§ 575-a. Electric generating facility annual reports. 1. Every corporation, company, association, joint stock association, partnership and person, their lessees, trustees or receivers appointed by any court whatsoever, owning, operating or managing any electric generating facility in the state shall annually file with the commissioner, by April thirtieth, a report showing the inventory, revenue, and expenses associated therewith for the most recent fiscal year, and, in the case of solar and wind energy systems, such other information as the commissioner may reasonably require for the development and maintenance of an appraisal model and discount rate as required pursuant to section 575-b of this chapter. Such report shall be in the form and manner prescribed by the commissioner.

2. When used in this section, "electric generating facility" shall mean any facility that generates electricity for sale, directly or indirectly, to the public, including the land upon which the facility is located, any equipment used in such generation, and equipment leading from the facility to the interconnection with the electric transmission system, but shall not include:

(a) any equipment in the electric transmission system; and

(b) any electric generating equipment owned or operated by a residential customer of an electric generating facility, including the land upon which the equipment is located, when located and used at his or her residence.

3. Every electric generating facility owner, operator, or manager failing to make the report required by this section, or failing to make any report required by the commissioner pursuant to this section within the time specified by it, shall forfeit to the people of the state the sum of up to ten thousand dollars for every such failure and the additional sum of up to one thousand dollars for each day that such failure continues.
