§ 60. Reproduction of records. Any municipal housing authority may cause any paper, document or other record kept or recorded by it to be recorded, copied or reproduced by any photographic, photostatic, microfilm, microcard, miniature photographic or other process which accurately reproduces or forms a durable medium for so reproducing the original. Such reproduction, when satisfactorily identified, shall be deemed to be an original for all purposes and is as admissible in evidence as the original itself in any judicial or administrative proceeding, and an enlargement or facsimile of such reproduction is likewise admissible in evidence if the original reproduction is in existence and available for inspection under direction of the court.
