, but also any and all lesser interests including, but not limited to, easements, rights-of-way, uses, leases, licenses and all other incorporeal hereditaments and every estate, interest or right, legal or equitable, including terms for years and liens thereon by way of judgments, mortgages or otherwise.

17. "State sanitary code" shall mean regulations adopted pursuant to section two hundred twenty-five of the public health law.

18. "State" shall mean state of New York.

19. "State agency" shall mean any state office, public benefit corporation, department, board, commission, bureau or division, or other agency or instrumentality of the state.

20. "Supply facility" shall mean a water facility employed to make groundwater or surface water available for delivery into a transmission facility or distribution system.

21. "System revenues" shall mean all rates, rents, fees, charges, payments and other income and receipts derived from users of the authority without limiting the generality of the foregoing, investment proceeds and proceeds of insurance, condemnation, sales or other dispositions of assets, together with all federal, state or municipal aid as well as any other income derived from the operation of the water facility of the authority.

22. "Transmission facility" shall mean a water facility used to carry water from a supply facility to a distribution system.

23. "Treasurer" shall mean the treasurer of the authority.

24. "Water facility" or "water facilities" shall mean any plants, structures and other real and personal property acquired, rehabilitated or constructed for the purpose of supplying, transmitting, distributing or treating water, including but not limited to surface or groundwater reservoirs, basins, dams, canals, aqueducts, standpipes, conduits, pipelines, mains, pumping stations, water distribution systems, compensating reservoirs, intake stations, waterworks or sources of water supply, wells, purification or filtration plants or other treatment plants and works, connections, water meters, rights of flowage or diversion and other plants, structures, equipment, towers, conveyances, real or personal property or rights therein and appurtenances thereto necessary or useful and convenient for the accumulation, supply, transmission, treatment or distribution of water.

25. "Water project" shall mean any water facility, including the planning, development, financing or construction thereof.

26. "Watershed rules" shall mean the rules and regulations made by the department of health pursuant to section eleven hundred of the public

health law.

§ 1174-c. Water authority of Southeastern Nassau county district. 1. There is hereby created a district to be known as the "water authority of Southeastern Nassau county district" which shall be defined as all that portion of Nassau county serviced by the New York Water service corporation as of January first, nineteen hundred ninety-one.

2. If the authority decides to enter into a contract to purchase or otherwise acquire an interest in the New York Water Service Corporation or to initiate a condemnation proceeding pursuant to the eminent domain procedure law, prior to entering into any contract to purchase or otherwise acquire an interest in the New York Water Service Corporation or the initiation of any condemnation proceeding by the authority pursuant to the eminent domain procedure law the authority shall provide ratepayers within the area serviced by the New York Water Service Corporation and the public with public forums for the expression and discussion of views regarding such purchase, acquisition or condemnation of the New York Water Service Corporation. The authority shall hold at least one forum in each of the towns of Hempstead and Oyster Bay within the portions of the towns of Hempstead and Oyster Bay serviced by the New York Water Service Corporation.

3. If the authority decides to enter into a contract to purchase or otherwise acquire an interest in the New York Water Service Corporation or to initiate a condemnation proceeding pursuant to the eminent domain procedure law, the authority is authorized to provide registered voters within the area serviced by the New York Water Service Corporation prior to entering into such contract to purchase or otherwise acquire an interest in the New York Water Service Corporation or the initiation of any condemnation proceeding by the authority pursuant to the eminent domain procedure law, with a nonbinding referendum, regarding whether the authority should enter into a contract to purchase or otherwise acquire an interest in the New York Water Service Corporation or initiate condemnation proceeding pursuant to the eminent domain procedure law. The proposition shall be placed on the ballot and voted

upon at a special election or a date to be determined by the Nassau county board of elections.

§ 1174-d. Water authority of Southeastern Nassau county. 1. A corporation known as "water authority of Southeastern Nassau county" is hereby created for the purposes and charged with the duties and having the powers provided in this title. The authority shall be a corporate governmental agency constituting a public benefit corporation and shall be a "public district" for the purposes of section eighty-nine-l of the public service law. The authority shall be governed by a board of directors consisting of five members, three of whom shall be appointed by the town board of the town of Hempstead and two of whom shall be appointed by the town board of the town of Oyster Bay in the same manner as officers and employees are appointed pursuant to paragraph a of subdivision one of section twenty of the town law. Each member shall serve for a period of two years. Each chief executive officer shall file with the secretary of state a certificate of appointment or reappointment of any member appointed or reappointed by such chief executive within thirty days of the appointment or reappointment. Members shall receive no compensation for their services but shall be entitled to reimbursement of their necessary expenses, including traveling expenses, incurred in the discharge of their duties.

2. Any one or more of the members of the board of directors may be an official or an employee of a municipality situated within the district. In the event that an official or an employee of such municipality shall be appointed as a member of the board of directors, acceptance or retention of such appointment shall not be deemed a forfeiture of his or her municipal office or employment, or incompatible therewith or affect his or her tenure or compensation in any way.

3. No action shall be taken by the authority except pursuant to the favorable vote of three members of the board of directors.

4. The powers of the authority shall be vested in and shall be exercised by the board of directors at a meeting duly called and held.

Three members of the board of directors shall constitute a quorum. The board of directors may delegate to one or more of its members, or to one or more of the officers, agents or employees of the authority, such powers and duties as it may deem proper.

5. The officers of the authority shall consist of a chairperson, treasurer, and secretary, who may, but need not be members of the board of directors. The officers of the authority shall be appointed by the board of directors. The board of directors may appoint and at its pleasure remove an attorney and an engineer, which positions, in addition to the officers above named, shall be in the exempt class of the civil service and such additional officers and employees as it may require for the performance of its duties, fix and determine their qualifications, duties, compensations and terms of office or tenure, subject to the provisions of the civil service law of the state and such rules as the civil service commission may adopt and make applicable to the authority. The authority may also from time to time contract for expert professional services. The duties of the officers shall be as follows:

(a) Chairperson. The chairperson shall be the chief executive officer of the authority and it shall be the responsibility of the chairperson to:

(i) preside at all meetings of the board of directors and of the officers;

(ii) manage the water facility, the transmission facility and the distribution system and to effectuate the decisions of the board of directors;

(iii) exercise supervision over the conduct of the officers and employees of the authority;

(iv) report annually to each customer, either by mail or by publication once in a newspaper having general circulation within the district; such report shall include but not be limited to the following information:

(1) a brief financial account on operations of the water system including, but not limited to, water rates, total revenues, operating and maintenance expense, and interest on bonds and notes;

(2) the population served by the authority;

(3) the number of wells, towers and other storage facilities operated by the authority;

(4) the total pumpage of groundwater including the amount received through interdistrict interconnections and the estimated amount lost from the system;

(5) the single highest level from each well of each synthetic organic chemical, nitrate and chloride constituent tested for by the authority at any time during the year which exceeds the applicable county water quality standard or guideline, that standard or guideline, the site of each well at which each reported constituent was found, and the date on which each reported constituent was analyzed;

(6) the highest level from each well of each synthetic organic chemical, nitrate and chloride constituent tested for by the authority at any time during the year which does not exceed the applicable county water standard or guideline, but which contains a level equal to or greater than two-thirds of the amount permitted before exceeding a standard or guideline, that standard or guideline, the site of each well at which each reported constituent was found and the date on which each reported constituent was analyzed;

(7) once every five years, the highest level of any constituent discovered within the distribution system which contains a level equal to or greater than two-thirds of the amount permitted before exceeding a standard or guideline, that standard or guideline, and the resulting action taken by the authority;

(8) any well restricted, removed from service or otherwise limited in its use and the cause for such action;

(9) any actions taken to secure new supplies or replace lost capacity;

(10) the types of treatment which the water receives before entering the distribution system;

(11) any compliance activities required by regulations of the department of environmental conservation or the department of health or any local health department and any instances of noncompliance;

(12) the present condition of the distribution system and any significant actions, as determined by the authority, to improve or maintain the system;

(13) any special public services the authority provides during the year; and

(14) information on water conservation measures customers can implement, such as, but not limited to, retrofitting plumbing fixtures, altering irrigation timing, using irrigation sensors, leak detection, proper use of water-consuming appliances, daily conscientious use of water and estimated savings of water, energy, and money, from use of these measures;

(v) execute all contracts in the name of the authority;

(vi) institute, at the direction of the board of directors, all civil actions in the name of the authority;

(vii) provide for the enforcement of all of the rules and regulations of the authority and cause all violations thereof to be prosecuted;

(viii) sign orders to pay claims when authorized by the board of directors;

(ix) sign checks in the absence or inability of the treasurer or deputy treasurer, if any, when authorized by the board of directors; and a certified copy of a resolution of the board of directors to that effect shall be notice to the depository of such authorization;

(x) appoint, subject to the approval of the board of directors, non-elected officers, counsel, accountants, and other financial advisors, engineers and other technical advisors;

(xi) employ, promote and discharge managers, supervisors and employees; and

(xii) take all other reasonable and necessary actions to carry out his or her office as the chief executive of the authority. If the chairperson has not been appointed as a member of the board of directors of the authority pursuant to this section, such chairperson shall be deemed an ex officio member of the board of directors. Such status shall not carry with it the right to vote on matters coming before the board of directors nor shall the presence of such chairperson be counted for the purpose of determining a quorum.

(b) Secretary. (i) The secretary shall be the recording and corresponding officer of the authority and the custodian of the records of the authority.

(ii) The secretary shall prepare and send required notices of all meetings when directed to do so by the chairperson or by the written request of four members who have specified the issues to be discussed at the meeting.

(iii) In the absence or disability of the secretary, the chairperson may appoint a temporary secretary.

(c) Treasurer. (i) The treasurer shall have custody of all moneys belonging to the authority and keep accounts of all receipts and expenditures in conformance with a uniform system of accounts formulated and prescribed by the comptroller pursuant to section thirty-six of the general municipal law.

(ii) The treasurer shall execute a bond, conditioned upon the faithful performance of the duties of his or her office, the amount and sufficiency of which shall be approved by the board of directors and the premium therefor shall be paid by the authority.

(iii) The treasurer shall deposit, within ten days after receipt thereof, in the name of the authority, in one or more banks, and/or trust companies, designated by the board of directors, all moneys received by him or her.

(iv) The treasurer may sign checks with the facsimile signature of the treasurer, as reproduced by a machine or device commonly known as a checksigner, when authorized by the board of directors.

(v) The treasurer shall pay out moneys from the authority treasury only as authorized by the board of directors and by law. All such payments, except as may be authorized by the board of directors for a petty cash account, shall be by check.

(vi) The treasurer shall issue a report on the finances of the authority at each regular meeting of the board of directors.

(vii) The treasurer shall file in the office of the authority, within sixty days after the end of the fiscal year, a statement showing in detail all revenues and expenditures during the previous fiscal year and the outstanding indebtedness of the authority as of the end of the fiscal year. The members shall, within ten days, cause to be published once in a newspaper having general circulation within the district, a notice that the annual financial statement has been filed and is available for inspection or a summary of such statement in a form approved by the comptroller, with an endorsement thereon that details thereof are on file in the office of the authority. The members shall cause to be audited by a certified public accountant engaged for that purpose, such report and supporting records.

6. The officers of the authority shall receive such compensation for their services as shall be fixed by the board of directors and shall be reimbursed for all necessary and actual expenses incurred in connection with their duties as such officers and in connection with the carrying out of the purposes of this title.

7. The authority and its corporate existence shall continue until terminated by law or terminated pursuant to an affirmative vote of all five members of the board of directors to retain the water supply system within the district which is in existence as of the effective date of this title; provided, however, that no such law or vote shall take effect so long as the agency shall have bonds or other obligations outstanding unless adequate provision has been made for the payment or satisfaction thereof. Except as provided in paragraph (d) of subdivision one of section eleven hundred seventy-four-e of this article, upon termination of the existence of the authority, all of the rights and properties of the authority then remaining shall pass to and vest in the towns within the district. Such property shall be apportioned and distributed so each town shall receive the property located within its boundaries.

8. In addition to any powers granted to it by law, the governing body of each of the towns within the district, from time to time, may appropriate sums of money to defray project costs or any other costs and expenses of the authority. Subject to the rights of bondholders, each governing body may determine if the moneys so appropriated shall be subject to repayment by the authority to the towns, and in such event, the manner and time or times for such repayment.

9. For the purposes of article fifteen-A of the executive law only, the authority shall be deemed a state agency as that term is used in such article, and its contracts for design, construction, services and materials shall be deemed state contracts within the meaning of that term as set forth in such article.

10. It is hereby determined and declared that the authority and the carrying out of its powers, purposes and duties are in all respects for

the benefit of the people of the towns within the district and state, for the improvement of their health, welfare and prosperity and that the said purposes are public purposes and that the authority is and will be performing an essential governmental function in the exercise of the powers conferred upon it by this title.

11. (a) The county executive shall file on or before March thirty-first of the year following the year in which this title shall have become law, in the office of the secretary of state, a certificate signed by the county executive setting forth: (1) the name of the authority; (2) the names of the members appointed by the county executive and their terms of office; and (3) the effective date of this title. The authority shall be perpetual in duration, except that if such certificate is not filed with the secretary of state on or before such date, then the corporate existence of the authority shall thereupon terminate and it shall thereupon be deemed to be and shall be dissolved.

(b) Except as provided in paragraph (a) of this subdivision, the authority and its corporate existence shall continue until terminated by law, provided, however, that no such law shall take effect so long as the authority shall have bonds or other obligations outstanding unless adequate provision has been made for the payment or satisfaction thereof. Upon termination of the existence of the authority, all of the rights and properties of the authority then remaining shall pass to and vest in the county.

§ 1174-e. Responsibilities of the authority. The authority shall have the responsibility to: 1. investigate, analyse and evaluate various options for the distribution of water to the district, including, but not limited to, the following:

(a) The purchase, in the name of the authority, or in the name of any municipality or municipalities, of any water facility or distribution system or parts thereof involved in the supply of water to the district;

(b) The operation of any water facility or distribution system or parts thereof by any public water suppliers which operate in geographic areas adjacent to the district;

(c) The creation of additional water authorities to supply water to portions of the district as described in section eleven hundred seventy-four-c of this article; and

(d) The retention of the water supply system within the district which is in existence as of the effective date of this title.

2. Following any purchase pursuant to paragraph (a) of subdivision one of this section:

(a) Meter service to its customers; and

(b) Repair and maintain that portion of a water supply pipe extending from the water mains to the water meter. For purposes of this paragraph "water supply pipe" shall mean a pipe or line which connects the water mains directly to a customer's water meter.

§ 1174-f. Powers of the authority. Except as otherwise limited by this title, the authority shall have the power to:

1. sue and be sued;

2. have a seal and alter the same at pleasure;

3. borrow money and issue negotiable or non-negotiable notes, bonds, or other obligations and to provide for the rights of the holders thereof;

4. enter into contracts and execute all instruments necessary or convenient or desirable for the purposes of the authority to carry out any powers expressly given it in this title;

5. acquire, by purchase, gift, grant, transfer, contract or lease or by condemnation pursuant to the eminent domain procedure law, lease as lessee, hold and use and to sell, lease as lessor, transfer or otherwise dispose of, any real or personal property or any interest therein, within or without the district, as the authority may deem necessary, convenient or desirable to carry out the purpose of this title; provided, however, that the authority may not condemn real property of a municipality without the consent of the governing body of such

municipality;

6. purchase, in the name of the authority, any water supply system, including plants, works, instrumentalities or parts thereof and appurtenances thereto, lands, easements, rights in land and water rights, rights-of-way, contract rights, franchises, permits, approaches, connections, dams, wells, pumps, reservoirs, water mains and pipe lines, pumping stations, treatment facilities, meters, equipment and inventory, or any other property incidental to and included in such system or part thereof, and any improvements, extensions and betterments, situated wholly within the district, provided, however, that the authority shall have the power to purchase any source of supply, or water supply system or any part thereof situated wholly or partly without the territorial limits of the district, provided same shall be necessary in order to supply water within the district; and in connection with the purchase of such properties the authority may assume any obligations of the owner of such properties and, to the extent required by the terms of any indentures or other instruments under which such obligations were issued, the authority may assume and agree to perform covenants and observe the restrictions contained in such instruments; and furthermore the owner of any properties, which the authority is authorized to acquire, is hereby authorized to sell or otherwise transfer the same to the authority, whereupon the authority shall become charged with the performance of all public duties with respect to such properties with which such owner was charged and such owner shall become discharged from the performance thereof, as a means of so acquiring for such purpose, the authority may purchase all of the stock of any existing privately owned water corporation or company and in the case of a sale or other transfer of properties of a public utility corporation pursuant to this provision, upon the purchase of the stock of such corporation or company it shall be lawful to dissolve such corporation within a reasonable time;

7. construct, improve or rehabilitate water supply facilities required for the maintenance, development or expansion of water supply sources;

8. operate and manage and to contract for the operation and management

of facilities of the authority;

9. enter into contracts, and carry out the terms thereof, for the wholesale provision of water produced by supply facilities constructed and operated by the authority, to municipalities and private water companies and to carry out the terms thereof, for the transmission of water from new or existing supply facilities;

10. apply to the appropriate agencies and officials of the federal, state and local governments for such licenses, permits or approvals of its plans or projects as it may deem necessary or advisable, and upon such terms and conditions as it may deem appropriate, to accept, in its discretion, such licenses, permits or approvals as may be tendered to it by such agencies and officials;

11. take all necessary and reasonable actions within the district to conserve, preserve and protect the water supply to the district, including the making of plans and studies, the adoption of watershed rules and regulations, the enforcing of compliance with all current and future rules and regulations of the state sanitary code with regard to water supply and usage, the requiring of cross-connection controls, the providing of educational material and programs to the public, and the cooperating with water suppliers outside the district to conserve, preserve and protect the entire water reserve as it is affected within and outside the authority's supply area;

12. retain or employ counsel, auditors, engineers and private consultants on a contract basis or otherwise for rendering professional or technical services and advice;

13. make plans and studies necessary, convenient or desirable for the effectuation of the purposes and powers of the authority and to prepare recommendations in regard thereto;

14. prepare a water supply emergency plan which shall include, but not be limited to, the following:
(a) establishment of criteria and procedures to determine critical

water levels or safe yield of system;

(b) identification of existing and future sources of water under normal conditions and emergency conditions;

(c) system capacity and ability to meet peak demand and fire flows concurrently;

(d) storage capacities;

(e) current condition of present interconnections and identification of additional interconnections to meet a water supply emergency;

(f) specific action plan to be followed during a water supply emergency including a phased implementation of the plan;

(g) general water conservation programs and water use reduction strategies for water supply users;

(h) prioritization of water users;

(i) identification and availability of emergency equipment needed during a water supply emergency; and

(j) public notification program coordinated with the phased implementation schedule; such plan shall not be adopted until a public hearing on such plan shall have been held, upon not less than fourteen days' notice thereof to each customer, either by mail or by publication once in a newspaper having general circulation within the district; every five years, such plan shall be reviewed and revised if necessary after a public hearing, with notice to each customer as aforesaid;

15. enter upon such lands, waters, or premises as in the judgment of the authority shall be necessary for the purpose of making surveys, soundings, borings and examinations to accomplish any purpose authorized by this title, the authority being liable only for actual damage done;

16. apply for and to accept any gifts or grants or loans of funds or property or financial or other aid in any form from the federal government or any agency or instrumentality thereof, or from the state or any agency or instrumentality thereof, or from any other source, for any or all of the purposes specified in this title, and to comply, subject to the provisions of this title, with the terms and conditions thereof;

17. obtain, store, treat, distribute, supply and sell water for

domestic, commercial and public purposes at retail to individual consumers within the district;

18. purchase water from any municipal corporation, town water district, person, association or corporation;

19. produce, develop, distribute and sell water or water services within or without the territorial limits of the district; provided, however, that water may be sold at retail to individual consumers only within the district and further provided that in exercising the powers granted by this title, the authority shall not sell water in any area which is served by a water system owned or operated by a municipality or special improvement district unless the governing body of such municipality or district shall adopt a resolution requesting the authority to sell water in such served areas;

20. make bylaws for the management and regulation of its affairs and rules and regulations for the conservation, preservation and protection of the authority's water supply and, subject to agreements with bondholders, rules for the sale of water and the collection of rents and charges therefor. A copy of such rules, regulations and bylaws and any rules and regulations adopted pursuant to subdivision eleven of this section, and all amendments thereto, duly certified by the secretary of the authority shall be filed in the office of the municipalities within the district and thereafter published once in a newspaper having general circulation within the district. Violation of such rules and regulations shall be punishable by fine, not exceeding fifty dollars, or by imprisonment for not longer than thirty days, or both;

21. fix rates and collect charges for the use of the facilities of, or services rendered by, or any commodities furnished by the authority such as to provide revenues sufficient at all times to pay, as the same shall become due, the principal and interest on the bonds, or other obligations of the authority together with the maintenance of proper reserves therefor, in addition to paying as the same shall become due, the expense of operating and maintaining the properties of the authority together with proper maintenance reserves, capital reserves, repair

reserves, tax stabilization reserves and other contingency reserves, and all other obligations and indebtedness of the authority; however, no such rates or charges shall be changed until a public hearing on such changes shall have been held upon not less than fourteen days' notice thereof to each customer, either by mail or by publication once in a newspaper having general circulation within the district;

22. enter into cooperative agreements with other authorities, municipalities, counties, cities, towns, villages, water districts, utility companies, individuals, firms or corporations, within or without the territorial limits of the district for the interconnection of facilities, the exchange or interchange of services and commodities, the conservation, preservation and protection of the authority's water reserve as it is affected within and outside the authority's supply area, and, within the territorial limits of the district, to enter into a contract for the construction, operation and maintenance of a water supply and distribution system by the authority for any municipality having power to construct and develop a water supply and distribution system, upon such terms and conditions as shall be determined to be reasonable including, but not limited to the reimbursement of all costs of such construction, or for any other lawful purposes necessary or desirable to effect the purposes of this title;

23. provide for the discontinuance or disconnection of the supply of water for nonpayment of fees, rates, rents or other charges therefor imposed by the authority, provided such discontinuance or disconnection of any supply of water shall not be carried out except in the manner and upon the notice as is required of a waterworks corporation pursuant to subdivisions three-a, three-b and three-c of section eighty-nine-b and section one hundred sixteen of the public service law;

24. contract for, provide and maintain such insurance as it deems necessary or reasonable to:

(a) secure and protect its real and personal property from fire, theft or other calamity or loss;

(b) secure and protect it against liability imposed by law for damages or injuries to persons or property;

(c) secure and protect it against any liability which may be imposed pursuant to section eighteen of the public officers law; and

(d) secure and protect it against any other liability, casualty or loss as it deems necessary or reasonable; and

25. do all things necessary, convenient or desirable to carry out its purposes and for the exercise of the powers granted in this title.

§ 1174-g. Transfer of officers and employees. Any public officer or employee under civil service, selected by the authority may, with the consent of the commission, board, department or municipality by which he or she has been employed, be transferred to the authority and shall be eligible for such transfer and appointment without examination to comparable offices, positions and employment under the authority. The salary or compensation of any such officer or employee shall after such transfer be paid by the authority, but notwithstanding the provisions of this title, any such officers or employees so transferred to the authority, pursuant to the provisions of this section, who are members of or beneficiaries under any existing pension or retirement system, shall continue to have all rights, privileges, obligations and status with respect to such fund system or systems as are now prescribed by law, but during the period of their employment by the authority, all contributions to any pension or retirement fund or system to be paid by the employer on account of such officers and employees, shall be paid by the authority; and all such officers and employees who have been appointed to positions under the rules and classifications of the civil service commission shall have the same status with respect thereto after transfer to the authority as they had under their original appointments. The appointment and promotion of all employees of the authority shall be made in accordance with the provisions of the civil service law and such rules as the civil service commission may adopt and make applicable to the authority.

§ 1174-h. Bonds of the authority. 1. The authority shall have the power and is hereby authorized from time to time to issue bonds, in conformity with applicable provisions of the uniform commercial code, in such principal amounts as it may determine to be necessary to pay the cost of any water project or projects or for any other corporate purposes, including incidental expenses in connection therewith. The authority shall have power from time to time to refund any bonds by the issuance of new bonds whether the bonds to be refunded have or have not matured, and may issue bonds partly to refund bonds then outstanding and partly for any other corporate purpose. Bonds issued by the authority may be general obligations secured by the faith and credit of the authority or may be special obligations payable solely out of particular revenues or other moneys of the authority as may be designated in the proceedings of the authority under which the bonds shall be authorized to be issued, subject to any agreements with the holders of outstanding bonds pledging particular revenues or moneys.

2. The authority is authorized to obtain from any department or agency of the United States of America or nongovernmental insurer any insurance or guaranty, or any other credit enhancement arrangement with any bank or other financial institution to the extent now or hereafter available, as to, or for the payment or repayment of interest or principal, or both, or any part thereof, on any bonds issued by the authority and to enter into any agreement or contract with respect to any such insurance or guaranty, except to the extent that the same would in any way impair or interfere with the ability of the authority to perform and fulfill the terms of any agreement made with the holders of the bonds of the authority.

3. Bonds shall be authorized by resolution of the authority, and may be in such denominations and bear such date or dates and mature at such time or times as such resolution may provide except that bonds and any renewal thereof shall mature within forty years of the date of their original issuance and notes and any renewal thereof shall mature within five years of the date of their original issuance. Such bonds shall be subject to such terms of redemption, bear interest at such rate or rates, which may vary from time to time, as may be necessary to effect the sale thereof and shall be payable at such times, be in such form, carry such registration privileges, be executed in such manner, be

payable in such medium of payment at such place or places, and be subject to such terms and conditions as such resolution may provide. Bonds may be sold at public sale or at private sale for such price or prices as the authority shall determine, provided that no issue of bonds may be sold at private sale unless the terms of such sale shall have been approved in writing by:

(a) the comptroller, where such sale is not to the comptroller, or

(b) the director of the division of the budget of the state, where such sale is to the comptroller.

4. Any resolution or resolutions authorizing bonds or any issue of bonds by the authority may contain provisions which may be part of the contract with the holders of the bonds thereby authorized as to:

(a) pledging all or part of its revenues, together with any other moneys, securities, contracts or property, to secure the payment of the bonds, subject to such agreements with bondholders as may then exist;

(b) the rates, rentals, fees and other charges to be fixed and collected and the amounts to be raised in each year thereby, and the use and disposition of the earnings and other revenues;

(c) the setting aside of reserves and the creation of sinking funds and the regulation and disposition thereof;

(d) limitations on the purpose to which the proceeds from the sale of bonds may be applied;

(e) limitations on the right of the authority to restrict and regulate the use of any project or part thereof in connection with which bonds are issued;

(f) limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and the refunding of outstanding or other bonds;

(g) the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, including the proportion of bondholders which must consent thereto and the manner in which such consent may be given;

(h) the creation of special funds into which any revenues or other moneys may be deposited;

(i) the terms and provisions of any trust deed or indenture securing the bonds under which the bonds may be issued;

(j) vesting in a trustee or trustees such properties, rights, powers and duties in trust as the authority may determine, which may include any or all of the rights, powers and duties of the trustee appointed by the bondholders pursuant to section eleven hundred seventy-four-i of this title and limiting or abrogating the rights of the bondholders to appoint a trustee under such section or limiting the rights, duties and powers of such trustee;

(k) defining the acts or omissions to act which may constitute a default in the obligations and duties of the authority to the bondholders and providing for the rights and remedies of the bondholders in the event of such default, including as a matter of right the appointment of a receiver, provided, however, that such rights and remedies shall not be inconsistent with the general laws of the state and other provisions of this title;

(l) limitations on the power of the authority to sell or otherwise dispose of any system or any part thereof or other property;

(m) limitations on the amount of revenues and other moneys to be expended for operating, administrative or other expenses of the authority;

(n) the protection and enforcement of the rights and remedies of the bondholders;

(o) the obligations of the authority in relation to the construction, maintenance, operation, repairs and insurance of the properties, the safeguarding and application of all moneys and as to the requirements for the supervision and approval of consulting engineers in connection with construction, reconstruction and operation;

(p) the payment of the proceeds of bonds, revenues and other moneys to a trustee or other depository, and for the method of disbursement thereof with such safeguards and restrictions as the authority may determine; and

(q) any other matters of like or different character which in any way affect the security or protection of the bonds or the rights and remedies of bondholders.

5. In addition to the powers herein conferred upon the authority to secure its bonds, the authority shall have power in connection with the issuance of bonds to enter into such agreements as the authority may

deem necessary, consistent or desirable concerning the use or disposition of its revenues or other moneys or property, including remarketing agreements or other similar agreements for the bonds, the mortgaging of any property and the entrusting, pledging or creation of any other security interest in any such revenues, moneys, or property and the doing of any act, including refraining from doing any act, which the authority would have the right to do in the absence of such agreements. The authority shall have power to enter into amendments of any such agreements within the powers granted to the authority by this title and to perform such agreements. The provisions of any such agreements may be made a part of the contract with the holders of bonds of the authority.

6. Any provision of the uniform commercial code to the contrary notwithstanding, any pledge of or other security interest in revenues, moneys, accounts, contract rights, general intangibles or other personal property made or created by the authority shall be valid, binding and perfected from the time when such pledge is made or other security interest attaches without any physical delivery of the collateral or further act, and the lien of any such pledge or other security interest shall be valid, binding and perfected against all parties having claims of any kind in tort, contract or otherwise against the authority irrespective of whether or not such parties have notice thereof. No instrument by which such a pledge or security interest is created nor any financing statement need be recorded or filed.

7. Whether or not the bonds of the authority are of such form and character as to be negotiable instruments under the terms of the uniform commercial code, the bonds are hereby made negotiable instruments within the meaning of and for all purposes of the uniform commercial code, subject only to the provisions of the bonds for registration.

8. Neither the members of the board of directors nor the officers of the authority nor any person executing bonds shall be liable personally thereon or be subject to any personal liability or accountability solely by reason of the issuance thereof.

9. The authority, subject to such agreements with bondholders as then may exist, shall have power out of any moneys available therefor to purchase bonds of the authority in lieu of redemption, at a price not exceeding:

(a) if the bonds are then redeemable, the redemption price then applicable, plus accrued interest to the next interest payment date,

(b) if the bonds are not then redeemable, the redemption price then applicable on the first date after such purchase upon which the bonds become subject to redemption plus accrued interest to the next interest payment date.

10. The authority shall have power and is hereby authorized to issue negotiable bond anticipation notes in conformity with applicable provisions of the uniform commercial code and may renew the same from time to time but the maximum maturity of any such note, including renewals thereof, shall not exceed five years from the date of issue of such original note. Such notes shall be paid from any moneys of the authority available therefor and not otherwise pledged or from the proceeds of sale of the bonds of the authority in anticipation of which they were issued. The notes shall be issued in the same manner as the bonds and such notes and the resolution or resolutions authorizing the same may contain any provisions, conditions or limitations which the bonds or bond resolution of the authority may contain. Such notes may be sold at public sale or, upon the approval of the comptroller of the terms thereof, at private sale. Such notes shall be as fully negotiable as the bonds of the authority.

§ 1174-i. Remedies of bondholders. 1. In the event that the authority shall default in the payment of principal of or interest on any issue of the bonds after the same shall become due, whether at maturity or upon call for redemption, and such default shall continue for a period of thirty days, or in the event that the authority shall fail or refuse to comply with the provisions of this title, or shall default in any agreement made with the holders of any issue of the bonds, the holders of twenty-five per centum in aggregate principal amount of the bonds of such issue then outstanding, by instrument or instruments filed in the office of the clerk of the applicable county and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of such bonds for the purposes herein provided.

2. Such trustee may, and upon written request of the holders of twenty-five per centum in principal amount of such bonds outstanding shall, in his or her own name:

(a) by action or proceeding in accordance with the civil practice law and rules, enforce all rights of the bondholders and require the authority to carry out any other agreements with the holders of such bonds and to perform its duties under this title;

(b) bring an action or proceeding upon such bonds;

(c) by action or proceeding, require the authority to account as if it were the trustee of an express trust for the holders of such bonds;

(d) by action or proceeding, enjoin any acts or things which may be unlawful or in violation of the rights of the holders of such bonds; and

(e) declare all such bonds due and payable, and if all defaults shall be made good, then with the consent of the holders of twenty-five per centum of the principal amount of such bonds then outstanding, annul such declaration and its consequences.

3. Such trustee shall in addition to the foregoing have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth herein or incidental to the general representation of bondholders in the enforcement and protection of their rights.

4. The state supreme court shall have jurisdiction of any action or proceeding by the trustee on behalf of such bondholders.

5. Before declaring the principal of bonds due and payable, the trustee shall first give thirty days' notice in writing to the authority.

§ 1174-j. State and municipalities not liable on authority bonds.
Neither the state nor any municipality shall be liable on the bonds of

the authority and such bonds shall not be a debt of the state or of any municipality.

§ 1174-k. Moneys of the authority. All moneys of the authority from whatever source derived shall be paid to the treasurer and shall be deposited forthwith in one or more banks and/or trust companies in the state designated by the authority. The moneys in such accounts shall be paid out on checks of the treasurer upon requisition by the chairperson of the authority or of such other officer or officers as the authority may authorize to make such requisitions. All deposits of such moneys shall be secured by obligations of or guaranteed by the United States of America or of the state of a market value equal at all times to the amount on deposit and all banks and trust companies are authorized to give such security for such deposits. Any moneys of the authority not required for immediate use or disbursement may, at the discretion of the authority, be invested in those obligations specified pursuant to the provisions of section ninety-eight-a of the state finance law. The authority shall have power, notwithstanding the provisions of this section, to contract with the holders of any bonds as to the custody, collection, security, investment and payment of any moneys of the authority or any moneys held in trust or otherwise for the payment of bonds or in any way to secure bonds. Moneys held in trust or otherwise for the payment of bonds or in any way to secure bonds and deposits of such moneys may be secured in the same manner as moneys of the authority and all banks and trust companies are authorized to give such security for such deposits.

§ 1174-l. Bonds legal investments for fiduciaries. The bonds of the authority are hereby made securities in which all public officials and bodies of the state and all municipalities, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations, including savings and loan associations, investment companies and other persons carrying on a banking business, and administrators, guardians, executors, trustees and other fiduciaries and all other persons whatsoever, who are now or may hereafter be authorized to invest in bonds or other obligations of the state, may properly and legally invest funds including capital in their control or belonging to them. The bonds are also hereby made securities which may be deposited with and may be received by all public officers and bodies of the state and all municipalities for any purposes for which the deposit of bonds or other obligations of the state is now or hereafter may be authorized.

§ 1174-m. Agreement with the state. The state does hereby pledge to and agree with the holders of any bonds issued by the authority pursuant to this title that the state will not alter or limit the rights hereby vested in the authority to fulfill the terms of any agreement made with or for the benefit of the holders of bonds or in any way impair the rights and remedies of bondholders until the bonds together with the interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of such holders, are fully met and discharged. The authority is authorized to include this pledge and agreement of the state in any agreement with bondholders.

§ 1174-n. Exemption from taxes, assessments and certain fees; payments in lieu of taxes. 1. It is hereby determined that the creation of the authority and the carrying out of its corporate purposes is in all respects for the benefit of the people of the state and is a public purpose, and the authority shall be regarded as performing a governmental function in the exercise of the powers conferred upon it by this title and shall not be required to pay any taxes, special ad valorem levies or special assessments upon any real property owned by it or any filing, recording or transfer fees or taxes in relation to instruments filed, recorded or transferred by it or on its behalf.

2. The authority may pay, or may enter into agreements with any municipality to pay, a sum or sums annually or otherwise or to provide other considerations to such municipality with respect to real property owned by the authority located within such municipality and constituting

a part of its water system.

3. Any bonds issued pursuant to this title together with the income therefrom shall be exempt from taxation. The revenues, moneys and all other property and all activities of the authority shall be exempt from all taxes and governmental fees or charges, whether imposed by the state or any municipality, including without limitation real estate taxes, franchise taxes, sales taxes or other excise taxes. For purposes of this subdivision, the phrase "exempt from taxation" means exempt from direct taxation in conformity with established judicial interpretation of the tax exempt status of the obligations of the state and its agencies, entities, authorities and political subdivisions and thus, the meaning of such phrase is in conformity with the legislative intent expressed by section twenty-two of chapter one hundred sixty-six of the laws of nineteen hundred ninety-one regarding the tax exempt status of obligations of the state and its agencies.

4. The state hereby covenants with the purchasers and with all subsequent holders and transferees of bonds issued by the authority pursuant to this title that the interest thereon shall be exempt from taxation. The state further covenants with the holders of such bonds that all revenues, moneys, and other property pledged to secure the payment of such bonds shall at all times be free from such taxes. For purposes of this subdivision, the phrase "exempt from taxation" means exempt from direct taxation in conformity with established judicial interpretation of the tax exempt status of the obligations of the state and its agencies, entities, authorities and political subdivisions and thus, the meaning of such phrase is in conformity with the legislative intent expressed by section twenty-two of chapter one hundred sixty-six of the laws of nineteen hundred ninety-one regarding the tax exempt status of obligations of the state and its agencies.

5. Notwithstanding the above, nothing herein shall prevent the state from assessing a tax or surcharge against the water customers based on their water consumption, provided, however, that all such taxes and surcharges and the authority's obligation to collect and pay such taxes and surcharges shall be subordinate to the rights of holders of all of

the authority's bonds and notes and to the payment of principal, premiums if any, and interest thereon.

§ 1174-o. Actions against the authority. 1. No action or proceeding shall be prosecuted or maintained against the authority for personal injury or damage to real or personal property alleged to have been sustained by reason of the negligence or wrongful act of the authority or any member, officer, agent or employee thereof, unless:

(a) a notice of claim shall have been made and served upon the authority within the time limit by and in compliance with section fifty-e of the general municipal law,

(b) it shall appear by and as an allegation in the complaint or moving papers that at least thirty days have elapsed since the service of such notice and that adjustment or payment thereof has been neglected or refused, and

(c) the action or proceeding shall be commenced within one year and ninety days after the cause of action therefor shall have accrued.

2. Wherever a notice of claim is served upon the authority, it shall have the right to demand an examination of the claimant relative to the occurrence and extent of the injuries or damages for which claim is made, in accordance with the provisions of section fifty-h of the general municipal law.

3. The authority may require any person presenting for settlement an account or claim for any cause whatever against the authority to be sworn before a member, counsel, or an attorney, officer or employee thereof designated for such purpose, concerning such account or claim and when so sworn, to answer orally as to any facts relative to such account or claim. The authority shall have power to settle or adjust all claims in favor of or against the authority.

4. The rate of interest to be paid by the authority upon any judgment for which it is liable, other than a judgment against the authority on bonds, shall not exceed six per centum per annum. Interest on payments of principal or interest on any bonds in default shall accrue at the

rate borne by such bonds from the date thereof until paid or otherwise satisfied.

§ 1174-p. Conflicts of interest of members of the board of directors and officers and employees of the authority. No member of the board of directors or officer or employee of the authority shall have any interest in any contract, or take any action or otherwise involve himself or herself in any activity which, pursuant to article eighteen of the general municipal law, would be deemed a conflict of interest for a municipal officer or employee holding a position with a municipality similar to the position held by the member, officer or employee with the authority.

It shall not be deemed a conflict of interest for a person to simultaneously hold positions as a member and as an officer of the authority.

§ 1174-q. Construction and purchase contracts. The authority shall let contracts for construction or purchase of supplies, materials, or equipment pursuant to sections one hundred one and one hundred three of the general municipal law. Nothing in this section shall be construed to limit the power of the authority to do any construction directly by the officers, agents and employees of the authority or to contract with a public utility, for a term not to exceed five years, for the operation and maintenance of a water supply system acquired from said public utility.

§ 1174-r. Separability clause. If any section, clause or provision in this title shall be held by a competent court to be unconstitutional or ineffective in whole or in part, to the extent that it is not unconstitutional or ineffective, it shall be valid and effective, and no other section, clause or provision shall on account thereof be deemed invalid or ineffective.

§ 1174-s. Effect of inconsistent provisions. Insofar as the provisions of this title are inconsistent with the provisions of any other law, general, special or local or of any charter or any local ordinance or resolution of any municipality the provisions of this title shall be controlling, provided that nothing contained in this section shall be held to supplement or otherwise expand the powers or duties of the authority otherwise set forth in this title. Nothing contained in this title shall be held to alter or abridge the powers and duties of the department of environmental conservation or the department of health.

TITLE 8

BUFFALO SEWER AUTHORITY

§ 1175. Short title. This title may be cited as the "Buffalo Sewer Authority Act. "

§ 1176. Definitions. As used or referred to in this title, unless a different meaning clearly appears from the context,

1. The term "authority" shall mean the corporation created by section eleven hundred seventy-seven of this title;

2. The term "city" shall mean the city of Buffalo;

3. The term "bonds" shall mean the bonds, notes, interim certificates and other obligations issued by the authority pursuant to this title;

4. The term "board" shall mean the members of the authority;

5. The term "comptroller" shall mean the comptroller of the city;

6. The term "treasurer" shall mean the treasurer of the city;

7. The term "charter" shall mean the charter of the city enacted by the electors of the city at a special election held on the twenty-ninth day of August, nineteen hundred twenty-seven, as amended;

8. The term "project" shall mean a system of trunk, intercepting and connecting, lateral and outlet sewers, storm water drains, pumping and ventilating stations, disposal or treatment plants or works, and other appliances and structures, which in the judgment of the authority will provide an effectual and advantageous means for relieving the Niagara river, Buffalo river and Lake Erie from pollution by the sewage and waste of the city and relieving the city from inadequate sanitary and storm water drainage and for the sanitary disposal or treatment of the sewage thereof, or such sections or parts of such system as the

authority may from time to time deem it proper or convenient to construct, consistent with the plan or purpose of this title;

9. The term "existing sewer system" shall mean all sewers, including, without limitation, trunk, intercepting, connecting, lateral and other sewers, storm water drains, pumping stations, disposal or treatment plants or works, structures, appliances, equipment and other adjuncts thereto, comprising the entire system of sewerage owned by the city at the time of the filing with the common council of the city and with the secretary of the state of New York of a certificate of completion of the project as provided in section eleven hundred seventy-nine of this title;

10. The term "facilities" shall include the project and, from and after the filing with the common council of the city and the secretary of state of the state of New York of the certificate of completion of the project, as provided in section eleven hundred seventy-nine of this title, the existing sewer system.

11. The term "attorney general" shall mean the attorney general of the state of New York.

12. The term "general manager" shall mean the general manager of the Buffalo sewer authority.

13. The term "hazardous substance" shall mean any substance which:

a. is identified or listed as a hazardous waste or acute hazardous waste in regulation promulgated pursuant to section 27-0903 of the environmental conservation law and all amendments thereto, regardless of whether at the time of release the substance was actually a waste; or

b. appears on the list of substances hazardous or acutely hazardous to public health, safety or the environment in regulation promulgated pursuant to paragraphs (a) and (b) of subdivision one of section 37-0103 of the environmental conservation law and all amendments thereto.

14. The term "person" shall mean any individual, public or private corporation, political subdivision, government agency, department or bureau of the state or federal government, municipality, co-partnership, association, firm, trust, estate or any other legal entity whatsoever (including directors, officers or agents thereof), or combination of persons. The masculine gender shall include the feminine, the singular shall include the plural where indicated by the context.

15. The term "pollutant" shall mean any liquid, solid or gaseous substance, or combination thereof, which may cause an impairment (reduction) of water quality to a degree that has an adverse effect on any beneficial use of the water, including but not limited to hazardous substances.

16. The term "effluent source" shall mean a source of introduction of any waste into the facilities or any sewer system connected to the facilities.

17. The term "discharge" shall mean any introduction of waste into the facilities from any effluent source.

18. The term "sewer system" shall mean pipelines or conduits, pumping stations, and force mains and all other constructions, devices, and appliances appurtenant thereto, wherever located, used for conducting sewage, industrial waste or other waste into or through the facilities of the authority to a point of ultimate disposal.

19. The term "domestic sewage" shall mean a combination of wastes from the non-commercial preparation, cooking, and handling of food; human bodily wastes and similar matter from sanitary conveniences in dwellings, commercial buildings, industrial buildings and institutions; or any other wastes from non-commercial, non-industrial or non-institutional activities.

20. The term "domestic user" shall mean any user not covered under the definition of "industrial user".

21. The term "industrial user" shall mean a person who discharges industrial waste.

22. The term "industrial waste" shall mean any liquid, solid, or gaseous substance, or combination thereof, resulting from any process of industrial, commercial, governmental and institutional concerns, manufacturing, business, trade, or research, including the development, recovery, or processing of natural resources, or from sources other than those described as domestic sewage. Groundwater and surface runoff may be considered to be industrial waste if contaminated with industrial process chemical constituents.

23. The term "sewage" shall mean any combination of wastes from residences, business buildings, institutions and industrial establishment, together with such ground, surface and stormwaters as may be present.

24. The term "waste" shall mean any liquid, solid or gaseous substance, or combination thereof, that may be introduced into a sewer system.

25. The term "user" shall mean any person who directly or indirectly contributes, causes or permits the contribution of waste into the sewer system and into or through the authority's facilities.

§ 1177. Buffalo Sewer Authority. 1. A board, to be known as "Buffalo Sewer Authority," is hereby created. Such board shall be a body corporate and politic constituting a public benefit corporation. Such board shall consist of five members, each of whom shall be a resident of the city of Buffalo and who shall be appointed by the mayor of the city. One shall be designated by him to serve until July first, nineteen hundred thirty-six, two shall be designated by him to serve until July first, nineteen hundred thirty-seven, and two shall be designated by him to serve until July first, nineteen hundred thirty-eight. Upon the expiration of the term of each member, a successor shall be appointed by the mayor for a term expiring three years after the expiration of the term of his predecessor. The mayor may remove any member of the board after giving to such member a copy of the charges against him and an opportunity to be heard in his defense. If a vacancy shall occur by reason of the death, disqualification, resignation or removal of a member, his successor shall be appointed by the mayor for the unexpired term. Every appointment to the board shall be subject to confirmation by the common council of the city. The powers of the board shall be vested in and exercised by a majority of the members thereof then in office. Such board and its corporate existence shall continue only for a period of five years and thereafter until all its liabilities have been met and its bonds have been paid in full or such liabilities or bonds have otherwise been discharged. Upon its ceasing to exist all its rights and properties shall pass to the city of Buffalo. The members of the board shall be compensated at the rate of twenty-five hundred dollars per annum each for a full year's service and the chairman of the board shall be compensated at the rate of thirty-five hundred dollars per annum for a full year's service, and in addition thereto, they shall be entitled to reimbursement of their actual and necessary expenses incurred in the performance of their official duties. At the first meeting of the board and at the first meeting thereof in each fiscal year thereafter the members of the board shall choose from their number a chairman, a vice-chairman and a secretary. The board may appoint agents and employees with such powers and duties as it may determine and shall fix their compensation and pay the same out of funds of the authority. Except as otherwise provided herein or by the board, the corporation counsel of the city shall be the attorney for the authority and shall prosecute and defend all actions and proceedings brought by or against the authority and shall institute and conduct all legal proceedings by the authority in the exercise of its powers of eminent domain. The authority may also use the agents, employees, records and equipment of the city with the consent of the city.

2. The purpose of this title, among other things, is to provide for the jurisdiction, control, possession, supervision and use of the facilities; authorization to make rules and regulations in furtherance of this title; the enforcement of this title, the rules, regulations, permits and orders of the authority in connection with the direct or

indirect use of the facilities by persons within the city and the county of Erie and any other persons from whom the authority accepts, treats and disposes of sewage, industrial waste, and other waste, from whatever source derived; and to enable the authority to comply with all applicable laws of the United States and the state of New York, and the rules, regulations, permits and orders of their regulatory agencies.

3. It is hereby determined and declared that the authority and the carrying out of its powers, purposes and duties are in all respects for the benefit of the people served by the facilities and the state, for the improvement of their health, welfare and prosperity and that the said purposes are public purposes and that the authority is and will be performing an essential governmental function in the exercise of the powers conferred upon by this title.

§ 1178. Powers of the authority. The authority shall have power:

1. To prepare or cause to be prepared plans, designs and estimates of costs for the construction of the project, and from time to time to modify such plans, designs or estimates;

2. To construct the project and any additions, betterments and extensions to the facilities of the authority by contract or contracts, or under, through, or by means of its own officers, agents and employees;

3. To have jurisdiction, control, possession and supervision of the existing sewer system and the project; to maintain, operate, reconstruct and improve the same as a comprehensive sewerage system and to make additions, betterments and extensions thereto, and to have all the rights, privileges and jurisdiction necessary or proper for carrying such power into execution. No enumeration of powers in this or any other general, special or local law shall operate to restrict the meaning of this general grant of power or to exclude other powers comprehended within this general grant;

4. To sue and be sued;

5. To have a seal and alter the same at pleasure;

6. To acquire, hold and dispose of personal property for its corporate purposes;

7. To acquire, in the name of the city, by purchase or condemnation, real property or rights or easements therein, necessary or convenient for its corporate purposes and to use the same so long as its corporate existence shall continue;

8. To make by-laws for the management and regulation of its affairs and, subject to agreements with bondholders, for the regulation of the use of its property and the establishment and collection of rates, rentals and charges;

9. To make contracts and execute all instruments necessary or convenient;

10. To borrow money and to issue negotiable bonds and to provide for the rights of the holders thereof;

11. To fix and collect rates, rentals and other charges for goods or services rendered by the authority, subject to and in accordance with such agreements with holders of bonds as may be made as hereinafter provided;

12. To enter on any lands, water and premises as in the judgment of the authority shall be necessary for the purpose of making borings, samples, surveys, soundings and examinations of any effluent source and to accomplish any purpose authorized by this title;

13. To accept, treat and dispose of the sewage and waste of all municipal corporations in the county of Erie and from any other persons from whatever source derived;

14. To do all things necessary or convenient to carry out the powers expressly given by this title;

15. To establish, adopt, amend or cancel and issue such rules, regulations, permits and orders as it deems necessary, desirable or convenient, for the jurisdiction, control, supervision, possession and use of the facilities and for the administration and enforcement of this title and such rules, regulations, permits and orders applicable to all users;

16. To enforce the rules, regulations, orders and permits of the authority for all users and in the event of non-compliance therewith, the authority may take any enforcement action, as may be established in the authority's rules and regulations or otherwise allowed by this title. The rules, regulations, permits and orders of the authority shall be enforced in jurisdictions outside of the city pursuant to agreements with the county of Erie or the respective sewer districts, municipalities or political subdivisions for effluent sources located therein. In the absence of such agreements, the authority is authorized to enforce its rules, regulations, permits and orders in such jurisdictions located outside the city directly upon users who violate the authority's rules, regulations, permits or orders, where such violations are not discontinued and remedied, to the authority's satisfaction, by the county of Erie or the respective sewer district, municipality or political subdivision wherein such effluent source is located.

§ 1178-a. Enforcement and special powers of the authority. 1. Administrative sanctions and civil liability. a. Any user who has been finally determined to violate any rules, regulations, permits or orders of the authority made pursuant to this title, shall be strictly liable, without regard to fault, to a penalty of not to exceed ten thousand dollars per violation per day. Each violation shall be a separate and distinct violation and, in the case of a continuing violation, each day's continuance thereof shall be deemed a separate and distinct violation. The penalties provided for herein shall be imposed by the authority, pursuant to the rules and regulations of the authority.

b. The authority may bring suit for collection or recovery of any such penalty in any court of competent jurisdiction. Any sanction, penalty, action or cause of action for the recovery of a penalty, under this title, may be settled or compromised by the authority, before or after proceedings are brought to recover such penalties and prior to the entry of judgment thereof. All penalties received by the authority shall be deposited with the treasurer and applied by the board to the benefit of the authority's sewer rent payors and bondholders.

c. In addition to the penalties provided herein, in the event of a violation or threatened violation of any of the authority's rules, regulations, permits, or orders, the authority is authorized to:

(i) obtain a warrant upon application to the Erie county court or any other court of competent jurisdiction, based upon reasonable cause and reliable information that such violation is threatened or has occurred, for entry onto a user's premises or effluent source where entry has been denied or obstructed; or

(ii) suspend or revoke any user's discharge permit; or

(iii) discontinue, disconnect or block the user's access to the sewer system; or

(iv) obtain an injunction or other judicial relief upon application to a court of competent jurisdiction, to enjoin any user from continuing such violation or from carrying out the threat of such violation. In any such suit the court shall have jurisdiction to grant the authority, without bond or undertaking, such prohibitory or mandatory injunctions as the facts may warrant, including prevention or abatement of pollutant discharges, temporary restraining orders or preliminary injunctions; and

(v) recover the fee, cost or expense incurred by the authority for any investigation, sampling, monitoring (enhanced or otherwise), removal and remediation costs or other actual expenses, fees or costs, including attorneys fees and costs.

d. Imposition of any sanction or penalty or application for judicial relief, shall not be a bar against, or prerequisite for taking any other action against a user.

e. In determining the amount of an administrative or civil penalty, the authority or the court shall consider the seriousness of the violation or violations, any history of such violations, any good faith efforts to comply with applicable requirements and such other matters as justice may require.

2. Summary abatement. Notwithstanding any inconsistent provisions of law, whenever the general manager finds, after investigation, that any person is discharging any pollutant, sewage, industrial waste or other waste which, in his judgment, presents an imminent danger to the facilities, the environment or the public health, safety or welfare of persons and the general manager determines that it would be harmful to delay action until an opportunity for a hearing can be provided, the general manager may, without prior hearing, order such person by notice, in writing wherever practicable or in such other form as in the general manager's judgment will reasonably notify such person whose practices are intended to be proscribed, to discontinue, abate or alleviate such discharge, and thereupon such person shall immediately discontinue, abate or alleviate such discharge. In the event of non-compliance with such order, the authority is authorized to discontinue, disconnect or block the user's access to the sewer system. Within thirty days after the issuance of such order, the authority shall give written notice to any such person which provides for an opportunity for a hearing.

3. Records, reports, inspections and entry. a. Whenever required to carry out the purposes and objectives of this title, including but not limited to, developing or assisting in the development of any discharge limitation, or other limitation, prohibition or discharge standard, pretreatment standard, or standard of performance; or determining whether any industrial user is in violation of any such discharge limitation, or other limitation, prohibition, discharge standard, pretreatment standard, or standard of performance or the authority's rules, regulations, permits or orders;

(i) the authority may require industrial users to:

(1) establish and maintain such records;

(2) make such reports;

(3) install, use and maintain such monitoring equipment or methods (including where appropriate, biological monitoring equipment or methods);

(4) sample such discharges, in accordance with such methods, at such intervals, and in such manner as the authority shall prescribe in its rules, regulations, permits or orders; and

(5) provide such other information as the authority may reasonably require; and

(ii) except as otherwise provided by a court warrant or order, the authority or its authorized representative, (including an authorized contractor acting as a representative of the authority) upon presentation of his credentials:

(1) shall have a right of entry, at all reasonable times, to, upon, or through any premises in which any effluent source of an industrial user is located or in which any records are required to be maintained pursuant to this title or any rules, regulations, orders or permits of the authority;

(2) may, at reasonable times during regular business hours, have access to and copy any records required to be maintained pursuant to this title or any rules, regulations, orders or permits of the authority;

(3) may, during all times of industrial user discharges, inspect any monitoring equipment or method which is required pursuant to this title or any rules, regulations, orders or permits of the authority; and

(4) may, during all times of industrial user discharges, have access to and sample any discharges or pollutants, resulting directly or indirectly from activities or operations of the industrial user of the premises in which an effluent source is located.

b. Any records, reports or information obtained under this section shall, in the case of discharge data, be related to any applicable limitation, toxic pretreatment, or performance standards, and shall be available to the public, except that upon a showing satisfactory to the authority by any person that records, reports, or information, or particular part thereof (other than discharge data), to which the authority has access under this section, if made public would divulge methods or processes entitled to protection as trade secrets of such person, the authority shall consider such record, report, or information, or particular portion thereof confidential, except that such record, report, or information may be disclosed to officers, employees, or authorized representatives of the United States or New York state concerned with carrying out the Clean Water Act or when relevant to any proceeding under this title or the Clean Water Act.

4. Proceedings before the authority. a. Whenever the authority determines, after investigation, that there has been a violation of any of the provisions of this title or any rules, regulations, orders or permits issued pursuant thereto, the authority shall give notice in writing, in such form as will reasonably notify the alleged violator or violators setting forth any thing or act done or omitted to be done or claimed to be in violation of any such provisions, and requiring that the matters complained of be corrected. Such notice shall inform the violator of an opportunity for a hearing, or that the alleged violator appear in person or by attorney before the authority, at a reasonable time and place in said notice specified, and show cause why enforcement action should not be taken.

b. The authority shall establish in its rules and regulations procedures for the conduct of any hearings.

c. In any hearing, a hearing officer may administer oaths, examine witnesses, and issue, in the name of the authority, notices of hearings and subpoenas requiring the attendance and testimony of witnesses and the production of evidence relevant to any matter involved in any hearing conducted by the authority.

d. In any proceeding before the authority, the burden of proof, with respect to violations of or liability imposed by this title or by rules, regulations, orders or permits issued pursuant thereto shall be upon the user or person cited by notice. In any such proof, the authority or the hearing officer may rely upon the self-monitoring reports submitted by the person being investigated or any other evidence.

e. After due consideration of the written and oral statements, and testimony and arguments, or on default in appearance, the authority may issue and enter such final order or make such final determination as it deems appropriate under the circumstances, and shall notify such person or persons thereof in writing.

f. The general manager may designate an agent of the authority or any other person, independent of the authority, to serve and preside as hearing officer.

g. In case of contumacy or refusal to obey a notice of hearing or subpoena issued by the authority, the supreme court shall have jurisdiction, upon application of the authority, to issue an order requiring such person to appear and testify or produce evidence as the case may require.

§ 1179. Transfer to authority of city sewer system. Upon the filing by the authority with the common council of the city and the secretary of state of the state of New York, of its certificate signed by its chairman or vice-chairman stating that the project has been completed, thereupon, and by virtue of this title, the existing sewer system, together with all contracts, books, maps, plans, papers and records of whatever description pertaining to subjects or matters relating to the design, construction, operation and affairs of the existing sewer system shall be assigned, transferred and dedicated to the use of and be in the possession of and under the jurisdiction, control and supervision of the authority and the authority is empowered to take possession thereof for its uses and purposes. The authority shall thereafter have complete jurisdiction, control, possession and supervision of the existing sewer system and of all the facilities in the city for the disposal of sewage and storm water, and shall continue to exercise such power for a period of five years and so long thereafter as any of the bonds and liabilities of the authority shall remain unpaid or shall not have otherwise been discharged. When all of the bonds and liabilities of the authority shall have been paid in full or shall have otherwise been discharged and the authority shall have ceased to exist, the powers, jurisdiction and duty of the board shall cease and the property and assets acquired or held by it shall thereafter become the property of, and shall be under the jurisdiction, control, possession and supervision of, the city.

§ 1180. Sewer rents. Upon the filing with the common council of the city and the secretary of state of the state of New York of the certificate of completion of the project, as provided in section fourteen hundred four of this chapter, the authority is authorized to establish a schedule of rates, rentals or charges, to be called "sewer rents," to be collected from all real property served by its facilities, except that no ad valorem sewer rent shall be assessed against real property exempt from real property taxes pursuant to subdivision one of section four hundred, sections four hundred four, four hundred six, four hundred twelve, four hundred eighteen, subdivision one of section four hundred twenty, sections four hundred forty-six, four hundred fifty-two, four hundred sixty-two and four hundred seventy-seven of the real property tax law, and to prescribe the manner in which and the time at which such sewer rents are to be paid, and to change such schedule from time to time as may be deemed advisable. Such sewer rents may be based upon either the consumption of water on premises connected with such facilities, making due allowances for commercial use of water, the number and kind of plumbing fixtures connected with such facilities, or the number of persons served by such facilities, or may be determined by the authority on any other equitable basis. Prior to the final adoption or modification of such schedule of sewer rents, the authority shall adopt a proposed schedule of such sewer rents and publish notice thereof once a week for three successive weeks in the official publication of the city. The notice so published shall be dated as of the date of first publication thereof and shall state that the proposed schedule of sewer rents will remain open for inspection in the office of the authority for thirty days from the date of such notice, and that objections thereto may be filed during said period with the authority by any person conceiving himself aggrieved thereby. The authority shall hear and examine any such complaints and may modify the proposed schedule and shall adopt a final schedule of sewer rents within sixty days after the date of said notice. Such schedule shall be uniform for all property falling within the same classification. The schedule of sewer rents so adopted shall thereafter be the sewer rents to be charged all real property served by the facilities of the authority. From and after the due date thereof, such sewer rents shall constitute a lien upon the real property served by the facilities. Such lien shall have the same priority and superiority as the lien of the general tax of the city. In the event that any such sewer rent shall remain unpaid for a period of ninety days, the authority may bring and maintain an action in the supreme court for the foreclosure of such lien, and, except as otherwise provided by this title, such lien shall be foreclosed in the same manner by the authority as the lien of the general tax of the city may be foreclosed by the city.

§ 1180-a. Shutting off water supply for unpaid sewer rents. Upon certification by the authority to the director of water of the city of Buffalo that sewer rents, based upon the consumption of water charged against real property which is connected with the facilities of the authority, remain unpaid for a period of more than one year from the due date thereof and that notice and demand has been given by the authority to the owner or occupant of said premises, by registered or certified mail, addressed to said premises and to the address of the owner as shown on the records of the board of assessors of the city of Buffalo, to pay the same within ten days from the date of the mailing of said notice and that such rents still remain unpaid, the director of water shall shut off the supply of water to said premises until the sewer rents are paid, together with a charge of five dollars for restoring water service to said premises.

§ 1181. Construction contracts. If the project, or any portion thereof, or any addition, betterment or extension to the facilities, shall be constructed pursuant to a contract for which the estimated cost exceeds seven thousand dollars, such contract shall be awarded to the lowest responsible bidder after advertisement for bids. The board may make rules and regulations for the submission of bids and the construction of the project or such portion thereof or such addition, betterment, or extension. No contract shall be entered into for construction of the project or any portion thereof or any addition, betterment or extension to the facilities, or for the purchase of materials, unless the contractor shall give an undertaking with a sufficient surety or sureties approved by the authority and in an amount fixed by the authority, for the faithful performance of the contract. As to contracts entered into for construction, such undertaking shall provide, among other things, that the person or corporation entering into such contract with the authority, will pay for all materials furnished and services rendered for the performance of the contract and that any person or corporation furnishing such materials or rendering such services may maintain an action to recover for the same against the obligor in the undertaking as though such person or corporation was named therein, provided the action is brought within one year after the time the cause of action accrued. Nothing in this section shall be construed to limit the power of the authority to construct the project or any portion thereof or any addition, betterment or extension to the facilities directly by the officers, agents, and employees of the authority or otherwise than by contract. The authority may proceed jointly with the state of New York in the construction of any highway which also includes sewage and storm water facilities and by agreement with the state of New York fix and determine the amount which shall constitute the contribution by the authority toward the cost of the construction by the state of New York of such facilities in connection with the construction or improvement of any highway. The portion of the cost to be paid by the authority shall be deposited with the state comptroller, who is authorized to receive and accept the same. Upon completion of any project authorized by this section the commissioner of transportation shall render to the authority an itemized statement showing in full (a) the amount of money deposited as hereinbefore provided, and (b) all disbursements made pursuant to this section. Any surplus money shall be paid to such authority on the warrant of the comptroller on vouchers therefore approved by the commissioner of transportation.

§ 1182. Acquisition of lands. The city shall have the power to acquire by purchase or eminent domain proceedings either the fee or such right, title, interest or easement in such lands as the authority may deem necessary for any of the purposes mentioned in this title, whether within or without the city, and such lands or interest in such lands may be so acquired whether or not the same are owned or held for public use by corporations, associations or persons having the power of eminent domain or otherwise held or used for public purposes, including lands held or used for cemetery purposes. Whenever the authority shall determine by resolution and certify to the common council of the city that it is necessary to acquire the fee of or such right, title, interest or easement as shall be specified in such resolution, in any lands for any of the purposes mentioned in this title, the city may purchase such lands or the common council may pass a resolution that it has so determined to take such lands describing them and the estate to be taken therein. Upon such resolution becoming of force, the corporation counsel of the city shall proceed as directed by section three hundred and seventy-four of the charter and all of the proceedings had subsequent to the adoption of such resolution of determination for the acquisition of such lands shall be in the manner prescribed by such section three hundred and seventy-four and subsequent sections of article twenty-one of the charter, provided that it shall be unnecessary for the board of assessors of the city to certify and report to the common council the district benefited and assessed therefor, nor to adopt a resolution of intention or publish the same, and provided that a resolution as provided for by section three hundred and eighty-one of the charter, directing the corporation counsel to apply for the confirmation of the whole or any part of the decision in such proceedings, may be adopted without the certificate mentioned in such section, that funds have been appropriated or are available; and further provided that the provision of such section relative to the providing of funds shall not apply to the proceeding or proceedings authorized by this title. Such fee, right, title, interest or easement in or to said lands shall be taken in the name of the city and payment therefor shall be made by the authority. The power hereby conferred upon the city shall not limit or restrict the power of the authority itself to acquire lands, or any right, title, interest or easement therein in the name of the city. Forthwith upon the acquisition by the city, or by the authority in the name of the city, of any such fee, right, title, interest or easement, the same shall, without further act, but by virtue of this title, be and become dedicated to the uses and purposes of the authority.

§ 1183. Obligations of public utilities. Wherever railroad tracks, street railroad tracks, gas pipes, telephone wires, telegraph wires, electric light or power wires, or conduits for carrying telephone, telegraph or electric wires, or other structures of any public service corporation, extend in, along or across any part of the work authorized by this title, it shall be and become the duty of the corporation owning or using such tracks, pipes, wires or conduits, or other structures, to make such changes in the same, at its own expense, as may be required during the construction of the improvement provided for in this title, and to construct or rebuild and maintain at its own expense its tracks, pipes, wires or conduits and structures over or along the work by this title authorized and constructed or in the process of construction in pursuance thereof.

§ 1184. Property to be restored. The authority may enter upon streets, highways, bridges or public places for the purpose of constructing the project or any part thereof, or any addition, betterment or extension to the facilities of the authority. Whenever the authority has entered upon and damaged any street, highway, bridge or other public place the authority shall restore the same to its former condition.

§ 1185. Fiscal year. The fiscal year of the authority shall begin on the first day of July.

§ 1186. Moneys of the authority. All moneys of the authority, from whatever source derived, shall be paid to the treasurer as agent of the authority, who shall not commingle such moneys with any other moneys. Such moneys shall be deposited by the treasurer in one or more banks or trust companies in a special account or accounts, and if the treasurer or the authority shall so require, each of such special accounts shall be continuously secured by a pledge of direct obligations of the United States of America or of the state of New York having an aggregate market value, exclusive of accrued interest, at all times at least equal to the balance on deposit in such account. Such securities shall either be deposited with the treasurer or be held by a trustee or agent satisfactory to the authority. In lieu of any such pledge of such securities, such funds may be secured by a surety bond or bonds which shall be in form, sufficiency and substance satisfactory to the authority. All banks and trust companies are authorized to give such security for such deposits. The moneys in such accounts shall be paid out on the warrant or check of the comptroller as agent of the authority on requisition of the chairman of the authority, or of such other person or persons as the authority may authorize to make such requisitions, after audit by the comptroller. The comptroller and his legally authorized representatives are hereby authorized and empowered from time to time to examine the accounts and books of the authority, including its receipts, disbursements, contracts, leases, sinking funds, investments and any other matters relating to its finances, operation and affairs.

The authority shall have power, notwithstanding the provisions of this section, to contract with the holders of any of its bonds as to the custody, collection, security, investment and payment of any moneys of the authority, or any moneys held in trust or otherwise for the payment of bonds or in any way to secure bonds, and to carry out any such contract notwithstanding that such contract may be inconsistent with the provisions of this section. Moneys held in trust or otherwise for the payment of bonds or in any way to secure bonds and deposits of such moneys may be secured in the same manner as moneys of the authority, and all banks and trust companies are authorized to give such security for such deposits.

§ 1187. Bonds of the authority. 1. The authority shall have power and is hereby authorized from time to time to issue its negotiable bonds in conformity with applicable provisions of the uniform commercial code for any of its corporate purposes. The total amount of bonds issued and outstanding at any one time shall not exceed in the aggregate the sum of five hundred million dollars, excluding bonds or notes for the payment or redemption of which there has been set aside and held in trust either moneys, or direct and general obligations of, or obligations guaranteed by, the United States of America, or obligations secured by such obligations, or any combination thereof, which are or will be sufficient to pay when due the principal or applicable redemption price and all accrued interest thereon and, if such bonds or notes are to be redeemed, for which notice of redemption has been given or satisfactory provision has been made for the giving of such notice. The authority shall have power from time to time, whenever it deems refunding expedient, to refund any bonds by the issuance of new bonds, whether the bonds to be refunded have or have not matured or are then subject to redemption, and may issue bonds partly to refund bonds then outstanding and partly for any of its corporate purposes.

2. The bonds shall be authorized by resolution of the board and shall bear such date or dates, mature at such time or times not exceeding forty years from their respective dates, bear interest at such rate or rates per annum payable at such time or times, be in such denominations, be in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, and be subject to such terms of redemption, with or without premium, as such resolution or resolutions may provide. The bonds may be sold at public or private sale for such price or prices as the authority shall determine, provided that bonds, exclusive of notes, shall not be sold at private sale unless the board of the authority makes a written determination, setting forth the reason therefore, that a private sale is in the best interest of the authority and such determination, private sale and the terms thereof have been approved in writing by (a) the state comptroller, where such sale is not to the state comptroller, or (b) the state director of the budget, where such sale is to the state comptroller. The foregoing provisions shall be applicable to bonds issued by the authority notwithstanding the provisions of any other general, special or local law to the contrary.

3. Any resolution or resolutions authorizing any bonds may contain provisions, which shall be a part of the contract with the holders of the bonds, as to

(a) pledging all or any part of the gross or net revenues of the authority to secure the payment of the bonds;

(b) the rates, rentals and other charges to be imposed and the amounts to be raised in each year by such rates, rentals and charges and the use and disposition thereof and of any other revenues;

(c) the setting aside of reserves or sinking funds, and the regulation and disposition thereof;

(d) limitations on the right of the authority to restrict and regulate the use of its facilities;

(e) limitations on the purpose to which the proceeds of sale of any issue of bonds then or thereafter to be issued may be applied;

(f) limitations on the issuance of additional bonds;

(g) the time when the project shall be deemed to be completed, or the method of determining such time, and the time when the certificate provided for in section fourteen hundred four of this chapter shall be filed;

(h) the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, the amount of bonds the holders of which must consent thereto and the manner in which such consent may be given.

(i) the refunding of outstanding or other bonds;

(j) the creation of special funds into which any earnings or revenues of the authority may be deposited;

(k) vesting in a trustee or trustees such properties, rights, powers and duties in trust as the authority may determine which may include any or all of the rights, powers and duties of the trustee appointed by the bondholders pursuant to section eleven hundred ninety-two hereof, and limiting or abrogating the right of the bondholders to appoint a trustee under such section or limiting the rights, duties and powers of such trustee;

(l) the payment of the proceeds of bonds and revenues of the properties to a trustee or other depositary, and for the method of disbursement thereof with such safeguards and restrictions as the authority may determine;

4. Neither the members of the board nor any person executing the bonds shall be liable personally on the bonds by reason of the issuance thereof.

5. The authority shall have power out of any funds available therefor to purchase any bonds issued by it at a price not more than the principal amount thereof and the accrued interest. All bonds so purchased shall be cancelled.

6. It is the intention of the legislature that any pledge of earnings, revenues or other moneys made by the authority shall be valid and binding from the time when the pledge is made; that the earnings, revenues or other moneys so pledged and thereafter received by the authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and that the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the authority irrespective of whether such parties have notice thereof. Neither the resolution nor any other instrument by which a pledge is created need be recorded.

§ 1188. Agreement of the state. The state of New York does pledge to and agree with the holders of the bonds that the state will not limit or alter the rights hereby vested in the authority to establish and collect such rates, rentals and other charges as may be convenient or necessary to produce sufficient revenue to meet the expense of maintenance and operation and to fulfill the terms of any agreements made with the holders of the bonds, or in any way impair the rights and remedies of bondholders until the bonds, together with the interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceedings by or on behalf of the bondholders, are fully met and discharged. From and after the filing with the common council of the city and with the secretary of state of the state of New York of a certificate of completion of the project, as provided in section fourteen hundred four of this chapter, and so long as the authority exists, the city shall not be authorized to construct, operate or maintain any sewerage system within or without the territorial limits of the city, and no other corporation or agency shall be authorized to construct, operate or maintain any sewerage system within the city, but all such power shall be vested in the authority.

§ 1189. State and city not liable on bonds. The bonds and other obligations of the authority shall not be a debt of the state of New York or the city, and neither the state nor the city shall be liable thereon, nor shall they be payable out of any funds other than those of the authority.

§ 1190. Bonds legal investments for fiduciaries. The bonds are hereby made securities in which all public officers and bodies of this state and all municipalities and municipal subdivisions, all insurance companies and associations, all savings banks and savings institutions, including savings and loan associations, administrators, guardians, executors, trustees and other fiduciaries in the state may properly and legally invest funds in their control.

§ 1191. Exemptions from taxation. 1. It is hereby found and declared that the creation of the authority and the carrying out of its corporate purposes is in all respects for the benefit of the people of the state of New York, for the improvement of their health and welfare, and is a public purpose, and the authority shall be regarded as performing a governmental function in the exercise of the powers conferred upon it by this title, and shall be required to pay no taxes or assessments upon any of the property acquired by it or under its jurisdiction, control, possession or supervision or upon its activities in the operation and maintenance of its facilities.

2. The bonds together with the income therefrom shall, at all times, be exempt from taxation, except for transfer and estate taxes.

§ 1192. Remedies of bondholders. 1. In the event that the authority shall default in the payment of principal of, or interest on, any of the bonds after the said principal or interest shall become due, whether at maturity or upon call for redemption, and such default shall continue for a period of thirty days, or in the event that the authority shall fail or refuse to comply with the provisions of this title, or shall default in any agreement made with the holders of the bonds, the holders of twenty-five per centum in aggregate principal amount of the bonds then outstanding, by instrument or instruments filed in the office of the clerk of the county of Erie and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the bondholders for the purposes herein provided.

2. Such trustee may, and upon written request of the holders of twenty-five per centum in principal amount of the bonds then outstanding shall, in his or its own name:

(a) by suit, action or special proceeding enforce all rights of the bondholders, including the rights to require the authority and the board to collect rates, rentals and other charges adequate to carry out any agreement as to, or pledge of, the revenues of the authority, and to require the authority and the board to carry out any other agreements with the bondholders and to perform its and their duties under this title;

(b) bring suit upon the bonds;

(c) by action or suit in equity, require the authority to account as if it were the trustee of an express trust for the bondholders;

(d) by action or suit in equity, enjoin any acts or things which may be unlawful or in violation of the rights of the bondholders;

(e) declare all bonds due and payable, and if all defaults shall be made good, then with the consent of the holders of twenty-five per centum of the principal amount of the bonds then outstanding, to annul such declaration and its consequences.

3. The supreme court shall have jurisdiction of any suit, action or proceeding by the trustee on behalf of the bondholders. The venue of any such suit, action or proceeding shall be laid in the county of Erie.

4. Before declaring the principal of all bonds due and payable, the trustee shall first give thirty days' notice in writing to the authority.

5. Any such trustee, whether or not all bonds have been declared due and payable, shall be entitled as of right to the appointment of a receiver who may enter and take possession of the facilities of the authority or any part or parts thereof and operate and maintain the same, and collect and receive all rentals and other revenues thereafter arising therefrom in the same manner as the authority and the board might do and shall deposit all such moneys in a separate account and apply the same in such manner as the court shall direct. In any suit, action or proceeding by the trustee, the fees, counsel fees and expenses of the trustee and of the receiver, if any, shall constitute taxable disbursements and all costs and disbursements allowed by the court shall be a first charge on any rentals and other revenues derived from the facilities of the authority.

6. Such trustee shall, in addition to the foregoing, have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth herein or incident to the general representation of the bondholders in the enforcement and protection of their rights.

§ 1193. Obligations of contracts not impaired. From and after the filing with the common council of the city and the secretary of state of the state of New York of the certificate of completion of the project, as provided in section fourteen hundred four of this chapter, all contracts of the city in respect of the existing sewer system or any part thereof shall be binding upon the authority with the same force and effect as though such contracts had been expressly assumed by the authority and such contracts shall inure to the benefit of the authority with the same force and effect as though such contracts had been expressly assigned to the authority. Moneys to provide for the payment of notes, bonds or other obligations issued by the city in relation to the existing sewer system or any part thereof, shall be raised, collected and paid by the city as though this law had not been enacted, and the authority shall not be liable thereon.

§ 1193-a. Actions against the authority. 1. In every action or special proceeding against the authority founded upon tort for damages to real or personal property, or for the destruction thereof, or for personal injuries or death, a notice of claim shall be required to be served upon a member of the authority, its general manager or secretary as a condition precedent to the commencement of an action or special proceeding against the authority or any officer, appointee or employee thereof, and the provisions of section fifty-e of the general municipal law shall govern the giving of such notice.

2. Wherever a notice of claim is filed against the authority examination of said claimant may be had by the authority in accordance with the provisions of section fifty-h of the general municipal law.

3. The authority shall be liable for, and shall assume the liability to the extent that it shall save harmless any duly appointed officer or employee of the authority for the negligence of such officer or employee, in the operation of a vehicle or other facility of transportation under the jurisdiction and control of the authority, upon the public streets, highways or railroads within the city, in the discharge of a duty imposed upon such officer or employee at the time of the accident, injury or damages complained of, while acting in the performance of his duties and within the scope of his employment.

4. Except in an action for wrongful death, no action or special proceeding against the authority founded on tort shall be commenced later than one year and ninety days after the happening of the event or events upon which the claim is based; nor unless it shall appear by and as an allegation in the complaint that at least thirty days have elapsed since the service of such notice of claim as required by subdivision one of this section and that the authority has neglected or refused to make an adjustment or payment of the claim for thirty days after the service

of such notice. An action against the authority for wrongful death shall be commenced in accordance with the notice of claim and time limitation provisions of title eleven of article nine of this chapter.

5. The rate of interest to be paid by the authority, or by its officers or employees whose liability has been assumed by the authority pursuant to subdivision three of this section, upon any judgment or accrued claim against the authority or such officer or employee, shall be the rate of interest provided for in section three-a of the general municipal law.

6. The venue of any action or proceeding against the authority of whatever nature shall be laid in the county of Erie.

§ 1194. Title not affected if in part unconstitutional. If any clause, sentence, paragraph, or part of this title shall for any reason be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair, or invalidate the remainder of this title, but shall be confined in its operation to the clause, sentence, paragraph, or part thereof directly involved in the controversy in which such judgment shall have been rendered.

§ 1195. Inconsistent provisions in other acts superseded. Insofar as the provisions of this title are inconsistent with the provisions of any other act, general or special, or any local law, the provisions of this title shall be controlling.

TITLE 8-A

NEW YORK STATE LOCAL WATER AND SEWER AUTHORITY ACT

§ 1196-a. Policy and purposes. It is hereby declared to be the policy of this state to enable local governments to provide expeditiously, efficiently and effectively, safe and adequate supplies of water and sewerage service for domestic and industrial use, both of which are essential to the public health and to the social and economic well-being of the people and communities of this state.

It is further declared that cooperation among local governments in the provision of both water supplies and sewerage service may result in economic and service benefits and should therefore be facilitated. It is further declared that the provision of water supplies and sewerage service may be independently supported by charges therefor, and that revenue financing of the capital costs of improvements to systems therefor should also be facilitated.

It is further declared that the availability to local governments of locally organized public benefit corporations for the provision and improvement of water supply and sewerage systems would facilitate inter-local cooperation and revenue financing while maintaining local responsibility and control and thereby promote the public health and welfare.

§ 1196-b. Definitions. As used or referred to in this title, unless a different meaning clearly appears from the context:

1. "Authority" shall mean a water authority or sewerage authority or water and sewerage authority organized pursuant to the provisions of this title.

2. "Bonds" shall mean bonds, notes or other evidences of indebtedness issued by an authority pursuant to this title.

3. "Chief executive officer" shall mean the chief elected official of a municipality.

4. "Comptroller" shall mean the comptroller of the state.

5. "Construction" shall mean the acquisition, erection, building, alteration, improvement, increase, enlargement, extension, reconstruction, renovation or rehabilitation of a water, sewerage or water and sewerage system, as the case may be, as defined herein; the inspection and supervision thereof; and the engineering, architectural, legal, fiscal and economic and environmental investigations and studies, surveys, designs, plans, working drawings, specifications, procedures and other actions incidental thereto.

6. "Cost", as applied to any project, shall include the cost of construction, the cost of the acquisition of all property, including both real, personal and mixed, the cost of demolishing, removing or relocating any buildings or structures on lands so acquired including the cost of acquiring any lands to which such buildings or structures may be moved or relocated, the cost of all systems, facilities, machinery, apparatus and equipment, financing charges and bond discount, interest to the extent not paid or provided for from revenues or other sources, the cost of engineering and architectural surveys, plans and specifications, the cost of consultants' and legal services, the cost of lease guarantee or bond insurance, other expenses necessary or

incidental to the construction of such project and the financing of the construction thereof, including the amount authorized in the resolution of an authority providing for the issuance of bonds to be paid into any reserve or special fund from the proceeds of such bonds and the financing of the placing of any project in operation, including the reimbursement to any municipality, state agency, the state, the United States government, or any other person for expenditures that would be costs of the project hereunder.

7. "Distribution system" shall mean the water facility or facilities employed to deliver water from a transmission facility, or where there is no transmission facility, from a supply facility, to the ultimate consumers of water.

8. "District" shall mean the authority district established at the time of organization of an authority by the governing body or bodies of the municipality or municipalities for whose benefit the authority is established by special act of the legislature, or as it may be amended by such governing body or bodies, all in accordance with the provisions of section eleven hundred ninety-six-c of this title.

9. "Governing body" shall mean:

(a) In the case of a city, county, town, or village or district corporation, the finance board as such term is defined in the local finance law.

(b) In the case of a public benefit corporation, the members thereof.

10. "Municipality" shall mean any city, county, town, village, or county or town acting on behalf of an improvement district.

11. "Real property" shall mean lands, structures, franchises and interests in land, waters, lands under water, groundwater riparian rights and air rights and any and all things and rights included within said term and includes not only fee simple absolute, but also any and all lesser interests including, but not limited to, easements, rights of way, uses, leases, licenses and all other incorporeal hereditaments and every estate, interest or right, legal or equitable, including terms for

years and liens thereon by way of judgments, mortgages or otherwise.

12. "Sewage" shall mean the water-carried human or animal wastes from residences, buildings, industrial establishments or other places, together with such groundwater infiltration and surface water as may be present. The admixture with sewage of industrial or other waste also shall be considered "sewage" within the meaning of this title.

13. "Sewerage facility" or "sewerage facilities" shall mean any plants, structures and other real and personal property acquired, rehabilitated or constructed or planned for the purpose of collecting, treating and disposing of sewage, including main, trunk, intercepting, connecting, lateral, outlet or other sewers, outfall, pumping stations, treatment and disposal plants, groundwater recharge basins, back-flow prevention devices, sludge dewatering or disposal equipment and facilities, clarifiers, filters, phosphorus removal equipment, and other plants, structures, equipment, vehicles, conveyances, real or personal property or rights therein and appurtenances thereto necessary or useful and convenient for the collection, conveyance, pumping, treatment, neutralizing, storing and disposing of sewage.

14. "Sewerage system" shall mean the sewage collection, pumping, treatment neutralizing, storage and disposal system or systems in the possession of, or under the jurisdiction and control of, a municipality, including all additions, increases, enlargements, extensions or improvements thereto.

15. "State" shall mean the state of New York.

16. "State agency" shall mean any state office, public benefit corporation, department, board, commission, bureau or division, or other agency or instrumentality of the state.

17. "Supply facility" shall mean a water facility employed to make groundwater or surface water available for delivery into a transmission facility or distribution system.

18. "System revenues" shall mean rates, rents, fees, charges, payments and other income and receipts derived from users of a water system or sewerage system of a municipality including, without limiting the generality of the foregoing, investment proceeds and proceeds of insurance, condemnation, sales or other dispositions of assets, together with all federal, state or municipal aid.

19. "Transmission facility" shall mean a water facility used to carry water from a supply facility to a distribution system.

20. "Water facility" or "water facilities" shall mean any plants, structures and other real and personal property acquired, rehabilitated, or constructed for the purpose of supplying, transmitting, distributing or treating water, including but not limited to surface or groundwater reservoirs, basins, dams, canals, aqueducts, standpipes, conduits, pipelines, mains, pumping stations, water distribution systems, compensating reservoirs, intake stations, waterworks or sources of water supply, wells, purification or filtration plants or other treatment plants and works, connections, water meters, rights of flowage or diversion and other plants, structures, equipment, conveyances, real or personal property or rights therein and appurtenances thereto necessary or useful and convenient for the accumulation, supply, transmission, treatment or distribution of water.

21. "Water project" shall mean any sewerage facility, water facility or water and sewerage facility, as the case may be, including the planning, development, financing or construction thereof.

§ 1196-c. Organization of authorities. 1. When an authority has been established by special act of the legislature for the benefit of a single sponsoring municipality, upon such establishment the governing body of such municipality shall file within one year after the effective date of such special act, in the office of the secretary of state, a certificate setting forth (a) the date of passage of such special act; (b) the name of the authority; (c) the names of the members and their terms of office, specifying which member is the chairman; and (d) the bounds of the district established by local law in which the authority will deliver water to or transport sewage from the ultimate consumers or dischargers thereof, provided, however, that unless otherwise provided in such special act no such district may encompass any area contained within another district established under this title or within any other water authority district created by this chapter. Should such district include all or any portion of a municipality or municipalities other than the sponsoring municipality, such certificate shall be accompanied by a copy of the intermunicipal contract or contracts under which the authority will provide services within such other municipality or municipalities, together with copies of the local law approving same. Any changes in the bounds of such districts or to such contracts shall be similarly filed within thirty days thereof.

2. Where an authority has been established by special act of the legislature for the benefit of more than one sponsoring municipality, upon such establishment the governing body of each such municipality shall file within one year after the effective date of such special act, in the office of the secretary of state, a certificate setting forth (a) the date of passage of such special act; (b) the name of the authority; (c) the name or names of the member or members appointed by such governing body and their terms of office; and (d) the bounds of that portion of the district established by local law within the applicable municipality in which the authority will deliver water to or transport sewage from the ultimate consumers or dischargers thereof, provided, however, that unless otherwise provided by such special act no such portion may encompass any area contained within another district established under this title or within any other water district created by this chapter. Each such certificate shall be accompanied by a copy of the local law establishing such portion of the district and by a copy of the intermunicipal agreement under which membership on the authority is apportioned among the sponsoring municipalities and a copy of the local law approving same.

3. An authority shall be deemed to be and shall be in existence upon the satisfactory filing and receipt of the certificate or certificates required by subdivision one or two hereof. An authority and its

corporate existence shall continue until terminated by law; provided, however, that no such law shall take effect so long as the agency shall have bonds or other obligations outstanding unless adequate provision has been made for the payment or satisfaction thereof. Upon termination of the existence of the authority, all of the rights and properties of the authority then remaining shall pass to and vest in the sponsoring municipality or municipalities, as the case may be.

4. An authority shall be a corporate governmental agency constituting a public benefit corporation. Except as otherwise provided by special act of the legislature where there is more than one sponsoring municipality, an authority shall consist of not less than three nor more than five members. Such members shall be appointed and the chairman designated by the governing body of the sponsoring municipality, provided that where there is more than one sponsoring municipality, the apportionment of members between or among the sponsoring municipalities and the manner of selection of a chairman shall be determined by intermunicipal agreement. Members shall serve at the pleasure of the appointing municipality, and each member shall continue to hold office until his successor is appointed and has qualified. The governing body shall file with the secretary of state a certificate of appointment or reappointment of any member appointed or reappointed by it. Members shall receive no compensation for their services but shall be entitled to reimbursement of the necessary expenses, including traveling expenses, incurred in the discharge of their duties.

5. No action shall be taken by an authority except pursuant to the favorable vote of a majority of the members then in office.

6. Any one or more of the members of an authority may be an official or an employee of a sponsoring municipality. In the event that an official or an employee of such municipality shall be appointed as a member of the agency, acceptance or retention of such appointment shall not be deemed a forfeiture of his municipal office or employment, or incompatible therewith or affect his tenure or compensation in any way. The term of office of a member of an authority who is an official or an employee of such municipality when appointed as a member thereof by

special act of the legislature creating the authority shall terminate at the expiration of the term of his municipal office.

7. In addition to any powers granted to it by law, the governing body of the sponsoring municipality or municipalities, from time to time, may appropriate by resolution sums of money to defray project costs or any other costs and expenses of the authority. Subject to the rights of bondholders, the governing body may determine if the moneys so appropriated shall be subject to repayment by the authority to the municipality or municipalities, and in such event, the manner and time or times for such repayment.

8. It is hereby determined and declared that an authority and the carrying out of its powers, purposes and duties are in all respects for the benefit of the people of the sponsoring municipality or municipalities and the state, for the improvement of their health, welfare and prosperity and that the said purposes are public purposes and that an authority is and will be performing an essential governmental function in the exercise of the powers conferred upon it by this title.

§ 1196-d. General powers of an authority. Except as otherwise limited by this title, an authority shall have power:

1. To sue and be sued;

2. To have a seal and alter the same at pleasure;

3. To borrow money and issue negotiable or non-negotiable notes, bonds, or other obligations and to provide for the rights of the holders thereof;

4. To enter into contracts and to execute all instruments necessary or convenient or desirable for the purposes of the authority to carry out any powers expressly given it in this title.

5. To acquire, by purchase, gift, grant, transfer, contract or lease or by condemnation pursuant to the eminent domain procedure law, lease as lessee, hold, and use any real or personal property or any interest therein, as the authority may deem necessary, convenient or desirable to carry out the purpose of this title; provided, however, that an authority may not acquire, condemn or otherwise receive real property of a municipality without the consent of the governing body of such municipality;

6. To construct, improve or rehabilitate water supply or sewerage facilities required for the maintenance, development or expansion of water supply sources or sewerage facilities;

7. To construct, improve or rehabilitate distribution, transmission, and sewerage facilities;

8. To operate and manage and to contract for the operation and management of facilities constructed by the authority;

9. To enter into contracts, and carry out the terms thereof, for the wholesale provision of water produced by supply facilities constructed and operated by the authority, to municipalities and private water companies and to carry out the terms thereof, for the transmission of water from new or existing supply facilities;

10. To enter into contracts, with municipalities for the collection, treatment and disposal of sewage;

11. To apply to the appropriate agencies and officials of the federal, state and local governments for such licenses, permits or approvals of its plans or projects as it may deem necessary or advisable, and upon such terms and conditions as it may deem appropriate, to accept, in its discretion, such licenses, permits or approvals as may be tendered to it by such agencies and officials;

12. To appoint such officers and employees as are required for the performance of its duties, and to fix and determine their

qualifications, duties and compensation, and to retain or employ counsel, auditors, engineers and private consultants on a contract basis or otherwise for rendering professional or technical services and advice;

13. To make plans and studies necessary, convenient or desirable for the effectuation of the purposes and powers of the authority and to prepare recommendations in regard thereto;

14. To enter upon such lands, waters, or premises as in the judgment of the authority shall be necessary for the purpose of making surveys, soundings, borings and examinations to accomplish any purpose authorized by this title, the authority being liable only for actual damage done;

15. To apply for and to accept any gifts or grants or loans of funds or property or financial or other aid in any form from the federal government or any agency or instrumentality thereof, or from the state or any agency or instrumentality thereof or from any other source, for any or all of the purposes specified in this title, and to comply, subject to the provisions of this title, with the terms and conditions thereof;

16. To supply and sell water for domestic, commercial and public purposes at retail to individual consumers within the district and to collect, treat and discharge sewage produced for such purposes by such generators;

17. To purchase water in bulk from any person, private corporation or municipality when necessary or convenient for the operation of such water system;

18. To produce, develop, distribute and sell water or water services within or without the territorial limits of the district; and to purchase water from any municipal corporation, town water district, person, association or corporation; provided, however, that water may be sold at retail to individual consumers only within the district and further provided that in exercising the powers granted by this title,

the authority shall not sell water in any area which is served by a water system owned or operated by a municipality or special improvement district unless the governing body of such municipality or district shall adopt a resolution requesting the authority to sell water in such served areas;

19. To make bylaws for the management and regulation of its affairs and subject to agreements with bondholders, rules for the sale of water or collection of sewage and the collection of rents and charges therefor. A copy of such rules and bylaws, and all amendments thereto, duly certified by the secretary of the authority shall be filed in the office of the sponsoring municipality or municipalities and thereafter published once in two newspapers having a general circulation in the sponsoring municipality or municipalities. Violation of such rules shall be punishable by fine, not exceeding fifty dollars, or by imprisonment for not longer than thirty days, or both;

20. To fix rates and collect charges for the use of the facilities of, or services rendered by, or any commodities furnished by the authority such as to provide revenues sufficient at all times to pay, as the same shall become due, the principal and interest on the bonds, notes or other obligations of the authority together with the maintenance of proper reserves therefor, in addition to paying as the same shall become due, the expense of operating and maintaining the properties of the authority together with proper reserves for maintenance, contingencies and all other obligations and indebtedness of the authority;

21. To enter into cooperative agreements with other authorities, municipalities, counties, towns, villages, water districts, utility companies, individuals, firms or corporations, within or without the territorial limits of the district for the interconnection of facilities, the exchange or interchange of services and commodities, and within the territorial limits of the district to enter into a contract for the construction and operation and maintenance of a water supply and distribution or sewerage system by the authority for any municipality having power to construct and develop a water supply and distribution or sewerage system, upon such terms and conditions as shall be determined

to be reasonable including, but not limited to the reimbursement of all costs of such construction, or for any other lawful purposes necessary or desirable to effect the purposes of this title;

22. To provide for the discontinuance or disconnection of the supply of water or the provision of sewerage service, or both, as the case may be, for non-payment of fees, rates, rents or other charges therefor imposed by the authority, provided such discontinuance or disconnection of any supply of water or the provision of sewerage service, or both, as the case may be, shall not be carried out except in the manner and upon the notice as is required of a waterworks corporation pursuant to subdivisions three-a, three-b and three-c of section eighty-nine-b and section one hundred sixteen of the public service law; and

23. To do all things necessary, convenient or desirable to carry out its purposes and for the exercise of the powers granted in this title.

§ 1196-e. Transfer of officers and employees. Any public officer or employee under civil service, selected by an authority may, with the consent of the commission, board or department by which he or she has been employed, be transferred to the authority and shall be eligible for such transfer and appointment without examination to comparable offices, positions and employment under the authority. The salary or compensation of any such officer or employee shall after such transfer be paid by the authority. But notwithstanding the provisions of this title, any such officers or employees so transferred to the authority, pursuant to the provisions of this section, who are members of or beneficiaries under any existing pension or retirement system, shall continue to have all rights, privileges, obligations and status with respect to such fund system or systems as are now prescribed by law, but during the period of their employment by the authority, all contributions to any pension or retirement fund or system to be paid by the employer on account of such officers or employees, shall be paid by the authority; and all such officers and employees who have been appointed to positions under the rules and classifications of the applicable civil service commission shall have the same status with respect thereto after transfer to the authority as they had under their original appointments. The appointment and promotion of all employees of an authority shall be made in accordance with the provisions of the civil service law and such rules as the applicable civil service commission may adopt and make applicable to such authority.

§ 1196-f. Bonds and notes of an authority. 1. An authority shall have the power and is hereby authorized from time to time to issue bonds, in conformity with applicable provisions of the uniform commercial code, in such principal amounts as it may determine to be necessary to pay the cost of any water project or projects or for any other corporate purposes, including incidental expenses in connection therewith. An authority shall have power from time to time to refund any bonds by the issuance of new bonds whether the bonds to be refunded have or have not matured, and may issue bonds partly to refund bonds then outstanding and partly for any other corporate purpose. Bonds issued by an authority may be general obligations secured by the faith and credit of the authority or may be special obligations payable solely out of particular revenues or other moneys of the authority as may be designated in the proceedings of the authority under which the bonds shall be authorized to be issued, subject to any agreements with the holders of outstanding bonds pledging particular revenues or moneys.

2. An authority is authorized to obtain from any department or agency of the United States of America or nongovernmental insurer any insurance or guaranty, to the extent now or hereafter available, as to, or for the payment or repayment of interest or principal, or both, or any part thereof, on any bonds or notes issued by the authority and to enter into any agreement or contract with respect to any such insurance or guaranty, except to the extent that the same would in any way impair or interfere with the ability of the authority to perform and fulfill the terms of any agreement made with the holders of the bonds or notes of an authority.

3. Bonds shall be authorized by resolution of an authority, be in such denominations and bear such date or dates, mature at such time or times,

except that bonds and any renewal thereof shall mature within forty years of the date of their original issuance and notes and any renewal thereof shall mature within five years of the date of their original issuance. Such bonds shall be subject to such terms of redemption, bear interest at such rate or rates payable at such times, be in such form, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, and be subject to such terms and conditions as such resolution may provide. Bonds may be sold at public sale or, upon the approval of the state comptroller, at private sale for such price or prices as an authority shall determine, provided that no issue of bonds may be sold at private sale unless the terms of such sale shall have been approved by writing by (a) the comptroller, where such sale is not to the comptroller, or (b) the director of the division of the budget, where such sale is to the comptroller.

4. Any resolution or resolutions authorizing bonds or any issue of bonds by an authority may contain provisions which may be part of the contract with the holders of the bonds thereby authorized as to:

(a) pledging all or part of its revenues, together with any other moneys, securities, contracts or property, to secure the payment of the bonds, subject to such agreements with bondholders as may then exist;

(b) the setting aside of reserves and the creation of sinking funds and the regulation and disposition thereof;

(c) limitations on the purpose to which the proceeds from the sale of bonds may be applied;

(d) limitations on the right of the authority to restrict and regulate the use of any project or part thereof in connection with which bonds are issued;

(e) limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and the refunding of outstanding or other bonds;

(f) the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, including the proportion of bondholders which must consent thereto and the manner in which such consent may be given;

(g) the creation of special funds into which any revenues or other moneys may be deposited;

(h) the terms and provisions of any trust deed or indenture securing the bonds under which the bonds may be issued;

(i) vesting in a trustee or trustees such properties, rights, powers and duties in trust as the authority may determine, which may include any or all of the rights, powers and duties of the trustee appointed by the bondholders pursuant to section eleven hundred ninety-six-g of this title and limiting or abrogating the rights of the bondholders to appoint a trustee under such section or limiting the rights, duties and powers of such trustee;

(j) defining the acts or omissions to act which may constitute a default in the obligations and duties of the authority to the bondholders and providing for the rights and remedies of the bondholders in the event of such default, including as a matter of right the appointment of a receiver, provided, however, that such rights and remedies shall not be inconsistent with the general laws of the state and other provisions of this title;

(k) limitations on the power of the authority to sell or otherwise dispose of any system or any part thereof or other property;

(l) limitations on the amount of revenues and other moneys to be expended for operating, administrative or other expenses of the authority;

(m) the payment of the proceeds of bonds, revenues and other moneys to a trustee or other depository, and for the method of disbursement thereof with such safeguards and restrictions as the authority may determine; and

(n) any other matters of like or different character which in any way affect the security or protection of the bonds or the rights and remedies of bondholders.

5. In addition to the powers herein conferred upon an authority to secure its bonds, an authority shall have power in connection with the issuance of bonds to enter into such agreements as the authority may deem necessary, consistent or desirable concerning the use or disposition of its revenues or other moneys or property, including the mortgaging of any property and the entrusting, pledging or creation of any other security interest in any such revenues, moneys or property and

the doing of any act, including refraining from doing any act, which an authority would have the right to do in the absence of such agreements. An authority shall have power to enter into amendments of any such agreements within the powers granted to the authority by this title and to perform such agreements. The provisions of any such agreements may be made a part of the contract with the holders of bonds of the authority.

6. Any provision of the uniform commercial code to the contrary notwithstanding, any pledge of or other security interest in revenues, moneys, accounts, contract rights, general intangibles or other personal property made or created by an authority shall be valid, binding and perfected from the time when such pledge is made or other security interest attaches without any physical delivery of the collateral or further act, and the lien of any such pledge or other security interest shall be valid, binding and perfected against all parties having claims of any kind in tort, contract or otherwise against the authority irrespective of whether or not such parties have notice thereof. No instrument by which such a pledge or security interest is created nor any financing statement need be recorded or filed.

7. Whether or not the bonds of an authority are of such form and character as to be negotiable instruments under the terms of the uniform commercial code, the bonds are hereby made negotiable instruments within the meaning of and for all the purposes of the uniform commercial code, subject only to the provisions of the bonds for registration.

8. Neither the directors of an authority nor any person executing bonds shall be liable personally thereon or be subject to any personal liability or accountability solely by reason of the issuance thereof.

9. An authority, subject to such agreements with bondholders as then may exist, shall have power out of any moneys available therefor to purchase bonds of the authority, which shall thereupon be cancelled, at a price not exceeding (i) if the bonds are then redeemable, the redemption price then applicable, plus accrued interest to the next interest payment date, (ii) if the bonds are not then redeemable, the redemption price applicable on the first date after such purchase upon

which the bonds become subject to redemption plus accrued interest to the next interest payment date.

10. An authority shall have power and is hereby authorized to issue negotiable bond anticipation notes in conformity with applicable provisions of the uniform commercial code and may renew the same from time to time but the maximum maturity of any such note, including renewals thereof, shall not exceed five years from the date of issue of such original note. Such notes shall be paid from any moneys of the authority available therefore and not otherwise pledged or from the proceeds of sale of the bonds of the authority in anticipation of which they were issued. The notes shall be issued in the same manner as the bonds and such notes and the resolution or resolutions authorizing the same may contain any provisions, conditions or limitations which the bonds or a bond resolution of the authority may contain. Such notes may be sold at public sale or, upon the approval of the state comptroller, at private sale. Such notes shall be as fully negotiable as the bonds of the authority.

§ 1196-g. Remedies of bondholders. 1. In the event that the authority shall default in the payment of principal of or interest on any issue of the bonds after the same shall become due, whether at maturity or upon call for redemption, and such default shall continue for a period of thirty days, or in the event that the authority shall fail or refuse to comply with the provisions of this title, or shall default in any agreement made with the holders of any issue of the bonds, the holders of twenty-five per centum in aggregate principal amount of the bonds of such issue then outstanding, by instrument or instruments filed in the office of the clerk of the applicable county and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of such bonds for the purposes herein provided.

2. Such trustee may, and upon written request of the holders of twenty-five per centum in principal amount of such bonds outstanding shall, in his, her or its own name:

(a) by action or proceeding in accordance with the civil practice law

and rules, enforce all rights of the bondholders and require the authority to carry out any other agreements with the holders of such bonds and to perform its duties under this title;

(b) bring an action or proceeding upon such bonds;

(c) by action or proceeding, require the authority to account as if it were the trustee of an express trust for the holders of such bonds;

(d) by action or proceeding, enjoin any acts or things which may be unlawful or in violation of the rights of the holders of such bonds; and

(e) declare all such bonds due and payable, and if all defaults shall be made good, then with the consent of the holders of twenty-five per centum of the principal amount of such bonds then outstanding, annul such declaration and its consequences.

3. Such trustee shall in addition to the foregoing have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth herein or incident to the general representation of bondholders in the enforcement and protection of their rights.

4. The supreme court shall have jurisdiction of any action or proceeding by the trustee on behalf of such bondholders.

5. Before declaring the principal of bonds due and payable, the trustee shall first give thirty days' notice in writing to an authority.

§ 1196-h. State and municipalities not liable on authority bonds. Neither the state nor any municipality shall be liable on the bonds of an authority and such bonds shall not be a debt of the state or of any municipality.

§ 1196-i. Moneys of an authority. All moneys of an authority from whatever source derived shall be paid to the treasurer of an authority and shall be deposited forthwith in a bank or banks in the state designated by the authority. The moneys in such accounts shall be paid out on checks of the treasurer upon requisition by the chairman of the authority or of such other officer or officers as the authority may authorize to make such requisitions. All deposits of such moneys shall be secured by obligations of or guaranteed by the United States or of the state of a market value equal at all times to the amount on deposit and all banks and trust companies are authorized to give such security for such deposits. An authority shall have power, notwithstanding the provisions of this section, to contract with the holders of any bonds as to the custody, collection, security, investment and payment of any moneys of the authority or any moneys held in trust or otherwise for the payment of bonds or in any way to secure bonds. Moneys held in trust or otherwise for the payment of bonds or in any way to secure bonds and deposits of such moneys may be secured in the same manner as moneys of an authority and all banks and trust companies are authorized to give such security for such deposits.

§ 1196-j. Bonds legal investment for fiduciaries. The bonds of an authority are hereby made securities in which all public officials and bodies of the state and all municipalities, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations, including savings and loan associations, investment companies and other persons carrying on a banking business, and administrators, guardians, executors, trustees and other fiduciaries and all other persons whatsoever, who are now or may hereafter be authorized to invest in bonds or other obligations of the state, may properly and legally invest funds including capital in their control or belonging to them. The bonds are also hereby made securities which may be deposited with and may be received by all public officers and bodies of this state and all municipalities for any purposes for which the deposit of bonds or other obligations of this state is now or hereafter may be authorized.

§ 1196-k. Agreement with the state. The state does hereby pledge to and agree with the holders of any bonds issued by an authority pursuant to this title that the state will not alter or limit the rights hereby vested in the authority to fulfill the terms of any agreement made with or for the benefit of the holders of bonds, or in any way impair the rights and remedies of bondholders, until the bonds, together with the interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of such holders, are fully met and discharged. An authority is authorized to include this pledge and agreement of the state in any agreement with bondholders.

§ 1196-l. Exemption from taxes, assessments and certain fees; payments in lieu of taxes. 1. It is hereby determined that the creation of an authority and the carrying out of its corporate purposes is in all respects for the benefit of the people of the state and is a public purpose, and an authority shall be regarded as performing a governmental function in the exercise of the powers conferred upon it by this title and shall not be required to pay any taxes, special ad valorem levies or special assessments upon any real property owned by it or any filing, recording or transfer fees or taxes in relation to instruments filed, recorded or transferred by it or on its behalf; provided, however, that any real property owned or acquired by the authority outside of a sponsoring municipality shall be exempt from real property taxes, ad valorem levies or special assessments only pursuant to and to the extent provided by an agreement with the governing body of the municipality in which such real property is located.

2. An authority may pay, or may enter into agreements with any municipality to pay, a sum or sums, annually or otherwise or to provide other considerations to such municipality with respect to real property owned by the authority located within such municipality and constituting a part of a water or sewerage system.

3. Any bonds issued pursuant to this title together with the income therefrom shall be exempt from taxation except for transfer and estate taxes. The revenues, moneys and all other property and activities of an authority shall be exempt from all taxes and governmental fees or charges, whether imposed by the state or any municipality, including without limitation real estate taxes, franchise taxes, sales taxes or

other excise taxes. Notwithstanding the foregoing provision of this subdivision, any real property owned or acquired by an authority outside a sponsoring municipality shall be subject to subdivision one of this section. The state hereby covenants with the purchasers and with all subsequent holders and transferees of bonds issued by an authority pursuant to this title, in consideration of the acceptance of and payment for the bonds, that the bonds of the authority issued pursuant to this title and the income therefrom shall be free from such taxation, as aforestated herein, and that all revenues, moneys, and other property pledged to secure the payment of such bonds shall at all times be free from such taxes, as aforestated herein.

§ 1196-m. Actions against an authority. 1. Except in an action for wrongful death, no action or proceeding shall be prosecuted or maintained against an authority for personal injury or damage to real or personal property alleged to have been sustained by reason of the negligence or wrongful act of the authority or any member, officer, agent or employee thereof, unless (a) a notice of claim shall have been made and served upon the authority within the time limit by and in compliance with section fifty-e of the general municipal law, (b) it shall appear by and as an allegation in the complaint or moving papers that at least thirty days have elapsed since the service of such notice and that adjustment or payment thereof has been neglected or refused, and (c) the action or proceeding shall be commenced within one year after the happening of the event upon which the claim is based. An action against the authority for wrongful death shall be commenced in accordance with the notice of claim and time limitation provisions of title eleven of article nine of this chapter.

2. Wherever a notice of claim is served upon an authority, it shall have the right to demand an examination of the claimant relative to the occurrence and extent of the injuries or damages for which claim is made, in accordance with the provisions of section fifty-h of the general municipal law.

3. An authority may require any person presenting for settlement an

account or claim for any cause whatever against the authority to be sworn before a member, counsel, or an attorney, officer or employee thereof designated for such purpose, concerning such account or claim and when so sworn, to answer orally as to any facts relative to such account or claim. An authority shall have power to settle or adjust all claims in favor of or against the authority.

4. The rate of interest to be paid by an authority upon any judgment for which it is liable, other than a judgment against the authority on bonds, shall not exceed six per centum per annum. Interest on payments of principal or interest on any bonds in default shall accrue at the rate borne by such bonds from the due date thereof until paid or otherwise satisfied.

§ 1196-n. Interest in contracts prohibited. It shall be a misdemeanor for any member or any officer, agent, servant or employee of an authority to be in any way or manner interested, directly or indirectly, in the furnishing of work, materials, supplies or labor, or in any contract therefor which the authority is empowered by this title to make.

§ 1196-o. Equal employment opportunity. Authorities shall ensure that, where possible, all employees or applicants for employment are afforded equal employment opportunity without discrimination.

§ 1196-p. Construction and purchase contracts. An authority shall let contracts for construction or purchase of supplies, materials, or equipment pursuant to section one hundred three of the general municipal law. Nothing in this section shall be construed to limit the power of an authority to do any construction directly by the officers, agents and employees of the authority.

§ 1196-q. Separability clause. If any section, clause or provision in this title shall be held by a competent court to be unconstitutional or ineffective in whole or in part, to the extent that it is not unconstitutional or ineffective, it shall be valid and effective, and no other section, clause or provision shall on account thereof be deemed invalid or ineffective.

§ 1196-r. Effect of inconsistent provisions. Insofar as the provisions of this title are inconsistent with the provisions of any other law, general, special or local or of any charter or any local ordinance or resolution of any municipality, the provisions of this title shall be controlling, provided that nothing contained in this section shall be held to supplement or otherwise expand the powers or duties of the authority otherwise set forth in this title. Nothing contained in this title shall be held to alter or abridge the powers and duties of the department of environmental conservation or the department of health.

TITLE 8-B

WATER AUTHORITY OF GREAT NECK NORTH

§ 1197-a. Title. This title may be cited as the "Water Authority of Great Neck North Act".

§ 1197-b. Definitions. As used or referred to in this title, unless a different meaning clearly appears from the context:

1. "Authority" shall mean the corporation created by section eleven hundred ninety-seven-d of this title.

2. "Board of directors" shall mean the governing board of the authority.

3. "Bonds" shall mean the bonds, notes or other evidences of indebtedness issued by the authority pursuant to this title.

4. "Calendar year" shall mean the twelve month period from January first through December thirty-first.

5. "Chief executive officer" when referring to a municipality shall mean the chief elected official of such municipality and, when referring to the authority, shall mean the chairperson of the authority.

6. "Civil service commission" shall mean the civil service commission of the county of Nassau.

7. "Comptroller" shall mean the comptroller of the state of New York.

8. "Construction" shall mean the negotiation, acquisition, erection,

building, alteration, improvement, testing, increase, enlargement, extension, reconstruction, interconnection, renovation or rehabilitation of a water facility as defined herein; the inspection and supervision thereof; and the engineering, architectural, legal, appraisal, fiscal, economic and environmental investigations, services and studies, surveys, designs, plans, working drawings, specifications, procedures and other actions incidental thereto.

9. "Costs", as applied to any project, shall include the cost of construction, the cost of the acquisition of all property, including both real, personal and mixed, the cost of demolishing, removing or relocating any buildings or structures on lands so acquired including the cost of acquiring any land to which such buildings or structures may be moved or relocated, the cost of all systems, facilities, machinery, apparatus and equipment, financing charges and bond discount, interest to the extent not paid or provided for from revenues or other sources, the cost of engineering and architectural surveys, plans and specifications, bond insurance, bond credit enhancement arrangements, other expenses necessary or incidental to the construction of such project and the financing of the construction thereof, including the cost of legal and financial advices and credit arrangements with banks or other financial institutions, the amount authorized in the resolution of the authority providing for the issuance of bonds to be paid into any reserve or special fund from the proceeds of such bonds and the financing of the placing of any project in operation, including the reimbursement to any municipality, state agency, the state, the United States government, or any other person for expenditures made by them that would be costs of the project hereunder, notwithstanding the fact that such expenditures may have been incurred prior to the effective date of this act, so long as such expenditures were not incurred prior to January first, nineteen hundred eighty-two, and were expended through the water consortium of the villages of Great Neck.

10. "County" shall mean the county of Nassau.

11. "Distribution system" shall mean the water facility or facilities employed to deliver water from a transmission facility, or where there

is no transmission facility, from a supply facility, to the ultimate consumers of water.

12. "District" shall mean the water authority of Great Neck north district created by section eleven hundred ninety-seven-c of this title.

13. "Governing body" shall mean:

(a) In the case of a city, county, town or village or district corporation the finance board as such term is defined in the local finance law.

(b) In the case of a public benefit corporation, the members thereof.

14. "Members" shall mean the members of the board of directors.

15. "Municipality" shall mean any city, county, town, village or county or town acting on behalf of an improvement district.

16. "Real property" shall mean lands, structures, franchises and interests in land, waters, lands under water, goundwater riparian rights and air rights and any and all things and rights customarily included within the term "real property" and includes not only fee simple absolute, but also any and all lesser interests including, but not limited to, easements, rights of way, uses, leases, licenses and all other incorporeal hereditaments and every estate, interest or right, legal or equitable, including terms for years and liens thereon by way of judgments, mortgages or otherwise.

17. "State sanitary code" shall mean regulations adopted pursuant to section two hundred twenty-five of the public health law.

18. "State" shall mean state of New York.

19. "State agency" shall mean any state office, public benefit corporation, department, board, commission, bureau or division, or other agency or instrumentality of the state.

20. "Supply facility" shall mean a water facility employed to make

groundwater or surface water available for delivery into a transmission facility or distribution system.

21. "System revenues" shall mean all rates, rents, fees, charges, payments and other income and receipts derived from users of the authority without limiting the generality of the foregoing, investment proceeds and proceeds of insurance, condemnation, sales or other dispositions of assets, together with all federal, state or municipal aid as well as any other income derived from the operation of the water facility of the authority.

22. "Transmission facility" shall mean a water facility used to carry water from a supply facility to a distribution system.

23. "Treasurer" shall mean the treasurer of the authority.

24. "Water facility" or "water facilities" shall mean any plants, structures and other real and personal property acquired, rehabilitated or constructed for the purpose of supplying, transmitting, distributing or treating water, including but not limited to surface or groundwater reservoirs, basins, dams, canals, aqueducts, standpipes, conduits, pipelines, mains, pumping stations, water distribution systems, compensating reservoirs, intake stations, waterworks or sources of water supply, wells, purification or filtration plants or other treatment plants and works, connections, water meters, rights of flowage or diversion and other plants, structures, equipment, towers, conveyances, real or personal property or rights therein and appurtenances thereto necessary or useful and convenient for the accumulation, supply, transmission, treatment or distribution of water.

25. "Water project" shall mean any water facility, including the planning, development, financing or construction thereof.

26. "Watershed rules" shall mean the rules and regulations made by the department of health pursuant to section eleven hundred of the public health law.

§ 1197-c. Water authority of Great Neck north district. There is hereby created a district to be known as the "water authority of Great Neck north district" which shall embrace that portion of the area which, as of the date of the adoption of this act, is within union free school district number seven, Great Neck, town of North Hempstead, county of Nassau, lying northerly of the north line of the Manhasset-Lakeville water district.

§ 1197-d. Water authority of Great Neck north. 1. A corporation known as "water authority of Great Neck north" is hereby created for the purposes and charged with the duties and having the powers provided in this title. The authority shall be a corporate governmental agency constituting a public benefit corporation and shall be a "public district" for the purposes of section eighty-nine-l of the public service law. The authority shall be governed by a board of directors consisting of eight members. The chief executive officers of the villages of Great Neck, Great Neck Estates, Great Neck Plaza, Kensington, Kings Point, Saddle Rock, Thomaston and the town of North Hempstead shall each appoint one member. Each member shall serve for a period of two years. Each chief executive officer shall file with the secretary of state a certificate of appointment or reappointment of any member appointed or reappointed by such chief executive within thirty days of the appointment or reappointment. Members shall receive no compensation for their services but shall be entitled to reimbursement of their necessary expenses, including traveling expenses, incurred in the discharge of their duties. Nothing herein shall be construed as preventing a chief executive officer of a municipality from appointing himself or herself to be a member of the board of directors.

2. Any one or more of the members of the board of directors may be an official or an employee of a municipality situated within the district. In the event that an official or an employee of such municipality shall be appointed as a member of the board of directors, acceptance or retention of such appointment shall not be deemed a forfeiture of his or her municipal office or employment, or incompatible therewith or affect

his or her tenure or compensation in any way.

3. No action shall be taken by the authority except pursuant to the favorable vote of fifty-one percent of the total authorized voting strength of the board of directors. The total authorized voting strength of the board of directors shall be 100.0.

(a) The number of weighted votes possessed by each member of the board of directors shall be determined in accordance with paragraphs (c), (d) and (e) of this subdivision.

(b) No action shall be taken by the authority except pursuant to the favorable vote of at least: (i) fifty-one percent of the total authorized voting strength of the board of directors; and (ii) four members of the board of directors, at least two of whom must be from among the four members of the board of directors possessing the greatest number of weighted votes.

(c) The vote of each member shall be equal to one hundred multiplied by a fraction, the numerator of which shall be equal to the quantity of water supplied by the authority to the owners, tenants, occupants and other water users in the municipality from which such member was appointed and the denominator of which shall be equal to the quantity of water supplied by the authority to the owners, tenants, occupants and other water users in all of the municipalities within the district.

(d) Based upon the water supplied to the municipalities within the district in nineteen hundred eighty-two, the voting shall be weighted as follows:

MEMBER APPOINTED BY THE CHIEF EXECUTIVE OFFICER OF THE	AUTHORIZED NUMBER OF VOTES
Village of Kings Point	32.9
Village of Great Neck	24.4
Village of Great Neck Plaza	14.2
Village of Great Neck Estates	11.7
Town of North Hempstead	8.0
Village of Kensington	4.4
Village of Saddle Rock	3.9
Village of Thomaston	0.5
	----
total	100.0

(e) Commencing on the first day of April, nineteen hundred eighty-nine and every four years thereafter, the authorized number of votes of each member shall be adjusted in accordance with the formula set forth in paragraph (c) of this subdivision to reflect the total quantity of water supplied by the authority to owners, tenants, occupants and other water users in each municipality within the district during the two calendar years immediately preceding the date on which the adjustment is being made.

4. The powers of the authority shall be vested in and shall be exercised by the board of directors at a meeting duly called and held. Five members of the board of directors, who together are authorized to cast a majority of the weighted vote, shall constitute a quorum. The board of directors may delegate to one or more of its members, or to one or more of the officers, agents or employees of the authority, such powers and duties as it may deem proper.

5. The officers of the authority shall consist of a chairperson, vice chairperson, deputy chairperson, treasurer, and secretary, who may, but need not be members of the board of directors. The officers of the authority shall be appointed by the board of directors. The board of directors may appoint and at its pleasure remove an attorney and an engineer, which positions, in addition to the officers above named, shall be in the exempt class of the civil service and such additional officers and employees as it may require for the performance of its duties, fix and determine their qualifications, duties, compensations and terms of office or tenure, subject to the provisions of the civil service law of the state and such rules as the civil service commission may adopt and make applicable to the authority. The authority may also from time to time contract for expert professional services. The duties of the officers shall be as follows:

(a) Chairperson. The chairperson shall be the chief executive officer of the authority and it shall be the responsibility of the chairperson to:

(i) preside at all meetings of the board of directors and of the officers;

(ii) manage the water facility, the transmission facility and the distribution system and to effectuate the decisions of the board of directors;

(iii) exercise supervision over the conduct of the officers and employees of the authority;

(iv) report annually to each customer, either by mail or by publication once in a newspaper having general circulation within the district; such report shall include but not be limited to the following information:

(1) a brief financial account on operations of the water system including, but not limited to, water rates, total revenues, operating and maintenance expense, and interest on bonds and notes;

(2) the population served by the authority;

(3) the number of wells, towers and other storage facilities operated by the authority;

(4) the total pumpage of groundwater including the amount received through interdistrict interconnections and the estimated amount lost from the system;

(5) the single highest level from each well of each synthetic organic chemical, nitrate and chloride constituent tested for by the authority at any time during the year which exceeds the applicable county water quality standard or guideline, that standard or guideline, the site of each well at which each reported constituent was found, and the date on which each reported constituent was analyzed;

(6) the highest level from each well of each synthetic organic chemical, nitrate and chloride constituent tested for by the authority at any time during the year which does not exceed the applicable county water standard or guideline, but which contains a level equal to or greater than two-thirds of the amount permitted before exceeding a standard or guideline, that standard or guideline, the site of each well at which each reported constituent was found and the date on which each reported constituent was analyzed;

(7) once every five years, the highest level of any constituent discovered within the distribution system which contains a level equal to or greater than two-thirds of the amount permitted before exceeding a standard or guideline, that standard or guideline, and the resulting action taken by the authority;

(8) any well restricted, removed from service or otherwise limited in

its use and the cause for such action;

(9) any actions taken to secure new supplies or replace lost capacity;

(10) the types of treatment which the water receives before entering the distribution system;

(11) any compliance activities required by regulations of the department of environmental conservation or the department of health or any local health department and any instances of noncompliance;

(12) the present condition of the distribution system and any significant actions, as determined by the authority, to improve or maintain the system;

(13) any special public services the authority provides during the year; and

(14) information on water conservation measures customers can implement, such as, but not limited to, retrofitting plumbing fixtures, altering irrigation timing, using irrigation sensors, leak detection, proper use of water-consuming appliances, daily conscientious use of water and estimated savings of water, energy, and money, from use of these measures;

(v) execute all contracts in the name of the authority;

(vi) institute, at the direction of the board of directors, all civil actions in the name of the authority;

(vii) provide for the enforcement of all of the rules and regulations of the authority and cause all violations thereof to be prosecuted;

(viii) sign orders to pay claims when authorized by the board of directors;

(ix) sign checks in the absence or inability of the treasurer or deputy treasurer, if any, when authorized by the board of directors; and a certified copy of a resolution of the board of directors to that effect shall be notice to the depository of such authorization;

(x) appoint, subject to the approval of the board of directors, non-elected officers, counsel, accountants, and other financial advisors, engineers and other technical advisors;

(xi) employ, promote and discharge managers, supervisors and employees; and

(xii) take all other reasonable and necessary actions to carry out his or her office as the chief executive of the authority. If the chairperson has not been appointed as a member of the board of directors of the authority pursuant to this section, such chairperson shall be deemed an ex officio member of the board of directors. Such status shall not carry with it the right to vote on matters coming before the board of directors nor shall the presence of such chairperson be counted for the purpose of determining a quorum.

(b) Vice chairperson. The vice chairperson shall perform all duties delegated to him or her by the chairperson and, in the absence or during the disability of the chairperson, the vice chairperson shall act as chairperson.

(c) Deputy chairperson. The deputy chairperson shall perform all duties delegated to him or her by the chairperson or the vice chairperson.

(d) Secretary. (i) The secretary shall be the recording and corresponding officer of the authority and the custodian of the records of the authority.

(ii) The secretary shall prepare and send required notices of all meetings when directed to do so by the chairperson or by the written request of four members who have specified the issues to be discussed at the meeting.

(iii) In the absence or disability of the secretary, the chairperson may appoint a temporary secretary.

(e) Treasurer. (i) The treasurer shall have custody of all moneys belonging to the authority and keep accounts of all receipts and expenditures in conformance with a uniform system of accounts formulated and prescribed by the comptroller pursuant to section thirty-six of the general municipal law.

(ii) The treasurer shall execute a bond, conditioned upon the faithful performance of the duties of his or her office, the amount and sufficiency of which shall be approved by the board of directors and the premium therefor shall be paid by the authority.

(iii) The treasurer shall deposit, within ten days after receipt thereof, in the name of the authority, in one or more banks, and/or trust companies, designated by the board of directors, all moneys received by him or her.

(iv) The treasurer may sign checks with the facsimile signature of the treasurer, as reproduced by a machine or device commonly known as a checksigner, when authorized by the board of directors.

(v) The treasurer shall pay out moneys from the authority treasury only as authorized by the board of directors and by law. All such payments, except as may be authorized by the board of directors for a petty cash account, shall be by check.

(vi) The treasurer shall issue a report on the finances of the authority at each regular meeting of the board of directors.

(vii) The treasurer shall file in the office of the authority, within sixty days after the end of the fiscal year, a statement showing in detail all revenues and expenditures during the previous fiscal year and the outstanding indebtedness of the authority as of the end of the fiscal year. The members shall, within ten days, cause to be published once in a newspaper having general circulation within the district, a notice that the annual financial statement has been filed and is available for inspection or a summary of such statement in a form approved by the comptroller, with an endorsement thereon that details thereof are on file in the office of the authority. The members shall cause to be audited by a certified public accountant engaged for that purpose, such report and supporting records.

6. The term of the chairperson, vice chairperson and deputy chairperson first appointed shall be staggered, the chairperson first appointed shall serve for a period of four years, the vice chairperson first appointed shall serve for a period of three years and the deputy chairperson first appointed shall serve for a period of two years; thereafter their successors shall serve for terms of four years. The remaining officers shall each serve terms of one year. The board of directors shall have the right, at any time, to extend any such term, for a period of months, to provide that such term terminates contemporaneously with the end of the fiscal year of the authority.

7. The officers of the authority shall receive such compensation for their services as shall be fixed by the board of directors and shall be reimbursed for all necessary and actual expenses incurred in connection with their duties as such officers and in connection with the carrying out of the purposes of this title.

8. The authority and its corporate existence shall continue until

terminated by law; provided, however, that no such law shall take effect so long as the agency shall have bonds or other obligations outstanding unless adequate provision has been made for the payment or satisfaction thereof. Upon termination of the existence of the authority, all of the rights and properties of the authority then remaining shall pass to and vest in the municipalities within the district. Such property shall be apportioned and distributed among the municipalities within the district in direct proportion to their weighted voting on the date of the termination of the authority.

9. In addition to any powers granted to it by law, the governing body of each of the municipalities within the district, from time to time, may appropriate sums of money to defray project costs or any other costs and expenses of the authority. Subject to the rights of bondholders, each governing body may determine if the moneys so appropriated shall be subject to repayment by the authority to the municipalities, and in such event, the manner and time or times for such repayment.

10. Neither the public service commission nor any other board or commission of like character, shall have jurisdiction over the authority in the management and control of its properties or operations or any power over the regulation of rates fixed or charges collected by the authority.

11. It is hereby determined and declared that the authority and the carrying out of its powers, purposes and duties are in all respects for the benefit of the people of the municipalities within the district and state, for the improvement of their health, welfare and prosperity and that the said purposes are public purposes and that the authority is and will be performing an essential governmental function in the exercise of the powers conferred upon it by this title.

§ 1197-e. Powers of the authority. Except as otherwise limited by this title, the authority shall have the power to:

1. sue and be sued;

2. have a seal and alter the same at pleasure;

3. borrow money and issue negotiable or non-negotiable notes, bonds, or other obligations and to provide for the rights of the holders thereof;

4. enter into contracts and execute all instruments necessary or convenient or desirable for the purposes of the authority to carry out any powers expressly given it in this title;

5. acquire, by purchase, gift, grant, transfer, contract or lease or by condemnation pursuant to the eminent domain procedure law, lease as lessee, hold and use and to sell, lease as lessor, transfer or otherwise dispose of, any real or personal property or any interest therein, within or without the district, but within the territorial limits of the town of North Hempstead, as the authority may deem necessary, convenient or desirable to carry out the purpose of this title; provided, however, that the authority may not condemn real property of a municipality without the consent of the governing body of such municipality;

6. purchase, in the name of the authority, any water supply system, including plants, works, instrumentalities or parts thereof and appurtenances thereto, lands, easements, rights in land and water rights, rights-of-way, contract rights, franchises, permits, approaches, connections, dams, wells, pumps, reservoirs, water mains and pipe lines, pumping stations, treatment facilities, meters, equipment and inventory, or any other property incidental to and included in such system or part thereof, and any improvements, extensions and betterments, situated wholly within the district, provided, however, that the authority shall have the power to purchase any source of supply, or water supply system or any part thereof situated wholly or partly without the territorial limits of the district, provided same shall be necessary in order to supply water within the district; and in connection with the purchase of such properties the authority may assume any obligations of the owner of such properties and, to the extent required by the terms of any indentures or other instruments under which such obligations were

issued, the authority may assume and agree to perform covenants and observe the restrictions contained in such instruments; and furthermore the owner of any properties, which the authority is authorized to acquire, is hereby authorized to sell or otherwise transfer the same to the authority, whereupon the authority shall become charged with the performance of all public duties with respect to such properties with which such owner was charged and such owner shall become discharged from the performance thereof, as a means of so acquiring for such purpose, the authority may purchase all of the stock of any existing privately owned water corporation or company and in the case of a sale or other transfer of properties of a public utility corporation pursuant to this provision, upon the purchase of the stock of such corporation or company it shall be lawful to dissolve such corporation within a reasonable time;

7. construct, improve or rehabilitate water supply facilities required for the maintenance, development or expansion of water supply sources;

8. operate and manage and to contract for the operation and management of facilities of the authority;

9. enter into contracts, and carry out the terms thereof, for the wholesale provision of water produced by supply facilities constructed and operated by the authority, to municipalities and private water companies and to carry out the terms thereof, for the transmission of water from new or existing supply facilities;

10. apply to the appropriate agencies and officials of the federal, state and local governments for such licenses, permits or approvals of its plans or projects as it may deem necessary or advisable, and upon such terms and conditions as it may deem appropriate, to accept, in its discretion, such licenses, permits or approvals as may be tendered to it by such agencies and officials;

11. take all necessary and reasonable actions within the district to conserve, preserve and protect the water supply to the district, including the making of plans and studies, the adoption of watershed

rules and regulations, the enforcing of compliance with all current and future rules and regulations of the state sanitary code with regard to water supply and usage, the requiring of cross-connection controls, the providing of educational material and programs to the public, and the cooperating with water suppliers outside the district to conserve, preserve and protect the entire water reserve as it is affected within and outside the authority's supply area;

12. retain or employ counsel, auditors, engineers and private consultants on a contract basis or otherwise for rendering professional or technical services and advice;

13. make plans and studies necessary, convenient or desirable for the effectuation of the purposes and powers of the authority and to prepare recommendations in regard thereto;

14. prepare a water supply emergency plan which shall include, but not be limited to, the following:

(a) establishment of criteria and procedures to determine critical water levels or safe yield of system;

(b) identification of existing and future sources of water under normal conditions and emergency conditions;

(c) system capacity and ability to meet peak demand and fire flows concurrently;

(d) storage capacities;

(e) current condition of present interconnections and identification of additional interconnections to meet a water supply emergency;

(f) specific action plan to be followed during a water supply emergency including a phased implementation of the plan;

(g) general water conservation programs and water use reduction strategies for water supply users;

(h) prioritization of water users;

(i) identification and availability of emergency equipment needed during a water supply emergency; and

(j) public notification program coordinated with the phased implementation schedule; such plan shall not be adopted until a public hearing on such plan shall have been held, upon not less than fourteen days' notice thereof to each customer, either by mail or by publication once in a newspaper having general circulation within the district; every five years, such plan shall be reviewed and revised if necessary after a public hearing, with notice to each customer as aforesaid;

15. enter upon such lands, waters, or premises as in the judgment of the authority shall be necessary for the purpose of making surveys, soundings, borings and examinations to accomplish any purpose authorized by this title, the authority being liable only for actual damage done;

16. apply for and to accept any gifts or grants or loans of funds or property or financial or other aid in any form from the federal government or any agency or instrumentality thereof, or from the state or any agency or instrumentality thereof, or from any other source, for any or all of the purposes specified in this title, and to comply, subject to the provisions of this title, with the terms and conditions thereof;

17. obtain, store, treat, distribute, supply and sell water for domestic, commercial and public purposes at retail to individual consumers within the district;

18. purchase water from any municipal corporation, town water district, person, association or corporation;

19. produce, develop, distribute and sell water or water services within or without the territorial limits of the district; provided, however, that water may be sold at retail to individual consumers only within the district and further provided that in exercising the powers granted by this title, the authority shall not sell water in any area which is served by a water system owned or operated by a municipality or special improvement district unless the governing body of such municipality or district shall adopt a resolution requesting the authority to sell water in such served areas;

20. make bylaws for the management and regulation of its affairs and rules and regulations for the conservation, preservation and protection

of the authority's water supply and, subject to agreements with bondholders, rules for the sale of water and the collection of rents and charges therefor. A copy of such rules, regulations and bylaws and any rules and regulations adopted pursuant to subdivision eleven of this section, and all amendments thereto, duly certified by the secretary of the authority shall be filed in the office of the municipalities within the district and thereafter published once in a newspaper having general circulation within the district. Violation of such rules and regulations shall be punishable by fine, not exceeding fifty dollars, or by imprisonment for not longer than thirty days, or both;

21. fix rates and collect charges for the use of the facilities of, or services rendered by, or any commodities furnished by the authority such as to provide revenues sufficient at all times to pay, as the same shall become due, the principal and interest on the bonds, or other obligations of the authority together with the maintenance of proper reserves therefor, in addition to paying as the same shall become due, the expense of operating and maintaining the properties of the authority together with proper maintenance reserves, capital reserves, repair reserves, tax stabilization reserves and other contingency reserves, and all other obligations and indebtedness of the authority; however, no such rates or charges shall be changed until a public hearing on such changes shall have been held upon not less than fourteen days' notice thereof to each customer, either by mail or by publication once in a newspaper having general circulation within the district;

22. enter into cooperative agreements with other authorities, municipalities, counties, cities, towns, villages, water districts, utility companies, individuals, firms or corporations, within or without the territorial limits of the district for the interconnection of facilities, the exchange or interchange of services and commodities, the conservation, preservation and protection of the authority's water reserve as it is affected within and outside the authority's supply area, and, within the territorial limits of the district, to enter into a contract for the construction, operation and maintenance of a water supply and distribution system by the authority for any municipality having power to construct and develop a water supply and distribution

system, upon such terms and conditions as shall be determined to be reasonable including, but not limited to the reimbursement of all costs of such construction, or for any other lawful purposes necessary or desirable to effect the purposes of this title;

23. provide for the discontinuance or disconnection of the supply of water for nonpayment of fees, rates, rents or other charges therefor imposed by the authority, provided such discontinuance or disconnection of any supply of water shall not be carried out except in the manner and upon the notice as is required of a waterworks corporation pursuant to subdivisions three-a, three-b and three-c of section eighty-nine-b and section one hundred sixteen of the public service law;

24. contract for, provide and maintain such insurance as it deems necessary or reasonable to:

(a) secure and protect its real and personal property from fire, theft or other calamity or loss;

(b) secure and protect it against liability imposed by law for damages for injuries to persons or property;

(c) secure and protect it against any liability which may be imposed pursuant to section eighteen of the public officers law; and

(d) secure and protect it against any other liability, casualty or loss as it deems necessary or reasonable; and

25. do all things necessary, convenient or desirable to carry out its purposes and for the exercise of the powers granted in this title.

§ 1197-f. Transfer of officers and employees. Any public officer or employee under civil service, selected by the authority may, with the consent of the commission, board, department or municipality by which he or she has been employed, be transferred to the authority and shall be eligible for such transfer and appointment without examination to comparable offices, positions and employment under the authority. The salary or compensation of any such officer or employee shall after such transfer be paid by the authority, but notwithstanding the provisions of this title, any such officers or employees so transferred to the authority, pursuant to the provisions of this section, who are members of or beneficiaries under any existing pension or retirement system, shall continue to have all rights, privileges, obligations and status with respect to such fund system or systems as are now prescribed by law, but during the period of their employment by the authority, all contributions to any pension or retirement fund or system to be paid by the employer on account of such officers and employees, shall be paid by the authority; and all such officers and employees who have been appointed to positions under the rules and classifications of the civil service commission shall have the same status with respect thereto after transfer to the authority as they had under their original appointments. The appointment and promotion of all employees of the authority shall be made in accordance with the provisions of the civil service law and such rules as the civil service commission may adopt and make applicable to the authority.

§ 1197-g. Bonds of the authority. 1. The authority shall have the power and is hereby authorized from time to time to issue bonds, in conformity with applicable provisions of the uniform commercial code, in such principal amounts as it may determine to be necessary to pay the cost of any water project or projects or for any other corporate purposes, including incidental expenses in connection therewith. The authority shall have power from time to time to refund any bonds by the issuance of new bonds whether the bonds to be refunded have or have not matured, and may issue bonds partly to refund bonds then outstanding and partly for any other corporate purpose. Bonds issued by the authority may be general obligations secured by the faith and credit of the authority or may be special obligations payable solely out of particular revenues or other moneys of the authority as may be designated in the proceedings of the authority under which the bonds shall be authorized to be issued, subject to any agreements with the holders of outstanding bonds pledging particular revenues or moneys.

2. The authority is authorized to obtain from any department or agency of the United States of America or nongovernmental insurer any insurance or guaranty, or any other credit enhancement arrangement with any bank

or other financial institution to the extent now or hereafter available, as to, or for the payment or repayment of interest or principal, or both, or any part thereof, on any bonds issued by the authority and to enter into any agreement or contract with respect to any such insurance or guaranty, except to the extent that the same would in any way impair or interfere with the ability of the authority to perform and fulfill the terms of any agreement made with the holders of the bonds of the authority.

3. Bonds shall be authorized by resolution of the authority, and may be in such denominations and bear such date or dates and mature at such time or times as such resolution may provide except that bonds and any renewal thereof shall mature within forty years of the date of their original issuance and notes and any renewal thereof shall mature within five years of the date of their original issuance. Such bonds shall be subject to such terms of redemption, bear interest at such rate or rates, which may vary from time to time, as may be necessary to effect the sale thereof and shall be payable at such times, be in such form, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, and be subject to such terms and conditions as such resolution may provide. Bonds may be sold at public sale or at private sale for such price or prices as the authority shall determine, provided that no issue of bonds may be sold at private sale unless the terms of such sale shall have been approved in writing by:

(a) the comptroller, where such sale is not to the comptroller, or

(b) the director of the division of the budget of the state, where such sale is to the comptroller.

4. Any resolution or resolutions authorizing bonds or any issue of bonds by the authority may contain provisions which may be part of the contract with the holders of the bonds thereby authorized as to:

(a) pledging all or part of its revenues, together with any other moneys, securities, contracts or property, to secure the payment of the bonds, subject to such agreements with bondholders as may then exist;

(b) the rates, rentals, fees and other charges to be fixed and collected and the amounts to be raised in each year thereby, and the use

and disposition of the earnings and other revenues;
(c) the setting aside of reserves and the creation of sinking funds and the regulation and disposition thereof;
(d) limitations on the purpose to which the proceeds from the sale of bonds may be applied;
(e) limitations on the right of the authority to restrict and regulate the use of any project or part thereof in connection with which bonds are issued;
(f) limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and the refunding of outstanding or other bonds;
(g) the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, including the proportion of bondholders which must consent thereto and the manner in which such consent may be given;
(h) the creation of special funds into which any revenues or other moneys may be deposited;
(i) the terms and provisions of any trust deed or indenture securing the bonds under which the bonds may be issued;
(j) vesting in a trustee or trustees such properties, rights, powers and duties in trust as the authority may determine, which may include any or all of the rights, powers and duties of the trustee appointed by the bondholders pursuant to section eleven hundred ninety-seven-h of this title and limiting or abrogating the rights of the bondholders to appoint a trustee under such section or limiting the rights, duties and powers of such trustee;
(k) defining the acts or omissions to act which may constitute a default in the obligations and duties of the authority to the bondholders and providing for the rights and remedies of the bondholders in the event of such default, including as a matter of right the appointment of a receiver, provided, however, that such rights and remedies shall not be inconsistent with the general laws of the state and other provisions of this title;
(l) limitations on the power of the authority to sell or otherwise dispose of any system or any part thereof or other property;
(m) limitations on the amount of revenues and other moneys to be expended for operating, administrative or other expenses of the

authority;

(n) the protection and enforcement of the rights and remedies of the bondholders;

(o) the obligations of the authority in relation to the construction, maintenance, operation, repairs and insurance of the properties, the safeguarding and application of all moneys and as to the requirements for the supervision and approval of consulting engineers in connection with construction, reconstruction and operation;

(p) the payment of the proceeds of bonds, revenues and other moneys to a trustee or other depository, and for the method of disbursement thereof with such safeguards and restrictions as the authority may determine; and

(q) any other matters of like or different character which in any way affect the security or protection of the bonds or the rights and remedies of bondholders.

5. In addition to the powers herein conferred upon the authority to secure its bonds, the authority shall have power in connection with the issuance of bonds to enter into such agreements as the authority may deem necessary, consistent or desirable concerning the use or disposition of its revenues or other moneys or property, including remarketing agreements or other similar agreements for the bonds, the mortgaging of any property and the entrusting, pledging or creation of any other security interest in any such revenues, moneys, or property and the doing of any act, including refraining from doing any act, which the authority would have the right to do in the absence of such agreements. The authority shall have power to enter into amendments of any such agreements within the powers granted to the authority by this title and to perform such agreements. The provisions of any such agreements may be made a part of the contract with the holders of bonds of the authority.

6. Any provision of the uniform commercial code to the contrary notwithstanding, any pledge of or other security interest in revenues, moneys, accounts, contract rights, general intangibles or other personal property made or created by the authority shall be valid, binding and perfected from the time when such pledge is made or other security

interest attaches without any physical delivery of the collateral or further act, and the lien of any such pledge or other security interest shall be valid, binding and perfected against all parties having claims of any kind in tort, contract or otherwise against the authority irrespective of whether or not such parties have notice thereof. No instrument by which such a pledge or security interest is created nor any financing statement need be recorded or filed.

7. Whether or not the bonds of the authority are of such form and character as to be negotiable instruments under the terms of the uniform commercial code, the bonds are hereby made negotiable instruments within the meaning of and for all purposes of the uniform commercial code, subject only to the provisions of the bonds for registration.

8. Neither the members of the board of directors nor the officers of the authority nor any person executing bonds shall be liable personally thereon or be subject to any personal liability or accountability solely by reason of the issuance thereof.

9. The authority, subject to such agreements with bondholders as then may exist, shall have power out of any moneys available therefor to purchase bonds of the authority in lieu of redemption, at a price not exceeding:

(a) if the bonds are then redeemable, the redemption price then applicable, plus accrued interest to the next interest payment date,

(b) if the bonds are not then redeemable, the redemption price then applicable on the first date after such purchase upon which the bonds become subject to redemption plus accrued interest to the next interest payment date.

10. The authority shall have power and is hereby authorized to issue negotiable bond anticipation notes in conformity with applicable provisions of the uniform commercial code and may renew the same from time to time but the maximum maturity of any such note, including renewals thereof, shall not exceed five years from the date of issue of such original note. Such notes shall be paid from any moneys of the authority available therefor and not otherwise pledged or from the

proceeds of sale of the bonds of the authority in anticipation of which they were issued. The notes shall be issued in the same manner as the bonds and such notes and the resolution or resolutions authorizing the same may contain any provisions, conditions or limitations which the bonds or bond resolution of the authority may contain. Such notes may be sold at public sale or, upon the approval of the comptroller of the terms thereof, at private sale. Such notes shall be as fully negotiable as the bonds of the authority.

§ 1197-h. Remedies of bondholders. 1. In the event that the authority shall default in the payment of principal of or interest on any issue of the bonds after the same shall become due, whether at maturity or upon call for redemption, and such default shall continue for a period of thirty days, or in the event that the authority shall fail or refuse to comply with the provisions of this title, or shall default in any agreement made with the holders of any issue of the bonds, the holders of twenty-five per centum in aggregate principal amount of the bonds of such issue then outstanding, by instrument or instruments filed in the office of the clerk of the applicable county and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of such bonds for the purposes herein provided.

2. Such trustee may, and upon written request of the holders of twenty-five per centum in principal amount of such bonds outstanding shall, in his or her own name:

(a) by action or proceeding in accordance with the civil practice law and rules, enforce all rights of the bondholders and require the authority to carry out any other agreements with the holders of such bonds and to perform its duties under this title;

(b) bring an action or proceeding upon such bonds;

(c) by action or proceeding, require the authority to account as if it were the trustee of an express trust for the holders of such bonds;

(d) by action or proceeding, enjoin any acts or things which may be unlawful or in violation of the rights of the holders of such bonds; and

(e) declare all such bonds due and payable, and if all defaults shall be made good, then with the consent of the holders of twenty-five per centum of the principal amount of such bonds then outstanding, annul such declaration and its consequences.

3. Such trustee shall in addition to the foregoing have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth herein or incidental to the general representation of bondholders in the enforcement and protection of their rights.

4. The state supreme court shall have jurisdiction of any action or proceeding by the trustee on behalf of such bondholders.

5. Before declaring the principal of bonds due and payable, the trustee shall first give thirty days' notice in writing to the authority.

§ 1197-i. State and municipalities not liable on authority bonds. Neither the state nor any municipality shall be liable on the bonds of the authority and such bonds shall not be a debt of the state or of any municipality.

§ 1197-j. Moneys of the authority. All moneys of the authority from whatever source derived shall be paid to the treasurer and shall be deposited forthwith in one or more banks and/or trust companies in the state designated by the authority. The moneys in such accounts shall be paid out on checks of the treasurer upon requisition by the chairperson of the authority or of such other officer or officers as the authority may authorize to make such requisitions. All deposits of such moneys shall be secured by obligations of or guaranteed by the United States of America or of the state of a market value equal at all times to the amount on deposit and all banks and trust companies are authorized to give such security for such deposits. Any moneys of the authority not required for immediate use or disbursement may, at the discretion of the authority, be invested in those obligations specified pursuant to the provisions of section ninety-eight-a of the state finance law. The authority shall have power, notwithstanding the provisions of this section, to contract with the holders of any bonds as to the custody, collection, security, investment and payment of any moneys of the authority or any moneys held in trust or otherwise for the payment of bonds or in any way to secure bonds. Moneys held in trust or otherwise for the payment of bonds or in any way to secure bonds and deposits of such moneys may be secured in the same manner as moneys of the authority and all banks and trust companies are authorized to give such security for such deposits.

§ 1197-k. Bonds legal investments for fiduciaries. The bonds of the authority are hereby made securities in which all public officials and bodies of the state and all municipalities, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations, including savings and loan associations, investment companies and other persons carrying on a banking business, and administrators, guardians, executors, trustees and other fiduciaries and all other persons whatsoever, who are now or may hereafter be authorized to invest in bonds or other obligations of the state, may properly and legally invest funds including capital in their control or belonging to them. The bonds are also hereby made securities which may be deposited with and may be received by all public officers and bodies of the state and all municipalities for any purposes for which the deposit of bonds or other obligations of the state is now or hereafter may be authorized.

§ 1197-l. Agreement with the state. The state does hereby pledge to and agree with the holders of any bonds issued by the authority pursuant to this title that the state will not alter or limit the rights hereby vested in the authority to fulfill the terms of any agreement made with or for the benefit of the holders of bonds or in any way impair the rights and remedies of bondholders until the bonds together with the interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of such holders, are fully met and discharged. The authority is authorized to include this pledge and agreement of the state in any agreement with bondholders.

§ 1197-m. Exemption from taxes, assessments and certain fees; payments in lieu of taxes. 1. It is hereby determined that the creation of the authority and the carrying out of its corporate purposes is in all respects for the benefit of the people of the state and is a public purpose, and the authority shall be regarded as performing a governmental function in the exercise of the powers conferred upon it by this title and shall not be required to pay any taxes, special ad valorem levies or special assessments upon any real property owned by it or any filing, recording or transfer fees or taxes in relation to instruments filed, recorded or transferred by it or on its behalf.

2. The authority may pay, or may enter into agreements with any municipality to pay, a sum or sums annually or otherwise or to provide other considerations to such municipality with respect to real property owned by the authority located within such municipality and constituting a part of its water system.

3. Any bonds issued pursuant to this title together with the income therefrom shall be exempt from taxation except for transfer and estate taxes. The revenues, moneys and all other property and all activities of the authority shall be exempt from all taxes and governmental fees or charges, whether imposed by the state or any municipality, including without limitation real estate taxes, franchise taxes, sales taxes or other excise taxes.

4. The state hereby covenants with the purchasers and with all subsequent holders and transferees of bonds issued by the authority pursuant to this title, in consideration of the acceptance of and payment for the bonds, that the bonds of the authority issued pursuant to this title and the income therefrom shall be exempt from such taxation, as aforestated in subdivision three of this section, and that all revenues, moneys, and other property pledged to secure the payment of such bonds shall at all times be free from such taxes as aforestated

in such subdivision.

5. Notwithstanding the above, nothing herein shall prevent the state from assessing a tax or surcharge against the water customers based on their water consumption, provided, however, that all such taxes and surcharges and the authority's obligation to collect and pay such taxes and surcharges shall be subordinate to the rights of holders of all of the authority's bonds and notes and to the payment of principal, premiums if any, and interest thereon.

§ 1197-n. Actions against the authority. 1. Except in an action for wrongful death, no action or proceeding shall be prosecuted or maintained against the authority for personal injury or damage to real or personal property alleged to have been sustained by reason of the negligence or wrongful act of the authority or any member, officer, agent or employee thereof, unless:

(a) a notice of claim shall have been made and served upon the authority within the time limit by and in compliance with section fifty-e of the general municipal law,

(b) it shall appear by and as an allegation in the complaint or moving papers that at least thirty days have elapsed since the service of such notice and that adjustment or payment thereof has been neglected or refused,

(c) the action or proceeding shall be commenced within one year and ninety days after the happening of the event upon which the claim is based, and

(d) An action against the authority for wrongful death shall be commenced in accordance with the notice of claim and time limitation provisions of title eleven of article nine of this chapter.

2. Wherever a notice of claim is served upon the authority, it shall have the right to demand an examination of the claimant relative to the occurrence and extent of the injuries or damages for which claim is made, in accordance with the provisions of section fifty-h of the general municipal law.

3. The authority may require any person presenting for settlement an account or claim for any cause whatever against the authority to be sworn before a member, counsel, or an attorney, officer or employee thereof designated for such purpose, concerning such account or claim and when so sworn, to answer orally as to any facts relative to such account or claim. The authority shall have power to settle or adjust all claims in favor of or against the authority.

4. The rate of interest to be paid by the authority upon any judgment for which it is liable, other than a judgment against the authority on bonds, shall not exceed six per centum per annum. Interest on payments of principal or interest on any bonds in default shall accrue at the rate borne by such bonds from the date thereof until paid or otherwise satisfied.

§ 1197-o. Conflicts of interest of members of the board of directors and officers and employees of the authority. No member of the board of directors or officer or employee of the authority shall have any interest in any contract, or take any action or otherwise involve himself or herself in any activity which, pursuant to article eighteen of the general municipal law, would be deemed a conflict of interest for a municipal officer or employee holding a position with a municipality similar to the position held by the member, officer or employee with the authority.

It shall not be deemed a conflict of interest for a person to simultaneously hold positions as a member and as an officer of the authority.

§ 1197-p. Construction and purchase contracts. The authority shall let contracts for construction or purchase of supplies, materials, or equipment pursuant to section one hundred three of the general municipal law. Nothing in this section shall be construed to limit the power of the authority to do any construction directly by the officers, agents and employees of the authority or to contract with a public utility, for a term not to exceed five years, for the operation and maintenance of a water supply system acquired from said public utility.

§ 1197-q. Authority; affirmative action. 1. All contracts for design, construction, services or materials for water projects authorized by this title shall require that such contracts and documents soliciting bids or proposals therefor shall contain or make reference to the following provisions:

(a) The contractor will not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability, or marital status, and will undertake or continue programs of affirmative action to insure that minority group persons and women are afforded equal employment opportunity without discrimination. Such action shall be taken with reference, but not be limited to recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, layoff, termination, rates of pay or other forms of compensation, and selections for training or retraining, including apprenticeship and on-the-job training.

(b) At the request of the authority, the contractor shall request each employment agency, labor union, or authorized representative of workers with which he or she has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, labor union or representative shall not discriminate because of race, creed, color, national origin, sex, age, disability or marital status and that such union or representative will cooperate in the implementation of the contractor's obligations hereunder.

(c) The contractor will state, in all solicitations or advertisements for employees placed by or on behalf of the contractor, in performance of the contract that all qualified applicants will be afforded equal employment opportunity without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

(d) The contractor will include the provisions of paragraphs (a) through (c) of this subdivision in every subcontract or purchase order in such a manner that such provisions will be binding upon each subcontractor or vendor as to its working connection with a contract.

2. The authority shall establish procedures and guidelines to ensure that contractors and subcontractors undertake programs of affirmative action as required by this section. Such procedures may require, after notice in a bid solicitation, the submission of an affirmative action program prior to the award of any contract, or at any time thereafter, and may require the submission of compliance reports relating to the operation and implementation of any affirmative action program adopted hereunder. Such procedures and guidelines shall be consistent with the guidelines promulgated by the office of federal contract compliance programs of the United States department of labor pursuant to presidential executive order eleven thousand two hundred forty-six, as amended, and any state statutory or regulatory requirements. The authority shall, in the promulgation of procedures and guidelines pursuant to this section, cooperate with any federal, state or local agency established for the purpose of implementing affirmative action compliance programs.

3. The authority shall seek meaningful participation in the performance of contracts by minority business enterprises and shall establish measures and procedures to identify those contracts and items of work for which minority business enterprises may best bid to actively and affirmatively promote and assist their participation so as to facilitate the award of a fair share of contracts to such enterprises. For purposes hereof, "minority business enterprise" shall mean any business enterprise which is at least fifty-one per centum owned by, or in the case of a publicly owned business, at least fifty-one per centum of the stock of which is owned by citizens or permanent resident noncitizens who are Black, Hispanic, Asian, American Indian or women, and such ownership interest is real, substantial and continuing. The provisions of this subdivision shall not be construed to limit the ability of any minority business enterprise to bid on any contract.

4. In the implementation of subdivisions two and three of this section, the authority shall consider compliance by any contractor with the requirements of any federal, state or local law concerning minority business enterprises or equal employment opportunity, which may effectuate the requirements of this section. If the authority determines

that by virtue of the imposition of the requirements of any such law, in respect to contracts affected by this section, that the provisions thereof duplicate or conflict with such law, the authority shall waive the applicability of this section to the extent of such duplication or conflict.

5. In order to implement the requirements and objectives of this section, the authority shall be responsible for monitoring the contractors' compliance with the provisions hereof, for advising contractors on the availability of competing qualified minority business enterprises to perform contracts proposed to be awarded and for making recommendations to contractors to improve the access of minority business enterprises to such contracts.

§ 1197-r. Charges by authority; method of collection. All rates, fees and other charges for the use or availability of the facilities or services or commodities provided or made available by the authority and billed directly by the authority to the user or service recipient pursuant to the rate schedules adopted by the authority as herein provided shall be a lien upon the real property upon which, or in connection with which, services are provided or are made available, as and from the first date fixed for a payment of such rates, fees and other charges. Any such lien shall take precedence over all other liens, or encumbrances, except taxes or assessments. The chief financial officer of the authority shall prepare and transmit to the Nassau county legislature, on or before the first day of November in each year, a list of those properties using such facilities or for which such facilities, services or commodities were provided or made available and from which the payment of rates, fees and other charges are in arrears for a period of ninety days or more after the last day fixed for payment of such rates, fees and other charges without penalty. The list shall contain a brief description of such properties, the names of the persons or corporations liable to pay for the same, and the amount chargeable to each, including penalties and interest, as applicable, computed to December thirty-first of that year. The Nassau county legislature shall levy such sums against the properties liable and shall state the amount thereof in a separate column in the annual tax rolls of the county under the heading "water charge". Such amounts, excluding penalties and interest imposed by the county when collected by the county collector or receivers of taxes, shall be paid over to the chief financial officer of the authority. County imposed penalties and interest shall be retained by the county collector or receiver of taxes which shall become a part of the general funds of the county. All of the provisions of the tax law of the state governing enforcement and collection of unpaid taxes or assessments for special improvements not inconsistent herewith shall apply to the collection of such unpaid rates, rentals, fees and other charges.

§ 1197-t. Acquisition by eminent domain. Notwithstanding any provision of the eminent domain procedure law to the contrary, in any proceeding brought by the authority pursuant to said law, title shall vest in the authority and compensation shall be paid only (a) upon a decision by the supreme court that compensation for the property so condemned shall be determined solely by the income capitalization method of valuation, based on the actual net income as allowed by the public service commission, and (b) upon such court's determination of the amount of such compensation, based upon the income capitalization method, entry of the final judgment, the filing of the final decree, and the conclusion of any appeal or expiration of the time to file an appeal related to the condemnation proceeding. Should any court determine that a method of compensation other than the income capitalization method be utilized, or if the proposed award is more than the rate base of the assets taken in condemnation as utilized by the public service commission in setting rates and as certified by the public service commission, the authority may withdraw the condemnation proceeding without prejudice or costs to any party.

§ 1197-y. Separability clause. If any section, clause or provision in this title shall be held by a competent court to be unconstitutional or ineffective in whole or in part, to the extent that it is not unconstitutional or ineffective, it shall be valid and effective, and no other section, clause or provision shall on account thereof be deemed invalid or ineffective.

§ 1197-z. Effect of inconsistent provisions. Insofar as the provisions of this title are inconsistent with the provisions of any other law, general, special or local or of any charter or any local ordinance or resolution of any municipality the provisions of this title shall be controlling, provided that nothing contained in this section shall be held to supplement or otherwise expand the powers or duties of the authority otherwise set forth in this title. Nothing contained in this title shall be held to alter or abridge the powers and duties of the department of environmental conservation or the department of health.

TITLE 8-C

WATER AUTHORITY OF WESTERN NASSAU COUNTY

§ 1198-a. Title. This title may be cited as the "water authority of Western Nassau county act".

§ 1198-b. Definitions. As used or referred to in this title, unless a different meaning clearly appears from the context:

1. "Authority" shall mean the corporation created by section eleven hundred ninety-eight-d of this title.

2. "Board of directors" shall mean the governing board of the authority.

3. "Bonds" shall mean the bonds, notes or other evidences of indebtedness issued by the authority pursuant to this title.

4. "Calendar year" shall mean the twelve month period from January first through December thirty-first.

5. "Chief executive officer" when referring to a municipality shall mean the chief elected official of such municipality and, when referring to the authority, shall mean the chairperson of the authority.

6. "Civil service commission" shall mean the civil service commission of the county of Nassau.

7. "Comptroller" shall mean the comptroller of the state of New York.

8. "Construction" shall mean the negotiation, acquisition, erection, building, alteration, improvement, testing, increase, enlargement, extension, reconstruction, interconnection, renovation or rehabilitation of a water facility as defined herein; the inspection and supervision thereof; and the engineering, architectural, legal, appraisal, fiscal,

economic and environmental investigations, services and studies, surveys, designs, plans, working drawings, specifications, procedures and other actions incidental thereto.

9. "Costs", as applied to any project, shall include the cost of construction, the cost of the acquisition of all property, including both real, personal and mixed, the cost of demolishing, removing or relocating any buildings or structures on lands so acquired including the cost of acquiring any land to which such buildings or structures may be moved or relocated, the cost of all systems, facilities, machinery, apparatus and equipment, financing charges and bond discount, interest to the extent not paid or provided for from revenues or other sources, the cost of engineering and architectural surveys, plans and specifications, bond insurance, bond credit enhancement arrangements, other expenses necessary or incidental to the construction of such project and the financing of the construction thereof, including the cost of legal and financial advices and credit arrangements with banks or other financial institutions, the amount authorized in the resolution of the authority providing for the issuance of bonds to be paid into any reserve or special fund from the proceeds of such bonds and the financing of the placing of any project in operation, including the reimbursement to any municipality, state agency, the state, the United States government, or any other person for expenditures made by them that would be costs of the project hereunder, notwithstanding the fact that such expenditures may have been incurred prior to the effective date of this title.

10. "County" shall mean the county of Nassau.

11. "Distribution system" shall mean the water facility or facilities employed to deliver water from a transmission facility, or where there is no transmission facility, from a supply facility, to the ultimate consumers of water.

12. "District" shall mean the water authority of Western Nassau county district created by section eleven hundred ninety-eight-c of this title.

13. "Governing body" shall mean:

(a) In the case of a city, county, town or village or district corporation the finance board as such term is defined in the local finance law.

(b) In the case of a public benefit corporation, the members thereof.

14. "Members" shall mean the members of the board of directors.

15. "Municipality" shall mean any city, county, town, village or county or town acting on behalf of an improvement district.

16. "Real property" shall mean lands, structures, franchises and interests in land, waters, lands under water, goundwater riparian rights and air rights and any and all things and rights customarily included within the term "real property" and includes not only fee simple absolute, but also any and all lesser interests including, but not limited to, easements, rights of way, uses, leases, licenses and all other incorporeal hereditaments and every estate, interest or right, legal or equitable, including terms for years and liens thereon by way of judgments, mortgages or otherwise.

17. "State sanitary code" shall mean regulations adopted pursuant to section two hundred twenty-five of the public health law.

18. "State" shall mean state of New York.

19. "State agency" shall mean any state office, public benefit corporation, department, board, commission, bureau or division, or other agency or instrumentality of the state.

20. "Supply facility" shall mean a water facility employed to make groundwater or surface water available for delivery into a transmission facility or distribution system.

21. "System revenues" shall mean all rates, rents, fees, charges, payments and other income and receipts derived from users of the authority without limiting the generality of the foregoing, investment

proceeds and proceeds of insurance, condemnation, sales or other dispositions of assets, together with all federal, state or municipal aid as well as any other income derived from the operation of the water facility of the authority.

22. "Transmission facility" shall mean a water facility used to carry water from a supply facility to a distribution system.

23. "Treasurer" shall mean the treasurer of the authority.

24. "Water facility" or "water facilities" shall mean any plants, structures and other real and personal property acquired, rehabilitated or constructed for the purpose of supplying, transmitting, distributing or treating water, including but not limited to surface or groundwater reservoirs, basins, dams, canals, aqueducts, standpipes, conduits, pipelines, mains, pumping stations, water distribution systems, compensating reservoirs, intake stations, waterworks or sources of water supply, wells, purification or filtration plants or other treatment plants and works, connections, water meters, rights of flowage or diversion and other plants, structures, equipment, towers, conveyances, real or personal property or rights therein and appurtenances thereto necessary or useful and convenient for the accumulation, supply, transmission, treatment or distribution of water.

25. "Water project" shall mean any water facility, including the planning, development, financing or construction thereof.

26. "Watershed rules" shall mean the rules and regulations made by the department of health pursuant to section eleven hundred of the public health law.

§ 1198-c. Water authority of Western Nassau county district. There is hereby created a district to be known as the "water authority of Western Nassau county district" which shall be defined as follows:

Beginning at the point of intersection of the boundary line between the City of New York and the County of Nassau and the center line of Hillside Avenue; thence northerly along the boundary line of the City of New York and Nassau County to the southerly line of the Lakeville Manhasset Water District; thence easterly along the southerly line of the Lakeville Manhasset Water District to a point approximately three hundred seventy-five (375) feet west of Gerard Avenue; thence northerly along the boundary line of the Lakeville Manhasset Water District to Marcus Avenue; thence easterly along the center line of Marcus Avenue to the center line of New Hyde Park Road; thence southerly and along the center line of New Hyde Park Road to a point of one hundred (100) feet north of Ashland Avenue, which is also the boundary line of the Garden City Water District; thence easterly along a line of one hundred (100) feet north of Ashland Avenue to a point one hundred fifty (150) feet east of Leonard Boulevard; thence southeasterly along the boundary line of the Garden City Park Water District to the center line of Denton Avenue to a point approximately seventy (70) feet north of Evergreen Avenue; thence southerly and along the center line of Denton Avenue to Jericho Turnpike; thence continuing southerly along the center line of Tanners Pond Road (Denton Avenue, to the Long Island Rail Road (main line)); thence westerly along the Long Island Rail Road to a point approximately one thousand one hundred fifty (1150) feet east of New Hyde Park Road; thence southerly along the center line of Hudson Road (Block N, Map of Nassau Haven) to the south side of Colonial Avenue; thence westerly along Colonial Avenue and Colvin Drive to the rear line of the property on the east side of Hathaway Drive; thence southerly to a point approximately two hundred (200) feet north of Fenimore Avenue; thence westerly to the rear line of the property on the west side of Hathaway Drive; thence northerly to the center line of New Hyde Park Road; thence southerly along the center line of New Hyde Park Road to the boundary line of the Franklin Square Water District (a line parallel to and approximately one hundred (100) feet south of Cambridge Avenue); thence southerly and westerly along said boundary line to the center line of Covert Avenue; thence southerly and along the center line of Covert Avenue to a point distant five hundred (500) feet more or less north of Hempstead Turnpike; thence westerly and following the boundary line of Franklin Square Water District (a line distant five hundred (500) feet more or less north of Hempstead Turnpike) to its intersection with the easterly side of Makofski Avenue; thence along the easterly side of Makofski Avenue to the center line of Old School Road; thence continuing southerly and along the center line of Old School Road to the center line of Atherton Avenue; thence easterly and along the center line of Atherton Avenue to the center line of Emporia Avenue; thence northerly and along the center line of Emporia Avenue to a point distant five hundred (500) feet more or less south of Hempstead Turnpike; thence easterly on a line parallel to and distant five hundred (500) feet more or less south of Hempstead Turnpike to the center line of Meachem Avenue; thence northerly along the center line of Meacham Avenue to the center line of American Avenue; thence easterly along the center line of American Avenue to a point distant one hundred (100) feet more or less east of Evans Avenue; thence southerly on a line distant one hundred (100) feet more or less east of and parallel to Evans Avenue to the boundry line of the Franklin Square Water District where the same deflects to the east and is parallel with Nelson Street; thence easterly to the center line of Franklin Avenue; thence continuing easterly on a line parallel to and one hundred (100) feet north of First Avenue to a point approximately five hundred seventy-three (573) feet more or less east of Fourth Street, said point being twenty-five (25) feet west of the easterly line of the Nassau County drainage easement and also being the westerly boundary line of the West Hempstead-Hempstead Gardens Water District; thence following the boundry line of the West Hempstead-Hempstead Gardens Water District and running in a southerly direction along a line parallel with and twenty-five (25) feet west of the easterly line of the Nassau County drainage easement a distance of one thousand three hundred fifty-seven (1357) feet more or less; thence in an easterly direction and along the rear lot lines between Anderson and Doughty Avenues, which is also the southerly line of the West Hempstead-Hempstead Gardens Water District, to a point one hundred (100) feet more or less south of Sprague Avenue; thence in a southeasterly direction following the southerly line of the West Hempstead-Hempstead Gardens Water District along the rear lot lines between Sprague and Craft Avenues to the easterly side of Hall Street; thence along the easterly side of Hall Street to the southerly side of Sprague Avenue; thence in an easterly direction along the southerly side of Sprague Avenue to the center line of Dogwood Avenue; thence in a southerly direction along the center line of Dogwood Avenue, which is also the boundary line of the Lakeview Water District, a distance of two thousand five hundred thirty (2530) feet more or less to the boundary line of the Village of Malverne; thence westerly, thence southerly along the westerly boundary line of the Village of Malverne and the center line of Foeter's Brook to the center line of Wolf Avenue; thence in a westerly direction along the center line of Wolf Avenue a distance of two hundred seventy (270) feet more or less to a point in Peterhoff Street, said point being distant five hundred (500) feet east of the center line of Franklin Avenue and five hundred (500) feet north of the Incorporated Village of Valley Stream boundary line; thence in a southerly direction along a line parallel with and distant five hundred (500) feet east of the center line of Franklin Avenue a distance of six hundred (600) feet more or less to the boundary line of the Incorporated Village of Valley Stream; thence westerly along the boundary line of the Incorporated Village of Valley Stream to a point at Cumberland Avenue and Foster Meadow Road, said point being the junction of the boundary line between the County of Nassau and the City of New York; thence northerly along the boundary line of the City of New York and the County of Nassau to the center line of Jericho Turnpike; thence easterly along the center line of Jericho Turnpike to the boundary line of the City of New York and the Village of Floral Park; thence northeasterly along the boundary line of the City of New York and the Village of Floral Park to Hillside Avenue to the point or place of beginning.

§ 1198-d. Water authority of Western Nassau county. 1. A corporation known as "water authority of Western Nassau county" is hereby created for the purposes and charged with the duties and having the powers provided in this title. The authority shall be a corporate governmental agency constituting a public benefit corporation and shall be a "public district" for the purposes of section eighty-nine-l of the public service law. The authority shall be governed by a board of directors consisting of nine members, two of whom shall be appointed by the town board of the town of Hempstead and one of whom shall be appointed by the town board of the town of North Hempstead in the same manner as officers and employees are appointed pursuant to paragraph a of subdivision one of section twenty of the town law. The village boards of the villages of Bellrose, Floral Park, Garden City, New Hyde Park, South Floral Park and Stewart Manor shall each appoint one member in the same manner as officers are appointed pursuant to subdivision three of section 3-301 of the village law. Each member shall serve for a period of two years. Members shall receive no compensation for their services but shall be entitled to reimbursement of their necessary expenses, including traveling expenses, incurred in the discharge of their duties. Nothing herein shall be construed as preventing a chief executive officer of a town from being appointed as a member of the board of directors.

2. Any one or more of the members of the board of directors may be an official or an employee of a municipality situated within the district. In the event that an official or an employee of such municipality shall be appointed as a member of the board of directors, acceptance or retention of such appointment shall not be deemed a forfeiture of his or her municipal office or employment, or incompatible therewith or affect his or her tenure or compensation in any way.

3. No action shall be taken by the authority except pursuant to the favorable vote of not less than fifty-one percent of the total authorized voting strength of the board of directors. The total authorized voting strength of the board of directors shall be equal to 100.0.

(a) The number of weighted votes possessed by each member of the board of directors shall be determined in accordance with paragraphs (c), (d) and (e) of this subdivision.

(b) No action shall be taken by the authority except pursuant to the favorable vote of at least: (i) fifty-one percent of the total authorized voting strength of the board of directors; and (ii) five members of the board of directors.

(c) The vote of each member shall be equal to one hundred multiplied by a fraction, the numerator of which shall be equal to the number of customers to whom water is supplied by the authority or any other public water supplier in the municipality from which such member was appointed and the denominator of which shall be equal to the number of customers to whom water is supplied by the authority or any other public water supplier in all of the municipalities within the district. Provided, however, in the case of the two members appointed by the town board of the town of Hempstead, the vote of each member shall be equal to fifty multiplied by such fraction.

(d) Based upon the water supplied to the municipalities within the district in the year nineteen hundred ninety-two, the voting shall be weighted as follows:

MEMBER APPOINTED BY THE TOWN OR VILLAGE BOARD OF THE:	AUTHORIZED NUMBER OF VOTES:
Town of Hempstead (1 member)	26.6
Town of Hempstead (1 member)	26.6
Village of Floral Park	14.6
Village of New Hyde Park	10.5
Town of North Hempstead	15.1
Village of Stewart Manor	2.4
Village of Bellrose	1.5
Village of South Floral Park	1.4
Village of Garden City	1.3

Total	100.0

(e) Commencing on the first day of April, nineteen hundred ninety-three and every four years thereafter, the authorized number of votes of each member shall be adjusted in accordance with the formula set forth in paragraph (c) of this subdivision to reflect the total number of customers to whom water is supplied by the authority or any other public water supplier in each municipality within the district during the two calendar years immediately preceding the date on which the adjustment is being made.

(f) Any person serving on the board of directors as of April first, nineteen hundred ninety-two may be appointed to represent any municipality pursuant to the provisions of subdivision one of this section. Provided, however, that the two-year term of such person shall be considered to have started on the date of his or her original appointment and will expire two years from the date of such appointment.

4. The powers of the authority shall be vested in and shall be exercised by the board of directors at a meeting duly called and held.

Six members of the board of directors, who together are authorized to cast a majority of the weighted vote, shall constitute a quorum. The board of directors may delegate to one or more of its members, or to one or more of the officers, agents or employees of the authority, such powers and duties as it may deem proper.

5. The officers of the authority shall consist of a chairperson, treasurer, and secretary, who may, but need not be members of the board of directors. The officers of the authority shall be appointed by the board of directors. The board of directors may appoint and at its pleasure remove an attorney and an engineer, which positions, in addition to the officers above named, shall be in the exempt class of the civil service and such additional officers and employees as it may require for the performance of its duties, fix and determine their qualifications, duties, compensations and terms of office or tenure, subject to the provisions of the civil service law of the state and such rules as the civil service commission may adopt and make applicable to the authority. The authority may also from time to time contract for expert professional services. The duties of the officers shall be as follows:

(a) Chairperson. The chairperson shall be the chief executive officer of the authority and it shall be the responsibility of the chairperson to:

(i) preside at all meetings of the board of directors and of the officers;

(ii) manage the water facility, the transmission facility and the distribution system and to effectuate the decisions of the board of directors;

(iii) exercise supervision over the conduct of the officers and employees of the authority;

(iv) report annually to each customer, either by mail or by publication once in a newspaper having general circulation within the district; such report shall include but not be limited to the following information:

(1) a brief financial account on operations of the water system including, but not limited to, water rates, total revenues, operating and maintenance expense, and interest on bonds and notes;

(2) the population served by the authority;

(3) the number of wells, towers and other storage facilities operated by the authority;

(4) the total pumpage of groundwater including the amount received through interdistrict interconnections and the estimated amount lost from the system;

(5) the single highest level from each well of each synthetic organic chemical, nitrate and chloride constituent tested for by the authority at any time during the year which exceeds the applicable county water quality standard or guideline, that standard or guideline, the site of each well at which each reported constituent was found, and the date on which each reported constituent was analyzed;

(6) the highest level from each well of each synthetic organic chemical, nitrate and chloride constituent tested for by the authority at any time during the year which does not exceed the applicable county water standard or guideline, but which contains a level equal to or greater than two-thirds of the amount permitted before exceeding a standard or guideline, that standard or guideline, the site of each well at which each reported constituent was found and the date on which each reported constituent was analyzed;

(7) once every five years, the highest level of any constituent discovered within the distribution system which contains a level equal to or greater than two-thirds of the amount permitted before exceeding a standard or guideline, that standard or guideline, and the resulting action taken by the authority;

(8) any well restricted, removed from service or otherwise limited in its use and the cause for such action;

(9) any actions taken to secure new supplies or replace lost capacity;

(10) the types of treatment which the water receives before entering the distribution system;

(11) any compliance activities required by regulations of the department of environmental conservation or the department of health or any local health department and any instances of noncompliance;

(12) the present condition of the distribution system and any significant actions, as determined by the authority, to improve or maintain the system;

(13) any special public services the authority provides during the

year; and

(14) information on water conservation measures customers can implement, such as, but not limited to, retrofitting plumbing fixtures, altering irrigation timing, using irrigation sensors, leak detection, proper use of water-consuming appliances, daily conscientious use of water and estimated savings of water, energy, and money, from use of these measures;

(v) execute all contracts in the name of the authority;

(vi) institute, at the direction of the board of directors, all civil actions in the name of the authority;

(vii) provide for the enforcement of all of the rules and regulations of the authority and cause all violations thereof to be prosecuted;

(viii) sign orders to pay claims when authorized by the board of directors;

(ix) sign checks in the absence or inability of the treasurer or deputy treasurer, if any, when authorized by the board of directors; and a certified copy of a resolution of the board of directors to that effect shall be notice to the depository of such authorization;

(x) appoint, subject to the approval of the board of directors, non-elected officers, counsel, accountants, and other financial advisors, engineers and other technical advisors;

(xi) employ, promote and discharge managers, supervisors and employees; and

(xii) take all other reasonable and necessary actions to carry out his or her office as the chief executive of the authority. If the chairperson has not been appointed as a member of the board of directors of the authority pursuant to this section, such chairperson shall be deemed an ex officio member of the board of directors. Such status shall not carry with it the right to vote on matters coming before the board of directors nor shall the presence of such chairperson be counted for the purpose of determining a quorum.

(b) Secretary. (i) The secretary shall be the recording and corresponding officer of the authority and the custodian of the records of the authority.

(ii) The secretary shall prepare and send required notices of all meetings when directed to do so by the chairperson or by the written request of four members who have specified the issues to be discussed at

the meeting.
(iii) In the absence or disability of the secretary, the chairperson may appoint a temporary secretary.
(c) Treasurer. (i) The treasurer shall have custody of all moneys belonging to the authority and keep accounts of all receipts and expenditures in conformance with a uniform system of accounts formulated and prescribed by the comptroller pursuant to section thirty-six of the general municipal law.
(ii) The treasurer shall execute a bond, conditioned upon the faithful performance of the duties of his or her office, the amount and sufficiency of which shall be approved by the board of directors and the premium therefor shall be paid by the authority.
(iii) The treasurer shall deposit, within ten days after receipt thereof, in the name of the authority, in one or more banks, and/or trust companies, designated by the board of directors, all moneys received by him or her.
(iv) The treasurer may sign checks with the facsimile signature of the treasurer, as reproduced by a machine or device commonly known as a checksigner, when authorized by the board of directors.
(v) The treasurer shall pay out moneys from the authority treasury only as authorized by the board of directors and by law. All such payments, except as may be authorized by the board of directors for a petty cash account, shall be by check.
(vi) The treasurer shall issue a report on the finances of the authority at each regular meeting of the board of directors.
(vii) The treasurer shall file in the office of the authority, within sixty days after the end of the fiscal year, a statement showing in detail all revenues and expenditures during the previous fiscal year and the outstanding indebtedness of the authority as of the end of the fiscal year. The members shall, within ten days, cause to be published once in a newspaper having general circulation within the district, a notice that the annual financial statement has been filed and is available for inspection or a summary of such statement in a form approved by the comptroller, with an endorsement thereon that details thereof are on file in the office of the authority. The members shall cause to be audited by a certified public accountant engaged for that purpose, such report and supporting records.

6. The officers of the authority shall receive such compensation for their services as shall be fixed by the board of directors and shall be reimbursed for all necessary and actual expenses incurred in connection with their duties as such officers and in connection with the carrying out of the purposes of this title.

7. The authority and its corporate existence shall continue until terminated by law or terminated pursuant to an affirmative vote of at least six members of the board of directors, who together are authorized to cast at least ninety-five votes, to retain the water supply system within the district which is in existence as of the effective date of this title; provided, however, that no such law or vote shall take effect so long as the agency shall have bonds or other obligations outstanding unless adequate provision has been made for the payment or satisfaction thereof. Except as provided in paragraph (d) of subdivision one of section eleven hundred ninety-eight-e of this article, upon termination of the existence of the authority, all of the rights and properties of the authority then remaining shall pass to and vest in the municipalities within the district. Such property shall be apportioned and distributed so each municipality shall receive the property located within its boundaries.

8. In addition to any powers granted to it by law, the governing body of each of the municipalities within the district, from time to time, may appropriate sums of money to defray project costs or any other costs and expenses of the authority. Subject to the rights of bondholders, each governing body may determine if the moneys so appropriated shall be subject to repayment by the authority to the municipalities, and in such event, the manner and time or times for such repayment.

9. Neither the public service commission nor any other board or commission of like character, shall have jurisdiction over the authority in the management and control of its properties or operations or any power over the regulation of rates fixed or charges collected by the authority.

10. For the purposes of article fifteen-A of the executive law only, the authority shall be deemed a state agency as that term is used in such article, and its contracts for design, construction, services and materials shall be deemed state contracts within the meaning of that term as set forth in such article.

11. It is hereby determined and declared that the authority and the carrying out of its powers, purposes and duties are in all respects for the benefit of the people of the municipalities within the district and state, for the improvement of their health, welfare and prosperity and that the said purposes are public purposes and that the authority is and will be performing an essential governmental function in the exercise of the powers conferred upon it by this title.

§ 1198-e. Responsibilities of the authority. The authority shall have the responsibility to: 1. investigate, analyse and evaluate various options for the distribution of water to the district, including, but not limited to, the following:

(a) The purchase, in the name of the authority, or in the name of any municipality or municipalities, of any water facility or distribution system or parts thereof involved in the supply of water to the district;

(b) The operation of any water facility or distribution system or parts thereof by any public water suppliers which operate in geographic areas adjacent to the district;

(c) The creation of additional water authorities to supply water to portions of the district as described in section eleven hundred ninety-eight-c of this article; and

(d) The retention of the water supply system within the district which is in existence as of the effective date of this title.

2. Following any purchase pursuant to paragraph (a) of subdivision one of this section:

(a) Meter service to its customers; and

(b) Repair and maintain that portion of a water supply pipe extending from the water mains to the water meter. For purposes of this paragraph "water supply pipe" shall mean a pipe or line which connects the water mains directly to a customer's water meter.

§ 1198-f. Powers of the authority. Except as otherwise limited by this title, the authority shall have the power to:

1. sue and be sued;

2. have a seal and alter the same at pleasure;

3. borrow money and issue negotiable or non-negotiable notes, bonds, or other obligations and to provide for the rights of the holders thereof;

4. enter into contracts and execute all instruments necessary or convenient or desirable for the purposes of the authority to carry out any powers expressly given it in this title;

5. acquire, by purchase, gift, grant, transfer, contract or lease or by condemnation pursuant to the eminent domain procedure law, lease as lessee, hold and use and to sell, lease as lessor, transfer or otherwise dispose of, any real or personal property or any interest therein, within or without the district, as the authority may deem necessary, convenient or desirable to carry out the purpose of this title; provided, however, that the authority may not condemn real property of a municipality without the consent of the governing body of such municipality;

6. purchase, in the name of the authority, any water supply system, including plants, works, instrumentalities or parts thereof and appurtenances thereto, lands, easements, rights in land and water rights, rights-of-way, contract rights, franchises, permits, approaches, connections, dams, wells, pumps, reservoirs, water mains and pipe lines, pumping stations, treatment facilities, meters, equipment and inventory, or any other property incidental to and included in such system or part thereof, and any improvements, extensions and betterments, situated wholly within the district, provided, however, that the authority shall

have the power to purchase any source of supply, or water supply system or any part thereof situated wholly or partly without the territorial limits of the district, provided same shall be necessary in order to supply water within the district; and in connection with the purchase of such properties the authority may assume any obligations of the owner of such properties and, to the extent required by the terms of any indentures or other instruments under which such obligations were issued, the authority may assume and agree to perform covenants and observe the restrictions contained in such instruments; and furthermore the owner of any properties, which the authority is authorized to acquire, is hereby authorized to sell or otherwise transfer the same to the authority, whereupon the authority shall become charged with the performance of all public duties with respect to such properties with which such owner was charged and such owner shall become discharged from the performance thereof, as a means of so acquiring for such purpose, the authority may purchase all of the stock of any existing privately owned water corporation or company and in the case of a sale or other transfer of properties of a public utility corporation pursuant to this provision, upon the purchase of the stock of such corporation or company it shall be lawful to dissolve such corporation within a reasonable time;

7. construct, improve or rehabilitate water supply facilities required for the maintenance, development or expansion of water supply sources;

8. operate and manage and to contract for the operation and management of facilities of the authority;

9. enter into contracts, and carry out the terms thereof, for the wholesale provision of water produced by supply facilities constructed and operated by the authority, to municipalities and private water companies and to carry out the terms thereof, for the transmission of water from new or existing supply facilities;

10. apply to the appropriate agencies and officials of the federal, state and local governments for such licenses, permits or approvals of its plans or projects as it may deem necessary or advisable, and upon

such terms and conditions as it may deem appropriate, to accept, in its discretion, such licenses, permits or approvals as may be tendered to it by such agencies and officials;

11. take all necessary and reasonable actions within the district to conserve, preserve and protect the water supply to the district, including the making of plans and studies, the adoption of watershed rules and regulations, the enforcing of compliance with all current and future rules and regulations of the state sanitary code with regard to water supply and usage, the requiring of cross-connection controls, the providing of educational material and programs to the public, and the cooperating with water suppliers outside the district to conserve, preserve and protect the entire water reserve as it is affected within and outside the authority's supply area;

12. retain or employ counsel, auditors, engineers and private consultants on a contract basis or otherwise for rendering professional or technical services and advice;

13. make plans and studies necessary, convenient or desirable for the effectuation of the purposes and powers of the authority and to prepare recommendations in regard thereto;

14. prepare a water supply emergency plan which shall include, but not be limited to, the following:

(a) establishment of criteria and procedures to determine critical water levels or safe yield of system;

(b) identification of existing and future sources of water under normal conditions and emergency conditions;

(c) system capacity and ability to meet peak demand and fire flows concurrently;

(d) storage capacities;

(e) current condition of present interconnections and identification of additional interconnections to meet a water supply emergency;

(f) specific action plan to be followed during a water supply emergency including a phased implementation of the plan;

(g) general water conservation programs and water use reduction strategies for water supply users;

(h) prioritization of water users;

(i) identification and availability of emergency equipment needed during a water supply emergency; and

(j) public notification program coordinated with the phased implementation schedule; such plan shall not be adopted until a public hearing on such plan shall have been held, upon not less than fourteen days' notice thereof to each customer, either by mail or by publication once in a newspaper having general circulation within the district; every five years, such plan shall be reviewed and revised if necessary after a public hearing, with notice to each customer as aforesaid;

15. enter upon such lands, waters, or premises as in the judgment of the authority shall be necessary for the purpose of making surveys, soundings, borings and examinations to accomplish any purpose authorized by this title, the authority being liable only for actual damage done;

16. apply for and to accept any gifts or grants or loans of funds or property or financial or other aid in any form from the federal government or any agency or instrumentality thereof, or from the state or any agency or instrumentality thereof, or from any other source, for any or all of the purposes specified in this title, and to comply, subject to the provisions of this title, with the terms and conditions thereof;

17. obtain, store, treat, distribute, supply and sell water for domestic, commercial and public purposes at retail to individual consumers within the district;

18. purchase water from any municipal corporation, town water district, person, association or corporation;

19. produce, develop, distribute and sell water or water services within or without the territorial limits of the district; provided, however, that water may be sold at retail to individual consumers only within the district and further provided that in exercising the powers granted by this title, the authority shall not sell water in any area

which is served by a water system owned or operated by a municipality or special improvement district unless the governing body of such municipality or district shall adopt a resolution requesting the authority to sell water in such served areas;

20. make bylaws for the management and regulation of its affairs and rules and regulations for the conservation, preservation and protection of the authority's water supply and, subject to agreements with bondholders, rules for the sale of water and the collection of rents and charges therefor. A copy of such rules, regulations and bylaws and any rules and regulations adopted pursuant to subdivision eleven of this section, and all amendments thereto, duly certified by the secretary of the authority shall be filed in the office of the municipalities within the district and thereafter published once in a newspaper having general circulation within the district. Violation of such rules and regulations shall be punishable by fine, not exceeding fifty dollars, or by imprisonment for not longer than thirty days, or both;

21. fix rates and collect charges for the use of the facilities of, or services rendered by, or any commodities furnished by the authority such as to provide revenues sufficient at all times to pay, as the same shall become due, the principal and interest on the bonds, or other obligations of the authority together with the maintenance of proper reserves therefor, in addition to paying as the same shall become due, the expense of operating and maintaining the properties of the authority together with proper maintenance reserves, capital reserves, repair reserves, tax stabilization reserves and other contingency reserves, and all other obligations and indebtedness of the authority; however, no such rates or charges shall be changed until a public hearing on such changes shall have been held upon not less than fourteen days' notice thereof to each customer, either by mail or by publication once in a newspaper having general circulation within the district;

22. enter into cooperative agreements with other authorities, municipalities, counties, cities, towns, villages, water districts, utility companies, individuals, firms or corporations, within or without the territorial limits of the district for the interconnection of

facilities, the exchange or interchange of services and commodities, the conservation, preservation and protection of the authority's water reserve as it is affected within and outside the authority's supply area, and, within the territorial limits of the district, to enter into a contract for the construction, operation and maintenance of a water supply and distribution system by the authority for any municipality having power to construct and develop a water supply and distribution system, upon such terms and conditions as shall be determined to be reasonable including, but not limited to the reimbursement of all costs of such construction, or for any other lawful purposes necessary or desirable to effect the purposes of this title;

23. provide for the discontinuance or disconnection of the supply of water for nonpayment of fees, rates, rents or other charges therefor imposed by the authority, provided such discontinuance or disconnection of any supply of water shall not be carried out except in the manner and upon the notice as is required of a waterworks corporation pursuant to subdivisions three-a, three-b and three-c of section eighty-nine-b and section one hundred sixteen of the public service law;

24. contract for, provide and maintain such insurance as it deems necessary or reasonable to:

(a) secure and protect its real and personal property from fire, theft or other calamity or loss;

(b) secure and protect it against liability imposed by law for damages or injuries to persons or property;

(c) secure and protect it against any liability which may be imposed pursuant to section eighteen of the public officers law; and

(d) secure and protect it against any other liability, casualty or loss as it deems necessary or reasonable; and

25. do all things necessary, convenient or desirable to carry out its purposes and for the exercise of the powers granted in this title.

§ 1198-g. Transfer of officers and employees. Any public officer or employee under civil service, selected by the authority may, with the consent of the commission, board, department or municipality by which he or she has been employed, be transferred to the authority and shall be eligible for such transfer and appointment without examination to comparable offices, positions and employment under the authority. The salary or compensation of any such officer or employee shall after such transfer be paid by the authority, but notwithstanding the provisions of this title, any such officers or employees so transferred to the authority, pursuant to the provisions of this section, who are members of or beneficiaries under any existing pension or retirement system, shall continue to have all rights, privileges, obligations and status with respect to such fund system or systems as are now prescribed by law, but during the period of their employment by the authority, all contributions to any pension or retirement fund or system to be paid by the employer on account of such officers and employees, shall be paid by the authority; and all such officers and employees who have been appointed to positions under the rules and classifications of the civil service commission shall have the same status with respect thereto after transfer to the authority as they had under their original appointments. The appointment and promotion of all employees of the authority shall be made in accordance with the provisions of the civil service law and such rules as the civil service commission may adopt and make applicable to the authority.

§ 1198-h. Bonds of the authority. 1. The authority shall have the power and is hereby authorized from time to time to issue bonds, in conformity with applicable provisions of the uniform commercial code, in such principal amounts as it may determine to be necessary to pay the cost of any water project or projects or for any other corporate purposes, including incidental expenses in connection therewith. The authority shall have power from time to time to refund any bonds by the issuance of new bonds whether the bonds to be refunded have or have not matured, and may issue bonds partly to refund bonds then outstanding and partly for any other corporate purpose. Bonds issued by the authority may be general obligations secured by the faith and credit of the authority or may be special obligations payable solely out of particular revenues or other moneys of the authority as may be designated in the proceedings of the authority under which the bonds shall be authorized to be issued, subject to any agreements with the holders of outstanding bonds pledging particular revenues or moneys.

2. The authority is authorized to obtain from any department or agency of the United States of America or nongovernmental insurer any insurance or guaranty, or any other credit enhancement arrangement with any bank or other financial institution to the extent now or hereafter available, as to, or for the payment or repayment of interest or principal, or both, or any part thereof, on any bonds issued by the authority and to enter into any agreement or contract with respect to any such insurance or guaranty, except to the extent that the same would in any way impair or interfere with the ability of the authority to perform and fulfill the terms of any agreement made with the holders of the bonds of the authority.

3. Bonds shall be authorized by resolution of the authority, and may be in such denominations and bear such date or dates and mature at such time or times as such resolution may provide except that bonds and any renewal thereof shall mature within forty years of the date of their original issuance and notes and any renewal thereof shall mature within five years of the date of their original issuance. Such bonds shall be subject to such terms of redemption, bear interest at such rate or rates, which may vary from time to time, as may be necessary to effect the sale thereof and shall be payable at such times, be in such form, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, and be subject to such terms and conditions as such resolution may provide. Bonds may be sold at public sale or at private sale for such price or prices as the authority shall determine, provided that no issue of bonds may be sold at private sale unless the terms of such sale shall have been approved in writing by:

(a) the comptroller, where such sale is not to the comptroller, or

(b) the director of the division of the budget of the state, where such sale is to the comptroller.

4. Any resolution or resolutions authorizing bonds or any issue of

bonds by the authority may contain provisions which may be part of the contract with the holders of the bonds thereby authorized as to:

(a) pledging all or part of its revenues, together with any other moneys, securities, contracts or property, to secure the payment of the bonds, subject to such agreements with bondholders as may then exist;

(b) the rates, rentals, fees and other charges to be fixed and collected and the amounts to be raised in each year thereby, and the use and disposition of the earnings and other revenues;

(c) the setting aside of reserves and the creation of sinking funds and the regulation and disposition thereof;

(d) limitations on the purpose to which the proceeds from the sale of bonds may be applied;

(e) limitations on the right of the authority to restrict and regulate the use of any project or part thereof in connection with which bonds are issued;

(f) limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and the refunding of outstanding or other bonds;

(g) the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, including the proportion of bondholders which must consent thereto and the manner in which such consent may be given;

(h) the creation of special funds into which any revenues or other moneys may be deposited;

(i) the terms and provisions of any trust deed or indenture securing the bonds under which the bonds may be issued;

(j) vesting in a trustee or trustees such properties, rights, powers and duties in trust as the authority may determine, which may include any or all of the rights, powers and duties of the trustee appointed by the bondholders pursuant to section eleven hundred ninety-eight-i of this title and limiting or abrogating the rights of the bondholders to appoint a trustee under such section or limiting the rights, duties and powers of such trustee;

(k) defining the acts or omissions to act which may constitute a default in the obligations and duties of the authority to the bondholders and providing for the rights and remedies of the bondholders in the event of such default, including as a matter of right the appointment of a receiver, provided, however, that such rights and remedies shall not be inconsistent with the general laws of the state and other provisions of this title;

(l) limitations on the power of the authority to sell or otherwise dispose of any system or any part thereof or other property;

(m) limitations on the amount of revenues and other moneys to be expended for operating, administrative or other expenses of the authority;

(n) the protection and enforcement of the rights and remedies of the bondholders;

(o) the obligations of the authority in relation to the construction, maintenance, operation, repairs and insurance of the properties, the safeguarding and application of all moneys and as to the requirements for the supervision and approval of consulting engineers in connection with construction, reconstruction and operation;

(p) the payment of the proceeds of bonds, revenues and other moneys to a trustee or other depository, and for the method of disbursement thereof with such safeguards and restrictions as the authority may determine; and

(q) any other matters of like or different character which in any way affect the security or protection of the bonds or the rights and remedies of bondholders.

5. In addition to the powers herein conferred upon the authority to secure its bonds, the authority shall have power in connection with the issuance of bonds to enter into such agreements as the authority may deem necessary, consistent or desirable concerning the use or disposition of its revenues or other moneys or property, including remarketing agreements or other similar agreements for the bonds, the mortgaging of any property and the entrusting, pledging or creation of any other security interest in any such revenues, moneys, or property and the doing of any act, including refraining from doing any act, which the authority would have the right to do in the absence of such agreements. The authority shall have power to enter into amendments of any such agreements within the powers granted to the authority by this title and to perform such agreements. The provisions of any such agreements may be made a part of the contract with the holders of bonds

of the authority.

6. Any provision of the uniform commercial code to the contrary notwithstanding, any pledge of or other security interest in revenues, moneys, accounts, contract rights, general intangibles or other personal property made or created by the authority shall be valid, binding and perfected from the time when such pledge is made or other security interest attaches without any physical delivery of the collateral or further act, and the lien of any such pledge or other security interest shall be valid, binding and perfected against all parties having claims of any kind in tort, contract or otherwise against the authority irrespective of whether or not such parties have notice thereof. No instrument by which such a pledge or security interest is created nor any financing statement need be recorded or filed.

7. Whether or not the bonds of the authority are of such form and character as to be negotiable instruments under the terms of the uniform commercial code, the bonds are hereby made negotiable instruments within the meaning of and for all purposes of the uniform commercial code, subject only to the provisions of the bonds for registration.

8. Neither the members of the board of directors nor the officers of the authority nor any person executing bonds shall be liable personally thereon or be subject to any personal liability or accountability solely by reason of the issuance thereof.

9. The authority, subject to such agreements with bondholders as then may exist, shall have power out of any moneys available therefor to purchase bonds of the authority in lieu of redemption, at a price not exceeding:

(a) if the bonds are then redeemable, the redemption price then applicable, plus accrued interest to the next interest payment date,

(b) if the bonds are not then redeemable, the redemption price then applicable on the first date after such purchase upon which the bonds become subject to redemption plus accrued interest to the next interest payment date.

10. The authority shall have power and is hereby authorized to issue negotiable bond anticipation notes in conformity with applicable provisions of the uniform commercial code and may renew the same from time to time but the maximum maturity of any such note, including renewals thereof, shall not exceed five years from the date of issue of such original note. Such notes shall be paid from any moneys of the authority available therefor and not otherwise pledged or from the proceeds of sale of the bonds of the authority in anticipation of which they were issued. The notes shall be issued in the same manner as the bonds and such notes and the resolution or resolutions authorizing the same may contain any provisions, conditions or limitations which the bonds or bond resolution of the authority may contain. Such notes may be sold at public sale or, upon the approval of the comptroller of the terms thereof, at private sale. Such notes shall be as fully negotiable as the bonds of the authority.

§ 1198-i. Remedies of bondholders. 1. In the event that the authority shall default in the payment of principal of or interest on any issue of the bonds after the same shall become due, whether at maturity or upon call for redemption, and such default shall continue for a period of thirty days, or in the event that the authority shall fail or refuse to comply with the provisions of this title, or shall default in any agreement made with the holders of any issue of the bonds, the holders of twenty-five per centum in aggregate principal amount of the bonds of such issue then outstanding, by instrument or instruments filed in the office of the clerk of the applicable county and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of such bonds for the purposes herein provided.

2. Such trustee may, and upon written request of the holders of twenty-five per centum in principal amount of such bonds outstanding shall, in his or her own name:

(a) by action or proceeding in accordance with the civil practice law and rules, enforce all rights of the bondholders and require the authority to carry out any other agreements with the holders of such bonds and to perform its duties under this title;

(b) bring an action or proceeding upon such bonds;

(c) by action or proceeding, require the authority to account as if it were the trustee of an express trust for the holders of such bonds;

(d) by action or proceeding, enjoin any acts or things which may be unlawful or in violation of the rights of the holders of such bonds; and

(e) declare all such bonds due and payable, and if all defaults shall be made good, then with the consent of the holders of twenty-five per centum of the principal amount of such bonds then outstanding, annul such declaration and its consequences.

3. Such trustee shall in addition to the foregoing have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth herein or incidental to the general representation of bondholders in the enforcement and protection of their rights.

4. The state supreme court shall have jurisdiction of any action or proceeding by the trustee on behalf of such bondholders.

5. Before declaring the principal of bonds due and payable, the trustee shall first give thirty days' notice in writing to the authority.

§ 1198-j. State and municipalities not liable on authority bonds. Neither the state nor any municipality shall be liable on the bonds of the authority and such bonds shall not be a debt of the state or of any municipality.

§ 1198-k. Moneys of the authority. All moneys of the authority from whatever source derived shall be paid to the treasurer and shall be deposited forthwith in one or more banks and/or trust companies in the state designated by the authority. The moneys in such accounts shall be paid out on checks of the treasurer upon requisition by the chairperson of the authority or of such other officer or officers as the authority may authorize to make such requisitions. All deposits of such moneys shall be secured by obligations of or guaranteed by the United States of America or of the state of a market value equal at all times to the amount on deposit and all banks and trust companies are authorized to give such security for such deposits. Any moneys of the authority not required for immediate use or disbursement may, at the discretion of the authority, be invested in those obligations specified pursuant to the provisions of section ninety-eight-a of the state finance law. The authority shall have power, notwithstanding the provisions of this section, to contract with the holders of any bonds as to the custody, collection, security, investment and payment of any moneys of the authority or any moneys held in trust or otherwise for the payment of bonds or in any way to secure bonds. Moneys held in trust or otherwise for the payment of bonds or in any way to secure bonds and deposits of such moneys may be secured in the same manner as moneys of the authority and all banks and trust companies are authorized to give such security for such deposits.

§ 1198-l. Bonds legal investments for fiduciaries. The bonds of the authority are hereby made securities in which all public officials and bodies of the state and all municipalities, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations, including savings and loan associations, investment companies and other persons carrying on a banking business, and administrators, guardians, executors, trustees and other fiduciaries and all other persons whatsoever, who are now or may hereafter be authorized to invest in bonds or other obligations of the state, may properly and legally invest funds including capital in their control or belonging to them. The bonds are also hereby made securities which may be deposited with and may be received by all public officers and bodies of the state and all municipalities for any purposes for which the deposit of bonds or other obligations of the state is now or hereafter may be authorized.

§ 1198-m. Agreement with the state. The state does hereby pledge to and agree with the holders of any bonds issued by the authority pursuant to this title that the state will not alter or limit the rights hereby vested in the authority to fulfill the terms of any agreement made with or for the benefit of the holders of bonds or in any way impair the rights and remedies of bondholders until the bonds together with the interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of such holders, are fully met and discharged. The authority is authorized to include this pledge and agreement of the state in any agreement with bondholders.

§ 1198-n. Exemption from taxes, assessments and certain fees; payments in lieu of taxes. 1. It is hereby determined that the creation of the authority and the carrying out of its corporate purposes is in all respects for the benefit of the people of the state and is a public purpose, and the authority shall be regarded as performing a governmental function in the exercise of the powers conferred upon it by this title and shall not be required to pay any taxes, special ad valorem levies or special assessments upon any real property owned by it or any filing, recording or transfer fees or taxes in relation to instruments filed, recorded or transferred by it or on its behalf.

2. The authority may pay, or may enter into agreements with any municipality to pay, a sum or sums annually or otherwise or to provide other considerations to such municipality with respect to real property owned by the authority located within such municipality and constituting a part of its water system.

3. Any bonds issued pursuant to this title together with the income therefrom shall be exempt from taxation except for transfer and estate taxes. The revenues, moneys and all other property and all activities of the authority shall be exempt from all taxes and governmental fees or charges, whether imposed by the state or any municipality, including without limitation real estate taxes, franchise taxes, sales taxes or other excise taxes.

4. The state hereby covenants with the purchasers and with all

subsequent holders and transferees of bonds issued by the authority pursuant to this title, in consideration of the acceptance of and payment for the bonds, that the bonds of the authority issued pursuant to this title and the income therefrom shall be exempt from such taxation, as aforestated in subdivision three of this section, and that all revenues, moneys, and other property pledged to secure the payment of such bonds shall at all times be free from such taxes as aforestated in such subdivision.

5. Notwithstanding the above, nothing herein shall prevent the state from assessing a tax or surcharge against the water customers based on their water consumption, provided, however, that all such taxes and surcharges and the authority's obligation to collect and pay such taxes and surcharges shall be subordinate to the rights of holders of all of the authority's bonds and notes and to the payment of principal, premiums if any, and interest thereon.

§ 1198-o. Actions against the authority. 1. No action or proceeding shall be prosecuted or maintained against the authority for personal injury or damage to real or personal property alleged to have been sustained by reason of the negligence or wrongful act of the authority or any member, officer, agent or employee thereof, unless:

(a) a notice of claim shall have been made and served upon the authority within the time limit by and in compliance with section fifty-e of the general municipal law,

(b) it shall appear by and as an allegation in the complaint or moving papers that at least thirty days have elapsed since the service of such notice and that adjustment or payment thereof has been neglected or refused, and

(c) the action or proceeding shall be commenced within one year and ninety days after the happening of the event upon which the claim is based.

2. Wherever a notice of claim is served upon the authority, it shall have the right to demand an examination of the claimant relative to the occurrence and extent of the injuries or damages for which claim is

made, in accordance with the provisions of section fifty-h of the general municipal law.

3. The authority may require any person presenting for settlement an account or claim for any cause whatever against the authority to be sworn before a member, counsel, or an attorney, officer or employee thereof designated for such purpose, concerning such account or claim and when so sworn, to answer orally as to any facts relative to such account or claim. The authority shall have power to settle or adjust all claims in favor of or against the authority.

4. The rate of interest to be paid by the authority upon any judgment for which it is liable, other than a judgment against the authority on bonds, shall not exceed six per centum per annum. Interest on payments of principal or interest on any bonds in default shall accrue at the rate borne by such bonds from the date thereof until paid or otherwise satisfied.

§ 1198-p. Conflicts of interest of members of the board of directors and officers and employees of the authority. No member of the board of directors or officer or employee of the authority shall have any interest in any contract, or take any action or otherwise involve himself or herself in any activity which, pursuant to article eighteen of the general municipal law, would be deemed a conflict of interest for a municipal officer or employee holding a position with a municipality similar to the position held by the member, officer or employee with the authority.

It shall not be deemed a conflict of interest for a person to simultaneously hold positions as a member and as an officer of the authority.

§ 1198-q. Construction and purchase contracts. The authority shall let contracts for construction or purchase of supplies, materials, or equipment pursuant to sections one hundred one and one hundred three of the general municipal law. Nothing in this section shall be construed to limit the power of the authority to do any construction directly by the officers, agents and employees of the authority or to contract with a public utility, for a term not to exceed five years, for the operation and maintenance of a water supply system acquired from said public utility.

§ 1198-r. Acquisition by eminent domain. Notwithstanding any provision of the eminent domain procedure law to the contrary, in any proceeding brought by the authority pursuant to such law, title shall vest in the authority and compensation shall be paid only (a) upon a decision by the supreme court that compensation for the property so condemned shall be determined solely by the income capitalization method of valuation, based on the actual net income as allowed by the public service commission, and (b) upon such court's determination of the amount of such compensation, based upon the income capitalization method, entry of the final judgment, the filing of the final decree, and the conclusion of any appeal or expiration of the time to file an appeal related to the condemnation proceeding. Should any court determine that a method of compensation other than the income capitalization method be utilized, or if the proposed award is more than the rate base of the assets taken in condemnation as utilized by the public service commission in setting rates and as certified by the public service commission, the authority may withdraw the condemnation proceeding without prejudice or costs to any party.

§ 1198-s. Separability clause. If any section, clause or provision in this title shall be held by a competent court to be unconstitutional or ineffective in whole or in part, to the extent that it is not unconstitutional or ineffective, it shall be valid and effective, and no other section, clause or provision shall on account thereof be deemed invalid or ineffective.

§ 1198-t. Effect of inconsistent provisions. Insofar as the provisions of this title are inconsistent with the provisions of any other law, general, special or local or of any charter or any local ordinance or resolution of any municipality the provisions of this title shall be controlling, provided that nothing contained in this section shall be held to supplement or otherwise expand the powers or duties of the authority otherwise set forth in this title. Nothing contained in this title shall be held to alter or abridge the powers and duties of the department of environmental conservation or the department of health.

TITLE 8-D
Rensselaer County Water and Sewer Authority

§ 1199. Short title. This title shall be known and may be cited as the "Rensselaer county water and sewer authority act."

§ 1199-a. Definitions. As used or referred to in this title, unless a different meaning clearly appears from the context:

1. "Authority" means the corporation created by section one thousand one hundred ninety-nine-c of this title.

2. "Bonds" means the bonds, notes or other evidences of indebtedness issued by the authority pursuant to this title, and the provisions of this title relating to bonds and bondholders shall apply with equal force and effect to notes and noteholders, respectively, unless the context otherwise clearly requires.

3. "Civil service commission" means the civil service commission of the county.

4. "Comptroller" means the comptroller of the state.

5. "Construction" means the acquisition, erection, building, alteration, improvement, increase, enlargement, extension, reconstruction, renovation or rehabilitation of a water, sewerage or water and sewerage system, as the case may be; the inspection and supervision thereof; and the engineering, architectural, legal, fiscal and economic investigations and studies, surveys, designs, plans, working drawings, specifications, procedures and other actions preliminary or incidental thereto.

6. "Cost" as applied to any project, includes the cost of construction, the cost of the acquisition of all property, including real property and other property, both real and personal and improved and unimproved, the cost of demolishing, removing or relocating any buildings or structures on lands so acquired, including the cost of acquiring any lands to which such buildings or structures may be moved or relocated, the cost of all systems, facilities, machinery, apparatus and equipment, financing charges, interest prior to, during and after construction to the extent not paid or provided for from revenues or other sources, the cost of engineering and architectural surveys, plans and specifications, the cost of consultant and legal services, the cost of lease guarantee or bond insurance and the cost of other expenses necessary or incidental to the construction of such project and the financing of the construction thereof, including the amount authorized in the resolution of the authority providing for the issuance of bonds to be paid into any reserve or other special fund from the proceeds of such bonds and the financing of the placing of any project in operation, including reimbursement to the county, or any municipality, state agency, the state, the United States government, or any other person for expenditures that would be costs of the project hereunder had they been made directly by the authority.

7. "County" means the county of Rensselaer.

8. "County executive" means the county executive of the county.

9. "County legislature" means the county legislature of the county.

10. "District" means the Rensselaer county water and sewer district created by section one thousand one hundred ninety-nine-b of this title.

11. "Distribution system" means the water facility or facilities employed to deliver water from a transmission facility, or where there is no transmission facility, from a supply facility, to the ultimate consumers of such water.

12. "Governing body" means the members of the authority constituting

and acting as the governing body of the authority.

13. "Municipality" means any county, city, town, village, improvement district under the town law, any other such instrumentality, including any agency, or public corporation of the state, or any of the foregoing or any combination thereof.

14. "Person" means any natural person, partnership, association, joint venture or corporation, exclusive of a public corporation.

15. "Project" means any water facility, sewerage facility or water and sewerage facility.

16. "Properties" means the water, sewerage and water and sewerage system or systems of the authority, whether situated within or without the territorial limits of the district, including the plants, works, structures, instrumentalities or part thereof and appurtenances thereto, real property, water facilities, sewerage facilities or any other property incidental to and included in such system or systems or part thereof, and any improvements, extensions and betterments.

17. "Real property" means lands, structures, franchises, rights and interests in land, waters, lands underwater, riparian rights and air rights and any and all things and rights included within said term and includes not only fees simple absolute, but also any and all lesser interests including, but not limited to, easements, rights-of-way, uses, leases, licenses and all other incorporeal hereditaments and every estate, interest or right, legal or equitable, including terms for years and liens thereon by way of judgments, mortgages or otherwise.

18. "Revenues" means all rates, rents, fees, charges, payments and other income and receipts derived from the operation of the properties of the authority including, without limiting the generality of the foregoing, investment proceeds and proceeds of insurance, condemnation, and sale or other disposition of assets, together with all federal, state or municipal aid.

19. "Sewage" means the water-carried human or animal wastes from residences, buildings, industrial establishments or other places, together with such groundwater infiltration and surface water as may be present. The admixture with sewage of industrial or other waste also shall be considered "sewage" within the meaning of this title.

20. "Sewerage facility" or "sewerage facilities" means any plants, structures and other real and personal property acquired, rehabilitated or constructed or planned for the purpose of collecting, conveying, pumping, treating, neutralizing, storing and disposing of sewage, including but not limited to main, trunk, intercepting, connecting, lateral, outlet or other sewers, outfalls, pumping stations, treatment and disposal plants, groundwater recharge basins, back-flow prevention devices, sludge dewatering or disposal equipment and facilities, clarifiers, filters, phosphorus removal equipment and other plants, works, structures, equipment, vehicles, conveyances, contract rights, franchises, approaches, connections, permits, real or personal property or rights therein and appurtenances thereto necessary or useful and convenient for the collection, conveyance, pumping, treatment, neutralizing, storing and disposing of sewage.

21. "State" means the state of New York.

22. "State agency" means any state officer, public benefit corporation, department, board, commission, bureau or division, or other agency or instrumentality of the state.

23. "Supply facility" means a water facility employed to make groundwater or surface water available for delivery into a transmission facility or distribution system.

24. "Transmission facility" means a water facility used to carry water from a supply facility to a distribution system.

25. "Water facility" or "water facilities" means any plants, structures and other real and personal property acquired, rehabilitated or constructed or planned for the purpose of accumulating, supplying,

transmitting, treating or distributing water, including but not limited to surface or groundwater reservoirs, basins, dams, canals, aqueducts, standpipes, conduits, pipelines, mains, pumping stations, pumps, water distribution systems, compensating reservoirs, intake stations, waterworks or sources of water supply, wells, purification or filtration plants or other treatment plants and works, contract rights, franchises, approaches, connections, permits, water meters, rights of flowage or diversion and other plants, structures, equipment, vehicles, conveyances, real or personal property or rights therein and appurtenances thereto necessary or useful and convenient for the accumulation, supply, transmission, treatment or distribution of water.

§ 1199-b. Rensselaer county water and sewer district. There is hereby defined and established an area to be known as the "Rensselaer county water and sewer district" which shall embrace all the territory located within the county of Rensselaer that is not, as of the effective date of this title, located within the incorporated limits of a city.

§ 1199-c. Rensselaer county water and sewer authority. 1. A public corporation, to be known as the "Rensselaer county water and sewer authority" is hereby created for the public purposes and charged with the duties and having the powers provided in this title. The authority shall be a body corporate and politic constituting a public benefit corporation, the objects of which in the judgment of the legislature cannot be attained under general laws. It shall consist of five members, who shall be residents of the county and be appointed by the county executive; one upon recommendation of the chairman of the county legislature and one upon recommendation of the minority leader, no more than three members shall be members of the same political party. The first members appointed by the county executive shall be appointed for the following terms of office: one for a term ending on December thirty-first of the second year following the year in which this title shall have become law, two for a term ending on December thirty-first of the third year following the year in which this title shall have become law; and two for a term ending on December thirty-first of the fourth year following the year in which this title shall have become law. Subsequent appointments of members shall be made for a term of three years ending in each case on December thirty-first of the last year of such term. All members shall continue to hold office until their successors are appointed and qualify. Vacancies shall be filled in the manner provided for original appointment. Vacancies, occurring otherwise than by expiration of term of office, shall be filled by appointment for the unexpired terms. Members may be removed from office for the same reasons and in the same manner as may be provided by law for the removal of officers of the county. The members of the authority shall receive such salary as shall be determined by local law. They shall receive no reimbursement for the ordinary expenses of attending meetings, but may by resolution by the authority be allowed their expenses of a special or extraordinary nature. A member may receive additional compensation to be fixed by the county, if appointed an officer of the authority. The powers of the authority shall be vested in and be exercised by the governing body at a meeting duly called and held where a quorum of three members are present. No action shall be taken except pursuant to the favorable vote of at least three members. The governing body may delegate to one or more of its members, officers, agents or employees such powers and duties as it may deem proper.

2. The officers of the authority shall consist of a chairman, a vice-chairman and a treasurer, who shall be members of the authority, and a secretary, who need not be a member of the authority. Such officers shall be appointed by the governing body and shall serve in such capacities at the pleasure of the governing body. In addition to the secretary, the governing body may appoint and at pleasure remove such additional officers and employees as it may determine necessary for the performance of the powers and duties of the authority which position shall be in the exempt class of civil service, and fix and determine their qualifications, duties and compensation, subject to the provisions of the civil service law. The governing body may also from time to time contract for expert professional services. The treasurer shall execute a bond, conditioned upon the faithful performance of the duties of his or her office, the amount and sufficiency of which shall be approved by the governing body and the premium therefor shall be paid by the authority.

3. Notwithstanding any inconsistent provision of any general, special or local law, ordinance, resolution or charter, no officer, member or employee of the state, any municipality, or any public benefit corporation, shall forfeit his or her office or employment by reason of his or her acceptance of appointment as a member, officer, agent or employee of the authority, nor shall service as such member, officer, agent or employee be deemed incompatible or in conflict with such office, membership or employment.

4. (a) The county executive shall file on or before March thirty-first of the year following the year in which this title shall have become a law, in the office of the secretary of state, a certificate signed by the county executive setting forth: (1) the name of the authority; (2) the names of the members appointed by the county executive and their terms of office; and (3) the effective date of this title. The authority shall be perpetual in duration, except that if such certificate is not filed with the secretary of state on or before such date, then the corporate existence of the authority shall thereupon terminate and it shall thereupon be deemed to be and shall be dissolved.

(b) Except as provided in paragraph (a) of this subdivision, the authority and its corporate existence shall continue until terminated by law, provided, however, that no such law shall take effect so long as the authority shall have bonds or other obligations outstanding unless adequate provision has been made for the payment or satisfaction thereof. Upon termination of the existence of the authority, all of the rights and properties of the authority then remaining shall pass to and vest in the county.

5. It is hereby determined and declared, that the authority and the carrying out of its powers and duties are in all respects for the benefit of the people of the county and the state for the improvement of their health, welfare and prosperity and that such purposes are public purposes and that the authority is and will be performing an essential governmental function in the exercise of the powers conferred upon it by this title.

§ 1199-d. Powers of the authority. The authority shall have the power:

1. To sue and be sued;

2. To have a seal and alter the same at pleasure;

3. To borrow money and issue bonds or other obligations and to provide for the rights of the holders thereof;

4. To enter into contracts and to execute all instruments necessary or convenient or desirable for the purposes of the authority to carry out any powers expressly given it in this title;

5. To acquire, by purchase, gift, grant, transfer, contract or lease or by condemnation pursuant to the eminent domain procedure law, lease as lessee, hold, and use any real or personal property or any interest therein, as the authority may deem necessary, convenient or desirable to carry out the purpose of this title; provided however, that the authority may not condemn real property of a municipality of the state unless such municipality shall consent thereto;

6. To purchase, in the name of the authority, any water facility or sewerage facility, and any improvements, extensions and betterments, situated wholly within the district, provided, however, that the authority shall have the power to purchase any source of supply, supply facility or transmission facility or any part thereof situated wholly or partly without the territorial limits of the district, provided the same shall be necessary in order to supply water within the district; and in connection with the purchase of such properties, the authority may assume any obligations of the owner of such properties and, to the extent required by the terms of any indentures or other instruments under which such obligations were issued, the authority may assume and agree to perform covenants and observe the restrictions contained in such instruments; and furthermore the owner of any properties, which the authority is authorized to acquire, is hereby authorized to sell or otherwise transfer the same to the authority, whereupon the authority

shall become charged with the performance of all public duties with respect to such properties with which such owner was charged and such owner shall become discharged from the performance thereof, and as a means of so acquiring for such purpose, the authority may purchase all of the stock of any existing privately owned water corporation or company and in the case of a sale or other transfer of properties of a public utility corporation pursuant to this provision, upon the purchase of the stock of such corporation or company it shall be lawful to dissolve such corporation within a reasonable time;

7. To construct, improve, maintain, develop, expand or rehabilitate water facilities or sewerage facilities;

8. To operate and manage and to contract for the operation and management of properties of the authority;

9. To enter into contracts, and carry out the terms thereof, for the wholesale provision of water produced by supply facilities constructed and operated by the authority, to municipalities and private water companies and to carry out the terms thereof, for the transmission of water from new or existing supply facilities;

10. To enter into contracts with municipalities for the collection, treatment and disposal of sewage;

11. To apply to the appropriate agencies and officials of the federal, state and local governments for such licenses, permits or approvals of its plans or projects as it may deem necessary or advisable, and upon such terms and conditions as it may deem appropriate, and to accept, in its discretion, such licenses, permits or approvals as may be tendered to it by such agencies and officials;

12. To appoint such officers and employees as are required for the performance of its duties, to fix and determine their qualifications, duties and compensation, and to retain or employ counsel, auditors, engineers and private consultants on a contract basis or otherwise for rendering professional or technical services and advice;

13. To make plans and studies necessary, convenient or desirable for the effectuation of the purposes and powers of the authority and to prepare recommendations in regard thereto;

14. To enter upon such lands, waters or premises as in the judgment of the authority shall be necessary for the purpose of making surveys, soundings, borings and examinations to accomplish any purpose authorized by this title, the authority being liable only for actual damage done;

15. To apply for and to accept any gifts or grants or loans of funds or property or financial or other aid in any form from the federal government or any agency or instrumentality thereof, or from the state or any agency or instrumentality thereof or from any other source, for any or all of the purposes specified in this title, and to comply, subject to the provisions of this title, with the terms and conditions thereof;

16. To supply and sell water for domestic, commercial and public purposes at retail to individual consumers within the district and to collect, treat and discharge sewage produced for such purposes by such generators;

17. To purchase water in bulk from any person, private corporation or municipality when necessary or convenient for the operation of such water system;

18. To produce, develop, distribute and sell water or sewerage services within or without the territorial limits of the district; and to purchase water from any municipal corporation, town water district, person, association or corporation; provided, however, that water and sewerage services may be sold at retail to individual consumers only within the district and further provided that in exercising the powers granted by this title, the authority shall not sell water or sewerage services in any area which is served by a water system or sewerage system owned or operated by a municipality or special improvement district unless the governing body of such municipality or district

shall adopt a resolution requesting the authority to sell water or sewerage services, as the case may be, in such served areas;

19. To make by-laws for the management and regulation of its affairs and subject to agreements with bondholders, rules for the sale of water or collection of sewage and the collection of rents and charges therefor. A copy of such rules and by-laws, and all amendments thereto, duly certified by the secretary of the authority shall be filed in the office of the county clerk of the county. In addition, the county legislature by local law shall have power to prescribe that violation of specific by-laws of the authority, published once in a newspaper having a general circulation in the county, shall be punishable by fine, not exceeding fifty dollars, or by imprisonment for not longer than thirty days, or both;

20. To fix rates and collect charges for the use of the facilities of, or services rendered by, or any commodities furnished by the authority such as to provide revenues sufficient at all times to pay, as the same shall become due, the principal and interest on the bonds or other obligations of the authority together with the maintenance of proper reserves therefor, in addition to paying as the same shall become due the expense of operating and maintaining the properties of the authority together with proper reserves for maintenance, contingencies and all other obligations and indebtedness of the authority;

21. To enter into cooperative agreements with other authorities, municipalities, counties, towns, villages, water districts, utility companies, individuals, firms or corporations, within or without the territorial limits of the district, for the interconnection of facilities, the exchange or interchange of services and commodities, and within the territorial limits of the district to enter into a contract for the construction and operation and maintenance of a water or sewerage system by the authority for any municipality having power to construct and develop a water or sewerage system, upon such terms and conditions as shall be determined to be reasonable including but not limited to the reimbursement of all costs of such construction, or for any other lawful purposes necessary or desirable to effect the purposes

of this title;

22. To provide for the discontinuance or disconnection of water or sewerage service, or both, as the case may be, for non-payment of fees, rates, rents or other charges therefor imposed by the authority, provided such discontinuance or disconnection of any water or sewerage service, or both, as the case may be, shall not be carried out except in the manner and upon the notice as is required of a waterworks corporation pursuant to subdivisions three-a, three-b and three-c of section eighty-nine-b and section one hundred sixteen of the public service law;

23. To act as a county water agency in accordance with the provisions of article five-A of the county law; and

24. To do all things necessary, convenient or desirable to carry out its purposes and for the exercise of the powers granted in this title.

§ 1199-e. Advances on behalf of the authority; transfer of property to authority; acquisition of property by county for authority. 1. In addition to any powers granted to it by law, the county from time to time may appropriate sums of money to or on behalf of the authority to defray project costs or any other costs and expenses of the authority. Subject to the rights of bondholders, the county may determine if the moneys so appropriated shall be subject to repayment by the authority to the county and, in such event, the manner and time or times for such repayment.

2. The county or any other municipality may give, grant, sell, convey, loan, license the use of or lease to the authority any property or facility which is useful to the authority in order to carry out its powers under this title. Any such transfer of property shall be upon such terms and conditions, subject to the rights of the holders of any bonds, as the authority and the county or other municipality may agree.

3. The county may acquire by purchase or by exercise of the power of

eminent domain real property in the name of the county for any corporate purpose of the authority.

4. Notwithstanding the provisions of any other law, general, special or local to the contrary, real property acquired by the authority or the county from the state may be used for any corporate purpose of the authority.

§ 1199-f. Governmental capacity of the authority and municipalities. The authority, the county and the other municipalities, in carrying out their respective powers and duties under this title, shall be deemed to be acting in a governmental capacity and in the performance of an essential governmental function.

§ 1199-g. Transfer of officers and employees. Any public officer or employee in the public service who is selected by the authority may, with the consent of the commission, board, or chief executive officer of the municipality by which he or she has been employed, be transferred to the authority and shall be eligible for such transfer and appointment without examination to comparable offices, positions and employment under the authority. The salary or compensation of any such officer or employee, after such transfer, shall be paid by the authority. Any such officers or employees so transferred to the authority pursuant to this section, who are members of or benefit under any existing pension or retirement fund or system, shall continue to have all rights, privileges, obligations and status with respect to such fund or system as are now prescribed by law, but during the period of their employment by the authority, all contributions to such funds or systems to be paid by the employer on account of such officers or employees shall be paid by the authority. All such officers or employees so transferred to the authority who have been appointed to positions under the rules and classifications of the civil service commission shall have the same status with respect thereto after transfer to the authority as they had under their original appointment.

§ 1199-h. Bonds of the authority. 1. The authority shall have the power and is hereby authorized from time to time to issue bonds in such principal amounts as it may determine to be necessary to pay the cost of any project or for any other corporate purpose, including incidental expenses in connection therewith. The authority shall have power and is hereby authorized to enter into such agreements and perform such acts as may be required under any applicable federal legislation to secure a federal guarantee of any bonds. The authority shall have power from time to time to refund any bonds by the issuance of new bonds, whether the bonds to be refunded have or have not matured, and may issue bonds partly to refund bonds then outstanding and partly for any other corporate purpose. Bonds issued by the authority may be general obligations secured by the faith and credit of the authority or may be special obligations payable solely out of particular revenues or other moneys as may be designated in the proceedings of the authority under which the bonds shall be authorized to be issued, subject only to any agreements with the holders of outstanding bonds pledging any particular revenues, earnings, or moneys.

2. The authority is authorized to obtain from any department or agency of the United States of America or the state or any nongovernmental insurer or financial institution any insurance, guaranty or other credit support device, to the extent now or hereafter available, as to, or for the payment or repayment of interest or principal, or both, or any part thereof, on any bonds issued by the authority and to enter into any agreement or contract with respect to any such insurance or guaranty, except to the extent that the same would in any way impair or interfere with the ability of the authority to perform and fulfill the terms of any agreement made with the holders of outstanding bonds of the authority.

3. Bonds shall be authorized by resolution of the authority, be in such denominations, bear such date or dates and mature at such time or times as such resolution may provide, except that bonds and any renewals thereof shall mature within forty years from the date of original issuance of any such bonds. Obligations with a maturity of five years or

less from the date of their original issuance may be designated as notes. Bonds shall be subject to such terms of redemption, bear interest at such rate or rates per annum payable at such times, be in such form, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, and be subject to such terms and conditions as such resolution may provide. Bonds may be sold at public or private sale for such price or prices as the authority shall determine, provided that no bonds of the authority, other than obligations designated as notes, may be sold by the authority at private sale unless such sale and the terms thereof have been approved in writing by the comptroller, where such sale is not to be to such comptroller, or by the state director of the budget, where such sale is to be to the comptroller. The authority may pay all expenses, premiums and commissions which it may deem necessary or advantageous in connection with the issuance and sale of bonds.

4. Any resolution or resolutions authorizing bonds or any issue of bonds may contain provisions which may be a part of the contract with the holders of the bonds thereby authorized as to:

(a) pledging all or any part of the revenues of the authority, together with any other moneys or property of the authority to secure the payment of the bonds, including but not limited to any contracts, earnings or proceeds of any grant to the authority received from any private or public source;

(b) the setting aside of reserves and the creation of sinking funds and the regulation and disposition thereof;

(c) limitations on the purpose to which the proceeds from the sale of bonds may be applied;

(d) the rates, rents, fees and other charges to be fixed and collected by the authority and the amount to be raised in each year thereby, and the use and disposition of revenues;

(e) limitations on the right of the authority to restrict and regulate the use of the project or part thereof in connection with which bonds are issued;

(f) limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured and the refunding of outstanding or other bonds;

(g) the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, the amount of bonds the holders of which must consent thereto, and the manner in which such consent may be given;

(h) the creation of special funds into which any revenues or moneys may be deposited;

(i) the terms and provisions of any trust, deed, mortgage or indenture securing the bonds under which the bonds may be issued;

(j) vesting in a trustee or trustees such properties, rights, powers and duties in trust as the authority may determine which may include any or all of the rights, powers and duties of the trustee appointed by the bondholders pursuant to section one thousand one hundred ninety-nine-i of this title and limiting or abrogating the rights of the bondholders to appoint a trustee under such section or limiting the rights, duties and powers of such trustee;

(k) defining the acts or omissions to act which may constitute a default in the obligations and duties of the authority to the bondholders and providing for the rights and remedies of the bondholders in the event of such default, including as a matter of right the appointment of a receiver, provided, however, that such rights and remedies shall not be inconsistent with the general laws of the state and other provisions of this title;

(l) limitations on the power of the authority to sell or otherwise dispose of any project or any part thereof;

(m) limitations on the amount of revenues and other moneys to be expended for operating, administrative or other expenses of the authority;

(n) the payment of the proceeds of bonds, revenues and other moneys to a trustee or other depository, and for the method of disbursement thereof with such safeguards and restrictions as the authority may determine; and

(o) any other matters of like or different character which may in any way affect the security or protection of the bonds or the rights and remedies of bondholders.

5. In addition to the powers herein conferred upon the authority to secure its bonds, the authority shall have power in connection with the

issuance of bonds to enter into such agreements as the authority may deem necessary, convenient or desirable concerning the use or disposition of its revenues or other moneys or property, including the mortgaging of any of its properties and the entrusting, pledging or creation of any other security interest in any such revenues, moneys or properties and the doing of any act (including refraining from doing any act) which the authority would have the right to do in the absence of such agreements. The authority shall have power to enter into amendments of any such agreements within the powers granted to the authority by this title and to perform such agreements. The provisions of any such agreements may be made a part of the contract with the holders of bonds of the authority.

6. Any provision of the uniform commercial code to the contrary notwithstanding, any pledge of or other security interest in revenues, moneys, accounts, contract rights, general intangibles or other personal property made or created by the authority shall be valid, binding and perfected from the time when such pledge is made or other security interest attaches without any physical delivery of the collateral or further act, and the lien of any such pledge or other security interest shall be valid, binding and perfected against all parties having claims of any kind in tort, contract or otherwise against the authority irrespective of whether or not such parties have notice thereof. No instrument by which such a pledge or security interest is created nor any financing statement need be recorded or filed.

7. Whether or not the bonds are of such form and character as to be negotiable instruments under the terms of the uniform commercial code, the bonds are hereby made negotiable instruments within the meaning of and for all the purposes of the uniform commercial code, subject only to the provisions of the bonds for registration.

8. Neither the members of the authority nor any person executing bonds shall be liable personally thereon or be subject to any personal liability or accountability by reason of the issuance thereof.

9. The authority, subject to such agreements with bondholders as then

may exist, shall have power out of any moneys available therefor to purchase bonds of the authority, which shall thereupon be cancelled.

§ 1199-i. Remedies of bondholders. Subject to any resolution or resolutions adopted pursuant to paragraph (j) of subdivision four of section one thousand one hundred ninety-nine-h of this title:

1. In the event that the authority shall default in the payment of principal or of interest on any issue of bonds after the same shall become due, whether at maturity or upon call for redemption, and such default shall continue for a period of thirty days, or in the event that the authority shall fail or refuse to comply with the provisions of this title or shall default in any agreement made with the holders of any issue of bonds, the holders of twenty-five percent in aggregate principal amount of the bonds of such issue then outstanding, by instrument or instruments filed in the office of the clerk of the county and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of such bonds for the purpose herein provided.

2. Such trustee may and, upon written request of the holders of twenty-five percent in principal amount of such bonds outstanding, shall in his, her or its own name:

(a) by action or proceeding in accordance with the civil practice law and rules, enforce all rights of the bondholders, including the right to require the authority to collect rents, rates and charges adequate to carry out any agreement as to, or pledge of, such rents, rates and charges and to require the authority to carry out any other agreements with the holders of such bonds to perform its duties under this title;

(b) bring an action or proceeding upon such bonds;

(c) by action or proceeding, require the authority to account as if it were the trustee of an express trust for the holders of such bonds;

(d) by action or proceeding, enjoin any acts or things which may be unlawful or in violation of the rights of the holders of such bonds; and

(e) declare all such bonds due and payable, and if all defaults shall be made good, then with the consent of the holders of twenty-five percent of the principal amount of such bonds then outstanding, annul such declaration and its consequences.

3. Such trustee shall in addition to the foregoing have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth herein or incident to the general representation of bondholders in the enforcement and protection of their rights.

4. The supreme court shall have jurisdiction of any action or proceeding by the trustee on behalf of such bondholders. The venue of any such action or proceeding shall be laid in the county.

5. Before declaring the principal of bonds due and payable, the trustee shall first give thirty days notice in writing to the authority.

6. Any such trustee, whether or not the issue of bonds represented by such trustee has been declared due and payable, shall be entitled as of right to the appointment of a receiver of any part or parts of the properties the revenues of which are pledged for the security of the bonds of such issue, and, subject to any pledge or agreement with holders of such bonds, such receiver may enter and take possession of such part or parts of the properties and shall take possession of all moneys and other property derived from such part or parts of such properties and proceed with any construction thereon or the acquisition of any property, real or personal, in connection therewith which the authority is under obligation to do, and to operate, maintain and reconstruct such part or parts of the properties and collect and receive all revenues thereafter arising therefrom subject to any pledge thereof or agreement with bondholders relating thereto and perform the public duties and carry out the agreements and obligations of the authority under the direction of the court. In any suit, action or proceeding by the trustee, the fees, counsel fees and expenses of the trustee and of the receiver, if any, shall constitute taxable disbursements and all costs and disbursements allowed by the court shall be a first charge on any revenues derived from the properties.

§ 1199-j. State and county not liable on authority bonds. Neither the state nor the county shall be liable on the bonds of the authority and such bonds shall not be a debt of the state, or the county, and such bonds shall contain, on the face thereof, a statement to such effect.

§ 1199-k. Moneys of the authority. All moneys of the authority from whatever source derived shall be paid to the treasurer of the authority and shall be deposited forthwith in a bank or banks in the state designated by the governing body. The moneys in such accounts shall be paid out on check of the treasurer upon requisition by the governing body or of such other person or persons as the governing body may authorize to make such requisitions. All deposits of such moneys shall be secured by obligations of the United States or of the state or of the county of a market value equal at all times to the amount on deposit and all banks and trust companies are authorized to give such security for such deposits. The authority shall have power, notwithstanding the provisions of this section, to contract with the holders of any bonds as to the custody, collection, security, investment and payment of any moneys of the authority or any moneys held in trust or otherwise for the payment of bonds or in any way to secure bonds, and to carry out any such contract notwithstanding that such contract may be inconsistent with the provisions of this section. Moneys held in trust or otherwise for the payment of bonds or in any way to secure bonds and deposits of such moneys may be secured in the same manner as moneys of the authority and all banks and trust companies are authorized to give such security for such deposits. Any moneys of the authority not required for immediate use or disbursement may, at the discretion of the authority, be invested in those obligations specified pursuant to the provisions of section ninety-eight-a of the state finance law. Subject to the provisions of any contract with bondholders and with the approval of the comptroller, the authority shall prescribe a system of accounts.

§ 1199-l. Bonds legal investments for fiduciaries. The bonds of the authority are hereby made securities in which all public officials and bodies of the state and all municipalities, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations, including savings and loan associations, investment companies and other persons carrying on a banking business, and administrators, guardians, executors, trustees and other fiduciaries and all other persons whatsoever, who are now or may hereafter be authorized to invest in bonds or other obligations of the state, may properly and legally invest funds including capital in their control or belonging to them. The bonds are also hereby made securities which may be deposited with and may be received by all public officers and bodies of this state and all municipalities for any purposes for which the deposit of bonds or other obligations of this state is now or hereafter may be authorized.

§ 1199-m. Agreement of the state. The state does hereby pledge to and agree with the holders of any bonds issued by the authority pursuant to this title that the state will not alter or limit the rights hereby vested in the authority to purchase, construct, maintain, operate, repair, improve, increase, enlarge, extend, reconstruct, renovate, rehabilitate or dispose of any project, or any part or parts thereof, for which bonds of the authority shall have been issued, to establish and collect rates, rents, fees and other charges referred to in this title and to fulfill the terms of any agreement made with or for the benefit of the holders of the bonds or with any public corporation or person with reference to such project or part thereof, or in any way impair the rights and remedies of the bondholders, until the bonds, together with the interest thereon, including interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of such holders, are fully met and discharged. The authority is authorized to include this pledge and agreement of the state in any agreement with bondholders.

§ 1199-n. Exemption from taxes, assessments and certain fees. 1. It is hereby determined that the creation of the authority and the carrying out of its corporate purposes is in all respects for the benefit of the people of the county and the state and is a public purpose and the authority shall be regarded as performing a governmental function in the exercise of the powers conferred upon it by this title and shall not be required to pay any taxes, special ad valorem levies or special assessments upon any property owned by it or under its jurisdiction, control or supervision or upon its activities, or any filing, recording or transfer fees or taxes in relation to instruments filed, recorded or transferred by it or on its behalf. The construction, use, occupation or possession of any property owned by the authority or the county, including improvements thereon, by any person or public corporation under a lease, lease and sublease or any other agreement shall not operate to abrogate or limit the foregoing exemption, notwithstanding that the lessee, user, occupant or person in possession shall claim ownership for federal income tax purposes.

2. Any bonds issued pursuant to this title together with the income therefrom shall be exempt from taxation except for transfer and estate taxes. The revenues, moneys and other properties and activities of the authority shall be exempt from taxes and governmental fees or charges, whether imposed by the state or any municipality, including real estate taxes, franchise taxes, sales taxes or other excise taxes.

3. The state hereby covenants with the purchaser and with all subsequent holders and transferees of bonds issued by the authority pursuant to this title, in consideration of the acceptance of and payment for the bonds, that the bonds of the authority issued pursuant to this title and the income therefrom shall be exempt from taxation, as aforestated in subdivision two of this section, and that all revenues, moneys, and other property pledged to secure the payment of such bonds shall at all times be free from such taxation as aforestated in such subdivision.

§ 1199-o. Actions against authority. 1. Except in an action for wrongful death, no action or special proceeding shall be prosecuted or maintained against the authority for personal injury or damage to real or personal property alleged to have been sustained by reason of the negligence or wrongful act of the authority or of any member, officer, agent or employee thereof, unless (a) a notice of claim shall have been made and served upon the authority within the time limit prescribed by and in compliance with section fifty-e of the general municipal law, (b) it shall appear by and as an allegation in the complaint or moving papers that at least thirty days have elapsed since the service of such notice and that adjustment or payment thereof has been neglected or refused, and (c) the action or special proceeding shall be commenced within one year and ninety days after the happening of the event upon which the claim is based. An action against the authority for wrongful death shall be commenced in accordance with the notice of claim and time limitation provisions of title eleven of article nine of this chapter.

2. Wherever a notice of claim is served upon the authority, it shall have the right to demand an examination of the claimant relative to the occurrence and extent of the injuries or damages for which claim is made, in accordance with the provisions of section fifty-h of the general municipal law.

3. The authority may require any person, presenting for settlement an account or claim for any cause whatever against the authority, to be sworn before a member, counsel, officer or employee of the authority designated for such purpose concerning such account or claim and, when so sworn, to answer orally as to any facts relative to such account or claim. The authority shall have power to settle or adjust all claims in favor of or against the authority.

4. The rate of interest to be paid by the authority upon any judgment for which it is liable, other than a judgment on its bonds, shall be the rate prescribed by section three-a of the general municipal law. Interest on payments of principal or interest on any bonds in default shall accrue at the rate or rates set forth in such bonds from the due date thereof until paid or otherwise satisfied.

§ 1199-p. Contracts. 1. All contracts or orders for work, material or supplies performed or furnished in connection with construction shall be awarded by the authority pursuant to resolution of the governing body except as hereinafter provided. Such awards, when applicable, shall be made in compliance with paragraph (e) of subdivision four and subdivision seven of section one hundred twenty-w of the general municipal law. In any construction contract, the authority may provide a program for the payment of damages for delays and incentive awards in order to encourage timely project completion. An action, suit or proceeding contesting the validity of a contract awarded pursuant to this section, or the validity of the procedures relating to such award, shall be governed by the provisions of subdivision six of section one hundred twenty-w of the general municipal law and the term "municipality" as used in such subdivision six shall mean the authority.

2. The bidder whose bid is accepted shall give security for the faithful performance of the contract, and such other security as the authority may require, and may be required to maintain any construction done under the contract for such period as shall be stipulated, all in the manner prescribed and required by the authority, and the sufficiency of such security shall, in addition to the justification and acknowledgement, be approved by the authority. All bids or proposals shall be publicly opened by the governing body or its duly authorized agent. If the bidder whose bid or proposal has been accepted after advertising shall neglect or refuse to accept the contract within five days after written notice that the contract has been awarded to him on his bid or proposal, or if he accepts but does not execute the contract and give proper security, the authority shall have the right to declare his deposit forfeited. In case any work shall be abandoned by any contractor, the authority may, if it determines that the public interest is thereby served, adopt on behalf of the authority any or all subcontracts made by such contractor for such work and all such subcontractors shall be bound by such adoption if made. No bid or proposal shall be accepted from, or any contract awarded to, any person or corporation who is in arrears to the authority or the county upon any obligation of the authority or of the county. Every contract involving an expenditure of more than five thousand dollars when made and entered into as herein provided for shall be executed in duplicate, one copy of which shall be held by the authority and one copy of which shall be

delivered to the contractor. The authority may adopt, utilize, ratify and confirm any request for proposals, invitation for sealed bids, plans, specifications and notices heretofore or hereafter published by the county with respect to any proposed project, and the authority may adopt, utilize, accept and confirm any bids or proposals submitted to the county and heretofore or hereafter received and publicly opened by the county. The provisions of this section shall supersede any inconsistent provisions of the general municipal law, any other general, special or local law, or the charter of the county.

§ 1199-q. Interest in contracts prohibited. It shall be a misdemeanor for any member of the governing body or any officer, agent, servant or employee of the authority to be in any way or manner interested, directly or indirectly, in the furnishing of work, materials, supplies or labor, or in any contract therefor which the authority is empowered by this title to make.

§ 1199-r. Audit and annual report. In conformity with the provisions of section five of article ten of the constitution, the accounts of the authority shall be subject to the supervision of the comptroller. The authority shall annually submit to the governor and state comptroller and to the state legislature a detailed report pursuant to the provisions of section two thousand five hundred of title one of article nine of this chapter, and a copy of such report shall be filed with the county executive. The authority shall comply with the provisions of sections two thousand five hundred one, two thousand five hundred two, and two thousand five hundred three of title one of article nine of this chapter.

§ 1199-s. Limited liability. Neither the members of the governing body, nor any municipality, officer or employee acting in its behalf, while acting within the scope of their authority, shall be subject to any personal liability resulting from the construction, maintenance or operation of any of the properties of the authority or from carrying out any of the powers expressly given in this title; provided, however, that this section shall not be held to apply to any independent contractor.

§ 1199-t. Environmental applications, proceedings, approvals and permits. 1. Any application in relation to the purposes of or contemplated by this title heretofore filed, or any proceeding heretofore commenced, by the county with the state department of environmental conservation, the department of transportation or any other state agency or instrumentality or with the United States environmental protection agency or any other federal agency or instrumentality shall inure to and for the benefit of the authority to the same extent and in the same manner as if the authority had been a party to such application or proceeding from its inception, and the authority shall be deemed a party thereto, to the extent not prohibited by any federal law. Any license, approval, permit or decision heretofore or hereafter issued or granted pursuant to or as a result of any such application or proceeding shall inure to the benefit of and be binding upon the authority and shall be assigned and transferred by the county to the authority, unless such assignment and transfer is prohibited by federal law.

2. All such applications, proceedings, licenses, approvals, permits and decisions shall further inure to and for the benefit of and be binding upon any person leasing, acquiring, constructing, maintaining, using or occupying any facility financed in whole or in part by the authority.

§ 1199-u. County may levy tax within district. Should it appear to the county legislature at any time that the revenue of the authority is or will be insufficient to provide for the payment of any bonds issued under this title and to reimburse the county for any moneys that it may have advanced to the authority, the county legislature shall determine the amount of money necessary to be raised for such purpose, and shall levy a tax on the territory of the district located within the county and upon the several parcels of real estate in the district located within the county in an amount sufficient to produce the amount necessary to be raised as aforesaid; provided that such tax shall not be levied to pay any bonds of the authority unless the authority with the consent of the county legislature has pledged such tax prior to the issuance of such bonds. Such tax shall be levied and apportioned upon such territory located within the county and collected from the several parcels of real estate in the district located within the county in like manner as other county taxes. It is hereby determined that the liability imposed upon the territory included in the district located within the county is based upon the special benefit to such territory accruing under this title and that the tax to be levied because of such liability and in proportion to the taxable value of real estate in such territory will be in proportion to such benefits.

§ 1199-v. Authority, water board and city to take affirmative action. 1. Each contracting agency which awards contracts for design, construction, services or materials for water projects authorized by this title shall require that such contracts and documents soliciting bids or proposals therefor shall contain or make reference to the following provisions:

(a) The contractor will not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability, or marital status, and will undertake or continue programs of affirmative action to insure that minority group persons and women are afforded equal employment opportunity without discrimination. Such action shall be taken with reference, but not be limited to recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, layoff, termination, rates of pay or other forms of compensation, and selections for training or retraining, including apprenticeship and on-the-job training.

(b) At the request of the contracting agency, the contractor shall request each employment agency, labor union, or authorized representative of workers with which he has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, labor union or representative shall not discriminate because of race, creed, color, national origin, sex, age, disability or marital status and that such union or representative will cooperate in the implementation of the contractor's obligations hereunder.

(c) The contractor will state, in all solicitations or advertisements for employees placed by or on behalf of the contractor, in performance of the contract that all qualified applicants will be afforded equal employment opportunity without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

(d) The contractor will include the provisions of paragraphs (a) through (c) of this subdivision in every subcontract or purchase order in such a manner that such provisions will be binding upon each subcontractor or vendor as to its working connection with a contract.

2. Each contracting agency shall establish procedures and guidelines to ensure that contractors and subcontractors undertake programs of affirmative action as required by this section. Such procedures may require, after notice in a bid solicitation, the submission of an affirmative action program prior to the award of any contract, or at any time thereafter, and may require the submission of compliance reports relating to the operation and implementation of any affirmative action program adopted hereunder. Such procedures and guidelines shall be consistent with the guidelines promulgated by the office of federal contract compliance programs of the United States department of labor pursuant to presidential executive order eleven thousand two hundred forty-six, as amended, and any state statutory or regulatory requirements. A contracting agency shall, in the promulgation of procedures and guidelines pursuant to this section, cooperate with any federal, state or local agency established for the purpose of implementing affirmative action compliance programs.

3. Any contracting agency empowered to award contracts for design, construction, services or materials shall seek meaningful participation in the performance of contracts by minority business enterprises and shall establish measures and procedures to identify those contracts and items of work for which minority business enterprises may best bid to actively and affirmatively promote and assist their participation so as to facilitate the award of a fair share of contracts to such

enterprises. For purposes hereof, "minority business enterprise" shall mean any business enterprise which is at least fifty-one per centum owned by, or in the case of a publicly owned business, at least fifty-one per centum of the stock of which is owned by citizens or permanent resident noncitizens who are Black, Hispanic, Asian, American Indian or women, and such ownership interest is real, substantial and continuing. The provisions of this subdivision shall not be construed to limit the ability of any minority business enterprise to bid on any contract.

4. In the implementation of subdivisions two and three of this section, the contracting agency shall consider compliance by any contractor with the requirements of any federal, state or local law concerning minority business enterprises or equal employment opportunity, which may effectuate the requirements of this section. If the contracting agency determines that by virtue of the imposition of the requirements of any such law, in respect to contracts affected by this section, that the provisions thereof duplicate or conflict with such law, the contracting agency shall waive the applicability of this section to the extent of such duplication or conflict.

5. In order to implement the requirements and objectives of this section, contracting agencies shall be responsible for monitoring the contractors' compliance with the provisions hereof, for advising contractors on the availability of competing qualified minority business enterprises to perform contracts proposed to be awarded and for making recommendations to contractors to improve the access of minority business enterprises to such contracts.

§ 1199-w. Separability. If any section, clause or provision in this title shall be held by a competent court to be unconstitutional or ineffective in whole or in part, to the extent that it is not unconstitutional or ineffective, it shall be valid and effective, and no other section, clause or provision shall on account thereof be deemed invalid or ineffective.

§ 1199-x. Effect of inconsistent provisions. In so far as the provisions of this title are inconsistent with the provisions of any other act, general or special, or of any charter, local law, ordinance or resolution of the county, or other municipality, the provisions of this title shall be controlling. Nothing contained in this section shall be held to supplement or otherwise expand the powers or duties of the authority otherwise set forth in this title.

* TITLE 8-E

WAYNE COUNTY WATER AND SEWER AUTHORITY

* NB There are 2 Title 8-E's

*** § 1199-aa. Short title.** This title shall be known and may be cited as the "Wayne county water and sewer authority act".
* NB There are 2 § 1199-aa's

*** § 1199-bb. Definitions.** As used or referred to in this title, unless a different meaning clearly appears from the context:

1. "Authority" shall mean the corporation created by section one thousand one hundred ninety-nine-dd of this title.

2. "Board" shall mean the members of the authority constituting and acting as the governing board of the authority.

3. "Board of supervisors" shall mean the board of supervisors of Wayne county.

4. "Bonds" shall mean the bonds, notes or other evidences of indebtedness issued by the authority pursuant to this title, and the provisions of this title relating to bonds and bondholders shall apply with equal force and effect to notes and noteholders, respectively, unless the context otherwise clearly requires.

5. "Civil service commission" shall mean the civil service commission of the county of Wayne.

6. "Comptroller" shall mean the comptroller of the state of New York.

7. "Construction" shall mean the negotiation, acquisition, erection, building, alteration, improvement, testing, increase, enlargement,

extension, reconstruction, interconnection, renovation or rehabilitation of a water, sewerage or water and sewerage facility, as the case may be; the inspection and supervision thereof; and the engineering, architectural, legal, appraisal, fiscal, economic and environmental investigations, services and studies, surveys, designs, plans, working drawings, specifications, procedures and other actions preliminary or incidental thereto.

8. "Costs", as applied to any project, shall include the cost of construction, the cost of the acquisition of all property, including both real, personal and mixed, the cost of demolishing, removing or relocating any buildings or structures on lands so acquired, including the cost of acquiring any land to which such buildings or structures may be moved or relocated, the cost of all systems, facilities, machinery, apparatus and equipment, financing charges, interest prior to, during and after construction to the extent not paid or provided for from revenues or other sources, the cost of engineering and architectural surveys, plans and specifications, the cost of consultant and legal services, the cost of lease guarantee or bond insurance and the cost of other expenses necessary or incidental to the construction of such project and the financing of the construction thereof, including the amount authorized in the resolution of the authority providing for the issuance of bonds to be paid into any reserve or other special fund from the proceeds of such bonds and the financing of the placing of any project in operation, including the reimbursement to the county, or any municipality, state agency, the state, the United States government, or any other person for expenditures made by them that would be costs of the project hereunder.

9. "County" shall mean the county of Wayne.

10. "Distribution system" shall mean the water facility or facilities employed to deliver water from a transmission facility, or where there is no transmission facility, from a supply facility, to the ultimate consumers of water.

11. "District" shall mean the Wayne county water and sewer authority

district created by section one thousand one hundred ninety-nine-cc of this title.

12. "Governing body" shall mean:

(a) In the case of a city, county, town or village or district corporation the finance board as such term is defined in the local finance law;

(b) In the case of a public benefit corporation, the members thereof.

13. "Members" shall mean the members of the board.

14. "Municipality" shall mean any county, city, town, village, improvement district under the town law, any other such instrumentality, including any agency or public corporation of the state, or any of the foregoing or any combination thereof.

15. "Person" shall mean any natural person, partnership, association, joint venture or corporation, exclusive of a public corporation.

16. "Real property" shall mean lands, structures, franchises, rights and interests in land, waters, lands underwater, groundwater, riparian rights and air rights and any and all things and rights included within said term "real property" and includes not only fee simple absolute, but also any and all lesser interests including, but not limited to, easements, rights-of-way, uses, leases, licenses and all other incorporeal hereditaments and every estate, interest or right, legal or equitable, including terms for years and liens thereon by way of judgments, mortgages or otherwise.

17. "State sanitary code" shall mean regulations adopted pursuant to section two hundred twenty-five of the public health law.

18. "Sewage" means the water-carried human or animal wastes from residences, buildings, industrial establishments or other places, together with such groundwater infiltration and surface water as may be present. The admixture with sewage of industrial or other waste also shall be considered "sewage" within the meaning of this title.

19. "Sewerage facility" or "sewerage facilities" means any plants, structures and other real and personal property acquired, rehabilitated or constructed or planned for the purpose of collecting, conveying, pumping, treating, neutralizing, storing and disposing of sewage, including but not limited to main, trunk, intercepting, connecting, lateral, outlet or other sewers, outfalls, pumping stations, treatment and disposal plants, ground water recharge basins, back-flow prevention devices sludge dewatering or disposal equipment and facilities, clarifiers, filters, phosphorus removal equipment and other plants, works, structures, equipment, vehicles, conveyances, contract rights, franchises, approaches, connections, permits, real or personal property or rights therein and appurtenances thereto necessary or useful and convenient for the collection, conveyance, pumping, treatment, neutralizing, storing and disposing of sewage.

20. "State" shall mean the state of New York.

21. "State agency" shall mean any state office, public benefit corporation, department, board, commission, bureau or division, or other agency or instrumentality of the state.

22. "Supply facility" shall mean a water facility employed to make groundwater or surface water available for delivery into a transmission facility or distribution system.

23. "System revenues" shall mean all rates, rents, fees, charges, payments and other income and receipts derived by the authority including, without limiting the generality of the foregoing, investment proceeds and proceeds of insurance, condemnation, sales or other dispositions of assets, together with all federal, state or municipal aid as well as any other income derived from the operation of the water facility of the authority.

24. "Transmission facility" shall mean a water facility used to carry water from a supply facility to a distribution system.

25. "Treasurer" shall mean the treasurer of the authority.

26. "Water facility" or "water facilities" shall mean any plants, structures or other real and personal property acquired, rehabilitated or constructed or planned for the purpose of accumulating, supplying, transmitting, distributing or treating water, including but not limited to surface or groundwater reservoirs, basins, dams, canals, aqueducts, standpipes, conduits, pipelines, mains, pumping stations, pumps, water distribution systems, compensating reservoirs, intake stations, waterworks or sources of water supply, wells, purification or filtration plants or other treatment plants and works, approaches, connections, water meters, rights of flowage or diversion and other plants, structures, equipment, vehicles, towers, conveyances, real or personal property or rights therein and appurtenances thereto necessary or useful and convenient for the accumulation, supply, transmission, treatment or distribution of water.

27. "Water project" shall mean any sewerage facility, water facility or water and sewerage facility, as the case may be, including the planning, development, financing or construction thereof.

28. "Watershed rules" shall mean the rules and regulations made by the department of health pursuant to section eleven hundred of the public health law.

* NB There are 2 § 1199-bb's

*** § 1199-cc. Wayne county water and sewer authority district.** There is hereby defined and established a district to be known as the "Wayne county water and sewer authority district" which shall embrace all of the territory located within the county of Wayne.

* NB There are 2 § 1199-cc's

*** § 1199-dd. Wayne county water and sewer authority.** 1. A public corporation known as the "Wayne county water and sewer authority" is hereby created for the public purposes and charged with the duties and having the powers provided in this title. The authority shall be a corporate governmental agency constituting a public benefit corporation and shall be a "public district" for the purposes of section eighty-nine-l of the public service law. The authority shall be governed by a board consisting of nine members, who shall be residents of the county and be appointed by the chairman of the board of supervisors and confirmed by the board of supervisors. The first members appointed shall be appointed for the following terms: three for a term ending on December thirty-first of the year following the year in which this title shall have become law; three for a term ending on December thirty-first of the second year following the year in which this title shall have become law; and three for a term ending on December thirty-first of the third year following the year in which this title shall have become law. Subsequent appointment of members shall be made in the same manner and for terms of three years ending in each case on December thirty-first of the last year of such term. All members shall continue to hold office until their successors are appointed and have qualified. Vacancies shall be filled in the manner provided for original appointment. Vacancies occurring otherwise than by expiration of terms of office, shall be filled by appointment for the unexpired terms. Members may be removed from office for the same reasons and in the same manner as may be provided by law for the removal of officers of the county. In addition, members may be removed from office by the board of supervisors for inefficiency, neglect of duty or misconduct in office, after the board of supervisors has given such member a copy of the charges against him or opportunity to be heard in person or by counsel in his defense, upon not less than ten days notice. If a member fails to attend three consecutive regular meetings of the authority, unless such absence is for good cause and is excused by the chairperson of the authority or other presiding officer, or in the case of the chairperson of the authority, by the chairman of the board of supervisors, the office may be deemed vacant for purposes of the nomination and appointment of a successor. The members and officers of the authority shall receive from the authority such salary, if any, as shall be determined from time to time by the board of supervisors. In addition, members and officers shall be entitled to reimbursement of their actual and necessary expenses, including travel expenses, incurred in the discharge of their duties.

2. The powers of the authority shall be vested in and shall be exercised by the board at a meeting duly called and held where a quorum of five members is present. No action shall be taken by the authority except pursuant to the favorable vote of at least five members. The board may delegate to one or more of its members, or to one or more of the officers, agents or employees of the authority, such powers and duties as it may deem proper.

3. The officers of the authority shall consist of a chairperson, vice chairperson, and treasurer who shall be members of the board and a secretary who need not be a member of the board. The officers of the authority shall be appointed by the board and shall serve in such capacities at the pleasure of the board. In addition, the board may appoint and at pleasure remove such additional officers and employees as it may determine necessary for the performance of the powers and duties of the authority, which positions shall be in the exempt class of the civil service, and fix and determine the qualifications, duties and compensation of such additional officers and employees, subject to the provisions of the civil service law of the state and such rules as the civil service commission may adopt and make applicable to the authority. The authority may also from time to time contract for expert professional services. The treasurer shall execute a bond, conditioned upon the faithful performance of the duties of his or her office, the amount and sufficiency of which shall be approved by the board, and the premium therefor shall be paid by the authority.

4. Notwithstanding any inconsistent provision of any general, special or local law, ordinance, resolution or charter, no officer, member or employee of the state, any municipality, or any public benefit corporation, shall forfeit his or her office or employment by reason of his or her acceptance of appointment as a member, officer, agent or employee of the authority, nor shall service as such member, officer, agent or employee be deemed incompatible or in conflict with such office, membership or employment, and one or more members of the board of supervisors may be appointed to serve as a member of the authority.

5. (a) The chairman of the board of supervisors shall file within one year after the effective date of this title, in the office of the secretary of state, a certificate signed by the chairman of the board of supervisors setting forth: (i) the name of the authority; (ii) the names of the initial members of the board and their terms of office; and (iii) the effective date of this title. If such certificate is not filed with the secretary of state on or before such date, then the corporate existence of the authority shall thereupon terminate and it shall thereupon be deemed to be and shall be dissolved.

(b) The authority and its corporate existence shall continue until terminated by law, provided, however, that no such law shall take effect so long as the authority shall have bonds or other obligations outstanding unless adequate provision has been made for the payment or satisfaction thereof. Upon termination of the existence of the authority, all of the rights and properties of the authority then remaining shall pass to and vest in the county.

6. Neither the public service commission nor any other board or commission of like character, shall have jurisdiction over the authority in the management and control of its properties or operations of any power over the regulation of rates fixed or charges collected by the authority.

7. It is hereby determined and declared that the authority and the carrying out of its powers, purposes and duties are in all respects for the benefit of the people of the county and the state, for the improvement of their health, welfare and prosperity and that such purposes are public purposes and that the authority is and will be performing an essential governmental function in the exercise of the powers conferred upon it by this title.

* NB There are 2 § 1199-dd's

*** § 1199-ee. Powers of the authority.** The authority shall have the power:

1. To sue and be sued;

2. To have a seal and alter the same at pleasure;

3. To borrow money and issue negotiable or non-negotiable notes, bonds or other obligations and to provide for the rights of the holders thereof;

4. To enter into contracts and execute all instruments necessary or convenient or desirable for the purposes of the authority to carry out any powers expressly given it in this title;

5. To acquire, by purchase, gift, grant, transfer, contract or lease or by condemnation pursuant to the eminent domain procedure law within the district, lease as lessee, hold, and use and to sell, lease as lessor, transfer or otherwise dispose of, any real or personal property or any interest therein, within or without the district, as the authority may deem necessary, convenient or desirable to carry out the purpose of this title and to pay the costs thereof; provided, however, that the authority may not condemn real property of a municipality without the consent of the governing body of such municipality;

6. To purchase, in the name of the authority, any water or sewerage facility, including plants, works, instrumentalities or parts thereof and appurtenances thereto, lands, easements, rights in land and water rights, rights-of-way, contract rights, franchises, permits, approaches, connections, dams, wells, pumps, reservoirs, water or sewer mains and pipe lines, pumping stations, treatment facilities, meters, equipment and inventory, or any other property incidental to and included in such system or part thereof, and any improvements, extensions and betterments, situated wholly within the district and to pay the costs thereof; provided, however, that the authority shall have the power to purchase any source of supply, supply facility, water supply system, or transmission facility or any part thereof situated wholly or partly without the territorial limits of the district, provided the same shall be necessary in order to supply water within the district; and in connection with the purchase of such properties, the authority may

assume any obligations of the owner of such properties and, to the extent required by the terms of any indentures or other instruments under which such obligations were issued, the authority may assume and agree to perform covenants and observe the restrictions contained in such instruments; and furthermore the owner of any properties, which the authority is authorized to acquire, is hereby authorized to sell or otherwise transfer the same to the authority, whereupon the authority shall become charged with the performance of all public duties with respect to such properties with which such owner was charged and such owner shall become discharged from the performance thereof, and as a means of so acquiring for such purpose, the authority may purchase all of the stock of any existing privately owned water corporation or company and in the case of a sale or other transfer of properties of a public utility corporation pursuant to this provision, upon the purchase of the stock of such corporation or company it shall be lawful to dissolve such corporation within a reasonable time;

7. To construct, improve, maintain, develop, expand or rehabilitate water or sewerage facilities and to pay the costs thereof;

8. To operate and manage and to contract for the operation and management of facilities of the authority;

9. To enter into contracts, and carry out the terms thereof, for the wholesale provision of water produced by supply facilities constructed, owned or operated by the authority, to municipalities and private water companies and to carry out the terms thereof, for the transmission of water from new or existing supply facilities;

10. To enter into contracts with municipalities or other persons for the collection, treatment and disposal of sewage;

11. To apply to the appropriate agencies and officials of the federal, state and local governments for such licenses, permits or approvals of its plans or projects as it may deem necessary or advisable, and upon such terms and conditions as it may deem appropriate, to accept, in its discretion, such licenses, permits or approvals as may be tendered to it

by such agencies and officials;

12. To take all necessary and reasonable actions within the district to conserve, preserve and protect the water supply to the district, including the making of plans and studies, the adoption of watershed rules and regulations, the enforcing of compliance with all current and future rules and regulations of the state sanitary code with regard to water supply and usage, the requiring of cross-connection controls, the providing of educational material and programs to the public, and the cooperating with water suppliers outside the district to conserve, preserve and protect the entire water reserve as it is affected within and outside the authority's supply area;

13. To appoint such officers and employees as are required for the performance of its duties, to fix and determine their qualifications, duties and compensation, and to retain or employ counsel, auditors, engineers, and private consultants on a contract basis or otherwise for rendering professional or technical services and advice;

14. With the consent of the governing body of a municipality, to use officers and employees of such municipality and to pay a proper proportion of the compensation or costs for the services for such officers or employees;

15. To make plans and studies necessary, convenient or desirable for the effectuation of the purposes and powers of the authority and to prepare recommendations in regard thereto;

16. To prepare a water supply emergency plan which may include, but not be limited to, the following:

(a) establishment of criteria and procedures to determine critical water levels or safe yield of system;

(b) identification of existing and future sources of water under normal conditions and emergency conditions;

(c) system capacity and ability to meet peak demand and fire flows concurrently;

(d) storage capacities;

(e) current condition of present interconnections and identification of additional interconnections to meet a water supply emergency;

(f) specific action plan to be followed during a water supply emergency including a phased implementation of the plan;

(g) general water conservation programs and water use reduction strategies for water supply users;

(h) prioritization of water users;

(i) identification and availability of emergency equipment needed during a water supply emergency; and

(j) public notification program coordinated with the phased implementation schedule;

Such plan shall not be adopted until a public hearing on such plan shall have been held, upon not less than fourteen days' notice thereof to each customer, either by mail or by publication once in a newspaper having general circulation within the district; every five years, such plan shall be reviewed and revised if necessary after a public hearing, with notice to each customer as aforesaid;

17. To enter upon such lands, waters, or premises as in the judgment of the authority shall be necessary for the purpose of making surveys, soundings, borings and examinations to accomplish any purpose authorized by this title, the authority being liable only for actual damage done;

18. To apply for and to accept any gifts or grants or loans of funds or property or financial or other aid in any form from the federal government or any agency or instrumentality thereof, or from the state or any agency or instrumentality thereof or from any other source, for any or all of the purposes specified in this title, and to comply, subject to the provisions of this title, with the terms and conditions thereof;

19. To supply and sell water for domestic, commercial and public purposes at retail to individual consumers within the district or to collect, treat or discharge sewage produced within the district;

20. To purchase water in bulk from any person, private or public

benefit corporation or municipality when necessary or convenient for the operation of such water system;

21. To produce, develop, distribute and sell water or sewerage services within or without the territorial limits of the district; and to purchase water from any municipality, town water district, person, association or corporation; provided, however, that water and sewerage services may be sold at retail to individual consumers only within the district and further provided that in exercising the powers granted by this title, the authority shall not sell water services in any area which is served by a water system or sewerage services in any area which is served by a sewerage system owned or operated by a municipality or special improvement district unless the governing body of such municipality or district shall adopt a resolution requesting the authority to sell water or sewerage services, as the case may be, in such served areas;

22. To make bylaws for the management and regulation of its affairs and rules and regulations for the conservation, preservation and protection of the authority's water supply and, subject to agreements with bondholders, rules for the sale of water or collection of sewage and the collection of rents and charges therefor. A copy of such rules, regulations and bylaws and any rules and regulations adopted pursuant to subdivision twelve of this section, and all amendments thereto, duly certified by the secretary of the authority shall be filed in the office of the county clerk of the county. In addition, the board of supervisors by local law shall have power to prescribe that violation of specific bylaws, rules, or rules and regulations of the authority, published once in a newspaper having general circulation within the county, shall be punishable by fine, not exceeding fifty dollars, or by imprisonment for not longer than thirty days, or both;

23. To fix rates and collect charges for the use of the facilities of, or services rendered by, or any commodities furnished by the authority such as to provide revenues sufficient at all times to pay, as the same shall become due, the principal and interest on the bonds, notes, or other obligations of the authority together with the maintenance of

proper reserves therefor, in addition to paying as the same shall become due the expense of operating and maintaining the properties of the authority together with proper maintenance reserves, capital reserves, repair reserves, tax stabilization reserves and other contingency reserves, and all other obligations and indebtedness of the authority;

24. To enter into cooperative agreements with other authorities, municipalities, counties, cities, towns, villages, water districts, utility companies, individuals, firms or corporations, within or without the territorial limits of the district for the interconnection of facilities, the provision, exchange or interchange of services and commodities, the conservation, preservation and protection of the authority's water reserve as it is affected within and outside the authority's supply area, and within the territorial limits of the district to enter into a contract for the construction, operation and maintenance of a water supply and distribution system or sewerage system or facilities by the authority for any municipality having power to construct and develop a water supply and distribution or sewerage system or facilities, upon such terms and conditions as shall be determined to be reasonable including but not limited to the reimbursement of all costs of such construction, or for any other lawful purposes necessary or desirable to effect the purposes of this title;

25. To provide for the discontinuance or disconnection of water or sewerage service, or both, as the case may be, for nonpayment of fees, rates, rents or other charges therefor imposed by the authority, provided such discontinuance or disconnection of any water or sewerage service, or both, as the case may be, shall not be carried out except in the manner and upon the notice as is required of a waterworks corporation pursuant to subdivisions three-a, three-b and three-c of section eighty-nine-b and section one hundred sixteen of the public service law;

26. To act as a county water agency in accordance with the provisions of article 5-A of the county law; and

27. To do all things necessary, convenient or desirable to carry out

its purposes and for all exercise of the powers granted in this title.
* NB There are 2 § 1199-ee's

*** § 1199-ff. Advances on behalf of the authority; transfer of property to the authority; acquisition of property by county for authority.** 1. In addition to any powers granted to it by law, the county from time to time may appropriate sums of money to or on behalf of the authority to defray project costs or any other costs and expenses of the authority. Subject to the rights of bondholders, the county may determine if the moneys so appropriated shall be subject to repayment by the authority to the county and, in such event, the manner and time or times for such repayment.

2. The county or any other municipality may give, grant, sell, convey, loan, license the use of or lease to the authority any property or facility which is useful to the authority in order to carry out its powers under this title. Any such transfer of property shall be upon such terms and conditions, subject to the rights of the holders of any bonds, as the authority and the county or other municipality may agree.

3. The county may acquire by purchase or by exercise of the power of eminent domain real property in the name of the county for any corporate purpose of the authority.

4. Notwithstanding the provisions of any other law, general, special or local to the contrary, real property acquired by the authority or the county from the state may be used for any corporate purpose of the authority.
* NB There are 2 § 1199-ff's

*** § 1199-gg. Transfer of officers and employees.** Any public officer or employee under civil service who is selected by the authority may, with the consent of the commission, board, department or municipality by which he or she has been employed, be transferred to the authority and shall be eligible for such transfer and appointment without examination to comparable offices, positions and employment under the authority. The salary or compensation of any such officer or employee shall after such transfer be paid by the authority. Any such officers or employees so transferred to the authority, pursuant to the provisions of this section, who are members of or beneficiaries under any existing pension or retirement fund or system, shall continue to have all rights, privileges, obligations and status with respect to such fund or system as are now prescribed by law, but during the period of their employment by the authority, all contributions to any such fund or system to be paid by the employer on account of such officers and employees, shall be paid by the authority. All such officers and employees so transferred to the authority who have been appointed to positions under the rules and classifications of the civil service commission shall have the same status with respect thereto after transfer to the authority as they had under their original appointments. The appointment and promotion of all employees of the authority shall be made in accordance with the provisions of the civil service law and such rules as the civil service commission may adopt and make applicable to the authority.

* NB There are 2 § 1199-gg's

*** § 1199-hh. Bonds of the authority.** 1. The authority shall have the power and is hereby authorized from time to time to issue bonds in conformance with the applicable provisions of the uniform commercial code in such principal amounts as it may determine to be necessary to pay the cost of any water project or projects or for any other corporate purposes, including incidental expenses in connection therewith. The authority shall have power from time to time to refund any bonds by the issuance of new bonds whether the bonds to be refunded have or have not matured, and may issue bonds partly to refund bonds then outstanding and partly for any other corporate purpose. Bonds issued by the authority shall be special obligations payable solely out of particular revenues or other moneys of the authority as may be designated in the proceedings of the authority under which the bonds shall be authorized to be issued, subject to any agreements with the holders of outstanding bonds pledging particular revenues or moneys.

2. The authority is authorized to obtain from any department or agency of the United States of America or the state or nongovernmental insurer or financial institution any insurance, guaranty, or other credit enhancement arrangement, to the extent now or hereafter available, as to, or for the payment or repayment of interest or principal, or both, or any part thereof, on any bonds or notes issued by the authority and to enter into any agreement or contract with respect to any such insurance, guaranty or credit enhancement arrangement, except to the extent that the same would in any way impair or interfere with the ability of the authority to perform and fulfill the terms of any agreement made with the holders of the bonds or notes of the authority.

3. Bonds shall be authorized by resolution of the authority, and may be in such denominations and bear such date or dates and mature at such time or times as such resolution may provide, except that bonds and any renewals thereof shall mature within forty years of the date of their original issuance and notes and any renewals thereof shall mature within five years of the date of their original issuance. Such bonds shall be subject to such terms of redemption, bear interest at such rate or rates, which may vary from time to time, as may be necessary to effect the sale thereof and shall be payable at such times, be in such form, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, and be subject to such terms and conditions as such resolution may provide. Bonds may be sold at public sale or at private sale for such price or prices as the authority shall determine, provided that no issue of bonds may be sold by the authority at private sale unless such sale and the terms thereof have been approved in writing by the comptroller, where such sale is not to the comptroller, or by the state director of the budget, where such sale is to be to the comptroller.

Any bonds or other obligations issued by the Wayne county water authority shall be continued as an obligation by the authority.

4. Any resolution or resolutions authorizing bonds or any issue of bonds by the authority may contain provisions which may be part of the contract with the holders of the bonds thereby authorized as to:

(a) pledging all or part of its revenues, together with any other moneys, securities, contracts or property of the authority, to secure the payment of the bonds, including but not limited to any contracts, earnings or proceeds of any grant to the authority received from any private or public source, subject to such agreements with bondholders as may then exist;

(b) the rates, rentals, fees and other charges to be fixed and collected by the authority and the amounts to be raised in each year thereby, and the use and disposition of revenues;

(c) the setting aside of reserves and the creation of sinking funds and the regulation and disposition thereof;

(d) limitations on the purpose to which the proceeds from the sale of bonds may be applied;

(e) limitations on the right of the authority to restrict and regulate the use of any water project or part thereof in connection with which bonds are issued;

(f) limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured and the refunding of outstanding or other bonds;

(g) the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, including the proportion of bondholders which must consent thereto, and the manner in which such consent may be given;

(h) the creation of special funds into which any revenues or other moneys may be deposited;

(i) the terms and provisions of any trust, deed, mortgage or indenture securing the bonds under which the bonds may be issued;

(j) vesting in a trustee or trustees such properties, rights, powers and duties in trust as the authority may determine, which may include any or all of the rights, powers and duties of the trustee appointed by the bondholders pursuant to section one thousand one hundred ninety-nine-ii of this title and limiting or abrogating the rights of the bondholders to appoint a trustee under such section or limiting the rights, duties and powers of such trustee;

(k) defining the acts or omissions to act which may constitute a default in the obligations and duties of the authority to the bondholders and providing for the rights and remedies of the bondholders in the event of such default, including as a matter of right the appointment of a receiver, provided, however, that such rights and remedies shall not be inconsistent with the general laws of the state and other provisions of this title;

(l) limitations on the power of the authority to sell or otherwise dispose of any water facility or any part thereof or other property;

(m) limitations on the amount of revenues and other moneys to be expended for operating, administrative or other expenses of the authority;

(n) the protection and enforcement of the rights and remedies of the bondholders;

(o) the obligations of the authority in relation to the construction, maintenance, operation, repairs and insurance of its properties, the safeguarding and application of all moneys and as to the requirements for the supervision and approval of consulting engineers in connection with construction, reconstruction and operation;

(p) the payment of the proceeds of bonds, revenues and other moneys to a trustee or other depository, and for the method of disbursement thereof with such safeguards and restrictions as the authority may determine; and

(q) any other matters of like or different character which in any way affect the security or protection of the bonds or the rights and remedies of bondholders.

5. In addition to the powers herein conferred upon the authority to secure its bonds, the authority shall have power in connection with the issuance of bonds to enter into such agreements as the authority may deem necessary, convenient or desirable concerning the use or disposition of its revenues or other moneys or property, including remarketing agreements or other similar agreements for the bonds, the mortgaging of any property and the entrusting, pledging or creation of any other security interest in any such revenues, moneys, or property and the doing of any act, including refraining from doing any act, which the authority would have the right to do in the absence of such agreements. The authority shall have power to enter into amendments of any such agreements within the powers granted to the authority by this title and to perform such agreements. The provisions of any such

agreements may be made a part of the contract with the holders of bonds of the authority.

6. Any provision of the uniform commercial code to the contrary notwithstanding, any pledge of or other security interest in revenues, moneys, accounts, contract rights, general intangibles or other personal property made or created by the authority shall be valid, binding and perfected from the time when such pledge is made or other security interest attaches without any physical delivery of the collateral or further act, and the lien of any such pledge or other security interest shall be valid, binding and perfected against all parties having claims of any kind in tort, contract or otherwise against the authority irrespective of whether or not such parties have notice thereof. No instrument by which such a pledge or security interest is created nor any financing statement need be recorded or filed.

7. Whether or not the bonds of the authority are of such form and character as to be negotiable instruments under the terms of the uniform commercial code, the bonds are hereby made negotiable instruments within the meaning of and for all purposes of the uniform commercial code, subject only to the provisions of the bonds for registration.

8. Neither the members nor the officers of the authority nor any person executing bonds shall be liable personally thereon or be subject to any personal liability or accountability by reason of the issuance thereof.

9. The authority, subject to such agreements with bondholders as then may exist, shall have power out of any moneys available therefor to purchase bonds of the authority in lieu of redemption, at a price not exceeding:

(a) if the bonds are then redeemable, the redemption price then applicable, plus accrued interest to the next interest payment date;

(b) if the bonds are not then redeemable, the redemption price then applicable on the first date after such purchase upon which the bonds become subject to redemption plus accrued interest to the next interest payment date.

10. The authority shall have power and is hereby authorized to issue negotiable bond anticipation notes in conformity with applicable provisions of the uniform commercial code and may renew the same from time to time but the maximum maturity of any such note, including renewals thereof, shall not exceed five years from the date of issue of such original note. Such notes shall be paid from any moneys of the authority available therefor and not otherwise pledged or from the proceeds of sale of the bonds of the authority in anticipation of which they were issued. The notes shall be issued in the same manner as bonds and such notes and the resolution or resolutions authorizing the same may contain any provisions, conditions or limitations which the bonds or bond resolution of the authority may contain. Such notes may be sold at public sale or, upon the approval of the comptroller of the terms thereof, at private sale. Such notes shall be as fully negotiable as the bonds of the authority.

* NB There are 2 § 1199-hh's

*** § 1199-ii. Remedies of bondholders.** Subject to any resolution or resolutions adopted pursuant to paragraph (j) of subdivision four of section one thousand one hundred ninety-nine-hh of this title:

1. In the event that the authority shall default in the payment of principal of or interest on any issue of the bonds after the same shall become due whether at maturity or upon call for redemption, and such default shall continue for a period of thirty days, or in the event that the authority shall fail or refuse to comply with the provisions of this title, or shall default in any agreement made with the holders of any issue of the bonds, the holders of twenty-five per centum in aggregate principal amount of the bonds of such issue then outstanding, by instrument or instruments filed in the office of the clerk of the county and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of such bonds for the purposes herein provided.

2. Such trustee may, and upon written request of the holders of

twenty-five per centum in principal amount of such bonds outstanding shall, in his or its own name:

(a) by action or proceeding in accordance with the civil practice law and rules, enforce all rights of the bondholders including the right to require the authority to collect rents, rates and charges adequate to carry out any agreement as to, or pledge of, such rents, rates and charges, and to require the authority to carry out any other agreements with the holders of such bonds and to perform its duties under this title;

(b) bring an action or proceeding upon such bonds;

(c) by action or proceeding, require the authority to account as if it were the trustee of an express trust for the holders of such bonds;

(d) by action or proceeding, enjoin any acts or things which may be unlawful or in violation of the rights of the holders of such bonds; and

(e) declare all such bonds due and payable, and if all defaults shall be made good, then with the consent of the holders of twenty-five per centum of the principal amount of such bonds then outstanding, annul such declaration and its consequences.

3. Such trustee shall in addition to the foregoing have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth herein or incidental to the general representation of bondholders in the enforcement and protection of their rights.

4. The state supreme court shall have jurisdiction of any action or proceeding by the trustee on behalf of such bondholders. Venue of any such action or proceeding shall be laid in the county.

5. Any such trustee, whether or not the issue of bonds represented by such trustee has been declared due and payable, shall be entitled as of right to the appointment of a receiver of any part or parts of the properties the revenues of which are pledged for the security of the bonds of such issue, and, subject to any pledge or agreement with holders of such bonds, such receiver may enter and take possession of such part or parts of the properties and shall take possession of all moneys and other property derived from such part or parts of such

properties and proceed with any construction thereon or the acquisition of any property, real or personal, in connection therewith which the authority is under obligation to do, and to operate, maintain and reconstruct such part or parts of the properties and collect and receive all revenues thereafter arising therefrom subject to any pledge thereof or agreement with bondholders relating thereto and perform the public duties and carry out the agreements and obligations of the authority under the direction of the court. In any suit, action or proceeding by the trustee, the fees, counsel fees and expenses of the trustee and of the receiver, if any, shall constitute taxable disbursements and all costs and disbursements allowed by the court shall be a first charge on any revenues derived from the properties.

6. Before declaring the principal of bonds due and payable, the trustee shall first give thirty days' notice in writing to the authority.

* NB There are 2 § 1199-ii's

*** § 1199-jj. State and municipalities not liable on authority bonds.** Neither the state nor any municipality shall be liable on the bonds of the authority and such bonds shall not be a debt of the state or of any municipality.

* NB There are 2 § 1199-jj's

*** § 1199-kk. Moneys of the authority.** All moneys of the authority from whatever source derived shall be paid to the treasurer and shall be deposited forthwith in one or more banks and/or trust companies in the state designated by the authority. The moneys in such accounts shall be paid out on checks of the treasurer upon requisition by the board or of such other person or persons as the authority may authorize to make such requisitions. All deposits of such moneys shall be secured by obligations of (or guaranteed by) the United States of America or of the state or of the county of a market value equal at all times to the amount on deposit and all banks and trust companies are authorized to give such security for such deposits. Any moneys of the authority not required for immediate use or disbursement may, at the discretion of the authority, be invested in those obligations specified pursuant to the provisions of section ninety-eight-a of the state finance law. The authority shall have power, notwithstanding the provisions of this section, to contract with the holders of any bonds as to the custody, collection, security, investment and payment of any moneys of the authority or any moneys held in trust or otherwise for the payment of bonds or in any way to secure bonds. Moneys held in trust or otherwise for the payment of bonds or in any way to secure bonds and deposits of such moneys may be secured in the same manner as moneys of the authority and all banks and trust companies are authorized to give such security for such deposits.

* NB There are 2 § 1199-kk's

*** § 1199-ll. Bonds legal investments for fiduciaries.** The bonds of the authority are hereby made securities in which all public officials and bodies of the state and all municipalities, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations, including savings and loan associations, investment companies and other persons carrying on a banking business, and administrators, guardians, executors, trustees and other fiduciaries and all other persons whatsoever, who are now or may hereafter be authorized to invest in bonds or other obligations of the state, may properly and legally invest funds including capital in their control or belonging to them. The bonds are also hereby made securities which may be deposited with and may be received by all public officers and bodies of the state and all municipalities for any purposes for which the deposit of bonds or other obligations of the state is now or hereafter may be authorized.

* NB There are 2 § 1199-ll's

*** § 1199-mm. Agreement with the state.** The state does hereby pledge to and agree with the holders of any bonds issued by the authority pursuant to this title that the state will not alter or limit the rights hereby vested in the authority to purchase, construct, maintain, operate, repair, improve, increase, enlarge, extend, reconstruct, renovate, rehabilitate or dispose of any project, or any part or parts thereof, for which bonds of the authority shall have been issued, to establish and collect rates, rents, fees and other charges referred to in this title and to fulfill the terms of any agreement made with or for the benefit of the holders of the bonds or with any public corporation or person with reference to such project or part thereof, or in any way impair the rights and remedies of the bondholders, until the bonds, together with the interest thereon, including interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of such holders, are fully met and discharged. The authority is authorized to include this pledge and agreement of the state in any agreement with bondholders.

* NB There are 2 § 1199-mm's

*** § 1199-nn. Exemption from taxes, assessments and certain fees; payments in lieu of taxes.** 1. It is hereby determined that the creation of the authority and the carrying out of its corporate purposes is in all respects for the benefit of the people of the county and the state and is a public purpose, and the authority shall be regarded as performing a governmental function in the exercise of the powers conferred upon it by this title and shall not be required to pay any taxes, special ad valorem levies or special assessments upon any real property owned by it or any filing, recording or transfer fees or taxes in relation to instruments filed, recorded or transferred by it or on its behalf provided, however, that any real property owned or acquired by the authority outside of the district shall be exempt from real property taxes, ad valorem levies or special assessments only pursuant to and to the extent provided by an agreement with the governing body of the municipality in which such real property is located.

2. The authority may pay, or may enter into agreements with any municipality not located within the county to pay, a sum or sums annually or otherwise or to provide other considerations to such municipality with respect to real property owned by the authority located within such municipality and constituting a part of its water or

sewerage system.

3. Any bonds issued pursuant to this title together with the income therefrom shall be exempt from taxation except for transfer and estate taxes. The revenues, moneys and all other property and all activities of the authority shall be exempt from all taxes and governmental fees or charges, whether imposed by the state or any municipality, including without limitation real estate taxes, franchise taxes, sales taxes or other excise taxes.

4. The state hereby covenants with the purchasers and with all subsequent holders and transferees of bonds issued by the authority pursuant to this title, in consideration of the acceptance of and payment for the bonds, that the bonds of the authority issued pursuant to this title and the income therefrom shall be exempt from taxation as aforestated in subdivision three of this section, and that all revenues, moneys, and other property pledged to secure the payment of such bonds shall at all times be free from such taxation as aforestated in such subdivision.

* NB There are 2 § 1199-nn's

*** § 1199-oo. Actions against the authority.** 1. Except in an action for wrongful death, no action or proceeding shall be prosecuted or maintained against the authority for personal injury or damage to real or personal property alleged to have been sustained by reason of the negligence or wrongful act of the authority or any member, officer, agent or employee thereof, unless:

(a) a notice of claim shall have been made and served upon the authority within the time limit by and in compliance with section fifty-e of the general municipal law;

(b) it shall appear by and as an allegation in the complaint or moving papers that at least thirty days have elapsed since the service of such notice and that adjustment or payment thereof has been neglected or refused;

(c) the action or proceeding shall be commenced within one year and ninety days after the happening of the event upon which the claim is

based; and
(d) An action against the authority for wrongful death shall be commenced in accordance with the notice of claim and time limitation provisions of title eleven of article nine of this chapter.

2. Wherever a notice of claim is served upon the authority, it shall have the right to demand an examination of the claimant relative to the occurrence and extent of the injuries or damages for which claim is made, in accordance with the provisions of section fifty-h of the general municipal law.

3. The authority may require any person presenting for settlement an account or claim for any cause whatever against the authority to be sworn before a member, counsel, or an attorney, officer or employee thereof designated for such purpose, concerning such account or claim and when so sworn, to answer orally as to any facts relative to such account or claim. The authority shall have power to settle or adjust all claims in favor of or against the authority.

4. The rate of interest to be paid by the authority upon any judgment for which it is liable, other than a judgment against the authority on bonds, shall be the rate prescribed by section three-a of the general municipal law. Interest on payments of principal or interest on any bonds in default shall accrue at the rate or rates set forth in such bonds from the due date thereof until paid or otherwise satisfied.
* NB There are 2 § 1199-oo's

*** § 1199-pp. Interest in contracts prohibited.** It shall be a misdemeanor for any member or any officer, agent, servant or employee of an authority to be in any way or manner interested, directly or indirectly, in the furnishing of work, materials, supplies or labor, or in any contract therefor which the authority is empowered by this title to make.
* NB There are 2 § 1199-pp's

*** § 1199-qq. Construction and purchase contracts.** The authority shall let contracts for construction or purchase of supplies, materials, or equipment pursuant to section one hundred three of the general municipal law. Nothing in this section shall be construed to limit the power of the authority to do any construction directly by the officers, agents and employees of the authority.

* NB There are 2 § 1199-qq's

*** § 1199-rr. Authority to take affirmative action.** The authority shall ensure that, where possible, all employees or applicants for employment are afforded equal employment opportunity without discrimination.

* NB There are 2 § 1199-rr's

*** § 1199-ss. Audit and annual report.** In conformity with the provisions of section five of article ten of the constitution, the accounts of the authority shall be subject to the supervision of the comptroller. The authority shall annually submit to the governor and state comptroller and to the state legislature a detailed report pursuant to the provisions of section two thousand eight hundred of title one of article nine of this chapter, and a copy of such report shall be filed with the board of supervisors. The authority shall comply with the provisions of sections two thousand eight hundred one, two thousand eight hundred two, and two thousand eight hundred three of title one of article nine of this chapter.

* NB There are 2 § 1199-ss's

*** § 1199-tt. Environmental applications, proceedings, approvals and permits.** Any application in relation to the purposes of or contemplated by this title heretofore filed, or any proceeding heretofore commenced, by the county or any agency thereof with the state department of environmental conservation, the department of transportation or any other state agency or instrumentality or with the United States environmental protection agency or any other federal agency or instrumentality shall inure to and for the benefit of the authority to the same extent and in the same manner as if the authority had been a party to such application or proceeding from its inception, and the authority shall be deemed a party thereto, to the extent not prohibited by any federal law. Any license, approval, permit or decision heretofore or hereafter issued or granted pursuant to or as a result of any such application or proceeding shall inure to the benefit of and be binding upon the authority and shall be assigned and transferred by the county or any agency thereof to the authority, unless such assignment and transfer is prohibited by federal law.

* NB There are 2 § 1199-tt's

*** § 1199-uu. Limited liability.** Neither the members of the authority, nor any municipality, officer or employee acting in its behalf, while acting within the scope of their authority, shall be subject to any personal liability resulting from the construction, maintenance or operation of any of the properties of the authority or from carrying out any of the powers expressly given in this title; provided, however, that this section shall not be held to apply to any independent contractor.

* NB There are 2 § 1199-uu's

*** § 1199-vv. Governmental capacity of the authority and municipalities.** The authority, the county and the other municipalities, in carrying out their respective powers and duties under this title, shall be deemed to be acting in a governmental capacity and in the performance of an essential governmental function.

* NB There are 2 § 1199-vv's

*** § 1199-ww. Separability clause.** If any section, clause or provision in this title shall be held by a competent court to be unconstitutional or ineffective in whole or in part, to the extent that it is not unconstitutional or ineffective, it shall be valid and effective, and no other section, clause or provision shall on account thereof be deemed invalid or ineffective.

* NB There are 2 § 1199-ww's

§ 1199-xx. Effect of inconsistent provisions. Insofar as the provisions of this title are inconsistent with the provisions of any other law, general, special or local, or of any charter or any local law, ordinance or resolution of the county or other municipality, the provisions of this title shall be controlling, provided that nothing contained in this section shall be held to supplement or otherwise expand the powers or duties of the authority otherwise set forth in this title. Nothing contained in this title shall be held to alter or abridge the powers and duties of the department of environmental conservation or the department of health.

* TITLE 8-E

ORANGE COUNTY WATER AUTHORITY

* NB There are 2 A5 T8-E's

*** § 1199-aa. Short title.** This title shall be known and may be cited as the "Orange county water authority act".
* NB There are 2 § 1199-aa's

*** § 1199-bb. Definitions.** As used or referred to in this title, unless a different meaning clearly appears from the context:

1. "Authority" means the corporation created by section one thousand one hundred ninety-nine-dd of this title.

2. "Bonds" means the bonds, notes or other evidences of indebtedness issued by the authority pursuant to this title, and the provisions of this title relating to bonds and bondholders shall apply with equal force and effect to notes and noteholders, respectively, unless the context otherwise clearly requires.

3. "Civil service commission" means the civil service commission of the county.

4. "Comptroller" means the comptroller of the state.

5. "Construction" means the acquisition, erection, building, alteration, improvement, increase, enlargement, extension, reconstruction, renovation or rehabilitation of a water system; the inspection and supervision thereof; and the engineering, architectural,

legal, fiscal and economic investigations and studies, surveys, designs, plans, working drawings, specifications, procedure and other actions preliminary or incidental thereto.

6. "Cost" as applied to any project, includes the cost of construction, the cost of the acquisition of all property, including real property and other property, both real and personal and improved and unimproved, the cost of the demolishing, removing or relocating any buildings or structures on lands so acquired, including the cost of acquiring any lands to which such buildings or structures may be moved or relocated, the cost of all systems, facilities, machines, apparatus and equipment, financing charges, interest prior to, during and after construction to the extent not paid or provided for from revenues or other sources, the cost of engineering and architectural surveys, plans and specifications, the cost of consultant and legal services, the cost of guarantee, bond insurance, other credit support device and the cost of other expenses necessary or incidental to the construction of such project and the financing of the construction thereof, including the amount authorized in the resolution of the authority providing for the issuance of bonds to be paid into any reserve or other special funds from the proceeds of such bonds and the financing of the placing of any project in operation, including reimbursement to the county, or any municipality, state agency, the state, the United States government, or any other person for expenditures that would be costs of the project hereunder had they been made directly by the authority.

7. "County" means the county of Orange.

8. "County executive" means the county executive of the county.

9. "County legislature" means the county legislature of the county.

10. "District" means the Orange county water district created by section one thousand one hundred ninety-nine-cc of this title.

11. "Distribution system" means the water facility or facilities employed to deliver water from a transmission facility, or where there

is no transmission facility, from a supply facility, to the ultimate consumers of such water.

12. "Governing body" means the members of the authority constituting and acting as the governing body of the authority.

13. "Municipality" means any county, city, town, village, improvement district under the town law, any other such instrumentality, including any agency, or public corporation of the state, or any of the foregoing or any combination thereof.

14. "Person" means any natural person, partnership, association, joint venture or corporation, exclusive of a public corporation.

15. "Project" means any water facility.

16. "Properties" means the water system or systems of the authority, whether situated within or without the territorial limits of the district, including the plants, works, structures, instrumentalities or part thereof and appurtenances thereto, real property, water facilities, or any other property incidental to and included in such system or systems or part thereof, any improvements, extensions and betterments.

17. "Real property" means lands, structures, franchise, rights and interests in land, waters, land under water, riparian rights and air rights and any and all things and rights included within said term and includes not only fees simple absolute, but also any and all lesser interests including, but not limited to, easements, rights-of-way, uses, leases, licenses and all other incorporeal hereditaments and every estate, interest or right, legal or equitable, including terms for years and liens thereon by way of judgments, mortgages or otherwise.

18. "Revenues" means all rates, fees, charges, payments and other income and receipts derived from the operation of the properties of the authority including, without limiting the generality of the foregoing, investment proceeds and proceeds of insurance, condemnation, and sale or other disposition of assets, together with all federal, state or

municipal aid, if any.

19. "State" means the state of New York.

20. "State agency" means any state officer, public benefit corporation, department, board, commission, bureau or division, or other agency or instrumentality of the state.

21. "Supply facility" means a water facility employed to make groundwater, surface water or water to be purchased from the city of New York, the New York city municipal water finance authority, New York city water board or any agency or instrumentality thereof, available for delivery into a transmission facility or distribution system.

22. "Transmission facility" means a water facility used to carry water from a supply facility to a distribution system.

23. "Water facility" or "water facilities" means any plants, structures and other real and personal property acquired, rehabilitated or constructed or planned for the purpose of accumulating, supplying, transmitting, treating or distributing water, including but not limited to surface or groundwater reservoirs, basins, dams, canals, aqueducts, aqueduct taps, standpipes, conduits, pipelines, mains, pumping stations, pumps, water distribution systems, compensating reservoirs, intake stations, waterworks or sources of water supply, wells, purification or filtration plants or other treatment plants and works, contract rights, franchises, approaches, connections, permits, water meters, rights of flowage or diversion and other plants, structures, equipment, vehicles, conveyances, real or personal property or rights therein and appurtenances thereto necessary or useful and convenient for the accumulation, supply, transmission, treatment or distribution of water.
* NB There are 2 § 1199-bb's

*** § 1199-cc. Orange county water district.** There is hereby defined and established an area to be known as the "Orange county water district" which shall embrace all the territory located within the county that is not, as of the effective date of this title, located within the United States Military Reservation at West Point. After the establishment of the Orange county water district, such district shall have such powers as are provided in and shall be governed in accordance with the provisions of article five-A of the county law, including, without limitation, the power to enter into contracts, and carry out the terms thereof, with the city of New York, the New York city municipal finance authority, New York city water board, or any agency or instrumentality thereof, for the purchase of water.

* NB There are 2 § 1199-cc's

*** § 1199-dd. Orange county water authority.** 1. A public corporation, to be known as the "Orange county water authority" is hereby created for the public purposes and charged with the duties and having the powers provided in this title. The authority shall be a body corporate and politic constituting a public benefit corporation and shall be a "public district" for purposes of section eighty-nine-l of the public service law, the objects of which in the judgment of the legislature cannot be attained under general laws. It shall consist of seven members, who shall be residents of the county and be appointed by the county executive. All members so appointed shall be subject to confirmation by the county legislature. The first members appointed by the county executive shall be appointed for the following terms of office: two for a term ending on December thirty-first of the second year following the year in which this title shall have become law; three for a term ending on December thirty-first of the third year following the year in which this title shall have become law; one for a term ending on December thirty-first, two thousand thirteen; and one for a term ending on December thirty-first, two thousand fourteen. Subsequent appointments of members shall be made for a term of two years ending in each case on December thirty-first of the last year of such term. All members shall continue to hold office until their successors are appointed and qualify. Vacancies shall be filled in the manner provided for original appointment. Vacancies, occurring otherwise than by expiration of term of office, shall be filled by appointment for the unexpired terms. Members may be removed from office for the same reasons and in the same manner as may be provided by law for the removal of officers of the county. The members of the authority shall receive no compensation for their services, but shall be reimbursed for all their actual and necessary expenses incurred in connection with the carrying out of the purposes of this title. The powers of the authority shall be vested in and be exercised by the governing body at a meeting duly called and held where a quorum of four members are present. No action shall be taken except pursuant to the favorable vote of at least four members. The governing body may delegate to one or more of its members, officers, agents or employees such powers and duties as it may deem proper.

2. The officers of the authority shall consist of a chairman, vice chairman and a treasurer, who shall be members of the authority, and a secretary, who need not be a member of the authority. Such officers shall be appointed by the governing body and shall serve in such capacities at the pleasure of the governing body. In addition to the secretary, the governing body may appoint and at pleasure remove such additional officers and employees as it may be determined necessary for the performance of the powers and duties of the authority and fix and determine their qualifications, duties and compensation, subject to the provisions of the civil service law. The governing body may also from time to time contract for expert professional services. The treasurer shall execute a bond, conditioned upon the faithful performance of the duties of his or her office, the amount and sufficiency of which shall be approved by the governing body and the premium therefor shall be paid by the authority.

3. Notwithstanding any inconsistent provision of any general, special or local law, ordinance, resolution or charter, no officer, member or employee of the state, any municipality, or any public benefit corporation, shall forfeit his or her office or employment by reason of his or her acceptance of appointment as a member, officer, agent or employee of the authority, nor shall service as such member, officer, agency or employee be deemed incompatible or in conflict with such office, membership or employment.

4. (a) The county executive shall file on or before December

thirty-first in the year in which this title shall have become a law, in the office of the secretary of state, a certificate signed by the county executive setting forth: (i) the name of the authority; (ii) the names of the members appointed by the county executive and confirmed by the county legislature and their terms of office; and (iii) the effective date of this title. If such certificate is not filed with the secretary of state on or before such date, then the corporate existence of the authority shall thereupon terminate and it shall thereupon be deemed to be and shall be dissolved.

(b) The authority and its corporate existence shall continue until terminated by law, provided, however, that no such law shall take effect so long as the authority shall have bonds or other obligations outstanding unless adequate provision has been made for the payment or satisfaction thereof. Upon termination of the existence of the authority, all of the rights and properties of the authority then remaining shall pass to and vest in the county.

5. It is hereby determined and declared, that the authority and the carrying out of its powers and duties are in all respects for the benefit of the people of the county and the state for the improvement of their health, welfare and prosperity and that such purposes are public purposes and that the authority is and will be performing an essential governmental function in the exercise of the powers conferred upon it by this title.

* NB There are 2 § 1199-dd's

*** § 1199-ee. Powers of the authority.** The authority shall have the power:

1. To sue and be sued;

2. To have a seal and alter the same at pleasure;

3. To borrow money and issue bonds or other obligations and to provide for the rights of the holders thereof;

4. To enter into contracts and to execute all instruments necessary or convenient or desirable for the purposes of the authority to carry out any powers expressly given it in this title;

5. To acquire by purchase, gift, grant, transfer, contract or lease or by condemnation pursuant to the eminent domain procedure law within the district, lease as lessee, hold, and use any real or personal property or any interest therein, as the authority may deem necessary, convenient or desirable to carry out the purposes of this title; provided, however, that the authority may not condemn real property of a municipality without the consent of the governing body of such municipality. In connection with the acquisition of such properties, the authority may assume any obligations of the owner of such properties and, to the extent required by the terms of any indentures or other instruments under which such obligations were issued, the authority may assume and agree to perform covenants and observe the restrictions contained in such instruments; and furthermore the owner of any properties, which the authority is authorized to acquire, is hereby authorized to sell or otherwise transfer the same to the authority, whereupon the authority shall become charged with the performance of all public duties with respect to such properties with which such owner was charged and such owner shall become discharged from the performance thereof, and as a means of so acquiring for such purpose, the authority may purchase all of the stock of any existing privately owned water corporation or company and in the case of a sale or other transfer of properties of a public utility corporation pursuant to this provision, upon the purchase of the stock of such corporation or company it shall be lawful to dissolve such corporation within a reasonable time, and in the case of an acquisition of properties from a municipality pursuant to this provision, it may assume the primary responsibility for the payment of any bonds or notes issued by such municipality for such properties;

6. To construct, improve, maintain, develop, expand or rehabilitate water facilities;

7. To operate and manage and to contract for the operation and management of properties of the authority;

8. To enter into contracts, and carry out the terms thereof, for the wholesale provision of water produced by supply facilities constructed, operated or contracted for by the authority, to municipalities and to carry out the terms thereof, for the transmission of water from new or existing supply facilities;

9. To apply to the appropriate agencies and officials of the federal, state and local governments for such licenses, permits or approvals of its plans or projects as it may deem necessary or advisable, and upon such terms and conditions as it may deem appropriate, and to accept, in its discretion, such licenses, permits or approvals as may be tendered to it by such agencies and officials;

10. To appoint such officers and employees as are required for the performance of its duties, to fix and determine their qualifications, duties and compensation, and to retain or employ counsel, auditors, engineers and private consultants on a contract basis or otherwise for rendering professional or technical services and advice;

11. To make plans and studies necessary, convenient or desirable for the effectuation of the purposes and powers of the authority and to prepare recommendations in regard thereto;

12. To enter upon such lands, waters or premises as in the judgment of the authority shall be necessary for the purpose of making surveys, soundings, borings and examinations to accomplish any purpose authorized by this title, the authority being liable only for actual damage done;

13. To apply for and to accept any gifts or grants or loans of funds or property or financial or other aid in any form from the federal government or any agency or instrumentality thereof, or from the state or any agency or instrumentality thereof or from any other source, for any or all of the purposes specified in this title, and to comply, subject to the provisions of this title, with the terms and conditions thereof;

14. To purchase water in bulk from any person, private corporation or municipality when necessary or convenient for the operation of such water system;

15. To produce, develop, distribute and sell water to the county and to any municipality within the territorial limits of the district;

16. To make by-laws for the management and regulation of its affairs and subject to agreements with bondholders, rules for the sale of water and the collection of rates and charges therefor. A copy of such rules and by-laws, and all amendments thereto, duly certified by the secretary of the authority shall be filed in the office of the county clerk of the county. In addition, the county legislature shall have power to prescribe that violation of specific by-laws of the authority, published once in a newspaper having a general circulation in the county, shall be punishable by fine, not exceeding fifty dollars, or by imprisonment for not longer than thirty days, or both;

17. To fix rates and collect charges for the use of the facilities of, or any commodities furnished by the authority such as to provide revenues sufficient at all times to pay, as the same shall become due, the principal and interest on the bonds or other obligations of the authority together with the maintenance of proper reserves therefor, in addition to paying as the same shall become due the expense of operating and maintaining the properties of the authority together with proper reserves for maintenance, contingencies and all other obligations and indebtedness of the authority;

18. To enter into cooperative agreements with other authorities, municipalities, utility companies, individuals, or corporations, within or without the territorial limits of the district, for the interconnection of facilities, the exchange or interchange of water, and, within the territorial limits of the district, to enter into a contract for the construction and operation and maintenance of a water facility by the authority for any municipality having power to construct and develop a water facility, upon such terms and conditions as shall be determined to be reasonable, including but not limited to the

reimbursement of all costs of such construction, or for any other lawful purposes necessary or desirable to effect the purposes of this title;

19. To act as a county water agency in accordance with the provisions of article five-A of the county law;

20. With the consent of the county executive, to use officers and employees of the county and to pay a proper portion of compensation or costs for the services of such officers or employees; and

21. To do all things necessary, convenient or desirable to carry out its purposes and for the exercise of the powers granted in this title.
* NB There are 2 § 1199-ee's

*** § 1199-ff. Appropriations for purposes of the authority; transfer of property to authority; acquisition of property by the county for authority; con**tracts with county. 1. In addition to any powers granted to it by law, the county legislature may, from time to time, appropriate by resolution sums of money for purposes of the authority to defray project costs or any other costs and expenses of the authority or to pay amounts payable or anticipated to be payable to the authority pursuant to any contract authorized by this title. Subject to the rights of bondholders, the county legislature may determine if the moneys so appropriated shall be subject to repayment by the authority to the county and, in such event, the manner and time or times for such repayment. In the event there shall remain at the end of any fiscal year of the county an unexpended balance of any such appropriation, such unexpended balance shall remain on deposit in the fund or account and such appropriation shall not lapse.

2. The county or any other municipality may give, grant, sell, convey, loan, license the use of or lease to the authority any properties which are useful to the authority in order to carry out its powers under this title. Any such transfer of property shall be for such term and upon such terms and conditions, subject to the rights of the holders of any bonds, as the authority and the county or other municipality may agree,

including provision for the authority to assume the primary responsibility for the payment of any bonds or notes issued by the county or such other municipality for such properties.

3. The county may acquire by purchase or by exercise of the power of eminent domain real property in the name of the county for any corporate purpose of the authority.

4. Notwithstanding the provisions of any other law, general, special or local to the contrary, real property acquired by the authority or the county from the state may be used for any corporate purpose of the authority.

5. The county, one or more of the municipalities within the county, the district, and the authority shall have the power to contract, from time to time, between or among themselves, in relation to the purchase, sale and transmission of water, which contracts may include any or all of the following provisions: (a) requiring the purchase by the county, any such municipality or the district of specified amounts of water; (b) requiring the authority to reserve capacity in its water facility to assure the availability to the county, any such municipality or the district of a specified amount of water; (c) providing for specified minimum periodic payments whether or not water is actually taken and used, subject to such limitations, exceptions and provisions therein; (d) requiring the county, any such municipality or the district to pay to the authority such amounts as shall be necessary to assure the continued operation of the authority; and (e) requiring any such municipality to pay to the county such amount as shall be necessary to assure that the periodic payments by the county to the authority will not result in an undue burden upon the residents of the county. All such payments shall be determined and paid in such manner and at such times as may be provided in such contracts.

6. Any gift, grant, sale, conveyance, loan or contract authorized by this section may be made or entered into by the county and any other municipality without a public hearing being first held therein and no such gift, grant, sale, conveyance, loan or contract shall be subject to

referendum, permissive or otherwise.
* NB There are 2 § 1199-ff's

*** § 1199-gg. Governmental capacity of the authority and municipalities.** The authority, the county and the other municipalities, in carrying out their respective powers and duties under this title, shall be deemed to be acting in a governmental capacity and in the performance of an essential governmental function.
* NB There are 2 § 1199-gg's

*** § 1199-hh. Transfer of officers and employees.** Any public officer or employee under civil service who is selected by the authority may, with the consent of the commission, board, or chief executive officer of the municipality by which he or she has been employed, be transferred to the authority and shall be eligible for such transfer and appointment without examination to comparable offices, positions and employment under the authority. The salary or compensation of any such officer or employee, after such transfer, shall be paid by the authority. Any such officers or employees so transferred to the authority pursuant to this section, who are members of or benefit under any existing pension or retirement fund or system, shall continue to have all rights, privileges, obligations and status with respect to such fund or system as are not prescribed by law, but during the period of their employment by the authority, all contributions to such funds or systems to be paid by the employer on account of such officers or employees shall be paid by the authority. All such officers or employees so transferred to the authority who have been appointed to positions under the rules and classifications of the civil service commission shall have the same status with respect thereto after transfer to the authority as they had under their original appointment.
* NB There are 2 § 1199-hh's

*** § 1199-ii. Bonds of the authority.** 1. The authority shall have the power and is hereby authorized from time to time to issue bonds in conformance with the applicable provisions of the uniform commercial code in such principal amounts as it may determine to be necessary to pay the cost of any project or for any other corporate purpose, including incidental expenses in connection therewith. The authority shall have power from time to time to refund any bonds by the issuance of new bonds, whether the bonds to be refunded have or have not matured, and may issue bonds partly to refund bonds then outstanding and partly for any other corporate purpose. Bonds issued by the authority shall be special obligations payable solely out of particular revenues or other moneys as may be designated in the proceedings of the authority under which the bonds shall be authorized to be issued, subject only to any agreements with the holders of outstanding bonds pledging any particular revenues, earnings or moneys.

2. The authority is authorized to obtain from any insurer or financial institution any insurance, guaranty or other credit support device, to the extent now or hereafter available, as to, or for the payment or repayment of interest or principal, or both, or any part thereof, on any bonds issued by the authority and to enter into any agreement or contract with respect to any such insurance, guaranty or other credit support device, except to the extent that the same would in any way impair or interfere with the ability of the authority to perform and fulfill the terms of any agreement made with the holders of outstanding bonds of the authority.

3. Bonds shall be authorized by resolution of the authority, be in such denominations, bear such date or dates and mature at such time or times as such resolution may provide, except that bonds and any renewals thereof shall mature within forty years of the date of their original issuance and notes and any renewal thereof shall mature within five years of the date of their original issuance. Such bonds shall be subject to such terms of redemption, bear interest at such rate or rates per annum, which may vary from time to time, as may be necessary to effect the sale thereof and shall be payable at such time, be in such form, carry such registration privileges, be executed in such manner, shall be subject to tender to the authority, with or without extinction or cancellation, be payable in such medium of payment at such place or

places, and be subject to such terms and conditions as such resolution may provide. Bonds may be sold at public or private sale for such price or prices as the authority shall determine, provided that no issue of bonds of the authority, other than obligations designated as notes, may be sold by the authority at private sale unless such sale and the terms thereof have been approved in writing by the comptroller, where such sale is not to be to such comptroller, or by the state director of the budget, where such sale is to be to the comptroller.

4. Any resolution or resolutions authorizing bonds or any issue of bonds may contain provisions which may be a part of the contract with the holders of the bonds thereby authorized as to:

(a) pledging all or part of its revenues, together with any other moneys, securities, contracts or property, to secure the payment of the bonds, subject to such agreements with holders of bonds or notes as then may exist;

(b) the setting aside of reserves and the creation of sinking funds and the regulation and disposition thereof;

(c) limitations on the purpose to which the proceeds from the sale of bonds may be applied;

(d) the rates, fees and other charges to be fixed and collected by the authority and the amount to be raised in each year thereby, and the use and disposition of revenues;

(e) limitations on the right of the authority to restrict and regulate the use of the project or part hereof in connection with which bonds are issued;

(f) limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured and the refunding of outstanding or other bonds;

(g) the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, including the proportion of bondholders which must consent thereto, and the manner in which such consent may be given;

(h) the creation of special funds into which any revenues or moneys may be deposited;

(i) the terms and provisions of any trust, deed, mortgage or indenture securing the bonds under which the bonds may be issued;

(j) vesting in a trustee or trustees such properties, rights, powers and duties in trust as the authority may determine which may include any or all of the rights, powers and duties of the trustee appointed by the bondholders pursuant to section eleven hundred ninety-nine-jj of this title and limiting or abrogating the rights of the bondholders to appoint a trustee under such section or limiting the rights, duties and powers of such trustee;

(k) defining the acts or omissions to act which may constitute a default in the obligations and duties of the authority to the bondholders and providing for the rights and remedies of the bondholders in the event of such default, including as a matter of right the appointment of a receiver, provided, however, that such rights and remedies shall not be inconsistent with the general laws of the state and other provisions of this title;

(l) limitations on the power of the authority to sell or otherwise dispose of any project or any part thereof;

(m) limitations on the amount of revenues and other moneys to be expended for operating, administrative or other expenses of the authority;

(n) the payment of the proceeds of bonds, revenues and other moneys to a trustee or other depository, and for the method of disbursement thereof with such safeguards and restrictions as the authority may determine; and

(o) any other matters of like or different character which may in any way affect the security or protection of the bonds or the rights and remedies of bondholders.

5. In addition to the powers herein conferred upon the authority to secure its bonds, the authority shall have power in connection with the issuance of bonds to enter into such agreements as the authority may deem necessary, convenient or desirable concerning the use or disposition of its revenues or other moneys or property, including the mortgaging of any of its properties and the entrusting, pledging or creation of any other security interest in any such revenues, moneys or properties and the doing of any act (including refraining from doing any act) which the authority would have to do in the absence of such agreements. The authority shall have power to enter into amendments of

any such agreements within the powers granted to the authority by this title and to perform such agreements. The provisions of any such agreements may be made a part of the contract with the holders of bonds of the authority.

6. Any provision of the uniform commercial code to the contrary notwithstanding, any pledge of or other security interest in revenues, moneys, accounts, contract rights, general intangibles or other personal property made or created by the authority shall be valid, binding and perfected from the time such pledge is made or other security interest attaches without any physical delivery of the collateral or further act, and the lien of any such pledge, or other security interest shall be valid, binding and perfected against all parties having claims of any kind in tort, contract or otherwise against the authority irrespective of whether or not such parties have notice thereof. No instrument by which such a pledge or security interest is created nor any financing statement need be recorded or filed.

7. Whether or not the bonds are of such form and character as to be negotiable instruments under the terms of the uniform commercial code, the bonds are hereby made negotiable instruments within the meaning of and for all the purposes of the uniform commercial code, subject only to the provisions of the bonds for registration.

8. Neither the members of the authority nor any person executing bonds shall be liable personally thereon or be subject to any personal liability or accountability by reason of the issuance thereof.

9. The authority, subject to such agreements with bondholders as then may exist, shall have power out of any moneys available therefor to purchase bonds of the authority, which shall thereupon be cancelled at a price not exceeding (i) if the bonds are then redeemable, the redemption price then applicable plus accrued interest to the next interest payment date, or (ii) if the bonds are not redeemable then redemption price applicable on the first date after such purchase upon which the bonds become subject to redemption, plus accrued interest to interest payment date.

* NB There are 2 § 1199-ii's

*** § 1199-jj. Remedies of bondholders.** Subject to any resolution or resolutions adopted pursuant to paragraph (j) of subdivision four of section eleven hundred ninety-nine-ii of this title:

1. In the event that the authority shall default in the payment of principal of or interest on any issue of bonds after the same shall become due, whether at maturity or upon call for redemption, and such default shall continue for a period of thirty days, or in the event that the authority shall fail or refuse to comply with the provisions of this title or shall default in any agreement made with the holders of any issue of bonds, the holders of twenty-five percent in aggregate principal amount of the bonds of such issue then outstanding, by instrument or instruments filed in the office of the clerk of the county and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of such bonds for the purpose herein provided.

2. Such trustee may and, upon written request of the holders of twenty-five percent in principal amount of such bonds outstanding, shall in his, her or its own name:

(a) by action or proceeding in accordance with the civil practice law and rules, enforce all rights of the bondholders, including the right to require the authority to collect rates and charges adequate to carry out any agreement as to, or pledge of, such rates and charges and to require the authority to carry out any other agreements with the holders of such bonds to perform its duties under this title;

(b) bring an action or proceeding upon such bonds;

(c) by action or proceeding, require the authority to account as if it were the trustee of an express trust for the holders of such bonds;

(d) by action or proceeding, enjoin any acts or things which may be unlawful or in violation of the rights of the holders of such bonds; and

(e) declare all such bonds due and payable, and if all defaults shall be made good, then with the consent of the holders of twenty-five percent of the principal amount of such bonds then outstanding, annul

such declaration and its consequences.

3. Such trustee shall in addition to the foregoing have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth herein or incident to the general representation of bondholders in the enforcement and protection of their rights.

4. The supreme court shall have jurisdiction of any action or proceeding by the trustee on behalf of such bondholders. The venue of any such action or proceeding shall be laid in the county.

5. Before declaring the principal of bonds due and payable, the trustee shall first give thirty days notice in writing to the authority.

6. Any such trustee, whether or not the issue of bonds represented by such trustee has been declared due and payable, shall be entitled as of right to the appointment of a receiver of any part or parts of the properties the revenues of which are pledged for the security of the bonds of such issue, and, subject to any pledge or agreement with holders of such bonds, such receiver may enter and take possession of such part or parts of the properties and shall take possession of all moneys and other property derived from such part or parts of such properties and proceed with any construction thereon or the acquisition of any property, real or personal, in connection therewith which the authority is under obligation to do, and to operate, maintain and reconstruct such part or parts of the properties and collect and receive all revenues thereafter arising therefrom subject to any pledge thereof or agreement with bondholders relating thereto and perform the public duties and carry out the agreements and obligations of the authority under the direction of the court. In any suit, action or proceeding by the trustee, the fees, counsel fees and expenses of the trustee and of the receiver, if any, shall constitute taxable disbursements and all costs and disbursements allowed by the court shall be a first charge on any revenue derived from the properties.

* NB There are 2 § 1199-jj's

*** § 1199-kk. State and county not liable on authority bonds.** Neither the state nor the county shall be liable on the bonds of the authority and such bonds shall not be a debt of the state, or the county, and each such bond shall contain, on the face thereof, a statement to such effect.

* NB There are 2 § 1199-kk's

*** § 1199-ll. Moneys of the authority.** All moneys of the authority from whatever source derived shall be paid to the treasurer of the authority and shall be deposited forthwith in a bank or banks in the state designated by the governing body. The moneys in such accounts shall be paid out on check of the treasurer upon requisition by the governing body or of such other person or persons as the governing body may authorize to make such requisitions. All deposits of such moneys shall be secured by obligations of the United States or of the state or of the county of a market value equal at all times to the amount on deposit and all banks and trust companies are authorized to give such security for such deposits. The authority shall have power, notwithstanding the provisions of this section, to contract with the holders of any bonds as to the custody collection, security, investment and payment of any moneys of the authority or any moneys held in trust or otherwise for the payment of bonds or in any way to secure bonds, and to carry out any such contract notwithstanding that such contract may be inconsistent with the provisions of this section. Moneys held in trust or otherwise for the payment of bonds or in any way to secure bonds and deposits of such moneys may be secured in the same manner as moneys of the authority and all banks and trust companies are authorized to give such security for such deposits. Any moneys of the authority not required for immediate use or disbursement may, at the discretion of the authority, be invested in those obligations specified pursuant to the provisions of section ninety-eight-a of the state finance law. Subject to the provisions of any contract with bondholders and with the approval of the comptroller, the authority shall prescribe a system of accounts.

* NB There are 2 § 1199-ll's

*** § 1199-mm. Bonds legal investments for fiduciaries.** The bonds of the authority are hereby made securities in which all public officials and bodies of the state and all municipalities, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations, including savings and loan associations, investment companies and other persons carrying on a banking business, and administrators, guardians, executors, trustees and other fiduciaries and all other persons whatsoever, who are not or may hereafter be authorized to invest in bonds or other obligations of the state, may properly and legally invest funds including capital in their control or belonging to them. The bonds are also hereby made securities which may be deposited with and may be received by all public officers and bodies of this state and all municipalities for any purposes for which the deposit of bonds or other obligations of this state is now or hereafter may be authorized.

* NB There are 2 § 1199-mm's

*** § 1199-nn. Agreement of the state.** The state does hereby pledge to and agree with the holders of any bonds issued by the authority pursuant to this title that the state will not alter or limit the rights hereby vested in the authority to purchase, construct, maintain, operate, repair, improve, increase, enlarge, extend, reconstruct, renovate, rehabilitate or dispose of any project, or any part or parts thereof, for which bonds of the authority shall have been issued, to establish and collect rates, fees and other charges referred to in this title and to fulfill the terms of any agreement made with or for the benefit of the holders of the bonds or with any public corporation or person with reference to such project or part thereof, or in any way impair the rights and remedies of the bondholders, until the bonds, together with the interest thereon, including interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of such holders, are fully met and discharged. The authority is authorized to include this pledge and agreement of the state in any agreement with bondholders.

* NB There are 2 § 1199-nn's

*** § 1199-oo. Exemption from taxes, assessments and certain fees; payments in lieu of taxes.** 1. It is hereby determined that the creation of the authority and the carrying out of its corporate purposes is in all respects for the benefit of the people of the state and is a public purpose, and the authority shall be regarded as performing a governmental function in the exercise of the powers conferred upon it by this title and shall not be required to pay any taxes, special ad valorem levies or special assessments upon any real property owned by it or any filing, recording or transfer fees or taxes in relation to instruments filed, recorded or transferred by it or on its behalf; provided, however, that any real property owned or acquired by the authority outside of the district shall be exempt from real property taxes, ad valorem levies or special assessments only pursuant to and to the extent provided by an agreement with the governing body of the municipality in which such real property is located.

2. An authority may pay, or may enter into agreements with any municipality to pay, a sum or sums, annually or otherwise or to provide other considerations to such municipality with respect to real property owned by the authority located within such municipality and constituting a part of a water or sewerage system.

3. Any bonds issued pursuant to this title together with the income therefrom shall be exempt from taxation except for transfer and estate taxes. The revenues, moneys and all other property and activities of the authority shall be exempt from all taxes and governmental fees or charges, whether imposed by the state or any municipality, including without limitation real estate taxes, franchise taxes, sales taxes or other excise taxes. Notwithstanding the foregoing provision of this subdivision, any real property owned or acquired by the authority outside the district shall be subject to subdivision one of this section. The state hereby covenants with the purchasers and with all subsequent holders and transferees of bonds issued by the authority pursuant to this title, in consideration of the acceptance of and payment for the bonds, that the bonds of the authority issued pursuant

to this title and the income therefrom shall be exempt from such taxation as aforestated herein, and that all revenues, moneys, and other property pledged to secure the payment of such bonds shall at all times be free from such taxes as aforestated herein.

* NB There are 2 § 1199-oo's

*** § 1199-pp. Actions against authority.** 1. Except in an action for wrongful death, no action or special proceeding shall be prosecuted or maintained against the authority for personal injury or damage to real or personal property alleged to have been sustained by reason of the negligence or wrongful act of the authority or of any member, officer, agent or employee thereof, unless (a) a notice of claim shall have been made and served upon the authority within the time limit prescribed by and in compliance with section fifty-e of the general municipal law, (b) it shall appear by and as an allegation in the complaint or moving papers that at least thirty days have elapsed since the service of such notice and that adjustment or payment thereof has been neglected or refused, and (c) the action or special proceeding shall be commenced within one year and ninety days after the happening of the event upon which the claim is based. An action against the authority for wrongful death shall be commenced in accordance with the notice of claim and time limitation provisions of title eleven of article nine of this chapter.

2. Wherever a notice of claim is served upon the authority, it shall have the right to demand an examination of the claimant relative to the occurrence and extent of the injuries or damages for which claim is made, in accordance with the provisions of section fifty-h of the general municipal law.

3. The authority may require any person presenting for settlement an account or claim for any cause whatever against the authority, to be sworn before a member, counsel, officer or employee of the authority designated for such purpose concerning such account or claim and, when so sworn, to answer orally as to any facts relative to such account or claim. The authority shall have power to settle or adjust all claims in favor of or against the authority.

4. The rate of interest to be paid by the authority upon any judgment for which it is liable, other than a judgment on its bonds, shall be the rate prescribed by section three-a of the general municipal law. Interest on payments of principal or interest on any bonds in default shall accrue at the rate or rates set forth in such bonds from the due date thereof until paid or otherwise satisfied.

* NB There are 2 § 1199-pp's

*** § 1199-qq. Construction and purchase contracts.** The authority shall let contracts for construction or purchase of supplies, materials, or equipment pursuant to section one hundred three of the general municipal law. Nothing in this section shall be construed to limit the power of the authority to do any construction directly by the officers, agents and employees of the authority.

* NB There are 2 § 1199-qq's

*** § 1199-rr. Equal employment opportunity.** Authorities shall ensure that, where possible, all employees or applicants for employment are afforded equal employment opportunity without discrimination.

* NB There are 2 § 1199-rr's

*** § 1199-ss. Audit and annual report.** In conformity with the provisions of section five of article ten of the constitution, the accounts of the authority shall be subject to the supervision of the comptroller. The authority shall annually submit to the governor and state comptroller and to the state legislature a detailed report pursuant to the provisions of section two thousand five hundred of title one of article nine of this chapter, and a copy of such report shall be filed with the county executive. The authority shall comply with the provisions of sections two thousand five hundred one, two thousand five hundred two, and two thousand five hundred three of title one of article nine of this chapter.

* NB There are 2 § 1199-ss's

*** § 1199-tt. Limited liability.** Neither the members of the governing body, nor any municipality, officer or employee acting in its behalf, while acting within the scope of their authority, shall be subject to any personal liability resulting from the construction, maintenance or operation of any of the properties of the authority or from carrying out any of the powers expressly given in this title; provided, however, that this section shall not be held to apply to any independent contractor.

* NB There are 2 § 1199-tt's

*** § 1199-uu. Environmental applications, proceedings, approvals and permits.** 1. Any application in relation to the purposes of or contemplated by this title heretofore filed, or any proceeding heretofore commenced, by the county with the department of environmental conservation, the department of transportation or any other state agency or instrumentality or with the United States environmental protection agency or any other federal agency or instrumentality shall inure to and for the benefit of the authority to the same extent and in the same manner as if the authority had been a party to such application or proceeding from its inception, and the authority shall be deemed a party thereto, to the extent not prohibited by any federal law. Any license, approval, permit or decision heretofore or hereafter issued or granted pursuant to or as a result of any such application or proceeding shall inure to the benefit of and be binding upon the authority and shall be assigned and transferred by the county to the authority, unless such assignment and transfer is prohibited by federal law.

2. All such applications, proceedings, licenses, approvals, permits and decisions shall further inure to and for the benefit of and be binding upon any person leasing, acquiring, constructing, maintaining, using or occupying any facility financed in whole or in part by the authority.

* NB There are 2 § 1199-uu's

*** § 1199-vv. Separability.** If any section, clause or provision in this title shall be held by a court of competent jurisdiction to be unconstitutional or ineffective in whole or in part, to the extent that it is not unconstitutional or ineffective, it shall be valid and effective, and no other section, clause or provision shall on account thereof be deemed invalid or ineffective.

* NB There are 2 § 1199-vv's

*** § 1199-ww. Effect of inconsistent provisions.** Insofar as the provisions of this title are inconsistent with the provisions of any other act, general or special, or of any charter, local law, ordinance or resolution of the county, or other municipality, the provisions of this title shall be controlling; provided that nothing contained in this section shall be held to supplement or otherwise expand the powers or duties of the authority otherwise set forth in this title. Nothing contained in this title shall be held to alter or abridge the powers and duties of the state department of environmental conservation or the state department of health.

* NB There are 2 § 1199-ww's

TITLE 8-F

SARATOGA COUNTY WATER AUTHORITY

§ 1199-aaa. Short title. This title shall be known and may be cited as the "Saratoga county water authority act".

§ 1199-bbb. Definitions. As used or referred to in this title, unless a different meaning clearly appears from the context:

1. "Authority" shall mean the corporation created by section one thousand one hundred ninety-nine-ddd of this title.

2. "Board" shall mean the members of the authority constituting and acting as the governing board of the authority.

3. "Board of supervisors" shall mean the board of supervisors of Saratoga county.

4. "Bonds" shall mean the bonds, notes or other evidences of indebtedness issued by the authority pursuant to this title, and the

provisions of this title relating to bonds and bondholders shall apply with equal force and effect to notes and noteholders, respectively, unless the context otherwise clearly requires.

4-a. "Civil service commission" shall mean the personnel officer of the county of Saratoga or any other person or entity acting as the civil service commission of the county of Saratoga.

5. "Comptroller" shall mean the comptroller of the state of New York.

6. "Construction" shall mean the negotiation, acquisition, erection, building, alteration, improvement, testing, increase, enlargement, extension, reconstruction, interconnection, renovation or rehabilitation of a water facility as defined herein; the inspection and supervision thereof; and the engineering, architectural, legal, appraisal, fiscal, economic and environmental investigations, services and studies, surveys, designs, plans, working drawings, specifications, procedures and other actions preliminary or incidental thereto.

7. "Costs" as applied to any project, shall include the cost of construction, the cost of the acquisition of all property, including both real, personal and mixed, the cost of demolishing, removing or relocating any buildings or structures on lands so acquired, including the cost of acquiring any land to which such buildings or structures may be moved or relocated, the cost of all systems, facilities, machinery, apparatus and equipment, financing charges, interest prior to, during and after construction to the extent not paid or provided for from revenues or other sources, the cost of engineering and architectural surveys, plans and specifications, the cost of consultant and legal services, the cost of lease guarantee or bond insurance and the cost of other expenses necessary or incidental to the construction of such project and the financing of the construction thereof, including the amount authorized in the resolution of the authority providing for the issuance of bonds to be paid into any reserve or other special fund from the proceeds of such bonds and the financing of the placing of any project in operation, including the reimbursement to the county, or any municipality, state agency, the state, the United States government, or

any other person for expenditures made by them that would be costs of the project hereunder.

8. "County" shall mean the county of Saratoga.

9. "Distribution system" shall mean the water facility or facilities employed to deliver water from a transmission facility, or where there is no transmission facility, from a supply facility, to the ultimate consumers of such water.

10. "District" shall mean the Saratoga county water authority district created by section one thousand one hundred ninety-nine-ccc of this title.

11. "Governing body" shall mean:
(a) In the case of a city, county, town or village or district corporation the finance board as such term is defined in the local finance law;
(b) In the case of a public benefit corporation, the members thereof.

12. "Members" shall mean the members of the board.

13. "Municipality" shall mean any county, city, town, village, or county or town acting on behalf of an improvement district, any other instrumentality, including any agency, or public corporation of the state, or any of the foregoing or any combination thereof.

14. "Person" shall mean any natural person, partnership, association, joint venture or corporation, exclusive of a public corporation.

15. "Real property" shall mean lands, structures, franchises, rights and interests in land, waters, lands underwater, groundwater, riparian rights and air rights and any and all things and rights included within said term "real property" and includes not only fee simple absolute, but also any and all lesser interests including, but not limited to, easements, rights-of-way, uses, leases, licenses and all other incorporeal hereditaments and every estate, interest or right, legal or

equitable, including terms for years and liens thereon by way of judgments, mortgages or otherwise.

16. "Personnel officer" shall mean the personnel officer of the county of Saratoga.

17. "State sanitary code" shall mean regulations adopted pursuant to section two hundred twenty-five of the public health law.

18. "State" shall mean the state of New York.

19. "State agency" shall mean any state office, public benefit corporation, department, board, commission, bureau or division, or other agency or instrumentality of the state.

20. "Supply facility" shall mean a water facility employed to make groundwater or surface water available for delivery into a transmission facility or distribution system.

21. "System revenues" shall mean all rates, rents, fees, charges, payments and other income and receipts derived by the authority together with all federal, state or municipal aid as well as any other income derived from the operation of the water facility of the authority but in no event shall "system revenues" mean an ad valorem levy on real or personal property within the authority or any part thereof.

22. "Transmission facility" shall mean a water facility used to carry water from a supply facility to a distribution system.

23. "Treasurer" shall mean the treasurer of the authority.

24. "Water facility" or "water facilities" shall mean any plants, structures or other real and personal property acquired, rehabilitated or constructed or planned for the purpose of accumulating, supplying, transmitting, distributing or treating water, including but not limited to surface or groundwater reservoirs, basins, dams, canals, aqueducts, standpipes, conduits, pipelines, mains, pumping stations, pumps, water

distribution systems, compensating reservoirs, intake stations, waterworks or sources of water supply, wells, purification or filtration plants or other treatment plants and works, approaches, connections, water meters, rights of flowage or diversion and other plants, structures, equipment, vehicles, towers, conveyances, real or personal property or rights therein and appurtenances thereto necessary or useful and convenient for the accumulation, supply, transmission, treatment or distribution of water.

25. "Water project" shall mean any water facility, including the planning, development, financing or construction thereof.

26. "Watershed rules" shall mean the rules and regulations made by the department of health pursuant to section eleven hundred of the public health law.

§ 1199-ccc. Saratoga county water authority district. There is hereby defined and established a district to be known as the "Saratoga county water authority district" which shall embrace all of the territory located within the county of Saratoga.

§ 1199-ddd. Saratoga county water authority. 1. A public corporation known as the "Saratoga county water authority" is hereby created for the public purposes and charged with the duties and having the powers provided in this title. The authority shall be a corporate governmental agency constituting a public benefit corporation and shall be a "public district" for the purposes of section eighty-nine-l of the public service law. The authority shall be governed by a board consisting of seven members, who shall be residents of the county and be appointed by the chairman of the board of supervisors and confirmed by the board of supervisors. At least four members shall be elected officials. The first members appointed shall be appointed for the following terms: four for a term ending on December thirty-first, nineteen hundred ninety-six; three for a term ending on December thirty-first, nineteen hundred ninety-seven. Subsequent appointments of board members shall be made in the same manner, except that at least five of the seven members shall each be a resident of a municipality with which the authority has a service or distribution contract, each of the said resident board members shall not be a resident of the same municipality as any other resident board member and may be one or more of the aforementioned elected officials. Subsequent appointments of board members shall be for terms of two years and end, in each case, on December thirty-first of the last year of such term. All members shall continue to hold office until their successors are appointed and have qualified. Vacancies shall be filled in the manner provided for original appointment. Vacancies occurring otherwise than by expiration of terms of office, shall be filled by appointment for the unexpired terms. Members may be removed from office for the same reasons and in the same manner as may be provided by law for the removal of officers of the county. In addition, members may be removed from office by the board of supervisors for inefficiency, neglect of duty or misconduct in office, after the board of supervisors has given such member a copy of the charges against him and opportunity to be heard in person or by counsel in his defense, upon not less than ten days notice. If a member fails to attend three consecutive regular meetings of the authority, unless such absence is for good cause and is excused by the chairperson of the authority or other presiding officer, or in the case of the chairperson of the authority, by the chairperson of the board of supervisors, the office may be deemed vacant for the purposes of the nomination and appointment of a successor. The members of the authority shall receive no salary from the authority. Members and officers shall be entitled to reimbursement of their actual and necessary expenses including travel expenses, incurred in the discharge of their duties.

2. The powers of the authority shall be vested in and shall be exercised by the board at a meeting duly called and held where a quorum of four members is present. No action shall be taken by the authority except pursuant to the favorable vote of at least four members. The board may delegate to one or more of its members, or to one or more of the officers, agents or employees of the authority, such powers and duties as it may deem proper, except the power to vote upon issues as an authority member.

3. The officers of the authority shall consist of a chairperson, vice chairperson, and treasurer who shall be members of the board and a secretary who need not be a member of the board. The officers of the authority shall be appointed by the board and shall serve in such capacities at the pleasure of the board. In addition, the board may appoint and at pleasure remove such additional officers and employees as it may determine necessary for the performance of the powers and duties of the authority, which positions shall be in the exempt class of the civil service, and fix and determine the qualifications, duties and compensation of such additional officers and employees, subject to the provisions of the civil service law of the state and such rules and regulations as the personnel officer may adopt and make applicable to the authority. The authority may also from time to time contract for expert professional services. The treasurer shall execute a bond conditioned upon the faithful performance of the duties of his or her office, the amount and sufficiency of which shall be approved by the board, and the premium therefor shall be paid by the authority.

4. Notwithstanding any inconsistent provision of any general, special or local law, ordinance, resolution or charter, no officer, member or employee of the state, any municipality, or any public benefit corporation, shall forfeit his or her office or employment by reason of his or her acceptance of appointment as a member, officer, agent or employee of the authority, nor shall service as such member, officer, agent or employee be deemed incompatible or in conflict with such office, membership or employment.

5. (a) The chairman of the board of supervisors shall file within one year after the effective date of this title, in the office of the secretary of state, a certificate signed by the chairman of the board of supervisors setting forth: (i) the name of the authority; (ii) the names of the initial members of the board and their terms of office and specifying which member is the chairman; and (iii) the effective date of this title. If such certificate is not filed with the secretary of state on or before such date, then the corporate existence of the authority shall thereupon terminate and it shall thereupon be deemed to be and

shall be dissolved.

(b) Except as provided in paragraph (a) of this subdivision, the authority and its corporate existence shall continue until terminated by law, provided, however, that no such law shall take effect so long as the authority shall have bonds or other obligations outstanding unless adequate provision has been made for the payment or satisfaction thereof. Upon termination of the existence of the authority, all of the rights and properties of the authority then remaining shall pass to and vest in the county.

6. Neither the public service commission nor any other board or commission of like character, shall have jurisdiction over the authority in the management and control of its properties or operations, or any power over the regulation of rates fixed or charges collected by the authority.

7. It is hereby determined and declared that the authority and the carrying out of its powers, purposes and duties are in all respects for the benefit of the people of the county and the state, for the improvement of their health, welfare and prosperity and that such purposes are public purposes and that the authority is and will be performing an essential governmental function in the exercise of the powers conferred upon it by this title.

§ 1199-eee. Powers of the authority. Except as otherwise limited by this title, the authority shall have the power:

1. To sue and be sued;

2. To have a seal and alter the same at pleasure;

3. To borrow money and issue negotiable or non-negotiable notes, bonds, or other obligations and to provide for the rights of the holders thereof;

4. To enter into contracts and execute all instruments necessary or

convenient or desirable for the purposes of the authority to carry out any powers expressly given it in this title;

5. To acquire, by purchase, gift, grant, transfer, contract or lease or by condemnation pursuant to the eminent domain procedure law within the district, lease as lessee, hold and use and to sell, lease as lessor, transfer or otherwise dispose of, any real or personal property or any interest therein, within or without the district, as the authority may deem necessary, convenient or desirable to carry out the purpose of this title and to pay the costs thereof; provided, however, that the authority may not condemn real property of a municipality without the consent of the governing body of such municipality. Provided, however, notwithstanding any provision of the eminent domain procedure law to the contrary, in any proceeding brought by the authority to condemn real property pursuant to such law, title shall vest in the authority and compensation shall be paid only upon (a) a decision by the supreme court that compensation for the real property condemned shall be determined solely by the income capitalization method of valuation based on the actual net income as allowed by the public service commission, and (b) such supreme court's determination that the amount of such compensation shall be based on the income capitalization method, entry of a final judgment, the filing of the final decree and the conclusion of any appeal or the expiration of the time to file an appeal related to the condemnation proceeding. If any court shall utilize any method of compensation other than the income capitalization method, or if the proposed compensation is more than the rate base of the assets taken in condemnation, as utilized by the public service commission in setting rates and as certified by such commission, then the authority may withdraw the condemnation proceeding without prejudice or costs to any party;

6. To purchase, in the name of the authority, any water facility, including plants, works, instrumentalities or parts thereof and appurtenances thereto, lands, easements, rights in land and water rights, rights-of-way, contract rights, franchises, permits, approaches, connections, dams, wells, pumps, reservoirs, water mains and pipe lines, pumping stations, treatment facilities, meters, equipment and inventory,

or any other property incidental to and included in such system or part thereof, and any improvements, extensions and betterments, situated wholly within the district and to pay the costs thereof; provided, however, that the authority shall have the power to purchase any source of supply, supply facility, water supply system, or transmission facility or any part thereof situated wholly or partly without the territorial limits of the district, provided the same shall be necessary in order to supply water within the district; and in connection with the purchase of such properties the authority may assume any obligations of the owner of such properties, and, to the extent required by the terms of any indentures or other instruments under which such obligations were issued, the authority may assume and agree to perform covenants and observe the restrictions contained in such instruments; and furthermore the owner of any properties, which the authority is authorized to acquire, is hereby authorized to sell or otherwise transfer the same to the authority, whereupon the authority shall become charged with the performance thereof, and as a means of so acquiring for such purpose, the authority may purchase all of the stock of any existing privately owned water corporation or company and in the case of a sale or other transfer of properties of a public utility corporation pursuant to this provision, upon the purchase of the stock of such corporation or company it shall be lawful to dissolve such corporation within a reasonable time;

7. To construct, improve, maintain, develop, expand or rehabilitate water facilities and to pay the costs thereof;

8. To operate and manage and to contract for the operation and management of facilities or property of the authority;

9. To enter into contracts, and carry out the terms thereof, for the wholesale provision of water produced by supply facilities constructed, owned or operated by the authority, to municipalities and private water companies and to carry out the terms thereof, for the transmission of water from new or existing supply facilities;

10. To apply to the appropriate agencies and officials of the federal,

state and local governments for such licenses, permits or approvals of its plans or projects as it may deem necessary or advisable, and upon such terms and conditions as it may deem appropriate, to accept, in its discretion such licenses, permits or approvals as may be tendered to it by such agencies and officials;

11. To take all necessary and reasonable actions within the district to conserve, preserve and protect the water supply to the district, including the making of plans and studies, the adoption of watershed rules and regulations, the enforcing of compliance with all current and future rules and regulations of the state of New York, its agencies and departments with regard to water supply and usage, the requiring of cross-connection controls, the providing of educational material and programs to the public, and the cooperating with water suppliers outside the district to conserve, preserve and protect the entire water reserve as it is affected within and outside the authority's supply area;

12. To appoint such officers and employees as are required for the performance of its duties, to fix and determine their qualifications, duties and compensation, and to retain or employ counsel, auditors, engineers, and private consultants on a contract basis or otherwise for rendering professional or technical services and advice;

13. With the consent of the governing body of a municipality, to use officers and employees of such municipality and to pay a proper proportion of the compensation or costs for the services for such officers or employees;

14. To make plans and studies necessary, convenient or desirable for the effectuation of the purposes and powers of the authority and to prepare recommendations in regard thereto;

15. To prepare a water supply emergency plan which may include, but not be limited to, the following:

(a) establishment of criteria and procedures to determine critical water levels or safe yield of system;

(b) identification of existing and future sources of water under normal conditions and emergency conditions;

(c) system capacity and ability to meet peak demand and fire flows concurrently;

(d) storage capacities;

(e) current condition of present interconnections and identification of additional interconnections to meet a water supply emergency;

(f) specific action plan to be followed during a water supply emergency including a phased implementation of the plan;

(g) general water conservation programs and water use reduction strategies for water supply users;

(h) prioritization of water users;

(i) identification and availability of emergency equipment needed during a water supply emergency; and

(j) public notification program coordinated with the phased implementation schedule. Such plan shall not be adopted until a public hearing on such plan shall have been held, upon not less than fourteen days' notice thereof to each customer, either by mail or by publication once in a newspaper having general circulation within the district; every five years, such plan shall be reviewed and revised if necessary after a public hearing, with notice to each customer as aforesaid;

16. To enter upon such lands, waters or premises as in the judgment of the authority shall be necessary for the purpose of making surveys, soundings, borings and examinations to accomplish any purpose authorized by this title, the authority being liable only for actual damage done;

17. To apply for and to accept any gifts or grants or loans of funds or property or financial or other aid in any form from the federal government or any agency or instrumentality thereof, or from the state or any agency or instrumentality thereof, or from any other source, for any or all of the purposes specified in this title, and to comply, subject to the provisions of this title, with the terms and conditions thereof;

18. To obtain, store, treat, distribute, supply and sell water for domestic, commercial and public purposes at retail to individual consumers within the district;

19. To purchase water in bulk from any person, private or public benefit corporation or municipality when necessary or convenient for the operation of such water system;

20. To produce, develop, distribute and sell water or water services within or without the territorial limits of the district; and to purchase water from any municipality, town water district, person, association or corporation, provided, however, that water may be sold at retail to individual consumers only within the district and further provided that in exercising the powers granted by this title, the authority shall not sell water in any area which is served by a water system owned or operated by a municipality or special improvement district unless the governing body of such municipality or district shall adopt a resolution requesting the authority to sell water in such served areas;

21. To make bylaws for the management and regulation of its affairs and rules and regulations for the conservation, preservation, protection and distribution of the authority's water supply and, subject to agreements with bondholders, rules for the sale of water and the collection of rents and charges therefor. A copy of such rules, regulations and bylaws and any rules and regulations adopted pursuant to subdivision eleven of this section, and all amendments thereto, duly certified by the secretary of the authority shall be filed in the office of the county clerk of the county. In addition, the board of supervisors by local law shall have power to prescribe that violation of specific bylaws, rules, or rules and regulations of the authority, published once in a newspaper having general circulation within the county, shall be punishable by fine, not exceeding one hundred dollars, or by imprisonment for not longer than fifteen days, or both;

22. To fix rates and collect charges for the use of the facilities of, or services rendered by, or any commodities furnished by the authority such as to provide revenues sufficient at all times to pay, as the same shall become due, the principal of and interest on the bonds, notes, or other obligations of the authority together with the maintenance of

proper reserves therefor, in addition to paying as the same shall become due, the expense of operating and maintaining the properties of the authority together with proper maintenance reserves, capital reserves, repair reserves, tax stabilization reserves and other contingency reserves, and all other obligations and indebtedness of the authority; however, no such rates or charges shall be changed until a public hearing on such changes shall have been held upon not less than fourteen days notice thereof to each customer, either by mail or by publication once in a newspaper having general circulation within the district;

23. To enter into cooperative agreements with other authorities, municipalities, counties, cities, towns, villages, water districts, utility companies, individuals, firms or corporations, within or without the territorial limits of the district for the interconnection of facilities, the provision, exchange or interchange of services and commodities, the conservation, preservation and protection of the authority's supply area, and, within the territorial limits of the district, to enter into a contract for the construction, operation and maintenance of a water supply and distribution system by the authority for any municipality, upon such terms and conditions as shall be determined to be reasonable including, but not limited to, the reimbursement of all costs of such construction, or for any other lawful purposes necessary or desirable to effect the purposes of this title;

24. To provide for the discontinuance or disconnection of the supply of water for nonpayment of fees, rates, rents or other charges therefor imposed by the authority, provided such discontinuance or disconnection of any supply of water shall not be carried out except in the manner and upon the notice as is required of a waterworks corporation pursuant to subdivisions three-a, three-b and three-c of section eighty-nine-b and section one hundred sixteen of the public service law;

25. To act as a county water agency, pursuant to the provisions of article five-A of the county law; and

26. To do all things necessary, convenient or desirable to carry out its purposes and for all exercise of the powers granted in this title.

§ 1199-fff. Advances on behalf of the authority; transfer of property to the authority; acquisition of property by the county for authority. 1. In addition to any powers granted to it by law, the county from time to time may appropriate sums of money to or on behalf of the authority to defray project costs or any other costs and expenses of the authority. Subject to the rights of bondholders, the moneys so appropriated shall be subject to repayment by the authority to the county in such manner and at such time or times as set by the county for such repayment.

2. The county or any other municipality may give, grant, sell, convey, loan, license the use of or lease to the authority any property or facility which is useful to the authority in order to carry out its powers under this title. Any such transfer of property shall be upon such terms and conditions, subject to the rights of the holders of any bonds, as the authority and the county or other municipality may agree.

3. The county may acquire by purchase or by exercise of the power of eminent domain real property in the name of the county for any corporate purpose of the authority.

4. Notwithstanding the provisions of any other law, general, special or local to the contrary, real property acquired by the authority or the county from the state may be used for any corporate purpose of the authority.

§ 1199-ggg. Transfer of officers and employees. Any public officer or employee under civil service who is selected by the authority may, with the consent of the commission, board, department or municipality by which he or she has been employed, be transferred to the authority and shall be eligible for such transfer and appointment without examination to comparable offices, positions and employment under the authority, pursuant to the provisions of this section, who are members of or beneficiaries under any existing pension or retirement fund or system, shall continue to have all rights, privileges, obligations and status with respect to such fund or system as are now prescribed by law, but during the period of their employment by the authority, all contributions to any such fund or system to be paid by the employer on account of such officers and employees, shall be paid by the authority. All such officers and employees so transferred to the authority who have been appointed to positions under the rules and classifications of the civil service commission shall have the same status with respect thereto after transfer to the authority as they had under their original appointments. The appointment and promotion of all employees of the authority shall be made in accordance with the provisions of the civil service law and such rules as the civil service commission may adopt and make applicable to the authority.

§ 1199-hhh. Bonds of the authority. 1. The authority shall have the power and is hereby authorized from time to time to issue bonds in conformance with the applicable provisions of the uniform commercial code in such principal amounts as it may determine to be necessary to pay the cost of any water project or projects or for any other corporate purposes, including incidental expenses in connection therewith. The authority shall have power from time to time to refund any bonds by the issuance of new bonds whether the bonds to be refunded have or have not matured, and may issue bonds partly to refund bonds then outstanding and partly for any other corporate purpose. Bonds issued by the authority shall be special obligations payable solely out of particular revenues or other moneys of the authority as may be designated in the proceedings of the authority under which the bonds shall be authorized to be issued, subject to any agreements with the holders of outstanding bonds pledging particular revenues or moneys.

2. The authority is authorized to obtain from any department or agency of the United States of America or the state or nongovernmental insurer or financial institution any insurance, guaranty, or other credit enhancement arrangement, to the extent now or hereafter available, as to, or for the payment or repayment of interest or principal, or both, or any part thereof, on any bonds or notes issued by the authority and

to enter into any agreement or contract with respect to any such insurance, guaranty or credit enhancement arrangement, except to the extent that the same would in any way impair or interfere with the ability of the authority to perform and fulfill the terms of any agreement made with the holders of the bonds or notes of the authority.

3. Bonds shall be authorized by resolution of the authority, and may be in such denominations and bear such date or dates and mature at such time or times as such resolution may provide, except that bonds and any renewals thereof shall mature within forty years of the date of their original issuance and notes and any renewals thereof shall mature within five years of the date of their original issuance. Such bonds shall be subject to such terms of redemption, bear interest at such rate or rates, which may vary from time to time, as may be necessary to effect the sale thereof and shall be payable at such times, be in such form, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, and be subject to such terms and conditions as such resolution may provide. Bonds may be sold at public sale or at private sale for such price or prices as the authority shall determine, provided that no issue of bonds may be sold by the authority at private sale unless such sale and the terms thereof have been approved in writing by the comptroller, where such sale is not to the comptroller, or by the state director of the budget, where such sale is to be to the comptroller.

4. Any resolution or resolutions authorizing bonds or any issue of bonds by the authority may contain provisions which may be part of the contract with the holders of the bonds thereby authorized as to:

(a) pledging all or part of its revenues, together with any other moneys, securities, contracts or property of the authority, to secure the payment of the bonds, including but not limited to any contracts, earnings or proceeds of any grant to the authority received from any private or public source, subject to such agreements with bondholders as may then exist;

(b) the rates, rentals, fees and other charges to be fixed and collected by the authority and the amounts to be raised in each year thereby, and the use and disposition of revenues;

(c) the setting aside of reserves and the creation of sinking funds and the regulation and disposition of revenues;

(d) limitations on the purpose to which the proceeds from the sale of bonds may be applied;

(e) limitations on the right of the authority to restrict and regulate the use of any water project or part thereof in connection with which bonds are issued;

(f) limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured and the refunding of outstanding or other bonds;

(g) the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, including the proportion of bondholders which must consent thereto, and the manner in which such consent may be given;

(h) the creation of special funds into which any revenues or other moneys may be deposited;

(i) the terms and provisions of any trust, deed, mortgage or indenture securing the bonds under which the bonds may be issued;

(j) vesting in a trustee or trustees such properties, rights, powers and duties in trust as the authority may determine, which may include any or all of the rights, powers and duties of the trustee appointed by the bondholders pursuant to section one thousand one hundred ninety-nine-iii of this title and limiting or abrogating the rights of the bondholders to appoint a trustee under such section or limiting the rights, duties and powers of such trustee;

(k) defining the acts or omissions to act which may constitute a default in the obligations and duties of the authority to the bondholders and providing for the rights and remedies of the bondholders in the event of such default, including as a matter of right the appointment of a receiver, provided, however, that such rights and remedies shall not be inconsistent with the general laws of the state and other provisions of this title;

(l) limitations on the power of the authority to sell or otherwise dispose of any water facility or any part thereof or other property;

(m) limitations on the amount of revenues and other moneys to be expended for operating, administrative or other expenses of the authority;

(n) the protection and enforcement of the rights and remedies of the bondholders;

(o) the obligations of the authority in relation to the construction, maintenance, operation, repairs and insurance of its properties, the safeguarding and application of all moneys and as to the requirements for the supervision and approval of consulting engineers in connection with construction, reconstruction and operation;

(p) the payment of the proceeds of bonds, revenues and other moneys to a trustee or other depository, and for the method of disbursement thereof with such safeguards and restrictions as the authority may determine; and

(q) any other matters of like or different character which in any way affect the security or protection of the bonds or the rights and remedies of bondholders.

5. In addition to the powers herein conferred upon the authority to secure its bonds, the authority shall have power in connection with the issuance of bonds to enter into such agreements as the authority may deem necessary, convenient or desirable concerning the use or disposition of its revenues or other moneys or property, including remarketing agreements or other similar agreements for the bonds, the mortgaging of any property and the entrusting, pledging or creation of any other security interest in any such revenues, moneys, or property and the doing of any act, including refraining from doing any act, which the authority would have the right to do in the absence of such agreements. The authority shall have power to enter into amendments of any such agreements within the powers granted to the authority by this title and to perform such agreements. The provisions of any such agreements may be made a part of the contract with the holders of bonds of the authority.

6. Any provision of the uniform commercial code to the contrary notwithstanding, any pledge of or other security interest in revenues, moneys, accounts, contract rights, general intangibles or other personal property made or created by the authority shall be valid, binding and perfected from the time when such pledge is made or other security interest attaches without any physical delivery of the collateral or

further act, and the lien of any such pledge or other security interest shall be valid, binding and perfected against all parties having claims of any kind in tort, contract or otherwise against the authority irrespective of whether or not such parties have notice thereof. No instrument by which such a pledge or security interest is created nor any financing statement need be recorded or filed.

7. Whether or not the bonds of the authority are of such form and character as to be negotiable instruments under the terms of the uniform commercial code, the bonds are hereby made negotiable instruments within the meaning of and for all purposes of the uniform commercial code, subject only to the provisions of the bonds for registration.

8. Neither the members nor the officers of the authority nor any person executing bonds shall be liable personally thereon or be subject to any personal liability or accountability by reason of the issuance thereof.

9. The authority, subject to such agreements with bondholders as then may exist, shall have power out of any moneys available therefor to purchase bonds of the authority in lieu of redemption, at a price not exceeding:

(a) if the bonds are then redeemable, the redemption price then applicable, plus accrued interest to the next interest payment date; or

(b) if the bonds are not then redeemable, the redemption price then applicable on the first date after such purchase upon which the bonds become subject to redemption plus accrued interest to the next interest payment date.

10. The authority shall have power and is hereby authorized to issue negotiable bond anticipation notes in conformity with applicable provisions of the uniform commercial code and may renew the same from time to time but the maximum maturity of any such note, including renewals thereof, shall not exceed five years from the date of issue of such original note. Such notes shall be paid from any moneys of the authority available therefor and not otherwise pledged or from the proceeds of sale of the bonds of the authority in anticipation of which

they were issued. The notes shall be issued in the same manner as bonds and such notes and the resolution or resolutions authorizing the same may contain any provisions, conditions or limitations which the bonds or bond resolution of the authority may contain. Such notes may be sold at public sale or, upon the approval of the comptroller of the terms thereof, at private sale. Such notes shall be as fully negotiable as the bonds of the authority.

§ 1199-iii. Remedies of bondholders. Subject to any resolution or resolutions adopted pursuant to paragraph (j) of subdivision four of section one thousand one hundred ninety-nine-hhh of this title:

1. In the event that the authority shall default in the payment of principal of or interest on any issue of the bonds after the same shall become due whether at maturity or upon call for redemption, and such default shall continue for a period of thirty days, or in the event that the authority shall fail or refuse to comply with the provisions of this title, or shall default in any agreement made with the holders of any issue of the bonds, the holders of twenty-five per centum in aggregate principal amount of the bonds of such issue then outstanding, by instrument or instruments filed in the office of the clerk of the county and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of such bonds for the purposes herein provided.

2. Such trustee may, and upon written request of the holders of twenty-five per centum in principal amount of such bonds outstanding shall, in his or its own name:

(a) by action or proceeding in accordance with the civil practice law and rules, enforce all rights of the bondholders including the right to require the authority to collect rents, rates and charges adequate to carry out any agreement as to, or pledge of, such rents, rates and charges, and to require the authority to carry out any other agreements with the holders of such bonds and to perform its duties under this title;

(b) bring an action or proceeding upon such bonds;

(c) by action or proceeding, require the authority to account as if it were the trustee of an express trust for the holders of such bonds;

(d) by action or proceeding, enjoin any acts or things which may be unlawful or in violation of the rights of the holders of such bonds; and

(e) declare all such bonds due and payable, and if all defaults shall be made good, then with the consent of the holders of twenty-five per centum of the principal amount of such bonds then outstanding, annul such declaration and its consequences.

3. Such trustee shall in addition to the foregoing have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth herein or incidental to the general representation of bondholders in the enforcement and protection of their rights.

4. The state supreme court shall have jurisdiction of any action or proceeding by the trustee on behalf of such bondholders. Venue of any such action or proceeding shall be laid in the county.

5. Any such trustee, whether or not the issue of bonds represented by such trustee has been declared due and payable, shall be entitled as of right to the appointment of a receiver of any part or parts of the properties the revenues of which are pledged for the security of the bonds of such issue, and, subject to any pledge or agreement with holders of such bonds, such receiver may enter and take possession of such part or parts of the properties and shall take possession of all moneys and other property derived from such part or parts of such properties and proceed with any construction thereon or the acquisition of any property, real or personal, in connection therewith which the authority is under obligation to do, and to operate, maintain and reconstruct such part or parts of the properties and collect and receive all revenues thereafter arising therefrom subject to any pledge thereof or agreement with bondholders relating thereto and perform the public duties and carry out the agreements and obligations of the authority under the direction of the court. In any suit, action or proceeding by the trustee, the fees, counsel fees and expenses of the trustee and of the receiver, if any, shall constitute taxable disbursements and all

costs and disbursements allowed by the court shall be a first charge on any revenues derived from the properties.

6. Before declaring the principal of bonds due and payable, the trustee shall first give thirty days' notice in writing to the authority.

§ 1199-jjj. State and municipalities not liable on authority bonds. Neither the state nor any municipality shall be liable on the bonds of the authority and such bonds shall not be a debt of the state or of any municipality.

§ 1199-kkk. Moneys of the authority. All moneys of the authority from whatever source derived shall be paid to the treasurer and shall be deposited forthwith in one or more banks and/or trust companies in the state designated by the authority. The moneys in such accounts shall be paid out on checks of the treasurer upon requisition by the board or of such other person or persons as the authority may authorize to make such requisitions. All deposits of such moneys shall be secured by obligations of (or guaranteed by) the United States of America or of the state or of the county of a market value equal at all times to the amount on deposit and all banks and trust companies are authorized to give such security for such deposits. Any moneys of the authority not required for immediate use or disbursement may, at the discretion of the authority, be invested in those obligations specified pursuant to the provisions of section ninety-eight-a of the state finance law. The authority shall have power, notwithstanding the provisions of this section to contract with the holders of any bonds as to the custody, collection, security, investment and payment of any moneys of the authority or any moneys held in trust or otherwise for the payment of bonds or in any way to secure bonds. Moneys held in trust or otherwise for the payment of bonds or in any way to secure bonds and deposits of such moneys may be secured in the same manner as moneys of the authority and all banks and trust companies are authorized to give such security for such deposits.

§ 1199-lll. Bonds legal investments for fiduciaries. The bonds of the authority are hereby made securities in which all public officials and bodies of the state and all municipalities, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations, including savings and loan associations, investment companies and other persons carrying on a banking business, and administrators, guardians, executors, trustees and other fiduciaries and all other persons whatsoever, who are now or may hereafter be authorized to invest in bonds or other obligations of the state, may properly and legally invest funds including capital in their control or belonging to them. The bonds are also hereby made securities which may be deposited with and may be received by all public officers and bodies of the state and all municipalities for any purposes for which the deposit of bonds or other obligations of the state is now or hereafter may be authorized.

§ 1199-mmm. Agreement with the state. The state does hereby pledge to and agree with the holders of any bonds issued by the authority pursuant to this title that the state will not alter or limit the rights hereby vested in the authority to purchase, construct, maintain, operate, repair, improve, increase, enlarge, extend, reconstruct, renovate, rehabilitate or dispose of any project, or any part or parts thereof, for which bonds of the authority shall have been issued, to establish and collect rates, rents, fees and other charges referred to in this title and to fulfill the terms of any agreement made with or for the benefit of the holders of the bonds or with any public corporation or person with reference to such project or part thereof, or in any way impair the rights and remedies of the bondholders, until the bonds, together with the interest thereon, including interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of such holders, are fully met and discharged. The authority is authorized to include this pledge and agreement of the state in any agreement with bondholders.

§ 1199-nnn. Exemption from taxes, assessments and certain fees; payments in lieu of taxes. 1. It is hereby determined that the creation of the authority and the carrying out of its corporate purposes is in all respects for the benefit of the people of the county and the state and is a public purpose, and the authority shall be regarded as performing a governmental function in the exercise of the powers conferred upon it by this title and shall not be required to pay any taxes, special ad valorem levies or special assessments upon any real property owned by it or any filing, recording or transfer fees or taxes in relation to instruments filed, recorded or transferred by it or on its behalf provided, however, that any real property owned or acquired by the authority outside of the district shall be exempt from real property taxes, ad valorem levies or special assessments only pursuant to and to the extent provided by an agreement with the governing body of the municipality in which such real property is located.

2. The authority may pay, or may enter into agreements with any municipality not located within the county to pay, a sum or sums annually or otherwise or to provide other considerations to such municipality with respect to real property owned by the authority located within such municipality and constituting a part of its water system.

3. Any bonds issued pursuant to this title together with the income therefrom shall be exempt from taxation except for transfer and estate taxes. The revenues, moneys and all other property and all activities of the authority shall be exempt from all taxes and governmental fees or charges, whether imposed by the state or any municipality, including without limitation, real estate taxes, franchise taxes, sales taxes or other excise taxes.

4. The state hereby covenants with the purchasers and with all subsequent holders and transferees of bonds issued by the authority pursuant to this title, in consideration of the acceptance of and payment for the bonds, that the bonds of the authority issued pursuant to this title and the income therefrom shall be exempt from such

taxation as aforestated in subdivision three of this section, and that all revenues, moneys, and other property pledged to secure the payment of such bonds shall at all times be free from such taxation as aforestated in such subdivision.

§ 1199-ooo. Actions against the authority. 1. No action or proceeding shall be prosecuted or maintained against the authority for personal injury or damage to real or personal property alleged to have been sustained by reason of the negligence or wrongful act of the authority or any member, officer, agent or employee thereof, unless:

(a) a notice of claim shall have been made and served upon the authority within the time limit prescribed by and in compliance with section fifty-e of the general municipal law;

(b) it shall appear by and as an allegation in the complaint or moving papers that at least thirty days have elapsed since the service of such notice and that adjustment or payment thereof has been neglected or refused; and

(c) the action or proceeding shall be commenced within one year and ninety days after the happening of the event upon which the claim is based. Venue of any such action shall be in the county.

2. Wherever a notice of claim is served upon the authority, it shall have the right to demand an examination of the claimant relative to the occurrence and extent of the injuries or damages for which claim is made, in accordance with the provisions of section fifty-h of the general municipal law.

3. The authority may require any person presenting for settlement an account or claim for any cause whatever against the authority to be sworn before a member, counsel, or an attorney, officer or employee thereof designated for such purpose, concerning such account or claim and when so sworn, to answer orally as to any facts relative to such account or claim. The authority shall have power to settle or adjust all claims in favor of or against the authority.

4. The rate of interest to be paid by the authority upon any judgment

for which it is liable, other than a judgment against the authority on bonds, shall be the rate prescribed by section three-a of the general municipal law. Interest on payments of principal or interest on any bonds in default shall accrue at the rate or rates set forth in such bonds from the due date thereof until paid or otherwise satisfied.

§ 1199-ppp. Interest in contracts prohibited. It shall be a misdemeanor for any member or any officer, agent, servant or employee of the authority to be in any way or manner interested, directly or indirectly, in the furnishing of work, materials, supplies or labor, or in any contract therefor which the authority is empowered by this title to make.

§ 1199-qqq. Construction and purchase contracts. The authority shall let contracts for construction or purchase of supplies, materials, or equipment pursuant to sections one hundred one and one hundred three of the general municipal law. Nothing in this section shall be construed to limit the power of the authority to do any construction directly by the officers, agents and employees of the authority.

§ 1199-rrr. Authority to take affirmative action. The authority shall ensure that all employees or applicants for employment are afforded equal employment opportunity without discrimination.

§ 1199-sss. Audit and annual report. In conformity with the provisions of section five of article ten of the constitution, the accounts of the authority shall be subject to the supervision of the comptroller. The authority shall annually submit to the governor and state comptroller and to the state legislature a detailed report pursuant to the provisions of section two thousand eight hundred of this chapter, and a copy of such report shall be filed with the board of supervisors. The authority shall comply with the provisions of sections two thousand eight hundred one, two thousand eight hundred two, and two thousand eight hundred three of this chapter.

§ 1199-ttt. Environmental applications, proceedings, approvals and permits. Any application in relation to the purposes of or contemplated by this title heretofore filed, or any proceeding heretofore commenced, by the county or any agency thereof with the state department of environmental conservation, the department of transportation or any other state agency or instrumentality or with the United States environmental protection agency or any other federal agency or instrumentality shall inure to and for the benefit of the authority to the same extent and in the same manner as if the authority had been a party to such application or proceeding from its inception, and the authority shall be deemed a party thereto, to the extent not prohibited by any federal law. Any license, approval, permit or decision heretofore or hereafter issued or granted pursuant to or as a result of any such application or proceeding shall inure to the benefit of and be binding upon the authority and shall be assigned and transferred by the county or any agency thereof to the authority, unless such assignment and transfer is prohibited by federal law.

§ 1199-uuu. Limited liability. Neither the members of the authority, nor any municipality, officer or employee acting in its behalf, while acting within the scope of their authority, shall be subject to any personal liability resulting from the construction, maintenance or operation of any of the properties of the authority or from carrying out any of the powers expressly given in this title; provided, however, that this section shall not be held to apply to any independent contractor.

§ 1199-vvv. Governmental capacity of the authority and municipalities. The authority, the county and the other municipalities, in carrying out their respective powers and duties under this title, shall be deemed to be acting in a governmental capacity and in the performance of an essential governmental function.

§ 1199-www. Separability clause. If any section, clause or provision in this title shall be held by a competent court to be unconstitutional or ineffective in whole or in part, to the extent that it is not unconstitutional or ineffective, it shall be valid and effective, and no other section, clause or provision shall on account thereof be deemed invalid or ineffective.

§ 1199-xxx. Effect of inconsistent provisions. Insofar as the provisions of this title are inconsistent with the provisions of any other law except the environmental conservation law and the public health law as they exist or as they shall be amended, general, special or local, or of any charter or any local law, ordinance or resolution of the county or other municipality, the provisions of this section shall be controlling and shall supplement or otherwise expand the powers or duties of the authority otherwise set forth in this title. Nothing contained in this title shall be held to alter or abridge the powers and duties of the department of environmental conservation or the department of health.

* TITLE 8-G
CAYUGA COUNTY WATER AND SEWER AUTHORITY

* NB There are 2 A5 T8-G's

*** § 1199-aaaa. Short title.** This title shall be known and may be cited as the "Cayuga county water and sewer authority act".
* NB There are 2 § 1199-aaaa's

*** § 1199-bbbb. Definitions.** As used or referred to in this title, unless a different meaning clearly appears from the context:

1. "Authority" shall mean the corporation created by section one thousand one hundred ninety-nine-dddd of this title.

2. "Board" shall mean the members of the authority constituting and acting as the governing board of the authority.

3. "Bonds" shall mean the bonds, notes or other evidences of indebtedness issued by the authority pursuant to this title, and the

provisions of this title relating to bonds and bondholders shall apply with equal force and effect to notes and noteholders, respectively, unless the context otherwise clearly requires.

4. "Civil service commission" shall mean the civil service commission of the county of Cayuga.

5. "Comptroller" shall mean the comptroller of the state of New York.

6. "Construction" shall mean the negotiation, acquisition, erection, building, alteration, improvement, testing, increase, enlargement, extension, reconstruction, interconnection, renovation or rehabilitation of a water, sewerage or water and sewerage facility, as the case may be; the inspection and supervision thereof; and the engineering, architectural, legal, appraisal, fiscal, economic and environmental investigations, services and studies, surveys, designs, plans, working drawings, specifications, procedures and other actions preliminary or incidental thereto.

7. "Costs", as applied to any project, shall include the cost of construction, the cost of the acquisition of all property, including both real, personal and mixed, the cost of demolishing, removing or relocating any buildings or structures on lands so acquired, including the cost of acquiring any land to which such buildings or structures may be moved or relocated, the cost of all systems, facilities, machinery, apparatus and equipment, financing charges, interest prior to, during and after construction to the extent not paid or provided for from revenues or other sources, the cost of engineering and architectural surveys, plans and specifications, the cost of consultant and legal services, the cost of lease guarantee or bond insurance or other credit enhancement associated with bonds of the authority (including notes) and the cost of other expenses necessary or incidental to the construction of such project and the financing of the construction thereof, including the amount authorized in the resolution of the authority providing for the issuance of bonds to be paid into any reserve or other special fund from the proceeds of such bonds and the financing of the placing of any project in operation, including the reimbursement to the county, or any

municipality, state agency, the state, the United states government, or any other person for expenditures made by them that would be costs of the project hereunder.

8. "County" shall mean the county of Cayuga.

9. "County legislature" shall mean the legislature of Cayuga county.

10. "Distribution system" shall mean the water facility or facilities employed to deliver water from a transmission facility, or where there is no transmission facility, from a supply facility, to the ultimate consumers of water.

11. "District" shall mean the Cayuga county water and sewer authority district created by section one thousand one hundred ninety-nine-cccc of this title.

12. "Governing body" shall mean:

(a) In the case of a city, county, town or village or district corporation the finance board as such term is defined in the local finance law;

(b) In the case of a public benefit corporation, the members thereof.

13. "Members" shall mean the members of the board.

14. "Municipality" shall mean any county, city, town, village, improvement district under the town law, any other such instrumentality, including any agency or public corporation of the state, or any of the foregoing or any combination thereof.

15. "Person" shall mean any natural person, partnership, association, joint venture or corporation, exclusive of a public corporation as defined pursuant to article two-A of the general construction law.

16. "Real property" shall mean lands, structures, franchises, rights and interests in land, waters, lands underwater, groundwater, riparian rights and air rights and any and all things and rights included within

said term "real property" and includes not only fee simple absolute, but also any and all lesser interests including, but not limited to, easements, rights-of-way, uses, leases, licenses and all other incorporeal hereditaments and every estate, interest or right, legal or equitable, including terms for years and liens thereon by way of judgments, mortgages or otherwise.

17. "State sanitary code" shall mean regulations adopted pursuant to section two hundred twenty-five of the public health law.

18. "Sewage" means the water-carried human or animal wastes from residences, buildings, industrial establishments or other places, together with such groundwater infiltration and surface water as may be present. The admixture with sewage of industrial or other waste also shall be considered "sewage" within the meaning of this title.

19. "Sewerage facility" or "sewerage facilities" means any plants, structures and other real and personal property acquired, rehabilitated or constructed or planned for the purpose of collecting, conveying, pumping, treating, neutralizing, storing and disposing of sewage, including but not limited to main, trunk, intercepting, connecting, lateral, outlet or other sewers, outfalls, pumping stations, treatment and disposal plants, ground water recharge basins, back-flow prevention devices, sludge dewatering or disposal equipment and facilities, clarifiers, filters, phosphorus removal equipment and other plants, works, structures, equipment, vehicles, conveyances, contract rights, franchises, approaches, connections, permits, real or personal property or rights therein and appurtenances thereto necessary or useful and convenient for the collection, conveyance, pumping, treatment, neutralizing, storing and disposing of sewage.

20. "State" shall mean the state of New York.

21. "State agency" shall mean any state office, public benefit corporation, department, board, commission, bureau or division, or other agency or instrumentality of the state.

22. "Supply facility" shall mean a water facility employed to make groundwater or surface water available for delivery into a transmission facility or distribution system.

23. "System revenues" shall mean all rates, rents, fees, charges, payments and other income and receipts derived by the authority including, without limiting the generality of the foregoing, investment proceeds and proceeds of insurance, condemnation, sales or other dispositions of assets, together with all federal, state or municipal aid as well as any other income derived from the operation of the water facility of the authority.

24. "Transmission facility" shall mean a water facility used to carry water from a supply facility to a distribution system.

25. "Treasurer" shall mean the treasurer of the authority.

26. "Water facility" or "water facilities" shall mean any plants, structures or other real and personal property acquired, rehabilitated or constructed or planned for the purpose of accumulating, supplying, transmitting, distributing or treating water, including but not limited to surface or groundwater reservoirs, basins, dams, canals, aqueducts, standpipes, conduits, pipelines, mains, pumping stations, pumps, water distribution systems, compensating reservoirs, intake stations, waterworks or sources of water supply, wells, purification or filtration plants or other treatment plants and works, approaches, connections, water meters, rights of flowage or diversion and other plants, structures, equipment, vehicles, towers, conveyances, real or personal property or rights therein and appurtenances thereto necessary or useful and convenient for the accumulation, supply, transmission, treatment or distribution of water.

27. "Water project" shall mean any sewerage facility, water facility or water and sewerage facility, as the case may be, including the planning, development, financing or construction thereof.

28. "Watershed rules" shall mean the rules and regulations made by the

department of health pursuant to section eleven hundred of the public health law.

* NB There are 2 § 1199-bbbb's

*** § 1199-cccc. Cayuga county water and sewer authority district.** There is hereby defined and established a district to be known as the "Cayuga county water and sewer authority district" which shall embrace all of the territory located within the county of Cayuga.

* NB There are 2 § 1199-cccc's

*** § 1199-dddd. Cayuga county water and sewer authority.** 1. A public corporation known as the "Cayuga county water and sewer authority" is hereby created for the public purposes and charged with the duties and having the powers provided in this title. The authority shall be a corporate governmental agency constituting a public benefit corporation and shall be a "public district" for the purposes of section eighty-nine-l of the public service law. The authority shall be governed by a board consisting of nine members, who shall be residents of the county and be appointed by the majority of the county legislature and confirmed by the county legislature. The first members appointed shall be appointed for the following terms: three for a term ending on December thirty-first of the year following the year in which this title shall have become law; three for a term ending on December thirty-first of the second year following the year in which this title shall have become law; and three for a term ending on December thirty-first of the third year following the year in which this title shall have become law. Subsequent appointment of members shall be made in the same manner and for terms of three years ending in each case on December thirty-first of the last year of such term. All members shall continue to hold office until their successors are appointed and have qualified. Vacancies shall be filled in the manner provided for original appointment. Vacancies occurring otherwise than by expiration of terms of office, shall be filled by appointment for the unexpired terms. Members may be removed from office for the same reasons and in the same manner as may be provided by law for the removal of officers of the county. In addition, members may be removed from office by the county legislature for inefficiency, neglect of duty or misconduct in office, after the county legislature has given such member a copy of the charges against him or opportunity to be heard in person or by counsel in his defense, upon not less than ten days notice. If a member fails to attend three consecutive regular meetings of the authority, unless such absence is for good cause and is excused by the chairperson of the authority or other presiding officer, or in the case of the chairperson of the authority, by the majority leader of the county legislature, the office may be deemed vacant for purposes of the nomination and appointment of a successor. The officers of the authority shall receive from the authority such salary, if any, as shall be determined from time to time by the county legislature. In addition, members and officers shall be entitled to reimbursement of their actual and necessary expenses, including travel expenses, incurred in the discharge of their duties.

2. The powers of the authority shall be vested in and shall be exercised by the board at a meeting duly called and held where a quorum of five members is present. No action shall be taken by the authority except pursuant to the favorable vote of at least five members. The board may delegate to one or more of its members, or to one or more of the officers, agents or employees of the authority, such powers and duties as it may deem proper.

3. The officers of the authority shall consist of a chairperson, vice chairperson, and treasurer who shall be members of the board and a secretary who need not be a member of the board. The officers of the authority shall be appointed by the board and shall serve in such capacities at the pleasure of the board. In addition, the board may appoint and at its pleasure remove such additional officers and employees as it may determine necessary for the performance of the powers and duties of the authority and fix and determine the qualifications, duties and compensation of such additional officers and employees, subject to the provisions of the civil service law of the state and such rules as the civil service commission may adopt and make applicable to the authority. The authority may also from time to time contract for expert professional services. The treasurer shall execute a

bond, conditioned upon the faithful performance of the duties of his or her office, the amount and sufficiency of which shall be approved by the board, and the premium therefor shall be paid by the authority.

4. Notwithstanding any inconsistent provision of any general, special or local law, ordinance, resolution or charter, no officer, member or employee of the state, any municipality, or any public benefit corporation, shall forfeit his or her office or employment by reason of his or her acceptance of appointment as a member, officer, agent or employee of the authority, nor shall service as such member, officer, agent or employee be deemed incompatible or in conflict with such office, membership or employment, and one or more members of the county legislature may be appointed to serve as a member of the authority.

5. (a) The majority leader of the county legislature shall file within one year after the effective date of this title, in the office of the secretary of state, a certificate signed by the majority leader of the county legislature setting forth: (i) the name of the authority; (ii) the names of the initial members of the board and their terms of office; and (iii) the effective date of this title. If such certificate is not filed with the secretary of state on or before such date, then the corporate existence of the authority shall thereupon terminate and it shall thereupon be deemed to be and shall be dissolved.

(b) Except as provided in paragraph (a) of this subdivision, the authority and its corporate existence shall continue until terminated by law, provided, however, that no such law shall take effect so long as the authority shall have bonds or other obligations outstanding unless adequate provision has been made for the payment or satisfaction thereof. Upon termination of the existence of the authority, all of the rights and properties of the authority then remaining shall pass to and vest in the county.

6. Neither the public service commission nor any other board or commission of like character, shall have jurisdiction over the authority in the management and control of its properties or operations of any power over the regulation of rates fixed or charges collected by the authority.

7. It is hereby determined and declared that the authority and the carrying out of its powers, purposes and duties are in all respects for the benefit of the people of the county and the state, for the improvement of their health, welfare and prosperity and that such purposes are public purposes and that the authority is and will be performing an essential governmental function in the exercise of the powers conferred upon it by this title.

8. Nothing in this title shall be construed to obligate the state in any way in connection with the operations or obligations of the authority.

* NB There are 2 § 1199-dddd's

*** § 1199-eeee. Powers of the authority.** Except as otherwise limited by this title, the authority shall have the power:

1. To sue and be sued;

2. To have a seal and alter the same at pleasure;

3. To borrow money and issue negotiable notes, bonds or other obligations and to provide for the rights of the holders thereof;

4. To enter into contracts and execute all instruments necessary or convenient or desirable for the purposes of the authority to carry out any powers expressly given it in this title;

5. To acquire, by purchase, gift, grant, transfer, contract or lease or by condemnation pursuant to the eminent domain procedure law within the district, lease as lessee, hold, and use and to sell, lease as lessor, transfer or otherwise dispose of, any real or personal property or any interest therein, within or without the district, as the authority may deem necessary, convenient or desirable to carry out the purpose of this title and to pay the costs thereof; provided, however, that the authority may not condemn real property of a municipality

without the consent of the governing body of such municipality;

6. To purchase or refuse to purchase, in the name of the authority, any water or sewerage facility, including plants, works, instrumentalities or parts thereof and appurtenances thereto, lands, easements, rights in land and water rights, rights-of-way, contract rights, franchises, permits, approaches, connections, dams, wells, pumps, reservoirs, water or sewer mains and pipe lines, pumping stations, treatment facilities, meters, equipment and inventory, or any other property incidental to and included in such system or part thereof, and any improvements, extensions and betterments, situated wholly within the district and to pay the costs thereof; provided, however, that the authority shall have the power to purchase any source of supply, supply facility, water supply system, or transmission facility or any part thereof situated wholly or partly without the territorial limits of the district, provided the same shall be necessary in order to supply water within the district; and in connection with the purchase of such properties, the authority may assume any obligations of the owner of such properties and, to the extent required by the terms of any indentures or other instruments under which such obligations were issued, the authority may assume and agree to perform covenants and observe the restrictions contained in such instruments; and furthermore the owner of any properties, which the authority is authorized to acquire, is hereby authorized to sell or otherwise transfer the same to the authority, whereupon the authority shall become charged with the performance of all public duties with respect to such properties with which such owner was charged and such owner shall become discharged from the performance thereof, and as a means of so acquiring for such purpose, the authority may purchase all of the stock of any existing privately owned water corporation or company and in the case of a sale or other transfer of properties of a public utility corporation pursuant to this provision, upon the purchase of the stock of such corporation or company it shall be lawful to dissolve such corporation within a reasonable time;

7. To construct, improve, maintain, develop, expand or rehabilitate water or sewerage facilities and to pay the costs thereof;

8. To operate and manage and to contract for the operation and management of facilities of the authority;

9. To enter into contracts, and carry out the terms thereof, for the wholesale provision of water produced by supply facilities constructed, owned or operated by the authority, to municipalities and private water companies and to carry out the terms thereof, for the transmission of water from new or existing supply facilities;

10. To enter into contracts with municipalities or other persons for the collection, treatment and disposal of sewage;

11. To apply to the appropriate agencies and officials of the federal, state and local governments for such licenses, permits or approvals of its plans or projects as it may deem necessary or advisable, and upon such terms and conditions as it may deem appropriate, to accept, in its discretion, such licenses, permits or approvals as may be tendered to it by such agencies and officials;

12. To take all necessary and reasonable actions within the district to conserve, preserve and protect the water supply to the district, including the making of plans and studies, the adoption of watershed rules and regulations, the enforcing of compliance with all current and future rules and regulations of the state sanitary code with regard to water supply and usage, the requiring of cross-connection controls, the providing of educational material and programs to the public, and the cooperating with water suppliers outside the district to conserve, preserve and protect the entire water reserve as it is affected within and outside the authority's supply area;

13. To appoint such officers and employees as are required for the performance of its duties, to fix and determine their qualifications, duties and compensation, and to retain or employ counsel, auditors, engineers, and private consultants on a contract basis or otherwise for rendering professional or technical services and advice;

14. With the consent of the governing body of a municipality, to use officers and employees of such municipality and to pay a proper proportion of the compensation or costs for the services for such officers or employees;

15. To make plans and studies necessary, convenient or desirable for the effectuation of the purposes and powers of the authority and to prepare recommendations in regard thereto;

16. To prepare a water supply emergency plan which may include, but not be limited to, the following:

(a) establishment of criteria and procedures to determine critical water levels or safe yield of system;

(b) identification of existing and future sources of water under normal conditions and emergency conditions;

(c) system capacity and ability to meet peak demand and fire flows concurrently;

(d) storage capacities;

(e) current condition of present interconnections and identification of additional interconnections to meet a water supply emergency;

(f) specific action plan to be followed during a water supply emergency including a phased implementation of the plan;

(g) general water conservation programs and water use reduction strategies for water supply users;

(h) prioritization of water users;

(i) identification and availability of emergency equipment needed during a water supply emergency; and

(j) public notification program coordinated with the phased implementation schedule.

Such plan shall not be adopted until a public hearing on such plan shall have been held, upon not less than fourteen days' notice thereof to each customer, either by mail or by publication once in a newspaper having general circulation within the district; every five years, such plan shall be reviewed and revised if necessary after a public hearing, with notice to each customer as aforesaid;

17. To enter upon such lands, waters, or premises as in the judgment of the authority shall be necessary for the purpose of making surveys, soundings, borings and examinations to accomplish any purpose authorized by this title, the authority being liable only for actual damage done;

18. To apply for and to accept any gifts or grants or loans of funds or property or financial or other aid in any form from the federal government or any agency or instrumentality thereof, or from the state or any agency or instrumentality thereof or from any other source, for any or all of the purposes specified in this title, and to comply, subject to the provisions of this title, with the terms and conditions thereof;

19. To supply and sell water for domestic, commercial and public purposes at retail to individual consumers within the district or to collect, treat or discharge sewage produced within the district;

20. To purchase water in bulk from any person, private or public benefit corporation or municipality when necessary or convenient for the operation of such water system;

21. To produce, develop, distribute and sell water or sewerage services within or without the territorial limits of the district; and to purchase water from any municipality, town water district, person, association or corporation; provided, however, that water and sewerage services may be sold at retail to individual consumers only within the district and further provided that in exercising the powers granted by this title, the authority shall not sell water services in any area which is served by a water system or sewerage services in any area which is served by a sewerage system owned or operated by a municipality or special improvement district unless the governing body of such municipality or district shall adopt a resolution requesting the authority to sell water or sewerage services, as the case may be, in such served areas;

22. To make bylaws for the management and regulation of its affairs and rules and regulations for the conservation, preservation and

protection of the authority's water supply and, subject to agreements with bondholders, rules for the sale of water or collection of sewage and the collection of rents and charges therefor. A copy of such rules, regulations and bylaws and any rules and regulations adopted pursuant to subdivision twelve of this section, and all amendments thereto, duly certified by the secretary of the authority shall be filed in the office of the county clerk of the county. In addition, the county legislature by local law shall have power to prescribe that violation of specific bylaws, rules, or rules and regulations of the authority, published once in a newspaper having general circulation within the county, shall be punishable by fine, not exceeding fifty dollars per violation;

23. To fix rates and collect charges for the use of the facilities of, or services rendered by, or any commodities furnished by the authority such as to provide revenues sufficient at all times to pay, as the same shall become due, the principal and interest on the bonds, notes, or other obligations of the authority together with the maintenance of proper reserves therefor, in addition to paying as the same shall become due the expense of operating and maintaining the properties of the authority together with proper maintenance reserves, capital reserves, repair reserves, tax stabilization reserves and other contingency reserves, and all other obligations and indebtedness of the authority; provided however, no such rates or charges shall be changed until a public hearing on such changes shall have been held upon not less than fourteen days notice thereof to each customer, either by mail or by publication once in a newspaper having general circulation within the bounds of the authority;

24. To enter into cooperative agreements with other authorities, municipalities, counties, cities, towns, villages, water districts, utility companies, individuals, firms or corporations, within or without the territorial limits of the district for the interconnection of facilities, the provision, exchange or interchange of services and commodities, the conservation, preservation and protection of the authority's water reserve as it is affected within and outside the authority's supply area, and within the territorial limits of the district to enter into a contract for the construction, operation and

maintenance of a water supply and distribution system or sewerage system or facilities by the authority for any municipality having power to construct and develop a water supply and distribution or sewerage system or facilities, upon such terms and conditions as shall be determined to be reasonable including, but not limited to, the reimbursement of all costs of such construction, or for any other lawful purposes necessary or desirable to effect the purposes of this title;

25. To provide for the discontinuance or disconnection of water or sewerage service, or both, as the case may be, for nonpayment of fees, rates, rents or other charges therefor imposed by the authority, provided such discontinuance or disconnection of any water or sewerage service, or both, as the case may be, shall not be carried out except in the manner and upon the notice as is required of a waterworks corporation pursuant to subdivisions three-a, three-b and three-c of section eighty-nine-b and section one hundred sixteen of the public service law;

26. To act as a county water agency in accordance with the provisions of article five-A of the county law;

27. For the purposes of article fifteen-A of the executive law only the authority shall be deemed a state agency as that term is defined in such article and its contracts for procurement, design, construction, services and materials shall be deemed state contracts within the meaning of that term as set forth in such article; and

28. To do all things necessary, convenient or desirable to carry out its purposes and for all exercise of the powers granted in this title.
* NB There are 2 § 1199-eeee's

*** § 1199-ffff. Advances on behalf of the authority; transfer of property to the authority; acquisition of property by county for authority.** 1. In addition to any powers granted to it by law, the county from time to time may appropriate sums of money, after approval by the county legislature, to or on behalf of the authority to defray project costs or any other costs and expenses of the authority. Subject to the rights of bondholders, the county may determine if the moneys so appropriated shall be subject to repayment by the authority to the county and, in such event, the manner and time or times for such repayment.

2. The county or any other municipality may give, grant, sell, convey, loan, license the use of or lease to the authority any property or facility which is useful to the authority in order to carry out its powers under this title. Any such transfer of property shall be upon such terms and conditions, subject to the rights of the holders of any bonds, as the authority and the county or other municipality may agree.

3. The county may acquire by purchase or by exercise of the power of eminent domain real property in the name of the county for any corporate purpose of the authority.

4. Notwithstanding the provisions of any other law, general, special or local to the contrary, real property acquired by the authority or the county from the state may be used for any corporate purpose of the authority.

* NB There are 2 § 1199-ffff's

*** § 1199-gggg. Transfer of officers and employees.** 1. In accordance with the provisions of section seventy of the civil service law, any officer or employee of the county, may, at the request of the authority and with the consent of the county executive, be transferred to the authority and shall be eligible for such transfer and appointment, without further examination, to applicable offices, positions and employment under the authority. Any such officers or employees so transferred to the authority pursuant to this section, who are members of or benefit under any existing pension or retirement fund or system, shall continue to have all rights, privileges, obligations and status with respect to such fund or system as are now prescribed by law, but during the period of their employment by the authority, all contributions to such funds or systems to be paid by the employer on account of such officers or employees shall be paid by the authority.

2. A transferred employee shall remain in the same collective bargaining unit as was the case prior to his or her transfer; successor employees to the positions held by such transferred employees shall, consistent with the provisions of article fourteen of the civil service law, be included in the same unit as their predecessors. Employees serving in positions in newly created titles shall be assigned to the same collective bargaining unit as they would have been assigned to such unit were such titles created prior to the establishment of the authority. Nothing contained in this title shall be construed (a) to diminish the rights of employees pursuant to a collective bargaining agreement or (b) to affect existing law with respect to an application to the public employment relations board seeking a designation by the board that certain persons are managerial or confidential.

* NB There are 2 § 1199-gggg's

*** § 1199-hhhh. Bonds of the authority.** 1. The authority shall have the power and is hereby authorized from time to time to issue bonds, notes or other obligations to pay the cost of any project or for any other corporate purpose, including the establishment of reserves to secure the bonds, the payment of principal of, premium, if any, and interest on the bonds and the payment of incidental expenses in connection therewith. The aggregate principal amount of such bonds, notes or other obligations shall not exceed seventy-five million dollars ($75,000,000), excluding bonds, notes or other obligations issued to refund or otherwise repay bonds, notes or other obligations theretofore issued for such purposes provided, however, that upon any such refunding or repayment the total aggregate principal amount of outstanding bonds, notes or other obligations may be greater than seventy-five million dollars ($75,000,000) only if the present value of the aggregate debt service of the refunding or repayment bonds, notes or other obligations to be issued shall not exceed the present value of the aggregate debt service of the bonds, notes or other obligations so to be refunded or repaid. For purposes hereof, the present values of the aggregate debt service of the refunding or repayment bonds, notes or other obligations and of the aggregate debt service of the bonds, notes or other obligations and of the aggregate debt service of the bonds, notes or other obligations so refunded or repaid, shall be calculated by utilizing the effective interest rate of the refunding or repayment bonds, notes or other obligations, which shall be that rate arrived at by doubling the semi-annual interest rate (compounded semi-annually) necessary to discount the debt service payments on the refunding or repayment bonds, notes or other obligations from the payment dates thereof to the date of issue of the refunding or repayment bonds, notes or other obligations and to the price bid including estimated accrued interest or proceeds received by the authority including estimated accrued interest from the sale thereof. The authority shall have the power and is hereby authorized to enter into such agreements and perform such acts as may be required under any applicable federal legislation to secure a federal guarantee of any bonds.

2. The authority shall have power from time to time to renew bonds or to issue renewal bonds for such purpose, to issue bonds to pay bonds, and, whenever it deems refunding expedient, to refund any bond by the issuance of new bonds, whether the bonds to be refunded have or have not matured, and may issue bonds partly to refund bonds then outstanding and partly for any other corporate purpose of the authority. Bonds (other than notes or other evidence of indebtedness) issued for refunding purposes, which have a final maturity date longer than the maturity of the bonds being refunded, shall be approved by a resolution of the county legislature adopted by a majority vote. Bonds issued for refunding purposes shall be sold and the proceeds applied to the purchase, redemption or payment of the bonds or notes to be refunded.

3. Bonds issued by the authority may be general obligations secured by the faith and credit of the authority or may be special obligations payable solely out of particular revenues or other moneys as may be designated in the proceedings of the authority under which the bonds shall be authorized to be issued, subject as to priority only to any agreements with the holders of outstanding bonds pledging any particular property, revenues or moneys. The authority may also enter into loan agreements, lines of credit and other security agreements and obtain for

or on its behalf letters of credit, insurance, guarantees or other credit enhancements to the extent not or hereafter available, in each case for securing its bonds or to provide direct payment of any costs which the authority is authorized to pay.

4. Bonds shall be authorized by resolution of the authority, be in such denominations and bear such date or dates and mature at such time or times, as such resolution may provide, provided that bonds and renewals thereof shall mature within forty years from the date of original issuance of any such bonds.

Bonds shall be subject to such terms of redemption, bear interest at such rate or rates, be payable at such times, be in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, and be subject to such terms and conditions as such resolution may provide. Notwithstanding any other provision of law, the bonds of the authority issued pursuant to this section shall be sold to the bidder offering the lowest true interest cost, taking into consideration any premium or discount not less than four nor more than fifteen days, Sundays excepted, after a notice of such sale has been published at least once in a newspaper of general circulation in the area served by the authority, which shall state the terms of the sale. The terms of the sale may not change unless notice of such change is published in such newspaper at least one day prior to the date of the sale as set forth in the original notice of sale. Advertisements shall contain a provision to the effect that the authority, in its discretion, may reject any or all bids made in pursuance of such advertisements, and in the event of such rejection, the authority is authorized to negotiate a private or public sale or readvertise for bids in the form and manner above described as many times as, in its judgment, may be necessary to effect satisfactory sale.

Notwithstanding the provisions of the preceding paragraph, whenever in the judgment of the authority the interests of the authority will be served thereby, the members of the authority, on the written recommendation of the chairperson, may authorize the sale of such bonds at private or public sale on a negotiated basis or on either a competitive or negotiated basis. The authority shall set guidelines governing the terms and conditions of any such private or public sales. The private or public bond sale guidelines set by the authority shall include, but not be limited to a requirement that where the interests of the authority will be served by a private or public sale of bonds, the authority shall select underwriters for each private or public bond sale conducted pursuant to a request for proposal process and consideration of proposals from qualified underwriters taking into account, among other things, qualifications of underwriters as to experience, their ability to structure and sell authority bond issues, anticipated costs to the authority, the prior experience of the authority with the firm, if any, the capitalization of such firms, participation of qualified minority and women-owned business enterprise firms in such private or public sales of bonds of the authority and the experience and ability of firms under consideration to work with minority and women-owned business enterprises so as to promote and assist participation by such enterprises.

The authority shall have the power from time to time to amend such private bond sale guidelines in accordance with the provisions of this subdivision.

No private or public bond sale on a negotiated basis shall be conducted by the authority without prior approval of the state comptroller. The authority shall annually prepare and approve a bond sale report which shall include the private or public bond sale guidelines as specified in this subdivision, amendments to such guidelines since the last private or public bond sale report, an explanation of the bond sale guidelines and amendments, and the results of any sale of bonds conducted during the fiscal year. Such bond sale report may be a part of any other annual report that the authority is required to make.

The authority shall annually submit its bond sale report to the state comptroller and copies thereof to the senate finance committee and the assembly ways and means committee.

The authority shall make available to the public copies of its bond sale report upon reasonable request thereof.

Nothing contained in this subdivision shall be deemed to alter, affect the validity of, modify the terms of or impair any contract or agreement made or entered into in violation of, or without compliance with, the provisions of this subdivision.

5. Any resolution or resolutions authorizing bonds or any issue of bonds by the authority may contain provisions which may be part of the contract with the holders of the bonds thereby authorized as to:

(a) pledging all or part of its revenues, together with any other moneys, or property of the authority, to secure the payment of the bonds or any costs of issuance thereof, including but not limited to any contracts, earnings or proceeds of any grant to the authority received from any private or public source, subject to such agreements with bondholders as may then exist;

(b) the rates, rentals, fees and other charges to be fixed and collected by the authority and the amounts to be raised in each year thereby, and the use and disposition of revenues;

(c) the setting aside of reserves and the creation of sinking funds and the regulation and disposition thereof;

(d) limitations on the purpose to which the proceeds from the sale of bonds may be applied;

(e) limitations on the right of the authority to restrict and regulate the use of any water project or part thereof in connection with which bonds are issued;

(f) limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured and the refunding of outstanding or other bonds;

(g) the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, including the proportion of bondholders which must consent thereto, and the manner in which such consent may be given;

(h) the creation of special funds into which any revenues or other moneys may be deposited;

(i) the terms and provisions of any trust, deed, mortgage or indenture securing the bonds under which the bonds may be issued;

(j) vesting in a trustee or trustees such properties, rights, powers and duties in trust as the authority may determine, which may include any or all of the rights, powers and duties of the trustee appointed by the bondholders pursuant to section one thousand one hundred ninety-nine-iiii of this title or limiting the rights, duties and powers of such trustee;

(k) defining the acts or omissions to act which may constitute a default in the obligations and duties of the authority to the bondholders and providing for the rights and remedies of the bondholders in the event of such default, including as a matter of right the appointment of a receiver, provided, however, that such rights and remedies shall not be inconsistent with the general laws of the state and other provisions of this title;

(l) limitations on the power of the authority to sell or otherwise dispose of any water facility or any part thereof or other property;

(m) limitations on the amount of revenues and other moneys to be expended for operating, administrative or other expenses of the authority;

(n) the payment of the proceeds of bonds, revenues and other moneys to a trustee or other depository, and for the method of disbursement thereof with such safeguards and restrictions as the authority may determine; and

(o) any other matters of like or different character which in any way affect the security or protection of the bonds or the rights and remedies of bondholders.

6. In addition to the powers herein conferred upon the authority to secure its bonds, the authority shall have power in connection with the issuance of bonds to adopt resolutions and to enter into trust indentures, agreements and other instruments as the authority may deem necessary, convenient or desirable concerning the use or disposition of its revenues or other moneys or property, including the mortgaging of any property and the entrusting, pledging or creation of any other security interest in any such revenues, moneys, or property and the doing of any act, including refraining from doing any act, which the

authority would have the right to do in the absence of such agreements. The authority shall have power to enter into amendments of any such agreements within the powers granted to the authority by this title and to perform such agreements. The provisions of any such agreements may be made a part of the contract with the holders of bonds of the authority.

7. Any provision of the uniform commercial code to the contrary notwithstanding, any pledge of or other security interest in revenues, moneys, accounts, contract rights, general intangibles or other personal property made or created by the authority shall be valid, binding and perfected from the time when such pledge is made or other security interest attaches without any physical delivery of the collateral or further act, and the lien of any such pledge or other security interest shall be valid, binding and perfected against all parties having claims of any kind in tort, contract or otherwise against the authority irrespective of whether or not such parties have notice thereof. No instrument by which such a pledge or security interest is created nor any financing statement need be recorded or filed.

8. Whether or not the bonds of the authority are of such form and character as to be negotiable instruments under the terms of the uniform commercial code, the bonds are hereby made negotiable instruments within the meaning of and for all purposes of the uniform commercial code, subject only to the provisions of the bonds for registration.

9. Neither the members nor the officers of the authority nor any person executing bonds shall be liable personally thereon or be subject to any personal liability or accountability by reason of the issuance thereof.

10. The authority, subject to such agreements with bondholders as then may exist, shall have power out of any moneys available therefor to purchase bonds of the authority in lieu of redemption, at a price not exceeding:

(a) if the bonds are then redeemable, the redemption price then applicable, plus accrued interest to the next interest payment date;

(b) if the bonds are not then redeemable, the redemption price then applicable on the first date after such purchase upon which the bonds become subject to redemption plus accrued interest to the next interest payment date. Bonds so purchased shall thereupon be cancelled.

11. The authority shall have power and is hereby authorized to issue negotiable bond anticipation notes in conformity with applicable provisions of the uniform commercial code and may renew the same from time to time but the maximum maturity of any such note, including renewals thereof, shall not exceed five years from the date of issue of such original note.

* NB There are 2 § 1199-hhhh's

*** § 1199-iiii. Remedies of bondholders.** Subject to any resolution or resolutions adopted pursuant to paragraph (j) of subdivision four of section one thousand one hundred ninety-nine-hhhh of this title:

1. In the event that the authority shall default in the payment of principal of or interest on any issue of the bonds after the same shall become due whether at maturity or upon call for redemption, and such default shall continue for a period of thirty days, or in the event that the authority shall fail or refuse to comply with the provisions of this title, or shall default in any agreement made with the holders of any issue of the bonds, the holders of twenty-five per centum in aggregate principal amount of the bonds of such issue then outstanding, by instrument or instruments filed in the office of the clerk of the county and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of such bonds for the purposes herein provided.

2. Such trustee may, and upon written request of the holders of twenty-five per centum in principal amount of such bonds outstanding shall, in its own name:

(a) by action or proceeding in accordance with the civil practice law and rules, enforce all rights of the bondholders including the right to require the authority to collect rents, rates, fees and charges adequate to carry out any agreement as to, or pledge of, such rents, rates and charges, and to require the authority to carry out any other agreements with the holders of such bonds and to perform its duties under this title;

(b) bring an action or proceeding upon such bonds;

(c) by action or proceeding, require the authority to account as if it were the trustee of an express trust for the holders of such bonds;

(d) by action or proceeding, enjoin any acts or things which may be unlawful or in violation of the rights of the holders of such bonds; and

(e) declare all such bonds due and payable, and if all defaults shall be made good, then with the consent of the holders of twenty-five per centum of the principal amount of such bonds then outstanding, annul such declaration and its consequences.

3. Such trustee shall in addition to the foregoing have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth herein or incidental to the general representation of bondholders in the enforcement and protection of their rights.

4. The state supreme court shall have jurisdiction of any action or proceeding by the trustee on behalf of such bondholders. Venue of any such action or proceeding shall be laid in the county.

5. Any such trustee, whether or not the issue of bonds represented by such trustee has been declared due and payable, shall be entitled as of right to the appointment of a receiver of any part or parts of the properties the revenues of which are pledged for the security of the bonds of such issue, and, subject to any pledge or agreement with holders of such bonds, such receiver may enter and take possession of such part or parts of the properties and shall take possession of all moneys and other property derived from such part or parts of such properties and proceed with any construction thereon or the acquisition of any property, real or personal, in connection therewith which the authority is under obligation to do, and to operate, maintain and reconstruct such part or parts of the properties and collect and receive all revenues thereafter arising therefrom subject to any pledge thereof or agreement with bondholders relating thereto and perform the public

duties and carry out the agreements and obligations of the authority under the direction of the court. In any suit, action or proceeding by the trustee, the fees, counsel fees and expenses of the trustee and of the receiver, if any, shall constitute taxable disbursements and all costs and disbursements allowed by the court shall be a first charge on any revenues derived from the properties.

6. Before declaring the principal of bonds due and payable, the trustee shall first give thirty days' notice in writing to the authority.

* NB There are 2 § 1199-iiii's

*** § 1199-jjjj. State and municipalities not liable on authority bonds.** Neither the state nor any municipality shall be liable on the bonds of the authority and such bonds shall not be a debt of the state or of any municipality and such bonds shall contain on the face thereof a statement to such effect.

* NB There are 2 § 1199-jjjj's

*** § 1199-kkkk. Moneys of the authority.** All monies of the authority from whatever source derived shall be paid to the treasurer of the authority and shall be deposited forthwith in a bank or banks designated by the authority. The monies in such accounts shall be paid out on check of the treasurer upon requisition by such person or persons as the authority may authorize to make such requisitions. All deposits of such monies shall be secured by obligations of the United States or of the state or of any municipality of a market value equal at all times to the amount on deposit and all banks and trust companies are authorized to give such security for such deposits. To the extent practicable, consistent with the cash requirements of the authority, all such monies shall be deposited in interest bearing accounts. The authority shall have power, notwithstanding the provisions of this section, to contract with the holders of any bonds as to the custody, collection, security, investment and payment of any monies of the authority or any monies held in trust or otherwise for the payment of bonds or any way to secure bonds, and carry out any such contract notwithstanding that such contract may be inconsistent with the provisions of this section. Monies held in trust or otherwise for the payment of bonds or in any way to secure bonds and deposits of such monies may be secured in the same manner as monies of the authority and all banks and trust companies are authorized to give such security for such deposits. Any monies of the authority not required for immediate use or disbursement may, at the discretion of the authority, be invested in those obligations specified pursuant to the provision of section ninety-eight-a of the state finance law. Subject to the provisions of any contract with bond holders and with the approval of the state comptroller, the authority shall prescribe a system of accounts.

* NB There are 2 § 1199-kkkk's

*** § 1199-llll. Bonds legal investments for fiduciaries.** The bonds of the authority are hereby made securities in which all public officials and bodies of the state and all municipalities, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations, including savings and loan associations, investment companies and other persons carrying on a banking business, and administrators, guardians, executors, trustees and other fiduciaries and all other persons whatsoever, who are now or may hereafter be authorized to invest in bonds or other obligations of the state, may properly and legally invest funds including capital in their control or belonging to them. The bonds are also hereby made securities which may be deposited with and may be received by all public officers and bodies of the state and all municipalities for any purposes for which the deposit of bonds or other obligations of the state is now or hereafter may be authorized.

* NB There are 2 § 1199-llll's

*** § 1199-mmmm. Agreement with the state.** The state does hereby pledge to and agree with the holders of any bonds issued by the authority pursuant to this title that the state will not alter or limit the rights hereby vested in the authority to purchase, construct, maintain, operate, repair, improve, increase, enlarge, extend, reconstruct, renovate, rehabilitate or dispose of any water and sewer project, or any part or parts thereof, for which bonds of the authority shall have been issued, to establish and collect rates, rents, fees and other charges referred to in this title and to fulfill the terms of any agreement made with or for the benefit of the holders of the bonds or with any public corporation or person with reference to such project or part thereof, or in any way impair the rights and remedies of the bondholders, until the bonds, together with the interest thereon, including interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of such holders, are fully met and discharged. The authority is authorized to include this pledge and agreement of the state in any agreement with bondholders.

* NB There are 2 § 1199-mmmm's

*** § 1199-nnnn. Exemption from taxes, assessments and certain fees; payments in lieu of taxes.** 1. It is hereby determined that the creation of the authority and the carrying out of its corporate purposes is in all respects for the benefit of the people of the county and the state and is a public purpose, and the authority shall be regarded as performing a governmental function in the exercise of the powers conferred upon it by this title and shall not be required to pay any taxes, special ad valorem levies or special assessments upon any real property owned by it or any filing, recording or transfer fees or taxes in relation to instruments filed, recorded or transferred by it or on its behalf provided, however, that any real property owned or acquired by the authority outside of the district shall be exempt from real property taxes, ad valorem levies or special assessments only pursuant to and to the extent provided by an agreement with the governing body of the municipality in which such real property is located.

2. The authority may pay, or may enter into agreements with any municipality not located within the county to pay, a sum or sums annually or otherwise or to provide other considerations to such municipality with respect to real property owned by the authority

located within such municipality and constituting a part of its water or sewerage system.

3. Any bonds issued pursuant to this title together with the income therefrom shall be exempt from taxation except for transfer and estate taxes. The revenues, moneys and all other property and all activities of the authority shall be exempt from all taxes and governmental fees or charges, whether imposed by the state or any municipality, including without limitation real estate taxes, franchise taxes, sales taxes or other excise taxes.

4. The state hereby covenants with the purchasers and with all subsequent holders and transferees of bonds issued by the authority pursuant to this title, in consideration of the acceptance of and payment for the bonds, that the bonds of the authority issued pursuant to this title and the income therefrom shall be exempt from taxation as aforestated in subdivision three of this section, and that all revenues, moneys, and other property pledged to secure the payment of such bonds shall at all times be free from such taxation as aforestated in such subdivision.

* NB There are 2 § 1199-nnnn's

§ 1199-oooo. Actions against the authority. 1. Except in an action for wrongful death, no action or special proceeding shall be prosecuted or maintained against the authority for personal injury or damage to real or personal property alleged to have been sustained by reason of the negligence or wrongful act of the authority or any member, officer, agent or employee thereof, unless:

(a) a notice of claim shall have been made and served upon the authority within the time limit by and in compliance with section fifty-e of the general municipal law;

(b) it shall appear by and as an allegation in the complaint or moving papers that at least thirty days have elapsed since the service of such notice and that adjustment or payment thereof has been neglected or refused; and

(c) the action or special proceeding shall be commenced within one year and ninety days after the happening of the event upon which the claim is based. An action against the authority for wrongful death shall be commenced in accordance with the notice of claim and time limitation provisions of title eleven of article nine of this chapter.

2. Wherever a notice of claim is served upon the authority, it shall have the right to demand an examination of the claimant relative to the occurrence and extent of the injuries or damages for which claim is made, in accordance with the provisions of section fifty-h of the general municipal law.

3. The authority may require any person presenting for settlement an account or claim for any cause whatever against the authority to be sworn before a member, counsel, or an attorney, officer or employee thereof designated for such purpose, concerning such account or claim and when so sworn, to answer orally as to any facts relative to such account or claim. The authority shall have power to settle or adjust all claims in favor of or against the authority.

4. Any action or proceeding to which the authority or the people of the state may be parties, in which any question arises as to the validity of this title, shall be preferred over all other civil causes of action or cases, except election causes of action or cases, in all courts of the state and shall be heard and determined in preference to all other civil business pending therein except election causes, irrespective of position on the calendar. The same preference shall be granted upon application of the authority or its counsel in any action or proceeding questioning the validity of this title in which the authority may be allowed to intervene. The venue of any such action or proceeding shall be laid in the supreme court of the county.

5. The rate of interest to be paid by the authority upon any judgment for which it is liable, other than a judgment against the authority on bonds, shall be the rate prescribed by section five thousand four of the civil practice law and rules. Interest on payments of principal or interest on any bonds in default shall accrue at the rate or rates set forth in such bonds from the due date thereof until paid or otherwise

satisfied.

*** § 1199-qqqq. Construction and purchase contracts.** The authority shall let contracts for construction or purchase of supplies, materials, or equipment pursuant to sections one hundred one and one hundred three of the general municipal law and shall be let in accordance with the provisions of state law pertaining to prevailing wages, labor standards, and working hours. Nothing in this section shall be construed to limit the power of the authority to do any construction directly by the officers, agents and employees of the authority.

* NB There are 2 § 1199-qqqq's

*** § 1199-rrrr. Code of ethics.** 1. Definition. As used in this section the term "authority employee" shall mean any member, officer or employee of the authority.

2. Rule with respect to conflicts of interest. No authority employee should have any interest, financial or otherwise, direct or indirect, or engage in any business or transaction or professional activity or incur any obligation of any nature, which is in substantial conflict with the proper discharge of his or her duties in the public interest.

3. Standards. (a) No authority employee should accept other employment which will impair his or her independence of judgment in the exercise of his or her official duties.

(b) No authority employee should accept employment or engage in any business or professional activity which will require the employee to disclose confidential information which he or she has gained by reason of his or her official position or authority.

(c) No authority employee should disclose confidential information acquired by the employee in the course of his or her official duties nor use such information to further his or her personal interests.

(d) No authority employee should use or attempt to use his or her official position to secure unwarranted privileges or exemptions for himself or herself or others.

(e) No authority employee should engage in any transaction as representative or agent of the authority with any business entity in which he or she has a direct or indirect financial interest that might reasonably tend to conflict with the proper discharge of his or her official duties.

(f) An authority employee should not by his or her conduct give reasonable basis for the impression that any person can improperly influence such employee or unduly enjoy his or her favor in the performance of his or her official duties, or that he or she is affected by the kinship, rank, position or influence of any party or person.

(g) An authority employee should abstain from making personal investments in enterprises which he or she has reason to believe may be directly involved in decisions to be made by the employee or which will otherwise create substantial conflict between his or her duty in the public interest and his or her private interest.

(h) An authority employee should endeavor to pursue a course of conduct which will not raise suspicion among the public that he or she is likely to be engaged in acts that are in violation of his or her trust.

(i) No authority employee employed on a full-time basis nor any firm or association of which such an employee is a member nor corporation a substantial portion of the stock of which is owned or controlled directly or indirectly by such employee, should sell goods or services to any person, firm, corporation or association which is licensed or whose rates are fixed by the authority in which such employee services or is employed.

(j) If any authority employee shall have a financial interest, direct or indirect, having a value of ten thousand dollars or more in any activity which is subject to the jurisdiction of a regulatory agency, he or she should file with the secretary of state a written statement that he or she has such a financial interest in such activity which statement shall be open to public inspection.

4. Violations. In addition to any penalty contained in any other provision of law any such authority employee who shall knowingly and intentionally violate any of the provisions of this section may be fined, suspended or removed from office or employment.

* NB There are 2 § 1199-rrrr's

*** § 1199-ssss. Equal employment opportunity.** The authority shall ensure that all employees or applicants for employment are afforded equal employment opportunity without discrimination.

* NB There are 2 § 1199-ssss's

*** § 1199-tttt. Audit and annual report.** In conformity with the provisions of section five of article ten of the constitution, the accounts of the authority shall be subject to the supervision of the state comptroller and an annual audit shall be performed by an independent certified accountant. The authority shall annually submit to the county legislature, county treasurer, governor and the state comptroller and to the chairperson of the senate finance committee and the chairperson of the assembly ways and means committee a detailed report pursuant to the provisions of section two thousand eight hundred of this chapter, and a copy of such report shall be filed with the clerk of the county legislature.

* NB There are 2 § 1199-tttt's

*** § 1199-uuuu. Environmental applications, proceedings, approvals and permits.** Any application in relation to the purposes of or contemplated by this title heretofore filed, or any proceeding heretofore commenced, by the county or any agency thereof with the state department of environmental conservation, the department of transportation or any other state agency or instrumentality or with the United States environmental protection agency or any other federal agency or instrumentality shall inure to and for the benefit of the authority to the same extent and in the same manner as if the authority had been a party to such application or proceeding from its inception, and the authority shall be deemed a party thereto, to the extent not prohibited by any federal law. Any license, approval, permit or decision heretofore or hereafter issued or granted pursuant to or as a result of any such application or proceeding shall inure to the benefit of and be binding upon the authority and shall be assigned and transferred by the county or any agency thereof to the authority, unless such assignment and transfer is prohibited by federal law.

* NB There are 2 § 1199-uuuu's

*** § 1199-vvvv. Limited liability.** Neither the members of the authority, nor any municipality, officer or employee acting in its behalf, while acting within the scope of their authority, shall be subject to any personal liability resulting from the construction, maintenance or operation of any of the properties of the authority or from carrying out any of the powers expressly given in this title; provided, however, that this section shall not be held to apply to any independent contractor.

* NB There are 2 § 1199-vvvv's

*** § 1199-wwww. Governmental capacity of the authority and municipalities.** The authority, the county and the other municipalities, in carrying out their respective powers and duties under this title, shall be deemed to be acting in a governmental capacity and in the performance of an essential governmental function.

* NB There are 2 § 1199-wwww's

*** § 1199-xxxx. Charges by the authority; method of collection.** 1. The authority may fix and collect, on any equitable basis, rates, fees and other charges for the use of its water or sewer facilities or of the services or commodities provided by the authority. Such rates, rentals, fees and other charges may be fixed and collected from any person or corporation to which such facilities, services or commodities are provided or made available from the authority. Such rates, rentals, fees and other charges may be the same or different for each classification of user or service recipient and may, by way of example, reflect the source and composition of the sewage or location of services or system costs and expenses. The authority shall not establish, fix or revise any classification or user or rate, rental or fee or other charge unless and until the authority has held a public hearing at which interested persons shall have an opportunity to be heard concerning the same. Notice of any such public hearing shall be published at least ten days before the date set therefor, in at least one newspaper of general circulation in the boundaries of the authority. Such notice shall set forth the date, time and place of such hearing and shall include a brief description of matters to be considered at such meeting. A copy of such notice shall be available for inspection by the public. At any such hearing, any interested persons shall have an opportunity to be heard concerning the matters under consideration. Any decision by the authority at such public hearing or relating to the matters under consideration at such hearing shall be in writing and made available in the office of the authority for public inspection during regular business hours.

2. All rates, fees and other charges for the use of the facilities or services or commodities provided or made available by the authority and billed directly by the authority to the user or service recipient pursuant to a classification of users or service recipients adopted by the authority as herein provided shall be a lien upon the real property upon which, or in connection with which, services are provided or are made available, as and from the first date fixed for a payment of such rates, rentals, fees and other charges. Any such lien shall take precedent over all other liens, or encumbrances, except taxes or assessments. The treasurer of the authority shall prepare and transmit to the county legislature, on or before the first day of November in each year, a list of those properties using such facilities or for which such services or commodities were provided or made available and from which the payment of rates, rentals, fees and other charges are in arrears for a period of thirty days or more after the last day fixed for payment of such rates, rentals, fees and other charges without penalty. The list shall contain a brief description of such properties, the names of the persons or corporations liable to pay for the same, and the amount chargeable to each, including penalties and interest, as applicable, computed to December thirty-first of that year. The county legislature shall levy such sums against the properties liable and shall state the amount thereof in a separate column in the annual tax rolls of

the county under the heading "water charge" or "sewer disposal charge," as applicable. Such amounts, excluding penalties and interest when collected by the county collector or receiver of taxes, shall be paid over to the treasurer of the authority. Penalties and interest shall be retained by the collector which shall become a part of the general funds of the county. All of the provisions of the tax law of the state governing enforcement and collection of unpaid taxes or assessments for special improvements not inconsistent herewith shall apply to the collection of such unpaid rates, rentals, fees and other charges.

* NB There are 2 §1199-xxxx's

*** § 1199-yyyy. Separability clause.** If any section, clause or provision in this title shall be held by a competent court to be unconstitutional or ineffective in whole or in part, to the extent that it is not unconstitutional or ineffective, it shall be valid and effective, and no other section, clause or provision shall on account thereof be deemed invalid or ineffective.

* NB There are 2 § 1199-yyyy's

§ 1199-zzzz. Effect of inconsistent provisions. Insofar as the provisions of this title are inconsistent with the provisions of any other act, general or special, or of any charter, local law, ordinance or resolution of any municipality, the provisions of this title shall be controlling. Nothing contained in this section shall be held to supplement or otherwise expand the powers or duties of the authority otherwise set forth in this title. Except as specifically provided for in this title, in the performance of any of its functions, powers and duties, the authority shall be subject to all applicable general or special laws of the state, the county charter, and any local law, ordinance or resolution of the county.

* TITLE 8-G

LIVINGSTON COUNTY WATER AND SEWER AUTHORITY

Section 1199-aaaa*2. Definitions.

* NB There are 2 A5 T8-G's

*** § 1199-aaaa. Definitions.** As used or referred to in this title, unless a different meaning clearly appears from the context:

1. "Authority" shall mean the corporation created by section one thousand one hundred ninety-nine-cccc of this title.

2. "Board" shall mean the members of the authority constituting and acting as the governing board of the authority.

3. "Board of supervisors" shall mean the board of supervisors of Livingston county.

4. "Bonds" shall mean the bonds, notes or other evidences of indebtedness issued by the authority pursuant to this title, and the provisions of this title relating to bonds and bondholders shall apply with equal force and effect to notes and noteholders, respectively, unless the context otherwise clearly requires.

5. "Civil service commission" shall mean the personnel officer of the county of Livingston or any other person or entity acting as the civil service commission of the county of Livingston.

6. "Comptroller" shall mean the comptroller of the state of New York.

7. "Construction" shall mean the negotiation, acquisition, erection, building, alteration, improvement, testing, increase, enlargement, extension, reconstruction, interconnection, renovation or rehabilitation of a water, sewerage or water and sewerage facility, as the case may be; the inspection and supervision thereof; and the engineering, architectural, legal, appraisal, fiscal, economic and environmental investigations, services and studies, surveys, designs, plans, working drawings, specifications, procedures and other actions preliminary or incidental thereto.

8. "Costs", as applied to any project, shall include the cost of construction, the cost of the acquisition of all property, including both real, personal and mixed, the cost of demolishing, removing or relocating any buildings or structures on lands so acquired, including the cost of acquiring any land to which such buildings or structures may be moved or relocated, the cost of all systems, facilities, machinery, apparatus and equipment, financing charges, interest prior to, during and after construction to the extent not paid or provided for from

revenues or other sources, the cost of engineering and architectural surveys, plans and specifications, the cost of consultant and legal services, the cost of lease guarantee or bond insurance or other credit enhancement associated with bonds of the authority (including notes) and the cost of other expenses necessary or incidental to the construction of such project and the financing of the construction thereof, including the amount authorized in the resolution of the authority providing for the issuance of bonds to be paid into any reserve or other special fund from the proceeds of such bonds and the financing of the placing of any project in operation, including the reimbursement to the county, or any municipality, state agency, the state, the United states government, or any other person for expenditures made by them that would be costs of the project hereunder.

9. "County" shall mean the county of Livingston.

10. "Distribution system" shall mean the water facility or facilities employed to deliver water from a transmission facility, or where there is no transmission facility, from a supply facility, to the ultimate consumers of water.

11. "District" shall mean the Livingston county water and sewer authority district created by section eleven hundred ninety-nine-bbbb of this title.

12. "Governing body" shall mean:

(a) In the case of a city, county, town or village or district corporation the finance board as such term is defined in the local finance law;

(b) In the case of a public benefit corporation, the members thereof.

13. "Members" shall mean the members of the board.

14. "Municipality" shall mean any county, city, town, village, improvement district under the county or town law, any other such instrumentality, including any agency or public corporation of the state, or any of the foregoing or any combination thereof.

15. "Person" shall mean any natural person, partnership, association, joint venture or corporation, exclusive of a public corporation as defined pursuant to article two-A of the general construction law.

16. "Real property" shall mean lands, structures, franchises, rights and interests in land, waters, lands underwater, groundwater, riparian rights and air rights and any and all things and rights included within said term "real property" and includes not only fee simple absolute, but also any and all lesser interests including, but not limited to, easements, rights-of-way, uses, leases, licenses and all other incorporeal hereditaments and every estate, interest or right, legal or equitable, including terms for years and liens thereon by way of judgments, mortgages or otherwise.

17. "State sanitary code" shall mean regulations adopted pursuant to section two hundred twenty-five of the public health law.

18. "Sewage" means the water-carried human or animal wastes from residences, buildings, industrial establishments or other places, together with such groundwater infiltration and surface water as may be present. The admixture with sewage of industrial or other waste also shall be considered "sewage" within the meaning of this title.

19. "Sewerage facility" or "sewerage facilities" means any plants, structures and other real and personal property acquired, rehabilitated or constructed or planned for the purpose of collecting, conveying, pumping, treating, neutralizing, storing and disposing of sewage, including but not limited to main, trunk, intercepting, connecting, lateral, outlet or other sewers, outfalls, pumping stations, treatment and disposal plants, ground water recharge basins, back-flow prevention devices, sludge dewatering or disposal equipment and facilities, clarifiers, filters, phosphorus removal equipment and other plants, works, structures, equipment, vehicles, conveyances, contract rights, franchises, approaches, connections, permits, real or personal property or rights therein and appurtenances thereto necessary or useful and convenient for the collection, conveyance, pumping, treatment,

neutralizing, storing and disposing of sewage.

20. "State" shall mean the state of New York.

21. "State agency" shall mean any state office, public benefit corporation, department, board, commission, bureau or division, or other agency or instrumentality of the state.

22. "Supply facility" shall mean a water facility employed to make groundwater or surface water available for delivery into a transmission facility or distribution system.

23. "System revenues" shall mean all rates, rents, fees, charges, payments and other income and receipts derived by the authority including, without limiting the generality of the foregoing, investment proceeds and proceeds of insurance, condemnation, sales or other dispositions of assets, together with all federal, state or municipal aid as well as any other income derived from the operation of the water facility of the authority.

24. "Transmission facility" shall mean a water facility used to carry water from a supply facility to a distribution system.

25. "Treasurer" shall mean the treasurer of the authority.

26. "Water facility" or "water facilities" shall mean any plants, structures or other real and personal property acquired, rehabilitated or constructed or planned for the purpose of accumulating, supplying, transmitting, distributing or treating water, including but not limited to surface or groundwater reservoirs, basins, dams, canals, aqueducts, standpipes, conduits, pipelines, mains, pumping stations, pumps, water distribution systems, compensating reservoirs, intake stations, waterworks or sources of water supply, wells, purification or filtration plants or other treatment plants and works, approaches, connections, water meters, rights of flowage or diversion and other plants, structures, equipment, vehicles, towers, conveyances, real or personal property or rights therein and appurtenances thereto necessary or useful

and convenient for the accumulation, supply, transmission, treatment or distribution of water.

27. "Water project" shall mean any sewerage facility, water facility or water and sewerage facility, as the case may be, including the planning, development, financing or construction thereof.

28. "Watershed rules" shall mean the rules and regulations made by the department of health pursuant to section eleven hundred of the public health law.

* NB There are 2 § 1199-aaaa's

*** § 1199-bbbb. Livingston county water and sewer authority district.** There is hereby defined and established a district to be known as the "Livingston county water and sewer authority district" which shall embrace all of the territory located within the county of Livingston.

* NB There are 2 § 1199-bbbb's

*** § 1199-cccc. Livingston county water and sewer authority.** 1. A public corporation known as the "Livingston county water and sewer authority" is hereby created for the public purposes and charged with the duties and having the powers provided in this title. The authority shall be a corporate governmental agency constituting a public benefit corporation and shall be a "public district" for the purposes of section eighty-nine-l of the public service law. The authority shall be governed by a board consisting of seven members, who shall be residents of the county and be appointed by resolution of the board of supervisors. The first members appointed shall be appointed for the following terms: two for a term ending on December thirty-first of the year following the year in which this title shall have become law; two for a term ending on December thirty-first of the second year following the year in which this title shall have become law; and three for a term ending on December thirty-first of the third year following the year in which this title shall have become law. Subsequent appointment of members shall be made in the same manner and for terms of three years ending in each case on December thirty-first of the last year of such term. All members shall continue to hold office until their successors are appointed and have qualified. Vacancies shall be filled in the manner provided for original appointment. Vacancies occurring otherwise than by expiration of terms of office, shall be filled by appointment for the unexpired terms. Members may be removed from office for the same reasons and in the same manner as may be provided by law for the removal of officers of the county. In addition, members may be removed from office by the board of supervisors for inefficiency, neglect of duty or misconduct in office, after the board of supervisors has given such member a copy of the charges against him and opportunity to be heard in person or by counsel in his defense, upon not less than ten days notice. If a member fails to attend three consecutive regular meetings of the authority, unless such absence is for good cause and is excused by the chairperson of the authority or other presiding officers, or in the case of the chairperson of the authority, by the chairman of the board of supervisors, the office may be deemed vacant for purposes of the nomination and appointment of a successor. The officers of the authority shall receive from the authority such salary, if any, as shall be determined from time to time by the board of supervisors. In addition, members and officers shall be entitled to reimbursement of their actual and necessary expenses, including travel expenses, incurred in the discharge of their duties.

2. The powers of the authority shall be vested in and shall be exercised by the board at a meeting duly called and held where a quorum of four members is present. No action shall be taken by the authority except pursuant to the favorable vote of at least four members. The board may delegate to one or more of its members, or to one or more of the officers, agents or employees of the authority, such powers and duties as it may deem proper.

3. The officers of the authority shall consist of a chairperson, vice chairperson, and treasurer who shall be members of the board and a secretary who need not be a member of the board. The officers of the authority shall be appointed by the board and shall serve in such capacities at the pleasure of the board. In addition, the board may

appoint and at its pleasure remove such additional officers and employees as it may determine necessary for the performance of the powers and duties of the authority and fix and determine the qualifications, duties and compensation of such additional officers and employees, subject to the provisions of the civil service law of the state and such rules as the civil service commission may adopt and make applicable to the authority. The authority may also from time to time contract for expert professional services. The treasurer shall execute a bond, conditioned upon the faithful performance of the duties of his or her office, the amount and sufficiency of which shall be approved by the board, and the premium therefor shall be paid by the authority.

4. Notwithstanding any inconsistent provision of any general, special or local law, ordinance, resolution or charter, no officer, member or employee of the state, any municipality, or any public benefit corporation, shall forfeit his or her office or employment by reason of his or her acceptance of appointment as a member, officer, agent or employee of the authority, nor shall service as such member, officer, agent or employee be deemed incompatible or in conflict with such office, membership or employment, and one or more members of the board of supervisors may be appointed to serve as a member of the authority.

5. (a) The chairman of the board of supervisors shall file within one year after the effective date of this title, in the office of the secretary of state, a certificate signed by the chairman of the board of supervisors setting forth: (i) the name of the authority; (ii) the names of the initial members of the board and their terms of office; and (iii) the effective date of this title. If such certificate is not filed with the secretary of state on or before such date, then the corporate existence of the authority shall thereupon terminate and it shall thereupon be deemed to be and shall be dissolved.

(b) Except as provided in paragraph (a) of this subdivision, the authority and its corporate existence shall continue until terminated by law, provided, however, that no such law shall take effect so long as the authority shall have bonds or other obligations outstanding unless adequate provision has been made for the payment or satisfaction thereof. Upon termination of the existence of the authority, all of the rights and properties of the authority then remaining shall pass to and vest in the county.

6. Neither the public service commission nor any other board or commission of like character, shall have jurisdiction over the authority in the management and control of its properties or operations of any power over the regulation of rates fixed or charges collected by the authority.

7. It is hereby determined and declared that the authority and the carrying out of its powers, purposes and duties are in all respects for the benefit of the people of the county and the state, for the improvement of their health, welfare and prosperity and that such purposes are public purposes and that the authority is and will be performing an essential governmental function in the exercise of the powers conferred upon it by this title.

8. Nothing in this title shall be construed to obligate the state in any way in connection with the operations or obligations of the authority.

* NB There are 2 § 1199-cccc's

*** § 1199-dddd. Powers of the authority.** Except as otherwise limited by this title, the authority shall have the power:

1. To sue and be sued;

2. To have a seal and alter the same at pleasure;

3. To borrow money and issue negotiable notes, bonds, or other obligations and to provide for the rights of the holders thereof;

4. To enter into contracts and execute all instruments necessary or convenient or desirable for the purposes of the authority to carry out any powers expressly given it in this title;

5. To acquire, by purchase, gift, grant, transfer, contract or lease or by condemnation pursuant to the eminent domain procedure law within the district, lease as lessee, hold and use and to sell, lease as lessor, transfer or otherwise dispose of, any real or personal property or any interest therein, within or without the district, as the authority may deem necessary, convenient or desirable to carry out the purpose of this title and to pay the costs thereof; provided, however, that the authority may not condemn real property of a municipality without the consent of the governing body of such municipality;

6. To purchase or refuse to purchase in the name of the authority, any water or sewerage facility, including plants, works, instrumentalities or parts thereof and appurtenances thereto, lands, easements, rights in land and water rights, rights-of-way, contract rights, franchises, permits, approaches, connections, dams, wells, pumps, reservoirs, water or sewer mains and pipe lines, pumping stations, treatment facilities, meters, equipment and inventory, or any other property incidental to and included in such system or part thereof, and any improvements, extensions and betterments, situated wholly within the district and to pay the costs thereof; provided, however that prior to the acquisition of any existing water or sewer district, the authority shall discuss and consider the status of current employees of the water or sewer district; and further provided, however, that the authority shall have the power to purchase any source of supply, supply facility, water supply system, or transmission facility or any part thereof situated wholly or partly without the territorial limits of the district, provided same shall be necessary in order to supply water within the district; and in connection with the purchase of such properties the authority may assume any obligations of the owner of such properties and, to the extent required by the terms of any indentures or other instruments under which such obligations were issued, the authority may assume and agree to perform covenants and observe the restrictions contained in such instruments; and furthermore the owner of any properties, which the authority is authorized to acquire, is hereby authorized to sell or otherwise transfer the same to the authority, whereupon the authority shall become charged with the performance of all public duties with respect to such properties with which such owner was charged and such

owner shall become discharged from the performance thereof, and as a means of so acquiring for such purpose, the authority may purchase all of the stock or any existing privately owned water corporation or company and in the case of a sale or other transfer of properties of a public utility corporation pursuant to this provision, upon the purchase of the stock of such corporation or company it shall be lawful to dissolve such corporation within a reasonable time;

7. To construct, improve, maintain, develop, expand or rehabilitate water or sewerage facilities and to pay the costs thereof;

8. To operate and manage and to contract for the operation and management of facilities of the authority;

9. To enter into contracts, and carry out the terms thereof, for the wholesale provision of water produced by supply facilities constructed, owned or operated by the authority, to municipalities and private water companies and to carry out the terms thereof, for the transmission of water from new or existing supply facilities;

10. To enter into contracts with municipalities or other persons for the collection, treatment and disposal of sewage;

11. To apply to the appropriate agencies and officials of the federal, state and local governments for such licenses, permits or approvals of its plans or projects as it may deem necessary or advisable, and upon such terms and conditions as it may deem appropriate, to accept, in its discretion, such licenses, permits or approvals as may be tendered to it by such agencies and officials;

12. To take all necessary and reasonable actions within the district to conserve, preserve and protect the water supply to the district, including the making of plans and studies, the adoption of watershed rules and regulations, the enforcing of compliance with all current and future rules and regulations of the state sanitary code with regard to water supply and usage, the requiring of cross-connection controls, the providing of educational material and programs to the public, and the

cooperating with water suppliers outside the district to conserve, preserve and protect the entire water reserve as it is affected within and outside the authority's supply area;

13. To appoint such officers and employees as are required for the performance of its duties, to fix and determine their qualifications, duties and compensation, and to retain or employ counsel, auditors, engineers, and private consultants on a contract basis or otherwise for rendering professional or technical services and advice;

14. With the consent of the governing body of a municipality, to use officers and employees of such municipality and to pay a proper proportion of the compensation or costs for the services for such officers or employees;

15. To make plans and studies necessary, convenient or desirable for the effectuation of the purposes and powers of the authority and to prepare recommendations in regard thereto;

16. To prepare a water supply emergency plan which may include, but not be limited to, the following:

(a) establishment of criteria and procedures to determine critical water levels or safe yield of system;

(b) identification of existing and future sources of water under normal conditions and emergency conditions;

(c) system capacity and ability to meet peak demand and fire flows concurrently;

(d) storage capacities;

(e) current condition of present interconnections and identification of additional interconnections to meet a water supply emergency;

(f) specific action plan to be followed during a water supply emergency including a phased implementation of the plan;

(g) general water conservation programs and water use reduction strategies for water supply users;

(h) prioritization of water users;

(i) identification and availability of emergency equipment needed during a water supply emergency; and

(j) public notification program coordinated with the phased implementation schedule;

Such plan shall not be adopted until a public hearing on such plan shall have been held, upon not less than fourteen days' notice thereof to each customer, either by mail or by publication once in a newspaper having general circulation within the district; every five years, such plan shall be reviewed and revised if necessary after a public hearing, with notice to each customer as aforesaid;

17. To enter upon such lands, waters, or premises as in the judgment of the authority shall be necessary for the purpose of making surveys, soundings, borings and examinations to accomplish any purpose authorized by this title, the authority being liable only for actual damage done;

18. To apply for and to accept any gifts or grants or loans of funds or property or financial or other aid in any form from the federal government or any agency or instrumentality thereof, or from the state or any agency or instrumentality thereof, or from any other source, for any or all of the purposes specified in this title, and to comply, subject to the provisions of this title, with the terms and conditions thereof;

19. To supply and sell water for domestic, commercial and public purposes at retail to individual consumers within the district or to collect, treat or discharge sewage produced within the district;

20. To purchase water in bulk from any person, private or public benefit corporation or municipality when necessary or convenient for the operation of such water system;

21. To produce, develop, distribute and sell water or sewerage services within or without the territorial limits of the district; and to purchase water from any municipality, town water district, person, association or corporation, provided, however, that water or sewerage services may be sold at retail to individual consumers only within the district and further provided that in exercising the powers granted by

this title, the authority shall not sell water in any area which is served by a water system or sewerage services in any area which is served by a sewerage system owned or operated by a municipality or special improvement district unless the governing body of such municipality or district shall adopt a resolution requesting the authority to sell water or sewerage services, as the case may be, in such served areas;

22. To make bylaws for the management and regulation of its affairs and rules and regulations for the conservation, preservation and protection of the authority's water supply and, subject to agreements with bondholders, rules for the sale of water or collection of sewage and the collection of rents and charges therefor. A copy of such rules, regulations and bylaws and any rules and regulations adopted pursuant to subdivision eleven of this section, and all amendments thereto, duly certified by the secretary of the authority shall be filed in the office of the county clerk of the county. In addition, the board of supervisors by local law shall have power to prescribe that violation of specific bylaws, rules, or rules and regulations of the authority, published once in a newspaper having general circulation within the county, shall be punishable by fine, not exceeding fifty dollars per violation;

23. To fix rates and collect charges for the use of the facilities of, or services rendered by, or any commodities furnished by the authority such as to provide revenues sufficient at all times to pay, as the same shall become due, the principal of and interest on the bonds, notes, or other obligations of the authority together with the maintenance of proper reserves therefor, in addition to paying as the same shall become due, the expense of operating and maintaining the properties of the authority together with proper maintenance reserves, capital reserves, repair reserves, tax stabilization reserves and other contingency reserves, and all other obligations and indebtedness of the authority; provided however, no such rates or charges shall be changed until a public hearing on such changes shall have been held upon not less than fourteen days notice thereof to each customer, either by mail or by publication once in a newspaper having general circulation within the bounds of the authority;

24. To enter into cooperative agreements with other authorities, municipalities, counties, cities, towns, villages, water districts, utility companies, individuals, firms or corporations, within or without the territorial limits of the district for the interconnection of facilities, the provision, exchange or interchange of services and commodities, the conservation, preservation and protection of the authority's water reserve as it is affected within and outside the authority's supply area, and, within the territorial limits of the district, to enter into a contract for the construction, operation and maintenance of a water supply and distribution system by the authority for any municipality having power to construct and develop a water supply and distribution system or sewerage system or facilities, upon such terms and conditions as shall be determined to be reasonable including, but not limited to, the reimbursement of all costs of such construction, or for any other lawful purposes necessary or desirable to effect the purposes of this title, including the investment of funds;

25. To provide for the discontinuance or disconnection of the supply of water or sewerage service, or both, as the case may be, for nonpayment of fees, rates, rents or other charges therefor imposed by the authority, provided such discontinuance or disconnection of any water or sewerage service, or both, as the case may be, shall not be carried out except in the manner and upon the notice as is required of a waterworks corporation pursuant to subdivisions three-a, three-b and three-c of section eighty-nine-b and section one hundred sixteen of the public service law;

26. To act as a county water agency in accordance with the provisions of article five-A of the county law;

27. For the purposes of article fifteen-A of the executive law only, the authority shall be deemed a state agency as that term is defined in such article and its contracts for procurement, design, construction, services and materials shall be deemed state contracts within the meaning of that term as set forth in such article; and

28. To do all things necessary, convenient or desirable to carry out its purposes and for all exercise of the powers granted in this title.

* NB There are 2 § 1199-dddd's

*** § 1199-eeee. Advances on behalf of the authority; acquisition of property by county for authority.** 1. In addition to any powers granted to it by law, the county from time to time may appropriate sums of money, after approval by the board of supervisors, to or on behalf of the authority to defray project costs or any other costs and expenses of the authority. Subject to the rights of bondholders, the county at the time of the appropriation shall determine if the moneys so appropriated shall be subject to repayment by the authority to the county and, in such event, the manner and time or times for such repayment.

2. The county or any other municipality may give, grant, sell, convey, loan, license the use of or lease to the authority any property or facility which is useful to the authority in order to carry out its powers under this title. Any such transfer of property shall be upon such terms and conditions, subject to the rights of the holders of any bonds, as the authority and the county or other municipality may agree.

3. The county may acquire by purchase or by exercise of the power of eminent domain real property in the name of the county for any corporate purpose of the authority.

4. Notwithstanding the provisions of any other law, general, special or local to the contrary, real property acquired by the authority or the county from the state may be used for any corporate purpose of the authority.

* NB There are 2 § 1199-eeee's

*** § 1199-ffff. Transfer of officers and employees.** 1. In accordance with the provisions of section seventy of the civil service law, any officer or employee of the county, may, at the request of the authority and with the consent of the board of supervisors, be transferred to the authority and shall be eligible for such transfer and appointment, without further examination, to applicable offices, positions and employment under the authority. Any such officers or employees so transferred to the authority pursuant to this section, who are members of or benefit under any existing pension or retirement fund or system, shall continue to have all rights, privileges, obligations and status with respect to such fund or system as are now prescribed by law, but during the period of their employment by the authority, all contributions to such funds or systems to be paid by the employer on account of such officers or employees shall be paid by the authority.

2. A transferred employee shall remain in the same collective bargaining unit as was the case prior to his or her transfer; successor employees to the positions held by such transferred employees shall, consistent with the provisions of article fourteen of the civil service law, be included in the same unit as their predecessors. Employees serving in positions in newly created titles shall be assigned to the same collective bargaining unit as they would have been assigned to such unit were such titles created prior to the establishment of the authority. Nothing contained in this title shall be construed (a) to diminish the rights of employees pursuant to a collective bargaining agreement or (b) to affect existing law with respect to an application to the public employment relations board seeking a designation by the board that certain persons are managerial or confidential.

* NB There are 2 § 1199-ffff's

*** § 1199-gggg. Bonds of the authority.** 1. The authority shall have the power and is hereby authorized from time to time to issue bonds, notes or other obligations to pay the cost of any project or for any other corporate purpose, including the establishment of reserves to secure the bonds, the payment of principal of, premium, if any, and interest on the bonds and the payment of incidental expenses in connection therewith. The aggregate principal amount of such bonds, notes or other obligations shall not exceed seventy million dollars ($70,000,000), excluding bonds, notes or other obligations issued to refund or otherwise repay bonds, notes or other obligations theretofore issued for such purposes provided, however, that upon any such refunding or repayment the total aggregate principal amount of outstanding bonds, notes or other obligations may be greater than seventy million dollars ($70,000,000) only if the present value of the aggregate debt service of the refunding or repayment bonds, notes or other obligations to be issued shall not exceed the present value of the aggregate debt service of the bonds, notes or other obligations so to be refunded or repaid. For purposes hereof, the present values of the aggregate debt service of the refunding or repayment bonds, notes or other obligations and of the aggregate debt service of the bonds, notes or other obligations and of the aggregate debt service of the bonds, notes or other obligations so refunded or repaid, shall be calculated by utilizing the effective interest rate of the refunding or repayment bonds, notes or other obligations, which shall be that rate arrived at by doubling the semi-annual interest rate (compounded semi-annually) necessary to discount the debt service payments on the refunding or repayment bonds, notes or other obligations from the payment dates thereof to the date of issue of the refunding or repayment bonds, notes or other obligations and to the price bid including estimated accrued interest or proceeds received by the authority including estimated accrued interest from the sale thereof. The authority shall have the power and is hereby authorized to enter into such agreements and perform such acts as may be required under any applicable federal legislation to secure a federal guarantee of any bonds.

2. The authority shall have power from time to time to renew bonds or to issue renewal bonds for such purpose, to issue bonds to pay bonds, and, whenever it deems refunding expedient, to refund any bond by the issuance of new bonds, whether the bonds to be refunded have or have not matured, and may issue bonds partly to refund bonds then outstanding and partly for any other corporate purpose of the authority. Bonds (other than notes or other evidence of indebtedness) issued for refunding purposes, which have a final maturity date longer than the maturity of the bonds being refunded, shall be approved by a resolution of the board of supervisors adopted by a majority vote and approved by the county treasurer. Bonds issued for refunding purposes shall be sold and the proceeds applied to the purchase, redemption or payment of the bonds or

notes to be refunded.

3. Bonds issued by the authority may be general obligations secured by the faith and credit of the authority or may be special obligations payable solely out of particular revenues or other moneys as may be designated in the proceedings of the authority under which the bonds shall be authorized to be issued, subject as to priority only to any agreements with the holders of outstanding bonds pledging any particular property, revenues or moneys. The authority may also enter into loan agreements, lines of credit and other security agreements and obtain for or on its behalf letters of credit, insurance, guarantees or other credit enhancements to the extent not or hereafter available, in each case for securing its bonds or to provided direct payment of any costs which the authority is authorized to pay.

4. Bonds shall be authorized by resolution of the authority, be in such denominations and bear such date or dates and mature at such time or times, as such resolution may provide, provided that bonds and renewals thereof shall mature within forty years from the date of original issuance of any such bonds.

Bonds shall be subject to such terms of redemption, bear interest at such rate or rates, be payable at such times, be in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, and be subject to such terms and conditions as such resolution may provide. Notwithstanding any other provision of law, the bonds of the authority issued pursuant to this section shall be sold to the bidder offering the lowest true interest cost, taking into consideration any premium or discount not less than four nor more than fifteen days, Sundays excepted, after a notice of such sale has been published at least once in a newspaper of general circulation in the area served by the authority, which shall state the terms of the sale. The terms of the sale may not change unless notice of such change is published in such newspaper at least one day prior to the date of the sale as set forth in the original notice of sale. Advertisements shall contain a provision to the effect that the authority, in its discretion, may reject any or all bids made in pursuance of such advertisements, and in the event of such rejection, the authority is authorized to negotiate a private or public sale or readvertise for bids in the form and manner above described as many times as, in its judgment, may be necessary to effect satisfactory sale.

Notwithstanding the provisions of the preceding paragraph, whenever in the judgment of the authority the interests of the authority will be served thereby, the members of the authority, on the written recommendation of the chairperson, may authorize the sale of such bonds at private or public sale on a negotiated basis or on either a competitive or negotiated basis. The authority shall set guidelines governing the terms and conditions of any such private or public sales. The private or public bond sale guidelines set by the authority shall include, but not be limited to, a requirement that where the interests of the authority will be served by a private or public sale of bonds, the authority shall select underwriters for each private or public bond sale conducted pursuant to a request for proposal process and consideration of proposals from qualified underwriters taking into account, among other things, qualifications of underwriters as to experience, their ability to structure and sell authority bond issues, anticipated costs to the authority, the prior experience of the authority with the firm, if any, the capitalization of such firms, participation of qualified minority and women-owned business enterprise firms in such private or public sales of bonds of the authority and the experience and ability of firms under consideration to work with minority and women-owned business enterprises so as to promote and assist participation by such enterprises.

The authority shall have the power from time to time to amend such private bond sale guidelines in accordance with the provisions of this subdivision.

No private or public bond sale on a negotiated basis shall be conducted by the authority without prior approval of the state comptroller. The authority shall annually prepare and approve a bond sale report which shall include the private or public bond sale guidelines as specified in this subdivision, amendments to such guidelines since the last private or public bond sale report, an explanation of the bond sale guidelines and amendments, and the results of any sale of bonds conducted during the fiscal year. Such bond sale report may be a part of any other annual report that the authority is required to make.

The authority shall annually submit its bond sale report to the state comptroller and copies thereof to the senate finance committee and the assembly ways and means committee.

The authority shall make available to the public copies of its bond sale report upon reasonable request thereof.

Nothing contained in this subdivision shall be deemed to alter, affect the validity of, modify the terms of or impair any contract or agreement made or entered into in violation of, or without compliance with, the provisions of this subdivision.

5. Any resolution or resolutions authorizing bonds or any issue of bonds by the authority may contain provisions which may be part of the contract with the holders of the bonds thereby authorized as to:

(a) pledging all or part of its revenues, together with any other moneys, or property of the authority, to secure the payment of the bonds or any costs of issuance thereof, including but not limited to any contracts, earnings or proceeds of any grant to the authority received from any private or public source, subject to such agreements with bondholders as may then exist;

(b) the rates, rentals, fees and other charges to be fixed and collected by the authority and the amounts to be raised in each year thereby, and the use and disposition of revenues;

(c) the setting aside of reserves and the creation of sinking funds and the regulation and disposition thereof;

(d) limitations on the purpose to which the proceeds from the sale of bonds may be applied;

(e) limitations on the right of the authority to restrict and regulate the use of any water project or part thereof in connection with which bonds are issued;

(f) limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured and the refunding of outstanding or other bonds;

(g) the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, including the proportion of bondholders which must consent thereto, and the manner in which such consent may be given;

(h) the creation of special funds into which any revenues or other moneys may be deposited;

(i) the terms and provisions of any trust, deed, mortgage or indenture securing the bonds under which the bonds may be issued;

(j) vesting in a trustee or trustees such properties, rights, powers and duties in trust as the authority may determine, which may include any or all of the rights, powers and duties of the trustee appointed by the bondholders pursuant to section eleven hundred ninety-nine-hhhh of this title or limiting the rights, duties and powers of such trustee;

(k) defining the acts or omissions to act which may constitute a default in the obligations and duties of the authority to the bondholders and providing for the rights and remedies of the bondholders in the event of such default, including as a matter of right the appointment of a receiver, provided, however, that such rights and remedies shall not be inconsistent with the general laws of the state and other provisions of this title;

(l) limitations on the power of the authority to sell or otherwise dispose of any water facility or any part thereof or other property;

(m) limitations on the amount of revenues and other moneys to be expended for operating, administrative or other expenses of the authority;

(n) the payment of the proceeds of bonds, revenues and other moneys to a trustee or other depository, and for the method of disbursement thereof with such safeguards and restrictions as the authority may determine; and

(o) any other matters of like or different character which in any way affect the security or protection of the bonds or the rights and remedies of bondholders.

6. In addition to the powers herein conferred upon the authority to secure its bonds, the authority shall have power in connection with the issuance of bonds to adopt resolutions and enter into trust indentures, agreements, or other instruments as the authority may deem necessary, convenient or desirable concerning the use or disposition of its revenues or other moneys or property, including the mortgaging of any property and the entrusting, pledging or creation of any other security interest in any such revenues, moneys, or property and the doing of any act, including refraining from doing any act, which the authority would have the right to do in the absence of such agreements. The authority shall have power to enter into amendments of any such agreements within the powers granted to the authority by this title and to perform such agreements. The provisions of any such agreements may be made a part of the contract with the holders of bonds of the authority.

7. Any provision of the uniform commercial code to the contrary notwithstanding, any pledge of or other security interest in revenues, moneys, accounts, contract rights, general intangibles or other personal property made or created by the authority shall be valid, binding and perfected from the time when such pledge is made or other security interest attaches without any physical delivery of the collateral or further act, and the lien of any such pledge or other security interest shall be valid, binding and perfected against all parties having claims of any kind in tort, contract or otherwise against the authority irrespective of whether or not such parties have notice thereof. No instrument by which such a pledge or security interest is created nor any financing statement need be recorded or filed.

8. Whether or not the bonds of the authority are of such form and character as to be negotiable instruments under the terms of the uniform commercial code, the bonds are hereby made negotiable instruments within the meaning of and for all purposes of the uniform commercial code, subject only to the provisions of the bonds for registration.

9. Neither the members nor the officers of the authority nor any person executing bonds shall be liable personally thereon or be subject to any personal liability or accountability by reason of the issuance

thereof.

10. The authority, subject to such agreements with bondholders as then may exist, shall have power out of any moneys available therefor to purchase bonds of the authority in lieu of redemption, at a price not exceeding:

(a) if the bonds are then redeemable, the redemption price then applicable, plus accrued interest to the next interest payment date;

(b) if the bonds are not then redeemable, the redemption price then applicable on the first date after such purchase upon which the bonds become subject to redemption plus accrued interest to the next interest payment date. Bonds so purchased shall thereupon be cancelled.

11. The authority shall have power and is hereby authorized to issue negotiable bond anticipation notes in conformity with applicable provisions of the uniform commercial code and may renew the same from time to time but the maximum maturity of any such note, including renewals thereof, shall not exceed five years from the date of issue of such original note.

* NB There are 2 § 1199-gggg's

*** § 1199-hhhh. Remedies of bondholders.** Subject to any resolution or resolutions adopted pursuant to paragraph (j) of subdivision five of section eleven hundred ninety-nine-gggg of this title:

1. In the event that the authority shall default in the payment of principal of or interest on any issue of the bonds after the same shall become due whether at maturity or upon call for redemption, and such default shall continue for a period of thirty days, or in the event that the authority shall fail or refuse to comply with the provisions of this title, or shall default in any agreement made with the holders of any issue of the bonds, the holders of twenty-five per centum in aggregate principal amount of the bonds of such issue then outstanding, by instrument or instruments filed in the office of the clerk of the county and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of such bonds for the

purposes herein provided.

2. Such trustee may, and upon written request of the holders of twenty-five per centum in principal amount of such bonds outstanding shall, in its own name:

(a) by action or proceeding in accordance with the civil practice law and rules, enforce all rights of the bondholders including the right to require the authority to collect rents, rates, fees, and charges adequate to carry out any agreement as to, or pledge of, such rents, rates and charges, and to require the authority to carry out any other agreements with the holders of such bonds and to perform its duties under this title;

(b) bring an action or proceeding upon such bonds;

(c) by action or proceeding, require the authority to account as if it were the trustee of an express trust for the holders of such bonds;

(d) by action or proceeding, enjoin any acts or things which may be unlawful or in violation of the rights of the holders of such bonds; and

(e) declare all such bonds due and payable, and if all defaults shall be made good, then with the consent of the holders of twenty-five per centum of the principal amount of such bonds then outstanding, annul such declaration and its consequences.

3. Such trustee shall in addition to the foregoing have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth herein or incidental to the general representation of bondholders in the enforcement and protection of their rights.

4. The state supreme court shall have jurisdiction of any action or proceeding by the trustee on behalf of such bondholders. Venue of any such action or proceeding shall be laid in the county.

5. Any such trustee, whether or not the issue of bonds represented by such trustee has been declared due and payable, shall be entitled as of right to the appointment of a receiver of any part or parts of the properties the revenues of which are pledged for the security of the bonds of such issue, and, subject to any pledge or agreement with

holders of such bonds, such receiver may enter and take possession of such part or parts of the properties and shall take possession of all moneys and other property derived from such part or parts of such properties and proceed with any construction thereon or the acquisition of any property, real or personal, in connection therewith which the authority is under obligation to do, and to operate, maintain and reconstruct such part or parts of the properties and collect and receive all revenues there after arising therefrom subject to any pledge thereof or agreement with bondholders relating thereto and perform the public duties and carry out the agreements and obligations of the authority under the direction of the court. In any suit, action or proceeding by the trustee, the fees, counsel fees and expenses of the trustee and of the receiver, if any, shall constitute taxable disbursements and all costs and disbursements allowed by the court shall be a first charge on any revenues derived from the properties.

6. Before declaring the principal of bonds due and payable, the trustee shall first give thirty days' notice in writing to the authority.

* NB There are 2 § 1199-hhhh's

*** § 1199-iiii. State and municipalities not liable on authority bonds.** Neither the state nor any municipality shall be liable on the bonds of the authority and such bonds shall not be a debt of the state or of any municipality, and such bonds shall contain on the face thereof a statement to such effect.

* NB There are 2 § 1199-iiii's

*** § 1199-jjjj. Moneys of the authority.** All monies of the authority from whatever source derived shall be paid to the treasurer of the authority and shall be deposited forthwith in a bank or banks designated by the authority. The monies in such accounts shall be paid out on check of the treasurer upon requisition by such person or persons as the authority may authorize to make such requisitions. All deposits of such monies shall be secured by obligations of the United States or of the state or of any municipality of a market value equal at all times to the amount on deposit and all banks and trust companies are authorized to give such security for such deposits. To the extent practicable, consistent with the cash requirements of the authority, all such monies shall be deposited in interest bearing accounts. The authority shall have power, notwithstanding the provisions of this section, to contract with the holders of any bonds as to the custody, collection, security, investment and payment of any monies of the authority or any monies held in trust or otherwise for the payment of bonds or any way to secure bonds, and carry out any such contract notwithstanding that such contract may be inconsistent with the provisions of this section. Monies held in trust or otherwise for the payment of bonds or in any way to secure bonds and deposits of such monies may be secured in the same manner as monies of the authority and all banks and trust companies are authorized to give such security for such deposits. Any monies of the authority not required for immediate use or disbursement may, at the discretion of the authority, be invested in those obligations specified pursuant to the provision of section ninety-eight-a of the state finance law. Subject to the provisions of any contract with bond holders and with the approval of the state comptroller, the authority shall prescribe a system of accounts.

* NB There are 2 § 1199-jjjj's

*** § 1199-kkkk. Bonds legal investments for fiduciaries.** The bonds of the authority are hereby made securities in which all public officials and bodies of the state and all municipalities, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations, including savings and loan associations, investment companies and other persons carrying on a banking business, and administrators, guardians, executors, trustees and other fiduciaries and all other persons whatsoever, who are now or may hereafter be authorized to invest in bonds or other obligations of the state, may properly and legally invest funds including capital in their control or belonging to them. The bonds are also hereby made securities which may be deposited with and may be received by all public officers and bodies of the state all municipalities for any purposes for which the deposit of bonds or other obligations of the state is now or hereafter may be authorized.

* NB There are 2 § 1199-kkkk's

*** § 1199-llll. Agreement with the state.** The state does hereby pledge to and agree with the holders of any bonds issued by the authority pursuant to this title that the state will not alter or limit the rights hereby vested in the authority to purchase, construct, maintain, operate, repair, improve, increase, enlarge, extend, reconstruct, renovate, rehabilitate or dispose of any water or sewer project, or any part or parts thereof, for which bonds of the authority shall have been issued, to establish and collect rates, rents, fees and other charges referred to in this title and to fulfill the terms of any agreement made with or for the benefit of the holders of the bonds or with any public corporation or person with reference to such project or part thereof, or in any way impair the rights and remedies of the bondholders, until the bonds, together with the interest thereon, including interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of such holders, are fully met and discharged. The authority is authorized to include this pledge and agreement of the state in any agreement with bondholders.

* NB There are 2 § 1199-llll's

*** § 1199-mmmm. Exemption from taxes, assessments and certain fees; payments in lieu of taxes.** 1. It is hereby determined that the creation of the authority and the carrying out of its corporate purposes is in all respects for the benefit of the people of the county and the state and is a public purpose, and the authority shall be regarded as performing a governmental function in the exercise of the powers conferred upon it by this title and shall not be required to pay any taxes, special ad valorem levies or special assessments upon any real property owned by it or any filing, recording or transfer fees or taxes in relation to instruments filed, recorded or transferred by it or on its behalf provided, however, that any real property owned or acquired by the authority outside of the district shall be exempt from real property taxes, ad valorem levies or special assessments only pursuant to and to the extent provided by an agreement with the governing body of the municipality in which such real property is located.

2. The authority may pay, or may enter into agreements with any municipality not located within the county to pay, a sum or sums annually or otherwise or to provide other considerations to such municipality with respect to real property owned by the authority located within such municipality and constituting a part of its water system.

3. Any bonds issued pursuant to this title together with the income therefrom shall be exempt from taxation except for transfer and estate taxes. The revenues, moneys and all other property and all activities of the authority shall be exempt from all taxes and governmental fees or charges, whether imposed by the state or any municipality, including without limitation real estate taxes, franchise taxes, sales taxes or other excise taxes.

4. The state hereby covenants with the purchasers and with all subsequent holders and transferees of bonds issued by the authority pursuant to this title, in consideration of the acceptance of and payment for the bonds, that the bonds of the authority issued pursuant to this title and the income therefrom shall be exempt from taxation as aforestated in subdivision three of this section, and that all revenues, moneys, and other property pledged to secure the payment of such bonds shall at all times be free from taxation as aforestated in such subdivision.

* NB There are 2 § 1199-mmmm's

*** § 1199-nnnn. Actions against the authority.** 1. Except in an action for wrongful death, no action or special proceeding shall be prosecuted or maintained against the authority for personal injury or damage to real or personal property alleged to have been sustained by reason of the negligence or wrongful act of the authority or any member, officer, agent or employee thereof, unless:

(a) a notice of claim shall have been made and served upon the authority within the time limit prescribed by and in compliance with section fifty-e of the general municipal law;

(b) it shall appear by and as an allegation in the complaint or moving papers that at least thirty days have elapsed since the service of such notice and that adjustment or payment thereof has been neglected or refused; and

(c) the action or special proceeding shall be commenced within one year and ninety days after the happening of the event upon which the claim is based.

An action for wrongful death against the authority shall be commenced in accordance with the notice of claim and time limitation provisions of title eleven of article nine of this chapter.

2. Wherever a notice of claim is served upon the authority, it shall have the right to demand an examination of the claimant relative to the occurrence and extent of the injuries or damages for which claim is made, in accordance with the provisions of section fifty-h of the general municipal law.

3. The authority may require any person presenting for settlement an account or claim for any cause whatever against the authority to be sworn before a member, counsel, or an attorney, officer or employee thereof designated for such purpose, concerning such account or claim and when so sworn, to answer orally as to any facts relative to such account or claim. The authority shall have power to settle or adjust all claims in favor of or against the authority.

4. Any action or proceeding to which the authority or the people of the state may be parties, in which any question arises as to the validity of this title, shall be preferred over all other civil causes of action or cases, except election causes of action or cases, in all courts of the state and shall be heard and determined in preference to all other civil business pending therein except election causes, irrespective of position on the calendar. The same preference shall be

granted upon application of the authority or its counsel in any action or proceeding questioning the validity of this title in which the authority may be allowed to intervene. The venue of any such action or proceeding shall be laid in the supreme court of the county.

5. The rate of interest to be paid by the authority upon any judgment for which it is liable, other than a judgment against the authority on bonds, shall be the rate prescribed by section five thousand four of the civil practice law and rules. Interest on payments of principal or interest on any bonds in default shall accrue at the rate or rates set forth in such bonds from the due date thereof until paid or otherwise satisfied.

* NB There are 2 § 1199-nnnn's

§ 1199-pppp. Construction and purchase contracts. The authority shall let contracts for construction or purchase of supplies, materials, or equipment pursuant to sections one hundred one and one hundred three of the general municipal law and shall be let in accordance with the provisions of state law pertaining to prevailing wages, labor standards, and working hours. Nothing in this section shall be construed to limit the power of the authority to do any construction directly by the officers, agents and employees of the authority.

*** § 1199-qqqq. Code of ethics.** 1. Definition. As used in this section the term "authority employee" shall mean any member, officer or employee of the authority.

2. Rule with respect to conflicts of interest. No authority employee should have any interest, financial or otherwise, direct or indirect, or engage in any business or transaction or professional activity or incur any obligation of any nature, which is in substantial conflict with the proper discharge of his or her duties in the public interest.

3. Standards. (a) No authority employee should accept other employment which will impair his or her independence of judgment in the exercise of

his or her official duties.

(b) No authority employee should accept employment or engage in any business or professional activity which will require the employee to disclose confidential information which he or she has gained by reason of his or her official position or authority.

(c) No authority employee should disclose confidential information acquired by the employee in the course of his or her official duties nor use such information to further his or her personal interests.

(d) No authority employee should use or attempt to use his or her official position to secure unwarranted privileges or exemptions for himself or herself or others.

(e) No authority employee should engage in any transaction as representative or agent of the authority with any business entity in which he or she has a direct or indirect financial interest that might reasonably tend to conflict with the proper discharge of his or her official duties.

(f) An authority employee should not by his or her conduct give reasonable basis for the impression that any person can improperly influence such employee or unduly enjoy his or her favor in the performance of his or her official duties, or that he or she is affected by the kinship, rank, position or influence of any party or person.

(g) An authority employee should abstain from making personal investments in enterprises which he or she has reason to believe may be directly involved in decisions to be made by the employee or which will otherwise create substantial conflict between his or her duty in the public interest and his or her private interest.

(h) An authority employee should endeavor to pursue a course of conduct which will not raise suspicion among the public that he or she is likely to be engaged in acts that are in violation of his or her trust.

(i) No authority employee employed on a full-time basis nor any firm or association of which such an employee is a member nor corporation a substantial portion of the stock of which is owned or controlled directly or indirectly by such employee, should sell goods or services to any person, firm, corporation or association which is licensed or whose rates are fixed by the authority in which such employee services or is employed.

(j) If any authority employee shall have a financial interest, direct or indirect, having a value of ten thousand dollars or more in any activity which is subject to the jurisdiction of a regulatory agency, he or she should file with the secretary of state a written statement that he or she has such a financial interest in such activity which statement shall be open to public inspection.

4. Violations. In addition to any penalty contained in any other provision of law any such authority employee who shall knowingly and intentionally violate any of the provisions of this section may be fined, suspended or removed from office or employment.

* NB There are 2 § 1199-qqqq's

*** § 1199-rrrr. Equal employment opportunity.** The authority shall ensure that all employees or applicants for employment are afforded equal employment opportunity without discrimination.

* NB There are 2 § 1199-rrrr's

*** § 1199-ssss. Audit and annual report.** In conformity with the provisions of section five of article ten of the constitution, the accounts of the authority shall be subject to the supervision of the state comptroller and an annual audit shall be performed by an independent certified accountant. The authority shall annually submit to the board of supervisors, county treasurer, governor and the state comptroller and to the chairperson of the senate finance committee and the chairperson of the assembly ways and means committee a detailed report pursuant to the provisions of section two thousand eight hundred of this chapter, and a copy of such report shall be filed with the clerk of the board of supervisors and the county treasurer.

* NB There are 2 § 1199-ssss's

*** § 1199-tttt. Environmental applications, proceedings, approvals and permits.** Any application in relation to the purposes of or contemplated by this title heretofore filed, or any proceeding heretofore commenced, by the county or any agency thereof with the state department of environmental conservation, the department of transportation or any other state agency or instrumentality or with the United States environmental protection agency or any other federal agency or instrumentality shall inure to and for the benefit of the authority to the same extent and in the same manner as if the authority had been a party to such application or proceeding from its inception, and the authority shall be deemed a party thereto, to the extent not prohibited by any federal law. Any license, approval, permit or decision heretofore or hereafter issued or granted pursuant to or as a result of any such application or proceeding shall inure to the benefit of and be binding upon the authority and shall be assigned and transferred by the county or any agency thereof to the authority, unless such assignment and transfer is prohibited by federal law.

* NB There are 2 § 1199-tttt's

*** § 1199-uuuu. Limited liability.** Neither the members of the authority, nor any municipality, officer or employee acting in its behalf, while acting within the scope of their authority, shall be subject to any personal liability resulting from the construction, maintenance or operation of any of the properties of the authority or from carrying out any of the powers expressly given in this title; provided, however, that this section shall not be held to apply to any independent contractor.

* NB There are 2 § 1199-uuuu's

*** § 1199-vvvv. Governmental capacity of the authority and municipalities.** The authority, the county and the other municipalities, in carrying out their respective powers and duties under this title, shall be deemed to be acting in a governmental capacity and in the performance of an essential governmental function.

* NB There are 2 § 1199-vvvv's

*** § 1199-wwww. Separability clause.** If any section, clause or provision in this title shall be held by a competent court to be unconstitutional or ineffective in whole or in part, to the extent that it is not unconstitutional or ineffective, it shall be valid and effective, and no other section, clause or provision shall on account thereof be deemed invalid or ineffective.

* NB There are 2 § 1199-wwww's

*** § 1199-xxxx. Effect of inconsistent provisions.** In so far as the provisions of this title are inconsistent with the provisions of any other act, general or special, or of any charter, local law, ordinance or resolution of any municipality, the provisions of this title shall be controlling. Nothing contained in this section shall be held to supplement or otherwise expand the powers or duties of the authority otherwise set forth in this title. Except as specifically provided for in this title, in the performance of any of its functions, powers and duties, the authority shall be subject to all applicable general or special laws of the state, the county charter, and any local law, ordinance or resolution of the county.

* NB There are 2 § 1199-xxxx's

*** § 1199-yyyy. Charges by the authority; method of collection.** 1. The authority may fix and collect, on any equitable basis, rates, fees and other charges for the use of its water or sewer facilities or of the services or commodities provided by the authority. Such rates, rentals, fees and other charges may be fixed and collected from any person or corporation to which such facilities, services or commodities are provided or made available from the authority. Such rates, rentals, fees and other charges may be the same or different for each classification of user or service recipient and may, by way of example, reflect the source and composition of the sewage or location of services or system costs and expenses. The authority shall not establish, fix or revise any classification or user or rate, rental or fee or other charge unless and until the authority has held a public hearing at which interested persons shall have an opportunity to be heard concerning the same. Notice of any such public hearing shall be published at least ten days before the date set therefore, in at least one newspaper of general circulation in the boundaries of the authority. Such notice shall set forth the date, time and place of such hearing and shall include a brief description of matters to be considered at such meeting. A copy of such notice shall be available for inspection by the public. At any such hearing, any interested persons shall have an opportunity to be heard concerning the matters under consideration. Any decision by the authority at such public hearing or relating to the matters under consideration at such hearing shall be in writing and made available in the office of the authority for public inspection during regular business hours.

2. All rates, fees and other charges for the use of the facilities or services or commodities provided or made available by the authority and billed directly by the authority to the user or service recipient pursuant to a classification of users or service recipients adopted by the authority as herein provided shall be lien upon the real property upon which, or in connection with which, services are provided or are made available, as and from the first date fixed for a payment of such rates, rentals, fees and other charges. Any such lien shall take precedent over all other liens, or encumbrances, except taxes or assessments. The treasurer of the authority shall prepare and transmit to the board of supervisors of the county, on or before the first day of November in each year, a list of those properties using such facilities or for which such services or commodities were provided or made available and from which the payment of rates, rentals, fees and other charges are in arrears for a period of thirty days or more after the last day fixed for payment of such rates, rentals, fees and other charges without penalty. The list shall contain a brief description of such properties, the names of the persons or corporations liable to pay for the same, and the amount chargeable to each, including penalties and interest, as applicable, computed to December thirty-first of that year. The board of supervisors shall levy such sums against the properties liable and shall state the amount thereof in a separate column in the annual tax rolls of the county under the heading "water charge" or "sewer disposal charge," as applicable. Such amounts, excluding penalties and interest when collected by the county collector or

receiver of taxes, shall be paid over to the treasurer of the authority. Penalties and interest shall be retained by the collector which shall become a part of the general funds of the county. All of the provisions of the tax law of the state governing enforcement and collection of unpaid taxes or assessments for special improvements not inconsistent herewith shall apply to the collection of such unpaid rates, rentals, fees and other charges.

* NB There are 2 § 1199-yyyy's

TITLE 9

NEW YORK CITY TRANSIT AUTHORITY

§ 1200. Definitions. Unless expressly otherwise provided, whenever used in this title, the following terms shall mean or include: 1. "Authority." The corporation created by section eighteen hundred one of this title.

2. "Board." The members of the authority.

3. "Board of estimate." The board of estimate of the city.

4. "City." The city of New York.

5. "Comptroller." The comptroller of the city.

6. "Devices and appurtenances." Devices and appurtenances deemed necessary by the authority, to secure the greatest efficiency, public convenience and safety, including the number, location, description and plans and specifications for the stations, suitable supports, turnouts, switches, sidings, connections, landing places, garages, repair shops, buildings, structures, platforms, stairways, elevators, telephone, telegraph and signal devices, facilities for access to the surface, and other suitable appliances incidental and requisite to what such authority may approve as the best and most efficient system of rapid transit in view of the public needs and requirements, including in its discretion, operation of a transit facility or some portion thereof by any device or means, other than separate cars or trains, in the construction of which stationary means for guiding a conveyance in a definite path and means for propelling such conveyance are necessary elements.

7. "Equipment." Rolling stock, omnibuses, vehicles, motors, boilers, engines, wires, ways, conduits and mechanisms, machinery, tools, implements, materials, supplies and devices of every nature whatsoever used for the generation or transmission of motive power and including all power houses, and all apparatus and all devices for signalling and ventilation as may be required for the operation of a transit facility.

8. "Facilities." Routes, tracks, extensions, connections, terminals or facilities.

9. "Fiscal year." A period commencing the first day of January in each year and ending on the succeeding December thirty-first of such year.

10. "Governor." The governor of the state of New York.

11. "Mayor." The mayor of the city.

12. "Person." A natural person, firm or corporation.

13. "Property" or "property rights." Real estate, real property, lands, rights, terms, interests, privileges, franchises or easements of owners, abutting owners or others.

14. "Revenues." All monies received by the authority or its subsidiaries from whatever source, derived directly or indirectly from or in connection with their operations.

15. "Transit facility." A rapid transit railroad, omnibus line or any other facility or any railroad in the city used for local service in the transportation of passengers as common carriers for hire or in the transportation of the United States mail or personal property, and any portion thereof and the rights, leaseholds or other interests therein, together with the devices and appurtenances, facilities and equipment thereof and power plants and other instrumentalities used or useful therefor or in connection therewith.

16. "Street." A public street, marginal street, avenue, road, bridge, viaduct, highway, boulevard, driveway, park, parkway, dock, wharf, pier, ground, river, water, square, place or land within the city.

17. "Metropolitan transportation authority." The corporation created by section twelve hundred sixty-three of this chapter.

18. "Triborough bridge and tunnel authority." The corporation created by section five hundred fifty-two of this chapter.

§ 1201. New York city transit authority.--1. A board, to be known as "New York City Transit Authority" is hereby created. Such board shall be a body corporate and politic constituting a public benefit corporation. It shall consist of seventeen members, all serving ex officio. Those members shall be the persons who from time to time shall hold the offices of chairman and members of metropolitan transportation authority.

2. The chairman of such board shall be the chairman of metropolitan transportation authority, serving ex officio, and, provided that there is an executive director of the metropolitan transportation authority, the executive director of the authority shall be the executive director of the metropolitan transportation authority, serving ex officio. Notwithstanding any provision of law to the contrary, the chairman shall be the chief executive officer of the authority and shall be responsible for the discharge of the executive and administrative functions and powers of the authority. The chairman and executive director, if any, each shall be empowered to delegate his or her functions and powers to one or more officers or employees designated by him or her.

3. The chairman, other members of the board and the executive director shall not be entitled to compensation for their services but shall be entitled to reimbursement for their actual and necessary expenses incurred in the performance of their official duties.

4. Notwithstanding any inconsistent provisions of this or any other law, general, special or local, no officer or employee of the state or any public corporation, as defined in the general corporation law, shall be deemed to have forfeited or shall forfeit his office or employment or any benefits provided under the retirement and social security law or under any public retirement system maintained by the state or any of its subdivisions by reason of his being a member or the chairman of the authority.

5. A majority of the whole number of members of the authority then in office shall constitute a quorum for the transaction of any business or the exercise of any power of the authority. Except as otherwise specified in this title, for the transaction of any business or the exercise of any power of the authority, the authority shall have the power to act by a majority vote of the members present at any meeting at which a quorum is in attendance. In the event of a tie vote the chairman

shall cast one additional vote. For the purposes of the voting and quorum requirements of this subdivision, the voting and quorum requirements set forth in subdivision three of section twelve hundred sixty-three of this article and in any by-law of the metropolitan transportation authority adopted pursuant to the provisions of such subdivision shall be applicable hereto.

6. The authority and its corporate existence shall continue until terminated by law, provided however, that no such law shall take effect so long as the authority or any of its subsidiaries, the metropolitan transportation authority or the Triborough bridge and tunnel authority shall have outstanding any notes or bonds or lease, sublease or other contractual obligations issued or incurred pursuant to section twelve hundred seven-m of this title or issued or incurred in connection with the transfer of its interest in and the lease from the transferee of any property furnished to it pursuant to chapter twelve of the laws of nineteen hundred seventy-nine or section fifteen of chapter three hundred fourteen of the laws of nineteen hundred eighty-one, or section twelve hundred sixty-six-c or twelve hundred seventy-d of this article, unless adequate provision has been made for the payment or satisfaction of such outstanding notes, bonds, lease, sublease or other contractual obligations.

§ 1202. Purposes of the authority. 1. The purposes of the authority shall be the acquisition of the transit facilities operated by the board of transportation of the city, the operation of transit facilities in accordance with the provisions of this title for the convenience and safety of the public on a basis which will enable the operations thereof, exclusive of capital costs, to be self-sustaining, and, in coordination with the metropolitan transportation authority and the Triborough bridge and tunnel authority, the continuance, further development and improvement of commuter transportation and other services related thereto within the metropolitan commuter transportation district and the development and implementation of a unified mass transportation policy for such district.

2. It is hereby found and declared that such purposes are in all respects for the benefit of the people of the state of New York and the authority shall be regarded as performing a governmental function in carrying out its corporate purpose and in exercising the powers granted by this title.

§ 1203. Transfer of transit facilities by the city to the authority. 1. a. On or before June first, nineteen hundred fifty-three, the city may, by resolution of the board of estimate or by instruments authorized by any such resolution, enter into an agreement with the authority for the transfer to the authority, for use in the execution of its corporate purposes, of the transit facilities now owned or hereafter acquired or constructed by the city and any other materials, supplies and property incidental to or necessary for the operation thereof. Any such agreement shall provide for transfer of such facilities by deed, lease, license or other arrangement, provided the term thereof shall not be less than ten years and authorize the authority to take jurisdiction, control, possession and supervision of such transit facilities, materials, supplies and property on or before June fifteenth, nineteen hundred fifty-three.

b. (i) Such agreement shall provide that capital costs of a nature not heretofore charged as operating expenses shall be paid by the city, or at the option of the authority may be paid in the first instance by the authority but in such event, the authority shall be entitled to recover from the city the amount of such costs; provided, however, that the total amount of such capital costs which the authority may incur without the approval of the mayor in any city fiscal year shall not exceed five million dollars and that no other such capital costs shall be incurred by the authority without such approval. Where the city is required to reimburse the authority for the amount of any capital costs pursuant to such agreement, serial bonds or capital notes may be issued by the city, pursuant to the local finance law, to finance any such reimbursement in the same manner and to the same extent as if such costs were to be paid directly by the city.

The authority shall submit annually to the city planning commission and the mayor of the city on or before October fifteenth in each year an estimate of all such capital costs for inclusion in the capital budget of the city.

(ii) From and after March first, nineteen hundred sixty-eight, the authority shall also have the right to incur capital costs of such nature in its own name to the extent that capital funds are available to it for expenditures of such nature pursuant to the provisions of section twelve hundred nineteen-a of this chapter or of any other provision of law, which capital costs shall not be payable by the city; provided, however, that no project to be financed by the use of such capital funds which is estimated by the authority to involve an expenditure in excess of one million dollars shall be commenced unless the mayor and the board of estimate shall each have been notified in writing by the authority of the intent of the authority to undertake such project and of the nature thereof. No such project shall be commenced if and to the extent that either the mayor or a majority in voting power of the members of the board of estimate shall find that it is incompatible with sound planning for the development or redevelopment of the city, provided such finding, together with the reasons therefor, is set forth in a writing delivered to the authority within thirty days of the receipt by the mayor or the board of estimate, as the case may be, of the notification of the authority relating to such project. If any such project is not so disapproved, it may nevertheless not be commenced unless and until the city shall have been given an opportunity to include the same in the capital budget of the city for the first fiscal year of the city commencing not less than six months after receipt of such notification. If and to the extent that such project is included in such capital budget, the authority may not thereafter incur capital costs for the same in its own name. If or to the extent such project is not included in such capital budget, the authority may incur capital costs for the same in its own name. The operation of sections twenty, twenty-one and twenty-two of the rapid transit law shall be suspended with respect to any project financed with the capital funds referred to in this subparagraph.

c. Such agreement shall provide that the authority shall have the use and possession of all property owned or leased by the city and used or occupied by the board of transportation on March fifteenth, nineteen hundred fifty-three in connection with or incidental to the operation of such transit facilities.

d. No provision in such agreement shall purport to limit or restrict or have the effect of limiting or restricting, the power granted the authority to manage, control or direct the maintenance and operation of such transit facilities or the fares or service thereof.

2. Such agreement shall provide for payment by the city of:

a. Capital costs for projects connected with such transit facilities included in the capital budget of the city for periods prior to December thirty-first, nineteen hundred fifty-three, except that the authority shall not require payment of, and the city shall not pay, capital costs of such projects without prior approval of the board of estimate.

b. Liabilities of the city or the board of transportation for:
(1) Pension or retirement contributions on behalf of persons who were employed on transit facilities heretofore acquired by the city.
(2) Contributions to the New York City employees' retirement system on behalf of officers or employees whose compensation has been paid out of the operating revenues of the board of transportation of the city, which contributions have or shall hereafter become due or payable for fiscal years of the city ending on or before June thirtieth, nineteen hundred fifty-three.

c. All other liabilities of the board of transportation on the date of the conveyance.

d. Ten million dollars derived from any funds of the city (but not from borrowed funds), or from the operating fund of the board of transportation at the time of such transfer, for use by the authority as initial working capital (1) in partial consideration of the acceptance by the authority of the initial transfer, in which case the sum shall not be repaid, or (2) as a loan, in which case such sum shall be repaid in not less than five nor more than ten equal annual installments, commencing July first, nineteen hundred fifty-four.

3. a. Such agreement may contain provisions relating to the use and occupancy by the authority of real property (in addition to that transferred pursuant to subdivision one of this section) now or hereafter owned or leased by the city, on such terms as may be mutually agreed upon by the city and the authority, and may provide for or authorize surrenders to the city of property no longer required by the authority.

b. The authority shall be entitled to utilize the officers, employees, agents, facilities and services of the city on the same terms and conditions as were applicable to or provided to the board of transportation on March fifteenth, nineteen hundred fifty-three.

4. The city and the authority are hereby authorized and empowered to make or enter into any contracts, agreements, deeds, leases, conveyances or other instruments as may be necessary or appropriate to effectuate the purposes of this title and they shall have complete power and authority to do and to authorize the doing of all things, incidental, desirable or necessary to implement the provisions of this section.

5. Upon the filing by the authority with the clerk of the city and the secretary of state of a copy of the instruments or documents effectuating the transfer, the authority shall take possession and control of the transit facilities and other property transferred thereby together with all contracts, books, maps, plans, papers and records of or in the possession of the board of transportation of whatever description, incidental to or necessary for the operation of the facilities transferred by such agreement or the performance of the duties of the authority as provided by this title.

6. When in the discretion of the authority there is available a supply of electric power adequate for the efficient and proper operation of the transit facilities either from a private utility or otherwise at rates and under circumstances deemed by the authority to be reasonable, the

authority may make such provisions for the utilization of such electric power as it may see fit and surrender to the city the power plants presently leased by the authority from the city pursuant to the provisions of this title. The foregoing provisions of this subdivision shall be applicable only to actions of the authority undertaken prior to February first, nineteen hundred and sixty.

7. Notwithstanding the aforesaid provisions of this section the city may transfer to the authority title and ownership to the materials, supplies and property incidental to or necessary for the operation of the transit facilities which were heretofore leased to the authority, and the authority and the city may enter into an agreement, modifying the agreement of lease dated June first, nineteen hundred fifty-three, as amended, renewed and supplemented, to provide for such transfer of title and ownership and containing such further terms and conditions, not inconsistent with law, as may be agreed upon between the parties.

§ 1203-a. Subsidiary corporation. 1. Notwithstanding the provisions of this title or of any general, special or local law to the contrary, the city and the transit authority may enter into an agreement which shall provide that any omnibus lines hereafter acquired by the city may be leased by the city for operation and maintenance to a public benefit corporation which shall be a subsidiary of the transit authority. The status of such officers and employees as shall be taken into the service of such subsidiary corporation, including those who had been employed by the former owner of any such omnibus lines, shall be governed exclusively by the provisions of this section.

2. A public benefit corporation entitled Manhattan and Bronx surface transit operating authority (hereinafter referred to as the subsidiary corporation) is hereby created. The purpose of said subsidiary corporation shall be to operate, pursuant to the powers conferred hereunder and for a temporary period, the omnibus lines hereafter acquired by the city, until the said omnibus lines shall be sold or otherwise disposed of to private or public operation. The directors of such subsidiary corporation shall be the persons holding the offices of

chairman and members of the transit authority or their successors. The provisions of this title concerning the number of members of the authority, the number thereof required for a quorum and to transact business, the powers and functions of the chairman and his authority to delegate the same, and the effect which the tenure of the members and chairman has upon the holding of other public office shall all be applicable with like force and effect to the directors of such subsidiary corporation.

3. The subsidiary corporation shall have all of the powers vested in the transit authority by section twelve hundred four of this title except those contained in subdivisions five, six, eight, nine, fourteen and sixteen thereof. In addition, such subsidiary corporation shall have the following powers:

(a) pursuant to the provisions of this section, to maintain and operate the omnibus lines transferred to it by the city;

(b) to appoint officers and employees, assign powers and duties to them and fix their compensation. Said officers and employees shall not become, for any purpose, employees of the city or of the transit authority and shall not acquire civil service status or become members of the New York city employees' retirement system but, shall, for purposes of subparagraph (i) of paragraph three of subsection (c) of section six hundred twelve of the tax law be deemed to be officers and employees of a subdivision of the state;

(c) to improve, maintain and operate such buildings, structures and facilities as may be necessary or convenient;

(d) with the consent of the transit authority, to use officers, employees, agents and facilities of the transit authority and to reimburse the transit authority therefor;

(e) to utilize business methods and efficient procedures to promote the safety and convenience of the traveling public, in the carrying out of its corporate purposes;

(f) to operate omnibus lines on those routes in the city of New York where on February twenty-eighth, nineteen hundred sixty-two, omnibus lines were operated under franchises or temporary certificates of convenience and necessity which have been revoked, terminated, rescinded or condemned, or acquired by any other means, and to extend such routes so as to provide the complete service operated on February twenty-eighth, nineteen hundred sixty-two; and such operation, together with the necessary extensions, shall be deemed to constitute operation over approved routes with the same force and effect as if the said routes had been duly approved by the board of estimate of the city, as provided by law; and to operate on such other routes as the board may authorize by resolution adopted only after a public hearing held after notice thereof, and of the proposed route, and the proposed resolutions authorizing the same, have been published in full for at least fifteen days, except Sundays and legal holidays, immediately prior thereto in the City Record, and at least twice in two newspapers published in the borough or boroughs affected, to be designated by the board.

4. Such subsidiary corporation and any of its property, functions and activities shall have all of the privileges, immunities, tax exemptions and other exemptions of the transit authority.

5. The agreement between the city and the subsidiary corporation by which the said omnibus lines are leased shall provide as follows:

(a) for the rate or rates of fare to be charged on such omnibus lines, provided, however, that from and after March first, nineteen hundred sixty-eight, the subsidiary corporation shall have full and exclusive control over the setting of such rate or rates of fare;

(b) the subsidiary corporation shall be entitled to utilize the officers, employees, agents, facilities and services of the city on the same terms and conditions as are applicable to or provided to the transit authority;

(c) capital costs not now charged by the transit authority as operating expenses shall be paid by the city; provided, however, that from and after March first, nineteen hundred sixty-eight, the subsidiary corporation shall also have the right to incur capital costs in its own name to the extent that capital funds are available to it pursuant to the provisions of sections twelve hundred nineteen-a and twelve hundred three-b of this chapter or of any other law, which capital costs shall not be payable by the city; and provided, further, that no project to be financed by the use of such capital funds which is estimated by the subsidiary corporation to involve an expenditure in excess of one million dollars shall be commenced unless the mayor and the board of estimate shall each have been notified in writing by the subsidiary corporation of the intent of the subsidiary corporation to undertake such project and of the nature thereof. No such project shall be commenced if and to the extent that either the mayor or a majority in voting power of the members of the board of estimate shall find that it is incompatible with sound planning for the development or redevelopment of the city, provided such finding, together with the reasons therefor, is set forth in a writing delivered to the subsidiary corporation within thirty days of the receipt by the mayor or the board of estimate, as the case may be, of the notification of the subsidiary corporation relating to such project. Where the city is required to pay the capital costs of the subsidiary corporation pursuant to such agreement, serial bonds or capital notes may be issued by the city, pursuant to the local finance law, to finance any such costs. The subsidiary corporation shall submit timely requests for the necessary capital funds to the city planning commission and the mayor of the city;

(d) The initial working capital of the subsidiary corporation shall be advanced by the city from any funds of the city (but not from borrowed funds) in the form of a grant or a loan in such amount as the parties shall deem necessary but in no event shall the said amount exceed five million dollars. If in the form of a grant, the advance shall be deemed to be in partial consideration of the acceptance by the subsidiary corporation of the initial transfer, in which case the sum shall not be repaid, but if in the form of a loan, the amount of the advance shall be repaid under such terms and conditions as shall be mutually agreed upon by the parties.

6. The provisions of section twelve hundred seven, subdivision one, sections twelve hundred eight, twelve hundred nine, twelve hundred eleven, twelve hundred twelve, twelve hundred twelve-a, twelve hundred thirteen, twelve hundred fifteen, twelve hundred sixteen, twelve hundred twenty and twelve hundred twenty-one of this title, shall apply to the subsidiary corporation in the same manner as to the transit authority and the term "authority", as used in such sections shall be deemed to apply to the subsidiary corporation.

7. Upon the written request of the mayor the subsidiary corporation shall permit reduced fares for one or more classes of omnibus line users designated by the mayor upon the agreement of the city to assume the burden of the resulting differential, together with the attendant administrative costs of the subsidiary corporation, pursuant to procedures satisfactory to the subsidiary corporation.

8. From and after March first, nineteen hundred sixty-eight, no substantial or general change in the levels of service furnished upon the facilities of the subsidiary corporation shall be instituted except upon not less than thirty days' written notice to the mayor and to the board of estimate.

9. The subsidiary corporation shall establish and publish or cause to be published schedules for all passenger transportation services under its operation. Such schedules shall include the estimated departure and arrival time at each terminal point of each route except that, on lines where the headway time during the period between six A.M. and seven P.M. is less than ten minutes, such headway time alone may be listed for that period. Such schedules shall also show the elapsed running time between the terminal and each station. Schedules shall be made available on each omnibus operated on the line to which the schedule applies.

10. No acts or activities taken or proposed to be taken by the subsidiary corporation pursuant to the provisions of paragraph (a) of subdivision five or subdivision seven of this section shall be deemed to be "actions" for the purposes or within the meaning of article eight of the environmental conservation law.

11. The subsidiary corporation and its corporate existence shall continue until terminated by law, provided however, that no such law shall take effect so long as the subsidiary corporation or the transit authority or any other of its subsidiaries shall have outstanding any notes or bonds or lease, sublease or other contractual obligations issued or incurred pursuant to section twelve hundred seven-m of this title or issued or incurred in connection with the transfer of its interest in and the lease from the transferee of any property furnished

to it pursuant to chapter twelve of the laws of nineteen hundred seventy-nine or section fifteen of chapter three hundred fourteen of the laws of nineteen hundred eighty-one, unless adequate provision has been made for the payment or satisfaction of such outstanding notes, bonds, lease, sublease or other contractual obligations.

§ 1203-b. Transfer of funds. The authority and its subsidiary corporation, the Manhattan and Bronx surface transit operating authority, may each transfer to the other from time to time such available funds as they may jointly determine to be necessary or desirable, including funds accepted by the authority pursuant to the provisions of section twelve hundred nineteen-a of this title. Subject to the rights of the holders of any outstanding bonds, notes or other obligations of the authority, metropolitan transportation authority and Triborough bridge and tunnel authority, and to facilitate the efficient financial management of the authority, its subsidiary corporations, metropolitan transportation authority and its subsidiary corporations, and Triborough bridge and tunnel authority (the "affiliated entities"), the authority may, and shall at the direction of metropolitan transportation authority, transfer revenues, subsidies and other monies or securities to one or more funds or accounts of another affiliated entity for use by such other affiliated entity, provided at the time of such transfer it is reasonably anticipated that the monies and securities so transferred will be reimbursed, repaid or otherwise provided for by the end of the next succeeding calendar year if reimbursement or repayment is required by law or by any agreement to which any of the affected affiliated entities is subject. Any revenues of an affiliated entity that are transferred to another affiliated entity, which transfer was not authorized by a provision of law other than this section, shall be considered to be required to be repaid to the affiliated entity which was the source of such revenues by the end of the next succeeding calendar year following such transfer.

§ 1204. General powers of the authority. 1. To sue and be sued.

2. To have a seal and alter the same at pleasure.

* 3. To acquire, hold, use and dispose of equipment, devices and appurtenances, and other property for its corporate purposes, including, the power to dispose of personal property with a value of five hundred thousand dollars or less by public auction in accordance with guidelines adopted by the metropolitan transportation authority pursuant to section twelve hundred sixty-five of this article and title five-A of article nine of this chapter.

* NB Effective until June 30, 2028

* 3. To acquire, hold, use and dispose of equipment, devices and appurtenances, and other property for its corporate purposes.

* NB Effective June 30, 2028

3-a. To acquire by purchase or condemnation pursuant to the provisions of the condemnation law real property or rights or easements therein necessary or convenient for the corporate purposes of the authority, and to use the same so long as its corporate existence shall continue.

3-b. To apply for and receive and accept grants of property, money and services and other assistance offered or made available to it by any person, government or agency whatever, which it may use to meet capital or operating expenses and for any other use within the scope of its powers, and to negotiate for the same upon such terms and conditions as the authority may determine to be necessary, convenient or desirable.

4. To make rules and regulations for its organization and internal management.

5. To appoint officers, assign powers and duties to them, and fix their compensation.

5-a. To make, amend and repeal rules governing the conduct and safety of the public as it may deem necessary, convenient or desirable for the use and operation of the transit facilities under its jurisdiction, including without limitation rules relating to the protection or maintenance of such facilities, the conduct and safety of the public, the payment of fares or other lawful charges for the use of such facilities, the presentation or display of documentation permitting free passage, reduced fare passage or full fare passage on such facilities and the protection of the revenue of the authority. Violations of such rules shall be an offense punishable by a fine of not exceeding twenty-five dollars or by imprisonment for not longer than ten days, or both, or may be punishable by the imposition by the transit adjudication bureau established pursuant to the provisions of this title of a civil penalty in an amount for each violation not to exceed one hundred dollars or, in the case of certain repeat violations relating to the payment of fares in accordance with subdivision eleven of section twelve hundred nine-a of this title, not to exceed one hundred fifty dollars (in each case exclusive of supplemental penalties, interest or costs assessed thereon), in accordance with a schedule of such penalties as may from time to time be established by rules of the authority. Such schedule of penalties may provide for the imposition of supplemental penalties, not to exceed a total of fifty dollars for each violation, upon the failure of a respondent in any proceeding commenced with respect to any such violation to make timely response to or appearance in connection with a notice of violation of such rule or to any subsequent notice or order issued by the authority in such proceeding. There shall be no penalty or increment in fine by virtue of a respondent's timely exercise of their right to a hearing or appeal. The rules may provide, in addition to any other sanctions, for the confiscation of tokens, tickets, cards or other fare media that have been forged, counterfeit, improperly altered or transferred, or otherwise used in a manner inconsistent with such rules. The authority shall not use, or arrange for the use, of biometric identifying technology, including but not limited to facial recognition technology, to enforce rules relating to the payment of fares.

6. To appoint employees and fix their compensation subject to the provisions of the civil service law and to grant, in its discretion, cash payments to the surviving spouse or to the legal representatives of its deceased employees, equal to the current monetary value of accumulated and unused vacation time, if any, and the monetary value of accumulated and unused overtime, if any, for overtime which was worked and credited subsequent to June fifteenth, nineteen hundred fifty-three,

computed at the rate of salary in effect at the time the overtime was worked, standing to the credit of its employees as of the time of their death and, notwithstanding the provisions of section one hundred thirty-five of the civil service law or any other state or local law to the contrary, to grant, in its discretion, severance pay to surplus employees on separation from service.

7. To retain and employ counsel, auditors, engineers and private consultants on a contract basis or otherwise for rendering professional or technical services and advice.

8. Pursuant to the provisions of this title, to construct, reconstruct, improve, maintain and operate any transit facility, whether now existing, or constructed, acquired or provided in the future, and to fix fares on any such transit facilities.

9. To construct, reconstruct, improve, maintain and operate buildings, structures and facilities as may be necessary or convenient and to maintain and operate, directly or enter into contracts or leases for the acquisition, maintenance, and operation of areas for the parking of motor vehicles in the vicinity of its transit facilities, and in its discretion to fix and charge for such parking a combination fee which shall include the established rate of fare for use of its transit facilities.

9-a. To post signs notifying the public of the maximum fine for throwing, dumping, or causing to be thrown, dumped, deposited or placed any refuse, trash, garbage, rubbish, litter, or any nauseous or offensive matter on subway tracks or the right-of-way of a subway, pursuant to section fifty-two-e of the railroad law, to the extent that funds for such signs are available.

10. With the consent of the city to use officers, employees, agents and facilities of the city paying to the city an agreed proportion or amount of the compensation or costs involved.

11. To make or enter into contracts, agreements, deeds, leases,

conveyances or other instruments necessary or convenient, and to assist and cooperate with the metropolitan transportation authority to carry out the powers of the metropolitan transportation authority in furtherance of the purposes and powers of the authority as provided in this article, including, without limitation, the transactions described in sections twelve hundred sixty-six-c, twelve hundred sixty-nine and twelve hundred seventy-d of this article. This power shall include the power to make contracts with other persons operating transit facilities for combined fares for the use of such facilities and the transit facilities operated by the authority and for the division of such fares, and the power to make contracts for the transportation of the United States mail or personal property.

12. To surrender to the city property no longer required by the authority.

13. To rent space and grant concessions on or in any transit or other facility under its jurisdiction, to fix and collect rentals, fees or other charges therefor, and to contract for the sale or disposition of waste, products or by-products incidental to its operations or in excess of its requirements.

13-a. Notwithstanding the provisions of section fourteen hundred twenty-three of the penal law or the provisions of any general, special or local law, code, ordinance, rule or regulation to the contrary the authority may erect signs or other printed, painted or advertising matter on any property, including elevated structures, leased or operated by it or otherwise under its jurisdiction and control and may rent, lease or otherwise sell the right to do so to any person, private or public.

14. To make plans, surveys and studies of transit facilities in the city and prepare recommendations in regard thereto.

15. To exercise all requisite and necessary authority to manage, control and direct the maintenance and operation of transit facilities transferred to it for the convenience and safety of the public with

power, in its discretion, to extend, modify, discontinue, curtail, or change routes or methods of transportation where the convenience and safety of the public would be served thereby or where existing routes or methods are inefficient or uneconomical; provided, however, that (except in cases of emergencies) at least thirty days prior to any proposed modification, discontinuance, curtailment or change of any transit route or method of transportation, the authority shall give notice of its intention to the board of estimate and shall, upon request of such board within such period, conduct a public hearing thereon.

16. In its discretion to provide and maintain a transit police department and a uniformed transit police force. Such department and force shall have the power and it shall be their duty, in and about transit facilities, to preserve the public peace, prevent crime, detect and arrest offenders, suppress riots, mobs and insurrections, disperse unlawful or dangerous assemblages and assemblages which obstruct free passage; protect the rights of persons and property; guard the public health; regulate, direct, control and restrict pedestrian traffic; remove all nuisances; enforce and prevent violation of all laws and ordinances; and for these purposes to arrest all persons guilty of violating any law or ordinance. Appointments to such transit police force shall be made in accordance with applicable provisions of the civil service law and only persons who shall be less than twenty-nine years of age at the date of the filing of an application for civil service examination, who have never been convicted of a felony, and who are citizens of the United States shall be appointed transit patrolmen on the transit police force. Each member of such force shall be a police officer as defined by paragraph (e) of subdivision thirty-four of section 1.20 of the criminal procedure law and shall possess all the powers of a police officer of a city in the execution of criminal process; and criminal process issued by any court or magistrate of a city may be directed to and executed by a member of such force, notwithstanding the provisions of any local or special act, ordinance or regulation.

The authority may appoint a chief and a deputy chief of the transit police department who, in the discretion of the authority, may be selected from the ranks of the transit police force, and assign powers and duties to them and fix their compensation. The chief shall be the head of such department. During the absence or disability of the chief, the deputy chief shall possess all the powers and perform all the duties of the chief. The transit police force shall consist of captains, lieutenants, sergeants and police officers. The authority may detail persons in the rank of captain of the transit police force to serve in higher ranks. A captain when so detailed to serve in a higher rank may be granted an increase in salary above the grade established for the rank of captain in the uniformed force. The authority may maintain a division for detective purposes to be known as the detective division and may, from time to time, detail to service in said division as many members of the force as it may deem necessary, and may at any time revoke any such detail. Any member of the force while so detailed may be granted an increase in salary above the grade established for his or her rank in the uniformed force, but shall retain his or her rank in the force and shall be eligible for promotion the same as if serving in the uniformed force, and the time during which he or she serves in such division shall count for all purposes as if served in his or her rank or grade in the uniformed force.

16-a. The authority shall establish and publish or cause to be published schedules for all passenger transportation services under its operation. Such schedules shall include the estimated departure and arrival time at each terminal point of each route except that, on lines where the headway time during the period between six A.M. and seven P.M. is less than ten minutes, such headway time alone may be listed for that period. Such schedules shall also show the elapsed running time between the terminal and each station. Schedules shall be made available at each facility on the applicable route at which tokens or tickets are sold and shall be posted at each appropriate station operated by the authority.

17. To do all things necessary or convenient to carry out its purposes and for the exercise of the powers granted in this title.

18. A copy of any report submitted by the authority pursuant to sections twenty-eight hundred, twenty-eight hundred one and twenty-eight

hundred two of this chapter shall be submitted contemporaneously to the mayor.

19. To invest any funds, accounts or other monies not required for immediate use or disbursement, at the discretion of the authority, in any of the investments in which the metropolitan transportation authority is permitted to invest its monies pursuant to subdivision four of section twelve hundred sixty-five of this article.

§ 1204-a. Rapid transit noise code. 1. As used in this section, unless another meaning is indicated by the context:

a. "Authority" means the New York City Transit Authority.

b. "Subways" means all rail rapid transit systems operated by the authority including but not limited to rolling stock, track and track beds, passenger stations, tunnels, elevated structures, yards, depots, and shops.

c. "New cars" means all those cars the purchase and/or construction of which is contracted for subsequent to the enactment of this section.

d. "Screech" means any noise generated by wheel-track interactions on curves or by brake application and which is a prominent discreet tone above 1000 Hertz as defined by the American National Standards Institute specifications (ANSIS1.13--1971).

e. "Sound pressure level" means twenty times the logarithm to the base ten of the ratio of the root mean squared pressure of a sound to a reference pressure of twenty micropascals. The unit applied to this measure shall be the decibel (dB).

f. "A-weighted sound level or (dBA)" means the sound pressure level measured by the use of an instrument with the metering characteristics and A-weighting frequency response prescribed for sound level meters. The sound level measurement system must meet or exceed the requirements of the American National Standard Institute Specification for Sound Level Meters ANSI S1.4--1971, approved April twenty-seventh, nineteen hundred seventy-one, throughout the applicable frequency range for either:

(a) A Type 1 sound level meter; or

(b) A Type 2 sound level meter; or

(c) A Type S sound level meter which has:

(1) an A-weighting frequency response; and

(2) a fast dynamic characteristic which complies with section 5.3 of ANSI S1.4--1971; and

(3) a relative response level tolerance consistent with that of either a Type 1 or Type 2 sound level meter, as specified in section 3.2 of ANSI S1.4--1971.

g. "Equivalent sound level" means the energy-average of the integrated A-weighted sound level over a specified observation time T and is identified by the symbol Leg.

2. The authority shall undertake a rail rapid transit noise abatement study, incorporating a comprehensive review of the results of noise abatement studies and projects done for or by the Urban Mass Transportation Administration of the United States Department of Transportation and other mass transit systems. Such study shall evaluate the range of strategies available for meeting the sound levels set forth in the following sound level table, propose strategies and indicate the approximate time and necessary cost for meeting such sound levels, and indicate the expected dBA reduction of each proposed strategy. Such study shall be submitted to the governor and the legislature, and made available to the public, within one year of enactment of this section.

SOUND LEVEL TABLE

a.

EQUIVALENT SOUND LEVEL	PERCENT COMPLIANCE		
	within 4 years of the effective date of this section	within 8 years of the effective date of this section	within 12 years of the effective date of this section

I. CAR INTERIOR					
A. new cars	80dBA	100%	100%	100%
B. old cars	85dBA	20%	40%	70%
II. CURVE AND BRAKE SCREECH				
A. new cars	No Screech	100%	100%	100%
B. old cars	No Screech	20%	60%	100%
III. STATION TRAINS ENTERING, LEAVING OR PASSING THROUGH	105dBA	85%	90%	100%
	90dBA	70%	80%	95%
	85dBA	50%	60%	80%
	80dBA	5%	15%	60%
IV. ELEVATED STRUCTURES	Sound level to be established	10%	30%	60%

b. In all cases noise levels shall be measured so as to reflect accurately the worst case of noise exposure at a specific location where a noise abatement strategy has been implemented, to which a subway passenger, employee, or any person who is within range of subway noise could reasonably be exposed under normal operating conditions. Noise measurements shall be made under the following conditions:

Car interior: when the car is in motion at a speed of forty miles per hour during normal operation with measurements in the center of the car and the microphone five feet above the floor.

Station: (express) when the train is in motion and passing in front of the on-platform measuring point.
(local) when the train is in motion and any part of it is within the station.

Car exterior (elevated tracks) when the train is in motion and is passing in front of the point from which noise measurements are being made.

c. All measurements shall be taken with fast dynamic characteristic of the sound level measurement system. Energy equivalent measurements shall normally be used; provided, however, alternative measures may be proposed to incorporate new instrumentation or analyses that may become available.

3. Within six months of the completion of the study conducted pursuant to subdivision two of this section, the authority shall report to the governor and the legislature which strategies or portions of strategies proposed by such study it has chosen to implement, and the schedule for such implementation.

To the extent, if any, that the authority's plan fails to meet the standards specified in the sound table, the authority shall so state and provide the reasons for its inability to meet such standards.

4. The authority shall submit to the governor and the legislature annual reports detailing the authority's progress to date in abating subway noise. The report shall include, but not be limited to an itemized summary of all monies spent, bids requested and received, contracts let, and actual work done on noise abatement programs during the previous period. Any and all subway noise measurements made during the previous period shall be included, with, whenever possible, analyses of such measurements.

Such annual report shall also include a detailed analysis of all future noise abatement activities planned for the upcoming twelve months. These reports shall also include comprehensive statements of progress made on all planned noise abatement activities included in the previous annual report.

Nothing herein shall preclude such report from being incorporated in the authority's annual capital report submitted pursuant to the "capital financing and services system act of nineteen hundred eighty-one," so long as it is maintained as a separate, distinct and identifiable component in such report.

§ 1204-c. Receipt of line of duty pay. 1. A member of the New York city transit authority police force in the rank of police officer or a member of such force who is detailed or designated as a detective or who holds the position of sergeant or any position of higher rank, shall be entitled pursuant to this section to the full amount of his or her regular salary for the period of any incapacity due to illness or injury incurred in the performance and discharge of duty as a member of the force, as determined by the authority, only in the event that a collective bargaining agreement granting such entitlement pursuant to this section has been entered into by the authority and the certified employee organization representing such member. The first entitlement of any such member of the New York city transit authority police force to the full amount of regular salary under this section shall commence on the date of execution of the collective bargaining agreement providing for such entitlement with respect to such member.

2. Nothing in this section shall be construed to affect the rights, powers and duties of the authority pursuant to any other provision of law, including, but not limited to, the right to discipline a police officer by termination, reduction of salary, or any other appropriate measure; the power to terminate an appointee who has not completed his or her probationary term; and the power to apply for ordinary or accident disability retirement for a police officer.

3. Nothing in this section shall be construed to require payment of salary to a member of the New York city transit authority police force who has been terminated, retired, suspended or otherwise separated from service by reason of death, retirement or any other cause.

4. A decision as to eligibility for benefits pursuant to this section shall not be binding on the medical board or the board of trustees of any pension fund in the determination of eligibility for an accident disability or accidental death benefit.

5. As used in this section the term "incapacity" shall mean the inability to perform full, limited, or restricted duty.

§ 1204-d. Special powers of the authority. 1. The authority may enter into a joint service arrangement with a bi-state agency, the state of New Jersey, any state agency, authority, municipality or instrumentality of the state of New Jersey, the federal government and any common carrier for the purpose of establishing bus transportation between the borough of Staten Island and locations in the state of New Jersey. A joint service arrangement between the authority and such entities shall mean an agreement or agreements relating to property, buildings, structures, facilities, services, rates, classifications, fares, divisions, allowances, charges, rules and regulations pertaining to or incidental to establishing and maintaining such bus transportation.

2. Any such joint service arrangement shall be authorized only by resolution of the authority approved by not less than a majority vote of the whole number of members of the board of the authority then in office, except that in the event of a tie vote the chairman shall cast one additional vote.

3. All general powers of the authority shall be applicable to joint service arrangements.

§ 1204-e. New York city transit authority advisory council. 1. There is hereby created the New York city transit authority advisory council, to study, investigate, monitor and make recommendations with respect to the maintenance and operation of the New York city transit authority, its subsidiaries and the Staten Island rapid transit operating authority. Such council shall study and investigate all aspects of the day to day operations of such authority, its subsidiaries and the Staten Island rapid transit operating authority, monitor their performance and recommend changes to improve the efficiency of the operation thereof. Such council shall study and make recommendations in regard to improving bicycle and pedestrian access on trains and buses, and at bridges, stations and other facilities operated by the authority, its affiliates and subsidiaries and the Staten Island rapid transit operating authority and submit such recommendations to the metropolitan transportation authority on or before June first, two thousand twenty-two and every five years thereafter.

2. Such council shall consist of sixteen members who shall be commuters who regularly use the transportation services of such authorities. Six of such members shall be appointed by the governor upon the recommendation of the mayor of the city of New York; five upon the recommendation of the president of the city council of the city of New York; and five other members appointed upon the recommendation one by each of the borough presidents of the boroughs of the city of New York. Provided, however, that one member recommended by the mayor of New York shall have a demonstrated expertise or interest in the promotion and development of improved bicycle and pedestrian access at bridges, stations and other facilities operated by the metropolitan transportation authority, as created by section twelve hundred sixty-three of this article, and such authority's affiliates and subsidiaries. The chairman shall be a member selected by the membership of the committee. Each of the members shall serve for a term of two years, provided, however, that of the first appointments, two appointed upon the recommendation of the mayor and two appointed upon the recommendation of the president of the city council shall serve for a term of one year. Vacancies occurring other than by expiration of term shall be filled in the same manner as the original appointments for the balance of the unexpired term.

3. The members of the council shall receive no compensation for their services but shall be reimbursed for actual and necessary expenses incurred in the performance of their duties.

4. The council may request and shall receive from any department, division, board, bureau, commission, agency, public authority of the state or any political subdivision thereof such assistance and data as will enable it properly to carry out its activities hereunder and

effectuate the purposes set forth herein.

§ 1204-f. Subway track safety. The authority shall include instructions on how to react safely, timely, and effectively when a person falls onto the subway tracks as part of its ongoing safety education campaigns.

§ 1205. Rates of fare and levels of service. 1. Notwithstanding the provisions of any other law, the terms of any contract or franchise, the authority shall have the power at all times to fix or adjust the rate or rates of fare to be charged for the use of any transit facility operated by the authority as may in the judgment of the authority be necessary to maintain the operations of the authority on a self-sustaining basis. The operations of the authority shall be deemed to be on a self-sustaining basis, as required by this title, when the authority is able to pay from revenue, from any funds granted or transferred to the authority pursuant to any provision of law, including funds granted pursuant to the provisions of section ninety-eight-b of the general municipal law, and from any other funds actually available to the authority, including the proceeds of borrowings for working capital purposes, the expenses of operation of the authority as the same shall become due.

2. Upon the written request of the mayor the authority shall permit reduced fares for one or more classes of transit facility users designated by the mayor upon the agreement of the city to assume the burden of the resulting differential, together with the attendant administrative costs of the authority, pursuant to procedures satisfactory to the authority.

3. Notwithstanding the provisions of subdivision one of this section, no zonal system of fares proposed to be instituted on or after March first, nineteen hundred sixty-eight for the use of the whole or any part of a rapid transit facility or of an omnibus line facility operated by the authority and no general revision of the system of transfers applicable to the use of all such facilities in effect as of that date

shall be established without the written approval of the mayor. For the purposes of this subdivision the term "zonal system of fares" shall mean any system whereby the fare payable for the use of a rapid transit facility or an omnibus line facility or of any part thereof varies according to distance traveled or to the location of the point of entry or departure by the user, but the creation or elimination of free transfer points shall not be regarded as the institution of such a system.

4. From and after March first, nineteen hundred sixty-eight, no substantial or general change in the levels of service furnished upon the rapid transit facilities or the omnibus line facilities of the authority shall be instituted except upon not less than thirty days' written notice to the mayor and to the board of estimate.

5. (a) Any complete or partial closing of a passenger station within the city of New York, or any means of public access to such facility, except for purposes of repair or renovation or in case of emergency shall be accomplished only if approved by resolution of the authority adopted by not less than a majority of the whole number of members of the authority then in office, and only after a public hearing. Such hearing shall be held not less than thirty days after notice of such proposed closing has been given to, and comments solicited from, the community board as established pursuant to section eighty-four of the New York city charter whose area of jurisdiction includes the station proposed to be closed or otherwise affected.

(b) In the case of a planned complete closure of a passenger station for purposes of repair or renovation, where such station will be out of service for sixty days or longer the MTA board shall adopt a policy, within ninety days of the effective date of the chapter of the laws of two thousand nineteen which amended this subdivision, that will ensure adequate communication of such work to impacted stakeholders where such passenger station is located including but not limited to: elected representatives, senate and assembly representatives, and community boards at least forty-five days prior to such closure. Such policy shall require the authority to notify the community board or boards whose district contains a passenger station subject to a planned complete closure or is contiguous to a district that contains a passenger station subject to a planned complete closure located on the same line of service as the passenger station subject to closure in writing. Such written notice shall provide such board or boards with an option to request a presentation from the authority regarding such planned complete closure. Upon request from such board or boards the authority shall, at a date convenient to such board or boards prior to such closure, present information regarding such closure and related service alternatives and also allow for public comment. The policy shall also require that the authority provide notice to the public at least thirty days prior to such closure by: (i) posting notice in the passenger stations that are scheduled for closure; and (ii) posting notice on the authority's website and social media accounts; providing information about the planned complete closure, service alternatives, and directions on how the public can provide comment to the authority regarding such closure. This subdivision shall not apply to emergency station closures resulting from unforeseen circumstances where such closure is necessary to ensure public health, safety and welfare.

6. No acts or activities taken or proposed to be taken by the authority pursuant to the provisions of subdivision one or two of this section shall be deemed to be "actions" for the purposes or within the meaning of article eight of the environmental conservation law.

7. Whenever the authority causes notices of hearings on proposed changes in services or fares to be posted pursuant to this section or any statute, regulation, or authority policy, or where it voluntarily posts such notices, such notices shall: (a) be written in a clear and coherent manner using words with common and every day meaning; (b) be captioned in large point type bold lettering with a title that fairly and accurately conveys the basic nature of such change or changes; (c) where such change involves a proposed change in levels of fare, include in its title the range of amounts of fare changes under consideration; (d) contain, to the extent practicable, a concise description of the specific nature of the change or changes, including but not limited to a concise description of those changes that affect the largest number of passengers; (e) where such change involves a change in the nature of a

route, contain, to the extent practicable, a clear graphic illustration of such change or changes; and (f) where such change involves a partial or complete station closing, such notice shall be posted at the affected station with a clear graphic illustration depicting the nature of any closing for such station.

8. Notwithstanding any other provision of law, the authority and any of its subsidiary corporations shall establish and implement a half fare rate program for persons with serious mental illness who are eligible to receive supplemental security income benefits as defined pursuant to title sixteen of the federal social security act and section two hundred nine of the social services law. The half fare rate program established and implemented pursuant to this subdivision shall be in operation during all hours in which such authority provides railroad, subway and/or omnibus services, and such program shall not be limited in operation to off-peak hours or to any other hours designated by the authority or its subsidiary corporations.

§ 1205-a. Surrender of power plants. Notwithstanding any other provision of law, in the event the authority shall surrender power plants to the city in connection with the sale thereof by the city to a third party, the city shall establish a fund out of the purchase price or the installments of purchase price, from which it shall pay to the authority for a period of ten years the sum of five million dollars a year in semi-annual installments of two million five hundred thousand dollars each. The first such payment shall be made six months after the date when possession of the power plants is transferred to the purchaser of such plants. Such moneys shall be used by the authority to pay, in part, for the cost of electricity purchased by the authority for the operation of transit facilities.

Notwithstanding the foregoing provisions, the city may, from time to time, at the request of the authority, prepay to the authority any and all of the remaining semi-annual installments due it as aforesaid, when the city and the authority have determined that such prepayment will serve the financial needs of the authority. In the event that said fund is not sufficient for the prepayment of any such installments, then the city may make up any insufficiency through a budgetary appropriation or may issue serial bonds and notes, pursuant to the local finance law, to finance such insufficiency. The maximum period of probable usefulness for such object or purpose is hereby determined to be three years.

§ 1206. Omnibus operations. 1. The authority, as soon as practicable and not later than July first, nineteen hundred fifty-five, shall prepare a plan for the sale and transfer of omnibus facilities under its jurisdiction to private ownership. Any such plan shall provide that the proceeds of such sale and transfer shall be paid to the city. No such plan shall apply or relate to, or have any effect upon, any facilities, property or franchises, used and usable in the operation of omnibus lines, acquired by condemnation under subdivision two of section twenty or section twenty-d of the general city law.

2. The authority shall have power to take such action and execute such instruments as may be required of it to execute such plan or any modification thereof.

§ 1206-a. Transit construction fund. In addition to the powers provided elsewhere in this title, and to effectuate the purposes of the transit construction fund act, constituting title nine-a of article five of this chapter, the authority or any subsidiary may: (a) acquire and use any transit facility in accordance with the terms and conditions of any sublease or other agreement with the transit construction fund; (b) authorize the use by the transit construction fund, either with or without compensation to the authority, of the agents, employees and facilities of the authority; (c) make and execute contracts, leases, subleases and all other instruments or agreements deemed necessary or convenient including agreements with the metropolitan transportation authority and the transit construction fund; and (d) do any and all other things deemed necessary or convenient.

§ 1207. Notes and equipment trusts. 1. The authority may issue notes in conformity with applicable provisions of the uniform commercial code in anticipation of the receipt of revenues provided that the aggregate principal amount of such revenue anticipation notes outstanding at any time shall not exceed ten per cent of the average annual revenues of the authority. All such revenue anticipation notes shall mature within two years of the date of issue and an installment or installments of not less than fifty per cent of the principal amount of such notes shall mature in the first fiscal year succeeding the fiscal year in which such notes are issued. Such notes may be sold at public or private sale and the city shall have power to purchase the same from any revenues or funds of the city other than moneys derived from borrowings.

2. The authority shall have power to purchase pursuant to conditional sales agreements or equipment trust agreements, to lease and otherwise to acquire subject to a lien for the purchase price, such equipment as it deems desirable including cars and rolling stock, electric and other motive power vehicles, automobiles, buses, and other motor vehicles, provided, however, that the amount of liabilities which the authority may incur under this subdivision shall be governed by the limitations contained in paragraph b of subdivision one of section eighteen hundred three of this law and shall in no event exceed such sum of five million dollars in any one fiscal year without the approval of the mayor. Payment for such equipment, or rentals therefor, may be made in installments to a trustee in trust to secure payment of equipment trust certificates, and provision may be made that title to such equipment shall not vest in the authority until the equipment trust certificates are paid, or that such equipment shall be subject to a lien to secure equipment trust certificates. Any such agreements, leases and equipment trust certificates shall contain such covenants, conditions and provisions as it deems necessary or desirable to insure payment of the equipment trust certificates.

3. The authority may also issue its promissory notes from time to time in conformity with applicable provisions of the uniform commercial code for the purpose of raising working capital to pay its expenses of operation. Such promissory notes shall be general obligations of the

authority, may be secured or unsecured as the authority shall determine, subject to the prior rights, if any, of the holders of other obligations of the authority, shall mature not later than five years from the date of issue and shall at no time be outstanding in an unpaid principal amount in excess of two hundred million dollars. Such promissory notes may be sold at public or private sale.

§ 1207-a. Purchase of cars by the authority and disposition thereof. 1. Notwithstanding the provisions of sections twelve hundred through twelve hundred twenty-one, inclusive, of this title or of any other provisions of law to the contrary, but subject to the provisions of section twelve hundred seven-j of this title, the authority shall have power to purchase no more than seven hundred twenty-four cars for the rapid transit lines under the jurisdiction of the authority and to finance the purchase price thereof by the issuance of bonds and notes of the authority in accordance with the provisions of section twelve hundred seven-b of this title. Any purchase contract for the purchase of such cars shall be made by the authority only upon public letting founded on sealed bids in accordance with the requirements of subdivision two of section twelve hundred nine of this title.

2. Title to all cars purchased by the authority pursuant to subdivision one of this section shall vest in the authority; provided, that, subject to such agreements with the holders of bonds and notes of the authority as may then exist, the authority may from time to time sell at negotiated sale and transfer to the city, for such consideration as the authority shall determine and approve, any or all of such cars so purchased by the authority as provided in section twelve hundred seven-k.

§ 1207-b. Issuance of bonds and notes by the authority. 1. Notwithstanding the provisions of sections twelve hundred through twelve hundred twenty-one, inclusive, of this title or of any other provisions of law to the contrary, but subject to the provisions of section twelve hundred seven-j of this title, the authority shall have the power and is hereby authorized to borrow money and to issue negotiable bonds and notes therefor in conformity with applicable provisions of the uniform commercial code in such principal amount as, in the opinion of the authority, shall be necessary to provide funds sufficient to pay the purchase price of no more than seven hundred twenty-four cars for the rapid transit lines under the jurisdiction of the authority purchased pursuant to section twelve hundred seven-a of this title, to pay interest on the bonds and notes of the authority, to establish reserves to secure such bonds and notes, and to pay all other expenditures of the authority incident to or incurred in connection with the purchase of such cars and the authorization, issuance and sale of said bonds and notes. In no event shall there be outstanding at any one time more than ninety-two million dollars ($92,000,000) in such bonds and notes.

1-a. The authority may also issue its bonds, notes or other obligations in such principal amounts as shall be necessary to finance the construction, purchase, lease or acquisition of, or an equity interest in, an office building located or to be constructed in the borough of Brooklyn in the city, provided that (i) all or a portion of such building is intended to be occupied by the authority and that the board shall, by resolution, have made findings that the sum of the capitalized value of all payments due from the authority under such bonds, notes or other obligations (not including any amounts attributable to principal repayment) together with any rent payments for the space in such building to be occupied by the authority and of all payments required of the authority under any related agreement does not exceed the capitalized value of those payments which would be made in a conventional commercial lease transaction for comparable space with an unrelated party and (ii) not more than an insubstantial portion of any real property so financed with the proceeds of bonds, notes, or other obligations is utilized by other than the New York city transit authority or its designated subsidiary. The term "capitalized value" for the purposes of this subdivision shall be computed in the manner set forth in subdivision four of section twelve hundred seven-m of this title. The metropolitan transportation authority is hereby additionally authorized from time to time to issue bonds for the purposes of refunding, redeeming or otherwise paying, including paying by purchase or tender, bonds issued by the authority for such purposes and to secure such bonds in the manner set forth in section twelve hundred sixty-nine of this article.

2. The authority shall have the power from time to time to renew notes or to issue renewal notes for such purpose, to issue bonds to pay notes, and whenever it deems refunding expedient, to refund bonds by the issuance of new bonds and to issue bonds partly to refund bonds and notes then outstanding and partly for the purposes authorized by subdivision one of this section. The refunding bonds may be exchanged for bonds to be refunded, with such cash adjustments as may be agreed, or may be sold and the proceeds applied to the purchase or payment of the bonds to be refunded. In no event shall the maturity date of the refunding bonds be a date beyond thirty-five years from the date the first bond was issued.

3. Every issue of bonds and notes of the authority shall be special obligations of the authority payable solely from the moneys and revenues of the authority derived from the operation of the transit facilities under its jurisdiction, subject to any agreement with the holders of particular bonds or notes pledging any particular moneys or revenues.

4. The bonds and notes shall be authorized by resolution of the authority and shall bear such date or dates and shall mature at such time or times as such resolution or resolutions may provide, except that no note or any renewal thereof shall mature more than five years after the date of issue of the original note and no bond shall mature more than thirty-five years from the date of issue. Bonds and notes shall bear interest at such rate or rates, be in such denominations, be in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in such medium of payment, at such place or places, and be subject to such terms of redemption and to such other terms and conditions as such resolution or resolutions may provide. The bonds and notes may be sold at public or private sale for such price or prices as the authority shall determine. Pending preparation of definitive bonds, the authority may issue interim receipts which shall be exchanged for such bonds.

5. Any resolution or resolutions authorizing any bonds or notes or any issue of bonds or notes may contain provisions, which shall be a part of the contract with the holders of the bonds, or notes thereby authorized, as to

(a) pledging all or any part of the revenues or other monies of the authority to secure the payment of the bonds or notes or of any issue of the bonds or notes, subject to such agreements with bondholders or noteholders as may then exist;

(b) the rate or rates of fare to be charged and the amounts to be raised in each year from revenues and the use and disposition of the revenues;

(c) the setting aside of reserves or sinking funds, and the regulation and disposition thereof;

(d) limitations on the rights of the authority with respect to the use and disposition of the cars for which such bonds or notes are issued and with respect to all other transit facilities of the authority;

(e) limitations on the purpose to which the proceeds of sale of any issue of bonds or notes then or thereafter to be issued may be applied and pledging such proceeds to secure the payment of the bonds or notes or of any issue of the bonds or notes;

(f) limitations on the issuance of additional bonds and notes; the terms upon which additional bonds and notes may be issued and secured, and the funding or refunding of outstanding or other bonds and notes;

(g) the procedure, if any, by which the terms of any contract with bondholders or noteholders may be amended or abrogated, the amount of bonds or notes the holders of which must consent thereto, and the manner in which such consent may be given;

(h) vesting in a trustee or trustees such property, rights, powers and duties in trust as the authority may determine, which may include any or all of the rights, powers and duties of the trustee appointed by the bondholders or noteholders pursuant to section twelve hundred seven-h hereof, and limiting or abrogating the right of the bondholders to appoint a trustee under section twelve hundred seven-h hereof, or limiting the rights, duties and powers of such trustee;

(i) defining the acts or omissions to act which shall constitute a default in the duties of the authority to the holders of its bonds and notes and providing the rights and remedies of such holders in the event of default;

(j) any other matters, of like or different character, which in any way affect the security or protection of the bonds and notes.

6. It is the intention hereof that any pledge of revenues or other moneys made by the authority shall be valid and binding from the time when the pledge is made; that the revenues or other moneys so pledged and thereafter received by the authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and that the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the authority irrespective of whether such parties have notice thereof. Neither the resolution nor any other instrument by which a pledge is created need be recorded.

7. Neither the members of the board nor any person executing the bonds or notes shall be liable personally on the bonds or notes or be subject to any personal liability or accountability by reason of the issuance thereof.

8. Subject to such agreements with bondholders or noteholders as may then exist, the authority shall have power out of any funds available therefor to purchase bonds or notes. The authority may hold, cancel or resell such bonds and notes, subject to and in accordance with agreements with bondholders and noteholders.

§ 1207-c. Required redemption of bonds. Notwithstanding and in addition to any provisions for the redemption of bonds which may be contained in any contract with the holders of bonds, either the state of New York or the city may, upon furnishing sufficient funds therefor, require the authority to redeem as a whole any issue of the bonds at the time or times and at the place or places and in accordance with the terms upon which such bonds are redeemable.

§ 1207-d. Agreement of the state. The state of New York does hereby pledge to and agree with the holders of the bonds and notes of the authority that the state will not limit or alter the rights and powers hereby vested in the authority by this title to fulfill the terms of any contract made by the authority with such holders or in any way impair the rights and remedies of such holders until such bonds and notes, together with interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceedings by or on behalf of such holders, are fully met and discharged. The authority is authorized to include this pledge and agreement of the state in any contract with the holders of bonds or notes.

§ 1207-e. State and city not liable on bonds or notes. The bonds and notes of the authority shall not be a debt of the state of New York or the city, and neither the state nor the city shall be liable thereon, nor shall they be payable out of any funds other than those of the authority.

§ 1207-f. Bonds and notes legal investments for fiduciaries. The bonds and notes of the authority are hereby made securities in which all public officers and bodies of this state and all municipalities and municipal subdivisions, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations, including savings and loan associations, building and loan associations, investment companies and other persons carrying on a banking business, all administrators, guardians, executors, trustees and other fiduciaries, and all other persons whatsoever who are now or may hereafter be authorized to invest in bonds or other obligations of the state, may properly and legally invest funds including capital in their control or belonging to them. Notwithstanding any other provisions of law, the bonds and notes of the authority are also hereby made securities which may be deposited with and shall be received by all public officers and bodies of this state and all municipalities and municipal subdivisions for any purpose for which the deposit of bonds or other obligations of this state is now or may hereafter be authorized.

§ 1207-g. Exemptions from taxation. 1. It is hereby found, determined and declared that the authority and the carrying out of its corporate purposes is in all respects for the benefit of the people of the state of New York, and the authority will be performing an essential governmental function in the exercise of the powers conferred by this title, and the state of New York covenants with the purchasers and with all subsequent holders and transferees of bonds and notes of the authority issued pursuant to this title, in consideration of the acceptance of any payments for such bonds and notes, that such bonds and notes of the authority issued pursuant to this title and the income therefrom, and all moneys, funds, fares and other revenues pledged to pay or secure the payment of such bonds and notes, shall at all times be free from taxation except for estate taxes and taxes on transfers by or in contemplation of death.

2. Nothing herein shall be construed to repeal or supersede any tax exemptions heretofore or hereafter granted by general or other laws.

§ 1207-h. Remedies of bondholders and noteholders. 1. In the event that the authority shall default in the payment of principal of or interest on any issue of the bonds or notes after the same shall become due, whether at maturity or upon call for redemption, and such default shall continue for a period of thirty days, or in the event that the authority shall fail or refuse to comply with the provisions of this title, or shall default in any agreement made with the holders of any issue of bonds or notes, the holders of twenty-five per centum in aggregate principal amount of the bonds or notes of such issue then outstanding, by instrument or instruments filed in the office of the clerk of the county of New York, or Queens or the Bronx or Kings and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of such bonds or notes for the purposes herein provided.

2. Such trustee may, and upon written request of the holders of twenty-five per centum in principal amount of such bonds or notes then outstanding shall, in his or its own name

(a) by a proceeding under article seventy-eight of the civil practice act or other suit, action or proceeding at law or in equity enforce all rights of the bondholders or noteholders, including the right to require the authority and the board to collect fares and revenues adequate to carry out any agreement as to, or pledge of, such fares and revenues, and to require the authority and the board to carry out any other agreements with the holders of such bonds or notes and to perform its and their duties under this title;

(b) bring suit upon such bonds or notes;

(c) by action or suit in equity, require the authority to account as if it were the trustee of an express trust for the holders of such bonds or notes;

(d) by action or suit in equity, enjoin any acts or things which may be unlawful or in violation of the rights of the holders of such bonds or notes;

(e) declare all such bonds or notes due and payable, and if all defaults shall be made good then with the consent of the holders of twenty-five per centum of the principal amount of such bonds or notes then outstanding, to annul such declaration and its consequences.

3. The Supreme Court shall have jurisdiction of any suit, action or proceeding by the trustee on behalf of bondholders or noteholders. The venue of any such suit, action or proceeding shall be laid in the county of New York, Queens, the Bronx, or Kings.

4. Before declaring the principal of all such bonds or notes due and payable the trustee shall first give thirty days' notice in writing to the authority and the city.

5. Any such trustee, whether or not the issue of bonds or notes represented by such trustee has been declared due and payable, shall be entitled as of right to the appointment of a receiver of any part or parts of the fares or other revenues which are pledged for the security

of the bonds or notes of such issue, and such receiver may enter and take possession of such part or parts of the transit facilities of the authority and, subject to any pledge or agreement with bondholders or noteholders, shall take possession of all moneys and other property derived from or applicable to the maintenance and operation of the transit facilities operated by the authority and operate, maintain and reconstruct such part or parts of said transit facilities and collect and receive all fares and other revenues thereafter arising therefrom, subject to any pledge thereof or agreement with bondholders or noteholders relating thereto, and perform the public duties and carry out the agreements and obligations of the authority under the direction of the court. In any suit, action or proceeding by the trustee the fees, counsel fees and expenses of the trustee and of the receiver, if any, shall constitute taxable disbursements and all costs and disbursements allowed by the court shall be a first charge on any fares and other revenues derived from such transit facilities.

6. Such trustee shall in addition to the foregoing have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth herein or incident to the general representation of bondholders or noteholders in the enforcement and protection of their rights.

§ 1207-i. Rates of fare while bonds, notes and other obligations are outstanding. Notwithstanding the provisions of section twelve hundred five of this title or the provisions of any other law to the contrary, so long as the authority shall have outstanding and unpaid bonds, notes or other obligations issued pursuant to section twelve hundred seven-b of this title, or the metropolitan transportation authority or Triborough bridge and tunnel authority shall have outstanding and unpaid bonds, notes or other obligations secured by or payable from, in whole or in part, the revenues, assets or other monies of the authority or its subsidiary corporations, the authority shall have the power at all times to fix or adjust the rate or rates of fare to be charged for the use of any transit facility operated by the authority as may, in the judgment of the board, be necessary to produce sufficient revenues to pay, as the same shall become due, the principal of and interest on such bonds, notes and other obligations of the authority, metropolitan transportation authority and Triborough bridge and tunnel authority, together with the maintenance of proper reserves therefor, in addition to paying as the same shall become due the expenses of operation of the authority. The authority, metropolitan transportation authority and Triborough bridge and tunnel authority, shall be authorized to contract with the holders of such bonds notes and other obligations with respect to the exercise of the power authorized by this section. In furtherance of the mandate of the metropolitan transportation authority to develop and implement a unified mass transportation policy for the metropolitan commuter transportation district and the exercise of its powers, including the power to issue notes, bonds and other obligations secured in whole or in part by the revenues of the authority and its subsidiaries, metropolitan transportation authority and its subsidiaries, and the Triborough bridge and tunnel authority, the authority shall join with the metropolitan transportation authority in connection with the establishment, levy and collection of fares, tolls, rentals, rates, charges and other fees for the transportation of passengers on any transit facilities operated by authority and its subsidiaries, including any changes thereto.

§ 1207-j. Limitation on the exercise of powers by authority and lease renewal. 1. The powers granted and conferred upon the authority by section twelve hundred seven-a of this title to purchase cars for the rapid transit lines of the authority, and by section twelve hundred seven-b of this title to issue bonds and notes of the authority, shall not be exercised by the authority unless and until the authority and the city shall have entered into an agreement for the renewal and extension of the existing agreement of lease between the city and the authority, dated June first, nineteen hundred fifty-three, for a term of years. Any such renewal agreement may contain such revisions of the existing agreement and such additional terms and conditions, not inconsistent with law, as may be approved by the city and the authority.

2. The city, by resolution of the board of estimate or by instruments

authorized by such resolution, and the authority shall be authorized to enter into an agreement for the renewal and extension of the existing agreement of lease between the city and the authority for such term of years as shall be agreed upon and in any such renewal and extension agreement the authority may agree to such limitations upon the exercise of the powers conferred upon it by sections twelve hundred seven-a through twelve hundred seven-i, inclusive, as the authority in its discretion shall approve.

§ 1207-k. Purchase, financing and lease of cars and rolling stock by city. 1. Notwithstanding the provisions of any other law, the city may purchase from the authority, by negotiation and without competitive bidding, from time to time, all or any part of the cars acquired by the authority pursuant to section twelve hundred seven-a of this title, and to pay therefor such price or prices as shall be agreed upon by the city and the authority provided, however, that such funds paid to the authority by the city shall be used only for the reimbursement of principal and interest on the bonds and notes issued by the authority to finance the cost of such cars.

2. Serial bonds and notes may be issued by the city, pursuant to the local finance law, to finance the cost of all cars purchased from the authority pursuant to subdivision one of this section. The maximum period of probable usefulness of such object or purpose is hereby determined to be twenty-five years.

3. All cars purchased by the city from the authority pursuant to subdivision one of this section may be leased by the city to the authority under the then existing agreement of lease.

§ 1207-l. Inconsistent provisions of other acts superseded. Insofar as the provisions of section twelve hundred seven-a through twelve hundred seven-k, inclusive, are inconsistent with any other provisions of this title or of any other act, general or special, or of any local law of the city, the provisions of sections twelve hundred seven-a through twelve hundred seven-k, inclusive, shall be controlling.

§ 1207-m. Transit projects. 1. The term "transit project" as used in this section shall have the meaning given to such term from time to time in section twelve hundred sixty-six-c of this article. The provisions of this section shall be controlling and the authority and its subsidiaries shall have the powers provided in this section notwithstanding any contrary provision of this title or of local law or of any lease or other agreement with the city.

2. (a) The authority is hereby authorized to request the metropolitan transportation authority to undertake any transit project and the authority and its designated subsidiaries are each hereby authorized (i) to enter into agreements with the metropolitan transportation authority concerning transit projects; (ii) to acquire in its own name by gift, purchase or condemnation any real or personal property (or any interest therein) which is needed or useful for or in connection with such project, and to surrender the use, occupancy, control or possession of or to transfer the same, or any other such real or personal property (or any interest therein) which it owns, leases, operates or controls, to the metropolitan transportation authority or its designee; (iii) to accept a transfer, transfer back, lease or sublease of any such project or part thereof upon its completion; and (iv) to make its agents, employees and facilities available to the metropolitan transportation authority in connection therewith.

(b) The authority and its subsidiary corporation is each hereby authorized to sell or transfer, without regard as to how or from whom acquired, all or part of its interest in any equipment which is deemed to be a mass commuting vehicle under the United States internal revenue code or the regulations thereunder, including, without limitation, any of the same obtained as transit projects or obtained from or financed with money received from the Triborough bridge and tunnel authority, for such consideration and on such terms or conditions as it may deem appropriate, and to obtain a lease from the transferee on such terms and conditions and for such period as it may deem appropriate pursuant to which it may operate, use, control or possess such mass commuting vehicle in furtherance of the statutory purposes of the authority and its subsidiaries, provided (i) such lease contains an option to the authority or its subsidiary corporation to repurchase its interest at the expiration of the scheduled lease term for nominal consideration, and (ii) the aggregate of the regularly scheduled rental payments which the authority or its subsidiary corporation is obligated to make pursuant to such lease during each twelve month period of the lease term shall not exceed the aggregate amount receivable, whether by principal or interest, by the authority or its subsidiary corporation from its transferee during each such twelve month period. Without limitation of the foregoing, any lease entered into pursuant hereto may also contain provisions requiring the authority or its subsidiary corporation to indemnify the transferee for any loss resulting from the loss or destruction of any mass commuting vehicle which is the subject of such lease, or any loss arising out of any misrepresentation, act, or omission of the authority or its subsidiary in connection with such lease, and requiring the authority or its subsidiary corporation to undertake to replace, repair or restore any such mass commuting vehicle, but such obligations shall not be deemed regularly scheduled rental payments for purposes of the preceding sentence. Rental payments and other payments or costs incurred by the authority or its subsidiary corporation in discharge of its obligations under any lease entered into as hereinabove provided shall not be deemed capital costs for the purposes of section twelve hundred three or twelve hundred three-a of this title, and the considerations received by the authority or its subsidiary corporation in connection with any transactions entered into pursuant to the authorization of this paragraph may be expended free of any restriction set forth in subparagraph (ii) of paragraph (b) of subdivision one of section twelve hundred three or in paragraph (c) of subdivision five of section twelve hundred three-a of this title.

(c) Neither the authority nor its subsidiary shall enter into any transaction authorized by paragraph (b) of this subdivision unless the following standards and procedures have been met:

(i) notice of intention to negotiate shall be published in at least one newspaper of general circulation, and a copy thereof shall be mailed to all parties who have requested notification from the authority or its subsidiary to engage in transactions of this type. Such notice shall describe the nature of the proposed transaction and the factors subject to negotiation, which shall include, but not be limited to, the price to be paid to the authority or its subsidiary;

(ii) the authority or its subsidiary shall negotiate with those respondents whose response complies with the requirements set forth in the notice;

(iii) the board of the authority or its subsidiary shall resolve on the basis of particularized findings relevant to the factors negotiated that such transaction will provide maximum available financial benefits, consistent with other defined objectives and requirements.

(d) The authority and its subsidiary shall provide to the governor, the temporary president of the senate, the speaker of the assembly, the minority leader of the senate and the minority leader of the assembly, notice of each lease entered into pursuant to paragraph (b) of this subdivision and supporting documentation of compliance by the authority and its subsidiary with subparagraphs (i), (ii) and (iii) of paragraph (c) of this subdivision.

(e) Paragraphs (c) and (d) of this subdivision shall be of no force and effect with respect to any lease transaction entered into pursuant to a commitment approved prior to January first, nineteen hundred eighty-five by the board of the authority or its subsidiary or the board of the metropolitan transportation authority.

3. The authority and its designated subsidiaries are hereby authorized, in connection with any transit project, to pay or agree to pay, in a manner and on terms and conditions satisfactory to the metropolitan transportation authority, any portion of the costs to the metropolitan transportation authority of such transit project and the financing thereof which is not paid to the metropolitan transportation authority from any federal, state or local aid or assistance or from any other moneys made available or payable to the metropolitan transportation authority by others for such project.

4. (a) Such agreements with the metropolitan transportation authority may, without limitation, contain provisions obligating the authority or its designated subsidiary to:

(i) issue its notes or bonds, or execute and deliver its lease, sublease and other such contractual obligations, in payment for a transfer, lease or sublease of a transit project to any of them, provided, however, that in no event shall the aggregate principal amount of all notes and bonds together with the capitalized value of all lease, sublease and other such contractual obligations, exceed the sum of one billion six hundred million dollars, excluding from such limitation (A) the principal amount of any bonds or notes of the authority to the extent the amount thereof is paid, is payable or has been agreed to be paid by the federal government or any agency or instrumentality thereof to the authority or to the holders of such bonds or notes, (B) the principal amount of any bonds or notes of the authority issued to refund or otherwise repay other obligations issued for such transit projects, (C) the principal amount of any bonds or notes and the capitalized value of any lease, sublease or other such contractual obligation, to the extent such obligations are paid or agreed to be paid, subject to annual appropriation, under service contracts issued by the state to the metropolitan transportation authority for the benefit of the authority or its subsidiaries pursuant to the provisions of section sixteen of the transportation systems assistance and financing act of 1981, or under any similar contract of the metropolitan transportation authority or the authority with any other governmental entity for the benefit of the authority or its subsidiaries, (D) the principal amount of any bonds or notes of the authority issued to the metropolitan transportation authority in connection with the funding of any debt service reserve fund required by any resolution of the metropolitan transportation authority pursuant to which special obligation bonds of that authority to fund a transit project were issued, and (E) a principal amount of any bonds or notes of the authority equal to the amount of any original issue discount from the principal amount of the special obligation bonds or notes issued by the metropolitan transportation authority in connection with the financing of a transit project by that authority;

(ii) give security for the payment of such notes, bonds, lease, sublease or other contractual obligations, including a pledge of all or any part of its revenues or other moneys, which pledge may contain covenants with respect to the charging and fixing of fares, fees and rentals, the use and disposition of such fares, fees, rentals and other charges, and the setting aside of reserves therefrom.

(b) Such agreements, and any notes, bonds, lease, sublease or other contractual obligations issued or entered into by the authority or its designated subsidiary pursuant thereto, may, without limitation, also contain provisions as to:

(i) limitations with respect to the use and disposition of transit projects and with respect to any other transit facilities;

(ii) limitations on the issuance of additional bonds, notes, lease, sublease or other contractual obligations, the terms upon which they may be secured and the funding or refunding thereof;

(iii) with respect to bonds or notes, vesting in a trustee or trustees such property rights, powers and duties in trust as it may determine, which rights, powers and duties may include, but shall not be limited to, those set forth in section twelve hundred seven-h of this title;

(iv) defining the acts or omissions to act which shall constitute a default and providing rights and remedies in the event of default;

(v) any other matters, of like or different character, which in any way affect the security or protection of the metropolitan transportation authority or any lessor; and

(vi) consenting to the extending or assignment by the metropolitan transportation authority or by any lessor to the holders of any of its bonds, notes or lease obligations of all of the benefits and rights of the metropolitan transportation authority or of such lessor provided by any such agreement or other instrument.

(c) The term "revenues" as used in this subdivision shall include all those moneys referred to in section twelve hundred of this article, as well as all operating subsidies provided by any public benefit corporation or by any governmental entity, federal, state or local.

(d) The term "capitalized value" as used in this subdivision shall mean the present value of all future payments required under a lease, sublease and other such contractual obligation discounted at a rate of interest determined on the basis of the net interest cost of the last metropolitan transportation authority's special obligation bonds issued prior to the execution of any such lease, sublease or other contractual obligation or, if no such bonds have been issued, on the basis of the net interest cost of the last bonds issued by the Triborough bridge and tunnel authority, issued in payment for the transfer, lease or sublease of any such transit projects.

5. It is the intention hereof that, subject to such agreements with bondholders or noteholders as may then exist, any pledge of revenues or other moneys made by the authority or its subsidiaries shall be valid and binding from the time when the pledge is made; that the revenues or other moneys so pledged and thereafter received by the authority or its subsidiaries shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and that the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the authority or its subsidiaries irrespective of whether such parties have notice thereof. Neither the agreement nor any other instrument by which a pledge is created need be recorded.

6. So long as the authority or any of its subsidiaries shall have any outstanding and unpaid obligation in connection with a transit project, the authority and such subsidiaries shall have the power at all times to fix or adjust the rate or rates of fares, fees, rentals or other charges to be charged for the use of their transit facilities as may, together with all other lawfully available moneys, be necessary in their judgment to produce sufficient revenues to pay such obligations as the same become due, in addition to paying as the same shall become due expenses of operation of the transit facilities and satisfying all other obligations of the authority and such subsidiaries. No acts or activities taken or proposed to be taken by the authority pursuant to this subdivision shall be deemed to be "actions" for the purposes or within the meaning of article eight of the environmental conservation law.

7. (a) In connection with (i) the lease between the city and the authority dated June first, nineteen hundred fifty-three, and (ii) the lease between the city and the Manhattan and Bronx surface transit operating authority dated March twentieth, nineteen hundred sixty-two (such leases, as heretofore supplemented, amended or renewed, and the tenancies originally created thereby, being referred to in this section as "the existing leases"), the city, acting either by the mayor alone or by resolution of the board of estimate, or by instruments authorized by

such resolution, and the authority are authorized to enter into agreements for renewal or extension of the existing leases, or for new leases, for such terms of years and upon such other terms and conditions as the parties thereto shall agree and the metropolitan transportation authority shall approve, provided that under the terms thereof, the rights, privileges and obligations of the parties are not inconsistent with the provisions of, or in derogation of the powers of the authority all as provided in title nine of article five of this chapter, and provided further that such agreements shall in no way impair the rights or powers of the authority or the Manhattan and Bronx surface transit operating authority to fulfill the terms of any contract made by either of them with the holders of any of their then outstanding bonds or notes, and such agreements shall provide that such leases may not be terminated or permitted to expire or be amended in any way inconsistent with the provisions of any agreement, bond, note, lease, sublease or other contractual obligation given or made by either of them in connection with a transit project. Neither the provisions of section one hundred ninety-seven-c of the New York city charter, relating to a uniform land use review procedure, nor the provisions of any other local law of like or similar import shall apply to the renewal or extension of the existing leases or to the making of new leases as herein provided.

(b) Notwithstanding the provisions of any other law, general, special or local, or the provisions of the existing leases, if either of the agreements authorized by paragraph (a) above is not entered into, but a note, bond, lease, sublease or other contractual obligation for a transit project has been issued or entered into, then (i) no party to an existing lease may terminate the same, serve any notice of termination pursuant thereto, exercise any option to terminate reserved therein or permit the expiration thereof, (ii) the city shall not in any way limit or disturb any right of the tenant to use, occupy, control and possess any of the properties, facilities or revenues which are the subject of such existing lease, and (iii) the city shall not seek to enforce such existing lease in any way inconsistent with or contrary to the manner in which such existing lease had been administered prior to the enactment of this section or inconsistent with or contrary to the interests of the metropolitan transportation authority or any lessor under any agreement, notes, bonds, lease, sublease or other contractual obligations of the authority or any of its subsidiaries issued or entered into in connection with a transit project (and to the extent the provisions of such leases conflict at any time or in any manner with the provisions of any such note, bond, lease, sublease or other contractual obligation, the provisions of such note, bond, lease, sublease or other contractual obligation shall be controlling and conflicting provisions of the leases with the city shall be disregarded), unless prior thereto the city has satisfied all of such outstanding notes, bonds or other contractual obligations and provided for the termination of all such agreements, leases and subleases, all in accordance with their terms. If and to the extent moneys are paid by the city to the authority or its subsidiaries to satisfy their obligations to the metropolitan transportation authority under such instruments, the authority and such subsidiaries shall remit such moneys to the metropolitan transportation authority, which shall, in turn, apply the same to the satisfaction and termination of its own notes, bonds and leases issued or entered into in connection with a transit project in accordance with their terms.

(c) Upon termination or expiration of a new lease or of a renewed or extended existing lease as permitted in paragraph (a) of this subdivision, or upon satisfaction of the requirements of paragraph (b) of this subdivision, title to any real or personal property (or any interest therein) constituting all or any part of a transit project then vested in the authority or any of its subsidiaries or the metropolitan transportation authority pursuant to the provisions of this chapter shall be transferred without further consideration or payment to the city.

8. The state of New York does hereby pledge to and agree with the authority and its subsidiaries and the metropolitan transportation authority and the holders of bonds or notes or lease, sublease or other contractual obligations issued by any of them in connection with a transit project or in connection with the transfer of the interest of any of them in and the lease from the transferee of any property furnished to it pursuant to chapter twelve of the laws of nineteen hundred seventy-nine or section fifteen of chapter three hundred fourteen of the laws of nineteen hundred eighty-one, or in connection with any transaction entered into pursuant to the authorization of

paragraph (b) of subdivision two of this section, that the state will not limit or alter the denial of authority under subdivision eleven of this section, or the rights and powers vested in the authority and its subsidiaries by this title to fulfill the terms of any agreement made by any of them with the metropolitan transportation authority or with such holders, or in any way impair their rights and remedies until such agreements, bonds, notes, and obligations, together with the interest thereon and all costs and expenses in connection with any action or proceedings by or on behalf of the metropolitan transportation authority or such holders, are fully met and discharged. The authority and its subsidiaries are each authorized to include this pledge and the agreement of the state in any agreement with the holders of such bonds or notes or lease, sublease or other obligations and in any agreement with the metropolitan transportation authority relating to a transit project which may extend the same to the holders of its bonds, notes and lease obligations.

9. The provisions of this section and of all agreements undertaken by the authority or any of its subsidiaries in accordance therewith shall in all respects be subject to the rights of the holders of any outstanding bonds or notes of the authority and its subsidiaries.

10. In connection with the negotiation, award and implementation of contracts of the authority relating to transit projects, the provisions of paragraphs (a), (b), (c) and (d) of subdivision thirteen of section twelve hundred sixty-six-c of this article shall apply to the authority as if it were the "authority" referred to therein, and the officer designated by the metropolitan transportation authority pursuant to paragraph (e) of such subdivision shall perform the duties therein described with respect to such contracts of the authority.

11. So long as the authority or any of its subsidiaries, or metropolitan transportation authority, shall have outstanding any notes, bonds, lease, sublease or other contractual obligations authorized by this section or section twelve hundred sixty-six-c or twelve hundred sixty-nine of this article, or which have been issued or incurred in connection with the transfer of the interest of any of them in and the

lease from the transferee of any property furnished pursuant to chapter twelve of the laws of nineteen hundred seventy-nine or section fifteen of chapter three hundred fourteen of the laws of nineteen hundred eighty-one, neither the authority nor any of its subsidiaries shall have the authority to file a voluntary petition under chapter nine of the federal bankruptcy code, or such corresponding chapter, chapters, or sections as may, from time to time, be in effect, and neither any public officer nor any organization, entity or other person shall authorize the authority or any of its subsidiaries to be or become a debtor under said chapter nine or said corresponding chapter, chapters or sections during any such period.

12. A project financed by the authority's issuance of its bonds, notes or other obligations, pursuant to subdivision one-a of section twelve hundred seven-b of this title shall be deemed to constitute a transit project for the purposes of this section and any notes, bonds, lease, sublease or other contractual obligations with respect to such project shall, for purposes of this section, be deemed to have been authorized by this section; provided, however, that such project shall not be deemed to constitute part of any capital program plan for the purposes of section twelve hundred sixty-nine-b of this article nor shall the principal amounts of any bonds or notes, nor the capitalized value of any lease, sublease, or other contractual obligation of the authority, issued or entered into by the authority pursuant to such subdivision one-a, be included in any computation pursuant to subdivision four of this section.

§ 1208. Revenue and accounts. 1. The authority shall establish and maintain a system of accounts to show at all times the cost of the several classes of property used in operation and the sources of funds used in the acquisition of such property; the several classes of operating revenue and other income; maintenance expenses, interest, and all other charges. To the extent consistent with this title, such accounts shall be kept in accordance with the appropriate uniform system of accounts prescribed by the public service commission and shall be published monthly in the city record.

2. The moneys of the authority shall be deposited daily in banks to be designated by the authority. Deposits may be secured by obligations of or guaranteed by the United States, the state, or any municipal corporation of the state or in such other manner as the authority may provide, and all banks and trust companies are authorized to give such security for such deposits. The comptroller shall have the power from time to time, to examine the accounts, books and any other records or papers relating to the financial condition of the authority, which examination shall not preclude examination of such matters by any other authorized officer or body.

3. Payments or withdrawals of moneys of the authority shall be made by checks drawn and signed by a member or an officer of the authority, duly authorized by resolution of the board.

§ 1209. Contracts. 1. Any contract for public work, except where there is an emergency involving danger to life or property, the estimated cost of which exceeds twenty thousand dollars shall be made by the authority only upon public letting founded on sealed bids. Notice of the invitation for such bidding shall state the time and place of the receipt and opening of bids and shall be published once a week for two successive weeks in two of the daily newspapers published in the city, and in the city records. The authority may reject all such bids and readvertise for new bids if it shall deem it for the public interest so to do. If not, it shall award the contract to the lowest responsible bidder.

2. Any purchase contract, including but not limited to contracts for the purchase of equipment, materials or supplies, the estimated cost of which exceeds the sum of ten thousand dollars, shall be made by the authority only upon public letting founded on sealed bids, except in a case where the authority, by resolution, declares the existence of an emergency or the existence of other circumstances making competitive bidding impracticable or inappropriate, except in no instance other than in circumstances such as described in paragraph (g) hereof, shall the

authority declare that competitive bidding is inappropriate with respect to purchase contracts for omnibuses. In each instance when the authority declares competitive bidding inappropriate it shall state the reasons therefor. Competitive bidding may be declared inappropriate by the authority in instances (a) where the item to be purchased is available only from a single source; or (b) where professional engineering or architectural services are solicited; or (c) where only a single bid is received in response to an invitation for competitive bids; or (d) where the authority has chosen to standardize a component on the basis of compatibility or maintenance reliability; or (e) where the apparent low bidder is declared by the authority to be not qualified to perform the terms of the contract; or (f) where the authority wishes to experiment with or test a new product or technology or evaluate the service or reliability of a new source for a particular product or component; or (g) where the authority by a vote of two-thirds of its members then in office determines that its prior experience with a potential source or contractor has been such as to require, in the public interest, that such source or contractor not be considered eligible to bid and that after the elimination of said source or contractor from the bidding process there would effectively remain only a single source for the item to be purchased and the authority purchases the item from such source; or (h) where the authority by a two-thirds vote of its members determines, on the basis of its analysis of the competitive situation among potential sources for the item to be purchased, is such that it is in the public interest to encourage new sources of manufacture or supply by awarding a contract by negotiation and without competitive bidding. Notice of the invitation for such bidding shall state the time and place of the receipt and opening of bids and shall be published in the city record in five successive issues at least ten days preceding such opening. The authority may reject all such bids and readvertise for new bids if it shall deem it for the public interest so to do. If not, it shall award the contract to the lowest responsible bidder unless the authority, by unanimous vote, shall determine that it is for the public interest that a bid other than that of the lowest responsible bidder shall be accepted.

* 3. A contract for the purchase of rapid transit cars or components of rapid transit cars in furtherance or implementation of a capital

program plan approved pursuant to section twelve hundred sixty-nine-b of this article may also be awarded by the authority by negotiation without competitive bidding provided the following standards and procedures are complied with:

(a) The authority, by a vote of not less than eleven of its members, shall issue a notice of intention to negotiate for the purchase of rapid transit cars or components thereof. Such notice shall be published in at least one newspaper of general circulation, and a copy thereof shall be mailed to all known vendors of such cars or components. Such notice shall describe or identify the cars or particular components so to be purchased, the factors subject to negotiation, insofar as practicable prior to such negotiation, the form and content of the response, and any other matter which the authority deems relevant. The factors subject to negotiation shall include, but need not be limited to, financing, cost, delivery schedules, and performance of all or a portion of the contract at sites within the state of New York or using goods produced and services provided within the state of New York. Such notice shall require a respondent to submit as part of the response and in such detail as the authority may require, information relating to the experience of the respondent on the basis of which said respondent purports to be qualified to fulfill a contract relating to the subject matter and including the factors identified in the notice.

(b) The authority shall evaluate the responses to such notice, and shall negotiate with those respondents whose responses comply with all the requirements set forth in the notice, including the qualification requirements.

(c) A public hearing shall be held by the authority upon not less than fifteen days notice. Such notice shall state the purpose of the hearing, and shall be published in at least one newspaper of general circulation and shall be mailed to all vendors from whom offers to negotiate were received. At such hearing, summaries of all offers received and of all negotiations shall be presented. Public comment shall be heard with respect to such offers and negotiations after which the authority by a vote of not less than eleven of its members, shall resolve, on the basis of particularized findings relevant to the factors negotiated, that the award of the contract on the basis of negotiation for the purchase of rapid transit cars or any components thereof will result in savings or other benefits to the authority, and that such award is in the public interest.

As soon as practicable after the adoption of such resolution, the authority shall file such resolution and the contract which is the subject thereof with the New York State Public Authorities Control Board, created by section fifty of this chapter, and with the individual members thereof, and no such contract shall be awarded by the authority if within fifteen days following such filing the Public Authorities Control Board has disapproved the award of such contract. Provided if the contract is not approved by the board within the fifteen day period and no individual member of the board has certified to the authority in writing of his disapproval within such period, the contract shall be deemed to have been approved.

(d) Except with respect to a contract to be awarded pursuant to paragraph (i) of subdivision two of this section, the notice provided in paragraph (c) of this subdivision shall not be issued until forty-five days after issuance of the notice of intention to negotiate referred to in paragraph (a) of this subdivision.

* NB Expired December 31, 1982

4. Notwithstanding the provisions of subdivision two of this section, a contract for the purchase of omnibuses or components of omnibuses in furtherance or implementation of a capital program plan approved pursuant to section twelve hundred sixty-nine-b of this article may also be awarded by the authority by negotiation without competitive bidding provided the following standards and procedures are complied with:

(a) The authority, by a vote of not less than two-thirds of its members then in office, shall issue a notice of intention to solicit competitive offerings to furnish omnibuses or components thereof, and to negotiate the conditions of a final purchase award. Such notice shall be published in at least one newspaper of general circulation, and a copy thereof shall be mailed to all known vendors of such omnibuses or components. Such notice shall describe or identify the omnibuses or particular components so to be purchased, the factors subject to negotiation, insofar as practicable prior to such negotiation, the form and content of the response, and any other matter which the authority deems relevant. The factors subject to negotiation shall include, but need not be limited to, financing, cost, delivery schedules, and performance of all or a portion of the contract at sites within the state of New York or using goods produced and services provided with the state of New York. Such notice shall require a respondent to submit as part of the response and in such detail as the authority may require, information relating to the experience of the respondent on the basis of which said respondent purports to be qualified to fulfill a contract relating to the subject matter and including the factors identified in the notice.

(b) The authority shall evaluate the responses to such notice, and shall negotiate with those respondents whose responses comply with all the requirements set forth in the notice, including the qualification requirements.

(c) A public hearing shall be held by the authority upon not less than fifteen days notice. Such notice shall state the purpose of the hearing, and shall be published in at least one newspaper of general circulation and shall be mailed to all vendors from whom offers to negotiate were received. At such hearing, summaries of all final offers received and of all negotiations shall be presented. Public comment shall be heard with respect to such offers and negotiations after which the authority by a vote of not less than eleven of its members, shall resolve, on the basis of particularized findings relevant to the factors negotiated, that the award of the contract on the basis of negotiation for the purchase of omnibuses or any components thereof will result in savings or other benefits to the authority, and that such award is in the public interest.

In no event, however, shall the authority award a contract for omnibuses to a manufacturer whose final offer, as expressed in unit cost per omnibus, is more than ten per cent higher than the unit cost of any qualified competing final offer, if the sole basis for such award is that the higher priced offer includes more favorable provision for the performance of the contract within the state of New York or the use of goods produced or services provided within the state of New York. Provided, however, the authority's directors to award a contract to any manufacturer shall not be so limited if a basis for such award, as determined by the authority, is superior financing, delivery schedule, life cycle cost, reliability, or any other factor the authority deems relevant to its operation.

As soon as practicable after the adoption of such resolution, the authority shall file such resolution and the contract which is the subject thereof with the New York state public authorities control board, created by section fifty of this chapter, and with the individual members thereof. The authority shall provide the public authorities control board with any information concerning the decision to award the contract as such board may request, including, but not limited to financing, delivery schedule, life cycle cost, and reliability of the omnibus offers made by all manufacturers competing for the award. No such contract shall be awarded by the authority if within fifteen days following such filing the public authorities control board has disapproved the award of such contract; provided, however, if the contract is not approved by the board within the fifteen day period and no individual member of the board has certified to the authority in writing of his disapproval within such period, the contract shall be deemed to have been approved.

(d) The notice provided in paragraph (c) of this subdivision shall not be issued until forty-five days after issuance of the notice of intention to negotiate referred to in paragraph (a) of this subdivision.

5. (a) Notwithstanding that funds of the authority may be used therefor, a contract for all or a portion of work involving the alteration, expansion or rehabilitation of a passenger station may be awarded by the authority, by negotiation without competitive bidding, to a private entity or the designee of a private entity where the authority by vote of not less than eleven of its members approves written findings that such award is expected to permit the alteration, expansion or rehabilitation to be carried out in the most efficient and cost effective manner, that such private entity has agreed to pay at least one million dollars toward the cost of the work, that such payment represents not less than fifty percent of the total cost of the work, and that the authority has complied with the procedures provided in paragraph (b) of this subdivision. Notwithstanding the foregoing, a

contract for all or a portion of work involving the alteration, expansion or rehabilitation of the passenger station located at the western terminus of the forty-second street shuttle may be awarded by the authority, by negotiation without competitive bidding, to a private entity or the designee of a private entity where the authority by vote of not less than eleven of its members approves written findings that such award is expected to permit the alteration, expansion or rehabilitation to be carried out in the most efficient and cost effective manner, and that the authority has complied with the procedures provided in paragraph (b) of this subdivision.

(b) Not less than fifteen days prior to the consideration by the board of the authority of a contract to be let pursuant to this subdivision, a notice shall be published in at least one newspaper of general circulation. Such notice shall identify the parties to the proposed contract and summarize its terms and conditions. Such notice shall also invite written public comment concerning the proposed contract, including, to the extent appropriate, the submission of alternatives for the authority's consideration. Such information shall be considered by the board of authority prior to the approval of any contract proposed to be awarded pursuant to this subdivision.

(c) Any contract entered into pursuant to this subdivision shall comply with the requirements of subdivision thirteen of section twelve hundred sixty-six-c of this article.

6. The provisions of subdivisions one, two, three and four of this section shall not be applicable to any procurement by the authority commenced during the period from the effective date of this subdivision until December thirty-first, nineteen hundred ninety-one or during the period from December sixteenth, nineteen hundred ninety-three until June thirtieth, two thousand twenty-eight; and the provisions of subdivisions seven, eight, nine, ten, eleven, twelve and thirteen of this section shall only apply to procurements by the authority commenced during such periods. The provisions of such subdivisions one, two, three and four shall apply to procurements by the authority commenced during the period from December thirty-first, nineteen hundred ninety-one until December sixteenth, nineteen hundred ninety-three, and to procurements by the authority commenced on and after July first, two thousand twenty-eight.

Notwithstanding the foregoing, the provisions of such subdivisions one, two, three and four shall apply to (i) the award of any contract of the authority if the bid documents for such contract so provide and such bid documents are issued within sixty days of the effective date of this subdivision or within sixty days of December sixteenth, nineteen hundred ninety-three, or (ii) for a period of one hundred eighty days after the effective date of this subdivision, or for a period of one hundred eighty days after December sixteenth, nineteen hundred ninety-three, the award of any contract for which an invitation to bid, solicitation, request for proposal, or any similar document has been issued by the authority prior to the effective date of this subdivision or during the period from January first, nineteen hundred ninety-two until December fifteenth, nineteen hundred ninety-three.

* 7. (a) Except as otherwise provided in this section, all purchase contracts for supplies, materials or equipment involving an estimated expenditure in excess of one million dollars and all contracts for public work involving an estimated expenditure in excess of one million dollars shall be awarded by the authority to the lowest responsible bidder after obtaining sealed bids in the manner hereinafter set forth. The aforesaid shall not apply to contracts for personal, architectural, engineering or other professional services. The authority may reject all bids and obtain new bids in the manner provided by this section when it is deemed in the public interest to do so or, in cases where two or more responsible bidders submit identical bids which are the lowest bids, award the contract to any of such bidders or obtain new bids from such bidders. Nothing in this paragraph shall obligate the authority to seek new bids after the rejection of bids or after cancellation of an invitation to bid. Nothing in this section shall prohibit the evaluation of bids on the basis of costs or savings including life cycle costs of the item to be purchased, discounts, and inspection services so long as the invitation to bid reasonably sets forth the criteria to be used in evaluating such costs or savings. Life cycle costs may include but shall not be limited to costs or savings associated with installation, energy use, maintenance, operation and salvage or disposal.

(b) Section twenty-eight hundred seventy-nine of this chapter shall apply to the authority's acquisition of goods or services of any kind, in the actual or estimated amount of fifteen thousand dollars or more, provided that (i) a contract for services in the actual or estimated amount of one million dollars or less shall not require approval by the board of the authority regardless of the length of the period over which the services are rendered, and provided further that a contract for services in the actual or estimated amount in excess of one million dollars shall require approval by the board of the authority regardless of the length of the period over which the services are rendered unless such a contract is awarded to the lowest responsible bidder after obtaining sealed bids and (ii) the board of the authority may by resolution adopt guidelines that authorize the award of contracts to small business concerns, to service disabled veteran owned businesses certified pursuant to article seventeen-B of the executive law, or minority or women-owned business enterprises certified pursuant to article fifteen-A of the executive law, or purchases of goods or technology that are recycled or remanufactured, in an amount not to exceed one million five hundred thousand dollars without a formal competitive process and without further board approval. The board of the authority shall adopt guidelines which shall be made publicly available for the awarding of such contract without a formal competitive process.

* NB Effective until June 30, 2028

* 7. (a) Except as otherwise provided in this section, all purchase contracts for supplies, materials or equipment involving an estimated expenditure in excess of fifteen thousand dollars and all contracts for public work involving an estimated expenditure in excess of twenty-five thousand dollars shall be awarded by the authority to the lowest responsible bidder after obtaining sealed bids in the manner hereinafter set forth. The aforesaid shall not apply to contracts for personal, architectural, engineering or other professional services. The authority may reject all bids and obtain new bids in the manner provided by this section when it is deemed in the public interest to do so or, in cases where two or more responsible bidders submit identical bids which are the lowest bids, award the contract to any of such bidders or obtain new bids from such bidders. Nothing herein shall obligate the authority to seek new bids after the rejection of bids or after cancellation of an invitation to bid. Nothing in this section shall prohibit the evaluation of bids on the basis of costs or savings including life cycle costs of the item to be purchased, discounts, and inspection services so long as

the invitation to bid reasonably sets forth the criteria to be used in evaluating such costs or savings. Life cycle costs may include but shall not be limited to costs or savings associated with installation, energy use, maintenance, operation and salvage or disposal.

(b) Section twenty-eight hundred seventy-nine of this chapter shall apply to the authority's acquisition of goods or services of any kind, in the actual or estimated amount of fifteen thousand dollars or more, provided that a contract for personal services in the actual or estimated amount of less than twenty thousand dollars shall not require approval by the board of the authority regardless of the length of the period over which the services are rendered, and provided further that a contract for personal services in the actual or estimated amount of twenty thousand dollars or more shall require approval by the board of the authority regardless of the length of the period over which the services are rendered.

* NB Effective June 30, 2028

8. (a) Advertisement for bids, when required by this section, shall be published at least once in a newspaper of general circulation in the area served by the authority and in the procurement opportunities newsletter published pursuant to article four-C of the economic development law provided that, notwithstanding the provisions of article four-C of the economic development law, an advertisement shall only be required when required by this section. Publication in a newspaper of general circulation in the area served or in the procurement opportunities newsletter shall not be required if bids for contracts for supplies, materials or equipment are of a type regularly purchased by the authority and are to be solicited from a list of potential suppliers, if such list is or has been developed consistent with the provisions of subdivision eleven of this section. Any such advertisement shall contain a statement of: (i) the time and place where bids received pursuant to any notice requesting sealed bids will be publicly opened and read; (ii) the name of the contracting agency; (iii) the contract identification number; (iv) a brief description of the public work, supplies, materials, or equipment sought, the location where work is to be performed, goods are to be delivered or services provided and the contract term; (v) the address where bids or proposals are to be

submitted; (vi) the date when bids or proposals are due; (vii) a description of any eligibility or qualification requirement or preference; (viii) a statement as to whether the contract requirements may be fulfilled by a subcontracting, joint venture, or co-production arrangement; (ix) any other information deemed useful to potential contractors; and (x) the name, address, and telephone number of the person to be contacted for additional information. At least fifteen business days shall elapse between the first publication of such advertisement or the solicitation of bids, as the case may be, and the date of opening and reading of bids.

(b) The authority may designate any officer or employee to open the bids at the time and place bids are to be opened and may designate an officer to award the contract to the lowest responsible bidder. Such designee shall make a record of all bids in such form and detail as the authority shall prescribe. All bids received shall be publicly opened and read at the time, place and in the manner specified in the advertisement or specified at the time of solicitation, or to which the opening and reading or posting have been adjourned by the authority, provided that any sealed bid may be received and secured through an electronic platform as permitted by the authority, and that any sealed bid received electronically is made public at the same time as any competing paper bid. The authority shall, at minimum, provide the same opportunity and time for submitting sealed bids physically as for sealed bids submitted electronically, and shall provide the opportunity for bidders to submit sealed bids physically any time that it provides the opportunity to submit sealed electronic bids. In addition, the authority shall establish a process for accommodating force majeure events that prevent the submission of a sealed electronic bid, including but not limited to internet and power outage events, and for automatically confirming receipt of any sealed electronic bid received. All bidders shall be notified of the time and place of any such adjournment.

9. Notwithstanding the foregoing, the authority may, by resolution approved by a two-thirds vote of its members then in office or by a majority vote of its members with respect to contracts proposed to be let pursuant to paragraph (a) of this subdivision, declare that competitive bidding is impractical or inappropriate because of the

existence of any of the circumstances hereinafter set forth and thereafter the authority may proceed to award contracts without complying with the requirements of subdivision seven or eight of this section. In each case where the authority declares competitive bidding impractical or inappropriate, it shall state the reason therefor in writing and summarize any negotiations that have been conducted. Except for contracts awarded pursuant to paragraphs (a), (b), (c) and (e) of this subdivision, the authority shall not award any contract pursuant to this subdivision earlier than thirty days from the date on which the authority declares that competitive bidding is impractical or inappropriate. Competitive bidding may only be declared impractical or inappropriate where: (a) the existence of an emergency involving danger to life, safety or property requires immediate action and cannot await competitive bidding or the item to be purchased is essential to efficient operation or the adequate provision of service and as a consequence of an unforeseen circumstance such purchase cannot await competitive bidding;

(b) the item to be purchased is available only from a single responsible source, provided that if bids have not been solicited for such item pursuant to subdivision seven of this section within the preceding twelve months, public notice shall first be given pursuant to subdivision eight of this section;

(c) the authority receives no responsive bids or only a single responsive bid in response to an invitation for competitive bids;

(d) the authority wishes to experiment with or test a product or technology or new source for such product or technology or evaluate the service or reliability of such product or technology;

(e) the item is available through an existing contract between a vendor and (i) another public authority provided that such other authority utilized a process of competitive bidding or a process of competitive requests for proposals to award such contract, (ii) the United States general services administration provided that such administration utilized a process of competitive bidding or a process of competitive requests for proposals to award such contract, (iii) Nassau county or (iv) the state of New York or the city of New York, provided that in any case when the authority under this paragraph determines that obtaining such item thereby would be in the public interest and sets forth the reasons for such determination. Such rationale shall include, but need not be limited to, a determination of need, a consideration of the procurement method by which the contract was awarded, an analysis of alternative procurement sources including an explanation why a competitive procurement or the use of a centralized contract let by the commissioner of the office of general services is not in the best interest of the authority, and the reasonableness of cost. The authority shall accept sole responsibility for any payment due the vendor as a result of the authority's order; or

(f) the authority determines that it is in the public interest to award contracts pursuant to a process for competitive request for proposals as hereinafter set forth. For purposes of this section, a process for competitive request for proposals shall mean a method of soliciting proposals and awarding a contract on the basis of a formal evaluation of the characteristics, such as quality, cost, delivery schedule and financing of such proposals against stated selection criteria. Public notice of the requests for proposals shall be given in the same manner as provided in subdivision eight of this section and shall include the selection criteria. In the event the authority makes a material change in the selection criteria from those previously stated in the notice, it will inform all proposers of such change and permit proposers to modify their proposals.

* (i) Except for a contract with a value of one hundred million dollars or less that is awarded pursuant to this paragraph to the proposer whose proposal is the lowest cost, the authority may award a contract pursuant to this paragraph only after a resolution approved by a two-thirds vote of its members then in office at a public meeting of the authority with such resolution (A) disclosing the other proposers and the substance of their proposals, (B) summarizing the negotiation process including the opportunities, if any, available to proposers to present and modify their proposals, and (C) setting forth the criteria upon which the selection was made provided however that for purposes of this subparagraph the board may, at its discretion, require such a resolution be approved for contracts with a value of one hundred million dollars or less.

* NB Effective until June 30, 2028

* (i) The authority may award a contract pursuant to this paragraph

only after a resolution approved by a two-thirds vote of its members then in office at a public meeting of the authority with such resolution (A) disclosing the other proposers and the substance of their proposals, (B) summarizing the negotiation process including the opportunities, if any, available to proposers to present and modify their proposals, and (C) setting forth the criteria upon which the selection was made.

* NB Effective June 30, 2028

(ii) Nothing in this paragraph shall require or preclude (A) negotiations with any proposers following the receipt of responses to the request for proposals, or (B) the rejection of any or all proposals at any time. Upon the rejection of all proposals, the authority may solicit new proposals or bids in any manner prescribed in this section.

(g) the authority issues a competitive request for proposals pursuant to the procedures of paragraph (f) of this subdivision for the purchase or rehabilitation of rapid transit cars and omnibuses. Any such request may include among the stated selection criteria the performance of all or a portion of the contract at sites within the state of New York or the use of goods produced or services provided within the state of New York, provided however that in no event shall the authority award a contract to a manufacturer whose final offer, as expressed in unit cost is more than ten percent higher than the unit cost of any qualified competing final offer, if the sole basis for such award is that the higher priced offer includes more favorable provision for the performance of the contract within the state of New York or the use of goods produced or services provided within the state of New York, and further provided that the authority's discretion to award a contract to any manufacturer shall not be so limited if a basis for such award, as determined by the authority, is superior financing, delivery schedule, life cycle, reliability, or any other factor the authority deems relevant to its operations.

* (i) Except for a contract with a value of one hundred million dollars or less that is awarded pursuant to this paragraph to the proposer whose proposal is the lowest cost, the authority may award a contract pursuant to this paragraph only after a resolution approved by a vote of not less than two-thirds of its members then in office at a public meeting of the authority with such resolution (A) disclosing the other proposers and the substance of their proposals, (B) summarizing

the negotiation process including the opportunities, if any, available to proposers to present and modify their proposals, and (C) setting forth the criteria upon which the selection was made provided however that for purposes of this subparagraph the board may, at its discretion, require such a resolution be approved for contracts with a value of one hundred million dollars or less.

* NB Effective until June 30, 2028

* (i) The authority may award a contract pursuant to this paragraph only after a resolution approved by a vote of not less than two-thirds of its members then in office at a public meeting of the authority with such resolution (A) disclosing the other proposers and the substance of their proposals, (B) summarizing the negotiation process including the opportunities, if any, available to proposers to present and modify their proposals, and (C) setting forth the criteria upon which the selection was made.

* NB Effective June 30, 2028

(ii) Nothing in this paragraph shall require or preclude (A) negotiations with any proposers following the receipt of responses to the request for proposals, or (B) the rejection of any or all proposals at any time. Upon the rejection of all proposals, the authority may solicit new proposals or bids in any manner prescribed in this section.

10. Upon the adoption of a resolution by the authority stating, for reasons of efficiency, economy, compatibility or maintenance reliability, that there is a need for standardization, the authority may establish procedures whereby particular supplies, materials or equipment are identified on a qualified products list. Such procedures shall provide for products or vendors to be added to or deleted from such list and shall include provisions for public advertisement of the manner in which such lists are compiled. The authority shall review such list no less than once a year for the purpose of making modifications thereto. Contracts for particular supplies, materials or equipment identified on a qualified products list may be awarded by the authority to the lowest responsible bidder after obtaining sealed bids in accordance with this section or without competitive sealed bids in instances when the item is available from only a single source, except that the authority may dispense with advertising provided that it mails copies of the

invitation to bid to all vendors of the particular item on the qualified products list.

11. The authority shall compile a list of potential sources of supplies, materials or equipment regularly purchased. The authority shall, by resolution, set forth the procedures it has established to identify new sources and to notify such new sources of the opportunity to bid for contracts for the purchase of supplies, materials or equipment. Such procedures shall include, but not be limited to: (a) advertising in trade journals; (b) cooperation with federal, state and local agencies within its area of operations; (c) publication in the state register quarterly; and (d) procedures established pursuant to subdivision thirteen of section twelve hundred sixty-six-c of this article.

12. The provisions of this section shall not supersede any other provisions of law relative to purchases of products or devices manufactured or provided by the blind or other severely handicapped persons, to the invitation and acceptance of bids from small or minority business enterprises or to the purchases of supplies, materials or equipment through the office of general services. Except as may otherwise be provided by law or as more restrictively defined in the official policy or bid specifications of the authority, the term "small business" means a small business or similar term, under federal regulations applicable to projects of the authority which are federally assisted.

* 13. Notwithstanding any other provisions in this section, the authority shall be allowed to use an electronic bidding system for the purchase of goods, materials, and commodities that may inform bidders whether their bid is the current low bid, and allow bidders to submit new bids before the date and time assigned for the opening of bids. Such procedure shall not constitute disclosure of bids in violation of section twenty-eight hundred seventy-eight of this chapter.

* NB Effective until June 30, 2028

* 13. The provisions of this section shall not apply to any procurement made by any other public entity not otherwise required by law to award contracts for such purchases to the lowest responsible

bidder if such purchases are made at the sole cost and expense of such entity.

* NB Effective June 30, 2028

* 14. The provisions of this section shall not apply to any procurement made by any other public entity not otherwise required by law to award contracts for such purchases to the lowest responsible bidder if such purchases are made at the sole cost and expense of such entity.

* NB Repealed June 30, 2028

15. (a) Whenever the comptroller pursuant to section twenty-eight hundred seventy-nine-a of this chapter intends to require supervision in the form of prior review and approval of a contract or contract amendment to be awarded by the authority pursuant to this section, then such contract or contract amendment shall be submitted to the comptroller by the authority for approval and shall not be a valid enforceable contract unless it shall first have been approved by the comptroller but only if the comptroller has notified the authority of such determination within thirty days of having received written notice of such contract or contract amendment either in the authority's annual report or any revised report;

(b) If the comptroller has timely notified the authority as provided in paragraph (a) of this subdivision that any contract or contract amendment shall be subject to comptroller prior review and approval, and such contract or contract amendment has been submitted to the comptroller, it shall become valid and enforceable without such approval if the comptroller has not approved or disapproved it within thirty days of submission to the comptroller.

§ 1209-a. Transit adjudication bureau. 1. Establishment. There is hereby created in the authority a transit adjudication bureau. The head of such bureau shall be the executive director, who shall be appointed by the president of the authority. The executive director may delegate the powers and duties conferred upon the executive director by this section to such qualified officers and employees of the bureau as he may designate.

2. Hearing officers. The president of the authority shall appoint hearing officers who shall preside at hearings for the adjudication of charges of transit or railroad infractions, as hereinafter defined and the adjudication of allegations of liability for violations of the rules and regulations of the triborough bridge and tunnel authority in accordance with section two thousand nine hundred eighty-five of this chapter, and who, as provided below, may be designated to serve on the appeals board of the bureau. Every hearing officer shall have been admitted to the practice of law in this state for a period of at least three years, and shall be compensated for their services on a per diem basis determined by the bureau.

3. Jurisdiction. The bureau shall have, with respect to acts or incidents in or on the transit or railroad facilities of the authority or the metropolitan transportation authority or a subsidiary thereof committed by or involving persons who are sixteen years of age or over, and with respect to violation of toll collection regulations of the triborough bridge and tunnel authority as described in section twenty-nine hundred eighty-five of this chapter, non-exclusive jurisdiction over violations of: (a) the rules which may from time to time be established by the authority under subdivision five-a of section twelve hundred four of this chapter; (b) article one hundred thirty-nine of the health code of the city of New York, as it may be amended from time to time, relating to public transportation facilities; (c) article four of the noise control code of the city of New York, as it may be amended from time to time, insofar as it pertains to sound reproduction devices; (d) the rules and regulations which may from time to time be established by the triborough bridge and tunnel authority in accordance with the provisions of section twenty-nine hundred eighty-five of this chapter; and (e) rules and regulations which may from time to time be established by the metropolitan transportation authority or a subsidiary thereof in accordance with the provisions of section twelve hundred sixty-six of this chapter. Matters within the jurisdiction of the bureau except violations of the rules and regulations of the triborough bridge and tunnel authority shall be known for purposes of this section as transit or railroad infractions, as applicable. Nothing herein shall be

construed to divest jurisdiction from any court now having jurisdiction over any criminal charge or traffic infraction relating to any act committed in a transit or toll facility, or to impair the ability of a police officer to conduct a lawful search of a person in a transit or railroad facility. The criminal court of the city of New York shall continue to have jurisdiction over any criminal charge or traffic infraction brought for violation of the rules of the authority, the triborough bridge and tunnel authority or the metropolitan transportation authority or a subsidiary thereof, as well as jurisdiction relating to any act which may constitute a crime or an offense under any law of the state of New York or any municipality or political subdivision thereof and which may also constitute a violation of such rules. The bureau shall have concurrent jurisdiction with the environmental control board and the administrative tribunal of the department of health over the aforesaid provisions of the health code and noise control code of the city of New York.

4. General powers. The bureau shall have the following functions, powers and duties:

a. To accept pleas (whether made in person or by mail) to, and to hear and determine, charges of transit and railroad infractions and allegations of civil liability pursuant to section two thousand nine hundred eighty-five of this chapter within its jurisdiction;

b. To impose civil penalties and to issue warnings for any transit or railroad infraction within its jurisdiction, in accordance with a penalty schedule established by the authority or the metropolitan transportation authority or a subsidiary thereof, as applicable, and the conditions set forth in subdivisions eleven and twelve of this section and subdivision four of section twelve hundred sixty-six of this article, except that penalties for violations of the health code of the city of New York shall be in accordance with the penalties established for such violations by the board of health of the city of New York, and penalties for violations of the noise code of the city of New York shall be in accordance with the penalties established for such violations by law, and civil penalties for violations of the rules and regulations of the triborough bridge and tunnel authority shall be in accordance with the penalties established for such violations by section twenty-nine hundred eighty-five of this chapter;

c. In its sole discretion, to suspend or forgive penalties or any portion of penalties imposed on the condition that the respondent voluntarily agrees to perform and actually does satisfactorily perform unpaid services on transit or railroad facilities as assigned by the authority, such as, without limitation, cleaning of rolling stock;

d. To adopt, amend and rescind rules and regulations not inconsistent with any applicable provision of law to carry out the purposes of this section, including but not limited to rules and regulations prescribing the internal procedures and organization of the bureau, the manner and time of entering pleas, the conduct of hearings, and the amount and manner of payment of penalties;

e. To enter judgments and enforce them, without court proceedings, in the same manner as the enforcement of money judgments in civil actions, as provided below;

f. To compile and maintain complete and accurate records relating to all warnings, charges and dispositions, which records shall be deemed exempt from disclosure under the freedom of information law as records compiled for law enforcement purposes, and provided that, in the absence of an additional violation, records of a warning issued to an individual in accordance with paragraph a of subdivision eleven of this section shall be sealed or expunged as of the date that is four years after the date that such warning was issued;

g. To apply to a court of competent jurisdiction for enforcement of any decision or order issued by such bureau or of any subpoena issued by a hearing officer as provided in paragraph d of subdivision seven of this section;

h. To enter into contracts with other government agencies, with private organizations, or with individuals to undertake on its behalf such functions as data processing, debt collections, mailing, and general administration, as the executive director deems appropriate, except that the conduct by hearing officers of hearings and of appeals may not be performed by outside contractors, and that biometric identifying technology, including but not limited to facial recognition technology, may not be used or arranged for use by outside contractors to enforce or process transit and railroad infractions relating to the payment of fares;

i. To accept payment of penalties and to remit same to the authority or the metropolitan transportation authority or a subsidiary thereof, as applicable; and

j. To adjudicate the liability of motor vehicle owners for violations of rules and regulations established in accordance with the provisions of section two thousand nine hundred eighty-five of this chapter.

5. Notices of violation. The bureau shall prepare and distribute notices of violation in blank to the transit police and any other person empowered by law, rule and regulation to serve such notices. The form and wording of the notice of violation shall be prescribed by the executive director, and it may be the same as any other notice of violation or summons form already in use if said form meets the requirements hereof. The notice of violation may include provisions to record information which will facilitate the identification and location of respondents, including but not limited to name, address, telephone numbers, date of birth, social security number if otherwise permitted by law, place of employment or school, and name and address of parents or guardian if a minor. Notices of violation shall be issued only to persons who are sixteen years of age or over, and shall be served by delivering the notice within the state to the person to be served. A copy of each notice of violation served hereunder shall be filed and retained by said bureau, and shall be deemed a record kept in the ordinary course of business, and, if sworn to or affirmed, shall be prima facie evidence of the facts contained therein. Said notice of violation shall contain information advising the person charged of the manner and the time within which such person may either admit or deny

the offense charged in the notice. Such notice of violation shall also contain a warning to advise the person charged that failure to plead in the manner and within the time stated in the notice may result in a default decision and order being entered against such person, and the imposition of supplemental penalties as provided in subdivision five-a of section twelve hundred four or subdivision four of section twelve hundred sixty-six of this chapter. A notice of violation shall not be deemed to be a notice of liability issued pursuant to section two thousand nine hundred eighty-five of this chapter.

6. Defaults. Where a respondent has failed to plead to a notice of violation or to a notice of liability issued pursuant to section two thousand nine hundred eighty-five of this chapter within the time allowed by the rules of said bureau or has failed to appear on a designated hearing date or a subsequent date following an adjournment, such failure to plead or appear shall be deemed, for all purposes, to be an admission of liability and shall be grounds for rendering a default decision and order imposing a penalty in such amount as may be prescribed by the authority or the metropolitan transportation authority or a subsidiary thereof.

7. Hearings. a. (1) A person charged with a transit or railroad infraction returnable to the bureau or a person alleged to be liable in accordance with the provisions of section two thousand nine hundred eighty-five of this chapter who contests such allegation shall be advised of the date on or by which such person must appear to answer the charge at a hearing. Notification of such hearing date shall be given either in the notice of violation or in a form, the content of which shall be prescribed by the executive director or in a manner prescribed in section two thousand nine hundred eighty-five of this chapter. Any such notification shall contain a warning to advise the person charged that failure to appear on or by the date designated, or any subsequent rescheduled or adjourned date, shall be deemed for all purposes, an admission of liability, and that a default judgment may be rendered and penalties may be imposed. Where notification is given in a manner other than in the notice of violation, the bureau shall deliver such notice to the person charged, either personally or by registered or certified

mail.

(2) Whenever a person charged with a transit or railroad infraction or alleged to be liable in accordance with the provisions of section two thousand nine hundred eighty-five of this chapter returnable to the bureau requests an alternate hearing date and is not then in default as defined in subdivision six of this section, the bureau shall advise such person personally, or by registered or certified mail, of the alternate hearing date on or by which such person must appear to answer the charge or allegation at a hearing. The form and content of such notice of hearing shall be prescribed by the executive director, and shall contain a warning to advise the person charged or alleged to be liable that failure to appear on or by the alternate designated hearing date, or any subsequent rescheduled or adjourned date, shall be deemed for all purposes an admission of liability, and that a default judgment may be rendered and penalties may be imposed.

(3) Whenever a person charged with a transit or railroad infraction or alleged to be liable in accordance with the provisions of section two thousand nine hundred eighty-five of this chapter returnable to the bureau appears at a hearing and obtains an adjournment of the hearing pursuant to the rules of the bureau, the bureau shall advise such person personally, or by registered or certified mail, of the adjourned date on which such person must appear to answer the charge or allegation at a continued hearing. The form and content of such notice of a continued hearing shall be prescribed by the executive director, and shall contain a warning to advise the person charged or alleged to be liable that failure to appear on the adjourned hearing date shall be deemed for all purposes an admission of liability, and that a default judgment may be rendered and penalties may be imposed.

b. Every hearing for the adjudication of a charge of a transit or railroad infraction or an allegation of liability under section two thousand nine hundred eighty-five of this chapter hereunder shall be held before a hearing officer in accordance with the rules and regulations promulgated by the bureau.

c. The hearing officer shall not be bound by the rules of evidence in the conduct of the hearing, except rules relating to privileged communications.

d. The hearing officer may, in their discretion, or at the request of the person charged or alleged to be liable on a showing of good cause and need therefor, issue subpoenas to compel the appearance of any person to give testimony, and issue subpoenas duces tecum to compel the production for examination or introduction into evidence of any book, paper or other thing relevant to the charges.

e. In the case of a refusal to obey a subpoena, the bureau may make application to the supreme court pursuant to section twenty-three hundred eight of the civil practice law and rules, for an order requiring such appearance, testimony or production of materials.

f. The bureau shall make and maintain a sound recording or other record of every hearing.

g. After due consideration of the evidence and arguments, the hearing officer shall determine whether the charges or allegations have been established. No charge may be established except upon proof by clear and convincing evidence except allegations of civil liability for violations of triborough bridge and tunnel authority rules and regulations will be established in accordance with the provisions of section two thousand nine hundred eighty-five of this chapter. Where the charges have not been established, an order dismissing the charges or allegations shall be entered. Where a determination is made that a charge or allegation has been established or if an answer admitting the charge or allegation has been received, the hearing officer shall set a penalty in accordance with the penalty schedule established by the authority or the metropolitan transportation authority or its subsidiaries, or for allegations of civil liability in accordance with the provisions of section two thousand nine hundred eighty-five of this chapter and an appropriate order shall be entered in the records of the bureau. The respondent shall be given notice of such entry in person or by certified mail. This order shall constitute the final determination of the hearing officer, and for purposes of review it shall be deemed to incorporate any intermediate determinations made by said officer in the course of the proceeding. When no appeal is filed this order shall be the final order of the bureau.

8. Administrative and judicial review. a. There shall be appeals boards within the bureau which shall consist of three or more hearing officers, as the executive director shall determine. The executive director shall select a chairman for each appeals board from the members so appointed. No hearing officer may sit on an appeals board considering an appeal from a determination made by said hearing officer.

b. A party aggrieved by a final determination of a hearing officer may obtain a review thereof by serving upon the bureau, within thirty days of the bureau's service of its notice of entry of such order a notice of appeal setting forth the reasons why the determination should be reversed or modified. There shall be no interlocutory appeals.

c. An appeal from a final determination of a hearing officer shall be submitted to the appeals board, which shall have power to review the facts and the law, but shall not consider any evidence which was not presented to the hearing officer, and shall have power to reverse or modify any judgment appealed from for error of fact or law.

d. Appeals shall be made without the appearance of the appellant and appellant's attorney unless the presence of either or both are requested by the appellant, appellant's attorney, appellant's parent or guardian if appellant is a minor, or the appeals board. Within twenty days after a request for an appearance, made by or for the appellant, appellant's attorney or the board, the bureau shall advise the appellant, either personally or by registered or certified mail, of the date on which he or she shall appear. The appellant shall be notified in writing of the decision of the appeals board.

e. A party may request and obtain a record of the proceedings resulting in a determination for which an appeal is sought, but the party shall pay to the bureau the cost of providing such record. When a record is timely requested for the purpose of preparing an appeal, the bureau shall not thereafter cause the appeal to be heard or submitted less than ten days after the delivery or mailing of the record to appellant or appellant's attorney.

f. The service of a notice of appeal shall not stay the enforcement of an order appealed from unless the appellant shall have posted a bond in, or shall have paid, the amount of penalties imposed in the order appealed from within the time period established by rule of the bureau for payment of penalties following entry of such an order.

g. No determination of a hearing officer which is appealable under the provisions of this section shall be reviewed in any court unless an appeal has been filed and determined in accordance with this subdivision. When an appeal has been filed, the order of the appeals board shall be the final order of the bureau. Judicial review may be sought pursuant to article seventy-eight of the civil practice law and rules.

9. Enforcement of judgments. a. The bureau shall have the power to enforce its final decisions and orders imposing civil penalties for violations of laws, rules and regulations enforced by it as if they were money judgments, without court proceedings, in the manner described herein.

b. Any final order of the bureau imposing a civil penalty, whether the adjudication was had by hearing or upon default or otherwise, shall constitute a judgment rendered by the bureau which may be entered in the civil court of the city of New York or any other place provided for the entry of civil judgments within the state, and, provided that no proceeding for judicial review shall then be pending, may be enforced without court proceedings in the same manner as the enforcement of money judgments entered in civil actions. A final order against any person or persons shall be a bar to the criminal prosecution of, and in the case of a minor, juvenile offender proceedings against, said person or persons for conduct upon which the order was based.

c. Notwithstanding the foregoing provisions: (1) Before a judgment based upon a default may be so entered the bureau must have attempted to notify the respondent by first class mail, in such form as the bureau may direct: (i) of the default decision and order and the penalty imposed; (ii) that a judgment will be entered in the civil court of the city of New York or any other place provided for the entry of civil judgments within the state; and (iii) the entry of such judgments may be avoided by requesting a stay of default for good cause shown and either requesting a hearing or entering a plea pursuant to the rules of the bureau within thirty days of the mailing of such notice.

(2) Upon receipt by the bureau of a copy of an order to show cause in lieu of a notice of petition, or of a notice of petition, served upon it in a proceeding for judicial review of any final order of the bureau which constitutes a judgment which may be entered in the civil court of the city of New York or any other place provided for the entry of civil judgments within the state, the bureau shall forthwith serve by first-class mail the attorney for the petitioner in such proceeding, or if the petitioner has initiated the proceeding pro se, the petitioner, with a notice stating whether or not a judgment was entered in any such court or other place provided for the entry of civil judgments within the state prior to the pendency of such proceeding for judicial review. If a judgment was so entered, such notice from the bureau also shall contain: (i) the name and address of the court or other place in which the judgment was entered, and (ii) identification of the judgment book, index number, docket number, date of entry, other information or combination of the foregoing, sufficient for the petitioner's attorney in such proceeding, or for the petitioner pro se, to locate such entry of judgment according to the indexing system utilized by the court or other place in which the judgment was entered. Proof of service of such notice from the bureau shall be filed by the bureau with the court in which the proceeding for judicial review is pending at the same time as the filing with the court of the bureau's first legal papers in such proceeding. The court in which the proceeding for judicial review is pending shall not accept for filing the bureau's first legal papers in such proceeding unless such legal papers are accompanied by such proof of service.

10. Funds. All penalties collected pursuant to the provisions of this section shall be paid to the authority to the credit of a transit crime

fund which the authority shall establish. Any sums in this fund shall be used to pay for programs selected by the board of the metropolitan transportation authority, in its discretion, to reduce the incidence of crimes and infractions on transit and railroad facilities, or to improve the enforcement of laws against such crimes and infractions. Such funds shall be in addition to and not in substitution for any funds provided by the state or any political subdivision within the metropolitan commuter transportation district as established by section twelve hundred sixty-two of this article for such purposes.

11. Civil penalties relating to payment of transit fare violations. Civil penalties imposed by the bureau in connection with a violation by a respondent of the rules of the authority or the MTA bus company relating to the payment of fares shall adhere to the following conditions:

a. A violation that is the first such violation by a respondent committed in any four year period shall, absent exceptional circumstances including a concurrent violation or violations by such individual of the penal law or the rules of conduct of the New York city transit authority or the MTA bus company which causes or may tend to cause harm to oneself or to any other person, or to the safe operation of the transit system, be punishable only by an official written warning issued according to and governed by the rules of the authority in all respects; provided that such warning shall not be used for any purpose other than as a predicate to the imposition by the transit adjudication bureau of a civil penalty on such respondent pursuant to this subdivision in the event of a subsequent violation, and provided further that such information shall not be open to the public, nor subject to civil or criminal process or discovery, nor used by any court or administrative or adjudicatory body in any action or proceeding therein except that which is necessary for the adjudication of the notice of violation pursuant to this subdivision or for inspection and copying and use by the respondent.

b. A penalty for a violation that is the second such violation by a respondent committed in any four year period shall not exceed one hundred dollars (exclusive of supplemental penalties, interest or costs assessed thereon). Upon payment by such respondent of the penalty in full by the date due for such payment, absent exceptional circumstances as set forth in paragraph a of this subdivision, the bureau shall issue a farecard to the respondent for use on transit facilities in an amount not to exceed one-half of the penalty amount.

c. A penalty for a violation that is the third or subsequent such violation by a respondent committed in any four year period shall not exceed one hundred fifty dollars (exclusive of supplemental penalties, interest or costs assessed thereon).

d. In the case of a violation by a respondent who at the time of such violation is enrolled in the fair fares program administered by the city of New York and provides to the bureau proof of such enrollment, the penalty amount for such violation shall not exceed fifty percent of the penalty amount applicable to such violation pursuant to the schedule of such penalties as may from time to time be established by rules of the authority in accordance with paragraphs a through c of this subdivision (exclusive of supplemental penalties, interest or costs assessed thereon).

e. Notwithstanding paragraphs a through d of this subdivision, the bureau shall forgive penalties or any portion of penalties imposed on a respondent for a violation of the rules of the authority or of the MTA bus company relating to the payment of fares on the condition that the respondent enrolls in the fair fares program administered by the city of New York and provides to the bureau proof of such enrollment.

12. Civil penalties relating to payment of railroad fare violations. Civil penalties imposed by the bureau in connection with a violation by a respondent of the rules of the authority or the metropolitan transportation authority or any of its subsidiaries relating to the payment of fares to the Metro-North railroad and Long Island rail road shall adhere to the following conditions:

a. In the case of a violation by a respondent who at the time of such violation is enrolled in the fair fares program administered by the city of New York and provides to the bureau proof of such enrollment, the penalty amount for such violation shall not exceed fifty percent of the penalty amount applicable to such violation pursuant to the schedule of such penalties as may from time to time be established by rules of the authority or metropolitan transportation authority or any of its subsidiaries.

b. Notwithstanding the rules of the authority or the metropolitan transportation authority or any of its subsidiaries, the bureau shall forgive penalties or any portion of penalties imposed on a respondent for a violation of the rules of the authority or of the metropolitan transportation authority or any of its subsidiaries relating to the payment of fares to the Metro-North railroad or Long Island rail road on the condition that the respondent enrolls in the fair fares program administered by the city of New York and provides to the bureau proof of such enrollment.

13. Reporting. Within two years of the effective date of this subdivision, the metropolitan transportation authority shall begin publishing through the open data website established under section twelve hundred seventy-nine-i of this article, data regarding fare evasion infractions adjudicated by the bureau, including without limitation the number of transit and railroad infractions issued by location including, to the extent ascertainable, the subway stop, bus route and/or stop if applicable, the number and percentage of transit or railroad infractions for which a written warning was issued broken down by location including, to the extent ascertainable, the subway stop, bus route and/or stop if applicable, the date and time of day of each infraction, the number and percentage of transit and railroad infractions issued wherein the infraction was a second or subsequent infraction alleged against the respondent, and such other information as the authority or bureau deem appropriate. No identifiable information about individual violations shall be published in such reporting.

§ 1210. Employees. 1. Employees in the competitive and labor classes of the classified service in the employ of the board of transportation and performing services in respect to subjects or matters, jurisdiction of which was transferred to the authority, with the approval of the authority shall be transferred to comparable positions in the employ of the authority; and, any officers and other employees of such board of transportation may be so transferred and appointed by the authority.

2. The appointment, promotion and continuance of employment of all employees of the authority shall be governed by the provisions of the civil service law and the rules of the municipal civil service commission of the city. Employees of any board, commission or department of the city may be transferred to positions of employment under the authority in accordance with the provisions of the civil service law and shall be eligible for such transfer and appointment without examination to such positions of employment. Employees who have been appointed to positions in the service of the city under the rules of the municipal civil service commission of the city shall have the same status with respect thereto after transfer to positions of employment under the authority as they had under their original appointments. Employees of the authority shall be subject to the provisions of the civil service law.

3. Officers and employees of the city who are members or beneficiaries of any existing pension or retirement system shall continue to have the rights, privileges, obligations and status with respect to such system or systems as if they had continued in their city offices or employments. Employment by the authority shall constitute city service for the purposes of title B of chapter three of the administrative code of such city and the contributions required to be made by the authority pursuant to section B 3-20.0 of such code shall be an operating expense of the authority.

4. No assignment of, or power of attorney to collect or other instrument affecting, the whole or any part of his salary or earnings by an officer or employee of the authority, shall in any way operate to prevent the payment of such salary or earnings directly to such officer or employee unless approved in writing by a person duly designated by

the authority for such purpose. In the event of the payment of such salary or earnings directly to such officer or employee, notwithstanding the existence of an assignment of, or power of attorney to collect or other instrument affecting, the whole or part thereof, not approved by such designated person, no person shall have any cause of action therefor against such authority for the recovery of any moneys by virtue of such unapproved assignment, power of attorney to collect or other instrument. Any such assignment, power of attorney or other instrument filed hereafter with the authority shall contain the name of the officer or employee affected thereby and his title or the position in which he is employed. The authority shall be entitled to receive a fee of two dollars upon the filing of such assignment, power of attorney or other instrument. In the event that such assignment, power of attorney or other instrument contains a provision to the effect that the same shall be ineffective unless subsequent written notice is given to the authority to make deductions, the filing fee shall be fifty cents; and the filing fee of any such subsequent written notice to make deductions in accordance with the terms of any such assignment, power of attorney or other instrument shall be one dollar and fifty cents. The filing fee of any other notice or paper relating to any such assignment, power of attorney or other instrument shall be one dollar.

§ 1210-a. Flexible benefits program. 1. For purposes of this section, the following terms shall have the following meanings:

a. "Code" shall mean the United States internal revenue code of nineteen hundred eighty-six, as amended, and regulations promulgated thereunder.

b. "Authority" shall mean (1) the New York city transit authority, (2) the Manhattan and Bronx surface transit operating authority, or (3) the Staten Island rapid transit operating authority.

c. "Employee" shall mean any officer or employee of any of the entities set forth in paragraph c of this subdivision who is not eligible to receive benefits from the New York city employee benefits program.

For purposes of this section, an independent contractor shall not be considered an employee.

d. "Flexible benefits program" shall mean the program established pursuant to this section, qualifying as a cafeteria plan as defined in section one hundred twenty-five of the code or any successor section thereto providing similar benefits, and provided as a part of an employee benefits program administered by the authority.

e. "Program administrator" shall mean that agent, as determined by the authority, responsible for the maintenance and management of the flexible benefits program as authorized in subdivision two of this section.

2. The authority is authorized to establish and implement a flexible benefits program for its employees who are not eligible to receive benefits from the New York city employee benefits program, consistent with applicable provisions of the code. It may enter into agreements with persons or entities to act as program administrators of the flexible benefits program. It shall establish regulations for the appropriate administration of such flexible benefits program.

3. At the request of an employee, the chief fiscal officer of the authority, or the officer responsible for the administration of the authority's payroll, shall, by payroll deduction, adjust the payment of the compensation of such employee as provided in a written statement by the employee in connection with the establishment and maintenance of the flexible benefits program as authorized by subdivision two of this section, and shall transfer the amount so adjusted to the authorized program administrator.

4. Moneys held for employees in any accounts established pursuant to the flexible benefits program, as authorized in subdivision two of this section, shall be held by the program administrator as agent for the participating employee, shall be accounted for separately and shall

remain the property of the authority to the extent required by the code. Notwithstanding any law to the contrary, moneys may be paid out of such accounts without any appropriation by law. Any unexpended balances in such accounts at the end of a plan year as that term is defined by the United States internal revenue service shall be returned to the control of the authority to the extent required by the code.

5. To the extent permitted by the code, any salary deduction or deferral to an employee under the flexible benefits program established pursuant to this section shall be considered part of such employee's annual compensation for the purpose of computing pension contributions and retirement benefits by any retirement system or plan to which the authority contributes on behalf of said employee. However, this subdivision shall in no way be construed to supersede the provisions of sections four hundred thirty-one, five hundred twelve and six hundred eight of the retirement and social security law or any other similar provision of law which limits the salary base for computing retirement benefits payable by a public retirement system.

§ 1211. Members and employees not to be interested in contracts. It shall be a misdemeanor for any member, officer or employee of the authority to be in any way or manner interested, directly or indirectly, in any contract made by the authority.

§ 1212. Actions against the authority. 1. In every action against the authority for damages, for injuries to real or personal property, or for the destruction thereof, or for personal injuries or death, the complaint shall contain an allegation that at least thirty days have elapsed since the demand, claim or claims upon which such action is founded were presented to a member of the authority, its general manager or other officer designated for such purpose and that the authority has neglected or refused to make an adjustment or payment thereof for thirty days after such presentment.

2. Except in an action for wrongful death, an action against the

authority founded on tort shall not be commenced more than one year and ninety days after the happening of the event upon which the claim is based, nor unless a notice of claim shall have been served on the authority within the time limited, and in compliance with all the requirements of section fifty-e of the general municipal law. An action against the authority for wrongful death shall be commenced in accordance with the notice of claim and time limitation provisions of title eleven of article nine of this chapter.

3. The authority shall be liable for, and shall assume the liability to the extent that it shall save harmless any duly appointed officer or employee of the authority for the negligence of such officer or employee, in the operation of a vehicle or other facility of transportation under the jurisdiction and control of the authority, upon the public streets, highways or railroads within the city, in the discharge of a duty imposed upon such officer or employee at the time of the accident, injury or damages complained of, while acting in the performance of his duties and within the scope of his employment.

4. No action shall be maintained against the authority or against such officer or employee on account of such negligence unless a notice of claim shall have been made and served on the authority within the time limited and in compliance with all the requirements of section fifty-e of the general municipal law; nor unless it shall appear by and as an allegation in the complaint that at least thirty days have elapsed since the service of such notice upon a member of the authority, its general manager or other officer designated for such purpose and that the authority has neglected or refused to make an adjustment or payment of the claim for thirty days after the service of such notice; nor unless such action shall be commenced within one year after the cause of action therefor shall have accrued.

5. The authority may require any person, presenting for settlement an account or claim for any cause whatever against the authority, to be sworn before a member, counsel or an attorney, officer or employee of the authority designated for such purpose, touching such account or claim and when so sworn to answer orally as to any facts relative to

such account or claim. The authority shall have power to settle or adjust all claims in favor of or against the authority.

6. The rate of interest to be paid by the authority, or by its officers or employees whose liability has been assumed by the authority pursuant to subdivision three of this section, upon any judgment or accrued claim against the authority or such officer or employee, shall not exceed three per centum per annum.

§ 1212-a. Security by authority. 1. Each provision of statute or rule requiring a party to give security for the purpose of procuring an order of arrest, an injunction order, or a warrant of attachment, or as a condition of obtaining any other relief, or taking any proceeding; or allowing the court or a judge to require such security to be given, is to be construed as excluding an action brought by the authority; except where the security to be given in such an action is specially regulated by the provision in question.

2. In any action in which the authority shall be excused by statute from giving security on procuring an order of arrest, an order of injunction or a warrant of attachment, the authority shall be liable for all damages that may be sustained by the opposite party by reason of such order of arrest, attachment or injunction, in the same case and to the same extent as sureties to an undertaking would have been if such an undertaking had been given.

3. Upon an appeal taken by the authority, the service of the notice of appeal perfects the appeal and stays the execution of the judgment or order appealed from, without an undertaking or other security.

§ 1213. Report. Copies of the annual report required to be made and submitted pursuant to section twenty-eight hundred of this chapter also shall be submitted to the mayor, comptroller and board of estimate.

§ 1214. Rapid transit law. During any period when the transfer, or any renewal thereof, authorized by section eighteen hundred three of this title shall be in effect: 1. Articles five and eight and sections ten, eleven, twelve, thirteen, fourteen, fifteen, seventeen, thirty, thirty-two, thirty-six, thirty-six-a, thirty-seven, and thirty-eight of the rapid transit law shall be suspended.

2. Articles one, three, six, seven and nine and sections sixteen, sixteen-a, thirty-one, thirty-three, thirty-four and thirty-five of the rapid transit law shall continue in force and effect and the authority shall have and exercise all the functions, powers and duties heretofore exercised by the board of transportation, or any members or officers thereof, under such articles and sections, provided, however, that where the provisions of this title shall be inconsistent with any of the provisions of such articles or sections of such law, the provisions of this title shall govern and control.

§ 1215. Construction of terms. Whenever the term public service commission, or board of rapid transit railroad commissioners, or transit construction commissioner, or transit commission or board of transportation, occurs in any law, contract or document relating to facilities conveyed to the authority or their operation or any other duty imposed upon the authority pursuant to this title, or when in any law, contract or document reference is made to such commission, board, commissioner, or board of transportation in connection with such facilities, operations or duties whereof was so conveyed, such term or reference shall be deemed to refer to and include the authority, to the extent consistent with the provisions of such law, contract or document. For the purposes of subdivision four of section fifty of the workers' compensation law, the term other political subdivision of the state shall be deemed to refer to and include the authority. For the purposes of section three hundred twenty-one of the vehicle and traffic law, the term any political subdivision shall be deemed to refer to and include the authority. For the purposes of subparagraph (i) of paragraph three of subsection (c) of section six hundred twelve of the tax law, the term subdivisions, referring to subdivisions of the state, shall be deemed to refer to and include the Manhattan and Bronx surface transportation authority.

§ 1216. Exemption from taxation and fees. It is hereby found, determined and declared that the creation of the authority and the carrying out of its purposes is in all respects for the benefit of the people of the state of New York and for the improvement of their health, welfare and prosperity and is a public purpose, and that the authority will be performing an essential governmental function in the exercise of the powers conferred upon it by this title. Without limiting the generality of the following provisions of this section, property owned by the authority, and property leased by the authority and used for any of its authorized purposes shall be exempt from taxation and special ad valorem levies. The authority shall be required to pay no fees, taxes or assessments, whether state or local, including but not limited to fees, taxes or assessments on real estate, franchise taxes, sales taxes or other excise taxes, upon any of its property, or upon the use thereof, or upon its activities in the operation and maintenance of its facilities or on any fares, tolls, rentals, rates, charges or other fees, revenues or other income received by the authority and the bonds and notes of the authority and the income therefrom shall at all times be exempt from taxation, except for gift and estate taxes and taxes on transfers. This section shall constitute a covenant and agreement with the holders of all bonds and notes issued by the authority. The terms "taxation" and "special ad valorem levy" shall have the same meanings as defined in section one hundred two of the real property tax law.

§ 1217. Records; prima facie evidence. The record of the proceedings of the authority and of the board of transportation, the records and printed minutes of the transit commission, of the former transit construction commissioner, of the former public service commission for the first district, and of the former board of rapid transit railroad commissioners, transferred to the authority, or certified copies thereof, shall be prima facie evidence of the proceedings of the authority, of the board of transportation, of the transit commission, of the former transit construction commissioner, of the former public service commission for the first district, or of the former board of rapid transit railroad commissioners, as the case may be, in respect to matters concerning which such records or minutes relate. Certified copies of such records or papers shall in like manner constitute prima facie evidence.

§ 1218. Pending actions and proceedings. 1. Provision shall be made in the agreement described in section eighteen hundred three of this title for the assumption by the city of the payment of judgments or claims based upon a cause of action arising prior to the date of transfer of transit facilities.

2. This title shall not affect any action or proceeding brought by or against the board of transportation, transit commission, or the former transit construction commissioner, public service commission for the first district, or the board of rapid transit railroad commissioners, and, upon application by the authority to the court, the authority shall be substituted as a party in such pending action or proceeding and such action or proceeding may be prosecuted or defended in the name of the authority. Any investigation, examination or hearing undertaken, commenced or instituted by the board of transportation, transit commission or the former transit construction commissioner or the public service commission for the first district or the board of rapid transit railroad commissioners before the time this title takes effect, and relating to a subject or matter, jurisdiction whereof was conveyed to the authority, may be conducted to final determination by the authority.

§ 1219. Continuity of jurisdiction. The authority shall be deemed and held to constitute a continuation, as to matters within its jurisdiction, of the board of transportation for the purpose of succession to the rights, powers, duties and obligations of the board of transportation transferred to such authority. Upon the termination of the agreement of transfer provided for in section eighteen hundred three of this title or of any renewal thereof, all the rights and properties of the authority shall pass to the city and the city shall succeed to the rights, powers, duties and obligations of the authority.

§ 1219-a. Transfer and receipt of surplus funds. 1. Notwithstanding any provision of this title or any other provision of law, general, special or local, the authority may from time to time transfer and pay over to metropolitan transportation authority or triborough bridge and tunnel authority all or any part of its surplus funds; and may accept and use any moneys transferred and paid over to it by metropolitan transportation authority or triborough bridge and tunnel authority.

2. Notwithstanding the provisions of the preceding subdivision of this section:

(a) If the city shall have provided in its capital budget for its fiscal year beginning July first, nineteen hundred sixty-eight the amount of one hundred million dollars, or such lesser amount as shall have been requested by the authority for inclusion in such budget, for the payment of the capital cost of projects requested by the authority pursuant to section twelve hundred three of this title, then upon the written request of the mayor made within thirty days after the commencement of such fiscal year, triborough bridge and tunnel authority shall transfer to the authority, by lump sum payment or installments at such time or times and in such amounts as the mayor shall elect, all or such part of the surplus funds of triborough bridge and tunnel authority on hand as of the last day of its last fiscal year ending prior to such request as the mayor shall specify, which funds shall be applied by the authority solely to the payment of its expenses of operation. If the city shall have provided in its capital budget for any of its next four fiscal years, commencing with the fiscal year beginning July first, nineteen hundred sixty-nine, the amount of one hundred million dollars, or such lesser amount as shall have been requested by the authority for inclusion in such budget, for the payment of the capital cost of projects requested by the authority pursuant to section twelve hundred three of this title, then upon the written request of the mayor made within thirty days after the commencement of such fiscal year, triborough bridge and tunnel authority shall transfer to the authority solely for application to the payment of expenses of operation of the authority the operating surplus of triborough bridge and tunnel authority for its last fiscal year ending prior to such request, which transfer shall also be by lump sum payment or installments at such time or times and in such amounts as the mayor shall elect. Projects shall be eligible for inclusion in a computation made hereunder only if included in a capital budget on the first day of the fiscal year for which it is adopted. A carry-over project shall not be eligible for inclusion unless it was first included in a capital budget by way of an amendment thereto, in which event it shall be eligible for inclusion in a computation made hereunder with respect to the first fiscal year of the city commencing after the adoption of the amendment.

(b) Promptly upon the making of the certification of its operating surplus, if any, for its fiscal year ending December thirty-first, nineteen hundred seventy-two and for each of its subsequent fiscal years, triborough bridge and tunnel authority, at the direction of metropolitan transportation authority, shall transfer such operating surplus (1) to the metropolitan transportation authority for deposit into one or more funds or accounts to be used as contemplated by section twelve hundred seventy-d of this article, or (2) to the authority and the metropolitan transportation authority solely for application to the payment of the expenses of operation. For purposes of determining the proportional allocation of the operating surplus as between the authority and the metropolitan transportation authority, the following formula shall apply: (i) twenty-four million dollars plus fifty percentum of the balance of such operating surplus shall be allocable to the authority, and (ii) the remainder shall be allocable to metropolitan transportation authority on behalf of the commuter railroads operated by it, by its subsidiary corporations or by others under joint arrangements.

(c) Triborough bridge and tunnel authority is authorized, at the direction of the metropolitan transportation authority, from time to time to make advances from available funds on account of the operating surplus it anticipates will or may be certified and transferred as provided in this subdivision to (1) the metropolitan transportation authority for deposit into one or more funds or accounts to be used as contemplated by section twelve hundred seventy-d of this article, or (2) the authority and the metropolitan transportation authority solely for application to the payment of the expenses of operation. In the event that advances so made in respect of any fiscal year including the year in which the surpluses are being earned exceed the amounts required to be transferred to the authority and metropolitan transportation authority pursuant to the provisions of this subdivision, then the amount of any such excess shall be refunded to triborough bridge and tunnel authority by the authority or metropolitan transportation authority, as the case may be, within thirty days of the making by triborough bridge and tunnel authority of its certification of operating surplus for such fiscal year.

(d) For the purposes of this subdivision, the existence and the amount of surplus funds and operating surplus of triborough bridge and tunnel authority shall be determined in accordance with the provisions of subdivision twelve of section five hundred fifty-three of this chapter.

(e) Triborough bridge and tunnel authority shall certify to the mayor and to the chairman of metropolitan transportation authority within ninety days after the end of its fiscal year ending December thirty-first, nineteen hundred sixty-seven, and within forty-five days after the end of each of its subsequent fiscal years, the amount of its operating surplus for that year and, in the case of the fiscal year ending December thirty-first, nineteen hundred sixty-seven, the amount of all of its surplus funds on hand as of the last day of such fiscal year.

(f) No transfer of funds shall be made to the authority pursuant to any provision of this section at any time when there shall have been pending and not acted upon by the mayor for ninety days any request of the authority for permission to expend or contract to expend funds for a project included in a capital budget for transit facility purposes. There shall be excluded from such ninety-day period any time during which the mayor is prevented from acting by order of court or by operation of law.

3. Notwithstanding the preceding subdivisions of this section, for purposes of determining the proportional allocation of the operating surplus of the Triborough bridge and tunnel authority between the authority and the metropolitan transportation authority the following

formula shall be used: An amount equal to the debt service incurred in such year as a result of the bonds issued to provide facilities pursuant to paragraphs (m), (n), (o), (p) and (r) of subdivision nine of section five hundred fifty-three of this chapter shall be added to the operating surplus of the Triborough bridge and tunnel authority, as certified by that authority. The sum of these figures shall then be allocated to the authority and the commuter railroads operated by metropolitan transportation authority or by its subsidiary corporations, pursuant to the formula contained in paragraph (b) of subdivision two of this section as if this amount were the operating surplus of the Triborough bridge and tunnel authority. The amounts so allocated to the authority and the commuter railroads operated by metropolitan transportation authority or by its subsidiary corporations, shall then be reduced respectively by the proportional amount of the debt service, incurred in such year by the Triborough bridge and tunnel authority pursuant to paragraphs (m), (n), (o), (p) and (r) of subdivision nine of section five hundred fifty-three of this chapter, reasonably attributable to the payments for transit projects undertaken for the authority and its subsidiaries and transportation facility projects undertaken for the commuter railroads operated by the metropolitan transportation authority or by its subsidiary corporations. The remaining amounts shall constitute the respective allocation of operating surplus for the authority and the commuter railroads operated by the metropolitan transportation authority or by its subsidiary corporations.

§ 1220. Separability. If any section, clause or provision of this title shall be unconstitutional or be ineffective in whole or in part, to the extent that it is not unconstitutional or ineffective, it shall be valid and effective and no other section, clause or provision shall on account thereof be deemed invalid or ineffective.

§ 1221. Inconsistent provisions in other acts superseded. In so far as the provisions of this title are inconsistent with the provisions of any other act, general or special, or of any local law of the city, the provisions of this title shall be controlling.

TITLE 9-a

TRANSIT CONSTRUCTION FUND

§ 1225-a. Short title. This title may be cited as the transit construction fund act.

§ 1225-b. Definitions. For the purposes of this title:

1. "City" means the city of New York.

2. "Director of management and budget" means the director of management and budget of the city of New York.

3. "Fund" means the transit construction fund as established by this title.

4. "Mayor" means the mayor of the city of New York.

5. "State" means the state of New York.

6. "Transit authority" means the New York city transit authority created by section twelve hundred one of this article.

7. "Transit facility" means "transit facility" as such term is defined from time to time in section twelve hundred of this article.

8. "Transportation authority" means the metropolitan transportation authority, as created by section twelve hundred sixty-three of this article.

§ 1225-c. Transit construction fund. (a) There is hereby created the transit construction fund. The fund is a corporate governmental agency constituting a public benefit corporation. It has the powers and privileges of a corporation and all of its business shall be transacted, all funds invested, all warrants for money drawn and payments made, and all cash and securities and other personal property held under its corporate name.

(b) The fund shall continue until all its liabilities have been met or otherwise discharged and until its existence shall have been terminated by law. Upon the termination of the existence of the fund, all of its rights and property shall pass to and be vested in the city.

§ 1225-d. Purpose of the fund. The purpose of the fund shall be to provide through agreements with the transportation authority transit facilities, to be used by the transit authority or any subsidiary, including the planning, design, construction, acquisition, extension, reconstruction, rehabilitation, modernization, and other improvement of such facilities. Such purpose shall be in all respects a public and governmental purpose.

§ 1225-e. Administration of the fund. (1) The fund shall be administered by three trustees, one of whom shall be the director of the budget. The remaining two trustees shall be appointed by the mayor, no more than one of whom may be a city official. All city officials shall serve ex-officio. Trustees, except ex-officio trustees, shall serve for a term expiring at the end of the term actually served by the officer making the appointment and shall be removable for cause by the mayor after hearing on ten days notice. In the event of a vacancy occurring in the office of a trustee by death, resignation or otherwise, a successor shall be chosen in the same manner as was the trustee whose office became vacant, to serve for the balance of the unexpired term.

(2) The mayor shall designate a chairman and a vice-chairman from among the trustees. The chairman shall preside over all meetings of the trustees and shall have such other duties as the trustees of the fund may direct. The vice-chairman shall preside over all meetings of the trustees in the absence of the chairman and shall have such other duties as the trustees of the fund may direct.

(3) The trustees of the fund shall serve without salary, but each trustee shall be reimbursed for his actual and necessary expenses incurred in the performance of his official duties as a trustee of the fund. The trustees of the fund may engage in private employment or in a profession or business (if not otherwise prohibited from so doing by virtue of any other public office), subject to the limitations contained in sections seventy-three and seventy-four of the public officers law. The fund shall, for the purposes of such sections, be a "state agency" and the trustees thereof shall be "officers" of the agency for the purpose of said sections.

(4) Nothwithstanding any inconsistent provisions of law, general, special or local, no officer or employee of the state of New York, any city, county, town or village, any other political or civil division of the state, any municipality, any governmental entity operating any public school or college, any school district or any other public agency or instrumentality or unit of government which exercises governmental powers under the laws of the state, shall forfeit his office or employment by reason of his acceptance of appointment as a trustee, officer or agent of the fund; nor shall service as such trustee, officer or agent of the fund be deemed incompatible or in conflict with such

office or employment.

(5) A majority of the whole number of trustees then in office shall constitute a quorum for the transaction of any business or the exercise of any power of the fund. Except as otherwise specified in this title, for the transaction of any business or the exercise of any power of the fund, the fund shall have power to act by a majority of the trustees present at any meeting at which a quorum is in attendance. The fund may delegate to one or more of its trustees, or officers, agents and employees, such powers and duties as the trustees may deem proper.

(6) The fund may appoint officers, employees, and agents as it may require and prescribe their duties and fix their compensation, as hereinafter provided.

(7) On or before November fifteenth of each year, the fund shall submit to the city comptroller, the director of management and budget, and the chairman of the finance committee of the city council, a financial statement for the preceding city fiscal year, a report of its activities during that year, and a report on its program for both the current and next succeeding city fiscal years including but not limited to: (i) the estimated cost of the administration of the fund in the succeeding city fiscal year and (ii) the amounts, if any, of all rentals and other payments to become due and estimated to become due in the succeeding city fiscal year to the transportation authority from the fund pursuant to any lease or other agreement entered into between the fund and the transportation authority.

§ 1225-f. General powers of the fund. The fund shall have the following powers in addition to those specially conferred elsewhere in this title: (1) to sue and be sued; (2) to have a seal and alter the same at its pleasure; (3) to make and alter by-laws for its organization and internal management; (4) to prescribe a system of accounts for the fund; (5) to purchase, receive, lease, accept jurisdiction over or otherwise acquire real or personal property necessary and convenient for its corporate purposes; to execute and deliver deeds for real property held in its own name; and to transfer, lease, sublease or otherwise make such real or personal property available to the transportation authority or the transit authority or their subsidiaries or to sell or otherwise to dispose of such real or personal property that, in the judgment of the fund, is no longer necessary for its corporate purposes; (6) subject to other provisions of law, to transfer upon such terms and conditions as is deemed appropriate such sums of money as are not required for other purposes; (7) to make and execute contracts, leases, subleases and all other instruments or agreements necessary or convenient for the exercise of its corporate powers and purposes; (8) with the consent of the transportation authority or the transit authority to use with or without compensation the agents, employees and facilities of those authorities or their subsidiaries; (9) to engage the services of construction, engineering, architectural, legal and financial consultants, surveyors and appraisers, on a contract basis or as employees, for professional service and technical assistance and advice; (10) to cause, by agreement with the transportation authority, transit facilities to be planned, designed, constructed, acquired, extended, reconstructed, rehabilitated, modernized, and otherwise improved, in accordance with the provisions of this title; (11) to procure such insurance as is deemed necessary; (12) to accept, administer and disburse federal and state aid and (13) to do any and all things necessary or convenient to carry out its corporate powers and purposes.

§ 1225-g. Agreement with the transportation authority. (a) To enable the fund to realize its public and governmental purpose, the fund may enter into agreements with the transportation authority, to which the transit authority may be a party, pursuant to which the transportation authority may plan, design, construct, acquire, extend, reconstruct, rehabilitate, modernize, or otherwise improve any transit facility, and the fund may lease any such transit facility from the transportation authority. The fund may apply the resources of the fund to the payment of rentals and other payments required from the fund by any such lease or other agreement and may pledge such resources as security for such payments to the transportation authority with respect to such leases or other agreements.

(b) To further enable the fund to realize its public and governmental purpose, the fund may enter into agreements with the transportation authority, to which the transit authority may be a party, for planning, design and feasibility studies, provided or caused to be provided by the transportation authority.

(c) Neither the state, nor the city, nor the transit authority shall be liable for any rentals or other payments payable by the fund to the transportation authority pursuant to the terms of any lease or other agreement entered into by the fund under this title; and the city shall not be required to pay for all or part of the cost of any transit facility provided pursuant to this title. Any such lease or other agreement shall contain among its terms a statement to that effect.

(d) A schedule of transit facilities authorized to be provided by the fund in accordance with the provisions of this title may be adopted as hereinafter provided, and the fund shall not enter into any lease or other agreement obligating the fund to pay money to the transportation authority unless such lease or other agreement shall relate to a transit facility contained in such schedule; nor unless, in the case of a transit facility which consists of a rapid transit railroad or portion thereof, a route and general plan for such transit facility shall have been previously approved pursuant to the provisions of the rapid transit law. The mayor, city council and city board of estimate shall have the power to adopt, veto, and amend such schedule and the amounts stated therein in the same manner provided under the city charter for capital projects. Such schedule shall not be deemed a part of the city's capital budget and the transit facilities contained in such schedule shall not be deemed city capital projects. Such schedule shall be published together with the capital budget accompanied by a statement to this effect. Such schedule shall specify the maximum amount of indebtedness secured by and payable from rental or other payments receivable from the fund which the transportation authority may incur with respect to each transit facility therein set forth. The fund shall not enter into any lease or other agreement which provides or contemplates that the transportation authority shall incur such indebtedness (i) which, for any such transit facility would exceed the amounts specified in such schedule, which amount shall not be reduced or rescinded except by amendment and shall in no event be reduced or rescinded by the city after such lease or other agreement has been executed without the written consent of the transportation authority, or (ii) which would bring the aggregate amount of such indebtedness of the transportation authority incurred pursuant to this title to an amount in excess of two hundred fifty million dollars. Notwithstanding any other limitation herein prescribed, the mayor shall increase the amount so specified for any such transit facility by the amount necessary to pay judgments, claims or awards including interest thereon against the transportation authority arising out of work undertaken pursuant to any such agreement, and the mayor may increase the amount so specified by not more than fifteen per cent in order to meet any costs required to complete such transit facility, or by any amount required to complete such transit facility when the cost to complete such transit facility has increased due to catastrophe. In the event that the mayor shall increase the amount so specified for any such transit facility for any of the foregoing reasons, the limitation on the aggregate amount of such indebtedness of the transportation authority which may be outstanding at any one time shall be increased by the same amount. In calculating the aggregate amount of such indebtedness of the transportation authority which may be increased pursuant to this title, there shall be excluded the amount of outstanding obligations to be refunded or received from the proceeds from the sale of, or to be exchanged for new obligations. Nothing herein contained shall be construed to require the fund or the transportation authority to enter into any lease or other agreement relating to one or more of the transit facilities contained in such schedule.

§ 1225-h. Resources of the fund. (a) Subject to the provisions of this title the trustees of the fund shall receive, accept, invest, administer, expend and disburse for its corporate purposes all monies for the transit construction fund from whatever sources derived.

(b) The monies of the fund shall be paid to the comptroller of the city as agent of the fund, who shall not commingle such monies with any other monies.

(c) The monies in any of the fund's accounts shall be paid out on checks signed by the comptroller of the city on requisitions of the chairman of the trustees of the fund or of such other officer or employee as the trustees shall authorize to make such requisition.

(d) Subject to the terms of any lease, sublease, or agreement undertaken by the fund, any such monies of the fund not required for immediate use may, at the discretion of the fund, be invested in obligations of the United States, the state or the city or in obligations the principal and interest of which are guaranteed by the United States or the state or for the payment of which the faith and credit of the United States or the state is pledged. The comptroller of the city, as agent of the fund, shall make the investments when so requested by the fund.

(e) The comptroller of the city or his legally authorized representative from time to time may examine the books and accounts of the fund, including its receipts, disbursements, contracts, reserves, investments, and any other matters relating to its financial standing. Such an examination shall be conducted by the comptroller of the city at least once every five years or, in lieu of such an examination, the comptroller of the city may accept from the fund an external examination of the fund's books and accounts made at the request of the trustees of the fund.

§ 1225-i. Payments to the fund. (a) To further enable the fund to realize its public and governmental purpose the city shall, in addition to any other financial assistance, annually pay to the fund in respect to each city fiscal year an amount equal to the aggregate of all rentals and other payments due and coming due to the transportation authority from the fund for that city fiscal year pursuant to any lease or other agreement entered into between the transportation authority and the fund, which amount shall be payable on or before the fifteenth day of September of such city fiscal year, provided however, that such amount shall have been appropriated by the city to the fund or shall otherwise have been made lawfully available for such purpose.

(b) In the event of the failure of the city to pay to the fund, on or before such fifteenth day of September, all or part of such amount, the fund or its designate shall forthwith make and deliver to the comptroller of the state a certificate stating such amount and the sum, if any, paid by the city to the fund with respect to such amount and further stating the difference between such amount and such sum, and, after the state comptroller shall have promptly given written notice to the budget director, such difference shall be paid to the fund or its designate whichever makes and delivers such certificate by the state comptroller out of any succeeding payments of state aid apportioned to the city as per capita aid for the support of local government pursuant to section fifty-four of the state finance law or such other aid or assistance payable by the state to the city and not otherwise allocated as shall supersede or supplement such state per capita aid, including federal moneys apportioned to the city by the state; except, however, that prior to any deductions from any such aid or assistance, the moneys, if any, then payable to the city university construction fund pursuant to the provisions of the city university construction fund act or to the New York city housing development corporation pursuant to the New York city housing development corporation act or to the transit authority pursuant to chapter seven of the laws of nineteen hundred seventy-two shall be paid in full to such fund, corporation or authority.

(c) Since the fund's continued discharge of its public and governmental purpose to provide transit facilities is of benefit to the city, the city shall pay, within the appropriations available therefor, the expenses of the establishment and continued operation of the fund.

(d) The city shall have the power to enter into agreements with the transportation authority to which the transit authority may be a party, to pay for planning, design and feasibility studies undertaken or caused to be undertaken by the transportation authority.

(e) Notwithstanding any other provision of law, the city shall have the power to contract indebtedness and to issue its obligations pursuant to the local finance law for the purpose of financing any payment authorized or required to be made by this section. Any such payment shall constitute an object or purpose for which the period of probable usefulness is hereby determined to be five years.

§ 1225-j. Federal, state and other aid. Subject to the provisions of chapter ten hundred seventy-three of the laws of nineteen hundred sixty-nine as amended by a chapter of the laws of nineteen hundred seventy-two, in the event that the transportation authority receives state or federal or other aid for a transit facility which defrays or reimburses expenditures paid for by the city or the fund or made out of the proceeds of bonds or notes of the transportation authority secured by and payable from rental or other payments receivable from the fund, the transportation authority shall forthwith pay over to the city the entire amount of such aid unless a lease or other agreement between the fund and the transportation authority shall provide otherwise.

For the purposes of any law conditioning the receipt of state aid for a transit facility on the appropriation, payment or expenditures by the city of a local share of the cost of such transit facility, the proceeds of bonds or notes issued by the transportation authority and secured by and payable from a pledge of payments or rentals receivable from the fund pursuant to any lease or other agreement between the fund and the transportation authority shall be counted toward the fulfillment of such local share.

§ 1225-k. Title to property. Title to any transit facility leased to the fund by the transportation authority pursuant to this title shall, on the expiration or termination of such lease, vest in the city.

§ 1225-l. Employees of the fund. 1. Notwithstanding any inconsistent provisions of this title, the appointment and promotion of all employees of and for the fund shall be made in accordance with the provisions of the civil service law under the jurisdiction of the city civil service commission and the compensation for such employees shall be fixed by the fund.

2. The city and the fund shall have the power to provide for the transfer to the fund of agents, employees and facilities of the city to enable the fund to fulfill its corporate purposes. Employees of the city to be transferred to the fund pursuant to this title shall be eligible for such transfer and appointment to offices and positions of the fund without further examination, and all such employees who have been appointed to positions in city service in accordance with the provisions of the civil service law under the rules of the city civil service

commission shall have the same status with respect thereto in the service of the fund as they had in city service. Employees who are members or beneficiaries of any existing pension or retirement system shall continue to have such rights, privileges, obligations or status with respect to such system or systems as are prescribed by law on the date this title takes effect, and all such employees who have been appointed to positions in city service in accordance with the provisions of the civil service law under the rules of the city civil service commission shall have the same status with respect thereto in the service of the fund as they had in city service.

§ 1225-m. Actions against fund. (a) An action against the fund for personal injury or property damage or founded on tort, except an action for wrongful death, shall not be commenced more than one year and ninety days after the cause of action thereof shall have accrued nor unless a notice of claim shall have been served on a trustee of the fund or officer or employee thereof designated by the fund for such purpose, within the time limited by, and in compliance with the requirements of section fifty-e of the general municipal law. An action against the fund for wrongful death shall be commenced in accordance with the notice of claim and time limitation provisions of title eleven of article nine of this chapter.

(b) The venue of every action, suit or special proceeding brought against the fund shall be laid in the county of New York.

(c) Neither any trustee of the fund nor any officer, employee, or agent of the fund, while acting within the scope of their authority, shall be subject to any personal liability resulting from exercising or carrying out of any of the fund's purposes or powers.

§ 1225-n. Assistance to the fund. The city may make grants of money or property to the fund for the purpose of enabling it to carry out its public purposes and for the exercise of its powers. This section shall not be construed to limit any other power the city may have to make such grants to the fund.

§ 1225-o. Corporation counsel to be attorney. The corporation counsel of the city shall be attorney and counsel for the fund.

§ 1225-p. Exemption from taxation. The monies and property of the fund and its operation shall be exempt from taxation.

§ 1225-q. Construction. It is the intent of the Legislature that this title be construed liberally so as to effectuate the public and governmental purpose thereof.

TITLE 10

UPPER MOHAWK VALLEY REGIONAL WATER FINANCE AUTHORITY

§ 1226-a. Short title. This title shall be known and may be cited as the "upper Mohawk valley regional water finance authority act."

§ 1226-b. Definitions. As used or referred to in this title, unless a different meaning clearly appears from the context:

1. "Authority" means the corporation created by section one thousand two hundred twenty-six-c of this title.

2. "Board of water supply" means the board of water supply of the city.

3. "Bonds" means the bonds, notes or other evidences of indebtedness issued by the authority pursuant to this title, and the provisions of this title relating to bonds and bondholders shall apply with equal force and effect to notes and noteholders, respectively, unless the context otherwise clearly requires.

4. "City" means the city of Utica, Oneida county.

5. "Civil service commission" means the civil service commission of the county of Oneida.

6. "Comptroller" means the comptroller of the state.

7. "Construction" or "constructed" means the acquisition, erection, building, alteration, improvement, increase, enlargement, extension, reconstruction, renovation or rehabilitation of a water facility; the inspection and supervision thereof; and the engineering, architectural, legal, fiscal and economic investigations and studies, surveys, designs, plans, working drawings, specifications, procedure and other actions preliminary or incidental thereto and claims arising therefrom.

8. "Cost", as applied to any project, includes the cost of construction, the cost of the acquisition of all property, including real property and other property, both real, personal and mixed, improved and unimproved, the cost of the demolishing, removing or relocating any buildings or structures on lands so acquired, including the cost of acquiring any lands to which such buildings or structures may be moved or relocated, the cost of all water facilities, machinery, apparatus and equipment, financing charges, interest prior to, during and after construction to the extent not paid or provided for from revenues or other sources, the cost of engineering and architectural surveys, plans and specifications, the cost of consultant and legal services, the cost of guarantee, bond insurance or other credit support devices and the cost of other expenses necessary or incidental to the construction of any such project and the financing of the construction thereof, including the amount authorized in the resolution of the authority providing for the issuance of bonds to be paid into any reserve or other special funds from the proceeds of such bonds and the financing of the placing of any project in operation, including reimbursement to any municipality, state agency, the state, the United States government, or any other person for expenditures that would be costs of the project hereunder had they been made directly by the authority.

9. "Council" means the common council of the city.

10. "County" means the county of Oneida, New York.

11. "County executive" means the county executive of the county.

12. "County legislature" means the county legislature of the county.

13. "Governing body" means the members of the authority or the water board, as the case may be, constituting and acting as the governing body of the authority or the water board, as the case may be.

14. "Mayor" means the mayor of the city.

15. "Municipality" means any county, city, town, village, special or improvement district under the town law or the county law, any other such instrumentality, including any agency, or public corporation of the state and the board of water supply, or any of the foregoing or any combination thereof located or operating within or partly within the service area.

16. "Person" means any natural person, firm, partnership, association, joint venture or corporation, exclusive of a public corporation as defined pursuant to article two-A of the general construction law.

17. "Project" means any water facility, including the planning, development, financing or construction thereof.

18. "Properties" means the water facility or facilities of the water board, whether situated within or without the territorial limits of the service area, including the plants, works, structures, instrumentalities or part thereof and appurtenances thereto, real property, or any other property incidental to and included in such facility or facilities or part thereof, and any improvements, extensions and betterments.

19. "Real property" means lands, structures, franchises, rights and interests in land, air space, waters, land underwater, riparian rights and air rights and any and all things and rights included within said term and includes not only fees simple absolute, but also any and all lesser interests including, but not limited to, easements,

rights-of-way, uses, leases, licenses and all other incorporeal hereditaments and every estate, interest or right, legal or equitable, including terms for years and liens thereon by way of judgments, mortgages or otherwise.

20. "Revenues" means all rates, fees, charges, payments and other income and receipts derived from the operation of the properties of the water board including, without limiting the generality of the foregoing, investment proceeds and proceeds of insurance, condemnation, and sale or other disposition of assets, together with all federal, state or municipal aid, if any.

21. "Service area" means the area comprising the entirety of each municipality in which water was provided by the city or the board of water supply on the date on which this title becomes effective, as such area shall hereinafter be expanded or decreased, from time to time, by special act of the state legislature.

22. "State" means the state of New York.

23. "State agency" means any state officer, public benefit corporation, department, board, commission, bureau or division, or other agency or instrumentality of the state.

24. "Water board" means the corporation created by special act of the state legislature as provided in section one thousand two hundred twenty-six-e of this title.

25. "Water facility" or "water facilities" means any plants, structures and other property, real, personal or mixed, acquired, rehabilitated, constructed or planned for the purpose of accumulating, supplying, transmitting, treating or distributing water, including but not limited to surface or groundwater reservoirs, basins, dams, canals, aqueducts, aqueduct taps, standpipes, conduits, pipelines, mains, pumping stations, pumps, water distribution systems, compensating reservoirs, intake stations, waterworks or sources of water supply, wells, purification or filtration plants or other treatment plants and

works, contract rights, franchises, approaches, connections, permits, water meters, rights of flowage or diversion and other plants, structures, equipment, vehicles, conveyances, real or personal property or rights therein and appurtenances thereto necessary or useful and convenient for the accumulation, supply, transmission, treatment or distribution of water.

§ 1226-c. Upper Mohawk valley regional water finance authority. 1. A public corporation to be known as the "upper Mohawk valley regional water finance authority" is hereby created for the public purposes and charged with the duties and having the powers provided in this title. The authority shall be a body corporate and politic constituting a public benefit corporation. The governing body of the authority shall consist of a total of five members, to be appointed and to serve as follows: one member, who shall be a resident of the city, shall be appointed by the council; one member, who shall be a resident of the city, shall be appointed by the mayor; one member shall be appointed by the county executive, which initially appointed member shall be a resident of the city and which subsequently appointed member's residence shall alternate between such member's being a resident of the service area outside of the city and a resident of the city; and two members shall be residents of the service area outside of the city and shall be appointed by the towns and villages within, either wholly or partly, the service area in accordance with the following procedure: one member shall be appointed by the town board of the town of New Hartford and alternately by the town board of the town of Whitestown. The first such member shall be appointed by the town board of the town of New Hartford. Following the expiration of that member's term, each subsequent member shall be appointed alternately by the town board of the town of Whitestown and then by the town board of the town of New Hartford; and one member shall be appointed by a majority vote of representatives in attendance at a meeting called for such purpose from the towns of Deerfield, Frankfort, Kirkland, Marcy, Trenton and Schuyler. For purposes of such vote, each such town shall appoint one representative to cast the vote for such town for such purpose. For purposes of appointment by such towns, such towns are hereby authorized to meet at such times and locations as a majority of such towns shall determine to appoint such members. No appointment made by the mayor shall be subject to confirmation by the council. No appointment made by the county executive shall be subject to confirmation by the county legislature. No appointment by the council shall be subject to approval or veto by the mayor. Failure by any party to appoint any member shall not invalidate the creation or establishment of the authority and shall result in the creation of a vacancy on the governing body of the authority which may be filled at any time by such party. The first member appointed by the council shall be appointed for a term of office ending on December thirty-first of the third year following the year in which this title shall have become law. The first member appointed by the mayor shall be appointed for a term ending on December thirty-first of the second year following the year in which this title shall have become law. The first member appointed by the county executive shall be appointed for a term ending on December thirty-first of the second year following the year in which this title shall have become law. The first member appointed by the towns of New Hartford, Marcy and Whitestown shall be appointed for a term of office ending on December thirty-first of the third year following the year in which this title shall have become law. The first member appointed by the other towns shall be appointed for a term ending on December thirty-first of the first year following the year in which this title shall have become law. Subsequent appointments of members shall be made for a term of three years ending in each case on December thirty-first of the last year of such term. All members shall continue to hold office until their successors are appointed and qualify. Vacancies shall be filled in the manner provided for original appointment. Vacancies, occurring otherwise than by expiration of term of office, shall be filled by appointment for the unexpired terms. Members may be removed from office by the party which appointed such member for inefficiency, neglect of duty or misconduct in office; provided, however, that such member shall be given a copy of the charges against him or her and an opportunity of being heard in person, or by counsel, in his or her defense upon not less than ten days notice. Any member required to be a resident of a specified area shall forfeit his or her membership on the governing body upon such member's termination of residence in such area, which forfeiture shall create a vacancy. The members of the authority shall receive no compensation for their services but shall be reimbursed for their actual and necessary expenses incurred in connection with the carrying out of the purposes of this title; provided, however, that no member shall be reimbursed for any expense exceeding one thousand dollars incurred with respect to any individual purpose unless the governing body at a meeting duly called and held when a quorum of three members are present shall have authorized the incurrence of such expense by such member. The powers of the authority shall be vested in and be exercised by the governing body at a meeting duly called and held where a quorum of three members are present. No action shall be taken except pursuant to the favorable vote of at least three voting members. All votes must be made in person at a meeting and no vote may be made by proxy. The governing body may delegate to one or more of its members, officers, agents or employees such powers and duties as it may deem proper.

2. The officers of the authority shall consist of a chair, a vice-chair, a treasurer and a secretary, who need not be a member of the authority. Such officers shall be appointed by the governing body and shall serve in such capacities at the pleasure of the governing body. In addition to the secretary, the governing body may appoint and at pleasure remove such additional officers and employees as it may determine necessary for the performance of the powers and duties of the authority and fix and determine their qualifications, duties and compensation, subject to the provisions of the civil service law. The governing body may also from time to time contract for expert professional services. The members, officers, executive director, if any, comptroller, if any, and counsel, if any, shall be an exempt position under any rule or classification of the civil service commission. The treasurer shall execute a bond, conditioned upon the faithful performance of the duties of his or her office, the amount and sufficiency of which shall be approved by the governing body and the premium therefor shall be paid by the authority.

3. Notwithstanding any inconsistent provision of any general, special or local law, ordinance, resolution or charter, no officer, member or employee of the state, any municipality, or any public benefit

corporation, shall forfeit his or her office or employment by reason of his or her acceptance of appointment as a member, officer, agent or employee of the authority, nor shall service as such member, officer, or employee be deemed incompatible or in conflict with such office, membership or employment.

4. (a) The county executive shall file on or before December thirty-first of the year in which this title shall have become a law, in the office of the secretary of state, a certificate signed by the county executive setting forth: (1) the name of the authority; (2) the names of the members appointed by the council, the mayor, the county executive, and the towns and their terms of office; and (3) the effective date of this title. If such certificate is not filed with the secretary of state on or before such date, then the corporate existence of the authority shall thereupon terminate and it shall thereupon be deemed to be and shall be dissolved.

(b) Except as provided in paragraph (a) of this subdivision, the authority and its corporate existence shall continue until terminated by law, provided, however, that no such law shall take effect so long as the authority shall have bonds or other obligations outstanding unless adequate provision has been made for the payment or satisfaction thereof. Upon termination of the existence of the authority, all of the rights and properties of the authority then remaining shall pass to and vest jointly in the city and the towns and villages in the service area in such a manner as prescribed by law.

5. It is hereby determined and declared that the authority and the carrying out of its powers and duties are in all respects for the benefit of the people of the service area and the state for the improvement of their health, welfare and prosperity and that such purposes are public purposes and that the authority is and will be performing an essential governmental function in the exercise of the powers conferred upon it by this title.

6. Nothing in this title shall be construed to obligate the state in any way in connection with the operations or obligations of the authority.

§ 1226-d. Powers of the authority. The authority shall have the power:

1. To sue and be sued.

2. To have a seal and alter the same at pleasure.

3. To borrow money and issue bonds or other obligations for its corporate purposes and to provide for the rights of the holders thereof.

4. To enter into contracts and to execute all instruments necessary or convenient or desirable for the purposes of the authority to carry out any powers expressly given to it in this title.

5. To enter into agreements with the water board, the board of water supply and any municipality for the financing by the authority of projects as herein provided.

6. To acquire by purchase, gift, grant, transfer, contract or lease or by condemnation pursuant to the eminent domain procedure law, lease as lessee, hold, and use any property, real, personal or mixed or any interest therein, as the authority may deem necessary, convenient or desirable to carry out the purpose of this title, provided, however, the authority shall not have the power to condemn property of the water board.

7. To apply to the appropriate agencies and officials of the federal, state and local governments for such licenses, permits or approvals of its plans or projects as it may deem necessary or advisable, and upon such terms and conditions as it may deem appropriate, and to accept, in its discretion, such licenses, permits or approvals as may be tendered to it by such agencies and officials.

8. To appoint such officers and employees as may be required for the performance of its duties, to fix and determine their qualifications, duties and compensation, and to retain or employ counsel, auditors,

engineers and private consultants on a contract basis or otherwise for rendering professional or technical services and advice.

9. To make plans and studies necessary, convenient or desirable for the effectuation of the purposes and powers of the authority and to prepare recommendations in regard thereto.

10. To make use of existing studies, surveys, plans, data and other material in the possession of any state agency, any municipality or the water board in order to avoid duplication of effort.

11. To enter upon such lands, waters or premises as in the judgment of the authority shall be necessary for the purpose of making surveys, soundings, borings and examinations to accomplish any purpose authorized by this title, the authority being liable only for actual damage done.

12. To apply for and to accept any gifts or grants or loans of funds or property or financial or other aid in any form from the federal government or any agency or instrumentality thereof, or from the state or any agency or instrumentality thereof or from any other source, for any or all of the purposes specified in this title, and to comply, subject to the provisions of this title, with the terms and conditions thereof.

13. To make and amend by-laws for its organization and management and regulation of its affairs and rules and regulations governing the exercise of its powers and the fulfillment of its purposes under this title. A copy of such rules, regulations and by-laws, and all amendments thereto, duly certified by the secretary of the authority shall be filed in the office of the clerk of each municipality within the service area.

14. To enter into cooperative agreements with other authorities, the board of water supply, municipalities, utility companies, individuals, or corporations, within or without the service area, for any lawful purposes necessary or desirable to effect the purposes of this title upon such terms and conditions as shall be determined to be reasonable.

15. With the consent of the chief executive officer of a municipality within the service area, to use officers and employees of such municipality and to pay a proper portion of compensation or costs for the services of such officers or employees.

16. For the purposes of article fifteen-A of the executive law only, the authority shall be deemed a state agency as that term is used in such article, and its contracts for procurement, design, construction, services and materials shall be deemed state contracts within the meaning of that term as set forth in such article.

17. To do all things necessary, convenient or desirable to carry out its purposes and for the exercise of the powers granted in this title.

§ 1226-e. Water board. 1. A water board, to be known as the "Upper Mohawk valley regional water board", may be created by a special act of the state legislature as a body corporate and politic, constituting a corporate municipal instrumentality of the state and having the powers and duties as provided in this title.

2. The governing body of the water board shall consist of a total of twelve members, to be appointed and to serve as follows: two members, each of whom shall be a resident of the city, shall be appointed by the council; two members, each of whom shall be a resident of the city, shall be appointed by the mayor; two members shall be appointed by the county executive, the first of which shall be a resident of a village located within the service area outside of the city and the second of which shall be a resident of the service area outside of the city, which second member shall be subject to confirmation by the Herkimer county legislature; two members shall be appointed by the county legislature, each of whom shall be a resident of the city; and four members shall be residents of the service area outside of the city and shall be appointed by the towns within, either wholly or partly, the service area in accordance with the following procedure: one member shall be appointed by the town board of the town of New Hartford; one member shall be appointed by the town board of the town of Whitestown; one member shall

be appointed by the town board of the town of Marcy and alternately by the town board of the town of Schuyler and then by the town board of the town of Kirkland. The first such member shall be appointed by the town board of the town of Marcy. Following the expiration of that member's term, such subsequently appointed member shall be appointed by the town board of the town of Schuyler. Following the expiration of that member's term, such subsequently appointed member shall be appointed by the town board of the town of Kirkland. Thereafter each such subsequent member shall be appointed alternately by the town board of the town of Marcy, then by the town board of the town of Schuyler and then by the town board of the town of Kirkland; one member shall be appointed by the town board of the town of Trenton and alternately by the town board of the town of Deerfield and then by the town board of the town of Frankfort. The first such member shall be appointed by the town board of the town of Trenton. Following the expiration of that member's term, such subsequently appointed member shall be appointed by the town board of the town of Deerfield. Following the expiration of that member's term, such subsequently appointed member shall be appointed by the town board of the town of Frankfort. Thereafter each such subsequent member shall be appointed alternately by the town board of the town of Trenton, then by the town board of the town of Deerfield and then by the town board of the town of Frankfort. No appointment made by the mayor shall be subject to confirmation by the council. No appointment made by the county executive shall be subject to confirmation by the county legislature. No appointment by the council shall be subject to approval or veto by the mayor. No appointment by the county legislature shall be subject to approval or veto by the county executive. Failure by any party to appoint any member shall not invalidate the creation or establishment of the water board and shall result in the creation of a vacancy on the governing body of the water board which may be filled at any time by such party. The first members appointed by the council shall be appointed for the following terms of office; one for a term ending on December thirty-first of the first year following the year in which this title shall have become law; and one for a term ending on December thirty-first of the third year following the year in which this title shall have become law. The first members appointed by the mayor shall be appointed for the following terms of office: one for a term ending on

December thirty-first of the first year following the year in which this title shall have become law; and one for a term ending on December thirty-first of the second year following the year in which this title shall have become law. The first village resident member appointed by the county executive shall be appointed for a term ending on December thirty-first of the second year following the year in which this title shall have become law. The first subject to Herkimer county legislative confirmation member appointed by the county executive shall be appointed for a term ending on December thirty-first of the third year following the year in which this title shall have become law. The first members appointed by the county legislature shall be appointed for the following terms of office: one for a term ending on December thirty-first of the first year following the year in which this title shall have become law; and one for a term ending on December thirty-first of the second year following the year in which this title shall have become law. The first member appointed by the town of New Hartford shall be appointed for a term of office ending on December thirty-first of the third year following the year in which this title shall have become law. The first member appointed by the town of Whitestown shall be appointed for a term ending on December thirty-first of the second year following the year in which this title shall have become law. The first member appointed by the town of Marcy, Schuyler or Kirkland shall be appointed for a term ending on December thirty-first of the third year following the year in which this title shall have become law. The first member appointed by the towns of Trenton, Deerfield and Frankfort shall be appointed for a term ending on December thirty-first of the first year following the year in which this title shall have become law. Subsequent appointments of members shall be made for a term of three years ending in each case on December thirty-first of the last year of such term. No member shall be a member of the governing body of the authority. All members shall continue to hold office until their successors are appointed and qualify. Vacancies shall be filled in the manner provided for original appointment. Vacancies, occurring otherwise than by expiration of term of office, shall be filled by appointment for the unexpired terms. Members may be removed from office by the party which appointed such member for inefficiency, neglect of duty or misconduct in office; provided, however, that such member shall be given a copy of the charges against him or her and an opportunity of being heard in person, or by counsel, in his or her defense upon not less than ten days notice. Any member required to be a resident of a specified area shall forfeit his or her membership on the governing body upon such member's termination of residence in such area, which forfeiture shall create a vacancy. The members of the water board shall receive no compensation for their services but shall be reimbursed for their actual and necessary expenses incurred in connection with the carrying out of the purposes of this title; provided, however, that no member shall be reimbursed for any expense exceeding one thousand dollars incurred with respect to any individual purpose unless the governing body at a meeting duly called and held when a quorum of seven members are present shall have authorized the incurrence of such expense by such member. The powers of the water board shall be vested in and be exercised by the governing body at a meeting duly called and held where a quorum of seven members are present. No action shall be taken except pursuant to the favorable vote of at least seven voting members. All votes must be made in person at a meeting and no vote may be made by proxy. The governing body may delegate to one or more of its members, officers, agents or employees such powers and duties as it may deem proper.

3. The officers of the water board shall consist of a chairman, a vice-chairman and a treasurer, who shall be members of the water board, and a secretary, who need not be a member of the water board. Such officers shall be appointed by the governing body and shall serve in such capacities at the pleasure of the governing body. In addition to the secretary, the governing body may appoint and at pleasure remove such additional officers and employees as it may determine necessary for the performance of the powers and duties of the authority, and fix and determine their qualifications, duties and compensation, subject to the provisions of the civil service law. The governing body may also from time to time contract for expert professional services. The members, officers, executive director, if any, comptroller, if any, and counsel, if any, shall be an exempt position under any rule or classification of the civil service commission. The treasurer shall execute a bond, conditioned upon the faithful performance of the duties of his or her office, the amount and sufficiency of which shall be approved by the

governing body and the premium therefor shall be paid by the water board.

4. Notwithstanding any inconsistent provision of any general, special or local law, ordinance, resolution or charter, no officer, member or employee of the state, any municipality, or any public benefit corporation, shall be deemed to have forfeited or shall forfeit his or her office or employment by reason of his or her acceptance of appointment as a member, officer, agent or employee of the water board, nor shall service as such member, officer, agent or employee be deemed incompatible or in conflict with such office, membership or employment.

5. (a) The county executive shall file on or before December thirty-first of the year following the year in which the special act of the state legislature creating the water board shall have become law, in the office of the secretary of state, a certificate signed by the county executive setting forth: (1) the name of the water board; (2) the names of the members appointed by the council, the mayor, the county executive, the county legislature and the towns, villages and county of Herkimer and their terms of office; and (3) the effective date of the special act of the state legislature creating the water board. If such certificate is not filed with the secretary of state on or before such date, then the corporate existence of the water board shall thereupon terminate and it shall thereupon be deemed to be and shall be dissolved.

(b) The water board and its corporate existence shall continue until terminated by law, provided, however, that no such law shall take effect so long as the water board shall have contractual duties or obligations outstanding unless adequate provision has been made for the satisfaction thereof. Upon termination of the existence of the water board, all of the rights and properties of the water board then remaining shall pass to and vest as follows: all properties acquired by the water board from either the city or the board of water supply, except properties identified at the time of transfer as being "southern reservoir property" shall vest in the city; all property identified at the time of transfer as being "southern reservoir property" shall vest jointly in the city and in the town of New Hartford; all other properties shall vest jointly in the city and the towns and villages in the service area in such a manner as prescribed by law.

6. It is hereby determined and declared that the water board and the carrying out of its powers and duties are in all respects for the benefit of the people of the service area and the state for the improvement of their health, welfare and prosperity and that such purposes are public purposes and that the water board is and will be performing an essential governmental function in the exercise of the powers conferred upon it by this title.

7. The water board shall establish and maintain its principal office at which it conducts its business in the city's city hall. Notwithstanding any general, special or local law or any charter provision, the city shall, and is hereby authorized to, lease to the water board such office space as the city and the water board mutually determine to be necessary and appropriate for the needs of the water board, which lease shall be for an initial term of thirty years and shall be for such consideration and shall contain such terms and conditions as the water board and the city shall determine reasonable and appropriate.

§ 1226-f. General powers of the water board. Except as otherwise limited by this title, the water board shall have power:

1. To sue and be sued.

2. To have a seal and alter the same at pleasure.

3. To enter into contracts and to execute all instruments necessary or convenient or desirable for the purposes of the water board to carry out any powers expressly given it in this title, provided nothing herein contained shall authorize the water board to borrow money or otherwise contract indebtedness.

4. To enter into agreements with the authority, the board of water supply and any municipality to provide a means whereby the authority

shall finance the cost of constructing projects, as described in the agreement, and the water board may agree to assume title to any such project, and to raise revenues from users through fees, rates or other service charges necessary or appropriate to secure such financing and to pay the cost of the operation, management and repair of any such project.

5. To acquire, by purchase, gift, grant, transfer, contract or lease or by condemnation pursuant to the eminent domain procedure law, lease as lessee, hold and use any property, real, personal or mixed or any interest therein, constituting or for use in connection with a project or otherwise, as the water board may deem necessary, convenient or desirable to carry out the purposes of this title. In connection with the acquisition of any property, the water board may assume and agree to perform covenants and observe the restrictions contained in any instrument to which any such property is subject; and furthermore the owner of any properties, which the water board is authorized to acquire, is hereby authorized to sell or otherwise transfer the same to the water board, whereupon the water board shall become charged with the performance of all public duties with respect to such properties with which such owner was charged and such owner shall become discharged from the performance thereof, and, subject to any limitations in any agreement entered into pursuant to this title, to sell, lease as lessor, transfer or otherwise dispose of any such property or interest therein; provided, however, that any property determined by the water board to be no longer necessary by the water board for use in fulfilling the purposes of the water board pursuant to this title which was acquired by the water board from either the city or the board of water supply, except property identified at the time of transfer as being "southern reservoir property", shall be conveyed, immediately after such property has been so determined to be no longer necessary by the water board, at no cost, to the city and, provided, further, that any property so determined to be no longer necessary by the water board which was identified as "southern reservoir property" shall be conveyed, immediately after such property has been so determined to be no longer necessary by the water board, at no cost, to the city and the town of New Hartford whereupon such property shall vest jointly in the city and

the town of New Hartford.

6. To acquire from any municipality, and/or the board of water supply, title to any water facility.

7. To make and amend by-laws for its organization and management and the regulation of its affairs and rules and regulations governing the exercise of its powers and the fulfillment of its purposes under this title including the sale of water and the collection of fees, rates and charges therefor. A copy of such rules, regulations and by-laws, and all amendments thereto, duly certified by the secretary of the water board shall be filed in the office of the clerk of each municipality within the service area.

8. To establish, fix, revise, charge and collect and enforce the payment of all fees, rates, and other service charges for the use of, or services rendered by, or any commodities furnished by any water facility so as to provide revenues which, together with other revenues available to the water board, if any, shall be at least sufficient at all times so that such facility or facilities shall be placed on a self-sustaining basis in accordance with this title.

9. To pledge its revenues and mortgage any or all of its properties to secure the obligations of the authority.

10. To construct, improve, maintain, develop, expand or rehabilitate water facilities.

11. To operate and manage and to contract for the operation and management of properties of the water board.

12. To enter into contracts, and carry out the terms thereof, for the provision of water produced by supply, transmission and distribution facilities constructed and/or operated by the water board, to municipalities, private water companies or to any person and to carry out the terms thereof.

13. To apply to the appropriate agencies and officials of the federal, state and local governments for such licenses, permits or approvals of its plans or projects as it may deem necessary or advisable, and upon such terms and conditions as it may deem appropriate, and to accept, in its discretion, such licenses, permits or approvals as may be tendered to it by such agencies and officials.

14. To appoint such officers and employees as it may require for the performance of its duties, and to fix and determine their qualifications, duties, and compensation, subject to the provisions of the civil service law and the rules of the civil service commission of the county, and to retain or employ counsel, auditors, engineers and private consultants on a contract basis or otherwise for rendering professional or technical services and advice.

15. To make plans and studies necessary, convenient or desirable for the effectuation of the purposes and powers of the water board and to prepare recommendations in regard thereto.

16. To make use of existing studies, surveys, plans, data and other material in the possession of any state agency, any municipality or the authority in order to avoid duplication of effort.

17. To enter upon such lands, waters or premises as in the judgment of the water board shall be necessary for the purpose of making surveys, soundings, borings and examinations to accomplish any purpose authorized by this title, the water board being liable only for actual damage done.

18. To apply for and to accept any gifts or grants or loans of funds or property or financial or other aid in any form from the federal government or any agency or instrumentality thereof, from the state or any agency or instrumentality thereof, from any municipality, the board of water supply, the authority or from any other source, for any or all of the purposes specified in this title, and to comply, subject to the provisions of this title, with the terms and conditions thereof.

19. To produce, develop, distribute, supply and sell water for

domestic, commercial and public purposes at wholesale or retail to public authorities, municipalities, the board of water supply, utility companies, private corporations, and persons or individual consumers within or without the service area.

20. To purchase water in bulk from any person, private corporation, public authority, utility company, the board of water supply or municipality when necessary or convenient for the operation of any water facility.

21. To enter into cooperative agreements with the authority, other authorities, any municipality, the board of water supply, any utility company, private corporation or person within or without the service area for the interconnection of facilities, the exchange or interchange of services and commodities or for the construction and operation and maintenance of a water facility by the water board for any municipality having power to construct and develop a water facility, upon such terms and conditions as shall be determined to be reasonable including but not limited to the reimbursement of all costs of such construction, or for any other lawful purposes necessary or desirable to effect the purposes of this title.

22. To enter into agreements with the authority and any municipality or the board of water supply, as herein provided.

23. To replace residential water service pipes containing lead and running from the curb box at a homeowner's property to the water meter in the residence and to accept an easement from the homeowner therefor.

24. To invest moneys not required for immediate use or disbursement, subject to such restrictions as may be imposed by any agreement with the authority, in such obligations or deposits with such banks or trust companies as it may determine and designate, provided that any such deposit with a bank or trust company shall be continuously and fully secured by direct obligations of the state or the United States of America, or obligations, the principal of and interest on which are guaranteed by the state or the United States of America, of a market

value equal at all times to at least the amount of the deposit.

25. To establish and maintain such reserves, special funds and accounts, to be held in trust or otherwise, as may be required by any agreement with the authority and/or any municipality in the service area.

26. With the consent of the chief executive officer of a municipality within the service area, to use officers and employees of such municipality and to pay a proper portion of compensation or costs for the services of such officers or employees.

27. For the purposes of article fifteen-A of the executive law only, the authority shall be deemed a state agency as that term is used in such article, and its contracts for procurement, design, construction, services and materials shall be deemed state contracts within the meaning of that term as set forth in such article.

28. To do all things necessary, convenient or desirable to carry out its purposes and for the exercise of the powers granted in this title.

§ 1226-g. Transfer of water facilities by the board of water supply or any municipality. 1. The board of water supply or any municipality may, by resolution approved by a majority of the entire voting strength of the applicable governing body of the board of water supply or municipality, as the case may be, enter into an agreement with the water board for the transfer, by deed, lease or other arrangement, to the water board, for use in the exercise of its corporate powers and purposes, of any property, real, personal or mixed or any interest therein, constituting a water facility or facilities or otherwise owned by it. Any such property offered to be transferred to the water board within the period commencing on the date the certificate described in paragraph (a) of subdivision five of section one thousand two hundred twenty-six-e of this title shall be filed by the county executive and terminating one hundred days thereafter shall be accepted by the water board in the physical condition in which it then exists. Any such agreement shall state the consideration, if any, for such transfer and shall provide that the authority shall assume the obligation to pay any or all outstanding indebtedness of the transferring body and/or pay all or part of any purchase or acquisition price in cash or in installments over such period of years, at such rate of interest, if any, and may be subject to such other terms and conditions as the water board, the authority, the board of water supply or municipality, as the case may be, shall agree to be fair, adequate and reasonable. Notwithstanding section six-l of the general municipal law or any other general, special or local law or charter provision to the contrary, the purchase or acquisition price, including cash proceeds and any installments to be paid by the authority to the board of water supply or to the city over a period of years, shall be paid to the city and deposited when received by the city in a trust fund hereby created and entitled "city of Utica capital improvement trust fund". Moneys in such trust fund shall be invested in the same manner as moneys of the city held in a capital reserve fund established pursuant to section six-c of the general municipal law may be invested. Not exceeding fifty per centum of the principal corpus plus interest earned or capital gain realized by the city in the immediately preceding fiscal year of the city from any such investment may be authorized to be and thereafter expended by a two-thirds vote of the council of the city for any city object or purpose defined as a capital improvement in subdivision nine of section 2.00 of the local finance law or to pay principal of or interest on obligations of the city issued for any capital improvement, provided: (i) the mayor shall have theretofore submitted to the council and the council shall have approved a five year capital plan for the city, and (ii) the capital improvement or improvements for which such moneys will be expended is described and approved in such capital plan, and (iii) notwithstanding paragraphs (i) and (ii) of this subdivision, the expenditure of any amount of such moneys specifically allocated in the city budget to pay the principal of or interest on any existing obligations of the city may be authorized in the same manner and by the same voting strength as provided for in the adoption of the annual city budget. The capital plan may be revised, from time to time, by the mayor and the council and may be amended, from time to time, as the mayor and the council shall determine necessary and appropriate. Any amount of interest earned or capital gain realized from any such investment and not expended in any fiscal year of the city as herein provided shall, on the first day of the next succeeding fiscal year of the city, be added to and become a part of the principal corpus of said trust fund. The trust fund shall terminate when the balance of all moneys remaining therein shall amount to less than two hundred thousand dollars. At such time the remaining principal corpus may be transferred to and deposited in the general fund of the city by a majority vote of the council of the city. Notwithstanding any provision of any general or local law or charter provision, neither the principal corpus of such trust fund nor any interest or capital gain realized from the investment thereof shall be utilized, transferred or advanced for any purpose or to any fund. To the extent not inconsistent with this title, any such agreement may impose such limitations or conditions as may be agreed upon by and between the board of water supply or such municipality and the water board with respect to the power of the water board to sell or otherwise dispose of any property acquired by the water board pursuant to such agreement. Notwithstanding the provisions of any general, special or local law or charter to the contrary, any action taken by the board of water supply or any municipality pursuant to this subdivision shall not be subject to a permissive or mandatory referendum and any such property, real, personal or mixed or any interest therein, need not be sold at public auction.

2. Any such agreement shall set forth the liabilities of the board of water supply or of any municipality which it is contemplated are to be paid by the authority or the water board from moneys available to it.

3. Any such agreement may provide for the payment by the board of water supply or any municipality to the water board of any funds, including the remaining proceeds of any bonds or notes issued for any water facility, to be transferred by the board of water supply or municipality to the water board as may be determined appropriate by such board of water supply or municipality and the water board.

4. The board of water supply, any municipality, the authority and the water board, or any combination thereof, are hereby authorized and

empowered to make or enter into any contracts, agreements, deeds, leases, conveyances or other instruments as may be necessary or appropriate to effectuate the purposes of this title, and they shall have power and authority to do so and to authorize the doing of all things incidental, desirable or necessary to implement the provisions of this title.

5. Notwithstanding the foregoing provisions of this section, no agreement relating to the transfer of water facilities contemplated by this section shall become effective for any purpose unless and until the same shall have been approved in writing by resolution of the authority.

6. Any application filed or proceeding heretofore commenced in relating to any water facility transferred to the water board pending with the state departments of environmental conservation or health or any other state agency or with the United States environmental protection agency or any other federal agency or instrumentality shall inure to and for the benefit of the water board and be binding upon the water board to the same extent and in the same manner as if the water board had been a party to such application or proceeding from its inception, and the water board shall be deemed a party thereto to the extent not prohibited by any federal law. Any license, approval, permit or decision heretofore or hereafter issued or granted pursuant to or as a result of any such application or proceeding shall inure to the benefit of and be binding upon the water board and shall be assigned and transferred by the board of water supply or applicable municipality to the water board unless such assignment and transfer is prohibited by federal law.

7. The rules and regulations of the water board may provide for the discontinuance or disconnection of the supply of water by the water board for non-payment of fees, rates or other charges therefor imposed by the water board, provided such discontinuance or disconnection of any supply of water shall not be carried out except in the manner and upon the notice as is required of a waterworks corporation pursuant to subdivisions three-a, three-b and three-c of section eighty-nine-b and section one hundred sixteen of the public service law.

§ 1226-h. Agreements among the water board, board of water supply, municipalities and the authority for the provision of projects. 1. The authority, the water board, the board of water supply and any municipality may enter into agreements for the purpose of providing for the construction and financing of a project.

2. Any such agreements: (i) shall describe in sufficient detail for reasonable identification the particular project to be financed in whole or in part by the authority, (ii) shall describe the plan for the financing of the cost of the construction of such project, including the amount, if any, to be provided by the water board and the source or sources thereof, (iii) shall set forth the method by which and by whom and the terms and conditions upon which moneys provided by the authority shall be disbursed, (iv) may require, in the discretion of the authority, the payment to the authority of the proceeds of any state and federal grants available to the water board, (v) shall provide for the establishment of user fees, rates and other charges and the charging and collection thereof by the water board for the use of, or services furnished, rendered or made available by such project such as to provide that the water board receive revenues at least sufficient, together with other revenues of the water board, if any, to meet the requirements of this title, (vi) may provide for the transfer by the board of water supply or by any municipality to the water board pursuant to this title of ownership of any project, (vii) may provide for the construction and completion of such project by such municipality or the water board and for the operation, maintenance and repair thereof, subject to such terms and conditions, not inconsistent with this title, which may be in the public interest and necessary or desirable properly and adequately to secure the holders of bonds of the authority, (viii) shall provide for the discontinuance or disconnection of the supply of water for non-payment of fees, rates or other charges therefor imposed by the water board, provided such discontinuance or disconnection of any supply of water shall not be carried out except in the manner and upon the notice as is required of a waterworks corporation pursuant to subdivisions three-a, three-b and three-c of section eighty-nine-b and

section one hundred sixteen of the public service law, and (ix) in the discretion of the authority, require reports concerning the project from the water board to the authority and any municipality.

3. If the city executes an agreement pursuant to this section, relating to the financing of projects by revenue bonds, it shall have and shall be deemed to have annulled its power to levy user fees, rents and other charges on participating properties or customers for the cost of financing, operating and maintaining such projects under its jurisdiction until all bonds of the authority shall have been paid or discharged in accordance with the agreement and the resolution of the authority authorizing such bonds. If the city has outstanding general obligation bonds issued for acquiring or constructing water or sewerage facilities, whether the bonds are payable from revenues, special assessments, or taxes, it may authorize the authority pursuant to the agreement to issue its revenue bonds under this title for the purpose of retiring the outstanding bonds.

4. No such agreement shall be executed until the water board shall have held a public hearing at which users of the project shall have had opportunity to be heard concerning the proposed provisions thereof. Notice of such hearing shall be published not less than ten nor more than twenty days in advance in a newspaper or newspapers having a general circulation in the service area as designated by the water board.

5. Such agreement shall be effective upon the issuance by the authority of bonds to finance the cost of constructing projects of the city or the water board.

6. Any such agreement may be amended, revised or extended by supplemental agreements authorized and executed in the same manner as the original agreement, provided that any such supplemental agreement shall not be inconsistent with the provisions of this title.

7. (a) Following the execution of the initial agreement by and between the authority, the water board, the board of water supply and any

municipality pursuant to this section, the secretary of the water board shall, and following the execution of any subsequent agreement by and between the authority, the water board, the board of water supply, and any municipality pursuant to this section may, publish a notice in substantially the following form:

"Notice is hereby given that (here insert the parties to the agreement) (has) (have) on the _ day of _ entered into an agreement with the upper Mohawk valley regional water finance authority in relation to the construction and financing of (here insert a brief description of the water project or facility to which such agreement relates) pursuant to the upper Mohawk valley regional water finance authority act for the purpose of placing its water facilities on an independent basis, imposing fees and rates on water users, which, together with other revenues available for such purposes, if any, are sufficient to pay to the authority debt service on bonds issued by the authority pursuant to the agreement and for operation and maintenance of the facility (title to which is transferred to the water board pursuant to the agreement). Such agreement in general terms provides (here insert a brief summary of the substantive provisions of such agreement).

A copy of the complete agreement is on file for public inspection in the office of the secretary of the water board where the same may be examined by any interested person during regular business hours. The validity of the agreement may be hereafter contested only upon the ground or grounds that: (i) such agreement violates, or the performance of any provision thereof by any party thereto would violate, the provisions of the state constitution or (ii) the provisions of law which should have been complied with in relation to the authorization and execution thereof were not substantially complied with, and an action, suit or proceeding is commenced within sixty days after the date of this notice."

(b) The publication authorized by this subdivision shall be in a newspaper or newspapers having a general circulation in the service area as designated by the water board.

(c) After the expiration of the sixty day period set forth in such notice, the validity of such agreement shall be conclusively presumed and the validity thereof shall not thereafter be questioned by either a party plaintiff or a party defendant and no court shall have jurisdiction in any action, suit or proceeding contesting such validity.

(d) Neither any error nor omission in the notice of publication provided for in this subdivision shall affect or impair the validity of an agreement executed pursuant to this section so long as the notice substantially conforms to the provisions of this section.

§ 1226-i. Imposition and disposition of fees, rates or charges. 1. The water board shall establish, fix and revise, from time to time, fees, rates or other charges for the use of, or services furnished, rendered or made available by, all projects and water facilities owned, leased or utilized by the water board pursuant to this title in an amount at least sufficient at all times so as to provide funds in an amount sufficient, together with other revenues available to the board, if any, (i) to pay to the authority, in accordance with any agreement with the authority, an amount sufficient for the purpose of paying the principal of and the interest on the outstanding bonds of the authority as the same shall become due and payable and maintaining or funding a capital or debt service reserve fund therefor, if any, or any other fund determined necessary by the authority, and, if applicable (ii) to pay to any municipality, in accordance with this title or any agreement entered into pursuant to this title, an amount sufficient for the purpose of paying any payment in lieu of taxes as the same shall become due and payable, (iii) to raise an amount sufficient for the purpose of paying the costs of administering, maintaining, repairing and operating any water facility, (iv) to meet any requirements of any agreement, including requirements relating to the establishment of reserves for renewal and replacement and for uncollected charges and covenants respecting rates, (v) to pay all other reasonable and necessary expenses of the authority and the water board in relation thereto, and (vi) to pay or provide for such other purposes or projects as the water board considers appropriate and in the public interest.

2. No fee, rate or other charge shall be established, fixed or revised unless and until the water board has held a public hearing at which the users of the water facility, the owners of property served or to be

served and other interested persons have had an opportunity to be heard concerning the same. Notice of such public hearing shall be published by the water board not less than ten nor more than twenty days before the date set therefor in a newspaper or newspapers having general circulation in the service area, as shall be designated by the water board. Such notice shall set forth the date, time and place of such hearing and shall include a brief description of the matters to be considered at such hearing. A copy of the notice shall be filed in the office of the secretary of the water board and shall be available for inspection by the public. At all such hearings, all users of the water facilities, owners of property served or to be served and any other interested persons shall have an opportunity to be heard concerning the matters under consideration. Any decision of the water board on matters considered at such public hearing shall be in writing and be made available in the office of the secretary of the water board for public inspection. Such decision shall be published in a newspaper or newspapers having a general circulation in the service area as shall be designated by the water board not later than thirty days after such decision is made. The fees, rates or other charges so established for any class of users of property served shall be extended to cover any additional premises thereafter served which are within the same class, without the necessity of a hearing thereon. The water board shall exempt the facility currently operated by the Utica zoological society and located on Steele Hill road, Utica, commonly known as the Utica zoo, from the payment of fees, rates or charges for water. The water board may also determine to exempt the municipalities within the service area from the payment of all or any part of fees, rates or other charges as the water board deems appropriate; provided, however, that (i) any such exemption shall be established by and set forth in a resolution of the governing body of the water board, (ii) such resolution shall be mailed or delivered to all municipalities within or partly within the service area prior to the date on which any such exemption shall take effect, and (iii) any such exemption shall apply equally and uniformly to all such municipalities.

3. The fees, rates or other charges established, fixed and revised from time to time by the water board shall be collected by the water

board at such times and in such manner as may be determined by the rules and regulations adopted by the water board consistent with the provisions of this title.

4. Such fees, rates or other charges, if not paid when due, shall constitute a lien upon the premises served and a charge against the owners thereof, which lien and charge shall bear interest at the same rate as would unpaid taxes of the county. Such lien shall take precedence over all other liens or encumbrances, except taxes, and may be foreclosed against the lot or building served in the same manner as a lien for such taxes. The amount which remains due and unpaid for sixty days may, with interest thereon at the same rate as unpaid county taxes and with reasonable attorneys' fees, be recovered by the water board in a civil action in the name of the water board against such owners. In addition to any other lawful enforcement methods and pursuant to rules and regulations of the water board promulgated pursuant to this title, the payment of fees, rates, or other charges for water service to any premises may be enforced by discontinuing the water service to such premises provided that such discontinuance or disconnection of any supply of water shall not be carried out except in the manner and upon the notice as is required of a waterworks corporation pursuant to subdivisions three-a, three-b and three-c of section eighty-nine-b and section one hundred sixteen of the public service law.

5. The water board shall pay to the authority such amounts at such times and in such manner as may be provided in the agreement by and among the authority, the water board, the board of water supply, and any municipality consistent with the priorities set forth in such agreement. There is hereby created a lien, by this title made a statutory lien within the meaning of the uniform commercial code and any other state or federal law, upon the gross revenues of the water board, in favor of the payment of all amounts due pursuant to such agreement and in the order and priority set forth therein and which lien shall be a first lien upon such gross revenues. The gross revenues so subject to such statutory lien shall be and remain subject to such statutory lien until the payment in full of each such item in accordance with such priority. Said statutory lien shall not be construed to give any holder or owner of any

bond of the authority power to compel the sale of any water facility.

6. If there be any default by the water board, in the making of the payments to the authority required under this title, as a result of the failure by the water board to impose sufficient fees, rates or other charges, the authority may petition for the appointment by any court having jurisdiction in any proper action of a receiver to administer on behalf of the water board, under the direction of said court, the affairs of the water board in order to achieve revenues at least sufficient to make such payments; and by and with the approval of said court, to establish, fix and revise, from time to time, fees, rates or other charges at least sufficient therefor in conformity with this title, and the resolution or trust indenture of the authority providing for the issuance of its bonds and in accordance with such orders as the court shall make.

7. The water board shall prepare and transmit to each town in the service area on or before the first day of September in each year, to each village in the service area on or before the first day of February in each year and to the city on or before the first day of February in each year a list of those persons or property owners within such municipality who are in arrears in the payment of fees, rates, or other charges for a period of sixty days or more after the last day fixed for payment thereof without penalty. The list shall contain a brief description of the properties for which the services were provided, the names of the persons liable to pay for the same and the amounts chargeable to each, including applicable penalties and interest. The municipality shall levy or cause to be levied such sums against the properties liable and shall state the amount thereof in a separate column in the annual tax rolls of such municipality under the name of "delinquent water charges". Such amounts, as and when collected by such municipality, shall be paid over to the water board. All of the provisions of the tax laws of the state covering the enforcement and collection of unpaid taxes of an applicable municipality shall apply to the collection of such unpaid fees, rates or other charges. In the event that the enforcement of unpaid taxes, including unpaid delinquent water charges, does not yield moneys sufficient to pay in full all unpaid

taxes including unpaid delinquent water charges, the amount of unpaid water charges to be paid to the water board shall be prorated.

8. Neither the public service commission, the department of environmental conservation nor any municipal or state agency, shall have any jurisdiction over the water board or the authority or any power over the regulation of the fees, rates or other charges established, fixed or revised by the water board except as provided by law with respect to the supply of water to users outside the service area. The decision dated September fourteen, nineteen hundred thirty-seven of the water power and control commission, predecessor to the department of environmental conservation, with respect to the supply, distribution of and payment for water by and to the city shall be of no force and effect subsequent to the date on which the water board shall supply, distribute and sell water in the service area pursuant to this title.

§ 1226-j. Appropriations for purposes of water board or the authority; transfer of property to water board or authority; acquisition of property by municipality for authority; contracts with municipality. 1. In addition to any powers granted to it by law, any municipality may, from time to time, appropriate by resolution sums of money for purposes of either the water board or the authority to defray project costs or any other costs and expenses of either the water board or the authority or to pay amounts payable or anticipated to be payable to either the water board or the authority pursuant to any agreement authorized by this title. Subject to the rights of bondholders, such municipality may determine if the moneys so appropriated shall be subject to repayment by either the water board or the authority and, in such event, the manner and time or times for such repayment.

2. Any municipality may give, grant, sell, convey, loan or license the use of or lease to either the water board or to the authority any properties which are useful to either the water board or the authority in order to carry out their powers under this title. Any such transfer of property shall be for such term and upon such terms and conditions, subject to the rights of the holders of any bonds, as the authority and

such municipality may agree, including provision for the authority to assume the primary responsibility for the payment of any bonds or notes issued by such municipality for such properties.

3. Notwithstanding the provisions of any other law, general, special or local to the contrary, real property acquired by either the water board, the authority or any municipality from the state may be used for any corporate purpose of either the water board or the authority.

4. One or more of the municipalities within the service area, the water board and/or the authority shall have the power to contract, from time to time, between or among themselves, in relation to the purchase, sale, production, accumulation, supply, transmission, or treatment of water, and/or the construction, use, sale and/or leasing, of any water facility of the water board, which contracts may include any or all of the following provisions: (i) requiring the purchase by any municipality of specified amounts of water; (ii) requiring the use by any municipality of a water facility; (iii) limiting the right, including a prohibition, of any municipality to construct a water facility which will serve the same, or substantially the same, function as a water facility constructed or to be constructed by the municipality; (iv) requiring the water board to reserve capacity in any water facility to assure the availability to any municipality of a specified amount of water or of the use of any water facility; (v) providing for specified minimum periodic payments whether or not water is actually taken and used, or such water facility is actually used, subject to such limitations, exceptions and provisions therein, and (vi) requiring any municipality to pay to the water board such amounts as shall be necessary to assure the continued operation of the water board. All such payments shall be determined and paid in such manner and at such times as may be provided in such contracts.

5. No gift, grant, sale, conveyance, loan, contract or lease authorized by this section shall be subject to referendum, permissive or otherwise.

§ 1226-k. Transfer of officers and employees. 1. In accordance with the provisions of section seventy of the civil service law, any officer or employee of the board of water supply, may, at the request of the authority and with the consent of such board, be transferred to the authority and shall be eligible for such transfer and appointment, without further examination, to applicable offices, positions and employment under the authority. Any such officers or employees so transferred to the authority pursuant to this section, who are members of or benefit under any existing pension or retirement fund or system, shall continue to have all rights, privileges, obligations and status with respect to such fund or system as are now prescribed by law, but during the period of their employment by the authority, all contributions to such funds or systems to be paid by the employer on account of such officers or employees shall be paid by the authority.

2. A transferred employee shall remain in the same collective bargaining unit as was the case prior to his or her transfer; successor employees to the positions held by such transferred employees shall, consistent with the provisions of article fourteen of the civil service law, be included in the same unit as their predecessors. Employees serving in positions in newly created titles shall be assigned to the same collective bargaining unit as they would have been assigned to such unit were such titles created prior to the establishment of the authority. Nothing contained in this title shall be construed (a) to diminish the rights of employees pursuant to a collective bargaining agreement or (b) to affect existing law with respect to an application to the public employment relations board seeking a designation by the board that certain persons are managerial or confidential.

§ 1226-l. Bonds of the authority. 1. The authority shall have the power and is hereby authorized from time to time to issue bonds, notes or other obligations to pay the cost of any project or for any other corporate purpose, including the establishment of reserves to secure the bonds, the payment of principal of, premium, if any, and interest on the bonds and the payment of incidental expenses in connection therewith.

(a) The aggregate principal amount of such bonds, notes or other obligations shall not exceed one hundred fifty million dollars ($150,000,000), excluding bonds, notes or other obligations issued to refund or otherwise repay bonds, notes or other obligations theretofore issued for such purposes; provided, however, that upon any such refunding or repayment the total aggregate principal amount of outstanding bonds, notes or other obligations may be greater than one hundred fifty million dollars ($150,000,000) only if the present value of the aggregate debt service of the refunding or repayment bonds, notes or other obligations to be issued shall not exceed the present value of the aggregate debt service of the bonds, notes or other obligations so to be refunded or repaid.

(b) Provided further that no such bonds, notes or other obligations that such board has determined to be reasonably necessary to service manufacturing facilities constructed or to be constructed in the service area after January first, two thousand fourteen shall be issued if such issuance would cause the aggregate principal amount of such bonds, notes or other obligations outstanding to exceed one hundred fifty million dollars. Provided, however, that upon any such refunding or repayment the total aggregate principal amount of outstanding bonds, notes or other obligations may be greater than one hundred million fifty dollars ($150,000,000) only if the present value of the aggregate debt service of the refunding or repayment bonds, notes or other obligations to be issued shall not exceed the present value of the aggregate debt service of the bonds, notes or other obligations so to be refunded or repaid.

For purposes hereof, the present values of the aggregate debt service of the refunding or repayment bonds, notes or other obligations and of the aggregate debt service of the bonds, notes or other obligations so refunded or repaid, shall be calculated by utilizing the effective interest rate of the refunding or repayment bonds, notes or other obligations, which shall be that rate arrived at by doubling the semi-annual interest rate (compounded semi-annually) necessary to discount the debt service payments on the refunding or repayment bonds, notes or other obligations from the payment dates thereof to the date of issue of the refunding or repayment bonds, notes or other obligations and to the price bid including estimated accrued interest or proceeds received by the authority including estimated accrued interest from the sale thereof. The authority shall have power and is hereby authorized to enter into such agreements and perform such acts as may be required under any applicable federal legislation to secure a federal guarantee of any bonds.

2. The authority shall have power from time to time to renew bonds or to issue renewal bonds for such purpose, to issue bonds to pay bonds, and, whenever it deems refunding expedient, to refund any bond by the issuance of new bonds, whether the bonds to be refunded have or have not matured, and may issue bonds partly to refund bonds then outstanding and partly for any other corporate purpose of the authority. Bonds (other than notes or other evidence of indebtedness) issued for refunding purposes, which have a final maturity date longer than the maturity of the bonds being refunded, shall be approved by a resolution of the county legislature adopted by a majority vote and approved by the county executive. Bonds issued for refunding purposes shall be sold and the proceeds applied to the purchase, redemption or payment of the bonds or notes to be refunded.

3. Bonds issued by the authority may be general obligations secured by the faith and credit of the authority or may be special obligations payable solely out of particular revenues or other moneys as may be designated in the proceedings of the authority under which the bonds shall be authorized to be issued, subject as to priority only to any agreements with the holders of outstanding bonds pledging any particular property, revenues or moneys. The authority may also enter into loan agreements, lines of credit and other security agreements and obtain for or on its behalf letters of credit, insurance, guarantees or other credit enhancements to the extent now or hereafter available, in each case for securing its bonds or to provide direct payment of any costs which the authority is authorized to pay.

4. Bonds shall be authorized by resolution of the authority, be in such denominations and bear such date or dates and mature at such time or times, as such resolution may provide, provided that bonds and renewals thereof shall mature within forty years from the date of original issuance of any such bonds.

Bonds shall be subject to such terms of redemption, bear interest at such rate or rates, be payable at such times, be in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, and be subject to such terms and conditions as such resolution may provide. Notwithstanding any other provision of law, the bonds of the authority issued pursuant to this section shall be sold to the bidder offering the lowest true interest cost, taking into consideration any premium or discount not less than four nor more that fifteen days, Sundays excepted, after a notice of such sale has been published at least once in a newspaper of general circulation in the area served by the authority, which shall state the terms of the sale. The terms of the sale may not change unless notice of such change is published in such newspaper at least one day prior to the date of the sale as set forth in the original notice of sale. Advertisements shall contain a provision to the effect that the authority, in its discretion, may reject any or all bids made in pursuance of such advertisements, and in the event of such rejection, the authority is authorized to negotiate a private or public sale or readvertise for bids in the form and manner above described as many times as, in its judgment, may be necessary to effect satisfactory sale.

Notwithstanding the provisions of the preceding paragraph, whenever in the judgment of the authority the interests of the authority will be served thereby, the members of the authority, on the written recommendation of the chairperson, may authorize the sale of such bonds at private or public sale on a negotiated basis or on either a competitive or negotiated basis. The authority shall set guidelines governing the terms and conditions of any such private or public sales. The private or public bond sale guidelines set by the authority shall include, but not be limited to, a requirement that where the interests of the authority will be served by a private or public sale of bonds, the authority shall select underwriters for each private or public bond sale conducted pursuant to a request for proposal process and consideration of proposals from qualified underwriters taking into account, among other things, qualifications of underwriters as to experience, their ability to structure and sell authority bond issues, anticipated costs to the authority, the prior experience of the authority with the firm, if any, the capitalization of such firms, participation of qualified minority and women-owned business enterprise firms in such private or public sales of bonds of the authority and the experience and ability of firms under consideration to work with minority and women-owned business enterprises so as to promote and assist participation by such enterprises.

The authority shall have the power from time to time to amend such private bond sale guidelines in accordance with the provisions of this subdivision.

No private or public bond sale on a negotiated basis shall be conducted by the authority without prior approval of the state comptroller and the county comptroller. The authority shall annually prepare and approve a bond sale report which shall include the private or public bond sale guidelines as specified in this subdivision, amendments to such guidelines since the last private or public bond sale report, an explanation of the bond sale guidelines and amendments, and the results of any sale of bonds conducted during the fiscal year. Such bond sale report may be a part of any other annual report that the authority is required to make.

The authority shall annually submit its bond sale report to the state comptroller and the county comptroller and copies thereof to the senate finance committee and the assembly ways and means committee.

The authority shall make available to the public copies of its bond sale report upon reasonable request thereof.

Nothing contained in this subdivision shall be deemed to alter, affect the validity of, modify the terms of or impair any contract or agreement made or entered into in violation of, or without compliance with, the provisions of this subdivision.

5. Any resolution or resolutions authorizing bonds or any issue of

bonds may contain provisions which may be a part of the contract with the holders of the bonds thereby authorized as to:

(a) pledging all or part of the revenues, other monies or property of the authority to secure the payment of the bonds, or any costs of issuance thereof, including but not limited to any contracts, earnings or proceeds of any grant to the authority received from any private or public source subject to such agreements with bond holders as may then exist;

(b) the setting aside of reserves and the creation of sinking funds and the regulation and disposition thereof;

(c) limitations on the purpose to which the proceeds from the sale of bonds may be applied;

(d) the rates, rents, fees and other charges to be fixed and collected by the authority and the amount to be raised in each year thereby and the use and disposition of revenues;

(e) limitations on the right of the authority to restrict and regulate the use of the project or part thereof in connection with which bonds are issued;

(f) limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured and the refunding of outstanding or other bonds;

(g) the procedure, if any, by which the terms of any contract with bond holders may be amended or abrogated, the amount of bonds the holders of which must consent thereto, and the manner in which such consent may be given;

(h) the creation of special funds into which any revenues or monies may be deposited;

(i) the terms and provisions of any trust, mortgage, deed or indenture securing the bonds under which the bond may be issued;

(j) vesting in a trustee or trustees such properties, rights, powers and duties in trust as the authority may determine which may include any or all of the rights, powers and duties of the trustees appointed by the bond holders to appoint a trustee pursuant to this title or limiting the rights, duties and powers of such trustee;

(k) defining the acts or omissions to act which may constitute a default in the obligations and duties of the authority to the bond holders and providing for the rights and remedies of the bond holders in the event of such default, including as a matter of right appointment of a receiver, provided, however, that such rights and remedies shall not be inconsistent with the general laws of the state and other provisions of this title;

(l) limitations on the power of the authority to sell or otherwise dispose of any project or any part thereof;

(m) limitations on the amount of revenues and other monies to be expended for operating, administrative or other expenses of the authority;

(n) the payment of the proceeds of bonds, revenues and other monies to a trustee or other depository, and for the method of disbursement thereof with such safeguards and restrictions as the authority may determine; and

(o) any other matters of like or different character which in any way affect the security or protection of the bonds or the rights and remedies of bondholders.

6. In addition to the powers herein conferred upon the authority to secure its bonds, the authority shall have power in connection with the issuance of bonds to adopt resolutions and enter into such trust indentures, agreements or other instruments as the authority may deem necessary, convenient or desirable concerning the use or disposition of its revenues or other monies or property, including the mortgaging of any property and the entrusting, pledging or creation of any other security interest in any such revenues, monies or property and the doing of any act, including refraining from doing any act which the authority would have the right to do in the absence of such resolutions, trust indentures, agreements or other instruments. The authority shall have power to enter into amendments of any such resolutions, trust indentures, agreements or other instruments. The provisions of any such resolutions, trust indentures, agreements or other instruments may be made a part of the contract with the holders of bonds of the authority.

7. Any provision of the uniform commercial code to the contrary notwithstanding, any pledge of or other security interest in revenues, monies, accounts, contract rights, general intangibles or other personal property made or created by the authority shall be valid, binding and

perfected from the time when such pledge is made or other security interest attaches without any physical delivery of the collateral or further act, and the lien of any such pledge or other security interest shall be valid, binding and perfected against all parties having claims of any kind in tort, contract or otherwise against the authority irrespective of whether or not such parties have notice thereof. No instrument by which such a pledge or security interest is created nor any financing statement need be recorded or filed.

8. Whether or not the bonds are of such form and character as to be negotiable instruments under the terms of the uniform commercial code, the bonds are hereby made negotiable instruments within the meaning of and for all the purposes of the uniform commercial code, subject only to the provisions of the bonds for registration.

9. Neither the members of the authority nor any person executing its bonds shall be liable personally on its bonds or be subject to any personal liability or accountability by reason of the issuance thereof.

10. Subject to such agreements with bondholders as may then exist, the authority shall have power out of any funds available therefor to purchase bonds of the authority, which shall thereupon be cancelled, at a price not exceeding (a) if the bonds are then redeemable, the redemption price then applicable plus accrued interest to the next interest payment date, or (b) if the bonds are not then redeemable, the redemption price applicable on the first date after such purchase upon which the bonds become subject to redemption plus accrued interest to the next interest payment date. Bonds so purchased shall thereupon be cancelled.

§ 1226-m. Remedies of bondholders. Subject to any resolution or resolutions adopted pursuant to this title:

1. In the event that the authority shall default in the payment of principal of or interest on any issue of bonds after the same shall become due, whether at maturity or upon call for redemption, and such

default shall continue for a period of thirty days, or in the event that the authority shall fail or refuse to comply with the provisions of this title or shall default in any agreement made with the holders of any issue of bonds, the holders of twenty-five percent in aggregate principal amount of the bonds of such issue then outstanding, by instrument or instruments filed in the office of the clerk of Oneida county and provided or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of such bonds for the purpose herein provided.

2. Such trustee may and, upon written request of the holders of twenty-five percent in principal amount of such bonds outstanding, shall in his, her or its own name:

(a) by action or proceeding in accordance with the civil practice law and rules, enforce all rights of the bondholders, including the right to require the authority to require the water board to collect fees, rates and charges adequate to carry out any agreement as to, or pledge of, such fees, rates and charges and to require the authority to carry out any other agreements with the water board and/or any municipality and/or the holders of such bonds to perform its duties under this title;

(b) bring an action or proceeding upon such bonds;

(c) by action or proceeding, require the authority to account as if it were the trustee of an express trust for the holders of such bonds;

(d) by action or proceeding, enjoin any acts or things which may be unlawful or in violation of the rights of the holders of such bonds; and

(e) declare all such bonds due and payable, and if all defaults shall be made good, then with the consent of the holders of twenty-five percent of the principal amount of such bonds then outstanding, annul such declaration and its consequences.

3. Such trustee shall in addition to the foregoing have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth herein or incident to the general representation of bondholders in the enforcement and protection of their rights.

4. The supreme court shall have jurisdiction of any action or

proceeding by the trustee on behalf of such bondholders. The venue of any such action or proceeding shall be laid in Oneida county.

5. Before declaring the principal of bonds due and payable, the trustee shall first give thirty days notice in writing to the authority.

6. Any such trustee, whether or not the issue of bonds represented by such trustee has been declared due and payable, shall be entitled as of right to the appointment of a receiver of any part or parts of the properties the revenues of which are pledged for the security of the bonds of such issue, and, subject to any pledge or agreement with holders of such bonds, such receiver may enter and take possession of such part or parts of the properties and shall take possession of all moneys and other property derived from such part or parts of such properties and proceed with any construction thereon or the acquisition of any property, real or personal, in connection therewith which the authority is under obligation to do, and to operate, maintain and reconstruct such part or parts of the properties and collect and receive all revenues thereafter arising therefrom subject to any pledge thereof or agreement with bondholders relating thereto and perform the public duties and carry out the agreements and obligations of the authority under the direction of the court. In any suit, action or proceeding by the trustee, the fees, counsel fees and expenses of the trustee and of the receiver, if any, shall constitute taxable disbursements and all costs and disbursements allowed by the court shall be a first charge on any revenue derived from the properties.

§ 1226-n. State, water board or municipality, other than the authority, not liable on authority bonds. Neither the state, the water board nor any municipality, other than the authority, shall be liable on the bonds of the authority and such bonds shall not be a debt of either the state, the water board or any municipality, and each such bond shall contain, on the face thereof, a statement to such effect.

§ 1226-o. Moneys of the authority. All moneys of the authority from whatever source derived shall be paid to the treasurer of the authority and shall be deposited forthwith in a bank or trust company in the state designated by the governing body. The moneys in such accounts shall be paid out on check of the treasurer upon requisition by the governing body or of such other person or persons as the governing body may authorize to make such requisitions. All deposits of such moneys shall be secured by obligations of the United States or of the state of a market value equal at all times to the amount on deposit and all banks and trust companies are authorized to give such security for such deposits. To the extent practicable, consistent with the cash requirements of the authority, all such moneys shall be deposited in interest bearing accounts. The authority shall have power, notwithstanding the provisions of this section, to contract with the holders of any bonds as to the custody, collection, security, investment and payment of any moneys of the authority or any moneys held in trust or otherwise for the payment of bonds or in any way to secure bonds, and to carry out any such contract notwithstanding that such contract may be inconsistent with the provisions of this section. Moneys held in trust or otherwise for the payment of bonds or in any way to secure bond and deposits of such moneys may be secured in the same manner as moneys of the authority and all banks and trust companies are authorized to give such security for such deposits. Any moneys of the authority not required for immediate use or disbursement may, at the discretion of the authority, be invested in those obligations specified pursuant to the provisions of section ninety-eight-a of the state finance law. Subject to the provisions of any contract with bondholders and with the approval of the comptroller, the authority shall prescribe a system of accounts.

§ 1226-p. Bonds legal investments for fiduciaries. The bonds of the authority are hereby made securities in which all public officials and bodies of the state and all municipalities, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations, including savings and loan associations, building and loan associations, investment companies and other persons carrying on a banking business, and administrators, guardians, executors, trustees and other fiduciaries and all other persons whatsoever, who are not or may hereafter be authorized to invest in bonds or other obligations of the state, may properly and legally invest funds including capital in their control or belonging to them. Notwithstanding any inconsistent provision of law, the bonds are also hereby made securities which may be deposited with and may be received by all public officers and bodies of this state and all municipalities for any purposes for which the deposit of bonds or other obligations of this state are now or hereafter may be authorized.

§ 1226-q. Agreement with the state. The state does hereby pledge to and agree with the holders of any bonds issued by the authority pursuant to this title and with those persons or public corporations who may enter into contracts with the authority pursuant to the provisions of this title that the state will not alter, limit or impair the rights hereby vested in the authority to purchase, construct, own and operate, maintain, repair, improve, reconstruct, renovate, rehabilitate, enlarge, increase and extend, or dispose of any project, or any part or parts thereof for which bonds of the authority shall have been issued, to establish and collect rates, rents, fees and other charges referred to in this title, to fulfill the terms of any contracts or agreements made with or for the benefit of the holders of bonds or with any person or public corporation with reference to such project or part thereof, or in any way to impair the rights and remedies of the holders of bonds, until the bonds, together with interest thereon, including interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of the holders of bonds, are fully met and discharged and such contracts are fully performed on the part of the authority. The authority is authorized to include this pledge and agreement of the state in any agreement with the holders of bonds.

§ 1226-r. Exemption from taxes, assessments and certain fees. 1. The authority shall not be required to pay any fees, taxes, special ad valorem levies or assessments, whether state or local, including but not limited to fees, taxes, special ad valorem levies or assessments on real property, franchise taxes, sales taxes or other excise taxes, upon any property owned by it or under its jurisdiction, control or supervision, or upon the uses thereof, or upon its activities in the operation and maintenance of its facilities or any fares, tolls, rentals, rates, charges, fees, revenues or other income received by the authority. Notwithstanding the previous sentence, the authority shall be required to pay water and pure water fees or charges as may be negotiated by any public corporation. The authority shall at all times be exempt from any filing, mortgage recording or transfer fees or taxes in relation to instruments filed, recorded or transferred by it or on its behalf. The construction, use, occupation or possession of any property owned by the authority or the county, including improvements thereon, by any person or public corporation under a lease, lease and sublease or any other agreement shall not operate to abrogate or limit the foregoing exemption, notwithstanding that the lessee, user, occupant or person in possession shall claim ownership for federal income tax purposes.

2. Any bonds issued pursuant to this title together with the income there from as well as the property of the authority shall at all times be exempt from taxes, except for transfer and estate taxes. The state hereby covenants with the purchasers and with all subsequent holders and transferees of bonds issued by the authority pursuant to this title, in consideration of the acceptance of and payment for the bonds, that the bonds of the authority issued pursuant to this title and the income therefrom and all revenues, monies, and other property pledged to secure the payment of such bonds shall at all times be free from taxation, except for transfer and estate taxes.

3. Notwithstanding the foregoing, the water board shall pay to each municipality and each school district as hereinafter provided located either in the service area or within municipalities in which real property of the water board is located in monthly payments commencing on the first day of the fiscal year of such municipality or school district in the year succeeding the calendar year in which this title shall take effect:

(a) to all school districts annually determined by the water board to have lost real property tax revenues as a consequence of the transfer of any previously taxable real property by either the board of water supply or any municipality to the water board, the sum of nine hundred seventy-five thousand dollars in the first fiscal year and such sum annually thereafter in each of the next twenty-two years equal to the sum so paid the preceding year decreased by forty-two thousand three hundred ninety-one dollars, the amount to be paid to each individual school district to be determined annually by the water board in proportion to the amount of real property taxes received by each such school district from the board of water supply in fiscal year nineteen hundred ninety-three--nineteen hundred ninety-four;

(b) to each town which the water board annually determines will provide services to the water board during the next ensuing calendar year, for a period of forty years commencing in the calendar year succeeding the year after the date of enactment of this title, the annual sum of seventy-four thousand seven hundred thirty-seven dollars, which sum shall be increased every sixth year by five per centum; provided, that the town of Trenton shall initially receive sixty thousand dollars of such initial aggregate amount with the remainder being distributed to the town of Russia in the amount of nine thousand five hundred dollars, to the town of Norway in the amount of four thousand three hundred eighteen dollars, to the town of Ohio in the amount of eight hundred ninety-four dollars and to the town of Salisbury in the amount of twenty-five dollars; which such amounts being increased by such five per centum as herein provided, and thereafter as the water board shall determine;

(c) to the county of Oneida, in each year during which the auditorium commonly known as the Utica memorial auditorium, as the same may be reconstructed, enlarged or modified, or replaced by a building serving a similar function at a different location within the service area, shall be operated as an auditorium for the benefit of the residents of the county of Oneida or any portion thereof, the annual sum of five hundred thousand dollars, which sum shall be increased every sixth year by ten per centum, for a period of forty years; and thereafter as the water board shall determine;

(d) to the city of Utica, the sum of two hundred thousand dollars during each of the next ten years, commencing in the calendar year succeeding the year after the date of enactment of this title; the sum of three hundred fifty thousand dollars in each of the following five years; the sum of four hundred fifty-five thousand dollars in each of the following five years; the sum of three hundred seventy-five thousand dollars in each of the following five years; the sum of four hundred twenty-five thousand dollars in each of the following five years; the sum of four hundred seventy-five thousand dollars in each of the following five years; the sum of five hundred twenty-five thousand dollars in each of the following five years; and thereafter as the water board shall determine.

Notwithstanding any other provision of this section, any payment in lieu of tax payments described in paragraph (a), (b), (c) or (d) of this subdivision, (i) may be decreased at any time for any period by resolution of the governing body of the water board approved by the affirmative vote of at least seventy-five per centum of such governing body and provided further that any such decrease shall be uniform for all payment in lieu of tax payments to the affect that any percentage decrease to any municipality or school district shall be equally reduced to each other municipality or school district, and (ii) as the water board shall determine, be in priority to or subordinate to any other payments required to be made pursuant to this title, including, without limitation, the payment of sums to the authority or to any trustee representing the holders of any bonds issued by the authority.

§ 1226-s. Actions against water board and authority. 1. Except in an action for wrongful death, no action or special proceeding shall be prosecuted or maintained against either the water board or the authority or their members, officers or employees for personal injury or damage to real or personal property alleged to have been sustained by reason of the negligence, tort or wrongful act of either the water board or the authority or of any member, officer, agent or employee thereof, unless (a) a notice of claim shall have been made and served upon the water board or the authority, as the case may be, within the time limit prescribed by and in compliance with section fifty-e of the general municipal law, (b) it shall appear by and as an allegation in the complaint or moving papers that at least thirty days have elapsed since the service of such notice and that adjustment or payment thereof has been neglected or refused, and (c) the action or special proceeding shall be commenced within one year and ninety days after the happening of the event upon which the claim is based. An action against the board or authority for wrongful death shall be commenced in accordance with the notice of claim and time limitation provisions of title eleven of article nine of this chapter.

2. Wherever a notice of claim is served upon the water board or the authority, the water board or the authority, as the case may be, shall have the right to demand an examination of the claim relative to the occurrence and extent of the injuries or damages for which claim is made, in accordance with the provisions of section fifty-h of the general municipal law.

3. The water board or the authority, as the case may be, may require any person presenting for settlement an account or claim for any cause whatever against the water board or the authority, to be sworn before a member, counsel, officer or employee of the water board or the authority designated for such purpose concerning such account or claim and, when so sworn, to answer orally as to any facts relative to such account or claim. The water board or the authority, as the case may be, shall have power to settle or adjust all claims in favor of or against the water board or the authority, as the case may be.

4. Any action or proceeding to which the authority, water board or the people of the state may be parties, in which any question arises as to the validity of this title, shall be preferred over all other civil causes of action or cases, except election causes of action or cases, in all courts of the state and shall be heard and determined in preference to all other civil business pending therein except election causes, irrespective of position on the calendar. The same preference shall be granted upon application of the authority or its counsel in any action or proceeding questioning the validity of this title in which the authority may be allowed to intervene. The venue of any such action or proceeding shall be laid in the supreme court of the county.

5. The rate of interest to be paid by the water board or the authority upon any judgment for which it is liable, other than a judgment on bonds of the authority, shall be the rate prescribed by section five thousand four of the civil practice law and rules. Interest on payments of principal or interest on any bonds in default shall accrue at the rate or rates set forth in such bonds from the due date thereof until paid or otherwise satisfied.

§ 1226-t. Contracts. All contracts for construction shall be let by the authority in conformity with the applicable provisions of section one hundred thirty-five of the state finance law and shall be let in accordance with the provisions of state law pertaining to prevailing wages, labor standards and working hours.

The authority may, in its discretion, assign contracts for supervision and coordination to the successful bidder for any subdivision of work for which the authority receives bids. The authority shall not award any construction contract except to the lowest bidder who, in its opinion, is qualified to perform the work required and who is responsible and reliable. The authority may, however, reject any or all bids or waive any informality in a bid if it believes that the public interest will be promoted thereby. The authority may reject any bid if, in its judgment, the business and technical organization, plant, resources, financial standing, or experience of the bidder justifies such rejection in view of the work to be performed.

§ 1226-u. Code of ethics. 1. Definition. As used in this section the term "authority employee" shall mean any member, officer or employee of the authority.

2. Rule with respect to conflicts of interest. No authority employee should have any interest, financial or otherwise, direct or indirect, or engage in any business or transaction or professional activity or incur any obligation of any nature, which is in substantial conflict with the proper discharge of his or her duties in the public interest.

3. Standards.

a. No authority employee should accept other employment which will impair his or her independence of judgment in the exercise of his or her official duties.

b. No authority employee should accept employment or engage in any business or professional activity which will require the employee to disclose confidential information which he or she has gained by reason of his or her official position or authority.

c. No authority employee should disclose confidential information acquired by the employee in the course of his or her official duties nor use such information to further his or her personal interests.

d. No authority employee should use or attempt to use his or her official position to secure unwarranted privileges or exemptions for himself or herself or others.

e. No authority employee should engage in any transaction as representative or agent of the authority with any business entity in which he or she has a direct or indirect financial interest that might reasonably tend to conflict with the proper discharge of his or her official duties.

f. An authority employee should not by his or her conduct give reasonable basis for the impression that any person can improperly influence such employee or unduly enjoy his or her favor in the performance of his or her official duties, or that he or she is affected by the kinship, rank, position or influence of any party or person.

g. An authority employee should abstain from making personal investments in enterprises which he or she has reason to believe may be directly involved in decisions to be made by the employee or which will otherwise create substantial conflict between his or her duty in the public interest and his or her private interest.

h. An authority employee should endeavor to pursue a course of conduct which will not raise suspicion among the public that he or she is likely to be engaged in acts that are in violation of his or her trust.

i. No authority employee employed on a full-time basis nor any firm or association of which such an employee is a member nor corporation a substantial portion of the stock of which is owned or controlled directly or indirectly by such employee, should sell goods or services to any person, firm, corporation or association which is licensed or whose rates are fixed by the authority in which such employee serves or is employed.

j. If any authority employee shall have a financial interest, direct or indirect, having a value of ten thousand dollars or more in any activity which is subject to the jurisdiction of a regulatory agency, he or she should file with the secretary of state a written statement that he or she has such a financial interest in such activity which statement shall be open to public inspection.

4. Violations. In addition to any penalty contained in any other provision of law any such authority employee who shall knowingly and intentionally violate any of the provisions of this section may be fined, suspended or removed from office or employment.

§ 1226-v. Equal employment opportunity. The water board and the authority shall ensure that all employees or applicants for employment are afforded equal employment opportunity without discrimination.

§ 1226-w. Audit and annual report. In conformity with the provisions of section five of article ten of the constitution, the accounts of the water board and of the authority shall be subject to the supervision of the comptroller and an annual audit shall be performed by an independent certified accountant. The water board and the authority shall annually submit to the governor and comptroller and to the chairs of senate finance and assembly ways and means committees a detailed report pursuant to the provisions of section two thousand eight hundred of this chapter, and a copy of such report shall be filed with the clerk of the county and city and of each town and village in the service area.

§ 1226-x. Limited liability. Neither the members of the governing body of either the water board or of the authority, nor any officer or employee acting in their behalf, shall be subject to any personal liability resulting from the construction, maintenance or operation of any of the properties of either the water board or the authority or from carrying out any of the powers expressly given in this title; provided, however, that this section shall not be held to apply to any independent contractor.

§ 1226-y. Separability. If any clause, sentence, paragraph, section, or part of this title shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section, or part thereof involved in the controversy in which such judgment shall have been rendered.

§ 1226-z. Effect of inconsistent provisions. In so far as the provisions of this title are inconsistent with the provisions of any other act, general or special, or of any charter, local law, ordinance or resolution of any municipality, the provisions of this title shall be controlling. Nothing contained in this section shall be held to supplement or otherwise expand the powers or duties of the authority otherwise set forth in this title. Except as specifically provided for in this title, in the performance of any of its functions, powers and duties, the authority shall be subject to all applicable general or special laws of the state, the county charter, and any local law, ordinance or resolution of the county.

TITLE 10-A

UPPER MOHAWK VALLEY REGIONAL WATER BOARD

§ 1226-aa. Short title. This title shall be known and may be cited as the "Upper Mohawk Valley regional water board act".

§ 1226-bb. "Upper Mohawk Valley regional water board". For the benefit of the Upper Mohawk Valley and the inhabitants thereof, a water board to be known as the Upper Mohawk Valley regional water board is hereby established for the accomplishment of any or all of the purposes specified in title ten of article five of this chapter. It shall have the powers and duties now or hereafter conferred by title ten of article five of this chapter upon a water board. It shall be organized in a manner prescribed by and be subject to the provisions of title ten of article five of this chapter. The water board, its members, officers and employees and its operations and activities shall in all respects be governed by the provisions of title ten of article five of this chapter.

TITLE 10-B

NIAGARA FALLS PUBLIC WATER AUTHORITY

§ 1230-a. Short title. This title shall be known and may be cited as the "Niagara Falls public water authority act."

§ 1230-b. Definitions. As used or referred to in this title, unless a different meaning clearly appears from the context:

1. "Authority" means the corporation created by section twelve hundred thirty-c of this title.

2. "Bonds" means the bonds, notes or other evidences of indebtedness

issued by the authority pursuant to this title, and the provisions of this title relating to bonds and bondholders shall apply with equal force and effect to notes and noteholders, respectively, unless the context otherwise clearly requires.

3. "City" means the city of Niagara Falls, Niagara county.

4. "Civil service commission" means the civil service commission of the city of Niagara Falls.

5. "Comptroller" means the comptroller of the state of New York.

6. "Construction" or "constructed" means the acquisition, erection, building, alteration, improvement, increase, enlargement, extension, reconstruction, renovation or rehabilitation of the water facilities and their associated transmission and distribution systems; of the wastewater facilities and their associated interceptor and collection systems, including treatment facilities and pumping stations; and of the storm water facilities including catch basins, sewers, drainage pipes, treatment facilities and all appurtenances to such water, wastewater, and storm water facilities; the inspection and supervision thereof; and the environmental, engineering, architectural, legal, fiscal, and economic investigations, services and studies, surveys, designs, plans, working drawings, specifications, procedures and other actions preliminary or incidental thereto and claims arising therefrom.

7. "Cost" as applied to any project, includes the cost of construction, the cost of the acquisition of all property, including real property and other property, both real, personal and mixed, improved and unimproved, the cost of demolishing, removing or relocating any buildings or structures on lands so acquired, including the cost of acquiring any lands to which such buildings or structures may be moved or relocated, the cost of all system facilities, machinery, apparatus and equipment, financing charges, interest prior to, during and after construction to the extent not paid or provided for from revenues or other sources, the cost of any environmental, engineering and architectural investigations, surveys, plans and specifications, the

cost of consultant and legal services, the cost of any guarantee or bond insurance or any other credit support devices and the cost of other expenses necessary, reasonably related or incidental to the construction of any such project and the financing of the construction thereof, including the amount authorized in the resolution of the authority providing for the issuance of bonds to be paid into any reserve or other special fund from the proceeds of such bonds, and the financing of the placing of any project in operation, including the reimbursement to the city, any municipality, state agency, the state, the United States government, or any other person for expenditures that would be costs of any project hereunder had they been made directly by the authority or the water board.

8. "Council" means the duly elected council of the city of Niagara Falls.

9. "County" means the county of Niagara, state of New York.

10. "County legislature" means the county legislature of the county of Niagara.

11. "Executive director" means the executive director or chief executive officer of the water board, or any other person duly appointed or delegated to perform such duties by the governing body of the water board.

12. "Facilities" means any of the properties of the authority or the water board or any other real property, personal or mixed property controlled, leased, or operated by the authority or the water board which is used or intended to be used in the system or in furtherance of their respective corporate purposes.

13. "Governing body" means the members of the authority or the water board, as the case may be, constituting and acting as the governing body of the authority or the water board, as the case may be.

14. "Mayor" means the mayor of the city of Niagara Falls.

15. "Municipality" means any county, city, town, village, water district, fire district, fire protection district, school district, sewer district, special or improvement district, commission, board or department of the governmental body indicated, any other such instrumentality, including any agency, or public corporation of the state, or any of the foregoing or any combination thereof.

16. "Person" means any natural person, firm, trustee, executor, personal representative, partnership, association, limited partnership, limited liability company, limited liability partnership, joint venture or corporation, or other legal entity whatsoever, exclusive of a public corporation as defined pursuant to article two-A of the general construction law. The masculine gender shall include the feminine, the singular shall include the plural where indicated by the context.

17. "Project" means any system-related facility or properties, including the acquisition, planning, development, financing or construction thereof.

18. "Properties" means any part of the system or facility of the water board, whether situated within or without the territorial limits of the city or the water board's service area, including the plants, works, structures, instrumentalities or part thereof and appurtenances thereto, real property, or any other property incidental or appurtenant to and included in such facility or facilities or part thereof, and any improvements, extensions and betterments.

19. "Real property" means lands, structures, franchises, rights and interests in land, air space, waters, land underwater, riparian rights and air rights and any and all things and rights included within said term and includes not only fee simple absolute, but also any and all lesser interests including, but not limited to, easements, rights-of-way, uses, leases, licenses and all other incorporeal hereditaments and every estate, interest or right, legal or equitable, including terms for years and liens thereon by way of judgments, mortgages or otherwise.

20. "Revenues" means all rates, fees, charges, payments and other income and receipts derived from the operation of the system and the facilities and properties of the water board including, without limiting the generality of the foregoing, investment proceeds and proceeds of insurance, condemnation, and sale or other disposition of assets, together with all federal, state or municipal aid.

21. "Service area" means the area comprising the entirety of the city on the date on which this title becomes effective. Upon mutual agreement with any municipality the service area may be expanded to include such municipality or any portion or part thereof.

22. "State" means the state of New York.

23. "State agency" means any state office, public benefit corporation, public authority, department, board, commission, bureau or division, or other agency or instrumentality of the state.

24. "Storm water facility" means any plants, structures and other property, real, personal or mixed, acquired, rehabilitated, constructed or planned for the purpose of collecting, conveying, accumulating, storing, transmitting, draining, discharging or treating storm water, including, but not limited to, odor control facilities, force mains, conduits, pipelines, interceptors, mains, pumping stations, flow meters, sampling stations, pumps, treatment plants and works, outfalls, contract rights, easements, franchises, approaches, connections, permits, meters, rights of flowage or diversion and other plants, structures, equipment, vehicles, conveyances, real or personal property or rights therein and appurtenances thereto necessary or useful and convenient for the collection, conveyance, accumulation, storage, drainage, discharge, transmission, or treatment of storm water.

25. "System" means the entirety of all water, wastewater, and storm water facilities or properties as described herein.

26. "User" means any person or effluent source that directly or

indirectly contributes, causes or permits the contribution of waste into or through the wastewater or storm water facilities, or any person who receives or uses water from the water facilities described in this title.

27. "Waste" means any liquid, solid or gaseous substance, or combination thereof, that may be introduced into the wastewater or storm water facilities.

28. "Wastewater facility" means any plants, structures and other property, real, personal or mixed, acquired, rehabilitated, constructed or planned for the purpose of collecting, conveying, accumulating, storing, transmitting, or treating wastewater, including, but not limited to, odor control facilities, force mains, conduits, pipelines, interceptors, mains, pumping stations, flow meters, sampling stations, pumps, piping systems, treatment plants and works, outfalls, contract rights, easements, franchises, approaches, connections, permits, meters, rights of flowage or diversion and other plants, structures, equipment, vehicles, conveyances, real or personal property or rights therein and appurtenances thereto necessary or useful and convenient for the collection, conveyance, accumulation, storage, transport, treatment, disposal or reuse of wastewater.

29. "Water board" means the corporation created by special act of the state legislature as provided in section twelve hundred thirty-e of this title.

30. "Water facility" or "water facilities" means any plants, structures and other property, real, personal or mixed, acquired, rehabilitated, constructed or planned for the purpose of accumulating, storing, supplying, transmitting, treating or distributing water, including, but not limited to, surface or groundwater reservoirs, basins, dams, canals, aqueducts, aqueduct taps, standpipes, conduits, pipelines, interceptors, mains, pumping stations, pumps, water distribution systems, compensating reservoirs, intake stations, waterworks or sources of water supply, wells, purification or filtration plants or other treatment plants and works, contract rights, franchises,

approaches, connections, permits, water meters, rights of flowage or diversion and other plants, structures, equipment, vehicles, conveyances, real or personal property or rights therein and appurtenances thereto necessary or useful and convenient for the accumulation, supply, transmission, storage, treatment or distribution of water.

§ 1230-c. Niagara Falls public water authority. 1. A public corporation to be known as the "Niagara Falls public water authority" is hereby created for the public purposes and charged with the duties and having the powers provided in this title. The authority shall be a body corporate and politic constituting a public benefit corporation.

2. The governing body of the authority shall consist of a total of three members, one of which is to be appointed by the mayor, one to be appointed by the temporary president of the senate at the recommendation of the senator or senators representing all or a portion of the city, and one to be appointed by the speaker of the assembly at the recommendation of the assembly member or members representing all or a portion of the city. At all times, at least one member shall be a resident of the city. The member to be appointed by the mayor shall be appointed for a term of office ending on December thirty-first of the third year following the year in which this title shall have become a law, the member to be appointed by the temporary president of the senate shall be appointed for a term ending on the thirty-first day of December of the fourth year following the year in which this title shall have become a law, and the member to be appointed by the speaker of the assembly shall be appointed for a term ending on the thirty-first day of December of the fifth year following the year in which this title shall have become a law. Subsequent appointments of members shall be made for a term of three years ending in each case on December thirty-first of the last year of such term. All members shall continue to hold office until their successors are appointed and qualify. All members shall hold, at a minimum, a bachelor's degree from an accredited college or university, with concentration or degree in one of the following areas of study and at least five years of professional experience therein, or

without such degree, such member shall have at least ten years of professional experience in one of the following fields: legal, environmental, financial, management, engineering, human resources, or science. Vacancies shall be filled in the manner provided for original appointment. Vacancies, occurring other than by expiration of term of office, shall be filled by appointment for the unexpired terms. Members may be removed from office only for the same reasons and in the same manner as provided by section twenty-eight hundred twenty-seven of this chapter. Each member shall attend, in each fiscal year, at least seventy-five percent of all meetings of the governing body. Any member fulfilling the requirement that at least one member be a resident of the city shall forfeit his or her membership on the governing body upon such member's termination of residence in the city, which forfeiture shall create a vacancy. The members of the authority shall receive no compensation for their services but shall be reimbursed for their actual, necessary expenses incurred in connection with the carrying out of the purposes of this title; provided, however, that no member shall be reimbursed for any expense of attending ordinary authority meetings or any other expense exceeding one thousand dollars incurred with respect to any individual purpose, unless the governing body at a meeting duly called and held when all three members are present shall have authorized such expenditure by such member. The powers of the authority shall be vested in and be exercised by the governing body at a meeting duly called and held where a quorum of at least two members are present. Any one or more members of the authority may participate in a meeting of such authority by means of a conference telephone or similar communications equipment allowing all persons participating in the meeting to hear or see and hear each other at the same time. Participation by such means shall constitute presence in person at a meeting. The vote of a majority of the members present at the time of the vote, if a quorum is present at such time, shall be the act of the authority. No action shall be taken except pursuant to the favorable vote of at least two voting members. All votes must be made in person at a meeting and no vote may be made by proxy. The governing body may delegate to one or more of its members, officers or agents such powers and duties as it may deem proper.

3. The officers of the authority shall consist of a chair, a vice-chair, a treasurer, and a secretary. Such secretary or treasurer need not be a member of the authority. Such officers shall be appointed by the governing body and shall serve in such capacities at the pleasure of the governing body. In addition to the treasurer or secretary, the governing body may appoint and at pleasure remove such additional officers as it may determine necessary for the performance of the powers and duties of the authority. The governing body may also from time to time contract for expert professional services. The treasurer shall execute a bond, conditioned upon the faithful performance of the duties of his or her office. The amount and sufficiency of such bond shall be approved by the governing body and the premium therefor shall be paid by the authority.

4. Notwithstanding any inconsistent provision of any general, special or local law, ordinance, resolution or charter, no officer, member or employee of the state, the city, any other municipality, or any state agency, shall forfeit his or her office or employment or any benefits provided under the retirement and social security law by reason of his or her acceptance of appointment as a member, officer or agent of the authority, nor shall service as such member, officer or agent be deemed incompatible or in conflict with such office, membership or employment.

5. (a) The mayor shall file on or before December thirty-first of the year following the year in which this title shall have become a law, in the office of the secretary of state, a certificate signed by the mayor setting forth: (i) the name of the authority; (ii) the names of the members appointed by the mayor; and (iii) the effective date of the special act of the state legislature creating the authority. If such certificate is not filed with the secretary of state on or before such date, then the corporate existence of the authority shall thereupon terminate and it shall thereupon be deemed to be and shall be dissolved.

(b) The authority and its corporate existence shall continue until terminated by law, provided, however, that no such law shall take effect so long as the authority shall have bonds or other obligations outstanding, unless adequate provision has been made for the payment or satisfaction thereof, or so long as the water board shall have contractual duties or obligations outstanding unless adequate provision has been made for the satisfaction thereof. Upon termination of the existence of the authority, all of the rights, obligations and properties of the authority then remaining shall pass to and vest to the city, with the city's consent, if the authority acquired such property from the city, or to a municipality, with the municipality's consent, if the authority acquired such property from such municipality, unless otherwise provided in an agreement between the city or municipality and the authority, and except as otherwise may be specified by law.

6. It is hereby determined and declared that the authority and the carrying out of its powers and duties are in all respects for the benefit of the people of the city and the service area and the state for the improvement of their health, welfare and prosperity and that such purposes are public purposes and that the authority is and will be performing an essential governmental function in the exercise of the powers conferred upon it by this title.

7. Nothing in this title shall be construed to obligate the state in any way in connection with the operations or obligations of the authority.

§ 1230-d. Powers of the authority. The authority shall have the power:

1. To sue and be sued.

2. To have a seal and alter the same at pleasure.

3. To borrow money and issue bonds or other obligations for its corporate purposes and to provide for the rights of the holders thereof.

4. To enter into contracts and to execute all instruments necessary or convenient or desirable for the purposes of the authority to carry out any powers expressly given to it in this title.

5. To enter into agreements with the water board, the city, any other

municipality, the state, and any other person for the financing by the authority of projects as herein provided.

6. To acquire by purchase, gift, grant, transfer, contract or lease or by condemnation pursuant to the eminent domain procedure law, lease as lessee, hold, and use any property, real, personal or mixed or any interest therein, as the authority may deem necessary, convenient or desirable to carry out the purpose of this title, provided, however, the authority shall not have the power to condemn property of the water board, the city, or any other municipality.

7. To apply to the appropriate agencies and officials of the federal, state and local governments, any municipality, for such licenses, permits or approvals of its plans or projects as it may deem necessary or advisable, and upon such terms and conditions as it may deem appropriate, and to accept, in its discretion, such licenses, permits or approvals as may be tendered to it by such agencies and officials.

8. To appoint such officers and agents as may be required for the performance of its duties, to fix and determine their qualifications, duties and compensation, subject to the provisions of the civil service law and the rules of the civil service commission of the city, and to retain or employ counsel, auditors, engineers, private consultants and other independent contractors on a contractual or otherwise for rendering management, professional or technical services and advice.

9. To make plans and studies necessary, convenient or desirable for the effectuation of the purposes and powers of the authority and to prepare recommendations in regard thereto.

10. To make use of existing studies, surveys, plans, data and other material in the possession of any state agency, the city, any municipality, any person or the water board in order to avoid duplication of effort.

11. To enter upon such lands, waters or premises as in the judgment of the authority shall be necessary for the purpose of making surveys,

soundings, borings and examinations to accomplish any purpose authorized by this title, the authority being liable only for actual damage done.

12. To apply for and to accept any gifts, grants, loans of funds or property, or financial or other aid, in any form, from the federal government or any agency or instrumentality thereof, or from the state or any agency or instrumentality thereof or from any other source, for any or all of the purposes specified in this title, and to comply, subject to the provisions of this title, with the terms and conditions thereof.

13. To make and amend by-laws for its organization and management and regulation of its affairs and rules and regulations governing the exercise of its powers and the fulfillment of its purposes under this title. A copy of such rules, regulations and by-laws, and all amendments thereto, duly certified by the secretary of the authority shall be filed in the office of the city clerk and secretary of the water board.

14. To enter into cooperative agreements with the state, any state agency, the city, any municipality, utility companies, individuals, or corporations, within or without the service area, for any lawful purposes necessary or desirable to effect the purposes of this title upon such terms and conditions as shall be determined to be reasonable.

15. With the consent of the chief executive officer of the city or a municipality within the service area, to use officers and employees of the city or municipality and to pay a proper portion of compensation or costs for the services rendered to the authority by such officers or employees.

16. To do all things necessary, convenient or desirable to carry out its purposes and for the exercise of the powers granted in this title provided that the authority shall not have power, within the city, to collect rentals, charges, rates or fees from the owners of real property, or the occupants of real property (other than the occupants of premises owned or controlled by the authority), for services or facilities furnished or supplied in connection with such real property,

if such services or facilities are of a character or nature then or formerly furnished or supplied by the city.

§ 1230-e. Water board. 1. A water board, to be known as the "Niagara Falls public water board", may be created by a special act of the state legislature as a body corporate and politic, constituting a corporate municipal instrumentality of the state and having the powers and duties as provided in this title.

2. The governing body of the water board shall consist of a total of five members, to be appointed and to serve as follows: one member shall be appointed by the governor, one member shall be appointed by the temporary president of the senate at the recommendation of the senator or senators representing all or a portion of the city, one member shall be appointed by the speaker of the assembly at the recommendation of the assembly member or members representing all or a portion of the city, one member shall be appointed by the mayor, and one member shall be appointed by the majority vote of the city council. At least three of the five members shall be residents of the city. When a vacancy occurs that reduces the number of members who are city residents to less than three, the appointment to fill that vacancy must be a city resident. Each member shall attend, in each fiscal year, at least seventy-five percent of all meetings of the governing body. Failure by any party to appoint any member shall not invalidate the creation or establishment of the water board and shall result in the creation of a vacancy on the governing body of the water board which may be filled at any time by such party. The member appointed by the governor shall be appointed for a term ending on December thirty-first of the first year following the year in which this title shall have become a law; the member appointed by the temporary president of the senate shall be appointed for a term ending on December thirty-first of the second year following the year in which this title shall have become a law; the member appointed by the speaker of the assembly shall be appointed for a term ending on December thirty-first of the third year following the year in which this title shall have become a law; the member appointed by the mayor shall be appointed for a term ending on December thirty-first of the fourth year

following the year in which this title shall have become a law; and the member appointed by the city council shall be appointed for a term ending on December thirty-first of the fifth year following the year in which this title shall have become a law. Subsequent appointments of members shall be made for a term of three years ending in each case on December thirty-first of the last year of such term. No member shall be a member of the governing body of the authority. All members shall continue to hold office until their successors are appointed and qualify. All members shall hold, at a minimum, a bachelor's degree from an accredited college or university, with a concentration or degree in one of the following areas of study and at least five years of professional experience therein, or without such degree, such member shall have at least ten years of professional experience in one of the following fields: legal, environmental, financial, management, engineering, human resources, or science. Vacancies shall be filled in the manner provided for original appointment. Vacancies, occurring otherwise than by expiration of term of office, shall be filled by appointment for the unexpired terms. Members may be removed from office only for the same reasons and in the same manner as provided by section twenty-eight hundred twenty-seven of this chapter. Any member fulfilling the requirement that at least three members be residents of the city shall forfeit his or her membership on the governing body upon such member's termination of residence in the city, which forfeiture shall create a vacancy. The members of the water board shall receive no compensation for their services but shall be reimbursed for their actual and necessary expenses incurred in connection with the carrying out of the purposes of this title; provided, however, that no member shall be reimbursed for any expense of attending ordinary board meetings or any other expense exceeding one thousand dollars incurred with respect to any individual purpose, unless the governing body at a meeting duly called and held when three members are present shall have authorized such expenditure by such member. The powers of the water board shall be vested in and be exercised by the governing body at a meeting duly called and held where a quorum of three members are present. Any one or more members of the water board may participate in a meeting of such water board by means of a conference telephone or similar communications equipment allowing all persons participating in the meeting to hear or see and hear each other at the same time. Participation by such means shall constitute presence in person at a meeting. No action shall be taken except pursuant to the favorable vote of at least three voting members. All votes must be made in person at a meeting and no vote may be made by proxy. The governing body may delegate to one or more of its members, officers, agents or employees such powers and duties as it may deem proper.

3. The officers of the water board shall consist of a chairman, a vice-chairman and a treasurer, who shall be members of the water board, and a secretary, who need not be a member of the water board. Such officers shall be appointed by the governing body and shall serve in such capacities at the pleasure of the governing body. In addition to the secretary, the governing body may appoint and at pleasure remove such additional officers and employees as it may determine necessary or appropriate for the performance of the powers and duties of the water board, and fix and determine their qualifications, duties and compensation, subject to the provisions of the civil service law and the rules of the civil service commission of the city. The governing body may also from time to time contract for expert professional services. The treasurer shall execute a bond, conditioned upon the faithful performance of the duties of his or her office. The amount and sufficiency of such bond shall be approved by the governing body and the premium therefor shall be paid by the water board.

4. Notwithstanding any inconsistent provision of any general, special or local law, ordinance, resolution or charter, no officer, member or employee of the state, the city, any municipality, or any state agency, shall be deemed to have forfeited or shall forfeit his or her office or employment or any benefits provided under the retirement and social security law by reason of his or her acceptance of appointment as a member, officer, agent or employee of the water board, nor shall service as such member, officer, agent or employee be deemed incompatible or in conflict with such office, membership or employment.

5. (a) The mayor shall file on or before December thirty-first of the year following the year in which the special act of the state

legislature creating the water board shall have become a law, in the office of the secretary of state, a certificate signed by the mayor setting forth: (i) the name of the water board; (ii) the names of the members appointed by the governor, the temporary president of the senate, the speaker of the assembly, the mayor, and the city council; and (iii) the effective date of the special act of the state legislature creating the water board. If such certificate is not filed with the secretary of state on or before such date, then the corporate existence of the water board shall thereupon terminate and it shall thereupon be deemed to be and shall be dissolved.

(b) The water board and its corporate existence shall continue until terminated by law, provided, however, that no such law shall take effect so long as the water board shall have contractual duties or obligations outstanding unless adequate provision has been made for the satisfaction thereof. Upon termination of the existence of the water board, all of the rights, obligations and properties of the water board then remaining shall pass to and vest to the city, with the consent of the city, if the water board acquired such property from the city, or to a municipality, with the consent of such municipality, if the water board acquired such property from such municipality, unless otherwise provided in an agreement with the city or municipality and the water board, and except as otherwise may be specified by law.

6. It is hereby determined and declared that the water board and the carrying out of its powers and duties are in all respects for the benefit of the people of the city and the service area and the state for the improvement of their health, welfare and prosperity and that such purposes are public purposes and that the water board is and will be performing an essential governmental function in the exercise of the powers conferred upon it by this title.

7. The water board shall establish and maintain its principal office at which it conducts its business in the city. Notwithstanding any general, special or local law or any charter provision, the city may, and is hereby authorized to lease to the water board such office space as the water board determines to be necessary and appropriate for the needs of the water board, which lease shall be for such consideration

and shall contain such terms and conditions as the water board and the city shall determine reasonable and appropriate.

8. The purpose of the act of the legislature establishing the water board shall be, among other things, to provide for the jurisdiction, control, possession, supervision and use of the system; authorization to make rules and regulations in furtherance of this title; the enforcement of this title, the rules, regulations, permits and orders of the water board in connection with the direct or indirect use of the system facilities by persons within the city and the service area and any other persons for whom the water board provides services including, but not limited to, accepting, treating and disposing of wastewater, industrial waste, and other waste, from whatever source derived; and to enable the water board to comply with all applicable laws of the United States and the state, and the rules, regulations, permits and orders of their regulatory agencies.

§ 1230-f. General powers of the water board. Except as otherwise limited by this title, the water board shall have power:

1. To sue and be sued.

2. To have a seal and alter the same at pleasure.

3. To enter into contracts and to execute all instruments necessary or convenient or desirable for the purposes of the water board to carry out any powers expressly given it in this title, provided nothing herein contained shall authorize the water board to issue bonds, borrow money or otherwise contract indebtedness.

4. To enter into agreements with the authority, the city, any other municipality, the state, any state agency, or any person to provide a means whereby the authority or the water board shall finance the cost of constructing projects, as described in the agreement, and the water board may agree to assume title to any such project, and to raise revenues from users through fees, rates or other service charges

necessary or appropriate to secure such financing and to pay the cost of the construction, operation, maintenance, management and repair of any such project or the system.

5. To acquire, by purchase, gift, grant, transfer, contract or lease or by condemnation pursuant to the eminent domain procedure law, lease as lessee, hold and use any property, real, personal or mixed or any interest therein, constituting or for use in connection with a project or otherwise, as the water board may deem necessary, convenient or desirable to carry out the purposes of this title. In connection with the acquisition of any property, the water board may assume and agree to perform covenants and observe the restrictions contained in any instrument to which any such property is subject; and furthermore the city, any municipality, the state, state agency or any person, as owner of any properties, which the water board is authorized to acquire, is hereby authorized to sell or otherwise transfer the same to the water board, whereupon the water board shall become charged with the performance of all public duties with respect to such properties with which such owner was charged and such owner shall become discharged from the performance thereof and, subject to any limitations in any agreement entered into pursuant to this title, to sell, lease as lessor, transfer or otherwise dispose of any such property or interest therein; provided, however, that any property determined by the water board to be no longer necessary by the water board for use in fulfilling the purposes of the water board pursuant to this title which was acquired by the water board from the city, any municipality, the state, state agency or any person shall be conveyed, immediately after such property has been so determined to be no longer necessary by the water board, at no cost, to the city or to such municipality, the state, or such state agency from whom the water board acquired such property, with the consent of the city, or as may be provided otherwise in any agreement with the city and/or the authority, or the grantor of such property.

6. To acquire from the city, the authority and any municipality, title to any water, wastewater, or storm water facility or project.

7. To make and amend by-laws for its organization and management and

the regulation of its affairs and rules and regulations governing the exercise and enforcement of its powers and the fulfillment of its purposes under this title, including, but not limited to, the sale of water, wastewater and storm water services and the collection of fees, rates and charges therefor, and collection, transport and treatment of wastewater and storm water flows and the collection of fees, rates and charges therefor. A copy of such rules, regulations and by-laws, and all amendments thereto, duly certified by the secretary of the water board shall be filed in the office of the city clerk.

8. To establish, fix, revise, charge, collect and enforce the payment of all fees, rates, and other service charges for the use of, or services rendered by, or any commodities furnished by any system-related facility so as to provide revenues which, together with other revenues available to the water board, if any, shall be at least sufficient at all times so that such facility or facilities shall be placed on a self-sustaining basis in accordance with this title.

9. To pledge its revenues and mortgage any or all of its properties to secure the obligations of the authority.

10. To construct, improve, maintain, develop, expand, repair, replace or rehabilitate any and all system facilities.

11. To operate and manage and to contract for the operation and management of the facilities and properties of the water board.

12. To enter into contracts, and carry out the terms thereof, for the provision of water, wastewater and storm water services produced or provided by or through supply, transmission, distribution, treatment and other system-related facilities owned, leased, constructed and/or operated by the water board; to collect and treat wastewater through system-related facilities, to provide for storm water drainage and treatment using system-related facilities, and to provide for the disposal of residuals from any water, wastewater or storm water to, or from municipalities, private companies or to any person, as applicable.

13. To apply to the appropriate agencies and officials of federal, state, and local governments for such licenses, permits or approvals of its plans or projects as it may deem necessary or advisable, and upon such terms and conditions as it may deem appropriate, and to accept, in its discretion, such licenses, permits or approvals as may be tendered to it by such agencies and officials.

14. To appoint such officers, agents and employees as it may require for the performance of its duties, and to fix and determine their qualifications, duties, and compensation, subject to the provisions of the civil service law and the rules of the civil service commission of the city, and to retain or employ counsel, auditors, engineers and private consultants on a contractual basis or otherwise for rendering management, professional or technical services and advice.

15. To make plans and studies necessary, convenient or desirable for the effectuation of the purposes and powers of the water board and to prepare recommendations in regard thereto.

16. To make use of existing studies, surveys, plans, data and other material in the possession of any state agency, the city, any municipality, any person or the authority in order to avoid duplication of effort.

17. To enter upon such lands, waters, effluent source or premises as in the judgment of the water board shall be necessary for the purpose of making surveys, soundings, borings, inspections and examinations to accomplish any purpose authorized by this title, the water board being liable only for actual damage done.

18. To apply for and to accept any gifts or grants or loans of funds or property or financial or other aid in any form from the federal government or any agency or instrumentality thereof, from the state or any agency or instrumentality thereof, from any municipality, the city, the authority or from any other source, for any or all of the purposes specified in this title, and to comply, subject to the provisions of this title, with the terms and conditions thereof.

19. To produce, develop, distribute, supply and sell water for domestic, commercial and public purposes at wholesale or retail to any state agency, municipalities, the city, utility companies, private corporations, and persons or individual consumers within or without the city and the service area.

20. To produce, develop, supply and sell wastewater and storm water collection, treatment and disposal services as well as services for the treatment and disposal of biosolids, sludge, grit and related materials for domestic, commercial and public purposes at wholesale or retail to any state agency, municipalities, the city, utility companies, private corporations, and persons or individual consumers within or without the city and service area.

21. To purchase water in bulk from any person, private corporation, state agency, utility company, the city or municipality when necessary or convenient for the operation of any water facility, wastewater facility or storm water facility.

22. To enter into cooperative agreements with the authority, any state agency, other authorities, any municipality, the city, any utility company, private corporation, or person within or without the service area for the interconnection of facilities, the exchange or interchange of services and commodities or for the construction and operation and maintenance of any system facility by the water board for any municipality or person having power to construct and develop a water facility, wastewater facility or storm water facility, upon such terms and conditions as shall be determined to be reasonable including, but not limited to, the reimbursement of all costs of such construction, or for any other lawful purposes necessary or desirable to effect the purposes of this title.

23. To enter into agreements with the state, any state agency, any municipality, the authority, the city, or any person, in furtherance of the purposes of this title as herein provided.

24. To examine, repair or replace any water meter, and to enter upon any property, upon reasonable notice in advance of such entry, for the purpose of such meter examination, repair or replacement as deemed necessary or appropriate by the water board, and to accept an easement or license from the property owner therefor.

25. To invest moneys not required for immediate use or disbursement, subject to such restrictions as may be imposed by any agreement with the authority, in such obligations or deposits with such banks or trust companies as it may determine and designate, provided that any such deposit with a bank or trust company shall be continuously and fully secured by direct obligations of the state or the United States, or obligations, the principal of and interest on which are guaranteed by the state or the United States, of a market value equal at all times to at least the amount of the deposit.

26. To establish and maintain such reserves, special funds and accounts, to be held in trust or otherwise, as may be required by any agreement with the authority and/or any municipality in the service area.

27. With the consent of the chief executive officer of the city or a municipality, as the case may be, to use officers and employees of the city or such municipality and to pay a proper portion of compensation or costs for the services of such officers or employees.

28. To establish, adopt, amend or cancel and issue a code of ethics, and such rules, regulations, permits and orders as it deems necessary, desirable or convenient, for the jurisdiction, control, supervision, possession, operation and use of the system and its facilities and for the administration and enforcement of this title.

29. To issue permits and orders for all users of the system and to enforce the rules, regulations, orders and permits of the water board for all users and persons and, in the event of non-compliance therewith, to take any enforcement action, as may be established in the water board's rules and regulations or otherwise allowed by this title.

30. To have jurisdiction, control, possession and supervision of the existing system and any project; to maintain, operate, reconstruct and improve the same as a comprehensive system and to make additions, betterments and extensions thereto, and to have all the rights, privileges and jurisdiction necessary or proper for carrying such power into execution. No enumeration of powers in this or any other general, special or local law shall operate to restrict the meaning of this general grant of power or to exclude other powers comprehended within this general grant, except as expressly limited in this title.

31. To engage in any activity otherwise permitted by law which in its judgment would be helpful or convenient for the public or users of the system facilities and in the service of the city or its service area.

32. To do all things necessary, convenient or desirable to carry out its purposes and for the exercise of the powers granted in this title.

§ 1230-g. Special enforcement powers with respect to wastewater facilities. 1. In addition to any other enforcement powers provided by this title or any other provision of law, with respect to the jurisdiction, control, supervision, possession, operation and use of the wastewater system and its facilities and for the administration and enforcement of this title with respect to such waste water system, the water board shall have the enforcement powers provided in this section. The provisions of this section shall be liberally construed so as to effect the purpose of this section to permit the water board to qualify as a publicly-owned treatment works (POTW) under applicable federal and state environmental laws.

2. As used or referred to in this section, unless a different meaning clearly appears from the context:

(a) "Discharge" means any introduction of waste into the wastewater or storm water facilities from any effluent source.

(b) "Domestic sewage" means a combination of wastes from the non-commercial preparation, cooking, and handling of food; human bodily wastes and similar matter from sanitary conveniences in dwellings, commercial buildings, industrial buildings and institutions; or any other wastes from non-commercial, non-industrial or non-institutional activities.

(c) "Effluent source" means a source of introduction of any waste into the wastewater or storm water facilities.

(d) "Hazardous substance" means any substance that:

(i) is identified or listed as a hazardous waste or acute hazardous waste in regulations promulgated pursuant to section 27-0903 of the environmental conservation law and all amendments thereto, regardless of whether at the time of release the substance was actually a waste; or

(ii) appears on the list of substances hazardous or acutely hazardous to public health, safety or the environment in regulation promulgated pursuant to paragraphs (a) and (b) of subdivision one of section 37-0103 of the environmental conservation law and all amendments thereto; and any substance on the list established by the United States environmental protection agency for reporting pursuant to 42 U.S.C. § 11023, as amended.

(d) "Industrial user" means any person or effluent source that discharges industrial waste.

(e) "Industrial waste" means any liquid, solid, or gaseous substance, or combination thereof, resulting from any process of industrial, commercial, governmental and institutional concerns, manufacturing, business, trade, or research, including the development, recovery, or processing of natural resources, or from sources other than those described as domestic sewage. Groundwater and surface runoff may be considered to be industrial waste if contaminated with industrial process chemical constituents.

(f) "Pollutant" means dredged spoil, solid waste, incinerator residue, sewage, garbage, sewage sludge, munitions, chemical wastes, biological materials, radioactive materials, heat, wrecked or discarded equipment, rock, sand, cellar dirt and industrial, municipal and agricultural waste discharged into water.

(g) "Sewage" or "wastewater" means any combination of wastes from residences, business buildings, institutions and industrial establishments, together with such ground, surface and storm waters as may be present.

3. (a) The water board shall adopt a schedule of administrative or civil penalties not to exceed ten thousand dollars per violation per day to be assessed against any person who has been finally determined to violate any rules, regulations, permits or orders of the water board made pursuant to this title. In determining the amount of an administrative or civil penalty, the water board or the court shall consider the seriousness of the violation or violations, any history of such violations, any good faith efforts to comply with applicable requirements and such other matters as justice may require. The penalties provided for in this subdivision shall be imposed by action of the water board after a hearing meeting the requirements of due process pursuant to the rules and regulations of the water board.

(b) The water board may bring suit for collection or recovery of any such penalty in any court of competent jurisdiction. Any sanction, penalty, action or cause of action for the recovery of a penalty, under this title, may be settled or compromised by the water board, before or after proceedings are brought to recover such penalties and prior to the entry of judgment thereof. All penalties received by the water board shall be deposited with the treasurer and applied by the board to the benefit of the water board users and authority bondholders.

(c) In addition to the penalties provided in this subdivision, in the event of a violation or threatened violation of any of the water board's rules, regulations, permits, or orders, the water board is authorized to:

(i) obtain a warrant upon application to any court of competent jurisdiction, based upon reasonable cause and reliable information that such violation is threatened or has occurred, for entry onto a user's premises or effluent source where entry has been denied or obstructed; or

(ii) suspend or revoke any user's discharge permit; or

(iii) discontinue, disconnect or block the person or user's access to the system; or

(iv) obtain an injunction or other judicial relief upon application to a court of competent jurisdiction, to enjoin any person or user from continuing such violation or from carrying out the threat of such violation. In any such suit the court shall have jurisdiction to grant the water board, without bond or undertaking, such prohibitory or mandatory injunctions as the facts may warrant, including prevention or abatement of pollutant discharges, temporary restraining orders or preliminary injunctions; or

(v) recover costs or expenses incurred by the water board for any investigation, sampling, monitoring (enhanced or otherwise), removal and remediation costs or other actual expenses, fees or costs, including attorneys' fees and costs.

The imposition of any sanction or penalty or application for judicial relief, shall not be a bar against, or prerequisite for taking any other action against any person.

4. Notwithstanding any inconsistent provisions of law, whenever the executive director finds, after investigation, that any person is discharging any pollutant, sewage, industrial waste or other waste which, in his judgment, presents an imminent danger to the system facilities, the environment or the public health, safety or welfare of persons and the executive director determines that it would be harmful to delay action until an opportunity for a hearing can be provided, the executive director may, without prior hearing, order such person by notice, in writing wherever practicable or in such other form as in the executive director's judgment will reasonably notify such person whose practices are intended to be proscribed, to discontinue, abate or alleviate such discharge, and thereupon such person shall immediately discontinue, abate or alleviate such discharge. In the event of non-compliance with such order, the water board is authorized to discontinue, disconnect or block the user's access to the system. Within ten days after the issuance of such order, the water board shall give written notice to any such person which provides for an opportunity for a hearing.

5. (a) Whenever required to carry out the purposes and objectives of this title, including, but not limited to, developing or assisting in the development of any discharge limitation, or other limitation, prohibition or discharge standard, pretreatment standard, or standard of performance; or determining whether any industrial user is in violation

of any such discharge limitation, or other limitation, prohibition, discharge standard, pretreatment standard, or standard of performance or the water board's rules, regulations, permits or orders;

(i) the water board may require industrial users to:

(1) establish and maintain such records;

(2) make such reports;

(3) install, use and maintain such monitoring equipment or methods (including where appropriate, biological monitoring equipment or methods);

(4) sample such discharges, in accordance with such methods, at such intervals, and in such manner as the water board shall prescribe in its rules, regulations, permits or orders; and

(5) provide such other information as the water board may reasonably require; and

(ii) except as otherwise provided by a court warrant or order, the water board or its authorized representative, (including an authorized contractor acting as a representative of the water board) upon presentation of his credentials:

(1) shall have a right of entry, at all reasonable times, to, upon, or through any premises in which any effluent source of an industrial user is located or in which any records are required to be maintained pursuant to this title or any rules, regulations, orders or permits of the water board;

(2) may, at reasonable times during regular business hours, have access to and copy any records required to be maintained pursuant to this title or any rules, regulations, orders or permits of the water board;

(3) may, during all times of industrial user discharges, inspect any monitoring or other equipment or method which is required pursuant to this title or any rules, regulations, orders or permits of the water board; and

(4) may, during all times of industrial user discharges, have access to and sample any discharges or pollutants, resulting directly or indirectly from activities or operations of the industrial user of the premises in which an effluent source is located.

(b) Any records, reports or information obtained under this section shall, in the case of discharge data, be related to any applicable limitation, toxic pretreatment, or performance standards, and shall be available to the public, except that upon a showing satisfactory to the water board by any person that records, reports, or information, or particular portion thereof (other than discharge data), to which the water board has access under this section, if made public would divulge methods or processes entitled to protection as trade secrets of such person, the water board shall consider such record, report, or information, or particular portion thereof confidential, except that such record, report, or information may be disclosed to officers, employees, or authorized representatives of the United States or the state concerned with carrying out the Clean Water Act 33 U.S.C. § 1251 et seq., and any applicable state law related thereto or when relevant to any proceeding under this title or the Clean Water Act, 33 U.S.C. § 1251 et seq., and any applicable state law related thereto.

6. (a) Whenever the water board determines, after investigation, that there has been a violation of any of the provisions of this title or any rules, regulations, orders or permits issued pursuant thereto, the water board shall give notice in writing, in such form as will reasonably notify the alleged violator or violators setting forth any thing or act done or omitted to be done or claimed to be in violation of any such provisions, and requiring that the matters complained of be corrected. Such notice shall inform the violator of an opportunity for a hearing, or that the alleged violator appear in person or by attorney before the water board, at a reasonable time and place in said notice specified, and show cause why enforcement action should not be taken.

(b) The water board shall establish in its rules and regulations procedures for the conduct of any hearings.

(c) The executive director may designate an agent of the water board or any other person, independent of the water board, to serve and preside as hearing officer.

(d) In any hearing, a hearing officer may administer oaths, examine witnesses, and issue, in the name of the water board, notices of hearings and subpoenas requiring the attendance and testimony of witnesses and the production of evidence relevant to any matter involved in any hearing conducted by the water board.

(e) In any proceeding before the water board, the burden of proof, with respect to violations of or liability imposed by this title or by rules, regulations, orders or permits issued pursuant thereto shall be upon the user or person cited by notice. In any such proof, the water board or the hearing officer may rely upon the self-monitoring reports submitted by the person being investigated or any other evidence.

(f) After due consideration of the written and oral statements, and testimony and arguments, or on default in appearance, the water board may issue and enter such final order to make such final determination as it deems appropriate under the circumstances, and shall notify such person or persons thereof in writing.

(g) In case of contumacy or refusal to obey a notice of hearing or subpoena issued by the water board, the supreme court shall have jurisdiction, upon application of the water board, to issue an order requiring such person to appear and testify or produce evidence as the case may require.

§ 1230-h. Transfer of facilities by the city of Niagara Falls or any municipality. 1. The city or any municipality may, by resolution approved by a majority of the entire voting strength of the applicable governing body of the board of the city or municipality, as the case may be, enter into an agreement with the water board for the transfer, by deed, lease or other arrangement, to the water board, for use in the exercise of its corporate powers and purposes, of any property, real, personal or mixed or any interest therein, constituting a water, wastewater or storm water facility or facilities or otherwise owned by it. Any such property offered to be transferred to the water board within the period commencing on the date the certificate described in paragraph (a) of subdivision five of section twelve hundred thirty-e of this title shall be filed by the mayor and terminating three hundred sixty-five days thereafter shall be accepted by the water board in the physical condition in which it then exists. Any such agreement shall state the consideration, if any, for such transfer and shall provide that the authority shall assume the obligation to pay any or all outstanding indebtedness of the transferring body relating to the system and/or pay all or part of any purchase or acquisition price in cash or in installments over such period of years, at such rate of interest, if any, and may be subject to such other terms and conditions as the water board, the authority, the city or municipality, as the case may be, shall agree to be fair, adequate and reasonable. Notwithstanding the provisions of any general, special or local law or charter to the contrary, any action taken by the city or any municipality pursuant to this subdivision shall not be subject to a permissive or mandatory referendum.

2. Any such agreement shall set forth the liabilities of the city or of any municipality in which it is contemplated are to be paid by the authority or the water board from moneys available to it.

3. Any such agreement may provide for the payment by the city or any municipality to the water board of any funds, including the remaining proceeds of any bonds or notes issued for any facility of the system, to be transferred by the city or municipality to the water board as may be determined appropriate by the city or such municipality and the water board.

4. The city, any municipality, the authority and the water board, or any combination thereof, are hereby authorized and empowered to make or enter into any contracts, agreements, deeds, leases, conveyances or other instruments as may be necessary or appropriate to effectuate the purposes of this title, and they shall have power and authority to do so and to authorize the doing of all things incidental, desirable or necessary to implement the provisions of this title.

5. Notwithstanding the foregoing provisions of this section, no agreement relating to the transfer of system facilities contemplated by this section shall become effective for any purpose unless and until the same shall have been approved in writing by resolution of the authority.

6. Upon the filing by the water board with the clerk of the city and the secretary of state of a copy of the instruments or documents effectuating the transfer authorized by this section, the water board shall take possession of the system facilities or any part thereof of the city or any municipality thereby transferred.

7. Any application filed or proceeding heretofore commenced in relation to any facility of the system transferred to the water board pending with the state departments of environmental conservation or health or any other state agency or with the United States environmental protection agency or any other federal agency or instrumentality, shall inure to and for the benefit of the water board and be binding upon the water board to the same extent and in the same manner as if the water board had been a party to such application or proceeding from its inception, and the water board shall be deemed a party thereto to the extent not prohibited by any federal or state law. Any license, approval, permit or decision heretofore or hereafter issued or granted pursuant to or as a result of any such application or proceeding shall inure to the benefit of and be binding upon the water board and shall be assigned and transferred by the city or applicable municipality to the water board unless such assignment and transfer is prohibited by federal or state law.

§ 1230-i. Agreements among the water board, the city, municipalities and the authority for the provision of projects. 1. The authority, the water board, the city, any municipality and any other person may enter into agreements for the purpose of providing for the construction and financing of a project.

2. Any such agreements: (a) shall describe in sufficient detail for reasonable identification the particular project or groups of projects to be financed in whole or in part by the authority, (b) shall describe the plan for the financing of the cost of the construction of such project, including the amount, if any, to be provided by the water board and the source or sources thereof, (c) shall set forth the method by which and by whom and the terms and conditions upon which moneys provided by the authority shall be disbursed, (d) may require, in the discretion of the authority, the payment to the authority of the proceeds of any state and federal grants available to the water board, (e) shall provide for the establishment of user fees, rates and other charges and the charging and collection thereof by the water board for

the use of, or services furnished, rendered or made available by such project such as to provide that the water board receive revenues at least sufficient, together with other revenues of the water board, if any, to meet the requirements of this title, (f) may provide for the transfer by the city, any state agency, or by any municipality to the water board pursuant to this title of ownership of any project, (g) may provide for the construction and completion of such project by the city, any municipality or the water board and for the management, operation, maintenance and repair thereof, as an integrated part of the system of which such project forms a part, subject to such terms and conditions, not inconsistent with this title, which may be in the public interest and necessary or desirable properly and adequately to secure the holders of bonds of the authority, (h) shall provide for the discontinuance or disconnection of the supply of water for nonpayment of fees, rates or other charges therefor imposed by the water board, provided such discontinuance or disconnection of any supply of water shall not be carried out except in the manner and upon the notice as is required of a waterworks corporation pursuant to the public service law, and (i) shall, in the discretion of the authority, require reports concerning the project from the water board to the authority and any municipality.

3. If the city executes an agreement pursuant to this section, relating to the financing of projects by revenue bonds, it shall have and shall be deemed to have annulled its power to levy user fees, rents and other charges on participating properties or customers for the cost of financing, operating and maintaining such projects under its jurisdiction until all bonds of the authority shall have been paid or discharged in accordance with the agreement and the resolution of the authority authorizing such bonds. If the city has outstanding general obligation bonds issued for acquiring or constructing system facilities, whether the bonds are payable from revenues, special assessments, or taxes, it may authorize the authority pursuant to the agreement to issue its revenue bonds under this title for the purpose of retiring the outstanding bonds.

4. No such agreement shall be executed until the water board shall have held a public hearing at which users of the project shall have had

opportunity to be heard concerning the proposed provisions thereof. Notice of such hearing shall be published not less than ten nor more than twenty days in advance in a newspaper or newspapers having a general circulation in the service area as designated by the water board.

5. Such agreement shall be effective upon the issuance by the authority of bonds to finance the cost of constructing projects of the city, any municipality or the water board.

6. Any such agreement may be amended, revised or extended by supplemental agreements authorized and executed in the same manner as the original agreement, provided that any such supplemental agreement shall not be inconsistent with the provisions of this title.

7. (a) Following the execution of the initial agreement by and between the authority, the water board, the city, any state agency and any municipality pursuant to this section, the secretary of the water board shall, and following the execution of any subsequent agreement by and between the authority, the water board, any state agency, and any municipality pursuant to this section, publish a notice in substantially the following form:

> "Notice is hereby given that (here insert the parties to the agreement) (has) (have) on the   day of   entered into an agreement with the Niagara Falls Public Water Authority in relation to the construction and financing of (here insert a brief description of the project or facility to which such agreement relates) pursuant to the Niagara Falls Public Water Authority act for the purpose of placing its facilities on an independent basis, imposing fees and rates on system users, which, together with other revenues available for such purposes, if any, are sufficient to pay to the authority debt service on bonds issued by the authority pursuant to the agreement and for management, operation, repair and maintenance of the facility (title to which is transferred to the water board pursuant to the agreement). Such agreement in general terms provides (here insert a brief summary of the substantive provisions of such agreement). A copy of the

complete agreement is on file for public inspection in the office of the secretary of the water board where the same may be examined by any interested person during regular business hours. The validity of the agreement may be hereafter contested only upon the ground or grounds that: (i) such agreement violates, or the performance of any provision thereof by any party thereto would violate, the provisions of the state constitution or (ii) the provisions of law which should have been complied with, in relation to the authorization and execution thereof were not substantially complied with, and an action, suit or proceeding is commenced within sixty days after the date of this notice."

(b) The publication authorized by this subdivision shall be in a newspaper or newspapers having a general circulation in the service area as designated by the water board.

(c) After the expiration of the sixty day period set forth in such notice, the validity of such agreement shall be conclusively presumed and the validity thereof shall not thereafter be questioned by either a party plaintiff or a party defendant and no court shall have jurisdiction in any action, suit or proceeding contesting such validity.

(d) Neither any error nor omission in the notice of publication provided for in this subdivision shall affect or impair the validity of an agreement executed pursuant to this section so long as the notice substantially conforms to the provisions of this section.

§ 1230-j. Imposition and disposition of fees, rates or charges. 1. The water board shall establish, fix and revise, from time to time, fees, rates or other charges for the use of, or services furnished, rendered or made available by, all projects, the facilities and system owned, leased or utilized by the water board pursuant to this title in an amount at least sufficient at all times so as to provide funds in an amount sufficient, together with other revenues available to the board, if any, (a) to pay to the authority, in accordance with any agreement with the authority, an amount sufficient for the purpose of paying the principal of and the interest on the outstanding bonds of the authority as the same shall become due and payable and maintaining or funding a capital or debt service reserve fund therefor, if any, or any other fund determined necessary by the authority, and, to the extent requested by the city or any municipality in, or annually pursuant to, any agreement, to pay to the city or any municipality, in accordance with any agreement, an amount sufficient for the purpose of paying the principal of and interest on general obligation bonds of the city or any municipality issued for or allocable to the facilities of the system, as the same shall become due and payable, and to maintain or fund reserves therefor, (b) to pay to the city or any municipality, in accordance with any agreement, an amount sufficient for the purpose of paying the costs of administering, maintaining, repairing and operating and the cost of constructing capital improvements to the system, (c) to pay to the city or any municipality in accordance with any agreement entered into pursuant to section twelve hundred thirty-h of this title an amount sufficient for the purpose of paying liabilities issued for or allocable to the system, as the same shall become due and payable, (d) to pay to the city or any municipality, in accordance with this title or any agreement entered into pursuant to this title, an amount sufficient for the purpose of paying any payment in lieu of taxes as the same shall become due and payable, (e) to raise an amount sufficient for the purpose of paying the costs of administering, managing, maintaining, repairing and operating any system facility, (f) to meet any requirements of any agreement, including requirements relating to the establishment of reserves for renewal and replacement and for uncollected rates, fees or other charges and covenants respecting rates, (g) to pay all other reasonable and necessary expenses of the authority and the water board in relation thereto, and (h) to pay or provide for such other purposes or projects as the water board considers appropriate and in the public interest.

2. There is hereby established in the custody of the water board a special fund to be known as the local water fund. Such fund shall consist of the revenues derived from the fees, rates, rents and service charges established, charged and collected pursuant to this title and any other income earned or moneys received by the water board. Revenues in the local water fund shall be kept separate and shall not be commingled with any other moneys in the custody of the water board. Subject to any agreements made by the water board in connection with the

issuance of any bonds of the authority, all moneys, properties and assets acquired by the water board, whether as revenues or otherwise, shall be held by it in trust for the purposes of carrying out its powers and duties, and shall be used and reused in accordance with the purposes and provisions of this article.

3. The water board shall deposit promptly, to the credit of the local water fund, revenues collected under this article in a bank, banking house or trust company as may be designated in or pursuant to the agreements.

4. No fee, rate or other charge shall be established, fixed or revised unless and until the water board has held a public hearing at which the users of the system, the owners of property served or to be served and other interested persons have had an opportunity to be heard concerning the same. Notice of such public hearing shall be published by the water board not less than ten nor more than twenty days before the date set therefor in a newspaper or newspapers having general circulation in the service area, as shall be designated by the water board. Such notice shall set forth the date, time and place of such hearing and shall include a brief description of the matters to be considered at such hearing. A copy of the notice shall be filed in the office of the secretary of the water board and shall be available for inspection by the public. At all such hearings, any users of the system, owners of property served or to be served and any other interested persons shall have an opportunity to be heard concerning the matters under consideration. Any decision of the water board on matters considered at such public hearing shall be in writing and be made available in the office of the secretary of the water board for public inspection. Such decision shall be published in a newspaper or newspapers having a general circulation in the service area as shall be designated by the water board not later than thirty days after such decision is made. The fees, rates or other charges so established for any class of users of property served shall be extended to cover any additional premises thereafter served which are within the same class, without the necessity of a hearing thereon.

5. The fees, rates or other charges established, fixed and revised from time to time by the water board shall be collected by the water board at such times and in such manner as may be determined by the rules and regulations adopted by the water board consistent with the provisions of this title.

6. Such fees, rates or other charges, if not paid when due, shall constitute a lien upon the premises served and a charge against the owners or users thereof, which lien and charge shall bear interest at the same rate as would unpaid taxes of the city. Such lien shall take precedence over all other liens or encumbrances, except taxes, and may be foreclosed against the lot or building served in the same manner as a lien for such taxes. The amount which remains due and unpaid for sixty days may, with interest thereon, at the same rate as unpaid city taxes and with reasonable attorneys' fees, be recovered by the water board in a civil action in the name of the water board against such owners. The city and any state agency or municipality in the service area shall be subject to the same fees, rates, rents or other charges under the same conditions as other users of the system. All rights, powers, duties, obligations and functions provided by law with respect to the fixing of charges or rates for the supply of water, wastewater or storm water services to users outside the city, shall be deemed to apply, as appropriate, to the water board established pursuant to this title.

7. The water board shall pay to the authority such amounts at such times and in such manner as may be provided in the agreement by and among the authority, the water board, the city, and any municipality consistent with the priorities set forth in such agreement. There is hereby created a lien, by this title made a statutory lien within the meaning of the uniform commercial code and any other state or federal law, upon the gross revenues of the water board, in favor of the payment of all amounts due pursuant to such agreement and in the order and priority set forth therein and which lien shall be a first lien upon such gross revenues. The gross revenues so subject to such statutory lien shall be and remain subject to such statutory lien until the payment in full of each such item in accordance with such priority. Said statutory lien shall not be construed to give any holder or owner of any

bond of the authority power to compel the sale of any system facility.

8. If there be any default by the water board, in the making of the payments to the authority required under this title, as a result of the failure by the water board to impose sufficient fees, rates or other charges, the authority may petition for the appointment by any court having jurisdiction in any proper action of a receiver to administer on behalf of the water board, under the direction of said court, the affairs of the water board in order to achieve revenues at least sufficient to make such payments; and by and with the approval of said court, to establish, fix and revise, from time to time, fees, rates or other charges at least sufficient therefor in conformity with this title, and the resolution or trust indenture of the authority providing for the issuance of its bonds and in accordance with such orders as the court shall make.

9. The water board shall prepare and transmit to the city or municipality in the service area of the water board, on or before the first day of December in each year, a list of those persons or property owners within the city or such municipality who are in arrears in the payment of fees, rates, or other charges for a period of sixty days or more after the last day fixed for payment thereof without penalty. The list shall contain a brief description of the properties for which the services were provided, the names of the persons liable to pay for the same and the amounts chargeable to each, including applicable penalties and interest. The city or such municipality shall levy or cause to be levied such sums against the properties liable and shall state the amount thereof in a separate column in the annual tax rolls of such municipality under the name of "delinquent water or wastewater or storm water charges, if any". Such amounts, as and when collected by the city or such municipality, shall be paid over to the water board. All of the provisions of the tax laws of the state covering the enforcement and collection of unpaid taxes of an applicable municipality shall apply to the collection of such unpaid fees, rates or other charges. In the event that the enforcement of unpaid taxes, including unpaid delinquent water board charges, does not yield moneys sufficient to pay in full all unpaid taxes including unpaid delinquent water board charges, the amount

of unpaid water board charges to be paid to the water board shall be prorated.

10. The public service commission shall have no jurisdiction over the water board or the authority with respect to the regulation of the fees, rates or other charges established, fixed or revised by the water board except as provided by law with respect to the supply of water to users outside the city or the service area.

§ 1230-k. Appropriations for purposes of the water board or the authority; transfer of property to the water board or authority; acquisition of property by the city or municipality for the authority; contracts with the city or any municipality. 1. In addition to any powers granted to it by law, the city or any municipality may, from time to time, appropriate by resolution sums of money for purposes of either the water board or the authority to defray project costs or any other costs and expenses of either the water board or the authority or to pay amounts payable or anticipated to be payable to either the water board or the authority pursuant to any agreement authorized by this title. Subject to the rights of bondholders, the city, or such municipality may determine if the moneys so appropriated shall be subject to repayment by either the water board or the authority and, in such event, the manner and time or times for such repayment.

2. The city, any state agency or any municipality may give, grant, sell, convey, loan or license the use of or lease to either the water board or to the authority any properties which are useful to either the water board or the authority in order to carry out their powers under this title. Any such transfer of property shall be for such term and upon such terms and conditions, subject to the rights of the holders of any bonds, as the water board, the authority, such state agency and such municipality may agree, including provision for the authority to assume the primary responsibility for the payment of any bonds or notes issued by the city, such state agency or such municipality for such properties.

3. Notwithstanding the provisions of any other law, general, special

or local to the contrary, real property acquired by either the water board, the authority or any municipality from the state or a state agency may be used for any corporate purpose of either the water board or the authority.

4. Any municipality, state agency, the water board and/or the authority shall have the power to contract, from time to time, between or among themselves, or with any other person, in relation to the purchase, sale, production, accumulation, supply, transmission, or treatment of water, or the provision of wastewater or storm water services and/or the construction, use, sale and/or leasing, of any system facility of the water board, which contracts may include any or all of the following provisions: (a) requiring the purchase by any municipality of specified amounts of water, wastewater or storm water services; (b) requiring the use by any municipality of a system facility; (c) limiting the right, including a prohibition, of any municipality to construct a facility which will serve the same, or substantially the same, function as a system facility constructed or to be constructed by the water board; (d) requiring the water board to reserve capacity in any system facility to assure the availability to any municipality of a specified amount of use of any system facility; (e) providing for specified minimum periodic payments whether or not water, wastewater or storm water services are actually taken and used, or such system facility is actually used, subject to such limitations, exceptions and provisions therein, and (f) requiring any municipality to pay to the water board such amounts as shall be necessary to assure the continued operation of the water board. All such payments shall be determined and paid in such manner and at such times as may be provided in such contracts.

5. No gift, grant, sale, conveyance, loan, contract or lease authorized by this section shall be subject to referendum, permissive or otherwise.

6. Any agreement for the supply of water services, wastewater services or storm water services between the city or an agency thereof and any other municipality or state agency, or any administrative determination

by a state agency, or any other arrangement in this regard, in effect at the time the water board shall be established, shall remain in full force and effect and be binding upon the water board as if it were a party to such agreement, determination or other arrangement.

7. (a) Notwithstanding any other provision of this title, neither the authority nor the water board shall supply, or enter into any agreement to supply water to any municipality within the Niagara county water district, or any person or entity within the boundaries of the Niagara county water district without the consent and approval by resolution of a majority of the members of the Niagara county water district administrative board; (b) that nothing contained in paragraph (a) of this subdivision, or elsewhere in this title shall affect in any manner either the existing rights of the city, or such rights assumed by the authority or the water board, or the existing rights of any other municipality with respect to those persons or entities presently receiving water from the city.

§ 1230-l. Transfer of officers and employees. 1. In accordance with the provisions of section seventy of the civil service law, any officer or employee of the city that currently works in the system, may, at the request of the water board and with the consent of such city and board, be transferred to the water board and shall be eligible for such transfer and appointment, without further examination, to applicable offices, positions and employment under the water board. Any such officers or employees so transferred to the water board pursuant to this section, who are members of or benefit under any existing pension or retirement fund or system, shall continue to have all rights, privileges, obligations and status with respect to such fund or system as are now prescribed by law, but during the period of their employment by the water board, all contributions to such funds or systems to be paid by the employer on account of such officers or employees shall be paid by the water board.

2. A transferred employee shall remain in the same collective bargaining unit as was the case prior to his or her transfer; successor

employees to the positions held by such transferred employees shall, consistent with the provisions of article fourteen of the civil service law, be included in the same unit as their predecessors. Employees serving in positions in newly created titles shall be assigned to the same collective bargaining unit as they would have been assigned to such unit were such titles created prior to the establishment of the water board. Nothing contained in this title shall be construed (a) to diminish the rights of employees pursuant to a collective bargaining agreement or (b) to affect existing law with respect to an application to the public employment relations board seeking a designation by the board that certain persons are managerial or confidential.

§ 1230-m. Bonds of the authority. 1. The authority shall have the power and is hereby authorized from time to time to issue bonds in conformance with applicable provisions of the uniform commercial code in such principal amounts as it may determine to be necessary to pay the cost of any project or projects, or for any other corporate purpose, including reasonable and incidental expenses in connection therewith. The authority shall have power from time to time to refund any bonds by the issuance of new bonds whether the bonds to be refunded have or have not matured, and may issue bonds partly to refund bonds then outstanding and partly for any other corporate purpose. Bonds issued by the authority may be general obligation bonds secured by the faith and credit of the authority or may be special obligations payable solely out of particular revenues or other moneys as may be designated in the proceedings of the authority under which the bonds shall be authorized to be issued, subject to any agreements entered into between the authority and the city, and the authority, the water board and the city, and subject to any agreements with the holders of outstanding bonds pledging any particular property, revenues or moneys.

2. The authority is authorized to obtain from any department or agency of the United States or the state or any non-governmental insurer or financial institution, any insurance, guaranty or other credit support device, to the extent now or hereafter available, as to, or for the payment or repayment of interest or principal, or both, or any part

thereof, on any bonds issued by the authority and to enter into any agreement or contract with respect to any such insurance or guaranty, except to the extent that the same would in any way impair or interfere with the ability of the authority to perform and fulfill the terms of any agreement made with the holders of bonds or notes of the authority as may then exist.

3. Bonds shall be authorized by resolution of the authority, be in such denominations, bear such date or dates and mature at such time or times as such resolution may provide, except that bonds and any renewals thereof shall mature within forty years of the date of their original issuance and notes and any renewal thereof shall mature within five years of the date of their original issuance. Such bonds shall be subject to such terms of redemption, bear interest at such rate or rates payable at such times, be in such form, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, and be subject to such terms and conditions as such resolution may provide. Bonds may be sold at public or private sale for such price or prices as the authority shall determine provided that no issue of bonds may be sold by the authority at private sale unless such sale and the terms thereof have been approved in writing by (a) the comptroller, where such sale is not to such comptroller, or (b) by the state director of the budget, where such sale is to be to the comptroller. The authority may pay all expenses, premiums and commissions which it may deem necessary or advantageous in connection with the issuance and sale of bonds or authority obligations.

4. The authority may also enter into loan agreements, lines of credit and other security agreements and obtain for or on its behalf letters of credit, insurance, guarantees or other credit enhancements to the extent now or hereafter available, in each case for securing its bonds or to provide direct payment of any costs which the authority is authorized to pay.

5. Any resolution or resolutions authorizing bonds or any issue of bonds may contain provisions which may be a part of the contract with the holders of the bonds thereby authorized as to:

(a) pledging all or part of the revenues, other monies or property of the authority to secure the payment of the bonds, or any costs of issuance thereof, including, but not limited to, any contracts, earnings or proceeds of any grant to the authority received from any private or public source subject to such agreements with bondholders as may then exist;

(b) the setting aside of reserves and the creation of sinking funds and the regulation and disposition thereof;

(c) limitations on the purpose to which the proceeds from the sale of bonds may be applied;

(d) limitations on the right of the authority to restrict and regulate the use of the project or part thereof in connection with which bonds are issued;

(e) limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured and the refunding of outstanding or other bonds;

(f) the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, the amount of bonds the holders of which must consent thereto, and the manner in which such consent may be given;

(g) the creation of special funds into which any revenues or monies may be deposited;

(h) the terms and provisions of any trust, mortgage, deed or indenture securing the bonds under which the bond may be issued;

(i) vesting in a trustee or trustees such properties, rights, powers and duties in trust as the authority may determine which may include any or all of the rights, powers and duties of the trustees appointed by the bondholders to appoint a trustee pursuant to this title or limiting or abrogating the rights of the bondholders to appoint a trustee, or limiting the rights, duties and powers of such trustee;

(j) defining the acts or omissions to act which may constitute a default in the obligations and duties of the authority to the bondholders and providing for the rights and remedies of the bondholders in the event of such default, including as a matter of right the appointment of a receiver, provided, however, that such rights and remedies shall not be inconsistent with the general laws of the state and other provisions of this title;

(k) limitations on the power of the authority to sell or otherwise dispose of any project or any part thereof;

(l) limitations on the amount of revenues and other monies to be expended for operating, administrative or other expenses of the authority;

(m) the payment of the proceeds of bonds, revenues and other monies to a trustee or other depository, and for the method of disbursement thereof with such safeguards and restrictions as the authority may determine; and

(n) any other matters of like or different character which in any way affect the security or protection of the bonds or the rights and remedies of bondholders.

6. In addition to the powers herein conferred upon the authority to secure its bonds, the authority shall have power in connection with the issuance of bonds to adopt resolutions and enter into such trust indentures, agreements or other instruments as the authority may deem necessary, convenient or desirable concerning the use or disposition of its revenues or other monies or property, including the mortgaging of any property and the entrusting, pledging or creation of any other security interest in any such revenues, monies or property and the doing of any act, including refraining from doing any act which the authority would have the right to do in the absence of such resolutions, trust indentures, agreements or other instruments. The authority shall have power to enter into amendments of any such resolutions, trust indentures, agreements or other instruments. The provisions of any such resolutions, trust indentures, agreements or other instruments may be made a part of the contract with the holders of bonds of the authority.

7. Any provision of the uniform commercial code to the contrary notwithstanding, any pledge of or other security interest in revenues, monies, accounts, contract rights, general intangibles or other personal property made or created by the authority or the water board, pursuant to this title, shall be valid, binding and perfected against all persons, from the time when such pledge is made or other security interest attaches without any physical delivery of the collateral or further act, and the lien of any such pledge or other security interest

shall be valid, binding and perfected against all parties having claims of any kind in tort, contract or otherwise against the authority or the water board, irrespective of whether such parties have notice thereof. No instrument by which such a pledge or security interest is created nor any financing statement need be recorded or filed.

8. Whether or not the bonds are of such form and character as to be negotiable instruments under the terms of the uniform commercial code, the bonds are hereby made negotiable instruments within the meaning of and for all the purposes of the uniform commercial code, subject only to the provisions of the bonds for registration.

9. Neither the members of the authority nor any person executing its bonds shall be liable personally on its bonds or be subject to any personal liability or accountability by reason of the issuance thereof.

10. Subject to such agreements with bondholders as may then exist, the authority shall have power out of any funds available therefor to purchase bonds of the authority, which shall thereupon be cancelled, at a price not exceeding (a) if the bonds are then redeemable, the redemption price then applicable plus accrued interest to the next interest payment date, or (b) if the bonds are not then redeemable, the redemption price applicable on the first date after such purchase upon which the bonds become subject to redemption plus accrued interest to the next interest payment date. Bonds so purchased shall thereupon be cancelled.

§ 1230-n. Remedies of bondholders. Subject to any resolution or resolutions adopted pursuant to this title:

1. In the event that the authority shall default in the payment of principal of or interest on any issue of bonds after the same shall become due, whether at maturity or upon call for redemption, and such default shall continue for a period of thirty days, or in the event that the authority shall fail or refuse to comply with the provisions of this title or shall default in any agreement made with the holders of any

issue of bonds, the holders of twenty-five percent in aggregate principal amount of the bonds of such issue then outstanding, by instrument or instruments filed in the offices of the clerk of the city, secretary of the water board and the authority and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of such bonds for the purpose herein provided.

2. Such trustee may and, upon written request of the holders of twenty-five percent in principal amount of such bonds outstanding, shall in his, her or its own name:

(a) by action or proceeding in accordance with the civil practice law and rules, enforce all rights of the bondholders, including the right to require the authority to require the water board to collect fees, rates and charges adequate to carry out any agreement as to, or pledge of, such fees, rates and charges and to require the authority to carry out any other agreements with the water board, the city and/or any municipality and/or the holders of such bonds to perform its duties under this title;

(b) bring an action or proceeding upon such bonds;

(c) by action or proceeding, require the authority to account as if it were the trustee of an express trust for the holders of such bonds;

(d) by action or proceeding, enjoin any acts or things which may be unlawful or in violation of the rights of the holders of such bonds; and

(e) declare all such bonds due and payable, and if all defaults shall be made good, then with the consent of the holders of twenty-five percent of the principal amount of such bonds then outstanding, annul such declaration and its consequences.

3. Such trustee shall in addition to the foregoing have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth herein or incident to the general representation of bondholders in the enforcement and protection of their rights.

4. The supreme court shall have jurisdiction of any action or proceeding by the trustee on behalf of such bondholders. The venue of

any such action or proceeding shall be laid in Niagara county.

5. Before declaring the principal of bonds due and payable, the trustee shall first give thirty days notice in writing to the authority.

6. Any such trustee, whether or not the issue of bonds represented by such trustee has been declared due and payable, shall be entitled as of right to the appointment of a receiver of any part or parts of the properties the revenues of which are pledged for the security of the bonds of such issue, and, subject to any pledge or agreement with holders of such bonds, such receiver may enter and take possession of such part or parts of the properties and shall take possession of all moneys and other property derived from such part or parts of such properties and proceed with any construction thereon or the acquisition of any property, real or personal, in connection therewith which the authority is under obligation to do, and to operate, maintain and reconstruct such part or parts of the properties and collect and receive all revenues thereafter arising therefrom subject to any pledge thereof or agreement with bondholders relating thereto and perform the public duties and carry out the agreements and obligations of the authority under the direction of the court. In any suit, action or proceeding by the trustee, the fees, counsel fees and expenses of the trustee and of the receiver, if any, shall constitute taxable disbursements and all costs and disbursements allowed by the court shall be a first charge on any revenue derived from the properties.

§ 1230-o. State, city, water board or municipality, other than the authority, not liable on authority bonds. Neither the state, the city, the water board nor any municipality, other than the authority, shall be liable on the bonds of the authority and such bonds shall not be a debt of either the state, the water board, the city or any municipality, and each such bond shall contain, on the face thereof, a statement to such effect.

§ 1230-p. Moneys of the authority. All moneys of the authority from whatever source derived shall be paid to the treasurer of the authority and shall be deposited forthwith in a bank or trust company in the state designated by the governing body. The moneys in such accounts shall be paid out on check of the treasurer upon requisition by the governing body or of such other person or persons as the governing body may authorize to make such requisitions. All deposits of such moneys shall be secured by obligations of the United States or of the state of a market value equal at all times to the amount on deposit and all banks and trust companies are authorized to give such security for such deposits. To the extent practicable, consistent with the cash requirements of the authority, all such moneys shall be deposited in interest bearing accounts. The authority shall have power, notwithstanding the provisions of this section, to contract with the holders of any bonds as to the custody, collection, security, investment and payment of any moneys of the authority or any moneys held in trust or otherwise for the payment of bonds or in any way to secure bonds, and to carry out any such contract notwithstanding that such contract may be inconsistent with the provisions of this section. Moneys held in trust or otherwise for the payment of bonds or in any way to secure bond and deposits of such moneys may be secured in the same manner as moneys of the authority and all banks and trust companies are authorized to give such security for such deposits. Any moneys of the authority not required for immediate use or disbursement may, at the discretion of the authority, be invested in those obligations specified pursuant to the provisions of section ninety-eight-a of the state finance law. Subject to the provisions of any contract with bondholders and with the approval of the comptroller, the authority shall prescribe a system of accounts.

§ 1230-q. Bonds, legal investments for fiduciaries. The bonds of the authority are hereby made securities in which all public officials and bodies of the state and all municipalities, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations, including savings and loan associations, building and loan associations, investment companies and other persons carrying on a banking business, and administrators, guardians, executors, trustees and other fiduciaries and all other persons whatsoever, who are not or may hereafter be authorized to invest in bonds or other obligations of the state, may properly and legally invest funds including capital in their control or belonging to them. Notwithstanding any inconsistent provision of law, the bonds are also hereby made securities which may be deposited with and may be received by all public officers and bodies of this state and all municipalities for any purposes for which the deposit of bonds or other obligations of this state are now or hereafter may be authorized.

§ 1230-r. Agreement with the state. The state does hereby pledge to and agree with the holders of any bonds issued by the authority pursuant to this title and with those persons or public corporations who may enter into contracts with the authority or the water board, pursuant to the provisions of this title that the state will not alter, limit or impair the rights hereby vested in the authority or the water board to purchase, construct, own and operate, maintain, repair, improve, reconstruct, renovate, rehabilitate, enlarge, increase and extend, or dispose of any project, or any part or parts thereof for which bonds of the authority shall have been issued, to establish and collect rates, rents, fees and other charges referred to in this title, to fulfill the terms of any contracts or agreements made with or for the benefit of the holders of bonds or with any person or public corporation with reference to such project or part thereof, or in any way to impair the rights and remedies of the holders of bonds, until the bonds, together with interest thereon, including interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of the holders of bonds, are fully met and discharged and such contracts are fully performed on the part of the authority or the water board, as the case may be. The authority is authorized to include this pledge and agreement of the state in any agreement with the holders of bonds.

§ 1230-s. Exemption from taxes, assessments and certain fees. 1. It is hereby determined that the creation of the authority and the water board and the carrying out of its corporate purposes is in all respects for the benefit of the people of the city and any municipality in the service area and is a public purpose, and the authority and the water board shall be regarded as performing governmental functions in the exercise of the powers conferred upon each by this title, and the authority and the water board shall not be required to pay any fees, taxes, special ad valorem levies or assessments, whether state or local, including but not limited to fees, taxes, special ad valorem levies or assessments on real property, franchise taxes, sales taxes or other excise taxes, upon any property owned by them or under their jurisdiction, control or supervision, or upon the uses thereof, or upon their activities in the operation and maintenance of its facilities or any fares, tolls, rentals, rates, charges, fees, revenues or other income received by the authority or the water board. The authority and the water board shall at all times be exempt from any filing, mortgage recording or transfer fees or taxes in relation to instruments filed, recorded or transferred by it or on its behalf. The construction, use, occupation or possession of any property owned by the authority or the water board, including improvements thereon, by any person or public corporation under a lease, lease and sublease or any other agreement shall not operate to abrogate or limit the foregoing exemption, notwithstanding that the lessee, user, occupant or person in possession shall claim ownership for federal income tax purposes.

2. Any bonds issued pursuant to this title together with the income therefrom as well as the property of the authority or the water board shall at all times be exempt from taxes, except for transfer and estate taxes. The state hereby covenants with the purchasers and with all subsequent holders and transferees of bonds issued by the authority pursuant to this title, in consideration of the acceptance of and payment for the bonds, that the bonds of the authority issued pursuant to this title and the income therefrom and all revenues, monies, and other property pledged to secure the payment of such bonds shall at all times be free from taxation, except for transfer and estate taxes.

3. Notwithstanding the provisions of this section to the contrary, any real property of the authority or water board located outside the boundaries of the city shall be exempt from the payment of taxes,

special ad valorem levies and special assessments only if and to the extent that such real property would have been exempt if owned by the city.

4. Notwithstanding any provision in this section to the contrary, the water board may pay, or may enter into agreements with the city or any municipality to pay, a sum or sums, annually or otherwise, or to provide other considerations to such city or municipality, with respect to real property of the water board located within such municipality and provided that any such payment or agreement to pay shall be subject to approval by the authority.

5. The water board shall not be required to pay any taxes or other governmental fees or charges, whether imposed by the state or any municipality, including, without limitation, franchise taxes, sales taxes or other excise taxes, or any other tax or charge upon its property or activities or upon any of its revenues or other income.

6. Notwithstanding any other provision of this section, any payment by the water board in lieu of tax payments described in this subdivision shall be subordinate to any other payments required to be made to the authority pursuant to this title, including, without limitation, the payment of sums to the authority or to any trustee representing the holders of any bonds issued by the authority.

§ 1230-t. Actions against the water board and authority. 1. Except in an action for wrongful death, no action or special proceeding shall be prosecuted or maintained against either the water board or the authority or their members, officers or employees for personal injury or damage to real or personal property alleged to have been sustained by reason of the negligence, tort or wrongful act of either the water board or the authority or of any member, officer, agent or employee thereof, unless (a) a notice of claim shall have been made and served upon the water board or the authority, as the case may be, within the time limit prescribed by and in compliance with section fifty-e of the general municipal law, (b) it shall appear by and as an allegation in the complaint or moving papers that at least thirty days have elapsed since the service of such notice and that adjustment or payment thereof has been neglected or refused, and (c) the action or special proceeding shall be commenced within one year and ninety days after the happening of the event upon which the claim is based. An action against the board or authority for wrongful death shall be commenced in accordance with the notice of claim and time limitation provisions of title eleven of article nine of this chapter.

2. Wherever a notice of claim is served upon the water board or the authority, the water board or the authority, as the case may be, shall have the right to demand an examination of the claimant relative to the occurrence and extent of the injuries or damages for which claim is made, in accordance with the provisions of section fifty-h of the general municipal law.

3. The water board or the authority, as the case may be, may require any person presenting for settlement an account or claim for any cause whatever against the water board or the authority, to be sworn before a member, counsel, officer or employee of the water board or the authority designated for such purpose concerning such account or claim and, when so sworn, to answer orally as to any facts relative to such account or claim. The water board or the authority, as the case may be, shall have power to settle or adjust all claims in favor of or against the water board or the authority, as the case may be.

4. Any action or proceeding to which the authority, water board or the people of the state may be parties, in which any question arises as to the validity of this title, shall be preferred over all other civil causes of action or cases, except election causes of action or cases, in all courts of the state and shall be heard and determined in preference to all other civil business pending therein except election causes, irrespective of position on the calendar. The same preference shall be granted upon application of the authority or its counsel in any action or proceeding questioning the validity of this title in which the authority may be allowed to intervene. The venue of any such action or proceeding shall be laid in the supreme court of the county.

5. The rate of interest to be paid by the water board or the authority upon any judgment for which it is liable, other than a judgment on bonds of the authority, shall be the rate prescribed by section five thousand four of the civil practice law and rules. Interest on payments of principal or interest on any bonds in default shall accrue at the rate or rates set forth in such bonds from the due date thereof until paid or otherwise satisfied.

§ 1230-u. Contracts. All contracts for construction or purchase of supplies, materials or equipment shall be let by the water board, shall be made in conformity with the applicable provisions of section one hundred three of the general municipal law and section one hundred thirty-five of the state finance law. For the purposes of article fifteen-A of the executive law only, the authority and the water board shall each be deemed a state agency as that term is used in such article, and its contracts for procurement, design, construction, services and materials shall be deemed state contracts within the meaning of that term as set forth in such article. All construction contracts shall be let in accordance with the provisions of state law pertaining to prevailing wages, labor standards and working hours. The water board may, in its discretion, assign contracts for supervision and coordination to the successful bidder for any subdivision of work for which the water board receives bids. The water board shall not award any construction contract except to the lowest bidder who, in its opinion, is qualified to perform the work required and who is responsible and reliable. The water board may, however, reject any or all bids or waive any informality in a bid if it believes that the public interest will be promoted thereby. The water board may reject any bid if, in its judgment, the business and technical organization, plant, resources, financial standing, or experience of the bidder justifies such rejection in view of the work to be performed. Nothing in this title shall be construed to limit or diminish the power of the water board to do any construction directly by the officers, employees or agents of the water board.

§ 1230-v. Code of ethics. 1. As used in this section the term "employee" shall mean any member, officer, agent or employee of the authority or the water board.

2. No employee shall have any interest financial or otherwise, direct or indirect, or engage in any business or transaction or professional activity or incur any obligation of any nature, which is in substantial conflict with the proper discharge of his or her duties in the public interest.

3. Standards for such code of ethics shall be as follows:

(a) No employee shall accept other employment which will impair his or her independence of judgment in the exercise of his or her official duties.

(b) No employee shall accept employment or engage in any business or professional activity which will require the employee to disclose confidential information which he or she has gained by reason of his or her official position or authority.

(c) No employee shall disclose confidential information acquired by the employee in the course of his or her official duties nor use such information to further his or her personal interests.

(d) No employee shall use or attempt to use his or her official position to secure unwarranted privileges or exemptions for himself or herself or others.

(e) No employee shall engage in any transaction as representative or agent of the authority or water board with any person or business entity in which he or she has a direct or indirect financial interest that might reasonably tend to conflict with the proper discharge of his or her official duties.

(f) An employee shall not by his or her conduct give reasonable basis for the impression that any person can improperly influence such employee or unduly enjoy his or her favor in the performance of his or her official duties, or that he or she is affected by the kinship, rank, position or influence of any party or person.

(g) An employee shall abstain from making personal investments in enterprises which he or she has reason to believe may be directly involved in decisions to be made by the employee or which will otherwise create substantial conflict between his or her duty in the public interest and his or her private interest.

(h) An employee shall endeavor to pursue a course of conduct which will not raise suspicion among the public that he or she is likely to be engaged in acts that are in violation of his or her trust.

(i) No employee employed on a full-time basis nor any person, firm or association of which such an employee is a member, nor corporation a substantial portion of the stock of which is owned or controlled directly or indirectly by such employee, shall sell goods or services to any person, firm, corporation or association which is licensed or whose rates are fixed by the water board in which such employee serves or is employed.

(j) If any employee shall have a financial interest, direct or indirect, having a value of ten thousand dollars or more, in any activity which is subject to the jurisdiction of a regulatory agency, he or she shall file with the secretary of state and secretary of the water board a written statement that he or she has such a financial interest in such activity which statement shall be open to public inspection.

4. In addition to any penalty contained in any other provision of law, any such employee who shall knowingly and intentionally violate any of the provisions of this section may be fined, suspended or removed from office or employment in accordance with the rules and regulations of the water board. It shall be a misdemeanor for any such employee to be in any way or manner interested, directly or indirectly, in the furnishing of work, materials, supplies or labor, in any contract therefor which the authority or the water board is empowered to make by this title.

§ 1230-w. Equal employment opportunity. The water board and the authority shall ensure that all employees or applicants for employment are afforded equal employment opportunity without discrimination.

§ 1230-x. Audit and annual report. In conformity with the provisions of section five of article ten of the constitution, the accounts of the water board and of the authority shall be subject to the supervision of the comptroller and an annual audit shall be performed by an independent certified accountant. The water board and the authority shall annually submit to the governor and comptroller and to the state legislature a detailed report pursuant to the provisions of section twenty-eight hundred of this chapter, and a copy of such report shall be filed with the clerk of the county and city.

§ 1230-y. Limited liability. Neither the members of the governing body of either the water board or of the authority, nor any officer, or employee thereof acting in their behalf, shall be subject to any personal liability resulting from the ownership, construction, maintenance or operation of any of the projects or properties of either the water board or the authority or from carrying out any of the powers expressly given in this title.

§ 1230-z. Separability. If any clause, sentence, paragraph, section, or part of this title shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section, or part thereof involved in the controversy in which such judgment shall have been rendered.

§ 1230-aa. Effect of inconsistent provisions. Insofar as the provisions of this title are inconsistent with the provisions of any other act, general or special, or of any charter, local law, ordinance or resolution of any municipality, the provisions of this title shall be controlling. Nothing contained in this section shall be held to supplement or otherwise expand the powers or duties of the authority or water board otherwise set forth in this title. Except as specifically provided for in this title, in the performance of any of its functions, powers and duties, the authority and the water board shall be subject to all applicable general or special laws of the state, the county charter, city charter and any local law or ordinance.

TITLE 10-C

NIAGARA FALLS WATER BOARD

§ 1231-a. Short title. This title shall be known and may be cited as the "Niagara Falls water board act".

§ 1231-b. Niagara Falls water board. For the benefit of the city of Niagara Falls and the inhabitants thereof, a water board to be known as the Niagara Falls water board is hereby established for the accomplishment of any or all of the purposes specified in title ten-B of this article. It shall have the powers and duties now or hereafter conferred by title ten-B of this article upon a water board. It shall be organized in a manner prescribed by and be subject to the provisions of title ten-B of this article. The water board, its members, officers and employees and its operations and activities shall in all respects be governed by the provisions of title ten-B of this article.

TITLE 10-D

NASSAU COUNTY SEWER AND STORM WATER FINANCE AUTHORITY

§ 1232. Legislative intent. The state legislature hereby recognizes that the creation of a Nassau county sewer and storm water finance authority will be an effective mechanism to achieve substantial savings for past and prospective sewer and storm water capital investments. Moreover, such authority will help ensure the health and well-being of all Nassau county residents and promote local environmental protection. As such, the state legislature herein effectuates these laudable public purposes through the establishment of said authority for the specific and limited objective of refinancing outstanding sewer and storm water debt issued by or on behalf of the county and financing future sewer and storm water projects. In no manner is this legislation designed to alter the county's administration or delivery of sewer and storm water services to county residents nor is the authority intended to impose any additional pecuniary burden on its ratepayers. As a vehicle expressly created to consolidate existing sewer districts, refinance debt, provide a means for financing new debt and prepare for pending federal storm water regulatory requirements, the authority will serve as an important tool to aid the county's fiscal recovery and benefit county taxpayers. Further, the State legislature recognizes that the enactment of chapter three hundred fourteen of the laws of two thousand three, extending the oversight capacity of the Nassau county interim finance authority (NIFA) through calendar year two thousand seven, together with the chapter of the laws of two thousand three which added this title, offers an opportunity for NIFA to continue financing the county's tax certiorari settlements, thereby providing additional budgetary relief and fiscal stability.

§ 1232-a. Short title. This title shall be known and may be cited as the "Nassau county sewer and storm water finance authority act".

§ 1232-b. Definitions. As used or referred to in this title, unless a different meaning clearly appears from the context:

1. "Attorney general" means the state attorney general.

2. "Authority" means the public benefit corporation created by section twelve hundred thirty-two-c of this title.

3. "Bonds" means the bonds, notes or other evidences of indebtedness issued by the authority pursuant to this title, and the provisions of this title relating to bonds and bondholders shall apply with equal force and effect to notes and noteholders, respectively, unless the context otherwise clearly requires.

4. "Comptroller" means the state comptroller.

5. "Construction" means the negotiation, acquisition, erection, building, alteration, improvement, testing, increase, enlargement, extension, reconstruction, interconnection, renovation or rehabilitation of storm water resources facility, sewerage facility or storm water resources and sewerage facility as the case may be; the inspection and supervision thereof; and the engineering, architectural, legal, appraisal, fiscal, environmental and economic investigations, services and studies, surveys, designs, plans, working drawings, specifications, procedures and other actions preliminary or incidental thereto.

6. "Cost" as applied to any project, includes the cost of construction, the cost of the acquisition of all property both real and personal, and improved and unimproved; the cost of demolishing, removing or relocating any buildings or structures on lands so acquired, including the cost of acquiring any lands to which such buildings or structures may be moved or relocated; the cost of all systems, facilities, machinery, apparatus, fixtures and equipment; financing charges, interest prior to, during and after construction to the extent not paid or provided for from revenues or other sources; the cost of engineering and architectural surveys, plans and specifications; the cost of consultant and legal services; the cost of lease guarantee or bond insurance; and the cost of other expenses necessary or incidental to the construction of such project and the financing of the construction thereof, including the amount authorized in the resolution of the authority providing for the issuance of bonds to be paid into any reserve or other special fund from the proceeds of such bonds and the financing of the placing of any project in operation, including reimbursement to the county, or any municipality, state agency, the state, the United States government, or any other person for expenditures that would be costs of the project hereunder had they been made directly by the authority.

7. "County" means the county of Nassau.

8. "County charter" or "charter of the county" means the county government law of Nassau county.

9. "County executive" means the county executive of the county.

10. "County legislature" means the county legislature of the county.

11. "District" means the Nassau county sewer and storm water resources district created by the chapter of the laws of two thousand three that added this title.

12. "Facility" or "facilities" means collectively a sewerage facility or sewerage facilities and storm water resources facility or storm water

resources facilities.

13. "Governing body" means the members of the authority constituting and acting as the governing body of the authority.

14. "Municipality" means any county, city, town, village, improvement district under the town law, commissioner-run district, any other such instrumentality, including any agency, or public corporation of the state, or any of the foregoing or any combination thereof.

15. "Person" means any natural person, partnership, association, joint venture, limited liability company or corporation, exclusive of a public corporation as defined pursuant to article two-A of the general construction law.

16. "Prior districts" means the twenty-seven county sewage collection districts and three county sewage disposal districts heretofore established by the county pursuant to the county charter and existing on the day immediately prior to the effective date of this title.

17. "Project" means any storm water resources facility, sewerage facility or storm water resources and sewerage facility, as the case may be, including the acquisition, planning, development, financing or construction thereof.

18. "Properties" means the storm water resources, sewerage and storm water resources and sewerage system or systems of the authority, whether situated within or without the territorial limits of the district, including the plants, works, structures, instrumentalities or parts thereof and appurtenances thereto, real property, storm water resources facilities, sewerage facilities or any other property incidental to and included in such system or systems or part thereof, and any improvements, extensions and betterments.

19. "Real property" means lands, structures, franchises, rights and interests in lands, waters, lands underwater, riparian rights and air rights, and any and all things and rights included within said term and

includes not only fees simple absolute, but also any and all lesser interests including, but not limited to, easements, rights-of-way, uses, leases, licenses and all other incorporeal hereditaments and every estate, interest or right, legal or equitable, including terms for years and liens thereon by way of judgments, mortgages or otherwise.

20. "Revenues" means all payments and other income and receipts derived by the authority including, without limiting the generality of the foregoing, investment proceeds and proceeds of insurance and condemnation, together with all federal, state or municipal aid.

21. "Sewage" means the water-carried human or animal wastes from residences, buildings, industrial establishments or other places, together with such ground water infiltration and surface water as may be present. The admixture of sewage with industrial or other waste also shall be considered "sewage" within the meaning of this title.

22. "Sewerage facility" or "sewerage facilities" means any plants, structures and other real and personal property acquired, rehabilitated or constructed or planned for the purpose of collecting, conveying, pumping, treating, neutralizing, storing and disposing of sewage, including but not limited to main, trunk, intercepting, connecting, lateral, outlet or other sewers, outfalls, pumping stations, treatment and disposal plants, ground water recharge basins, back-flow prevention devices, sludge dewatering or disposal equipment and facilities, clarifiers, filters, phosphorus removal equipment and other plants, works, structures, equipment, vehicles, conveyances, contract rights, franchises, approaches, connections, permits, real or personal property or rights therein and appurtenances thereto necessary or useful and convenient for the collection, conveyance, pumping, treatment, neutralizing, storing and disposing of sewage and to the extent not covered by the foregoing, any facilities operated and maintained by the prior districts.

23. "Sewerage services" means the collection, treatment and disposal of sewage, any services provided by a sewerage facility and any other service related thereto.

24. "State" means the state of New York.

25. "State agency" means any state officer, public benefit corporation, department, board, commission, bureau or division, or any other agency or instrumentality of the state.

26. "Storm water resources facility" or "storm water resources facilities" means any plants, structures and other real and personal property acquired, rehabilitated, constructed or planned for the purpose of providing storm water resources services, including but not limited to accumulating, transmitting or treating surface water, storm water or ground water, including but not limited to surface water, storm water or ground water reservoirs, basins, dams, canals, aqueducts, standpipes, outfalls, conduits, pipelines, mains, pumping stations, pumps, ditches, wells, injection wells, treatment plants and works, contract rights, franchises, approaches, connections, permits, meters, rights of flowage or diversion and other plants, structures, equipment, vehicles, conveyances, real or personal property or rights therein and appurtenances thereto necessary or useful and convenient for the accumulation, transmission, or treatment of surface water or ground water; provided, however, that such facilities shall not include any facility for the provision of potable water.

27. "Storm water resources services" means the collection, treatment and disposal of storm water and contaminated surface water or ground water; the development, implementation and monitoring of insect control programs; the monitoring and testing of surface and ground water quality; the development and implementation of hazardous waste testing programs; the development and implementation of hydro-geological studies and reports of the territory encompassing the district; and any services provided by a storm water resources facility and any other service related thereto; provided, however, that such services shall not include the provision of potable water; provided further that in no way shall the provisions of this title be construed to expand storm water related services for which the authority is authorized to provide beyond such services provided by the county department of public works prior to the

effective date of this title.

§ 1232-c. Nassau county sewer and storm water finance authority. 1. A public benefit corporation, to be known as the "Nassau county sewer and storm water finance authority" is hereby created for the public purposes, charged with the duties and having the powers provided in this title. The authority shall be a "covered organization", as such term is defined pursuant to the Nassau county interim finance authority act in subdivision ten of section thirty-six hundred fifty-one of this chapter, and shall maintain itself as a publicly rated investment grade entity. The authority shall be a body corporate and politic constituting a public benefit corporation, the objects of which in the judgment of the legislature cannot be attained under general laws. The authority's governing body shall consist of seven members who shall be residents of the county, and be appointed by the county executive and confirmed by the county legislature; one upon the recommendation of the county comptroller, two upon recommendation of the presiding officer of the county legislature and two upon recommendation of the minority leader of the county legislature. No more than four members shall be members of the same political party. The first members appointed by the county executive shall be appointed for the following terms of office: two for a term ending on December thirty-first, two thousand five, three for a term ending on December thirty-first, two thousand six and two for a term ending on December thirty-first, two thousand seven. Subsequent appointments of members shall be made for a term of three years ending in each case on December thirty-first of the last year of such term. All members shall continue to hold office until their successors are appointed and qualify, provided that any member who is a county employee shall cease to hold office upon termination of his or her status as a county employee. Vacancies shall be filled in the same manner provided for original appointment. Vacancies, occurring otherwise than by expiration of term of office, shall be filled by appointment for the unexpired terms. The governing body shall appoint a chairperson, a vice chairperson and a treasurer from their own members and a secretary who need not be a member. Members may be removed from office for the same reasons and in the same manner as may be provided by law for the removal of officers of the county. In addition, a member may be removed from office for inefficiency, neglect of duty or misconduct in office, after the governing body has given such member a copy of the charges against him or her and opportunity to be heard in person or by counsel in his or her defense, upon not less than ten days notice. If a member fails to attend three consecutive regular meetings of the authority, unless such absence is for good cause and is excused by the chairperson of the authority or, in the case of the chairperson of the authority, by the chairperson of the county legislature, the office may be deemed vacant for purposes of nomination and appointment of a successor. Members shall serve without compensation, but each member shall be entitled to reimbursement of their actual and necessary expenses, including travel expenses, incurred in the discharge of their duties, provided that the aggregate of such reimbursement allowance to any one member of the authority in any one fiscal year of the authority shall not exceed the sum of five thousand dollars; provided, however, that the authority shall adopt by-laws regarding the approval of such reimbursement of their actual and necessary expenses that specifically include a procedure for prior approval of such expenses by a majority vote of the authority.

2. The powers of the authority shall be vested in and be exercised by the governing body at a meeting duly called and held where a quorum of four members is present. No action shall be taken except pursuant to the favorable vote of at least four members; provided, however, that no action shall be taken approving borrowing and contracts in an amount exceeding fifty thousand dollars, except by favorable vote of five members of the governing body. The governing body may delegate to one or more of its members or officers such powers and duties as it may deem proper.

3. The officers of the authority, consisting of the chairperson, the vice chairperson, the treasurer and the secretary shall serve in such capacities at the pleasure of the governing body without compensation, but each such officer shall be reimbursed for actual and necessary expenses incurred in the performance of such officer's official duties as officers of the authority. The governing body may also from time to

time contract for expert professional services. The treasurer shall execute a bond, conditioned upon the faithful performance of the duties of his or her office, the amount and sufficiency of which shall be approved by the governing body and the premium therefore shall be paid by the authority.

4. Notwithstanding any inconsistent provision of any general, special or local law, ordinance, resolution or charter, no officer, member or employee of the state, any municipality or any public benefit corporation shall forfeit his or her office or employment by reason of his or her acceptance of appointment as a member or officer of the authority, nor shall service as such member or officer be deemed incompatible or in conflict with such office, membership or employment, provided, that such officer serves in an unpaid capacity.

5. The authority shall hire no employees.

6. (a) The county executive shall file on or before March thirty-first of the year following the year in which this title shall have become a law, in the office of the secretary of state, a certificate signed by the county executive setting forth: (1) the name of the authority; (2) the names of the members appointed by the county executive and their terms of office; and (3) the effective date of this title. If such certificate is not filed with the secretary of state on or before such date, then the corporate existence of the authority shall thereupon terminate, and it shall thereupon be deemed to be and shall be dissolved.

(b) Except as provided in paragraph (a) of this subdivision, the authority and its corporate existence shall continue until terminated by law; provided, however, that no such law shall take effect so long as the authority shall have bonds or other obligations outstanding unless adequate provision has been made for the payment or satisfaction thereof. Upon termination of the existence of the authority, all of the rights, properties, responsibilities and liabilities of the authority then remaining shall pass to and vest in the county.

7. Nothing herein shall be construed to exempt the authority from the

requirements set forth in the environmental conservation law and the regulations promulgated thereunder implementing the provisions of the state environmental quality review act.

8. It is hereby determined and declared that the authority and the carrying out of its powers and duties are in all respects for the benefit of the people of the county and the state for the improvement of their health, welfare and prosperity, and that such purposes are public purposes and that the authority is and will be performing an essential governmental function in the exercise of the powers conferred upon it by this title.

9. Nothing in this title shall be construed to obligate the state in any way in connection with the operations or obligations of the authority.

§ 1232-d. Powers of the authority. The authority shall have the power:

1. To sue and be sued;

2. To have a seal and alter the same at pleasure;

3. To borrow money and issue bonds or other obligations and to provide for the rights of the holders thereof;

4. To finance or refinance the acquisition, design, construction, reconstruction, rehabilitation and improvement, or otherwise provide and furnish and equip facilities for the county, provided, however, that the county shall have requested such financing or refinancing;

5. To enter into contracts and to execute all instruments necessary, convenient or desirable for the purposes of the authority to carry out any powers expressly given it in this title;

6. To acquire, by purchase, gift, grant, transfer, contract or lease, lease as lessee, hold, use, and lease as lessor, sell or otherwise

convey any real or personal property or any interest therein, as the authority may deem necessary, convenient or desirable to carry out the purpose of this title; provided however, that any sale or lease by the authority must be approved by the county legislature unless the proceeds therefrom are used to pay debt service on authority bonds. In connection with the purchase or lease of such properties, the authority may assume any obligations of the owner of such properties or facilities and, to the extent required by the terms of any indentures or other instruments under which such obligations were issued, the authority may assume and agree to perform covenants and observe the restrictions contained in such instruments; provided that any acquisition of any real or personal property or any interest therein from the county or any county agency, entity or subsidiary shall occur for no consideration or compensation greater than the amount necessary to defease obligations outstanding with respect to such property;

7. To apply to the appropriate agencies and officials of the federal, state and local governments for such licenses, permits or approvals of its plans or projects as it may deem necessary or advisable, upon such terms and conditions as it may deem appropriate, and to accept, in its discretion, such licenses, permits or approvals as may be tendered to it by such agencies and officials;

8. To apply for and to accept any gifts, grants or loans of funds or property, or financial or other aid in any form from the federal government or any agency or instrumentality thereof, or from the state or any agency or instrumentality thereof, or from any other source, for any or all of the purposes specified in this title, and to comply, subject to the provisions of this title, with the terms and conditions thereof;

9. To enter into agreements with the county, the state, or any other person for the financing by the authority of projects as herein provided; and

10. To do all things necessary, convenient or desirable for the exercise of the powers granted in this title.

In accordance with the legislative intent, nothing contained within this title shall be construed to affect, alter or modify the county's responsibility: (a) to provide sewerage services, (b) to provide storm water services and (c) to collect moneys generated from charges by the county related to the provision of sewerage and storm water resources services.

§ 1232-e. Advances on behalf of the authority; transfer of property to authority. 1. In addition to any powers granted to it by law, the county from time to time may appropriate sums of money to or on behalf of the authority to defray costs and expenses of the authority. Subject to the rights of bondholders, the county may determine if the moneys so appropriated shall be subject to repayment by the authority to the county and, in such event, the manner and time or times for such repayment.

2. The county or any other municipality may give, grant, sell, convey, loan, license the use of or lease to the authority any property or facility which is useful to the authority in order to carry out its powers under this title; provided, however, that any such transfer of property shall be upon such terms and conditions and subject to the rights of the holders of any bonds, as the authority and the county or other municipality may agree. Notwithstanding the provisions of any state or local law to the contrary, the county shall transfer to the authority any funds which were in the prior districts' accounts upon dissolution thereof, as well as any prior district fund balance held by the county on behalf of the prior districts, or grant recoveries received in connection with assets acquired by the authority from the county, which funds shall be used by the authority for the limited purposes of supporting necessary capital investments, debt service, debt service-related expenses and reserve requirements in a manner consistent with the rate stabilization program established in section six of the chapter of the laws of two thousand three which added this title.

3. Notwithstanding the foregoing, the county shall not have authority

to give, grant or sell to the authority any real property upon which county owned facilities are located.

4. Notwithstanding the provisions of any other law, general, special or local to the contrary, real property acquired by the authority or the county from the state may be used for any corporate purpose of the authority.

§ 1232-f. Governmental capacity of the authority and municipalities. The authority, the county and the other municipalities, in carrying out their respective powers and duties under this title, shall be deemed to be acting in a governmental capacity and in the performance of an essential governmental function.

§ 1232-g. Bonds of the authority. 1. The authority shall have the power and is hereby authorized from time to time to issue bonds in such principal amounts, not to exceed three hundred fifty million dollars ($350,000,000), as it may determine to be necessary to pay the cost of any project or for any other of its corporate purposes, including the establishment of reserves to secure the bonds, the payment of principal of, premium, if any, and interest on the bonds and the payment of incidental expenses in connection therewith. The aggregate principal amount of such bonds, notes or other obligations shall exclude bonds, notes or other obligations issued to refund or otherwise repay bonds, notes or other obligations theretofore issued for such purpose. The authority shall have power from time to time to refund any bond, including bonds of the county issued to pay the cost of any project, by the issuance of new bonds, whether the bonds to be refunded have or have not matured, and may issue bonds partly to refund bonds then outstanding and partly for any other corporate purpose of the authority. Bonds issued by the authority may be general obligations secured by the faith and credit of the authority or may be special obligations payable solely out of particular revenues or other moneys as may be designated in the proceedings of the authority under which the bonds shall be authorized to be issued, subject to priority only to any agreements with the holders of outstanding bonds pledging any particular property, revenues, earnings or moneys. The authority may also enter into loan agreements, lines of credit and other security agreements and obtain for or on its behalf letters of credit, insurance, guarantees or other credit enhancements to the extent available, in each case for securing its bonds or to provide direct payment of any costs that the authority is authorized to pay.

2. Bonds shall be authorized by resolution of the authority, be in such denominations, bear such date or dates and mature at such time or times as such resolution may provide, except that bonds and any renewals thereof shall mature within forty years from the date of original issuance of any such bonds or within the applicable period of probable usefulness of the object or purpose financed as set forth in the local finance law assuming such provision was applicable, whichever is less. Bonds shall be subject to such terms of redemption, bear interest at such rate or rates, be payable at such times, be in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, and be subject to such terms and conditions as such resolution may provide. Bonds may be sold at public or private sale for such price or prices as the authority shall determine, provided that no bonds of the authority, other than obligations designated as notes, shall be sold by the authority at private sale unless such sale and the terms thereof have been approved in writing by the comptroller, or by the state director of the budget, where such sale is to be to the comptroller. The authority may pay all expenses, premiums and commissions which it may deem necessary or advantageous in connection with the issuance and sale of bonds.

3. The authority shall have the power and is hereby authorized to assume any bonds of the county issued and sold to the New York state environmental facilities corporation and in connection therewith to issue its bonds to the New York state environmental facilities corporation in substitution therefor.

4. Any resolution or resolutions authorizing bonds or any issue of

bonds may contain provisions which may be a part of the contract with the holders of the bonds thereby authorized as to:

(a) pledging all or any part of the revenues of the authority, together with any other moneys or property of the authority to secure the payment of the bonds or any costs of the issuance thereof, including but not limited to any contracts, earnings or proceeds of any grant to the authority received from any private or public source, subject to such agreements with bondholders as may then exist;

(b) the setting aside of reserves and the creation of sinking funds and the regulation and disposition thereof;

(c) limitations on the purpose to which the proceeds from the sale of bonds may be applied;

(d) limitations on the right of the authority to restrict and regulate the use of the project or part thereof in connection with which bonds are issued;

(e) limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured and the refunding of outstanding or other bonds;

(f) the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, including the proportion of bondholders which must consent thereto, and the manner in which such consent may be given;

(g) the creation of special funds into which any revenues or moneys may be deposited;

(h) the terms and provisions of any trust, deed, mortgage or indenture securing the bonds under which the bonds may be issued;

(i) vesting in a trustee or trustees such properties, rights, powers and duties in trust as the authority may determine, which may include any or all of the rights, powers and duties of the trustee appointed by the bondholders pursuant to section twelve hundred thirty-two-h of this title and limiting or abrogating the rights of the bondholders to appoint a trustee under such section or limiting the rights, duties and powers of such trustee;

(j) defining the acts or omissions to act which may constitute a default in the obligations and duties of the authority to the bondholders and providing for the rights and remedies of the bondholders in the event of such default, including as a matter of right the appointment of a receiver; provided, however, that such rights and remedies shall not be inconsistent with the general laws of the state and other provisions of this title; notwithstanding any provision to the contrary, nothing contained in this title shall be deemed to restrict the right of the state or county of Nassau to amend, modify or otherwise alter laws, ordinances, resolutions or agreements imposing or relating to taxes or fees or appropriations relating thereto. The authority shall not include in any resolution or contract or agreement with the holder of its bonds any provision which provides that a default shall occur as a result of the state or county exercising its right to amend, modify or otherwise alter laws, ordinances, resolutions or agreements imposing or relating to taxes or fees or appropriations relating thereto;

(k) limitations on the power of the authority to sell or otherwise dispose of any project or any part thereof or other property;

(l) limitations on the amount of revenues and other moneys to be expended for administrative or other expenses of the authority;

(m) the payment of the proceeds of bonds, revenues and other moneys to a trustee or other depository, and for the method of disbursement thereof with such safeguards and restrictions as the authority may determine; and

(n) any other matters of like or different character which may in any way affect the security or protection of the bonds or the rights and remedies of bondholders.

5. In addition to the powers conferred by this section upon the authority to secure its bonds, the authority shall have power in connection with the issuance of bonds to adopt resolutions and enter into such trust indentures, agreements or other instruments as the authority may deem necessary, convenient or desirable concerning the use or disposition of its revenues or other moneys or property, including the mortgaging of any of its properties and the entrusting, pledging or creation of any other security interest in any such revenues, moneys or properties and the doing of any act (including refraining from doing any act) which the authority would have the right to do in the absence of such agreements. The authority shall have power to enter into amendments of any such agreements within the powers granted to the authority by this title and to perform such agreements. The provisions of any such

agreements may be made a part of the contract with the holders of bonds of the authority.

6. Notwithstanding any provision of the uniform commercial code to the contrary, any pledge of or other security interest in revenues, moneys, accounts, contract rights, general intangibles or other personal property made or created by the authority shall be valid, binding and perfected from the time when such pledge is made or other security interest attaches without any physical delivery of the collateral or further act, and the lien of any such pledge or other security interest shall be valid, binding and perfected against all parties having claims of any kind in tort, contract or otherwise against the authority irrespective of whether or not such parties have notice thereof. No instrument by which such a pledge or security interest is created nor any financing statement need be recorded or filed.

7. Whether or not the bonds are of such form and character as to be negotiable instruments under the terms of the uniform commercial code, the bonds are hereby made negotiable instruments within the meaning of and for all the purposes of the uniform commercial code, subject only to the provisions of the bonds for registration.

8. Neither the members of the authority nor any person executing bonds shall be liable personally thereon or be subject to any personal liability or accountability by reason of the issuance thereof.

9. The authority, subject to such agreements with bondholders as then may exist, shall have the power, out of any moneys available therefor, to purchase bonds of the authority, which shall thereupon be cancelled.

10. The authority shall have the power and is hereby authorized to issue negotiable notes only for the purpose of paying the cost of any project or for any other of its corporate purposes in conformity with applicable provisions of the uniform commercial code and may renew the same from time to time but the maximum maturity of any such note, including renewals thereof, shall not exceed five years from the date of issuance of such original note.

§ 1232-h. Remedies of bondholders. Subject to any resolution or resolutions adopted pursuant to paragraph (i) of subdivision four of section twelve hundred thirty-two-g of this title:

1. In the event that the authority shall default in the payment of principal or of interest on any issue of bonds after the same shall become due, whether at maturity or upon call for redemption, and such default shall continue for a period of thirty days, or in the event that the authority shall fail or refuse to comply with the provisions of this title or shall default in any agreement made with the holders of any issue of bonds, the holders of twenty-five percent in aggregate principal amount of the bonds of such issue then outstanding, by instrument or instruments filed in the office of the clerk of the county and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of such bonds for the purpose herein provided.

2. Such trustee may, and upon written request of the holders of twenty-five percent in principal amount of such bonds outstanding shall, in his, her or its own name:

(a) by action or proceeding in accordance with the civil practice law and rules, enforce all rights of the bondholders, including the right to require the authority to carry out any other agreements with the holders of such bonds to perform its duties under this title;

(b) bring an action or proceeding upon such bonds;

(c) by action or proceeding, require the authority to account as if it were the trustee of an express trust for the holders of such bonds;

(d) by action or proceeding, enjoin any acts or things which may be unlawful or in violation of the rights of the holders of such bonds; and

(e) declare all such bonds due and payable, and if all defaults shall be made good, then with the consent of the holders of twenty-five percent of the principal amount of such bonds then outstanding, annul such declaration and its consequences.

3. Such trustee shall, in addition to the foregoing provisions of this

section, have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth in this section or incident to the general representation of bondholders in the enforcement and protection of their rights.

4. The state supreme court shall have jurisdiction of any action or proceeding by the trustee on behalf of such bondholders. The venue of any such action or proceeding shall be laid in the county.

5. Before declaring the principal of bonds due and payable, the trustee shall first give thirty days notice in writing to the authority.

6. Any such trustee, whether or not the issue of bonds represented by such trustee has been declared due and payable, shall be entitled as of right to the appointment of a receiver of any part or parts of the properties the revenues of which are pledged for the security of the bonds of such issue, and, subject to any pledge or agreement with holders of such bonds, such receiver may enter and take possession of such part or parts of the properties and shall take possession of all moneys and other property derived from such part or parts of such properties and proceed with any construction thereon or the acquisition of any property, real or personal, in connection therewith which the authority is under obligation to do, and to operate, maintain and reconstruct such part or parts of the properties and collect and receive all revenues thereafter arising therefrom subject to any pledge thereof or agreement with bondholders relating thereto and perform the public duties and carry out the agreements and obligations of the authority under the direction of the court. In any suit, action or proceeding by the trustee, the fees, counsel fees and expenses of the trustee and of the receiver, if any, shall constitute taxable disbursements and all costs and disbursements allowed by the court shall be a first charge on any revenues derived from the properties.

§ 1232-i. State and county not liable on authority bonds. Neither the state nor the county shall be liable on the bonds of the authority and such bonds shall not be a debt of the state or the county, and such bonds shall contain, on the face thereof, a statement to such effect.

§ 1232-j. Moneys of the authority. All moneys of the authority from whatever source derived shall be paid to the treasurer of the authority and shall be deposited forthwith in such bank or banks in the state designated by the governing body. Moneys derived from charges by the authority related to sewerage services shall be kept separate and shall not be commingled with moneys from charges by the authority related to storm water resources services. The moneys in such accounts shall be paid out on check of the treasurer upon requisition by the governing body or of such other person or persons as the governing body may authorize to make such requisitions. All deposits of such moneys shall be secured by obligations of the United States or of the state or of the county of a market value equal at all times to the amount on deposit, and all banks and trust companies are authorized to give such security for such deposits. The authority shall have the power, notwithstanding any other provisions of this section, to contract with the holders of any bonds as to the custody, collection, security, investment and payment of any moneys of the authority or any moneys held in trust or otherwise for the payment of bonds or in any way to secure bonds, and to carry out any such contract notwithstanding that such contract may be inconsistent with the provisions of this section. Moneys held in trust or otherwise for the payment of bonds or in any way to secure bonds and deposits of such moneys may be secured in the same manner as moneys of the authority and all banks and trust companies are authorized to give such security for such deposits. Any moneys of the authority not required for immediate use or disbursement may, at the discretion of the authority, be invested in those obligations specified pursuant to the provisions of section ninety-eight-a of the state finance law. Notwithstanding any other provision of this title to the contrary, for the purpose of any such contract with the holders of any bonds, any moneys of the authority from whatever source derived may be used in whole or in part for the payment of bonds or in any way to secure bonds, and to carry out any such contract. Provided however, that any monies derived from charges by the authority related to sewerage services or storm water resources services shall continue to be accounted for with respect to their source and any such monies which are used for the payment of bonds or in any way to secure bonds, and to carry out any contract with the holders of any bonds, shall be accounted for separately after reduction by an amount equal to the portion thereof applied to the payment of debt service, reserve requirements, if any, and other costs associated with bond-related payments. Subject to the provisions of any contract with bondholders and with the approval of the comptroller, the authority shall prescribe a system of accounts.

§ 1232-k. Bonds legal investments for fiduciaries. The bonds of the authority are hereby made securities in which all public officials and bodies of the state and all municipalities, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations, including savings and loan associations, investment companies and other persons carrying on a banking business, and administrators, guardians, executors, trustees and other fiduciaries and all other persons whatsoever, who are authorized to invest in bonds or other obligations of the state, may properly and legally invest funds including capital in their control or belonging to them. The bonds are also hereby made securities which may be deposited with and may be received by all public officers and bodies of this state and all municipalities for any purposes for which the deposit of bonds or other obligations of this state is authorized.

§ 1232-l. Agreement of the state. The state does hereby pledge to and agree with the holders of any bonds issued by the authority pursuant to this title that the state will not alter or limit the rights hereby vested in the authority to finance or refinance the acquisition, design, construction, reconstruction, rehabilitation and improvement of facilities and to fulfill the terms of any agreement made with or for the benefit of the holders of the bonds or with any public corporation or person with reference to such project or part thereof, or in any way impair the rights and remedies of the bondholders, until the bonds, together with the interest thereon, including interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of such holders, are fully met and discharged. The state does also hereby pledge to and agree with the holders of any bonds issued by the authority pursuant to this title that the state will not alter or limit the rights of the county to assess, levy and collect special assessments within the district or the county's ability to collect any such charges, rents or fees. The authority is authorized to include this pledge and agreement of the state in any agreement with bondholders. Notwithstanding any provision to the contrary, nothing contained in this title shall be deemed to restrict the right of the state or county of Nassau to amend, modify or otherwise alter laws, ordinances, resolutions or agreements imposing or relating to taxes or fees or appropriations relating thereto. The authority shall not include in any resolution or contract or agreement with the holder of its bonds any provision which provides that a default shall occur as a result of the state or county exercising its right to amend, modify or otherwise alter laws, ordinances, resolutions or agreements imposing or relating to taxes or fees or appropriations relating thereto.

§ 1232-m. Tax exemption and tax contract by the state. 1. It is hereby determined that the creation of the authority and the carrying out of its corporate purposes is in all respects for the benefit of the people of the state of New York and is a public purpose. Accordingly, the authority shall be regarded as performing an essential governmental function in the exercise of the powers conferred upon it by this title, and the authority shall not be required to pay any fees, taxes, special ad valorem levies or assessments of any kind, whether state or local, including but not limited to fees, taxes, special ad valorem levies or assessments on real property, franchise taxes, sales taxes or other taxes, upon or with respect to any property owned by it or under its jurisdiction, control or supervision, or upon the uses thereof, or upon or with respect to its activities or operations in furtherance of the powers conferred upon it by this title, or upon or with respect to any fares, tolls, rentals, rates, charges, fees, revenues or other income received by the authority.

2. Any bonds issued pursuant to this title together with the income therefrom shall at all times be exempt from taxation.

3. The state hereby covenants with the purchasers and with all subsequent holders and transferees of bonds issued by the authority pursuant to this title, in consideration of the acceptance of and payment for the bonds, that the bonds of the authority issued pursuant to this title and the income therefrom and all revenues, monies, and other property pledged to pay or to secure the payment of such bonds shall at all times be free from taxation.

§ 1232-n. Actions against authority. 1. Except in an action for wrongful death, no action or special proceeding shall be prosecuted or maintained against the authority for personal injury or damage to real or personal property alleged to have been sustained by reason of the negligence or wrongful act of the authority or of any member, officer or agent thereof, unless:

(a) a notice of claim shall have been made and served upon the authority within the time limit prescribed by and in compliance with section fifty-e of the general municipal law;

(b) it shall appear by and as an allegation in the complaint or moving papers that at least thirty days have elapsed since the service of such notice and that adjustment or payment thereof has been neglected or refused; and

(c) the action or special proceeding shall be commenced within one year and ninety days after the happening of the event upon which the claim is based. An action against the authority for wrongful death shall be commenced in accordance with the notice of claim and time limitation provisions of title eleven of article nine of this chapter.

2. Wherever a notice of claim is served upon the authority, it shall have the right to demand an examination of the claimant relative to the occurrence and extent of the injuries or damages for which a claim is made, in accordance with the provisions of section fifty-h of the general municipal law. The authority shall have power to settle or adjust all claims in favor of or against the authority.

3. Any action or proceeding to which the authority or the people of the state may be parties, in which any question arises as to the validity of this title, shall be preferred over all other civil causes of action or cases, except election causes of action or cases, in all courts of the state, and shall be heard and determined in preference to all other civil business pending therein except election causes, irrespective of position on the calendar. The same preference shall be granted upon application of the authority or its counsel in any action or proceeding questioning the validity of this title in which the authority may be allowed to intervene. The venue of any such action or proceeding shall be laid in the state supreme court of the county.

4. The rate of interest to be paid by the authority upon any judgment for which it is liable, other than a judgment against the authority on its bonds, shall be the rate prescribed by section five thousand four of the civil practice law and rules. Interest on payments of principal or interest on any bonds in default shall accrue at the rate or rates set forth in such bonds from the due date thereof until paid or otherwise satisfied.

§ 1232-o. Prevailing wage. Each contract to which the authority is a party including, but not limited to, any contract, lease, grant, bond, covenant or other debt agreement entered into directly or indirectly by the authority financing or refinancing in whole or in part, the construction, demolition, reconstruction, excavation, rehabilitation, repair, renovation or alteration of a facility or an improvement to property shall require that the work covered by such contract shall be deemed "public work" and subject to and performed in accordance with articles eight and nine of the labor law and, for the purposes of article fifteen-A of the executive law only, the contracting party under such contracts shall be deemed a state agency as that term is defined in such article and such contracts shall be deemed state contracts within the meaning of that term as set forth in such article. Project labor agreements may be entered into wherever possible in order to protect the financial interest of the county in such project by fostering labor harmony in promoting efficient adoption of labor work rules and practices.

§ 1232-p. Code of ethics. 1. Definition. As used in this section the term "authority member" shall mean any officer or member of the board of the authority.

2. No authority member shall have any interest, financial or otherwise, direct or indirect, or engage in any business, transaction or professional activity, or incur any obligation of any nature, which is in substantial conflict with the proper discharge of his or her duties in the public interest.

3. (a) No authority member shall accept other employment, which will impair his or her independence of judgment in the exercise of his or her official duties.

(b) No authority member shall accept employment or engage in any business or professional activity which will require the member to disclose confidential information which he or she has gained by reason of his or her official position or authority.

(c) No authority member shall disclose confidential information acquired by the member in the course of his or her official duties nor use such information to further his or her personal interests.

(d) No authority member shall use or attempt to use his or her official position to secure unwarranted privileges or exemptions for him or herself or others.

(e) No authority member shall engage in any transaction as representative or agent of the authority with any business entity in which he or she has a direct or indirect financial interest that might reasonably tend to conflict with the proper discharge of his or her official duties.

(f) An authority member shall not by his or her conduct give reasonable basis for the impression that any person can improperly influence such member or unduly enjoy his or her favor in the performance of his or her official duties, or that he or she is affected by the kinship, rank, position or influence of any party or person.

(g) An authority member shall abstain from making personal investments in enterprises which he or she has reason to believe may be directly involved in decisions to be made by the member or which will otherwise create substantial conflict between his or her duty in the public interest and his or her private interest.

(h) An authority member shall endeavor to pursue a course of conduct which will not raise suspicion among the public that he or she is likely to be engaged in acts that are in violation of his or her trust.

(i) No authority member employed on a full-time basis nor any firm or association of which such a member is a member nor a corporation a substantial portion of the stock of which is owned or controlled directly or indirectly by such member, shall sell goods or services to any person, firm, corporation or association which is licensed or whose rates are fixed by the authority in which such member serves or is employed.

(j) If any authority member shall have a financial interest, direct or indirect, having a value of ten thousand dollars or more in any activity which is subject to the jurisdiction of a regulatory agency, he or she shall file with the secretary of state a written statement that he or she has such a financial interest in such activity which statement shall be open to public inspection.

4. In addition to any penalty contained in any other provision of law, any such authority member who shall knowingly and intentionally violate any of the provisions of this section may be fined, suspended or removed from office or employment.

5. All members of the authority shall be deemed to be public officers and shall, notwithstanding any other ethical requirements established by state or local law, and when not inconsistent with the provisions of this title, comply with sections seventy-three, seventy-three-a and seventy-four of the public officers law. Notwithstanding any other provision of law, the filing of a Nassau county financial disclosure statement, pursuant to the Nassau county code of ethics as set forth in section twenty-two hundred eighteen of the county charter, by a member of the authority shall constitute and be deemed in compliance with the financial disclosure requirements imposed by this section and section

seventy-three-a of the public officers law.

§ 1232-q. Audit, annual report and budget review. 1. In conformity with the provisions of section five of article ten of the state constitution, the accounts of the authority shall be subject to the supervision of the comptroller and an annual audit shall be performed by an independent certified public accountant. The authority shall annually submit to the governor, comptroller, chairperson of the senate finance committee and chairperson of the assembly ways and means committee a detailed report pursuant to the provisions of section twenty-eight hundred of this chapter, and a copy of such report shall be filed with the county executive, the clerk of the county legislature, the county treasurer and each member of the county legislature.

2. The authority shall be subject to the oversight of the county office of legislative budget review.

§ 1232-r. Limited liability. Neither the members of the governing body, nor any municipality, officer or employee acting on its behalf, while acting within the scope of their authority, shall be subject to any personal liability resulting from the construction, maintenance or operation of any of the properties of the authority or from carrying out any of the powers expressly given in this title; provided, however, that this section shall not be deemed to apply to any independent contractor.

§ 1232-s. Environmental application, proceedings, approvals and permits. 1. Any application in relation to the purposes of or contemplated by this title filed prior to the effective date of this title, or any proceeding commenced prior to the effective date of this title, by the county with the department of environmental conservation, the department of health, the department of transportation, any other state agency or instrumentality, or with the United States environmental protection agency or any other federal agency or instrumentality shall inure to and for the benefit of the authority to the same extent and in the same manner as if the authority had been a party to such application or proceeding from its inception, and the authority shall be deemed a party thereto, to the extent not prohibited by any federal law. Any license, approval, permit or decision issued or granted pursuant to or as a result of any such application or proceeding shall inure to the benefit of and be binding upon the authority and shall be assigned and transferred by the county or any agency thereof to the authority, unless such assignment and transfer is prohibited by federal law.

2. All such applications, proceedings, licenses, approvals, permits and decisions shall further inure to and for the benefit of and be binding upon any person leasing, acquiring, constructing, maintaining, using or occupying any facility financed in whole or in part by the authority.

§ 1232-t. Separability. If any section, clause or provision of this title shall be held by a court of competent jurisdiction to be unconstitutional or ineffective in whole or in part, to the extent that it is not unconstitutional or ineffective, such section, clause or provision shall be valid and effective, and no other section, clause or provision shall on account thereof be deemed invalid or ineffective.

§ 1232-u. Effect of inconsistent provisions. In so far as the provisions of this title are inconsistent with the provisions of any other provision of law, general or special, or of any charter, local law, ordinance or resolution of any municipality, the provisions of this title shall be controlling. Nothing contained in this section shall be held to supplement or otherwise expand the powers or duties of the authority otherwise set forth in this title. Except as specifically provided for in this title, in the performance of any of its functions, powers and duties, the authority shall be subject to all applicable general or special laws of the state, the county charter, and any local law, ordinance or resolution of the county. Nothing in this section shall be construed to affect section twelve hundred twenty-one of the county charter, which shall remain in full force and effect.

TITLE 11

METROPOLITAN COMMUTER TRANSPORTATION AUTHORITY

§ 1260. Short title. This title may be cited as the "Metropolitan Transportation Authority Act."

§ 1261. Definitions. As used or referred to in this title, unless a different meaning clearly appears from the context:

1. "Authority" shall mean the corporation created by section twelve hundred sixty-three of this title.

2. "Authority facilities" shall mean the authority's railroad, omnibus, marine and aviation facilities and operations pursuant to joint service arrangements.

3. "Budget" shall mean the preliminary, final proposed and adopted final plans of the authority, and each of its agencies.

4. "Comptroller" shall mean the comptroller of the state of New York.

5. "Equipment" shall mean rolling stock, omnibuses, vehicles, air, marine or surface craft, motors, boilers, engines, wires, ways, conduits and mechanisms, machinery, tools, implements, materials, supplies, instruments and devices of every nature whatsoever used or useful for transportation purposes or for the generation or transmission of motive power including but not limited to all power houses, and all apparatus and all devices for signalling, communications and ventilation as may be necessary, convenient or desirable for the operation of a transportation facility.

6. "Federal government" shall mean the United States of America, and any officer, department, board, commission, bureau, division, corporation, agency or instrumentality thereof.

7. "Gap" shall mean the difference between projected revenues and expenses for any given fiscal year based on the existing fare structure.

8. "Gap-closing initiative" shall mean any action to reduce a projected gap.

9. "Governor" shall mean the governor of the state of New York.

10. "Joint service arrangements" shall mean agreements between or among the authority and any common carrier or freight forwarder, the state, any state agency, the federal government, any other state or agency or instrumentality thereof, any public authority of this or any other state, or any political subdivision or municipality of the state,

relating to property, buildings, structures, facilities, services, rates, fares, classifications, divisions, allowances or charges (including charges between operators of railroad, omnibus, marine and aviation facilities), or rules or regulations pertaining thereto, for or in connection with or incidental to transportation in part in or upon railroad, omnibus, marine or aviation facilities located within the district and in part in or upon railroad, omnibus, marine or aviation facilities located outside the district.

11. "Marine and aviation facilities" shall mean equipment and craft for the transportation of passengers, mail and cargo between points within the district or pursuant to joint service arrangements, by marine craft and aircraft of all types including but not limited to hydrofoils, ferries, lighters, tugs, barges, helicopters, amphibians, seaplanes or other contrivances now or hereafter used in navigation or movement on waterways or in the navigation of or flight in airspace. It shall also mean any marine port or airport facility within the transportation district but outside the port of New York district as defined in chapter one hundred fifty-four of the laws of nineteen hundred twenty-one, including but not limited to terminals, docks, piers, bulkheads, ramps or any facility or real property necessary, convenient or desirable for the accommodation of passengers and cargo or the docking, sailing, landing, taking off, accommodation or servicing of such marine craft or aircraft.

12. "Omnibus facilities" shall mean motor vehicles, of the type operated by carriers subject to the jurisdiction of the public service commission, engaged in the transportation of passengers and their baggage, express and mail between points within the district or pursuant to joint service arrangements, and equipment, property, buildings, structures, improvements, loading or unloading areas, parking areas or other facilities, necessary, convenient or desirable for the accommodation of such motor vehicles or their passengers, including but not limited to buildings, structures and areas notwithstanding that portions may not be devoted to any omnibus purpose other than the production of revenues available for the costs and expenses of all or any facilities of the authority.

13. "Railroad facilities" shall mean right of way and related trackage, rails, cars, locomotives, other rolling stock, signal, power, fuel, communication and ventilation systems, power plants, stations, terminals, storage yards, repair and maintenance shops, yards, equipment and parts, offices and other real estate or personalty used or held for or incidental to the operation, rehabilitation or improvement of any railroad operating or to operate between points within the district or pursuant to joint service arrangements, including but not limited to buildings, structures, and areas notwithstanding that portions thereof may not be devoted to any railroad purpose other than the production of revenues available for the costs and expenses of all or any facilities of the authority.

14. "Real property" shall mean lands, structures, franchises and interests in land, waters, lands under water, riparian rights and air rights and any and all things and rights included within said term and includes not only fees simple absolute but also any and all lesser interests including but not limited to easements, rights of way, uses, leases, licenses and all other incorporeal hereditaments and every estate, interest or right, legal or equitable, including terms for years and liens thereon by way of judgments, mortgages or otherwise.

15. "State" shall mean the state of New York.

16. "State agency" shall mean any officer, department, board, commissioner, bureau, division, public benefit corporation, agency or instrumentality of the state.

17. "Transportation facility" shall mean any transit, railroad, omnibus, marine or aviation facility and any person, firm, partnership, association or, corporation which owns, leases or operates any such facility or any other facility used for service in the transportation of passengers, United States mail or personal property as a common carrier for hire and any portion thereof and the rights, leaseholds or other interest therein together with routes, tracks, extensions, connections, parking lots, garages, warehouses, yards, storage yards, maintenance and

repair shops, terminals, stations and other related facilities thereof, the devices, appurtenances, and equipment thereof and power plants and other instrumentalities used or useful therefor or in connection therewith.

18. "Transportation district" and "district" shall mean the metropolitan commuter transportation district created by section twelve hundred sixty-two of this title.

18-a. "Transportation purpose" shall mean a purpose that directly supports the missions or purposes of the authority, any of its subsidiaries, New York city transit authority or its subsidiary, including the realization of revenues derived from property that is, or is to be used as, a transportation facility.

19. "New York city transit authority" shall mean the corporation created by section twelve hundred one of this chapter.

20. "Triborough bridge and tunnel authority" shall mean the corporation created by section five hundred fifty-two of this chapter.

21. "Inspector general" shall mean the metropolitan transportation authority inspector general.

22. "Revenues." All monies received by the authority or its subsidiaries, or New York city transit authority or its subsidiaries, or Triborough bridge and tunnel authority, as the case may be, from whatever source, derived directly or indirectly from or in connection with the operations of the respective entity.

23. "Transit facility." Transit facility as defined in subdivision fifteen of section twelve hundred of this article.

24. "Utilization" shall mean public usage of the subway, bus, railroad and paratransit services, and bridge and tunnel crossings, of the authority and its affiliates and subsidiaries as reflected in empirical data.

§ 1262. Metropolitan commuter transportation district. There is hereby created and established a commuter transportation district to be known as the metropolitan commuter transportation district which shall embrace the city of New York and the counties of Dutchess, Nassau, Orange, Putnam, Rockland, Suffolk and Westchester, provided, however, that the district shall not include a county that has withdrawn from the district pursuant to section twelve hundred seventy-nine-b of this article.

§ 1263. Metropolitan transportation authority. 1. * (a) (1) There is hereby created the "metropolitan transportation authority." The authority shall be a body corporate and politic constituting a public benefit corporation. The authority shall consist of a chairperson, sixteen other voting members, and two non-voting and four alternate non-voting members, as described in subparagraph two of this paragraph appointed by the governor by and with the advice and consent of the senate. Any member appointed to a term commencing on or after June thirtieth, two thousand nine shall have experience in one or more of the following areas: transportation, public administration, business management, finance, accounting, law, engineering, land use, urban and regional planning, management of large capital projects, labor relations, or have experience in some other area of activity central to the mission of the authority. Four of the sixteen voting members other than the chairperson shall be appointed on the written recommendation of the mayor of the city of New York; and each of seven other voting members other than the chairperson shall be appointed after selection from a written list of three recommendations from the chief executive officer of the county in which the particular member is required to reside pursuant to the provisions of this subdivision. Of the members appointed on recommendation of the chief executive officer of a county, one such member shall be, at the time of appointment, a resident of the county of Nassau, one a resident of the county of Suffolk, one a resident of the county of Westchester, one a resident of the county of Dutchess, one a resident of the county of Orange, one a resident of the county of Putnam and one a resident of the county of Rockland, provided that the term of any member who is a resident of a county that has withdrawn from the metropolitan commuter transportation district pursuant to section twelve hundred seventy-nine-b of this title shall terminate upon the effective date of such county's withdrawal from such district. Of the five voting members, other than the chairperson, appointed by the governor without recommendation from any other person, three shall be, at the time of appointment, residents of the city of New York and two shall be, at the time of appointment, residents of such city or of any of the aforementioned counties in the metropolitan commuter transportation district. Provided however, notwithstanding the foregoing residency requirement, one of the five voting members appointed by the governor without recommendation from any other person, other than the chairperson, may be the director of the New York state division of the budget, and provided further that, in the event of such appointment, the budget director's membership in the authority shall be deemed ex-officio. Provided further, one of the twelve voting members, other than the chairperson, appointed by the governor without recommendation by any other person, or on the recommendation of the mayor of the city of New York, or of the chief executive officer of the counties of Westchester, Nassau, or Suffolk shall be a transit dependent individual. A "transit dependent individual" shall mean an individual who is limited to public transit as their primary mode of transportation because the individual has a permanent disability, provided that any local or statewide transit advocacy organization may recommend one or more transit dependent individuals to be considered for appointment pursuant to this section. The chairperson and each of the members shall be appointed for a term of six years, provided however, that the chairperson first appointed shall serve for a term ending June thirtieth, nineteen hundred eighty-one, provided that thirty days after the effective date of the chapter of the laws of two thousand nine which amended this subparagraph, the term of the chairperson shall expire; provided, further, that such chairperson may continue to discharge the duties of his or her office until the position of chairperson is filled by appointment by the governor upon the advice and consent of the senate and the term of such new chairperson shall terminate June thirtieth, two thousand fifteen. The sixteen other members first appointed shall serve for the following terms: The members from the counties of Nassau and

Westchester shall each serve for a term ending June thirtieth, nineteen hundred eighty-five; the members from the county of Suffolk and from the counties of Dutchess, Orange, Putnam and Rockland shall each serve for a term ending June thirtieth, nineteen hundred ninety-two; two of the members appointed on recommendation of the mayor of the city of New York shall each serve for a term ending June thirtieth, nineteen hundred eighty-four and, two shall each serve for a term ending June thirtieth, nineteen hundred eighty-one; two of the members appointed by the governor without the recommendation of any other person shall each serve for a term ending June thirtieth, nineteen hundred eighty-two, two shall each serve for a term ending June thirtieth, nineteen hundred eighty and one shall serve for a term ending June thirtieth, nineteen hundred eighty-five. The two non-voting and four alternate non-voting members shall serve until January first, two thousand one. The members from the counties of Dutchess, Orange, Putnam and Rockland shall cast one collective vote.

(2) There shall be two non-voting members and four alternate non-voting members of the authority, as referred to in subparagraph one of this paragraph.

The first non-voting member shall be a regular mass transit user of the facilities of the authority and be recommended to the governor by the New York city transit authority advisory council. The first alternate non-voting member shall be a regular mass transit user of the facilities of the authority and be recommended to the governor by the Metro-North commuter council. The second alternate non-voting member shall be a regular mass transit user of the facilities of the authority and be recommended to the governor by the Long Island Rail Road commuter's council.

The second non-voting member shall be recommended to the governor by the labor organization representing the majority of employees of the Long Island Rail Road. The third alternate non-voting member shall be recommended to the governor by the labor organization representing the majority of employees of the New York city transit authority. The fourth alternate non-voting member shall be recommended to the governor by the labor organization representing the majority of employees of the

Metro-North Commuter Railroad Company. Notwithstanding any other provision of law, the alternate non-voting member recommended by the labor organization representing the majority of employees of the Metro-North Commuter Railroad Company may be a resident of any state in which the Metro-North Commuter Railroad Company operates. The chairman of the authority, at his direction, may exclude such non-voting member or alternate non-voting member from attending any portion of a meeting of the authority or of any committee established pursuant to paragraph (b) of subdivision four of this section held for the purpose of discussing negotiations with labor organizations.

The non-voting member and the two alternate non-voting members representing the New York York city transit authority advisory council, the Metro-North commuter council, and the Long Island Rail Road commuter's council shall serve eighteen month rotating terms, after which time an alternate non-voting member shall become the non-voting member and the rotation shall continue until each alternate member has served at least one eighteen month term as a non-voting member. The other non-voting member and alternate non-voting members representing the New York city transit authority, Metro-North Commuter Railroad Company, and the Long Island Rail Road labor organizations shall serve eighteen month rotating terms, after which time an alternate non-voting member shall become the non-voting member and the rotation shall continue until each alternate member has served at least one eighteen month term as a non-voting member. The transit authority and the commuter railroads shall not be represented concurrently by the two non-voting members during any such eighteen month period.

* NB Effective until June 30, 2028

* (a) There is hereby created the "metropolitan transportation authority." The authority shall be a body corporate and politic constituting a public benefit corporation. The authority shall consist of a chairman and sixteen other members appointed by the governor by and with the advice and consent of the senate. Any member appointed to a term commencing on or after June thirtieth, two thousand nine shall have experience in one or more of the following areas of expertise: transportation, public administration, business management, finance, accounting, law, engineering, land use, urban and regional planning,

management of large capital projects, labor relations, or have experience in some other area of activity central to the mission of the authority. Four of the sixteen members other than the chairman shall be appointed on the written recommendation of the mayor of the city of New York; and each of seven other members other than the chairman shall be appointed after selection from a written list of three recommendations from the chief executive officer of the county in which the particular member is required to reside pursuant to the provisions of this subdivision. Of the members appointed on recommendation of the chief executive officer of a county, one such member shall be, at the time of appointment, a resident of the county of Nassau; one a resident of the county of Suffolk; one a resident of the county of Westchester; and one a resident of the county of Dutchess, one a resident of the county of Orange, one a resident of the county of Putnam and one a resident of the county of Rockland, provided that the term of any member who is a resident of a county that has withdrawn from the metropolitan commuter transportation district pursuant to section twelve hundred seventy-nine-b of this title shall terminate upon the effective date of such county's withdrawal from such district. Of the five members, other than the chairman, appointed by the governor without recommendation from any other person, three shall be, at the time of appointment, residents of the city of New York and two shall be, at the time of appointment, residents of such city or of any of the aforementioned counties in the metropolitan commuter transportation district. Provided however, notwithstanding the foregoing residency requirement, one of the five voting members appointed by the governor without recommendation from any other person, other than the chairman, may be the director of the New York state division of the budget, and provided further that, in the event of such appointment, the budget director's membership in the authority shall be deemed ex-officio. The chairman and each of the members shall be appointed for a term of six years, provided however, that the chairman first appointed shall serve for a term ending June thirtieth, nineteen hundred eighty-one, provided that thirty days after the effective date of the chapter of the laws of two thousand nine which amended this paragraph, the term of the chairman shall expire; provided, further, that such chairman may continue to discharge the duties of his office until the position of chairman is filled by appointment by the governor upon the advice and consent of the senate and the term of such new chairman shall terminate June thirtieth, two thousand fifteen. The sixteen other members first appointed shall serve for the following terms: The members from the counties of Nassau and Westchester shall each serve for a term ending June thirtieth, nineteen hundred eighty-five; the members from the county of Suffolk and from the counties of Dutchess, Orange, Putnam and Rockland shall each serve for a term ending June thirtieth, nineteen hundred ninety-two; two of the members appointed on recommendation of the mayor of the city of New York shall each serve for a term ending June thirtieth, nineteen hundred eighty-four and, two shall each serve for a term ending June thirtieth, nineteen hundred eighty-one; two of the members appointed by the governor without the recommendation of any other person shall each serve for a term ending June thirtieth, nineteen hundred eighty-two, two shall each serve for a term ending June thirtieth, nineteen hundred eighty and one shall serve for a term ending June thirtieth, nineteen hundred eighty-five. The members from the counties of Dutchess, Orange, Putnam and Rockland shall cast one collective vote.

* NB Effective June 30, 2028

(a-1) The mayor of the city of New York shall, no later than April first, nineteen hundred ninety-one, develop and submit to the governor, the temporary president of the senate and the speaker of the assembly, a plan detailing how the four appointments to the metropolitan transportation authority board made by the governor upon the written recommendation of the mayor can be utilized to ensure that each county within the city of New York is represented on such board.

(b) Vacancies occurring otherwise than by expiration of term shall be filled in the same manner as original appointments for the balance of the unexpired term, provided, however, that in the event of a vacancy caused by the death, resignation, removal, or disability of the chairman, the vacancy shall be filled by the governor by and with the advice and consent of the senate for the unexpired term. Notwithstanding any other provision of law to the contrary, the governor shall designate an acting chairman for a period not to exceed six months or until a successor chairman has been confirmed by the senate, whichever comes first. Upon the expiration of the six-month term, if the governor has nominated a successor chairman, but the senate has not acted upon the nomination, the acting chair can continue to serve as acting chair for an additional ninety days or until the governor's successor chair nomination is confirmed by the senate, whichever comes first.

(b-1) Notwithstanding any inconsistent provision of this section, in the event that, upon a vacancy to be filled by the governor without recommendation, other than the chairperson, there is no transit dependent member serving, the governor shall appoint a transit dependent individual to fill the vacancy, consistent with paragraph (a) of this subdivision. Provided further that in the event that there is no transit dependent member serving and there is no vacancy to be filled by the governor without recommendation other than the chairperson, then upon a vacancy in a seat filled by the governor upon the recommendation of the mayor of the city of New York, the mayor of the city of New York shall recommend a transit dependent individual to fill the vacancy, consistent with paragraph (a) of this subdivision.

(c) (i) Notwithstanding any inconsistent provision of this section, the term of any member shall expire upon the expiration of the term in office being served by the county elected official upon whose recommendation they were appointed; provided, however, that in such circumstance such member may serve as a holdover appointee for sixty days, or until such time as a new member is appointed, whichever is less. The term of any member appointed to replace such a holdover appointee shall expire at the end of the term in office of the county elected official upon whose recommendation such member was appointed. If a county elected official leaves office because of death, resignation, removal or disability, however, a member appointed upon such official's recommendation shall continue to serve until such time as such county elected office is filled, at which time such member will become a holdover appointee and may serve for sixty days, or until such time as a new member is appointed, whichever is less.

(ii) Notwithstanding any inconsistent provision of this section, the term of any chairman or any member shall expire upon the expiration of the term in office being served by the city or state elected official upon whose recommendation they were appointed; provided, however, that in such circumstance the chairman or such member may serve as a holdover appointee until such time as a new chairman or member is appointed. The term of any chairman or member appointed to replace such a holdover appointee shall expire at the end of the term in office of the city or state elected official upon whose recommendation such chairman or member was appointed.

2. The chairman and the first vice chairman shall be paid a salary in the amount determined by the authority; the other members shall not receive a salary or other compensation. Each member, including the chairman and the first vice chairman, shall be entitled to reimbursement for actual and necessary expenses incurred in the performance of his or her official duties.

3. (a) A majority of the whole number of members of the authority then in office shall constitute a quorum for the transaction of any business or the exercise of any power of the authority. Except as otherwise specified in this title, for the transaction of any business or the exercise of any power of the authority, the authority shall have power to act by a majority vote of the members present at any meeting at which a quorum is in attendance and except further, that in the event of a tie vote the chairman shall cast one additional vote.

(b) For purposes of determining the presence of a quorum, and for purposes of participation on any committee or subcommittee, those members who collectively cast a single vote pursuant to the provisions of paragraph (a) of subdivision one of this section shall be considered to be a single member, and the presence of such member shall be determined as provided in this subdivision. Except as otherwise provided in a by-law adopted as hereinafter provided, such single member constituting those members entitled to a collective vote shall be deemed present as a single member for purposes of a quorum if one or more of the members then in office entitled to cast such collective vote is present, and such collective vote shall be cast in accordance with the majority agreement of the members entitled to a collective vote who are present or in the event a single member entitled to a collective vote is present it shall be cast by that member. To evidence the existence of such majority agreement among the members entitled to a collective vote, each such member shall be polled as to his vote and such poll shall be recorded in the minutes. In the event a majority vote is not achieved by the members entitled to a collective vote who are present, then the vote shall not be cast. Nothing herein shall limit the right of an individual member to participate in board meetings or in other activities of the authority when the other members then in office entitled to collectively cast a vote are not present. At any meeting of the authority at which there is a quorum including all the members then in office entitled to cast a collective vote, the authority may adopt a by-law or by-laws regulating the casting of such collective vote, provided all members then in office entitled to cast a collective vote affirmatively approve such by-law or by-laws. Any action taken by the authority in accordance with any such by-law or by-laws adopted pursuant to the provisions of this paragraph shall take effect in the same manner as any other action of the authority. Any such by-law or by-laws shall not provide for the casting of any fractional vote. Nor shall such a by-law or by-laws provide for the amendment, repeal or adoption in the future of such a by-law or by-laws in a manner other than that set forth in this paragraph.

(c) No provision of paragraph (b) of this subdivision relating to the adoption of certain by-laws by the authority shall affect the manner in which by-laws of the authority are adopted concerning any subject other than the voting and presence for quorum purposes of the members from the counties of Dutchess, Putnam, Orange and Rockland.

(d) Notwithstanding the provisions of paragraph (a) of subdivision one of this section, any member appointed from the county of Dutchess, Orange, Putnam or Rockland prior to the increase in the number of members of the authority to include a member from each such county shall continue in office as the member from such counties pursuant to section five of the public officers law until the appointment and confirmation of all of the new members from such counties pursuant to the provisions of this section, and no individual member exercising a collective vote appointed and confirmed pursuant to paragraph (a) of subdivision one of this section shall take office until all such new members are appointed and confirmed.

4. (a) Notwithstanding any provision of law to the contrary, the chairman shall be the chief executive officer of the authority and shall be responsible for the discharge of the executive and administrative functions and powers of the authority. The chairman may appoint an

executive director and such other officials and employees as shall in his or her judgment be needed to discharge the executive and administrative functions and powers of the authority.

* (b) The chairman shall establish committees to assist him in the performance of his duties and shall appoint members of the authority to such committees. Among such committees, there shall be a committee on operations of the New York city transit authority, the Manhattan and Bronx surface transit operating authority and the Staten Island rapid transit operating authority; a committee on operations of the Long Island Rail Road and the metropolitan suburban bus authority; a committee on operations of the Metro-North commuter railroad; a committee on operations of the Triborough bridge and tunnel authority; a committee on finance; a committee on capital program oversight; and a committee on safety. In addition to such appointed members, each of the non-voting members referred to in subparagraph two of paragraph (a) of subdivision one of this section shall serve on the committee on capital program oversight, the committee on finance, the committee on safety, the committee on operations of the Triborough bridge and tunnel authority, and the operations committee relevant to the commuter council that recommended such member. The alternate non-voting members shall each serve on the respective operations committee relevant to the commuter council that recommended each member. The committee on capital program oversight and the committee on safety shall include not less than three members, and shall include the chairpersons of the committee on operations of the New York city transit authority, the Manhattan and Bronx surface transit operating authority and the Staten Island rapid transit operating authority, the committee on operations of the Long Island Rail Road and the metropolitan suburban bus authority, and the committee on operations of the Metro-North commuter railroad. The committee on safety shall convene at least once annually and each committee chairperson, that is a member of the committee on safety, shall report to the committee on safety any and all initiatives, concerns, improvements, or failures involving the safety of: (1) customers; (2) employees; and (3) the public at large, in relation to authority facilities and services. The capital program committee shall, with respect to any approved or proposed capital program plans, (i) monitor the current and future availability of funds to be utilized for

such plans approved or proposed to be submitted to the metropolitan transportation capital program review board as provided in section twelve hundred sixty-nine-b of this title; (ii) monitor the contract awards of the metropolitan transportation authority and the New York city transit authority to insure that such awards are consistent with (A) provisions of law authorizing United States content and New York state content; (B) collective bargaining agreements; (C) provisions of law providing for participation by minority and women-owned businesses; (D) New York state labor laws; (E) competitive bidding requirements including those regarding sole source contracts; and (F) any other relevant requirements established by law; (iii) monitor the award of contracts to determine if such awards are consistent with the manner in which the work was traditionally performed in the past provided, however, that any such determination shall not be admissible as evidence in any arbitration or judicial proceeding; (iv) review the relationship between capital expenditures pursuant to each such capital program plan and current and future operating budget requirements; (v) monitor the progress of capital elements described in each capital program plan approved as provided in section twelve hundred sixty-nine-b of this title; (vi) monitor the expenditures incurred and to be incurred for each such element; and (vii) identify capital elements not progressing on schedule, ascertain responsibility therefor and recommend those actions required or appropriate to accelerate their implementation. The capital program committee shall issue a quarterly report on its activities and findings, and shall in connection with the preparation of such quarterly report, consult with the state division of the budget, the state department of transportation, the members of the metropolitan transportation authority capital program review board and any other group the committee deems relevant, including public employee organizations, and, at least annually, with a nationally recognized independent transit engineering firm. Such report shall be made available to the members of the authority, to the members of the metropolitan transportation authority capital program review board, and the directors of the municipal assistance corporation for the city of New York.

* NB Effective until June 30, 2028

* (b) The chairman shall establish committees to assist him in the

performance of his duties and shall appoint members of the authority to such committees. Among such committees, there shall be a committee on operations of the New York city transit authority, the Manhattan and Bronx surface transit operating authority and the Staten Island rapid transit operating authority; a committee on operations of the Long Island Rail Road and the metropolitan suburban bus authority; a committee on operations of the Metro-North commuter railroad; a committee on operations of the Triborough bridge and tunnel authority; a committee on finance; a committee on capital program oversight; and a committee on safety. The committee on capital program oversight shall include not less than four members, and shall include the chairpersons of the committee on operations of the New York city transit authority, the Manhattan and Bronx surface transit operating authority and the Staten Island rapid transit operating authority, the committee on operations of the Long Island Rail Road and the metropolitan suburban bus authority, the committee on operations of the Metro-North commuter railroad, and the committee on safety. The committee on safety shall convene at least once annually and each committee chairperson, that is a member of the committee on safety, shall report to the committee on safety any and all initiatives, concerns, improvements, or failures involving the safety of: (1) customers; (2) employees; and (3) the public at large, in relation to authority facilities and services. The capital program committee shall, with respect to any approved or proposed capital program plans, (i) monitor the current and future availability of funds to be utilized for such plans approved or proposed to be submitted to the metropolitan transportation capital program review board as provided in section twelve hundred sixty-nine-b of this title; (ii) monitor the contract awards of the metropolitan transportation authority and the New York city transit authority to insure that such awards are consistent with (A) provisions of law authorizing United States content and New York state content; (B) collective bargaining agreements; (C) provisions of law providing for participation by minority and women-owned businesses; (D) New York state labor laws; (E) competitive bidding requirements including those regarding sole source contracts; and (F) any other relevant requirements established by law; (iii) monitor the award of contracts to determine if such awards are consistent with the manner in which the work was traditionally performed in the past provided, however, that any such determination shall not be admissible as evidence in any arbitration or judicial proceeding; (iv) review the relationship between capital expenditures pursuant to each such capital program plan and current and future operating budget requirements; (v) monitor the progress of capital elements described in each capital program plan approved as provided in section twelve hundred sixty-nine-b of this title; (vi) monitor the expenditures incurred and to be incurred for each such element; and (vii) identify capital elements not progressing on schedule, ascertain responsibility therefor and recommend those actions required or appropriate to accelerate their implementation. The capital program committee shall issue a quarterly report on its activities and findings, and shall in connection with the preparation of such quarterly report, consult with the state division of the budget, the state department of transportation, the members of the metropolitan transportation authority capital program review board and any other group the committee deems relevant, including public employee organizations, and, at least annually, with a nationally recognized independent transit engineering firm. Such report shall be made available to the members of the authority, to the members of the metropolitan transportation authority capital program review board, and the directors of the municipal assistance corporation for the city of New York.

* NB Effective June 30, 2028

(c) The chairman shall ensure that at every meeting of the board and at every meeting of each committee the public shall be allotted a period of time, not less than thirty minutes, to speak on any topic on the agenda.

(d) Notwithstanding paragraph (c) of subdivision one of section twenty-eight hundred twenty-four of this chapter or any other provision of law to the contrary, the chairman shall not participate in establishing authority policies regarding the payment of salary, compensation and reimbursement to, nor establish rules for the time and attendance of, the chief executive officer. The salary of the chairman, as determined pursuant to subdivision two of this section, shall also be compensation for all services performed as chief executive officer.

5. The authority shall be a "state agency" for the purposes of sections seventy-three and seventy-four of the public officers law.

6. Notwithstanding any inconsistent provisions of this or any other law, general, special or local, no officer or employee of the state, or of any public corporation as defined in the general corporation law, shall be deemed to have forfeited or shall forfeit his office or employment or any benefits provided under the retirement and social security law or under any public retirement system maintained by the state or any of its subdivisions by reason of his acceptance of membership on or chairmanship of the authority; provided, however, a member or chairman who holds such other public office or employment shall receive no additional compensation for services rendered pursuant to this title, but shall be entitled to reimbursement for his actual and necessary expenses incurred in the performance of such services.

7. The governor may remove any member for inefficiency, neglect of duty, breach of fiduciary duty or misconduct in office after giving the member a copy of the charges against the member and an opportunity to be heard, in person or by counsel in the member's defense, upon not less than ten days' notice. If any member shall be so removed, the governor shall file in the office of the department of state a complete statement of charges made against such member, and his findings thereon, together with a complete record of the proceedings.

8. The authority shall continue so long as it shall have bonds or other obligations outstanding and until its existence shall be terminated by law. Upon the termination of the existence of the authority, all its rights and properties shall pass to and be vested in the state.

9. Whenever the authority causes notices of hearings on proposed changes in services or fares to be posted pursuant to this section or any statute, regulation, or authority policy, or where it voluntarily posts such notices, such notices shall: (a) be written in a clear and coherent manner using words with common and every day meaning; (b) be captioned in large point type bold lettering with a title that fairly

and accurately conveys the basic nature of such change or changes; (c) where such change involves a proposed change in levels of fare, include in its title the range of amounts of fare changes under consideration; (d) contain, to the extent practicable, a concise description of the specific nature of the change or changes, including but not limited to a concise description of those changes that affect the largest number of passengers; (e) where such change involves a change in the nature of a route, contain, to the extent practicable, a clear graphic illustration of such change or changes; and (f) where such change involves a partial or complete station closing, such notice shall be posted at the affected station with a clear graphic illustration depicting the nature of any closing for such station.

§ 1264. Purposes of the authority. 1. The purposes of the authority shall be the continuance, further development and improvement of commuter transportation and other services related thereto within the metropolitan commuter transportation district, including but not limited to such transportation by railroad, omnibus, marine and air, in accordance with the provisions of this title. It shall be the further purpose of the authority, consistent with its status as the ex officio board of both the New York city transit authority and the triborough bridge and tunnel authority, to develop and implement a unified mass transportation policy for such district in an efficient and cost-effective manner that includes the use of design-build contracting on all projects over two hundred million dollars in cost for new construction and all projects over four hundred million dollars in cost for projects that are predominantly rehabilitation or replacement of existing assets except where a waiver is granted by the New York state budget director pursuant to a request in writing from the metropolitan transportation authority. For purposes of granting a waiver pursuant to this section, such review shall consider whether the design build contracting method is appropriate for the project that such waiver is sought for, and the amount of savings and efficiencies that could be achieved using such method. The determination for such waiver shall be made in writing within forty-five days from request or shall be deemed granted.

2. It is hereby found and declared that such purposes are in all respects for the benefit of the people of the state of New York and the authority shall be regarded as performing an essential governmental function in carrying out its purposes and in exercising the powers granted by this title.

§ 1264-a. State of emergency; boarding of a commuter transportation by domestic companion animals. 1. For the purposes of this section:

(a) "Commuter transportation" means commuter transportation, and other related services and facilities, operated by the authority or any of its subsidiaries, including but not limited to such transportation by railroad, omnibus, marine and air, in accordance with this title.

(b) "Domestic companion animal" means a companion animal or pet as defined in section three hundred fifty of the agriculture and markets law and shall also mean any other domesticated animal normally maintained in or near the household of the owner or person who cares for such other domesticated animal. "Pet" or "companion animal" shall not include a "farm animal", as defined in section three hundred fifty of the agriculture and markets law.

2. (a) In the event that a state of emergency has been declared and an evacuation of any region of the state is in progress, the owner of a domestic companion animal shall be permitted to board any commuter transportation with such domestic companion animal so long as that animal is under the owner's control by use of a leash or tether, or is properly confined in an appropriate container or by other suitable means, provided that such boarding is authorized by and consistent with the provisions of state disaster emergency plans or local state of emergency plans pertaining to the needs of animals and individuals with an animal under their care. The provisions of this section shall only apply to the owners of domestic companion animals who are evacuating from a region of the state affected by an emergency or disaster, or a local state of emergency, as defined in section twenty-four of the executive law.

(b) A domestic companion animal may be refused permission to board any commuter transportation, even if the animal is under the owner's control or properly confined in accordance with this subdivision if there is reasonable cause to believe that, due to attendant circumstances, permitting the animal to board would pose a health or safety hazard.

3. All passengers with service animals shall be given priority seating on all means of transportation regulated by this title in accordance with the federal "Americans with Disabilities Act of 1990" (42 U.S.C. s.12101 et seq.). For the purposes of this section, "service animal" shall have the same meaning as set forth in the federal "Americans with Disabilities Act of 1990" (42 U.S.C. s.12101 et seq.) and any regulations under such act.

4. All passengers on any commuter transportation shall be provided seating before a domestic companion animal may be placed in a seat.

5. The authority is authorized to promulgate and enforce such rules and regulations as shall be necessary for the implementation of this section.

§ 1265. General powers of the authority. Except as otherwise limited by this title, the authority shall have power:

1. To sue and be sued;

2. To have a seal and alter the same at pleasure;

3. To borrow money, to issue negotiable notes, bonds or other obligations and to provide for the rights of the holders thereof, and to finance or refinance all or any part of the costs to the authority or to any other person or entity, public or private, of the planning, design, acquisition, construction, improvement, reconstruction or rehabilitation of any transportation facility;

3-a. (b) The authority shall report on any issuances or obligations incurred related to paragraph (a) of this subdivision. Such report shall include, but not be limited to, an explanation of each note, bond, or obligation and their respective values issued by the authority pursuant to decreases in revenue in whole or in part due to the state disaster emergency caused by novel coronavirus, COVID-19. The report shall also provide: (i) details of such decreases in revenue in whole, (ii) details of such decreases in revenue in part, (iii) details of such increases in costs, (iv) the methodology used by the authority or metropolitan transportation authority to calculate such changes, (v) an explanation for attributing a particular increase in cost or a particular decrease in revenue, to the state disaster emergency caused by coronavirus, COVID-19, and (vi) how the authority determined that the particular note, bond, or obligation issued was its most desired option. Such report shall be posted on the authority's website and be submitted to the governor, the temporary president of the senate, the speaker of the assembly, the mayor and council of the city of New York, the metropolitan transportation authority board, and the metropolitan transportation authority capital program review board.

4. To invest any funds, accounts or other monies not required for immediate use or disbursement, at the discretion of the authority, in (a) obligations of the state or the United States government, (b) obligations the principal and interest of which are guaranteed by the state or the United States government, (c) certificates of deposit of banks or trust companies in this state, secured, if the authority shall so require, by obligations of the United States or of the state of New York of a market value equal at all times to the amount of the deposit, (d) banker's acceptances with a maturity of ninety days or less which are eligible for purchase by the Federal Reserve Banks and whose rating at the time of purchase is in the highest rating category of two nationally recognized independent rating agencies, provided, however, that the amount of banker's acceptances of any one bank shall not exceed two hundred fifty million dollars, (e) obligations of any bank or corporation created under the laws of either the United States or any state of the United States maturing within two hundred seventy days, provided that such obligations receive the highest rating of two nationally recognized independent rating agencies and, provided further, that no more than two hundred fifty million dollars may be invested in

such obligations of any one bank or corporation, (f) as to any such moneys held in reserve and sinking funds, other securities in which the trustee or trustees of any public retirement system or pension fund has the power to invest the monies thereof pursuant to article four-a of the retirement and social security law, each such reserve and sinking fund being treated as a separate fund for the purposes of article four-a of the retirement and social security law, (g) notes, bonds, debentures, mortgages and other evidences of indebtedness, issued or guaranteed at the time of the investment by the United States Postal Service, the federal national mortgage association, the federal home loan mortgage corporation, the student loan marketing association, the federal farm credit system, or any other United States government sponsored agency, provided that at the time of the investment such agency or its obligations are rated and the agency receives, or its obligations receive, the highest rating of all independent rating agencies that rate such agency or its obligations, provided, however, that no more than two hundred fifty million dollars or such greater amount as may be authorized for investment for the state comptroller by section ninety-three of the state finance law may be invested in the obligations of any one agency, (h) general obligation bonds and notes of any state other than the state, provided that such bonds and notes receive the highest rating of at least one independent rating agency, and bonds and notes of any county, town, city, village, fire district or school district of the state, provided that such bonds and notes receive either of the two highest ratings of at least two independent rating agencies, (i) mutual funds registered with the United States securities and exchange commission whose investments are limited to obligations of the state described in paragraph (a) of this subdivision, obligations the principal and interest of which are guaranteed by the state described in paragraph (b) of this subdivision, and those securities described in paragraph (h) of this subdivision and that have received the highest rating of at least one independent rating agency, provided that the aggregate amount invested at any one time in all such mutual funds shall not exceed ten million dollars, and, provided further, that the authority shall not invest such funds, accounts or other monies in any mutual fund for longer than thirty days, and (j) financial contracts in a foreign currency entered into for the purpose of minimizing the foreign currency exchange risk of the purchase price of a contract with a vendor chosen through competitive process for the acquisition of capital assets for the benefit of the capital program of the Triborough bridge and tunnel authority or either the transit or transportation capital programs;

5. To make and alter by-laws for its organization and internal management, and rules and regulations governing the exercise of its powers and the fulfillment of its purposes under this title;

6. (a) To enter into contracts and leases and to execute all instruments necessary or convenient;

(b) With respect to any lease transaction entered into pursuant to section 168 (f) (8) of the United States internal revenue code or any successor provisions, the authority shall meet the following standards and procedures:

(i) notice of intention to negotiate shall be published in at least one newspaper of general circulation, and a copy thereof shall be mailed to all parties who have requested notification from the authority to engage in transactions of this type. Such notice shall describe the nature of the proposed transaction and the factors subject to negotiation, which shall include, but not be limited to, the price to be paid to the authority;

(ii) the authority shall negotiate with those respondents whose response complies with the requirements set forth in the notice;

(iii) the board of the authority shall resolve on the basis of particularized findings relevant to the factors negotiated that such transaction will provide maximum available financial benefits, consistent with other defined objectives and requirements.

(c) The authority shall provide to the governor, the temporary president of the senate, the speaker of the assembly, the minority leader of the senate and the minority leader of the assembly, notice of each lease entered into pursuant to paragraph (b) of this subdivision and supporting documentation of compliance by the authority with subparagraphs (i), (ii) and (iii) of paragraph (b) of this subdivision;

(d) Paragraphs (b) and (c) of this subdivision shall be of no force and effect with respect to any lease transaction entered into pursuant to a commitment approved prior to January first, nineteen hundred eighty-five by the board of the authority.

* 7. To acquire, hold and dispose of real or personal property in the exercise of its powers, including, the power to dispose of personal property with a value of five hundred thousand dollars or less by public auction in accordance with guidelines adopted by the authority pursuant to title five-A of article nine of this chapter. The board shall adopt guidelines that shall provide for advertising and such other safeguards as the authority may deem appropriate in the public interest.

* NB Effective until June 30, 2028

* 7. To acquire, hold and dispose of real or personal property in the exercise of its powers;

* NB Effective June 30, 2028

8. To appoint such officers and employees as it may require for the performance of its duties, and to fix and determine their qualifications, duties, and compensation and to retain or employ counsel, auditors, engineers and private consultants on a contract basis or otherwise for rendering professional or technical services and advice;

9. (a) Notwithstanding section one hundred thirteen of the retirement and social security law or any other general or special law, the authority and any of its subsidiary corporations may continue or provide to its affected officers and employees any retirement, disability, death or other benefits provided or required for railroad personnel pursuant to federal or state law;

(b) The authority and any of its public benefit subsidiary corporations may be a "participating employer" in the New York state employees' retirement system with respect to one or more classes of officers and employees of such authority or any such public benefit subsidiary corporation, as may be provided by resolution of such authority or any such public benefit subsidiary corporation, as the case may be, or any subsequent amendment thereof, filed with the comptroller and accepted by him pursuant to section thirty-one of the retirement and social security law. In taking any action pursuant to this paragraph (b), the authority and any of its public benefit subsidiary corporations shall consider the coverages and benefits continued or provided pursuant to paragraph (a) of this subdivision;

10. To make plans, surveys, and studies necessary, convenient or desirable to the effectuation of the purposes and powers of the authority and to prepare recommendations in regard thereto;

11. To enter upon such lands, waters or premises as in the judgment of the authority may be necessary, convenient or desirable for the purpose of making surveys, soundings, borings and examinations to accomplish any purpose authorized by this title, the authority being liable for actual damage done;

12. The authority may conduct investigations and hearings in the furtherance of its general purposes, and in aid thereof have access to any books, records or papers relevant thereto; and if any person whose testimony shall be required for the proper performance of the duties of the authority shall fail or refuse to aid or assist the authority in the conduct of any investigation or hearing, or to produce any relevant books, records or other papers, the authority is authorized to apply for process of subpoena, to issue out of any court of general original jurisdiction whose process can reach such person, upon due cause shown;

13. A copy of any report submitted by the authority pursuant to sections twenty-eight hundred, twenty-eight hundred one and twenty-eight hundred two of this chapter shall be forwarded to the mayor of the city of New York and to the chairman of the board of supervisors and to the county executive, if any, of each county within the district.

14. To do all things necessary, convenient or desirable to carry out its purposes and for the exercise of the powers granted in this title.

§ 1265-a. Contracts. 1. The provisions of this section shall only apply to procurements by the authority commenced during the period from April first, nineteen hundred eighty-seven until December thirty-first, nineteen hundred ninety-one, and during the period from December sixteenth, nineteen hundred ninety-three until June thirtieth, two thousand twenty-eight; provided, however, that the provisions of this section shall not apply to (i) the award of any contract of the authority if the bid documents for such contract so provide and such bid documents are issued within sixty days of the effective date of this section or within sixty days of December sixteenth, nineteen hundred ninety-three, or (ii) for a period of one hundred eighty days after the effective date of this section or for a period of one hundred eighty days after December sixteenth, nineteen hundred ninety-three, the award of any contract for which an invitation to bid, solicitation, request for proposal, or any similar document has been issued by the authority prior to the effective date of this section or during the period from January first, nineteen hundred ninety-two until December sixteenth, nineteen hundred ninety-three.

2. * (a) Except as otherwise provided in this section, all purchase contracts for supplies, materials or equipment involving an estimated expenditure in excess of one million dollars and all contracts for public work involving an estimated expenditure in excess of one million dollars shall be awarded by the authority to the lowest responsible bidder after obtaining sealed bids in the manner hereinafter set forth. For purposes hereof, contracts for public work shall exclude contracts for personal, engineering and architectural, or professional services. The authority may reject all bids and obtain new bids in the manner provided by this section when it is deemed in the public interest to do so or, in cases where two or more responsible bidders submit identical bids which are the lowest bids, award the contract to any of such bidders or obtain new bids from such bidders. Nothing in this paragraph shall obligate the authority to seek new bids after the rejection of bids or after cancellation of an invitation to bid. Nothing in this section shall prohibit the evaluation of bids on the basis of costs or savings including life cycle costs of the item to be purchased, discounts, and inspection services so long as the invitation to bid reasonably sets forth the criteria to be used in evaluating such costs or savings. Life cycle costs may include but shall not be limited to costs or savings associated with installation, energy use, maintenance, operation and salvage or disposal.

* NB Effective until June 30, 2028

* (a) Except as otherwise provided in this section, all purchase contracts for supplies, materials or equipment involving an estimated expenditure in excess of fifteen thousand dollars and all contracts for public work involving an estimated expenditure in excess of twenty-five thousand dollars shall be awarded by the authority to the lowest responsible bidder after obtaining sealed bids in the manner hereinafter set forth. For purposes hereof, contracts for public work shall exclude contracts for personal, engineering and architectural, or professional services. The authority may reject all bids and obtain new bids in the manner provided by this section when it is deemed in the public interest to do so or, in cases where two or more responsible bidders submit identical bids which are the lowest bids, award the contract to any of such bidders or obtain new bids from such bidders. Nothing herein shall obligate the authority to seek new bids after the rejection of bids or after cancellation of an invitation to bid. Nothing in this section shall prohibit the evaluation of bids on the basis of costs or savings including life cycle costs of the item to be purchased, discounts, and inspection services so long as the invitation to bid reasonably sets forth the criteria to be used in evaluating such costs or savings. Life cycle costs may include but shall not be limited to costs or savings associated with installation, energy use, maintenance, operation and salvage or disposal.

* NB Effective June 30, 2028

* (b) Section twenty-eight hundred seventy-nine of this chapter shall apply to the authority's acquisition of goods or services of any kind, in the actual or estimated amount of fifteen thousand dollars or more, provided (i) that a contract for services in the actual or estimated amount of one million dollars or less shall not require approval by the board of the authority regardless of the length of the period over which the services are rendered, and provided further that a contract for services in the actual or estimated amount in excess of one million dollars shall require approval by the board of the authority regardless of the length of the period over which the services are rendered unless such a contract is awarded to the lowest responsible bidder after obtaining sealed bids, and (ii) the board of the authority may by resolution adopt guidelines that authorize the award of contracts to

small business concerns, to service disabled veteran owned businesses certified pursuant to article seventeen-B of the executive law, or minority or women-owned business enterprises certified pursuant to article fifteen-A of the executive law, or purchases of goods or technology that are recycled or remanufactured, in an amount not to exceed one million five hundred thousand dollars without a formal competitive process and without further board approval. The board of the authority shall adopt guidelines which shall be made publicly available for the awarding of such contract without a formal competitive process.

* NB Effective until June 30, 2028

* (b) Section twenty-eight hundred seventy-nine of this chapter shall apply to the authority's acquisition of goods or services of any kind, in the actual or estimated amount of fifteen thousand dollars or more, provided that a contract for personal services in the actual or estimated amount of less than twenty thousand dollars shall not require approval by the board of the authority regardless of the length of the period over which the services are rendered, and provided further that a contract for personal services in the actual or estimated amount of twenty thousand dollars or more shall require approval by the board of the authority regardless of the length of the period over which the services are rendered.

* NB Effective June 30, 2028

(c)(1) Notwithstanding the provisions of paragraph (a) of this subdivision, the authority shall establish guidelines governing the qualifications of bidders entering into contracts for its project to bring the Long Island Rail Road into Grand Central Terminal ("East Side Access Project"). The bidding may be restricted to those who have qualified prior to the receipt of bids according to standards fixed by the authority; provided, however, that the award of contracts shall, to the extent not inconsistent with this paragraph, be in accordance with paragraph (a) of this subdivision.

(2) In determining whether a prospective bidder qualifies for the inclusion on a list of prequalified bidders for the East Side Access Project, the authority shall consider: (i) the experience and past performance of the prospective bidder; (ii) the prospective bidder's ability to undertake work, including but not limited to whether it participates in state approved apprenticeship programs and whether it

utilizes employees who are represented by labor organizations; (iii) the financial capability and responsibility of the prospective bidder; and (iv) the records of the prospective bidder in complying with existing labor standards. The authority may also consider such other factors as it deems appropriate.

3. (a) Advertisement for bids, when required by this section, shall be published at least once in a newspaper of general circulation in the area served by the authority and in the procurement opportunities newsletter published pursuant to article four-C of the economic development law provided that, notwithstanding the provisions of article four-C of the economic development law, an advertisement shall only be required for a purchase contract for supplies, materials or equipment when required by this section. Publication in a newspaper of general circulation in the area served or in the procurement opportunities newsletter shall not be required if bids for contracts for supplies, materials or equipment are of a type regularly purchased by the authority and are to be solicited from a list of potential suppliers, if such list is or has been developed consistent with the provisions of subdivision six of this section. Any such advertisement shall contain a statement of: (i) the time and place where bids received pursuant to any notice requesting sealed bids will be publicly opened and read; (ii) the name of the contracting agency; (iii) the contract identification number; (iv) a brief description of the public work, supplies, materials, or equipment sought, the location where work is to be performed, goods are to be delivered or services provided and the contract term; (v) the address where bids or proposals are to be submitted; (vi) the date when bids or proposals are due; (vii) a description of any eligibility or qualification requirement or preference; (viii) a statement as to whether the contract requirements may be fulfilled by a subcontracting, joint venture, or co-production arrangement; (ix) any other information deemed useful to potential contractors; and (x) the name, address, and telephone number of the person to be contacted for additional information. At least fifteen business days shall elapse between the first publication of such advertisement or the solicitation of bids, as the case may be, and the date of opening and reading of bids.

(b) The authority may designate any officer or employee to open the bids at the time and place bids are to be opened and may designate an officer to award the contract to the lowest responsible bidder. Such designee shall make a record of all bids in such form and detail as the authority shall prescribe. All bids received shall be publicly opened and read at the time, place and in the manner specified in the advertisement or at the time of solicitation, or to which the opening and reading or posting have been adjourned by the authority, provided that any sealed bid may be received and secured through an electronic platform as permitted by the authority, and that any sealed bid received electronically is made public at the same time as any competing paper bid. The authority shall, at minimum, provide the same opportunity and time for submitting sealed bids physically as for sealed bids submitted electronically, and shall provide the opportunity for bidders to submit sealed bids physically any time that it provides the opportunity to submit sealed electronic bids. In addition, the authority shall establish a process for accommodating force majeure events that prevent the submission of a sealed electronic bid, including but not limited to internet and power outage events, and for automatically confirming receipt of any sealed electronic bid received. All bidders shall be notified of the time and place of any such adjournment.

4. Notwithstanding the foregoing, the authority may, by resolution approved by a two-thirds vote of its members then in office, or by a majority vote of its members with respect to contracts proposed to be let pursuant to paragraph (a) of this subdivision declare that competitive bidding is impractical or inappropriate because of the existence of any of the circumstances hereinafter set forth and thereafter the authority may proceed to award contracts without complying with the requirements of subdivision two or three of this section. In each case where the authority declares competitive bidding impractical or inappropriate, it shall state the reason therefor in writing and summarize any negotiations that have been conducted. Except for contracts awarded pursuant to paragraphs (a), (b), (c) and (e) of this subdivision, the authority shall not award any contract pursuant to this subdivision earlier than thirty days from the date on which the authority declares that competitive bidding is impractical or

inappropriate. Competitive bidding may only be declared impractical or inappropriate where:

(a) the existence of an emergency involving danger to life, safety or property requires immediate action and cannot await competitive bidding or the item to be purchased is essential to efficient operation or the adequate provision of service and as a consequence of unforeseen circumstance such purchase cannot await competitive bidding;

(b) the item to be purchased is available only from a single responsible source, provided that if bids have not been solicited for such item pursuant to subdivision two of this section within the preceding twelve months public notice shall first be given pursuant to subdivision three of this section;

(c) the authority receives no responsive bids or only a single responsive bid in response to an invitation for competitive bids;

(d) the authority wishes to experiment with or test a product or technology or new source for such product or technology or evaluate the service or reliability of such product or technology;

(e) the item is available through an existing contract between a vendor and (i) another public authority provided that such other authority utilized a process of competitive bidding or a process of competitive requests for proposals to award such contracts, (ii) Nassau county, (iii) the state of New York, (iv) the city of New York or (v) the United States general services administration provided that such administration utilized a process of competitive bidding or a process of competitive requests for proposals to award such contract, provided that in any case when under this paragraph the authority determines that obtaining such item thereby would be in the public interest and sets forth the reasons for such determination. Such rationale shall include, but need not be limited to, a determination of need, a consideration of the procurement method by which the contract was awarded, an analysis of alternative procurement sources including an explanation why a competitive procurement or the use of a centralized contract let by the commissioner of the office of general services is not in the best interest of the authority, and the reasonableness of cost. The authority shall accept sole responsibility for any payment due the vendor as a result of the authority's order; or

(f) the authority determines that it is in the public interest to award contracts pursuant to a process for competitive requests for proposals as hereinafter set forth. For purposes of this section, a process for competitive requests for proposals shall mean a method of soliciting proposals and awarding a contract on the basis of a formal evaluation of the characteristics, such as quality, cost, delivery schedule and financing of such proposals against stated selection criteria. Public notice of the requests for proposals shall be given in the same manner as provided in subdivision three of this section and shall include the selection criteria. In the event the authority makes a material change in the selection criteria from those previously stated in the notice, it will inform all proposers of such change and permit proposers to modify their proposals.

* (i) Except for a contract with a value of one hundred million dollars or less that is awarded pursuant to this paragraph to the proposer whose proposal is the lowest cost, the authority may award a contract pursuant to this paragraph only after a resolution approved by a two-thirds vote of its members then in office at a public meeting of the authority with such resolution (A) disclosing the other proposers and the substance of their proposals, (B) summarizing the negotiation process including the opportunities, if any, available to proposers to present and modify their proposals, and (C) setting forth the criteria upon which the selection was made provided however that for purposes of this subparagraph the board may, at its discretion, require such a resolution be approved for contracts with a value of one hundred million dollars or less.

* NB Effective until June 30, 2028

* (i) The authority may award a contract pursuant to this paragraph only after a resolution approved by a two-thirds vote of its members then in office at a public meeting of the authority with such resolution (A) disclosing the other proposers and the substance of their proposals, (B) summarizing the negotiation process including the opportunities, if any, available to proposers to present and modify their proposals, and (C) setting forth the criteria upon which the selection was made.

* NB Effective June 30, 2028

(ii) Nothing in this paragraph shall require or preclude (A) negotiations with any proposers following the receipt of responses to the request for proposals, or (B) the rejection of any or all proposals at any time. Upon the rejection of all proposals, the authority may solicit new proposals or bids in any manner prescribed in this section.

(g) the authority issues a competitive request for proposals pursuant to the procedures of paragraph (f) of this subdivision for the purchase or rehabilitation of rail cars and omnibuses. Any such request may include among the stated selection criteria the performance of all or a portion of the contract at sites within the state of New York or the use of goods produced or services provided within the state of New York, provided however that in no event shall the authority award a contract to a manufacturer whose final offer, as expressed in unit cost is more than ten percent higher than the unit cost of any qualified competing final offer, if the sole basis for such award is that the higher priced offer includes more favorable provision for the performance of the contract within the state of New York or the use of goods produced or services provided within the state of New York, and further provided that the authority's discretion to award a contract to any manufacturer shall not be so limited if a basis for such award, as determined by the authority, is superior financing, delivery schedule, life cycle, reliability, or any other factor the authority deems relevant to its operations.

* (i) Except for a contract with a value of one hundred million dollars or less that is awarded pursuant to this paragraph to the proposer whose proposal is the lowest cost, the authority may award a contract pursuant to this paragraph only after a resolution approved by a vote of not less than a two-thirds vote of its members then in office at a public meeting of the authority with such resolution (A) disclosing the other proposers and the substance of their proposals, (B) summarizing the negotiation process including the opportunities, if any, available to proposers to present and modify their proposals, and (C) setting forth the criteria upon which the selection was made provided however that for purposes of this subparagraph the board may, at its discretion, require such a resolution be approved for contracts with a value of one hundred million dollars or less.

* NB Effective until June 30, 2028

* (i) The authority may award a contract pursuant to this paragraph only after a resolution approved by a vote of not less than a two-thirds vote of its members then in office at a public meeting of the authority

with such resolution (A) disclosing the other proposers and the substance of their proposals, (B) summarizing the negotiation process including the opportunities, if any, available to proposers to present and modify their proposals, and (C) setting forth the criteria upon which the selection was made.

* NB Effective June 30, 2028

(ii) Nothing in this paragraph shall require or preclude (A) negotiations with any proposers following the receipt of responses to the request for proposals, or (B) the rejection of any or all proposals at any time. Upon the rejection of all proposals, the authority may solicit new proposals or bids in any manner prescribed in this section.

5. Upon the adoption of a resolution by the authority stating, for reasons of efficiency, economy, compatibility or maintenance reliability, that there is a need for standardization, the authority may establish procedures whereby particular supplies, materials or equipment are identified on a qualified products list. Such procedures shall provide for products or vendors to be added to or deleted from such list and shall include provisions for public advertisement of the manner in which such lists are compiled. The authority shall review such list no less than once a year for the purpose of making such modifications. Contracts for particular supplies, materials or equipment identified on a qualified products list may be awarded by the authority to the lowest responsible bidder after obtaining sealed bids in accordance with this section or without competitive sealed bids in instances when the item is available from only a single source, except that the authority may dispense with advertising provided that it mails copies of the invitation to bid to all vendors of the particular item on the qualified products list.

6. The authority shall compile a list of potential sources of supplies, materials or equipment regularly purchased. The authority shall, by resolution, set forth the procedures it has established to identify new sources and to notify such new sources of the opportunity to bid for contracts for the purchase of supplies, materials or equipment. Such procedures shall include, but not be limited to: (a) advertising in trade journals; (b) cooperation with federal, state and

local agencies within its area of operations; (c) publication in the state register quarterly; and (d) procedures established pursuant to subdivision thirteen of section twelve hundred sixty-six-c of this article.

7. The provisions of this section shall not supersede any other provisions of law relative to purchases of products or devices manufactured or provided by the blind or other severely handicapped persons, to the invitation and acceptance of bids from small or minority business enterprises or to the purchases of supplies, materials or equipment through the office of general services. Except as may otherwise be provided by law or as more restrictively defined in the official policy or bid specifications of the authority, the term "small business" means a small business or similar term, under federal regulations applicable to projects of the authority which are federally assisted.

* 8. Notwithstanding any other provisions in this section, the authority shall be allowed to use an electronic bidding system for the purchase of goods, materials, and commodities that may inform bidders whether their bid is the current low bid, and allow bidders to submit new bids before the date and time assigned for the opening of bids. Such procedure shall not constitute disclosure of bids in violation of section twenty-eight hundred seventy-eight of this chapter.

* NB Effective until June 30, 2028

* 8. The provisions of this section shall not apply to any procurement made by any other public entity not otherwise required by law to award contracts for such purchases to the lowest responsible bidder if such purchases are made at the sole cost and expense of such entity.

* NB Effective June 30, 2028

* 9. The provisions of this section shall not apply to any procurement made by any other public entity not otherwise required by law to award contracts for such purchases to the lowest responsible bidder if such purchases are made at the sole cost and expense of such entity.

* NB Repealed June 30, 2028

10. (a) Whenever the comptroller pursuant to section twenty-eight hundred seventy-nine-a of this chapter intends to require supervision in

the form of prior review and approval of a contract or contract amendment to be awarded by the authority pursuant to this section, then such contract or contract amendment shall be submitted to the comptroller by the authority for approval and shall not be a valid enforceable contract unless it shall first have been approved by the comptroller but only if the comptroller has notified the authority of such determination within thirty days of having received written notice of such contract or contract amendment either in the authority's annual report or any revised report;

(b) If the comptroller has timely notified the authority as provided in paragraph (a) of this subdivision that any contract or contract amendment shall be subject to comptroller prior review and approval, and such contract or contract amendment has been submitted to the comptroller, it shall become valid and enforceable without such approval if the comptroller has not approved or disapproved it within thirty days of submission to the comptroller.

*** § 1265-b. Metropolitan transportation authority small business mentoring program.** 1. Definitions. As used in this section, unless the context requires otherwise: (a) "authority" means the metropolitan transportation authority and its subsidiaries consisting of the Long Island rail road company, Metro-North commuter railroad company, metropolitan suburban bus authority, Staten Island rapid transit operating authority, MTA bus, MTA capital construction company, and first mutual transportation assurance company, and its affiliates consisting of the New York City transit authority, triborough bridge and tunnel authority, and Manhattan and Bronx surface transit operating authority;

(b) "chairman" means the chairman of the authority and its subsidiaries and affiliates;

(c) "small business" means a business in the construction trades which (i) is independently owned and operated; (ii) has annual revenues not exceeding a fiscal limitation of ten million dollars or such lesser amount as established by the authority pursuant to these provisions; and (iii) meets additional criteria as otherwise established by the chairman in consultation with the members of the MTA small business mentoring program advisory committee. The chair of the committee shall be the chief diversity officer of the MTA. The authority shall establish a detailed definition in general and specific to different segments of the construction industry to the extent necessary to reflect differing characteristics of such segments based on the criteria used by the United States small business administration for loans to small businesses as set forth in Sections 121.301 through 121.305, or for awarding government procurements as set forth in Sections 121.401 through 121.413, of Subpart A of Part 121 of Chapter I of Title 13 of the Code of Federal Regulations as amended, and such other criteria as determined by the authority;

(d) "small business mentoring program" is a program established by the authority pursuant to these provisions to provide small businesses accepted into the program with the opportunity:

(i) for up to five years, to compete for and, where awarded, to perform certain authority public work contracts to be designated by the authority for inclusion in this program under this subparagraph, with the assistance of an authority-provided mentor, which shall be a firm competitively selected by the authority that has extensive construction management and mentoring experience, with the mentor to provide the small business with advice and assistance in competing for and managing authority public work contracts; and

(ii) for a small business mentoring program participant which the authority has determined has successfully completed the program under subparagraph (i) of this paragraph, for up to five additional years, (A) additional opportunities to compete with other designated small businesses in the program for certain public work contracts to be designated for inclusion under this subparagraph and, where awarded, to perform such authority public work contracts, with the further assistance of an authority-provided mentor, which shall be a firm competitively selected by the authority that has extensive construction management and mentoring experience, with the mentor to provide the small business with advice and technical assistance in competing for and managing authority public work contracts, and (B) authority-provided assistance, as determined by the authority, for such a small business to obtain bonding for public work contracts that are competitively awarded pursuant to provisions of law other than this section.

(e) "small business mentoring program contract" means a non-federally funded, unless authorized by the applicable federal funding agency, authority public work contract designated by the authority, in an estimated amount of not more than one million five hundred thousand dollars for contracts under subparagraph (i) of paragraph (d) of this subdivision and five million dollars for contracts under subparagraph (ii) of paragraph (d) of this subdivision, for which bids or proposals are to be invited and accepted only from businesses that are enrolled in the small business mentoring program and have been selected by the authority to compete for the contract.

2. Small business mentoring program. (a) Pursuant to these provisions, the authority may establish a small business mentoring program. In connection therewith, the authority may determine the criteria pursuant to which a small business shall be eligible for and selected to participate in the program under subparagraphs (i) and (ii) of paragraph (d) of subdivision one of this section, the number of participants to participate in each such components of the program, the criteria for the competitive selection of the firms that will provide small businesses with mentoring services, the assignment of a mentor to a specific small business in the small business mentoring program, and the funding for the program.

(b) Under the small business mentoring program, the chairman or the chairman's designee is authorized, notwithstanding any other provision of law:

(i) to designate which eligible public work contracts shall be small business mentoring program contracts under subparagraphs (i) and (ii) of paragraph (d) of subdivision one of this section, respectively;

(ii) to establish standards for qualifying small business mentoring program participants to compete for a small business mentoring program contract, provided that no less than three qualified small businesses in the program must submit responsive offers to perform the contract;

(iii) to determine when bids or proposals for a small business mentoring program contract should be restricted to small business mentoring program participants which, prior to the receipt of bids or proposals, have been qualified by the authority for such competition;

(iv) to competitively select, designate and contract with one or more experienced construction management firms that, under the general supervision of the authority, will provide mentoring services to the small businesses participating in the small business mentoring program, and to assign such mentors one or more designated small businesses participating in the program;

(v) for small business mentoring program contracts, except as set forth herein, to waive requirements for the solicitation and award of a public work contract pursuant to sections twelve hundred nine, twelve hundred sixty-five-a and twenty-eight hundred seventy-nine of this chapter and any other provision of law;

(vi) to assist only small business mentoring program participants that have been awarded small business mentoring program contracts to obtain any surety bond or contract of insurance required of them in connection with such contract only notwithstanding any provision of section two thousand five hundred four of the insurance law to the contrary; and

(vii) for small businesses that have been accepted into the small business mentoring program under subparagraph (ii) of paragraph (d) of subdivision one of this section, in addition to the benefits of such program and notwithstanding any other provision of law, to provide technical assistance in obtaining bid, payment and performance bonding for authority public work contracts that are not small business mentoring program contracts, for which the small business is otherwise qualified.

3. Withdrawal of designation of small business mentoring program contracts. (a) If the total number of qualified small business mentoring program participants that respond to a competition and are considered capable of meeting the specifications and terms of the invitation to compete is less than three, or if the chairman or the chairman's designee determines that acceptance of the best offer will result in the payment of an unreasonable price, the authority may reject all offers and withdraw the designation of the contract as a small business mentoring program contract.

(b) If the authority withdraws the designation of contract as a small business mentoring program contract, the firms, if any, that made offers shall be notified. Invitations to compete containing the same or rewritten specifications and terms shall then be re-issued as a small business mentoring program contract for one or more additional contract period.

4. Construction manager mentors. A mentor shall provide services and assistance to a small business as designated by the authority, which may include the following: (a) provide business training in the skills necessary to operate a successful construction business and to compete for and perform a public work contract;

(b) provide technical assistance to the small business to assess the outcome if the small business competes for but is not awarded a contract;

(c) if the small business mentoring program contract is awarded to the small business, provide guidance, advice and technical assistance to the small business in the performance of the contract;

(d) provide other technical assistance to the small business to facilitate learning, training and other issues which may arise.

5. The authority may delegate to the chairman or the chairman's designee, the authority's responsibilities set forth herein.

6. The small business mentoring program contracts authorized by this legislation shall, for the initial year of the program, be in an aggregate amount of not less than ten million dollars, and shall not exceed one hundred million dollars, with the maximum amount in future years to be set by the chairman.

7. The authority shall submit a report, no later than September thirtieth, two thousand twenty-five, and annually thereafter, to the governor, the temporary president of the senate, and the speaker of the assembly regarding procurements made pursuant to this section. Such report shall include a description of each procurement made pursuant to this subdivision and the rationale for why the public work contract was selected as a small business mentoring program contract, information regarding the procurement process for each such mentoring program contract and the name or names of the small businesses that fulfilled the contract, the project identification number and a description for each such project performed pursuant to the contract, the contractual

completion date for each contract, the status of each such project, the contract price, including executed modifications, whether a project received surety bond or insurance contract assistance pursuant to subparagraph (vi) of paragraph (b) of subdivision two of this section, the total dollar value of monies paid to minority-owned and women-owned business enterprises and disadvantaged business enterprises pursuant to this section itemized by year and including the total dollar values for the five years preceding the respective annual report's release date. Such report shall additionally identify the authority-provided construction manager mentors and describe their competitive selection process, describe the technical assistance and advice provided by the authority and the mentors to program participants, and describe the business training provided by such mentor. For annual reports, any new procurements and changes during the period covered by the report shall be identified separately.

* NB Repealed December 31, 2029

§ 1266. Special powers of the authority. In order to effectuate the purposes of this title:

1. The authority may acquire, by purchase, gift, grant, transfer, contract or lease, any transportation facility other than a transit facility or, subject to subdivision two of this section or any transportation facility constituting a transit facility, wholly or partially within the metropolitan commuter transportation district, or any part thereof, or the use thereof, and may enter into any joint service arrangements as hereinafter provided. Any such acquisition or joint service arrangement shall be authorized only by resolution of the authority approved by not less than a majority vote of the whole number of members of the authority then in office, except that in the event of a tie vote the chairman shall cast one additional vote.

2. The authority may on such terms and conditions as the authority may determine necessary, convenient or desirable itself plan, design, acquire, establish, construct, effectuate, operate, maintain, renovate, improve, extend, rehabilitate or repair (a) any transportation facility

other than a transit project, or (b) upon the request of the New York city transit authority, and upon such terms and conditions as shall be agreed to by the authority or any transportation facility constituting a transit facility (a "transportation assistance project"), or may provide for such planning, design, acquisition, establishment, construction, effectuation, operation, maintenance, renovation, improvement, extension, rehabilitation or repair by contract, lease or other arrangement on such terms as the authority may deem necessary, convenient or desirable with any person, including but not limited to any common carrier or freight forwarder, the state, any state agency, the federal government, any other state or agency or instrumentality thereof, any public authority of this or any other state, the port of New York authority or any political subdivision or municipality of the state. In connection with the operation of any transportation facility, the authority may plan, design, acquire, establish, construct, effectuate, operate, maintain, renovate, improve, extend or repair or may provide by contract, lease or other arrangement for the planning, design, acquisition, establishment, construction, effectuation, operation, maintenance, renovation, improvement, extension or repair of any related services and activities it deems necessary, convenient or desirable, including but not limited to the transportation and storage of freight and the United States mail, feeder and connecting transportation, parking areas, transportation centers, stations and related facilities. Upon the completion of any such transportation assistance project or any part thereof or the termination of any contract, lease or other arrangement relating to such transportation assistance project, the authority shall cause the same to be transferred, leased or subleased to the New York city transit authority or its designated subsidiary, as appropriate, with or without consideration.

3. The authority may establish, levy and collect or cause to be established, levied and collected and, in the case of a joint service arrangement, join with others in the establishment, levy and collection of such fares, tolls, rentals, rates, charges and other fees as it may deem necessary, convenient or desirable for the use and operation of any transportation facility and related services operated by the authority

or by a subsidiary corporation of the authority or under contract, lease or other arrangement, including joint service arrangements, with the authority. Any such fares, tolls, rentals, rates, charges or other fees for the transportation of passengers shall be established and changed only if approved by resolution of the authority adopted by not less than a majority vote of the whole number of members of the authority then in office, with the chairman having one additional vote in the event of a tie vote, and only after a public hearing, provided however, that fares, tolls, rentals, rates, charges or other fees for the transportation of passengers on any transportation facility which are in effect at the time that the then owner of such transportation facility becomes a subsidiary corporation of the authority or at the time that operation of such transportation facility is commenced by the authority or is commenced under contract, lease or other arrangement, including joint service arrangements, with the authority may be continued in effect without such a hearing. Such fares, tolls, rentals, rates, charges and other fees shall be established as may in the judgment of the authority be necessary to maintain the combined operations of the authority and its subsidiary corporations on a self-sustaining basis. The said operations shall be deemed to be on a self-sustaining basis as required by this title, when the authority is able to pay or cause to be paid from revenue and any other funds or property actually available to the authority and its subsidiary corporations (a) as the same shall become due, the principal of and interest on the bonds and notes and other obligations of the authority and of such subsidiary corporations, together with the maintenance of proper reserves therefor, (b) the cost and expense of keeping the properties and assets of the authority and its subsidiary corporations in good condition and repair, and (c) the capital and operating expenses of the authority and its subsidiary corporations. The authority may contract with the holders of bonds and notes with respect to the exercise of the powers authorized by this section. No acts or activities taken or proposed to be taken by the authority or any subsidiary of the authority pursuant to the provisions of this subdivision shall be deemed to be "actions" for the purposes or within the meaning of article eight of the environmental conservation law.

3-a. In furtherance of the authority's mandate to develop and implement a unified mass transportation policy for the metropolitan commuter transportation district and the exercise of its powers, including the power to issue notes, bonds and other obligations secured in whole or in part by the revenues of the authority and its subsidiaries, and New York city transit authority and its subsidiaries, the authority shall join with the New York city transit authority and its subsidiaries in connection with any change in the establishment, levy and collection of fares, tolls, rentals, rates, charges and other fees for the transportation of passengers on any transportation facilities operated by New York city transit authority and its subsidiaries. Such fares, tolls, rentals, charges and other fees on transit facilities shall be established in accordance with the requirements of sections twelve hundred five and twelve hundred seven-i of this article.

4. The authority may establish and, in the case of joint service arrangements, join with others in the establishment of such schedules and standards of operations and such other rules and regulations including but not limited to rules and regulations governing the conduct and safety of the public as it may deem necessary, convenient or desirable for the use and operation of any transportation facility and related services operated by the authority or under contract, lease or other arrangement, including joint service arrangements, with the authority. Such rules and regulations governing the conduct and safety of the public shall be filed with the department of state in the manner provided by section one hundred two of the executive law. In the case of any conflict between any such rule or regulation of the authority governing the conduct or the safety of the public and any local law, ordinance, rule or regulation, such rule or regulation of the authority shall prevail. Violation of any such rule or regulation of the authority or any of its subsidiaries governing the conduct or the safety of the public in or upon any facility of the authority or any of its subsidiaries shall constitute an offense and shall be punishable by a fine not exceeding fifty dollars or imprisonment for not more than thirty days or both or may be punishable by the imposition of a civil penalty by the transit adjudication bureau established pursuant to the

provisions of title nine of this article, except that civil penalties relating to the payment of fares may be punishable by the imposition of a civil penalty not to exceed one hundred fifty dollars, provided that civil penalties relating to the payment of fares to the MTA bus company and the Metro-North railroad and Long Island rail road shall be in accordance with the conditions set forth in subdivisions eleven and twelve of section twelve hundred nine-a of this article, as applicable.

5. The authority may acquire, hold, own, lease, establish, construct, effectuate, operate, maintain, renovate, improve, extend or repair any transportation facilities through, and cause any one or more of its powers, duties, functions or activities to be exercised or performed by, one or more wholly owned subsidiary corporations of the authority, or by New York city transit authority or any of its subsidiary corporations in the case of transit facilities and may transfer to or from any such corporations any moneys, real property or other property for any of the purposes of this title upon such terms and conditions as shall be agreed to and subject to such payment or repayment obligations as are required by law or by any agreement to which any of the affected entities is subject. The directors or members of each such subsidiary corporation of the authority corporation shall be the same persons holding the offices of members of the authority. The chairman of the board of each such subsidiary shall be the chairman of the authority, serving ex officio and, provided that there is an executive director of the metropolitan transportation authority, the executive director of such subsidiary shall be the executive director of the metropolitan transportation authority, serving ex officio. Notwithstanding any provision of law to the contrary, the chairman shall be the chief executive officer of each such subsidiary and shall be responsible for the discharge of the executive and administrative functions and powers of each such subsidiary. The chairman and executive director, if any, shall be empowered to delegate his or her functions and powers to one or more officers or employees of each such subsidiary designated by him or her. Each such subsidiary corporation of the authority and any of its property, functions and activities shall have all of the privileges, immunities, tax exemptions and other exemptions of the authority and of the authority's property, functions and activities. Each such subsidiary

corporation shall be subject to the restrictions and limitations to which the authority may be subject. Each such subsidiary corporation of the authority shall be subject to suit in accordance with section twelve hundred seventy-six of this title. The employees of any such subsidiary corporation, except those who are also employees of the authority, shall not be deemed employees of the authority.

If the authority shall determine that one or more of its subsidiary corporations should be in the form of a public benefit corporation, it shall create each such public benefit corporation by executing and filing with the secretary of state a certificate of incorporation, which may be amended from time to time by filing, which shall set forth the name of such public benefit subsidiary corporation, its duration, the location of its principal office, and any or all of the purposes of acquiring, owning, leasing, establishing, constructing, effectuating, operating, maintaining, renovating, improving, extending or repairing one or more facilities of the authority. Each such public benefit subsidiary corporation shall be a body politic and corporate and shall have all those powers vested in the authority by the provisions of this title which the authority shall determine to include in its certificate of incorporation except the power to contract indebtedness.

Whenever any state, political subdivision, municipality, commission, agency, officer, department, board, division or person is authorized and empowered for any of the purposes of this title to co-operate and enter into agreements with the authority such state, political subdivision, municipality, commission, agency, officer, department, board, division or person shall have the same authorization and power for any of such purposes to co-operate and enter into agreements with a subsidiary corporation of the authority.

6. Each of the authority and its subsidiaries, and the New York city transit authority and its subsidiaries, in its own name or in the name of the state, may apply for and receive and accept grants of property, money and services and other assistance offered or made available to it by any person, government or agency, which it may use to meet capital or operating expenses and for any other use within the scope of its powers,

and to negotiate for the same upon such terms and conditions as the respective authority may determine to be necessary, convenient or desirable.

6-a. Subject to the rights of the holders of any outstanding bonds, notes or other obligations of the authority, New York city transit authority and Triborough bridge and tunnel authority, and to facilitate the efficient financial management of the authority, its subsidiary corporations, New York city transit authority and its subsidiary corporations, and Triborough bridge and tunnel authority (the "affiliated entities"), the authority may, and may permit and direct any affiliated entity to, transfer revenues, subsidies and other monies or securities to one or more funds or accounts of another affiliated entity for use by such other affiliated entity, provided at the time of such transfer it is reasonably anticipated that the monies and securities so transferred will be reimbursed, repaid or otherwise provided for by the end of the next succeeding calendar year if reimbursement or repayment is required by law or by any agreement to which any of the affected affiliated entities is subject. Any revenues of an affiliated entity that are transferred to another affiliated entity, which transfer was not authorized by a provision of law other than this subdivision, shall be considered to be required to be repaid to the affiliated entity which was the source of such revenues by the end of the next succeeding calendar year following such transfer.

7. The authority may lease railroad cars for use in its passenger service pursuant to the provisions of chapter six hundred thirty-eight of the laws of nineteen hundred fifty-nine.

8. The authority may do all things it deems necessary, convenient or desirable to manage, control and direct the maintenance and operation of transportation facilities, equipment or real property operated by or under contract, lease or other arrangement with the authority and its subsidiaries, and New York city transit authority and its subsidiaries. Except as hereinafter specially provided, no municipality or political subdivision, including but not limited to a county, city, village, town or school or other district shall have jurisdiction over any facilities

of the authority and its subsidiaries, and New York city transit authority and its subsidiaries, or any of their activities or operations. The local laws, resolutions, ordinances, rules and regulations of a municipality or political subdivision, heretofore or hereafter adopted, conflicting with this title or any rule or regulation of the authority or its subsidiaries, or New York city transit authority or its subsidiaries, shall not be applicable to the activities or operations of the authority and its subsidiaries, and New York city transit authority, or the facilities of the authority and its subsidiaries, and New York city transit authority and its subsidiaries, except such facilities that are devoted to purposes other than transportation or transit purposes. Each municipality or political subdivision, including but not limited to a county, city, village, town or district in which any facilities of the authority or its subsidiaries, or New York city transit authority or its subsidiaries are located shall provide for such facilities police, fire and health protection services of the same character and to the same extent as those provided for residents of such municipality or political subdivision.

The jurisdiction, supervision, powers and duties of the department of transportation of the state under the transportation law shall not extend to the authority in the exercise of any of its powers under this title. The authority may agree with such department for the execution by such department of any grade crossing elimination project or any grade crossing separation reconstruction project along any railroad facility operated by the authority or by one of its subsidiary corporations or under contract, lease or other arrangement with the authority. Any such project shall be executed as provided in article ten of the transportation law and the railroad law, respectively, and the costs of any such project shall be borne as provided in such laws, except that the authority's share of such costs shall be borne by the state.

9. Upon approval by the commissioner of transportation of the state of New York of detailed plans and specifications, which approval may be based upon considerations of relative need and the timing of construction, the authority is authorized to design, construct,

maintain, operate, improve and reconstruct a highway bridge crossing Long Island sound, as follows:

(a) Upon (i) the enactment by the state of Connecticut of legislation having like effect as the provisions of this paragraph and the granting of the consent of the congress of the United States of America to the interstate compact thereby created, and (ii) in conformity with recommendations of the New York-Connecticut bi-state bridge study commission, the authority is authorized, in cooperation with any duly designated agency or agencies of the state of Connecticut, to design, construct, maintain, operate, improve and reconstruct a highway bridge crossing Long Island sound from a point in the vicinity of the city of Bridgeport in the state of Connecticut to a point in the vicinity of the village of Port Jefferson in the state of New York, together with approaches to such bridge; and to contract from time to time with such agency or agencies of the state of Connecticut with respect to all matters affecting these authorizations, including, without limitation, the sharing of all capital, operational and maintenance expense (except that the capital expense of the original construction of such bridge, other than the expense of acquiring the needed real property, shall be in the ratio of fifty per-centum for the authority and fifty per-centum for such agency or agencies of the state of Connecticut), the manner and by whom the work of design, construction, reconstruction, improvement, maintenance and operation is to be performed or contracted to others for performance, the tolls, fees and other charges to be imposed from time to time for the use of such bridge, and the sharing of revenues derived from the imposition of such tolls, fees and charges (except that net revenues remaining after deduction of operational and maintenance expense of such bridge shall be in the ratio of fifty per-centum for the authority and fifty per-centum for the state of Connecticut or for such agency or agencies of the state of Connecticut. Subject to the limitations imposed upon the authority by the provisions of the said contracts, that portion of the said bridge and its approaches situate and lying within the territorial boundaries of the state of New York shall be deemed a "transportation facility" of the authority for all the purposes of this title, but tolls, fees and other charges imposed for the use of such bridge shall not be deemed to have been imposed "for the transportation of passengers" within the intendment of subdivision three of this section.

(b) If funds are made available by the authority for the payment of the cost and expense of the acquisition thereof, the commissioner of transportation of the state of New York, when requested by the authority, may acquire in the name of the state such real property lying within the territorial boundaries of the state as may be determined from time to time by the authority to be necessary, convenient or desirable to carry out the authorizations set forth in paragraphs (a) and (b) of this subdivision, may remove the owner or occupant thereof where necessary and obtain possession and, when requested by the authority, may dispose of any real property so acquired, all according to the procedure provided in section thirty of the highway law. The authority shall have the right to possess and use for its corporate purposes all such real property so acquired, all according to the procedure provided in section thirty of the highway law. The authority shall have the right to possess and use for its corporate purposes all such real property so acquired. Claims for the value of the property appropriated and for legal damages caused by any such appropriation shall be adjusted and determined by the commissioner of transportation with the approval of the authority or by the court of claims as provided in section thirty of the highway law. When a claim has been filed with the court of claims, the claimant shall cause a copy of such claim to be served upon the authority and the authority shall have the right to be represented and heard before such court. All awards and judgments arising from such claims shall be paid out of moneys of the authority.

(c) The authority, acting independently or jointly or in cooperation with such agency or agencies of the state of Connecticut, may also apply for and accept, upon condition or otherwise, from the duly authorized agencies of the federal government, and of the governments of the states of Connecticut and New York, such underwater and overwater grants of real property, licenses or permits as shall be necessary, convenient or desirable to carry out the authorizations set forth in paragraphs (a) and (b) of this subdivision.

(d) The provisions of chapter four hundred forty-two of the laws of nineteen hundred sixty-five (and of any agreement entered into in pursuance thereof) relating to the repayment of a loan made by the state to the authority for the purchase of the Long Island railroad shall be inapplicable to (i) the construction of such bridges and their approaches, (ii) bonds, notes or other obligations of the authority issued for or in connection with the financing of the cost of design, construction and reconstruction of such bridges and their approaches, or the proceeds realized upon such issuance; and (iii) revenues derived from the investment of such proceeds or of any part thereof, and from the imposition of tolls, fees or other charges for the use of such bridges.

10. Notwithstanding the provisions of any other law, general, special or local, or of any agreement entered into in pursuance thereof, relating to the repayment of any loan or advance made by the state to the authority or to the New York city transit authority, neither the authority nor the New York city transit authority shall be required to repay any such loan or advance heretofore made from or by reason of the issuance of bonds or notes of either of them or from the proceeds realized upon such issuance or from any other funds received by either of them from any source whatever in aid or assistance of the project or projects for the financing of which such bonds or notes are issued.

11. No project to be constructed upon real property theretofore used for a transportation purpose, or on an insubstantial addition to such property contiguous thereto, which will not change in a material respect the general character of such prior transportation use, nor any acts or activities in connection with such project, shall be subject to the provisions of article eight, nineteen, twenty-four or twenty-five of the environmental conservation law, or to any local law or ordinance adopted pursuant to any such article. Nor shall any acts or activities taken or proposed to be taken by the authority or by any other person or entity, public or private, in connection with the planning, design, acquisition, improvement, construction, reconstruction or rehabilitation of a transportation facility, other than a marine or aviation facility, be subject to the provisions of article eight of the environmental conservation law, or to any local law or ordinance adopted pursuant to any such article if such acts or activities require the preparation of a statement under or pursuant to any federal law or regulation as to the environmental impact thereof.

12. The authority may, upon suitable notice to and an offer to consult with an officer designated by the city of New York, occupy the streets of the city of New York for the purpose of doing any work over or under the same in connection with the improvement, construction, reconstruction or rehabilitation of a transportation facility without the consent of or payment to such city.

* 12-a. (a) Whenever the authority determines in consultation with the city of New York that it is necessary to obtain the temporary or permanent use, occupancy, control or possession of vacant or undeveloped or underutilized but replaceable real property, or any interest therein, or subsurface real property or any interest therein then owned by the city of New York for a project in the two thousand fifteen to two thousand nineteen, two thousand twenty to two thousand twenty-four, or two thousand twenty-five to two thousand twenty-nine approved capital programs in connection with (i) the installation of one or more elevators to make one or more subway stations more accessible, (ii) the construction or reconstruction of an electrical substation to increase available power to the subway system to expand passenger capacity or reliability, (iii) the capital project to construct four commuter railroad passenger stations in the borough of the Bronx known as Penn Station access, (iv) the Second Avenue Subway capital project, (v) the Interborough Express capital project, or (vi) the construction or reconstruction of signal or communication systems, the authority upon approval by the board of the metropolitan transportation authority and upon suitable notice and with the consent of the city of New York may cause the title to such real property, or any interest therein, to be transferred to the authority by adding it to the agreement of lease dated June first, nineteen hundred fifty-three, as amended, renewed and supplemented, authorized by section twelve hundred three of this article, or may itself acquire title to such property from the city of New York, and any such transfer or acquisition of real property shall be subject to the provisions of subdivision five of section twelve hundred sixty-six-c of this title. Nothing in this subdivision shall be deemed to authorize any temporary or permanent transfer or acquisition of real property, or interest therein, that is dedicated parkland without separate legislative approval of such alienation.

(b) (i) Upon the execution of any transfer or acquisition pursuant to this subdivision, which shall be final upon the approval by the board of the metropolitan transportation authority and consent of the city of New York, the fair market value shall be determined pursuant to this paragraph. The authority shall make a written offer to pay to the city of New York the fair market value of the authority's use, occupancy, control, possession or acquisition of such property. The offer by the authority shall be based on an appraisal of the value of such property and a copy of such appraisal shall be included with the offer. Such appraisal shall be done by an independent New York state licensed or certified appraiser, who may not be employed by the authority, selected at random from a panel of appraisers maintained by it for such purpose. Such appraisal and a second appraisal, if required pursuant to subparagraph (ii) of this paragraph, shall consider only the reasonably anticipated lawful use of the property and its zoning designation under the zoning resolution of the city of New York at the time the authority notified the city of New York of its determination to use, occupy, control, possess or acquire such property.

(ii) Within thirty days of receipt of the offer by the authority, the city of New York may accept it, agree with the authority on another amount, or request a second appraisal by an independent New York state licensed or certified appraiser, who may not be employed by the city of New York, selected at random by the city of New York from a panel of appraisers maintained by it for such purpose. Such second appraisal shall be completed within thirty days. If the second appraisal produces an estimate of the fair market value of the property that is greater than that of the first appraisal, the authority shall have ten days to increase its offer to such higher amount, otherwise the two appraisers shall reconcile their valuations and agree on a final valuation within ten days, which shall be an amount not less than the first appraisal nor greater than the second appraisal.

(c) Nothing in this subdivision shall be construed to affect or limit the authority's power under subdivision twelve of this section.

* NB Repealed December 31, 2030

13. The authority and each of its subsidiary corporations shall place on each transformer and substation which contains polychlorinated

biphenyls (PCBs) a symbol so indicating the presence of PCBs. Use of a PCB mark illustrated in the rules and regulations promulgated pursuant to the federal Toxic Substances Control Act shall constitute compliance with the provisions of this subdivision.

14. Notwithstanding any other provisions of law or the terms of any contract, the authority, in consultation with the Long Island Rail Road, shall establish and implement a no fare program for transportation on the Long Island Rail Road for police officers employed by the city of New York, county of Nassau, Nassau county villages and cities, county of Suffolk, Suffolk county villages and towns, the division of state police, the port authority of New York and New Jersey, the Metro-North Commuter Railroad Company, the New York city housing authority and the New York city transit authority. In establishing such program, which has as its goal increased protection and improved safety for its commuters, the authority and the Long Island Rail Road shall, among other things, consider: (a) requiring police officers who ride without cost to register with the Long Island Rail Road as a condition of riding without cost; (b) requiring such officers to indicate during such registration process their regular working hours and the Long Island Rail Road trains that such officers expect to ride; and (c) periodically re-registering and re-validating such officers. The authority and the Long Island Rail Road shall also have the power to consider other matters necessary to carry out the goals and objectives of this section.

15. (a) Notwithstanding any other provisions of law or the terms of any contract, the authority, in consultation with the New York city transit authority, the Long Island Rail Road and the Metro-North Commuter Railroad Company, shall establish and implement a no fare program for transportation on New York city transit authority systems, the Long Island Rail Road and the Metro-North Commuter Railroad Company for individuals serving as personal care attendants accompanying an Americans With Disabilities Act paratransit eligible individual.

(b) In order to be eligible for such no fare program the personal care attendant must show his or her community based personal care attendant agency issued identification card.

(c) In order to be considered accompanying an Americans With

Disabilities Act paratransit eligible individual the personal care attendant shall have the same origin and destination as such paratransit eligible individual.

16. Notwithstanding any other provision of law, the authority and any of its subsidiary corporations shall establish and implement a half fare rate program for persons with serious mental illness who are eligible to receive supplemental security income benefits as defined pursuant to title sixteen of the federal social security act and section two hundred nine of the social services law.

17. Notwithstanding any conflicting provisions of general, special or local law, and pursuant to the authority's 2000-2004 capital program plans approved by the metropolitan transportation authority capital program review board, the authority or any of its subsidiaries, the New York city transit authority or any of its subsidiaries, or Triborough bridge and tunnel authority, shall provide, from funds identified in such approved 2000-2004 capital program plans, up to twelve million dollars for the financing of a bus and heavy duty vehicles emission research and testing facility and related equipment located in the state of New York, whether within or outside of the transportation district, which facility shall be operated by the department of environmental conservation and shall be available for use on a non-exclusive basis by the authority and any of its subsidiaries, the New York city transit authority and any of its subsidiaries, and Triborough bridge and tunnel authority.

18. The authority shall conduct a campaign of public outreach to inform the public of the provisions pertaining to assault on employees described in subdivision eleven of section 120.05 of the penal law.

19. In connection with their lawful responsibilities or functions, the authority and its subsidiaries, including Metro-North Commuter Railroad, the Long Island Rail Road, MTA bus and the Staten Island rapid transit operating authority, the Triborough bridge and tunnel authority, and the New York city transit authority and its subsidiary the Manhattan and Bronx surface transit operating authority, are authorized to request,

receive and review criminal history information through the division of criminal justice services with respect to any person applying for a safety sensitive position. When requested, such applicant shall submit to the authority or the requesting affiliate or subsidiary his or her fingerprints in such form and in such manner as specified by the division, for the purpose of conducting a criminal history search identifying criminal convictions and pending criminal charges and returning a report thereon in accordance with the procedures and requirements established by the division pursuant to the provisions of article thirty-five of the executive law, which shall include the payment of the reasonable prescribed processing fee for the cost of the division's full search and retention procedures and a national criminal history record check. The authority or requesting affiliate or subsidiary shall submit such fingerprints and the processing fee to the division. The division shall forward to the authority or the requesting affiliate or subsidiary a report with respect to the applicant's previous criminal history, if any, or a statement that the applicant has no previous criminal history according to its files. Fingerprints submitted to the division pursuant to this subdivision may also be submitted to the federal bureau of investigation for a national criminal history record check. If additional copies of fingerprints are required, the applicant shall furnish them upon request. Upon receipt of such criminal history information, the authority or the requesting affiliate or subsidiary shall provide such applicant with a copy of such criminal history information, together with a copy of article twenty-three-A of the correction law, and inform such applicant of his or her right to seek correction of any incorrect information contained in such criminal history information pursuant to regulations and procedures established by the division of criminal justice services. The authority or the requesting affiliate or subsidiary shall ensure that adequate notice be provided to such applicant regarding the fact that state and national criminal history record checks may be conducted. This provision shall not preclude or alter the process by which a municipal civil service commission obtains and provides background information pursuant to subdivision four of section fifty of the civil service law relating to applicants for civil service appointments at the New York city transit authority and the Triborough bridge and tunnel authority.

§ 1266-a. Medical emergency services. The authority is hereby authorized and directed to prepare and develop a medical emergency services program to be implemented at a time to be specified in such program for the benefit of persons utilizing transportation and other related services of the authority. Such program may include but not be limited to provision for the following: The training of designated employees in first aid, emergency techniques and procedures, handling and positioning of stricken commuters, and knowledge of procedures and equipment used for respiratory and cardiac emergencies. Such program shall be submitted to the legislature not later than one hundred eighty days next succeeding the effective date of this section.

§ 1266-b. Medical emergency services plan; implementation on Long Island Rail Road. 1. a. The authority in consultation with the Long Island Rail Road is hereby authorized and directed to implement a comprehensive medical emergency services program, including an emergency response protocol, not later than September first, two thousand five, for the benefit of persons utilizing transportation and other related services of the Long Island Rail Road. Such program shall include but not be limited to provision for the following: The training of designated employees in first aid, emergency techniques and procedures, handling and positioning of stricken commuters, knowledge of procedures and equipment used for respiratory and cardiac emergencies and an emergency response protocol for all employees.

b. Such program and plan shall be submitted to the temporary president of the senate, the speaker of the assembly and the governor on or before September first, two thousand five, and shall be updated as necessary. The authority will issue an annual report on or before April first of each year beginning April first, two thousand six, which will include current updates, descriptions of medical emergencies, responses and outcomes since the most recent report, information regarding training of personnel, analysis of the current plan and any recommendations for improving the program.

2. Notwithstanding any inconsistent provision of any general, special or local law, a designated employee employed upon facilities of the Long Island Rail Road who has been trained in first aid, emergency techniques and procedures, handling and positioning of stricken commuters, and the applicable procedures and equipment used for respiratory and cardiac emergencies who voluntarily and without the expectation of monetary compensation renders any of the foregoing treatment in an emergency to a commuter upon facilities of the Long Island Rail Road who is unconscious, ill or injured shall not be liable for damages for injuries alleged to have been sustained by such commuter or for damages for the death of such commuter alleged to have occurred by reason of an act or omission in the rendering of such treatment in an emergency unless it is established that such injuries were or such death was caused by gross negligence on the part of such designated employee.

§ 1266-c. Transit projects. 1. Subject to the provisions of this section, the authority is hereby authorized, upon the request of the New York city transit authority and upon such terms and conditions as shall be agreed to by the authority (i) to plan, design, acquire, construct, reconstruct, rehabilitate and improve facilities, equipment, devices and appurtenances, and property or property rights constituting or to constitute part of, or used or to be used in connection with the operation of any transit facility now or hereafter owned or operated by the New York city transit authority or any of its subsidiaries (each of the foregoing activities and programs being referred to in this section as a "transit project"), (ii) to finance the costs of a transit project by the issuance of its notes, bonds or lease obligations, (iii) upon the completion of any transit project or part thereof, to cause the same to be transferred, leased or subleased to the New York city transit authority or its designated subsidiary or other designee, for consideration. The terms "facilities", "equipment", "devices and appurtenances", "property" or "property rights" and "transit facility" shall have the meanings given to such terms from time to time in section twelve hundred of this article. The authority shall have no obligation to operate or, except as may otherwise be provided in any lease to which it may be a party as hereinafter provided, repair or maintain any transit project or part thereof subsequent to its completion nor shall it be liable to the transferee, lessee or sublessee by reason of any warranty, express or implied, in respect thereof. Warranties furnished in connection with such transit project shall be assignable and assigned as directed by the New York city transit authority and approved by the authority.

2. In connection with any transit project, and in order to effectuate the purposes of this section, the authority shall, subject to the provisions of this section, have all of the powers provided elsewhere in this title, and, in addition, the authority may:

(a) issue its notes or bonds to finance all or any part of the costs of a transit project;

(b) finance all or any part of the costs to the authority or to any other person or entity, public or private, of such transit project through, or accompanied by, a leasing of such project or any part thereof by such person or entity to the authority or through or accompanied by a sale by the authority to any such person or entity and leaseback to the authority, in each case for subleasing to the New York city transit authority, its designated subsidiary or other designee for consideration, except that such leasing or leaseback from such person or entity may be directly to the New York city transit authority or its designated subsidiary or other designee with the consent of the authority;

(c) issue its notes or bonds to defease the lien of, refund or otherwise repay any outstanding notes, bonds or other obligations of the New York city transit authority which in the judgment of the authority would otherwise delay, impede or prevent its financing a transit project;

(d) accept the notes, bonds, lease, sublease and other contractual obligations of the New York city transit authority and any of its designated subsidiaries in payment for a transfer, lease or sublease of a transit project;

(e) accept from the New York city transit authority or its designated subsidiary or from the city of New York, acting by its mayor alone, a transfer of title to or the use, occupancy, control or possession of any real or personal property (or any interest therein) needed or useful for or in connection with any transit project;

(f) obtain security for the payment by the New York city transit authority or its designated subsidiary of its notes, bonds, lease, sublease or other contractual obligations, including a pledge of all or any part of any of their revenues, which pledge may contain covenants with respect to the charging and fixing of fares, fees and rentals, the use and disposition of such fares, fees, rentals and other revenues, and the setting aside of reserves therefrom;

(g) with the consent of the New York city transit authority or its designated subsidiary, use, with or without compensation, its agents, employees and facilities; and

(h) apply for, accept, enter into contracts for, administer and disburse any federal, state or local aid or assistance, subject to the terms and conditions thereof, which may be available for any transit project.

3. All of the provisions of this title not inconsistent with the provisions of this section shall be applicable with respect to any bonds, notes or lease obligations of the authority issued or entered into to finance any transit project, or to defease the lien of, refund or otherwise repay outstanding bonds, notes or other obligations of the New York city transit authority, subject to the following conditions:

(a) such bonds and notes shall be payable as to principal, redemption premium, if any, and interest and such other obligations shall be payable, all in the manner more particularly provided by the authority in the resolution under which the same shall be authorized to be issued;

(b) such lease obligations shall be non-recourse obligations limited to the recovery of the leased property by the lessor and as to the payments of sums of money coming due thereunder, to proceedings against the sublessee under any underlying sublease or pursuant to any pledge or assignment given to secure sums payable under such underlying sublease;

(c) no bonds or notes of the authority shall be issued for the purpose of defeasing the lien of, refunding or otherwise repaying outstanding bonds, notes or other obligations of the New York city transit authority unless (i) the city of the New York shall have entered into an agreement on terms satisfactory to the authority to make periodic payments to the

New York city transit authority, and (ii) the New York city transit authority shall have entered into an agreement on terms satisfactory to the authority to make periodic payments to the authority, in each case sufficient to pay, when due, the principal, redemption premium, if any, and interest upon the bonds or notes of the authority issued to effect such defeasance, refunding or repayment;

(d) notwithstanding and in addition to any provisions for the redemption of such bonds or notes which may be contained in any contract with the holders thereof, the city of New York may, upon furnishing sufficient funds therefor, require the authority to redeem as a whole any issue of such bonds or notes at the time or times and at the place or places and in accordance with the terms upon which such bonds or notes are redeemable; and

(e) the city of New York shall not be liable on such bonds or notes, and such bonds or notes shall not be a debt of the city of New York, and shall contain on the face thereof a statement to such effect.

4. The authority shall not undertake any transit project unless the New York city transit authority or the subsidiary for whose benefit the transit project is to be undertaken, or both, shall pay or agree to pay, in the form of a bond, note, lease, sublease or other contractual obligation, in a manner and on terms and conditions satisfactory to the authority, any portion of the costs to the authority of such transit project and the financing thereof which is not paid to the authority from any federal, state or local aid or assistance or which is not payable from any other moneys made available or payable to the authority by others for such project.

5. Neither the provisions of section one hundred ninety-seven-c of the New York city charter, relating to a uniform land use review procedure, nor the provisions of any other local law of the city of New York of like or similar tenor or import shall apply (i) to the acquisition of any real property (or any interest therein) for the purposes of any transit project by the city or by the New York city transit authority or any of its subsidiaries; (ii) to the subsequent transfer of any real property (or interest therein) so acquired to the authority or its designee for the purposes of such project or to the transfer to the

authority or its designee for such purposes of any real property (or interest therein) then owned by the city or by the New York city transit authority or any such subsidiary; nor (iii) to the transfer to the authority or its designee for such purposes of the right of use, occupancy, control or possession of any real property (or interest therein), whether presently owned or hereafter acquired by the city or by the New York city transit authority or any such subsidiary; provided in each such case, however, that if at the time of such proposed acquisition or transfer the real property which is the subject of such acquisition or transfer is not then being utilized for a transit or transportation purpose or is not an insubstantial addition to such property contiguous thereto; (a) the authority proposing to acquire or receive such property shall, unless a submission with respect to such property has previously been made and approved as herein provided, submit to the community board for the community district in which such property is located, data with respect to the proposed use of such property and to the design of any facility proposed to be constructed thereon; (b) such community board shall inform the board of estimate of the city of New York, with copies to the city planning commission of the city of New York and the proposing authority, of its views and recommendations with respect thereto within forty-five days of such submission, and if the community board shall fail to so inform the board of estimate within such period it shall be deemed to have recommended the proposal; and (c) the board of estimate shall, within forty-five days of the recommendation of the community board, approve or disapprove such acquisition or transfer, and if the board of estimate shall fail to act within such period it shall be deemed to have approved the same.

6. In its performance of any transit project, the authority shall not be deemed the agent or instrumentality of the city of New York or the New York city transit authority or any of its subsidiaries notwithstanding the fact that title to any real or personal property (or any interest therein) which is the subject of or is a part of such project is held by or upon completion of such project is to be transferred to such other entity. In its performance of any transit project, however, the provisions of section twelve hundred nine of this chapter shall apply to the authority as if it were the "authority"

referred to therein.

7. The authority, in addition to the powers provided elsewhere in this title, shall possess all of the powers, rights and privileges of the New York city transit authority or its designated subsidiary in connection with the undertaking by the authority of any transit project. The authority, upon suitable notice to and an offer to consult with an officer designated by the city of the New York, may occupy the streets of the city of New York for the purpose of doing any work over or under the same in connection with any transit project without the consent of or payment to such city.

8. After the transfer, transfer back, lease or sublease to the New York city transit authority or its designated subsidiary or other designee of any transit project or part thereof, actions for damages for injuries to real or personal property or for the destruction thereof, or for personal injuries or death, based upon the use, condition or state of such project or part thereof may not be instituted against the authority, which shall have no liability or responsibility to the transferee, lessee or sublessee or to third parties therefor.

9. Except as the authority shall otherwise agree, title to any transit project or any part thereof or interest therein which shall have been transferred, leased or subleased to the New York city transit authority or its designated subsidiary, shall remain in such transferee, lessee or sublessee any provision of title nine of this article or of any lease or other agreement entered into under the provisions of that title to the contrary notwithstanding.

10. The providing of any transit project shall not relieve the city of New York of its obligations under law and by lease to pay the capital costs of the New York city transit authority or its subsidiaries.

11. No transit project to be constructed upon real property theretofore used for a transit or transportation purpose, or on an insubstantial addition to such property contiguous thereto, which will not change in a material respect the general character of such prior

transit or transportation use, nor any acts or activities in connection with such project, shall be subject to the provisions of article eight, nineteen, twenty-four or twenty-five of the environmental conservation law, or to any local law or ordinance adopted pursuant to any such article. Nor shall any transit project or any acts or activities in connection therewith taken by any person or entity, public or private, pursuant to this section be subject to the provisions of article eight of the environmental conservation law if such project, acts or activities require the preparation of a statement under or pursuant to any federal law or regulation as to the environmental impact thereof.

12. The provisions of this section and of all agreements undertaken by the New York city transit authority in accordance therewith shall in all respects be subject to the rights of the holders of any outstanding bonds or notes of such authority.

13. a. All contracts for design, construction, services and materials pursuant to this title of whatever nature and all documents soliciting bids or proposals therefor shall contain or make reference to the following provisions:

(i) The contractor will not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability, or marital status, and will undertake or continue existing programs of affirmative action to ensure that minority group persons and women are afforded equal opportunity without discrimination. Such programs shall include, but not be limited to, recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, layoff, termination, rates of pay or other forms of compensation, and selections for training or retraining, including apprenticeship and on-the-job training.

(ii) At the request of the New York city transit authority, the metropolitan transportation authority, and their subsidiaries (hereinafter referred to as the authority), the contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding and which is involved in the performance of the contract with the authority to furnish a written statement that such employment agency, labor union or representative shall not discriminate because of race, creed, color, national origin, sex, age, disability or marital status and that such union or representative will cooperate in the implementation of the contractor's obligations hereunder.

(iii) The contractor will state, in all solicitations or advertisements for employees placed by or on behalf of the contractor in the performance of the contract with the authority, that all qualified applicants will be afforded equal employment opportunity without discrimination because of race, creed, color, national origin, sex, age, disability or marital status. (iv) The contractor will include the provisions of subparagraphs (i) through (iii) of this paragraph in every subcontract or purchase order in such a manner that such provisions will be binding upon each subcontractor or vendor as to its work in connection with the contract with the authority.

b. The authority shall establish procedures and guidelines to ensure that contractors and subcontractors undertake programs of affirmative action and equal employment opportunity as required by this subdivision. Such procedures may require after notice in a bid solicitation, the submission of an affirmative action program prior to the award of any contract, or at any time thereafter, and may require the submission of compliance reports relating to the operation and implementation of any affirmative action program adopted hereunder. The authority may take appropriate action including contractual sanctions for non-compliance to effectuate the provisions of this subdivision and shall be responsible for monitoring compliance with this title.

14. (a) (i) In the performance of projects pursuant to this title minority and women-owned business enterprises shall be given the opportunity for meaningful participation. The authority provided for in this title shall establish measures and procedures to secure meaningful participation and identify those contracts and items of work for which minority and women-owned business enterprises may best bid to actively and affirmatively promote and assist their participation in the projects, so as to facilitate the award of a fair share of contracts to such enterprises; provided, however, that nothing in this title shall be construed to limit the ability of the authority to assure that qualified

minority and women-owned business enterprises may participate in the program. For purposes hereof, minority business enterprise shall mean any business enterprise which is at least fifty-one per centum owned by, or in the case of a publicly owned business, at least fifty-one per centum of the stock of which is owned by citizens or permanent resident noncitizens who are Black, Hispanic, Asian or American Indian, Pacific Islander or Alaskan natives and such ownership interest is real, substantial and continuing and have the authority to independently control the day to day business decisions of the entity for at least one year; and women-owned business enterprise shall mean any business enterprise which is at least fifty-one per centum owned by, or in the case of a publicly owned business, at least fifty-one per centum of the stock of which is owned by citizens or permanent resident noncitizens who are women, and such ownership interest is real, substantial and continuing and have the authority to independently control the day to day business decisions of the entity for at least one year.

The provisions of this paragraph shall not be construed to limit the ability of any minority or women-owned business enterprise to bid on any contract.

(ii) In the implementation of this subdivision, the authority shall consider compliance by any contractor with the requirements of any federal, state, or local law concerning minority and women-owned business enterprises, which may effectuate the requirements of this subdivision. If the authority determines that by virtue of the imposition of the requirements of any such law, in respect to capital project contracts, the provisions thereof duplicate or conflict with such law, the authority may waive the applicability of this subdivision to the extent of such duplication or conflict.

(iii) Nothing in this subdivision shall be deemed to require that overall state and federal requirements for participation of minority and women-owned business enterprises in programs authorized under this title be applied without regard to local circumstances to all projects or in all communities.

(b) In order to implement the requirements and objectives of this subdivision, the authority shall establish procedures to monitor the contractors' compliance with provisions hereof, provide assistance in obtaining competing qualified minority and women-owned business enterprises to perform contracts proposed to be awarded, and take other appropriate measures to improve the access of minority and women-owned business enterprises to these contracts.

15. (a) In connection with the performance of projects pursuant to this section, the authority shall, to the extent practicable and not inconsistent with any federal law, regulation or requirement, promote the meaningful participation of small business and New York state business enterprises in the provision of goods and services that are produced or manufactured in New York state as part of procurements undertaken by the authority.

(b) The authority shall within one hundred eighty days after the effective date of this subdivision develop, and review annually thereafter, a plan to effect the purposes of this subdivision.

§ 1266-d. Long Island rail road commuter's council. 1. There is hereby created the Long Island rail road commuter's council, to study, investigate, monitor and make recommendations with respect to the maintenance and operation of the Long Island rail road. Such council shall study and investigate all aspects of the day to day operations of such railroad, monitor its performance and recommend changes to improve the efficiency of the operation thereof. Such council shall study and make recommendations in regard to improving bicycle and pedestrian access at bridges, stations and other facilities operated by the Long Island Railroad and submit such recommendations to the metropolitan transportation authority on or before June first, two thousand twenty-two and every five years thereafter.

2. Such council shall consist of thirteen members who shall be commuters who regularly use the transportation services of such railroad, and who shall be residents of Nassau, Suffolk, Queens or Brooklyn county. Members shall be appointed by the governor upon the recommendation of the county executive of each such county, provided, however, that such members shall be chosen from a list of ten names submitted by each such county executive and provided further however

that no more than six members of such council shall be residents of either such county. Provided, however, that one member shall be appointed on the recommendation of the borough president of Queens and one member shall be appointed on the recommendation of the borough president of Brooklyn. Provided, however, that one member shall be appointed who has a demonstrated expertise or interest in the promotion and development of improved bicycle and pedestrian access at bridges, stations and other facilities operated by the authority and its affiliates and subsidiaries. Vacancies occurring in the membership of the council shall be filled in the same manner as original appointments, provided, however, that such vacancy shall be filled from a list of three names submitted by each such county executive.

3. The members of the council shall receive no compensation for their services but shall be reimbursed for their expenses actually and necessarily incurred in the performance of their duties hereunder.

4. The council may request and shall receive from any department, division, board, bureau, commission, agency, public authority of the state or any political subdivision thereof such assistance and data as will enable it properly to carry out its activities hereunder and effectuate the purposes set forth herein.

§ 1266-e. Metro-North rail commuter council. 1. There is hereby created the Metro-North rail commuter council to study, investigate, monitor and make recommendations with respect to the maintenance and operation of those portions of, if any, the Hudson, Harlem, New Haven, Pascack Valley and Port Jervis commuter railroad lines remaining within the metropolitan commuter transportation district. Such council shall study and investigate all aspects of the day to day operation of such railroad lines, monitor their performance and recommend changes to improve the efficiency of the operation thereof. Such council shall study and make recommendations in regard to improving bicycle and pedestrian access at bridges, stations and other facilities operated by such railroad lines and submit such recommendations to the metropolitan transportation authority on or before June first, two thousand twenty-two and every five years thereafter.

2. Such council shall consist of twelve members and shall be commuters who regularly use the transportation services of such railroad lines. At least five of such members shall be residents of the county of Westchester. Of the other seven members, at least one of such members shall be a resident of each of the counties of Rockland, Putnam, Dutchess, Orange and Bronx, provided that such county has not withdrawn from the metropolitan commuter transportation district pursuant to section twelve hundred seventy-nine-b of this title; provided further, should only the county of Putnam remain in the metropolitan commuter transportation district then membership on such council shall consist of eight members, six of whom reside in the county of Westchester and two of whom reside in the county of Putnam. Members shall be appointed by the governor. In making such appointments the governor shall consult with and solicit recommendations from local officials and to the extent possible appoint members who represent the ridership of the several commuter railroad lines. Provided, however, that one member shall be appointed who has a demonstrated expertise or interest in the promotion and development of improved bicycle and pedestrian access at bridges, stations and other facilities operated by the authority and its affiliates and subsidiaries. Vacancies occurring in the membership of the council shall be filled in the same manner as original appointments.

3. The members of the council shall receive no compensation for their services but shall be reimbursed for their expenses actually and necessarily incurred by them in the performance of their duties hereunder from funds appropriated to the commissioner of transportation.

4. The council may request and shall receive from any department, division, board, bureau, commission, agency, public authority of the state or any political subdivision thereof such assistance and data as it requests and will enable it to properly carry out its activities for the purposes set forth herein.

§ 1266-f. Medical emergency services plan; implementation on

Metro-North Commuter Railroad Company. 1. The authority is hereby authorized and directed to implement a medical emergency services program not later than April first, nineteen hundred eighty-six, for the benefit of persons utilizing transportation and other related services of the Metro-North Commuter Railroad Company. Such program shall include but not be limited to provision for the following: The training of conductors, trainmen and other designated employees in first aid, emergency techniques and procedures, handling and positioning of stricken commuters, and knowledge of procedures and equipment used for respiratory and cardiac emergencies.

2. Notwithstanding any inconsistent provision of any general, special or local law, a designated employee employed upon facilities of the Metro-North Commuter Railroad Company who has successfully completed a course in first aid, including instruction and training in cardiopulmonary resuscitation and who voluntarily and without expectation of monetary compensation renders first aid, emergency treatment or cardiopulmonary resuscitation at the scene of an accident or other emergency, in the course of his duties as an employee of the Metro-North Commuter Railroad Company to a person who is unconscious, ill or injured, shall not be liable for damages and injuries alleged to have been sustained by such person or for damages for death of such person alleged to have occurred by reason of an act or omission in the rendering of such first aid, emergency treatment or cardiopulmonary resuscitation unless it is established that such injuries were or such death was caused by gross negligence on the part of such designated employee.

§ 1266-g. Excess loss fund. 1. Subject to the provisions of this section, the authority is authorized to issue bonds and notes, in accordance with section twelve hundred sixty-nine of this title, in such principal amounts not in excess of the seventy-five million dollar limitation established in subdivision four of this section as, in the opinion of the authority, shall be necessary to provide sufficient funds to meet the capital and reserve requirements of a trust, pooling arrangement or other entity established for the purpose of providing reimbursement and funding to the authority and its subsidiaries, the New York city transit authority and its subsidiaries and Triborough bridge and tunnel authority for excess or extraordinary losses for damages to real or personal property or for the destruction thereof or for personal injuries or death and for certain property damage losses which may be incurred or sustained by any of them in connection with the use and operation of their respective facilities and in the conduct of their respective activities (the trust, pooling arrangement or other entity established in order to provide such benefits to such participants being referred to in this section as the "excess loss fund"). Prior to the issuance of any bonds or notes, other than refunding bonds or notes, authorized by this section, the authority shall make a finding that such issue is expected to result, on a present value basis, in a lower effective cost to the participating authorities than funding the requirements of the excess loss fund solely through the payment of premiums and assessments by such participating authorities.

2. In order to effectuate the purposes of the excess loss fund, the authority shall, subject to the provisions of this section, have all the powers provided elsewhere in this title and may:

(a) accept the notes, bonds and other contractual obligations of the excess loss fund for funds provided to it by the authority;

(b) obtain security for the payment by the excess loss fund of its notes, bonds and other contractual obligations issued to the authority, including a pledge of all or any part of the assets and revenues of the excess loss fund, including its receipts and rights to receive premiums, assessments, reimbursements and other payments from the participants in the excess loss fund, which pledge may contain covenants with respect to the charging and fixing by actuarial estimates, where appropriate, of premiums, assessments, reimbursements and other payments and the use and disposition thereof; and

(c) enter into contracts with the excess loss fund and with the participants therein, on such terms and conditions as the parties may agree, with respect to the payment of premiums, assessments, reimbursements and other payments to the excess loss fund and the nature and extent of the benefits to be paid by the excess loss fund to such participants.

3. The bonds and notes of the authority authorized by this section shall not constitute general obligations of the authority, but shall be special obligations of the authority payable as to principal, redemption premium, if any, and interest solely from the security, sources of payment and funds obtained from or on behalf of the excess loss fund, all in the manner more particularly provided by the authority in the resolution under which such bonds and notes shall be authorized to be issued.

4. The aggregate principal amount of bonds and notes issued for the purposes enumerated in subdivision one of this section shall not exceed seventy-five million dollars, excluding: (a) bonds and notes issued to fund costs of issuance and any reasonably required debt service reserve fund for such bonds or notes; (b) an amount equal to any original issue discount from the principal amount of any bonds or notes issued; and (c) bonds and notes issued to refund or otherwise repay bonds or notes theretofore issued for such purposes, provided, however, that upon any such refunding or repayment the total aggregate principal amount of outstanding bonds and notes (including for purpose of such calculation the principal amount of the refunding bonds or notes then to be issued and excluding the principal amount of the bonds or notes so to be refunded or repaid and any amounts excluded under paragraph (a) or (b) of this subdivision) may be greater than seventy-five million dollars, only if the present value of the aggregate debt service of the refunding or repayment bonds or notes to be issued shall not exceed the present value of the aggregate debt service of the bonds or notes so to be refunded or repaid. For purposes of paragraph (c) of this subdivision, the present values of the aggregate debt service of the refunding or repayment bonds or notes and of the aggregate debt service of the bonds or notes so to be refunded or repaid, shall be calculated by utilizing the effective interest rate of the refunding or repayment bonds or notes, which shall be that rate arrived at by doubling the semi-annual interest rate (compounded semi-annually) necessary to discount the debt service payments on the refunding or repayment bonds or notes from the payment dates thereof to the date of issue of the refunding or repayment bonds or notes and to the price bid including estimated accrued interest

or proceeds received by the authority including estimated accrued interest from the sale thereof.

5. The term "excess loss fund" as used in this section shall not include any trust, pooling arrangements or other entity (a) which provides or offers to provide reimbursement or funding for losses or liabilities to any entity other than the authority and its subsidiaries, the New York city transit authority and its subsidiaries and Triborough bridge and tunnel authority, or (b) in which any entity other than the authority and its subsidiaries, the New York city transit authority and its subsidiaries and Triborough bridge and tunnel authority holds an equity interest.

§ 1266-h. Authority police force. 1. The authority is hereby authorized and empowered, to provide and maintain an authority police department and a uniformed authority police force. Each member of such uniformed police force shall be a "police officer" for the purposes of the criminal procedure law, with all of the powers of such police officers thereunder and subject to the same jurisdictional provisions on the exercise of that power as set forth in such law. The geographical area of employment of such police officers for the purposes of the criminal procedure law shall embrace the metropolitan commuter transportation district as defined in section twelve hundred sixty-two of this title. Such department and force shall have the power, in and about any or all of the facilities owned, occupied and/or operated by the authority and its subsidiary corporations, the New York city transit authority and its subsidiaries, and the triborough bridge and tunnel authority, as determined in the discretion of the authority, to enforce and prevent violation of all laws and ordinances. Nothing herein shall confer upon the authority police force or upon their collective negotiations representatives exclusive jurisdiction or claim over the exercise of police power or security work on behalf of the authority and its subsidiary corporations, the New York city transit authority and its subsidiaries, and the triborough bridge and tunnel authority. Nothing herein shall limit the authority and its subsidiary corporations, the New York city transit authority and its subsidiaries, and the triborough bridge and tunnel authority from continuing to rely on local police for police services. However, traditional police functions previously performed by the Long Island Rail Road Company and/or the Metro-North Commuter Railroad Company police force shall continue to be performed by the authority police forces.

2. Initial appointments to such authority police force shall be all incumbent police officers from the Long Island Rail Road Company and/or the Metro-North Commuter Railroad Company at the time of such appointment. The executive director of the authority, through the chief of police, shall have the power and authority to appoint and employ such number of police officers as he deems necessary to act as police officers of the authority and to administer to the officers an oath or affirmation faithfully to perform the duties of their respective positions or offices. Unless, at the time of appointment, the person is a police officer of Long Island Rail Road Company or Metro-North Commuter Railroad Company, only persons who have never been convicted of a felony and are citizens of the United States shall be appointed police officers on the authority police force. After the initial appointments are made, selection of police officer candidates shall be made pursuant to an examination process to be determined at the discretion of the authority and candidates must receive a certificate attesting to satisfactory completion of an approved municipal police basic training program, as described in section two hundred nine-q of the general municipal law. No person shall be eligible for appointment unless such person is not less than twenty years of age as of the date of appointment nor more than thirty-five years of age as of the date when the applicant takes the written examination, provided, however, that time spent on military duty or on terminal leave, not exceeding a total of six years, shall be subtracted from the age of any applicant who has passed his or her thirty-fifth birthday as provided in subdivision ten-a of section two hundred forty-three of the military law. Upon appointments made by transferring an entire group of police officers into the authority police force, thereby eliminating such other group of police officers, the authority shall recognize any representative previously chosen by the police officers for the purposes of collective negotiations consistent with the bargaining units already established

and shall also assume and continue to observe any existing labor contracts covering these police officers including such provisions which relate to the grievance and disciplinary procedures and interest arbitration. Subsequent to the establishment of the consolidated police force the authority and the collective bargaining representatives shall be authorized to negotiate a merger of the separate bargaining units.

3. The authority may appoint a chief and one or more deputy chiefs of the authority police department who, in the discretion of the authority, may be selected from the ranks of the authority police force, and assign powers and duties to them and fix their compensation. The chief shall be the head of such department. The deputy chief designated by the chief shall possess all the powers and perform all the duties of the chief during his absence or disability. The authority police force shall consist of such divisions, supervisors and officers, including but not limited to police officers, detectives, sergeants, lieutenants and captains as designated by the authority. Notwithstanding any law or provision to the contrary, the members of the uniformed authority police force shall not acquire civil service status or become members of the New York state and local employees' retirement system, except as set forth below.

4. The authority shall provide for a twenty year retirement plan under the same terms and conditions as provided by section three hundred eighty-nine of the retirement and social security law as enacted by chapter six hundred twenty-eight of the laws of nineteen hundred ninety-one; except that:

(a) any benefit provided pursuant to such plan shall be subject to an offset, as defined in this paragraph, for any tier II benefit payable pursuant to the federal Railroad Retirement Act to or in the respect of a member. The offset provided for by this paragraph shall be the amount of the tier II benefit which would be payable to or in respect to such member pursuant to the federal Railroad Retirement Act multiplied by a fraction, the numerator of which is the member's years of credited service covered by the federal Railroad Retirement Act rendered to, or credited by, the authority or any subsidiary corporation of the authority, and the denominator of which is the member's total years of service covered by the federal Railroad Retirement Act;

(b) references to Long Island Rail Road shall be to the authority;

(c) the transfer of funds described in subdivision f of section three hundred eighty-nine of the retirement and social security law as enacted by chapter six hundred twenty-eight of the laws of nineteen hundred ninety-one shall include the Metro-North Commuter Railroad Company Defined Contribution Pension Plan for Agreement Employees;

(d) the provisions of subdivision g of section three hundred eighty-nine of the retirement and social security law as enacted by chapter six hundred twenty-eight of the laws of nineteen hundred ninety-one to the extent of requiring contributions for past service liability shall not be applicable; and

(e) when a police officer transferred from the Long Island Rail Road Company police force to the authority police force reaches age sixty-two the authority will offset the amount payable under this plan by the amount of tier II benefit payable from the Railroad Retirement Board for a service age annuity or disability payable at the participants age sixty-two.

5. The authority may, in its sole discretion, establish within the authority's defined benefit program, a retirement program consistent with the foregoing. If the authority has not so established such program in its defined benefit program within one hundred eighty days after enactment, then the authority shall elect to participate in article fourteen-B of the retirement and social security law.

6. If the authority elects to participate in the New York state and local employees' retirement system, such election to participate shall be made by resolution filed with the comptroller and accepted by him pursuant to section thirty-one of the retirement and social security law.

7. Nothing herein contained shall be deemed to diminish, suspend or abolish an existing benefit inured to a police officer, transferred from the Long Island Rail Road Company and/or Metro-North Commuter Railroad Company police force and subject to the provisions of this section in and to the rights, privileges or status previously earned within a

pension or retirement system of which they were a member immediately prior to the enactment of this section; and any such existing right, privilege or status shall survive the effect of any decisions or determinations lawfully made in accordance with the provisions hereof so long as such right, privilege or status is greater in benefit to that which would be imposed or imputed to any subject officer as a result of actions of the authority authorized herein.

§ 1266-i. The permanent citizens advisory committee. There is hereby established a permanent citizens advisory committee. The members of the committee shall consist of the following members: the Long Island Rail Road commuter's council, the Metro-North commuter council, and the New York city transit authority advisory council, as defined in section twelve hundred four-e of this chapter.

§ 1266-j. Metropolitan transportation authority pledge to customers. 1. A metropolitan transportation authority pledge to customers shall be created and adopted by the metropolitan transportation authority. A copy of such pledge shall be posted on the web site of the authority and shall be posted in stations where the authority makes regular postings. The authority shall post the pledge in the language or languages it deems necessary and appropriate.

2. The metropolitan transportation authority pledge to customers shall be in the form and manner as prescribed by the authority, include the contact information of the authority, and include, but not be limited to, the following:

(a) a description of the authority's commitment to provide safe and reliable services;

(b) a description of the authority's commitment to provide timely and accurate information on its services;

(c) a commitment that employees will provide service in a courteous manner;

(d) a description of the authority's commitment to maintain clean stations, facilities, subways and buses;

(e) a description of the authority's policies when it comes to arranging alternative transportation when service is interrupted;

(f) when service is interrupted, a description of the authority's policies when it comes to considering the comfort of inconvenienced customers;

(g) when service is interrupted due to weather conditions, a description of the authority's policies on notifying customers;

(h) when service is severely interrupted, a description of the authority's policies on service restoration.

3. The authority from time to time may, update and amend the metropolitan transportation authority pledge to customers as it deems necessary and proper and may adopt rules and regulations for the proper administration of this section.

*** § 1266-k. Expired fare transfer policy.** Notwithstanding any other provision of law to the contrary, the authority shall, within ninety days of the effective date of this section, establish an expired fare transfer policy that may be amended from time to time. Such policy shall provide any person who purchases a fare the ability to transfer any remaining balance for two years after such fare is deemed expired.

* NB Repealed December 31, 2029

*** § 1266-l. Surveillance cameras; subway stations.** The authority shall install and reasonably maintain proper operation of surveillance cameras at all subway stations operated by the authority. Such surveillance cameras may be placed in all areas, including but not limited to, areas frequented by passengers and all train platforms.

* NB There are 2 § 1266's

*** § 1266-l. Light duty for employees.** 1. Should any employee engaged in the service of any commuter rail service owned or operated by the authority or its subsidiary, who is pregnant be prevented by such pregnancy from performing the activities involved in her regular assigned duties due, but is able, as determined by the employee's medical provider, to perform specified types of light duty, the employer shall make available such light duty to the employee, provided, however, that such light duty shall enable her to continue to be entitled to her concurrent assignment earnings, including increases thereof and fringe benefits, to which she would have been entitled if she were able to perform her regular assigned duties.

2. Nothing in this section shall be deemed to diminish the rights, privileges, or remedies of any employee under any collective bargaining agreement or employment contract.

* NB There are 2 § 1266-l's

§ 1266-m. Information concerning services for human trafficking victims. 1. The authority shall make available in plain view and in a conspicuous place and manner in the public restrooms and in any lactation rooms of any transit facility operated by the authority, informational cards and/or signs developed by:

(a) the office of temporary and disability assistance in consultation with the New York state interagency task force on human trafficking; or

(b) the United States Department of Homeland Security.

2. All informational cards and signs shall only contain information concerning services for human trafficking victims and shall prominently include the national human trafficking hotline telephone number.

3. For purposes of this section, the term "lactation room" shall mean a hygienic place, other than a restroom, that is intended to be used for the primary purpose of breastfeeding or expressing breast milk.

§ 1267. Acquisition and disposition of real property. * 1. In addition to the powers provided in section twelve hundred sixty-six of this title to acquire transportation facilities, equipment and real property, the authority may acquire, by condemnation pursuant to the eminent domain procedure law, any real property it may deem necessary, convenient or desirable to effectuate the purposes of this title, provided however, that any such condemnation proceedings shall be brought only in the supreme court and the compensation to be paid shall be ascertained and determined by the court without a jury, and provided further that the rate of interest paid upon any judgment or accrued claim against the authority arising out of such condemnation proceedings shall not exceed six per centum. Notwithstanding the foregoing provisions of this subdivision, no real property may be acquired by the authority by condemnation for purposes other than a transportation facility unless the governing body of the city, village or town in which such real property is located shall first consent to such condemnation.

* NB Effective until June 24, 2028

* 1. In addition to the powers provided in section twelve hundred sixty-six of this title to acquire transportation facilities, equipment and real property, the authority may acquire, by condemnation pursuant to the condemnation law, any real property it may deem necessary, convenient or desirable to effectuate the purposes of this title, provided however, that any such condemnation proceedings shall be brought only in the supreme court and the compensation to be paid shall be ascertained and determined by the court without a jury. Notwithstand the foregoing provisions of this subdivision one, no real property may be acquired by the authority by condemnation for purposes other than a transportation facility unless the governing body of the city, village or town in which such real property is located shall first consent to such condemnation.

* NB Effective June 24, 2028

2. Nothing herein contained shall be construed to prevent the authority from bringing any proceedings to remove a cloud on title or such other proceedings as it may, in its discretion, deem proper and necessary or from acquiring any such property by negotiation or purchase.

3. Where a person entitled to an award in the proceedings to condemn any real property for any of the purposes of this title remains in possession of such property after the time of the vesting of title in the condemnor, the reasonable value of his use and occupancy of such

property subsequent to such time as fixed by agreement or by the court in such proceedings or by any court of competent jurisdiction shall be a lien against such award subject only to the liens of record at the time of vesting of title in the condemnor.

4. Subject to the provisions of sections twelve hundred sixty-six and twelve hundred sixty-six-c of this title, title to all property acquired under this act shall vest in the authority or one of its subsidiary corporations, or in the New York city transit authority or one of its subsidiary corporations as the authority directs.

5. The authority may, whenever it determines that it is in the interest of the authority, dispose of any real property or property other than real property, which it determines is not necessary, convenient or desirable for its purposes.

6. The authority may, whenever it shall determine that it is in the interest of the authority, rent, lease, or grant easements or other rights in, any land or property of the authority.

§ 1267-a. Acquisition and disposition of real property by department of transportation. If funds are made available by the authority for the payment of the cost and expense of the acquisition thereof, the commissioner of transportation of the state of New York, when requested by the authority, may acquire such real property in the name of the state as may be determined from time to time by the authority as being necessary, convenient or desirable to effectuate the purposes of this title, may remove the owner or occupant thereof where necessary and obtain possession and, when requested by the authority, may dispose of any real property so acquired, all according to the procedure provided in section thirty of the highway law. The authority shall have the right to possess and use for its corporate purposes all such real property so acquired. Claims for the value of the property appropriated and for legal damages caused by any such appropriation shall be adjusted and determined by such commissioner with the approval of the authority or by the court of claims as provided in section thirty of the highway law.

When a claim has been filed with the court of claims, the claimant shall cause a copy of such claim to be served upon the authority and the authority shall have the right to be represented and heard before such court. All awards and judgments arising from such claims shall be paid out of moneys of the authority. No real property may be acquired pursuant to the provisions of this section for purposes other than a transportation facility unless the governing body of the city, village or town in which such real property is located shall first consent to such acquisition. The provisions of this section shall not be applicable to the acquisition or disposition of real property required for the construction of the two highway bridges crossing Long Island sound referred to in section twelve hundred sixty-six of this chapter. The authority shall be empowered to lease for such other purposes as the authority may determine any part or parts of Republic airport not needed for transportation purposes.

§ 1267-b. Transit facilities for transit construction fund. 1. As used in this section, unless a different meaning clearly appears from the context:

a. "City" shall mean the city of New York.

b. "Transit construction fund act" shall mean title nine-a of article five of this chapter.

c. "Transit construction fund" shall mean the corporation created by section one thousand two hundred twenty-five-c of this chapter.

d. "Transit facility" shall mean such term as defined from time to time in section one thousand two hundred twenty-five-b of this chapter.

2. In addition to the powers provided elsewhere in this title, and to effectuate the purposes of the transit construction fund act, the authority may:

a. Plan, design, construct, acquire, extend, reconstruct, rehabilitate, modernize and otherwise improve transit facilities in accordance with the terms and conditions of any lease or other agreement with the transit construction fund;

b. Occupy the streets of the city of New York, without further consent or payment, in the course of constructing and thereafter owning a transit facility which consists of a rapid transit railroad or portion thereof, provided such construction is carried out in accordance with the terms of a lease or other agreement with the transit construction fund entered into pursuant to the provisions of the transit construction fund act;

c. Make and execute contracts, leases, subleases, and all other instruments or agreements deemed necessary or convenient;

d. Authorize the use by the transit construction fund, either with or without compensation to the authority or any subsidiary of the agents, employees and facilities of the authority or any subsidiary;

e. Undertake planning, design and feasibility studies in accordance with the terms and conditions of any agreement with the transit construction fund or the city; and

f. Do any and all other things deemed necessary or convenient.

3. All of the provisions of this title not inconsistent with the provisions of this section shall be applicable with respect to any bonds or notes of the authority issued to finance any purpose authorized under this section or the transit construction fund act, subject to the following conditions and exceptions:

a. Payment of the principal, redemption premium, if any, and interest on such bonds and notes shall be made only from monies payable to the authority from the transit construction fund under a lease or other agreement entered into pursuant to the provisions of the transit construction fund act, and any security given by the authority for the payment of such principal, redemption premium or interest on such bonds and notes shall be limited to the monies so payable from the transit construction fund. The authority shall not grant any security interest in or otherwise encumber any transit facility leased to the transit construction fund.

b. The provisions of section one thousand two hundred seventy of this chapter, relating to the creation and establishment of and appropriations and payments to certain debt service reserve funds shall be inapplicable; provided that nothing herein contained shall be deemed to prohibit the creation and establishment of one or more reserve funds for debt service as authorized by section one thousand two hundred sixty-nine of this chapter;

c. In addition to the statement required by subdivision eight of section one thousand two hundred sixty-nine of this chapter, such bonds and notes shall contain on the face thereof a statement to the effect that the city shall not be liable thereon and that the same shall not be a debt of the city.

4. Nowithstanding the provisions of any general or special law to the contrary, or of any agreement entered into in pursuance thereof relating to the repayment of any loan or advance made by the state to the authority, the authority shall not be required to repay any such loan or advance from or by reason of the issuance of (i) bonds or notes of the authority issued to finance any purpose authorized under this section or the transit construction fund act, or the proceeds realized upon such issuance, or from (ii) any other funds of the authority derived from the transit construction fund or from any other source whatever to effectuate the purposes of the transit construction fund act.

§ 1268. Co-operation and assistance of other agencies. 1. To avoid duplication of effort and in the interests of economy, the authority may make use of existing studies, surveys, plans, data and other materials in the possession of any state agency or any municipality or political subdivision of the state. Each such agency, municipality or subdivision is hereby authorized to make the same available to the authority and otherwise to assist it in the performance of its functions. At the request of the authority, each such agency, municipality or subdivision which is engaged in highway or other transportation activities or in land use or development planning, or which is charged with the duty of providing or regulating any transportation facility or any other public facility, is further authorized to provide the authority with information regarding its plans and programs affecting the transportation district so that the authority may have available to it current information with respect thereto. The officers and personnel of such agencies, municipalities or subdivisions, and of any other government or agency whatever, may serve at the request of the authority upon such advisory committees as the authority shall determine to create and such officers and personnel may serve upon such committees without forfeiture of office or employment and with no loss or diminution in the compensation, status, rights and privileges which they otherwise enjoy.

2. The authority shall, at the request of any state agency, municipality or political subdivision of the state, engaged in highway or other transportation activities or in land use or development planning, provide said state agency, municipality or political subdivision with all current and relevant information regarding its plans or programs, so as to enable said agency, municipality or subdivision to properly effectuate said activities or planning.

3. To the extent that the provisions of this title authorize the authority to enter into any agreement or arrangement with, or undertake any other activity requiring the participation of, the New York city transit authority or any of its subsidiary corporations in furtherance of their respective purposes and powers or the Triborough bridge and tunnel authority in furtherance of its purposes and powers, such entities are hereby authorized and empowered to enter into and perform such contract or other arrangement and to undertake such activities.

§ 1268-a. Promotion of qualified transportation fringes. The authority shall promote the broad use of qualified transportation fringes, under section 132(f) of the internal revenue code, in order to increase the number of participating companies and employees in such programs. The authority may also study and report on ways in which programs may be improved so as to increase public participation.

§ 1269. Notes, bonds and other obligations of the authority. 1. (a) The authority shall have power and is hereby authorized from time to time to issue its bonds, notes and other obligations in such principal amount as, in the opinion of the authority, shall be necessary, convenient or desirable to effectuate any of its powers and purposes, including to provide sufficient funds for achieving its purposes, including the acquisition, establishment, construction, effectuation, operation, maintenance, renovation, improvement, extension, rehabilitation or repair of any transportation facility, the payment of principal, redemption premium and interest on bonds, notes and other obligations of the authority, establishment of reserves to secure such bonds notes and other obligations, the provision of working capital and all other expenditures of the authority and its subsidiary corporations, and New York city transit authority and its subsidiary corporations incident to and necessary or convenient to carry out their purposes and powers. Such bonds, notes or other obligations may be issued for an individual transportation facility or issued on a consolidated basis for such groups or classes of facilities and projects as the authority in its discretion deems appropriate and be payable from and secured separately or on a consolidated basis by, among other things, all or any portion of such revenues and other monies and assets of the authority and its subsidiary corporations, and New York city transit authority and its subsidiary corporations as the authority determines in accordance with the provisions of section twelve hundred seventy-d of this title;

(b) The authority shall have power, from time to time, to issue renewal notes, to issue bonds to refund, redeem or otherwise pay, including by purchase or tender, notes of the authority and its subsidiary corporations, and New York city transit authority and its subsidiary corporations and whenever it deems refunding, redemption or payment expedient, to refund, redeem or otherwise pay, including by purchase or tender, any bonds of the authority and its subsidiary corporations, New York city transit authority and its subsidiary corporations and Triborough bridge and tunnel authority by the issuance of new bonds, whether the bonds to be refunded, redeemed or otherwise paid have or have not matured, and to issue bonds partly for such purpose and partly for any other purpose and to otherwise refund, redeem, acquire by purchase or tender, or in any other way repay any outstanding notes, bonds or other obligations of the authority, any of its subsidiary corporations, New York city transit authority, any of its subsidiary corporations and Triborough bridge and tunnel authority;

(c) Every issue of its notes, bonds or other obligations shall be general obligations or special obligations. Every issue of general obligations of the authority shall be payable out of any revenues or monies of the authority, subject only to any agreements with the holders of particular notes or bonds pledging any particular receipts or revenues. Every issue of special obligations shall be payable out of any revenues, receipts, monies or other assets of the authority and its subsidiary corporations, the New York city transit authority and its subsidiary corporations and the Triborough bridge and tunnel authority identified for such purposes in accordance with agreements with the holders of particular notes, bonds or other obligations. The authority may issue transportation revenue special obligation bonds, notes or other obligations as provided in section twelve hundred seventy-d of this title;

1-a. Pension obligation bonds. The authority may from time to time issue its bonds and notes in such principal amounts as, in the opinion of the authority, shall be necessary to finance the unfunded pension fund liabilities of the authority, its affiliates and subsidiaries, provided, however, that in no event shall the cumulative amounts of bonds and notes issued pursuant to the authority of this subdivision exceed one billion two hundred million dollars or sixty percent of such unfunded pension fund liabilities, whichever is less, and provided, further, that no bonds shall be issued under this subdivision for a term longer than twenty years. The authority may not issue bonds or notes in any twelve month period in a cumulative principal amount in excess of forty percent of the total amount permitted to be issued under this subdivision. Prior to the issuance of any bonds or notes, the authority shall make a finding that such issue is expected to result, on a present value basis, in a lower effective cost to the authority than funding the unfunded pension fund liability solely through the payment of annual amounts to the pension fund, assuming that the principal component of the unfunded liability will be amortized over the same number of years as the term of the bonds or notes and that the interest payable thereon is the actuarial rate of interest determined by the actuary for the pension fund at the time of the issuance of such bonds or notes. The aggregate principal amount of bonds and notes issued for such purposes may be increased to fund costs of issuance and may reasonably required debt service of other reserve funds. Bonds and notes may be issued to refund or otherwise repay bonds or notes theretofore issued for such purposes; provided, however, that upon any such refunding or repayment (including for purpose of such calculation the principal amount of the refunding bonds or notes then to be issued and excluding the principal amount of the bonds or notes so to be refunded or repaid and also excluding any amounts used to pay costs of issuance and reasonably required debt service or other reserve funds) the present value of the aggregate debt service of the refunding or repayment bonds or notes to be issued shall not exceed the present value of the aggregate debt service of the bonds or notes so to be refunded or repaid. For purposes of the preceding sentence, the present values of the aggregate debt service of the refunding or repayment bonds or notes and of the aggregate debt service of the bonds or notes so to be refunded or repaid shall be calculated by utilizing the effective interest rate of the refunding or repayment bonds or notes, which shall be that rate arrived at by doubling the semi-annual interest rate (compounded semi-annually) necessary to discount the debt service payments on the refunding or repayment bonds or notes from the payment dates thereof to the date of issue of the refunding or repayment bonds or notes and to the price bid including estimated accrued interest or proceeds received by the authority including estimated accrued interest from the sale thereof. Debt service on the bonds or notes shall be structured so that the economic benefits thereof shall be relatively uniform for each full year throughout the term of the bonds or notes. Beginning with the date of first issuance of bonds under this section, the authority and its subsidiaries shall make annual payments into the pension fund in amounts at least equal to the current pension contribution liability applicable to such year. The net proceeds of the bonds or notes intended to be invested in non-debt securities may be invested by the recipient pension fund in a fiscally prudent manner in securities consistent with any trust indentures and all applicable state and federal law over a reasonable period of time not less than 30 days following the issuance of the bonds or notes. The operating budget savings associated with the issuance of pension obligation bonds during the period from April first, two thousand five, through March thirty-first, two thousand ten, pursuant to this subdivision shall be dedicated to reducing service eliminations projected to occur within that period.

2. The notes, bonds and other obligations shall be authorized by resolution approved by not less than a majority vote of the whole number of members of the authority then in office, except that in the event of a tie vote the chairman shall cast one additional vote. Such notes, bonds and other obligations shall bear such date or dates, and shall mature at such time or times, in the case of any such note or any renewals thereof not exceeding five years from the date of issue of such original note, and in the case of any such bond not exceeding fifty years from the date of issue, as such resolution or resolutions may provide. The notes, bonds and other obligations shall bear interest at such rate or rates, be in such denominations, be in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in such medium of payment, at such place or places and be subject to such terms of redemption as such resolution or resolutions may provide. The notes, bonds and other obligations of the authority may be sold by the authority, at public or private sale, at such price or prices as the authority shall determine. No notes or bonds of the authority may be sold by the authority at private sale, however, unless such sale and the terms thereof have been approved in writing by (a) the comptroller, where such sale is not to the comptroller, or (b) the director of the budget, where such sale is to the comptroller.

3. Any resolution or resolutions authorizing any notes, bonds or any issue thereof, or any other obligations of the authority, may contain provisions, which shall be a part of the contract with the holders thereof, as to:

(a) pledging all or any part of the revenues of the authority or of any of its subsidiary corporations or New York city transit authority or any of its subsidiary corporations or Triborough bridge and tunnel authority to secure the payment of the notes or bonds or of any issue thereof, or any other obligations of the authority, subject to such applicable agreements with bondholders, noteholders, or holders of other obligations of the authority, the New York city transit authority and its subsidiary corporations, and Triborough bridge and tunnel authority as may then exist;

(b) pledging all or any part of the assets of the authority or of any of its subsidiary corporations or New York city transit authority or any of its subsidiary corporations or Triborough bridge and tunnel authority to secure the payment of the notes or bonds or of any issue of notes or bonds, or any other obligations of the authority, subject to such agreements with noteholders, bondholders, or holders of other obligations of the authority, the New York city transit authority and its subsidiary corporations, and Triborough bridge and tunnel authority as may then exist;

(c) the use and disposition of revenues, including fares, tolls, rentals, rates, charges and other fees, made or received by the authority, any of its subsidiary corporations, New York city transit authority or any of its subsidiary corporations, or Triborough bridge and tunnel authority;

(d) the setting aside of reserves or sinking funds and the regulation and disposition thereof;

(e) limitations on the purpose to which the proceeds of sale of notes, bonds or other obligations of the authority may be applied and pledging such proceeds to secure the payment of the notes or bonds or of any issue thereof or of other obligations;

(f) limitations on the issuance of additional notes, bonds or other obligations of the authority; the terms upon which additional notes, bonds or other obligations of the authority may be issued and secured; the refunding of outstanding or other notes, bonds or other obligations of the authority;

(g) the procedure, if any, by which the terms of any contract with noteholders, bondholders, or holders of other obligations of the authority, may be amended or abrogated, the amount of notes, bonds or other obligations of the authority the holders of which must consent thereto, and the manner in which such consent may be given;

(h) limitations on the amount of monies to be expended by the authority or any of its subsidiary corporations or New York city transit authority or any of its subsidiary corporations or Triborough bridge and tunnel authority for operating, administrative or other expenses of the authority or any of its subsidiary corporations or New York city transit authority or any of its subsidiary corporations or Triborough bridge and tunnel authority;

(i) vesting in a trustee or trustees such property, rights, powers and duties in trust as the authority may determine, which may include any or all of the rights, powers and duties of the trustee appointed by the bondholders, noteholders or holders of other obligations of the authority pursuant to this title, and limiting or abrogating the right of the bondholders, noteholders or holders of other obligations of the authority to appoint a trustee under this article or limiting the rights, powers and duties of such trustee;

(j) any other matters, of like or different character, which in any way affect the security or protection of the notes, bonds or other obligations of the authority.

4. In addition to the powers herein conferred upon the authority to secure its notes, bonds and other obligations, the authority shall have power in connection with the issuance of notes, bonds and other obligations to enter into such agreements as the authority may deem necessary, convenient or desirable concerning the use or disposition of the monies or property of any of the authority, its subsidiary corporations, New York city transit authority, or any of its subsidiary corporations, or Triborough bridge and tunnel authority, including the mortgaging of any such property and the entrusting, pledging or creation of any other security interest in any such monies or property and the doing of any act (including refraining from doing any act) which the authority would have the right to do in the absence of such agreements. The authority shall have power to enter into amendments of any such agreements within the powers granted to the authority by this title and to perform such agreements. The provisions of any such agreements may be made a part of the contract with the holders of the notes, bonds and

other obligations of the authority.

5. It is the intention hereof that any pledge, mortgage or security instrument made by the authority shall be valid and binding from the time when the pledge, mortgage or security instrument is made; that the monies or property so pledged, mortgaged and entrusted and thereafter received by the authority, or any of its subsidiary corporations shall immediately be subject to the lien of such pledge, mortgage or security instrument without any physical delivery thereof or further act; and that the lien of any such pledge, mortgage or security instrument shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the authority, or any of its subsidiary corporations, irrespective of whether such parties have notice thereof. Neither the resolution nor any mortgage, security instrument or other instrument by which a pledge, mortgage lien or other security is created need be recorded or filed and neither the authority nor, any of its subsidiary corporations shall be required to comply with any of the provisions of the uniform commercial code.

6. Neither the members of the authority, the New York city transit authority or the Triborough bridge and tunnel authority nor any person executing the notes, bonds or other obligations shall be liable personally on the notes, bonds or other obligations or be subject to any personal liability or accountability by reason of the issuance thereof.

7. The authority, subject to such agreements with the holders of notes, bonds or other obligations as may then exist, shall have power out of any funds available therefor to purchase notes, bonds or other obligations of the authority. The authority may hold, cancel or sell such bonds, notes and other obligations, subject to and in accordance with agreements with such holders.

8. Neither the state nor the city of New York shall be liable on notes, bonds or other obligations of the authority and such notes, bonds and other obligations shall not be a debt of the state or the city of New York, and such notes, bonds and other obligations shall contain on the face thereof, or in an equally prominent place, a statement to such

effect.

9. So long as the authority has outstanding any bonds, notes or other obligations issued pursuant to this section or any bonds, notes or other obligations issued or incurred pursuant to section twelve hundred sixty-six-c of this title, none of the authority or any of its subsidiary corporations, New York city transit authority or any of its subsidiary corporations, or Triborough bridge and tunnel authority shall have the authority to file a voluntary petition under chapter nine of the federal bankruptcy code or such corresponding chapter, chapters or sections as may, from time to time, be in effect, and neither any public officer nor any organization, entity or other person shall authorize the authority or any of its subsidiary corporations, New York city transit authority or any of its subsidiary corporations, or Triborough bridge and tunnel authority to be or become a debtor under chapter nine or said corresponding chapter, chapters or sections during any such period.

10. The term "monies" as used in this section shall include, but not be limited to, all operating subsidies provided by (i) any public benefit corporation, including without limitation transfers of operating surplus by Triborough bridge and tunnel authority pursuant to section twelve hundred nineteen-a of this article, or (ii) any governmental entity, federal, state or local.

11. Any resolution or agreement authorizing the issuance of bonds, notes or other obligations pursuant to this section may, in addition, authorize and provide for the issuance of lease obligations of the authority which may be issued for the purposes and on the terms and conditions under which the bonds, notes and other obligations authorized under this section may be issued, and may be secured in the same manner as such bonds, notes and other obligations, and which resolution with respect to such lease obligations, may contain such other provisions applicable to bonds, notes and other obligations not inconsistent with the provisions of this section, as the authority may determine.

12. The aggregate principal amount of bonds, notes or other obligations issued after the first day of January, nineteen hundred

ninety-three by the authority, the Triborough bridge and tunnel authority and the New York city transit authority to fund projects contained in capital program plans approved pursuant to section twelve hundred sixty-nine-b of this title for the period nineteen hundred ninety-two through two thousand twenty-nine shall not exceed one hundred fifteen billion five hundred million dollars. Such aggregate principal amount of bonds, notes or other obligations or the expenditure thereof shall not be subject to any limitation contained in any other provision of law on the principal amount of bonds, notes or other obligations or the expenditure thereof applicable to the authority, the Triborough bridge and tunnel authority or the New York city transit authority. The aggregate limitation established by this subdivision shall not include (i) obligations issued to refund, redeem or otherwise repay, including by purchase or tender, obligations theretofore issued either by the issuer of such refunding obligations or by the authority, the New York city transit authority or the Triborough bridge and tunnel authority, (ii) obligations issued to fund any debt service or other reserve funds for such obligations, (iii) obligations issued or incurred to fund the costs of issuance, the payment of amounts required under bond and note facilities, federal or other governmental loans, security or credit arrangements or other agreements related thereto and the payment of other financing, original issue premiums and related costs associated with such obligations, (iv) an amount equal to any original issue discount from the principal amount of such obligations or to fund capitalized interest, (v) obligations incurred pursuant to section twelve hundred seven-m of this article, (vi) obligations incurred to fund the acquisition of certain buses for the New York city transit authority as identified in a capital program plan approved pursuant to chapter fifty-three of the laws of nineteen hundred ninety-two, (vii) obligations incurred in connection with the leasing, selling or transferring of equipment, and (viii) bond anticipation notes or other obligations payable solely from the proceeds of other bonds, notes or other obligations which would be included in the aggregate principal amount specified in the first sentence of this subdivision, whether or not additionally secured by revenues of the authority, or any of its subsidiary corporations, New York city transit authority, or any of its subsidiary corporations, or Triborough bridge and tunnel authority.

§ 1269-a. Metropolitan transportation authority capital program review board. 1. The metropolitan transportation authority capital program review board is hereby created to exercise the powers, duties and prerogatives as hereinafter provided in sections twelve hundred sixty-nine-b and twelve hundred sixty-nine-c of this title.

2. The voting membership of the board shall consist of four persons appointed by the governor of which one shall be upon the recommendation of the temporary president of the senate, one upon the recommendation of the speaker of the assembly and one upon the recommendation of the mayor of the city of New York. The member appointed upon the recommendation of the mayor of the city of New York shall participate and be entitled to vote only with respect to bond resolutions and the capital program plans and any amendments or modifications thereof for transit facilities operated by the New York city transit authority, its subsidiaries and the Staten Island rapid transit operating authority. Upon recommendation of the nominating party, the governor may replace any member in accordance with the provision contained herein for the appointment of members. The governor shall designate one of the members to serve as chairman. Any determination of the board shall be evidenced by a certification thereof executed by all the members entitled to vote on the matter so certified. Each member of the board shall be entitled to designate a representative to attend meetings of the board in his place and to vote or otherwise act on his behalf in his absence. Notice of such designation shall be furnished in writing to the board by the designating member. A representative shall serve at the pleasure of the designating member during the member's term of office. A representative shall not be authorized to delegate any of his duties or functions to any other person.

3. The governor shall also appoint two non-voting members to the metropolitan transportation authority capital program review board of which one shall be upon the recommendation of the minority leader of the senate and one upon the recommendation of the minority leader of the assembly. Each non-voting member shall be entitled to designate a

representative to attend meetings of the board in his place.

4. The members of the metropolitan transportation authority capital program review board, and their representatives shall be deemed employees within the meaning of such term as provided for in section seventeen of the public officers law.

§ 1269-b. Capital program plans; approvals; effect of disapproval. 1. (a) On or before October first, nineteen hundred eighty-one, and on or before October first of every fifth year thereafter, through and including October first, nineteen hundred ninety-one, the authority shall submit to the metropolitan transportation authority capital program review board two capital program plans for the five year period commencing January first of the following year;

(b) not later than ten days after the effective date of this paragraph the authority shall submit to the metropolitan transportation authority capital program review board two capital program plans for the five-year period commencing January first, nineteen hundred ninety-five; and

(c) on or before October first, nineteen hundred ninety-nine and every fifth year thereafter, the authority shall submit to the metropolitan transportation authority capital program review board two capital program plans for the five-year period commencing January first of the following year.

For each of the periods described above, one such plan shall contain the capital program for the transit facilities operated by the New York city transit authority and its subsidiaries and for the Staten Island rapid transit operating authority; the other such plan shall contain the capital program for the railroad facilities, not including the Staten Island rapid transit operating authority, under the jurisdiction of the authority.

Each plan shall set system-wide goals and objectives for capital spending, establish standards for service and operations, and describe each capital element proposed to be initiated in each of the years covered by the plan and explain how each proposed element supports the achievement of the service and operational standards established in the plan. Each plan shall also set forth an estimate of the amount of capital funding required each year and the expected sources of such funding. Each plan subsequent to the first such plan and each proposed amendment or modification thereof shall also describe the current status of each capital element included in the previously approved plan, if any. Each plan shall be accompanied or supplemented by such supporting materials as the metropolitan transportation authority capital program review board shall require.

A capital element shall mean either a category of expenditure itemized in a plan, as hereinafter provided, for which a specified maximum dollar amount is proposed to be expended, or a particularly described capital project within one or more categories for which no maximum expenditure is proposed, but for which an estimate of expected cost is provided. A capital element shall be deemed to have been initiated for purposes of this section if in connection with such element the authority shall certify that (i) purchase or construction contracts have been entered into, obligating in the aggregate an amount exceeding ten percent of the maximum or estimated cost of the element as set forth in a plan, (ii) financing specific to the project has been undertaken, or (iii) in a case where such element is limited to design or engineering, a contract therefor has been entered into.

2. Each plan shall itemize the capital elements included in each section of the plan under the following categories of expenditure: (a) rolling stock and buses; (b) passenger stations; (c) track; (d) line equipment; (e) line structures; (f) signals and communications; (g) power equipment, emergency power equipment and substations; (h) shops, yards, maintenance facilities, depots and terminals; (i) service vehicles; (j) security systems; (k) electrification extensions; and (l) unspecified, miscellaneous and emergency.

2-a. (a) A copy of any proposed capital program plan that has been distributed to one or more committees of the authority shall be simultaneously provided, for informational purposes, to the members of the metropolitan transportation authority capital program review board.

Provision of such a proposed capital program plan to the capital program review board pursuant to this provision for informational purposes shall not constitute the submission of a capital program plan for capital program review board approval.

(b) A copy of any proposed capital program plan that has been distributed to one or more committees of the authority shall be simultaneously provided to the public by the metropolitan transportation authority, via its official or shared internet website.

(c) The authority shall publish data pertaining to capital programs of the authority and any amendments to such programs as required by this section on the authority's website in a common, machine readable format, as defined by executive order number ninety-five of two thousand thirteen, "Using Technology to Promote Transparency, Improve Government Performance and Enhance Citizen Engagement" or any successor order. Such data shall include, but not be limited to:

(i) all data required by paragraph (c) of subdivision one of this section, including estimates of capital budget required by element for an approved capital program and expected sources of such funding for the entire capital program; and

(ii) all data required by subdivision two of this section, including proposed annual commitments for individual capital elements required.

(d) At a minimum, individual capital project data for projects that are committed for construction shall be included in a capital program dashboard maintained by the authority on its website. Any summary views provided on the website shall include the original budgets at the time of project commitment when scope and budget are defined, project scopes, and schedules, in addition to current or amended budgets, project scopes, and schedules. Data pertaining to individual projects shall include, but not be limited to:

(i) the capital project identification number delineated by agency, category, element and project as used in the capital program;

(ii) the capital plan years;

(iii) the agency or authority undertaking the project;

(iv) a project description;

(v) the project location where appropriate;

(vi) the capital needs code of the project, such as state of good repair, normal replacement, system improvement, system expansion or other category;

(vii) budget information including the original budget at the time of project commitment when scope and budget are defined, all amendments, the current budget and planned annual allocations; and

(viii) a schedule for project delivery including original, amended and current start and completion dates as projects develop at each phase.

The status of projects shall be provided and state the current phase of the project, such as planning, design, construction or completion, and shall state how far the project has progressed as measured in percentage by expenditure. The dashboard shall measure progress based on original budgets at the time of project commitment when scope and budget are defined. At a minimum, all changes to planned budgets of greater than ten percent, significant project scope or a three month or more change in schedule shall be provided in narrative form and describe the reason for each change or amendment. The dashboard shall include a glossary or data dictionary which contains plain language descriptions of the data, including individual project data, and any other information provided on the dashboard. The authority shall provide a definition of resiliency in the glossary or data dictionary. The dashboard shall be updated, at a minimum, on a quarterly basis, and all data fields available on the dashboard shall be made available for download on the authority's website in a single tabular data file in a common, machine readable format. Capital dashboard data shall also be made available on the data.ny.gov website or such other successor website maintained by, or on behalf of, the state, as deemed appropriate by the New York state office of information technology services under executive order number ninety-five of two thousand thirteen, or any successor agency or order.

(e) The data required to be published pursuant to this subdivision shall be made in a single tabular data file in a common, machine readable format and shall be accessible on the authority's website and the website data.ny.gov or such other successor website maintained by, or on behalf of, the state, as deemed appropriate by the New York state office of information technology services under executive order number ninety-five of two thousand thirteen, or any successor agency or order.

(f) The authority shall create and maintain a separate section on its capital program dashboard website for projects related to accessibility or resiliency. Information on this website shall be updated quarterly. For the purposes of this subdivision, "accessibility" shall mean projects regarding elevators, escalators, or other projects related to compliance with the federal Americans with Disabilities Act of 1990, as amended, and corresponding guidelines, and "resiliency" shall have the same meaning as defined by the authority in its twenty-year needs assessment as required by subdivision c of section twelve hundred sixty-nine-c of this title.

3. A plan may only be approved in two ways: (i) a plan shall only be approved by the board by a unanimous vote of the members entitled to vote thereon and within ninety days or by September fifteenth, nineteen hundred ninety-six in the case of a plan submitted during the period described in paragraph (b) of subdivision one of this section, of the submission of a plan the metropolitan transportation authority capital program review board may notify the authority of its approval of the same; or (ii) if the plan is not approved by the board within such ninety day period or by September fifteenth, nineteen hundred ninety-six, as the case may be, and no individual member of the board who is entitled to vote thereon has notified the authority in writing of his or her disapproval with a written explanation of such disapproval including specific aspects of the plan that are of concern and what steps could be taken to address such concerns within such period, the plan shall be deemed to have been approved. Upon the receipt of a written disapproval, the authority shall be provided an opportunity to respond in writing within ten days of the receipt of such disapproval. Upon the receipt of such response, the disapproving member shall have ten days to reconsider and withdraw such written disapproval.

If the plan is not approved, the authority may thereafter reformulate and resubmit such plan at any time. Within thirty days of the submission of such reformulated plan the board may notify the authority of its approval of the same by the unanimous vote of the members entitled to vote thereon, or, if the reformulated plan is not approved and no individual member of the board who is entitled to vote on such reformulated plan has notified the authority in writing of his or her disapproval within such period, the reformulated plan shall be deemed to have been approved.

4. No general obligation bonds or notes of the authority, no special obligation bonds or notes of the authority to finance a transit project, as such term is defined in section twelve hundred sixty-six-c of this title, and no bonds or notes of the Triborough bridge and tunnel authority to finance a project pursuant to the authorization contained in paragraph (r) of subdivision nine of section five hundred fifty-three of this chapter shall be issued to finance the costs of a capital element unless such capital element and such source of funding was set forth in a plan submitted to and approved by the metropolitan transportation authority capital program review board.

5. The disapproval of a plan by the metropolitan transportation authority capital program review board shall not affect: (a) the right of the authority, of the Triborough bridge and tunnel authority, or of the New York city transit authority, or of the subsidiaries of any of them to initiate and complete any capital element which will be financed otherwise than through the issuance of the bonds or notes the issuance of which is prohibited under subdivision four of this section; (b) the right of the authority or the Triborough bridge and tunnel authority to issue bonds or notes to finance a capital element which was initiated prior to such disapproval in conformity with a previously approved plan; (c) the right of the New York city transit authority to issue its bonds, notes, lease, sublease or other contractual obligations in payment for a transit project initiated prior to such disapproval in conformity with a previously approved plan; (d) the right of the authority or of the Triborough bridge and tunnel authority to issue bonds or notes to refund or otherwise repay any of its outstanding bonds or notes or to fulfill any of their obligations to the holders of any of their outstanding bonds or notes; or (e) the right of the New York city transit authority to issue its bonds, notes, lease, sublease or other contractual obligations to refund or otherwise repay any of its outstanding bonds or notes or to fulfill any of its obligations to the holders of any of its outstanding bonds or notes.

6. Notwithstanding the provisions of subdivision four of this section, if a source of funding described in an approved plan shall be unavailable or be available in a lesser amount than that set forth in such plan, the authority and the Triborough bridge and tunnel authority may issue bonds or notes as necessary to provide the requisite funding for the capital elements included in the plan to the extent that the aggregate amount of such bonds or notes to be issued in substitution for such unavailable amounts shall not exceed the greater of fifty million dollars or twenty percent of the total amount described in such plan for either the substitute funding source or the funding source being substituted for, subject to the limitations set forth in subdivision eleven of section five hundred fifty-three-e of this chapter and paragraph (a) of subdivision four of section twelve hundred seven-m of this article.

7. (a) The authority may from time to time submit to the metropolitan transportation authority capital program review board amendments or modifications to any five-year plan theretofore submitted, and shall submit such an amendment or modification (i) if the estimated cost of any capital element for which a specified dollar amount was proposed to be expended exceeds the amount set forth in the approved plan for such element by more than ten percent, (ii) if with respect to a particularly described capital element for which only an estimate of projected cost has been provided in the plan there is a material change in the description of such element from that contained in the approved plan, (iii) if a capital element not previously included in the approved plan is proposed to be undertaken and its cost, together with the cost of other elements included in category (l) of the plan, exceeds by ten percent the amount provided for such category (l) elements, (iv) if the authority shall propose to change by more than one year the time when any capital element is proposed to be initiated or the effect of such change will be to increase the estimated amount of capital funding required in any year covered by the plan by more than twenty percent, or (v) if the availability of funding sources changes to the degree to which the authority or the Triborough bridge and tunnel authority are precluded from exercising the authorization provided in subdivision six of this section and the authority wishes to do so.

(b) An amendment or modification may only be approved in two ways: (i) an amendment or modification shall only be approved by the board by a unanimous vote of the members entitled to vote thereon and within thirty days of the submission of an amendment or modification the metropolitan transportation authority capital program review board may notify the authority of its approval of the same; or (ii) if the amendment or modification is not approved by the board within such thirty day period and no individual member of the board who is entitled to vote thereon, has notified the authority in writing of his disapproval within such period, the amendment or modification shall be deemed to have been approved.

8. In formulating its capital program plans, the authority shall give consideration to the physical condition and urgency of need of each of the several transportation and transit systems involved, to the needs of all of the communities and areas serviced by these systems, to the extent to which other capital aid or assistance may be available to each of these systems, and to the safety, comfort and convenience of its passengers. In determining the source or method of funding which the authority is to use to finance the cost of the capital elements included in its capital program plans, the authority shall, insofar as practicable, give consideration, among other things, to (i) the potential impact of each such source or method upon the level of passenger fares, (ii) the relative cost of the several funding alternatives, and (iii) the relative ability of each source or method to provide funding at times and in amounts estimated to be required by the capital program plan. To the extent funding is proposed to be obtained through the issuance and sale of bonds or notes, the authority shall, insofar as practicable and consistent with the matters set forth in (i), (ii) and (iii) above, give preference to the use of funds appropriated or to be appropriated to the authority by virtue of service contracts with the director of the budget entered into pursuant to the provisions of the transportation systems assistance and financing act of 1981 for purposes of paying the annual cost of debt service for such bonds or notes.

9. Prior to the adoption by the authority or the New York city transit

authority of its general resolution pursuant to which it is to issue any general or special obligation bonds or notes, not including any series resolution or resolutions, the authority shall submit a copy of such resolution to the metropolitan transportation authority capital program review board. Within fifteen days of such submission, the board may notify the authority of its unanimous approval of the same by the members entitled to vote thereon, or if the resolution is not approved and no individual member of the board who is entitled to vote on such resolution has notified the authority in writing of his disapproval, the resolution shall be deemed to have been approved. Neither the board nor any member thereof shall disapprove a proposed resolution by reason of any covenant requiring the authority, the New York city transit authority or their subsidiaries to charge and fix fares, fees and rentals sufficient to pay its operating expenses and the debt service, including the funding of requisite reserves, on the bonds and notes authorized by such resolution. If the board or any member thereof entitled to vote thereon shall disapprove a proposed resolution, the authority may, at any time, resubmit a reformulated resolution. Within ten days of the submission of such reformulated resolution the board may notify the authority of its unanimous approval of the same by the members entitled to vote thereon, or, if the reformulated resolution is not approved and no individual member of the board who is entitled to vote thereon has notified the authority in writing of his disapproval within such period, the reformulated resolution shall have been deemed to have been approved. Any individual member of the board who votes against a resolution or a reformulated resolution or who notifies the authority of his disapproval shall state his reasons therefor. The member appointed on the recommendation of the mayor of the city of New York shall not participate in the action of the board with respect to any bond resolution of the authority pursuant to which its general obligation bonds or notes may be issued. Neither the authority nor the New York city transit authority shall adopt a bond resolution disapproved by the board as herein provided.

10. In formulating its capital program plans, the authority shall develop criteria to determine how to best prioritize subway stations for accessibility improvements. Such criteria shall include, but not be

limited to: citywide geographic coverage; transit transfer options; annual ridership volume; census tract data for senior and disabled populations and percentage of those populations in poverty; residential density of surrounding neighborhoods; and proximity to medical centers, schools, parks, business districts, cultural hubs and senior centers. Such criteria shall be made publicly available.

11. In formulating their capital program plans, the authority and its affiliates and subsidiaries shall consider bicycle and pedestrian accessibility.

§ 1269-c. Metropolitan transportation authority capital program review board; additional powers and duties. a. The metropolitan transportation authority capital program review board, consisting of voting and non-voting members shall (1) monitor the progress of the capital elements described in each plan approved as provided in section twelve hundred sixty-nine-b of this title; (2) monitor the expenditures incurred and to be incurred for each such element; (3) identify capital elements not progressing on schedule; (4) ascertain responsibility therefor; and (5) recommend those actions required or appropriate to accelerate their implementation. The authority shall consult with the board upon its request and provide it with access to the records of the authority relating to such capital elements.

b. The authority shall submit to the review board within sixty days after the end of each calendar year (1) the actual commitments for the capital plan for the previous calendar year compared to planned commitments by capital element; (2) expenditures by funding source for each capital element in the previous calendar year; and (3) the proposed funding of capital elements in a plan for the current calendar year by funding source. Such submission shall be certified by the chairman of the authority and shall be entered into the permanent record of the minutes of the review board.

c. On or before October first, two thousand twenty-three, and on or before October first of every fifth year thereafter, the authority shall submit to the metropolitan transportation authority capital program review board a twenty-year capital needs assessment. Such assessment shall begin with the period commencing January first, two thousand twenty-five, and begin each assessment with every fifth year thereafter, and describe capital investments over the succeeding twenty years. Such assessment shall: (1) set forth broad long-term capital investments to be made throughout the district; and (2) establish a non-binding basis to be used by the authority in the planning of strategic investments involving capital elements in its five-year capital plans. Such assessment shall not require a vote of the metropolitan transportation authority capital program review board and shall be for informational purposes only. For purposes of this section, "broad long-term capital investments" shall include but not be limited to: system rebuilding, enhancement, and expansion needs; agency needs broken down by capital element or investment category; and projected future trends and network implications. Such assessment shall be certified by the chairman of the authority and shall be entered into the permanent record of the minutes of the review board.

§ 1269-d. Submission of strategic operation plan. 1. On or before July first nineteen hundred eighty-seven, the authority shall submit to the governor a strategic operation plan for the five year period commencing January first of the following year. One component of the plan shall be for the bus and subway services of the New York city transit authority and its subsidiaries and for the Staten Island rapid transit operating authority; the other component shall be for the commuter railroad services, not including the Staten Island rapid transit operating authority, under the jurisdiction of the authority. The plan may be amended as required but shall be updated at least annually. The plan shall include, but need not be limited to, the following:

a. Long-range goals and objectives for the operation of services and facilities;

b. Planned service and performance standards for each year of the period covered by the plan; including, in such plan submitted after July first, nineteen hundred eighty-eight, (a) standards for determining frequency of service at peak hours and off-peak hours, (b) frequency of service at peak and off-peak hours based on the application of such standards to the current period for each subway line, bus route or group of bus routes, and commuter rail lines, divisions or branches as appropriate, (c) projected performance for each subway line, bus route or group of bus routes, and commuter rail lines, divisions or branches as appropriate as measured by reliability indicators commonly utilized within the transit industry, including such measures as mean distance between failures for subway cars, planned number of vehicles with air conditioning and projected reliability of such equipment, planned standards for cleanliness of the interior and exterior of subway cars, commuter rail cars, buses, and passenger stations, and other appropriate measures of planned performance influencing the quality of services;

c. Level and structure of fares projected for each year of the period covered by the plan;

d. Estimated operating and capital resources anticipated to be available from internal sources as well as from federal, state, regional and local sources;

e. Estimated operating and capital costs to satisfy planned standards of performance and service;

f. Strategies to improve productivity; control cost growth; integrate and coordinate the delivery of services provided by the authority as well as other public and private transportation providers in the service area;

g. Specific allocation of operating and capital resources by mode and operation, including funds, personnel, and equipment;

h. Configuration by mode, operation and route of the services to be provided and the facilities to be operated, identifying major planned changes in services and routes; and

i. Identification of the operating and capital costs as compared to the revenues anticipated from system users for the metropolitan transportation authority and its subsidiaries and the New York city transit authority and its subsidiary.

j. An analysis of the relationship between specific planned capital elements contained in approved capital program plans and the achievement of planned service and performance standards. Such analysis shall include the relationship of specific planned capital elements to the achievement of such service and performance standards for each subway line, bus route or group of bus routes, or commuter rail lines, divisions or branches as appropriate.

2. Each annual update of the plan shall include a status report summarizing the extent to which planned service and performance standards developed for the previous year were achieved, the causes of any failure to achieve projected standards of service, and corrective measures the authority intends to take to avoid non-achievement of projected standards in the next upcoming year.

3. The metropolitan transportation authority shall take into consideration any petitions from local officials for improved services, including how these service improvements relate to the service and performance standards described above, and shall consult with appropriate local officials in its preparation and periodic updates to the operation plan.

§ 1269-e. Financial and operational reports. The authority shall submit to the governor, the temporary president of the senate and the speaker of the assembly, no later than thirty days following the submission of the annual independent audit report pursuant to section twenty-eight hundred two of this chapter, a complete detailed report or reports setting forth, to the extent such matters are not fully addressed in the annual independent audit report, the following:

1. its financial reports, including:

a. audited financials in accordance with all applicable regulations and following generally accepted accounting principles as defined in subdivision ten of section two of the state finance law;

b. grant and subsidy programs;

c. operating and financial risks;

d. current ratings of its bonds issued by recognized municipal bond rating agencies and notice changes in such ratings; and

e. long-term liabilities, including leases and employee benefit plans; and

2. an assessment of the effectiveness of its internal control structure and procedures, including:

a. descriptions of the authority and its major units and subsidiaries;

b. the number of employees, and minority and women employees, for each;

c. an organizational chart;

d. its charter, if any and by-laws;

e. the extent of participation by minority and women owned enterprises in authority contracts and services in accordance with article fifteen-A of the executive law; and

f. a listing of material changes in internal operations and programs during the reporting year.

§ 1269-f. Mission statement and measurement report. 1. The authority shall submit to the governor, the temporary president of the senate and the speaker of the assembly, on or before October thirty-first, two thousand nine, a proposed authority mission statement and proposed measurements. The proposed mission statement and proposed measurements shall have the following components: a brief mission statement expressing the purpose and goals of the authority; a description of the stakeholders of the authority and their reasonable expectations from the authority, which stakeholders shall include at a minimum: the residents and taxpayers of the area of the state served by the authority, the persons that use the services provided by the authority, and the employees of the authority and any employee organization; the goals of the authority in response to the needs of each group of stakeholders; and a list of measures by which performance of the authority and the achievement of its goals may be evaluated.

2. The authority shall thereafter reexamine its mission statement and measurements on an annual basis, and publish on its website self evaluations based on the stated measures.

§ 1269-g. Requirements for certain authority contracts and related subcontracts. 1. Any contractor or subcontractor subject to the posting requirements of paragraph a of subdivision three-a of section two hundred twenty of the labor law with respect to a public works contract of the authority shall:

(a) post information conforming to the provisions of subdivision two of this section in one or more conspicuous places at each major workplace site where persons who perform work on the contract or subcontract, including management, are most likely to see such postings; provided that, this requirement may be satisfied by the displaying of such information with other notices that inform persons of rights under federal or state laws or rules, human resource policies, or collective bargaining agreements;

(b) post information conforming to the provisions of subdivision two of this section on an internet and intranet website, if any, of that person or business organization; provided that, this requirement may be satisfied by providing on such website a conspicuous hyperlink to the authority website maintained pursuant to subdivision three of this section, which hyperlink shall be labeled "Protections for Reporting Fraud in New York";

(c) distribute information specified in subdivision two of this section to those persons, including employees and managers, who perform work on the contract; provided that, this requirement may be satisfied by distributing such information in an employee handbook or through a specific electronic communication containing the information to a known electronic mail address maintained by the person; and

(d) comply with the provisions of this subdivision, and provide to the authority satisfactory evidence of such compliance, within ninety days.

2. The disclosures required by subdivision one of this section shall:

(a) provide the telephone numbers and addresses to report information of fraud or other illegal activity to the appropriate officers of the inspector general of the authority and the attorney-general of the state;

(b) describe in detail conduct prohibited by section one hundred eighty-nine of the state finance law, and the role of that act in preventing and detecting fraud and abuse in work paid for by the authority or with funds originating from the authority;

(c) notify prospective qui tam plaintiffs on how to file a qui tam action, including the necessity to contact private counsel skilled in filing such actions and of the potential for cash rewards in such actions based on the percentage of the funds recovered by the government; and

(d) describe prohibitions on employer retaliation against persons who file or assist actions under article thirteen of the state finance law (the New York false claims act) pursuant to section one hundred ninety-one of the state finance law, or who report illegal conduct that threatens the health or safety of the public pursuant to section seven hundred forty of the labor law.

3. No later than forty-five days after the effective date of this section, the authority shall establish and continuously maintain on its public website and its intranet site a page that shall provide the information specified in subdivision two of this section, and that shall also provide sample statements, displays and other materials suitable

for insertion in employee handbooks or posting at workplaces or on websites that would satisfy the disclosure requirements of this section.

4. On and after the effective date of this section, the authority shall not enter into any contract described in subdivision one of this section that does not incorporate the terms of this section.

5. Material compliance by a covered person or business organization that has contracted with the authority under a contract that incorporates the terms of this section shall be a material condition of payment for the provision of goods or services.

6. The authority is authorized to adopt such rules and regulations as are necessary to effect the purposes of this section.

§ 1270. Reserve funds and appropriations. The authority may create and establish one or more reserve funds in accordance with agreements with bondholders, noteholders or the holders of other obligations of the authority and may pay into such reserve funds (a) any monies appropriated and made available by the state for the purposes of such funds, (b) any proceeds of sale of notes, bonds or other obligations to the extent provided in the resolution of the authority authorizing the issuance thereof, and (c) any other monies which may be made available to the authority for the purpose of such funds from any other source or sources. In lieu thereof, the authority may provide for the deposit therein of, or substitute for moneys on deposit therein, a liquidity or credit facility, surety bond or other similar agreement.

§ 1270-a. Metropolitan transportation authority special assistance fund. 1. The authority shall create and establish a fund to be known as the "metropolitan transportation authority special assistance fund" which shall be kept separate from and shall not be commingled with any other moneys of the authority. The special assistance fund shall consist of three separate accounts: (i) the "transit account", (ii) the "commuter railroad account" and (iii) the "corporate transportation account".

The authority shall make deposits in the transit account and the commuter railroad account of the moneys received by it pursuant to the provisions of subdivision one of section two hundred sixty-one of the tax law in accordance with the provisions thereof, and shall make deposits in the corporate transportation account of the moneys received by it pursuant to the provisions of subdivision two of section two hundred sixty-one of the tax law and section ninety-two-ff of the state finance law. The comptroller shall deposit, without appropriation, into the corporate transportation account the revenue fees, taxes, interest and penalties collected in accordance with paragraph (b-1) of subdivision two of section five hundred three of the vehicle and traffic law, paragraph (c-3) of subdivision two of section five hundred three of the vehicle and traffic law, article seventeen-C of the vehicle and traffic law, article twenty-nine-A of the tax law and section eleven hundred sixty-six-a of the tax law.

2. Moneys in the transit account may be pledged to the Triborough bridge and tunnel authority to secure bonds and notes and, if so pledged, shall be paid to the Triborough bridge and tunnel authority in such amounts and at such times as necessary to pay or to reimburse that authority for its payment of debt service and reserve requirements on that portion of special Triborough bridge and tunnel authority bonds and notes issued by that authority pursuant to section five hundred fifty-three-d of this chapter for transit projects undertaken for the New York city transit authority and its subsidiaries. Subject to the provisions of such pledge, any excess monies, or in the event there is no such pledge, any moneys in such account shall, at the direction of the metropolitan transportation authority, be (a) deposited into one or more funds or accounts and used as contemplated by section twelve hundred seventy-d of this title or (b) used for the payment of operating and capital costs of the New York city transit authority and its subsidiaries and the Staten Island rapid transit operating authority.

3. The authority shall transfer in nineteen hundred eighty-seven up to twenty million dollars of the moneys in the commuter railroad account to

the suburban transportation fund in accordance with the terms of an agreement between the authority and the department of transportation with respect thereto, established herein, and pursuant to section eighty-eight-b of the state finance law. In subsequent years the authority shall transfer twenty million dollars of the moneys in the commuter railroad account to the suburban transportation fund in accordance with the terms of an agreement between the authority and the department of transportation with respect thereto, established herein, and pursuant to section eighty-eight-b of the state finance law.

In the event the transfer to the suburban transportation fund provided pursuant to this subdivision results in an operating deficit, as certified by the director of the division of the budget, in consultation with the authority, that portion of the deficit attributable to such transfer shall be appropriated from the general fund to the authority for commuter railroad operating purposes, provided, however, that such appropriation shall not exceed twenty million dollars.

The remaining moneys in the commuter railroad account may be pledged to the Triborough bridge and tunnel authority to secure bonds and notes and, if so pledged, shall be paid to the Triborough bridge and tunnel authority in such amounts and at such times as necessary to pay or to reimburse that authority for its payment of debt service and reserve requirements on that portion of special Triborough bridge and tunnel authority bonds and notes issued by that authority pursuant to section five hundred fifty-three-d of this chapter for transportation facilities undertaken for the authority and its subsidiaries. Subject to the provisions of any such pledge, any excess monies, or in the event there is no such pledge, any moneys in such account shall, at the direction of the metropolitan transportation authority, be (a) deposited into one or more funds or accounts and used as contemplated by section twelve hundred seventy-d of this title or, (b) used for payment of operating and capital costs of the Long Island Rail Road company and the Metro-North commuter railroad company.

4. (a) Moneys in the corporate transportation account shall first be used for payments to the metropolitan transportation authority Dutchess,

Orange and Rockland fund established by section twelve hundred seventy-b of this title. The remaining moneys in the corporate transportation account may be pledged by the authority, or pledged to the Triborough bridge and tunnel authority, to secure bonds, notes or other obligations of the authority or the Triborough bridge and tunnel authority, as the case may be, and, if so pledged to the Triborough bridge and tunnel authority, shall be paid to the Triborough bridge and tunnel authority in such amounts and at such times as necessary to pay or to reimburse that authority for its payment of debt service and reserve requirements, if any, on that portion of special Triborough bridge and tunnel authority bonds and notes issued by that authority pursuant to section five hundred fifty-three-d of this chapter. Subject to the provisions of any such pledge, or in the event there is no such pledge, any excess moneys in the corporate transportation account may be used by the authority for payment of operating costs of, and capital costs, including debt service and reserve requirements, if any, of or for the authority, the New York city transit authority and their subsidiaries as the authority shall determine.

(b) Commencing in calendar year nineteen hundred eighty-nine, and in each subsequent year thereafter, the authority shall transfer in four equal quarterly amounts from the corporate transportation account to the metropolitan transportation authority Dutchess, Orange and Rockland fund created by section twelve hundred seventy-b of this title the following amounts: to the Dutchess account of such fund the sum of one million five hundred thousand dollars; to the Orange account of such fund the sum of one million five hundred thousand dollars; and to the Rockland account of such fund the sum of two million dollars.

(c) Commencing in calendar year nineteen hundred ninety, and each year thereafter, the authority shall transfer from the corporate transportation account to the Dutchess account, the Orange account and the Rockland account, respectively, an amount equal to the percent by which such county's payments to the authority in the preceding calendar year pursuant to the provisions of subdivisions one and two of section two hundred sixty-one of the tax law increased over such payments in nineteen hundred eighty-nine times one million five hundred thousand dollars for Dutchess county, one million five hundred thousand dollars for Orange county and two million dollars for Rockland county; provided, however, that in no event shall such amount reduce the amount that each county would receive pursuant to paragraph (b) of this subdivision be reduced by operation of this paragraph, and provided further, however, for purposes of calculating the percent by which such county's payments to the authority in the preceding calendar year pursuant to the provisions of subdivisions one and two of section two hundred sixty-one of the tax law increased over such payments in nineteen hundred eighty-nine, there shall be excluded the amount by which the payments in each such year increased as a result of the recording tax imposed pursuant to the provisions of subdivision one of section two hundred sixty-one of the tax law being in excess of twenty-five cents for each one hundred dollars.

(d) (1) In the event the county of Dutchess, the county of Orange or the county of Rockland withdraws from the metropolitan transportation district, the authority shall not transfer from the corporate transportation account to the metropolitan transportation authority Dutchess, Orange and Rockland fund that portion of the moneys that would otherwise be transferred from such account to such fund to the credit of such withdrawing county or counties.

(2) For purposes of this subdivision, a county is deemed to have withdrawn if a resolution is adopted and filed by the county legislature of such county providing a public transportation plan pursuant to section twelve hundred seventy-nine-b of this title.

(e) Notwithstanding the foregoing provisions of this subdivision, any moneys in the corporate transportation account that are received by the authority: (i) without appropriation pursuant to subdivision one of this section, or (ii) pursuant to the provisions of section ninety-two-ff of the state finance law may be pledged by the authority, or pledged to the Triborough bridge and tunnel authority, to secure bonds, notes or other obligations of the authority or the Triborough bridge and tunnel authority, as the case may be, and, if so pledged to the Triborough bridge and tunnel authority, shall be paid to the Triborough bridge and tunnel authority in such amounts and at such times as necessary to pay or to reimburse that authority for its payment of debt service and reserve requirements, if any, on that portion of special Triborough bridge and tunnel authority bonds and notes issued by that authority pursuant to section five hundred fifty-three-d of this chapter. Subject to the provisions of any such pledge, or in the event there is no such pledge, any moneys in the corporate transportation account received by the authority: (i) without appropriation pursuant to subdivision one of this section, or (ii) pursuant to the provisions of section ninety-two-ff of the state finance law may be used by the authority for payment of operating costs of, and capital costs, including debt service and reserve requirements, if any, of or for the authority, the New York city transit authority and their subsidiaries as the authority shall determine. No moneys in the corporate transportation account that are reserved by the authority: (i) without appropriation pursuant to subdivision one of this section; or (ii) pursuant to the provisions of section ninety-two-ff of the state finance law may be used for making any payment to the Dutchess, Orange and Rockland fund created by section twelve hundred seventy-b of this title or considered in calculating the amounts required to be paid into such fund.

§ 1270-b. Metropolitan transportation authority Dutchess, Orange and Rockland fund. 1. The authority shall create and establish a fund to be known as the "metropolitan transportation authority Dutchess, Orange and Rockland fund" which shall be kept separate from and shall not be commingled with any other moneys of the authority. The Dutchess, Orange and Rockland fund shall consist of three separate accounts: (i) the "Dutchess account"; (ii) the "Orange account"; and (iii) the "Rockland account".

2. The metropolitan transportation authority Dutchess, Orange and Rockland fund shall consist of moneys transferred by the authority pursuant to subdivision four of section twelve hundred seventy-a of this title.

3. Moneys in the Dutchess account, the Orange account, and the Rockland account shall on a quarterly basis be (i) paid to the counties of Dutchess, Orange and Rockland, respectively, for the purposes of providing mass transportation operating assistance, including debt service on bonds or notes issued for such purposes, or for providing the following types of capital projects within such county: capacity and

infrastructure improvements to state, county, town, city, village roads, highways, parkways or bridges; or state, county, town, city, village mass transportation projects; or (ii) transferred to the suburban transportation fund pursuant to a resolution, which is irrevocable during the term of any outstanding bonds or notes issued, adopted by the county legislature of Dutchess county, the county legislature of Orange county or the county legislature of Rockland county directing the authority to make all such future transfers of funds from its respective account to the suburban transportation fund. The first quarterly payment or transfer shall occur during the quarter beginning January first, nineteen hundred eighty-nine.

§ 1270-c. Metropolitan transportation authority dedicated tax fund. 1. The authority shall establish a fund to be known as the "metropolitan transportation authority dedicated tax fund" which shall be kept separate from and shall not be commingled with any other moneys of the authority. The fund shall consist of a "pledged amounts account" and an "operating and capital costs account" and such other accounts and subaccounts as the authority may determine.

2. There shall be deposited, pursuant to appropriation, into the fund the moneys deposited in the dedicated mass transportation trust fund for payment to the metropolitan transportation authority dedicated tax fund pursuant to the provisions of subdivision (d) of section three hundred one-j of the tax law, paragraph two of subdivision (d) of section eleven hundred nine of the tax law, and any other moneys collected for or transferred to such fund pursuant to section eighty-eight-a of the state finance law and any other provision of law directing or permitting the deposit of moneys in such fund.

3. Moneys in the fund may be (a) pledged by the authority to secure and be applied to the payment of its bonds, notes or other obligations specified by the authority and issued to finance (i) transit projects undertaken for the New York city transit authority and its subsidiaries and (ii) transportation facilities undertaken for the authority and its subsidiaries and (b) used for payment of operating costs, and capital

costs, including debt service, reserve requirements, if any, the payment of amounts required under bond and note facilities or agreements related thereto, the payment of federal government loans, security or credit arrangements or other agreements related thereto, and the payment of all costs related to such obligations, of or for the authority, the New York city transit authority and their subsidiaries as the authority shall determine. To the extent moneys in the fund have been pledged by the authority to secure and pay its bonds, notes or other obligations as herein provided, moneys deposited into the fund shall first be deposited into the pledged amounts account to the extent necessary to satisfy the requirements of any debt service or reserve requirements, if any, of the resolution authorizing such bonds, notes or other obligations. After satisfaction of such requirements of the resolution, or if the authority has not so pledged the moneys in the fund, moneys deposited in the fund shall be directly deposited into the operating and capital costs account and, subject to the provisions of any resolutions of the authority not secured by the pledged amounts account, transferred forthwith to or for the benefit of the New York city transit authority and its subsidiaries and the Staten Island rapid transit operating authority (the "TA") and to and for the benefit of the Long Island Rail Road company and the Metro-North commuter rail road company (the "CRR") as provided in this section.

Moneys in the operating and capital costs account which were deposited in the fund pursuant to appropriation from moneys deposited in the dedicated mass transportation trust fund for payment to the metropolitan transportation authority dedicated tax fund pursuant to subdivision (d) of section three hundred one-j of the tax law or paragraph two of subdivision (d) of section eleven hundred nine of the tax law (the "remaining PBT amount") shall be distributed by the authority as follows: an amount equal to the debt service incurred in such calendar year as a result of obligations issued and secured by moneys in the fund, to the extent such debt service is to be paid from money deposited in the fund pursuant to appropriation from moneys deposited in the dedicated mass transportation trust fund for payment to the metropolitan transportation authority dedicated tax fund pursuant to subdivision (d) of section three hundred one-j of the tax law or paragraph two of subdivision (d) of section eleven hundred nine of the tax law ("PBT debt service"), shall be added to the remaining PBT amount. The sum of these figures shall then be allocated as follows: eighty-five per centum of such sum shall be allocated to the TA and fifteen per centum of such sum shall be allocated to the CRR. The amounts so allocated shall then be reduced respectively by the proportional amount of PBT debt service attributable to the payments for transit projects undertaken for the TA and transportation facility projects undertaken for the CRR. The remaining amounts shall constitute the respective distributable shares of the remaining PBT amount and shall be distributed to or for the benefit of the TA and the CRR.

Moneys in the operating and capital costs account which were deposited in the fund pursuant to section eighty-eight-a of the state finance law (the "remaining MMTOA amount") shall be distributed by the authority as follows: an amount equal to the debt service incurred in such calendar year as a result of obligations issued and secured by money in the fund, to the extent such debt service is to be paid from money deposited in the fund pursuant to section eighty-eight-a of the state finance law ("MMTOA debt service"), shall be added to the remaining MMTOA amount. The sum of these figures shall then be allocated as follows: there shall be allocated (i) to the TA an amount of such sum which bears the same proportion to such sum as the amount appropriated and paid during such calendar year from the metropolitan mass transportation operating assistance account to the authority for the operating expenses of the TA bears to the total amounts so appropriated and paid from such operating assistance account during such calendar year to the TA and CRR combined and (ii) to the CRR an amount of such sum which bears the same proportion to such sum as the amount appropriated and paid during such calendar year from the metropolitan mass transportation operating assistance account to the CRR bears to the total amounts so appropriated and paid from such operating assistance account during such calendar year to the TA and CRR combined. The amounts so allocated shall then be reduced respectively by the proportional amount of MMTOA debt service attributable to the payments for transit projects undertaken for the TA and transportation facility projects undertaken for the CRR. The remaining amounts shall constitute the respective distributable shares of the remaining MMTOA amount and shall be distributed to or for the benefit of the TA and the CRR. In no event shall the authority utilize any measure or calculation for determining such distributable shares other than the formula prescribed herein nor shall the authority take any action which would result in the use of such money which is different from or inconsistent with the use prescribed in this section.

To the extent that amounts described in the preceding two paragraphs are distributed more frequently than annually, each such distribution shall be made as nearly as may be practicable in accordance with the allocations described above to the TA and the CRR. Within thirty days after the end of each calendar year, the authority shall certify to the director of the budget, the chairperson of the senate finance committee and the chairperson of the assembly ways and means committee, the amount of money deposited in the fund pursuant to appropriation from moneys deposited in the dedicated mass transportation trust fund for payment to the metropolitan transportation authority dedicated tax fund pursuant to subdivision (d) of section three hundred one-j of the tax law, paragraph two of subdivision (d) of section eleven hundred nine of the tax law, and section eighty-eight-a of the state finance law, the amounts expended from the pledged amounts account for the benefit of the TA and the CRR, and the amounts of the remaining PBT amount and the remaining MMTOA amount distributed during the prior calendar year to the TA and the CRR and specifying in each case the appropriation or appropriations which was the source of such amounts.

4. Any money deposited in the fund shall be held in the fund free and clear of any claim by any person arising out of or in connection with article thirteen-A and article twenty-eight of the tax law. Without limiting the generality of the foregoing and without limiting the rights and duties of the commissioner of taxation and finance under article thirteen-A of the tax law, no petroleum business, as defined in section three hundred of the tax law, or any other person, including the state, shall have any right or claim against the authority, any of its bondholders, the TA or the CRR to any moneys in or distributed from the fund or in respect of a refund, rebate, credit or reimbursement of taxes paid under article thirteen-A and article twenty-eight of the tax law.

§ 1270-d. Consolidated financings. 1. Notwithstanding any inconsistent provisions of this or any other law, general, special or local, the authority may issue its notes, bonds and other obligations to finance transportation facilities, including transit projects and Triborough bridge and tunnel authority projects, utilizing a consolidated pledge of all or any portion of the revenues and other monies and assets of the authority and its subsidiaries, New York city transit authority and its subsidiaries, and Triborough bridge and tunnel authority, together with those other sources of payment described in this section. In connection therewith, at its discretion, the authority, subject to the rights of the holders of notes, bonds or other obligations of the authority, New York city transit authority or Triborough bridge and tunnel authority, may (a) agree with the New York city transit authority or Triborough bridge and tunnel authority that any such entity will deposit all or any portion of the revenues, other monies and assets received by it or its subsidiaries into one or more funds or accounts, and (b) deposit or cause to be deposited into one or more funds and accounts (i) all or any portion of the revenues, other monies and assets received by the authority and its subsidiaries, (ii) all or any portion of the annual operating surplus of Triborough bridge and tunnel authority as certified pursuant to paragraph (b) of subdivision two of section twelve hundred nineteen-a of this article, (iii) all or any portion of the amounts from the operating and capital costs account of the metropolitan transportation authority dedicated tax fund required to be distributed to New York city transit authority and the commuter railroad subsidiaries of the authority under the provisions of section twelve hundred seventy-c of this title, (iv) all or any portion of the available monies in the transit account of the metropolitan transportation authority special assistance fund established under the provisions of section twelve hundred seventy-a of this title available for payment of operating and capital costs of New York city transit authority and its subsidiaries and Staten Island rapid transit operating authority as provided in subdivision two of section twelve hundred seventy-a of this title, (v) all or any portion of the available monies in the commuter railroad account of the metropolitan transportation authority special assistance fund established under the provisions of section twelve hundred seventy-a of this title available for payment of operating and capital costs of Long Island Rail Road company and Metro-North commuter railroad company as provided in subdivision three of section twelve hundred seventy-a of this title, (vi) all or any portion of the available monies in the corporate transportation account of the metropolitan transportation authority special assistance fund established under the provisions of section twelve hundred seventy-a of this title available for use by the authority for payment of operating costs of, and capital costs, including debt service and reserve requirements, if any, of or for the authority, the New York city transit authority and their subsidiaries as provided in paragraph (a) of subdivision four of section twelve hundred seventy-a of this title, and (vii) any other monies of the authority, its subsidiaries, the New York city transit authority and its subsidiaries, and the Triborough bridge and tunnel authority from any source whatsoever.

2. Amounts so deposited in such funds or accounts may be (a) pledged by the authority to secure, and be applied to, the payment of its bonds, notes or other obligations issued to finance transportation facilities undertaken for the authority and its subsidiaries, transportation facilities, including transit projects, undertaken for New York city transit authority and its subsidiaries, and Triborough bridge and tunnel authority projects undertaken for Triborough bridge and tunnel authority, and (b) used for payment of operating costs, and capital costs, including debt service, reserve requirements, if any, the payment of amounts required under bond, note or other financing facilities or agreements, and the payment of all costs related to such obligations, of or for the authority and its subsidiaries, and the New York city transit authority and its subsidiaries as the authority in its full discretion shall determine. To the extent moneys so deposited have been pledged by the authority to secure and pay its bonds, notes or other obligations as herein provided, such moneys shall first be applied to satisfy the requirements of any debt service or reserve requirements of the resolution or resolutions or other contractual arrangements authorizing such bonds, notes or other obligations. After satisfaction of such requirements of any such resolution, resolutions, or other contractual

arrangements or if the authority has not so pledged such moneys, such moneys so deposited, subject to the provisions of any other resolutions or contractual arrangements of the authority and the New York city transit authority and applicable provisions of law, may be transferred to or for the benefit of the authority and its subsidiaries and New York city transit authority and its subsidiaries. Revenues and other monies of the authority and its subsidiaries and New York city transit authority and its subsidiaries, respectively, which are deposited in the funds or accounts authorized by this section, as reduced by any application of such revenues or monies to the payment of debt service, reserve requirements, if any, and other costs attributable to the funding of the capital costs of such entity, shall be allocated, credited and distributed to such source entity. Any other revenues or monies which are deposited in the funds or accounts authorized by this section which are required by law to be allocated or paid to the authority or its subsidiaries or New York city transit authority or its subsidiaries, shall be allocated or paid to the entity to which it is required to be allocated or paid by law after reduction by an amount equal to the portion thereof applied to the payment of debt service, reserve requirements, if any, and other costs attributable to the funding of the capital costs of such entity. In determining the amount of debt service, reserve requirements, if any, and other costs attributable to the authority and its subsidiaries and the New York city transit authority and its subsidiaries, the authority shall make such calculation based upon the percentage of the proceeds of the bonds, notes and other obligations expended for the capital costs attributable to each such entity. The authority may utilize any interim allocation of such distributions, provided that within ninety days after the end of each calendar year, the authority shall certify to the director of the budget, the chairperson of the senate finance committee and the chairperson of the assembly ways and means committee, that the aggregate amount of monies transferred to each of the authority and its subsidiaries, and New York city transit authority and its subsidiaries in respect of such calendar year, taking into account any interagency repayments or reimbursements anticipated to be made in the next succeeding calendar year, is not less than the amounts required to be paid or transferred to such entities.

3. For the purpose of appropriately aligning and allocating the ultimate responsibility for debt service among and between the authority and its subsidiaries, New York city transit authority and its subsidiaries, or Triborough bridge and tunnel authority (each, an "affiliated group"), and except as otherwise authorized or required by law, in connection with the application of revenues, subsidies or other monies or securities of an affiliated group to pay the debt service attributable to bonds, notes or other obligations which provide funding of the capital costs of another affiliated group or to refund or redeem bonds, notes or other obligations the proceeds of which were used to fund the capital costs of another affiliated group, the affiliated group for whose benefit debt service is paid or obligations refunded or redeemed, shall repay, through payments, adjustments or other form of reconciliation, such amounts to the affiliated group that made such payments not later than the end of the next succeeding fiscal year, provided, however, that in connection with any refunding or redemption of bonds, notes or other obligations, such repayment, adjustments or other form of reconciliation shall be completed within the period of the applicable capital program plan.

*** § 1270-e. Implementation of the Transportation Infrastructure Bond Act of 2000.** 1. In accordance with the provisions of the Transportation Infrastructure Bond Act of 2000 authorizing the creation of general obligation debt in the amount of three billion eight hundred million dollars ($3,800,000,000), the moneys received by the state from the sale of the bonds and/or notes shall be expended for uses eligible pursuant to the Transportation Infrastructure Bond Act of 2000 pursuant to annual appropriations as follows:

(a) One billion nine hundred million dollars ($1,900,000,000) as authorized by paragraph (a) of subdivision two of section four hundred seventy of the transportation law;

(b) Three hundred million dollars ($300,000,000) as authorized by paragraph (b) of subdivision two of section four hundred seventy of the transportation law; and

(c) One billion six hundred million dollars ($1,600,000,000) as authorized by subdivision two of this section.

2. One billion six hundred million dollars of moneys received by the state from the sale of bonds and/or notes sold pursuant to the Transportation Infrastructure Bond Act of 2000 for uses eligible pursuant to subdivision c of section four of the Transportation Infrastructure Bond Act of 2000 shall be expended pursuant to annual appropriations for the construction, reconstruction, replacement, improvement, reconditioning, rehabilitation and preservation including engineering, construction management, the preparation of designs, plans, specifications, estimates, environmental impact statements, appraisals and surveys, and the acquisition of real property and interests therein and site preparation and clearances, required or expected to be required in connection therewith, of urban and commuter passenger and freight rail, omnibus, mass transit and rapid transit systems, facilities and equipment, including acquisition, and including the full-length Second Avenue subway and the Long Island Rail Road East-Side access project, all of which are capital elements described in the two thousand--two thousand four capital program plans approved by the metropolitan transportation authority capital program review board.

3. All actions taken by the authority in connection with the receipt and expenditure of moneys received from the state from the sale of bonds pursuant to the Transportation Infrastructure Bond Act of 2000 shall be reviewed for consistency with provisions of the federal internal revenue code and regulations thereunder, in accordance with procedures established in connection with the issuance of any such tax exempt bonds, to preserve the tax exempt status of such bonds.

* NB Not effective due to defeat of the Transportation Bond Act of 2000

§ 1270-f. Implementation of the rebuild and renew New York transportation bond act of two thousand five. 1. In accordance with the provisions of the rebuild and renew New York transportation bond act of two thousand five authorizing the creation of general obligation debt in the amount of two billion nine hundred million dollars ($2,900,000,000), the moneys received by the state from the sale of the bonds and/or notes shall be expended for uses eligible pursuant to the rebuild and renew New York transportation bond act of two thousand five pursuant to annual appropriations as follows:

(a) One billion four hundred fifty million dollars ($1,450,000,000) as authorized by subdivision two of section four hundred eighty of the transportation law;

(b) One billion four hundred fifty million dollars ($1,450,000,000) as authorized by subdivision two of this section.

2. One billion four hundred fifty million dollars ($1,450,000,000) of moneys received by the state from the sale of bonds and/or notes sold pursuant to the rebuild and renew New York transportation bond act of two thousand five for uses eligible pursuant to subdivision b of section four of the rebuild and renew New York transportation bond act of two thousand five shall be expended pursuant to annual appropriations for the construction, reconstruction, replacement, improvement, reconditioning, rehabilitation and preservation including engineering, construction, management, the preparation of designs, plans, specifications, estimates, environmental impact statements, appraisals and surveys, and the acquisition of real property and interests therein and site preparation and clearances, required or expected to be required in connection therewith, of urban and commuter passenger and freight rail, omnibus, mass transit and rapid transit systems, facilities and equipment, including acquisition, all of which are capital elements described in the two thousand five -- two thousand nine capital program plans as submitted to and approved by the metropolitan transportation authority capital program review board, whether before, on, or after the effective date of the chapter of the laws of two thousand five which added this section.

3. All actions taken by the authority in connection with the receipt and expenditure of moneys received from the state from the sale of bonds pursuant to the rebuild and renew New York transportation bond act of two thousand five shall be reviewed for consistency with provisions of the federal internal revenue code and regulations thereunder, in accordance with procedures established in connection with the issuance

of any such tax exempt bonds, to preserve the tax exempt status of such bonds.

§ 1270-g. Regulation of certain authority expenditures. The authority shall implement policies as appropriate to minimize unwarranted expenses and to protect against abuses in connection with (i) the granting of any privileges or benefits having financial value, other than wage payments or expense reimbursements, to members or staff of the authority, or any subsidiary or other authority created by the authority; and (ii) the full-time and part-time assignment and use of automobiles owned or leased by the authority, or any subsidiary or other authority created by the authority, and the use by authority employees and board members of livery vehicles, as defined in section one hundred twenty-one-e of the vehicle and traffic law.

§ 1270-h. Metropolitan transportation authority finance fund. 1. The authority shall establish a fund to be known as the "metropolitan transportation authority finance fund" which shall be kept separate from and shall not be commingled with any other moneys of the authority.

2. The comptroller shall deposit into the metropolitan transportation authority finance fund (a) monthly, pursuant to appropriation, the moneys deposited in the mobility tax trust account of the metropolitan transportation authority financial assistance fund pursuant to any provision of law directing or permitting the deposit of moneys in such fund, and (b) without appropriation, the revenue including taxes, interest and penalties collected in accordance with article twenty-three of the tax law.

3. Moneys in the fund may be (a) pledged by the authority to secure and be applied to the payment of the bonds, notes or other obligations of the authority issued on or after the effective date of this section to finance capital projects of the authority and its subsidiaries and the New York city transit authority and any subsidiaries; or (b) used for payment of capital costs, including debt service, reserve

requirements, if any, the payment of amounts required under bond and note facilities or agreements related thereto, the payment of federal government loans, security or credit arrangements or other agreements related thereto, and the payment of all costs related to such obligations, of or for the authority, the New York city transit authority and their subsidiaries as the authority shall determine. Subject to the provisions of any such pledge, or in the event there is no such pledge, any excess moneys in this fund may be used by the authority for payment of operating costs of, and capital costs, including debt service and reserve requirements, if any, of or for the authority, the New York city transit authority and their subsidiaries as the authority shall determine. To the extent moneys in the fund have been pledged by the authority to secure and pay the bonds, notes or other obligations of the authority issued to finance capital projects of the authority and its subsidiaries and the New York city transit authority and any subsidiaries as herein provided, monies deposited into the fund shall be deposited to the extent necessary to satisfy the requirements of any debt service or reserve requirements, if any, of the resolution authorizing such bonds, notes or other obligations.

4. Commencing September first, two thousand twenty-five, no later than the last business day of each month, after satisfying the requirements of any debt service or reserve requirements, if any, of any resolution authorizing bonds, notes or other obligations, the authority shall transfer twenty-eight and five-tenths percent of the revenue, including taxes, interest and penalties collected in accordance with article twenty-three of the tax law to the 2025 to 2029 capital program account in the metropolitan transportation authority capital lockbox fund established pursuant to section five hundred fifty-three-j of this chapter.

5. Any monies deposited in the fund shall be held in the fund free and clear of any claim by any person arising out of or in connection with article twenty-three of the tax law. Without limiting the generality of the foregoing and without limiting the rights and duties of the commissioner of taxation and finance under article twenty-three of the tax law, no entity paying a mobility tax under article twenty-three of

the tax law shall have any right or claim against the authority, any of their bondholders, any of the authority's other subsidiaries or the New York city transit authority or any subsidiary to any moneys in or distributed from the fund or in respect of a refund, rebate, credit or reimbursement of taxes paid under article twenty-three of the tax law.

§ 1270-i. New York city transportation assistance fund. 1. The authority shall create and establish a fund to be known as the "New York city transportation assistance fund" which shall be kept separate from and shall not be commingled with any other moneys of the authority. The New York city transportation assistance fund shall consist of three separate accounts: (i) the "subway action plan account"; (ii) the "outer borough transportation account"; and (iii) the "general transportation account". The authority shall make deposits in the subway action plan account of the moneys received by it pursuant to the provisions of subdivision (c) of section twelve hundred ninety-nine-H of the tax law in accordance with the provisions thereof, shall make deposits in the outer borough transportation account of the moneys received by it pursuant to the provisions of subdivision (d) of section twelve hundred ninety-nine-H of the tax law in accordance with the provisions thereof, and shall make deposits in the general transportation account of the moneys received by it pursuant to the provisions of subdivision (e) of section twelve hundred ninety-nine-H of the tax law in accordance with the provisions thereof, and pursuant to the provisions of section eleven hundred eleven-C of vehicle and traffic law.

2. Moneys in the subway action plan account shall be used for the exclusive purpose of funding the operating and capital costs of the metropolitan transportation authority's New York city subway action plan. Such funds may be used for infrastructure including construction, reconstruction, reconditioning and preservation of transportation systems, facilities and equipment, acquisition of property, and for operating costs including personal services, non-personal services, fringe benefits, and contractual services. Funds may also be used to pay or to reimburse the authority for its payment of debt service and reserve requirements on that portion of authority bonds and notes issued

by the authority for capital costs of the metropolitan transportation authority's New York city subway action plan.

3. Moneys in the outer borough transportation account shall be used for the exclusive purpose of funding the operating and capital costs of metropolitan transportation authority facilities, equipment and services in the counties of Bronx, Kings, Queens and Richmond, and any projects improving transportation connections from such counties to New York County. Such funds may be used for infrastructure including construction, reconstruction, reconditioning and preservation of transportation systems, facilities and equipment, acquisition of property, and for operating costs including personal services, non-personal services, fringe benefits, and contractual services. Funds may also be used to fund a toll reduction program for any crossings under the jurisdiction of the metropolitan transportation authority or its subsidiaries or affiliates. Funds may also be used to pay or to reimburse the authority for its payment of debt service and reserve requirements on that portion of authority bonds and notes that have been issued by the authority specifically for the authorized purpose of this account. Notwithstanding any law to the contrary, final approval of the use of any funds paid into the outer borough transportation account shall be unanimously approved by three members of the Metropolitan Transportation Authority Capital Program Review Board, established pursuant to section twelve hundred sixty-nine-a of this title so designated pursuant to this subdivision. For purposes of such final approvals the three voting members are: the member appointed upon recommendation by the temporary president of the senate; the member appointed upon recommendation of speaker of the assembly; and the member appointed by the governor.

4. Moneys in the general transportation account shall be used for funding the operating and capital costs of the metropolitan transportation authority. Such funds may be used for infrastructure including construction, reconstruction, reconditioning and preservation of transportation systems, facilities and equipment, acquisition of property, and for operating costs including personal services, non-personal services, fringe benefits, and contractual services. Funds

may also be used to pay or to reimburse the authority for its payment of debt service and reserve requirements on that portion of authority bonds and notes that have been issued by the authority specifically for the purposes of this account.

5. Any revenues deposited in the subway action plan account, the outer borough transportation account, or the general transportation account pursuant to subdivision one of this section shall be used exclusively for the purposes described, respectively, in subdivisions two, three, and four of this section. Such revenues shall only supplement and shall not supplant any federal, state, or local funds expended by the metropolitan transportation authority, such authority's affiliates or subsidiaries for such respective purposes.

6. Any revenues deposited into the New York city transportation assistance fund pursuant to subdivision one of this section shall not be diverted into the general fund of the state, any other fund established by the chapter of the laws of two thousand eighteen which added this subdivision, any other fund maintained for the support of any other governmental purpose, or for any other purpose not authorized by subdivisions two, three and four of this section.

7. The authority shall report on the receipt and uses of all funds received by the New York city transportation assistance fund, and in each of its accounts, to the director of the budget, the temporary president of the senate, and the speaker of the assembly, on an annual basis no later than the first day of February.

§ 1270-j. Metropolitan transportation authority commercial gaming revenue fund. 1. The authority shall establish a fund to be known as the "metropolitan transportation authority commercial gaming revenue fund" which shall be kept separate from and shall not be commingled with any other moneys of the authority.

2. The gaming commission shall deposit into the metropolitan transportation authority commercial gaming revenue fund, without

appropriation, the revenue including taxes collected in accordance with the relevant provisions of paragraphs (b), (c), (d) and (e) of subdivision one of section thirteen hundred fifty-two of the racing, pari-mutuel wagering and breeding law and licensing fees collected in accordance with the relevant provisions of subdivision three of section thirteen hundred twenty-one-e of the racing, pari-mutuel wagering and breeding law.

3. Moneys in the fund may be used by the authority for payment of operating costs of or for the authority, the New York city transit authority and their subsidiaries as the authority shall determine, including debt service. Monies in the fund shall not be pledged to secure bonds, notes or other obligations of the authority, the New York city transit authority and their subsidiaries.

4. Nothing contained in this section shall be deemed to restrict the right of the State to amend, repeal, modify or otherwise alter statutes imposing or relating to the taxes, interest and penalties, fees and charges producing revenues for deposit in the metropolitan transportation authority commercial gaming revenue fund or, if applicable, any appropriations relating thereto.

§ 1271. Agreement of the state. The state does hereby pledge to and agree with the authority and its subsidiaries, New York city transit authority and its subsidiaries, and Triborough bridge and tunnel authority, and the holders of any notes, bonds or other obligations, including lease obligations, issued or incurred under this title, that the state will not limit or alter the denial of authority under subdivision nine of section twelve hundred sixty-nine of this title, or the rights and powers vested in the authority and its subsidiaries, New York city transit authority and its subsidiaries, and Triborough bridge and tunnel authority by this title to fulfill the terms of any agreements made by any of them with the holders thereof, or in any way impair the rights and remedies of such holders until such notes, bonds or other obligations, including lease obligations, together with the interest thereon, with interest on any unpaid installments of interest, and all costs and expenses for which the authority or its subsidiaries, New York city transit authority and its subsidiaries, and Triborough bridge and tunnel authority is liable in connection with any action or proceeding by or on behalf of such holders, are fully met and discharged. The authority and its subsidiaries, New York city transit authority and its subsidiaries, and Triborough bridge and tunnel authority are each authorized to include this pledge and agreement of the state in any agreement with the holders of such notes, bonds or other obligations, including lease obligations.

§ 1272. Right of state to require redemption of bonds. Notwithstanding and in addition to any provisions for the redemption of bonds which may be contained in any contract with the holders of the bonds, the state may, upon furnishing sufficient funds therefor, require the authority to redeem, prior to maturity, as a whole, any issue of bonds on any interest payment date not less than twenty years after the date of the bonds of such issue at one hundred five per centum of their face value and accrued interest or at such lower redemption price as may be provided in the bonds in case of the redemption thereof as a whole on the redemption date. Notice of such redemption shall be published in at least two newspapers publishing and circulating respectively in the cities of Albany and New York at least twice, the first publication to be at least thirty days before the date of redemption.

§ 1273. Remedies of noteholders and bondholders. 1. In the event that the authority shall default in the payment of principal of or interest on any issue of notes or bonds after the same shall become due, whether at maturity or upon call for redemption, and such default shall continue for a period of thirty days, or in the event that the authority shall fail or refuse to comply with the provisions of this title or shall default in any agreement made with the holders of any issue of notes or bonds, the holders of twenty-five per centum in aggregate principal amount of the notes or bonds of such issue than outstanding, by instrument or instruments filed in the office of the clerk of any county in which the authority operates and has an office and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of such notes or bonds for the purposes herein provided.

2. Such trustee may, and upon written request of the holders of twenty-five per centum in principal amount of such notes or bonds then outstanding shall, in his or its own name:

(a) by suit, action or proceeding in accordance with the civil practice law and rules, enforce all rights of the noteholders or bondholders, including the right to require the authority to collect fares, tolls, rentals, rates, charges and other fees adequate to carry out any agreement as to, or pledge of, such fares, tolls, rentals, rates, charges and other fees and to require the authority to carry out any other agreements with the holders of such notes or bonds and to perform its duties under this title;

(b) bring suit upon such notes or bonds;

(c) by action or suit, require the authority to account as if it were the trustee of an express trust for the holders of such notes or bonds;

(d) by action or suit, enjoin any acts or things which may be unlawful or in violation of the rights of the holders of such notes or bonds;

(e) declare all such notes or bonds due and payable, and if all defaults shall be made good, then, with the consent of the holders of twenty-five per centum of the principal amount of such notes or bonds then outstanding, to annul such declaration and its consequences.

3. Such trustee shall in addition to the foregoing have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth herein or incident to the general representation of bondholders or noteholders in the enforcement and protection of their rights.

4. The supreme court shall have jurisdiction of any suit, action or proceeding by the trustee on behalf of such noteholders or bondholders. The venue of any such suit, action or proceeding shall be laid in the county in which the instrument or instruments are filed in accordance with subdivision one of this section.

5. Before declaring the principal of notes or bonds due and payable, the trustee shall first give thirty days' notice in writing to the governor, to the authority, to the comptroller and to the attorney general of the state.

§ 1274. Notes and bonds as legal investment. The notes and bonds of the authority are hereby made securities in which all public officers and bodies of the state and all municipalities and political subdivisions, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations, including savings and loan associations, building and loan associations, investment companies and other persons carrying on a banking business, all administrators, guardians, executors, trustees and other fiduciaries, and all other persons whatsoever who are now or who may hereafter be authorized to invest in bonds or other obligations of the state, may properly and legally invest funds including capital in their control or belonging to them. Notwithstanding any other provisions of law, the bonds of the authority are also hereby made securities which may be deposited with and shall be received by all public officers and bodies of this state and all municipalities and political subdivisions for any purpose for which the deposit of bonds or other obligations of the state is now or may hereafter be authorized.

§ 1275. Exemption from taxation. It is hereby found, determined and declared that the creation of the authority and the carrying out of its purposes is in all respects for the benefit of the people of the state of New York and for the improvement of their health, welfare and prosperity and is a public purpose, and that the authority will be performing an essential governmental function in the exercise of the powers conferred upon it by this title. Without limiting the generality of the following provisions of this section, property owned by the authority, property leased by the authority and used for transportation purposes, and property used for transportation purposes by or for the benefit of the authority exclusively pursuant to the provisions of a joint service arrangement or of a joint facilities agreement or trackage rights agreement shall all be exempt from taxation and special ad valorem levies. The authority shall be required to pay no fees, taxes or assessments, whether state or local, including but not limited to fees, taxes or assessments on real estate, franchise taxes, sales taxes or other excise taxes, upon any of its property, or upon the use thereof, or upon it activities in the operation and maintenance of its facilities or on any fares, tolls, rentals, rates, charges or other fees, revenues or other income received by the authority and the bonds of the authority and the income therefrom shall at all times be exempt from taxation, except for gift and estate taxes and taxes on transfers. This section shall constitute a covenant and agreement with the holders of all bonds issued by the authority. The terms "taxation" and "special ad valorem levy" shall have the same meanings as defined in section one hundred two of the real property tax law and the term "transportation purposes" shall have the same meaning as used in titles two-a and two-b of article four of such law.

§ 1276. Actions against the authority. 1. As a condition to the consent of the state to such suits against the authority, in every action against the authority for damages, for injuries to real or personal property or for the destruction thereof, or for personal injuries or death, the complaint shall contain an allegation that at least thirty days have elapsed since the demand, claim or claims upon which such action is founded were presented to a member of the authority or other officer designated for such purpose and that the authority has neglected or refused to make an adjustment or payment thereof.

2. An action against the authority founded on tort, except an action for wrongful death, shall not be commenced more than one year and ninety days after the cause of action therefor shall have accrued, nor unless a notice of claim shall have been served on the authority within the time limited by and in compliance with all the requirements of section fifty-e of the general municipal law. An action against the authority for wrongful death shall be commenced in accordance with the notice of claim and time limitation provisions of title eleven of article nine of

this chapter.

3. The authority shall be liable, and shall assume the liability to the extent that it shall save harmless any duly appointed officer or employee of the authority, for the negligence of such officer or employee, in the operation of a vehicle or other facility of transportation owned or otherwise under the jurisdiction and control of the authority in the discharge of a duty imposed upon such officer or employee at the time of the accident, injury or damages complained of, while otherwise acting in the performance of his duties and within the scope of his employment.

4. The authority may require any person, presenting for settlement an account or claim for any cause whatever against the authority, to be sworn before a member, counsel or an attorney, officer or employee of the authority designated for such purpose, concerning such account or claim and when so sworn to answer orally as to any facts relative to such account or claim. The authority shall have power to settle or adjust all claims in favor of or against the authority.

5. The rate of interest to be paid by the authority upon any judgment for which it is liable shall not exceed four per centum per annum.

6. The provisions of this section which relate to the requirement for service of a notice of claim shall not apply to a subsidiary corporation of the authority. In all other respects, each subsidiary corporation of the authority shall be subject to the provisions of this section as if such subsidiary corporation were separately named herein, provided, however, that a subsidiary corporation of the authority which is a stock corporation shall not be subject to the provisions of this section except with respect to those causes of action arising on and after the first day of the twelfth calendar month following that calendar month in which such stock corporation becomes a subsidiary corporation of the authority.

§ 1276-a. Annual audit of authority. The comptroller shall conduct an annual audit of the books and records of the authority and its subsidiary corporations. Such audit shall include a complete and thorough examination of such authority's receipts, disbursements, revenues and expenses during the prior fiscal year in accordance with the categories or classifications established by such authority for its own operating and capital outlay purposes; assets and liabilities at the end of its last fiscal year including the status of reserve, depreciation, special or other funds and including the receipts and payments of these funds; schedule of bonds and notes outstanding at the end of its fiscal year and their redemption dates, together with a statement of the amounts redeemed and incurred during such fiscal year; operations, debt service and capital construction during the prior fiscal year.

The comptroller, upon completion of such audit, shall within sixty days thereafter, report to the governor and the legislature his findings, conclusions and recommendations thereof.

§ 1276-b. Authority budget and financial plan. 1. In addition to the requirements of section twenty-eight hundred two of this chapter, each authority budget and plan shall be posted on its website and shall: (a) present information relating to the authority and each of its agencies in a clear and consistent manner and format; (b) be prepared in accordance with generally accepted accounting principles, except as otherwise consented to by the comptroller upon good cause shown; (c) be based on reasonable assumptions and methods of estimation; (d) include estimates of projected operating revenues and expenses; (e) identify any planned transaction that would shift resources, from any source, from one fiscal year to another, and the amount of any reserves; and (f) contain a summary in plain English of the principal information in the budget and conclusions to be drawn from it.

2. Supporting documentation. The authority shall prepare and make available for public inspection on its website information that details the sources of data and the assumptions and methods of estimation used to calculate all operating and capital budget projections, consistent

with generally accepted budgetary practices.

3. The authority shall establish at least annually the quarterly revenue and expense targets for the authority, and for each subsidiary or other authority created by the authority itself and for which it reports financial data.

4. Monitoring the budget and financial plan. The authority shall prepare and make available for public inspection on its website: (a) within sixty days of the release of the adopted budget and any updates to the budget (except updates released within ninety days of the close of the fiscal year), monthly projections for the current fiscal year of all revenues and expenses, staffing for the authority and each of its agencies, and utilization for each of the authority's agencies that operate transportation systems, including bridges and tunnels; (b) within sixty days after the close of each quarter, a comparison of actual revenues and expenses, actual staffing and actual utilization to planned or projected levels for each of the authority's agencies that operate transportation systems, including bridges and tunnels, with an explanation of each material variance and its budgetary impact; and (c) within ninety days after the close of each quarter, the status of each gap-closing initiative with a projected value greater than one million dollars in any given fiscal year; the status of capital projects by capital element, including but not limited to commitments, expenditures and completions; and an explanation of material variances from the plan, cost overruns and delays.

5. Strategic operation plan. Financial information required to be submitted by the authority pursuant to paragraphs d and e of subdivision one of section twelve hundred sixty-nine-c of this title shall be presented in a format consistent with the budget and plan, in downloadable, searchable format.

6. The authority shall publish all data pertaining to each authority's budget and financial plans as required by this section in a common, machine readable format on the authority's website as defined by executive order number ninety-five of two thousand thirteen, "Using

Technology to Promote Transparency, Improve Government Performance and Enhance Citizen Engagement" or any successor order. Such data shall include, but not be limited to:

(a) estimates of projected operating revenues and expenses, including monthly projections for the current fiscal year of all revenues and expenses;

(b) quarterly revenue and expense targets;

(c) staffing for the authority and each of its agencies;

(d) a comparison of actual revenues and expenses, actual staffing and actual utilization to planned or projected levels for each of the authority's agencies that operate transportation systems;

(e) the status of each gap-closing initiative with a projected value greater than one million dollars in any given fiscal year; and

(f) the status of capital projects by capital element, including but not limited to commitments, expenditures and completions; and material variances from the plan, cost overruns and delays.

7. The data required to be published pursuant to this section shall be made in a single tabular data file in a common, machine readable format and shall be accessible on the authority's website and the website data.ny.gov or such other successor website maintained by, or on behalf of, the state, as deemed appropriate by the New York state office of information technology services under executive order number ninety-five of two thousand thirteen, or any successor agency or order.

§ 1276-c. Independent audit of authority. The independent auditor retained by the authority shall not provide to the authority, contemporaneously with the audit unless it shall have previously received written approval by the audit committee any non-audit service, including:

1. routine bookkeeping or other services;

2. financial information systems design and implementation;

3. appraisal or valuation services, fairness opinions, or

contribution-in-kind reports;

4. actuarial services;

5. outsourcing services;

6. authority management functions or human resources;

7. broker or dealer, investment advisor or investment banking services;

8. legal services and expert services unrelated to the audit.

§ 1276-d. Independent audit by the legislature. After the submission of the annual independent audit report to the legislature pursuant to section two thousand eight hundred two of this chapter, and after review of such report, the temporary president of the senate and the speaker of the assembly may commission an auditing firm, every two years, after the year two thousand nine, to conduct an independent audit of the authority, including its subsidiaries. The temporary president of the senate and the speaker of the assembly shall set the scope of such audit, and determine the terms of the request for proposal for such audit. Such audit shall be performed for the year two thousand nine. The authority shall fully cooperate with and assist in such an audit.

§ 1276-e. Reporting. The authority shall post on its website on or before the first of May, the law firms retained by the authority which in the past year received payment for services in such year.

§ 1276-f. Metropolitan transportation authority transit performance metrics. 1. Definitions. For the purposes of this section, the following terms shall have the following meanings:

(a) "additional platform time" means for the subways the average added time that customers spend waiting on the platform for a train, compared with their scheduled wait time.

(b) "additional train time" means for the subways the average additional time customers spend onboard the train, compared with their scheduled on-train time.

(c) "customer journey time performance" means for the subways the percentage of customer trips with an estimated total travel time within five minutes of the scheduled total travel time.

(d) "elevator availability" means percentage of facilities that require the use of stairs and have an operational elevator.

(e) "escalator availability" means percentage of facilities that require the use of stairs and have an operational escalator.

(f) "additional journey time" means for the subways comparison of measured or estimated actual journey time compared to schedule.

(g) "journey time" means for the subways time on platform and the time on train. Journey time is calculated as either actual journey times that customers experience, or as scheduled journey times. Journey time and its components may be based on a manual or an automatically generated sample.

(h) "major incidents" mean (1) for the subway incidents that delay fifty or more trains where a train is considered delayed if it is more than five minutes late or skips planned stops, and (2) for the commuter railroads incidents that delay ten or more trains greater than five minutes and fifty-nine seconds.

(i) "lost time accidents" means a job related incident that results in the inability of an employee to perform full job duties for at least one working day beyond the day of the incident. Rates are based on lost time accidents per one hundred employees.

(j) "employees' lost time days" means for the commuter railroads the total number of calendar days employees' treating medical professionals have determined that they cannot work due to an occupation injury or illness.

(k) "employee lost time rate" means for the commuter railroads the number of occupational injuries or illnesses per two hundred thousand employee hours worked.

(l) "terminal on-time performance" means (1) for the subways the percentage of trains arriving at their destination terminals as scheduled with a train counted as on-time if it arrives at its destination early, on time, or no more than five minutes late, and has not skipped any planned stops, and (2) for the commuter railroads the percentage of trains arriving at their final destination terminals as scheduled with a train counted as on-time if it arrives at its destination early, on-time or no more than five minutes and fifty-nine seconds late. Provided that the percentage of trains not arriving at their final destinations shall include unscheduled cancellations.

(m) "additional data" means (1) for the subways the percentage of trains arriving at their scheduled terminals between four and five minutes after their scheduled arrival time; (2) for the commuter railroads the percentage of trains arriving at their scheduled terminals between four and five minutes and fifty-nine seconds after their scheduled arrival time; and (3) for commuter rails the percentage of cancelled trains.

2. Reporting. The authority shall take all practicable measures to collect, compile and publish meaningful and informative performance metrics for all customer trips provided by the New York city transit authority subways, Long Island rail road and Metro-North commuter railroad on a monthly basis including all applicable performance metrics as defined in subdivision one of this section. If the authority cannot practicably collect and compile any such performance metric for a customer trip type, it may, subject to the approval by the chairman of the metropolitan transportation authority, substitute an equivalent performance metric based on international public transport benchmarking and best practices that comparably measures system performance and service delivery.

3. International benchmarking. (a) The authority shall publish an annual report presenting the authority's performance in comparison with other national and international peer agencies. This report shall include, but not be limited to, the following metrics:

(i) total operating cost per car per mile;

(ii) maintenance cost per car per mile;

(iii) passenger journeys per total staff and contractor hours; and

(iv) staff hours lost to accidents.

(b) The authority shall also provide an annual implementation report to the governor, the temporary president of the senate, the speaker of the assembly, the minority leader of the assembly and senate, and the chairs and ranking members of the transportation and corporations, authorities and commissions committees on or before January thirty-first every year, and publish such report on its website.

§ 1277. Station operation and maintenance. 1. The operation, maintenance and use of passenger stations shall be public purposes of the city of New York and the counties within the district. The total cost to the authority and each of its subsidiary corporations of operation, maintenance and use of each passenger station within the district serviced by one or more railroad facilities of the authority or of such subsidiary corporation, including the buildings, appurtenances, platforms, lands and approaches incidental or adjacent thereto, shall be borne by the city of New York if such station is located in such city or, if not located in such city, by such county within the district in which such station is located. On or before June first of each year, the authority shall, in accordance with the method specified herein, determine and certify to the city of New York and to each county within the district the respective allocation of costs related to the operation, maintenance and use of passenger stations within such city and each such other county, for the twelve month period ending the preceding March thirty-first.

a. For the year commencing April first, nineteen hundred ninety-nine, the total payment amount to be billed by the authority for the operation, maintenance and use of each passenger station within the city of New York and the counties of Nassau, Suffolk, Westchester, Dutchess, Putnam, Orange, and Rockland shall be calculated by summing the total amount listed in the base amount table plus an adjustment to such base year amount equal to the base amount times the increase or decrease in the Consumer Price Index for Wage Earners and Clerical Workers for the New York, Northeastern-New Jersey Standard Metropolitan Statistical Area for the twelve-month period being billed.

BASE AMOUNT TABLE

County	Base Amount

Nassau	$19,200,000
Suffolk	$11,834,091
Westchester	$13,269,310
Dutchess	$ 1,581,880
Putnam	$ 618,619
Orange	$ 327,247
Rockland	$ 34,791
City of New York	$61,435,330

b. For each year thereafter, such total payment for each such county shall be the same amount as the total payment during the immediately prior year, plus an adjustment equal to the prior year amount times the increase or decrease in the Consumer Price Index for Wage Earners and Clerical Workers for the New York, Northeastern-New Jersey Standard Metropolitan Statistical Area for the twelve-month period being billed.

2. On or before the following September first, of each year, such city and each such county shall pay to the authority such cost or amount so certified to it on or before the preceding June first. Such city and each such county shall have power to finance such costs to it by the issuance of budget notes pursuant to section 29.00 of the local finance law. For the year beginning April first, two thousand four, the authority, the city of New York and the counties of Nassau, Suffolk, Westchester, Dutchess, Putnam, Orange, and Rockland may, after having reached an agreement, recommend to the legislature modifications to the amounts set forth above based upon changes made to commuter services including but not limited to changes in the number of passenger stations within such counties or the level of commuter rail service provided to any such passenger stations. Failure between the authority and between the counties to reach agreement will be referred to the state comptroller for mediation. If the mediation is unsuccessful, each party and the state comptroller may submit a recommendation to the governor and the legislature for legislative action.

3. In the event that a city or county shall fail to make payment to the authority for station maintenance as required pursuant to this section, or any part thereof, the chief executive officer of the

authority or such other person as the chairman shall designate shall certify to the state comptroller the amount due and owing the authority at the end of the state fiscal year and the state comptroller shall withhold an equivalent amount from the next succeeding state aid allocated to such county or city from the motor fuel tax and the motor vehicle registration fee distributed pursuant to former section one hundred twelve of the highway law, or amounts distributed pursuant to section ten-c of the highway law, or per capita local assistance pursuant to section fifty-four of the state finance law subject to the following limitations: prior to withholding amounts due the authority from such county or city, the comptroller shall pay in full any amount due the state of New York municipal bond bank agency, on account of any such county's or city's obligation to such agency; the city university construction fund pursuant to the provisions of the city university construction fund act; the New York city housing development corporation, pursuant to the provisions of the New York city housing development corporation act (article twelve of the private housing finance law); and the transit construction fund pursuant to the provisions of title nine-A of article five of this chapter. The comptroller shall give the director of the budget notification of any such payment. Such amount or amounts so withheld by the comptroller shall be paid to the authority and the authority shall use such amount for the repayment of the state advances hereby authorized. When such amount or amounts are received by the authority, it shall credit such amounts against any amounts due and owing by the city or county on whose account such amount was withheld and paid.

§ 1277-a. Transfer and receipt of surplus funds. Notwithstanding any provision of this title or any other provision of law, general, special or local, the authority may from time to time transfer and pay over to New York city transit authority or triborough bridge and tunnel authority all or any part of its surplus funds; and may accept and use any moneys transferred and paid over to it by New York city transit authority or triborough bridge and tunnel authority.

§ 1278. Title not affected if in part unconstitutional or ineffective. If any provision of any section of this title or the application thereof to any person or circumstance shall be adjudged invalid by a court of competent jurisdiction, such order or judgment shall be confined in its operation to the controversy in which it was rendered, and shall not affect or invalidate the remainder of any provision of any section of this title or the application of any part thereof to any other person or circumstance and to this end the provisions of each section of this title are hereby declared to be severable.

§ 1279. Metropolitan transportation authority inspector general. 1. There is hereby created in the metropolitan transportation authority an office of metropolitan transportation authority inspector general. The inspector general shall be appointed by the governor with the advice and consent of the senate. The inspector general shall, prior to his appointment, have had at least ten years experience in the management of transportation services, in auditing and investigation of governmental operations, or in services related to management and productivity improvement. The term of office of the inspector general shall be five years from the effective date of appointment, and he shall serve at the pleasure of the governor. The salary of the inspector general shall be determined by the authority board.

2. The inspector general shall annually submit to the board of the metropolitan transportation authority a budget request for the operation of the office. If the board disapproves any portion of such request and the commissioner of transportation determines such disapproval to be unreasonable, such commissioner shall withhold from payments due such authority, the amount so determined to be unreasonable and transfer such amount to the office of the metropolitan transportation authority inspector general.

3. The inspector general shall have full and unrestricted access to all records, information, data, reports, plans, projections, matters, contracts, memoranda, correspondence and any other materials of the authority and its subsidiaries, the Long Island railroad, metro-north

railroad, metropolitan suburban bus authority and Staten Island rapid transit operating authority, of the Triborough bridge and tunnel authority, and of the New York city transit authority and its subsidiary, the Manhattan and Bronx surface transit operating authority, or any other agency that may come under the control of the authority, or within their custody or control.

4. The inspector general, notwithstanding the provisions of title nine of this article and this title, and of title three of article three, shall have the following functions, powers and duties:

(a) to receive and investigate complaints from any source or upon his own initiative concerning alleged abuses, frauds and service deficiencies, including deficiencies in the maintenance and operation of facilities, relating to the authority and its subsidiaries as listed in subdivision two above, the Triborough bridge and tunnel authority and the New York city transit authority and its subsidiary;

(a-1) to receive and investigate complaints from any source, or upon his or her own initiative, concerning allegations of corruption, fraud, use of excessive force, criminal activity, conflicts of interest or abuse by any police officer under the jurisdiction of the office of the metropolitan transportation authority and promptly inform the division of criminal justice services, in the form and manner as prescribed by the division, of such allegations and the progress of investigations related thereto unless special circumstances require confidentiality. Nothing in this paragraph shall require the division of criminal justice services to participate in the investigation of such allegations or take action or prevent the division of criminal justice services from taking action authorized pursuant to subdivision three of section eight hundred forty-five of the executive law in the time and manner determined by the commissioner of the division of criminal justice services.

(b) to initiate such reviews as he may deem appropriate of the operations of the authority and its subsidiaries as listed in subdivision two above, the Triborough bridge and tunnel authority, or the New York city transit authority and its subsidiary, in order to identify areas in which performance might be improved and available funds used more effectively;

(c) to recommend remedial actions to be taken by the authority and its subsidiaries as listed in subdivision two of this section, the Triborough bridge and tunnel authority, and the New York city transit authority and its subsidiary, to overcome or correct operating or maintenance deficiencies and inefficiencies that he determines to exist;

(d) to make available to appropriate law enforcement officials information and evidence which relate to criminal acts that he may obtain in carrying out his duties;

(e) to subpoena witnesses, administer oaths or affirmations, take testimony and compel the production of such books, papers, records and documents as he may deem to be relevant to any inquiry or investigation undertaken pursuant to this section and to delegate such powers to a duly authorized deputy inspector general;

(f) to monitor the implementation by the authority and its subsidiaries, the Triborugh bridge and tunnel authority and the New York city transit authority and its subsidiary of recommendations made by the inspector general or other audit agencies; and

(g) to do all things necessary to carry out the functions, powers and duties set forth in this section.

5. The inspector general shall cooperate, consult and coordinate with the state public transportation safety board with regard to any activity concerning the operations of the metropolitan transportation authority. With respect to any accident on the facilities of the metropolitan transportation authority, the primary responsibility for investigation shall be that of the board which shall share its findings with the metropolitan transportation authority inspector general.

6. The inspector general shall make annual public reports on his findings and recommendations. Such a report shall be filed in the office of the governor and with the legislature on or before the first day of February for the preceding year. The metropolitan transportation authority and its applicable constituent agencies shall prepare a response to the annual report and to any and all other final reports made by the inspector general within thirty days of receipt, which time may be extended by the inspector general in his discretion, indicating whether such authority intends to implement the recommendations in such reports, and, if not, why not. In addition, the metropolitan

transportation authority and its applicable constituent agencies shall give quarterly reports to the inspector general outlining the status of each of the recommendations made by the inspector general in his final reports. Copies of all of these reports shall be sent to the governor, the temporary president of the senate, the speaker of the assembly, the chairman of the senate transportation committee, the chairman of the senate finance committee, the chairman of the assembly corporations, authorities and commissions committee and the chairman of the assembly ways and means committee.

7. To effectuate the purposes of this section, the inspector general may request from any department, board, bureau, commission, office or other agency of the state, or of any of its political subdivisions, such cooperation, assistance, services and data as will enable him to carry out his functions, powers and duties hereunder, and they are authorized and directed to provide said cooperation, assistance, services and data.

§ 1279-a. Management advisory board. 1. There is hereby created in the office of the metropolitan transportation authority inspector general a management advisory board, consisting of thirteen members appointed by the governor, of whom two shall be appointed upon nomination by the temporary president of the senate, two upon nomination by the speaker of the assembly, one upon nomination by the minority leader of the senate and one upon nomination by the minority leader of the assembly. All members shall serve for a term of three years, except that, of the two members first appointed upon nomination by the temporary president of the senate, one shall serve for a term of two years and one shall serve for a term of one year; of the two members first appointed upon nomination by the speaker of the assembly, one shall serve for a term of two years and one shall serve for a term of one year; and, of two of the members first appointed by the governor without nomination by any other person, two shall each serve for a term of two years and two shall each serve for a term of one year. One of the members appointed to the management advisory board directly by the governor shall be designated by the governor to serve as its chairman.

2. All members of the management advisory board shall be residents of the metropolitan transportation district, and shall be persons with substantial experience in the management of private enterprise, in the delivery of public services, or in labor or labor-management relations.

3. The management advisory board shall assist the metropolitan transportation authority inspector general in identifying ways to improve services, reduce costs and increase the efficiency of the authority and its subsidiaries, the Triborough bridge and tunnel authority or the New York city transit authority and its subsidiary.

4. No later than April first, nineteen hundred eighty-four, and annually thereafter, the management advisory board shall submit to the governor and the legislature a report on its activities during the previous year.

5. The office of the metropolitan transportation authority inspector general shall provide the management advisory board with such staff support as may be required for the performance of its duties.

6. Members of the management advisory board shall serve without compensation, but shall be reimbursed for expenses reasonably incurred in the performance of their duties.

§ 1279-b. Transition--election to withdraw from the metropolitan commuter transportation district. 1. The counties of Dutchess, Orange and Rockland shall have an option to withdraw from the metropolitan commuter transportation district and have such withdrawal take effect on either: (a) January first, nineteen hundred eighty-seven. If any such county plans to withdraw from the district on January first, nineteen hundred eighty-seven, it shall (i) no later than seventy-five days after the effective date of this section, furnish the commissioner of transportation, and chairman of the authority and the other counties which have an option to withdraw, a resolution adopted by the county legislature providing notice of intent to withdraw, (ii) on or before October first, nineteen hundred eighty-six, furnish to the commissioner of transportation, the chairman of the authority and other counties which have an option to withdraw, a resolution adopted by the county legislature providing for a public transportation plan. For the purposes of this section, a "public transportation plan" shall mean a plan that maintains adequate and continuous public transportation services from the withdrawing county to the city of New York or any terminus previously served, provides a reasonable level of rail passenger service, provides a schedule for implementing such service, protects the public investment in the rail transportation system and any other criteria deemed necessary by the commissioner of transportation. Prior to withdrawal pursuant to this paragraph or paragraph (b) of this subdivision, a county must receive approval of its public transportation plan pursuant to paragraph (c) of this subdivision, (iii) on or before December fifteenth, nineteen hundred eighty-six, furnish the commissioner of transportation, a copy of an agreement with the authority or an operator of rail passenger service for the provision of rail passenger service to and from such county and the city of New York or any terminus previously served.

If a county planning to withdraw on January first, nineteen hundred eighty-seven is unable to withdraw because it could not meet the requirements of this paragraph, it may elect to withdraw pursuant to paragraph (b) of this subdivision hereafter.

(b) January first, nineteen hundred eighty-eight or January first, nineteen hundred eighty-nine. If any such county plans to withdraw on either January first, nineteen hundred eighty-eight or January first, nineteen hundred eighty-nine, it shall (i) no later than ninety days after the first of January of the year immediately preceding the year in which such county plans to withdraw from the district, furnish the commissioner of transportation, the chairman of the authority and the other counties which have an option to withdraw, a resolution adopted by the county legislature providing notice of intent to withdraw from the district, (ii) no later than one hundred twenty days after the first of January of the year immediately preceding the year in which such county plans to withdraw from the district furnish to the commissioner of transportation, the chairman of the authority and the counties which have an option to withdraw a resolution adopted by the county legislature providing a public transportation plan as described in this section, (iii) on or before October first of the year immediately preceding the year in which such county plans to withdraw from the district, furnish to the commissioner a copy of an agreement with the authority or an operator of rail passenger service for the provision of rail passenger service to and from such county and the city of New York or any terminus previously served.

(c) No later than thirty days after receipt of the public transportation plan the commissioner of transportation shall, in writing, either approve such plan as conforming with the requirements heretofore described or disapprove such plan as failing to meet such requirements and the reasons therefor. Disapproval of a plan shall not prohibit a county from resubmitting a public transportation plan and such resubmitted plan shall be approved or disapproved no later than fifteen days after receipt by the commissioner of transportation. The public transportation plan shall be subject to any state or federal public hearing requirements which the authority would be subject to if the authority made the changes proposed by such plan.

(d) Any such county which plans to withdraw from the district must meet the requirements of this section prior to the effective date of withdrawal, and no withdrawal for the purposes of this section shall take effect unless such county furnishes the resolutions and agreement prior to the effective date of withdrawal.

2. The authority and any subsidiary corporation of the authority shall enter into an agreement or agreements with a county that plans to withdraw from the district to transfer and assign to such county all authority and subsidiary railroad facilities and operations, rights and obligations, and contract rights and obligations, including operating contract rights and obligations, which are owned, operated, maintained or used directly or by contract or which are otherwise involved in the provision of railroad services to such counties. Such agreement shall provide, in the event a facility, operation, right or obligation is necessary and material to the provision of rail passenger service in the district or is not assignable under applicable bond covenants or contracts or the parties agree that it should not be assigned, that the authority or subsidiary thereof shall continue to hold and be

responsible for such facility, operation, right or obligation and that such county shall reimburse to the authority that portion of the cost to the authority or subsidiary of its retention of such facility, operation, right or obligation that is allocable to such county. If the parties agree that the authority or subsidiary thereof shall operate the railroad facilities in a county after the effective date of such county's withdrawal, the agreement also shall provide for the terms and conditions of the operation of such service.

3. Within forty-five days of the effective date of this section, the authority and any subsidiary corporation of the authority shall provide to the counties of Dutchess, Orange and Rockland a written statement, including cost estimates and the useful life, if any, of all of its facilities, operations, rights and obligations relating to the provision of rail service in such counties.

4. The authority and any subsidiary corporation of the authority is authorized to enter into an agreement or agreements with a county that plans to withdraw from the district, pursuant to which the authority or subsidiary thereof will provide technical assistance to such county prior to, during and after the withdrawal, with respect to the transfer of ownership, operation, maintenance and use of railroad facilities within such county. Such agreement may provide that the county reimburse the authority or its subsidiary for the cost to the authority and its subsidiary for the provision of such technical assistance.

5. The authority shall have no obligation to undertake or continue any project or part thereof in a current or future capital program plan which pertains to railroad facilities within or services to a county that withdraws from the district on or after such date of withdrawal nor shall the authority enter into any contract for a project or part thereof which would increase liabilities pursuant to subdivision six of this section in a county after such county notifies the authority of its intent to withdraw as provided in subdivision one of this section, provided, however, that if the authority has executed a contract for the effectuation of a project or part thereof in a capital program plan in such county, it shall be assigned to such county in accordance with

subdivision two of this section, unless the parties agree that it shall not be assigned and that the authority or its subsidiary shall continue to be responsible therefor, in which event the county shall reimburse the authority or its subsidiary in accordance with the provisions of subdivision two of this section.

6. Any county which withdraws from the district shall reimburse to the authority or its subsidiary, within the time period agreed to by the parties, any capital expenditures heretofore undertaken by the authority or its subsidiary for railroad facilities only within such county which were financed by commuter railroad revenue bonds issued by the metropolitan transportation authority pursuant to section twelve hundred sixty-nine of this article and are assigned to such county in accordance with the provisions of subdivision two of this section.

7. The obligations of a county that withdraws from the district to reimburse the authority and any subsidiary corporation of the authority for the costs of operation, maintenance and use of passenger stations pursuant to section twelve hundred seventy-seven of this article, shall continue for any such costs incurred up to the effective date of the county's withdrawal from the district and for costs incurred thereafter that result from acts preceding such withdrawal, and the applicability of the payment provisions and procedures of such section twelve hundred seventy-seven to such county shall continue thereafter with respect to the aforesaid costs.

8. In the event of a county's failure to make payment of any monies determined by the authority to be owed and due it or any subsidiary corporation of the authority pursuant to the terms of any agreement entered into pursuant to this section, the authority is authorized to recover such payments in the same manner as in section twelve hundred seventy-seven of this article and the state comptroller shall withhold and pay monies to the authority in accordance with the procedures set forth in that section.

9. The term of office of any resident of a county that withdraws from the district under this section, as a member of the board of the

authority, the Metro-North rail commuter council or the management advisory board, which is based upon residence in such county, shall terminate upon the county's withdrawal and the office shall be deemed vacant and filled in the manner provided by law.

10. The provisions of this section and all agreements undertaken in accordance herewith shall be subject to the rights of the holders of any outstanding bonds or notes issued by the authority.

§ 1279-c. The office of legislative and community input. 1. The chairperson of the authority shall establish the office of legislative and community input for the purpose of communicating information to, and receiving comments, concerns and recommendations from, members of the legislature, and members of the permanent citizens advisory committee to the authority, as defined in section twelve hundred sixty-six-i of this chapter, on the following:

(a) the operations of the rapid transit, omnibus and commuter rail line facilities of the authority including, but not limited to:

(i) the quality of service provided on any rapid transit, omnibus, and commuter rail line or route;

(ii) the frequency of operating service on the authority's mass transit facilities;

(iii) the maintenance and condition of the authority's mass transit facilities including, but not limited to, rapid transit and commuter rail stations, railcars, buses, rail lines, fare collection systems and sound systems; and

(iv) proposed service changes, including any reductions or expansion of services, as it relates to the authority's mass transit facilities; and

(b) any proposed, submitted and/or approved capital program plan, its components, elements and projects, and associated expenditures. Any such comments, concerns and recommendations relating to the capital program plan, its components, elements and projects, and associated expenditures shall be taken into consideration in the development of the current and each successive capital program plan and/or any amendment to such plan.

2. The office shall establish a process to ensure timely notification of the receipt of, and response to, comments, concerns, and recommendations by members of the legislature or members of the permanent citizens advisory committee to the authority.

3. The chair and office shall prepare a report containing the following information:

(a) a compilation of the comments, concerns, and recommendations received by the office;

(b) how these comments, concerns or recommendations were or will be addressed, such as the authority's response by the incorporation or initiation of system and operational adjustments, improvements or expansions if applicable; and

(c) how these comments, concerns or recommendations were or will be addressed, such as the authority's response by changing or amending the capital plan, as well as providing status updates on the progress of such plan.

4. Such report shall on a biannual basis, commencing September first, two thousand nine, be submitted to the governor, the temporary president of the senate and the speaker of the assembly, be posted on the authority's website and also be made readily available to the public.

§ 1279-d. Supplemental revenue reporting program. 1. On or before January first, two thousand nineteen, the authority shall develop a supplemental revenue reporting program. Such program shall provide a detailed accounting of the amount spent from supplemental revenues on actions, measures or projects undertaken to reduce major incidents that have been found to cause delays to the New York city subway system, including but not limited to: track incidents; signal failure; persons on the track; police and medical activity; structural and electrical problems; and broken traincar equipment. The information described in this subdivision, including the spending details and the associated category of major incident, shall be updated quarterly and be prominently posted together on the authority's website.

2. Definitions. For purposes of this section, "supplemental revenues" shall include any funds appropriated by the state or the city of New York to support the NYC subway action plan approved by the board of the authority and any revenues received pursuant to section twelve hundred ninety-nine-H of the tax law.

§ 1279-e. Assignment, transfer, sharing or consolidating powers, functions or activities. 1. (a) Notwithstanding any provision of this title or any other provision of law, general, special or local, the authority shall develop and complete a personnel and reorganization plan no later than June thirtieth, two thousand nineteen which shall, in whole or in part, assign, transfer, share, or consolidate any one or more of its powers, duties, functions or activities or any department, division or office established therewith, or any of those of its subsidiaries, or affiliates or their subsidiaries, within or between itself, its subsidiaries or affiliates or their subsidiaries, including, but not limited to the New York City Transit Authority, the Long Island Rail Road, the Metro North Commuter Railroad Company, MTA Capital Construction, MTA New York City Bus, Triborough bridge and tunnel authority, and the MTA Staten Island Railway, in a manner consistent with the provisions of this section. Such plan shall identify common functions and assign, transfer, share or consolidate, in whole or in part, such functions between the authority and its subsidiaries, affiliates and subsidiaries of affiliates and shall be accompanied by an independent evaluation of existing personnel within or between itself, its subsidiaries, or affiliates or their subsidiaries in coordination with the authority's senior management. This plan shall be approved by the board of the authority by July thirtieth, two thousand nineteen. Upon such approval, the board shall also appoint a director of MTA transformation whose responsibilities shall include implementing the personnel and reorganization plan and reporting directly to the board regarding the director's activities.

(b) Upon receipt of the review pursuant to section twelve hundred seventy-nine-f of this title the authority shall revise the personnel and reorganization plan to consider and incorporate the findings of such review within ninety days of receipt. Such revised personnel and reorganization plan shall be approved by the board of the authority.

2. Such assignment, transfer, sharing, or consolidation pursuant to this section shall occur only if approved by resolution of the board of the authority, serving on behalf of the authority and any affected subsidiary or affiliate or their subsidiary, adopted by not less than a majority vote of the whole number of members of the authority then in office, with the chairman having one additional vote in the event of a tie vote.

3. Pursuant to this section, any such assigning, transferring, sharing, or consolidating of powers, duties, functions or activities shall not be authorized where it would impair any rights and remedies of any holders of notes, bonds or other obligations issued by the authority, its subsidiaries, or affiliates or their subsidiaries. Nothing set forth in this section shall be construed to impede, infringe or diminish the rights and benefits that accrue to employees and employers through collective bargaining agreements, or impact or change an employee's membership in a bargaining unit.

4. No consolidation shall result in the complete dissolution or merger within or between the authority or its subsidiaries, affiliates or their subsidiaries.

§ 1279-f. Independent forensic audit. 1. The authority shall contract with a certified public accounting firm for the provision of an independent, comprehensive, forensic audit of the authority. Such audit shall be performed in accordance with generally accepted government auditing standards. Such audit shall include, but is not limited to a complete and thorough examination and detailed accounting of the authority's capital elements, broken down by agency, including but not limited to: rolling stock and omnibuses, passenger stations, track, line equipment, line structures, signals and communications, power equipment, emergency power equipment and substations, shops, yards, maintenance facilities, depots and terminals, service vehicles, security systems, electrification extensions, and unspecified, miscellaneous and emergency.

The authority shall also contract with a financial advisory firm with a national practice for the provisions of a review of: (a) any fraud, waste, abuse, or conflicts or interest occurring within any department, division, or office of the authority, its subsidiaries, affiliates, and subsidiaries of affiliates; (b) any duplication of functions or duties between the departments, divisions or office of the authority, its subsidiaries, affiliates, and subsidiaries of affiliates; (c) options for potential cost efficiencies and savings that could be achieved through changes in internal controls and management reforms, functional and process streamlining, internal procurement process reforms; (d) the two thousand fifteen to two thousand nineteen capital plan for cost overages and duplication; (e) the development of standardized performance metrics for planning, design, approvals, change orders, project management and delivery; and (f) cash flow and accounting of expenditures of the authority, its subsidiaries, affiliates, and subsidiaries of affiliates for the preceding three fiscal years.

2. Such audit shall be completed and submitted to the board no later than January first, two thousand twenty and posted publicly on the authority's website within thirty days of submission to the board. Such reviews shall be completed and submitted to the board no later than July thirty-first, two thousand nineteen and posted publicly on the authority's website within thirty days of submission to the board.

3. The certified independent public accounting firm providing the authority's independent, comprehensive, forensic audit shall adhere to the requirements in paragraphs (a), (b) and (c) of this subdivision; provided, however, the authority may contract with an accounting firm notwithstanding paragraphs (a), (b) and (c) of this subdivision and notwithstanding section twelve hundred seventy-six-c of this title upon a written determination by the board of the authority which shall detail that such accounting firm was awarded such contract on the basis that no accounting firm meets the requirements set forth in paragraphs (a), (b) and (c) of this subdivision.

(a) Such certified independent public accounting firm shall be prohibited from providing audit services to the authority if the audit partner having primary responsibility for the audit or the audit partner responsible for reviewing the audit has performed audit services for the authority in any of the five previous fiscal years of the authority.

(b) Such certified independent public accounting firm shall be prohibited from performing any non-audit services to the authority contemporaneously with the audit, including: (1) bookkeeping or other services related to the accounting records or financial statements of such authority; (2) financial information systems design and implementation; (3) appraisal or valuation services, fairness opinions, or contribution-in-kind reports; (4) actuarial services; (5) internal audit outsourcing services; (6) management functions or human services; (7) broker or dealer, investment advisor, or investment banking services; and (8) legal services and expert services unrelated to the audit.

(c) Such certified independent public accounting firm shall be prohibited from providing audit services to the authority if an employee assigned to the audit has performed audit services for the authority or has been employed by the authority in any of the three previous fiscal years of the authority.

4. Within one year of the effective date of this subdivision, the authority shall publish a report detailing the steps it has taken to implement the recommendations of the audit and the reviews, and provide estimates of the recurring and non-recurring cost savings and efficiencies that have been realized or are anticipated from implementing such recommendations. The authority shall also review its two thousand twenty to two thousand twenty-four capital plan for cost overages and duplication and include its findings in the report. The authority shall publish an additional updated report no later than July first, two thousand twenty-five.

5. To the extent practicable, the findings and recommendations made pursuant to this section and to section twelve hundred seventy-nine-g of this title shall be incorporated into any twenty-year capital needs assessment submitted prior to January first, two thousand twenty-five to the metropolitan transportation authority capital program review board

pursuant to subdivision c of section twelve hundred sixty-nine-c of this title.

§ 1279-g. Major construction review unit. The authority shall establish the major construction review unit within the authority that shall consist of a panel of internal and external experts appointed by the board. Panel members shall have extensive background or executive experience in at least one of the following areas: engineering; design; construction; or, project management. The major construction review unit shall review all large scale projects of the authority, its subsidiaries, affiliates and the subsidiaries of its affiliates before award and shall also review any plans involving signal system upgrades, including, but not limited to the use of communications based train control and ultra-wideband technology for use within the New York City subway system before they shall be implemented. The review of any project or system upgrade referred to the review unit shall be completed within thirty days from the submission of such project or system to the review unit.

§ 1279-h. Debarment. The authority shall establish, pursuant to regulation, a debarment process for contractors of the authority that prohibits such contractors from bidding on future contracts, after a debarment determination by such authority, for a period of five years from such determination. Such regulations must ensure notice and an opportunity to be heard before such debarment determination and provide as a defense acts such as force majeure. Such regulations shall only provide for a debarment in situations involving a contractor's failure to substantially complete the work within the time frame set forth in the contract, or in any subsequent change order, by more than ten percent of the contract term; or where a contractor's disputed work exceeds ten percent or more of the total contract cost where claimed costs are deemed to be invalid pursuant by the contractual dispute resolution process.

§ 1279-i. Open data reporting. 1. The metropolitan transportation authority and its subsidiaries and affiliates, including the New York city transit authority and the Triborough bridge and tunnel authority, shall fully comply with the provisions of Executive Order 95 of 2013, "Using Technology to Promote Transparency, Improve Government Performance and Enhance Citizen Engagement," and shall provide the New York state office of information technology services and legislature all data as defined in this section.

2. For the purposes of this section, the following terms shall have the following meanings:

(a) "open data website" shall mean the website data.ny.gov or such other successor website maintained by, or on behalf of, the state, as deemed appropriate by the New York state office of information technology services under Executive Order 95 of 2013, or any successor agency or order;

(b) "data" shall mean final versions of statistical or factual information that (i) are in alphanumeric form reflected in a list, table, graph, chart or other non-narrative form, that can be digitally transmitted or processed; (ii) are regularly created or maintained by or on behalf of the metropolitan transportation authority, its subsidiaries and affiliates and are controlled by such entities; and (iii) record a measurement, transaction or determination related to the mission of the metropolitan transportation authority, its subsidiaries and affiliates. The term "data" shall not include image files, such as designs, drawings, photos or scanned copies of original documents; provided, however, that the term "data" shall include statistical or factual information about image files and geographic information system data;

(c) "data set" shall mean a named collection of related records maintained on a storage device, with the collection containing data organized or formatted in a specific or prescribed way, often in tabular form; and

(d) "publishable MTA data" shall mean data that is collected by the metropolitan transportation authority, its subsidiaries and affiliates where the authority, subsidiary or affiliate is permitted, required or able to make the data available to the public, consistent with any and all applicable laws, rules, regulations, ordinances, resolutions, policies or other restrictions, requirements or rights associated with the publishable MTA data, including but not limited to contractual or other legal orders, restrictions or requirements. Data shall not be publishable MTA data if making such data available on the open data website would violate statute or regulation, including, but not limited to, disclosures that would constitute an unwarranted invasion of personal privacy, endanger the public health, safety or welfare, hinder the operation of government, including criminal and civil investigations, or impose an undue financial, operational or administrative burden on the authority or its subsidiaries or affiliates.

3. As required by Executive Order 95 of 2013, the metropolitan transportation authority shall designate a data coordinator, who shall:

(a) have authority equivalent to that of a deputy commissioner or the head of a division or department;

(b) have knowledge of data and resources in use by the entity; and

(c) be responsible for the compliance of the authority, its subsidiaries and affiliates with the order.

4. The authority and its subsidiaries and affiliates shall make their publishable MTA data available on its website and the open data website as follows:

(a) The authority shall create a catalogue of publishable MTA data within one hundred eighty days of the effective date of this section;

(b) The metropolitan transportation authority shall within one hundred eighty days of the effective date of this section, submit to the legislature and publish on its shared internet website a schedule for making its publishable MTA data publicly available. Such schedule shall provide for updating the data catalogue as appropriate; and

(c) The metropolitan transportation authority shall create schedules for publishing all publishable MTA data within three years of the effective date of this section.

5. The metropolitan transportation authority, its subsidiaries and affiliates shall not be prevented from publishing data in advance of the dates set in their schedules.

§ 1279-l. Right to share employees. 1. It is hereby found and declared to be necessary and proper to authorize the authority, its subsidiaries, affiliates, and subsidiaries of affiliates, powers to effectuate and ensure such entities continued financial viability, which is at issue given sizable operating deficits and significant capital needs. Allowing wholesale internal management reforms will create savings, combat entrenched bureaucracies, create streamlined, uniform, and efficient services, ensure public accountability and reestablish public trust. In order to facilitate these necessary goals it is both reasonable and a legitimate public purpose to provide systematic authority for the sharing of employees within and between the respective entities.

2. Notwithstanding any provision of law to the contrary, the authority, its subsidiaries, affiliates, and subsidiaries of affiliates shall each have the right to share employees within and between such entities and to assign such employees to perform any operation or function subject only to a determination that they are substantially similar to any operation or function currently performed. Substantially similar operation or function shall be determined exclusively by the authority.

3. Nothing set forth in this subdivision shall be construed to impede, infringe or diminish the rights and benefits that accrue to employees and employers through collective bargaining agreements, or impact or change an employee's membership in a bargaining unit.

TITLE 12

NEW YORK STATE ENVIRONMENTAL FACILITIES CORPORATION

§ 1280. Short title. This title may be cited as the "New York State Environmental Facilities Corporation Act."

§ 1281. Definitions. As used or referred to in this title, unless a different meaning clearly appears from the context:

1. "Corporation" shall mean the corporation continued by section twelve hundred eighty-two of this title.

2. "Construction" shall mean the erection, building, acquisition, alteration, reconstruction, improvement, enlargement or extension of sewage treatment works, sewage collecting systems, solid waste disposal facilities, air pollution control facilities, water management facilities, storm water collecting systems, state park infrastructure projects, or all or any portion of Riverbank Park as the case may be; the inspection and supervision thereof; and the engineering, architectural, legal, fiscal and economic investigations and studies, surveys, designs, plans, working drawings, specifications, procedures, and other actions necessary thereto.

3. "Governing body" shall mean

a. In the case of a county, city, town, village, county or town improvement district, the board of supervisors, board of aldermen, common council, commission, town board, board of trustees or other elective board or body now or hereafter vested by state statute, charter or other law with jurisdiction to initiate and adopt local laws or ordinances, whether or not such local laws or ordinances require the approval of the chief executive officer or other official or body to become effective;

b. In the case of a district corporation, the board vested with the management and control of the corporation; and

c. In the case of a sewer authority now existing in a city, the members of such authority.

4. "Municipal bonds and notes" shall mean the bonds and notes authorized and issued pursuant to the local finance law or other act of the legislature by any municipality for the purposes of financing the construction of a sewage treatment works, sewage collecting system, storm water collecting system, water management facility, air pollution control facility, or solid waste disposal facility.

5. "Municipality" shall mean any county, city, town, village, district corporation, county or town improvement district, sewer authority now existing in a city, or any two or more of the foregoing which are acting jointly in connection with a sewage treatment works, sewage collecting system, solid waste disposal facility, air pollution control facility, water management facility, or storm water collecting system. For purposes of sections twelve hundred eighty-five-j and twelve hundred eighty-five-m of this title only, a municipality may, in addition to the foregoing, include an Indian nation or tribe recognized by the state or the United States with a reservation wholly or partly within the boundaries of New York state, any public benefit corporation or public authority established pursuant to the laws of New York or any agency of New York state which is empowered to construct and operate a municipal water pollution control project or water management facility, or any two or more of the foregoing which are acting jointly in connection with a municipal water pollution control project or water management facility. For purposes of section twelve hundred eighty-five-m of this title only,

a municipality may, in addition to the foregoing, include a school district.

6. "Real property" shall mean lands, structures, franchises and interests in land, waters, lands under water, riparian rights and air rights and any and all things and rights included within said term and includes not only fees simple absolute but also any and all lesser interests including but not limited to easements, rights of way, uses, leases, licenses and all other incorporeal hereditaments and every estate, interest or right, legal or equitable, including terms for years and liens thereon by way of judgments, mortgages or otherwise.

7. "Sewage collecting systems" shall mean systems of underground conduits designed to pick up sewage from commercial, residential and industrial properties and deliver it by gravity with or without intermediate pumping to a sewage treatment or disposal plant.

8. "Sewage treatment works" shall mean a facility for the purpose of treating, neutralizing or stabilizing sewage, industrial waste or a combination thereof, including but not limited to treatment or disposal plants, the necessary intercepting, outfall, force mains and outlet sewers, pumping stations integral to such plants or sewers, and other property used for treating, utilizing, storing, processing, or finally disposing of sewage or industrial waste, equipment and furnishings thereof and their appurtenances.

9. "Solid waste" shall mean all putrescible and non-putrescible solid wastes, including but not limited to garbage, refuse, sludge, rubbish, ashes, incinerator residue, street cleanings, dead animals, demolition and construction debris, automobile bodies, offal and other discarded and solid materials, including but not limited to that resulting from commercial, industrial, construction, demolition, agricultural, governmental, residential or community processes or activities.

10. "Solid waste disposal facility" shall mean a facility or site for the purpose of treating, compacting, recycling, or disposing of solid waste materials, including treatment, compacting, resource recovery or

disposal plants, equipment and furnishings thereof used for the storage, treatment, compacting, composting, shredding, converting, utilization, processing, or final disposal of solid waste, including but not limited to resource recovery facilities, mechanical, chemical or thermal processing systems, incinerators, sanitary landfills, other facilities for the storage, reduction or conversion of solid waste, used singly or in combination, and appurtenances, furnishings, equipment and machinery deemed necessary thereto, whether said facility or site serves one or more purposes in addition to the primary purpose of disposing of solid waste materials, and a facility or site for the collection and conveyance of solid wastes, including but not limited to transfer stations, baling facilities, railroad and maritime facilities, motor trucks or vehicles and appurtenances, furnishings, equipment and machinery deemed necessary thereto, but not including services necessary for the collection of solid wastes.

11. "State agency" shall mean any officer, authority, corporation, department, board, commission, bureau, division, public benefit corporation, council, agency or instrumentality of the state.

12. "State" shall mean the state of New York.

13. "Cost" as applied to any project shall include, but not be limited to, cost of construction of the project, the cost of acquisition of all property, including real property and other property, both real and personal and improved and unimproved, the cost of demolishing, removing or relocating any buildings or structures on lands so acquired, including the cost of acquiring any lands to which such buildings or structures may be moved or relocated, the costs of all systems, facilities, machinery and equipment, financing charges, interest prior to and during construction, the cost of engineering and architectural surveys, plans and specifications, the cost of consultants' and legal services, the cost of lease guarantee or bond insurance, other expenses necessary or incident to the construction of such project and the financing of the construction thereof, including the amount authorized in the resolution of the corporation providing for the issuance of bonds to be paid into any special fund from the proceeds of such bonds and the

financing of the placing of any project in operation, including reimbursement to any municipality, state agency, the state, the United States government, or any other person for expenditures, made with the prior approval of the corporation, that would be costs of the project hereunder had they been made directly by the corporation.

14. "Person" shall mean any person, including individuals, firms, partnerships, associations, public utilities or corporations organized or existing under the laws of the state or any other state, exclusive of a municipal corporation or state agency.

15. "Project" shall mean any sewage treatment works, sewage collecting systems, solid waste disposal facilities, air pollution control facility, water management facility, industrial hazardous waste treatment, storage, exchange and disposal facility, inactive hazardous waste disposal site remedial program, storm water collecting system, and waste oil recovery, reprocessing and rerefining facilities or any other works or facilities which the corporation is authorized to plan, finance, construct, operate or maintain under the provisions of this title including all buildings, systems, facilities, appurtenances, machinery and equipment which the corporation deems necessary for the operation of the project, including the site therefor, together with all property, rights, easements and interests, either on or off such site, which may be required for the operation of the project.

16. "Sewage" shall mean the water-carried human or animal wastes from residences, buildings, industrial establishments or other places, together with such ground water infiltration and surface water as may be present. The admixture with sewage of industrial waste or other waste shall also be considered "sewage" within the meaning of this title.

17. "Air pollution control facility" shall mean a facility, for the purpose of abating or controlling atmospheric pollutants, contaminants, waste or heat, by recovery methods or otherwise, whether said facility serves one or more purposes in addition to the primary purpose of abating or controlling such pollutants, contaminants, waste, or heat, including treatment, neutralizing or stabilizing plants, site equipment

and necessary furnishings thereof, their appurtenances, and any property, real or personal, functionally related and subordinate to said facility.

18. "Industrial waste" shall mean any liquid, gaseous, or solid waste substance or a combination thereof resulting from any process of industry, manufacture, trade, or business, or from the development, processing, or recovery of any natural resource which pollutes the water or air of the state.

19. "Water management facility" shall mean a water supply facility or a facility or site for the supply, control, treatment and distribution of water, including but not limited to water transmission lines, pumping stations, reservoirs, dams and other impoundments, and all of the necessary appurtenances incidental thereto for the purpose of providing a public water supply. It shall also mean a facility for the purpose of abating or controlling water pollutants, contaminants, waste or heat, by recovery methods or otherwise, whether said facility serves one or more purposes in addition to the primary purpose of abating or controlling such pollutants, contaminants, waste or heat, including but not limited to treatment, neutralizing or stabilizing plants, site equipment and necessary furnishings thereof, their appurtenances, and any other property, real or personal, functionally related and subordinate to said facility.

20. "Storm water collecting system" shall mean systems of conduits and all other constructions, devices, and appliances appurtenant thereto, designed and used to collect and carry storm water and surface water, street wash and other wash or drainage waters.

21. "Resource recovery facilities" shall mean facilities, structures, machinery, or devices, singly or in combination, designed, constructed and required to separate, process, modify, convert, treat, or prepare collected solid waste so that component materials or substances or recoverable resources may be used as a raw material or for their productive purposes, which are required for the process of obtaining materials, substances, or heat, oil, gas or other sources or forms of

energy from solid waste for use or reuse, including but not be limited to, singly or in combination, structures, mechanical, chemical or thermal processing systems, furnaces, steam generating equipment, electric generating equipment, pyrolization facilities and other appurtenances, furnishings, equipment and machinery deemed necessary thereto.

22. "Industrial hazardous waste" shall mean an industrial waste or combination of wastes, which because of its quantity, concentration, or physical, chemical or infectious characteristics may:

(a) cause, or significantly contribute to an increase in serious irreversible, or incapacitating reversible illness; and/or

(b) pose a substantial present or potential hazard to human health or the environment and, therefore, must be segregated and excluded from the general municipal waste system and sewage collection and treatment process.

23. "Industrial hazardous waste treatment, storage and disposal facility" shall mean a specialized facility or site other than a sewage treatment for the purpose of treating, storing, compacting, recycling, exchanging, or disposing of industrial hazardous waste materials, including treatment, compacting, resource recovery or disposal plants, equipment and furnishings thereof used for the storage, treatment, compacting, composting, shredding, converting, utilization, processing, or final disposal of hazardous waste, including but not limited to mechanical, chemical or thermal processing systems, incinerators, sanitary landfills, other facilities for the storage, reduction or conversion of hazardous waste, including but not limited to transfer stations, baling facilities, railroad and maritime facilities, motor trucks or vehicles and appurtenances, furnishings, equipment and machinery deemed necessary thereto.

24. "Hazardous waste" shall have the same meaning as set forth in section 27-1301 of the environmental conservation law.

25. "Inactive hazardous waste disposal site" shall have the same meaning as set forth in section 27-1301 of the environmental

conservation law.

26. "Inactive hazardous waste disposal site remedial program" shall have the same meaning as set forth in section 27-1301 of the environmental conservation law.

27. "Municipal water pollution control project" shall mean a sewage facility or related facility which is an "eligible project" within the meaning of section 17-1909 of the environmental conservation law.

* 28. "Riverbank Park" shall mean a park or parks to be located on a site of approximately twenty-eight acres, on the roof of and adjacent to the North River sewage treatment plant, located at the Hudson River between 137th and 145th Streets in the borough of Manhattan, city of New York, including all buildings, systems, bridges and other means of pedestrian or vehicular access, recreational, cultural and athletic facilities, appurtenances, machinery and equipment which the corporation deems necessary for the operation of such park or parks, including the site therefor, together with all property, rights, easements and interests, either on or off such site, which may be required for the operation of such park or parks. Such recreational, cultural and athletic facilities may include, without limitation, swimming pools, gymnasia, athletic fields, skating rinks, tennis courts, theaters or amphitheaters and centers for the performing arts.

* NB There are 2 sub 28's

* 28. "Waste" means any garbage, refuse, sludge from a waste treatment plant, water supply treatment plant, or air pollution control facility, and other discarded material, whether or not such material may eventually be used for some other purpose, including solid, liquid, semisolid, or contained gaseous material resulting from industrial, commercial, mining and agricultural operations or from community activities, and source, special nuclear or by-product material as defined in the Atomic Energy Act of 1954, as amended, except as may be provided by existing agreements between the state of New York and the government of the United States, but does not include solid or dissolved material in domestic sewage, or solid or dissolved materials in irrigation return flows or industrial discharges which are point sources subject to permits under article seventeen of the environmental

conservation law.
* NB There are 2 sub 28's

29. "State park infrastructure" shall mean state park resources, recreational facilities and historic sites and any other property, real or personal, under the jurisdiction of the New York state office of parks, recreation and historic preservation, together with machinery, equipment, furnishings and fixtures relating thereto or used in connection therewith.

30. "State park infrastructure project" shall mean all costs incurred or to be incurred by or on behalf of the office of parks, recreation and historic preservation for the purpose of preserving, improving or rehabilitating state park infrastructure.

31. "Waste oil" shall mean used engine lubricating oil and any other oil, including but not limited to, fuel oil, motor oil, gear oil, cutting oil, transmission fluid, hydraulic fluid, dielectric fluid, oil storage tank residue, animal oil, and vegetable oil, which has been contaminated by physical or chemical impurities, through use or accident, and has not subsequently been rerefined.

32. "Waste oil recovery, reprocessing and rerefining facilities" shall mean facilities, structures, machinery, or devices, singly or in combination, for purposes of separating, processing, modifying, converting, treating or otherwise preparing waste oil so that it, or its components or substances, may be beneficially reused, including reuse as raw materials, as lubricants, or as an energy source. Such facilities, structures, machinery or devices may include, but shall not be limited to, mechanical, chemical or thermal processing systems, furnaces, laboratories, storage and blending tanks, pumping stations, transfer stations, railroad and maritime facilities, motor trucks or vehicles and other appurtenances, furnishings, machinery and equipment deemed necessary thereto.

33. "Water supply facility" or "water supply project" shall mean a water supply facility which is an "eligible project" within the meaning

of subdivision four of section eleven hundred sixty of the public health law.

34. "Recipient" shall mean any municipality, public utility, or person, including any individual, firm, partnership, association, not-for-profit corporation or other corporation organized and existing under the laws of the state or any other state which is empowered to construct and operate an eligible project, or any two or more of the foregoing which are acting jointly in connection with an eligible project.

§ 1282. New York state environmental facilities corporation. 1. The "New York state pure waters authority" is hereby reconstituted and continued as the "New York state environmental facilities corporation". Reference in any provision of law, general, special or local, or in any rule, regulation or public document to the New York state pure waters authority shall be deemed to be and construed as a reference to the corporation continued by this section. The corporation shall be a body corporate and politic constituting a public benefit corporation. Its membership shall consist of seven directors: the commissioner of environmental conservation who shall be chair, the commissioner of health, the secretary of state, and four directors appointed by the governor by and with the advice and consent of the senate. The directors appointed by the governor who are not state officers, shall serve for terms of six years each, provided, however, that of the directors first appointed, two shall serve for terms of two years, the remaining two for terms of four and six years, respectively, from January first next succeeding their appointment. The appointed members of the New York state pure waters authority in office on the effective date of this title shall be deemed to be directors first appointed in accordance with the foregoing and shall hold office for the balance of the terms for which they were severally appointed. Any vacancy occurring otherwise than by expiration of term shall be filled in the same manner as the original appointment for the balance of the unexpired term. The board of directors of the corporation shall appoint, by resolution, the president of the corporation. The president shall be the chief executive officer of the corporation and shall serve at the pleasure of the board of directors of the corporation.

2. Each director shall not receive a salary or other compensation, but shall be entitled to reimbursement for actual and necessary expenses incurred in the performance of his or her official duties.

3. Such directors other than the commissioner of environmental conservation, the commissioner of health and the secretary of state may engage in private employment, or in a profession or business, subject to the limitation contained in sections seventy-three and seventy-four of the public officers law. The corporation shall, for the purposes of sections seventy-three and seventy-four of the public officers law, be a "state agency," and such directors shall be "officers" of the corporation for the purposes of said sections.

4. Four directors of the corporation shall constitute a quorum for the transaction of any business or the exercise of any power of the corporation. For the transaction of any business or the exercise of any power of the corporation, the corporation shall have power to act by a majority of the directors present at any meeting at which a quorum is in attendance. Videoconferencing may be used for attendance and participation by the directors. Any director attending and participating by the use of videoconferencing in compliance with article seven of the public officers law shall be considered to be present at the meeting. The corporation may delegate to one or more of its directors, or its officers, agents and employees, such powers and duties as it may deem proper. The commissioner of environmental conservation, the commissioner of health and the secretary of state may, by official proxy, filed with and approved by the corporation, designate an officer in their respective department, to perform, in their absence, their respective duties under this article. The term "director" as used in this subdivision shall include such persons so designated as provided herein. The designation of such persons shall be deemed temporary only and shall not affect the civil service or retirement rights of any persons so designated.

5. Notwithstanding any inconsistent provisions of this or any other law, general, special or local, no officer or employee of the state, or of any civil division thereof, shall be deemed to have forfeited or shall forfeit his office or employment or any benefits provided under the retirement and social security law by reason of his acceptance of membership on the corporation, provided, however, a director who holds such other public office or employment shall receive no additional compensation for services rendered pursuant to this title, but shall be entitled to reimbursement for his actual and necessary expenses incurred in the performance of such services.

6. The governor may remove any director for inefficiency, neglect of duty or misconduct in office after giving him a copy of the charges against him and an opportunity to be heard, in person or by counsel in his defense, upon not less than ten days' notice. If any director shall be so removed, the governor shall file in the office of the department of state a complete statement of charges made against such director, and his findings thereon, together with a complete record of the proceedings.

7. The corporation shall continue so long as it shall have bonds or other obligations outstanding and until its existence shall be terminated by law. Upon the termination of the existence of the corporation, all its rights and properties shall pass to and be vested in the state.

§ 1283. Purposes of the corporation. 1. The purposes of the corporation shall be the planning, financing, construction, maintenance and operation of sewage treatment works, sewage collecting systems, air pollution control facilities, water management facilities, storm water collecting systems, solid waste disposal facilities and state park infrastructure projects, the construction on behalf of municipalities and state agencies of sewage treatment works, sewage collecting systems, air pollution control facilities, water management facilities, storm water collecting systems and solid waste disposal facilities, the financing, for or on behalf of persons, of sewage treatment works, air pollution control facilities, water management facilities, and solid waste disposal facilities and the making of loans which may, but need not, be secured by mortgage, contracts and other instruments to persons for the planning and construction of sewage treatment works, air pollution control facilities, water management facilities and solid waste disposal facilities and the assistance of municipalities, state agencies and the state in the planning, financing, construction, maintenance and operation of sewage treatment works, sewage collecting systems, air pollution control facilities, water management facilities, storm water collecting systems and solid waste disposal facilities, in accordance with the provisions of this title. In addition, the purposes of the corporation shall include financing the design, acquisition, construction, improvement and installation of all or any portion of Riverbank Park.

2. It is hereby found and declared that such purposes are in all respects for the benefit of the people of the state of New York and the corporation shall be regarded as performing an essential governmental function in carrying out its purposes and in exercising the powers granted by this title.

§ 1284. General powers of the corporation. Except as otherwise limited by this title, the corporation shall have power:

1. To sue and be sued;

2. To have a seal and alter the same at pleasure;

3. To borrow money and issue negotiable or non-negotiable notes, bonds or other obligations and to provide for the rights of the holders thereof;

4. To invest any funds held in reserve or sinking funds, or any monies not required for immediate use or disbursement, at the discretion of the corporation (i) in obligations of the state or the United States of America; (ii) in obligations the principal and interest of which are

guaranteed by the state or the United States of America; (iii) in obligations issued by the United States of America, an agency thereof or a United States government sponsored corporation or obligations fully insured or guaranteed as to the payment of principal and interest by the United States of America, an agency thereof or a United States government sponsored corporation; or in deposits with such banks or trust companies as may be designated by the corporation. Each such bank or trust company deposit shall be continuously and fully secured by direct obligations of the state or the United States of America, or by obligations the principal and interest of which are guaranteed by the state or the United States of America, and additionally, any funds managed by the corporation for any municipality may be continuously and fully secured by obligations of any municipality, school district or district corporation of the state of New York of a market value equal at all times to the amount of the deposit, and all banks and trust companies are hereby authorized to give such security;

5. To make and alter by-laws for its organization and internal management, and rules and regulations governing the exercise of its powers and the fulfillment of its purposes under this title;

6. To enter into contracts and leases and to execute all instruments necessary or convenient or desirable for the purposes of the corporation or to carry out any powers expressly given it in this title;

7. To acquire, purchase, hold, lease as lessee, dispose of and use any real or personal property or any interest therein necessary, convenient or desirable to carry out the purpose of this title and to sell, lease as lessor, transfer and dispose of any property or interest therein at any time required by it in the exercise of its power including but not limited to the sale, transfer or disposal of any materials, substances or sources or forms of energy derived from any corporate activity.

8. To appoint such officers and employees as it may require for the performance of its duties, and to fix and determine their qualifications, duties and compensation and to retain or employ counsel, auditors, engineers and private consultants on a contract basis or

otherwise for rendering professional or technical services and advice;

9. To make plans, surveys, and studies necessary, convenient or desirable to the effectuation of the purposes and powers of the corporation and to prepare recommendations in regard thereto, provided that such plans, surveys, studies and recommendations shall be in conformity with any comprehensive studies and reports on the collection, treatment and disposal of sewage conducted and approved pursuant to the provisions of section twelve hundred sixty-three-a of the public health law, on the collection, treatment and disposal of refuse conducted and approved pursuant to the provisions of title IX of the public health law, and on public water supply systems conducted and approved pursuant to the provisions of part V-A of article V of the conservation law and on the control and abatement of air pollution conducted and approved pursuant to the provisions of title II, article twelve-A of the public health law;

10. To enter upon such lands, waters, or premises as in the judgment of the corporation may be necessary, convenient or desirable for the purpose of making surveys, soundings, borings and examinations to accomplish any purpose authorized by this title, the corporation being liable for actual damage done;

11. To conduct investigations and hearings in the furtherance of its general purposes, and in aid thereof to have access to any books, records or papers relevant thereto; and if any person whose testimony shall be required for the proper performance of the duties of the corporation shall fail or refuse to aid or assist the corporation in the conduct of any investigation or hearing, or to produce any relevant books, records or other papers, the corporation is authorized to apply for process of subpoena, to issue out of any court of general original jurisdiction whose process can reach such person, upon due cause shown;

12. To acquire municipal bonds and notes and bonds and notes of certain state agencies, and to make loan commitments and loans to municipalities and certain state agencies, and to enter into option arrangements with municipalities for the purchase of municipal bonds and

notes;

13. To sell any municipal bonds or notes, other securities, or other personal property acquired by the corporation whenever it is determined by the corporation that the sale of such property is desirable; municipal bonds and notes acquired by the corporation shall be sold by the corporation only at public sale at such price or prices as it shall determine, and a notice of such sale shall be published at least once at least five days prior to the date of such sale in a financial newspaper or journal published in the City of New York; the proceeds of the sale by the corporation of any municipal bonds or notes shall be required to be held for the benefit of the bonds and notes and interest thereon entitled to be paid therefrom, or shall be used to purchase, or applied towards the redemption of bonds or notes, at not more than the redemption price then applicable, plus accrued interest to the next payment date thereon, or, if not then redeemable, at a premium of not more than the redemption price applicable on the first date after such purchase upon which the bonds or notes become subject to redemption, plus accrued interest to said date, all subject to such agreements with bondholders or noteholders as may then exist;

14. To accept any gifts or grants or loans of funds or property from the federal government or from the state or from any other federal or state public body or political subdivision or any other person and to comply, subject to the provisions of this title, with the terms and conditions thereof;

15. To appoint such advisory committees as may be necessary, convenient or desirable to the effectuation of the purposes and powers of the corporation; and

16. To do all things necessary, convenient or desirable to carry out its purposes and for the exercise of the powers granted in this title.

§ 1285. Special powers of the corporation. In order to effectuate the purposes of this title, the corporation shall have the following special powers:

1. Construction, operation and maintenance of sewage treatment works, sewage collecting systems and solid waste disposal facilities on behalf of a municipality. (a) The corporation and any municipality having power to construct sewage treatment works, sewage collecting systems or solid waste disposal facilities by resolution of its governing body may enter into a contract for the construction of sewage treatment works, sewage collecting systems or solid waste disposal facilities by the corporation for such municipality upon such terms and conditions as the corporation shall determine to be reasonable, including but not limited to the reimbursement of all costs of such construction and claims arising therefrom.

(b) The corporation and any municipality having power to operate and maintain sewage treatment works or solid waste disposal facilities by resolution of its governing body may enter into a contract for the operation and maintenance of sewage treatment works or solid waste disposal facilities by the corporation for such municipality upon such terms and conditions as the corporation shall determine to be reasonable, including but not limited to the reimbursement of all costs of such operation and maintenance and claims arising therefrom.

(c) No such contract shall be deemed to be a contract for public work or purchase within the meaning of the general municipal law.

(d) The corporation and any state agency having the power may enter into a contract for the planning, construction, operation and maintenance of sewage treatment works, sewage collecting systems, solid waste disposal facilities, and for the removal, disposal and remediation of petroleum storage tanks and the remediation of the sites thereof, as the case may be, for and on behalf of such state agency; the corporation and any such state agency may enter into a contract pursuant to which the corporation may provide for the collection, conveyance, treatment and disposal of sewage, storage, separating, treatment, recycling, reconstituting, compacting, composting, shredding, converting, utilization, processing, pyrolization or final disposal of solid waste by means of sewage collecting systems, sewage treatment works, or solid waste disposal facilities, as the case may be, owned, constructed, operated and maintained by the corporation. Any such contract entered into by any such state agency and the corporation for the purposes of removal, disposal and remediation of petroleum storage tanks and the remediation of the sites thereof, may provide for ownership, construction, operation and maintenance of such projects by the corporation or by any such state agency and any such contract shall be subject to the approval of the director of the budget. Any such contract or contracts shall be upon such terms and conditions as the corporation and such state agency shall determine to be reasonable, including but not limited to the reimbursement of all costs of planning, financing, construction and operation and maintenance, and any claims arising therefrom. No such contract shall be deemed to be a contract for public work or purchase within the meaning of the state finance law.

2. Loans to municipalities and certain state agencies. The corporation may make loans to any municipality, or any state agency authorized to issue bonds or notes not constituting a debt or liability within the meaning of section eleven of article seven of the state constitution, for the construction of any sewage treatment works, sewage collecting system or solid waste disposal facility. Any loan by the corporation to any such state agency shall be subject to the approval of the director of the budget. The corporation may accept as evidence of the indebtedness of any such municipality or any state agency authorized to issue bonds or notes not constituting a debt or liability of the state within the meaning of section eleven of article seven of the state constitution, only the municipal bonds or notes of such municipality or bonds or notes of such state agency. Any such loan shall be in an amount or amounts not to exceed the cost of construction of any such sewage treatment works, sewage collecting system or solid waste disposal facility required to be financed by the municipality or such state agency. In connection with the making of any such loans, the corporation may fix and collect such fees and charges, including but not limited to reimbursement of all costs of financing by the corporation, as the corporation shall determine to be reasonable.

3. Construction, operation and maintenance of sewage collecting systems, sewage treatment works and solid waste disposal facilities. (a) The corporation and a municipality having power to construct, operate

and maintain sewage treatment works, sewage collecting systems or solid waste disposal facilities, by resolution of its governing body may enter into a contract pursuant to which the corporation may provide for the collection, conveyance, treatment and disposal of sewage or the storage, separating, treatment, recycling, reconstituting, compacting, composting, shredding, converting, utilizing, processing, pyrolization or final disposal of solid wastes by means of sewage treatment works or solid waste disposal facilities, as the case may be, owned and constructed by the corporation and operated and maintained by the corporation or, for and on behalf of the corporation, by such municipality or by any person, as may be approved by the corporation and such municipality, and by means of sewage collecting systems owned and constructed by the corporation for and on behalf of such municipality pursuant to a contract whereby title to such sewage collecting systems shall vest in such municipality in accordance with the provisions of paragraph (c) of this subdivision, and operated and maintained by such municipality upon such terms and conditions as the corporation shall determine to be reasonable. Such contract or contracts shall, except in the case of a sewer corporation now existing in a city, contain provisions in accordance with the requirements of paragraph (b) or (c) of this subdivision, and, in addition thereto and consistent therewith, may provide for the payment to the corporation by such municipality, annually or otherwise, of such sum or sums of money, computed at fixed amounts or by a formula based on any factors or other matters or in any other manner, as said contract or contracts may provide, and the sum or sums so payable may include provision for all or any part or a share of the amounts necessary (i) to pay or provide for the expense of operation and maintenance of any such project including, without limitation, insurance, extensions, betterments and replacements and the principal of and interest on any bonds or notes of the corporation, and (ii) to provide for any deficits resulting from failure to secure sums payable to the corporation by such municipality, any other municipality or from any other cause, and (iii) to maintain such reserves or sinking funds for any of the foregoing as may be required by the terms of any contract of the corporation or as may be deemed necessary or desirable by the corporation. Such contract or contracts may also contain provisions as to the financing and payment of expenses to be incurred by the corporation and determined by it to be necessary for its purposes prior to the placing in operation of any such project, and may provide for the payment by such municipality to the corporation for application to such expenses or indebtedness therefor such sum or sums of money, not in the aggregate exceeding an amount stated or otherwise limited in said contract or contracts, plus interest thereon, as said contract or contracts may provide and as the governing body of said municipality shall, by virtue of its authorization of and entry into said contract or contracts, determine to be necessary for the purposes of the corporation. Except as otherwise provided in this subdivision, any such contract may be made with or without consideration and for a specified or an unlimited time and on any terms and conditions which may be approved by such municipality and which may be agreed to by the corporation in conformity with its contracts with the holders of any of its bonds or notes, and shall be valid whether or not an appropriation with respect thereto is made by such municipality prior to authorization or execution thereof. The corporation may sell, transfer or dispose of, in any manner it deems desirable any materials, substances or sources or forms of energy derived from any corporate activity, including but not limited to sludge, raw materials, by-products; heat, oil, steam or electric energy in accordance with any contract pursuant to this paragraph or pursuant to paragraphs (b) and (d) of subdivision one of section twelve hundred eighty-five of this title. Such municipality is hereby authorized to do and perform any and all acts or things necessary, convenient or desirable to carry out and perform every such contract and to provide for the payment or discharge of any obligation thereunder in the same manner as other obligations of such municipality. Subject to any such contracts with the holders of its bonds or notes, the corporation is hereby authorized to do and perform any and all acts or things necessary, convenient or desirable to carry out and perform every such contract and, in accordance with any such contract to waive, modify, suspend or reduce charges which would otherwise be charged and collected by the corporation within the municipality.

A municipality shall not be liable for any act or omission of the corporation, its officers, agents, servants or contractors in the performance of any such contract by the corporation.

(b) Except as provided in paragraph (c) of this subdivision, any contract entered into by the corporation and any municipality, other than a sewer corporation now existing in a city, pursuant to this subdivision shall provide that the municipality shall not acquire any vested rights in any such works or facility by reason of such contract, and, in the case of a county, city, or village, that all or any portion of the annual payments, as the case may be, made by such municipality, shall be deemed to be current operating expenses of such municipality within the meaning of section ten of article eight of the state constitution where all or any portion of such payments are or may be required to be raised by tax on real estate in any fiscal year of such municipality.

(c) Any contract entered into by the corporation and any municipality pursuant to this subdivision may provide that at the termination thereof the title to the works or facility shall vest in the municipality or its successor in interest, if any, free and clear of any indebtedness contracted by the corporation. Any such contract entered into by the corporation and any municipality which provides that title shall so vest in the municipality or its successor in interest, other than a sewer authority now existing in a city, shall be subject to the following provisions:

(1) The term of any such contract shall not exceed the period of probable usefulness of the works or facility as provided in section 11.00 of the local finance law, computed from the date of the first indebtedness contracted by the corporation for such works or facility.

(2) The annual payments to be made by the municipality to the corporation to enable the corporation to pay the principal of any such indebtedness contracted by it to finance the cost of such works or facility shall commence within two years after any such indebtedness or portion thereof shall have been contracted and no such annual payment shall be more than fifty percentum in excess of the smallest prior annual payment for such purpose.

(3) The municipality shall pledge its full faith and credit for the payment of such annual payments described in subparagraph two of this paragraph (c) and also for the payments required to be made to the corporation to enable it to pay the interest on any such indebtedness.

(4) The total amount of any unpaid annual payments in relation to the

principal of any such indebtedness shall be deemed to be indebtedness of the county, city, town or village for a capital improvement within the meaning of subparagraph (b) of subdivision three of paragraph a of section 135.00 of the local finance law or indebtedness contracted by a district corporation pursuant to subdivision seven of paragraph a of such section 135.00, as the case may be.

(5) The total amount of any unpaid annual payments in relation to the construction or reconstruction of facilities for the conveyance, treatment and disposal of sewage shall be deemed to be indebtedness of the county, city, town or village within the meaning of subdivision four-a of section 136.00 of the local finance law.

(6) The annual payments by a county, city or village in relation to such indebtedness and interest shall be deemed to be "indebtedness" and "interest" within the meaning of section ten of article eight of the state constitution.

(7) The contract shall not be renegotiated, or amended, in such manner as to constitute a refunding within the meaning of section two of article eight of the state constitution.

(8) The contract shall not be applicable to any works or facility constructed or reconstructed to effectuate the purposes of article eighteen of the state constitution.

(9) The municipality shall not be liable for a default on the obligations of the corporation. If the expenditure of money, or the issuance of obligations, for a project would be subject to the adoption of a proposition pursuant to paragraph b of section 38.00 of the local finance law, a contract between a district corporation and the corporation pursuant to the provisions of this paragraph (c) shall be subject to approval at an election or meeting in the same manner as provided in such section 38.00.

In the case of a district corporation subject to the provisions of section 102.00 of the local finance law, the annual payments to be made to the corporation to enable it to pay the principal of any indebtedness contracted by it to finance the cost of the project shall be deemed to be indebtedness within the meaning of such section and section 120.00 of such law and any contract entered into between the district corporation and the corporation pursuant to the provisions of this paragraph (c) shall be subject to the consent of the city, town or village affected as provided in such section 102.00.

A contract pursuant to the provisions of this paragraph (c) shall be deemed to be an issuance of bonds, bond anticipation notes or capital notes for the purposes of subdivisions three, four, five, and seven of section 104.10 of the local finance law insofar as the contract shall provide for annual payments to the corporation to enable it to pay the principal of indebtedness contracted by it to finance the cost of any project.

(d) Where a county, city, town or village is prevented from utilizing the provisions of this subdivision, by the provision of any general or special law, county, city or village charter which (i) requires that any project must be constructed, operated and maintained by the municipality, (ii) limits the period of time for which a municipality may contract, (iii) requires that the cost shall be paid for by taxes levied for the fiscal year in which the expenditure is to be made, (iv) requires that the cost shall be financed pursuant to the local finance law or (v) only permits any such project to be constructed subject to either mandatory or permissive referendum, such county, city, town or village may adopt a local law superseding the provisions of any such general or special law, county, city or village charter. Any such local law shall be subject to mandatory referendum, or referendum on petition in the manner provided in sections twenty-three or twenty-four, as the case may be, of the municipal home rule law, if the issuance, or the resolution authorizing the issuance, of serial bonds having a maturity of more than ten years to finance any such project would be required, under or pursuant to the provisions of sections 33.10, 34.00, 35.00 or 36.00 of the local finance law or any other law, to be subject to mandatory or permissive referendum.

4. The corporation is empowered to lease or rent a project constructed and owned by the corporation pursuant to any contract with a municipality or state agency as herein provided for, to any person, as may be approved by the municipality or state agency. The corporation may make available the use or services of any such project, with the approval of such municipality or state agency, to one or more persons,

or any combination thereof, upon such terms and conditions as the corporation may determine reasonable.

5. When requested by the governing body of a municipality, or when requested by a person or state agency, the corporation may advise such municipality, person or state agency on matters relating to the planning, construction, operation and maintenance of sewage treatment works, sewage collecting systems, solid waste disposal facilities, and any other projects which the corporation is authorized to construct pursuant to any provisions of this title, on matters relating to the identification, collection, handling, separation and disposal of waste, and on matters relating to the prevention and control of air emissions and water discharges subject to regulation pursuant to the environmental conservation law, and pursuant to a contract with a municipality, person or state agency, may render technical assistance and may undertake research, planning and testing with respect to any such matter, and the corporation may make a reasonable charge to such municipality, person or state agency for the performance of any such functions authorized by this subdivision.

6. In selecting a location for any projects constructed pursuant to subdivision one or subdivision three of this section, the corporation shall take into consideration the character of the area of any proposed location and the zoning regulations, if any, applicable to such area.

7. When requested by the governing body of a municipality or by a state agency, any contract pursuant to either subdivision one or subdivision three of this section, except a contract pursuant to which the municipality shall not acquire a vested interest in the project, may provide as part of a project and upon the site of such project, for the construction and financing, pursuant to the provisions of this title, by the authority of such other facilities, betterments, improvements and appurtenances for which such municipality or state agency has the power to provide. Such construction and financing shall be permitted when necessary to develop or restore such site to a beneficial municipal or public use, and in accordance with the plans or design of the project prepared and approved by such municipality or state agency, or as may be

prepared by the corporation on behalf of such municipality or state agency.

8. The corporation is empowered to enter into one or more contracts with any person designated by the corporation to be a responsible agent for the planning, design, construction and operation of one or more solid waste processing pilot projects. The corporation shall require such person to supply it with such plans, estimates of costs, time schedules, designs, and other data as the corporation shall determine to be reasonable to enable proper identification of costs. Such pilot projects are to determine which methods of recycling solid wastes, including, but not limited to shredding, compression, high-temperature incineration, pyrolization, separation or any other new technology for resource recovery in solid waste management are most feasible for large-scale implementation by the corporation and by municipalities in this state, having due regard for the resources to be recovered, net costs, amount of land required, and environmental considerations. The corporation shall issue annual reports as to the results of these projects, containing recommendations not inconsistent with those findings, and shall make copies of the report, findings and supporting data available to any municipality in this state. For this purpose the corporation is authorized to apply to the United States Public Health Service, Environmental Protection Agency, United States Department of Agriculture, or any other appropriate authority for grants of such federal funds as may be available toward the financing of or contracting for such projects.

The corporation shall transmit a copy of its report to the commissioner of environmental conservation, who shall hold public hearings on its recommendations, pursuant to section 3-0301 of the environmental conservation law, at which hearings testimony shall be taken from all interested parties. Following the termination of said hearings, the department of environmental conservation may make additional findings, if any, and shall have the power to promulgate rules and regulations and/or propose legislation, consistent with its findings, to implement the report.

§ 1285-a. Construction, operation and maintenance of air pollution control facilities, water management facilities and storm water collecting systems. 1. The corporation and any municipality having power to construct air pollution control facilities, water management facilities or storm water collecting systems, by resolution of its governing body may enter into a contract for the construction of air pollution control facilities, water management facilities or storm water collecting systems by the corporation for such municipality upon such terms and conditions as the corporation shall determine to be reasonable, including but not limited to reimbursement of all costs of such construction and claims arising therefrom.

2. The corporation and any state agency having power to construct air pollution control facilities, water management facilities, or storm water collecting systems may enter into a contract for the construction of air pollution control facilities, water management facilities or storm water collecting systems by the corporation for such state agency upon such terms and conditions as the authority and such state agency shall determine to be reasonable, including but not limited to reimbursement of all costs of such construction and claims arising therefrom.

3. The corporation and any municipality having power to construct, operate and maintain air pollution control facilities or storm water collecting systems, by resolution of its governing body may enter into a contract pursuant to which the corporation may provide for the treatment, neutralization and disposal of gaseous wastes and other air pollutants, by means of air pollution control facilities owned and constructed by the corporation and operated and maintained by the corporation or, for and on behalf of the corporation, by such municipality or by any person as may be approved by the corporation and such municipality, or for the collection and conveyance of storm waters by means of storm water collecting systems owned and constructed by the corporation for and on behalf of such municipality. Such contract or contracts shall be in accordance with the provisions of, and shall contain the same terms, conditions and requirements as are set forth in

subdivision three of section twelve hundred eighty-five of this title, provided, however, any such contract providing for the collection and conveyance of storm waters by means of storm water collecting systems owned and constructed by the corporation shall expressly provide for the vesting of title to such storm water collecting system in such municipality in accordance with the provisions of paragraph (c) of said subdivision three of section twelve hundred eighty-five of this title, and that such storm water collecting system shall be operated and maintained by such municipality upon such terms and conditions as the corporation shall determine to be reasonable.

4. The corporation and any state agency having power to operate and maintain air pollution control facilities, water management facilities or storm water collecting systems may enter into a contract with the corporation for the operation and maintenance of air pollution control facilities, water management facilities or storm water collecting systems by the corporation for and on behalf of such state agency; or the corporation and any such state agency may enter into a contract pursuant to which the corporation may provide for the treatment, neutralization and disposal of gaseous wastes and other air pollutants, the furnishing of a public water supply, the collection and conveyance of storm waters by means of air pollution control facilities, water management facilities or storm water collecting systems, as the case may be, owned and constructed by the corporation and operated and maintained by the corporation or for and on behalf of the corporation, by such state agency or by any person as may be approved by the corporation and such state agency. Any such contract or contracts shall be upon such terms and conditions as the corporation and such state agency shall determine to be reasonable, including but not limited to the reimbursement of all costs of planning, financing, construction and operation and maintenance and any claims arising therefrom. No such contract shall be deemed to be a contract for public works or purchase within the meaning of the state finance law.

5. The corporation may make loans to any municipality for the construction of any air pollution control facility, water management facility or storm water collecting system or to any state agency

authorized to issue bonds or notes not constituting a debt or liability of the state within the meaning of section eleven of article seven of the state constitution, for the construction of any air pollution control facility, water management facility, or storm water collecting system. The corporation may accept as evidence of the indebtedness of any such municipality or any state agency authorized to issue bonds or notes not constituting a debt or liability of the state within the meaning of section eleven of article seven of the state constitution, only the municipal bonds or notes of such municipality or bonds or notes of such state agency. Any such loans shall be in an amount or amounts not to exceed the cost of construction of any such project required to be financed by the municipality or such state agency. In connection with the making of any such loans, the corporation may fix and collect fees and charges, including but not limited to reimbursement of all costs of financing by the corporation, as the corporation shall determine to be reasonable. Any such loan by the corporation to a state agency as herein provided, shall be subject to the approval of the director of the budget.

§ 1285-b. Additional special powers of the corporation with respect to projects and persons. In order to effectuate the purposes of this title, the corporation shall have the following additional special powers; (1) to extend credit and make loans to a person or persons for the construction or acquisition of a project or for the reimbursement to a person or persons for costs incurred in connection with a project completed or not completed at the time of such credit or loan, which credits or loans may, but need not, be secured by mortgages, contracts or other instruments, upon such terms and conditions as the corporation shall determine reasonable in connection with such credits or loans, and (2) in the exercise of powers granted in this section in connection with a project for a person or persons, to require the inclusion in any contract, loan agreement or other instrument, of such provisions for the financing of such project and such other financial and other covenants applying to such person or persons, as the corporation may deem necessary or desirable and to do all things and to execute all instruments necessary and desirable in connection therewith. In connection with the extension of any such credit or loan, the corporation may fix and collect such fees and charges, including but not limited to reimbursement of all costs of financing by the corporation as the corporation shall determine to be reasonable. In connection with such extension of credit or loan to such person or persons for the construction or acquisition of a project as provided above, such person or persons shall submit to the corporation an application for the extension of credit or loan as set forth in the application. The corporation may deny such application for any reason it deems appropriate in the public interest. The extension of any such credit or loan is subject to the ability of the corporation to secure the necessary financing and subject to the obtaining by such person or persons of certification by the commissioner of environmental conservation that the project for which such credit or loan is extended is intended to meet or exceed applicable state environmental standards as set forth in law, rules and regulations.

§ 1285-c. Construction, operation and maintenance of industrial hazardous waste treatment, storage and disposal facilities. In addition to its existing powers, the corporation is hereby empowered to construct, operate and maintain industrial hazardous waste treatment, storage and disposal facilities, including plants, works, instrumentalities, or parts thereof, and appurtenances thereto for the collection, conveyance, treatment, exchange and disposal of hazardous wastes provided such a facility receives a certificate of environmental safety and public necessity as provided in title eleven of article twenty-seven of the environmental conservation law and is located on lands in a municipality where such industrial uses are permitted. The corporation may subcontract for the construction or operation of such facility.

§ 1285-d. Studies regarding design, construction and operation of industrial waste treatment, storage and disposal facilities. 1. The purposes of the corporation shall include research and development of technologies for treatment, storage and disposal of industrial hazardous wastes consistent with economic, social and environmental objectives. In carrying out such purposes the corporation shall prepare studies regarding the best technology or systems possible for the design, construction and operation of industrial hazardous waste treatment, storage and disposal facilities including methods to recover materials or energy and to detoxify or neutralize wastes. Studies shall also be made of methods to guarantee long-term maintenance, ownership, monitoring, and environmental soundness of long-term hazardous waste storage and disposal sites. With respect to matters of operation and long-term maintenance, consideration shall be given to the various options for locating such storage and disposal sites and for public or private ownership and for public or private operation consistent with the maximum protection of public health, safety and welfare and the natural environment.

2. Not later than one year from the effective date of this section, the corporation shall submit a report to the governor and the legislature of its studies conducted pursuant to subdivision one of this section.

3. In exercising its responsibilities, the corporation shall also cooperate and act in conjunction with industrial, commercial, medical, scientific, public interest and educational organizations within the state, and with agencies of the federal government, of the state and its political subdivisions, of other states, and joint agencies thereof.

§ 1285-e. Inactive hazardous waste disposal site remedial programs. In addition to its existing powers, the corporation is hereby empowered to carry out inactive hazardous waste disposal site remedial programs. The corporation may subcontract for the work included in carrying out such programs.

§ 1285-f. Program for ultimate disposal of hazardous wastes. 1. The corporation shall immediately begin preparation of a comprehensive program for the ultimate disposal of hazardous wastes which shall include, but not be limited to, technology, siting and marketing and financing of such a program through the use of revenue bonds or other means. Such program shall be in addition to the study mandated by section twelve hundred eighty-five-d of this article.

2. The corporation shall provide to the governor and the legislature a marketing and feasibility study no later than March first, nineteen hundred eighty. Such study shall include findings and recommendations as to available technology, the desirability of regional disposal sites and the feasibility of generating sufficient revenue to amortize bonds which may be issued in connection with the program. To the extent necessary, the study shall be prepared in consultation with experts in the field of public finance.

3. A hazardous waste disposal advisory committee shall be established to advise the corporation on a comprehensive program for the ultimate disposal of hazardous waste. Such advice shall be rendered in connection with the study required by subdivision one of this section.

(a) The committee shall consist of the commissioners, or their designees, of the departments of health, environmental conservation, commerce, the director of the division of the budget, or his designee, and a maximum of five individuals with recognized expertise in the fields of hazardous waste management and technology or public finance. These five individuals shall be appointed by the governor, one of whom the governor shall designate as chairman.

(b) Each member of the hazardous waste disposal advisory committee shall not receive a salary or other compensation, but shall be entitled to reimbursement for actual and necessary expenses incurred in the performance of his or her committee duties.

§ 1285-g. Industrial materials recycling program. 1. Applicability. It is the purpose of this section to establish a program within the corporation to encourage the reduction, recovery and recycling of industrial materials otherwise requiring disposal.

2. Definitions. When used in this section, unless another meaning

clearly appears from its context:

a. "Hazardous waste" means a waste which appears on the list or satisfied the criteria promulgated by the commissioner of environmental conservation pursuant to section 27-0903 of the environmental conservation law and until, but not after, the promulgation of such list and criteria means a waste or combination of wastes, which because of its quality, concentration, or physical, chemical or infectious characteristics may:

(i) cause, or significantly contribute to an increase in mortality or an increase in serious irreversible, or incapacitating reversible illness; or

(ii) pose a substantial present or potential hazard to human health or the environment when improperly treated, stored, transported, disposed or otherwise managed.

b. "Industrial solid waste" means any garbage, refuse, sludge from a waste treatment plant, or air pollution control facility, and other discarded material, including solid, liquid, semisolid, mining and agricultural operations as a result of a commercial or industrial process but does not include solid or dissolved material in domestic sewage, or solid or dissolved materials in irrigation return flows or industrial discharges which are point sources subject to permits under article seventeen of the environmental conservation law, or source, special nuclear or by-product material as defined in the Atomic Energy Act of 1954, as amended except as may be provided by existing agreements between the state of New York and the government of the United States.

c. "Industrial material" means hazardous waste and industrial solid waste.

d. "Recovery and recycling" means any method or technique utilized to separate, process, modify, convert, treat, or otherwise prepare industrial materials so that component materials or substances may be used as raw materials or energy sources.

e. "Person" means an individual, trust, firm, joint stock company, corporation (including a government corporation), partnership, association, state, municipality, commission, political subdivision of a state, or any interstate body.

f. "Generator" means a person whose industrial activities produce industrial material.

3. Industrial materials recycling program. a. The corporation shall undertake and be responsible for a program to encourage industrial materials reduction, recovery and recycling as hereinafter provided. The corporation shall give first priority in such program to hazardous wastes in order to reduce risks to public health and the environment.

b. Such program shall include but not be limited to the following activities:

i. Planning including compilation of, research and development information on industrial methods, technologies and practices that will result in the reduction, recovery or recycling of industrial materials.

ii. Investigation and research into market potential and feasibility for increased utilization of recovered or recycled industrial materials.

iii. Collection, development and maintenance of data on existing and projected production of industrial materials.

iv. Review and analysis of existing industrial methods, technologies and practices relating to the generation, use and disposal of industrial materials.

v. Development and maintenance of a technical reference capability on industrial materials reduction, recovery and recycling methods, technologies and practices including appropriate information available for public and private use.

vi. Encouragement and assistance, within the resources available, to generators and users of industrial materials and to municipalities to reduce, recover or recycle industrial materials, as is feasible and appropriate.

vii. Establishment and maintenance of an information clearing house which shall consist of an ongoing record of industrial materials which may be recycled or recovered. Such record shall include, but is not limited to, the information that is provided in manifest reports required pursuant to section 27-0905 of the environmental conservation law, except that no information including the identities or other identifying information of the individual generators shall be disclosed without the express written consent of the applicable generators. The corporation shall make this information available to persons who desire to recycle or recover industrial materials. The information shall be made available in such a manner as to protect the trade secrets of the generators. Information submitted to the clearing house shall not be subject to disclosure under the freedom of information law as set forth in article six of the public officers law.

viii. Preparation and the continuous update when appropriate of a list of industrial materials which the corporation finds are economically and technically feasible to recycle or recover. Each material shall be categorized according to the degree of difficulty and the kind of difficulty encountered in recycling or recovery of that material.

ix. Preparation, in conjunction with industry, of a handbook on recovery and recycling to be made available to all industries upon request.

x. Coordinate with existing regional entities, public or private, to encourage participation in all elements of the program.

c. The corporation shall coordinate its activities under this section with the department of environmental conservation with such department's responsibilities pursuant to title four of article twenty-seven of the environmental conservation law.

d. The corporation may enter into contracts with private entities for the purpose of having such entities undertake activities called for under this section.

4. Trade secrets; confidentiality. a. The corporation shall ensure that any trade secrets or other proprietary or confidential data or information of a personal nature, required to be utilized pursuant to this section, shall be utilized by the corporation in connection with its respective responsibilities pursuant to this section, and that such trade secrets and other proprietary or confidential data or information are not otherwise disseminated without the express consent of the generator furnishing such information.

b. For the purposes of this section, trade secrets and other proprietary or confidential data or information may include, but are not limited to, any formula, plan, pattern, process, tool, mechanism, compound, procedure, customer lists, production data, or compilation of information within a commercial concern which is using it to fabricate, produce or compound an article of trade or service having commercial value, and which gives its owner or authorized user an opportunity to obtain a business advantage over competitors who do not know, use or have access to such data and information.

c. For the purposes of this section, due to the unique nature of the program, any generator who claims that specified data or information to be utilized pursuant to any requirement of this section contains trade secrets or other proprietary or confidential data or information of a personal nature may set forth such claims in writing to the corporation for the protection of trade secrets afforded pursuant to this subdivision. Such information shall not be subject to disclosure under the freedom of information law as set forth in article six of the public officers law.

d. The corporation shall have rules of conduct for employees and contractors of the corporation involved in the design, development, operation and maintenance of any trade secret record-keeping and instruct each such employee or contractor with respect to such rules and the requirements of this subdivision including any other rules and procedures adopted pursuant to this section and the penalties for noncompliance.

e. The corporation shall have appropriate administrative, technical, and physical safeguards to insure the security and confidentiality of trade secret information and records and to protect against any anticipated threats to their security or integrity which could result in their unauthorized disclosure.

5. Improper disclosure of trade secrets or other proprietary or confidential data or information of a personal nature. No officer, employee or contractor of the corporation shall intentionally publish, divulge, disclose or make known in a manner not authorized under the provisions of this section any trade secret or other proprietary or confidential data or information of a personal nature available to him in the course of his employment. Any such official, employee or contractor who violates the provisions of this subdivision shall be liable for a civil penalty not to exceed five thousand dollars. In addition, any official or employee who violates the provisions of this subdivision may be dismissed from his office or employment.

6. Report to the legislature. The chairman of the corporation shall, not later than twelve months after the enactment date of this section and annually thereafter, prepare and submit a report on the status of the reduction, recycling and recovery of industrial materials as facilitated by the provisions of this section to the governor and the legislature. In addition, such report shall include, but not be limited to the quantities, composition and disposition of hazardous waste generated by region in the preceding year and the listing of such wastes feasible to recycle and recover developed pursuant to this section. The chairman of the corporation shall also report on the scope, status and efficacy of the program, including the small quantity generator hazardous waste audit program, and specific recommendations for continuation of the program; provided, however, such chairman shall withhold information on the source or nature of particular industrial materials in such a manner as to protect trade secrets or confidential information of the generators.

7. Small quantity generator hazardous waste audit program. a. The corporation shall establish and be responsible for a small quantity generator hazardous waste audit program. To carry out such program, the corporation is authorized to obtain the services, as necessary, of waste management specialists to conduct waste audits at the facilities of hazardous waste generators that have produced less then one thousand kilograms of hazardous waste in each of the past twelve calendar months. The purpose of such audits shall be to provide on-site technical assistance to aid such generators in complying with New York state's hazardous waste regulations and to identify and evaluate the potential for reducing the amount and/or toxicity of hazardous waste generated at such facilities.

b. Waste audits conducted pursuant to this subdivision may include, but need not be limited to:

(i) identification of all hazardous wastes generated at the facility;

(ii) identification of the regulatory requirements associated with the storage, treatment, or disposal of all hazardous wastes generated at the facility;

(iii) identification of any methodologies, processes, equipment, or production changes which could be utilized by the facility to reduce the amount or toxicity of hazardous wastes generated at the facility;

(iv) identification of any on-site recycling or waste treatment technologies which could be utilized to reduce the amount or toxicity of hazardous wastes disposed of by the facility; and

(v) identification of any potential markets for hazardous waste generated by the facility, including the use of waste exchange markets.

c. The corporation shall establish by rule and regulation, upon consultation with the director of the budget, a sliding fee schedule to offset the costs of conducting on-site audits. The fee schedule established pursuant to this section shall be intended to provide revenues sufficient to meet solely the costs incurred by the corporation in performing such audits, provided that the corporation may use technical assistance grants it receives from the federal government, private foundations, or other institutions to reduce or eliminate fees charged generators for performing such audits, and further provided that monies appropriated to the corporation to carry out the purposes of this subdivision shall not be used to provide financial assistance to waste generators for the purchase of manufacturing plants or equipment, property, real or otherwise, engineering or legal services, or any other cost incident to the actual implementation of a waste reduction or management project. The chairman of the corporation is authorized and directed to deposit all monies received in payment of fees under this subdivision in an account within the miscellaneous special revenue fund.

d. Any person receiving audit services pursuant to this subdivision shall, within ninety days of the completion of such audit, submit to the corporation a description of the steps it will take, if any, to implement any recommended waste reduction, recycling, or treatment strategies identified in such audit.

e. In implementing the small quantity generator hazardous waste audit program, the corporation is authorized to:

(i) hire or contract with an appropriate number of hazardous waste management specialists to conduct on-site waste audits;

(ii) employ such public information methods as are appropriate to identify and inform eligible hazardous waste generators of the existence of the waste audit program;

(iii) establish a small quantity generator hazardous waste audit program application consistent with the policies and goals of this section; and

(iv) establish by rule and regulation a small quantity generator hazardous waste audit program application evaluation procedure consistent with the policies and goals of this section.

§ 1285-h. Inactive hazardous waste disposal site remedial programs.
1. The corporation and any owner of an inactive hazardous waste disposal site, or any state agency or any person or municipality identified by the commissioner of the department of environmental conservation pursuant to section 27-1313 of the environmental conservation law as responsible for developing and implementing an inactive hazardous waste

disposal site remedial program pursuant to section 27-1313 of the environmental conservation law or section thirteen hundred eighty-nine-b of the public health law may enter into a contract for the development and/or implementation of such a program upon such terms and conditions as the corporation shall determine to be reasonable. Such contract shall include payment to the corporation pursuant to the contract. The corporation may subcontract for the development or implementation of such a program.

2. When requested by the owner of an inactive hazardous waste disposal site, or by any state agency or by any person or municipality identified by the commissioner of the department of environmental conservation pursuant to section 27-1313 of the environmental conservation law as responsible for the disposal of hazardous waste at such site, the corporation may advise such owner, state agency, person or municipality on matters relating to the development and implementation of an inactive hazardous waste remedial program and pursuant to a contract with such an owner, state agency, person or municipality may render technical assistance and may undertake research, planning and testing with respect to any such program. The corporation may make a reasonable charge to any such owner, state agency, person or municipality for the performance of any of the functions authorized by this subdivision.

3. The corporation shall have the authority to contract with the department of environmental conservation to perform necessary work in connection with inactive hazardous waste disposal site remedial programs pursuant to section 27-1313 of the environmental conservation law. Such contract shall include payment to the corporation pursuant to the contract. The corporation may subcontract for the development or implementation of such a program.

§ 1285-i. Commercial and industrial waste audits. a. The corporation shall establish and be responsible for administration of a commercial and industrial waste audit program to help businesses identify and evaluate the potential at their New York facilities for reducing the amount of solid waste generated, increasing new materials recovery programs and otherwise reducing the amount of waste ultimately requiring disposal. The corporation shall in implementing said waste audit program coordinate activities with and actively foster the waste exchange program of the corporation and other waste reduction programs as is appropriate, and is further authorized to obtain the services, as necessary, of waste management specialists to conduct such waste audits.

b. In implementing the commercial and industrial waste audit program, the corporation shall:

(i) establish an application process consistent with the rules and regulations of the program;

(ii) establish by rule and regulation a commercial and industrial solid waste audit program application evaluation procedure consistent with the requirements of this section; and

(iii) establish by rule and regulation, upon consultation with the director of the budget, a sliding fee schedule to offset the costs of the audit. The fee schedule established pursuant to this section shall be intended to provide revenues sufficient to meet solely the costs incurred by the corporation in performing such audits. The chairman is authorized and directed to deposit all money received in payment of fees under this section in an account within the miscellaneous special revenue fund.

c. Waste audits conducted pursuant to this section may include but need not be limited to identification of:

(i) all waste generated within the facility;

(ii) the regulatory requirements associated with the recovery, reuse or disposal of such waste, and the implications of such requirements for various reduction and reuse options;

(iii) any methodologies, processes, equipment, or production changes that could be utilized to reduce the amount of waste generated and consumer waste resulting from the product, process or service manufactured, distributed or sold;

(iv) on site recycling or waste treatment technologies that could be utilized to reduce the need for waste disposal capacity;

(v) potential markets for waste generated by the facility, including local materials recycling programs, and the ability of such markets to

readily absorb the wastes generated by such facility; and
(vi) economic practicality of alternative waste reduction strategies.

d. Any person for whom a waste audit is prepared shall within one hundred eighty days submit to the corporation findings with respect to the report and the status of steps to implement any recommended strategies identified in such audit.

e. Beginning January first, nineteen hundred eighty-nine, the chairman shall make an annual report concerning the activities undertaken pursuant to this section which shall include, at a minimum (i) the number of businesses which received assistance, (ii) the nature of assistance provided through the programs, (iii) needs and problems confronted by such businesses in establishing and implementing programs, and (iv) the number of businesses which applied for assistance. The chairman shall submit to the director of the division of the budget, the chairman and the ranking minority member of the senate finance committee and the chairman and the ranking minority member of the assembly ways and means committee an evaluation of the program prepared by an entity independent of the authority. Such evaluation shall be submitted by September first, nineteen hundred ninety and by September first every two years thereafter.

§ 1285-j. Water pollution control revolving fund. 1. (a) The corporation shall undertake and provide assistance in support of the program to make financial assistance available to municipalities to encourage and support the planning, development and construction of municipal water pollution control projects in accordance with the provisions of this section, section 17-1909 of the environmental conservation law, and to make financial assistance available to eligible borrowers through linked deposits made in accordance with article sixteen of the state finance law.
(b) There is hereby established in the custody of the corporation a special fund to be known as the water pollution control revolving fund. Moneys in the water pollution control revolving fund shall be segregated from all other funds of or in the custody of the corporation subject to

any rights of holders of corporation bonds or notes issued for the purposes of this section. Moneys in the water pollution control revolving fund shall only be used in accordance with the provisions of this section and section 17-1909 of the environmental conservation law. The moneys in such fund shall be applied to or paid out for authorized purposes of such fund on the direction of the chairman of the corporation in accordance with subdivision four of this section and section 17-1909 of the environmental conservation law, or such other person as the corporation shall authorize to make such direction. In consultation with the director of the division of the budget, the corporation may, subject to subparagraph (ii) of paragraph a of subdivision seven of section 17-1909 of the environmental conservation law, and shall, at the direction of the commissioner of environmental conservation pursuant to such subdivision, establish within the water pollution control revolving fund additional accounts or subaccounts and specify any conditions applicable to the transfer of moneys between such accounts or subaccounts. With respect to each eligible project, the corporation shall establish and maintain a record of the allocation provided for the benefit of such project in accordance with the terms of the applicable project financing agreement or loan agreement.

2. As used in this section, the terms "allocation", "construction", "eligible project", "fund", and "project financing agreement" shall have the meanings set forth in section 17-1909 of the environmental conservation law.

3. Such fund shall consist of all of the following: (a) federal capitalization grants and awards or other federal assistance provided pursuant to Title II or Title VI of the Federal Water Pollution Control Act, exclusive of any such grants, awards or assistance available under Title II, except as may be necessary to avoid the loss to New York state of any unobligated Title II money which can not be made available as a grant or grant increase to a municipality, for purposes of deposit in the fund and appropriated by the state for deposit therein, (b) federal capitalization grants and awards or other federal assistance provided pursuant to, or for the purposes of, the Omnibus Consolidated Rescissions and Appropriations Act of 1996 (Pub. L. 104-134) or wet

weather quality grants as provided in the Consolidated Appropriations Act of 2001 (Pub. L. 106-554), (c) moneys appropriated by the state legislature for the purpose of such fund or otherwise transferred by the state for deposit therein by the comptroller as required by law, (d) payments of principal and interest made by municipalities pursuant to loan or other agreements entered into pursuant to subdivisions eight and nine of this section: provided, however, if such loans were financed by the issuance of bonds or notes of the corporation, deposit of such payments into the fund shall be subject to the rights of the holders of such bonds or notes to receive such moneys, (e) investment earnings on amounts in such fund, (f) any other payments received from municipalities pursuant to a loan or other agreement made pursuant to subdivisions eight and nine of this section for costs of managing and administering the program, (g) the proceeds of bonds or notes issued by the corporation for purposes of providing financial assistance to municipalities, (h) the balance of any fees or penalties paid pursuant to the terms and conditions of a compliance or enforcement agreement for violations of the federal Marine Protection, Research and Sanctuaries Act, as amended (33 U.S.C. §§ 1401 et seq.), occurring prior to December thirty-first, nineteen hundred ninety-four, after payment has been made to the administrator of the United States environmental protection agency, a trust account, the ocean dumping alternatives account, and (i) the balance of any amount in a trust account or, if applicable, municipal trust accounts of the clean oceans fund upon a finding by the administrator of the United States environmental protection agency that fees or penalties were not paid into such trust account or municipal trust account as required by the Marine Protection, Research, and Sanctuaries Act, or an applicable compliance or enforcement agreement.

4. Moneys in the water pollution control revolving fund shall be applied by the corporation to provide financial assistance to municipalities for construction of eligible projects and, upon consultation with the director of the division of the budget and the commissioner, for such other purposes permitted by the Federal Water Pollution Control Act, as amended, and to provide for the administrative and management costs of the program. All moneys from federal capitalization grants and awards or other federal assistance made

available pursuant to, or for the purposes of, the Omnibus Consolidated Rescissions and Appropriations Act of 1996 (Pub. L. 104-134) or wet weather quality grants as provided in the Consolidated Appropriations Act of 2001 (Pub. L. 106-554), which are deposited into the water pollution control fund pursuant to subdivision three of this section, and any corresponding state match moneys, may be used by the corporation for the purposes permitted by the Omnibus Consolidated Rescissions and Appropriations Act of 1996 (Pub. L. 104-134) or wet weather quality grants as provided in the Consolidated Appropriations Act of 2001 (Pub. L. 106-554), and for no other purposes. As used in this section "financial assistance to municipalities" means any one or more of the following:

(a) making loans to municipalities for construction of eligible projects, provided such loans (i) are made at market or below market rates, (ii) do not have a final maturity of more than twenty years following scheduled completion of the eligible project, (iii) have principal and interest payments which commence not later than one year after scheduled completion of the eligible project, and (iv) require the municipality to establish a dedicated source of revenue (which may be a general obligation of the municipality); unless otherwise determined by the corporation or directed by the commissioner of environmental conservation pursuant to subdivision eight of section 17-1909 of the environmental conservation law, the corporation shall make such loans only from the proceeds of the corporation's bonds or notes issued for purposes of this section;

(b) buying or refinancing debt obligations of municipalities at market or below market rates, if work was commenced and debt was incurred for the eligible project after March seventh, nineteen hundred eighty-five;

(c) guarantying, or purchasing insurance or other credit enhancement for municipal obligations where such action would improve credit market access for or reduce interest rates on such municipal obligations;

(d) providing a source of revenue or security for payment of principal and interest on bonds or notes issued by the corporation if the proceeds of the sale of such bonds or notes will be deposited in the fund;

(e) providing interest rate subsidy allocations to subsidize loans to municipalities made from the proceeds of the corporation's bonds or notes;

(f) using investment earnings on moneys in the fund to pay, pursuant to subdivision seven of this section, the costs of the corporation and the department of environmental conservation of administering and managing the program described in this section and section 17-1909 of the environmental conservation law.

Subject to any applicable provisions of federal or state law, any financial assistance at an interest rate of zero percent provided to municipalities that meet the financial hardship criteria regulations established pursuant to section 17-1909 of the environmental conservation law, may have a final maturity up to forty years following scheduled completion of the eligible project.

5. The corporation may make payments to the sewage treatment program management and administration fund in accordance with subdivision seven of this section to reimburse such fund for expenditures made pursuant to appropriation to pay the cost of the corporation and the department of environmental conservation for administering and managing the water pollution control revolving fund program established in section ninety-seven-l of the state finance law, for such costs. Such reimbursement shall be made from (a) available investment earnings on all amounts in the water pollution control revolving fund excluding all amounts in the fund which are the subject of allocations or other financial assistance to a municipality; and (b) payments received from a municipality for such purpose pursuant to a project financing agreement or loan agreement; and (c) if the sources of revenue described in this paragraph and paragraphs (a) and (b) of this subdivision are or are anticipated to be insufficient, then from the proceeds of federal capitalization grants, awards or assistance appropriated to the fund for administration and management of such program.

Notwithstanding the foregoing, if the sources of revenues described in paragraphs (a), (b) and (c) of this subdivision are at any time insufficient to make a reimbursement to the state pursuant to this subdivision when due, the corporation shall make such reimbursement from any other available amounts in the water pollution control revolving fund, excluding all amounts that are the subject of allocations, provided, that the amounts paid from fund sources other than those described in paragraphs (a), (b) and (c) of this subdivision shall be reimbursed upon a determination by the director of the budget that future revenues obtained from sources described in paragraphs (a), (b) and (c) of this subdivision are in excess of the amounts reasonably needed to make future reimbursements pursuant to this subdivision.

* 6. Moneys in the water pollution control revolving fund may be invested as provided in subdivision four of section twelve hundred eighty-four of this title and may be further invested (a) in investment agreements continuously secured by obligations with any insurance or reinsurance company or corporate affiliate thereof rated by a nationally recognized rating agency in one of its two highest categories, any bank, trust company or broker or dealer, as defined by the securities exchange act of 1934, which is a dealer in government bonds, which reports to, trades with and is recognized as a primary dealer by a federal reserve bank and is a member of the securities investors protection corporation, if, (i) such obligations securing such investment agreements are obligations as set forth in section ten of the general municipal law, (ii) such obligations are delivered to a trustee for the benefit of the corporation or, with respect to moneys pledged under an indenture of trust relating to bonds or notes of the corporation, to the trustee under such indenture, or are supported by a safe keeping receipt issued by a depository satisfactory to the corporation as applicable, provided that such investment agreements must provide that the value of the underlying obligations shall be maintained at a current market value, calculated no less frequently than monthly, of not less than the amount deposited thereunder, (iii) a prior perfected security interest in the obligations which are securing such agreement has been granted to the corporation, as applicable, and (iv) such obligations are free and clear of adverse third party claims, or (b) in obligations as set forth in section ten of the general municipal law that are rated by a nationally recognized rating agency in one of its two highest rating categories.

* NB Effective until September 30, 2029

* 6. Moneys in the water pollution control revolving fund may be invested as provided in subdivision four of section twelve hundred eighty-four of this title and may be further invested (a) in investment agreements continuously secured by obligations with any insurance or

reinsurance company or corporate affiliate thereof rated by a nationally recognized rating agency in one of its two highest categories, any bank, trust company or broker or dealer, as defined by the securities exchange act of 1934, which is a dealer in government bonds, which reports to, trades with and is recognized as a primary dealer by a federal reserve bank and is a member of the securities investors protection corporation, if, (i) such obligations securing such investment agreements are obligations as set forth in section ten of the general municipal law, (ii) such obligations are delivered to a trustee for the benefit of the corporation or, with respect to moneys pledged under an indenture of trust relating to bonds or notes of the corporation, to the trustee under such indenture, or are supported by a safe keeping receipt issued by a depository satisfactory to the corporation as applicable, provided that such investment agreements must provide that the value of the underlying obligations shall be maintained at a current market value, calculated no less frequently than monthly, of not less than the amount deposited thereunder, (iii) a prior perfected security interest in the obligations which are securing such agreement has been granted to the corporation, as applicable, and (iv) such obligations are free and clear of adverse third party claims, or (b) in obligations the interest on which is excludable from gross income under section one hundred three of the internal revenue code, provided that such obligations are rated by a nationally recognized rating agency in one of its two highest rating categories.

* NB Effective September 30, 2029

7. The corporation may transfer to the sewage treatment program management and administration fund established pursuant to section ninety-seven-l of the state finance law no less frequently than semi-monthly amounts from the fund sufficient to reimburse the sewage treatment program management and administration fund in accordance with the provisions of subdivision five of this section.

8. In addition to the powers of the corporation granted elsewhere in this chapter, the corporation shall have the power to enter into project financing agreements authorized by section 17-1909 of the environmental conservation law. Notwithstanding the powers granted to the corporation

elsewhere in this title, the corporation's power to finance eligible projects from the fund is limited to eligible projects for which project financing agreements have been executed pursuant to section 17-1909 of the environmental conservation law.

9. In addition to the powers granted to the corporation elsewhere in this chapter, the corporation may make loans to municipalities for purposes of financing eligible projects for which the fund may be used, subject to the limitations of subdivision eight of this section, may accept the obligations of any municipality as security for the repayment of a loan to such municipality, and may assign and pledge such municipal obligations and loan agreements for the benefit of the holder of obligations of the corporation from the proceeds of which such loans are made. Loan proceeds may be disbursed to a municipality in accordance with such restrictions as may be imposed by the corporation in connection with such loan or obligations of the corporation from the proceeds of which such loan is made.

10. The corporation is authorized to arrange for any audits required by law for the purpose of issuing its bonds or notes to provide financial assistance to municipalities, and provide for the implementation of any independently conducted reviews or audits arranged pursuant to subdivision seven of section 17-1909 of the environmental conservation law.

11. In the event a municipality shall fail to make any payment due the corporation pursuant to any loan agreement, financing agreement, or other obligation of the municipality sold to the corporation or issued as security for the undertaking of the municipality thereunder, the corporation shall certify to the comptroller, and notify the chairman of the senate finance committee, the chairman of the assembly ways and means committee, the director of the division of the budget and the governing body of the municipality that such municipality has failed to make such payment. Such certificate shall be in such form as may be determined by the corporation provided such certificate shall specify the exact amount of debt service and surcharge, if applicable, required to satisfy such municipality's unpaid obligation. The comptroller, upon

receipt of such certificate from the corporation, is authorized to and shall, to the extent not otherwise prohibited by law and subject to any other provision of law providing for withholding of payments to the municipality which take precedence over this subdivision, withhold from such municipality the next succeeding payments of state aid or local assistance otherwise payable to it to the extent necessary to meet the certified amount of debt service and surcharge, if applicable, due the corporation and shall immediately pay over to the corporation as a debt service payment on behalf of such municipality the amount so withheld.

12. (a) Notwithstanding the provisions of any general or special law to the contrary, the commissioner of environmental conservation on behalf of the state and the corporation, subject to the approval of the director of the budget, are each hereby authorized to enter into a state revolving fund service contract or contracts providing for the administration of the water pollution control revolving fund and the financing by the corporation of the contributions made by the state to the water pollution control revolving fund. Any such contract or contracts shall be upon such terms and conditions as the corporation and the commissioner of environmental conservation shall determine to be reasonable, including, but not limited to, provisions relating to the respective obligations of the state and the corporation with respect to the administration of the water pollution control revolving fund and provisions providing for the payment of (i) all fees and other charges of, and expenses incurred by, the corporation in connection with the issuance and administration of special obligation bonds to provide funds to the state or reimburse the state for contributions to the water pollution control revolving fund and (ii) all debt service payments on such bonds.

(b) Any such contract entered into pursuant to paragraph (a) of this subdivision shall provide that the obligation of the state to fund or to pay the amounts therein provided for shall not constitute a debt of the state within the meaning of any constitutional or statutory provision and shall be deemed executory only to the extent of moneys available therefore and that no liability shall be incurred by the state beyond the moneys available for such purpose, and that such obligation is subject to annual appropriation by the legislature.

(c) Any such contract or any payments made or to be made thereunder may be assigned and pledged by the corporation as security for its bonds and notes issued for the purpose of financing the state contribution to the water pollution control revolving fund.

(d) The comptroller is hereby authorized to receive from the corporation any portion of special obligation bond proceeds paid to provide funds to or reimburse the state for its contribution to the water pollution control revolving fund and to credit such amounts to the capital projects fund or any other appropriate fund.

13. In addition to the powers granted to the corporation in this section, the corporation is authorized to exercise the powers, perform the responsibilities and take the actions assigned to it under section 17-1909 of the environmental conservation law.

§ 1285-k. Financing of the design, acquisition, construction, improvement and installation of Riverbank Park. In order to effectuate the purposes of this title, the corporation shall have the following additional special powers:

1. Notwithstanding the provisions of any law to the contrary, the corporation and any state agency, subject to the approval of the director of the budget, may enter into a contract for financing the design, acquisition, construction, improvement and installation of all or any portion of Riverbank Park, for and on behalf of such state agency; and the corporation and any state agency may enter into a contract, lease, easement, license or other instrument pursuant to which the corporation shall make all or any portion of Riverbank Park available to such agency, for use as a park. Any such contract or contracts, lease, easement, license or other instrument shall be upon such terms and conditions as the corporation and the subject state agency shall determine to be reasonable, including, but not limited to, the payment of, or reimbursement to the corporation for, (a) all costs of the corporation in financing the design, acquisition, construction, improvement and installation of all or any portion of Riverbank Park, and any claims arising therefrom, (b) all fees and other charges of, and

all expenses incurred by, the corporation in connection with the issuance and administration of any bonds or notes issued by the corporation for such purpose, and (c) amounts sufficient to pay all principal, premium, if any, and interest on such bonds or notes. Such payment or reimbursement may be made annually or otherwise, may be in fixed amounts or based on any factors or other matters, or may be made in any other manner, as such contract or contracts shall provide.

2. Any contract, lease, easement, license or other instrument entered into by the corporation pursuant to subdivision one of this section may be assigned or pledged by the corporation as security for its bonds or notes issued for the purpose of financing the design, acquisition, construction, improvement and installation of all or any portion of Riverbank Park.

3. The corporation, any state agency, the city of New York or any agency or instrumentality thereof, may enter into any leases, easements, licenses, or other instruments, for the purpose of granting to the corporation any interest in real property which the corporation shall deem necessary for the purpose of financing the design, acquisition, construction, improvement and installation of all or any portion of Riverbank Park.

4. Notwithstanding the provisions of subdivision one of this section, any contract, lease, easement, license or other instrument entered into by the corporation with any state agency, pursuant to subdivision one of this section, shall (a) provide that the obligation of the state or such state agency to pay the amounts therein provided shall not constitute a debt of the state within the meaning of any constitutional or statutory provision, and (b) be deemed executory only to the extent moneys are available, and provide that the obligation of the state or such state agency to make payments thereunder is subject to annual appropriation by the legislature.

§ 1285-l. State park infrastructure projects. In order to effectuate the purposes of this title, the corporation shall have the following additional special powers:

1. Notwithstanding the provisions of any general or special law to the contrary, the office of parks, recreation and historic preservation or the division of the budget, with the approval of the director of the budget, and the corporation are each hereby authorized to enter into a contract or contracts providing for the financing of the design, acquisition, construction, improvement and installation of all or any portion of any state park infrastructure project or reimbursement to the state for costs incurred in connection with a state park infrastructure project for and on behalf of the state; and the corporation and the office of parks, recreation and historic preservation or the division of the budget, with the approval of the director of the budget, may enter into a contract, lease, easement, license or other instrument pursuant to which the corporation shall make all or any portion of any state park infrastructure project available to such state agency. Any such contract or contracts, lease, easement, license or other instrument shall be upon such terms and conditions as the corporation and the state shall determine to be reasonable, including, but not limited to, the payment of or reimbursement to the corporation for (a) all costs of the corporation in financing all or any portion of any state park infrastructure project, and any claims arising therefrom, (b) all fees and other charges of, and all expenses incurred by, the corporation in connection with the issuance and administration of any bonds or notes issued by the corporation for such purpose, and (c) amounts sufficient to pay all principal, premium, if any, and interest on such bonds or notes. Such payment or reimbursement may be made annually or otherwise, may be in fixed amounts or based on any factors or other matters, or may be made in any other manner, as such contract or contracts, lease, easement, license or other instrument shall provide. Provided, however, that the net proceeds of any such bonds or notes issued shall not exceed sixteen million dollars, not including issuance costs, capitalized interest and debt service reserve funds.

2. Any such contract or contracts, lease, easement, license or other instrument entered into pursuant to subdivision one of this section shall provide that the obligation of the state to fund or to pay the

amounts therein provided for shall not constitute a debt of the state within the meaning of any constitutional or statutory provision and shall be deemed executory only to the extent of moneys available therefor and that no liability shall be incurred by the state beyond the moneys available for such purpose, and that such obligation is subject to annual appropriation by the legislature.

3. Any such contract or contracts, lease, easement, license or other instrument or any payments made or to be made thereunder may be assigned and pledged by the corporation as security for its bonds and notes issued for the purpose of financing all or any part of any state park infrastructure project.

4. The corporation and the office of parks, recreation and historic preservation or the division of the budget, with the approval of the director of the budget, may enter into any leases, easements, licenses or other instruments for the purpose of granting to the corporation any interest in real property which the corporation shall deem necessary for the purpose of financing the design, acquisition, construction, improvement and installation of all or any portion of any state park infrastructure project. The corporation shall hold any such interest in real property in trust for the state, shall make and keep such properties accessible to the public, and shall not sell, lease, exchange or donate such properties except to the state.

5. The comptroller is hereby authorized to receive from the corporation any portion of special obligation bond proceeds paid to provide funds for or reimburse the state for its costs associated with any state park infrastructure project and to credit such amounts to the capital projects fund or any other appropriate fund.

§ 1285-m. Drinking water revolving fund. 1. (a) The corporation shall undertake and provide assistance in support of the program to make financial assistance available to recipients to encourage and support the planning, development and construction of water supply facilities in accordance with the provisions of this section and title four of article eleven of the public health law.

(b) There is hereby established in the custody of the corporation a special fund to be known as the drinking water revolving fund. Except as otherwise provided by this paragraph, moneys in the drinking water revolving fund shall be segregated from all other funds of or in the custody of the corporation subject to any rights of holders of corporation bonds or notes issued for the purposes of this section. Moneys in the drinking water revolving fund shall only be used in accordance with the provisions of this section and title four of article eleven of the public health law; provided that, in addition, to the extent permitted by federal or state law, moneys in the drinking water revolving fund may be transferred to and used for the purposes authorized for the water pollution control revolving fund, and moneys in the water pollution control revolving fund may be transferred to and used for the purposes authorized for the drinking water revolving fund. The moneys in the drinking water revolving fund shall be applied to or paid out for authorized purposes of such fund in accordance with subdivision four of this section and title four of article eleven of the public health law. To the extent approved by the commissioner of health and the commissioner of environmental conservation and notwithstanding the provisions of paragraph (a) of this subdivision, moneys in the drinking water revolving fund and in the water pollution control revolving fund may be held together; provided that all such moneys are segregated from all other funds of or in the custody of the corporation subject to any rights of holders of corporation bonds or notes issued for the purposes of this section; provided further, that the corporation shall establish and maintain or cause there to be established and maintained a system of tracking the application of such moneys to the purposes of this section. The corporation may establish within the drinking water revolving fund additional accounts or subaccounts and specify any conditions applicable to the transfer of moneys between such accounts or subaccounts. With respect to each eligible project, the corporation shall establish and maintain a record of the allocation provided for the benefit of such project in accordance with the terms of the applicable financing agreement.

2. As used in this section, the terms "allocation", "construction",

"eligible project", "fund" and "financing agreement" shall have the meanings set forth in section eleven hundred sixty of the public health law.

3. Such fund shall consist of all of the following:

(a) the proceeds of bonds or notes issued by the state pursuant to the Clean Water/Clean Air Bond Act of 1996; provided that up to two hundred sixty-five million dollars ($265,000,000) of such proceeds shall be available to finance state assistance payments in the manner set forth in paragraphs (a), (d), (e), (f) and (g) of subdivision four of this section, and up to ninety million dollars ($90,000,000) shall be available to finance state assistance payments in the manner set forth in paragraphs (d), (f) and (h) of subdivision four of this section;

(b) federal capitalization grants and awards or other federal assistance provided pursuant to the federal safe drinking water act for purposes of deposit in the fund and appropriated by the state for deposit therein;

(c) moneys appropriated by the state legislature for the purpose of such fund or otherwise transferred by the state for deposit therein by the comptroller as required by law;

(d) payments of principal and interest made by recipients pursuant to loan or other financing agreements entered into pursuant to subdivisions eight and nine of this section; provided, however, if financial assistance made pursuant to financing agreements were financed by the issuance of bonds or notes of the corporation, deposit of such payments into the fund shall be subject to the rights of the holders of such bonds or notes to receive such moneys;

(e) investment earnings on amounts in such fund; and

(f) the proceeds of bonds or notes issued by the corporation for purposes of providing financial assistance to recipients.

4. Moneys in the drinking water revolving fund shall be applied by the corporation in accordance with this section and title four of article eleven of the public health law to provide financial assistance to recipients for construction of eligible projects and, upon consultation with the director of the division of the budget, for such other purposes permitted by the federal safe drinking water act, as amended, and to

provide for the administrative and management costs of the program, provided however, that proceeds of bonds issued pursuant to the Clean Water/Clean Air Bond Act of 1996, other than proceeds of bonds used to finance the state match for federal capitalization grants for the drinking water revolving fund, shall not be used for administrative and management costs; and provided further, that proceeds of bonds issued pursuant to the Clean Water/Clean Air Bond Act of 1996, other than proceeds of bonds issued to finance the state match for federal capitalization grants for the drinking water revolving fund, shall not be used to finance costs with respect to the Croton filtration project. As used in this section "financial assistance to recipients" means any one or more of the following:

(a) making loans to recipients for construction of eligible projects on such terms as the corporation may determine, subject to any applicable provisions of federal or state law;

(b) buying or refinancing debt obligations of recipients at market or below market rates, subject to any applicable provisions of federal or state law;

(c) guarantying, or purchasing insurance or other credit enhancement for municipal obligations where such action would improve credit market access for or reduce interest rates on such municipal obligations;

(d) providing a source of revenue or security for payment of principal and interest on bonds or notes issued by the corporation if the proceeds of the sale of such bonds or notes will be deposited in the fund;

(e) providing interest rate subsidy allocations to subsidize loans to recipients made from the proceeds of the corporation's bonds or notes;

(f) paying, pursuant to subdivision seven of this section, the costs of the corporation and the department of health of administering and managing the program described in this section and title four of article eleven of the public health law and paying the costs of the corporation and the department of health of providing technical assistance with respect to such program; provided, however, that proceeds of bonds issued pursuant to the Clean Water/Clean Air Bond Act of 1996, other than proceeds of bonds used to finance the state match for federal capitalization grants for the drinking water revolving fund, shall not be used for such costs;

(g) paying up to seventy-five percent of the principal on loans made to recipients under financing agreements if the corporation determines that the recipient would be unable to carry out the eligible project financed with such loan without creating a financial hardship on system users and without the subsidy afforded by such payment of principal, provided that (i) the amounts applied to such purpose shall be paid from interest earned on funds deposited in the fund and from interest received on other loans made from the fund, (ii) the amounts so applied shall not exceed, in the aggregate, the interest earnings received by the fund on fifty percent of the amounts deposited to the fund, and (iii) in accordance with regulations to be promulgated by the corporation, preference shall be given to small and rural communities in providing such principal subsidies; or

(h) making state assistance payments for the state share of the cost of an eligible project from up to ninety million dollars ($90,000,000) of the proceeds of state bonds and notes issued pursuant to the Clean Water/Clean Air Bond Act of 1996; provided that, in accordance with regulations to be promulgated by the corporation, preference shall be given to recipients which would be unable to carry out such eligible projects in the absence of such state assistance payments without creating a financial hardship on system users.

Subject to any applicable provisions of federal or state law, any financial assistance at an interest rate of zero percent provided to recipients that meet the financial hardship criteria regulations established pursuant to title four of article eleven of the public health law, may have a final maturity up to forty years following scheduled completion of the eligible project.

5. The corporation may make payments to the state in accordance with subdivision seven of this section to reimburse the state for expenditures made pursuant to appropriation to pay the cost of the corporation and the department of health for administering and managing the drinking water revolving fund program, including provision of technical assistance. Such reimbursement may be made from:

(a) available investment earnings on all amounts in the drinking water revolving fund excluding all amounts in the fund which are the subject of allocations or other financial assistance to a recipient;

(b) payments received from a recipient for such purpose; and
(c) the proceeds of federal capitalization grants, awards or assistance available for administration and management of such program.

Notwithstanding the foregoing, if the sources of revenues described in paragraphs (a), (b) and (c) of this subdivision are at any time insufficient to make a reimbursement to the state pursuant to this subdivision when due, the corporation may make such reimbursement from any other available amounts in the drinking water revolving fund, excluding all amounts that are the subject of allocations, provided, that the amounts paid from fund sources other than those described in paragraphs (a), (b) and (c) of this subdivision shall be reimbursed upon a determination by the director of the budget that future revenues obtained from sources described in paragraphs (a), (b) and (c) of this subdivision are in excess of the amounts reasonably needed to make future reimbursements pursuant to this subdivision.

* 6. Moneys in the drinking water revolving fund may be invested as provided in subdivision four of section twelve hundred eighty-four of this title and may be further invested:

(a) in investment agreements continuously secured by obligations with any insurance company or reinsurance company or corporate affiliate thereof rated by a nationally recognized rating agency in one of its two highest categories, any bank, trust company or broker or dealer, as defined by the securities exchange act of 1934, which is a dealer in government bonds, which reports to, trades with and is recognized as a primary dealer by a federal reserve bank and is a member of the securities investors protection corporation, if such investment agreement provides that:

(i) such obligations securing such investment agreements are obligations as set forth in section ten of the general municipal law;

(ii) such obligations are to be delivered to a trustee for the benefit of the corporation or, with respect to moneys pledged under an indenture of trust or trust agreement relating to bonds or notes of the corporation, to the trustee under such indenture or trust agreement, or are supported by a safe keeping receipt issued by a depository satisfactory to the corporation as applicable, provided that such investment agreements must provide that the value of the underlying obligations shall be maintained at a current market value, calculated no less frequently than monthly, of not less than the amount deposited thereunder;

(iii) a prior perfected security interest in the obligations which are securing such agreement has been granted to the corporation, such trustee or such depository as applicable; and

(iv) such obligations are free and clear of adverse third party claims; or

(b) in obligations as set forth in section ten of the general municipal law that are rated by a nationally recognized rating agency in one of its two highest rating categories.

* NB Effective until September 30, 2029

* 6. Moneys in the drinking water revolving fund may be invested as provided in subdivision four of section twelve hundred eighty-four of this title and may be further invested:

(a) in investment agreements continuously secured by obligations with any insurance company or reinsurance company or corporate affiliate thereof rated by a nationally recognized rating agency in one of its two highest categories, any bank, trust company or broker or dealer, as defined by the securities exchange act of 1934, which is a dealer in government bonds, which reports to, trades with and is recognized as a primary dealer by a federal reserve bank and is a member of the securities investors protection corporation, if such investment agreement provides that:

(i) such obligations securing such investment agreements are obligations as set forth in section ten of the general municipal law;

(ii) such obligations are to be delivered to a trustee for the benefit of the corporation or, with respect to moneys pledged under an indenture of trust or trust agreement relating to bonds or notes of the corporation, to the trustee under such indenture or trust agreement, or are supported by a safe keeping receipt issued by a depository satisfactory to the corporation as applicable, provided that such investment agreements must provide that the value of the underlying obligations shall be maintained at a current market value, calculated no less frequently than monthly, of not less than the amount deposited thereunder;

(iii) a prior perfected security interest in the obligations which are securing such agreement has been granted to the corporation, such trustee or such depository as applicable; and

(iv) such obligations are free and clear of adverse third party claims; or

(b) in obligations the interest on which is excludable from gross income under section one hundred three of the internal revenue code, provided that such obligations are rated by a nationally recognized rating agency in one of its two highest rating categories.

* NB Effective September 30, 2029

7. The corporation may transfer to the state on such schedule as the corporation and the department of health shall agree amounts from the fund to reimburse the state in accordance with the provisions of subdivision five of this section.

8. In addition to the powers of the corporation granted elsewhere in this chapter, the corporation shall have the power to enter into loan and other financing agreements authorized by title four of article eleven of the public health law. Notwithstanding the powers granted to the corporation elsewhere in this title, the corporation's power to finance eligible projects from the fund is limited to eligible projects for which financing agreements have been executed pursuant to title four of article eleven of the public health law.

9. In addition to the powers granted to the corporation elsewhere in this chapter, the corporation may make loans or other financial assistance to recipients for purposes of financing eligible projects for which the fund may be used, subject to the limitations of subdivision eight of this section, may accept the obligations of any recipient as security for the repayment of a loan to such recipient, and may assign and pledge such recipient obligations and financing agreements for the benefit of the holders of obligations of the corporation. Loan proceeds or other financial assistance may be disbursed to a recipient only in connection with facilities that have been certified by the commissioner of health as constituting an eligible project and in accordance with other restrictions as may be imposed in connection with such loan or obligations of the corporation from the proceeds of which such loan is

made.

10. The corporation is authorized to arrange, in consultation with the department of health, for any audits required by law for the purpose of issuing its bonds or notes to provide financial assistance to recipients, and provide for the implementation of any independently conducted reviews or audits arranged pursuant to subdivision two of section eleven hundred sixty-six of the public health law.

11. In the event a municipality participating in the drinking water revolving fund program shall fail to make any payment due the corporation pursuant to any financing agreement or other obligation of the municipality sold to the corporation or issued as security for the undertaking of the municipality thereunder, the corporation shall certify to the comptroller, and notify the chairman of the senate finance committee, the chairman of the assembly ways and means committee, the director of the division of the budget and the governing body of the municipality that such municipality has failed to make such payment. Such certificate shall be in such form as may be determined by the corporation provided such certificate shall specify the exact amount of debt service and surcharge, if applicable, required to satisfy such municipality's unpaid obligation. The comptroller, upon receipt of such certificate from the corporation, is authorized to and shall, to the extent not otherwise prohibited by law and subject to any other provision of law providing for withholding of payments to the municipality which takes precedence over this subdivision, withhold from such municipality the next succeeding payments of state aid or local assistance otherwise payable to it to the extent necessary to meet the certified amount of debt service and surcharge, if applicable, due the corporation and shall immediately pay over to the corporation as a debt service payment on behalf of such municipality the amount so withheld.

§ 1285-n. Issuance and sale of recipient bonds and notes. Notwithstanding subdivision two of section one thousand eighty of this article, or any by-law, rule or regulation requiring the recipient to issue bonds or notes at a public or competitive sale, any recipient of a financing from the corporation pursuant to section twelve hundred eighty-five-j, twelve hundred eighty-five-m or twelve hundred eighty-five-o of this title may validly issue its notes or bonds to the corporation, as evidence of its obligation to repay such financing.

§ 1285-o. Pipeline for jobs fund. The corporation shall undertake to provide financial assistance to recipients to encourage and support the planning, design and construction of eligible projects which provide an economic development benefit to the state.

1. There is hereby established in the custody of the corporation a "pipeline for jobs fund". The purpose of the pipeline for jobs fund shall be to provide financial assistance, as determined by the corporation in consultation with the department of economic development, to recipients for the planning, design and construction of eligible projects.

2. For purposes of this section, and notwithstanding any provision of law to the contrary, as used in this section:

(a) "Construction" means the erection, building, acquisition, alteration, reconstruction, improvement, enlargement or extension of an eligible project; the inspection and supervision thereof; and the engineering, architectural, legal, fiscal, and economic investigations and studies, surveys, designs, plans, working drawings, specifications, procedures, and other actions necessary thereto.

(b) "Eligible municipality" means any county, city, town or village located within the state.

(c) "Eligible project" means a project intended to create, improve or extend water supply facilities, including, but not limited to, drinking water facilities and cold water supply facilities for economic development purposes on behalf of businesses, which may include projects that may be eligible for financing under or designed to comply with the requirements of the federal safe drinking water act or other applicable federal laws and state drinking water quality goals and standards.

(d) "Financial assistance" means state assistance payments for the state share of the cost of an eligible project, or any one or more of the following types of financial assistance:

(i) loans to recipients for construction of eligible projects on such terms as the corporation may determine, subject to any applicable provisions of federal or state law;

(ii) buying or refinancing debt obligations of recipients at market or below market rates, subject to any applicable provisions of federal or state law;

(iii) guarantying, or purchasing insurance or other credit enhancement for municipal obligations where such action would improve credit market access for or reduce interest rates on such municipal obligations;

(iv) providing a source of revenue or security for payment of principal and interest on bonds or notes issued by the corporation if the proceeds of the sale of such bonds or notes will be deposited in the fund; and

(v) providing interest rate subsidies from investment earnings on corpus allocations to subsidize loans to recipients made from the proceeds of the corporation's bonds or notes.

(e) "Fund" means the pipeline for jobs fund established by this section.

(f) "Recipient" means any eligible municipality, public utility, public benefit corporation, or person, including any individual, firm, partnership, association, not-for-profit corporation or other corporation organized and existing under the laws of the state or any other state which is empowered to construct and operate an eligible project, or any two or more of the foregoing which are acting jointly in connection with an eligible project.

3. Moneys in the fund shall be segregated from all other funds of or in the custody of the corporation. Moneys in the fund shall be used for any authorized purpose of the fund as provided and in accordance with the provisions of this section.

4. The fund shall consist of:

(a) moneys appropriated by the legislature pursuant to a chapter of the laws of nineteen hundred ninety-nine, or any reappropriation thereof, for the purpose of such fund or otherwise transferred by the state for deposit therein by the comptroller as required by law;

(b) payments of principal and interest made by recipients pursuant to loan or other financing agreements entered into pursuant to this section; provided, however, if financial assistance made pursuant to financing agreements is financed by the issuance of bonds or notes of the corporation, deposit of such payments into the fund shall be subject to the rights of the holders of such bonds or notes to receive such moneys;

(c) investment earnings on the amounts in such fund; and

(d) the proceeds of bonds or notes issued by the corporation for purposes of providing financial assistance to recipients.

5. Moneys in the fund may be invested by the corporation in accordance with this title and pursuant to guidelines from time to time issued by the corporation.

6. The corporation shall request applications from recipients to receive financial assistance from the fund for eligible projects. The corporation shall provide a list of the eligible projects and the amounts available for financial assistance to the department of economic development, which department shall recommend to the corporation projects to be financed from the moneys available. In making such recommendations, the department of economic development shall give consideration to eligible projects which have the potential to enhance the state's technology industry development efforts.

7. The corporation shall promulgate regulations, developed in consultation with the commissioner of economic development, the commissioner of environmental conservation and the commissioner of health for the purpose of carrying out its responsibilities under this section, including establishing the criteria and standards for evaluating the projects to be financed and determining the amount and kind of financial assistance to a recipient for an eligible project as well as the terms of any financing agreement evidencing such financial assistance.

8. The provisions of subdivision eleven of section twelve hundred eighty-five-m of this title shall be available to the corporation in the

event of a default under any financing agreement entered into by an eligible municipality pursuant to this section.

9. (a) Notwithstanding the provisions of any general or special law to the contrary, the corporation and the director of the budget are hereby authorized to enter into a pipeline for jobs fund service contract or contracts providing for the administration of the pipeline for jobs fund and the financing by such corporation of the contributions made by the state to the pipeline for jobs fund. Any such contract or contracts shall be upon such terms and conditions as the corporation and the director of the budget shall determine to be reasonable, including, but not limited to, provisions relating to the respective obligations of the state and the corporation with respect to providing for the payment of (i) all fees and other charges of, and expenses incurred by, the corporation in connection with the issuance and administration of bonds to provide funds to the state or reimburse the state for contributions to the pipeline for jobs fund and (ii) all debt service payments and related expenses on such bonds.

(b) Any such contract entered into pursuant to paragraph (a) of this subdivision shall provide that the obligation of the state to fund or to pay the amounts therein provided for shall not constitute a debt of the state within the meaning of any constitutional or statutory provision and shall be deemed executory only to the extent of moneys available therefore and that no liability shall be incurred by the state beyond the moneys available for such purpose, and that such obligation is subject to annual appropriation by the legislature.

(c) Any such contract or any payments made or to be made thereunder may be assigned and pledged by the corporation as security for its bonds and notes issued for the purpose of financing the state contribution to the pipeline for jobs fund.

(d) The comptroller is hereby authorized to receive from the corporation any portion of bond proceeds paid to provide funds to or reimburse the state for its contribution to the pipeline for jobs fund and to credit such amounts to the capital projects fund.

§ 1285-p. State environmental infrastructure projects. In order to effectuate the purposes of this title, the corporation shall have the following additional special powers:

1. Subject to chapter fifty-nine of the laws of two thousand, but notwithstanding any other provisions of law to the contrary, in order to assist the corporation in undertaking the administration and the financing of the design, acquisition, construction, improvement, installation, and related work for all or any portion of any of the following environmental infrastructure projects and for the provision of funds to the state for any amounts disbursed therefor: (a) projects authorized under the environmental protection fund, or for which appropriations are made to the environmental protection fund including, but not limited to municipal parks and historic preservation, stewardship, farmland protection, non-point source, pollution control, Hudson River Park, land acquisition, and waterfront revitalization; (b) department of environmental conservation capital appropriations for Onondaga Lake for certain water quality improvement projects in the same manner as set forth in paragraph (d) of subdivision one of section 56-0303 of the environmental conservation law; (c) for the purpose of the administration, management, maintenance, and use of the real property at the western New York nuclear service center; (d) department of environmental conservation capital appropriations for the administration, design, acquisition, construction, improvement, installation, and related work on department of environmental conservation environmental infrastructure projects; (e) office of parks, recreation and historic preservation appropriations or reappropriations from the state parks infrastructure fund; (f) capital grants for the cleaner, greener communities program; (g) capital costs of water quality infrastructure projects and (h) capital costs of clean water infrastructure projects the director of the division of budget and the corporation are each authorized to enter into one or more service contracts, none of which shall exceed twenty years in duration, upon such terms and conditions as the director and the corporation may agree, so as to annually provide to the corporation in the aggregate, a sum not to exceed the annual debt service payments and related expenses required for any bonds and notes authorized pursuant to section twelve hundred ninety of this title. Any service contract entered into pursuant to this

section shall provide that the obligation of the state to fund or to pay the amounts therein provided for shall not constitute a debt of the state within the meaning of any constitutional or statutory provision and shall be deemed executory only to the extent of moneys available for such purposes, subject to annual appropriation by the legislature. Any such service contract or any payments made or to be made thereunder may be assigned and pledged by the corporation as security for its bonds and notes, as authorized pursuant to section twelve hundred ninety of this title.

2. The comptroller is hereby authorized to receive from the corporation any portion of bond proceeds paid to provide funds for or reimburse the state for its costs associated with any state environmental infrastructure projects and to credit such amounts to the capital projects fund or any other appropriate fund.

3. The maximum amount of bonds that may be issued for the purpose of financing environmental infrastructure projects authorized by this section shall be seventeen billion seven hundred fifty million one hundred sixty thousand dollars $17,750,160,000, exclusive of bonds issued to fund any debt service reserve funds, pay costs of issuance of such bonds, and bonds or notes issued to refund or otherwise repay bonds or notes previously issued. Such bonds and notes of the corporation shall not be a debt of the state, and the state shall not be liable thereon, nor shall they be payable out of any funds other than those appropriated by the state to the corporation for debt service and related expenses pursuant to any service contracts executed pursuant to subdivision one of this section, and such bonds and notes shall contain on the face thereof a statement to such effect.

§ 1285-q. Financing of hazardous waste site remediation projects. In order to effectuate the purposes of this title, the corporation shall have the following additional special powers:

1. Subject to chapter fifty-nine of the laws of two thousand, but notwithstanding any other provisions of law to the contrary, in order to

assist the corporation in undertaking the administration and the financing of hazardous waste site remediation projects for payment of the state's share of the costs of the remediation of hazardous waste sites, in accordance with title thirteen of article twenty-seven of the environmental conservation law and section ninety-seven-b of the state finance law, and for payment of state costs associated with the remediation of offsite contamination at significant threat sites as provided in section 27-1411 of the environmental conservation law, and beginning in state fiscal year two thousand fifteen - two thousand sixteen for environmental restoration projects pursuant to title five of article fifty-six of the environmental conservation law provided that funding for such projects shall not exceed ten percent of the funding appropriated for the purposes of financing hazardous waste site remediation projects, pursuant to title thirteen of article twenty-seven of the environmental conservation law in any state fiscal year pursuant to capital appropriations made to the department of environmental conservation, the director of the division of budget and the corporation are each authorized to enter into one or more service contracts, none of which shall exceed twenty years in duration, upon such terms and conditions as the director and the corporation may agree, so as to annually provide to the corporation in the aggregate, a sum not to exceed the annual debt service payments and related expenses required for any bonds and notes authorized pursuant to section twelve hundred ninety of this title. Any service contract entered into pursuant to this section shall provide that the obligation of the state to fund or to pay the amounts therein provided for shall not constitute a debt of the state within the meaning of any constitutional or statutory provision and shall be deemed executory only to the extent of moneys available for such purposes, subject to annual appropriation by the legislature. Any such service contract or any payments made or to be made thereunder may be assigned and pledged by the corporation as security for its bonds and notes, as authorized pursuant to section twelve hundred ninety of this title.

2. The comptroller is hereby authorized to receive from the corporation any portion of bond proceeds paid to provide funds for or reimburse the state for its costs associated with any hazardous waste

site remediation projects and to credit such amounts to the capital projects fund or any other appropriate fund.

3. The maximum amount of bonds that may be issued for the purpose of financing hazardous waste site remediation projects and environmental restoration projects authorized by this section shall not exceed three billion four hundred fifty million dollars, provided that the bonds not issued for such appropriations may be issued pursuant to reappropriation in subsequent fiscal years. No bonds shall be issued for the repayment of any new appropriation enacted after March thirty-first, two thousand thirty-six for hazardous waste site remediation projects authorized by this section. Amounts authorized to be issued by this section shall be exclusive of bonds issued to fund any debt service reserve funds, pay costs of issuance of such bonds, and bonds or notes issued to refund or otherwise repay bonds or notes previously issued. Such bonds and notes of the corporation shall not be a debt of the state, and the state shall not be liable thereon, nor shall they be payable out of any funds other than those appropriated by this state to the corporation for debt service and related expenses pursuant to any service contracts executed pursuant to subdivision one of this section, and such bonds and notes shall contain on the face thereof a statement to such effect.

§ 1285-r. State beginning farmer program. 1. Notwithstanding the provisions of any general or special law to the contrary, the corporation shall undertake to provide financial assistance to beginning farmers to purchase agricultural land, improvements and other agricultural property at or for any agricultural facility as set forth in this section.

2. For purposes of this section, and notwithstanding any provision of law to the contrary, as used in this section:

(a) "Agricultural facility" shall mean a facility used for the production for sale of crops, livestock and livestock products as those terms are defined in subdivision two of section three hundred one of the agriculture and markets law.

(b) "Beginning farmer" shall mean a person who engages in farming or desires to engage in farming and who qualifies as a first time farmer pursuant to 26 United States code section 147(c)(2).

(c) "Lender" shall mean any state or federally-chartered savings bank, savings and loan association, state or federally chartered savings banks and savings and loan associations, farm credit system institution, or state or federally chartered commercial banks or trust companies authorized to do business in this state.

(d) "Project" shall mean the purchase of agricultural land, improvements and other agricultural property at or for any agricultural facility to be owned and operated by a beginning farmer.

3. The corporation is hereby authorized to enter into any contract, financing or loan agreement, or other instrument in connection with a loan made by a lender to a beginning farmer for a project.

4. In order to effectuate the purposes of this section, the corporation may extend credit to or on behalf of a beginning farmer for the construction or acquisition of a project, or for the reimbursement for costs incurred by a beginning farmer in connection with a project, provided such beginning farmer has received a commitment to receive from a lender a loan or other financial assistance acceptable to the corporation. In the exercise of the powers granted in this section in connection with a project for a beginning farmer, the corporation may require the inclusion in any contract, loan agreement or other instrument of such provisions for the financing of such project and such other financial and other covenants as may apply to such beginning farmers as the corporation may deem desirable and/or appropriate and to do all things necessary to execute any instrument in connection and desirable with such financing.

5. In connection with the issuance of any bond or note issued in connection with or for the beginning farmer program, the corporation may fix and collect any fees and charges, including but not limited to reimbursement of all costs of financing incurred by the corporation, as the corporation shall determine to be reasonable.

6. In connection with the extension of credit and the issuance of a

bond or note for the construction or acquisition of a project as provided in this section, a beginning farmer shall submit to the corporation an application for the extension of credit or a loan. The corporation may deny such application for any reason it deems appropriate in the public interest.

7. Any bonds or notes issued to finance the provisions of this section shall be special limited obligations of the corporation payable solely out of the revenue derived from any loan or finance agreement, debt obligation or sales contract, collateral or other property received in connection with the beginning farmer program. All assets and liabilities created through the issuance of bonds or notes under this section shall be separate from all other assets and liabilities of the corporation. The corporation shall have no moral or legal obligation or liability to any beginning farmer or other person under this section except as expressly provided by written contract. No funds in the beginning farmer program may be commingled with any other funds of the corporation.

8. (a) The corporation shall promulgate regulations, developed in consultation with the commissioner of agriculture and markets, for the purpose of carrying out its responsibilities under this section, including establishing the criteria and standards for evaluating the project to be financed and the eligibility of the beginning farmer.

(b) The corporation shall consult with the commissioner of agriculture and markets regarding promotion of the program and agriculturally related questions regarding the program or applications.

§ 1285-s. New York state intermunicipal water infrastructure grants program. 1. For purposes of this section:

(a) "water quality infrastructure project" shall mean "sewage treatment works" as defined in section 17-1903 of the environmental conservation law or "eligible project" as defined in paragraphs (a), (b), (c) and (e) of subdivision four of section eleven hundred sixty of the public health law.

(b) "construction" shall mean:

(i) for sewage treatment works, the same meaning as defined in section

17-1903 of the environmental conservation law; and

(ii) for eligible projects, the same meaning as defined in section one thousand one hundred sixty of the public health law.

(c) "municipality" shall mean any county, city, town, village, district corporation, county or town improvement district, school district, Indian nation or tribe recognized by the state or the United States with a reservation wholly or partly within the boundaries of New York state, any public benefit corporation or public authority established pursuant to the laws of New York or any agency of New York state which is empowered to construct and operate an intermunicipal water quality infrastructure project, or any two or more of the foregoing which are acting jointly in connection with an intermunicipal water quality infrastructure project.

2. (a) The environmental facilities corporation shall undertake and provide state financial assistance payments, from funds appropriated for such purpose, to municipalities in support of intermunicipal water quality infrastructure projects provided, however, in any such year that funds are appropriated for such purpose, each project shall receive an award of up to ten million dollars of appropriated funds; provided that such monies shall not exceed sixty percent of the total project cost; and provided further that the total state financial assistance payment for the project does not represent a disproportionate share of the total amount of available funding in any given year.

(b) Intermunicipal water quality infrastructure projects shall serve multiple municipalities and may include a shared water quality infrastructure project or interconnection of multiple municipal water quality infrastructure projects and shall be awarded only to water quality infrastructure projects for:

(i) construction, replacement or repair of infrastructure provided, however, that such assistance shall not be awarded for construction to exclusively support residential or commercial development; or

(ii) compliance with environmental and public health laws and regulations related to water quality.

(c) Cooperating municipalities may make an application for an intermunicipal water infrastructure grant, in a manner, form and timeframe and containing such information as the environmental facilities corporation may require provided however, such requirements shall not include a requirement for prior listing on the intended use plan.

(d) Cooperating municipalities shall not be required to accept environmental facilities corporation loan financing in order to obtain a state financial assistance payment pursuant to this section if it can provide proof of having obtained similarly low cost financing or other funding from another source.

(e) In awarding financial assistance payments, the corporation shall be prohibited from requiring as a condition of receipt, or otherwise giving preference to, applicants who agree to participate in the design, creation, or implementation of a municipal consolidation plan.

3. Intermunicipal water quality infrastructure projects financed with state financial assistance made available pursuant to this section shall be subject to the requirements of article eight of the labor law, the requirements of article seventeen-B of the executive law and the requirements and provisions of all applicable minority- and women-owned business mandates including, but not limited to article fifteen-A of the executive law.

§ 1285-t. Water infrastructure emergency financial assistance. 1. For purposes of this section, "municipality" means any county, city, town, village, district corporation, county or town improvement district, school district, Indian nation or tribe recognized by the state or the United States with a reservation wholly or partly within the boundaries of New York state, any public benefit corporation or public authority established pursuant to the laws of New York or any agency of New York state which is empowered to construct and operate a wastewater or drinking water infrastructure project, or any two or more of the foregoing which are acting jointly in connection with such a project.

2. Upon a municipality's formal declaration of an emergency, the municipality shall provide the department of environmental conservation or the department of health, as appropriate, with information to assess any situation in which the state of the municipality's wastewater or

water infrastructure is causing or may cause an imminent hazard to the public health or welfare, or the environment. After its assessment, if either department determines the state of the infrastructure is resulting or may result in imminent hazard to the public health or welfare, or to the environment, the corporation shall provide temporary emergency assistance, within amounts appropriated, to the municipality in an amount not to exceed reasonable costs for infrastructure construction, replacement, or repair, and related engineering costs, that is immediately necessary to eliminate or substantially reduce such hazard.

3. The corporation and the municipality shall enter into an agreement signed by an officer duly authorized by the governing body of the municipality pursuant to which the corporation shall transmit emergency financial assistance in an amount determined by the department of environmental conservation or the department of health, as applicable, as necessary to address the imminent hazard, and shall provide the assistance payment to the municipality within two business days of receipt of such determination. The municipality shall submit an itemized cost estimate from the municipality's engineer or engineering consultant to the applicable department sufficient to make such determination.

4. No later than fourteen days after the cessation of the emergency, the municipality shall provide to the corporation documentation for all costs paid with the emergency assistance and refund to the corporation any portion of the financial assistance not used or committed to pay for the construction, replacement, or repair and related engineering costs determined to be necessary under subdivision one of this section.

5. Subject to appropriation or duly authorized indebtedness, the municipality shall repay the corporation within one year of its receipt of emergency financial assistance the full amount of such assistance provided to it under this section. The corporation may extend the time to repay for up to one additional year if the corporation determines in its sole discretion that such an extension is warranted under the circumstances.

6. Nothing in this section nullifies the eligibility of a municipality for other infrastructure funding, including grant, which may be provided by the state for water infrastructure directly related to the infrastructure for which emergency financial assistance is awarded under this section, including funding the municipality could use to repay the emergency financial assistance. If the municipality receives such other funding from the state or any financial assistance from a third party for the same infrastructure, the municipality shall within ten days first repay the corporation the outstanding balance of the emergency financial assistance before paying any remaining costs for the water infrastructure.

§ 1285-u. Septic system replacement fund. 1. Definitions. For purposes of this section:

(a) "Cesspool" means a drywell that receives untreated sanitary waste containing human excreta, which sometimes has an open bottom and/or perforated sides.

(b) "Fund" means the state septic system replacement fund created by this section.

(c) "Enhanced septic system project" means an onsite decentralized wastewater treatment system(s) that (i) at a minimum, is designed to reduce total nitrogen in treated effluent to 19 mg/l or (ii) significantly and quantifiably reduces environmental and/or public health impacts associated with phosphorous or per- and polyfluoroalkyl substances and associated compounds in effluent from a cesspool or septic system.

(d) "Participating county" means a county that notifies the corporation that it seeks authority to administer a septic system replacement program within its municipal boundaries and agrees to abide by the program's goals, guidelines, eligibility requirements and reimbursement procedures and provide information to property owners regarding program parameters including eligibility criteria.

(e) "Septic system" means a system that provides for the treatment and/or disposition of the combination of human and sanitary waste with water not exceeding one thousand gallons per day, serving a single parcel of land, including residences and small businesses.

(f) "Septic system project" means the replacement of a cesspool with a septic system, the installation, replacement or upgrade of a septic system or septic system components, or installation of enhanced treatment technologies, including an advanced nitrogen removal system, to significantly and quantifiably reduce environmental and/or public health impacts associated with effluent from a cesspool or septic system to groundwater used as drinking water, or a threatened or an impaired waterbody.

(g) "Small business" means any business which is resident in this state, independently owned and operated, not dominant in its field, and employing not more than one hundred individuals.

2. (a) There is hereby created the state septic system replacement fund, which shall be administered by the corporation to reimburse property owners or at the written request of a property owner, the septic system installer contracted by the property owner, for up to (i) fifty percent of the eligible costs incurred for eligible septic system projects, provided that no property owner shall be reimbursed more than ten thousand dollars and no septic system installer may be reimbursed more than ten thousand dollars per property for such projects; or (ii) seventy-five percent of the eligible costs incurred for enhanced septic system projects, provided that no property owner shall be reimbursed more than twenty-five thousand dollars and no enhanced septic system installer may be reimbursed more than twenty-five thousand dollars per property for such projects.

(b) Eligible costs include design and installation costs, and costs of the system, system components, or enhanced treatment technologies, but shall not include costs associated with routine maintenance such as a pump out of a septic tank.

(c) The department of environmental conservation, in consultation with the department of health and participating counties, shall from the list of participating counties establish priority geographic areas and, in the absence of county information, identify eligible septic system projects, based on an area's vulnerability to contamination, including the presence of a sole source aquifer, or known water quality impairment, population density, soils, hydrogeology, climate, and reasonable ability for septic system projects to mitigate water quality impacts. The department of environmental conservation may delegate to a participating county the identification of priority geographic areas. The department of environmental conservation, in consultation with participating counties in which priority areas have been identified, shall determine the amount of money from the fund to be provided to each participating county based on density, demand for reimbursement from the fund and the criteria used to establish the priority geographic areas. The corporation shall publish information, application forms, procedures and guidelines relating to the program on its website and in a manner that is accessible to the public.

(d) The corporation shall provide state financial assistance payments from the fund, from moneys appropriated by the legislature and available for that purpose, to participating counties to administer a septic system replacement program to support septic system projects within their municipal boundaries undertaken by property owners within their municipal boundaries. Where such project is located in a priority geographic area identified by the department of environmental conservation as threatened or impaired by nitrogen, including groundwater used as drinking water, such septic system project must reduce nitrogen levels by at least thirty percent.

(e) The corporation shall make payments monthly to a participating county upon the receipt by the corporation of a certification from the participating county of the total costs incurred by property owners within its municipal boundaries for septic system projects within its municipal boundaries that are eligible for reimbursement from the fund.

3. (a) A participating county shall notify property owners who may be eligible to participate in the program. Determinations of eligibility will be made by the participating county based on the published program criteria and consideration of a property's location in relation to a waterbody, impacts to groundwater used as drinking water, and the condition of the property owner's current septic system as determined by:

(i) the county health department official; or

(ii) other designated authority having jurisdiction, pursuant to septic inspections required by a municipal separate storm sewer system permit; or

(iii) a septic contractor pursuant to the applicable county sanitary code provided, however, in cases where a property owner has authorized in writing such contractor to receive reimbursement directly, additional verification shall be required.

(b) An owner of property served by a septic system or cesspool may apply to a participating county on an application substantially in the form provided by the corporation.

(c) Property owners in participating counties must have signed a property owner participation agreement with the county before the start of the design phase to be eligible for reimbursement from the fund. The agreement must be substantially in the form provided by the corporation and include, without limitation, the program's goals, guidelines, eligibility requirements and reimbursement procedures.

(d) A property owner may apply for reimbursement of eligible costs by submitting to the participating county a reimbursement application, which must include at least:

(i) a signed property owner participation agreement;

(ii) a completed reimbursement application form substantially in the form provided by the corporation;

(iii) any applicable design approval for the septic system project;

(iv) description of all work completed;

(v) cost documentation and invoice or invoices for eligible costs; and

(vi) any written authorization for a septic system installer to receive reimbursement directly.

(e) Participating counties will be responsible for reviewing their property owners' applications and approving, modifying or denying the reimbursement requests as appropriate and issuing reimbursement payments to property owners from financial assistance payments made to the county from the fund.

(f) Participation in this program and the receipt of payments shall not prevent participating counties from providing additional reimbursement to property owners.

(g) Subject to the limitations of paragraph (d) of this subdivision, the county may set graduated incentive reimbursement rates for septic system projects to maximize pollution reduction outcomes.

4. On or before March first, two thousand nineteen, and annually

thereafter, the corporation shall submit to the governor, the temporary president of the senate and the speaker of the assembly a report regarding the program. Such report shall include, but shall not be limited to, the number and amount of grants provided, the number and amount of any grants denied, geographic distribution of such projects and any other information the corporation determines useful in evaluating the benefits of the program.

§ 1286. Acquisition and disposition of real property. 1. The corporation may acquire, by purchase, gift, grant, transfer, contract or lease, or by condemnation pursuant to the condemnation law, any real property it may deem necessary, convenient or desirable to effectuate the purposes of this title, provided however, that any such condemnation proceedings shall be brought only in the supreme court and the compensation to be paid shall be ascertained and determined by the court without a jury.

2. Where a person entitled to an award in the proceedings to condemn any real property for any of the purposes of this title remains in possession of such property after the time of the vesting of title in the condemnor, the reasonable value of his use and occupancy of such property subsequent to such time as fixed by agreement or by the court in such proceedings or by any court of competent jurisdiction shall be a lien against such award subject only to the liens of record at the time of vesting of title in the condemnor.

3. Title to all property acquired under this act shall vest in the corporation.

4. Notwithstanding the provisions of any general, special or local law or charter, any municipality, by resolution of its governing body, is hereby empowered without referendum and without the consent of any board, officer or other agency of the state, to sell, lease, lend, grant or convey to the corporation, or to permit the corporation to use, maintain or operate as part of a sewage treatment works or solid waste disposal facility, any real or personal property owned by it, including

all or any part of any such facilities, which may be necessary or useful and convenient for the purposes of the corporation and which may be accepted by the corporation. Any such sale, lease, loan, grant, conveyance or permit may be made with or without consideration and for a specified or an unlimited period of time and under any agreement and on any terms and conditions which may be approved by such municipality and which may be agreed to by the corporation in conformity with its contracts with the holders of its bonds and notes, the corporation may enter into and perform any and all agreements with respect to property so accepted by it, including agreements for the operation and maintenance of such property as part of a sewage treatment works, or solid waste disposal facility.

5. The corporation may, whenever it determines that it is in the interest of the corporation, and subject to any existing agreement, dispose of any real property which it determines is not necessary, convenient or desirable for its purposes.

6. The corporation may, whenever it shall determine that it is in the interest of the corporation, rent, lease, or grant easements or other rights in any land or property of the corporation.

§ 1287. Construction contracts. 1. Construction contracts other than for resource recovery facilities let by the corporation shall be in conformity with the applicable provisions of section one hundred thirty-five of the state finance law, but the corporation in its discretion may assign such contracts for supervision and coordination to the successful bidder for any subdivision of work for which the corporation receives bids. Contracts for resource recovery facilities may be awarded by the corporation in the same manner as by a municipality pursuant to section one hundred twenty-w of the general municipal law.

2. Except in the case of contracts for resource recovery facilities awarded consistent with subdivision one of this section, the corporation shall not award any construction contract involving an expenditure of

more than ten thousand dollars except to the lowest bidder who in its opinion is qualified to perform the work required and is responsible and reliable. The lowest bid shall be deemed to be that which specifically states the lowest gross sum for which the entire work will be performed, including all items in the bid proposal. The lowest bid shall be determined by the corporation on the basis of the gross sum for which the entire work will be performed, arrived at by a correct computation of all items specified in the bid therefor at the unit prices contained in the bid. The corporation may, however, reject any or all bids or waive any informality in a bid if it believes that the public interest will be promoted thereby. The corporation may reject any bid if in its judgment the business and technical organization, plant, resources, financial standing or experience of the bidder, compared with the work to be performed, justifies such rejection.

3. Any construction contract awarded by the corporation shall contain such other terms and conditions, and such provisions for penalties, as the corporation may deem desirable.

4. Notwithstanding the provisions of any other law to the contrary, all contracts for public work awarded by the New York state environmental facilities corporation pursuant to this section shall be in accordance with section one hundred thirty-nine-f of the state finance law.

§ 1288. Co-operation and assistance of other agencies. To avoid duplication of effort and in the interests of economy, the corporation may make use of existing studies, surveys, plans, data and other materials in the possession of any state agency or any municipality or political subdivision of the state. Each such agency, municipality and subdivision is hereby authorized to make the same available to the corporation and otherwise to assist it in the performance of its functions. The officers and personnel of such agencies, municipalities and subdivisions, and of any other government or agency whatever, may serve at the request of the corporation upon such advisory committees as the corporation shall determine to create and such officers and personnel may serve upon such committees without forfeiture of office or employment and with no loss or diminution in the compensation, status, rights and privileges which they otherwise enjoy.

§ 1289. Transfer of officers and employees. Officers and employees of state departments and agencies may be transferred to the corporation and officers and employees of the corporation may be transferred to state departments and agencies without examination and without loss of any civil service status or rights. No such transfer may, however, be made except with the approval of the head of the state department or division involved, the director of the budget and the chief executive officer of the corporation, and in compliance with the rules and regulations of the civil service commission of the state.

§ 1290. Notes and bonds of the corporation. 1. (a) The corporation shall have power and is hereby authorized from time to time to issue its negotiable or non-negotiable bonds and notes in conformity with applicable provisions of the uniform commercial code in such principal amount, as, in the opinion of the corporation, shall be necessary to provide sufficient funds for achieving its purposes, including the acquisition and construction, operation and maintenance of sewage treatment works, sewage collecting systems, solid waste disposal facilities, storm water collecting systems, water management facilities, air pollution control facilities, the removal, disposal and remediation of petroleum storage tanks and the remediation of the sites thereof and any other project or projects authorized pursuant to the provisions of this title, and paying the cost thereof; the making of loans to persons and, for purposes of sections twelve hundred eighty-five-j, twelve hundred eighty-five-m and twelve hundred eighty-five-o of this title only, to any municipality or recipient for such purposes; the making of loans, providing of financing or extension of credit to or on behalf of beginning farmers for purposes of section twelve hundred eighty-five-r of this title only; the financing of the design, acquisition, construction, improvement and installation of all or any portion of Riverbank Park, provided however, that any such bonds or notes issued to finance Riverbank Park shall only be issued in such principal amount as shall be necessary to provide sufficient funds for the repayment of amounts disbursed pursuant to appropriations or reappropriations under chapter fifty-four of the laws of nineteen hundred ninety-one including any subsequent reappropriation of the unexpended balance of such appropriations or reappropriations for the purpose of Riverbank Park, plus an amount sufficient to fund any debt service reserve fund established by the corporation for the purpose of Riverbank Park and to provide for the payment of fees and other charges and expenses of the corporation in connection with such bonds and notes, which principal amount shall constitute the statutory ceiling on the amount of bonds and notes that can be issued for such purpose; the financing of all or any portion of any state park infrastructure project or reimbursement of the state for expenditures relating thereto, plus an amount to provide for the payment of fees and other charges and expenses of the corporation in connection with such bonds and notes; the provision of funds to the state for any amounts contributed or to be contributed to the water pollution control revolving fund, the pipeline for jobs fund or the drinking water revolving fund provided, however, that any such bonds or notes issued to provide funds to the water pollution control revolving fund, the pipeline for jobs fund or the drinking water revolving fund shall only be issued in such principal amount as shall be necessary to provide sufficient funds for the repayment of amounts disbursed pursuant to any appropriation or reappropriation enacted for the pipeline for jobs fund or for the payment of the state match for federal capitalization grants for the water pollution control revolving fund or the drinking water revolving fund, plus an amount sufficient to fund any debt service reserve fund and to provide for fees, charges and other costs of issuance, which principal amount shall constitute the statutory ceiling on the amount of bonds and notes that can be issued for such purpose; the financing of any environmental infrastructure projects authorized by section twelve hundred eighty-five-p of this title; the purchase of municipal bonds and notes, and bonds and notes of a state agency, the payment of the cost of any project, the payment of interest on bonds and notes of the corporation, the establishment of reserves to secure such bonds and notes; the provision of working capital and all other expenditures of the corporation incident to and necessary or convenient to carry out its purposes and powers;

(b) The corporation shall have power, from time to time, to issue renewal notes, to issue bonds to pay notes and whenever it deems refunding expedient, to refund any bonds by the issuance of new bonds, whether the bonds to be refunded have or have not matured, and to issue bonds partly to refund bonds then outstanding, and partly for any other purpose. The refunding bonds shall be sold and the proceeds applied to the purchase, redemption or payment of the bonds to be refunded. Notwithstanding any statutory ceiling on outstanding bonds, any refunding bonds shall be sold in the amount required to pay or redeem outstanding bonds, to fund any reserve, escrow or payment fund, and to provide for the payment of all fees and other charges and expenses, including costs of issuance, incurred in connection with the issuance of such refunding bonds, provided that the present value of the aggregate debt service on the refunding bonds does not exceed the present value of the aggregate debt service on the bonds refunded thereby.

(c) Except as may otherwise be expressly provided by the corporation, every issue of its notes or bonds shall be (i) general obligations of the corporation payable out of any revenues or monies of the corporation, subject only to any agreements with the holders of particular notes or bonds pledging any particular receipts or revenues, (ii) special obligations of the corporation payable solely from the revenues, service charges, rentals, proceeds or other payments to be received on account of the mortgage, loan or other agreements and payments, reserve and insurance funds or accounts issuance of special obligations, and fees, charges or other monies to be received by the corporation in respect to loans pursuant to section twelve hundred eighty-five-b or twelve hundred eighty-five-j of this title, or from amounts received by the corporation pursuant to any contract, lease, easement, license or other instrument entered into by the corporation pursuant to sections twelve hundred eighty-five-k and twelve hundred eighty-five-l of this title or, (iii) special obligations of the corporation payable solely from amounts received pursuant to an agreement with the commissioner of environmental conservation pursuant to subdivision twelve of section twelve hundred eighty-five-j of this title, and may, but need not, be secured by mortgages, assignments or pledges of such revenues, service charges, rentals, proceeds, other payments, funds and accounts, fees, charges and other monies, and by mortgages or assignments thereof in respect to projects, and may include pooled financings subject only to any agreements with the holders of particular special obligation notes or bonds issued to finance the cost of, or loans for, a project or projects; no general obligations of the corporation shall be issued to finance the cost of, or loans for, a project or projects authorized to be constructed pursuant to section twelve hundred eighty-five-b or twelve hundred eighty-five-j of this title or to finance (A) the contribution of the state to the water pollution control revolving fund, (B) the design, acquisition, construction, improvement and installation of all or any portion of Riverbank Park or (C) state park infrastructure projects and no funds, monies, revenues or other assets of the corporation shall be used for loans authorized pursuant to section twelve hundred eighty-five-b or twelve hundred eighty-five-j of this title, except as may be available with respect to a project and a contract with a person as aforesaid, or for the payment to the state for amounts contributed by the state to the water pollution control revolving fund, to finance the design, acquisition, construction, improvement and installation of all or any portion of Riverbank Park or state park infrastructure projects. Nor shall any special obligation authorized pursuant hereto be payable from or secured by any debt service reserve fund created pursuant to section twelve hundred ninety-one of this title, and the state shall not be entitled to require the redemption of such special obligations pursuant to section twelve hundred ninety-three of this title; and such special obligation and the security therefor shall not be subject to the provisions of section twelve hundred ninety-four of this title but the remedies of the holders thereof shall be set forth in the terms of such special obligations and the instruments constituting such security; the making of loans, providing of financial or extension of credit to or on behalf of beginning farmers for purposes of section twelve hundred eighty-five-r of this title only;

(d) Any bonds or notes issued for the purpose of financing amounts deposited or to be deposited by the state in the water pollution control revolving fund may be issued in an aggregate principal amount sufficient to finance the amount to be paid or reimbursed to the state plus an amount sufficient to fund any debt service reserve fund established by the corporation and to provide for the payment of fees and other charges and expenses of the corporation in connection with such bonds and notes.

(e) Notwithstanding any other law to the contrary, the corporation shall not issue any notes or bonds on behalf of any state department or agency to fund the removal, disposal and remediation of petroleum storage tanks and the remediation of the sites thereof or on behalf of the office of mental health to finance the pilgrim state sewage treatment project, after the thirty-first day of March, nineteen hundred ninety-six. This limitation shall not apply to bonds and notes issued to refund bonds issued for such purposes.

2. The notes and bonds shall be authorized by resolution of the directors of the corporation, shall bear such date or dates, and shall mature at such time or times, in the case of any such note or any renewals thereof not exceeding twelve years from the date of issue of such original note, and in the case of any such bond not exceeding forty years from the date of issue, as such resolution or resolutions may provide; provided, however, that the final maturity of any bond issued for the purpose of financing any amounts deposited or to be deposited by the state in the water pollution control revolving fund shall not exceed thirty years from the date of issue of such bond. The notes and bonds shall bear interest at such rate or rates which may vary from time to time, be in such denominations, be in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in such medium of payment, at such place or places and be subject to such terms of redemption as such resolution or resolutions may provide. The notes and bonds of the corporation may be sold by the corporation, at public or private sale, at such price or prices as the corporation shall determine. No notes or bonds of the corporation may be sold by the corporation at private sale, however, unless such sale and the terms thereof have been approved in writing by (a) the comptroller, where such sale is not to the comptroller, or (b) the director of the budget, where such sale is to the comptroller.

3. Any resolution or resolutions authorizing any notes or bonds or any issue thereof may contain provisions, which shall be a part of the contract with the holders thereof, as to:

(a) pledging all or any part of the rentals, rates, charges and other fees made or received by the corporation and other monies received or to be received from the ownership or operation or otherwise in connection with any project or projects and all or any part of the monies received in payment of principal or interest on bonds or notes of any state agency and municipal bonds or notes acquired by the corporation, to secure the payment of the notes or bonds or of any issue thereof, subject to such agreements with bondholders or noteholders as may then exist;

(b) pledging all or any part of the assets of the corporation including municipal bonds and notes acquired by the corporation in the issuance of general obligations, and in the issuance of special obligations, notes or other evidences of indebtedness of any person acquired by the corporation, and assigning and pledging any mortgages or other security interests acquired by the corporation or any interests of the corporation in properties or revenues or other sums payable to the corporation and any reserve and insurance funds or accounts or other funds and accounts established in connection with the issuance of special obligations to secure the payment of the notes or bonds or of any issue of notes or bonds of general obligations or special obligations, as the case may be, subject to such agreements with noteholders or bondholders as may then exist;

(c) the use and disposition of rentals, rates, charges and other fees made or received by the corporation;

(d) the setting aside of reserves or sinking funds and the regulation and disposition thereof from the ownership or operation or otherwise in connection with any project or projects and of the gross income from municipal bonds and notes and bonds and notes of any state agency owned by the corporation;

(e) limitations on the purpose to which the proceeds of sale of notes or bonds may be applied and pledging such proceeds to secure the payment of the notes or bonds or of any issue thereof;

(f) limitations on the issuance of additional notes or bonds; the terms upon which additional notes or bonds may be issued and secured; the refunding of outstanding or other notes or bonds;

(g) the procedure, if any, by which the terms of any contract with noteholders or bondholders may be amended or abrogated, the amount of notes or bonds the holders of which must consent thereto, and the manner in which such consent may be given;

(h) limitations on the amount of monies to be expended by the corporation for operating, administrative or other expenses of the corporation;

(i) vesting in a trustee or trustees such property, rights, powers and duties in trust as the corporation may determine, which may include any or all of the rights, powers and duties of the trustee appointed by the bondholders pursuant to this title, and limiting or abrogating the right of the bondholders to appoint a trustee under this article or limiting the rights, powers and duties of such trustee;

(j) any other matters, of like or different character, which in any way affect the security or protection of the notes or bonds.

4. In addition to the powers herein conferred upon the corporation to secure its notes and bonds, the corporation shall have power in connection with the issuance of notes and bonds to enter into such agreements as the corporation may deem necessary, convenient or desirable concerning the use or disposition of its monies or property including the mortgaging of any such property and the entrusting, pledging or creation of any other security interest in any such monies or property and the doing of any act (including refraining from doing any act) which the corporation would have the right to do in the absence of such agreements. The corporation shall have power to enter into amendments of any such agreements within the powers granted to the corporation by this title and to perform such agreements. The provisions of any such agreements may be made a part of the contract with the holders of the notes and bonds of the corporation.

5. It is the intention hereof that any pledge, mortgage or security instrument made by the corporation shall be valid and binding from the time when the pledge, mortgage or security instrument is made; that the monies or property so pledged, mortgaged and entrusted and thereafter received by the corporation shall immediately be subject to the lien of such pledge, mortgage or security instrument without any physical delivery thereof or further act; and that the lien of any such pledge, mortgage or security instrument shall be valid and binding as against

all parties having claims of any kind in tort, contract or otherwise against the corporation, irrespective of whether such parties have notice thereof. Neither the resolution nor any mortgage, security instrument or other instrument by which a pledge, mortgage lien or other security is created need be recorded or filed and the corporation shall not be required to comply with any of the provisions of the uniform commercial code.

6. Neither the directors of the corporation nor any person executing the notes or bonds shall be liable personally on the notes or bonds or be subject to any personal liability or accountability by reason of the issuance thereof.

7. The corporation, subject to such agreements with noteholders or bondholders as may then exist, shall have power out of any funds available therefor to purchase notes or bonds of the corporation, which shall thereupon be cancelled, at a price not exceeding (a) if the notes or bonds are then redeemable, the redemption price then applicable plus accrued interest to the next interest payment thereon, or (b) if the notes or bonds are not then redeemable, the redemption price applicable on the first date after such purchase upon which the notes or bonds become subject to redemption plus accrued interest to such date.

8. Neither the state nor any municipality shall be liable on notes or bonds issued as general obligations of the corporation and such notes and bonds shall not be a debt of the state or any municipality, and such notes and bonds shall contain on the face thereof a statement to such effect. The state shall not be liable on notes or bonds issued as special obligations of the corporation, and such notes and bonds shall not be a debt of the state and shall be payable solely from the revenues, service charges, rentals, proceeds or other payments to be derived from the extension of credit or the loan for the project for which such notes and bonds were issued, and such notes and bonds shall contain on the face thereof a statement to such effect.

§ 1290-a. Insurance and guarantees. The corporation may obtain from any department or agency of the United States of America any available insurance or guaranty for the payment or repayment of interest or principal, or both, or any part thereof, on any bonds or notes issued by the corporation, but notwithstanding any other provisions of this title may not enter into any agreement or contract with respect to any such insurance or guaranty to the extent that it would in any way impair or interfere with the ability of the corporation to perform and fulfill the terms of any agreement made with the holders of the bonds or notes of the corporation.

§ 1291. Reserve funds and appropriations. 1. The corporation may create and establish one or more reserve funds to be known as debt service reserve funds and may pay into such debt service reserve funds (a) any monies appropriated and made available by the state for the purposes of such funds, (b) any proceeds of sale of notes or bonds, to the extent provided in the resolution of the corporation authorizing the issuance thereof, and (c) any other monies which may be made available to the corporation for the purpose of such funds from any other source or sources. The monies held in or credited to any debt service reserve fund established under this section, except as hereinafter provided, shall be used solely for the payment of the principal of bonds of the corporation secured by such debt service reserve fund as the same mature or as payments required by the terms of any contracts therefor as sinking fund payments become due, the purchase of such bonds of the corporation, the payment of interest on such bonds of the corporation or the payment of any redemption premium required to be paid when such bonds are redeemed prior to maturity; provided however, that the corporation shall have power to provide that monies in any such fund shall not be withdrawn therefrom at any time in such amount as would reduce the amount of such fund to less than the maximum amount of any sinking fund payments becoming due and principal and interest maturing and becoming due in any succeeding calendar year on the bonds of the corporation then outstanding and secured by such debt service reserve fund, except for the purpose of paying any sinking fund payments becoming due and principal of and interest on such bonds of the corporation secured by such debt service reserve fund maturing and becoming due and for the payment of which other monies of the corporation are not available. Any income or interest earned by, or increment to, any such debt service reserve fund due to the investment thereof may be transferred by the corporation to any other fund or account of the corporation and the corporation shall have power to provide that any such transfer shall not reduce the amount of such debt service reserve fund below the maximum amount of any sinking fund payments becoming due and principal and interest maturing and becoming due in any succeeding calendar year on all bonds of the corporation then outstanding and secured by such debt service reserve fund.

2. The corporation shall not issue bonds at any time if the maximum amount of any sinking fund payments becoming due and principal and interest maturing and becoming due in any succeeding calendar year on the bonds outstanding and then to be issued and secured by a debt service reserve fund will exceed the amount of such debt service reserve fund at the time of issuance, unless the corporation, at the time of the issuance of such bonds, shall deposit in such debt service reserve fund from the proceeds of the bonds so to be issued, or otherwise, an amount which, together with the amount then in such debt service reserve fund, will be not less than the maximum amount of any sinking fund payments becoming due and principal and interest maturing and becoming due in any succeeding calendar year on the bonds then to be issued and on all other bonds of the corporation then outstanding and secured by such debt service reserve fund.

3. To assure the continued operation and solvency of the corporation for the carrying out of the public purposes of this title, provision is made in subdivision one of this section for the accumulation in each debt service reserve fund of an amount equal to the maximum amount of any sinking fund payments becoming due and principal and interest maturing and becoming due in any succeeding calendar year as determined by the corporation on all bonds of the corporation then outstanding and secured by such debt service reserve fund. In order further to assure the maintenance of such debt service reserve funds in the respective amounts provided therefor by the corporation in the issuance of its bonds secured thereby, there shall be annually apportioned and paid to

the corporation for deposit in each such debt service reserve fund such amount, if any, as shall be certified by the chief executive officer of the corporation to the governor and director of the budget as necessary to restore such debt service reserve fund to an amount equal to the maximum amount provided therefor by the corporation as aforesaid. The chief executive officer of the corporation shall annually, on or before December first, make and deliver to the governor and director of the budget his certificate stating the amount, if any, required to restore each debt service reserve fund to the amount aforesaid and the amount or amounts so certified, if any, shall be apportioned and paid to the corporation during the then current state fiscal year. The principal amount of bonds secured by a debt service reserve fund or funds to which state funds are apportionable pursuant to this subdivision shall be limited to the total amount of bonds and notes outstanding on the effective date of this act, plus the total amount of bonds and notes contracted after the effective date of this act to finance projects in progress on the effective date of this act as determined by the New York state public authorities control board created pursuant to section fifty of this chapter whose affirmative determination shall be conclusive as to all matters of law and fact solely for the purposes of the limitations contained in this subdivision, but in no event shall the total amount of bonds so secured by such a debt service reserve fund or funds exceed forty million five hundred thirteen thousand dollars, excluding bonds issued to refund such outstanding bonds until the date of redemption of such outstanding bonds. As outstanding bonds so secured are paid, the amount so secured shall be reduced accordingly but the redemption of such outstanding bonds from the proceeds of refunding bonds shall not reduce the amount so secured.

4. For the purposes of this section, "maximum amount of any sinking fund payments becoming due and principal and interest maturing and becoming due in any succeeding year" means, as of the date of computation, the largest amount of money required in any succeeding year for the payment of interest on and maturing principal of outstanding bonds and payments required by the terms of any contracts to be made to any sinking fund established for the payment or redemption of such bonds, provided that the principal amount of any bonds required to be

made to any such sinking fund during any year shall, for the purposes of this definition, be considered as maturing in the year during which such payment is required and not in the year in which the stated maturity of such bonds occurs. In computing the amount of any debt service reserve fund for the purposes of this section, securities in which all or a portion of such fund shall be invested shall be valued at par, or if purchased at less than par, at their cost to the corporation.

§ 1292. Agreement of the state. The state does hereby pledge to and agree with the holders of any notes or bonds issued under this title, that the state will not limit or alter the rights hereby vested in the corporation to fulfill the terms of any agreements made with the holders thereof, or in any way impair the rights and remedies of such holders until such notes or bonds, together with the interest thereon, with interest on any unpaid installments of interest, and all costs and expenses for which the corporation is liable in connection with any action or proceeding by or on behalf of such holders, are fully met and discharged. The corporation is authorized to include this pledge and agreement of the state in any agreement with the holders of such notes or bonds.

§ 1293. Right of state to require redemption of bonds. Notwithstanding and in addition to any provisions for the redemption of bonds which may be contained in any contract with the holders of the bonds, the state may, upon furnishing sufficient funds therefor, require the corporation to redeem, prior to maturity, as a whole, any issue of bonds on any interest payment date not less than twenty years after the date of the bonds of such issue at one hundred five per centum of their face value and accrued interest or at such lower redemption price as may be provided in the bonds in case of the redemption thereof as a whole on the redemption date. Notice of such redemption shall be published in at least two newspapers publishing and circulating respectively in the cities of Albany and New York at least twice, the first publication to be at least thirty days before the date of redemption. The provisions of this section relating to the state's right to require redemption of bonds shall not apply to state-supported debt, as defined by section sixty-seven-a of the state finance law, issued by the corporation. Such corporation bonds shall remain subject to redemption pursuant to any contract with the holders of such bonds.

§ 1294. Remedies of noteholders and bondholders. 1. In the event that the corporation shall default in the payment of principal of or interest on any issue of notes or bonds after the same shall become due, whether on any sinking fund payment date, at maturity or upon call for redemption, and such default shall continue for a period of thirty days, or in the event that the corporation shall fail or refuse to comply with the provisions of this title or shall default in any agreement made with the holders of any issue of notes or bonds, the holders of twenty-five per centum in aggregate principal amount of the notes or bonds of such issue then outstanding, by instrument or instruments filed in the office of the clerk of the county of Albany and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of such notes or bonds for the purposes herein provided.

2. Such trustee may, and upon written request of the holders of twenty-five per centum in principal amount of such notes or bonds then outstanding shall, in his or its own name;

(a) by suit, action or proceeding in accordance with the civil practice law and rules, enforce all rights of the noteholders or bondholders, including the right to require the corporation to collect rentals, rates, charges and other fees and to collect interest and amortization payments on municipal bonds and notes and bonds and notes of any state agency held by it adequate to carry out any agreement as to, or pledge of, such rentals, rates, charges and other fees and of such interest and amortization payments, and to require the corporation to carry out any other agreements with the holders of such notes or bonds and to perform its duties under this title;

(b) bring suit upon such notes or bonds;

(c) by action or suit, require the corporation to account as if it were the trustee of an express trust for the holders of such notes or bonds;

(d) by action or suit, enjoin any acts or things which may be unlawful or in violation of the rights of the holders of such notes or bonds;

(e) declare all such notes or bonds due and payable, and if all defaults shall be made good, then with the consent of the holders of twenty-five per centum of the principal amount of such notes or bonds then outstanding, to annul such declaration and its consequences.

3. Such trustee shall in addition to the foregoing have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth herein or incident to the general representation of bondholders or noteholders in the enforcement and protection of their rights.

4. The supreme court shall have jurisdiction of any suit, action or proceeding by the trustee on behalf of such noteholders or bondholders. The venue of any such suit, action or proceeding shall be laid in the county of Albany.

5. Before declaring the principal of notes or bonds due and payable, the trustee shall first give thirty days' notice in writing to the governor, to the corporation, to the comptroller and to the attorney general of the state.

§ 1295. Notes and bonds as legal investment. The notes and bonds of the corporation are hereby made securities in which all public officers and bodies of the state and all municipalities and political subdivisions, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations, including savings and loan associations, building and loan associations, investment companies, and other persons carrying on a banking business, all administrators, guardians, executors, trustees and other fiduciaries, and all other persons whatsoever who are now or who may hereafter be authorized to invest in bonds or other obligations of the state, may properly and legally invest funds including capital in their control or belonging to them. Notwithstanding any other provisions of law, the bonds of the corporation are also hereby made securities which may be deposited with and shall be received by all public officers and bodies of this state and all municipalities and political subdivisions for any purpose for which the deposit of bonds or other obligations of the state is now or may hereafter be authorized.

§ 1296. Exemption from taxation; payments in lieu of taxes. It is hereby found, determined and declared that the creation of the corporation and the carrying out of its purposes is in all respects for the benefit of the people of the state of New York and for the improvement of their health, welfare and prosperity and is a public purpose, and that the corporation will be performing an essential governmental function in the exercise of the powers conferred upon it by this title. 1. Real property owned by the corporation shall be exempt from taxation, special ad valorem levies and special assessments.

2. Real property owned by the corporation (1) used for or in connection with any project or projects, (2) which is located outside the boundaries of the contracting municipality or municipalities, and (3) which was subject to taxation, special ad valorem levies, or special assessments on the latest assessment roll finally completed, verified and filed preceding the date of acquisition thereof by the corporation shall be subject to payments in lieu of taxes, special ad valorem levies and special assessments by the corporation in accordance with the provisions of this section.

3. The in lieu payments shall be computed and determined annually by the commissioner of taxation and finance as follows:

(a) determine the full value of such property as of the applicable taxable status date for the assessment role for which in lieu payments are being computed;

(b) determine the full value of such property as of such taxable status date attributable to improvements constructed or reconstructed by the corporation;

(c) deduct item (b) from item (a);

(d) multiply the full value determined in item (c) by the ratio of assessed value to full value of other property on the same assessment roll;

(e) the result determined in item (d) shall be the approved assessed valuation for such property. The determinations of the full value and the ratio of assessed value to full value shall be determined by the commissioner.

4. Application for an approved assessed valuation shall be made by the assessor of the assessing unit within which such property is located. Application shall be made as soon as practicable after acquisition of such property by the corporation. The application shall be made on a form approved by the commissioner of taxation and finance and shall contain such information as such commissioner shall require.

5. Upon approval of such application by the commissioner the commissioner shall certify such approved assessed valuation to the assessing unit and to the corporation. The approved assessed valuation shall be entered by the assessor or other local official on the assessment roll with the notation that such property is exempt from taxation, special ad valorem levies and special assessments but qualifies for payments in lieu of taxes, special ad valorem levies and special assessments pursuant to this section. The approved assessed valuation shall be treated for all purposes as taxable assessed valuation and taxable full valuation on the assessment roll for which it is made. Amounts shall be extended against such approved assessed valuation in the same manner and at the same time as taxes, special ad valorem levies or special assessments are extended against taxable property. The appropriate collecting officer shall transmit a statement of the amounts computed as payable as in lieu of taxes, special ad valorem levies and special assessments to the corporation. The provisions of any general or special law relating to the collection and enforcement of taxes shall not be applicable to property subject to the provisions of this section.

6. The terms "taxation," "special ad valorem levies," "special assessments" and "assessing unit" shall have the same meanings as set forth in section one hundred two of the real property tax law.

7. Notwithstanding any provision to the contrary in this section, in view of the costs of governmental services being provided by public corporations, as defined in the general corporation law, the corporation may pay or may enter into agreements with any public corporation to pay, a sum or sums, annually or otherwise, or to provide other considerations to such public corporation with respect to real property owned by the corporation within the boundaries of such public corporation and used for any project or projects.

8. The corporation shall be required to pay no fees or taxes, whether state or local, including but not limited to fees or taxes on real estate, franchise taxes, sales taxes or other excise taxes, upon any of its property, real or personal, or upon the use thereof, or upon its activities in the operation and maintenance of its facilities or on any rentals, rates, charges or other fees, revenues or other income received by the corporation and that the bonds and notes of the corporation and the income therefrom shall at all times be exempt from taxation, except for gift and estate taxes and taxes on transfers. Nothing contained in this subdivision shall affect the obligation imposed by this section on the corporation to make in lieu payments.

9. This section shall constitute a covenant and agreement with the holders of all bonds and notes issued by the corporation.

§ 1297. Actions against the corporation. 1. As a condition to the consent of the state to such suits against the corporation, in every action against the corporation for damages, for injuries to real or personal property or for the destruction thereof, or for personal injuries or death, the complaint shall contain an allegation that at least thirty days have elapsed since the demand, claim or claims upon which such action is founded were presented to a member of the corporation or other officer designated for such purpose and that the corporation has neglected or refused to make an adjustment or payment thereof.

2. An action against the corporation founded on tort, except an action for wrongful death, shall not be commenced more than one year and ninety days after the cause of action therefor shall have accrued, nor unless a notice of claim shall have been served on the corporation within the time limited by and in compliance with all the requirements of section fifty-e of the general municipal law. An action against the corporation for wrongful death shall be commenced in accordance with the notice of claim and time limitation provisions of title eleven of article nine of this chapter.

3. The corporation may require any person, presenting for settlement on account or claim for any cause whatever against the corporation, to be sworn before a director, counsel or an attorney, officer or employee of the corporation designated for such purpose, concerning such account or claim and when so sworn to answer orally as to any facts relative to such account or claim. The corporation shall have power to settle or adjust all claims in favor of or against the corporation.

4. The rate of interest to be paid by the corporation upon any judgment for which it is liable shall not exceed four per centum per annum.

§ 1298. Title not affected if in part unconstitutional or ineffective. If any provision of any section of this title or the application thereof to any person or circumstance shall be adjudged invalid by a court of competent jurisdiction, such order or judgment shall be confined in its operation to the controversy in which it was rendered, and shall not affect or invalidate the remainder of any provision of any section of this title or the application of any part thereof to any other person or circumstance and to this end the provisions of each section of this title are hereby declared to be severable.

TITLE 11-A

NIAGARA FRONTIER TRANSPORTATION AUTHORITY

§ 1299. Short title. This title may be cited as the "Niagara Frontier Transportation Act."

§ 1299-a. Definitions. As used or referred to in this title, unless a different meaning clearly appears from the context:

1. "Authority" shall mean the corporation created by section twelve hundred ninety-nine-c of this title.

2. "Authority facilities" shall mean the authority's railroad, omnibus, marine and aviation facilities and operations pursuant to joint service arrangements.

3. "Comptroller" shall mean the comptroller of the state of New York.

4. "Equipment" shall mean rolling stock, omnibuses, vehicles, air, marine or surface craft, motors, boilers, engines, wires, ways, conduits and mechanisms, machinery, tools, implements, materials, supplies, instruments and devices of every nature whatsoever used or useful for transportation purposes or for the generation or transmission of motive power including but not limited to all power houses, and all apparatus and all devices for signalling, communications and ventilation as may be necessary, convenient or desirable for the operation of a transportation facility.

5. "Federal government" shall mean the United States of America, and any officer, department, board, commission, bureau, division, corporation, agency or instrumentality thereof.

6. "Governor" shall mean the governor of the state of New York.

7. "Joint service arrangements" shall mean agreements between or among the authority and any common carrier or freight forwarder, the state, any state agency, the federal government, any other state or agency or instrumentality thereof, any public authority of this or any other state, any political subdivision or municipality of the state, or the nation, relating to property, buildings, structures, facilities, services, rates, fares, classifications, divisions, allowances or charges (including charges between operators of railroad, omnibus, marine and aviation facilities), or rules or regulations pertaining thereto, for or in connection with or incidental to transportation in part in or upon railroad, omnibus, marine or aviation facilities located within the district and in part in or upon railroad, omnibus, marine or aviation facilities located outside the district.

8. "Marine and aviation facilities" shall mean equipment and craft for

the transportation of passengers, mail and cargo between points within the district or pursuant to joint service arrangements, by marine craft and aircraft of all types including but not limited to hydrofoils, ferries, lighters, tugs, barges, helicopters, amphibians, seaplanes or other contrivances now or hereafter used in navigation or movement on waterways or in the navigation of or flight in airspace. It shall also mean port facilities in the transportation district including, but not limited to, (a) one or more docks, elevators, wharves, piers, bulkheads, slips, basins, harbors, railroad connections, side tracks or sidings, freight terminals, warehouses, bridges, tunnels, and areas for storage of cargoes, materials, goods, wares, and merchandise of any kind and for the loading, unloading, interchange or transfer of any such cargoes, materials, goods, wares and merchandise; (b) other buildings, structures, facilities or improvements necessary to accommodate steamships or other vessels and their cargoes or passengers; and (c) all real and personal property, driveways, roads, approaches, mechanical equipment and all appurtenances and facilities either on, above or under the ground which are necessary, convenient or desirable for the development, control and operation of port facilities in the transportation district. It shall also mean any airport facility within the transportation district, including but not limited to any facility or real property necessary, convenient or desirable for the landing, taking off, accommodation or servicing of such aircraft and shall include such facilities, property, structures and appurtenances as may be necessary or convenient in the operation, maintenance, development or improvement of airports including facilities, property, structures, and appurtenances, leased by the Authority to persons, firms or corporations engaged in air transportation or the production or development of materials, goods or equipment for airports or air transportation or in providing facilities for the accommodation, safety or comfort of the traveling public and for purposes related or incidental to one or more of the foregoing purposes. It shall also mean any airport facility within the transportation district or within ten miles of the boundaries thereof.

9. "Omnibus facilities" shall mean motor vehicles, of the type operated by carriers subject to the jurisdiction of the public service

commission, engaged in the transportation of passengers and their baggage, express and mail between points within the district or pursuant to joint service arrangements, and equipment, property, buildings, structures, improvements, loading or unloading areas, parking areas or other facilities, necessary, convenient or desirable for the accommodation of such motor vehicles or their passengers, including but not limited to buildings, structures and areas notwithstanding that portions may not be devoted to any omnibus purpose other than the production of revenues available for the costs and expenses of all or any facilities of the authority.

10. "Railroad facilities" shall mean right of way and related trackage, rails, cars, locomotives, other rolling stock, signal, power, fuel, communication and ventilation systems, power plants, stations, terminals, storage yards, repair and maintenance shops, yards, equipment and parts, offices and other real estate or personalty used or held for or incidental to the operation, rehabilitation or improvement of any railroad operating or to operate between points within the district or pursuant to joint service arrangements, including but not limited to buildings, structures, and areas notwithstanding that portions thereof may not be devoted to any railroad purpose other than the production of revenues available for the costs and expenses of all or any facilities of the authority.

11. "Real property" shall mean lands, structures, franchises and interests in land, waters, lands under water, riparian rights and air rights and any and all things and rights included within said term and includes not only fees simple absolute but also any and all lesser interests including but not limited to easements, rights of way, uses, leases, licenses and all other incorporeal hereditaments and every estate, interest or right, legal or equitable, including terms for years and liens thereon by way of judgments, mortgages or otherwise.

12. "State" shall mean the state of New York.

13. "State agency" shall mean any officer, department, board, commissioner, bureau, division, public benefit corporation, agency or

instrumentality of the state.

14. "Transportation facility" shall mean any railroad, omnibus, marine or aviation facility and any person, firm, partnership, association or corporation which owns, leases or operates any such facility or any other facility used for service in the transportation of passengers, United States mail or personal property as a common carrier for hire and any portion thereof and the rights, leaseholds or other interest therein together with routes, tracks, extensions, connections, parking lots, garages, warehouses, yards, storage yards, maintenance and repair shops, terminals, stations and other related facilities thereof, the devices, appurtenances, and equipment thereof and power plants and other instrumentalities used or useful therefor or in connection therewith.

15. "Transportation district" and "district" shall mean the Niagara Frontier transportation district created by section twelve hundred ninety-nine-b of this title.

16. "Niagara Frontier Port Authority" shall mean the corporation continued by a chapter of the laws of nineteen hundred sixty-nine entitled "An act to effect a consolidation of the Niagara Frontier port authority and the Niagara Frontier transportation authority, and to amend the public authorities law and chapter two hundred sixty of the laws of nineteen hundred fifty-seven, entitled 'An act to designate the Niagara Frontier port authority to receive certain future payments from, and subsequent to July first, nineteen hundred ninety-two, to exercise jurisdiction over the property and assets acquired and held in the state of New York by the Buffalo and Fort Erie public bridge authority, and making other provision with respect to such payments, property and assets', in relation thereto".

17. "Nation" shall mean the Seneca Nation of Indians.

18. "Transit dependent individual" shall mean an individual who is limited to public transit as their primary mode of transportation because the individual has a permanent disability.

§ 1299-b. Niagara Frontier transportation district. There is hereby created and established a transportation district to be known as the Niagara Frontier transportation district which shall embrace the counties of Erie and Niagara.

1299-c. Niagara Frontier transportation authority. 1. (a) There is hereby created the "Niagara Frontier transportation authority." The authority shall be a body corporate and politic constituting a public benefit corporation. The authority shall consist of a chairman, ten voting members and shall have one non-voting member as described in paragraph (b) of this subdivision appointed by the governor by and with the advice and consent of the senate. The chairman and all members shall be residents of the district. Of the ten voting members other than the chairman, one shall be appointed upon the written recommendation of the Erie county executive, one shall be appointed upon the written recommendation of the Erie county legislature, and at least one shall be a transit dependent individual. The chairman and each of the members shall be appointed for a term of eight years, provided however, that the chairman first appointed shall serve for a term ending June thirtieth, nineteen hundred seventy-three, and of the eight other members first appointed, one shall serve for a term ending June thirtieth, nineteen hundred sixty-eight, two shall serve for a term ending June thirtieth, nineteen hundred sixty-nine, one shall serve for a term ending June thirtieth, nineteen hundred seventy, two shall serve for a term ending June thirtieth, nineteen hundred seventy-one, one shall serve for a term ending June thirtieth, nineteen hundred seventy-two and one shall serve for a term ending June thirtieth, nineteen hundred seventy-three. The term of one of the members appointed to memberships first created by law after April first, nineteen hundred sixty-nine shall end on June thirtieth, nineteen hundred seventy-four, and the term of the other such member shall end on June thirtieth, nineteen hundred seventy-five. Following the expiration of any term ending on or after June thirtieth, nineteen hundred eighty-seven, each member shall be appointed for a term of five years beginning on the day after the expiration date of such prior term; provided, however, that the term of the member first appointed upon the written recommendation of the Erie county executive and the term of the member first appointed upon the written recommendation of the Erie county legislature shall be for a term ending on June thirtieth, nineteen hundred ninety-six.

(b) The non-voting member of the authority, who shall not be considered in determining a quorum, shall be recommended to the governor by the labor organization representing the plurality of the employees within the authority and shall be a resident of the Niagara Frontier transportation district as described in section twelve hundred ninety-nine-b of this title. Such non-voting member shall be appointed for a term of five years, provided, however, that if at any time during the term of appointment such non-voting member ceases to be affiliated with the labor organization representing the plurality of employees within the authority, then such labor organization may at any time during such term recommend a new member to the governor who shall serve the remainder of the term. If the local bargaining unit decertifies its existing union affiliation and certifies a new union, the union which represents the plurality of the employees may recommend a new member to the governor who shall serve the remainder of the term. The chairman of the authority, at his or her discretion, may exclude such non-voting member from attending any portion of a meeting of the authority or of any committee held for the purpose of discussing negotiations with labor organizations, pending litigation involving the labor organization, or the investigation, evaluation, or discipline of an employee.

(c) The transit dependent individual appointed pursuant to paragraph (a) of this subdivision shall be appointed by the governor. Such member shall be a resident of a county described in paragraph (a) of this subdivision. If a vacancy shall occur, a replacement shall be appointed within six months, subject to the same appointment process set forth in this paragraph. Any local or statewide transit advocacy organization may recommend one or more transit dependent individuals to be considered for appointment pursuant to this section.

2. The members of the authority, including the chairman shall not receive a salary or other compensation. Upon formal adoption of policies and guidelines by the authority, each member, including the chairman, shall be entitled to reimbursement for actual and necessary expenses

incurred in the performance of official duties.

3. A majority of the whole number of members of the authority then in office shall constitute a quorum for the transaction of any business or the exercise of any power of the authority. Except as otherwise specified in this title, for the transaction of any business or the exercise of any power of the authority, the authority shall have power to act by a majority of the members present at any meeting at which a quorum is in attendance.

4. The chairman shall preside over the board and shall establish committees to assist the board in carrying out its duties, including but not limited to a committee on operations and personnel; a committee on finance and audit; and a committee on capital planning. The chairman shall appoint members of the authority to such committees.

5. The authority shall be a "state agency" for the purposes of sections seventy-three and seventy-four of the public officers law.

6. Notwithstanding any inconsistent provisions of this or any other law, general, special or local, no officer or employee of the state, or of any public corporation as defined in the general corporation law, shall be deemed to have forfeited or shall forfeit his office or employment or any benefits provided under the retirement and social security law or under any public retirement system maintained by the state or any of its subdivisions by reason of his acceptance of membership on or chairmanship of the authority; provided, however, a chairman who holds such other public office or employment shall receive no additional compensation for services rendered pursuant to this title, but the members and chairman shall be entitled to reimbursement for their actual and necessary expenses incurred in the performance of such services.

7. The governor may remove any member for inefficiency, neglect of duty or misconduct in office after giving him a copy of the charges against him and an opportunity to be heard, in person or by counsel in his defense, upon not less than ten days' notice. If any member shall be

so removed, the governor shall file in the office of the department of state a complete statement of charges made against such member, and his findings thereon, together with a complete record of the proceedings.

8. The authority shall continue so long as it shall have bonds or other obligations outstanding and until its existence shall be terminated by law. Upon the termination of the existence of the authority, all its rights and properties shall pass to and be vested in the state, except that the Buffalo projects, together with all property and assets held and acquired by the authority or by the Niagara Frontier port authority in connection therewith, shall thereupon become the property of and shall be under the jurisdiction, control and possession of the city of Buffalo. As used herein, the Buffalo projects shall mean (a) the greater Buffalo international airport; (b) the Buffalo municipal piers project formerly owned and operated by the city of Buffalo at the foot of Michigan avenue on the Buffalo harbor, in the city of Buffalo; and (c) the Buffalo small boat harbor project formerly owned and operated by the city of Buffalo for the mooring of small craft and boats, located on Fuhrmann boulevard and the Buffalo harbor, in the city of Buffalo.

9. Notwithstanding the provisions of paragraph eight of this section or any other provisions of law, the authority may purchase and the city of Buffalo may sell its reversionary interests in any of the projects mentioned in paragraph eight of this section and in such event, upon termination of the authority by law, any project so acquired shall revert to and become the property of the state.

§ 1299-d. Purposes of the authority. 1. The purposes of the authority shall be the continuance, further development and improvement of transportation and other services related thereto within the Niagara Frontier transportation district, including but not limited to such transportation by railroad, omnibus, marine and air, in accordance with the provisions of this title. It shall be the further purpose of the authority to develop and implement a unified mass transportation policy for such district.

2. It is hereby found and declared that such purposes are in all respects for the benefit of the people of the state of New York and the authority shall be regarded as performing an essential governmental function in carrying out its purposes and in exercising the powers granted by this title.

§ 1299-e. General powers of the authority. Except as otherwise limited by this title, the authority shall have power:

1. To sue and be sued;

2. To have a seal and alter the same at pleasure;

3. To borrow money and issue negotiable notes, bonds or other obligations and to provide for the rights of the holders thereof;

4. To invest any funds held in reserve or sinking funds, or any monies not required for immediate use or disbursement, at the discretion of the authority, in obligations of the state or the United States government or obligations the principal and interest of which are guaranteed by the state or the United States government; or in certificates of deposit of banks or trust companies; or in bank or trust accounts of banks in this state, secured by obligations of the United States or of the state of New York of a market value equal at all times to the amount of the deposit;

5. To make and alter by-laws for its organization and internal management, and rules and regulations governing the exercise of its powers and the fulfillment of its purposes under this title;

6. To enter into contracts and leases and to execute all instruments necessary or convenient;

7. To acquire, hold and dispose of real or personal property in the exercise of its powers;

8. To appoint such officers and employees as it may require for the performance of its duties, and to fix and determine their qualifications, duties, and compensation and to retain or employ counsel, auditors, engineers and private consultants on a contract basis or otherwise for rendering professional or technical services and advice; such counsel, auditors, engineers, and private consultants, officers and employees may not be a member of the authority;

9. (a) Notwithstanding section one hundred thirteen of the retirement and social security law or any other general or special law, the authority and any of its subsidiary corporations may continue or provide to its affected officers and employees any retirement, disability, death or other benefits provided or required for railroad personnel pursuant to federal or state law. Notwithstanding any provisions of the civil service law, no officer or employee of a subsidiary corporation, of the authority, other than a public benefit subsidiary corporation, shall be a public officer or a public employee;

(b) The authority and any of its public benefit subsidiary corporations may be a "participating employer" in the New York state employees' retirement system with respect to one or more classes of officers and employees of such authority or any such public benefit subsidiary corporation, as may be provided by resolution of such authority or any such public benefit subsidiary corporation, as the case may be, or any subsequent amendment thereof, filed with the comptroller and accepted by him pursuant to section thirty-one of the retirement and social security law. In taking any action pursuant to this paragraph (b), the authority and any of its public benefit subsidiary corporations shall consider the coverages and benefits continued or provided pursuant to paragraph (a) of this subdivision;

10. To make plans, surveys, and studies necessary, convenient or desirable to the effectuation of the purposes and powers of the authority and to prepare recommendations in regard thereto;

11. To enter upon such lands, waters or premises as in the judgment of the authority may be necessary, convenient or desirable for the purpose

of making surveys, soundings, borings and examinations to accomplish any purpose authorized by this title, the authority being liable for actual damage done;

12. The authority may conduct investigations and hearings in the furtherance of its general purposes, and in aid thereof have access to any books, records or papers relevant thereto; and if any person whose testimony shall be required for the proper performance of the duties of the authority shall fail or refuse to aid or assist the authority in the conduct of any investigation or hearing, or to produce any relevant books, records or other papers, the authority is authorized to apply for process of subpoena, to issue out of any court of general original jurisdiction whose process can reach such person, upon due cause shown;

12-a. By a certificate filed in its office, from time to time to delegate to any member, officer or employee of the authority the power to conduct any investigation or hold any hearing which the authority is authorized or required to conduct or to hold by any provision of this title; and the person so designated shall have all of the powers of the authority in the conduct of such investigation or the holding of such hearing;

13. To appoint or designate one or more persons for the purpose of enforcing rules and regulations established by the authority, and to compel the observance of law and order on the properties, facilities and improvements of the authority for the protection and administration of such property, facilities and improvements, and the traveling public using such facilities. Each person as and when so appointed or designated shall be known as (a) a "Niagara frontier transportation authority security officer or patrolman" and shall be a peace officer as set forth in subdivision forty-five of section 2.10 of the criminal procedure law, or a police officer within the purview of subdivision thirty-four of section 1.20 of the criminal procedure law or (b) a "ticket inspector" and shall not be a peace officer or a police officer but, when so designated or appointed, shall be authorized to issue and serve appearance tickets pursuant to section 150.20 of the criminal procedure law with respect to violations of rules and regulations so

established.

13-a. To make application to the Foreign-Trade Zones Board established by the act of congress, approved June eighteenth, nineteen hundred thirty-four, entitled "An act to provide for the establishment, operation and maintenance of foreign trade zones in ports of entry of the United States, to expedite and encourage foreign commerce, and for other purposes", for a grant to such authority of the privilege of establishing, operating and maintaining a foreign-trade zone on premises located within the transportation district of the authority, pursuant to the provisions of such act, and if such application be granted, to accept such grant and to establish, operate and maintain such zone in accordance with state and federal law; and to enter into contracts or leases covering all arrangements involving the establishment, operation and maintenance of such zones with and within the counties of Erie and Niagara which counties are hereby authorized to enter into contracts and leases with the authority subject to such rules and regulations as promulgated by federal authority.

14. To do all things necessary, convenient or desirable to carry out its purposes and for the exercise of the powers granted in this title.

§ 1299-eee. Transit adjudication bureau. 1. Establishment. There is hereby created in the authority a transit adjudication bureau. The head of such bureau shall be the director, who shall be appointed by the chairman of the authority. The director may delegate the powers and duties conferred upon the director by this section to such qualified officers and employees of the bureau as he may designate.

2. Hearing officers. The chairman of the authority shall appoint hearing officers who shall preside at hearings for the adjudication of charges of transit infractions, as hereinafter defined, and who, as provided below, may be designated to serve on the appeals board of the bureau. Every hearing officer shall have been admitted to the practice of law in this state for a period of at least five years, and shall be compensated for his services on a per diem basis determined by the

bureau.

3. Jurisdiction. The bureau shall have, with respect to acts or incidents in or on the transit facilities of the authority, non-exclusive jurisdiction over violations of the rules which may from time to time be established by the authority. Matters within the jurisdiction of the bureau shall be known for purposes of this section as transit infractions. Nothing herein shall be construed to divest jurisdiction from any court now having jurisdiction over any criminal charge relating to any act committed in a transit facility, or to impair the ability of a police officer to conduct a lawful search of a person in a transit facility. The criminal court within which jurisdiction the transit authority shall operate transit facilities shall continue to have jurisdiction over any criminal charge brought for violation of the rules of the authority, as well as jurisdiction relating to any act which may constitute a crime or an offense under any law of the state of New York or any municipality or political subdivision thereof and which may also constitute a violation of such rules.

4. General powers. The bureau shall have the following functions, powers and duties:

a. To accept pleas (whether made in person or by mail) to, and to hear and determine, charges of transit infractions within its jurisdiction;

b. To impose civil penalties not to exceed a total of two hundred fifty dollars for any transit infraction within its jurisdiction, in accordance with a penalty schedule established by the authority;

c. In its sole discretion, to suspend or forgive penalties or any portion of penalties imposed on the condition that the respondent voluntarily agrees to perform and actually does satisfactorily perform unpaid services on transit facilities as assigned by the authority, such as, without limitation, cleaning of rolling stock;

d. To adopt, amend and rescind rules and regulations not inconsistent with any applicable provision of law to carry out the purposes of this section, including but not limited to rules and regulations prescribing the internal procedures and organization of the bureau, the manner and time of entering pleas, the conduct of hearings, and the amount and manner of payment of penalties;

e. To enter judgments and enforce them, without court proceedings, in the same manner as the enforcement of money judgments in civil actions, as provided below;

f. To compile and maintain complete and accurate records relating to all charges and dispositions, which records shall be deemed exempt from disclosure under the freedom of information law as records compiled for law enforcement purposes;

g. To apply to a court of competent jurisdiction for enforcement of any decision or order issued by such bureau or of any subpoena issued by a hearing officer as provided in paragraph d of subdivision seven of this section;

h. To enter into contracts with other government agencies, with private organizations, or with individuals to undertake on its behalf such functions as data processing, debt collections, mailing, and general administration, as the director deems appropriate, except that the conduct by hearing officers of hearings and of appeals may not be performed by outside contractors; and

i. To accept payment of penalties and to remit same to the authority.

5. Notices of violation. The bureau shall prepare and distribute notices of violation in blank to the Niagara Frontier transportation authority security officer, ticket inspector, and any other person empowered by law, rule and regulation to serve such notices. The form and wording of the notice of violation shall be prescribed by the director, and it may be the same as any other notice of violation or summons form already in use if said form meets the requirements hereof. The notice of violation may include provisions to record information which will facilitate the identification and location of respondents,

including but not limited to name, address, telephone numbers, date of birth, social security number if otherwise permitted by law, place of employment or school, and name and address of parents or guardian if a minor. Notices of violation shall be served by delivering the notice within the state to the person to be served. A copy of each notice of violation served hereunder shall be filed and retained by said bureau, and shall be deemed a record kept in the ordinary course of business, and, if sworn to or affirmed, shall be prima facie evidence of the facts contained herein. Said notice of violation shall contain information advising the person charged of the manner and the time within which such person may either admit or deny the offense charged in the notice. Such notice of violation shall also contain a warning to advise the person charged that failure to plead in the manner and within the time stated in the notice may result in a default decision and order being entered against such person.

6. Defaults. Where a respondent has failed to plead within the time allowed by the rules of said bureau or has failed to appear on a designated hearing date or a subsequent date following an adjournment, such failure to plead or appear shall be deemed, for all purposes, to be an admission of liability and shall be grounds for rendering a default decision and order imposing a penalty in such amount as may be prescribed by the authority.

7. Hearings. a. Whenever a person charged with a transit infraction returnable to the bureau enters a plea of not guilty, the bureau shall advise such person personally, or by registered or certified mail, of the date on which he or she must appear to answer the charge at a hearing. The form and content of such notice of hearing shall be prescribed by the director, and shall contain a warning to advise the person so pleading that failure to appear on the date designated, or any subsequent adjourned date, shall be deemed for all purposes, an admission of liability, and that a default judgment may be rendered and penalty may be prescribed.

b. Every hearing for the adjudication of a charge of a transit infraction hereunder shall be held before a hearing officer in accordance with the rules and regulations promulgated by the bureau.

c. The hearing officer shall not be bound by the rules of evidence in the conduct of the hearing, except rules relating to privileged communications.

d. The hearing officer when the defendant refuses to stipulate to the contents of the notice of violation, unless the hearing officer determines that the notice of violation should be dismissed, shall require the person who served the petition to attend the hearing and may issue subpoenas to compel the appearance of that person or of other persons to give testimony, and issue subpoenas duces tecum to compel the production for examination or introduction into evidence of any book, paper or other thing relevant to the charges.

e. In the case of a refusal to obey a subpoena, the bureau may make application to the Supreme Court pursuant to section twenty-three hundred eight of the civil practice law and rules, for an order requiring such appearance, testimony or production of evidence.

f. The bureau shall make and maintain a sound recording or other record of every hearing.

g. After due consideration of the evidence and arguments, the hearing officer shall determine whether the charges have been established. No charge may be established except upon clear and convincing evidence. Where the charges have not been established, an order dismissing the charges shall be entered. Where a determination is made that a charge has been established or if an answer admitting the charge has been received, the hearing officer shall set a penalty in accordance with the penalty schedule established by the authority, and an appropriate order shall be entered in the records of the bureau. The respondent shall be given notice of such entry in person or by mail. This order shall constitute the final determination of the hearing officer, and for purposes of review it shall be deemed to incorporate any intermediate determinations made by said officer in the course of the proceeding. When no appeal is filed this order shall be the final order of the bureau.

8. Administrative and judicial review. a. There shall be appeals boards within the bureau which shall consist of three or more hearing officers, as the director shall determine. The director shall select a chairman for each appeals board from the members so appointed. No hearing officer may sit on an appeals board considering an appeal from a determination made by said hearing officer.

b. A party aggrieved by a final determination of a hearing officer may obtain a review thereof by serving upon the bureau within thirty days of the sending of the notice of entry of such order a notice of appeal setting forth the reasons why the determination should be reversed or modified. There shall be no interlocutory appeals.

c. An appeal from a final determination of a hearing officer shall be submitted to the appeals board, which shall have power to review the facts and the law, but shall not consider any evidence which was not presented to the hearing officer, and shall have power to reverse or modify any judgment appealed from for error of fact or law.

d. Appeals shall be made without the appearance of the appellant and appellant's attorney unless the presence of either or both are requested by the appellant, appellant's attorney, or the appeals board. Within twenty days after a request for an appearance, made by the appellant, appellant's attorney or the board, the bureau shall advise the appellant or appellant's attorney, either personally or by registered or certified mail, of the date on which he or she shall appear. The appellant shall be notified in writing of the decision of the appeals board.

e. A party may request and obtain a record of the proceedings resulting in a determination for which an appeal is sought, but the party shall pay to the bureau the cost of providing such record. When a record is timely requested for the purpose of preparing an appeal, the bureau shall not thereafter cause the appeal to be heard or submitted less than ten days after the delivery or mailing of the record to appellant or appellant's attorney.

f. The service of a notice of appeal shall not stay the enforcement of an order appealed from unless the appellant shall have posted a bond in the amount of penalties imposed in the order appealed from at the time of, or before, the service of such notice.

g. No determination of a hearing officer which is appealable under the provisions of this section shall be reviewed in any court unless an appeal has been filed and determined in accordance with this subdivision. When an appeal has been filed, the order of the appeals board shall be the final order of the bureau. Judicial review may be sought pursuant to article seventy-eight of the civil practice law and rules.

9. Enforcement of judgments. a. The bureau shall have the power to enforce its final decisions and orders imposing civil penalties for violations of laws, rules and regulations enforced by it as if they were money judgments, without court proceedings, in the manner described herein.

b. Any final order of the bureau imposing a civil penalty, whether the adjudication was had by hearing or upon default or otherwise, shall constitute a judgment rendered by the bureau which may be entered in the county court of Erie or Niagara county or any other place provided for the entry of civil judgments within the state, provided that no proceeding for judicial review shall be pending and the time for initiation of such proceeding shall have expired, and may be enforced without court proceedings in the same manner as the enforcement of money judgments entered in civil actions. Any final order shall be a bar to any criminal proceeding for conduct upon which the order was based.

c. Notwithstanding the foregoing provisions, before a judgment based upon a default may be so entered the bureau must have attempted to notify the respondent by first class mail, in such form as the bureau may direct: (i) of the default decision and order and the penalty imposed; (ii) that a judgment will be entered in the county court of Erie or Niagara county or any other place provided for the entry of civil judgments within the state; and (iii) the entry of such judgments may be avoided by requesting a stay of default for good cause shown and either requesting a hearing or entering a plea pursuant to the rules of the bureau within thirty days of the mailing of such notice.

10. Funds. All penalties collected pursuant to the provisions of this section shall be paid to the authority.

§ 1299-f. Special powers of the authority. In order to effectuate the purposes of this title: 1. The authority may acquire, by purchase, gift, grant, transfer, contract or lease, any transportation facility, wholly or partially within the Niagara Frontier transportation district or any part thereof, or the use thereof, and may enter into any joint service arrangements as hereinafter provided. Any such acquisition or joint service arrangement shall be authorized only by resolution of the authority approved by not less than a majority of the whole number of members of the authority then in office. In addition to and not in limitation of any other power conferred upon the authority by the provisions of this title, the authority is hereby empowered and authorized in respect of any property and assets at any time owned or held by, or under the jurisdiction of, the Buffalo and Fort Erie public bridge authority, to accept and receive any such interest therein as it may have been or may hereafter be designated by the state by law to receive, and in respect thereof, except as otherwise provided by the designating statute, it shall have and exercise all of the powers and jurisdiction herein conferred upon it in respect of any other property, rights, assets, facilities and projects in any other manner acquired or from any other source received by it pursuant to the provisions of this title.

2. The authority may on such terms and conditions as the authority may determine necessary, convenient or desirable itself establish, construct, effectuate, operate, maintain, renovate, improve, extend or repair any such transportation facility, or may provide for such establishment, construction, effectuation, operation, maintenance, renovation, improvement, extension or repair by contract, lease, or

other arrangement on such terms as the authority may deem necessary, convenient or desirable with any person, including but not limited to any common carrier or freight forwarder, the state, any state agency, the federal government, any other state or agency or instrumentality thereof, any public authority of this or any other state, any political subdivision or municipality of the state, or the nation. In connection with the operation of any such transportation facility, the authority may establish, construct, effectuate, operate, maintain, renovate, improve, extend or repair or may provide by contract, lease or other arrangement for the establishment, construction, effectuation, operation, maintenance, renovation, improvement, extension or repair of any related services and activities it deems necessary, convenient or desirable, including but not limited to the transportation and storage of freight and the United States mail, feeder and connecting transportation, parking areas, transportation centers, stations and related facilities.

3. The authority may establish, levy and collect or cause to be established, levied and collected and, in the case of a joint service arrangement, join with others in the establishment, levy and collection of such fares, tolls, rentals, rates, charges and other fees as it may deem necessary, convenient or desirable for the use and operation of any transportation facility and related services operated by the authority or by a subsidiary corporation of the authority or under contract, lease or other arrangement, including joint service arrangements, with the authority. Any such fares, tolls, rentals, rates, charges or other fees for the transportation of passengers shall be established and changed only if approved by resolution of the authority adopted by not less than a majority of the whole number of members of the authority then in office and only after a public hearing, provided however, that fares, tolls, rentals, rates, charges or other fees for the transportation of passengers on any transportation facility which are in effect at the time that the then owner of such transportation facility becomes a subsidiary corporation of the authority or at the time that operation of such transportation facility is commenced by the authority or is commenced under contract, lease or other arrangement including joint service arrangements, with the authority may be continued in effect

without such a hearing. Such fares, tolls, rentals, rates, charges and other fees shall be established as may in the judgment of the authority be necessary to maintain the combined operations of the authority and its subsidiary corporations on a self-sustaining basis. The said operations shall be deemed to be on a self-sustaining basis as required by this title, when the authority is able to pay or cause to be paid from revenue and any other funds or property actually available to the authority and its subsidiary corporations (a) as the same shall become due, the principal of and interest on the bonds and notes and other obligations of the authority and of such subsidiary corporations, together with the maintenance of proper reserves therefor, (b) the cost and expense of keeping the properties and assets of the authority and its subsidiary corporations in good condition and repair, and (c) the capital and operating expenses of the authority and its subsidiary corporations. The authority may contract with the holders of bonds and notes with respect to the exercise of the powers authorized by this section.

4. The authority may establish and, in the case of joint service arrangements, join with others in the establishment of such schedules and standards of operations and such other rules and regulations including but not limited to rules and regulations governing the conduct and safety of the public as it may deem necessary, convenient or desirable for the use and operation of any transportation facility and related services operated by the authority or under contract, lease or other arrangement, including joint service arrangements, with the authority. Such rules and regulations governing the conduct and safety of the public shall be filed with the department of state in the manner provided by section one hundred two of the executive law. In the case of any conflict between any such rule or regulation of the authority governing the conduct or safety of the public and any local law, ordinance, rule or regulation, such rule or regulation of the authority shall prevail. Violation of any such rule or regulation of the authority governing the conduct or the safety of the public in or upon any facility of the authority shall constitute an offense and shall be punishable by a fine not exceeding fifty dollars or imprisonment for not more than thirty days or both, or may in the alternative be designated a

transit infraction punishable by the imposition by the transit adjudication bureau established pursuant to the provisions of this title of a civil penalty in an amount for any one violation of not to exceed two hundred fifty dollars, exclusive of interest or costs assessed thereon, in accordance with a schedule of such penalties as may from time to time be established by the authority. There shall be no penalty or increment in fine by virtue of a respondent's timely exercise of his right to a hearing or appeal. The rules may provide, in addition to any other sanctions, for the confiscation of tokens, tickets, cards or other fare media that have been forged, counterfeited, improperly altered or transferred, or otherwise used in a manner inconsistent with such rules.

5. The authority may acquire, hold, own, lease, establish, construct, effectuate, operate, maintain, renovate, improve, extend or repair any of its facilities through, and cause any one or more of its powers, duties, functions or activities to be exercised or performed by, one or more wholly owned subsidiary corporations of the authority and may transfer to or from any such corporation, or between such corporations, any moneys, real property or other property or the services of any officers, employees or consultants for any of the purposes of this title. The directors or members of each such subsidiary corporation shall be the same persons holding the offices of members of the authority. Each such subsidiary corporation and any of its property, functions and activities shall have all of the privileges, immunities, tax exemptions and other exemptions of the authority and of the authority's property, functions and activities. Each such subsidiary corporation shall be subject to the restrictions and limitations to which the authority may be subject. Each such subsidiary corporation shall be subject to suit in accordance with section twelve hundred ninety-nine-p of this title. The employees of any such subsidiary corporation, except those who are also employees of the authority, shall not be deemed employees of the authority.

If the authority shall determine that one or more of its subsidiary corporations should be in the form of a public benefit corporation, it shall create each such public benefit corporation by executing and filing with the secretary of state a certificate of incorporation, which may be amended from time to time by filing, which shall set forth the name of such public benefit subsidiary corporation, its duration, the location of its principal office, and any or all of the purposes of acquiring, owning, leasing, establishing, constructing, effectuating, operating, maintaining, renovating, improving, extending or repairing one or more facilities of the authority. Each such public benefit subsidiary corporation shall be a body politic and corporate and shall have all those powers vested in the authority by the provisions of this title which the authority shall determine to include in its certificate of incorporation except the power to contract indebtedness.

Any other provision of law to the contrary notwithstanding the authority may elect to maintain consolidated records of account for itself and its subsidiary corporations and to report on a consolidated basis with regard to the moneys and activities of the authority and its subsidiary corporations, and the authority shall not be required to keep separate records of account for or to report separately with regard to moneys or activities of any of its subsidiary corporations or of the authority itself apart from its subsidiary corporations or with regard to transfers of property or services between the authority and its subsidiary corporations or between said subsidiary corporations.

The Niagara Frontier port authority shall be deemed to be a subsidiary corporation for the purposes of this subdivision.

Whenever any state, political subdivision, municipality, commission, agency, officer, department, board, division or person is authorized and empowered for any of the purposes of this title to co-operate and enter into agreements with the authority such state, political subdivision, municipality, commission, agency, officer, department, board, division or person shall have the same authorization and power for any of such purposes to co-operate and enter into agreements with a subsidiary corporation of the authority.

6. The authority, in its own name or in the name of the state, may apply for and receive and accept grants of property, money and services and other assistance offered or made available to it by any person,

government or agency whatever, which it may use to meet capital or operating expenses and for any other use within the scope of its powers, and to negotiate for the same upon such terms and conditions as the authority may determine to be necessary, convenient or desirable.

7. The authority may do all things it deems necessary, convenient or desirable to manage, control and direct the maintenance and operation of transportation facilities, equipment or real property operated by or under contract, lease or other arrangement with the authority. Except as hereinafter specially provided, no municipality or political subdivision, including but not limited to a county, city, village, town or school or other district shall have jurisdiction over any facilities of the authority or any of its activities or operations. The local laws, resolutions, ordinances, rules and regulations of a municipality or political subdivision, heretofore or hereafter adopted, conflicting with this title or any rule or regulation of the authority, shall not be applicable to the activities or operations of the authority, or the facilities of the authority, except such facilities that are devoted to purposes other than transportation purposes. Each municipality or political subdivision, including but not limited to a county, city, village, town or district in which any facilities of the authority are located shall provide for such facilities police, fire and health protection services of the same character and to the same extent as those provided for residents of such municipality or political subdivision.

The jurisdiction, supervision, powers and duties of the department of transportation of the state under the transportation law shall not extend to the authority in the exercise of any of its powers under this title. The authority may agree with such department for the execution by such department of any grade crossing elimination project or any grade crossing separation reconstruction project along any railroad facility operated by the authority or by one of its subsidiary corporations or under contract, lease or other arrangement with the authority. Any such project shall be executed as provided in article ten of the transportation law and the railroad law, respectively, and the costs of any such project shall be borne as provided in such laws, except that the authority's share of such costs shall be borne by the state.

§ 1299-g. Acquisition and disposition of real property. 1. In addition to the powers provided in section twelve hundred ninety-nine-f of this title to acquire transportation facilities, equipment and real property, the authority may acquire, by condemnation pursuant to the condemnation law, any real property it may deem necessary, convenient or desirable to effectuate the purpose of this title, provided however, that any such condemnation proceedings shall be brought only in the supreme court and the compensation to be paid shall be ascertained and determined by the court without a jury. Notwithstanding the foregoing provisions of this subdivision one, no real property may be acquired by the authority by condemnation for purposes other than a transportation facility unless the governing body of the city, village or town in which such real property is located shall first consent to such condemnation.

2. Nothing herein contained shall be construed to prevent the authority from bringing any proceedings to remove a cloud on title or such other proceedings as it may, in its discretion, deem proper and necessary or from acquiring any such property by negotiation or purchase.

3. Where a person entitled to an award in the proceedings to condemn any real property for any of the purposes of this title remains in possession of such property after the time of the vesting of title in the condemnor, the reasonable value of his use and occupancy of such property subsequent to such time as fixed by agreement or by the court in such proceedings or by any court of competent jurisdiction shall be a lien against such award subject only to the liens of record at the time of vesting of title in the condemnor.

4. Title to all property acquired under this act shall vest in the authority.

5. The authority may, whenever it determines that it is in the interest of the authority, dispose of any real property or property

other than real property, which it determines is not necessary, convenient or desirable for its purposes. Provided, however, that the authority shall provide the county, city, town, and village in which the real property is situated with sixty days notice prior to offering such property for disposition or sale.

6. The authority may, whenever it shall determine that it is in the interest of the authority, rent, lease or grant easements or other rights in, any land or property of the authority.

*** § 1299-gg. Acquisition and disposition of real property by department of transportation.** If funds are made available by the authority for the payment of the cost and expense of the acquisition thereof, the department of transportation of the state of New York, when requested by the authority, may acquire such real property in the name of the state as may be determined from time to time by the authority as being necessary, convenient or desirable to effectuate the purposes of this title, may remove the owner or occupant thereof where necessary and obtain possession and, when requested by the authority, may dispose of any real property so acquired, all according to the procedure provided in section thirty of the highway law. The authority shall have the right to possess and use for its corporate purposes all such real property so acquired. Claims for the value of the property appropriated and for legal damages caused by any such appropriation shall be adjusted and determined by such department with the approval of the authority or by the court of claims as provided in section thirty of the highway law. When a claim has been filed with the court of claims, the claimant shall cause a copy of such claim to be served upon the authority and the authority shall have the right to be represented and heard before such court. All awards and judgments arising from such claims shall be paid out of moneys of the authority. No real property may be acquired pursuant to the provisions of this section for purposes other than a transportation facility unless the governing body of the city, village or town in which such real property is located shall first consent to such acquisition.

* NB There are 2 § 1299-gg's

§ 1299-h. Co-operation and assistance of other agencies. --1. To avoid duplication of effort and in the interests of economy, the authority may make use of existing studies, surveys, plans, data and other materials in the possession of any state agency or any municipality or political subdivision of the state. Each such agency, municipality or subdivision is hereby authorized to make the same available to the authority and otherwise to assist it in the performance of its functions. At the request of the authority, each such agency, municipality or subdivision which is engaged in highway or other transportation activities or in land use or development planning, or which is charged with the duty of providing or regulating any transportation facility or any other public facility, is further authorized to provide the authority with information regarding its plans and programs affecting the transportation district so that the authority may have available to it current information with respect thereto. The officers and personnel of such agencies, municipalities or subdivisions, and of any other government or agency whatever, may serve at the request of the authority upon such advisory committees as the authority shall determine to create and such officers and personnel may serve upon such committees without forfeiture of office or employment and with no loss or diminution in the compensation, status, rights and privileges which they otherwise enjoy.

2. Notwithstanding any contrary provision of law, every municipality in this transportation district is authorized and empowered to consent to the use by the authority of any real or personal property owned by any such municipality and necessary, convenient or desirable in the opinion of the authority for any of the facilities or projects authorized under this title, including such real property as has already been devoted to a public use, and as an incident to such consent, to lease or otherwise transfer and convey to the authority any such real or personal property upon such terms as may be determined by the authority and any such municipality. Every such municipality is also authorized and empowered, as an incident to such consent, to vest in the authority the control, possession, operation, maintenance, rents, charges and any and all other revenues of any facilities now owned by any such

municipality, the title to such facilities remaining in such municipality.

3. Notwithstanding any contrary provision of law, every municipality in the transportation district may, by ordinance, local law, or resolution of its governing body, make covenants with the authority which shall inure to the benefit of the holders of any bonds or notes issued by the authority under this title and which shall be a part of the contract with the holders of such bonds or notes, as to

(a). The authorizing of the construction of any facilities which will be competitive with any facilities owned or operated by the authority or within a reasonable sphere of operation or extension of such facilities by the authority;

(b). Discontinuing of any facilities owned or operated by the municipality or any department or agency thereof;

(c). Limitations on the licensing of private facilities within the territorial limits of the municipality which may compete with the facilities owned or operated by the authority or within a reasonable sphere of operation or extension by the authority; and

(d). Transferring to the authority any powers or functions of the municipality or any department or agency thereof, or the control of any property thereof.

4. The commissioner of general services shall have power, in his discretion, from time to time to transfer and convey to the authority, or to a subsidiary corporation of the authority, and for such consideration as may be determined by him to be paid to the state, unappropriated state lands and lands under water which the authority shall certify to be necessary or desirable for the corporate purposes of the authority.

§ 1299-i. Notes and bonds of the authority. 1. (a) The authority shall have power and is hereby authorized from time to time to issue its negotiable bonds and notes in conformity with applicable provisions of the uniform commercial code in such principal amount as, in the opinion of the authority, shall be necessary to provide sufficient funds for achieving its purposes, including the acquisition, establishment, construction, effectuation, operation, maintenance, renovation, improvement, extension or repair of any transportation facility, the payment of interest on bonds and notes of the authority, establishment of reserves to secure such bonds and notes, the provision of working capital and all other expenditures of the authority and its subsidiary corporations incident to and necessary or convenient to carry out their purposes and powers;

(b) The authority shall have power, from time to time, to issue renewal notes, to issue bonds to pay notes and whenever it deems refunding expedient, to refund any bonds by the issuance of new bonds, whether the bonds to be refunded have or have not matured, and to issue bonds partly to refund bonds then outstanding and partly for any other purpose. The refunding bonds shall be sold and the proceeds applied to the purchase, redemption or payment of the bonds to be refunded;

(c) Except as may otherwise be expressly provided by the authority, every issue of its notes or bonds shall be general obligations of the authority payable out of any revenues or moneys of the authority, subject only to any agreements with the holders of particular notes or bonds pledging any particular receipts or revenues;

2. The notes and bonds shall be authorized by resolution approved by not less than a majority of the whole number of members of the authority then in office, shall bear such date or dates, and shall mature at such time or times, in the case of any such note or any renewals thereof not exceeding five years from the date of issue of such original note, and in the case of any such bond not exceeding fifty years from the date of issue, as such resolution or resolutions may provide. The notes and bonds shall bear interest at such rate or rates, be in such denominations, be in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in such medium of payment, at such place or places and be subject to such terms of redemption as such resolution or resolutions may provide. The notes and bonds of the authority may be sold by the authority, at public or private sale, at such price or prices as the authority shall determine. No notes or bonds of the authority may be sold by the authority at private sale, however, unless such sale and the terms thereof have been

approved in writing by (a) the comptroller, where such sale is not to the comptroller, or (b) the director of the budget, where such sale is to the comptroller.

3. Any resolution or resolutions authorizing any notes or bonds or any issue thereof may contain provisions, which shall be a part of the contract with the holders thereof, as to:

(a) pledging all or any part of the fares, tolls, rentals, rates, charges and other fees made or received by the authority or any of its subsidiary corporations, and other moneys received or to be received, to secure the payment of the notes or bonds or of any issue thereof, subject to such agreements with bondholders or noteholders as may then exist;

(b) pledging all or any part of the assets of the authority or of any of its subsidiary corporations to secure the payment of the notes or bonds or of any issue of notes or bonds, subject to such agreements with noteholders or bondholders as may then exist;

(c) the use, and disposition of fares, tolls, rentals, rates, charges and other fees made or received by the authority or any of its subsidiary corporations;

(d) the setting aside of reserves or sinking funds and the regulation and disposition thereof;

(e) limitations on the purpose to which the proceeds of sale of notes or bonds may be applied and pledging such proceeds to secure the payment of the notes or bonds or of any issue thereof;

(f) limitations on the issuance of additional notes or bonds; the terms upon which additional notes or bonds may be issued and secured; the refunding of outstanding or other notes or bonds;

(g) the procedure, if any, by which the terms of any contract with noteholders or bondholders may be amended or abrogated, the amount of notes or bonds the holders of which must consent thereto, and the manner in which such consent may be given;

(h) limitations on the amount of moneys to be expended by the authority or any of its subsidiary corporations for operating, administrative or other expenses of the authority or any of its subsidiary corporations;

(i) vesting in a trustee or trustees such property, rights, powers and duties in trust as the authority may determine, which may include any or all of the rights, powers and duties of the trustee appointed by the bondholders pursuant to this title, and limiting or abrogating the right of the bondholders to appoint a trustee under this article or limiting the rights, powers and duties of such trustee;

(j) any other matters, of like or different character, which in any way affect the security or protection of the notes or bonds.

4. In addition to the powers herein conferred upon the authority to secure its notes and bonds, the authority shall have power in connection with the issuance of notes and bonds to enter into such agreements as the authority may deem necessary, convenient or desirable concerning the use or disposition of its monies or property or the monies or property of any of its subsidiary corporations, including the mortgaging of any such property and the entrusting, pledging or creation of any other security interest in any such monies or property and the doing of any act (including refraining from doing any act) which the authority would have the right to do in the absence of such agreements. The authority shall have power to enter into amendments of any such agreements within the powers granted to the authority by this title and to perform such agreements. The provisions of any such agreements may be made a part of the contract with the holders of the notes and bonds of the authority.

5. It is the intention hereof that any pledge, mortgage or security instrument made by the authority shall be valid and binding from the time when the pledge, mortgage or security instrument is made; that the monies or property so pledged, mortgaged and entrusted and thereafter received by the authority shall immediately be subject to the lien of such pledge, mortgage or security instrument without any physical delivery thereof or further act; and that the lien of any such pledge, mortgage or security instrument shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the authority, irrespective of whether such parties have notice thereof. Neither the resolution nor any mortgage, security instrument or other instrument by which a pledge, mortgage lien or other security is created need be recorded or filed and the authority shall not be required to comply with any of the provisions of the uniform commercial

code.

6. Neither the members of the authority nor any person executing the notes or bonds shall be liable personally on the notes or bonds or be subject to any personal liability or accountability by reason of the issuance thereof.

7. The authority, subject to such agreements with noteholders or bondholders as may then exist, shall have power out of any funds available therefor to purchase notes or bonds of the authority, which shall thereupon be cancelled, at a price not exceeding (a) if the notes or bonds are then redeemable, the redemption price then applicable plus accrued interest to the next interest payment date thereon, or (b) if the notes or bonds are not then redeemable, the redemption price applicable on the first date after such purchase upon which the notes or bonds become subject to redemption plus accrued interest to such date.

8. The state shall not be liable on notes or bonds of the authority and such notes and bonds shall not be a debt of the state, and such notes and bonds shall contain on the face thereof a statement to such effect.

§ 1299-j. Reserve funds and appropriations. 1. The authority may create and establish one or more reserve funds to be known as debt service reserve funds and may pay into such debt service reserve funds (a) any monies appropriated and made available by the state for the purposes of such funds, (b) any proceeds of sale of notes or bonds to the extent provided in the resolution of the authority authorizing the issuance thereof, and (c) any other monies which may be made available to the authority for the purpose of such funds from any other source or sources. The monies held in or credited to any debt service reserve fund established under this section, except as hereinafter provided, shall be used solely for the payment of the principal of bonds of the authority secured by such debt service reserve fund as the same mature, the purchase of such bonds of the authority, the payment of interest on such bonds of the authority or the payment of any redemption premium required to be paid when such bonds are redeemed prior to maturity; provided, however, that the authority shall have power to provide that monies in any such fund shall not be withdrawn therefrom at any time in such amount as would reduce the amount of such fund to less than the maximum amount of principal and interest maturing and becoming due in any succeeding calendar year or years not exceeding two such years on the bonds of the authority then outstanding and secured by such debt service reserve fund, except for the purpose of paying principal of and interest on such bonds of the authority secured by such debt service reserve fund maturing and becoming due and for the payment of which other monies of the authority are not available. Any income or interest earned by, or increment to, any such debt service reserve fund due to the investment thereof may be transferred by the authority to any other fund or account of the authority and the authority shall have power to provide that any such transfer shall not reduce the amount of such debt service reserve fund below the maximum amount of principal and interest maturing and becoming due in any succeeding calendar year or years not exceeding two such years on all bonds of the authority then outstanding and secured by such debt service reserve fund.

2. The authority shall have power to provide that it shall not issue bonds at any time if the maximum amount of principal and interest maturing and becoming due in any succeeding calendar year or years not exceeding two such years on the bonds outstanding and then to be issued and secured by a debt service reserve fund will exceed the amount of such debt service reserve fund at the time of issuance, unless the authority, at the time of the issuance of such bonds, shall deposit in such debt service reserve fund from the proceeds of the bonds so to be issued, or otherwise, an amount which, together with the amount then in such debt service reserve fund, will be not less than the maximum amount of principal and interest maturing and becoming due in any such succeeding calendar year or years not exceeding two such years on the bonds then to be issued and on all other bonds of the authority then outstanding and secured by such debt service reserve fund.

3. In computing the amount of any debt service reserve fund for the purposes of this section, securities in which all or a portion of such

fund shall be invested shall be valued at par, or if purchased at less than par, at their cost to the authority.

§ 1299-k. Agreement of the state. --The state does hereby pledge to and agree with the holders of any notes or bonds issued under this title, that the state will not limit or alter the rights hereby vested in the authority to acquire, establish, construct, effectuate, operate, maintain, renovate, improve, extend or repair any authority facilities, to establish, levy and collect fares, tolls, rentals, rates, charges and other fees, to receive and use for its corporate purposes, in the same manner as its own funds and revenues, all moneys directed by law to be paid to it by the Buffalo and Fort Erie public bridge authority, and to fulfill the terms of any agreements made with the holders thereof, or in any way impair the rights and remedies of such holders until such notes or bonds, together with the interest thereon, with interest on any unpaid installments of interest, and all costs and expenses for which the authority is liable in connection with any action or proceeding by or on behalf of such holders, are fully met and discharged. The authority is authorized to include this pledge and agreement of the state in any agreement with the holders of such notes or bonds.

§ 1299-l. Right of state to require redemption of bonds. Notwithstanding and in addition to any provisions for the redemption of bonds which may be contained in any contract with the holders of the bonds, the state may, upon furnishing sufficient funds therefor, require the authority to redeem, prior to maturity, as a whole, any issue of bonds on any interest payment date not less than twenty years after the date of the bonds of such issue at one hundred five per centum of their face value and accrued interest or at such lower redemption price as may be provided in the bonds in case of the redemption thereof as a whole on the redemption date. Notice of such redemption shall be published in at least two newspapers published and circulating respectively in the cities of Buffalo and Niagara Falls at least twice, the first publication to be at least thirty days before the date of redemption.

§ 1299-m. Remedies of noteholders and bondholders. 1. In the event that the authority shall default in the payment of principal of or interest on any issue of notes or bonds after the same shall become due, whether at maturity or upon call for redemption, and such default shall continue for a period of thirty days, or in the event that the authority shall fail or refuse to comply with the provisions of this title or shall default in any agreement made with the holders of any issue of notes or bonds, the holders of twenty-five per centum in aggregate principal amount of the notes or bonds of such issue than outstanding, by instrument or instruments filed in the office of the clerk of any county in which the authority operates and has an office and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of such notes or bonds for the purposes herein provided.

2. Such trustee may, and upon written request of the holders of twenty-five per centum in principal amount of such notes or bonds then outstanding shall, in his or its own name:

(a) by suit, action or proceeding in accordance with the civil practice law and rules, enforce all rights of the noteholders or bondholders, including the right to require the authority to collect fares, tolls, rentals, rates, charges and other fees adequate to carry out any agreement as to, or pledge of, such fares, tolls, rentals, rates, charges and other fees and to require the authority to carry out any other agreements with the holders of such notes or bonds and to perform its duties under this title;

(b) bring suit upon such notes or bonds;

(c) by action or suit, require the authority to account as if it were the trustee of an express trust for the holders of such notes or bonds;

(d) by action or suit, enjoin any acts or things which may be unlawful or in violation of the rights of the holders of such notes or bonds;

(e) declare all such notes or bonds due and payable, and if all defaults shall be made good, then, with the consent of the holders of twenty-five per centum of the principal amount of such notes or bonds then outstanding, to annul such declaration and its consequences.

3. Such trustee shall in addition to the foregoing have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth herein or incident to the general representation of bondholders or noteholders in the enforcement and protection of their rights.

4. The supreme court shall have jurisdiction of any suit, action or proceeding by the trustee on behalf of such noteholders or bondholders. The venue of any such suit, action or proceeding shall be laid in the county in which the instrument or instruments are filed in accordance with subdivision one of this section.

5. Before declaring the principal of notes or bonds due and payable, the trustee shall first give thirty days' notice in writing to the governor, to the authority, to the comptroller and to the attorney general of the state.

§ 1299-n. Notes and bonds as legal investment. The notes and bonds of the authority are hereby made securities in which all public officers and bodies of the state and all municipalities and political subdivisions, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations, including savings and loan associations, building and loan associations, investment companies and other persons carrying on a banking business, all administrators, guardians, executors, trustees and other fiduciaries, and all other persons whatsoever who are now or who may hereafter be authorized to invest in bonds or other obligations of the state, may properly and legally invest funds including capital in their control or belonging to them. Notwithstanding any other provisions of law, the bonds of the authority are also hereby made securities which may be deposited with and shall be received by all public officers and bodies of this state and all municipalities and political subdivisions for any purpose for which the deposit of bonds or other obligations of the state is now or may hereafter be authorized.

§ 1299-o. Exemption from taxation. It is hereby found, determined and declared that the creation of the authority and the carrying out of its purposes is in all respects for the benefit of the people of the state of New York and for the improvement of their health, welfare and prosperity and is a public purpose, and that the authority will be performing an essential governmental function in the exercise of the powers conferred upon it by this title. Without limiting the generality of the following provisions of this section, property owned by the authority, property leased by the authority and used for transportation purposes, and property used for transportation purposes by or for the benefit of the authority exclusively pursuant to the provisions of a joint service arrangement or of a joint facilities agreement or trackage rights agreement shall all be exempt from taxation and special ad valorem levies. The authority shall be required to pay no fees, taxes or assessments, whether state or local, except special benefit assessments if said property is located in a special benefit district, including but not limited to fees, taxes or assessments on real estate, franchise taxes, sales taxes or other excise taxes, upon any of its property, or upon the use thereof, or upon its activities in the operation and maintenance of its facilities or on any fares, tolls, rentals, rates, charges or other fees, revenues or other income received by the authority and the bonds of the authority and the income therefrom shall at all times be exempt from taxation, except for gift and estate taxes and taxes on transfers. This section shall constitute a covenant and agreement with the holders of all bonds issued by the authority. The terms "taxation" and "special ad valorem levy" shall have the same meanings as defined in section one hundred two of the real property tax law and the term "transportation purposes" shall have the same meaning as used in titles two-a and two-b of article four of such law.

§ 1299-p. Actions against the authority. 1. As a condition to the consent of the state to such suits against the authority, in every action against the authority for damages, for injuries to real or personal property or for the destruction thereof, or for personal injuries or death, the complaint shall contain an allegation that at least thirty days have elapsed since the demand, claim or claims upon which such action is founded were presented to a member of the authority or other officer designated for such purpose and the authority has neglected or refused to make an adjustment or payment thereof.

2. An action against the authority founded on tort, except an action for wrongful death, shall not be commenced more than one year and ninety days after the cause of action therefor shall have accrued, nor unless a notice of claim shall have been served on the authority within the time limited by and in compliance with all the requirements of section fifty-e of the general municipal law. An action against the authority for wrongful death shall be commenced in accordance with the notice of claim and time limitation provisions of title eleven of article nine of this chapter.

3. The authority shall be liable, and shall assume the liability to the extent that it shall save harmless any duly appointed officer or employee of the authority, for the negligence of such officer or employee, in the operation of a vehicle or other facility of transportation owned or otherwise under the jurisdiction and control of the authority in the discharge of a duty imposed upon such officer or employee at the time of the accident, injury or damages complained of, while otherwise acting in the performance of his duties and within the scope of his employment.

4. The authority may require any person, presenting for settlement an account or claim for any cause whatever against the authority, to be sworn before a member, counsel or an attorney, officer or employee of the authority designated for such purpose, concerning such account or claim and when so sworn to answer orally as to any facts relative to such account or claim. The authority shall have power to settle or adjust all claims in favor of or against the authority.

5. The rate of interest to be paid by the authority upon any judgment for which it is liable shall not exceed four per centum per annum.

6. The provisions of this section which relate to the requirement for

service of a notice of claim shall not apply to a subsidiary corporation of the authority. In all other respects, each subsidiary corporation of the authority shall be subject to the provisions of this section as if such subsidiary corporation were separately named herein, provided, however, that a subsidiary corporation of the authority which is a stock corporation shall not be subject to the provisions of this section except with respect to those causes of action arising on and after the first day of the twelfth calendar month following that calendar month in which such stock corporation becomes a subsidiary corporation of the authority.

§ 1299-q. Station operation and maintenance. The operation, maintenance and use of passenger stations shall be public purposes of the counties of Erie and Niagara. The total cost to the authority and each of its subsidiary corporations of operation, maintenance and use of each passenger station within the district serviced by one or more railroad facilities of the authority or of such subsidiary corporation, including the buildings, appurtenances, platforms, lands and approaches incidental or adjacent thereto, shall be borne by the county within the district in which such station is located. On or before June first of each year, the authority shall determine and certify to the counties of Erie and Niagara the total cost to the authority and its subsidiary corporations, for the twelve-month period ending the preceding March thirty-first, of operation, maintenance and use of each such passenger station within each county, respectively. On or before the following September first, of each year, each such county shall pay to the authority such cost so certified to it on or before the preceding June first. If for any such twelve-month period the authority determines that the total revenues of any railroad facility will be such as not to require payment for the full amount of the costs of operation, maintenance and use of the passenger stations served by such facility, the authority in its discretion may reduce by a uniform percentage of established costs the amounts required of each county so served, provided however, that the amount required of any such county shall not be reduced for any such twelve-month period below the total cost to the authority and its subsidiary corporations so certified of maintenance and use of such passenger stations so served in such county. Each county shall have power to finance such costs to it by the issuance of budget notes pursuant to section 29.00 of the local finance law.

§ 1299-r. Agreements relating to payments in lieu of taxes. To the end that municipal corporations, counties, cities, towns, villages and school districts may not suffer undue loss of taxes or assessments:

If the authority owns or acquires property and all or any portion of such property is subsequently developed, improved or used for non-transportation purposes, it shall during such period of disuse for transportation purposes be subject to assessment, at the prevailing method of determining assessments based upon the current assessed value of all or the relevant portion of such property by the appropriate assessing unit and the authority shall, based on such assessment, annually, in lieu of taxes, pay such amount to the municipal corporation and/or school district.

The authority may, in its discretion, enter into agreements to pay annual sums in lieu of taxes in respect of any real property which is owned by the authority and exempt from taxation pursuant to section twelve hundred ninety-nine-o of this article to the participating municipal corporation or school district in which the property is located, provided however, that the amount so paid for any year upon such property shall not exceed the sum last paid as taxes on such property to such municipal corporation or school district prior to the time of its acquisition by the agency.

Vacant properties, properties acquired by the authority for non-transportation purposes but intended to be used for future transportation purposes and properties acquired by the authority for transportation purposes and used as such, shall not be subject to the payment of any taxes or any payments in lieu thereof except that the authority shall pay such property special benefit assessments on the property if it is located in an existing special benefit district.

§ 1299-s. Five-year capital and operating plans. 1. (a) On or before October first, nineteen hundred ninety, and annually thereafter on or before April first, the authority shall adopt a capital program plan for the five-year period commencing April first. The plan shall contain the capital program, separately itemized, by the following functions: metro transit operations, airport operations, and port operations.

(b) The plan shall set goals and objectives by function for capital spending, establish standards for service and operations, describe each capital project proposed to be initiated in each of the years covered by the plan and explain how each proposed project supports the achievement of the service and operational standards established in the plan. The plan shall list separately by function those projects contributing to the maintenance of the system infrastructure and those intended to enhance the system. The plan shall also include an estimated cost for each project and set forth an estimate of the amount of capital funding required for each year of the plan and the expected sources of such funding. It shall also include a project schedule for the initiation and completion of each project. Each plan subsequent to the first such plan shall describe the current status of each capital project included in the previously adopted plan.

(c) In addition to the annual update, a quarterly capital plan status report shall be provided to the committee on capital planning and shall include, but not be limited to, a description of any material change in the scope, cost, funding or time of initiation or completion of a project as adopted in the plan. The first such report shall cover the three month period commencing April first, nineteen hundred ninety-one and shall be submitted no later than thirty days after the end of the quarter. Thereafter, quarterly reports shall be submitted on the last day of October, January, April and July.

2. (a) On or before October first, nineteen hundred ninety, and annually thereafter on or before April first, the authority shall adopt an operating plan for the five-year period commencing April first. The plan shall include the annual estimated operating cost for the following authority functions: metro transit operations, airport operations, and port operations. The plans shall also include the proposed method of

financing for the level of service defined for each year of the plan and shall fully allocate the general authority costs to the authority's functions. The plan shall provide a narrative describing the overall financial condition of the authority.

(b) In addition to the annual update, the authority shall prepare for the committee on finance and audit quarterly reports on the financial condition of each of its functions. The first such report shall cover the three month period commencing April first, nineteen hundred ninety-one and shall be submitted no later than thirty days after the end of the quarter. Thereafter, quarterly reports shall be submitted on the last day of October, January, April and July. The reports shall include a budgetary comparison of the most recent quarter and year-to-date actual revenues and expenditures with the same time period in the previous year and with the projections for that time period based on the board approved budget. The reporting for the metro transit operations shall be separate for the bus and light rail divisions.

3. (a) On or before October first, nineteen hundred ninety, and annually thereafter on or before April first, the authority shall set operational performance goals and objectives for the metro transit operations, consistent with paragraph (b) of subdivision one of this section and shall establish performance indicators to measure standards of service and operations. The performance indicators shall include: revenue passengers, total passengers, revenue vehicle miles, revenue vehicle hours, number of employees by department, vehicle mean distance between failure, on-time performance for total service provided, the cost per revenue passenger, the cost per revenue vehicle mile and the revenue-to-cost ratio.

(b) The authority shall prepare for the committee on operations and personnel quarterly reports on the operating performance of the metro transit operations. The first such report shall cover the three month period commencing April first, nineteen hundred ninety-one and shall be submitted no later than thirty days after the end of the quarter. Thereafter, quarterly reports shall be submitted on the last day of October, January, April and July. The reporting for the metro transit operations shall be separate for the bus and light rail divisions. The report shall compare the performance indicators of the most recent quarter and the year-to-date performance indicators with the same time period in the previous year and with the annual goals established pursuant to this subdivision.

4. Any and all annual reports, including interim reports, shall be submitted to the director of the division of the budget, the commissioner of transportation and the chief executive officer of Erie county and Niagara county, the county legislatures of Erie county and Niagara county, the temporary president of the senate, the speaker of the assembly, the chairpersons of the senate finance committee and the assembly ways and means committee, and the chairpersons of the senate and assembly transportation committees.

§ 1299-t. Contracts. The authority shall promulgate regulations pursuant to the state administrative procedure act governing the award of all contracts for public work and all purchase contracts, including the procurement of supplies, material and equipment; personal and professional service contracts; emergency purchases; and advertising. Prior to promulgating such regulations, the authority shall submit the proposed regulations for comment to the chief executive officers and county legislatures of Erie county and Niagara county. The authority shall also establish internal controls necessary to insure compliance with these regulations. The authority shall retain independent auditors to analyze and evaluate the effectiveness of such internal controls.

§ 1299-u. Title not affected if in part unconstitutional or ineffective. If any provision of any section of this title or the application thereof to any person or circumstance shall be adjudged invalid by a court of competent jurisdiction, such order or judgment shall be confined in its operation to the controversy in which it was rendered, and shall not affect or invalidate the remainder of any provision of any section of this title or the application of any part thereof to any other person or circumstance and to this end the provisions of each section of this title are hereby declared to be severable.

TITLE 11-B

ROCHESTER-GENESEE REGIONAL TRANSPORTATION AUTHORITY

§ 1299-aa. Short title. This title may be cited as the "Rochester-Genesee Regional Transportation Authority Act".

§ 1299-bb. Definitions. As used or referred to in this title, unless a different meaning clearly appears from the context:

1. "Authority" shall mean the corporation created by section twelve hundred ninety-nine-dd of this title.

2. "Transportation district" and "district" shall mean the Rochester-Genesee regional transportation district created by section twelve hundred ninety-nine-cc of this title.

3. "Participating county" shall mean any of the counties defined in section twelve hundred ninety-nine-cc of this title.

4. "Federal government" shall mean the United States of America, and any officer, department, board, commission, bureau, division, corporation, agency or instrumentality thereof.

5. "Governor" shall mean the governor of the state of New York.

6. "Comptroller" shall mean the comptroller of the state of New York.

7. "Director of the budget" shall mean the director of the budget of the state of New York.

8. "State" shall mean the state of New York.

9. "State agency" shall mean any officer, department, board, commission, bureau, division, public benefit corporation, agency or instrumentality of the state.

10. "Municipality" shall mean a city, town, village or county not wholly contained within a city.

11. "Municipal corporation" shall mean a city, town, village, county not wholly contained within a city, special transportation district, public benefit corporation or other public corporation, or two or more

of the foregoing acting jointly.

12. "Personal property" shall mean chattels and other tangible things of a movable or removable nature.

13. "Property" shall mean both real and personal property.

14. "Master plan" shall mean an action plan for implementation of improvements to such means of public transportation and related services by omnibus, railroad and marine and aviation facilities as the authority may contemplate within the Rochester-Genesee Regional Transportation District to effectuate the purposes of this act.

15. "Joint service arrangement" shall mean agreements between or among the authority and any common carrier or freight forwarder, the state, any state agency, the federal government, any other state or agency or instrumentality thereof, any public authority of this or any other state, or any political subdivision or municipality of the state, relating to property, buildings, structures, facilities, services, rates, fares, classifications, divisions, allowances or charges (including charges between operators of railroad, omnibus, marine and aviation facilities), or rules or regulations pertaining thereto, for or in connection with or incidental to transportation in part in or upon railroad, omnibus, marine or aviation facilities located within the district and in part in or upon railroad, omnibus, marine or aviation facilities located outside the district.

16. "Project" shall mean any undertaking by the authority within the district including but not limited to port or harbor facilities, transportation properties, access and service roads and bridges, equipment, appurtenances, utilities, airport facilities and any other improvement under authority jurisdiction within the regional district.

17. "Facility" shall mean, among other things, such properties, structures, appurtenances, utilities, terminals, wharfs, docks, piers, railroad trackage, warehouses, elevators, equipment for handling freight and passengers and vehicles and such other works, properties, buildings

or allied items necessary or desirable in connection with development, operation, maintenance or improvement of port, airport and public transportation needs for the accommodation, safety or comfort of the public and commercial enterprise for the regional transportation district.

18. "Equipment" shall mean rolling stock, omnibuses, vehicles, air, marine or surface craft, motors, boilers, engines, and other instrumentalities used or useful therefor or in connection therewith.

19. "Omnibus facilities" shall mean motor vehicles, of the type operated by carriers subject to the jurisdiction of the public service commission, engaged in the transportation of passengers and their baggage, express and mail between points within the district or pursuant to joint service arrangements, and equipment, property, buildings, structures, improvements, loading or unloading areas, parking areas, berthing facilities or other facilities, necessary, convenient or desirable for the accommodation of such motor vehicles or their passengers, including but not limited to buildings, structures and areas notwithstanding that portions may not be devoted to any omnibus purpose other than the production of revenues available for the costs and expenses of all or any facilities of the authority.

20. "Railroad facilities" shall mean right-of-way and related trackage, rails, cars, locomotives, other rolling stock, signal, power, fuel, communication and ventilation systems, power plants, stations, terminals, storage yards, repair and maintenance shops, yards, equipment and parts, offices and other real estate or personalty used or held for or incidental to the operation, rehabilitation or improvement of any railroad operating or to operate between points within the district or pursuant to joint service arrangements, including but not limited to buildings, structures, and areas notwithstanding that portions thereof may not be devoted to any railroad purpose other than the production of revenues available for the costs and expenses of all or any facilities of the authority.

21. "Real property" shall mean lands, structures, franchises and

interests in land, waters, lands under water, riparian rights and any and all things and rights included within said term and includes not only fees simple absolute but also any and all lesser interests including but not limited to easements, rights of way, uses, leases, licenses and all other incorporeal hereditaments and every estate, interest or right, legal or equitable, including terms for years and liens thereon by way of judgments, mortgages or otherwise.

22. "Marine and aviation facilities" shall mean equipment and craft for the transportation of passengers, mail and cargo between points from and to and within the district or pursuant to joint service arrangements, by marine craft and aircraft of all types including but not limited to hydrofoils, ferries, lighters, tugs, barges, helicopters, amphibians, seaplanes or other contrivances now or hereafter used in navigation or movement on waterways or in the navigation of or flight in airspace. It shall also mean any airport facility within the transportation district, including but not limited to any facility or real property necessary, convenient or desirable for the landing, taking off, accommodation or servicing of such aircraft, and shall include such facilities, property, structures and appurtenances as may be necessary or convenient in the operation, maintenance, development or improvement of airports including facilities, property, structures, and appurtenances, leased by the Authority to persons, firms or corporations engaged in air transportation or the production or development of materials, goods or equipment for airports or air transportation or in providing facilities for the accommodation, safety or comfort of the traveling public and for purposes related or incidental to one or more of the foregoing purposes. It shall also mean port facilities in the transportation district including, but not limited to, (a) one or more docks, elevators, wharves, piers, bulkheads, slips, basins, harbors, railroad connections, side tracks or sidings, freight terminals, warehouses, bridges, tunnels, and areas for storage of cargoes, materials, goods, wares, and merchandise of any kind and for the loading, unloading, interchange or transfer of any such cargoes, materials, goods, wares and merchandise; (b) other buildings, structures, facilities or improvements necessary to accommodate steamships or other vessels and their cargoes or passengers; and (c) all

real and personal property, driveways, roads, approaches, mechanical equipment and all appurtenances and facilities either on, above or under the ground which are necessary, convenient or desirable for the development, control and operation of port facilities in the transportation district.

23. "Transportation facility" shall mean any railroad, omnibus, marine or aviation facility and any person, firm, partnership, association or corporation which owns, leases or operates any such facility or any other facility used for service in the transportation of passengers, United States mail or personal property as a common carrier for hire and any portion thereof and the rights, leaseholds or other interest therein together with routes, tracks, extensions, connections, parking lots, garages, warehouses, yards, storage yards, maintenance and repair shops, terminals, stations and other related facilities thereof, the devices, appurtenances, and equipment thereof and power plants and other instrumentalities used or useful therefor or in connection therewith.

24. "Commissioner of transportation" shall mean commissioner of transportation of the state of New York.

25. "Transit dependent individual" shall mean an individual who is limited to public transit as their primary mode of transportation because the individual has a permanent disability.

§ 1299-cc. Rochester-Genesee regional transportation district. 1. There is hereby created and established a transportation district to be known as the Rochester-Genesee regional transportation district. This district shall embrace the county of Monroe and such of the following counties as may elect to become members by action of their governing bodies: all counties included within the Lake Ontario region as designated by the New York state office of planning services, namely, Genesee, Livingston, Ontario, Orleans, Seneca, Wayne and Yates, and any county contiguous to this region. The transportation district shall also include all lands and water and all lands under water and all rivers, bays and harbors and Lake Ontario, within any of the counties of said district.

§ 1299-dd. Rochester-Genesee regional transportation authority. 1. (a) There is hereby created the Rochester-Genesee regional transportation authority. The authority shall be a body corporate and politic constituting a public benefit corporation. It shall consist of: (i) at least one member from each county that elects to join the authority except that the county of Monroe shall have seven members of whom three shall be appointed from the city of Rochester and four at large from the county of Monroe, (ii) and a voting member who is a transit dependent individual appointed pursuant to paragraph (c) of this subdivision, and (iii) one non-voting member as described in paragraph (b) of this subdivision. The members shall be appointed by the governor by and with the advice and consent of the senate. The governor shall make initial appointments to the authority in such number and from lists submitted as follows: three members shall be appointed to the authority from a list of not less than six names, all of whom must be residents of the city of Rochester, submitted to the governor by the council of the city of Rochester; four persons from a list of not less than eight persons, all of whom must be residents of the county of Monroe submitted by the legislature of the county of Monroe. Other counties electing to participate shall each submit to the governor a list of not less than two persons for each one hundred thousand or major fraction of the total population, as determined by the last federal decennial or federal county-wide special census. From the counties outside the county of Monroe which shall elect to participate, the governor shall appoint one member for each one hundred thousand or major fraction of the total population, as determined by the last federal decennial or federal county-wide special census, with a minimum of one member to represent each county outside the county of Monroe so electing to participate. All members of the authority shall be residents of the area from which they are nominated.

(b) The non-voting member of the authority, who shall not be considered in determining a quorum, shall be recommended to the governor by the labor organization representing the plurality of the employees within the authority and shall be a resident of the Rochester-Genesee regional transportation district as described in section twelve hundred ninety-nine-cc of this title. Such non-voting member shall be appointed for a term of five years, provided, however, that if at any time during the term of appointment such non-voting member ceases to be affiliated with the labor organization representing the plurality of employees within the authority, then such labor organization may at any time during such term recommend a new member to the governor who shall serve the remainder of the term. If the local bargaining unit decertifies its existing union affiliation and certifies a new union, the union which represents the plurality of the employees may recommend a new member to the governor who shall serve the remainder of the term. The chairman of the authority, at his or her discretion, may exclude such non-voting member from attending any portion of a meeting of the authority or of any committee held for the purpose of discussing negotiations with labor organizations, pending litigation involving the labor organization, or the investigation, evaluation, or discipline of an employee.

(c) The voting member who is a transit dependent individual as described in paragraph (a) of this subdivision shall be appointed by the governor for a term of five years. Such member shall be a resident of a county within the district. If a vacancy occurs for such position, a replacement shall be appointed within six months pursuant to this process. Any local or statewide transit advocacy organization may recommend one or more transit dependent individuals to be considered pursuant to this section.

2. The members of the authority shall continue in office until their successors are appointed and shall have qualified. One member appointed from the city of Rochester and one member appointed from the county of Monroe shall be appointed for terms ending July thirty-first, nineteen hundred seventy-one; one member appointed from the city of Rochester and two members appointed from the county of Monroe shall be appointed for terms ending July thirty-first, nineteen hundred seventy-two; and one member appointed from the city and one member appointed from the county of Monroe shall be appointed for terms ending July thirty-first, nineteen hundred seventy-three. The member (or members) who is (or are) appointed from the other counties shall be appointed for a term (or terms) of five years, but all terminating on the thirty-first day of

July of the fifth year. Thereafter, upon expiration of the term of a member of the authority a successor shall be appointed by the governor for a term expiring five years after the expiration of the term of his predecessor. If a vacancy shall occur by reason of a death, disqualification, resignation or removal of a member, the successor shall be appointed by the governor for the unexpired term. Persons succeeding members from the city of Rochester and the county of Monroe on the authority shall be appointed from the same area and by the same procedure as the original appointments. In the event of a vacancy as defined herein, the successor appointed by the governor for an unexpired term shall be from the same area. The same procedure shall be followed for the filling of vacancies of members appointed from other counties. Members of the authority shall, before entering upon the duties of their office, take the constitutional oath of office and file the same in the office of the secretary of state. No person while serving in any elective office shall be eligible to serve as a member of the authority. The members of the authority shall officially be designated and referred to as commissioners.

3. The members of the authority, including the chairman, shall not receive a salary or other compensation when rendering service as a member of the authority or as a member of one of its subsidiary corporations, but shall be entitled to reimbursement for actual and necessary expenses incurred in the performance of their official duties.

4. A majority of the whole number of votes of members of the authority, including the voting member who is a transit dependent individual as described in subdivision one of this section, shall constitute a quorum for the transaction of business or the exercise of any power of the authority. Except as otherwise specified in this act, for the transaction of any business or the exercise of any power of the authority, the authority shall have power to act by a majority vote of the members present at any meeting at which a quorum is in attendance. Each member of the authority shall have one vote for each thirty-five thousand or major fraction thereof of the population of the county or city from which he is appointed based upon the results of the last federal decennial or federal county-wide special census divided by the

total number of members appointed from such county or city, except that the voting member who is a transit dependent individual as described in subdivision one of this section shall have one vote in total. The minimum number of votes each member shall have, regardless of population, is one. The votes of all members shall be calculated with fractions being rounded to the nearest whole number. The population of a county for the purposes of this provision is the total population of such county less the population of any city which is entitled to have members appointed on the authority.

5. The authority shall organize by the selection from its members of a chairman, vice chairman, secretary and such other officers as the members may deem necessary. It shall adopt such rules as it may deem necessary and proper for the government of its own proceedings, and shall keep a record of such proceedings.

6. The authority shall be a "state agency" for the purposes of sections seventy-three and seventy-four of the public officers law.

7. Notwithstanding any inconsistent provisions of this or any other law, general, special or local, no officer or employee of the state, or of any public corporation as defined in the general corporation law, shall be deemed to have forfeited or shall forfeit his office or employment or any benefits provided under the retirement and social security law or under any public retirement system maintained by the state or any of its subdivisions by reason of his acceptance of membership on or chairmanship of the authority; provided, however, a member or chairman who holds such other public office or employment shall be entitled to reimbursement for his actual and necessary expenses incurred in the performance of such services.

8. The governor may remove any member for inefficiency, neglect of duty or misconduct in office after giving him a copy of the charges against him and an opportunity to be heard, in person or by counsel in his defense, upon not less than ten days' notice. If any member shall be so removed, the governor shall file in the office of the department of state a complete statement of charges made against such member, and his

findings thereon, together with a complete record of the proceedings.

9. The authority shall continue so long as it shall have bonds or other obligations outstanding and until its existence shall be terminated by law. Upon the termination of the existence of the authority, all its rights and properties shall pass to and be vested in the state.

10. Each of the counties that elect to become participating members of the Rochester-Genesee regional transportation district may do so by resolution adopted by a majority of the membership of its governing body and such election by a county shall take effect upon the filing of a duly certified copy of such resolution with the authority and with the secretary of state, and the mailing of a certified copy thereof to the county clerk of each county which is granted the power of election under the provisions of this act.

§ 1299-ee. Purposes of the authority. 1. The purposes of the authority shall be the continuance, further development and improvement of transportation and other services related thereto within the Rochester-Genesee regional transportation district, by railroad, omnibus, marine and air, in accordance with the provisions of this title.

2. It is hereby found and declared that such purposes are in all respects for the benefit of the people of the state of New York and the authority shall be regarded as performing an essential governmental function in carrying out its purposes and in exercising the powers granted by this title.
