§ 258. Quarterly estimates; state reimbursement. 1. In accordance with regulations of the department, each social services district shall submit to the department quarterly estimates of its anticipated expenditures for services for the aged, blind or disabled.

2. Expenditures made by social services districts for services under this title shall be subject to reimbursement by the state in accordance with and to the extent authorized by section one hundred fifty-three, and any applicable provisions of law which limit reimbursement for social services or authorize the allocation of funds for such services among the districts.
