8. Notwithstanding any inconsistent provision of any general, special or local law, no officer or employee of the state or of any municipality, as defined in the public officers law, the second class cities law, or the general city law, shall be deemed to have forfeited or shall forfeit his or her public office or any benefits provided under the retirement or social security law or under any public retirement system maintained by the state or any of its subdivisions by reason of his or her acceptance of membership on or chairpersonship or vice-chairpersonship of the authority.

9. The principal office of the authority shall be located in the city of Albany.

10. Subject to the provisions of this title, members of the authority may engage in private employment, or in a profession or business.

§ 2675-e. General purposes and powers of the authority. The general purposes of the authority shall be to design, develop, plan, finance, create, site, construct, renovate, administer, operate, manage, and maintain the convention facility of the authority. To carry out such purposes the authority shall have the following powers:

1. To sue and be sued;

2. To have a seal and alter the same at its pleasure;

3. To acquire by purchase or condemnation, real property within the city of Albany necessary, desirable or convenient for its corporate purposes and hold, use, develop and dispose of the same in connection therewith;

4. To borrow money and issue bonds of the authority for any of its

corporate purposes, to secure the same with its revenues or other funds and otherwise to provide for and secure the payment thereof and to provide for the rights of holders thereof and to fund or refund the same;

5. To acquire, hold, use and dispose of personal property for its corporate purposes;

6. To make by-laws for the regulation of its affairs and the conduct of its business;

7. To appoint officers, agents and employees; and to describe their qualifications and fix their compensation subject, however, to the provisions of the civil service law;

8. To make contracts and leases and to execute all instruments necessary or convenient for its corporate purposes;

9. To accept grants, loans, funding or other contributions from the United States, the state of New York, the county of Albany, or any agency or instrumentality of them, or the city of Albany or any of its agencies or instrumentalities, or any privately endowed foundation, organization or individual, including gifts, grants, loans or contributions of real or personal property and to expend the proceeds for any purposes of the authority;

10. To fix and collect revenues, dues, costs, assessments, rentals, fees and other charges for the use of real or personal property and/or facilities comprising the convention facility subject to and in accordance with such agreements with bondholders as may be provided in this title;

11. To contract for the services of architects, engineers, consultants, lawyers, financial and other professional consultants and advisors, developers, contractors, vendors, concessionaires, tenants, and/or convention facility users, occupant managers and service providers and to fix their compensation;

12. To design, develop, own, plan, finance, create, site, construct, renovate, administer, operate, manage and/or maintain such buildings, structures and other improvements and facilities comprising such convention facility;

13. To designate the depositories of its money;

14. To establish its fiscal year;

15. To enter into any lease of or to mortgage any property, and the site thereof;

16. To enter into agreements, in its discretion, to pay annual sums in lieu of taxes to the city of Albany, the Albany city school district, the Albany public library, the county of Albany, or any other political subdivision or taxing district within the county of Albany in respect of any real property which is owned by the authority and located in any such municipality, political subdivision or taxing district;

17. With the consent of the city, to use agents, employees and facilities thereof; paying to the city an agreed proportion of the compensation or cost thereof; and

18. To do all things necessary, convenient or desirable, including ancillary and incidental activities, to carry out its purposes and for the exercise of the powers granted in this title.

§ 2675-f. Preliminary study of the authority. Prior to commencing any purchase, lease or transfer of any real property, in whole or part, the authority shall formulate a plan for the creation and development of the convention facility. After passage of a resolution approving such plan, it shall be submitted to the governor, comptroller, temporary president of the senate, speaker of the assembly, county executive and mayor. Such resolution shall require at least six affirmative votes of the board for passage. Any plan submitted will include, but not be limited to: a detailed accounting of expected revenues and financing; an estimate of expenditures necessary for construction and maintenance; a description of the geographic location of anticipated construction sites, with supporting information on the impact such construction would have on existing structures in the vicinity; a depiction of any and all structures anticipated for construction; an assessment of anticipated environmental impacts; a plan for inclusion of historic preservation measures to be undertaken; a structure for involvement of the community; the report of results from public hearings held, pursuant to section twenty-six hundred seventy-five-g of this title; and, a timeline for expected development.

§ 2675-g. Public hearings of the authority. 1. The authority shall hold public hearings prior to:

(a) the adoption of the preliminary report pursuant to section twenty-six hundred seventy-five-f of this title;

(b) the adoption of any project where the authority would condemn real property pursuant to subdivision three of section twenty-six hundred seventy-five-e of this title;

2. The board shall schedule and hold two or more public hearings to solicit public comments. Notice of such hearings shall, not less than two weeks prior to the scheduled date, be posted conspicuously and printed in a newspaper or newspapers having general circulation within the county of Albany. Provision shall be made for the solicitation of comments from interested parties not able to attend the hearing(s). After the conclusion of the public hearing and comment period, the board shall consider the results of the public hearing and comments submitted with respect to the adoption of the preliminary report or proposed project and issue a report summarizing the comments received.

§ 2675-h. Contracts. 1. Construction contracts let by the authority shall be in conformity with the applicable provisions of section one hundred thirty-five of the state finance law.

2. The authority may, in its discretion, assign contracts for supervision and coordination to the successful bidder for any subdivision of work for which the authority receives bids. Any construction contract awarded by the authority shall contain such other terms and conditions as the authority may deem desirable. The authority shall not award any construction contract except to the lowest bidder who, in its opinion, is qualified to perform the work required and who is responsible and reliable. The authority may, however, reject any or all bids or waive any informality in a bid if it believes that the public interest will be promoted thereby. The authority may reject any bid, if, in its judgement, the business and technical organization, plant, resources, financial standing, or experience of the bidder justifies such rejection in view of the work to be performed.

3. All contracts or leases for the construction, reconstruction, rehabilitation or improvement of buildings let by the authority shall comply with the provisions of section two hundred twenty of the labor law.

4. For the purposes of article fifteen-A of the executive law only, the authority shall be deemed a state agency as that term is used in such article, and all contracts for procurement, design, construction, services and materials shall be deemed state contracts, within the meaning of that term as set forth in such article.

§ 2675-i. Monies of the authority. 1. All monies of the authority from whatever source derived, except as otherwise authorized or provided in this title, shall be paid to the authority and shall be deposited forthwith in a bank or banks in the state designated by the authority. The monies in such accounts shall be withdrawn on the order of such person or persons as the authority may authorize. All deposits of such monies shall, if required by the authority, be secured in such manner as the authority may determine. The comptroller and his legally authorized representatives are authorized and empowered from time to time to examine the accounts and books of the authority, including its receipts, disbursements, contracts, leases, sinking funds, investments and any other records and papers relating to its financial standing. Such examination shall be conducted by the comptroller at least once in every five years; the comptroller is authorized, however, to accept from the authority, in lieu of such an examination, an external examination of its books and accounts made at the request of the authority. The results of any such examinations shall be reported to the governor, the chairperson of the senate finance committee, the chairperson of the assembly ways and means committee, the mayor and the county executive.

2. Notwithstanding any other provisions of this title related to the investments of monies of the authority, the authority shall have power to contract with holders of any of its bonds, as to the custody, collection, securing, investment, and payment of monies of the authority, of any monies held in trust or otherwise for the payment of bonds, and to carry out such contract. Monies held in trust or otherwise for the payment of bonds or in any way to secure bonds and deposits of such monies may be secured in such manner as shall be set forth in such contract or agreement, and all banks and trust companies are authorized to give such security for such deposits. The authority shall establish and may amend from time to time, guidelines for the investment of its monies, including those held in trust for the benefit of the holders of bonds, and shall file such guidelines in the authority's public records within sixty days after the adoption of such guidelines or amendments thereto.

3. The authority shall submit to the comptroller, within thirty days of the receipt thereof by the authority, a copy of the report of every external examination of the books and accounts of the authority.

§ 2675-ii. State aid revenues. 1. With respect to each issue of outstanding hotel revenue bonds, the chairperson of the authority shall certify at least semi-annually, or in the case of the first such certificate within thirty days after the sale of an issue of hotel revenue bonds, to the comptroller and the director of the budget, with a copy to the mayor, a schedule setting forth the amount of state aid revenue payable to the city pursuant to section nineteen-a of the public lands law, if any, necessary for payment of any amounts required to be deposited in any debt service reserve fund with respect to such hotel revenue bonds to make up any deficiency in such fund in accordance with the provisions of the resolution or indenture pursuant for which such hotel revenue bonds were issued (all such payments, "eligible obligations").

2. The certification may be amended and, in the event of a bond sale, shall be amended no later than thirty days after such sale. The schedule accompanying such certification shall provide for such payment dates as the authority deems appropriate to ensure that sufficient funds will be available to meet its eligible obligations relating to such hotel revenue bonds as they come due.

§ 2675-j. Bonds of the authority. 1. The authority shall have the power and is hereby authorized from time to time to issue hotel revenue bonds. The authority shall further have power from time to time and whenever it deems refunding expedient, to refund any hotel revenue bonds by the issuance of new hotel revenue bonds, whether the bonds to be refunded have or have not matured, and may issue bonds partly to refund bonds then outstanding and partly for any other purpose hereinabove described. Hotel revenue bonds of the authority shall be revenue obligations payable from and secured by hotel revenues and state aid revenues, as defined pursuant to section twenty-six hundred seventy-five-ii of this title, as the authority determines are available therefor and upon such terms and conditions as specified by the authority in the resolution under which the bonds are issued.

2. Bonds issued by the authority may be general obligations secured by the faith and credit of the authority or may be special obligations payable solely out of particular revenues or other monies as may be designated in the proceedings of the authority under which the bonds shall be authorized to be issued, subject as to priority only to any agreements with the holders of outstanding bonds pledging any particular property, revenues or monies. The authority may also enter into loan agreements, lines of credit and other security agreements and obtain for

or on its behalf letters of credit, insurance, guarantees or other credit enhancements to the extent now or hereafter available, in each case for securing its bonds or to provide direct payment of any costs which the authority is authorized to pay.

3. (a) Bonds shall be authorized by resolution of the authority, be in such denominations and bear such date or dates and mature at such time or times, as such resolution may provide, provided that bonds and renewals thereof shall mature within thirty years from the date of original issuance of any such bonds. Any and all such resolutions shall require at least six affirmative votes of the board for passage. Any such resolution may delegate to an officer or committee of the authority, and any such committee may delegate to an officer, the power to issue such bonds from time to time and to fix the details of any such issues of bonds by an appropriate certificate of such authorized officer.

(b) Bonds shall be subject to such terms of redemption, bear interest at such rate or rates, be payable at such times, be in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, and be subject to such terms and conditions as such resolution may provide. Notwithstanding any other provision of law, the bonds of the authority issued pursuant to this section shall be sold to the bidder offering the lowest true interest cost, taking into consideration any premium or discount not less than four nor more than fifteen days, Sunday excepted, after a notice of such sale has been published at least once in a newspaper of general circulation in the area served by the authority, which shall state the terms of the sale. The terms of the sale may not change unless notice of such change is published in such newspaper at least one day prior to the date of the sale as set forth in the original notice of sale. Advertisements shall contain a provision to the effect that the authority, in its discretion, may reject any or all bids made pursuant to such advertisements, and in the event of such rejection, the authority is authorized to negotiate a private or public sale or readvertise for bids in the form and manner above described as many times as, in its judgment, may be necessary to effect satisfactory sale.

(c) Notwithstanding the provisions of paragraph (b) of this subdivision, whenever in the judgment of the authority the interests of the authority will be served thereby, the members of the authority, on the written recommendation of the chairperson may authorize the sale of such bonds at private or public sale on a negotiated basis or on either a competitive or negotiated basis. The authority shall set guidelines governing the terms and conditions of any such private or public sales. The private or public bond sale guidelines set by the authority shall include, but not be limited to, a requirement that where the interests of the authority will be served by a private or public sale of bonds, the authority shall select underwriters taking into account, among other things, qualifications of underwriters as to experience, their ability to structure and sell authority bond issues, anticipated costs to the authority, the prior experience of the authority with the firm, if any, the capitalization of such firms, participation of qualified minority and women-owned business enterprise firms in such private or public sales of bonds of the authority and the experience and ability of firms under consideration to work with minority and women-owned business enterprises so as to promote and assist participation by such enterprises.

(d) The authority shall have the power from time to time to amend such private bond sale guidelines in accordance with the provisions of this subdivision.

(e) No private or public bond sale on a negotiated basis shall be conducted by the authority without prior approval of the state comptroller. The authority shall annually prepare and approve a bond sale report which shall include the private or public bond sale guidelines as specified in this subdivision, amendments to such guidelines since the last private or public bond sale report, an explanation of the bond sale guidelines and amendments, and the results of any sale of bonds conducted during the fiscal year. Such bond sale report may be a part of any other annual report that the authority is required to make.

(f) The authority shall annually submit its bond sale report to the director of the budget, state comptroller and copies thereof to the senate finance committee and the assembly ways and means committee.

(g) The authority shall make available to the public copies of its bond sale report upon reasonable request thereof.

(h) Nothing contained in this subdivision shall be deemed to alter, affect the validity of, modify the terms of, or impair any contract or agreement made or entered into in violation of, or without compliance with, the provisions of this subdivision.

4. Any resolution or resolutions authorizing bonds or any issue of bonds by the authority may contain provisions which may be a part of the contract with the holders of the bonds thereby authorized as to:

(a) Pledging all or part of the revenues, together with any other monies or property of the authority to secure the payment of the bonds, or any costs of issuance thereof, including but not limited to, any contracts, earnings or proceeds of any grant to the authority received from any private or public source subject to such agreements with bondholders as may then exist;

(b) The setting aside of reserves and the creation of sinking funds and the regulation and disposition thereof;

(c) Limitations on the purpose to which the proceeds from the sale of bonds may be applied;

(d) The rates, rents, fees and other charges to be fixed and collected by the authority and the amount to be raised in each year thereby and the use and disposition of revenues;

(e) Limitations on the right of the authority to restrict and regulate the use of the project or part thereof in connection with which bonds are issued;

(f) Limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured and the refunding of outstanding or other bonds;

(g) The procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, including the proportion of bondholders which must consent thereto, and the manner in which such consent may be given;

(h) The creation of special funds into which any revenues or monies may be deposited;

(i) The terms and provisions of any trust, mortgage, deed or indenture securing the bonds under which the bonds may be issued;

(j) Vesting in a trustee or trustees such properties, rights, powers and duties in trust as the authority may determine which may include any or all of the rights, powers and duties of the trustees appointed by the bondholders pursuant to this title or limiting the rights, duties and powers of such trustee;

(k) Defining the acts or omissions to act which may constitute a default in the obligations and duties of the authority to the bondholders and providing for the rights and remedies of the bondholders in the event of such default, including as a matter of right appointment of a receiver, provided, however, that such acts or omissions to act which may constitute a default and such rights and remedies shall not be inconsistent with the general laws of the state and other provisions of this title;

(l) Limitations on the power of the authority to sell or otherwise dispose of any project or any part thereof or other property;

(m) Limitations on the amount of revenues and other monies to be expended or operating, administrative or other expenses of the authority;

(n) The payment of the proceeds of bonds, revenues and other monies to a trustee or other depository, and for the method of disbursement thereof with such safeguards and restrictions as the authority may determine; and

(o) Any other matters of like or different character which in any way affect the security or protection of the bonds or the rights and remedies of the bondholders.

5. In addition to the powers herein conferred upon the authority to secure its bonds, the authority shall have the power in connection with the issuance of bonds to adopt resolutions and enter into such trust indentures, agreements or other instruments as the authority may deem necessary, convenient or desirable concerning the use or disposition of its revenues or other monies or property, including the mortgaging of any property and the entrusting, pledging or creation of any other security interest in any such revenues, monies or property and the doing of any act, including refraining from doing any act which the authority would have the right to do in the absence of such resolutions, trust indentures, agreements or other instruments. The authority shall have power to enter into amendments of any such resolutions, trust

indentures, agreements or other instruments within the powers granted to the authority by this title and to perform such resolutions, trust indentures, agreements or other instruments. The provisions of any such resolutions, trust indentures, agreements or other instruments may be made a part of the contract with the holders of bonds of the authority.

6. Any provision of the uniform commercial code to the contrary notwithstanding, any pledge of or other security interest in revenues, monies, accounts, contract rights, general intangibles or other personal property made or created by the authority shall be valid, binding and perfected from the time when such pledge is made or other security interest attaches without any physical delivery of the collateral or further act, and the lien of any such pledge or other security interest shall be valid, binding and perfected against all parties having claims of any kind in tort, contract or otherwise against the authority irrespective of whether or not such parties have notice thereof. No instrument by which such a pledge or security interest is created nor any financing statement need be recorded or filed.

7. Whether or not the bonds of the authority are of such form and character as to be negotiable instruments under the terms of the uniform commercial code, the bonds are hereby made negotiable instruments within the meaning of and for all the purposes of the uniform commercial code, subject only to the provisions of the bonds for registration.

8. Neither the members nor the officers of the authority nor any person executing its bonds shall be liable personally on its bonds or be subject to any personal liability or accountability by reason of the issuance thereof.

9. Subject to such agreements with bondholders as may then exist, the authority shall have power out of any funds available therefor to purchase bonds of the authority, in lieu of redemption, at a price not exceeding, if the bonds are then redeemable, the redemption price then applicable plus accrued interest to the next interest payment date, or, if the bonds are not then redeemable, the redemption price applicable on the first date after such purchase upon which the bonds become subject

to redemption plus accrued interest to the next interest payment date. Bonds so purchased shall thereupon be canceled.

10. The authority shall have power and is hereby authorized to issue negotiable bond anticipation notes in conformity with applicable provisions of the uniform commercial code and in accordance with section 21.00 of the local finance law, as amended from time to time.

§ 2675-k. Agreements of the state. The state of New York does hereby pledge to and agree with the holders of the bonds that the state will not limit or impair the rights hereby vested in the authority to acquire, construct, maintain, reconstruct and operate its convention facility, to establish and collect rentals, fees and other charges and to fulfill the terms of any agreements made with the holders of the bonds, or in any way impair the rights and remedies of the bondholders, until the bonds, together with interest thereon, including interest on any unpaid installments of interest and all costs and expenses in connection with any action or proceeding by or on behalf of the bondholders, are fully met and discharged.

§ 2675-l. State, county and city not liable on bonds. The bonds and other obligations of the authority shall not be a debt of the state of New York, the county of Albany or the city of Albany, and neither the state, the county nor the city shall be liable thereon, nor shall they be payable out of any funds other than those of the authority. All such bonds and notes of the authority shall contain on the face thereof a statement to that effect.

§ 2675-m. Bonds; legal investment for fiduciaries. The bonds are hereby made securities in which all public officers and bodies of this state and all municipalities and municipal subdivisions, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations, including savings and loan associations, investment companies and other persons carrying on a banking business and all other persons whatsoever, except as hereinafter provided, who are now or may hereafter be authorized to invest in bonds or other obligations of the state, may properly and legally invest funds including capital in their control or belonging to them; provided that, notwithstanding the provisions of any other general or special law to the contrary, such bonds shall not be eligible for the investment of funds, including capital, trusts, estates or guardianships under the control of individual administrators, guardians, executors, trustees and other individual fiduciaries. The bonds are also hereby made securities which may be deposited with and may be received by all public officers and bodies of this state and all municipalities and municipal subdivisions for any purpose for which the deposit of bonds or other obligations of this state is now or may hereafter be authorized.

§ 2675-n. Tax exemption and tax contract by the state. 1. It is hereby determined that the creation of the authority and the carrying out of its corporate purposes is in all respects for the benefit of the people of the state of New York and is a public purpose. Accordingly, the authority shall be regarded as performing an essential governmental function in the exercise of the powers conferred upon it by this title, and the authority shall not be required to pay any fees, taxes, special ad valorem levies or assessments of any kind, whether state or local, including but not limited to fees, taxes, special ad valorem levies or assessments on real property, franchise taxes, sales taxes or other taxes, upon or with respect to any property owned by it or under its jurisdiction, control or supervision, or upon the uses thereof, or upon or with respect to its activities or operations in furtherance of the powers conferred upon it by the title, or upon or with respect to any rentals, rates, charges, fees, revenues or other income received by the authority.

2. Any bonds issued pursuant to this title together with the income therefrom shall at all times be exempt from taxation.

3. The state hereby covenants with the purchasers and with all

subsequent holders and transferees of bonds issued by the authority pursuant to this title, in consideration of the acceptance of and payment for the bonds, that the bonds of the authority issued pursuant to this title and the income therefrom and all revenues, monies, and other property pledged to pay or to secure the payment of such bonds shall at all times be free from taxation.

4. The authority may pay, or may enter into agreements with the county or any municipality to pay, a sum or sums annually or otherwise or to provide other considerations with respect to real property owned by the authority located within the county or such municipality.

§ 2675-o. Remedies for bond holders. 1. In the event that the authority shall default in the payment of principal or interest on any issue of bonds after the same shall become due, whether at maturity or upon call redemption, and such default shall continue for a period of thirty days, or in the event that the authority shall fail or refuse to comply with the provisions of this title, or shall default in any agreement made with the holders of any issue of bonds, the holders of twenty-five per centum in aggregate principal amount of the bonds of such issue then outstanding, by instrument or instruments filed in the office of the clerk of the county in which the principal office of the authority is located, and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of such bonds for the purposes herein provided.

2. Such trustee may, and upon written request of the holders of twenty-five per centum in principal amount of such bonds then outstanding shall, in his, her or its own name:

(a) by suit, action or proceeding in accordance with the civil practice law and rules, enforce all rights of the holders of the authority's bonds, and include the right to require the authority to collect fees and charges and interest adequate to carry out any agreements as to, or pledge or assignment of or lien upon, such fees and charges and interest, on properties and to require the authority to carry out any other agreements with the holders of such bonds to perform its duties under this title;

(b) bring suit upon such bonds;

(c) by action or suit, require the authority to account as if it were the trustee of an express trust for the holders of such bonds;

(d) by action or suit, enjoin any acts or things which may be unlawful or in violation of the rights of the holders of such bonds;

(e) declare all such bonds due and payable, and if all defaults shall be made good, then with the consent of the holders of the twenty-five per centum of the principal amount of such bonds then outstanding, to annul such declaration and its consequences.

3. Such trustee shall in addition to the foregoing have and possess all of the powers necessary and appropriate for the exercise of any functions specifically set forth herein or incident to the general representation of the holders of the authority's bonds in the enforcement and protection of their rights.

4. The Supreme Court shall have jurisdiction of any suit, action or proceeding by the trustee on behalf of such holders of the authority's bonds. The venue of any such suit, action or proceeding shall be laid in the city in which the principal office of the authority is located.

§ 2675-p. Actions against authority. 1. Except in an action for wrongful death, no action for special proceeding shall be prosecuted or maintained against the authority, its members, officers or employees for personal injury or damage to real or personal property alleged to have been sustained by reason of negligence, tort or wrongful act of the authority or of any member, officer, agent or employee thereof, unless (a) notice of claim shall have been made and served upon the authority within the time limit set by and in compliance with section fifty-e of the general municipal law, (b) it shall appear by and as an allegation in the complaint or moving papers that at least thirty days have elapsed since the service of such notice and that adjustment or payment thereof has been neglected or refused, (c) the action or special proceeding shall be commenced within one year and ninety days after the happening of the event upon which the claim is based, and (d) an action against the authority for wrongful death shall be commenced in accordance with the applicable notice of claim and time limitation provisions of title eleven of article nine of this chapter.

2. Whenever a notice of claim is served upon the authority, it shall have the right to demand an examination of the claimant relative to the occurrence and extent of the injuries or damages for which claim is made, in accordance with the provisions of section fifty-h of the general municipal law.

3. The authority may require any person presenting for settlement an account or claim for any cause whatsoever against the authority to be sworn before a member, counsel, or an attorney, officer or employee of the authority designated for such purpose, concerning such account or claim and, when so sworn, to answer orally as to any facts relative to such account or claim. The authority shall have power to settle or adjust all claims in favor of or against the authority.

4. Any action or proceeding to which the authority or the people of the state may be parties, in which any question arises as to the validity of this title, shall be preferred over all other civil causes of action or cases, except election causes of action or cases, in all courts of the state and shall be heard and determined in preference to all other civil business pending therein except election causes, irrespective of position on the calendar. The same performance shall be granted upon application of the authority or its counsel in any action or proceeding questioning the validity of this title in which the authority may be allowed to intervene. The venue of any such action or proceeding shall be laid in the Supreme Court of Albany county.

5. The rate of interest to be paid by the authority upon any judgement for which it is liable, other than a judgement on its bonds, shall be the rate prescribed by section five thousand four of the civil practice law and rules. Interest on payments of principal or interest on any bonds in default shall accrue at the rate borne by such bonds from the due date thereof until paid or otherwise satisfied.

6. All actions or proceedings against the authority of whatever nature shall be brought in the Supreme Court of Albany county.

§ 2675-q. Annual reports. The accounts of the authority shall be subject to the supervision of the state comptroller and an annual audit shall be performed by an independent certified public accountant. The authority shall annually submit to the mayor, county executive, governor, state comptroller, chairperson of the senate finance committee and the chairperson of the assembly ways and means committee a copy of said report which shall also be filed with the clerk of the common council.

§ 2675-r. Severability. If any provision of any section of this title or the application thereof to any person or circumstance shall be adjudged invalid by a court of competent jurisdiction, such order or judgement shall be confined in its operation to the controversy in which it was rendered, and shall not affect or invalidate the remainder of any provision of any section of this title or the application of any part thereof to any other person or circumstance and to this end the provisions of each section of this title are hereby declared to be severable.

TITLE 28-C

ALBANY COUNTY PINE HILLS LAND AUTHORITY

§ 2676. Short title. This title may be cited as the "Albany county pine hills land authority act".

§ 2676-a. Statement of legislative findings and purpose. The legislature hereby finds and declares as follows:

1. The economic well-being of the county and the general welfare of its people require adequate, and accessible performing arts centers, athletic fields, educational facilities, and residential facilities.

2. The preservation and safeguarding of facilities at risk of being underutilized and becoming blighted is a matter of vital importance not only to the residents of the capital district but to all the state's residents and is, therefore, a matter of state concern.

3. In order to ensure a healthy economy for such area and to promote

the general welfare of its residents, it is necessary to maintain and improve the college of Saint Rose facilities and services in the county of Albany in such a manner as to stimulate and promote a healthy economy.

4. The general health and welfare of the state's residents requires coordinated operation of the college of Saint Rose facilities and services in the county of Albany by a public benefit authority.

5. The purposes of such authority shall be: (a) to promote accessible, efficient and economically productive use of the facilities; (b) to acquire, construct, reconstruct, continue, develop, equip, expand, improve, maintain, finance, and operate the college of Saint Rose facilities and services within the county of Albany; (c) to stimulate and promote economic development; and (d) to make contracts and leases and to execute all instruments necessary or convenient for its corporate purposes.

6. Such purposes are in all respects public purposes for the benefit of the people of the state of New York and for which public funds may be expended and both the county and the authority in carrying out their respective powers and duties under this title shall be deemed to be acting in a governmental capacity. The acquisition, construction, reconstruction, development, expansion, improvement, equipping, operation and maintenance of any project financed or undertaken by the authority or the county shall be deemed to be the performance of an essential governmental function by the authority or the county acting in its governmental capacity, whether such project shall be owned or operated by the authority or by any person or public corporation.

7. It is hereby found and declared that it has been and remains the policy of the state of New York to promote equal opportunity in employment for all persons, without discrimination on account of race, creed, color, national origin, sex, age, disability or marital status, to promote equality of economic opportunity for minority group members and women, and minority and women-owned business enterprises.

§ 2676-b. Definitions. As used or referred to in this title, unless a different meaning clearly appears from the context:

1. "Authority" shall mean the Albany county pine hills land authority created by this title.

2. "City" shall mean the city of Albany.

3. "The college of Saint Rose facilities" shall mean any facility or land including but not limited to any athletic facility, educational facility, performing arts facility, or residential facility owned or operated by the college of Saint Rose, and shall include such other facilities, equipment, property, structures and appurtenances as may be necessary or convenient in the operation, maintenance, development or improvement of, leased by the authority to persons, engaged in the production or development of the facilities or land.

4. "Bonds" shall mean the bonds, notes or other evidences of indebtedness issued by the authority pursuant to this title and the provisions of this title relating to bonds and bond holders which shall apply with equal force and effect to notes and note holders unless the context otherwise clearly requires.

5. "Construction" shall mean the acquisition, erection, building, alteration, repair, improvement, increase, enlargement, extension, installation, reconstruction, renovation or rehabilitation of a project including any appurtenances thereto which may be necessary or desirable to promote the efficiency or effectiveness of such project; the inspection and supervision thereof; and the engineering, consulting, architectural, legal, fiscal and economic and environmental investigations and studies, surveys, designs, plans, working drawings, specifications, procedures and other actions incidental thereto and claims arising therefrom.

6. "Cost", as applied to any project, shall include the cost of the acquisition of all property both real and personal, improved and

unimproved, the cost of demolishing, removing or relocating any buildings or structures on lands so acquired, including the cost of relocating tenants or other occupants of the buildings or structures on such land and the cost of acquiring any lands to which such buildings or structures may be moved or relocated, the cost of all systems, facilities, machinery, apparatus and equipment, financing charges, interest prior to, during and after construction to the extent not paid or provided for from revenues or other sources, the cost of construction, the cost of engineering and architectural surveys, plans and specifications, the cost of consultants and legal services, the cost of lease, guarantees, credit enhancement or bond insurance, other expenses necessary or incidental to the construction of such project, and the financing of the construction thereof, including the amount authorized in the resolution of the authority providing for the issuance of bonds to be paid into any reserve or other special fund from the proceeds of such bonds and the financing of the placing of any project in operation, including reimbursement, to any public corporation, the state, the federal government, or any other person for expenditures, that would be costs of such project had they been made directly by the authority.

7. "County" shall mean the county of Albany.

8. "Facility" shall include, but not be limited to, properties, structures, appurtenances, utilities, and such other works.

9. "Federal government" shall mean the United States of America, and any department, board, commission, bureau, division, corporation, agency, or instrumentality thereof.

10. "Joint service arrangements" shall mean agreements between or among the authority and any person, the state, the county, any other public corporation including the advance Albany county alliance, the federal government, any other state or agency or instrumentality thereof, relating to property, buildings, structures, facilities, services, rates, classification, divisions, allowances or charges, or rules or regulations pertaining thereto.

11. "Minority and women-owned business enterprise" or "minority or women-owned business enterprise" shall mean a minority-owned business enterprise and/or a women-owned business enterprise, as such terms are defined by section three hundred ten of the executive law.

12. "Municipality" shall mean a county, city, town, village, or school district.

13. "Person" shall mean any natural person, firm, partnership association, joint venture, or corporation, exclusive of a public corporation.

14. "Personal property" shall mean chattels and other tangible things of a moveable or removable nature.

15. "Property" shall mean both real and/or personal property.

16. "Project" shall mean any property or improvements located within the state of New York and within or outside or partially outside the county of Albany, including, but not limited to, machinery, equipment, and other facilities deemed necessary or desirable in connection therewith, or incidental thereto, whether or not in existence or under construction upon the effective date of this title, which shall be necessary or suitable for purposes and redevelopment of the college of Saint Rose facilities provided, however, the authority shall not use its funds in respect of any part of a project located wholly or partially outside the county without the prior consent thereto by the governing body of any other county in which a part or parts of such project is, or is to be located.

17. "Public corporation" shall mean a county, city, town, village, school district or special district, any public benefit corporation, agency or instrumentality of the state or of any municipality, or two or more of any of the foregoing acting jointly.

18. "Real property" shall mean lands, structures, franchises and

interests in land, airspace, waters, lands under water, riparian rights, rights, any fixtures, equipment and articles of personal property affixed to or used in connection therewith, and any and all things and rights included within such term and includes not only fees simple absolute but also any and all lesser interests including but not limited to easements, rights of way, uses, leases, licenses and all other incorporeal hereditaments and every estate, interest or right, legal or equitable, including terms for years and liens thereon by way of judgments, mortgages, or otherwise.

19. "Revenues" shall mean all rates, fees, rents, revenues, charges, and other income derived by the authority from the operation, leasing, sale, or other disposition of the college of Saint Rose related facilities.

20. "State" shall mean the state of New York.

§ 2676-c. Albany county pine hills land authority. 1. There is hereby created the Albany county pine hills land authority. The authority shall be a body corporate and politic constituting a public benefit corporation. The authority shall consist of seven members who shall be residents of the county of Albany. Such members shall be appointed in the following manner: four shall be appointed by the county executive, two shall be appointed by the chairperson of the county legislature, and one shall be appointed by the mayor of the city of Albany. Of the members of the authority initially appointed by the county executive, two shall serve for a term ending December thirty-first, two thousand twenty-eight and two shall serve for a term ending December thirty-first, two thousand twenty-nine. Of the members of the authority initially appointed by the chairperson of the county legislature, one shall serve for a term ending December thirty-first, two thousand twenty-eight and one shall serve for a term ending December thirty-first, two thousand twenty-nine. The member of the authority initially appointed by the mayor of the city of Albany shall serve for a term ending December thirty-first, two thousand twenty-eight. Thereafter, each member of the authority shall serve a term of four years. The members of the authority, once appointed, shall designate one of the seven members of the authority to serve as the chairperson of the authority. The authority may provide for such officers as may be determined necessary and the same need not be members of the authority.

2. All members of the authority shall continue to hold office until their successors are appointed and qualify. Except as otherwise provided in subdivision three of this section, vacancies of members of the authority shall be filled in the manner provided for original appointment. Such vacancies, occurring otherwise than by expiration of term of office, shall be filled for the unexpired terms. Members of the authority may be removed from office for the same reasons and in the same manner as may be provided by law for the removal of officers of the county. The members of the authority shall receive no compensation for their services but shall be reimbursed for all their actual and necessary expenses incurred in connection with the carrying out of the purposes of this title. The powers as set forth in the by-laws of the authority shall be established and vested in and be exercised by the members of the authority at an initial meeting duly called and held and four members of the authority shall constitute a quorum. No action shall be taken at the initial meeting of the authority or any adjournment thereof except pursuant to the favorable vote of at least four members of the authority. Any amendment to the powers of the authority as set forth in the by-laws of the authority shall only become effective upon the favorable vote of at least four members of the authority.

3. Notwithstanding any inconsistent provision of any general, special or local law, ordinance, resolution or charter, no officer, member, or employee of the state or of any public corporation shall forfeit such officer's, member's, or employee's office or employment by reason of such officers', member's, or employee's acceptance of appointment as a member, officer, or employee of the authority, nor shall service as such member, officer, or employee be deemed incompatible or in conflict with such office, membership, or employment.

4. Notwithstanding any inconsistent provision of any general, special or local law, ordinance, resolution, or charter, no officer, member,

elected official or employee of the county of Albany or the city of Albany shall be eligible to serve as a member of the authority.

5. All members of the authority shall be required to comply with the Albany county code of ethics and to complete all disclosure forms required by such code of ethics.

6. The authority and its corporate existence shall continue until terminated by law, provided, however, that no such termination shall take effect so long as the authority shall have bonds or other obligations outstanding unless adequate provision has been made for the payment or satisfaction thereof. Upon termination of the existence of the authority, all of the rights and properties of the authority then remaining shall pass to and vest in the county of Albany in such a manner as prescribed by law.

§ 2676-d. Advances on behalf of the authority; transfer of property to the authority; acquisition of property by county for the authority. 1. In addition to any powers granted to it by law, the county may, from time to time, appropriate by resolution sums of money to defray project costs or any other costs and expenses of the authority including operating expenses. Subject to the rights of bond holders, the county may determine if the monies so appropriated shall be subject to repayment by the authority to the county and, in such event, the manner and time or times for such repayment.

2. Notwithstanding any inconsistent provision of any general, special or local law, ordinance, resolution or charter, any public corporation may, by a majority vote of its governing body and the approval of its chief executive officer, give, grant, sell, convey, loan, license the use of, or lease to the authority any property or facilities, including the college of Saint Rose facilities, which are useful in connection with the exercise by the authority of its powers under this title. Any such gift, grant, sale, conveyance, loan, license, or lease shall be upon such terms and conditions, and for such term or terms of years, subject to the rights of the holders of any bonds, as the authority and

such public corporation may agree. Any such gift, grant, sale, conveyance, lease, loan, or license shall not be subject to referendum, permissive or mandatory. In the event that any public corporation gives, grants, sells, conveys, loans, licenses, or leases any of the college of Saint Rose facilities to the authority, such public corporation may contract with the authority to lease, borrow, license, operate, maintain, manage, and provide services for such facilities upon such terms and conditions and for such term or terms of years, subject to the rights of holders of bonds, as the authority and such public corporation may agree. The authority, in furtherance of any purchase, conveyance, or lease of any property or facility from any public corporation, may assume the primary responsibility for the payment of the principal and interest on any bonds or notes issued by such public corporation for such property or facility. For purposes of section 136.00 of the local finance law, any agreement by the authority to assume the primary responsibility for the payment of the principal and interest on any bonds or notes issued by any such public corporation shall, so long as such agreement shall continue to be honored by the authority, cause such bonds or notes to be deemed to have been refunded and any such public corporation may deduct from its gross indebtedness any outstanding indebtedness contracted for such property or facility to be acquired by the authority.

3. The county may acquire by purchase, grant, lease, gift, or condemnation pursuant to the eminent domain procedure law, real property in the name of the county for any corporate purpose of the authority.

4. Notwithstanding the provisions of any other law, general, special, or local, real property acquired by the authority or the county from the state may be used for any corporate purpose of the authority provided, however, no non-hazardous solid waste, toxic, or hazardous waste site, center, consolidated collection, or transfer area, shall be located or maintained at the college of Saint Rose facilities or lands adjacent thereto that are used in support of the college of Saint Rose operations as contained in any layout plan in existence upon the effective date of this title or in the future.

§ 2676-e. Transfer of officers and employees. 1. In accordance with the provisions of section seventy of the civil service law, any officer or employee of the county, may, at the request of the authority and with the consent of the county executive, be transferred to the authority and shall be eligible for such transfer and appointment, without further examination, to applicable offices, positions, and employment under the authority. Any such officers or employees so transferred to the authority pursuant to this section, who are members of or benefit under any pension or retirement fund or system under the laws of the state, shall continue to have all rights, privileges, obligations and status with respect to such fund or system as are prescribed by law, but during the period of their employment by the authority, all contributions to such funds or systems to be paid by the employer on account of such officers or employees shall be paid by the authority.

2. A transferred employee shall remain in the same collective bargaining unit as was the case prior to such employee's transfer; successor employees to the positions held by such transferred employees shall, consistent with the provisions of article fourteen of the civil service law, be included in the same unit as such employee's predecessors. Employees serving in positions in newly created titles shall be assigned to the same collective bargaining unit as such employees would have been assigned to such unit were such titles created prior to the establishment of the authority. Nothing contained in this title shall be construed (a) to diminish the rights of employees pursuant to a collective bargaining agreement; or (b) to affect existing law with respect to an application to the public employment relations board seeking a designation by the board that certain persons are managerial or confidential.

§ 2676-f. General powers of the authority. Except as otherwise limited by this title, the authority shall have power:

1. To sue and be sued;

2. To have a seal and alter the same at pleasure;

3. To borrow money and issue bonds for any of its corporate purposes or its projects and to provide for the rights of the holders thereof;

4. To make and alter by-laws for its organization and management, and, subject to agreements with its bondholders, to make and alter rules and regulations governing the exercise of its powers and the fulfillment of its purposes under this title;

5. To acquire by purchase, grant, lease, gift, or otherwise and to hold and use property necessary, convenient, or desirable to carry out its corporate purposes, and to sell, convey, mortgage, lease, pledge, exchange, or otherwise dispose of any such property in such manner as the authority shall determine;

6. To acquire, construct, reconstruct, lease, expand, improve, maintain, equip, furnish, or operate one or more projects and, if necessary, to pay or finance the cost thereof;

7. To accept gifts, grants, loans, or contributions of funds or property or financial or other aid in any form from, and enter into contracts or other transactions with, the federal government, the state, the county of Albany, or any public corporation or any other source, and to use any such gifts, grants, loans, or contributions for any of its corporate purposes;

8. To grant options to renew any lease with respect to any project or projects and to grant options to buy any project at such price as the authority may deem desirable;

9. To designate the depositories of its money;

10. To establish its fiscal year;

11. To enter into contracts, agreements and leases with the federal government, the state, the county, any person or other public

corporation and to execute all instruments necessary or convenient to accomplishing its corporate purposes;

12. To appoint such officers, employees, and agents as the authority may require for the performance of its duties, in coordination with the advance Albany county alliance, and to fix and determine their qualifications, duties, and compensation subject to the provisions of the civil service law and any applicable collective bargaining agreement, and to retain or employ counsel, auditors, engineers, and private consultants on a contract basis or otherwise for rendering professional, management, or technical services and advice;

13. With the consent of the county executive, and in coordination with the advance Albany county alliance, to use employees, agents, consultants, and facilities of the county, paying the county its agreed proportion of the compensation or costs;

14. To make and adopt plans, surveys, and studies necessary, convenient, or desirable to the effectuation of the purposes and powers of the authority and to prepare recommendations in regard thereto;

15. To enter upon such lands, waters, or premises as in the judgment of the authority may be necessary, convenient, or desirable for the purpose of making surveys, soundings, borings, and examinations to accomplish any purpose authorized by this title, the authority being liable for any actual damage done;

16. To covenant and consent that the interest on any of its bonds or notes issued pursuant to this title shall be includable, under the United States Internal Revenue Code of 1986, as amended or any subsequent corresponding internal revenue law of the United States, in gross income of the holders of the bonds or notes to the same extent and in the same manner that the interest on bills, bonds, notes or other obligations of the United States is includable in the gross income of the holders thereof under such code or any such subsequent law; and

17. To insure or provide for the insurance of the authority's property

or operations as required by law and also against such other risks as the authority may deem advisable.

§ 2676-g. Special powers of the authority. In order to effectuate the purpose of this title:

1. The authority may enter into any joint service arrangements as hereinafter provided.

2. The authority may, on such terms and conditions as the authority may determine necessary, convenient, or desirable establish, construct, effectuate, operate, manage, maintain, renovate, improve, extend, or repair any of the college of Saint Rose facilities, or may provide for such establishment, construction, effectuation, operation, management, maintenance, renovation, improvement, extension, or repair by contract, lease, or other arrangement on such terms as the authority may deem necessary, convenient, or desirable with the federal government, any state or agency or instrumentality thereof, any person, or public corporation. In connection with the operation of any such facilities, the authority may establish, construct, effectuate, operate, manage, maintain, renovate, improve, extend, or repair, or may provide by contract, lease, or other arrangement for the establishment, construction, effectuation, operation, management, maintenance, renovation, improvement, extension, or repair of any related services and activities it deems necessary, convenient, or desirable.

3. The authority may establish, fix, revise, levy, and collect or cause to be established, fixed, revised, levied, and collected and, in the case of a joint service arrangement, join with others in the establishment, fixing, revision, levy and collection of such rentals, rates, charges, concession fees and other fees as it may deem necessary, convenient, or desirable for the use and operation of any of the college of Saint Rose facilities, and related services operated or managed by the authority or under contract, lease, or other arrangement, including joint service arrangements, with the authority. Such rentals, rates, charges, concession fees, or other fees shall be at least sufficient at

all times in the judgment of the authority to establish and maintain the operations of the authority on a self-sustaining basis. Such operations shall be deemed to be on a self-sustaining basis as required by this title, when the authority is able to pay or fund or cause to be paid or funded from revenues and any other funds actually available to the authority: (a) the principal of, premium, if any, and the interest on outstanding bonds of the authority as the same shall become due and payable and any capital or debt service reserve therefor and, to the extent required by an agreement between the county and the authority, the principal of and interest on any general obligations bonds, notes, or other evidence of indebtedness of the county issued for or allocable to any project of the authority as the same shall become due and payable and any reserves therefor; (b) the cost of administering, maintaining, repairing and operating any project of the authority; (c) the cost of constructing capital improvements thereto pursuant to any agreement between the county and the authority; (d) any liabilities incurred for or allocable to any project of the authority including any liabilities of the county assumed by the authority pursuant to any agreement between the county and the authority, as the same become due and payable; (e) any requirements of any agreement including those relating to the establishment of reserves for renewal and replacement and for uncollected rentals, rates, charges, and fees and covenants respecting rates and debt service and earnings coverage ratios; (f) all other reasonable and necessary expenses of the authority; and (g) the cost of such additional projects as may be at the time of the effective date of this title or thereafter authorized, by law and agreed to by the authority.

4. The authority may establish and, in the case of joint service arrangements, join with others in the establishment of such schedules and standards of operations and such other rules and regulations including but not limited to rules and regulations governing the conduct, safety, and security of the public as it may deem necessary, convenient, or desirable for the use, operation, and management of any project and related services operated or managed by the authority or under contract, lease or other arrangement, including joint service arrangements, with the authority. Such rules and regulations governing

the conduct, safety, and security of the public shall be filed with the department of state in the manner provided by section one hundred two of the executive law. In the case of any conflict between any such rule or regulation of the authority governing the conduct, safety, and security of the public and any local law, ordinance, rule, or regulation, such rule or regulation of the authority shall prevail.

5. The authority may do all things it deems necessary, convenient, or desirable to manage, control, and direct the maintenance and operation of the college of Saint Rose facilities, equipment, or property operated by or under contract, lease, or other arrangement with the authority. Except as agreed to pursuant to any agreement between the authority and any public corporation and except as hereinafter specially provided, no municipality except for the county, shall have jurisdiction over any facilities of the authority or any of its activities or operations. The authority shall provide for such facilities police, fire, and health protection services.

6. The authority may accept unconditional grants of money or property from any municipality where the whole or any part of such municipality is served or is to be served by a facility operated by the authority. Such grants of money or property shall be for the purpose of assisting the authority in meeting its capital or operating expenses. The acceptance of any such grant shall not operate to make the authority an agency of the municipality making such grant.

7. In any instance where the county is required by law, with respect to any of the college of Saint Rose facilities, to conduct a public hearing in connection with a contract, lease, joint service arrangement, charge, rental, or fee, the authority shall not enter into such contract, lease, joint service arrangement, or establish, fix, revise, or levy any charge, rental, concession fee, or other fee unless and until the authority has held a public hearing at which interested persons have had an opportunity to be heard concerning the same, provided, however, if the county has conducted a public hearing in connection with such contract, lease, joint service agreement, charge, rental, or fee, the authority shall not be required to hold a public

hearing. Notice of such public hearing shall be published by the authority at least ten days before the date set therefor, in at least one newspaper of general circulation in the county. Such notice shall set forth the date, time, and place of such hearing and shall include a brief description of the matters to be considered at such meeting. At all such hearings, any interested persons shall have an opportunity to be heard concerning the matters under consideration. Any decision of the authority on matters considered at such public hearing shall be in writing and be made available in the office of the authority for public inspection during regular office hours.

§ 2676-h. Bonds of the authority. 1. The authority shall have the power and is hereby authorized from time to time to issue bonds, notes or other obligations to pay the cost of any project or for any other corporate purpose, including the establishment of reserves to secure the bonds, the payment of principal of, premium, if any, and interest on the bonds and the payment of incidental expenses in connection therewith. The aggregate principal amount of such bonds, notes, or other obligations outstanding shall not exceed eighty million dollars, excluding bonds, notes, or other obligations issued to refund or otherwise repay bonds, notes, or other obligations theretofore issued for such purposes; provided, however, that upon any such refunding or repayment the total aggregate principal amount of outstanding bonds, notes, or other obligations may be greater than eighty million dollars only if the present value of the aggregate debt service of the refunding or repayment bonds, notes, or other obligations to be issued shall not exceed the present value of the aggregate debt service of the bonds, notes, or other obligations so to be refunded or repaid. For purposes hereof, the present values of the aggregate debt service of the refunding or repayment bonds, notes, or other obligations and of the aggregate debt service of the bonds, notes, or other obligations so refunded or repaid, shall be calculated by utilizing the effective interest rate of the refunding or repayment bonds, notes, or other obligations, which shall be that rate arrived at by doubling the semi-annual interest rate (compounded semi-annually) necessary to discount the debt service payments on the refunding or repayment bonds, notes, or other obligations from the payment dates thereof to the date of issue of the refunding or repayment bonds, notes, or other obligations and to the price bid including estimated accrued interest or proceeds received by the authority including estimated accrued interest from the sale thereof. The authority shall have power and is hereby authorized to enter into such agreements and perform such acts as may be required under any applicable federal legislation to secure a federal guarantee of any bonds.

2. The authority shall have power from time to time to renew bonds or to issue renewal bonds for such purpose, to issue bonds to pay bonds, and, whenever it deems refunding expedient, to refund any bond by the issuance of new bonds, whether the bonds to be refunded have or have not matured, and may issue bonds partly to refund bonds then outstanding and partly for any other corporate purpose of the authority. Bonds, other than notes or other evidence of indebtedness, issued for refunding purposes, which have a final maturity date longer than the maturity of the bonds being refunded, shall be approved by a resolution of the county legislature adopted by a majority vote and approved by the county executive. Bonds issued for refunding purposes shall be sold and the proceeds applied to the purchase, redemption, or payment of the bonds or notes to be refunded.

3. Bonds issued by the authority may be general obligations of the authority or may be special obligations payable solely out of particular revenues or other moneys as may be designated in the proceedings of the authority under which the bonds shall be authorized to be issued, subject as to priority only to any agreements with the holders of outstanding bonds pledging any particular property, revenues, or moneys. The authority may also enter into loan agreements, lines of credit and other security agreements and obtain for or on its behalf letters of credit, insurance, guarantees, or other credit enhancements to the extent now or hereafter available, in each case for securing its bonds or to provide direct payment of any costs which the authority is authorized to pay.

4. (a) Bonds shall be authorized by resolution of the authority, be in

such denominations and bear such date or dates and mature at such time or times, as such resolution may provide, provided that bonds and renewals thereof shall mature within forty years from the date of original issuance of any such bonds.

(b) Bonds shall be subject to such terms of redemption, bear interest at such rate or rates, be payable at such times, be in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, and be subject to such terms and conditions as such resolution may provide. Notwithstanding any other provision of law, the bonds of the authority issued pursuant to this section shall be sold to the bidder offering the lowest true interest cost, taking into consideration any premium or discount not less than four nor more than fifteen days, Sundays excepted, after a notice of such sale has been published at least once in a newspaper of general circulation in the area served by the authority, which shall state the terms of the sale. The terms of the sale shall not change unless notice of such change is published in such newspaper at least one day prior to the date of the sale as set forth in the original notice of sale. Advertisements shall contain a provision to the effect that the authority, in its discretion, may reject any or all bids made in pursuance of such advertisements, and in the event of such rejection, the authority is authorized to negotiate a private or public sale or readvertise for bids in the form and manner above described as many times as, in its judgment, may be necessary to effect satisfactory sale.

(c) Notwithstanding paragraph (b) of this subdivision, whenever in the judgment of the authority the interests of the authority will be served thereby, the members of the authority, on the written recommendation of the chairperson, may authorize the sale of such bonds at private or public sale on a negotiated basis or on either a competitive or negotiated basis. The authority shall set guidelines governing the terms and conditions of any such private or public sales. The private or public bond sale guidelines set by the authority shall include, but not be limited to, a requirement that where the interests of the authority will be served by a private or public sale of bonds, the authority shall select underwriters for each private or public bond sale conducted pursuant to a request for proposal process and consideration of proposals from qualified underwriters taking into account, among other things, qualifications of underwriters as to experience, their ability to structure and sell authority bond issues, anticipated costs to the authority, the prior experience of the authority with the firm, if any, the capitalization of such firms, participation of qualified minority and women-owned business enterprise firms in such private or public sales of bonds of the authority and the experience and ability of firms under consideration to work with minority and women-owned business enterprises so as to promote and assist participation by such enterprises.

(d) The authority shall have the power from time to time to amend such private bond sale guidelines in accordance with the provisions of this subdivision.

(e) No private or public bond sale on a negotiated basis shall be conducted by the authority without prior approval of the state comptroller and the county comptroller. The authority shall annually prepare and approve a bond sale report which shall include the private or public bond sale guidelines as specified in this subdivision, amendments to such guidelines since the last private or public bond sale report, an explanation of the bond sale guidelines and amendments, and the results of any sale of bonds conducted during the fiscal year. Such bond sale report may be a part of any other annual report that the authority is required to make.

(f) The authority shall annually submit its bond sale report to the state comptroller and the county comptroller and copies thereof to the senate finance committee and the assembly ways and means committee.

(g) The authority shall make available to the public copies of its bond sale report upon reasonable request thereof.

(h) Nothing contained in this subdivision shall be deemed to alter, affect the validity of, modify the terms of or impair any contract or agreement made or entered into in violation of, or without compliance with, the provisions of this subdivision.

5. Any resolution or resolutions authorizing bonds or any issue of bonds may contain provisions which may be a part of the contract with the holders of the bonds thereby authorized as to:

(a) pledging all or part of the revenues, other monies or property of the authority to secure the payment of the bonds, or any costs of issuance thereof, including but not limited to any contracts, earnings, or proceeds of any grant to the authority received from any private or public source subject to such agreements with bond holders as may then exist;

(b) the setting aside of reserves and the creation of sinking funds and the regulation and disposition thereof;

(c) limitations on the purpose to which the proceeds from the sale of bonds may be applied;

(d) the rates, rents, fees, and other charges to be fixed and collected by the authority and the amount to be raised in each year thereby and the use and disposition of revenues;

(e) limitations on the right of the authority to restrict and regulate the use of the project or part thereof in connection with which bonds are issued;

(f) limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured and the refunding of outstanding or other bonds;

(g) the procedure, if any, by which the terms of any contract with bond holders shall be amended or abrogated, the amount of bonds the holders of which shall consent thereto, and the manner in which such consent shall be given;

(h) the creation of special funds into which any revenues or monies shall be deposited;

(i) the terms and provisions of any trust, mortgage, deed or indenture securing the bonds under which the bond shall be issued;

(j) vesting in a trustee or trustees such properties, rights, powers, and duties in trust as the authority may determine which may include any or all of the rights, powers, and duties of the trustees appointed by the bond holders to appoint a trustee pursuant to this title or limiting the rights, duties, and powers of such trustee;

(k) defining the acts or omissions to act which shall constitute a default in the obligations and duties of the authority to the bond holders and providing for the rights and remedies of the bond holders in the event of such default, including as a matter of right appointment of a receiver, provided, however, that such rights and remedies shall not be inconsistent with the general laws of the state and other provisions

of this title;
(l) limitations on the power of the authority to sell or otherwise dispose of any project or any part thereof;
(m) limitations on the amount of revenues and other monies to be expended for operating, administrative or other expenses of the authority;
(n) the payment of the proceeds of bonds, revenues, and other monies to a trustee or other depository, and for the method of disbursement thereof with such safeguards and restrictions as the authority may determine; and
(o) any other matters of like or different character which in any way affect the security or protection of the bonds or the rights and remedies of bondholders.

6. In addition to the powers conferred upon the authority to secure its bonds under this section, the authority shall have power in connection with the issuance of bonds to adopt resolutions and enter into such trust indentures, agreements or other instruments as the authority may deem necessary, convenient or desirable concerning the use or disposition of its revenues or other monies or property, including the mortgaging of any property and the entrusting, pledging, or creation of any other security interest in any such revenues, monies, or property and the doing of any act, including refraining from doing any act which the authority would have the right to do in the absence of such resolutions, trust indentures, agreements, or other instruments. The authority shall have power to enter into amendments of any such resolutions, trust indentures, agreements, or other instruments. The provisions of any such resolutions, trust indentures, agreements, or other instruments may be made a part of the contract with the holders of bonds of the authority.

7. Notwithstanding any provision of the uniform commercial code to the contrary, any pledge of or other security interest in revenues, monies, accounts, contract rights, general intangibles, or other personal property made or created by the authority shall be valid, binding, and perfected from the time when such pledge is made or other security interest attaches without any physical delivery of the collateral or

further act, and the lien of any such pledge or other security interest shall be valid, binding, and perfected against all parties having claims of any kind in tort, contract, or otherwise against the authority irrespective of whether or not such parties have notice thereof. No instrument by which such a pledge or security interest is created, nor any financing statement need be recorded or filed.

8. Regardless of whether the bonds are of such form and character as to be negotiable instruments under the terms of the uniform commercial code, the bonds are hereby made negotiable instruments within the meaning of and for all the purposes of the uniform commercial code, subject only to the provisions of the bonds for registration.

9. Neither the members of the authority nor any person executing its bonds shall be liable personally on its bonds or be subject to any personal liability or accountability by reason of the issuance thereof.

10. Subject to such agreements with bondholders as may then exist, the authority shall have power out of any funds available therefor to purchase bonds of the authority, which shall thereupon be cancelled, at a price not exceeding (a) if the bonds are then redeemable, the redemption price then applicable plus accrued interest to the next interest payment date; or (b) if the bonds are not then redeemable, the redemption price applicable on the first date after such purchase upon which the bonds become subject to redemption plus accrued interest to the next interest payment date. Bonds so purchased shall thereupon be cancelled.

§ 2676-i. Remedies of bondholders. Subject to any resolution or resolutions adopted pursuant to this title:

1. In the event that the authority shall default in the payment of principal or of interest on any issue of bonds, after the same shall become due, whether at maturity or upon call for redemption, and such default shall continue for a period of thirty days, or in the event that the authority shall fail or refuse to comply with the provisions of this

title or shall default in any agreement made with the holders of any issue of bonds, the holders of twenty-five per centum in aggregate principal amount of the bonds of such issue then outstanding, by instrument or instruments filed in the office of the clerk of the county in which the principal office of the authority is located and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of such bonds for the purpose provided under this section.

2. Such trustee may, and upon written request of the holders of twenty-five per centum in principal amount of such bonds outstanding shall, in such trustee's own name:

(a) by action or proceeding in accordance with the civil practice law and rules, enforce all rights of the bondholders, including the right to require the authority to collect rents, rates, fees, and charges adequate to carry out any agreement as to, or pledge of, such rents, rates, fees, and charges and to require the authority to carry out any other agreements with the holders of such bonds to perform its duties under this title;

(b) bring an action or proceeding upon such bonds;

(c) by action or proceeding, require the authority to account as if it were the trustee of an express trust for the holders of such bonds;

(d) by action or proceeding, enjoin any acts or things which may be unlawful or in violation of the rights of the holders of such bonds; and

(e) declare all such bonds due and payable, and if all defaults shall be made good, then with the consent of the holders of the twenty-five per centum of the principal amount of such bonds then outstanding, to annul such declaration and its consequences.

3. Such trustee shall in addition to the provisions of subdivisions one and two of this section, have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth under this section or incident to the general representation of bond holders in the enforcement and protection of their rights.

4. The supreme court shall have jurisdiction of any action or proceeding by the trustee on behalf of such bond holders. The venue of

any such action or proceeding shall be laid in the county.

5. Before declaring the principal of bonds due and payable the trustee shall first give thirty days notice in writing to the authority.

6. (a) Any such trustee, whether or not the issue of bonds represented by such trustee has been declared due and payable, shall be entitled as of right to the appointment of any receiver of any part or parts of the project, the revenues of which are pledged for the security of bonds of such issue, and such receiver may enter and take possession of such part or parts of the project and, subject to any pledge or agreement with the holders of such bonds, shall take possession of all monies and other property derived from such part or parts of the project and proceed with any construction thereon or the acquisition of any property, real or personal, in connection therewith that the authority is under obligation to do, and operate, maintain, and reconstruct such part or parts of the project and collect and receive all revenues thereafter arising there from subject to any pledge or agreement with bond holders relating thereto and perform the public duties and carry out the agreements and obligations of the authority under the direction of the court.

(b) In any suit, action or proceeding by the trustee, the fees, council fees, and expenses of the trustee and of the receiver, if any, shall constitute taxable disbursements and all costs and disbursements allowed by the court shall be a first charge on any revenues derived from the project.

§ 2676-j. State and county not liable on authority bonds. Neither the state, the county, nor the city shall be liable on the bonds of the authority and such bonds shall not be a debt of the state, the county or the city, and such bonds shall contain on the face thereof a statement to such effect.

§ 2676-k. Monies of the authority. All monies of the authority from whatever source derived shall be paid to the treasurer of the authority and shall be deposited forthwith in a bank or banks designated by the authority. The monies in such accounts shall be paid out on check of the treasurer upon requisition by such person or persons as the authority may authorize to make such requisitions. All deposits of such monies shall be secured by obligations of the United States or of the state or of any municipality of a market value equal at all times to the amount on deposit, and all banks and trust companies shall be authorized to give such security for such deposits. To the extent practicable, consistent with the cash requirements of the authority, all such monies shall be deposited in interest bearing accounts. The authority shall have power, notwithstanding the provisions of this section, to contract with the holders of any bonds as to the custody, collection, security, investment and payment of any monies of the authority or any monies held in trust or otherwise for the payment of bonds or any way to secure bonds, and carry out any such contract notwithstanding that such contract may be inconsistent with the provisions of this section. Monies held in trust or otherwise for the payment of bonds or in any way to secure bonds and deposits of such monies may be secured in the same manner as monies of the authority and all banks and trust companies are authorized to give such security for such deposits. Any monies of the authority not required for immediate use or disbursement may, at the discretion of the authority, be invested in those obligations specified pursuant to the provision of section ninety-eight-a of the state finance law. Subject to the provisions of any contract with bond holders and with the approval of the state comptroller, the authority shall prescribe a system of accounts.

§ 2676-l. Bonds legal investment for fiduciaries. The bonds of the authority are hereby made securities in which all public officers and bodies of the state and all municipalities, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations, including savings and loan associations, building and loan associations, investment companies and other persons carrying on a banking business, and administrators, guardians, executors, trustees and other fiduciaries, and all other persons whatsoever, who are upon the effective date of this title, or thereafter, authorized to invest in bonds or other obligations of the state may properly and legally invest funds including capital in their control or belonging to them. Notwithstanding other provisions of law, the bonds are also hereby made securities which may be deposited with and may be received by all public officers and bodies of the state and all municipalities for any purposes for which the deposit of bonds or other obligations of this state is upon the effective date of this title, or thereafter authorized.

§ 2676-m. Agreement with state. The state does hereby pledge to and agree with the holders of any bonds issued by the authority pursuant to this title and with those persons or public corporations who may enter into contracts with the authority pursuant to the provisions of this title that the state will not alter, limit or impair the rights hereby vested in the authority to purchase, construct, own and operate, maintain, repair, improve, reconstruct, renovate, rehabilitate, enlarge, increase and extend, or dispose of any project, or any part or parts thereof for which bonds of the authority shall have been issued, to establish and collect rates, rents, fees, and other charges referred to in this title, to fulfill the terms of any contracts or agreements made with or for the benefit of the holders of bonds or with any person or public corporation with reference to such project or part thereof, or in any way to impair the rights and remedies of the holders of bonds, until the bonds, together with interest thereon, including interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of the holders of bonds, are fully met and discharged and such contracts are fully performed on the part of the authority. The authority is authorized to include this pledge and agreement of the state in any agreement with the holders of bonds.

§ 2676-n. Agreement with county. The county is authorized to pledge to and agree with the holders of any bonds issued by the authority pursuant to this title and with those persons or public corporations who may enter into contracts with the authority pursuant to the provisions of this title that the county will not alter, limit or impair the rights hereby vested in the authority to purchase, construct, own and operate, maintain, repair, improve, reconstruct, renovate, rehabilitate, enlarge, increase and extend, or dispose of any project, or any part or parts thereof, for which bonds of the authority shall have been issued, to establish and collect rates, rents, fees and other charges referred to in this title, to fulfill the terms of any agreements made with the holders of the bonds or with any public corporation or person with reference to such project or part thereof, or in any way impair the rights and remedies of the holders of bonds, until the bonds, together with interest thereon, including interest on any unpaid installments of interest, and all cost and expenses in connection with any action or proceeding by or on behalf of the holders of bonds, are fully met and discharged and such contracts are fully performed on the part of the authority.

§ 2676-o. Exemption from taxes, assessments and certain fees. 1. The authority shall not be required to pay any fees, taxes, special ad valorem levies, or assessments, whether state or local, including but not limited to fees, taxes, special ad valorem levies, or assessments on real property, franchise taxes, sales taxes, or other excise taxes, upon any property owned by it or under its jurisdiction, control or supervision, or upon the uses thereof, or upon its activities in the operation and maintenance of its facilities or any rentals, rates, charges, fees, revenues, or other income received by the authority. Notwithstanding the previous sentence, the authority shall be required to pay water and pure water fees or charges as may be negotiated by any public corporation. The authority shall at all times be exempt from any filing, mortgage recording, or transfer fees or taxes in relation to instruments filed, recorded, or transferred by it or on its behalf. The construction, use, occupation, or possession of any property owned by the authority or the county, including improvements thereon, by any person or public corporation under a lease, lease and sublease, or any other agreement shall not operate to abrogate or limit the foregoing exemption, notwithstanding that the lessee, user, occupant, or person in possession shall claim ownership for federal income tax purposes.

2. Any bonds issued pursuant to this title together with the income therefrom as well as the property of the authority shall at all times be exempt from taxes, except for transfer and estate taxes. The state hereby covenants with the purchasers and with all subsequent holders and transferees of bonds issued by the authority pursuant to this title, in consideration of the acceptance of and payment for the bonds, that the bonds of the authority issued pursuant to this title and the income therefrom and all revenues, monies, and other property pledged to secure the payment of such bonds shall at all times be free from taxation, except for transfer and estate taxes.

§ 2676-p. Actions against authority. 1. Except in an action for wrongful death, no action or special proceeding shall be prosecuted or maintained against the authority, its members, officers, or employees for personal injury or damage to real or personal property alleged to have been sustained by reason of the negligence, tort, or wrongful act of the authority or of any member, officer, agent, or employee thereof, unless (a) a notice of claim shall have been made and served upon the authority within the time limit set by and in compliance with section fifty-e of the general municipal law; (b) it shall appear by and as an allegation in the complaint or moving papers that at least thirty days have elapsed since the service of such notice and that adjustment or payment thereof has been neglected or refused; (c) the action or special proceeding shall be commenced within one year and ninety days after the happening of the event upon which the claim is based; and (d) an action against the authority for wrongful death shall be commenced in accordance with the notice of claim and time limitation provisions of title eleven of article nine of this chapter.

2. Whenever a notice of claim is served upon the authority, it shall have the right to demand an examination of the claimant relative to the occurrence and extent of the injuries or damages for which claim is made, in accordance with the provisions of section fifty-h of the general municipal law.

3. The authority may require any person presenting for settlement an

account or claim for any cause whatever against the authority to be sworn before a member, counsel, or an attorney, officer, or employee of the authority designated for such purpose, concerning such account or claim and, when so sworn, to answer orally as to any facts relative to such account or claim. The authority shall have power to settle or adjust all claims in favor of or against the authority.

4. Any action or proceeding to which the authority or the people of the state may be parties, in which any question arises as to the validity of this title, shall be preferred over all other civil causes of action or cases, except election causes of action or cases, in all courts of the state and shall be heard and determined in preference to all other civil business pending therein except election causes, irrespective of position on the calendar. The same preference shall be granted upon application of the authority or its counsel in any action or proceeding questioning the validity of this title in which the authority may be allowed to intervene. The venue of any such action or proceeding shall be laid in the supreme court of the county.

5. The rate of interest to be paid by the authority upon any judgment for which it is liable, other than a judgment on its bonds, shall be the rate prescribed by section five thousand four of the civil practice law and rules. Interest on payments of principal or interest on any bonds in default shall accrue at the rate borne by such bonds from the due date thereof until paid or otherwise satisfied.

§ 2676-q. Contracts. 1. All contracts for construction shall be let by the authority in conformity with the applicable provisions of section one hundred thirty-five of the state finance law and shall be let in accordance with the provisions of state law pertaining to prevailing wages, labor standards, and working hours.

2. The authority may, in its discretion, assign contracts for supervision and coordination to the successful bidder for any subdivision of work for which the authority receives bids. The authority shall not award any construction contract except to the lowest bidder

who, in its opinion, is qualified to perform the work required and who is responsible and reliable. The authority may, however, reject any or all bids or waive any informality in a bid if it believes that the public interest will be promoted thereby. The authority may reject any bid if, in its judgment, the business and technical organization, plant, resources, financial standing, or experience of the bidder justifies such rejection in view of the work to be performed.

§ 2676-r. Code of ethics. 1. Definition. As used in this section the term "authority employee" shall mean any member, officer, or employee of the authority.

2. Rule with respect to conflicts of interest. No authority employee should have any interest, financial or otherwise, direct or indirect, or engage in any business or transaction or professional activity, or incur any obligation of any nature, which is in substantial conflict with the proper discharge of such authority employee's duties in the public interest.

3. Standards. (a) No authority employee shall accept other employment which will impair such authority employee's independence of judgment in the exercise of such authority employee's official duties.

(b) No authority employee shall accept employment or engage in any business or professional activity which will require such authority employee to disclose confidential information which such authority employee has gained by reason of such authority employee's official position or authority.

(c) No authority employee shall disclose confidential information acquired by such authority employee in the course of such authority employee's official duties nor use such information to further such authority employee's personal interests.

(d) No authority employee shall use or attempt to use such authority employee's official position to secure unwarranted privileges or exemptions for such authority employee or others.

(e) No authority employee shall engage in any transaction as representative or agent of the authority with any business entity in which such authority employee has a direct or indirect financial interest that might reasonably tend to conflict with the proper discharge of such authority employee's official duties.

(f) An authority employee shall not by such authority employee's conduct give reasonable basis for the impression that any person can improperly influence such authority employee or unduly enjoy such authority employee's favor in the performance of such authority employee's official duties, or that such authority employee is affected by the kinship, rank, position or influence of any party or person.

(g) An authority employee shall abstain from making personal investments in enterprises which such authority employee has reason to believe may be directly involved in decisions to be made by such authority employee or which will otherwise create substantial conflict between such authority employee's duty in the public interest and such authority employee's private interest.

(h) An authority employee shall endeavor to pursue a course of conduct which will not raise suspicion among the public that such authority employee is likely to be engaged in acts that are in violation of such authority employee's trust.

(i) No authority employee employed on a full-time basis nor any firm or association of which such authority employee is a member nor corporation a substantial portion of the stock of which is owned or controlled directly or indirectly by such authority employee, should sell goods or services to any person, firm, corporation or association which is licensed or whose rates are fixed by the authority in which such authority employee serves or is employed.

(j) If any authority employee shall have a financial interest, direct or indirect, having a value of ten thousand dollars or more in any activity which is subject to the jurisdiction of a regulatory agency, such authority employee shall file with the secretary of state a written statement that such authority employee has such a financial interest in such activity which statement shall be open to public inspection.

4. Violations. In addition to any penalty contained in any other provision of law any such authority employee who shall knowingly and intentionally violate any of the provisions of this section may be fined, suspended, or removed from office or employment.

§ 2676-s. Agreements relating to payment in lieu of taxes. 1. In order to assure that municipalities shall not suffer undue loss of taxes or assessments in the event that the authority acquires any facility from the county, any person paying real property taxes or assessments as of the date of the transfer of title from the county to the authority on any property located within any such facility shall make payments in lieu of taxes in an amount equal to the sums which would ordinarily be imposed as taxes by any municipality in which such property is located, pursuant to the prevailing method of determining taxes and assessments.

2. Subject to any agreement with bond holders, the authority may, with the approval of the county, but shall not be required to, enter into agreements with any municipality of the state to pay annual sums in lieu of taxes to any such municipality in respect of any real property which is owned by the authority is located in such municipality and is used for public purposes. For the purposes of this section, such public purposes shall include without limitation athletic facilities, educational facilities, performing arts facilities, or residential facilities.

3. (a) In the event that any real property owned by the authority is used by the authority or a lessee thereof for purposes other than public purposes, the authority, or lessee thereof, as the case may be, may, with the approval of the county, enter into agreements with any municipality of the state to pay annual sums in lieu of taxes in respect of such real property located in such municipality. For the purposes of this section, such purposes other than public purposes shall include without limitation, athletic facilities, educational facilities, performing arts facilities, residential facilities, or office buildings to the extent not used by the authority or any other public corporation for its own corporate purposes, and such other buildings and improvements as determined by the authority to be not exclusively for public purposes.

(b) The authority shall determine (i) the amount of such annual payments in lieu of taxes; (ii) whether the use of such property is for purposes other than public purposes; and (iii) the extent to which such property is used for purposes other than public purposes. In making such determinations the authority shall take into consideration the recommendations, if any, of the county.

§ 2676-t. Audit and annual report. In conformity with the provisions of section five of article ten of the state constitution, the accounts of the authority shall be subject to the supervision of the state comptroller and an annual audit shall be performed by an independent certified accountant. The authority shall annually submit to the county comptroller, county legislature, county executive, governor, the state comptroller, the chairperson of the senate finance committee, and the chairperson of the assembly ways and means committee a detailed report pursuant to the provisions of section twenty-eight hundred of this chapter, and a copy of such report shall be filed with the clerk of the county legislature and the county executive.

§ 2676-u. Limited liability. Neither members, officers, or employees of the authority, nor any municipality, or an officer or employee thereof acting on behalf of the authority, shall be subject to any personal liability resulting from the construction, maintenance, or operation of any of the properties of the authority or from carrying out any of the powers expressly given in this title provided, however, that this section shall not be held to apply to any independent contractor.

§ 2676-v. Transfer of applications, proceedings, approvals, and permits. 1. Any application, review or process in relation to or in furtherance of the purposes of or contemplated by this title heretofore filed or undertaken, or any proceeding heretofore commenced or any determination, finding or award made, by the county or by the county with the federal government, or any other public corporation shall inure to and for the benefit of the authority to the same extent and in the same manner as if the authority has been a party to such application, review, process, or proceeding from its inception, and the authority shall be deemed a party thereto, to the extent not prohibited by any federal law. Any license, approval, permit, determination, finding, award, or decision heretofore or thereafter issued or granted pursuant to or as a result of any such application, review, process or proceeding shall inure to the benefit of and be binding upon the authority and shall be assigned and transferred by the county to the authority unless such assignment and transfer is prohibited by federal law.

2. All such applications, proceedings, licenses, approvals, permits, determinations, findings, awards, and decisions shall further inure to and for the benefit of and be binding upon any person leasing, acquiring, financing, constructing, maintaining, operating, using, or occupying any facility financed in whole or in part by the authority.

§ 2676-w. Separability. If any clause, sentence, paragraph, section, or part of this title shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section, or part thereof involved in the controversy in which such judgment shall have been rendered.

§ 2676-x. Effect of inconsistent provisions. In so far as the provisions of this title are inconsistent with the provisions of any other act, general or special, or of the county charter or any local law, charter, ordinance or resolution of the county or another municipality, the provisions of this title shall be controlling. Nothing contained in this section shall be held to supplement or otherwise expand the powers or duties of the authority otherwise set forth in this title. Except as specifically provided for in this title, in the performance of any of its functions, powers and duties, the authority shall be subject to all applicable general or special laws of the state, the county charter, and any local law, ordinance or resolution of the county.

TITLE 29

DEVELOPMENT AUTHORITY OF THE NORTH COUNTRY ACT

§ 2700. Short title. This title shall be known and may be cited as the "development authority of the north country act".

§ 2701. Statement of legislative findings and purposes. It is hereby found, determined and declared that there is an immediate need to institute a comprehensive, coordinated program of economic development activities in the three county area comprised of the counties of Jefferson, Lewis and St. Lawrence which surround the United States Army base at Fort Drum in order to provide the region with the capability to effectively plan and develop the infrastructure needs of the region required by the population increase forecast due to the expansion of the United States Army facilities at Fort Drum. It is further declared to be desirable to create a regional development authority of the north county to provide the region with the capability to effectively and efficiently communicate with the United States Army to optimize the economic and social impact on the region of the Army's plans to locate the 10th Mountain Division at Fort Drum. It is further found and declared that such needs are a matter of essential state concern and that such authority is necessary to provide for the health, safety and welfare of the people of the participating counties and the state. The authority shall carry out its purposes and responsibilities directly and through agreements with state and local entities, authorities and the United States Department of the Army. It is further declared that the authority shall be created as a public benefit corporation and that the corporate programs and powers conferred under this title and the expenditures of public moneys pursuant thereto are in furtherance of a valid public interest and public purpose.

§ 2702. Definitions. As used in this title, the following words and terms shall have the following meanings unless the context indicates another or different meaning or intent:

1. "Authority" shall mean the public benefit corporation created by section twenty-seven hundred three of this title, known as the development authority of the north country.

2. "Bonds" shall means the bonds, notes or other evidences of indebtedness issued by the authority pursuant to this title and the

provisions of this title relating to bonds and bondholders shall apply with equal force and effect to notes and noteholders, respectively, unless the context otherwise clearly requires.

3. "Construction" shall mean the acquisition, erection, building, alteration, improvement, increase, enlargement, extension, reconstruction, renovation or rehabilitation of any project financed under the provisions of this title; the inspection and supervision thereof; and the engineering, architectural, legal, fiscal and economic investigations and studies, surveys, designs, plans, working drawings, specifications, procedures and other actions preliminary or incidental thereto.

4. "Cost" as applied to a project or any portion thereof financed under the provisions of this title embraces all or any part of the cost of construction and acquisition of all lands, structures, real or personal property, rights, rights-of-way, franchises, easements and interests acquired or used for a project, the cost of demolishing or removing any buildings or structures on land so acquired, including the costs of relocating tenants or other occupants of the building or structures on such land and the cost of acquiring any lands to which such buildings or structures may be moved, the cost of all machinery and equipment, financing charges, interest, reserves for principal and interest and for extensions, enlargements, additions, replacements, renovations and improvements, cost of engineering, financial and legal services, plans, specifications, studies, surveys, estimates of cost and of revenues, administrative expenses, expenses necessary or incident to determining the feasibility or practicability of constructing the project and such other expenses as may be necessary or incident to the construction and acquisition of the project, the financing of such construction and acquisition and the placing of the project in operation, including all costs relating to the refinancing or satisfaction of existing indebtedness; and any reimbursements to any municipality, state agency, the state, the United States or any other person or public corporation for expenditures that would be costs of any project hereunder had they been made directly by the authority.

5. "Existing sewer system" shall mean all sewers, including, without limitation, trunk, intercepting, connecting, lateral and other sewers, storm water drains, pumping stations, disposal or treatment plants or works, structures, appliances, equipment and other adjuncts thereto, comprising the portion of the system of sewerage owned by any participating county or municipality within a participating county, as delineated on a map filed by the governing body of such county or municipality with the secretary of the state of New York pursuant to this title.

6. "Municipality" shall mean any county, city, town, village, refuse district under the county law, improvement district under the town law, any other such instrumentality, including any agency, authority or public corporation of the state, or any of the foregoing, or any combination thereof.

7. "Participating counties" shall mean the counties of Jefferson, St. Lawrence and Lewis.

8. "Person" shall mean any natural person, partnership, association, joint venture or corporation, exclusive of a public corporation.

9. "Project" shall mean a sewerage facility, solid waste management facility, water facility, or any portion of which, the planning, development, financing, acquisition, construction, operation or maintenance is authorized to be undertaken in whole or in part by the authority pursuant to this title.

10. "Real property" shall mean lands, structures, improvements franchises and interests in land, including lands under water, waterfront property, marginal streets and riparian rights, space rights and air rights and any and all other things and rights usually included within said term and any fixtures, equipment and articles of personal property affixed to or used in connection therewith. Real property shall also mean and include any and all interests in such property less than full title, such as easements, incorporeal hereditaments and every estate, interest or right, legal or equitable, including terms for years

and liens thereon by way of judgments, mortgages or otherwise, and also all claims for damages for such real estate.

11. "Resource recovery" shall mean the separation, extraction or recovery of usable materials, energy or heat from solid waste through source separation, incineration, recycling centers or other programs, projects or facilities.

12. "Revenues" shall mean all rates, fees, rents, charges and other income derived by the authority from its operations.

13. "Sewerage facility" shall mean a system of trunk, intercepting and connecting, lateral and outlet sewers, storm water drains, pumping and ventilating stations, disposal or treatment plants or works, and other appliances and structures, which in the judgment of the authority will provide an effectual and advantageous means for relieving the participating counties and municipalities within the participating counties from pollution created by the sewage and waste and relieving the participating counties and municipalities within the participating counties from inadequate sanitary and storm water drainage by providing for the sanitary disposal or treatment of the sewage thereof, or such sections or parts of such systems as the authority may from time to time deem it proper or convenient to construct, consistent with purpose of this title.

14. "Solid waste" shall mean all putrescible and non-putrescible solid wastes, including, but not limited to, materials or substances discarded or rejected, whether as being spent, useless, worthless or in excess to the owners at the time of such discard or rejection or for any other reason, is being accumulated, stored, or physically, chemically or biologically treated prior to being discarded, has served its intended use, or is a manufacturing or mining by-product, including, but not limited to, garbage, refuse, and other discarded solid materials, including solid waste materials resulting from industrial, commercial, mining and agricultural operations and from community activities, sludges from air or water pollution control facilities or water supply treatment facilities, rubbish, ashes, contained gaseous material,

incinerator residue, demolition and construction debris and offal, but not including sewage and other highly diluted water-carried materials or substances and those in gaseous form, special nuclear or by-product material within the meaning of the Atomic Energy Act of 1954, as amended, and waste which appears on the list of hazardous waste promulgated by the commissioner of environmental conservation pursuant to section 27-0903 of the environmental conservation law.

15. "Solid waste management facility" shall mean any facility, plant, works, system, building, structure, improvement, machinery, equipment, fixture or other real or personal property which is to be used, occupied or employed for or is incidental to the collecting, receiving, transporting, storage, processing, or disposal of solid waste or the recovery by any means of any material or energy product or resource therefrom including, but not limited to, recycling centers, transfer stations, shredding or baling facilities, rail haul or maritime facilities, collection vehicles, processing systems, resource recovery facilities, steam and electric generating and transmission facilities, including auxiliary facilities to supplement or temporarily replace such generating facilities, steam distribution facilities, sanitary landfills, leachate treatment facilities, plants and facilities for compacting, composting or pyrolization of solid wastes, secure land burial facilities, landspreading facilities, surface impoundments and waste oil storage, reprocessing and refining facilities, incinerators and other solid waste disposal, reduction or conversion facilities, and "resource recovery equipment" and "disposal equipment" as such terms are defined in subdivisions four and five of section 51-0903 of the environmental conservation law. Any such facility producing either electricity or shaft horsepower and useful thermal energy shall constitute a co-generation facility as defined in subdivision two-a of section two of the public service law.

16. "Source separation" shall mean the segregation of recyclable materials from the solid waste stream at the point of generation for separate collection, sale or other disposition.

17. "State" shall mean the state of New York.

18. "United States" shall mean the United States of America or any department, agency or instrumentality thereof acting on behalf of the United States of America.

19. "Water facility" shall mean any water supply or distribution system or systems, including any plants, works, instrumentalities or parts thereof and appurtenances thereto, lands, easements, rights in land and water rights, right-of-way, contract rights, franchises, approaches, connections, dams, reservoirs, water mains and pipe lines, pumping stations and equipment, or any other property incidental to and included in such system or part thereof, and any improvements, extensions and betterments.

20. "Community facility" shall mean any facility in the participating counties that provides for the health, education and welfare of the residents of the region within such participating counties, including but not limited to medical facilities, housing facilities, educational facilities, transportation facilities, municipal service facilities, and cultural and social facilities.

§ 2703. Development authority of the north county. 1. A corporation known as the development authority of the north country is hereby created for the public purposes and charged with the duties and having the powers provided in this title. The authority shall be a body corporate and politic constituting a public benefit corporation. Its membership shall consist of a board of thirteen members chosen as follows: five non-voting members appointed by the governor, one of whom shall be upon the recommendation of the temporary president of the senate, and one of whom shall be upon the recommendation of the speaker of the assembly; two members, who shall be residents of the county of Jefferson, shall be appointed by the board of supervisors of such county; two members, who shall be residents of the county of Lewis, shall be appointed by the county legislature of such county; two members who shall be residents of the county of St. Lawrence, shall be appointed by the county legislature of such county; and two members, who shall be residents of the city of Watertown, shall be appointed by the common council of the city of Watertown. The local governing bodies of each of the participating counties and the city of Watertown shall adopt resolutions providing for the appointments of such members and shall transmit copies of such resolutions to the governor, the temporary president of the senate and the speaker of the assembly before such members take office. The first members of the authority shall be appointed for the following terms from the effective date of their appointment: one member to be appointed by the county legislatures of each of the counties of Lewis and St. Lawrence, the two members appointed by the governor upon the recommendation of the temporary president of the senate and the speaker of the assembly and one member to be appointed by the common council of the city of Watertown for a term of four years; one member to be appointed by the board of supervisors or county legislature of each of the counties of Lewis, Jefferson and St. Lawrence, and three members appointed by the governor for a term of two years; one member to be appointed by the board of supervisors of the county of Jefferson and one member to be appointed by the common council of the city of Watertown for a term of two years. The voting members of the authority shall choose from their number a chairman by majority vote of such members then in office. Each member shall continue in office until such member's successor has been appointed and qualifies. Each appointment following the expiration of the original terms of appointment shall be for a term of four years. In the event of a vacancy occurring in the office of any member, other than by the expiration of a member's term, such vacancy shall be filled for the balance of the unexpired term, if applicable, in the same manner as the original appointment.

2. The powers of the authority shall be vested in the voting members thereof in office from time to time and a majority of voting members and a majority of non-voting members shall constitute a quorum at any meeting of the authority. In cases of a tie vote, the chairman shall cast an additional vote. No vacancy in the membership of the authority shall impair the right of such members to exercise all the rights and perform all the duties of the authority. Any action taken by the authority under the provisions of this title may be authorized at a

meeting of the authority by resolution approved by a majority of the total number of voting members then in office, which resolution shall take effect immediately, or, unless inconsistent with the provisions of article seven of the public officers law, any action may be taken by a resolution circulated or sent to each member of the authority, which shall take effect at such time as all of the voting members then in office shall have signed an assent to such resolution and such assents are filed with the minutes of the proceedings. Any non-voting member who serves as an officer or employee of the state, or any political subdivision thereof, shall be entitled to designate a representative to attend, in his or her place, meetings of the board and to act in his or her behalf. Written notice of such designation shall be furnished to the board by the designating member prior to any meeting attended by his representative. Any representative shall serve at the pleasure of the designating member. No representative shall be authorized to delegate any of his duties or functions to any other person. The authority may delegate by resolution to one or more of its members, officers, agents and employees such powers and duties as the voting members may deem proper.

3. The members of the authority shall serve without salary or other compensation but each member shall be entitled to reimbursement for actual and necessary expenses incurred by such member in the performance of the official duties as a member.

4. Subject to the provisions of this subdivision, members of the authority may engage in private employment, or in a profession or business. The members, officers and employees of the authority shall be deemed to be state officers or employees and the authority shall be deemed to be a state agency solely for the purposes of sections seventy-three and seventy-four of the public officers law, which sections are hereby made applicable to the authority and its members, officers and employees.

5. Notwithstanding any inconsistent provisions of this or any other law, general, special or local, no officer or employee of the state, or of any political subdivision thereof, shall be deemed to have forfeited

or shall forfeit any public office or employment by reason of such person's acceptance of a membership on the authority; provided, however, a member who holds such other public office or employment shall receive no additional compensation or allowance for services rendered pursuant to this title, but shall be entitled to reimbursement for the actual and necessary expenses incurred in the performance of such services.

6. A member may be removed from office by the board for inefficiency, neglect of duty, conflict of interest or misconduct in office after the authority has given such member a copy of the charges against him or her and an opportunity to be heard in person, or by counsel in his defense, upon not less than ten days notice. If any member shall be so removed, there shall be filed with the chairman of the authority a complete statement of the charges made against such member and the finding of such board thereon, together with a complete record of the proceeding.

7. The authority and its corporate existence shall continue until terminated by law, provided, however, that no such law shall take effect so long as the authority shall have bonds, notes or other obligations outstanding, unless adequate provision has been made for the payment thereof. Upon termination of the existence of the authority, all of the rights and properties of the authority then remaining shall pass to and be vested in the counties in accordance with such law.

§ 2704. Powers of the authority. Except as otherwise limited by this title, the authority shall have power:

1. to make and alter by-laws for the regulation of its affairs and the conduct of its business;

2. to adopt an official seal and alter the same at pleasure;

3. to maintain a principal office in the city of Watertown, and regional offices at such place or places as it may designate within the participating counties;

4. to sue and be sued;

5. to make and execute contracts and all other instruments necessary or convenient for the exercise of its powers and functions under this title;

6. pursuant to a plan approved, or amended and approved, pursuant to section twenty-seven hundred five of this title, in connection with any project, to determine the feasibility, location and character of such project and to acquire, construct, or to acquire any interest in or right to capacity in, and to reconstruct, renovate, replace, maintain, repair, enlarge, extend, operate, lease, as lessee or lessor, and regulate such project, to enter into contracts for any or all of such purposes, to enter into contracts for the management and operation of a project and, to enter into contracts for any or all of such purposes, including contracts for the management and operation of such project and to sell, lease, mortgage or otherwise dispose of any project or part thereof to the state, any person, public corporation or municipality;

7. to borrow money and to issue bonds of the authority for any of its corporate purposes, to secure the same with its revenues or other funds and otherwise to provide for and secure the payment thereof and to provide for the rights of holders thereof and to fund or refund the same.

8. to make contracts and to execute all necessary or convenient instruments, including evidences of indebtedness, negotiable or nonnegotiable in each case for securing its bonds or to provide direct payment of any costs which the authority is authorized to pay;

9. subject to any limitation imposed or authorized by law, to fix and revise from time to time and charge and collect rates, rents, fees and charges for the use of and for the services furnished or to be furnished by a project or any portion thereof and to contract with any person, partnership, association or authority or other body public or private including a public corporation in respect thereof provided, however, that the authority shall not have the power, within any city, to collect

rentals, charges, rates or fees from the owners of real estate, or the occupants of real estate (other than the occupants of premises owned or controlled by such authority, or by the state or any civil division thereof), for services or facilities furnished or supplied in connection with such real estate, if such services or facilities are of a character or nature that as of the enactment of this act or formerly were furnished or supplied by the city, unless the electors of the city shall approve the granting to such authority of such powers by a majority vote at a general or special election in such city;

10. pursuant to a plan approved, or amended and approved, pursuant to section twenty-seven hundred five of this title and upon approval by resolution of the governing body of the county in which such property is located, to condemn, in the name of the authority, pursuant to the eminent domain procedure law, any real property within the participating counties required by the authority for any project to carry out the powers granted by this title;

11. to employ consulting engineers, architects, attorneys, accountants, construction and financial experts, superintendents, managers, and such other agents as may be necessary in its judgment, and to fix their compensation;

12. pursuant to a plan approved, or amended and approved, pursuant to section twenty-seven hundred five of this title, to assist in the planning, development and construction of and the financing of, the cost of any project whether or not such project is to be owned or operated by the authority, including any project as defined in title one of article eighteen-A of the general municipal law, provided, however, that the authority shall not assist in the construction of or financing of the cost of a project as defined in title one of article eighteen-A of the general municipal law unless such project has first been approved by resolution of the governing body of each municipality in which such project is located;

13. to receive and accept loans, grants, aid in any form, gifts or contributions from any source of either money, property, labor or other

things of value and, subject to the provisions of this title, to comply with the terms and conditions thereof;

14. to enter into any lease of or to mortgage any property, project and the site thereof;

15. subject to any agreement with the holders of its bonds, to invest moneys of the authority not required for immediate use in obligations of the state or the United States or obligations the principal and interest of which are guaranteed by the state or the United States or in certificates of deposit or time deposits secured in such manner as the authority shall determine, or in obligations of any agency of the state or the United States which may from time to time be legally purchased by savings banks within the state as an investment of funds belonging to them or in their control, or in any other obligations in which the comptroller of the state is authorized to invest pursuant to section ninety-eight of the state finance law or any successor provision of law;

16. subject to any agreement with the holders of its bonds, to purchase bonds, of the authority out of any funds or moneys of the authority available therefore, and to hold, cancel or resell the bonds;

17. to contract to render and to render such services to the United States, or any public agency, public authority, municipality or political subdivision of the state, as the United States, such public agency, public authority, municipality or political subdivision shall request, with respect to the custody, administration, management or servicing of obligations, projects and property of such entity, including but not limited to the use of the premises, personnel and property of the authority, and may provide for reimbursement to the authority for any expenses necessarily incurred by the authority in rendering such services;

18. to appoint such officers, employees and agents as it may require, prescribe their duties and qualifications and fix their compensation;

19. to establish such reserves as the authority deems necessary or

appropriate;

20. to acquire by lease, purchase or gift, hold and dispose of real and personal property (whether tangible or intangible), which are located within the state, or any interest therein, for its corporate purposes, and, subject to any agreement with the holders of its bonds, to sell any mortgage or loan or other personal property acquired by the authority, at a public or private sale and at such price or prices as it shall determine;

21. to enter into agreements, in its discretion, to pay annual sums in lieu of taxes to any municipality, political subdivision or taxing district of the state in respect of any real property which is owned by the authority and located in such municipality, political subdivision or taxing district;

22. to contract with persons, municipalities and the United States for the use of projects and for the fixing and collection of rates, rentals, fees and other charges for the use of such projects, or services rendered by, or any commodities furnished by the authority so as to provide revenues sufficient at all times to pay, as the same shall become due, the principal and interest on the bonds, notes or other obligations of the authority together with the maintenance of proper reserves therefor, in addition to paying, as the same shall become due, the expenses of operating and maintaining the properties of the authority, together with proper reserves for debt service, depreciation, maintenance and contingencies and all other obligations and indebtedness of the authority;

23. to coordinate the activities of state agencies and authorities to provide community facilities in the region;

24. to participate in federal programs for the insurance of loans including programs which require the authority to share any loss arising out of any loan insured by the federal government; and

25. to do all things necessary or convenient to carry out the purposes

of the authority.

§ 2705. Special powers with regard to planning. The authority shall prepare or cause to be prepared a report on the impact of the expansion of the Fort Drum Military Reservation on existing projects and community facilities within the participating counties. Based upon the findings of such report, the authority shall prepare or cause to be prepared a plan for the development or construction of projects, including projects defined in title one of article eighteen-A of the general municipal law which the authority intends to finance or assist in the financing of, and community facilities necessary to meet the needs of individuals, business enterprises, and governmental facilities, including military facilities within the participating counties. In formulating such plan or plans, the authority shall consult and cooperate with the planning authorities in the area of its operations. The authority may request and use existing studies, plans, surveys, data and other materials completed by or under development by any state agency or municipality. The authority shall file copies of such plan with the common council of the city of Watertown and the county legislatures or board of supervisors of the participating counties and the governing body of any municipality within the participating counties affected by such plan and any authorities or industrial development agencies within the participating county if such entity is substantially affected by the plan in relation to its property or projects. The plan or plans shall contain information regarding the facilities that the authority intends to provide or proposes be provided by other means and information regarding the services the authority contemplates providing or proposes be provided by other means and the estimated costs and the proposed method of financing. During sixty days after the filing of any plan, said plan shall be available for public inspection at the office or offices of the authority and at such other places in the areas affected, within the participating counties, as the authority may designate. Not earlier than thirty days after the filing of said plan, a public hearing on said plan shall be held by the authority. Notice of such a hearing shall be given to the legislative bodies and affected entities aforesaid by publication once a week for two weeks prior to the said hearing at the time and place fixed by the authority in newspapers of general circulation within the areas affected, to be selected by the authority. The last publication date shall not be less than five days before said hearing. Any amendments that the authority may adopt to the plan shall be adopted only after complying with the filing notice and hearing requirements provided for in this section. Within thirty days following the adoption of any plan or amendments, the authority shall provide a copy of such plan or amendments of such hearing to the legislative bodies and affected entities as aforesaid.

§ 2706. Special powers of participating counties and municipalities with respect to certain facilities. 1. Any participating county and one or more municipalities within the participating county, shall have the power to enter into contracts, leases or agreements from time to time between or among themselves and with the United States, or between and among themselves and the United States and with the authority in connection with a solid waste management facility in relation to the collecting, receiving, transporting, storage, processing or disposal of solid waste or for the purchase or use of any materials, energy, by-products or residue generated by or resulting from the operation of any such solid waste management facility; in connection with a sewer facility in relation to the collection, receiving, transporting, storage, processing or disposal of sewage or for the purchase or use of any materials, energy, by-products or residue generated by or resulting from the operation of any such sewer facility; in connection with a water facility in relation to the supplying, providing, storage, processing, purification, transportation, distribution and sale of water resulting from or used in connection with any such water facility. Any such contract, lease or agreement to which any participating county or any municipality is a party may include provisions stipulating the minimum rates, rentals, fees and other charges to be collected for the use of any such services, the availability of such services, including demand charges, and for the use and availability of such facilities and to pay all amounts due under the contracts, which may be amounts calculated to provide for payment and security for any bonds including, without limitation, such debt service coverage as the authority deems adequate for the bonds. Any such contract lease or agreement to which the authority or any participating county or any municipality are parties may include provisions (i) in connection with a solid waste management-resource recovery facility obligating such participating county or municipality to deliver or cause to be delivered, periodically to a solid waste management facility all or any portion of the solid waste generated in such participating county or municipality for processing or disposal and to make periodic payments for such processing or disposal whether or not delivery of any such solid waste shall be made, subject only to such exceptions, terms and conditions as may be provided therein; (ii) in connection with a sewer facility obligating such participating county or municipality to transport or cause to be transported to a sewer facility all or any portion of the sewage generated in such participating county or municipality for processing or disposal and to make periodic payments for such processing and disposal whether or not any sewer is transported to the sewer facility for such processing or disposal, subject only to such exceptions, terms and conditions as may be provided therein; (iii) in connection with a water facility obligating such participating county or municipality to obtain or cause to be obtained from a water facility all or any portion of the water used or consumed in such participating county or municipality and to make periodic payments for the supply of such water whether or not any water is used or consumed from such facility, subject only to such exceptions, terms and conditions as may be provided therein. To further the governmental and public purposes of the authority, including the implementation of any contract or proposed contract contemplated by this title, any participating county and all municipalities within any participating county shall have power to adopt and amend local laws imposing appropriate and reasonable limitations on competition including, without limiting the generality of the foregoing, local laws requiring that all solid waste generated or originated within their respective boundaries or portions thereof, subject to such exceptions as may be determined to be in the public interest, shall be delivered to a specified solid waste management facility or facilities; that all sewage generated or originated within their respective boundaries or portions thereof, subject to such exceptions as may be determined to be in the public interest, shall be delivered to a specified sewage facility or facilities; that all water used or consumed within their respective boundaries or portion thereof, subject to such exceptions as may be determined to be in the public interest, shall be supplied, transported or distributed by a specified water facility or facilities. Any such local law shall be adopted in accordance with the procedure provided by the municipal home rule law. Nothing contained in this title shall be deemed or construed to alter the power granted under section twenty hundred forty-eight-s of this chapter.

2. Each participating county and each such municipality is hereby authorized to resell or otherwise dispose of all or any part of the materials, energy, by-products or residue purchased, received or obtained from the authority pursuant to subdivision one of this section. Any resale or other disposition may be made in such manner as such participating county or such municipality may deem proper and upon such terms and conditions as may be agreed upon by the parties thereto.

3. Each participating county and each such municipality shall have the power to perform such other acts, to enter into such other contracts, including contracts between or among themselves, execute such instruments and to undertake such future proceedings as shall be determined necessary or desirable to effectuate the purpose of this title, including the making of gifts, grants, loans or contributions to the authority.

4. Notwithstanding any other law, general, special or local, any contract entered into by a participating county or municipality in connection with, or in any manner relating to any project may be for such term or duration as may be agreed upon by the parties thereto, including that any such contract may provide that the same shall remain in full force and effect so long as the bonds issued for or in connection with such project, including any renewals thereof, shall remain outstanding or until adequate provision has been made for the payment or satisfaction thereof.

5. Any contract entered into pursuant to this section to which the authority shall be a party may be pledged by the authority as security

for any issue of bonds, and may be assigned, in whole or in part, by the authority to any public corporation or person which shall construct, purchase, lease or otherwise acquire any project, or part thereof, financed in whole or in part by the authority.

§ 2707. Special powers with regard to solid waste management facilities. The authority shall have power:

1. to collect, receive, extract, transport, process, dispose of, sell, store, convey, recycle and deal with, in any lawful manner an way, solid waste or by-products thereof now or hereafter developed or discovered, including any energy or steam generated by the operation of any facility on such terms and in such manner as the authority may deem proper;

2. to collect or receive from the United States, the state, any municipality or public corporation or person solid waste for the purpose of treatment or disposal thereof, with the right of the authority to sell and dispose of any by-products, including energy or steam, of such process of treatment or disposal, as the authority may deem proper; and

3. to contract with counties, municipalities, state agencies, public corporations, or persons and the United States for the purpose of collecting, receiving, treating and disposing of solid waste, including, without limitation, to contract with counties, municipalities, state agencies, public corporations the United States or persons for the delivery of solid waste generated within a stated area to a specific facility.

§ 2708. Environmental applications, proceedings, approvals and permits. 1. Any application in relation to the purposes of or contemplated by this title, or any proceeding commenced by any participating county or any municipality, with the department of environmental conservation, the department of transportation or any other state agency or instrumentality or with the United States environmental protection agency or any other federal agency or instrumentality shall inure to and for the benefit of the authority to the same extent and in the same manner as if the authority had been a party to such application or proceeding, and the authority shall be deemed a party thereto, to the extent not prohibited by any federal law. Any license, approval, permit or decision issued or granted pursuant to or as a result of any such application or proceeding shall inure to the benefit of and be binding upon the authority and shall be assigned and transferred by the town to the authority, unless such assignment and transfer is prohibited by federal law.

2. All such applications, proceedings, licenses, approvals, permits and decisions shall further inure to and for the benefit of and be binding upon any person leasing, acquiring, constructing, maintaining, using or occupying any project financed in whole or in part by the authority.

§ 2709. Special powers with regard to sewerage facilities. The authority shall have power:

1. to acquire, construct, purchase or lease, in the name of the authority, any sewerage facility, sewer system, including plants, works, instrumentalities or parts thereof and appurtenances thereto, lands, easements, rights in land and water rights, rights-of-way, contract rights, franchises, approaches, connections and pipe lines, pumping stations and equipment or any other property incidental to and included in such sewerage facility system or part thereof, and any improvements, extensions and betterments, situated within the participating counties for the purpose providing adequate sanitary and storm water drainage to users, including the United States, within the participating counties; and as a means of so acquiring for such purposes, the authority may purchase all of the assets of any existing privately owned sewerage corporation or company;

2. to have and take ownership, jurisdiction, control, possession and supervision of any existing sewer system and any sewer facility financed, constructed or acquired pursuant to this title; to maintain,

operate, reconstruct and improve the same as a comprehensive sewerage system and to make additions, betterments and extensions thereto, and to have all the rights, privileges and jurisdiction necessary or proper for carrying such power into execution. No enumeration of powers in this or any other general, special or local law shall operate to restrict the meaning of this general grant of power or to exclude other powers comprehended within this general grant;

3. to dispose of the sewage and waste of all persons, public corporations, the state, and the United States in the participating counties;

4. upon the filing by the governing body of any municipality within a participating county with the secretary of state of the state of New York, of its certificate delineating the existing sewer system and such municipality's intention and desire to transfer the existing sewer system to the authority, thereupon, and by virtue of this title, the existing sewer system, together with all contracts, books, maps, plans, papers and records of whatever description pertaining to subjects or matters relating to the design, construction, operation and affairs of the existing sewer system shall be assigned, transferred and dedicated to the use of and be in the possession of and under the jurisdiction, control and supervision of the authority and the authority is empowered to take possession thereof for its uses and purposes. The authority shall thereafter have complete jurisdiction, control, possession and supervision of the existing sewer system and of all the facilities in the municipality for the disposal of sewerage and storm water, and shall continue to exercise such power for a period not to exceed thirty years as contained in such certificate and so long thereafter as any of the bonds and liabilities of the authority shall remain unpaid or shall not have otherwise been discharged. When all of the bonds and liabilities of the authority shall have been paid in full or shall have otherwise been discharged and the authority shall have ceased to exist, the powers, jurisdiction and duty of the authority shall cease and the property and assets acquired or held by it pursuant to this section, together with any additions within the boundaries of such municipality shall thereafter become the property of, and shall be under the jurisdiction,

control, possession and supervision of such municipality;

5. to establish a schedule of rates, rentals or charges, to be called "sewer rents," to be collected from all real property served by its sewerage facilities, and to prescribe the manner in which and the time at which such sewer rents are to be paid, provided that in no event shall the authority collect rents within any city within a participating county, and to change such schedule from time to time as may be deemed advisable. Such sewer rents may be determined by the authority on any equitable basis. Prior to the final adoption or modification of such schedule of sewer rents, the authority shall adopt a proposed schedule of such sewer rents and publish notice thereof once a week for three successive weeks in each participating county served by the authority's sewer facilities. The notice so published shall be dated as of the date of first publication thereof and shall state that the proposed schedule of sewer rents will remain open for inspection in the office of the authority for thirty days from the date of such notice, and that objections thereto may be filed during said period with the authority by any person conceiving himself aggrieved thereby. The authority shall hear and examine any such complaints and may modify the proposed schedule and shall adopt a final schedule of sewer rents within sixty days after the date of said notice. The schedule of sewer rents so adopted shall thereafter be the sewer rents to be charged all real property served by the sewer facilities of the authority. From and after the due date thereof, such sewer rents shall constitute a lien upon the real property served by the facilities. In the event that any such sewer rent shall remain unpaid for a period of ninety days, the authority, or for property within any city within a participating county, such city, may bring and maintain an action in the supreme court for the foreclosure of such lien;

6. to adopt regulations in accordance with law providing that the authority shall shut off the supply of water to any premises upon which sewer rents have not been paid until the sewer rents are paid, together with provision for an equitable charge for restoring water service to said premises.

§ 2710. Special powers with regard to water facilities. The authority shall have power:

1. to acquire, construct, purchase or lease, in the name of the authority, any water facility, water supply system, water distribution system, including plants, works, instrumentalities or parts thereof and appurtenances thereto, lands, easements, rights in land and water rights, rights-of-way, contract rights, franchises, approaches, connections, dams, reservoirs, water mains and pipe lines, pumping stations and equipment, wells or any other property incidental to and included in such system or part thereof, and any improvements, extensions and betterments, situated within the participating counties for the purpose of supplying water for domestic, commercial and public purposes within the participating counties to any person, the state, any public corporation or the United States; and as a means of so acquiring for such purposes, the authority may purchase all of the assets of any existing privately owned water corporation or company;

2. to have and take ownership, jurisdiction, control, possession and supervision of any existing water system and to construct and develop any water facility including any water supply system or water distribution system, including plants, works, instrumentalities, or parts thereof, and appurtenances thereto, dams, reservoirs, water mains, pipe lines, pumping stations and equipment, wells, or any other property incidental to or included in such system or part thereof within the participating counties and to acquire, by condemnation, as provided in this section or otherwise lands, easements, rights of land, and water rights and rights-of-way within the participating counties; or to purchase or lease lands, easements, rights in land, and water rights and rights-of-way in connection therewith within the participating counties and to own and operate, maintain, repair, improve, reconstruct, enlarge and extend, subject to the provisions of this title, any of its properties acquired or constructed under this title, all of which, together with the acquisition of such properties are hereby declared to be public purposes;

3. to establish a schedule of rates, rentals or charges, to be called "water rents," to be collected from all real property served by its water facilities, and to prescribe the manner in which and the time at which such water rents are to be paid, provided that in no event shall the authority collect rents within any city within a participating county, and to change such schedule from time to time as may be deemed advisable. Such water rents may be determined by the authority on any equitable basis. Prior to the final adoption or modification of such schedule of water rents, the authority shall adopt a proposed schedule of such water rents and publish notice thereof once a week for three successive weeks in each participating county served by the authority's water facilities. The notice so published shall be dated as of the date of first publication thereof and shall state that the proposed schedule of water rents will remain open for inspection in the office of the authority for thirty days from the date of such notice, and that objections thereto may be filed during said period with the authority by any person conceiving himself aggrieved thereby. The authority shall hear and examine any such complaints and may modify the proposed schedule and shall adopt a final schedule of water rents within sixty days after the date of said notice. The schedule of water rents so adopted shall thereafter be the water rents to be charged all real property served by the sewer facilities of the authority. From and after the due date thereof, such water rents shall constitute a lien upon the real property served by the facilities. In the event that any such water rent shall remain unpaid for a period of ninety days, the authority, or for property within any city within a participating county, such city, may bring and maintain an action in the supreme court for the foreclosure of such lien;

4. to adopt regulations in accordance with law providing that the authority shall shut off the supply of water to any premises upon which water rents have not been paid until the water rents are paid, together with provision for an equitable charge for restoring water service to said premises;

5. to sell water, however acquired, by volume and at retail to consumers including the United States within the participating counties

for domestic, commercial, industrial and public purposes, or by volume or in bulk and at wholesale to any or all persons, public corporations, the United States or any privately owned public water supply and distribution systems in the participating counties. To sell any water not needed in such participating counties by volume and at retail to consumers without the participating counties for domestic, commercial, industrial and public purposes, or by volume or in bulk and at wholesale to any municipality, public corporation or privately owned public water supply and distribution system outside of the participating counties, provided that the authority shall not sell water in any area outside of the participating counties unless the governing board of the municipality wherein such area is located shall enter into an agreement with the authority for service or sale of water by it in such area or shall by resolution request the authority to sell water within such area. Any agreement between a municipality outside of the participating counties and the authority for the sale of water to or within such municipality shall be subject to the approval of the legislative body of the participating county or counties wherein the water facility supplying such water is located. In addition to the powers hereinbefore granted the authority may develop and provide a sufficient amount of water so as to supply water outside of the participating counties to sell such water to consumers, any person, public corporation or privately owned public water supply and distribution system provided however, that no such sale shall be made without the approval of the legislative body of the county in which the water facility supplying such water is located;

6. to purchase water in bulk or by volume from any person, private corporation or municipality when necessary or convenient for the operation of any water supply and distribution system developed by it, or when necessary or convenient for resale under the authority and provisions of subdivision three of this section; and

7. to enter into cooperative agreements with other water authorities, municipalities, persons, or public benefit corporations, for the interconnection of facilities, the exchange or inter-change of services and commodities, and to enter into contracts for the construction of

water supply and distribution systems by the authority for any municipality upon such terms and conditions as shall be determined to be reasonable including, but not limited to, the reimbursement of all costs of such construction provided, however, that any such agreement with a municipality located in a county, shall be subject to the approval of the legislative body of such county; and

8. to enter into a contract or contracts with the board of supervisors or county legislatures of each participating county for the acquisition, construction and development of a water supply and distribution system, or any part or parts thereof and to contract for the operation and management of such water supply and distribution system.

§ 2711. Bonds of the authority. 1. (a) The authority shall have power and is hereby authorized from time to time to issue its bonds in such principal amount as, in the opinion of the authority, shall be necessary to provide sufficient funds for achieving its corporate purposes, including the construction, acquisition, reconstruction, rehabilitation, improvement or refinancing of projects and subject to the provision of this title, any project as defined in title one of article eighteen-A of the general municipal law, the payment of interest on bonds of the authority, establishment of reserves to secure such bonds, and all other expenditures of the authority incident to and necessary or convenient to carry out its corporate purposes and powers. In addition, the authority may, in anticipation of the issuance of bonds or the receipt of appropriations, grants, reimbursements, revenues or other funds, issue notes the principal of or interest on which or both shall be payable out of the proceeds of bonds of the authority or appropriations, grants, reimbursements, revenues or other funds of the authority. The authority may also enter into bank loan agreements, lines of credit and other security agreements and obtain for or on its behalf letters of credit in each case for securing its bonds or to provide direct payment of any costs which the authority is authorized to pay.

(b) The authority shall have power, from time to time, to issue renewal notes, to issue bonds or other obligations to pay notes and whenever it deems refunding expedient, to refund any bonds by the issuance of new bonds, whether the bonds to be refunded have or have not matured, and to issue bonds partly to refund bonds then outstanding and partly for any other purpose. The refunding bonds shall be sold and the proceeds applied to the purchase, redemption or payment of the bonds, including any interest thereon, to be refunded.

2. Except as may otherwise be expressly provided by the authority, every issue of its bonds shall be general obligations of the authority payable out of any moneys, assets or revenues of the authority, subject as to priority only to any agreements with the holders of particular bonds theretofore or thereafter made pledging, assigning or creating a lien upon any particular moneys, assets or revenues. The authority may provide by agreement with the holders of its bonds that such bonds shall be payable solely from and secured by particular revenues and property of the authority.

3. The bonds shall be authorized by a resolution or resolutions of the authority adopted as provided by this title; provided, however, that any such resolution authorizing the issuance of bonds may delegate to one or more members or to an officer of the authority the power to issue such bonds from time to time and to fix the details of any such issue of bonds by an appropriate certificate of such member, members or officer.

4. The bonds of the authority shall bear such date or dates, mature at such time or times, bear interest at such rate or rates (simple or compounded), if any, be of such denominations, be in such form, be executed in such manner, be payable in such medium of payment, at such place or places within or without the state, and be subject to such terms of redemption prior to maturity, as may be provided by such resolution or resolutions or such certificate with respect to such bonds, as the case may be; provided, however, that no bond or other obligations shall mature more than forty years after the date of issue thereof and no notes or renewal thereof shall mature more than five years after the date of issue of the original notes.

5. The bonds of the authority may be sold by the authority at such

price or prices, at public or private sale, provided that no issue of bonds may be sold at private sale unless the terms of such sale shall have been approved in writing by (i) the state comptroller, where such sale is not to such comptroller, or (ii) the director of the state division of the budget, where such sale is to such comptroller, in such manner and from time to time as may be determined by the authority, and the authority may pay all expenses, premiums and commissions which it may deem necessary or advantageous in connection with the issuance and sale thereof.

6. Whether or not the bonds are of such form and character as to be negotiable instruments under the terms of the uniform commercial code, the bonds are hereby made negotiable instruments within the meaning of and for all the purposes of the uniform commercial code, subject only to the provisions of the bonds for registration.

7. Any resolution or resolutions authorizing any bonds or any issue thereof or any trust indenture or indentures relating to such bonds may contain provisions, which shall be a part of the contract with the holders thereof, as to:

(a) pledging, assigning or creating a lien on all or any part of the rates, rentals, fees and charges made or received by the authority, and all or any part of the moneys received or to be received as repayment of loans, to secure the payment of the bonds or of any issue thereof, subject to such agreement with the holders of the authority's bonds as may then exist;

(b) pledging, assigning or creating a lien on all or any part of the assets of the authority, including mortgages and obligations securing the same, to secure the payment of the bonds, subject to such agreements with the holders of the authority's bonds as may then exist;

(c) the establishment and maintenance of reserves or sinking funds and the regulation and disposition thereof;

(d) limitations on the purpose to which the proceeds of sale of any issue of bonds then or thereafter to be issued may be applied and pledging such proceeds to secure the payment of the bonds or of any issue thereof;

(e) limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured and the refunding of outstanding bonds;

(f) the procedure, if any, by which the terms of any contract with the holders of bonds may be amended or abrogated, the amount of bonds the holders of which must consent thereto, and the manner in which such consent may be given;

(g) limitations on the amount of moneys to be expended by the authority for operating, administrative or other expenses of the authority;

(h) the creation of special funds into which any moneys of the authority may be deposited;

(i) vesting in a trustee or trustees such property, rights, powers and duties in trust as the authority may determine, which may include any or all of the rights, powers and duties of the trustee appointed by the holders of bonds pursuant to this title, and limiting or abrogating the right of the holders of bonds to appoint a trustee pursuant to this title or limiting the rights, powers and duties of such trustee;

(j) defining the acts or omissions to act which shall constitute a default in the obligations and duties of the authority and providing for the rights and remedies of the holders of bonds in the event of such default, providing, however, that such rights and remedies shall not be inconsistent with the general laws of this state and other provisions of this title; and

(k) any other matters, of like or different character, which in any way affect the security or protection of the bonds and the rights of the holders thereof.

8. Any pledge or assignment made or lien created by the authority shall be valid and binding from the time when the pledge or assignment is made or the lien is created; the moneys or property so pledged, assigned or encumbered by the authority shall immediately be subject to such pledge, assignment or lien without any physical delivery thereof or further act; and such pledge, assignment or lien shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the authority, irrespective of whether such parties have notice thereof. Neither the resolution nor any other instrument by which a pledge, assignment or lien is made or created need

be recorded or filed.

9. Neither the members of the authority nor any person executing the bonds shall be liable personally on the bonds or be subject to any personal liability or accountability by reason of the issuance thereof.

10. The authority, subject to such agreements with the holders of the authority's bonds as may then exist, shall have power out of any funds available therefor to purchase bonds of the authority.

11. The state shall not be liable on bonds of the authority and such bonds shall not be a debt of the state, and such bonds shall contain on the face thereof a statement to such effect.

§ 2712. Bonds as legal investments. The bonds of the authority are hereby made securities in which all public officers and bodies of this state and all municipalities and municipal subdivisions, all insurance companies and associations, and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations, including savings and loan associations, building and loan associations, investment companies and other persons carrying on a banking business, all administrators, guardians, executors, trustees and other fiduciaries, and all other persons whatsoever who are now or may hereafter be authorized to invest in bonds or other obligations of the state, may properly and legally invest funds, including capital, in their control or belonging to them. The bonds are also hereby made securities which may be deposited with and may be received by all public officers and bodies of this state and all municipalities and municipal subdivisions for any purpose for which the deposit of bonds of this state is now or may hereafter be authorized.

§ 2713. Exemption from taxation of bonds. It is hereby determined that the creation of the authority is in all respects for the benefit of the people of the state and for the improvement of their health, safety, welfare, comfort and security, and that said purposes are public purposes and that the authority will be performing an essential governmental function in the exercise of the powers conferred upon it by this title. The state covenants with the purchasers and all subsequent holders and transferees of bonds issued by the authority, in consideration of the acceptance of and payment for the bonds, that the bonds of the authority, issued pursuant to this title and the income therefrom and all its fees, charges, gifts, grants, revenues, receipts, and other moneys received or to be received, pledged to pay or secure the payment of such bonds shall at all times be free from taxation except for estate or gift taxes and taxes on transfers.

§ 2714. Moneys of the authority. 1. All moneys of the authority from whatever source derived, except as otherwise authorized or provided in this title, shall be paid to the authority and shall be deposited forthwith in a bank or banks in the state designated by the authority. The moneys in such accounts shall be withdrawn on the order of such person or persons as the authority may authorize. All deposits of such moneys shall, if required by the authority, be secured in such manner as the authority may determine. The state comptroller and his legally authorized representatives are authorized and empowered from time to time to examine the accounts and books of the authority, including its receipts, disbursements, contracts, leases, sinking funds, investments and any other records and papers relating to its financial standing. Such an examination shall be conducted by the comptroller at least once in every five years; the comptroller is authorized, however, to accept from the authority, in lieu of such an examination, an external examination of its books and accounts made at the request of the authority.

2. Notwithstanding any other provisions of this title related to the investment of moneys of the authority, the authority shall have power to contract with holders of any of its bonds, as to the custody, collection, securing, investment, and payment of any moneys of the authority, of any moneys held in trust or otherwise for the payment of bonds, and to carry out such contract. Moneys held in trust or otherwise for the payment of bonds or in any way to secure bonds and deposits of

such moneys may be invested, secured in such manner as shall be set forth in such contract or agreement, and all banks and trust companies are authorized to give such security for such deposits. The authority shall establish and may amend from time to time, guidelines for the investment of its moneys, including those held in trust for the benefit of the holders of bonds, and shall file such guidelines in the authority's public records within sixty days after the adoption of such guidelines or amendments thereto.

3. Subject to the provisions of any agreement with the holders of bonds and to the approval of the comptroller, the authority shall prescribe a system of accounts.

4. The authority shall submit to the comptroller, within thirty days of the receipt thereof by the authority, a copy of the report of every external examination of the books and accounts of the authority.

§ 2715. Agreement of the state. The participating counties and any municipalities within their boundaries are authorized to and the state does hereby pledge to and agree with the owners of any bonds issued by the authority, that they will not limit or alter the rights hereby vested in the authority to fulfill the terms of any agreements made with the holders thereof, or in any way impair the rights and remedies of such holders until such bonds, together with the interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of such holders, are fully met and discharged. The authority is authorized to include this pledge and agreement of the state in any agreement with the holders of such bonds.

§ 2716. Remedies of holders of bonds. 1. In the event that the authority shall default in the payment of principal of or interest on any issue of bonds after the same shall become due, whether at maturity or upon call for redemption, and such default shall continue for a period of thirty days, or in the event that the authority shall fail or refuse to comply with the provisions of this title, or shall default in any agreement made with the holders of any issue of bonds, the holders of twenty-five per centum in aggregate principal amount of the bonds of such issue then outstanding, by instrument or instruments filed in the office of the clerk of the county in which the principal office of the authority is located, and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of such bonds for the purposes herein provided.

2. Such trustee may, and upon written request of the holders of twenty-five per centum in principal amount of such bonds then outstanding shall, in his or its own name:

(a) by suit, action or proceeding in accordance with the civil practice law and rules, enforce all rights of the holders of the authority's bonds, including the right to require the authority to collect fees and charges and interest adequate to carry out any agreement as to, or pledge or assignment of or lien upon, such fees and charges and interest, on properties and to require the authority to carry out any other agreements with the holders of such bonds and to perform its duties under this title;

(b) bring suit upon such bonds;

(c) by action or suit, require the authority to account as if it were the trustee of an express trust for the holders of such bonds;

(d) by action or suit, enjoin any acts or things which may be unlawful or in violation of the rights of the holders of such bonds;

(e) declare all such bonds due and payable, and if all defaults shall be made good, then, with the consent of the holders of twenty-five per centum of the principal amount of such bonds then outstanding, to annul such declaration and its consequences.

3. Such trustee shall in addition to the foregoing have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth herein or incident to the general representation of the holders of the authority's bonds in the enforcement and protection of their rights.

4. The supreme court shall have jurisdiction of any suit, action or

proceeding by the trustee on behalf of such holders of the authority's bonds. The venue of any such suit, action or proceeding shall be laid in the county in which the principal office of the authority is located.

§ 2717. Actions against the authority; court proceedings; preferences; venue. 1. In any case founded upon death, personal injury, property damage or tort a notice of claim shall be required as a condition precedent to the commencement of an action or special proceeding against the authority or any member, officer, appointee or employee thereof, and the provisions of section fifty-e of the general municipal law shall govern the giving of such notice. No action or proceeding of any kind shall be commenced (i) prior to the expiration of thirty days from the date on which the demand, claim or claims upon which the action is founded were presented to a member of the authority or other officer thereof designated for such purpose nor (ii) more than one year and ninety days after the cause of action therefor shall have accrued, except that an action against the authority for wrongful death shall be commenced in accordance with the notice of claim and time limitation provisions of title eleven of article nine of this chapter.

2. Any action or proceeding to which the authority or the people of the state may be parties, in which any question arises as to the validity of this title, shall be preferred over all other civil causes of action or cases except election causes of action or cases in all courts of the state and shall be heard and determined in preference to all other civil business pending therein except election causes, irrespective of position on the calendar. The same preference shall be granted upon application of the authority or its counsel in any action or proceeding questioning the validity of this title in which the authority may be allowed to intervene. The venue of any such action or proceeding shall be laid in the supreme court of the county in which the principal office of the authority is located.

§ 2718. Limitation of liability; indemnification. 1. Neither the members of the authority nor any person acting in its behalf, while acting within the scope of their authority, shall be subject to any personal liability resulting from carrying out any of the powers expressly given in or authorized by this title.

2. The provisions of section eighteen of the public officers law shall apply to members, officers, employees and agents of the authority in connection with any and all claims, demands, suits, actions or proceedings which may be made or brought against any of them arising out of any determinations made or actions taken or omitted to be taken in compliance with any obligations under or pursuant to the terms of this title.

§ 2719. Exemption from taxation of property and income. The property of the authority, and its income and operations shall be exempt from taxation or assessments of every kind and nature; nor shall the authority be required to pay any filing or recording fee or transfer tax of any kind on account of instruments filed or recorded by it or on its behalf. Mortgages made or financed (directly or indirectly) by the authority shall be exempt from the mortgage recording taxes imposed by article eleven of the tax law.

§ 2720. Assistance by state officers, departments, boards and commissions. The department of audit and control, department of law, and all other state officers, agencies, departments, boards, divisions and commissions may render such services to the authority within their respective functions as may be requested by the authority.

§ 2721. State, counties and municipalities not liable on bonds. Neither the state, the counties nor any other municipality or public corporation shall be liable on the bonds of the authority and such bonds shall not be a debt of the state, the counties, any other municipality or public corporation, and such bonds shall contain on the face thereof, a statement to such effect.

§ 2722. Contracts of the authority. 1. Construction contracts let by the authority shall be in conformity with the applicable provisions of section one hundred thirty-five of the state finance law, provided, however, that in the case of industrial projects, whenever the authority determines that trade secrets or other confidential information about the prospective project occupant's business operations, products, processes or designs would be revealed by public bidding, the requirements of section one hundred thirty-five of the state finance law with respect to public bidding may be waived. In such event, separate specifications shall be prepared for, and separate and independent contracts shall be entered into, for the following three subdivisions of work to be performed: (a) plumbing and gas fitting; (b) steam heating, hot water heating, ventilating and air conditioning apparatus; and (c) electric wiring and standard illuminating fixtures.

2. The authority may, in its discretion, assign contracts for supervision and coordination to the successful bidder for any subdivision of work for which the authority receives bids. Any construction contract awarded by the authority shall contain such other terms and conditions as the authority may deem desirable. The authority shall not award any construction contract except to the lowest bidder who, in its opinion, is qualified to perform the work required and who is responsible and reliable. The authority may, however, reject any or all bids or waive any informality in a bid if it believes that the public interest will be promoted thereby. The authority may reject any bid, if, in its judgment, the business and technical organization, plant, resources, financial standing, or experience of the bidder justifies such rejection in view of the work to be performed.

3. Personal service contracts entered into by the authority shall be subject to the provisions of section twenty-eight hundred seventy-nine of this chapter.

§ 2723. Annual reports. The authority shall submit to the governor, the chairman of the senate finance committee, the chairman of the assembly ways and means committee, the state comptroller and the state director of the division of the budget within ninety days after the end of its fiscal year, a complete and detailed report setting forth: (i) its operations and accomplishments; (ii) its receipts and expenditures during such fiscal year in accordance with the categories or classifications established by the authority for its operating and capital outlay purposes, including a listing of all private consultants engaged by the authority on a contract basis and a statement of the total amount paid to each such private consultant; (iii) its assets and liabilities at the end of its fiscal year, including a schedule of its loans and commitments; and (iv) a schedule of its bonds outstanding at the end of its fiscal year, together with a statement of the amounts redeemed and incurred during such fiscal year.

§ 2724. Separability. If any clause, sentence, paragraph, action or part of this title shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section or part thereof involved in the controversy in which such judgment shall have been rendered.

TITLE 31

MONROE COUNTY AIRPORT AUTHORITY

§ 2750. Short title. This title may be cited as the "Monroe County Airport Authority Act".

§ 2751. Statement of legislative findings and purpose. The legislature hereby finds and declares as follows:

1. The economic well-being of the state and the general welfare of its people require adequate, safe, secure and efficient aviation and transportation facilities at a reasonable cost to the people.

2. The strengthening and improvement of aviation facilities and related services for the western part of the state is a matter of vital importance not only to the residents of western New York but to all the state's residents and is therefore a matter of state concern.

3. In order to insure a healthy economy for such area and to promote the general welfare of its residents, it is necessary to expand and

improve the existing aviation facilities and services in Monroe county in such a manner as to stimulate and promote increased local, state, national and international air travel and commerce through western New York.

4. The health, welfare, safety and security of the state's residents and of those passengers using air transportation requires coordinated operation of aviation facilities and services in Monroe county by a public benefit airport authority.

5. The purposes of such authority shall be (i) to stimulate and promote economic development, trade and tourism (ii) to acquire, construct, reconstruct, continue, develop, equip, expand, improve, maintain, finance and operate aviation and other related facilities and services within Monroe county (iii) to promote safe, secure, efficient and economical air transportation by preserving and enhancing airport capacity (iv) to form an integral part of a safe and effective nationwide system of airports to meet the present and future needs of civil aeronautics and national defense and to assure inclusion of the authority's facilities in state, national and international programs for air transportation and for airport or airway capital improvement, all in accordance with the provisions of this title (v) to insure that aviation facilities authorized pursuant to this title shall provide for the protection and enhancement of the natural resources and the quality of the environment of the state and the western New York area.

6. Such purposes are in all respects public purposes for the benefit of the people of the State of New York and for which public funds may be expended and both the county and the authority in carrying out their respective powers and duties under this title shall be deemed to be acting in a governmental capacity. The acquisition, construction, reconstruction, development, expansion, improvement, equipping, operation and maintenance of any project financed or undertaken by the authority or the county shall be deemed to be the performance of an essential governmental function by the authority or the county acting in its governmental capacity, whether such project shall be owned or operated by the authority or by any person or public corporation.

§ 2752. Definitions. As used or referred to in this title, unless a different meaning clearly appears from the context:

1. "Airport" (a) shall mean any area of land or water which is used, or intended for use, for the landing and takeoff of aircraft, and any appurtenant areas which are used, or intended for use, for airport buildings or other airport facilities or rights-of-way, together with all airport buildings and facilities located thereon; and (b) includes any heliport.

2. "Airport hazard" shall mean any structure or object of natural growth located on or in the vicinity of an airport, or any use of land near such an airport, which obstructs the airspace required for the flight of aircraft in landing or taking off at such airport or is otherwise hazardous to such landing or taking off of aircraft.

3. "Authority" shall mean the corporation created by this title.

4. "Aviation facilities" shall mean any airport facility or terminal including but not limited to any facility, property or equipment necessary, convenient or desirable for the landing, taking off, accommodation or servicing of aircraft of all types, and shall include such other facilities, equipment, property, structures and appurtenances as may be necessary or convenient in the operation, maintenance, development or improvement of an airport including facilities, equipment, property, structures, and appurtenances, leased by the authority to persons, engaged in air transportation or the production or development of materials, goods or equipment for an airport or air transportation or in providing facilities or equipment for the accommodation, safety, security or comfort of the traveling public and for purposes related or incidental to one or more of the foregoing purposes. It shall include, without limitation, runways, aprons, hangars, control towers, ramps, taxiways, navigation aids, warehouses, office and service buildings, structures, parking facilities, concession facilities, maintenance facilities, fuel facilities, facilities for the

overnight accommodation of passengers and carrier employees, including hotels and motels located at an authority's airport, and facilities for the loading, unloading, holding, interchange or transfer of such passengers, freight, baggage or cargo. It shall also mean any property necessary to remove, mitigate, prevent or limit airport hazards. It shall also mean facilities and equipment providing access to an airport facility or terminal, including appropriate mass transportation terminal facilities at and within the airport facility or terminal itself. It shall also mean highways, access roads, driveways and approaches in the vicinity of an airport facility or terminal providing improved access to such airport facility or terminal. Notwithstanding any contrary provision of law, general, special or local, it shall also mean railroad freight projects related or of benefit to an airport facility or terminal consisting of railroad freight transportation facilities or railroad freight terminal facilities; and any equipment, improvement, structure or facility or any land, and any building, structure, facility or other improvement thereon, or any combination thereof, and all property in connection therewith or incidental thereto, deemed necessary or desirable in the opinion of the authority, whether or not now in existence or under construction, for the undertaking of such railroad freight projects.

5. "Bonds" shall mean the bonds, notes or other evidences of indebtedness issued by the authority pursuant to this title and the provisions of this title relating to bonds and bondholders which shall apply with equal force and effect to notes and noteholders, respectively, unless the context otherwise clearly requires.

6. "Construction" shall mean the acquisition, erection, building, alteration, repair, improvement, increase, enlargement, extension, installation, reconstruction, renovation or rehabilitation of a project including any appurtenances thereto which may be necessary or desirable to promote the efficiency or effectiveness of such project; the inspection and supervision thereof; and the engineering, consulting, architectural, legal, fiscal and economic and environmental investigations and studies, surveys, designs, plans, working drawings, specifications, procedures and other actions incidental thereto and

claims arising therefrom.

7. "Cost", as applied to any project, shall include the cost of construction, the cost of the acquisition of all property, both real and personal, improved and unimproved, the cost of demolishing, removing or relocating any buildings or structures on lands so acquired, including the cost of relocating tenants or other occupants of the buildings or structures on such land and the cost of acquiring any lands to which such buildings or structures may be moved or relocated, the cost of all systems, facilities, machinery, apparatus and equipment, financing charges, interest prior to, during and after construction to the extent not paid or provided for from revenues or other sources, the cost of engineering and architectural surveys, plans and specifications, the cost of consultants' and legal services, the cost of lease guarantees, credit enhancement or bond insurance, other expenses necessary or incidental to the construction of such project and the financing of the construction thereof, including the amount authorized in the resolution of the authority providing for the issuance of bonds to be paid into any reserve or other special fund from the proceeds of such bonds and the financing of the placing of any project in operation, including reimbursement to any public corporation, the state, the federal government or any other person for expenditures that would be costs of the project hereunder had they been made directly by the authority.

8. "County" shall mean Monroe county.

9. "Equipment" shall mean snow removal vehicles, fire fighting and rescue vehicle, passenger and freight vehicles, aircraft, motors, boilers, engines, wires, ways, conduits and mechanisms, machinery, tools, implements, materials, supplies, instruments and devices of every nature whatsoever used or useful for aviation and transportation purposes or for the generation or transmission of motive power including but not limited to all power houses, and all apparatus and all devices for navigation, security, safety, signalling, communications and ventilation as may be necessary, convenient or desirable for the operation of aviation facilities and pollution control facilities.

10. "Facility" shall mean, among other things, such properties, structures, appurtenances, utilities, terminals, railroad trackage, warehouses, elevators and such other works, properties, buildings or allied items necessary or desirable in connection with development, operation, maintenance or improvement of airport and public transportation needs and for the accommodation, safety, security or comfort of the public and of commercial enterprise.

11. "Federal government" shall mean the United States of America, and any department, board, commission, bureau, division, corporation, agency or instrumentality thereof.

12. "Joint service arrangement" shall mean agreements between or among the authority and any person, the state, the county, any other public corporation, the federal government, any other state or agency or instrumentality thereof, relating to property, buildings, structures, facilities, services, rates, fares, classification, divisions, allowances or charges (including charges between operators of railroad, omnibus and aviation facilities), or rules or regulations pertaining thereto, for or in connection with or incidental to transportation in part in or upon railroad, omnibus or aviation facilities located within the county and in part in or upon railroad, omnibus or aviation facilities located outside the county.

13. "Municipality" shall mean a county, city, town, village or school district.

14. "Person" shall mean any natural person, firm, partnership, association, joint venture or corporation, exclusive of a public corporation.

15. "Personal property" shall mean chattels and other tangible things of a movable or removable nature.

16. "Pollution control facilities" shall mean any equipment, improvement, structure or facility or any land and any building, structure, facility or other improvement thereon, or any combination

thereof, and all property deemed necessary therewith, which if within any city are not of a character or nature then or formerly furnished or supplied by the city, having to do with or the end purpose of which is the control, abatement or prevention of land, sewer, water, air, noise or general environmental pollution deriving from the operation of aviation facilities, including, but not limited to any air pollution control facility, noise abatement or suppression facility (including physical barriers, landscaping and sound proofing for the purpose of diminishing the effect of aircraft noise on any area adjacent to an airport), water management facility, waste water collecting system, waste water treatment works, sewage treatment works system, or sewage treatment system or site.

17. "Property" shall mean both real and personal property.

18. "Project" shall mean any property or improvements located within the state of New York and within or outside or partially within and partially outside Monroe county, including, but not limited to, machinery, equipment and other facilities deemed necessary or desirable in connection therewith, or incidental thereto, whether or not now in existence or under construction, which shall be necessary or suitable for aviation purposes and airport development and which may include or mean aviation facilities and pollution control facilities; provided, however, the authority shall not use its funds in respect of any part of a project located wholly or partially outside the county without the prior consent thereto by the governing body of any other county in which a part or parts of the project is, or is to be located. It shall also mean any property necessary to remove, mitigate, prevent or limit airport hazards.

19. "Public corporation" shall mean a county, city, town, village, school district or special district, any public benefit corporation, agency or instrumentality of the state or of any municipality, or two or more of any of the foregoing acting jointly.

20. "Real property" shall mean lands, structures, franchises and interests in land, airspace, waters, lands under water, riparian rights,

air rights, any fixtures, equipment and articles of personal property affixed to or used in connection therewith, and any and all things and rights included within said term and includes not only fees simple absolute but also any and all lesser interests including but not limited to easements, rights of way, uses, leases, licenses and all other incorporeal hereditaments and every estate, interest or right, legal or equitable, including terms for years and liens thereon by way of judgments, mortgages, or otherwise.

21. "Revenues" shall mean all rates, fees, rents, revenues, charges and other income derived by the authority from the operation, leasing, sale or other disposition of a project or projects.

22. "State" shall mean the state of New York.

§ 2753. Monroe county airport authority. 1. There is hereby created the Monroe county airport authority. The authority shall be a body corporate and politic constituting a public benefit corporation. The authority shall consist of seven members appointed by the county executive, provided that two of such members shall be appointed upon the written recommendation of the president of the county legislature and one of such members shall be appointed upon the written recommendation of the minority leader of the county legislature. No more than five members may be registered members of the same political party. All appointments by the county executive shall be confirmed by a majority vote of the county legislature. The county executive shall designate the chairperson of the authority who shall serve at the pleasure of the county executive. The member initially appointed upon the written recommendation of the minority leader of the county legislature shall serve for a term ending December thirty-first, nineteen hundred ninety-one. Of the members initially appointed upon the written recommendation of the president of the county legislature, one shall serve for a term ending December thirty-first, nineteen hundred ninety-two; and one shall serve for a term ending December thirty-first, nineteen hundred ninety-three. Of the remaining members initially appointed by the county executive other than the chairperson, one shall serve for a term ending December thirty-first, nineteen hundred ninety-one; one shall serve for a term ending December thirty-first, nineteen hundred ninety-two; and one shall serve for a term ending December thirty-first, nineteen hundred ninety-three. Thereafter each member, other than the chairperson, shall serve a term of four years.

2. All members shall continue to hold office until their successors are appointed and qualify. Vacancies shall be filled in the manner provided for original appointment. Vacancies, occurring otherwise than by expiration of term of office, shall be filled for the unexpired terms. Members may be removed from office for the same reasons and in the same manner as may be provided by law for the removal of officers of the county. The members of the authority shall receive no compensation for their services but shall be reimbursed for all their actual and necessary expenses incurred in connection with the carrying out of the purposes of this title. The powers of the authority shall be vested in and be exercised by the members of the authority at a meeting duly called and held and a majority of directors shall constitute a quorum. No action shall be taken except pursuant to the favorable vote of at least a majority of directors. The members of the authority may delegate to one or more of its members, officers, agents or employees such powers and duties as it may deem proper.

3. Notwithstanding any inconsistent provision of any general, special or local law, ordinance, resolution or charter, no officer, member or employee of the state or of any public corporation shall forfeit his or her office or employment by reason of his or her acceptance of appointment as a member, officer or employee of the authority, nor shall service as such member, officer or employee be deemed incompatible or in conflict with such office, membership or employment.

4. The authority shall continue for a term of one year after all its bonds have been fully paid and discharged. Upon termination of the existence of the authority, all of its rights and property shall pass to and be vested in the county.

§ 2754. Advances on behalf of the authority; transfer of property to authority; acquisition of property by county for authority. 1. In addition to any powers granted to it by law, the county may, from time to time, appropriate by resolution sums of money to defray project costs or any other costs and expenses of the authority including operating expenses. Subject to the rights of bondholders, the county may determine if the moneys so appropriated shall be subject to repayment by the authority to the county and, in such event, the manner and time or times for such repayment.

2. Notwithstanding any inconsistent provision of any general, special or local law, ordinance, resolution or charter, any public corporation may, by a majority vote of its governing body and the approval of its chief executive officer, give, grant, sell, convey, loan, license the use of or lease to the authority any property or facilities, including aviation facilities and pollution control facilities, which are useful in connection with the exercise by the authority of its powers under this title. Any such gift, grant, sale, conveyance, loan, license or lease shall be upon such terms and conditions, and for such term or terms of years, subject to the rights of the holders of any bonds, as the authority and such public corporation may agree. Any such gift, grant, sale, conveyance, lease, loan or license shall not be subject to referendum, permissive or mandatory. In the event that any public corporation gives, grants, sells, conveys, loans, licenses or leases any aviation facilities or pollution control facilities to the authority, such public corporation may contract with the authority to lease, borrow, license, operate, maintain, manage and provide services for such facilities upon such terms and conditions and for such term or terms of years, subject to the rights of holders of bonds, as the authority and such public corporation may agree. The authority, in furtherance of any purchase, conveyance or lease of any property or facility from any public corporation, may assume the primary responsibility for the payment of the principal and interest on any bonds or notes issued by such public corporation for such property or facility. For purposes of section 136.00 of the local finance law, any agreement by the authority to assume the primary responsibility for the payment of the principal and interest on any bonds or notes issued by any such public corporation

shall, so long as such agreement shall continue to be honored by the authority, cause such bonds or notes to be deemed to have been refunded and any such public corporation may deduct from its gross indebtedness any outstanding indebtedness contracted for such property or facility to be acquired by the authority.

3. The county may acquire by purchase, grant, lease, gift or condemnation pursuant to the eminent domain procedure law real property in the name of the county for any corporate purpose of the authority.

4. Notwithstanding the provisions of any other law, general, special or local, real property acquired by the authority or the county from the state may be used for any corporate purpose of the authority.

§ 2755. Transfer of officers and employees. 1. In accordance with the provisions of section seventy of the civil service law, any officer or employee of the county, selected by the authority may, with the consent of the county executive, be transferred to the authority and shall be eligible for such transfer and appointment, without further examination, to applicable offices, positions and employment under the authority.

2. A transferred employee shall remain in the same collective bargaining unit as was the case prior to his or her transfer; successor employees to the positions held by such transferred employees shall, consistent with the provisions of article fourteen of the civil service law, be included in the same unit as their predecessors. Employees serving in positions in newly created titles shall be assigned to such same collective bargaining unit if they would have been assigned to such unit were such titles created prior to the establishment of the authority. Nothing contained in this title shall be construed to diminish (a) the rights of employees pursuant to a collective bargaining agreement or (b) to affect existing law with respect to an application to the public employment relations board seeking a designation by the board that certain persons are managerial or confidential.

§ 2756. General powers of the authority. Except as otherwise limited by this title, the authority shall have power:

1. to sue and be sued;

2. to have a seal and alter the same at pleasure;

3. to borrow money and issue bonds for any of its corporate purposes or its projects and to provide for the rights of the holders thereof;

4. to make and alter by-laws for its organization and management, and, subject to agreements with its bondholders, to make and alter rules and regulations governing the exercise of its powers and the fulfillment of its purposes under this title;

5. to acquire by purchase, grant, lease, gift, condemnation pursuant to the provisions of the eminent domain procedure law with the approval of the county, or otherwise and to hold and use property necessary, convenient or desirable to carry out its corporate purposes, and to sell, convey, mortgage, lease, pledge, exchange or otherwise dispose of any such property in such manner as the authority shall determine;

6. to acquire, construct, reconstruct, lease, expand, improve, maintain, equip, furnish, operate one or more projects and, if necessary, to pay or finance the cost thereof;

7. to apply for and to accept gifts, grants, loans, or contributions of funds or property or financial or other aid in any form from, and enter into contracts or other transactions with, the federal government, the state or any public corporation or any other source, and to use any such gifts, grants, loans or contributions for any of its corporate purposes;

8. to grant options to renew any lease with respect to any project or projects and to grant options to buy any project at such price as the authority may deem desirable;

9. to designate the depositories of its money;

10. to establish its fiscal year;

11. to enter into contracts, agreements and leases with the federal government, the state, the county, any person or other public corporation and to execute all instruments necessary or convenient to accomplishing its corporate purposes;

12. to appoint such officers, employees and agents as the authority may require for the performance of its duties, and to fix and determine their qualifications, duties, and compensation subject to the provisions of the civil service law and any applicable collective bargaining agreement, and to retain or employ counsel, auditors, engineers and private consultants on a contract basis or otherwise for rendering professional, management or technical services and advice;

13. with the consent of the county executive to use employees, agents, consultants and facilities of the county, paying the county its agreed proportion of the compensation or costs;

14. to make plans, surveys, and studies necessary, convenient or desirable to the effectuation of the purposes and powers of the authority and to prepare recommendations in regard thereto;

15. to enter upon such lands, waters or premises as in the judgment of the authority may be necessary, convenient or desirable for the purpose of making surveys, soundings, borings and examinations to accomplish any purpose authorized by this title, the authority being liable for actual damage done;

16. the authority may covenant and consent that the interest on any of its bonds or notes issued pursuant to this title shall be includible, under the United States Internal Revenue Code of 1986, or any subsequent corresponding internal revenue law of the United States, in gross income of the holders of the bonds or notes to the same extent and in the same manner that the interest on bills, bonds, notes or other obligations of

the United States is includible in the gross income of the holders thereof under said Internal Revenue Code or any such subsequent law;

17. to do all things necessary, convenient or desirable to carry out its purposes and for the exercise of the powers granted in this title;

18. to insure or provide for the insurance of the authority's property or operations as required by law and also against such other risks as the authority may deem advisable.

§ 2757. Special powers of the authority. In order to effectuate the purpose of this title:

1. The authority may enter into any joint service arrangements as hereinafter provided.

2. The authority may, on such terms and conditions as the authority may determine necessary, convenient or desirable, establish, construct, effectuate, operate, manage, maintain, renovate, improve, extend or repair any aviation facilities or pollution control facilities, or may provide for such establishment, construction, effectuation, operation, management, maintenance, renovation, improvement, extension or repair by contract, lease, or other arrangement on such terms as the authority may deem necessary, convenient or desirable with the federal government, any state or agency or instrumentality thereof, any person or public corporation. In connection with the operation of any such facilities, the authority may establish, construct, effectuate, operate, manage, maintain, renovate, improve, extend or repair or may provide by contract, lease or other arrangement for the establishment, construction, effectuation, operation, management, maintenance, renovation, improvement, extension or repair of any related services and activities it deems necessary, convenient or desirable.

3. The authority may establish, fix, revise, levy and collect or cause to be established, fixed, revised, levied and collected and, in the case of a joint service arrangement, join with others in the establishment,

fixing, revision, levy and collection of such fares, rentals, rates, charges, landing and field use fees, concession fees and other fees as it may deem necessary, convenient or desirable for the use and operation of any aviation facilities, and related services operated or managed by the authority or under contract, pollution control facilities, lease or other arrangement, including joint service arrangements, with the authority. Such fares, rentals, rates, charges, landing and field use fees, concession fees or other fees shall be at least sufficient at all times in the judgment of the authority to establish and maintain the combined operations of the authority on a self-sustaining basis. Such operations shall be deemed to be on a self-sustaining basis as required by this title, when the authority is able to pay or fund or cause to be paid or funded from revenues and any other funds actually available to the authority (i) the principal of, premium, if any, and the interest on the outstanding bonds of the authority as the same shall become due and payable and any capital or debt service reserve therefor and, to the extent required by any agreement between the county and the authority, the principal of and interest on any general obligation bonds, notes or other evidence of indebtedness of the county issued for or allocable to any project of the authority as the same shall become due and payable and any reserves therefor, (ii) the cost of administering, maintaining, repairing and operating any project of the authority, (iii) the cost of constructing capital improvements thereto pursuant to any agreement between the county and the authority, (iv) any liabilities incurred for or allocable to any project of the authority including any liabilities of the county assumed by the authority pursuant to any agreement between the county and the authority, as the same become due and payable, (v) any requirements of any agreement including those relating to the establishment of reserves for renewal and replacement and for uncollected fares, rentals, rates, charges and fees and covenants respecting rates and debt service and earnings coverage ratios, (vi) all other reasonable and necessary expenses of the authority, and (vii) the cost of such additional projects as may be now or hereafter authorized by law and agreed to by the authority.

4. The authority may establish and, in the case of joint service arrangements, join with others in the establishment of such schedules

and standards of operations and such other rules and regulations including but not limited to rules and regulations governing the conduct, safety and security of the public as it may deem necessary, convenient or desirable for the use, operation and management of any project and related services operated or managed by the authority or under contract, lease or other arrangement, including joint service arrangements, with the authority. Such rules and regulations governing the conduct, safety and security of the public shall be filed with the department of state in the manner provided by section one hundred two of the executive law. In the case of any conflict between any such rule or regulation of the authority governing the conduct, safety and security of the public and any local law, ordinance, rule or regulation, such rule or regulation of the authority shall prevail.

5. The authority may do all things it deems necessary, convenient or desirable to manage, control and direct the maintenance and operation of aviation facilities, equipment or property operated by or under contract, lease or other arrangement with the authority. Except as agreed to pursuant to any agreement between the authority and any public corporation and except as hereinafter specially provided, no municipality except for the county, shall have jurisdiction over any facilities of the authority or any of its activities or operations. The county shall provide for such facilities police, fire and health protection services.

6. The authority may accept unconditional grants of money or property from any municipality the whole or any part of which municipality shall be served or to be served by an aviation facility operated by the authority. Such grants of money or property would be for the purpose of assisting the authority in meeting its capital or operating expenses. The acceptance of any such grant shall not operate to make the authority an agency of the municipality making the grant.

7. In any instance where the county is required by law, with respect to an airport or any aviation facilities, to conduct a public hearing in connection with a contract, lease, joint service arrangement, charge, fare, rental or fee, the authority shall not enter into such contract,

lease, joint service arrangement, or establish, fix, revise or levy any charge, fare, rental, landing and field use fee, concession fee or other fee unless and until the authority has held a public hearing at which interested persons have had an opportunity to be heard concerning the same, provided however, if the county has conducted a public hearing in connection with such contract, lease, joint service arrangement, charge, fare, rental or fee, the authority shall not be required to hold a public hearing. Notice of such public hearing shall be published by the authority at least ten days before the date set therefor, in at least one newspaper of general circulation in the county. Such notice shall set forth the date, time and place of such hearing and shall include a brief description of the matters to be considered at such meeting. At all such hearings, any interested persons shall have an opportunity to be heard concerning the matters under consideration. Any decision of the authority on matters considered at such public hearing shall be in writing and be made available in the office of the authority for public inspection during regular office hours.

§ 2758. County approval required. Notwithstanding any inconsistent provision of this title, no project, including but not limited to the acquisition of real property by the authority or the expansion of the authority's aviation facilities, may be undertaken by the authority unless such project is approved by a resolution of the county legislature adopted by a majority vote and approved by the county executive; provided, however, that Resolution No. 157 of 1989 of the county legislature approving an airport expansion project shall be deemed to be an approval within the meaning of this section without further action by the county. All future projects not incorporated in or contemplated by Resolution No. 157 of 1989 shall be subject to approval by the county legislature and the county executive as set forth in this section.

§ 2759. Bonds of the authority. 1. The authority shall have the power and is hereby authorized from time to time to issue bonds, notes or other obligations to pay the cost of any project or for any other corporate purpose, including the establishment of reserves to secure the bonds, the payment of principal of, premium, if any, and interest on the bonds and the payment of incidental expenses in connection therewith. The aggregate principal amount of such bonds, notes or other obligations shall not exceed two hundred million dollars ($200,000,000), excluding bonds, notes or other obligations issued to refund or otherwise repay bonds, notes or other obligations theretofore issued for such purposes; provided, however, that upon any such refunding or repayment the total aggregate principal amount of outstanding bonds, notes or other obligations may be greater than two hundred million dollars ($200,000,000) only if the present value of the aggregate debt service of the refunding or repayment bonds, notes or other obligations to be issued shall not exceed the present value of the aggregate debt service of the bonds, notes or other obligations so to be refunded or repaid. For purposes hereof, the present values of the aggregate debt service of the refunding or repayment bonds, notes or other obligations and of the aggregate debt service of the bonds, notes or other obligations so refunded or repaid, shall be calculated by utilizing the effective interest rate of the refunding or repayment bonds, notes or other obligations, which shall be that rate arrived at by doubling the semi-annual interest rate (compounded semi-annually) necessary to discount the debt service payments on the refunding or repayment bonds, notes or other obligations from the payment dates thereof to the date of issue of the refunding or repayment bonds, notes or other obligations and to the price bid including estimated accrued interest or proceeds received by the authority including estimated accrued interest from the sale thereof. The authority shall have power and is hereby authorized to enter into such agreements and perform such acts as may be required under any applicable federal legislation to secure a federal guarantee of any bonds.

2. The authority shall have power from time to time to renew bonds or to issue renewal bonds for such purpose, to issue bonds to pay bonds, and, whenever it deems refunding expedient, to refund any bond by the issuance of new bonds, whether the bonds to be refunded have or have not matured, and may issue bonds partly to refund bonds then outstanding and partly for any other corporate purpose of the authority. Bonds (other

than notes or other evidence of indebtedness) issued for refunding purposes, which have a final maturity date longer than the maturity of the bonds being refunded, shall be approved by a resolution of the county legislature adopted by a majority vote and approved by the county executive. Bonds issued for refunding purposes shall be sold and the proceeds applied to the purchase, redemption or payment of the bonds or notes to be refunded.

3. Bonds issued by the authority may be general obligations secured by the faith and credit of the authority or may be special obligations payable solely out of particular revenues or other moneys as may be designated in the proceedings of the authority under which the bonds shall be authorized to be issued, subject as to priority only to any agreements with the holders of outstanding bonds pledging any particular property, revenues or moneys. The authority may also enter into loan agreements, lines of credit and other security agreements and obtain for or on its behalf letters of credit, insurance, guarantees or other credit enhancements to the extent now or hereafter available, in each case for securing its bonds or to provide direct payment of any costs which the authority is authorized to pay.

4. Bonds shall be authorized by resolution of the authority, be in such denominations and bear such date or dates and mature at such time or times, as such resolution may provide, provided that bonds and renewals thereof shall mature within forty years from the date of original issuance of any such bonds.

Bonds shall be subject to such terms of redemption, bear interest at such rate or rates, be payable at such times, be in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, and be subject to such terms and conditions as such resolution may provide.

Notwithstanding any other provision of law, the bonds of the authority issued pursuant to this section shall be sold to the bidder offering the lowest true interest cost, taking into consideration any premium or discount not less than four nor more than fifteen days, Sundays excepted, after a notice of such sale has been published at least once in a newspaper of general circulation in the area served by the authority, which shall state the terms of the sale. The terms of the sale may not change unless notice of such change is published in such newspaper at least one day prior to the date of the sale as set forth in the original notice of sale. Advertisements shall contain a provision to the effect that the authority, in its discretion, may reject any or all bids made in pursuance of such advertisements, and in the event of such rejection, the authority is authorized to negotiate a private or public sale or readvertise for bids in the form and manner above described as many times as, in its judgment, may be necessary to effect a satisfactory sale.

Notwithstanding the provisions of the preceding paragraph, whenever in the judgment of the authority the interests of the authority will be served thereby, the members of the authority, on the written recommendation of the chairperson, may authorize the sale of such bonds at private or public sale on a negotiated basis or on either a competitive or negotiated basis. The authority shall set guidelines governing the terms and conditions of any such private or public sales.

The private or public bond sale guidelines set by the authority shall include, but not be limited to a requirement that where the interests of the authority will be served by a private or public sale of bonds, the authority shall select underwriters for private or public bond sales conducted pursuant to a request for proposal process undertaken at least once annually and consideration of proposals from qualified underwriters taking into account, among other things, qualifications of underwriters as to experience, their ability to structure and sell authority bond issues, anticipated costs to the authority, the prior experience of the authority with the firm, if any, the capitalization of such firms, participation of qualified minority and women-owned business enterprise firms in such private or public sales of bonds of the authority and the experience and ability of firms under consideration to work with minority and women-owned business enterprises so as to promote and assist participation by such enterprises.

The authority shall have the power from time to time to amend such private bond sale guidelines in accordance with the provisions of this subdivision.

No private or public bond sale on a negotiated basis shall be conducted by the authority without prior approval of the comptroller.

The authority shall annually prepare and approve a bond sale report which shall include the private or public bond sale guidelines as specified in this subdivision, amendments to such guidelines since the last private or public bond sale report, an explanation of the bond sale guidelines and amendments, and the results of any sale of bonds conducted during the fiscal year. Such bond sale report may be a part of any other annual report that the authority is required to make.

The authority shall annually submit its bond sale report to the comptroller and copies thereof to the senate finance committee and the assembly ways and means committee.

The authority shall make available to the public copies of its bond sale report upon reasonable request therefor.

Nothing contained in this subdivision shall be deemed to alter, affect the validity of, modify the terms of or impair any contract or agreement made or entered into in violation of, or without compliance with, the provisions of this subdivision.

5. Any resolution or resolutions authorizing bonds or any issue of bonds may contain provisions which may be a part of the contract with the holders of the bonds thereby authorized as to:

(a) pledging all or any part of the revenues, other moneys or property of the authority to secure the payment of the bonds, or any costs of issuance thereof, including but not limited to any contracts, earnings or proceeds of any grant to the authority received from any private or public source subject to such agreements with bondholders as may then exist;

(b) the setting aside of reserves and the creation of sinking funds and the regulation and disposition thereof;

(c) limitations on the purpose to which the proceeds from the sale of bonds may be applied;

(d) the rates, rents, fees and other charges to be fixed and collected by the authority and the amount to be raised in each year thereby and the use and disposition of revenues;

(e) limitations on the right of the authority to restrict and regulate the use of the project or part thereof in connection with which bonds are issued;

(f) limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured and the refunding of outstanding or other bonds;

(g) the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, the amount of bonds the holders of which must consent thereto, and the manner in which such consent may be given;

(h) the creation of special funds into which any revenues or moneys may be deposited;

(i) the terms and provisions of any trust, mortgage, deed or indenture securing the bonds under which the bonds may be issued;

(j) vesting in a trustee or trustees such properties, rights, powers and duties in trust as the authority may determine which may include any or all of the rights, powers and duties of the trustees appointed by the bondholders pursuant to this title and limiting or abrogating the rights of the bondholders to appoint a trustee under such section or limiting the rights, duties and powers of such trustee;

(k) defining the acts or omissions to act which may constitute a default in the obligations and duties of the authority to the bondholders and providing for the rights and remedies of the bondholders in the event of such default, including as a matter of right the appointment of a receiver, provided, however, that such rights and remedies shall not be inconsistent with the general laws of the state and other provisions of this title;

(l) limitations on the power of the authority to sell or otherwise dispose of any project or any part thereof;

(m) limitations on the amount of revenues and other moneys to be expended for operating, administrative or other expenses of the authority;

(n) the payment of the proceeds of bonds, revenues and other moneys to a trustee or other depository, and for the method of disbursement thereof with such safeguards and restrictions as the authority may determine; and

(o) any other matters of like or different character which in any way affect the security or protection of the bonds or the rights and remedies of bondholders.

6. In addition to the powers herein conferred upon the authority to secure its bonds, the authority shall have power in connection with the issuance of bonds to adopt resolutions and enter into such trust indentures, agreements or other instruments as the authority may deem necessary, convenient or desirable concerning the use or disposition of its revenues or other moneys or property, including the mortgaging of any property and the entrusting, pledging or creation of any other security interest in any such revenues, moneys or property and the doing of any act, including refraining from doing any act which the authority would have the right to do in the absence of such resolutions, trust indentures, agreements or other instruments. The authority shall have power to enter into amendments of any such resolutions, trust indentures, agreements or other instruments. The provisions of any such resolutions, trust indentures, agreements or other instruments may be made a part of the contract with the holders of bonds of the authority.

7. Any provision of the uniform commercial code to the contrary notwithstanding, any pledge of or other security interest in revenues, moneys, accounts, contract rights, general intangibles or other personal property made or created by the authority shall be valid, binding and perfected from the time when such pledge is made or other security interest attaches without any physical delivery of the collateral or further act, and the lien of any such pledge or other security interest shall be valid, binding and perfected against all parties having claims of any kind in tort, contract or otherwise against the authority irrespective of whether or not such parties have notice thereof. No instrument by which such a pledge or security interest is created nor

any financing statement need be recorded or filed.

8. Whether or not the bonds are of such form and character as to be negotiable instruments under the terms of the uniform commercial code, the bonds are hereby made negotiable instruments within the meaning of and for all the purposes of the uniform commercial code, subject only to the provisions of the bonds for registration.

9. Neither the members of the authority nor any person executing its bonds shall be liable personally on its bonds or be subject to any personal liability or accountability by reason of the issuance thereof.

10. Subject to such agreements with bondholders as may then exist, the authority shall have power out of any funds available therefor to purchase bonds of the authority, which shall thereupon be cancelled, at a price not exceeding (a) if the bonds are then redeemable, the redemption price then applicable plus accrued interest to the next interest payment date, or (b) if the bonds are not then redeemable, the redemption price applicable on the first date after such purchase upon which the bonds become subject to redemption plus accrued interest to the next interest payment date. Bonds so purchased shall thereupon be cancelled.

§ 2760. Remedies of bondholders. Subject to any resolution or resolutions adopted pursuant to this title:

1. In the event that the authority shall default in the payment of principal or of interest on any issue of bonds after the same shall become due, whether at maturity or upon call for redemption, and such default shall continue for a period of thirty days, or in the event that the authority shall fail or refuse to comply with the provisions of this title or shall default in any agreement made with the holders of any issue of bonds, the holders of twenty-five percent in aggregate principal amount of the bonds of such issue then outstanding, by instrument or instruments filed in the office of the clerk of the county in which the principal office of the authority is located and proved or

acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of such bonds for the purpose herein provided.

2. Such trustee may, and upon written request of the holders of twenty-five per centum in principal amount of such bonds outstanding, shall in its own name:

(a) by action or proceeding in accordance with the civil practice law and rules, enforce all rights of the bondholders, including the right to require the authority to collect rents, rates, fees and charges adequate to carry out any agreement as to, or pledge of, such rents, rates, fees and charges and to require the authority to carry out any other agreements with the holders of such bonds to perform its duties under this title;

(b) bring an action or proceeding upon such bonds;

(c) by action or proceeding, require the authority to account as if it were the trustee of an express trust for the holders of such bonds;

(d) by action or proceeding, enjoin any acts or things which may be unlawful or in violation of the rights of the holders of such bonds; and

(e) declare all such bonds due and payable, and if all defaults shall be made good, then with the consent of the holders of twenty-five per centum of the principal amount of such bonds then outstanding, to annul such declaration and its consequences.

3. Such trustee shall in addition to the foregoing have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth herein or incident to the general representation of bondholders in the enforcement and protection of their rights.

4. The supreme court shall have jurisdiction of any action or proceeding by the trustee on behalf of such bondholders. The venue of any such action or proceeding shall be laid in the county.

5. Before declaring the principal of bonds due and payable, the trustee shall first give thirty days notice in writing to the authority.

6. Any such trustee whether or not the issue of bonds represented by such trustee has been declared due and payable, shall be entitled as of right to the appointment of a receiver of any part or parts of the project, the revenues of which are pledged for the security of the bonds of such issue, and such receiver may enter and take possession of such part or parts of the project and, subject to any pledge or agreement with the holders of such bonds, shall take possession of all moneys and other property derived from such part or parts of the project and proceed with any construction thereon or the acquisition of any property, real or personal, in connection therewith that the authority is under obligation to do, and operate, maintain and reconstruct such part or parts of the project and collect and receive all revenues thereafter arising therefrom subject to any pledge or agreement with bondholders relating thereto and perform the public duties and carry out the agreements and obligations of the authority under the direction of the court. In any suit, action or proceeding by the trustee, the fees, counsel fees and expenses of the trustee and of the receiver, if any, shall constitute taxable disbursements and all costs and disbursements allowed by the court shall be a first charge on any revenues derived from the project.

§ 2761. State and county not liable on authority bonds. Neither the state nor the county shall be liable on the bonds of the authority and such bonds shall not be a debt of the state or the county, and such bonds shall contain on the face thereof a statement to such effect.

§ 2762. Moneys of the authority. All moneys of the authority from whatever source derived shall be paid to the treasurer of the authority and shall be deposited forthwith in a bank or banks designated by the authority. The moneys in such accounts shall be paid out on check of the treasurer upon requisition by such person or persons as the authority may authorize to make such requisitions. All deposits of such moneys shall be secured by obligations of the United States or of the state or of any municipality of a market value equal at all times to the amount on deposit and all banks and trust companies are authorized to give such security for such deposits. To the extent practicable, consistent with the cash requirements of the authority, all such moneys shall be deposited in interest bearing accounts. The authority shall have power, notwithstanding the provisions of this section, to contract with the holders of any bonds as to the custody, collection, security, investment and payment of any moneys of the authority or any moneys held in trust or otherwise for the payment of bonds or in any way to secure bonds, and carry out any such contract notwithstanding that such contract may be inconsistent with the provisions of this section. Moneys held in trust or otherwise for the payment of bonds or in any way to secure bonds and deposits of such moneys may be secured in the same manner as moneys of the authority and all banks and trust companies are authorized to give such security for such deposits. Any moneys of the authority not required for immediate use or disbursement may, at the discretion of the authority, be invested in those obligations specified pursuant to the provisions of section ninety-eight-a of the state finance law. Subject to the provisions of any contract with bondholders and with the approval of the comptroller, the authority shall prescribe a system of accounts.

§ 2763. Bonds legal investment for fiduciaries. The bonds of the authority are hereby made securities in which all public officers and bodies of the state and all municipalities, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations, including savings and loan associations, building and loan associations, investment companies and other persons carrying on a banking business, and administrators, guardians, executors, trustees and other fiduciaries and all other persons whatsoever, who are now or may hereafter be authorized to invest in bonds or other obligations of the state may properly and legally invest funds including capital in their control or belonging to them. Notwithstanding other provisions of law, the bonds are also hereby made securities which may be deposited with and may be received by all public officers and bodies of the state and all municipalities for any purposes for which the deposit of bonds or other obligations of this state is now or hereafter may be authorized.

§ 2764. Agreement with state. The state does hereby pledge to and agree with the holders of any bonds issued by the authority pursuant to this title and with those persons or public corporations who may enter into contracts with the authority pursuant to the provisions of this title that the state will not alter, limit or impair the rights hereby vested in the authority to purchase, construct, own and operate, maintain, repair, improve, reconstruct, renovate, rehabilitate, enlarge, increase and extend, or dispose of any project, or any part or parts thereof, for which bonds of the authority shall have been issued, to establish and collect rates, rents, fees and other charges referred to in this title, to fulfill the terms of any contracts or agreements made with or for the benefit of the holders of bonds or with any person or public corporation with reference to such project or part thereof, or in any way to impair the rights and remedies of the holders of bonds, until the bonds, together with interest thereon, including interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of the holders of bonds, are fully met and discharged and such contracts are fully performed on the part of the authority. The authority is authorized to include this pledge and agreement of the state in any agreement with the holders of bonds.

§ 2765. Agreement with county. The county is authorized to pledge to and agree with the holders of any bonds issued by the authority pursuant to this title and with those persons or public corporations who may enter into contracts with the authority pursuant to the provisions of this title that the county will not alter, limit or impair the rights hereby vested in the authority to purchase, construct, own and operate, maintain, repair, improve, reconstruct, renovate, rehabilitate, enlarge, increase and extend, or dispose of any project, or any part or parts thereof, for which bonds of the authority shall have been issued, to establish and collect rates, rents, fees and other charges referred to in this title, to fulfill the terms of any agreements made with the holders of the bonds or with any public corporation or person with reference to such project or part thereof, or in any way impair the rights and remedies of the holders of bonds, until the bonds, together with interest thereon, including interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of the holders of bonds, are fully met and discharged and such contracts are fully performed on the part of the authority.

§ 2766. Exemption from taxes, assessments and certain fees. 1. The authority shall not be required to pay any fees, taxes, special ad valorem levies or assessments, whether state or local, including but not limited to fees, taxes, special ad valorem levies or assessments on real property, franchise taxes, sales taxes or other excise taxes, upon any property owned by it or under its jurisdiction, control or supervision, or upon the uses thereof, or upon its activities in the operation and maintenance of its facilities or any fares, tolls, rentals, rates, charges, fees, revenues or other income received by the authority. Notwithstanding the previous sentence, the authority shall be required to pay water and pure water fees or charges imposed by any public corporation. The authority shall at all times be exempt from any filing, mortgage recording or transfer fees or taxes in relation to instruments filed, recorded or transferred by it or on its behalf. The construction, use, occupation or possession of any property owned by the authority or the county, including improvements thereon, by any person or public corporation under a lease, lease and sublease or any other agreement shall not operate to abrogate or limit the foregoing exemption, notwithstanding that the lessee, user, occupant or person in possession shall claim ownership for federal income tax purposes.

2. Any bonds issued pursuant to this title together with the income therefrom as well as the property of the authority shall at all times be exempt from taxes, except for transfer and estate taxes. The state hereby covenants with the purchasers and with all subsequent holders and transferees of bonds issued by the authority pursuant to this title, in consideration of the acceptance of and payment for the bonds, that the bonds of the authority issued pursuant to this title and the income therefrom and all revenues, moneys, and other property pledged to secure

the payment of such bonds shall at all times be free from taxation, except for transfer and estate taxes.

§ 2767. Actions against authority. 1. Except in an action for wrongful death, no action or special proceeding shall be prosecuted or maintained against the authority, its members, officers, or employees for personal injury or damage to real or personal property alleged to have been sustained by reason of the negligence, tort or wrongful act of the authority or of any member, officer, agent or employee thereof, unless (i) a notice of claim shall have been made and served upon the authority within the time limit set by and in compliance with section fifty-e of the general municipal law, (ii) it shall appear by and as an allegation in the complaint or moving papers that at least thirty days have elapsed since the service of such notice and that adjustment or payment thereof has been neglected or refused, (iii) the action or special proceeding shall be commenced within one year and ninety days after the happening of the event upon which the claim is based, and (iv) an action against the authority for wrongful death shall be commenced in accordance with the notice of claim and time limitation provisions of title eleven of article nine of this chapter.

2. Whenever a notice of claim is served upon the authority, it shall have the right to demand an examination of the claimant relative to the occurrence and extent of the injuries or damages for which claim is made, in accordance with the provisions of section fifty-h of the general municipal law.

3. The authority may require any person presenting for settlement an account or claim for any cause whatever against the authority to be sworn before a member, counsel or an attorney, officer or employee of the authority designated for such purpose, concerning such account or claim and, when so sworn, to answer orally as to any facts relative to such account or claim. The authority shall have power to settle or adjust all claims in favor of or against the authority.

4. Any action or proceeding to which the authority or the people of

the state may be parties, in which any question arises as to the validity of this title, shall be preferred over all other civil causes of action or cases, except election causes of action or cases, in all courts of the state and shall be heard and determined in preference to all other civil business pending therein except election causes, irrespective of position on the calendar. The same preference shall be granted upon application of the authority or its counsel in any action or proceeding questioning the validity of this title in which the authority may be allowed to intervene. The venue of any such action or proceeding shall be laid in the supreme court of the county.

5. The rate of interest to be paid by the authority upon any judgment for which it is liable, other than a judgment on its bonds, shall be the rate prescribed by section five thousand four of the civil practice law and rules. Interest on payments of principal or interest on any bonds in default shall accrue at the rate borne by such bonds from the due date thereof until paid or otherwise satisfied.

§ 2768. Contracts. All contracts for construction shall be let by the authority in conformity with the applicable provisions of section one hundred thirty-five of the state finance law and shall be let in accordance with the provisions of state law pertaining to prevailing wages, labor standards and working hours. In the case of industrial projects, whenever the authority determines that trade secrets or other confidential information about the prospective project occupant's business operations, products, processes or designs would be revealed by public bidding, the requirements of section one hundred thirty-five of the state finance law with respect to public bidding may be waived. In such event, separate specifications shall be prepared for, and separate and independent contracts shall be entered into, for the following three subdivisions of work to be performed: (a) plumbing and gas fitting; (b) steam heating, hot water heating, ventilating and air conditioning apparatus; and (c) electric wiring and standard illuminating fixtures. The authority may, in its discretion, assign contracts for supervision and coordination to the successful bidder for any subdivision of work for which the authority receives bids. The authority shall not award any construction contract except to the lowest bidder who, in its opinion, is qualified to perform the work required and who is responsible and reliable. The authority may, however, reject any or all bids or waive any informality in a bid if it believes that the public interest will be promoted thereby. The authority may reject any bid if, in its judgment, the business and technical organization, plant, resources, financial standing, or experience of the bidder justifies such rejection in view of the work to be performed.

§ 2769. Interest in contracts prohibited. It shall be a misdemeanor for any member, officer or employee of the authority to be in any way or manner interested, directly or indirectly, in the furnishing of work, materials, supplies or labor, or in any contract therefor which the authority is empowered by this title to make.

§ 2770. Agreements relating to payment in lieu of taxes. 1. In order to assure that municipalities may not suffer undue loss of taxes or assessments in the event that the authority acquires any airport from the county, any person paying real property taxes or assessments as of the date of the transfer of title from the county to the authority on any property located within any such airport shall make payments in lieu of taxes in an amount equal to the sums which would ordinarily be imposed as taxes by any municipality in which such property is located, pursuant to the prevailing method of determining taxes and assessments.

2. Subject to any agreement with bondholders, the authority may, but is not required to, enter into agreements with any municipality of the state to pay annual sums in lieu of taxes to any such municipality in respect of any real property which is owned by the authority is located in such municipality and is used for public aviation purposes or pollution control purposes. For the purposes of this section, such public aviation purposes shall include without limitation air terminal facilities, parking facilities, fuel facilities, maintenance facilities, and facilities for the loading, unloading, holding, interchange or transfer of passengers, freight, baggage or cargo.

3. In the event that any real property owned by the authority is used or is to be used by the authority or a lessee thereof for purposes other than public aviation purposes, the authority, or lessee thereof, as the case may be, shall enter into agreements with any municipality of the state to pay annual sums in lieu of taxes in respect of such real property located in such municipality. For the purposes of this section, such purposes other than public aviation purposes shall include without limitation hotels, motels, restaurants and retail stores and concessions not located within any air terminal building, office buildings to the extent not used by the authority or any other public corporation for its own corporate purposes, and such other buildings and improvements as determined by the authority to be not exclusively for public aviation purposes.

The authority shall determine (i) the amount of such annual payments in lieu of taxes, (ii) whether the use of such property is for purposes other than public aviation purposes and (iii) the extent to which such property is used for purposes other than public aviation purposes. In making such determinations the authority shall take into consideration the recommendations, if any, of the county.

§ 2771. Audit and annual report. In conformity with the provisions of section five of article ten of the constitution, the accounts of the authority shall be subject to the supervision of the state comptroller and an annual audit shall be performed by an independent certified accountant. The authority shall annually submit to the governor and the state comptroller and to the chairperson of the senate finance committee and the chairperson of assembly ways and means committee a detailed report pursuant to the provisions of section two thousand eight hundred of title one of article nine of this chapter, and a copy of such report shall be filed with the clerk of the county legislature and the county executive.

§ 2772. Limited liability. Neither members, officers or employees of the authority, nor any municipality, or an officer or employee thereof acting on behalf of the authority, while acting within the scope of their authority, shall be subject to any personal liability resulting from the construction, maintenance or operation of any of the properties of the authority or from carrying out any of the powers expressly given in this title provided, however, that this section shall not be held to apply to any independent contractor.

§ 2773. Transfer of applications, proceedings, approvals and permits. 1. Any application, review or process in relation to or in furtherance of the purposes of or contemplated by this title heretofore filed or undertaken, or any proceeding heretofore commenced or any determination, finding or award made, by the county or by the county with the federal government, the state department of environmental conservation, the state department of transportation or any other public corporation shall inure to and for the benefit of the authority to the same extent and in the same manner as if the authority had been a party to such application, review, process or proceeding from its inception, and the authority shall be deemed a party thereto, to the extent not prohibited by any federal law. Any license, approval, permit, determination, finding, award or decision heretofore or hereafter issued or granted pursuant to or as a result of any such application, review, process or proceeding shall inure to the benefit of and be binding upon the authority and shall be assigned and transferred by the county to the authority unless such assignment and transfer is prohibited by federal law.

2. All such applications, proceedings, licenses, approvals, permits, determinations, findings, awards and decisions shall further inure to and for the benefit of and be binding upon any person leasing, acquiring, financing, constructing, maintaining, operating, using or occupying any facility financed in whole or in part by the authority.

§ 2774. Separability. If any clause, sentence, paragraph, section, or part of this title shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section, or part thereof involved in the controversy in which such judgment shall have been rendered.

§ 2775. Effect of inconsistent provisions. In so far as the provisions of this title are inconsistent with the provisions of any other act, general or special, or of the county charter or any local law, charter, ordinance or resolution of the county or any other municipality, the provisions of this title shall be controlling. Nothing contained in this section shall be held to supplement or otherwise expand the powers or duties of the authority otherwise set forth in this title. Except as specifically provided for in this title, in the performance of any of its functions, powers and duties, the authority shall be subject to all applicable general or special laws of the state, the county charter, and any local law, ordinance or resolution of the county.

TITLE 32

ALBANY COUNTY AIRPORT AUTHORITY

§ 2776. Short title. This title may be cited as the "Albany County Airport Authority Act".

§ 2777. Statement of legislative findings and purpose. The legislature hereby finds and declares as follows:

1. The economic well-being of the state and the general welfare of its people require adequate, safe, secure and efficient aviation and transportation facilities at a reasonable cost to the people.

2. The strengthening and improvement of aviation facilities and related services is a matter of vital importance not only to the residents of the capital district but to all the state's residents and is, therefore, a matter of state concern.

3. In order to insure a healthy economy for such area and to promote the general welfare of its residents, it is necessary to expand and improve the existing aviation facilities and services in Albany county in such a manner as to stimulate and promote increased local, state, national and international air travel and commerce through the capital district.

4. The health, welfare, safety and security of the state's residents and of those passengers using air transportation requires coordinated operation of aviation facilities and services in Albany county by a public benefit airport authority.

5. The purposes of such authority shall be: (a) to promote safe, secure, efficient and economical air transportation by preserving and enhancing airport capacity; (b) to acquire, construct, reconstruct, continue, develop, equip, expand, improve, maintain, finance and operate aviation and other related facilities and services within Albany county; (c) to stimulate and promote economic development, trade and tourism; (d) to form an integral part of a safe and effective nationwide system of airports to meet the present and future needs of civil aeronautics and national defense and to assure inclusion of the authority's facilities in state, national and international programs for air transportation and for airport or airway capital improvement, all in accordance with the provisions of this title; and (e) to insure that aviation facilities authorized pursuant to this title shall provide for the protection and enhancement of the natural resources and the quality of the environment of the state and the capital district area.

6. Such purposes are in all respects public purposes for the benefit of the people of the state of New York and for which public funds may be expended and both the county and the authority in carrying out their respective powers and duties under this title shall be deemed to be acting in a governmental capacity. The acquisition, construction, reconstruction, development, expansion, improvement, equipping, operation and maintenance of any project financed or undertaken by the authority or the county shall be deemed to be the performance of an essential governmental function by the authority or the county acting in its governmental capacity, whether such project shall be owned or operated by the authority or by any person or public corporation.

7. It is hereby found and declared that it has been and remains the policy of the state of New York to promote equal opportunity in employment for all persons, without discrimination on account of race,

creed, color, national origin, sex, age, disability or marital status, to promote equality of economic opportunity for minority group members and women, and business enterprises owned by them, and to eradicate the effects of private and governmental discrimination which has erected and continues to maintain barriers that unreasonably impair access by minority and women-owned business enterprises to state contract opportunities.

Recent reviews and analyses of contracting in New York, including the study by the division of minority and women's business development of the department of economic development entitled "Opportunity Denied! A Study of Racial and Sexual Discrimination Related to Government Contracting in New York State," confirm through direct evidence of racial and sexual discrimination in and by New York state sufficient to justify race and sex conscious remedies. For the purpose of furthering the state's compelling interest in eradicating the effects of racial and sexual discrimination therefore, it is necessary and proper that article fifteen-A of the executive law, concerning participation by minority group members and women and business enterprises owned by them, shall apply to the Albany county airport authority.

§ 2778. Definitions. As used or referred to in this title, unless a different meaning clearly appears from the context:

1. "Airport" (a) shall mean any area of land or water which is used or intended for use, for the landing and takeoff of aircraft, and any appurtenant areas which are used, or intended for use, for airport buildings, parking facilities or other airport facilities or rights-of-way, together with all airport buildings and facilities located thereon; and (b) includes any heliport.

2. "Airport hazard" shall mean any structure or object of natural growth located on or in the vicinity of an airport, or any use of land near such an airport, which obstructs the airspace required for the flight of aircraft in landing or taking off at such airport or is otherwise hazardous to such landing or taking off of aircraft.

3. "Authority" shall mean the corporation created by this title.

4. "Aviation facilities" shall mean any airport facility or terminal including but not limited to any facility, property or equipment necessary, convenient or desirable for the landing, taking off, accommodation or servicing of aircraft of all types, and shall include such other facilities, equipment, property, structures and appurtenances as may be necessary or convenient in the operation, maintenance, development or improvement of an airport including facilities, equipment, property, structures, and appurtenances, leased by the authority to persons, engaged in air transportation or the production or development of materials, goods or equipment for an airport or air transportation or in providing facilities or equipment for the accommodation, safety, security or comfort of the traveling public and for purposes related or incidental to one or more of the foregoing purposes. It shall include, without limitation, runways, aprons, hangars, control towers, ramps, taxiways, navigation aids, warehouses, office and service buildings, structures, parking facilities, concession facilities, maintenance facilities, fuel facilities, facilities for the overnight accommodation of passengers and carrier employees, including hotels and motels located at the authority's airport, and facilities for the loading, unloading, holding, interchange or transfer of such passengers, freight, baggage or cargo. It shall also mean any property necessary to remove, mitigate, prevent or limit airports hazards. It shall also mean facilities and equipment providing access to an airport facility or terminal, including appropriate mass transportation terminal facilities at and within the airport facility or terminal itself. It shall also mean pollution control facilities, highways, bridges, access roads, driveways and approaches in the vicinity of an airport facility or terminal providing improved access to such airport facility or terminal.

5. "Bonds" shall mean the bonds, notes or other evidences of indebtedness issued by the authority pursuant to this title and the provisions of this title relating to bonds and bond holders which shall apply with equal force and effect to notes and note holders unless the

context otherwise clearly requires.

6. "Construction" shall mean the acquisition, erection, building, alteration, repair, improvement, increase, enlargement, extension, installation, reconstruction, renovation or rehabilitation of a project including any appurtenances thereto which may be necessary or desirable to promote the efficiency or effectiveness of such project; the inspection and supervision thereof; and the engineering, consulting, architectural, legal, fiscal and economic and environmental investigations and studies, surveys, designs, plans, working drawings, specifications, procedures and other actions incidental thereto and claims arising therefrom.

7. "Cost", as applied to any project, shall include the cost of construction, the cost of the acquisition of all property both real and personal, improved and unimproved, the cost of demolishing, removing or relocating any buildings or structures on lands so acquired, including the cost of relocating tenants or other occupants of the buildings or structures on such land and the cost of acquiring any lands to which such buildings or structures may be moved or relocated, the cost of all systems, facilities, machinery, apparatus and equipment, financing charges, interest prior to, during and after construction to the extent not paid or provided for from revenues or other sources, the cost of engineering and architectural surveys, plans and specifications the cost of consultants and legal services, the cost of lease, guarantees, credit enhancement or bond insurance, other expenses necessary or incidental to the construction of such project and the financing of the construction thereof, including the amount authorized in the resolution of the authority providing for the issuance of bonds to be paid into any reserve or other special fund from the proceeds of such bonds and the financing of the placing of any project in operation, including reimbursement to any public corporation, the state, the federal government or any other person for expenditures, that would be costs of the project hereunder had they been made directly by the authority.

8. "County" shall mean Albany county.

9. "Equipment" shall mean snow removal vehicles, fire fighting and rescue vehicles, passenger and freight vehicles, aircraft, motors, boilers, engines, wires, ways, conduits and mechanisms, machinery, tools, implements, materials, supplies, instruments and devices of every nature whatsoever used or useful for aviation and transportation purposes or for the generation or transmission of motive power including but not limited to all power houses, and all apparatus and all devices for navigation, security, safety, signaling, communications and ventilation as may be necessary, convenient or desirable for the operation of aviation facilities and pollution control facilities.

10. "Facility" shall mean, among other things, such properties, structures, appurtenances, utilities, terminals, railroad trackage, warehouses, elevators and such other works, properties, buildings or allied items necessary or desirable in connection with development, operation, maintenance or improvement of airport and public transportation needs and for the accommodation, safety, security or comfort of the public and of commercial enterprise.

11. "Federal government" shall mean the United states of America, and any department, board, commission, bureau, division, corporation, agency or instrumentality thereof.

12. "Joint service arrangements" shall mean agreements between or among the authority and any person, the state, the county, any other public corporation, the federal government, any other state or agency or instrumentality thereof, relating to property, buildings, structures, facilities, services, rates, fares, classification, divisions, allowances or charges (including charges between operators of railroad, omnibus and aviation facilities), or rules or regulations pertaining thereto, for or in connection with or incidental to transportation in part in or upon railroad, omnibus or aviation facilities located within the county and in part in or upon railroad, omnibus or aviation facilities located outside the county.

13. "Municipality" shall mean a county, city, town, village or school district.

14. "Person" shall mean any natural person, firm, partnership association, joint venture or corporation, exclusive of a public corporation.

15. "Personal property" shall mean chattels and other tangible things of a moveable or removable nature.

16. "Pollution control facilities" shall mean any equipment, improvement, structure or facility or any land and any building, structure, facility or other improvement thereon, or any combination thereof, and all property deemed necessary therewith, having to do with or the end purpose of which is the control, abatement or prevention of land, sewer, water, air, noise or general environmental pollution deriving from the operation of aviation facilities, including, but not limited to, any air pollution control facility, noise abatement or suppression facility (including physical barriers, landscaping and sound proofing for the purpose of diminishing the effect of aircraft noise on any area adjacent to an airport), water management facility, waste water collecting systems, waste water treatment works, sewage treatment works system, or sewage treatment system or site.

17. "Property" shall mean both real and personal property.

18. "Project" shall mean any property or improvements located within the state of New York and within or outside or partially outside Albany county, including, but not limited to, machinery, equipment and other facilities deemed necessary or desirable in connection therewith, or incidental thereto, whether or not now in existence or under construction, which shall be necessary or suitable for aviation purposes and airport development and which may include or mean aviation facilities and pollution control facilities provided, however, the authority shall not use its funds in respect of any part of a project located wholly or partially outside the county without the prior consent thereto by the governing body of any other county in which a part or parts of the project is, or is to be located. It shall also mean any property necessary to remove, mitigate, prevent or limit airport noise

or hazards.

19. "Public corporation" shall mean a county, city, town, village, school district or special district, any public benefit corporation, agency or instrumentality of the state or of any municipality, or two or more of any of the foregoing acting jointly.

20. "Real property" shall mean lands, structures, franchises and interests in land, airspace, waters, lands under water, riparian rights, air rights, any fixtures, equipment and articles of personal property affixed to or used in connection therewith, and any and all things and rights included within said term and includes not only fees simple absolute but also any and all lesser interests including but not limited to easements, rights of way, uses, leases, licenses and all other incorporeal hereditaments and every estate, interest or right, legal or equitable, including terms for years and liens thereon by way of judgments, mortgages, or otherwise.

21. "Revenues" shall mean all rates, fees, rents, revenues, charges and other income derived by the authority from the operation, leasing, sale or other disposition of the airport or airport related facilities.

22. "State" shall mean the state of New York.

§ 2779. Albany county airport authority. 1. (a) There is hereby created the Albany county airport authority. The authority shall be a body corporate and politic constituting a public benefit corporation. The authority shall consist of seven members who shall be residents of Albany county. The members shall be appointed in the following manner: three shall be appointed by the county executive and four shall be appointed by the majority leader of the county legislature. All appointments must be confirmed by the county legislature within thirty days of the appointment. No more than four members may be enrolled members of the same political party. Of the members initially appointed by the county executive two each shall serve for a term ending December thirty-first, nineteen hundred ninety-six and one shall serve for a term ending December thirty-first, nineteen hundred ninety-seven. Of the members initially appointed by the majority leader of the county legislature, one shall serve for a term ending December thirty-first, nineteen hundred ninety-five; two each shall serve for a term ending December thirty-first, nineteen hundred ninety-six and one shall serve for a term ending December thirty-first, nineteen hundred ninety-seven. Each member shall serve a term of four years. The majority leader and county executive shall jointly designate one of the seven members to serve as the chairperson of the authority. The authority may provide for such officers as may be determined necessary and the same need not be members of the authority.

(b) Notwithstanding the provisions of paragraph (a) of this subdivision the majority leader and county executive shall jointly submit to the county legislature the initial seven members of the authority. Within thirty days, the county legislature must approve or disapprove the appointment of the entire group of nominees but may not reject an individual member nor may it modify in any way the proposed group of members.

2. All members shall continue to hold office until their successors are appointed and qualify. Except as otherwise provided in subdivision three of this section, vacancies shall be filled in the manner provided for original appointment. Vacancies, occurring otherwise than by expiration of term of office, shall be filled for the unexpired terms. Members may be removed from office for the same reasons and in the same manner as may be provided by law for the removal of officers of the county. The members of the authority shall receive no compensation for their services but shall be reimbursed for all their actual and necessary expenses incurred in connection with the carrying out of the purposes of this title. The powers as set forth in the by-laws of the authority shall be established and vested in and be exercised by the members of the authority at an initial meeting duly called and held and five members shall constitute a quorum. No action shall be taken at the aforementioned initial meeting or any adjournment thereof except pursuant to the favorable vote of at least five members of the authority. Any amendment to the aforementioned powers as set forth in the by-laws shall only become effective upon the favorable vote of at

least five members of the authority.

3. The authority shall have a regional advisory board consisting of not less than six non-voting members. The membership shall include, but not be limited to, the chairperson of the airline affairs committee of the Albany county airport and other members, one of whom shall be appointed by the legislative body of the county of Schenectady, one of whom shall be appointed by the legislative body of the county of Saratoga, one of whom shall be appointed by the legislative body of the county of Rensselaer and two of whom shall be appointed by the legislative body of the town of Colonie.

4. Notwithstanding any inconsistent provision of any general, special or local law, ordinance, resolution or charter, no officer, member or employee of the state or of any public corporation shall forfeit his or her office or employment by reason of his or her acceptance of appointment as a member, officer or employee of the authority, nor shall service as such member, officer or employee be deemed incompatible or in conflict with such office, membership or employment.

5. Notwithstanding any inconsistent provision of any general, special or local law, ordinance, resolution or charter, no officer, member, elected official or employee of the county of Albany shall be eligible to serve as a member of the authority.

6. All members of the authority will be required to comply with the Albany county code of ethics and to complete all disclosure forms required by said code of ethics.

7. The authority and its corporate existence shall continue until terminated by law, provided, however, that no such termination shall take effect so long as the authority shall have bonds or other obligations outstanding unless adequate provision has been made for the payment or satisfaction thereof. Upon termination of the existence of the authority, all of the rights and properties of the authority then remaining shall pass to and vest in the county of Albany in such a manner as prescribed by law.

8. Within thirty days from the establishment of the authority, the county and authority shall undertake an environmental audit ("the audit") of the airport and its facilities. The audit shall be prepared pursuant to an agreed upon scope of work between the county and the authority prior to its undertaking and shall be used to establish the existing environmental conditions of the airport and its facilities. As a minimum the audit shall include, but not be limited to, the examination and inspection of all property identified on the currently approved airport layout plan; all property adjacent to the airport layout plan or otherwise used directly by the county in support of airport operations which will continue to be made available to the authority for the same purposes in the future; all structures and facilities on said properties including facilities used for the storage and handling of aviation, jet, automotive, heating or other fuel, oil, petroleum products or solvents; all storm water drainage systems including oil/water separators and systems for the collection or diversion of airport and aircraft deicing agents. The results of the audit shall serve as a disclosure statement and will be taken into consideration in any negotiations for any agreement between the county and the authority regarding the future operation of the airport.

§ 2780. Advances on behalf of the authority; transfer of property to authority; acquisition of property by county for authority. 1. In addition to any powers granted to it by law, the county may, from time to time, appropriate by resolution sums of money to defray project costs or any other costs and expenses of the authority including operating expenses.

Subject to the rights of bond holders, the county may determine if the monies so appropriated shall be subject to repayment by the authority to the county and, in such event, the manner and time or times for such repayment.

2. Notwithstanding any inconsistent provision of any general, special or local law, ordinance, resolution or charter, any public corporation

may, by a majority vote of its governing body and the approval of its chief executive officer, give, grant, sell, convey, loan, license the use of or lease to the authority any property or facilities, including aviation facilities and pollution control facilities, which are useful in connection with the exercise by the authority of its powers under this title. Any such gift, grant, sale, conveyance, loan, license or lease shall be upon such terms and conditions, and for such term or terms of years, subject to the rights of the holders of any bonds, as the authority and such public corporation may agree. Any such gift, grant, sale, conveyance, lease, loan or license shall not be subject to referendum, permissive or mandatory. In the event that any public corporation gives, grants, sells, conveys, loans, licenses or leases any aviation facilities or pollution control facilities to the authority, such public corporation may contract with the authority to lease, borrow, license, operate, maintain, manage and provide services for such facilities upon such terms and conditions and for such term or terms of years, subject to the rights of holders of bonds, as the authority and such public corporation may agree. The authority, in furtherance of any purchase, conveyance or lease of any property or facility from any public corporation, may assume the primary responsibility for the payment of the principal and interest on any bonds or notes issued by such public corporation for such property or facility. For purposes of section 136.00 of the local finance law, any agreement by the authority to assume the primary responsibility for the payment of the principal and interest on any bonds or notes issued by any such public corporation shall, so long as such agreement shall continue to be honored by the authority, cause such bonds or notes to be deemed to have been refunded and any such public corporation may deduct from its gross indebtedness any outstanding indebtedness contracted for such property or facility to be acquired by the authority.

3. The county may acquire by purchase, grant, lease, gift or condemnation pursuant to the eminent domain procedure law real property in the name of the county for any corporate purpose of the authority.

4. Notwithstanding the provisions of any other law, general, special or local, real property acquired by the authority or the county from the

state may be used for any corporate purpose of the authority provided, however, no non-hazardous solid waste, toxic, or hazardous waste site, center, consolidated collection or transfer area, shall be located or maintained at the airport, or on lands adjacent to the airport that are used in support of airport operations as contained in any present or future airport layout plan approved by the New York state department of transportation or the federal aviation administration and no non-hazardous solid waste, toxic, or hazardous waste site, center, consolidated collection or transfer area, shall be located or maintained on any other lands made available by the county in support of airport operations by way of any agreement between the county and the airport operator. The storage of materials, which by federal definition may be classified as hazardous materials, but are acquired by the airport operator, its agent, or assignee, solely in support of airport operations or airport facility maintenance shall be exempt from the provisions of this subdivision. The inventory, storage and use of such materials shall be in accordance with all applicable federal and state regulations.

§ 2781. Transfer of officers and employees. 1. In accordance with the provisions of section seventy of the civil service law, any officer or employee of the county, may, at the request of the authority and with the consent of the county executive, be transferred to the authority and shall be eligible for such transfer and appointment, without further examination, to applicable offices, positions and employment under the authority. Any such officers or employees so transferred to the authority pursuant to this section, who are members of or benefit under any existing pension or retirement fund or system, shall continue to have all rights, privileges, obligations and status with respect to such fund or system as are now prescribed by law, but during the period of their employment by the authority, all contributions to such funds or systems to be paid by the employer on account of such officers or employees shall be paid by the authority.

2. A transferred employee shall remain in the same collective bargaining unit as was the case prior to his or her transfer; successor

employees to the positions held by such transferred employees shall, consistent with the provisions of article fourteen of the civil service law, be included in the same unit as their predecessors. Employees serving in positions in newly created titles shall be assigned to the same collective bargaining unit as they would have been assigned to such unit were such titles created prior to the establishment of the authority. Nothing contained in this title shall be construed (a) to diminish the rights of employees pursuant to a collective bargaining agreement or (b) to affect existing law with respect to an application to the public employment relations board seeking a designation by the board that certain persons are managerial or confidential.

§ 2782. General powers of the authority. Except as otherwise limited by this title, the authority shall have power:

1. to sue and be sued:

2. to have a seal and alter the same at pleasure;

3. to borrow money and issue bonds for any of its corporate purposes or its projects and to provide for the rights of the holders thereof;

4. to make and alter by-laws for its organization and management, and, subject to agreements with its bondholders, to make and alter rules and regulations governing the exercise of its powers and the fulfillment of its purposes under this title;

5. (a) to acquire by purchase, grant, lease, gift, or otherwise and to hold and use property necessary, convenient or desirable to carry out its corporate purposes, and to sell, convey, mortgage, lease, pledge, exchange or otherwise dispose of any such property in such manner as the authority shall determine;

(b) to acquire by condemnation pursuant to the provisions of the eminent domain procedure law with the approval of the county legislature;

6. to acquire, construct, reconstruct, lease, expand, improve, maintain, equip, furnish, operate one or more projects and, if necessary, to pay or finance the cost thereof;

7. to accept gifts, grants, loans, or contributions of funds or property or financial or other aid in any form from, and enter into contracts or other transactions with, the federal government, the state or any public corporation or any other source, and to use any such gifts, grants, loans or contributions for any of its corporate purposes;

8. to grant options to renew any lease with respect to any project or projects and to grant options to buy any project at such price as the authority may deem desirable;

9. to designate the depositories of its money;

10. to establish its fiscal year;

11. to enter into contracts, agreements and leases with the federal government, the state, the county, any person or other public corporation and to execute all instruments necessary or convenient to accomplishing its corporate purposes;

12. to appoint such officers, employees and agents as the authority may require for the performance of its duties, and to fix and determine their qualifications, duties, and compensation subject to the provisions of the civil service law and any applicable collective bargaining agreement, and to retain or employ counsel, auditors, engineers and private consultants on a contract basis or otherwise for rendering professional, management or technical services and advice;

13. with the consent of the county executive, to use employees, agents, consultants and facilities of the county, paying the county its agreed proportion of the compensation or costs;

14. to make and adopt plans, surveys, and studies necessary, convenient or desirable to the effectuation of the purposes and powers

of the authority and to prepare recommendations in regard thereto;

15. to enter upon such lands, waters or premises as in the judgement of the authority may be necessary, convenient or desirable for the purpose of making surveys, soundings, borings and examinations to accomplish any purpose authorized by this title, the authority being liable for actual damage done;

16. the authority may covenant and consent that the interest on any of its bonds or notes issued pursuant to this title shall be includable, under the United States Internal Revenue Code of 1986, as amended (the "code") or any subsequent corresponding internal revenue law of the United States, in gross income of the holders of the bonds or notes to the same extent and in the same manner that the interest on bills, bonds, notes or other obligations of the United States is includable in the gross income of the holders thereof under the code or any such subsequent law;

17. to do all things necessary, convenient or desirable to carry out its purposes and for the exercise of the powers granted in this title;

18. to insure or provide for the insurance of the authority's property or operations as required by law and also against such other risks as the authority may deem advisable.

§ 2783. Special powers of the authority. In order to effectuate the purpose of this title:

1. The authority may enter into any joint service arrangements as hereinafter provided.

2. The authority may, on such terms and conditions as the authority may determine necessary, convenient or desirable, establish, construct, effectuate, operate, manage, maintain, renovate, improve, extend or repair any aviation facilities or pollution control facilities, or may provide for such establishment, construction, effectuation, operation,

management, maintenance, renovation, improvement, extension or repair by contract, lease, or other arrangement on such terms as the authority may deem necessary, convenient or desirable with the federal government, any state or agency or instrumentality thereof, any person or public corporation. In connection with the operation of any such facilities, the authority may establish, construct, effectuate, operate, manage, maintain, renovate, improve, extend or repair, or may provide by contract, lease or other arrangement for the establishment, construction, effectuation, operation, management, maintenance, renovation, improvement, extension or repair of any related services and activities it deems necessary, convenient or desirable.

3. The authority may establish, fix, revise, levy and collect or cause to be established, fixed, revised, levied and collected and, in the case of a joint service arrangement, join with others in the establishment, fixing, revision, levy and collection of such fares, rentals, rates, charges, landing fees, concession fees and other fees as it may deem necessary, convenient or desirable for the use and operation of any aviation facilities, and related services operated or managed by the authority or under contract, pollution control facilities, lease or other arrangement, including joint service arrangements, with the authority. Such fares, rentals, rates, charges, landing fees, concession fees or other fees shall be at least sufficient at all times in the judgement of the authority to establish and maintain the operations of the authority on a self-sustaining basis. Such operations shall be deemed to be on a self-sustaining basis as required by this title, when the authority is able to pay or fund or cause to be paid or funded from revenues and any other funds actually available to the authority: (a) the principal of, premium, if any, and the interest on outstanding bonds of the authority as the same shall become due and payable and any capital or debt service reserve therefor and, to the extent required by an agreement between the county and the authority, the principal of and interest on any general obligations bonds, notes or other evidence of indebtedness of the county issued for or allocable to any project of the authority as the same shall become due and payable and any reserves therefor, (b) the cost of administering, maintaining, repairing and operating any project of the authority, (c) the cost of constructing

capital improvements thereto pursuant to any agreement between the county and the authority, (d) any liabilities incurred for or allocable to any project of the authority including any liabilities of the county assumed by the authority pursuant to any agreement between the county and the authority, as the same become due and payable, (e) any requirements of any agreement including those relating to the establishment of reserves for renewal and replacement and for uncollected fares, rentals, rates, charges and fees and covenants respecting rates and debt service and earnings coverage ratios, (f) all other reasonable and necessary expenses of the authority, and (g) the cost of such additional projects as may be now or hereafter authorized, by law and agreed to by the authority.

4. The authority may establish and, in the case of joint service arrangements, join with others in the establishment of such schedules and standards of operations and such other rules and regulations including but not limited to rules and regulations governing the conduct, safety and security of the public as it may deem necessary, convenient or desirable for the use, operation and management of any project and related services operated or managed by the authority or under contract, lease or other arrangement, including joint service arrangements, with the authority. Such rules and regulations governing the conduct, safety and security of the public shall be filed with the department of state in the manner provided by section one hundred two of the executive law. In the case of any conflict between any such rule or regulation of the authority governing the conduct, safety and security of the public and any local law, ordinance, rule or regulation, such rule or regulation of the authority shall prevail.

5. The authority may do all things it deems necessary, convenient or desirable to manage, control and direct the maintenance and operation of aviation facilities, equipment or property operated by or under contract, lease or other arrangement with the authority. Except as agreed to pursuant to any agreement between the authority and any public corporation and except as hereinafter specially provided, no municipality except for the county, shall have jurisdiction over any facilities of the authority or any of its activities or operations. The

authority shall provide for such facilities police, fire and health protection services.

6. The authority may accept unconditional grants of money or property from any municipality the whole or any part of which municipality shall be served or to be served by an aviation facility operated by the authority. Such grants of money or property would be for the purpose of assisting the authority in meeting its capital or operating expenses. The acceptance of any such grant shall not operate to make the authority an agency of the municipality making the grant.

7. In any instance where the county is required by law, with respect to an airport or any aviation facilities, to conduct a public hearing in connection with a contract, lease, joint service arrangement, charge, fare, rental or fee, the authority shall not enter into such contract, lease, joint service arrangement, or establish, fix, revise or levy any charge, fare, rental, landing fee, concession fee or other fee unless and until the authority has held a public hearing at which interested persons have had an opportunity to be heard concerning the same, provided, however, if the county has conducted a public hearing in connection with such contract, lease, joint service agreement, charge, fare, rental or fee, the authority shall not be required to hold a public hearing. Notice of such public hearing shall be published by the authority at least ten days before the date set there for, in at least one newspaper of general circulation in the county. Such notice shall set forth the date, time and place of such hearing and shall include a brief description of the matters to be considered at such meeting. At all such hearings, any interested persons shall have an opportunity to be heard concerning the matters under consideration. Any decision of the authority on matters considered at such public hearing shall be in writing and be made available in the office of the authority for public inspection during regular office hours.

§ 2784. County approval of capital projects. 1. It is the intention of the county to select and approve a specific airport redevelopment program for the Albany county airport upon completion of the federal aviation administration and New York state environmental review processes initiated in January of nineteen hundred ninety-two by Albany county for the Albany county airport development project, which project is identified in the "Draft SEQR Environmental Impact Statement/FAA Environmental Assessment prepared for the FAA/Eastern Region and the Albany County Legislature," by Louis Berger & Associates, Inc. and which two volume document was accepted as complete and adequate for public and agency review by Resolution one hundred fifty-seven of nineteen hundred ninety-three (March 8, 1993). The Albany county airport redevelopment program will be determined by the Albany county legislature as part of the adoption of a state environmental quality review act findings statement for said environmental impact statement. The airport redevelopment program referred to in this subdivision shall not be subject to the provisions of subdivision two of this section.

2. No capital project, other than the redevelopment project described in subdivision one of this section, shall be undertaken by the authority unless it shall first have been approved by the county legislature as part of a five-year capital program plan. For purposes of this section, the term "capital project" shall be defined as the construction, reconstruction or acquisition of airport or aviation facilities.

3. (a) On or before September first, nineteen hundred ninety-five, and on or before September first of every fifth year thereafter, the authority shall submit to the county legislature a capital projects plan for the five year period commencing January first of the following year. The plan shall set goals and objectives for capital spending and describe each capital project proposed to be initiated in each of the years covered by the plan. Each plan shall also set forth an estimate of the amount of capital funding required each year and the expected sources of such funding. Each plan subsequent to the first such plan and each proposed amendment or modification thereof shall also describe the current status of capital projects included in previously approved plans.

(b) (1) A plan may be approved by the county legislature by a majority vote of the members. If the plan is not voted on within ninety days of its submission to the legislature, it shall be deemed approved;

provided, however, that the legislature may agree to extend the time period in which it must vote on the plan.

(2) If the plan is not approved, the authority may thereafter reformulate and resubmit for approval such plan at any time. If the reformulated plan is not voted on within forty-five days of its submission to the legislature, it shall be deemed approved; provided, however, that the legislature may agree to extend the time period in which it must vote on the reformulated plan.

(c) The authority may from time to time submit to the county amendments or modifications to the plan. If the amendments or modifications are not voted on within forty-five days of its submission to the legislature, it shall be deemed approved; provided, however, that the legislature may agree to extend the time period in which it must vote on the amended or modified plan.

4. The disapproval of a plan by the county legislature shall not affect: (a) the right of the authority to issue bonds or notes to finance a capital project which was initiated prior to such disapproval in conformity with a previously approved plan; (b) the right of the authority to issue its bonds, notes, lease, sublease or other contractual obligations in payment for a project initiated prior to such disapproval in conformity with a previously approved plan; (c) the right of the authority to issue bonds or notes to refund or otherwise repay any of its outstanding bonds or notes or to fulfill any of their obligations to the holders of any of their outstanding bonds or notes; or (d) the right of the authority to issue its bonds, notes, lease, sublease or other contractual obligations to refund or otherwise repay any of its outstanding bonds or notes or to fulfill any of its obligations to the holders of any of its outstanding bonds or notes.

§ 2785. Bonds of the authority. 1. The authority shall have the power and is hereby authorized from time to time to issue bonds, notes or other obligations to pay the cost of any project or for any other corporate purpose, including the establishment of reserves to secure the bonds, the payment of principal of, premium, if any, and interest on the bonds and the payment of incidental expenses in connection therewith.

The aggregate principal amount of such bonds, notes or other obligations outstanding shall not exceed two hundred eighty-five million dollars ($285,000,000), excluding bonds, notes or other obligations issued to refund or otherwise repay bonds, notes or other obligations theretofore issued for such purposes; provided, however, that upon any such refunding or repayment the total aggregate principal amount of outstanding bonds, notes or other obligations may be greater than two hundred eighty-five million dollars ($285,000,000) only if the present value of the aggregate debt service of the refunding or repayment bonds, notes or other obligations to be issued shall not exceed the present value of the aggregate debt service of the bonds, notes or other obligations so to be refunded or repaid. For purposes hereof, the present values of the aggregate debt service of the refunding or repayment bonds, notes or other obligations and of the aggregate debt service of the bonds, notes or other obligations so refunded or repaid, shall be calculated by utilizing the effective interest rate of the refunding or repayment bonds, notes or other obligations, which shall be that rate arrived at by doubling the semi-annual interest rate (compounded semi-annually) necessary to discount the debt service payments on the refunding or repayment bonds, notes or other obligations from the payment dates thereof to the date of issue of the refunding or repayment bonds, notes or other obligations and to the price bid including estimated accrued interest or proceeds received by the authority including estimated accrued interest from the sale thereof. The authority shall have power and is hereby authorized to enter into such agreements and perform such acts as may be required under any applicable federal legislation to secure a federal guarantee of any bonds.

2. The authority shall have power from time to time to renew bonds or to issue renewal bonds for such purpose, to issue bonds to pay bonds, and, whenever it deems refunding expedient, to refund any bond by the issuance of new bonds, whether the bonds to be refunded have or have not matured, and may issue bonds partly to refund bonds then outstanding and partly for any other corporate purpose of the authority. Bonds (other than notes or other evidence of indebtedness) issued for refunding purposes, which have a final maturity date longer than the maturity of

the bonds being refunded, shall be approved by a resolution of the county legislature adopted by a majority vote and approved by the county executive. Bonds issued for refunding purposes shall be sold and the proceeds applied to the purchase, redemption or payment of the bonds or notes to be refunded.

3. Bonds issued by the authority may be general obligations secured by the faith and credit of the authority or may be special obligations payable solely out of particular revenues or other moneys as may be designated in the proceedings of the authority under which the bonds shall be authorized to be issued, subject as to priority only to any agreements with the holders of outstanding bonds pledging any particular property, revenues or moneys. The authority may also enter into loan agreements, lines of credit and other security agreements and obtain for or on its behalf letters of credit, insurance, guarantees or other credit enhancements to the extent now or hereafter available, in each case for securing its bonds or to provide direct payment of any costs which the authority is authorized to pay.

4. Bonds shall be authorized by resolution of the authority, be in such denominations and bear such date or dates and mature at such time or times, as such resolution may provide, provided that bonds and renewals thereof shall mature within forty years from the date of original issuance of any such bonds.

Bonds shall be subject to such terms of redemption, bear interest at such rate or rates, be payable at such times, be in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, and be subject to such terms and conditions as such resolution may provide. Notwithstanding any other provision of law, the bonds of the authority issued pursuant to this section shall be sold to the bidder offering the lowest true interest cost, taking into consideration any premium or discount not less than four nor more that fifteen days, Sundays excepted, after a notice of such sale has been published at least once in a newspaper of general circulation in the area served by the authority, which shall state the terms of the sale. The terms of the sale may not change unless notice of such change is published in such newspaper at least one day prior to the date of the sale as set forth in the original notice of sale. Advertisements shall contain a provision to the effect that the authority, in its discretion, may reject any or all bids made in pursuance of such advertisements, and in the event of such rejection, the authority is authorized to negotiate a private or public sale or readvertise for bids in the form and manner above described as many times as, in its judgment, may be necessary to effect satisfactory sale.

Notwithstanding the provisions of the preceding paragraph, whenever in the judgment of the authority the interests of the authority will be served thereby, the members of the authority, on the written recommendation of the chairperson, may authorize the sale of such bonds at private or public sale on a negotiated basis or on either a competitive or negotiated basis. The authority shall set guidelines governing the terms and conditions of any such private or public sales. The private or public bond sale guidelines set by the authority shall include, but not be limited to, a requirement that where the interests of the authority will be served by a private or public sale of bonds, the authority shall select underwriters for each private or public bond sale conducted pursuant to a request for proposal process and consideration of proposals from qualified underwriters taking into account, among other things, qualifications of underwriters as to experience, their ability to structure and sell authority bond issues, anticipated costs to the authority, the prior experience of the authority with the firm, if any, the capitalization of such firms, participation of qualified minority and women-owned business enterprise firms in such private or public sales of bonds of the authority and the experience and ability of firms under consideration to work with minority and women-owned business enterprises so as to promote and assist participation by such enterprises.

The authority shall have the power from time to time to amend such private bond sale guidelines in accordance with the provisions of this subdivision.

No private or public bond sale on a negotiated basis shall be conducted by the authority without prior approval of the state comptroller and the county comptroller. The authority shall annually prepare and approve a bond sale report which shall include the private or public bond sale guidelines as specified in this subdivision, amendments to such guidelines since the last private or public bond sale report, an explanation of the bond sale guidelines and amendments, and the results of any sale of bonds conducted during the fiscal year. Such bond sale report may be a part of any other annual report that the authority is required to make.

The authority shall annually submit its bond sale report to the state comptroller and the county comptroller and copies thereof to the senate finance committee and the assembly ways and means committee.

The authority shall make available to the public copies of its bond sale report upon reasonable request thereof.

Nothing contained in this subdivision shall be deemed to alter, affect the validity of, modify the terms of or impair any contract or agreement made or entered into in violation of, or without compliance with, the provisions of this subdivision.

5. Any resolution or resolutions authorizing bonds or any issue of bonds may contain provisions which may be a part of the contract with the holders of the bonds thereby authorized as to:

(a) pledging all or part of the revenues, other monies or property of the authority to secure the payment of the bonds, or any costs of issuance thereof, including but not limited to any contracts, earnings or proceeds of any grant to the authority received from any private or public source subject to such agreements with bond holders as may then exist;

(b) the setting aside of reserves and the creation of sinking funds and the regulation and disposition thereof;

(c) limitations on the purpose to which the proceeds from the sale of bonds may be applied;

(d) the rates, rents, fees and other charges to be fixed and collected

by the authority and the amount to be raised in each year thereby and the use and disposition of revenues;

(e) limitations on the right of the authority to restrict and regulate the use of the project or part thereof in connection with which bonds are issued;

(f) limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured and the refunding of outstanding or other bonds;

(g) the procedure, if any, by which the terms of any contract with bond holders may be amended or abrogated, the amount of bonds the holders of which must consent thereto, and the manner in which such consent may be given;

(h) the creation of special funds into which any revenues or monies may be deposited;

(i) the terms and provisions of any trust, mortgage, deed or indenture securing the bonds under which the bond may be issued;

(j) vesting in a trustee or trustees such properties, rights, powers and duties in trust as the authority may determine which may include any or all of the rights, powers and duties of the trustees appointed by the bond holders to appoint a trustee pursuant to this title or limiting the rights, duties and powers of such trustee;

(k) defining the acts or omissions to act which may constitute a default in the obligations and duties of the authority to the bond holders and providing for the rights and remedies of the bond holders in the event of such default, including as a matter of right appointment of a receiver, provided, however, that such rights and remedies shall not be inconsistent with the general laws of the state and other provisions of this title;

(l) limitations on the power of the authority to sell or otherwise dispose of any project or any part thereof;

(m) limitations on the amount of revenues and other monies to be expended for operating, administrative or other expenses of the authority;

(n) the payment of the proceeds of bonds, revenues and other monies to a trustee or other depository, and for the method of disbursement thereof with such safeguards and restrictions as the authority may determine; and

(o) any other matters of like or different character which in any way affect the security or protection of the bonds or the rights and remedies of bondholders.

6. In addition to the powers herein conferred upon the authority to secure its bonds, the authority shall have power in connection with the issuance of bonds to adopt resolutions and enter into such trust indentures, agreements or other instruments as the authority may deem necessary, convenient or desirable concerning the use or disposition of its revenues or other monies or property, including the mortgaging of any property and the entrusting, pledging or creation of any other security interest in any such revenues, monies or property and the doing of any act, including refraining from doing any act which the authority would have the right to do in the absence of such resolutions, trust indentures, agreements or other instruments. The authority shall have power to enter into amendments of any such resolutions, trust indentures, agreements or other instruments. The provisions of any such resolutions, trust indentures, agreements or other instruments may be made a part of the contract with the holders of bonds of the authority.

7. Any provision of the uniform commercial code to the contrary notwithstanding, any pledge of or other security interest in revenues, monies, accounts, contract rights, general intangibles or other personal property made or created by the authority shall be valid, binding and perfected from the time when such pledge is made or other security interest attaches without any physical delivery of the collateral or further act, and the lien of any such pledge or other security interest shall be valid, binding and perfected against all parties having claims of any kind in tort, contract or otherwise against the authority irrespective of whether or not such parties have notice thereof. No instrument by which such a pledge or security interest is created nor any financing statement need be recorded or filed.

8. Whether or not the bonds are of such form and character as to be negotiable instruments under the terms of the uniform commercial code, the bonds are hereby made negotiable instruments within the meaning of and for all the purposes of the uniform commercial code, subject only to

the provisions of the bonds for registration.

9. Neither the members of the authority nor any person executing its bonds shall be liable personally on its bonds or be subject to any personal liability or accountability by reason of the issuance thereof.

10. Subject to such agreements with bondholders as may then exist, the authority shall have power out of any funds available therefor to purchase bonds of the authority, which shall thereupon be cancelled, at a price not exceeding (a) if the bonds are then redeemable, the redemption price then applicable plus accrued interest to the next interest payment date, or (b) if the bonds are not then redeemable, the redemption price applicable on the first date after such purchase upon which the bonds become subject to redemption plus accrued interest to the next interest payment date. Bonds so purchased shall thereupon be cancelled.

§ 2786. Remedies of bondholders. Subject to any resolution or resolutions adopted pursuant to this title:

1. In the event that the authority shall default in the payment of principal or of interest on any issue of bonds, after the same shall become due, whether at maturity or upon call for redemption, and such default shall continue for a period of thirty days, or in the event that the authority shall fail or refuse to comply with the provisions of this title or shall default in any agreement made with the holders of any issue of bonds, the holders of twenty-five percent in aggregate principal amount of the bonds of such issue then outstanding, by instrument or instruments filed in the office of the clerk of the county in which the principal office of the authority is located and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of such bonds for the purpose herein provided.

2. Such trustee may, and upon written request of the holders of twenty-five per centum in principal amount of such bonds outstanding

shall, in its own name:

(a) by action or proceeding in accordance with the civil practice law and rules, enforce all rights of the bondholders, including the right to require the authority to collect rents, rates, fees and charges adequate to carry out any agreement as to, or pledge of, such rents, rates, fees and charges and to require the authority to carry out any other agreements with the holders of such bonds to perform its duties under this title;

(b) bring an action or proceeding upon such bonds;

(c) by action or proceeding, require the authority to account as if it were the trustee of an express trust for the holders of such bonds;

(d) by action or proceeding, enjoin any acts or things which may be unlawful or in violation of the rights of the holders of such bonds; and

(e) declare all such bonds due and payable, and if all defaults shall be made good, then with the consent of the holders of the twenty-five per centum of the principal amount of such bonds then outstanding, to annul such declaration and its consequences.

3. Such trustee shall in addition to the foregoing have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth herein or incident to the general representation of bond holders in the enforcement and protection of their rights.

4. The supreme court shall have jurisdiction of any action or proceeding by the trustee on behalf of such bond holders. The venue of any such action or proceeding shall be laid in the county.

5. Before declaring the principal of bonds due and payable the trustee shall first give thirty days notice in writing to the authority.

6. Any such trustee, whether or not the issue of bonds represented by such trustee has been declared due and payable, shall be entitled as of right to the appointment of any receiver of any part or parts of the project, the revenues of which are pledged for the security of bonds of such issue, and such receiver may enter and take possession of such part or parts of the project and, subject to any pledge or agreement with the

holders of such bonds, shall take possession of all monies and other property derived from such part or parts of the project and proceed with any construction thereon or the acquisition of any property, real or personal, in connection therewith that the authority is under obligation to do, and operate, maintain and reconstruct such part or parts of the project and collect and receive all revenues thereafter arising there from subject to any pledge or agreement with bond holders relating thereto and perform the public duties and carry out the agreements and obligations of the authority under the direction of the court.

In any suit, action or proceeding by the trustee, the fees, council fees and expenses of the trustee and of the receiver, if any, shall constitute taxable disbursements and all costs and disbursements allowed by the court shall be a first charge on any revenues derived from the project.

§ 2787. State and county not liable on authority bonds. Neither the state nor the county shall be liable on the bonds of the authority and such bonds shall not be a debt of the state or the county, and such bonds shall contain on the face thereof a statement to such effect.

§ 2788. Monies of the authority. All monies of the authority from whatever source derived shall be paid to the treasurer of the authority and shall be deposited forthwith in a bank or banks designated by the authority. The monies in such accounts shall be paid out on check of the treasurer upon requisition by such person or persons as the authority may authorize to make such requisitions. All deposits of such monies shall be secured by obligations of the United States or of the state or of any municipality of a market value equal at all times to the amount on deposit and all banks and trust companies are authorized to give such security for such deposits. To the extent practicable, consistent with the cash requirements of the authority, all such monies shall be deposited in interest bearing accounts. The authority shall have power, notwithstanding the provisions of this section, to contract with the holders of any bonds as to the custody, collection, security, investment and payment of any monies of the authority or any monies held in trust or otherwise for the payment of bonds or any way to secure bonds, and carry out any such contract notwithstanding that such contract may be inconsistent with the provisions of this section. Monies held in trust or otherwise for the payment of bonds or in any way to secure bonds and deposits of such monies may be secured in the same manner as monies of the authority and all banks and trust companies are authorized to give such security for such deposits. Any monies of the authority not required for immediate use or disbursement may, at the discretion of the authority, be invested in those obligations specified pursuant to the provision of section ninety-eight-a of the state finance law. Subject to the provisions of any contract with bond holders and with the approval of the state comptroller, the authority shall prescribe a system of accounts.

§ 2789. Bonds legal investment for fiduciaries. The bonds of the authority are hereby made securities in which all public officers and bodies of the state and all municipalities, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations, including savings and loan associations, building and loan associations, investment companies and other persons carrying on a banking business, and administrators, guardians, executors, trustees and other fiduciaries and all other persons whatsoever, who are now or may hereafter be authorized to invest in bonds or other obligations of the state may properly and legally invest funds including capital in their control or belonging to them. Notwithstanding other provisions of law, the bonds are also hereby made securities which may be deposited with and may be received by all public officers and bodies of the state and all municipalities for any purposes for which the deposit of bonds or other obligations of this state is now or hereafter may be authorized.

§ 2790. Agreement with state. The state does hereby pledge to and agree with the holders of any bonds issued by the authority pursuant to this title and with those persons or public corporations who may enter into contracts with the authority pursuant to the provisions of this title that the state will not alter, limit or impair the rights hereby vested in the authority to purchase, construct, own and operate, maintain, repair, improve, reconstruct, renovate, rehabilitate, enlarge, increase and extend, or dispose of any project, or any part or parts thereof for which bonds of the authority shall have been issued, to establish and collect rates, rents, fees and other charges referred to in this title, to fulfill the terms of any contracts or agreements made with or for the benefit of the holders of bonds or with any person or public corporation with reference to such project or part thereof, or in any way to impair the rights and remedies of the holders of bonds, until the bonds, together with interest thereon, including interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of the holders of bonds, are fully met and discharged and such contracts are fully performed on the part of the authority. The authority is authorized to include this pledge and agreement of the state in any agreement with the holders of bonds.

§ 2791. Agreement with county. The county is authorized to pledge to and agree with the holders of any bonds issued by the authority pursuant to this title and with those persons or public corporations who may enter into contracts with the authority pursuant to the provisions of this title that the county will not alter, limit or impair the rights hereby vested in the authority to purchase, construct, own and operate, maintain, repair, improve, reconstruct, renovate, rehabilitate, enlarge, increase and extend, or dispose of any project, or any part or parts thereof, for which bonds of the authority shall have been issued, to establish and collect rates, rents, fees and other charges referred to in this title, to fulfill the terms of any agreements made with the holders of the bonds or with any public corporation or person with reference to such project or part thereof, or in any way impair the rights and remedies of the holders of bonds, until the bonds, together with interest thereon, including interest on any unpaid installments of interest, and all cost and expenses in connection with any action or proceeding by or on behalf of the holders of bonds, are fully met and discharged and such contracts are fully performed on the part of the authority.

§ 2792. Exemption from taxes, assessments and certain fees. 1. The authority shall not be required to pay any fees, taxes, special ad valorem levies or assessments, whether state or local, including but not limited to fees, taxes, special ad valorem levies or assessments on real property, franchise taxes, sales taxes or other excise taxes, upon any property owned by it or under its jurisdiction, control or supervision, or upon the uses thereof, or upon its activities in the operation and maintenance of its facilities or any fares, tolls, rentals, rates, charges, fees, revenues or other income received by the authority. Notwithstanding the previous sentence, the authority shall be required to pay water and pure water fees or charges as may be negotiated by any public corporation. The authority shall at all times be exempt from any filing, mortgage recording or transfer fees or taxes in relation to instruments filed, recorded or transferred by it or on its behalf. The construction, use, occupation or possession of any property owned by the authority or the county, including improvements thereon, by any person or public corporation under a lease, lease and sublease or any other agreement shall not operate to abrogate or limit the foregoing exemption, notwithstanding that the lessee, user, occupant or person in possession shall claim ownership for federal income tax purposes.

2. Any bonds issued pursuant to this title together with the income there from as well as the property of the authority shall at all times be exempt from taxes, except for transfer and estate taxes. The state hereby covenants with the purchasers and with all subsequent holders and transferees of bonds issued by the authority pursuant to this title, in consideration of the acceptance of and payment for the bonds, that the bonds of the authority issued pursuant to this title and the income therefrom and all revenues, monies, and other property pledged to secure the payment of such bonds shall at all times be free from taxation, except for transfer and estate taxes.

§ 2793. Actions against authority. 1. Except in an action for wrongful death, no action or special proceeding shall be prosecuted or maintained against the authority, its members, officers, or employees for personal injury or damage to real or personal property alleged to have been sustained by reason of the negligence, tort or wrongful act of the authority or of any member, officer, agent or employee thereof, unless (a) a notice of claim shall have been made and served upon the authority within the time limit set by and in compliance with section fifty-e of the general municipal law, (b) it shall appear by and as an allegation in the complaint or moving papers that at least thirty days have elapsed since the service of such notice and that adjustment or payment thereof has been neglected or refused, (c) the action or special proceeding shall be commenced within one year and ninety days after the happening of the event upon which the claim is based, and (d) an action against the authority for wrongful death shall be commenced in accordance with the notice of claim and time limitation provisions of title eleven of article nine of this chapter.

2. Whenever a notice of claim is served upon the authority, it shall have the right to demand an examination of the claimant relative to the occurrence and extent of the injuries or damages for which claim is made, in accordance with the provisions of section fifty-h of the general municipal law.

3. The authority may require any person presenting for settlement an account or claim for any cause whatever against the authority to be sworn before a member, counsel or an attorney, officer or employee of the authority designated for such purpose, concerning such account or claim and, when so sworn, to answer orally as to any facts relative to such account or claim. The authority shall have power to settle or adjust all claims in favor of or against the authority.

4. Any action or proceeding to which the authority or the people of the state may be parties, in which any question arises as to the validity of this title, shall be preferred over all other civil causes of action or cases, except election causes of action or cases, in all courts of the state and shall be heard and determined in preference to

all other civil business pending therein except election causes, irrespective of position on the calendar. The same preference shall be granted upon application of the authority or its counsel in any action or proceeding questioning the validity of this title in which the authority may be allowed to intervene. The venue of any such action or proceeding shall be laid in the supreme court of the county.

5. The rate of interest to be paid by the authority upon any judgment for which it is liable, other than a judgment on its bonds, shall be the rate prescribed by section five thousand four of the civil practice law and rules. Interest on payments of principal or interest on any bonds in default shall accrue at the rate borne by such bonds from the due date thereof until paid or otherwise satisfied.

§ 2794. Contracts. All contracts for construction shall be let by the authority in conformity with the applicable provisions of section one hundred thirty-five of the state finance law and shall be let in accordance with the provisions of state law pertaining to prevailing wages, labor standards and working hours.

The authority may, in its discretion, assign contracts for supervision and coordination to the successful bidder for any subdivision of work for which the authority receives bids. The authority shall not award any construction contract except to the lowest bidder who, in its opinion, is qualified to perform the work required and who is responsible and reliable. The authority may, however, reject any or all bids or waive any informality in a bid if it believes that the public interest will be promoted thereby. The authority may reject any bid if, in its judgment, the business and technical organization, plant, resources, financial standing, or experience of the bidder justifies such rejection in view of the work to be performed.

§ 2795. Code of ethics. 1. Definition. As used in this section the term "authority employee" shall mean any member, officer or employee of the authority.

2. Rule with respect to conflicts of interest. No authority employee should have any interest, financial or otherwise, direct or indirect, or engage in any business or transaction or professional activity or incur any obligation of any nature, which is in substantial conflict with the proper discharge of his or her duties in the public interest.

3. Standards.

a. No authority employee should accept other employment which will impair his or her independence of judgment in the exercise of his or her official duties.

b. No authority employee should accept employment or engage in any business or professional activity which will require the employee to disclose confidential information which he or she has gained by reason of his or her official position or authority.

c. No authority employee should disclose confidential information acquired by the employee in the course of his or her official duties nor use such information to further his or her personal interests.

d. No authority employee should use or attempt to use his or her official position to secure unwarranted privileges or exemptions for himself or herself or others.

e. No authority employee should engage in any transaction as representative or agent of the authority with any business entity in which he or she has a direct or indirect financial interest that might reasonably tend to conflict with the proper discharge of his or her official duties.

f. An authority employee should not by his or her conduct give reasonable basis for the impression that any person can improperly influence such employee or unduly enjoy his or her favor in the performance of his or her official duties, or that he or she is affected by the kinship, rank, position or influence of any party or person.

g. An authority employee should abstain from making personal investments in enterprises which he or she has reason to believe may be directly involved in decisions to be made by the employee or which will otherwise create substantial conflict between his or her duty in the public interest and his or her private interest.

h. An authority employee should endeavor to pursue a course of conduct which will not raise suspicion among the public that he or she is likely to be engaged in acts that are in violation of his or her trust.

i. No authority employee employed on a full-time basis nor any firm or association of which such an employee is a member nor corporation a substantial portion of the stock of which is owned or controlled directly or indirectly by such employee, should sell goods or services to any person, firm, corporation or association which is licensed or whose rates are fixed by the authority in which such employee serves or is employed.

j. If any authority employee shall have a financial interest, direct or indirect, having a value of ten thousand dollars or more in any activity which is subject to the jurisdiction of a regulatory agency, he or she should file with the secretary of state a written statement that he or she has such a financial interest in such activity which statement shall be open to public inspection.

4. Violations. In addition to any penalty contained in any other provision of law any such authority employee who shall knowingly and intentionally violate any of the provisions of this section may be fined, suspended or removed from office or employment.

§ 2796. Agreements relating to payment in lieu of taxes. 1. In order to assure that municipalities may not suffer undue loss of taxes or assessments in the event that the authority acquires any airport from the county, any person paying real property taxes or assessments as of the date of the transfer of title from the county to the authority on any property located within any such airport shall make payments in lieu of taxes in an amount equal to the sums which would ordinarily be imposed as taxes by any municipality in which such property is located, pursuant to the prevailing method of determining taxes and assessments.

2. Subject to any agreement with bond holders, the authority may, with the approval of the county, but is not required to, enter into agreements with any municipality of the state to pay annual sums in lieu of taxes to any such municipality in respect of any real property which is owned by the authority is located in such municipality and is used for public aviation purposes or pollution control purposes. For the purposes of this section, such public aviation purposes shall include without limitation air terminal facilities, parking facilities, fuel facilities, maintenance facilities, and facilities for the loading, unloading, holding, interchange or transfer of passengers, freight, baggage or cargo.

3. (a) In the event that any real property owned by the authority is used by the authority or a lessee thereof for purposes other than public aviation purposes, the authority, or lessee thereof, as the case may be, shall, with the approval of the county, enter into agreements with any municipality of the state to pay annual sums in lieu of taxes in respect of such real property locate in such municipality. For the purposes of this section, such purposes other than public aviation purposes shall include without limitation, hotels, motels, restaurants and retail stores and concessions not located within any air terminal building, office buildings to the extent not used by the authority or any other public corporation for its own corporate purposes, and such other buildings and improvements as determined by the authority to be not exclusively for public aviation purposes.

(b) The authority shall determine (i) the amount of such annual payments in lieu of taxes, (ii) whether the use of such property is for purposes other than public aviation purposes, and (iii) the extent to which such property is used for purposes other than public aviation purposes. In making such determinations the authority shall take into consideration the recommendations, if any, of the county.

§ 2797. Audit and annual report. In conformity with the provisions of section five of article ten of the constitution, the accounts of the authority shall be subject to the supervision of the state comptroller and an annual audit shall be performed by an independent certified accountant. The authority shall annually submit to the county comptroller, county legislature, county executive, governor and the state comptroller and to the chairperson of the senate finance committee and the chairperson of the assembly ways and means committee a detailed report pursuant to the provisions of section two thousand eight hundred of this chapter, and a copy of such report shall be filed with the clerk of the county legislature and the county executive.

§ 2798. Limited liability. Neither members, officers or employees of the authority, nor any municipality, or an officer or employee thereof acting on behalf of the authority, shall be subject to any personal liability resulting from the construction, maintenance or operation of any of the properties of the authority or from carrying out any of the powers expressly given in this title provided, however, that this section shall not be held to apply to any independent contractor.

§ 2799. Transfer of applications, proceedings, approvals and permits. 1. Any application, review or process in relation to or in furtherance of the purposes of or contemplated by this title heretofore filed or undertaken, or any proceeding heretofore commenced or any determination, finding or award made, by the county or by the county with the federal government, the state department of transportation or any other public corporation shall inure to and for the benefit of the authority to the same extent and in the same manner as if the authority has been a party to such application, review, process, or proceeding from its inception, and the authority shall be deemed a party thereto, to the extent not prohibited by any federal law. Any license, approval, permit, determination, finding, award or decision heretofore or thereafter issued or granted pursuant to or as a result of any such application, review, process or proceeding shall inure to the benefit of and be binding upon the authority and shall be assigned and transferred by the county to the authority unless such assignment and transfer is prohibited by federal law.

2. All such applications, proceedings, licenses, approvals, permits, determinations, findings, awards and decisions shall further inure to and for the benefit of and be binding upon any person leasing, acquiring, financing, constructing, maintaining, operating, using or occupying any facility financed in whole or in part by the authority.

§ 2799-a. Separability. If any clause, sentence, paragraph, section, or part of this title shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section, or part thereof involved in the controversy in which such judgment shall have been rendered.

§ 2799-b. Effect of inconsistent provisions. In so far as the provisions of this title are inconsistent with the provisions of any other act, general or special, or of the county charter or any local law, charter, ordinance or resolution of the county or another municipality, the provisions of this title shall be controlling. Nothing contained in this section shall be held to supplement or otherwise expand the powers or duties of the authority otherwise set forth in this title. Except as specifically provided for in this title, in the performance of any of its functions, powers and duties, the authority shall be subject to all applicable general or special laws of the state, the county charter, and any local law, ordinance or resolution of the county.

TITLE 33

NEW YORK CITY TRANSITIONAL FINANCE AUTHORITY

§ 2799-aa. Short title. This title shall be known and may be cited as the "New York City Transitional Finance Authority Act".

§ 2799-bb. Definitions. For the purposes of this title, unless the context otherwise requires:

1. "Alternative revenues" means (i) sales and compensating use taxes that the city is authorized by the state to impose and (ii) taxes imposed pursuant to section eleven hundred seven of the tax law.

2. "Authority" or "New York city transitional finance authority" means the public benefit corporation created by this title.

3. "Bonds" means bonds, notes and other evidences of indebtedness, issued by the authority.

4. "Capital financing need" means a period during which and only the extent to which the issuance of bonds in accordance with this title would assist the city in meeting its capital needs as determined by the mayor pursuant to section twenty-seven hundred ninety-nine-ff of this title.

5. "City" means the city of New York.

6. "Comptroller" means the comptroller of the city.

7. "Council" means the council of the city.

8. "Director of management and budget" means the director of management and budget of the city.

9. "Mayor" means the mayor of the city.

10. "Project capital costs" or "costs" means costs, appropriated in the capital budget of the city pursuant to chapters nine and ten of the New York city charter, as amended from time to time, providing for the construction, reconstruction, acquisition or installation of physical public betterments or improvements, or the costs of any preliminary studies, surveys, maps, plans, estimates and hearings, or incidental costs, including, but not limited to, legal fees, printing or engraving, publication of notices, taking of title, apportionment of costs, and interest during construction, or any underwriting or other costs incurred in connection with the financing thereof.

11. "Public corporation" means and includes the city, the state and every public corporation as defined in the general construction law.

12. "Revenues" means the tax revenues and all aid, rents, fees, charges, payments and other income and receipts paid or payable to the authority or a trustee for the account of the authority.

13. "Speaker" means the speaker of the council, elected pursuant to the rules of the council.

14. "State" means the state of New York.

15. "Tax revenues" means the taxes paid or payable to the authority pursuant to subsection (d) of section eight hundred seventy-three, or section thirteen hundred thirteen, of the tax law and such other revenues as the authority may derive directly from the state from taxes imposed by the city or the state and collected by the state.

§ 2799-cc. New York city transitional finance authority. 1. There is hereby created the New York city transitional finance authority. The authority shall be a corporate governmental agency constituting a public benefit corporation and an instrumentality of the state.

2. In accordance with the provisions of this title, the authority may only finance costs, including the refunding of bonds issued by the authority to finance costs, and fund reserves to secure such bonds.

3. The authority shall continue until all its liabilities have been met or otherwise discharged. Upon the termination of the existence of the authority, all of its rights and property shall pass to and be vested in the city.

§ 2799-dd. Administration of the authority. 1. The authority shall be administered by five directors, consisting of the director of management and budget, the commissioner of finance of the city, the commissioner of the department of design and construction of the city, the comptroller and the speaker of the council.

2. The director of management and budget shall serve as chairperson of the authority. The chairperson or his or her alternate shall preside over all meetings of the directors and shall have such other duties as

may be fixed by the directors.

3. Notwithstanding any inconsistent provision of any general, special or local law, ordinance, resolution or charter, no officer, member or employee of the state of New York, any city, county, town or village, any governmental entity operating any public school or college, any school district or any other public agency or instrumentality which exercises governmental powers under the laws of the state, shall forfeit his or her office or employment by reason of his or her acceptance of appointment as a director, officer or employee of the authority, nor shall service as such director, officer or employee of the authority be deemed incompatible or in conflict with such office or employment.

4. Three directors shall constitute a quorum for the transaction of any business or the exercise of any power of the authority. No action shall be taken by the authority except pursuant to a favorable vote of at least three directors present at a meeting at which such action is taken. Any director may, by written instrument, filed with and approved as to form by the authority, designate an alternate or alternates to perform, in the absence of such director, his or her duties unde this title. The term "director" as used in this title shall include such alternates, except that no alternate may designate an alternate pursuant to this subdivision. The designation of such alternates shall be deemed temporary only and shall not affect the civil service or retirement rights of any persons so designated.

5. The authority shall appoint a treasurer and may appoint officers and agents as it may require and prescribe their duties.

§ 2799-ee. General powers of the authority. Except as otherwise limited by this title, the authority shall have the following powers in addition to those specially conferred elsewhere in this title, subject only to agreements with bondholders:

1. to sue and be sued;

2. to have a seal and alter the same at pleasure;

3. to make and alter by-laws for its organization and management and, subject to agreements with its bondholders, to make and alter rules and regulations governing the exercise of its powers and fulfillment of its purposes under this title;

4. to make and execute contracts and all other instruments or agreements necessary or convenient to carry out any powers and functions expressly given in this title;

5. to commence any action to protect or enforce any right conferred upon it by any law, contract or other agreement;

6. to borrow money and issue bonds, or to refund the same, and to provide for the rights of the holders of its obligations;

7. to accept gifts, grants, loans or contributions of funds or financial or other aid in any form from the city, state or federal government or any agency or instrumentality thereof, or from any other source and for any of its corporate purposes in accordance with the provisions of this title;

8. to invest any funds held in reserves or sinking funds, or any funds not required for immediate use or disbursement, at the discretion of the authority, in obligations which may, from time to time, be legally purchased by the city pursuant to section eleven of the general municipal law;

9. to pledge all or any part of its revenues as security for the payment of the principal of and interest on any bonds so issued and any agreements made in connection therewith;

10. to appoint such officers and employees as it may require for the performance of its duties and to fix and determine their qualifications, duties, and compensation, subject to the provisions of the civil service law, the rules of the civil service commission of the city, the New York

city collective bargaining law and applicable collective bargaining agreements, and to retain or employ counsel, auditors and private financial consultants on a contract basis or otherwise for rendering professional or technical services and advice;

11. to do any and all things necessary or convenient to carry out its purposes and exercise the powers expressly given and granted in this title provided, however, such authority shall under no circumstances acquire, hold or transfer title to, lease, own beneficially or otherwise, manage, operate or otherwise exercise control over any real property, any improvement to real property or any interest therein other than a lease of office space deemed necessary or desirable by the authority.

§ 2799-ff. Declaration of need. 1. The mayor shall determine and declare at least annually whether a capital financing need exists. When the mayor determines that a capital financing need exists, the mayor shall so certify and submit to the authority a transitional capital plan. Such plan shall include only projects whose costs are appropriated in the capital budget of the city and shall describe by reference to the capital budget of the city the particular projects and costs requested to be financed in whole or in part by the authority.

2. Concurrent with the submission to the authority of the certification, request and plan, the mayor shall submit copies of such certification, request and plan to the comptroller, the speaker of the council, the governor and the state comptroller, and to the chair and ranking minority member of the senate finance committee and the chair and ranking minority member of the assembly ways and means committee, and to the state financial control board for the city.

3. At the time of submission, (a) the mayor shall publish notice of such plan and the availability of digests thereof in at least one newspaper of general circulation within the city, which notice shall also state that a public hearing will be held to consider the plan at a specified time and place on a date not less than thirty days after such

publication; (b) the mayor or his designee shall conduct public hearings pursuant to such notice; (c) any person shall have the opportunity to present written comments on the plan within thirty days after the date of the public hearing; and (d) after due consideration of such testimony and comments, if any, the mayor shall affirm, modify or withdraw the plan.

4. Upon declaration by the mayor of such need, the mayor shall request that the authority provide financing in accordance with the provisions of this title.

5. Upon approval by the authority that such a capital financing need exists pursuant to such submissions, the authority may:

(a) authorize agreements between the city and the authority in accordance with the provisions of this title. Such agreements shall not constitute indebtedness of the city for purposes of section 20.00 of the local finance law or any constitutional or statutory limitation.

(b) enter into agreements with the city and the city, acting by the mayor alone, may enter into agreements with the authority in accordance with the provisions of this title as to the financing of costs by the authority, the application of tax revenues to the authority to secure its bonds, and further assurances in respect of the authority's receipt of such revenues. The authority's revenues shall not be deemed funds of the city. Any such agreements may be pledged by the authority to secure its bonds and may not be modified thereafter except as provided by the terms of the pledge.

6. Such agreements (i) shall describe by reference to the capital budget of the city the particular projects and costs to be financed in whole or in part by the authority, (ii) shall describe the plan for the financing of the costs or projects, (iii) shall set forth the method by which and by whom and the terms and conditions upon which money provided by the authority shall be disbursed to the city, which disbursements shall occur, subject to receipt by the authority of such documentation as to the costs being reimbursed as the authority shall reasonably require, at least monthly, (iv) shall provide for the payment of such costs by the city under such contracts as shall be awarded by the city

or for the city to make a capital contribution of such proceeds as city funds to another entity for the payment or reimbursement of such costs, and (v) shall require every contract entered into by the city, or another entity receiving funds from the city, for projects or costs to be financed in whole or in part by the authority to be subject to the provisions of the New York city charter and other applicable laws governing contracts of the city or such entity, as the case may be.

7. At least annually, commencing no more than one year after the date on which authority bonds are first issued, the mayor shall report to the comptroller, the speaker of the council, the governor, the state comptroller, the chair and ranking minority member of the senate finance committee and the chair and ranking minority member of the assembly ways and means committee on the projects financed by the authority and the amount of such financing for each such project over the past year, which report shall, by reference to specific items in the city's capital budget, describe the type and location of each such project.

§ 2799-gg. Bonds of the authority. 1. The authority shall have the power and is hereby authorized from time to time to issue bonds, in conformity with applicable provisions of the uniform commercial code, in such principal amounts as it may determine to be necessary pursuant to section twenty-seven hundred ninety-nine-ff of this title to pay the cost of any project and to fund reserves to secure such bonds, including incidental expenses in connection therewith.

The aggregate principal amount of such bonds, notes or other obligations outstanding shall not exceed, beginning July first, two thousand twenty-four, twenty-one billion five hundred million dollars ($21,500,000,000) and beginning July first, two thousand twenty-five, thirty billion five hundred million dollars ($30,500,000,000), excluding bonds, notes or other obligations issued pursuant to sections twenty-seven hundred ninety-nine-ss and twenty-seven hundred ninety-nine-tt of this title; provided, however, that upon any refunding or repayment of bonds (which term shall not, for this purpose, include bond anticipation notes), the total aggregate principal amount of outstanding bonds, notes or other obligations may be greater than, beginning July first, two thousand twenty-four, twenty-one billion five hundred million dollars ($21,500,000,000), and beginning July first, two thousand twenty-five, thirty billion five hundred million dollars ($30,500,000,000), only if the refunding or repayment bonds, notes or other obligations were issued in accordance with the provisions of subparagraph (a) of subdivision two of paragraph b of section 90.10 of the local finance law, as amended from time to time. Notwithstanding the foregoing, bonds, notes or other obligations issued by the authority may be outstanding in an amount greater than the amount permitted by the preceding sentence, provided that such additional amount at issuance, together with the amount of indebtedness contracted by the city of New York, shall not exceed the limit prescribed by section 104.00 of the local finance law. The authority shall have the power from time to time to refund any bonds of the authority by the issuance of new bonds whether the bonds to be refunded have or have not matured, and may issue bonds partly to refund bonds of the authority then outstanding and partly to pay the cost of any project pursuant to section twenty-seven hundred ninety-nine-ff of this title. Bonds issued by the authority shall be payable solely out of particular revenues or other moneys of the authority as may be designated in the proceedings of the authority under which the bonds shall be authorized to be issued, subject to any agreements entered into between the authority and the city, and subject to any agreements with the holders of outstanding bonds pledging any particular revenues or moneys.

2. The authority is authorized to obtain insurance, letters of credit and other credit or liquidity facilities related to bonds in accordance with paragraph a and paragraphs c through g of section 168.00 of the local finance law, as amended from time to time; provided, however, that the board of directors of the authority shall make the determination as to "financially responsible parties" required under the local finance law.

3. (a) The authority (i) shall amortize its serial and term bonds in accordance with sections 11.00, 21.00 and 57.00 of the local finance law and its bond anticipation notes in accordance with section 23.00 of the

local finance law, as amended from time to time, (ii) shall establish provisions relating to redemption of its bonds that conform with section 53.00 of the local finance law, as amended from time to time, (iii) subject to the limitation set forth in paragraph (b) of this subdivision, may issue bonds with variable rates of interest, and enter into agreements related thereto, subject to the limitations prescribed in paragraphs a and c of section 54.90 of the local finance law, as amended from time to time, other than the limitation therein on the total principal amount of such variable rate bonds, and (iv) shall not issue refunding bonds without meeting the standards of subparagraph (a) or (b) of subdivision two of paragraph b of section 90.10 of the local finance law, as amended from time to time. In addition, except as provided in this title, bonds of the authority shall be subject to all other provisions of the local finance law, as amended from time to time, applicable to bonds of the city of New York, except where application of such law to bonds of the authority would be inappropriate. Functions assigned by such law to the mayor, comptroller, finance board and chief fiscal officer shall, to the extent not performed by such officers pursuant to this title, be reserved or delegated by the directors of the authority.

(b) The authority shall not issue variable rate bonds pursuant to this section in an amount outstanding at issuance exceeding twenty percent of the limit prescribed by subdivision one of this section, excluding bonds (i) bearing interest at rates and for periods of time that are specified without reference to future events or contingencies, or (ii) the interest rate on which is reasonably expected to be equivalent to a fixed rate over time in conjunction with other bonds or by reason of payments made pursuant to agreements with financially responsible third parties.

4. The directors may delegate to the chairperson of the authority the power to set the final terms of bonds.

5. Whenever the authority shall determine that the issuance of its bonds is appropriate, which determination shall occur at a minimum whenever necessary to reimburse the city for project capital costs incurred by the city, the mayor and the comptroller shall make a joint

recommendation as to the arrangements necessary for the issuance and sale of such bonds including the underwriting of such bonds through the public or, subject to approval of the state comptroller, private sale of such bonds and such recommendation shall include compensation for services rendered as they deem appropriate. Subject to the applicable provisions of subdivision three of this section, the mayor and comptroller shall recommend to the authority the price or prices, interest rate or rates, maturities and other terms and conditions for the issuance of the bonds. Following such recommendation, the bonds shall be authorized by resolution of the authority. The bonds shall bear interest at such fixed or variable rates and shall be in such denominations, be in such form, either coupon or registered, be sold at such public or private sale, be executed in such manner, be denominated in United States' currency, be payable in such medium of payment, at such place and be subject to such terms of redemption as the authority may provide in such resolution. Such resolution and the minutes of the authority related thereto shall be transmitted to the mayor and the comptroller who shall then approve or disapprove the bond issuance. Approval of such bond issuance shall be indicated by the execution of the resolution by the mayor and the comptroller whereupon such resolution shall come into full force and effect in accordance with its terms.

6. Any resolution or resolutions authorizing bonds or any issue of bonds may contain provisions which may be a part of the contract with the holders of the bonds thereby authorized as to:

(a) pledging all or part of its revenues, together with any other moneys, securities or contracts, to secure the payment of the bonds, subject to such agreements with bondholders as may then exist;

(b) the setting aside of reserves and the creation of sinking funds and the regulation and disposition thereof;

(c) limitations on the purpose to which the proceeds from the sale of bonds may be applied;

(d) limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured and the refunding of bonds;

(e) the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, including the proportion of bondholders which must consent thereto and the manner in which such consent may be given;

(f) vesting in a trustee or trustees such properties, rights, powers and duties in trust as the authority may determine, which may include any or all of the rights, powers and duties of the trustee appointed by the bondholders pursuant to section twenty-seven hundred ninety-nine-oo of this title and limiting or abrogating the rights of the bondholders to appoint a trustee under such section or limiting the rights, duties and powers of such trustee; and

(g) defining the acts or omissions to act which may constitute a default in the obligations and duties of the authority to the bondholders and providing for the rights and remedies of the bondholders in the event of such default, including as a matter of right the appointment of a receiver; provided, however, that such rights and remedies shall not be inconsistent with the general laws of the state and other provisions of this title.

7. In addition to the powers herein conferred upon the authority to secure its bonds, the authority shall have power in connection with the issuance of bonds to enter into such agreements for the benefit of the bondholders as the authority may deem necessary, convenient or desirable concerning the use or disposition of its revenues or other moneys, including the entrusting, pledging or creation of any other security interest in any such revenues, moneys and the doing of any act, including refraining from doing any act, which the authority would have the right to do in the absence of such agreements. The authority shall have power to enter into amendments of any such agreements within the powers granted to the authority by this title and to perform such agreements. The provisions of any such agreements may be made a part of the contract with the holders of bonds of the authority.

8. Notwithstanding any provision of the uniform commercial code to the contrary, any pledge of or other security interest in revenues, moneys, accounts, contract rights, general intangibles or other personal property made or created by the authority shall be valid, binding and perfected from the time when such pledge is made or other security

interest attaches without any physical delivery of the collateral or further act, and the lien of any such pledge or other security interest shall be valid, binding and perfected against all parties having claims of any kind in tort, contract or otherwise against the authority irrespective of whether or not such parties have notice thereof. No instrument by which such a pledge or security interest is created nor any financing statement need be recorded or filed.

9. Whether or not the bonds of the authority are of such form and character as to be negotiable instruments under the terms of the uniform commercial code, the bonds are hereby made negotiable instruments within the meaning of and for all the purposes of the uniform commercial code, subject only to the provisions of the bonds for registration.

10. Neither the directors of the authority nor any person executing bonds shall be liable personally thereon or be subject to any personal liability or accountability solely by reason of the issuance thereof. The bonds or other obligations of the authority shall not be a debt of either the state or the city, and neither the state nor the city shall be liable thereon, nor shall they be payable out of any funds other than those of the authority; and such bonds shall contain on the face thereof a statement to such effect.

11. The authority, subject to such agreements with bondholders as then may exist, shall have power to purchase bonds of the authority out of any moneys available therefore, which shall thereupon be cancelled.

§ 2799-hh. Resources of the authority. 1. Subject to the provisions of this title, the directors of the authority shall receive, accept, invest, administer, expend and disburse for its corporate purposes all money of the authority from whatever sources derived including (a) payments by the state comptroller pursuant to this title; (b) the proceeds of bonds; and (c) any other payments, gifts, or appropriations to the authority from any other source.

2. Subject to the provisions of any contract with bondholders, (a) the

money of the authority shall be paid to the authority and shall not be commingled with any other money, and (b) all money received by the authority which, together with other money of the authority available for the operating expenses of the authority, the payment of debt service and payments to reserve funds, exceeds the amount required for such purposes shall be transferred to the city on or before the last day of each month.

3. The money in any of the authority's accounts shall be paid out on checks signed by the treasurer, or by other lawful and appropriate means such as wire or electronic transfer, on requisitions of the chairperson of the authority or of such other officer as the directors shall authorize to make such requisition, or pursuant to a bond resolution or trust indenture.

4. All deposits of authority money shall be secured by obligations of the United States or of the state or of the city at a market value equal at all times to the amount of the deposit, and all banks and trust companies are authorized to give such security for such deposits. The comptroller and his or her legally authorized representative are authorized and empowered from time to time to examine the accounts and books of the authority, including its receipts, disbursements, contracts, leases, sinking funds, investments and any other records and papers relating to its financial standing. The authority shall have the power, notwithstanding the provisions of this section, to contract with the holders of any of its bonds as to the custody, collection, securing, investment and payment of any money of the authority or any money held in trust or otherwise for the payment of bonds or in any way to secure bonds, and to carry out any such contract notwithstanding that such contract may be inconsistent with the other provisions of this title. Money held in trust or otherwise for the payment of bonds or in any way to secure bonds and deposits of such money may be secured in the same manner as money of the authority, and all banks and trust companies are authorized to give such security for such deposits.

5. Tax revenues received by the authority pursuant to subsection (d) of section eight hundred seventy-three, or section thirteen hundred

thirteen, of the tax law, together with any alternative revenues received by the authority, shall be applied in the following order of priority: first pursuant to the authority's contracts with bondholders, then to pay the authority's operating expenses not otherwise provided for, and then pursuant to the authority's agreements with the city, which agreements shall require the authority to transfer the balance of such taxes not required to meet contractual or other obligations of the authority to the city as frequently as practicable.

§ 2799-ii. Agreement with the state. The state does hereby pledge and agree with the holders of any issue of bonds and/or bond anticipation notes secured by such a pledge that the state will not limit or alter the rights hereby vested in the authority to fulfill the terms of any agreements made with such holders pursuant to this title, or in any way impair the rights and remedies of such holders or the security for such bonds and/or bond anticipation notes until such bonds and/or bond anticipation notes, together with the interest thereon and all costs and expenses in connection with any action or proceeding by or on behalf of such holders, are fully paid and discharged. Nothing contained in this section shall be deemed to restrict the right of the state to amend, modify, repeal or otherwise alter statutes imposing or relating to the taxes payable to the authority pursuant to subsection (d) of section eight hundred seventy-three and section thirteen hundred thirteen of the tax law, but such taxes shall in all events continue to be so payable so long as any such taxes are imposed. Not less than thirty days prior to the beginning of each city fiscal year, the chairperson of the authority shall certify to the state comptroller, the governor, and the members of the board of directors of the authority a schedule of maximum annual debt service payments due on the bonds and notes of the corporation then outstanding. To the extent that the tax revenues payable to the authority under subsection (d) of section eight hundred seventy-three and section thirteen hundred thirteen of the tax law during such fiscal year are projected by the mayor to be insufficient to meet at least one hundred fifty percent of maximum annual debt service on authority bonds then outstanding, the mayor shall so notify the state comptroller and the state comptroller shall pay to the authority from alternative revenues such amount as is necessary to provide at least one hundred fifty percent of the maximum annual debt service; provided, however, that for so long as any indebtedness of the municipal assistance corporation for the city of New York remains outstanding no alternative revenues that are, as of the effective date of this title, or may in the future be, required to be deposited in the municipal assistance tax fund established under section ninety-two-d of the state finance law shall be paid to the authority except out of funds that are otherwise required to be paid to the city under such section of the state finance law. Nothing in this section shall be deemed to obligate the state to make any additional payments or impose any taxes to satisfy the debt service obligations of the authority.

§ 2799-jj. Agreement with the city. The city is authorized to pledge and agree with the holders of any issue of bonds and/or bond anticipation notes secured by such a pledge that the city will not limit or alter the rights hereby vested in the authority to fulfill the terms of any agreements made with such holders pursuant to this title, or in any way impair the rights and remedies of such holders or the security for such bonds and/or bond anticipation notes until such bonds and/or bond anticipation notes, together with the interest thereon and all costs and expenses in connection with any action or proceeding by or on behalf of such holders, are fully paid and discharged. Nothing contained in this section shall be deemed to restrict any right the city may have to amend, modify or otherwise alter local laws imposing or relating to the taxes payable to the authority pursuant to subsection (d) of section eight hundred seventy-three or section thirteen hundred thirteen of the tax law so long as, after giving effect to such amendment, modification or other alteration, the amount of tax revenues projected by the mayor to be available to the authority during each of its fiscal years following the effective date of such amendment, modification or other alteration shall be not less than one hundred fifty percent of maximum annual debt service on authority bonds then outstanding.

§ 2799-kk. Bonds legal for investment and deposit. The bonds of the authority are hereby made securities in which all public officers and bodies of the state and all public corporations, municipalities and municipal subdivisions, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations including savings and loan associations, building and loan associations, investment companies and other persons carrying on a banking business, all administrators, conservators, guardians, executors, trustees and other fiduciaries, and all other persons whatsoever who are now or may hereafter be authorized to invest in bonds or in other obligations of the state, may properly and legally invest funds, including capital, in their control or belonging to them. The bonds are also hereby made securities which may be deposited with and may be received by all public officers and bodies of the state and all municipalities and public corporations for any purpose for which the deposit of bonds or other obligations of the state is now or may hereafter be authorized.

§ 2799-ll. Tax exemption and tax contract by the state. 1. It is hereby determined that the creation of the authority and the carrying out of its corporate purposes is in all respects for the benefit of the people of the state of New York and is a public purpose. Accordingly, the authority shall be regarded as performing an essential governmental function in the exercise of the powers conferred upon it by this title, and the authority shall not be required to pay any fees, taxes, special ad valorem levies or assessments of any kind, including, but not limited to, franchise taxes, sales taxes or other taxes, upon or with respect to any property owned by it or under its jurisdiction, control or supervision, or upon the uses thereof, or upon or with respect to its activities or operations in furtherance of the powers conferred upon it by this title, or upon or with respect to any fares, tolls, rentals, rates, charges, fees, revenues or other income received by the authority.

2. Any bonds issued pursuant to this title together with the income therefrom shall at all times be exempt from taxation.

3. The state hereby covenants with the purchasers and with all subsequent holders and transferees of bonds issued by the authority pursuant to this title, in consideration of the acceptance of and payment for the bonds, that the bonds of the authority issued pursuant to this title and the income therefrom and all revenues, monies, and other property pledged to pay or to secure the payment of such bonds shall at all times be free from taxation.

§ 2799-mm. Actions against the authority. 1. Except in an action for wrongful death, no action or proceeding shall be prosecuted or maintained against the authority for personal injury or damage to real or personal property alleged to have been sustained by reason of the negligence or wrongful act of the authority or of any director, officer, agent or employee thereof, unless (a) it shall appear by and as an allegation in the complaint or moving papers that a notice of claim shall have been made and served upon the authority, within the time limit prescribed by and in compliance with section fifty-e of the general municipal law, (b) it shall appear by and as an allegation in the complaint or moving papers that at least thirty days have elapsed since the service of such notice and that adjustment or payment thereof has been neglected or refused, and (c) the action or proceeding shall be commenced within one year after the happening of the event upon which the claim is based. An action against the authority for wrongful death shall be commenced in accordance with the notice of claim and time limitation provisions of title eleven of article nine of this chapter.

2. Wherever a notice of claim is served upon the authority, it shall have the right to demand an examination of the claimant relative to the occurrence and extent of the injuries or damages for which claim is made, in accordance with the provisions of section fifty-h of the general municipal law.

3. The authority may require any person presenting for settlement an account or claim for any cause whatever against the authority to be sworn before a director, counsel or an attorney, officer or employee thereof designated for such purpose, concerning such account or claim

and when so sworn, to answer orally as to any facts relative to such account or claim. The authority shall have power to settle or adjust any claims in favor of or against the authority.

4. The rate of interest to be paid by the authority upon any judgment for which it is liable, other than a judgment on bonds, shall not exceed the rate of interest on judgments and accrued claims against municipal authorities as provided in the general municipal law. Interest on payments of principal or interest on any bonds in default shall accrue at the rate specified in the general municipal law until paid or otherwise satisfied.

5. The venue of every action, suit or special proceeding brought against the authority shall be laid in the county of New York.

6. Neither any director of the authority nor any officer, employee, or agent of the authority, while acting within the scope of his or her authority, shall be subject to any liability resulting from exercising or carrying out of any of the powers expressly given in this title. A director, officer or employee of the authority shall be deemed an "employee" for the purposes of section fifty-k of the general municipal law.

§ 2799-nn. Audit. The accounts of the authority shall be subject to the supervision and audit of the comptroller and the state comptroller. In addition, the authority shall be subject to an annual management and financial audit performed by an independent certified accountant selected by the authority. Such audited report, together with the audited financial statements of the authority, shall be submitted to the mayor, the speaker of the city council, the comptroller, the director of management and budget, the New York state financial control board, the governor, the state comptroller, the chair and ranking minority member of the senate finance committee and the chair and ranking minority member of the assembly ways and means committee.

§ 2799-oo. Remedies of bondholders. Subject to any resolution or resolutions adopted pursuant to paragraph (g) of subdivision six of section twenty-seven hundred ninety-nine-gg of this title:

1. In the event that the authority shall default in the payment of principal of or interest on any issue of bonds after the same shall become due, whether at maturity or upon call for redemption, and such default shall continue for a period of thirty days, or in the event that the authority shall fail or refuse to comply with the provisions of this title or shall default in any agreement made with the holders of any issue of bonds, the holders of twenty-five percent in aggregate principal amount of the bonds of such issue then outstanding, by instrument or instruments filed in the office of the clerk of the city and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of such bonds for the purpose provided in this section.

2. Such trustee may, and upon written request of the holders of twenty-five per centum in principal amount of such bonds outstanding shall, in his or her or its own name:

(a) by action or proceeding in accordance with the civil practice law and rules, enforce all rights of the bondholders and require the authority to carry out any other agreements with the holders of such bonds and to perform its duties under this title;

(b) bring an action or proceeding upon such bonds;

(c) by action or proceeding, require the authority to account as if it were the trustee of an express trust for the holders of such bonds;

(d) by action or proceeding, enjoin any acts or things which may be unlawful or in violation of the rights of the holders of such bonds; and

(e) declare all such bonds due and payable, and if all defaults shall be made good, then with the consent of the holders of twenty-five per centum of the principal amount of such bonds then outstanding, annul such declaration and its consequences.

3. Such trustee shall, in addition to the provisions of subdivisions one and two of this section, have and possess all of the powers necessary or appropriate for the exercise of any functions specifically

set forth in this section or incident to the general representation of bondholders in the enforcement and protection of their rights.

4. The supreme court shall have jurisdiction of any action or proceeding by the trustee on behalf of such bondholders. The venue of any such action or proceeding shall be laid in the county of New York.

5. Before declaring the principal of bonds due and payable, the trustee shall first give thirty days' notice in writing to the authority.

§ 2799-pp. Assistance to the authority; employees of the authority. 1. With the consent of any public corporation, the authority may use agents, employees and facilities thereof, paying to such public corporation its agreed proportion of the compensation or costs.

2. Officers and employees of city agencies may be transferred to the authority and officers and employees of the authority may be transferred to appropriate city agencies without examination and without loss of any civil service or retirement status or rights. Any officer or employee of the authority who heretofore acquired or shall hereafter acquire such position status by transfer and who at the time of such transfer was a member of the New York city employees' retirement system shall continue to be a member of such system as long as he or she continues in such service, and shall continue to have all the rights, privileges and obligations of membership in such system. Employment by the authority shall constitute city-service for the purposes of chapter one of title thirteen of the administrative code of the city of New York. Transfers shall be in accordance with section seventy of the civil service law and the rules of the civil service commission of the city. No such transfer shall be made except with the approval of the head of the agency involved and the chairperson of the authority and in compliance with applicable collective bargaining agreements and the rules and regulations of the civil service commission of the city.

3. A transferred employee shall remain in the same collective

bargaining unit as was the case prior to his or her transfer, consistent with the provisions of article fourteen of the civil service law and the collective bargaining law of the city.

4. Nothing in this section shall be construed to affect the rights of employees pursuant to a collective bargaining agreement.

5. Employees newly appointed by the authority to a same or similar position or title as those represented by public employee organizations subject to the New York city collective bargaining law shall be placed in the same collective bargaining unit as such same or similar position or title and shall be represented by the duly certified employee organization representing that unit.

6. The commissioner of labor relations of the city shall be the authority's representative for purposes of the New York city collective bargaining law.

7. Employees of the authority shall be subject to chapter sixty-eight of the New York city charter, as amended from time to time.

§ 2799-qq. Equal employment opportunity program and procurement guidelines. 1. Notwithstanding any other inconsistent provision of law, section 8-107 of the administrative code of the city of New York shall apply to the activities of the authority.

2. The authority shall establish and implement guidelines for procurement which include the matters set forth in paragraphs (c), (d) and (e) of subdivision three of section twenty-eight hundred seventy-nine of this chapter.

§ 2799-rr. Effect of inconsistent provisions. Insofar as the provisions of this title are inconsistent with the provisions of any other act, general or special, or of any charter, local law, ordinance or resolution of any municipality, the provisions of this title shall be controlling. Nothing contained in this section shall be held to supplement or otherwise expand the powers or duties of the authority otherwise set forth in this title.

§ 2799-ss. Additional bonds of the authority. Notwithstanding any provision of this title or of any other law to the contrary, the authority is hereby authorized to issue bonds, notes or other obligations in addition to those authorized by section twenty-seven hundred ninety-nine-gg of this title in an amount outstanding of up to two billion five hundred million dollars to pay all costs in the city's budget (whether or not included or includable in the city's capital budget) which are, in the judgment of the mayor, related to or arising from the terrorist attack on New York city that occurred on September eleventh, two thousand one. In addition to or in lieu of any revenues or other money that may be paid or payable to the authority, such bonds, notes or other obligations may be secured by and payable from the proceeds of other bonds, notes or other obligations of the authority or federal or state aid related to or arising from the terrorist attack on New York city that occurred on September eleventh, two thousand one. In addition, the authority may issue bonds, notes or other obligations without limitations as to amount, secured solely by and payable solely from such federal or state aid. The city, acting through the mayor, is hereby authorized to assign the right to receive any such federal or state aid to the authority and, after such assignment, the right to receive such aid shall be the property of the authority. Bonds issued pursuant to this section shall have a maximum maturity of up to thirty years.

§ 2799-tt. Additional bonds of the authority. 1. Notwithstanding any provision of this title or of any other law to the contrary, the authority is hereby authorized to issue bonds, notes or other obligations in addition to those authorized by sections twenty-seven hundred ninety-nine-gg and twenty-seven hundred ninety-nine-ss of this title in an amount outstanding of up to nine billion four hundred million dollars for purposes of (i) funding costs of such educational facilities capital plan, the five-year educational facilities capital plan approved in accordance with section twenty-five hundred ninety-p of the education law and (ii) refunding bonds, notes or other obligations issued to pay such costs, and for payment of all other costs and expenses relating to bonds, notes or other obligations described in clause (i) or (ii) of this subdivision or incurred pursuant to agreements relating to such bonds, notes or other obligations, including without limitation, capitalized interest, the funding of reserves and costs of issuance. The city, acting through the mayor, may assign all or any portion of the state aid payable to the city of New York or the school district of the city of New York pursuant to subdivision six of section thirty-six hundred two of the education law of the state (or pursuant to any successor provision of state law) to the authority and, after such assignment, such aid and the right to receive such aid shall be the property of the authority. Bonds issued pursuant to this section shall have a maximum maturity of up to thirty years.

2. Following notice from the city of New York to the director of the state division of the budget and the state comptroller of such assignment, such payment shall be made by the state comptroller directly to the city's assignee; provided that such payment shall be subject and subordinate to payment of such aid to the municipal bond bank agency pursuant to section twenty-four hundred thirty-six of this article, the educational construction fund pursuant to section four hundred sixty-two of the education law, and the paying agent for bonds and notes in default pursuant to section ninety-nine-b of the state finance law.

3. Notwithstanding any inconsistent provision of law, amounts applied pursuant to this section to fund the five-year educational facilities capital plan and related costs, and amounts applied to pay debt service on bonds, notes or other obligations described in clause (i) or (ii) of subdivision one of this section (together with all other costs and expenses referred to in such subdivision) shall be deemed to be paid from revenues of the city of New York for the purpose of any computation of federal or state aid.

4. The pledge and agreement of the state contained in section

twenty-seven hundred ninety-nine-ii of this title shall be fully applicable to bonds, notes or other obligations issued pursuant to this section, and may be included in any agreement with the holders of such bonds, notes or other obligations. Nothing contained in this section shall be deemed to restrict the right of the state to amend, modify, repeal or otherwise alter statutes relating to the state aid subject to such assignment, but such state aid shall in all events (i) continue to be so payable, as assigned, so long as any such state aid is paid and (ii) continue to be calculated in accordance with the same formula used for such calculation, and otherwise on the same basis as such aid is calculated, on the date that the applicable project is approved for reimbursement.

§ 2799-uu. Separability. If any clause, sentence, paragraph, section, or part of this title shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section, or part thereof involved in the controversy in which such judgment shall have been rendered.

TITLE 34

SYRACUSE REGIONAL AIRPORT AUTHORITY

§ 2799-aaa. Short title. This title may be cited as the "Syracuse regional airport authority act".

§ 2799-bbb. Statement of legislative findings and purpose. The legislature hereby finds and declares as follows:

1. The economic well-being of the state and the general welfare of its people require adequate, safe, secure and efficient aviation and transportation facilities at a reasonable cost to the people.

2. The strengthening and improvement of aviation facilities and related services for the central part of the state is a matter of vital importance not only to the residents of central New York but to all the state's residents and is therefore a matter of state concern.

3. In order to ensure a healthy economy for such area and to promote the general welfare of its residents, it is necessary to expand and improve the existing aviation facilities and services in the central New York region in such a manner as to stimulate and promote increased local, state, national and international air travel and commerce throughout central New York.

4. The health, welfare, safety and security of the state's residents and of those passengers using air transportation requires coordinated operation of aviation facilities and services in the central New York region by a public benefit airport authority.

5. The purposes of such authority shall be:

(a) to stimulate and promote economic development, trade and tourism;

(b) to acquire, construct, reconstruct, continue, develop, equip, expand, improve, maintain, finance and operate aviation and other related facilities and services within central New York;

(c) to promote safe, secure, efficient and economical air transportation by preserving and enhancing airport capacity;

(d) to form an integral part of a safe and effective nationwide system of airports to meet the present and future needs of civil aeronautics and national defense and to assure inclusion of the authority's facilities in state, national and international programs for air transportation and for airport or airway capital improvement, all in accordance with the provisions of this title; and

(e) to ensure that aviation facilities authorized pursuant to this title shall provide for the protection and enhancement of the natural resources and the quality of the environment of the state and the central New York area.

6. Such purposes are in all respects public purposes for the benefit of the people of the state of New York and for which public funds may be expended and both the city of Syracuse and the authority in carrying out their respective powers and duties under this title shall be deemed to be acting in a governmental capacity. The acquisition, construction, reconstruction, development, expansion, improvement, equipping, operation and maintenance of any project financed or undertaken by the

authority or the city shall be deemed to be the performance of an essential governmental function by the authority or the city acting in its governmental capacity, whether such project shall be owned or operated by the authority or by any person or public corporation.

7. It is hereby found and declared that it has been and remains the policy of the state of New York to promote equal opportunity in employment for all persons, without discrimination on account of race, creed, color, national origin, sex, sexual preference, age, disability or marital status, to promote equality of economic opportunity for minority group members and women, and business enterprises owned by them, and to eradicate the effects of private and governmental discrimination which has erected and continues to maintain barriers that unreasonably impair access by minority and women-owned business enterprises to state contract opportunities. For the purpose of furthering the state's compelling interest in eradicating the effects of racial and sexual discrimination, therefore, it is necessary and proper that article fifteen-a of the executive law, concerning participation by minority group members and women and business enterprises owned by them, shall apply to the Syracuse regional airport authority.

§ 2799-ccc. Definitions. As used or referred to in this title, unless a different meaning clearly appears from the context:

1. "Airport" shall mean any area of land or water which is used, or intended for use, for the landing and takeoff of aircraft, and any appurtenant areas which are used, or intended for use, for airport buildings or other aviation facilities, airport facility or rights-of-way, together with all airport buildings and facilities located thereon, including any heliport;

2. "Airport hazard" shall mean any structure or object of natural growth located on or in the vicinity of an airport, or any use of land near such an airport, which obstructs the airspace required for the flight of aircraft in landing or taking off at such airport or is otherwise hazardous to such landing or taking off of aircraft;

3. "Authority" shall mean the corporation created by this title;

4. "Aviation facilities" shall mean any airport facility or terminal including but not limited to any facility, property or equipment necessary, convenient or desirable for the landing, taking off, accommodation or servicing of aircraft of all types, and shall include such other facilities, equipment, property, structures and appurtenances as may be necessary or convenient in the operation, maintenance, development or improvement of an airport including facilities, equipment, property, structures, and appurtenances, leased by the authority to persons, engaged in air transportation or the production or development of materials, goods or equipment for an airport or air transportation or in providing facilities or equipment for the accommodation, safety, security or comfort of the traveling public and for purposes related or incidental to one or more of the foregoing purposes. It shall include, without limitation, runways, aprons, hangars, control towers, ramps, taxiways, navigation aids, warehouses, office and service buildings, structures, parking facilities, concession facilities, restaurants located in the terminal, motels and hotels located in the terminal, retail stores, maintenance facilities, fuel facilities, and facilities for the loading, unloading, holding, interchange or transfer of such passengers, freight, baggage or cargo. It shall also mean any property necessary to remove, mitigate, prevent or limit airport hazards. It shall also mean facilities and equipment providing access to an airport facility or terminal, including appropriate mass transportation terminal facilities at and within the airport facility or terminal itself. It shall also mean highways, access roads, driveways and approaches in the vicinity of an airport facility or terminal providing improved access to such airport facility or terminal. Notwithstanding any contrary provision of law, general, special or local, it shall also mean railroad projects related or of benefit to an airport facility or terminal consisting of railroad transportation facilities; and any equipment, improvement, structure or facility or any land, and any building, structure, facility or other improvement thereon, or any combination thereof, and all property in connection therewith or incidental thereto, deemed necessary or

desirable in the opinion of the authority, whether or not now in existence or under construction, for the undertaking of such railroad projects (exclusive of privately owned, stand alone railroad facilities which do not provide a benefit to the airport).

5. "Bonds" shall mean the bonds, notes or other evidences of indebtedness issued by the authority pursuant to this title and the provisions of this title relating to bonds and bondholders which shall apply with equal force and effect to notes and noteholders, respectively, unless the context otherwise clearly requires.

6. "City" shall mean the city of Syracuse.

7. "Construction" shall mean the acquisition, erection, building, alteration, repair, improvement, increase, enlargement, extension, installation, reconstruction, renovation or rehabilitation of a project including any appurtenances thereto which may be necessary or desirable to promote the efficiency or effectiveness of such project; the inspection and supervision thereof; and the engineering, consulting, architectural, legal, fiscal and economic and environmental investigations and studies, surveys, designs, plans, working drawings, specifications, procedures and other actions incidental thereto and claims arising therefrom.

8. "Cost" as applied to any project, shall include the cost of construction, the cost of the acquisition of all property, both real and personal, improved and unimproved, the cost of demolishing, removing or relocating any buildings or structures on lands so acquired, including the cost of relocating tenants or other occupants of the buildings or structures on such land and the cost of acquiring any lands to which such buildings or structures may be moved or relocated, the cost of all systems, facilities, machinery, apparatus and equipment, financing charges, interest prior to, during and after construction to the extent not paid or provided for from revenues or other sources, the cost of engineering and architectural surveys, plans and specifications, the cost of consultants' and legal services, the cost of lease guarantees, credit enhancement or bond insurance, other expenses necessary or

incidental to the construction of such project and the financing of the construction thereof, including the amount authorized in the resolution of the authority providing for the issuance of bonds to be paid into any reserve or other special fund from the proceeds of such bonds and the financing of the placing of any project in operation, including reimbursement to any public corporation, the state, the federal government or any other person for expenditures that would be costs of the project hereunder had they been made directly by the authority.

9. "County" shall mean Onondaga county.

10. "Equipment" shall mean snow removal vehicles, fire fighting and rescue vehicles, passenger and freight vehicles, aircraft, motors, boilers, engines, wires, ways, conduits and mechanisms, machinery, tools, implements, materials, supplies, instruments and devices of every nature whatsoever used or useful for aviation and transportation purposes or for the generation or transmission of motive power including but not limited to all power houses, and all apparatus and all devices for navigation, security, safety, signaling, communications and ventilation as may be necessary, convenient or desirable for the operation of aviation facilities and pollution control facilities.

11. "Facility" shall mean, among other things, such properties, structures, appurtenances, utilities, terminals, railroad trackage, warehouses, elevators and such other works, properties, buildings or allied items necessary or desirable in connection with development, operation, maintenance or improvement of airport and public transportation needs and for the accommodation, safety, security or comfort of the public and of commercial enterprise.

12. "Federal government" shall mean the United States of America, and any department, board, commission, bureau, division, corporation, agency or instrumentality thereof.

13. "Joint service arrangement" shall mean agreements between or among the authority and any person, the state, the city, any other public corporation, the federal government, any other state or agency or

instrumentality thereof, relating to property, buildings, structures, facilities, services, rates, fares, classifications, divisions, allowances or charges (including charges between operators of railroad, omnibus and aviation facilities), or rules or regulations pertaining thereto, for or in connection with or incidental to transportation in part in or upon railroad, omnibus or aviation facilities located within the county and in part in or upon railroad, omnibus or aviation facilities located outside the county.

14. "Municipality" shall mean a county, city, town, village or school district.

15. "Person" shall mean any natural person, firm, partnership, association, joint venture or corporation, exclusive of a public corporation.

16. "Personal property" shall mean chattels and other tangible things of a movable or removable nature.

17. "Pollution control facilities" shall mean any equipment, improvement, structure or facility or any land and any building, structure, facility or other improvement thereon, or any combination thereof, and all property deemed necessary therewith, having to do with or the end purpose of which is the control, abatement or prevention of land, sewer, water, air, noise or general environmental pollution deriving from the operation of aviation facilities, including, but not limited to any air pollution control facility, noise abatement or suppression facility (including physical barriers, landscaping and sound proofing for the purpose of diminishing the effect of aircraft noise on any area adjacent to an airport), water management facility, waste water collecting system, waste water treatment works, sewage treatment works, deicing facility, or sewage treatment system or site.

18. "Property" shall mean both real and personal property.

19. "Project" shall mean any property or improvements located within the state of New York and within or outside or partially within and

partially outside Onondaga county, including, but not limited to, machinery, equipment and other facilities deemed necessary or desirable in connection therewith, or incidental thereto, whether or not now in existence or under construction, which shall be necessary or suitable for aviation purposes and airport development and which may include or mean aviation facilities and pollution control facilities; provided, however, the authority shall not use its funds in respect of any part of a project located wholly or partially outside the county without the prior consent thereto by the governing body of any other county in which a part or parts of the project is, or is to be located. It shall also mean any property necessary to remove, mitigate, prevent or limit airport hazards.

20. "Public corporation" shall mean a county, city, town, village, school district or special district, any public benefit corporation, agency or instrumentality of the state or of any municipality, or two or more of any of the foregoing acting jointly.

21. "Real property" shall mean lands, structures, franchises and interests in land, airspace, waters, lands under water, riparian rights, air rights, any fixtures, equipment and articles of personal property affixed to or used in connection therewith, and any and all things and rights included within said term and includes not only fees simple absolute but also any and all lesser interests including but not limited to easements, rights-of-way, uses, leases, licenses and all other incorporeal hereditaments and every estate, interest or right, legal or equitable, including terms for years and liens thereon by way of judgments, mortgages, or otherwise.

22. "Revenues" shall mean all rates, fees, rents, revenues, charges and other income derived by the authority from the operation, leasing, sale or other disposition of a project or projects.

23. "State" shall mean the state of New York.

§ 2799-ddd. Syracuse regional airport authority. 1. There is hereby created the Syracuse regional airport authority. The authority shall be a body corporate and politic constituting a public benefit corporation. The authority shall consist of eleven members who shall be appointed as follows: seven shall be appointed by the mayor of the city of Syracuse, one shall be appointed by the county executive of Onondaga county, one shall be appointed by the town board of the town of Dewitt, one shall be appointed by the board of education of the East Syracuse Minoa Central School District, and one shall be appointed for a period of one year, alternately, by the board of education of the North Syracuse Central School District and the town board of the town of Salina, Cicero or Clay. The member initially appointed by the county executive and two of the members initially appointed by the mayor shall serve for a term ending December thirty-first, two thousand fourteen. Two of the members initially appointed by the mayor shall serve for a term ending December thirty-first, two thousand fifteen. Three members initially appointed by the mayor, the member appointed by the town board of the town of Dewitt, and the member appointed by the board of education of the East Syracuse Minoa Central School District, shall serve for a term ending December thirty-first, two thousand sixteen. The first member appointed by the town board of the town of Salina, Cicero or Clay, or by the board of education of the North Syracuse Central School District, shall be appointed by the town board of the town of Cicero and shall serve for a term ending December thirty-first, two thousand thirteen. Following the expiration of such member's two year term, the subsequently appointed member shall be appointed by the town board of the town of Salina. Following the expiration of such member's two year term, the subsequently appointed member shall be appointed by the town board of the town of Clay. Following the expiration of such member's two year term, the subsequently appointed member shall be appointed by the board of education of the North Syracuse Central School District. Thereafter, each subsequent member shall be appointed alternately by each town or the board of education in the same order as the initial appointments. The mayor shall designate one of the eleven members to serve as chairperson of the authority. With the exception of the member appointed by the board of education of the North Syracuse Central School District or by the town board of the town of Salina, Cicero or Clay, who shall serve a two year term, and those initial appointees whose terms are three years or less, each member shall serve a term of four years.

2. All members shall continue to hold office until their successors are appointed and qualify. Provided that upon a new mayor of the city taking office, the incoming mayor may replace the city appointee with the shortest remaining term with a new appointee. Vacancies shall be filled in the manner provided for original appointment. Vacancies, occurring otherwise than by expiration of term of office, shall be filled for the unexpired terms. Members may be removed from office for the same reasons and in the same manner as may be provided by section twenty-eight hundred twenty-seven of this chapter. The members of the authority shall receive no compensation for their services but shall be reimbursed for all their actual and necessary expenses incurred in connection with the carrying out of the purposes of this title. The powers of the authority shall be vested in and be exercised by the members of the authority at a meeting duly called and held and a majority of directors shall constitute a quorum. No action shall be taken except pursuant to the favorable vote of at least a majority of members. The members of the authority may delegate to one or more of its members, officers, agents or employees such powers and duties as it may deem proper.

3. The authority shall have a regional advisory board consisting of eight non-voting members. The membership shall include one member appointed by the county executive of Oneida county, one member each appointed by the chairpersons of the county legislatures of Onondaga, Oswego, Cortland, Cayuga, and Jefferson counties, one member appointed by the chairperson of the board of supervisors of Madison county, and one member appointed by the Common Council of the City of Syracuse. Members will be appointed for two year terms and may be reappointed.

4. Appointments to the authority and to the non-voting advisory board shall be geographically diverse and include representatives from business, finance, and labor.

5. Notwithstanding any inconsistent provision of any general, special or local law, ordinance, resolution or charter, no officer, member or

employee of the state or of any public corporation shall forfeit his or her office or employment by reason of his or her acceptance of appointment as a member, officer or employee of the authority, nor shall service as such member, officer or employee be deemed incompatible or in conflict with such office, membership or employment.

6. All members of the authority will be required to comply with the provisions of this chapter and to complete all disclosure forms required by this chapter.

7. The authority shall continue for a term of one year after all its bonds have been fully paid and discharged. Upon termination of the existence of the authority, all of its rights and property shall pass to and be vested in the city.

§ 2799-eee. Advances on behalf of authority, transfer of property to authority, acquisition of property by city or authority. 1. In addition to any powers granted to it by law, the city or any other public corporation may, from time to time, appropriate by ordinance or resolution sums of money to defray project costs or any other costs and expenses of the authority including operating expenses. Subject to the rights of bondholders, the city or such other public corporation may determine if the moneys so appropriated shall be subject to repayment by the authority to the city or such other public corporation and, in such event, the manner and time or times for such repayment.

2. Notwithstanding any inconsistent provision of any general, special or local law, ordinance, resolution or charter, any public corporation may, by a majority vote of its governing body and the approval of its chief executive officer, give, grant, sell, convey, loan, license the use of or lease to the authority any property or facilities, including aviation facilities and pollution control facilities, which are useful in connection with the exercise by the authority of its powers under this title. Any such gift, grant, sale, conveyance, loan, license or lease shall be upon such terms and conditions, and for such term or terms of years, subject to the rights of the holders of any bonds, as

the authority and such public corporation may agree. Any such gift, grant, sale, conveyance, lease, loan or license shall not be subject to referendum, permissive or mandatory. In the event that any public corporation gives, grants, sells, conveys, loans, licenses or leases any aviation facilities, real property, facilities or pollution control facilities to the authority, such public corporation may contract with the authority to lease, borrow, license, operate, maintain, manage and provide services for such real property or facilities upon such terms and conditions and for such term or terms of years, subject to the rights of holders of bonds, as the authority and such public corporation may agree. The authority, in furtherance of any purchase, conveyance or lease of any property or facility from any public corporation, may assume the primary responsibility for the payment of the principal and interest on any bonds or notes issued by such public corporation for such property or facility. For purposes of section 136.00 of the local finance law, any agreement by the authority to assume the primary responsibility for the payment of the principal and interest on any bonds or notes issued by any such public corporation shall, so long as such agreement shall continue to be honored by the authority, cause such bonds or notes to be deemed to have been refunded and any such public corporation may deduct from its gross indebtedness any outstanding indebtedness contracted for such property or facility to be acquired by the authority.

3. The city may acquire by purchase, grant, lease, gift or condemnation pursuant to the eminent domain procedure law real property in the name of the city for any corporate purpose of the authority.

4. Notwithstanding the provisions of any other law, general, special or local, real property acquired by the authority or the city from the state may be used for any corporate purpose of the authority.

§ 2799-fff. Transfer of officers and employees. 1. In accordance with the provisions of section seventy of the civil service law, any officer or employee of the city, selected by the authority may, with the consent of the mayor, be transferred to the authority and shall be eligible for such transfer and appointment, without further examination, to applicable offices, positions and employment under the authority. Any such officers or employees so transferred to the authority pursuant to this section, who are members of or benefit under any existing pension or retirement fund or system, shall continue to have all rights, privileges, obligations and status with respect to such fund or system as are now prescribed by law, but during the period of their employment by the authority, all contributions to such funds or systems to be paid by the employer on account of such officers or employees shall be paid by the authority.

2. A transferred employee shall remain in the same collective bargaining unit as was the case prior to his or her transfer; successor employees to the positions held by such transferred employees shall, consistent with the provisions of article fourteen of the civil service law, be included in the same unit as their predecessors. Employees serving in positions in newly created titles shall be assigned to such same collective bargaining unit if they would have been assigned to such unit were such titles created prior to the establishment of the authority. Nothing contained in this title shall be construed (a) to diminish the rights of employees pursuant to a collective bargaining agreement or (b) to affect existing law with respect to an application to the public employment relations board seeking a designation by the board that certain persons are managerial or confidential.

§ 2799-ggg. General powers of the authority. Except as otherwise limited by this title, the authority shall have power:

1. to sue and be sued;

2. to have a seal and alter the same at pleasure;

3. to borrow money and issue bonds for any of its corporate purposes or its projects and to provide for the rights of the holders thereof;

4. to make and alter by-laws for its organization and management, and,

subject to agreements with its bondholders, to make and alter rules and regulations governing the exercise of its powers and the fulfillment of its purposes under this title;

5. to acquire by purchase, grant, lease, gift, condemnation pursuant to the provisions of the eminent domain procedure law with the approval of the city, or otherwise and to hold and use property and facilities necessary, convenient or desirable to carry out its corporate purposes, and to sell, convey, mortgage, lease, pledge, exchange or otherwise dispose of any such property and facilities;

6. to acquire, construct, reconstruct, lease, expand, improve, maintain, equip, furnish, operate one or more projects and, if necessary, to pay or finance the cost thereof;

7. to apply for and to accept gifts, grants, loans, or contributions of funds or property or financial or other aid in any form from, and enter into contracts or other transactions with, the federal government, the state or any public corporation or any other source, and to use any such gifts, grants, loans or contributions for any of its corporate purposes;

8. to grant options to renew any lease with respect to any project or projects and to grant options to buy any project;

9. to designate the depositories of its money;

10. to establish its fiscal year;

11. to enter into contracts, agreements and leases with the federal government, the state, the county, the city, any person or other public corporation and to execute all instruments necessary or convenient to accomplishing its corporate purposes;

12. to appoint such officers, employees and agents as the authority may require for the performance of its duties, and to fix and determine their qualifications, duties, and compensation subject to the provisions

of the civil service law and any applicable collective bargaining agreement, and to retain or employ counsel, auditors, engineers and private consultants on a contract basis or otherwise for rendering professional, management or technical services and advice; which positions, with the exception of all police positions, shall be in the exempt class of civil service;

13. with the consent of the mayor to use employees, agents, consultants and facilities of the city, paying the city its agreed proportion of the compensation or costs;

14. to make plans, surveys, and studies necessary, convenient or desirable to the effectuation of the purposes and powers of the authority and to prepare recommendations in regard thereto;

15. to enter upon such lands, waters or premises as in the judgment of the authority may be necessary, convenient or desirable for the purpose of making surveys, soundings, borings and examinations to accomplish any purpose authorized by this title, the authority being liable for actual damage done;

16. the authority may covenant and consent that the interest on any of its bonds or notes issued pursuant to this title shall be includible, under the United States Internal Revenue Code of 1986, or any subsequent corresponding internal revenue law of the United States, in gross income of the holders of the bonds or notes to the same extent and in the same manner that the interest on bills, bonds, notes or other obligations of the United States is includible in the gross income of the holders thereof under said Internal Revenue Code or any such subsequent law;

17. to do all things necessary, convenient or desirable to carry out its purposes and for the exercise of the powers granted in this title; and

18. to insure or provide for the insurance of the authority's property or operations as required by law and also against such other risks as the authority may deem advisable.

§ 2799-ggg-1. Authority police force. The authority is hereby authorized and empowered to provide and maintain an authority police department and a uniformed authority police force. Each member of such uniformed police force shall be a "police officer" as that term is defined in paragraph (e) of subdivision thirty-four of section 1.20 of the criminal procedure law, with all of the powers of such police officers thereunder and subject to the same jurisdictional provisions on the exercise of that power as set forth in such law. The geographical area of employment of such police officers for the purposes of the criminal procedure law shall be limited to the buildings and grounds of the authority. Such department and force shall have the power, in and about any or all of the facilities owned, occupied and/or operated by the authority, to enforce and prevent violation of all laws. Nothing herein shall confer upon the authority police force or upon their collective negotiations representatives exclusive jurisdiction or claim over the exercise of police power or security work on behalf of the authority. Nothing herein shall limit the authority from continuing to rely on local police for police services. However, traditional police functions previously performed by the city of Syracuse police department shall continue to be performed by the authority police force.

§ 2799-hhh. Special powers of the authority. In order to effectuate the purpose of this title:

1. The authority may enter into any joint service arrangements as provided in this section.

2. The authority may, establish, construct, effectuate, operate, manage, maintain, renovate, improve, extend or repair any aviation facilities or pollution control facilities, or may provide for such establishment, construction, effectuation, operation, management, maintenance, renovation, improvement, extension or repair by contract, lease, or other arrangement with the federal government, any state or agency or instrumentality thereof, or any person or public corporation.

In connection with the operation of any such facilities, the authority may establish, construct, effectuate, operate, manage, maintain, renovate, improve, extend or repair or may provide by contract, lease or other arrangement for the establishment, construction, effectuation, operation, management, maintenance, renovation, improvement, extension or repair of any related services and activities.

3. The authority may establish, fix, revise, levy and collect or cause to be established, fixed, revised, levied and collected and, in the case of a joint service arrangement, join with others in the establishment, fixing, revision, levy and collection of such fares, rentals, rates, charges, landing and field use fees, concession fees and other fees for the use and operation of any real property, aviation facilities, pollution control facilities, facility and related services operated or managed by the authority or under contract, lease or other arrangement, including joint service arrangements, with the authority. Such fares, rentals, rates, charges, landing and field use fees, concession fees or other fees shall be at least sufficient at all times in the judgment of the authority to establish and maintain the combined operations of the authority on a self-sustaining basis. Such operations shall be deemed to be on a self-sustaining basis as required by this title, when the authority is able to pay or fund or cause to be paid or funded from revenues and any other funds actually available to the authority:

(a) the principal of, premium, if any, and the interest on the outstanding bonds of the authority as the same shall become due and payable and any capital or debt service reserve therefor and, to the extent required by any agreement between the city and the authority, the principal of and interest on any general obligation bonds, notes or other evidence of indebtedness of the city issued for or allocable to any project of the authority as the same shall become due and payable and any reserves therefor;

(b) the cost of administering, maintaining, repairing and operating any project of the authority;

(c) the cost of constructing capital improvements thereto pursuant to any agreement between the city and the authority;

(d) any liabilities incurred for or allocable to any project of the authority including any liabilities of the city assumed by the authority pursuant to any agreement between the city and the authority, as the same become due and payable;

(e) any requirements of any agreement including those relating to the establishment of reserves for renewal and replacement and for uncollected fares, rentals, rates, charges and fees and covenants respecting rates and debt service and earnings coverage ratios;

(f) all other reasonable and necessary expenses of the authority; and

(g) the cost of such additional projects as may be now or hereafter authorized by law and agreed to by the authority.

4. The authority may establish and, in the case of joint service arrangements, join with others in the establishment of such schedules and standards of operations and such other rules and regulations including but not limited to rules and regulations governing the conduct, safety and security of the public as it may deem necessary, convenient or desirable for the use, operation and management of any project and related services operated or managed by the authority or under contract, lease or other arrangement, including joint service arrangements, with the authority. Such rules and regulations governing the conduct, safety and security of the public shall be filed with the department of state in the manner provided by section one hundred two of the executive law. In the case of any conflict between any such rule or regulation of the authority governing the conduct, safety and security of the public and any local law, local ordinance, local rule or local regulation, such rule or regulation of the authority shall prevail. Nothing in this section shall be construed to exempt the authority from any state law, rule or regulation.

5. The authority may manage, control and direct the maintenance and operation of aviation facilities, equipment or property operated by or under contract, lease or other arrangement with the authority. Except as agreed to pursuant to any agreement between the authority and any public corporation and except as hereinafter specially provided, no municipality except for the city, shall have jurisdiction over any facilities of the authority or any of its activities or operations. The city may provide for such facilities' police and fire protection services.

6. The authority may accept unconditional grants of money or property from any municipality the whole or any part of which municipality shall be served or to be served by an aviation facility operated by the authority. Such grants of money or property would be for the purpose of assisting the authority in meeting its capital or operating expenses. The acceptance of any such grant shall not operate to make the authority an agency of the municipality making the grant.

7. In any instance where the city is required by law, with respect to an airport or any aviation facilities, to conduct a public hearing in connection with a contract, lease, joint service arrangement, charge, fare, rental or fee, the authority shall not enter into such contract, lease, joint service arrangement, or establish, fix, revise or levy any charge, fare, rental, landing and field use fee, concession fee or other fee unless and until the authority has held a public hearing at which interested persons have had an opportunity to be heard concerning the same, provided however, if the city has conducted a public hearing in connection with such contract, lease, joint service arrangement, charge, fare, rental or fee, the authority shall not be required to hold a public hearing. Notice of such public hearing shall be published by the authority at least ten days before the date set therefor, in at least one newspaper of general circulation in the county and on the authority website. Such notice shall set forth the date, time and place of such hearing and shall include a brief description of the matters to be considered at such meeting. At all such hearings, any interested persons shall have an opportunity to be heard concerning the matters under consideration. Any decision of the authority on matters considered at such public hearing shall be in writing and be made available in the office of the authority for public inspection during regular office hours and posted on the authority website.

8. The authority may acquire, hold, own, lease, establish, construct, effectuate, operate, maintain, renovate, improve, extend or repair any of its facilities through, and cause any one or more of its powers, duties, functions or activities to be exercised or performed by, no more than two wholly owned subsidiary corporations of the authority for the

purposes of operating parking and concessions including food, beverage, and retail services, and airline and aircraft services including ticketing, baggage and fueling services and other services for the operation of the airport. The authority may transfer to or from any such corporation, or between such corporations, any moneys, real property or other property or the services of any officers, employees or consultants for any of the purposes of this title. The directors or members of each such subsidiary corporation shall be the same persons holding the offices of members of the authority. Each such subsidiary corporation and any of its property, functions and activities shall have all of the privileges, immunities, tax exemptions and other exemptions of the authority and of the authority's property, functions and activities. Each such subsidiary corporation shall be subject to the restrictions and limitations to which the authority may be subject. Each such subsidiary corporation shall be subject to suit in accordance with section twenty-seven hundred ninety-nine-www of this title. The employees of any such subsidiary corporation, except those who are also employees of the authority, shall not be deemed employees of the authority.

§ 2799-iii. City notice required. Notwithstanding any inconsistent provision of this title, no project having an aggregate cost exceeding ten million dollars, including but not limited to the acquisition of real property by the authority or the expansion of the authority's aviation facilities, may be undertaken by the authority unless the authority has provided notice of such project to the Syracuse common council and the mayor.

§ 2799-jjj. Bonds of the authority. 1. The authority shall have the power and is hereby authorized from time to time to issue bonds, notes or other obligations to pay the cost of any project or for any other corporate purpose, including the establishment of reserves to secure the bonds, the payment of principal of, premium, if any, and interest on the bonds and the payment of incidental expenses in connection therewith. The aggregate principal amount of such bonds, notes or other obligations shall not exceed three hundred million dollars ($300,000,000), excluding bonds, notes or other obligations issued to refund or otherwise repay bonds, notes or other obligations theretofore issued for such purposes; provided, however, that upon any such refunding or repayment the total aggregate principal amount of outstanding bonds, notes or other obligations may be greater than three hundred million dollars ($300,000,000) only if the present value of the aggregate debt service of their funding or repayment bonds, notes or other obligations to be issued shall not exceed the present value of the aggregate debt service of the bonds, notes or other obligations so to be refunded or repaid. For purposes of this section, the present values of the aggregate debt service of the refunding or repayment bonds, notes or other obligations and of the aggregate debt service of the bonds, notes or other obligations so refunded or repaid, shall be calculated by utilizing the effective interest rate of the refunding or repayment bonds, notes or other obligations, which shall be that rate arrived at by doubling the semi-annual interest rate (compounded semi-annually) necessary to discount the debt service payments on the refunding or repayment bonds, notes or other obligations from the payment dates thereof to the date of issue of the refunding or repayment bonds, notes or other obligations and to the price bid including estimated accrued interest or proceeds received by the authority including estimated accrued interest from the sale thereof. The authority shall have power and is hereby authorized to enter into such agreements and perform such acts as may be required under any applicable federal legislation to secure a federal guarantee of any bonds.

2. The authority shall have power from time to time to renew bonds or to issue renewal bonds for such purpose, to issue bonds to pay bonds, and, whenever it deems refunding expedient, to refund any bond by the issuance of new bonds, whether the bonds to be refunded have or have not matured, and may issue bonds partly to refund bonds then outstanding and partly for any other corporate purpose of the authority. Bonds (other than notes or other evidence of indebtedness) issued for refunding purposes, which have a final maturity date longer than the maturity of the bonds being refunded, shall be approved by a resolution of the common council adopted by a majority vote and approved by the mayor.

Bonds issued for refunding purposes shall be sold and the proceeds applied to the purchase, redemption or payment of the bonds or notes to be refunded.

3. Bonds issued by the authority may be general obligations secured by the faith and credit of the authority or may be special obligations payable solely out of particular revenues or other moneys as may be designated in the proceedings of the authority under which the bonds shall be authorized to be issued, subject as to priority only to any agreements with the holders of outstanding bonds pledging any particular property, revenues or moneys. The authority may also enter into loan agreements, lines of credit and other security agreements and obtain for or on its behalf letters of credit, insurance, guarantees or other credit enhancements to the extent now or hereafter available, in each case for securing its bonds or to provide direct payment of any costs which the authority is authorized to pay.

4. (a) Bonds shall be authorized by resolution of the authority, be in such denominations and bear such date or dates and mature at such time or times, as such resolution may provide, provided that bonds and renewals thereof shall mature within thirty years from the date of original issuance of any such bonds.

(b) Bonds shall be subject to such terms of redemption, bear interest at such rate or rates, be payable at such times, be in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, and be subject to such terms and conditions as such resolution may provide.

(c) Notwithstanding any other provision of law, the bonds of the authority issued pursuant to this section shall be sold to the bidder offering the lowest true interest cost, taking into consideration any premium or discount not less than four nor more than fifteen days, Sundays excepted, after a notice of such sale has been published at least once in a newspaper of general circulation in the area served by the authority and on the authority website, which shall state the terms of the sale. The terms of the sale may not change unless notice of such change is published in such newspaper and on the authority website at least one day prior to the date of the sale as set forth in the original notice of sale. Advertisements shall contain a provision to the effect that the authority, in its discretion, may reject any or all bids made in pursuance of such advertisements, and in the event of such rejection, the authority is authorized to negotiate a private or public sale or re-advertise for bids in the form and manner above described as many times as, in its judgment, may be necessary to effect a satisfactory sale.

(d) Notwithstanding the provisions of the preceding paragraph, whenever in the judgment of the authority the interests of the authority will be served thereby, the members of the authority, on the written recommendation of the chairperson, may authorize the sale of such bonds at private or public sale on a negotiated basis or on either a competitive or negotiated basis. The authority shall set guidelines governing the terms and conditions of any such private or public sales.

(e) The private or public bond sale guidelines set by the authority shall include, but not be limited to a requirement that where the interests of the authority will be served by a private or public sale of bonds, the authority shall select underwriters for private or public bond sales conducted pursuant to a request for proposal process undertaken at least once annually and consideration of proposals from qualified underwriters taking into account, among other things, qualifications of underwriters as to experience, their ability to structure and sell authority bond issues, anticipated costs to the authority, the prior experience of the authority with the firm, if any, the capitalization of such firms, participation of qualified minority and women-owned business enterprise firms in such private or public sales of bonds of the authority and the experience and ability of firms under consideration to work with minority and women-owned business enterprises so as to promote and assist participation by such enterprises.

(f) The authority shall have the power from time to time to amend such private bond sale guidelines in accordance with the provisions of this subdivision.

(g) No private or public bond sale on a negotiated basis shall be conducted by the authority without prior approval of the state comptroller and the city comptroller.

(h) The authority shall annually prepare and approve a bond sale report which shall include the private or public bond sale guidelines as specified in this subdivision, amendments to such guidelines since the last private or public bond sale report, an explanation of the bond sale guidelines and amendments, and the results of any sale of bonds conducted during the fiscal year. Such bond sale report may be a part of any other annual report that the authority is required to make.

(i) The authority shall annually submit its bond sale report to the state comptroller and copies thereof to the senate finance committee, the assembly ways and means committee and the authority budget office.

(j) The authority shall make available to the public copies of its bond sale report upon reasonable request therefore.

(k) Nothing contained in this subdivision shall be deemed to alter, affect the validity of, modify the terms of or impair any contract or agreement made or entered into in violation of, or without compliance with, the provisions of this subdivision.

5. Any resolution or resolutions authorizing bonds or any issue of bonds may contain provisions which may be a part of the contract with the holders of the bonds thereby authorized as to:

(a) pledging all or any part of the revenues, other moneys or property of the authority to secure the payment of the bonds, or any costs of issuance thereof, including but not limited to any contracts, earnings or proceeds of any grant to the authority received from any private or public source subject to such agreements with bondholders as may then exist;

(b) the setting aside of reserves and the creation of sinking funds and the regulation and disposition thereof;

(c) limitations on the purpose to which the proceeds from the sale of bonds may be applied;

(d) the rates, rents, fees and other charges to be fixed and collected by the authority and the amount to be raised in each year thereby and the use and disposition of revenues;

(e) limitations on the right of the authority to restrict and regulate the use of the project or part thereof in connection with which bonds are issued;

(f) limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured and the refunding of outstanding or other bonds;

(g) the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, the amount of bonds the holders of which must consent thereto, and the manner in which such consent may be given;

(h) the creation of special funds into which any revenues or moneys may be deposited;

(i) the terms and provisions of any trust, mortgage, deed or indenture securing the bonds under which the bonds may be issued;

(j) vesting in a trustee or trustees such properties, rights, powers and duties in trust as the authority may determine which may include any or all of the rights, powers and duties of the trustees appointed by the bondholders pursuant to this title and limiting or abrogating the rights of the bondholders to appoint a trustee under such section or limiting the rights, duties and powers of such trustee;

(k) defining the acts or omissions to act which may constitute a default in the obligations and duties of the authority to the bondholders and providing for the rights and remedies of the bondholders in the event of such default, including as a matter of right the appointment of a receiver, provided, however, that such rights and remedies shall not be inconsistent with the general laws of the state and other provisions of this title;

(l) limitations on the power of the authority to sell or otherwise dispose of any project or any part thereof;

(m) limitations on the amount of revenues and other moneys to be expended for operating, administrative or other expenses of the authority;

(n) the payment of the proceeds of bonds, revenues and other moneys to a trustee or other depository, and for the method of disbursement thereof with such safeguards and restrictions as the authority may determine; and

(o) any other matters of like or different character which in any way affect the security or protection of the bonds or the rights and remedies of bondholders.

6. In addition to the powers herein conferred upon the authority to

secure its bonds, the authority shall have power in connection with the issuance of bonds to adopt resolutions and enter into such trust indentures, agreements or other instruments as the authority may deem necessary, convenient or desirable concerning the use or disposition of its revenues or other moneys or property, including the mortgaging of any property and the entrusting, pledging or creation of any other security interest in any such revenues, moneys or property and the doing of any act, including refraining from doing any act which the authority would have the right to do in the absence of such resolutions, trust indentures, agreements or other instruments. The authority shall have power to enter into amendments of any such resolutions, trust indentures, agreements or other instruments. The provisions of any such resolutions, trust indentures, agreements or other instruments may be made a part of the contract with the holders of bonds of the authority.

7. Any provision of the uniform commercial code to the contrary notwithstanding, any pledge of or other security interest in revenues, moneys, accounts, contract rights, general intangibles or other personal property made or created by the authority shall be valid, binding and perfected from the time when such pledge is made or other security interest attaches without any physical delivery of the collateral or further act, and the lien of any such pledge or other security interest shall be valid, binding and perfected against all parties having claims of any kind in tort, contract or otherwise against the authority irrespective of whether or not such parties have notice thereof. No instrument by which such a pledge or security interest is created nor any financing statement need be recorded or filed.

8. Whether or not the bonds are of such form and character as to be negotiable instruments under the terms of the uniform commercial code, the bonds are hereby made negotiable instruments within the meaning of and for all the purposes of the uniform commercial code, subject only to the provisions of the bonds for registration.

9. Neither the members of the authority nor any person executing its bonds shall be liable personally on its bonds or be subject to any personal liability or accountability by reason of the issuance thereof.

10. Subject to such agreements with bondholders as may then exist, the authority shall have power out of any funds available therefor to purchase bonds of the authority, which shall thereupon be cancelled, at a price not exceeding (a) if the bonds are then redeemable, the redemption price then applicable plus accrued interest to the next interest payment date, or (b) if the bonds are not then redeemable, the redemption price applicable on the first date after such purchase upon which the bonds become subject to redemption plus accrued interest to the next interest payment date. Bonds so purchased shall thereupon be cancelled.

§ 2799-kkk. Remedies of bondholders. Subject to any resolution or resolutions adopted pursuant to this title:

1. In the event that the authority shall default in the payment of principal or of interest on any issue of bonds after the same shall become due, whether at maturity or upon call for redemption, and such default shall continue for a period of thirty days, or in the event that the authority shall fail or refuse to comply with the provisions of this title or shall default in any agreement made with the holders of any issue of bonds, the holders of twenty-five percent in aggregate principal amount of the bonds of such issue then outstanding, by instrument or instruments filed in the office of the clerk of the county in which the principal office of the authority is located and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of such bonds for the purpose herein provided.

2. Such trustee may, and upon written request of the holders of twenty-five per centum in principal amount of such bonds outstanding, shall in its own name:

(a) by action or proceeding in accordance with the civil practice law and rules, enforce all rights of the bondholders, including the right to require the authority to collect rents, rates, fees and charges adequate to carry out any agreement as to, or pledge of, such rents, rates, fees and charges and to require the authority to carry out any other agreements with the holders of such bonds to perform its duties under this title;

(b) bring an action or proceeding upon such bonds;

(c) by action or proceeding, require the authority to account as if it were the trustee of an express trust for the holders of such bonds;

(d) by action or proceeding, enjoin any acts or things which may be unlawful or in violation of the rights of the holders of such bonds; and

(e) declare all such bonds due and payable, and if all defaults shall be made good, then with the consent of the holders of twenty-five per centum of the principal amount of such bonds then outstanding, to annul such declaration and its consequences.

3. Such trustee shall in addition to the foregoing have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth in this title or incident to the general representation of bondholders in the enforcement and protection of their rights.

4. The supreme court shall have jurisdiction of any action or proceeding by the trustee on behalf of such bondholders. The venue of any such action or proceeding shall be laid in the county.

5. Before declaring the principal of bonds due and payable, the trustee shall first give thirty days notice in writing to the authority.

6. Any such trustee whether or not the issue of bonds represented by such trustee has been declared due and payable, shall be entitled as of right to the appointment of a receiver of any part or parts of the project, the revenues of which are pledged for the security of the bonds of such issue, and such receiver may enter and take possession of such part or parts of the project and, subject to any pledge or agreement with the holders of such bonds, shall take possession of all moneys and other property derived from such part or parts of the project and proceed with any construction thereon or the acquisition of any property, real or personal, in connection therewith that the authority is under obligation to do, and operate, maintain and reconstruct such

part or parts of the project and collect and receive all revenues thereafter arising therefrom subject to any pledge or agreement with bondholders relating thereto and perform the public duties and carry out the agreements and obligations of the authority under the direction of the court. In any suit, action or proceeding by the trustee, the fees, counsel fees and expenses of the trustee and of the receiver, if any, shall constitute taxable disbursements and all costs and disbursements allowed by the court shall be a first charge on any revenues derived from the project.

§ 2799-lll. State, county, and city not liable on authority bonds. Neither the state, the county, nor the city shall be liable on the bonds of the authority and such bonds shall not be a debt of the state, the county, or the city, and such bonds shall contain on the face thereof a statement to such effect.

§ 2799-mmm. Moneys of the authority. All moneys of the authority from whatever source derived shall be paid to the treasurer of the authority and shall be deposited forthwith in a bank or banks designated by the authority. The moneys in such accounts shall be paid out on check of the treasurer upon requisition by such person or persons as the authority may authorize to make such requisitions. All deposits of such moneys shall be secured by obligations of the United States or of the state or of any municipality of a market value equal at all times to the amount on deposit and all banks and trust companies are authorized to give such security for such deposits. To the extent practicable, consistent with the cash requirements of the authority, all such moneys shall be deposited in interest bearing accounts. The authority shall have power, notwithstanding the provisions of this section, to contract with the holders of any bonds as to the custody, collection, security, investment and payment of any moneys of the authority or any moneys held in trust or otherwise for the payment of bonds or in any way to secure bonds, and carry out any such contract notwithstanding that such contract may be inconsistent with the provisions of this section. Moneys held in trust or otherwise for the payment of bonds or in any way to secure bonds and deposits of such moneys may be secured in the same manner as moneys of the authority and all banks and trust companies are authorized to give such security for such deposits. Any moneys of the authority not required for immediate use or disbursement may, at the discretion of the authority, be invested in those obligations specified pursuant to the provisions of section ninety-eight-a of the state finance law. Subject to the provisions of any contract with bondholders and with the approval of the state comptroller, the authority shall prescribe a system of accounts.

§ 2799-nnn. Bonds legal investment for fiduciaries. The bonds of the authority are hereby made securities in which all public officers and bodies of the state and all municipalities, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations, including savings and loan associations, building and loan associations, investment companies and other persons carrying on a banking business, and administrators, guardians, executors, trustees and other fiduciaries and all other persons whatsoever, who are now or may hereafter be authorized to invest in bonds or other obligations of the state may properly and legally invest funds including capital in their control or belonging to them. Notwithstanding other provisions of law, the bonds are also hereby made securities which may be deposited with and may be received by all public officers and bodies of the state and all municipalities for any purposes for which the deposit of bonds or other obligations of this state is now or hereafter may be authorized.

§ 2799-ooo. Agreement with state. The state does hereby pledge to and agree with the holders of any bonds issued by the authority pursuant to this title and with those persons or public corporations who may enter into contracts with the authority pursuant to the provisions of this title that the state will not alter, limit or impair the rights hereby vested in the authority to purchase, construct, own and operate, maintain, repair, improve, reconstruct, renovate, rehabilitate, enlarge, increase and extend, or dispose of any project, or any part or parts thereof, for which bonds of the authority shall have been issued, to establish and collect rates, rents, fees and other charges referred to in this title, to fulfill the terms of any contracts or agreements made with or for the benefit of the holders of bonds or with any person or public corporation with reference to such project or part thereof, or in any way to impair the rights and remedies of the holders of bonds, until the bonds, together with interest thereon, including interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of the holders of bonds, are fully met and discharged and such contracts are fully performed on the part of the authority. The authority is authorized to include this pledge and agreement of the state in any agreement with the holders of bonds.

§ 2799-ppp. Agreement with city. The city is authorized to pledge to and agree with the holders of any bonds issued by the authority pursuant to this title and with those persons or public corporations who may enter into contracts with the authority pursuant to the provisions of this title that the city will not alter, limit or impair the rights hereby vested in the authority to purchase, construct, own and operate, maintain, repair, improve, reconstruct, renovate, rehabilitate, enlarge, increase and extend, or dispose of any project, or any part or parts thereof, for which bonds of the authority shall have been issued, to establish and collect rates, rents, fees and other charges referred to in this title, to fulfill the terms of any agreements made with the holders of the bonds or with any public corporation or person with reference to such project or part thereof, or in any way impair the rights and remedies of the holders of bonds, until the bonds, together with interest thereon, including interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of the holders of bonds, are fully met and discharged and such contracts are fully performed on the part of the authority.

§ 2799-qqq. Exemption from taxes, assessments and certain fees. 1. The authority, notwithstanding the provisions of the real property tax law, any other general, special, or local law, or ordinance, rule or regulation to the contrary, with respect to the airport, aviation facilities, pollution control facilities, any real property, and any facility shall be exempt from taxation and shall not be required to pay any fees, taxes, special ad valorem levies or special assessments, whether state or local, including but not limited to fees, taxes, special ad valorem levies or assessments on real property, franchise taxes, sales taxes or other excise taxes, upon the airport, aviation facilities, pollution control facilities, any facility or any property owned or leased by it or under its jurisdiction, control or supervision, or upon the uses thereof, or upon its activities in the operation and maintenance of its facilities or any fares, tolls, rentals, rates, charges, fees, revenues or other income received by the authority. Notwithstanding the previous sentence; (1) the authority shall be required to pay (a) only those special ad valorem levies or assessments payable by the city immediately prior to the effective date of this act and (b) scheduled payments in lieu of taxes payable by the city to school districts and to towns pursuant to PILOT agreements in effect immediately prior to the effective date of this act; and (2) tax parcels not owned by the city and not tax exempt prior to the effective date of this act shall not become tax exempt upon the effective date of this act. Tax parcels acquired by the authority subsequent to the effective date of this act shall be exempt from taxes, assessments, special ad valorem levies, and special assessments fees as provided herein, subject to the obligation to make payments in lieu of taxes to the extent provided in subdivision three of section twenty-seven hundred ninety-nine-uuu of this title. The authority, notwithstanding the provisions of any general, special, or local law, or ordinance, resolution, rule, or regulation to the contrary, with respect to the airport, aviation facilities, pollution control facilities, real property, and other facilities used for public aviation purposes or for airport development or to support or in connection with the airport, aviation facilities, pollution control facilities, real property or other facilities, shall at all times be exempt from any filing, mortgage recording or transfer fees or taxes in relation to instruments filed, recorded or transferred by them or on their behalf. The construction, use, occupation or possession of any property owned by the authority, including improvements thereon, by any person or public corporation under a lease, lease and sublease or any other agreement shall not operate to abrogate or limit the foregoing exemption, notwithstanding that the lessee, user, occupant or person in possession shall claim ownership for federal income tax purposes.

2. Any bonds issued pursuant to this title together with the income therefrom as well as the property of the authority shall at all times be exempt from taxes, except for transfer and estate taxes. The state hereby covenants with the purchasers and with all subsequent holders and transferees of bonds issued by the authority pursuant to this title, in consideration of the acceptance of and payment for the bonds, that the bonds of the authority issued pursuant to this title and the income therefrom and all revenues, moneys, and other property pledged to secure the payment of such bonds shall at all times be free from taxation, except for transfer and estate taxes.

§ 2799-rrr. Actions against authority. 1. Except in an action for wrongful death, no action or special proceeding shall be prosecuted or maintained against the authority, its members, officers, or employees for personal injury or damage to real or personal property alleged to have been sustained by reason of the negligence, tort or wrongful act of the authority or of any member, officer, agent or employee thereof, unless (a) a notice of claim shall have been made and served upon the authority within the time limit set by and in compliance with section fifty-e of the general municipal law, (b) it shall appear by and as an allegation in the complaint or moving papers that at least thirty days have elapsed since the service of such notice and that adjustment or payment thereof has been neglected or refused, (c) the action or special proceeding shall be commenced within one year and ninety days after the happening of the event upon which the claim is based, and (d) an action against the authority for wrongful death shall be commenced in accordance with the notice of claim and time limitation provisions of title eleven of article nine of this chapter.

2. No action or special proceeding, for any cause whatever, except as hereinafter provided, relating to airport property, facilities or operations or involving the rights or interests of the airport or the airport authority shall be prosecuted or maintained against the airport authority unless it shall appear by and as an allegation in the complaint or necessary moving papers that a written verified claim upon which action or special proceeding is founded was served on the airport authority, in the same manner as a summons under the CPLR, within three (3) months after the accrual of such claim. The provisions of this section shall not apply to an action or special proceeding founded upon tort which shall be governed by the provisions of section fifty-e of the general municipal law, or to the extent disallowed under federal law, regulations, or by agreement with the federal government.

3. Whenever a notice of claim is served upon the authority, it shall have the right to demand an examination of the claimant relative to the occurrence and extent of the injuries or damages for which claim is made, in accordance with the provisions of section fifty-h of the general municipal law.

4. The authority may require any person presenting for settlement an account or claim for any cause whatever against the authority to be sworn before a member, counsel or an attorney, officer or employee of the authority designated for such purpose, concerning such account or claim and, when so sworn, to answer orally as to any facts relative to such account or claim. The authority shall have power to settle or adjust all claims in favor of or against the authority.

5. Any action or proceeding to which the authority or the people of the state may be parties, in which any question arises as to the validity of this title, shall be preferred over all other civil causes of action or cases, except election causes of action or cases, in all courts of the state and shall be heard and determined in preference to all other civil business pending therein except election causes, irrespective of position on the calendar. The same preference shall be granted upon application of the authority or its counsel in any action or proceeding questioning the validity of this title in which the

authority may be allowed to intervene. The venue of any such action or proceeding shall be laid in the supreme court of Onondaga county.

6. The rate of interest to be paid by the authority upon any judgment for which it is liable, other than a judgment on its bonds, shall be the rate prescribed by section five thousand four of the civil practice law and rules. Interest on payments of principal or interest on any bonds in default shall accrue at the rate borne by such bonds from the due date thereof until paid or otherwise satisfied.

§ 2799-sss. Contracts. All contracts for construction shall be let by the authority in conformity with the applicable provisions of section one hundred thirty-five of the state finance law and shall be let in accordance with the provisions of state law pertaining to prevailing wages, labor standards and working hours. The authority may, in its discretion, assign contracts for supervision and coordination to the successful bidder for any subdivision of work for which the authority receives bids. The authority shall not award any construction contract except to the lowest bidder who, in its opinion, is qualified to perform the work required and who is responsible and reliable. The authority may, however, reject any or all bids or waive any informality in a bid if it believes that the public interest will be promoted thereby. The authority may reject any bid if, in its judgment, the business and technical organization, plant, resources, financial standing, or experience of the bidder justifies such rejection in view of the work to be performed.

§ 2799-ttt. Conflicts of interest. Eligibility for appointment as a director, officer or employee of the authority shall be subject to the provisions of section twenty-eight hundred twenty-five of this chapter. In addition to the requirements of such section:

1. It shall be a misdemeanor for any member, officer or employee of the authority to be in any way or manner interested, directly or indirectly, in the furnishing of work, materials, supplies or labor, or

in any contract therefore which the authority is empowered by this title to make.

2. If any director, officer or employee of the authority shall have an interest, either direct or indirect, in any contract to which the authority is or is to be a party, such interest shall be disclosed to the authority in writing and shall be set forth in the minutes of the authority. The director, officer or employee having such interest shall not participate in any action by the authority with respect to such contract.

3. No director, officer or employee of the authority shall be deemed to have such an interest solely by reason of the ownership of two percent or less of the securities of a corporation which is or is to be a party to a contract with the authority, including without limitation the holding company of any banking institution in which the funds of the authority are, or are to be deposited, or which is or is to be acting as trustee or paying agent under any bond or note resolution, trust indenture or similar instrument to which the authority is a party.

4. Nothing in this section shall be deemed or construed to limit the right of any director, officer or employee of the authority to acquire an interest in the securities of the authority.

§ 2799-uuu. Agreements relating to payment in lieu of taxes. 1. In order to assure that municipalities may not suffer undue loss payments in lieu of taxes, the city has entered into payment in lieu of tax agreements with the East Syracuse Minoa central school district, the town of Dewitt, the town of Salina, the town of Cicero and the North Syracuse central school district. The authority is obligated to continue to make any PILOT payments as set forth in these PILOT agreements.

2. Subject to any agreement with bondholders, the authority may, but is not required to, increase the amount of the payments in lieu of taxes to any such municipality in respect of any real property which is owned or leased by the authority, is located in such municipality, and is used

for the airport, aviation facilities, pollution control facilities, and other facilities used for public aviation purposes or for airport development or to support or in connection with the airport, aviation facilities or pollution control facilities. For the purposes of this section, such public aviation purposes shall include without limitation air terminal facilities, aviation facilities, parking facilities, fuel facilities, maintenance facilities, and facilities for the loading, unloading, holding, interchange or transfer of passengers, freight, baggage or cargo.

3. (a) In the event that any real property acquired by the authority subsequent to the effective date of this act is used or is to be used by the authority, or a lessee thereof, for purposes other than the airport, aviation facilities, pollution control facilities, and other facilities used for public aviation purposes or for airport development or to support or in connection with the airport, aviation facilities, or pollution control facilities, the authority, or a lessee thereof, as the case may be, shall enter into agreements with any municipality of the state to pay annual sums in lieu of taxes in respect of such real property located in such municipality. For the purposes of this section, such purposes other than the airport, aviation facilities, pollution control facilities, and other facilities used for public aviation purposes or for airport development or to support or in connection with the airport, aviation facilities, or pollution control facilities, shall include without limitation hotels, motels, restaurants, retail stores and concessions that are not located within any air terminal building, office buildings to the extent not used by the authority or any other public corporation for its own corporate purposes, and such other buildings and improvements as determined by the authority to be not exclusively for the airport, aviation facilities, pollution control facilities, and other facilities used for aviation purposes or for airport development or to support or in connection with the airport, aviation facilities, or pollution control facilities.

(b) The authority shall determine: (i) the amount of such annual payments in lieu of taxes, (ii) whether the use of such property is for purposes other than public aviation purposes and (iii) the extent to which such property is used for purposes other than public aviation

purposes.

§ 2799-vvv. Audit and annual report. In conformity with the provisions of section five of article ten of the constitution, the accounts of the authority shall be subject to the supervision of the state comptroller and an annual audit shall be performed by an independent certified accountant. In addition to the reporting requirements of article nine of this chapter, the authority shall annually submit to the governor and the state comptroller and to the chairperson of the senate finance committee and the chairperson of the assembly ways and means committee a detailed report pursuant to the provisions of section two thousand eight hundred of title one of article nine of this chapter, and a copy of such report shall be filed with the clerk of the Syracuse common council and the mayor.

§ 2799-www. Limited liability. Neither members, officers or employees of the authority, nor any municipality, or an officer or employee thereof acting on behalf of the authority, while acting within the scope of their authority, shall be subject to any personal liability resulting from the construction, maintenance or operation of any of the properties of the authority or from carrying out any of the powers expressly given in this title unless the conduct is finally determined by a court of competent jurisdiction to constitute intentional wrong doing or recklessness provided, however, that this section shall not be held to apply to any independent contractor.

§ 2799-xxx. Transfer of applications, proceedings, approvals and permits. 1. Any application, review or process in relation to or in furtherance of the purposes of or contemplated by this title heretofore filed or undertaken, or any proceeding heretofore commenced or any determination, finding or award made, by the city or by the city with the federal government, the state department of environmental conservation, the state department of transportation or any other public corporation shall inure to and for the benefit of the authority to the same extent and in the same manner as if the authority had been a party to such application, review, process or proceeding from its inception, and the authority shall be deemed a party thereto, to the extent not prohibited by any federal law. Any license, approval, permit, determination, finding, award or decision heretofore or hereafter issued or granted pursuant to or as a result of any such application, review, process or proceeding shall inure to the benefit of and be binding upon the authority and shall be assigned and transferred by the city to the authority unless such assignment and transfer is prohibited by federal law.

2. All such applications, proceedings, licenses, approvals, permits, determinations, findings, awards and decisions shall further inure to and for the benefit of and be binding upon any person leasing, acquiring, financing, constructing, maintaining, operating, using or occupying any facility financed in whole or in part by the authority.

§ 2799-xxx-1. Website. The authority shall make accessible to the public, via its official or shared internet website, documentation pertaining to its mission, current activities, most recent annual financial reports, current year budget and its most recent independent audit report unless such information is covered by subdivision two of section eighty-seven of the public officers law.

§ 2799-yyy. Severability. If any clause, sentence, paragraph, section, or part of this title shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section, or part thereof involved in the controversy in which such judgment shall have been rendered.

§ 2799-zzz. Effect of inconsistent provisions. Insofar as the provisions of this title are inconsistent with the provisions of the city charter or any local law, local charter, local ordinance or local resolution of the county or any other municipality, the provisions of this title shall be controlling. Insofar as the provisions of this title are inconsistent with any state law, rule or regulation the state law, rule or regulation will prevail. Nothing contained in this section shall be held to supplement or otherwise expand the powers or duties of the authority otherwise set forth in this title nor abridge the powers or duties of any state agency or department. Except as specifically provided for in this title, in the performance of any of its functions, powers and duties, the authority shall be subject to all applicable general or special laws of the state, the city charter, and any local law, ordinance or resolution of the city.

TITLE 35

ROOSEVELT ISLAND OPERATING CORPORATION

* **§ 2799-aaaa. Legislative declaration.** The legislature hereby finds, determines and declares that: (a) the city of New York and the New York state urban development corporation have entered into a lease providing for the urban development corporation to use its statutory powers to create on Roosevelt Island a new community which would retain and heighten the benefits of urban living while preserving a sense of scale and open space for Roosevelt Island residents and New York city as a whole; (b) the urban development corporation has and its successors have constructed the first phases of the island's development, including public facilities, pursuant to a general development plan for Roosevelt Island, which plan is being updated and which plan contemplates significant future development, including the provision of additional housing, commercial, civic, recreational and other facilities; (c) it is in the public interest for the urban development corporation to transfer all of its rights and obligations with respect to the development, operation and supervision of both such existing and such proposed development to a public benefit corporation which shall be under the supervision of the commissioner of homes and community renewal; and (d) it is in the public interest that the public benefit corporation plan, design, develop, operate, maintain and manage Roosevelt Island and have vested in it such powers as are necessary or convenient to effectuate those functions and that the division of housing and community renewal be authorized to assist such corporation in the performance of its duties with respect to Roosevelt Island.

§ 2799-bbbb. Definitions. As used in this title, the following terms shall have the following meanings:

1. "City" shall mean the city of New York;

2. "Commissioner" shall mean the commissioner of homes and community renewal;

3. "Corporation" shall mean the Roosevelt Island operating corporation created by this section;

4. "Development subleases" shall mean (a) the sublease dated August first, nineteen hundred eighty between the urban development corporation and the city, (b) the ground lease, dated October thirtieth, nineteen hundred seventy-two, between the urban development corporation and North Town Phase II Houses, Inc., (c) the ground lease, dated April twenty-fifth, nineteen hundred seventy-three, between the urban development corporation and North Town Phase III Houses, Inc., (d) the restated ground lease, dated November thirtieth, nineteen hundred seventy-seven, between the urban development corporation and Rivercross Tenants' Corporation, (e) the ground lease between the corporation and Manhattan Park dated August fourth, nineteen hundred eighty six, (f) the ground lease between the corporation and related and Hudson Companies dated December twenty-first, two thousand one, and (g) the sublease between the corporation and MEPT Octagon, LLC dated November third, two thousand four;

5. "Division" shall mean the New York state division of housing and community renewal;

6. "Lease" shall mean the lease, dated December twenty-third, nineteen hundred sixty-nine, as heretofore or hereafter amended, among the city of New York, the New York state urban development corporation and the Roosevelt Island development corporation, pursuant to which the city leased substantially all of Roosevelt Island to the New York state urban development corporation for development substantially in accordance with the development plan referred to therein;

7. "Roosevelt Island" shall mean the island located in the east river, city and county of New York, extending from approximately fiftieth street to eighty-sixth street in Manhattan;

8. "Safe affordable housing for everyone, inc." shall mean the New York corporation organized under article six-A of the private housing finance law and under the supervision and control of the commissioner;

9. "Tramway franchise" shall mean the franchise for the Roosevelt

Island tramway granted by the city to the urban development corporation on February nineteenth, nineteen hundred seventy-four; and

10. "Urban development corporation" shall mean the New York state urban development corporation and any successor agency.

§ 2799-cccc. Establishment of the corporation; organization of the board. 1. To effectuate the purposes and provisions of this title, there is hereby created the "Roosevelt Island operating corporation", which shall be a body corporate and politic constituting a public benefit corporation and a political subdivision of the state of New York.

2. The board of directors of the corporation shall be composed of nine members. One member shall be the commissioner, who shall serve as the chair; one member shall be the director of the budget; and seven public members shall be appointed by the governor with the advice and consent of the senate. Of the seven public members, two members, one of whom shall be a resident of Roosevelt Island, shall be appointed upon the recommendation of the mayor of the city; and four additional members shall be residents of Roosevelt Island. Each member shall serve for a term of four years and until his or her successor shall have been appointed and shall have qualified, except that the commissioner and the director of the budget shall serve so long as they continue to hold their respective offices. Any action taken by the directors of the corporation shall be taken by majority vote of the directors then in office. The elected public officials who represent Roosevelt Island shall be representatives to the board of directors of the corporation entitled to receive notice of and attend all meetings of such board but shall not be entitled to vote. Failure to give such notice shall not affect the validity of any action taken at a meeting of such board.

3. The governor may fill any vacancy which occurs on the board of directors of the corporation in a manner consistent with the original appointment. Any member of the corporation may be removed by the governor for cause, but not without an opportunity to be heard, in person or by counsel, in his or her defense, upon not less than ten

days' written notice.

4. The commissioner and the director of the budget may each designate an officer or employee of his or her respective division to represent such member at meetings of the corporation. Such designation shall be by written notice filed with the chair or the secretary of the corporation by the member making the designation, and may be revoked at any time by similar notice. Any representative so designated shall have the power to attend and to vote at any meeting of the corporation from which the member making the designation is absent with the same force and effect as if the member making the designation were present and voting. No such designation shall limit the right of the member making the designation to attend and vote in person at any meeting of the corporation.

5. A member of the corporation who is not an officer or employee of the state or the city shall not receive a salary or other compensation, but shall be entitled to reimbursement for actual and necessary expenses incurred in the performance of official duties as a member. A member of the corporation who is not an officer or employee of the state or the city may engage in private employment, or in a profession or business, unless otherwise prohibited by law from doing so. Notwithstanding any other provision of law, general, special, or local, no officer or employee of the state or any civil division thereof shall be deemed to have forfeited, or shall forfeit such office of employment because of acceptance of membership in the corporation, or by virtue of being an officer, employee or agent thereof.

§ 2799-dddd. Powers of the corporation. The corporation's powers shall be limited to carrying out the development, management and operation of Roosevelt Island. In carrying out such development, management and operation, the corporation shall have the power to:

1. Sue and be sued;

2. Have a seal and alter the same at pleasure;

3. Make and alter by-laws for its organization and internal management and make rules and regulations governing the use of its property and facilities;

4. Make and execute contracts and all other instruments necessary or convenient for the exercise of its powers and functions under this act;

5. Acquire in the name of the corporation by purchase, grant or gift, or by the exercise of the power of eminent domain pursuant to the eminent domain procedure law, or otherwise, real or personal property, or any interest therein deemed necessary or desirable for the development, management or operation of Roosevelt Island, including, without limitation, leasehold interest, air and subsurface rights, easements and lands under water at the site of Roosevelt Island or in the general vicinity thereof, and to subject such property or interest therein to a purchase money or other lien or security interest in connection with the acquisition and development thereof, provided that the corporation shall have no authority or power to issue any notes, bonds or other debt obligations, whether for the purpose of financing the development of Roosevelt Island or otherwise;

6. Hold and dispose of real or personal property for its corporate purposes;

7. Appoint officers, agents and employees, prescribe their duties and fix their compensation in accordance with a staffing and compensation plan submitted to and approved by the director of the budget;

8. Engage the services of private consultants on a contract basis for rendering professional and technical assistance advice;

9. Procure insurance against any loss in connection with its activities, properties and other assets, in such amount and from such insurers as it deems desirable;

10. Charge and collect fees, rents and other charges for the occupancy or other use of real or personal property or facilities owned, operated,

managed or regulated by the corporation;

11. Accept any gifts or grants of money or property, or financial or other aid in any form, from the federal government, the state, or the city (or any instrumentality of any such government) or from any other source and, subject to the provisions of this title and other applicable law, to comply with any conditions of such assistance and execute any contracts or other instruments in connection therewith;

12. Invest any funds of the corporation, or any other monies under its custody and control not required for immediate use or disbursement, at the discretion of the corporation, in obligations of the state or the United States government or obligations the principal and interest of which are guaranteed by the state or the United States government, or in any other obligations in which the comptroller of the state is authorized to invest pursuant to section ninety-eight of the state finance law;

13. Enter into such agreements with the state, the urban development corporation and the city as the parties thereto deem appropriate to effectuate the provisions of this title;

14. Assume and perform the obligations and responsibilities of the urban development corporation under the lease, the tramway franchise, and all other contracts, leases, and agreements heretofore entered into by the urban development corporation relating to the development, management and operation of Roosevelt Island (except that the corporation shall not assume any of the rights, duties and responsibilities of the urban development corporation in relation to any bonds or notes issued, or mortgages or security agreements held, by the urban development corporation or any of its subsidiaries) and exercise all of the rights of the urban development corporation with respect thereto; and

15. Do and perform all other acts necessary or convenient to carry out the foregoing in connection with the development, management or operation of Roosevelt Island.

§ 2799-eeee. Rules and regulations; approval of development plan amendments; applicability of local laws. 1. The corporation shall promulgate such rules and regulations as it shall deem appropriate to provide an opportunity for residents of Roosevelt Island to comment upon any major amendment of the development plan for Roosevelt Island referred to in the lease at a public hearing held prior to its adoption by the corporation.

2. Any amendment of the development plan for Roosevelt Island referred to in the lease shall be subject to the review and approval of the director of the budget, and the corporation shall not enter into any agreement for the design or construction of any improvement provided for in any such amendment prior to such approval.

3. The requirements of all local laws, ordinances, codes, charters or regulations shall be applicable to the construction, alteration or improvement of any building or structure on Roosevelt Island, provided that the corporation may, in lieu of such compliance, determine that the requirements of the New York state uniform fire prevention and building code, formulated by the state fire prevention and building code council pursuant to article eighteen of the executive law, shall be applicable to such work. In the event of such compliance with the New York state uniform fire prevention and building code, the city shall have no power to modify any drawings, plans or specifications for such work or for the plumbing, heating, lighting or other mechanical branches thereof, or to require that any person, firm or corporation employed on any such work perform the same except as provided by such plans and specifications or obtain any additional authority, approval, permit or certificate from the city in connection therewith.

§ 2799-ffff. Powers and duties of urban development corporation; lease and tramway franchise. 1. The corporation shall perform all obligations of the urban development corporation or any of its subsidiaries with respect to the development, management and operation of Roosevelt

Island, including, without limitation, all such obligations arising under the lease and the tramway franchise.

2. The urban development corporation, the division and the corporation shall each use their best efforts to obtain any required consents to the assignment of the lease and the tramway franchise from the urban development corporation to the corporation and to any other assumption by the corporation of the obligations of the urban development corporation or any of its subsidiaries under any other contracts, leases, agreements or instruments entered into by the urban development corporation, or any such subsidiary, relating to the development, management or operation of Roosevelt Island (other than any bonds or notes issued, or mortgages or security agreements held, by the urban development corporation or any of its subsidiaries) and, upon obtaining such consents, the corporation and the urban development corporation shall enter into such agreements and take such actions as shall be necessary to effectuate such assignments and assumptions, provided that in order to permit the urban development corporation to recover the investment which it has heretofore made in the development of Roosevelt Island, such agreements shall provide appropriate assurances satisfactory to the urban development corporation (a) for the prompt payment directly to the urban development corporation of all sums from time to time due from lessees under the development subleases and all sums received by the corporation from the city in connection with the termination of the lease, and (b) for the amending or supplementing of the development subleases to the extent, if any, necessary to protect the rights of the holders of any mortgages on the leasehold interests created thereunder. Nothing in this title shall constitute or authorize an assignment by the urban development corporation, or any subsidiary thereof, of any mortgage or security interest held by the urban development corporation, or any such subsidiary, on any real or personal property or interest therein on Roosevelt Island or any rights or obligations of the urban development corporation, or any such subsidiary, arising under any such mortgage or security agreement, relieve the urban development corporation of any of its obligations under any bonds heretofore issued by the urban development corporation, or otherwise affect the interests of the holders of any such bonds.

3. All revenues, other than state appropriations, derived from the contracts, leases, agreements or instruments assigned to or assumed by the corporation pursuant to subdivision two of this section shall be applied first to the payment of those obligations assigned to or assumed by the corporation.

4. The urban development corporation and the corporation are hereby authorized to enter into such agreements with the city as the corporation shall determine to be appropriate to amend, reform or supplement the lease, including the development plan referred to therein, and the tramway franchise in order to carry out the purposes of this title. The provisions of any general, special or local law notwithstanding, the city is hereby authorized to enter into any such agreements with the corporation and the urban development corporation.

§ 2799-gggg. Equal employment opportunities. 1. The corporation shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, sexual orientation, age, disability or marital status, and will undertake or continue programs of affirmative action to ensure that minority group persons and women are afforded equal employment opportunity without discrimination. Such action shall be taken with reference, but not be limited, to recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, layoff, termination, rate of pay or other forms of compensation, and selections for training or retraining, including apprenticeship and on-the-job training.

2. The corporation shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, labor union or representative shall not discriminate because of race, creed, color, national origin, sex, sexual orientation, age, disability or marital status and that such union or representative will cooperate in the implementation of the corporation's obligations hereunder.

3. The corporation shall state, in all solicitations or advertisements for employees placed by or on behalf of the corporation, that all qualified applicants will be afforded equal employment opportunity without discrimination because of race, creed, color, national origin, sex, sexual orientation, age, disability or marital status.

4. The corporation shall seek meaningful participation by minority business enterprises in the programs of the corporation and shall actively and affirmatively promote and assist their participation in the corporation's programs, so as to facilitate the award of a fair share of contracts to such enterprises. For purposes hereof, "minority business enterprise" shall mean any business enterprise which is at least fifty-one per centum owned by, or in the case of publicly owned business, at least fifty-one per centum of the stock of which is owned by, citizens or permanent resident noncitizens who are Black, Hispanic, Asian, American Indian or women, and such ownership interest is real, substantial and continuing.

§ 2799-hhhh. Indemnification; notice of claims. 1. The state shall indemnify and hold harmless the corporation, urban development corporation and safe affordable housing for everyone, inc., and pursuant to section seventeen of the public officers law, their respective officers, directors and employees, from and against any and all liability, claim, loss, damage, suit or judgment and any and all costs and expenses including, but not limited to, counsel fees and disbursements that such corporations or their officers, directors or employees may suffer or incur, whether before or after the date hereof, as a result of either (a) the development, management or operation of Roosevelt Island or (b) the performance or non-performance by the division of any of its obligations or duties with respect to Roosevelt Island. All of the provisions of section seventeen of the public officers law which are not inconsistent with this section shall apply to the officers, directors, and employees of such corporations, including the provisions relating to the defense by the attorney general or private counsel of any civil action and the payment of legal costs incurred in connection with the defense of any such action. Any member, officer or employee of such corporations seeking to be saved harmless or indemnified or to claim any other benefits available pursuant to this section or section seventeen of the public officers law shall comply with the procedural requirements of such section seventeen. As used in this section the terms "member", "officer" and "employee" shall include a former member, officer or employee, his estate or judicially appointed personal representative.

2. A notice of claim, served in accordance with the provisions of section fifty-e of the general municipal law, shall be a condition precedent to the commencement of an action against the corporation, its officers, directors and employees. No such action shall be commenced more than one year after it has accrued, except that an action against the corporation for wrongful death shall be commenced within the notice of claim and time limitation provisions of title eleven of article nine of this chapter.

3. Notwithstanding the provisions of section one hundred thirteen of the retirement and social security law and any other general, special or local law, the Roosevelt Island operating corporation shall provide to persons employed by the Roosevelt Island operating corporation any retirement, disability, death or other benefits provided or required pursuant to any agreement with a labor union of which its employees are members, and the Roosevelt Island operating corporation is hereby authorized to retroactively or in the future make such contributions as may be necessary to provide such benefits.

4. For purposes of the retirement and social security law, persons employed by the Roosevelt Island operating corporation and to whom the Roosevelt Island operating corporation provides any retirement, disability, death and other benefits required pursuant to any agreement with a labor union of which its employees are members, shall be deemed not to be employees of the Roosevelt Island operating corporation. Such other persons who are employees of the Roosevelt Island operating corporation as of the effective date of this title shall be eligible to receive credit under the retirement and social security law for previous

service with the entities, or where applicable, their subsidiaries, made subject to section seventeen of the public officers law by subdivision one of this section.

§ 2799-iiii. Annual budget and report. 1. On or before September fifteenth, nineteen hundred eighty-four and on each September fifteenth thereafter, the chair of the corporation shall make and deliver to the director of the budget for his or her review a proposed budget for the operation of the corporation for the next fiscal year of the state. The chair of the corporation shall also deliver a copy of such budget to the chair of the senate finance committee and the chair of the assembly ways and means committee at the same time that the budget is delivered to the director of the budget. The budget shall include the total amount needed for corporate purposes, including the funds required by the corporation for operation of Roosevelt Island facilities and improvements, the source of all funds that the corporation expects to receive and such other information as the director of the budget shall require. The governor shall recommend in his or her annual budget such appropriations to the corporation for its operations as he or she deems necessary.

2. The corporation shall submit to the director of the budget, chair of the senate finance committee and the chair of the assembly ways and means committee, within ninety days after the end of its fiscal year, a complete and detailed report setting forth (a) its operations and accomplishments, and (b) its receipts and expenditures during such fiscal year in accordance with categories and classifications established by the corporation, with the approval of the director of the budget, for its operating and capital outlay purposes.

§ 2799-jjjj. Future management study. The corporation shall study the future operation and management of Roosevelt Island. Such study shall be completed by December thirty-first, nineteen hundred eighty-five.

§ 2799-kkkk. Open space development prohibited. Notwithstanding any other provision of this title, or any other law to the contrary, on or after the effective date of this section, no further development or construction for other than park purposes shall be permitted on any real property which is identified as open space areas in the general development plan as amended May tenth, nineteen hundred ninety, and as subsequently amended, and approved by the board of estimate of the city of New York on August seventeenth, nineteen hundred ninety and referred to in the lease defined in subdivision six of section twenty-seven hundred ninety-nine-bbbb of this title, and on such real property shall remain open space areas for the duration of the lease unless such development or construction includes the reconstruction, restoration, rehabilitation or preservation of the historic landmarks located in such open space areas and furthers the use of the areas surrounding the historic landmarks as open space areas. Open space areas, as used in this section shall be limited to Lighthouse Park, Octagon Park, Blackwell Park, and South Point Park.

§ 2799-llll. Liability for community obligations; tax exemption. 1. The obligations of the corporation shall not be debts of the state, and the state shall not be liable thereon, and such obligations shall not be payable out of any funds other than those of the corporation.

2. It is hereby found, determined and declared that the creation of the corporation and the carrying out of its purposes is in all respects for the benefit of the people of the state and is a public purpose, and that the corporation will be performing an essential governmental function in the exercise of the powers conferred upon it by this title. The corporation and its operations, property and moneys shall be free and exempt from taxation of every kind by the city and the state and any subdivision thereof. Except as hereinabove provided and except as may otherwise specifically be provided, nothing contained in this act shall confer exemption from any tax, assessment or fee upon any person, firm, corporation or other entity, or upon the obligations of any of them.

§ 2799-mmmm. Division of housing and community renewal; assistance and

services. The corporation may from time to time request the division to perform such services and render such technical assistance to the corporation with respect to the development, management or operation of Roosevelt Island as the corporation deems necessary or convenient and may provide for the reimbursement to the division by the corporation of the reasonable cost of such services. The division is hereby authorized to perform such services and render such technical assistance as may be agreed upon between the division and the corporation pursuant to this section. In addition, the commissioner is hereby authorized to represent the corporation in any negotiations with the city concerning amendments or supplements to or reformations of the lease and tramway franchise as contemplated by section twenty-seven hundred ninety-nine-ffff of this title.

§ 2799-nnnn. Operation of motor vehicles. In addition to any other power conferred upon it by this title, the corporation is hereby authorized to prescribe rules and regulations governing the operation, including the parking, standing or stopping of vehicles on Roosevelt Island; provided however, that such rules and regulations shall not restrict access to any city facilities situated on Roosevelt Island nor unreasonably restrict parking by city of New York employees, their visitors and invitees. The violation of such rules or regulations shall be an offense punishable upon a first conviction thereof by a fine of not more than fifty dollars, upon a second within a period of eighteen months by a fine of not more than one hundred fifty dollars, and upon a third or subsequent conviction thereof within a period of eighteen months by a fine of not more than one hundred fifty dollars. For purposes of enforcement and administration of such rules and regulations, including but not limited to conferring jurisdiction with respect thereto upon the applicable courts and administrative tribunals, all provisions of law relating to, and rules or regulations of, the New York city department of transportation not inconsistent with this title shall be applicable.

§ 2799-oooo. Not-for-profit grant distribution. 1. The corporation is authorized to provide financial assistance in the form of grants to not-for-profit corporations that provide direct services or benefits to the residents of Roosevelt Island, the totality of such grants not to exceed three per centum per annum of the operating budget of the corporation, and upon the approval of a majority of the entire board of the corporation.

2. Annually, within ninety days after the end of the fiscal year of the corporation, the corporation shall post a report on its website that shall list and identify each grant recipient in such fiscal year, the amount provided to each recipient, and a general description of the public benefit of each grant.

§ 2799-pppp. Severability of provisions. If any section, clause or provision of this title or the application thereof shall be adjudged invalid, such judgment shall not affect or invalidate any other section, clause or provision of this title.

§ 2799-qqqq. Transfer of funds. 1. Notwithstanding the provisions of any general or special law, the director of the budget is authorized to transfer to the corporation from funds appropriated to the division for the fiscal year beginning April first, nineteen hundred eighty-four, the amount he or she determines necessary to carry out the provisions of this title, including providing for Roosevelt Island operations, capital improvement program and any other appropriate management expenses.

2. Notwithstanding the provisions of any general or special law, no part of such appropriations shall be available for the purposes designated until a certificate of approval of availability shall have been issued by the director of the budget and a copy of such certificate is filed with the state comptroller, the chair of the senate finance committee and the chair of the assembly ways and means committee. Such certificate may be amended from time to time, subject to the approval of the director of the budget, and a copy of each such amendment shall be filed with the state comptroller, the chair of the senate finance

committee and the chair of the assembly ways and means committee.

ARTICLE 9

GENERAL PROVISIONS

TITLE 1

REPORTS BY PUBLIC AUTHORITIES

§ 2800. Annual reports by authorities. 1. State authorities. (a) For the purpose of furnishing the state with systematic information regarding the status and the activities of public authorities, every state authority continued or created by this chapter or any other chapter of the laws of the state of New York shall submit to the governor, the chairman and ranking minority member of the senate finance committee, the chairman and ranking minority member of the assembly ways and means committee, the state comptroller, and the authorities budget office, within ninety days after the end of its fiscal year, a complete and detailed report or reports setting forth: (1) its operations and accomplishments; (2) its financial reports, including (i) audited financials in accordance with all applicable regulations and following generally accepted accounting principles as defined in subdivision ten of section two of the state finance law, (ii) grant and subsidy programs, (iii) operating and financial risks, (iv) current ratings, if any, of its bonds issued by recognized municipal bond rating agencies and notice of changes in such ratings, and (v) long-term liabilities, including leases and employee benefit plans; (3) its mission statement and measurements including its most recent measurement report; (4) a schedule of its bonds and notes outstanding at the end of its fiscal year, together with a statement of the amounts redeemed and incurred during such fiscal year as part of a schedule of debt issuance that includes the date of issuance, term, amount, interest rate and means of repayment. Additionally, the debt schedule shall also include all refinancings, calls, refundings, defeasements and interest rate exchange or other such agreements, and for any debt issued during the reporting year, the schedule shall also include a detailed list of costs of issuance for such debt; (5) a compensation schedule, in addition to the report described in section twenty-eight hundred six of this title, that shall include, by position, title and name of the person holding such position or title, the salary, compensation, allowance and/or benefits provided to any officer, director or employee in a decision making or managerial position of such authority whose salary is in excess of one hundred thousand dollars; (5-a) biographical information, not including confidential personal information, for all directors and officers and employees for whom salary reporting is required under subparagraph five of this paragraph; (6) the projects undertaken by such authority during the past year; (7) a listing and description, in addition to the report required by paragraph a of subdivision three of section twenty-eight hundred ninety-six of this article of all real property of such authority having an estimated fair market value in excess of fifteen thousand dollars that the authority acquires or disposes of during such period. The report shall contain the price received or paid by the authority and the name of the purchaser or seller for all such property sold or bought by the authority during such period; (8) such authority's code of ethics; (9) an assessment of the effectiveness of its internal control structure and procedures; (10) a copy of the legislation that forms the statutory basis of the authority; (11) a description of the authority and its board structure, including (i) names of committees and committee members, (ii) lists of board meetings and attendance, (iii) descriptions of major authority units, subsidiaries, and (iv) number of employees; (12) its charter, if any, and by-laws; (13) a listing of material changes in operations and programs during the reporting year; (14) at a minimum a four-year financial plan, including (i) a current and projected capital budget, and (ii) an operating budget report, including an actual versus estimated budget, with an analysis and measurement of financial and operating performance; (15) its board performance evaluations; provided, however, that such evaluations shall not be subject to disclosure under article six of the public officers law; (16) a description of the total amounts of assets, services or both assets and services bought or sold without competitive bidding, including (i) the nature of those assets and services, (ii) the names of the counterparties, and (iii) where the contract price for assets purchased exceeds fair market value, or where the contract price for assets sold is less than fair market value, a detailed explanation of the justification for making the purchase or sale without competitive bidding, and a certification by the chief executive officer and chief financial officer of the public authority that they have reviewed the terms of such purchase or sale and determined that it complies with applicable law and procurement guidelines; and (17) a description of any material pending litigation in which the authority is involved as a party during the reporting year, except that no hospital need disclose information about pending malpractice claims beyond the existence of such claims.

(b) Each state authority shall make accessible to the public, via its official or shared internet web site, documentation pertaining to its mission, current activities, most recent annual financial reports, current year budget and its most recent independent audit report unless such information is covered by subdivision two of section eighty-seven of the public officers law.

(c) The authorities budget office shall make accessible to the public, via its official or shared internet web site, documentation pertaining to each authority's mission, current activities, most recent annual financial reports, current year budget and its most recent independent audit report unless such information is covered by subdivision two of section eighty-seven of the public officers law.

2. Local authorities. (a) Every local authority, continued or created by this chapter or any other chapter of the laws of the state of New York shall submit to the chief executive officer, the chief fiscal officer, the chairperson of the legislative body of the local government or local governments and the authorities budget office, within ninety days after the end of its fiscal year, a complete and detailed report or reports setting forth: (1) its operations and accomplishments; (2) its financial reports, including (i) audited financials in accordance with all applicable regulations and following generally accepted accounting principles as defined in subdivision ten of section two of the state finance law, (ii) grants and subsidy programs, (iii) operating and financial risks, (iv) current ratings if any, of its bonds issued by recognized municipal bond rating agencies and notice of changes in such ratings, and (v) long-term liabilities, including leases and employee benefit plans; (3) its mission statement and measurements including its most recent measurement report; (4) a schedule of its bonds and notes outstanding at the end of its fiscal year, together with a statement of the amounts redeemed and incurred during such fiscal year as part of a schedule of debt issuance that includes the date of issuance, term,

amount, interest rate and means of repayment. Additionally, the debt schedule shall also include all refinancings, calls, refundings, defeasements and interest rate exchange or other such agreements, and for any debt issued during the reporting year, the schedule shall also include a detailed list of costs of issuance for such debt; (5) a compensation schedule in addition to the report described in section twenty-eight hundred six of this title that shall include, by position, title and name of the person holding such position or title, the salary, compensation, allowance and/or benefits provided to any officer, director or employee in a decision making or managerial position of such authority whose salary is in excess of one hundred thousand dollars; (5-a) biographical information, not including confidential personal information, for all directors and officers and employees for whom salary reporting is required under subparagraph five of this paragraph; (6) the projects undertaken by such authority during the past year; (7) a listing and description, in addition to the report required by paragraph a of subdivision three of section twenty-eight hundred ninety-six of this article of all real property of such authority having an estimated fair market value in excess of fifteen thousand dollars that the authority acquires or disposes of during such period. The report shall contain the price received or paid by the authority and the name of the purchaser or seller for all such property sold or bought by the authority during such period; (8) such authority's code of ethics; (9) an assessment of the effectiveness of its internal control structure and procedures; (10) a copy of the legislation that forms the statutory basis of the authority; (11) a description of the authority and its board structure, including (i) names of committees and committee members, (ii) lists of board meetings and attendance, (iii) descriptions of major authority units, subsidiaries, (iv) number of employees, and (v) organizational chart; (12) its charter, if any, and by-laws; (13) a listing of material changes in operations and programs during the reporting year; (14) at a minimum a four-year financial plan, including (i) a current and projected capital budget, and (ii) an operating budget report, including an actual versus estimated budget, with an analysis and measurement of financial and operating performance; (15) its board performance evaluations provided, however, that such evaluations shall not be subject to disclosure under article six of the public officers law; (16) a description of the total amounts of assets, services or both assets and services bought or sold without competitive bidding, including (i) the nature of those assets and services, (ii) the names of the counterparties, and (iii) where the contract price for assets purchased exceeds fair market value, or where the contract price for assets sold is less than fair market value, a detailed explanation of the justification for making the purchase or sale without competitive bidding, and a certification by the chief executive officer and chief financial officer of the public authority that they have reviewed the terms of such purchase or sale and determined that it complies with applicable law and procurement guidelines; and (17) a description of any material pending litigation in which the authority is involved as a party during the reporting year, except that no provider of medical services need disclose information about pending malpractice claims beyond the existence of such claims.

(b) Each local authority shall make accessible to the public, via its official or shared internet web site, documentation pertaining to its mission, current activities, most recent annual financial reports, current year budget and its most recent independent audit report unless such information is covered by subdivision two of section eighty-seven of the public officers law.

3. Every financial report submitted under this section shall be approved by the board and shall be certified in writing by the chief executive officer and the chief financial officer of such authority that based on the officer's knowledge (a) the information provided therein is accurate, correct and does not contain any untrue statement of material fact; (b) does not omit any material fact which, if omitted, would cause the financial statements to be misleading in light of the circumstances under which such statements are made; and (c) fairly presents in all material respects the financial condition and results of operations of the authority as of, and for, the periods presented in the financial statements.

4. The authorities budget office may, upon application of any authority, waive any requirements of this section upon a showing that the authority meets the criteria for such a waiver established by

regulations of the authorities budget office. Such regulations shall provide for consideration of: (a) the number of employees of the authority; (b) the annual budget of the authority; (c) the ability of the authority to prepare the required reports using existing staff; and (d) such other factors as the authorities budget office deems to reflect the relevance of the required disclosures to evaluation of an authority's effective operation, and the burden such disclosures place on an authority. Each waiver granted pursuant to this subdivision shall be disclosed in the reports of such office issued pursuant to section seven of this chapter.

§ 2801. Budget reports by authorities. 1. State authorities. Every state authority or commission heretofore or hereafter continued or created by this chapter or any other chapter of the laws of the state of New York shall submit to the governor, the chair and ranking minority member of the senate finance committee, the chair and ranking minority member of the assembly ways and means committee and the authorities budget office, for their information, annually not more than one hundred twenty days and not less than ninety days before the commencement of its fiscal year, in the form submitted to its members or trustees, budget information on operations and capital construction setting forth the estimated receipts and expenditures for the next fiscal year and the current fiscal year, and the actual receipts and expenditures for the last completed fiscal year.

2. Local authorities. For the local authority fiscal year ending on or after December thirty-first, two thousand seven and annually thereafter, every local authority heretofore or hereafter continued or created by this chapter or any other chapter of the laws of the state of New York shall submit to the chief executive officer, the chief fiscal officer, the chairperson of the legislative body of the local government or governments and the authorities budget office for their information, annually not more than ninety days and not less than sixty days before the commencement of its fiscal year, in the form submitted to its members or trustees, budget information on operations and capital construction setting forth the estimated receipts and expenditures for

the next fiscal year and the current fiscal year, and the actual receipts and expenditures for the last completed fiscal year.

3. If any state or local authority has provided the information required by this section as part of the annual report required by section twenty-eight hundred of this title, such authority may comply with the provisions of this section by reference to such information with any necessary updates.

§ 2802. Independent audits and audit reports of authorities. 1. State authorities. Every state authority or commission heretofore or hereafter continued or created by this chapter or any other chapter of the laws of the state of New York shall submit to the governor, chairman and ranking minority member of the senate finance committee, chairman and ranking minority member of the assembly ways and means committee, each chair and ranking member of the senate and assembly committees on corporations, authorities and commissions, the state comptroller, and the authorities budget office, together with the report described in section twenty-eight hundred of this title, a copy of the annual independent audit report, performed by a certified public accounting firm in accordance with generally accepted auditing standards as defined in subdivision eleven of section two of the state finance law, and management letter and any other external examination of the books and accounts of such authority other than copies of the reports of any examinations made by the state comptroller.

2. Local authorities. For the local authority fiscal year ending on or after December thirty-first, two thousand seven and annually thereafter, every local authority heretofore or hereafter continued or created by this chapter or any other chapter of the laws of the state of New York shall submit to the chief executive officer, the chief fiscal officer, the chairperson of the legislative body of the local government or local governments and the authorities budget office, together with the report described in section twenty-eight hundred of this title, a copy of the annual independent audit report, performed by a certified public accounting firm in accordance with generally accepted auditing standards

as defined in subdivision eleven of section two of the state finance law, and management letter and any other external examination of the books and accounts of such authority other than copies of the reports of any examinations made by the state comptroller.

3. Each certified independent public accounting firm that performs for any state or local authority any audit required by this chapter shall timely report to the audit committee of such authority: (a) all critical accounting policies and practices to be used; (b) all alternative treatments of financial information within generally accepted accounting principles that have been discussed with management officials of such authority, ramifications of the use of such alternative disclosures and treatments, and the treatment preferred by the certified independent public accounting firm; and (c) other material written communications between the certified independent public accounting firm and the management of such authority, such as the management letter along with management's response or plan of corrective action, material corrections identified or schedule of unadjusted differences, where applicable.

4. Notwithstanding any other provision of law to the contrary, the certified independent public accounting firm providing such authority's annual independent audit will be prohibited in providing audit services to the respective authority if the lead (or coordinating) audit partner (having primary responsibility for the audit), or the audit partner responsible for reviewing the audit, has performed audit services for that issuer in each of the five previous fiscal years of such authority.

5. The certified independent public accounting firm performing such authority's audit shall be prohibited from performing any non-audit services to such authority contemporaneously with the audit, unless receiving previous written approval by the audit committee including: (a) bookkeeping or other services related to the accounting records or financial statements of such authority; (b) financial information systems design and implementation; (c) appraisal or valuation services, fairness opinions, or contribution-in-kind reports; (d) actuarial services; (e) internal audit outsourcing services; (f) management functions or human services; (g) broker or dealer, investment advisor,

or investment banking services; and (h) legal services and expert services unrelated to the audit.

6. It shall be prohibited for any certified independent public accounting firm to perform for such authority any audit service if the chief executive officer, comptroller, chief financial officer, chief accounting officer, or any other person serving in an equivalent position for such authority, was employed by that certified independent public accounting firm and participated in any capacity in the audit of such authority during the one year period preceding the date of the initiation of the audit.

7. Notwithstanding any provision of law to the contrary, a public authority may exempt information from disclosure or report, if the counsel of such authority deems that such information is covered by subdivision two of section eighty-seven of the public officers law.

§ 2803. Examination of the books and accounts of public authorities by the state comptroller. 1. Notwithstanding any other provision of this chapter, the state comptroller shall, from time to time but not less than once in every five years, examine the books and accounts of every authority or commission heretofore or hereafter continued or created by this chapter, including its receipts, disbursements, contracts, leases, sinking funds, investments and any other matters relating to its financial standing. In lieu of such an examination, the state comptroller is hereby authorized to accept from every such authority or commission an external examination of its books and accounts made at the request of such authority or commission.

2. (a) The state comptroller may, pursuant to subdivisions two and three of section eight-c of the state finance law, in his or her sole discretion, apply to state authorities the electronic data analytical enterprise fraud prevention and detection system as provided for in such section eight-c of the state finance law. Public authorities shall fully support and cooperate with the state comptroller by providing the state comptroller with access to data of the authority requested by the state

comptroller, in accordance with state and federal law, to allow such data to be integrated into such analytic efforts as the state comptroller may deem necessary.

(b) For purposes of this subdivision, the term "state authority" shall have the same meaning as in subdivision one of section two of this chapter, provided that for purposes of this subdivision, the term "public benefit corporation" as used in such subdivision one of section two of this chapter shall have the same meaning as in subdivision four of section sixty-six of the general construction law.

§ 2804. Financial disclosure by public authorities or commissions prior to toll or fare increase. (1) Notwithstanding any inconsistent provision of this chapter or of any other general, special or local law, every authority or commission heretofore or hereafter continued or created by this chapter, except those excluded from the operation of this section by subdivision four, having jurisdiction over highway, bridge or tunnel facilities shall submit to the governor, comptroller, chairman of the senate finance committee, chairman of the assembly ways and means committee and ranking minority member of each of such committees, not less than one hundred twenty days prior to the proposed date of any future increase in fees, tolls or other charges for the use of any such highway, bridge or tunnel facilities, or the imposition of tolls or fees at such a location which is toll or fee free, a detailed report setting forth: (a) the need for such increase or imposition; (b) its receipts and disbursements, or revenues and expenses, during the prior three fiscal years, or so much thereof as it may have been in existence, in accordance with the categories or classifications established by such authority or commission for its own operating and capital outlay purposes; (c) its assets and liabilities at the end of its last fiscal year including the status of reserve, depreciation, special or other funds and including the receipts and payments of these funds; (d) a schedule of bonds and notes outstanding at the end of its fiscal year and their redemption dates, together with a statement of the amounts redeemed and incurred during such fiscal year; (e) information on future authority or commission operations, debt service and capital construction, together with estimated receipts and expenditures for the next five fiscal years without reference to such proposed increase or imposition; (f) projections and estimates as to the effect which the proposed increase or imposition will have on the future use of the facilities, and an estimate of the revenues which will accrue to the authority or commission as the result of the proposed increase or imposition.

(2) The comptroller shall review any proposed increase or imposition in fees, tolls or other charges, and the report required by subdivision one of this section and within sixty days make public a report of his findings, conclusions and recommendations. A copy of the comptroller's report shall be sent to the authority or commission, the governor, chairman of the senate finance committee, chairman of the assembly ways and means committee and ranking minority member of each of such committees.

(3) Every authority or commission shall hold a public hearing or hearings after receipt of the report of the comptroller required by subdivision two of this section not less than fifteen days prior to the effective date of such increase or imposition. Where the increase sought is or constitutes a portion of a general statewide increase, three hearings across the state shall be held. Where the increase or imposition is applicable only to a specific facility or segment, one hearing in the affected area shall be held. Notice of each hearing shall be given to the governor, comptroller, and each member of the legislature at least ten days prior to each such hearing, and shall be published at least once in two newspapers of daily circulation in the area where each hearing is to be held at least ten days prior to each such hearing. All newspapers shall be selected by the authority or commission. Copies of the proposed increase or imposition, the reports required by subdivisions one and two of this section shall be available for public inspection during a period of fifteen days prior to each hearing at the office or offices of the authority or commission and at a public facility in each area where a hearing is to be held. Following such public hearing or hearings, the authority or commission shall reconsider the proposed increase or imposition and may rescind, change or modify the proposal as it then deems necessary or advisable.

(4) This section shall not be applicable to any authority or commission whose existence and jurisdiction is fixed by compact, treaty,

action or agreement with other states or nations.

§ 2805. Reports and publications by authorities. Every authority or commission heretofore or hereafter continued or created shall, in accordance with the provisions of section one hundred sixty-four-a of the executive law and the regulations promulgated pursuant thereto, provide for cost savings in the printing and distribution of its reports and other authority publications.

§ 2806. Personnel reports by state and local authorities and public benefit corporations. 1. Every state and local authority and public benefit corporation shall submit to the comptroller, the director of the budget, the chairpersons of the legislative fiscal committees and the authorities budget office, for their information, annually, on or before the fifteenth day of January of each calendar year, personnel information setting forth personal service schedules by subsidiary, division and unit which indicate position, grade, salary and title for each employee and in summary form.

2. If any state or local authority has provided the information required by this section in the annual report required under section twenty-eight hundred of this title, such authority may comply with the provisions of this section by references to such information with any necessary updates.

§ 2807. Reporting for searchable state subsidy and aggregate economic development benefits database. Notwithstanding any other provision of law to the contrary, every state authority shall submit to the urban development corporation, and update quarterly, in the form and manner prescribed by the urban development corporation, any and all data and information as necessary for developing, updating, and maintaining the database established in section fifty-eight of section one of chapter one hundred seventy-four of the laws of nineteen hundred sixty-eight, constituting the New York state urban development corporation act, regarding economic development benefits, as such term is defined in such section, awarded by such state authority. A state authority may request and shall receive any data from an individual, business, limited liability corporation or any other entity that has applied for and received approval for, or is the beneficiary of, any such economic development benefits, as is necessary and required to comply with this section.

TITLE 2

BOARDS OF PUBLIC AUTHORITIES

§ 2824. Role and responsibilities of board members. 1. Board members of state and local authorities shall (a) execute direct oversight of the authority's chief executive and other management in the effective and ethical management of the authority; (b) understand, review and monitor the implementation of fundamental financial and management controls and operational decisions of the authority; (c) establish policies regarding the payment of salary, compensation and reimbursements to, and establish rules for the time and attendance of, the chief executive and management; (d) adopt a code of ethics applicable to each officer, director and employee that, at a minimum, includes the standards established in section seventy-four of the public officers law; (e) establish written policies and procedures on personnel including policies protecting employees from retaliation for disclosing information concerning acts of wrongdoing, misconduct, malfeasance, or other inappropriate behavior by an employee or board member of the authority, investments, travel, the acquisition of real property and the disposition of real and personal property and the procurement of goods and services; (f) adopt a defense and indemnification policy and disclose such plan to any and all prospective board members; (g) perform each of their duties as board members, including but not limited to those imposed by this section, in good faith and with that degree of diligence, care and skill which an ordinarily prudent person in like position would use under similar circumstances, and may take into consideration the views and policies of any elected official or body, or other person and ultimately apply independent judgment in the best interest of the authority, its mission and the public; (h) at the time that each member takes and subscribes his or her oath of office, or within sixty days after the effective date of this paragraph if the member has already taken and subscribed his or her oath of office, execute an acknowledgment, in the form prescribed by the authorities budget office after consultation with the attorney general, in which the board member acknowledges that he or she understands his or her role, and fiduciary responsibilities as set forth in paragraph (g) of this subdivision, and acknowledges that he or she understands his or her duty of loyalty and care to the organization and commitment to the authority's mission and the public interest.

2. Individuals appointed to the board of a public authority shall participate in state approved training regarding their legal, fiduciary, financial and ethical responsibilities as directors of an authority within one year of appointment to a board. Board members shall participate in such continuing training as may be required to remain informed of best practices, regulatory and statutory changes relating to the effective oversight of the management and financial activities of public authorities and to adhere to the highest standards of responsible governance.

3. No chair who is also the chief executive officer shall participate in determining the level of compensation or reimbursement, or time and attendance rules for the position of chief executive officer.

4. Board members of each state and local authority, or subsidiary thereof, shall establish an audit committee to be comprised of not less than three independent members, who shall constitute a majority on the committee, and who shall possess the necessary skills to understand the duties and functions of the audit committee; provided, however, that in the event that a board has less than three independent members, the board may appoint non-independent members to the audit committee, provided that the independent members must constitute a majority of the members of the audit committee. The committee shall recommend to the board the hiring of a certified independent accounting firm for such authority, establish the compensation to be paid to the accounting firm and provide direct oversight of the performance of the independent audit performed by the accounting firm hired for such purposes.

5. Notwithstanding any provision of any general, special or local law, municipal charter or ordinance to the contrary, no board of a state or local authority shall, directly or indirectly, including through any subsidiary, extend or maintain credit, arrange for the extension of credit, or renew an extension of credit, in the form of a personal loan to or for any officer, board member or employee (or equivalent thereof) of the authority.

6. Members of the audit committee shall be familiar with corporate financial and accounting practices.

7. Board members of each state and local authority, or subsidiary thereof, shall establish a governance committee to be comprised of not less than three independent members, who shall constitute a majority on the committee, and who shall possess the necessary skills to understand the duties and functions of the governance committee; provided, however, that in the event that a board has less than three independent members, the board may appoint non-independent members to the governance committee, provided that the independent members must constitute a majority of the members of the governance committee. It shall be the responsibility of the members of the governance committee to keep the board informed of current best governance practices; to review corporate governance trends; to recommend updates to the authority's corporate

governance principles; to advise appointing authorities on the skills and experiences required of potential board members; to examine ethical and conflict of interest issues; to perform board self-evaluations; and to recommend by-laws which include rules and procedures for conduct of board business.

8. Board members of each state and local authority, or subsidiary thereof which issues debt, shall establish a finance committee to be comprised of not less than three independent members, who shall constitute a majority on the committee, and who shall possess the necessary skills to understand the duties and functions of the committee; provided, however, that in the event that a board has less than three independent members, the board may appoint non-independent members to the finance committee, provided that the independent members must constitute a majority of the members of the finance committee. It shall be the responsibility of the members of the finance committee to review proposals for the issuance of debt by the authority and its subsidiaries and make recommendations.

§ 2824-a. Mission statement and measurement report. Each state authority shall submit to the authorities budget office on or before March thirty-first, two thousand ten, and each local authority shall submit to the authorities budget office on or before March thirty-first, two thousand eleven, a proposed authority mission statement and proposed measurements which the authorities budget office shall post on its website. The proposed authority mission statement and proposed measurements shall have the following components: a brief mission statement expressing the purpose and goals of the authority, a description of the stakeholders of the authority and their reasonable expectations from the authority, and a list of measurements by which performance of the authority and the achievement of its goals may be evaluated. Each authority shall reexamine its mission statement and measurements on an annual basis, and publish a self-evaluation based on the stated measurements; provided, however, such reexamination may be waived pursuant to a determination by the director of the authorities budget office that such undertaking is unnecessary for an individual

authority.

§ 2825. Membership on authorities and commissions; independence; and financial disclosure. Notwithstanding the provisions of any general, special or local law, municipal charter or ordinance: 1. No public officer or employee shall be ineligible for appointment as a trustee or member of the governing body of a state or local authority, as defined in section two of this chapter, and any public officer or employee may accept such appointment and serve as such trustee or member without forfeiture of any other public office or position of public employment by reason thereof.

2. Except for members who serve as members by virtue of holding a civil office of the state, the majority of the remaining members of the governing body of every state or local authority shall be independent members; provided, however, that this provision shall apply to appointments made on or after the effective date of chapter seven hundred sixty-six of the laws of two thousand five which added this subdivision. The official or officials having the authority to appoint or remove such remaining members shall take such actions as may be necessary to satisfy this requirement and further, shall consider the prospective diversity of the members of a state authority when making their determinations to appoint any member. For the purposes of this section, an independent member is one who:

(a) is not, and in the past two years has not been, employed by the public authority or an affiliate in an executive capacity;

(b) is not, and in the past two years has not been, employed by an entity that received remuneration valued at more than fifteen thousand dollars for goods and services provided to the public authority or received any other form of financial assistance valued at more than fifteen thousand dollars from the public authority;

(c) is not a relative of an executive officer or employee in an executive position of the public authority or an affiliate; and

(d) is not, and in the past two years has not been, a lobbyist registered under a state or local law and paid by a client to influence the management decisions, contract awards, rate determinations or any other similar actions of the public authority or an affiliate.

3. Notwithstanding any other provision of any general, special or local law, municipal charter or ordinance to the contrary, board members, officers, and employees of a state authority shall file annual financial disclosure statements as required by section seventy-three-a of the public officers law. Board members, officers, and employees of a local public authority shall file annual financial disclosure statements with the county board of ethics for the county in which the local public authority has its primary office pursuant to article eighteen of the general municipal law.

§ 2826. Quorums and majorities. Notwithstanding any other provision of this chapter and notwithstanding any provision of any general, special or local law, whenever the whole number of the board of any authority or commission heretofore or hereafter continued or created by this chapter is three or more persons, a majority of the whole number of the members of such board, at a meeting duly held at a time fixed by law, or by any by-law duly adopted by such board, or at any duly adjourned meeting of such meeting or at any meeting duly held upon reasonable notice to all of the members of such board, shall constitute a quorum and not less than a majority of the whole number of such board may perform and exercise the powers authorized and provided in this chapter. For the purpose of this section the words "whole number" shall be construed to mean the total number which such board would have were there no vacancies and were none of the members of such board disqualified from acting.

§ 2827. Removal of authority members. Except as otherwise provided in this chapter, every member of every authority or commission heretofore or hereafter continued or created by this chapter, except ex-officio members, that is, members whose membership results by virtue of their incumbency of a public office, shall be removable by the public officer or public body which is empowered by this chapter to appoint such authority or commission member, for inefficiency, breach of fiduciary duty, neglect of duty or misconduct in office, provided, however, that such member shall be given a copy of the charges against him and an opportunity of being heard in person, or by counsel, in his or her defense upon not less than ten days' notice.

§ 2827-a. Subsidiaries of public authorities. 1. Notwithstanding any law to the contrary, no state authority shall hereafter have the power to organize any subsidiary corporation unless the legislature shall have enacted a law granting such state authority such power for the organization of a specific corporation, provided, however, that a state authority may organize a subsidiary corporation pursuant to the following requirements:

a. the purpose for which the subsidiary corporation shall be organized shall be for a project or projects which the state authority has the power to pursue pursuant to its corporate purposes;

b. the primary reason for which the subsidiary corporation shall be organized shall be to limit the potential liability impact of the subsidiary's project or projects on the authority or because state or federal law requires that the purpose of a subsidiary be undertaken through a specific corporate structure; and

c. the subsidiary corporation shall make the reports and other disclosures as are required of state authorities, unless the subsidiary corporation's operations and finances are consolidated with those of the authority of which it is a subsidiary.

2. In such cases where a state authority has the power to organize a subsidiary corporation pursuant to subdivision one of this section, the state authority shall file, no less than sixty days prior to the formation of such subsidiary, notice to the authorities budget office, the governor, the comptroller, and the legislature that it will be creating a subsidiary.

3. Subsidiary corporations formed under subdivision one of this

section shall not have the authority to issue bonds, notes or other debts, provided, however, that such subsidiary corporations may issue notes or other debt to the public authority of which it is a subsidiary. No such debt issued by the subsidiary to its parent authority shall in total exceed, at any time, a principal amount of five hundred thousand dollars or, during the nine months after the formation of the subsidiary, one million dollars.

4. The certificate of incorporation or other document filed to organize a subsidiary corporation under this section shall state that the state authority is the person organizing the corporation.

5. Provided, however, that nothing in this section shall be construed to grant an authority the power to create a subsidiary where the authority does not otherwise have the power to do so.

6. On or before the first day of January, two thousand eleven, and annually on such day thereafter, any subsidiary public benefit corporation, in cooperation with its parent public benefit corporation, shall provide to the chair and ranking minority member of the senate finance committee, the chair and ranking minority member of the assembly ways and means committee, and each chair and ranking member of the assembly and senate committees on corporations, authorities and commissions a report on the subsidiary public benefit corporation. Such report shall include for each subsidiary:

a. The complete legal name, address and contact information of the subsidiary;

b. The structure of the organization of the subsidiary, including the names and titles of each of its members, directors and officers, as well as a chart of its organizational structure;

c. The complete bylaws and legal organization papers of the subsidiary;

d. A complete report of the purpose, operations, mission and projects of the subsidiary, including a statement of justification as to why the subsidiary is necessary to continue its operations for the public benefit for the people of the state of New York; and

e. Any other information the subsidiary public benefit corporation deems important to include in such report.

7. Notwithstanding any inconsistent provision of this section, paragraph b of subdivision one and subdivision three of this section shall not apply to an entity established in article ten-c of this chapter; provided, however, that no such public benefit corporation shall have the power to organize a subsidiary for the purpose of:

a. evading the requirements of an existing collective bargaining agreement; or

b. replacing or removing a certified employee organization.

§ 2828. Termination of public authorities. Every authority or commission hereafter created by this chapter shall terminate at the end of five years from the date of its creation if at the end of such period it has outstanding no liabilities; provided, however, that any appropriation made to such authority or commission by the state of New York or by any political subdivision thereof shall not be deemed a liability for the purposes of this section.

2829. State and local authorities subject to the open meetings and freedom of information laws. All state and local authorities, as such terms are defined in section two of this chapter, as well as all subsidiaries of such state and local authorities, as such terms are defined in section two of this chapter, shall be subject to the provisions of articles six and seven of the public officers law relating to the freedom of information and open meetings laws respectively. All state and local authorities, as well as all subsidiaries of such state and local authorities, shall, to the extent practicable, stream all open meetings and public hearings on their website in real-time, post video recordings of all open meetings and public hearings on their website within five business days of the meeting or hearing and maintain such recordings for a period of not less than five years.

TITLE 3

EMPLOYEES OF PUBLIC AUTHORITIES

§ 2850. Transfer of authority officers and employees. Subject to the civil service law and rules, transfer may be allowed between positions in any authority or commission heretofore or hereafter continued or created by this chapter, which is subject to the jurisdiction of the state or a municipal civil service commission, and positions in the service of the state or a civil division thereof.

§ 2850-a. Emergency service volunteers; paid leave. Notwithstanding any other provisions of law to the contrary, public officers and employees of public authorities who are certified by the American Red Cross as disaster volunteers shall be granted leave from work with pay to participate in specialized disaster relief operations upon written request for such services by the American Red Cross and upon the approval of the chief executive of the public authority for which the public officer or employee serves. The public officer or employee shall be compensated at his or her regular rate of pay for those regular work hours during which the public officer or employee is absent from work while participating in authorized specialized disaster relief operations. Such leave shall be provided without loss of seniority, compensation, sick leave, vacation leave or other overtime compensation to which the volunteer is otherwise entitled and shall not exceed twenty days in any calendar year.

§ 2851. Age not to be bar to employment by public authorities. No public authority shall hereafter prohibit, prevent, disqualify or discriminate against any person applying for employment by, such authority, who is physically and mentally qualified, or from competing, participating or registering for a position, or be penalized in a final rating for any position, by reason of his or her age. Any existing rule, regulation, penalty or requirement resolution preventing the hiring of persons because of age shall be void, except that nothing herein contained, shall prevent any public authority from adopting reasonable minimum or maximum age requirements for positions such as police officer, firefighter, guard or other positions which require extraordinary physical effort except where age limits for such positions are already prescribed by law.

Notwithstanding any provisions to the contrary, no person who is physically or mentally qualified may be disqualified from, competing, participating or registering for a promotional examination or be penalized in a final rating or barred from promotion after having passed such promotion examination by reason of his or her age, by any public authority.

§ 2852. Senate confirmation of certain chief executive officers. Where the appointment of any chief executive officer is subject to confirmation by the senate pursuant to subdivision five of section sixteen hundred seventy-eight of this chapter, subdivision six of section three hundred fifty-four of this chapter, section one thousand four of this chapter, or subdivision (c) of section one thousand twenty-f of this chapter the senate shall vote to confirm any such appointment within sixty days of its submission to the senate during session, or if such submission is made when the senate is not in session, within seven days of the convening for session. If the senate fails to vote to confirm any such appointment within the time prescribed in this section, such appointment shall be deemed confirmed without any further action by the senate.

§ 2853. Confidentiality agreements. 1. Definitions. For the purposes of this section:

a. "confidentiality agreement" shall mean an agreement entered into between a state authority or a local authority with a former or current employee, officer or member of the governing board of such authority that prevents disclosure of any records or information, as defined in subdivision four of section eighty-six of the public officers law, during or after their employment or service.

b. "local authority" shall mean a local authority as defined in section two of this chapter.

c. "state authority" shall mean a state authority as defined in section two of this chapter.

2. No state authority or local authority shall enter into a confidentiality agreement, unless:

a. it covers only records or information that are exempt from disclosure pursuant to subdivisions two and four of section eighty-seven of the public officers law and any rules promulgated and published thereto; or

b. the agreement covers both records or information exempt from disclosure, and those subject to disclosure under section eighty-seven of the public officers law, but only if:

(i) the agreement does not prohibit any disclosure of records or information related to compensation or benefits given to an employee, officer or member of the governing board or of illegal conduct or wrongdoing by the authority;

(ii) the authority is unable to specifically determine at the time the confidentiality agreement is entered into which records or information are exempt from disclosure in accordance with subdivision two of section eighty-seven of the public officers law;

(iii) the authority establishes a process by which a current or former employee, officer or member of the governing board covered by the confidentiality agreement may obtain a ruling from the authority as to whether he or she may disclose any records or information covered by such agreement in accordance with the procedures established under subdivision four of section eighty-nine of the public officers law, including any right to challenge the authority's decision provided by that section; and

(iv) the authority notifies the current or former employee, officer or member of the governing board in the agreement of his or her right to seek such a ruling.

3. Nothing in this section shall require disclosure of information otherwise protected from disclosure by law.

4. Any provision in any contract or other agreement entered into in violation of this section shall have no force and effect.

§ 2854. Severance packages. 1. For the purposes of this section:

(a) "at-will employee" shall mean an employee of any entity organized under this chapter. Any employee that is covered by a collective bargaining agreement or union contract shall not be considered an at-will employee for the purpose of this section.

(b) "severance pay for an at-will employee" shall include benefits or compensation with a quantifiable monetary value that are provided for an at-will employee upon termination of employment and shall not be considered part of the at-will employee's annual wages and benefits. "Severance pay for an at-will employee" shall not include payments for accumulated vacation, accumulated sick leave, and accumulated sick leave liquidated to cover the cost of group term insurance or payments of periodic contributions by an employer toward premiums for group insurance policies.

2. Notwithstanding any other law, rule or regulation to the contrary,

severance pay provided for an at-will employee leaving employment shall not exceed an amount equivalent to their prior three months' salary.

3. Notwithstanding any other law, rule or regulation to the contrary, the severance pay for an at-will employee shall be excluded from retirement deductions and from any calculations of retirement benefits.

4. If a retired or terminated at-will employee dies before all of their severance pay has been disbursed, the balance due must be paid to a named beneficiary or, lacking one, to the decedent's estate.

5. No collective bargaining agreement or union contract shall be altered by the provisions of this section.

TITLE 3-A

BUSINESS PRACTICES OF PUBLIC AUTHORITIES

§ 2855. Electronic method of payment; periodic charges. Notwithstanding the provisions of any law to the contrary, if any authority shall offer any electronic method of payment for tolls, fares, fees, rentals, or other charges, including but not limited to a system called E-ZPass, such authority shall not impose any periodic administrative or other charge for the privilege of using such electronic method of payment for such charges. Nothing in this section shall be construed to prohibit any authority from making any charge for extra services requested by a holder of such electronic method of payment, any charge for lost or damaged equipment, or for defaults, such as charges for dishonored checks. The authority shall not enter any agreement with bondholders that would require the imposition of administrative or other periodic charges relating to electronic methods of payment prohibited by this section.

§ 2856. Consideration of public authority debt. On or before a date fixed by the authorities budget office, every authority not subject to a statutory limit on bonds, notes, or other debt obligations it may issue, shall submit to the authorities budget office a statement of intent to guide the authority's issuance and overall amount of bonds, notes, or other debt obligations it may issue.

§ 2857. Actions by an authority. No state or local authority shall fire, discharge, demote, suspend, threaten, harass or discriminate against an employee because of the employee's role as a whistleblower, insofar as the actions taken by the employee are legal.

§ 2858. Public water and sewer authority powers. A public water or sewer authority, created pursuant to article five of this chapter, shall have the power to specify the manner in which exterior manhole covers, containing grease traps or interceptors shall be regulated and inspected to prevent unauthorized access, in addition to the requirements set forth in the uniform fire prevention and building code pursuant to article eighteen of the executive law.

TITLE 4
CONTRACTS OF PUBLIC AUTHORITIES

§ 2875. Ground for cancellation of contract by public authority. A clause shall be inserted in all specifications or contracts hereafter made or awarded by any public authority or by any official of any public authority created by the state or any political subdivision, for work or services performed or to be performed or goods sold or to be sold, to provide that upon the refusal by a person, when called before a grand jury, head of a state department, temporary state commission or other state agency, the organized crime task force in the department of law, head of a city department, or other city agency, which is empowered to compel the attendance of witnesses and examine them under oath, to testify in an investigation concerning any transaction or contract had with the state, any political subdivision thereof, a public authority or with any public department, agency or official of the state or of any political subdivision thereof or of a public authority, to sign a waiver of immunity against subsequent criminal prosecution or to answer any relevant question concerning such transaction or contract,

(a) such person, and any firm, partnership or corporation of which he is a member, partner, director or officer shall be disqualified from thereafter selling to or submitting bids to or receiving awards from or entering into any contracts with any public authority or official thereof, for goods, work or services, for a period of five years after such refusal, and to provide also that

(b) any and all contracts made with any public authority or official thereof, since the effective date of this law, by such person and by any firm, partnership or corporation of which he is a member, partner, director or officer may be cancelled or terminated by the public authority without incurring any penalty or damages on account of such cancellation or termination, but any monies owing by the public authority for goods delivered or work done prior to the cancellation or termination shall be paid.

§ 2875-a. Definitions. As used in this article, the following terms shall have the following meanings unless otherwise specified:

1. "Construction item" means any such item or material used in construction and which is procured directly by the public authority or office or any such item or material commonly used in construction which is procured by a person, other than a municipality, under contract with the public authority or office.

2. "Office" means the office of general services.

3. "Practicable" means capable of being used without violating the following criteria: performance, availability at a reasonable price, availability within a reasonable period of time and maintenance of a satisfactory level of competition.

4. "Product" means any material, supply, equipment or construction item or other item whether real or personal property which is the subject of any purchase, barter, or other exchange made to procure such product.

5. "Secondary materials" means any material recovered from or otherwise destined for the waste stream, including but not limited to, post-consumer material, industrial scrap material, and overstock or obsolete inventories from distributors, wholesalers and other companies as defined in rules and regulations promulgated by the commissioner of general services but such term does not include those materials and byproducts generated from, and commonly reused within an original manufacturing process.

6. "Specification" means any description of the physical or functional characteristics, or of the nature of a material, supply, equipment or construction item. It may include a description of any requirement for inspecting, testing or preparing a material, supply, equipment or construction item for delivery.

§ 2875-b. Specifications. Within twelve months of the effective date of this section all public authorities or commissions created or continued by this chapter shall review their present product specifications to determine whether such require that products be manufactured from virgin materials or exclude products manufactured from secondary materials and shall, on or before April first, nineteen hundred ninety revise and adopt their product specifications as may be necessary to ensure that:

a. Where such specifications exclude the use of products manufactured from secondary materials or require that products be manufactured from virgin materials only, such exclusions or requirements be eliminated; provided however, that specifications need not be revised if the public authority or commission demonstrates that for a particular end use a product containing secondary materials would not meet necessary performance standards.

b. Performance standards, specifications and a product's intended end use are related, and clearly identified when feasible.

c. Specifications are not overly stringent for a particular end use or performance standard.

d. Specifications incorporate or require the use of secondary materials to the maximum extent practicable without jeopardizing the performance or intended end use of the product; provided however, where the public authority or commission demonstrates that for a particular end use a product containing secondary materials would not meet necessary performance standards, such specifications need not incorporate or require the use of secondary materials.

§ 2876. Disqualification to contract with public authority. Any person who, when called before a grand jury, head of a state department, temporary state commission or other state agency, the organized crime task force in the department of law, head of a city department, or other city agency, which is empowered to compel the attendance of witnesses and examine them under oath, to testify in an investigation concerning any transaction or contract had with the state, any political subdivision thereof, a public authority or with a public department, agency or official of the state or of any political subdivision thereof or of a public authority, refuses to sign a waiver of immunity against subsequent criminal prosecution or to answer any relevant questions concerning such transaction or contract, and any firm, partnership or corporation, of which he is a member, partner, director or officer shall be disqualified from thereafter selling to or submitting bids to or receiving awards from or entering into any contracts with any public authority or any official of any public authority created by the state or any political subdivision, for goods, work or services, for a period of five years after such refusal or until a disqualification shall be removed pursuant to the provisions of section twenty-eight hundred seventy-seven of this title.

It shall be the duty of the officer conducting the investigation before the grand jury, the head of a state department, the chairman of the temporary state commission or other state agency, the organized crime task force in the department of law, the head of a city department or other city agency before which the refusal occurs to send notice of such refusal, together with the names of any firm, partnership or corporation of which the person so refusing is known to be a member, partner, officer or director, to the commissioner of transportation of the state of New York, or the commissioner of general services as the case may be, and the appropriate departments, agencies and officials of the state, political subdivisions thereof or public authorities with whom the persons so refusing and any firm, partnership or corporation of which he is a member, partner, director or officer, is known to have a contract. However, when such refusal occurs before a body other than a grand jury, notice of refusal shall not be sent for a period of ten days after such refusal occurs. Prior to the expiration of this ten day period, any person, firm, partnership or corporation which has become liable to the cancellation or termination of a contract or disqualification to contract on account of such refusal may commence a special proceeding at a special term of the supreme court, held within the judicial district in which the refusal occurred, for an order determining whether the questions in response to which the refusal occurred were relevant and material to the inquiry. Upon the commencement of such proceeding, the sending of such notice of refusal to answer shall be subject to order of the court in which the proceeding was brought in a manner and on such terms as the court may deem just. If a proceeding is not brought within ten days, notice of refusal shall thereupon be sent as provided herein.

§ 2877. Removal of disqualification of public contractors by petition. 1. Any firm, partnership or corporation which has become subject to the cancellation or termination of a contract or disqualification to contract on account of the refusal of a member, partner, director or officer thereof to waive immunity when called to testify, as provided in sections twenty-eight hundred seventy-five and twenty-eight hundred seventy-six of this title, may, upon ten days' notice to the attorney general and to the officer who conducted the investigation before the grand jury or other body in which the refusal occurred, commence a special proceeding at a special term of the supreme court held within the judicial district in which the refusal occurred for a judgment discontinuing the disqualification. Such application shall be in the form of a petition setting forth grounds, including that the cooperation by petitioner with the grand jury or other body at the time of the refusal was such, and the amount and degree of control and financial interest, if any, in the petitioning firm, partnership or corporation by the member, partner, officer or director who refused to waive immunity is such that it will not be in the public interest to cancel or terminate petitioner's contracts or to continue the disqualification, as provided in sections twenty-eight hundred seventy-five and twenty-eight hundred seventy-six of this title.

A copy of the petition and accompanying papers shall be served with the notices to be given pursuant to this subdivision.

2. Upon the filing of such petition the court may stay as to petitioner, pending a decision upon the petition, the cancellation or termination of any contracts resulting from such refusal upon such terms as to notice or otherwise as may be just.

3. At least two days prior to the return day, the officer who conducted the investigation before the grand jury or other body and the attorney general may file answers to the petition or apply for judgment dismissing the petition as a matter of law. On or before the return day the petitioner may file a reply to the answer.

4. Upon the return day the court may, upon the petition and answer and other papers filed, forthwith render such judgment as the case requires, or if a triable issue of fact is duly raised, it shall forthwith be tried before a court sitting without a jury or before a referee. The provisions of statute or rule governing references in an action shall apply to a reference under this subdivision.

5. The court shall render judgment dismissing the petition on the merits or discontinuing the disqualification upon the ground that the public interest would be served by its discontinuance, and granting such other relief as to the cancellation or termination of contracts as may be appropriate, but without costs to petitioner.

§ 2877-a. The New York state buy American salt act. 1. Use of American materials. (a) Notwithstanding any other provision of law, when soliciting a contract for the purchase of rock salt or sodium chloride, any public authority may award such contract to the responsible and reliable bidder offering to supply rock salt or sodium chloride that is mined or hand harvested in the United States, and which offer is within ten percent of the lowest price or best value offer, rather than to the lowest responsible and reliable bidder.

(b) If it has been determined by a court or federal or state agency that any person intentionally:

(i) affixed a label bearing a "Made in America" inscription, or any inscription with the same meaning, to any rock salt, or sodium chloride product used in projects to which this section applies, sold in or shipped to the United States that was not mined or hand harvested in the United States; or

(ii) represented that any rock salt, or sodium chloride product procured in a contract to which this section applies that was not produced in the United States, was produced in the United States; then that person shall be ineligible to receive any contract or subcontract with this state pursuant to the debarment or suspension provisions provided under section one hundred thirty-nine-a of the state finance law.

(c) This section shall be applied in a manner consistent with the state's obligations under any applicable international agreements pertaining to government procurement.

2. Definitions. For the purposes of this section, the following words shall have the following meanings unless specified otherwise:

(a) "Public authority" means a state, local or interstate authority as those terms are defined in section two of this chapter;

(b) "Mined or hand harvested in the United States" means: extracted or collected from land or ponds within the boundary of the United States, from the initial separation from the earth through the addition of any additives necessary for commercial sale;

(c) "United States" means the United States of America and includes all territory, continental or insular, subject to the jurisdiction of the United States.

§ 2603-a. Letting of certain contracts involving steel products. 1. Notwithstanding any other provision of law, all public authorities shall award contracts involving steel products as follows:

a. All purchase contracts for supplies, material or equipment involving an estimated expenditure in excess of fifty thousand dollars shall require with respect to materials, supplies and equipment made of, fabricated from, or containing steel components, that such steel components be produced or made in whole or substantial part in the United States, its territories or possessions. The provisions of this paragraph shall not apply to motor vehicles and automobile equipment assembled in Canada in conformity with the United States-Canadian trade agreements known as the "Automotive Products Trade Act of 1965" or any amendments thereto.

b. All contracts in excess of one hundred thousand dollars for the construction, reconstruction, alteration, repair, maintenance or improvement of public works shall require that all structural steel, reinforcing steel or other major steel items to be incorporated in the work of the contract shall be produced or made in whole or substantial part in the United States, its territories or possessions.

2. Notwithstanding the provisions of subdivision one of this section, all contracts over one million dollars in value made and awarded by the dormitory authority, the metropolitan transportation authority, the bridge authority or the thruway authority, on its account or for the benefit of a state agency or authority, for the construction, reconstruction, alteration, repair, maintenance or improvement of any road or bridge, shall contain a provision that the structural iron and structural steel used or supplied in the performance of the contract or any subcontract thereto and permanently incorporated into the surface road or bridge shall be produced or made in whole or substantial part in the United States, its territories or possessions. In the case of a structural iron or structural steel product all manufacturing must take place in the United States, from the initial melting stage through the application of coatings, except metallurgical processes involving the refinement of steel additives. For purposes of this section, "permanently incorporated" shall mean an iron or steel product that is required to remain in place at the end of the project contract, in a fixed location, affixed to the public work to which it was incorporated. Iron and steel products that are capable of being moved from one location to another are not permanently incorporated into a public

building or public work.

3. The provisions of this section shall not apply if the governing board or body of such public authority, in its discretion, determines that such provisions would result in unreasonable costs or that such iron, steel products or steel components including without limitation structural iron and steel; cannot be produced or made in the United States in sufficient and reasonably available quantities or of satisfactory quality or design, or would result in the loss or reduction of federal funding for the subject contract or the ability to obtain such federal funding would be limited or jeopardized by compliance with this section; or there is an immediate or emergency need existing for such structural iron, structural steel products or structural steel components; or such steel or iron is not manufactured in the United States in sufficient and reasonably available quantities or of satisfactory quality or design to meet the authority's requirements; or obtaining for such iron, steel products or steel components in the United States would increase the cost of the contract by an unreasonable amount; or for such iron, steel products or steel components is necessary for the operation of or repairs of critical infrastructure that is necessary to avoid a delay in the delivery of critical services that could compromise the public welfare; or a reciprocal trade agreement or treaty has been negotiated by the state or by the United States government on behalf of or including this state with a foreign nation or government for nondiscriminatory governmental procurement practices or policies with such foreign nation or government.

4. Nothing in this section is intended to contravene any existing treaties, laws, trade agreements, or regulations of the United States or subsequent trade agreements entered into between any foreign countries and the state or the United States.

5. Any authority subject to the provisions of this section shall be authorized to establish rules and regulations for the effective administration of this section, provided however, nothing in this section shall be interpreted to require a contractor to certify that the iron or steel used in a road or bridge pursuant to this section is made

in whole or in substantial part in the United States.

§ 2878. Statement of non-collusion in bids or proposals to public authority. Every bid or proposal hereafter made to a public authority or to any official of any public authority created by the state or any political subdivision, where competitive bidding is required by statute, rule, regulation or local law, for work or services performed or to be performed or goods sold or to be sold, shall contain the following statement subscribed by the bidder and affirmed by such bidder as true under the penalties of perjury: Non-collusive bidding certification.

"(a) By submission of this bid, each bidder and each person signing on behalf of any bidder certifies, and in the case of a joint bid each party thereto certifies as to its own organization, under penalty of perjury, that to the best of his knowledge and belief:

(1) The prices in this bid have been arrived at independently without collusion, consultation, communication, or agreement, for the purpose of restricting competition, as to any matter relating to such prices with any other bidder or with any competitor;

(2) Unless otherwise required by law, the prices which have been quoted in this bid have not been knowingly disclosed by the bidder and will not knowingly be disclosed by the bidder prior to opening, directly or indirectly, to any other bidder or to any competitor; and

(3) No attempt has been made or will be made by the bidder to induce any other person, partnership or corporation to submit or not to submit a bid for the purpose of restricting competition."

(b) A bid shall not be considered for award nor shall any award be made where (a) (1) (2) and (3) above have not been complied with; provided however, that if in any case the bidder cannot make the foregoing certification, the bidder shall so state and shall furnish with the bid a signed statement which sets forth in detail the reasons therefor. Where (a) (1) (2) and (3) above have not been complied with, the bid shall not be considered for award nor shall any award be made unless the head of the purchasing unit of the state, public department or agency to which the bid is made, or his designee, determines that such disclosure was not made for the purpose of restricting competition.

The fact that a bidder (a) has published price lists, rates, or tariffs covering items being procured, (b) has informed prospective customers of proposed or pending publication of new or revised price lists for such items, or (c) has sold the same items to other customers at the same prices being bid, does not constitute, without more, a disclosure within the meaning of subparagraph one (a).

2. Any bid hereafter made to any public authority or to any official of any public authority created by the state or any political subdivision, by a corporate bidder for work or services performed or to be performed or goods sold or to be sold, where competitive bidding is required by statute, rule, regulation, or local law, and where such bid contains the certification referred to in subdivision one of this section, shall be deemed to have been authorized by the board of directors of the bidder, and such authorization shall be deemed to include the signing and submission of the bid and the inclusion therein of the certificate as to non-collusion as the act and deed of the corporation.

§ 2878-a. Purchasing of products. 1. All products purchased shall be recycled products, which meet contract specifications, unless the only available product does not contain recycled content, and provided that the cost of the recycled product does not exceed a cost premium of ten percent above the cost of a comparable product that is not a recycled product or, if at least fifty percent of the secondary materials utilized in the manufacture of that product are generated from the waste stream in New York state, the cost of the recycled product does not exceed a cost premium of fifteen percent above the cost of a comparable product that is not a recycled product. For the purpose of this section and until July first, nineteen hundred ninety-six, "recycled product" shall mean any product which has been manufactured from secondary materials, as defined in subdivision one of section two hundred sixty-one of the economic development law, and meets secondary material content requirements adopted by the office of general services under subdivision one of section one hundred seventy-seven of the state finance law for products available to the public authority under state contract or, if no such contract for such product is available to the public authority, any product which meets the secondary material content requirements adopted by the public authority with respect to a specific commodity procurement by the public authority. On and after July first, nineteen hundred ninety-six, "recycled product" shall mean, for the purposes of this section, any product which has been manufactured from secondary materials, as defined in subdivision one of section two hundred sixty-one of the economic development law, and which meets the requirements of subdivision two of section 27-0717 of the environmental conservation law and regulations promulgated pursuant thereto.

2. Whenever a public authority, corporation or commission shall purchase or cause the purchase of printing on recycled paper, it shall require the printed material to contain the official state recycling emblem established pursuant to subdivision two of section 27-0717 of the environmental conservation law and regulations promulgated pursuant thereto if such paper has been approved by the department of environmental conservation as satisfying the requirements of such statute and regulations, or, if such paper has not been so approved, require the printed material to include a printed statement which indicates the percentages of pre-consumer and post-consumer recycled material content of such paper.

§ 2878-b. Source separation of wastes. 1. No later than September first, nineteen hundred eighty-nine each public authority, corporation or commission shall devise and institute a program to source separate waste paper generated within its facilities.

Such program shall include marketing arrangements and appropriate procedures to ensure the recovery of discarded paper in a noncontaminated condition. This program may be phased in, utilizing those office facilities most conducive to operation of a source separation program, but shall be fully implemented by July first, nineteen hundred ninety.

2. No later than July first, nineteen hundred ninety, each public

authority, corporation or commission shall devise and institute a program to source separate all other waste generated within its facilities that is not covered by this section. Such program shall include marketing arrangements and appropriate procedures to ensure the recovery of waste for which the full avoided costs of proper collection, transportation and disposal of source separated materials are equal to or greater than the cost of collection, transportation and sale of said material less the amount received from the sale of said material. This program may be phased in, utilizing those office facilities most conducive to operation of a source separation program but shall be fully implemented by July first, nineteen hundred ninety-one.

3. A public authority, corporation or commission occupying facilities made available or provided by the office of general services may comply with the provisions of this section by participating in a program conducted by the office of general services pursuant to subdivisions four and five of section one hundred seventy-seven of the state finance law.

§ 2878-c. Certain contracts involving personal protective equipment and medical supplies. 1. Notwithstanding any other provisions of law, all contracts over fifty thousand dollars in value made and awarded by any state authority for the purchase of personal protective equipment or medical supplies shall require that the personal protective equipment or medical supply items be produced or made in whole or substantial part in the United States.

2. For purposes of this section:

(a) "personal protective equipment" means all equipment worn to minimize exposure to medical hazards, including gloves, masks, face shields, eye protection, respirators, medical hair and shoe coverings, and disposable gowns and aprons.

(b) "medical supplies" means materials necessary to respond to health emergencies or pandemics, including and without limitation ventilators, medical test kits, and vaccines.

(c) "United States" means the United States, its territories, or possessions.

3. The provisions of this section shall not apply if the head of the state authority purchasing the personal protective equipment or medical supplies, in his or her sole discretion, determines that such provisions would not be in the public interest; that obtaining such personal protective equipment or medical supplies in the United States would increase the cost of the contract by an unreasonable amount; that such personal protective equipment or medical supplies cannot be produced or made in the United States in sufficient and reasonably available quantities and of satisfactory quality or design to meet the state authority's requirements; or that purchasing personal protective equipment or medical supplies manufactured outside of the United States is necessary to avoid a delay in the delivery of critical services that could compromise the public welfare.

4. Nothing in this section is intended to contravene any existing treaties, laws, trade agreements, or regulations of the United States or subsequent trade agreements entered into between any foreign countries and the state or the United States.

5. Subject to the provisions of this section, the department of economic development, in consultation with the office of general services and the division of the budget, shall be authorized to establish rules and regulations for the effective administration of this section.

§ 2879. Procurement contracts. 1. Every public authority and public benefit corporation, a majority of the members of which consist of persons either appointed by the governor or who serve as members by virtue of holding a civil office of the state, or a combination thereof, (such entities to be hereinafter in this section referred to as "corporation") shall adopt by resolution comprehensive guidelines which detail the corporation's operative policy and instructions regarding the use, awarding, monitoring and reporting of procurement contracts. Guidelines approved by the corporation shall be annually reviewed and approved by the corporation.

2. For purposes of this section, procurement contracts shall mean any written agreement for the acquisition of goods or services of any kind, in the actual or estimated amount of five thousand dollars or more.

3. The guidelines approved by the corporation shall include, but not be limited to the following:

(a) A description of the types of goods purchased, and for procurement contracts for services, a description of those areas of responsibility and oversight requiring the use of personal services and the reasons for the use of personal services in such areas.

(b) Requirements regarding the selection of contractors, which shall include provisions:

(i) for the selection of such contractors on a competitive basis, and provisions relating to the circumstances under which the board may by resolution waive competition, including, notwithstanding any other provision of law requiring competition, the purchase of goods or services from: (A) small business concerns, or sellers of goods or technology that are recycled or remanufactured, or, for corporations not defined as a state authority in section three hundred ten of the executive law, those certified as minority or women-owned business enterprises in an amount not to exceed five hundred thousand dollars without a formal competitive process, and (B) for corporations defined as a state authority in section three hundred ten of the executive law those certified as minority or women-owned business enterprises and service-disabled veteran-owned business enterprises for any state authority as defined in section forty of the veterans' services law, in an amount not to exceed one million five hundred thousand dollars without a formal competitive process;

(ii) describing when the award of procurement contracts shall require approval of the board by resolution, provided that any contract involving services to be rendered over a period in excess of one year shall require the approval of the board by resolution and an annual review of the contract by the board;

(iii) setting forth responsibilities of contractors;

(iv) as used in this subparagraph, the term "professional firm" shall be defined as any individual or sole proprietorship, partnership, corporation, association, or other legal entity permitted by law to practice the professions of architecture, engineering or surveying.

The corporation shall not refuse to negotiate with a professional firm solely because the ratio of the "allowable indirect costs" to direct labor costs of the professional firm or the hourly labor rate in any labor category of the professional firm exceeds a limitation generally set by the corporation in the determination of the reasonableness of the estimated cost of services to be rendered by the professional firm, but rather the corporation should also consider the reasonableness of cost based on the total estimated cost of the service of the professional firm which should include, among other things, all the direct labor costs of the professional firm for such services plus all "allowable indirect costs," other direct costs, and negotiated profit of the professional firm. "Allowable indirect costs" of a professional firm are defined as those costs generally associated with overhead which cannot be specifically identified with a single project or contract and are considered reasonable and allowable under specific state contract or allowability limits.

(c) An identification of those areas or types of contracts for which minority or women-owned business enterprises may best bid so as to promote and assist participation by such enterprises and facilitate a fair share of the awarding of contracts to such enterprises. For the purposes of this section, a minority business enterprise means any business enterprise, including a sole proprietorship, partnership or corporation that is:

(i) at least fifty-one percent owned by one or more minority group members or in the case of a publicly-owned business at least fifty-one percent of the common stock or other voting interests of which is owned by one or more minority group members;

(ii) an enterprise in which the minority ownership is real, substantial and continuing;

(iii) an enterprise in which the minority ownership has and exercises the authority to control independently the day-to-day business decisions of the enterprise; and

(iv) an enterprise authorized to do business in New York state, independently owned and operated, and not dominant in its field.

(d) For the purposes of this section, a minority group member means a United States citizen or permanent resident noncitizen who is and can demonstrate membership in one of the following groups:

(i) Black persons having origins in any of the Black African racial groups not of Hispanic origin;

(ii) Hispanic persons of Mexican, Puerto Rican, Dominican, Cuban, Central or South American of either Indian or Hispanic origin, regardless of race;

(iii) Asian and Pacific Islander persons having origins in any of the Far East, Southeast Asia, the Indian sub-continent or the Pacific Islands; or

(iv) Native American persons having origins in any of the original peoples of North America.

(e) For the purposes of this section, a women-owned business enterprise means a business enterprise, including a sole proprietorship, partnership or corporation which is:

(i) at least fifty-one percent owned by one or more United States citizens or permanent resident noncitizens who are women or in the case of a publicly-owned business at least fifty-one percent of the common stock or other voting interests of which is owned by United States citizens or permanent resident noncitizens who are women;

(ii) an enterprise in which the ownership interest of women is real, substantial and continuing;

(iii) an enterprise in which the women ownership has and exercises the authority to control independently the day-to-day business decisions of the enterprise; and

(iv) an enterprise authorized to do business in New York state, independently owned and operated, and not dominant in its field.

(f) Requirements for the designation of one or more senior staff of the corporation to oversee the corporation's programs established to promote and assist: (i) participation by certified minority or women-owned business enterprises in the corporation's procurement opportunities and facilitation of the award of procurement contracts to such enterprises; (ii) the utilization of certified minority and women-owned business enterprises as subcontractors and suppliers by entities having procurement contracts with the corporation; and (iii) the utilization of partnerships, joint ventures or other similar arrangements between certified minority and women-owned business enterprises and other entities having procurement contracts with the corporation. Such staff shall be familiar with the procurement of the types of construction, financial, legal or professional services utilized by the corporation, report directly to the corporation's executive director, president or chief executive officer and either directly or through their designees participate in the procurement process.

(g) Requirements for providing notice, in addition to any other notice of procurement opportunities required by law, to professional and other organizations that serve minority and women-owned business enterprises providing the types of services procured by the corporation.

(h) Procedures for maintaining lists of qualified certified minority and women-owned business enterprises, including professional firms that have expressed an interest in doing business with the corporation and ensuring that such lists are updated regularly. The corporation shall also consult the lists of certified minority and women-owned business enterprises maintained by the department of economic development pursuant to article fifteen-A of the executive law.

(i) The establishment of appropriate goals for participation by minority or women-owned business enterprises in procurement contracts awarded by the corporation and for the utilization of minority and women-owned enterprises as subcontractors and suppliers by entities having procurement contracts with the corporation. Statewide numerical participation target goals shall be established by each authority based on the findings of the two thousand ten disparity study.

(j) Requirements to conduct procurements in a manner that will enable the corporation to achieve the maximum feasible portion of the goals established pursuant to paragraph (i) of this subdivision and that eliminates barriers to participation by minority and women-owned business enterprises in the corporation's procurements. Such procurement requirements shall include the following:

(A) Measures and procedures to ensure that certified businesses shall be given the opportunity for maximum feasible participation in the performance of state contracts and to assist in the corporation's identification of those state contracts for which certified businesses may best bid to actively and affirmatively promote and assist their participation in the performance of state contracts so as to facilitate the corporation's achievement of the maximum feasible portion of the goals for state contracts to such businesses;

(B) Provisions designating the division of minority and women-owned business development to certify and decertify minority and women-owned business enterprises for all corporations through a single process that meets applicable state and federal requirements;

(C) A requirement that each contract solicitation document accompanying each solicitation set forth the expected degree of minority and women-owned business enterprise participation based, in part, on:

I. the potential subcontract opportunities available in the prime procurement contract; and

II. the availability of certified minority and women-owned business enterprises to respond competitively to the potential subcontract opportunities;

(D) A requirement that each corporation provide a current list of certified minority business enterprises to each prospective contractor;

(E) Provisions relating to joint ventures, under which a bidder may count toward meeting its minority business enterprise participation goal, the minority and women-owned business enterprise portion of the joint venture;

(F) Provisions under which the corporation may waive obligations of the contractor relating to minority and women-owned business enterprise participation after a showing of good faith efforts to comply with the requirements of this act pursuant to the waiver provisions contained in subdivision six of section three hundred thirteen of the executive law;

(G) A requirement that the corporation verify that minority and women-owned business enterprises listed in a successful bid are actually participating to the extent listed in the project for which the bid was submitted;

(H) In the implementation of this section, the contracting corporation shall:

I. consider, where practicable, the severability of construction projects and other bundled contracts;

II. implement a program that will enable the corporation to evaluate each contract to determine the appropriateness of the goal pursuant to paragraph (i) of this subdivision;

III. consider compliance with the requirements of any federal law concerning opportunities for minority and women-owned business enterprises which effectuates the purpose of this section; and

IV. consult the most recent disparity study pursuant to article fifteen-A of the executive law.

(k) A listing of the types of provisions to be contained in procurement contracts, including provisions concerning the nature and monitoring of the work to be performed, the use of corporate supplies and facilities, the use of corporate personnel and any other provisions.

(l) Provisions regarding procurement contracts which involve former officers or employees of the corporation.

(m) Procedures regarding procurement contracts which are exempt from the publication requirements of article four-C of the economic development law.

(n) Policies to promote the participation by New York state business enterprises and New York state residents in procurement contracts, including, but not limited to:

(i) providing for the corporation to collect and to consult the specifications of New York state business enterprises in developing specifications for any procurement contract for the purchase of goods where possible, practicable, feasible and consistent with open bidding, except for procurement contracts for which the corporation would be expending funds received from another state. The corporation shall, where feasible, make use of the stock item specification forms prepared by the commissioner of general services, and where necessary, consult with the commissioner of the office of general services, in developing such specifications and make such determinations; and

(ii) with the cooperation of the department of economic development and through cooperative efforts with contractors, providing for the notification of New York state business enterprises of opportunities to participate as subcontractors and suppliers on procurement contracts let by the corporation in an amount estimated to be equal to or greater than one million dollars and promulgating procedures which will assure compliance by contractors with such notification. Once awarded the contract such contractors shall document their efforts to encourage the participation of New York state business enterprises as suppliers and subcontractors on procurement contracts equal to or greater than one million dollars. Documented efforts by a successful contractor shall consist of and be limited to showing that such contractor has (a) solicited bids, in a timely and adequate manner, from New York state business enterprises including certified minority and women-owned business, or (b) contacted the New York state department of economic development to obtain listings of New York state business enterprises, or (c) placed notices for subcontractors and suppliers in newspapers, journals and other trade publications distributed in New York state, or (d) participated in bidder outreach conferences. If the contractor determines that New York state business enterprises are not available to participate on the contract as subcontractors or suppliers, the contractor shall provide a statement indicating the method by which such determination was made. If the contractor does not intend to use subcontractors on the contract, the contractor shall provide a statement verifying such intent; and

(iii) except for procurement contracts for which the corporation would be expending funds received from another state, the corporation shall include in all bid documents provided to potential bidders a statement that information concerning the availability of New York state subcontractors and suppliers is available from the New York state department of economic development, which shall include the directory of certified minority and women-owned businesses, and it is the policy of New York state to encourage the use of New York state subcontractors and suppliers, and to promote the participation of minority and women-owned businesses where possible, in the procurement of goods and services; and

(iv) with the cooperation of the community services division of the department of labor and through cooperative efforts with contractors, providing for the notification of New York state residents of employment opportunities arising in New York state out of procurement contracts let by the corporation in an amount estimated to be equal to or greater than one million dollars; and promulgating procedures which will assure compliance by contractors with such notification by requiring contractors to submit post-award compliance reports documenting their efforts to provide such notification through listing any such positions with the community services division, or providing for such notification in such manner as is consistent with existing collective bargaining contracts or agreements; and

(v) including in each set of documents soliciting bids on procurement contracts to let by the corporation a statement notifying potential bidders located in foreign countries that the corporation may assign or otherwise transfer offset credits created by such procurement contract to third parties located in New York state; providing for the assignment or other form of transfer of offset credits created by such procurement contracts, directly or indirectly, to third parties located in New York state, in accordance with the written directions of the commissioner of economic development; and providing for the corporation to otherwise cooperate with the department of economic development in efforts to get foreign countries to recognize offset credits assigned or transferred to third parties located in New York state created by such procurement contracts; and

(vi) promulgating procedures which will assure compliance with the federal equal employment opportunity act of 1972 (P.L. 92-261), as amended, by contractors of the corporation.

(o) For the purposes of this section, a "New York state business enterprise" means a business enterprise, including a sole proprietorship, partnership, or corporation, which offers for sale or lease or other form of exchange, goods which are sought by the corporation and which are substantially manufactured, produced or assembled in New York state, or services which are sought by the corporation and which are substantially performed within New York state.

(p) For the purposes of this section, a "New York resident" means a natural person who maintains a fixed, permanent and principal home located within New York state and to which such person, whenever temporarily located, always intends to return.

4. Each corporation shall have the power from time to time to amend such procurement contract guidelines in accordance with the provisions

of this section.

5. (a) Each corporation shall notify the commissioner of economic development of the award of a procurement contract for the purchase of goods or services from a foreign business enterprise in an amount equal to or greater than one million dollars simultaneously with notifying the successful bidder therefor. No corporation shall thereafter enter into a procurement contract for said goods or services until at least fifteen days has elapsed, except for procurement contracts awarded on an emergency or critical basis, or where the commissioner of economic development waives the provisions of this sentence. The notification to the commissioner of economic development shall include the name, address and telephone and facsimile number of the foreign business enterprise, a brief description of the goods or services to be obtained pursuant to the proposed procurement contract, the amount of the proposed procurement contract, the term of the proposed procurement contract, and the name of the individual at the foreign business enterprise or acting on behalf of the same who is principally responsible for the proposed procurement contract. Such notification shall be used by the commissioner of economic development solely to provide notification to New York state business enterprises of opportunities to participate as subcontractors and suppliers on such procurement contracts, to promote and encourage the location and development of new business in the state, to assist New York state business enterprises in obtaining offset credits from foreign countries, and to otherwise investigate, study and undertake means of promoting and encouraging the prosperous development and protection of the legitimate interest and welfare of New York state business enterprises, industry and commerce.

(b) As used in this section, the following terms shall have the following meanings, unless a different meaning appears from the context:

(i) "Foreign business enterprise" shall mean a business enterprise, including a sole proprietorship, partnership or corporation, which offers for sale, lease or other form of exchange, goods which are sought by the corporation and which are substantially produced outside New York state, or services, other than construction services, sought by the corporation which are substantially performed outside New York state. For purposes of construction services, foreign business enterprise shall mean a business enterprise, including a sole proprietorship, partnership or corporation, which has its principal place of business outside New York state.

(ii) "New York state business enterprise" shall mean a business enterprise, including a sole proprietorship, partnership or corporation, which offers for sale or lease or other form of exchange, goods which are sought by the corporation and which are substantially manufactured, produced or assembled in New York state, or services, other than construction services, which are sought by the corporation and which are substantially performed within New York state. For purposes of construction services, a New York state business enterprise shall mean a business enterprise, including a sole proprietorship, partnership, or corporation, which has its principal place of business in New York state.

(iii) "Discriminatory jurisdiction" shall mean any other country, nation, province, state or political subdivision thereof which employs a preference or price distorting mechanism to the detriment of or otherwise discriminates against a New York state business enterprise in the procurement of goods and services by the same or a non-governmental entity influenced by the same. Such discrimination may include, but is not limited to, any law, regulation, procedure or practice, terms or license, authorization, or funding or bidding rights which requires or encourages any agency or instrumentality of the state or political subdivision thereof or non-governmental entity influenced by the same to discriminate against a New York state business enterprise.

(c) In including any additional business enterprises on invitations to bid for the procurement of goods or services, the chief executive officer of the corporation shall not include any foreign business enterprise which has its principal place of business located in a discriminatory jurisdiction contained on the list prepared by the commissioner of economic development pursuant to subdivision six of section one hundred sixty-five of the state finance law, except, however, business enterprises which are New York state business enterprises as defined by this section. The corporation may waive the application of the provisions of this section whenever the chief executive officer of the corporation determines in writing that it is in the best interests of the state to do so. The chief executive officer of the corporation shall deliver each such waiver to the commissioner of economic development.

(d) A corporation shall not enter into a contract with a foreign business enterprise which has its principal place of business located in a discriminatory jurisdiction contained on the list prepared by the commissioner of economic development pursuant to subdivision six of section one hundred sixty-five of the state finance law. The provisions of this section may be waived by the chief executive officer of the corporation if the chief executive officer of the corporation determines in writing that it is in the best interests of the state to do so. The chief executive officer of the corporation shall deliver each such waiver to the commissioner of economic development.

6. Each corporation, as part of the guidelines established pursuant to subdivision three of this section, shall establish policies regarding the preparation of publicly available reports on procurement contracts entered into by such corporation. Such policies shall provide, at the minimum, for the preparation of a report no less frequently than annually, summarizing procurement activity by such corporation for the period of the report, including a listing of all procurement contracts entered into, all contracts entered into with New York state business enterprises and the subject matter and value thereof, all contracts entered into with certified minority or women-owned business enterprises and the subject matter and value thereof, all referrals made and all penalties imposed pursuant to section three hundred sixteen of the executive law, all contracts entered into with foreign business enterprises, and the subject matter and value thereof, the selection process used to select such contractors, all procurement contracts which were exempt from the publication requirements of article four-C of the economic development law, the basis for any such exemption and the status of existing procurement contracts.

7. Each corporation shall annually prepare and approve a report on procurement contracts which shall include the guidelines, as specified in subdivision three of this section, an explanation of the guidelines and any amendments thereto since the last annual report. Such report on procurement contracts may be a part of any other annual report that the

corporation is required to make.

8. (a) Each corporation shall annually submit its report on procurement contracts to the division of the budget and copies thereof to the department of audit and control, the department of economic development, the senate finance committee and the assembly ways and means committee. Such report shall include the total number and total dollar value of contracts awarded to certified minority and women-owned business enterprises pursuant to subparagraph (i) of paragraph (b) of subdivision three of this section, shall distinguish by contract type awards made pursuant to the authority provided under subparagraph (i) of paragraph (b) of subdivision three of this section, and shall additionally specify by contract type awarded pursuant to clause (B) of subparagraph (i) of paragraph (b) of subdivision three of this section and specify the total number, total dollar value and the percentage of the total dollar value of contracts awarded to minority and women-owned business entities and service disabled and veteran-owned business entities for the reporting period, as compared to the prior reporting year. Further, such report shall specify the total number, total dollar value and percentage of contracts that exceed five hundred thousand dollars awarded to minority and women owned business enterprises and service-disabled veteran-owned businesses for the reporting period as compared to the prior reporting period.

(b) Each corporation shall make available to the public copies of its report on procurement contracts upon reasonable request therefor.

9. Nothing contained in this section shall be deemed to alter, affect the validity of, modify the terms of or impair any contract or agreement made or entered into in violation of, or without compliance with, the provisions of this section.

§ 2879-a. Comptroller approval of contracts. 1. Except as set forth in subdivision three of this section, where the comptroller determines pursuant to his or her authority to supervise the accounts of public corporations, that contracts or categories of contracts in excess of one million dollars (a) to be awarded by a state authority to a single source, a sole source or pursuant to any other method of procurement that is not competitive, or (b) which are to be paid in whole or in part from monies appropriated by the state to a state authority for such contractual expenditure, require supervision in the form of prior review and approval of such contracts, and the comptroller so notifies such authority of such determination, then any such contract entered into subsequent to such notification shall be submitted to the comptroller for his or her approval and shall not be a valid enforceable contract unless it shall first have been approved by the comptroller. Such notification shall identify the process for submission, the categories of contracts at issue and the time period for which such submission is to take place. The comptroller shall promulgate such rules and regulations as may be necessary to carry out his or her responsibilities under this section, including but not limited to the standards for determining which contracts will be subject to his or her review and for approving such contracts.

2. Where the comptroller, pursuant to subdivision one of this section, has notified a state authority that any contract or category of contracts shall be subject to his or her approval, such authority shall include or cause to be included in each such contract a provision informing the other party that such contract is subject to the comptroller's approval pursuant to the comptroller's authority to supervise the accounts of public corporations. If the comptroller has not approved or disapproved any contract subject to his or her approval within ninety days of submission to his or her office, such contract shall become valid and enforceable without such approval.

3. This section shall not apply to: (a) contracts entered into for the issuance of commercial paper or bonded indebtedness, other than contracts with the state providing for the payment of debt service subject to an appropriation; (b) contracts entered into by an entity established under article ten-C of this chapter that are for: (i) projects approved by the department of health or the public health council in accordance with articles twenty-eight, thirty-six or forty of the public health law or article seven of the social services law; (ii) projects approved by the office of mental health, the office for people

with developmental disabilities, or the office of alcoholism and substance abuse services in accordance with articles sixteen, thirty-one, or thirty-two of the mental hygiene law; (iii) services, affiliations or joint ventures for the provision or administration of health care services or scientific research; (iv) payment for direct health care services or goods used in the provision of health care services; or (v) participation in group purchasing arrangements; (c) contracts entered into for the procurement of goods, services or both goods and services made to meet emergencies arising from unforeseen causes or to effect repairs to critical infrastructure that are necessary to avoid a delay in the delivery of critical services that could compromise the public welfare; (d) contracts of purchase or sale of energy, electricity or ancillary services made by an authority on a recognized market for goods, services, or commodities in question in accordance with standard terms and conditions of purchase or sale at a market price; (e) contracts for the purchase, sale or delivery of power or energy, fuel, costs and services ancillary thereto, or financial products related thereto, with a term of less than five years; and (f) contracts for the sale or delivery of power or energy and costs and services ancillary thereto for economic development purposes pursuant to title one of article five of this chapter or article six of the economic development law, provided, however, that the authority shall file copies of any such contract with the comptroller within sixty days after the execution of such contract.

4. The provisions of this section do not grant or diminish any power or right to review contracts beyond or from that which the comptroller may have pursuant to his or her authority to supervise the accounts of public authorities. If any provisions of this section or its application to any person or circumstance is held invalid by a court of last resort, then this section shall be deemed to be invalid in its entirety.

§ 2879-b. Labor peace. 1. As used in this section:

(a) "Contractor" means a company undertaking a covered project, or the operator of a hotel or convention center that is part of a covered project.

(b) "Substantial proprietary interest" means the authority: (i) owns fee title or a leasehold interest in the project of at least forty years; or (ii) provides financing for the project, whether by direct loan or indirectly by a guarantee, subsidy, deposit, credit enhancement or similar method.

(c) "Covered project" means any project in which an authority enters into an agreement for a development after the effective date of this section, where: (i) a hotel is one of the principal functions of the project; (ii) the entity the authority enters into an agreement with or its contractor or subcontractor contracts for the development of such hotel or convention center; (iii) the authority has a substantial proprietary interest in the project, or in the hotel or convention center; and (iv) the hotel or convention center will have more than fifteen employees.

(d) "Labor peace agreement" means an agreement between the contractor and a labor organization that represents a substantial number of hotel or convention center employees in the state, which requires that the labor organization and its members refrain from engaging in labor activity that will disrupt the hotel's operations, including strikes, boycotts, work stoppages, corporate campaigns, picketing or other economic action against the covered project.

(e) "Public authority" shall mean a state public authority.

2. No public authority shall enter into any agreement or contract under which the public authority has a substantial proprietary interest in a covered project unless the agreement or contract requires as a material condition that the contractor or a subcontractor thereof enter into a labor peace agreement with a labor organization that represents hotel employees in the state, for a period of at least five years.

3. Any contractor or subcontractor covered by subdivision two of this section shall incorporate the terms of the labor peace agreement in any contract, subcontract, lease, sublease, operating agreement, concessionaire agreement, franchise agreement or other agreement or instrument giving a right to any person or entity to own or operate a hotel or convention center.

4. Notwithstanding any provision of this section, a public authority may enter into an agreement or contract wherein the public authority has a substantial proprietary interest in a covered project without a contractor entering into a labor peace agreement, if the authority determines that the project would not be able to go forward if a labor peace agreement was required, or the costs of the project to the public authority would be substantially increased by such requirement. Such a determination shall be supported by a written finding by the public authority setting forth the specific basis for such determination, which may include experience with similar projects, earlier requests for proposal for the same project, or a detailed evaluation of potential bidders. Such written determination shall be included in any public materials provided to any board or agency official in connection with the project and shall be maintained by the authority.

§ 2879-c. Iranian energy sector divestment. 1. As used in this section:

a. "Energy sector" shall have the same meaning as defined in paragraph (a) of subdivision one of section one hundred sixty-five-a of the state finance law.

b. "Financial institution" shall have the same meaning as defined in paragraph (b) of subdivision one of section one hundred sixty-five-a of the state finance law.

c. "Investment" shall have the same meaning as defined in paragraph (c) of subdivision one of section one hundred sixty-five-a of the state finance law.

d. "Iran" shall have the same meaning as defined in paragraph (d) of subdivision one of section one hundred sixty-five-a of the state finance law.

e. "Person" shall have the same meaning as defined in paragraph (e) of subdivision one of section one hundred sixty-five-a of the state finance law.

2. For purposes of this section, a person engages in investment activities in Iran if:

a. The person provides goods or services of twenty million dollars or more in the energy sector of Iran, including a person that provides oil or liquefied natural gas tankers, or products used to construct or maintain pipelines used to transport oil or liquefied natural gas, for the energy sector of Iran; or

b. The person is a financial institution that extends twenty million dollars or more in credit to another person, for forty-five days or more, if that person will use the credit to provide goods or services in the energy sector in Iran.

3. Notwithstanding any other provision of this chapter or any other law to the contrary, no state or local public authority or an interstate or international authority, or subsidiary thereof, shall enter into any contract for work or services performed or to be performed or goods sold or to be sold, with a person that is identified on a list created pursuant to paragraph (b) of subdivision three of section one hundred sixty-five-a of the state finance law as a person engaging in investment activities in Iran as described in subdivision two of this section.

4. Notwithstanding any other provision of this chapter or any other law to the contrary, every contract entered into with a state or local public authority or an interstate or international authority for work or services performed or to be performed or goods sold or to be sold, shall contain the following statement subscribed by and affirmed by the person entering into the contract as true under the penalties of perjury:

a. "By signing this contract, each person and each person signing on behalf of any other party certifies, and in the case of a joint bid or partnership each party thereto certifies as to its own organization, under penalty of perjury, that to the best of its knowledge and belief that each person is not on the list created pursuant to paragraph (b) of subdivision 3 of section 165-a of the state finance law."

b. Notwithstanding paragraph a of this subdivision, the statement of non-investment in the Iranian energy sector may be submitted electronically.

c. A contract shall not be considered nor shall any contract be entered into where the condition set forth in paragraph a of this subdivision has not been complied with; provided, however, that if in any case the person cannot make the foregoing certification, the person shall so state and shall furnish with the contract a signed statement which sets forth in detail the reasons therefor. A public authority may award or enter into a contract with a person who cannot make the certification pursuant to paragraph a of this subdivision on a case-by-case basis if:

(1) The investment activities in Iran were made before the effective date of this section, the investment activities in Iran have not been expanded or renewed after the effective date of this section, and the person has adopted, publicized, and is implementing a formal plan to cease the investment activities in Iran and to refrain from engaging in any new investments in Iran; or

(2) The public authority makes a determination that the goods or services are necessary for the public authority to perform its functions and that, absent such an exemption, the public authority would be unable to obtain the goods or services for which the contract is offered. Such determination shall be made in writing and shall be a public document.

§ 2880. Prompt payment. 1. Definitions. As used in this section, the following terms shall have the following meanings unless the context shall indicate another or different meaning or intent:

(a) "Corporation" means every public authority and public benefit corporation a majority of the governing board members of which are either appointed by the governor or serve as members by virtue of their service as an officer of a state department, division, agency, board or bureau, or combination thereof.

(b) "Contract" means an enforceable agreement entered into between a corporation and a contractor.

(c) "Contractor" means any person, partnership, private corporation or association:

(i) selling materials, equipment, or supplies or leasing property or equipment to a corporation;

(ii) constructing, reconstructing, rehabilitating or repairing buildings, highways or other improvements for or on behalf of a corporation; or

(iii) rendering or providing services to a corporation pursuant to a contract.

(d) "Designated payment office" means the office designated by the corporation to which a proper invoice is to be submitted by a contractor.

(e) "Prompt payment" means payment of a debt due and owing by a corporation before interest accrues thereon pursuant to a statement adopted in accordance with this section.

(f) "Proper invoice" means a written request for a contract payment that is submitted by a contractor setting forth the description, price and quantity of goods, property, or services delivered or rendered, in such form and supported by such other substantiating documentation as the corporation may reasonably require.

(g) "Receipt of an invoice" means (i) the date on which a proper invoice is actually received in the designated payment office, or (ii) the date on which the corporation receives the purchased goods, property, or services covered by the proper invoice, whichever is later.

(h) "Set-off" means the reduction by the corporation of a payment due to a contractor by an amount equal to the amount of an unpaid legally enforceable debt owed by the contractor to the corporation.

(i) "Statement" means the rules and regulations adopted by a corporation pursuant to subdivision two of this section and any amendments thereto.

2. Statement adoption. Within one hundred twenty days after either the effective date of this section or the beginning of the existence of the respective corporation, whichever is later, each corporation shall promulgate rules and regulations detailing its prompt payment policy.

3. Statement contents. (a) The statement shall include, but not be limited to, a reference to this section and the following for each type or category of contract as determined by the corporation:

(i) a description of the procedure to be followed by a contractor in requesting payment under a contract;

(ii) a schedule setting forth the time in which the corporation will make prompt payment under a contract;

(iii) a declaration that interest will be paid when prompt payment is not made and a statement of the rate at which such interest will accrue;

(iv) a list of the sources of funds available to the corporation to pay an interest penalty on each type or category of contract; and

(v) a list of facts and conditions which in the opinion of the corporation's governing body reasonably justify extension of the date by which contract payment must be made in order for the corporation not to become liable for interest payments in accordance with subdivision seven of this section.

(b) Such facts and conditions may include, but shall not be limited to, the following when:

(i) in accordance with specific statutory or contractual provisions, payment must be preceded by an inspection period or by an audit to determine the resources applied or used by a contractor in fulfilling the terms of the contract;

(ii) the necessary state government appropriation required to authorize payment has yet to be enacted;

(iii) a proper invoice must be examined by the federal government prior to payment; and

(iv) such date by which contract payment must be made is modified in accordance with subdivision eight of this section.

4. Statement amendment. Each corporation shall have the power to amend its statement by promulgating amended rules and regulations.

5. Statement filing. Each corporation shall, within thirty days after the statement's adoption, file a copy of such statement, and amendments thereto, with the state comptroller, the state director of the budget, the chairman of the senate finance committee, and the chairman of the assembly ways and means committee.

6. Contract incorporation. The statement in effect at the time of creation of a contract is hereby incorporated into and made a part of that contract.

7. Interest eligibility and computation. (a) In order for the corporation not to be liable for the payment of interest, contract payment must be made within thirty calendar days, excluding legal holidays, after the receipt of an invoice for the amount of the contract payment due; except when the contract payment is of the type where the facts and conditions are as defined pursuant to subparagraph (v) of paragraph (a) of subdivision three of this section. Any time taken to satisfy or rectify any of the facts or conditions described in subdivision three (except for subparagraph (iv) of paragraph (b) of subdivision three) of this section shall extend the date by which contract payment must be made in order for the corporation not to become liable for interest payments by an equal period of time.

(b) A corporation, which must process payments through the state department of audit and control, the department of taxation and finance, or some other entity not under the corporation's control, shall not be liable for interest due to the process time taken by such entity.

(c) Notwithstanding any other provision of law to the contrary, interest shall be computed at the rate equal to the overpayment rate set by the commissioner of taxation and finance pursuant to subsection (e) of section one thousand ninety-six of the tax law.

(d) A corporation shall not be liable for payment of interest when such interest as computed pursuant to the provisions of paragraph (c) of this subdivision is less than ten dollars.

8. Each corporation shall have fifteen calendar days after receipt of an invoice by the corporation at its designated payment office to notify the contractor of (a) defects in the delivered goods, property, or services, (b) defects in the invoice, or (c) suspected improprieties of any kind; and the existence of such defects or improprieties shall prevent the commencement of the time period specified in subdivision seven of this section. When a corporation fails to notify a contractor of such defects or suspected improprieties within fifteen calendar days

of receiving the invoice, the number of days allowed for payment of the corrected proper invoice will be reduced by the number of days between the fifteenth day and the day that notification was transmitted to the contractor. If the corporation, in such situations, fails to provide reasonable grounds for its contention that a defect or impropriety exists, the date by which contract payment must be made in order for the corporation not to become liable for interest payments shall be calculated from the date of receipt of an invoice.

9. Notwithstanding any provision of the public service law or any tariffs promulgated pursuant to that law to the contrary, the provisions of this section shall provide the sole basis for determining and making interest payments on invoices submitted by public utilities to corporations.

10. A proper invoice submitted by the contractor shall be required to initiate any payment, except where the contract provides that the contractor will be paid at predetermined intervals without having to submit an invoice for each such scheduled payment and, for the purposes of determining eligibility for payment of interest and subject to the exception and time-to-rectify provisions of subdivisions three and seven of this section, the date by which contract payment must be made in order for the corporation not to become liable for interest payments shall be the payment due date specified in accordance with the contract.

11. Annual report. (a) Each corporation shall annually prepare a report on the scope and implementation of its prompt payment policy which shall include, but not be limited to:

(i) A listing of the types or categories of contracts which the corporation entered into during the twelve month period covered by the report, together with a brief indication of whether each such type or category of contract was subject to the prompt payment requirements promulgated by the corporation and, if not, why not;

(ii) The number and amounts of interest payments made for contracts arranged according to each such type or category;

(iii) The number of interest chargeable days and the total number of days taken to process each late contract payment; and

(iv) A summary of the principal reasons that such late payments occurred.

(b) Within ninety days after the completion of its fiscal year, each corporation shall file copies of the report required by paragraph (a) of this subdivision with the state comptroller, the state director of the budget, the chairman of the senate finance committee, and the chairman of the assembly ways and means committee.

12. Public access. (a) Each corporation shall make available to the public, upon a reasonable request therefor, copies of its statement and annual report.

(b) Each contractor doing business with a corporation shall be given a copy of that corporation's statement.

13. Inapplicability of section. The provisions of this section shall not apply to payments due and owing by a corporation:

(a) under the eminent domain procedure law;

(b) as interest allowed on judgments rendered by a court pursuant to any provision of law other than those contained in this section;

(c) to the federal government; to any state agency or its instrumentalities; to any duly constituted unit of local government including, but not limited to, counties, cities, towns, villages, school districts, special districts, or any of their related instrumentalities; to any other public authority or public benefit corporation; or to its employees when acting in, or incidental to, their public employment capacity;

(d) in situations where the corporation exercises a legally authorized set-off against all or part of the payment due the contractor.

14. The provisions of this section shall not apply to the facilities development corporation or the state university construction fund.

15. Judicial review. Any determination made by a corporation pursuant to this section which prevents the commencement of the time in which interest will be paid shall be subject to judicial review in a proceeding pursuant to article seventy-eight of the civil practice law and rules. Such proceedings shall only be commenced in the absence, or

upon completion, of other review procedures specified in the contract or by regulation.

16. Court action or other legal processes. (a) Notwithstanding any other provisions of law to the contrary, the liability of a corporation, insofar as incurring an obligation to make an interest payment to a contractor pursuant to the terms of this section is concerned, shall not extend beyond the date of a notice of intention to file a claim, the date of a notice of a claim, or the date commencing a legal action for the payment of such interest, whichever occurs first.

(b) With respect to the court action or other legal processes referred to in paragraph (a) of this subdivision, any interest obligation incurred by a corporation after the date specified therein pursuant to any provision of law other than this section shall be determined as prescribed by such separate provision of law, shall be paid as directed by the court, and shall be paid from any source of funds available for that purpose.

§ 2880-a. Contracts for the financing of local water supply systems. Notwithstanding any other provisions of this title or the provisions of any general, special or local law, any public benefit corporation created pursuant to article five of this chapter which is authorized by law to produce, develop, distribute and sell water, water services, facilities and commodities shall have the power:

1. to enter into contracts, with any entity specified in subdivision two of this section, providing for the financing of the acquisition and construction of improvements to the water supply system or water distribution system of such entity, the terms of which may include, among other provisions, provisions requiring such entity to purchase water only from such public benefit corporation during the term of such contract, which term shall be limited to the lesser of (a) thirty years or (b) the probable useful life of the items for which any bonds are issued by such public benefit corporation to finance the acquisition and construction of improvements to such water supply system or water distribution system, and

2. to issue bonds, in accordance with the applicable provisions of this chapter, to finance the acquisition and construction of improvements to any water supply system or water distribution system owned by any water authority, municipality, county, town, village, water district or Indian tribe to which such public benefit corporation is authorized by law to furnish water.

Title 5

FUNDS AND ACCOUNTS

OF PUBLIC AUTHORITIES

§ 2890. Funds and accounts of public authorities. Notwithstanding any inconsistent provision of this chapter or any other general, special or local law, every authority or commission hereafter created by this chapter is hereby empowered to establish such funds and accounts as it may deem necessary subject to such agreements as such authority or commission shall conclude with the holders of its bonds or notes.

TITLE 5-A

DISPOSITION OF PROPERTY BY PUBLIC AUTHORITIES

§ 2895. Definitions. For the purposes of this title, unless a different meaning is required by the context:

1. "Contracting officer" shall mean the officer or employee of a public authority who shall be appointed by resolution of the board of the public authority to be responsible for the disposition of property.

2. "Dispose" or "disposal" shall mean transfer of title or any other beneficial interest in personal or real property in accordance with section twenty-eight hundred ninety-seven of this title.

3. "Property" shall mean personal property in excess of five thousand dollars in value, real property, and any inchoate or other interest in such property, to the extent that such interest may be conveyed to another person for any purpose, excluding an interest securing a loan or other financial obligation of another party.

§ 2896. Duties of public authorities with respect to the disposal of property. 1. Every authority, as defined in section two of this chapter, shall adopt by resolution comprehensive guidelines which shall (a) detail the public authority's operative policy and instructions regarding the use, awarding, monitoring and reporting of contracts for the disposal of property, and (b) designate a contracting officer who shall be responsible for the public authority's compliance with, and enforcement of, such guidelines. Such guidelines shall be consistent with, and shall require the public authority's contracting activities to comply with this section, the authorities enabling legislation and any other applicable law for the disposal of property, except that such guidelines may be stricter than the provisions of this section, the authorities enabling legislation and any other applicable law for the disposal of property if the public authority determines that additional safeguards are necessary to assure the integrity of its disposition activities. Guidelines approved by the public authority shall be annually reviewed and approved by the governing body of the public authority. On or before the thirty-first day of March in each year, the public authority shall file with the comptroller a copy of the guidelines most recently reviewed and approved by the public authority, including the name of the public authority's designated contracting officer. At the time of filing such guidelines with the comptroller, every public authority shall also post such guidelines on the public authority's internet website. Guidelines posted on the public authority's internet website shall be maintained on such website at least until the procurement guidelines for the following year are posted on such website.

2. Each public authority shall:

a. maintain adequate inventory controls and accountability systems for all property under its control;

b. periodically inventory such property to determine which property shall be disposed of;

c. produce a written report of such property in accordance with subdivision three of this section;

d. transfer or dispose of such property as promptly as possible in accordance with section twenty-eight hundred ninety-seven of this title.

3. a. Each public authority shall publish, not less frequently than annually, a report listing all real property of the public authority. Such report shall include a list and full description of all real and personal property disposed of during such period. The report shall contain the price received by the public authority and the name of the purchaser for all such property sold by the public authority during such period.

b. The public authority shall deliver copies of such report to the comptroller, the director of the budget, the commissioner of general services, the legislature and the authorities budget office.

§ 2897. Disposal of public authority property. 1. Supervision and direction. Except as otherwise provided in this section, the contracting officer designated by each public authority shall have supervision and direction over the disposition of property of such public authority.

2. Custody and control. The custody and control of the property of a public authority, pending its disposition, and the disposal of such

property, shall be performed by the public authority in possession thereof or by the commissioner of general services when so authorized under this section.

3. Method of disposition. Subject to section twenty-eight hundred ninety-six of this title, any public authority may dispose of property for not less than the fair market value of such property by sale, exchange, or transfer, for cash, credit, or other property, with or without warranty, and upon such other terms and conditions as the contracting officer deems proper, and it may execute such documents for the transfer of title or other interest in property and take such other action as it deems necessary or proper to dispose of such property under the provisions of this section. Provided, however, that no disposition of real property, or any interest in real property, shall be made unless an appraisal of the value of such property has been made by an independent appraiser and included in the record of the transaction, and, provided further, that no disposition of any other property, which because of its unique nature or the unique circumstances of the proposed transaction is not readily valued by reference to an active market for similar property, shall be made without a similar appraisal.

4. Sales by the commissioner of general services. When it shall be deemed advantageous to the state, any public authority may enter into an agreement with the commissioner of general services where under such commissioner may dispose of property of such public authority under terms and conditions agreed to by the public authority and the commissioner of general services. In disposing of any such property of a public authority, the commissioner of general services shall be bound by the terms of this title and references to the contracting officer shall be deemed to refer to such commissioner.

5. Validity of deed, bill of sale, lease, or other instrument. A deed, bill of sale, lease, or other instrument executed by or on behalf of any public authority, purporting to transfer title or any other interest in property of a public authority under this title shall be conclusive evidence of compliance with the provisions of this title insofar as concerns title or other interest of any bona fide grantee or transferee

who has given valuable consideration for such title or other interest and has not received actual or constructive notice of lack of such compliance prior to the closing.

6. Bids for disposal; advertising; procedure; disposal by negotiation; explanatory statement. a. All disposals or contracts for disposal of property of a public authority made or authorized by the contracting officer shall be made after publicly advertising for bids except as provided in paragraphs c and f of this subdivision.

b. Whenever public advertising for bids is required under paragraph a of this subdivision:

(i) the advertisement for bids shall be made at such time prior to the disposal or contract, through such methods, and on such terms and conditions as shall permit full and free competition consistent with the value and nature of the property;

(ii) all bids shall be publicly disclosed at the time and place stated in the advertisement; and

(iii) the award shall be made with reasonable promptness by notice to the responsible bidder whose bid, conforming to the invitation for bids, will be most advantageous to the state, price and other factors considered; provided, that all bids may be rejected when it is in the public interest to do so.

c. Disposals and contracts for disposal of property may be negotiated or made by public auction without regard to paragraphs a and b of this subdivision but subject to obtaining such competition as is feasible under the circumstances, if:

(i) the personal property involved has qualities separate from the utilitarian purpose of such property, such as artistic quality, antiquity, historical significance, rarity, or other quality of similar effect, that would tend to increase its value, or if the personal property is to be sold in such quantity that, if it were disposed of under paragraphs a and b of this subdivision, would adversely affect the state or local market for such property, and the estimated fair market value of such property and other satisfactory terms of disposal can be obtained by negotiation;

(ii) the fair market value of the property does not exceed fifteen thousand dollars;

(iii) bid prices after advertising therefor are not reasonable, either as to all or some part of the property, or have not been independently arrived at in open competition;

(iv) the disposal will be to the state or any political subdivision, and the estimated fair market value of the property and other satisfactory terms of disposal are obtained by negotiation; or

(v) under those circumstances permitted by subdivision seven of this section; or

(vi) such action is otherwise authorized by law.

d. (i) An explanatory statement shall be prepared of the circumstances of each disposal by negotiation of:

(A) any personal property which has an estimated fair market value in excess of fifteen thousand dollars;

(B) any real property that has an estimated fair market value in excess of one hundred thousand dollars, except that any real property disposed of by lease or exchange shall only be subject to clauses (C) and (D) of this subparagraph;

(C) any real property disposed of by lease, if the estimated annual rent over the term of the lease is in excess of fifteen thousand dollars;

(D) any real property or real and related personal property disposed of by exchange, regardless of value, or any property any part of the consideration for which is real property.

(ii) Each such statement shall be transmitted to the persons entitled to receive copies of the report required under section twenty-eight hundred ninety-six of this title not less than ninety days in advance of such disposal, and a copy thereof shall be preserved in the files of the public authority making such disposal.

e. Disposals and contracts for disposal of real property by the canal corporation may be made by negotiated sale rather than public auction provided that all of the following conditions have been satisfied:

(i) The canal corporation has determined that: such real property is no longer necessary or useful to the purposes of the canal corporation;

disposal of such real property complies with all applicable provisions of the canal law; and disposal of such real property is in the best interest of the canal corporation;

(ii) An appraisal of the fair market value of such property has been made by an independent appraiser and included in the record of the transaction;

(iii) The fair market value of such real property is greater than fifteen thousand dollars but not greater than seventy-five thousand dollars;

(iv) Such real property was improved prior to April first, nineteen hundred ninety-two under a municipal permit or a permit issued pursuant to section one hundred of the canal law, thereby creating an encroachment on canal corporation real property;

(v) The purchaser of such real property is, or will be, the owner of the improvement that either fully or partially encroaches on canal corporation real property; and

(vi) The consideration paid for such real property will be not less than the fair market value of the real property exclusive of the value, fair market or otherwise, of the encroaching improvements.

f. Notwithstanding anything to the contrary in this section, disposals for use of the thruway authority's fiber optic system, or any part thereof, may be made through agreements based on set fees that shall not require public auction, provided that:

i. the thruway authority has determined the disposal of such property complies with all applicable provisions of this chapter;

ii. the thruway authority has determined that disposal of such property is in the best interest of the thruway authority;

iii. the set fees established by the thruway authority for use of the fiber optic system, or part thereof, shall be based on an independent appraisal of the fair market value of the property; and

iv. any public authority, state agency, municipality, not-for-profit hospital organized under section forty-three hundred one of the insurance law, public library, or institution of higher education located in New York state shall be required only to pay the actual cost of providing for use of the fiber optic system, but not exceeding the fair market value determined pursuant to subparagraph (iii) of this paragraph. For purposes of this paragraph, "public authority" shall refer to entities defined in section two of the public authorities law. For purposes of this paragraph, "institution of higher education" shall refer to entities as defined in subdivisions two and three of section six hundred one of the education law.

Disposals of the fiber optic system, or any part thereof, through agreements based on set fees shall not require the explanatory statements required by this section. Any disposal of property, contract for disposal of property or agreement made pursuant to this paragraph shall not be deemed valid and enforceable unless it shall first have been approved by both the comptroller and the attorney general.

7. Disposal of property for less than fair market value. a. No asset owned, leased or otherwise in the control of a public authority may be sold, leased, or otherwise alienated for less than its fair market value except if:

(i) the transferee is a government or other public entity, and the terms and conditions of the transfer require that the ownership and use of the asset will remain with the government or any other public entity;

(ii) the purpose of the transfer is within the purpose, mission or governing statute of the public authority; or

(iii) in the event a public authority seeks to transfer an asset for less than its fair market value to other than a governmental entity, which disposal would not be consistent with the authority's mission, purpose or governing statutes, such authority shall provide written notification thereof to the governor, the speaker of the assembly, and the temporary president of the senate, and such proposed transfer shall be subject to denial by the governor, the senate, or the assembly. Denial by the governor shall take the form of a signed certification by the governor. Denial by either house of the legislature shall take the form of a resolution by such house. The governor and each house of the legislature shall take any such action within sixty days of receiving notification of such proposed transfer during the months of January through June, provided that if the legislature receives notification of a proposed transfer during the months of July through December, the legislature may take any such action within sixty days of January first of the following year. If no such resolution or certification is performed within sixty days of such notification of the proposed transfer to the governor, senate, and assembly, the public authority may effectuate such transfer. Provided, however, that with respect to a below market transfer by a local authority that is not within the purpose, mission or governing statute of the local authority, if the governing statute provides for the approval of such transfer by the executive and legislative branches of the political subdivision in which such local authority resides, and the transfer is of property obtained by the authority from that political subdivision, then such approval shall be sufficient to permit the transfer.

b. In the event a below fair market value asset transfer is proposed, the following information must be provided to the authority board and the public:

(i) a full description of the asset;

(ii) an appraisal of the fair market value of the asset and any other information establishing the fair market value sought by the board;

(iii) a description of the purpose of the transfer, and a reasonable statement of the kind and amount of the benefit to the public resulting from the transfer, including but not limited to the kind, number, location, wages or salaries of jobs created or preserved as required by the transfer, the benefits, if any, to the communities in which the asset is situated as are required by the transfer;

(iv) a statement of the value to be received compared to the fair market value;

(v) the names of any private parties participating in the transfer, and if different than the statement required by subparagraph (iv) of this paragraph, a statement of the value to the private party; and

(vi) the names of other private parties who have made an offer for such asset, the value offered, and the purpose for which the asset was sought to be used.

c. Before approving the disposal of any property for less than fair market value, the board of an authority shall consider the information described in paragraph b of this subdivision and make a written determination that there is no reasonable alternative to the proposed below-market transfer that would achieve the same purpose of such transfer.

TITLE 6
EMINENT DOMAIN TAKING; PROPERTY OF PUBLIC BENEFIT CORPORATION

§ 2900. Compensation; eminent domain taking. When property of a public benefit corporation is taken in the exercise of the power of eminent domain for a purpose substantially different from that for which it is held by such public benefit corporation, just compensation to the public benefit corporation shall be made in the same manner, to the same extent and subject to the same limitations as though it were private property.

TITLE 7
INVESTMENTS OF PUBLIC AUTHORITIES

§ 2925. Investments of funds by public authorities and public benefit corporations; general provisions. 1. Every public authority and every public benefit corporation whether or not such corporation is otherwise governed by this chapter, (such entities to be hereinafter in this title referred to as "corporation") shall by resolution adopt comprehensive investment guidelines which detail the corporation's operative policy and instructions to officers and staff regarding the investing, monitoring and reporting of funds of the corporation. The investment guidelines approved by the corporation shall be annually reviewed and approved by the corporation.

2. Funds of the corporation, for purposes of this title, shall consist of all moneys and other financial resources available for investment by the corporation on its own behalf or on behalf of any other entity or individual.

3. The investment guidelines approved by the corporation shall include, but not be limited to the following:

(a) A detailed list of the permitted investments of the corporation, which shall be consistent with the appropriate provisions of law relating to the corporation and any additional requirements pursuant to any contract with bondholders and noteholders.

(b) Procedures and provisions to fully secure the corporation's financial interest in investments; provided that the guidelines may include a description of the circumstances under which the corporation's financial interest in investments may be less than fully secured.

(c) A requirement that the corporation shall enter into written contracts pursuant to which investments are made, unless the corporation shall by resolution determine that a written contract is not practical or that there is not a regular business practice of written contracts with respect to a specific investment or transaction, in which case the corporation shall adopt procedures covering such investment or transaction. Such contracts and procedures shall include provisions:

(i) deemed necessary and sufficient to secure in a satisfactory manner the corporation's financial interest in each investment;

(ii) covering the use, type and amount of collateral or insurance for each investment;

(iii) establishing a method for valuation of collateral, and procedures for monitoring the valuation of such collateral on a regular basis;

(iv) for the monitoring, control, deposit and retention of investments and collateral which shall include, in the case of a repurchase agreement, a requirement that the obligations purchased be physically delivered for retention to the corporation or its agent (which shall not be an agent of the party with whom the corporation enters into such repurchase agreement), unless such obligations are issued in book-entry form, in which case the corporation shall take such other action as may be necessary to obtain title to or a perfected security interest in such obligations.

(d) Standards for the diversification of investments, including diversification with respect to types of investments and firms with which the corporation transacts business.

(e) Standards for the qualification of investment bankers, brokers, agents, dealers and other investment advisers and agents which transact business with the corporation, such as criteria covering quality, reliability, experience, capitalization, size and any other factors that, in the judgment of the corporation, make a firm qualified to transact business with the corporation.

(f) Provisions for reporting on the investments of the corporation, including provisions for an annual independent audit of all investments, the results of which shall be available to the board at the time the annual review and approval of investment guidelines is conducted by the corporation.

4. Each corporation shall have the power from time to time to amend such investment guidelines in accordance with the provisions of this title.

5. Each corporation shall direct the preparation and filing with the board of quarterly reports, or reports covering such other period as may be approved by the corporation, from a designated officer or employee regarding any new investments, the inventory of existing investments, and the selection of investment bankers, brokers, agents, dealers or auditors.

6. Each corporation shall annually prepare and approve an investment report which shall include the investment guidelines, as specified in

subdivision three of this section, amendments to such guidelines since the last investment report, an explanation of the investment guidelines and amendments, the results of the annual independent audit, the investment income record of the corporation and a list of the total fees, commissions or other charges paid to each investment banker, broker, agent, dealer and adviser rendering investment associated services to the corporation since the last investment report. Such investment report may be a part of any other annual report that the corporation is required to make.

7. (a) Each corporation, a majority of the members of which consist of persons appointed by the governor or who serve as members by virtue of holding a civil office of the state, or a combination thereof, shall annually submit its investment report to the division of the budget and copies thereof to the department of audit and control, the senate finance committee and the assembly ways and means committee.

(b) Each corporation, other than a corporation included under paragraph (a) of this subdivision, shall annually submit its investment report to the chief executive officer and chief fiscal officer of each municipality for the benefit of which it was created and to the department of audit and control.

(c) Each corporation shall make available to the public copies of its investment report upon reasonable request therefor.

8. Nothing contained in this section shall be deemed to alter, affect the validity of, modify the terms of or impair any contract, agreement or investment of funds made or entered into in violation of, or without compliance with, the provisions of this title.

§ 2926. Interest rate exchange or similar agreements for court facilities and combined occupancy structures and health facilities. 1. In connection with the issuance of bonds, notes, or other obligations, or in connection with such bonds, notes, or other obligations already outstanding, for court facilities and combined occupancy structures pursuant to section sixteen hundred eighty-b of this chapter, and health facilities pursuant to paragraph (b) of subdivision one of section eight of section one of chapter three hundred ninety-two of the laws of nineteen hundred seventy-three, the dormitory authority shall have the power to:

(a) enter into interest rate exchange or similar agreements with any person under such terms and conditions as the dormitory authority may determine, including provisions as to default or early termination and indemnification by the dormitory authority or any other party thereto for loss of benefits as a result thereof; and

(b) procure insurance, letters of credit or other credit enhancement with respect to agreements described in paragraph (a) of this subdivision; and

(c) provide security for the payment or performance of its obligations with respect to agreements described in paragraph (a) of this subdivision from such sources and with the same effect as authorized by applicable law with respect to security for its bonds, notes or other obligations; and

(d) modify, amend, replace, or enter into new agreements, for the purpose of reducing or eliminating a situation of risk or exposure under an existing agreement, including, but not limited to a counterparty downgrade, default, or other potential economic loss.

2. Any interest rate exchange or similar agreement entered into pursuant to subdivision one of this section shall be subject to the following limitations:

(a) any such agreement shall be in the form of a written contract with a counterparty to provide for an exchange of payments based upon interest rates, and shall be for exchanges in currency of the United States of America only; and

(b) the counterparty thereto shall have credit ratings from at least two nationally recognized statistical rating agencies that are within the three highest investment grade categories, or the payment obligations of the counterparty shall be unconditionally guaranteed by an entity with such credit ratings; and

(c) the written contract shall require that, should the rating of the counterparty, if its payment obligations are not unconditionally guaranteed by another entity, or should the rating of the entity unconditionally guaranteeing the payment obligations of the counterparty, if so secured, fall below the rating required by paragraph (b) of this subdivision, that the obligations of such counterparty shall be fully and continuously collateralized by direct obligations of, or obligations the principal and interest on which are guaranteed by, the United States of America, with a net market value of at least one hundred two percent of the net market value of the contract to the dormitory authority, and such collateral shall be deposited with the dormitory authority or an agent thereof; and

(d) the total notional amount of such interest rate exchange or similar agreements entered into by the dormitory authority shall not exceed an amount equal to twenty per centum of the total amount of bonds, notes or other obligations outstanding or to be issued on behalf of a participating municipality pursuant to section sixteen hundred eighty-b of this chapter; provided, however, that such total notional amount shall not include the notional amount of interest rate exchange or similar agreements entered into for the purpose of reducing or eliminating a situation of risk or exposure under an existing agreement, including, but not limited to a counterparty downgrade, default, or other potential economic loss; and

(e) the total notional amount of such interest rate exchange or similar agreements entered into by the dormitory authority shall not exceed an amount equal to twenty per centum of the total amount of bonds, notes or other obligations outstanding or to be issued on behalf of a participating municipality pursuant to paragraph (b) of subdivision one of section eight of section one of chapter three hundred ninety-two of the laws of nineteen hundred seventy-three; provided, however, that such total notional amount shall not include the notional amount of interest rate exchange or similar agreements entered into for the purpose of reducing or eliminating a situation of risk or exposure under an existing agreement, including, but not limited to a counterparty downgrade, default, or other potential economic loss.

3. (a) Prior to authorizing the approval of any contract for interest rate exchange or similar agreement pursuant to subdivision one of this section, the board of the dormitory authority shall adopt written guidelines addressing the following:

(i) the conditions under which such contracts can be entered into;

(ii) the methods by which such contracts are to be solicited and procured;

(iii) the form and content such contracts shall take;

(iv) the aspects of risk exposure associated with such contracts;

(v) standards and procedures for counterparty selection;

(vi) the procurement of credit enhancement, liquidity facilities, or the setting aside of reserves in connection with such contracts;

(vii) collateralization or other requirements for securing the financial interest in such contracts;

(viii) the methods to be used to reflect such contracts in the dormitory authority's financial statements;

(ix) financial monitoring and periodic assessment of such contracts by the dormitory authority; and

(x) such other matters relating thereto as the board of the dormitory authority shall deem necessary and proper.

(b) The dormitory authority shall issue a report to the director of the budget, the chairpersons of the senate finance committee and the assembly ways and means committee, and the state comptroller, on or before March first in any state fiscal year in which it enters into or continues to be a party to a contract for interest rate exchange or similar agreement. Such report shall list all such contracts entered into pursuant to this section, and shall include, but not be limited to, the following information for each such contract, as applicable:

(i) a description of the contract, including a summary of the terms and conditions thereof and the method of procurement;

(ii) any amounts which were required to be paid and received, and any amounts which actually were paid and received thereunder;

(iii) any credit enhancement, liquidity facility or reserves associated therewith including an accounting of all costs and expenses incurred, whether or not in conjunction with the procurement of credit enhancement or liquidity facilities;

(iv) a description of each counterparty;

(v) an assessment of the counterparty risk, termination risk, and other risks associated therewith.

4. The dormitory authority shall not enter into any interest rate exchange or similar agreement pursuant to this section unless the lease,

sublease, or other agreement between the participating municipality and the dormitory authority:

(a) expressly authorizes the dormitory authority to enter into such agreements with respect to bonds, notes or other obligations outstanding or to be issued in connection with court facilities and combined occupancy structures or health facilities for that participating municipality; and

(b) further obligates the participating municipality to pay to the dormitory authority any and all amounts payable by the authority under, or as a result of, such interest rate exchange or similar agreement.

§ 2927. Investment of funds by public authorities and public benefit corporations in deposits insured by the federal deposit insurance corporation.

Notwithstanding any inconsistent provision of this chapter or any other general, special or local law, every corporation whether or not such corporation is otherwise governed by this chapter, may temporarily invest moneys not required for immediate expenditure in accordance with the following conditions:

1. the moneys are invested through a bank or trust company located and authorized to do business in this state selected by the corporation;

2. the selected bank or trust company arranges for the redeposit of the moneys in certificates of deposit and other deposit accounts in one or more banking institutions, as defined in section nine-r of the banking law, for the account of the corporation;

3. the full amount of principal and accrued interest of each such deposit is insured by the federal deposit insurance corporation;

4. the selected bank or trust company in this state acts as custodian for the corporation with respect to the funds redeposited pursuant to this section; and

5. at the same time that the corporation's moneys are redeposited pursuant to this section, the selected bank or trust company in this state receives an amount of deposits from customers of other financial institutions equal to or greater than the amount of the moneys invested by the corporation through the selected bank or trust company in this state.

TITLE 8

INTERNAL CONTROL RESPONSIBILITIES OF PUBLIC AUTHORITIES

§ 2930. Definitions. For the purposes of this title, the following terms shall have the following meanings:

1. "Internal control". A process that integrates the activities, plans, attitudes, policies, systems, resources and efforts of the people of an organization working together, and that is designed to provide reasonable assurance that the organization will achieve its objectives and mission. The objectives of an internal control system include, but are not limited to: the safeguarding of assets; checking the accuracy and reliability of accounting data and financial reporting; promoting the effectiveness and efficiency of operations; ensuring compliance with applicable laws and regulations; and encouraging adherence to prescribed managerial policies. Internal control review processes are used periodically to evaluate the ongoing internal control system and to assess and monitor the implementation of necessary corrective actions.

2. "Internal audit". An appraisal activity established by the management of an organization for the review of operations as a means of assuring conformity with management policies and the effectiveness of internal control, and conducted in conformance with generally accepted standards for internal auditing.

3. "Covered authority". Any public authority or public benefit corporation, other than a bi-state authority or public benefit corporation, a majority of whose members are appointed by the governor or serve as members by virtue of holding state offices to which they were appointed by the governor, or any combination thereof.

§ 2931. Internal control responsibilities. The governing board of each covered authority shall: 1. establish and maintain for the authority guidelines for a system of internal control that are in accordance with this article and internal control standards;

2. establish and maintain for the authority a system of internal control and a program of internal control review. The program of internal review shall be designed to identify internal control weaknesses, identify actions that are needed to correct these weaknesses, monitor the implementation of necessary corrective actions and periodically assess the adequacy of the authority's ongoing internal controls;

3. make available to each member, officer and employee a clear and concise statement of the generally applicable managerial policies and standards with which he or she is expected to comply. Such statement shall emphasize the importance of effective internal control to the authority and the responsibility of each member, officer and employee for effective internal control;

4. designate an internal control officer, who shall report to the head of the authority, to implement and review the internal control responsibilities established pursuant to this section; and

5. implement education and training efforts to ensure that members, officers and employees have achieved adequate awareness and understanding of internal control standards and, as appropriate, evaluation techniques.

§ 2932. Internal audit responsibilities. 1. The governing board of each covered authority or its designee shall determine, and periodically review the determination of, whether an internal audit function within the covered authority is required. Establishment of such function shall be based upon an evaluation of exposure to risk, costs and benefits of implementation, and any other factors that are determined to be relevant. In the event it is determined that an internal audit function is required, the governing board of each covered authority shall establish an internal audit function which operates in accordance with generally accepted professional standards for internal auditing. Any such internal audit function shall be directed by an internal audit director who shall report directly to the governing board of the authority. Internal audit director appointments shall be based on appropriate internal auditing credentials of the proposed appointee, consistent with generally accepted standards for internal auditing, including internal auditing education and experience. The internal audit function shall evaluate the authority's internal controls and operations, identify internal control weaknesses that have not been corrected and make recommendations to correct these weaknesses.

2. In the event the governing board does not establish an internal audit function pursuant to subdivision one of this section it shall nevertheless establish and maintain the program of internal control review required by section twenty-nine hundred thirty-one of this title.

TITLE 9

INTEREST RATES ON PUBLIC AUTHORITY BONDS AND NOTES

§ 2960. Interest rates. Notwithstanding any other provisions of this chapter or the provisions of any other general, special or local law, any public authority may agree or contract to pay interest on its certificates, notes or bonds, including those now outstanding, at such rate or rates, without limit, as may be necessary for an authority to sell such notes or bonds.

TITLE 10

STATE GOVERNMENTAL COST RECOVERY SYSTEM

§ 2975. Recovery of state governmental costs from public authorities and public benefit corporations. 1. Notwithstanding any other provision of law to the contrary, every public authority and every public benefit corporation created by or pursuant to New York state law at least three of whose members are appointed by the governor, whether such authority or corporation is otherwise governed by this chapter (such entities, as so constituted, to be hereafter in this title referred to as "public benefit corporations"), shall reimburse to New York state an allocable share of state governmental costs attributable to the provision of services to public benefit corporations, as determined herein. The payment of such costs by public benefit corporations is a valid and proper purpose for which available authority funds may be applied.

2. (a) Annually the director of the division of the budget of the state of New York (such person to be hereafter in this title referred to as the "director of the budget"), in consultation with the state comptroller, shall determine the total amount of expenses incurred or to be incurred during the state's fiscal year in connection with the provision of central governmental services to public benefit corporations. Such expenses, in addition to the direct costs of personal service, shall include indirect costs of employee benefits, maintenance and operation, state equipment and facilities, rental for space occupied in state leased facilities or the fair market rental value of space occupied in state owned facilities, and contractual services, all as attributable to the provision of otherwise unreimbursed services to public benefit corporations by the New York state department of audit and control, department of law, executive chamber, division of the

budget, the legislature, and such agencies, boards or commissions as the director of the budget determines provide such services to public benefit corporations.

(b) On or before November first, two thousand three and on or before November first of each year thereafter, the director of the budget shall determine the amount owed under this section by each public benefit corporation. The director of the budget may reduce, in whole or part, the amount of such assessment if the payment thereof would necessitate a state appropriation for the purpose, or would otherwise impose an extraordinary hardship upon the affected public benefit corporation. The aggregate amount assessed under this section in any given state fiscal year may not exceed sixty-five million dollars.

3. The state treasurer shall impose and collect such assessments, which shall be paid no later than March thirty-first following the imposition of the assessments, and pay the same into the state treasury to the credit of the general fund.

3-a. A direct portion of these funds shall be allocated to fund the authorities budget office established by section four of this chapter.

4. The provisions of subdivisions two and three of this section shall not apply to any public benefit corporation which enters into a contract or agreement with the director of the budget which otherwise provides for cost recovery to the state and includes a provision that, in accordance with this subdivision, subdivisions two and three of this section shall not apply to such public benefit corporation. The circumstances for the entry into such contract or agreement may include, but shall not be limited to, the following:

(a) where such contract or agreement is for an amount which equals or exceeds the amount of the assessment provided by subdivision two of this section; or

(b) where the payment of all or a portion of the assessment provided by subdivision two of this section would necessitate, in the judgment of the director of the budget, an appropriation therefor by the state.

5. On or before June first, nineteen hundred ninety, and annually on

or before June first, the director of the budget shall report to the respective chairpersons of the assembly ways and means committee and senate finance committee the amount of cost recovery obtained pursuant to this title and all contracts and agreements entered into pursuant to subdivision four of this section for the state fiscal year ending on the preceding March thirty-first.

§ 2976. Cost recovery on the issuance of certain bonds. 1. Notwithstanding any other law to the contrary, public benefit corporations (which for purposes of this section shall include industrial development agencies created pursuant to title one of article eighteen-A of the general municipal law or any other provision of law and the New York city housing development corporation created pursuant to article twelve of the private housing finance law) which issue bonds, notes or other obligations shall pay to the state a bond issuance charge upon the issuance of such bonds in an amount determined pursuant to subdivision two of this section. Such charge shall be paid to the state department of taxation and finance, upon forms prescribed therefor, no later than fifteen days from the end of the month within which such bonds are issued.

2. The bond issuance charge shall be computed by multiplying the principal amount of bonds issued by the percentage set forth in the schedule below, provided that: (a) the charge applicable to the principal amount of single family mortgage revenue bonds shall be seven one-hundredths of one percent; (b) the issuance of bonds shall not include the remarketing of bonds; and (c) the issuance of bonds shall not include the refunding of bonds, notes or other obligations.

SCHEDULE

Principal Amount of Bonds Issued	Percentage Charge
a. $20,000,000 or less	0%
b. More than $20,000,000	.35%

3. The provisions of subdivisions one and two of this section shall not apply to any public benefit corporation which enters into a contract or agreement with the director of the budget which otherwise provides

for cost recovery to the state under this section and includes a provision that, in accordance with this subdivision, subdivisions one and two of this section shall not apply to such public benefit corporation. The circumstances for the entry into such contract or agreement may include, but shall not be limited to, those where the amount to be paid thereunder equals or exceeds the amount of the bond issuance charge which would otherwise be applicable pursuant to subdivisions one and two of this section.

4. The provisions of subdivisions one and two of this section shall not apply to recovery act bonds issued by the state of New York municipal bond bank agency in connection with local American Recovery and Reinvestment Act pursuant to section two thousand four hundred thirty-six-b of this chapter.

§ 2977. Applicability of title. 1. The provisions of this title shall not be construed to, nor shall they be implemented in such a manner as to:

(a) require the application of monies pledged to the security of bonds, notes or other obligations in violation of applicable bond covenants; or

(b) otherwise impair the rights of bondholders of the public benefit corporations affected by this title.

2. To the extent precluded by interstate or international compact which creates any public benefit corporation, the provisions of this title shall not apply to any such public benefit corporation until the passage of legislation, by the other party to such compact, which validates or has the same effect as this title.

TITLE 11

WRONGFUL DEATH ACTIONS

§ 2980. Wrongful death; notice of claim. No wrongful death action against a public authority or public benefit corporation shall be commenced unless a notice of claim has been served on the authority or corporation in accordance with the provisions of section fifty-e of the general municipal law.

§ 2981. Wrongful death; limitation period. A wrongful death action against a public authority or public benefit corporation shall be commenced within two years of the happening of the death.

§ 2982. Scope of title. Except where such an action is statutorily required to be brought only in the court of claims, this title shall be applicable to all wrongful death actions brought against a public authority or public benefit corporation, notwithstanding any inconsistent provisions of law, general, special or local, or any limitation contained in the provisions of any city charter.

§ 2985. Owner liability for failure of operator to comply with toll collection regulations. 1. Notwithstanding any other provision of law, every public authority which operates a toll highway bridge and/or tunnel facility is hereby authorized and empowered to impose monetary liability on the owner of a vehicle for failure of an operator thereof to comply with the toll collection regulations of such public authority in accordance with the provisions of this section.

2. The owner of a vehicle shall be liable for a civil penalty imposed pursuant to this section if such vehicle was used or operated with the permission of the owner, express or implied, in violation of toll collection regulations, and such violation is evidenced by information

obtained from a photo-monitoring system, provided, however, that no owner of a vehicle shall be liable for a penalty imposed pursuant to this section where the operator of such vehicle has been convicted of a violation of toll collection regulations for the same incident.

3. For purposes of this section, the term "owner" shall mean any person, corporation, partnership, firm, agency, association, lessor or organization who, at the time of the violation and with respect to the vehicle identified in the notice of liability: (a) is the beneficial or equitable owner of such vehicle; or (b) has title to such vehicle; or (c) is the registrant or co-registrant of such vehicle which is registered with the department of motor vehicles of this state or any other state, territory, district, province, nation or other jurisdiction; or (d) subject to the limitations set forth in subdivision ten of this section, uses such vehicle in its vehicle renting and/or leasing business; and includes (e) a person entitled to the use and possession of a vehicle subject to a security interest in another person. For purposes of this section, the term "photo-monitoring system" shall mean a vehicle sensor installed to work in conjunction with a toll collection facility which automatically produces one or more photographs, one or more microphotographs, a videotape or other recorded images of each vehicle at the time it is used or operated in violation of toll collection regulations. For purposes of this section, the term "toll collection regulations" shall mean: those rules and regulations of a public authority providing for and requiring the payment of tolls and/or charges prescribed by such public authority for the use of bridges, tunnels or highways under its jurisdiction or those rules and regulations of a public authority making it unlawful to refuse to pay or to evade or to attempt to evade the payment of all or part of any toll and/or charge for the use of bridges, tunnels or highways under the jurisdiction of such public authority. For purposes of this section, the term "vehicle" shall mean every device in, upon or by which a person or property is or may be transported or drawn upon a highway, except devices used exclusively upon stationary rails or tracks.

4. A certificate, sworn to or affirmed by an agent of the public authority which charged that the violation occurred, or a facsimile

thereof, based upon inspection of photographs, microphotographs, videotape or other recorded images produced by a photo-monitoring system shall be prima facie evidence of the facts contained therein and shall be admissible in any proceeding charging a violation of toll collection regulations, provided that any photographs, microphotographs, videotape or other recorded images evidencing such a violation shall be available for inspection and admission into evidence in any proceeding to adjudicate the liability for such violation.

5. An owner found liable for a violation of toll collection regulations pursuant to this section shall for a first violation thereof be liable for a monetary penalty not to exceed fifty dollars or two times the toll evaded whichever is greater; for a second violation thereof both within eighteen months be liable for a monetary penalty not to exceed one hundred dollars or five times the toll evaded whichever is greater; for a third or subsequent violation thereof all within eighteen months be liable for a monetary penalty not to exceed one hundred fifty dollars or ten times the toll evaded whichever is greater.

6. An imposition of liability pursuant to this section shall be based upon a preponderance of evidence as submitted. An imposition of liability pursuant to this section shall not be deemed a conviction as an operator and shall not be made part of the motor vehicle operating record, furnished pursuant to section three hundred fifty-four of the vehicle and traffic law, of the person upon whom such liability is imposed nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage.

7. (a) A notice of liability shall be sent by first class mail to each person alleged to be liable as an owner for a violation of toll collection regulations. Such notice shall be mailed no later than thirty days after the alleged violation. Personal delivery on the owner shall not be required. A manual or automatic record of mailing prepared in the ordinary course of business shall be prima facie evidence of the mailing of the notice.

(b) A notice of liability shall contain the name and address of the person alleged to be liable as an owner for a violation of toll collection regulations pursuant to this section, the registration number of the vehicle involved in such violation, the location where such violation took place, the date and time of such violation and the identification number of the photo-monitoring system which recorded the violation or other document locator number.

(c) The notice of liability shall contain information advising the person charged of the manner and the time in which he may contest the liability alleged in the notice. Such notice of liability shall also contain a warning to advise the persons charged that failure to contest in the manner and time provided shall be deemed an admission of liability and that a default judgment may be entered thereon.

(d) The notice of liability shall be prepared and mailed by the public authority having jurisdiction over the toll facility where the violation of toll collection regulations occurred.

8. (a) Adjudication of the liability imposed upon owners by this section shall be by the entity having jurisdiction over violations of the rules and regulations of the public authority serving the notice of liability or where authorized by an administrative tribunal and all violations shall be heard and determined in the county in which the violation is alleged to have occurred, or in New York city and upon the consent of both parties, in any county within New York city in which the public authority operates or maintains a facility, and in the same manner as charges of other regulatory violations of such public authority or pursuant to the rules and regulations of such administrative tribunal as the case may be.

(b) Upon exhaustion of remedies pursuant to this section or section twenty-nine hundred eighty-five-a of this title, as applicable, the New York state bridge authority, thruway authority, triborough bridge and tunnel authority, metropolitan transportation authority, and port authority of New York and New Jersey, a bi-state agency created by compact set forth in chapter one hundred fifty-four of the laws of nineteen hundred twenty-one, shall have the power to enter judgments for unpaid liabilities, provided that such unpaid liabilities include the failure to pay tolls, fees, or other charges or the failure to have such tolls, fees or other charges dismissed or transferred in response to three or more notices of violation issued within a five year period charging the registrant of a motor vehicle with a violation of toll collection regulations, and to enforce such judgments, without court proceedings, in the same manner as the enforcement of money judgments in civil actions in any court of competent jurisdiction or any other place provided for the entry of civil judgment within the state of New York, after a period of notice pursuant to paragraph (c) of this subdivision. The applicable tolling authority shall not enforce such judgments until thirty days have elapsed from issuing a notice pursuant to paragraph (c) of this subdivision.

(c) Prior to entering judgments for unpaid liabilities pursuant to paragraph (b) of this subdivision, the applicable tolling authority shall notify the person subject to such judgment, by first class mail, that such person is at risk of entry of a judgment against them if they fail to pay such unpaid liabilities. The form and content of such notice shall be prescribed by the applicable tolling authority, and shall contain a warning to advise the person that failure to pay the applicable unpaid liabilities within a period of not less than thirty days of such notice will result in the enforcement of a judgment against them, and shall further contain information about the process to dispute such liabilities, consistent with this section or section twenty-nine hundred eighty-five-a of this title, as applicable.

9. If an owner receives a notice of liability pursuant to this section for any time period during which the vehicle was reported to the police department as having been stolen, it shall be a valid defense to an allegation of liability for a violation of toll collection regulations that the vehicle had been reported to the police as stolen prior to the time the violation occurred and had not been recovered by such time. If an owner receives a notice of liability pursuant to this section for any time period during which the vehicle was stolen, but not as yet reported to the police as having been stolen, it shall be a valid defense to an allegation of liability for a violation of toll collection regulations pursuant to this section that the vehicle was reported as stolen within two hours after the discovery of the theft by the owner. For purposes of asserting the defense provided by this subdivision it shall be sufficient that a certified copy of the police report on the stolen vehicle be sent by first class mail to the court or other entity having

jurisdiction.

10. An owner who is a lessor of a vehicle to which a notice of liability was issued pursuant to subdivision seven of this section shall not be liable for the violation of the toll collection regulation provided that he or she sends to the public authority serving the notice of liability and to the court or other entity having jurisdiction a copy of the rental, lease or other such contract document covering such vehicle on the date of the violation, with the name and address of the lessee clearly legible, within thirty days after receiving the original notice of liability. Failure to send such information within such thirty day time period shall render the lessor liable for the penalty prescribed by this section. Where the lessor complies with the provisions of this subdivision, the lessee of such vehicle on the date of such violation shall be deemed to be the owner of such vehicle for purposes of this section and shall be subject to liability for the violation of toll collection regulations, provided that the public authority mails a notice of liability to the lessee within ten days after the court, or other entity having jurisdiction, deems the lessee to be the owner. For purposes of this subdivision the term "lessor" shall mean any person, corporation, firm, partnership, agency, association or organization engaged in the business of renting or leasing vehicles to any lessee under a rental agreement, lease or otherwise wherein the said lessee has the exclusive use of said vehicle for any period of time. For purposes of this subdivision, the term "lessee" shall mean any person, corporation, firm, partnership, agency, association or organization that rents, leases or contracts for the use of one or more vehicles and has exclusive use thereof for any period of time.

11. Except as provided in subdivision ten of this section, if a person receives a notice of liability pursuant to this section it shall be a valid defense to an allegation of liability for a violation of toll collection regulations that the individual who received the notice of liability pursuant to this section was not the owner of the vehicle at the time the violation occurred. If the owner liable for a violation of toll collection regulations pursuant to this section was not the

operator of the vehicle at the time of the violation, the owner may maintain an action for indemnification against the operator.

12. "Electronic toll collection system" shall mean a system of collecting tolls or charges which is capable of charging an account holder the appropriate toll or charge by transmission of information from an electronic device on a motor vehicle to the toll lane, which information is used to charge the account the appropriate toll or charge. In adopting procedures for the preparation and mailing of a notice of liability, the public authority having jurisdiction over the toll facility shall adopt guidelines to ensure adequate and timely notice to all electronic toll collection system account holders to inform them when their accounts are delinquent. An owner who is an account holder under the electronic toll collection system shall not be found liable for a violation of this section unless such authority has first sent a notice of delinquency to such account holder and the account holder was in fact delinquent at the time of the violation.

13. Nothing in this section shall be construed to limit the liability of an operator of a vehicle for any violation of toll collection regulations.

14. Notwithstanding any other provision of law, all photographs, microphotographs, videotape or other recorded images prepared pursuant to this section shall be for the exclusive use of a public authority in the discharge of its duties under this section and shall not be open to the public nor be used in any court in any action or proceeding pending therein unless such action or proceeding relates to the imposition of or indemnification for liability pursuant to this section. The public authority shall not sell, distribute or make available in any way, the names and addresses of electronic toll collection system account holders, without such account holders' consent to any entity that will use such information for any commercial purpose provided that the foregoing restriction shall not be deemed to preclude the exchange of such information between any entities with jurisdiction over and or operating a toll highway bridge and/or tunnel facility.

*** § 2985-a. Payment of tolls under the tolls by mail program.** 1. This section shall not apply to the payment of tolls by means of an electronic toll device that transmits information through an electronic toll collection system as defined in subdivision twelve of section twenty-nine hundred eighty-five of this title.

2. For purposes of this section, the following terms shall have the following meanings:

(a) "Cashless tolling facility" shall mean a toll roadway, bridge or tunnel facility that does not provide for the immediate on-site payment in cash of a toll owed for the use of such facility.

(b) "Owner" shall mean any person, corporation, partnership, firm, agency, association, lessor or organization who, at the time of incurring an obligation to pay a toll at a cashless tolling facility, and with respect to the vehicle identified in the toll bill or notice of violation: (i) is the beneficial or equitable owner of such vehicle; or (ii) has title to such vehicle; or (iii) is the registrant or co-registrant of such vehicle which is registered with the department of motor vehicles of this state or any other state, territory, district, province, nation or other jurisdiction; or (iv) subject to the limitations set forth in subdivision ten of section twenty-nine hundred eighty-five of this title, uses such vehicle in its vehicle renting and/or leasing business; or (v) is a person entitled to the use and possession of a vehicle subject to a security interest in another person.

(c) "Toll bill" shall mean a notice sent to an owner notifying such owner that the owner's vehicle has been used or operated in or upon a cashless tolling facility and the owner has incurred an obligation to pay a toll.

(d) "Notice of violation" shall mean a notice sent to an owner notifying such owner that a toll incurred at a cashless tolling facility by the owner has not been paid at the place and time and in the manner established for collection of such toll in the toll bill and that an administrative violation fee is being imposed for each such unpaid toll.

(e) "Billing cycle" shall mean a period not to exceed thirty calendar days once tolls have posted for purposes of consolidated toll billing.

(f) "Initial billing cycle" shall mean a period not to exceed fifteen business days after identifying the owner or other party responsible for paying the toll for the purpose of consolidated toll billing for an obligation to pay a toll bill for the first time at a cashless tolling facility in a six-month period.

(g) "Tolls by mail program" shall mean any program operated by or on behalf of a public authority to send a toll bill to an owner whose vehicle crosses a cashless tolling facility without a valid electronic device that successfully transmits information through an electronic toll collection system as defined in subdivision twelve of section twenty-nine hundred eighty-five of this title.

(h) "Declaration of dispute" shall mean a submission by an owner disputing all or any portion of a toll, fee, penalty, or other obligation incurred by an owner whose vehicle crosses a cashless tolling facility, in such form as the public authority shall provide in regulations and through display on the authority's website.

3. In the case of an owner who incurs an obligation to pay a toll for the first time in six months under the tolls by mail program at a cashless tolling facility, a toll bill shall be sent within ten business days after the end of the initial billing cycle and of each subsequent billing cycle. In the case of all other owners incurring an obligation to pay a toll at a cashless tolling facility, a toll bill shall be sent at the end of the next billing cycle. Toll bills shall be sent to the owner by first class mail, and may additionally be sent by electronic means of communication upon the affirmative consent of the owner, by or on behalf of the public authority which operates such cashless tolling facility. The owner shall have thirty days from the date of the toll bill to pay the incurred toll. The toll bill shall include: (i) the total amount of the incurred tolls due, (ii) the date by which payment of the incurred tolls is due, (iii) any administrative fees, (iv) the address for receipt of payment and methods of payment for the toll, (v) the procedure for contesting any toll and the contact information for the relevant toll payer advocate office and customer service center, (vi) information related to the failure to timely pay or respond to the notice of liability, in addition to the possibility that a judgment can be entered for repeat unpaid liabilities that could lead to a vehicle

being towed or immobilized, (vii) a website address or hyperlink for the owner to access time-stamped photographs or footage of each toll incurred by electronic means, (viii) information related to the availability of the toll payer advocate to discuss payment options, and (ix) other information required by law or by the public authority. Each toll bill shall identify the date, time, location, license plate number, and jurisdiction of the license plate for each toll that has been incurred. Each toll bill shall include an image of the license plate of the vehicle being used or operated on the toll facility. If the owner fails to pay the initial toll bill, a second toll bill shall be sent in the next billing cycle, which shall also indicate the overdue toll or tolls and any administrative or late fees due.

4. In the case of an owner who does not pay a toll incurred under the tolls by mail program on a cashless facility at the place and time and in the manner established for collection of such toll in the second toll bill, a notice of violation shall be sent notifying the owner that the toll is unpaid and administrative violation fees are being imposed. The notice of violation shall be sent to the owner by first class mail, and may additionally be sent by electronic means of communication upon the affirmative consent of the owner, by or on behalf of the public authority which operates such cashless tolling facility. The notice of violation shall include: (i) the total amount of unpaid tolls and administrative violation fees due, (ii) the date by which payment of the tolls and administrative violation fees is due, (iii) the address for receipt of payment and methods of payment for the toll, (iv) the procedure for contesting any toll and the contact information for the relevant toll payer advocate office and customer service center, (v) information related to the failure to timely pay or respond to the notice of liability, in addition to the possibility that a judgment can be entered for repeat unpaid liabilities that could lead to a vehicle being towed or immobilized, (vi) a website address or hyperlink for the owner to access time-stamped photographs or footage of each toll incurred by electronic means, (vii) information related to the availability of the toll payer advocate to discuss payment options, and (viii) other information required by law or by the public authority. Each notice of violation shall identify the date, time, location,

license plate number, and jurisdiction of the license plate for each unpaid toll that has been incurred.

5. Any fee or administrative violation fee that is assessed on a notice of violation pursuant to subdivision four of this section shall be dismissed if the notice of violation was not sent within ninety days of the second toll bill, provided that any toll or tolls incurred remain due and payable and provided further that such dismissal shall not apply in the event that exceptional circumstances, including but not limited to technological failures, have delayed the timely mailing of the notice of violation and the public authority has posted notice of such circumstances prominently on its website within a reasonable time of becoming aware of such circumstances, which shall be adequate record of such circumstances.

6. Any toll bill or notice of violation required to be sent pursuant to this section by first class mail may also be sent, with consent of the owner, by electronic means of communication by or on behalf of the public authority. It shall be the sole responsibility of the owner to provide and update the address used for electronic means of communication to the owner by the public authority. A manual or automatic record of electronic communications prepared in the ordinary course of business shall be adequate record of electronic notice.

7. Any owner who incurs an obligation to pay a toll under the tolls by mail program at a public authority's cashless tolling facility shall have an option to receive alerts by electronic means of communication that a toll has been incurred. Such alerts shall be provided to the owner who has elected to receive such alerts no more than seventy-two hours after the owner is identified. Each public authority shall create an online registration for an electronic means of communication alert that a toll has been incurred under the tolls by mail program at a cashless tolling facility. In the event an owner chooses to receive an electronic means of communication alert of a toll incurred, it shall be the owner's sole responsibility to provide and update any mobile numbers, electronic mail addresses, or any other addresses used for electronic means of communication to which alerts are sent. A manual or

automatic record of electronic communications prepared in the ordinary course of business shall be adequate record of electronic notice.

8. If an owner receives a notice of violation pursuant to this section for any time period during which the vehicle was reported to the police department as having been stolen, it shall be a valid defense to an allegation of liability for a violation of toll collection regulations that the vehicle had been reported to the police as stolen prior to the time the violation occurred and had not been recovered by such time. If an owner receives a notice of violation pursuant to this section for any time period during which the vehicle was stolen, but not as yet reported to the police as having been stolen, it shall be a valid defense to an allegation of liability for a violation of toll collection regulations pursuant to this section that the vehicle was reported as stolen within two hours after the discovery of the theft by the owner. For purposes of asserting the defense provided by this subdivision it shall be sufficient that a certified copy of the police report on the stolen vehicle be sent by first class mail to the court or other entity having jurisdiction.

9. An owner who is a lessor of a vehicle to which a notice of violation was issued pursuant to subdivision four of this section shall not be liable for the violation of the toll collection regulations provided the owner sends to the public authority serving the notice of violation and to the court or other entity having jurisdiction a copy of the rental, lease or other such contract document covering such vehicle on the date of the violation, with the name and address of the lessee clearly legible, within thirty days after receiving the original notice of violation. Failure to send such information within such thirty-day time period shall render the lessor liable for the penalty prescribed by this section. Where the lessor complies with the provisions of this subdivision, the lessee of such vehicle on the date of such violation shall be deemed to be the owner of such vehicle for purposes of this section and shall be subject to liability for the violation of the toll collection regulations, provided that the public authority mails a notice of violation to the lessee within ten business days after the public authority deems the lessee to be the owner. For purposes of this

subdivision the term "lessor" shall mean any person, corporation, firm, partnership, agency, association or organization engaged in the business of renting or leasing vehicles to any lessee under a rental agreement, lease or otherwise wherein the said lessee has the exclusive use of said vehicle for any period of time. For purposes of this subdivision, the term "lessee" shall mean any person, corporation, firm, partnership, agency, association or organization that rents, leases or contracts for the use of one or more vehicles and has exclusive use thereof for any period of time.

10. Except as provided in subdivision nine of this section, if a person receives a notice of violation pursuant to this section it shall be a valid defense to an allegation of liability for a violation of toll collection regulations that the individual who received the notice of violation pursuant to this section was not the owner of the vehicle at the time the violation occurred. If the owner liable for a violation of toll collection regulations pursuant to this section was not the operator of the vehicle at the time of the violation, the owner may maintain an action for indemnification against the operator.

11. Any public authority that operates a cashless tolling facility shall: (i) maintain a website and toll-free phone number for any person to receive updated information on any tolls or fees which are outstanding; and (ii) establish procedures for owners to dispute any tolls and violation fees incurred in connection with toll bills, including a requirement that written determinations in such disputes shall be issued within forty-five days of receipt of the owner's declaration of dispute. Such information shall be prominently displayed on such public authority's toll bills, notices of violation and website.

12. Every public authority that operates a cashless tolling facility shall develop policies and procedures for the establishment on a case-by-case basis of a written payment plan agreement for an owner's unpaid tolls and administrative violation fees incurred at a cashless tolling facility, subject to the availability of sufficient resources for the public authority to administer such payment plans. Information related to payment plans shall be made available upon the owner's

request to the public authority's customer service center. The public authority shall not charge any additional amount or fee for enrollment in a payment plan agreement. Owners shall fully comply with all payment plan agreement terms and conditions and shall be subject to payment plan agreement default provisions.

13. Every public authority that operates a cashless tolling facility shall establish an office of such authority's toll payer advocate, designed to further assist owners who remain unsatisfied after first attempting resolution in writing of their concern with, and receiving written determination from, such authority's customer service center. The office of the toll payer advocate shall also endeavor to identify any systemic issues and recommend reasonable improvements regarding the use of and process involved with the payment of tolls under the tolls by mail program at cashless tolling facilities to the public authority.

14. A public authority that operates a cashless tolling facility, including the officers, employees, contractors and agents of such public authority, shall not report to a consumer reporting agency, as defined in 15 U.S.C. § 1681a, any toll, fee, penalty or other obligation incurred by an owner related to use of a cashless tolling facility.

15. Nothing in this section shall prohibit a public authority from collecting any toll or fee in the event that an owner does not properly register a vehicle pursuant to the laws, rules and regulations of this state, or any other state, territory, district, province, nation or other jurisdiction.

16. Nothing in this section shall require a public authority to perform any action or forbear from performing any action that would in the public authority's sole discretion impair any covenant with the holders of any of the public authority's bonds, notes or other obligations.

* NB Effective provided that the state of New Jersey has enacted legislation having an identical effect (see chapter 56 of 2024, Part WW Subpart B)

TITLE 12

WHISTLEBLOWER ACCESS AND ASSISTANCE PROGRAM

Section 2986. Whistleblower access and assistance program.

§ 2986. Whistleblower access and assistance program. 1. Definitions. a. "Employees of state and local authorities" means those persons employed at state and local authorities, including but not limited to: full-time and part-time employees, those employees on probation, and temporary employees.

b. "Attorney general" shall mean the attorney general of the state of New York.

c. "Whistleblower" shall mean any employee of a state or local authority who discloses information concerning acts of wrongdoing, misconduct, malfeasance, or other inappropriate behavior by an employee or board member of the authority, concerning the authority's investments, travel, acquisition of real or personal property, the disposition of real or personal property and the procurement of goods and services.

2. The director of the authorities budget office, after consultation with the attorney general, shall develop and recommend to the legislature a whistleblower access and assistance program which shall include, but not be limited to:

a. evaluating and commenting on whistleblower programs and policies by state and local authorities pursuant to paragraph (e) of subdivision one of section twenty-eight hundred twenty-four of this article;

b. establishing toll-free telephone and facsimile lines available to employees at state and local authorities;

c. offering advice regarding employee rights under applicable state and federal laws and advice and options available to all persons; and

d. offering an opportunity for employees of state and local authorities to identify concerns regarding any issue at a state or local authority.

3. Any communications between an employee and the authorities budget office pursuant to this section shall be held strictly confidential by the authorities budget office, unless the employee specifically waives in writing the right to confidentiality, except that such confidentiality shall not exempt the authorities budget office from disclosing such information, where appropriate, to the state inspector general in accordance with section fifty-five of the executive law, or prevent disclosure to any law enforcement authority.

TITLE 12-A

PUBLIC AUTHORITIES LOBBYING CONTACTS

Section 2987. Lobbying contacts.

§ 2987. Lobbying contacts. 1. Definitions. As used in this title:

a. "lobbyist" shall have the same meaning as defined in section one-c of the legislative law.

b. "lobbying" shall mean and include any attempt to influence:

(i) the adoption or rejection of any rule or regulation having the force and effect of law by a public authority, and

(ii) the outcome of any rate making proceeding by a public authority.

c. "contact" shall mean any conversation, in person or by telephonic or other remote means, or correspondence between any lobbyist engaged in the act of lobbying and any person within a state authority who can make or influence a decision on the subject of the lobbying on behalf of the authority, and shall include, at a minimum, all members of the governing board and all officers of the state authority.

2. Every state authority shall maintain a record of all lobbying contacts made with such authority.

3. Every member, officer or employee of a state authority who is contacted by a lobbyist shall make a contemporaneous record of such contact containing the day and time of the contact, the identity of the lobbyist and a general summary of the substance of the contact.

4. Each state authority shall adopt a policy implementing the requirements of this section. Such policy shall appoint an officer to whom all such records shall be delivered. Such officer shall maintain such records for not less than seven years in a filing system designed to organize such records in a manner so as to make such records useful to determine whether the decisions of the authority were influenced by lobbying contacts.

ARTICLE 10

NEW YORK STATE MUNICIPAL ASSISTANCE CORPORATION ACT

TITLE I

SHORT TITLE; GENERAL DEFINITIONS; LEGISLATIVE FINDINGS AND STATEMENT OF PURPOSES

§ 3001. Short title. This article shall be known and may be cited as the "New York State Municipal Assistance Corporation Act".

§ 3002. Legislative findings and statement of purposes. It is hereby found and declared that, by reason of the severe economic and social dislocations of recent years, there has been a great increase in the need and demand for public services at a time when financing such services has become increasingly difficult, and that, due to a general decline in investor acceptance of local government securities and to almost unprecedented interest rates, a number of municipalities in this state have, despite the financial soundness of their obligations, recently faced increased difficulty in selling a sufficient amount of their securities to enable them to refund their outstanding obligations or to meet their cash requirements. For the immediate future, this increased difficulty has caused concern that such municipalities may be unable to provide, without interruption, many services essential to their inhabitants while also meeting their obligations to the holders of their outstanding securities as they come due. It is in the public interest and is the policy of this state to assist municipalities attempting to provide, without interruption, services essential to their inhabitants while meeting their obligations to the holders of their outstanding securities. The impairment of the credit of the municipalities within the state may affect the ability of the state to issue its own obligations at normal interest rates. Such effect is a matter of state concern. It is further declared that the state should exercise its power in the interest of such municipalities and should implement such policy by authorizing on behalf of each municipality which is found by the legislature to require the state's assistance and which expressly requests such assistance, the creation of a state instrumentality to be a body corporate and politic, having full powers to borrow money and to issue its bonds and notes for the purpose of providing to that municipality assistance sufficient to enable it to avoid the interruption of services essential to its inhabitants while meeting its obligations to the holders of its outstanding securities. It is further declared to be in the public interest and is the policy of this state that each such instrumentality shall provide financial assistance to a municipality only if that municipality agrees to make and observe such changes in its record keeping, accounting, budgeting and financial management practices as that instrumentality may be authorized, by the special law creating it, to require as a condition of providing financial assistance.

§ 3003. Definitions. As used in this article, the following words and terms shall have the following meanings unless the context shall indicate another or different meaning or intent:

1. "Municipality" means any city in the state.

2. "State" means the state of New York.

3. "Governor" means the governor of the state of New York.

4. "Comptroller" means the comptroller of the state of New York.

5. "Director of the budget" means the director of the budget of the state of New York.

6. "Legislature" means the legislature of the state of New York.

7. "Special law" means the special law of the legislature pursuant to which a municipal assistance corporation is created.

8. "Municipal assistance corporation" means a corporation created pursuant to section three thousand ten of this article.

9. "Bonds" and "notes" means bonds and notes, respectively, issued by a municipal assistance corporation pursuant to this article.

10. "Obligations" means bonds and notes.

11. "Amortized value" means for securities purchased at a premium above or a discount below par, the value as of any given date obtained

by dividing the total amount of the premium or discount at which such securities were purchased by the number of days remaining to maturity on such securities at the time of such purchase and by multiplying the amount so calculated by the number of days having passed since the date of such purchase; and (a) in the case of securities purchased at a premium, by deducting the product thus obtained from the purchase price, and (b) in the case of securities purchased at a discount, by adding the product thus obtained to the purchase price.

12. "Revenues" means all federal or state aid, rents, fees, charges, payments and other income and receipts paid or payable to a municipal assistance corporation or for the account of a municipal assistance corporation, including any payment permitted or required to be made to such a corporation by this article.

13. "Board of directors" means the board of directors of a municipal assistance corporation.

TITLE II

GENERAL PROVISIONS RELATING TO MUNICIPAL ASSISTANCE CORPORATIONS

§ 3010. Creation; purposes and general powers of a municipal assistance corporation. A municipal assistance corporation shall be created by a special law of the legislature. The purposes of a municipal assistance corporation shall be to assist a municipality attempting to provide, without interruption, services essential to its inhabitants while meeting its obligation to the holders of its outstanding securities. Such assistance shall be provided through the issuance and sale of bonds and notes and paying or lending funds received from such sale to the municipality, or through the exchange of its obligations for obligations of the municipality. To carry out the aforesaid purposes, a municipal assistance corporation shall have, in addition to any powers specifically granted in the special act creating such municipal assistance corporation, the following powers: (1) to sue and be sued, (2) to have a seal and alter the same at pleasure; (3) to make and alter by-laws for its organization and internal management and, subject to agreements with noteholders or bondholders, to make rules and regulations governing the use of its property and facilities; (4) to make and execute contracts, leases, subleases and all other instruments or agreements necessary or convenient for the exercise of its powers and functions under this title; (5) to purchase real or personal property necessary and convenient for its corporate purposes; to execute and deliver deeds for real property held in its own name; and to sell or otherwise dispose of such real or personal property that, in the judgment of the municipal assistance corporation, is no longer necessary for its corporate purposes; (6) to appoint officers, agents and employees, prescribe their duties and qualifications and fix their compensation; (7) to commence any action to protect or enforce any right conferred upon it by any law, contract or other agreement; (8) subject to other provisions of law, to lend or otherwise transfer to the municipality for which the municipal assistance corporation was created such sums of money as are not required for other purposes; (9) to borrow money and to issue notes or bonds and to fund or refund the same, and to provide for the rights of the holders of its obligations; (10) subject to the provisions of any contract with noteholders or bondholders to invest any funds held in funds or accounts (except as hereafter provided), or any funds not required for immediate use or disbursement, at the discretion of the municipal assistance corporation, in obligations of the municipality being assisted or obligations of the state or federal government, obligations the principal of and interest on which are guaranteed by such municipality, the state or federal government, or obligations of agencies of such municipality, the state or federal government which may, from time to time, be legally purchased by savings banks of the state as investments of funds belonging to them or in their control and which have been approved by the comptroller or in a secured time deposit or other interest-bearing accounts secured by such obligations; provided, however, that no funds held in a capital reserve fund may be invested in obligations of or guaranteed by the municipality being assisted or of any of its agencies; (11) subject to the provisions of any contract with noteholders or bondholders, to purchase notes or bonds of the corporation; (12) to procure insurance against any loss in such amounts and from such insurers as it deems desirable; (13) to engage the services of consultants on a contract basis for rendering professional and technical assistance and advice; (14) subject to the approval of the director of the budget to contract for and to accept any gifts or grants or loans of funds or property or financial or other aid in any form from the federal government or any agency or instrumentality thereof, or from any other source and to comply with the terms and conditions thereof; (15) as security for the payment of the principal of and interest on any bonds or notes so issued and any agreements made in connection therewith to pledge all or part of its property or revenues; (16) to require any municipality to which assistance is provided under this article or any authority, agency or other body established by or on behalf of such municipality to make available all books and records, and to furnish copies of all financial statements, budgets, forecasts, projections and related information as may be requested; (17) to pay the expenses of the operation of the corporation, including but not limited to the repayment to the state of any advance to the corporation under any agreement between the corporation and the director of the budget out of any revenues available to the corporation and not otherwise pledged except the proceeds of its notes and bonds; and (18) in connection with any agreement by the federal government or any agency or instrumentality thereof to guarantee the payment of the principal of or the interest on the obligations issued by the municipality for which the municipal assistance corporation was created, to enter into one or more agreements with the federal government or any agency or instrumentality thereof in respect of such guarantee containing terms and conditions required by the secretary of the treasury pursuant to the federal act authorizing the issuance of such guarantees and to comply with such terms and conditions, including, without limitation, a requirement that the corporation make deposits or cause monies to be deposited in a fund or funds established in connection with the issuance of guaranteed obligations or funds pursuant to the terms and conditions of such guarantee; and (19) to do any and all things necessary or convenient to carry out its purposes and exercise the powers expressly given and granted in this article or in the special act creating such municipal assistance corporation.

§ 3011. Administration of a municipal assistance corporation. 1. Unless otherwise provided in a special law, a municipal assistance corporation shall be administered by a board of directors appointed by the governor with the advice and consent of the senate. The number and qualifications of such directors and their terms of office shall be set forth by a special law. The comptroller of the state of New York, or his representative shall be entitled to attend and participate in the meetings of the board of directors but shall have no vote.

2. The governor shall designate as chairman one of the directors appointed by him. The chairman shall preside over all meetings of the board of directors and shall have such other duties as may be prescribed by the board of directors.

3. The directors of a municipal assistance corporation shall serve without salary or other compensation, but each director shall be entitled to reimbursement for actual and necessary expenses incurred in

the performance of his or her official duties as a director of the corporation. The directors, except as otherwise provided by law, may engage in private employment, or in a profession or business. The directors of a municipal assistance corporation shall be deemed to be state officers for the purposes of sections seventy-three and seventy-four of the public officers law. Notwithstanding such provisions of the public officers law or of any other law, a municipal assistance corporation or any other state instrumentality (including any state agency, trust fund or public benefit corporation) may purchase from, sell to, borrow from, loan to, contract with or otherwise deal with any corporation, trust, association, partnership or other entity in which any director of such municipal assistance corporation has a financial interest, direct or indirect, and a municipal assistance corporation may engage in any such transaction with any other such state instrumentality with which any director of such municipal assistance corporation is affiliated as a state officer or employee, provided that such interest or affiliation is disclosed to such other state instrumentality and to the municipal assistance corporation, and, in the case of transactions with the municipal assistance corporation, such interest or affiliation is disclosed in the minutes of the board of directors of the municipal assistance corporation, and provided further that no director having such a financial interest or affiliation shall participate in any decision of the board of directors of the municipal assistance corporation authorizing or affecting such transaction.

4. A special law may provide for the appointment of one or more representatives to the board of directors. Such representative shall be entitled to receive notice of and to attend the meetings of the board of directors but shall not be entitled to vote. Such representative shall be entitled to reimbursement for his actual and necessary expenses incurred in the performance of his official duties as a representative to the corporation but shall not be entitled to a per diem allowance, unless specifically provided in the special law.

5. Notwithstanding any inconsistent provisions of law, general, special or local, no officer or employee of the state, or political division of the state, any governmental entity operating any public

school or college or other public agency or instrumentality or unit of government which exercises governmental powers under the laws of the state, shall forfeit his office or employment by reason of his acceptance or appointment as a director, officer, employee or agent of a municipal assistance corporation nor shall service as such director, officer, employee or agent of a municipal assistance corporation be deemed incompatible or in conflict with such office or employment.

6. Except as otherwise provided by special law, a majority of the whole number of authorized directors shall constitute a quorum for the transaction of any business and shall be required for the taking of any action or for the exercise of any power by the board of directors of a municipal assistance corporation. No vote at such meeting shall be cast by proxy. A municipal assistance corporation may delegate to one or more of its directors, or officers, agents and employees, such powers and duties as the directors may deem proper.

7. A municipal assistance corporation may appoint such officers, employees and agents as it may require, prescribe their duties and fix their compensation.

§ 3012. Issuance of notes and bonds of a municipal assistance corporation. 1. (a) A municipal assistance corporation shall have the power and is hereby authorized from time to time to issue its notes and bonds in conformity with applicable provisions of the uniform commercial code, in such principal amounts as such corporation shall determine to be necessary within the limits of authorized indebtedness prescribed in the special law creating such corporation, to provide sufficient funds for achieving its corporate purposes, including the making of payments to or purchase of obligations of, the municipality for which the corporation was created, to make payments of interest on its notes and bonds, to establish reserves to secure such notes and bonds and to make deposits into a fund or funds established pursuant to any agreement entered into by such corporation with the federal government or an agency or instumentality thereof in accordance with subparagraph eighteen of section three thousand ten of this article.

(b) A municipal assistance corporation shall have the power, from time to time, to issue (i) notes to renew notes and (ii) bonds to pay notes, including the interest thereon and, whenever it deems refunding expedient, to refund any bonds by the issuance of new bonds, whether the bonds to be refunded have or have not matured, and to issue bonds partly to refund bonds then outstanding and partly for any of its other corporate purposes. The refunding bonds may be exchanged for the bonds to be refunded or sold and the proceeds applied to the purchase, redemption or payment of such bonds.

(c) Except as may otherwise be expressly provided by a municipal assistance corporation, every issue of its notes and bonds shall be general obligations of the municipal assistance corporation payable out of any revenues of such corporation, subject only to any agreements with the holders of particular notes or bonds pledging any particular revenues.

(d) Such notes and bonds shall be authorized by resolution of a municipal assistance corporation, shall bear such date and shall mature at such time or times as such resolution may provide. The bonds may be issued as serial bonds or as term bonds or as a combination thereof. The notes and bonds shall bear interest at such rate or rates, be in such denominations and in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in such medium of payment, at such place or places and be subject to such terms of redemption as such resolution may provide.

(e) The notes or bonds of the municipal assistance corporation may be exchanged for obligations of the municipality being assisted or may be sold at such price or prices, at public or private sale, in such manner and from time to time as may be determined by such corporation, and the corporation may pay all expenses, premiums and commissions which it may deem necessary or advantageous in connection with the issuance and sale thereof. Subsequent to July first, nineteen hundred seventy-five, no notes or bonds of a municipal assistance corporation may be sold at private sale unless such sale and the terms thereof have been approved in writing by (a) the comptroller where such sale is not to the comptroller, or (b) the director of the budget, where such sale is to the comptroller.

2. Any resolution authorizing any notes or bonds or any issue thereof may contain provisions, which shall be a part of the contract with the holders thereof, as to:

(a) pledging all or any part of the revenues to secure the payment of the notes or bonds or of any issue thereof, subject to such agreements with noteholders or bondholders as may then exist;

(b) pledging all or any part of the assets of the corporation to secure the payment of the notes or bonds or of any issue of notes or bonds, subject to such agreements with noteholders or bondholders as may then exist;

(c) the setting aside of reserves or sinking funds and the regulation and disposition thereof;

(d) limitations on the purposes to which the proceeds of sale of notes or bonds may be applied and pledging such proceeds to secure the payment of the notes or bonds of any issue thereof;

(e) limitations on the issuance of additional notes or bonds; the terms upon which additional notes or bonds may be issued and secured; and the refunding of outstanding or other notes or bonds;

(f) the procedure, if any, by which the terms of any contract with noteholders or bondholders may be amended or abrogated, the amount of notes or bonds the holders of which must consent thereto, and the manner in which such consent may be given;

(g) vesting in a trustee or trustees such property, rights, powers and duties in trust as the corporation may determine, which may include any or all of the rights, powers and duties of the trustee appointed by the bondholders pursuant to this title, and limiting or abrogating the right of the bondholders to appoint a trustee under this title or limiting the rights, powers and duties of such trustee;

(h) the acts or omissions to act which shall constitute a default in the obligations and duties of the corporation to the holders of the notes or bonds and providing for the rights and remedies of the holders of the notes or bonds in event of such default, including the right to appointment of a receiver; providing, however, that such rights and remedies shall not be inconsistent with the laws of the state and the other provisions of this article; and

(i) any other matters of like or different character, which in any way affect the security or protection of the holders of the notes or bonds.

3. Any pledge made by a municipal assistance corporation shall be valid and binding from the time when the pledge is made. The revenues or property so pledged and thereafter received by the municipal assistance corporation shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the municipal assistance corporation, irrespective of whether such parties have notice thereof. Neither the resolution nor any other instrument by which a pledge is created need be recorded or filed to protect such pledge except in the principal office of the municipal assistance corporation.

4. Neither the directors of a municipal assistance corporation nor any other person executing the notes or bonds of such corporation shall be subject to any personal liability or accountability by reason of the issuance thereof.

5. A municipal assistance corporation subject to such agreements with noteholders or bondholders as may then exist, shall have power out of any funds available therefor, to purchase notes or bonds of such corporation, which shall thereupon be cancelled.

6. Anything in this article ten to the contrary notwithstanding, any agreement or agreements with the holders of notes or bonds issued by any municipal assistance corporation created by or pursuant to any title of this article shall contain a clause stating in substance that any provision in this article or in any such agreement or agreements which relate to taxes imposed under article twelve or sections eleven hundred seven or eleven hundred eight of the tax law of the state or to the funds created by sections ninety-two-b, ninety-two-d or ninety-two-e of the state finance law shall be deemed executory only to the extent of the moneys available to the state in such funds from time to time and no liability on account thereof shall be incurred by the state beyond the moneys available in such funds.

7. In the discretion of the directors of a corporation the notes or

bonds may be secured by a trust indenture by and between such corporation and a trustee, which may be any trust company or bank having the powers of a trust company in the state. Such trust indenture may contain such provisions for protecting and enforcing the rights and remedies of the noteholders or bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the corporation in relation to the exercise of its corporate powers and the custody, may provide by such trust indenture for the payment of the proceeds of the notes or bonds and the revenues to the trustee under such trust indenture or other depository, and for the method of disbursement thereof, with such safeguards and restrictions as it may determine. All expenses incurred in carrying out such trust indenture may be treated as a part of the operating expenses of the corporation. If the notes or bonds shall be secured by a trust indenture, the noteholders or bondholders shall have no authority to appoint a separate trustee to represent them.

8. Whether or not the notes and bonds are of such form and character as to be negotiable instruments under the terms of the uniform commercial code, the notes and bonds are hereby made negotiable instruments within the meaning of and for all the purposes of the uniform commercial code, subject only to the provisions of the notes and bonds for registration.

§ 3013. Moneys of a municipal assistance corporation. 1. All moneys of a corporation from whatever source derived may be paid to the treasurer of the corporation and be deposited forthwith in a bank or banks in the state designated by such corporation. The moneys in such account may be paid by the treasurer or other agent duly designated by the corporation on requisition of the chairman of the board of directors of the municipal assistance corporation or of such person or persons as the corporation may authorize to make such requisitions. All deposits of such moneys, may, if required by the corporation, be secured by obligations of the United States or of the state of New York of a market value equal at all times to the amount of the deposit and all banks and trust companies are authorized to give such security for such deposits, provided, however, that no funds or accounts held in the capital reserve fund may be invested in obligations of or guaranteed by the municipality being assisted or of any of its agencies. Such obligations may either be deposited with the treasurer or be held by a trustee or agent satisfactory to the corporation. The comptroller and his legally authorized representatives are authorized and empowered from time to time to examine the accounts and books of the corporation, including its receipts, disbursements, contracts, leases, sinking funds, investments and any other records and papers relating to its financial standing.

2. Subject to the provisions of subdivision three of this section, any moneys of a corporation, including the proceeds of notes or bonds, not required for immediate use may be invested in obligations of the municipality being assisted or in obligations of the state or federal government, obligations of the principal of and interest on which are guaranteed by such municipality, the state or federal government, or obligations of agencies of such municipality, of the state or of the federal government which may, from time to time, be legally purchased by savings banks of the state as investment of funds belonging to them, or in secured time deposit or other interest-bearing accounts secured by such obligations; provided, however, that no funds held in a capital reserve fund may be invested in obligations of or guaranteed by the municipality being assisted or of any of its agencies.

3. A corporation shall have power to contract with holders of any of its notes or bonds as to the custody, collection, securing, investment, and payment of any moneys of the corporation, of any moneys held in trust or otherwise for the payment of notes or bonds, and to carry out such contract. Moneys held in trust or otherwise for the payment of notes or bonds or in any way to secure notes or bonds or notes and deposits of such moneys may be secured in the same manner as moneys of the corporation, and all banks and trust companies are authorized to give such security for such deposits.

4. Subject to the provisions of any contract with noteholders or bondholders and to the approval of the comptroller, the corporation shall prescribe a system of accounts.

§ 3014. Conditions on payment of funds to or purchase of obligations of municipality. 1. A corporation shall require, in connection with any payment of funds to, or purchase or exchange of the obligations of, the municipality being assisted, or the extension of other benefits thereto, that such municipality agree to observe such conditions with respect to expenditure control, record keeping, accounting, budgeting, financial management and other practices of such municipality as may be set forth in or permitted under the special law creating such corporation. Such agreement may provide such remedies for failure to observe such conditions as shall be necessary or desirable to accomplish the purposes of this article and such special law and are authorized or permitted thereunder.

2. Notwithstanding the provisions of any other law, general, special or local, inconsistent with the provisions hereof, any municipality may sell notes and bonds authorized to be issued pursuant to the local finance law by private sale to the corporation or to receive moneys from the corporation as herein provided and such municipality is hereby authorized to agree to and undertake any agreements made pursuant to the terms hereof.

§ 3015. Agreement with the state. The state does hereby pledge to and agree with the holders of any notes or bonds issued by a corporation under this act that the state will not limit or alter the rights hereby vested in such corporation to fulfill the terms of any agreements made with the said holders thereof, or in any way impair the rights and remedies of such holders until such notes and bonds together with the interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of such holders, are fully paid and discharged. A corporation is authorized to include this pledge and agreement of the state in any agreement with the holders of such notes or bonds.

§ 3016. State or state-aided municipality not liable on notes and bonds. The notes, bonds or other obligations of a municipal assistance corporation shall not be a debt of either the state or the municipality being assisted, and neither the state nor such municipality shall be liable thereon, nor shall they be payable out of any funds other than those of such corporation; and such notes and bonds shall contain on the face thereof a statement to such effect.

§ 3017. Remedies of noteholders and bondholders. 1. In the event that a corporation shall default in the payment of principal of or interest on or sinking fund payment on, any issue of notes or bonds after the same shall become due, whether at maturity or otherwise or in the event that a corporation shall default in any agreement made with the holders of any issue of notes or bonds, the holders of twenty-five per centum in aggregate principal amount of the notes or bonds of such issue then outstanding, by instrument or instruments filed in the office of the clerk of the county in which the principal office of such corporation is located and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of such notes or bonds for the purposes herein provided.

2. Such trustee may, and upon written request of the holders of twenty-five percentum in principal amount of such notes or bonds then outstanding, shall, in his or its own name:

(a) by suit, action or proceeding in accordance with the civil practice law and rules, enforce all rights of the noteholders or bondholders, including the right to require the corporation to carry out any agreement with such holders and to perform its duties under this act;

(b) bring suit upon such notes or bonds;

(c) by action or suit, require the corporation to account as if it were the trustee of an express trust for the holders of such notes or bonds;

(d) by action or suit, enjoin any acts or things which may be unlawful or in violation of the rights of the holders of such notes or bonds;

(e) declare all such notes or bonds due and payable, and if all defaults shall be made good, then, with the consent of the holders of twenty-five per centum of the principal amount of such notes or bonds then outstanding, annul such declaration and its consequences.

3. The supreme court shall have jurisdiction of any suit, action or proceeding by the noteholder or bondholder trustee on behalf of such noteholders or bondholders. The venue of any such suit, action or proceeding shall be laid in the county in which the principal office of the corporation is located.

4. Before declaring the principal of notes or bonds due and payable, the trustee shall first give thirty days' notice in writing to the governor, the corporation and to the attorney general of the state.

§ 3018. Notes and bonds as legal investments. The notes and bonds of a corporation are hereby made securities in which all public officers and bodies of this state and all political subdivisions of the state and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations, including savings and loan associations, building and loan associations, investment companies and other persons carrying on a banking business, all administrators, guardians, executors, trustees and other fiduciaries, and all other persons whatsoever who are now or may hereafter be authorized to invest in bonds or in other obligations of the state, may properly and legally invest funds, including capital, in their control or belonging to them. Such notes and bonds are also hereby made securities which may be deposited with and may be received by all public officers and bodies of the state and all political subdivisions of the state and public corporations for any purpose for which the deposit of bonds or other obligations of the state is now or may hereafter be authorized.

§ 3019. Exemption from taxation. 1. It is hereby determined that the creation of a corporation and the carrying out of its corporate purpose is in all respects a public and governmental purpose for the benefit of the people of the state and for the improvement of their health, safety, welfare, comfort and security, and that said purposes are public purposes and that a corporation will be performing an essential governmental function in the exercise of the powers conferred upon it by this act.

2. The property of a corporation and its income and operations shall be exempt from taxation.

3. The notes and bonds of a corporation issued pursuant to authority granted in the special act creating it or this act and the income therefrom and all its fees, charges, gifts, grants, revenues, receipts and other moneys received or to be received, pledged to pay, or secure the payment of, such notes or bonds shall at all times be free from taxation, except for estate and gift taxes and taxes on transfers.

§ 3020. Actions against a municipal assistance corporation; indemnification. 1. Except in an action for wrongful death, an action against a municipal assistance corporation for personal injury or property damage or founded on tort shall not be commenced more than one year and ninety days after the cause of action shall have accrued nor unless a notice of claim shall have been served on a director of such corporation, or an officer or employee thereof designated by the corporation for such purpose, within the time limited by, and in compliance with the requirements of section fifty-e of the general municipal law. An action against a municipal assistance corporation for wrongful death shall be commenced in accordance with the notice of claim and time limitation provisions of title eleven of article nine of this chapter.

2. The venue of every action, suit or special proceeding brought against a corporation shall be laid in the county in which the principal office of such corporation is located.

3. a. The state shall save harmless and indemnify directors, officers and employees of and representatives to a corporation, all of whom shall

be deemed officers and employees of the state for purposes of section seventeen of the public officers law, against any claim, demand, suit, or judgment arising by reason of any act or omission to act by such director, officer, employee or representative occurring in the discharge of his duties and within the scope of his service on behalf of such corporation, including any claim, demand, suit or judgment based on allegations that financial loss was sustained by any person in connection with the acquisition, disposition or holding of securities or other obligations of a corporation (or those of any other public corporation if such loss allegedly resulted from its dealing with a municipal assistance corporation). In the event of any such claim, demand, suit or judgment, a director, officer or employee of or representative to a municipal assistance corporation shall be saved harmless and indemnified, notwithstanding the limitations of section seventeen of the public officers law, unless such individual is found by a final judicial determination not to have acted, in good faith, for a purpose which he reasonably believed to be in the best interest of such corporation or not to have had reasonable cause to believe that his conduct was lawful.

b. In connection with any such claim, demand, suit, or judgment, any director, officer or employee of or representative to the corporation shall be entitled to representation by private counsel of his choice in any civil judicial proceeding whenever the attorney general determines based upon his investigation and review of the facts and circumstances of the case that representation by the attorney general would be inappropriate. The attorney general shall notify the individual in writing of such determination that the individual is entitled to be represented by private counsel. The attorney general may require, as a condition to payment of the fees and expenses of such representation, that appropriate groups of such individuals be represented by the same counsel. If the individual or group of individuals is entitled to representation by private counsel under the provisions of this section, the attorney general shall so certify to the comptroller. Reasonable attorney's fees and litigation expenses shall be paid by the state to such private counsel from time to time during the pendency of the civil action or proceeding subject to certification that the individual is entitled to representation under the terms and conditions of this section by the chairman of the board of directors of the corporation upon the audit and warrant of the comptroller. The provisions of this subdivision shall be in addition to and shall not supplant any indemnification or other benefits heretofore or hereafter conferred upon directors, officers or employees of and representatives to the corporation by section seventeen of the public officers law, by action of the corporation, or otherwise. The provisions of this subdivision shall inure only to directors, officers and employees of and representatives to the corporation, shall not enlarge or diminish the rights of any other party, and shall not impair, limit or modify the rights and obligations of any insurer under any policy of insurance.

§ 3021. Assistance by state officers, departments, boards and commissions. 1. The department of audit and control, department of law, and all other state agencies may render such services to a corporation within their respective functions as may be requested by such corporation.

2. Upon request of a corporation, any state agency is hereby authorized and empowered to transfer to the corporation such officers and employees as it may deem necessary from time to time to assist such corporation in carrying out its functions and duties under this act. Officers and employees so transferred shall not lose or forfeit their civil service status or rights.

* TITLE III

MUNICIPAL ASSISTANCE CORPORATION FOR THE CITY OF NEW YORK

* NB The corporation shall continue for a term ending the later of July 1, 2008 or one year after its liabilities have been fully paid and discharged per § 3033 sub 1.

*** § 3030. Short title.** This title shall be known and may be citied as the "Municipal Assistance Corporation for the city of New York Act".
* NB The corporation shall continue for a term ending the later of July 1, 2008 or one year after its liabilities have been fully paid and discharged per § 3033 sub 1.

*** § 3031. Legislative findings and statement of purposes.** The legislature hereby finds and declares that it is necessary for a municipal assistance corporation to be created to assist the city of New York in providing essential services to its inhabitants without interruption and in creating investor confidence in the soundness of the obligations of such city so that it may retain its ability to sell its obligations to the public.

The legislature further finds that it is in the interest of the state of New York and the city of New York that the long-term construction programs of the New York city transit authority and the New York city school construction authority continue to be fully funded, and that the remaining commitments of the municipal assistance corporation for the city of New York to provide funds for such capital programs be funded with the proceeds of debt obligations, including securities of the municipal assistance corporation for the city of New York, provided, however, that funding for such programs shall to the extent practicable be provided by the city of New York.

* NB The corporation shall continue for a term ending the later of July 1, 2008 or one year after its liabilities have been fully paid and discharged per § 3033 sub 1.

*** § 3032. Definitions.** As used in this title, the following words and terms shall have the following meanings unless the context shall indicate another or different meaning or intent:

1. "Corporation" means the corporate governmental agency created by section three thousand thirty-three of this chapter.

2. "City" means the city of New York.

3. "Mayor" means the mayor of the city of New York.

4. "City comptroller" means the comptroller of the city of New York.

5. "City budget director" means the director of management and budget of the city of New York.

6. "Short-term obligations" means tax anticipation notes, revenue anticipation notes, bond anticipation notes, budget notes and urban renewal notes.

* NB The corporation shall continue for a term ending the later of July 1, 2008 or one year after its liabilities have been fully paid and discharged per § 3033 sub 1.

*** § 3033. Creation of the municipal assistance corporation for the city of New York; authorized indebtedness.** 1. There is hereby created the municipal assistance corporation for the city of New York. The corporation shall be a corporate governmental agency and instrumentality of the state constituting a public benefit corporation. It shall have the powers, privileges and duties of a corporation under title two of this article and under this title. The corporation shall continue for a term ending the later of July first, two thousand eight or one year after all its liabilities have been fully paid and discharged. Upon the termination of the existence of the corporation, all of its rights and property shall pass to and be vested in the state.

2. Subject to the provisions of any contract with noteholders or bondholders, the corporation shall not issue bonds and notes in an aggregate principal amount exceeding ten billion dollars, excluding (i) bonds and notes issued to refund outstanding bonds and notes and (ii) notes issued for the purpose described in subparagraph (d) of section three thousand thirty-seven of the this article, provided, however, that no bonds or notes shall be issued for any purpose other than to pay for items which are permitted by law to be included in the city's capital budget or to make deposits into the capital reserve funds established pursuant to sections three thousand thirty-six and three thousand thirty-six-a of this article if at the time such bonds or notes are issued or as a result of their issuance the aggregate principal amount of bonds and notes issued by the corporation, exclusive of bonds and notes issued for any purpose described in clause (i) or (ii) of this subdivision, exceeds eight billion eight hundred million dollars.

2-a. In addition to the authority provided in subdivision two of this section, the corporation may, until June thirtieth, nineteen hundred seventy-eight, issue notes in an aggregate principal amount which the mayor certifies to the corporation is required by the city to provide, without interruption, services essential to its inhabitants while meeting its obligation to the holders of its outstanding securities to June thirtieth, nineteen hundred seventy-eight, but not to exceed five hundred million dollars. Such notes shall finally mature no later than June thirtieth, nineteen hundred seventy-eight. Such notes shall not be renewable. The terms of issuance of such notes shall not contain any provision creating rights in the holders of such notes to convert such notes to or exchange such notes for bonds of the corporation. The corporation shall pay the proceeds of such notes to the city to be used to provide services essential to its inhabitants without regard to the provisions of section three thousand thirty-seven of this title.

2-b. In addition to the authority provided in subdivisions two and two-a of this section, the corporation may, not later than June thirtieth, nineteen hundred ninety-seven issue bonds and notes in an aggregate principal amount not to exceed one billion five hundred million dollars (excluding any bonds or notes issued to fund the bond reserve fund established pursuant to section three thousand thirty-six-b of this title and any bonds or notes issued to refund outstanding bonds or notes) for the purpose of funding capital projects within the city pursuant to section three thousand thirty-seven-a of this title; provided, however, that such authority shall decrease from time to time by such amounts as the city shall have made available to fund such capital projects; and provided further, that the authority provided in this subdivision shall be exercised pursuant to a memorandum of agreement among the governor, the mayor and the chairman of the corporation, which agreement shall provide that the corporation shall not issue such bonds or notes in any fiscal year in the event and to the extent that the city makes available proceeds from the issuance of its bonds to fund such capital projects; and which agreement shall also provide for certain operating assistance to be made available by the corporation to the city; and provided further, that bonds issued or to be issued to refund bonds of the corporation shall be excluded from such limitation only if the present value of the aggregate debt service on the refunding bonds shall not have at the time of their issuance exceeded the present value of the aggregate debt service on the bonds they were issued to refund, such present value in each case being calculated by using the effective interest rate of the refunding bonds, which shall be that rate arrived at by doubling the semi-annual interest rate (compounded semi-annually) necessary to discount the debt service payments on the refunding bonds from the payment date thereof to the date of issue of the refunding bonds and to the price bid therefor, or to the proceeds received by the corporation from the sale thereof, in each case including estimated accrued interest. The rate of interest on bonds which bear interest at a variable rate which shall be used in determining such present values shall be the rate at which such bonds bear interest on the date the refunding bonds are issued. Notwithstanding any other provision of law, no such bond or note of the corporation shall mature more than nineteen years from the date of the original issue of such bond or note and, in any event, not later than July first, two thousand eight.

3. (a) No note or bond (i) shall mature more than thirty years from the date of the original issue of such note or bond and, in any event, not later than July first, two thousand eight or (ii) shall be issued on a date later than December thirty-first, nineteen hundred eighty-four, unless such note or bond is a renewal or refunding of an outstanding note or bond.

(b) No bond shall be issued by the corporation for a purpose set forth in subparagraph (d) of section three thousand thirty-seven of this article and any note issued for such a purpose shall mature not later than the end of the fiscal year in which it is originally issued.

(c) Whenever all or a portion of a series of notes or bonds of the corporation is issued for a purpose set forth in section three thousand thirty-seven of this article, to the extent that the payment of the proceeds of such series is evidenced by a bond or bonds of the city, not more than one year following a scheduled payment of principal on any such city bond (including sinking fund installments), a substantially equal payment of principal (including sinking fund installments) shall be scheduled with respect to the notes or bonds included in such series of the corporation.

(d) Whenever all or a portion of a series of bonds or notes of the corporation is issued for a purpose set forth in section three thousand thirty-seven-a of this title, the payment of the proceeds of such series of bonds or notes to the city shall be evidenced by a bond or bonds of the city issued in accordance with applicable provisions of the state constitution and local finance law then in effect at the time any such bond or bonds are issued; provided, however, that principal payments on any such issue of city bonds shall in no event be scheduled to fall on a date later than the date on which falls a corresponding amount of scheduled principal payments on the series of bonds of the corporation originally issued to provide such proceeds or issued to refund notes of the corporation issued to provide such proceeds.

4. If the bond resolution or other resolution pursuant to which any obligations of the corporation are issued shall designate, with the approval of any emergency financial control board then established for the city or, if none, then with the approval of the mayor, the corporation may hereafter issue obligations which shall, upon maturity, at the election of the holder thereof if so provided in such obligations, be receivable at full face value and in lieu of cash in payment of any tax of the city, any installment of estimated tax of the city, or any interest or penalties thereon. Any obligations of the corporation so received in payment of any such tax or installment of estimated tax or interest or penalties shall be presented to the corporation for payment to the city.

* NB The corporation shall continue for a term ending the later of July 1, 2008 or one year after its liabilities have been fully paid and discharged per sub 1.

*** § 3034. Administration of the corporation.** 1. The corporation shall be administered by a board of directors, consisting of nine directors, none of whom shall be officers or employees of the federal government or of the state or political subdivisions thereof. All of the directors shall be appointed by the governor with the advice and consent of the senate, provided that four of such directors shall be appointed upon written recommendation of the mayor. Of the directors initially appointed upon the written recommendation of the mayor, one shall serve for a term ending December thirty-first, nineteen hundred seventy-six; one shall serve for a term ending December thirty-first, nineteen hundred seventy-seven; one shall serve for a term ending December thirty-first, nineteen hundred seventy-eight; and one shall serve for a term ending December thirty-first, nineteen hundred seventy-nine. Of the remaining directors initially appointed by the governor, one shall serve for a term ending December thirty-first, nineteen hundred seventy-six; one shall serve for a term ending December thirty-first, nineteen hundred seventy-seven; one shall serve for a term ending December thirty-first, nineteen hundred seventy-eight; and two shall serve for a term ending December thirty-first, nineteen hundred seventy-nine. Each director shall hold office until his successor has been appointed and qualified. Thereafter each director appointed by the governor shall serve a term of four years, except that any director appointed to fill a vacancy shall serve only until the expiration of his predecessor's term.

2. The speaker and the minority leader of the assembly, the president pro-tem and the minority leader of the senate, the city board of estimate acting by majority vote, and the vice-chairman of the city council, shall each be entitled to appoint a representative to the board of directors. Each such representative shall be entitled to receive notice of and to attend all meetings of the board of directors but shall not be entitled to vote. No representative shall be an employee or officer of the federal, state or city governments. Each representative shall serve at the pleasure of the appointing official or body, shall be eligible for reappointment, and shall hold office until his successor has been appointed.

3. The corporation shall have the power to make and execute contracts to pay the expenses of operation of the emergency financial control board for the city of New York, within the appropriation available therefor and including the repayment to the state of any advance to such board under any agreement between the board and the director of the budget, out of any revenues available to the corporation and not otherwise pledged except the proceeds of its notes and bonds.

* NB The corporation shall continue for a term ending the later of July 1, 2008 or one year after its liabilities have been fully paid and discharged per § 3033 sub 1.

*** § 3035. Exchange of notes or bonds of the corporation for short-term obligations of the city.** 1. The corporation may issue its notes or bonds in exchange for short-term obligations of the city, provided that the principal amount of the corporation's notes or bonds issued in any such exchange shall not exceed the principal amount of such short-term obligations and accrued interest thereon at the stated rate to the date of such exchange.

2. (a) Upon or at any time after receipt of the short-term obligations of the city exchanged in accordance with subdivision one hereof, the corporation may deliver any or all of such short-term obligations to the city for cancellation, without receiving payment of principal or interest in respect thereof, in which event the city shall thereupon cancel such obligations without making any payment of principal amount or accrued interest thereon and the city shall have no further liability with respect thereto. Notwithstanding the foregoing, the corporation shall not deliver at any time bond anticipation notes received pursuant to subdivision one to the city for cancellation without receiving payment of principal or interest in respect thereof unless the mayor and the city comptroller shall have requested in writing that such short-term obligations be delivered for cancellation.

(b) Upon or at any time after receipt of the short-term obligations of the city exchanged in accordance with subdivision one hereof the corporation may exchange any or all of such short-term obligations for other short-term obligations issued by the city pursuant to the local finance law and the corporation may exchange any or all of such bond anticipation notes included in such short-term obligations for bonds of the city issued pursuant to the local finance law, all on such terms and conditions as the corporation may deem proper.

3. The corporation shall not exchange any of its bonds or notes for short-term obligations of the city pursuant to subdivision one hereof unless (a) the city shall have agreed to observe the conditions set forth in section three thousand thirty-eight of this chapter, subject to such modifications as are permitted thereunder and as the corporation may then approve, and (b) the board of directors of the corporation shall have determined that the terms of such exchange will not prejudice the rights of holders of other bonds and notes of the city.

* NB The corporation shall continue for a term ending the later of July 1, 2008 or one year after its liabilities have been fully paid and discharged per § 3033 sub 1.

*** § 3036. Payments to the corporation; funds of the corporation.** 1.

Not less than one hundred twenty days before the beginning of each fiscal year of the corporation (but not later than July 1, 1975 for the fiscal year ending June 30, 1976), the chairman of the board of directors of the corporation shall certify to the state comptroller and to the mayor a schedule setting forth the cash requirements of the corporation for such fiscal year and the time or times when such cash is required. The total amount so certified by such chairman for such fiscal year shall be equal to: (i) the amounts which are required to be deposited in the capital reserve fund authorized to be created and established pursuant to subdivision three of this section during such fiscal year in order to maintain such capital reserve fund of the corporation at the level required in accordance with subdivision five of this section; (ii) the amounts required to be deposited in the debt service fund of the corporation to pay all interest and all payments of principal and redemption premium, if any, on notes and bonds secured by such debt service fund maturing or otherwise coming due during such fiscal year; and (iii) the amounts required to be deposited in the operating fund of the corporation, as determined by the corporation, to meet the operating requirements and other expenses of the corporation during such fiscal year. If any increase shall occur in the cash requirements specified above, or if payments are required at a time or times earlier than previously certified or if the city shall for any reason fail to make timely payment of the principal and accrued interest due on any obligation issued by the city to the corporation and maturing within the same fiscal year, such chairman shall certify a revised schedule of cash requirements for such fiscal year to the state comptroller and to the mayor. The schedule accompanying each certification (or revision thereof) shall provide for such payment dates as the corporation deems appropriate to assure that sufficient funds will be available from the sources identified below to enable it to meet its current obligations as they come due. Upon receipt of such certification, or any revision thereof, the state comptroller shall pay such amount to the corporation for deposit in the appropriate funds, in accordance with such certification from the special account established for the corporation in the municipal assistance tax fund, in accordance with subdivision one of section ninety-two-d of the state finance law, including any amount transferred to the municipal assistance tax fund from the stock transfer tax fund pursuant to subdivision four of section 92-b of the state finance law. Any such payment shall be made within thirty days of receipt of the certification or at the time specified in the certification, whichever is later; provided that any such amounts shall have been first appropriated by the state for such purpose or shall have been otherwise made available. Any amount so paid to the corporation shall be deducted from the amount otherwise payable to the city from the municipal assistance tax fund established by section ninety-two-d of the state finance law and shall not obligate the state to make, nor entitle the city to receive, any additional payments.

2. Notwithstanding subdivision one of this section, prior to any transfers from the stock transfer tax fund to the municipal assistance tax fund, moneys, if any, payable to any other public benefit corporation from such fund pursuant to the provision of any law, the effective date of which is prior to the effective date of this title, shall be paid in full to such other corporation.

3. The corporation shall create and establish a special fund (herein referred to as capital reserve fund), and shall pay into such capital reserve fund (i) any moneys appropriated and made available by the state for the purposes of such fund, (ii) any proceeds of sale of notes or bonds, to the extent provided in the resolution of the corporation authorizing the issuance thereof, and (iii) any other moneys which may be made available to the corporation for the purpose of such fund from any other source or sources. All moneys held in the capital reserve fund, except as hereinafter provided, shall be used solely for the payment of the principal of bonds secured by such capital reserve fund of the corporation, as the same mature or otherwise become due, the purchase of such bonds of the corporation, the payment of interest of such bonds of the corporation or the payment of any redemption premium required to be paid when such bonds are redeemed prior to maturity. If the amount contained in the capital reserve fund exceeds the amount required to be contained in such fund pursuant to this subdivision three of this section plus any additional amounts required to be contained in such fund pursuant to the terms of issuance of any bonds or notes, such excess moneys may be withdrawn from the capital reserve fund by the

corporation; provided, however, that moneys in such fund shall not be withdrawn therefrom at any time in such amounts as would reduce the amount of such fund to less than the amount of principal and interest maturing or otherwise becoming due in the succeeding calendar year on all bonds of the corporation secured by such capital reserve fund then outstanding, except for the purpose of paying principal of and interest on such bonds of the corporation maturing or otherwise due or becoming due and for the payment of which other moneys of the corporation are not available. Any income or interest earned by, or increment to, the capital reserve fund due to the investment thereof may be transferred by the corporation to any other fund of the corporation to the extent it does not reduce the amount of the capital reserve fund below the amount of principal and interest maturing or otherwise due or becoming due in the succeeding calendar year on all bonds of the corporation secured by such capital reserve fund then outstanding.

4. In order further to assure the maintenance of the capital reserve fund, there shall be annually appropriated and paid to the corporation for deposit in the capital reserve fund such sum, if any, as shall be certified by the chairman to the governor and director of the budget as necessary to restore the capital reserve fund to an amount equal to the capital reserve fund requirement. The chairman of the board of directors of the corporation shall, annually, on or before December first, make and deliver to the governor and director of the budget his certificate stating the sum, if any, required to restore the capital reserve fund to the amount aforesaid; and the sum or sums so certified, if any, shall be appropriated and paid to the corporation during the then current state fiscal year.

5. The corporation shall not issue bonds at any time if the amount of principal and interest maturing or otherwise due or becoming due in the succeeding calendar year on such bonds then to be issued and on all other bonds of the corporation secured by such capital reserve fund then outstanding will exceed the amount of the capital reserve fund requirement with respect to such capital reserve fund at the time of issuance, unless the corporation, at the time of such issuance, shall deposit in the capital reserve fund from the proceeds of the bonds so to

be issued, or otherwise, an amount which, together with the amount then in such fund, will be not less than the amount of principal and interest maturing or otherwise due or becoming due in the succeeding calendar year on such bonds then to be issued and on all other bonds of the corporation secured by such capital reserve fund then outstanding (such amount is herein sometimes referred to as the capital reserve fund requirement). Notwithstanding the foregoing provisions of this subdivision for each of the calendar years set forth below the capital reserve fund requirement, as of any date of calculation, shall equal the percentage set forth opposite such calendar year of the amount of principal and interest maturing or otherwise due or becoming due during such calendar year on all bonds of the corporation secured by such capital reserve fund outstanding on such date:

Calendar Year	Percentage
1975	0%
1976	0%
1977	25%
1978	50%
1979	75%
1980	100%

6. In computing the amount of the capital reserve fund for the purposes of this section securities in which all or a portion of such fund shall be invested shall be valued at par or if purchased at other than par, at amortized value.

7. The corporation shall create a debt service fund and an operating fund and may create and establish such other fund or funds as may be necessary or desirable for its corporate purposes.

8. The fiscal year of the corporation shall be the same as the fiscal year of the city.

* NB The corporation shall continue for a term ending the later of July 1, 2008 or one year after its liabilities have been fully paid and discharged per § 3033 sub 1.

*** § 3036-a. Further payments to the corporation; additional funds of the corporation.** 1. In addition to the total amount certified by such chairman for such fiscal year, all as referred to in subdivision one of section three thousand thirty-six, the chairman shall at the same time certify to the state comptroller and to the mayor a schedule setting forth additional cash requirements of the corporation which shall be equal to: (i) the amounts which are required to be deposited in the capital reserve fund authorized to be created and established pursuant to subdivision two of this section (in this section called the capital reserve fund) during such fiscal year in order to maintain the capital reserve fund at the level required in accordance with subdivision four of this section; (ii) the amounts required to be deposited in the bond service fund of the corporation to pay all interest and all payments of principal and redemption premium, if any, on notes and bonds payable from the sources hereinafter identified in this section and maturing or otherwise coming due during such fiscal year; and (iii) the amounts required to be deposited in the operating fund of the corporation heretofore established, as determined by the corporation, to meet the operating requirements and other expenses of the corporation during such fiscal year. If any increase shall occur in such additional cash requirements specified above, or if payments are required at a time or times earlier than previously certified or if the city shall for any reason fail to make timely payment of the principal and accrued interest due on any obligation issued by the city to the corporation and maturing within the same fiscal year, such chairman shall certify a revised schedule of such additional cash requirements for such fiscal year to the state comptroller and to the mayor. The schedule accompanying each certification (or revision thereof) shall provide for such payment dates as the corporation deems appropriate to assure that sufficient funds will be available from the sources identified below to enable it to meet its current obligations under this section as they come due. Upon receipt of such certification, or any revision thereof, the state comptroller shall pay such amount to the corporation for deposit in the appropriate funds referred to in this section, in accordance with such certification from the special account established for the corporation in the municipal assistance state aid fund in accordance with subdivision one of section ninety-two-e of the state finance law and, subject to agreements with outstanding bond and note holders of the corporation, from the special account established for the corporation in the municipal assistance tax fund, in accordance with subdivision one of section ninety-two-d of the state finance law, including any amount transferred to the municipal assistance tax fund from the stock transfer tax fund pursuant to subdivision four of section ninety-two-b of the state finance law. Any such payment shall be made within thirty days of receipt of the certification or at the time specified in the certification, whichever is later; provided that any such amounts shall have been first appropriated by the state for such purpose or shall have been otherwise made available. Any amount paid to the corporation from such municipal assistance state aid fund shall be deducted from the amount otherwise payable to the city as per capita aid pursuant to sections fifty-four and ninety-two-e of the state finance law and shall not obligate the state to make, nor entitle the city to receive, any additional payments of per capita aid. Any amount so paid to the corporation from the municipal assistance tax fund shall, in addition to the amount deducted pursuant to subdivision one of section three thousand thirty-six, be deducted from the amount otherwise payable to the city from the municipal assistance tax fund and shall not obligate the state to make, nor entitle the city to receive, any additional payments from such municipal assistance tax fund.

2. The corporation shall create and establish a capital reserve fund as an additional special fund, and shall pay into such capital reserve fund (i) any moneys appropriated and made available by the state for the purposes of such fund, (ii) any proceeds of sale or notes or bonds, to the extent provided in the resolution of the corporation authorizing the issuance thereof, and (iii) any other moneys which may be made available to the corporation for the purpose of such fund from any other source or sources. All moneys held in the capital reserve fund, except as hereinafter provided, shall be used solely for the payment of the principal of bonds secured by such capital reserve fund of the corporation, as the same mature or otherwise become due, the purchase of such bonds of the corporate, the payment of interest on such bonds of the corporation or the payment of any redemption premium required to be

paid when such bonds are redeemed prior to maturity. If the amount contained in the capital reserve fund exceeds the amount required to be contained in such fund pursuant to this subdivision of this section plus any additional amounts required to be contained in such fund pursuant to the terms of issuance of any bonds or notes secured by such capital reserve fund, such excess moneys may be withdrawn from the capital reserve fund by the corporation; provided, however, that moneys in such fund shall not be withdrawn therefrom at any time in such amounts as would reduce the amount of such fund to less than the amount of principal and interest maturing or otherwise due or becoming due in the succeeding calendar year on all bonds of the corporation secured by such capital reserve fund then outstanding, except for the purpose of paying principal of and interest on such bonds of the corporation maturing or otherwise becoming due and for the payment of which other moneys of the corporation are not available. Any income or interest earned by, or increment to, the capital reserve fund due to the investment thereof may be transferred by the corporation to any other fund of the corporation to the extent it does not reduce the amount of the capital reserve fund below the amount of principal and interest maturing or otherwise due or becoming due in the succeeding calendar year on all bonds of the corporation secured by such capital reserve fund then outstanding.

3. In order further to assure the maintenance of the capital reserve fund, there shall be annually appropriated and paid to the corporation for deposit in the capital reserve fund such sum, if any, as shall be certified by the chairman to the governor and director of the budget as necessary to restore the capital reserve fund to an amount equal to the capital reserve fund requirement. The chairman of the board of directors of the corporation shall, annually, on or before December first, make and deliver to the governor and director of the budget his certificate stating the sum, if any, required to restore the capital reserve fund to the amount aforesaid; and the sum or sums so certified, if any, shall be appropriated and paid to the corporation during the then current state fiscal year.

4. The corporation shall not issue bonds secured by the capital reserve fund at any time if the amount of principal and interest

maturing or otherwise due or becoming due in the succeeding calendar year on such bonds then to be issued and on all other such bonds of the corporation then outstanding will exceed the amount of the capital reserve fund requirement at the time of issuance, unless the corporation, at the time of such issuance, shall deposit in the capital reserve fund from the proceeds of the bonds so to be issued, or otherwise, an amount which, together with the amount then in such fund, will be not less than the amount of principal and interest maturing or otherwise due or becoming due in the succeeding calendar year on such bonds then to be issued and on all other bonds of the corporation secured by such capital reserve fund then outstanding (such amount is herein sometimes referred to as the capital reserve fund requirement). Notwithstanding the foregoing provisions of this subdivision for each of the calendar years set forth below the capital reserve fund requirement, as of any date of calculation, shall equal the percentage set forth opposite such calendar year of the amount of principal and interest maturing or otherwise due or becoming due during such calendar year on all bonds of the corporation secured by the capital reserve fund outstanding on such date:

Calendar Year	Percentage
1975	0%
1976	0%
1977	25%
1978	50%
1979	75%
1980	100%

5. In computing the amount of the capital reserve fund for the purposes of this section securities in which all or a portion of such fund shall be invested shall be valued at par or if purchased at other

than par, at amortized value.

6. The corporation shall create a bond service fund.
* NB The corporation shall continue for a term ending the later of July 1, 2008 or one year after its liabilities have been fully paid and discharged per § 3033 sub 1.

*** § 3036-b. Further payments to the corporation; additional funds of the corporation.** 1. In addition to the total amount certified by such chairman for such fiscal year, all as referred to in subdivision one of each of sections three thousand thirty-six and three thousand thirty-six-a of this title, the chairman shall at the same time certify to the state comptroller and to the mayor a schedule setting forth additional cash requirements of the corporation which shall be equal to: (i) the amounts required to be deposited in the bond payment fund of the corporation to pay all interest and all payments of principal and redemption premium, if any, on bonds and notes payable from the sources hereinafter identified in this section and maturing or otherwise coming due during such fiscal year; (ii) the amounts required to be deposited in the operating fund of the corporation heretofore established, as determined by the corporation, to meet the operating requirements and other expenses of the corporation during such fiscal year to the extent not otherwise provided for; and (iii) the amounts required to be deposited in the bond reserve fund created and established pursuant to the agreements of the corporation made with the holders of its bonds or notes issued pursuant to subdivision two-b of section three thousand thirty-three of this title during such fiscal year in order to maintain the bond reserve fund at the level required in accordance with the agreements of the corporation made with the holders of its bonds or notes issued pursuant to subdivision two-b of section three thousand thirty-three of this title. If any increase shall occur in such additional cash requirements specified above, or if payments are required at a time or times earlier than previously certified or if the city shall, for any reason, fail to make timely payment of the principal and accrued interest due on any obligation issued by the city to the corporation and maturing within the same fiscal year, such chairman shall certify a revised schedule of such additional cash requirements for such fiscal year to the state comptroller and to the mayor. The schedule accompanying each certification, or revision thereof, shall provide for such payment dates as the corporation deems appropriate to assure that sufficient funds will be available from the sources identified below to enable it to meet its current obligations under this section as they come due. Upon receipt of such certification, or any revision thereof, the state comptroller shall pay such amount to the corporation for deposit in the appropriate funds referred to in this section, in accordance with such certification and subject to agreements with holders of outstanding bonds and notes of the corporation, from the special account established for the corporation in the municipal assistance state aid fund in accordance with subdivision one of section ninety-two-e of the state finance law and from the special account established for the corporation in the municipal assistance tax fund in accordance with subdivision one of section ninety-two-d of the state finance law, including any amount transferred to the municipal assistance tax fund from the stock transfer tax fund pursuant to subdivision four of section ninety-two-b of the state finance law. Any such payment shall be made within thirty days of receipt of the certification or at the time specified in the certification, whichever is later; provided that any such amounts shall have been first appropriated by the state for such purpose or shall have been otherwise made available. Any amount paid to the corporation from such municipal assistance state aid fund, in addition to the amount deducted pursuant to subdivision one of section three thousand thirty-six-a of this title, shall be deducted from the amount otherwise payable to the city as per capita aid pursuant to sections fifty-four and ninety-two-e of the state finance law and shall not obligate the state to make, nor entitle the city to receive, any additional payments of per capita aid. Any amount so paid to the corporation from the municipal assistance tax fund, in addition to the amount deducted pursuant to subdivision one of each of section three thousand thirty-six or three thousand thirty-six-a of this title, shall be deducted from the amount otherwise payable to the city from the municipal assistance tax fund and shall not obligate the state to make, nor entitle the city to receive, any additional payments from such municipal assistance tax fund.

2. The provisions of subdivision four of section three thousand thirty-six and subdivision three of section three thousand thirty-six-a of this title shall not apply to any bonds or notes issued pursuant to subdivision two-b of section three thousand thirty-three of this title, including any bonds or notes issued to fund the bond reserve fund established pursuant to this section or to refund any such bond or note, and the principal of and interest on any such bond or note shall not be payable from or secured by the capital reserve funds established pursuant to sections three thousand thirty-six and three thousand thirty-six-a of this title.

3. The corporation shall create a bond payment fund.

* NB The corporation shall continue for a term ending the later of July 1, 2008 or one year after its liabilities have been fully paid and discharged per § 3033 sub 1.

*** § 3037. Payments to or purchases of obligations of the city.** In the event that the mayor from time to time certifies to the corporation an amount required by the city to enable it (a) to pay, at maturity, the principal of and interest on any short-term obligations of the city, or (b) to pay for any item which is permitted by law to be included in the city's capital budget for the fiscal year for which such certification is made, including payments to reimburse the general fund for moneys advanced and expended for any such item, or (c) to make any payment in a fiscal year to the extent the mayor certifies such payment will have the effect of reducing from the then existing level the city's requirements for an advance by the state, during such fiscal year or the succeeding fiscal year, of state assistance moneys payable to the city, or (d) to meet its seasonal borrowing requirements for the fiscal year in which such certification is made, or (e) to pay operating expenses of the city other than those included in subparagraph (b), (c) or (d) hereof, the corporation may (i) pay to the city, or (ii) purchase from the city obligations hereafter issued by the city in an amount equivalent to, part or all of such certified amount. Moneys paid to the city pursuant to clause (i) or (ii) of this section shall be held in trust for the payment of short-term obligations or shall be used to make the payment for which such moneys have been so certified. Any obligations issued by the city and purchased by the corporation pursuant to this section in consideration of the payments made to the city pursuant to subparagraph (a) or (e) hereof shall mature on a date not later than fifteen years from the original date of issue of such obligations. The corporation shall not make any payment to the city, or purchase any obligations from the city, pursuant to this section unless the city shall have agreed to observe the conditions set forth in section three thousand thirty-eight of this chapter, subject to such modifications as are permitted thereunder. The outstanding amounts paid to the city for operating expenses which are described in subparagraph (e) hereof pursuant to clause (i) and clause (ii) of this section shall not exceed two billion dollars, provided that not more than nine hundred million dollars shall be obligations maturing in a fiscal year succeeding the fiscal year in which issued (of which not less than seven hundred fifty million dollars shall be applied for welfare or public education purposes, as to which state assistance payments have been or will be advanced to the city) and shall be evidenced by city obligations, and any balance shall be short term obligations payable in the fiscal year in which issued.

The outstanding amounts paid to the city for a purpose set forth in subparagraph (b) hereof, other than to pay for expense items permitted to be included in the capital budget of the city pursuant to subdivision five of section three thousand thirty-eight of this article, shall be evidenced by city bonds. Nothing herein shall be construed to prevent the corporation from acquiring from the city obligations issued by the city pursuant to the local finance law which evidence amounts paid to the city by the corporation for other purposes.

Nothing contained in this article shall be deemed to create an object or purpose or to establish or extend a period for which a city bond may be issued pursuant to the local finance law, or to create authority for the city to issue a bond payable from a tax on real estate levied outside the limit imposed by the state constitution on the amount to be raised by tax on real estate for local purposes other than debt service, or to modify, amend, repeal, or rescind any other provision of the local finance law governing the issuance by the city of its bonds or the payment of principal and interest thereon.

At all times after receipt of short-term obligations, other than bond anticipation notes, of the city acquired pursuant to this section, the corporation shall have the same rights and powers with respect to such short-term obligations as the corporation shall have with respect to short-term obligations, other than bond anticipation notes, of the city received pursuant to subdivision one of section three thousand thirty-five of this article. The corporation shall have the same rights and powers with respect to bond anticipation notes and bonds so received as the corporation shall have with respect to bond anticipation notes received pursuant to subdivision one of section three thousand thirty-five; provided that the corporation shall not deliver any bond received pursuant to this section for cancellation unless the city pays the principal amount and accrued interest thereon or pays accrued interest and exchanges such bond for another bond of the city in equal principal amounts in refunding thereof, and provided further that the corporation may not sell or transfer to any person other than the city any bond of the city acquired by it pursuant to this section unless the mayor and the city comptroller have requested in writing that the corporation sell or transfer such bond and, if such bond be sold or transferred at private sale, unless the terms of such sale have been approved by the city comptroller.

For purposes of this section, the term "seasonal borrowing requirements" means amounts which are required by the city to enable it to pay current operating expenses, provided such expenses are included in an expense budget of the city balanced in accordance with the provisions of section three thousand thirty-eight of this title and such amounts are required solely because the city's revenues and expenditures, even when in balance on an annual basis, are not received and disbursed at equivalent rates throughout the year.

* NB The corporation shall continue for a term ending the later of July 1, 2008 or one year after its liabilities have been fully paid and discharged per § 3033 sub 1.

*** § 3037-a. Funding capital projects.** The amounts paid to the city for purposes set forth in subparagraph (b) of section three thousand thirty-seven of this title, in addition to all other authorized amounts, shall include amounts required by the city (i) to fund eight hundred sixty-five million dollars of capital commitments to the New York city transit authority in accordance with the following schedule for the fiscal years ending on June thirtieth in the following years: nineteen hundred ninety, seventy million dollars; nineteen hundred ninety-one, seventy million dollars; nineteen hundred ninety-two, seventy-five million dollars; nineteen hundred ninety-three, one hundred million dollars; nineteen hundred ninety-four, one hundred ten million dollars; and nineteen hundred ninety-five, four hundred forty million dollars; and (ii) to fund six hundred million dollars of capital commitments to the New York city school construction authority in eight equal annual installments of seventy-five million dollars beginning in the fiscal year ending on June thirtieth, nineteen hundred ninety. All such amounts shall be paid by the corporation to the city in accordance with the provisions of paragraph (d) of subdivision three of section three thousand thirty-three of this title.

* NB The corporation shall continue for a term ending the later of July 1, 2008 or one year after its liabilities have been fully paid and discharged per § 3033 sub 1.

*** § 3038. Conditions on extension of benefits to the city.** The corporation shall, at the time of any exchange of the corporation's bonds and notes for short-term obligations of the city pursuant to subdivision two of section three thousand thirty-five of this chapter or any payment of funds of the corporation to the city or of any purchase from the city of its obligations pursuant to section three thousand thirty-seven of this chapter, require the city to agree to observe and perform the conditions set forth below in this section, with such limitations as to the implementation of such conditions as the corporation may, subject to any contract with bondholders or noteholders, then approve; provided, however, that no such specific limitations shall be so substantial as to effectively constitute a waiver of any such conditions. Any such conditions may thereafter, in the discretion of the corporation, subject to any contract with bondholders or noteholders, be further limited. Such conditions shall cease to apply when all notes and bonds have been repaid or when the corporation has accumulated in its capital reserve funds or otherwise an amount equal to the principal of all outstanding notes and bonds and interest accrued thereon. The city shall have the right at any time to pay the corporation an amount which, when added to the capital reserve funds, shall equal the principal of all outstanding notes and bonds and interest accrued thereon and redemption premium if any. If the city makes such payment at a time when the corporation has outstanding notes or bonds that are not then callable, the city shall agree to pay the corporation on demand an amount equal to the amount, if any, by which the amount of interest on such notes or bonds shall exceed the corporation's income from the investment of its funds. Subject to the foregoing, the conditions that the corporation shall require the city to observe and perform shall be as follows:

1. The city shall deliver a certificate, executed by the mayor and the city comptroller in form prescribed by the corporation, (a) representing that the city is in compliance with the conditions described below in this section as the corporation may specify, (b) undertaking to comply with any of such specified conditions as the corporation may then require and (c) stating that all local legislative and executive action then required to permit such compliance by the city has been taken. The corporation may require the delivery with such certificate of an opinion of the city's corporation counsel that all such legislative and executive action has been taken.

2. (a) The city shall, within ninety days after the first such agreement, initiate steps to adopt as the city's method of accounting for purposes of reporting to the corporation with respect to the city's financial condition and compliance with the conditions of this section, the accounting principles set forth in the state comptroller's uniform system of accounts for municipalities, as the same may be modified by the state comptroller, in consultation with the city comptroller, for application to the city. The city shall complete the transition to such

accounting method as promptly as reasonably practicable thereafter and, in any event, so that the audited financial statements for the fiscal year ending June thirtieth, nineteen hundred seventy-eight shall be prepared in accordance with such accounting methods, except as provided below in this subdivision. It is recognized that the adoption of such accounting principles may result in substantial adjustments from the accounting principles now followed by the city. The corporation and the city shall consult, over the course of the introduction and adoption of such accounting system and the accounting methods referred to in section eight of the New York state financial emergency act for the city of New York, and until the expiration of the fiscal year ending June thirtieth, nineteen hundred seventy-eight, the corporation and the city may formulate a mutually acceptable method of phasing such adjustments into the accounting system described in this paragraph over such reasonable period, not exceeding ten years, as the corporation may determine to be appropriate and the financial statements and other information to be furnished to the corporation may, notwithstanding any other provision of this section three thousand thirty-eight be prepared in accordance with such determination.

(b) For the fiscal year ending June thirtieth, nineteen hundred seventy-nine, and for each fiscal year thereafter, the city's expense budget shall be prepared in accordance with the provisions of section eight of the New York state financial emergency act for the city of New York.

3. The city shall take such action as may be necessary to enable the state comptroller, or at his election an independent certified public accounting firm retained by the city but satisfactory to the state comptroller, to perform an annual audit and to furnish to the corporation an annual report, for the fiscal year ending June thirtieth, nineteen hundred seventy-eight upon the financial statements of the city. For each subsequent fiscal year the city shall take such action as may be necessary to enable a nationally recognized independent certified public accounting firm selected and retained by the city at its cost in accordance with the provisions of section seven-a of the New York state financial emergency act for the city of New York to perform an annual audit and to furnish to the corporation an annual report upon the

financial statements of the city. Each such report shall be prepared in accordance with the accounting method prescribed under subdivision two of this section. The city shall make available for inspection and copying all books, records, work papers and other data and material as required by the state comptroller or the independent certified public accounting firm conducting such audit and the city shall make its officers and employees available to and shall cooperate with such auditors so as to permit such annual audit to be completed and the report issued to the city and to the corporation within one hundred twenty days after the close of the fiscal year. Such report shall be made available to the public promptly thereafter.

4. Beginning with the fiscal year ending June thirtieth, nineteen hundred seventy-seven and for each fiscal year thereafter, the city shall deliver a proposed expense budget to the corporation. Delivery to the corporation shall be made concurrently with the initial submission of the proposed expense budget to the board of estimate and the city council, but in any event not later than fifty days prior to the beginning of such fiscal year or such other date as the corporation may approve upon the request of the city. Beginning with the fiscal year ending June thirtieth, nineteen hundred seventy-eight, and for each fiscal year thereafter, the proposed expense budget submitted to the corporation shall be prepared in accordance with the accounting methods referred to in subdivision two of this section. Such budget shall be identical to the proposed expense budget submitted to the board of estimate and city council. The proposed expense budget delivered to the corporation shall be accompanied by (i) a statement setting forth in detail the assumptions of income and expense used in its preparation, (ii) for the fiscal year ending June thirtieth, nineteen hundred seventy-eight, a reconciliation of the differences, if any, between such proposed expense budget and the proposed expense budget based on the applicable accounting methods set forth in subdivision two a of this section but without adjustments or modifications permitted by this title, and for each subsequent fiscal year a reconciliation between such proposed expense budget and the proposed budget based on the principles described in section eight of the New York state financial emergency act for the city of New York, and (iii) a certificate of the mayor stating

that such assumptions are reasonable and that operation within the budget is feasible and explaining the reasons for any differences therein from the proposed expense budget described in clause (ii) above. Subject to and in accordance with the provisions of section eight of the New York state financial emergency act for the city of the New York, as the same may be amended from time to time, the city shall in every fiscal year adopt and maintain an expense budget in which the total of all income items equals or exceeds the total of all expenditure items. For the fiscal year ending June thirtieth, nineteen hundred seventy-eight and each subsequent fiscal year the total of all income items shall also equal or exceed the total of all expenditure items in each expense budget as adopted by the city, after the adjustments, if any, required to conform to the accounting methods referred to in subdivision two of this section (except as may be modified by the application of subdivision five of this section) and the city shall also maintain a budget balanced in accordance with such accounting principles. Prior to July first, nineteen hundred eighty-two and notwithstanding any other provision of this section to the contrary, any expense item in the expense budget for any fiscal year, which item relates to contributions by the city or other public employer to any retirement system or pension fund, shall include only the amounts which, under the provisions of law, rules or regulations expressly prescribing the method of determining employer contributions to such retirement system or pension fund and the time of payment thereof, are due and payable in such fiscal year, and no such expense item shall include amounts for any such contribution which, under such laws, rules or regulations, do not become due and payable in such fiscal year.

5. The city shall, over a period of six fiscal years, beginning with its fiscal year ending June thirtieth, nineteen hundred seventy-seven, eliminate from its capital budget those expenses that are properly includable only in its expense budget, as determined in accordance with the accounting principles set forth in the state comptroller's uniform system of accounts for municipalities, as the same may be modified by the state comptroller, in consultation with the city comptroller, for application to the city. The determination of which items are properly includable only in the city's expense budget shall be made in accordance

with the aforesaid accounting principles regardless of any act of the legislature prior or subsequent to the effective date of this title otherwise classifying such items. To implement the foregoing:

(a) The mayor and the city comptroller shall, not later than October thirty-first, nineteen hundred seventy-five, certify to the corporation, a list, to the best of their information, of the expense items in the city's capital budget for the fiscal year ending June thirtieth, nineteen hundred seventy-six, and the amount of each such item;

(b) The comptroller (or the independent certified public accounting firm then retained pursuant to subdivision three of this section) shall prepare a determination of and shall report upon the expense items and the amount thereof in the city's capital budget for the fiscal year ending June thirtieth, nineteen hundred seventy-six and for each subsequent fiscal year, in accordance with the aforesaid accounting principles. Such report shall also include a statement as to the city's compliance with the conditions of this subdivision for the fiscal year reported upon and in the budget for the succeeding fiscal year;

(c) Unless the corporation shall approve the inclusion of a greater amount with respect to any such fiscal year, the aggregate amount of all such expense items included in the capital budget, including judgments and claims related to other than capital projects, for the fiscal year ending June thirtieth, nineteen hundred seventy-seven and for the following fiscal year shall be reduced at the cumulative rate of ten percent per year from the aggregate amount for the nineteen hundred seventy-six fiscal year set forth in the report provided for under paragraph (b) of this subdivision (or set forth in the certification under paragraph (a) of this subdivision if such report has not then been prepared). For the fiscal year ending June thirtieth, nineteen hundred seventy-nine the maximum aggregate amount of all such expense items included in the capital budget shall be four hundred fifty million dollars and for each of the following two fiscal years the aggregate amount of all such expense items included in the capital budget shall be substantially reduced from the aggregate amount for the nineteen hundred seventy-nine fiscal year. For the fiscal year ending June thirtieth, nineteen hundred eighty-two and thereafter, no such expense items shall be included in the city's capital budget;

(d) For the fiscal year ending June thirtieth, nineteen hundred seventy-seven and continuing thereafter, the city shall not include any new or additional item in its capital budget which, in accordance with the aforesaid accounting principles, is properly includable only in its expense budget; and

(e) To implement this subdivision, and in order to provide full disclosure of all expense items properly includable only in the expense budget, the city shall include in its expense budget for each fiscal year by appropriation all expense items which are included in its capital budget for such fiscal year pursuant to paragraph (c) of this subdivision including judgments and claims related to other than capital projects, such items shall be stated separately and distinctly and the city may include in such expense budget as items of income, in addition to all other items of income properly includable in such expense budget pursuant to this section, all amounts to be applied to the payment of such expense items, which amounts may be derived from any source available to the city during such fiscal year, provided that such income shall be listed separately and distinctly.

6. If after the adoption of the expense budget for any fiscal year, any increase therein, or an increase in total expenditures shall be proposed, the mayor shall cause such proposal to be submitted to the corporation concurrently with its submission to the board of estimate and the city council, together with a statement of the source of current income or other identifiable and currently available funds required for the payment of such additional amounts.

7. Commencing at such time as the corporation may specify, but not later than December 1, 1975 the city budget director shall deliver to the corporation, not less than thirty days before each fiscal quarter (except, within thirty days after the commencement of the first fiscal quarter), an expenditure plan to implement the city expense budget for such fiscal quarter and within amounts based on current income or other identifiable and currently available funds. The city budget director shall deliver to the corporation within thirty days after the end of each such fiscal quarter covered by an expenditure plan, an operations report reflecting results of city operations for such fiscal quarter and whether the city has operated within the related expenditure plan. Each

expenditure plan and operations report shall be in such form as the corporation may specify and shall be certified by the city budget director and shall detail and report upon action taken by the city to maintain a balanced expense budget.

8. The city shall comply in all material respects with the expenditure limitations in its budgets as adopted or modified in accordance with subdivisions four and six of this section, and with section eight of the New York state financial emergency act for the city of New York as the same may from time to time be amended.

9. a. The city shall not, at any time issue any short-term obligations which would cause the aggregate principal amount of its outstanding short-term obligations plus the aggregate principal amount of all notes and bonds issued by the corporation (less any notes or bonds of the corporation which have been refunded, renewed, redeemed, paid or cancelled and less any notes and bonds deemed to have been paid pursuant to the provisions of any contract with noteholders or bondholders and less any notes other than notes issued in anticipation of the issuance of bonds of the corporation, or bonds of the corporation issued for a purpose set forth in subparagraph (b) of section three thousand thirty-seven or in subparagraph eighteen of section three thousand ten of this article, and less any notes other than notes issued in anticipation of the issuance of bonds of the corporation, or bonds of the corporation issued for the purpose of making deposits into any of its capital reserve funds, and less any short-term obligations of the city then held by the corporation) to exceed (i) six billion six hundred million (hereinafter called the base debt limit) plus (ii) an additional amount, not exceeding ten percent of the base debt limit; provided, however, that during the fiscal years ending June 30, 1976 and 1977 such additional amount may not exceed thirty per cent of the base debt limit, during the fiscal year ending June 30, 1978 the additional amount may not exceed twenty-five per cent of the base debt limit, during the fiscal year ending June 30, 1979, the additional amount may not exceed twenty per cent of the base debt limit, and during the fiscal year ending June 30, 1980 the additional amount may not exceed fifteen per cent of the base debt limit.

b. In addition to the foregoing limitation the city shall not, at any date, issue any short-term obligations which would cause the aggregate principal amount of its outstanding short-term obligations (excluding bond anticipation notes) plus the aggregate principal amount of all notes and bonds issued by the corporation (less (i) any notes or bonds which have been refunded or renewed and any notes or bonds in an amount equal to the aggregate principal amount of bond anticipation notes of the city acquired by the corporation, whether or not then held by the corporation (except bond anticipation notes of the city acquired by the corporation in consideration of the surrender by the corporation to the city of bond anticipation notes of the city), and any notes or bonds issued for a purpose set forth in subparagraph (b), (c) or (d) of section three thousand thirty-seven, in subdivision two-a of section three thousand thirty-three, or subparagraph eighteen of section three thousand ten of this article, and less any notes or bonds of the corporation issued for the purpose of making deposits into any of its capital reserve funds, (ii) any short-term obligations of the city then held by the corporation other than bond anticipation notes and (iii) any short-term obligations of the city issued and payable within the same fiscal year) to exceed four billion five hundred million dollars plus, in the discretion of the board of directors, an additional amount not exceeding five hundred million dollars plus, in the discretion of the board of directors, until June thirtieth, nineteen hundred seventy-six, a further additional amount not exceeding two hundred million dollars.

c. Notwithstanding any other provision of this act, the corporation shall not have the authority to modify or waive the limitations on the aggregate amount of outstanding short-term obligations of the city permitted to be outstanding in excess of the limits specified in paragraphs (a) and (b) of this subdivision.

d. Not less than twenty days prior to the issuance of any short-term obligations by the city, other than such obligations to be issued to the corporation, on or after July first, nineteen hundred seventy-five, the city comptroller shall deliver to the corporation a notice of intent to issue such obligations, specifying the amount and proposed terms thereof and the authority under which such obligations are proposed to be issued, together with a certificate of the city budget director specifying the purpose and the proposed source of funds for the redemption thereof. The city comptroller and the city budget director shall provide such additional information and shall be available for consultation as the corporation may request. If, within ten days after the receipt of such a notice from the city, the corporation determines after consultation with the city comptroller and the city budget director, that the issuance of such obligations would violate the limitation of this subdivision, the corporation shall deliver to the city comptroller a certified copy of such determination within such 10-day period and the city comptroller shall not thereafter issue such obligations.

* NB The corporation shall continue for a term ending the later of July 1, 2008 or one year after its liabilities have been fully paid and discharged per § 3033 sub 1.

*** § 3039. Review by the corporation.** In order to determine whether the city has taken or is taking action to effect compliance with any conditions imposed pursuant to section three thousand thirty-eight of this chapter, the corporation may from time to time conduct a review of the records, accounts, budgets, forecasts, projections and other relevant materials of the city. The corporation may conduct such review by using (i) its own employees, (ii) its agents, or (iii) any state employees provided to the corporation for such purpose. The city shall make available for such review all books and records, and shall furnish copies of all financial statements, budgets, forecasts, projections, information or corrective action taken by the city in response to any notices from the corporation and all information related to the foregoing, as requested by the persons conducting such review, and shall make its officers and employees available to and shall otherwise cooperate with such persons to permit such review to be completed as promptly as possible.

* NB The corporation shall continue for a term ending the later of July 1, 2008 or one year after its liabilities have been fully paid and discharged per § 3033 sub 1.

*** § 3040. Remedies of the corporation.** 1. The corporation shall cause each proposed expense budget, including related revenue estimates, submitted to it pursuant to subdivision four of section thirty hundred thirty-eight of this chapter, each report on expense items in the capital budget submitted to it pursuant to subdivision five of such section, each proposed modification furnished to it pursuant to subdivision six of such section and each expenditure plan and operations report submitted to it pursuant to subdivision seven of such section, to be reviewed promptly by the corporation's staff or designee.

2. If, within forty-five days after such receipt of a proposed expense budget, report on expense items, expenditure plan or operations report, or, if within thirty days after such receipt of a proposed modification, the board of directors shall, in its judgment, determine that any such expense budget will not be balanced in accordance with the provisions of subdivision four of section three thousand thirty-eight, either by its terms or because income is overestimated or expenditures are underestimated therein, or that a report of proposed modification pursuant to subdivision six of section three thousand thirty-eight of this chapter reflects that the expense budget would thereafter not be balanced in accordance with the provisions of subdivision four of section three thousand thirty-eight, or that a condition imposed pursuant to such section has not been met or will not be met, with respect to such fiscal year, then the corporation shall promptly notify the mayor of such determination and shall review with him the manner in which corrective action may be taken in order to comply with such conditions.

3. In the event that the board of directors determines, following review with the mayor pursuant to subdivision two of this section that the corrective action necessary to cause compliance with the conditions of section thirty hundred thirty-eight of this chapter will not be taken, or determines as a result of a review made pursuant to section thirty hundred thirty-nine of this chapter or otherwise that the city is not in compliance with any of the conditions imposed pursuant to section

thirty hundred thirty-eight of this chapter or that any representation or undertaking contained in any certificate delivered pursuant to such section is materially incorrect or has not been complied with in all material respects, the corporation shall promptly certify a copy of such determination of noncompliance to the governor, the legislature, the state comptroller, the mayor, the board of estimate, the city council and the city comptroller and shall disclose such determination to the public.

4. The remedies described above in this section are not exclusive and, in addition thereto, the corporation shall have and may exercise all other rights and remedies provided by law.

* NB The corporation shall continue for a term ending the later of July 1, 2008 or one year after its liabilities have been fully paid and discharged per § 3033 sub 1.

*** § 3041. Funds of the corporation.** The municipal assistance corporation for the city of New York shall not hereafter enter into any memorandum of agreement with the governor of the state of New York and the mayor of the city of New York, other than the agreement to be entered into pursuant to subdivision two-b of section three thousand thirty-three of this title, providing for the disposition of such revenues of such corporation as may be available from time to time after providing for the payment of principal, interest, and redemption premium on its outstanding bonds and notes, its operating expenses and its commitments under existing agreements, and, subject to any other provision of law, agreements with holders of its bonds or notes, or memoranda of agreement, and on the approval of the board, all funds generated by future actions of the corporation shall either be made available to the city of New York as such funds become available or applied by the corporation to pay principal, interest and redemption premium on its outstanding obligations.

* NB The corporation shall continue for a term ending the later of July 1, 2008 or one year after its liabilities have been fully paid and discharged per § 3033 sub 1.

TITLE 4

MUNICIPAL ASSISTANCE CORPORATION

FOR THE CITY OF TROY

§ 3050. Short title. This title shall be known and may be cited as the "Municipal Assistance Corporation for the City of Troy Act".

§ 3051. Legislative findings and statement of purposes. The legislature hereby finds and declares that it is necessary for a municipal assistance corporation to be created to assist the city of Troy in providing essential services to its inhabitants without interruption and in creating investor confidence in the soundness of the obligations of such city so that it may retain its ability to sell its obligations to the public.

The legislature further finds that it is in the interest of the state of New York and the city of Troy that certain capital programs of the city of Troy be funded, and certain cumulative deficits of the city of Troy be liquidated, with the proceeds of debt obligations, including securities of the municipal assistance corporation for the city of Troy.

§ 3052. Definitions. As used in this title, the following words and terms shall have the following meanings unless the context shall indicate another or different meaning or intent:

1. "Corporation" means the corporate governmental agency created by section three thousand fifty-three of this title.

2. "City" means the city of Troy.

3. "Chief executive officer" means the chief executive officer of the city as defined in subdivision five-a of section 2.00 of the local finance law.

4. "City comptroller" means the comptroller of the city of Troy.

5. "Short-term obligations" means tax anticipation notes, revenue anticipation notes, bond anticipation notes, budget notes and urban renewal notes.

6. "Bond or note facility" means any insurance policy, letter of credit or other credit enhancement with respect to bonds or notes of the corporation issued pursuant to this title.

§ 3053. Creation of the municipal assistance corporation for the city of Troy; authorized indebtedness. 1. There is hereby created the municipal assistance corporation for the city of Troy. The corporation shall be a corporate governmental agency and instrumentality of the state constituting a public benefit corporation. It shall have the powers, privileges and duties of a corporation under title two of this article and under this title. The corporation shall continue for a term of one year after all its liabilities have been fully paid and discharged. Upon the termination of the existence of the corporation, all of its rights and property shall pass to and be vested in the state.

1-a. Notwithstanding the provisions of subdivision one of this section or any other provision of law, upon payment in full of all outstanding bonds or notes issued by the corporation under this title, and payment of all amounts required to be paid to the United States Treasury for tax-exempt bond rebate obligations, all remaining funds of the corporation not needed in the determination of the board of the corporation for operating expenses of the corporation, are hereby authorized and directed to be paid directly to the city of Troy. The determination of the board of the corporation of the amount of such funds available to be paid to the city of Troy shall be final and conclusive. In addition, upon payment of all outstanding obligations of the corporation, including after completion of audited financial statements of the corporation for the two thousand twenty-one fiscal year, as well as any shortened audit for any portion of the two thousand twenty-two fiscal year which may be determined by the board of the corporation to be in the public interest, the existence of the corporation may be terminated by resolution of the board of the corporation at any time, but in no event later than one year after all its liabilities have been paid.

2. Subject to the provisions of any contract with noteholders or bondholders, the corporation shall not issue bonds and notes in an aggregate principal amount exceeding seventy-one million dollars, excluding bonds and notes issued to fund the bond reserve fund established pursuant to section three thousand fifty-six of this title and any bonds or notes issued to refund outstanding bonds and notes of the corporation, for the purposes described in paragraphs (c), (d), (e), and (f) of subdivision one of section three thousand fifty-seven of this title.

2-a. In addition to the authority provided in subdivision two of this section, the corporation may, until December thirty-first, nineteen hundred ninety-nine, issue notes in an aggregate principal amount which the chief executive officer certifies to the corporation is required by the city to provide for purposes described in paragraph (b) of subdivision one of section three thousand fifty-seven of this title, without interruption, services essential to its inhabitants while meeting its obligation to the holders of its outstanding securities to

December thirty-first, nineteen hundred ninety-nine, but not to exceed two million dollars outstanding in the aggregate at any time (excluding notes to fund the bond reserve fund established pursuant to section three thousand fifty-six of this title). Such notes shall finally mature no later than December thirty-first, two thousand. Such notes shall mature within one year from their date of issue and may be renewed from time to time, but each renewal shall be for a period not to exceed one year. The terms of issuance of such notes shall not contain any provision creating rights in the holders of such notes to convert such notes to or exchange such notes for bonds of the corporation.

2-b. In addition to the authority provided in subdivisions two and two-a of this section, the corporation may, not later than December thirty-first, nineteen hundred ninety-eight issue bonds and notes in an aggregate principal amount not to exceed two million dollars (excluding any bonds or notes issued to fund the bond reserve fund established pursuant to section three thousand fifty-six of this title and any bonds or notes issued to refund outstanding bonds or notes) for the purpose of funding capital projects within the city pursuant to subdivision (a) of section three thousand fifty-seven of this title.

3. (a) No note or bond (i) shall mature more than thirty years from the date of the original issue of such note or bond and, in any event, not later than January first, two thousand thirty or (ii) shall be issued on a date later than December thirty-first, nineteen hundred ninety-nine, unless such note or bond is a renewal or refunding of an outstanding note or bond.

(b) No bond shall be issued by the corporation for a purpose set forth in paragraph (b) of subdivision one of section three thousand fifty-seven of this title.

(c) Whenever all or a portion of a series of notes or bonds of the corporation is issued for a purpose set forth in section three thousand fifty-seven of this title to the extent that the payment of the proceeds of such series is evidenced by a bond or bonds of the city, not more than one year following a scheduled payment of principal on any such city bond (including sinking fund installments), a substantially equal payment of principal (including sinking fund installments) shall be scheduled with respect to the notes or bonds included in such series of the corporation.

4. The corporation is authorized to procure a bond or note facility with respect to its bonds or notes issued pursuant to this section and as security for the principal of and interest on any bonds or notes issued pursuant to this section and for its obligations under any bond or note facility the corporation may pledge any part of its revenues or assets.

5. Whenever this title establishes a limit on the principal amount of bonds or notes that the corporation is authorized to issue, there shall not be counted against such limit (i) amounts certified by the chairman of the corporation as reasonable to be used to pay the cost of issuing such bonds or notes where such certification has been provided in writing to the state comptroller and the city of Troy, (ii) the amount of bonds or notes that would constitute interest under the Internal Revenue Code of 1986, as amended, and (iii) the portion of any bonds or notes issued to accomplish the purposes described in paragraphs (d) and (e) of subdivision one of section three thousand fifty-seven of this title to the extent necessary to pay interest to the date of redemption or maturity, redemption premium, if any, or other similar costs relating to the accomplishment of such purposes.

6. At the written request of the city, the corporation is authorized to pledge, subject to the prior pledge of the corporation's revenues and assets pursuant to its contracts with the holders of its bonds, notes or other obligations, any part of its revenues or assets not to exceed one hundred thousand dollars in any state fiscal year in favor of the commissioner of environmental conservation to secure obligations of the city related to post-closure care and potential corrective measures of the city's landfill.

§ 3054. Administration of the corporation. The corporation shall be administered by a board of directors, consisting of seven directors, none of whom shall be officers or employees of the federal government or of the state or political subdivisions thereof. Five of the directors shall be appointed by the governor. One of the directors shall be appointed by the majority leader of the senate and one of the directors shall be appointed by the speaker of the assembly. Each of the members of the board of directors shall serve at the pleasure of the appointed official. Directors of the corporation may also be members of the supervisory board created for the city of Troy pursuant to section ten of chapter seven hundred twenty-one of the laws of nineteen hundred ninety-four, as amended from time to time. The corporation shall have the power to make and execute contracts to pay the expenses of operation of the supervisory board for the city of Troy, within the appropriation available therefor.

§ 3055. Exchange of notes or bonds of the corporation for obligations of the city. 1. The corporation may issue its notes or bonds for the purposes described in paragraph (a), (b), (c), (d), (e) or (f) of subdivision one of section three thousand fifty-seven of this title and pay the proceeds thereof to the city in exchange for obligations of the city, provided that the principal amount of the corporation's notes or bonds issued in connection with any such exchange shall not exceed the principal amount of such obligations of the city and accrued interest thereon at the stated rate to the date of such exchange. The corporation may also issue its notes or bonds for the purposes described in paragraph (a), (c), (d), (e), or (f) of subdivision one of section three thousand fifty-seven of this title and pay the proceeds thereof to the city in exchange for the agreement by the city to repay such amounts in annual installments, subject to annual appropriation of such installments by the city council of the city of Troy, corresponding to the scheduled principal and interest payments on the corporation's bonds or notes issued to provide such proceeds provided that, excluding any agreements for repayment of amounts paid to the city in accordance with paragraph (d) of subdivision one of section three thousand fifty-seven of this title, such agreement shall provide that the first principal payment shall be made not later than two years after the date of such agreement or two years after the date of the first bond anticipation note or notes issued in anticipation of such agreement, provided that no such first principal payment shall be required to be made prior to January thirty-first, nineteen hundred ninety-nine, and further provided no principal payment shall be more than fifty per centum in excess of the smallest prior installment unless this agreement provides for substantially level or declining debt service payments.

2. (a) Upon or at any time after receipt of the obligations of the city exchanged in accordance with subdivision one of this section, the corporation may deliver any or all of such obligations to the city for cancellation, without receiving payment of principal or interest in respect thereof, in which event the city shall thereupon cancel such obligations without making any payment of principal amount or accrued interest thereon and the city shall have no further liability with respect thereto. Notwithstanding the foregoing, the corporation shall not deliver at any time obligations received pursuant to subdivision one of this section to the city for cancellation without receiving payment of principal or interest in respect thereof unless the chief executive officer shall have requested in writing that such obligations be delivered for cancellation.

(b) Upon or at any time after receipt of any short-term obligations of the city exchanged in accordance with subdivision one of this section the corporation may exchange any or all of such short-term obligations for other short-term obligations issued by the city pursuant to the local finance law and the corporation may exchange any or all of such bond anticipation notes included in such short-term obligations for bonds of the city issued pursuant to the local finance law, all on such terms and conditions as the corporation may deem proper.

3. The corporation shall not exchange any of its bonds or notes for obligations of the city pursuant to subdivision one of this section unless (a) the city shall have agreed to observe the conditions set forth in section three thousand fifty-eight of this title, subject to such modifications as are permitted thereunder and as the corporation may then approve, and (b) the board of directors of the corporation shall have determined that the terms of such exchange will not prejudice the rights of holders of other bonds and notes of the city.

§ 3056. Payments to the corporation; funds of the corporation. 1. Not less than one hundred twenty days before the beginning of each fiscal year of the corporation (but not later than October first, nineteen hundred ninety-five for the fiscal year ending December thirty-first, nineteen hundred ninety-five), the chairman of the board of directors of the corporation shall certify to the state comptroller and to the governor a schedule setting forth the cash requirements of the corporation for such fiscal year and the time or times when such cash is required. The total amount so certified by such chairman for such fiscal year shall be equal to: (i) the amounts required to be deposited in the debt service fund of the corporation to pay all interest and all payments of principal and redemption premium, if any, on bonds and notes payable from the sources hereinafter identified in this section and maturing or otherwise coming due during such fiscal year; (ii) the amounts required to be deposited in the operating fund of the corporation, as determined by the corporation, to meet the operating requirements and other expenses of the corporation during such fiscal year to the extent not otherwise provided for; (iii) the amounts required to be deposited in the bond reserve fund created and established pursuant to the agreements of the corporation made with the holders of its bonds or notes issued pursuant to section three thousand fifty-three of this title during such fiscal year in order to maintain the bond reserve fund level required in accordance with the agreements of the corporation made with the holders of its bonds or notes issued pursuant to section three thousand fifty-three of this title; (iv) the amount, if any, due to any provider of any bond or note facility, representing payments made by it as provided in the applicable resolution or trust indenture, including any related reasonable interest, fees or charges so provided; (v) the amount, if any, required to be rebated to the United States to provide for continued federal tax exemption for bonds and notes of the corporation; and (vi) the amount, if any, required to be paid to the commissioner of environmental conservation to secure obligations of the city related to post-closure care and potential corrective measures of the city's landfill. Such certification shall also set forth the amount which would be necessary to be appropriated and available for deposit into the special account established for the corporation under subdivision one of section ninety-two-e of the state finance law in the next succeeding state fiscal year to provide a minimum coverage ratio of one and one-half to one on the debt service payable by the corporation in such succeeding fiscal year; provided, however, that for the purposes of the foregoing calculation the term "debt service payable" shall include redemption premiums and the reasonably estimated amount of debt service on bonds and notes the corporation expects to issue after the date of the certification and prior to the close of such succeeding fiscal year, and shall also include the interest on but not the principal of any notes issued or expected to be issued by the corporation pursuant to subdivision two-a of section three thousand fifty-three of this title. In determining the amount certified as necessary to provide the minimum coverage ratio described in the preceding sentence, the chairman shall make estimates covering the period corresponding to the next succeeding state fiscal year of (a) the moneys available from other sources and pledged to the payment of debt service in accordance with any agreements between the corporation and the holders of its bonds or notes, (b) the amount of investment earnings on funds held by the corporation that the corporation will apply to the payment of debt service, and (c) the funding needed to meet the operating requirements and other expenses of the corporation. If any increase shall occur in such cash requirements specified above, or if payments are required at a time or times earlier than previously certified or if the city shall, for any reason, fail to make timely payment of the principal and accrued interest due on any obligation issued by the city to the corporation and maturing within the same fiscal year, or if the city shall fail to make timely payment of any amount due and owing from the city to the corporation under any contract or agreement between the city and the corporation, such chairman shall certify a revised schedule of such additional cash requirements for such fiscal year to the state comptroller and to the governor. Such chairman shall, as changed conditions or estimates may warrant, certify to the state comptroller and to the governor as to a revised amount which would be necessary to be appropriated and available for deposit into the corporation's special account under subdivision one of section ninety-two-e of the state finance law in order to maintain the minimum coverage ratio described above provided, however, that no such revised certification shall be made after the adoption by the legislature of a budget for the state fiscal year to which the certification pertains. The schedule accompanying each certification, or revision thereof, shall provide for such payment dates as the corporation deems appropriate to assure that sufficient funds will be available from the sources identified below to enable it to meet its current obligations under this section as they come due. Upon receipt of such certification, or any revision thereof, the state comptroller shall pay such amount to the corporation for deposit in the appropriate funds referred to in this section, in accordance with such certification and subject to agreements with holders of outstanding bonds and notes of the corporation, from the special account established for the corporation in the municipal assistance state aid fund in accordance with subdivision one of section ninety-two-e of the state finance law subject, however, to the provisions of paragraph (b) of subdivision five-a of such section, and from the special account established for the corporation in the municipal assistance tax fund in accordance with subdivision one of section ninety-two-d of the state finance law. Any such payment shall be made within thirty days of receipt of the certification or at the time specified in the certification, whichever is later; provided that any such amounts shall have been first appropriated by the state for such purpose or shall have been otherwise made available. Any amount paid to the corporation from such municipal assistance state aid fund shall be deducted from the amount otherwise payable to the city pursuant to sections fifty-four and ninety-two-e of the state finance law and, except as to amounts paid to the corporation pursuant to paragraph (b) of subdivision five-a of section ninety-two-e of the state finance law, shall not obligate the state to make, nor entitle the city to receive, any additional payments. Any amount so paid to the corporation from the municipal assistance tax fund shall be deducted from the amount otherwise payable to the city from the municipal assistance tax fund and shall not obligate the state to make, nor entitle the city to receive, any additional payments from such municipal assistance tax fund. The city shall pay to the corporation such additional payments as may be necessary to fund items (i), (ii), (iii), (iv), (v) and (vi) of this subdivision.

2. Nothing contained in this title shall be deemed to restrict the right of the state to amend, repeal, modify or otherwise alter sections fifty-four and ninety-two-e of the state finance law or section twenty of a chapter of the laws of nineteen hundred ninety-six entitled "AN ACT to amend chapter 721 of the laws of 1994 authorizing the city of Troy to issue serial bonds for the purpose of liquidating cumulative and projected deficits in the city's general fund, establishing a supervisory board, and establishing a debt service fund, in relation to granting a lien to the county of Rensselaer relating to certain taxes collected on behalf of such county by the city of Troy" which chapter added a new paragraph (b) to subdivision five-a of section ninety-two-e of the state finance law. The corporation shall not include within any resolution, contract or agreement with holders of the bonds or notes issued under this title any provision which provides that a default occurs as a result of the state exercising its right to amend, repeal, modify or otherwise alter sections fifty-four and ninety-two-e of the state finance law or the above described section twenty of such chapter of the laws of nineteen hundred ninety-six.

3. The corporation shall create a bond reserve fund, a debt service fund and an operating fund and may create and establish such other fund or funds as may be necessary or desirable for its corporate purposes.

4. The fiscal year of the corporation shall be the same as the fiscal year of the city.

§ 3057. Payments to or purchases of obligations of the city. 1. In the event that the chief executive officer from time to time certifies to the corporation an amount required by the city to enable it (a) to pay for any item which is permitted by law to be included in the city's capital budget for the fiscal year for which such certification is made, including payments to reimburse the general fund for moneys advanced and expended for any such item, or (b) to pay operating expenses of the city other than those included in this paragraph, or (c) to liquidate all or a portion of the city's cumulative deficits for the years nineteen hundred ninety-three through nineteen hundred ninety-five, both inclusive, or to pay, at maturity, or on the redemption date, the principal of and interest on obligations of the city issued for such purposes, or (d) to acquire, or cause to be acquired, all or a portion of the real or personal property leased by the city pursuant to one or more lease agreements between the city and the Troy local development corporation including the financing of the payment of any judgments or compromised or settled claims against the city relating thereto, or (e) to pay at maturity, or on the redemption date, the principal of and interest on obligations of the city previously issued to finance any item in the current or any prior fiscal year, or (f) to pay for the costs of closure of the city's landfill, the corporation may (i) pay to the city, or (ii) purchase from the city obligations hereafter issued by the city in an amount equivalent to, part or all of such certified amount.

2. Moneys paid to the city pursuant to subparagraph (i) or (ii) of paragraph (e) of subdivision one of this section shall be held in trust for the payment of city obligations or shall be used to make the payment for which such moneys have been so certified. The corporation shall not make any payment to the city, or purchase any obligations from the city, pursuant to this section unless the city shall have agreed to observe the conditions set forth in section three thousand fifty-eight of this title, subject to such modifications as are permitted thereunder.

3. In consideration of the payments made to the city for the purposes described in paragraph (a), (b), (c), (d), (e) or (f) of subdivision one of this section, the corporation shall purchase from the city obligations issued by the city in accordance with applicable provisions of the state constitution and local finance law then in effect at the time such obligations are issued in an amount equivalent to such payment. Nothing herein shall require the corporation to receive obligations issued by the city under the local finance law as a condition to making a total of seventy-one million dollars of payments in the aggregate to the city pursuant to paragraph (a), (c), (d), (e), or (f) of subdivision one of this section.

4. Nothing contained in this title shall be deemed to create an object

or purpose or to establish or extend a period for which a city bond may be issued pursuant to the local finance law, or to create authority for the city to issue a bond payable from a tax on real estate levied outside the limit imposed by the state constitution on the amount to be raised by tax on real estate for local purposes other then debt service, or to modify, amend, repeal, or rescind any other provision of the local finance law governing the issuance by the city of its bonds or the payment of principal and interest thereon.

5. At all times after receipt of obligations of the city acquired pursuant to this section, the corporation shall have the same rights and powers with respect to such obligations as the corporation shall have with respect to obligations of the city received pursuant to subdivision one of section three thousand fifty-five of this title; provided that the corporation shall not deliver any obligation received pursuant to this section for cancellation unless the city pays the principal amount and accrued interest thereon or pays accrued interest and exchanges such bond for another bond of the city in equal principal amounts in refunding thereof unless the chief executive officer shall have requested in writing that such obligations be delivered for cancellation, and provided further that the corporation may not sell or transfer to any person other than the city any obligation of the city acquired by it pursuant to this section unless the chief executive officer has requested in writing that the corporation sell or transfer such obligation and, if such obligation be sold or transferred at private sale, unless the terms of such sale have been approved by the city comptroller.

§ 3058. Conditions on extension of benefits to the city. The corporation shall, at the time of any exchange of the corporation's bonds and notes for obligations of the city pursuant to subdivision two of section three thousand fifty-five of this title or any payment of funds of the corporation to the city or of any purchase from the city of its obligations pursuant to section three thousand fifty-seven of this title, require the city to agree to observe and perform the conditions set forth below in this section, with such limitations as to the implementation of such conditions as the corporation may, subject to any contract with bondholders or noteholders, then approve; provided, however, that no such specific limitations shall be so substantial as to effectively constitute a waiver of any such conditions. Any such conditions may thereafter, in the discretion of the corporation, subject to any contract with bondholders or noteholders, be further limited. Such conditions shall cease to apply when all notes and bonds have been repaid or when the corporation has accumulated in its bond reserve funds or otherwise an amount equal to the principal of all outstanding notes and bonds and interest accrued thereon. The city shall have the right at any time to pay the corporation an amount which, when added to the bond reserve funds, shall equal the principal of all outstanding notes and bonds and interest accrued thereon and redemption premium if any. If the city makes such payment at a time when the corporation has outstanding notes or bonds that are not then callable, the city shall agree to pay the corporation on demand an amount equal to the amount, if any, by which the amount of interest on such notes or bonds shall exceed the corporation's income from the investment of its funds. Subject to the foregoing, the conditions that the corporation shall require the city to observe and perform shall be as follows:

1. The city shall deliver a certificate, executed by the chief executive officer in form prescribed by the corporation, (a) representing that the city is in compliance with the conditions described below in this section as the corporation may specify, (b) undertaking to comply with any of such specified conditions as the corporation may then require, and (c) stating that all local legislative and executive action then required to permit such compliance by the city has been taken. The corporation may require the delivery with such certificate of an opinion of the city's corporation counsel that all such legislative and executive action has been taken.

2. For the fiscal year ending December thirty-first, nineteen hundred ninety-six, and for each fiscal year thereafter, the city's budgets shall be prepared in accordance with the provisions of chapter seven hundred twenty-one of the laws of nineteen hundred ninety-four, as amended from time to time.

3. Each fiscal year the city shall take such action as may be necessary to enable an independent certified public accounting firm selected and retained by the city at its cost to perform an annual audit and to furnish to the corporation an annual report upon the financial statements of the city. Each such report shall be prepared in accordance with the generally accepted accounting principles. The city shall make available for inspection and copying all books, records, work papers and other data and material as required by the independent certified public accounting firm conducting such audit and the city shall make its officers and employees available to and shall cooperate with such auditors so as to permit such annual audit to be completed and the report issued to the city and to the corporation within one hundred twenty days after the close of the fiscal year. Such report shall be made available to the public promptly thereafter.

4. Beginning with the fiscal year ending December thirty-first, nineteen hundred ninety-six and for each fiscal year thereafter, the city shall deliver its proposed budgets to the corporation. Delivery to the corporation shall be made concurrently with the initial submission of the proposed budgets to the city council, but in any event not later than fifty days prior to the beginning of such fiscal year or such other date as the corporation may approve upon the request of the city. The proposed budgets submitted to the corporation shall be prepared in accordance with the accounting methods referred to in subdivision three of this section. Such budgets shall be identical to the proposed budgets submitted to the city council. The proposed budgets delivered to the corporation shall be accompanied by (i) a statement setting forth in detail the assumptions of income and expense used in preparation, and (ii) a certificate of the chief executive officer stating that such assumptions are reasonable and that operation within the budgets is feasible. Subject to and in accordance with the provisions of chapter seven hundred twenty-one of the laws of nineteen hundred ninety-four, as the same may be amended from time to time, the city shall in every fiscal year adopt and maintain budgets in which the total of all revenue items equals or exceeds the total of all expenditure items.

5. If after the adoption of the budgets for any fiscal year, any increase therein, or an increase in total expenditures shall be proposed, the chief executive officer shall cause such proposal to be submitted to the corporation concurrently with its submission to the city council, together with a statement of the source of current revenues or other identifiable and currently available funds required for the payment of such additional amounts.

6. Commencing at such time as the corporation may specify, but not later than February first, nineteen hundred ninety-six, the city budget director shall deliver to the corporation, not less than thirty days before each fiscal quarter (except, within thirty days after the commencement of the first fiscal quarter), an expenditure plan to implement the city budgets for such fiscal quarter and within amounts based on current income or other identifiable and currently available funds. The city budget director shall deliver to the corporation within thirty days after the end of each such fiscal quarter covered by an expenditure plan, an operations report reflecting results of city operations for such fiscal quarter and whether the city has operated within the related expenditure plan. Each expenditure plan and operations report shall be in such form as the corporation may specify and shall be certified by the city budget director and shall detail and report upon action taken by the city to maintain balanced budgets.

7. The city shall comply in all material respects with the expenditure limitations in its budgets as adopted or modified in accordance with subdivisions four and five of this section, and with chapter seven hundred twenty-one of the laws of nineteen hundred ninety-four, as the same may from time to time be amended.

§ 3059. Review by the corporation. In order to determine whether the city has taken or is taking action to effect compliance with any conditions imposed pursuant to section three thousand fifty-eight of this title, the corporation may from time to time conduct a review of the records, accounts, budgets, forecasts, projections and other relevant materials of the city. The corporation may conduct such review by using (i) its own employees, (ii) it agents, or (iii) any state employees provided to the corporation for such purposes. The city shall make available for such review all books and records, and shall furnish copies of all financial statements, budgets, forecasts, projections, information or corrective action taken by the city in response to any notices from the corporation and all information related to the foregoing, as requested by the persons conducting such review, and shall make its officers and employees available to and shall otherwise cooperate with such persons to permit such review to be completed as promptly as possible.

§ 3060. Remedies of the corporation. 1. The corporation shall cause each proposed budget, including related revenue estimates, submitted to it pursuant to subdivision four of section three thousand fifty-eight of this title, and each proposed modification furnished to it pursuant to subdivision four of such section and each expenditure plan and operations report submitted to it pursuant to subdivision six of such section, to be reviewed promptly by the corporation's staff or designee.

2. If, within forty-five days after such receipt of proposed budgets, or, if within fifty days after such receipt of a proposed modification, the board of directors shall, in its judgement, determine that any such budgets will not be balanced in accordance with the provisions of subdivision five of section three thousand fifty-eight of this title, either by its terms or because revenue is overestimated or expenditures are underestimated therein, or that a report of proposed modification pursuant to subdivision five of section three thousand fifty-eight of this title reflects that the budgets would thereafter not be balanced in accordance with the provisions of subdivision four of section three thousand fifty-eight of this title, or that a condition imposed pursuant to such section has not been met or will not be met, with respect to such fiscal year, then the corporation shall promptly notify the chief executive officer of such determination and shall review with him the manner in which corrective action may be taken in order to comply with such conditions.

3. In the event that the board of directors determines, following review with the chief executive officer pursuant to subdivision two of this section that the corrective action necessary to cause compliance with the conditions of section three thousand fifty-eight of this title will not be taken, or determines as a result of a review made pursuant to section three thousand fifty-nine of this title or otherwise that the city is not in compliance with any of the conditions imposed pursuant to section three thousand fifty-eight of this title or that any representation or undertaking contained in any certificate delivered pursuant to such section is materially incorrect or has not been complied with in all material respects, the corporation shall promptly certify a copy of such determination of noncompliance to the governor, the legislature, the state comptroller, the chief executive officer, the city council and the city comptroller and shall disclose such determination to the public.

4. The remedies described in this section are not exclusive and, in addition thereto, the corporation shall have and may exercise all other rights and remedies provided by law.

ARTICLE 10-A

NEW YORK STATE SCIENCE AND TECHNOLOGY

TITLE 1

NEW YORK STATE SCIENCE AND TECHNOLOGY FOUNDATION

§ 3101. Purposes of the corporation. The purposes of the corporation shall be to encourage and promote:

1. Scientific and technological education in the state; and

2. Basic and applied research and development in the state.

3. The development of new commercial products and the fabrication of such products in the state.

The corporation shall encourage and promote cooperative efforts among government, the private sector, and universities and colleges in the state, for these purposes.

§ 3102. Powers and duties of the corporation. In furtherance of the purposes set forth in this article, the corporation shall have the following powers and duties:

1. To foster and support scientific and technological research, development and education in the state, through contracts or other appropriate means, in cooperation with the federal government, the state government and the political subdivisions thereof, educational institutions, non-profit institutions and organizations, business enterprise and other persons concerned with scientific and technological research, development and education in the state.

2. To sponsor and conduct conferences and studies, collect and disseminate information, and issue periodic reports relating to scientific and technological research, development and education in the state.

3. To prepare and periodically issue a register of scientific and technological research facilities in the state.

3-a. To establish and keep current, a roster of New York based small high technology firms.

4. To seek, receive, hold, invest, reinvest and use, on behalf of the corporation and for any of its purposes, real property, personal property and moneys, or any interest therein, and the income therefrom, either absolutely or in trust. The board of directors, without regard to the limitations of section eleven of the state finance law relating to gifts but with the concurrence of the director of the budget, may acquire such property or moneys for such purpose by the acceptance of gifts, grants, including matching grants, appropriations, bequests or devises from any source, including but not limited to the federal and state governments and agencies.

5. To review the technological development potential of various regions of the state and to cooperate with and make recommendations to the legislature, state agencies, local governments, local technology development agencies, the federal government, private businesses and individuals for the realization of such development potential.

6. To recommend to the state agencies, local governments, the governor, and the legislature policies and programs essential to the advancement of science and technology oriented industry and applied research in New York state and to the promotion of technological innovation in industries of all types in New York state.

7. To assist small and emerging science and technology oriented businesses and inventors in applying for federal research grants and

state or federal procurement contracts including dissemination of information on the availability of such grants and contracts.

8. To collect and disseminate information on financial, technical, marketing, management and other services available to small and emerging science and technology oriented businesses on a free or for hire basis from universities, private for-profit businesses, and non-profit organizations.

8-a. To assist in the export promotion and marketing of high technology goods or services, in cooperation with the department of economic development.

9. To identify emerging technologies which provide significant promise for the development of job-creating businesses and to disseminate relevant information on individuals and businesses involved in such areas to the job development authority, the job incentive board, the legislative commission on science and technology, local technology development agencies, local industrial development authorities, and other state, local and non-profit agencies and organizations responsible for economic development.

10. To establish a focal point for the dissemination of information regarding inventions for the benefit of inventors interested in having their ideas developed and commercialized and for entrepreneurs interested in the commercialization of new products and processes.

11. To encourage and facilitate communication among inventors, banks, venture capitalists and other sources of debt and equity capital, entrepreneurs, and technical, legal, marketing and managerial experts for the purpose of facilitating the growth and development in this state of business enterprises involved in the development and fabrication of new commercial products.

12. To identify potential sources of debt and equity capital for small and emerging science and technology oriented businesses and to provide such information to such businesses upon request.

13. To make its services and activities known to the public at large.

14. To sue and be sued in the name of the corporation, process in any action or proceeding may be served upon the secretary of state, as agent for the corporation, in the manner provided by section three hundred six of the business corporation law.

15. To have and use a corporate seal.

16. To adopt rules and regulations, assisted by the commissioner of economic development and in consultation with the department of economic development and in accordance with the state administrative procedure act. Such regulations shall be consistent with law, shall be consistent with the program plan required by subdivision nineteen of section one hundred of the economic development law, and shall govern any matters relating to the activities of the corporation.

17. To have and exercise all powers necessary or convenient to effect any or all of the purposes of the corporation.

§ 3102-a. Industrial technology extension service. 1. There is hereby established within the foundation an industrial technology extension service program.

2. Definitions. For the purposes of this section, the terms:
(a) "Industrial technology extension service" shall mean a network of regional organizations which provide technical and management assistance through field agents, as well as feasibility studies and productivity assessments by contract, to eligible businesses, especially small and medium sized firms in New York state. Agents will assist firms in researching, evaluating and implementing opportunities for technology and or management related productivity improvements.
(b) "Director" shall mean the executive director of the New York State Science and Technology Foundation.
(c) "Foundation" shall mean the New York State Science and Technology

Foundation.

(d) "Regional organization" shall mean a not-for-profit organization which contracts with the foundation to serve as the industrial technology extension service for the region within which it operates.

(e) "Industrial firm" shall mean a firm involved with extracting, smelting, recovering, developing, preparing, compounding, converting, assembling or producing in any manner, minerals, raw materials, products or substances of any kind or nature, and shall include facilities related thereto for storage, warehousing or distribution, for research and development or for the discovery of new, and refinement of known, substances, processes, and products.

(f) "Medium-sized industrial firm" shall mean an industrial firm that employs less than five hundred persons within the state on a full-time basis.

(g) "Small-sized industrial firm" shall mean an industrial firm that employs one hundred or less persons within the state on a full-time basis.

3. Purpose. The purposes of the industrial technology extension service program shall be:

(a) to improve the competitiveness and increase the market share of viable New York state industries and firms through increased knowledge of new technologies and other innovations;

(b) to build a technology dissemination transfer and educational service based on current research and development strengths in New York state in the area of industrial technologies;

(c) to assist industrial firms with the introduction of improved management and production processes in order to enhance their productivity and competitiveness;

(d) to provide industrial effectiveness field services pursuant to article seven of the economic development law; and

(e) to assist in the retention and expansion of industrial firms and employment in New York state.

4. Contracting process. The foundation shall, on an annual basis contract with regional organizations to provide industrial technology extension services on a regional basis. Initial selection shall be based

on the foundation's assessment of the ability of the regional organization to meet the objectives specified in subdivision three of this section, to conduct outreach services, to service the technical needs of industrial firms in the region and to coordinate its activities with other concerned organizations within a region. The director shall review, on an annual basis, the performance of regional organizations which have been selected to provide services in meeting these requirements and, upon completion of its review, the foundation shall make a determination concerning the advisability of continuing to contract with the regional organization based on the outcome of the review. However, upon a finding by the board of the foundation, made upon a recommendation from the department of economic development and the director of the foundation, that the purposes of this section would more appropriately be served by an individual rather than an organization, the foundation shall contract with an individual pursuant to the provisions of this subdivision.

5. Responsibilities of field agents. Field agents shall:

(a) Contact firms within the region and develop assessments of their technology related needs;

(b) Assist firms in researching, evaluating and implementing opportunities for technology related productivity improvements;

(c) Where appropriate, recommend to the department of economic development that it make available productivity assessments and feasibility studies through the industrial effectiveness program pursuant to article seven of the economic development law to industrial firms that have requested such assistance. The following factors shall be considered in determining whether to recommend the provision of a productivity assessment or feasibility study to an industrial firm: (i) the potential viability of the company; (ii) the commitment of management and labor to jointly participate in a productivity-improvement program; and (iii) whether interests of the employees of the firm are served by such assistance. The foundation shall, in cooperation with the department of economic development, develop procedures for such referrals;

(d) Provide referrals to appropriate local, regional and state level organizations and programs which deliver services or provide information or assistance;

(e) Provide information on state-sponsored programs offering financial or technical assistance to industrial firms and aid such firms in applying for assistance;

(f) Identify public and private sources of expertise available to assess productivity problems of industrial firms;

(g) Organize, promote and operate seminars and workshops addressing industry technological needs, as well as, design and conduct seminars and workshops to inform industrial managers, union leaders, trade associations, and other appropriate individuals and organizations, of industrial productivity-improvement methods and approaches and to demonstrate their successful adoption in similar firms;

(h) Promote the services and assistance available under this section for industrial firms, to such firms and to municipal officials and agencies, regional and local economic development entities, technology development organizations, trade associations, business and labor organizations and the appropriate entities; and

(i) Coordinate industrial expansion and retention activities with the regional offices of the department of economic development pursuant to article eleven of the economic development law and other activities with other state operated and supported business assistance programs.

6. Rules and regulations. The director shall promulgate rules and regulations for the operation of the industrial technology extension service program.

7. Exemption from disclosure requirements. To the fullest extent permitted under subdivision two of section eighty-seven of the public officers law, all information regarding the financial condition, marketing plans, manufacturing processes, production costs, productivity rates, customer lists, or other trade secrets and proprietary information of a person or entity requesting assistance from the foundation, which is submitted by such person or entity to the foundation in connection with an application for assistance or with a productivity assessment or feasibility study, shall be confidential and exempt from public disclosure.

8. Program plan. The foundation shall cooperate with the department of economic development in preparation of a program plan pursuant to subdivision nineteen of section one hundred of the economic development law.

9. Reporting. The director shall, on or before October first, nineteen hundred ninety-one and on or before each October first thereafter, submit a report to the governor and the legislature on the operation and accomplishments of the industrial technology extension service program.

10. For any positions opened as a result of a project conducted pursuant to this section businesses so assisted shall first consider persons eligible to participate in federal job training partnership act (P.L. 97-300) programs who shall be referred to the business by administrative entities of service delivery areas created pursuant to such act or by the job service division of the department of labor.

11. Evaluation. The director shall submit to the director of the budget, the chairman of the senate finance committee and the chairman of the assembly ways and means committee an evaluation of the success of the industrial technology extension service program prepared by an entity independent of the foundation. Such evaluation shall include, but not be limited to, determining whether the services provided have helped client firms to improve their competitiveness or increase their market share relative to other firms in the specific industry; and shall assess the effect, if any, of the program on the continued location and growth of industrial firms within the state. Such evaluation shall be submitted by September first, nineteen hundred ninety-two and by September first every two years thereafter.

§ 3102-b. Centers for advanced technology. In order to encourage greater collaboration between private industry and the universities of the state in the development and application of new technologies, the foundation is authorized to designate for advanced technology such areas as integrated electronics, optics, biotechnology, telecommunications, automation and robotics, electronics packaging, imaging technology and others identified by the foundation as having significant potential for economic growth in New York, or in which the application of new technologies could significantly enhance the productivity and stability of New York businesses. Such designations shall be made in accordance with the standards and criteria set forth in subdivision two of this section. Centers so designated shall be eligible for support from the foundation in the manner provided for in subdivision three of this section, and for such additional support as may otherwise be provided by law.

1. As used in this section:

(a) "center for advanced technology" or "center" means a university or university-affiliated research institute or a consortium of such institutions, designated by the foundation, which conducts a continuing program of basic and applied research, development, and technology commercialization in one or more technological areas, in collaboration with and through the support of private business and industry; and

(b) "applicant" means a university or university-affiliated research institute or a consortium of such institutions which request designation as a center in accordance with such requirements as are established by the foundation for this purpose.

2. The foundation shall:

(a) identify technological areas for which centers should be designated including technological areas that are related to industries with significant potential for economic growth and development in New York state and technological areas that are related to the enhancement of productivity in various industries located in New York state.

(b) establish criteria that applicants must satisfy for designation as a center, including, but not limited to the following:

(i) an established record of research, development and instruction in the area or areas of technology involved;

(ii) the capacity to conduct research and development activities in collaboration with business and industry;

(iii) the capacity to secure substantial private and other governmental funding for the proposed center, in amounts at least equal to the total of support sought from the state;

(iv) the ability and willingness to cooperate with other institutions in the state in conducting research and development activities, and in disseminating research results; and to work with technical and community colleges in the state to enhance the quality of technical education in the area or areas of technology involved;

(v) the ability and willingness to cooperate with the foundation and other economic development agencies in promoting the growth and development in New York state of industries based upon or benefiting from the area or areas of technology involved.

(c) establish such requirements as it deems appropriate for the format, content and filing of applications for designation as centers for advanced technology.

(d) establish such procedures as it deems appropriate for the evaluation of applications for designation as centers for advanced technology, including the establishment of peer review panels composed of nationally recognized experts in the technological areas and industries to which the application is related.

3. (a) From such funds as may be appropriated for this purpose by the legislature, the foundation may provide financial support, through contracts or other means, to designated centers for advanced technology, in order to enhance and accelerate the development of such centers. Funds received pursuant to this subdivision may be used for purchase of equipment and fixtures, employment of faculty and support staff, provision of graduate fellowships, and other purposes approved by the foundation, but may not be used for capital construction. In each case, the amount provided by the foundation to a center shall be matched by commitments of support from private and governmental other than state sources provided that:

(i) funds or in-kind resources provided by the public or private university of which the center is a part may be counted towards the match;

(ii) such match shall not be required on a project-by-project basis;

(iii) matching funds received from businesses with no more than one hundred employees shall count as double the actual dollar amount toward the center's overall match requirement;

(iv) funds used by the center for any workforce development activities required by the foundation shall not be included as part of the center's award when determining the amount of matching funds required by the foundation. Such activities shall include, but are not limited to, helping incumbent workers expand their skill sets through short courses, seminars, and workshops; providing industry-driven research assistant opportunities for students, and aiding in the development of undergraduate and graduate courses in the center's technology focus to help ensure that students are trained to meet the needs of industry;

(v) centers may use not more then twenty-five percent of indirect costs towards any match requirements.

(b) The amount provided by the foundation shall be made in accordance with the following:

(i) for the academic year in which it is first funded as a designated center, and the five subsequent years, the amount provided by the foundation to a center shall be matched equally by the center;

(ii) beginning in the sixth academic year following the academic year in which a center is first funded as a designated center and for each academic year thereafter, amounts provided by the foundation of up to seven hundred fifty thousand dollars shall be matched equally by the center, amounts in excess of seven hundred fifty thousand dollars shall be matched by the center in amounts of at least the percentage set forth herein: in the sixth year, one hundred twenty percent; in the seventh year, one hundred forty percent; in the eighth year, one hundred sixty percent; in the ninth year, one hundred eighty percent; in the tenth year and each year thereafter, two hundred percent;

(iii) beginning in the ninth academic year following the academic year in which a center is first funded as a designated center, the foundation shall evaluate such center's area of advanced technology to determine whether it has continued significant potential for enhancing economic growth in New York, or whether the application of technologies in the area could significantly enhance the productivity and stability of New York businesses;

(iv) upon a finding by the foundation that an area of advanced technology has continued significant potential for enhancing economic growth in New York, or that the application of technologies in the area could significantly enhance the productivity and stability of New York businesses, the foundation will initiate a redesignation process in accordance with the standards and criteria set forth in paragraph (b) of subdivision two and in accordance with paragraphs (c) and (d) of subdivision two of this section.

(1) In the event a new center is selected in the redesignation process, the foundation shall provide funds to such new center in accordance with the funding match requirements set forth in subparagraphs (i) and (ii) of paragraph (a) of this subdivision.

(2) In the event a previously designated center is redesignated in the same area of technology, which redesignation is effective for the tenth academic year following the first academic year of both designation and funding, then, in that year and in each year thereafter, the foundation shall provide funds of up to seven hundred fifty thousand dollars to be matched equally by the center, amounts in excess of seven hundred fifty thousand dollars shall be matched by the center in amounts of at least two hundred percent.

(3) In the event a currently designated center is not selected in the redesignation process for an additional term, or upon a finding by the foundation that the area of advanced technology does not have significant potential for enhancing economic growth in New York, or upon a finding that the application of technologies in that area would not significantly enhance the productivity and stability of New York businesses, then the foundation shall, in the tenth academic year following such center's first both designation and funding, which year shall be the final year of funding for such center, provide an amount of up to five hundred thousand dollars.

(c) Continued funding of the operations of each center shall be based upon a showing that: the center continues to comply with the criteria established by the foundation pursuant to paragraph (b) of subdivision two of this section; a demonstration of assistance to small businesses in New York state through research, technology transfer or other means as approved by the foundation; evidence of partnerships with other appropriate entities to develop outreach networks and ensure that companies receive access to appropriate federal funding for technology development and commercialization as well as non-research assistance such as general business consulting. Appropriate partners are those with which the center demonstrates a relationship that enhances and advances the center's ability to aid economic growth in New York state; and compliance with the rules, regulations and guidelines of the foundation; and, compliance with any contracts between the foundation and the designated center.

(d) Each center shall report on its activities to the foundation in a manner and according to the schedule established by the foundation, and shall provide such additional information as the foundation may require provided, that quantifiable economic development impact measures are not restricted to any period less than five years and that centers provide a full description of all non-quantifiable measures. The foundation shall evaluate center operations using methods such as site visits, reporting of specified information and peer review evaluations using experts in the field of technology in which the center was designated. The foundation shall notify each center of the results of its evaluations and findings of deficiencies in the operation of such center or its research, education, or technology commercialization activities and shall work with such centers to remedy such findings. If such factors are not remedied, the foundation may withdraw the state funding support, in whole or in part, or withdraw the center designation.

(e) In order to encourage that the results of center research benefit New York state, designation and continued funding of each center shall be contingent upon each center's establishing within its licensing guidelines the following: after payment of the inventor's share, a reduced payment due to the university of any royalty, income or other consideration earned from the license or sale of intellectual property rights created or developed at, or through the use of, the facilities of the center by any person or entity if the manufacturing or use resulting from such intellectual property rights occurs within New York state. The foundation shall promulgate rules and regulations regarding the provisions of the licensing guidelines described herein as they apply to such reduced payment, and such provisions shall be subject to the approval of the foundation.

4. From such funds as may be appropriated for this purpose by the legislature, the foundation may provide grants to any one university or university-affiliated research institution for purposes of planning and program development aimed at enabling such university or university-affiliated research institution to qualify for designation as

a center. Such grants shall be awarded on a competitive basis, and shall be available only to those applicants which in the judgment of the foundation may reasonably be expected to be designated as centers. No applicant shall receive more than one such grant.

5. (a) From such funds as may be appropriated for the purpose of incentive grants or other funds which may be available from the foundation to enhance center activities in areas of crucial interest in the state's economic development, the foundation may provide grants, on a competitive basis, to centers for projects including, but not limited to, those which:

(i) explore new technologies with commercial application conducted jointly by two or more centers or a center and non-center university, college or community college;

(ii) are aimed at enhancing or accelerating the process of bringing new products, particularly those under development by new small businesses, to the marketplace; or

(iii) increase technology transfer projects with the state's mature manufacturing industries in applying technology in their manufacturing processes or for new product development.

(b) State support for incentive grants may be matched on an individual basis by the foundation, which may consider the type of project and the availability of amounts from private, university and governmental, other than state, sources.

6. (a) The foundation shall make an annual report of the centers for advanced technology program to the governor and the legislature not later than September first of each year. Such report shall include, but not be limited to, the results of the foundation's evaluation of each center, a description of the achievement of each center, any deficiencies in the operation of each center or its research, education and technology commercialization activities, remedial actions recommended by the foundation, remedial actions taken by each center, a description of the small business assistance provided by each center, a description of any incentive grant program awarded a grant by the foundation and the achievements of such program, and the amount of financial assistance provided by the foundation and the level of

matching funds provided by each center and the uses of such monies.

(b) Annual reports shall include a discussion of any fields of technology that the foundation has identified as having significant potential for economic growth or improved productivity and stability of New York businesses and in which no center for advanced technology has been designated and recommendations of the foundation as to actions that should be taken.

§ 3102-d. Technology development organization program. 1. Definitions. As used in this section, the following terms shall have the following meanings:

(a) "Technology development organizations" shall mean any not-for-profit corporation or other nonprofit organization, association, or agency which is organized for the purpose of the promotion, attraction, stimulation, development and expansion of science and technology-oriented economic activity in a particular region of the state or in one or more counties or cities. For the purposes of this section, a technology development organization shall include not-for-profit corporations or other nonprofit organizations, associations, or agencies which are organized for the stated purpose either prior to or following the effective date of this section, including such organization which had begun operations prior to said date.

(b) "In-kind services" shall mean the donation of quantifiable goods and services including but not limited to professional services and time, equipment, material and office space for use by a technology development organization in furtherance of its stated purposes or provided on behalf of the technology development organization to others for such purposes and for which there is no monetary remuneration. Any such in-kind services must have prior approval by the foundation to satisfy the matching requirement of the technology development organization program.

2. The foundation is hereby authorized to award grants on a competitive basis, from such funds as may be appropriated for this purpose by the legislature, to match funds expended by technology

development organizations for the purposes set forth in this section and in accordance with rules and regulations promulgated by the foundation pursuant to this section.

3. Matching funds shall be provided only for purposes which are related to the realization of the technological development potential of a particular region of the state in accordance with the findings of the foundation pursuant to subdivision five of section thirty-one hundred two of this chapter. Among the activities for which matching funds may be provided are the following:

(a) Sponsoring and conducting regional conferences and studies, collecting and disseminating information and issuing periodic reports relating to scientific and technological research, development and education in the region;

(b) Preparing and periodically issuing a register of scientific and technological research facilities in the region;

(c) Assisting small and emerging science and technology-oriented businesses within the region in applying for federal or state research grants or procurement contracts and disseminating information on the availability of such grants and contracts;

(d) Collecting and disseminating information on financial, technical, marketing, management and other services available to small and emerging science and technology-oriented businesses within the region and arranging access to such services on a free or for-hire basis from universities, private for-profit businesses and nonprofit organizations;

(e) Providing technical assistance including management, marketing and financial packaging assistance to, and collecting and disseminating information regarding inventions for the benefit of, inventors interested in having their ideas developed and commercialized and entrepreneurs interested in the commercialization of new products and processes;

(f) Supporting university-industry collaboration in applied research, the promotion of incubator facilities and the generation of brokering of venture capital to support regional new enterprise development;

(g) Establishing or updating a technology development strategy for the region;

(h) Establishing regional data base services, linked through the foundation into a statewide data base, which identify resources available from colleges, universities and technical service providers and which provide information, including venture capital sources and labor market statistics, of interest to and for use by entrepreneurs and technology-oriented businesses;

(i) Sponsoring or working with regional industrial extension services to provide technological information to industry and to communicate industrial needs to universities and others, brokering joint university-industry investigations to aid industry, and assisting in the provision of productivity improvements to mature industries;

(j) Projecting the need for the technical and professional workforce within the region and assisting others in planning for projected dislocations and retraining; and

(k) Assisting the foundation and the department of economic development in identifying and contacting eligible applicants, as defined in paragraph (a) of subdivision one of section two hundred twenty-four of the economic development law, and sponsoring, in conjunction with the foundation and the department of economic development, conferences, seminars, counseling sessions and other outreach efforts aimed at improving the competitive position of applicants in international markets by promoting exporting.

(l) Conducting such other appropriate activities as may be established by the foundation for the purpose of realizing the technological development potential of the region served by the applicant.

4. Notwithstanding any other law, grants made by the foundation pursuant to this section shall be equally matched by the technology development organization except that up to fifty percent of the match made by the technology development organization may be of in-kind services as approved by the foundation.

5. The foundation may establish such requirements as it deems appropriate for the format and content of applications for matching grants pursuant to this section and shall set reasonable deadlines for the submission of applications for such support.

6. The foundation may select from competing applications, those which

it judges to be of greatest benefit to the welfare of the people of the state and may approve or reject any or all of the competing applications. The foundation shall notify all applicants of the approval or rejection of their applications in a timely fashion.

7. The foundation shall require periodic but at least semi-annual reports and other such documents and information as it deems necessary to monitor and review the performance of each technology development organization awarded a grant and shall conduct an annual evaluation of the program which shall include the quality of the activities performed and conformity thereof to the grant provisions and the purposes and provisions set forth in this section.

8. The foundation shall submit a report by May first, nineteen hundred eighty-eight, and each December thirty-first thereafter, to the governor, the temporary president of the senate and the speaker of the assembly, detailing the activities that each technology development organization has undertaken during the reporting year. Such reports shall include but not be limited to, the composition of the organization, the amount of the grant awarded and the match provided, the duties and obligations required by the foundation, a description of the organization's activities and accomplishments, the number of jobs created or retained, the number and types of companies assisted and any other information pertinent in evaluating the program.

§ 3102-e. Emerging technology industrial classifications. 1. Definitions. As used in this section:

(a) "Department" shall mean the New York state department of taxation and finance.

* (b) "Emerging technologies" shall mean:

(1) advanced materials and processing technologies that involve the development, modification, or improvement of one or more materials or methods to produce devices and structures with improved performance characteristics or special functional attributes, or to activate, speed up, or otherwise alter chemical, biochemical, or medical processes. Such technologies shall include, but not be limited to, the following: metal

alloys, metal matrix and ceramic composites, advanced polymers, thin films, membranes, superconductors, electronic and photonic materials, bioactive materials, bioprocessing, genetic engineering, catalysts, waste emissions reduction and waste processing technologies;

(2) engineering, production, and defense technologies that involve knowledge-based control systems and architectures, advanced fabrication and design processes, equipment, and tools, or propulsion, navigation, guidance, nautical, aeronautical and astronautical ground and airborne systems, instruments, and equipment. Such technologies shall include, but not be limited to, the following: computer-aided design and engineering, computer-integrated manufacturing, robotics and automated equipment, integrated circuit fabrication and test equipment, sensors, biosensors, signal and image processing, medical and scientific instruments, precision machining and forming, biological and genetic research equipment, environmental analysis, remediation, control, and prevention equipment, defense command and control equipment, avionics and controls, guided missile and space vehicle propulsion units, military aircraft, space vehicles, and surveillance, tracking, and defense warning systems;

(3) electronic and photonic devices and components for use in producing electronic, optoelectronic, mechanical equipment and products of electronic distribution with interactive media content. Such technologies shall include, but not be limited to, the following: microprocessors, logic chips, memory chips, lasers, printed circuit board technology, electroluminescent, liquid crystal, plasma, and vacuum fluorescent displays, optical fibers, magnetic and optical information storage, optical instruments, lenses, and filters, simplex and duplex data bases, and solar cells;

(4) information and communication technologies, equipment and systems that involve advanced computer software and hardware, visualization technologies, and human interface technologies. Such technologies shall include, but not be limited to, the following: operating and applications software, artificial intelligence, computer modeling and simulation, high-level software languages, neural networks, processor architecture, animation and full-motion video, graphics hardware and software, speech and optical character recognition, high-volume information storage and retrieval, data compression, broadband

switching, multiplexing, digital signal processing, and spectrum technologies; and

(5) biotechnologies, which shall be defined as technologies involving the scientific manipulation of living organisms, especially at the molecular and/or the sub-molecular genetic level, to produce products conducive to improving the lives and health of plants, animals, and humans; and the associated scientific research, pharmacological, mechanical, and computational applications and services connected with these improvements. Activities included with such applications and services shall include, but not be limited to, alternative mRNA splicing, DNA sequence amplification, antigenetic switching, bioaugmentation, bioenrichment, bioremediation, chromosome walking, cytogenetic engineering, DNA diagnosis, fingerprinting, and sequencing, electroporation, gene translocation, genetic mapping, site-directed mutagenesis, bio-transduction, bio-mechanical and bio-electrical engineering, and bio-informatics; and

(6) remanufacturing technologies, which shall be defined as processes whereby eligible commodities are restored to their original performance standards and are thereby diverted from the solid waste stream, retaining the majority of components that have been through at least one life cycle and replacing consumable portions to enable such commodities to be restored to their original functions. For the purposes of this subdivision, "eligible commodities" shall mean commodities (excluding paper) used in conjunction with or as a part of equipment performing the functions of facsimile machines, photocopiers, printers, duplication equipment, or any combination thereof, including, but not limited to the following: magnetic ink character recognition cartridges, photo conductor assemblies, electrostatic cartridges, thermal imaging cartridges, toner cartridges, ink jet cartridges, and printer cartridges. Provided further, that "eligible commodities" shall also include equipment used to record single frame images on film, where such equipment and film are marketed and sold as a single integrated consumer product, and where such equipment and film may be submitted in whole to a photograph processor for the purposes of processing.

* NB Applies to taxable years beginning on or after January 1, 2001

(c) "Qualified emerging technology company" shall mean a company located in New York state: (1) whose primary products or services are classified as emerging technologies and whose total annual product sales are ten million dollars or less; or (2) a company which has research and development activities in New York state and whose ratio of research and development funds to net sales equals or exceeds the average ratio for all surveyed companies classified as determined by the National Science Foundation in the most recent published results from its Survey of Industry Research and Development, or any comparable successor survey as determined by the department, and whose total annual product sales are ten million dollars or less.

The definition of "research and development funds" shall be the same as that used by the National Science Foundation in the aforementioned survey.

2. The New York state science and technology foundation shall prepare a report, no later than March thirty-first, two thousand four, analyzing the effectiveness of the tax credits created by subdivisions twelve-E and twelve-F of section two hundred ten of the tax law, in light of their influence on the start-up, growth, and retention of emerging technology companies in the state, on job growth within high technology companies, and on the expansion of collaborative research and development undertaken by industry and academia. The department shall annually provide the New York state science and technology foundation with aggregate statistics, pursuant to existing legal requirements for confidentiality of taxpayer records, on the number of taxpayers applying for such credits, the number of employees employed full time by qualified emerging technology companies, and the total amount and the amount of incremental basic research payments, made to a qualified organization. This report shall be delivered to the governor, the speaker of the assembly, the temporary president of the senate, and the chairpersons of the assembly committee on economic development, job creation, commerce and industry and the senate committee on commerce, economic development and small business.

§ 3102-f. Science and technology law center. 1. The foundation shall, subject to available appropriations, issue a request for proposals to

New York law schools to establish the science and technology law center.

2. The science and technology law center will advise the foundation, centers for advanced technology and other academic institutions on all technology-related legal issues, and provide any other services deemed necessary by the foundation, including but not limited to:

(a) conducting research on legislation, regulations and legal decisions that impact the flow of technology transfer and academic research;

(b) working with the centers for advanced technology and other academic institutions to provide appropriate assistance;

(c) working directly with startup and early stage technology companies outside of institutional settings;

(d) working with the centers in creating and hosting venture capital fairs;

(e) managing the functions of the technology commercialization clinic program as established pursuant to section thirty-one hundred two-g of this article.

§ 3102-g. Technology commercialization clinic program. The foundation shall establish a technology commercialization clinic program to be managed by the science and technology law center for the purposes of assisting New York universities, entrepreneurs and companies in commercializing new products or processes.

1. Entities eligible to operate the program shall be competitively selected by the foundation and shall include business, law and engineering schools, and other academic research entities, located at colleges and universities in the state.

2. Activities under this program shall be conducted by students supervised by appropriate faculty and university administrators and shall include but not be limited to the following:

(a) engaging in faculty-supervised projects specializing in research and analysis of the commercial development of early-stage technologies on behalf of New York universities and companies;

(b) providing research and analysis of the technical, marketing, intellectual property, and legal issues related to the commercial development of new technologies on behalf of New York universities and companies;

(c) collaborating with other technology commercialization clinic programs to develop best practices to support technology commercialization in New York.

§ 3104. State not liable for obligations. No obligation of the corporation shall be a debt of the state, and the corporation shall have no power to make its obligations payable out of any property or moneys except those of the corporation.

§ 3105. Public purpose of the corporation. The corporation is created and shall be operated exclusively for public purposes and not for pecuniary profit. No part of the net earnings of the corporation shall inure to the benefit of any private individual.

§ 3105-a. Roster of retired scientists, engineers and other experts.

1. The corporation shall establish a roster of retired scientists, engineers and other experts who are willing to volunteer to assist small, emerging technology oriented businesses in reviewing, analyzing and assisting in technological and organizational problems.

2. The roster of retired scientists, engineers and other experts shall be composed of retired persons with scientific research and development expertise or such relevant managerial experience as may be useful to emerging business.

3. The corporation shall make the establishment of the roster known to such retired scientists, engineers and other experts who may be willing to volunteer their services, and solicit their assistance on behalf of emerging businesses that request assistance from such persons.

4. The corporation shall make the names and accompanying areas of expertise known to inventors and small and emerging technology oriented businessmen for the purpose of gaining from the advice and expertise of such retired volunteers.

§ 3106. Contributions to the corporation. Notwithstanding the provisions of any general or special law or the provisions of any certificate of incorporation, charter or other articles of organization, any corporation, association or person is hereby authorized to make contributions to the corporation.

§ 3107. Exemption from taxation. The property, income and activities of the corporation shall be exempt from all taxes and assessments.

§ 3108. Annual report. The corporation shall make an annual report to the governor and the legislature not later than July first of each year.

§ 3110. Actions. Except in an action for wrongful death, an action against the authority founded on tort shall not be commenced more than one year and ninety days after the cause of action therefor shall have accrued, nor unless a notice of claim shall have been served on the authority within the time limited by, and in compliance with all the requirements of section fifty-e of the general municipal law. An action against the authority for wrongful death shall be commenced in accordance with the notice of claim and time limitation provisions of title eleven of article nine of this chapter.

TITLE 2

NEW YORK STATE FOUNDATION FOR SCIENCE, TECHNOLOGY AND INNOVATION

§ 3150. Definitions. As used in this section:

1. "Foundation" shall mean the New York state foundation for science, technology and innovation created by this title;

2. "Executive director" shall mean the executive director of the foundation;

3. "Board" shall mean the New York state foundation for science, technology and innovation board;

4. "Regional partnerships" shall mean any association or group which is: (a) comprised of local economic development organizations and a center of excellence as defined by section three of part T of chapter eighty-four of the laws of two thousand two, or in the absence of such center in the region, at least one institution of higher education involved in commercialization efforts similar to such centers of excellence and may include a combination of private businesses, business support organizations, commercial lending institutions, venture capital companies, angel investor networks or foundations; (b) formed for the creation and administration of regional partnership programs; and (c)

certified by the foundation as the regional partnership;

5. "Regional partnership coordinator" shall mean a nonprofit organization chosen by a regional partnership and certified by the foundation to administer the regional partnership programs;

6. "Partnership" shall mean regional partnerships; and

7. "Coordinator" shall mean regional partnership coordinator.

§ 3153. Capital investments innovation fund. 1. Creation and purposes. The capital investments innovation fund is hereby created for the purpose of providing loans, grants or a combination thereof through the regional partnerships authorized pursuant to section thirty-one hundred fifty-four of this title for economic development projects that facilitate job growth and business expansion in New York state. However, nothing shall preclude the foundation, one or multiple partnerships from joining together to advance and receive grants, loans or combinations thereof for projects authorized under this section. Such fund shall provide financing for programs that improve the business climate and enhance economic competitiveness across New York state's regions.

2. Eligible projects. (a) Projects eligible for capital investment fund financing may include, but not be limited to, those that enhance innovation or increase competitiveness in emerging or high-technology industries, and other industries.

(b) Capital investment innovation funds may be utilized for projects which include, but may not be limited to, the following: the development of industrial facilities and parks, manufacturing facilities, business parks and incubators, office facilities and parks, warehouse and distribution facilities, and, high-technology and biotechnology research, development and related commercialization facilities.

(c) Projects intended primarily for the development of retail or personal service facilities shall not be eligible.

3. Eligible costs. Capital investment innovation funds may be utilized

for purposes including but not limited to the following: infrastructure development, including water, sewer, highway, rail access, electric power, gas and telecommunications; energy efficiency improvements; site acquisition, site investigation, site clearance, building demolition and site preparation; construction, reconstruction, and renovation, and, machinery and equipment.

4. Project cost. Total project cost shall be a minimum of two hundred fifty thousand dollars, unless the board determines that circumstances merit a waiver of such minimum threshold. At least two-thirds of the project cost shall consist of private sector, local, or federal funding. However, those projects which offer exceptional opportunities for long-term private sector job creation and retention may be eligible for a waiver of this requirement.

5. Applications. Applications may be submitted to the foundation by the regional partnerships on behalf of municipalities, nonprofit organizations, businesses, special districts, institutions of higher education, or other organizations. The foundation may provide grants, loans or combinations thereof, provided that projects be evaluated on the basis of the amount of economic impact on New York state, the feasibility of business plans and long-term sustainability, as determined by the foundation, in consultation with the urban development corporation.

6. Program rules and regulations. Following consultation with appropriate state and local agencies and other organizations, the foundation shall promulgate rules and regulations for the award of the capital investments innovation fund financing through the regional partnerships, provided however, that the foundation board shall oversee the distribution of all funds appropriated to the capital investments innovation fund program.

§ 3154. Regional partnership program. 1. Establishment and purpose. There is established a program in the foundation to be known as the regional partnership program. The program shall provide regional economic assistance to certified partnerships for the purpose of carrying out the purposes pursuant to this section and section thirty-one hundred fifty-three of this title.

2. Duties of regional partnerships. The regional partnerships shall work individually and in coordination with the technology development organizations established pursuant to section thirty-one hundred two-d of this article, and with other partnerships to advance economic growth and business creation and expansion in the state. The program shall provide regional economic assistance to certified partnerships for the purpose of carrying out the purposes pursuant to this section and section thirty-one hundred fifty-three of this title.

3. Certification. (a) Partnerships shall be comprised of local economic development organizations and, to the extent they are present in the region, centers of excellence as defined by section three of part T of chapter eighty-four of the laws of two thousand two or in the absence of such center in the region, at least one institution of higher education involved in commercialization efforts similar to such centers of excellence. To obtain certification for the purposes of carrying out the programs of the foundation, regional partnerships shall include broad representation of the economic development and innovation community in the region, including but not limited to, community colleges, university or nonprofit research institutions, private industry representatives, commercial lending institutions, venture capital firms and workforce development organizations. Before any partnership is certified by the foundation, the foundation shall approve written guidelines for the program and shall provide a copy of the guidelines to the temporary president of the senate and the speaker of the assembly.

(b) Within thirty days of the appointment of the majority of the thirteen voting members of the board, the board shall identify and review the necessary criteria that shall be demonstrated for a partnership to successfully fulfill the duties specified in subdivision six of this section.

(c) Within thirty days following the foundation's identification of criteria for partnerships, a comprehensive request for proposals for each of the economic development regions of the state shall be issued by the foundation that incorporates such criteria and may request any and all information deemed necessary by the foundation to certify the partnerships.

(d) The foundation shall have ninety days to conduct a comprehensive review of all proposed plans and partnerships. After such review, the foundation shall select and certify regional partnerships and approve plans by a two-thirds majority vote of the board.

(e) The foundation shall certify one partnership to represent each of ten economic development regions established by the New York state department of economic development pursuant to section two hundred thirty of the economic development law. The foundation shall certify a regional partnership that meets the criteria and the requirements as set forth in subdivision four of this section, provided that there is a regional partnership that represents each region specified in this section, provided further that the foundation determines that an application has been received from each region that is sufficient to accomplish the purposes of this section.

(f) The foundation shall modify or revoke a partnership's certification consistent with the regulations, policies and guidelines of the foundation. The foundation may change the number of regions or regional boundaries with a two-thirds majority vote of the board.

(g) The length of certification for each such partnership, subject to the foundation's authority to revoke or modify a partner's certification, shall be for a period of five years, beginning no later than March thirty-first, two thousand six.

4. Application. A partnership may apply to the foundation to be certified as a regional partnership. Each partnership shall have sixty days to prepare and submit an application prepared by the foundation from the date of the issuance of such request for proposals. All applications must be on the form required by the foundation and include and demonstrate all of the following:

(a) the coordinator's name and address;

(b) a statement that the applicant is a partnership and the identity of its members;

(c) a copy of a written strategic plan adopted by the partnership describing the targeted industry segments which the partnership shall foster;

(d) a formal statement of cooperation from each partner confirming the contributions, financial and other, and responsibilities of each member;

(e) identification of programs and funds which are appropriate to the implementation of its regional strategy;

(f) identification of the efforts to leverage other sources of public and private funding in its proposal;

(g) identification of the level of financial expertise of the partnerships;

(h) an organizational chart;

(i) identification of the resources of the partnership;

(j) a comprehensive plan for its strategy to promote program implementation within the designated geographic region; and

(k) any other information required by the foundation.

5. Review and designation. The foundation shall review the applications. Upon being satisfied that all requirements have been met, the foundation may approve an application. If the foundation approves an application, the foundation shall accept the organization designated as the coordinator for the regional partnership programs.

6. Continuation of certification. To continue to be certified, a partnership shall perform the following duties which shall include, but not be limited to:

(a) Serve as a regional partner in identifying, developing, adapting and implementing advanced technologies and innovative strategies to enable the growth and competitiveness of existing and emerging companies through process improvement, technology development, commercialization and production.

(b) Promote collaborations, programs and initiatives by and among the foundation, technology enterprises, economic development organizations, the corporate community, academic research institutions, government, workforce development organizations and other interests working collectively to advance economic growth, including activities to ensure the availability of venture capital within the region including contract services in conjunction with the foundation pursuant to section thirty-one hundred fifty-two of this title. Each partnership should stress the use of information technology as a necessary means to link such entities together in a cohesive and effective manner.

(c) Provide and serve as a conduit to, capital for existing and emerging companies involved in the development, commercialization, and production of innovative products and processes.

(d) Develop and provide support to business incubation facilities and encourage the development of technology business in or near research academic institutions.

(e) Each partnership shall encourage business mentoring opportunities, to emerging companies in order to provide resources and industry knowledge to create opportunities for growth.

7. Certification review. Not less than one hundred eighty days prior to the expiration of a partnership's certification the foundation board shall conduct a comprehensive review of the partnership's performance over the entire period of time for which the partnership was certified as such by the foundation. The review shall primarily be based on those annual reviews conducted by the foundation as authorized by this subdivision. Should the foundation deem the partnership's performance to be satisfactory it shall, by two-thirds vote of the thirteen voting members of the state board, re-certify the regional partnership as a regional partnership for a period of five years, provided such period begin on the day that the previous certification has expired. Provided, however, should the foundation board rule that a partnership's performance has not been satisfactory, or if two-thirds of the voting members of the foundation board do not support such partnership's re-certification, the foundation board shall issue a new request for proposals for a new regional partnership provided that such request for proposals shall be issued no later than thirty days after the foundation board declined to re-certify the partnership. Those partnerships that choose to submit an application for certification as a new regional partnership in response to the request for proposals issued by the foundation board shall have sixty days to prepare and submit an application from the date of the issuance of such request for proposals. The foundation board shall have forty-five days to conduct a comprehensive review of all applications for certification as a regional

partnership. After a review of the applications, the foundation board shall select and certify a new partnership for all those regions for which a new request for proposals were issued.

8. Regional coordinator. Each partnership shall designate from its members a single, non-profit organization to coordinate program development and implementation, and to act as administrative entity for the partnership programs. Such non-profit organization, or its staff, shall have demonstrated experience with state and federal contracting procedures.

9. Records. Upon request, a partnership must authorize employees or agents of the foundation to inspect its books and records during regular business hours.

10. Foundation fund. (a) Establish fund and programs. There is hereby created a fund within the foundation to be known as the foundation fund for the purposes of: (i) providing financial assistance in the form of grants, loans, equity investments or a combination thereof to companies for purposes which may include, but not be limited to, commercialization of innovative products and processes for emerging technology sectors, including biotechnology, nanotechnology, bioinformatics, software design, innovative energy efficiencies and environmental technologies and other technologies; (ii) providing financial assistance in the form of grants, loans or a combination thereof to small emerging companies for the purposes of: (A) offsetting the small emerging companies' costs associated with accessing advanced telecommunications services and technologies, provided, however, that such small emerging companies or their affiliates shall not be in the business of offering telecommunications services and technologies; (B) offsetting the small emerging companies' costs associated with implementing energy efficiency or pollution prevention projects; (iii) providing grants to facilities that are equipped with high-technology resources appropriate to different technology sectors, including biotechnology, nanotechnology, bioinformatics, software design, innovative energy and environmental technologies and other advanced technologies, for lab-based commercialization enhancement and pre-venture product and business

development and working capital support, such as to various sectors particularly those that partner with university based research institutions; and (iv) providing financial assistance in the form of grants, loans or a combination thereof to businesses and facility projects that incorporate innovative products and processes into traditional economic activities, including but not limited to agriculture, manufacturing, services and tourism. A certified partnership shall be eligible to apply for assistance under any of the programs established in this section.

(b) Programs. (i) The technology enhancement program will provide grants for lab-based commercialization enhancement and pre-venture product and business development.

(ii) The innovation investment program shall provide financing to facilities for early-stage companies or companies that demonstrate a high potential for growth and innovation, as defined and specified by the foundation. Innovation investment fund awards may take the form of grants, equity investments, or loans or a combination thereof, provided that the fund serves to promote the growth of small technology-intensive or otherwise innovative businesses in the state of New York. Innovation investment fund grants, equity investments or loans shall be in amounts equal to or greater than twenty-five thousand dollars but shall not exceed two hundred fifty thousand dollars.

(iii) The emerging investment program shall take the form of grants, equity investments, or loans or a combination thereof, to businesses in the stage of product development, as defined and specified by the foundation. Emerging investment fund investments or loans shall be greater than two hundred fifty thousand dollars but shall not exceed seven hundred fifty thousand dollars. Businesses eligible to receive investments from the emerging investment fund shall meet such targets pursuant to foundation guidelines that demonstrate sufficient potential to bring a technology-intensive or otherwise innovative product or process to market and become a profitable employer located in the state of New York.

(iv) The business acceleration program shall provide financing in the form of grants, equity investments, or loans or a combination thereof, to revenue-generating technology-intensive or otherwise innovative businesses, as defined and specified by the foundation, in order to accelerate their expansion towards profitability. Business acceleration fund grants, equity investments or loans shall be greater than seven hundred fifty thousand dollars but shall not exceed one million dollars. Eligible businesses shall demonstrate, pursuant to foundation guidelines, their ability to become profitable and expand their employment in the state of New York.

(v) The New York Phase I federal small business innovation research program may award grants to recipients conducting research that may result in the development of an innovative technology having the potential to lead to the commercialization or fabrication within New York of new or improved products, processes, or services for the continuation of such research under the contract awarded by the federal agency not to exceed the amount of the federal award or fifty thousand dollars, whichever is less.

(c) The community colleges/academic research institutions curriculum alignment program which shall provide assistance for alignment of SUNY and CUNY community colleges with high-technology industry clusters and academic research institutions through the development of specialized curricula which meets the needs of emerging businesses for technical and other skilled workers.

(d) The New York Science, Technology, Engineering and Math (STEM) program may foster student interest in scientific and technical careers and may include support for summer science and math camps, internships and mentoring opportunities, and support opportunities for professional development for teachers in the areas of science, mathematics, and engineering.

(e) The management and technical assistance program may provide support for regional activities which include industry associations, angel investor networks, entrepreneurial networks, regional business plan competitions and other related activities.

(f) The manufacturing assistance program may provide support for flexible manufacturing networks, niche market development, productivity and energy efficiency assessments and skills training.

(g) The regional marketing and export assistance program may provide support for regional activities including marketing cooperatives and branding initiatives.

11. Reporting requirements. Each partnership shall annually submit the following information to the foundation and to the temporary president of the senate and the speaker of the assembly:

(a) the designated coordinator's current contact information;

(b) a copy of the regional partnerships' current statement of cooperation that defines roles, responsibilities, contributions, financial and otherwise, of the partnerships;

(c) a list of the partnership's current officers and directors;

(d) an independent audit covering all funds received from the state;

(e) upon request, an independent audit covering all funds received and activities supported by non-state sources; and

(f) all other information that the foundation may require.

12. Urban development corporation proposals. (a) Upon certification pursuant to subdivision three of this section, each regional partnership may submit to the urban development corporation a proposal on how the regional partnership shall provide economic development assistance, pursuant to sections sixteen-h and sixteen-m of section one of the New York state urban development corporation act.

§ 3155. Reporting requirements. 1. The foundation shall submit an annual report, beginning on the first of February, two thousand seven, to the governor, the speaker of the assembly, and the temporary president of the senate on the operations and accomplishments of: (a) each program it administers, (b) all programs authorized by this article, and (c) in cooperation with the urban development corporation, the centers of excellence created by section three of part T of chapter eighty-four of the laws of two thousand two.

2. The annual report shall provide, but not be limited to, the following information:

(a) for the research development program and the James D. Watson investigator program, authorized under sections two hundred nine-p and two hundred nine-s of the executive law, the amount of the award, the name of the institution receiving the award, the name of the faculty member or investigator hired and his or her significant academic accomplishments, the research funds awarded and the number of graduate students or research personnel collaborating with the award recipient;

(b) for each award under all other programs:

(i) the amount of state funds and any federal, local, or private matching funds, including in-kind contributions;

(ii) a description of the project and any activities undertaken including, if applicable, the identification of any collaborating private sector partners;

(iii) the number of full-time public, private, and nonprofit sector jobs created and/or retained in the state as a direct result of activities undertaken with state funds, and the methodology utilized to determine such number;

(iv) the number of start-up businesses created and existing businesses assisted as a direct or indirect result of the award;

(v) the extent to which the project has or will lead to an increase in the pool of venture capital for a specific technology that is of importance to the industry in this state;

(vi) the actual or anticipated invention, development, or refinement of any new products and processes with commercial application of importance to the industries in the state;

(vii) any outreach to the surrounding communities to encourage or accommodate economic growth;

(viii) a description of any relationships with elementary and secondary schools and community colleges designed to foster student interest in scientific and technical careers or provide workforce training;

(ix) the terms of each research sponsorship agreement, intellectual property ownership agreement, intellectual property license agreement, or any other agreements entered into between the state funded research institutions and each research partner in the preceding calendar year regarding any provisions for financial return to the university, the state and to research partners, including, but not limited to, the amount of up front royalty income to the state funded institution, any milestone payments due to the state funded institution, and, the percentage of royalties due to the state funded institutions;

(x) number of patents awarded to the college or university as a direct result of research related to the award and income generated from the

licensure or sale of such intellectual property; and
(xi) any other information deemed appropriate by the director.

§ 3156. Transfer of powers. The functions and powers possessed by and all of the obligations and duties of the New York state office of science, technology and academic research as established pursuant to article ten-B of the executive law shall be transferred and assigned to, assumed by and devolved upon the foundation.

§ 3157. Abolition of New York state office of science, technology and academic research. Upon the transfer pursuant to section thirty-one hundred fifty-six of this title of the functions and powers possessed by and all of the obligations and duties of the New York state office of science, technology and academic research as established pursuant to article ten-B of the executive law to the foundation, the New York state office of science, technology and academic research shall be abolished, and sections two hundred nine-a, two hundred nine-b and two hundred nine-c of the executive law shall be repealed.

§ 3158. Continuity of authority. Upon the transfer pursuant to section thirty-one hundred fifty-six of this title of the functions and powers possessed by and all of the obligations and duties of the New York state office of science, technology and academic research as established pursuant to article ten-B of the executive law to the foundation as prescribed by section thirty-one hundred fifty-six of this title for the purpose of succession to all functions, powers, duties and obligations of the New York state office of science, technology and academic research, the foundation shall be deemed and held to constitute the continuation of such authority and not a different agency or authority.

§ 3159. Transfer of records. Upon the transfer pursuant to section thirty-one hundred fifty-six of this title of the functions and powers possessed by and all of the obligations and duties of the New York state office of science, technology and academic research as established pursuant to article ten-B of the executive law to the foundation as prescribed by section thirty-one hundred fifty-six of this title, all books, papers, records and property pertaining to the New York state office of science, technology and academic research shall be transferred to and maintained by the foundation.

§ 3160. Completion of unfinished business. Upon the transfer pursuant to section thirty-one hundred fifty-six of this title of the functions and powers possessed by and all of the obligations and duties of the New York state office of science, technology and academic research as established pursuant to article ten-B of the executive law to the foundation as prescribed by section thirty-one hundred fifty-six of this title, any business or other matter undertaken or commenced by the New York state office of science, technology and academic research pertaining to or connected with the functions, powers, obligations and duties so transferred and assigned to the foundation may be conducted or completed by the foundation.

§ 3161. Terms occurring in laws, contracts or other documents. Upon the transfer pursuant to section thirty-one hundred fifty-six of this title of the functions and powers possessed by and all of the obligations and duties of the New York state office of science, technology and academic research as established pursuant to article ten-B of the executive law to the foundation as prescribed by section thirty-one hundred fifty-six of this title, whenever the New York state office of science, technology and academic research and the chairperson thereof, the functions, powers, obligations and duties of which are transferred to the foundation are referred to or designated in any law, contract or document pertaining to the functions, powers, obligations and duties transferred and assigned pursuant to this title, such reference or designation shall be deemed to refer to the foundation and its executive director. Notwithstanding any law to the contrary, all rights and benefits, including terms and conditions of employment, and protection of civil service and collective bargaining of all employees affected by the transfer of the New York state office of science, technology and academic research to the foundation, shall be preserved and protected under the transfer, and all transferred employees and all persons employed by the foundation after the transfer, except for research and investigative high technology scientists, shall be considered for all purposes of article fourteen of the civil service law public employees in the civil service of the state and employees who are transferred shall remain in the same collective bargaining unit and any newly created positions shall be assigned to the appropriate collective bargaining unit as if they were employees of the state. For proposes of this section, the term "research and investigative high technology scientists" shall mean persons with an understanding of empirical methodologies, the ability to apply scientific knowledge to test theories, and possessing the expertise to make systematic observations of natural, empirical phenomena that can also be conveyed in a meaningful way to policymakers.

§ 3162. Existing rights and remedies preserved. Upon the transfer pursuant to section thirty-one hundred fifty-six of this title of the functions and powers possessed by and all of the obligations and duties of the New York state office of science, technology and academic research as established pursuant to article ten-B of the executive law to the foundation as prescribed by section thirty-one hundred fifty-six of this title, no existing right or remedy of the state, including the New York state office of science, technology and academic research, shall be lost, impaired or affected by reason of this title.

§ 3163. Pending actions and proceedings. Upon the transfer pursuant to section thirty-one hundred fifty-six of this title of the functions and powers possessed by and all of the obligations and duties of the New York state office of science, technology and academic research as established pursuant to article ten-B of the executive law transfer to the foundation as prescribed by section thirty-one hundred fifty-six of this title, no action or proceeding pending on the effective date of this title, brought by or against the New York state office of science, technology and academic research or executive director thereof shall be affected by any provision of this title, but the same may be prosecuted or defended in the name of the executive director of the foundation. In all such actions and proceedings, the foundation, upon application to the court, shall be substituted as a party.

§ 3164. Continuance of rules and regulations. Upon the transfer pursuant to section thirty-one hundred fifty-six of this title of the functions and powers possessed by and all the obligations and duties of the New York state office of science, technology and academic research as established pursuant to article ten-B of the executive law transfer to the foundation as prescribed by section thirty-one hundred fifty-six of this title, all rules, regulations, acts, determinations and decisions of the New York state office of science, technology and academic research, pertaining to the functions transferred and assigned by this title to the foundation in force at the time of such transfer, assignment, assumption or devolution shall continue in force and effect as rules, regulations, acts, determinations and decisions of the foundation until duly modified or repealed.

§ 3165. Transfer of appropriation. Transfer of appropriations heretofore made to the New York state office of science, technology and academic research. Upon the transfer pursuant to section thirty-one hundred fifty-six of this title of the functions and powers possessed by and all of the obligations and duties of the New York state office of science, technology and academic research as established pursuant to article ten-B of the executive law to the foundation as prescribed by section thirty-one hundred fifty-six of this title, all appropriations and reappropriations which shall have been made available as of the date of such transfer to the New York state office of science, technology and academic research or segregated pursuant to law, to the extent of remaining unexpended or unencumbered balances thereof, whether allocated or unallocated and whether obligated or unobligated, shall be transferred to and made available for use and expenditure by the foundation and when appropriate made available to the regional partnerships for the same purposes for which originally appropriated or reappropriated and shall be payable on vouchers certified or approved by the commissioner of taxation and finance, on audit and warrant of the comptroller. Payments of liabilities for expenses of personal service, maintenance and operation which shall have been incurred as of the date of such transfer by the New York state office of science, technology and academic research, and for liabilities incurred and to be incurred in completing its affairs shall also be made on vouchers certified or approved by the executive director of the foundation, on audit and warrant of the comptroller. All of the assets and liabilities of the small business technology investment fund transferred from the New York state science and technology foundation to the urban development corporation pursuant to subdivision two of section two hundred nine-f of the executive law shall be transferred to the New York state foundation for science, technology and innovation established pursuant to this title.

§ 3166. Severability. If any clause, sentence, paragraph, section or part of this title shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section or part thereof directly involved in the controversy in which such judgment shall have been rendered.

* ARTICLE 10-B

TITLE 4. NEW YORK LOCAL GOVERNMENT ASSISTANCE CORPORATION (Secs. 3231-3249)

* NB Title 4 was inadvertently added to A10-B which does not exist.

ARTICLE 10-B

TITLE 4

NEW YORK LOCAL GOVERNMENT ASSISTANCE CORPORATION

§ 3231. Short title. This title may be cited as the "New York local government assistance corporation act".

§ 3232. Definitions. For the purpose of this title:

1. "Director of the budget" means the director of the budget of the state of New York.

2. "Corporation" means the New York local government assistance corporation as created by this title.

3. "Comptroller" means the comptroller of the state of New York.

4. "State" means the state of New York.

5. "Revenues" means all aid, rents, fees, charges, payments and other income and receipts paid or payable to the corporation or to a trustee for the account of the corporation, including any payment required to be made to the corporation by this title.

6. "Operating expenses" means all expenses incurred by the corporation in the administration of the corporation including but not limited to salaries, administrative expenses, insurance premiums, fees payable to providers of bond or note facilities, auditing and legal expenses and fees and expenses incurred for professional consultants and fiduciaries.

7. "Capital reserve fund requirement" means, as of any particular date of computation and with respect to any capital reserve fund, the maximum amount required to pay, during the then current or any succeeding fiscal year, on all bonds of the corporation secured by such capital reserve fund outstanding as of the date of computation, the maximum combined amount of all interest payable during such fiscal year and all installments of principal (including mandatory sinking fund payments and amounts, payable on principal so paid, that are treated as original issue discount under the code and regulations thereunder) payable during such fiscal year; provided that the corporation may, if it determines that the security and marketability of bonds secured by a capital reserve fund will not be unduly adversely affected, reduce the requirement with respect to such capital reserve fund as so defined so as to equal no less than half of the amount so calculated; and provided, further, that the corporation may increase the amount calculated as provided in this subdivision with respect to a capital reserve fund by including any designated notes of the corporation as bonds, upon any related issuance proceeds of which will fund the increase, and provided, further, that interest payable at a variable rate on any bonds of the corporation or payable at a rate then not determinable on short term notes to be issue by the corporation in renewal or replacement of other

short term notes shall for purposes of any such calculation be assumed to be payable at a rate or rates reasonably assumed by the corporation having due regard for the security and marketability of all its bonds and notes.

8. "Code" means the United States Internal Revenue Code of 1986, as amended.

9. "Net proceeds" means the aggregate principal amount of any bonds or notes issued by the corporation, reduced by any amount of such bonds or notes that constitutes interest under the code and further reduced by the portion of such aggregate principal amount issued (i) to fund the capital reserve fund in accordance with the capital reserve fund requirement and to fund any other reserves that the corporation reasonably deems necessary for the security or marketability of its bonds and notes, (ii) to provide capitalized interest, and (iii) to provide fees and other charges and expenses, including underwriters' discount, related to the issuance of such bonds or notes, including fees and other charges payable from such proceeds to providers of bond or note facilities.

10. "Bond or note facility" means any insurance policy, letter of credit or other facility, agreement or arrangement referred to in subdivision sixteen, seventeen or eighteen of section three thousand two hundred thirty-five of this title.

11. "Local government" means a county, city, town, village, school district, city school district or board of cooperative educational services.

§ 3233. New York local government assistance corporation. 1. There is hereby created the New York local government assistance corporation. The corporation shall be a corporate governmental agency constituting a public benefit corporation. It shall have the powers and privileges of a corporation and all of its business shall be transacted, all funds invested, all warrants for money drawn and payments made, and all cash and securities and other personal property held under its corporate name.

2. The corporation shall continue until six months after all its liabilities have been met or otherwise discharged. Upon the termination of the existence of the corporation, all of its rights and property shall pass to and be vested in the state.

§ 3234. Administration of the corporation. 1. (a) The corporation shall be administered by seven directors, one of whom shall be the comptroller, one of whom shall be the director of the budget and five of whom shall be appointed by the governor. The comptroller and the director of the budget shall be entitled to designate a representative or representatives to attend meetings of the board in their place, and to vote or otherwise act on their behalf in their absence. Notice of such designation shall be furnished in writing to the board by the designating director. A representative shall serve at the pleasure of the designating director during the director's term of office. A representative shall not be authorized to delegate any of his or her duties or functions to any other person. A director who is not a state official shall serve for a term expiring at the end of the term actually served by the officer making the appointment and may be removed for cause by such officer after hearing on ten days notice.

(b) The secretary to the senate finance committee and the secretary to the assembly ways and means committee shall be nonvoting representatives who shall receive notice of and be entitled to attend all meetings of the directors and who shall also receive the same supporting and other documentation related to each vote to be taken by the directors at each meeting as is provided to the directors, at the same time as it is provided to the directors. The comments of the nonvoting representatives shall be entered upon the record of the meeting.

2. The governor shall designate a chairperson and a vice-chairperson from among the directors. The chairperson shall preside over all meetings of the directors and shall have such other duties as the directors or the corporation may direct. The vice-chairperson shall

preside over all meetings of the directors in the absence of the chairperson and shall have such other duties as the directors of the corporation may prescribe.

3. The directors of the corporation shall serve without salary, but each director shall be reimbursed for actual necessary expenses incurred in the performance of such director's official duties as a director of the corporation. The directors of the corporation may engage in private employment or in a profession or business if not otherwise prohibited from so doing by virtue of any other public office.

4. Notwithstanding any inconsistent provisions of law, general, special or local, no officer or employee of the state of New York, any city, county, town or village, any other political or civil division of the state, any municipality, any governmental entity operating any public school or college, any school district or any other public agency or instrumentality or unit of government which exercises governmental powers under the laws of the state, shall forfeit office or employment by reason of acceptance of appointment as a director, representative, officer or agent of the corporation nor shall service as such director, representative, officer or agent of the corporation be deemed incompatible or in conflict with such office or employment.

5. A majority of the whole number of directors then in office shall constitute a quorum for the transaction of any business or the exercise of any power of the corporation. Except as otherwise specified in this title, for the transaction of any business or the exercise of any power of the corporation, the corporation shall have power to act by a majority of the directors present at any meeting at which a quorum is in attendance; provided that one or more directors may participate in a meeting by means of conference telephone or similar communications equipment allowing all directors participating in the meeting to hear each other at the same time and participation by such means shall constitute presence in person at a meeting. A unanimous vote of all directors then in office shall be required for approval of a resolution authorizing the issuance of bonds or notes or any supplemental or amendatory resolution. The corporation may delegate to one or more of

its directors, or officers, agents and employees, such powers and duties as the directors may deem proper. Five days notice shall be given to each director and nonvoting representative prior to any meeting of the corporation.

6. On or before November fifteenth of each year, the corporation shall submit a financial statement and a report of its activities for such corporation's immediately preceding fiscal year to the governor, the temporary president of the senate, the speaker of the assembly, the comptroller, the chair of the senate finance committee and the chair of the assembly ways and means committee.

§ 3235. General powers of the corporation. The corporation shall have the following powers in addition to those specially conferred elsewhere in this title:

1. to sue and be sued;

2. to have a seal and alter the same at pleasure;

3. to make and alter by-laws for its organization and internal management and, subject to agreements with bondholders or noteholders, to make rules and regulations governing the use of its property and facilities;

4. to make and execute contracts, leases, subleases and all other instruments or agreements necessary or convenient for the exercise of its powers and functions under this title;

5. to purchase real or personal property necessary and convenient for its purposes; to execute and deliver deeds for real property held in its own name; and to sell or otherwise to dispose of such real or personal property that, in the judgment of the corporation, is no longer necessary for its corporate purposes;

6. to appoint officers, agents and employees, prescribe their duties

and qualifications and fix their compensations subject to the provisions of the civil service law and any applicable collective bargaining agreement;

7. to commence any action to protect or enforce any right conferred upon it by any law, contract or other agreement;

8. to make payments to local governments in such amounts as are provided for by this title;

9. to borrow money and, in accordance with section three thousand two hundred thirty-six of this title, to issue bonds or notes or other obligations in respect of amounts borrowed and to fund or refund the same, and to provide for the rights of the holders of its obligations subject to provisions of this title;

10. subject to the provisions of any contract with bondholders or noteholders, to invest any funds held in reserves or sinking funds, or any funds not required for immediate use or disbursement, at the discretion of the corporation, in obligations in which the comptroller is authorized to invest pursuant to section ninety-eight-a of the state finance law;

11. subject to the provisions of any contract with bondholders or noteholders, to purchase bonds or notes of the corporation;

12. to procure insurance in such amounts and from such insurers as it deems desirable;

13. to engage the services of consultants on a contract basis for rendering professional and technical assistance and advice;

14. to receive and accept, and contract for and to accept any gifts or grants or loans of funds or property or financial or other aid in any form from the federal government or any agency or instrumentality thereof, the state or any agency or instrumentality thereof, or from any other source and to comply with the terms and conditions thereof;

15. as security for the payment of the principal of and interest on any bonds or notes issued by it pursuant to this title and any agreements made in connection therewith and for its obligations under bond or note facilities to pledge all or any part of its revenues or assets;

16. to procure insurance, letters of credit or other credit enhancement with respect to its bonds or notes issued pursuant to this title, or facilities for the payment of tenders of such bonds or notes or facilities for the payment upon maturity of short-term notes not renewed;

17. to adopt, amend or rescind rules and regulations appropriate to its corporate purposes and to enter into agreements and otherwise to do any and all things necessary or convenient to carry out its purposes and exercise the powers expressly given and granted in this title.

§ 3236. Bonds and notes of the corporation. 1. (a) The corporation shall have power and is hereby authorized from time to time to issue its bonds and notes in such principal amount or amounts, subject to subdivision eight of this section, as the corporation shall determine to be necessary, to provide sufficient funds for achieving its corporate purposes, including the making of payments pursuant to section three thousand two hundred thirty-eight of this title, the payment of interest on bonds and notes of the corporation, the establishment of reserves to secure such bonds and notes, the payment of amounts required under bond or note facilities or agreements relating thereto, and the payment of all costs of issuance of its bonds and notes.

(b) The corporation shall have the power and is hereby authorized from time to time to issue (i) notes to renew notes and (ii) bonds to pay notes, including the interest thereon and, whenever it deems refunding expedient, to refund any bonds by the issuance of new bonds, whether the bonds to be refunded have or have not matured, and to issue bonds partly to refund bonds then outstanding and partly for any of its other corporate purposes. The refunding bonds may be exchanged for the bonds to be refunded or sold and the proceeds applied to the purchase, redemption or payment of such bonds.

(c) Except as may otherwise be expressly provided by the corporation, every issue of its bonds and notes shall be general obligations of the corporation payable out of any revenues of the corporation, subject only to any agreements with the holders of particular bonds or notes pledging any particular revenues.

(d) (i) Bonds and notes shall be authorized by resolution of the corporation, be in such denominations and bear such date or dates and mature at such time or times, as such resolution may provide, provided that bonds and notes and renewals or refundings thereof shall mature on a date not later than December thirty-first, two thousand twenty-five nor more than thirty years from the date of original issuance.

(ii) Bonds and notes shall be subject to such terms of redemption, bear interest at such rate or rates, be payable at such times, be in such form, either coupon, registered or book entry form, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, and be subject to such terms and conditions as such resolution may provide.

(e) Such bonds shall be sold to the bidder offering the lowest interest cost to the corporation, taking into consideration any premium or discount and, in the case of refunding bonds, the bona fide initial public offering price, not less than four nor more than fifteen days, Sundays excepted, after a notice of such sale has been published at least once in a definitive trade publication of the municipal bond industry published on each business day in the state of New York which is generally available to participants in the municipal bond industry, which notice shall state the terms of the sale. The corporation may not change the terms of the sale unless notice of such change is sent via a definitive trade wire service of the municipal bond industry which, in general, makes available information regarding activity and sales of municipal bonds and is generally available to participants in the municipal bond industry, at least one hour prior to the time of the sale as set forth in the original notice of sale. In so changing the terms or conditions of a sale the corporation may send notice by such wire service that the sale will be delayed by up to thirty days, provided that wire notice of the new sale date will be given at least one business day prior to the new time when bids will be accepted. In such event, no new notice of sale shall be required to be published. Advertisements shall contain a provision to the effect that the corporation, in its discretion, may reject any or all bids made in pursuance of such advertisements, and in the event of such rejection, the corporation is authorized to negotiate a private sale or readvertise for bids in the form and manner above described as many times as, in its judgment, may be necessary to effect a satisfactory sale. Notwithstanding the foregoing provisions of this paragraph, whenever in the judgment of the corporation the interests of the corporation will be served thereby, the corporation may sell bonds at private sale. The corporation shall promulgate regulations governing the terms and conditions of any such private sales, which regulations shall include a provision that it give notice to the governor, the temporary president of the senate, and the speaker of the assembly of its intention to conduct a private sale of obligations pursuant to this section not less than five days prior to such sale or the execution of any binding agreement to effect such sale.

(f) The corporation shall enter into an agreement with the comptroller pursuant to which the comptroller shall be the exclusive agent of the corporation for the sale of its bonds and notes.

2. Consistent with the provisions of this title, any resolution authorizing any bonds or notes or any issue thereof may contain provisions, which shall be a part of the contract with the holders thereof, as to:

(a) pledging all or any part of the revenues to secure the payment of the bonds or notes or of any issue thereof, subject to such agreements with bondholders or noteholders as may then exist;

(b) pledging all or any part of the assets of the corporation to secure the payment of the bonds or notes or of any issue of bonds or notes, subject to such agreements with bondholders or noteholders as may then exist;

(c) the setting aside of reserves or sinking funds and the regulation and disposition thereof;

(d) limitations on the purposes to which the proceeds of sale of bonds or notes may be applied and pledging such proceeds to secure the payment of the bonds or notes or of any issue thereof;

(e) limitations on the issuance of additional bonds or notes; the terms upon which additional bonds or notes may be issued and secured; and the refunding of outstanding or other bonds or notes;

(f) the procedure, if any, by which the terms of any contract with bondholders or noteholders may be amended or abrogated, the amount of bonds or notes the holders of which must consent thereto, and the manner in which such consent may be given;

(g) limitations on the amount of moneys to be expended by the corporation for operating expenses of the corporation;

(h) vesting in a trustee, as described in subdivision six of this section, such property, rights, powers and duties in trust as the corporation may determine, which may include any or all of the rights, powers and duties of the trustee appointed by the bondholders pursuant to this title, and limiting or abrogating the right of the bondholders to appoint a trustee under this title or limiting the rights, powers, and duties of such trustee;

(i) the acts or omissions to act which shall constitute a default in the obligations and duties of the corporation to the holders of the bonds or notes and providing for the rights and remedies of the holders of the bonds or notes in event of such default, including the right to appointment of a receiver; providing, however, that such rights and remedies shall not be inconsistent with the general laws of the state and the other provisions of this title;

(j) any other matters, of like or different character, which in any way affect the security or protection of the holders of the bonds or notes; and

(k) the application of any of the foregoing provisions to any provider of any applicable bond or note facility.

Notwithstanding the foregoing, the corporation shall not be authorized to make any covenant, pledge, promise, or agreement purporting to bind the state except as otherwise specifically authorized by this title.

3. Any pledge made by the corporation shall be valid and binding from the time when the pledge is made. The revenues or property so pledged and thereafter received by the corporation shall immediately be subject

to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the corporation, irrespective of whether such parties have notice thereof. Neither the resolution nor any other instrument by which a pledge is created need be recorded or filed to protect such pledge.

4. Neither the directors of the corporation nor any other person executing the bonds or notes of the corporation shall be subject to any personal liability or accountability by reason of the issuance thereof.

5. The corporation, subject to such agreements with bondholders or noteholders as may then exist, or with the providers of any applicable bond or note facility, shall have power out of any funds available therefor to purchase bonds or notes of the corporation, which may or may not thereupon be cancelled, at a price not substantially exceeding:

(a) if the bonds or notes are then redeemable, the redemption price then applicable, including any accrued interest;

(b) if the bonds or notes are not then redeemable, the redemption price and accrued interest applicable on the first date after such purchase upon which the bonds or notes become subject to redemption.

6. In the discretion of the directors of the corporation, the bonds and notes may be secured by a trust indenture by and between the corporation and a corporate trustee, or a corporate trustee may be appointed under the resolution as provided in subdivision two of this section.

7. Whether or not the bonds and notes are of such form and character as to be negotiable instruments under the terms of the uniform commercial code, the bonds and notes are hereby made negotiable instruments within the meaning of and for all the purposes of the uniform commercial code, subject only to the provisions of the bonds and notes for registration or any book-entry-only system.

8. (a) The corporation shall not issue any bonds or notes in an amount

in excess of four billion seven hundred million dollars, plus a principal amount of bonds or notes:

(i) to fund any capital reserve fund in accordance with the capital reserve fund requirement,

(ii) to provide capitalized interest for a period not to exceed six months, and

(iii) to provide for the payment of fees and other charges and expenses, including underwriters' discount, related to the issuance of such bonds or notes, or related to the provision of any applicable bond or note facilities.

(b) In computing for the purposes of this section, the aggregate amount of indebtedness evidenced by bonds and notes of the corporation issued pursuant to this title, there shall be excluded (i) the amount of bonds or notes issued that would constitute interest under the Code as amended to the effective date of this title, and (ii) the amount of such indebtedness represented by such bonds or notes issued to refund or otherwise repay bonds or notes, provided that the amount so excluded under this subparagraph (ii) may exceed the principal amount of such bonds or notes that were issued to refund or otherwise repay only if the present value of the aggregate debt service on the refunding or repayment bonds or notes shall not have at the time of their issuance exceeded the present value of the aggregate debt service of the bonds or notes they were issued to refund or repay, such present value in each case being calculated by using the effective interest rate of the refunding or repayment bonds or notes, which shall be that rate arrived at by doubling the semi-annual interest rate (compounded semi-annually) necessary to discount the debt service payments on the refunding or repayment bonds or notes from the payment date thereof to the date of issue of the refunding or repayment bonds or notes and to the price bid therefor, or to the proceeds received by the corporation from the sale thereof, in each case including estimated accrued interest.

9. Each issuance of bonds by the corporation under this title shall provide for the retirement thereof so that debt service thereon, calculated in accordance with reasonably assumed interest rates to the extent not then determinable, shall be on a substantially level or decreasing debt-service payment basis no later than one year from the

date of their issuance to the date of retirement of the latest bond within such issue to retire. Each issuance of notes shall provide for annual reductions of the aggregate outstanding principal in equal or increasing amounts of such reduction. Notwithstanding the foregoing, if the corporation shall issue refunding bonds, the debt service thereon shall be structured on any basis that the corporation deems is in its best interest, provided that debt service on all outstanding bonds, notes and other financial obligations is not increased in any future fiscal year after giving effect to such refunding.

§ 3237. Capital reserve fund. 1. The corporation shall create and establish one or more special funds (each herein referred to as a capital reserve fund), which may be funded initially from proceeds of bonds or notes of the corporation issued pursuant to this title, in an amount equal to the capital reserve fund requirement of the bonds or notes secured thereby. All amounts held in a capital reserve fund shall be used solely for the payment of principal of or interest on the bonds or notes secured thereby, sinking fund payments thereon, the redemption thereof and payments to providers of bond or note facilities in respect of payments of such principal, interest or sinking fund payments made by them, in accordance with the applicable provisions of any and all resolutions and trust indentures, if any, securing such bonds and notes. Any income or interest, not required to be rebated to the United States to provide for continued exclusion from gross income for federal income tax purposes of interest on the bonds and notes of the corporation, earned by, or increment to, the capital reserve fund due to the investment thereof, in excess of the amount thereof needed to pay interest on the bonds or notes issued to fund the capital reserve fund, shall be used to pay debt service on bonds or notes issued by the corporation. Any amounts released from a capital reserve fund shall be applied, or set aside to be applied when practicable, by the corporation to the payment of principal on the applicable bonds or notes, or to redemption thereof or to the providers of bond or note facilities.

2. In computing the amount of the capital reserve fund for the purposes of this section, obligations in which all or a portion of such

fund shall be invested shall be valued at par if purchased at par or, if purchased at a premium above or a discount below par, the value at any given date obtained by dividing the total premium or discount at which such obligations were purchased by the number of interest payment dates remaining to maturity on such obligations after such purchase, and by multiplying the number so calculated by the number of interest payment dates having passed since the date of such purchase; and (i) in the case of such obligations purchased at a premium, by deducting the product thus obtained from the purchase price; and (ii) in the case of such obligations purchased at a discount, by adding the product thus obtained to the purchase price. In lieu of a deposit of money or obligations to the capital reserve fund, the corporation, having due regard for the security and marketability of all affected bonds and notes, may satisfy the whole or any portion of the capital reserve fund requirement by providing one or more surety agreements, insurance agreements, letters of credit or other type of agreement or arrangement satisfying the provisions of all applicable resolutions or trust indentures, if any, each of which provides for the availability, at all times required thereunder, of the amount of money or the value of the obligations in lieu of the deposit of which such agreement or arrangement is provided.

§ 3238. Payments to local governments. The local government assistance corporation shall not issue obligations for payments to local governments unless an appropriation or appropriations have been enacted providing for the determination of the amount and manner of payments to local governments. Payments to local governments from the net proceeds of the obligations of the corporation shall be for any or all of the following purposes:

1. elementary and secondary education, community college aid and support for tuition assistance programs;

2. payment of the nonfederal share of local medicaid costs; and

3. other local assistance programs, including revenue sharing assistance, aid for health and the improvement of environmental quality,

housing initiatives, mental health and drug abuse programs, mass transportation and highway and bridge programs.

*** § 3238-a. Payment to city of New York.** 1. Notwithstanding any inconsistent provision of law, the corporation shall transfer to the city of New York one hundred seventy million dollars from the resources of the corporation pursuant to section thirty-two hundred thirty-nine of this title. Such payment shall be made during each city fiscal year; provided, however, that on and after July first, two thousand twenty, the obligation of the corporation to make such payments shall be terminated if all outstanding bonds of the sales tax asset receivable corporation that are secured by the corporation's payments described in this subdivision have been fully paid and discharged by means of a legal defeasance in accordance with the trust indenture under which they were issued before July first, two thousand twenty-one, and in addition the corporation has paid to the city of New York or to its assignee if such payments have been assigned pursuant to this subdivision, the sum of forty-six million dollars on or before June thirtieth, two thousand twenty-one. Such payments from the corporation shall be made from the fund established by section ninety-two-r of the state finance law and in accordance with the provisions thereof.

2. The city of New York, acting by the mayor alone, may assign all or any portion of such amount to any not-for-profit corporation incorporated pursuant to section fourteen hundred eleven of the not-for-profit corporation law and, upon such assignment, the amount so assigned shall be the property of such not-for-profit corporation for all purposes. Following notice from the city of New York to the corporation and the comptroller of such assignment, such payment shall be made directly to the city's assignee. If such not-for-profit corporation issues bonds and/or notes, the state does hereby pledge and agree with the holders of any issue of bonds and/or notes secured by such a pledge that the state will not limit or alter the rights vested in such not-for-profit corporation to fulfill the terms of any agreements made with such holders or in any way impair the rights and remedies of such holders or the security for such bonds and/or notes

until such bonds and/or notes, together with the interest thereon and all costs and expenses in connection with any action or proceeding by or on behalf of such holders, are fully paid and discharged. The foregoing pledge and agreement may be included in any agreement with the holders of such bonds or notes. Nothing contained in this section shall be deemed to restrict the right of the state to amend, modify, repeal or otherwise alter statutes imposing or relating to the taxes subject to such assignment, but such taxes shall in all events continue to be so payable, as assigned, so long as any such taxes are imposed.

3. Proceeds of state supported debt, as defined in subdivision one of section sixty-seven-a of the state finance law, or other available monies, may be provided to the trustee for the bonds of the sales tax asset receivable corporation secured by the corporation's payments described in subdivision one of this section in an amount sufficient to fully pay and discharge such bonds by means of a legal defeasance of all such outstanding bonds in accordance with the trust indenture under which they were issued. So long as such bonds are legally defeased and the corporation has paid to the city of New York or to its assignee if such payments have been assigned pursuant to this subdivision, the sum of forty-six million dollars on or before June thirtieth, two thousand twenty-one the corporation's obligation contained in subdivision one of this section to transfer funds to the city of New York shall be deemed satisfied and fully discharged. Upon any such legal defeasance of such bonds, the sales tax asset receivable corporation shall no longer be deemed a local authority within the meaning of subdivision two of section two of this chapter and the provisions of this chapter, including, without limitation, the provisions of article nine of this chapter, shall no longer be applicable to the sales tax asset receivable corporation.

4. Notwithstanding any inconsistent provision of law, the dormitory authority of the state of New York and the New York state urban development corporation are hereby authorized to issue bonds in one or more series pursuant to article five-C or article five-F of the state finance law in an aggregate principal amount sufficient to directly or indirectly (i) finance the legal defeasance or payment of all of the

outstanding bonds of the sales tax asset receivable corporation secured by the corporation's payments described in subdivision one of this section, (ii) one or more related debt service reserve funds, and (iii) costs of issuance attributable to such bonds, and the issuance of such bonds is hereby determined to be for an "authorized purpose", as defined in subdivision two of section sixty-eight-a and subdivision two of section sixty-nine-m of the state finance law, as the case may be.

* NB Repealed July 1, 2034

§ 3239. Resources of the corporation. 1. Subject to the provisions of this title, the directors of the corporation shall receive, accept, invest, administer, expend and disburse for its corporate purposes all monies for the corporation from whatever sources derived including:

(a) payments by the state pursuant to the provisions of section three thousand two hundred forty of this title; and

(b) any other payments, gifts, or appropriations to the corporation from any other source.

2. The monies of the corporation shall be held by the corporation and may be invested as provided in subdivision ten of section thirty-two hundred thirty-five of this title. Subject to provisions of any contract with bondholders or noteholders, all monies received by the corporation other than as proceeds of its bonds or notes which, together with other monies of the corporation available for the operating expenses of the corporation, the payment of debt service and the other purposes listed in section thirty-two hundred forty of this title, exceed the amount required for such purposes shall be applied by the corporation to the acceleration of the payment of principal on the bonds or notes of the corporation or to the redemption thereof.

3. The comptroller or legally authorized representative, from time to time may examine the books and accounts of the corporation, including its receipts, disbursements, contracts, reserves, investments, and any other matters relating to its financial standing. Such an examination should be conducted by the comptroller or such legally authorized representative at least once every five years; in lieu of such an

examination, the comptroller may accept from the corporation an external examination of the books and accounts made at the request of the directors of the corporation.

§ 3240. Payments to the corporation. 1. * Not less than one hundred twenty days before the beginning of each fiscal year of the corporation (but not later than October first, nineteen hundred ninety, for the fiscal year ending March thirty-first, nineteen hundred ninety-one) the chairperson of the corporation shall certify to the state comptroller and to the governor a schedule of cash requirements for such fiscal year. The total amount so certified for such fiscal year shall be equal to the total amount of the debt service then due on the bonds and notes of the corporation, including payments of interest and principal (including sinking fund payments) including payments required to be made pursuant to section thirty-two hundred thirty-eight-a of this title, together with:

* NB Effective until July 1, 2034

* Not less than one hundred twenty days before the beginning of each fiscal year of the corporation (but not later than October first, nineteen hundred ninety, for the fiscal year ending March thirty-first, nineteen hundred ninety-one) the chairperson of the corporation shall certify to the state comptroller and to the governor a schedule of cash requirements for such fiscal year. The total amount so certified for such fiscal year shall be equal to the total amount of the debt service then due on the bonds and notes of the corporation, including payments of interest and principal (including sinking fund payments), together with:

* NB Effective July 1, 2034

(a) the amount, if any, due to any provider of any bond or note facility, representing payments made by it as provided in the applicable resolution or trust indenture as a result of any previous failure of the state to make any payment provided for in this section, including any related reasonable interest, fees or charges so provided,

(b) the amount, if any, required to restore the capital reserve fund to the capital reserve fund requirement to the extent any deficiency therein has resulted directly or indirectly from failure by the state to make any payment provided for in this section,

(c) the amount, if any, required to be rebated to the United States to provide for continued federal tax exemption for bonds and notes of the corporation, and

(d) the expenses of the establishment and continued operating expenses of the corporation, but not in excess of one hundred thousand dollars, exclusive of trustees' fees, fees payable to providers of bond or note facilities, fees for issuing and paying agents, remarketing agents and dealers, counsels, financial advisors, independent auditors, providers of interest rate exchange agreements, rating agencies, transfer or information agents, the publication of advertisements and notices, surety arrangements, and printers; fees or charges incurred by the corporation to comply with applicable federal and state securities or tax laws; and any other costs of issuance in excess of the amount provided therefor in the proceeds of the sale of bonds or notes of the corporation, to the extent that any of the foregoing amounts or expenses are not to be paid from other resources available to the corporation for such purpose.

1-a. The chairperson of the corporation may revise such certification at such times as shall be determined by the chairperson, provided, however, that the chairperson of the corporation shall revise such certification not later than thirty days after the issuance of any bonds or notes of the corporation including refunding bonds, and the adoption of any interest rate exchange or other financial arrangement affecting the cash requirements of the corporation.

2. The schedule accompanying such certification shall provide for payments on such dates as the corporation deems appropriate to ensure that sufficient funds will be available from the sources identified in this section to enable it to meet its current obligations as they become due.

3. Upon receipt of such certification, or any revision thereof, the comptroller shall pay such amount to the corporation for payment or deposit in accordance with such certification, from the local government assistance tax fund established by section ninety-two-r of the state

finance law or from any other amount appropriated for such purpose to the extent that moneys in such fund are insufficient for such purpose. Any such payment shall be made within thirty days of the receipt of the certification or at the time specified within the certification, whichever is later, provided that any such amounts shall have been first appropriated by the state.

* 4. In any year in which the state appropriates money out of any other funds available to it directly for the payment of debt service of the corporation or for any other corporate purposes for which payments out of the local government assistance fund may be made, except any appropriated amount in respect of a deficiency in such fund, the amount certified by the chairperson of the corporation shall be reduced by the amount of such direct state payments. Provided however, this subdivision shall not apply for payments made pursuant to section thirty-two hundred thirty-eight-a of this title.

* NB Effective until July 1, 2034

* 4. In any year in which the state appropriates money out of any other funds available to it directly for the payment of debt service of the corporation or for any other corporate purposes for which payments out of the local government assistance fund may be made, except any appropriated amount in respect of a deficiency in such fund, the amount certified by the chairperson of the corporation shall be reduced by the amount of such direct state payments.

* NB Effective July 1, 2034

* 5. The agreement of the state contained in this section shall be deemed executory only to the extent of appropriations available for payments under this section and no liability on account of any such payment shall be incurred by the state beyond such appropriations. The state, acting through the director of the budget, and the corporation may enter into, amend, modify, or rescind one or more agreements providing for the specific manner, timing, and amount of payments to be made under this section, but only in conformity with this section. Provided however, this subdivision shall not apply for payments made pursuant to section thirty-two hundred thirty-eight-a of this title.

* NB Effective until July 1, 2034

* 5. The agreement of the state contained in this section shall be deemed executory only to the extent of appropriations available for

payments under this section and no liability on account of any such payment shall be incurred by the state beyond such appropriations. The state, acting through the director of the budget, and the corporation may enter into, amend, modify, or rescind one or more agreements providing for the specific manner, timing, and amount of payments to be made under this section, but only in conformity with this section.

* NB Effective July 1, 2034

6. Nothing contained in this title shall be deemed to restrict the right of the state to amend, repeal, modify or otherwise alter statutes imposing or relating to the taxes imposed pursuant to sections eleven hundred five and eleven hundred ten of the tax law. The corporation shall not include within any resolution, contract or agreement with holders of the bonds or notes issued under this title any provision which provides that a default occurs as a result of the state exercising its right to amend, repeal, modify or otherwise alter the taxes imposed pursuant to sections eleven hundred five and eleven hundred ten of the tax law.

§ 3241. Agreement with the state. 1. The state does hereby pledge to and agree with the holders of any bonds or notes issued under this title and with the providers of any bond or note facilities that the state will not limit or alter the rights hereby vested in the corporation to fulfill the terms of any agreements made with the said holders or the said providers, or in any way impair the rights and remedies of such holders or providers until such bonds and notes, together with the interest thereon, with interest on any unpaid installments of interest, and all obligations of the corporation to such providers, and all costs and expenses in connection with any action or proceeding by or on behalf of such holders or providers, are fully met and discharged. The corporation is authorized to include this pledge and agreement of the state in any agreement with the holders of such bonds or notes or with any such providers.

2. In order to induce prospective purchasers to purchase bonds and notes of the corporation, the state hereby further pledges and agrees

with the holders of bonds and notes of the corporation that, while any bonds or notes of the corporation are outstanding, the state will abide by and not amend the provisions of section three thousand two hundred forty-one-a of this title other than amendments which implement or clarify any ambiguity in its terms in ways that do not have a material adverse effect on the protections established in such section. The corporation shall include the pledge and agreement set forth herein in any agreement with the holders of its bonds and notes.

§ 3241-a. Limitation on issuance of tax and revenue anticipation notes by the state. 1. Except as otherwise provided in subdivision two of this section, the aggregate principal amount of tax and revenue anticipation notes issued pursuant to section nine of article seven of the constitution in any fiscal year by the state and maturing in such fiscal year shall not exceed the amount of four billion seven hundred million dollars, less the aggregate principal amount of bonds and notes theretofore issued by the corporation exclusive of any bonds or notes referred to in subparagraph (i) or (iii) of paragraph (a) of subdivision eight of section thirty-two hundred thirty-six of this title, or excluded by paragraph (b) of such subdivision.

2. The state may issue in any fiscal year tax and revenue anticipation notes in an aggregate principal amount in excess of the limit on issuance set forth in subdivision one of this section, if and only if there shall have first been executed in such fiscal year a written certificate signed by the governor, the temporary president of the senate and the speaker of the assembly, which shall set forth:

(a) the emergency or extraordinary factors or factors unanticipated at the time of adoption of the budget for the fiscal year in which such borrowing is to be made that gave rise to the need for the issuance of tax and revenue anticipation notes in excess of such limit, and

(b) the amount of tax and revenue anticipation notes projected to be issued in each of the three fiscal years commencing subsequent to the fiscal year in which such limit was originally exceeded, which will result in the elimination of such excess as soon as practicable but in no event later than by the end of the third fiscal year commencing subsequent to the fiscal year in which such limit was originally exceeded.

3. The need for the issuance referred to in paragraph (a) of subdivision two of this section shall be in the conclusive, final and binding discretion of the signatories to the written certificate described in subdivision two of this section and not subject to judicial challenge or review.

4. In no event shall a written certificate referred to in subdivision two of this section be issued in more than four consecutive fiscal years.

5. In the event of any inconsistency between this section and any amendment to the constitution relating to the issuance of tax and revenue anticipation notes, the provisions of such constitutional amendment shall control.

6. Nothing contained in this section shall be deemed to relieve the state of its obligation to repay tax and revenue anticipation notes within one year from the date of issuance thereof.

§ 3242. State and local governments not liable on bonds and notes. The notes, bonds or other obligations of the corporation shall not be a debt of the state or of any local government, and neither the state nor any local government shall be liable thereon, nor shall they be payable out of any funds other than those of the corporation; and such bonds and notes shall contain on the face thereof a statement to such effect.

§ 3243. Remedies of bondholders and noteholders. 1. Subject to the provisions of section three thousand two hundred thirty-six of this title, in the event that the corporation shall default in the payment of principal of or interest on or sinking fund payment on any issue of bonds or notes after the same shall become due, whether at maturity or upon call for redemption, or in the event that the corporation or the state shall default in any agreement made with the holders of any issue of bonds or notes, the holders of twenty-five per centum in aggregate principal amount of the bonds or notes of such issue then outstanding, by instrument or instruments filed in the office of the clerk of the county of Albany and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of such bonds or notes for the purposes herein provided.

2. Such trustee, or any trustee appointed under section three thousand two hundred thirty-six of this title, may, and upon written request of the holders of twenty-five per centum in principal amount of such bonds or notes then outstanding shall, in his or its own name:

(a) by suit, action or proceeding in accordance with the civil practice law and rules, enforce all rights of the bondholders or noteholders, including the right to require the corporation to carry out any agreement with such holders and to perform its duties under this title;

(b) bring suit upon such bonds and notes;

(c) by action or suit, require the corporation to account as if it were the trustee of an express trust for the holders of such bonds or notes;

(d) by action or suit, enjoin any acts or things which may be unlawful or in violation of the rights of the holders of such bonds or notes; and

(e) declare all such bonds or notes due and payable, and if all defaults shall be made good, then, with the consent of the holders of twenty-five per centum of the principal amount of such bonds or notes then outstanding annul such declaration and its consequences provided, however, that nothing herein shall preclude the corporation from agreeing that consent of the provider of a bond or note facility is required for an acceleration of related bonds or notes in the event of a default other than a failure to pay principal of or interest on the bonds or notes when due.

3. The supreme court shall have jurisdiction of any suit, action or proceeding by the trustee on behalf of such bondholders or noteholders. The venue of any such suit, action or proceeding shall be laid in the county of Albany.

4. Before declaring the principal of bonds or notes due and payable, the trustee shall first give thirty days' notice in writing to the corporation, the governor, the comptroller, the temporary president of the senate, the speaker of the assembly and to the attorney general of the state.

§ 3244. Bonds and notes as legal investments. The bonds and notes of the corporation are hereby made securities in which all public officers and bodies of this state and all municipalities and political subdivisions, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations, including savings and loan associations, building and loan associations, investment companies and other persons carrying on a banking business, all administrators, guardians, executors, trustees and other fiduciaries, and all other persons whatsoever who are now or may hereafter be authorized to invest in bonds or in other obligations of the state, may properly and legally invest funds, including capital, in their control or belonging to them. The bonds and notes are also hereby made securities which may be deposited with and may be received by all public officers and bodies of the state and all municipalities, political subdivisions and public corporations for any purpose for which the deposit of bonds or other obligations of the state is now or may hereafter be authorized.

§ 3245. Exemption from taxation. 1. It is hereby determined that the creation of the corporation and the carrying out of its corporate purpose is in all respects a public and governmental purpose for the benefit of the people of the state and for the improvement of their health, safety, welfare, comfort and security, and that said purposes are public purposes and that the corporation will be performing an essential governmental function in the exercise of the powers conferred upon it by this title.

2. The property of the corporation and its income and operations shall

be exempt from taxation.

3. The bonds and notes of the corporation issued pursuant to this title and the income therefrom and all its fees, charges, gifts, grants, revenues, receipts, and other monies received or to be received, pledged to pay or secure the payment of such bonds or notes shall at all times be free from taxation, except for estate and gift taxes on transfers.

4. In the case of any bonds or notes of the corporation, interest on which is intended to be exempt from federal income tax, the corporation shall prescribe restrictions on the use of the proceeds thereof and related matters as are necessary to assure such exemption, and the recipients of such proceeds shall be bound thereby to the extent such restrictions shall be made applicable to them.

§ 3246. Employees of the corporation. 1. In order to reduce its operating expenses the corporation shall, to the extent practicable, utilize existing employees of the state, pursuant to section thirty-two hundred forty-eight of this title, hiring its own employees only if the necessary functions of the corporation cannot be performed without the hiring of such employees. Employee compensation shall be paid only from appropriations made to the corporation by law.

2. In accordance with the provisions of section seventy of the civil service law and any applicable collective bargaining agreement, the state and the corporation shall have the power to provide for the transfer to the corporation of such agents, employees and facilities of the state as shall enable the corporation to fulfill its corporate purposes. Employees of the state so transferred shall be appointed, without further examination, to the corporation in the same or equivalent classification and position they hold at the time of the transfer.

3. A transferred employee shall remain in the same collective bargaining unit as was the case prior to his or her transfer; successor employees to the positions held by such transferred employees shall,

consistent with the provisions of article fourteen of the civil service law, be included in the same unit as their predecessors. Employees serving in positions in newly created titles shall be assigned to such same collective bargaining unit if they would have been assigned to such unit were such titles created prior to the establishment of the corporation. Nothing contained in this title shall be construed to diminish (a) the rights of employees pursuant to a collective bargaining agreement or (b) to affect existing law with respect to an application to the public employment relations board seeking a designation by the board that certain persons are managerial or confidential.

4. The corporation and its employees shall be subject to article fourteen of the civil service law and for all purposes the corporation shall be deemed a "public employer".

§ 3247. Actions against the corporation. 1. An action against the corporation for death, personal injury or property damage or founded on tort shall not be commenced more than one year and ninety days after the cause of action thereof shall have accrued nor unless a notice of claim shall have been served on a director or the corporation or officer or employee thereof designated by the corporation for such purpose, within the time limited by, and in compliance with the requirements of section fifty-e of the general municipal law.

2. The venue of every action, suit or special proceeding brought against the corporation shall be laid in the county of Albany.

3. Neither any director of the corporation nor any officer, employee, or agent of the corporation, while acting within the scope of their authority, shall be subject to any personal liability resulting from exercising or carrying out of any of the corporation's purposes or powers.

§ 3248. Assistance to the corporation. With the consent of the governor, comptroller or attorney general as the case may be, the corporation may use agents, employees and facilities of the state paying to the affected agency its agreed proportion of the compensation or costs.

§ 3249. Preference for actions or proceeding against the corporation. Any action or proceeding to which the corporation or the people of the state may be parties, in which any question arises as to the validity of this title, shall be preferred over all other civil causes of action or cases, except election causes of action or cases, in all courts of the state and shall be heard and determined in preference to all other civil business pending therein, except election causes, irrespective of position on the calendar. The same preference shall be granted upon application of the corporation or its counsel in any action or proceeding questioning the validity of this title in which the corporation may be allowed to intervene. The venue of any such action or proceeding shall be laid in the supreme court of the county of Albany.

NEW YORK HEALTH CARE CORPORATIONS

ARTICLE 10-C

NEW YORK HEALTH CARE CORPORATIONS

TITLE 1

WESTCHESTER COUNTY HEALTH CARE CORPORATION

§ 3300. Short title. This title may be cited as the "Westchester county health care corporation act".

§ 3301. Legislative findings and purpose. The legislature hereby finds and declares as follows:

1. Currently, the Westchester County Medical Center is a public hospital owned and operated by the county of Westchester.

2. The Westchester County Medical Center encompasses the Medical Center Hospital, the Ruth Taylor Geriatric and Rehabilitation Institute, the Psychiatric Institute and the Westchester Institute for Human Development.

3. The Medical Center Hospital is the tertiary care facility for Westchester and the six other counties of the lower Hudson Valley.

4. The needs of the residents of the state of New York and of the county of Westchester can best be served by the operation of the Westchester County Medical Center by a public benefit corporation having the legal, financial and managerial flexibility to take full advantage of opportunities and challenges presented by the evolving health care environment.

5. In order to accomplish the purposes recited in this section to provide health care services and health facilities for the benefit of the residents of the state of New York and the county of Westchester, including persons in need of health care services without the ability to pay as required by law, a public benefit corporation to be known as the Westchester county health care corporation shall be created to provide such services and facilities and to otherwise carry out such purposes; that the creation and operation of the Westchester county health care corporation, as hereinafter provided, is in all respects for the benefit of the people of the state of New York and of the county of Westchester, and is a state, county and public purpose; and that the exercise by such corporation of the functions, powers and duties as hereinafter provided constitutes the performance of an essential public and governmental function.

§ 3302. Definitions. As used or referred to in this title, unless a different meaning clearly appears from the context:

1. "Board" shall mean the board of directors of the corporation as established by section thirty-three hundred three of this title.

2. "Bonds" shall mean the bonds, notes or other evidences of indebtedness issued by the corporation pursuant to this title and the provisions of this title relating to bonds and bondholders shall apply with equal force and effect to notes and noteholders, respectively, unless the context otherwise clearly requires.

3. "Corporation" shall mean the public benefit corporation created by section thirty-three hundred three of this title, known as the Westchester county health care corporation.

4. "County" shall mean the county of Westchester.

5. "Department" shall mean the department of hospitals of the county.

6. "Health facility" shall mean a building, structure or unit or any improvement to real property, including all necessary and usual attendant and related equipment, facilities or fixtures, or any part or parts thereof, or any combination or combinations thereof, including, but not limited to, a general hospital, psychiatric hospital, ambulatory clinic or center, chronic disease hospital, nursing home, extended-care facility, dispensary or laboratory or any other related facility, or any combination of the foregoing, constructed, acquired or otherwise provided by or for the use of the corporation or the county in providing health and medical services to the public.

7. "Director" shall mean a voting director appointed to the corporation pursuant to section thirty-three hundred three of this title.

§ 3303. Westchester county health care corporation. 1. (a) There is hereby created a state board to be known as the Westchester county health care corporation which shall be a body corporate and politic constituting a public benefit corporation.

(b) The corporation shall be governed by fifteen voting directors of which eight directors shall be appointed by the governor and seven directors shall be appointed by the legislature of the county of Westchester subject to approval by the county executive. The governor shall make appointments to the corporation as follows: three directors from a recommendation submitted by the county executive; three directors from a recommendation submitted by the legislature of the county of Westchester; one director, who shall be a resident of Westchester county, from a recommendation submitted by the speaker of the assembly; one director, who shall be a resident of Westchester county, from a recommendation submitted by the temporary president of the senate.

The terms of the initial voting directors appointed by the governor shall be five years for such directors appointed upon recommendation of the temporary president of the senate and the speaker of the assembly. The terms of the initial voting directors appointed by the governor upon the recommendation of the county executive shall be five years for one, four years for one and three years for one. The terms of the initial voting directors appointed by the governor upon the recommendation of the legislature of the county shall be four years for two and three years for one. The terms of the initial voting directors appointed by the legislature of the county with the approval of the county executive shall be one year for three of such directors, two years for three of such directors and three years for one of such directors.

(c) Each voting director should possess a high degree of experience and knowledge in relevant fields and a high degree of interest in the corporation. The appointment of any voting director to the corporation shall be based in part on the objective of ensuring that the corporation includes diverse and beneficial perspectives and experience, including, but not limited to, those of business management, law, finance, medical and/or other health professionals, health sector workers, and the patient or consumer perspective.

2. There shall be four non-voting representatives which shall include the chief executive officer of the corporation as appointed by the voting directors of the board, one representative selected by the county executive, one selected by the majority leader of the county board of legislators and one selected by the minority leader of the county board of legislators. Such representatives shall have all of the rights and powers of the voting directors other than the right and power to vote including, but not limited to, the right to equal access to information.

3. (a) All voting directors shall continue to hold office until their successors are appointed and qualify. All subsequent appointments shall be for a term of five years and may be eligible for reappointment.

(b) Vacancies occurring otherwise than by expiration of term of office shall be filled for the unexpired terms in the manner provided for original appointment. All directors and non-voting representatives shall continue to hold office until their successors are appointed and have qualified. Vacancies shall be filled in the same manner as provided for original appointment. Vacancies occurring otherwise than by expiration of terms of office, shall be filled by appointment for unexpired terms. Members may be removed from office by the board for inefficiency, neglect of duty or misconduct in office, after the board has given such member a copy of the charges against him or her or opportunity to be heard in person or by counsel in his or her defense, upon not less than ten days notice.

4. (a) The voting directors shall by majority vote select one of the fifteen voting directors as the chairperson of the board. The chairperson shall preside over all meetings of the board and shall have such other duties as the voting directors may direct.

(b) The voting directors, non-voting representatives of the corporation shall receive no compensation for their services, but shall be reimbursed for all their actual and necessary expenses incurred in connection with the carrying out of the purposes of this title.

(c) The powers of the corporation shall be vested in and shall be exercised by the board at a meeting duly called and held where a quorum of eight voting directors is present. No action shall be taken by the corporation except pursuant to the favorable vote of at least eight voting directors present at the meeting at which such action is taken.

5. The voting directors shall select and shall determine the salary and benefits of the chief executive officer of the corporation. The voting directors shall have the authority to discharge the chief executive officer with or without cause; provided, however, that removal without cause shall not prejudice the contract rights, if any, of the chief executive officer.

6. Notwithstanding any inconsistent provision of any general, special or local law, ordinance, resolution or charter, no officer, member or employee of the state or of any public corporation shall forfeit his or

her office or employment by reason of his or her acceptance of appointment as a director, non-voting representative, officer or employee of the corporation, nor shall service as such a director, non-voting representative, officer or employee be deemed incompatible or in conflict with such office, or employment, and provided further, however, that no public officer elected to his or her office pursuant to the laws of the state or any municipality thereof may serve as a member of the governing body of the corporation during his or her term of office.

7. The corporation and its corporate existence shall continue until terminated by law, provided, however, that no such termination shall take effect so long as the corporation shall have bonds or other obligations outstanding, unless adequate provision has been made for the payment or satisfaction thereof. Upon termination of the existence of the corporation, all of the rights and properties of the corporation then remaining shall pass to and vest in the county in such manner as prescribed by law.

8. Contracts for works, construction or purchases to which the corporation is a party shall be subject to the provisions of article five-A of the general municipal law except as provided in subdivisions nine and ten of this section. In addition to the procedures prescribed under section one hundred four of the general municipal law for the utilization of the terms of state contracts, the corporation may utilize the terms of a federal government general services contract where the terms are to the advantage of the corporation and have been offered to the corporation by the contractor. When bids have already been received by the corporation no purchase under a federal government general services contract shall be made unless the purchase may be made upon the same terms, conditions and specifications at a lower price through such contractor.

9. It is the intent of the legislature that overall cost should in all cases be a major criterion in the selection of project developers for award of contracts pursuant to this section and that, wherever practical, such contracts should be entered into through competitive

bidding procedures as prescribed by sections one hundred one and one hundred three of the general municipal law. It is further the intent of the legislature to acknowledge the highly complex and innovative nature of medical technology, diagnostic and treatment devices, the relative newness of a variety of devices, processes and procedures now available, the desirability of a single point of responsibility for the development of medical treatment and diagnostic facilities and the economic and technical utility of contracts for medical projects which include in their scope various combinations of design, construction, operation, management and/or maintenance responsibility over prolonged periods of time and that in some instances it may be beneficial to the corporation to award a contract for a medical project on the basis of factors other than cost alone, including but not limited to facility design, system reliability, efficiency, safety, and compatibility with other elements of patient care. Accordingly, and notwithstanding the provisions of any general, special or local law or chapter, a contract for a medical project entered into between the corporation and any project developer pursuant to this section may be awarded pursuant to public bidding in compliance with sections one hundred one and one hundred three of the general municipal law or pursuant to the following provisions for the award of a contract based on evaluation of proposals submitted in response to a request for proposals prepared by or for the corporation:

(a) The corporation shall require that each proposal to be submitted by a project developer shall include:

(i) information relating to the experience and expertise of the project developer on the basis of which said project developer purports to be qualified to carry out all work required by a proposed contract; the ability of the project developer to secure adequate financing; and proposals for project staffing, implementation of work tasks, and the carrying out of all responsibilities by a proposed contract;

(ii) a proposal clearly identifying and specifying all elements of cost which would become charges to the corporation, in whatever form, in return for the fulfillment by the project developer for the full lifetime of a proposed contract, including, as appropriate, but not limited to the cost planning, design, construction, operation, management and/or maintenance of any facility, and clearly identifying and specifying all elements of revenue which would accrue to the corporation from the operation of the facility or device or from any other source; provided, that the corporation may prescribe the form and content of such proposal and that, in any event, the project developer must submit sufficiently detailed information to permit a fair and equitable evaluation by the corporation of such proposal; and provided, further, that the corporation may set maximum allowable cost limits in any form in the request for proposals; and

(iii) such other information as the corporation may determine to have a material bearing on its ability to evaluate any proposal in accordance with this subparagraph;

(b) Prior to the issuance of a request for proposals pursuant to this paragraph, the corporation shall publish notice of such issuance in at least one newspaper of general circulation. Concurrent with the publication of such notice a draft request for proposals shall be filed with the county commissioner of health.

(c) Proposals received in response to such request for proposals shall be evaluated by the corporation as to net cost or, if a net revenue is projected, net revenue, and in a manner consistent with provisions set forth in the request for proposals, and may be evaluated on the basis of additional factors, including but not limited to the technical evaluation of the medical project including medical facility, facility design, system reliability, energy balance and efficiency. The evaluation of such proposals and the determination of whether a project developer is "responsible" may include, but shall not be limited to, consideration, in a manner consistent with provisions set forth in the request for proposals, the record of the project developer in complying with existing labor standards and recognizing state and federally approved apprentice training programs, and the willingness of the project developer to provide for meaningful participation of minority group persons and business enterprises in the conduct of the work;

(d) The corporation may make a contract award to any responsible project developer based on a determination by the corporation that the selected proposal is most responsive to the request for proposals and may negotiate with any project developer, provided, however, that if any award is made to any project developer whose total proposal does not provide either the lowest net cost, or if a net revenue is projected, the greatest net revenue, of any proposal received, the corporation shall adopt a resolution which includes particularized findings relevant to factors pursuant to such subparagraph indicating that the corporation's requirements are met by such award and that such action is in the public interest.

Whenever the corporation enters into a contract pursuant to this section for a medical project which involves construction the provisions of section two hundred twenty of the labor law shall be applicable to such construction work.

10. Every contract entered into between the corporation and a project developer, pursuant to the provisions of paragraph (d) of subdivision nine of this section, for a medical project involving construction of a medical building by the project developer, shall contain provisions that such building shall be constructed through construction contracts awarded through competitive bidding in accordance with paragraphs (a) through (g) of this subdivision; that the project developer or the project developer's construction subcontractor shall furnish a bond guaranteeing prompt payment of moneys that are due to all persons furnishing labor and materials pursuant to the requirements of such construction contracts, and that a copy of such payment bond shall be kept by the corporation and shall be open to public inspection; provided, however, that the requirements of this subdivision shall not apply when the cost of such construction, exclusive of the cost of medical equipment and devices, is less than one million five hundred thousand dollars.

(a) The project developer shall advertise for bids for such construction contracts in a daily newspaper having general circulation in the county. Such advertisement shall contain a statement of the time and place where all bids received pursuant to such notice will be publicly opened and read. An employee of the corporation shall be designated to open the bids at the time and place specified in the notice. All bids received shall be publicly opened and read at the time and place so specified. At least five days shall elapse between the publication of such advertisement and date on which the bids are opened.

(b) Except as otherwise provided in section two hundred twenty-two of the labor law, when the entire cost of constructing such building, exclusive of any medical equipment, apparatus or devices, shall exceed one million five hundred thousand dollars, the project developer shall prepare separate specifications for the following subdivisions of such work, so as to permit separate and independent bidding upon each subdivision:

(i) plumbing and gas fittings;

(ii) steam heating, hot water heating, ventilating and air conditioning apparatus; and

(iii) electric wiring and standard illuminating fixtures.

(c) After public competitive bidding, the project developer shall award one or more separate contracts for each of the above subdivisions of such work, whenever separate specifications are required pursuant to paragraph (b) of this subdivision, and one or more contracts for the remainder of such work. The project developer may award such contracts at different times. Contracts awarded pursuant to this subdivision shall be awarded by the project developer to the lowest responsible and responsive bidder and shall be contracts of the project developer and not of the corporation which shall have no obligation or liabilities, whatsoever, thereunder. The project developer shall have the responsibility for the supervision, coordination, and termination of such contracts, unless otherwise specified in contractual terms between the project developer and the corporation.

(c-1) Each bidder on a public work contract, where the preparation of separate specifications is not required, shall submit with its bid a separate sealed list that names each subcontractor that the bidder will use to perform work on the contract, and the agreed-upon amount to be paid to each, for: (i) plumbing and gas fitting, (ii) steam heating, hot water heating, ventilating and air conditioning apparatus and (iii) electric wiring and standard illuminating fixtures. After the low bid is announced, the sealed list of subcontractors submitted with such low bid shall be opened and the names of such subcontractors shall be announced, and thereafter any change of subcontractor or agreed-upon amount to be paid to each shall require the approval of the public owner, upon a showing presented to the public owner of legitimate construction need for such change, which shall be open to public inspection. Legitimate construction need shall include, but not be limited to, a change in project specifications, a change in construction material costs, a change to subcontractor status as determined pursuant to paragraph (e) of subdivision two of section two hundred twenty-two of the labor law, or the subcontractor has become otherwise unwilling, unable or unavailable to perform the subcontract. The sealed lists of subcontractors submitted by all other bidders shall be returned to them unopened after the contract award.

(d) In determining whether a prospective contractor is responsible and responsive, the project developer may require that prospective contractors:

(i) have adequate financial resources or the ability to obtain such resources;

(ii) be able to comply with the required or proposed delivery or performance schedule;

(iii) have a satisfactory record of performance;

(iv) have the necessary organization, experience, operational controls, and technical skills, or the ability to obtain them;

(v) have the necessary production, construction and technical equipment and facilities, or the ability to obtain them; and

(vi) be eligible to receive an award under applicable laws and regulations and be otherwise qualified.

(e) The project developer may reject any bid of a bidder which the project developer determines to be nonresponsible or nonresponsive to the advertisement for bids.

(f) The project developer may, in its discretion, reject all bids, and may revise bid specifications and may readvertise for bids as provided herein.

(g) Only as used in this section:

(i) "project developer" means any private corporation, partnership, limited liability company, or individual, or combination thereof which has submitted a proposal in response to a request for proposals;

(ii) "construction" shall include reconstruction, rehabilitation or improvement exclusive of the installation and assembly of any medical equipment, apparatus or device;

(iii) "medical building" means that component of a medical project constituting appurtenant structures or facilities necessary to house or render the remaining components of the medical project operational. Medical building shall not include apparatus, equipment, devices,

systems, supplies or any combination thereof;
(iv) "medical project" means any substantial durable apparatus, equipment, device or system, or any combination of the foregoing, including services necessary to install, erect, or assemble the foregoing and any appurtenant structures or facilities necessary to house or render the foregoing operational, to be used for the purpose of care, treatment or diagnosis of disease or injury or the relief of pain and suffering of sick or injured persons. Medical projects shall not include ordinary supplies and equipment expended or utilized in the customary care and treatment of patients.

11. (a) For purposes of applying section eighty-seven of the public officers law, to the corporation, the term "trade secrets" shall include marketing strategy or strategic marketing plans, analyses, evaluations and pricing strategies or pricing commitments of the corporation, relating to business development, which, if disclosed, would be likely to injure the competitive position of the corporation.
(b) In addition to the matters listed in section one hundred five of the public officers law, the corporation may conduct an executive session for the purpose of considering marketing strategy or strategic marketing plans, analyses, evaluations and pricing strategies of the corporation, relating to business development, which, if disclosed, would be likely to injure the competitive position of the corporation.

§ 3304. Transfer of officers and employees; civil service. 1. (a) On the effective date of the transfer of the facilities and operations of the Westchester County Medical Center pursuant to an agreement between the county and the corporation as authorized in this title, officers and employees employed in the department shall become officers and employees of the corporation with equivalent offices, positions and employment therewith and shall be deemed public officers or public employees for all purposes.
(b) In accordance with the provisions of section seventy of the civil service law, for a period not to extend beyond six months from the effective date of the transfer of the facilities and operations of the Westchester County Medical Center pursuant to an agreement between the

county and the corporation as authorized in this title, any other officer or employee of the county may, at the request of the corporation and with the consent of the county executive and the officer or employee, be transferred to the corporation and shall be eligible for such transfer and appointment, without further examination, to applicable offices, positions and employment under the corporation.

(c) Any person who, at the time he or she becomes an officer or employee of the Westchester County Medical Center pursuant to paragraph (a) or (b) of this subdivision, has a temporary or provisional appointment shall be transferred subject to the same right of removal, examination or termination as though such transfer had not been made except to the extent such rights are modified by a collective bargaining agreement.

(d) There shall be no layoffs of any officers or employees of the Westchester County Medical Center which are a direct consequence of the enactment of this title. There shall be a presumption that any layoffs occurring more than twenty-four months after the effective transfer date described in this subdivision shall be deemed not to be such a direct consequence.

(e) Nothing contained in this section shall be construed to prevent the elimination of any service at any time as a result of the elimination of state or federal assistance, the elimination of available revenue reimbursement, loss of certification or licensure, or loss of financial viability.

2. The corporation shall recognize the existing certified or recognized employee organizations for those persons who become employees of the Westchester County Medical Center pursuant to paragraph (a) or (b) of subdivision one of this section as the exclusive collective bargaining representatives for such employees, who shall comprise correspondingly new collective bargaining units. The corporation shall be bound by all existing collective bargaining agreements with such employee organizations; all existing terms and conditions of employment shall remain in effect until altered by the terms of a successor contract; successor employees to the positions held by such employees shall, consistent with the provisions of article fourteen of the civil service law, be included in the same unit as their predecessors.

Employees serving in positions in newly created titles shall be assigned to the appropriate bargaining unit. Nothing contained herein shall be construed to affect:

(a) the rights of employees pursuant to a collective bargaining agreement;

(b) the representational relationships among employee organizations or the bargaining relationships between the county, state and an employee organization; or

(c) existing law with respect to an application to the public employment relations board seeking designation by the board that certain persons are managerial or confidential. Nothing herein shall preclude the merger of negotiating units of employees with the consent of the recognized or certified representatives of such units.

3. The salary or compensation of any such officer or employee, after such transfer, shall be paid by the corporation. The corporation shall, upon transfer, acknowledge and give credit for all leave balances held by such officers and employees on the date of transfer.

4. The corporation shall be subject to the civil service law. For the purposes of such law, the following titles (consisting of no more than a total of forty-five positions in such titles), including the proposed comparable corporate titles where applicable, shall, upon the effective transfer date described in subdivision one of this section, be in the exempt class, unless pursuant to the provisions of the civil service law, a lesser or greater number of titles or positions is properly classified in the exempt class: Commissioner of Hospitals (President and Chief Executive Officer), First Deputy Commissioner of Hospitals (Executive Vice President), Director of Hospital Administration (Senior Vice President, Hospital Administration), Medical Director of Hospital (Senior Vice President, Medical Director), Associate Director of Hospital Nursing Services and Education (Vice President, Hospital Nursing Services and Education), Director of the Ruth Taylor Institute (Vice President, Ruth Taylor Institute), Associate Director Hospital, Planning & Development (Vice President, Planning and Development), Director of Professional Services - WCMC (Director of Professional Services), Director of Support Service - WCMC (Director of Support

Services), Associate Director of Hospital Administration (Vice President, Hospital Administration), Medical Records Director - Hospital (Director of Health Information Management), Personnel Director - Medical Center, Assistant Personnel Director - Hospital, Director of Program Development I (Labor Relations), Health Care Administrator (Material Management), Program Administrator (Material Management), Health Care Administrator (Patient Care Services Program Administrator (Patient Care Services)), Health Care Administrator (Regulatory Affairs-WCMC) Program Administrator (Regulatory Affairs), Health Care Administrator (Operating Room) (Program Administrator (Operating Room)), Health Care Administrator (EMS) (Program Administrator (EMS)), Health Care Administrator (Heart Center) Program Administrator (Heart Center)), Program Administrator (Executive Services WCMC) Program Administrator (Executive Services)), Director of Communications & Development WCMC, Director of Marketing & Development, Director of Program Development II (Community Relations), Assistant to Commissioner of Hospitals (Assistant to President/CEO), Secretary to Commissioner of Hospitals (Secretary to President/CEO), Director of Hospital Fiscal and Business Services (Senior Vice President, Finance), Director of Nursing - PTI, Associate Director for Hospital Operations, Director of Information Systems (Director of Information Systems), Director of Patient Care Services, Director of Pharmacy Services, Director, Office of Hospital Financial Analysis, Director, Office of Hospital Reimbursement, Manager of Patient Accounts, Associate Director, Fiscal Services (Vice President, Finance).

§ 3305. General powers of the corporation. Except as limited by this title, the public health law, the mental hygiene law, the social services law, the education law or any other applicable law or regulation, the corporation shall have power:

1. to sue and be sued;

2. to have a seal and alter the same at pleasure;

3. to borrow money and issue bonds for any of its corporate purposes or its projects, or to refund the same, and to provide for the rights of

the holders thereof;

4. to make and alter by-laws for its organization and management, and, subject to agreements with its bondholders, to make and alter rules and regulations governing the exercise of its powers and the fulfillment of its purposes under this title;

5. (a) to acquire by purchase, grant, lease, gift, or otherwise and to hold and use property necessary, convenient or desirable to carry out its corporate purposes, and to sell, convey, mortgage, lease, pledge, exchange or otherwise dispose of any such property in such manner as the corporation shall determine;

(b) to acquire by condemnation pursuant to the provisions of the eminent domain procedures law any real property within Westchester county required by the corporation to carry out the powers granted by this title with the approval of both the county board of legislators and the county executive;

6. to acquire, construct, lease, expand, improve, maintain, equip, furnish, operate one or more projects and, if necessary, to pay or finance the cost thereof;

7. to accept gifts, grants, loans or contributions of funds or property or financial or other aid in any form from, and enter into contracts or other transactions with, the federal government, the state or any public corporation or any other source, and to use any such gifts, grants, loans or contributions for any of its corporate purposes;

8. to grant options to renew any lease with respect to any project or projects and to grant options to buy any project at such price as the corporation may deem desirable;

9. to designate the depositories of its money;

10. to establish its fiscal year;

11. to enter into contracts and to execute all instruments necessary

or convenient or desirable for the purposes of the corporation to carry out any powers expressly given to it in this title;

12. to appoint such officers, employees and agents as the corporation may require for the performance of its duties and to fix and determine their qualifications, duties, and compensation subject to the provisions of the civil service law and any applicable collective bargaining agreement, and to retain or employ counsel, auditors, engineers and private consultants on a contract basis or otherwise for rendering professional, management or technical services and advice;

13. to use employees, agents, consultants and facilities of the county, paying the county its agreed proportion of the compensation or costs pursuant to an agreement with the county;

14. to make and adopt plans, surveys and studies necessary, convenient or desirable to the effectuation of the purposes and powers of the corporation and to prepare recommendations in regard thereto;

15. except as limited by state law or regulation, to fix and collect rates, rentals, fees and other charges for the services rendered by or for use of the facilities or in the exercise of the powers of the corporation;

16. to enter upon such lands, waters or premises as in the judgment of the corporation may be necessary, convenient or desirable for the purpose of making surveys, soundings, borings and examinations to accomplish any purpose authorized by this title, the corporation being liable for actual damage done;

17. the corporation may covenant and consent that the interest on any of its bonds or notes issued pursuant to this title shall be includable, under the United States Internal Revenue Code of 1986, as amended (the "code") or any subsequent corresponding internal revenue law of the United States, in gross income of the holders of the bonds or notes to the same extent and in the same manner that the interest on bills, bonds, notes or other obligations of the United States is includable in

the gross income of the holders thereof under the code or any such subsequent law;

18. to insure or otherwise to provide for the insurance of the corporation's property or operations and also contract against such other risks as the corporation may deem advisable, including the interest rate risk for obligations it issues bearing interest at a floating or otherwise adjustable rate which prevents the actual rate over the term of the debt from being ascertained at the date of its incurrence, and including the power to make any payments with respect thereto; and

19. to do all things necessary, convenient or desirable, including ancillary and incidental activities, to carry out its purposes and for the exercise of the powers granted in this title.

§ 3306. Special powers of the corporation. In order to effectuate the purposes of this title, the corporation shall have the following additional powers, except as limited by this title, the public health law, the mental hygiene law, the social services law, the education law and any other applicable law or regulation:

1. To operate, manage, superintend and control any health facility under its jurisdiction and to repair, maintain and otherwise keep up any such health facility; and to establish, collect and adjust fees, rentals, and other charges for the sale, lease or sublease of any such health facility, subject to the terms and conditions of any contract, lease, sublease or other agreement with the county;

2. To provide health and medical services for the public directly or by agreement or lease with any person, firm or private or public corporation or association through or in the health facilities of the corporation or otherwise and to make internal policies governing admissions and health and medical services; and to establish, collect and adjust fees and other charges for the provision of such health and medical services; and to provide and maintain resident physician and

intern medical services; and to sponsor and conduct research, educational and training programs;

3. To provide uncompensated care to persons in need of health care services without the ability to pay;

4. To provide, maintain and operate a medical transport service, provided, however, nothing herein shall prohibit the corporation from adopting a schedule of charges for medical transport;

5. To enter into contracts, leases, subleases and other agreements for the purpose of affiliating with a medical college in conjunction with the corporation's health facilities, which agreements may provide for the management, operation and staffing of health facilities, the reconstruction, renovation or addition to health facilities; the provision of necessary facilities, utilities and services; and such other conditions or features necessary and proper for such purpose and for the public health and general welfare;

6. To determine the conditions under which a physician may be extended the privilege of practicing within a health facility under the jurisdiction of the corporation, and to promulgate reasonable internal policies for the conduct of all persons, physicians and nurses within such facility; and

7. (a) Except as provided in paragraph (b) of this subdivision or as expressly limited by any applicable state law or regulation to exercise and perform all or part of its purposes, powers, duties, functions or activities through one or more subsidiary corporations owned or controlled wholly or in part by the corporation, which shall be formed pursuant to the business corporation law, the limited liability company law, or the not-for-profit corporation law, in each case subject to all the limitations provided in this article.

(b) No subsidiary of the corporation shall own, operate, manage or control the existing acute inpatient and outpatient facilities and services now in operation on the grounds of the Valhalla campus.

(c) Any such subsidiary may be authorized to act as a general or limited partner in a partnership or as a member of a limited liability company, and enter into an arrangement calling for an initial and subsequent payment by such subsidiary in consideration of an interest in revenues or other contractual rights.

(d) An entity shall be deemed a subsidiary corporation whenever and so long as (i) more than half of any voting shares of such subsidiary are owned or held by the corporation or (ii) a majority of the directors, trustees or members of such subsidiary are designees of the corporation.

§ 3307. Transfer of property; relationship with the county; certain gifts, loans and guarantees by the county. 1. (a) The county may give, grant, sell, convey, loan, license the use of, or lease to the corporation any property (except monies appropriated by the county and payable to the corporation pursuant to subdivision three and paragraph (a) of subdivision four of this section) which are useful in connection with the exercise by the corporation of any of its powers under this title in order to transfer the facilities and operations of the Westchester County Medical Center to the corporation by agreement between the county and the corporation and any subsequent renewal or amendment thereof, by local law adopted by a two-thirds majority of the county board of legislators and after approval by the county board of acquisition and contract, notwithstanding any general, special or local law, ordinance, resolution or charter.

(b) Any such gift, grant, sale, conveyance, loan, license or lease shall be upon such terms and conditions, for such consideration, if any, and for such term or terms of years, subject to the rights of the holders of any bonds, as the corporation and the county may agree. No real property of the county consisting of any health facility currently operated by the Westchester County Medical Center shall be transferred to the corporation in fee, except under such restrictions regarding rights of first refusal, or other rights, to repurchase the property as the Westchester County Board of Legislators shall approve by act, and subject to a restrictive covenant prohibiting the corporation from pledging or mortgaging the fee interest in the property. In the event that the county gives, grants, sells, conveys, loans, licenses or leases any facilities to the corporation, the county may contract with the corporation to lease, borrow, license, operate, maintain, manage and provide services for such facilities upon such terms and conditions and for such term or terms of years, subject to the rights of holders of bonds, as the corporation and the county may agree. The corporation, in furtherance of any purchase, conveyance or lease of any property or facility from the county, may assume the primary responsibility for the payment of the principal and interest on any bonds or notes issued by the county for such property or facility.

2. The county may acquire by purchase, grant, lease, gift or condemnation pursuant to the eminent domain procedure law, real property in the name of the county for any corporate purpose of the corporation.

3. In addition to any other powers granted to it by law and consistent with the constitution and other provisions of law, the county may, from time to time, appropriate sums of money to defray project costs or any other costs or expenses of the corporation including operating expenses.

Subject to the rights of bondholders, the county may determine if the monies so appropriated shall be subject to repayment by the corporation to the county and, in such event, the manner and time or times for such repayment.

4. In addition to the authority granted elsewhere in this title and by other applicable laws, the corporation and the county may enter into a contract or contracts from time to time providing for one or more of the following:

(a) the payment of sums appropriated by the county pursuant to subdivision three of this section;

(b) the payment of sums for health care services provided by the corporation which could otherwise be provided directly by the county, including services for uncompensated care;

(c) services to be provided by the county to or on behalf of the corporation;

(d) the transfer of employees of the county to the corporation as provided in section thirty-three hundred four of this title;

(e) indemnification by the corporation to the county for claims associated with establishment of and operation of the corporation and its health facilities;

(f) the gift, grant, sale, conveyance, loan, license or lease by the county to the corporation of any property (except monies appropriated by the county and payable to the corporation pursuant to subdivision three and paragraph (a) of this subdivision) or facilities which are useful in connection with the exercise by the corporation of any of its powers under this title not transferred pursuant to the authority granted in paragraph (a) of subdivision one of this section, which gift, grant, sale, conveyance, loan, license or lease shall nevertheless be subject to paragraph (b) of subdivision one of this section; and

(g) such other matters as may be appropriate to accomplish the purposes hereof.

Any such contract or contracts shall be authorized by the county by act adopted by majority vote of the county board of legislators and with the approval of the county board of acquisition and contract. Such contract or contracts shall include such terms and conditions, be for such consideration, if any, and have such term or terms of years, as the corporation and the county may agree.

5. On the effective date of the transfer of the facilities and operations of the Westchester County Medical Center pursuant to an agreement between the county and the corporation as authorized in this title, the department shall be abolished. On and after such date, the department of health of the county shall be vested with all power and authority of the department not explicitly or implicitly transferred to the corporation pursuant to this title.

6. (a) Notwithstanding any general, special or local law or charter provisions to the contrary, the county of Westchester shall have the power and is hereby authorized, pursuant to section seven of article seventeen of the state constitution, to lend its money or credit to or in aid of the corporation or any subsidiary thereof for the purpose of providing health related facilities or hospital facilities for the prevention, diagnosis or treatment of human disease, pain, injury, disability, deformity or physical condition, and for facilities

incidental or appurtenant thereto as may be prescribed by law. The county is hereby authorized to prescribe such facilities by local law of the county. The corporation or any such subsidiary thereof, as a condition to any such loan of money or credit, shall enter into a regulatory agreement with the county as to its charges, profits, dividends and disposition of its property of franchises, which agreement shall be binding and enforceable by the county insofar as this regulates such charges, profits, dividends and disposition of property. The county may elect in such regulatory agreement to refrain from exercising all or any portion of its authority to so regulate such charges, profits, dividends and disposition of property to the extent such charges, profits, dividends and disposition of property are regulated by the state or any agency thereof. The county shall authorize such regulatory agreement by local law.

(b) In pursuance of the authority granted pursuant to this article, the county shall have the power and is hereby authorized from time to time to issue its bonds, notes or other obligations in such principal amounts as it shall deem necessary, after taking into account other monies which may be available for the purposes set forth in this section. Except as provided for in paragraph (c) of this subdivision, such bonds, notes or obligations shall be issued for the purpose of making loans to the corporation or any subsidiary thereof, paying interest on such bonds, notes or other obligations, establishment of reserves to secure such notes, bonds, or other obligations, and paying all other obligations and expenditures incidental to and necessary or convenient for the making of such loans. Such bonds, notes or obligations shall be issued in accordance with the applicable provisions of this chapter and the local finance law and applicable local laws. The county, in its sole discretion, may, in lieu of the corporation, undertake to perform or complete the corporation's capital project if authorized to do so in the county's capital budget. The corporation shall submit its capital project requests to the county and shall comply with any and all requirements imposed by the county in accordance with the county's capital projects procedures. The corporation shall also provide to the county any and all documentation and information requested by the county with respect to all such capital projects. In the event that the county determines to undertake to perform or complete the corporation's capital project pursuant to this subdivision, such capital project shall be accomplished in such manner as may be authorized by the county. The county may enter into contracts as are necessary to carry out such capital projects on behalf of the corporation, including, but not limited to, contracts for architects, engineers, land surveyors and other consultants, contracts for public works and purchase contracts. With respect to such contracts, the county shall comply with the requirements set forth in article five-A of the general municipal law, provided however the county shall be entitled to utilize the provisions set forth in subdivisions nine and ten of section thirty-three hundred three of this article. After the completion of the capital project, the corporation shall annually submit to the budget director and the commissioner of finance of the county a written report detailing and certifying the manner by which the corporation is utilizing the capital project in a manner consistent with the county's issuance of bonds for such project. Such report shall be submitted on or before the first day of March of each year after the project's completion.

(c) The county shall also have the power and is hereby authorized to issue its bonds, notes or other obligations to provide full funding without repayment by the corporation. The county, in its sole discretion, may, in lieu of the corporation undertake to perform or complete capital projects of the corporation, if authorized to do so in the county's capital budget. Such bonds, notes or obligations, if authorized by the county, shall be issued in accordance with the applicable provisions of this chapter, the local finance law and applicable local laws. The corporation shall submit its capital project requests to the county and shall comply with any and all requirements imposed by the county in accordance with the county's capital projects procedures. The corporation shall cooperate with the county and provide to the county any and all documentation and information requested by the county with respect to all such capital projects. In the event that the county determines to undertake to perform or complete the corporation's capital project pursuant to this subdivision, such capital project shall be accomplished in such manner as may be authorized by the county. The county may enter into contracts as are necessary to carry out such capital projects on behalf of the corporation, including, but not limited to, contracts for architects, engineers, land surveyors and other consultants, contracts for public works and purchase contracts. With respect to such contracts, the county shall comply with the requirements set forth in article five-A of the general municipal law, provided however the county shall also be entitled to utilize the provisions set forth in subdivisions nine and ten of section thirty-three hundred three of this article. After the completion of the capital project, the corporation shall annually submit to the budget director and the commissioner of finance of the county a written report detailing and certifying the manner by which the corporation is utilizing the capital project in a manner consistent with the county's issuance of bonds for such project. Such report shall be submitted on or before the first day of March of each year after the project's completion.

(d) Any guarantee by the county made pursuant to the authority granted in this section shall be authorized by act or acts of the county in the same manner as such act or acts authorizing the issuance of bonds of the county for the purposes for which such guarantee is undertaken.

(e) The county shall also be authorized to enact laws governing the conditions under which such loans, commitments and guarantees shall be made.

7. For purposes of subdivision four of paragraph a of section 25.00 of the local finance law, amounts to be derived by the county of Westchester from the corporation, or any subsidiary thereof, shall be included in the term "other income".

8. (a) Notwithstanding the provisions of any other state or local law to the contrary, including, but not limited to, sections six-n and six-j of the general municipal law, with the approval of the county board of legislators, amounts deposited for or on behalf of the Westchester County Medical Center in the liability and casualty and workers' compensation reserve funds established by the county pursuant to said sections of the general municipal law, and investment earnings thereon, may be withdrawn by the county from such funds and transferred to the corporation and shall be used by the corporation for the purposes for which such funds were established.

(b) No amounts shall be withdrawn and transferred to the corporation pursuant to this subdivision unless prior thereto the corporation has agreed in writing to indemnify and hold harmless the county, and provide defense, for all claims, cases, proceedings, actions or other matters against the county arising out of the properties, facilities, operations or employees of the corporation of the Westchester County Medical Center, whether commenced before or after the date of transfer of said amounts, and to provide such other security for this obligation as the county may reasonably require.

§ 3308. Bonds or notes of the corporation. 1. The corporation shall have the power and is hereby authorized from time to time to issue bonds, notes or other obligations to pay the cost of any project or for any other corporate purpose, including the establishment of reserves to secure the bonds, the payment of principal of, premium, if any, and interest on the bonds and the payment of incidental expenses in connection therewith. The corporation shall have the power and is hereby authorized to enter into such agreements and perform such acts as may be required under any applicable federal legislation to secure a federal guarantee or other subsidy with respect to any bonds.

2. The corporation shall have the power from time to time to renew bonds or to issue renewal bonds for such purpose, to issue bonds to pay bonds, and, whenever it deems refunding expedient, to refund any bond by the issuance of new bonds, whether the bonds to be refunded have or have not matured, and may issue bonds, partly to refund bonds then outstanding and partly for any other corporate purpose of the corporation. Bonds issued for refunding purposes shall be sold and the proceeds applied to the purchase, redemption or payment of the bonds or notes to be refunded.

3. Bonds issued by the corporation may be general obligations secured by the faith and credit of the corporation or may be special obligations payable solely out of particular revenues or other monies as may be designated in the proceedings of the corporation under which the bonds shall be authorized to be issued, subject as to priority only to any

agreements with the holders of outstanding bonds pledging any particular property, revenues or monies. The corporation may also enter into loan agreements, lines of credit and other security agreements and obtain for or on its behalf letters of credit, insurance, guarantees or other credit enhancements to the extent now or hereafter available, in each case for securing its bonds or to provide direct payment of any costs which the corporation is authorized to pay.

4. (a) Bonds shall be authorized by resolution of the corporation, be in such denominations and bear such date or dates and mature at such time or times, as such resolution may provide, provided that bonds and renewals thereof shall mature within forty years from the date of original issuance of any such bonds.

(b) Bonds shall be subject to such terms of redemption, bear interest at such rate or rates, be payable at such times, be in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, and be subject to such terms and conditions as such resolution may provide. Notwithstanding any other provision of law, the bonds of the corporation issued pursuant to this section shall be sold to the bidder offering the lowest true interest cost, taking into consideration any premium or discount not less than four nor more than fifteen days, Sunday excepted, after a notice of such sale has been published at least once in a newspaper of general circulation in the area served by the corporation, which shall state the terms of the sale. The terms of the sale may not change unless notice of such change is published in such newspaper at least one day prior to the date of the sale as set forth in the original notice of sale. Advertisements shall contain a provision to the effect that the corporation, in its discretion, may reject any or all bids made pursuant to such advertisements, and in the event of such rejection, the corporation is authorized to negotiate a private or public sale or readvertise for bids in the form and manner above described as many times as, in its judgment, may be necessary to effect satisfactory sale.

(c) Notwithstanding the provisions of the preceding paragraph, whenever in the judgment of the corporation the interests of the corporation will be served thereby, the directors of the corporation, on the written recommendation of the chairperson may authorize the sale of such bonds at private or public sale on a negotiated basis or on either a competitive or negotiated basis. The corporation shall set guidelines governing the terms and conditions of any such private or public sales. The private or public bond sale guidelines set by the corporation shall include, but not be limited to, a requirement that where the interests of the corporation will be served by a private or public sale of bonds, the corporation shall select underwriters for each private or public bond sale conducted pursuant to a request for proposal process undertaken from time to time and consideration of proposals from qualified underwriters as determined by the corporation.

(d) The corporation shall have the power from time to time to amend such private bond sale guidelines in accordance with the provisions of this subdivision.

(e) In addition to the authority to sell notes at private sale contained hereinabove, the corporation may sell its notes at private negotiated sale to the county, which is hereby authorized to temporarily invest county funds in such notes, provided that such notes mature at or before the time the county expects to expend such funds for the purposes for which such funds were raised.

(f) No private or public bond sale on a negotiated basis shall be conducted by the corporation without prior approval of the state comptroller. The corporation shall annually prepare and approve a bond sale report which shall include the private or public bond sale guidelines as specified in this subdivision, amendments to such guidelines since the last private or public bond sale report, an explanation of the bond sale guidelines and amendments, and the results of any sale of bonds conducted during the fiscal year. Such bond sale report may be a part of any other annual report that the corporation is required to make.

(g) The corporation shall annually submit its bond sale report to the state comptroller and copies thereof to the senate finance committee and the assembly ways and means committee.

(h) The corporation shall make available to the public copies of its bond sale report upon reasonable request thereof.

(i) Nothing contained in this subdivision shall be deemed to alter, affect the validity of, modify the terms of, or impair any contract or agreement made or entered into in violation of, or without compliance with, the provisions of this subdivision.

5. Any resolution or resolutions authorizing bonds or any issue of bonds by the corporation may contain provisions which may be a part of the contract with the holders of the bonds thereby authorized as to:

(a) pledging all or part of the revenues, together with any other monies or property of the corporation to secure the payment of the bonds, or any costs of issuance thereof, including but not limited to, any contracts, earnings or proceeds of any grant to the corporation received from any private or public source subject to such agreements with bondholders as may then exist;

(b) the setting aside of reserves and the creation of sinking funds and the regulation and disposition thereof;

(c) limitations on the purpose to which the proceeds from the sale of bonds may be applied;

(d) the rates, rents, fees and other charges to be fixed and collected by the corporation and the amount to be raised in each year thereby and the use and disposition of revenues;

(e) limitations on the right of the corporation to restrict and regulate the use of the project or part thereof in connection with which bonds are issued;

(f) limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured and the refunding of outstanding or other bonds;

(g) the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, including the proportion of bondholders which must consent thereto, and the manner in which such consent may be given;

(h) the creation of special funds into which any revenues or monies may be deposited;

(i) the terms and provisions of any trust, mortgage, deed or indenture securing the bonds under which the bonds may be issued;

(j) vesting in a trustee or trustees such properties, rights, powers and duties in trust as the corporation may determine which may include any or all of the rights, powers and duties of the trustees appointed by the bondholders pursuant to this title or limiting the rights, duties and powers of such trustee;

(k) defining the acts or omissions to act which may constitute a default in the obligations and duties of the corporation to the bondholders and providing for the rights and remedies of the bondholders in the event of such default, including as a matter of right appointment of a receiver, provided, however, that such rights and remedies shall not be inconsistent with the general laws of the state and other provisions of this title;

(l) limitations on the power of the corporation to sell or otherwise dispose of any project or any part thereof or other property;

(m) limitations on the amount of revenues and other monies to be expended or operating, administrative or other expenses of the corporation;

(n) the payment of the proceeds of bonds, revenues and other monies to a trustee or other depository, and for the method of disbursement thereof with such safeguards and restrictions as the corporation may determine; and

(o) any other matters of like or different character which in any way affect the security or protection of the bonds or the rights and remedies of the bondholders.

6. In addition to the powers herein conferred upon the corporation to secure its bonds, the corporation shall have the power in connection with the issuance of bonds to adopt resolutions and enter into such trust indentures, agreements or other instruments as the corporation may deem necessary, convenient or desirable concerning the use or disposition of its revenues or other monies or property, including the mortgaging of any property and the entrusting, pledging or creation of any other security interest in any such revenues, monies or property and the doing of any act, including refraining from doing any act which the corporation would have the right to do in the absence of such resolutions, trust indentures, agreements or other instruments. The corporation shall have power to enter into amendments of any such resolutions, trust indentures, agreements or other instruments within the powers granted to the corporation by this title and to perform such resolutions, trust indentures, agreements or other instruments. The provisions of any such resolutions, trust indentures, agreements or

other instruments may be made a part of the contract with the holders of bonds of the corporation.

7. Any provision of the uniform commercial code to the contrary notwithstanding, any pledge of or other security interest in revenues, monies, accounts, contract rights, general intangibles or other personal property made or created by the corporation shall be valid, binding and perfected from the time when such pledge is made or other security interest attaches without any physical delivery of the collateral or further act, and the lien of any such pledge or other security interest shall be valid, binding and perfected against all parties having claims of any kind in tort, contract or otherwise against the corporation irrespective of whether or not such parties have notice thereof. No instrument by which such a pledge or security interest is created nor any financing statement need be recorded or filed.

8. Whether or not the bonds of the corporation are of such form and character as to be negotiable instruments under the terms of the uniform commercial code, the bonds are hereby made negotiable instruments within the meaning of and for all the purposes of the uniform commercial code, subject only to the provisions of the bonds for registration.

9. Neither the directors nor the non-voting representatives nor the officers of the corporation nor any person executing its bonds shall be liable personally on its bonds or be subject to any personal liability or accountability by reason of the issuance thereof.

10. Subject to such agreements with bondholders as may then exist, the corporation shall have power out of any funds available therefor to purchase bonds of the corporation, in lieu of redemption, at a price not exceeding, if the bonds are then redeemable, the redemption price then applicable plus accrued interest to the next interest payment date, or, if the bonds are not then redeemable, the redemption price applicable on the first date after such purchase upon which the bonds become subject to redemption plus accrued interest to the next interest payment date. Bonds so purchased shall thereupon be canceled.

11. The corporation shall have power and is hereby authorized to issue negotiable bond anticipation notes in conformity with applicable provisions of the uniform commercial code and may renew the same from time to time but the maximum maturity of any such note, including renewals thereof, shall not exceed five years from the date of issue of such original note.

§ 3309. Remedies of bondholders. Subject to any resolution or resolutions adopted pursuant to this title:

1. In the event that the corporation shall default in the payment of principal of or interest on any issue of bonds after the same shall become due, whether at maturity or upon call for redemption, and such default shall continue for a period of thirty days, or in the event that the corporation shall fail or refuse to comply with the provisions of this title or shall default in any agreement made with the holders of any issue of bonds, the holders of twenty-five percent in aggregate principal amount of the bonds of such issue then outstanding, by instrument or instruments filed in the office of the clerk of the county in which the principal office of the corporation is located and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of such bonds for the purpose herein provided.

2. Such trustee may, and upon written request of the holders of twenty-five per centum in principal amount of such bonds outstanding shall, in its own name:

(a) by action or proceeding in accordance with the civil practice law and rules, enforce all rights of the bondholders, including the right to require the corporation to collect rents, rates, fees and charges adequate to carry out any agreement as to, or pledge of, such rents, rates, fees and charges and to require the corporation to carry out any other agreements with the holders of such bonds to perform its duties under this title;

(b) bring an action or proceeding upon such bonds;

(c) by action or proceeding, require the corporation to account as if

it were the trustee of an express trust for the holders of such bonds;
(d) by action or proceeding, enjoin any acts or things which may be unlawful or in violation of the rights of the holders of such bonds; and
(e) declare all such bonds due and payable, and if all defaults shall be made good, then with the consent of the holders of the twenty-five per centum of the principal amount of such bonds then outstanding, to annul such declaration and its consequences.

3. Such trustee shall in addition to the foregoing have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth herein or incident to the general representation of bondholders in the enforcement and protection of their rights.

4. The supreme court shall have jurisdiction of any action or proceeding by the trustee on behalf of such bondholders. The venue of any such action or proceeding shall be laid in the county.

5. Before declaring the principal of bonds due and payable, the trustee shall first give thirty days notice in writing to the corporation.

6. Any such trustee, whether or not the issue of bonds represented by such trustee has been declared due and payable, shall be entitled as of right to the appointment of any receiver of any part or parts of the project, the revenues of which are pledged for the security of the bonds of such issue, and such receiver may enter and take possession of such part or parts of the project and, subject to any pledge or agreement with the holders of such bonds, shall take possession of all monies and other property derived from such part or parts of the project and proceed with any construction thereon or the acquisition of any property, real or personal, in connection therewith that the corporation is under obligation to do, and to operate, maintain and reconstruct such part or parts of the project and collect and receive all revenues thereafter arising therefrom subject to any pledge or agreement with bondholders relating thereto and perform the public duties and carry out the agreements and obligations of the corporation under the direction of

the court. In any suit, action or proceeding by the trustee, the fees, counsel fees and expenses of the trustee and of the receiver, if any, shall constitute taxable disbursements and all costs and disbursements allowed by the court shall be a first charge on any revenues derived from the properties.

§ 3310. State and county not liable on corporation bonds. (a) The state shall not be liable on the bonds or notes of the corporation and such bonds or notes shall not be a debt of the state, and such bonds and notes shall contain on the face thereof a statement to such effect.

(b) Except as may be authorized by the county pursuant to section seven of article seventeen of the state constitution and section thirty-three hundred eight of this title, the county shall not be liable on the bonds or notes of the corporation and such bonds or notes shall not be a debt of the county, and such bonds and notes shall contain on the face thereof a statement to such effect or a statement describing the county liability thereon, if any.

§ 3311. Monies of the corporation. All monies of the corporation from whatever source derived shall be paid to the treasurer of the corporation and shall be deposited forthwith in a bank or banks designated by the corporation. The monies in such accounts shall be paid out or withdrawn on the order of such person or persons as the corporation may authorize to make such requisitions. All deposits of such monies shall be secured by obligations of the United States or of the state or of any municipality of a market value equal at all times to the amount on deposit and all banks and trust companies are authorized to give such security for such deposits. Alternatively, monies of the corporation may be deposited in money market funds rated in the highest short term or long term rating category by at least one nationally recognized rating agency. To the extent practicable, consistent with the cash requirements of the corporation, all such monies shall be deposited in interest bearing accounts. The corporation shall have power, notwithstanding the provisions of this section, to contract with the holders of any bonds as to the custody, collection, security, investment and payment of any monies of the corporation or any monies held in trust or otherwise for the payment of bonds or any way to secure bonds, and carry out any such contract notwithstanding that such contract may be inconsistent with the provisions of this section. Monies held in trust or otherwise for the payment of bonds or in any way to secure bonds and deposits of such monies may be secured in the same manner as monies of the corporation and all banks and trust companies are authorized to give such security for such deposits. Any monies of the corporation not required for immediate use or disbursement may, at the discretion of the corporation, be invested in accordance with guidelines established by the corporation's board and amended from time to time. Subject to the provisions of any contract with bondholders and with the approval of the state comptroller, the corporation shall prescribe a system of accounts.

§ 3312. Bonds; legal investment for fiduciaries. The bonds of the corporation are hereby made securities in which all public officers and bodies of the state and all municipalities, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and saving associations, including savings and loan associations, building and loan associations, investment companies and other persons carrying on a banking business, and administrators, guardians, executors, trustees and other fiduciaries and all other persons whatsoever, who are now or may hereafter be authorized to invest in bonds or other obligations of the state may properly and legally invest funds including capital in their control or belonging to them. The bonds are also hereby made securities which may be deposited with and may be received by all public officers and bodies of the state and all municipalities for any purposes for which the deposit of bonds or other obligations of this state is now or hereafter may be authorized.

§ 3313. Agreement with state. The state does hereby pledge to and agree with the holders of any bonds issued by the corporation pursuant to this title and with those persons or public corporations who may enter into contracts with the corporation pursuant to the provisions of this title that the state will not alter, limit or impair the rights hereby vested in the corporation to purchase, construct, own and operate, maintain, repair, improve, reconstruct, renovate, rehabilitate, enlarge, increase and extend, or dispose of any project, or any part or parts thereof for which bonds of the corporation shall have been issued, to establish and collect rates, rents, fees and other charges referred to in this title, to fulfill the terms of any contracts or agreements made with or for the benefit of the holders of bonds or with any person or public corporation with reference to such project or part thereof, or in any way to impair the rights and remedies of the holders of bonds, until the bonds, together with interest thereon, including interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of the holders of bonds, are fully met and discharged and such contracts are fully performed on the part of the corporation. The corporation is authorized to include this pledge and agreement of the state in any agreement with the holders of bonds.

§ 3314. Agreement with county. The county is authorized to pledge to and agree with the holders of any bonds issued by the corporation pursuant to this title and with those persons or public corporations who may enter into contracts with the corporation pursuant to the provisions of this title that the county will not alter, limit or impair the rights hereby vested in the corporation to purchase, construct, own and operate, maintain, repair, improve, reconstruct, renovate, rehabilitate, enlarge, increase and extend, or dispose of any project, or any part or parts thereof, for which bonds of the corporation shall have been issued, to establish, collect and adjust rates, rents, fees and other charges referred to in this title, to fulfill the terms of any agreements made with the holders of the bonds or with any public corporation or person with reference to such project or part thereof, or in any way impair the rights and remedies of the holders of bonds, until the bonds, together with interest thereon, including interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of the holders of bonds, are fully met and discharged and such contracts are fully performed on the part of the corporation.

§ 3315. Tax exemption and tax contract by the state. 1. It is hereby determined that the creation of the corporation and the carrying out of its corporate purposes is in all respects for the benefit of the people of the state of New York and is a public purpose. Accordingly, the corporation shall be regarded as performing an essential governmental function in the exercise of the powers conferred upon it by this title, and the corporation shall not be required to pay any fees, taxes, special ad valorem levies or assessments of any kind, except as provided pursuant to the public health law, whether state or local, including but not limited to fees, taxes, special ad valorem levies or assessments on real property, franchise taxes, sales taxes or other taxes, upon or with respect to any property owned by it or under its jurisdiction, control or supervision, or upon the uses thereof, or upon or with respect to its activities or operations in furtherance of the powers conferred upon it by the title, or upon or with respect to any fares, tolls, rentals, rates, charges, fees, revenues or other income received by the corporation. Provided, however, that any real property owned or acquired by the corporation outside of the county shall be exempt from real property taxes, ad valorem levies or special assessments only pursuant to and to the extent provided by an agreement with the governing body of the municipality in which such real property is located. Provided, further, subsidiaries of the corporation are not included within the foregoing exemption.

2. Any bonds issued pursuant to this title together with the income therefrom shall at all times be exempt from taxation.

3. The state hereby covenants with the purchasers and with all subsequent holders and transferees of bonds issued by the corporation pursuant to this title, in consideration of the acceptance of and payment for the bonds, that the bonds of the corporation issued pursuant to this title and the income therefrom and all revenues, monies, and other property pledged to pay or to secure the payment of such bonds

shall at all times be free from taxation.

4. The corporation may pay, or may enter into agreements with the county or any municipality to pay, a sum or sums annually or otherwise or to provide other considerations with respect to real property owned by the corporation located within the county or such municipality.

§ 3316. Actions against corporation. 1. Except in an action for wrongful death, no action or special proceeding shall be prosecuted or maintained against the corporation, its members, officers or employees for personal injury or damage to real or personal property alleged to have been sustained by reason of the negligence, tort or wrongful act of the corporation or of any member, officer, agent or employee thereof, unless (a) notice of claim shall have been made and served upon the corporation within the time limit set by and in compliance with section fifty-e of the general municipal law, (b) it shall appear by and as an allegation in the complaint or moving papers that at least thirty days have elapsed since the service of such notice and that adjustment or payment thereof has been neglected or refused, (c) the action or special proceeding shall be commenced within one year and ninety days after the happening of the event upon which the claim is based, and (d) an action, against the corporation for wrongful death shall be commenced in accordance with the notice of claim and time limitation provisions of title eleven of article nine of this chapter.

2. Whenever a notice of claim is served upon the corporation, it shall have the right to demand an examination of the claimant relative to the occurrence and extent of the injuries or damages for which claim is made, in accordance with the provisions of section fifty-h of the general municipal law.

3. The corporation may require any person presenting for settlement an account or claim for any cause whatsoever against the corporation to be sworn before a director, counsel or an attorney, officer or employee of the corporation designated for such purpose, concerning such account or claim and, when so sworn, to answer orally as to any facts relative to

such account or claim. The corporation shall have power to settle or adjust all claims in favor of or against the corporation.

4. Any action or proceeding to which the corporation or the people of the state may be parties, in which any question arises as to the validity of this title, shall be preferred over all other civil causes of action or cases, except election causes of action or cases, in all courts of the state and shall be heard and determined in preference to all other civil business pending therein except election causes, irrespective of position on the calendar. The same performance shall be granted upon application of the corporation or its counsel in any action or proceeding questioning the validity of this title in which the corporation may be allowed to intervene. The venue of any such action or proceeding shall be laid in the supreme court of the county.

5. The rate of interest to be paid by the corporation upon any judgment for which it is liable, other than a judgment on its bonds, shall be the rate prescribed by section five thousand four of the civil practice law and rules. Interest on payments of principal or interest on any bonds in default shall accrue at the rate borne by such bonds from the due date thereof until paid or otherwise satisfied.

6. All actions or proceedings against the corporation of whatever nature shall be brought in the county.

§ 3317. Audit and annual reports. 1. In conformity with the provisions of section five of article ten of the constitution, the accounts of the corporation shall be subject to the supervision of the state comptroller and an annual audit shall be performed by an independent certified public accountant. The corporation shall annually submit to the county board of legislators, county executive, governor and the state comptroller and to the chairperson of the senate finance committee and the chairperson of the assembly ways and means committee a detailed report pursuant to the provisions of section twenty-eight hundred of this chapter, and a copy of such report shall be filed with the clerk of the county board of legislators and the county executive.

2. The corporation shall report on an annual basis the following information: the name, principal business address and principal business activities of each subsidiary of the corporation; the name of all board members and officers of each subsidiary; the number of employees of each subsidiary; a list of all contracts in excess of one hundred thousand dollars entered into by the corporation and its subsidiaries identifying the amount, purpose and duration of such contract; and a financial statement, income statement, and balance sheet performed by an independent certified public accountant all in accordance with generally accepted accounting principles of the corporation and each of its subsidiaries. At the time the reports required by subdivision one of this section are submitted, such reports shall be provided to the governor, the speaker of the assembly, the temporary president of the senate and a copy of such report shall be filed with the clerk of the county board of legislators and the county executive.

§ 3318. Defense and indemnification. The corporation shall not execute any of its powers, including the special powers authorized by section 3306 of this article, except as necessary to commence its corporate existence, until it has elected to make the provision of section eighteen of the public officers law applicable to its employees (as such term is defined in section eighteen of the public officers law) pursuant to subdivision two of such section; provided, however, that nothing contained within this section shall be deemed to permit the corporation to extend the provisions of section eighteen of the public officers law upon any independent contractor.

§ 3319. Transfer of applications, proceedings, approvals and permits. 1. Any application, review or process in relation to or in furtherance of the purposes of or contemplated by this title heretofore filed or undertaken, or any proceeding heretofore commenced or any determination, finding or award made, by the county or by the county with the federal government, the state department of health or any other public corporation shall inure to and for the benefit of the corporation to the same extent and in the same manner as if the corporation has been a party to such application, review, process, or proceeding from its inception, and the corporation shall be deemed a party thereto, to the extent not prohibited by any federal law. Any license, approval, permit, determination, finding, award or decision heretofore or hereafter issued or granted pursuant to or as a result of any such application, review, process or proceeding shall inure to the benefit of and be binding upon the corporation and shall be assigned and transferred by the county to the corporation unless such assignment and transfer is prohibited by federal law.

2. All such applications, proceedings, licenses, approvals, permits, determinations, findings, awards and decisions shall further inure to and for the benefit of and be binding upon any person leasing, acquiring, financing, constructing, maintaining, operating, using or occupying any facility transferred by the county to the corporation pursuant to this title.

§ 3320. Separability. If any clause, sentence, paragraph, section, or part of this title shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section, or part thereof involved in the controversy in which such judgment shall have been rendered.

§ 3321. Applicability of law. The provisions of this title shall be subject to the provisions of the civil practice law and rules, the public health law, the mental hygiene law, the social services law, the education law and any other applicable law or regulation, including any amendment thereto provided, however, nothing in this section shall require the county or corporation to seek approval or consent for any transfer pursuant to sections thirty-three hundred seven and thirty-three hundred nineteen of this title.

ARTICLE 10-C

NEW YORK HEALTH CARE CORPORATIONS

TITLE 2

NASSAU HEALTH CARE CORPORATION

§ 3400. Short title. This title shall be known and may be cited as the "Nassau Health Care Corporation".

§ 3401. Legislative findings and purpose. The legislature hereby finds and declares as follows:

1. The needs of the residents of the state of New York and of the county of Nassau can best be served by a public benefit corporation having the legal, financial and managerial flexibility to take full advantage of opportunities and challenges presented by the evolving health care environment and to take whatever actions are necessary to enable the corporation's continuation as a system which provides the finest possible quality of health care consistent with costs.

2. In order to accomplish the purposes recited in this section to provide health care services and health facilities for the benefit of the residents of the state of New York and the county of Nassau, including to persons in need of health care services without the ability to pay as required by law, a public benefit corporation to be known as the Nassau Health Care Corporation shall be created to provide such services and facilities and to otherwise carry out such purposes; that the creation and operation of the Nassau health care corporation, as hereinafter provided, is in all respects for the benefit of the people of the state of New York and of the county of Nassau, and is a state, county and public purpose; and that the exercise by such corporation of the functions, powers and duties as hereinafter provided constitutes the performance of an essential public and governmental function.

3. As a free-standing public health care provider, the corporation is at a competitive disadvantage in the current and emerging health care environment, yet it cannot become part of a larger system of corporate entities while maintaining its public status. Significant investments in the public assets of the corporation and its efforts to provide high quality health care services to medically underserved populations are jeopardized by the corporation's inability to compete on its own and by potential limits on its ability to collaborate with other public and private providers, entities and individuals. The state finds that the benefits of collaboration by the corporation outweigh any adverse impact on competition. The benefits of the corporation's collaborative efforts include preserving and expanding needed health care services in its primary service area; consolidating unneeded or duplicative health care

services; enhancing the quality of, and expanding access to, health care delivered to medically underserved populations; lowering costs and improving the efficiency of the health care services it delivers; and achieving improved reimbursement from non-governmental payors. Based on the findings contained in this section, the state hereby affirmatively expresses a policy to allow the corporation to engage in collaborative activities consistent with its health care purposes, notwithstanding that those collaborations may have the effect of displacing competition in the provision of hospital, physician or other health care-related services. With respect to the collaborative activities contemplated in this section and in subdivision ten of section thirty-four hundred five of this title, the corporation and the public or private entities and individuals with which it collaborates shall be immunized from liability under the federal and state antitrust laws.

§ 3401-a. Definitions. As used or referred to in this title, unless a different meaning clearly appears from the context:

1. "Board" shall mean the board of directors of the corporation as established by section thirty-four hundred two of this title.

2. "Bonds" shall mean the bonds, notes or other evidences of indebtedness issued by the corporation pursuant to this title and the provisions of this title relating to bonds and bondholders shall apply with equal force and effect to notes and noteholders, respectively, unless the context otherwise clearly requires.

3. "Corporation" shall mean the public benefit corporation created by section thirty-four hundred two of this title, known as the Nassau Health Care Corporation.

4. "County" shall mean the county of Nassau.

5. "Director" shall mean a voting director appointed to the corporation pursuant to section thirty-four hundred two of this title.

6. "Health facility" shall mean a building, structure or unit or any improvement to real property, including all necessary and usual attendant and related equipment, facilities or fixtures, or any part or parts thereof, or any combination or combinations thereof, including, but not limited to, a general hospital, psychiatric hospital, ambulatory clinic or center, chronic disease hospital, nursing home, extended-care facility, dispensary or laboratory or any other related facility, or any combination of the foregoing, constructed, acquired or otherwise provided by or for the use of the corporation or the county in providing health and medical services to the public.

7. "Project" shall mean any health facility, facility, improvement, building, land, rights in land, equipment, machinery, apparatus, furnishings, property, real or personal, contract right or operation, the planning, development, financing, acquisition, construction, reconstruction, rehabilitation, renovation, undertaking or maintenance of which is authorized to be undertaken in whole or in part by the corporation pursuant to this title, including but not limited to the corporation's acquisition of facilities or property from the county pursuant to section thirty-four hundred six of this title.

§ 3402. Nassau health care corporation. 1. (a) There is hereby created a state board to be known as the Nassau health care corporation which shall be a body corporate and politic constituting a public benefit corporation. All health facilities established, administered, operated, and/or overseen by the corporation shall be subject to the provisions of article twenty-eight of the public health law.

(a-1) Notwithstanding any inconsistent provision of law, on June first, two thousand twenty-five, the term of each director currently in office, including any vacant directorship, shall be deemed expired, and the respective appointing authorities shall make new appointments in accordance with this section. Each director may continue to serve in holdover status until their successor is appointed.

(b) The corporation shall be governed by eleven voting directors, six of whom shall be appointed by the governor as provided in paragraph (c) of this subdivision, two of whom shall be appointed by the county executive for initial terms of two years, two of whom shall be appointed by the majority leader of the county legislature for initial terms of three years, and one of whom shall be appointed by the minority leader of the county legislature for an initial term of three years.

(c) Of the six directors appointed by the governor, one shall be appointed upon the recommendation of the speaker of the assembly and one shall be appointed upon the recommendation of the temporary president of the senate. The directors appointed by the county executive, the majority leader of the county legislature, and the minority leader of the county legislature shall be residents of Nassau county. Of the directors appointed by the governor, four of the directors, including the directors appointed upon the recommendation of the speaker of the assembly and the temporary president of the senate, shall be residents of Nassau county.

(d) Of the directors first appointed on or after June first, two thousand twenty-five, by the governor, the director appointed upon the recommendation of the temporary president of the senate and the director appointed upon the recommendation of the speaker of the assembly shall serve for an initial term of two years. The remaining directors first appointed on or after June first, two thousand twenty-five by the governor shall serve for an initial term of four years. Following their initial terms, directors shall serve for a term of five years.

2. (a) The governor shall designate one of the eleven voting directors as the chairperson of the board. The chairperson shall preside over all meetings of the board and shall have such other duties as the voting directors may direct.

(b) The voting directors of the corporation shall receive no compensation for their services, but may be reimbursed for their actual reasonable expenses.

(c) A majority of the voting directors then in office shall constitute a quorum. No action shall be taken by the board of directors except pursuant to the favorable vote of a majority of the board at a meeting at which a quorum is present.

3. There shall be three non-voting directors which shall include the chief executive officer of the corporation as appointed by the board of

directors, one director selected by the county executive, and one selected by the county legislature.

4. The board of directors shall select the chief executive officer and, subject to approval of the Nassau county interim finance authority, shall determine the salary and benefits of the chief executive officer of the corporation. The chief executive officer shall serve at the pleasure of the board of directors provided, however, that removal without cause shall not prejudice the contract rights, if any, of the chief executive officer.

5. Notwithstanding any inconsistent provision of any general, special or local law, ordinance, resolution or charter, no officer, member or employee of the state or of any public corporation shall forfeit his or her office or employment by reason of his or her acceptance of appointment as a voting director, non-voting director, officer or employee of the corporation, nor shall service as such a voting director, non-voting director, officer or employee be deemed incompatible or in conflict with such office, or employment, and provided further, however, that no public officer elected to his or her office pursuant to the laws of the state or any municipality thereof may serve as a member of the governing body of the corporation during his or her term of office.

6. The corporation and its corporate existence shall continue until terminated by law, provided, however, that no such termination shall take effect so long as the corporation shall have bonds or other obligations outstanding, unless adequate provision has been made for the payment or satisfaction thereof. Upon termination of the existence of the corporation, all of the rights and properties of the corporation then remaining shall pass to and vest in the county in such manner as prescribed by law.

7. Contracts for public works or purchases to which the corporation is a party shall be subject to the provisions of article five-A of the general municipal law except as provided in subdivisions eight and nine of this section. In addition to the procedures prescribed under section

one hundred four of the general municipal law for the utilization of the terms of state contracts, the corporation may utilize the terms of a federal government general services contract where the terms are to the advantage of the corporation and have been offered to the corporation by the contractor. When bids have already been received by the corporation, no purchase under a federal government general services contract shall be made unless the purchase may be made upon the same terms, conditions and specifications at a lower price through such contractor.

8. It is the intent of the legislature that overall cost should in all cases be a major criterion in the selection of project developers for award of contracts pursuant to this section and that, wherever practical, such contracts should be entered into pursuant to the provisions of sections one hundred one and one hundred three of the general municipal law. It is further the intent of the legislature to acknowledge the highly complex and innovative nature of medical technology, diagnostic and treatment devices, the relative newness of a variety of devices, processes and procedures now available, the desirability of a single point of responsibility for the development of medical treatment and diagnostic facilities and the economic and technical utility of contracts for medical projects which include in their scope various combinations of design, construction, operation, management and/or maintenance responsibility over prolonged periods of time and that in some instances it may be beneficial to the corporation to award a contract for a medical project on the basis of factors other than capital cost alone, including but not limited to facility design, system reliability, efficiency, safety, long-term operating costs and compatibility with other elements of patient care. Accordingly, and notwithstanding the provisions of any general, special or local law or chapter, a contract for a medical project entered into between the corporation and any project developer pursuant to this section may be awarded pursuant to public bidding in compliance with sections one hundred one and one hundred three of the general municipal law or pursuant to the following provisions for the award of a contract based on evaluation of proposals submitted in response to a request for proposals prepared by or for the corporation:

(a) The corporation shall require that each proposal to be submitted by a project developer shall include:

(i) information relating to the experience and expertise of the project developer on the basis of which said project developer purports to be qualified to carry out all work required by a proposed contract; the ability of the project developer to secure adequate financing; and proposals for project staffing, implementation of work tasks, and the carrying out of all responsibilities by a proposed contract;

(ii) a proposal clearly identifying and specifying all elements of cost which would become charges to the corporation, in whatever form, in return for the fulfillment by the project developer for the full lifetime of a proposed contract, including, as appropriate, but not limited to the cost of planning, design, construction, operation, management and/or maintenance of any facility, and clearly identifying and specifying all elements of revenue which would accrue to the corporation from the operation of the facility or device or from any other source; provided, that the corporation may prescribe the form and content of such proposal and that, in any event, the project developer must submit sufficiently detailed information to permit a fair and equitable evaluation by the corporation of such proposal; and provided, further, that the corporation may set maximum allowable cost limits in any form in the request for proposals; and

(iii) such other information as the corporation may determine to have a material bearing on its ability to evaluate any proposal in accordance with this subparagraph;

(b) Prior to the issuance of a request for proposals pursuant to this paragraph, the corporation shall publish notice of such issuance in at least one newspaper of general circulation. Concurrent with the publication of such notice a draft request for proposals shall be filed with the county commissioner of health.

(c) Proposals received in response to such request for proposals shall be evaluated by the corporation as to net capital cost or, if a net revenue is projected, net revenue, and in a manner consistent with provisions set forth in the request for proposals, and may be evaluated on the basis of additional factors, including but not limited to the technical evaluation of the medical project including medical facility, facility design, system reliability, energy balance, annual operating cost and efficiency. The evaluation of such proposals and the determination of whether a project developer is "responsible" may include, but shall not be limited to, consideration, in a manner consistent with provisions set forth in the request for proposals, the record of the project developer in complying with existing labor standards and recognizing state and federally approved apprentice training programs, and the willingness of the project developer to provide for meaningful participation of minority group persons and business enterprises in the conduct of the work;

(d) The corporation may make a contract award to any responsible project developer selected pursuant to subparagraph (iii) of paragraph (a) of this subdivision based on a determination by the corporation that the selected proposal is most responsive to the request for proposals and may negotiate with any project developer, provided, however, that if any award is made to any project developer whose total proposal does not provide either the lowest net cost, or if a net revenue is projected, the greatest net revenue, of any proposal received, the corporation shall adopt a resolution which includes particularized findings relevant to factors pursuant to such subparagraph indicating that the corporation's requirements are met by such award and that such action is in the public interest.

Whenever the corporation enters into a contract pursuant to this section for a medical project which involves construction the provisions of section two hundred twenty of the labor law shall be applicable to such construction work.

9. Every contract entered into between the corporation and a project developer, pursuant to the provisions of paragraph (d) of subdivision eight of this section, for a medical project involving construction of a medical building by the project developer, shall contain provisions that such building shall be constructed through construction contracts awarded through competitive bidding in accordance with paragraphs (a) through (g) of this subdivision; that the project developer or the project developer's construction subcontractor shall furnish a bond guaranteeing prompt payment of moneys that are due to all persons furnishing labor and materials pursuant to the requirements of such construction contracts, and that a copy of such payment bond shall be

kept by the corporation and shall be open to public inspection; provided, however, that the requirements of this subdivision shall not apply when the cost of such construction, exclusive of the cost of medical equipment and devices, is less than one million five hundred thousand dollars.

(a) The project developer shall advertise for bids for such construction contracts in a daily newspaper having general circulation in the county. Such advertisement shall contain a statement of the time and place where all bids received pursuant to such notice will be publicly opened and read. An employee of the corporation shall be designated to open the bids at the time and place specified in the notice. All bids received shall be publicly opened and read at the time and place so specified. At least five days shall elapse between the publication of such advertisement and date on which the bids are opened.

(b) Except as otherwise provided in section two hundred twenty-two of the labor law, when the entire cost of constructing such building, exclusive of any medical equipment, apparatus or devices, shall exceed one million five hundred thousand dollars, the project developer shall prepare separate specifications for the following subdivisions of such work, so as to permit separate and independent bidding upon each subdivision:

(i) plumbing and gas fittings;

(ii) steam heating, hot water heating, ventilating and air conditioning apparatus; and

(iii) electric wiring and standard illuminating fixtures.

(c) After public competitive bidding, the project developer shall award one or more separate contracts for each of the above subdivisions of such work, whenever separate specifications are required pursuant to paragraph (b) of this subdivision, and one or more contracts for the remainder of such work. The project developer may award such contracts at different times. Contracts awarded pursuant to this subdivision shall be awarded by the project developer to the lowest responsible and responsive bidder and shall be contracts of the project developer and not of the corporation which shall have no obligation or liabilities, whatsoever, thereunder. The project developer shall have the responsibility for the supervision, coordination, and termination of such contracts, unless otherwise specified in contractual terms between the project developer and the corporation.

(c-1) Each bidder on a public work contract, where the preparation of separate specifications is not required, shall submit with its bid a separate sealed list that names each subcontractor that the bidder will use to perform work on the contract, and the agreed-upon amount to be paid to each, for: (i) plumbing and gas fitting, (ii) steam heating, hot water heating, ventilating and air conditioning apparatus and (iii) electric wiring and standard illuminating fixtures. After the low bid is announced, the sealed list of subcontractors submitted with such low bid shall be opened and the names of such subcontractors shall be announced, and thereafter any change of subcontractor or agreed-upon amount to be paid to each shall require the approval of the public owner, upon a showing presented to the public owner of legitimate construction need for such change, which shall be open to public inspection. Legitimate construction need shall include, but not be limited to, a change in project specifications, a change in construction material costs, a change to subcontractor status as determined pursuant to paragraph (e) of subdivision two of section two hundred twenty-two of the labor law, or the subcontractor has become otherwise unwilling, unable or unavailable to perform the subcontract. The sealed lists of subcontractors submitted by all other bidders shall be returned to them unopened after the contract award.

(d) In determining whether a prospective contractor is responsible and responsive, the project developer may require that prospective contractors:

(i) have adequate financial resources or the ability to obtain such resources;

(ii) be able to comply with the required or proposed delivery or performance schedule;

(iii) have a satisfactory record of performance;

(iv) have the necessary organization, experience, operational controls, and technical skills, or the ability to obtain them;

(v) have the necessary production, construction and technical equipment and facilities, or the ability to obtain them; and

(vi) be eligible to receive an award under applicable laws and regulations and be otherwise qualified.

(e) The project developer may reject any bid of a bidder which the project developer determines to be nonresponsible or nonresponsive to the advertisement for bids.

(f) The project developer may, in its discretion, reject all bids, and may revise bid specifications and may readvertise for bids as provided herein.

(g) Only as used in this section:

(i) "project developer" means any private corporation, partnership, limited liability company, or individual, or combination thereof which has submitted a proposal in response to a request for proposals;

(ii) "construction" shall include reconstruction, rehabilitation or improvement exclusive of the installation and assembly of any medical equipment, apparatus or device;

(iii) "medical building" means that component of a medical project constituting appurtenant structures or facilities necessary to house or render the remaining components of the medical project operational. Medical building shall not include apparatus, equipment, devices, systems, supplies or any combination thereof;

(iv) "medical project" means any substantial durable apparatus, equipment, device or system, or any combination of the foregoing, including services necessary to install, erect, or assemble the foregoing and any appurtenant structures or facilities necessary to house or render the foregoing operational, to be used for the purpose of care, treatment or diagnosis of disease or injury or the relief of pain and suffering of sick or injured persons. Medical projects shall not include ordinary supplies and equipment expended or utilized in the customary care and treatment of patients.

10. (a) For purposes of applying section eighty-seven of the public officers law, to the corporation, the term "trade secrets" shall include marketing strategy or strategic marketing plans, analyses, evaluations and pricing strategies or pricing commitments of the corporation, relating to business development, which, if disclosed, would be likely to injure the competitive position of the corporation.

(b) In addition to the matters listed in section one hundred five of the public officers law, the corporation may conduct an executive session for the purpose of considering marketing strategy or strategic marketing plans, analyses, evaluations and pricing strategies of the corporation, relating to business development, which, if disclosed, would be likely to injure the competitive position of the corporation.

11. All contracts or obligations entered into by the corporation for over one million dollars shall be subject to the approval of the Nassau county interim finance authority.

§ 3402-a. Study for the modernization and revitalization of the Nassau health care corporation. 1. Study. The Nassau health care corporation (hereinafter referred to as "the corporation") shall review and examine a variety of options to strengthen the Nassau University Medical Center and the A. Holly Patterson Extended Care Facility, and promote longer term viability for its dual education and health care mission. The corporation shall complete a study to prioritize health care services provided in the Nassau University Medical Center service area, including a reasonable, scalable and fiscally responsible plan for the financial health, viability and sustainability of the Nassau University Medical Center and the A. Holly Patterson Extended Care Facility. Such study shall be provided to the Nassau county interim finance authority no later than December first, two thousand twenty-six. In conducting its study, the corporation shall consider the following factors:

(a) overall health care service delivery trends and models;

(b) historic and projected financials for the Nassau University Medical Center and the campus;

(c) the current state of building infrastructure and capital needs;

(d) community health care needs, outcomes, and health disparities;

(e) existing inpatient and outpatient service offerings and health outcomes;

(f) capacity and availability of inpatient and outpatient services in the broader primary and secondary service areas;

(g) efficiency of operations and quality of health care services benchmarking; and

(h) training needs for students and employment outcomes.

2. Outreach. The corporation shall solicit input and recommendations from health care experts, county health departments, community-based

organizations, state and regional health care industry associations, labor unions, experts in hospital operations, and other interested parties.

§ 3403. Transfer of officers and employees; civil service. 1. (a) On the effective date of the transfer of the facilities and operations of the county to the corporation pursuant to an agreement between the county and the corporation as authorized in this title, officers and employees employed in a department or agency of the county shall become officers and employees of the corporation with equivalent offices, positions and employment therewith and shall be deemed public officers or public employees for all purposes.

(b) In accordance with the provisions of section seventy of the civil service law, for a period not to extend beyond six months from the effective date of the transfer of any facilities and operations of the county pursuant to an agreement between the county and the corporation as authorized in this title, any other officer or employee of the county may, at the request of the corporation and with the consent of the county executive and the officer or employee, be transferred to the corporation and shall be eligible for such transfer and appointment, without further examination, to applicable offices, positions and employment under the corporation.

(c) Any person who, at the time he or she becomes an officer or employee of the Nassau Health Care Corporation pursuant to paragraph (a) or (b) of this subdivision, has a temporary or provisional appointment shall be transferred subject to the same right of removal, examination or termination as though such transfer had not been made except to the extent such rights are modified by a collective bargaining agreement.

(d) There shall be no layoffs of any officers or employees of the Nassau Health Care Corporation which are a direct consequence of the enactment of this title. There shall be a presumption that any layoffs occurring more than twenty-four months after the effective transfer date described in subdivision one of this section shall be deemed not to be such a direct consequence.

(e) Nothing contained in this section shall be construed to prevent the elimination of any service at any time as a result of the elimination of state or federal assistance, the elimination of available revenue reimbursement, loss of certification or licensure, or loss of financial viability.

2. The corporation shall recognize the existing certified or recognized employee organizations for those persons who become employees of the Nassau Health Care Corporation pursuant to paragraph (a) or (b) of subdivision one of this section as the exclusive collective bargaining representatives for such employees, who shall remain in the existing bargaining unit. The corporation shall be bound by all existing collective bargaining agreements with such employee organizations; all existing terms and conditions of employment shall remain in effect until altered by the terms of a successor contract; successor employees to the positions held by such employees shall, consistent with the provisions of article fourteen of the civil service law, be included in the same unit as their predecessors. Employees serving in positions in newly created titles shall be assigned to the appropriate bargaining unit. Nothing contained herein shall be construed to affect:

(a) the rights of employees pursuant to a collective bargaining agreement;

(b) the representational relationships among employee organizations or the bargaining relationships between the county, state and an employee organization; or

(c) existing law with respect to an application to the public employment relations board seeking designation by the board that certain persons are managerial or confidential. Nothing herein shall preclude the merger of negotiating units of employees with the consent of the recognized or certified representatives of such units.

3. The salary or compensation of any such officer or employee, after such transfer, shall be paid by the corporation. The corporation shall, upon transfer, acknowledge and give credit for all leave balances held by such officers and employees on the date of transfer.

4. The corporation shall be subject to the civil service law.

§ 3404. General powers of the corporation. Subject to this title, the civil practice law and rules, the public health law, the mental hygiene law, the social services law, the education law or any other applicable law or regulation, the corporation shall have power:

1. to sue and be sued;

2. to have a seal and alter the same at pleasure;

3. to borrow money and issue bonds for any of its corporate purposes or its projects, or to refund the same, and to provide for the rights of the holders thereof;

4. to make and alter by-laws for its organization and management, and, subject to agreements with its bondholders, to make and alter rules and regulations governing the exercise of its powers and the fulfillment of its purposes under this title;

5. (a) to acquire by purchase, grant, lease, gift, or otherwise and to hold and use property necessary, convenient or desirable to carry out its corporate purposes, and to sell, convey, mortgage, lease, pledge, exchange or otherwise dispose of any such property in such manner as the corporation shall determine;

(b) to acquire by condemnation pursuant to the provisions of the eminent domain procedure law any real property within Nassau county required by the corporation to carry out the powers granted by this title with the approval of both the county legislature and the county executive;

6. to acquire, construct, lease, expand, improve, maintain, equip, furnish, operate one or more projects and, if necessary, to pay or finance the cost thereof;

7. to accept gifts, grants, loans or contributions of funds or property or financial or other aid in any form from, and enter into contracts or other transactions with, the federal government, the state, the county or any public corporation or any other source, and to use any

such gifts, grants, loans or contributions for any of its corporate purposes;

8. to grant options to renew any lease with respect to any project or projects and to grant options to buy any project at such price as the corporation may deem desirable;

9. to designate the depositories of its money;

10. to establish its fiscal year;

11. to enter into contracts and to execute all instruments necessary or convenient or desirable for the purposes of the corporation to carry out any powers expressly given to it in this title;

12. to appoint such officers, employees and agents as the corporation may require for the performance of its duties and to fix and determine their qualifications, duties, and compensation subject to the provisions of the civil service law and any applicable collective bargaining agreement, and to retain or employ counsel, auditors, engineers and private consultants on a contract basis or otherwise for rendering professional, management or technical services and advice;

13. to use employees, agents, consultants and facilities of the county, paying the county its agreed proportion of the compensation or costs pursuant to an agreement with the county;

14. to make and adopt plans, surveys and studies necessary, convenient or desirable to the effectuation of the purposes and powers of the corporation and to prepare recommendations in regard thereto;

15. except where otherwise provided by law or regulation, to fix and collect rates, rentals, fees and other charges for the services rendered by or for use of the facilities or in the exercise of the powers of the corporation;

16. to enter upon such lands, waters or premises as in the judgment of

the corporation may be necessary, convenient or desirable for the purpose of making surveys, soundings, borings and examinations to accomplish any purpose authorized by this title, the corporation being liable for actual damage done;

17. to insure or otherwise to provide for the insurance of the corporation's property or operations and also contract against such other risks as the corporation may deem advisable, including the interest rate risk for obligations it issues bearing interest at a floating or otherwise adjustable rate which prevents the actual rate over the term of the debt from being ascertained at the date of its incurrence, and including the power to make any payments with respect thereto; and

18. to do all things necessary, convenient or desirable, including ancillary and incidental activities, to carry out its purposes and for the exercise of the powers granted in this title.

§ 3405. Special powers of the corporation. In order to effectuate the purposes of this title, the corporation shall have the following additional powers, subject to this title, the civil practice law and rules, the public health law, the mental hygiene law, the social services law, the education law and any other applicable law or regulation:

1. To operate, manage, superintend and control any health facility under its jurisdiction and to repair, maintain and otherwise keep up any such health facility; and to establish and collect fees, rentals, and other charges for the sale, lease or sublease of any such health facility, subject to the terms and conditions of any contract, lease, sublease or other agreement with the county;

2. To provide health and medical services for the public directly or by agreement or lease with any person, firm or private or public corporation or association through or in the health facilities of the corporation or otherwise and to make internal policies governing

admissions and health and medical services; and to establish and collect fees and other charges for the provision of such health and medical services; and to provide and maintain resident physician and intern medical services; and to sponsor and conduct research, educational and training programs;

3. To enter into contracts, leases, subleases and other agreements for the purpose of affiliating with a medical college or related educational agency or institution in conjunction with the corporation's health facilities, which agreements may provide for the management, operation and staffing of health facilities, the reconstruction, renovation or addition to health facilities; the provision of necessary facilities, utilities and services; and such other conditions or features necessary and proper for such purpose and for the public health and general welfare;

4. To determine the conditions under which a physician may be extended the privilege of practicing within a health facility under the jurisdiction of the corporation, and to promulgate reasonable internal policies for the conduct of all persons, physicians and nurses within such facility; and

5. (a) Except as otherwise provided in any applicable law or regulation, to exercise and perform all or part of its purposes, powers, duties, functions or activities through one or more subsidiary entities owned or controlled wholly or in part by the corporation, which shall be formed pursuant to the business corporation law, the limited liability company law, or the not-for-profit corporation law, in each case subject to all the limitations provided in this article.

(b) Any such subsidiary may be authorized to act as a general or limited partner in a partnership or as a member of a limited liability company, and enter into an arrangement calling for an initial and subsequent payment by such subsidiary in consideration of an interest in revenues or other contractual rights.

(c) An entity shall be deemed a subsidiary whenever and so long as (i) more than half of any voting shares of such subsidiary are owned or held by the corporation or (ii) a majority of the directors, trustees or members of such subsidiary are designees of the corporation.

(d) The corporation may transfer to any subsidiary entity any monies, real or personal or mixed property in order to carry out the purposes of this title, subject to the rights of the holders of any bonds of the corporation.

(e) Any subsidiary which provides health care services previously provided by the county and transferred by the corporation to the subsidiary shall comply with and be subject to subdivision nine of this section and subdivisions seven through ten inclusive of section thirty-four hundred two, sections thirty-four hundred ten, thirty-four hundred sixteen, thirty-four hundred seventeen and thirty-four hundred eighteen of this title as applicable. The transfer of any monies, real or personal or mixed property to a subsidiary shall be governed by any restrictions or limitations as the county may establish in the agreement between the county and the corporation as described in subdivision two of section thirty-four hundred six of this title.

(f) Any material change in the operation of a health facility that occurs pursuant to a transfer or agreement between the corporation and any of its subsidiaries shall require the board of such corporation or subsidiary to provide written notice of such transfer or agreement to the county executive and majority leader and minority leader of the county legislature within seven days of such transfer.

6. To contract with the county for related public health services to be determined by the county and the corporation.

7. To negotiate and make any payments in lieu of taxes with any political subdivision where the corporation holds real estate.

8. To contract with the county to provide, in whole or in part, health care services, and to operate facilities and programs which provide health care services.

9. To provide uncompensated care to persons in need of health care services without the ability to pay.

10. (a) In carrying out its health care purposes through the exercise

of the special powers exercised pursuant to this section and the general powers exercised pursuant to section thirty-four hundred four of this title, the corporation is authorized to engage in arrangements, contracts, information sharing and other collaborative activities with public or private entities and individuals irrespective of the competitive consequences of these activities and notwithstanding that these activities may have the effect of displacing competition in the provision of hospital, physician, or other health care-related services. These collaborative activities may include without limitation: joint ventures; joint negotiations with physicians, hospitals and payors, whether such negotiations result in separate or combined agreements; leases; and/or agreements which involve delivery system network creation and operation, provided that, the corporation shall exercise state oversight by determining whether particular collaborations with public or private entities and individuals further the interests of the state as set forth in this subdivision and in subdivision three of section thirty-four hundred one of this title. In undertaking these collaborative activities, the corporation and the public or private entities and individuals with which it collaborates shall be immunized from liability under the federal and state antitrust laws.

(b) Notwithstanding the provisions of this section, the corporation and its collaborators shall remain subject to generally applicable provisions of the public health law and regulations thereunder. In addition, the corporation shall file an annual report with the state department of health, as additional state oversight, concerning the impact of the collaborations authorized under this section on the advantages and disadvantages identified by the department of health in its request for applications for HEAL NY Phase 21, entitled "Restructuring Initiatives in Medicaid Redesign," and concerning the impact on reimbursement to the corporation's facilities by managed care organizations with respect to commercial plan members, including the extent to which rates have been negotiated that more fairly compensate the corporation's facilities for the cost of providing services to commercial enrollees, without cross-subsidy from medicaid or other governmental programs. In response to the report, the department of health shall have sixty days after the report has been filed to request, in writing, that the corporation make changes to its policies to ensure that the collaborations authorized under this section further the interests of the state.

§ 3406. Transfer of property; relationship with the county; certain gifts, loans and guarantees by the county. 1. (a) By county ordinance only, the county may contract, sell, convey, loan, license the use of, or lease to the corporation any property or assets (except monies appropriated by the county and payable to the corporation pursuant to subdivision three and paragraph (a) of subdivision four of this section), including its interest in Healthfirst Inc., which are useful in connection with the exercise by the corporation of any of its powers under this title in order to transfer the facilities and operations in whole or in part of any facility, operation or program of the county of Nassau providing health care services, whether or not the provision of such facility, operation or program by the county is specifically mandated by state law, to the corporation by agreement between the county and the corporation and any subsequent renewal or amendment thereof. The powers conferred upon the county herein to sell, convey, loan, license the use of or lease property or assets of the county to the corporation are in addition to any other powers granted to the county by law relating to the sale, conveyance, alienation, leasing, licensing or loaning of real or personal property and are not subject to any law to the extent inconsistent herewith.

(b) Any such contract, sale, conveyance, loan, license or lease shall be upon such terms and conditions, for such consideration which may include cash, services or any combination thereof which the county determines to be in the best interests of the citizens and taxpayers of the county and for such term or terms of years, subject to the rights of the holders of any bonds, as the corporation and the county may agree. No real property of the county consisting of any health facility currently operated by Nassau county shall be transferred to the corporation in fee, except under such restrictions regarding rights of first refusal, or other rights, to repurchase the property as the Nassau county legislature shall approve by act. Any such contract, sale, conveyance, lease, loan or license shall not be subject to referendum, permissive or mandatory. In the event that the county contracts, sells, conveys, loans, licenses or leases any property or assets to the corporation, the county may contract with the corporation to lease, borrow, license, operate, maintain, manage and provide services for such facilities upon such terms and conditions and for such term or terms of years, subject to the rights of holders of bonds, as the corporation and the county may agree. The corporation, in furtherance of any purchase, conveyance or lease of any property or facility from the county, may assume the primary responsibility for the payment of the principal and interest on any bonds or notes issued by the county for such property or facility.

(c) Upon the terms and conditions and on the effective date set forth in the agreement between the county and the corporation entered into pursuant to paragraph (a) of subdivision one of this section, such departments, agencies, facilities, services and other rights and interest of the county pertaining to health care services as the county or corporation may agree shall be transferred to the corporation. Upon any such transfer, the county is authorized to restructure or eliminate all such departments, agencies or facilities.

2. The county may acquire by purchase, lease, or condemnation pursuant to the eminent domain procedure law, real property in the name of the county for any corporate purpose of the corporation.

3. In addition to any other powers granted to it by law and consistent with the constitution and other provisions of law, the county may, from time to time, appropriate sums of money to defray project costs or any other costs or expenses of the corporation including operating expenses.

Subject to the rights of bondholders, the county may determine if the monies so appropriated shall be subject to repayment by the corporation to the county and, in such event, the manner and time or times for such repayment.

4. In addition to the authority granted elsewhere in this title and by other applicable laws, the corporation and the county may enter into a contract or contracts from time to time providing for one or more of the following:

(a) the payment of sums appropriated by the county pursuant to subdivision three of this section;

(b) the payment of sums for health care services provided by the corporation which could otherwise be provided directly by the county, including services for uncompensated care;

(c) services to be provided by the county to or on behalf of the corporation;

(d) the transfer of employees of the county to the corporation as provided in section thirty-four hundred three of this title;

(e) indemnification by the corporation to the county for claims associated with establishment of and operation of the corporation and its health facilities;

(f) the sale, conveyance, loan, license or lease by the county to the corporation of any property (except monies appropriated by the county and payable to the corporation pursuant to subdivision three and paragraph (a) of this subdivision) or facilities which are useful in connection with the exercise by the corporation of any of its powers under this title not transferred pursuant to the authority granted in paragraph (a) of subdivision one of this section, which sale, conveyance, loan, license or lease shall nevertheless be subject to paragraph (b) of subdivision one of this section; and

(g) such other matters as may be appropriate to accomplish the purposes hereof.

Any such contract or contracts shall be authorized by the county by resolution or ordinance adopted by the county legislature or in such other manner as permitted by the county government law of the county of Nassau. Such contract or contracts shall include such terms and conditions and have such term or terms of years, as the corporation and the county may agree.

5. (a) The county of Nassau shall have the power and is hereby authorized, pursuant to section seven of article seventeen of the state constitution, to lend its money or credit to or in aid of the corporation or any subsidiary thereof for the purpose of providing health related facilities or hospital facilities for the prevention, diagnosis or treatment of human disease, pain, injury, disability,

deformity or physical condition, and for facilities incidental or appurtenant thereto as may be prescribed by law. The county is hereby authorized to prescribe such facilities by local law of the county. The corporation or any such subsidiary thereof, as a condition to any such loan of money or credit, shall enter into a regulatory agreement with the county as to its charges, profits, dividends and disposition or its property of franchises, which agreement shall be binding and enforceable by the county. The county may elect in such regulatory agreement to refrain from exercising all or any portion of its authority to so regulate such charges, profits, dividends and disposition of property or franchise to the extent such charges, profits, dividends and disposition of property or franchise are regulated by the state or any agency thereof. The county shall authorize such regulatory agreement by local law.

(b) In pursuance of the authority granted herein, the county shall have the power and is hereby authorized from time to time to issue its bonds, notes or other obligations in such principal amounts as it shall deem necessary, after taking into account other monies which may be available for the purposes set forth herein. Such bonds, notes or obligations shall be issued for the purpose of making loans to the corporation or any subsidiary thereof, paying interest on such bonds, notes or other obligations, and paying all other obligations and expenditures incidental to and necessary or convenient for the making of such loans. Such bonds, notes or obligations shall be issued in accordance with the applicable provisions of this chapter and the local finance law and applicable local laws.

(c) Any guarantee by the county made pursuant to the authority granted in this section shall be authorized by ordinance or ordinances of the county in the same manner as such ordinance or ordinances authorizing the issuance of bonds of the county for the purposes for which such guarantee is undertaken.

(d) The county shall also be authorized to enact laws governing the conditions under which such loans, commitments and guarantees shall be made.

6. For purposes of subdivision four of paragraph a of section 25.00 of the local finance law, amounts to be derived by the county of Nassau

from the corporation, or any subsidiary thereof, shall be included in the term "other income".

7. (a) Notwithstanding the provisions of any other state or local law to the contrary, including, but not limited to, sections six-n and six-j of the general municipal law, with the approval of the county legislature, amounts deposited for or on behalf of the health care and medical facilities or operations of the county which have been transferred to the corporation pursuant to this section in the liability and casualty and workers' compensation reserve funds established by the county pursuant to said sections of the general municipal law, and investment earnings thereon, may be withdrawn by the county from such funds and transferred to the corporation and shall be used by the corporation for the purposes for which such funds were established.

(b) No amounts shall be withdrawn and transferred to the corporation pursuant to this subdivision unless prior thereto the corporation has agreed in writing to indemnify and hold harmless the county, and provide defense, for all claims, cases, proceedings, actions or other matters against the county arising out of the properties, facilities, operations or employees of the corporation of the Nassau Health Care Corporation, whether commenced before or after the date of transfer of said amounts, and to provide such other security for this obligation as the county may reasonably require.

8. Notwithstanding the provisions of any state or local law to the contrary, including but not limited to section six-l of the general municipal law, any monies derived by the county in consideration of the sale of its facilities or property to the corporation pursuant to this section may be used for any lawful purpose of the county.

§ 3407. Bonds or notes of the corporation. 1. The corporation shall have the power and is hereby authorized from time to time to issue bonds, notes or other obligations to pay the cost of any project or for any other corporate purpose, including the establishment of reserves to secure the bonds, the payment of principal of, premium, if any, and interest on the bonds and the payment of incidental expenses in connection therewith. The corporation shall have the power and is hereby authorized to enter into such agreements and perform such acts as may be required under any applicable federal legislation to secure a federal guarantee or other subsidy with respect to any bonds.

2. The corporation shall have the power from time to time to renew bonds or to issue renewal bonds for such purpose, to issue bonds to pay bonds, and, whenever it deems refunding expedient, to refund any bond by the issuance of new bonds, whether the bonds to be refunded have or have not matured, and may issue bonds, partly to refund bonds then outstanding and partly for any other corporate purpose of the corporation. Bonds issued for refunding purposes shall be sold and the proceeds applied to the purchase, redemption or payment of the bonds or notes to be refunded.

3. Bonds issued by the corporation may be general obligations secured by the faith and credit of the corporation or may be special obligations payable solely out of particular revenues or other monies as may be designated in the proceedings of the corporation under which the bonds shall be authorized to be issued, subject as to priority only to any agreements with the holders of outstanding bonds pledging any particular property, revenues or monies. The corporation may also enter into loan agreements, lines of credit and other security agreements and obtain for or on its behalf letters of credit, insurance, guarantees or other credit enhancements to the extent now or hereafter available, in each case for the purpose of securing its bonds or notes or to provide direct payment of any amounts which the corporation is authorized to pay.

4. Bonds shall be authorized by resolution of the corporation, and may be in such denominations and bear such date or dates and mature at such time or times as such resolution may provide, except that bonds and any renewals thereof shall mature within forty years from the date of original issuance of any such bonds. Obligations with a maturity of five years or less from the date of their original issuance may be designated as notes. Bonds shall be subject to such terms of redemption, bear interest at such rate or rates per annum payable at such times, be in such form, carry such registration privileges, be executed in such

manner, be payable in such medium of payment at such place or places, and be subject to such terms and conditions as such resolution may provide. Bonds may be sold at public or private sale for such price or prices as the corporation shall determine, provided that no bonds of the corporation, other than obligations designated as notes, may be sold by the corporation at private sale unless such sale in the terms thereof have been approved in writing by the comptroller, where such sale is not to be to such comptroller, or by the state director of the division of the budget, where such sale is to be to the comptroller. The corporation may pay all expenses, premiums and commissions which it may deem necessary or advantageous in connection with the issuance and sale of bonds.

5. Any resolution or resolutions authorizing bonds or any issue of bonds by the corporation may contain provisions which may be a part of the contract with the holders of the bonds thereby authorized as to:

(a) pledging all or part of the revenues, together with any other monies or property of the corporation to secure the payment of the bonds, or any costs of issuance thereof, including but not limited to, any contracts, earnings or proceeds of any grant to the corporation received from any private or public source subject to such agreements with bondholders as may then exist;

(b) the setting aside of reserves and the creation of sinking funds and the regulation and disposition thereof;

(c) limitations on the purpose to which the proceeds from the sale of bonds may be applied;

(d) the rates, rents, fees and other charges to be fixed and collected by the corporation and the amount to be raised in each year thereby and the use and disposition of revenues;

(e) limitations on the right of the corporation to restrict and regulate the use of the project or part thereof in connection with which bonds are issued;

(f) limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured and the refunding of outstanding or other bonds;

(g) the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, including the proportion of bondholders which must consent thereto, and the manner in which such consent may be given;

(h) the creation of special funds into which any revenues or monies may be deposited;

(i) the terms and provisions of any trust, mortgage, deed or indenture securing the bonds under which the bonds may be issued;

(j) vesting in a trustee or trustees such properties, rights, powers and duties in trust as the corporation may determine which may include any or all of the rights, powers and duties of the trustees appointed by the bondholders pursuant to section thirty-four hundred eight of this title and limiting the rights of the bondholders to appoint a trustee under such section or limiting the rights, duties and powers of such trustee;

(k) defining the acts or omissions to act which may constitute a default in the obligations and duties of the corporation to the bondholders and providing for the rights and remedies of the bondholders in the event of such default, including as a matter of right appointment of a receiver, provided, however, that such rights and remedies shall not be inconsistent with the general laws of the state and other provisions of this title;

(l) limitations on the power of the corporation to sell or otherwise dispose of any project or any part thereof or other property;

(m) limitations on the amount of revenues and other monies to be expended or operating, administrative or other expenses of the corporation;

(n) the payment of the proceeds of bonds, revenues and other monies to a trustee or other depository, and for the method of disbursement thereof with such safeguards and restrictions as the corporation may determine; and

(o) any other matters of like or different character which in any way affect the security or protection of the bonds or the rights and remedies of the bondholders.

6. In addition to the powers herein conferred upon the corporation to secure its bonds, the corporation shall have the power in connection with the issuance of bonds to adopt resolutions and enter into such trust indentures, agreements or other instruments as the corporation may

deem necessary, convenient or desirable concerning the use or disposition of its revenues or other monies or property, including the mortgaging of any property and the entrusting, pledging or creation of any other security interest in any such revenues, monies or property and the doing of any act, including refraining from doing any act which the corporation would have the right to do in the absence of such resolutions, trust indentures, agreements or other instruments. The corporation shall have power to enter into amendments of any such resolutions, trust indentures, agreements or other instruments within the powers granted to the corporation by this title and to perform such resolutions, trust indentures, agreements or other instruments. The provisions of any such resolutions, trust indentures, agreements or other instruments may be made a part of the contract with the holders of bonds of the corporation.

7. Any provision of the uniform commercial code to the contrary notwithstanding, any pledge of or other security interest in revenues, monies, accounts, contract rights, general intangibles or other personal property made or created by the corporation shall be valid, binding and perfected from the time when such pledge is made or other security interest attaches without any physical delivery of the collateral or further act, and the lien of any such pledge or other security interest shall be valid, binding and perfected against all parties having claims of any kind in tort, contract or otherwise against the corporation irrespective of whether or not such parties have notice thereof. No instrument by which such a pledge or security interest is created nor any financing statement need be recorded or filed.

8. Whether or not the bonds of the corporation are of such form and character as to be negotiable instruments under the terms of the uniform commercial code, the bonds are hereby made negotiable instruments within the meaning of and for all the purposes of the uniform commercial code, subject only to the provisions of the bonds for registration.

9. Neither the directors nor the non-voting representatives nor the officers of the corporation nor any person executing its bonds shall be liable personally on its bonds or be subject to any personal liability

or accountability by reason of the issuance thereof.

10. Subject to such agreements with bondholders as may then exist, the corporation shall have power out of any funds available therefor to purchase bonds of the corporation, in lieu of redemption, at a price not exceeding, if the bonds are then redeemable, the redemption price then applicable plus accrued interest to the next interest payment date, or, if the bonds are not then redeemable, the redemption price applicable on the first date after such purchase upon which the bonds become subject to redemption plus accrued interest to the next interest payment date. Bonds so purchased shall thereupon be canceled.

11. The corporation shall have power and is hereby authorized to issue negotiable bond anticipation notes in conformity with applicable provisions of the uniform commercial code and may renew the same from time to time but the maximum maturity of any such note, including renewals thereof, shall not exceed five years from the date of issue of such original note.

§ 3408. Remedies of bondholders. Subject to any resolution or resolutions adopted pursuant to this title:

1. In the event that the corporation shall default in the payment of principal of or interest on any issue of bonds after the same shall become due, whether at maturity or upon call for redemption, and such default shall continue for a period of thirty days, or in the event that the corporation shall fail or refuse to comply with the provisions of this title or shall default in any agreement made with the holders of any issue of bonds, the holders of twenty-five percent in aggregate principal amount of the bonds of such issue then outstanding, by instrument or instruments filed in the office of the clerk of the county in which the principal office of the corporation is located and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of such bonds for the purpose herein provided.

2. Such trustee may, and upon written request of the holders of twenty-five per centum in principal amount of such bonds outstanding shall, in its own name:

(a) by action or proceeding in accordance with the civil practice law and rules, enforce all rights of the bondholders, including the right to require the corporation to collect rents, rates, fees and charges adequate to carry out any agreement as to, or pledge of, such rents, rates, fees and charges and to require the corporation to carry out any other agreements with the holders of such bonds to perform its duties under this title;

(b) bring an action or proceeding upon such bonds;

(c) by action or proceeding, require the corporation to account as if it were the trustee of an express trust for the holders of such bonds;

(d) by action or proceeding, enjoin any acts or things which may be unlawful or in violation of the rights of the holders of such bonds; and

(e) declare all such bonds due and payable, and if all defaults shall be made good, then with the consent of the holders of the twenty-five per centum of the principal amount of such bonds then outstanding, to annul such declaration and its consequences.

3. Such trustee shall in addition to the foregoing have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth herein or incident to the general representation of bondholders in the enforcement and protection of their rights.

4. The supreme court shall have jurisdiction of any action or proceeding by the trustee on behalf of such bondholders. The venue of any such action or proceeding shall be laid in the county.

5. Before declaring the principal of bonds due and payable, the trustee shall first give thirty days notice in writing to the corporation.

6. Any such trustee, whether or not the issue of bonds represented by such trustee has been declared due and payable, shall be entitled as of right to the appointment of any receiver of any part or parts of the

project, the revenues of which are pledged for the security of the bonds of such issue, and such receiver may enter and take possession of such part or parts of the project and, subject to any pledge or agreement with the holders of such bonds, shall take possession of all monies and other property derived from such part or parts of the project and proceed with any construction thereon or the acquisition of any property, real or personal, in connection therewith that the corporation is under obligation to do, and to operate, maintain and reconstruct such part or parts of the project and collect and receive all revenues thereafter arising therefrom subject to any pledge or agreement with bondholders relating thereto and perform the public duties and carry out the agreements and obligations of the corporation under the direction of the court.

§ 3409. State and county not liable on corporation bonds. (a) The state shall not be liable on the bonds or notes of the corporation and such bonds or notes shall not be a debt of the state, and such bonds and notes shall contain on the face thereof a statement to such effect.

(b) Except as may be authorized by the county pursuant to section seven of article seventeen of the state constitution and section thirty-four hundred seven of this title, the county shall not be liable on the bonds or notes of the corporation and such bonds or notes shall not be a debt of the county, and such bonds and notes shall contain on the face thereof a statement to such effect or a statement describing the county liability thereon, if any.

§ 3410. Monies of the corporation. All monies of the corporation from whatever source derived shall be paid to the treasurer of the corporation and shall be deposited forthwith in a bank or banks designated by the corporation. The monies in such accounts shall be paid out or withdrawn on the order of such person or persons as the corporation may authorize to make such requisitions. All deposits of such monies shall be secured by obligations of the United States or of the state or of any municipality of a market value equal at all times to the amount on deposit and all banks and trust companies are authorized to give such security for such deposits. Alternatively, monies of the corporation may be deposited in money market funds rated in the highest short term or long term rating category by at least one nationally recognized rating agency. To the extent practicable, consistent with the cash requirements of the corporation, all such monies shall be deposited in interest bearing accounts. The corporation shall have power, notwithstanding the provisions of this section, to contract with the holders of any bonds as to the custody, collection, security, investment and payment of any monies of the corporation or any monies held in trust or otherwise for the payment of bonds or any way to secure bonds, and carry out any such contract notwithstanding that such contract may be inconsistent with the provisions of this section. Monies held in trust or otherwise for the payment of bonds or in any way to secure bonds and deposits of such monies may be secured in the same manner as monies of the corporation and all banks and trust companies are authorized to give such security for such deposits. Any monies of the corporation not required for immediate use or disbursement may, at the discretion of the corporation, be invested in accordance with guidelines established by the corporation's board and amended from time to time. Subject to the provisions of any contract with bondholders and with the approval of the state comptroller, the corporation shall prescribe a system of accounts.

§ 3411. Bonds; legal investment for fiduciaries. The bonds of the corporation are hereby made securities in which all public officers and bodies of the state and all municipalities, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and saving associations, including savings and loan associations, building and loan associations, investment companies and other persons carrying on a banking business, and administrators, guardians, executors, trustees and other fiduciaries and all other persons whatsoever, who are now or may hereafter be authorized to invest in bonds or other obligations of the state may properly and legally invest funds including capital in their control or belonging to them. The bonds are also hereby made securities which may be deposited with and may be received by all public officers and bodies of the state and all municipalities for any purposes for which the deposit of bonds or other obligations of this state is now or hereafter may be authorized.

§ 3412. Agreement with state. The state does hereby pledge to and agree with the holders of any bonds issued by the corporation pursuant to this title and with those persons or public corporations who may enter into contracts with the corporation pursuant to the provisions of this title that the state will not alter, limit or impair the rights hereby vested in the corporation to purchase, construct, own and operate, maintain, repair, improve, reconstruct, renovate, rehabilitate, enlarge, increase and extend, or dispose of any project, or any part or parts thereof for which bonds of the corporation shall have been issued, to establish and collect rates, rents, fees and other charges referred to in this title, to fulfill the terms of any contracts or agreements made with or for the benefit of the holders of bonds or with any person or public corporation with reference to such project or part thereof, or in any way to impair the rights and remedies of the holders of bonds, until the bonds, together with interest thereon, including interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of the holders of bonds, are fully met and discharged and such contracts are fully performed on the part of the corporation. The corporation is authorized to include this pledge and agreement of the state in any agreement with the holders of bonds.

§ 3413. Agreement with county. Except where required to act pursuant to law, the county is authorized to pledge to and agree with the holders of any bonds issued by the corporation pursuant to this title and with those persons or public corporations who may enter into contracts with the corporation pursuant to the provisions of this title that the county will not alter, limit or impair the rights hereby vested in the corporation to purchase, construct, own and operate, maintain, repair, improve, reconstruct, renovate, rehabilitate, enlarge, increase and extend, or dispose of any project, or any part or parts thereof, for which bonds of the corporation shall have been issued, to establish and collect rates, rents, fees and other charges referred to in this title, to fulfill the terms of any agreements made with the holders of the bonds or with any public corporation or person with reference to such project or part thereof, or in any way impair the rights and remedies of the holders of bonds, until the bonds, together with interest thereon, including interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of the holders of bonds, are fully met and discharged and such contracts are fully performed on the part of the corporation.

§ 3414. Exemption from taxes and certain fees. 1. The corporation shall not be required to pay any fees, taxes or assessments of any kind, except as provided by the public health law, whether state or local, including but not limited to fees or taxes on real property, franchise taxes, sales taxes or other excise taxes, upon any property owned by it or under its jurisdiction, control or supervision and used for a public purpose, or upon the uses thereof, or upon its activities in the operation and maintenance of its facilities used for a public purpose, or any revenues or other income received by the corporation from public purpose activities. The foregoing shall not, however, limit the county from receiving rentals, fees or other consideration pursuant to agreements negotiated with the corporation. The corporation shall at all times be exempt from any filing, mortgage recording or transfer fees or taxes in relation to instruments filed, recorded or transferred by it or on its behalf. The construction, use, occupation, lease or possession of any property owned by the corporation or the county, including improvements thereon, by any person or public corporation under agreement with the corporation or the county shall not operate to abrogate or limit the foregoing exemption, notwithstanding that the lessee, user, occupant or person in possession shall claim ownership for federal income tax purposes.

2. Any bonds issued pursuant to this title together with the income therefrom as well as the property of the corporation shall at all times be exempt from taxes, except for transfer and estate taxes. The state

hereby covenants with the purchasers and with all subsequent holders and transferees of bonds issued by the corporation pursuant to this title, in consideration of the acceptance of and payment for the bonds, that the bonds of the corporation issued pursuant to this title and the income therefrom and all revenues, monies, and other property pledged to secure the payment of such bonds shall at all times be free from taxation, except for transfer and estate taxes.

§ 3415. Actions against corporation. 1. Except in an action for wrongful death, no action or special proceeding shall be prosecuted or maintained against the corporation, its members, officers or employees for personal injury or damage to real or personal property alleged to have been sustained by reason of the negligence, tort or wrongful act of the corporation or of any member, officer, agent or employee thereof, unless (a) notice of claim shall have been made and served upon the corporation within the time limit set by and in compliance with section fifty-e of the general municipal law, (b) it shall appear by and as an allegation in the complaint or moving papers that at least thirty days have elapsed since the service of such notice and that adjustment or payment thereof has been neglected or refused, (c) the action or special proceeding shall be commenced within one year and ninety days after the happening of the event upon which the claim is based, and (d) an action, against the corporation for wrongful death shall be commenced in accordance with the notice of claim and time limitation provisions of title eleven of article nine of this chapter.

2. Whenever a notice of claim is served upon the corporation, it shall have the right to demand an examination of the claimant relative to the occurrence and extent of the injuries or damages for which claim is made, in accordance with the provisions of section fifty-h of the general municipal law.

3. The corporation may require any person presenting for settlement an account or claim for any cause whatsoever against the corporation to be sworn before a director, counsel or an attorney, officer or employee of the corporation designated for such purpose, concerning such account or

claim and, when so sworn, to answer orally as to any facts relative to such account or claim. The corporation shall have power to settle or adjust all claims in favor of or against the corporation.

4. Any action or proceeding to which the corporation or the people of the state may be parties, in which any question arises as to the validity of this title, shall be preferred over all other civil causes of action or cases, except election causes of action or cases, in all courts of the state and shall be heard and determined in preference to all other civil business pending therein except election causes, irrespective of position on the calendar. The same preference shall be granted upon application of the corporation or its counsel in any action or proceeding questioning the validity of this title in which the corporation may be allowed to intervene. The venue of any such action or proceeding shall be laid in the supreme court of the county.

5. The rate of interest to be paid by the corporation upon any judgment for which it is liable, other than a judgment on its bonds, shall be the rate prescribed by section five thousand four of the civil practice law and rules. Interest on payments of principal or interest on any bonds in default shall accrue at the rate borne by such bonds from the due date thereof until paid or otherwise satisfied.

6. All actions or proceedings against the corporation of whatever nature shall be brought in the county.

§ 3416. Audit and annual reports. 1. In conformity with the provisions of section five of article ten of the constitution, the accounts of the corporation shall be subject to the supervision of the state comptroller and an annual audit shall be performed by an independent certified public accountant. The corporation shall annually submit to the county legislature, county executive, governor and the state comptroller and to the chairperson of the senate finance committee and the chairperson of the assembly ways and means committee a detailed report pursuant to the provisions of section twenty-eight hundred of this chapter, and a copy of such report shall be filed with the clerk of the county legislature and the county executive.

2. The corporation shall report on an annual basis the following information: the name, principal business address and principal business activities of each subsidiary of the corporation; the name of all board members and officers of each subsidiary; the number of employees of each subsidiary; a list of all contracts in excess of one hundred thousand dollars entered into by the corporation and its subsidiaries identifying the amount, purpose and duration of such contract; and a financial statement, income statement, and balance sheet performed by an independent certified public accountant all in accordance with generally accepted accounting principles of the corporation and each of its subsidiaries. At the time the reports required by subdivision one of this section are submitted, such reports shall be provided to the governor, the speaker of the assembly, the temporary president of the senate and a copy of such report shall be filed with the clerk of the county legislature and the county executive.

§ 3417. Defense and indemnification. The corporation shall not execute any of its powers, including the special powers authorized by section thirty-four hundred five of this article, except as necessary to commence its corporate existence, until it has elected to make the provisions of section eighteen of the public officers law applicable to its employees (as such term is defined in section eighteen of the public officers law) pursuant to subdivision two of such section; provided, however, that nothing contained within this section shall be deemed to permit the corporation to extend the provisions of section eighteen of the public officers law upon any independent contractor.

§ 3418. Transfer of applications, proceedings, licenses, approvals and permits. 1. Any application, review, permit, license, approval, or process in relation to or in furtherance of the purposes of or contemplated by this title heretofore filed or undertaken, or any proceeding heretofore commenced or any determination, finding or award made, by the county or by the county with the federal government, the state department of health or any other public corporation shall inure to and for the benefit of the corporation to the same extent and in the same manner as if the corporation has been a party to such application, review, permit, license, approval, process, or proceeding from its inception, and the corporation shall be deemed a party thereto, to the extent not prohibited by federal law. Any license, approval, permit, determination, finding, award or decision heretofore or hereafter issued or granted pursuant to or as a result of any such application, review, process or proceeding shall inure to the benefit of and be binding upon the corporation and shall be assigned and transferred by the county to the corporation unless such assignment and transfer is prohibited by federal law.

2. All such applications, proceedings, licenses, approvals, permits, determinations, findings, awards and decisions shall further inure to and for the benefit of and be binding upon any person leasing, acquiring, financing, constructing, maintaining, operating, using or occupying any facility transferred by the county to the corporation pursuant to this title.

§ 3419. Separability. If any clause, sentence, paragraph, section, or part of this title shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section, or part thereof involved in the controversy in which such judgment shall have been rendered.

§ 3420. Applicability of laws. The provisions of this title shall be subject to the provisions of the civil practice law and rules, the public health law, the mental hygiene law, the social services law, the education law and any other applicable law or regulation, including any amendment thereto; provided, however nothing in this section shall require the county or corporation to seek approval or consent for any transfer pursuant to sections thirty-four hundred six and thirty-four hundred eighteen of this title; and provided, further, that the corporation shall not be subject to the provisions of title ten of article nine of this chapter.

TITLE 3

MISCELLANEOUS PROVISIONS

§ 3500. Reservation of state right to adjust medicaid rates. Each corporation created under this article shall include as a provision in any agreement of the corporation with the holder of its bonds that the state reserves the right to adjust its medicaid rates in accordance with applicable law and implementing regulations, if any.

TITLE 4

ROSWELL PARK CANCER INSTITUTE CORPORATION ACT

§ 3550. Short title. This title may be cited as the "Roswell Park Cancer Institute corporation act".

§ 3551. Legislative findings and purposes. The legislature hereby finds and declares as follows:

1. The Roswell Park Cancer Institute is a public hospital and medical research center in Buffalo owned and operated by the state of New York and its department of health. Roswell Park is the oldest cancer research and treatment facility in the country and one of the initial three comprehensive cancer centers designated in the 1971 National Cancer Act. The Institute's mission from its inception has focused on research and the translation of research findings to the clinical setting. Ultimately, advances in prevention, detection, and treatment are transferred to the wider community through Roswell's leadership in national clinical trials, publications, medical training programs, and extensive outreach efforts to communities and hospitals across New York state.

2. Roswell Park also has a significant direct and indirect impact on the economy of Western New York.

3. From its founding in eighteen hundred ninety-eight, Roswell Park's contribution to New York's public health care system has been unparalleled.

4. The Institute has focused its scientific programs through the reallocation of resources and new emphasis being placed in the areas of immunology, structural biology and molecular genetics and genetic epidemiology. The advanced cancer care and specialized treatment modalities provided by Roswell Park are available at few other institutions in the country. These new cancer treatment techniques, therapies and inventions developed at Roswell Park have generated many of the basic therapies used today to treat cancer and have improved the cure rate of childhood cancer and certain common cancers including prostate, colorectal and some skin cancers.

5. The combination of basic medical research with advanced clinical treatment practiced at Roswell Park Cancer Institute is unique, and the proper discharge of the research and education functions of the Institute requires that these functions continue to be partnered with state of the art clinical treatment capabilities.

6. New York state has made a strong commitment to maintaining the international leadership of Roswell Park. Two hundred forty-one million five hundred thousand dollars in bonds were issued for the major modernization project which will culminate in a new campus in nineteen hundred ninety-eight, the Institute's centennial year. Ultimately, the major modernization is designed to create an integrated and modern campus to meet the needs of a progressive, high technology cancer research and treatment center well into the twenty-first century.

7. However, this tangible commitment has occurred while the health care industry has experienced revolutionary changes which have significantly impacted health care in New York. For instance, the penetration of managed care and the formation of at least three large health care delivery systems in Western New York pose new competitive challenges for Roswell Park Cancer Institute. In order to meet the demands of the changing health care marketplace and to promote the strengths and capabilities of Roswell Park, the legislature concludes that the needs of the residents of the state of New York are best served by a change in the Institute's governance structure to afford it legal, financial, market and managerial flexibility.

8. Therefore, with the enactment of this legislation it is the intent of the legislature for Roswell Park to pursue its mission well into the twenty-first century, to retain its international leadership in specialized cancer therapies and to reinforce its already strong commitment to the greater Western New York community it serves and to continue to treat patients without regard to their ability to pay. The creation of the Roswell Park Corporation, as provided in this act, is in all respects for the public benefit of the people of New York, is a public purpose, and the exercise by such corporation of its functions, powers and duties constitutes the performance of an essential public and governmental function. The powers and authority granted by this act shall be construed to afford the Roswell Park Cancer Institute Corporation the flexibility required to accomplish its mission.

9. The legislature further finds and declares that the employees of the Roswell Park Cancer Institute have contributed to the success of its cancer research and treatment efforts, and will continue to be critical to its future success. Therefore, the provisions of this act which provide for civil service coverage, collective bargaining rights, retirement rights and other employee protections shall be construed to ensure that the rights of employees are protected.

§ 3552. Definitions. As used or referred to in this title, unless a different meaning clearly appears from the context:

1. "Board" shall mean the board of directors of the corporation as established by section thirty-five hundred fifty-three of this title.

2. "Bonds" shall mean the bonds, notes or other evidences of indebtedness issued by the corporation pursuant to this title, and the provisions of this title relating to bonds and bondholders shall apply with equal force and effect to notes and noteholders, respectively, unless the context otherwise clearly requires.

3. "Corporation" shall mean the public corporation created by section

thirty-five hundred fifty-three of this title, known as the Roswell Park Cancer Institute corporation.

4. "County" shall mean the county of Erie.

5. "Department" shall mean the department of health of the state of New York.

6. "Director" shall mean a voting director appointed to the board of directors of the corporation pursuant to section thirty-five hundred fifty-three of this title.

7. "Health facility" shall mean a building, structure or unit or any improvement to real property, including all necessary and usual attendant and related equipment, facilities or fixtures, or any part or parts thereof, or any combination or combinations thereof, including, but not limited to, a general hospital, ambulatory clinic or center, chronic disease hospital, dispensary or laboratory or any other related facility, or any combination of the foregoing, constructed, acquired or otherwise provided by or for the use of the corporation or the state in providing basic medical research, health and medical services to the public.

8. "President" shall mean the president of the corporation selected by the board of directors.

9. "Transfer" shall mean the effective date of the contract between the corporation and the commissioner of health as authorized by subdivision two of section four hundred three of the public health law.

§ 3553. Roswell Park Cancer Institute corporation. 1.(a) There is hereby created a corporation to be known as the Roswell Park Cancer Institute corporation which shall be a body corporate and politic constituting a public corporation.

(b) The corporation shall be governed by fifteen voting directors two of whom shall be the commissioner of health who shall serve ex-officio and the president of the corporation who shall serve ex-officio. Seven directors shall be appointed by the governor, two directors shall be appointed by the majority leader of the senate, two directors shall be appointed by the speaker of the assembly, one director shall be appointed by the minority leader of the senate and one director shall be appointed by the minority leader of the assembly.

(c) The terms of the directors, other than the commissioner of health and the president of the corporation, shall be three years, provided, however, that the initial terms of the directors shall be as follows:

(i) four of the directors appointed by the governor, five years;

(ii) three of the directors appointed by the governor, four years;

(iii) one of the directors appointed by the senate majority leader and one of the directors appointed by the speaker of the assembly, five years;

(iv) one of the directors appointed by the senate majority leader and one of the directors appointed by the speaker of the assembly, four years; and

(v) the directors appointed by the senate and the assembly minority leaders, three years. The commissioner of health and the president of the corporation shall serve as directors, ex-officio, only for so long as they shall occupy such offices.

2. (a) All directors shall hold office until their successors are appointed and qualify.

(b) Vacancies occurring otherwise than by expiration of term of office shall be filled for the unexpired terms in the manner provided for original appointment.

(c) The directors of the corporation shall receive no compensation for their services as directors, but shall be reimbursed for all their actual and necessary expenses incurred in connection with the carrying out of the purposes of this title.

(d) The president of the corporation, sitting as director, shall not have any vote respecting the compensation or benefits to be paid to him or her.

(e) Notwithstanding any inconsistent provision of any general, special or local law, ordinance, resolution or charter, no officer, member or employee of the state or of any public corporation shall forfeit his or her office or employment by reason of his or her acceptance of appointment as a director of the corporation, nor shall service as such a director be deemed incompatible or in conflict with such office or employment.

3. (a) The chairperson of the board of directors shall be appointed by the governor; the president of the corporation shall not serve as chairperson.

(b) The powers of the corporation shall be vested in and shall be exercised by the board at a meeting duly called and held where a quorum of eight directors is present. No action shall be taken by the corporation except pursuant to the favorable vote of at least eight directors present at the meeting at which such action is taken.

(c) Any action required or permitted to be taken by the board or any committee thereof may be taken without a meeting if all members of the board or the committee consent in writing to the adoption of a resolution authorizing the action. The resolution and the written consents thereto by the members of the board or committee shall be filed with the minutes of the proceedings of the board or committee.

(d) The members of the board or any committee thereof may participate in a meeting of such board or committee by means of a conference telephone or similar communications equipment allowing all persons participating in the meeting to hear each other at the same time; participation by such means shall constitute presence in person at a meeting.

(e) The board of directors shall establish a subcommittee of the board responsible for inspections of and investigations within the Roswell Park Cancer Institute, and such subcommittee shall not include the president of the corporation nor the commissioner of health.

4. The directors shall select and shall determine the salary and benefits of the president of the corporation. The directors shall have the authority to discharge the president with or without cause; provided, however, that removal without cause shall not prejudice the contract rights, if any, of the president.

5. The corporation shall have a president, a secretary, a treasurer,

and such other officers as the board shall from time-to-time provide; such officers shall exercise the duties provided by the board or by this chapter.

6. The corporation and its corporate existence shall continue until terminated by law, provided, however, that no such termination shall take effect so long as the corporation shall have bonds or other obligations outstanding unless adequate provision has been made for the payment or satisfaction thereof. Upon termination of the existence of the corporation, all of the rights and properties of the corporation then remaining shall pass to and vest in the state in such manner as prescribed by law.

7. The corporation may avail itself of the procedures prescribed under section one hundred four of the general municipal law for the utilization of the terms of state contracts, and the corporation may utilize the terms of a federal government general services contract where the terms are to the advantage of the corporation and have been offered to the corporation by the contractor.

8. (a) For purposes of applying section eighty-seven of the public officers law to the corporation or its subsidiaries, the term "trade secrets" shall include marketing strategy or strategic marketing plans, analyses, evaluations and pricing strategies or pricing commitments of the corporation, relating to business development including strategic alliances and contracts for managed care and other network arrangements, capitation contracts, and other similar arrangements, which, if disclosed, would be likely to injure the competitive position of the corporation.

(b) In addition to the matters listed in section one hundred five of the public officers law, the corporation may conduct an executive session for the purpose of considering marketing strategy or strategic marketing plans, analyses, evaluations and pricing strategies or pricing commitments of the corporation, relating to business development including strategic alliances and contracts for managed care and other network arrangements, capitation contracts, and other similar arrangements relating to business development, which, if disclosed, would be likely to injure the competitive position of the corporation.

§ 3554. General powers of the corporation. Except as limited by this title, the public health law, the mental hygiene law, the social services law, the education law, the civil practice law and rules or any other applicable law or regulation, the corporation shall have power:

1. to sue and be sued and to participate in actions and proceedings, whether judicial, administrative, arbitrative or otherwise and, except as is otherwise provided in subdivision four of section thirty-five hundred sixty-one of this title, the court of claims shall have exclusive jurisdiction in all actions against the corporation for money damages;

2. to have a corporate seal, and to alter such seal at pleasure, and to use it by causing it or a facsimile to be affixed or impressed or reproduced in any other manner;

3. to purchase, receive, take by grant, gift, devise, bequest or otherwise, lease, or otherwise acquire, own, hold, improve, employ, use and otherwise deal in and with, real or personal property, or any interest therein, wherever situated;

4. to purchase, take, receive, subscribe for, or otherwise acquire, own, hold, vote, employ, sell, lend, lease, exchange, transfer, or otherwise dispose of, mortgage, pledge, use and otherwise deal in and with, bonds and other obligations, shares, or other securities or interests issued by others, whether engaged in similar or different business, governmental, or other activities;

5. to accept subventions from other persons or any unit of government;

6. to sell, convey, lease, exchange, transfer or otherwise dispose of, or mortgage or pledge, or create a security interest in, all or any of its property, or any interest therein, wherever situated, upon such terms and conditions and in such manner as the corporation shall

determine;

7. to make capital contributions to other not-for-profit corporations;

8. (a) to offer participation in the New York state and local employees' retirement system for all its officers and employees, and to establish and carry out other retirement plans authorized pursuant to the retirement and social security law, which may be offered to all of its officers and employees not participating in the New York state and local employees' retirement systems, and to establish and carry out other incentive and benefit plans, trusts and provisions for any or all of its officers and employees, subject to the applicable provisions of article fourteen of the civil service law; (b) provided, further, that employees of the corporation established pursuant to section thirty-five hundred fifty-three of this article who are division and department chairpersons holding scientific degrees, scientific faculty members such as assistant members, associate members, members, distinguished members, or who have graduate faculty status at the level of assistant professor or above at the Roswell Park graduate division of the state university of New York at Buffalo and as certified by the dean of the division, facility directors, and those employees who are in titles such as president and chief executive officer, senior vice president, vice president, assistant vice president, general counsel, and executive director, and who are eligible to participate in the New York state and local employees' retirement system may elect, within ninety days of the effective date of this paragraph or within ninety days of becoming eligible to participate in such system, in lieu of participating in such system, to participate in the optional retirement program available to employees of the state university of New York pursuant to article eight-B of the education law, subject to the terms and conditions of that article and to the provisions of the retirement and social security law;

9. to be a promoter, partner, member, associate or manager of other not-for-profit activities or business enterprises or ventures, or to the extent permitted in any other jurisdiction to be an incorporator of other corporations of any type or kind;

10. except as limited by state law or regulation, to fix, compromise and collect rates, rentals, fees, lease payments and other charges for the services rendered by it or for use of the facilities owned, controlled or administered by, or in the exercise of the powers of, the corporation;

11. to make contracts, give guarantees and incur liabilities, borrow money at such rates of interest as the corporation may determine, issue notes, bonds and other obligations, and secure any of its obligations by mortgage or pledge of all or any of its property or any interest therein, wherever situated;

12. to issue bonds for any of its corporate purposes or its projects, or to refund the same, and to provide for the rights of the holders thereof;

13. to lend money, invest and reinvest its funds, and take and hold real and personal property as security for the payment of funds so loaned or invested;

14. to conduct the activities of the corporation and have offices and exercise the powers granted by this title in any jurisdiction within or without the United States;

15. to appoint such officers, employees and agents as the corporation may require for the performance of its duties and, subject to applicable provisions of agreements negotiated pursuant to article fourteen of the civil service law, to fix and determine their qualifications, duties, and compensation;

16. to retain or employ counsel, auditors, and engineers, subject to applicable provisions of agreements negotiated pursuant to article fourteen of the civil service law where appropriate and, private consultants on a contract basis or otherwise for rendering professional, management or technical services and advice;

17. to make, adopt, amend, enforce and repeal rules for its governance and internal management and personnel practices, subject to article fourteen of the civil service law, where applicable;

18. to make and alter by-laws for its organization and management, and, subject to agreements with its bondholders, to make and alter rules and regulations governing the exercise of its powers and the fulfillment of its purposes under this title;

19. to designate the depositories of its money;

20. to establish its fiscal year;

21. to insure or otherwise to provide for the insurance of the corporation's property or operations and against such other risks as the corporation may deem advisable; and

22. to do all things necessary, convenient or desirable, including ancillary and incidental activities, to carry out its purposes and for the exercise of the powers granted in this title.

§ 3555. Special powers of the corporation. In order to effectuate the purposes of this title, the corporation shall have the following additional powers:

1. to contract with the state to operate, manage, superintend and control the Roswell Park Cancer Institute; and to establish, collect and adjust fees, rentals, and other charges for the lease or sublease of such health facility, subject to the terms and conditions of any contract, lease, sublease or other agreement with the state;

2. to provide health and medical services for the public directly or by agreement or lease with any person, firm or private or public corporation or association through or in the facilities of the corporation or in other health care facilities and to make internal policies governing admissions and health and medical services;

3. to provide and maintain training programs for resident physicians, post-graduate clinical fellows, graduate students and other allied health professionals;

4. to sponsor and conduct research, educational and training programs;

5. to participate in managed care networks, fee-for-service, and other joint and cooperative arrangements for the provision of general comprehensive and specialty health care services, directly or through contract with other service providers or entities including employees or entities of the state;

6. to establish subsidiary corporations or other entities in accordance with subdivision ten of this section:

(a) to meet the demands of health care delivery changes; and

(b) to market, manufacture or develop products or services developed by the corporation's clinical and research activities;

7. to affiliate with a medical college or colleges;

8. to contract to use employees, agents, consultants and facilities of the state, paying the state its agreed proportion of the compensation or costs pursuant to an agreement with the state;

9. to determine the conditions under which a physician may be extended the privilege of practicing within a health facility under the jurisdiction of the corporation, to promulgate internal policies for the conduct of all persons, physicians and allied health practitioners within such facility, and to appoint and grant privileges to qualified and competent clinical practitioners;

10. except as provided in this subdivision or as expressly limited by any applicable state law or regulation, and in support of the powers granted by subdivisions five and six of this section, to form and to participate in the formation of one or more corporations, and to exercise and perform such purposes, powers, duties, functions or

activities through one or more subsidiary corporations or other entities owned or controlled wholly or in part by the corporation, which shall be formed pursuant to the business corporation law, the limited liability company law, the not-for-profit corporation law, or the partnership law; any such subsidiary may be authorized to act as a general or limited partner in a partnership or as a member of a limited liability company, and enter into an arrangement calling for an initial and subsequent payment or payments or contributions to capital by such subsidiary in consideration of an interest in revenues or other contractual rights. An entity shall be deemed a subsidiary corporation whenever and so long as (a) more than half of any voting shares or other membership interest of such subsidiary are owned or held by the corporation or (b) a majority of the directors, trustees or members of such subsidiary are designees of the corporation;

11. to take all necessary and appropriate steps and arrangements to develop a plan and, on or before January first, two thousand fourteen, seek the necessary approvals to execute such plan which may include but are not limited to entering into arrangements, mergers or other affiliations with one or more health care, academic or other entities for the purposes of protecting and promoting the health of the patients served by its health facilities, advancing the corporation's mission of conducting innovative research into the causes and treatment of cancer, securing its financial viability and achieving operational and fiscal independence from the state, and to the extent possible, contributing to the economic revitalization of the region; provided that the commissioner of health shall monitor such steps and arrangements and participate with the corporation in establishment of goals and benchmarks for the achievement of such independence, and the corporation shall make requests for assistance and approvals needed to execute such steps and arrangements.

12. No subsidiary of the corporation shall own, operate, manage or control the existing research, education, acute inpatient or outpatient facilities and services now operated by the Roswell Park Cancer Institute.

§ 3556. Merit system; merit board. 1. Policy and applicable law. (a) Positions in the employ of Roswell Park Cancer Institute corporation shall be subject to section six of article five of the Constitution of the state of New York.

(b) Except as provided by this title and rules issued pursuant thereto, the corporation and its employees shall be subject to the provisions of the civil service law as the same shall be amended from time-to-time and employees of the corporation shall be deemed to have the rights of state employees for the purposes of such provisions of the civil service law.

2. Definitions. When used in this section:

(a) The term "classified service" means all positions in the corporation which are not in the unclassified service.

(b) The term "merit board" means the committee established by corporation's board of directors established by this title, which shall act in the capacity and fulfill the role of the "commission", "civil service commission" and "municipal civil service commission" for the purposes of applying the civil service law to positions in the corporation.

(c) The term "director of classification and compensation" or "director" means the director of classification and compensation of the Roswell Park Cancer Institute corporation.

(d) The term "jurisdictional classification" means the assignment of positions in the classified service to the competitive, noncompetitive, exempt or labor classes.

(e) The terms "position classification", "classification", "reclassification", and "classify" mean grouping together under common and descriptive titles positions that are substantially similar in the essential character and scope of their duties and responsibilities and required qualifications.

3. Roswell Park Cancer Institute merit board. (a) Three persons, other than directors, officers, employees or the president of the corporation, shall be selected by majority vote of the board for three-year terms and shall constitute the Roswell Park Cancer Institute merit board. The

terms of the members of the merit board shall be staggered so that the term of one member expires each year. The members of the merit board shall annually elect one of the members chairperson.

(b) The members of the merit board shall receive their necessary travel and other expenses incurred in the performance of the duties of such office, and shall receive in addition such compensation for services rendered as members of such merit board as shall be determined by the board of directors of the corporation by vote of a majority of the directors.

(c) The merit board shall prescribe and amend rules and regulations subject to the applicable provisions of article fourteen of the civil service law, for effecting the provisions of this title and of section six of article five of the Constitution of the state of New York, including but not limited to (i) rules for the jurisdictional classification of offices and positions in the classified service of the corporation; (ii) rules for examinations, appointments, promotions, transfers, leaves of absence, resignations and reinstatements; (iii) rules for sick leaves, vacations, time allowances and other conditions of employment in the classified service of the corporation; (iv) rules for the hearing and determination of appeals; and (v) rules designating positions in the non-competitive class which are confidential or require the performance of functions influencing policy.

(d) The merit board shall hear and determine appeals instituted by any person believing himself or herself aggrieved by any action or determination of the director of classification and compensation, acting as such; provided, however, that no appeal shall be allowed (i) if the action or determination involved relates solely to matters of internal management of the office of the director of classification and compensation, or (ii) if the action or determination involved was considered and approved in advance by the merit board. Any appeal authorized by this subdivision shall be instituted by filing with the secretary of the merit board a written notice of appeal stating the action or determination appealed from, the grounds for the appeal, and signed by the person or persons appealing or their representative; no particular form of appeal shall be required. Any such appeal shall be filed within thirty days following the appellant's receipt from the director of classification and compensation of notice of the action or determination to be reviewed; the merit board for good cause shown may waive such thirty-day limitation. The merit board may make such investigation or inquiry into the facts relative to the action or determination appealed from as may be deemed advisable, shall afford to the appellant and his or her representative an opportunity to be heard in person or in writing and to present evidence and argument. The merit board may affirm, modify or reverse such action or determination. The merit board shall decide each appeal filed within thirty days following the date on which the submission of facts, information and evidence is deemed complete by the merit board. The person seeking review and his or her representative shall be furnished a copy of the merit board's written decision concurrently with its filing with the secretary of the merit board. A decision of the merit board shall become final and binding when filed with the secretary of the merit board. Review of any such final decision shall be by a proceeding authorized by article seventy-eight of the civil practice law and rules; any such proceeding must be commenced within four months after the determination to be reviewed becomes final and binding.

(e) Before adopting any rule the merit board shall publish notice of the proposed rule no later than thirty days prior to the proposed effective date of such rule and shall afford an opportunity to any interested person to comment on the proposed rule.

(i) Publication of notice of proposed rule-making shall be accomplished by posting a copy on the main bulletin board of the corporation, by serving a copy of the notice by certified mail return receipt requested upon the designated representative of any employee union recognized to represent employees of the corporation and by mailing the copy of the notice to the temporary president of the senate and the speaker of the assembly; publication shall be complete upon the posting and mailing. Notice made pursuant to this subparagraph shall be deemed to be in compliance with the notice requirements prescribed in section one hundred one-a of the executive law.

(ii) A notice of proposed rule-making shall contain the complete text of the proposed rule, and the last date upon which the merit board will receive comment upon the proposed rule; provided, however, that if the text of the proposed rule exceeds two thousand words the notice shall contain only a description of the subject, purpose and substance of such rule, and shall state from what person the complete text may be obtained.

(iii) The last date for submission of comments upon a proposed rule shall be not less than twenty days following the publication of notice of proposed rule-making.

(iv) The merit board may receive comments on a proposed rule in writing or, in an appropriate case, may conduct a hearing upon the proposed rule.

(v) Any rule adopted by the merit board shall take effect when signed by the chairperson of the merit board and filed with the secretary of the corporation. Notice of adoption of a rule shall be published concurrently with its adoption in the same manner as the notice of proposed rule-making.

(vi) In the exercise of its rule-making authority the merit board shall not be subject to the provisions of the state administrative procedure act.

(f) The secretary of the corporation shall be the secretary to the merit board and shall serve ex officio without vote. The secretary shall maintain minutes of the meetings of the merit board and shall maintain complete copies of the rules adopted by the merit board. Such minutes and rules shall be open to public inspection and copying during all ordinary business hours of the corporation in accordance with the applicable provisions of article six of the public officers law.

(g) The merit board shall, subject to the provisions of article seven of the public officers law, meet annually at the offices of the corporation, and shall hold such other meetings at such places within the state as may be required. A majority of the members of the merit board shall constitute a quorum.

4. Director of classification and compensation. (a) The director of classification and compensation of the corporation shall be in the competitive class of the classified service appointed by the president of the corporation. The director of classification and compensation shall not be a part of the office of human resources of the corporation.

(b) The director of classification and compensation shall be charged with the duty and shall have the power, subject to appeal to the merit board:

(i) to classify and reclassify all positions in the classified service of the corporation; and

(ii) to allocate and reallocate to an appropriate salary grade all positions in the competitive, noncompetitive and labor classes of the classified service of the corporation including temporary and seasonal positions; provided that notwithstanding any inconsistent provisions of section one hundred thirty of the civil service law, employees of the corporation in the classified service of the corporation shall also be deemed to be in the classified civil service of the state of New York for purposes of section one hundred thirty of the civil service law.

(c) The principle of fair and equal pay for similar work shall be followed in the classification and reclassification and the allocation and reallocation of positions pursuant to this section and all positions having the same title shall be allocated to the same salary grade.

(d) The director of classification and compensation shall also have the following powers and duties:

(i) To ascertain and record the duties and responsibilities of all positions in the classified service of the corporation, establish adequate specifications showing the qualifications for and the nature and extent and scope of the duties and responsibilities of such positions, and assign uniform titles to positions that are so substantially similar in the essential character and scope of their duties and responsibilities and in the qualification requirements thereof that the same descriptive title may be used to designate them; that the same qualifications for appointment thereto may be reasonably required; that the same tests of fitness may be established, and that the same rate of compensation may be reasonably applied;

(ii) To investigate all matters affecting the classification and compensation of positions, to hear and determine all complaints and grievances with respect to the classification and compensation of positions, and from time to time to review the duties, responsibilities, qualification requirements and compensation of positions and to make such revisions in the classification or compensation of positions as changes in the service of the corporation may require;

(iii) To afford to any person aggrieved by the classification or allocation of a position a reasonable opportunity to present facts in support of or in relation to such classification or allocation, at a time and in such manner as may be specified by the director, and to render and furnish to the person aggrieved a written decision thereon.

(e) Any classification or reclassification of a position and any allocation or reallocation of a position to a salary grade made by the director pursuant to this section shall become effective on the date approved by the president of the corporation.

5. Authority to use services of New York state department of civil service. The merit board or the director may request of the New York state department of civil service technical advice and assistance in the administration of the provisions of this title for consideration, including but not limited to the preparation and administration of examinations, and in the absence of an eligible list of the corporation, may request the New York state department of civil service to furnish it with the names of persons on an appropriate eligible list. The merit board or the director shall provide such department with any information necessary to effectuate the provisions of this section.

6. Classes of position established. The classified service of the corporation shall comprise all offices and positions not included in the unclassified service. The offices and positions in the classified service of the corporation shall be divided into four classes designated as the exempt class, the non-competitive class, the competitive class, and the labor class.

(a) The exempt class shall consist of such positions and offices which the merit board shall determine to be impracticable to fill by competitive or non-competitive examination.

(b) The non-competitive class shall include all positions that are not in the exempt class or labor class and for which it is found by the merit board to be not practicable to ascertain the merit and fitness of applicants by competitive examination.

(c) The labor class shall comprise all unskilled laborers in the service of the corporation.

(d) The competitive class shall include all positions for which it is found by the merit board to be practicable to determine the merit and fitness of applicants by competitive examination, and shall include all positions in the classified service of the corporation except such positions as are in the exempt class, the non-competitive class or the labor class.

7. Examinations. (a) The merit and fitness of applicants for positions which are classified in the competitive class shall be ascertained by such examinations as may be prescribed by the merit board. The merit board shall issue an announcement of each competitive examination or promotional examination, setting forth the minimum qualifications required, the subjects of the examination, and such other information as they may deem necessary, and shall advertise such examination in such manner as the nature of the examination may require.

(b) The merit board, acting by the director, shall require prospective applicants to file during a prescribed time a formal application in which the applicant shall state such information as may reasonably be required, touching upon the applicant's background, experience and qualifications for the position sought and his or her merit and fitness for service. The application shall be subscribed by the applicant and shall contain an affirmation by the applicant that the statements therein are true under the penalties of perjury. Application forms shall be furnished without charge to all persons requesting them.

8. Abolition of positions; demotion. (a) Where, because of economy, consolidation or abolition of functions, curtailment of activities or otherwise, positions in the competitive class of service of the corporation are abolished or reduced in rank or salary grade, suspension or demotion as the case may be among incumbents holding the same or similar positions within the same jurisdictional classification shall be made in the inverse order of original appointment on a permanent basis in the grade or title; provided, however, that upon the abolition or reduction of positions in the competitive class of service of the corporation incumbents holding the same or similar positions within the same jurisdictional classification who have not completed their probationary service shall be suspended or demoted as the case may be before any permanent incumbents, and among such probationary employees the order of suspension or demotion shall be determined as if such employees were permanent incumbents.

(b) Where, because of economy, consolidation or abolition of functions, curtailment of activities or otherwise, positions in the non-competitive class of service of the corporation are abolished or reduced in rank or salary grade, suspension or demotion as the case may be among incumbents holding the same or similar positions within the same jurisdictional classification shall be made in the inverse order of original appointment on a permanent basis in the grade or title; provided, however, that upon the abolition or reduction of positions in the non-competitive class of service of the corporation incumbents holding the same or similar positions within the same jurisdictional classification who have not completed their probationary service shall be suspended or demoted as the case may be before any permanent incumbents, and among such probationary employees the order of suspension or demotion shall be determined as if such employees were permanent incumbents.

(c) Upon the abolition or reduction of positions in the service of the corporation, suspension or demotion shall be made from among employees holding the same or similar positions within the same jurisdictional classification in the entirety of the corporation.

(d) In any case where an employee of the corporation is suspended or demoted because of economy, consolidation or abolition of functions, curtailment of activities or otherwise, the director of classification and compensation shall, upon such suspension or demotion, furnish to the merit board a statement showing the employee's name, title or position, date of appointment and the date of and reason for suspension or demotion. The merit board shall place the name of such employee upon a preferred list together with others who may have been suspended or demoted from the same or similar positions in the same jurisdictional class in the service of the corporation, and shall certify such list for filling vacancies in the same jurisdictional class, first, in the same or similar position, second, in any position in a lower grade in line of promotion, and third, in any comparable position.

(e) For purposes of the civil service law, the date of original appointment of employees of the corporation shall be the date of original appointment on a permanent basis in the classified service of the corporation; except that for those employees who transfer from state service to the service of the corporation pursuant to section thirty-five hundred fifty-seven of this title, the date of original appointment shall be the date of original appointment on a permanent basis in the civil service of the state of New York.

9. Notwithstanding any inconsistent provision of section eighty-one of the civil service law, employees of the state who transfer to the corporation pursuant to subdivision one of section thirty-five hundred fifty-seven of this title shall be considered to be state employees under the jurisdiction of the state civil service commission for purposes of placement on and employment from preferred lists established by the state civil service commission.

10. Notwithstanding any inconsistent provisions of sections eighty-one-a and eighty-one-b of the civil service law, employees of the state who transfer to the corporation pursuant to subdivision one of section thirty-five hundred fifty-seven of this title shall be considered to be state employees for purposes of placement upon and employment from reemployment rosters pursuant to section eighty-one-a of the civil service law and for purposes of placement upon and employment from placement rosters pursuant to section eighty-one-b of the civil service law.

11. Reemployment rosters within the corporation. (a) Where an employee is to be suspended or demoted in accordance with subdivision eight of this section, the president of the corporation shall, upon such employee's suspension or demotion place the name of such employee upon a reemployment roster for filling vacancies in any comparable position as determined by the director of classification and compensation, except that employees suspended or demoted from positions in the non-competitive and labor classes may not be certified to fill vacancies in the competitive class. Such reemployment roster shall be certified for filling a vacancy in any such position before certification is made from any other list, including a promotion eligible list, but not prior to a preferred list. Eligibility for reinstatement of a person whose name appears on any such reemployment roster shall not continue for a period longer than four years from the date of suspension or demotion provided, however, in no event shall eligibility for reinstatement from a reemployment roster continue once the person is no longer eligible for

reinstatement from a preferred list.

(b) The names of persons on a reemployment roster shall be certified therefrom with equal ranking for reinstatement.

(c) All reinstatements from a reemployment roster shall require completion of a probationary term in accordance with rules promulgated by the merit board pursuant to subdivision two of section sixty-three of the civil service law.

(d) The merit board shall adopt rules providing for the relinquishment of eligibility for reinstatement upon reinstatement or upon failure or refusal to accept reinstatement from a preferred list or a reemployment roster.

(e) Notwithstanding any other provision of this title, the corporation may disqualify for reinstatement and remove from a reemployment roster the name of any otherwise eligible person who, by reason of physical or mental incapacity, is found to be unable to satisfactorily perform the duties of the position for which such roster has been established, or who has engaged in such misconduct as would warrant their dismissal from public employment, except that a person who is not completely physically incapacitated and who is suspended or demoted pursuant to section eighty of the civil service law because their position has been abolished or reduced, but who is certified for reinstatement to any position having the same physical requirements as the position from which such person was suspended or demoted, shall not be disqualified because of their incapacity, unless upon medical examination their incapacity has worsened to a degree that they would not be able to satisfactorily perform in such position. No person shall be disqualified pursuant to this subdivision unless they are first given a written statement of the reasons therefor and an opportunity to be heard at a hearing at which satisfactory proof of such reasons must be established by appropriate evidence, and at which such person may present independent evidence and be entitled to representation by counsel. The corporation shall designate a person to hold such hearing and report thereon.

(f) Notwithstanding any other provision of this title, any person may voluntarily remove his or her name from a reemployment roster by application to the corporation.

12. Placement rosters within the corporation. (a) Where an employee is

to be suspended or demoted in accordance with subdivision eight of this section, the president of the corporation shall, upon such employee's suspension or demotion place the name of such employee upon a reemployment roster for filling vacancies in any comparable position as determined by the director of classification and compensation except that employees suspended or demoted from position in the non-competitive and labor classes may not be certified to fill vacancies in the competitive class. Such placement roster shall be certified for filling a vacancy in any such position before certification is made from any other list, including a promotion eligible list, but not prior to a preferred list or a reemployment roster. Eligibility for appointment of an employee whose name appears on any such placement roster shall terminate at such time as the employee is suspended or demoted in accordance with the provisions of subdivision eight of this section. Upon such employee's suspension or demotion, the corporation shall place the name of such employee upon a preferred list, and a reemployment roster as appropriate, in accordance with the provisions of subdivision eight of this section.

(b) The names of employees on a placement roster shall be certified therefrom with equal ranking for appointment.

(c) All appointments from a placement roster shall require completion of a probationary term in accordance with rules promulgated by the civil service commission pursuant to subdivision two of section sixty-three of the civil service law.

(d) The merit board shall adopt rules providing for the relinquishment of eligibility for appointment upon appointment or upon failure or refusal to accept appointment from a placement roster.

(e) Notwithstanding any other provision of this title, any employee may voluntarily remove his or her name from a placement roster by application to the corporation.

13. Establishment of redeployment lists in the corporation; general provisions. (a) Notwithstanding any inconsistent provision of section seventy-nine of the civil service law, where, and to the extent that an agreement between the state and an employee organization entered into pursuant to article fourteen of the civil service law so provides, employees of the corporation shall be considered to be employees in

state service for purposes of primary and secondary redeployment pursuant to section seventy-nine of the civil service law and the applicable collective bargaining agreement.

(b) Where, an employee in the corporation is to be suspended or demoted in accordance with the provisions of subdivision eight of this section by reason of the corporation's exercise of its right to contract out for goods and services, and receipt of the information required pursuant to subdivision eleven of this section for purposes of establishing reemployment rosters, at least ninety days prior to the suspension or demotion of an affected employee, the corporation shall place the name of the employee upon a redeployment list. Such redeployment list shall be certified for filling positions in the same title or in any comparable title, as determined by the director of classification and compensation, before certification is made from any other eligible list, placement roster, reemployment roster or preferred list.

(c) The names of persons on a redeployment list shall be certified therefrom for appointment in the order of their original appointments, in accordance with the provisions of paragraph (e) of subdivision eight of this section.

(d) A person appointed from a redeployment list shall receive at least the same salary such person was receiving in the position from which he or she is to be or has been suspended or demoted.

(e) Probationers who are appointed from a redeployment list to a position in the same title will be required to complete their probationary term. Employees who are appointed from a redeployment list to a position in a comparable title shall be required to complete a probationary term in accordance with the rules promulgated by the merit board pursuant to subdivision two of section sixty-three of the civil service law.

(f) Eligibility for appointment of an employee whose name appears on a redeployment list shall terminate at such time as the employee is redeployed pursuant to the provisions of this section to a position in the same salary grade as the position from which they have been suspended or demoted, or has exercised their reemployment rights pursuant to the provisions of section eighty-one or eighty-one-a of the civil service law, provided, however, that eligibility for appointment shall terminate no later than six months following the suspension or demotion of such employee in accordance with the provisions of section eighty of the civil service law. Upon such employee's suspension or demotion, the corporation shall place the name of such employee upon a preferred list, and a reemployment roster, as appropriate, in accordance with the provisions of subdivision eight of this section.

(g) Notwithstanding any other provision of this chapter, any employee may voluntarily remove his or her name from a redeployment list by application to the corporation.

(h) (1) In the event the corporation determines, in accordance with the provisions of paragraph (b) of this subdivision, that there are no positions in the same title or any comparable title to which an employee to be suspended or demoted by reason of the state's exercise of its right to contract out for goods and services can be redeployed, the corporation may place the name of such employee on a special reemployment roster, for filling positions in titles for which the employee meets the essential tests and qualifications. Such special reemployment roster may be certified immediately upon the employee's placement on the roster for filling a position before certification is made from any other eligible list, including a promotion eligible list, but not prior to a redeployment list or preferred list.

(2) Eligibility for appointment of an employee whose name appears on a special reemployment roster shall not continue for a period longer than four years from the date of suspension or demotion, provided, however, that eligibility for appointment of an employee whose name appears on any such special reemployment roster shall terminate at such time as the employee is redeployed pursuant to the provisions of this section and, in no event, shall eligibility for appointment from a special reemployment roster continue once the employee is no longer eligible for reinstatement from a preferred list.

(3) Employees placed on a special reemployment roster in accordance with the provisions of this section, shall have all the rights and privileges provided employees placed on reemployment rosters in accordance with subdivision eleven of this section.

(i) The merit board shall adopt rules for carrying into effect the provisions of this section, including rules providing for the relinquishment of eligibility for appointment upon appointment or upon failure or refusal to accept appointment from a redeployment list. Additionally, notwithstanding any inconsistent provision of law, rule, or regulation, an agreement between the corporation and an employee organization recognized or certified pursuant to article fourteen of the civil service law can provide employment security rights and benefits where the state has exercised its right to contract out for goods and services. The merit board upon receipt of a written request of the director of the corporation is authorized to implement provisions of such agreement consistent with the terms thereof and, to the extent necessary, may adopt rules and regulations providing for the benefits to be thereunder provided. The merit board, with the approval of the president of the corporation, may extend such benefits in whole or in part, to corporation employees excluded from collective negotiating units.

§ 3557. Officers and employees; compensation; transfer. 1. On the effective date of the transfer of the operations of the Roswell Park Cancer Institute to the corporation pursuant to an agreement between the state and the corporation as authorized in this title, officers and employees of the state employed in Roswell Park Cancer Institute shall become officers and employees of the corporation; such persons transferred shall be deemed public officers or public employees as the case may be, in the civil service.

2. The civil service rights of such persons continuing in service of the corporation at the time of such transfer and for persons entering the service of Roswell Park Cancer Institute corporation following the date of transfer shall be governed by the civil service law and associated regulations except as otherwise provided pursuant to this title.

3. The salary or compensation of any such officer or employee, after such transfer, shall be paid by the corporation.

4. The corporation shall, upon transfer, acknowledge and give credit for all leave balances held by such officers and employees of the state

who become officers or employees of the corporation on the date of transfer.

5. Notwithstanding any inconsistent provision of law for purposes of eligibility for promotional examinations offered for state employees generally, an employee of the corporation shall be entitled to all the rights thereto as if such employee was a state employee subject to the pertinent provisions of the civil service law.

§ 3558. Recognition and continuation of existing bargaining agents and units. 1. The employees of the corporation shall, for all purposes of article fourteen of the civil service law, be deemed to be employees of the state of New York and shall be employed within the current state of New York bargaining unit designations of either the professional, scientific and technical unit, the administration services unit, operational services unit, institutional services unit or security services unit. The governor's office of employee relations shall, for all purposes of article fourteen of the civil service law, act as agent for the corporation, and shall, with respect to the corporation, have all the powers and duties provided under sections six hundred fifty through six hundred fifty-four of the executive law. Those persons who become employees of the corporation pursuant to subdivision one of this section or who enter into the service of the corporation following the effective date of the transfer shall retain their current bargaining unit designations in either the professional, scientific and technical services unit, the administrative services unit, the institutional services unit, the operational services unit, the security services unit or the security supervisors unit of state employees. The corporation and the state shall recognize the existing certified or recognized employee organizations for state employees as the exclusive collective bargaining representatives for such employees.

Titles within collective bargaining units in existence prior to the transfer of operations to the corporation shall remain in those units and will not be altered by the public employment relations board without the consent of the corporation, the state and the recognized or certified representatives of the negotiating units involved. New titles created after the date of the transfer of operations to the corporation will be placed in the appropriate unit of state employees consistent with the provisions of article fourteen of the civil service law.

2. The corporation shall be bound by all collective bargaining agreements between the state of New York and such collective bargaining representatives, in effect as of the date of transfer of operations to the corporation and any successor agreements between such parties.

3. Nothing contained in this provision shall be construed to affect:

(a) the rights of employees pursuant to a collective bargaining agreement;

(b) the bargaining relationship between the executive branch of the state of New York and an employee organization;

(c) existing law with respect to an application to the public employment relations board seeking the designation of persons as managerial or confidential.

§ 3559. Transfer of property; relationship with the state; certain gifts, loans and guarantees by the state. 1. (a) The state may give, grant, sell, convey, loan, license the use of, or lease to the corporation and the corporation may accept any property which is useful in connection with the exercise by the corporation of any of its powers under this title.

(b) Any such gift, grant, sale, conveyance, loan, license or lease shall be upon such terms and conditions, for such consideration, if any, and for such term or terms of years, subject to the rights of the holders of any bonds, as the corporation and the state may agree. No real property of the state consisting of any health facility currently operated by the state as Roswell Park Cancer Institute shall be transferred to the corporation, except subject to a right of first refusal in favor of the state and subject to a right of reverter in the event that the corporation should cease to use such property for the purpose of provision of research, education and health care.

2. In addition to the authority granted elsewhere in this title and by other applicable laws, the corporation and the state may enter into a contract or contracts from time to time providing for one or more of the following:

(a) the payment of sums for health care services provided by the corporation which could otherwise be provided directly by the state, including services for uncompensated care;

(b) services to be provided by the state to or on behalf of the corporation;

(c) the transfer of employees of the state to the corporation as provided in section thirty-five hundred fifty-seven of this title;

(d) indemnification by the corporation of the state for claims associated with establishment of and operation of the corporation and its health facilities;

(e) such other matters as may be appropriate to accomplish the purposes hereof.

Such contract or contracts shall include such terms and conditions, be for such consideration, if any, and have such term or terms of years, as the corporation and the state may agree.

§ 3560. Bonds or notes of the corporation. 1. The corporation shall have power as hereby authorized from time to time to issue negotiable bonds in conformity with applicable provisions of the uniform commercial code provided, however, that such power shall only be exercised to the extent authorized in the contract between the corporation and the department of health provided for in subdivision two of section four hundred three of the public health law. The corporation shall have power from time to time to refund any bonds by the issuance of new bonds, whether the bonds to be refunded have or have not matured, and may issue bonds partly to refund bonds then outstanding and partly for any other corporate purpose. Except as may otherwise be expressly provided by the corporation, every issue of new bonds shall be general obligations payable out of any moneys or revenues of the corporation, subject only to any agreements with the holders of particular bonds pledging any particular moneys or revenues.

2. Such bonds shall be authorized by resolution of the board, be in such denominations and shall bear such date or dates, mature at the time or times not exceeding forty years from their respective dates, bear interest at such rate or rates payable at such times, be in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, and be subject to such terms of redemption as such resolution or resolutions may provide. Such bonds may be sold at public or private sale for such price or prices as the corporation shall determine.

3. Such bonds may be issued for any corporate purposes of the corporation.

4. Bonds issued by the corporation may be general obligations secured by the faith and credit of the corporation or may be special obligations payable solely out of particular revenues or other moneys as may be designated in the proceedings of the corporation under which the bonds shall be authorized to be issued, subject as to priority only to any agreements with the holders of outstanding bonds pledging any particular property, revenues or moneys. The corporation may also enter into loan agreements, lines of credit and other security agreements and obtain for or on its behalf letters of credit, insurance, guarantees or other credit enhancements to the extent now or hereafter available, in each case for securing its bonds or to provide direct payment of any costs which the corporation is authorized to pay.

5. Any resolution or resolutions authorizing any bonds may contain provisions which may be a part of the contract with the holders of the bonds as to:

(a) pledging all or any part of the moneys or property of the corporation to secure the payment of its bonds, including, but not limited to, the revenues of designated facilities of the corporation, the proceeds of any grant in aid of the corporation received from any private or public source, any federally guaranteed security and moneys received therefrom whether such security is initially acquired by the corporation or otherwise, any moneys received under the terms of any lease, loan or other agreement executed pursuant to this title, or any other revenues which may be received by the corporation;

(b) the setting aside of reserves or sinking funds and the regulation or disposition thereof;

(c) the purposes and limitations thereon to which the proceeds of sale of any issue of bonds then or thereafter to be issued may be applied, including as authorized purposes, all costs and expenses necessary or incidental to the issuance of bonds, to the acquisition of or commitment to acquire any federally guaranteed security and to the issuance and obtaining of any federally insured mortgage note;

(d) limitations on the issuance of additional bonds; the terms upon which additional bonds may be issued and secured; the refunding of outstanding or other bonds;

(e) the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, the amount of bonds the holders of which must consent thereto and the manner in which such consent may be given;

(f) the creation of special funds into which any moneys of the corporation may be deposited;

(g) vesting in a trustee or trustees such properties, rights, powers and duties in trust as the corporation may determine which may include any or all of the rights, powers and duties of the trustee appointed by the bondholders pursuant to section three thousand five hundred sixty-one of this title and limiting or abrogating the right of the bondholders to appoint a trustee under such section or limiting the rights, duties and powers of such trustee;

(h) defining the acts or omissions to act which shall constitute a default in the obligations and duties of the corporation to the bondholders and providing for the rights and remedies of the bondholders in the event of default, including as a matter of right the appointment of a receiver, providing, that such rights and remedies shall not be inconsistent with the general laws of this state and other provisions of this title; and

(i) any other matters, of like or different character, which in any way affect the security and protection of the bonds.

6. (a) The bonds of the corporation issued pursuant to this section shall be sold to the bidder offering the lowest true interest cost, taking into consideration any premium or discount.

(b) Notwithstanding the provisions of paragraph (a) of this subdivision, whenever in the judgment of the corporation the interests of the corporation will be served thereby, the directors of the corporation, on the written recommendation of the chairperson may authorize the sale of such bonds at private or public sale on either a competitive or negotiated basis. The corporation shall set guidelines governing the terms and conditions of any such private or public sales. The private or public bond sale guidelines set by the corporation shall include, but not be limited to, a requirement that where the interests of the corporation will be served by a private or public sale of bonds, the corporation shall select underwriters for each private or public bond sale conducted pursuant to a request for proposal process undertaken from time to time and consideration of proposals from qualified underwriters as determined by the corporation. Bonds of the corporation shall not be sold by the corporation at a private sale unless such sale and the terms thereof have been approved in writing by the comptroller where such sale is not to the comptroller, or by the director of the budget where such sale is to the comptroller.

(c) The corporation shall have the power from time to time to amend such private bond sale guidelines in accordance with the provisions of this subdivision.

(d) The corporation shall annually prepare and approve a bond sale report which shall include the private or public bond sale guidelines as specified in this subdivision, amendments to such guidelines since the last private or public bond sale report, an explanation of the bond sale guidelines and amendments, and the results of any sale of bonds conducted during the fiscal year. Such bond sale report may be a part of any other annual report that the corporation is required to make.

(e) The corporation shall annually submit its bond sale report to the state comptroller, the senate finance committee and the assembly ways and means committee.

(f) The corporation shall make available to the public copies of its bond sale report upon reasonable request thereof.

(g) Nothing contained in this subdivision shall be deemed to alter, affect the validity of, modify the terms of, or impair any contract or agreement made or entered into in violation of, or without compliance with, the provisions of this subdivision.

7. Any resolution or resolutions authorizing bonds or any issue of bonds by the corporation may also contain provisions which may be a part of the contract with the holders of the bonds thereby authorized as to:

(a) the rates, rents, fees and other charges to be fixed and collected by the corporation and the amount to be raised in each year thereby and the use and disposition of revenues;

(b) limitations on the right of the corporation to restrict and regulate the use of the project or part thereof in connection with which bonds are issued;

(c) the terms and provisions of any trust, mortgage, deed or indenture securing the bonds under which the bonds may be issued;

(d) limitations on the power of the corporation to sell or otherwise dispose of any project or any part thereof or other property;

(e) limitations on the amount of revenues and other moneys to be expended for operating, administrative or other expenses of the corporation;

(f) the payment of the proceeds of bonds, revenues and other moneys to a trustee or other depository, and for the method of disbursement thereof with such safeguards and restrictions as the corporation may determine; and

(g) any other matters of like or different character which in any way affect the security or protection of the bonds or the rights and remedies of the bondholders.

8. In addition to the powers herein conferred upon the corporation to secure its bonds, the corporation shall have the power in connection with the issuance of bonds to adopt resolutions and enter into such trust indentures, agreements or other instruments as the corporation may deem necessary, convenient or desirable concerning the use or disposition of its revenues or other moneys or property, including the mortgaging of any property and the entrusting, pledging or creation of any other security interest in any such revenues, moneys or property and the doing of any act, including refraining from doing any act which the

corporation would have the right to do in the absence of such resolutions, trust indentures, agreements or other instruments. The corporation shall have power to enter into amendments of any such resolutions, trust indentures, agreements or other instruments within the powers granted to the corporation by this title and to perform the obligations undertaken in such resolutions, trust indentures, agreements or other instruments. The provisions of any such resolutions, trust indentures, agreements or other instruments may be made a part of the contract with the holders of bonds of the corporation.

9. Any provision of the uniform commercial code to the contrary notwithstanding, any pledge of or other security interest in revenues, moneys, accounts, contract rights, general intangibles or other personal property made or created by the corporation shall be valid, binding and perfected from the time when such pledge is made or other security interest attaches without any physical delivery of the collateral or further act, and the lien of any such pledge or other security interest shall be valid, binding and perfected against all parties having claims of any kind in tort, contract or otherwise against the corporation irrespective of whether such parties have notice thereof. No instrument by which such a pledge or security interest is created nor any financing statement need be recorded or filed.

10. Whether or not the bonds of the corporation are of such form and character as to be negotiable instruments under the terms of the uniform commercial code, the bonds are hereby made negotiable instruments within the meaning of and for all the purposes of the uniform commercial code, subject only to the provisions of the bonds for registration.

11. Neither the directors nor the officers of the corporation nor any person executing its bonds shall be liable personally on its bonds or be subject to any personal liability or accountability by reason of the issuance thereof.

12. Subject to such agreements with bondholders as may then exist, the corporation shall have power out of any funds available therefor to purchase bonds of the corporation, in lieu of redemption, at a price not

exceeding, if the bonds are then redeemable, the redemption price then applicable plus accrued interest to the next interest payment date, or, if the bonds are not then redeemable, the redemption price applicable on the first date after such purchase upon which the bonds become subject to redemption plus accrued interest to the next interest payment date. Bonds so purchased shall thereupon be canceled.

13. The corporation shall have power and is hereby authorized to issue negotiable bond anticipation notes in conformity with applicable provisions of the uniform commercial code and may renew the same from time to time but the maximum maturity of any such note, including renewals thereof, shall not exceed five years from the date of issue of such original note.

§ 3561. Remedies of bondholders. Subject to any resolution or resolutions adopted pursuant to this title:

1. In the event that the corporation shall default in the payment of principal of or interest on any issue of bonds after the same shall become due, whether at maturity or upon call for redemption, and such default shall continue for a period of thirty days, or in the event that the corporation shall fail or refuse to comply with the provisions of this title or shall default in any agreement made with the holders of any issue of bonds, the holders of twenty-five percent in aggregate principal amount of the bonds of such issue then outstanding, by instrument or instruments filed in the office of the clerk of the county in which the principal office of the corporation is located and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of such bonds for the purpose herein provided.

2. Such trustee may, and upon written request of the holders of twenty-five per centum in principal amount of such bonds outstanding shall, in its own name:

(a) by action or proceeding in accordance with the civil practice law and rules, enforce all rights of the bondholders, including the right to require the corporation to collect rents, rates, fees and charges adequate to carry out any agreement as to, or pledge of, such rents, rates, fees and charges and to require the corporation to carry out any other agreements with the holders of such bonds to perform its duties under this title;

(b) bring an action or proceeding upon such bonds;

(c) by action or proceeding, require the corporation to account as if it were the trustee of an express trust for the holders of such bonds;

(d) by action or proceeding, enjoin any acts or things which may be unlawful or in violation of the rights of the holders of such bonds; and

(e) declare all such bonds due and payable, and if all defaults shall be made good, then with the consent of the holders of the twenty-five per centum of the principal amount of such bonds then outstanding, to annul such declaration and its consequences.

3. Such trustee shall in addition to the foregoing have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth herein or incident to the general representation of bondholders in the enforcement and protection of their rights.

4. The supreme court shall have jurisdiction of any suit, action or proceeding by the trustee on behalf of the bondholders. The venue of any such suit, action or proceeding shall be laid in Erie county.

5. Before declaring the principal of bonds due and payable, the trustee shall first give thirty days notice in writing to the corporation.

6. Any such trustee, whether or not the issue of bonds represented by such trustee has been declared due and payable, shall be entitled as of right to the appointment of any receiver of any part or parts of the project, the revenues of which are pledged for the security of the bonds of such issue, and such receiver may enter and take possession of such part or parts of the project and, subject to any pledge or agreement with the holders of such bonds, shall take possession of all moneys and other property derived from such part or parts of the project and

proceed with any construction thereon or the acquisition of any property, real or personal, in connection therewith that the corporation is under obligation to do, and to operate, maintain and reconstruct such part or parts of the project and collect and receive all revenues thereafter arising therefrom subject to any pledge or agreement with bondholders relating thereto and perform the public duties and carry out the agreements and obligations of the corporation under the direction of the court. In any suit, action or proceeding by the trustee, the fees, counsel fees and expenses of the trustee and of the receiver, if any, shall constitute taxable disbursements and all costs and disbursements allowed by the court shall be a first charge on any revenues derived from the properties.

§ 3562. State not liable on corporation bonds. The state shall not be liable on the bonds or notes of the corporation and such bonds or notes shall not be a debt of the state, and such bonds and notes shall contain on the face thereof a statement to such effect.

§ 3563. Moneys of the corporation. All moneys of the corporation from whatever source derived shall be paid to the treasurer of the corporation and shall be deposited forthwith in a bank or banks designated by the corporation. The moneys in such accounts shall be paid out on check of the treasurer upon requisition by such person or persons as the corporation may authorize to make such requisitions. All deposits of such moneys shall be secured by obligations of the United States or of the state or of any municipality of a market value equal at all times to the amount on deposit and all banks and trust companies are authorized to give such security for such deposits. To the extent practicable, consistent with the cash requirements of the corporation, all such moneys shall be deposited in interest bearing accounts. The corporation shall have power, notwithstanding the provisions of this section, to contract with the holders of any bonds as to the custody, collection, security, investment and payment of any moneys of the corporation or any moneys held in trust or otherwise for the payment of bonds or in any way to secure bonds, and carry out any such contract notwithstanding that such contract may be inconsistent with the provisions of this section. Moneys held in trust or otherwise for the payment of bonds or in any way to secure bonds and deposits of such moneys may be secured in the same manner as moneys of the corporation and all banks and trust companies are authorized to give such security for such deposits. Any moneys of the corporation not required for immediate use or disbursement may, at the discretion of the corporation, be invested in those obligations specified pursuant to the provisions of section ninety-eight-a of the state finance law. Subject to the provisions of any contract with bondholders and the approval of the comptroller, the corporation shall prescribe a system of accounts.

§ 3564. Bonds; legal investment for fiduciaries. The bonds of the corporation are hereby made securities in which all public officers and bodies of the state and all municipalities, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and saving associations, including savings and loan associations, building and loan associations, investment companies and other persons carrying on a banking business, and administrators, guardians, executors, trustees and other fiduciaries and all other persons whatsoever, who are now or may hereafter be authorized to invest in bonds or other obligations of the state may properly and legally invest funds including capital in their control or belonging to them. The bonds are also hereby made securities which may be deposited with and may be received by all public officers and bodies of the state and all municipalities for any purposes for which the deposit of bonds or other obligations of this state is now or hereafter may be authorized.

§ 3565. Agreement with state. The state does hereby pledge to and agree with the holders of any bonds issued by the corporation pursuant to this title and with those persons or public corporations who may enter into contracts with the corporation pursuant to the provisions of this title that the state will not alter, limit or impair the rights hereby vested in the corporation to purchase, construct, own and operate, maintain, repair, improve, reconstruct, renovate, rehabilitate, enlarge, increase and extend, or dispose of any project, or any part or parts thereof for which bonds of the corporation shall have been issued, to establish and collect rates, rents, fees and other charges referred to in this title, to fulfill the terms of any contracts or agreements made with or for the benefit of the holders of bonds or with any person or public corporation with reference to such project or part thereof, or in any way to impair the rights and remedies of the holders of bonds, until the bonds, together with interest thereon, including interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of the holders of bonds, are fully met and discharged and such contracts are fully performed on the part of the corporation, provided, however, that the state reserves the right to adjust its medicaid rates in accordance with applicable law and implementing regulations, if any. The corporation shall include this pledge and agreement of the state in any agreement with the holders of bonds. In no event shall the provisions of this section limit the applicability and enforceability of any and all terms and conditions included in any contract or contracts entered into pursuant to subdivision two of section four hundred three of the public health law.

§ 3566. Tax exemption and tax contract by the state. 1. It is hereby determined that the creation of the corporation and the fulfillment of its corporate purposes is in all respects for the benefit of the people of the state of New York and is a public purpose. Accordingly, the corporation shall be regarded as performing an essential governmental function in the exercise of the powers conferred upon it by this title, and the corporation shall not be required to pay any fees, taxes, special ad valorem levies or assessments of any kind, except as provided pursuant to the public health law, whether state or local, including but not limited to fees, taxes, special ad valorem levies or assessments on real property, franchise taxes, sales taxes, transfer taxes, mortgage taxes or other taxes, upon or with respect to any property owned by it or under its jurisdiction, control or supervision, or upon the uses thereof, or upon or with respect to its activities or operations in furtherance of the powers conferred upon it by this title, or upon or with respect to any fares, tolls, rentals, rates, charges, fees, revenues or other income received by the corporation. Provided however, that the corporation shall continue to pay any fee, charge, assessment or payment in lieu of taxes which had been heretofore paid by the state in conjunction with the operation of Roswell Park Cancer Institute at the effective date of transfer.

2. Any bonds issued pursuant to this title together with the income therefrom shall at all times be free from taxation.

3. The state hereby covenants with the purchasers and with all subsequent holders and transferees of bonds issued by the corporation pursuant to this title, in consideration of the acceptance of and payment for the bonds, that the bonds of the corporation issued pursuant to this title and the income therefrom shall at all times be free from taxation.

4. The corporation may pay, or may enter into agreements with any municipality to pay, a sum or sums annually or otherwise or to provide other considerations with respect to real property owned by the corporation located within such municipality.

§ 3567. Actions against the corporation. 1. Except in an action for wrongful death, an action or proceeding under article fourteen of the civil service law or section thirty-five hundred fifty-six of this title, no action or special proceeding shall be prosecuted or maintained against the corporation, its members, officers or employees for personal injury or damage to real or personal property alleged to have been sustained by reason of the negligence, tort or wrongful act of the corporation or of any member, officer, agent or employee thereof, unless: (a) notice of claim shall have been made and served upon the corporation within the time limit set by and in compliance with section fifty-e of the general municipal law, (b) it shall appear by and as an allegation in the complaint or moving papers that at least thirty days have elapsed since the service of such notice and that adjustment or payment thereof has been neglected or refused, (c) the action or special proceeding shall be commenced within one year and ninety days after the happening of the event upon which the claim is based, and (d) an action, against the corporation for wrongful death shall be commenced in accordance with the notice of claim and time limitation provisions of title eleven of article nine of this chapter.

2. Whenever a notice of claim is served upon the corporation, it shall have the right to demand an examination of the claimant relative to the occurrence and extent of the injuries or damages for which claim is made, in accordance with the provisions of section fifty-h of the general municipal law.

3. The corporation may require any person presenting for settlement an account or claim for any cause whatsoever against the corporation to be sworn before a trustee, counsel or an attorney, officer or employee of the corporation designated for such purpose, concerning such account or claim and, when so sworn, to answer orally as to any facts relative to such account or claim. The corporation shall have power to settle or adjust all claims in favor of or against the corporation.

4. Any action or proceeding to which the corporation or the people of the state may be parties, in which any question arises as to the validity of this title, shall be preferred over all other civil causes of action or cases, except election causes of action or cases, in all courts of the state and shall be heard and determined in preference to all other civil business pending therein except election causes, irrespective of position on the calendar. The same preference shall be granted upon application of the corporation or its counsel in any action or proceeding questioning the validity of this title in which the corporation may be allowed to intervene. The venue of any such action or proceeding shall be laid in the supreme court of the County of Erie.

5. The rate of interest to be paid by the corporation upon any judgment for which it is liable, other than a judgment on its bonds, shall be the rate prescribed by section one of chapter five hundred eighty-five of the laws of nineteen hundred thirty-nine, as amended.

Interest on payments of principal or interest on any bonds in default shall accrue at the rate borne by such bonds from the due date thereof until paid or otherwise satisfied.

6. All actions or proceedings against the corporation for breach of contract, express or implied, or for the torts of its directors, officers or employees while acting as such directors, officers or employees, except for any action brought by a trustee pursuant to section thirty-five hundred sixty-one of this title, shall be brought in the court of claims.

§ 3568. Audit and annual reports. 1. In conformity with the provisions of section five of article ten of the constitution, the accounts of the corporation shall be subject to the supervision of the state comptroller.

2. The corporation annually shall cause an independent certified public accountant to perform an audit of the corporations accounts and to prepare a financial statement, income statement, and balance sheet of the corporation.

3. The corporation shall annually prepare a detailed report pursuant to the provisions of section twenty-eight hundred of this chapter.

4. (a) The corporation shall also report on an annual basis the following information: the name, principal business address and principal business activities of each subsidiary of the corporation; the name of all partners, managers, board members and officers of each subsidiary; the number of employees of each subsidiary; a list of all contracts in excess of one hundred thousand dollars entered into by the corporation and its subsidiaries identifying the amount, purpose and duration of such contract; and a financial statement, income statement, and balance sheet of each of the corporation's subsidiaries, prepared by an independent certified public accountant all in accordance with generally accepted accounting principles.
(b) The corporation shall also report no less than quarterly its

income, expenses and relevant fiscal, programmatic and clinical data.

5. All such reports and financial statements shall be furnished to the governor, the comptroller, the majority leader of the senate, the speaker of the assembly, and to the chairperson of the senate finance committee and the chairperson of the assembly ways and means committee.

§ 3569. Defense and indemnification. The provisions of sections seventeen and nineteen of the public officers law shall be applicable to employees of the corporation (as such term is defined in sections seventeen and nineteen of the public officers law) pursuant to subdivision two of such section; provided, however, that nothing contained within this section shall be deemed to permit the corporation to extend the provisions of sections seventeen and nineteen of the public officers law upon any independent contractor.

§ 3570. Transfer of applications, proceedings, approvals and permits. 1. Any application, review or process in relation to or in furtherance of the purposes of or contemplated by this title heretofore filed or undertaken, or any proceeding heretofore commenced or any determination, finding or award made, by the state or by the state with the federal government, the state department of health, or any other public corporation, shall inure to and for the benefit of the corporation to the same extent and in the same manner as if the corporation has been a party to such application, review, process, or proceeding from its inception, and the corporation shall be deemed a party thereto, to the extent not prohibited by any federal law. Any license, approval, permit, determination, finding, award or decision heretofore or hereafter issued or granted pursuant to or as a result of any such application, review, process or proceeding shall inure to the benefit of and be binding upon the corporation and shall be assigned and transferred by the state to the corporation unless such assignment and transfer is prohibited by federal law.

2. All such applications, proceedings, licenses, approvals, permits,

determinations, findings, awards and decisions shall further inure to and for the benefit of and be binding upon any person leasing, acquiring, financing, constructing, maintaining, operating, using or occupying any facility transferred by the state to the corporation pursuant to this title.

§ 3571. Separability. If any clause, sentence, paragraph, section, or part of this title shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section, or part thereof involved in the controversy in which such judgment shall have been rendered.

§ 3572. Applicability of law. The provisions of this title shall be subject to the provisions of the civil practice law and rules, the public health law, the mental hygiene law, the social services law, the education law and any other applicable law or regulation, including any amendment thereto provided, however, nothing in this section shall require the state or corporation to seek approval or consent for any transfer pursuant to sections thirty-five hundred fifty-seven and thirty-five hundred fifty-nine of this title.

§ 3573. Moneys received; department of health. Notwithstanding any provision of this article or any other provision of law to the contrary, so long as bonds issued by the dormitory authority on or before March thirty-first, two thousand twenty-five to make loans to the department of health of the state of New York to finance state hospital facilities listed in section four hundred three of the public health law remain outstanding as defined in the bond resolution under which such bonds were issued, the following provisions shall be applicable:

1. All moneys derived or resulting from the care, maintenance and treatment of patients at Roswell Park Cancer Institute or any other health facility owned or operated by the corporation or a subsidiary

thereof, together with moneys received from fees, including parking fees, refunds, reimbursements, sales of property and miscellaneous receipts of the corporation or its subsidiaries attributable to Roswell Park Cancer Institute and other revenues of the corporation or its subsidiaries (other than gifts, grants, bequests and moneys received under research contracts, and clinical practice income received pursuant to a clinical practice plan established pursuant to subdivision fourteen of section two hundred six of the public health law) and any other net revenues received by the corporation from any of its subsidiaries or other entities shall be moneys of the department of health, whether collected or received by such corporation or any of its subsidiaries, and shall be paid into the health income fund as required by section four hundred nine of the public health law. Such corporation or any subsidiary created hereunder shall receive any moneys of the department of health described herein as agent of the department of health and shall pay such moneys to the commissioner for deposit into the health income fund.

2. Neither the corporation nor any subsidiary thereof shall create or permit to be created any pledge, assignment, encumbrance or security interest in any moneys of the department of health required to be deposited or maintained in the department of health income fund pursuant to section four hundred nine of the public health law or any agreement between the department of health and the dormitory authority, including investments and proceeds thereof, or the right of the department of health to receive or collect the same.

3. The state shall not give, grant, sell or convey, loan, license the use of or lease any property to the corporation or any subsidiary thereof except in compliance with the terms of any lease, sublease or other agreement between the dormitory authority and the department of health of the state of New York.

4. Neither the corporation nor any subsidiary thereof shall take any action, or suffer any action to be taken, which would adversely affect the exclusion of interest on any of the bonds issued by the dormitory authority to finance facilities for the department of health of the

state of New York from gross income for purposes of federal income taxation. The department of health shall provide oversight of the corporation's adherence to this subdivision as more fully described in the agreement set forth in subdivision two of section four hundred three of the public health law.

5. No power conferred upon the corporation or any subsidiary thereof by this article or any other provision of law shall be exercised in a manner that is inconsistent with the terms of any lease, sublease or other agreement between the dormitory authority and the department of health of the state of New York.

6. No lien granted by the corporation or any subsidiary thereof pursuant to this title shall give any lienor the right to compel the sale of any health facility which is currently owned by the state or the dormitory authority and which comprises the Roswell Park Cancer Institute.

TITLE 5
CLIFTON-FINE HEALTH CARE CORPORATION

§ 3600. Short title. This title may be cited as the "Clifton-Fine health care corporation act".

§ 3601. Legislative findings and purpose. The legislature hereby finds and declares as follows:

1. Currently, the Clifton-Fine Hospital is a public hospital owned and operated by the town of Clifton and the town of Fine.

2. The needs of the residents of the state of New York and of the towns of Clifton and Fine in St. Lawrence County can best be served by the operation of the Clifton-Fine Hospital by a public benefit corporation having the legal, financial and managerial flexibility to take full advantage of opportunities and challenges presented by the evolving health care environment.

3. In order to accomplish the purposes recited in this section to provide health care services and health facilities for the benefit of the residents of the state of New York and the towns of Clifton and Fine including persons in need of health care services without the ability to pay as required by law, a public benefit corporation to be known as the Clifton-Fine health care corporation shall be created to provide such services and facilities and to otherwise carry out such purposes; that the creation and operation of the Clifton-Fine health care corporation, as hereinafter provided, is in all respects for the benefit of the people of the state of New York and of the towns of Clifton and Fine and

is a state, municipal and public purpose; and that the exercise by such corporation of the functions, powers and duties as hereinafter provided constitutes the performance of an essential public and governmental function.

§ 3602. Definitions. As used or referred to in this title, unless a different meaning clearly appears from the context:

1. "Board" shall mean the board of directors of the corporation as established by section thirty-six hundred three of this title.

2. "Bonds" shall mean the bonds, notes or other evidences of indebtedness issued by the corporation pursuant to this title and the provisions of this title relating to bonds and bondholders shall apply with equal force and effect to notes and noteholders, respectively, unless the context otherwise clearly requires.

3. "Corporation" shall mean the public benefit corporation created by section thirty-six hundred three of this title, known as the Clifton-Fine health care corporation.

4. "Town" or "Towns" shall mean the towns of Clifton and Fine in St. Lawrence County, State of New York.

5. "Governing Board" shall mean with respect to each town, the town board.

6. "Supervisor or supervisors" shall mean the town supervisor of the town of Clifton or the town of Fine, St. Lawrence county.

7. "Health facility" shall mean a building, structure or unit or any improvement to real property, including all necessary and usual attendant and related equipment, facilities or fixtures, or any part or parts thereof, or any combination or combinations thereof, constructed, acquired or otherwise provided by or for the use of the corporation or the towns in providing health and medical services to the public.

8. "Director" shall mean a voting director appointed to the corporation pursuant to section thirty-six hundred three of this title.

§ 3603. Clifton-Fine health care corporation. 1. (a) There is hereby created a board to be known as the Clifton-Fine health care corporation which shall be a body corporate and politic constituting a public benefit corporation.

(b) The corporation shall be governed by eight voting directors to be appointed in the following manner as follows: (i) four directors shall be appointed by the town supervisor of the town of Fine; and (ii) four directors shall be appointed by the town supervisor of the town of Clifton, the governing body of each town shall make recommendations to their respective town supervisor pursuant to the recommendations of the board of the hospital for the initial directors, and pursuant to the recommendations of the board of the corporation for subsequent directors; provided, however, the town supervisors may appoint persons other than those so recommended. Any director absent for three successive regular meetings shall be deemed to have resigned from the board of directors unless said director has submitted in writing to the chairperson of the board of directors an acceptable reason for said absences. The first directors shall be appointed for the following terms from the first day of January, two thousand as follows: one from each town for a term of one year, one from each town for a term of two years, one from each town for a term of three years and one from each town for a term of four years. Subsequent appointments of directors shall be made in the same manner as set forth in this paragraph and for a term of five years. All directors shall continue to hold office until their successors are appointed and qualified. The resignation of any director shall be filed with the appointing authority and shall be effective when so filed. Vacancies occurring otherwise than by expiration of term of office, shall be filled in the same manner as set forth in this paragraph by the supervisor of the respective town for the unexpired term. Directors of the board may be removed from office for the same reasons and in the same manner as may be provided by law for the removal of officers of a town. The powers of the board shall be vested in and exercised by the directors as heretofore set forth and the board formed at a meeting called for said purpose by the chairperson of the existing board of managers of the Clifton-Fine Hospital.

(c) Each voting director should possess a high degree of experience or knowledge in relevant fields or a high degree of interest in the corporation and should reside in either the town of Clifton or the town of Fine. The appointment of any voting director to the corporation shall be based in part on the objective of ensuring that the corporation includes diverse and beneficial perspectives and experience, including, but not limited to, those of business management, law, finance, medical and/or other health professionals, health sector workers, and the patient or consumer perspective.

2. There shall be three non-voting members: one non-voting member shall be the chief executive officer of the corporation as appointed by the voting directors of the board; and two other non-voting members who shall be the town supervisors of the towns of Clifton and Fine. Such members shall have all of the rights and powers of the voting directors other than the right and power to vote including, but not limited to, the right to equal access to information, provided, however, when the board is acting pursuant to its authority under subdivision four of this section such chief executive officer may be excluded from such meeting and access to any information regarding actions of the board pursuant to such subdivision may be denied to him or her.

3. (a) The voting directors shall by majority vote elect from among its members annually a chairperson, a vice-chair to serve in the absence of the chairperson, a secretary and an assistant-secretary to serve in the absence of the secretary. The first election shall be held at the time of the first meeting of the members of the board.

(b) The members shall receive no compensation for their services, but may be reimbursed for their actual and necessary expenses incurred in connection with the performance of their official duties if the corporation shall so provide by resolution for such cases.

(c) The powers of the corporation shall be vested in and shall be exercised by the board at a meeting duly called and held where a quorum of five voting directors is present. No action shall be taken by the corporation except pursuant to the favorable vote of at least five voting directors present at the meeting at which such action is taken.

4. The voting directors shall select and shall determine the salary and benefits of the chief executive officer of the corporation. The voting directors shall have the authority to discharge the chief executive officer with or without cause; provided, however, that removal without cause shall not prejudice the contractual rights, if any, of the chief executive officer.

5. Notwithstanding any inconsistent provision of any general, special or local law, ordinance, resolution or charter, no officer, member or employee of the state or of any public corporation shall forfeit his or her office or employment by reason of his or her acceptance of appointment as a director, non-voting representative, officer or employee of the corporation, nor shall service as such a director, non-voting representative, officer or employee be deemed incompatible or in conflict with such office, or employment, and provided further, however, that no employee of the corporation or public officer elected to his or her office pursuant to the laws of the state or any municipality thereof may serve as a voting member of the governing body of the corporation during his or her term of office.

6. The corporation and its corporate existence shall continue until terminated by law, provided, however, that no such termination shall take effect so long as the corporation shall have bonds or other obligations outstanding, unless adequate provision has been made for the payment or satisfaction thereof. Upon termination of the existence of the corporation, all of the rights and properties of the corporation then remaining shall pass as the corporation and the towns may agree, and such terms and conditions may include reversion of said property and rights to the towns.

7. Contracts for work, construction or purchases to which the corporation is a party shall be subject to the provisions of article five-A of the general municipal law except as provided in subdivisions eight and nine of this section. In addition to the procedures prescribed

under section one hundred four of the general municipal law for the utilization of the terms of state contracts, the corporation may utilize the terms of a federal government general services contract where the terms are to the advantage of the corporation and have been offered to the corporation by the contractor. When bids have already been received by the corporation no purchase under a federal government general services contract shall be made unless the purchase may be made upon the same terms, conditions and specifications at a lower price through such contractor.

7-a. For the purposes of article fifteen-A of the executive law only, the authority shall be deemed a state agency as that term is used in such article, and all contracts for procurement, design, construction, services, and materials shall be deemed state contracts within the meaning of that term as set forth in such article.

8. It is the intent of the legislature that overall costs should in all cases by a major criterion in the selection of project developers for the award of contracts pursuant to this section and that, wherever practical, such contracts should be entered into through competitive bidding procedures as prescribed by sections one hundred one and one hundred three of the general municipal law. It is further the intent of the legislature to acknowledge the highly complex and innovative nature of medical technology, diagnostic and treatment devices, the relative newness of a variety of devices, processes and procedures now available, the desirability of a single point of responsibility for the development of medical treatment and diagnostic facilities and the economic and technical utility of contracts for medical projects which include in their scope various combinations of design, construction, operation, management and/or maintenance responsibility over prolonged periods of time. In some instances it may be beneficial to the corporation to award a contract for a medical project on the basis of factors other than cost alone, including but not limited to facility design, system reliability, efficiency, safety, and compatibility with other elements of patient care. Accordingly, and notwithstanding the provisions of any general, special or local law, a contract for a medical project entered into between the corporation and any project developer pursuant to this

article may be awarded pursuant to public bidding in compliance with sections one hundred one and one hundred three of the general municipal law or pursuant to the following provisions for the award of a contract based on evaluation of proposals submitted in response to a request for proposals prepared by or for the corporation:

(a) The corporation shall require that each proposal to be submitted by a project developer shall include:

(i) information relating to the experience and expertise of the project developer on the basis of which said project developer purports to be qualified to carry out all work required by a proposed contract; the ability of the project developer to secure adequate financing; and proposals for project staffing, implementation of work tasks, and the carrying out of all responsibilities by a proposed contract;

(ii) a proposal clearly identifying and specifying all elements of costs which would become charges to the corporation, in whatever form, in return for the fulfillment by the project developer for the full life-time of a proposed contract including, as appropriate, but not limited to the cost of planning, design, construction, operation, management and/or maintenance of any facility, and clearly identifying and specifying all elements of revenue which would accrue to the corporation from the operation of the facility or device or from any other source; provided, that the corporation may prescribe the form and content of such proposal and that, in any event, the project developer must submit sufficiently detailed information to permit a fair and equitable evaluation by the corporation of such proposal; and provided, further, that the corporation may set maximum allowable cost limits in any form in the request for proposals; and

(iii) such other information as the corporation may determine to have a material bearing on its ability to evaluate any proposal in accordance with this paragraph.

(b) Proposals received in response to such request for proposals shall be evaluated by the corporation as to net cost or, if a net revenue is projected, net revenue, and in a manner consistent with provisions set forth in the request for proposals, and may be evaluated on the basis of additional factors, including but not limited to the technical evaluation of the medical project including medical facility, facility design, system reliability, energy balance and efficiency. The evaluation of such proposals and the determination of whether a project developer is "responsible" may include, but shall not be limited to, consideration, in a manner consistent with provisions set forth in the request for proposals, the record of the project developer is complying with existing labor standards and recognizing state and federally approved apprentice training programs.

(c) The corporation may make a contract award to any responsible project developer based on a determination by the corporation that the selected proposal is most responsive to the request for proposals and may negotiate with any project developer.

Whenever the corporation enters into a contract pursuant to this section for a medical project which involves construction the provisions of section two hundred twenty of the labor law shall be applicable to such construction work.

9. Every contract entered into between the corporation and a project developer, pursuant to the provisions of paragraph (c) of subdivision eight of this section, for a medical project involving construction of a medical building by the project developer, shall contain provisions that such building shall be constructed through construction contracts awarded through bidding in accordance with paragraphs (a) through (g) of this subdivision; that the project developer or the project developer's construction subcontractor shall furnish a bond guaranteeing prompt payment of moneys that are due to all persons furnishing labor and materials pursuant to the requirements of such construction contracts, and that a copy of such payment bond shall be kept by the corporation and shall be open to public inspection; provided, however, that the requirements of this subdivision shall not apply when the cost of such construction, exclusive of the cost of medical equipment and devices, is less than five hundred thousand dollars.

(a) The project developer shall advertise for bids for such construction contracts in the official newspaper or newspapers, if any, or otherwise in a newspaper or newspapers designated for such purpose. Such advertisements shall contain a statement of the time and place where all bids received pursuant to such notice will be publicly opened and read. An employee of the corporation shall be designated to open the bids at the time and place specified in the notice. All bids received shall be publicly opened and read at the time and place so specified. At least five days shall elapse between the publication of such advertisement and date on which the bids are opened.

(b) Except as otherwise provided in section two hundred twenty-two of the labor law, when the entire cost of constructing such building, exclusive of any medical equipment, apparatus or devices, shall exceed five hundred thousand dollars, the project developer shall prepare separate specifications for the following subdivisions of such work, so as to permit separate and independent bidding upon each subdivision:

(i) plumbing and gas fittings;

(ii) steam heating, hot water heating, ventilating and air conditioning apparatus; and

(iii) electric wiring and standard illuminating fixtures.

(c) After public competitive bidding, the project developer shall award one or more separate contracts for each of the subdivisions of such work set forth in subparagraphs (i), (ii) and (iii) of paragraph (b) of this subdivision, whenever separate specifications are required pursuant to paragraph (b) of this subdivision, and one or more contracts for the remainder of such work. The project developer may award such contract at different times. Contracts awarded pursuant to this subdivision shall be awarded by the project developer to the lowest responsible and responsive bidder and shall be contracts of the project developer and not of the corporation which shall have no obligation or liabilities, whatsoever, thereunder. The project developer shall have the responsibility for the supervision, coordination, and termination of such contracts, unless otherwise specified in contractual terms between the project developer and the corporation.

(c-1) Each bidder on a public work contract, where the preparation of separate specifications is not required, shall submit with its bid a separate sealed list that names each subcontractor that the bidder will use to perform work on the contract, and the agreed-upon amount to be paid to each, for: (i) plumbing and gas fitting, (ii) steam heating, hot water heating, ventilating and air conditioning apparatus and (iii) electric wiring and standard illuminating fixtures. After the low bid is announced, the sealed list of subcontractors submitted with such low bid shall be opened and the names of such subcontractors shall be announced, and thereafter any change of subcontractor or agreed-upon amount to be paid to each shall require the approval of the public owner, upon a showing presented to the public owner of legitimate construction need for such change, which shall be open to public inspection. Legitimate construction need shall include, but not be limited to, a change in project specifications, a change in construction material costs, a change to subcontractor status as determined pursuant to paragraph (e) of subdivision two of section two hundred twenty-two of the labor law, or the subcontractor has become otherwise unwilling, unable or unavailable to perform the subcontract. The sealed lists of subcontractors submitted by all other bidders shall be returned to them unopened after the contract award.

(d) In determining whether a prospective contractor is responsible and responsive, the project developer may require that prospective contractors:

(i) have adequate financial resources or the ability to obtain such resources;

(ii) be able to comply with the required or proposed delivery or performance schedule;

(iii) have a satisfactory record of performance;

(iv) have the necessary organization, experience, operational controls, and technical skills, or the ability to obtain them;

(v) have the necessary production, construction and technical equipment and facilities, or the ability to obtain them; and

(vi) be eligible to receive an award under applicable laws and regulations and be otherwise qualified.

(e) The project developer may reject any bid of a bidder which the project developer determines to be nonresponsible or nonresponsive to the advertisement for bids.

(f) The project developer may, in its discretion, reject all bids, and may revise bid specifications and may readvertise for bids as provided herein.

(g) As used in this section:

(i) "project developer" means any private corporation, partnership, limited liability company, or individual, or combination thereof which has submitted a proposal in response to a request for proposals;

(ii) "construction" shall include reconstruction, rehabilitation or improvement exclusive of the installation and assembly of any medical equipment, apparatus or device;

(iii) "medical building" means that component of a medical project constituting appurtenant structures or facilities necessary to house or render the remaining components of the medical project operational. Medical building shall not include apparatus, equipment, devices, systems, supplies or any combination thereof;

(iv) "medical project" means any substantial durable apparatus, equipment, device or system, or any combination of the foregoing, including services necessary to install, erect, or assemble the foregoing and any appurtenant structures or facilities necessary to house or render the foregoing operational, to be used for the purpose of care, treatment or diagnosis of disease or injury or the relief of pain and suffering of sick or injured persons. Medical projects shall not include ordinary supplies and equipment expended or utilized in the customary care and treatment of patients.

10. (a) For purposes of applying section eighty-seven of the public officers law, to the corporation, the term "trade secrets" shall include marketing strategy or strategic marketing plans, analyses, evaluations and pricing strategies or pricing commitments of the corporation, relating to business development, which, if disclosed, would be likely to injure the competitive position of the corporation.

(b) In addition to the matters listed in section one hundred five of the public officers law, the corporation may conduct an executive session for the purpose of considering marketing strategy or strategic marketing plans, analyses, evaluations and pricing strategies of the corporation, relating to business development, which, if disclosed, would be likely to injure the competitive position of the corporation.

§ 3604. Transfer of officers and employees; civil service. 1. (a) On the effective date of the transfer of the facilities and operations of the Clifton-Fine Hospital pursuant to an agreement between the towns and the corporation as authorized in this title, officers and employees employed in the hospital by the town shall become officers and employees of the corporation with equivalent offices, positions and employment therewith and shall be deemed public officers or public employees for all purposes.

(b) In accordance with the provisions of section seventy of the civil service law, for a period not to extend beyond six months from the effective date of the transfer of the facilities and operations of the Clifton-Fine Hospital pursuant to an agreement between the towns and the corporation as authorized in this title, any other officer or employee of the towns may, at the request of the corporation and with the consent of the appropriate town supervisor and the officer or employee, be transferred to the corporation and shall be eligible for such transfer and appointment, without further examination, to applicable offices, positions and employment under the corporation.

(c) Any person who, at the time he or she becomes an officer or employee of the Clifton-Fine Hospital pursuant to paragraph (a) or (b) of this subdivision, has a temporary or provisional appointment shall be transferred subject to the same right of removal, examination or termination as though such transfer had not been made except to the extent such rights are modified by a collective bargaining agreement.

(d) There shall be no layoffs of any officers or employees of the Clifton-Fine Hospital which are a direct consequence of the enactment of this title. There shall be a presumption that any layoffs occurring more than twenty-four months after the effective transfer date described in this subdivision shall be deemed not to be such a direct consequence.

(e) Nothing contained in this section shall be construed to prevent the elimination of any service at any time as a result of the elimination of state or federal assistance, the elimination of available revenue reimbursement, loss of certification or licensure, or loss of financial viability.

2. The salary or compensation of any such officer or employee, after such transfer, shall be paid by the corporation. The corporation shall, upon transfer, acknowledge and give credit for all leave balances held by such officers and employees on the date of transfer.

3. The corporation shall be subject to the civil service law. For the purposes of such law, any titles, upon the effective transfer date described in subdivision one of this section, in the exempt class shall

remain exempt.

§ 3605. General powers of the corporation. Except as limited by this title, the public health law, the mental hygiene law, the social services law, the education law or any other applicable law or regulation, the corporation shall have power:

1. to sue and be sued;

2. to have a seal and alter the same at pleasure;

3. to borrow money and issue bonds for any of its corporate purposes or its projects, or to refund the same, and to provide for the rights of the holders thereof;

4. to make and alter by-laws for its organization and management, and, subject to agreements with its bondholders, to make and alter rules and regulations governing the exercise of its powers and the fulfillment of its purposes under this title;

5. (a) to acquire by purchase, grant, lease, gift, or otherwise and to hold and use property necessary, convenient or desirable to carry out its corporate purposes, and to sell, convey, mortgage, lease, pledge, exchange or otherwise dispose of any such property in such manner as the corporation shall determine;

(b) to acquire by condemnation pursuant to the provisions of the eminent domain procedures law any real property within the towns required by the corporation to carry out the powers granted by this title with the approval of both of the governing boards of the towns;

6. to acquire, construct, lease, expand, improve, maintain, equip, furnish, operate one or more projects and, if necessary, to pay or finance the cost thereof;

7. to accept gifts, grants, loans or contributions of funds or property or financial or other aid in any form from, and enter into

contracts or other transactions with, the federal government, the state or any public corporation or any other source, and to use any such gifts, grants, loans or contributions for any of its corporate purposes;

8. to grant options to renew any lease with respect to any project or projects and to grant options to buy any project at such price as the corporation may deem desirable;

9. to designate the depositories of its money;

10. to establish its fiscal year;

11. to enter into contracts and to execute all instruments necessary or convenient or desirable for the purposes of the corporation to carry out any powers expressly given to it in this title;

12. to appoint such officers, employees and agents as the corporation may require for the performance of its duties and to fix and determine their qualifications, duties, and compensation subject to the provisions of the civil service law, and to retain or employ counsel, auditors, engineers and private consultants on a contract basis or otherwise for rendering professional, management or technical services and advice;

13. to use employees, agents, consultants and facilities of the towns, paying such towns their agreed proportion of the compensation or costs pursuant to an agreement with the towns;

14. to make and adopt plans, surveys and studies necessary, convenient or desirable to the effectuation of the purposes and powers of the corporation and to prepare recommendations in regard thereto;

15. except as limited by state law or regulation, to fix and collect rates, rentals, fees and other charges for the services rendered by or for use of the facilities or in the exercise of the powers of the corporation;

16. to enter upon such lands, waters or premises as in the judgment of

the corporation may be necessary, convenient or desirable for the purpose of making surveys, soundings, borings and examinations to accomplish any purpose authorized by this title, the corporation being liable for actual damage done;

17. the corporation may covenant and consent that the interest on any of its bonds or notes issued pursuant to this title shall be includable, under the United States Internal Revenue Code of 1986, as amended (the "code") or any subsequent corresponding internal revenue law of the United States, in gross income of the holders of the bonds or notes to the same extent and in the same manner that the interest on bills, bonds, notes or other obligations of the United States is includable in the gross income of the holders thereof under the code or any such subsequent law;

18. to insure or otherwise to provide for the insurance of the corporation's property or operations and also contract against such other risks as the corporation may deem advisable; and

19. to do all things necessary, convenient or desirable, including ancillary and incidental activities, to carry out its purposes and for the exercise of the powers granted in this title.

§ 3606. Special powers of the corporation. In order to effectuate the purposes of this title, the corporation shall have the following additional powers, except as limited by this title, the public health law, the mental hygiene law, the social services law, the education law and any other applicable law or regulation:

1. To operate, manage, superintend and control any health facility under its jurisdiction and to repair, maintain and otherwise keep up any such health facility; and to establish, collect and adjust fees, rentals, and other charges for the sale, lease or sublease of any such health facility, subject to the terms and conditions of any contract, lease, sublease or other agreement with the towns;

2. To provide health and medical services for the public directly or by agreement or lease with any person, firm or private or public corporation or association through or in the health facilities of the corporation or otherwise and to make internal policies governing admissions and health and medical services; and to establish, collect and adjust fees and other charges for the provision of such health and medical services; and to provide and maintain resident physician and intern medical services; and to sponsor and conduct research, educational and training programs;

3. To provide uncompensated care to persons in need of health care services without the ability to pay;

4. (a) To provide, maintain and operate a medical transport service, provided, however, nothing herein shall prohibit the corporation from adopting a schedule of charges for medical transport;

(b) For purposes of section three thousand eight of the public health law, the corporation shall be deemed to be a municipality for the purposes of determining a public need to operate an ambulance service;

5. To enter into contracts, leases, subleases and other agreements for the purpose of affiliating with a medical college in conjunction with the corporation's health facilities, which agreements may provide for the management, operation and staffing of health facilities, the reconstruction, renovation or addition to health facilities; the provision of necessary facilities, utilities and services; and such other conditions or features necessary and proper for such purpose and for the public health and general welfare;

6. To determine the conditions under which a physician may be extended the privilege of practicing within a health facility under the jurisdiction of the corporation, and to promulgate reasonable internal policies for the conduct of all persons, physicians and nurses within such facility;

7. To participate in managed care networks, fee-for-service, and other joint and cooperative arrangements for the provision of general

comprehensive and specialty health care services, directly or through contract with other service providers or entities including employees or entities of the state;

8. To establish subsidiary corporations or other entities in accordance with subdivision nine of this section:

(a) to meet the demands of health care delivery changes; and

(b) to market, manufacture or develop products or services developed by the corporation's clinical and research activities;

9. (a) To form or participate in the formation of one or more entities pursuant to the business corporation law, the limited liability company law, the not-for-profit corporation law, or the partnership law in order to effectuate the purposes and powers of subdivisions seven and eight of this section.

(b) No subsidiary of the corporation shall own, operate, manage or control the existing acute inpatient and outpatient facilities and services now in operation on the grounds of the Clifton-Fine Hospital.

(c) Any such subsidiary may be authorized to act as a general or limited partner in a partnership or as a member of a limited liability company, and enter into an arrangement calling for an initial and subsequent payment by such subsidiary in consideration of an interest in revenues or other contractual rights.

§ 3607. Transfer of property; relationship with the towns; certain gifts, loans and guarantees by the towns. 1. (a) Either town may give, grant, sell, convey, loan, license the use of, or lease to the corporation any property (except monies appropriated by the town and payable to the corporation pursuant to subdivision three and paragraph (a) of subdivision four of this section) which are useful in connection with the exercise by the corporation of any of its powers under this title in order to transfer the facilities and operations of the Clifton-Fine Hospital to the corporation by agreement between the towns and the corporation and any subsequent renewal or amendment thereof, by local law adopted by a majority of both town boards, notwithstanding any general, special or local law, ordinance, resolution or charter.

(b) Any such gift, grant, sale, conveyance, loan, license or lease shall be upon such terms and conditions, for such consideration, if any, and for such term or terms of years, subject to the rights of the holders of any bonds, as the corporation and the towns may agree. No real property of the towns consisting of any health facility currently operated by the Clifton-Fine Hospital shall be transferred to the corporation in fee, except under such restrictions regarding rights of first refusal, or other rights, to repurchase the property as the town boards shall approve by act, and subject to a restrictive covenant prohibiting the corporation from pledging or mortgaging the fee interest in the property. In the event that the town gives, grants, sells, conveys, loans, licenses or leases any facilities to the corporation, the towns may contract with the corporation to lease, borrow, license, operate, maintain, manage and provide services for such facilities upon such terms and conditions and for such term or terms of years, subject to the rights of holders of bonds, as the corporation and the towns may agree. The corporation, in furtherance of any purchase, conveyance or lease of any property or facility from the towns, may assume the primary responsibility for the payment of the principal and interest on any bonds or notes issued by the towns for such property or facility.

2. The town may acquire by purchase, grant, lease, gift or condemnation pursuant to the eminent domain procedure law, real property in the name of the towns for any corporate purpose of the corporation.

3. In addition to any other powers granted to it by law and consistent with the constitution and other provisions of law, the towns may, from time to time, appropriate sums of money to defray project costs or any other costs or expenses of the corporation including operating expenses.

Subject to the rights of bondholders, the towns may determine if the monies so appropriated shall be subject to repayment by the corporation to the towns and, in such event, the manner and time or times for such repayment.

4. In addition to the authority granted elsewhere in this title and by other applicable laws, the corporation and the towns may enter into a

contract or contracts from time to time providing for one or more of the following:

(a) the payment of sums appropriated by the towns pursuant to subdivision three of this section;

(b) the payment of sums for health care services provided by the corporation which could otherwise be provided directly by the towns, including services for uncompensated care;

(c) services to be provided by the towns to or on behalf of the corporation;

(d) the transfer of employees of the towns to the corporation as provided in section thirty-six hundred four of this title;

(e) indemnification by the corporation to the towns for claims associated with establishment of and operation of the corporation and its health facilities;

(f) the gift, grant, sale, conveyance, loan, license or lease by the towns to the corporation of any property (except monies appropriated by the county and payable to the corporation pursuant to subdivision three and paragraph (a) of this subdivision) or facilities which are useful in connection with the exercise by the corporation of any of its powers under this title not transferred pursuant to the authority granted in paragraph (a) of subdivision one of this section, which gift, grant, sale, conveyance, loan, license or lease shall nevertheless be subject to paragraph (b) of subdivision one of this section; and

(g) such other matters as may be appropriate to accomplish the purposes hereof.

Any such contract or contracts shall be authorized by the towns by act adopted by majority vote of the town boards. Such contract or contracts shall include such terms and conditions, be for such consideration, if any, and have such term or terms of years, as the corporation and the towns may agree.

5. (a) Notwithstanding any general, special or local law or charter provisions to the contrary, the towns of Clifton and Fine shall have the power and are hereby authorized, pursuant to section seven of article seventeen of the state constitution, to lend money or credit to or in aid of the corporation or any subsidiary thereof for the purpose of

providing health related facilities or hospital facilities for the prevention, diagnosis or treatment of human disease, pain, injury, disability, deformity or physical condition, and for facilities incidental or appurtenant thereto as may be prescribed by law. The towns are hereby authorized to prescribe such facilities by local law of the towns. The corporation or any such subsidiary thereof, as a condition to any such loan of money or credit, shall enter into a regulatory agreement with the towns as to its charges, profits, dividends and disposition of its property of franchises, which agreement shall be binding and enforceable by the towns insofar as this regulates such charges, profits, dividends and disposition of property. The towns may elect in such regulatory agreement to refrain from exercising all or any portion of its authority to so regulate such charges, profits, dividends and disposition of property to the extent such charges, profits, dividends and disposition of property are regulated by the state or any agency thereof. The towns shall authorize such regulatory agreement by local law.

(b) In pursuance of the authority granted herein, the towns shall have the power and is hereby authorized from time to time to issue bonds, notes or other obligations in such principal amounts as they shall deem necessary, after taking into account other monies which may be available for the purposes set forth herein. Such bonds, notes or obligations shall be issued for the purpose of making loans to the corporation or any subsidiary thereof, paying interest on such bonds, notes or other obligations, establishment of reserves to secure such notes, bonds, or other obligations, and paying all other obligations and expenditures incidental to and necessary or convenient for the making of such loans. Such bonds, notes or obligations shall be issued in accordance with the applicable provisions of this chapter and the local finance law and applicable local laws.

(c) Any guarantee by the towns made pursuant to the authority granted in this section shall be authorized by act or acts of the towns in the same manner as such act or acts authorizing the issuance of bonds of the towns for the purposes for which such guarantee is undertaken.

(d) The towns shall also be authorized to enact laws governing the conditions under which such loans, commitments and guarantees shall be made.

6. For purposes of subdivision four of paragraph a of section 25.00 of the local finance law, amounts to be derived by the towns from the corporation, or any subsidiary thereof, shall be included in the term "other income".

7. (a) Notwithstanding the provisions of any other state or local law to the contrary, including, but not limited to, sections six-n and six-j of the general municipal law, with the approval of the town boards, amounts deposited for or on behalf of the Clifton-Fine Hospital in the liability and casualty and workers' compensation reserve funds established by the towns pursuant to said sections of the general municipal law, and investment earnings thereon, may be withdrawn by the towns from such funds and transferred to the corporation and shall be used by the corporation for the purposes for which such funds were established.

(b) No amounts shall be withdrawn and transferred to the corporation pursuant to this subdivision unless prior thereto the corporation has agreed in writing to indemnify and hold harmless the towns, and provide defense, for all claims, cases, proceedings, actions or other matters against the towns arising out of the properties, facilities, operations or employees of the corporation of the Clifton-Fine Hospital, whether commenced before or after the date of transfer of said amounts, and to provide such other security for this obligation as the towns may reasonably require.

§ 3608. Bonds or notes of the corporation. 1. The corporation shall have the power and is hereby authorized from time to time to issue bonds, notes or other obligations to pay the cost of any project or for any other corporate purpose, including the establishment of reserves to secure the bonds, the payment of principal of, premium, if any, and interest on the bonds and the payment of incidental expenses in connection therewith. The corporation shall have the power and is hereby authorized to enter into such agreements and perform such acts as may be required under any applicable federal legislation to secure a federal guarantee or other subsidy with respect to any bonds.

2. The corporation shall have the power from time to time to renew bonds or to issue renewal bonds for such purpose, to issue bonds to pay bonds, and, whenever it deems refunding expedient, to refund any bond by the issuance of new bonds, whether the bonds to be refunded have or have not matured, and may issue bonds, partly to refund bonds then outstanding and partly for any other corporate purpose of the corporation. Bonds issued for refunding purposes shall be sold and the proceeds applied to the purchase, redemption or payment of the bonds or notes to be refunded.

3. Bonds issued by the corporation may be general obligations secured by the faith and credit of the corporation or may be special obligations payable solely out of particular revenues or other monies as may be designated in the proceedings of the corporation under which the bonds shall be authorized to be issued, subject as to priority only to any agreements with the holders of outstanding bonds pledging any particular property, revenues or monies. The corporation may also enter into loan agreements, lines of credit and other security agreements and obtain for or on its behalf letters of credit, insurance, guarantees or other credit enhancements to the extent now or hereafter available, in each case for securing its bonds or to provide direct payment of any costs which the corporation is authorized to pay.

4. (a) Bonds shall be authorized by resolution of the corporation, be in such denominations and bear such date or dates and mature at such time or times, as such resolution may provide, provided that bonds and renewals thereof shall mature within forty years from the date of original issuance of any such bonds.

(b) Bonds shall be subject to such terms of redemption, bear interest at such rate or rates, be payable at such times, be in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, and be subject to such terms and conditions as such resolution may provide. Notwithstanding any other provision of law, the bonds of the corporation issued pursuant to this section shall be sold to the bidder offering the lowest true interest cost, taking into consideration any premium or discount not less than four nor more than fifteen days, Sunday excepted, after a notice of such sale has been published at least once in a newspaper of general circulation in the area served by the corporation, which shall state the terms of the sale. The terms of the sale may not change unless notice of such change is published in such newspaper at least one day prior to the date of the sale as set forth in the original notice of sale. Advertisements shall contain a provision to the effect that the corporation, in its discretion, may reject any or all bids made pursuant to such advertisements, and in the event of such rejection, the corporation is authorized to negotiate a private or public sale or readvertise for bids in the form and manner above described as many times as, in its judgment, may be necessary to effect satisfactory sale.

(c) Notwithstanding the provisions of paragraph (b) of this subdivision, whenever in the judgment of the corporation the interests of the corporation will be served thereby, the directors of the corporation, on the written recommendation of the chairperson may authorize the sale of such bonds at private or public sale on a negotiated basis or on either a competitive or negotiated basis. The corporation shall set guidelines governing the terms and conditions of any such private or public sales. The private or public bond sale guidelines set by the corporation shall include, but not be limited to, a requirement that where the interests of the corporation will be served by a private or public sale of bonds, the corporation shall select underwriters for each private or public bond sale conducted pursuant to a request for proposal process undertaken from time to time and consideration of proposals from qualified underwriters as determined by the corporation.

(d) The corporation shall have the power from time to time to amend such private bond sale guidelines in accordance with the provisions of this subdivision.

(e) No private or public bond sale on a negotiated basis shall be conducted by the corporation without prior approval of the state comptroller. The corporation shall annually prepare and approve a bond sale report which shall include the private or public bond sale guidelines as specified in this subdivision, amendments to such guidelines since the last private or public bond sale report, an explanation of the bond sale guidelines and amendments, and the results of any sale of bonds conducted during the fiscal year. Such bond sale report may be a part of any other annual report that the corporation is required to make.

(f) The corporation shall annually submit its bond sale report to the state comptroller and copies thereof to the senate finance committee and the assembly ways and means committee.

(g) The corporation shall make available to the public copies of its bond sale report upon reasonable request thereof.

(h) Nothing contained in this subdivision shall be deemed to alter, affect the validity of, modify the terms of, or impair any contract or agreement made or entered into in violation of, or without compliance with, the provisions of this subdivision.

5. Any resolution or resolutions authorizing bonds or any issue of bonds by the corporation may contain provisions which may be a part of the contract with the holders of the bonds thereby authorized as to:

(a) pledging all or part of the revenues, together with any other monies or property of the corporation to secure the payment of the bonds, or any costs of issuance thereof, including but not limited to, any contracts, earnings or proceeds of any grant to the corporation received from any private or public source subject to such agreements with bondholders as may then exist;

(b) the setting aside of reserves and the creation of sinking funds and the regulation and disposition thereof;

(c) limitations on the purpose to which the proceeds from the sale of bonds may be applied;

(d) the rates, rents, fees and other charges to be fixed and collected by the corporation and the amount to be raised in each year thereby and the use and disposition of revenues;

(e) limitations on the right of the corporation to restrict and regulate the use of the project or part thereof in connection with which bonds are issued;

(f) limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured and the refunding of outstanding or other bonds;

(g) the procedure, if any, by which the terms of any contract with

bondholders may be amended or abrogated, including the proportion of bondholders which must consent thereto, and the manner in which such consent may be given;

(h) the creation of special funds into which any revenues or monies may be deposited;

(i) the terms and provisions of any trust, mortgage, deed or indenture securing the bonds under which the bonds may be issued;

(j) vesting in a trustee or trustees such properties, rights, powers and duties in trust as the corporation may determine which may include any or all of the rights, powers and duties of the trustees appointed by the bondholders pursuant to this title or limiting the rights, duties and powers of such trustee;

(k) defining the acts or omissions to act which may constitute a default in the obligations and duties of the corporation to the bondholders and providing for the rights and remedies of the bondholders in the event of such default, including as a matter of right appointment of a receiver, provided, however, that such rights and remedies shall not be inconsistent with the general laws of the state and other provisions of this title;

(l) limitations on the power of the corporation to sell or otherwise dispose of any project or any part thereof or other property;

(m) limitations on the amount of revenues and other monies to be expended or operating, administrative or other expenses of the corporation;

(n) the payment of the proceeds of bonds, revenues and other monies to a trustee or other depository, and for the method of disbursement thereof with such safeguards and restrictions as the corporation may determine; and

(o) any other matters of like or different character which in any way affect the security or protection of the bonds or the rights and remedies of the bondholders.

6. In addition to the powers herein conferred upon the corporation to secure its bonds, the corporation shall have the power in connection with the issuance of bonds to adopt resolutions and enter into such trust indentures, agreements or other instruments as the corporation may deem necessary, convenient or desirable concerning the use or

disposition of its revenues or other monies or property, including the mortgaging of any property and the entrusting, pledging or creation of any other security interest in any such revenues, monies or property and the doing of any act, including refraining from doing any act which the corporation would have the right to do in the absence of such resolutions, trust indentures, agreements or other instruments. The corporation shall have power to enter into amendments of any such resolutions, trust indentures, agreements or other instruments within the powers granted to the corporation by this title and to perform such resolutions, trust indentures, agreements or other instruments. The provisions of any such resolutions, trust indentures, agreements or other instruments may be made a part of the contract with the holders of bonds of the corporation.

7. Any provision of the uniform commercial code to the contrary notwithstanding, any pledge of or other security interest in revenues, monies, accounts, contract rights, general intangibles or other personal property made or created by the corporation shall be valid, binding and perfected from the time when such pledge is made or other security interest attaches without any physical delivery of the collateral or further act, and the lien of any such pledge or other security interest shall be valid, binding and perfected against all parties having claims of any kind in tort, contract or otherwise against the corporation irrespective of whether or not such parties have notice thereof. No instrument by which such a pledge or security interest is created nor any financing statement need be recorded or filed.

8. Whether or not the bonds of the corporation are of such form and character as to be negotiable instruments under the terms of the uniform commercial code, the bonds are hereby made negotiable instruments within the meaning of and for all the purposes of the uniform commercial code, subject only to the provisions of the bonds for registration.

9. Neither the directors nor the non-voting representative nor the officers of the corporation nor any person executing its bonds shall be liable personally on its bonds or be subject to any personal liability or accountability by reason of the issuance thereof.

10. Subject to such agreements with bondholders as may then exist, the corporation shall have power out of any funds available therefor to purchase bonds of the corporation, in lieu of redemption, at a price not exceeding, if the bonds are then redeemable, the redemption price then applicable plus accrued interest to the next interest payment date, or, if the bonds are not then redeemable, the redemption price applicable on the first date after such purchase upon which the bonds become subject to redemption plus accrued interest to the next interest payment date. Bonds so purchased shall thereupon be canceled.

11. The corporation shall have power and is hereby authorized to issue negotiable bond anticipation notes in conformity with applicable provisions of the uniform commercial code and may renew the same from time to time but the maximum maturity of any such note, including renewals thereof, shall not exceed five years from the date of issue of such original note.

§ 3609. Remedies of bondholders. Subject to any resolution or resolutions adopted pursuant to this title:

1. In the event that the corporation shall default in the payment of principal of or interest on any issue of bonds after the same shall become due, whether at maturity or upon call for redemption, and such default shall continue for a period of thirty days, or in the event that the corporation shall fail or refuse to comply with the provisions of this title or shall default in any agreement made with the holders of any issue of bonds, the holders of twenty-five percent in aggregate principal amount of the bonds of such issue then outstanding, by instrument or instruments filed in the office of the clerk of the county in which the principal office of the corporation is located and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of such bonds for the purpose herein provided.

2. Such trustee may, and upon written request of the holders of

twenty-five per centum in principal amount of such bonds outstanding shall, in its own name:

(a) by action or proceeding in accordance with the civil practice law and rules, enforce all rights of the bondholders, including the right to require the corporation to collect rents, rates, fees and charges adequate to carry out any agreement as to, or pledge of, such rents, rates, fees and charges and to require the corporation to carry out any other agreements with the holders of such bonds to perform its duties under this title;

(b) bring an action or proceeding upon such bonds;

(c) by action or proceeding, require the corporation to account as if it were the trustee of an express trust for the holders of such bonds;

(d) by action or proceeding, enjoin any acts or things which may be unlawful or in violation of the rights of the holders of such bonds; and

(e) declare all such bonds due and payable, and if all defaults shall be made good, then with the consent of the holders of the twenty-five per centum of the principal amount of such bonds then outstanding, to annul such declaration and its consequences.

3. Such trustee shall in addition to the foregoing have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth herein or incident to the general representation of bondholders in the enforcement and protection of their rights.

4. The supreme court shall have jurisdiction of any action or proceeding by the trustee on behalf of such bondholders. The venue of any such action or proceeding shall be laid in the county of St. Lawrence.

5. Before declaring the principal of bonds due and payable, the trustee shall first give thirty days notice in writing to the corporation.

6. Any such trustee, whether or not the issue of bonds represented by such trustee has been declared due and payable, shall be entitled as of right to the appointment of any receiver of any part or parts of the

project, the revenues of which are pledged for the security of the bonds of such issue, and such receiver may enter and take possession of such part or parts of the project and, subject to any pledge or agreement with the holders of such bonds, shall take possession of all monies and other property derived from such part or parts of the project and proceed with any construction thereon or the acquisition of any property, real or personal, in connection therewith that the corporation is under obligation to do, and to operate, maintain and reconstruct such part or parts of the project and collect and receive all revenues thereafter arising therefrom subject to any pledge or agreement with bondholders relating thereto and perform the public duties and carry out the agreements and obligations of the corporation under the direction of the court. In any suit, action or proceeding by the trustee, the fees, counsel fees and expenses of the trustee and of the receiver, if any, shall constitute taxable disbursements and all costs and disbursements allowed by the court shall be a first charge on any revenues derived from the properties.

§ 3610. State and towns not liable on corporation bonds. (a) The state shall not be liable on the bonds or notes of the corporation and such bonds or notes shall not be a debt of the state, and such bonds and notes shall contain on the face thereof a statement to such effect.

(b) Except as may be authorized by the town pursuant to section seven of article seventeen of the state constitution and section thirty-six hundred eight of this title, the town shall not be liable on the bonds or notes of the corporation and such bonds or notes shall not be a debt of the town, and such bonds and notes shall contain on the face thereof a statement to such effect or a statement describing the town liability thereon, if any.

§ 3611. Monies of the corporation. All monies of the corporation from whatever source derived shall be paid to the treasurer of the corporation and shall be deposited forthwith in a bank or banks designated by the corporation. The monies in such accounts shall be paid out or withdrawn on the order of such person or persons as the corporation may authorize to make such requisitions. All deposits of such monies shall be secured by obligations of the United States or of the state or of any municipality of a market value equal at all times to the amount on deposit and all banks and trust companies are authorized to give such security for such deposits. Alternatively, monies of the corporation may be deposited in money market funds rated in the highest short term or long term rating category by at least one nationally recognized rating agency. To the extent practicable, consistent with the cash requirements of the corporation, all such monies shall be deposited in interest bearing accounts. The corporation shall have power, notwithstanding the provisions of this section, to contract with the holders of any bonds as to the custody, collection, security, investment and payment of any monies of the corporation or any monies held in trust or otherwise for the payment of bonds or any way to secure bonds, and carry out any such contract notwithstanding that such contract may be inconsistent with the provisions of this section. Monies held in trust or otherwise for the payment of bonds or in any way to secure bonds and deposits of such monies may be secured in the same manner as monies of the corporation and all banks and trust companies are authorized to give such security for such deposits. Any monies of the corporation not required for immediate use or disbursement may, at the discretion of the corporation, be invested in accordance with guidelines established by the corporation's board and amended from time to time. Subject to the provisions of any contract with bondholders and with the approval of the state comptroller, the corporation shall prescribe a system of accounts.

§ 3612. Bonds; legal investment for fiduciaries. The bonds of the corporation are hereby made securities in which all public officers and bodies of the state and all municipalities, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and saving associations, including savings and loan associations, building and loan associations, investment companies and other persons carrying on a banking business, and administrators, guardians, executors, trustees and other fiduciaries and all other persons whatsoever, who are now or may hereafter be authorized to invest in bonds or other obligations of the state may properly and legally invest funds including capital in their control or belonging to them. The bonds are also hereby made securities which may be deposited with and may be received by all public officers and bodies of the state and all municipalities for any purposes for which the deposit of bonds or other obligations of this state is now or hereafter may be authorized.

§ 3613. Agreement with state. The state does hereby pledge to and agree with the holders of any bonds issued by the corporation pursuant to this title and with those persons or public corporations who may enter into contracts with the corporation pursuant to the provisions of this title that the state will not alter, limit or impair the rights hereby vested in the corporation to purchase, construct, own and operate, maintain, repair, improve, reconstruct, renovate, rehabilitate, enlarge, increase and extend, or dispose of any project, or any part or parts thereof for which bonds of the corporation shall have been issued, to establish and collect rates, rents, fees and other charges referred to in this title, to fulfill the terms of any contracts or agreements made with or for the benefit of the holders of bonds or with any person or public corporation with reference to such project or part thereof, or in any way to impair the rights and remedies of the holders of bonds, until the bonds, together with interest thereon, including interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of the holders of bonds, are fully met and discharged and such contracts are fully performed on the part of the corporation. The corporation is authorized to include this pledge and agreement of the state in any agreement with the holders of bonds.

§ 3614. Agreement with towns. The towns are authorized to pledge to and agree with the holders of any bonds issued by the corporation pursuant to this title and with those persons or public corporations who may enter into contracts with the corporation pursuant to the provisions of this title that the towns will not alter, limit or impair the rights hereby vested in the corporation to purchase, construct, own and operate, maintain, repair, improve, reconstruct, renovate, rehabilitate, enlarge, increase and extend, or dispose of any project, or any part or parts thereof, for which bonds of the corporation shall have been issued, to establish, collect and adjust rates, rents, fees and other charges referred to in this title, to fulfill the terms of any agreements made with the holders of the bonds or with any public corporation or person with reference to such project or part thereof, or in any way impair the rights and remedies of the holders of bonds, until the bonds, together with interest thereon, including interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of the holders of bonds, are fully met and discharged and such contracts are fully performed on the part of the corporation.

§ 3615. Tax exemption and tax contract by the state. 1. It is hereby determined that the creation of the corporation and the carrying out of its corporate purposes is in all respects for the benefit of the people of the state of New York and is a public purpose. Accordingly, the corporation shall be regarded as performing an essential governmental function in the exercise of the powers conferred upon it by this title, and the corporation shall not be required to pay any fees, taxes, special ad valorem levies or assessments of any kind, except as provided pursuant to the public health law, whether state or local, including but not limited to fees, taxes, special ad valorem levies or assessments on real property, franchise taxes, sales taxes or other taxes, upon or with respect to any property owned by it or under its jurisdiction, control or supervision, or upon the uses thereof, or upon or with respect to its activities or operations in furtherance of the powers conferred upon it by the title, or upon or with respect to any fares, tolls, rentals, rates, charges, fees, revenues or other income received by the corporation. Provided, however, that any real property owned or acquired by the corporation outside of the towns shall be exempt from real property taxes, ad valorem levies or special assessments only pursuant to and to the extent provided by an agreement with the governing body of the municipality in which such real property is located. Provided, further, subsidiaries of the corporation are not included within the foregoing exemption.

2. Any bonds issued pursuant to this title together with the income therefrom shall at all times be exempt from taxation.

3. The state hereby covenants with the purchasers and with all subsequent holders and transferees of bonds issued by the corporation pursuant to this title, in consideration of the acceptance of and payment for the bonds, that the bonds of the corporation issued pursuant to this title and the income therefrom and all revenues, monies, and other property pledged to pay or to secure the payment of such bonds shall at all times be free from taxation.

4. The corporation may pay, or may enter into agreements with the towns or any municipality to pay, a sum or sums annually or otherwise or to provide other considerations with respect to real property owned by the corporation located within the towns or such municipality.

§ 3616. Actions against corporation. 1. Except in an action for wrongful death, no action or special proceeding shall be prosecuted or maintained against the corporation, its members, officers or employees for personal injury or damage to real or personal property alleged to have been sustained by reason of the negligence, tort or wrongful act of the corporation or of any member, officer, agent or employee thereof, unless (a) notice of claim shall have been made and served upon the corporation within the time limit set by and in compliance with section fifty-e of the general municipal law, (b) it shall appear by and as an allegation in the complaint or moving papers that at least thirty days have elapsed since the service of such notice and that adjustment or payment thereof has been neglected or refused, and (c) the action or special proceeding shall be commenced within one year and ninety days after the happening of the event upon which the claim is based. An action, against the corporation for wrongful death shall be commenced in accordance with the notice of claim and time limitation provisions of title eleven of article nine of this chapter.

2. Whenever a notice of claim is served upon the corporation, it shall have the right to demand an examination of the claimant relative to the occurrence and extent of the injuries or damages for which claim is made, in accordance with the provisions of section fifty-h of the general municipal law.

3. The corporation shall have power to settle or adjust all claims in favor of or against the corporation.

4. Any action or proceeding to which the corporation or the people of the state may be parties, in which any question arises as to the validity of this title, shall be preferred over all other civil causes of action or cases, except election causes of action or cases, in all courts of the state and shall be heard and determined in preference to all other civil business pending therein except election causes, irrespective of position on the calendar. The same performance shall be granted upon application of the corporation or its counsel in any action or proceeding questioning the validity of this title in which the corporation may be allowed to intervene. The venue of any such action or proceeding shall be laid in the supreme court of St. Lawrence county.

5. The rate of interest to be paid by the corporation upon any judgment for which it is liable, other than a judgment on its bonds, shall be the rate prescribed by section five thousand four of the civil practice law and rules. Interest on payments of principal or interest on any bonds in default shall accrue at the rate borne by such bonds from the due date thereof until paid or otherwise satisfied.

6. All actions or proceedings against the corporation of whatever nature shall be brought in St. Lawrence county.

§ 3617. Audit and annual reports. 1. In conformity with the provisions of section five of article ten of the state constitution, the accounts of the corporation shall be subject to the supervision of the state comptroller and an annual audit shall be performed by an independent certified public accountant. The corporation shall annually submit to the town boards of supervisors a detailed report pursuant to the provisions of section twenty-eight hundred of this chapter, and a copy of such report shall be filed with the clerk of each town.

2. The corporation shall report on an annual basis the following information: the name, principal business address and principal business activities of each subsidiary of the corporation; the name of all board members and officers of each subsidiary; the number of employees of each subsidiary; a list of all contracts in excess of one hundred thousand dollars entered into by the corporation and its subsidiaries identifying the amount, purpose and duration of such contract; and a financial statement, income statement, and balance sheet performed by an independent certified public accountant all in accordance with generally accepted accounting principles of the corporation and each of its subsidiaries. At the time the reports required by subdivision one of this section are submitted, such reports shall be provided to the governor, the speaker of the assembly, the temporary president of the senate and a copy of such report shall be filed with the clerk of each town and the town supervisors and with the clerk of the county.

§ 3618. Defense and indemnification. The corporation shall not execute any of its powers, including the special powers authorized by section thirty-six hundred six of this title, except as necessary to commence its corporate existence, until the town by local resolution has elected to make the provision of section eighteen of the public officers law applicable to employees of the corporation (as such term is defined in section eighteen of the public officers law) pursuant to subdivision two of such section; provided, however, that nothing contained within this section shall be deemed to permit the corporation to extend the provisions of section eighteen of the public officers law upon any independent contractor.

§ 3619. Transfer of applications, proceedings, approvals and permits. 1. Any application, review or process in relation to or in furtherance of the purposes of or contemplated by this title heretofore filed or undertaken, or any proceeding heretofore commenced or any determination, finding or award made, by the town or by the town with the federal government, the state department of health or any other public corporation shall inure to and for the benefit of the corporation to the same extent and in the same manner as if the corporation has been a party to such application, review, process, or proceeding from its inception, and the corporation shall be deemed a party thereto, to the extent not prohibited by any federal law. Any license, approval, permit, determination, finding, award or decision heretofore or hereafter issued or granted pursuant to or as a result of any such application, review, process or proceeding shall inure to the benefit of and be binding upon the corporation and shall be assigned and transferred by the towns to the corporation unless such assignment and transfer is prohibited by federal law.

2. All such applications, proceedings, licenses, approvals, permits, determinations, findings, awards and decisions shall further inure to and for the benefit of and be binding upon any person leasing, acquiring, financing, constructing, maintaining, operating, using or occupying any facility transferred by the towns to the corporation pursuant to this title.

§ 3620. Separability. If any clause, sentence, paragraph, section, or part of this title shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section, or part thereof involved in the controversy in which such judgment shall have been rendered.

§ 3621. Applicability of law. The provisions of this title shall be subject to the provisions of the civil practice law and rules, the public health law, the mental hygiene law, the social services law, the education law and any other applicable law or regulation, including any amendment thereto provided, however, nothing in this section shall require the towns or corporation to seek approval or consent for any transfer pursuant to sections thirty-six hundred seven and thirty-six hundred nineteen of this title.

TITLE 6

ERIE COUNTY MEDICAL CENTER CORPORATION

§ 3625. Short title. This title may be cited as the "Erie County Medical Center Corporation".

§ 3626. Legislative findings and declarations. The legislature hereby finds and declares as follows:

1. Currently, the Erie County Medical Center is a public hospital owned and operated by the county of Erie.

2. The Erie County Medical Center healthcare network includes a general hospital, the Erie County Home, and several clinics in Erie county.

3. The Erie County Medical Center is a tertiary care facility for Erie county and the seven other counties in western New York and an affiliated hospital of the health science center at Buffalo of the state university of New York. As such, the Erie County Medical Center serves as an integral part of the education and research mission of the state university and fulfills an important public purpose. The Erie County Medical Center provides the health science center at Buffalo with the clinical settings essential to the fulfillment of its public mission to educate and train physicians, nurses, and other health care professionals, conducts critical research, and delivers health care services to the residents of the western New York region.

4. The Erie County Medical Center is the only major public hospital in western New York and provides certain sophisticated and specialized patient care services not available in other area hospitals. As the regional level I trauma center for the eight counties of western New York, the Erie County Medical Center has earned a reputation for high quality care. The comprehensive program also features the region's only burn treatment center, a designated spinal cord injury unit, and a head trauma unit. Trauma services are supported by a broad scope of rehabilitation, home care, and outpatient services. The Erie County Medical Center also is the designated AIDS treatment center for the eight counties of western New York, the central point of admission into the local mental health community, and the largest acute care mental health hospital program in western New York. The Erie County Medical Center is the leading provider of inpatient and outpatient medical

rehabilitation services in western New York, a major center for undergraduate and graduate medical education, and a productive source of clinical and basic science research in rehabilitation medicine. The Erie County Medical Center also is a recognized leader in providing quality medical care to the elderly. The Erie County Medical Center healthcare network's geriatric services program includes the area's only acute inpatient geriatric unit and nearly eight hundred long term care beds at both the Erie county home in Alden and a skilled nursing unit at the Erie County Medical Center.

5. The needs of the residents of the state of New York and of the county of Erie can best be served by the operation of the Erie County Medical Center healthcare network through a public benefit corporation having the legal, financial, and managerial flexibility to take full advantage of opportunities and challenges presented by the evolving health care environment.

6. In order to accomplish the purposes recited in this section of providing health care services and health facilities for the benefit of the residents of the state of New York and the county of Erie, including persons in need of health care services without the ability to pay, as required by law, a public benefit corporation to be known as the Erie County Medical Center Corporation shall be created to provide such services and facilities and to otherwise carry out such purposes. The creation and operation of the Erie County Medical Center Corporation, as provided in this title, is in all respects for the benefit of the people of the state of New York and of the county of Erie and is a state, county, and public purpose. The exercise by such corporation of the functions, powers, and duties provided in this title constitutes the performance of an essential public and governmental function.

7. In authorizing the Erie County Medical Center healthcare network to be operated through a public benefit corporation, it is intended that the hospital continue as a general, municipal hospital available to the residents of the city of Buffalo, county of Erie, and western New York state generally, that the health care services provided by the Erie County Medical Center healthcare network's hospital, clinics, long term

care facilities, and ancillary facilities by dedicated public employees who treat tens of thousands of New York residents annually will continue, and that the network's role as a leading provider of services to medicaid patients will also continue.

§ 3627. Definitions. As used or referred to in this title, unless a different meaning clearly appears from the context:

1. "Board" means the board of directors of the corporation established by section thirty-six hundred twenty-eight of this title.

2. "Bonds" means the bonds, notes, or other evidences of indebtedness issued by the corporation pursuant to this title, and the provisions of this title relating to bonds and bondholders shall apply with equal force and effect to notes and noteholders, respectively, unless the context otherwise clearly requires.

3. "Corporation" means the public benefit corporation created by section thirty-six hundred twenty-eight of this title, known as the Erie County Medical Center Corporation.

4. "County" means the county of Erie.

5. "Health facility" means a building, structure, or unit, or any improvement to real property, including all necessary and usual attendant and related equipment, facilities, or fixtures, or any part or parts thereof, or any combination or combinations thereof, including, but not limited to, a general hospital, psychiatric hospital, ambulatory clinic or center, chronic disease hospital, nursing home, extended-care facility, dispensary, or laboratory, or any other related facility, or any combination of the foregoing, constructed, acquired, or otherwise provided by or for the use of the corporation or the county in providing medical research and health and medical services to the public.

6. "Director" means a voting director appointed to the corporation pursuant to section thirty-six hundred twenty-eight of this title.

7. "Network" shall mean the Erie County Medical Center healthcare network.

§ 3628. Erie County Medical Center Corporation. 1. (a) There is hereby created a state board to be known as the Erie County Medical Center Corporation, which shall be a body corporate and politic constituting a public benefit corporation.

(b) The corporation shall be governed by fifteen voting directors, of whom eight directors shall be appointed by the governor and seven directors shall be appointed by the county executive of the county of Erie. The governor shall make appointments to the corporation as follows: three directors from a recommendation submitted by the county executive of the county of Erie; three directors from a recommendation submitted by the legislature of the county of Erie; one director, who shall be a resident of the county of Erie, from a recommendation submitted by the temporary president of the senate; and one director, who shall be a resident of the county of Erie, from a recommendation submitted by the speaker of the assembly. The county executive of the county of Erie shall make seven appointments to the board with the advice and consent of the legislature of the county of Erie.

The terms of the initial directors appointed by the governor shall be five years for such directors appointed upon recommendation of the temporary president of the senate and the speaker of the assembly. The terms of the initial directors appointed by the governor upon the recommendation of the county executive of the county of Erie shall be five years for one, four years for one, and three years for one. The terms of the initial directors appointed by the governor upon the recommendation of the legislature of the county of Erie shall be four years for two and three years for one. The terms of the initial directors appointed by the county executive of the county of Erie shall be one year for two of such directors, two years for three of such directors, and three years for two of such directors.

(c) Each director shall possess a high degree of experience and knowledge in relevant fields and a high degree of interest in the corporation. The appointment of any director to the corporation shall be based in part on the objective of ensuring that the corporation includes diverse and beneficial perspectives and experience, including, but not limited to, those of business management, law, finance, medical or other health professionals or both, health sector workers, the patient or consumer perspective, and residence in the western New York community.

2. There shall be four non-voting representatives, who shall include the chief executive officer of the corporation appointed by the voting directors of the board, one selected by the Erie county executive, one selected by the majority leader of the Erie county legislature, and one member selected by the minority leader of the Erie county legislature. Such representatives shall have all of the rights and powers of the directors other than the right and power to vote, including, but not limited to, the right to equal access to information.

3. All directors and non-voting representatives shall continue to hold office until their successors are appointed and qualify. All subsequent appointments made upon the expiration of an initial term shall be for a term of five years, and all appointees shall be eligible for reappointment. Vacancies occurring otherwise than by expiration of term of office shall be filled for the unexpired terms in the manner provided for original appointment. Members of the board may be removed from office by the board for inefficiency, neglect of duty, or misconduct in office after the board has given such member a copy of the charges against him or her and an opportunity to be heard in person or by counsel in his or her defense, upon not less than ten days notice.

4. (a) The directors shall, by majority vote, select one of the fifteen directors as the chairperson of the board. The chairperson shall preside over all meetings of the board and shall have such other duties as the directors may provide.

(b) The voting directors and non-voting representatives of the corporation shall receive no compensation for their services, but shall be reimbursed for all their actual and necessary expenses incurred in connection with carrying out the purposes of this title.

(c) The powers of the corporation shall be vested in and shall be exercised by the board at a meeting duly called and held, where a quorum of eight directors is present. No action shall be taken by the corporation except pursuant to the favorable vote of at least eight directors present at the meeting at which such action is taken.

(d) The members of the board or any committee thereof may participate in a meeting of such board or committee by means of a conference telephone or similar communications equipment allowing all persons participating in the meeting to hear each other at the same time; participation by such means shall constitute presence in person at a meeting.

(e) Any action required or permitted to be taken by the board or any committee thereof may be taken without a meeting if all members of the board or the committee consent in writing to the adoption of a resolution authorizing the action. The resolution and the written consents thereto by the members of the board or committee shall be filed with the minutes of the proceedings of the board or committee.

5. The voting directors shall select and shall determine the salary and benefits of the chief executive officer of the corporation. The directors shall have the authority to discharge the chief executive officer with or without cause; provided, however, that removal without cause shall not prejudice the contract rights, if any, of the chief executive officer.

6. Notwithstanding any inconsistent provision of any general, special, or local law, ordinance, resolution, or charter, no officer, member, or employee of the state or of any public corporation shall forfeit his or her office or employment by reason of his or her acceptance of appointment as a director, non-voting representative, officer, or employee of the corporation, nor shall service as such a director, non-voting representative, officer, or employee be deemed incompatible or in conflict with such office or employment; and provided further, however, that no public officer elected to his or her office pursuant to the laws of the state or any municipality thereof may serve as a member of the governing body of the corporation during his or her term of office.

7. The corporation shall have a chief executive officer, a secretary, a treasurer, and such other officers as the board shall from time to time provide; such officers shall exercise the duties provided by the board or by this title.

8. The corporation and its corporate existence shall continue until terminated by law; provided, however, that no such termination shall take effect so long as the corporation shall have bonds or other obligations outstanding, unless adequate provision has been made for the payment or satisfaction thereof. Upon termination of the existence of the corporation, all of the rights and properties of the corporation then remaining shall pass to and vest in the county in such manner as is or may be prescribed by law.

9. Contracts for works, construction, or purchases to which the corporation is a party shall be subject to the provisions of article five-A of the general municipal law, except as provided in subdivisions ten and eleven of this section. In addition to the procedures prescribed under section one hundred four of the general municipal law for the utilization of the terms of state contracts, the corporation may utilize the terms of a federal government general services contract where the terms are to the advantage of the corporation and have been offered to the corporation by the contractor. When bids have already been received by the corporation, no purchase under a federal government general services contract shall be made, unless the purchase may be made upon the same terms, conditions, and specifications at a lower price through such contractor.

10. It is the intent of the legislature that overall cost shall in all cases be a major criterion in the selection of project developers for award of contracts pursuant to this section and that, whenever practical, such contracts shall be entered into through competitive bidding procedures, as prescribed by sections one hundred one and one hundred three of the general municipal law. It is further the intent of the legislature to acknowledge the highly complex and innovative nature of medical technology and diagnostic and treatment devices, the relative newness of a variety of devices, processes, and procedures now

available, the desirability of a single point of responsibility for the development of medical treatment and diagnostic facilities, and the economic and technical utility of contracts for medical projects which include in their scope various combinations of design, construction, operation, management, or maintenance responsibility, or any combination thereof, over prolonged periods of time, and to acknowledge that, in some instances, it may be beneficial to the corporation to award a contract for a medical project on the basis of factors other than cost alone, including, but not limited to, facility design, system reliability, efficiency, safety, and compatibility with other elements of patient care. Accordingly, and notwithstanding the provisions of any general, special, or local law or charter, a contract for a medical project entered into between the corporation and any project developer pursuant to this section may be awarded pursuant to public bidding in compliance with sections one hundred one and one hundred three of the general municipal law or pursuant to the following provisions for the award of a contract based on an evaluation of proposals submitted in response to a request for proposals prepared by or for the corporation:

(a) The corporation shall require that each proposal to be submitted by a project developer include:

(i) information relating to the experience and expertise of the project developer on the basis of which said project developer purports to be qualified to carry out all work required by a proposed contract; the ability of the project developer to secure adequate financing; and proposals for project staffing, implementation of work tasks, and the carrying out of all responsibilities required by a proposed contract;

(ii) a proposal clearly identifying and specifying all elements of costs which would become charges to the corporation, in whatever form, in return for the fulfillment by the project developer for the full lifetime of a proposed contract, including, as appropriate, but not limited to, the cost of planning, design, construction, operation, management, or maintenance, or any combination thereof, of any facility, and clearly identifying and specifying all elements of revenue which would accrue to the corporation from the operation of the facility or device or from any other source; provided that the corporation may prescribe the form and content of such proposal and that, in any event, the project developer must submit sufficiently detailed information to permit a fair and equitable evaluation by the corporation of such proposal; and provided, further, that the corporation may set maximum allowable cost limits in any form in the request for proposals; and

(iii) such other information as the corporation may determine to have a material bearing on its ability to evaluate any proposal in accordance with this paragraph;

(b) Prior to the issuance of a request for proposals pursuant to this subdivision, the corporation shall publish notice of such issuance in at least one newspaper of general circulation. Concurrent with the publication of such notice, a draft request for proposals shall be filed with the county commissioner of health;

(c) Proposals received in response to such request for proposals shall be evaluated by the corporation as to net cost or, if a net revenue is projected, net revenue, and in a manner consistent with provisions set forth in the request for proposals, and may be evaluated on the basis of additional factors, including, but not limited to, the technical evaluation of the medical project, including medical facility, facility design, system reliability, energy balance, and efficiency. The evaluation of such proposals and the determination of whether or not a project developer is "responsible" may include, but shall not be limited to, consideration, in a manner consistent with provisions set forth in the request for proposals, of the record of the project developer in complying with existing labor standards and recognizing state and federally approved apprentice training programs and consideration of the willingness of the project developer to provide for meaningful participation of minority group persons and business enterprises in the conduct of the work; and

(d) The corporation may make a contract award to any responsible project developer based on a determination by the corporation that the selected proposal is most responsive to the request for proposals and may negotiate with any project developer; provided, however, that, if any award is made to any project developer whose total proposal does not provide either the lowest net cost, or, if a net revenue is projected, the greatest net revenue, of any proposal received, the corporation shall adopt a resolution which includes particularized findings relevant to factors pursuant to paragraph (c) of this subdivision indicating that the corporation's requirements are met by award and that such action is in the public interest.

Whenever the corporation enters into a contract pursuant to this section for a medical project which involves construction, the provisions of section two hundred twenty of the labor law shall be applicable to such construction work.

11. Every contract entered into between the corporation and a project developer, pursuant to the provisions of paragraph (d) of subdivision ten of this section, for a medical project involving construction of a medical building by the project developer, shall contain provisions that such building shall be constructed through construction contracts awarded through competitive bidding in accordance with paragraphs (a) through (g) of this subdivision; that the project developer or the project developer's construction subcontractor shall furnish a bond guaranteeing prompt payment of moneys that are due to all persons furnishing labor and materials pursuant to the requirements of such construction contracts, and that a copy of such payment bond shall be kept by the corporation and shall be open to public inspection; provided, however, that the requirements of this subdivision shall not apply when the cost of such construction, exclusive of the cost of medical equipment, apparatus, and devices, is less than five hundred thousand dollars.

(a) The project developer shall advertise for bids for such construction contracts in a daily newspaper having general circulation in the county. Such advertisement shall contain a statement of the time and place where all bids received pursuant to such notice will be publicly opened and read. An employee of the corporation shall be designated to open the bids at the time and place specified in the notice. All bids received shall be publicly opened and read at the time and place so specified. At least five days shall elapse between the publication of such advertisement and the date on which the bids are opened.

(b) Except as otherwise provided in section two hundred twenty-two of the labor law, when the entire cost of constructing such building, exclusive of any medical equipment, apparatus, or devices, exceeds five hundred thousand dollars, the project developer shall prepare separate specifications for the following subdivisions of such work, so as to permit separate and independent bidding upon each subdivision:

(i) plumbing and gas fittings;

(ii) steam heating, hot water heating, ventilating, and air conditioning apparatus; and

(iii) electric wiring and standard illuminating fixtures.

(c) After public competitive bidding, the project developer shall award one or more separate contracts for each of the above subdivisions of such work, whenever separate specifications are required pursuant to paragraph (b) of this subdivision, and one or more contracts for the remainder of such work. The project developer may award such contracts at different times. Contracts awarded pursuant to this subdivision shall be awarded by the project developer to the lowest responsible and responsive bidder and shall be contracts of the project developer and not of the corporation, which shall have no obligation or liabilities, whatsoever, thereunder. The project developer shall have the responsibility for the supervision, coordination, and termination of such contracts, unless otherwise specified in contractual terms between the project developer and the corporation.

(c-1) Each bidder on a public work contract, where the preparation of separate specifications is not required, shall submit with its bid a separate sealed list that names each subcontractor that the bidder will use to perform work on the contract, and the agreed-upon amount to be paid to each, for: (i) plumbing and gas fitting, (ii) steam heating, hot water heating, ventilating and air conditioning apparatus and (iii) electric wiring and standard illuminating fixtures. After the low bid is announced, the sealed list of subcontractors submitted with such low bid shall be opened and the names of such subcontractors shall be announced, and thereafter any change of subcontractor or agreed-upon amount to be paid to each shall require the approval of the public owner, upon a showing presented to the public owner of legitimate construction need for such change, which shall be open to public inspection. Legitimate construction need shall include, but not be limited to, a change in project specifications, a change in construction material costs, a change to subcontractor status as determined pursuant to paragraph (e) of subdivision two of section two hundred twenty-two of the labor law, or the subcontractor has become otherwise unwilling, unable or unavailable to perform the subcontract. The sealed lists of subcontractors submitted by all other bidders shall be returned to them unopened after the contract award.

(d) In determining whether or not a prospective contractor is responsible and responsive, the project developer may require that prospective contractors:

(i) have adequate financial resources or the ability to obtain such resources;

(ii) be able to comply with the required or proposed delivery or performance schedule;

(iii) have a satisfactory record of performance;

(iv) have the necessary organization, experience, operational controls, and technical skills, or the ability to obtain them;

(v) have the necessary production, construction, and technical equipment and facilities, or the ability to obtain them; and

(vi) be eligible to receive an award under applicable laws and regulations and be otherwise qualified.

(e) The project developer may reject any bid of a bidder if the project developer determines the bidder to be non-responsible or the bid non-responsive to the advertisement for bids.

(f) The project developer may, in its discretion, reject all bids, may revise bid specifications, and may re-advertise for bids as provided in this subdivision for original advertisements.

(g) Only as used in this section:

(i) "project developer" means any private corporation, partnership, limited liability company, or individual, or combination thereof which has submitted a proposal in response to a request for proposals;

(ii) "construction" includes reconstruction, rehabilitation, or improvement, exclusive of the installation and assembly of any medical equipment, apparatus, or device;

(iii) "medical building" means that component of a medical project constituting appurtenant structures or facilities necessary to house or render the remaining components of the medical project operational. Medical building does not include apparatus, equipment, devices, systems, supplies, or any combination thereof; and

(iv) "medical project" means any substantial durable apparatus, equipment, device, or system, or any combination of the foregoing, including services necessary to install, erect, or assemble the foregoing, and any appurtenant structures or facilities necessary to house or render the foregoing operational, to be used for the purpose of care, treatment, or diagnosis of disease or injury or the relief of pain and suffering of sick or injured persons. Medical projects do not include ordinary supplies and equipment expended or utilized in the customary care and treatment of patients.

12. (a) For purposes of applying section eighty-seven of the public officers law to the corporation, the term "trade secrets" shall include marketing strategy or strategic marketing plans, analyses, evaluations, and pricing strategies or pricing commitments of the corporation relating to business development, including strategic alliances and contracts for managed care and other network arrangements, capitation contracts, and other similar arrangements relating to business development which, if disclosed, would be likely to injure the competitive position of the corporation.

(b) In addition to the matters listed in section one hundred five of the public officers law, the corporation may conduct an executive session for the purpose of considering marketing strategy or strategic marketing plans, analyses, evaluations, and pricing strategies or pricing commitments of the corporation relating to business development, including strategic alliances and contracts for managed care and other network arrangements, capitation contracts, and other similar arrangements relating to business development which, if disclosed, would be likely to injure the competitive position of the corporation.

13. The county shall provide the corporation with full funding of the network's existing capital program for the years two thousand four, two thousand five, and two thousand six, as authorized in the county's two thousand three capital budget.

§ 3629. Transfer of officers and employees; recognition and continuation of existing bargaining agents and units; layoffs; services.
1. On the effective date of the transfer of the facilities and operations of the Erie County Medical Center healthcare network pursuant

to an agreement between the county and the corporation, as authorized in this title, officers and employees employed in the network shall become officers and employees of the corporation with equivalent offices, positions, and employment therewith and shall be deemed public officers or public employees for all purposes.

2. The employees of the corporation shall, for all purposes of article fourteen of the civil service law, be deemed to be employees of the county of Erie and shall be employed within the current county of Erie bargaining unit designation. The county office of labor relations shall, for all purposes of article fourteen of the civil service law, act as agent for the corporation and shall, with respect to the corporation, have all the powers and duties provided under article twenty-four of the executive law. Those persons who become employees of the corporation pursuant to subdivision one of this section or who enter into the service of the corporation following the effective date of the transfer shall retain their current bargaining unit designations. The corporation and the county shall recognize the existing certified or recognized employee organizations for county employees as the exclusive collective bargaining representatives for such employees.

Titles within collective bargaining units in existence prior to the transfer of operations to the corporation shall remain in those units and shall not be altered by the public employment relations board without the consent of the corporation, the county, and the recognized or certified representatives of the negotiating units involved. New titles created after the date of the transfer of operations to the corporation shall be placed in the appropriate unit of county employees consistent with the provisions of article fourteen of the civil service law.

3. The corporation shall be bound by all collective bargaining agreements between the county of Erie and such collective bargaining representatives in effect as of the date of transfer of operations to the corporation and any successor agreements between such parties.

4. The corporation shall be subject to the civil service law. For the

purposes of such law, the following titles, including the proposed comparable corporate titles where applicable, shall, upon the effective date of the transfer described in subdivision one of this section, continue to be classified or designated exempt or managerial/confidential unless, pursuant to the provisions of the civil service law, a lesser or greater number of titles or positions is properly classified or designated exempt or managerial/confidential: Assistant Director Labs, Assistant Director MMS, Assistant Director Neuropathology, Assistant Director Nursing Medicine, Assistant Director Nursing Med. Surgery, Assistant Director Nursing Services, Assistant Director Sp. Cl. Services, Assistant Hospital Administrator, Associate Administrator HLT, Associate Director Medicine, Associate Director of Finance, Associate Director of Pathology, Associate Director Output Services, Chief Executive Officer, Chief Operating Officer, Chief Financial Officer, Chief Orthopedic Surgery, Clinical Director, Coordinator Int. Services, Director Burn Treatment, Director Corporate Compliance, Director Nursing Services, Director of Information Services, Director of Labs, Director of Mental Health Special Services, Director of Nursing Services, Director Pharmacy, Director Social Work Services, Director Surgical Services, Nurses Facilities Administrator, Secretary Board of Managers, and Secretary to Chief Executive Officer. Employees in existing or new titles that are properly classified or designated as exempt or managerial/confidential shall be considered employees of the corporation.

5. Nothing contained in this title shall be construed to affect:
(a) the rights of employees pursuant to a collective bargaining agreement;
(b) the bargaining relationship between the executive branch of the county of Erie and an employee organization; or
(c) existing law with respect to an application to the public employment relations board seeking the designation of persons as managerial or confidential.

6. There shall be no layoffs of any officers or employees of the Erie County Medical Center Corporation which are a direct consequence of the enactment of this title. There shall be a presumption that any layoffs

occurring more than twenty-four months after the effective transfer date described in this subdivision shall be deemed not to be such a direct consequence.

7. Nothing contained in this section shall be construed to prevent the elimination of any service at any time as a result of the elimination of state or federal assistance, the elimination of available revenue reimbursement, loss of certification or licensure, or loss of financial viability.

§ 3630. General powers of the corporation. Except as limited by this title, the public health law, the mental hygiene law, the social services law, the education law, the civil practice law and rules, or any other applicable law or regulation, the corporation shall have power:

1. to sue and be sued and to participate in actions and proceedings, whether judicial, administrative, or otherwise;

2. to have a seal and to alter such seal, and to use it by causing it or a facsimile thereof to be affixed, impressed, or reproduced in any other manner;

3. to borrow money and issue bonds for any of its corporate purposes or its projects, or to refund the same, and to provide for the rights of the holders thereof;

4. to make and alter by-laws for its organization and management and, subject to agreements with its bondholders, to make and alter rules and regulations governing the exercise of its powers and the fulfillment of its purposes under this title;

5. to purchase, receive, take by grant, gift, devise, bequest, or otherwise, lease, or otherwise acquire, own, hold, improve, employ, use, and otherwise deal in and with, real or personal property, or any interest therein, wherever situated;

6. to purchase, take, receive, subscribe for, or otherwise acquire, own, hold, vote, employ, sell, lend, lease, exchange, transfer, or otherwise dispose of, mortgage, pledge, use, and otherwise deal in and with, bonds and other obligations, shares, or other securities or interests issued by others, whether engaged in similar or different business, governmental, or other activities;

7. to accept subventions from other persons or any unit of government;

8. to sell, convey, lease, exchange, transfer, or otherwise dispose of, mortgage or pledge, or create a security interest in, all or any of its property, or any interest therein, wherever situated, upon such terms and conditions and in such manner as the corporation shall determine;

9. to acquire by condemnation pursuant to the provisions of the eminent domain procedure law any real property within Erie county required by the corporation to carry out the powers granted by this title with the approval of both the Erie county legislature and the county executive;

10. to make capital contributions to other not-for-profit corporations;

11. to offer participation in the New York state and local employees' retirement system for all its officers and employees and to establish and carry out other retirement plans authorized pursuant to the retirement and social security law, which may be offered to all of its officers and employees not participating in the New York state and local employees' retirement system, and to establish and carry out other incentive and benefit plans, trusts, and provisions for any or all of its officers and employees, subject to the applicable provisions of article fourteen of the civil service law;

12. to be a promoter, partner, member, associate, or manager of other not-for-profit activities or business enterprises or ventures, or, to

the extent permitted in any other jurisdiction, to be an incorporator of other corporations of any type or kind;

13. to make contracts, give guarantees, and incur liabilities, borrow money at such rates of interest as the corporation may determine, issue notes, bonds, and other obligations, and secure any of its obligations by mortgage or pledge of all or any of its property or any interest therein, wherever situated;

14. to issue bonds for any corporate purpose or project, to refund the same, and to provide for the rights of holders thereof;

15. to accept gifts, grants, loans, or contributions of funds or property or financial or other aid in any form from, and enter into contracts or other transactions with, the federal government, the state, or any public corporation or any other source, and to use any such gifts, grants, loans, or contributions for any of its corporate purposes;

16. to grant options to renew any lease with respect to any project or projects and to grant options to buy any project at such price as the corporation may deem desirable;

17. to lend money, invest and reinvest its funds, and take and hold real and personal property as security for the payment of funds so lent or invested;

18. to designate the depositories of its money;

19. to establish its fiscal year;

20. to conduct the activities of the corporation, have offices, and exercise the powers granted by this title in any jurisdiction within or without the United States;

21. to appoint such officers, employees, and agents as the corporation may require for the performance of its duties and to fix and determine

their qualifications, duties, and compensation, subject to the provisions of the civil service law and any applicable collective bargaining agreement, and to retain or employ counsel, auditors, engineers, and private consultants on a contract basis or otherwise for rendering professional, management, or technical services and advice;

22. to use employees, agents, consultants, and facilities of the county, paying the county its agreed proportion of the compensation or costs pursuant to an agreement with the county;

23. to make and adopt plans, surveys, and studies necessary, convenient, or desirable to the effectuation of the purposes and powers of the corporation and to prepare recommendations in regard thereto;

24. except as limited by state law or regulation, to fix and collect rates, rentals, fees, lease payments, and other charges for the services rendered by it or for the use of the facilities owned, controlled, or administered by or in the exercise of the powers of the corporation;

25. to enter upon such lands, waters, or premises as in the judgment of the corporation may be necessary, convenient, or desirable for the purpose of making surveys, soundings, borings, and examinations to accomplish any purpose authorized by this title, the corporation being liable for actual damage done;

26. the corporation may covenant and consent that the interest on any of its bonds or notes issued pursuant to this title shall be includable, under the United States Internal Revenue Code of 1986, as amended (the "code") or any subsequent corresponding internal revenue law of the United States, in gross income of the holders of the bonds or notes to the same extent and in the same manner that the interest on bills, bonds, notes, or other obligations of the United States is includable in the gross income of the holders thereof under the code or any such subsequent law;

27. to make, adopt, amend, enforce, and repeal rules for its governance and internal management and personnel practices, subject to

article fourteen of the civil service law, where applicable;

28. to insure or otherwise to provide for the insurance of the corporation's property or operations and also contract against such other risks as the corporation may deem advisable, including the interest rate risk for obligations it issues bearing interest at a floating or otherwise adjustable rate which prevents the actual rate over the term of the debt from being ascertained at the date of its incurrence, and including the power to make any payments with respect thereto; and

29. to do all things necessary, convenient, or desirable, including ancillary and incidental activities, to carry out its purposes and for the exercise of the powers granted in this title.

§ 3631. Special powers of the corporation. In order to effectuate the purposes of this title, the corporation shall have the following additional powers, except as limited by this title, the public health law, the mental hygiene law, the social services law, the education law, the civil practice law and rules, and any other applicable law or regulation:

1. To operate, manage, superintend, and control any health facility under its jurisdiction and to repair, maintain, and otherwise keep up any such health facility, and to establish, collect, and adjust fees, rentals, and other charges for the sale, lease, or sublease of any such health facility or real property, subject to the terms and conditions of any contract, lease, sublease, or other agreement with the county;

2. To provide health and medical services for the public, directly or by agreement or lease with any person, firm, partnership, limited liability company, or private or public corporation or association through or in the health facilities of the corporation or otherwise, and to make internal policies governing admissions and health and medical services; and to establish, collect, and adjust fees and other charges for the provision of such health and medical services; and to provide

and maintain training programs for resident physicians, post-graduate clinical fellows, graduate students, other allied health professionals and intern medical services; and to sponsor and conduct research, educational, and training programs;

3. To provide uncompensated care to persons in need of health care services without the ability to pay;

4. To provide, maintain, and operate a medical transport service; provided, however, that nothing in this section shall prohibit the corporation from adopting a schedule of charges for medical transport;

5. To participate in managed care networks, fee-for-service, and other joint and cooperative arrangements for the provision of general comprehensive and specialty health care services, directly or through contract with other service providers or entities;

6. To establish subsidiary corporations or other entities in accordance with subdivision nine of this section:

(a) to meet the demands of health care delivery changes; and

(b) to market, manufacture, or develop products or services developed by the corporation's clinical and research activities;

7. To enter into contracts, leases, subleases, and other agreements for the purpose of affiliating with a medical college or colleges, including the state university of New York, in conjunction with the corporation's health facilities, which agreements may provide for the management, operation, and staffing of health facilities, the reconstruction, renovation, or addition to health facilities; the provision of necessary facilities, utilities, and services; and such other conditions or features necessary and proper for such purpose and for the public health and general welfare;

8. To determine the conditions under which a physician may be extended the privilege of practicing within a health facility under the jurisdiction of the corporation, to promulgate reasonable internal policies for the conduct of all persons, physicians, and allied health

practitioners within such facility, and to appoint and grant privileges to qualified and competent clinical practitioners; and

9. (a) Except as provided in this subdivision or as expressly limited by any applicable state law or regulation, to exercise and perform all or part of its purposes, powers, duties, functions, or activities through one or more subsidiary corporations or companies owned or controlled wholly or in part by the corporation, which shall be formed pursuant to the business corporation law, the limited liability company law, or the not-for-profit corporation law, in each case subject to all the limitations provided in this title.

(b) Any such subsidiary may be authorized to act as a general or limited partner in a partnership or as a member of a limited liability company and to enter into an arrangement calling for an initial and subsequent payment by such subsidiary in consideration of an interest in revenues or other contractual rights.

(c) No subsidiary of the corporation shall own, operate, manage, or control the existing acute inpatient and outpatient facilities and services in operation as part of the Erie County Medical Center healthcare network on the effective date of this title.

(d) An entity shall be deemed a subsidiary corporation or company whenever and so long as: (i) more than half of any voting shares of such subsidiary are owned or held by the corporation or (ii) a majority of the directors, trustees, or members of such subsidiary are designees of the corporation.

10. As set forth in section thirty-six hundred twenty-six of this title, the creation and operation of the Erie County Medical Center Corporation is in all respects for the benefit of the people of the state of New York and of the county of Erie and is a state, county, and public purpose. The exercise by such corporation of the functions, powers, and duties provided in this title constitutes the performance of an essential public and governmental function. The corporation has advised that it intends to continue engaging in certain collaborative activities with, and limited to, the other parties to the Great Lakes Health, Inc. Restated Binding Agreement of 2012 and the University at Buffalo of the State University of New York for the purpose of promoting

improved quality of and access to health care services and improved clinical outcomes, consisting of: (a) development of a non-exclusive joint health information technology platform; (b) joint marketing of health care services; (c) joint purchasing of services, supplies and equipment related to the provision of health care services; (d) development of a joint set of clinical quality standards; (e) coordination and integration of clinical services to reduce redundancy and increase efficiency; (f) joint management of graduate medical education and academic affiliations; and (g) joint discussions with rural hospitals regarding the possibility of coordinating and integrating clinical services. To promote improved quality of and access to health care services and improved clinical outcomes, and consistent with the corporation's furtherance of its health care purposes through the exercise of the special powers exercised pursuant to this section and the general powers exercised pursuant to this title, it is the policy of the state to supplant competition for the purpose of immunizing the planning and implementation of the enumerated activities by the corporation in collaboration with any one of the aforementioned entities from liability under the federal and state antitrust laws, to the extent that such collaborative activities are reflected in agreements executed by two or more of the aforementioned entities during such time as the Great Lakes Health, Inc. Restated Binding Agreement of 2012 remains in effect; provided, however, that nothing in this subdivision shall be construed to extend such declaration of policy to any activities other than those specifically enumerated and described herein, which remain subject to any and all applicable state and federal antitrust laws.

§ 3632. Transfer of property; relationship with county; certain gifts, loans, and guarantees by the county. 1. (a) The county may give, grant, sell, convey, lend, license the use of, or lease to the corporation, and the corporation may accept any property (except monies appropriated by the county and payable to the corporation pursuant to subdivision three of this section) which are useful in connection with the exercise by the corporation of any of its powers under this title in order to transfer the facilities and operations of the Erie County Medical Center healthcare network to the corporation by agreement between the county and the corporation and any subsequent renewal or amendment thereof, by local law adopted by a majority vote of the Erie county legislature, notwithstanding any general, special, or local law, ordinance, resolution, or charter.

(b) Any such gift, grant, sale, conveyance, loan, license, or lease shall be upon such terms and conditions, for such consideration, if any, and for such term or terms of years, subject to the rights of the holders of any bonds, as the corporation and the county may agree. No real property of the county consisting of any health facility operated on the effective date of this title by the Erie County Medical Center healthcare network shall be transferred to the corporation in fee, except under such restrictions regarding rights of first refusal in favor of the county and subject to a right of reverter in the event that the corporation should cease to use such property for the provision of research, education, and health care, or other rights, to repurchase the property as the Erie county legislature shall approve by act, and subject to a restrictive covenant prohibiting the corporation from pledging or mortgaging the fee interest in the property. In the event that the county gives, grants, sells, conveys, lends, licenses, or leases any facilities to the corporation, the county may contract with the corporation to lease, borrow, license, operate, maintain, manage, and provide services for such facilities upon such terms and conditions and for such term or terms of years, subject to the rights of holders of bonds, as the corporation and the county may agree. The corporation, in furtherance of any purchase, conveyance, or lease of any property or facility from the county, may assume the primary responsibility for the payment of the principal and interest on any bonds or notes issued by the county for such property or facility.

2. The county may acquire by purchase, grant, lease, gift, or condemnation, pursuant to the eminent domain procedure law, real property in the name of the county for any corporate purpose of the corporation.

3. In addition to any other powers granted to it by law and consistent with the constitution and other provisions of law, the county shall

appropriate sums of money to defray project costs or any other costs or expenses of the corporation, including operating expenses.

4. On the effective date of the transfer of the facilities and operations of the Erie County Medical Center healthcare network pursuant to an agreement between the corporation and the county, the Erie County Medical Center board of managers shall cease to be responsible for operation of the network; provided, however, that the county shall continue the existence of the board of managers in the event that the contract between the corporation and the county requires the operation of the network to revert to the county in the event that the corporation should cease to use such property for the provision of health care or the corporation otherwise fails to meet its obligations under any agreement between the county and the corporation.

5. The county shall maintain its efforts to provide annual operating funding to the corporation to permit it to serve all uninsured and under-insured patients, foster its role as a teaching hospital, and provide tertiary care services that are unavailable at other health care facilities in the western New York region. The county shall maintain and provide an operating contribution to the corporation in an annual amount that is the difference between the corporation's total revenues minus total expenses. For purposes of this section, total revenue and total expenses shall include amounts attributable to the corporation, any subsidiary of the corporation, and any entity providing health care services thereto. The manner of calculating the county's annual maintenance of effort of the corporation shall be the process followed by the county in determining the maintenance of effort for the network. The county shall have the right of audit at any time and from time to time to confirm the details of corporate operations. The corporation shall provide monthly financial reports to the county that provide details concerning all business operations for the corporation on a consistent basis.

6. (a) Notwithstanding any general, special, or local law or charter provisions to the contrary, the county of Erie shall have the power and is hereby authorized, pursuant to section seven of article seventeen of

the state constitution, to lend its money or credit to or in aid of the corporation or any subsidiary thereof for the purpose of providing health related facilities or hospital facilities for the prevention, diagnosis, or treatment of human disease, pain, injury, disability, deformity, or physical condition, and for facilities incidental or appurtenant thereto, as may be prescribed by law. The county is hereby authorized to prescribe such facilities by local law. The corporation or any such subsidiary thereof, as a condition to any such loan of money or credit, shall enter into a regulatory agreement with the county as to its charges, profits, dividends, and disposition of its property or franchises, which agreement shall be binding and enforceable by the county insofar as such agreement regulates such charges, profits, dividends, and disposition of property. The county may elect in such regulatory agreement to refrain from exercising all or any portion of its authority to so regulate such charges, profits, dividends, and disposition of property to the extent such charges, profits, dividends, and disposition of property are regulated by the state or any agency thereof. The county shall authorize such regulatory agreement by local law.

(b) In pursuance of the authority granted in this title, the county of Erie shall have the power and is hereby authorized, from time to time, to issue its bonds, notes, or other obligations in such principal amounts as it shall deem necessary, after taking into account other monies which may be available for the purposes set forth in this title. Such bonds, notes, or obligations shall be issued for the purpose of making loans to the corporation or any subsidiary thereof, paying interest on such bonds, notes, or other obligations, establishment of reserves to secure such notes, bonds, or other obligations, and paying all other obligations and expenditures incidental to and necessary or convenient for the making of such loans. Such bonds, notes, or obligations shall be issued in accordance with the applicable provisions of this chapter, the local finance law, and applicable local laws.

(c) Any guarantee by the county made pursuant to the authority granted in this section shall be authorized by act or acts of the county in the same manner as such act or acts authorizing the issuance of bonds of the county for the purposes for which such guarantee is undertaken.

(d) The county is also authorized to enact laws governing the conditions under which such loans, commitments, and guarantees shall be made.

7. For purposes of subdivision four of paragraph a of section 25.00 of the local finance law, amounts to be derived by the county of Erie from the corporation, or any subsidiary thereof, shall be included in the term "other income".

8. (a) Notwithstanding the provisions of any other state or local law to the contrary, including, but not limited to, sections six-n and six-j of the general municipal law, with the approval of the Erie county legislature, amounts deposited for or on behalf of the Erie County Medical Center healthcare network in the liability and casualty and workers' compensation reserve funds established by the county pursuant to such sections of the general municipal law, and investment earnings thereof, may be withdrawn by the county from such funds and transferred to the corporation and shall be used by the corporation for the purposes for which such funds were established.

(b) No amounts shall be withdrawn and transferred to the corporation pursuant to this subdivision unless, prior to such withdrawal or transfer, the corporation has agreed in writing to indemnify and hold harmless the county, and provide defense, for all claims, cases, proceedings, actions, or other matters against the county arising out of the properties, facilities, operations, or employees of the corporation, whether commenced before or after the date of transfer of such amounts, and to provide such other security for such obligation as the county may reasonably require.

9. The county shall be responsible for the payment of all outstanding bonded indebtedness of the Erie County Medical Center healthcare network that was accumulated prior to the creation of the public benefit corporation.

§ 3633. Bonds or notes of the corporation. 1. The corporation shall have the power and is hereby authorized, from time to time, to issue bonds, notes, or other obligations to pay the cost of any project or for any other corporate purpose, including the establishment of reserves to secure the bonds, the payment of principal of, premium, if any, and interest on the bonds and the payment of incidental expenses in connection therewith. The corporation shall have the power and is hereby authorized to enter into such agreements and perform such acts as may be required under any applicable federal legislation to secure a federal guarantee or other subsidy with respect to any bonds.

2. The corporation shall have the power, from time to time, to renew bonds or to issue renewal bonds for such purpose, to issue bonds to pay bonds, and, whenever it deems refunding expedient, to refund any bond by the issuance of new bonds, whether the bonds to be refunded have or have not matured, and may issue bonds, partly to refund bonds then outstanding and partly for any other corporate purpose of the corporation. Bonds issued for refunding purposes shall be sold and the proceeds applied to the purchase, redemption, or payment of the bonds or notes to be refunded.

3. Bonds issued by the corporation may be general obligations secured by the faith and credit of the corporation or may be special obligations payable solely out of particular revenues or other monies as may be designated in the proceedings of the corporation under which the bonds shall be authorized to be issued, subject as to priority only to any agreements with the holders of outstanding bonds pledging any particular property, revenues or monies. The corporation may also enter into loan agreements, lines of credit, and other security agreements and obtain for or on its behalf letters of credit, insurance, guarantees, or other credit enhancements, to the extent now or hereafter available, in each case for securing its bonds or to provide direct payment of any costs which the corporation is authorized to pay.

4. (a) Bonds shall be authorized by resolution of the corporation, be in such denominations and bear such date or dates and mature at such time or times, as such resolution may provide; provided that bonds and renewals thereof shall mature within forty years from the date of original issuance of any such bonds.

(b) Bonds shall be subject to such terms of redemption, bear interest at such rate or rates, be payable at such times, be in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, and be subject to such terms and conditions as such resolution may provide. Notwithstanding any other provision of law, the bonds of the corporation issued pursuant to this section shall be sold to the bidder offering the lowest true interest cost, taking into consideration any premium or discount not less than four nor more than fifteen days, Sundays excepted, after a notice of such sale has been published at least once in a newspaper of general circulation in the area served by the corporation, which shall state the terms of the sale. The terms of the sale may not change unless notice of such change is published in such newspaper at least one day prior to the date of the sale as set forth in the original notice of sale. Advertisements shall contain a provision to the effect that the corporation, in its discretion, may reject any or all bids made pursuant to such advertisements, and, in the event of such rejection, the corporation is authorized to negotiate a private or public sale or readvertise for bids in the form and manner described in this paragraph as many times as, in its judgment, may be necessary to effect satisfactory sale.

(c) Notwithstanding the provisions of paragraph (b) of this subdivision, whenever in the judgment of the corporation the interests of the corporation will be served thereby, the directors of the corporation, on the written recommendation of the chairperson, may authorize the sale of such bonds at private or public sale on a negotiated basis, or on either a competitive or negotiated basis. The corporation shall set guidelines governing the terms and conditions of any such private or public sales. The private or public bond sale guidelines set by the corporation shall include, but not be limited to, a requirement that where the interests of the corporation will be served by a private or public sale of bonds, the corporation shall select underwriters for each private or public bond sale conducted pursuant to a request for proposal process undertaken from time to time and consideration of proposals from qualified underwriters as determined by the corporation.

(d) The corporation shall have the power, from time to time, to amend such private bond sale guidelines in accordance with the provisions of this subdivision.

(e) In addition to the authority to sell notes at private sale contained in this section, the corporation may sell its notes at private negotiated sale to the county. The county is hereby authorized to temporarily invest county funds in such notes; provided that such notes mature at or before the time the county expects to expend such funds for the purposes for which such funds were raised.

(f) No private or public bond sale on a negotiated basis shall be conducted by the corporation without prior approval of the state comptroller. The corporation shall annually prepare and approve a bond sale report, which shall include the private or public bond sale guidelines as specified in this subdivision, amendments to such guidelines since the last private or public bond sale report, an explanation of the bond sale guidelines and amendments, and the results of any sale of bonds conducted during the fiscal year. Such bond sale report may be a part of any other annual report that the corporation is required to make.

(g) The corporation shall annually submit its bond sale report to the state comptroller and copies thereof to the senate finance committee and the assembly ways and means committee.

(h) The corporation shall make available to the public copies of its bond sale report upon reasonable request thereof.

(i) Nothing contained in this subdivision shall be deemed to alter, affect the validity of, modify the terms of, or impair any contract or agreement made or entered into in violation of, or without compliance with, the provisions of this subdivision.

5. Any resolution or resolutions authorizing bonds or any issue of bonds by the corporation may contain provisions which may be a part of the contract with the holders of the bonds thereby authorized as to:

(a) pledging all or part of the revenues, together with any other monies or property of the corporation, to secure the payment of the bonds, or any costs of issuance thereof, including, but not limited to, any contracts, earnings, or proceeds of any grant to the corporation received from any private or public source, subject to such agreements with bondholders as may then exist;

(b) the setting aside of reserves and the creation of sinking funds and the regulation and disposition thereof;

(c) limitations on the purpose to which the proceeds from the sale of bonds may be applied;

(d) the rates, rents, fees, and other charges to be fixed and collected by the corporation and the amount to be raised in each year and the use and disposition of revenues;

(e) limitations on the right of the corporation to restrict and regulate the use of the project or part thereof in connection with which bonds are issued;

(f) limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured, and the refunding of outstanding or other bonds;

(g) the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, including the proportion of bondholders which must consent to any such amendments or abrogations, and the manner in which such consent may be given;

(h) the creation of special funds into which any revenues or monies may be deposited;

(i) the terms and provisions of any trust, mortgage, deed, or indenture securing the bonds under which the bonds may be issued;

(j) vesting in a trustee or trustees such properties, rights, powers, and duties in trust as the corporation may determine, which may include any or all of the rights, powers, and duties of the trustees appointed by the bondholders pursuant to this title or limiting the rights, duties, and powers of such trustee;

(k) defining the acts or omissions to act which may constitute a default in the obligations and duties of the corporation to the bondholders and providing for the rights and remedies of the bondholders in the event of such default, including, as a matter of right, appointment of a receiver; provided, however, that such rights and remedies shall not be inconsistent with the general laws of the state and other provisions of this title;

(l) limitations on the power of the corporation to sell or otherwise dispose of any project or any part of such project or other property;

(m) limitations on the amount of revenues and other monies to be expended on operating, administrative, or other expenses of the corporation;

(n) the payment of the proceeds of bonds, revenues, and other monies to a trustee or other depository, and for the method of disbursement of such payments with such safeguards and restrictions as the corporation may determine; and

(o) any other matters of like or different character which in any way affect the security or protection of the bonds or the rights and remedies of the bondholders.

6. In addition to the powers conferred in this title upon the corporation to secure its bonds, the corporation shall have the power in connection with the issuance of bonds to adopt resolutions and enter into such trust indentures, agreements, or other instruments as the corporation may deem necessary, convenient, or desirable concerning the use or disposition of its revenues or other monies or property, including the mortgaging of any property and the entrusting, pledging, or creation of any other security interest in any such revenues, monies, or property, and the doing of any act, including refraining from the doing of any act, which the corporation would have the right to do in the absence of such resolutions, trust indentures, agreements, or other instruments. The corporation shall have power to enter into amendments of any such resolutions, trust indentures, agreements, or other instruments within the powers granted to the corporation by this title and to perform such resolutions, trust indentures, agreements, or other instruments. The provisions of any such resolutions, trust indentures, agreements, or other instruments may be made a part of the contract with the holders of bonds of the corporation.

7. Any provision of the uniform commercial code to the contrary notwithstanding, any pledge of or other security interest in revenues, monies, accounts, contract rights, general intangibles, or other personal property made or created by the corporation shall be valid, binding, and perfected from the time when such pledge is made or other security interest attaches, without any physical delivery of the collateral or further act, and the lien of any such pledge or other security interest shall be valid, binding, and perfected against all parties having claims of any kind in tort, contract, or otherwise against the corporation irrespective of whether or not such parties have

notice of such pledge or security interest. No instrument by which such a pledge or security interest is created nor any financing statement need be recorded or filed.

8. Whether or not the bonds of the corporation are of such form and character as to be negotiable instruments under the terms of the uniform commercial code, the bonds are hereby made negotiable instruments within the meaning of and for all the purposes of the uniform commercial code, subject only to the provisions of the bonds for registration.

9. Neither the directors nor the non-voting representatives nor the officers of the corporation nor any person executing its bonds shall be liable personally on its bonds or be subject to any personal liability or accountability by reason of the issuance thereof.

10. Subject to such agreements with bondholders as may then exist, the corporation shall have power out of any funds available therefor to purchase bonds of the corporation, in lieu of redemption, at a price not exceeding, if the bonds are then redeemable, the redemption price then applicable plus accrued interest to the next interest payment date, or, if the bonds are not then redeemable, the redemption price applicable on the first date after such purchase upon which the bonds become subject to redemption plus accrued interest to the next interest payment date. Bonds so purchased shall thereupon be canceled.

11. The corporation shall have power and is hereby authorized to issue negotiable bond anticipation notes in conformity with applicable provisions of the uniform commercial code and may renew the same from time to time, but the maximum maturity of any such notes, including renewals thereof, shall not exceed five years from the date of issue of such original notes.

§ 3634. Remedies of bondholders. Subject to any resolution or resolutions adopted pursuant to this title:

1. In the event that the corporation shall default in the payment of

principal of or interest on any issue of bonds after the same shall become due, whether at maturity or upon call for redemption, and such default shall continue for a period of thirty days, or in the event that the corporation shall fail or refuse to comply with the provisions of this title or shall default in any agreement made with the holders of any issue of bonds, the holders of twenty-five percent in aggregate principal amount of the bonds of such issue then outstanding, by instrument or instruments filed in the office of the clerk of the county in which the principal office of the corporation is located and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of such bonds for the purpose provided in this title.

2. Such trustee may, and upon written request of the holders of twenty-five percent in aggregate principal amount of such bonds outstanding shall, in its own name:

(a) by action or proceeding in accordance with the civil practice law and rules, enforce all rights of the bondholders, including the right to require the corporation to collect rents, rates, fees, and charges adequate to carry out any agreement as to, or pledge of, such rents, rates, fees, and charges and to require the corporation to carry out any other agreements with the holders of such bonds to perform its duties under this title;

(b) bring an action or proceeding upon such bonds;

(c) by action or proceeding, require the corporation to account as if it were the trustee of an express trust for the holders of such bonds;

(d) by action or proceeding, enjoin any acts or things which may be unlawful or in violation of the rights of the holders of such bonds; and

(e) declare all such bonds due and payable, and if all defaults shall be made good, then with the consent of the holders of the twenty-five percent of the aggregate principal amount of such bonds then outstanding, to annul such declaration and its consequences.

3. Such trustee shall, in addition to the foregoing, have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth in this title or incident to the general representation of bondholders in the enforcement and protection

of such bondholders' rights.

4. The supreme court shall have jurisdiction of any action or proceeding by the trustee on behalf of such bondholders. The venue of any such action or proceeding shall be laid in the county.

5. Before declaring the principal of bonds due and payable, the trustee shall first give thirty days' notice in writing to the corporation.

6. Any such trustee, whether or not the issue of bonds represented by such trustee has been declared due and payable, shall be entitled, as of right, to the appointment of any receiver of any part or parts of the project, the revenues of which are pledged for the security of the bonds of such issue, and such receiver may enter and take possession of such part or parts of the project and, subject to any pledge or agreement with the holders of such bonds, shall take possession of all monies and other property derived from such part or parts of the project and proceed with any construction thereon or the acquisition of any property, real or personal, in connection therewith that the corporation is under obligation to do, and to operate, maintain, and reconstruct such part or parts of the project and collect and receive all revenues thereafter arising therefrom, subject to any pledge or agreement with bondholders relating thereto, and perform the public duties and carry out the agreements and obligations of the corporation under the direction of the court. In any suit, action, or proceeding by the trustee, the fees, counsel fees, and expenses of the trustee and of the receiver, if any, shall constitute taxable disbursements, and all costs and disbursements, allowed by the court shall be a first charge on any revenues derived from the properties.

§ 3635. State and county not liable on corporation bonds. 1. The state shall not be liable on the bonds or notes of the corporation, and such bonds or notes shall not be a debt of the state, and such bonds and notes shall contain on the face thereof a statement to such effect.

2. Except as may be authorized by the county pursuant to section seven of article seventeen of the state constitution and section thirty-six hundred thirty-two of this title, the county shall not be liable on the bonds or notes of the corporation, and such bonds or notes shall not be a debt of the county, and such bonds and notes shall contain on the face thereof a statement to such effect or a statement describing the county liability thereon, if any.

§ 3636. Monies of the corporation. All monies of the corporation from whatever source derived shall be paid to the treasurer of the corporation and shall be deposited forthwith in a bank or banks designated by the corporation. The monies in such accounts shall be paid out or withdrawn on the order of such person or persons as the corporation may authorize to make such requisitions. All deposits of such monies shall be secured by obligations of the United States or of the state or of any municipality of a market value equal at all times to the amount on deposit, and all banks and trust companies are authorized to give such security for such deposits. Alternatively, monies of the corporation may be deposited in money market funds rated in the highest short term or long term rating category by at least one nationally recognized rating agency. To the extent practicable, consistent with the cash requirements of the corporation, all such monies shall be deposited in interest bearing accounts. The corporation shall have power, notwithstanding the provisions of this section, to contract with the holders of any bonds as to the custody, collection, security, investment, and payment of any monies of the corporation or any monies held in trust or otherwise for the payment of bonds or in any way to secure bonds, and carry out any such contract notwithstanding that such contract may be inconsistent with the provisions of this section. Monies held in trust or otherwise for the payment of bonds or in any way to secure bonds and deposits of such monies may be secured in the same manner as monies of the corporation, and all banks and trust companies are authorized to give such security for such deposits. Any monies of the corporation not required for immediate use or disbursement may, at the discretion of the corporation, be invested in accordance with guidelines established by the corporation's board and amended from time to time. Subject to the provisions of any contract with bondholders and with the approval of the state comptroller, the corporation shall prescribe a system of accounts.

§ 3637. Bonds; legal investments for fiduciaries. The bonds of the corporation are hereby made securities in which all public officers and bodies of the state and all municipalities, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks, and savings associations, including savings and loan associations, building and loan associations, investment companies, and other persons carrying on a banking business, and administrators, guardians, executors, trustees, and other fiduciaries, and all other persons whatsoever, who are now or may hereafter be authorized to invest in bonds or other obligations of the state, may properly and legally invest funds, including capital in their control or belonging to them. The bonds are also hereby made securities which may be deposited with and may be received by all public officers and bodies of the state and all municipalities for any purposes for which the deposit of bonds or other obligations of this state is now or hereafter may be authorized.

§ 3638. Agreement with state. The state does hereby pledge to and agree with the holders of any bonds issued by the corporation pursuant to this title and with those persons or public corporations who may enter into contracts with the corporation pursuant to the provisions of this title that the state will not alter, limit, or impair the rights hereby vested in the corporation to purchase, construct, own and operate, maintain, repair, improve, reconstruct, renovate, rehabilitate, enlarge, increase and extend, or dispose of any project, or any part or parts thereof, for which bonds of the corporation shall have been issued, to establish and collect rates, rents, fees, and other charges referred to in this title, to fulfill the terms of any contracts or agreements made with or for the benefit of the holders of bonds or with any person or public corporation with reference to such project or part thereof, or in any way impair the rights and remedies of the holders of bonds, until the bonds, together with interest thereon, including interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of the holders of bonds, are fully met and discharged and such contracts are fully performed on the part of the corporation. The corporation is authorized to include this pledge and agreement of the state in any agreement with the holders of bonds.

§ 3639. Agreement with county. The county is authorized to pledge to and agree with the holders of any bonds issued by the corporation pursuant to this title and with those persons or public corporations who may enter into contracts with the corporation pursuant to the provisions of this title that the county will not alter, limit, or impair the rights hereby vested in the corporation to purchase, construct, own and operate, maintain, repair, improve, reconstruct, renovate, rehabilitate, enlarge, increase and extend, or dispose of any project, or any part or parts thereof, for which bonds of the corporation shall have been issued, to establish, collect, and adjust rates, rents, fees, and other charges referred to in this title, to fulfill the terms of any agreements made with the holders of the bonds or with any public corporation or person with reference to such project or part thereof, or in any way impair the rights and remedies of the holders of bonds, until the bonds, together with interest thereon, including interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of the holders of bonds, are fully met and discharged and such contracts are fully performed on the part of the corporation.

§ 3640. Tax exemption and tax contract by the state. 1. It is hereby determined that the creation of the corporation and the carrying out of its corporate purposes are in all respects for the benefit of the people of the state of New York and are public purposes. Accordingly, the corporation shall be regarded as performing an essential governmental function in the exercise of the powers conferred upon it by this title, and the corporation shall not be required to pay any fees, taxes, special ad valorem levies, or assessments of any kind, except as provided pursuant to any public health law, whether state or local, including but not limited to fees, taxes, special ad valorem levies, or assessments on real property, franchise taxes, sales taxes, or other taxes, upon or with respect to any property owned by it or under its jurisdiction, control, or supervision, or upon the uses thereof, or upon or with respect to its activities or operations in furtherance of the powers conferred upon it by this title, or upon or with respect to any fares, tolls, rentals, rates, charges, fees, revenues, or other income received by the corporation; provided, however, that any real property owned or acquired by the corporation outside of the county shall be exempt from real property taxes, ad valorem levies, or special assessments only pursuant to and to the extent provided by an agreement with the governing body of the municipality in which such real property is located; and provided, further, that subsidiaries of the corporation are not included within the foregoing exemption.

2. Any bonds issued pursuant to this title, together with the income from such bonds, shall at all times be exempt from taxation.

3. The state hereby covenants with the purchasers and with all subsequent holders and transferees of bonds issued by the corporation pursuant to this title, in consideration of the acceptance of and payment for the bonds, that the bonds of the corporation issued pursuant to this title and the income from such bonds, and all revenues, monies, and other property pledged to pay or to secure the payment of such bonds shall at all times be free from taxation.

4. The corporation may pay, or may enter into agreements with the county or any municipality to pay, a sum or sums annually or otherwise or to provide other considerations with respect to real property owned by the corporation located within the county or such municipality.

§ 3641. Actions against corporation. 1. Except in an action for wrongful death, no action or special proceeding shall be prosecuted or maintained against the corporation, its members, officers, or employees for personal injury or damage to real or personal property alleged to have been sustained by reason of the negligence, tort, or wrongful act of the corporation or of any member, officer, agent, or employee thereof, unless:

(a) notice of claim shall have been made and served upon the corporation within the time limit set by and in compliance with section fifty-e of the general municipal law;

(b) it shall appear by and as an allegation in the complaint or moving papers that at least thirty days have elapsed since the service of such notice and that adjustment or payment thereof has been neglected or refused; and

(c) the action or special proceeding shall be commenced within one year and ninety days after the happening of the event upon which the claim is based; and

(d) an action against the corporation for wrongful death shall be commenced in accordance with notice of claim and time limitation provisions of title eleven of article nine of this chapter.

2. Whenever a notice of claim is served upon the corporation, it shall have the right to demand an examination of the claimant relative to the occurrence and extent of the injuries or damages for which claim is made, in accordance with the provisions of section fifty-h of the general municipal law.

3. The corporation may require any person presenting for settlement an account or claim for any cause whatsoever against the corporation to be sworn before a director, counsel, attorney, officer, or employee of the corporation designated for such purpose, concerning such account or claim and, when so sworn, to answer orally as to any facts relative to such account or claim. The corporation shall have power to settle or adjust all claims in favor of or against the corporation.

4. Any action or proceeding to which the corporation or the people of the state may be parties, in which any question arises as to the validity of this title, shall be preferred over all other civil causes of action or cases, except election causes of action or cases, in all courts of the state and shall be heard and determined in preference to

all other civil business pending therein, except election causes, irrespective of position on the calendar. The same preference shall be granted upon application of the corporation or its counsel in any action or proceeding questioning the validity of this title in which the corporation may be allowed to intervene. The venue of any such action or proceeding shall be laid in the supreme court of the county.

5. The rate of interest to be paid by the corporation upon any judgment for which it is liable, other than a judgment on its bonds, shall be the rate prescribed by section five thousand four of the civil practice law and rules. Interest on payments of principal or interest on any bonds in default shall accrue at the rate borne by such bonds from the due date thereof until paid or otherwise satisfied.

6. All actions or proceedings against the corporation of whatsoever nature shall be brought in the county.

§ 3642. Audit and annual reports. 1. In conformity with the provisions of section five of article ten of the state constitution, the accounts of the corporation shall be subject to the supervision of the state comptroller, and an annual audit shall be performed by an independent certified public accountant. The corporation shall annually submit to the Erie county legislature, county executive, governor, state comptroller, chairperson of the senate finance committee, and chairperson of the assembly ways and means committee a detailed report pursuant to the provisions of section twenty-eight hundred of this chapter, and a copy of such report shall be filed with the clerk of the Erie county legislature and the county executive.

2. The corporation shall report, on an annual basis, the following information: the name, principal business address, and principal business activities of each subsidiary of the corporation; the name of all board members and officers of each subsidiary; the number of employees of each subsidiary; a list of all contracts in excess of one hundred thousand dollars entered into by the corporation and its subsidiaries, identifying the amount, purpose, and duration of such

contract; and a financial statement, income statement, and balance sheet prepared by an independent certified public accountant, all in accordance with generally accepted accounting principles applicable to the corporation and each of its subsidiaries. At the time the reports required by subdivision one of this section are submitted, such reports shall be provided to the governor, the temporary president of the senate, and the speaker of the assembly and a copy of such report shall be filed with the clerk of the Erie county legislature and the county executive.

§ 3643. Defense and indemnification. The corporation shall not execute any of its powers, including the special powers authorized by section thirty-six hundred thirty-one of this title, except as necessary to commence its corporate existence, until it has elected to make the provision of section eighteen of the public officers law applicable to its employees (as such term is defined in section eighteen of the public officers law) pursuant to subdivision two of such section; provided, however, that nothing contained within this section shall be deemed to permit the corporation to extend the provisions of section eighteen of the public officers law to any independent contractor.

§ 3644. Transfer of applications, proceedings, approvals, and permits. 1. Any application, review, or process in relation to or in furtherance of the purposes of or contemplated by this title heretofore filed or undertaken, or any proceeding heretofore commenced, or any determination, finding, or award made, by the county or by the county with the federal government, the state department of health, or any other public corporation shall inure to and for the benefit of the corporation to the same extent and in the same manner as if the corporation has been a party to such application, review, process, or proceeding from its inception, and the corporation shall be deemed a party thereto, to the extent not prohibited by any federal law. Any license, approval, permit, determination, finding, award, or decision heretofore or hereafter issued or granted pursuant to or as a result of any such application, review, process, or proceeding shall inure to the benefit of and be binding upon the corporation and shall be assigned and transferred by the county to the corporation, unless such assignment and transfer is prohibited by federal law.

2. All such applications, proceedings, licenses, approvals, permits, determinations, findings, awards, and decisions shall further inure to and for the benefit of and be binding upon any person leasing, acquiring, financing, constructing, maintaining, operating, using, or occupying any facility transferred by the county to the corporation pursuant to this title.

§ 3645. Separability. If any clause, sentence, paragraph, section, or part of this title shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section, or part thereof involved in the controversy in which such judgment shall have been rendered.

§ 3646. Applicability of laws. The provisions of this title shall be subject to the provisions of the civil practice law and rules, the public health law, the mental hygiene law, the social services law, the education law, and any other applicable law or regulation, including any amendment thereto; provided, however, that nothing in this section shall require the county or corporation to seek approval or consent for any transfer pursuant to sections thirty-six hundred thirty-two and thirty-six hundred forty-four of this title.

ARTICLE 10-D

MISCELLANEOUS AUTHORITIES

TITLE 1

NASSAU COUNTY INTERIM FINANCE AUTHORITY

§ 3650. Short title. This title shall be known and may be cited as the "Nassau County Interim Finance Authority Act".

§ 3651. Definitions. For the purposes of this title, unless the context otherwise requires:

1. "Authority" or "Nassau county interim finance authority" means the

public benefit corporation created by this title.

2. "Bonds" means bonds, notes and other evidences of indebtedness, issued or incurred by the authority.

3. "Chief fiscal officer" means the chief fiscal officer of the county as defined in the county charter.

4. "Comptroller" means the comptroller of the county.

5. "Control period" means a period determined by the authority in accordance with section thirty-six hundred sixty-nine of this title.

6. "County" means the county of Nassau.

7. "County charter" means the county government law of Nassau county, as amended.

8. "County executive" means the county executive of the county.

9. "County tax revenues" means (a) that portion of tax revenues that is deducted and withheld for transfer and credit by the authority to the county of Nassau revenue anticipation note withholding fund established by the authority and (b) the balance of tax revenues transferred by the authority to the county, pursuant to section thirty-six hundred fifty-seven of this title.

10. "Covered organization" means the Nassau health care corporation, and any other governmental agency, public authority or public benefit corporation which receives or may receive moneys directly, indirectly or contingently from the county, but excluding the authority and (i) any governmental agency, public authority or public benefit corporation specifically exempted from the provisions of this title by order of the authority upon application of such agency, public authority, or corporation to the authority or at the authority's own motion upon a finding by the authority that such exemption does not materially affect the ability of the county to adopt and maintain a budget pursuant to the

provisions of this title, and provided that at the time of such exemption, there shall have been and during the period of such exemption there shall be an annual audit by a nationally recognized independent certified public accounting firm or consortium of firms, one of which shall be a nationally recognized firm, of the covered organization's financial statements performed in accordance with generally accepted auditing standards and report by such auditor thereon which includes an opinion that the financial statements so audited have been prepared in accordance with generally accepted accounting principles and such other information as such auditors deem appropriate, (ii) any state public authority as defined in section two hundred one of the civil service law, unless specifically named above, or (iii) any governmental agency, authority, commission or instrumentality created by compact or agreement between the state of New York and another state or states; provided, however, that the authority may terminate any exemption granted by order of the authority pursuant to this subdivision upon a determination that the circumstances upon which such exemption was granted are no longer applicable.

11. "Director of the budget" means the director of the budget of the state.

12. "Financeable costs" or "costs" means costs to finance (a) amounts necessary to accomplish a refunding, repayment or restructuring of a portion of the county's outstanding indebtedness or that of any covered organization, (b) cash flow needs of the county, (c) tax certiorari settlements and judgments of any kind to which the county is a party, (d) appropriated capital costs of the county, including the costs of any preliminary studies, surveys, maps, plans, estimates and hearings, (e) amounts necessary to finance any county deficit, to the extent authorized by state law, or (f) incidental costs, including, but not limited to, legal fees, printing or engraving, publication of notices, taking of title, apportionment of costs, and capitalized interest, insurance premiums, costs related to items authorized in subdivisions seven through ten of section thirty-six hundred fifty-four of this title or any underwriting or other costs incurred in connection with the financing thereof.

13. "Financial plan" means the financial plan of the county and the covered organizations to be developed pursuant to section thirty-six hundred sixty-seven of this title, as from time to time amended.

14. "Interim finance period" means the period of time from the effective date of this title until the date when (a) the authority shall determine, based on annual audit reports furnished in accordance with this title, that for each fiscal year, through and including fiscal year two thousand eight, that the county has adopted and adhered to budgets covering all expenditures the results of which did not show a major operating funds deficit when reported in accordance with generally accepted accounting principles, subject to the provisions of this title, and shall further determine that in the then current fiscal year there is a substantial likelihood that the results of the county's operations will not show a deficit in the major operating funds when so reported and (b) the chief fiscal officer shall certify that securities sold by or for the benefit of the county during the fiscal year immediately preceding such date and the then current fiscal year in the general public market satisfied the financing requirements of the county during such period and that there is a substantial likelihood that such securities can be sold in the general public market from such date through the end of the next succeeding fiscal year in amounts which will satisfy substantially all of the capital and seasonal financing requirements of the county during such period in accordance with the financial plan then in effect.

15. "Legislature" means the legislature of the county.

16. "Major operating funds" means the general fund, the police district fund, the police headquarters fund, the county parks fund and the fire prevention fund of the county, together with any other funds of the county or a covered organization from time to time designated by the authority.

17. "NCIFA assistance" means the amount of debt service savings in a given fiscal year generated from the proceeds of bonds made available to

or for the benefit of the county or any covered organization as determined by the authority.

18. "Presiding officer" means the presiding officer of the legislature, elected pursuant to the rules of the legislature.

19. "Projected gap" means the excess, if any, of annual aggregate projected expenditures over annual aggregate projected revenues for the major operating funds in each year of a financial plan as determined by the county and certified by the authority. For purposes of determining the projected gap in each fiscal year, annual aggregate projected revenues shall not include the amount of NCIFA assistance or transitional state aid expected to be available for such fiscal year.

20. "Public corporation" means and includes the county, the state and every public corporation as defined in the general construction law.

21. "Revenues" means the tax revenues and all aid, rents, fees, charges, payments and other income and receipts paid or payable to the authority or a trustee for the account of the authority to the extent such amounts are pledged to bondholders, but in no event shall revenues include any transitional state aid.

22. "State" means the state of New York.

23. "Tax revenues" means sales and compensating use tax net collections paid or payable to the authority pursuant to section twelve hundred sixty-one of the tax law.

24. "Transitional state aid" means any state aid appropriated to the authority for the benefit of the county for (a) unrestricted aid purposes and (b) the purpose of assisting the county in streamlining the tax certiorari claims process and eliminating the need to borrow for such costs.

§ 3652. Nassau county interim finance authority. 1. There is hereby created the Nassau county interim finance authority. The authority shall be a corporate governmental agency and instrumentality of the state constituting a public benefit corporation.

2. In accordance with the provisions of this title, the authority may issue bonds only to finance costs, including the refunding of bonds issued by the authority to finance costs, and fund reserves to secure such bonds.

3. The authority shall continue until its oversight, control or other responsibilities, and its liabilities have been met or otherwise discharged. Upon the termination of the existence of the authority, all of its rights and property shall pass to and be vested in the county.

§ 3653. Administration of the authority. 1. The authority shall be administered by seven directors appointed by the governor. Of the seven directors, one each shall be appointed on the written recommendation of the majority leader of the state senate, the speaker of the state assembly and the state comptroller, respectively. Two of the members appointed directly by the governor and the members appointed on the recommendation of the majority leader of the state senate, the recommendation of the speaker of the state assembly and the recommendation of the state comptroller shall be residents of the county of Nassau. Each director shall be appointed for a term of four years, provided however, that two of the directors first appointed by the governor shall serve for a term ending December thirty-first, two thousand four, and the five other directors first appointed shall serve for the following terms: the directors appointed on recommendation of the majority leader of the state senate, the speaker of the state assembly and the state comptroller shall serve for a term ending December thirty-first, two thousand five and the two remaining directors first appointed directly by the governor shall serve for a term ending on December thirty-first, two thousand six. Each director shall hold office until his or her successor has been appointed and qualified. Thereafter each director shall serve a term of four years, except that any director appointed to fill a vacancy shall serve only until the expiration of his or her predecessor's term.

2. The governor shall designate a chairperson and a vice-chairperson from among the directors. The chairperson shall preside over all meetings of the directors and shall have such other duties as the directors may prescribe. The vice-chairperson shall preside over all meetings of the directors in the absence of the chairperson and shall have such other duties as the directors may prescribe.

3. The directors of the authority shall serve without salary, but each director shall be reimbursed for actual necessary expenses incurred in the performance of such director's official duties as a director of the authority.

4. Notwithstanding any inconsistent provision of any general, special or local law, ordinance, resolution or charter, no officer, member or employee of the state of New York, any city, county, town or village, any governmental entity operating any public school or college, any school district or any other public agency or instrumentality which exercises governmental powers under the laws of the state, shall forfeit his or her office or employment by reason of his or her acceptance of appointment as a director, officer or employee of the authority, nor shall service as such director, officer or employee of the authority be deemed incompatible or in conflict with such office or employment.

5. Four directors shall constitute a quorum for the transaction of any business or the exercise of any power of the authority. No action shall be taken by the authority except pursuant to a favorable vote of at least four directors participating in a meeting at which such action is taken.

6. The authority shall appoint a treasurer and may appoint officers and agents as it may require and prescribe their duties.

7. At least annually, commencing no more than one year after the date on which authority bonds are first issued, the authority shall report to the county executive, county legislature, the county comptroller, the

director of the budget, the speaker of the assembly, the temporary president of the senate and the state comptroller on the costs financed by the authority and the amount of such financing for each such cost over the past year.

§ 3654. General powers of the authority. Except as otherwise limited by this title, the authority shall have the following powers in addition to those specially conferred elsewhere in this title, subject only to agreements with bondholders:

1. to sue and be sued;

2. to have a seal and alter the same at pleasure;

3. to make and alter by-laws for its organization and management and, subject to agreements with its bondholders, to make and alter rules and regulations governing the exercise of its powers and fulfillment of its purposes under this title;

4. to make and execute contracts and all other instruments or agreements necessary or convenient to carry out any powers and functions expressly given in this title;

5. to commence any action to protect or enforce any right conferred upon it by any law, contract or other agreement;

6. to borrow money and issue bonds, or to refund the same, and to provide for the rights of the holders of its bonds;

7. as security for the payment of the principal of and interest on any bonds issued by it pursuant to this title and any agreements made in connection therewith and for its obligations under bond facilities, to pledge all or any part of its revenues or assets;

8. to procure insurance, letters of credit or other credit enhancement with respect to its bonds, or facilities for the payment of tenders of

such bonds or facilities for the payment upon maturity of short-term notes not renewed;

9. to enter into interest rate exchange or similar arrangements with any person under such terms and conditions as the authority may determine, not inconsistent with the general laws of this state and other provisions of this title, including, without limitation, provisions as to default or early termination and indemnification by the authority or any other party thereto for loss of benefits as a result thereof; provided, however, that such exchanges or similar arrangements shall be limited to fifty percent of the amount authorized in subdivision one of section thirty-six hundred fifty-six of this article to pay the financeable costs described in paragraph (a) of subdivision eleven of section thirty-six hundred fifty-one of this article;

10. to procure insurance, letters of credit or other credit enhancement with respect to arrangements described in subdivision nine of this section;

11. to accept gifts, grants, loans or contributions of funds or financial or other aid in any form from the county, state or federal government or any agency or instrumentality thereof, or from any other source and to expend the proceeds for any of its corporate purposes in accordance with the provisions of this title;

12. subject to the provisions of any contract with bondholders, to invest any funds held in reserves or sinking funds, or any funds not required for immediate use or disbursement, at the discretion of the authority, in (a) obligations of the state or the United States government, (b) obligations the principal and interest of which are guaranteed by the state or the United States government, (c) certificates of deposit, whether negotiable or non-negotiable, and banker's acceptances of any of the fifty largest banks in the United States which bank, at the time of investment, has an outstanding unsecured, uninsured and unguaranteed debt issue ranked in either of the two highest rating categories of two nationally recognized independent rating agencies, (d) commercial paper of any bank or corporation created

under the laws of either the United States or any state of the United States which commercial paper, at the time of the investment, has received the highest rating of two nationally recognized independent rating agencies, (e) bonds, debentures, or other evidences of indebtedness, issued or guaranteed at the time of the investment by the federal national mortgage association, federal home loan mortgage corporation, student loan marketing association, federal farm credit system, or any other United States government sponsored agency, provided that at the time of the investment such agency receives, or its obligations receive, any of the three highest rating categories of two nationally recognized independent rating agencies, (f) any bonds or other obligations of any state or the United States of America or of any political subdivision thereof or any agency, instrumentality or local governmental unit of any such state or political subdivision which bonds or other obligations, at the time of the investment, have received any of the three highest ratings of two nationally recognized independent rating agencies, (g) any repurchase agreement with any bank or trust company organized under the laws of any state of the United States of America or any national banking association or government bond dealer reporting to, trading with, and recognized as a primary dealer by the Federal Reserve Bank of New York, which agreement is secured by any one or more of the securities described in paragraph (a), (b) or (e) of this subdivision which securities shall at all times have a market value of not less than the full amount of the repurchase agreement and be delivered to another bank or trust company organized under the laws of New York State or any national banking association domiciled in New York State, as custodian, and (h) reverse repurchase agreements with any bank or trust company organized under the laws of any state of the United States of America or any national banking association or government bond dealer reporting to, trading with, and recognized as a primary dealer by the Federal Reserve Bank of New York, which agreement is secured by any one or more of the securities described in paragraph (a), (b) or (e) of this subdivision which securities shall at all times have a market value of not less than the full amount of the repurchase agreement and be delivered to another bank or trust company organized under the laws of New York State or any national banking association domiciled in New York State, as custodian.

13. to appoint such officers and employees as it may require for the performance of its duties and to fix and determine their qualifications, duties, and compensation, and to retain or employ counsel, auditors and private financial consultants and other services on a contract basis or otherwise for rendering professional, business or technical services and advice; and, in taking such actions, the authority shall consider the financial impact on the county; and

14. to do any and all things necessary or convenient to carry out its purposes and exercise the powers expressly given and granted in this title; provided, however, such authority shall under no circumstances acquire, hold or transfer title to, lease, own beneficially or otherwise, manage, operate or otherwise exercise control over any real property, any improvement to real property or any interest therein other than a lease or sublease of office space deemed necessary or desirable by the authority.

§ 3655. Declaration of need. 1. The county shall determine and declare whether it requests the authority to undertake a financing of costs. Any such request shall be made by the county executive and approved by the legislature. Any such financing shall be consistent with the adopted budget and financial plan required under sections thirty-six hundred sixty-six and thirty-six hundred sixty-seven of this title, as applicable.

2. Upon declaration by the county of such need, the county executive shall request that the authority provide financing in accordance with the provisions of this title.

3. Upon approval by the authority, in its discretion in accordance with the provisions of this title, of such financing request, the authority may enter into agreements with the county, and the county, acting by the county executive, approved by the legislature, may enter into agreements with the authority in accordance with the provisions of this title as to the financing of costs by the authority, the

application of tax revenues to the authority to secure its bonds, and further assurances in respect of the authority's receipt of such revenues and the fiscal affairs of the county, including but not limited to the manner of preparation of budget reports and financial plans as provided for in sections thirty-six hundred sixty-six and thirty-six hundred sixty-seven of this title, as applicable. The authority's revenues shall not be deemed funds of the county. Any such agreements may be pledged by the authority to secure its bonds and may not be modified thereafter except as provided by the terms of the pledge.

4. Such agreements shall (a) describe the particular financeable costs to be financed in whole or in part by the authority, (b) describe the plan for the financing of the costs, (c) set forth the method by which and by whom and the terms and conditions upon which money provided by the authority shall be disbursed to the county, (d) where appropriate, provide for the payment of such costs by the county under such contracts as shall be awarded by the county or for the county to make a capital contribution of such proceeds as county funds to another entity for the payment or reimbursement of such costs, and (e) require every contract entered into by the county, or another entity receiving funds from the county, for costs to be financed in whole or in part by the authority to be subject to the provisions of the county charter and other applicable laws governing contracts of the county or such entity, as the case may be. Nothing contained in this title shall relieve or modify the application to the county or any entity acting on behalf of the county or any covered organization of the requirements of law relating (i) to contracts for procurement, design, construction, services and materials, or (ii) the provisions of section two hundred twenty of the labor law, or (iii) the provisions of article five-A of the general municipal law.

5. At least annually, commencing no more than one year after the date on which authority bonds are first issued, the county executive shall report to the authority, the comptroller, the legislature, the state comptroller, the chairs of the senate finance committee and the assembly ways and means committee, and the director of the budget on the costs financed by the authority and the amount of such financing over the past year, which report shall describe, by reference to the specific items in

the county's budget or financial plan, its compliance therewith.

§ 3656. Bonds of the authority. 1. The authority shall have the power and is hereby authorized from time to time to issue bonds in such principal amounts as it may determine to be necessary pursuant to section thirty-six hundred fifty-five of this title to pay any financeable costs and to fund reserves to secure such bonds, including incidental expenses in connection therewith. Provided, however, the aggregate principal amounts of such bonds issued to pay the financeable county costs described in paragraph (c) of subdivision twelve of section thirty-six hundred fifty-one of this title, which resulted from certiorari proceedings commenced on or after June first, two thousand, shall not exceed eight hundred million dollars in the aggregate, excluding bonds, notes, or other obligations issued to refund or otherwise repay bonds, notes, or other obligations theretofore issued for such purposes. Effective in the year two thousand six, upon request of the county, the authority shall issue, in the amount requested, bonds to pay tax certiorari settlements or judgments of any kind to which the county is a party, not to exceed fifteen million dollars; and effective in the year two thousand seven, upon request of the county, the authority shall issue, in the amount requested, bonds to pay tax certiorari settlements or judgments of any kind to which the county is a party, not to exceed ten million dollars. Whenever this title establishes a limit on the principal amount of bonds that the authority is authorized to issue, there shall not be counted against such limit (i) amounts determined by the authority as reasonable to be used to pay the cost of issuing such bonds, (ii) the amount of bonds that would constitute interest under the Internal Revenue Code of 1986, as amended, and (iii) amounts determined by the authority as necessary to establish any reserves.

The authority shall have the power from time to time to refund any bonds of the authority by the issuance of new bonds, whether the bonds to be refunded have or have not matured, and may issue bonds partly to refund bonds of the authority then outstanding and partly to pay the financeable costs pursuant to section thirty-six hundred fifty-five of this title. Bonds issued by the authority shall be payable solely out of particular revenues or other moneys of the authority as may be designated in the proceedings of the authority under which the bonds shall be authorized to be issued, subject to any agreements entered into between the authority and the county, and subject to any agreements with the holders of outstanding bonds pledging any particular revenues or moneys; but in no event shall transitional state aid be pledged as security for or be made available for the payment of bonds.

2. The authority is authorized to issue its bonds for a period ending not later than December thirty-first, two thousand twenty-one. The authority may issue bonds to refund bonds previously issued without regard to the limitation in the first sentence of this subdivision, but in no event shall any bonds of the authority finally mature later than January thirty-first, two thousand fifty-one. Notwithstanding any other provision of law, no bond of the authority shall mature more than thirty years from the date of its issue.

3. Bonds of the authority may be issued, amortized, redeemed and refunded without regard to the provisions of the local finance law; provided, however, that the principal amount of outstanding bonds issued by the authority shall be deemed to be indebtedness of the county solely in ascertaining the amount of indebtedness the county may contract pursuant to the local finance law and the state constitution and the authority shall not exceed such limitation.

4. The directors may delegate to the chairperson or other director or officer of the authority the power to set the final terms of bonds.

5. The authority in its sole discretion shall determine that the issuance of its bonds is appropriate. Bonds shall be authorized by resolution of the authority. Bonds shall bear interest at such fixed or variable rates and shall be in such denominations, be in such form, either coupon or registered, be sold at such public or private sale, be executed in such manner, be denominated in United States currency, be payable in such medium of payment, at such place and be subject to such terms of redemption as the authority may provide in such resolution. No

bonds of the authority may be sold at private sale unless such sale and the terms thereof have been approved in writing by (a) the state comptroller where such sale is not to the state comptroller, or (b) the director of the budget, where such sale is to the state comptroller.

6. As a condition precedent to authorizing the issuance of any bonds hereunder, the authority may include in any agreement with the county such provisions as are deemed necessary and appropriate including express provisions regarding compliance with sections thirty-six hundred sixty-six and thirty-six hundred sixty-seven of this title, as applicable.

7. Any resolution or resolutions authorizing bonds or any issue of bonds may contain provisions which may be a part of the contract with the holders of the bonds thereby authorized as to:

(a) pledging all or part of the authority's revenues, together with any other moneys, securities or contracts, to secure the payment of the bonds, subject to such agreements with bondholders as may then exist;

(b) the setting aside of reserves and the creation of sinking funds and the regulation and disposition thereof;

(c) limitations on the purposes to which the proceeds from the sale of bonds may be applied;

(d) limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured and the refunding of bonds;

(e) the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, including the proportion of bondholders which must consent thereto and the manner in which such consent may be given;

(f) vesting in a trustee or trustees such properties, rights, powers and duties in trust as the authority may determine, which may include any or all of the rights, powers and duties of the trustee appointed by the bondholders pursuant to section thirty-six hundred sixty-four of this title and limiting or abrogating the rights of the bondholders to appoint a trustee under such section or limiting the rights, duties and powers of such trustee; and

(g) defining the acts or omissions to act which may constitute a default in the obligations and duties of the authority to the bondholders and providing for the rights and remedies of the bondholders in the event of such default, including as a matter of right the appointment of a receiver; provided, however, that such acts or omissions to act which may constitute a default and such rights and remedies shall not be inconsistent with the general laws of the state and other provisions of this title.

8. In addition to the powers herein conferred upon the authority to secure its bonds, the authority shall have power in connection with the issuance of bonds to enter into such agreements for the benefit of the bondholders as the authority may deem necessary, convenient or desirable concerning the use or disposition of its revenues or other moneys, including the entrusting, pledging or creation of any other security interest in any such revenues, moneys and the doing of any act, including refraining from doing any act, which the authority would have the right to do in the absence of such agreements. The authority shall have power to enter into amendments of any such agreements within the powers granted to the authority by this title and to perform such agreements. The provisions of any such agreements may be made a part of the contract with the holders of bonds of the authority.

9. Notwithstanding any provision of the uniform commercial code to the contrary, any pledge of or other security interest in revenues, moneys, accounts, contract rights, general intangibles or other personal property made or created by the authority shall be valid, binding and perfected from the time when such pledge is made or other security interest attaches without any physical delivery of the collateral or further act, and the lien of any such pledge or other security interest shall be valid, binding and perfected against all parties having claims of any kind in tort, contract or otherwise against the authority irrespective of whether such parties have notice thereof. No instrument by which such a pledge or security interest is created nor any financing statement need be recorded or filed.

10. Whether or not the bonds of the authority are of such form and character as to be negotiable instruments under the terms of the uniform

commercial code, the bonds are hereby made negotiable instruments within the meaning of and for all the purposes of the uniform commercial code, subject only to the provisions of the bonds for registration.

11. Neither the directors of the authority nor any person executing bonds shall be liable personally thereon or be subject to any personal liability or accountability solely by reason of the issuance thereof. The bonds or other obligations of the authority shall not be a debt of either the state or the county, and neither the state nor the county shall be liable thereon, nor shall they be payable out of any funds other than those of the authority; and such bonds shall contain on the face thereof a statement to such effect.

12. The authority, subject to such agreements with bondholders as then may exist, shall have power to purchase bonds of the authority out of any moneys available therefor, which shall thereupon be cancelled.

§ 3657. Resources of the authority. 1. Subject to the provisions of this title, the directors of the authority shall receive, accept, invest, administer, expend and disburse for its corporate purposes all money of the authority from whatever sources derived including (a) tax revenues; (b) the proceeds of bonds; and (c) any other payments, gifts or appropriations to the authority from any other source.

2. Subject to the provisions of any contract with bondholders, (a) the money of the authority shall be paid to the authority and shall not be commingled with any other money, and (b) all money received by the authority which, together with other money of the authority available for the expenses of the authority, the payment of debt service and payments to reserve funds, exceeds the amount required for such purposes, as determined by the authority, shall, subject to the provisions of subdivision six of this section and to the terms of any agreement between the authority and the county, be transferred to the county as frequently as practicable.

3. The money in any of the authority's accounts shall be paid out on

checks signed by the treasurer of the authority, or by other lawful and appropriate means such as wire or electronic transfer, on requisitions of the chairperson of the authority or of such other officer as the directors shall authorize to make such requisition, or pursuant to a bond resolution or trust indenture.

4. All deposits of authority money shall be secured by obligations of the United States or of the state or of the county at a market value at least equal at all times to the amount of the deposit, and all banks and trust companies are authorized to give such security for such deposits. The authority shall have the power, notwithstanding the provisions of this section, to contract with the holders of any of its bonds as to the custody, collection, securing, investment and payment of any money of the authority or any money held in trust or otherwise for the payment of bonds or in any way to secure bonds, and to carry out any such contract notwithstanding that such contract may be inconsistent with the other provisions of this title. Money held in trust or otherwise for the payment of bonds or in any way to secure bonds and deposits of such money may be secured in the same manner as money of the authority, and all banks and trust companies are authorized to give such security for such deposits.

5. Tax revenues received by the authority pursuant to section twelve hundred sixty-one of the tax law, together with any other revenues received by the authority, shall be applied in the following order of priority: first pursuant to the authority's contracts with bondholders, then to pay the authority's operating expenses not otherwise provided for, and then, subject to the authority's agreements with the county, to transfer the balance of such tax revenues not required to meet contractual or other obligations of the authority to the county as frequently as practicable.

6. (a) This subdivision shall apply only to revenue anticipation notes, including renewals thereof, issued by the county during its fiscal year ending December thirty-first, two thousand, in anticipation of the receipt of county tax revenues, and only to such issues of revenue anticipation notes as to which the certificate described in

paragraph (b) of this subdivision is filed.

(b) Notwithstanding the provisions of subdivision five of this section with respect to the transfer of the balance of tax revenues to the county, prior to the delivery of each such issue of revenue anticipation notes, the chief fiscal officer of the county shall file with the authority a request that the authority establish a county of Nassau revenue anticipation note withholding fund which shall constitute a special bank account for purposes of paragraph g of section 25.00 of the local finance law. Such request by such chief fiscal officer shall be accompanied by a certificate setting forth with respect to such issue (i) the principal amount, (ii) the date of issue, (iii) the maturity date, (iv) the interest rate or rates, (v) if interest shall be payable otherwise than at maturity, the date or dates for the payment thereof, (vi) the name and address of the paying agent, (vii) the name and address of each purchaser, or, if a purchaser shall be a syndicate or similar account, the name and address of each managing underwriter of such syndicate or similar account, (viii) the amount payable on each principal payment date and interest payment date, and (ix) a schedule setting forth the total amount of county tax revenues anticipated to be received, and the expected date or dates of anticipated receipt of such county tax revenues. Such certificate shall be accompanied by a statement executed by the chief fiscal officer certifying that the amounts and times of payments of county tax revenues contained in such schedule have been estimated by the use of reasonable and appropriate data and methods of estimation, all in accordance with applicable law.

(c) All such revenue anticipation notes, in addition to a pledge of the faith and credit of the county for the payment thereof, shall contain a recital to the effect that they are entitled to the benefits of the provisions of this subdivision.

(d) Commencing on the date not less than five days prior to and on each day thereafter up to and including any principal and/or interest payment date referred to in the certificate filed by the chief fiscal officer with the authority pursuant to paragraph (b) of this subdivision, the authority shall pay to such paying agent from county tax revenues transferred and credited by the authority to the county of Nassau revenue anticipation note withholding fund as provided in paragraph (e) of this subdivision the amount required to pay in full the principal and/or interest due on such payment date as set forth in such certificate. Moneys so paid shall pass immediately from the authority and vest in such paying agent in trust for the benefit of the holders of the revenue anticipation notes to which such certificate relates. No other person having any claim of any kind in tort, contract or otherwise against the county shall have any right to or claim against the moneys held by such paying agent, and such moneys shall not be subject to any order, judgment, lien, execution, attachment, setoff or counterclaim by any such other person. Such moneys shall be held by such paying agent in a separate trust account and shall be applied only to the payment of the principal and/or interest due on such revenue anticipation notes, provided, however, that the contract by and between the county and such paying agent may provide for (i) the investment by such paying agent of such moneys in direct obligations of, or in obligations guaranteed by, the United States of America, provided such obligations shall be payable or redeemable at the option of the holder within such time as the proceeds shall be needed to pay such principal and/or interest due on such revenue anticipation notes, and (ii) the use by such paying agent of such moneys for the purchase of direct obligations of, or obligations guaranteed by, the United States of America under one or more repurchase agreements with any bank or trust company having its principal office in the state of New York, provided that any such repurchase agreement shall provide for the repurchase of such obligations within such time as such moneys are needed to pay the principal and/or interest due on such revenue anticipation notes at a repurchase price at least sufficient to make the amount so invested available for the payment of principal and/or interest due on such revenue anticipation notes, and provided, further, that, at the time of such purchase, the market value of such obligations shall be at least equal to one hundred two per centum of the amount so invested. No person having any claim of any kind in tort, contract or otherwise against the county shall have any right to or claim against any moneys in anticipation of which such notes have been issued, other than a claim for payment by the holders of such notes, and such moneys shall not be subject to any order, judgment, lien, execution, attachment, setoff or counterclaim by any such person. Notwithstanding any provision of law to the contrary, no instrument relating to any transaction authorized or contemplated by this paragraph need be filed under the provisions of the uniform commercial code.

(e) Commencing on the day when the authority determines that the principal and interest due or to come due on such outstanding revenue anticipation notes issued against such county tax revenues in accordance with the provisions of this subdivision shall equal the amount of such county tax revenues as set forth on the schedule included in the certificate filed with the authority pursuant to paragraph (b) of this subdivision remaining to be paid to the county on or prior to any principal and/or interest payment date, the authority shall deduct and withhold from the amount of such county tax revenues otherwise payable to the county an amount sufficient to pay, when due, the principal of and interest on all such revenue anticipation notes issued and then outstanding in anticipation thereof. Amounts so deducted and withheld shall be transferred and credited by the authority to the account established for such county tax revenues in the county of Nassau revenue anticipation note withholding fund established by the authority in accordance with the chief fiscal officer's request pursuant to paragraph (b) of this subdivision. The payments required to be made by the authority pursuant to paragraph (d) of this subdivision shall be made from amounts on deposit in the accounts established for such county tax revenues in the county of Nassau revenue anticipation note withholding fund.

(f) Notwithstanding any other provision of this subdivision, at the expiration of one hundred eighty days after the maturity date of any issue of revenue anticipation notes issued in accordance with the provisions of this subdivision, the amounts held by the paying agent thereof for the payment of the principal of and interest on the notes of such issue which have not been presented for payment shall be paid over and remitted by such paying agent to the county and thereafter the holders of such notes shall look only to the county for such payment.

(g) All other provisions of the local finance law not inconsistent with the provisions of this subdivision shall continue to apply to the authorization and issuance of revenue anticipation notes by the county.

§ 3658. Agreement with the state. The state does hereby pledge to and agree with the holders of any issue of bonds issued by the authority pursuant to this title and secured by such a pledge that the state will not limit, alter or impair the rights hereby vested in the authority to fulfill the terms of any agreements made with such holders pursuant to this title, or in any way impair the rights and remedies of such holders or the security for such bonds until such bonds, together with the interest thereon and all costs and expenses in connection with any action or proceeding by or on behalf of such holders, are fully paid and discharged. The authority is authorized to include this pledge and agreement of the state in any agreement with the holders of such bonds. Nothing contained in this title shall be deemed to restrict the right of the state to amend, modify, repeal or otherwise alter statutes imposing or relating to taxes or fees, or appropriations relating thereto. The authority shall not include within any resolution, contract or agreement with holders of the bonds issued under this title any provision which provides that a default occurs as a result of the state exercising its right to amend, repeal, modify or otherwise alter such taxes, fees, or appropriations. Nothing in this title shall be deemed to obligate the state to make any payments or impose any taxes to satisfy the debt service obligations of the authority.

§ 3659. Agreement with the county. The county is authorized to pledge to and agree with the holders of any issue of bonds issued by the authority pursuant to this title and secured by such a pledge that the county will not limit, alter or impair the rights hereby vested in the authority to fulfill the terms of any agreements made with such holders pursuant to this title, or in any way impair the rights and remedies of such holders or the security for such bonds until such bonds, together with the interest thereon and all costs and expenses in connection with any action or proceeding by or on behalf of such holders, are fully paid and discharged. Nothing contained in this title shall be deemed to restrict any right of the county to amend, modify or otherwise alter local laws, ordinances or resolutions imposing or relating to the taxes imposed pursuant to the authority of article twenty-nine of the tax law or other taxes or fees or appropriations related to any such taxes or fees, so long as, after giving effect to such amendment, modification or other alteration, the amount of tax revenues projected by the authority to be available during each of its fiscal years following the effective date of such amendment, modification or other alteration shall be not less than two hundred percent of maximum annual debt service on authority bonds then outstanding. Subject to the foregoing sentence, the authority shall not include in any resolution, contract or agreement with the holders of its bonds any provision which provides that a default occurs as a result of the county exercising its right to amend, modify, or otherwise alter such taxes imposed pursuant to the authority of article twenty-nine of the tax law or other taxes or fees. Nothing in this title shall be deemed to obligate the county to make additional payments or impose taxes other than those imposed pursuant to the authority of paragraph one of subdivision (a) of section twelve hundred ten of the tax law to satisfy the debt service obligations of the authority.

§ 3660. Bonds legal for investment and deposit. The bonds of the authority are hereby made securities in which all public officers and bodies of the state and all public corporations, municipalities and municipal subdivisions, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations including savings and loan associations, building and loan associations, investment companies and other persons carrying on a banking business, all administrators, conservators, guardians, executors, trustees and other fiduciaries, and all other persons whatsoever who are now or may hereafter be authorized to invest in bonds or in other obligations of the state, may properly and legally invest funds, including capital, in their control or belonging to them. The bonds are also hereby made securities which may be deposited with and may be received by all public officers and bodies of the state and all municipalities and public corporations for any purpose for which the deposit of bonds or other obligations of the state is now or may hereafter be authorized.

§ 3661. Tax exemption and tax contract by the state. 1. It is hereby determined that the creation of the authority and the carrying out of its corporate purposes are in all respects for the benefit of the people of the state of New York and are public purposes. Accordingly, the authority shall be regarded as performing an essential governmental function in the exercise of the powers conferred upon it by this title. The property of the authority, its income and its operations shall be exempt from taxation, assessments, special assessments and ad valorem levies. The authority shall not be required to pay any fees, taxes, special ad valorem levies or assessments of any kind, whether state or local, including, but not limited to, fees, taxes, special ad valorem levies or assessments on real property, franchise taxes, sales taxes or other taxes, upon or with respect to any property owned by it or under its jurisdiction, control or supervision, or upon the uses thereof, or upon or with respect to its activities or operations in furtherance of the powers conferred upon it by this title, or upon or with respect to any fares, tolls, rentals, rates, charges, fees, revenues or other income received by the authority.

2. Any bonds issued pursuant to this title, their transfer and the income therefrom shall, at all times, be exempt from taxation.

3. The state hereby covenants with the purchasers and with all subsequent holders and transferees of bonds issued by the authority pursuant to this title, in consideration of the acceptance of and payment for the bonds, that the bonds of the authority issued pursuant to this title and the income therefrom and all revenues, moneys, and other property pledged to pay or to secure the payment of such bonds shall at all times be exempt from taxation.

§ 3662. Actions against the authority. 1. Except in an action for wrongful death, no action or proceeding shall be prosecuted or maintained against the authority for personal injury or damage to real or personal property alleged to have been sustained by reason of the negligence or wrongful act of the authority or of any director, officer, agent or employee thereof, unless (a) it shall appear by and as an allegation in the complaint or moving papers that a notice of claim shall have been made and served upon the authority, within the time limit prescribed by and in compliance with section fifty-e of the general municipal law, (b) it shall appear by and as an allegation in the complaint or moving papers that at least thirty days have elapsed since the service of such notice and that adjustment or payment thereof has been neglected or refused, and (c) the action or proceeding shall be commenced within one year after the happening of the event upon which the claim is based. An action against the authority for wrongful death shall be commenced in accordance with the notice of claim and time limitation provisions of title eleven of article nine of this chapter.

2. Wherever a notice of claim is served upon the authority, it shall have the right to demand an examination of the claimant relative to the occurrence and extent of the injuries or damages for which claim is made, in accordance with the provisions of section fifty-h of the general municipal law.

3. The authority may require any person presenting for settlement an account or claim for any cause whatever against the authority to be sworn before a director, counsel or an attorney, officer or employee thereof designated for such purpose, concerning such account or claim and when so sworn, to answer orally as to any facts relative to such account or claim. The authority shall have power to settle or adjust any claims in favor of or against the authority.

4. The rate of interest to be paid by the authority upon any judgment for which it is liable, other than a judgment on bonds, shall not exceed the maximum rate of interest on judgments and accrued claims against municipal authorities as provided in the general municipal law. Interest on payments of principal or interest on any bonds in default shall accrue at the rate specified in the general municipal law until paid or otherwise satisfied.

5. The venue of every action, suit or special proceeding brought against the authority shall be laid in the supreme court in the county of Nassau.

6. Neither any director of the authority nor any officer, employee, or

agent of the authority, while acting within the scope of his or her authority, shall be subject to any liability resulting from exercising or carrying out any of the powers given in this title.

7. Indemnification. (a) The state shall save harmless and indemnify directors, officers and employees of and representatives to the authority, all of whom shall be deemed officers and employees of the state for purposes of section seventeen of the public officers law, against any claim, demand, suit, or judgment arising by reason of any act or omission to act by such director, officer, employee or representative occurring in the discharge of his or her duties and within the scope of his or her service on behalf of the authority including any claim, demand, suit or judgment based on allegations that financial loss was sustained by any person in connection with the acquisition, disposition or holding of securities or other obligations. In the event of any such claim, demand, suit or judgment, a director, officer or employee of or representative to the authority shall be saved harmless and indemnified, notwithstanding the limitations of subdivision one of section seventeen of the public officers law, unless such individual is found by a final judicial determination not to have acted, in good faith, for a purpose which he or she reasonably believed to be in the best interest of the authority or not to have had reasonable cause to believe that his or her conduct was lawful.

(b) In connection with any such claim, demand, suit, or judgment, any director, officer or employee of or representative to the authority shall be entitled to representation by private counsel of his or her choice in any civil judicial proceeding whenever the attorney general determines based upon his or her investigation and review of the facts and circumstances of the case that representation by the attorney general would be inappropriate. The attorney general shall notify the individual in writing of such determination that the individual is entitled to be represented by private counsel. The attorney general may require, as a condition to payment of the fees and expenses of such representative, that appropriate groups of such individuals be represented by the same counsel. If the individual or groups of individuals is entitled to representation by private counsel under the provisions of this section, the attorney general shall so certify to the state comptroller. Reasonable attorneys' fees and litigation expenses shall be paid by the state to such private counsel from time to time during the pendency of the civil action or proceeding, subject to certification that the individual is entitled to representation under the terms and conditions of this section by the authority, upon the audit and warrant of the state comptroller. The provisions of this subdivision shall be in addition to and shall not supplant any indemnification or other benefits heretofore or hereafter conferred upon directors, officers, or employees of and representatives to the authority by section seventeen of the public officers law, by action of the authority or otherwise. The provisions of this subdivision shall inure only to directors, officers and employees of and representatives to the authority, shall not enlarge or diminish the rights of any other party, and shall not impair, limit or modify the rights and obligations of any insurer under any policy of insurance.

§ 3663. Audits. 1. The accounts of the authority shall be subject to the audit of the comptroller and the state comptroller. In addition, the authority shall be subject to an annual financial audit performed by an independent certified accountant selected by the authority. Such audit report shall be submitted to the county executive, the presiding officer, the comptroller, the governor, the state comptroller, the chair and ranking minority member of the senate finance committee and the chair and ranking minority member of the assembly ways and means committee.

2. For each fiscal year during the existence of the authority, and within one hundred twenty days after the close of the county's fiscal year, the county shall submit its audited financial statements to the authority.

§ 3664. Remedies of bondholders. Subject to any resolution or resolutions adopted pursuant to paragraph (f) of subdivision seven of section thirty-six hundred fifty-six of this title:

1. In the event that the authority shall default in the payment of principal of or interest on any issue of bonds after the same shall become due, whether at maturity or upon call for redemption, and such default shall continue for a period of thirty days, or shall default in any agreement made with the holders of any issue of bonds, the holders of at least twenty-five per centum in aggregate principal amount of the bonds of such issue then outstanding, by instrument or instruments filed in the office of the clerk of the county and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of such bonds for the purpose provided in this section.

2. Such trustee may, and upon written request of the holders of at least twenty-five per centum in principal amount of such bonds outstanding shall, in his or her or its own name:

(a) by action or proceeding in accordance with the civil practice law and rules, enforce all rights of the bondholders and require the authority to carry out any other agreements with the holders of such bonds and to perform its duties under this title;

(b) bring an action or proceeding upon such bonds;

(c) by action or proceeding, require the authority to account as if it were the trustee of an express trust for the holder of such bonds; and

(d) by action or proceeding, enjoin any acts or things which may be unlawful or in violation of the rights of the holders of such bonds.

3. Such trustee shall, in addition to the provisions of subdivisions one and two of this section, have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth in this section or incident to the general representation of bondholders in the enforcement and protection of their rights.

4. The supreme court shall have jurisdiction of any action or proceeding by the trustee on behalf of such bondholders.

§ 3665. Assistance to the authority; employees of the authority. 1. With the consent of any public corporation, the authority may use agents, employees and facilities thereof, paying to such public corporation its agreed proportion of the compensation or costs.

2. Officers and employees of state or county agencies may be transferred to the authority without examination and without loss of any civil service or retirement status or rights. Any officer or employee of the authority who heretofore acquired or shall hereafter acquire such position status by transfer and who at the time of such transfer was a member of the New York state and local employees' retirement system shall continue to be a member of such system as long as he or she continues in such service, and shall continue to have all the rights, privileges and obligations of membership in such system.

§ 3666. 2000 fiscal year budget modification. 1. The control period as set forth in section thirty-six hundred sixty-nine of this title shall be instituted on June thirtieth, two thousand, unless prior to such date (a) the county executive, after approval by the legislature, shall have submitted to the authority a modification to the county's budget for the 2000 fiscal year, as in effect on May tenth, two thousand; and (b) the authority shall have determined that such modification when implemented will ensure a reduction of the projected gap, through recurring or nonrecurring actions, for the 2000 fiscal year and, together with any budget modifications prior to May tenth, two thousand, through recurring actions, for the three next succeeding fiscal years, in an amount not less than fifty million dollars per year.

2. In order that such budget modification be effective on or before June thirtieth, two thousand, the county executive shall within seven days following the effective date of this title submit a proposed modification to the legislature. Within seven days thereafter, the legislature shall approve such modification or a substitute modification. Upon approval by the legislature, the county executive shall submit such modification to the authority. Not later than ten days after such budget modification shall have been submitted to the authority, the authority shall approve or disapprove such modification, provided that the authority may approve such modification only upon its

determination that such modification when implemented will ensure such reduction of the projected gap for each fiscal year as required by subdivision one of this section.

3. In the event the authority shall disapprove such budget modification based on disapproval of certain actions or assumptions, the authority shall promptly thereafter notify the county executive of its reasons. The county executive shall thereafter, after approval by the legislature, resubmit a budget modification, based on actions or assumptions other than those that have been disapproved by the authority, for consideration by the authority and in sufficient time for the authority to have a seven day review period prior to June thirtieth, two thousand.

§ 3667. County financial plans. 1. The county executive shall prepare and submit to the authority a four-year financial plan, initially for the fiscal years ending December thirty-first, two thousand one through two thousand four, together with the proposed budget for the fiscal year ending on December thirty-first, two thousand one, not later than the date required for submission of such budget to the legislature pursuant to the county charter. Such financial plan shall, in addition to the requirements for financial plans set forth in subdivisions two and three of this section, contain actions sufficient to ensure with respect to the major operating funds for each fiscal year of the plan that annual aggregate operating expenses for such fiscal year shall not exceed annual aggregate operating revenues for such fiscal year. For purposes of determining operating revenues in the fiscal years ending December thirty-first, two thousand one through two thousand seven, such plan may assume (a) borrowings by the county or the authority to finance tax certiorari judgments or settlements in annual amounts not exceeding one hundred million dollars, or, in the aggregate for all such years, four hundred million dollars; however, of said four hundred million dollars, no more than fifteen million dollars may be counted as operating revenue in the fiscal year two thousand six and no more than ten million dollars may be counted as operating revenue in fiscal year two thousand seven, and (b) receipt by the county of NCIFA assistance and transitional state aid in the following collective amounts for each respective fiscal year:

Amount	Fiscal Year
2001 amount	2001
2002 amount	2002
2003 amount	2003
2004 amount	2004.

The one hundred million dollars annual limit on assumed tax certiorari borrowings may be waived by the authority respecting any fiscal year, upon its determination that the results of any increased and accelerated settlement or litigation efforts by the county justify such waiver.

As used in this subdivision:

"2001 amount" means that amount expected to be provided by the authority to ensure balanced major operating fund operations upon its determination that the county has taken recurring actions to close between thirty-five per centum (35%) and forty per centum (40%) of the projected gap.

"2002 amount" means that amount expected to be provided by the authority to ensure balanced major operating fund operations upon its determination that the county has taken recurring actions to close between forty-five per centum (45%) and fifty per centum (50%) of the projected gap.

"2003 amount" means that amount expected to be provided by the authority to ensure balanced major operating fund operations upon its determination that the county has taken recurring actions to close between sixty per centum (60%) and sixty-five per centum (65%) of the projected gap.

"2004 amount" means that amount expected to be provided by the authority to ensure balanced major operating fund operations upon its determination that the county has taken recurring actions to close between eighty per centum (80%) and eighty-five per centum (85%) of the projected gap.

2. Pursuant to the procedures contained in this subdivision, each year during the interim finance period or during a control period the county shall develop, and may from time to time modify, taking into account recommendations of the authority, a four year financial plan covering

the county and the covered organizations. Each such financial plan and financial plan modification shall conform to the requirements of paragraph (a) of this subdivision and shall provide that the major operating funds of the county will be balanced in accordance with generally accepted accounting principles. The financial plan shall be developed and approved, and may from time to time be modified, in accordance with the following procedures:

(a) The county executive shall prepare and submit to the authority and the legislature a revised financial plan to the authority covering the four year period beginning with the ensuing fiscal year, together with the proposed budget for the ensuing fiscal year, not later than the date required for submission of such budget pursuant to the county charter. On such dates, the county executive shall also submit to the authority a certificate stating that such budget is consistent with the financial plan submitted therewith and that operation within the budget is feasible.

(b) Not more than twenty days after submission of a financial plan or more than fifteen days after submission of a financial plan modification, the authority shall determine whether the financial plan or financial plan modification is complete and complies with the provisions of section thirty-six hundred sixty-six and this section and the other requirements of this title, and shall submit its recommendations with respect to the financial plan or financial plan modification in accordance with the provisions of this subdivision.

(c) Upon the approval by the county of a budget in accordance with the provisions of the county charter and approval of the financial plan by the legislature, the county executive shall submit such approved budget and financial plan to the authority accompanied by expenditure, revenue and cash flow projections on a quarterly basis and certify to the authority that such budget is consistent with the financial plan to be submitted to the authority.

(d) If the authority determines that the financial plan or financial plan modification provided pursuant to paragraphs (c) or (f) of this subdivision is complete and complies with the standards set forth in this subdivision, the authority shall make a certification to the county setting forth revenue estimates agreed to by the authority in accordance with such determination.

(e) The authority shall, in the event it disagrees with elements of the financial plan provided pursuant to paragraphs (c) or (f) of this subdivision, provide notice thereof to the county executive, the legislature and the comptroller, with copies to the director of the budget, the state comptroller, the chair of the assembly ways and means committee and the chair of the senate finance committee, if, in the judgment of the authority, such plan:

(i) is incomplete;

(ii) fails to contain projections of revenues and expenditures that are based on reasonable and appropriate assumptions and methods of estimation;

(iii) fails to provide that operations of the county and the covered organizations will be conducted within the cash resources available according to the authority's revenue estimates; or

(iv) fails to comply with the provisions of this title or other requirements of law.

(f) After the initial adoption of an approved financial plan, the revenue estimates certified by the authority and the financial plan shall be regularly reexamined by the authority in consultation with the county and the covered organizations and the county executive shall provide a modified financial plan in such detail and within such time periods as the authority may require. In the event of reductions in such revenue estimates, or in the event the county or a covered organization shall expend funds at a rate that would exceed the aggregate expenditure limitation for the county or covered organization prior to the expiration of the fiscal year, the county executive shall submit a financial plan modification to effect such adjustments in revenue estimates and reductions in total expenditures as may be necessary to conform to such revised revenue estimates or aggregate expenditure limitations.

(g) If, within a time period specified by the authority, the county fails to make such modifications after reductions in revenue estimates, or to provide a modified plan in detail and within such time period required by the authority, the authority shall adopt a resolution so finding.

(h) The county shall amend its budget or shall submit a financial plan modification for the approval of the authority such that the county's budget and the approved financial plan shall be consistent. In no event shall the county operate under a budget that is inconsistent with an approved financial plan.

3. The financial plan shall be in such form and shall contain such information for each year during which the financial plan is in effect as the authority may specify, and shall include the county and all the covered organizations, and shall, in such detail as the authority from time to time may prescribe, include (a) statements of all estimated revenues and of all expenditures and cash flow projections of the county and each of the covered organizations, (b) a report on the status of efforts to reform and streamline the tax certiorari claims process and eliminate the need in each year of the plan for the county to borrow to finance such claims or judgments, including an accounting of the expenditure of any transitional state aid for such purposes, and (c) an accounting of the expenditure of any remaining transitional state aid available to the county for each year of the plan.

4. The financial plan shall include any information which the authority may request to satisfy itself that (a) projected employment levels, collective bargaining agreements and other actions relating to employee costs, capital construction and such other matters as the authority may specify are consistent with the provisions made for such obligations in the financial plan, (b) the county and the covered organizations are taking whatever action is necessary with respect to programs mandated by state and federal law to ensure that expenditures for such programs are limited to and covered by the expenditures stated in the financial plan, (c) adequate reserves are provided to maintain essential programs in the event revenues have been overestimated or expenditures underestimated for any period, and (d) the county has adequate cash resources to meet its obligations. In addition, except to the extent such reporting requirements may be modified pursuant to agreement between the authority and the county, for each fiscal year occurring during the interim finance period or while bonds issued pursuant to this title are outstanding, the county executive shall prepare a quarterly report of summarized budget data depicting overall trends of actual revenues and budget expenditures for the entire budget

rather than individual line items and updated quarterly cash flow projections of receipts and disbursements. Such reports shall compare revenue estimates and appropriations as set forth in such budget and in the quarterly revenue and expenditure projections submitted therewith with the actual revenues and expenditures made to date. Such reports shall also compare actual receipts and disbursements with the estimates contained in the cash flow projections, together with variances and their explanation. All quarterly reports shall be accompanied by recommendations from the county executive to the legislature setting forth any remedial action necessary to resolve any unfavorable budget variance including the overestimation of revenues and the underestimation of appropriations. These reports shall be completed within thirty days after the end of each quarter and shall be submitted to the legislature, the authority, the director of the budget and the state comptroller. Except during a control period, for each fiscal year occurring during the interim finance period or while bonds issued pursuant to this title are outstanding, the county executive shall submit a proposed budget or revision thereto to the authority concurrent with submission to the legislature, and shall submit the adopted budget to the authority immediately upon its adoption.

5. For each financial plan and financial plan modification to be prepared and submitted by the county executive to the authority pursuant to the provisions of this section, the covered organizations shall submit to the county such information with respect to their projected expenditures, revenues and cash flows for each of the years covered by such financial plan or modification as the county executive shall determine. Notwithstanding any other provision of law limiting the authority of the county with respect to any covered organization, the county, in the preparation and submission of the financial plan and modifications thereof, shall (except for debt service or for other expenditures to the extent that such expenditures are required by law) have the power to determine the aggregate expenditures to be allocated to any covered organization in the financial plan and any modifications thereto.

6. The authority and the county shall confer concerning the projected

effect on the budgets of the county and the covered organizations of any change in generally accepted accounting principles, or change in the application of generally accepted accounting principles to the county and the covered organizations, made or to be implemented after the effective date of this title. If the authority determines that immediate compliance with such change will have a material effect on such budgets over a time period insufficient to accommodate the effect without a substantial adverse impact on the delivery of essential services by the county, the authority may authorize and approve a method of phasing the requirements of such change into such budgets over such reasonably expeditious time period as the authority deems appropriate.

§ 3668. Monitoring and review. Except as otherwise provided in section thirty-six hundred sixty-nine of this title, the authority shall:

1. conduct meetings at least annually;

2. conduct audits of the Nassau county industrial development agency established pursuant to section nine hundred twenty-two of the general municipal law, the Nassau county off-track betting corporation established pursuant to article five of the racing, pari-mutuel wagering and breeding law, and the Nassau university medical center established pursuant to section three thousand four hundred two of this chapter; provided, however, that such audits shall to be completed no later than December thirty-first, two thousand twenty-two, and shall continue on a biennial basis for subsequent years thereafter. The authority shall make its audit findings publicly available on its website and provide copies of its respective reports to the governor, temporary president of the senate, speaker of the assembly, and authorities budget office;

3. investigate, within the county and covered organizations, potential violations of the provisions of this chapter, fiscal mismanagement or systemic negligence; provided further that the authority shall provide an annual report to the governor, temporary president of the senate, speaker of the assembly, and authorities budget office detailing such investigations;

4. obtain from the county or the Nassau health care corporation all information required pursuant to this section, and such other financial statements and projections, budgetary data and information, and management reports and materials as the authority deems necessary or desirable to accomplish the purposes of this title;

5. recommend to the county and the covered organizations such measures relating to their operation, management, efficiency and productivity as the authority deems appropriate to reduce costs and improve services so as to advance the purposes of this title;

6. consult with the county in the preparation of the budget of the county, and consult with the Nassau health care corporation in the preparation of the budget of the Nassau health care corporation;

7. with respect to any county or Nassau health care corporation borrowing proposed to be issued after July first, two thousand, review the terms of and comment, within thirty days after notification by the county or the Nassau health care corporation of a proposed borrowing, on the prudence of each proposed issuance of bonds or notes to be issued by the county or the Nassau health care corporation and no such borrowing shall be made unless first reviewed and commented upon by the authority. The authority shall provide such comments within thirty days after notification by the county or the Nassau health care corporation of a proposed borrowing to the county executive, the comptroller, the legislature, the director of the budget and the state comptroller;

8. determine whether to make transitional state aid available, and on what schedule, based upon the county's compliance with the requirements of sections thirty-six hundred sixty-six and thirty-six hundred sixty-seven of this title, as applicable, and the requirements, if any, of the appropriations bills authorizing such transitional state aid; and

9. perform such audits and reviews of the county and any agency thereof and any covered organizations as it deems necessary.

§ 3669. Control period. 1. The authority shall impose a control period over the county or the Nassau health care corporation upon its determination at any time that any of the following events has occurred or that there is a substantial likelihood and imminence of such occurrence: (a) the county or the Nassau health care corporation shall have failed to pay the principal of or interest on any of its bonds or notes when due or payable, (b) the county or the Nassau health care corporation shall have incurred a major operating funds deficit of one percent or more in the aggregate results of operations of such funds during its fiscal year assuming all revenues and expenditures are reported in accordance with generally accepted accounting principles, subject to the provisions of this title, (c) the county or the Nassau health care corporation shall have otherwise violated any provision of this title and such violation substantially impairs the marketability of the county's bonds or notes or the Nassau health care corporation's bonds or notes, (d) the chief fiscal officer's certification at any time, at the request of the authority or on the chief fiscal officer's initiative, which certification shall be made from time to time as promptly as circumstances warrant and reported to the authority, that on the basis of facts existing at such time such officer could not make the certification described by paragraph (b) of this subdivision in the definition of interim finance period in section thirty-six hundred fifty-one of this title, or (e) the authority makes the finding required under paragraph (g) of subdivision two of section thirty-six hundred sixty-seven of this title. The authority shall terminate any such control period when it determines that none of the conditions which would permit the authority to impose a control period exist. After termination of a control period the authority shall annually consider paragraphs (a) through (e) of this subdivision and determine whether, in its judgment, any of the events described in such paragraphs have occurred and the authority shall publish each such determination. Any certification made by the chief fiscal officer hereunder shall be based on such officers' written determination which shall take into account a report and opinion of an independent expert in the marketing of municipal securities selected by the authority, and the opinion of such expert and any other information taken into account shall be made public when delivered to the authority. Notwithstanding any part of the foregoing to the contrary, in no event shall any control period continue beyond the later of (i) January first, two thousand thirty, or (ii) the date when all bonds of the authority are refunded, discharged or otherwise defeased.

2. In carrying out the purposes of this title during any control period:

(a) The authority shall (i) consult with the county or the covered organizations in the preparation of the financial plan, and certify to the county the revenue estimates approved therein, (ii) prescribe the form of the financial plan and the supporting information required in connection therewith, (iii) exercise the rights of approval, disapproval and modification with respect to the financial plan, including but not limited to the revenue estimates contained therein, and (iv) in the event the authority has made the finding required under section thirty-six hundred sixty-seven of this title, formulate and adopt its modifications to the financial plan, such modifications to become effective on their adoption by the authority.

(a-1) If a control period is imposed over the Nassau health care corporation, the authority shall require the Nassau health care corporation to report financial information to the authority in such form and manner and containing such information as the authority shall prescribe, including, but not limited to, expenditure and cash flow projections, disbursements and receipts, and budget data depicting overall trends of actual revenue and expenditures and any other information described in section thirty-six hundred sixty-seven of this title determined to be relevant by the authority.

(b) The authority shall, from time to time and to the extent it deems necessary or desirable in order to accomplish the purposes of this title, (i) review the operations, management, efficiency and productivity of such county operations and of such covered organizations or portions thereof as the authority may determine, and make reports thereon; (ii) audit compliance with the financial plan in such areas as the authority may determine; (iii) recommend to the county and the covered organizations such measures relating to their operations, management, efficiency and productivity as it deems appropriate to reduce costs and improve services so as to advance the purposes of this title; and (iv) obtain information on the financial condition and needs of the county and the covered organizations. Nothing herein shall diminish the powers of the state comptroller otherwise provided by law and the authority may request the assistance of the state comptroller in the performance of the above functions.

(c) The authority shall (i) receive from the county and the covered organizations and from the state comptroller, and review, such financial statements and projections, budgetary data and information, and management reports and materials as the authority deems necessary or desirable to accomplish the purposes of this title, and (ii) inspect, copy and audit such books and records of the county and the covered organizations as the authority deems necessary or desirable to accomplish the purposes of this title.

(d) All contracts entered into by the county or any covered organization during any control period must be consistent with the provisions of this title and must comply with the requirements of the financial plan as approved by the authority. With respect to all contracts or other obligations to be entered into by the county or any covered organization during any control period requiring the payment of funds or the incurring of costs by the county or any covered organizations:

(i) Within twenty days from the commencement of a control period, the county executive, or the chairperson of the Nassau health care corporation in the case of a control period imposed pursuant to paragraph a-one of subdivision two of this section, shall present to the authority proposed guidelines respecting the categories and types of contracts and other obligations required to be reviewed by the authority pursuant to this subdivision. Any such guidelines may provide a different standard for review with respect to contracts of any covered organization as the authority shall determine. Within thirty days from the commencement of a control period, the authority shall approve or modify and approve such proposed guidelines or promulgate its own in the event that such proposed guidelines are not submitted to it within the twenty days as provided for herein. Such guidelines may thereafter be modified by the authority from time to time on not less than thirty days' notice to the county executive or chairperson of the Nassau health care corporation and the county executive or chairperson of the Nassau health care corporation may from time to time propose modifications to the authority. Unless expressly disapproved or modified by the authority within thirty days (or such additional time, not exceeding thirty days, as the authority shall have notified the county or covered organization that it requires to complete its review and analysis) from the date of submission by the county executive or chairperson of the Nassau health care corporation, any such proposed guidelines or modifications shall be deemed approved by the authority;

(ii) Prior to entering into any contract or other obligation subject to review of the authority under its guidelines, the county or any covered organization shall submit a copy of such contract or other obligation to the authority accompanied by an analysis of the projected costs of such contract or other obligation and certification that performance thereof will be in accordance with the financial plan, all in such form and with such additional information as the authority may prescribe. The authority shall promptly review the terms of such contract or other obligation and the supporting information in order to determine compliance with the financial plan;

(iii) The authority shall, by order, disapprove any contract or other obligation reviewed by it only after adoption of a resolution determining that, in its judgment, the performance of such contract or other obligation would be inconsistent with the financial plan, and upon such order the county or covered organization shall not enter into such contract or other obligation; and

(iv) If the authority approves the terms of a reviewed contract or other obligation, the county or covered organization may enter into such contract or other obligation upon the terms submitted to the authority. Failure of the authority to notify the county or covered organization within thirty days (or such additional time, not exceeding thirty days, as the authority shall have notified the county or covered organization that it requires to complete its review and analysis) after submission to it of a contract or other obligation that such contract or other obligation has been disapproved shall be deemed to constitute authority approval thereof.

(e) The authority shall review the terms of each proposed long-term and short-term borrowing by the county and any covered organization to be effected during any control period, and no such borrowing shall be made during any control period unless it is approved by the authority. Neither the county nor any covered organization shall be prohibited from issuing bonds or notes to pay outstanding bonds or notes.

(f) The authority shall issue, to the appropriate official of the county and each covered organization, such orders as it deems necessary to accomplish the purposes of this title, including, but not limited to, timely and satisfactory implementation of an approved financial plan. Any order so issued shall be binding upon the official to whom it was issued and failure to comply with such order shall subject the official to the penalties described in subdivision four of this section.

(g) The authority is authorized to and shall withhold any transitional state aid and not pay such moneys to the county during any control period.

3. Authorization for wage freeze. (a) During a control period, upon a finding by the authority that a wage freeze is essential to the adoption or maintenance of a county budget or a financial plan that is in compliance with this title, the authority, after enactment of a resolution so finding, may declare a fiscal crisis. Upon making such a declaration, the authority shall be empowered to order that all increases in salary or wages of employees of the county and employees of covered organizations which will take effect after the date of the order pursuant to collective bargaining agreements, other analogous contracts or interest arbitration awards, now in existence or hereafter entered into, requiring such salary increases as of any date thereafter are suspended. Such order may also provide that all increased payments for holiday and vacation differentials, and shift differentials for employees of the county and employees of covered organizations which will take effect after the date of the order pursuant to collective bargaining agreements, other analogous contracts or interest arbitration awards requiring such increased payments as of any date thereafter are, in the same manner, suspended. Such order may also provide that all increased payments for salary adjustments according to plan and step-ups or increments be suspended; provided, however, when (i) the county executive provides a four year financial plan approved by the county legislature pursuant to paragraph (a) of subdivision two of section

thirty-six hundred sixty-seven of this title and the authority determines, pursuant to paragraph (b) of such subdivision, that such financial plan is complete and complies with the standards set forth in such subdivision, and (ii) the authority makes a certification to the county setting forth revenue estimates agreed to by the authority in accordance with such determination, the salary adjustments according to plan and step-ups or increments, not including cost of living increases, shall not be suspended for each year in which the four year financial plan has been certified. This inability to suspend the salary adjustments according to plan and step-ups or increments shall be applicable to county employees and employees of covered organizations, whether or not they are covered by a collectively negotiated agreement, if an individual employee or members of an employee's bargaining unit previously participated in a wage freeze implemented by the authority under this section and such wage freeze was subsequently lifted by the authority by the issuance of a resolution, pursuant to paragraph (b) or (c) of this subdivision, certifying that the suspension of their wage increases or an agreement by the collective bargaining representative or by such unrepresented employee was an acceptable and appropriate contribution toward alleviating the fiscal crisis of the county. Irrespective of the duration of any approved or accepted four-year financial plan, for employees who are members of a bargaining unit, this inability to suspend the salary adjustment according to plan and step-ups or increments shall take effect October first, two thousand sixteen and shall be in effect for employees for the duration of the next collective bargaining agreement succeeding either (i) the collective bargaining agreement in effect on November sixth, two thousand eighteen or (ii) the most recently expired collective bargaining agreement prior to November sixth, two thousand eighteen; whichever is later. If the succeeding collective bargaining agreement's duration is modified, extended, or renewed, this modification, extension or renewal does not modify, extend or renew the term of the inability to suspend salary adjustments according to plan and step-ups or increments. For employees who are not members of a bargaining unit, this inability to suspend the salary adjustment according to plan and step-ups or increments shall be effective October first, two thousand sixteen through December first, two thousand twenty-one. For the purposes of computing the pension base of retirement allowances, any suspended salary or wage increases and any suspended other payments shall not be considered as part of compensation or final compensation or of annual salary earned or earnable. The suspensions authorized hereunder shall continue until one year after the date of the order and, to the extent of any determination of the authority that a continuation of such suspensions, to a date specified by the authority, is necessary in order to achieve the objectives of the financial plan, such suspensions shall be continued to the date specified by the authority, which date shall in no event be later than the end of the interim finance period, provided that such suspensions shall terminate with respect to employees who have agreed to a deferral of salary or wage increase upon the certification of the agreement by the authority pursuant to paragraph (b) of this subdivision.

(b) This subdivision shall not be applicable to employees of the county or employees of a covered organization covered by a collective bargaining agreement or an employee of the county or a covered organization not covered by a collective bargaining agreement where the collective bargaining representative or such unrepresented employee has agreed to a deferment of salary or wage increase, by an instrument in writing which has been certified by the authority as being an acceptable and appropriate contribution toward alleviating the fiscal crisis of the county. Any such agreement to a deferment of salary or wage increase may provide that for the purposes of computing the pension base of retirement allowances, any deferred salary or wage increase may be considered as part of compensation or final compensation or of annual salary earned or earnable.

(c) The authority may, if it finds that the fiscal crisis has been sufficiently alleviated or for any other appropriate reason, direct that the suspensions of salary or wage increases or suspensions of other increased payments or benefits shall, in whole or in part, be terminated.

4. Prohibition; penalties. (a) During any control period (i) no officer or employee of the county or of any of the covered organizations shall make or authorize an obligation or other liability in excess of the amount available therefor under the financial plan as then in

effect; (ii) no officer or employee of the county or of any of the covered organizations shall involve the county or any of the covered organizations in any contract or other obligation or liability for the payment of money for any purpose required to be approved by the authority unless such contract has been so approved and unless such contract or obligation or liability is in compliance with the financial plan as then in effect.

(b) No officer or employee of the county or any of the covered organizations shall take any action in violation of any valid order of the authority or shall fail or refuse to take any action required by any such order or shall prepare, present or certify any information (including any projections or estimates) or report to the authority or any of its agents that is false or misleading, or, upon learning that any such information is false or misleading, shall fail promptly to advise the authority or its agents thereof.

(c) In addition to any penalty or liability under any other law, any officer or employees of the county or any of the covered organizations who shall violate paragraph (a) or (b) of this subdivision shall be subject to appropriate administrative discipline, including, when circumstances warrant, suspension from duty without pay or removal from office by order of either the governor or the county executive; and any officer or employees of the county or any of the covered organizations who shall knowingly and willfully violate paragraph (a) or (b) of this subdivision shall, upon conviction, be guilty of a misdemeanor.

(d) In the case of a violation of paragraph (a) or (b) of this subdivision by an officer or employee of the county or any of the covered organizations, the county executive or the chief executive officer of such covered organization shall immediately report to the authority all pertinent facts together with a statement of the action taken thereon.

§ 3670. Miscellaneous provisions. 1. Notwithstanding anything to the contrary in title six-A of article two of the local finance law, neither the county nor any covered organization shall file any petition authorized by such title six-A without the approval of the authority and the state comptroller. No such petition shall be filed as long as any bonds issued by the authority remain outstanding. Failure of the authority or the state comptroller to notify the county or a covered organization within thirty days (or such additional time, not exceeding thirty days, as the authority or state comptroller shall have notified the county or covered organization that it requires to complete its review) after submission to it of a petition shall be deemed to constitute authority or state comptroller approval thereof.

2. Nothing contained in this title shall limit the right of the county or any covered organization to comply with the provisions of any existing contract within or for the benefit of the holders of any bonds or notes of the county or such covered organization.

3. Nothing contained in this title shall be construed to limit the power of the county or a covered organization during any interim finance period to determine, from time to time, within available funds for the county or for such covered organization, the purposes for which expenditures are to be made by the county or such covered organization and the amounts of such expenditures, consistent with the aggregate expenditures then permitted under the financial plan for the county or such covered organization.

4. The authority's fiscal year shall be January first through December thirty-first.

5. Nothing contained in this title shall alter or modify the right of any town, city or village within the county regarding funding assistance due from the county as authorized pursuant to section twelve hundred sixty-two-e of the tax law.

6. The authority shall adopt guidelines for procurement contracts in accordance with section twenty-eight hundred seventy-nine of this chapter.

§ 3671. Effect of inconsistent provisions. Insofar as the provisions of this title are inconsistent with the provisions of any other act, general or special, or of any charter, local law, ordinance or resolution of any municipality, the provisions of this title shall be controlling. Nothing contained in this section shall be held to supplement or otherwise expand the powers or duties of the authority otherwise set forth in this title.

§ 3672. Separability; construction. If any clause, sentence, paragraph, section, or part of this title shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section, or part thereof involved in the controversy in which such judgment shall have been rendered. The provisions of this title shall be liberally construed to assist the effectuation of the public purposes furthered hereby.

ARTICLE 10-D

MISCELLANEOUS AUTHORITIES

TITLE 2

BUFFALO FISCAL STABILITY AUTHORITY

§ 3850. Short title. This title shall be known and may be cited as the "Buffalo fiscal stability authority act."

§ 3850-a. Legislative declaration of need for state intervention. The legislature hereby finds and declares that the city of Buffalo is facing a severe fiscal crisis, and that the crisis cannot be resolved absent assistance from the state. The legislature finds that the city has repeatedly relied on annual extraordinary increases in state aid to balance its budget, and that the state cannot continue to take such extraordinary actions on the city's behalf. The legislature further finds and declares that maintenance of a balanced budget by the city of Buffalo is a matter of overriding state concern, requiring the legislature to intervene to provide a means whereby: the long-term fiscal stability of the city will be assured, the confidence of investors in the city's bonds and notes is preserved, and the economy of both the region and the state as a whole is protected.

§ 3851. Definitions. For the purposes of this title, unless the context otherwise requires: 1. "Advisory period" means that period no earlier than July first, two thousand six, after which the authority has determined that (a) for each of the three immediately preceding city fiscal years, the city has adopted and adhered to budgets covering all expenditures, other than capital items, the results of which did not show a deficit, without the use of any authority assistance, as provided for under section thirty-eight hundred fifty-seven of this title, when reported in accordance with generally accepted accounting principles and (b) the comptroller and the state comptroller jointly certify that securities were sold by the city during the immediately preceding city fiscal year in the general public market and that there is a substantial likelihood that such securities can be sold by the city in the general public market from such date through the end of the next succeeding city fiscal year in amounts that will satisfy substantially all of the capital and cash flow requirements of the city during that period in accordance with the financial plan then in existence. The joint certification made by the comptroller and the state comptroller shall be based on their separate written determinations which may take into account a report and opinion of an independent expert in the marketing of securities selected by the authority as well as other information available to the comptrollers. Once begun, an advisory period shall continue through June thirtieth, two thousand thirty-seven unless a control period is imposed.

2. "Authority" or "Buffalo fiscal stability authority" or "BFSA" means the public benefit corporation created by this title.

3. "BFSA assistance" means: (a) the amount of debt service savings in a given city fiscal year generated from the proceeds of bonds, notes or other obligations made available to or for the benefit of the city or any covered organization as determined by the authority; or (b) the proceeds of any deficit financing authorized by the authority, or some combination thereof pursuant to the provisions of section thirty-eight hundred fifty-seven of this title. Such assistance shall be made available only upon a declaration of need by the city pursuant to section thirty-eight hundred sixty-one of this title and the approval of the BFSA board.

4. "Bonds, notes or other obligations" means bonds, notes and other evidences of indebtedness, issued or incurred by the authority.

5. "Chief fiscal officer" means the chief fiscal officer of the city as defined in section 2.00 of the local finance law.

6. "City" means the city of Buffalo.

7. "City charter" means the city government law of the city of Buffalo, as amended.

8. "City tax revenues" means the portion of the county's "net collections", as defined in section twelve hundred sixty-two of the tax law, payable to the city under the agreement among the county, the city and the cities of Lackawanna and Tonawanda entered into pursuant to the authority of subdivision (c) of section twelve hundred sixty-two of the tax law. In the event that the city imposes sales and compensating use taxes pursuant to the authority of section twelve hundred ten of the tax law, "city tax revenues" shall also include net collections from such city taxes.

9. "Comptroller" means the comptroller of the city.

10. "Control period" means that period of time from the effective date of this title, continuing until the authority determines that conditions have been met as provided in subdivision one of this section and the city qualifies for the onset of an advisory period. A control period may be reimposed as determined by the authority in accordance with section thirty-eight hundred fifty-eight of this title.

11. "Council" means the city council of the city of Buffalo.

12. "County" means the county of Erie.

13. "Covered organization" means the city school district, the joint schools construction board of the city, as described in chapter six hundred five of the laws of two thousand, as amended, and the Buffalo

municipal housing authority and any governmental agency, public authority or public benefit corporation which receives or may receive moneys directly, indirectly or contingently from the city, but excluding the authority and (a) any other governmental agency, public authority or public benefit corporation specifically exempted from the provisions of this title by order of the authority upon application of such agency, public authority, or corporation to the authority or on the authority's own motion upon a finding by the authority that such exemption does not materially affect the ability of the city to adopt and maintain a budget pursuant to the provisions of this title, or (b) any state public authority defined in section two hundred one of the civil service law, unless specifically named above; provided, however, that the authority may terminate any exemption granted by order of the authority pursuant to this subdivision upon a determination that the circumstances upon which such exemption was granted are no longer applicable.

14. "Director of the budget" means the director of the budget of the state.

15. "Financeable costs" or "costs" means costs to finance (a) amounts necessary to accomplish a refunding, repayment or restructuring of a portion of the city's outstanding indebtedness or that of any covered organization, (b) cash flow needs of the city or any covered organization, (c) any object or purpose of the city or any covered organization, for which a period of probable usefulness is prescribed in section 11.00 of the local finance law, including the costs of any preliminary studies, surveys, maps, plans, estimates and hearings, (d) amounts necessary to finance a portion of the operating costs of the city or any covered organization as provided in section thirty-eight hundred fifty-seven of this title, to the extent approved by the authority, or (e) incidental costs, including, but not limited to, legal fees, printing or engraving, publication of notices, taking of title, apportionment of costs, and capitalized interest, insurance premiums, costs related to items authorized in subdivisions seven through nine of section thirty-eight hundred fifty-four of this title or any underwriting or other costs incurred in connection with the financing thereof; provided however that, to the maximum extent practicable, all

financeable costs shall not adversely affect the requirements of subdivision two of section thirty-eight hundred sixty-nine of this title.

16. "Financial plan" means the financial plan of the city and the covered organizations to be developed pursuant to section thirty-eight hundred fifty-seven of this title, as from time to time amended.

17. "Major operating funds" means the city general fund, the board of education general fund, the city enterprise funds, the board of education special project funds, together with any other funds of the city or a covered organization from time to time designated by the authority.

18. "Mayor" means the mayor of the city.

19. "Presiding officer" means the presiding officer of the council elected pursuant to the rules of the council.

20. "Projected gap" means the excess, if any, of annual aggregate projected expenditures over annual aggregate projected revenues for the major operating funds in each year of a financial plan as determined by the city and certified by the authority. For purposes of determining the projected gap in each fiscal year, annual aggregate projected revenues shall not include the amount of BFSA assistance expected to be available for such fiscal year.

21. "Revenues" means revenues of the authority consisting of city tax revenues, school district tax revenues, state aid revenues, and all other aid, rents, fees, charges, gifts, payments and other income and receipts paid or payable to the authority or a trustee for the account of the authority, to the extent such amounts are pledged to bondholders.

22. "State" means the state of New York.

23. "State aid" means: all general purpose local government aid; emergency financial assistance to certain cities; emergency financial

assistance to eligible municipalities; supplemental municipal aid; and any successor type of aid and any new aid appropriated by the state as local government assistance for the benefit of the city.

24. "State aid revenues" means state aid paid by the state comptroller to the authority pursuant to this title.

25. "State comptroller" means the comptroller of the state.

26. "School district tax revenues" means the portion of the county's "net collections," as defined in section twelve hundred sixty-two of the tax law, payable to the city's dependent school district by the county pursuant to the authority of subdivision (a) of section twelve hundred sixty-two of the tax law.

27. "Cash flow borrowings" means:

(a) notes issued by the authority on behalf of the city, the city's dependent school district or any other covered organization, the proceeds of which are used to address temporary cash flow needs of the city, the city's dependent school district or the applicable covered organization; and

(b) bonds, notes and other obligations issued by the authority to refund notes of the authority described in paragraph (a) of this subdivision.

28. "Obligations of the city" means bonds, notes and other evidences of indebtedness issued or incurred by the city.

§ 3852. Buffalo fiscal stability authority. 1. There is hereby created the Buffalo fiscal stability authority. The authority shall be a corporate governmental agency and instrumentality of the state constituting a public benefit corporation.

2. The authority shall conduct meetings as often as deemed necessary to accomplish its purposes, but not less than quarterly during a control period, and annually during an advisory period.

3. The authority shall continue until its control, advisory or other responsibilities, and its liabilities have been met or otherwise discharged, which in no event shall be later than June thirtieth, two thousand thirty-seven. Upon the termination of the authority, all of its property and assets shall pass to and be vested in the city.

§ 3853. Administration of the authority. 1. The authority shall be administered by nine directors, seven of which shall be appointed by the governor. Of the seven directors, one such director shall be a resident of the city of Buffalo; one such director shall be appointed following the recommendation of the state comptroller; and one such director shall be appointed on the joint recommendation of the temporary president of the senate and the speaker of the assembly. The mayor and the county executive shall serve as ex officio members. Every director, who is otherwise an elected official of the city or county, shall be entitled to designate a single representative to attend, in his or her place, meetings of the authority and to vote or otherwise act in his or her behalf. Such designees shall be residents of the city of Buffalo. Written notice of such designation shall be furnished prior to any participation by the single designee. Such single designee shall serve at the pleasure of the representative, and shall not be authorized to delegate any of his or her duties or functions to another person. Each director appointed by the governor shall be appointed for a term of four years, provided however, that four of the directors first appointed by the governor, including the director appointed following the recommendation of the state comptroller shall serve for a term ending June thirtieth, two thousand seven, and the remaining three directors first appointed by the governor including the director appointed on the joint recommendation of the temporary president of the senate and the speaker of the assembly and shall serve for a term ending June thirtieth, two thousand nine. Each director shall hold office until his or her successor has been appointed and qualified. Thereafter, each director shall serve a term of four years, except that any director appointed to fill a vacancy shall serve only until the expiration of his or her predecessor's term.

2. The governor shall designate a chairperson and a vice-chairperson from among the directors. The chairperson shall preside over all meetings of the directors and shall have such other duties as the directors may prescribe. The vice-chairperson shall preside over all meetings of the directors in the absence of the chairperson and shall have such other duties as the directors may prescribe.

3. The directors of the authority shall serve without salary, but each director shall be reimbursed for actual and necessary expenses incurred in the performance of such director's official duties as a director of the authority.

4. Notwithstanding any inconsistent provision of any general, special or local law, ordinance, resolution or charter, no officer, member or employee of the state, any city, county, town or village, any governmental entity operating any public school or college, any school district or any other public agency or instrumentality which exercises governmental powers under the laws of the state, shall forfeit his or her office or employment by reason of his or her acceptance of appointment as a director, officer or employee of the authority, nor shall service as such director, officer or employee of the authority be deemed incompatible or in conflict with such office or employment.

5. Five directors shall constitute a quorum for the transaction of any business or the exercise of any power of the authority. No action shall be taken by the authority except pursuant to a favorable vote of at least five directors participating in a meeting at which such action is taken.

6. The authority shall appoint a treasurer and may appoint officers and agents as it may require and prescribe their duties.

7. At least annually, commencing no more than one year after the date on which authority bonds, notes or other obligations are first issued, the authority shall report to the council, comptroller, the director of the budget, and the state comptroller on the amount of financing and the

cost savings for the city over the past year.

8. The authority shall cease to exist on June thirtieth, two thousand thirty-seven.

§ 3854. General powers of the authority. Except as otherwise limited by this title, the authority shall have the following powers in addition to those specially conferred elsewhere in this title, subject only to agreements with bondholders:

1. to sue and be sued;

2. to have a seal and alter the same at pleasure;

3. to make and alter by-laws for its organization and management and subject to agreements with its bondholders, to make and alter rules and regulations governing the exercise of its powers and fulfillment of its purposes under this title;

4. to make and execute contracts and all other instruments or agreements necessary or convenient to carry out any powers and functions expressly given in this title;

5. to commence any action to protect or enforce any right conferred upon it by any law, contract or other agreement;

6. to borrow money and issue bonds, notes or other obligations, or to refund the same, and to provide for the rights of the holders of its bonds, notes or other obligations;

7. as security for the payment of the principal of and interest on any bonds, notes or other obligations issued by it pursuant to this title and any agreements made in connection therewith and for its obligations under bond facilities, to pledge all or any part of its revenues or assets;

8. to procure insurance, letters of credit or other credit enhancement with respect to its bonds, notes or other obligations, or facilities for the payment of tenders of such bonds, notes or other obligations or facilities for the payment upon maturity of short-term notes not renewed;

9. to enter into interest rate exchange or similar arrangements with any person under such terms and conditions as the authority may determine, not inconsistent with the general laws of this state and other provisions of this title, including, without limitation, provisions as to default or early termination and indemnification by the authority or any other party thereto for loss of benefits as a result thereof; provided, however, that such exchanges or similar arrangements shall be limited to twenty-five percent of the amount authorized in subdivision one of section thirty-eight hundred sixty-two of this title to pay the financeable costs described in paragraph (a), (c), (d) or (e) of subdivision fifteen of section thirty-eight hundred fifty-one of this title;

10. to accept gifts, grants, loans or contributions of funds or financial or other aid in any form from the city, county, state or federal government or any agency or instrumentality thereof, or from any other source and to expend the proceeds for any of its corporate purposes in accordance with the provisions of this title;

11. subject to the provisions of any contract with bondholders, to invest any funds held in reserves or sinking funds, or any funds not required for immediate use or disbursement, at the discretion of the authority, in (a) obligations of the state or the United States government, (b) obligations the principal and interest of which are guaranteed by the state or the United States government, (c) certificates of deposit, whether negotiable or non-negotiable, and banker's acceptances of any of the fifty largest banks in the United States which bank, at the time of investment, has an outstanding unsecured, uninsured and unguaranteed debt issue ranked by two nationally recognized independent rating agencies at a rating category that is no lower than the then current rating of the authority's bonds,

notes or other obligations, (d) commercial paper of any bank or corporation created under the laws of either the United States or any state of the United States which commercial paper, at the time of the investment, has received the highest rating of two nationally recognized independent rating agencies, (e) bonds, debentures, or other evidences of indebtedness, issued or guaranteed at the time of the investment by the federal national mortgage association, federal home loan mortgage corporation, student loan marketing association, federal farm credit system, or any other United States government sponsored agency, provided that at the time of the investment such agency receives, or its obligations receive, any of the three highest rating categories of two nationally recognized independent rating agencies, (f) any bonds or other obligations of any state or the United States of America or of any political subdivision thereof or any agency, instrumentality or local governmental unit of any such state or political subdivision which bonds or other obligations, at the time of the investment have received any of the three highest ratings of two nationally recognized independent rating agencies, (g) any repurchase agreement with any bank or trust company organized under the laws of any state of the United States of America or any national banking association or government bond dealer reporting to, trading with, and recognized as a primary dealer by the Federal Reserve Bank of New York, which agreement is secured by any one or more of the securities described in paragraph (a), (b) or (e) of this subdivision, which securities shall at all times have a market value of not less than the full amount of the repurchase agreement and be delivered to another bank or trust company organized under the laws of the state or any national banking association domiciled in the state, as custodian, and (h) reverse repurchase agreements with any bank or trust company organized under the laws of any state of the United States of America or any national banking association or government bond dealer reporting to, trading with, and recognized as a primary dealer by the Federal Reserve Bank of New York, which agreement is secured by any one or more of the securities described in paragraph (a), (b) or (e) of this subdivision which securities shall at all times have a market value of not less than the full amount of the repurchase agreement and be delivered to another bank or trust company organized under the laws of the state or any national banking association domiciled in the state, as custodian.

12. to appoint such officers and employees as it may require for the performance of its duties and to fix and determine their qualifications, duties, and compensation, and to retain or employ counsel, auditors and private financial consultants and other services on a contract basis or otherwise for rendering professional, business or technical services and advice; and, in taking such actions, the authority shall consider the financial impact on the city; and

13. to do any and all things necessary or convenient to carry out its purposes and exercise the powers expressly given and granted in this title; provided, however, such authority shall under no circumstances acquire, hold or transfer title to, lease, own beneficially or otherwise, manage, operate or otherwise exercise control over any real property, any improvement to real property or any interest therein other than a lease or sublease of office space deemed necessary or desirable by the authority.

§ 3855. Assistance to the authority; employees of the authority. 1. With the consent of any public corporation, the authority may use agents, employees and facilities thereof, paying to such public corporation its agreed proportion of the compensation or costs.

2. Officers and employees of state or city agencies may be transferred to the authority without examination and without loss of any civil service or retirement status or rights. Any officer or employee of the authority who heretofore acquired or shall hereafter acquire such position status by transfer and who at the time of such transfer was a member of the New York state and local employees' retirement system shall continue to be a member of such system as long as he or she continues in such service, and shall continue to have all the rights, privileges and obligations of membership in such system.

§ 3856. City fiscal year two thousand three--two thousand four budget

modification and four-year financial plan. 1. Not later than September first, two thousand three, the city shall submit to the authority a financial plan which may reflect a declaration of need as provided for in section thirty-eight hundred sixty-one. The plan shall cover the city's two thousand three--two thousand four fiscal year and the three subsequent fiscal years.

2. Not later than fifteen days after such submission, the authority shall approve or disapprove the financial plan.

3. In the event the authority shall disapprove such financial plan based on disapproval of certain actions or assumptions, the authority shall promptly thereafter notify the city of its reasons. Within fifteen days from the receipt of such notification the city shall modify the financial plan, and unless such financial plan modification is approved by the authority, the authority shall impose a financial plan of its own formulation as soon as practicable, as provided for in section thirty-eight hundred fifty-eight of this title.

§ 3857. City financial plans. 1. Commencing with the city's two thousand four--two thousand five fiscal year, the mayor shall prepare and submit to the authority a four-year financial plan, and the mayor's proposed city budget, not later than the date required for submission of such budget to the council pursuant to the city charter. Such financial plan shall, in addition to the requirements for financial plans set forth in subdivisions two and three of this section, contain actions sufficient to ensure with respect to the major operating funds for each fiscal year of the plan that annual aggregate operating expenses for such fiscal year shall not exceed annual aggregate operating revenues for such fiscal year. For purposes of determining operating revenues in the fiscal years ending June thirtieth, two thousand four through two thousand seven, such plan may assume receipt by the city of BFSA assistance in the following collective amounts for each respective fiscal year:

Amount	Fiscal Year Ending
2004 amount	2004

2005 amount 2005
2006 amount 2006
2007 amount 2007

As used in this subdivision:

"2004 amount" means that amount expected to be provided by the authority to ensure balanced major operating fund operations upon its determination that the city has taken recurring actions to close between thirty-five per centum and forty per centum of the projected gap.

"2005 amount" means that amount expected to be provided by the authority to ensure balanced major operating fund operations upon its determination that the city has taken recurring actions to close between forty-five per centum and fifty per centum of the projected gap.

"2006 amount" means that amount expected to be provided by the authority to ensure balanced major operating fund operations upon its determination that the city has taken recurring actions to close between sixty per centum and sixty-five per centum of the projected gap.

"2007 amount" means that amount expected to be provided by the authority to ensure balanced major operating fund operations upon its determination that the city has taken recurring actions to close between eighty per centum and eighty-five per centum of the projected gap.

2. Each financial plan and financial plan modification shall conform to the requirements of paragraph (a) of this subdivision and shall provide that the major operating funds of the city will be balanced in accordance with generally accepted accounting principles. The financial plan shall be developed and approved, and may from time to time be modified, in accordance with the following procedures:

(a) The mayor shall submit to the authority a certificate stating that the budget submitted to the authority is consistent with the financial plan submitted therewith and that operation within the budget is feasible.

(a-1) Prior to the approval or disapproval of the financial plan of the city by the authority, the authority shall request community, educational or other entity or entities to seek public input and comment relating to the city's and/or any covered organization's financial plan. Such community, educational or other entity or entities shall report to the authority on such public input and comment ten days after the city has submitted the financial plan to the authority. The authority shall evaluate any proposals submitted to the authority for cost savings and/or service delivery enhancement in the city, and shall periodically, at least twice a year, summarize in a public report the authority's findings with respect to such proposals that, in the opinion of the authority, merit further consideration based on their potential impact on the city's budget. The authority shall provide public notice of the dates on which it plans to make such public reports.

(b) Not more than twenty days after submission of a financial plan or more than fifteen days after submission of a financial plan modification, the authority shall determine whether the financial plan or financial plan modification is complete and complies with the provisions of this section and section thirty-eight hundred fifty-six of this title and the other requirements of this title, and shall submit its recommendations with respect to the financial plan or financial plan modification in accordance with the provisions of this subdivision.

(c) Upon the approval by the city of a budget in accordance with the provisions of the city charter, the mayor shall submit such approved budget and financial plan to the authority accompanied by expenditure, revenue and cash flow projections on a quarterly basis and certify to the authority that such budget is consistent with the financial plan to be submitted to the authority.

(d) If the authority determines that the financial plan or financial plan modification provided pursuant to paragraph (c) or (f) of this subdivision or section thirty-eight hundred fifty-six of this title is complete and complies with the standards set forth in this subdivision, the authority shall make a certification to the city setting forth revenue estimates agreed to by the authority in accordance with such determination.

(e) The authority shall, in the event it disagrees with elements of the financial plan provided pursuant to paragraph (c) or (f) of this subdivision, or section thirty-eight hundred fifty-six of this title, provide notice thereof to the city, with copies to the director of the budget, the state comptroller, the chair of the assembly ways and means committee and the chair of the senate finance committee, if, in the judgment of the authority, such plan: (i) is incomplete; (ii) fails to contain projections of revenues and expenditures that are based on reasonable and appropriate assumptions and methods of estimations; (iii) fails to provide that operations of the city and the covered organizations will be conducted within the cash resources available; or (iv) fails to comply with the provisions of this title or other requirements of law.

(f) After the initial adoption of an approved financial plan, the revenue estimates certified by the authority and the financial plan shall be regularly reexamined by the authority in consultation with the city and the covered organizations and the mayor shall provide a modified financial plan in such detail and within such time periods as the authority may require. In the event of reductions in such revenue estimates, or in the event the city or a covered organization shall expend funds at a rate that would exceed the aggregate expenditure limitation for the city or covered organization prior to the expiration of the fiscal year, the mayor shall submit a financial plan modification to effect such adjustments in revenue estimates and reductions in total expenditures as may be necessary to conform to such revised revenue estimates or aggregate expenditure limitations.

(g) If, within a time period specified by the authority, the city fails to make such modifications after reductions in revenue estimates, or to provide a modified plan in detail and within such time period required by the authority, the authority shall adopt a resolution so finding and shall, as soon as practicable thereafter, formulate and adopt a financial plan to be effective until the authority approves a financial plan submitted by the city. All budgets and operations of the city or a covered organization shall be in conformance and compliance with the financial plan then in effect.

(h) The city shall amend its budget or shall submit a financial plan modification for the approval of the authority such that the city's budget and the approved financial plan shall be consistent. In no event shall the city operate under a budget that is inconsistent with an approved financial plan.

3. The financial plan shall be in such form and shall contain such information for each year during which the financial plan is in effect as the authority may specify, and shall include the city and all the covered organizations, and shall, in such detail as the authority from

time to time may prescribe, include (a) statements of all estimated revenues and of all expenditures and cash flow projections of the city and each covered organization, and (b) an accounting of the expenditure of efficiency incentive grants available to the city for each year of the plan.

4. The financial plan shall include any information which the authority may request to satisfy itself that (a) projected employment levels, collective bargaining agreements and other actions relating to employee costs, capital construction and such other matters as the authority may specify are consistent with the provisions made for such obligations in the financial plan, (b) the city and the covered organizations are taking whatever action is necessary with respect to programs mandated by state and federal law to ensure that expenditures for such programs are limited to and covered by the expenditures stated in the financial plan, (c) adequate reserves are provided to maintain essential programs in the event revenues have been overestimated or expenditures underestimated for any period, and (d) the city has adequate cash resources to meet its obligations. In addition, except to the extent such reporting requirements may be modified pursuant to agreement between the authority and the city, for each fiscal year occurring during a control period, or while bonds, notes or other obligations issued pursuant to this title are outstanding, the mayor shall prepare a quarterly report of summarized budget data depicting overall trends, by major category within funds, of actual revenues and budget expenditures for the entire budget rather than individual line items, as well as updated quarterly cash flow projections of receipts and disbursements. Such reports shall compare revenue estimates and appropriations as set forth in such budget and in the quarterly revenue and expenditure projections submitted therewith, with the actual revenues and expenditures made to date. Such reports shall also compare actual receipts and disbursements with the estimates contained in the cash flow projections, together with variances and their explanation. All quarterly reports shall be accompanied by recommendations from the mayor to the council setting forth any remedial action necessary to resolve any unfavorable budget variance including the overestimation of revenues and the underestimation of appropriations. These reports shall

be completed within thirty days after the end of each quarter and shall be submitted to the council, the authority, the director of the budget and the state comptroller. For each fiscal year occurring during a control or advisory period or while bonds, notes or other obligations issued pursuant to this title are outstanding, the mayor shall submit a proposed budget or revision thereto to the authority concurrent with submission to the council, and shall submit the adopted budget to the authority immediately upon its adoption.

5. For each financial plan and financial plan modification to be prepared and submitted by the mayor to the authority pursuant to the provisions of this section, the covered organizations shall submit to the city such information with respect to their projected expenditures, revenues and cash flows for each of the years covered by such financial plan or modification as the mayor shall determine.

§ 3857-a. Efficiency incentive grants. By November tenth, two thousand five, the city shall develop and submit to the authority a plan for achieving recurring savings through innovations and reengineering. Subject to appropriations therefor in the state fiscal years two thousand six--two thousand seven through two thousand ten--two thousand eleven, the authority shall provide grants to support such city cost saving activities. State funding during such five year period shall not exceed fifty million dollars, or ten million dollars annually, for grants provided pursuant to this section and section thirty-nine hundred fifty-seven-a of this article. Provided further, copies of such city plan shall be submitted to the director of the budget, the chair of the state senate finance committee and the chair of the state assembly ways and means committee.

§ 3858. Control period. 1. A control period shall begin as of the effective date of this title and may be reimposed during an advisory period if the authority determines at any time that a fiscal crisis is imminent or that any of the following events has occurred or that there is a substantial likelihood and imminence of such occurrence: (a) the city shall have failed to adopt a balanced budget, financial plan or budget modification as required by sections thirty-eight hundred fifty-six and thirty-eight hundred fifty-seven of this title, (b) the city shall have failed to pay the principal of or interest on any of its bonds or notes when due, (c) the city shall have incurred an operating deficit of one percent or more in the aggregate results of operations of any major fund of the city or a covered organization during its fiscal year assuming all revenues and expenditures are reported in accordance with generally accepted accounting principles, subject to the provisions of this title, (d) the chief fiscal officer's certification at any time, at the request of the authority or on the chief fiscal officer's initiative, which certification shall be made from time to time as promptly as circumstances warrant and reported to the authority, that on the basis of facts existing at such time such officer could not make the certification described in subdivision one of section thirty-eight hundred fifty-one of this title, or (e) the city shall have violated any provision of this title. A control period shall terminate when the authority has determined that the city qualifies for the onset of an advisory period as provided under subdivision one of section thirty-eight hundred fifty-one of this title. After onset of an advisory period, the authority shall annually consider paragraphs (a) through (e) of this subdivision and determine whether, in its judgment, any of the events described in such paragraphs have occurred and the authority shall publish each such determination. Any certification made by the chief fiscal officer hereunder shall be based on such officer's written determination which shall take into account a report and opinion of an independent expert in the marketing of municipal securities selected by the authority, and the opinion of such expert and any other information taken into account shall be made public when delivered to the authority. Notwithstanding any part of the foregoing to the contrary, in no event shall any control period continue beyond June thirtieth, two thousand thirty-seven.

2. In carrying out the purposes of this title during any control period, the authority:

(a) shall approve or disapprove the financial plan and the financial plan modifications of the city, as provided in sections thirty-eight hundred fifty-six and thirty-eight hundred fifty-seven of this title, and shall formulate and adopt its own modifications to the financial plan, as necessary; such modifications shall become effective upon their adoption by the authority;

(b) may set a maximum level of spending for any proposed budget of any covered organization;

(c) may impose a wage and/or hiring freeze: (i) During a control period, upon a finding by the authority that a wage and/or hiring freeze is essential to the adoption or maintenance of a city budget or a financial plan that is in compliance with this title, the authority shall be empowered to order that all increases in salary or wages of employees of the city and employees of covered organizations which will take effect after the date of the order pursuant to collective bargaining agreements, other analogous contracts or interest arbitration awards, now in existence or hereafter entered into, requiring such salary or wage increases as of any date thereafter are suspended. Such order may also provide that all increased payments for holiday and vacation differentials, shift differentials, salary adjustments according to plan and step-ups or increments for employees of the city and employees of covered organizations which will take effect after the date of the order pursuant to collective bargaining agreements, other analogous contracts or interest arbitration awards requiring such increased payments as of any date thereafter are, in the same manner, suspended. For the purposes of computing the pension base of retirement allowances, any suspended salary or wage increases and any other suspended payments shall not be considered as part of compensation or final compensation or of annual salary earned or earnable.

(ii) Notwithstanding the provisions of subparagraph (i) of this paragraph, this subdivision shall not be applicable to employees of the city or employees of a covered organization subject to a collective bargaining agreement or an employee of the city or a covered organization not subject to a collective bargaining agreement where the collective bargaining representative or such unrepresented employee has agreed to a deferment of salary or wage increase, by an instrument in writing which has been certified by the authority as being an acceptable and appropriate contribution toward alleviating the fiscal crisis of the city. Any such agreement to a deferral of salary or wage increase may provide that for the purposes of computing the pension base of retirement allowances, any deferred salary or wage increase may be considered as part of compensation or final compensation or of annual salary earned or earnable;

(iii) Notwithstanding the provisions of subparagraphs (i) and (ii) of this paragraph, no retroactive pay adjustments of any kind shall accrue or be deemed to accrue during the period of wage freeze, and no such additional amounts shall be paid at the time a wage freeze is lifted, or at any time thereafter.

(d) shall periodically evaluate the suspension of salary or wage increases or suspensions of other increased payments or benefits, and may, if it finds that the fiscal crisis, in the sole judgment of the authority has abated, terminate such suspensions;

(e) shall review and approve or disapprove any collective bargaining agreement to be entered into by the city or any covered organization, or purporting to bind, the city or any covered organization. Prior to entering into any collective bargaining agreement, the city or any covered organization shall submit a copy of such collective bargaining agreement to the authority, accompanied by an analysis of the projected costs of such agreement and a certification that execution of the agreement will be in accordance with the financial plan. Such submission shall be in such form and include such additional information as the authority may prescribe. The authority shall promptly review the terms of such collective bargaining agreement and the supporting information in order to determine compliance with the financial plan, and shall disapprove any collective bargaining agreement which, in its judgment, would be inconsistent with the financial plan. No collective bargaining agreement binding, or purporting to bind, the city or any covered organization after the effective date of this title shall be valid and binding upon the city or any covered organization unless first approved by resolution of the authority.

(f) shall act jointly with the city in selecting members of any interest arbitration panel. Notwithstanding any other evidence presented by the city, the covered organization or any recognized employee organization, the arbitration panel must, prior to issuing any final decision, provide the authority with the opportunity to present evidence regarding the fiscal condition of the city;

(g) shall take any action necessary in order to implement the financial plan should the city or any covered organization have failed to comply with any material action necessary to fulfill the plan, provided, however, the authority shall provide seven (7) days notice of its determination that the city or any covered organization has not complied prior to taking any such action.

(h) may review and approve or disapprove contracts or other obligations binding or purporting to bind the city or any covered organization;

(i) shall, with respect to any proposed borrowing by or on behalf of the city or any covered organization on or after July first, two thousand three, review the terms of and comment, within thirty days after notification by the city or covered organization of a proposed borrowing, on the prudence of each proposed issuance of bonds or notes to be issued by the city or covered organization and no such borrowing shall be made unless first reviewed, commented upon and approved by the authority. The authority shall comment within thirty days after notification by the city or covered organization of a proposed borrowing to the mayor, the comptroller, the council, the director of the budget and the state comptroller and indicate approval or disapproval of the proposed borrowing. Notwithstanding the foregoing, neither the city nor any covered organization shall be prohibited from issuing bonds or notes to pay outstanding bonds or notes; and, provided further, the first issuance of debt pursuant to chapter six hundred five of the laws of two thousand, as amended, shall be excluded from this requirement;

(j) may review the operation, management, efficiency and productivity of the city and any covered organizations as the authority may determine, and make reports thereon; examine the potential to enhance the revenue of the city or any covered organization; audit compliance with the financial plan in such areas as the authority may determine; recommend to the city and the covered organizations such measures relating to their operations, management, efficiency and productivity as the authority deems appropriate to reduce costs, enhance revenue, and improve services so as to advance the purposes of this title;

(k) may require the city to undertake certain actions to advance serious and in-depth exploration of a merger of services with the county, including identification and analysis of options; development of a detailed fiscal and programmatic plan; identification of city, county, and state impediments; and fostering of informed public debate;

(l) may review and approve or disapprove the terms of any proposed settlement of claims against the city or any covered organization in excess of fifty thousand dollars;

(m) may obtain from the city, the covered organizations, comptroller, and the state comptroller, as appropriate, all information required pursuant to this section, and such other financial statements and projections, budgetary data and information, and management reports and materials as the authority deems necessary or desirable to accomplish the purposes of this title; and inspect, copy and audit such books and records of the city and the covered organizations as the authority deems necessary or desirable to accomplish the purposes of this title;

(n) may perform such audits and reviews of the city and any agency thereof and any covered organizations as it deems necessary; and

(o) may issue, from time to time and to the extent it deems necessary or desirable in order to accomplish the purposes of this title, to the appropriate official of the city and each covered organization, such orders necessary to accomplish the purposes of this title, including, but not limited to, timely and satisfactory implementation of an approved financial plan. Any order so issued shall be binding upon the official to whom it was issued and failure to comply with such order shall subject the official to the penalties described in subdivision three of this section.

3. (a) During any control period (i) no officer or employee of the city or of any of the covered organizations shall make or authorize an obligation or other liability in excess of the amount available therefor under the financial plan as then in effect; (ii) no officer or employee of the city or of any of the covered organizations shall involve the city or any of the covered organizations in any contract or other obligation or liability for the payment of money for any purpose required to be approved by the authority unless such contract has been so approved and unless such contract or obligation or liability is in compliance with the approved financial plan as then in effect.

(b) No officer or employee of the city or any of the covered organizations shall take any action in violation of any valid order of the authority or shall fail or refuse to take any action required by any such order or shall prepare, present or certify any information (including any projections or estimates) or report to the authority or any of its agents that is false or misleading, or, upon learning that any such information is false or misleading, shall fail promptly to advise the authority or its agents thereof.

(c) In addition to any penalty or liability under any other law, any officer or employee of the city or any of the covered organizations who shall violate paragraph (a) or (b) of this subdivision shall be subject to appropriate administrative discipline, including, when circumstances warrant, suspension from duty without pay or removal from office by order of either the governor or the mayor; and any officer or employees of the city or any of the covered organizations who shall knowingly and willfully violate paragraph (a) or (b) of this subdivision shall, upon conviction, be guilty of a misdemeanor.

(d) In the case of a violation of paragraph (a) or (b) of this subdivision by an officer or employee of the city or of a covered organization, the mayor or the chief executive officer of such covered organization shall immediately report to the authority all pertinent facts together with a statement of the action taken thereon.

§ 3859. Advisory period. 1. During any advisory period the authority shall:

(a) obtain from the city, the covered organizations and the state comptroller, all information, financial statements and projections, budgetary data and information, and management reports and materials as the authority deems necessary or desirable to accomplish the purposes of this title; and inspect, copy and audit such books and records of the city and the covered organizations as the authority deems necessary or desirable to accomplish the purposes of this title;

(b) review the operation, management, efficiency and productivity of city operations and of any covered organization's operations as the authority may determine, and make reports and recommendations thereon; examine the potential to enhance the revenue of the city or any covered organization; audit compliance with the financial plan in such areas as the authority may determine; recommend to the city and the covered organizations such measures relating to their operations, management, efficiency and productivity as the authority deems appropriate to reduce costs, enhance revenue and improve services so as to advance the purposes of this title;

(c) comment on the provisions of the budget, the financial plan and the financial plan modifications of the city as the authority deems necessary or appropriate;

(d) review and comment on the terms of any proposed borrowing, including the prudence of each proposed issuance of bonds or notes to be issued by the city; and

(e) assess the impact of any collective bargaining agreement to be entered into by the city and such contracts, that, in the judgment of the authority, may have a significant impact on the city's long-term fiscal condition.

2. During any advisory period, the city shall promptly provide all information requested by the authority, review the comments, assessments, reports and recommendations of the authority and publicly respond thereto, addressing such matters as have been raised by the authority.

§ 3860. Additional provisions. 1. Notwithstanding any provision to the contrary in title six-A of article two of the local finance law, neither the city nor any covered organization shall file any petition authorized by such title six-A without the approval of the authority and the state comptroller. No such petition shall be filed as long as any bonds, notes or other obligations issued by the authority remain outstanding. Failure of the authority or the state comptroller to notify the city or a covered organization within thirty days (or such additional time, not exceeding thirty days, as the authority or state comptroller shall have notified the city or covered organization that it requires to complete its review) after submission to it of a petition shall be deemed to constitute authority or state comptroller approval thereof.

2. Nothing contained in this title shall limit the right of the city or any covered organization to comply with the provisions of any

existing contract within or for the benefit of the holders of any bonds or notes of the city or such covered organization.

3. Nothing contained in this title shall be construed to limit the power of the city or a covered organization to determine, from time to time, within available funds for the city or for such covered organization, the purposes for which expenditures are to be made by the city or such covered organization and the amounts of such expenditures, consistent with the aggregate expenditures then permitted under the financial plan for the city or such covered organization.

4. The authority's fiscal year shall be July first through June thirtieth.

5. The authority shall adopt guidelines for procurement contracts in accordance with section twenty-eight hundred seventy-nine of this chapter.

§ 3861. Declaration of need for financing assistance to the city. 1. The city shall determine and declare whether it requests the authority to undertake a financing of costs, including costs of the city's dependent school district or any other covered organization. Any such request shall be made by and through the mayor after approval by the council. Any such financing shall be consistent with the adopted budget and financial plan of the city required under sections thirty-eight hundred fifty-six and thirty-eight hundred fifty-seven of this title, as applicable.

2. Upon declaration by the city of such need, the mayor shall request that the authority provide financing in accordance with the provisions of this title.

3. Upon approval by the authority, in its discretion in accordance with the provisions of this title, of such financing request, the authority may enter into agreements with the city, for itself or on behalf of the city's dependent school district or any other covered

organization, as applicable, and the city, acting by the mayor, approved by the council, may enter into agreements with the authority in accordance with the provisions of this title as to the financing of costs by the authority, the application of revenues to the authority to secure its bonds, notes or other obligations, and further assurances in respect of the authority's receipt of such revenues and the fiscal affairs of the city, including but not limited to the manner of preparation of budget reports and financial plans as provided for in sections thirty-eight hundred fifty-six and thirty-eight hundred fifty-seven of this title, as applicable. The authority's revenues shall not be deemed funds of the city. Any such agreements with the city may be pledged by the authority to secure its bonds, notes or other obligations and may not be modified thereafter except as provided by the terms of the pledge.

4. Such agreements with the city shall (a) describe the particular financeable costs to be financed in whole or in part by the authority, (b) describe the plan for the financing of the costs, (c) set forth the method by which and by whom and the terms and conditions upon which money provided by the authority shall be disbursed to the city for itself or on behalf of the city's dependent school district or other covered organization, as applicable, (d) where appropriate, provide for the payment of such costs by the city under such contracts as shall be awarded by the city or for the city to make a capital contribution of such proceeds as city funds to another entity for the payment or reimbursement of such costs, and (e) require every contract entered into by the city, or another entity receiving funds from the city, for costs to be financed in whole or in part by the authority to be subject to the provisions of the city charter and other applicable laws governing contracts of the city or such entity, as the case may be.

5. At least annually, commencing no more than one year after the date on which authority bonds, notes or other obligations are first issued, the mayor shall report to the authority, the comptroller, the council, the state comptroller, the chairs of the senate finance committee and the assembly ways and means committee, and the director of the budget on the costs financed by the authority and the amount of such financing

over the past year, which report shall describe, by reference to the specific items in the city's budget or financial plan, its compliance therewith.

§ 3862. Bonds, notes or other obligations of the authority. 1. The authority shall have the power and is hereby authorized from time to time to issue bonds, notes or other obligations in such principal amounts as it may determine to be necessary pursuant to section thirty-eight hundred sixty-one of this title to pay any financeable costs and to fund reserves to secure such bonds, notes or other obligations, including incidental expenses in connection therewith; provided, however, the aggregate principal amounts of such bonds, notes or other obligations outstanding at any one time shall not exceed one hundred seventy-five million dollars, and such bonds shall be tax exempt to the maximum extent practicable, as provided by section thirty-eight hundred sixty-nine of this title. Bonds, notes or other obligations issued by the authority (a) to pay reasonable costs of issuance, as determined by the authority, (b) to establish debt service reserve funds, (c) to refund or advance refund any outstanding bonds or notes of the city or the authority, or (d) as cash flow borrowings shall not count against the above limit on outstanding bonds, notes or other obligations of the authority, nor shall any accretion of principal of bonds that would constitute interest under the Internal Revenue Code of 1986, as amended, count against such limit; provided, however, that the aggregate principal amount of cash flow borrowings outstanding at any one time shall not exceed one hundred forty-five million dollars.

2. The authority may issue bonds, notes or other obligations to refund bonds, notes or other obligations previously issued, but in no event shall the final maturity of any bonds, notes or other obligations of the authority be later than June thirtieth, two thousand thirty-seven. No bond of the authority shall mature more than thirty years from the date of its issue, or after June thirtieth, two thousand thirty-seven, whichever date is earlier.

3. Bonds, notes or other obligations of the authority may be issued,

amortized, redeemed and refunded without regard to the provisions of the local finance law.

4. The directors may delegate to the chairperson or other director or officer of the authority the power to set the financial terms of bonds, notes or other obligations.

5. The authority in its sole discretion shall determine that the issuance of its bonds, notes or other obligations is appropriate. Bonds, notes or other obligations shall be authorized by resolution of the authority. Bonds shall bear interest at such fixed or variable rates and shall be in such denominations, be in such form, either coupon or registered, be sold at such public or private sale, be executed in such manner, be denominated in United States currency, be payable in such medium of payment, at such place and be subject to such terms of redemption as the authority may provide in such resolution. No bonds, notes or other obligations of the authority may be sold at private sale unless such sale and the terms thereof have been approved in writing by (a) the state comptroller where such sale is not to the state comptroller, or (b) the director of the budget, where such sale is to the state comptroller.

6. Any resolution or resolutions authorizing bonds, notes or other obligations or any issue of bonds, notes or other obligations may contain provisions which may be a part of the contract with the holders of the bonds, notes or other obligations thereby authorized as to: (a) pledging all or part of the authority's revenues, together with any other moneys, securities or contracts, to secure the payment of the bonds, notes or other obligations, subject to such agreements with bondholders as may then exist; (b) the setting aside of reserves and the creation of sinking funds and the regulation and disposition thereof; (c) limitations on the purposes to which the proceeds from the sale of bonds, notes or other obligations may be applied; (d) limitations on the issuance of additional bonds, notes or other obligations, the terms upon which additional bonds, notes or other obligations may be issued and secured and the refunding of bonds, notes or other obligations; (e) the procedure, if any, by which the terms of any contract with bondholders

may be amended or abrogated, including the proportion of bondholders which must consent thereto and the manner in which such consent may be given; (f) vesting in a trustee or trustees such properties, rights, powers and duties in trust as the authority may determine, which may include any or all of the rights, powers and duties of the trustee appointed by the bondholders pursuant to section thirty-eight hundred sixty-three of this title and limiting or abrogating the rights of the bondholders to appoint a trustee under such section or limiting the rights, duties and powers of such trustee; and (g) defining the acts or omissions of the authority to act which may constitute a default in the obligations and duties of the authority to the bondholders and providing for the rights and remedies of the bondholders in the event of such default, including as a matter of right the appointment of a receiver; provided, however, that such acts or omissions of the authority to act which may constitute a default and such rights and remedies shall not be inconsistent with the general laws of the state and other provisions of this title.

7. In addition to the powers conferred upon the authority in this section to secure its bonds, notes or other obligations, the authority shall have power in connection with the issuance of bonds, notes or other obligations to enter into such agreements for the benefit of the bondholders as the authority may deem necessary, convenient or desirable concerning the use or disposition of its revenues or other moneys, including the entrusting, pledging or creation of any other security interest in any such revenues, moneys and the doing of any act, including refraining from doing any act, which the authority would have the right to do in the absence of such agreements. The authority shall have power to enter into amendments of any such agreements within the powers granted to the authority by this title and to perform such agreements. The provisions of any such agreements may be made a part of the contract with the holders of bonds, notes or other obligations of the authority.

7-a. Whenever a series of bonds, notes or other obligations of the authority is issued pursuant to this section for purposes other than deficit financing authorized by section thirty-eight hundred fifty-seven of this title, the payment of the proceeds of such series of bonds, notes or other obligations to the city may be, at the request of the authority, evidenced by obligations of the city issued in accordance with applicable provisions of the state constitution and local finance law then in effect at the time any such obligations are issued, provided that the principal amount of the authority's bonds, notes or other obligations issued in connection with any such exchange shall not exceed the principal amount of such obligations of the city and accrued interest thereon at the stated rate to the date of such exchange, and provided further, however, that the principal payments on any such issue of city obligations shall in no event be scheduled to fall on a date later than the date on which falls a corresponding amount of scheduled principal payments on the series of bonds, notes or other obligations of the authority originally issued to provide such proceeds or issued to refund bonds, notes or other obligations issued to provide such proceeds.

8. Notwithstanding any provision of the uniform commercial code to the contrary, any pledge of or other security interest in revenues, moneys, accounts, contract rights, general intangibles or other personal property made or created by the authority shall be valid, binding and perfected from the time when such pledge is made or other security interest attaches without any physical delivery of the collateral or further act, and the lien of any such pledge or other security interest shall be valid, binding and perfected against all parties having claims of any kind in tort, contract or otherwise against the authority irrespective of whether such parties have notice thereof. No instrument by which such a pledge or security interest is created nor any financing statement need be recorded or filed to be valid and binding.

9. Whether or not the bonds, notes or other obligations of the authority are of such form and character as to be negotiable instruments under the terms of the uniform commercial code, the bonds, notes or other obligations are hereby made negotiable instruments within the meaning of and for all the purposes of the uniform commercial code, subject only to the provisions of the bonds for registration.

10. Neither the directors of the authority nor any person executing bonds, notes or other obligations shall be liable personally thereon or be subject to any personal liability or accountability solely by reason of the issuance thereof. The bonds, notes or other obligations of the authority shall not be a debt of either the state or the city, and neither the state nor the city shall be liable thereon, nor shall they be payable out of any funds other than those of the authority; and such bonds, notes or other obligations shall contain on the face thereof a statement to such effect.

11. The authority, subject to such agreements with bondholders as then may exist, shall have power to purchase bonds, notes or other obligations of the authority out of any moneys available therefor, which shall thereupon be canceled.

§ 3863. Remedies of bondholders. Subject to any resolution or resolutions adopted pursuant to paragraph (f) of subdivision six of section thirty-eight hundred sixty-two of this title:

1. In the event that the authority shall default in the payment of principal of or interest on any issue of bonds, notes or other obligations after the same shall become due, whether at maturity or upon call for redemption, and such default shall continue for a period of thirty days, or shall default in any agreement made with the holders of any issue of bonds, notes, or other obligations, the holders of at least twenty-five per centum in aggregate principal amount of the bonds, notes or other obligations of such issue then outstanding, by instrument or instruments filed in the office of the clerk of the county and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of such bonds for the purpose provided in this section.

2. Such trustee may, and upon written request of the holders of at least twenty-five per centum in principal amount of such bonds, notes or other obligations outstanding shall, in his or her or its own name: (a) by action or proceeding in accordance with the civil practice law and

rules, enforce all rights of the bondholders and require the authority to carry out any other agreements with the holders of such bonds, notes or other obligations and to perform its duties under this title; (b) bring an action or proceeding upon such bonds, notes or other obligations; (c) by action or proceeding, require the authority to account as if it were the trustee of an express trust for the holder of such bonds, notes or other obligations; and (d) by action or proceeding, enjoin any acts or things which may be unlawful or in violation of the rights of the holders of such bonds, notes or other obligations.

3. Such trustee shall, in addition to the provisions of subdivisions one and two of this section, have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth in this section or incident to the general representation of bondholders in the enforcement and protection of their rights.

4. The supreme court of the county shall have jurisdiction of any action or proceeding by the trustee on behalf of such bondholders.

§ 3864. Intercept of city tax revenues, school district tax revenues and state aid revenues. 1. The state comptroller, in accordance with section twelve hundred sixty-one of the tax law, shall pay at least monthly to the authority, (a) for the period beginning upon the effective date of this title through June thirtieth, two thousand thirty-seven, city tax revenues and, (b) for the period beginning July first, two thousand four, and ending June thirtieth, two thousand thirty-seven, during which the county sets aside net collections for educational purposes pursuant to the authority of subdivision (a) of section twelve hundred sixty-two of the tax law, school district tax revenues. During the period beginning on the effective date of this title through June thirtieth, two thousand thirty-seven, the county shall impose such taxes pursuant to the authority of subdivision (a) of section twelve hundred ten of the tax law at a rate of no less than three percent. In addition, during such periods, respectively, the state comptroller shall pay to the authority (i) city tax revenues pursuant to the then current agreement under subdivision (c) of section twelve hundred sixty-two of the tax law among the county and the cities in the county and (ii) school district tax revenues; provided however, in the event that such agreement among the county and such cities shall have expired or been terminated during such period, notwithstanding any other provision of general, special or local law to the contrary, the state comptroller shall make such payments of city tax revenues to the authority pursuant to the provisions of paragraph two of subdivision (d) of section twelve hundred sixty-two of the tax law.

2. Commencing on the effective date of this title, and until June thirtieth, two thousand thirty-seven, the state comptroller shall pay state aid revenues to the authority.

3. The city shall have no right, title, or interest in the city tax revenues or state aid revenues paid to the authority pursuant to this section; and the school district shall have no right, title, or interest in the school district tax revenues paid to the authority pursuant to this section.

§ 3865. Resources of the authority. 1. Subject to the provisions of this title, the directors of the authority shall receive, accept, invest, administer, expend and disburse for its corporate purposes all moneys of the authority from whatever source derived including (a) revenues and (b) proceeds of bonds, notes or other obligations.

2. Subject to the provisions of any contract with bondholders, revenues of the authority shall be paid to the authority and shall not be commingled with any other money.

3. The money in any of the authority's accounts shall be paid out on checks signed by the treasurer of the authority, or by other lawful and appropriate means such as wire or electronic transfer, on requisitions of the chairperson of the authority or of such other officer as the directors shall authorize to make such requisition, or pursuant to a bond resolution or trust indenture.

4. All deposits of authority money shall be secured by obligations of the United States or of the state or of the city at a market value at least equal at all times to the amount of the deposit, and all banks and trust companies are authorized to give such security for such deposits. The authority shall have the power, notwithstanding the provisions of this section, to contract with the holders of any of its bonds, notes or other obligations as to the custody, collection, securing, investment and payment of any money of the authority or any money held in trust or otherwise for the payment of bonds, notes or other obligations or in any way to secure bonds, notes or other obligations, and to carry out any such contract notwithstanding that such contract may be inconsistent with the other provisions of this title. Money held in trust or otherwise for the payment of bonds, notes or other obligations or in any way to secure bonds, notes or other obligations, and deposits of such money, may be secured in the same manner as money of the authority, and all banks and trust companies are authorized to give such security for such deposits.

5. Revenues of the authority shall be applied in the following order of priority: first to pay debt service or for set asides to pay debt service on the authority's bonds, notes, or other obligations and to replenish any reserve funds securing such bonds, notes or other obligations of the authority, in accordance with the provision of any indenture or bond resolution of the authority; then to pay the authority's operating expenses not otherwise provided for; and then, subject to the authority's agreement with the city, for itself or on behalf of the city's dependent school district and any other covered organization, to transfer as frequently as practicable the balance of revenues not required to meet contractual or other obligations of the authority to the city or the city's dependent school district as provided in subdivision seven of this section.

6. (a) Any such payment of state aid revenues to the authority shall not obligate the state to make available, nor entitle the city to receive, any additional state aid.

(b) Nothing contained in this title shall be construed to create a debt of the state within the meaning of any constitutional or statutory provisions. Any provision with respect to state aid or state aid revenues shall be deemed executory only to the extent of moneys available, and no liability shall be incurred by the state beyond the moneys available for that purpose, and any such payment by the comptroller of state aid revenues is subject to annual appropriation of state aid by the state legislature.

(c) Nothing contained in this title shall be deemed to restrict the right of the state to amend, repeal, modify, or otherwise alter section fifty-four of the state finance law or any provision relating to state aid to municipalities. The authority shall include within any resolution, contract, or agreement with holders of its bonds, notes or other obligations a provision which states that no default occurs as a result of the state's exercising its right to amend, repeal, modify, or otherwise alter section fifty-four of the state finance law or any other provision relating to state aid to municipalities.

7. On a monthly basis, the authority shall prepare and provide to the city and the city's dependent school district a detailed separate accounting of all revenues received and payments and debt service set asides made, as attributable to the city and the city's dependent school district. Such accounting shall reflect (a) the amount of state aid revenues, city tax revenues and school district tax revenues received during such month, (b) the respective portion of debt service paid or set aside during such month by the authority for its notes, bonds and other obligations attributable to the city and the city's dependent school district; (c) the respective portion of reserve fund replenishment made or set aside during such month by the authority in connection with its notes, bonds and other obligations attributable to the city and the city's dependent school district; and (d) the respective portion of administrative expenses of the authority paid or set aside during such month by the authority attributable to the city and the city's dependent school district. As soon as practicable after each monthly payment or set aside, the authority shall make respective payments of the remaining monthly balance or revenues to the city and the city's dependent school district in accordance with such separate accounting. To the extent that such respective monthly payments of the remaining balance of revenues result in an overpayment or underpayment

to the city or the city's dependent school district, the authority shall in the immediately subsequent month, after making debt service payments or debt service set asides, replenishing any reserve funds and paying the administrative expenses of the authority for such month, make an adjustment in favor of the city or the city's dependent school district, as the case may be, before determining the remaining amount of the balance of revenues for such subsequent month and paying such remaining monthly balance of revenues to the city and the city's dependent school district. Nothing in this title shall be deemed to restrict the authority of the state comptroller and the commissioner of taxation and finance to adjust for overpayments or underpayments pursuant to the tax law.

§ 3866. Agreement with the state. 1. The state does hereby pledge to and agree with the holders of any issue of bonds, notes or other obligations issued by the authority pursuant to this title and secured by such a pledge that the state will not limit, alter or impair the rights hereby vested in the authority to fulfill the terms of any agreements made with such holders pursuant to this title, or in any way impair the rights and remedies of such holders or the security for such bonds, notes or other obligations until such bonds, notes or other obligations together with the interest thereon and all costs and expenses in connection with any action or proceeding by or on behalf of such holders, are fully paid and discharged. The authority is authorized to include this pledge and agreement of the state in any agreement with the holders of such bonds, notes or other obligations. Nothing contained in this title shall be deemed to restrict any right of the state to amend, modify, repeal or otherwise alter: (a) section fifty-four of the state finance law or any other provision relating to state aid, or (b) statutes imposing or relating to taxes or fees, or appropriations relating thereto.

2. The authority shall not include within any resolution, contract or agreement with holders of the bonds, notes or other obligations issued under this title any provision which provides that a default occurs as a result of the state exercising its right to amend, repeal, modify or

otherwise alter: (a) section fifty-four of the state finance law or any other provision relating to state aid or (b) statutes imposing or relating to taxes, fees, or appropriations relating thereto. Nothing in this title shall be deemed to obligate the state to make any payments or impose any taxes to satisfy the debt service obligations of the authority.

§ 3866-a. Agreement with the county. 1. The county does hereby covenant and agree with the holders of any issue of bonds, notes or other obligations issued by the authority pursuant to this title and secured by such covenant and agreement that the county will not limit, alter or impair the rights hereby vested in the authority to fulfill the terms of any agreements made with such holders pursuant to this title, or in any way impair the rights and remedies of such holders or the security for such bonds, notes or other obligations until such bonds, notes or other obligations, together with the interest thereon and all costs and expenses in connection with any action or proceeding by or on behalf of such holders are fully paid and discharged. The authority is authorized to include this covenant and agreement of the county in any agreement with the holders of such bonds, notes or other obligations. Nothing contained in this title shall be deemed to restrict any right of the county to amend, modify, repeal or otherwise alter any local laws, ordinances or resolutions imposing or relating to taxes or fees, or appropriations relating to such taxes or fees, or setting aside net collections for educational purposes pursuant to the authority of subdivision (a) of section twelve hundred sixty-two of the tax law, so long as, after giving effect to such amendment, modification or other alteration, the aggregate amount as then projected by the authority of (i) sales and compensating use taxes to be imposed pursuant to the authority of section twelve hundred ten of the tax law and paid to the city and (ii) all net collections for educational purposes to be set aside by the county pursuant to the authority of subdivision (a) of section twelve hundred sixty-two of the tax law and paid to the city's dependent school district during each of the authority's fiscal years following the effective date of such amendment, modification or other alteration shall be not less than two hundred percent of maximum annual debt service on authority bonds then outstanding. Notwithstanding anything to the contrary in this section, the county further agrees that it shall impose taxes pursuant to the authority of subdivision (a) of section twelve hundred ten of the tax law at the rate of no less than three percent.

2. The authority shall not include within any resolution, contract or agreement with holders of the bonds, notes or other obligations issued under this title any provision which provides that a default occurs as a result of the county exercising its right to amend, repeal, modify or otherwise alter such taxes, fees or appropriations or such net collections set aside for educational purposes. Nothing in this title shall be deemed to obligate the county to make any payments or impose any taxes or set aside net collections for educational purposes pursuant to the authority of subdivision (a) of section twelve hundred sixty-two of the tax law; except that the county shall impose taxes pursuant to the authority of subdivision (a) of section twelve hundred ten of the tax law at the rate of no less than three percent.

§ 3867. Agreement with the city. 1. The city hereby covenants and agrees with the holders of bonds, notes or other obligations issued by the authority pursuant to this title, that the city will not take actions which limit, alter or impair the rights and remedies of such holders or the security for such bonds, notes or other obligations until such bonds, notes or other obligations, together with the interest thereon and all costs and expenses in connection with any action or proceeding by or on behalf of such holders are fully paid and discharged. The authority is authorized to include this covenant and agreement of the city in any agreement with the holders of such bonds, notes or other obligations. Nothing contained in this title shall be deemed to restrict the right of the city to amend, modify, repeal or otherwise alter any local law, ordinance or resolution imposing or relating to taxes or fees, or appropriations relating thereto, including sales and compensating use taxes imposed pursuant to the authority of section twelve hundred ten of the tax law, so long as, after giving effect to such amendment, modification or other alteration, the aggregate amount as then projected by the authority of (i) sales and compensating use taxes to be imposed pursuant to the authority of section twelve hundred ten of the tax law and paid to the city and (ii) all net collections for educational purposes to be set aside by the county pursuant to the authority of subdivision (a) of section twelve hundred sixty-two of the tax law and paid to the city's dependent school district during each of the authority's fiscal years thereafter, shall be not less than two hundred percent of maximum annual debt service on authority bonds then outstanding. The city further covenants and agrees that (i) it will not take any action, including the imposition of sales and compensating use taxes preempting the county's taxes, to terminate or alter the terms of the agreement among the county, the city and the other cities in the county under subdivision (c) of section twelve hundred sixty-two of the tax law that would reduce or eliminate the amount of net collections that the county distributes or is to distribute to the city prior to June thirtieth, two thousand thirty-seven, without the authority's prior approval, and (ii) if the city imposes sales and compensating use taxes, it shall do so pursuant to subdivision (a) of section twelve hundred ten of the tax law at the maximum rate authorized by such section.

2. The authority shall not include within any resolution, contract or agreement with holders of the bonds, notes or other obligations issued under this title any provision which provides that a default occurs as a result of the city exercising its right to amend, repeal, modify or otherwise alter such taxes, fees or appropriations. Nothing in this title shall be deemed to obligate the city to make any payments or impose any taxes; except that, if the city imposes sales and compensating use taxes, it shall do so pursuant to subdivision (a) of section twelve hundred ten of the tax law at the maximum rate authorized by such section.

§ 3868. Bonds, notes or other obligations legal for investment and deposit. The bonds, notes or other obligations of the authority are hereby made securities in which all public officers and bodies of the state and all public corporations, municipalities and municipal subdivisions, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations including savings and loan associations, building and loan associations, investment companies and other persons carrying on a banking business, all administrators, conservators, guardians, executors, trustees and other fiduciaries, and all other persons whatsoever who are now or may hereafter be authorized to invest in bonds, notes or other obligations of the state, may properly and legally invest funds, including capital, in their control or belonging to them. The bonds, notes or other obligations are also hereby made securities which may be deposited with and may be received by all public officers and bodies of the state and all municipalities and public corporations for any purpose for which the deposit of bonds, notes or other obligations of the state is now or may hereafter be authorized.

§ 3869. Tax exemption. 1. It is hereby determined that the creation of the authority and the carrying out of its corporate purposes are in all respects for the benefit of the people of the state of New York and are public purposes. Accordingly, the authority shall be regarded as performing an essential governmental function in the exercise of the powers conferred upon it by this title. The authority shall not be required to pay any fees, taxes, special ad valorem levies or assessments of any kind, whether state or local, including, but not limited to, fees, taxes, special ad valorem levies or assessments on real property, franchise taxes, sales taxes or other taxes, upon income or with respect to any property owned by it or under its jurisdiction, control or supervision, or upon the uses thereof, or upon or with respect to its activities or operations in furtherance of the powers conferred upon it by this title, or upon or with respect to any fares, tolls, rentals, rates, charges, fees, revenues or other income received by the authority.

2. Any bonds, notes or other obligations issued pursuant to this title, and the income therefrom shall, to the maximum extent practicable, be exempt from taxation.

§ 3870. Actions against the authority. 1. Except in an action for wrongful death, no action or proceeding shall be prosecuted or maintained against the authority for personal injury or damage to real or personal property alleged to have been sustained by reason of the negligence or wrongful act of the authority or of any director, officer, agent or employee thereof, unless (a) it shall appear by and as an allegation in the complaint or moving papers that a notice of claim shall have been made and served upon the authority, within the time limit prescribed by and in compliance with section fifty-e of the general municipal law, (b) it shall appear by and as an allegation in the complaint or moving papers that at least thirty days have elapsed since the service of such notice and that adjustment or payment thereof has been neglected or refused, and (c) the action or proceeding shall be commenced within one year after the happening of the event upon which the claim is based. An action against the authority for wrongful death shall be commenced in accordance with the notice of claim and time limitation provisions of title eleven of article nine of this chapter.

2. Wherever a notice of claim is served upon the authority, it shall have the right to demand an examination of the claimant relative to the occurrence and extent of the injuries or damages for which claim is made, in accordance with the provisions of section fifty-h of the general municipal law.

3. The authority may require any person presenting for settlement an account or claim for any cause whatever against the authority to be sworn before a director, counsel or an attorney, officer or employee thereof designated for such purpose, concerning such account or claim and when so sworn, to answer orally as to any facts relative to such account or claim. The authority shall have power to settle or adjust any claims in favor of or against the authority.

4. The rate of interest to be paid by the authority upon any judgment for which it is liable, other than a judgment on bonds, notes or other obligations, shall not exceed the maximum rate of interest on judgments

and accrued claims against municipal authorities as provided in the general municipal law. Interest on payments of principal or interest on any bonds, notes or other obligations in default shall accrue at the rate specified in the general municipal law until paid or otherwise satisfied.

5. The venue of every action, suit or special proceeding brought against the authority shall be the supreme court in the county.

6. Neither any director of the authority nor any officer, employee, or agent of the authority, while acting within the scope of his or her authority, shall be subject to any liability resulting from exercising or carrying out any of the powers given in this title.

7. Indemnification. (a) The state shall hold harmless and indemnify directors, officers and employees of the authority, all of whom shall be deemed officers and employees of the state for purposes of section seventeen of the public officers law, against any claim, demand, suit, or judgment arising by reason of any act or omission to act by such director, officer, or employee occurring in the discharge of his or her duties and within the scope of his or her service on behalf of the authority including any claim, demand, suit or judgment based on allegations that financial loss was sustained by any person in connection with the acquisition, disposition or holding of securities or other obligations. In the event of any such claim, demand, suit or judgment, a director, officer or employee of the authority shall be held harmless and indemnified, notwithstanding the limitations of subdivision one of section seventeen of the public officers law, unless such individual is found by a final judicial determination not to have acted, in good faith, for a purpose which he or she reasonably believed to be in the best interest of the authority or not to have had reasonable cause to believe that his or her conduct was lawful.

(b) In connection with any such claim, demand, suit, or judgment, any director, officer or employee of the authority shall be entitled to representation by private counsel of his or her choice in any civil judicial proceeding whenever the attorney general determines based upon his or her investigation and review of the facts and circumstances of the case that representation by the attorney general would be inappropriate. The attorney general shall notify the individual in writing of such determination that the individual is entitled to be represented by private counsel. The attorney general may require, as a condition to payment of the fees and expenses of such representative, that appropriate groups of such individuals be represented by the same counsel. If the individual or groups of individuals is entitled to representation by private counsel under the provisions of this section, the attorney general shall so certify to the state comptroller. Reasonable attorneys' fees and litigation expenses shall be paid by the state to such private counsel from time to time during the pendency of the civil action or proceeding, subject to certification that the individual is entitled to representation under the terms and conditions of this section by the authority, upon the audit and warrant of the state comptroller. The provisions of this subdivision shall be in addition to and shall not supplant any indemnification or other benefits heretofore or hereafter conferred upon directors, officers, or employees of and representatives to the authority by section seventeen of the public officers law, by action of the authority or otherwise. The provisions of this subdivision shall inure only to directors, officers and employees of the authority, shall not enlarge or diminish the rights of any other party, and shall not impair, limit or modify the rights and obligations of any insurer under any policy of insurance.

§ 3871. Audits. 1. The accounts of the authority shall be subject to the audit of the comptroller and the state comptroller. In addition, the authority shall be subject to an annual financial audit performed by an independent certified accountant selected by the authority. Such audit report shall be submitted to the city, the presiding officer, the comptroller, the governor, the state comptroller, the chair and ranking minority member of the senate finance committee and the chair and ranking minority member of the assembly ways and means committee.

2. For each fiscal year during the existence of the authority, and within one hundred twenty days after the close of the city's fiscal year, the city shall submit its audited financial statements to the

authority.

§ 3872. Effect of inconsistent provisions. Insofar as the provisions of this title are inconsistent with the provisions of any other act, general or special, or of any charter, local law, ordinance or resolution of any municipality, the provisions of this title shall be controlling. Nothing contained in this section shall be held to supplement or otherwise expand the powers or duties of the authority otherwise set forth in this title.

§ 3873. Separability; construction. If any clause, sentence, paragraph, section, or part of this title shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section, or part thereof involved in the controversy in which such judgment shall have been rendered. The provisions of this title shall be liberally construed to assist the effectuation of the public purposes furthered hereby.

TITLE 3

ERIE COUNTY FISCAL STABILITY AUTHORITY

§ 3950. Short title. This title shall be known and may be cited as the "Erie county fiscal stability authority act".

§ 3950-a. Legislative declaration of need for state intervention. The legislature hereby finds and declares that the county of Erie is facing a severe fiscal crisis, and that the crisis cannot be resolved absent assistance from the state. The legislature further finds and declares that maintenance of a balanced budget by the county of Erie is a matter of overriding state concern, requiring the legislature to intervene to provide a means whereby: the long-term fiscal stability of the county will be assured, the confidence of investors in the county's bonds and notes is preserved, and the economy of both the region and the state as a whole is protected.

§ 3951. Definitions. For the purposes of this title, unless the context otherwise requires: 1. "Advisory period" means a period of time from the effective date of this title until the date when (a) the authority shall determine that for each fiscal year, through and including fiscal year two thousand twelve, that the county has adopted and adhered to budgets covering all expenditures the results of which do not show a major operating funds deficit when reported in accordance with generally accepted accounting principles, subject to the provisions of this title, and shall further determine that in the then current fiscal year there is a substantial likelihood that the results of the county's operations will not show a deficit in the major operating funds when so reported and (b) the comptroller shall certify that securities were sold by or for the benefit of the county during the fiscal year immediately preceding such date and the then current fiscal year in the general public market satisfied the financing requirements of the county during such period and that there is a substantial likelihood that such securities can be sold in the general public market from such date through the end of the next succeeding fiscal year in amounts which will satisfy substantially all of the capital and cash flow requirements of the county during such period in accordance with the financial plan then in effect.

2. "Authority" or "Erie county fiscal stability authority" or "ECFSA" means the public benefit corporation created by this title.

3. "Bonds, notes or other obligations" means bonds, notes and other evidences of indebtedness, issued or incurred by the authority.

4. "Comptroller" means the comptroller of the county.

5. "Control period" means a period determined by the authority in accordance with section thirty-nine hundred fifty-nine of this title.

6. "County" means Erie county.

7. "County charter" means the county government law of Erie county, as amended.

8. "County executive" means the county executive of the county.

9. "County tax revenues" means net collections set aside for county purposes pursuant to subdivision (a) of section twelve hundred sixty-two of the tax law, from the county's sales and compensating use taxes imposed pursuant to the authority of subpart B of part one of article twenty-nine of the tax law.

10. "Covered organization" means any governmental agency, public authority or public benefit corporation which receives or may receive moneys directly, indirectly or contingently from the county, but excluding the authority and (a) any other governmental agency, public authority or public benefit corporation specifically exempted from the provisions of this title by order of the authority upon application of such agency, public authority, or corporation to the authority or on the authority's own motion upon a finding by the authority that such exemption does not materially affect the ability of the county to adopt and maintain a budget pursuant to the provisions of this title, or (b) any state public authority defined in section two hundred one of the civil service law, unless specifically named above; provided, however, no municipality or school district shall be treated as a covered organization solely because it shares sales and compensating use tax revenue with the county, provided further, that the authority may terminate any exemption granted by order of the authority pursuant to this subdivision upon a determination that the circumstances upon which such exemption was granted are no longer applicable.

11. "Director of the budget" means the director of the budget of the state.

12. "ECFSA assistance" means: (a) the proceeds of any deficit financing authorized by the authority; or (b) the amount of debt service savings in a given county fiscal year generated from the proceeds of bonds, notes or other obligations of the authority made available to or for the benefit of the county or any covered organization as determined by the authority, or some combination thereof pursuant to the provisions of sections thirty-nine hundred fifty-six and thirty-nine hundred fifty-seven of this title. Such assistance shall be made available only upon a declaration of need by the county pursuant to section thirty-nine

hundred sixty-one of this title and the approval of the authority.

13. "Financeable costs" or "costs" means costs to finance (a) amounts necessary to finance a portion of the operating costs of the county or any covered organization as provided in sections thirty-nine hundred fifty-six and section thirty-nine hundred fifty-seven of this title, to the extent approved by the authority, (b) amounts necessary to accomplish a refunding, repayment or restructuring of all or a portion of the county's outstanding indebtedness or that of any covered organization, (c) cash flow needs of the county or any covered organization, (d) any object or purpose of the county or any covered organization, for which a period of probable usefulness is prescribed in section 11.00 of the local finance law, including the costs of any preliminary studies, surveys, maps, plans, estimates and hearings, or (e) incidental costs, including, but not limited to, legal fees, printing or engraving, publication of notices, taking of title, apportionment of costs, and capitalized interest, insurance premiums, costs related to items authorized in subdivisions seven through nine of section thirty-nine hundred fifty-four of this title or any underwriting or other costs incurred in connection with the financing thereof; provided however that, to the maximum extent practicable, all financeable costs shall not adversely affect the requirements of subdivision two of section thirty-nine hundred fifty-eight of this title.

14. "Financial plan" means the financial plan of the county and the covered organizations to be developed pursuant to section thirty-nine hundred fifty-seven of this title, as from time to time amended.

15. "Legislature" means the legislature of the county.

16. "Major operating funds" means the county general fund, the social services fund, the county road fund, the capital fund, the debt service fund, the sewer fund, together with any other funds of the county or a covered organization from time to time designated by the authority.

17. "Presiding officer" means the presiding officer of the legislature

elected pursuant to the rules of the legislature.

18. "Projected gap" means the excess, if any, of annual aggregate projected expenditures over annual aggregate projected revenues for the major operating funds in each year of a financial plan as determined by the county and certified by the authority. For purposes of determining the projected gap in each fiscal year, annual aggregate projected revenues shall not include the amount of ECFSA assistance expected to be available for such fiscal year.

19. "Revenues" means revenues of the authority consisting of county tax revenues, state aid revenues, and all other aid, rents, fees, charges, payments and other income and receipts paid or payable to the authority or a trustee for the account of the authority to the extent such amounts are pledged to bondholders.

20. "State" means the state of New York.

21. "State aid" means aid and incentives for municipalities, any successor type of aid and any new aid appropriated by the state as local government assistance for the benefit of the county.

22. "State aid revenues" means state aid paid by the state comptroller to the authority pursuant to this title.

23. "State comptroller" means the comptroller of the state.

§ 3952. Erie county fiscal stability authority. 1. There is hereby created the Erie county fiscal stability authority. The authority shall be a corporate governmental agency and instrumentality of the state constituting a public benefit corporation.

2. The authority shall conduct meetings as often as deemed necessary to accomplish its purposes, but not less than quarterly during a control period or annually during an advisory period.

3. The authority shall continue until its control, advisory or other responsibilities, and its liabilities have been met or otherwise discharged, which in no event shall be later than December thirty-first, two thousand thirty-nine. Upon the termination of the authority, all of its property and assets shall pass to and be vested in the county.

§ 3953. Administration of the authority. 1. The authority shall be administered by seven directors appointed by the governor. Of the seven directors, one each shall be appointed on the written recommendation of the temporary president of the state senate, the speaker of the state assembly and the state comptroller, respectively. One member appointed directly by the governor and the members appointed on the recommendation of the temporary president of the state senate, the recommendation of the speaker of the state assembly and the recommendation of the state comptroller shall be residents of the county. Each director shall be appointed for a term of four years, provided however, that two of the directors first appointed by the governor shall serve for a term ending December thirty-first, two thousand nine, and the remaining five directors first appointed shall serve for the following terms: the directors appointed on recommendation of the temporary president of the state senate, the speaker of the state assembly and the state comptroller shall serve for a term ending December thirty-first, two thousand ten and the two remaining directors first appointed directly by the governor shall serve for a term ending on December thirty-first, two thousand eleven. Each director shall hold office until his or her successor has been appointed and qualified. Thereafter each director shall serve a term of four years, except that any director appointed to fill a vacancy shall serve only until the expiration of his or her predecessor's term.

2. The governor shall designate a chairperson and a vice-chairperson from among the directors. The chairperson shall preside over all meetings of the directors and shall have such other duties as the directors may prescribe. The vice-chairperson shall preside over all meetings of the directors in the absence of the chairperson and shall have such other duties as the directors may prescribe.

3. The directors of the authority shall serve without salary, but each director shall be reimbursed for actual and necessary expenses incurred in the performance of such director's official duties as a director of the authority.

4. Notwithstanding any inconsistent provision of any general, special or local law, ordinance, resolution or charter, no officer, member or employee of the state, any city, county, town or village, any governmental entity operating any public school or college, any school district or any other public agency or instrumentality which exercises governmental powers under the laws of the state, shall forfeit his or her office or employment by reason of his or her acceptance of appointment as a director, officer or employee of the authority; nor shall service as such director, officer or employee of the authority be deemed incompatible or in conflict with such office or employment.

5. Four directors shall constitute a quorum for the transaction of any business or the exercise of any power of the authority. No action shall be taken by the authority except pursuant to a favorable vote of at least four directors participating in a meeting at which such action is taken.

6. The authority shall appoint a treasurer and may appoint officers and agents as it may require and prescribe their duties.

7. At least annually, commencing no more than one year after the date on which authority bonds, notes or other obligations are first issued, the authority shall report to the county executive, legislature, comptroller, the director of the budget, the chair of the state senate finance committee, the chair of the state assembly ways and means committee and the state comptroller on the amount of financing and the cost savings for the county over the past year.

§ 3954. General powers of the authority. Except as otherwise limited by this title, the authority shall have the following powers in addition to those specially conferred elsewhere in this title, subject only to agreements with bondholders:

1. to sue and be sued;

2. to have a seal and alter the same at pleasure;

3. to make and alter by-laws for its organization and management and subject to agreements with its bondholders, to make and alter rules and regulations governing the exercise of its powers and fulfillment of its purposes under this title;

4. to make and execute contracts and all other instruments or agreements necessary or convenient to carry out any powers and functions expressly given in this title;

5. to commence any action to protect or enforce any right conferred upon it by any law, contract or other agreement;

6. to borrow money and issue bonds, notes or other obligations, or to refund the same, and to provide for the rights of the holders of its bonds, notes or other obligations;

7. as security for the payment of the principal of and interest on any bonds, notes or other obligations issued by it pursuant to this title and any agreements made in connection therewith and for its obligations under bond facilities, to pledge all or any part of its revenues or assets;

8. to procure insurance, letters of credit or other credit enhancement with respect to its bonds, notes or other obligations, or facilities for the payment of tenders of such bonds, notes or other obligations or facilities for the payment upon maturity of short-term notes not renewed;

9. to enter into interest rate exchange or similar arrangements with any person under such terms and conditions as the authority may

determine, not inconsistent with the general laws of this state and other provisions of this title, including, without limitation, provisions as to default or early termination and indemnification by the authority or any other party thereto for loss of benefits as a result thereof; provided, however, that such exchanges or similar arrangements shall be limited to twenty-five percent of the amount authorized in subdivision one of section thirty-nine hundred sixty-two of this title to pay the financeable costs described in paragraph (a), (b), (d) or (e) of subdivision thirteen of section thirty-nine hundred fifty-one of this title;

10. to procure insurance, letters of credit or other credit enhancement with respect to arrangements described in subdivision nine of this section;

11. to accept gifts, grants, loans or contributions of funds or financial or other aid in any form from the county, state or federal government or any agency or instrumentality thereof, or from any other source and to expend the proceeds for any of its corporate purposes in accordance with the provisions of this title;

12. subject to the provisions of any contract with bondholders in respect of escrow accounts to secure bonds that have been refunded or debt service funds in which revenues are deposited to secure bonds, notes or other indebtedness issued under this act, to invest any funds held in reserves or sinking funds, or any funds not required for immediate use or disbursement, at the discretion of the authority, in (a) obligations of the state or the United States government, (b) obligations the principal and interest of which are guaranteed by the state or the United States government, (c) certificates of deposit, whether negotiable or non-negotiable, and banker's acceptances of any of the fifty largest banks in the United States which bank, at the time of investment, has an outstanding unsecured, uninsured and unguaranteed debt issue ranked by two nationally recognized independent rating agencies at a rating category that is no lower than the then current rating of the authority's bonds, notes or other obligations, (d) commercial paper of any bank or corporation created under the laws of

either the United States or any state of the United States which commercial paper, at the time of the investment, has received the highest rating of two nationally recognized independent rating agencies, (e) bonds, debentures, or other evidences of indebtedness, issued or guaranteed at the time of the investment by the federal national mortgage association, federal home loan mortgage corporation, student loan marketing association, federal farm credit system, or any other United States government sponsored agency, provided that at the time of the investment such agency receives, or its obligations receive, any of the three highest rating categories of two nationally recognized independent rating agencies, (f) any bonds or other obligations of any state or the United States of America or of any political subdivision thereof or any agency, instrumentality or local governmental unit of any such state or political subdivision which bonds or other obligations, at the time of the investment have received any of the three highest ratings of two nationally recognized independent rating agencies, (g) any repurchase agreement with any bank or trust company organized under the laws of any state of the United States of America or any national banking association or government bond dealer reporting to, trading with, and recognized as a primary dealer by the Federal Reserve Bank of New York, which agreement is secured by any one or more of the securities described in paragraph (a), (b) or (e) of this subdivision, which securities shall at all times have a market value of not less than the full amount of the repurchase agreement and be delivered to another bank or trust company organized under the laws of the state or any national banking association domiciled in the state, as custodian, and (h) reverse repurchase agreements with any bank or trust company organized under the laws of any state of the United States of America or any national banking association or government bond dealer reporting to, trading with, and recognized as a primary dealer by the Federal Reserve Bank of New York, which agreement is secured by any one or more of the securities described in paragraph (a), (b) or (e) of this subdivision which securities shall at all times have a market value of not less than the full amount of the repurchase agreement and be delivered to another bank or trust company organized under the laws of the state or any national banking association domiciled in the state, as custodian.

13. to appoint such officers and employees as it may require for the performance of its duties and to fix and determine their qualifications, duties, and compensation, and to retain or employ counsel, auditors and private financial consultants and other services on a contract basis or otherwise for rendering professional, business or technical services and advice; and, in taking such actions, the authority shall consider the financial impact on the county.

14. to do any and all things necessary or convenient to carry out its purposes and exercise the powers expressly given and granted in this title; provided, however, such authority shall under no circumstances acquire, hold or transfer title to, lease, own beneficially or otherwise, manage, operate or otherwise exercise control over any real property, any improvement to real property or any interest therein other than a lease or sublease of office space deemed necessary or desirable by the authority.

§ 3955. Assistance to the authority; employees of the authority. 1. With the consent of any public corporation, the authority may use agents, employees and facilities thereof, paying to such public corporation its agreed proportion of the compensation or costs.

2. Officers and employees of state or county agencies may be transferred to the authority without examination and without loss of any civil service or retirement status or rights. Any officer or employee of the authority who heretofore acquired or shall hereafter acquire such position status by transfer and who at the time of such transfer was a member of the New York state and local employees' retirement system shall continue to be a member of such system as long as he or she continues in such service, and shall continue to have all the rights, privileges and obligations of membership in such system.

§ 3956. County fiscal year two thousand five budget modification and four-year financial plan. 1. Not later than October first, two thousand five, the county executive, upon approval by the legislature, shall submit to the authority a budget modification and financial plan consistent with the financial plan requirements contained in section thirty-eight hundred fifty-seven of this article which may reflect a declaration of need as provided for in section thirty-nine hundred sixty-one of this title; provided, however, in county fiscal year two thousand five such declaration of need shall not exceed one hundred twenty-five million dollars in ECFSA assistance as defined in paragraph (a) of subdivision twelve of section thirty-nine hundred fifty-one of this title. The plan shall cover the county's two thousand five fiscal year and the three subsequent fiscal years.

2. Not later than fifteen days after such submission, the authority shall approve or disapprove the financial plan.

3. In the event the authority shall disapprove such financial plan based on disapproval of certain actions or assumptions, the authority shall promptly thereafter notify the county executive and legislature of its reasons. Within fifteen days from the receipt of such notification the county executive, upon the approval of the legislature, shall modify the financial plan. If the county fails to make such modifications, the authority shall adopt a resolution so finding.

§ 3957. County financial plans. 1. Commencing with the county's two thousand six fiscal year, the county executive shall prepare and submit to the authority a four-year financial plan, and the county executive's proposed county budget, not later than the date required for submission of such budget to the legislature pursuant to the county charter. Such financial plan shall, in addition to the requirements for financial plans set forth in subdivisions two and three of this section, contain actions sufficient to ensure with respect to the major operating funds for each fiscal year of the plan that annual aggregate operating expenses for such fiscal year shall not exceed annual aggregate operating revenues for such fiscal year. For purposes of determining operating revenues in the fiscal years two thousand five through two thousand nine, such plan may assume receipt by the county of ECFSA assistance in the following collective amounts for each respective fiscal year:

Amount	Fiscal Year
2005 amount	2005
2006 amount	2006
2007 amount	2007
2008 amount	2008
2009 amount	2009

As used in this subdivision:

"2005 amount" means that amount expected to be provided by the authority to ensure balanced major operating fund operations upon its determination that the county has taken recurring actions subsequent to June first, two thousand five to close at a minimum between ten per centum and fifteen per centum of the projected gap.

Provided, however, for this purpose "projected gap" means the amount identified by a report of the state comptroller in June two thousand five.

"2006 amount" means that amount expected to be provided by the authority to ensure balanced major operating fund operations upon its determination that the county has taken recurring actions to close at a minimum between thirty-five per centum and forty per centum of the projected gap.

"2007 amount" means that amount expected to be provided by the authority to ensure balanced major operating fund operations upon its determination that the county has taken recurring actions to close at a minimum between forty-five per centum and fifty per centum of the projected gap.

"2008 amount" means that amount expected to be provided by the authority to ensure balanced major operating fund operations upon its determination that the county has taken recurring actions to close at a minimum between sixty per centum and sixty-five per centum of the projected gap.

"2009 amount" means that amount expected to be provided by the authority to ensure balanced major operating fund operations upon its determination that the county has taken recurring actions to close at a minimum between eighty per centum and eighty-five per centum of the projected gap.

2. Pursuant to the procedures contained in this subdivision, each year during an advisory period or during a control period the county shall develop, and may from time to time modify, taking into account recommendations of the authority, a four-year financial plan covering the county and the covered organizations. Each financial plan and financial plan modification shall conform to the requirements of paragraph (a) of this subdivision and shall provide that the major operating funds of the county will be balanced in accordance with generally accepted accounting principles. The financial plan shall be developed and approved, and may from time to time be modified, in accordance with the following procedures:

(a) The county executive shall submit to the authority a certificate stating that the budget submitted to the authority is consistent with the financial plan submitted therewith and that operation within the budget is feasible.

(b) Not more than twenty days after submission of a financial plan or more than fifteen days after submission of a financial plan modification, the authority shall determine whether the financial plan or financial plan modification is complete and complies with the provisions of this section and the other requirements of this title, and shall submit its recommendations with respect to the financial plan or financial plan modification in accordance with the provisions of this subdivision.

(c) Upon the approval by the county of a budget in accordance with the provisions of the county charter, the county executive shall submit such approved budget and financial plan to the authority accompanied by expenditure, revenue and cash flow projections on a quarterly basis and certify to the authority that such budget is consistent with the financial plan to be submitted to the authority.

(d) If the authority determines that the financial plan or financial plan modification provided pursuant to paragraph (c) or (f) of this subdivision is complete and complies with the standards set forth in this subdivision, the authority shall make a certification to the county setting forth revenue estimates agreed to by the authority in accordance with such determination.

(e) The authority shall, in the event it disagrees with elements of the financial plan provided pursuant to paragraph (c) or (f) of this subdivision provide notice thereof to the county, with copies to the director of the budget, the state comptroller, the chair of the state assembly ways and means committee and the chair of the state senate finance committee, if, in the judgment of the authority, such plan: (i) is incomplete; (ii) fails to contain projections of revenues and expenditures that are based on reasonable and appropriate assumptions and methods of estimations; (iii) fails to provide that operations of the county and the covered organizations will be conducted within the cash resources available; or (iv) fails to comply with the provisions of this title or other requirements of law.

(f) After the initial adoption of an approved financial plan, the revenue estimates certified by the authority and the financial plan shall be regularly reexamined by the authority in consultation with the county and the covered organizations and the county executive shall provide a modified financial plan in such detail and within such time periods as the authority may require. In the event of reductions in such revenue estimates, or in the event the county or a covered organization shall expend funds at a rate that would exceed the aggregate expenditure limitation for the county or covered organization prior to the expiration of the fiscal year, the county executive shall submit a financial plan modification to effect such adjustments in revenue estimates and reductions in total expenditures as may be necessary to conform to such revised revenue estimates or aggregate expenditure limitations.

(g) If, within a time period specified by the authority, the county fails to make such modifications after reductions in revenue estimates, or to provide a modified plan in detail and within such time period required by the authority, the authority shall adopt a resolution so finding.

(h) The county shall amend its budget or shall submit a financial plan modification for the approval of the authority such that the county's budget and the approved financial plan shall be consistent. In no event shall the county operate under a budget that is inconsistent with an approved financial plan.

3. The financial plan shall be in such form and shall contain such information for each year during which the financial plan is in effect

as the authority may specify, and shall include the county and all the covered organizations, and shall, in such detail as the authority from time to time may prescribe, include (a) statements of all estimated revenues and of all expenditures and cash flow projections of the county and each covered organization, and (b) an accounting of the expenditure of efficiency incentive grants available to the county for each year of the plan.

4. The financial plan shall include any information which the authority may request to satisfy itself that: (a) projected employment levels, collective bargaining agreements and other actions relating to employee costs, capital construction and such other matters as the authority may specify are consistent with the provisions made for such obligations in the financial plan; (b) the county and the covered organizations are taking whatever action is necessary with respect to programs mandated by state and federal law to ensure that expenditures for such programs are limited to and covered by the expenditures stated in the financial plan; (c) adequate reserves are provided to maintain essential programs in the event revenues have been overestimated or expenditures underestimated for any period; and (d) the county has adequate cash resources to meet its obligations. In addition, except to the extent such reporting requirements may be modified pursuant to agreement between the authority and the county, for each fiscal year occurring during a control period, or while bonds, notes or other obligations issued pursuant to this title are outstanding, the county executive shall prepare a quarterly report of summarized budget data depicting overall trends, by major category within funds, of actual revenues and budget expenditures for the entire budget rather than individual line items, as well as updated quarterly cash flow projections of receipts and disbursements. Such reports shall compare revenue estimates and appropriations as set forth in such budget and in the quarterly revenue and expenditure projections submitted therewith, with the actual revenues and expenditures made to date. Such reports shall also compare actual receipts and disbursements with the estimates contained in the cash flow projections, together with variances and their explanation. All quarterly reports shall be accompanied by recommendations from the county executive to the legislature setting

forth any remedial action necessary to resolve any unfavorable budget variance including the overestimation of revenues and the underestimation of appropriations. These reports shall be completed within thirty days after the end of each quarter and shall be submitted to the legislature, the authority, the director of the budget, the chair of the state senate finance committee, the chair of the state assembly ways and means committee and the state comptroller. For each fiscal year occurring during a control or advisory period or while bonds, notes or other obligations issued pursuant to this title are outstanding, the county executive shall submit a proposed budget or revision thereto to the authority concurrent with submission to the legislature, and shall submit the adopted budget to the authority immediately upon its adoption.

5. For each financial plan and financial plan modification to be prepared and submitted by the county executive to the authority pursuant to the provisions of this section, the covered organizations shall submit to the county such information with respect to their projected expenditures, revenues and cash flows for each of the years covered by such financial plan or modification as the county executive shall determine.

§ 3957-a. Efficiency incentive grants. Along with the county financial plan commencing with the county's two thousand six fiscal year, the county shall develop and submit to the authority a plan for achieving recurring savings through innovations and reengineering. Subject to appropriations therefor in the state fiscal years two thousand six--two thousand seven through two thousand ten--two thousand eleven, the authority shall provide grants to support such county cost saving activities. State funding during such five year period shall not exceed fifty million dollars, or ten million dollars annually, for grants provided pursuant to this section and section thirty-eight hundred fifty-seven-a of this article. Provided further, copies of such county plan shall be submitted to the director of the budget, the chair of the state senate finance committee and the chair of the state assembly ways and means committee.

§ 3958. Advisory period. 1. During any advisory period the authority shall: (a) obtain from the county, the covered organizations and the state comptroller, all information, financial statements and projections, budgetary data and information, and management reports and materials as the authority deems necessary or desirable to accomplish the purposes of this title; and inspect, copy and audit such books and records of the county and the covered organizations as the authority deems necessary or desirable to accomplish the purposes of this title;

(b) review the operation, management, efficiency and productivity of county operations and of any covered organization's operations as the authority may determine, and make reports and recommendations thereon; examine the potential to enhance the revenue of the county or any covered organization; audit compliance with the financial plan in such areas as the authority may determine; recommend to the county and the covered organizations such measures relating to their operations, management, efficiency and productivity as the authority deems appropriate to reduce costs, enhance revenue and improve services so as to advance the purposes of this title;

(c) consult with the county in the preparation of the budget of the county, comment on the provisions of the budget, the financial plan and the financial plan modifications of the county as the authority deems necessary or appropriate;

(d) review and comment on the terms of any proposed borrowing, including the prudence of each proposed issuance of bonds or notes to be issued by the county or any covered organization; and

(e) assess the impact of any collective bargaining agreement to be entered into by the county and such contracts, that, in the judgment of the authority, may have a significant impact on the county's long-term fiscal condition.

2. During any advisory period, the county shall promptly provide all information requested by the authority, review the comments, assessments, reports and recommendations of the authority and publicly respond thereto, addressing such matters as have been raised by the authority.

§ 3959. Control period. 1. The authority shall impose a control period at any time that any of the following events has occurred or that there is a substantial likelihood and imminence of such occurrence: (a) the county shall have failed to adopt a balanced budget within time frames prescribed in the county charter, financial plan or budget modification as required by sections thirty-nine hundred fifty-six and thirty-nine hundred fifty-seven of this title; (b) the county shall have failed to pay the principal of or interest on any of its bonds or notes when due; (c) the county shall have incurred a major operating funds deficit of one percent or more in the aggregate results of operations of such funds of the county during its fiscal year assuming all revenues and expenditures are reported in accordance with generally accepted accounting principles, subject to the provisions of this title; (d) the comptroller's certification at any time, at the request of the authority or on the comptroller's initiative, which certification shall be made from time to time as promptly as circumstances warrant and reported to the authority, that on the basis of facts existing at such time the comptroller could not make the certification described in paragraph (b) of subdivision one of section thirty-nine hundred fifty-one of this title; or (e) the county shall have violated any provision of this title. The authority shall terminate any such control period when it determines that none of the conditions which would permit the authority to impose a control period exist. After termination of a control period the authority shall annually consider paragraphs (a) through (e) of this subdivision and determine whether, in its judgment, any of the events described in such paragraphs have occurred and the authority shall publish each such determination. Any certification made by the comptroller hereunder shall be based on the comptroller's written determination which shall take into account a report and opinion of an independent expert in the marketing of municipal securities selected by the authority, and the opinion of such expert and any other information taken into account shall be made public when delivered to the authority. Notwithstanding any part of the foregoing to the contrary, in no event shall any control period continue beyond the later of (i) December thirty-first, two thousand thirty-nine, or (ii) the date when all bonds of the authority are refunded, discharged or otherwise defeased.

2. In carrying out the purposes of this title during any control period, the authority:

(a) shall approve or disapprove the financial plan and the financial plan modifications of the county, as provided in section thirty-nine hundred fifty-seven of this title, and shall formulate and adopt its own modifications to the financial plan, as necessary; such modifications shall become effective upon their adoption by the authority;

(b) may set a maximum level of spending for any proposed budget of any covered organization;

(c) may impose a wage and/or hiring freeze: (i) During a control period, upon a finding by the authority that a wage and/or hiring freeze is essential to the adoption or maintenance of a county budget or a financial plan that is in compliance with this title, the authority shall be empowered to order that all increases in salary or wages of employees of the county and employees of covered organizations which will take effect after the date of the order pursuant to collective bargaining agreements, other analogous contracts or interest arbitration awards, now in existence or hereafter entered into, requiring such salary or wage increases as of any date thereafter are suspended. Such order may also provide that all increased payments for holiday and vacation differentials, shift differentials, salary adjustments according to plan and step-ups or increments for employees of the county and employees of covered organizations which will take effect after the date of the order pursuant to collective bargaining agreements, other analogous contracts or interest arbitration awards requiring such increased payments as of any date thereafter are, in the same manner, suspended. For the purposes of computing the pension base of retirement allowances, any suspended salary or wage increases and any other suspended payments shall not be considered as part of compensation or final compensation or of annual salary earned or earnable;

(ii) Notwithstanding the provisions of subparagraph (i) of this paragraph, this subdivision shall not be applicable to employees of the county or employees of a covered organization subject to a collective bargaining agreement or an employee of the county or a covered organization not subject to a collective bargaining agreement where the collective bargaining representative or such unrepresented employee has agreed to a deferment of salary or wage increase, by an instrument in writing which has been certified by the authority as being an acceptable and appropriate contribution toward alleviating the fiscal crisis of the county. Any such agreement to a deferral of salary or wage increase may provide that for the purposes of computing the pension base of retirement allowances, any deferred salary or wage increase may be considered as part of compensation or final compensation or of annual salary earned or earnable;

(iii) Notwithstanding the provisions of subparagraphs (i) and (ii) of this paragraph, no retroactive pay adjustments of any kind shall accrue or be deemed to accrue during the period of wage freeze, and no such additional amounts shall be paid at the time a wage freeze is lifted, or at any time thereafter;

(d) shall periodically evaluate the suspension of salary or wage increases or suspensions of other increased payments or benefits, and may, if it finds that the fiscal crisis, in the sole judgment of the authority has abated, terminate such suspensions;

(e) shall review and approve or disapprove any collective bargaining agreement to be entered into by the county or any covered organization, or purporting to bind, the county or any covered organization. Prior to entering into any collective bargaining agreement, the county or any covered organization shall submit a copy of such collective bargaining agreement to the authority, accompanied by an analysis of the projected costs of such agreement and a certification that execution of the agreement will be in accordance with the financial plan. Such submission shall be in such form and include such additional information as the authority may prescribe. The authority shall promptly review the terms of such collective bargaining agreement and the supporting information in order to determine compliance with the financial plan, and shall disapprove any collective bargaining agreement which, in its judgment, would be inconsistent with the financial plan. No collective bargaining agreement binding, or purporting to bind, the county or any covered organization after the effective date of this title shall be valid and binding upon the county or any covered organization unless first approved by resolution of the authority;

(f) shall act jointly with the county in selecting members of any interest arbitration panel. Notwithstanding any other evidence presented by the county, the covered organization or any recognized employee organization, the arbitration panel must, prior to issuing any final decision, provide the authority with the opportunity to present evidence regarding the fiscal condition of the county;

(g) shall take any action necessary in order to implement the financial plan should the county or any covered organization have failed to comply with any material action necessary to fulfill the plan, provided, however, the authority shall provide seven days notice of its determination that the county or any covered organization has not complied prior to taking any such action;

(h) may review and approve or disapprove contracts or other obligations binding or purporting to bind the county or any covered organization;

(i) shall, with respect to any proposed borrowing by or on behalf of the county or any covered organization on or after July first, two thousand five, review the terms of and comment, within thirty days after notification by the county or covered organization of a proposed borrowing, on the prudence of each proposed issuance of bonds or notes to be issued by the county or covered organization and no such borrowing shall be made unless first reviewed, commented upon and approved by the authority. The authority shall comment within thirty days after notification by the county or covered organization of a proposed borrowing to the county executive, the comptroller, the legislature, the director of the budget, the chair of the state senate finance committee, the chair of the state assembly ways and means committee and the state comptroller and indicate approval or disapproval of the proposed borrowing. Notwithstanding the foregoing, neither the county nor any covered organization shall be prohibited from issuing bonds or notes to pay outstanding bonds or notes; and, provided further, revenue anticipation notes issued in July two thousand five, shall be excluded from this requirement;

(j) may review the operation, management, efficiency and productivity of the county and any covered organizations as the authority may determine, and make reports thereon; examine the potential to enhance the revenue of the county or any covered organization; audit compliance with the financial plan in such areas as the authority may determine;

recommend to the county and the covered organizations such measures relating to their operations, management, efficiency and productivity as the authority deems appropriate to reduce costs, enhance revenue, and improve services so as to advance the purposes of this title;

(k) may review and approve or disapprove the terms of any proposed settlement of claims against the county or any covered organization in excess of fifty thousand dollars;

(l) may obtain from the county, the covered organizations, the comptroller, and the state comptroller, as appropriate, all information required pursuant to this section, and such other financial statements and projections, budgetary data and information, and management reports and materials as the authority deems necessary or desirable to accomplish the purposes of this title; and inspect, copy and audit such books and records of the county and the covered organizations as the authority deems necessary or desirable to accomplish the purposes of this title;

(m) may perform such audits and reviews of the county and any agency thereof and any covered organizations as it deems necessary; and

(n) may issue, from time to time and to the extent it deems necessary or desirable in order to accomplish the purposes of this title, to the appropriate official of the county and each covered organization, such orders necessary to accomplish the purposes of this title, including, but not limited to, timely and satisfactory implementation of an approved financial plan. Any order so issued shall be binding upon the official to whom it was issued and failure to comply with such order shall subject the official to the penalties described in subdivision three of this section.

3. (a) During any control period: (i) no officer or employee of the county or of any of the covered organizations shall make or authorize an obligation or other liability in excess of the amount available therefor under the financial plan as then in effect; (ii) no officer or employee of the county or of any of the covered organizations shall involve the county or any of the covered organizations in any contract or other obligation or liability for the payment of money for any purpose required to be approved by the authority unless such contract has been so approved and unless such contract or obligation or liability is in

compliance with the approved financial plan as then in effect.

(b) No officer or employee of the county or any of the covered organizations shall take any action in violation of any valid order of the authority or shall fail or refuse to take any action required by any such order or shall prepare, present or certify any information (including any projections or estimates) or report to the authority or any of its agents that is false or misleading, or, upon learning that any such information is false or misleading, shall fail promptly to advise the authority or its agents thereof.

(c) In addition to any penalty or liability under any other law, any officer or employee of the county or any of the covered organizations who shall violate paragraph (a) or (b) of this subdivision shall be subject to appropriate administrative discipline, including, when circumstances warrant, suspension from duty without pay or removal from office by order of either the governor or the county executive; and any officer or employees of the county or any of the covered organizations who shall knowingly and willfully violate paragraph (a) or (b) of this subdivision shall, upon conviction, be guilty of a misdemeanor.

(d) In the case of a violation of paragraph (a) or (b) of this subdivision by an officer or employee of the county or of a covered organization, the county executive or the chief executive officer of such covered organization shall immediately report to the authority all pertinent facts together with a statement of the action taken thereon.

§ 3960. Additional provisions. 1. Notwithstanding any provision to the contrary in title six-A of article two of the local finance law, neither the county nor any covered organization shall file any petition authorized by such title six-A without the approval of the authority and the state comptroller. No such petition shall be filed as long as any bonds, notes or other obligations issued by the authority remain outstanding. Failure of the authority or the state comptroller to notify the county or a covered organization within thirty days (or such additional time, not exceeding thirty days, as the authority or state comptroller shall have notified the county or covered organization that it requires to complete its review) after submission to it of a petition shall be deemed to constitute authority or state comptroller approval

thereof.

2. Nothing contained in this title shall limit the right of the county or any covered organization to comply with the provisions of any existing contract within or for the benefit of the holders of any bonds, notes or other obligations of the county or such covered organization.

3. Nothing contained in this title shall be construed to limit the power of the county or a covered organization to determine, from time to time, within available funds for the county or for such covered organization, the purposes for which expenditures are to be made by the county or such covered organization and the amounts of such expenditures, consistent with the aggregate expenditures then permitted under the financial plan for the county or such covered organization.

4. The authority's fiscal year shall be January first through December thirty-first.

5. The authority shall adopt guidelines for procurement contracts in accordance with section twenty-eight hundred seventy-nine of this chapter.

6. Nothing contained in this title shall alter, limit, modify or impair the right of any school district or any city, town, or village within the county to receive from the county net collections, as authorized by section twelve hundred sixty-two of the tax law, from the county's sales and compensating use taxes imposed pursuant to the authority of subpart B of part one of article twenty-nine of the tax law.

§ 3961. Declaration of need for financing assistance to the county. 1. The county shall determine and declare whether it requests the authority to undertake a financing of costs for the county or any covered organization. Any such request shall be made by and through the county executive after approval by the legislature. Any such financing shall be consistent with the adopted budget and financial plan of the county required under sections thirty-nine hundred fifty-six and thirty-nine hundred fifty-seven of this title, as applicable.

2. Upon declaration by the county of such need, the county executive shall request that the authority provide financing in accordance with the provisions of this title.

3. Upon approval by the authority, in its discretion in accordance with the provisions of this title, of such financing request, the authority may enter into agreements with the county, for itself or on behalf of any covered organization, as applicable, and the county, acting by the county executive, and approved by the legislature, may enter into agreements with the authority in accordance with the provisions of this title as to the financing of costs by the authority, the application of revenues to secure the authority's bonds, notes or other obligations, and further assurances in respect of the authority's receipt of such revenues and the fiscal affairs of the county, including but not limited to the manner of preparation of budget reports and financial plans as provided for in sections thirty-nine hundred fifty-six and thirty-nine hundred fifty-seven of this title, as applicable. The authority's revenues shall not be deemed funds of the county. Any such agreements with the county may be pledged by the authority to secure its bonds, notes or other obligations and may not be modified thereafter except as provided by the terms of the pledge or subsequent agreements with the holders of such obligations.

4. Such agreements with the county shall: (a) describe the particular financeable costs to be financed in whole or in part by the authority; (b) describe the plan for the financing of the costs; (c) set forth the method by which and by whom and the terms and conditions upon which money provided by the authority shall be disbursed to the county, for itself or on behalf of any covered organization, as applicable; (d) where appropriate, provide for the payment of such costs by the county under such contracts as shall be awarded by the county or for the county to make a capital contribution of such proceeds as county funds to another entity for the payment or reimbursement of such costs; and (e) require every contract entered into by the county, or another entity

receiving funds from the county, for costs to be financed in whole or in part by the authority to be subject to the provisions of the county charter and other applicable laws governing contracts of the county or such entity, as the case may be.

5. At least annually, commencing no more than one year after the date on which authority bonds, notes or other obligations are first issued, the county executive shall report to the authority, the comptroller, the legislature, the state comptroller, the chairs of the state senate finance committee and the state assembly ways and means committee, and the director of the budget on the costs financed by the authority and the amount of such financing over the past year, which report shall describe, by reference to the specific items in the county's budget or financial plan, its compliance therewith.

§ 3962. Bonds, notes or other obligations of the authority. 1. The authority shall have the power and is hereby authorized from time to time to issue bonds, notes or other obligations in such principal amounts as it may determine to be necessary pursuant to section thirty-nine hundred sixty-one of this title to pay any financeable costs and to fund reserves to secure such bonds, notes or other obligations, including incidental expenses in connection therewith; provided, however, the aggregate principal amounts of such bonds, notes or other obligations outstanding at any one time shall not exceed seven hundred million dollars, and such bonds shall be exempt as provided in section thirty-nine hundred sixty-nine of this title. Bonds, notes or other obligations issued by the authority (a) to pay reasonable costs of issuance, as determined by the authority, (b) to establish debt service reserve funds, (c) to refund or advance refund any outstanding bonds or notes of the county or the authority, or (d) as cash flow borrowings shall not count against the above limit on outstanding bonds, notes or other obligations of the authority, nor shall any accretion of principal of bonds that would constitute interest under the Internal Revenue Code of 1986, as amended, count against such limit; provided further, that the aggregate principal amount of cash flow borrowings outstanding at any time shall not exceed two hundred fifty million dollars.

2. The authority may issue bonds, notes or other obligations to refund bonds, notes or other obligations previously issued, but in no event shall the final maturity of any bonds, notes or other obligations of the authority be later than December thirty-first, two thousand thirty-nine. No bond of the authority shall mature more than thirty years from the date of its issue, or after December thirty-first, two thousand thirty-nine, whichever date is earlier.

3. Bonds, notes or other obligations of the authority may be issued, amortized, redeemed and refunded without regard to the provisions of the local finance law.

4. The directors may delegate to the chairperson or other director or officer of the authority the power to set the financial terms of bonds, notes or other obligations.

5. The authority in its sole discretion shall determine that the issuance of its bonds, notes or other obligations is appropriate. Bonds, notes or other obligations shall be authorized by resolution of the authority. Bonds shall bear interest at such fixed or variable rates and shall be in such denominations, be in such form, either coupon or registered, be sold at such public or private sale, be executed in such manner, be denominated in United States currency, be payable in such medium of payment, at such place and be subject to such terms of redemption as the authority may provide in such resolution. No bonds, notes or other obligations of the authority may be sold at private sale unless such sale and the terms thereof have been approved in writing by: (a) the state comptroller where such sale is not to the state comptroller; or (b) the director of the budget, where such sale is to the state comptroller.

6. Any resolution or resolutions authorizing bonds, notes or other obligations or any issue of bonds, notes or other obligations may contain provisions which may be a part of the contract with the holders of the bonds, notes or other obligations thereby authorized as to: (a) pledging all or part of the authority's revenues, together with any

other moneys, securities or contracts, to secure the payment of the bonds, notes or other obligations, subject to such agreements with bondholders as may then exist; (b) the setting aside of reserves and the creation of sinking funds and the regulation and disposition thereof; (c) limitations on the purposes to which the proceeds from the sale of bonds, notes or other obligations may be applied; (d) limitations on the issuance of additional bonds, notes or other obligations, the terms upon which additional bonds, notes or other obligations may be issued and secured and the refunding of bonds, notes or other obligations; (e) the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, including the proportion of bondholders which must consent thereto and the manner in which such consent may be given; (f) vesting in a trustee or trustees such properties, rights, powers and duties in trust as the authority may determine, which may include any or all of the rights, powers and duties of the trustee appointed by the bondholders pursuant to section thirty-nine hundred sixty-three of this title and limiting or abrogating the rights of the bondholders to appoint a trustee under such section or limiting the rights, duties and powers of such trustee; and (g) defining the acts or omissions of the authority to act which may constitute a default in the obligations and duties of the authority to the bondholders and providing for the rights and remedies of the bondholders in the event of such default, including as a matter of right the appointment of a receiver; provided, however, that such acts or omissions of the authority to act which may constitute a default and such rights and remedies shall not be inconsistent with the general laws of the state and other provisions of this title.

7. In addition to the powers conferred upon the authority in this section to secure its bonds, notes or other obligations, the authority shall have power in connection with the issuance of bonds, notes or other obligations to enter into such agreements for the benefit of the bondholders as the authority may deem necessary, convenient or desirable concerning the use or disposition of its revenues or other moneys, including the entrusting, pledging or creation of any other security interest in any such revenues, moneys and the doing of any act, including refraining from doing any act, which the authority would have

the right to do in the absence of such agreements. The authority shall have power to enter into amendments of any such agreements within the powers granted to the authority by this title and to perform such agreements. The provisions of any such agreements may be made a part of the contract with the holders of bonds, notes or other obligations of the authority.

8. Notwithstanding any provision of the uniform commercial code to the contrary, any pledge of or other security interest in revenues, moneys, accounts, contract rights, general intangibles or other personal property made or created by the authority shall be valid, binding and perfected from the time when such pledge is made or other security interest attaches without any physical delivery of the collateral or further act, and the lien of any such pledge or other security interest shall be valid, binding and perfected against all parties having claims of any kind in tort, contract or otherwise against the authority irrespective of whether such parties have notice thereof. No instrument by which such a pledge or security interest is created nor any financing statement need be recorded or filed to be valid and binding.

9. Whether or not the bonds, notes or other obligations of the authority are of such form and character as to be negotiable instruments under the terms of the uniform commercial code, such bonds, notes or other obligations are hereby made negotiable instruments within the meaning of and for all the purposes of the uniform commercial code, subject only to the provisions of the bonds for registration.

10. Neither the directors of the authority nor any person executing bonds, notes or other obligations shall be liable personally thereon or be subject to any personal liability or accountability solely by reason of the issuance thereof. The bonds, notes or other obligations of the authority shall not be a debt of either the state or the county, and neither the state nor the county shall be liable thereon, nor shall they be payable out of any funds other than those of the authority; and such bonds, notes or other obligations shall contain on the face thereof a statement to such effect.

11. The authority, subject to such agreements with bondholders as then may exist, shall have power to purchase bonds, notes or other obligations of the authority out of any moneys available therefor, which shall thereupon be canceled.

§ 3963. Remedies of bondholders. Subject to any resolution or resolutions adopted pursuant to paragraph (f) of subdivision six of section thirty-nine hundred sixty-two of this title: 1. In the event that the authority shall default in the payment of principal of or interest on any issue of bonds, notes or other obligations after the same shall become due, whether at maturity or upon call for redemption, and such default shall continue for a period of thirty days, or shall default in any agreement made with the holders of any issue of bonds, notes, or other obligations, the holders of at least twenty-five per centum in aggregate principal amount of the bonds, notes or other obligations of such issue then outstanding, by instrument or instruments filed in the office of the clerk of the county and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of such bonds, notes or other obligations for the purpose provided in this section.

2. Such trustee may, and upon written request of the holders of at least twenty-five per centum in principal amount of such bonds, notes or other obligations outstanding shall, in his or her or its own name: (a) by action or proceeding in accordance with the civil practice law and rules, enforce all rights of the holders of such bonds, notes or other obligations and require the authority to carry out any other agreements with the holders of such bonds, notes or other obligations and to perform its duties under this title; (b) bring an action or proceeding upon such bonds, notes or other obligations; (c) by action or proceeding, require the authority to account as if it were the trustee of an express trust for the holder of such bonds, notes or other obligations; and (d) by action or proceeding, enjoin any acts or things which may be unlawful or in violation of the rights of the holders of such bonds, notes or other obligations.

3. Such trustee shall, in addition to the provisions of subdivisions one and two of this section, have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth in this section or incident to the general representation of holders of bonds, notes or other obligations in the enforcement and protection of their rights.

4. The supreme court of the county shall have jurisdiction of any action or proceeding by the trustee on behalf of such holders of bonds, notes or other obligations.

§ 3964. Intercept of county tax revenues and state aid revenues. 1. Commencing on the effective date of this title, and until December thirty-first, two thousand thirty-nine, the state comptroller shall pay county tax revenues at least monthly to the authority in accordance with section twelve hundred sixty-one of the tax law. During such period, the county shall impose sales and compensating use taxes pursuant to the authority of subdivision (a) of section twelve hundred ten of the tax law at a rate of no less than three percent.

2. Commencing on the effective date of this title, and until December thirty-first, two thousand thirty-nine, the state comptroller shall pay state aid revenues to the authority.

3. The county shall have no right, title, or interest in county tax revenues or state aid revenues required to be paid to the authority pursuant to this section.

§ 3965. Resources of the authority. 1. Subject to the provisions of this title, the directors of the authority shall receive, accept, invest, administer, expend and disburse for its corporate purposes all moneys of the authority from whatever source derived including (a) revenues and (b) proceeds of bonds, notes or other obligations.

2. Subject to the provisions of any contract with holders of bonds,

notes or other obligations, revenues of the authority shall be paid to the authority and shall not be commingled with any other money.

3. The money in any of the authority's accounts shall be paid out on checks signed by the treasurer of the authority, or by other lawful and appropriate means such as wire or electronic transfer, on requisitions of the chairperson of the authority or of such other officer as the directors shall authorize to make such requisition, or pursuant to a bond resolution or trust indenture.

4. All deposits of authority money shall be secured by obligations of the United States or of the state or of the county at a market value at least equal at all times to the amount of the deposit, and all banks and trust companies are authorized to give such security for such deposits. The authority shall have the power, notwithstanding the provisions of this section, to contract with the holders of any of its bonds, notes or other obligations as to the custody, collection, securing, investment and payment of any money of the authority or any money held in trust or otherwise for the payment of bonds, notes or other obligations or in any way to secure bonds, notes or other obligations, and to carry out any such contract notwithstanding that such contract may be inconsistent with the other provisions of this title. Money held in trust or otherwise for the payment of bonds, notes or other obligations or in any way to secure bonds, notes or other obligations, and deposits of such money, may be secured in the same manner as money of the authority, and all banks and trust companies are authorized to give such security for such deposits.

5. Revenues of the authority shall be applied in the following order of priority: first to pay debt service or for set asides to pay debt service on the authority's bonds, notes, or other obligations and to replenish any reserve funds securing such bonds, notes or other obligations of the authority in accordance with the provision of indenture or bond resolution of the authority; then to pay the authority's operating expenses not otherwise provided for; and then, subject to the authority's agreements with the county for itself or on behalf of any covered organization to transfer as frequently as

practicable the balance of revenues not required to meet contractual or other obligations of the authority to the county as provided in subdivision seven of this section.

6. (a) Any such payment of state aid revenues to the authority shall not obligate the state to make available, nor entitle the county to receive, any additional state aid.

(b) Nothing contained in this title shall be construed to create a debt of the state within the meaning of any constitutional or statutory provisions. Any provision with respect to state aid or state aid revenues shall be deemed executory only to the extent of moneys available, and no liability shall be incurred by the state beyond the moneys available for that purpose, and any such payment by the comptroller of state aid revenues is subject to annual appropriation of state aid by the state legislature.

(c) Nothing contained in this title shall be deemed to restrict the right of the state to amend, repeal, modify, or otherwise alter section fifty-four of the state finance law or any provision relating to state aid to municipalities. The authority shall include within any resolution, contract, or agreement with holders of its bonds, notes or other obligations a provision which states that no default occurs as a result of the state's exercising its right to amend, repeal, modify, or otherwise alter section fifty-four of the state finance law or any other provision relating to state aid to municipalities.

7. On a monthly basis, the authority shall prepare and provide to the county a detailed accounting of all revenues received and payments and debt service set asides made, as attributable to the county. Such accounting shall reflect: (a) the amount of state aid revenues and county tax revenues received during such month; (b) the respective portion of debt service paid or set aside during such month by the authority for its bonds, notes or other obligations attributable to the county; (c) the respective portion of reserve fund replenishment made or set aside during such month by the authority in connection with its bonds, notes or other obligations attributable to the county; and (d) the respective portion of administrative expenses of the authority paid or set aside during such month by the authority attributable to the

county. As soon as practicable after each monthly payment or set aside, the authority shall make respective payments of the remaining monthly balance or revenues to the county in accordance with such accounting. To the extent that such respective monthly payments of the remaining balance of revenues result in an overpayment or underpayment to the county, the authority shall in the immediately subsequent month, after making debt service payments or debt service set asides, replenishing any reserve funds and paying the administrative expenses of the authority for such month, make an adjustment in favor of the county, as the case may be, before determining the remaining amount of the balance of revenues for such subsequent month and paying such remaining monthly balance of revenues to the county. Nothing in this title shall be deemed to restrict the authority of the state comptroller and the commissioner of taxation and finance to adjust for overpayments or underpayments pursuant to the tax law.

8. (a) This subdivision shall apply only to revenue anticipation notes, including renewals thereof, issued by the county during its fiscal year ending December thirty-first, two thousand five, in anticipation of the receipt of state aid revenues and/or county tax revenues, and only to such issues of revenue anticipation notes as to which the certificate described in paragraph (b) of this subdivision is filed. For purposes of this subdivision, "state aid" means state social services aid, social services aid from the United States government, state aid for court security, state aid for education of handicapped children, and aid and incentives for municipalities, and shall be paid by the state comptroller to the authority.

(b) Notwithstanding the provisions of subdivision five of this section with respect to the transfer of the balance of revenues to the county, prior to the delivery of each such issue of revenue anticipation notes, the comptroller of the county shall file with the authority a request that the authority establish a county of Erie revenue anticipation note withholding fund which shall constitute a special bank account for purposes of paragraph g of section 25.00 of the local finance law. Such request by the comptroller shall be accompanied by a certificate setting forth with respect to such issue (i) the principal amount, (ii) the date of issue, (iii) the maturity date, (iv) the interest rate or rates, (v) if interest shall be payable otherwise than at maturity, the date or dates for the payment thereof, (vi) the name and address of the paying agent, (vii) the name and address of each purchaser, or, if a purchaser shall be a syndicate or similar account, the name and address of each managing underwriter of such syndicate or similar account, (viii) the amount payable on each principal payment date and interest payment date, and (ix) a schedule setting forth the total amount of state aid revenues and county tax revenues anticipated to be received, and the expected date or dates of anticipated receipt of such state aid revenues and county tax revenues. Such certificate shall be accompanied by a statement executed by the comptroller certifying that the amounts and times of payments of state aid revenues and county tax revenues contained in such schedule have been estimated by the use of reasonable and appropriate data and methods of estimation, all in accordance with applicable law.

(c) All such revenue anticipation notes, in addition to a pledge of the faith and credit of the county for the payment thereof, shall contain a recital to the effect that they are entitled to the benefits of the provisions of this subdivision.

(d) Commencing on the date not less than five days prior to and on each day thereafter up to and including any principal and/or interest payment date referred to in the certificate filed by the comptroller with the authority pursuant to paragraph (b) of this subdivision, the authority shall pay to such paying agent from state aid revenues and county tax revenues transferred and credited by the authority to the county of Erie revenue anticipation note withholding fund as provided in paragraph (e) of this subdivision the amount required to pay in full the principal and/or interest due on such payment date as set forth in such certificate. Moneys so paid shall pass immediately from the authority and vest in such paying agent in trust for the benefit of the holders of the revenue anticipation notes to which such certificate relates. No other person having any claim of any kind in tort, contract or otherwise against the county shall have any right to or claim against the moneys held by such paying agent, and such moneys shall not be subject to any order, judgment, lien, execution, attachment, setoff or counterclaim by any such other person. Such moneys shall be held by such paying agent in a separate trust account and shall be applied only to the payment of the principal and/or interest due on such revenue anticipation notes, provided, however, that the contract by and between the county and such paying agent may provide for (i) the investment by such paying agent of such moneys in direct obligations of, or in obligations guaranteed by, the United States of America, provided such obligations shall be payable or redeemable at the option of the holder within such time as the proceeds shall be needed to pay such principal and/or interest due on such revenue anticipation notes, and (ii) the use by such paying agent of such moneys for the purchase of direct obligations of, or obligations guaranteed by, the United States of America under one or more repurchase agreements with any bank or trust company having its principal office in the state of New York, provided that any such repurchase agreement shall provide for the repurchase of such obligations within such time as such moneys are needed to pay the principal and/or interest due on such revenue anticipation notes at a repurchase price at least sufficient to make the amount so invested available for the payment of principal and/or interest due on such revenue anticipation notes, and provided, further, that, at the time of such purchase, the market value of such obligations shall be at least equal to one hundred two per centum of the amount so invested. No person having any claim of any kind in tort, contract or otherwise against the county shall have any right to or claim against any moneys in anticipation of which such notes have been issued, other than a claim for payment by the holders of such notes, and such moneys shall not be subject to any order, judgment, lien, execution, attachment, setoff or counterclaim by any such person. Notwithstanding any provision of law to the contrary, no instrument relating to any transaction authorized or contemplated by this paragraph need be filed under the provisions of the uniform commercial code.

(e) Commencing on the day when the authority determines that the principal and interest due or to come due on such outstanding revenue anticipation notes issued against such state aid revenues and/or county tax revenues in accordance with the provisions of this subdivision shall equal the amount of such state aid revenues and such county tax revenues as set forth on the schedule included in the certificate filed with the authority pursuant to paragraph (b) of this subdivision remaining to be paid to the county on or prior to any principal and/or interest payment date, the authority shall deduct and withhold from the amount of such state aid revenues and county tax revenues otherwise payable to the county an amount sufficient to pay, when due, the principal of and interest on all such revenue anticipation notes issued and then outstanding in anticipation thereof. Amounts so deducted and withheld shall be transferred and credited by the authority to the account established for such state aid revenues and county tax revenues in the county of Erie revenue anticipation note withholding fund established by the authority in accordance with the comptroller's request pursuant to paragraph (b) of this subdivision. The payments required to be made by the authority pursuant to paragraph (d) of this subdivision shall be made from amounts on deposit in the accounts established for such state aid revenues and county tax revenues in the county of Erie revenue anticipation note withholding fund.

(f) Notwithstanding any other provision of this subdivision, at the expiration of one hundred eighty days after the maturity date of any issue of revenue anticipation notes issued in accordance with the provisions of this subdivision, the amounts held by the paying agent thereof for the payment of the principal of and interest on the notes of such issue which have not been presented for payment shall be paid over and remitted by such paying agent to the county and thereafter the holders of such notes shall look only to the county for such payment.

(g) All other provisions of the local finance law not inconsistent with the provisions of this subdivision shall continue to apply to the authorization and issuance of revenue anticipation notes by the county.

§ 3966. Agreement with the state. 1. The state does hereby pledge to and agree with the holders of any issue of bonds, notes or other obligations issued by the authority pursuant to this title and secured by such a pledge that the state will not limit, alter or impair the rights hereby vested in the authority to fulfill the terms of any agreements made with such holders pursuant to this title, or in any way impair the rights and remedies of such holders or the security for such bonds, notes or other obligations, until such bonds, notes or other obligations, together with interest thereon and all costs and expenses in connection with any action or proceeding by or on behalf of such holders, are fully paid and discharged. The authority is authorized to include this pledge and agreement of the state in any agreement with the holders of such bonds, notes or other obligations. Nothing contained in this title shall be deemed to restrict any right of the state to amend, modify, repeal or otherwise alter: (a) section fifty-four of the state finance law or any other provision relating to state aid, or (b) statutes imposing or relating to taxes or fees, or appropriations relating thereto.

2. The authority shall not include within any resolution, contract or agreement with holders of the bonds, notes or other obligations issued under this title any provision which provides that a default occurs as a result of the state exercising its right to amend, modify, or repeal or otherwise alter: (a) section fifty-four of the state finance law or any other provision relating to state aid; or (b) statutes imposing or relating to taxes, fees, or appropriations relating thereto. Nothing in this title shall be deemed to obligate the state to make any payments or impose any taxes to satisfy the debt service obligations of the authority.

§ 3967. Agreement with the county. 1. The county shall covenant and agree with the holders of any issue of bonds, notes or other obligations issued by the authority pursuant to this title and secured by such covenant and agreement that the county will not limit, alter or impair the rights hereby vested in the authority to fulfill the terms of any agreements made with such holders pursuant to this title, or in any way impair the rights and remedies of such holders or the security for such bonds, notes or other obligations, until such bonds, notes or other obligations, together with the interest thereon and all costs and expenses in connection with any action or proceeding by or on behalf of such holders, are fully paid and discharged. The authority is authorized to include this covenant and agreement of the county in any agreement with the holders of such bonds, notes or other obligations. Nothing contained in this title shall be deemed to restrict any right of the county to amend, modify, repeal or otherwise alter any local laws, ordinances or resolutions imposing or relating to taxes or fees, or appropriations relating to such taxes or fees, or setting aside or allocating and applying, paying or using net collections pursuant to the authority of subdivision (a), (c) or (d) of section twelve hundred sixty-two of the tax law, so long as, after giving effect to such amendment, modification or other alteration, the aggregate amount as then projected by the authority of (i) sales and compensating use taxes to be imposed by the county pursuant to the authority of subpart B of part one of article twenty-nine of the tax law; and

(ii) all such net collections to be set aside or to be allocated and applied, paid or used by the county pursuant to the authority of section twelve hundred sixty-two of the tax law during each of the authority's fiscal years following the effective date of such amendment, modification or other alteration shall be not less than two hundred percent of maximum annual debt service on authority bonds, notes or other obligations then outstanding. Notwithstanding anything to the contrary in this section, the county further agrees that it shall impose taxes pursuant to the authority of subdivision (a) of section twelve hundred ten of the tax law at the rate of no less than three percent.

2. The authority shall not include within any resolution, contract or agreement with holders of the bonds, notes or other obligations issued under this title any provision which provides that a default occurs as a result of the county exercising its right to amend, modify, repeal or otherwise alter such taxes, fees or appropriations or such net collections. Nothing in this title shall be deemed to obligate the county to make any payments or impose any taxes or set aside or allocate and apply, pay or use net collections pursuant to the authority of section twelve hundred sixty-two of the tax law; except that the county shall impose taxes pursuant to the authority of subdivision (a) of section twelve hundred ten of the tax law at the rate of no less than three percent.

§ 3968. Bonds, notes or other obligations legal for investment and deposit. Bonds, notes or other obligations of the authority are hereby made securities in which all public officers and bodies of the state and all public corporations, municipalities and municipal subdivisions, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations including savings and loan associations, building and loan associations, investment companies and other persons carrying on a banking business, all administrators, conservators, guardians, executors, trustees and other fiduciaries, and all other persons whatsoever who are now or may hereafter be authorized to invest in bonds, notes or other obligations of the state, may properly and legally invest funds, including capital, in their control or belonging to them. Such bonds, notes or other obligations are also hereby made securities which may be deposited with and may be received by all public officers and bodies of the state and all municipalities and public corporations for any purpose for which the deposit of bonds, notes or other obligations of the state is now or may hereafter be authorized.

§ 3969. Tax exemption. 1. It is hereby determined that the creation of the authority and the carrying out of its corporate purposes are in all respects for the benefit of the people of the state of New York and are public purposes. Accordingly, the authority shall be regarded as performing an essential governmental function in the exercise of the powers conferred upon it by this title. The authority shall not be required to pay any fees, taxes, special ad valorem levies or assessments of any kind, whether state or local, including, but not limited to, fees, taxes, special ad valorem levies or assessments on real property, franchise taxes, sales taxes or other taxes, upon income or with respect to any property owned by it or under its jurisdiction, control or supervision, or upon the uses thereof, or upon or with respect to its activities or operations in furtherance of the powers conferred upon it by this title, or upon or with respect to any fares, tolls, rentals, rates, charges, fees, revenues or other income received by the authority.

2. Any bonds, notes or other obligations issued pursuant to this title, and the income therefrom, shall be exempt from taxation.

§ 3970. Actions against the authority. 1. Except in an action for wrongful death, no action or proceeding shall be prosecuted or maintained against the authority for personal injury or damage to real or personal property alleged to have been sustained by reason of the negligence or wrongful act of the authority or of any director, officer, agent or employee thereof, unless: (a) it shall appear by and as an allegation in the complaint or moving papers that a notice of claim shall have been made and served upon the authority, within the time limit prescribed by and in compliance with section fifty-e of the general municipal law; (b) it shall appear by and as an allegation in the complaint or moving papers that at least thirty days have elapsed since the service of such notice and that adjustment or payment thereof has been neglected or refused; and (c) the action or proceeding shall be commenced within one year after the happening of the event upon which the claim is based. An action against the authority for wrongful death shall be commenced in accordance with the notice of claim and time limitation provisions of title eleven of article nine of this chapter.

2. Wherever a notice of claim is served upon the authority, it shall have the right to demand an examination of the claimant relative to the occurrence and extent of the injuries or damages for which claim is made, in accordance with the provisions of section fifty-h of the general municipal law.

3. The authority may require any person presenting for settlement an account or claim for any cause whatever against the authority to be sworn before a director, counsel or an attorney, officer or employee thereof designated for such purpose, concerning such account or claim and when so sworn, to answer orally as to any facts relative to such account or claim. The authority shall have power to settle or adjust any claims in favor of or against the authority.

4. The rate of interest to be paid by the authority upon any judgment for which it is liable, other than a judgment on bonds, notes or other obligations, shall not exceed the maximum rate of interest on judgments and accrued claims against municipal authorities as provided in the general municipal law. Interest on payments of principal or interest on any bonds, notes or other obligations in default shall accrue at the

rate specified in the general municipal law until paid or otherwise satisfied.

5. The venue of every action, suit or special proceeding brought against the authority shall be the supreme court in the county.

6. Neither any director of the authority nor any officer, employee, or agent of the authority, while acting within the scope of his or her authority, shall be subject to any liability resulting from exercising or carrying out any of the powers given in this title.

7. (a) The state shall hold harmless and indemnify directors, officers and employees of the authority, all of whom shall be deemed officers and employees of the state for purposes of section seventeen of the public officers law, against any claim, demand, suit, or judgment arising by reason of any act or omission to act by such director, officer, or employee occurring in the discharge of his or her duties and within the scope of his or her service on behalf of the authority including any claim, demand, suit or judgment based on allegations that financial loss was sustained by any person in connection with the acquisition, disposition or holding of securities or other obligations. In the event of any such claim, demand, suit or judgment, a director, officer or employee of the authority shall be held harmless and indemnified, notwithstanding the limitations of subdivision one of section seventeen of the public officers law, unless such individual is found by a final judicial determination not to have acted, in good faith, for a purpose which he or she reasonably believed to be in the best interest of the authority or not to have had reasonable cause to believe that his or her conduct was lawful.

(b) In connection with any such claim, demand, suit, or judgment, any director, officer or employee of the authority shall be entitled to representation by private counsel of his or her choice in any civil judicial proceeding whenever the attorney general determines based upon his or her investigation and review of the facts and circumstances of the case that representation by the attorney general would be inappropriate. The attorney general shall notify the individual in writing of such determination that the individual is entitled to be represented by private counsel. The attorney general may require, as a condition to payment of the fees and expenses of such representative, that appropriate groups of such individuals be represented by the same counsel. If the individual or groups of individuals are entitled to representation by private counsel under the provisions of this section, the attorney general shall so certify to the state comptroller. Reasonable attorneys' fees and litigation expenses shall be paid by the state to such private counsel from time to time during the pendency of the civil action or proceeding, subject to certification that the individual is entitled to representation under the terms and conditions of this section by the authority, upon the audit and warrant of the state comptroller. The provisions of this subdivision shall be in addition to and shall not supplant any indemnification or other benefits heretofore or hereafter conferred upon directors, officers, or employees of and representatives to the authority by section seventeen of the public officers law, by action of the authority or otherwise. The provisions of this subdivision shall inure only to directors, officers and employees of the authority, shall not enlarge or diminish the rights of any other party, and shall not impair, limit or modify the rights and obligations of any insurer under any policy of insurance.

§ 3971. Audits. 1. The accounts of the authority shall be subject to the audit of the comptroller and the state comptroller. In addition, the authority shall be subject to an annual financial audit performed by an independent certified accountant selected by the authority. Such audit report shall be submitted to the county executive, the presiding officer, the comptroller, the governor, the state comptroller, the chair and ranking minority member of the state senate finance committee and the chair and ranking minority member of the state assembly ways and means committee.

2. For each fiscal year during the existence of the authority, and within one hundred twenty days after the close of the county's fiscal year, the county shall submit its audited financial statements to the authority.

§ 3972. Effect of inconsistent provisions. Insofar as the provisions of this title are inconsistent with the provisions of any other act, general or special, or of any charter, local law, ordinance or resolution of any municipality, the provisions of this title shall be controlling. Nothing contained in this section shall be held to supplement or otherwise expand the powers or duties of the authority otherwise set forth in this title.

§ 3973. Separability; construction. If any clause, sentence, paragraph, section, or part of this title shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section, or part thereof directly involved in the controversy in which such judgment shall have been rendered. The provisions of this title shall be liberally construed to assist the effectuation of the public purposes furthered hereby.

ARTICLE 11

CONSTRUCTION; LAWS REPEALED; WHEN TO TAKE EFFECT

§ 4000. Construction. This chapter shall not be considered a new act, but a reenactment and a continuation of the several acts consolidated herein; nor shall this chapter affect or impair any right, power or duty conferred or imposed by any such act or any liability or right incurred or action or proceeding taken thereunder.

Whenever the terms "condemnation" or "appropriation" or any other term which refers to the taking of real property by exercise of the power of eminent domain are used in this chapter such terms shall be deemed to mean "acquisition" as such term is defined in section one hundred three of the eminent domain procedure law.

Whenever the power to acquire real property by eminent domain proceedings has been given to any public authority under this chapter or any of its instrumentalities, such acquisition shall be pursuant to the provisions of the eminent domain procedure law, and the provisions contained herein relating to such power shall be given full force and effect to the extent that they are consistent with the provisions of the eminent domain procedure law and to the extent that any of such provisions are inconsistent with the provisions of such law, the provisions of the eminent domain procedure law shall be deemed to be controlling.

§ 4001. Laws repealed. Of the laws enumerated in the schedule hereto annexed, that portion specified in the last column is hereby repealed; and all acts and parts of acts, both general and special or local, inconsistent with this chapter are hereby repealed.

§ 4002. When to take effect. This chapter shall take effect immediately.
