§ 997. Extensions of time for payment of estate tax where estate consists largely of interest in closely held businesses. The provisions of section 6166 of the internal revenue code shall apply to this section to the same extent as if such section of such code were contained in and made part of this section (whether or not a federal estate tax return is required to be filed) except as provided herein:

(a) The phrase "adjusted gross estate" shall be read as "adjusted federal gross estate determined without reference to paragraphs (1), (2) and (3) of subsection (a) of section nine hundred fifty-four" of this article.

(b) The phrase "section 2001" shall be read as "section nine hundred fifty-two or section nine hundred sixty" of this article.

(c) The phrase "the date prescribed by section 6151(a) for payment of the tax" shall be read as "the date prescribed by this article for the payment of the tax (without regard to any extension of time)".

(d) The term "secretary" shall be read as "commissioner of taxation and finance".

(e) Election. The election under this section shall not be allowed unless a similar election was made and allowed with respect to the federal estate tax return required to be filed under the provisions of the internal revenue code. If such election was made for the purposes of the federal estate tax, the time for making the election under this article shall be the same as is required under the federal estate tax.

Where no federal estate tax return is required to be filed, the election with respect to the tax imposed under this article shall be made no later than the date prescribed for the filing of the return under this article (including extensions thereof) or any time thereafter as the commissioner of taxation and finance may by regulation prescribe.

(f) The commissioner of taxation and finance may, at any time, require a bond to be filed with him, which bond has been issued by a surety company approved by the superintendent of financial services as to solvency and responsibility and authorized to transact business in this state or other security acceptable to such commissioner, in an amount not exceeding twice the amount for which the time for payment has been extended under this section, to secure the payment of the estate tax and interest, the time for payment of which has been extended under this section.

(g) If an acceleration of payment occurs with respect to the tax imposed by this article, the extension of time for payment of the tax imposed by this article shall cease to apply and any unpaid portion of the tax payable in installments shall be paid upon notice and demand from the commissioner of taxation and finance. If any such acceleration of payment is avoided by a payment within six months of the due date thereof, then the provisions of subsection (j) of this section with respect to a two percent rate of interest shall not apply to said payment and there is imposed a penalty of five percent of the amount of such payment multiplied by the number of months, or fractions thereof, after the due date of the payment and before payment is made. Such acceleration of payment shall occur if:

(1) any installment of estate tax imposed by this article is not paid on or before the date fixed for its payment (including any extension of time for the payment of such installment), or

(2) the executor has been notified by the commissioner of taxation and finance that a bond or other security is required, but no such bond or other security has been filed within thirty days from the date of mailing of such notification, or

(3) an acceleration of payment has occurred with respect to the election by the executor to pay part or all of the federal estate tax in installments or, where no federal estate tax return is required to be filed, an acceleration of payment has occurred by virtue of the

provisions of subsection (g) of section 6166 of the internal revenue code.

(h) The commissioner of taxation and finance may, for reasonable cause and if his interests would not be jeopardized thereby, extend the time for payment of any part of any installment under this subsection, including any part of a deficiency prorated to any installment under this subsection, for a reasonable period (1) not in excess of ten years from the date prescribed for the filing of the return under this article (without regard to any extension of time to file) or (2) if the date prescribed for such filing is earlier than the date which is twelve months after the due date of the last installment, such later date.

(i) If the time for payment of any amount of tax has been extended under this subsection, interest shall be paid annually together with the installment of tax on any unpaid portion of such amount (including the amount of any deficiency), at the rate prescribed in subsection (b) of section nine hundred seventy-six of this article with respect to extensions of time for payment of estate tax (other than the extensions of time provided for in this section) or as otherwise provided for in subsection (j) of this section.

(j) If the time for payment of any amount of tax has been extended under this section, the provisions of section 6166 of the internal revenue code applicable to the payment of interest are modified as follows:

(1) Interest on the two percent portion of such amount shall be paid at the rate of two percent per annum. For purposes of this section, the amount of any deficiency which is prorated to installments payable under this section, shall be treated as an amount of tax payable in installments under such section.

(2) For purposes of this paragraph, the term "two percent portion" means the lesser of fifty-four thousand dollars or the amount of the tax imposed by this article which is extended as provided in this section.

(3) If the amount of tax imposed by this article which is extended exceeds the two percent portion, any payment of a portion of such amount shall, for purposes of computing interest for periods after such payment, be treated as reducing the two percent portion by an amount which bears the same ratio to the amount of such payment as the amount of the two percent portion (determined without regard to this paragraph)

bears to the amount of tax which is extended.

(4) Interest on any portion of the amount of tax which is not includible in the two percent portion of such amount shall be payable at the rate provided for in subsection (i) of this section.

(5) (A) Interest payable on any unpaid portion of the amount of tax due attributable to the first five years after the date prescribed for payment of the tax shall be paid annually;

(B) interest payable on any unpaid portion of such amount of tax attributable to any period after the five year period referred to in subparagraph (A) of this paragraph shall be paid annually at the same time as and as part of, each installment payment of the tax;

(C) in the case of a deficiency to which subsection (e) of section 6166 of the internal revenue code applies is determined after the close of the five year period referred to in subparagraph (A) of this paragraph, interest attributable to such five year period, and interest assigned under subparagraph (B) of this paragraph to any installment, the date of payment of which has arrived on or before the date of such determination, shall be paid upon notice and demand from the commissioner of taxation and finance; and

(D) if the executor has selected a period shorter than five years, such shorter period shall be substituted for five years in subparagraphs (A), (B) and (C) of this paragraph. Any period of time selected for the purposes of the tax under this article shall in no event be greater than the period of time selected for the purpose of the estate tax imposed by the internal revenue code.

(k) The lien of the tax provided for in section nine hundred eighty-two of this article shall be applicable to the same extent as if no election had been made to extend the time for payment of estate tax under this section.

§ 998. Petition to the surrogate's court and appeal. (a) General. A taxpayer shall have the right to protest a notice of deficiency or a notice of disallowance of a claim for refund issued by the commissioner of taxation and finance with respect to tax under this article as provided in this section. A proceeding under this section shall be a special proceeding under article four of the civil practice law and

rules and shall be commenced by filing a notice of petition and verified petition with the surrogate's court and service of such notice of petition and verified petition on the commissioner of taxation and finance or the commissioner's attorney. In any county which has designated a transfer and estate clerk of the court, the filing of the notice of petition and verified petition with the surrogate's court shall be effected by filing such notice of petition and verified petition with such clerk. The notice of petition, together with the petition and any affidavits specified in the notice, shall be so filed and served at least forty-five days before the time at which the petition is noticed to be heard. An answer and supporting affidavits, if any, shall be served at least ten days before such time. A reply, together with supporting affidavits, if any, shall be served at least five days before such time. No petition shall be denied without opportunity for a hearing of any issues of fact raised therein.

(b) Conciliation conferences. The provisions of subdivision three-a of section one hundred seventy of this chapter regarding conciliation conferences in the bureau of conciliation and mediation services shall be applicable with respect to a notice of deficiency or disallowance of a refund of tax under this article provided, however, the references to "the division of tax appeals" shall be deemed to be references to "the surrogate's court" for purposes of the tax under this article and references to filing a petition shall be deemed to be references to the commencement of a special proceeding under this section.

(c) Jurisdiction and venue. The surrogate's court of every county having jurisdiction of the estate of a decedent under the provisions of sections two hundred five and two hundred six of the surrogate's court procedure act shall have jurisdiction of proceedings under this section. Venue of such proceedings shall be as provided in such sections.

(d) Petition for review of a deficiency. Within ninety days, or one hundred fifty days if the notice is addressed to a person outside of the United States, after the mailing of the notice of deficiency of estate tax, the taxpayer may commence a special proceeding pursuant to this section in the surrogate's court for review of the deficiency. Such petition may also assert a claim for refund of tax under this article, subject to the limitations of subsection (g) of section six hundred eighty-seven of this chapter, as made applicable to the tax imposed

under this article by section nine hundred ninety.

(e) Petition for refund. (1) A taxpayer may commence a special proceeding with the surrogate's court under this section for the amounts asserted in a claim for refund if--

(A) the taxpayer has filed a timely claim for refund with the commissioner of taxation and finance,

(B) the taxpayer has not previously commenced a special proceeding under subsection (d) regarding the tax imposed by this article with respect to the death of the same decedent unless the petition under this subsection relates to a separate claim for refund properly filed under subsection (f) of section six hundred eighty-seven, as made applicable to the tax imposed by this article by section nine hundred ninety, and

(C) either (i) six months have expired since the claim was filed, or (ii) the commissioner has mailed to the taxpayer, by registered or certified mail, a notice of disallowance of such claim in whole or in part.

(2) No special proceeding under this subsection shall be filed more than two years after the date of mailing of a notice of disallowance, unless prior to the expiration of such two year period it has been extended by written agreement between the taxpayer and the commissioner of taxation and finance. If a taxpayer files a written waiver of the requirement that such taxpayer be mailed a notice of disallowance, the two year period prescribed by this paragraph for filing a petition for refund shall begin on the date such waiver is filed.

(f) Assertion of deficiency after filing petition.

(1) Petition for review of deficiency. If a taxpayer commences a special proceeding for review of a deficiency, the commissioner may assert and the surrogate's court shall have power to determine a greater deficiency than asserted in the notice of deficiency and the commissioner may assert and the surrogate's court shall have power to determine any addition to tax or penalty.

(2) Petition for refund. If the taxpayer commences a special proceeding for refund, the commissioner may assert and the surrogate's court may determine:

(A) a deficiency as to any amount of deficiency asserted within the period in which an assessment would be timely, or

(B) deny so much of the amount for which refund is sought in the

petition, as is offset by other issues pertaining to the taxpayer.

(3) Opportunity to respond. A taxpayer shall be given a reasonable opportunity to respond to any matters asserted by the commissioner under this subsection.

(4) Restriction on further notices of deficiency. If the taxpayer commences a special proceeding under this section, no notice of deficiency of estate tax may thereafter be issued to the taxpayer regarding the tax imposed by this article with respect to the death of the same decedent, except in case of fraud or with respect to a change or correction required to be reported under section nine hundred seventy-nine.

(g) Burden of proof. In any case before the surrogate's court under this section, the burden of proof shall be upon the petitioner, except for the following issues, as to which the burden of proof shall be upon the commissioner:

(1) whether the petitioner has been guilty of fraud with intent to evade tax;

(2) whether the petitioner is liable as the transferee of property of a taxpayer, but not to show that the taxpayer was liable for the tax;

(3) whether the petitioner is liable for any increase in a deficiency where such increase is asserted initially after a notice of deficiency was mailed and a special proceeding commenced under this section, unless such increase in deficiency is the result of a change or correction required to be reported under section nine hundred seventy-nine, and of which change or correction the commissioner of taxation and finance had no notice at the time the commissioner mailed the notice of deficiency; and

(4) whether any person is liable for a penalty under subsection (k) or (r) of section six hundred eighty-five of this chapter, as made applicable to the tax imposed by this article by section nine hundred ninety.

(h) Review under this section exclusive. The review of a deficiency or denial of a refund provided by this section shall be the exclusive remedy available for the judicial review of the liability of the taxpayer for the taxes imposed by this article.

(i) Appeal; assessment pending appeal; appeal bond. (1) The taxpayer or the commissioner of taxation and finance may appeal from a decree

entered in a special proceeding pursuant to this section as provided in section two thousand seven hundred one of the surrogate's court procedure act.

(2) Irrespective of any restrictions on the assessment and collection of deficiencies, the commissioner may assess a deficiency determined by the surrogate's court after the expiration of the period during which a notice of appeal may be filed, notwithstanding that a notice of appeal has been filed by the taxpayer with respect to such deficiency, unless the taxpayer, at or before the time his notice of appeal is filed, has paid the deficiency, has deposited with the commissioner the amount of the deficiency, or has filed with the commissioner a bond or other security acceptable to the commissioner (which may be a jeopardy bond under subsection (h) of section six hundred ninety-four, as made applicable to the tax imposed by this article by section nine hundred ninety) in the amount of the portion of the deficiency (including interest and other amounts) in respect of which the appeal is made and all costs and charges which may accrue against the taxpayer in the prosecution of the proceeding, including costs of all appeals, conditioned upon the payment of the deficiency (including interest and other amounts) as finally determined and such costs and charges. If as a result of a waiver of the restrictions on the assessment and collection of a deficiency any part of the amount determined by the commissioner is paid after the filing of the review bond or other security, such bond or other security shall, at the request of the taxpayer, be proportionately reduced.

(3) If the amount of a deficiency determined by the commissioner is disallowed in whole or in part by the court, the amount so disallowed shall be credited or refunded to the taxpayer, without the making of a claim therefor, or, if payment has not been made, shall be abated.

(j) Date of finality of decree. A decree of the surrogate's court shall become final upon the expiration of the time for filing a notice of appeal if no such notice is filed within such time, or if a notice of appeal has been duly filed, upon expiration of the time for all judicial review, or upon the entry of a decree of the surrogate's court in accordance with the mandate of the court on appeal.

§ 999. Deposit and disposition of revenue. All taxes, interest, penalties and fees collected or received by the tax commission under this article shall be deposited and disposed of pursuant to the provisions of section one hundred seventy-one-a of this chapter.

§ 999-a. Appendix to article twenty-six. The following provisions of the United States Internal Revenue Code of 1986, with all amendments enacted on or before January first, two thousand fourteen, shall apply to the tax imposed by this article, to the extent specified in this article.

(b) Valuation of unlisted stock and securities.--In the case of stock and securities of a corporation the value of which, by reason of their not being listed on an exchange and by reason of the absence of sales thereof, cannot be determined with reference to bid and asked prices or with reference to sales prices, the value thereof shall be determined by taking into consideration, in addition to all other factors, the value of stock or securities of corporations engaged in the same or a similar line of business which are listed on an exchange.

(c) Estate tax with respect to land subject to a qualified conservation easement.--

(1) In general.--If the executor makes the election described in paragraph (6), then, except as otherwise provided in this subsection, there shall be excluded from the gross estate the lesser of--

(A) the applicable percentage of the value of land subject to a qualified conservation easement, reduced by the amount of any deduction under section 2055(f) with respect to such land, or

(B) the exclusion limitation.

(2) Applicable percentage.--For purposes of paragraph (1), the term "applicable percentage" means 40 percent reduced (but not below zero) by 2 percentage points for each percentage point (or fraction thereof) by which the value of the qualified conservation easement is less than 30

percent of the value of the land (determined without regard to the value of such easement and reduced by the value of any retained development right (as defined in paragraph (5)). The values taken into account under the preceding sentence shall be such values as of the date of the contribution referred to in paragraph (8)(B).

(3) Exclusion limitation.--For purposes of paragraph (1), the exclusion limitation is the limitation determined in accordance with the following table:

(ii) Acquisition indebtedness.--The term "acquisition indebtedness" means, with respect to debt-financed property, the unpaid amount of--

(I) the indebtedness incurred by the donor in acquiring such property,

(II) the indebtedness incurred before the acquisition of such property if such indebtedness would not have been incurred but for such acquisition,

(A) In general.--Paragraph (1) shall not apply to the value of any development right retained by the donor in the conveyance of a qualified

conservation easement.

Such agreement shall be filed with the return of the tax imposed by section 2001. The agreement shall be in such form as the Secretary shall prescribe.

(C) Additional tax.--Any failure to implement the agreement described in subparagraph (B) not later than the earlier of--

(i) the date which is 2 years after the date of the decedent's death, or

shall result in the imposition of an additional tax in the amount of the tax which would have been due on the retained development rights subject to such agreement. Such additional tax shall be due and payable on the last day of the 6th month following such date.

(D) Development right defined.--For purposes of this paragraph, the term "development right" means any right to use the land subject to the qualified conservation easement in which such right is retained for any commercial purpose which is not subordinate to and directly supportive of the use of such land as a farm for farming purposes (within the meaning of section 2032A(e)(5)).

(6) Election.--The election under this subsection shall be made on or before the due date (including extensions) for filing the return of tax imposed by section 2001 and shall be made on such return. Such an election, once made, shall be irrevocable.

(7) Calculation of estate tax due.--An executor making the election described in paragraph (6) shall, for purposes of calculating the amount of tax imposed by section 2001, include the value of any development right (as defined in paragraph (5)) retained by the donor in the conveyance of such qualified conservation easement. The computation of tax on any retained development right prescribed in this paragraph shall

be done in such manner and on such forms as the Secretary shall prescribe.

(8) Definitions.--For purposes of this subsection--

(iii) with respect to which a qualified conservation easement has been made by an individual described in subparagraph (C), as of the date of the election described in paragraph (6).

(B) Qualified conservation easement.--The term "qualified conservation easement" means a qualified conservation contribution (as defined in section 170(h)(1)) of a qualified real property interest (as defined in section 170(h)(2)(C)), except that clause (iv) of section 170(h)(4)(A) shall not apply, and the restriction on the use of such interest described in section 170(h)(2)(C) shall include a prohibition on more than a de minimis use for a commercial recreational activity.

(10) Application of this section to interests in partnerships, corporations, and trusts.--This section shall apply to an interest in a partnership, corporation, or trust if at least 30 percent of the entity is owned (directly or indirectly) by the decedent, as determined under the rules described in section 2057(e)(3).

(1) In the case of property distributed, sold, exchanged, or otherwise disposed of, within 6 months after the decedent's death such property shall be valued as of the date of distribution, sale, exchange, or other disposition.

(2) In the case of property not distributed, sold, exchanged, or otherwise disposed of, within 6 months after the decedent's death such property shall be valued as of the date 6 months after the decedent's death.

(3) Any interest or estate which is affected by mere lapse of time shall be included at its value as of the time of death (instead of the later date) with adjustment for any difference in its value as of the later date not due to mere lapse of time.

(b) Special rules.--No deduction under this chapter of any item shall be allowed if allowance for such items is in effect given by the alternate valuation provided by this section. Wherever in any other subsection or section of this chapter reference is made to the value of property at the time of the decedent's death, such reference shall be deemed to refer to the value of such property used in determining the value of the gross estate. In case of an election made by the executor under this section, then--

(1) for purposes of the charitable deduction under section 2055 or 2106(a)(2), any bequest, legacy, devise, or transfer enumerated therein, and

(2) for the purpose of the marital deduction under section 2056, any interest in property passing to the surviving spouse,

shall be valued as of the date of the decedent's death with adjustment for any difference in value (not due to mere lapse of time or the occurrence or nonoccurrence of a contingency) of the property as of the date 6 months after the decedent's death (substituting, in the case of property distributed by the executor or trustee, or sold, exchanged, or otherwise disposed of, during such 6-month period, the date thereof).

(c) Election must decrease gross estate and estate tax.--No election may be made under this section with respect to an estate unless such election will decrease--

(1) the value of the gross estate, and

(2) the sum of the tax imposed by this chapter and the tax imposed by chapter 13 with respect to property includible in the decedent's gross estate (reduced by credits allowable against such taxes).

(d) Election.--

(1) General rule.--If--

(A) the decedent was (at the time of his death) a citizen or resident of the United States, and

(B) the executor elects the application of this section and files the agreement referred to in subsection (d)(2),

then, for purposes of this chapter, the value of qualified real property shall be its value for the use under which it qualifies, under subsection (b), as qualified real property.

(2) Limitation on aggregate reduction in fair market value.--The aggregate decrease in the value of qualified real property taken into account for purposes of this chapter which results from the application

of paragraph (1) with respect to any decedent shall not exceed \$750,000.

(3) Inflation adjustment.--In the case of estates of decedents dying in a calendar year after 1998, the \$750,000 amount contained in paragraph (2) shall be increased by an amount equal to--

(A) \$750,000, multiplied by

(B) the cost-of-living adjustment determined under section 1(f)(3) for such calendar year by substituting "calendar year 1997" for "calendar year 1992" in subparagraph (B) thereof.

If any amount as adjusted under the preceding sentence is not a multiple of \$10,000, such amount shall be rounded to the next lowest multiple of \$10,000.

(b) Qualified real property.--

(1) In general.--For purposes of this section, the term "qualified real property" means real property located in the United States which was acquired from or passed from the decedent to a qualified heir of the decedent and which, on the date of the decedent's death, was being used for a qualified use by the decedent or a member of the decedent's family, but only if--

(A) 50 percent or more of the adjusted value of the gross estate consists of the adjusted value of real or personal property which--

(i) on the date of the decedent's death, was being used for a qualified use by the decedent or a member of the decedent's family, and

(ii) was acquired from or passed from the decedent to a qualified heir of the decedent.

(B) 25 percent or more of the adjusted value of the gross estate consists of the adjusted value of real property which meets the requirements of subparagraphs (A)(ii) and (C),

(C) during the 8-year period ending on the date of the decedent's death there have been periods aggregating 5 years or more during which--

(i) such real property was owned by the decedent or a member of the decedent's family and used for a qualified use by the decedent or a member of the decedent's family, and

(ii) there was material participation by the decedent or a member of the decedent's family in the operation of the farm or other business, and

(D) such real property is designated in the agreement referred to in

subsection (d)(2).

(2) Qualified use.--For purposes of this section, the term "qualified use" means the devotion of the property to any of the following:

(B) use in a trade or business other than the trade or business of farming.

(3) Adjusted value.--For purposes of paragraph (1), the term "adjusted value" means--

(B) in the case of any real or personal property, the value of such property for purposes of this chapter (determined without regard to this section), reduced by any amounts allowable as a deduction in respect of such property under paragraph (4) of section 2053(a).

(4) Decedents who are retired or disabled.--

(A) In general.--If, on the date of the decedent's death, the requirements of paragraph (1)(C)(ii) with respect to the decedent for any property are not met, and the decedent--

(i) was receiving old-age benefits under title II of the Social Security Act for a continuous period ending on such date, or

(ii) was disabled for a continuous period ending on such date,

then paragraph (1)(C)(ii) shall be applied with respect to such property by substituting "the date on which the longer of such continuous periods began" for "the date of the decedent's death" in paragraph (1)(C).

(B) Disabled defined.--For purposes of subparagraph (A), an individual shall be disabled if such individual has a mental or physical impairment which renders him unable to materially participate in the operation of the farm or other business.

(C) Coordination with recapture.--For purposes of subsection (c)(6)(B)(i), if the requirements of paragraph (1)(C)(ii) are met with respect to any decedent by reason of subparagraph (A), the period ending on the date on which the continuous period taken into account under subparagraph (A) began shall be treated as the period immediately before

the decedent's death.

(5) Special rules for surviving spouses.--

(A) In general.--If property is qualified real property with respect to a decedent (hereinafter in this paragraph referred to as the "first decedent") and such property was acquired from or passed from the first decedent to the surviving spouse of the first decedent, for purposes of applying this subsection and subsection (c) in the case of the estate of such surviving spouse, active management of the farm or other business by the surviving spouse shall be treated as material participation by such surviving spouse in the operation of such farm or business.

(B) Special rule.--For the purposes of subparagraph (A), the determination of whether property is qualified real property with respect to the first decedent shall be made without regard to subparagraph (D) of paragraph (1) and without regard to whether an election under this section was made.

(C) Coordination with paragraph (4).--In any case in which to do so will enable the requirements of paragraph (1)(C)(ii) to be met with respect to the surviving spouse, this subsection and subsection (c) shall be applied by taking into account any application of paragraph (4).

(c) Tax treatment of dispositions and failures to use for qualified use.--

(1) Imposition of additional estate tax.--If, within 10 years after the decedent's death and before the death of the qualified heir--

(A) the qualified heir disposes of any interest in qualified real property (other than by a disposition to a member of his family), or

(B) the qualified heir ceases to use for the qualified use the qualified real property which was acquired (or passed) from the decedent,

then, there is hereby imposed an additional estate tax.

(2) Amount of additional tax.--

(A) In general.--The amount of the additional tax imposed by paragraph (1) with respect to any interest shall be the amount equal to the lesser of--

(i) the adjusted tax difference attributable to such interest, or

(ii) the excess of the amount realized with respect to the interest

(or, in any case other than a sale or exchange at arm's length, the fair market value of the interest) over the value of the interest determined under subsection (a).

(B) Adjusted tax difference attributable to interest.--For purposes of subparagraph (A), the adjusted tax difference attributable to an interest is the amount which bears the same ratio to the adjusted tax difference with respect to the estate (determined under subparagraph (C)) as--

(i) the excess of the value of such interest for purposes of this chapter (determined without regard to subsection (a)) over the value of such interest determined under subsection (a), bears to

(ii) a similar excess determined for all qualified real property.

(C) Adjusted tax difference with respect to the estate.--For purposes of subparagraph (B), the term "adjusted tax difference with respect to the estate" means the excess of what would have been the estate tax liability but for subsection (a) over the estate tax liability. For purposes of this subparagraph, the term "estate tax liability" means the tax imposed by section 2001 reduced by the credits allowable against such tax.

(D) Partial dispositions.--For purposes of this paragraph, where the qualified heir disposes of a portion of the interest acquired by (or passing to) such heir (or a predecessor qualified heir) or there is a cessation of use of such a portion--

(i) the value determined under subsection (a) taken into account under subparagraph (A)(ii) with respect to such portion shall be its pro rata share of such value of such interest, and

(ii) the adjusted tax difference attributable to the interest taken into account with respect to the transaction involving the second or any succeeding portion shall be reduced by the amount of the tax imposed by this subsection with respect to all prior transactions involving portions of such interest.

(E) Special rule for disposition of timber.--In the case of qualified woodland to which an election under subsection (e)(13)(A) applies, if the qualified heir disposes of (or severs) any standing timber on such qualified woodland--

(i) such disposition (or severance) shall be treated as a disposition of a portion of the interest of the qualified heir in such property, and

(ii) the amount of the additional tax imposed by paragraph (1) with respect to such disposition shall be an amount equal to the lesser of--

(I) the amount realized on such disposition (or, in any case other than a sale or exchange at arm's length, the fair market value of the portion of the interest disposed or severed), or

(II) the amount of additional tax determined under this paragraph (without regard to this subparagraph) if the entire interest of the qualified heir in the qualified woodland had been disposed of, less the sum of the amount of the additional tax imposed with respect to all prior transactions involving such woodland to which this subparagraph applied.

For purposes of the preceding sentence, the disposition of a right to sever shall be treated as the disposition of the standing timber. The amount of additional tax imposed under paragraph (1) in any case in which a qualified heir disposes of his entire interest in the qualified woodland shall be reduced by any amount determined under this subparagraph with respect to such woodland.

(3) Only 1 additional tax imposed with respect to any 1 portion.--In the case of an interest acquired from (or passing from) any decedent, if subparagraph (A) or (B) of paragraph (1) applies to any portion of an interest, subparagraph (B) or (A), as the case may be, of paragraph (1) shall not apply with respect to the same portion of such interest.

(4) Due date.--The additional tax imposed by this subsection shall become due and payable on the day which is 6 months after the date of the disposition or cessation referred to in paragraph (1).

(5) Liability for tax; furnishing of bond.--The qualified heir shall be personally liable for the additional tax imposed by this subsection with respect to his interest unless the heir has furnished bond which meets the requirements of subsection (e)(11).

(6) Cessation of qualified use.--For purposes of paragraph (1)(B), real property shall cease to be used for the qualified use if--

(A) such property ceases to be used for the qualified use set forth in subparagraph (A) or (B) of subsection (b)(2) under which the property qualified under subsection (b), or

(B) during any period of 8 years ending after the date of the decedent's death and before the date of the death of the qualified heir,

there had been periods aggregating more than 3 years during which--

(i) in the case of periods during which the property was held by the decedent, there was no material participation by the decedent or any member of his family in the operation of the farm or other business, and

(ii) in the case of periods during which the property was held by any qualified heir, there was no material participation by such qualified heir or any member of his family in the operation of the farm or other business.

(7) Special rules.--

(A) No tax if use begins within 2 years.--If the date on which the qualified heir begins to use the qualified real property (hereinafter in this subparagraph referred to as the commencement date) is before the date 2 years after the decedent's death--

(i) no tax shall be imposed under paragraph (1) by reason of the failure by the qualified heir to so use such property before the commencement date, and

(ii) the 10-year period under paragraph (1) shall be extended by the period after the decedent's death and before the commencement date.

(B) Active management by eligible qualified heir treated as material participation.--For purposes of paragraph (6)(B)(ii), the active management of a farm or other business by--

(i) an eligible qualified heir, or

(ii) a fiduciary of an eligible qualified heir described in clause (ii) or (iii) of subparagraph (C),

shall be treated as material participation by such eligible qualified heir in the operation of such farm or business. In the case of an eligible qualified heir described in clause (ii), (iii), or (iv) of subparagraph (C), the preceding sentence shall apply only during periods during which such heir meets the requirements of such clause.

(C) Eligible qualified heir.--For purposes of this paragraph, the term "eligible qualified heir" means a qualified heir who--

(i) is the surviving spouse of the decedent,

(ii) has not attained the age of 21,

(iii) is disabled (within the meaning of subsection (b)(4)(B)), or

(iv) is a student.

(D) Student.--For purposes of subparagraph (C), an individual shall be

treated as a student with respect to periods during any calendar year if (and only if) such individual is a student (within the meaning of section 152(f)(2)) for such calendar year.

(E) Certain rents treated as qualified use.--For purposes of this subsection, a surviving spouse or lineal descendant of the decedent shall not be treated as failing to use qualified real property in a qualified use solely because such spouse or descendant rents such property to a member of the family of such spouse or descendant on a net cash basis. For purposes of the preceding sentence, a legally adopted child of an individual shall be treated as the child of such individual by blood.

(8) Qualified conservation contribution is not a disposition.--A qualified conservation contribution (as defined in section 170(h)) by gift or otherwise shall not be deemed a disposition under subsection (c)(1)(A).

(d) Election; agreement.--

(1) Election.--The election under this section shall be made on the return of the tax imposed by section 2001. Such election shall be made in such manner as the Secretary shall by regulations prescribe. Such an election, once made, shall be irrevocable.

(2) Agreement.--The agreement referred to in this paragraph is a written agreement signed by each person in being who has an interest (whether or not in possession) in any property designated in such agreement consenting to the application of subsection (c) with respect to such property.

(3) Modification of election and agreement to be permitted.--The Secretary shall prescribe procedures which provide that in any case in which the executor makes an election under paragraph (1) (and submits the agreement referred to in paragraph (2)) within the time prescribed therefor, but--

(A) the notice of election, as filed, does not contain all required information, or

(B) signatures of 1 or more persons required to enter into the agreement described in paragraph (2) are not included on the agreement as filed, or the agreement does not contain all required information,

the executor will have a reasonable period of time (not exceeding 90

days) after notification of such failures to provide such information or signatures.

(e) Definitions; special rules.--For purposes of this section--

(1) Qualified heir.--The term "qualified heir" means, with respect to any property, a member of the decedent's family who acquired such property (or to whom such property passed) from the decedent. If a qualified heir disposes of any interest in qualified real property to any member of his family, such member shall thereafter be treated as the qualified heir with respect to such interest.

(2) Member of family.--The term "member of the family" means, with respect to any individual, only--

(A) an ancestor of such individual,

(B) the spouse of such individual,

(C) a lineal descendant of such individual, of such individual's spouse, or of a parent of such individual, or

(D) the spouse of any lineal descendant described in subparagraph (C).

For purposes of the preceding sentence, a legally adopted child of an individual shall be treated as the child of such individual by blood.

(3) Certain real property included.--In the case of real property which meets the requirements of subparagraph (C) of subsection (b)(1), residential buildings and related improvements on such real property occupied on a regular basis by the owner or lessee of such real property or by persons employed by such owner or lessee for the purpose of operating or maintaining such real property, and roads, buildings, and other structures and improvements functionally related to the qualified use shall be treated as real property devoted to the qualified use.

(4) Farm.--The term "farm" includes stock, dairy, poultry, fruit, furbearing animal, and truck farms, plantations, ranches, nurseries, ranges, greenhouses or other similar structures used primarily for the raising of agricultural or horticultural commodities, and orchards and woodlands.

(5) Farming purposes.--The term "farming purposes" means--

(A) cultivating the soil or raising or harvesting any agricultural or horticultural commodity (including the raising, shearing, feeding, caring for, training, and management of animals) on a farm;

(B) handling, drying, packing, grading, or storing on a farm any

agricultural or horticultural commodity in its unmanufactured state, but only if the owner, tenant, or operator of the farm regularly produces more than one-half of the commodity so treated; and

- (C)(i) the planting, cultivating, caring for, or cutting of trees, or
- (ii) the preparation (other than milling) of trees for market.

(6) Material participation.--Material participation shall be determined in a manner similar to the manner used for purposes of paragraph (1) of section 1402(a) (relating to net earnings from self-employment).

(7) Method of valuing farms.--

(A) In general.--Except as provided in subparagraph (B), the value of a farm for farming purposes shall be determined by dividing--

(i) the excess of the average annual gross cash rental for comparable land used for farming purposes and located in the locality of such farm over the average annual State and local real estate taxes for such comparable land, by

(ii) the average annual effective interest rate for all new Federal Land Bank loans.

For purposes of the preceding sentence, each average annual computation shall be made on the basis of the 5 most recent calendar years ending before the date of the decedent's death.

(B) Value based on net share rental in certain cases.--

(i) In general.--If there is no comparable land from which the average annual gross cash rental may be determined but there is comparable land from which the average net share rental may be determined, subparagraph (A)(i) shall be applied by substituting "average annual net share rental" for "average annual gross cash rental".

(ii) Net share rental.--For purposes of this paragraph, the term "net share rental" means the excess of--

(I) the value of the produce received by the lessor of the land on which such produce is grown, over

(II) the cash operating expenses of growing such produce which, under the lease, are paid by the lessor.

(C) Exception.--The formula provided by subparagraph (A) shall not be used--

- (i) where it is established that there is no comparable land from

which the average annual gross cash rental may be determined, or

(ii) where the executor elects to have the value of the farm for farming purposes determined and that there is no comparable land from which the average net share rental may be determined under paragraph (8).

(8) Method of valuing closely held business interests, etc.--In any case to which paragraph (7)(A) does not apply, the following factors shall apply in determining the value of any qualified real property:

(A) The capitalization of income which the property can be expected to yield for farming or closely held business purposes over a reasonable period of time under prudent management using traditional cropping patterns for the area, taking into account soil capacity, terrain configuration, and similar factors,

(B) The capitalization of the fair rental value of the land for farmland or closely held business purposes,

(C) Assessed land values in a State which provides a differential or use value assessment law for farmland or closely held business,

(D) Comparable sales of other farm or closely held business land in the same geographical area far enough removed from a metropolitan or resort area so that nonagricultural use is not a significant factor in the sales price, and

(E) Any other factor which fairly values the farm or closely held business value of the property.

(9) Property acquired from decedent.--Property shall be considered to have been acquired from or to have passed from the decedent if--

(A) such property is so considered under section 1014(b) (relating to basis of property acquired from a decedent),

(B) such property is acquired by any person from the estate, or

(C) such property is acquired by any person from a trust (to the extent such property is includible in the gross estate of the decedent).

(10) Community property.--If the decedent and his surviving spouse at any time held qualified real property as community property, the interest of the surviving spouse in such property shall be taken into account under this section to the extent necessary to provide a result under this section with respect to such property which is consistent with the result which would have obtained under this section if such property had not been community property.

(11) Bond in lieu of personal liability.--If the qualified heir makes written application to the Secretary for determination of the maximum amount of the additional tax which may be imposed by subsection (c) with respect to the qualified heir's interest, the Secretary (as soon as possible, and in any event within 1 year after the making of such application) shall notify the heir of such maximum amount. The qualified heir, on furnishing a bond in such amount and for such period as may be required, shall be discharged from personal liability for any additional tax imposed by subsection (c) and shall be entitled to a receipt or writing showing such discharge.

(12) Active management.--The term "active management" means the making of the management decisions of a business (other than the daily operating decisions).

(13) Special rules for woodlands.--

(A) In general.--In the case of any qualified woodland with respect to which the executor elects to have this subparagraph apply, trees growing on such woodland shall not be treated as a crop.

(B) Qualified woodland.--The term "qualified woodland" means any real property which--

(i) is used in timber operations, and

(ii) is an identifiable area of land such as an acre or other area for which records are normally maintained in conducting timber operations.

(C) Timber operations.--The term "timber operations" means--

(i) the planting, cultivating, caring for, or cutting of trees, or

(ii) the preparation (other than milling) of trees for market.

(D) Election.--An election under subparagraph (A) shall be made on the return of the tax imposed by section 2001. Such election shall be made in such manner as the Secretary shall by regulations prescribe. Such an election, once made, shall be irrevocable.

(14) Treatment of replacement property acquired in section 1031 or 1033 transactions.--

(A) In general.--In the case of any qualified replacement property, any period during which there was ownership, qualified use, or material participation with respect to the replaced property by the decedent or any member of his family shall be treated as a period during which there was such ownership, use, or material participation (as the case may be) with respect to the qualified replacement property.

(B) Limitation.--Subparagraph (A) shall not apply to the extent that the fair market value of the qualified replacement property (as of the date of its acquisition) exceeds the fair market value of the replaced property (as of the date of its disposition).

(C) Definitions.--For purposes of this paragraph--

(i) Qualified replacement property.--The term "qualified replacement property" means any real property which is--

(I) acquired in an exchange which qualifies under section 1031, or

(II) the acquisition of which results in the nonrecognition of gain under section 1033.

Such term shall only include property which is used for the same qualified use as the replaced property was being used before the exchange.

(ii) Replaced property.--The term "replaced property" means--

(I) the property transferred in the exchange which qualifies under section 1031, or

(II) the property compulsorily or involuntarily converted (within the meaning of section 1033).

(f) Statute of limitations.--If qualified real property is disposed of or ceases to be used for a qualified use, then--

(1) the statutory period for the assessment of any additional tax under subsection (c) attributable to such disposition or cessation shall not expire before the expiration of 3 years from the date the Secretary is notified (in such manner as the Secretary may by regulations prescribe) of such disposition or cessation (or if later in the case of an involuntary conversion or exchange to which subsection (h) or (i) applies, 3 years from the date the Secretary is notified of the replacement of the converted property or of an intention not to replace or of the exchange of property), and

(2) such additional tax may be assessed before the expiration of such 3-year period notwithstanding the provisions of any other law or rule of law which would otherwise prevent such assessment.

(g) Application of this section and section 6324B to interests in partnerships, corporations, and trusts.--The Secretary shall prescribe regulations setting forth the application of this section and section 6324B in the case of an interest in a partnership, corporation, or trust

which, with respect to the decedent, is an interest in a closely held business (within the meaning of paragraph (1) of section 6166(b)). For purposes of the preceding sentence, an interest in a discretionary trust all the beneficiaries of which are qualified heirs shall be treated as a present interest.

(h) Special rules for involuntary conversions of qualified real property.--

(1) Treatment of converted property.--

(A) In general.--If there is an involuntary conversion of an interest in qualified real property--

(i) no tax shall be imposed by subsection (c) on such conversion if the cost of the qualified replacement property equals or exceeds the amount realized on such conversion, or

(ii) if clause (i) does not apply, the amount of the tax imposed by subsection (c) on such conversion shall be the amount determined under subparagraph (B).

(B) Amount of tax where there is not complete reinvestment.--The amount determined under this subparagraph with respect to any involuntary conversion is the amount of the tax which (but for this subsection) would have been imposed on such conversion reduced by an amount which--

(i) bears the same ratio to such tax, as

(ii) the cost of the qualified replacement property bears to the amount realized on the conversion.

(2) Treatment of replacement property.--For purposes of subsection (c)--

(A) any qualified replacement property shall be treated in the same manner as if it were a portion of the interest in qualified real property which was involuntarily converted; except that with respect to such qualified replacement property the 10-year period under paragraph (1) of subsection (c) shall be extended by any period, beyond the 2-year period referred to in section 1033(a)(2)(B)(i), during which the qualified heir was allowed to replace the qualified real property,

(B) any tax imposed by subsection (c) on the involuntary conversion shall be treated as a tax imposed on a partial disposition, and

(C) paragraph (6) of subsection (c) shall be applied--

(i) by not taking into account periods after the involuntary

conversion and before the acquisition of the qualified replacement property, and

(ii) by treating material participation with respect to the converted property as material participation with respect to the qualified replacement property.

(3) Definitions and special rules.--For purposes of this subsection--

(A) Involuntary conversion.--The term "involuntary conversion" means a compulsory or involuntary conversion within the meaning of section 1033.

(B) Qualified replacement property.--The term "qualified replacement property" means--

(i) in the case of an involuntary conversion described in section 1033(a)(1), any real property into which the qualified real property is converted, or

(ii) in the case of an involuntary conversion described in section 1033(a)(2), any real property purchased by the qualified heir during the period specified in section 1033(a)(2)(B) for purposes of replacing the qualified real property.

Such term only includes property which is to be used for the qualified use set forth in subparagraph (A) or (B) of subsection (b)(2) under which the qualified real property qualified under subsection (a).

(4) Certain rules made applicable.--The rules of the last sentence of section 1033(a)(2)(A) shall apply for purposes of paragraph (3)(B)(ii).

(i) Exchanges of qualified real property.--

(1) Treatment of property exchanged.--

(A) Exchanges solely for qualified exchange property.--If an interest in qualified real property is exchanged solely for an interest in qualified exchange property in a transaction which qualifies under section 1031, no tax shall be imposed by subsection (c) by reason of such exchange.

(B) Exchanges where other property received.--If an interest in qualified real property is exchanged for an interest in qualified exchange property and other property in a transaction which qualifies under section 1031, the amount of the tax imposed by subsection (c) by reason of such exchange shall be the amount of tax which (but for this subparagraph) would have been imposed on such exchange under subsection (c)(1), reduced by an amount which--

- (i) bears the same ratio to such tax, as
- (ii) the fair market value of the qualified exchange property bears to the fair market value of the qualified real property exchanged.

For purposes of clause (ii) of the preceding sentence, fair market value shall be determined as of the time of the exchange.

(2) Treatment of qualified exchange property.--For purposes of subsection (c)--

(A) any interest in qualified exchange property shall be treated in the same manner as if it were a portion of the interest in qualified real property which was exchanged,

(B) any tax imposed by subsection (c) by reason of the exchange shall be treated as a tax imposed on a partial disposition, and

(C) paragraph (6) of subsection (c) shall be applied by treating material participation with respect to the exchanged property as material participation with respect to the qualified exchange property.

(3) Qualified exchange property.--For purposes of this subsection, the term "qualified exchange property" means real property which is to be used for the qualified use set forth in subparagraph (A) or (B) of subsection (b)(2) under which the real property exchanged therefor originally qualified under subsection (a).

§ 2033. Property in Which the Decedent had an Interest. The value of the gross estate shall include the value of all property to the extent of the interest therein of the decedent at the time of his death.

§ 2034. Dower or Curtesy Interests. The value of the gross estate shall include the value of all property to the extent of any interest therein of the surviving spouse, existing at the time of the decedent's death as dower or curtesy, or by virtue of a statute creating an estate in lieu of dower or curtesy.

§ 2035. Adjustments for Certain Gifts Made Within Three Years of Decedent's Death. (a) Inclusion of certain property in gross estate.--If--

(1) the decedent made a transfer (by trust or otherwise) of an interest in any property, or relinquished a power with respect to any property, during the 3-year period ending on the date of the decedent's death, and

(2) the value of such property (or an interest therein) would have

been included in the decedent's gross estate under section 2036, 2037, 2038, or 2042 if such transferred interest or relinquished power had been retained by the decedent on the date of his death,

the value of the gross estate shall include the value of any property (or interest therein) which would have been so included.

(b) Inclusion of gift tax on gifts made during 3 years before decedent's death.--The amount of the gross estate (determined without regard to this subsection) shall be increased by the amount of any tax paid under chapter 12 by the decedent or his estate on any gift made by the decedent or his spouse during the 3-year period ending on the date of the decedent's death.

(c) Other rules relating to transfers within 3 years of death.--

(1) In general.--For purposes of--

(A) section 303(b) (relating to distributions in redemption of stock to pay death taxes),

(B) section 2032A (relating to special valuation of certain farms, etc., real property), and

(C) subchapter C of chapter 64 (relating to lien for taxes),

the value of the gross estate shall include the value of all property to the extent of any interest therein of which the decedent has at any time made a transfer, by trust or otherwise, during the 3-year period ending on the date of the decedent's death.

(2) Coordination with section 6166.--An estate shall be treated as meeting the 35 percent of adjusted gross estate requirement of section 6166(a)(1) only if the estate meets such requirement both with and without the application of subsection (a).

(3) Marital and small transfers.--Paragraph (1) shall not apply to any transfer (other than a transfer with respect to a life insurance policy) made during a calendar year to any donee if the decedent was not required by section 6019 (other than by reason of section 6019(2)) to file any gift tax return for such year with respect to transfers to such donee.

(d) Exception.--Subsection (a) and paragraph (1) of subsection (c) shall not apply to any bona fide sale for an adequate and full consideration in money or money's worth.

(e) Treatment of certain transfers from revocable trusts.--For purposes of this section and section 2038, any transfer from any portion of a trust during any period that such portion was treated under section 676 as owned by the decedent by reason of a power in the grantor (determined without regard to section 672(e)) shall be treated as a transfer made directly by the decedent.

§ 2036. Transfers with Retained Life Estate. (a) General rule.--The value of the gross estate shall include the value of all property to the extent of any interest therein of which the decedent has at any time made a transfer (except in case of a bona fide sale for an adequate and full consideration in money or money's worth), by trust or otherwise, under which he has retained for his life or for any period not ascertainable without reference to his death or for any period which does not in fact end before his death--

(1) the possession or enjoyment of, or the right to the income from, the property, or

(2) the right, either alone or in conjunction with any person, to designate the persons who shall possess or enjoy the property or the income therefrom.

(b) Voting rights.--

(1) In general.--For purposes of subsection (a)(1), the retention of the right to vote (directly or indirectly) shares of stock of a controlled corporation shall be considered to be a retention of the enjoyment of transferred property.

(2) Controlled corporation.--For purposes of paragraph (1), a corporation shall be treated as a controlled corporation if, at any time after the transfer of the property and during the 3-year period ending on the date of the decedent's death, the decedent owned (with the application of section 318), or had the right (either alone or in conjunction with any person) to vote, stock possessing at least 20 percent of the total combined voting power of all classes of stock.

(3) Coordination with section 2035.--For purposes of applying section 2035 with respect to paragraph (1), the relinquishment or cessation of voting rights shall be treated as a transfer of property made by the decedent.

(c) Limitation on application of general rule.--This section shall not apply to a transfer made before March 4, 1931; nor to a transfer made

after March 3, 1931, and before June 7, 1932, unless the property transferred would have been includible in the decedent's gross estate by reason of the amendatory language of the joint resolution of March 3, 1931 (46 Stat. 1516).

§ 2037. Transfers Taking Effect at Death. (a) General rule.--The value of the gross estate shall include the value of all property to the extent of any interest therein of which the decedent has at any time after September 7, 1916, made a transfer (except in case of a bona fide sale for an adequate and full consideration in money or money's worth), by trust or otherwise, if--

(1) possession or enjoyment of the property can, through ownership of such interest, be obtained only by surviving the decedent, and

(2) the decedent has retained a reversionary interest in the property (but in the case of a transfer made before October 8, 1949, only if such reversionary interest arose by the express terms of the instrument of transfer), and the value of such reversionary interest immediately before the death of the decedent exceeds 5 percent of the value of such property.

(b) Special rules.--For purposes of this section, the term "reversionary interest" includes a possibility that property transferred by the decedent--

(1) may return to him or his estate, or

(2) may be subject to a power of disposition by him,

but such term does not include a possibility that the income alone from such property may return to him or become subject to a power of disposition by him. The value of a reversionary interest immediately before the death of the decedent shall be determined (without regard to the fact of the decedent's death) by usual methods of valuation, including the use of tables of mortality and actuarial principles, under regulations prescribed by the Secretary. In determining the value of a possibility that property may be subject to a power of disposition by the decedent, such possibility shall be valued as if it were a possibility that such property may return to the decedent or his estate. Notwithstanding the foregoing, an interest so transferred shall not be included in the decedent's gross estate under this section if possession or enjoyment of the property could have been obtained by any beneficiary

during the decedent's life through the exercise of a general power of appointment (as defined in section 2041) which in fact was exercisable immediately before the decedent's death.

§ 2038. Revocable Transfers. (a) In general.--The value of the gross estate shall include the value of all property--

(1) Transfers after June 22, 1936.--To the extent of any interest therein of which the decedent has at any time made a transfer (except in case of a bona fide sale for an adequate and full consideration in money or money's worth), by trust or otherwise, where the enjoyment thereof was subject at the date of his death to any change through the exercise of a power (in whatever capacity exercisable) by the decedent alone or by the decedent in conjunction with any other person (without regard to when or from what source the decedent acquired such power), to alter, amend, revoke, or terminate, or where any such power is relinquished during the 3-year period ending on the date of the decedent's death.

(2) Transfers on or before June 22, 1936.--To the extent of any interest therein of which the decedent has at any time made a transfer (except in case of a bona fide sale for an adequate and full consideration in money or money's worth), by trust or otherwise, where the enjoyment thereof was subject at the date of his death to any change through the exercise of a power, either by the decedent alone or in conjunction with any person, to alter, amend, or revoke, or where the decedent relinquished any such power during the 3-year period ending on the date of the decedent's death. Except in the case of transfers made after June 22, 1936, no interest of the decedent of which he has made a transfer shall be included in the gross estate under paragraph (1) unless it is includible under this paragraph.

(b) Date of existence of power.--For purposes of this section, the power to alter, amend, revoke, or terminate shall be considered to exist on the date of the decedent's death even though the exercise of the power is subject to a precedent giving of notice or even though the alteration, amendment, revocation, or termination takes effect only on the expiration of a stated period after the exercise of the power, whether or not on or before the date of the decedent's death notice has been given or the power has been exercised. In such cases proper adjustment shall be made representing the interests which would have been excluded from the power if the decedent had lived, and for such

purpose, if the notice has not been given or the power has not been exercised on or before the date of his death, such notice shall be considered to have been given, or the power exercised, on the date of his death.

§ 2039. Annuities. (a) General.--The gross estate shall include the value of an annuity or other payment receivable by any beneficiary by reason of surviving the decedent under any form of contract or agreement entered into after March 3, 1931 (other than as insurance under policies on the life of the decedent), if, under such contract or agreement, an annuity or other payment was payable to the decedent, or the decedent possessed the right to receive such annuity or payment, either alone or in conjunction with another for his life or for any period not ascertainable without reference to his death or for any period which does not in fact end before his death.

(b) Amount includible.--Subsection (a) shall apply to only such part of the value of the annuity or other payment receivable under such contract or agreement as is proportionate to that part of the purchase price therefor contributed by the decedent. For purposes of this section, any contribution by the decedent's employer or former employer to the purchase price of such contract or agreement (whether or not to an employee's trust or fund forming part of a pension, annuity, retirement, bonus or profit sharing plan) shall be considered to be contributed by the decedent if made by reason of his employment.

§ 2040. Joint Interests. (a) General rule.--The value of the gross estate shall include the value of all property to the extent of the interest therein held as joint tenants with right of survivorship by the decedent and any other person, or as tenants by the entirety by the decedent and spouse, or deposited, with any person carrying on the banking business, in their joint names and payable to either or the survivor, except such part thereof as may be shown to have originally belonged to such other person and never to have been received or acquired by the latter from the decedent for less than an adequate and full consideration in money or money's worth: Provided, That where such property or any part thereof, or part of the consideration with which such property was acquired, is shown to have been at any time acquired by such other person from the decedent for less than an adequate and full consideration in money or money's worth, there shall be excepted

only such part of the value of such property as is proportionate to the consideration furnished by such other person: Provided further, That where any property has been acquired by gift, bequest, devise, or inheritance, as a tenancy by the entirety by the decedent and spouse, then to the extent of one-half of the value thereof, or, where so acquired by the decedent and any other person as joint tenants with right of survivorship and their interests are not otherwise specified or fixed by law, then to the extent of the value of a fractional part to be determined by dividing the value of the property by the number of joint tenants with right of survivorship.

(b) Certain joint interests of husband and wife.--

(1) Interests of spouse excluded from gross estate.--Notwithstanding subsection (a), in the case of any qualified joint interest, the value included in the gross estate with respect to such interest by reason of this section is one-half of the value of such qualified joint interest.

(2) Qualified joint interest defined.--For purposes of paragraph (1), the term "qualified joint interest" means any interest in property held by the decedent and the decedent's spouse as--

(A) tenants by the entirety, or

(B) joint tenants with right of survivorship, but only if the decedent and the spouse of the decedent are the only joint tenants.

§ 2041. Powers of Appointment. (a) In general.--The value of the gross estate shall include the value of all property--

(1) Powers of appointment created on or before October 21, 1942.--To the extent of any property with respect to which a general power of appointment created on or before October 21, 1942, is exercised by the decedent--

(A) by will, or

(B) by a disposition which is of such nature that if it were a transfer of property owned by the decedent, such property would be includible in the decedent's gross estate under sections 2035 to 2038, inclusive;

but the failure to exercise such a power or the complete release of such a power shall not be deemed an exercise thereof. If a general power of appointment created on or before October 21, 1942, has been partially released so that it is no longer a general power of appointment, the

exercise of such power shall not be deemed to be the exercise of a general power of appointment if--

(i) such partial release occurred before November 1, 1951, or

(ii) the donee of such power was under a legal disability to release such power on October 21, 1942, and such partial release occurred not later than 6 months after the termination of such legal disability.

(2) Powers created after October 21, 1942.--To the extent of any property with respect to which the decedent has at the time of his death a general power of appointment created after October 21, 1942, or with respect to which the decedent has at any time exercised or released such a power of appointment by a disposition which is of such nature that if it were a transfer of property owned by the decedent, such property would be includible in the decedent's gross estate under sections 2035 to 2038, inclusive. For purposes of this paragraph (2), the power of appointment shall be considered to exist on the date of the decedent's death even though the exercise of the power is subject to a precedent giving of notice or even though the exercise of the power takes effect only on the expiration of a stated period after its exercise, whether or not on or before the date of the decedent's death notice has been given or the power has been exercised.

(3) Creation of another power in certain cases.--To the extent of any property with respect to which the decedent--

(A) by will, or

(B) by a disposition which is of such nature that if it were a transfer of property owned by the decedent such property would be includible in the decedent's gross estate under section 2035, 2036, or 2037,

exercises a power of appointment created after October 21, 1942, by creating another power of appointment which under the applicable local law can be validly exercised so as to postpone the vesting of any estate or interest in such property, or suspend the absolute ownership or power of alienation of such property, for a period ascertainable without regard to the date of the creation of the first power.

(b) Definitions.--For purposes of subsection (a)--

(1) General power of appointment.--The term "general power of appointment" means a power which is exercisable in favor of the

decedent, his estate, his creditors, or the creditors of his estate; except that--

(A) A power to consume, invade, or appropriate property for the benefit of the decedent which is limited by an ascertainable standard relating to the health, education, support, or maintenance of the decedent shall not be deemed a general power of appointment.

(B) A power of appointment created on or before October 21, 1942, which is exercisable by the decedent only in conjunction with another person shall not be deemed a general power of appointment.

(C) In the case of a power of appointment created after October 21, 1942, which is exercisable by the decedent only in conjunction with another person--

(i) If the power is not exercisable by the decedent except in conjunction with the creator of the power--such power shall not be deemed a general power of appointment.

(ii) If the power is not exercisable by the decedent except in conjunction with a person having a substantial interest in the property, subject to the power, which is adverse to exercise of the power in favor of the decedent--such power shall not be deemed a general power of appointment. For the purposes of this clause a person who, after the death of the decedent, may be possessed of a power of appointment (with respect to the property subject to the decedent's power) which he may exercise in his own favor shall be deemed as having an interest in the property and such interest shall be deemed adverse to such exercise of the decedent's power.

(iii) If (after the application of clauses (i) and (ii)) the power is a general power of appointment and is exercisable in favor of such other person--such power shall be deemed a general power of appointment only in respect of a fractional part of the property subject to such power, such part to be determined by dividing the value of such property by the number of such persons (including the decedent) in favor of whom such power is exercisable.

For purposes of clauses (ii) and (iii), a power shall be deemed to be exercisable in favor of a person if it is exercisable in favor of such person, his estate, his creditors, or the creditors of his estate.

(2) Lapse of power.--The lapse of a power of appointment created after

October 21, 1942, during the life of the individual possessing the power shall be considered a release of such power. The preceding sentence shall apply with respect to the lapse of powers during any calendar year only to the extent that the property, which could have been appointed by exercise of such lapsed powers, exceeded in value, at the time of such lapse, the greater of the following amounts:

(A) \$5,000, or

(B) 5 percent of the aggregate value, at the time of such lapse, of the assets out of which, or the proceeds of which, the exercise of the lapsed powers could have been satisfied.

(3) Date of creation of power.--For purposes of this section, a power of appointment created by a will executed on or before October 21, 1942, shall be considered a power created on or before such date if the person executing such will dies before July 1, 1949, without having republished such will, by codicil or otherwise, after October 21, 1942.

§ 2042. Proceeds of Life Insurance. The value of the gross estate shall include the value of all property--

(1) Receivable by the executor.--To the extent of the amount receivable by the executor as insurance under policies on the life of the decedent.

(2) Receivable by other beneficiaries.--To the extent of the amount receivable by all other beneficiaries as insurance under policies on the life of the decedent with respect to which the decedent possessed at his death any of the incidents of ownership, exercisable either alone or in conjunction with any other person. For purposes of the preceding sentence, the term "incident of ownership" includes a reversionary interest (whether arising by the express terms of the policy or other instrument or by operation of law) only if the value of such reversionary interest exceeded 5 percent of the value of the policy immediately before the death of the decedent. As used in this paragraph, the term "reversionary interest" includes a possibility that the policy, or the proceeds of the policy, may return to the decedent or his estate, or may be subject to a power of disposition by him. The value of a reversionary interest at any time shall be determined (without regard to the fact of the decedent's death) by usual methods of valuation, including the use of tables of mortality and actuarial principles, pursuant to regulations prescribed by the Secretary. In determining the

value of a possibility that the policy or proceeds thereof may be subject to a power of disposition by the decedent, such possibility shall be valued as if it were a possibility that such policy or proceeds may return to the decedent or his estate.

§ 2043. Transfers for Insufficient Consideration. (a) In general.--If any one of the transfers, trusts, interests, rights, or powers enumerated and described in sections 2035 to 2038, inclusive, and section 2041 is made, created, exercised, or relinquished for a consideration in money or money's worth, but is not a bona fide sale for an adequate and full consideration in money or money's worth, there shall be included in the gross estate only the excess of the fair market value at the time of death of the property otherwise to be included on account of such transaction, over the value of the consideration received therefor by the decedent.

(b) Marital rights not treated as consideration.--

(1) In general.--For purposes of this chapter, a relinquishment or promised relinquishment of dower or curtesy, or of a statutory estate created in lieu of dower or curtesy, or of other marital rights in the decedent's property or estate, shall not be considered to any extent a consideration "in money or money's worth".

(2) Exception.--For purposes of section 2053 (relating to expenses, indebtedness, and taxes), a transfer of property which satisfies the requirements of paragraph (1) of section 2516 (relating to certain property settlements) shall be considered to be made for an adequate and full consideration in money or money's worth.

§ 2044. Certain Property for Which Marital Deduction Was Previously Allowed. (a) General rule.--The value of the gross estate shall include the value of any property to which this section applies in which the decedent had a qualifying income interest for life.

(b) Property to which this section applies.--This section applies to any property if--

(1) a deduction was allowed with respect to the transfer of such property to the decedent--

(A) under section 2056 by reason of subsection (b)(7) thereof, or

(B) under section 2523 by reason of subsection (f) thereof, and

(2) section 2519 (relating to dispositions of certain life estates) did not apply with respect to a disposition by the decedent of part or

all of such property.

(c) Property treated as having passed from decedent.--For purposes of this chapter and chapter 13, property includible in the gross estate of the decedent under subsection (a) shall be treated as property passing from the decedent.

§ 2045. Prior Interests. Except as otherwise specifically provided by law, sections 2034 to 2042, inclusive, shall apply to the transfers, trusts, estates, interests, rights, powers, and relinquishment of powers, as severally enumerated and described therein, whenever made, created, arising, existing, exercised, or relinquished.

§ 2046. Disclaimers. For provisions relating to the effect of a qualified disclaimer for purposes of this chapter, see section 2518.

§ 2053. Expenses, indebtedness, and taxes. (a) General rule.--For purposes of the tax imposed by section 2001, the value of the taxable estate shall be determined by deducting from the value of the gross estate such amounts--

- (1) for funeral expenses,
- (2) for administration expenses,
- (3) for claims against the estate, and
- (4) for unpaid mortgages on, or any indebtedness in respect of, property where the value of the decedent's interest therein, undiminished by such mortgage or indebtedness, is included in the value of the gross estate,

as are allowable by the laws of the jurisdiction, whether within or without the United States, under which the estate is being administered.

(b) Other administration expenses.--Subject to the limitations in paragraph (1) of subsection (c), there shall be deducted in determining the taxable estate amounts representing expenses incurred in administering property not subject to claims which is included in the gross estate to the same extent such amounts would be allowable as a deduction under subsection (a) if such property were subject to claims, and such amounts are paid before the expiration of the period of limitation for assessment provided in section 6501.

(c) Limitations.--

(1) Limitations applicable to subsections (a) and (b).--

(A) Consideration for claims.--The deduction allowed by this section

in the case of claims against the estate, unpaid mortgages, or any indebtedness shall, when founded on a promise or agreement, be limited to the extent that they were contracted bona fide and for an adequate and full consideration in money or money's worth; except that in any case in which any such claim is founded on a promise or agreement of the decedent to make a contribution or gift to or for the use of any donee described in section 2055 for the purposes specified therein, the deduction for such claims shall not be so limited, but shall be limited to the extent that it would be allowable as a deduction under section 2055 if such promise or agreement constituted a bequest.

(B) Certain taxes.--Any income taxes on income received after the death of the decedent, or property taxes not accrued before his death, or any estate, succession, legacy, or inheritance taxes, shall not be deductible under this section.

(C) Certain claims by remaindermen.--No deduction shall be allowed under this section for a claim against the estate by a remainderman relating to any property described in section 2044.

(D) Section 6166 interest.--No deduction shall be allowed under this section for any interest payable under section 6601 on any unpaid portion of the tax imposed by section 2001 for the period during which an extension of time for payment of such tax is in effect under section 6166.

(2) Limitations applicable only to subsection (a).--In the case of the amounts described in subsection (a), there shall be disallowed the amount by which the deductions specified therein exceed the value, at the time of the decedent's death, of property subject to claims, except to the extent that such deductions represent amounts paid before the date prescribed for the filing of the estate tax return. For purposes of this section, the term "property subject to claims" means property includible in the gross estate of the decedent which, or the avails of which, would under the applicable law, bear the burden of the payment of such deductions in the final adjustment and settlement of the estate, except that the value of the property shall be reduced by the amount of the deduction under section 2054 attributable to such property.

(d) Certain foreign death taxes.--

(1) In general.--Notwithstanding the provisions of subsection (c)(1)(B), for purposes of the tax imposed by section 2001, the value of

the taxable estate may be determined, if the executor so elects before the expiration of the period of limitation for assessment provided in section 6501, by deducting from the value of the gross estate the amount (as determined in accordance with regulations prescribed by the Secretary) of any estate, succession, legacy, or inheritance tax imposed by and actually paid to any foreign country, in respect of any property situated within such foreign country and included in the gross estate of a citizen or resident of the United States, upon a transfer by the decedent for public, charitable, or religious uses described in section 2055. The determination under this paragraph of the country within which property is situated shall be made in accordance with the rules applicable under subchapter B (sec. 2101 and following) in determining whether property is situated within or without the United States. Any election under this paragraph shall be exercised in accordance with regulations prescribed by the Secretary.

(2) Condition for allowance of deduction.--No deduction shall be allowed under paragraph (1) for a foreign death tax specified therein unless the decrease in the tax imposed by section 2001 which results from the deduction provided in paragraph (1) will inure solely for the benefit of the public, charitable, or religious transferees described in section 2055 or section 2106(a)(2). In any case where the tax imposed by section 2001 is equitably apportioned among all the transferees of property included in the gross estate, including those described in sections 2055 and 2106(a)(2) (taking into account any exemptions, credits, or deductions allowed by this chapter), in determining such decrease, there shall be disregarded any decrease in the Federal estate tax which any transferees other than those described in sections 2055 and 2106(a)(2) are required to pay.

(3) Effect on credit for foreign death taxes of deduction under this subsection.--

(A) Election.--An election under this subsection shall be deemed a waiver of the right to claim a credit, against the Federal estate tax, under a death tax convention with any foreign country for any tax or portion thereof in respect of which a deduction is taken under this subsection.

(B) Cross reference.--

See section 2011(d) for the effect of a deduction taken under this paragraph on the credit for foreign death taxes.

(e) Marital rights.--

For provisions treating certain relinquishments of marital rights as consideration in money or money's worth, see section 2043(b)(2).

§ 2054. Losses. For purposes of the tax imposed by section 2001, the value of the taxable estate shall be determined by deducting from the value of the gross estate losses incurred during the settlement of estates arising from fires, storms, shipwrecks, or other casualties, or from theft, when such losses are not compensated for by insurance or otherwise.

§ 2055. Transfers for public, charitable, and religious uses.

(a) In general.--For purposes of the tax imposed by section 2001, the value of the taxable estate shall be determined by deducting from the value of the gross estate the amount of all bequests, legacies, devises, or transfers--

(1) to or for the use of the United States, any State, any political subdivision thereof, or the District of Columbia, for exclusively public purposes;

(2) to or for the use of any corporation organized and operated exclusively for religious, charitable, scientific, literary, or educational purposes, including the encouragement of art, or to foster national or international amateur sports competition (but only if no part of its activities involve the provision of athletic facilities or equipment), and the prevention of cruelty to children or animals, no part of the net earnings of which inures to the benefit of any private stockholder or individual, which is not disqualified for tax exemption under section 501(c)(3) by reason of attempting to influence legislation, and which does not participate in, or intervene in (including the publishing or distributing of statements), any political campaign on behalf of (or in opposition to) any candidate for public office;

(3) to a trustee or trustees, or a fraternal society, order, or association operating under the lodge system, but only if such contributions or gifts are to be used by such trustee or trustees, or by such fraternal society, order, or association, exclusively for

religious, charitable, scientific, literary, or educational purposes, or for the prevention of cruelty to children or animals, such trust, fraternal society, order, or association would not be disqualified for tax exemption under section 501(c)(3) by reason of attempting to influence legislation, and such trustee or trustees, or such fraternal society, order, or association, does not participate in, or intervene in (including the publishing or distributing of statements), any political campaign on behalf of (or in opposition to) any candidate for public office;

(4) to or for the use of any veterans' organization incorporated by Act of Congress, or of its departments or local chapters or posts, no part of the net earnings of which inures to the benefit of any private shareholder or individual; or

(5) to an employee stock ownership plan if such transfer qualifies as a qualified gratuitous transfer of qualified employer securities within the meaning of section 664(g).

For purposes of this subsection, the complete termination before the date prescribed for the filing of the estate tax return of a power to consume, invade, or appropriate property for the benefit of an individual before such power has been exercised by reason of the death of such individual or for any other reason shall be considered and deemed to be a qualified disclaimer with the same full force and effect as though he had filed such qualified disclaimer. Rules similar to the rules of section 501(j) shall apply for purposes of paragraph (2).

(b) Powers of appointment.--Property includible in the decedent's gross estate under section 2041 (relating to powers of appointment) received by a donee described in this section shall, for purposes of this section, be considered a bequest of such decedent.

(c) Death taxes payable out of bequests.--If the tax imposed by section 2001, or any estate, succession, legacy, or inheritance taxes, are, either by the terms of the will, by the law of the jurisdiction under which the estate is administered, or by the law of the jurisdiction imposing the particular tax, payable in whole or in part out of the bequests, legacies, or devises otherwise deductible under this section, then the amount deductible under this section shall be the amount of such bequests, legacies, or devises reduced by the amount of

such taxes.

(d) Limitation on deduction.--The amount of the deduction under this section for any transfer shall not exceed the value of the transferred property required to be included in the gross estate.

(e) Disallowance of deductions in certain cases.--

(1) No deduction shall be allowed under this section for a transfer to or for the use of an organization or trust described in section 508(d) or 4948(c)(4) subject to the conditions specified in such sections.

(2) Where an interest in property (other than an interest described in section 170(f)(3)(B)) passes or has passed from the decedent to a person, or for a use, described in subsection (a), and an interest (other than an interest which is extinguished upon the decedent's death) in the same property passes or has passed (for less than an adequate and full consideration in money or money's worth) from the decedent to a person, or for a use, not described in subsection (a), no deduction shall be allowed under this section for the interest which passes or has passed to the person, or for the use, described in subsection (a) unless--

(A) in the case of a remainder interest, such interest is in a trust which is a charitable remainder annuity trust or a charitable remainder unitrust (described in section 664) or a pooled income fund (described in section 642(c)(5)), or

(B) in the case of any other interest, such interest is in the form of a guaranteed annuity or is a fixed percentage distributed yearly of the fair market value of the property (to be determined yearly).

(3) Reformation to comply with paragraph (2).--

(A) In general.--A deduction shall be allowed under subsection (a) in respect of any qualified reformation.

(B) Qualified reformation.--For purposes of this paragraph, the term "qualified reformation" means a change of a governing instrument by reformation, amendment, construction, or otherwise which changes a reformable interest into a qualified interest but only if--

(II) the actuarial value (as so determined) of the reformable interest,

does not exceed 5 percent of the actuarial value (as so determined) of the reformable interest,

(ii) in the case of--

(I) a charitable remainder interest, the nonremainder interest (before and after the qualified reformation) terminated at the same time, or

(II) any other interest, the reformable interest and the qualified interest are for the same period, and

(iii) such change is effective as of the date of the decedent's death.

A nonremainder interest (before reformation) for a term of years in excess of 20 years shall be treated as satisfying subclause (I) of clause (ii) if such interest (after reformation) is for a term of 20 years.

(C) Reformable interest.--For purposes of this paragraph--

(i) In general.--The term "reformable interest" means any interest for which a deduction would be allowable under subsection (a) at the time of the decedent's death but for paragraph (2).

(ii) Beneficiary's interest must be fixed.--The term "reformable interest" does not include any interest unless, before the remainder vests in possession, all payments to persons other than an organization described in subsection (a) are expressed either in specified dollar amounts or a fixed percentage of the fair market value of the property. For purposes of determining whether all such payments are expressed as a fixed percentage of the fair market value of the property, section 664(d)(3) shall be taken into account.

(iii) Special rule where timely commencement of reformation.--Clause (ii) shall not apply to any interest if a judicial proceeding is commenced to change such interest into a qualified interest not later than the 90th day after--

For purposes of the preceding sentence, the term "wholly charitable trust" means a charitable trust which, upon the allowance of a deduction, would be described in section 4947(a)(1).

(G) Statute of limitations.--The period for assessing any deficiency of any tax attributable to the application of this paragraph shall not expire before the date 1 year after the date on which the Secretary is notified that such reformation (or other proceeding pursuant to subparagraph (J)1 has occurred.

(i) declared null and void ab initio, or

(ii) changed by reformation, amendment, or otherwise to meet such requirement by reducing the payout rate or the duration (or both) of any noncharitable beneficiary's interest to the extent necessary to satisfy such requirement,

pursuant to a proceeding that is commenced within the period required in subparagraph (C)(iii). In a case described in clause (i), no deduction shall be allowed under this title for any transfer to the trust and any transactions entered into by the trust prior to being declared void shall be treated as entered into by the transferor.

(4) Works of art and their copyrights treated as separate properties in certain cases.--

§ 2056. Bequests, etc., to surviving spouse. (a) Allowance of marital deduction.--For purposes of the tax imposed by section 2001, the value of the taxable estate shall, except as limited by subsection (b), be determined by deducting from the value of the gross estate an amount equal to the value of any interest in property which passes or has passed from the decedent to his surviving spouse, but only to the extent that such interest is included in determining the value of the gross estate.

(b) Limitation in the case of life estate or other terminable interest.--

(1) General rule.--Where, on the lapse of time, on the occurrence of an event or contingency, or on the failure of an event or contingency to occur, an interest passing to the surviving spouse will terminate or fail, no deduction shall be allowed under this section with respect to such interest--

(A) if an interest in such property passes or has passed (for less than an adequate and full consideration in money or money's worth) from

the decedent to any person other than such surviving spouse (or the estate of such spouse); and

(B) if by reason of such passing such person (or his heirs or assigns) may possess or enjoy any part of such property after such termination or failure of the interest so passing to the surviving spouse;

and no deduction shall be allowed with respect to such interest (even if such deduction is not disallowed under subparagraphs (A) and (B))--

(C) if such interest is to be acquired for the surviving spouse, pursuant to directions of the decedent, by his executor or by the trustee of a trust.

For purposes of this paragraph, an interest shall not be considered as an interest which will terminate or fail merely because it is the ownership of a bond, note, or similar contractual obligation, the discharge of which would not have the effect of an annuity for life or for a term.

(2) Interest in unidentified assets.--Where the assets (included in the decedent's gross estate) out of which, or the proceeds of which, an interest passing to the surviving spouse may be satisfied include a particular asset or assets with respect to which no deduction would be allowed if such asset or assets passed from the decedent to such spouse, then the value of such interest passing to such spouse shall, for purposes of subsection (a), be reduced by the aggregate value of such particular assets.

(3) Interest of spouse conditional on survival for limited period.--For purposes of this subsection, an interest passing to the surviving spouse shall not be considered as an interest which will terminate or fail on the death of such spouse if--

(A) such death will cause a termination or failure of such interest only if it occurs within a period not exceeding 6 months after the decedent's death, or only if it occurs as a result of a common disaster resulting in the death of the decedent and the surviving spouse, or only if it occurs in the case of either such event; and

(B) such termination or failure does not in fact occur.

(4) Valuation of interest passing to surviving spouse.--In determining for purposes of subsection (a) the value of any interest in property

passing to the surviving spouse for which a deduction is allowed by this section--

(A) there shall be taken into account the effect which the tax imposed by section 2001, or any estate, succession, legacy, or inheritance tax, has on the net value to the surviving spouse of such interest; and

(B) where such interest or property is encumbered in any manner, or where the surviving spouse incurs any obligation imposed by the decedent with respect to the passing of such interest, such encumbrance or obligation shall be taken into account in the same manner as if the amount of a gift to such spouse of such interest were being determined.

(5) Life estate with power of appointment in surviving spouse.--In the case of an interest in property passing from the decedent, if his surviving spouse is entitled for life to all the income from the entire interest, or all the income from a specific portion thereof, payable annually or at more frequent intervals, with power in the surviving spouse to appoint the entire interest, or such specific portion (exercisable in favor of such surviving spouse, or of the estate of such surviving spouse, or in favor of either, whether or not in each case the power is exercisable in favor of others), and with no power in any other person to appoint any part of the interest, or such specific portion, to any person other than the surviving spouse--

(A) the interest or such portion thereof so passing shall, for purposes of subsection (a), be considered as passing to the surviving spouse, and

(B) no part of the interest so passing shall, for purposes of paragraph (1)(A), be considered as passing to any person other than the surviving spouse.

This paragraph shall apply only if such power in the surviving spouse to appoint the entire interest, or such specific portion thereof, whether exercisable by will or during life, is exercisable by such spouse alone and in all events.

(6) Life insurance or annuity payments with power of appointment in surviving spouse.--In the case of an interest in property passing from the decedent consisting of proceeds under a life insurance, endowment, or annuity contract, if under the terms of the contract such proceeds are payable in installments or are held by the insurer subject to an

agreement to pay interest thereon (whether the proceeds, on the termination of any interest payments, are payable in a lump sum or in annual or more frequent installments), and such installment or interest payments are payable annually or at more frequent intervals, commencing not later than 13 months after the decedent's death, and all amounts, or a specific portion of all such amounts, payable during the life of the surviving spouse are payable only to such spouse, and such spouse has the power to appoint all amounts, or such specific portion, payable under such contract (exercisable in favor of such surviving spouse, or of the estate of such surviving spouse, or in favor of either, whether or not in each case the power is exercisable in favor of others), with no power in any other person to appoint such amounts to any person other than the surviving spouse--

(A) such amounts shall, for purposes of subsection (a), be considered as passing to the surviving spouse, and

(B) no part of such amounts shall, for purposes of paragraph (1)(A), be considered as passing to any person other than the surviving spouse.

This paragraph shall apply only if, under the terms of the contract, such power in the surviving spouse to appoint such amounts, whether exercisable by will or during life, is exercisable by such spouse alone and in all events.

(7) Election with respect to life estate for surviving spouse.--

(A) In general.--In the case of qualified terminable interest property--

(I) the surviving spouse is entitled to all the income from the property, payable annually or at more frequent intervals, or has a usufruct interest for life in the property, and

(II) no person has a power to appoint any part of the property to any person other than the surviving spouse.

Subclause (II) shall not apply to a power exercisable only at or after the death of the surviving spouse. To the extent provided in regulations, an annuity shall be treated in a manner similar to an income interest in property (regardless of whether the property from which the annuity is payable can be separately identified).

(iii) Property includes interest therein.--The term "property" includes an interest in property.

(iv) Specific portion treated as separate property.--A specific portion of property shall be treated as separate property.

(v) Election.--An election under this paragraph with respect to any property shall be made by the executor on the return of tax imposed by section 2001. Such an election, once made, shall be irrevocable.

(C) Treatment of survivor annuities.--In the case of an annuity included in the gross estate of the decedent under section 2039 (or, in the case of an interest in an annuity arising under the community property laws of a State, included in the gross estate of the decedent under section 2033) where only the surviving spouse has the right to receive payments before the death of such surviving spouse--

(i) the interest of such surviving spouse shall be treated as a qualifying income interest for life, and

(ii) the executor shall be treated as having made an election under this subsection with respect to such annuity unless the executor otherwise elects on the return of tax imposed by section 2001.

An election under clause (ii), once made, shall be irrevocable.

(8) Special rule for charitable remainder trusts.--

(A) In general.--If the surviving spouse of the decedent is the only beneficiary of a qualified charitable remainder trust who is not a charitable beneficiary nor an ESOP beneficiary, paragraph (1) shall not

apply to any interest in such trust which passes or has passed from the decedent to such surviving spouse.

(B) Definitions.--For purposes of subparagraph (A)--

(i) Charitable beneficiary.--The term "charitable beneficiary" means any beneficiary which is an organization described in section 170(c).

(ii) ESOP beneficiary.--The term "ESOP beneficiary" means any beneficiary which is an employee stock ownership plan (as defined in section 4975(e)(7)) that holds a remainder interest in qualified employer securities (as defined in section 664(g)(4)) to be transferred to such plan in a qualified gratuitous transfer (as defined in section 664(g)(1)).

(iii) Qualified charitable remainder trust.--The term "qualified charitable remainder trust" means a charitable remainder annuity trust or a charitable remainder unitrust (described in section 664).

(9) Denial of double deduction.--Nothing in this section or any other provision of this chapter shall allow the value of any interest in property to be deducted under this chapter more than once with respect to the same decedent.

(10) Specific portion.--For purposes of paragraphs (5), (6), and (7)(B)(iv), the term "specific portion" only includes a portion determined on a fractional or percentage basis.

(c) Definition.--For purposes of this section, an interest in property shall be considered as passing from the decedent to any person if and only if--

(1) such interest is bequeathed or devised to such person by the decedent;

(2) such interest is inherited by such person from the decedent;

(3) such interest is the dower or curtesy interest (or statutory interest in lieu thereof) of such person as surviving spouse of the decedent;

(4) such interest has been transferred to such person by the decedent at any time;

such interest to such person, or if such person takes such interest in default on the release or nonexercise of such power; or

(7) such interest consists of proceeds of insurance on the life of the decedent receivable by such person.

Except as provided in paragraph (5) or (6) of subsection (b), where at the time of the decedent's death it is not possible to ascertain the particular person or persons to whom an interest in property may pass from the decedent, such interest shall, for purposes of subparagraphs (A) and (B) of subsection (b)(1), be considered as passing from the decedent to a person other than the surviving spouse.

the commercial banking business, shall, for purposes of this subchapter, be deemed property within the United States. This subsection shall not apply to a debt obligation to which section 2105(b) applies.

§ 2105. Property Without the United States. (a) Proceeds of life insurance.--For purposes of this subchapter, the amount receivable as insurance on the life of a nonresident not a citizen of the United States shall not be deemed property within the United States.

(b) Bank deposits and certain other debt obligations.--For purposes of this subchapter, the following shall not be deemed property within the United States--

(1) amounts described in section 871(i)(3), if any interest thereon would not be subject to tax by reason of section 871(i)(1) were such interest received by the decedent at the time of his death,

(2) deposits with a foreign branch of a domestic corporation or domestic partnership, if such branch is engaged in the commercial banking business,

(3) debt obligations, if, without regard to whether a statement meeting the requirements of section 871(h)(5) has been received, any interest thereon would be eligible for the exemption from tax under section 871(h)(1) were such interest received by the decedent at the time of his death, and

(4) obligations which would be original issue discount obligations as defined in section 871(g)(1) but for subparagraph (B)(i) thereof, if any interest thereon (were such interest received by the decedent at the time of his death) would not be effectively connected with the conduct of a trade or business within the United States.

Notwithstanding the preceding sentence, if any portion of the interest on an obligation referred to in paragraph (3) would not be eligible for the exemption referred to in paragraph (3) by reason of section 871(h)(4) if the interest were received by the decedent at the time of his death, then an appropriate portion (as determined in a manner prescribed by the Secretary) of the value (as determined for purposes of this chapter) of such debt obligation shall be deemed property within the United States.

(b) Exclusions from gifts. (1) In general.--In the case of gifts (other than gifts of future interests in property) made to any person by the donor during the calendar year, the first \$10,000 of such gifts to such person shall not, for purposes of subsection (a), be included in the total amount of gifts made during such year. Where there has been a transfer to any person of a present interest in property, the possibility that such interest may be diminished by the exercise of a power shall be disregarded in applying this subsection, if no part of such interest will at any time pass to any other person.

(2) Inflation adjustment.--In the case of gifts made in a calendar year after 1998, the \$10,000 amount contained in paragraph (1) shall be increased by an amount equal to--

Subject to the limitations contained in this chapter, the tax imposed by section 2501 shall apply whether the transfer is in trust or otherwise, whether the gift is direct or indirect, and whether the property is real or personal, tangible or intangible; but in the case of a nonresident not a citizen of the United States, shall apply to a transfer only if the property is situated within the United States.

(b) Where property is transferred for less than an adequate and full consideration in money or money's worth, then the amount by which the value of the property exceeded the value of the consideration shall be deemed a gift, and shall be included in computing the amount of gifts made during the calendar year.

§ 2513. Gift by husband or wife to third party. (a) Considered as made one-half by each. (1) In general. A gift made by one spouse to any person other than his spouse shall, for the purposes of this chapter, be considered as made one-half by him and one-half by his spouse, but only if at the time of the gift each spouse is a citizen or resident of the United States. This paragraph shall not apply with respect to a gift by a spouse of an interest in property if he creates in his spouse a general power of appointment, as defined in section 2514(c), over such interest. For purposes of this section, an individual shall be considered as the spouse of another individual only if he is married to such individual at the time of the gift and does not remarry during the remainder of the calendar year.

(2) Consent of both spouses. Paragraph (1) shall apply only if both spouses have signified (under the regulations provided for in subsection (b)) their consent to the application of paragraph (1) in the case of all such gifts made during the calendar year by either while married to the other.

(b) Manner and time of signifying consent. (1) Manner. A consent under this section shall be signified in such manner as is provided under regulations prescribed by the Secretary.

(2) Time. Such consent may be so signified at any time after the close of the calendar year in which the gift was made, subject to the following limitations-

--(A) The consent may not be signified after the 15th day of April following the close of such year, unless before such 15th day no return has been filed for such year by either spouse, in which case the consent may not be signified after a return for such year is filed by either spouse.

--(B) The consent may not be signified after a notice of deficiency with respect to the tax for such year has been sent to either spouse in accordance with section 6212(a).

(c) Revocation of consent. Revocation of a consent previously signified shall be made in such manner as is provided under regulations prescribed by the Secretary, but the right to revoke a consent previously signified with respect to a calendar year-

(2) shall not exist if the consent was not signified until after such 15th day.

(d) Joint and several liability for tax. If the consent required by subsection (a)(2) is signified with respect to a gift made in any calendar year, the liability with respect to the entire tax imposed by this chapter of each spouse for such year shall be joint and several.

§ 2514. Powers of appointment. (a) Powers created on or before October 21, 1942. An exercise of a general power of appointment created on or before October 21, 1942, shall be deemed a transfer of property by the individual possessing such power; but the failure to exercise such a power or the complete release of such a power shall not be deemed an exercise thereof. If a general power of appointment created on or before

October 21, 1942, has been partially released so that it is no longer a general power of appointment, the subsequent exercise of such power shall not be deemed to be the exercise of a general power of appointment if-

(1) such partial release occurred before November 1, 1951, or

(2) the donee of such power was under a legal disability to release such power on October 21, 1942, and such partial release occurred not later than six months after the termination of such legal disability.

(b) Powers created after October 21, 1942. The exercise or release of a general power of appointment created after October 21, 1942, shall be deemed a transfer of property by the individual possessing such power.

(c) Definition of general power of appointment. For purposes of this section, the term "general power of appointment" means a power which is exercisable in favor of the individual possessing the power (hereafter in this subsection referred to as the "possessor"), his estate, his creditors, or the creditors of his estate; except that-

(2) A power of appointment created on or before October 21, 1942, which is exercisable by the possessor only in conjunction with another person shall not be deemed a general power of appointment.

(3) In the case of a power of appointment created after October 21, 1942, which is exercisable by the possessor only in conjunction with another person-

--(A) if the power is not exercisable by the possessor except in conjunction with the creator of the power-such power shall not be deemed a general power of appointment;

--(B) if the power is not exercisable by the possessor except in conjunction with a person having a substantial interest, in the property subject to the power, which is adverse to exercise of the power in favor of the possessor-such power shall not be deemed a general power of appointment. For the purposes of this subparagraph a person who, after the death of the possessor, may be possessed of a power of appointment (with respect to the property subject to the possessor's power) which he may exercise in his own favor shall be deemed as having an interest in

the property and such interest shall be deemed adverse to such exercise of the possessor's power;

--(C) if (after the application of subparagraphs (A) and (B)) the power is a general power of appointment and is exercisable in favor of such other person-such power shall be deemed a general power of appointment only in respect of a fractional part of the property subject to such power, such part to be determined by dividing the value of such property by the number of such persons (including the possessor) in favor of whom such power is exercisable.

--For purposes of subparagraphs (B) and (C), a power shall be deemed to be exercisable in favor of a person if it is exercisable in favor of such person, his estate, his creditors, or the creditors of his estate.

(d) Creation of another power in certain cases. If a power of appointment created after October 21, 1942, is exercised by creating another power of appointment which, under the applicable local law, can be validly exercised so as to postpone the vesting of any estate or interest in the property which was subject to the first power, or suspend the absolute ownership or power of alienation of such property, for a period ascertainable without regard to the date of the creation of the first power, such exercise of the first power shall, to the extent of the property subject to the second power, be deemed a transfer of property by the individual possessing such power.

(e) Lapse of power. The lapse of a power of appointment created after October 21, 1942, during the life of the individual possessing the power shall be considered a release of such power. The rule of the preceding sentence shall apply with respect to the lapse of powers during any calendar year only to the extent that the property which could have been appointed by exercise of such lapsed powers exceeds in value the greater of the following amounts:

(1) \$5,000, or

(2) 5 percent of the aggregate value of the assets out of which, or the proceeds of which, the exercise of the lapsed powers could be satisfied.

(f) Date of creation of power. For purposes of this section a power of appointment created by a will executed on or before October 21, 1942, shall be considered a power created on or before such date if the person executing such will dies before July 1, 1949, without having republished

such will, by codicil or otherwise, after October 21, 1942.

§ 2516. Certain property settlements. Where a husband and wife enter into a written agreement relative to their marital and property rights and divorce occurs within the 3-year period beginning on the date 1 year before such agreement is entered into (whether or not such agreement is approved by the divorce decree), any transfers of property or interests in property made pursuant to such agreement-

(1) to either spouse in settlement of his or her marital or property rights, or

(2) to provide a reasonable allowance for the support of issue of the marriage during minority,

--shall be deemed to be transfers made for a full and adequate consideration in money or money's worth.

§ 2518. Disclaimers. (a) General Rule. - For purposes of this subtitle, if a person makes a qualified disclaimer with respect to any interest in property, this subtitle shall apply with respect to such interest as if the interest had never been transferred to such person.

(b) Qualified Disclaimer Defined. - For purposes of subsection (a), the term "qualified disclaimer" means an irrevocable and unqualified refusal by a person to accept an interest in property but only if -

(1) such refusal is in writing,

(2) such writing is received by the transferor of the interest, his legal representative, or the holder of the legal title to the property to which the interest relates not later than the date which is 9 months after the later of -

(A) the date on which the transfer creating the interest in such person is made, or

(B) the day on which such person attains age 21,

(3) such person has not accepted the interest or any of its benefits, and

(4) as a result of such refusal, the interest passes without any direction on the part of the person making the disclaimer and passes either -

(A) to the spouse of the decedent, or

(B) to a person other than the person making the disclaimer.

(c) Other rules. For purposes of subsection (a)-

--shall be treated as a qualified disclaimer.

§ 2519. Dispositions of certain life estates. (a) General rule

--For purposes of this chapter and chapter 11, any disposition of all or part of a qualifying income interest for life in any property to which this section applies shall be treated as a transfer of all interests in such property other than the qualifying income interest.

(1) under section 2056 by reason of subsection (b)(7) thereof, or

(2) under section 2523 by reason of subsection (f) thereof.

(c) Cross reference

§ 2522. Charitable and similar gifts. (a) Citizens or residents. In computing taxable gifts for the calendar year, there shall be allowed as a deduction in the case of a citizen or resident the amount of all gifts made during such year to or for the use of-

(1) the United States, any State, or any political subdivision thereof, or the District of Columbia, for exclusively public purposes;

(2) a corporation, or trust, or community chest, fund, or foundation, organized and operated exclusively for religious, charitable, scientific, literary, or educational purposes, or to foster national or international amateur sports competition (but only if no part of its activities involve the provision of athletic facilities or equipment),

A deduction shall be allowed under subsection (a) in respect of any transfer of a qualified real property interest (as defined in section 170(h)(2)(C)) which meets the requirements of section 170(h) (without regard to paragraph (4)(A) thereof).

(e) Special rules for fractional gifts

(1) Denial of deduction in certain cases

(A) In general

--No deduction shall be allowed for a contribution of an undivided portion of a taxpayer's entire interest in tangible personal property unless all interests in the property are held immediately before such contribution by-

--(i) the taxpayer, or

--(ii) the taxpayer and the donee.

(B) Exceptions

--The Secretary may, by regulation, provide for exceptions to subparagraph (A) in cases where all persons who hold an interest in the property make proportional contributions of an undivided portion of the entire interest held by such persons.

(2) Recapture of deduction in certain cases; addition to tax

(A) In general. The Secretary shall provide for the recapture of an amount equal to any deduction allowed under this section (plus interest) with respect to any contribution of an undivided portion of a taxpayer's entire interest in tangible personal property-

--(i) in any case in which the donor does not contribute all of the remaining interests in such property to the donee (or, if such donee is no longer in existence, to any person described in section 170(c)) on or before the earlier of-

--(I) the date that is 10 years after the date of the initial fractional contribution, or

--(II) the date of the death of the donor, and

--(ii) in any case in which the donee has not, during the period beginning on the date of the initial fractional contribution and ending on the date described in clause (i)-

--(I) had substantial physical possession of the property, and

--(II) used the property in a use which is related to a purpose or function constituting the basis for the organizations' exemption under section 501.

(B) Addition to tax. The tax imposed under this chapter for any taxable year for which there is a recapture under subparagraph (A) shall be increased by 10 percent of the amount so recaptured.

(C) Initial fractional contribution. For purposes of this paragraph, the term "initial fractional contribution" means, with respect to any donor, the first gift of an undivided portion of the donor's entire interest in any tangible personal property for which a deduction is allowed under subsection (a) or (b).

(f) Cross references

--(1) For treatment of certain organizations providing child care, see section 501(k).

--(2) For exemption of certain gifts to or for the benefit of the United

States and for rules of construction with respect to certain bequests, see section 2055(f).

--(3) For treatment of gifts to or for the use of Indian tribal governments (or their subdivisions), see section 7871.

§ 2523. Gift to spouse (a) Allowance of deduction. Where a donor transfers during the calendar year by gift an interest in property to a donee who at the time of the gift is the donor's spouse, there shall be allowed as a deduction in computing taxable gifts for the calendar year an amount with respect to such interest equal to its value.

(b) Life estate or other terminable interest. Where, on the lapse of time, on the occurrence of an event or contingency, or on the failure of an event or contingency to occur, such interest transferred to the spouse will terminate or fail, no deduction shall be allowed with respect to such interest-

(1) if the donor retains in himself, or transfers or has transferred (for less than an adequate and full consideration in money or money's worth) to any person other than such donee spouse (or the estate of such spouse), an interest in such property, and if by reason of such retention or transfer the donor (or his heirs or assigns) or such person (or his heirs or assigns) may possess or enjoy any part of such property after such termination or failure of the interest transferred to the donee spouse; or

(2) if the donor immediately after the transfer to the donee spouse has a power to appoint an interest in such property which he can exercise (either alone or in conjunction with any person) in such manner that the appointee may possess or enjoy any part of such property after such termination or failure of the interest transferred to the donee spouse. For purposes of this paragraph, the donor shall be considered as having immediately after the transfer to the donee spouse such power to appoint even though such power cannot be exercised until after the lapse of time, upon the occurrence of an event or contingency, or on the failure of an event or contingency to occur.

An exercise or release at any time by the donor, either alone or in conjunction with any person, of a power to appoint an interest in property, even though not otherwise a transfer, shall, for purposes of paragraph (1), be considered as a transfer by him. Except as provided in

subsection (e), where at the time of the transfer it is impossible to ascertain the particular person or persons who may receive from the donor an interest in property so transferred by him, such interest shall, for purposes of paragraph (1), be considered as transferred to a person other than the donee spouse.

(c) Interest in unidentified assets. Where the assets out of which, or the proceeds of which, the interest transferred to the donee spouse may be satisfied include a particular asset or assets with respect to which no deduction would be allowed if such asset or assets were transferred from the donor to such spouse, then the value of the interest transferred to such spouse shall, for purposes of subsection (a), be reduced by the aggregate value of such particular assets.

(d) Joint interests. If the interest is transferred to the donee spouse as sole joint tenant with the donor or as tenant by the entirety, the interest of the donor in the property which exists solely by reason of the possibility that the donor may survive the donee spouse, or that there may occur a severance of the tenancy, shall not be considered for purposes of subsection (b) as an interest retained by the donor in himself.

(e) Life estate with power of appointment in donee spouse. Where the donor transfers an interest in property, if by such transfer his spouse is entitled for life to all of the income from the entire interest, or all the income from a specific portion thereof, payable annually or at more frequent intervals, with power in the donee spouse to appoint the entire interest, or such specific portion (exercisable in favor of such donee spouse, or of the estate of such donee spouse, or in favor of either, whether or not in each case the power is exercisable in favor of others), and with no power in any other person to appoint any part of such interest, or such portion, to any person other than the donee spouse-

(1) the interest, or such portion, so transferred shall, for purposes of subsection (a) be considered as transferred to the donee spouse, and

(2) no part of the interest, or such portion, so transferred shall, for purposes of subsection (b)(1), be considered as retained in the donor or transferred to any person other than the donee spouse.

This subsection shall apply only if, by such transfer, such power in

the donee spouse to appoint the interest, or such portion, whether exercisable by will or during life, is exercisable by such spouse alone and in all events. For purposes of this subsection, the term "specific portion" only includes a portion determined on a fractional or percentage basis.

(f) Election with respect to life estate for donee spouse. (1) In general

In the case of qualified terminable interest property-

(A) for purposes of subsection (a), such property shall be treated as transferred to the donee spouse, and

(B) for purposes of subsection (b)(1), no part of such property shall be considered as retained in the donor or transferred to any person other than the donee spouse.

(2) Qualified terminable interest property. For purposes of this subsection, the term "qualified terminable interest property" means any property-

(A) which is transferred by the donor spouse,

(B) in which the donee spouse has a qualifying income interest for life, and

(C) to which an election under this subsection applies.

(3) Certain rules made applicable. For purposes of this subsection, rules similar to the rules of clauses (ii), (iii), and (iv) of section 2056(b)(7)(B) shall apply and the rules of section 2056(b)(10) shall apply.

(4) Election. (A) Time and manner. An election under this subsection with respect to any property shall be made on or before the date prescribed by section 6075(b) for filing a gift tax return with respect to the transfer (determined without regard to section 6019(2)) and shall be made in such manner as the Secretary shall by regulations prescribe.

(B) Election irrevocable. An election under this subsection, once made, shall be irrevocable.

(5) Treatment of interest retained by donor spouse. (A) In general. In the case of any qualified terminable interest property-

(i) such property shall not be includible in the gross estate of the donor spouse, and

(ii) any subsequent transfer by the donor spouse of an interest in

such property shall not be treated as a transfer for purposes of this chapter.

(B) Subparagraph (A) not to apply after transfer by donee spouse. Subparagraph (A) shall not apply with respect to any property after the donee spouse is treated as having transferred such property under section 2519, or such property is includible in the donee spouse's gross estate under section 2044.

(6) Treatment of joint and survivor annuities. In the case of a joint and survivor annuity where only the donor spouse and donee spouse have the right to receive payments before the death of the last spouse to die-

--(A) the donee spouse's interest shall be treated as a qualifying income interest for life,

--(B) the donor spouse shall be treated as having made an election under this subsection with respect to such annuity unless the donor spouse otherwise elects on or before the date specified in paragraph (4)(A),

--(C) paragraph (5) and section 2519 shall not apply to the donor spouse's interest in the annuity, and

--(D) if the donee spouse dies before the donor spouse, no amount shall be includible in the gross estate of the donee spouse under section 2044 with respect to such annuity.

An election under subparagraph (B), once made, shall be irrevocable.

(g) Special rule for charitable remainder trusts. (1) In general. If, after the transfer, the donee spouse is the only noncharitable beneficiary (other than the donor) of a qualified charitable remainder trust, subsection (b) shall not apply to the interest in such trust which is transferred to the donee spouse.

(2) Definitions. For purposes of paragraph (1), the term "noncharitable beneficiary" and "qualified charitable remainder trust" have the meanings given to such terms by section 2056(b)(8)(B).

(h) Denial of double deduction. Nothing in this section or any other provision of this chapter shall allow the value of any interest in property to be deducted under this chapter more than once with respect to the same donor.

§ 2524. Extent of deductions. The deductions provided in sections 2522 and 2523 shall be allowed only to the extent that the gifts therein

specified are included in the amount of gifts against which such deductions are applied.

§ 2701. Special valuation rules in case of transfers of certain interests in corporations or partnerships. (a) Valuation rules. (1) In general. Solely for purposes of determining whether a transfer of an interest in a corporation or partnership to (or for the benefit of) a member of the transferor's family is a gift (and the value of such transfer), the value of any right-

--(A) which is described in subparagraph (A) or (B) of subsection (b)(1), and

--(B) which is with respect to any applicable retained interest that is held by the transferor or an applicable family member immediately after the transfer,

--shall be determined under paragraph (3). This paragraph shall not apply to the transfer of any interest for which market quotations are readily available (as of the date of transfer) on an established securities market.

(2) Exceptions for marketable retained interests, etc. Paragraph (1) shall not apply to any right with respect to an applicable retained interest if-

--(A) market quotations are readily available (as of the date of the transfer) for such interest on an established securities market,

--(B) such interest is of the same class as the transferred interest, or

--(C) such interest is proportionally the same as the transferred interest, without regard to nonlapsing differences in voting power (or, for a partnership, nonlapsing differences with respect to management and limitations on liability).

--Subparagraph (C) shall not apply to any interest in a partnership if the transferor or an applicable family member has the right to alter the liability of the transferee of the transferred property. Except as provided by the Secretary, any difference described in subparagraph (C) which lapses by reason of any Federal or State law shall be treated as a nonlapsing difference for purposes of such subparagraph.

(3) Valuation of rights to which paragraph (1) applies. (A) In general. The value of any right described in paragraph (1), other than a distribution right which consists of a right to receive a qualified payment, shall be treated as being zero.

(B) Valuation of certain qualified payments. If-

- (i) any applicable retained interest confers a distribution right which consists of the right to a qualified payment, and
- (ii) there are 1 or more liquidation, put, call, or conversion rights with respect to such interest, the value of all such rights shall be determined as if each liquidation, put, call, or conversion right were exercised in the manner resulting in the lowest value being determined for all such rights.

(C) Valuation of qualified payments where no liquidation, etc. rights. In the case of an applicable retained interest which is described in subparagraph (B)(i) but not subparagraph (B)(ii), the value of the distribution right shall be determined without regard to this section.

(4) Minimum valuation of junior equity. (A) In general. In the case of a transfer described in paragraph (1) of a junior equity interest in a corporation or partnership, such interest shall in no event be valued at an amount less than the value which would be determined if the total value of all of the junior equity interests in the entity were equal to 10 percent of the sum of-

- (i) the total value of all of the equity interests in such entity, plus
- (ii) the total amount of indebtedness of such entity to the transferor (or an applicable family member).

(B) Definitions. For purposes of this paragraph-

(i) Junior equity interest. The term "junior equity interest" means common stock or, in the case of a partnership, any partnership interest under which the rights as to income and capital (or, to the extent provided in regulations, the rights as to either income or capital) are junior to the rights of all other classes of equity interests.

(ii) Equity interest. The term "equity interest" means stock or any interest as a partner, as the case may be.

(b) Applicable retained interests. For purposes of this section-

(1) In general. The term "applicable retained interest" means any interest in an entity with respect to which there is-

- (A) a distribution right, but only if, immediately before the transfer described in subsection (a)(1), the transferor and applicable family members hold (after application of subsection (e)(3)) control of the entity, or

--(B) a liquidation, put, call, or conversion right.

(2) Control. For purposes of paragraph (1)-

(A) Corporations. In the case of a corporation, the term "control" means the holding of at least 50 percent (by vote or value) of the stock of the corporation.

(B) Partnerships. In the case of a partnership, the term "control" means-

--(i) the holding of at least 50 percent of the capital or profits interests in the partnership, or

(B) Exceptions. The term "distribution right" does not include-

--(i) a right to distributions with respect to any interest which is junior to the rights of the transferred interest,

--(ii) any liquidation, put, call, or conversion right, or

--(iii) any right to receive any guaranteed payment described in section 707(c) of a fixed amount.

(2) Liquidation, etc. rights. (A) In general. The term "liquidation, put, call, or conversion right" means any liquidation, put, call, or conversion right, or any similar right, the exercise or nonexercise of which affects the value of the transferred interest.

(B) Exception for fixed rights. (i) In general. The term "liquidation, put, call, or conversion right" does not include any right which must be exercised at a specific time and at a specific amount.

(ii) Treatment of certain rights. If a right is assumed to be exercised in a particular manner under subsection (a)(3)(B), such right

shall be treated as so exercised for purposes of clause (i).

(C) Exception for certain rights to convert. The term "liquidation, put, call, or conversion right" does not include any right which--(i) is a right to convert into a fixed number (or a fixed percentage) of shares of the same class of stock in a corporation as the transferred stock in such corporation under subsection (a)(1) (or stock which would be of the same class but for nonlapsing differences in voting power),--(ii) is nonlapsing,--(iii) is subject to proportionate adjustments for splits, combinations, reclassifications, and similar changes in the capital stock, and--(iv) is subject to adjustments similar to the adjustments under subsection (d) for accumulated but unpaid distributions.--A rule similar to the rule of the preceding sentence shall apply for partnerships.

(3) Qualified payment. (A) In general. Except as otherwise provided in this paragraph, the term "qualified payment" means any dividend payable on a periodic basis under any cumulative preferred stock (or a comparable payment under any partnership interest) to the extent that such dividend (or comparable payment) is determined at a fixed rate.

(B) Treatment of variable rate payments. For purposes of subparagraph (A), a payment shall be treated as fixed as to rate if such payment is determined at a rate which bears a fixed relationship to a specified market interest rate.

(C) Elections. (i) In general. Payments under any interest held by a transferor which (without regard to this subparagraph) are qualified payments shall be treated as qualified payments unless the transferor elects not to treat such payments as qualified payments. Payments described in the preceding sentence which are held by an applicable family member shall be treated as qualified payments only if such member elects to treat such payments as qualified payments.

(ii) Election to have interest treated as qualified payment. A transferor or applicable family member holding any distribution right which (without regard to this subparagraph) is not a qualified payment may elect to treat such right as a qualified payment, to be paid in the amounts and at the times specified in such election. The preceding sentence shall apply only to the extent that the amounts and times so

specified are not inconsistent with the underlying legal instrument giving rise to such right.

(iii) Elections irrevocable. Any election under this subparagraph with respect to an interest shall, once made, be irrevocable.

(d) Transfer tax treatment of cumulative but unpaid distributions. (1) In general. If a taxable event occurs with respect to any distribution right to which subsection (a)(3)(B) or (C) applied, the following shall be increased by the amount determined under paragraph (2):

--(A) The taxable estate of the transferor in the case of a taxable event described in paragraph (3)(A)(i).

--(B) The taxable gifts of the transferor for the calendar year in which the taxable event occurs in the case of a taxable event described in paragraph (3)(A)(ii) or (iii).

(2) Amount of increase. (A) In general. The amount of the increase determined under this paragraph shall be the excess (if any) of-

--(i) the value of the qualified payments payable during the period beginning on the date of the transfer under subsection (a)(1) and ending on the date of the taxable event determined as if-

--(I) all such payments were paid on the date payment was due, and

--(II) all such payments were reinvested by the transferor as of the date of payment at a yield equal to the discount rate used in determining the value of the applicable retained interest described in subsection (a)(1), over

(ii) the value of such payments paid during such period computed under clause (i) on the basis of the time when such payments were actually paid.

(B) Limitation on amount of increase. (i) In general. The amount of the increase under subparagraph (A) shall not exceed the applicable percentage of the excess (if any) of-

--(I) the value (determined as of the date of the taxable event) of all equity interests in the entity which are junior to the applicable retained interest, over

--(II) the value of such interests (determined as of the date of the transfer to which subsection (a)(1) applied).

(ii) Applicable percentage. For purposes of clause (i), the applicable percentage is the percentage determined by dividing-

--(I) the number of shares in the corporation held (as of the date of

the taxable event) by the transferor which are applicable retained interests of the same class, by

--(II) the total number of shares in such corporation (as of such date) which are of the same class as the class described in subclause (I).

--A similar percentage shall be determined in the case of interests in a partnership.

(iii) Definition. For purposes of this subparagraph, the term "equity interest" has the meaning given such term by subsection (a)(4)(B).

(C) Grace period. For purposes of subparagraph (A), any payment of any distribution during the 4-year period beginning on its due date shall be treated as having been made on such due date.

(3) Taxable events. For purposes of this subsection-

(A) In general. The term "taxable event" means any of the following:

--(i) The death of the transferor if the applicable retained interest conferring the distribution right is includible in the estate of the transferor.

--(ii) The transfer of such applicable retained interest.

--(iii) At the election of the taxpayer, the payment of any qualified payment after the period described in paragraph (2)(C), but only with respect to such payment.

(B) Exception where spouse is transferee. (i) Deathtime transfers

--Subparagraph (A)(i) shall not apply to any interest includible in the gross estate of the transferor if a deduction with respect to such interest is allowable under section 2056 or 2106(a)(3).

(ii) Lifetime transfers. A transfer to the spouse of the transferor shall not be treated as a taxable event under subparagraph (A)(ii) if such transfer does not result in a taxable gift by reason of-

--(I) any deduction allowed under section 2523, or the exclusion under section 2503(b), or

--(II) consideration for the transfer provided by the spouse.

(iii) Spouse succeeds to treatment of transferor. If an event is not treated as a taxable event by reason of this subparagraph, the transferee spouse or surviving spouse (as the case may be) shall be treated in the same manner as the transferor in applying this subsection with respect to the interest involved.

(4) Special rules for applicable family members. (A) Family member treated in same manner as transferor. For purposes of this subsection,

an applicable family member shall be treated in the same manner as the transferor with respect to any distribution right retained by such family member to which subsection (a)(3)(B) or (C) applied.

(B) Transfer to applicable family member. In the case of a taxable event described in paragraph (3)(A)(ii) involving the transfer of an applicable retained interest to an applicable family member (other than the spouse of the transferor), the applicable family member shall be treated in the same manner as the transferor in applying this subsection to distributions accumulating with respect to such interest after such taxable event.

(C) Transfer to transferors. In the case of a taxable event described in paragraph (3)(A)(ii) involving a transfer of an applicable retained interest from an applicable family member to a transferor, this subsection shall continue to apply to the transferor during any period the transferor holds such interest.

(5) Transfer to include termination. For purposes of this subsection, any termination of an interest shall be treated as a transfer.

(e) Other definitions and rules. For purposes of this section-

--(A) the transferor's spouse,

--(B) an ancestor of the transferor or the transferor's spouse, and

--(C) the spouse of any such ancestor.

(3) Attribution of indirect holdings and transfers. An individual shall be treated as holding any interest to the extent such interest is held indirectly by such individual through a corporation, partnership, trust, or other entity. If any individual is treated as holding any interest by reason of the preceding sentence, any transfer which results in such interest being treated as no longer held by such individual shall be treated as a transfer of such interest.

(4) Effect of adoption. A relationship by legal adoption shall be

treated as a relationship by blood.

(5) Certain changes treated as transfers. Except as provided in regulations, a contribution to capital or a redemption, recapitalization, or other change in the capital structure of a corporation or partnership shall be treated as a transfer of an interest in such entity to which this section applies if the taxpayer or an applicable family member-

--(A) receives an applicable retained interest in such entity pursuant to such transaction, or

--(B) under regulations, otherwise holds, immediately after such transaction, an applicable retained interest in such entity.

--This paragraph shall not apply to any transaction (other than a contribution to capital) if the interests in the entity held by the transferor, applicable family members, and members of the transferor's family before and after the transaction are substantially identical.

(6) Adjustments. Under regulations prescribed by the Secretary, if there is any subsequent transfer, or inclusion in the gross estate, of any applicable retained interest which was valued under the rules of subsection (a), appropriate adjustments shall be made for purposes of chapter 11, 12, or 13 to reflect the increase in the amount of any prior taxable gift made by the transferor or decedent by reason of such valuation or to reflect the application of subsection (d).

(7) Treatment as separate interests. The Secretary may by regulation provide that any applicable retained interest shall be treated as 2 or more separate interests for purposes of this section.

§ 2702. Special valuation rules in case of transfers of interests in trusts. (a) Valuation rules. (1) In general. Solely for purposes of determining whether a transfer of an interest in trust to (or for the benefit of) a member of the transferor's family is a gift (and the value of such transfer), the value of any interest in such trust retained by the transferor or any applicable family member (as defined in section 2701(e)(2)) shall be determined as provided in paragraph (2).

(2) Valuation of retained interests. (A) In general. The value of any retained interest which is not a qualified interest shall be treated as being zero.

(B) Valuation of qualified interest. The value of any retained interest which is a qualified interest shall be determined under section

7520.

(3) Exceptions. (A) In general. This subsection shall not apply to any transfer-

--(i) if such transfer is an incomplete gift,

--(ii) if such transfer involves the transfer of an interest in trust all the property in which consists of a residence to be used as a personal residence by persons holding term interests in such trust, or

--(iii) to the extent that regulations provide that such transfer is not inconsistent with the purposes of this section.

(B) Incomplete gift. For purposes of subparagraph (A), the term "incomplete gift" means any transfer which would not be treated as a gift whether or not consideration was received for such transfer.

(I) based on all the facts and circumstances immediately before the date of the decedent's death, there was substantial activity with respect to the lending and finance business, or

(II) during at least 3 of the 5 taxable years ending before the date of the decedent's death, such business had at least 1 full-time employee substantially all of whose services were the active management of such business, 10 full-time, nonowner employees substantially all of whose services were directly related to such business, and \$5,000,000 in gross receipts from activities described in clause (ii).

(ii) Lending and finance business.--The term "lending and finance business" means a trade or business of--

(I) making loans,

(II) purchasing or discounting accounts receivable, notes, or installment obligations,

(III) engaging in rental and leasing of real and tangible personal property, including entering into leases and purchasing, servicing, and disposing of leases and leased assets,

(IV) rendering services or making facilities available in the ordinary course of a lending or finance business, and

(V) rendering services or making facilities available in connection with activities described in subclauses (I) through (IV) carried on by the corporation rendering services or making facilities available, or another corporation which is a member of the same affiliated group (as defined in section 1504 without regard to section 1504(b)(3)).

(iii) Limitation.--The term "qualifying lending and finance business" shall not include any interest in an entity, if the stock or debt of such entity or a controlled group (as defined in section 267(f)(1)) of which such entity was a member was readily tradable on an established securities market or secondary market (as defined by the Secretary) at any time within 3 years before the date of the decedent's death.

(c) Special rule for interest in 2 or more closely held businesses.--For purposes of this section, interest in 2 or more closely held businesses, with respect to each of which there is included in determining the value of the decedent's gross estate 20 percent or more of the total value of each such business, shall be treated as an interest in a single closely held business. For purposes of the 20-percent requirement of the preceding sentence, an interest in a closely held business which represents the surviving spouse's interest in property held by the decedent and the surviving spouse as community property or as joint tenants, tenants by the entirety, or tenants in common shall be treated as having been included in determining the value of the decedent's gross estate.

(d) Election.--Any election under subsection (a) shall be made not later than the time prescribed by section 6075(a) for filing the return of tax imposed by section 2001 (including extensions thereof), and shall be made in such manner as the Secretary shall by regulations prescribe. If an election under subsection (a) is made, the provisions of this subtitle shall apply as though the Secretary were extending the time for payment of the tax.

(e) Proration of deficiency to installments.--If an election is made under subsection (a) to pay any part of the tax imposed by section 2001 in installments and a deficiency has been assessed, the deficiency shall (subject to the limitation provided by subsection (a)(2)) be prorated to the installments payable under subsection (a). The part of the deficiency so prorated to any installment the date for payment of which has not arrived shall be collected at the same time as, and as a part of, such installment. The part of the deficiency so prorated to any installment the date for payment of which has arrived shall be paid upon notice and demand from the Secretary. This subsection shall not apply if the deficiency is due to negligence, to intentional disregard of rules and regulations, or to fraud with intent to evade tax.

(f) Time for payment of interest.--If the time for payment of any amount of tax has been extended under this section--

(1) Interest for first 5 years.--Interest payable under section 6601 of any unpaid portion of such amount attributable to the first 5 years after the date prescribed by section 6151(a) for payment of the tax shall be paid annually.

(2) Interest for periods after first 5 years.--Interest payable under section 6601 on any unpaid portion of such amount attributable to any period after the 5-year period referred to in paragraph (1) shall be paid annually at the same time as, and as a part of, each installment payment of the tax.

(3) Interest in the case of certain deficiencies.--In the case of a deficiency to which subsection (e) applies which is assessed after the close of the 5-year period referred to in paragraph (1), interest attributable to such 5-year period, and interest assigned under paragraph (2) to any installment the date for payment of which has arrived on or before the date of the assessment of the deficiency, shall be paid upon notice and demand from the Secretary.

(4) Selection of shorter period.--If the executor has selected a period shorter than 5 years under subsection (a)(3), such shorter period shall be substituted for 5 years in paragraphs (1), (2), and (3) of this subsection.

(g) Acceleration of payment.--

(1) Disposition of interest; withdrawal of funds from business.--

(A) If--

(i)(I) any portion of an interest in a closely held business which qualifies under subsection (a)(1) is distributed, sold, exchanged, or otherwise disposed of, or

(II) money and other property attributable to such an interest is withdrawn from such trade or business, and

(ii) the aggregate of such distributions, sales, exchanges, or other dispositions and withdrawals equals or exceeds 50 percent of the value of such interest, then the extension of time for payment of tax provided in subsection (a) shall cease to apply, and the unpaid portion of the tax payable in installments shall be paid upon notice and demand from the Secretary.

(B) In the case of a distribution in redemption of stock to which

section 303 (or so much of section 304 as relates to section 303) applies--

(i) the redemption of such stock, and the withdrawal of money and other property distributed in such redemption, shall not be treated as a distribution or withdrawal for purposes of subparagraph (A), and

(ii) for purposes of subparagraph (A), the value of the interest in the closely held business shall be considered to be such value reduced by the value of the stock redeemed.

This subparagraph shall apply only if, on or before the date prescribed by subsection (a)(3) for the payment of the first installment which becomes due after the date of the distribution (or, if earlier, on or before the day which is 1 year after the date of the distribution), there is paid an amount of the tax imposed by section 2001 not less than the amount of money and other property distributed.

(C) Subparagraph (A)(i) does not apply to an exchange of stock pursuant to a plan of reorganization described in subparagraph (D), (E), or (F) of section 368(a)(1) nor to an exchange to which section 355 (or so much of section 356 as relates to section 355) applies; but any stock received in such an exchange shall be treated for purposes of subparagraph (A)(i) as an interest qualifying under subsection (a)(1).

(D) Subparagraph (A)(i) does not apply to a transfer of property of the decedent to a person entitled by reason of the decedent's death to receive such property under the decedent's will, the applicable law of descent and distribution, or a trust created by the decedent. A similar rule shall apply in the case of a series of subsequent transfers of the property by reason of death so long as each transfer is to a member of the family (within the meaning of section 267(c)(4)) of the transferor in such transfer.

(E) Changes in interest in holding company.--If any stock in a holding company is treated as stock in a business company by reason of subsection (b)(8)(A)--

(i) any disposition of any interest in such stock in such holding company which was included in determining the gross estate of the decedent, or

(ii) any withdrawal of any money or other property from such holding company attributable to any interest included in determining the gross

estate of the decedent,

shall be treated for purposes of subparagraph (A) as a disposition of (or a withdrawal with respect to) the stock qualifying under subsection (a)(1).

(F) Changes in interest in business company.--If any stock in a holding company is treated as stock in a business company by reason of subsection (b)(8)(A)--

(i) any disposition of any interest in such stock in the business company by such holding company, or

(ii) any withdrawal of any money or other property from such business company attributable to such stock by such holding company owning such stock,

shall be treated for purposes of subparagraph (A) as a disposition of (or a withdrawal with respect to) the stock qualifying under subsection (a)(1).

(2) Undistributed income of estate.--

(A) If an election is made under this section and the estate has undistributed net income for any taxable year ending on or after the due date for the first installment, the executor shall, on or before the date prescribed by law for filing the income tax return for such taxable year (including extensions thereof), pay an amount equal to such undistributed net income in liquidation of the unpaid portion of the tax payable in installments.

(B) For purposes of subparagraph (A), the undistributed net income of the estate for any taxable year is the amount by which the distributable net income of the estate for such taxable year (as defined in section 643) exceeds the sum of--

(i) the amounts for such taxable year specified in paragraphs (1) and (2) of section 661(a) (relating to deductions for distributions, etc.);

(ii) the amount of tax imposed for the taxable year on the estate under chapter 1; and

(iii) the amount of the tax imposed by section 2001 (including interest) paid by the executor during the taxable year (other than any amount paid pursuant to this paragraph).

(C) For purposes of this paragraph, if any stock in a corporation is

treated as stock in another corporation by reason of subsection (b)(8)(A), any dividends paid by such other corporation to the corporation shall be treated as paid to the estate of the decedent to the extent attributable to the stock qualifying under subsection (a)(1).

(3) Failure to make payment of principal or interest.--

(A) In general.--Except as provided in subparagraph (B), if any payment of principal or interest under this section is not paid on or before the date fixed for its payment by this section (including any extension of time), the unpaid portion of the tax payable in installments shall be paid upon notice and demand from the Secretary.

(B) Payment within 6 months.--If any payment of principal or interest under this section is not paid on or before the date determined under subparagraph (A) but is paid within 6 months of such date--

(i) the provisions of subparagraph (A) shall not apply with respect to such payment,

(ii) the provisions of section 6601(j) shall not apply with respect to the determination of interest on such payment, and

(iii) there is imposed a penalty in an amount equal to the product of--

(I) 5 percent of the amount of such payment, multiplied by

(II) the number of months (or fractions thereof) after such date and before payment is made. The penalty imposed under clause (iii) shall be treated in the same manner as a penalty imposed under subchapter B of chapter 68.

(h) Election in case of certain deficiencies.--

(1) In general.--If--

(A) a deficiency in the tax imposed by section 2001 is assessed,

(B) the estate qualifies under subsection (a)(1), and

(C) the executor has not made an election under subsection (a), the executor may elect to pay the deficiency in installments. This subsection shall not apply if the deficiency is due to negligence, to intentional disregard of rules and regulations, or to fraud with intent to evade tax.

(2) Time of election.--An election under this subsection shall be made not later than 60 days after issuance of notice and demand by the Secretary for the payment of the deficiency, and shall be made in such manner as the Secretary shall by regulations prescribe.

(3) Effect of election on payment.--If an election is made under this subsection, the deficiency shall (subject to the limitation provided by subsection (a)(2)) be prorated to the installments which would have been due if an election had been timely made under subsection (a) at the time the estate tax return was filed. The part of the deficiency so prorated to any installment the date for payment of which would have arrived shall be paid at the time of the making of the election under this subsection. The portion of the deficiency so prorated to installments the date for payment of which would not have so arrived shall be paid at the time such installments would have been due if such an election had been made.

(i) Special rule for certain direct skips.--To the extent that an interest in a closely held business is the subject of a direct skip (within the meaning of section 2612(c)) occurring at the same time as and as a result of the decedent's death, then for purposes of this section any tax imposed by section 2601 on the transfer of such interest shall be treated as if it were additional tax imposed by section 2001.

(j) Regulations.--The Secretary shall prescribe such regulations as may be necessary to the application of this section.

(k) Cross references.--

(1) Security.-- For authority of the Secretary to require security in the case of an extension under this section, see section 6165.

(2) Lien.--For special lien (in lieu of bond) in the case of an extension under this section, see section 6324A.

(3) Period of limitation.--For extension of the period of limitation in the case of an extension under this section, see section 6503(d).

(4) Interest.--For provisions relating to interest on tax payable in installments under this section, see subsection (j) of section 6601.

(5) Transfers within 3 years of death.--For special rule for qualifying an estate under this section where property has been transferred within 3 years of decedent's death, see section 2035(c)(2).

§ 1080. Application of article.--- (a) General.--- The provisions of this article shall apply to the administration of and the procedures with respect to the taxes imposed by articles nine, and nine-a of this chapter for taxable years or periods ending on or after December thirty-first, nineteen hundred sixty-four.

(b) Definitions.--- As used in this article, where not otherwise specifically defined and unless a different meaning is clearly required---

(1) The term "return" means a report or return of tax, but does not include a declaration of estimated tax.

(2) The term "corporation" includes a corporation, association (including a limited liability company), joint stock company or other entity subject to tax under article nine, nine-a, nine-b or nine-c.

(3) The term "person" includes a corporation, association, company, partnership, estate, trust, liquidator, fiduciary or other entity or individual liable for the tax imposed by article nine, nine-a, nine-b or nine-c, or under a duty to perform an act under this article or under article nine, nine-a, nine-b or nine-c.

§ 1081. Notice of deficiency.-- (a) General.-- If upon examination of a taxpayer's return under article nine, nine-a, nine-b or nine-c, the tax commission determines that there is a deficiency of tax, it may mail a notice of deficiency to the taxpayer. If a taxpayer fails to file a tax return required under article nine, nine-a, nine-b or nine-c, the tax commission is authorized to estimate the taxpayer's New York tax liability from any information in its possession, and to mail a notice of deficiency to the taxpayer. A notice of deficiency shall be mailed by certified or registered mail to the taxpayer at its last known address in or out of this state. If the taxpayer has terminated its existence, a notice of deficiency may be mailed to its last known address in or out of this state, unless the tax commission has received notice of the existence of a fiduciary relationship with respect to the taxpayer.

(b) Notice of deficiency as assessment.--After ninety days from the mailing of a notice of deficiency, such notice shall be an assessment of the amount of tax specified in such notice, together with the interest, additions to tax and penalties stated in such notice, except only for any such tax or other amounts as to which the taxpayer has within such ninety day period filed with the tax commission a petition under section one thousand eighty-nine. If the notice of deficiency is addressed to a taxpayer whose last known address is outside of the United States, such period shall be one hundred fifty days instead of ninety days.

(c) Restrictions on assessment and levy.--No assessment of a deficiency in tax and no levy or proceeding in court for its collection shall be made, begun or prosecuted, except as otherwise provided in section one thousand ninety-four, until a notice of deficiency has been mailed to the taxpayer, nor until the expiration of the time for filing a petition contesting such notice, nor, if a petition with respect to the taxable year has been filed with the tax commission, until the decision of the tax commission has become final. For exception in the case of judicial review of the decision of the tax commission, see subsection (c) of section one thousand ninety.

(d) Exceptions for mathematical or clerical errors.--If a mathematical or clerical error appears on a return (including an overstatement of the amount paid as estimated tax), the commissioner shall notify the taxpayer that an amount of tax in excess of that shown upon the return

is due, and that such excess has been assessed. Such notice shall not be considered as a notice of deficiency for the purposes of this section, subsection (f) of section one thousand eighty-seven (limiting credits or refunds after petition to the division of tax appeals), subsection (b) of section one thousand eighty-nine (authorizing the filing of a petition with the division of tax appeals based on a notice of deficiency), or article forty of this chapter, nor shall such assessment or collection be prohibited by the provisions of subsection (c).

(e) Exception where change in federal taxable income is not reported.--

(1) If the taxpayer fails to comply with subdivision three of section two hundred eleven or with section two hundred nineteen-bb or with section two hundred nineteen-zz in not reporting a change or correction or renegotiation, or computation or recomputation of tax, increasing or decreasing its federal taxable income or federal alternative minimum taxable income as reported on its federal income tax return or in not reporting a change or correction or renegotiation, or computation or recomputation of tax, which is treated in the same manner as if it were a deficiency for federal income tax purposes or in not filing an amended return, instead of the mode and time of assessment provided for in subsection (b) of this section, the tax commission may assess a deficiency based upon such increased or decreased federal taxable income or federal alternative minimum taxable income by mailing to the taxpayer a notice of additional tax due specifying the amount of the deficiency, and such deficiency, together with the interest, additions to tax and penalties stated in such notice, shall be deemed assessed on the date such notice is mailed unless within thirty days after the mailing of such notice a report of the federal change or correction or renegotiation, or computation or recomputation of tax, or an amended return, where such return was required by subdivision three of section two hundred eleven or by section two hundred nineteen-bb or by section two hundred nineteen-zz, is filed accompanied by a statement showing wherein such federal determination and such notice of additional tax due are erroneous.

(2) Such notice shall not be considered as a notice of deficiency for the purposes of this section, subsection (f) of section one thousand eighty-seven (limiting credits or refunds after petition to the tax

commission), or subsection (b) of section one thousand eighty-nine (authorizing the filing of a petition with the tax commission based on a notice of deficiency), nor shall such assessment or the collection thereof be prohibited by the provisions of subsection (c).

(3) If the taxpayer has terminated its existence, a notice of additional tax due may be mailed to its last known address in or out of this state, unless the tax commission has received notice of the existence of a fiduciary relationship with respect to the taxpayer.

(f) Waiver of restrictions.-- The taxpayer shall at any time (whether or not a notice of deficiency has been issued) have the right to waive the restrictions on assessment and collection of the whole or any part of the deficiency by a signed notice in writing filed with the tax commission.

(g) Two or more corporations.--In the case of a combined return under article nine-a or a consolidated return under article nine-b or nine-c of two or more corporations, the tax commission may determine a deficiency of tax under article nine-a, nine-b or nine-c with respect to the entire tax due upon such return against any taxpayer included therein. In the case of a taxpayer which might have been included in such a return under article nine-a, nine-b or nine-c when the tax under such articles was originally reported, the tax commission may determine a deficiency of tax under article nine-a, nine-b or nine-c against such taxpayer and against any other taxpayers which might have been included in such a return.

(h) Deficiency defined.--For purposes of this article, a deficiency means the amount of the tax imposed by article nine, nine-a, nine-b or nine-c, less (i) the amount shown as the tax upon the taxpayer's return (whether the return was made or the tax computed by it or by the tax commission), and less (ii) the amounts previously assessed (or collected without assessment) as a deficiency and plus (iii) the amount of any rebates. For the purpose of this definition, the tax imposed by article nine-a, nine-b or nine-c and the tax shown on the return shall both be determined without regard to any payment of estimated tax; and a rebate means so much of an abatement, credit, refund or other repayment (whether or not erroneous) as was made on the ground that the amounts entering into the definition of a deficiency showed a balance in favor of the taxpayer.

(i) Exception for final determination of refund or credit of retaliatory taxes.--

(1) If the taxpayer files the report required under paragraph (2) of subdivision (e) of section fifteen hundred fifteen of this chapter within the time prescribed by such paragraph, in respect of a final determination of a refund or credit of retaliatory taxes or other charges, the amount of the refund or credit of such taxes or charges paid for which the taxpayer has been allowed a credit pursuant to subdivision (c) of section fifteen hundred eleven of this chapter and in respect to which the taxpayer filed such report shall be deemed assessed on the date of filing such report. If payment of such amount does not accompany the report, the tax commission shall issue a notice and demand for the unpaid amount, together with any interest, additions to tax and penalties, pursuant to subsection (b) of section one thousand ninety-two.

(2) If the taxpayer fails to file the report required under paragraph (2) of subdivision (e) of section fifteen hundred fifteen of this chapter within the time prescribed by such paragraph, in respect of a final determination of a refund or credit of retaliatory taxes or other charges, the amount of the refund or credit of such taxes or charges paid for which the taxpayer has been allowed a credit pursuant to subdivision (c) of section fifteen hundred eleven of this chapter and in respect to which the taxpayer was required to file such report shall be deemed assessed on the last date prescribed for the filing of such report. The tax commission shall issue a notice and demand for the unpaid amount, together with any interest, additions to tax and penalties, pursuant to subsection (b) of section one thousand ninety-two.

(3) The assessments provided for in paragraphs (1) and (2) of this subsection or collection thereof shall not be prohibited by the provisions of subsection (c).

§ 1082. Assessment.---(a) Assessment date.--- (1) The amount of tax which a return shows to be due, or the amount of tax which a return would have shown to be due but for a mathematical or clerical error, shall be deemed to be assessed on the date of filing of the return

(including any amended return showing an increase of tax). If a notice of deficiency has been mailed, the amount of the deficiency shall be deemed to be assessed on the date specified in subsection (b) of section one thousand eighty-one if no petition to the division of tax appeals is filed, or if a petition is filed, then upon the date when a determination or decision rendered in the division of tax appeals establishing the amount of the deficiency becomes final.

(2) If a report or an amended return filed pursuant to subdivision three of section two hundred eleven or section two hundred nineteen-bb or two hundred nineteen-zz concedes the accuracy of a federal change or correction or renegotiation, or computation or recomputation of tax, any deficiency in tax under article nine-a, nine-b or nine-c resulting therefrom shall be deemed to be assessed on the date of filing such report or amended return, and such assessment shall be timely notwithstanding section one thousand eighty-three. If a notice of additional tax due, as prescribed in subsection (e) of section one thousand eighty-one, has been mailed, the amount of the deficiency shall be deemed to be assessed on the date specified in such subsection unless within thirty days after the mailing of such notice a report of the federal change or correction or renegotiation or computation or recomputation of tax, or an amended return, where such return was required by subdivision three of section two hundred eleven or by section two hundred nineteen-bb or by section two hundred nineteen-zz, is filed accompanied by a statement showing wherein such federal determination and such notice of additional tax due are erroneous.

(3) If the taxpayer files the report required under paragraph (2) of subdivision (e) of section fifteen hundred fifteen of this chapter within the time prescribed by such paragraph, in respect of a final determination of a refund or credit of retaliatory taxes or other charges, the amount of the refund or credit of such taxes or charges paid for which the taxpayer has been allowed a credit pursuant to subdivision (c) of section fifteen hundred eleven of this chapter and in respect to which the taxpayer filed such report shall be deemed assessed on the date of filing such report; if the taxpayer fails to file such a required report within the time prescribed, such amount shall be deemed assessed on the last date prescribed for filing of such report; either such assessment shall be timely notwithstanding section one thousand

eighty-three.

(4) Any amount paid as a tax or in respect of a tax, other than amounts paid as estimated tax, shall be deemed to be assessed upon the date of receipt of payment, notwithstanding any other provisions.

(b) Other assessment powers.---If the mode or time for the assessment of any tax under article nine, nine-a, nine-b or nine-c (including interest, additions to tax and assessable penalties) is not otherwise provided for, the tax commission may establish the same by regulations.

(c) Estimated tax.---No unpaid amount of estimated tax under article nine-a, nine-b or nine-c shall be assessed.

(d) Supplemental assessment.--- The tax commission may, at any time within the period prescribed for assessment, make a supplemental assessment, subject to the provisions of section one thousand eighty-one where applicable, whenever it is ascertained that any assessment is imperfect or incomplete in any material respect.

(e) Cross reference.--- For assessment in case of jeopardy, see section one thousand ninety-four.

§ 1083. Limitations on assessment.--- (a) General.--- Except as otherwise provided in this section, any tax under article nine, nine-a, nine-b or nine-c shall be assessed within three years after the return was filed (whether or not such return was filed on or after the date prescribed).

(b) Time return deemed filed.---For purposes of this section, a return of tax filed before the last day prescribed by law or by regulations promulgated pursuant to law for the filing thereof shall be deemed to be filed on such last day.

(c) Exceptions.---

(1) Assessment at any time.---The tax may be assessed at any time if---

(A) no return is filed,

(B) a false or fraudulent return is filed with intent to evade tax,

(C) in the case of the tax imposed under article nine-a, nine-b or nine-c, the taxpayer fails to file a report or amended return required under subdivision three of section two hundred eleven or section two hundred nineteen-bb or two hundred nineteen-zz, in respect of an

increase or decrease in federal taxable income or federal alternative minimum taxable income or federal tax, or in respect of a change or correction or renegotiation, or computation or recomputation of tax, which is treated in the same manner as if it were a deficiency for federal income tax purposes, or

(D) it is assessed in respect of a final determination of a refund or credit of retaliatory taxes or other charges as prescribed by paragraphs (1) and (2) of subsection (i) of section one thousand eighty-one. For any such assessment, the amount of the assessment of tax shall not exceed the amount of the increase in New York tax attributable to such refund or credit. The provisions of this subparagraph shall not extend the time within which or affect the amount for which an assessment may otherwise be made.

(2) Extension by agreement.---Where, before the expiration of the time prescribed in this section for the assessment of tax, both the tax commission and the taxpayer have consented in writing to its assessment after such time, the tax may be assessed at any time prior to the expiration of the period agreed upon. The period so agreed upon may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon.

(3) Report of changed or corrected federal income.---In the case of the tax imposed under article nine-a, nine-b or nine-c, if the taxpayer files a report or amended return required under subdivision three of section two hundred eleven or section two hundred nineteen-bb or two hundred nineteen-zz, in respect of an increase or decrease in federal taxable income or federal alternative minimum taxable income or federal tax, or in respect of a change or correction or renegotiation, or computation or recomputation of tax, which is treated in the same manner as if it were a deficiency for federal income tax purposes, the assessment (if not deemed to have been made upon the filing of the report or amended return) may be made at any time within two years after such report or amended return was filed. The amount of such assessment of tax shall not exceed the amount of the increase in New York tax attributable to such federal change or correction or renegotiation, or computation or recomputation of tax. The provisions of this paragraph shall not affect the time within which or the amount for which an assessment may otherwise be made.

(4) Deficiency attributable to carryback.---If a deficiency of tax under article nine-a is attributable to the application to the taxpayer of a net operating loss carryback or a capital loss carryback, it may be assessed at any time that a deficiency for the taxable year of the loss may be assessed.

(5) Recovery of erroneous refund.---An erroneous refund shall be considered an underpayment of tax on the date made, and an assessment of a deficiency arising out of an erroneous refund may be made at any time within two years from the making of the refund, except that the assessment may be made within five years from the making of the refund if it appears that any part of the refund was induced by fraud or misrepresentation of a material fact.

(6) Request for prompt assessment.---The tax shall be assessed within eighteen months after written request therefor (made after the return is filed) by the taxpayer or by a fiduciary representing the taxpayer, but not more than three years after the return was filed, except as otherwise provided in this subsection and subsection (d). This subsection shall not apply unless---

(A) (i) such written request notifies the tax commission that the taxpayer contemplates dissolution at or before the expiration of such eighteen-month period, (ii) the dissolution is in good faith begun before the expiration of such eighteen-month period, and (iii) the dissolution is completed;

(B) (i) such written request notifies the tax commission that a dissolution has in good faith been begun, and (ii) the dissolution is completed; or

(C) a dissolution has been completed at the time such written request is made.

(7) Change of the allocation of taxpayer's income or capital.---No change of the allocation of income or capital upon which the taxpayer's return (or any additional assessment) was based shall be made where an assessment of tax is made during the additional period of limitation under subparagraph (C) of paragraph (1), or under paragraph (3) or (4); and where any such assessment has been made, or where a notice of deficiency has been mailed to the taxpayer on the basis of any such proposed assessment, no change of the allocation of income or capital shall be made in a proceeding on the taxpayer's claim for refund of such

assessment or on the taxpayer's petition for redetermination of such deficiency.

(8) Report concerning waste treatment facility, air pollution control facility or eligible business facility. Under the circumstances described in subparagraph (3) of paragraph (g) of subdivision nine of section two hundred eight, paragraph (f) of subdivision eleven of section two hundred ten or paragraph (f) of subdivision eleven of section two hundred nineteen-q of this chapter, the tax may be assessed within three years after the filing of the report containing the information required by such paragraph, or, if a certificate of compliance in respect to an air pollution control facility shall be revoked, within three years after the tax commission shall receive notice of such revocation from the taxpayer or as required by subdivision three of section 19-0309 of the environmental conservation law, whichever notice is received earlier.

(9) Reports concerning empire zone credits. If a taxpayer's certification under article eighteen-B of the general municipal law is revoked with respect to an empire zone or zone equivalent area, any tax liability generated by reason of such decertification may be assessed within three years after the commissioner has received notice of such decertification as required by subdivision (a) of section nine hundred fifty-nine of the general municipal law.

(10) Reports concerning a certificate of completion. If a taxpayer's certificate of completion issued pursuant to section 27-1419 of the environmental conservation law is revoked by a determination issued pursuant to section 27-1419 of the environmental conservation law, any tax liability generated by reason of such revocation may be assessed within one year after such determination is final and is no longer subject to judicial review.

* (11) Extended statute of limitations for tax avoidance transactions.--(A) If a taxpayer fails to file, disclose or provide any statement, return or other information for any taxable year with respect to a listed transaction (as defined in paragraph three of subsection (p) of section one thousand eighty-five of this article) which is required under subdivision (a) of section twenty-five of this chapter, the time for assessment of any tax imposed by this article with respect to such transaction shall not expire before the date which is one year after the

earlier of:

(i) the date on which the commissioner is furnished the statement, return, or information so required, or

(ii) the date that the requirements of subdivision (c) of section twenty-five of this chapter are met with respect to a request under such subdivision by the commissioner relating to such transaction.

(B) If later than the time for assessment otherwise provided by this section, tax may be assessed at any time within six years after the return was filed if the deficiency is attributable to an abusive tax avoidance transaction.

(C) For purposes of subparagraph (B) of this paragraph, an "abusive tax avoidance transaction" means a plan or arrangement devised for the principal purpose of avoiding tax. Abusive tax avoidance transactions include, but are not limited to, listed transactions described in paragraph five of subsection (k-1) of section one thousand eighty-five of this article.

* NB Repealed July 1, 2029

(12) Except as otherwise provided in paragraph three of this subsection, or as otherwise provided in this section where a longer period of time may apply, if a taxpayer files an amended return, an assessment of tax (if not deemed to have been made upon the filing of the amended return), including recovery of a previously paid refund, attributable to a change or correction on the amended return from a prior return may be made at any time within one year after such amended return is filed.

(d) Omission of income on return.---The tax may be assessed at any time within six years after the return was filed if (i) a taxpayer omits from gross income required to be reported on a return under article nine, nine-a, nine-b or nine-c an amount properly includible therein which is in excess of twenty-five percent of the amount of gross income stated in the return or, (ii) a taxpayer omits from the sum of its items of tax preference and its adjustment required in the computation of minimum taxable income an amount properly includible therein which is in excess of twenty-five percent of such sum as stated in the return.

For purposes of this subsection---

(1) the term gross income means gross income for federal income tax

purposes as reportable on a return under article nine-a, and "gross earnings", "gross income", "gross operating income" and "gross direct premiums less return premiums", as those terms are used in article nine, nine-b or nine-c, whichever is applicable;

(2) there shall not be taken into account any amount which is omitted in the return if such amount is disclosed in the return, or in a statement attached to the return, in a manner adequate to apprise the tax commission of the nature and amount of such item.

(e) Suspension of running of period of limitation.---The running of the period of limitations on assessment or collection of tax or other amount (or of a transferee's liability) shall, after the mailing of a notice of deficiency, be suspended for the period during which the tax commission is prohibited under subsection (c) of section one thousand eighty-one from making the assessment or from collecting by levy.

§ 1084. Interest on underpayment.---(a) General.--If any amount of tax is not paid on or before the last date prescribed in article nine or nine-a of this chapter for payment, interest on such amount at the underpayment rate set by the commissioner pursuant to section one thousand ninety-six of this article, or if no rate is set, at the rate of seven and one-half percent per annum shall be paid for the period from such last date to the date paid, whether or not any extension of time for payment was granted. Interest under this subsection shall not be paid if the amount thereof is less than one dollar.

(b) Exception as to estimated tax.---This section shall not apply to any failure to pay estimated tax under article nine-a, nine-b or nine-c.

(c) Exception for mathematical or clerical error.--- No interest shall be imposed on any underpayment of tax due solely to mathematical or clerical error if the taxpayer files a return within the time prescribed in article nine or nine-A (including any extension of time) and pays the amount of underpayment within three months after the due date of such return, as it may be extended.

(d) Suspension of interest on deficiencies.---If a waiver of restrictions on assessment of a deficiency has been filed by the taxpayer, and if notice and demand by the tax commission for payment of such deficiency is not made within thirty days after the filing of such

waiver, interest shall not be imposed on such deficiency for the period beginning immediately after such thirtieth day and ending with the date of notice and demand.

(e) Tax reduced by carryback.---If the amount of tax under article nine-a for any taxable year is reduced by reason of a carryback of a net operating loss or a capital loss, such reduction in tax shall not affect the computation of interest under this section for the period ending with the filing date for the taxable year in which the net operating loss or capital loss arises. Such filing date shall be determined without regard to extensions of time to file.

(f) Interest treated as tax.---Interest under this section shall be paid upon notice and demand and shall be assessed, collected and paid in the same manner as the tax under article nine, nine-a, nine-b or nine-c. Any reference in this article to the tax imposed by article nine, nine-a, nine-b or nine-c shall be deemed also to refer to interest imposed by this section on such tax.

(g) Interest on penalties or additions to tax.---Interest shall be imposed under subsection (a) of this section in respect of any assessable penalty or addition to tax only if such assessable penalty or addition to tax is not paid within twenty-one calendar days from the date of the notice and demand therefor under subsection (b) of section one thousand ninety-two of this article (ten business days if the amount for which such notice and demand is made equals or exceeds one hundred thousand dollars) and in such case interest shall be imposed only for the period from such date of the notice and demand to the date of payment.

(h) Payment within specified period after notice and demand.---If notice and demand is made for payment of any amount under subsection (b) of section one thousand ninety-two of this article, and if such amount is paid within twenty-one calendar days (ten business days if the amount for which such notice and demand is made equals or exceeds one hundred thousand dollars) after the date of such notice and demand, interest under this section on the amount so paid shall not be imposed for the period after the date of such notice and demand.

(i) Limitation on assessment and collection.--- Interest prescribed under this section may be assessed and collected at any time during the period within which the tax or other amount to which such interest

relates may be assessed and collected, respectively.

(j) Interest on erroneous refund.---Any portion of tax or other amount which has been erroneously refunded, and which is recoverable by the commissioner, shall bear interest at the underpayment rate set by the commissioner pursuant to section one thousand ninety-six of this article, or if no rate is set, at the rate of seven and one-half percent per annum from the date of the payment of the refund, but only if it appears that any part of the refund was induced by fraud or a misrepresentation of a material fact.

(k) Satisfaction by credits.---If any portion of a tax is satisfied by credit of an overpayment, then no interest shall be imposed under this section on the portion of the tax so satisfied for any period during which, if the credit had not been made, interest would have been allowable with respect to such overpayment.

§ 1085. Additions to tax and civil penalties.---(a) (1) Failure to file return.---(A) In case of failure to file a return under article nine, nine-a, nine-b or nine-c on or before the prescribed date (determined with regard to any extension of time for filing), unless it is shown that such failure is due to reasonable cause and not due to willful neglect, there shall be added to the amount required to be shown as tax on such return five percent of the amount of such tax if the failure is for not more than one month, with an additional five percent for each additional month or fraction thereof during which such failure continues, not exceeding twenty-five percent in the aggregate.

(B) In the case of a failure to file a return of tax within sixty days of the date prescribed for filing of such return (determined with regard to any extension of time for filing), unless it is shown that such failure is due to reasonable cause and not due to willful neglect, the addition to tax under subparagraph (A) of this paragraph shall not be less than the lesser of one hundred dollars or one hundred percent of the amount required to be shown as tax on such return.

(C) For purposes of this paragraph, the amount of tax required to be shown on the return shall be reduced by the amount of any part of the tax which is paid on or before the date prescribed for payment of the tax and by the amount of any credit against the tax which may be claimed

upon the return.

(2) Failure to pay tax shown on return.--In case of failure to pay the amounts shown as tax on any return required to be filed under article nine, nine-a, nine-b or nine-c on or before the prescribed date (determined with regard to any extension of time for payment), unless it is shown that such failure is due to reasonable cause and not due to willful neglect, there shall be added to the amount shown as tax on such return one-half of one per cent of the amount of such tax if the failure is not for more than one month, with an additional one-half of one per cent for each additional month or fraction thereof during which such failure continues, not exceeding twenty-five per cent in the aggregate. For the purpose of computing the addition for any month the amount of tax shown on the return shall be reduced by the amount of any part of the tax which is paid on or before the beginning of such month and by the amount of any credit against the tax which may be claimed upon the return. If the amount of tax required to be shown on a return is less than the amount shown as tax on such return, this paragraph shall be applied by substituting such lower amount.

(3) Failure to pay tax required to be shown on return.--In case of failure to pay any amount in respect of any tax required to be shown on a return required to be filed under article nine or nine-a which is not so shown (including an assessment made pursuant to subsection (a) of section one thousand eighty-two of this article) within twenty-one calendar days of the date of a notice and demand therefor (ten business days if the amount for which such notice and demand is made equals or exceeds one hundred thousand dollars), unless it is shown that such failure is due to reasonable cause and not due to willful neglect, there shall be added to the amount of tax stated in such notice and demand one-half of one percent of such tax if the failure is not for more than one month, with an additional one-half of one percent for each additional month or fraction thereof during which such failure continues, not exceeding twenty-five percent in the aggregate. For the purpose of computing the addition for any month, the amount of tax stated in the notice and demand shall be reduced by the amount of any part of the tax which is paid before the beginning of such month.

(4) Limitations on additions.--

(A) With respect to any return, the amount of the addition under

paragraph one of this subsection shall be reduced by the amount of the addition under paragraph two of this subsection for any month to which an addition applies under both paragraphs one and two. In any case described in subparagraph (B) of paragraph one of this subsection, the amount of the addition under such paragraph one shall not be reduced below the amount provided in such subparagraph.

(B) With respect to any return, the maximum amount of the addition permitted under paragraph three of this subsection shall be reduced by the amount of the addition under paragraph one of this subsection (determined without regard to subparagraph (B) of such paragraph one) which is attributable to the tax for which the notice and demand is made and which is not paid within ten days of such notice and demand.

(b) Deficiency due to negligence.---(1) If any part of a deficiency is due to negligence or intentional disregard of this article or article nine, nine-a, nine-b or nine-c, or rules or regulations thereunder (but without intent to defraud), there shall be added to the tax an amount equal to five percent of the deficiency.

(2) There shall be added to the tax (in addition to the amount determined under paragraph one of this subsection) an amount equal to fifty percent of the interest payable under section one thousand eighty-four with respect to the portion of the underpayment described in such paragraph one which is attributable to the negligence or intentional disregard referred to in such paragraph one, for the period beginning on the last date prescribed by law for payment of such underpayment (determined without regard to any extension) and ending on the date of the assessment of the tax (or, if earlier, the date of the payment of the tax).

(3) If any payment is shown on a return made by a payor with respect to dividends, patronage dividends and interest under subsection (a) of section six thousand forty-two, subsection (a) of section six thousand forty-four or subsection (a) of section six thousand forty-nine of the internal revenue code of nineteen hundred fifty-four, respectively, and the payee fails to include any portion of such payment in gross income, as that term is defined in paragraph one of subsection (d) of section one thousand eighty-three, any portion of an underpayment attributable to such failure shall be treated, for purposes of this subsection, as due to negligence in the absence of clear and convincing evidence to the

contrary. If any penalty is imposed under this subsection by reason of the preceding sentence, the amount of the penalty imposed by paragraph one of this subsection shall be five percent of the portion of the underpayment which is attributable to the failure described in the preceding sentence.

(c) Failure to file declaration or underpayment of estimated tax.--

(1) If any taxpayer fails to file a declaration of estimated tax under article nine-A of this chapter, or fails to pay all or any part of an amount which is applied as an installment against such estimated tax, it shall be deemed to have made an underpayment of estimated tax. There shall be added to the tax for the taxable year an amount at the underpayment rate set by the commissioner pursuant to section one thousand ninety-six of this article, or if no rate is set, at the rate of seven and one-half percent per annum upon the amount of the underpayment for the period of the underpayment but not beyond the fifteenth day of the fourth month following the close of the taxable year. Provided, however, that, for taxable years beginning on or after January first, two thousand seventeen and before January first, two thousand eighteen, no amount shall be added to the tax with respect to the portion of such tax related to the amount of any interest deductions directly or indirectly attributable to the amount included in exempt CFC income pursuant to subparagraph (ii) of paragraph (b) of subdivision six-a of section two hundred eight of this chapter or the forty percent reduction of such exempt CFC income in lieu of interest attribution if the election described in paragraph (b) of subdivision six-a of such section is made. The amount of the underpayment shall be, with respect to any installment of estimated tax computed on the basis of either the preceding year's tax or the second preceding year's tax, the excess of the amount required to be paid over the amount, if any, paid on or before the last day prescribed for such payment or, with respect to any other installment of estimated tax, the excess of the amount of the installment which would be required to be paid if the estimated tax were equal to ninety-one percent of the tax shown on the return for the taxable year (or if no return was filed, ninety-one percent of the tax for such year) over the amount, if any, of the installment paid on or before the last day prescribed for such payment. In any case in which there would be no underpayment if "eighty percent" were substituted for

"ninety-one percent" each place it appears in this subsection, the addition to the tax shall be equal to seventy-five percent of the amount otherwise determined. No underpayment shall be deemed to exist with respect to a declaration or installment otherwise due on or after the termination of existence of the taxpayer.

(2) For purposes of applying the addition to tax for an underpayment of any installment of estimated tax by a taxpayer subject to tax pursuant to article thirty-three of this chapter, the amount of tax shall be determined by using the lesser of the differential earnings rate (as described in subsection (c) of section eight hundred nine of the internal revenue code) of the second tax year preceding the taxable year for which the installment is made, or the differential earnings rate for the taxable year for which the installment is made. Such addition to tax shall be applied to any taxable year without regard to any adjustments to the differential earnings amount under subsection (f) of section eight hundred nine of the internal revenue code for such year.

(3) The provisions of this subsection and subsections (d) and (e) of this section shall apply to the failure of a taxpayer to file a declaration of estimated tax surcharge or the failure to pay all or any part of an amount which is applied as an installment against such estimated tax surcharge pursuant to sections one hundred ninety-seven-a, one hundred ninety-seven-b, two hundred thirteen-a, two hundred thirteen-b, fifteen hundred thirteen and fifteen hundred fourteen of this chapter. For purposes of applying this section and subsections (d) and (e) of this section to the estimated tax surcharge, where appropriate the term "tax" shall be read to mean "tax surcharge," and the terms "amount required to be paid," "amount which would be required to be paid," and "amount which would have been required to be paid" shall be computed as the product of (1) such amount computed without regard to the tax surcharges imposed under sections one hundred eighty-four-a, one hundred eighty-six-c, one hundred eighty-eight, two hundred nine-A, two hundred nine-B, fifteen hundred five-a, and fifteen hundred twenty of this chapter, and (2) the MTA percentage. The term "MTA percentage" shall mean the product of (A) the tax rate applicable under such sections imposing such surcharges and (B) the percentage utilized in determining the portion of the taxpayer's business activity

carried on within the metropolitan commuter transportation district under such sections.

(d) Exception to addition for underpayment of estimated tax.--The addition to tax under subsection (c) with respect to any underpayment of any amount which is applied as an installment against estimated tax under article nine-a, nine-b or nine-c shall not be imposed if the total amount of all payments of estimated tax made on or before the last date prescribed for the payment of any such amount equals or exceeds the amount which would have been required to be paid on or before such date if the estimated tax were whichever of the following is the least--

(1) The tax shown on the return of the taxpayer for the preceding taxable year, if a return showing a liability for tax was filed by the taxpayer for the preceding taxable year and such preceding year was a taxable year of twelve months, or

(2) An amount equal to the tax computed at the rates applicable to the taxable year, but otherwise on the basis of the facts shown on the return of the taxpayer for, and the law applicable to, the preceding taxable year, or

(3) Annualized income installment. (A) General. An amount equal to ninety-one percent of the tax for the taxable year computed on all items entering into the computation of the tax or taxes of the taxpayer for the taxable year under article nine, nine-A or thirty-three of this chapter. For purposes of computing the tax, all items of receipts, income and expenses shall be placed on an annualized basis--

(i) for the first three months of the taxable year, in the case of the installment required to be paid in the sixth month,

(ii) for the first six months of the taxable year, in the case of the installment required to be paid in the ninth month, and

(iii) for the first nine months of the taxable year, in the case of the installment required to be paid in the twelfth month.

(B) Special rules. For purposes of subparagraph (A), items of receipts, income and expenses shall be placed on an annualized basis by--

(i) multiplying such items by twelve (or, in the case of a taxable year of less than twelve months, the number of months in the taxable year), and

(ii) dividing the resulting amounts by the number of months referred

to in subparagraph (A) (or in subparagraph (C), if an election applies to the taxable year under such subparagraph).

(C) Election for different annualization periods. (i) If the taxpayer makes an election under this clause--

(I) Clause (i) of subparagraph (A) of this paragraph shall be applied by substituting "four months" for "three months",

(II) Clause (ii) of subparagraph (A) of this paragraph shall be applied by substituting "seven months" for "six months",

(III) Clause (iii) of subparagraph (A) of this paragraph shall be applied by substituting "ten months" for "nine months".

(ii) If the taxpayer makes an election under this clause--

(I) Clause (i) of subparagraph (A) of this paragraph shall be applied by substituting "five months" for "three months",

(II) Clause (ii) of subparagraph (A) of this paragraph shall be applied by substituting "eight months" for "six months",

(III) Clause (iii) of subparagraph (A) of this paragraph shall be applied by substituting "eleven months" for "nine months".

(iii) An election under clause (i) or (ii) of this subparagraph shall apply to the taxable year for which made and such an election shall be effective only if made on or before the date required for filing the declaration of estimated tax for such taxable year, or

(4) (A) If the base period percentage for any six consecutive months of the taxable year equals or exceeds seventy percent, an amount equal to ninety-one percent of the tax determined in the following manner--

(i) take the items entering into the computation of the tax or taxes of the taxpayer for the taxable year under article nine, nine-A or thirty-three of this chapter, for all months during the taxable year preceding the filing month,

(ii) divide such amounts by the base period percentage for all months during the taxable year preceding the filing month,

(iii) determine the tax on the amounts determined under clause (ii), and

(iv) multiply the tax determined under clause (iii) by the base period percentage for the filing month and all months during the taxable year preceding the filing month.

(B) For purposes of subparagraph (A)--

(i) the base period percentage for any period of months shall be the

average percent which the taxable income for the corresponding months in each of the three preceding taxable years bears to the taxable income for the three preceding taxable years. The tax commission may by regulations provide for the determination of the base period percentage in the case of reorganizations, new corporations, and other similar circumstances, and

(ii) the term "filing month" means the month in which the installment is required to be paid.

(5) In the case of any declaration installment, any reduction in such installment resulting from the application of paragraph three or four of this subsection shall be recaptured by increasing the amount of the next installment determined under paragraph one or two of this subsection or paragraph one of subsection (c) of this section by the amount of such reduction (and by increasing subsequent installments to the extent that the reduction has not previously been recaptured under this paragraph). For purposes of the preceding sentence, a declaration installment means any installment of estimated tax other than the mandatory first installment required under paragraph (a) of subdivision one of section one hundred ninety-seven-b, subdivision (a) of section two hundred thirteen-b or subdivision (a) of section fifteen hundred fourteen of this chapter.

For the purposes of this subsection the amounts specified in paragraphs (2), (3) and (4) shall be computed without regard to any increase in the rates applicable to the taxable year which may have become effective after the first day of the seventh month of such year.

(e) (1) Paragraphs (1) and (2) of subsection (d) of this section shall not apply in the case of any corporation (or any predecessor corporation) which had business income, or the portion thereof allocated within the state, of one million dollars or more for any taxable year during the three taxable years immediately preceding the taxable year involved; provided, however, that in the case of a corporation subject to tax under section fifteen hundred two-a of this chapter, paragraphs (1) and (2) of subsection (d) of this section shall not apply if such corporation had entire net income, or the portion thereof allocated within the state, of one million dollars or more for any of the three taxable years immediately preceding the taxable year involved, or if the

direct premiums subject to tax under section fifteen hundred two-a of this chapter of the corporation for any of such three preceding taxable years beginning on or after January first, two thousand three equals or exceeds three million seven hundred fifty thousand dollars.

(2) In the case of taxpayers described in paragraph one of this subsection, paragraph one of subsection (c), subparagraph (A) of paragraph three of subsection (d), and subparagraph (A) of paragraph four of subsection (d) of this section shall be applied by substituting "one hundred percent" for "ninety-one percent" each place it appears.

(e-1) Waiver of addition for underpayment of estimated tax. No addition to tax shall be imposed under subsection (c) of this section with respect to any underpayment to the extent the commissioner determines that by reason of casualty, disaster or other unusual circumstances the imposition of such addition to tax would be against equity and good conscience.

(f) Deficiency due to fraud.---(1) If any part of a deficiency is due to fraud, there shall be added to the tax an amount equal to two times the deficiency.

(2) The addition to tax under this subsection shall be in lieu of any other addition to tax imposed by subsection (a) or (b).

(g) Additional penalty.---Any person who with fraudulent intent shall fail to pay under article nine, nine-a, nine-b or nine-c, any tax, or to make, render, sign or certify any return or declaration of estimated tax, or to supply any information within the time required by or under such article, shall be liable to penalty of not more than one thousand dollars, in addition to any other amounts required under this article, to be imposed, assessed and collected by the tax commission. The tax commission shall have the power, in its discretion, to waive, reduce or compromise any penalty under this subsection.

(h) Additions treated as tax.---The additions to tax and penalties provided by this section shall be paid upon notice and demand and shall be assessed, collected and paid in the same manner as taxes, and any reference in this article to tax imposed by article nine, nine-a, nine-b or nine-c shall be deemed also to refer to the additions to tax and penalties provided by this section. For purposes of section one thousand eighty-one, this subsection shall not apply to---

(1) any addition to tax under subsection (a) except as to that portion

attributable to a deficiency;

(2) any addition to tax under subsection (c) or (o); and

(3) any additional penalties under subsections (g) and (l).

(i) Determination of deficiency.---For purposes of subsections (b) and (f), the amount shown as the tax by the taxpayer upon its return shall be taken into account in determining the amount of the deficiency only if such return was filed on or before the last day prescribed for the filing of such return, determined with regard to any extension of time for such filing.

(j) Person defined.---For purposes of subsections (g) and (l), the term person includes an individual, corporation, partnership or limited liability company or an officer or employee of any corporation (including a dissolved corporation), or a member or employee of any partnership, or a member, employee or manager of a limited liability company, who as such officer, employee, manager or member is under a duty to perform the act in respect of which the violation occurs.

* (k) Substantial understatement of liability.-- (1) If there is a substantial understatement of tax for any taxable year, there shall be added to the tax an amount equal to ten percent of the amount of any underpayment attributable to such understatement. For purposes of this subsection, there is a substantial understatement of tax for any taxable year if the amount of the understatement for the taxable year exceeds the greater of ten percent of the tax required to be shown on the return for the taxable year or five thousand dollars. For purposes of the preceding sentence, the term "understatement" means the excess of the amount of the tax required to be shown on the return for the taxable year, over the amount of the tax imposed which is shown on the return reduced by any rebate (within the meaning of subsection (h) of section one thousand eighty-one of this article). The excess under the preceding sentence shall be determined without regard to items to which subsection (k-1) of this section applies. The commissioner may waive all or any part of the addition to tax provided by this section on a showing by the taxpayer that there was reasonable cause for the understatement (or part thereof) and that the taxpayer acted in good faith.

(2) The amount of the understatement under paragraph one of this subsection shall be reduced by that portion of the understatement which is attributable to (A) the tax treatment of any item by the taxpayer if

there is or was substantial authority for such treatment, or (B) any item if the relevant facts affecting the item's tax treatment are adequately disclosed in the return or in a statement attached to the return.

(3)(A) Subparagraph (B) of paragraph two of this subsection shall not apply to any item attributable to a tax shelter.

(B) For purposes of this paragraph, the term "tax shelter" means

(i) a partnership or other entity,

(ii) any investment plan or arrangement, or

(iii) any other plan or arrangement,

if a significant purpose of such partnership, entity, plan, or arrangement is the avoidance or evasion of tax.

* NB Effective until July 1, 2029

* (k) Substantial understatement of liability.--If there is a substantial understatement of tax for any taxable year, there shall be added to the tax an amount equal to ten percent of the amount of any underpayment attributable to such understatement. For purposes of this subsection, there is a substantial understatement of tax for any taxable year if the amount of the understatement for the taxable year exceeds the greater of ten percent of the tax required to be shown on the return for the taxable year or five thousand dollars. For purposes of the preceding sentence, the term "understatement" means the excess of the amount of the tax required to be shown on the return for the taxable year, over the amount of the tax imposed which is shown on the return reduced by any rebate (within the meaning of subsection (h) of section one thousand eighty-one). The amount of such understatement shall be reduced by that portion of the understatement which is attributable to the tax treatment of any item by the taxpayer if there is or was substantial authority for such treatment, or any item with respect to which the relevant facts affecting the item's tax treatment are adequately disclosed in the return or in a statement attached to the return. The tax commission may waive all or any part of the addition to tax provided by this section on a showing by the taxpayer that there was reasonable cause for the understatement (or part thereof) and that the taxpayer acted in good faith.

* NB Effective July 1, 2029

* (k-1) Reportable transaction understatement.-- (1) If a taxpayer has

a reportable transaction understatement for any taxable year, there shall be added to the tax an amount equal to twenty percent of the amount of such understatement.

(2) For purposes of this section, the term "reportable transaction understatement" means the sum of

(A) the product of--

(i) the amount of the increase (if any) in the applicable tax base which results from a difference between the proper tax treatment of an item to which this section applies and the taxpayer's treatment of such item (as shown on the taxpayer's return of tax), and

(ii) the highest rate of tax imposed under the article of this chapter that applies to the taxpayer, and

(B) the amount of the decrease (if any) in the aggregate amount of credits determined under the article of this chapter that applies to the taxpayer which results from a difference between the taxpayer's treatment of an item to which this section applies (as shown on the taxpayer's return of tax) and the proper tax treatment of such item.

For purposes of subparagraph (A) of this paragraph, any reduction of the excess of deductions allowed for the taxable year over gross income for such year, and any reduction in the amount of capital losses which would (without regard to section one thousand two hundred eleven of the internal revenue code) be allowed for such year, shall be treated as an increase in the applicable tax base.

(3) This subsection shall apply to any item which is attributable to--

(A) any listed transaction, and

(B) any reportable transaction (other than a listed transaction) if a significant purpose of such transaction is the avoidance or evasion of tax.

(4) Paragraph one of this subsection shall be applied by substituting "thirty percent" for "twenty percent" with respect to the portion of any reportable transaction understatement with respect to which the requirement of clause (i) of subparagraph (B) of paragraph ten of this subsection is not met.

(5) For purposes of this subsection, the terms "reportable transaction" and "listed transaction" have the meanings given to such terms by section twenty-five of this chapter, the term "reportable

transaction" shall include a "New York reportable transaction" as defined in such section twenty-five, and the term "listed transaction" shall include any transaction designated as a tax avoidance transaction pursuant to such section twenty-five.

(6) In the case of an understatement (as defined in subsection (k) of this section)

(A) the amount of such understatement (determined without regard to this paragraph) shall be increased by the aggregate amount of reportable transaction understatements for purposes of determining whether such understatement is a substantial understatement under subsection (k) of this section, and (B) the addition to tax under subsection (k) of this section shall apply only to the excess of the amount of the substantial understatement (if any) after the application of subparagraph (A) of this paragraph over the aggregate amount of reportable transaction understatements.

(7) References to an understatement (or a deficiency) in subsection (f) of this section shall be treated as including references to a reportable transaction understatement.

(8) This subsection shall not apply to any portion of any understatement on which a penalty is imposed under subsection (f) of this section.

(9) Except as provided in regulations prescribed by the commissioner, in no event shall any tax treatment included with an amendment or supplement to a return of tax be taken into account in determining the amount of any reportable transaction understatement if the amendment or supplement is filed after the earlier of the date the taxpayer is first contacted by the commissioner regarding the examination of the return or such other date as is specified by the commissioner.

(10)(A) No penalty shall be imposed under this subsection with respect to any portion of a reportable transaction understatement if it is shown that there was a reasonable cause for such portion and that the taxpayer acted in good faith with respect to such portion.

(B) Subparagraph (A) of this paragraph shall not apply to any reportable transaction understatement unless:

(i) the relevant facts affecting the tax treatment of the item are adequately disclosed in accordance with section twenty-five of this chapter,

(ii) there is or was substantial authority for such treatment, and
(iii) the taxpayer reasonably believed that such treatment was more likely than not the proper treatment.

A taxpayer failing to adequately disclose in accordance with section twenty-five of this chapter shall be treated as meeting the requirements of clause (i) of this subparagraph if the penalty for such failure was rescinded under subsection (p) of this section.

(11)(A) A taxpayer shall be treated as having a reasonable belief with respect to the tax treatment of an item only if such belief

(i) is based on the facts and law that exist at the time the return of tax which includes such tax treatment is filed, and

(ii) relates solely to the taxpayer's chances of success on the merits of such treatment and does not take into account the possibility that a return will not be audited, such treatment will not be raised on audit, or such treatment will be resolved through settlement if it is raised.

(B)(i) An opinion of a tax advisor may not be relied upon to establish the reasonable belief of a taxpayer if

(I) the tax advisor is described in clause (ii) of this subparagraph, or

(II) the opinion is described in clause (iii) of this subparagraph.

(ii) A tax advisor is described in this clause if the tax advisor:

(I) is a material advisor (within the meaning of section six thousand one hundred eleven of the internal revenue code or within such meaning as it also applies to a New York reportable transaction as defined in section twenty-five of this chapter) and participates in the organization, management, promotion, or sale of the transaction or is related (within the meaning of subsection (b) of section two hundred sixty-seven of the internal revenue code or subsection (b) of section seven hundred seven of the internal revenue code) to any person who so participates,

(II) is compensated directly or indirectly by a material advisor with respect to the transaction,

(III) has a fee arrangement with respect to the transaction which is contingent on all or part of the intended tax benefits from the transaction being sustained, or

(IV) has a disqualifying financial interest with respect to the transaction.

(iii) For purposes of clause (i) of this subparagraph, an opinion is disqualified if the opinion

(I) is based on unreasonable factual or legal assumptions (including assumptions as to future events),

(II) unreasonably relies on representations, statements, findings, or agreements of the taxpayer or any other person,

(III) does not identify and consider all relevant facts, or

(IV) fails to meet any other requirement as the commissioner may prescribe.

(n) Failure to file report of information relating to certain interest payments.--In case of failure to file the report of information required under subdivision two-a of section two hundred eleven, unless it is shown that such failure is due to reasonable cause and not due to willful neglect, there shall be added to the tax a penalty of five hundred dollars.

(4) The commissioner may rescind all or any portion of any penalty imposed by this subsection with respect to any violation if

(A) the violation is with respect to a reportable transaction other than a listed transaction, and

(5) The penalty imposed by this section shall be in addition to any

other penalty imposed by this chapter.

(B) The amount of the penalty under paragraph one of this subsection with respect to a listed transaction shall be the greater of

(i) fifty thousand dollars or,

(ii) fifty percent of the gross income that the organizer or material advisor derived with respect to activities that were the basis for the requirement to file, disclose or provide information pursuant to section six thousand eleven of the internal revenue code, to the extent such gross income is attributable to the avoidance of any tax imposed under article nine, nine-A or thirty-three of this chapter.

(C) Clause (ii) of subparagraph (B) of this paragraph shall be applied by substituting "seventy-five percent" for "fifty percent" in the case of an intentional failure or act described in paragraph one of this subsection.

* (s) Tax preparer penalty.-- (1) If:

(A) any part of any understatement of liability with respect to any return or claim for refund is due to a position for which there was not a reasonable belief that the tax treatment in that position was more likely than not the proper treatment,

(B) any person who is a tax return preparer with respect to such return or claim knew (or reasonably should have known) of such position, and

(C) such position was not disclosed as provided in subsection (k) of this section or there was no reasonable basis for the tax treatment of that position, such person shall pay a penalty of up to one thousand dollars with respect to such return or claim unless it is shown that there is reasonable cause for the understatement and such person acted in good faith.

(2) If any part of any understatement of liability with respect to any return or claim for refund is due

(A) to a willful attempt in any manner to understate the liability for tax by a person who is a tax return preparer with respect to such return or claim, or

(B) to any reckless or intentional disregard of rules or regulations by any such person, such person shall pay a penalty of up to five thousand dollars with respect to such return or claim. (B) makes or furnishes or causes another person to make or furnish (in connection with such organization or sale)

(i) a statement with respect to the allowability of any deduction or credit, the excludability of any income, or the securing of any other tax benefit by reason of holding an interest in the entity or participating in the plan or arrangement which the person knows or has reason to know is false or fraudulent as to any material matter, or

(ii) a gross valuation overstatement as to any material matter, and

(C) satisfies any of the following conditions

(i) the person is organized in this state,

(ii) the person is doing business in this state,

(iii) the person is deriving income in this state, or

(iv) the person conducts any of the activities described in subparagraph (A) or (B) of this paragraph within the state of New York, shall pay, with respect to each activity described in subparagraph (A) of this paragraph, a penalty equal to one thousand dollars or, if the person establishes that it is lesser, one hundred percent of the gross income derived (or to be derived) by such person from such activity to the extent such gross income is attributed to the avoidance of any tax imposed under articles nine, nine-A or thirty-three of this chapter; provided, however, that if an activity with respect to which a penalty imposed under this subsection involves a statement described in clause (i) of subparagraph (B) of paragraph one of this subsection, the penalty shall be equal to fifty percent of the gross income derived (or to be derived) from that activity within the state by the person on which the penalty is imposed. For purposes of the preceding sentence, activities described in clause (i) of subparagraph (A) of this paragraph with respect to each entity or arrangement shall be treated as a separate activity and participation in each sale described in clause (ii) of subparagraph (A) of this paragraph shall be so treated.

(2)(A) For purposes of this subsection, the term "gross valuation overstatement" means any statement as to the value of any property or services if--

(i) the value so stated exceeds two hundred percent of the amount determined to be the correct valuation, and

(ii) the value of such property or services is directly related to the amount of any deduction or credit allowable under this chapter to any participant.

(B) The commissioner may waive all or any part of the penalty provided by paragraph one of this subsection with respect to any gross valuation overstatement on a showing that there was a reasonable basis for the valuation and that such valuation was made in good faith.

(3) The penalty imposed by this subsection shall be in addition to any other penalty provided by law.

(u) False or fraudulent document penalty. Any taxpayer that submits a false or fraudulent document to the department will be subject to a penalty of one hundred dollars per document submitted, or five hundred

dollars per tax return submitted. This penalty will be in addition to any other penalty or addition provided by law.

(v) Failure to supply all the information required or to provide correct information in secretary of state statements. Unless it is shown that such failure to provide the statement and information required by section four hundred eight of the business corporation law is due to reasonable cause and not to willful neglect, there shall, upon notice and demand by the commissioner and in the same manner as tax, be paid by the taxpayer failing to supply complete and correct information, a penalty of two hundred fifty dollars per corporation required to provide such information.

§ 1086. Overpayment.--- (a) General.--The commissioner of taxation and finance, within the applicable period of limitations, may credit an overpayment of tax and interest on such overpayment against any liability in respect of any tax imposed by the tax law on the taxpayer who made the overpayment, or against any liability for a past-due legally enforceable debt of which he is notified pursuant to section one hundred seventy-one-f of this chapter, or against any city of New York tax warrant judgment debt of which he is notified pursuant to section one hundred seventy-one-l of this chapter, and the balance shall be refunded by the comptroller out of the proceeds of the tax retained by him for such general purpose. Provided, however, in the case of an overpayment claimed on a return or report, such refund shall be made only if application therefor is made on such return or report. In the absence of such application, the amount of such overpayment with respect to any taxable year shall be credited against, and considered as, a payment of tax liability with respect to such tax for the succeeding taxable year and shall be credited against the estimated tax, if any, for such year (whether or not claimed as a credit in the declaration of estimated tax for such succeeding taxable year). The commissioner shall notify the taxpayer that such overpayment has been so credited, and the taxpayer may, prior to the due date (without regard to extensions) of the taxpayer's return or report for such succeeding taxable year, claim a refund of such overpayment. Any refund under this section shall be made only upon the filing of a return and upon a certificate of the

commissioner approved by the comptroller. The comptroller, as a condition precedent to the approval of such a certificate, may examine into the facts as disclosed by the return of the taxpayer who made the overpayment and other information and data available in the files of the commissioner.

(b) Credits against estimated tax.---The commissioner may prescribe regulations providing for the crediting against the estimated tax under article nine-a for any taxable year of the amount determined to be an overpayment of tax under such article for a preceding taxable year. If any overpayment of tax is so claimed as a credit against estimated tax for the succeeding taxable year, such amount shall be considered as a payment of the tax under article nine-a of this chapter for the succeeding taxable year (whether or not claimed as a credit in the declaration of estimated tax for such succeeding taxable year), and no claim for credit or refund of such overpayment shall be allowed for the taxable year for which the overpayment arises, except upon request to the commissioner on or before the last day prescribed for the filing of the return for the succeeding taxable year, determined with regard to any extension of time granted. If good cause is shown for reversing the credit, the commissioner may, in his or her discretion, credit the overpayment against a liability or refund the overpayment without interest. Provided, the person who made the overpayment will not be relieved of liability for any penalty imposed for a consequent underpayment of estimated tax for the succeeding taxable year. The decision of the commissioner to grant or deny the request is final and not subject to further administrative or judicial review.

(c) Rule where no tax liability.---If there is no tax liability for a period in respect of which an amount is paid as tax, such amount shall be considered an overpayment.

(d) Assessment and collection after limitation period.---If any amount of tax is assessed or collected after the expiration of the period of limitations properly applicable thereto, such amount shall be considered an overpayment.

(e) Assignment of overpayment.---A credit for an overpayment of tax under article nine, nine-a, nine-b or nine-c may be assigned by the taxpayer to a corporation liable to pay taxes under any of such articles, and the assignee of the whole or any part of such credit, on

filing such assignment with the tax commission, shall thereupon be entitled to credit upon the books of the tax commission for the amount thereof on its current account for taxes, in the same manner and to the same effect as though the credit had originally been allowed in its favor.

§ 1087. Limitations on credit or refund.--(a) General.--Claim for credit or refund of an overpayment of tax under article nine or nine-A shall be filed by the taxpayer within (i) three years from the time the return was filed, (ii) two years from the time the tax was paid or (iii) in the case of any overpayment arising from an erroneous denial by the department of environmental conservation of a certification of completion pursuant to section 27-1419 of the environmental conservation law, two years from the time a final determination to the effect that such denial was erroneous is made and is no longer subject to judicial review, whichever of such periods expires the latest, or if no return was filed, within two years from the time the tax was paid. If the claim is filed within the three year period, the amount of the credit or refund shall not exceed the portion of the tax paid within the three years immediately preceding the filing of the claim plus the period of any extension of time for filing the return. If the claim is not filed within the three year period, but is filed within the two year period, the amount of the credit or refund shall not exceed the portion of the tax paid during the two years immediately preceding the filing of the claim. In the case of a claim for credit or refund filed within the period prescribed in paragraph (iii) of this subsection, the amount of the credit or refund may exceed the portion of the tax paid within the applicable period specified in the two immediately preceding sentences, but only to the extent of the amount of the overpayment attributable to the denial described in such paragraph (iii). Except as otherwise provided in this section, if no claim is filed, the amount of a credit or refund shall not exceed the amount which would be allowable if a claim had been filed on the date the credit or refund is allowed. For special restriction in a proceeding on a claim for refund of tax paid pursuant to an assessment made as a result of (i) a net operating loss carryback or capital loss carryback, or (ii) an increase or decrease in

federal taxable income or federal tax, or (iii) a federal change or correction or renegotiation, or computation or recomputation of tax, which is treated in the same manner as if it were a deficiency for federal income tax purposes, see paragraph (7) of subsection (c) of section one thousand eighty-three.

(b) Extension of time by agreement.--If an agreement under the provisions of paragraph (2) of subsection (c) of section one thousand eighty-three (extending the period for assessment of tax) is made within the period prescribed in subsection (a) for the filing of a claim for credit or refund, the period for filing a claim for credit or refund, or for making credit or refund if no claim is filed, shall not expire prior to six months after the expiration of the period within which an assessment may be made pursuant to the agreement or any extension thereof. The amount of such credit or refund shall not exceed the portion of the tax paid after the execution of the agreement and before the filing of the claim or the making of the credit or refund, as the case may be, plus the portion of the tax paid within the period which would be applicable under subsection (a) if a claim had been filed on the date the agreement was executed.

(c) Notice of change or correction of federal income.-- If a taxpayer is required by subdivision three of section two hundred eleven or paragraph one of subdivision (e) of section fifteen hundred fifteen of this chapter, to file a report or amended return in respect of (i) a decrease or increase in federal taxable income or federal alternative minimum taxable income or federal tax, or (ii) a federal change or correction or renegotiation, or computation or recomputation of tax, which is treated in the same manner as if it were an overpayment for federal income tax purposes, claim for credit or refund of any resulting overpayment of tax shall be filed by the taxpayer within two years from the time such report or amended return was required to be filed with the commissioner. If the report or amended return required by any such provision of law is not filed within the period therein specified, no interest shall be payable on any claim for credit or refund of the overpayment attributable to the federal change or correction. The amount of such credit or refund--

(1) shall be computed without change of the allocation of income or capital upon which the taxpayer's return (or any additional assessment)

was based, and

(2) shall not exceed the amount of the reduction in tax attributable to such decrease or increase in federal taxable income, federal alternative minimum taxable income, or federal tax or to such federal change or correction or renegotiation, or computation or recomputation of tax. This subsection shall not affect the time within which or the amount for which a claim for credit or refund may be filed apart from this subsection.

(d) Overpayment attributable to net operating loss carryback or capital loss carryback.--A claim for credit or refund of so much of an overpayment under article nine-a as is attributable to the application to the taxpayer of a net operating loss carryback or a capital loss carryback shall be filed within three years from the time the return was due (including extensions thereof) for the taxable year of the loss, or within the period prescribed in subsection (b) in respect of such taxable year, or within the period prescribed in subsection (c), where applicable, in respect of the taxable year to which the net operating loss or capital loss is carried back, whichever expires the latest. Where such claim for credit or refund is filed after the expiration of the period prescribed in subsection (a), or in subsection (b) where applicable, in respect of the taxable year to which the net operating loss or capital loss is carried back, the amount of such credit or refund shall be computed without change of the allocation of income or capital upon which the taxpayer's return (or any additional assessment) was based.

(e) Failure to file claim within prescribed period.--No credit or refund shall be allowed or made, except as provided in subsection (f) of this section or subsection (d) of section one thousand ninety, after the expiration of the applicable period of limitation specified in this article, unless a claim for credit or refund is filed by the taxpayer within such period. Any later credit shall be void and any later refund erroneous. No period of limitations specified in any other law shall apply to the recovery by a taxpayer of moneys paid in respect of taxes under article nine, nine-a, nine-b or nine-c.

(f) effect of petition to tax commission.--If a notice of deficiency for a taxable year has been mailed to the taxpayer under section one thousand eighty-one and if the taxpayer files a timely petition with the

tax commission under section one thousand eighty-nine, it may determine that the taxpayer has made an overpayment for such year (whether or not it also determines a deficiency for such year). No separate claim for credit or refund for such year shall be filed, and no credit or refund for such year shall be allowed or made, except--

(1) as to overpayments determined by a decision of the tax commission which has become final; and

(2) as to any amount collected in excess of an amount computed in accordance with the decision of the tax commission which has become final; and

(3) as to any amount collected after the period of limitation upon the making of levy for collection has expired; and

(4) as to any amount claimed as a result of a change or correction described in subsection (c).

(g) Limit on amount of credit or refund.--The amount of overpayment determined under subsection (f) shall, when the decision of the tax commission has become final, be credited or refunded in accordance with subsection (a) of section one thousand eighty-six and shall not exceed the amount of tax which the tax commission determines as part of its decision was paid--

(1) after the mailing of the notice of deficiency, or

(2) within the period which would be applicable under subsections (a), (b) or (c), if on the date of the mailing of the notice of deficiency a claim had been filed (whether or not filed) stating the grounds upon which the tax commission finds that there is an overpayment.

For special restriction on credit or refund in a proceeding on a petition for redetermination of a deficiency where the notice of deficiency is issued as a result of (i) a net operating loss carryback or a capital loss carryback, or (ii) an increase or decrease in federal taxable income or federal tax, or (iii) a federal change or correction or renegotiation, or computation or recomputation of tax, which is treated in the same manner as if it were a deficiency for federal income tax purposes, see paragraph (7) of subsection (c) of section one thousand eighty-three.

(h) Early return.--For purposes of this section, any return filed before the last day prescribed for the filing thereof shall be

considered as filed on such last day, determined without regard to any extension of time granted the taxpayer.

(i) Prepaid tax.--For purposes of this section, any tax paid by the taxpayer before the last day prescribed for its payment (including any amount paid by the taxpayer as estimated tax for a taxable year) shall be deemed to have been paid by it on the fifteenth day of the third month following the close of the taxable year the income of which is the basis for tax under article nine-a, or on the last day prescribed in article nine for the filing of a final return for such taxable year, or portion thereof, determined in all cases without regard to any extension of time granted the taxpayer, for taxable years beginning before January first, two thousand sixteen, and on the fifteenth day of the fourth month following the close of the taxable year the income of which is the basis for tax under article nine-a, or on the last day prescribed in article nine for the filing of a final return for such taxable year, or portion thereof, determined in all cases without regard to any extension of time granted the taxpayer, for taxable years beginning on or after January first, two thousand sixteen.

(j) Cross reference.--For provision barring refund of overpayment credited against tax of a succeeding year, except for good cause shown, see subsection (b) of section one thousand eighty-six.

§ 1088. Interest on overpayment.--(a) General.--Notwithstanding the provisions of section sixteen of the state finance law, interest shall be allowed and paid as follows at the overpayment rate set by the commissioner of taxation and finance pursuant to section one thousand ninety-six, or if no rate is set, at the rate of six percent per annum upon any overpayment in respect of the tax imposed by article nine or nine-a:

(1) from the date of the overpayment to the due date of an amount against which a credit is taken;

(2) from the date of the overpayment to a date (to be determined by the commissioner) preceding the date of a refund check by not more than thirty days, whether or not such refund check is accepted by the taxpayer after tender of such check to the taxpayer. The acceptance of such check shall be without prejudice to any right of the taxpayer to

claim any additional overpayment and interest thereon.

(3) Late and amended returns and claims for credit or refund.

Notwithstanding paragraph one or two of this subsection, in the case of an overpayment claimed on a return of tax which is filed after the last date prescribed for filing such return (determined with regard to extensions), or claimed on an amended return of tax or claimed on a claim for credit or refund, no interest shall be allowed or paid for any day before the date on which such return or claim is filed.

(4) Interest on certain refunds. To the extent provided for in regulations promulgated by the commissioner of taxation and finance, if an item of income, gain, loss, deduction or credit is changed from the taxable year or period in which it is reported to the taxable year or period in which it belongs and the change results in an underpayment in a taxable year or period and an overpayment in some other taxable year or period, the provisions of paragraph three of this subsection with respect to an overpayment shall not be applicable to the extent that the limitation in such paragraph on the right to interest would result in a taxpayer not being allowed interest for a length of time with respect to an overpayment while being required to pay interest on an equivalent amount of the related underpayment. However, this paragraph shall not be construed as limiting or mitigating the effect of any statute of limitations or any other provision of law relating to the authority of such commissioner to issue a notice of deficiency or to allow a credit or refund on an overpayment.

(5) Amounts of less than five dollars. No interest shall be allowed or paid if the amount thereof is less than five dollars.

(b) Advance payment of tax and estimated tax.--The provisions of subsections (h) and (i) of section one thousand eighty-seven applicable in determining the date of payment of tax for purposes of determining the period of limitations on credit or refund, shall be applicable in determining the date of payment for purposes of this section.

(c) Tax refund within three months of claim for overpayment. (1) If any overpayment of tax imposed by article nine or nine-a is credited or refunded within three months after the last date prescribed (or permitted by extension of time) for filing the return of such tax on which such overpayment was claimed or within three months after such return was filed, whichever is later, or within three months after an

amended return was filed claiming such overpayment or within three months after a claim for credit or refund was filed on which such overpayment was claimed, no interest shall be allowed under this section on any such overpayment. For purposes of this subsection, any amended return or claim for credit or refund filed before the last day prescribed (or permitted by extension of time) for the filing of the return of tax for such year or period shall be considered as filed on such last day.

(2) In the case of an overpayment of tax credited due to absence of application by the taxpayer for refund under subsection (a) of section one thousand eighty-six, where the commissioner notifies the taxpayer that such overpayment has been so credited within three months after the last date prescribed (or permitted by extension of time) for filing the return of such tax on which such overpayment was claimed or within three months after such return was filed, whichever is later, and where the taxpayer subsequent to such notice makes a claim for refund of all or part of such overpayment, no interest shall be allowed under this section prior to the date of such claim for refund.

(d) Refund of tax caused by carryback.--For purposes of this section, if any overpayment of tax imposed by article nine-a results from a carryback of a net operating loss or a net capital loss, such overpayment shall be deemed not to have been made prior to the filing date for the taxable year in which such net operating loss or net capital loss arises. In the case of a taxpayer which has made an election under subchapter s of chapter one of the internal revenue code, where an overpayment of tax results from a carryback of a net operating loss arising in a taxable year ending on or after December thirty-first, nineteen hundred seventy-six, or from a carryback of a net capital loss arising in a taxable year ending on or after December thirty-first, nineteen hundred eighty-one, unless a claim for refund based on such overpayment has been filed within a period ending twelve months and one hundred eighty days subsequent to the last day of the taxable year in which the net operating loss or net capital loss arises, interest on any resulting refund or credit shall cease to accrue upon the conclusion of such period. Such filing date shall be determined without regard to extensions of time to file. For purposes of subsection (c) of this section any overpayment described herein shall be treated as an

overpayment for the loss year and such subsection shall be applied with respect to such overpayment by treating the return for the loss year as not filed before claim for such overpayment is filed. The term "loss year" means the taxable year in which such loss arises.

(e) No interest until return in processible form.--

(1) For purposes of subsections (a) and (c) of this section, a return shall not be treated as filed until it is filed in processible form.

(2) For purposes of paragraph one of this subsection, a return is in a processible form if--

(A) such return is filed on a permitted form, and

(B) such return contains--

(i) the taxpayer's name, address, and indentifying number and the required signatures, and

(ii) sufficient required information (whether on the return or on required attachments) to permit the mathematical verification of tax liability shown on the return.

(f) Overpayment credited against past-due legally enforceable debts.--If interest is payable pursuant to this section on that portion of an overpayment which is certified by the commissioner of taxation and finance to the comptroller as the amount to be credited against a past-due legally enforceable debt pursuant to the provisions of section one hundred seventy-one-f of this chapter, or a city of New York tax warrant judgment debt pursuant to the provisions of section one hundred seventy-one-l of this chapter, such portion of such an overpayment shall cease to bear interest on the date of such certification.

(g) Cross-reference.--For provision with respect to interest after failure to file a report or amended return under subdivision three of section two hundred eleven or paragraph one of subdivision (e) of section fifteen hundred fifteen, see subsection (c) of section one thousand eighty-seven.

(h) Notwithstanding any other provision in this section, for taxable years beginning on or after January first, two thousand eight and before January first, two thousand nine, interest will be allowed on an overpayment on any return or report on which one or more empire zone tax credits are claimed, only from the one hundred eightieth day after the taxpayer files with the department an empire zone retention certificate issued pursuant to subdivision (w) of section nine hundred fifty-nine of

the general municipal law to the empire zone enterprise which is the basis for the tax credit or credits claimed on the return or report.

§ 1089. Petition to tax commission.--(a) General.--The form of a petition to the tax commission, and further proceedings before the tax commission in any case initiated by the filing of a petition, shall be governed by such rules as the tax commission shall prescribe. No petition shall be denied in whole or in part without opportunity for a hearing on reasonable prior notice. Such hearing shall be conducted by one or more members of the tax commission, or by a hearing officer designated by the tax commission to take evidence and report to the tax commission. The tax commissioners shall, acting as a body, jointly decide the case as quickly as practicable. Notice of decision shall be mailed promptly to the taxpayer by certified or registered mail at its last known address, and such notice shall set forth the tax commission's findings of fact and a brief statement of the grounds of decision in each case decided in whole or in part adversely to the taxpayer.

(b) Petition for redetermination of a deficiency.--Within ninety days, or one hundred fifty days if the notice is addressed to a taxpayer whose last known address is outside of the United States, after the mailing of the notice of deficiency authorized by section one thousand eighty-one, the taxpayer may file a petition with the tax commission for a redetermination of the deficiency. Such petition may also assert a claim for refund for the same taxable year or years, subject to the limitations of subsection (g) of section one thousand eighty-seven. For special restriction where the notice of deficiency relates to a proposed assessment made as a result of (i) a net operating loss carryback or capital loss carryback, (ii) an increase or decrease in federal taxable income or federal tax, or (iii) a federal change or correction or renegotiation, or computation or recomputation of tax, which is treated in the same manner as if it were a deficiency for federal income tax purposes, see paragraph (7) of subsection (c) of section one thousand eighty-three.

(c) Petition for refund.--A taxpayer may file a petition with the tax commission for the amounts asserted in a claim for refund if---

(1) the taxpayer has filed a timely claim for refund with the tax

commission,

(2) the taxpayer has not previously filed with the tax commission a timely petition under subsection (b) of this section for the same taxable year unless the petition under this subsection relates to a separate claim for credit or refund properly filed under subsection (f) of section one thousand eighty-seven of this article or relates to a refund or credit first claimed on an amended return for the taxable year, and

(3) either (A) six months have expired since the claim was filed, or (B) the tax commission has mailed to the taxpayer, by registered or certified mail, a notice of disallowance of such claim in whole or in part.

(4) Notwithstanding paragraph three of this subsection, no petition may be filed by a taxpayer claiming a refund of one or more empire zone tax credits for a taxable year beginning on or after January first, two thousand eight and before January first, two thousand nine, until six months have expired after the date on which an empire zone retention certificate was issued pursuant to subdivision (w) of section nine hundred fifty-nine of the general municipal law to the empire zone enterprise which is the basis for the tax credit or credits claimed on the return or report.

No petition under this subsection shall be filed more than two years after the date of mailing of a notice of disallowance, unless prior to the expiration of such two year period it has been extended by written agreement between the taxpayer and the tax commission. If a taxpayer files a written waiver of the requirement that he be mailed a notice of disallowance, the two year period prescribed by this subsection for filing a petition for refund shall begin on the date such waiver is filed.

(d) Assertion of deficiency after filing petition.---

(1) Petition for redetermination of deficiency.---If a taxpayer files with the tax commission a petition for redetermination of a deficiency, the tax commission shall have power to determine a greater deficiency than asserted in the notice of deficiency and to determine if there should be assessed any addition to tax or penalty provided in section one thousand eighty-five, if claim therefor is asserted at or before the hearing under rules of the tax commission.

(2) Petition for refund.---If the taxpayer files with the tax commission a petition for credit or refund for a taxable year, the tax commission may

(A) determine a deficiency for such year as to any amount of deficiency asserted at or before the hearing under rules of the tax commission, and within the period in which an assessment would be timely under section one thousand eighty-three, or

(B) deny so much of the amount for which credit or refund is sought in the petition, as is offset by other issues pertaining to the same taxable year which are asserted at or before the hearing under rules of the tax commission.

(3) Opportunity to respond.--- A taxpayer shall be given a reasonable opportunity to respond to any matters asserted by the tax commission under this subsection.

(4) Restriction on further notices of deficiency.---If the taxpayer files a petition with the tax commission under this section, no notice of deficiency under section one thousand eighty-one of this article may thereafter be issued by the tax commission for the same tax return, except in case of fraud or with respect to an increase or decrease in federal taxable income or federal alternative minimum taxable income or federal tax or a federal change or correction or renegotiation, or computation or recomputation of tax, which is treated in the same manner as if it were a deficiency for federal income tax purposes, required to be reported under subdivision three of section two hundred eleven of this chapter.

(e) Burden of proof.---In any case before the tax commission under this article, the burden of proof shall be upon the petitioner except for the following issues, as to which the burden of proof shall be upon the tax commission:

(1) whether the petitioner has been guilty of fraud with intent to evade tax;

(2) whether the petitioner is liable as the transferee of property of a taxpayer, but not to show that the taxpayer was liable for the tax;

(3) whether the petitioner is liable for any increase in a deficiency where such increase is asserted initially after a notice of deficiency was mailed and a petition under this section filed, unless such increase in deficiency is the result of an increase or decrease in federal

taxable income or federal alternative minimum taxable income or federal tax or a federal change or correction or renegotiation, or computation or recomputation of tax, which is treated in the same manner as if it were a deficiency for federal income tax purposes, required to be reported under subdivision three of section two hundred eleven, or under section two hundred nineteen-bb, or under section two hundred nineteen-zz, and of which increase, decrease, change or correction or renegotiation, or computation or recomputation, the tax commission had no notice at the time it mailed the notice of deficiency; and

(4) whether any person is liable for a penalty under subsection (l) of section one thousand eighty-five.

(f) Evidence of related federal determination.---Evidence of a federal determination relating to issues raised in a case before the tax commission under this section shall be admissible, under rules established by the tax commission.

(g) Jurisdiction over other years.---The tax commission shall consider such facts with relation to the taxes for other years as may be necessary correctly to determine the tax for the taxable year, but in so doing shall have no jurisdiction to determine whether or not the tax for any other year has been overpaid or underpaid.

§ 1090. Review of tax commission decision.---(a) General.--- A decision of the tax appeals tribunal shall be subject to judicial review in the manner provided for by section two thousand sixteen of this chapter. Provided, however, an application by a taxpayer for judicial review of a decision of the tax appeals tribunal that there is a deficiency of tax under section one hundred eighty-two of this chapter, or liability for any interest, addition to tax or penalty with respect to such deficiency, shall not be instituted unless the amount of such deficiency of tax and such interest, addition to tax or penalty are paid at or before the time such application for review is made or such amounts are deposited with the commissioner of taxation and finance at or before such time.

(b) Judicial review exclusive remedy of taxpayer.---The review of a decision of the tax commission provided by this section shall be the exclusive remedy available to any taxpayer for the judicial

determination of the liability of the taxpayer for the taxes imposed by article nine, nine-a, nine-b or nine-c.

(c) Assessment pending review; review bond.---Irrespective of any restrictions on the assessment and collection of deficiencies, the tax commission may assess a deficiency after the expiration of the period specified in subsection (a), notwithstanding that an application for judicial review in respect of such deficiency has been duly made by the taxpayer unless the taxpayer, at or before the time the taxpayer's application for review is made, has paid the deficiency, has deposited with the tax commission the amount of the deficiency, or has filed with the tax commission a bond (which may be a jeopardy bond under subsection (h) of section one thousand ninety-four) in the amount of the portion of the deficiency (including interest and other amounts) in respect of which the application for review is made and all costs and charges which may accrue against the taxpayer in the prosecution of the proceeding, including costs of all appeals, and with surety approved by a justice of the supreme court of the state of New York, conditioned upon the payment of the deficiency (including interest and other amounts) as finally determined and such costs and charges. If as a result of a waiver of the restrictions on the assessment and collection of a deficiency any part of the amount determined by the tax commission is paid after the filing of the review bond, such bond shall, at the request of the taxpayer, be proportionately reduced. Provided, however, where the tax commission has rendered a decision that there is a deficiency of tax under section one hundred eighty-two of this chapter, or liability for any interest, addition to tax or penalty with respect to such deficiency, irrespective of any restrictions on the assessment and collection of deficiencies, the tax commission may assess such deficiency after the expiration of the period specified in subsection (a), notwithstanding that an application for judicial review in respect of such deficiency has been duly made by the taxpayer.

(d) Credit, refund or abatement after review.---If the amount of a deficiency determined by the tax commission is disallowed in whole or in part by the court of review, the amount so disallowed shall be credited or refunded to the taxpayer, without the making of claim therefor, or, if payment has not been made, shall be abated.

(e) Date of finality of division of tax appeals determination or

decision.--- A determination of an administrative law judge in the division of tax appeals shall become final in accordance with subdivision four of section two thousand ten of this chapter. A decision of the tax appeals tribunal shall become final upon the expiration of the period specified in subsection (a) for making an application for review, if no such application has been duly made within such time, or if such application has been duly made, upon expiration of the time for all further judicial review, or upon the rendering by the tax appeals tribunal of a decision in accordance with the mandate of the court on review. Notwithstanding the foregoing, for the purpose of making an application for review, the decision of the tax appeals tribunal shall be deemed final on the date the notice of such decision is served as provided in section two thousand sixteen of this chapter.

§ 1091. Mailing rules; holidays; miscellaneous.--(a) Timely mailing.--(1) If any return, declaration of estimated tax, claim, statement, notice, petition, or other document required to be filed, or any payment required to be made, within a prescribed period or on or before a prescribed date under authority of any provision of this article, or of article nine, nine-a, nine-b or nine-c, is, after such period or such date, delivered by United States mail to the tax commission, bureau, office, officer or person with which or with whom such document is required to be filed, or to which or to whom such payment is required to be made, the date of the United States postmark stamped on the envelope shall be deemed to be the date of delivery. This subsection shall apply only if the postmark date falls within the prescribed period or on or before the prescribed date for the filing of such document, or for making the payment, including any extension granted for such filing or payment, and only if such document or payment was deposited in the mail, postage prepaid, properly addressed to the tax commission, bureau, office, officer or person with which or with whom the document is required to be filed or to which or to whom such payment is required to be made. If any document or payment is sent by United States registered mail, such registration shall be prima facie evidence that such document or payment was delivered to the tax commission, bureau, office, officer or person to which or to whom

addressed. To the extent that the tax commission shall prescribe by regulation, certified mail may be used in lieu of registered mail under this section. This subsection shall apply in the case of postmarks not made by the United States Post Office only if and to the extent provided by regulations of the tax commission.

(2)(A) Any reference in paragraph one of this subsection to the United States mail shall be treated as including a reference to any delivery service designated by the secretary of the treasury of the United States pursuant to section seventy-five hundred two of the internal revenue code and any reference in paragraph one of this subsection to a postmark by the United States mail shall be treated as including a reference to any date recorded or marked in the manner described in section seventy-five hundred two of the internal revenue code by a designated delivery service. If the commissioner finds that any delivery service designated by such secretary is inadequate for the needs of the state, the commissioner may withdraw such designation for purposes of this article. The commissioner may also designate additional delivery services meeting the criteria of section seventy-five hundred two of the internal revenue code for purposes of this article, or may withdraw any such designation if the commissioner finds that a delivery service so designated is inadequate for the needs of the state. Any reference in paragraph one of this subsection to the United States mail shall be treated as including a reference to any delivery service designated by the commissioner and any reference in paragraph one of this subsection to a postmark by the United States mail shall be treated as including a reference to any date recorded or marked in the manner described in section seventy-five hundred two of the internal revenue code by a delivery service designated by the commissioner.

(B) Any equivalent of registered or certified mail designated by the United States secretary of the treasury, or as may be designated by the commissioner pursuant to the same criteria used by such secretary for such designations pursuant to section seventy-five hundred two of the internal revenue code, shall be included within the meaning of registered or certified mail as used in paragraph one of this subsection. If the commissioner finds that any equivalent of registered or certified mail designated by such secretary or the commissioner is inadequate for the needs of the state, the commissioner may withdraw

such designation for purposes of this article.

(b) Last known address.--For purposes of this article, a taxpayer's last known address shall be the address given in the last return filed by it, unless subsequently to the filing of such return the taxpayer shall have notified the tax commission of a change of address.

(c) Last day a Saturday, Sunday or legal holiday.--When the last day prescribed under authority of this article or article nine, nine-a, nine-b or nine-c (including any extension of time) for performing any act falls on a Saturday, Sunday, or legal holiday in the state of New York, the performance of such act shall be considered timely if it is performed on the next succeeding day which is not a Saturday, Sunday or legal holiday.

(d) Certificate; unfiled return.--For purposes of this chapter, the certificate of the tax commission to the effect that a tax has not been paid, that a return or declaration of estimated tax has not been filed, or that information has not been supplied, as required by or under the provisions of this article or of article nine, nine-a, nine-b or nine-c of this chapter, shall be prima facie evidence that such tax has not been paid, that such return or declaration has not been filed, or that such information has not been supplied.

(e) Attorney general; jurisdiction.--The attorney general shall have concurrent jurisdiction with any district attorney in the prosecution of any offenses arising under article thirty-seven of this chapter with respect to the taxes to which this article applies.

§ 1092. Collection, levy and liens.---(a) Collection procedures.---The taxes imposed by articles nine, nine-a, nine-b or nine-c shall be collected by the tax commission, and it may establish the mode or time for the collection of any amount due it under these articles if not otherwise specified. The tax commission shall, upon request, give a receipt for any sum collected under such articles. The tax commission may authorize banks or trust companies which are depositaries or financial agents of the state to receive and give a receipt for any tax imposed under such articles in such manner, at such times, and under such conditions as the tax commission may prescribe; and the tax commission shall prescribe the manner, times and conditions under which

the receipt of such tax by such banks and trust companies is to be treated as payment of such tax to the tax commission.

(b) Notice and demand for tax.---The tax commission shall as soon as practicable give notice to each taxpayer liable for any amount of tax, addition to tax, penalty or interest, which has been assessed but remains unpaid, stating the amount and demanding payment thereof. Such notice shall be left at the principal office of the taxpayer in this state or shall be sent by mail to such taxpayer's last known address. Except where the tax commission determines that collection would be jeopardized by delay, if any tax is assessed prior to the last date (including any date fixed by extension) prescribed for payment of such tax, payment of such tax shall not be demanded until after such date.

(c) Issuance of warrant after notice and demand.---If any corporation or other person liable under articles nine or nine-a for the payment of any tax, addition to tax, penalty or interest neglects or refuses to pay the same within twenty-one calendar days after notice and demand therefor is given to such corporation or other person under subsection (b) of this section (ten business days if the amount for which such notice and demand is made equals or exceeds one hundred thousand dollars), the commissioner may within six years after the date of such assessment issue a warrant under the commissioner's official seal directed to the sheriff of any county of the state, or to any officer or employee of the department, commanding him to levy upon and sell the real and personal property of such corporation or other person for the payment of the amount assessed, with the cost of executing the warrant, and to return such warrant to the commissioner and pay to him or her the money collected by virtue thereof within sixty days after the receipt of the warrant. If the commissioner finds that the collection of the tax or other amount is in jeopardy, notice and demand for immediate payment of such tax may be made by the commissioner and upon failure or refusal to pay such tax or other amount the commissioner may issue a warrant without regard to the twenty-one day period (or ten-day period if applicable) provided in this subsection. For purposes of this subsection, the term corporation shall include an exempt QSSS of such corporation.

(d) Copy of warrant to be filed and lien to be created.---Any sheriff or officer or employee who receives a warrant under subsection (c) shall

within five days thereafter file a copy with the clerk of the appropriate county. The clerk shall thereupon enter in the judgment docket, in the column for judgment debtors, the name of the taxpayer mentioned in the warrant, and in appropriate columns the tax or other amounts for which the warrant is issued and the date when such copy is filed; and such amount shall thereupon be a lien upon the title to and interest in real, personal and other property of the taxpayer. Such lien shall not apply to personal property unless such warrant is filed in the department of state. For purposes of this subsection, the term taxpayer shall include an exempt QSSS of such taxpayer.

(e) Judgment.---When a warrant has been filed with the county clerk the tax commission shall, in the right of the people of the state of New York, be deemed to have obtained judgment against the taxpayer for the tax or other amounts. For purposes of this subsection, the term taxpayer shall include an exempt QSSS of such taxpayer.

(f) Execution.---The sheriff or officer or employee shall thereupon proceed upon the warrant in all respects, with like effect, and in the same manner prescribed by law in respect to executions issued against property upon judgments of a court of record, and a sheriff shall be entitled to the same fees for his services in executing the warrant, to be collected in the same manner. An officer or employee of the department of taxation and finance may proceed in any county or counties of this state and shall have all the powers of execution conferred by law upon sheriffs, but shall be entitled to no fee or compensation in excess of actual expenses paid in connection with the execution of the warrant.

(g) Foreign corporations.---Where a notice and demand under subsection (b) shall have been given to a foreign corporation or other person who is not then a resident, and it appears to the tax commission that it is not practicable to find in this state property of such foreign corporation or nonresident person sufficient to pay the entire balance of tax or other amount owing by such foreign corporation or nonresident person, the tax commission may, in accordance with subsection (c), issue a warrant directed to an officer or employee of the department of taxation and finance, a copy of which warrant shall be mailed by certified or registered mail to such foreign corporation or nonresident person at its last known address, subject to the rules for mailing

provided in subsection (a) of section one thousand eighty-one. Such warrant shall command the officer or employee to proceed in Albany county, and he shall, within five days after receipt of the warrant, file the warrant and obtain a judgment in accordance with this section. Thereupon the tax commission may authorize the institution of any action or proceeding to collect or enforce the judgment in any place and by any procedure that a civil judgment of the supreme court of the state of New York could be collected or enforced. The tax commission may also, in its discretion, designate agents or retain counsel for the purpose of collecting, outside the state of New York, any unpaid taxes, additions to tax, penalties or interest which have been assessed under this article or under article nine, nine-a, nine-b or nine-c, against foreign corporations or other nonresident persons, may fix the compensation of such agents and counsel to be paid out of money appropriated or otherwise lawfully available for payment thereof, and may require of them bonds or other security for the faithful performance of their duties, in such form and in such amount as the tax commission shall deem proper and sufficient. For purposes of this subsection, the term corporation shall include an exempt QSSS of such corporation.

(h) Action by state for recovery of taxes.---Action may be brought by the attorney general at the instance of the tax commission in the name of the state to recover the amount of any unpaid taxes, additions to tax, penalties or interest which have been assessed under this article or under article nine, nine-a, nine-b or nine-c within six years prior to the date the action is commenced.

(i) Release of lien.---The tax commission, if it finds that the interests of the state will not thereby be jeopardized, and upon such conditions as it may require, may release any property from the lien of any warrant filed under subsection (d) or (g) for unpaid taxes, additions to tax, penalties and interest filed pursuant to this section, and such release may be recorded in the office of any recording officer in which such warrant has been filed.

(j) Lien from due date of return.---(1) In addition to any other lien provided for in this section, each tax imposed by article nine, nine-a, nine-b or nine-c shall become a lien on the date on which the return is required to be filed (without regard to any extension of time for filing such return), except that such tax shall become a lien not later than

the date the taxpayer ceases to be subject to the tax imposed by any such article or to exercise its franchise, or to do business in this state in a corporate or organized capacity. Each such tax shall be a lien and binding upon the real and personal property of the taxpayer, or of a transferee liable to pay the same, until the same is paid in full, except that no lien for any additional tax assessed pursuant to this article shall be enforceable against property which prior to the issuance to the taxpayer of a notice of deficiency under section one thousand eighty-one had been transferred in good faith to a bona fide transferee for value. But the lien of each such tax shall be subject to the lien of any mortgage indebtedness existing against real property previous to the time when the tax became a lien and where such mortgage indebtedness has been incurred in good faith and was not given, directly or indirectly, to any officer or stockholder of the corporation owning such real property, whether as a purchase money mortgage or otherwise, and shall also be subject to the lien of local taxes and assessments, without regard to when the lien for such taxes and assessments may have accrued. If the return is filed and the tax shown on the report to be due is paid on or before the date on which the report is required to be filed, without regard to any extensions of time for filing such report, the lien shall not be enforceable against the interest of any purchaser or mortgagee in property which is thereafter, but prior to the issuance to the taxpayer of a notice of deficiency under section one thousand eighty-one, transferred to a bona fide purchaser for value, or mortgaged where the mortgage indebtedness is incurred in good faith and the mortgage is not given, directly or indirectly, to any officer or stockholder of the corporation. In any action to foreclose any such mortgage, or to foreclose the lien of local taxes or assessments, to which the people of the state of New York shall have been made a party defendant by reason of the existence of a lien for any such tax, or if no such tax was due or was a lien at the time of the commencement of such action and the filing of the notice of pendency thereof, but such a tax becomes due or becomes a lien subsequent to the time of the commencement of such action and the filing of the notice of pendency thereof, such real property shall be sold and conveyed in such action free from any such tax lien, and any such tax lien may become a lien on any surplus moneys which may result from such sale, to be determined in

the proceedings for the distribution of such surplus moneys. Where title to real property passes from an individual, or from a corporation owing no franchise tax, to another corporation which is in default for such tax, the lien herein provided shall not be enforceable except as to any equity after the prior mortgage or purchase money mortgage encumbrance. For purposes of this paragraph, the terms taxpayer and corporation shall include an exempt QSSS of such taxpayer or corporation.

(2) The tax commission may, upon application made to it and the payment of a fee of fifty dollars, release any real property from the lien under this subsection, provided payment be made to the tax commission of such a sum as the tax commission shall deem adequate consideration for such release, or deposit be made of such security or such bond be filed as the tax commission shall deem proper to secure payment of any such tax. The application for such release shall contain an accurate description of the property to be released together with such other information as the tax commission may require. Such release may be recorded in any office in which conveyances of real estate are entitled to be recorded.

(3) All taxes, additions to tax, penalties and interest which have become a lien under this subsection shall cease to be a lien after the expiration of twenty years from date they become due and payable, except that taxes, additions to tax, penalties and interest which have become a lien under this subsection (i) as to real estate in the hands of persons who are owners thereof who would be purchasers in good faith but for such taxes, additions to tax, penalties or interest and (ii) as to the lien on real estate of mortgages held by persons who would be holders thereof in good faith but for such taxes, additions to tax, penalties or interest, as against such purchasers or holders shall cease to be a lien after the expiration of ten years from date they become due and payable. The limitations herein provided for shall not apply to any transfer from a corporation to a person or corporation with intent to avoid payment of any taxes, or where with like intent the transfer is made to a grantee corporation, or any subsequent grantee corporation, controlled by such grantor or which has any community of interest with it, either through stock ownership or otherwise.

§ 1093. Transferees.---(a) General.---The liability, at law or in equity, of a transferee of property of a taxpayer for any tax, additions to tax, penalty or interest due the tax commission under this article or under article nine, nine-a, nine-b or nine-c, shall be assessed, paid, and collected in the same manner and subject to the same provisions and limitations as in the case of the tax to which the liability relates, except that the period of limitations for assessment against the transferee shall be extended by one year for each successive transfer, in order, from the original taxpayer to the transferee involved, but not by more than three years in the aggregate. The term transferee includes, in case of successive transfers, donee, heir, legatee, devisee, distributee, and successor by merger, consolidation or other reorganization.

(b) Exceptions.---

(1) If before the expiration of the period of limitations for assessment of liability of the transferee, a claim has been filed by the tax commission in any court against the original taxpayer or the last preceding transferee based upon the liability of the original taxpayer, then the period of limitation for assessment of liability of the transferee shall in no event expire prior to one year after such claim has been finally allowed, disallowed or otherwise disposed of.

(2) If, before the expiration of the time prescribed in subsection (a) or the immediately preceding paragraph of this subsection for the assessment of the liability, the tax commission and the transferee have both consented in writing to its assessment after such time, the liability may be assessed at any time prior to the expiration of the period agreed upon. The period so agreed upon may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon. For the purpose of determining the period of limitation on credit or refund to the transferee of overpayments of tax made by such transferee or overpayments of tax made by the transferor as to which the transferee is legally entitled to credit or refund, such agreement and any extension thereof shall be deemed an agreement and extension thereof referred to in subsection (b) of section one thousand eighty-seven. If the agreement is executed after the expiration of the period of limitation for assessment against the original taxpayer, then in applying the limitations under subsection (b)

of section one thousand eighty-seven on the amount of the credit or refund, the periods specified in subsection (a) of section one thousand eighty-seven shall be increased by the period from the date of such expiration to the date of the agreement.

(c) Period for assessment against certain transferors.---For purposes of this section, if any person is deceased, or is a corporation which has terminated its existence, the period of limitation for assessment against such person or corporation shall be the period that would be in effect had death or termination of existence not occurred.

(d) Evidence.---The tax commission shall use its powers to make available to the transferee evidence necessary to enable the transferee to determine the liability of the original taxpayer and of any preceding transferees, but without undue hardship to the original taxpayer or preceding transferee. See subsection (e) of section one thousand eighty-nine for rule as to burden of proof.

§ 1094. Jeopardy assessment.---(a) Authority for making.---If the tax commission believes that the assessment or collection of a deficiency will be jeopardized by delay, it shall, notwithstanding the provisions of section one thousand eighty-one, immediately assess such deficiency (together with all interest, penalties and additions to tax provided for by law), and notice and demand shall be made by the tax commission for the payment thereof.

(b) Notice of deficiency.---If the jeopardy assessment is made before any notice in respect of the tax to which the jeopardy assessment relates has been mailed under section one thousand eighty-one, then the tax commission shall mail a notice under such section within sixty days after the making of the assessment.

(c) Amount assessable before decision of tax commission.---The jeopardy assessment may be made in respect of a deficiency greater or less than that of which notice is mailed to the taxpayer and whether or not the taxpayer has theretofore filed a petition with the tax commission. The tax commission may, at any time before rendering its decision, abate such assessment, or any unpaid portion thereof, to the extent that it believes the assessment to be excessive in amount. The tax commission may in its decision redetermine the entire amount of the

deficiency and of all amounts assessed at the same time in connection therewith.

(d) Amount assessable after decision of tax commission.--- If the jeopardy assessment is made after the decision of the tax commission is rendered, such assessment may be made only in respect of the deficiency determined by the tax commission in its decision.

(e) Expiration of right to assess.---A jeopardy assessment may not be made after the decision of the tax commission has become final or after the taxpayer has made an application for review of the decision of the tax commission.

(f) Collection of unpaid amounts.---When a petition has been filed with the tax commission and when the amount which should have been assessed has been determined by a decision of the tax commission which has become final, then any unpaid portion, the collection of which has been stayed by bond, shall be collected as part of the tax upon notice and demand from the tax commission, and any remaining portion of the assessment shall be abated. If the amount already collected exceeds the amount determined as the amount which should have been assessed, such excess shall be credited or refunded to the taxpayer as provided in section one thousand eighty-six without the filing of claim therefor. If the amount determined as the amount which should have been assessed is greater than the amount actually assessed, then the difference shall be assessed and shall be collected as part of the tax upon notice and demand from the tax commission.

(g) Abatement if jeopardy does not exist.---The tax commission may abate the jeopardy assessment if it finds that jeopardy does not exist. Such abatement may not be made after a decision of the tax commission in respect of the deficiency has been rendered or, if no petition is filed with the tax commission, after the expiration of the period for filing such petition. The period of limitation on the making of assessments and levy or a proceeding for collection, in respect of any deficiency, shall be determined as if the jeopardy assessment so abated had not been made, except that the running of such period shall in any event be suspended for the period from the date of such jeopardy assessment until the expiration of the tenth day after the day on which such jeopardy assessment is abated.

(h) Bond to stay collection.---The collection of the whole or any

amount of any jeopardy assessment may be stayed by filing with the tax commission, within such time as may be fixed by regulation, a bond in an amount equal to the amount as to which the stay is desired, conditioned upon the payment of the amount (together with interest thereon) the collection of which is stayed at the time at which, but for the making of the jeopardy assessment, such amount would be due. Upon the filing of the bond the collection of so much of the amount assessed as is covered by the bond shall be stayed. The taxpayer shall have the right to waive such stay at any time in respect of the whole or any part of the amount covered by the bond, and if as a result of such waiver any part of the amount covered by the bond is paid, then the bond shall at the request of the taxpayer, be proportionately reduced. If any portion of the jeopardy assessment is abated, or if a notice of deficiency under section one thousand eighty-one is mailed to the taxpayer in a lesser amount, the bond shall, at the request of the taxpayer, be proportionately reduced.

(i) Petition to tax commission.---If the bond is given before the taxpayer has filed its petition under section one thousand eighty-nine, the bond shall contain a further condition that if a petition is not filed within the period provided in such section, then the amount, the collection of which is stayed by the bond, will be paid on notice and demand at any time after the expiration of such period, together with interest thereon from the date of the jeopardy notice and demand to the date of notice and demand under this subsection. The bond shall be conditioned upon the payment of so much of such assessment (collection of which is stayed by the bond) as is not abated by a decision of the tax commission which has become final. If the tax commission determines that the amount assessed is greater than the amount which should have been assessed, then the bond shall, at the request of the taxpayer, be proportionately reduced when the decision of the tax commission is rendered.

(j) Stay of sale of seized property pending tax commission decision.---Where a jeopardy assessment is made, the property seized for the collection of the tax shall not be sold---

(1) if subsection (b) is applicable, prior to the issuance of the notice of deficiency and the expiration of the time provided in section one thousand eighty-nine for filing a petition with the tax commission,

and

(2) if a petition is filed with the tax commission (whether before or after the making of such jeopardy assessment), prior to the expiration of the period during which the assessment of the deficiency would be prohibited if subsection (a) were not applicable.

Such property may be sold if the taxpayer consents to the sale, or if the tax commission determines that the expenses of conservation and maintenance will greatly reduce the net proceeds, or if the property is perishable.

(k) Interest.---For the purpose of subsection (a) of section one thousand eighty-four, the last date prescribed for payment shall be determined without regard to any notice and demand for payment issued under this section prior to the last date otherwise prescribed for such payment.

(l) Early termination of taxable year.---If the tax commission finds that a taxpayer designs quickly to remove its property from this state, or to conceal its property therein, or to do any other act tending to prejudice or to render wholly or partly ineffectual proceedings to collect the tax for the current or the preceding taxable year unless such proceedings be brought without delay, the tax commission shall declare the taxable period for such taxpayer immediately terminated, and shall cause notice of such finding and declaration to be given the taxpayer, together with a demand for immediate payment of the tax for the taxable period so declared terminated and of the tax for the preceding taxable year or so much of such tax as is unpaid, whether or not the time otherwise allowed by law for filing return and paying the tax has expired; and such taxes shall thereupon become immediately due and payable. In any proceeding brought to enforce payment of taxes made due and payable by virtue of the provisions of this subsection, the finding of the tax commission made as herein provided, whether made after notice to the taxpayer or not, shall be for all purposes presumptive evidence of jeopardy.

(m) Reopening of taxable period.---Notwithstanding the termination of the taxable period of the taxpayer by the tax commission, as provided in subsection (l), the tax commission may reopen such taxable period each time the taxpayer is found by the tax commission to have received income, within the current taxable year, since the termination of such

period. A taxable period so terminated by the tax commission may be reopened by the taxpayer if it files with the tax commission a true and accurate return under article nine, nine-a, nine-b or nine-c for such taxable period, together with such other information as the tax commission may by regulations prescribe.

(n) Furnishing of bond where taxable year is closed by the tax commission.---Payment of taxes shall not be enforced by any proceedings under the provisions of subsection (l) prior to the expiration of the time otherwise allowed for paying such taxes if the taxpayer furnishes, under regulations prescribed by the tax commission, a bond to insure the timely making of returns with respect to, and payment of, such taxes or any taxes for prior years.

§ 1095. Criminal penalties; cross-reference.---For criminal penalties, see article thirty-seven of this chapter.

§ 1096. General powers of tax commission.---(a) General.---The tax commission shall administer and enforce the tax imposed by article nine, nine-a, nine-b and nine-c, and it is authorized to make such rules and regulations, and to require such facts and information to be reported, as it may deem necessary to enforce the provisions of such articles and of this article.

(b) Examination of books and witnesses.---(1) The tax commission for the purpose of ascertaining the correctness of any return, or for the purpose of making an estimate of tax liability of any corporation, shall have power to examine or to cause to have examined, by any agent or representative designated by it for that purpose, any books, papers, records or memoranda bearing upon the matters required to be included in the return, and may require the attendance of the corporation rendering the return through any officer or employee of such corporation, or the attendance of any other person having knowledge in the premises, and may take testimony and require proof material for its information, with power to administer oaths to such person or persons.

(2) The commissioner may take any action under paragraph one of this subdivision to inquire into the commission of an offense connected with

the administration or enforcement of this article or article nine, nine-A, thirteen, thirteen-A or thirty-three of this chapter, provided, however, that notwithstanding the provisions of section one hundred seventy-four of this chapter no such action shall be taken when a referral by the department or the commissioner to the attorney general, a district attorney or any other prosecutorial agency is in effect. Provided, however, the commissioner shall have power, during the period when such referral is in effect, to examine or to cause to have examined, by any agent or representative designated by it for that purpose, any books, papers, records or memoranda bearing upon the matters required to be included in the return, where such books, papers, records or memoranda are in its possession, or where such books, papers, records or memoranda are in the possession of the attorney general, district attorney or other prosecutorial agency to which such referral is made.

(c) Abatement authority.---The tax commission, of its own motion, may abate any small unpaid balance of an assessment of tax, or any liability in respect thereof, if the tax commission determines under uniform rules prescribed by it that the administration and collection costs involved would not warrant collection of the amount due. It may also abate, of its own motion, the unpaid portion of the assessment of any tax or any liability in respect thereof, which is excessive in amount, or is assessed after the expiration of the period of limitation properly applicable thereto, or is erroneously or illegally assessed. No claim for abatement under this subsection shall be filed by a taxpayer.

(d) Special refund authority.---Where no questions of fact or law are involved and it appears from the records of the tax commission that any moneys have been erroneously or illegally collected from any taxpayer or other person, or paid by such taxpayer or other person under a mistake of facts, pursuant to the provisions of this article or of article nine, nine-a, nine-b or nine-c, the tax commission at any time, without regard to any period of limitations, shall have the power, upon making a record of its reasons therefor in writing, to cause such moneys so paid and being erroneously and illegally held to be refunded and to issue therefor its certificate to the comptroller.

(e) (1) Authority to set interest rates.---The commissioner shall set the overpayment and underpayment rates of interest to be paid pursuant

to sections two hundred thirteen, two hundred thirteen-b, two hundred fifty-eight, two hundred sixty-three, two hundred ninety-four, one thousand eighty-four, one thousand eighty-five and one thousand eighty-eight of this chapter, but if no such rate or rates of interest are set, such overpayment rate shall be deemed to be set at six percent per annum and such underpayment rate shall be deemed to be set at seven and one-half percent per annum. Such overpayment and underpayment rates shall be the rates prescribed in paragraph two of this subsection, but the underpayment rate shall not be less than seven and one-half percent per annum. Any such rates set by the commissioner shall apply to taxes, or any portion thereof, which remain or become due or overpaid on or after the date on which such rates become effective and shall apply only with respect to interest computed or computable for periods or portions of periods occurring in the period during which such rates are in effect.

(2) General rule. (A) Overpayment rate. The overpayment rate set under this subsection shall be the sum of (i) the federal short-term rate as provided under paragraph three of this subsection, plus (ii) two percentage points.

(B) Underpayment rate. The underpayment rate set under this subsection shall be the sum of (i) the federal short-term rate as provided under paragraph three of this subsection, plus (ii) seven percentage points.

(3) Federal short-term rate. For purposes of this subsection:

(A) The federal short-term rate for any month shall be the federal short-term rate determined by the United States secretary of the treasury during such month in accordance with subsection (d) of section twelve hundred seventy-four of the internal revenue code for use in connection with section six thousand six hundred twenty-one of the internal revenue code. Any such rate shall be rounded to the nearest full percent (or, if a multiple of one-half of one percent, such rate shall be increased to the next highest full percent).

(B) Period during which rate applies.

(i) In general. Except as provided in clause (ii) of this subparagraph, the federal short-term rate for the first month in each calendar quarter shall apply during the first calendar quarter beginning after such month.

(ii) Special rule for the month of September, nineteen hundred

eighty-nine. The federal short-term rate for the month of April, nineteen hundred eighty-nine shall apply with respect to setting the overpayment and underpayment rates for the month of September, nineteen hundred eighty-nine.

(4) In computing the amount of any interest required to be paid under this article by the commissioner of taxation and finance or by the taxpayer, or any other amount determined by reference to such amount of interest, such interest and such amount shall be compounded daily. The preceding sentence shall not apply for purposes of computing the amount of any addition to tax for failure to pay estimated tax under subsection (c) of section one thousand eighty-five of this article.

(5) Publication of interest rates. The commissioner of taxation and finance shall publish the interest rates set under this subsection on the website of the department of taxation and finance. Immediately following such publication, the commissioner shall cause such interest rates to be published in the section for miscellaneous notices in the state register and give other appropriate general notice of such interest rates. The setting and publication of such interest rates shall not be included within paragraph (a) of subdivision two of section one hundred two of the state administrative procedure act relating to the definition of a rule.

(6) Cross-reference. For provisions relating to the power of the commissioner of taxation and finance to abate small amounts of interest, see subsection (c) of this section.

§ 1097. Disposition of revenue.---All revenue collected or received by the tax commission under this article shall be deposited and disposed of in accordance with the provisions of the article of the tax law imposing the tax to which the revenue relates.

PART I -- DEFINITIONS

§ 1101. Definitions. (a) When used in this article the term "person" includes an individual, partnership, limited liability company, society, association, joint stock company, corporation, estate, receiver, trustee, assignee, referee, and any other person acting in a fiduciary or representative capacity, whether appointed by a court or otherwise, and any combination of the foregoing.

(b) When used in this article for the purposes of the taxes imposed by subdivisions (a), (b), (c) and (d) of section eleven hundred five and by section eleven hundred ten, the following terms shall mean:

(1) Purchase at retail. A purchase by any person for any purpose other than those set forth in clauses (A) and (B) of subparagraph (i) of

paragraph (4) of this subdivision.

(2) Purchaser. A person who purchases property or to whom are rendered services, the receipts from which are taxable under this article, including a mobile telecommunications customer.

(3) Receipt. (i) The amount of the sale price of any property and the charge for any service taxable under this article, including gas and gas service and electricity and electric service of whatever nature, valued in money, whether received in money or otherwise, including any amount for which credit is allowed by the vendor to the purchaser, without any deduction for expenses or early payment discounts and also including any charges by the vendor to the purchaser for shipping or delivery, and, with respect to gas and gas service and electricity and electric service, any charges by the vendor for transportation, transmission or distribution, regardless of whether such charges are separately stated in the written contract, if any, or on the bill rendered to such purchaser and regardless of whether such shipping or delivery or transportation, transmission, or distribution is provided by such vendor or a third party, but excluding any credit for tangible personal property accepted in part payment and intended for resale. For special rules governing computation of receipts, see section eleven hundred eleven of this article.

(ii) Receipt shall include consideration received by the vendor from third parties if:

(A) The vendor receives consideration from a third party and the consideration is directly related to a rebate, discount or similar price reduction on the sale;

(B) The vendor has an obligation to pass such consideration through to the purchaser in the form of a rebate, discount or similar price reduction;

(C) The amount of the consideration to be paid by the third party is fixed and determinable by the vendor at the time of the sale of the property or service to the purchaser; and

(D) One of the following criteria is met:

(I) the purchaser presents a coupon, certificate or other documentation to the vendor to claim a rebate, discount or similar price reduction where the coupon, certificate or documentation is authorized, distributed or granted by a third party with the understanding that the

third party shall reimburse any vendor to whom the coupon, certificate or documentation is presented;

(II) the purchaser presents identification as a member of a group or organization entitled to a rebate, discount or similar price reduction; or

(III) the rebate, discount or similar price reduction is identified as a third party rebate, discount or similar price reduction on the invoice received by the purchaser or on a coupon, certificate or other documentation presented by the purchaser.

(iii) Subparagraph (ii) of this paragraph shall not apply to rebates, discounts or similar price reductions that are reimbursed by a third party on sales of motor vehicles.

(iv) For the purposes of subclause (II) of clause (D) of subparagraph (ii) of this paragraph, "identification as a member of a group or organization entitled to a rebate, discount or similar price reduction" shall not include the presentation of a customer loyalty or related rewards program card.

(4) Retail sale. (i) A sale of tangible personal property to any person for any purpose, other than (A) for resale as such or as a physical component part of tangible personal property, or (B) for use by that person in performing the services subject to tax under paragraphs (1), (2), (3), (5), (7) and (8) of subdivision (c) of section eleven hundred five where the property so sold becomes a physical component part of the property upon which the services are performed or where the property so sold is later actually transferred to the purchaser of the service in conjunction with the performance of the service subject to tax. Notwithstanding the preceding provisions of this subparagraph, a sale of any tangible personal property to a contractor, subcontractor or repairman for use or consumption in erecting structures or buildings, or building on, or otherwise adding to, altering, improving, maintaining, servicing or repairing real property, property or land, as the terms real property, property or land are defined in the real property tax law, is deemed to be a retail sale regardless of whether the tangible personal property is to be resold as such before it is so used or consumed, except that a sale of a new mobile home to a contractor, subcontractor or repairman who, in such capacity, installs such property is not a retail sale. Notwithstanding the preceding provisions of this

subparagraph, the purchase of a truck, trailer or tractor-trailer combination for rental or lease to an authorized carrier, as described in paragraph twenty-two of subdivision (a) of section eleven hundred fifteen, shall be deemed a retail sale.

(ii) Notwithstanding the provisions of subparagraph (i) of this paragraph, no motor fuel or diesel motor fuel shall be sold or used in this state without payment, and inclusion in the sales price of such motor fuel, of the tax on motor fuel required to be prepaid pursuant to the provisions of section eleven hundred two of this article except where a provision of this article relating to motor fuel or diesel motor fuel specifically provides otherwise and except in the case of a sale or use subject to tax under section eleven hundred five or eleven hundred ten, respectively, of this article. Provided, however, except for such requirement of prepayment of tax required by section eleven hundred two of this article, the provisions of this subparagraph shall not otherwise modify the meaning of the term "retail sale" as used in this article. For purposes of this subparagraph and sections eleven hundred two, eleven hundred eleven, eleven hundred twenty, eleven hundred thirty-two, eleven hundred thirty-four, eleven hundred thirty-five, eleven hundred thirty-six, eleven hundred forty-two, eleven hundred forty-five and eighteen hundred seventeen of this chapter, the following terms shall have the following meanings:

(A) "Petroleum products" means diesel motor fuel as defined in subdivision fourteen of section two hundred eighty-two of this chapter, other than kerosene or propane used for residential purposes, or motor fuel as defined in subdivision two of section two hundred eighty-two of this chapter. The phrase "used for residential purposes" shall have the same meaning as it has for purposes of section eleven hundred five-A of this article.

(B) The term "distributor" shall have the same meaning as it has for purposes of article twelve-A of this chapter, excluding persons who are not required pursuant to section two hundred eighty-two-a to pay the tax imposed thereby.

(C) The term "motor fuel" means motor fuel as defined in subdivision two of section two hundred eighty-two of this chapter.

(D) The terms "filling station", "terminal" and "owner" shall have the same meaning as they have for the purposes of article twelve-A of this

chapter.

(E) The term "diesel motor fuel" means diesel motor fuel as defined in subdivision fourteen of section two hundred eighty-two of this chapter.

(F) The terms "highway diesel motor fuel" and "non-highway diesel motor fuel" shall have the same meaning as they have for purposes of article twelve-A of this chapter.

(iii) Notwithstanding the provisions of subparagraph (i) of this paragraph, no cigarettes shall be sold or used in this state without payment, and inclusion in the sales price of such cigarettes, of the tax on cigarettes required to be prepaid pursuant to the provisions of section eleven hundred three of this article except where a provision of this article relating to cigarettes specifically provides otherwise and except in the case of a sale or use subject to tax under section eleven hundred five or eleven hundred ten, respectively, of this article. Provided, however, except for such requirement of prepayment of tax required by section eleven hundred three of this article, the provisions of this subparagraph shall not otherwise modify the meaning of the term "retail sale" as used in this article. For purposes of this subparagraph and sections eleven hundred three, eleven hundred eleven, eleven hundred fifteen, eleven hundred sixteen, eleven hundred twenty-one, eleven hundred thirty-two, eleven hundred thirty-four, eleven hundred thirty-five, eleven hundred thirty-six, eleven hundred thirty-eight, eleven hundred forty-two and eleven hundred forty-five of this article and eighteen hundred seventeen of this chapter, the terms "cigarette," "agent" and "package" shall have the same meaning that they have for purposes of article twenty of this chapter.

(iv) (A) The term retail sale does not include:

(I) The transfer of tangible personal property to a corporation, solely in consideration for the issuance of its stock, pursuant to a merger or consolidation effected under the law of New York or any other jurisdiction.

(II) The distribution of property by a corporation to its stockholders as a liquidating dividend.

(III) The distribution of property by a partnership to its partners in whole or partial liquidation.

(IV) The transfer of property to a corporation upon its organization in consideration for the issuance of its stock.

(V) The contribution of property to a partnership in consideration for a partnership interest therein.

(B) For an exception applicable to this subparagraph, see subdivision (q) of section eleven hundred eleven of this article.

(v) Notwithstanding the provisions of subparagraph (i) of this paragraph, the following sales of tangible personal property shall be deemed to be retail sales: (A) a sale to a single member limited liability company or a subsidiary for resale to its member or owner, where such single member limited liability company or subsidiary is disregarded as an entity separate from its owner for federal income tax purposes (without reference to any special rules related to the imposition of certain federal taxes), including but not limited to certain employment and excise taxes; (B) a sale to a partnership for resale to one or more of its partners; or (C) a sale to a trustee of a trust for resale to one or more beneficiaries of such trust.

(5) Sale, selling or purchase. Any transfer of title or possession or both, exchange or barter, rental, lease or license to use or consume (including, with respect to computer software, merely the right to reproduce), conditional or otherwise, in any manner or by any means whatsoever for a consideration, or any agreement therefor, including the rendering of any service, taxable under this article, for a consideration or any agreement therefor.

(6) Tangible personal property. Corporeal personal property of any nature. However, except for purposes of the tax imposed by subdivision (b) of section eleven hundred five of this article, such term shall not include gas, electricity, refrigeration and steam. Such term shall also include pre-written computer software, whether sold as part of a package, as a separate component, or otherwise, and regardless of the medium by means of which such software is conveyed to a purchaser. Such term shall also include newspapers and periodicals where the vendor ships or delivers the entire edition or issue of the newspaper or periodical, with or without the advertising included in the paper edition or issue, but not including anything, other than advertising, not in such paper edition or issue, to the purchaser by means of telephony or telegraphy or other electronic media, but only where the amount of the sale price to such purchaser of such newspaper or magazine or the subscription price, in the case of a subscription to a newspaper

or periodical, including any charge by such vendor for shipping or delivery to the purchaser, is separately stated to such purchaser. However, such term shall not include a modular home that is permanently affixed to real property, provided that, if a modular home is to be removed from the realty, whether as a whole or disassembled, it and its component parts shall be tangible personal property whether it is to be sold as a whole or as pieces.

(7) Use. The exercise of any right or power over tangible personal property or over any of the services which are subject to tax under section eleven hundred ten of this article or pursuant to the authority of article twenty-nine of this chapter, by the purchaser thereof, and includes, but is not limited to, the receiving, storage or any keeping or retention for any length of time, withdrawal from storage, any installation, any affixation to real or personal property, or any consumption of such property or of any such service subject to tax under such section eleven hundred ten or pursuant to the authority of such article twenty-nine. Without limiting the foregoing, use also shall include the distribution of only tangible personal property, such as promotional materials, or of any such service subject to tax under such section eleven hundred ten or pursuant to the authority of such article twenty-nine.

(8) Vendor. (i) The term "vendor" includes:

(A) A person making sales of tangible personal property or services, the receipts from which are taxed by this article;

(B) A person maintaining a place of business in the state and making sales, whether at such place of business or elsewhere, to persons within the state of tangible personal property or services, the use of which is taxed by this article;

(C) A person who solicits business either:

(I) by employees, independent contractors, agents or other representatives; or

(II) by distribution of catalogs or other advertising matter, without regard to whether such distribution is the result of regular or systematic solicitation, if such person has some additional connection with the state which satisfies the nexus requirement of the United States constitution;

and by reason thereof makes sales to persons within the state of

tangible personal property or services, the use of which is taxed by this article;

(D) A person who makes sales of tangible personal property or services, the use of which is taxed by this article, and who regularly or systematically delivers such property or services in this state by means other than the United States mail or common carrier;

(E) A person who regularly or systematically solicits business in this state by the distribution, without regard to the location from which such distribution originated, of catalogs, advertising flyers or letters, or by any other means of solicitation of business, to persons in this state and by reason thereof makes sales to persons within the state of tangible personal property, the use of which is taxed by this article, if such solicitation satisfies the nexus requirement of the United States constitution;

(F) A person making sales of tangible personal property, the use of which is taxed by this article, where such person retains an ownership interest in such property and where such property is brought into this state by the person to whom such property is sold and the person to whom such property is sold becomes or is a resident or uses such property in any manner in carrying on in this state any employment, trade, business or profession;

(G) Any other person making sales to persons within the state of tangible personal property or services, the use of which is taxed by this article, who may be authorized by the commissioner of taxation and finance to collect such tax by part IV of this article;

(H) The state of New York, any of its agencies, instrumentalities, public corporations (including a public corporation created pursuant to agreement or compact with another state or Canada) or political subdivisions when such entity sells services or property of a kind ordinarily sold by private persons; and

(I) A seller of tangible personal property or services, the use of which is taxed by this article if either (I) an affiliated person that is a vendor as otherwise defined in this paragraph uses in the state trademarks, service marks, or trade names that are the same as those the seller uses; or (II) an affiliated person engages in activities in the state that inure to the benefit of the seller, in its development or maintenance of a market for its goods or services in the state, to the

extent that those activities of the affiliate are sufficient to satisfy the nexus requirement of the United States constitution. For purposes of this clause, "affiliated person" has the same meaning as in clause (B) of subparagraph (v) of this paragraph. Nothing in this clause shall be construed to narrow the scope of any other provision in this paragraph. Notwithstanding the provisions of this clause, the activities in the state of an affiliated person in providing accounting or legal services or advice to a seller, or in directing the activities of a seller, including, but not limited to, making decisions about (a) strategic planning, (b) marketing, (c) inventory, (d) staffing, (e) distribution, or (f) cash management, will not result in making the seller a vendor under this paragraph.

(ii) (A) In addition, when in the opinion of the commissioner it is necessary for the efficient administration of this article to treat any salesman, representative, peddler or canvasser as the agent of the vendor, distributor, supervisor or employer under whom he operates or from whom he obtains tangible personal property sold by him, or for whom he solicits business, the commissioner may, in his discretion, treat such agent as the vendor jointly responsible with his principal, distributor, supervisor or employer for the collection and payment over of the tax. An unaffiliated person providing fulfillment services to a purchaser shall not be treated as a vendor by the commissioner under this paragraph with respect to such activity. For purposes of this clause, persons are affiliated persons with respect to each other where one of such persons has an ownership interest of more than five percent, whether direct or indirect, in the other, or where an ownership interest of more than five percent, whether direct or indirect, is held in each of such persons by another person or by a group of other persons which are affiliated persons with respect to each other.

(B) A person shall be deemed a vendor of the services enumerated in paragraph nine of subdivision (c) of section eleven hundred five of this article, liable for all the obligations of a vendor, including the collection, reporting and remittance of the tax imposed under this article and possessing all the rights of a vendor including the right to an exclusion or a credit or refund of tax as provided in subdivision (e) of section eleven hundred thirty-two of this article, with respect to such services which are provided by a vendor thereof and are subject to

taxation under this article, where such person, its affiliate or agent bills, on behalf of such vendor, either (I) as part of, or as a schedule to, the statement of such person to its purchasers or (II) separately (without regard to whether or not such person has customers of its own), such enumerated services provided by such vendor. For the purpose of this paragraph, "affiliate" means an entity which directly, indirectly or constructively controls a vendor of such enumerated services or is controlled by such vendor or is under the control of, along with such vendor, a common parent. Provided, however, the provisions of this clause shall not in any way be construed to otherwise limit or remove the obligations and liabilities of any person with respect to the tax imposed by this article.

(iii) For purposes of clause (D) of subparagraph (i) of this paragraph, a person shall be presumed to be regularly or systematically delivering property or services in this state if the cumulative total number of occasions such person or his agent came into the state to deliver property or services exceeded twelve during the preceding four quarterly periods ending on the last day of February, May, August and November, unless such person can demonstrate, to the satisfaction of the commissioner, that he cannot reasonably be expected to come into the state for such purposes on more than twelve occasions during the next succeeding four quarterly periods ending on the last day of February, May, August and November.

(iv) For purposes of clause (E) of subparagraph (i) of this paragraph, a person shall be presumed to be regularly or systematically soliciting business in this state if, for the immediately preceding four quarterly periods ending on the last day of February, May, August and November, the cumulative total of such person's gross receipts from sales of property delivered in this state exceeds five hundred thousand dollars and such person made more than one hundred sales of property delivered in this state, unless such person can demonstrate, to the satisfaction of the commissioner, that he cannot reasonably be expected to have gross receipts in excess of five hundred thousand dollars or more than one hundred sales of property delivered in this state for the next succeeding four quarterly periods ending on the last day of February, May, August and November.

(v) Notwithstanding any other provision of law, the term vendor shall

not include:

(A) a person who is not otherwise a vendor who purchases fulfillment services carried on in New York by a person other than an affiliated person; or

(B) a person who is not otherwise a vendor who owns tangible personal property located on the premises of an unaffiliated person performing fulfillment services for such person.

For purposes of this subparagraph, persons are affiliated persons with respect to each other where one of such persons has an ownership interest of more than five percent, whether direct or indirect, in the other, or where an ownership interest of more than five percent, whether direct or indirect, is held in each of such persons by another person or by a group of other persons which are affiliated persons with respect to each other.

(vi) For purposes of subclause (I) of clause (C) of subparagraph (i) of this paragraph, a person making sales of tangible personal property or services taxable under this article ("seller") shall be presumed to be soliciting business through an independent contractor or other representative if the seller enters into an agreement with a resident of this state under which the resident, for a commission or other consideration, directly or indirectly refers potential customers, whether by a link on an internet website or otherwise, to the seller, if the cumulative gross receipts from sales by the seller to customers in the state who are referred to the seller by all residents with this type of an agreement with the seller is in excess of ten thousand dollars during the preceding four quarterly periods ending on the last day of February, May, August, and November. This presumption may be rebutted by proof that the resident with whom the seller has an agreement did not engage in any solicitation in the state on behalf of the seller that would satisfy the nexus requirement of the United States constitution during the four quarterly periods in question. Nothing in this subparagraph shall be construed to narrow the scope of the terms independent contractor or other representative for purposes of subclause (I) of clause (C) of subparagraph (i) of this paragraph.

Such term, except with respect to the tax imposed by section

(34) Transportation service. The service of transporting, carrying or conveying a person or persons by livery service; whether to a single destination or to multiple destinations; and whether the compensation paid by or on behalf of the passenger is based on mileage, trip, time consumed or any other basis. A service that begins and ends in this state is deemed intra-state even if it passes outside this state during a portion of the trip. However, transportation service does not include transportation of persons in connection with funerals. Transportation service includes transporting, carrying, or conveying property of the person being transported, whether owned by or in the care of such person. Notwithstanding the foregoing, transportation service shall not include a TNC prearranged trip, as that term is defined in article forty-four-B of the vehicle and traffic law, that is subject to tax under article twenty-nine-B of this chapter. In addition to what is included in the definition of "receipt" in paragraph three of this subdivision, receipts from the sale of transportation service subject to tax include any handling, carrying, baggage, booking service, administrative, mark-up, additional, or other charge, of any nature, made in conjunction with the transportation service. "Bus" means any motor vehicle with a seating capacity of at least fifteen persons, excluding the driver, that does not otherwise qualify

as a limousine. Black car means a for-hire vehicle dispatched from a central facility. "Affiliated livery vehicle" means a for-hire motor vehicle with a seating capacity of up to six persons, including the driver, other than a black car or luxury limousine, that is authorized and licensed by the taxi and limousine commission of a city of one million or more to be dispatched by a base station located in such a city and regulated by such taxi and limousine commission; and the charges for service provided by an affiliated livery vehicle are on the basis of flat rate, time, mileage, or zones and not on a garage to garage basis.

(35) Modular home modules. The component sections that will be installed on-site to construct a modular home, each of which sections is (i) engineered and manufactured in a factory, (ii) shipped or delivered to the building site on a truck or other vehicle, (iii) installed at the site, on a permanent foundation, to become part of the modular home and (iv) not by itself suitable for occupancy. Every group of modules that will be installed in this state as a modular home, or, if a modular home is to be built from a single module, that single module, shall, prior to shipment from the place where it is made, bear the insignia of approval issued by the department of state pursuant to the authority of article eighteen of the executive law and regulations thereunder; and the department of state shall cooperate with the commissioner and furnish such information as the commissioner requests to carry out this article and its purposes. A modular home module shall include tangible personal property shipped or delivered with the module from the factory by the manufacturer at the same time the module is shipped or delivered, such as exterior siding, roof shingles, roof vent pipes, interior trim pieces, paint, and interior doors, and supplies required and used to install them, but only if that property (i) was engineered or designed to be an integral component part of the module, (ii) matches, or is essential to the functioning of, the module, (iii) was not installed in the module at the time the module was made only because it would be damaged during, or interfere with, shipping or delivery of the module to the building site, (iv) will be permanently installed in the module at the building site by the manufacturer or by the purchaser of the module or by the contractor of either of them, (v) is listed in full on the contract, bill of sale, invoice or other memorandum of price given to

A modular home module shall not include (i) furniture, fixtures, furnishings, appliances, attachments or similar tangible personal property not incorporated as component parts of the module at the time of its manufacture or (ii) building materials or other tangible personal property used to connect the modules or finish the modular home at the building site.

(37) Electronic news service. (i) A service delivered, furnished or provided to or accessed by the purchaser electronically or digitally that meets all of the following conditions:

(A) The service's predominant purpose is the presentation of news content, which it prominently features;

(B) The service's news content (I) includes general news that is accessible without use of a search function; (II) is newly published or updated at least daily unless the service specifies some other interval, provided, however, that the news content must be newly updated or published within a twenty-four hour period that precedes or immediately follows a time when the non-news content is newly published or updated; and (III) is predominantly purchased from contracted wire services or written or produced by the employees or engaged independent contractors of the person providing the service, including, but not limited to, employees or engaged independent contractors of any affiliate of such person;

(C) The service is available to the public;

(D) The service holds itself out as a "news service," "newspaper," "magazine," "periodical," "journal," "post," or words of similar import and does not hold itself out as something other than one of such terms or a term of similar import.

(E) The service has continuity as to its title and the general nature of its content over time;

(F) The service is not, in whole or in substantial part, a listing, catalog, database, or compilation;

(G) The only search function the service offers without a separately-stated, reasonable charge is a search of the service's or of any of its affiliates' present or past news content. Provided, a service that satisfies all the clauses of this subparagraph except this clause may still qualify as an electronic news service for purposes of this paragraph if the provider of the service can show that the non-news content available through the search function is merely an incidental part of the service, including, for example, by showing that the cost to the person providing the service of any non-news content available through the search function is less than the cost to that person of providing the news content available through the service. Provided, further, that a purchaser's access to the service's search function for which there is a separately-stated, reasonable charge to the purchaser shall be treated separately and is not relevant as to whether this clause is satisfied.

(ii) The following definitions apply to subparagraph (i) of this paragraph and subdivision (gg) of section eleven hundred fifteen of this article:

(A) "News content" means the articles, photographs, and video and audio material concerning general news or specialized news and does not include listings, advertisements, catalogs, compilations, databases, or the like.

(B) "Non-news content" means any information other than news content.

(C) "Article" means a prose composition, including commentaries, reviews, editorials, op-eds, letters to the editor, and reader comments on articles. The term does not include listings, advertisements, catalogs, compilations, databases, or the like.

(D) "General news" means matters of general interest and reports of current events.

(E) "Specialized news" means matters of a specialized interest, such as legal, mercantile, financial, theatrical, entertainment news, political, religious, or sporting matters.

(F) "Cap amount" means three hundred percent of the annualized average daily newsstand price of the three newspapers with the largest total paid national daily circulation. The commissioner shall determine the cap amount annually and shall cause it to be published on the department's website and give other appropriate general notice thereof.

The commissioner shall determine and publish the cap amount annually by April first based on prices charged during the first week of January of that year, which cap amount shall apply for the succeeding twelve-month period commencing June first and ending May thirty-first. The calculation and publication of the cap amount under this clause shall not be included within paragraph (a) of subdivision two of section one hundred two of the state administrative procedure act relating to the definition of a rule.

(G) "Affiliate" means, with respect to any person, any other person that, directly or indirectly through one or more intermediaries, controls, or is controlled by, or is under common control with, such person, and the term "control" (including the terms "controlled by" and "under common control with") means the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of such person, whether through ownership of voting securities, by contract or otherwise.

(38) Electronic periodical. (i) A publication delivered, furnished or provided to or accessed by the purchaser electronically or digitally that meets all of the following conditions:

(A) The publication's predominant purpose is the presentation of news content, which it prominently features;

(B) The publication is published at stated intervals, at least as frequently as four times a year but no more frequently than weekly, and is not updated between issues. However, the incidental provision of additional news content between issues will not prevent the requirement in this clause from being satisfied. In determining whether the news content added between issues is incidental, among the factors the commissioner is to consider is the amount of the news content added between issues relative to the news content in preceding issues and the frequency of the provision of additional news content between issues. Provided that the display of reader comments or letters to the editor between issues does not affect whether this clause is satisfied.

(C) The publication's news content is purchased from contracted wire services or written or produced by multiple employees or engaged independent contractors of the person providing the publication, including, but not limited to, employees or engaged independent contractors of any affiliate of such person;

(D) The publication is available to the public;

(E) The publication holds itself out as a "magazine," "periodical" or words of similar import and does not hold itself out as something other than a "magazine," "periodical," or words of similar import;

(F) The publication has continuity as to its title and the general nature of its content over time;

(G) The publication is not, in whole or in substantial part, a listing, catalog, database, or compilation; and

(H) The only search function the publication offers without a separately-stated, reasonable charge is a search of the publication's or of an affiliate's present or past news content. However: (I) the publication's provision of access, at no additional charge, to a search engine that, apart from the service, is otherwise available to the public for free is not relevant as to whether this clause is satisfied; and (II) the publication's provision of access to a search function for which there is a separately-stated, reasonable charge to the purchaser shall be treated separately and is not relevant as to whether this clause is satisfied.

(ii) For purposes of subparagraph (i) of this paragraph and the exemption provided for electronic periodicals in subdivision (gg) of section eleven hundred fifteen of this article, "articles" has the same meaning as in subparagraph (ii) of paragraph thirty-seven of subdivision (b) of this section and "news content" means articles, photographs, and video and audio material devoted to literature, the sciences, the arts, news, an industry, profession, sport or other field of endeavor, and does not include listings, advertisements, catalogs, compilations, databases, or the like.

A person who, for a consideration, uses, possesses, or has the right to use or possess, any room in a hotel or short term rental unit under any lease, concession, permit, right of access, license to use or other agreement, or otherwise. It is not necessary that meals are served. A building or portion of a building may qualify as a short term rental unit whether or not amenities, including but not limited to daily housekeeping services, concierge services, or linen services, are provided.

(10) (i) Booking service. A person who, pursuant to an agreement with an operator or operators, facilitates the occupancy of a short term rental unit for such operator or operators. A person "facilitates the occupancy of a short term rental unit" for purposes of this paragraph when the person meets both of the following conditions: (A) such person provides the forum in which, or by means of which, the sale of the occupancy takes place or the offer of such sale is accepted, including a shop, store, or booth, an internet website, mobile device application, catalog, or similar forum; and (B) such person or an affiliate of such person collects the rent paid by a customer to an operator for the occupancy of a short term rental unit, or contracts with a third party to collect such rent.

(12) Roof garden, cabaret or other similar place. Any roof garden, cabaret or other similar place which furnishes a public performance for profit, but not including a place where merely live dramatic or musical

arts performances are offered in conjunction with the serving or selling of food, refreshment or merchandise, so long as such serving or selling of food, refreshment or merchandise is merely incidental to such performances.

(13) Social or athletic club. Any club or organization of which a material purpose or activity is social or athletic.

(14) Honorary member. A membership granted in a social or athletic club without payment of dues which may provide full or partial club privileges.

(e) When used in this article for the purposes of the taxes imposed under subdivision (a) of section eleven hundred five of this article and by section eleven hundred ten of this article, the following terms shall mean:

(1) Marketplace provider. A person who, pursuant to an agreement with a marketplace seller, facilitates sales of tangible personal property by such marketplace seller or sellers. A person "facilitates a sale of tangible personal property" for purposes of this paragraph when the person meets both of the following conditions: (A) such person provides the forum in which, or by means of which, the sale takes place or the offer of sale is accepted, including a shop, store, or booth, an internet website, catalog, or similar forum; and (B) such person or an affiliate of such person collects the receipts paid by a customer to a marketplace seller for a sale of tangible personal property, or contracts with a third party to collect such receipts. For purposes of this paragraph, a "sale of tangible personal property" shall not include the rental of a passenger car as described in section eleven hundred sixty of this chapter but shall include a lease described in subdivision (i) of section eleven hundred eleven of this article and peer-to-peer car sharing as described in section nine hundred of the general business law. For purposes of this paragraph, persons are affiliated if one person has an ownership interest of more than five percent, whether direct or indirect, in another, or where an ownership interest of more than five percent, whether direct or indirect, is held in each of such persons by another person or by a group of other persons that are affiliated persons with respect to each other. Notwithstanding anything in this paragraph, a person who is not otherwise registered pursuant to section eleven hundred thirty-four of this article is not a marketplace

provider if such person has no physical presence in New York and, for the immediately preceding four quarterly periods ending on the last day of February, May, August and November, can show that the cumulative total gross receipts of sales it has made or facilitated of property delivered in this state does not exceed five hundred thousand dollars or that such person has not made or facilitated more than one hundred sales of property delivered in this state. However, such person may elect to register as a marketplace provider, and, once registered, will be subject to the provisions of this article.

(2) Marketplace seller. Any person, whether or not such person is required to obtain a certificate of authority under section eleven hundred thirty-four of this article, who has an agreement with a marketplace provider under which the marketplace provider will facilitate sales of tangible personal property by such person within the meaning of paragraph one of this subdivision.

§ 1102. Prepayment of sales tax on motor fuel and diesel motor fuel.

(a) * (1) Every distributor of motor fuel shall pay, as a prepayment on account of the taxes imposed by this article and pursuant to the authority of article twenty-nine of this chapter, a tax on each gallon of motor fuel (i) which he imports or causes to be imported into this state for use, distribution, storage or sale in the state or produces, refines, manufactures or compounds in this state or (ii) if the tax has not been imposed prior to its sale in this state, which he sells (which acts shall in regard to motor fuel hereinafter in this article be encompassed by the phrase "imported, manufactured or sold"), except when imported, manufactured or sold under circumstances which preclude the collection of such tax by reason of the United States constitution and of the laws of the United States enacted pursuant thereto or when imported or manufactured by an organization described in paragraph one or two of subdivision (a) of section eleven hundred sixteen of this article or a hospital included in the organizations described in paragraph four of such subdivision for its own use and consumption and except kero-jet fuel when imported by an airline for use in its airplanes, and except CNG, and except hydrogen, and except E85 when delivered to a filling station and placed in a storage tank of such

filling station for such E85 to be dispensed directly into a motor vehicle for use in the operation of such vehicle, and except aviation gasoline sold for use in commercial aircraft and general aviation aircraft.

* NB Effective until September 1, 2031

* (1) Every distributor of motor fuel shall pay, as a prepayment on account of the taxes imposed by this article and pursuant to the authority of article twenty-nine of this chapter, a tax on each gallon of motor fuel (i) which he imports or causes to be imported into this state for use, distribution, storage or sale in the state or produces, refines, manufactures or compounds in this state or (ii) if the tax has not been imposed prior to its sale in this state, which he sells (which acts shall in regard to motor fuel hereinafter in this article be encompassed by the phrase "imported, manufactured or sold"), except when imported, manufactured or sold under circumstances which preclude the collection of such tax by reason of the United States constitution and of the laws of the United States enacted pursuant thereto or when imported or manufactured by an organization described in paragraph one or two of subdivision (a) of section eleven hundred sixteen of this article or a hospital included in the organizations described in paragraph four of such subdivision for its own use and consumption and except kero-jet fuel when imported by an airline for use in its airplanes, and except aviation gasoline sold for use in commercial aircraft and general aviation aircraft.

* NB Effective September 1, 2031

* (2) Every distributor of diesel motor fuel shall pay, as a prepayment on account of the taxes imposed by this article and pursuant to the authority of article twenty-nine of this chapter, a tax upon the sale or use of diesel motor fuel in this state. The tax shall be computed based upon the number of gallons of diesel motor fuel sold or used. Provided, however, if the tax has not been imposed prior thereto, it shall be imposed on the removal of highway diesel motor fuel from a terminal, other than by pipeline, barge, tanker or other vessel, or the delivery of diesel motor fuel to a retail service station. The collection of such tax shall not be made applicable to the sale or use of diesel motor fuel under circumstances which preclude the collection of such tax by reason of the United States constitution and of laws of

the United States enacted pursuant thereto. The prepaid tax on diesel motor fuel shall not apply to (i) the sale of non-highway Diesel motor fuel to a person registered as a distributor of Diesel motor fuel other than a sale to such person which involves a delivery at a filling station or into a repository which is equipped with a hose or other apparatus by which such fuel can be dispensed into the fuel tank of a motor vehicle; (ii) the sale to or delivery at a filling station or other retail vendor of water-white kerosene provided such filling station or other retail vendor only sells such water-white kerosene exclusively for heating purposes in containers of no more than twenty gallons or to the sale of CNG or hydrogen; (iii) the sale of previously untaxed qualified biodiesel, as defined in subdivision twenty-three of section two hundred eighty-two of this chapter, to a person registered under article twelve-A of this chapter as a distributor of Diesel motor fuel other than (A) a retail sale to such person or (B) a sale to such person which involves a delivery at a filling station or into a repository which is equipped with a hose or other apparatus by which such qualified biodiesel can be dispensed into the fuel tank of a motor vehicle; or (iv) the sale of previously untaxed highway diesel motor fuel by a person registered under article twelve-A of this chapter as a distributor of diesel motor fuel to a person registered under such article twelve-A as a distributor of diesel motor fuel where the highway diesel motor fuel is either: (A) being delivered by pipeline, railcar, barge, tanker or other vessel to a terminal, the operator of which terminal is registered under section two hundred eighty-three-b of this chapter, or (B) within such a terminal where it has been so delivered. Provided, however, that the exemption set forth in this subparagraph shall not apply to any highway diesel motor fuel if it is removed from a terminal, other than by pipeline, barge, tanker or other vessel.

* NB Effective until September 1, 2031

* (2) Every distributor of diesel motor fuel shall pay, as a prepayment on account of the taxes imposed by this article and pursuant to the authority of article twenty-nine of this chapter, a tax upon the sale or use of diesel motor fuel in this state. The tax shall be computed based upon the number of gallons of diesel motor fuel sold or used. Provided, however, if the tax has not been imposed prior thereto, it shall be imposed on the removal of highway diesel motor fuel from a

terminal, other than by pipeline, barge, tanker or other vessel, or the delivery of diesel motor fuel to a retail service station. The collection of such tax shall not be made applicable to the sale or use of diesel motor fuel under circumstances which preclude the collection of such tax by reason of the United States constitution and of laws of the United States enacted pursuant thereto. The prepaid tax on diesel motor fuel shall not apply to (i) the sale of non-highway Diesel motor fuel to a person registered as a distributor of Diesel motor fuel other than a sale to such person which involves a delivery at a filling station or into a repository which is equipped with a hose or other apparatus by which such fuel can be dispensed into the fuel tank of a motor vehicle; (ii) the sale to or delivery at a filling station or other retail vendor of water-white kerosene provided such filling station or other retail vendor only sells such water-white kerosene exclusively for heating purposes in containers of no more than twenty gallons; (iii) the sale of previously untaxed qualified biodiesel, as defined in subdivision twenty-three of section two hundred eighty-two of this chapter to a person registered under article twelve-A of this chapter as a distributor of Diesel motor fuel other than (A) a retail sale to such person or (B) a sale to such person which involves a delivery at a filling station or into a repository which is equipped with a hose or other apparatus by which such qualified biodiesel can be dispensed into the fuel tank of a motor vehicle; or (iv) the sale of previously untaxed highway diesel motor fuel by a person registered under article twelve-A of this chapter as a distributor of diesel motor fuel to a person registered under such article twelve-A as a distributor of diesel motor fuel where the highway diesel motor fuel is either: (A) being delivered by pipeline, railcar, barge, tanker or other vessel to a terminal, the operator of which terminal is registered under section two hundred eighty-three-b of this chapter, or (B) within such a terminal where it has been so delivered. Provided, however, that the exemption set forth in this subparagraph shall not apply to any highway diesel motor fuel once it is removed from a terminal, other than by pipeline, barge, tanker or other vessel.

* NB Effective September 1, 2031

(3) The amount of such prepayment per gallon shall be computed pursuant to the provisions of subdivision (e) of section eleven hundred

eleven of this article. Provided, further, no motor fuel or diesel motor fuel shall be included in the measure of the tax under clause (i) of paragraph one and paragraph two of this subdivision unless it shall have previously come to rest within the meaning of federal decisional law interpreting the United States constitution.

(b) The taxes required to be prepaid pursuant to this section shall be administered and collected in a like manner as the taxes imposed by sections eleven hundred five and eleven hundred ten of this article. All the provisions of this article relating to or applicable to the administration, collection and disposition of the taxes imposed by such sections shall apply to the tax required to be prepaid under this section so far as such provisions can be made applicable to such prepayments of tax with such limitations as set forth in this article and such modifications as may be necessary in order to adapt such language to the tax so imposed, provided, however, that the provisions of paragraph one of subdivision (c) of section eleven hundred thirty-seven of this article and the reference in section eleven hundred thirty-seven-A of this article to such paragraph one of subdivision (c) of section eleven hundred thirty-seven shall not be applicable to such tax required to be prepaid under this section. Such provisions shall apply with the same force and effect as if the language of those provisions had been set forth in full in this section except to the extent that any provision is either inconsistent with a provision of this section or is not relevant to the tax required to be prepaid by this section. For purposes of this section, any reference in this article to the tax or taxes imposed by this article shall be deemed to refer to the tax required to be prepaid pursuant to this section unless a different meaning is clearly required. Provided, further, that, except as otherwise provided in subdivision (j) of section eleven hundred fifteen of this article and except as otherwise provided in paragraph five of subdivision (b) of section eleven hundred sixteen of this article, the exemptions provided in such sections (other than that provided in paragraph nine of subdivision (a) of such section eleven hundred fifteen with respect to purchases of kero-jet fuel) shall not apply to the tax required to be prepaid under this section.

(c) Nothing in this article shall be construed to require the payment of the tax required to be prepaid pursuant to this section more than

once upon motor fuel or diesel motor fuel sold within the state. When the foregoing prepaid tax imposed pursuant to this section is paid it shall have been so paid on account of the taxes imposed by this article or pursuant to the authority of article twenty-nine of this chapter with respect to the retail sale or use of motor fuel or diesel motor fuel. Nothing in this section shall modify or affect the taxes imposed by sections eleven hundred five and eleven hundred ten of this article as applied to receipts from the sale or use of such fuel.

(d) Deposit and disposition of revenue. (1) Consistent with sections eleven hundred forty-eight and twelve hundred sixty-one of this chapter, the taxes imposed pursuant to this section and interest and penalties thereon received by the commissioner, after deducting the amount which the commissioner of taxation and finance or his delegate shall determine to be necessary for reasonable costs of the commissioner in administering, collecting and distributing such taxes, shall be deposited daily with such responsible banks, banking houses or trust companies, as may be designated by the comptroller, to the credit of the comptroller. Of the total revenue collected or received under this section, the comptroller shall retain in his hands such amount as the commissioner of taxation and finance may determine to be necessary for refunds under this article and pursuant to the authority of article twenty-nine of this chapter.

(2) On or before the twelfth day of each month, after reserving such amount for such refunds and such costs, the commissioner or the commissioner's delegate shall certify to the comptroller the amount of all revenues so received during the prior month as a result of the taxes, interest and penalties so imposed and, in addition, on or before the last day of June and December the commissioner or delegate shall certify the amount of such moneys received during and including the first twenty-five days of said months. At the time the commissioner prepares such certification, the commissioner or the commissioner's delegate shall determine the receipts attributable to the amount, and number of gallons, of motor fuel and diesel motor fuel sold at retail in each county and city and in the metropolitan commuter transportation district subject to the taxes imposed by sections eleven hundred five and eleven hundred ten of this article and the like taxes imposed pursuant to the authority of article twenty-nine of this chapter and the

commissioner or delegate shall certify the portion of such receipts and gallons from the total payments that represents the prepaid tax on account of the taxes imposed by this article and pursuant to the authority of article twenty-nine of this chapter (determined without regard to the taxes imposed by this section and any like taxes imposed pursuant to the authority of article twenty-nine of this chapter) based upon the retail sales or uses of such fuel in such jurisdiction or district. The amount of revenues so certified shall be deposited and distributed by the comptroller in accordance therewith. Where the amount so certified in any distribution is more or less than the amount due, the amount of the overpayment or underpayment shall be determined as soon after the discovery of the overpayment or underpayment as is reasonably possible and subsequent certifications to the comptroller shall be adjusted by subtracting the amount of any such overpayment from or by adding the amount of any such underpayment to such number of subsequent payments as the comptroller and the commissioner shall consider reasonable in view of the amount of the overpayment or underpayment and all other pertinent facts and circumstances.

(e) For the purposes of this section and article twelve-A of this chapter the term "use" shall mean, in addition to the meaning set forth in paragraph seven of subdivision (b) of section eleven hundred one of this article, the exercise of any right or power over motor fuel or diesel motor fuel by any person, whether or not a purchaser, including, but not limited to, the receiving, the withdrawal from storage or any consumption of such fuel.

(f) Every wholesaler of motor fuel, as such term is defined by subdivision twenty-seven of section two hundred eighty-two of this chapter, shall pay or be entitled to a credit or refund of the tax imposed by this section on gallons of motor fuel under the circumstances set forth in paragraph three of subdivision (e) of section eleven hundred eleven of this article.

*(g) The tax imposed by this section must be charged on the sale, other than a retail sale or a sale that is otherwise exempt under this article, of each gallon of motor fuel or Diesel motor fuel. If the taxes imposed by this section have not already been assumed or paid by the distributor on any quantity of such fuel for any reason, including, but not limited to, the expansion of such fuel as a result of temperature

fluctuation, the distributor must remit such taxes to the commissioner on the return for the period in which such sale was made.

* NB Effective September 1, 2023

§ 1103. Prepayment of sales tax on cigarettes. (a)(1) Every cigarette agent shall pay, as a prepayment on account of the taxes imposed by this article and pursuant to the authority of article twenty-nine of this chapter, a tax on cigarettes possessed for sale or use in this state and to which an agent is required to affix cigarette tax stamps under article twenty of this chapter, at the time that the agent is required to purchase and affix such stamps (or as otherwise prescribed by the commissioner pursuant to such article twenty) and the provisions of such article twenty in relation to the use of stamps to evidence payment of the tax imposed by such article twenty shall be applicable to the prepayment imposed by this section, except no tax shall be required to be prepaid on cigarettes sold under circumstances that this state is without power to impose such prepayment or sold to the United States or sold to or by a voluntary unincorporated organization of the armed forces of the United States operating a place for the sale of goods pursuant to regulations promulgated by the appropriate executive agency of the United States, to the extent provided in such regulations and written policy statements of such an agency applicable to such sales.

(2) The tax imposed by this section shall be paid at the same time and in the same manner as the tax imposed by such article twenty with respect to cigarettes. The commissioner may, in the commissioner's discretion, permit an agent to pay the tax imposed under this section at the same time that the agent pays for cigarette tax stamps under article twenty of this chapter and may require any such agent to file with the department a bond issued by a surety company approved by the superintendent of financial services as to solvency and responsibility and authorized to transact business in the state or other security acceptable to the commissioner, in such amount as the commissioner may fix, to secure the payment of any sums due from such agent pursuant to this section. If securities are deposited as security under this subdivision, such securities shall be kept in the custody of the commissioner and may be sold by the commissioner if it becomes necessary

to do so in order to recover any sums due from such agent pursuant to this section, but no such sale shall be had until after such agent shall have had an opportunity to litigate the validity of any prepayment of tax if it elects to do so. Upon any such sale, the surplus, if any, above the sums due under this section shall be returned to such agent. Any bond or security required under this section may be jointly administered with the bond or security required of the agent under section four hundred seventy-two of this chapter and in such event shall secure payment of the sums due under such article twenty and under this section. The tax imposed by this section and the portion of the cost of any stamp which evidences payment of the tax imposed by this section and which is attributable to the tax imposed by this section shall not be included in the term "basic cost of cigarettes" as such term is defined in section four hundred eighty-three of this chapter.

(3) Every person other than an agent shall prepay the tax imposed by this section at the same time and in the same manner as the use tax imposed by section four hundred seventy-one-a of this chapter. The commissioner may require any compensating use tax imposed by section eleven hundred ten and pursuant to the authority of article twenty-nine of this chapter to be paid at such time after allowing for the credit provided by subdivision (b) of section eleven hundred twenty-one of this article.

(4) The amount of the prepayment for cigarettes imposed by this section shall be computed pursuant to the provisions of subdivision (j) of section eleven hundred eleven of this article.

(b) Except as otherwise provided in this section, the taxes required to be prepaid pursuant to this section shall be administered and collected in a like manner as the taxes imposed by sections eleven hundred five and eleven hundred ten of this article. All the provisions of this article relating to or applicable to the administration, collection and disposition of the taxes imposed by such sections shall apply to the tax required to be prepaid under this section so far as such provisions can be made applicable to such prepayments of tax with such limitations as set forth in this article and such modifications as may be necessary in order to adapt such language to the tax so imposed; provided, however, that the provisions of paragraph one of subdivision (c) of section eleven hundred thirty-seven of this article shall not be

applicable to such tax required to be prepaid under this section. Such provisions shall apply with the same force and effect as if the language of those provisions had been set forth in full in this section except to the extent that any provision is either inconsistent with a provision of this section or is not relevant to the tax required to be prepaid by this section. For purposes of this section, any reference in this article to the tax or taxes imposed by this article shall be deemed to refer to the tax required to be prepaid pursuant to this section unless a different meaning is clearly required.

(c) Nothing in this article shall be construed to require the payment of the tax required to be prepaid pursuant to this section more than once upon cigarettes possessed for sale or used within the state. When the prepaid tax imposed pursuant to this section is paid, it shall have been so paid on account of the taxes imposed by this article and pursuant to the authority of article twenty-nine of this chapter with respect to the retail sale or the use of cigarettes. Nothing in this section shall modify or affect the taxes imposed by sections eleven hundred five and eleven hundred ten of this article as applied to receipts from the sale, or to the use, of such cigarettes.

(d) Deposit and disposition of revenue. (1) Consistent with sections eleven hundred forty-eight of this article and twelve hundred sixty-one of this chapter, the taxes required to be prepaid pursuant to this section and interest and penalties thereon received by the commissioner, after deducting the amount which the commissioner shall determine to be necessary for reasonable costs of the commissioner in administering, collecting, and distributing such taxes, shall be deposited daily with such responsible banks, banking houses or trust companies, as may be designated by the comptroller, to the credit of the comptroller. Of the total revenue collected or received under this section, the comptroller shall retain in the comptroller's hands such amount as the commissioner may determine to be necessary for refunds under this article and pursuant to the authority of article twenty-nine of this chapter.

(2) On or before the twelfth day of each month, after reserving such amount for such refunds and such costs, the commissioner shall determine the amount of all revenues so received during the prior month as a result of the taxes, interest and penalties so imposed and, in addition, on or before the last day of June and December the commissioner shall

determine in like manner the amount of such moneys received during and including the first twenty-five days of said months. The commissioner shall determine the proportion of revenues attributable to receipts for the period for which the determination is made pursuant to the preceding sentence from taxes on sales and uses of property and services and rent and amusement charges imposed by this article and pursuant to the authority of article twenty-nine of this chapter and administered by the commissioner which is payable to each jurisdiction determined without regard to this section. The amount of revenues so determined pursuant to this section shall be deposited and distributed by the comptroller in accordance with the same percentage amount to which a jurisdiction is entitled determined without regard to this section. Where the amount so determined in any distribution from such taxes (other than the tax imposed by this section) is more or less than the amount due, the amount of the overpayment or underpayment shall be determined as soon after the discovery of the overpayment or underpayment as is reasonably possible and subsequent determinations shall be adjusted by subtracting the amount of any such overpayment from or by adding the amount of any such underpayment to such number of subsequent payments as the comptroller and the commissioner shall consider reasonable in view of the amount of the overpayment or underpayment and all other pertinent facts and circumstances. The commissioner shall not be liable for any overestimate or underestimate of the amount of the distribution. Nor shall the commissioner be liable for any inaccuracy in any determination with respect to the amount of the distribution or any required adjustment with respect to the distribution, but the commissioner shall as soon as practicable after discovery of any error adjust the next determination under this section to reflect any such error.

PART II--IMPOSITION OF TAXES

§ 1104. Convention center hotel unit fee. (a) Imposition. In addition to any other fee or tax imposed by this article or any other law, on and after April first, two thousand five, there is hereby imposed within the territorial limits of a city with a population of a million or more and

there shall be paid a unit fee on every occupancy of a unit in a hotel or short term rental unit in such city at the rate of one dollar and fifty cents per unit per day, except that such unit fee shall not be imposed upon (1) occupancy by a permanent resident or (2) where the rent per unit is not more than at the rate of two dollars per day.

(b) Administration and enforcement. The unit fee imposed by this section shall be administered and collected in a like manner as the tax imposed by subdivision (e) of section eleven hundred five of this article. All the provisions of this article (except sections eleven hundred seven, eleven hundred eight and eleven hundred nine), including the definition and exemption provisions, relating to or applicable to the administration, collection and disposition of the tax imposed by subdivision (e) of such section eleven hundred five of this article shall apply to the unit fee imposed by this section so far as such provisions can be made applicable to such unit fee with such limitations as are set forth in this article, and such modifications as are set forth in this section and as may be necessary in order to adopt such language to the unit fee so imposed. Such provisions shall apply with the same force and effect as if the language of those provisions had been incorporated in full in this section and had expressly referred to the unit fee imposed by this section, except to the extent that any provision is either inconsistent with a provision of this section or is not relevant to the unit fee imposed by this section. For purposes of this section, unless a different meaning is clearly required: (1) any reference in this article to the tax or taxes imposed by this article shall be deemed to refer also to the unit fee imposed by this section; and (2) any reference to tax, taxes or sales tax in section eighteen hundred seventeen of this chapter shall be deemed to refer also to the unit fee imposed by this section.

(c) Transitional provision. The unit fee imposed by this section shall be paid on any occupancy on or after April first, two thousand five, although such occupancy is pursuant to a prior contract, lease or other arrangement. Where the charge for occupancy is paid on a weekly, monthly or other term basis, the occupancy shall be subject to the unit fee imposed by this section to the extent that it covers any day on or after April first, two thousand five. Where a person occupies a unit for less than a full day and pays less than the rent for a full day, the unit fee

due pursuant to this section shall nevertheless be the same amount as would be due had such person occupied the unit for a full day at the rent for a full day.

(d) Deposit and disposition of revenue. (1) Notwithstanding any provision of law to the contrary, the fees, interest and penalties imposed by this section and received by the commissioner, after deducting the amount which the commissioner shall determine to be necessary for reasonable costs to administer, collect and distribute such fees, penalties and interest, shall be deposited daily with such responsible banks, banking houses or trust companies, as may be designated by the comptroller, to the credit of the comptroller, to be held in trust for the convention center development corporation established by chapter thirty-five of the laws of nineteen hundred seventy-nine, as amended. Such an account may be established in one or more of such depositories. Such deposits shall be kept separate and apart from all other money in the possession of the comptroller. The comptroller shall require adequate security from all such depositories. Of the total revenue collected or received under this section, the comptroller shall retain in the comptroller's hands such amount as the commissioner may determine to be necessary for refunds under this section.

(2) On or before the twelfth day of each month: (A) after reserving such amount for such refunds and such costs, the commissioner shall certify to the comptroller the amount of all revenues so received during the prior month as a result of the fees, interest and penalties so imposed; and (B) the amount of revenues so certified shall be paid by the comptroller to the chief fiscal officer of the convention center development corporation established by chapter thirty-five of the laws of nineteen hundred seventy-nine, as amended, for disposition in the convention center development fund established by such chapter thirty-five of the laws of nineteen hundred seventy-nine, as amended.

(e) Termination of unit fee. (1) At the end of the last day of the month in which all the bonds, secured in whole or in part by such fee, issued by such convention center development corporation, established by chapter thirty-five of the laws of nineteen hundred seventy-nine, as amended, shall have been fully paid and discharged or shall have been deemed to be paid under the resolution authorizing such bonds, together

with interest thereon and interest on unpaid installments of interest, the unit fee imposed by this section shall terminate. Despite such termination, the provisions of this section and any regulations promulgated thereunder, including the provisions with respect to assessment, payment, termination, collection and refund of such fees, penalties and interest, the requirements for filing returns, preservation of records and disposition of revenue shall continue in full force and effect with respect to all such fees accrued up to the effective date of such termination.

(2) At least ninety days prior to the date that the unit fee is imposed by this section shall have terminated pursuant to paragraph one of this subdivision, the chief executive officer, or such officer's delegate, of such development corporation shall provide written notification to the commissioner of the date by which such unit fee shall have terminated, so that such commissioner can timely notify persons required to collect tax, as defined by subdivision one of section eleven hundred thirty-one of this article, of such termination and take such other steps as are necessary or desirable to administer such termination. Provided that failure by such chief executive officer or such officer's delegate to provide such notice shall not affect the termination of such unit fee.

§ 1105. Imposition of sales tax. On and after June first, nineteen hundred seventy-one, there is hereby imposed and there shall be paid a tax of four percent upon:

(a) The receipts from every retail sale of tangible personal property, except as otherwise provided in this article.

(b) (1) The receipts from every sale, other than sales for resale, of the following: (A) gas, electricity, refrigeration and steam, and gas, electric, refrigeration and steam service of whatever nature, including the transportation, transmission or distribution of gas or electricity, even if sold separately; (B) telephony and telegraphy and telephone and telegraph service of whatever nature except interstate and international telephony and telegraphy and telephone and telegraph service and except any telecommunications service the receipts from the sale of which are subject to tax under paragraph two of this subdivision; (C) a telephone

answering service; and (D) a prepaid telephone calling service.

(2) The receipts from every sale of mobile telecommunications service provided by a home service provider, other than sales for resale, that are voice services, or any other services that are taxable under subparagraph (B) of paragraph one of this subdivision, sold for a fixed periodic charge (not separately stated), whether or not sold with other services.

(3) The tax imposed pursuant to this subdivision is imposed on receipts from charges for intrastate mobile telecommunications service of whatever nature in any state if the mobile telecommunications customer's place of primary use is in this state.

(4) (A) For the purpose of subparagraph (B) of paragraph one of this subdivision, receipts from the sale of telephony or telephone service constituting the actual delivery of telephony or telephone service under a prepaid telephone calling service (for instance, when the receipt is represented by a debit to a prepaid account) shall be excluded from the receipts subject to tax under such subparagraph; and (B) for purposes of subparagraph (B) of paragraph one and paragraph two of this subdivision, a particular sale of telephony or telephone service to a vendor that resells such telephony or telephone service as a component of a prepaid telephone calling service shall be deemed a sale for resale of telephony or telegraph service.

(c) The receipts from every sale, except for resale, of the following services:

(1) The furnishing of information by printed, mimeographed or multigraphed matter or by duplicating written or printed matter in any other manner, including the services of collecting, compiling or analyzing information of any kind or nature and furnishing reports thereof to other persons, but excluding the furnishing of information which is personal or individual in nature and which is not or may not be substantially incorporated in reports furnished to other persons, and excluding the services of advertising or other agents, or other persons acting in a representative capacity, and information services used by newspapers, electronic news services, radio broadcasters and television broadcasters in the collection and dissemination of news, and excluding meteorological services.

(3) Installing tangible personal property, excluding a mobile home, or maintaining, servicing or repairing tangible personal property, including a mobile home, not held for sale in the regular course of business, whether or not the services are performed directly or by means of coin-operated equipment or by any other means, and whether or not any tangible personal property is transferred in conjunction therewith, except:

(i) such services rendered by an individual who is engaged directly by a private home owner or lessee in or about his residence and who is not in a regular trade or business offering his services to the public; and

(ii) any receipts from laundering, dry-cleaning, tailoring, weaving, pressing, shoe repairing and shoe shining; and

(iii) for installing property which, when installed, will constitute an addition or capital improvement to real property, property or land, as the terms real property, property or land are defined in the real property tax law as such term capital improvement is defined in paragraph nine of subdivision (b) of section eleven hundred one of this chapter; and

(iv) such services rendered with respect to commercial vessels and property used by or purchased for the use of such vessels, as such vessels and property are specified in paragraph eight of subdivision (a) of section eleven hundred fifteen of this article; and

(2) The transitional provisions contained in section eleven hundred six shall not apply to the taxes imposed by this section. (3) Where a sale of tangible personal property or services, including an agreement therefor, is made in a city in which the taxes imposed by subdivision (a) of this section apply, but the property sold, the property upon which the services were performed or such service is or will be delivered to the purchaser elsewhere, such sale will not be subject to taxes imposed by such subdivision (a). However, if delivery occurs or will occur in any city where the tax imposed by such subdivision (a) applies, a vendor will be required to collect from the purchaser the sales or compensating use taxes imposed by this section. For the purposes of this section delivery shall be deemed to include transfer of possession to the purchaser and the receiving of the property or of the service by the purchaser. (4) The provisions of section twelve hundred fourteen shall be applicable to this section, but any reference in that section to a local sales or use tax imposed by a city shall mean the additional taxes imposed by subdivision (a) hereof. (5) Where a retail sales tax or a compensating use tax was legally due and paid to any municipal corporation in this state, without any right to a refund or credit thereof, with respect to the sale or use of tangible personal property or any of the services subject to sales or compensating use tax, if the use of such property or services is then subject to the compensating use tax imposed by this section and such tax is at a higher rate than the rate of tax imposed by such municipal corporation, the tax imposed by this section shall also apply but only to the extent of the difference in such rates. (6) For purposes of this section, for periods of continuous occupancy first commencing after June third, nineteen hundred eighty, the term "permanent resident" means any occupant of any room or rooms in a hotel for at least one hundred eighty consecutive days shall be considered a permanent resident with regard to

the period of such occupancy. For purposes of this subdivision, a payment to the tax commission of a tax imposed by a municipal corporation shall be deemed a payment to such municipal corporation. (7) The provision for a refund or credit contained in clause six of subdivision (a) of section eleven hundred nineteen shall not apply. (8) The tax imposed by subdivision (a) of this section shall not be imposed on: (i) receipts from interior cleaning and maintenance services performed on a regular contractual basis for a term of not less than thirty days subject to tax under paragraph five of subdivision (c) of section eleven hundred five other than window cleaning, rodent and pest control and trash removal from buildings or receipts from the services described in paragraph eight of subdivision (c) of section eleven hundred five to the extent a tax is imposed on such services by a city with a population of one million or more pursuant to the authority of subdivision (f) of section twelve hundred twelve-A of this chapter and (ii) receipts from the services described in paragraph six or seven of subdivision (c) of section eleven hundred five. (9) Except as otherwise provided by law, the exemption provided for in paragraph thirty of subdivision (a) of section eleven hundred fifteen relating to clothing and footwear shall not apply. (10) The exemptions provided for in paragraph forty-one of subdivision (a) of section eleven hundred fifteen of this article shall not apply. (11) Notwithstanding any provision of law to the contrary, clothing and footwear and any item used or consumed to make or repair such clothing and which becomes a physical component part of such clothing shall be exempt from the taxes imposed by this section.

(c) Tax on sale of service of parking, garaging or storing of motor vehicles. On the first day of the first month following the month in which a municipal assistance corporation is created under article ten of the public authorities law for a city of one million or more, in addition to the taxes imposed by sections eleven hundred five, eleven hundred ten and subdivision (a) of this section, there is hereby imposed on such date, within the territorial limits of such city, and there shall be paid, additional taxes at the rate of six percent on receipts from every sale of the service of providing parking, garaging or storing for motor vehicles by persons operating a garage (other than a garage which is part of premises occupied solely as a private one or two family

dwelling), parking lot or other place of business engaged in providing parking, garaging or storing of motor vehicles provided, however, that this subdivision shall not apply to such facilities owned and operated by such city or an agency or instrumentality of such city or a public corporation the majority of whose members are appointed by the chief executive officer of such city or the legislative body of such city or both of them; provided, however, that receipts for such services paid to a homeowner's association by its members or receipts paid by members of a homeowner's association to a person leasing the parking facility from the homeowner's association shall not be subject to the tax imposed by this subdivision. For purposes of this subdivision, a homeowner's association is an association (including a cooperative housing or apartment corporation) (i) the membership of which is comprised exclusively of owners or residents of residential dwelling units, including owners of units in a condominium, and including shareholders in a cooperative housing or apartment corporation, where such units are located in a defined geographical area such as a housing development or subdivision; and (ii) which owns or operates a garage, parking lot or other place of business engaged in providing parking, garaging or storing for motor vehicles located in such area for use (whether or not exclusive) by such owners or residents. All provisions set forth in this article applicable to the taxes imposed under section eleven hundred five, including the definition and exemption provisions of this article, shall apply with respect to a tax imposed under this subdivision, except as to rate and except as otherwise provided herein. The transitional provisions contained in section eleven hundred six shall not apply to the taxes imposed by this section.

(d) Termination of taxes. At the later of: (1) the end of the last day of the month in which all the notes and bonds of such municipal assistance corporation shall have been fully paid and discharged, together with interest thereon and interest on unpaid installments of interest, or (2) July first, two thousand eight, the taxes imposed by this section shall terminate. Despite such termination, the provisions of this section and any regulations promulgated thereunder, including the provisions with respect to assessment, payment, termination, collection and refund of such taxes, penalties and interest, the requirements for filing returns, preservation of records and disposition

of revenue shall continue in full force and effect with respect to all such taxes accrued up to the effective date of such termination.

§ 1108. Temporary municipal assistance sales and compensating use taxes for cities of under one million. (a) General. On the first day of the first month following the month in which a municipal assistance corporation is created under article ten of the public authorities law for a city of less than one million, in addition to the taxes imposed by sections eleven hundred five and eleven hundred ten, there is hereby imposed on such date, within the territorial limits of such city, and there shall be paid, additional taxes, at the rate of three percent, which except as provided in subdivision (b) of this section, shall be identical to the taxes imposed by sections eleven hundred five and eleven hundred ten. Such sections and the other sections of this article, including the definition and exemption provisions, shall apply for purposes of the taxes imposed by this section in the same manner and with the same force and effect as if the language of those sections had been incorporated in full into this section and has expressly referred to the taxes imposed by this section.

(b) Exceptions. (1) Notwithstanding any provision of law to the contrary, the receipts from the following shall be exempt from the tax on retail sales and the compensating use tax imposed by this section: All sales of tangible personal property for use or consumption directly and predominantly in the production of tangible personal property, gas, electricity, refrigeration or steam, for sale, by manufacturing, processing, generating, assembling, refining, mining or extracting; and all sales of tangible personal property for use or consumption predominantly either in the production of tangible personal property, for sale, by farming or in a commercial horse boarding operation, or in both.

(2) The transitional provisions contained in section eleven hundred six shall not apply to the taxes imposed by this section.

(3) Where a sale of tangible personal property or services, including an agreement therefor, is made in a city in which the taxes imposed by subdivision (a) of this section apply, but the property sold, the property upon which the services were performed or such service is or

will be delivered to the purchaser elsewhere, such sale will not be subject to taxes imposed by such subdivision (a). However, if delivery occurs or will occur in any city where the tax imposed by such subdivision (a) applies, a vendor will be required to collect from the purchaser, the sales or compensating use taxes imposed by this section. For the purposes of this section delivery shall be deemed to include transfer of possession to the purchaser and the receiving of the property or of the service by the purchaser.

(4) The provisions of section twelve hundred fourteen shall be applicable to this section, but any reference in that section to a local sales or use tax imposed by a city shall mean the additional taxes imposed by subdivision (a) hereof.

(5) Where a retail sales tax or a compensating use tax was legally due and paid to any municipal corporation in this state, without any right to a refund or credit thereof, with respect to the sale or use of tangible personal property or any of the services subject to sales or compensating use tax, if the use of such property or services is then subject to the compensating use tax imposed by this section and such tax is at a higher rate than the rate of tax imposed by such municipal corporation, the tax imposed by this section shall also apply but only to the extent of the difference in such rates. For purposes of this subdivision, a payment to the tax commission of a tax imposed by a municipal corporation shall be deemed a payment to such municipal corporation.

(c) Termination of taxes. At the end of the last day of the month in which all the notes and bonds of such municipal assistance corporation shall have been fully paid and discharged, together with interest thereon and interest on unpaid installments of interest, the taxes imposed by this section shall terminate. Despite such termination, the provisions of this section and any regulations promulgated thereunder, including the provisions with respect to assessment, payment, termination, collection and refund of such taxes, the requirements for filing returns, preservations of records and disposition of revenue shall continue in full force and effect with respect to all such taxes accrued up to the effective date of such termination.

§ 1109. Sales and compensating use taxes for the metropolitan commuter transportation district. (a) General. In addition to the taxes imposed by sections eleven hundred five and eleven hundred ten of this article, there is hereby imposed within the territorial limits of the metropolitan commuter transportation district created and established pursuant to section twelve hundred sixty-two of the public authorities law, and there shall be paid, additional taxes, at the rate of three-eighths of one percent, which shall be identical to the taxes imposed by sections eleven hundred five and eleven hundred ten of this article. Such sections and the other sections of this article, including the definition and exemption provisions, shall apply for purposes of the taxes imposed by this section in the same manner and with the same force and effect as if the language of those sections had been incorporated in full into this section and had expressly referred to the taxes imposed by this section. Notwithstanding the foregoing, the tax imposed by this section shall not apply to admissions to race tracks or simulcast facilities.

(b) Transitional provisions. (1) With respect to the one-fourth percent rate imposed effective September first, nineteen hundred eighty-one, the transitional provisions contained in subdivisions (a), (b), (c) and (d) of section eleven hundred six of this article shall apply to the taxes imposed by this section, except that all references in such subdivisions (a), (b), (c) and (d) to August first, nineteen hundred sixty-five shall be read as referring to September first, nineteen hundred eighty-one, all references in such subdivision (a) to April first, nineteen hundred sixty-five shall be read as referring to May first, nineteen hundred eighty-one, and the reference in such subdivision (b) to July thirty-first, nineteen hundred sixty-five shall be read as referring to August thirty-first, nineteen hundred eighty-one.

(2) With respect to the one-eighth percent rate imposed effective June first, two thousand five, the transitional provisions contained in subdivisions (a), (b), (c) and (d) of section eleven hundred six of this article shall apply to the taxes imposed by this section, except that all references in such subdivisions (a), (b), (c) and (d) to August first, nineteen hundred sixty-five, shall be read as referring to June first, two thousand five, all references in such subdivision (a) to

April first, nineteen hundred sixty-five, shall be read as referring to February first, two thousand five, and the reference in such subdivision (b) to July thirty-first, nineteen hundred sixty-five, shall be read as referring to May thirty-first, two thousand five.

(c) Deliveries outside the district; deliveries within the district of property sold or serviced elsewhere. Where a sale of tangible personal property or services, including an agreement therefor, is made in the district in which the taxes imposed by this section apply, but the property sold, the property upon which the services were performed or such service is or will be delivered to the purchaser elsewhere, such sale will not be subject to taxes imposed by this section. However, if delivery occurs or will occur in the district where the tax imposed by this section applies, a vendor will be required to collect from the purchaser the sales or compensating use taxes imposed by this section. For the purposes of this section, delivery shall be deemed to include transfer of possession to the purchaser and the receiving of the property or of the service by the purchaser. The provisions of section twelve hundred fourteen of this chapter shall be applicable to this section, but any reference in that section to a local sales or use tax imposed by a city, county or school district shall mean the additional taxes imposed by this section.

(d) Deposit and disposition of revenue. (1) The taxes, interest and penalties imposed pursuant to this section and received by the tax commission, after deducting the amount which the commissioner of taxation and finance shall determine to be necessary for reasonable costs of the tax commission in administering, collecting and distributing such taxes, shall be deposited daily with such responsible banks, banking houses or trust companies, as may be designated by the comptroller, to the credit of the comptroller. Such an account may be established in one or more of such depositories. Such deposits shall be kept separate and apart from all other money in the possession of the comptroller. The comptroller shall require adequate security from all such depositories. Of the total revenue collected or received under this section, the comptroller shall retain in his hands such amount as the commissioner of taxation and finance may determine to be necessary for refunds under this section.

(2) On or before the twelfth day of each month, after reserving such

amount for such refunds and such costs, the commissioner of taxation and finance shall certify to the comptroller the amount of all revenues so received during the prior month as a result of the taxes, interest and penalties so imposed and in addition on or before the last day of June the commissioner shall certify the amount of such revenues received during and including the first twenty-five days of June. Fifteen percent of the revenues so certified shall be deposited by the comptroller in the mass transportation operating assistance fund established by section eighty-eight-a of the state finance law to the credit of the metropolitan mass transportation operating assistance account therein. Eighty-five percent of the revenues so certified shall be deposited by the comptroller in the dedicated mass transportation trust fund established pursuant to section eighty-nine-c of the state finance law to be distributed as follows: eighty-five percent of such amount shall be allocated to the New York city transit authority and its subsidiaries and the Staten Island rapid transit operating authority and fifteen percent of such amount shall be allocated to the Long Island Rail Road Company and Metro-North commuter railroad company in accordance with the procedures for payment and distribution specified in section twelve hundred seventy-c of the public authorities law, for payment, subject to appropriation, to the metropolitan transportation authority dedicated tax fund established pursuant to section twelve hundred seventy-c of the public authorities law.

(e) The provision for a refund or credit contained in clause six of subdivision (a) of section eleven hundred nineteen shall not apply.

(f) The exemption contained in paragraph thirty of subdivision (a) of section eleven hundred fifteen of this article shall not apply.

(g) Notwithstanding any other provision of state or local law, ordinance or resolution to the contrary: (1) In the event that a county, city or school district located in the metropolitan commuter transportation district imposes taxes pursuant to the authority of subpart B of part I of article twenty-nine of this chapter and elects to provide the clothing and footwear exemption authorized in paragraph one of subdivision (a) of section twelve hundred ten of this chapter, or the taxes provided for in section eleven hundred eight of this article are in effect in a city located in such district, the exemption provided by paragraph thirty of subdivision (a) of section eleven hundred fifteen of

this article shall be applicable in such portion of the metropolitan commuter transportation district in which such county, city or school district which elects to provide the clothing and footwear exemption authorized in paragraph one of subdivision (a) of section twelve hundred ten of this chapter is located, or where the taxes provided for in section eleven hundred eight of this part are in effect in a city located in such district. The commissioner shall determine and certify to the comptroller the amount of revenue forgone at the rate of three-eighths of one percent under this section in such county, city or school district on account of sales of clothing and footwear in such county, city or school district.

(2) Commencing with the sales tax quarterly period which commences on March first, two thousand, the commissioner shall make such determinations and certifications on the twelfth day of the month following the month in which sales tax quarterly returns are due under section eleven hundred thirty-six of this article with respect to such quarterly period for as long as such clothing and footwear exemptions from such taxes imposed pursuant to the authority of article twenty-nine of this chapter or by section eleven hundred eight of this part are in effect. Neither the commissioner nor the comptroller shall be held liable for any inaccuracy in such determinations and certifications. Such determinations and certifications may be based on such information as may be available to the commissioner at the time such determinations and certifications must be made under this subdivision and may be estimated on the basis of percentages or other indices calculated from distributions from prior periods. The commissioner shall be authorized to require such information as the commissioner deems necessary to comply with the requirements of this subdivision from persons required to file returns under such section eleven hundred thirty-six of this article.

(3) By the fifteenth day of the month in which the commissioner has made the certifications to the comptroller described in paragraph two of this subdivision, the comptroller shall bill any county, city or school district in such metropolitan commuter transportation district which provides such clothing and footwear exemption, and any city in such district in which the taxes imposed by section eleven hundred eight of this part are in effect, an amount equal to one-half of the amount

certified to the comptroller by the commissioner in respect of such county, city or school district; and such county, city or school district shall pay the amount of such bill to the comptroller by the twenty-fifth day of such month. The comptroller shall deposit any such amounts received as provided in subdivision (d) of this section.

(4) In the event that a county, city or school district imposing tax pursuant to the authority of subpart B of part I of article twenty-nine of this chapter does not pay in full a bill described in paragraph three of this subdivision by the twenty-fifth day of the month described in paragraphs two and three of this subdivision, the comptroller shall deduct any amount not paid from the amount of the next payment or payments due such county, city or school district pursuant to subdivision (c) of section twelve hundred sixty-one of this chapter until such amount not paid has been recovered. The comptroller shall deposit the amounts so deducted and recovered to be credited as provided in paragraph three of this subdivision.

(5) In the event that a city in which the taxes imposed by section eleven hundred eight of this article are in effect does not pay in full a bill described in paragraph three of this subdivision by the twenty-fifth day of the month described in paragraphs two and three of this subdivision, the comptroller shall deduct any amount not paid from the amount of any other moneys due such city from the comptroller, not otherwise pledged, dedicated or encumbered pursuant to other state law, until such amount not paid has been recovered. The comptroller shall deposit the amounts so deducted and recovered to be credited as provided in paragraph three of this subdivision.

(6) The commissioner shall certify the amount of any over calculation or under calculation of any certification required to be made to the comptroller under paragraph three of this subdivision as soon after its discovery as reasonably possible and subsequent bills to a city, county or school district to which the over calculation or under calculation relates shall be adjusted accordingly, provided that the comptroller may adjust such number of subsequent bills as the comptroller shall consider reasonable in view of the amount of the adjustment and all other facts and circumstances.

(7) On the same date that the comptroller is required to bill a county, city or school district an amount as provided in paragraph three

of this subdivision, the comptroller shall, after having first made any deposits required by section ninety-two-r of the state finance law and only to the extent that there are moneys remaining after having made such required deposits, withdraw from the state treasury, to the debit of the general fund, an amount equal to the total of the amounts required to be billed to counties, cities and school districts pursuant to such subdivision three and deposit such total amount to be credited as provided in such paragraph three. The amount of any over calculation or under calculation determined in paragraph six of this subdivision shall likewise be applied to the amounts required to be deposited under this paragraph, so that the amounts deposited under this paragraph equal the total of the amounts required to be billed to counties, cities and school districts under such paragraph three, as adjusted, pursuant to paragraph six of this subdivision.

(h) Notwithstanding any provision of law to the contrary:

(1) The commissioner shall determine and certify to the comptroller the amount of revenue foregone as a result of the cents per gallon tax in paragraph two of subdivision (m) of section eleven hundred eleven of this part in lieu of tax at the rate provided in subdivision (a) of this section.

(2) Commencing with the sales tax quarterly period beginning on June first, two thousand six, the commissioner shall make such determinations and certifications on the twelfth day of the month following the month in which sales tax quarterly returns are due under section eleven hundred thirty-six of this article with respect to such quarterly period. Such determinations and certifications may be based on such information as may be available to the commissioner at the time such determinations and certifications must be made under this subdivision. The commissioner shall be authorized to require such information as the commissioner deems necessary to comply with the requirements of this subdivision from persons required to file returns under such section eleven hundred thirty-six.

(3) The comptroller shall, after having first made any deposits required by section ninety-two-r of the state finance law and only to the extent that there are moneys remaining after having made such required deposits, withdraw from the state treasury, to the debit of the general fund, and shall deposit the amount certified by the commissioner

as such revenue foregone as provided in subdivision (d) of this section.

(4) Neither the commissioner nor the comptroller shall be held liable for any inaccuracy in such determinations and certifications. The commissioner shall certify the amount of any over calculation or under calculation of any certification required to be made to the comptroller under this subdivision as soon after its discovery as reasonably possible.

§ 1110. Imposition of compensating use tax. (a) Except to the extent that property or services have already been or will be subject to the sales tax under this article, there is hereby imposed on every person a use tax for the use within this state on and after June first, nineteen hundred seventy-one except as otherwise exempted under this article, (A) of any tangible personal property purchased at retail, (B) of any tangible personal property (other than computer software used by the author or other creator) manufactured, processed or assembled by the user, (i) if items of the same kind of tangible personal property are offered for sale by him in the regular course of business or (ii) if items are used as such or incorporated into a structure, building or real property by a contractor, subcontractor or repairman in erecting structures or buildings, or building on, or otherwise adding to, altering, improving, maintaining, servicing or repairing real property, property or land, as the terms real property, property or land are defined in the real property tax law, if items of the same kind are not offered for sale as such by such contractor, subcontractor or repairman or other user in the regular course of business, (C) of any of the services described in paragraphs (1), (7) and (8) of subdivision (c) of section eleven hundred five of this part, (D) of any tangible personal property, however acquired, where not acquired for purposes of resale, upon which any of the services described in paragraphs (2), (3) and (7) of subdivision (c) of section eleven hundred five of this part have been performed, (E) of any telephone answering service described in subdivision (b) of section eleven hundred five of this part, (F) of any computer software written or otherwise created by the user if the user offers software of a similar kind for sale as such or as a component part of other property in the regular course of business, (G) of any

prepaid telephone calling service, and (H) of any gas or electricity described in subdivision (b) of section eleven hundred five of this part.

(b) For purposes of clause (A) of subdivision (a) of this section, the tax shall be at the rate of four percent of the consideration given or contracted to be given for such property, or for the use of such property, including any charges for shipping or delivery as described in paragraph three of subdivision (b) of section eleven hundred one, but excluding any credit for tangible personal property accepted in part payment and intended for resale.

(c) For purposes of subclause (i) of clause (B) of subdivision (a) of this section, the tax shall be at the rate of four percent of the price at which items of the same kind of tangible personal property are offered for sale by the user, and the mere storage, keeping, retention or withdrawal from storage of tangible personal property by the person who manufactured, processed or assembled such property shall not be deemed a taxable use by him; provided, however, that if the user uses such an item itself on its own premises (not including making a gift of such tangible personal property), solely in the conduct of the user's own business operations, and the item retains its characteristic as tangible personal property when so used, the tax shall be at the rate, and on the consideration, described in subdivision (d) of this section.

(d) For purposes of subclause (ii) of clause (B) of subdivision (a) of this section, the tax shall be at the rate of four percent of the consideration given or contracted to be given for the tangible personal property manufactured, processed or assembled into the tangible personal property the use of which is subject to tax, including any charges for shipping or delivery as described in paragraph three of subdivision (b) of section eleven hundred one.

(e) Notwithstanding the foregoing, provisions of this section, for purposes of clause (B) of subdivision (a) of this section, there shall be no tax on any portion of such price which represents the value added by the user to tangible personal property which he fabricates and installs to the specifications of an addition or capital improvement to real property, property or land, as the terms real property, property or land are defined in the real property tax law, over and above the prevailing normal purchase price prior to such fabrication of such

tangible personal property which a manufacturer, producer or assembler would charge an unrelated contractor who similarly fabricated and installed such tangible personal property to the specifications of an addition or capital improvement to such real property, property or land.

(f) For purposes of clauses (C), (D), and (E) of subdivision (a) of this section, the tax shall be at the rate of four percent of the consideration given or contracted to be given for the service, including the consideration for any tangible personal property transferred in conjunction with the performance of the service and also including any charges for shipping and delivery of the property so transferred and of the tangible personal property upon which the service was performed as such charges are described in paragraph three of subdivision (b) of section eleven hundred one.

(g) For purposes of clause (F) of subdivision (a) of this section, the tax shall be at the rate of four percent of the consideration given or contracted to be given for the tangible personal property which constitutes the blank medium, such as disks or tapes, used in conjunction with the software, or for the use of such property, and the mere storage, keeping, retention or withdrawal from storage of computer software described in such clause (F) by its author or other creator shall not be deemed a taxable use by such person.

(h) For purposes of clause (G) of subdivision (a) of this section, the tax shall be at the rate of four percent of the consideration given or contracted to be given for the service, including the consideration for any tangible personal property transferred in conjunction with the service and also including any charges for shipping and delivery of the property so transferred as such charges are described in paragraph three of subdivision (b) of section eleven hundred one; provided that, if the user offers like services for sale in the regular course of business, the tax shall be at the rate of four percent of the price at which the user offers such like services for sale.

(i) For purposes of clause (H) of subdivision (a) of this section, the tax shall be at the rate of four percent of the consideration given or contracted to be given for, or for the use of, the gas or electricity, including the consideration for any tangible personal property transferred in conjunction with the performance thereof, and including any charges described in paragraph three of subdivision (b) of section

eleven hundred one of this article.

§ 1111. Special rules for computing receipts and consideration. (a)

The retail sales tax imposed under subdivision (a) of section eleven hundred five of this part and the compensating use tax imposed under section eleven hundred ten of this part, when computed in respect to tangible personal property wherever manufactured, processed or assembled and used by such manufacturer, processor or assembler in the regular course of business within this state, shall be based on the price at which items of the same kind of tangible personal property are offered for sale by him, except to the extent otherwise provided in this section or section eleven hundred ten of this part.

(b) Tangible personal property, which has been purchased by a resident of New York state outside of this state for use outside of this state and subsequently becomes subject to the compensating use tax imposed under this article, shall be taxed on the basis of the purchase price of such property, provided, however:

(1) That where a taxpayer affirmatively shows that the property was used outside such state by him for more than six months prior to its use within this state, such property shall be taxed on the basis of current market value of the property at the time of its first use within this state. The value of such property, for compensating use tax purposes, may not exceed its cost.

(2) That the compensating use tax on such tangible personal property brought into this state (other than for complete consumption or for incorporation into real property located in this state) and used in the performance of a contract or sub-contract within this state by a purchaser or user for a period of less than six months may be based, at the option of the taxpayer, on the fair rental value of such property for the period of use within this state.

(c) For the amount and timing of tax in respect to property leased, or sold under a contract deferring payments, see section eleven hundred thirty-two. For the amount and timing of tax in respect to certain leased property, see subdivision (i) of this section.

(d) The commissioner is authorized and empowered to prescribe and, from time to time, to amend schedules of the amount of tax to be

collected upon each gallon of motor fuel and diesel motor fuel sold at retail and upon each gallon of such fuel subject to the tax required to be prepaid pursuant to section eleven hundred two of this article or upon each package of cigarettes sold at retail and upon each package of cigarettes subject to the tax required to be prepaid under section eleven hundred three of this article, as the commissioner shall determine is approximately equal to the average rate otherwise applicable, considering the regional average retail sales prices of such fuel, the amount of the prepaid tax per package of cigarettes in accordance with subdivision (j) of this section and, in the case of a sale at retail, the ordinary price ranges for such fuel and cigarettes, in lieu of the regular schedule based on total receipts. Such rates shall be uniform in each county but may vary as between counties, depending on the general price ranges in effect in each county, but counties wholly within a city shall have a uniform rate. If a political subdivision of a county imposes a retail sales and use tax, separate rates may be prescribed for it. Such schedules with reference to the tax required to be prepaid on motor fuel and diesel motor fuel pursuant to section eleven hundred two of this article or the tax required to be prepaid on cigarettes under section eleven hundred three of this article may fix the rate per gallon or per package of cigarettes in multiples of one-tenth of one cent, depending, in the case of such fuel, on the regional average retail sales prices where such fuel is, as the case may be, imported, manufactured, sold or used. Such schedules with reference to such fuel or cigarettes sold at retail may fix the rate per gallon or per package, as the case may be, in multiples of one-tenth of one cent depending on the price at which such fuel or cigarettes are sold. Where schedules fixing the rate per gallon in multiples of one-tenth of one cent have been promulgated, the price shown on any metered pump or other dispensing device from which such fuel is sold to a purchaser of such fuel, to be delivered directly to a vehicle propelled by any power other than muscular, shall include the tax at the rate so fixed, and the commissioner may by regulation prescribe the manner in which the amount of tax shall be shown for the information of customers by signs or placards on the premises where such fuel is sold. When determining tax required to be collected on the retail sale of motor fuel or diesel motor fuel or cigarettes, the receipts on which tax is computed shall

not include the amount of tax required to be prepaid pursuant to section eleven hundred two of this article with respect to such fuel or pursuant to section eleven hundred three of this article with respect to such cigarettes.

(e) (1) There are hereby created and established within the state three regions for purposes of the payment of the tax imposed by section eleven hundred two of this article. (i) the first region shall consist of the localities included in the metropolitan commuter transportation district created and established pursuant to section twelve hundred sixty-two of the public authorities law, excluding all localities included in the counties of Nassau and Suffolk. (ii) The second region shall consist of the localities included in the counties of Nassau and Suffolk. (iii) The third region shall consist of the area of the state outside the regions referred to in subparagraphs (i) and (ii) of this paragraph.

(2) (i) Where the motor fuel is imported, manufactured or sold in, or diesel motor fuel is sold or used in the region referred to in subparagraph (i) of paragraph one of this subdivision, the tax required to be prepaid pursuant to section eleven hundred two of this article on each gallon of such fuel shall be sixteen cents.

(ii) Where motor fuel is imported, manufactured or sold in, or diesel motor fuel is sold or used in the region referred to in subparagraph (ii) of paragraph one of this subdivision, the tax required to be prepaid pursuant to section eleven hundred two of this article on each gallon of such fuel shall be sixteen cents.

(iii) Where motor fuel is imported, manufactured or sold in, or diesel motor fuel is sold or used in the region referred to in subparagraph (iii) of paragraph one of this subdivision, the tax required to be prepaid pursuant to section eleven hundred two of this article on each gallon of such fuel shall be fifteen cents.

(3) When a wholesaler of motor fuel sells motor fuel in a region, as defined in paragraph one of this subdivision, different from the region in which such motor fuel was purchased:

(i) if the region in which it sells the motor fuel has a higher prepaid rate as set forth in this subdivision than the region in which the wholesaler purchased the motor fuel in, the wholesaler shall pay to the department the difference in the rates for the gallonage sold.

(ii) if the region in which it sells the motor fuel has a lower prepaid rate as set forth in this subdivision than the region in which the wholesaler purchased the motor fuel, the wholesaler shall be entitled to a credit or refund for the difference in the rates for the gallonage sold.

(4) The commissioner is authorized to adjust the rates in paragraph two of this subdivision and shall prescribe a schedule of such rates for each region described in paragraph one of this subdivision as provided in this paragraph.

(i) The schedule required by this paragraph shall be reviewed semiannually during the months of April and October of each year, beginning in October, two thousand seventeen. The commissioner shall determine a tentative rate of tax that would be required to be prepaid pursuant to section eleven hundred two of this article on each gallon of motor fuel or diesel motor fuel sold or used by multiplying the regional average retail sales prices for such fuel for each region described in paragraph one of this subdivision by a number that is seventy-five percent of the average local sales tax rate in each such region and adding to the product thereof the taxes imposed by paragraphs one and two of subdivision (m) of this section. The regional average retail sales price shall be determined for purposes of this subdivision using data regarding sales prices, which shall include, but not be limited to, sales prices as compiled by government or industry surveys and sources, taking into consideration with respect to motor fuel, the volumes and prices of unleaded motor fuels, including reformulated or like motor fuels, sold in this state and with respect to both motor fuel and diesel motor fuel, the volume and prices of such fuels sold at full service and self-service pumps for such fuels, during an immediately preceding period of up to twelve months ending the last day of March in the case of the April semiannual review and ending the last day of September in the case of the October semiannual review; provided, however, that the regional average retail sales prices for both motor fuel and diesel motor fuel shall represent the retail sales prices upon which the tax under this article and pursuant to the authority of article twenty-nine of this chapter is computed (including all federal and state and any local taxes included in such price) for such period.

(ii) If upon such review, it is determined that the tentative rate of

tax that would be required to be prepaid for motor fuel or diesel motor fuel in any of the regions described in paragraph one of this subdivision would increase or decrease the rate for such region then in effect by two or more cents per gallon, the commissioner shall adjust such rate to be equal to the tentative rate, which shall take effect on the first day of June or the first day of December, respectively. Provided, however, the commissioner shall set the rate of tax required to be prepaid in the region described in subparagraph (ii) of paragraph one of this subdivision equal to the rate set forth in subparagraph (i) of such paragraph, unless the regional average retail sales price in the metropolitan commuter transportation district exceeds four dollars per gallon. In such event, the commissioner is authorized to establish a separate rate in the region described in such subparagraph (ii) and shall compute such rate by multiplying the regional average retail sales prices for motor fuel and diesel motor fuel in such region by a number that is eighty-five percent of the average local sales tax rate in such region and adding to the product thereof the taxes imposed by paragraphs one and two of subdivision (m) of this section.

(iii) The commissioner shall cause to be published on the department's website the schedule of rates and the regional average retail sales prices of motor fuel and diesel motor fuel fixed by this section, no later than ten days prior to the effective date of such rates. Notwithstanding any other provision of law, the calculation and publication of the rates so fixed by the provisions of this section shall not be included within paragraph (a) of subdivision two of section one hundred two of the state administrative procedure act relating to the definition of a rule.

(5) Where a new rate of tax required to be prepaid for motor fuel or diesel motor fuel is determined by the commissioner, (i) if such new rate is less than the rate then in effect, on the date the rate becomes effective (A) a registered distributor shall be entitled to a credit in an amount equal to the difference between the amount of the prepaid tax paid or incurred by him or her with respect to motor fuel which he or she imported and which he or she has in inventory at the time such new rate becomes effective and the amount of tax which would be due on such inventory if the prepaid tax were calculated based on such new average price for the region in which such motor fuel was imported and (B) such

inventory shall then be deemed to have been taxed based on the rate and all certifications of tax payment given by the distributor with respect to motor fuel in such inventory shall indicate a pass through of the prepaid tax based on such new price, (ii) if such new rate is greater than the existing rate, on the date such new rate becomes effective (A) such distributor shall become liable to pay an additional tax equal to the difference between the amount of tax which would be due with respect to motor fuel which he or she imported and which he or she has in inventory at the time such new rate becomes effective if the prepaid tax on such motor fuel were calculated based on such new average price for the region in which such motor fuel was imported and the amount of prepaid tax paid or actually incurred by such distributor with respect to such motor fuel and (B) such inventory shall then be deemed to have been taxed based on the new rate and all certifications of tax payment given by the distributor with respect to motor fuel in such inventory shall indicate a pass through of the prepaid tax based on such new rate. Such credit shall be allowed with respect to or such tax shall be paid with the return covering the month immediately preceding the month in which such new rate becomes effective. Any carryover credit may be applied to subsequent periods. The amount to be reported as additional tax shall be paid and disposed of in the same manner as the tax required to be prepaid by section eleven hundred two of this article. Such additional tax shall be determined, assessed, collected and enforced in the same manner as the tax required to be prepaid by section eleven hundred two of this article.

(f) The retail sales tax imposed under subdivision (a) of section eleven hundred five and the compensating use tax imposed under section eleven hundred ten, when computed in respect to a new mobile home, shall be computed on seventy percent of the receipts or consideration given therefor by the purchaser or user.

(g) The sale of race horses made through claiming races within the state, shall be subject to sales tax but only on such portions of the total purchase price that exceed the highest of any prior purchase prices paid for the same horse during the same calendar year within the state. Where no previous purchases have been made within a calendar year, the full purchase price shall be taxable. Officials of all race tracks in the state shall maintain and make available, upon reasonable

request, accurate and detailed lists of such sales.

(h) Receipts subject to tax under subdivision (a) of section eleven hundred five on retail sales of cigarettes and tobacco products and consideration given or contracted to be given for cigarettes and tobacco products the uses of which are subject to tax under section eleven hundred ten shall be deemed to include any tax imposed on cigarettes and tobacco products by article twenty of this chapter and any tax imposed on cigarettes by chapter thirteen of title eleven of the administrative code of the city of New York.

(i) (A) Notwithstanding any contrary provisions of this article or other law, with respect to any lease for a term of one year or more of (1) a motor vehicle, as defined in section one hundred twenty-five of the vehicle and traffic law, with a gross vehicle weight of ten thousand pounds or less, or (2) a vessel, as defined in section twenty-two hundred fifty of such law (including any inboard or outboard motor and any trailer, as defined in section one hundred fifty-six of such law, leased in conjunction with such a vessel), or an option to renew such a lease or a similar contractual provision, all receipts due or consideration given or contracted to be given for such property under and for the entire period of such lease, option to renew or similar provision, or combination of them, shall be deemed to have been paid or given and shall be subject to tax, and any such tax due shall be collected, as of the date of first payment under such lease, option to renew or similar provision, or combination of them, or as of the date of registration of such property with the commissioner of motor vehicles, whichever is earlier. Notwithstanding any inconsistent provisions of subdivision (b) of this section or of section eleven hundred seventeen of this article or of other law, for purposes of such a lease, option to renew or similar provision originally entered into outside this state, by a lessee (1) who was a resident of this state, and leased such property for use outside the state and who subsequently brings such property into this state for use here or (2) who was a nonresident and subsequently becomes a resident and brings the property into this state for use here, any remaining receipts due or consideration to be given after such lessee brings such property into this state shall be subject to tax as if the lessee had entered into or exercised such lease, option to renew or similar provision, or combination thereof, for the first

time in this state and the relevant provisions of sections eleven hundred ten concerning imposition and computation of tax, eleven hundred eighteen concerning exemption from use tax for tax paid to another jurisdiction, eleven hundred thirty-two concerning presumption of taxability and conditions for registration and eleven hundred thirty-nine concerning refunds, of this article, shall be applicable to any sales or compensating use tax paid by the lessee before the lessee brought the property into this state, except to the extent that any such provision is inconsistent with a provision of this subdivision. For purposes of this subdivision, (1) a lease for a term of one year or more shall include any lease for a shorter term which includes an option to renew or other like provision (or more than one of such option or other provision) where the cumulative period that the lease, with or without such option or provision, may be in effect upon exercise of such option or provision is one year or more and (2) receipts due and consideration given or contracted to be given under any such lease or other provision for excess mileage charges shall be subject to tax as and when paid or due.

(B) (1) Notwithstanding any inconsistent provisions of this subdivision, with respect to a lease of a motor vehicle described in paragraph (A) of this subdivision for a term of one year or more which includes an indeterminate number of options to renew or other similar contractual provisions or which includes thirty-six or more monthly options to renew beyond the initial term, and under which lease the lessee of such motor vehicle has certified in the writing described in clause (i) of subparagraph (C) of paragraph two of subsection (h) of section 7701 of the internal revenue code of 1986, under penalty of perjury, that the lessee intends that more than fifty percent of the use of such vehicle is to be in a trade or business of the lessee, all receipts due or consideration given or contracted to be given under such lease for the first thirty-two months, or the period of the initial term if greater, of such lease shall be deemed to have been paid or given and shall be subject to tax in accordance with the provisions of this subdivision.

For each such option to renew, or similar provision, or combination of them, exercised after the first thirty-two months, or the period of such

initial term, if longer, of any such lease, tax due under this article shall be collected and paid or paid over without regard to this subdivision.

(2) If at the termination of a lease described in subparagraph one of this paragraph the lessor refunds a portion of the receipt or consideration to the lessee as required by a terminal rental adjustment clause of such lease, either: (i) the lessee may claim a refund or credit for the sales tax it paid on such refunded receipt or consideration; or (ii) the lessor may claim a refund or credit of the sales tax paid by the lessee on such refunded receipt or consideration if it has demonstrated to the satisfaction of the commissioner that it first refunded such tax to the lessee. Notwithstanding the provisions of subdivision (c) of section eleven hundred thirty-nine of this article, such claim for refund or credit shall be considered timely if it is made within three years after the tax was paid by the lessor to the commissioner or one year after such receipt or consideration was refunded to the lessee, whichever is later; provided, however, that no interest shall be paid on a refund or credit made pursuant to this subparagraph.

(C) Any receipts due or consideration given or contracted to be given under an option to renew a lease of a motor vehicle described in this subdivision or similar contractual provision, or combination of them, exercised as part of any such lease between the same lessor and the same lessee with respect to the same motor vehicle or vehicles, where such lease or any option to renew such a lease or any other similar contractual provision was subject to tax in accordance with the provisions of this subdivision, shall not be subject to the tax imposed under the provisions of article twenty-eight-A of this chapter.

(j) (1) The tax required to be prepaid pursuant to section eleven hundred three of this article shall be computed by multiplying the base retail price by a tax rate of eight percent and rounding the result thereof to the nearest whole cent per package.

(2) For purposes of this subdivision, the base retail price shall mean for the period September first, nineteen hundred ninety-five, through August thirty-first, nineteen hundred ninety-six, one dollar for each package of cigarettes containing ten cigarettes or fraction thereof, and two dollars for each package of cigarettes containing twenty cigarettes

or fraction thereof in excess of ten and, if a package contains more than twenty cigarettes, the base retail price shall be increased by fifty cents for each five cigarettes or fraction thereof in excess of twenty. Effective for the twelve-month period commencing on the first day of September of each year, the base retail price for any such package shall be adjusted as follows: As soon as practicable after June first of each year, the base retail price in effect for the twelve-month period commencing on the immediately preceding September first shall be multiplied by a fraction, the numerator of which is the total of the sums of the manufacturers' list price for a carton of standard brand cigarettes containing ten packages of twenty cigarettes and the amount of cigarette tax imposed by subdivision one of section four hundred seventy-one of this chapter on such a carton of cigarettes, in effect on the first day of each month, for each of the twelve consecutive months ending with such month of June, and the denominator of which is the total of the sums of the manufacturers' list price for such a carton of cigarettes and the amount of cigarette tax imposed by subdivision one of section four hundred seventy-one of this chapter on such a carton of cigarettes, in effect on the first day of each month, for each of the twelve consecutive months ending with the month of June of the immediately preceding year. Provided, however, for purposes of the adjustment to any such base retail price required for the period commencing September first, two thousand two, the denominator shall be such total with respect to the twelve consecutive months ending with the month of June, nineteen hundred ninety-seven. The manufacturers' list price for a carton of standard brand cigarettes containing ten packages of twenty cigarettes in effect on the first day of a month shall be determined by calculating a weighted average of each of the major manufacturer's list prices for such a carton of cigarettes in effect on the first day of such month, as such list prices are reported to the department by such manufacturers, in the department's determination of the cost of cigarettes under article twenty-A of this chapter, and using the most recently published annual national market shares of such major manufacturers. The commissioner shall cause to be published in the section for miscellaneous notices in the state register, and give other appropriate general notice of, the base retail price adjustment calculation and the resulting base retail price fixed by this section

for the period commencing September first of each year beginning September first, nineteen hundred ninety-six, no later than the immediately preceding first day of August. The calculation and publication of the base retail price so fixed by provisions of this section shall not be included within the definition of "rule" as defined in paragraph (a) of subdivision two of section one hundred two of the state administrative procedure act. The base retail prices determined pursuant to this paragraph shall be rounded to the nearest one-tenth of one cent for each package containing ten cigarettes or fraction thereof, for each package containing twenty cigarettes and, if packages are sold in excess of twenty cigarettes and stamps have been issued therefor, for each such package.

(k) Receipts subject to tax under subdivision (a) of section eleven hundred five of this article on retail sales of motor fuel, diesel motor fuel and residual petroleum product, and consideration given or contracted to be given for motor fuel, diesel motor fuel and residual petroleum product, the uses of which are subject to tax under section eleven hundred ten of this article, shall be deemed to include any tax imposed on or with respect to motor fuel, diesel motor fuel or residual petroleum product under article thirteen-A of this chapter.

(l) (1) Receipts from the sale of mobile telecommunications service provided by a home service provider shall include "charges for mobile telecommunications services." Such term shall mean any charge by a home service provider to its mobile telecommunications customer for (A) commercial mobile radio service, and shall include property and services that are ancillary to the provision of commercial mobile radio service (such as dial tone, voice service, directory information, call forwarding, caller-identification and call-waiting), and (B) any service and property provided therewith.

(2) With respect to services or property described in subparagraph (B) of paragraph one of this subdivision, internet access service, any mobile telecommunications service which the mobile telecommunications customer originates in a foreign country to the extent included in the fixed periodic charge, any interstate or international telephony or telegraphy or telephone or telegraph service of whatever nature which is not a voice service, and any property or service which is not telephony or telegraphy or telephone or telegraph service of whatever nature, a

home service provider shall collect and pay over tax, and a mobile telecommunications customer shall pay such tax, on receipts from any charge that is aggregated with and not separately stated from other charges for mobile telecommunications service. Provided, however, if such home service provider uses an objective, reasonable and verifiable standard for identifying each of the components of the charge for mobile telecommunications service, then such home service provider may separately account for and quantify the amount of each such component charge. If a home service provider chooses to so separately account for and quantify and separately sells any such property or service, then the charge for such property or service shall be based upon the price for such property or service as separately sold. If a home service provider chooses to so separately account for and quantify and does not separately sell such property or service, then the charge for such property or service shall be based upon the prevailing retail price of comparable property or service sold separately by other home service providers. In any case, the charge for such property or service shall be reasonable and proportionate to the total charge to the mobile telecommunications customer. Such charges for such services or property, as the case may be, will not constitute receipts from charges for mobile telecommunications services subject to tax under subdivision (b) of section eleven hundred five of this article. Nothing herein shall be construed to exempt from tax or subject to tax any such service or property otherwise subject to tax or exempt from tax under this article.

(3) (A) Any charge for a service or property billed by or for a mobile telecommunications customer's home service provider shall be deemed to be provided by such mobile telecommunications customer's home service provider.

(B) Charges for mobile telecommunications service that are provided or deemed to be provided by a mobile telecommunications customer's home service provider shall be sourced to the taxing jurisdiction where the mobile telecommunications customer's place of primary use is located, regardless of where the mobile telecommunications service originates, terminates or passes through.

(m) Notwithstanding any provision of law to the contrary:

(1) The sales tax imposed by subdivision (a) of section eleven hundred five of this article and the compensating use tax imposed by section

eleven hundred ten of this article, in regard to retail sales of motor fuel and diesel motor fuel, shall be eight cents per gallon.

(2) The sales and compensating use taxes imposed by subdivision (a) of section eleven hundred nine of this article, in regard to retail sales of motor fuel and diesel motor fuel, shall be three-quarters of one cent per gallon.

(3) Paragraph one of this subdivision shall not apply to the sales and compensating use taxes imposed by subdivision (a) of section eleven hundred seven of this article in regard to retail sales of motor fuel and diesel motor fuel. However, the legislative body of a city in which the taxes imposed by such section eleven hundred seven are in effect, by local law, ordinance, or resolution in exactly the form prepared by the commissioner, may elect that such taxes, in regard to retail sales of motor fuel and diesel motor fuel, shall be computed, as determined by the commissioner, at a rate of cents per gallon, rounded to the nearest cent, equal to two or three dollars, as determined by the municipality, multiplied by the percentage rate of such taxes within the municipality.

(4) Paragraph one of this subdivision shall not apply to the sales and compensating use taxes imposed by a local law, ordinance or resolution of a municipality pursuant to the authority of subpart B of part one of article twenty-nine of this chapter, in regard to retail sales of motor fuel and diesel motor fuel. The legislative body of such a municipality, by local law, ordinance or resolution in exactly the form prepared by the commissioner, may elect that its sales and compensating use taxes, in regard to the retail sale of motor fuel and diesel motor fuel, shall be computed, as determined by the commissioner, at a rate of cents per gallon, rounded to the nearest cent, equal to two, three or four dollars, as determined by the municipality, multiplied by the percentage rate of such taxes within the municipality.

(5)(i) Prior to the start of any sales tax quarter, the commissioner shall apply the local percentage sales tax rate of each county or city that has elected a cents per gallon rate pursuant to paragraph three or four of this subdivision to the average price of motor fuel and diesel motor fuel, not including sales tax and the motor fuel excise tax, for three consecutive months beginning four months prior to the start of any sales tax quarter. If the result of this computation is less than the elected cents per gallon rate for a county or city, the cents per gallon

rate for such county or city shall be adjusted to be equal to such computation, rounded to the nearest one cent. Such rates shall be published by the commissioner and effective in the next succeeding sales tax quarter.

(ii) Prior to the start of any sales tax quarter, the commissioner shall also adjust in a like manner the cents per gallon rates prescribed by paragraphs one and two of this subdivision based on percentage sales tax rates of four percent and three-eighths of a percent respectively. Provided, however, adjustments made to the cents per gallon rate prescribed by paragraph two of this subdivision shall be rounded to the nearest one-tenth of one cent.

(6) A local law, ordinance or resolution making or revoking the election made pursuant to paragraph three or four of this subdivision must go into effect in accordance with the provisions of subdivisions (d) and (e) of section twelve hundred ten of this chapter.

(7) Notwithstanding any foregoing provision of this subdivision or other law to the contrary, this subdivision, subdivision (h) of section eleven hundred nine of this part and subdivision (n) of section eighteen hundred seventeen of this chapter, section three hundred ninety-two-i of the general business law and other provisions of law which refer or relate to this subdivision shall apply only to (A) motor fuel or diesel motor fuel sold for use directly and exclusively in the engine of a motor vehicle and (B) motor fuel or diesel motor fuel, other than water-white kerosene sold exclusively for heating purposes in containers of no more than twenty gallons, sold by a retail gas station. For purposes of this subdivision and such other provisions of law, "retail gas station" shall mean a filling station where such fuel is stored primarily for sale by delivery directly into the ordinary fuel tank connected with the engine of a motor vehicle to be consumed in the operation of such motor vehicle or where such fuel is stored primarily for sale by delivery directly into the ordinary fuel tank connected with the engine of a vessel to be consumed in the operation of such vessel. The commissioner is hereby authorized to require the use of certificates or other documents, and procedures related thereto, to effect the purposes of this subdivision; and any such certificate or other document so required by the commissioner for a purchaser to tender to a vendor to purchase such fuel subject to tax on the reduced base established by or

pursuant to this subdivision is hereby deemed to be an exemption certificate as such term is used in subdivision (c) of section eleven hundred thirty-two of this article and as if the provisions of such subdivision (c) referred to such a certificate or document required pursuant to this subdivision.

* (n) The sales and compensating use taxes imposed by this article and pursuant to the authority of article twenty-nine of this chapter on B20 shall be imposed at eighty percent of the rate of the cents per gallon taxes described in subdivision (m) of this section. However, if a county or city does not make the cents per gallon election authorized by such subdivision (m), the taxes of such county or city imposed pursuant to the authority of such article twenty-nine or the taxes imposed in a city of one million or more by section eleven hundred seven of this article shall be imposed on eighty percent of the receipts from the retail sale of or the consideration given or contracted to be given for, or for the use of, such B20.

* NB Repealed September 1, 2031

(o) (1) If a transportation service subject to tax under paragraph ten of subdivision (c) of section eleven hundred five of this part is provided by vehicle, and the owner or lessor of the vehicle leases or rents the vehicle to an unrelated person who provides the transportation service, such as a limousine driver who drives a limousine owned by another person, then (i) the owner or lessor is deemed to provide the transportation service during the day or other period that the unrelated person uses the vehicle to provide the service, (ii) the owner or lessor is deemed to be the vendor of the service provided by the unrelated person, (iii) the tax imposed by such paragraph ten is deemed to be imposed on the unrelated person, (iv) the owner or lessor, as vendor, must collect the tax from the unrelated person, based on the local jurisdiction where the driver takes delivery of the vehicle and pay over such tax required to be collected with its returns required to be filed under this article, and (v) the receipts subject to the tax equal two hundred percent of the amount that the owner or lessor charges the unrelated person for the use of the vehicle during the day or other period, including any charge related to insurance, maintenance, repairs, fuel, the use, rental or economic value of any vehicle or business license, and any other charge made by the owner or lessor to the

unrelated person for the day or other period, regardless of whether the unrelated person transported, carried or conveyed any person or earned any fares with that vehicle during that day or other period.

(2) Notwithstanding any law to the contrary:

(i) Any municipality or public corporation that establishes or regulates black car, limousine or other vehicle service fares must adjust those fares to include therein the tax imposed by paragraph ten of subdivision (c) of section eleven hundred five of this part and the taxes imposed by other sections of this part and pursuant to the authority of article twenty-nine of this chapter on the services taxed by such paragraph ten and must require that any meters or other devices in the vehicles or otherwise that measure fares be adjusted to include these taxes, as the same are from time to time imposed and as the rates of those taxes may change.

(ii) Any person that sells the services described in paragraph one of this subdivision must adjust any meters or other devices in the vehicles or otherwise that measure fares so that they timely reflect any change in the rates of the taxes described in subparagraph (i) of this paragraph. Neither the failure of a municipal or other public corporation to adjust fares nor the failure of any person to adjust the meters or devices will relieve any person from the obligation to collect and pay or pay over such taxes timely, at the correct combined rate.

(3) For purposes of this subdivision, "unrelated person" means a person other than a related person as defined for purposes of section fourteen of this chapter.

(p) Notwithstanding any contrary provision of law: (1) The sales tax imposed by subdivision (a) of section eleven hundred five of this part on receipts from the retail sale of a new modular home module shall be computed on the sum of (i) sixty percent of the vendor's receipts from the sale of the module, excluding any charges by the vendor to the purchaser for shipping or delivery, as described in paragraph three of subdivision (b) of section eleven hundred one of this article and (ii) one hundred percent of any charges by the vendor to the purchaser for shipping or delivery of the modules as described in such paragraph three of subdivision (b) of section eleven hundred one.

(2) The compensating use tax imposed by clause (A) of subdivision (a) of section eleven hundred ten of this part on the use of a new modular

home module by its purchaser shall be computed on the sum of (i) sixty percent of the amount described in subdivision (b) of such section eleven hundred ten, excluding any charges for shipping or delivery as described in paragraph three of subdivision (b) of section eleven hundred one of this article, and (ii) one hundred percent of any charges for shipping or delivery as described in such paragraph three of subdivision (b) of section eleven hundred one.

(3) The compensating use tax imposed by subclause (i) or (ii) of clause (B) of subdivision (a) of section eleven hundred ten of this part on the use of modular home modules by their manufacturer to be installed at a building site to construct a modular home that constitutes a capital improvement shall be computed on the sum of (i) sixty percent of the consideration for which the manufacturer conveys those modules to the modular home buyer on an installed basis, excluding any consideration for shipping or delivery as described in paragraph three of subdivision (b) of section eleven hundred one of this article, and excluding the consideration for the installation of those modules at the building site as a modular home if such installation charge is reasonable and stated separately from every other charge, and (ii) one hundred percent of any charges for shipping or delivery as described in such paragraph three of subdivision (b) of section eleven hundred one.

(q) (1) The exclusions from the definition of retail sale in subparagraph (iv) of paragraph four of subdivision (b) of section eleven hundred one of this article shall not apply to transfers, distributions, or contributions of a vessel, except where, in the case of the exclusion in subclause (I) of clause (A) of such subparagraph (iv), the two corporations to be merged or consolidated are not affiliated persons with respect to each other. For purposes of this subdivision, corporations are affiliated persons with respect to each other where (i) more than five percent of their combined shares are owned by members of the same family, as defined by paragraph four of subsection (c) of section two hundred sixty-seven of the internal revenue code of nineteen hundred eighty-six; (ii) one of the corporations has an ownership interest of more than five percent, whether direct or indirect, in the other; or (iii) another person or a group of other persons that are affiliated persons with respect to each other hold an ownership interest of more than five percent, whether direct or indirect, in each of the

corporations.

(2) Notwithstanding any contrary provision of law, in relation to any transfer, distribution, or contribution of a vessel that qualifies as a retail sale as a result of paragraph one of this subdivision, the sales tax imposed by subdivision (a) of section eleven hundred five of this part shall be computed based on the price at which the seller purchased the tangible personal property, provided that where the seller or purchaser affirmatively shows that the seller owned the property for six months prior to making the transfer, distribution or contribution covered by paragraph one of this subdivision, such vessel shall be taxed on the basis of the current market value of the vessel at the time of that transfer, distribution, or contribution. For the purposes of the prior sentence, "current market value" shall not exceed the cost of the vessel. See subdivision (b) of this section for a similar rule on the computation of any compensating use tax due under section eleven hundred ten of this part on such transfers, distributions, or contributions.

(3) A purchaser of a vessel covered by paragraph one of this subdivision will be entitled to a refund or credit against the sales or compensating use tax due as a result of a transfer, distribution, or contribution of such vessel in the amount of any sales or use tax paid to this state or any other state on the seller's purchase or use of the vessel so transferred, distributed or contributed, but not to exceed the tax due on the transfer, distribution, or contribution of the vessel or on the purchaser's use in the state of the vessel so transferred, distributed or contributed. An application for a refund or credit under this subdivision must be filed and shall be in such form as the commissioner may prescribe. Where an application for credit has been filed, the applicant may immediately take such credit on the return which is due coincident with or immediately subsequent to the time the application for credit is filed. However, the taking of the credit on the return shall be deemed to be part of the application for credit. Provided that the commissioner may, in his or her discretion and notwithstanding any other law, waive the application requirement for any or all classes of persons where the amount of the credit or refund is equal to the amount of the tax due from the purchaser. The provisions of subdivisions (a), (b), and (c) of section eleven hundred thirty-nine of this article shall apply to applications for refund or credit under this

subdivision. No interest shall be allowed or paid on any refund made or credit allowed under this subdivision. If a refund is granted or a credit allowed under this paragraph, the seller or purchaser shall not be eligible for a refund or credit pursuant to subdivision seven of section eleven hundred eighteen of this article with regard to the same purchase or use.

(r) (1) In regard to the collection of sales tax on occupancies by room remarketers, when occupancy is provided for a single consideration with property, services, amusement charges, or any other items, whether or not such other items are taxable, the rent portion of the consideration for such transaction shall be computed as follows: either the total consideration received by the room remarketer multiplied by a fraction, the numerator of which shall be the consideration payable for the occupancy by the room remarketer and the denominator of which shall be such consideration payable for the occupancy plus the consideration payable by the remarketer for the other items being sold, or by any other method as may be authorized by the commissioner. If the room remarketer fails to separately state the tax on the rent so computed on a sales slip, invoice, receipt, or other statement given to the occupant in the manner prescribed by paragraph two of this subdivision or fails to maintain records of the prices of all components of a transaction covered by this paragraph, the entire consideration shall be treated as rent subject to tax under paragraph one of subdivision (e) of section eleven hundred five of this part. Nothing herein shall be construed to subject to tax or exempt from tax any service or property or amusement charge or other items otherwise subject to tax or exempt from tax under this article or pursuant to the authority of article twenty-nine of this chapter. A room remarketer's records of the consideration payable for all components of a transaction covered by this paragraph are records required to be maintained for purposes of subdivision (a) of section eleven hundred thirty-five of this article.

(2) In regard to the collection of sales tax on occupancies by room remarketers, including a transaction described in paragraph one of this subdivision, the requirements of the second sentence of paragraph one of subdivision (a) of section eleven hundred thirty-two of this article shall be deemed satisfied if the remarketer gives the customer a sales slip, invoice, receipt, or other statement of the price ("invoice")

prior to the customer's completion of his or her occupancy, on which the amount of tax due under this article and pursuant to the authority of article twenty-nine of this chapter is stated. The room remarketer must keep either a copy of the invoice as required by subdivision (a) of section eleven hundred thirty-five of this article, or electronic records that accurately reflect the information that is on the invoice provided to the customer.

(3) In regard to the reporting and the payment to the commissioner by room remarketers of sales tax due on occupancies, subdivision (a) of section eleven hundred thirty-seven of this article shall be read to require a room remarketer to report such sales tax due, including in regard to a transaction described in paragraph one of this subdivision, on the return due for the filing period in which the occupancy ends and, at the time of filing such return, to pay to the commissioner the total amount described by such subdivision (a).

§ 1112. Taxes imposed on qualified Indian reservations. (a) Where property or services subject to sales or compensating use tax have been purchased on or from a qualified Indian reservation, as defined in section four hundred seventy of this chapter, the purchaser shall not be relieved of his or her liability to pay the tax due. Such tax due and not collected shall be paid by the purchaser directly to the department.

(b) The tax due and not collected pursuant to subdivision (a) of this section may be reported and paid by means of such personal income tax forms or other tax forms as the commissioner deems appropriate.

	such combined tax
70 percent or more	100 percent of such combined tax
For purposes of this subdivision, local transit service, vehicle

(f) Refunds of the tax required to be prepaid pursuant to the provisions of section eleven hundred two of this article shall be allowed only to the extent such tax paid by or passed through to the retail vendor, or the purchaser, consumer or user exceeds the amount of tax required to be collected from such person or required to be remitted by the provisions of this article and pursuant to the authority of article twenty-nine of this chapter.

(g) Such credit shall be allowed only to the extent that the tax required to be prepaid pursuant to section eleven hundred two of this article is prepaid by such vendor, purchaser, user or consumer (i) upon importation, manufacture, sale or use, as the case may be, and (ii) with respect to the identified motor fuel or diesel motor fuel for which such credit is claimed upon the use or consumption thereof, but only to the extent that the tax imposed by section eleven hundred five of this article and any like tax imposed pursuant to the authority of article twenty-nine of this chapter together with the tax imposed by section eleven hundred ten of this article and any like tax imposed pursuant to the authority of article twenty-nine of this chapter required to be paid, collected and remitted has been paid, collected and remitted.

(h) Such refunds and credits shall be subject to the provisions of sections eleven hundred nineteen and eleven hundred thirty-nine of this article as if such sections were incorporated in full into this section and had expressly referred to the refunds and credits authorized by this section including the periods of limitations on payments and applications to the commissioner; provided, however, that as provided in subdivision (e) of section eleven hundred thirty-nine of this article no interest shall be allowed or paid upon any refund made or credit allowed pursuant to subdivisions (a) and (b) of this section; and provided, further, that, with respect to refunds or credits pursuant to subdivision (d) of this section with respect to organizations described in paragraph four of subdivision (a) of section eleven hundred sixteen of this chapter and subdivision (e) of this section, upon receipt of a claim for refund in processible form, interest shall be allowed or paid at the overpayment rate set by the commissioner pursuant to section eleven hundred forty-two of this article, or if no rate is set, at the rate of six percent per annum, from the due date of the return or the actual filing date of the return, whichever is later, to the date immediately preceding the date of the refund check except no interest shall be allowed or paid if the refund check is mailed within thirty days of such receipt (except in case of organizations described in paragraph four of subdivision (a) of section eleven hundred sixteen of this chapter, the relevant period of time shall be forty-five days from the date the application for refund is received in processible form and interest, if allowable, shall apply from the date such application is received in processible form) and no interest shall be allowed or paid upon a credit pursuant to such subdivision and except no interest shall be allowed or paid if the amount thereof would be less than one dollar. Provided, however, the department shall process applications for refund as expeditiously as possible.

§ 1121. Refunds and credits with respect to cigarettes. (a) Retail vendor. (1) A vendor of cigarettes who or which is required to collect the taxes imposed by subdivision (a) of section eleven hundred five of this article and any like tax imposed pursuant to the authority of article twenty-nine of this chapter shall be allowed a refund or credit

against the amount of tax collected and required to be remitted to the commissioner pursuant to the provisions of section eleven hundred thirty-seven of this article upon the retail sale of cigarettes in the amount of the tax on such cigarettes prepaid by or passed through to and included in the price paid by such vendor pursuant to the provisions of section eleven hundred three of this article.

(2) A refund or credit shall also be allowed such vendor for the tax prepaid by or passed through to and included in the price paid by such vendor upon any cigarettes pursuant to the provisions of section eleven hundred three of this article if such cigarettes are sold at retail by such vendor under circumstances where the taxes imposed by section eleven hundred five of this article and pursuant to the authority of article twenty-nine of this chapter are not required by the provisions of this article to be collected and remitted upon receipts from a retail sale thereof.

(b) Retail user. A person who or which is required to pay the tax imposed by section eleven hundred ten of this article and any like tax imposed pursuant to the authority of article twenty-nine of this chapter with respect to the purchase or use of such cigarettes shall be allowed a credit against such tax required to be paid to the commissioner pursuant to such section and article in the amount of the tax prepaid by or passed through to and included in the price paid by such purchaser or user pursuant to the provisions of section eleven hundred three of this article.

(c) Self-use of cigarettes purchased at wholesale. A refund or credit equal to the amount of tax prepaid by or passed through to and included in the price paid by a purchaser or user pursuant to the provisions of section eleven hundred three of this article with respect to a purchase of cigarettes other than at retail shall be allowed such purchaser or user upon the use of such cigarettes at retail if the purchase or use of such cigarettes by the purchaser or user is exempt pursuant to section eleven hundred fifteen or section eleven hundred sixteen of this article.

(d) Export, destruction, tax paid in error. Whenever any cigarettes upon which the prepaid tax imposed by section eleven hundred three of this article has been paid have been sold and shipped to another state for sale or use there or have become unfit for use or unsalable, or have

been destroyed, or whenever the commissioner shall have determined that any tax required to be prepaid by such section eleven hundred three shall have been paid in error, the agent or dealer, as the case may be, shall be entitled to a refund or credit of the actual amount of prepaid tax so paid with respect to cigarettes which will not be possessed for sale or use in this state.

(e) Refunds of the tax required to be prepaid pursuant to the provisions of section eleven hundred three of this article shall be allowed only to the extent such tax paid by or passed through to the retail vendor, or the purchaser or user, exceeds the amount of tax required to be collected from such person or required to be remitted by the provisions of this article and pursuant to the authority of article twenty-nine of this chapter.

(f) A refund or credit shall be allowed under this section only to the extent that the tax required to be prepaid pursuant to section eleven hundred three of this article has been prepaid by or passed through to such vendor, purchaser or user, but only to the extent that the tax imposed by section eleven hundred five of this article and any like tax imposed pursuant to the authority of article twenty-nine of this chapter together with the tax imposed by section eleven hundred ten of this article and any like tax imposed pursuant to the authority of article twenty-nine of this chapter required to be paid, collected and remitted has been paid, collected and remitted.

(g) Such refunds and credits shall be subject to the provisions of sections eleven hundred nineteen and eleven hundred thirty-nine of this article as if such sections were incorporated in full into this section and had expressly referred to the refunds and credits authorized by this section including the periods of limitations on payments and applications to the commissioner; provided, however, that, as provided in subdivision (e) of section eleven hundred thirty-nine of this article, no interest shall be allowed or paid upon any refund made or credit allowed pursuant to subdivisions (a), (b) and (d) of this section. The commissioner shall process applications for refund as expeditiously as possible.

§ 1122. Exemption from tax on amusement charges. (a) Seventy-five

percent of the amount of the admission charge to a qualifying place of amusement shall be exempt from the tax imposed by paragraph one of subdivision (f) of section eleven hundred five of this article. A place of amusement shall be a qualifying place of amusement if:

(1) it exists on a year-round basis (whether or not it is open year round) at a fixed location in the state;

(2) the admission charge to such place entitles patrons, without additional charge, to ride at least seventy-five percent of the amusement rides located at such place;

(3) the combined geographic area of the amusement rides located at such place, including all fenced-in ride areas, walkways to and among the rides, areas where patrons wait in line for the rides and all buildings, structures, machinery, equipment and ancillary facilities associated with the rides equals at least fifty percent of the entire geographic area of such place; and

(4) it provides to each person to whom it delivers tickets for admission to such place a ticket or paper receipt stating the amount of the admission charges paid by such person and the tax due thereon.

The "entire geographic area of such place" shall include only areas within the perimeter fencing of such place which are generally accessible to the public and which are accessible only by paying the charge for admission to such place and shall exclude administrative areas, parking lots, hotels, campgrounds and picnic areas, lakes, woodlands and other undeveloped areas and areas devoted to retail activities, such as games, arcades and food, beverage, souvenir and merchandise sales. "Amusement rides" shall include roller coasters, ferris wheels, carousels, water slides and all other amusement rides and water rides. If a qualifying place of amusement also offers "admission-only" tickets entitling patrons to be admitted to such place, but not to use the amusement rides at such place, this subdivision will not apply to the admission charges for such "admission-only" tickets.

(b) (1) A place of amusement which begins admitting patrons during a year shall not, in its first year of operation, be excluded from classification as a qualifying place of amusement, as described in subdivision (a) of this section, because it has not existed on a year round basis, so long as it admits patrons for the balance of that year

(or the remainder of the applicable season in that year if the place closes seasonally, such as during winter months) and years thereafter and the other conditions in such subdivision (a) are met.

(2) A place of amusement shall not, in its final year of operation, be excluded from classification as a qualifying place of amusement, as described in subdivision (a) of this section, because it does not exist on a year round basis in that year so long as it admits patrons for the portion of the final year that it is open and the other conditions in such subdivision (a) are met.

(c) Nothing in this section shall be construed as imposing tax on an admission charge to a patron for admission to or use of, facilities for sporting activities in which such patron is to be a participant.

§ 1123. Exemption from tax on the charge of a roof garden, cabaret or other similar place. The portion of the amount paid as the charge of a roof garden, cabaret or other similar place in the state for admission to attend a dramatic or musical arts performance at the place shall be exempt from the tax imposed by paragraph three of subdivision (f) of section eleven hundred five of this article but only if:

(a) the recipient states the charge for such admission separately from all other portions of such amount;

(b) either (i) the separately stated charges for food, drink, service and merchandise are not less on a day when such place offers such a performance as on a day when such place does not offer such performance or (ii) if such place is open for business only when it offers such a performance, it separately states its charges for food, drink, service and merchandise and such separately stated charges are comparable to charges for comparable food, drink, service and merchandise at other such places and restaurants and taverns in the United States census bureau metropolitan statistical area in which such place is located or in an immediately adjacent metropolitan statistical area or in a comparable area if such place is not located in a metropolitan statistical area; and

(c) such place retains and makes available to the commissioner menus and any other statements of its charges, showing all of its charges for food, drink, service, merchandise and admission, as part of the records

required to be kept under section eleven hundred thirty-five of this article.

PART IV -- ADMINISTRATIVE PROVISIONS

§ 1131. Definitions. When used in this part IV,

(1) "Persons required to collect tax" or "person required to collect any tax imposed by this article" shall include: every vendor of tangible personal property or services; every recipient of amusement charges; every operator of a hotel or short term rental unit; every booking service with respect to the rent for every occupancy of a short term rental unit it facilitates as described in paragraph ten of subdivision (c) of section eleven hundred one of this article; and every marketplace provider with respect to sales of tangible personal property it facilitates as described in paragraph one of subdivision (e) of section eleven hundred one of this article. Said terms shall also include any officer, director or employee of a corporation or of a dissolved corporation, any employee of a partnership, any employee or manager of a limited liability company, or any employee of an individual proprietorship who as such officer, director, employee or manager is under a duty to act for such corporation, partnership, limited liability company or individual proprietorship in complying with any requirement of this article, or has so acted; and any member of a partnership or limited liability company. Provided, however, that any person who is a vendor solely by reason of clause (D) or (E) of subparagraph (i) of paragraph eight of subdivision (b) of section eleven hundred one of this article shall not be a "person required to collect any tax imposed by this article" until twenty days after the date by which such person is required to file a certificate of registration pursuant to section eleven hundred thirty-four of this part. Such terms shall not include an operator of a short term rental unit who rents out the operator's own property for three days or fewer in a calendar year and does not use a booking service to facilitate such rental.

(2) "Customer" shall include: every purchaser of tangible personal property or services; every patron paying or liable for the payment of

any amusement charge; and every occupant of a room or rooms in a hotel or short term rental unit.

(3) "Tax" shall include any tax imposed by sections eleven hundred five, or eleven hundred ten, and any amount payable to the tax commission by a person required to file a return, as provided in section eleven hundred thirty-seven.

(4) "Property and services the use of which is subject to tax" shall include: (a) all property sold to a person within the state, whether or not the sale is made within the state, the use of which property is subject to tax under section eleven hundred ten of this article or will become subject to tax when such property is received by or comes into the possession or control of such person within the state; (b) all information services, protective and detective services and interior decorating and design services as such services are described in subdivision (c) of section eleven hundred five of this article, rendered to a person within the state, whether or not such services are rendered from or at a location within the state; (c) all services rendered to a person within the state, whether or not such services are performed within the state, upon tangible personal property the use of which is subject to tax under section eleven hundred ten of this article or will become subject to tax when such property is received by or comes into possession or control of such person within the state; (d) all property sold by a person making sales described in clause (F) of subparagraph (i) of paragraph eight of subdivision (b) of section eleven hundred one of this article to a person described in such clause (F) who purchases such property at retail, whether or not the sale is made within the state; (e) all telephone answering service rendered to a person within the state, whether or not such services are performed within the state, the use of which is subject to tax under section eleven hundred ten of this article or will become subject to tax when such service is received by or comes into possession or control of such person within the state; (f) all prepaid telephone calling services sold to a person within the state, whether or not the sale is made within the state, the use of which services are subject to tax under section eleven hundred ten of this article or will become subject to tax when such services are received by or come into the possession or control of such person within the state, and whether or not such services are rendered from or at a

location within the state; and (g) all gas or electricity sold to a person within the state, whether or not the sale is made within the state, the use of which is subject to tax under section eleven hundred ten of this article or will become subject to tax when it is received by or comes into the possession or control of such person within the state, and whether or not it is rendered from or at a location within the state.

(5) "Show promoter" shall include any person who, either directly or indirectly, rents, leases or grants a license to use space to any person for the display for sale or for the sale of tangible personal property or services subject to tax, at more than three shows during the calendar year, or who operates more than three shows during the calendar year. For purposes of determining whether three shows have been held, the conduct of an activity described in subdivision six on one day alone or on a series of up to seven consecutive days shall be deemed to constitute a single show.

(6) "Show" shall include a flea market, craft show, antique show, coin show, stamp show, comic book show, fair and any similar show, whether held regularly or of a temporary nature, at which more than one vendor displays for sale or sells tangible personal property or services subject to tax.

(7) "Show vendor" shall include any person who displays for sale or sells, at a show, tangible personal property or services subject to tax.

(8) "Entertainment promoter" shall include any person who either directly or indirectly rents, leases or grants a license to use space to an entertainment vendor at the facility or site of an entertainment event, or who under any other arrangement authorizes such a vendor to sell tangible personal property at such facility or site, and any person who has any management responsibility with respect to such a vendor making such sales at such an event. "Entertainment promoter" shall include the owner or operator of any facility or site where an entertainment event is held and where sales are made by an entertainment vendor. Where two or more persons are entertainment promoters with respect to the same entertainment event, any requirement imposed on an entertainment promoter under this article which is an obligation or responsibility imposed solely on entertainment promoters shall be deemed to be satisfied with respect to such entertainment event, when any one

such promoter complies with any such requirement.

(9) "Entertainment event" shall include concerts, athletic contests or exhibitions, other than amateur sports competition, and other similar forms of entertainment, irrespective of both the kind of facility or site where such event is held and whether such event has an admission charge subject to tax, where the person or persons performing at such event do not perform on a regular, systematic or recurring basis at the same location. For purposes of this subdivision an event does not occur on a regular, systematic or recurring basis when such event consists of less than four performances in a weekly period by the same person or persons at the same facility or site, or with respect to athletic contests or exhibitions which involve competition between teams, when such competition consists of less than five contests in a yearly period by at least one team at the same facility or site. In order for an event to be an entertainment event, the facility or site where such an event is held must have an attendance capacity of greater than one thousand persons, except that the commissioner may prescribe by regulation for a minimum attendance capacity of greater than one thousand persons.

(10) "Entertainment vendor" shall include any person who makes sales of tangible personal property subject to tax at an entertainment event. Such tangible personal property shall include but is not limited to wearing apparel, recordings, programs, posters, buttons and other paraphernalia or souvenirs sold by such persons.

(11) "Temporary vendor" shall include any person who makes sales of tangible personal property or services subject to tax (other than at a show or entertainment event) in not more than two consecutive quarterly periods in any twelve month period, as such quarterly periods are described in subdivision (b) of section eleven hundred thirty-six of this article.

§ 1132. Collection of tax from customer; proof required for registration of motor vehicles. (a) (1) Except as otherwise permitted in subdivision (d) of section eleven hundred thirty-three of this part, every person required to collect the tax shall collect the tax from the customer when collecting the price, amusement charge or rent to which it applies. If the customer is given any sales slip, invoice, receipt or

other statement or memorandum of the price, amusement charge or rent paid or payable, the tax shall be stated, charged and shown separately on the first of such documents given to him. The tax shall be paid to the person required to collect it as trustee for and on account of the state.

(2) Notwithstanding any provision of this chapter to the contrary: (i) If a person required to collect tax demonstrates to the satisfaction of the commissioner by June first, of any year that, in any two quarterly periods, as described in subdivision (b) of section eleven hundred thirty-six of this part, within the most recent four consecutive quarterly periods, such person was a materialman within the meaning of section two of the lien law, primarily engaged in selling building materials to contractors, subcontractors or repairmen for the improvement of real property, and authorized by such law to file a mechanics lien upon such real property and improvement, then such person shall, with respect to such sales made through the quarterly period ending the succeeding May thirty-first, collect tax due on such sales, and on sales to such contractors, subcontractors or repairmen of services described in paragraph two or three of subdivision (c) of section eleven hundred five of this article to such building materials, for such purpose and made during such June first through May thirty-first period, at the time and to the extent that such person receives the receipts from, or consideration for, such sales from such contractors, subcontractors or repairmen; provided, however, that if such person receives a portion of such receipts or consideration, such person shall collect the tax due on such portion at the time such portion is received. The taxes imposed by this article on such receipts and consideration shall be deemed not to be imposed, solely for purposes of determining when such person is required to collect and pay over such taxes to the commissioner under section eleven hundred thirty-seven of this part, until such person has received payment of such receipts or consideration in money (or money's worth) from such contractor, subcontractor or repairman. A contractor, subcontractor or repairman who purchases building materials or services from such person pursuant to this subparagraph shall, at the time such contractor, subcontractor or repairman pays any portion of the purchase price, pay to such person the tax due on the portion of the purchase price so paid.

(ii) In the event that a materialman described in subparagraph (i) of this paragraph finances any portion of the receipts or consideration from a sale described in such subparagraph (i), including any tax due thereon, directly or indirectly, with any other person (other than a contractor, subcontractor or repairman described in such subparagraph (i)), whether by assignment of the receivable or debt due, factoring, direct loan or any other means, then such materialman shall be deemed to have received payment of such receipts or consideration in money (or money's worth) from such contractor, subcontractor or repairman and shall be required to pay over tax on such sale with the next return due, with a credit against such tax for any tax already paid over with respect to such sale. Any such amount of tax paid over in accordance with the prior sentence shall be on account of the tax required to be collected on the sale to which it relates and such materialman may take a credit against any tax paid by such contractor, subcontractor or repairman in the future on such sale, to ensure that tax paid over with respect to such sale does not exceed the amount of tax imposed on such sale as if the entire purchase price had been paid at the time of sale.

(iii) A materialman described in subparagraph (i) of this paragraph, who has not collected the tax due on the full purchase price for a sale described in such subparagraph (i) from a contractor, subcontractor or repairman within one year of the date of such sale, shall be required to pay over to the commissioner the tax due on any balance of such full purchase price with such materialman's return for the period which includes the date which is one year after the date of such sale.

(iv) The commissioner may assess additional tax due with respect to a sale described in subparagraph (i) of this paragraph within three years from the date the tax is required to be paid over to the commissioner pursuant to this paragraph; provided, however, that in the case of a willfully false or fraudulent return with intent to evade the tax, or where no return has been filed as prescribed by law, the tax may be assessed at any time.

(v) The other provisions of this article and any provision of law applicable to the taxes imposed by this article shall apply to the materialmen, contractors, subcontractors, repairmen, receipts and consideration described in this paragraph, except to the extent that any such provision is inconsistent with this paragraph.

(b) The commissioner shall by regulation prescribe a method or methods or a schedule or schedules of the amounts to be collected from customers in respect to any receipt, gallon of motor fuel or diesel motor fuel, amusement charge or rent upon which a tax is imposed by this article so as to eliminate fractions of one cent and so that the aggregate collections of taxes by a person required to collect tax shall, as far as practicable, equal four percent of the total receipts, amusement charges or rents of such person, or equal the correct rate per gallon of motor fuel or diesel motor fuel sold by such person, upon whom a tax is imposed by this article or, where a similar tax is imposed under the authority of article twenty-nine of this chapter, equal four percent, or such rate per gallon, plus the rate of tax imposed under the authority of article twenty-nine of the total receipts, amusement charges or rents of, or gallons of motor fuel or diesel motor fuel sold by, such person upon whom a tax is imposed by this article and under the authority of article twenty-nine, so that the tax rate to be applied shall be the sum of the state and local tax rates. Such schedule or schedules may provide that no tax need be collected from the customer upon receipts, amusement charges or rents below a stated sum, and may be amended from time to time so as to accomplish the purposes herein set forth. Such schedule or schedules shall provide that no tax shall be collected from the customer upon receipts from retail sales of tangible personal property which, under the rate imposed by article twenty-eight, together with the rates imposed under the authority of article twenty-nine, produce a tax of five mills or less.

(c) (1) For the purpose of the proper administration of this article and to prevent evasion of the tax hereby imposed, it shall be presumed that all receipts for property or services of any type mentioned in subdivisions (a), (b), (c) and (d) of section eleven hundred five, all rents for occupancy of the type mentioned in subdivision (e) of said section, and all amusement charges of any type mentioned in subdivision (f) of said section, are subject to tax until the contrary is established, and the burden of proving that any receipt, amusement charge or rent is not taxable hereunder shall be upon the person required to collect tax or the customer. Except as provided in subdivision (h) or (k) of this section, unless (i) a vendor, not later than ninety days after delivery of the property or the rendition of the

service, shall have taken from the purchaser a resale or exemption certificate in such form as the commissioner may prescribe, signed by the purchaser and setting forth the purchaser's name and address and, except as otherwise provided by regulation of the commissioner, the number of the purchaser's certificate of authority, together with such other information as the commissioner may require, to the effect that the property or service was purchased for resale or for some use by reason of which the sale is exempt from tax under the provisions of section eleven hundred fifteen, and, where such resale or exemption certificate requires the inclusion of the purchaser's certificate of authority number or other identification number required by regulations of the commissioner, that the purchaser's certificate of authority has not been suspended or revoked and has not expired as provided in section eleven hundred thirty-four, or (ii) the purchaser, not later than ninety days after delivery of the property or the rendition of the service, furnishes to the vendor: any affidavit, statement or additional evidence, documentary or otherwise, which the commissioner may require demonstrating that the purchaser is an exempt organization described in section eleven hundred sixteen, the sale shall be deemed a taxable sale at retail. Where a resale or exemption certificate or an affidavit, statement or additional evidence referred to in the previous sentence is received within the time limit set forth therein, but is deficient in some material manner, and where such deficiency is thereafter removed, the receipt of such resale or exemption certificate or such affidavit, statement or additional evidence shall be deemed to have satisfied all of the requirements of the preceding sentence. Where such a resale or exemption certificate or such an affidavit, statement or additional evidence has been furnished to the vendor, the burden of proving that the receipt, amusement charge or rent is not taxable hereunder shall be solely upon the customer. The vendor shall not be required to collect tax from purchasers who furnish a resale or exemption certificate, or such an affidavit, statement or additional evidence in proper form, unless, in the case of a resale or exemption certificate described in clause (i) of the second sentence of this paragraph whereon the purchaser's certificate of authority number, or other identification number required by regulation of the commissioner, is required to be included, such purchaser's certificate of authority is invalid because

it has been suspended or revoked as provided in section eleven hundred thirty-four, and the commissioner has furnished registered vendors with information identifying those persons whose certificates of authority have been suspended or revoked, or unless such purchaser's certificate of authority is invalid because it has expired, and the commissioner has provided registered vendors with a means of determining whether such expiration has occurred. Where the vendor accepts such a resale or exemption certificate from a person identified by the commissioner as one whose certificate of authority has been suspended or revoked or from a person whose certificate of authority has been identified as having expired, the receipt, amusement charge or rent from such transaction shall be deemed to be a taxable sale at retail.

(2) Notwithstanding paragraph one of this subdivision or any other law to the contrary, the commissioner may authorize a purchaser, who acquires tangible personal property or services under circumstances which make it impossible at the time of acquisition to determine the manner in which the tangible personal property or services will be used, to pay the tax directly to the commissioner and waive the collection of the tax by the vendor. Subject to such reasonable conditions as the commissioner may require, the commissioner shall authorize an omnibus carrier described in subdivision (b) of section eleven hundred nineteen to pay the tax on the purchase or use of an omnibus directly to the commissioner and waive the collection of the tax by the vendor. No such authority shall be granted or exercised except upon application to the commissioner, and the issuance by the commissioner, in the commissioner's discretion, of a direct payment permit. If a direct payment permit is granted, its use shall be subject to conditions specified by the commissioner, and the payment of tax on all acquisitions pursuant to the permit shall be made directly to the commissioner by the permit holder. The commissioner may suspend or revoke a direct payment permit where the permit holder fails to comply with any of the provisions of this article or any rule promulgated by the commissioner with respect to this article. The notice and hearing provisions applicable to the revocation and suspension of certificates of authority under section eleven hundred thirty-four shall apply to the suspension and revocation of direct payment permits. A vendor shall not be required to collect tax from a purchaser who furnishes a direct

payment permit in proper form, unless such purchaser's direct payment permit has been suspended or revoked by the commissioner and the commissioner has provided registered vendors with information identifying those persons whose direct payment permits have been suspended or revoked. Where a vendor accepts a direct payment permit from a person whose direct payment permit has been suspended or revoked, and the commissioner has provided registered vendors with information identifying those persons whose direct payment permits have been suspended or revoked, the receipt, amusement charge or rent from such transaction shall be deemed to be subject to tax.

(d) The tax commission may provide by regulation that the tax upon receipts from sales on the installment plan may be paid on the amount of each installment and upon the date when such installment is due.

(e) The commissioner may provide, by regulation, for the exclusion from taxable receipts, gallons of motor fuel or diesel motor fuel sold, amusement charges or rents of amounts representing sales where the contract of sale has been cancelled, the property returned or the receipt, charge or rent has been ascertained to be uncollectible or, in case the tax has been paid upon such receipt, gallons, charge or rent, for refund of or credit for the tax so paid. Where the commissioner provides for a credit for the tax so paid, he or she shall require an application for credit to be filed, but he or she may also allow the applicant to immediately take the credit on the return which is due coincident with or immediately subsequent to the time the applicant files his or her application for credit. However, the taking of the credit on the return shall be deemed to be part of the application for credit and shall be subject to the provisions in respect to applications for credit in section eleven hundred thirty-nine of this part as provided in subdivision (e) of such section.

(f) The commissioner of motor vehicles shall not issue a registration certificate for any motor vehicle, snowmobile, vessel or all terrain vehicle, except in the case of a renewal of registration by the same owner, except upon proof, in a form approved by the tax commission and the commissioner of motor vehicles, that any tax imposed by section eleven hundred five or eleven hundred ten of this article with respect to the sale of the motor vehicle, snowmobile, vessel or all terrain vehicle to the registrant or his use thereof has been paid, or that no

such tax is due. For purposes of this subdivision, the term motor vehicle shall include a motor vehicle as defined in section one hundred twenty-five of the vehicle and traffic law; a trailer as defined in section one hundred fifty-six of such law; a snowmobile as defined in section twenty-two hundred twenty-one of such law; a vessel as defined in section twenty-two hundred fifty of such law; and an all terrain vehicle as defined in section twenty-two hundred eighty-one of such law.

(g) (1) The clerk of each county when performing the function of registration of a motor vehicle, snowmobile, vessel or all terrain vehicle or accepting an application for a certificate of title of a motor vehicle or vessel, pursuant to the authority of the vehicle and traffic law, or the commissioner of motor vehicles, when such commissioner performs such functions, prior to performing such functions, shall act as the agent of the state tax commission to collect any retail sales tax due under this article and under a sales tax imposed pursuant to section twelve hundred ten or twelve hundred eleven upon sales of such motor vehicles, snowmobiles, vessels or all terrain vehicles by persons other than dealers registered under sections four hundred fifteen, twenty-two hundred twenty-two, twenty-two hundred fifty-seven and twenty-two hundred eighty-two of the vehicle and traffic law. Such county clerks and such commissioner shall also act as such agents to collect any compensating use tax due under section eleven hundred ten and under a compensating use tax imposed pursuant to section twelve hundred ten or twelve hundred eleven for the use of a motor vehicle, snowmobile, vessel or all terrain vehicle within this state. The commissioner of motor vehicles shall act as such agent without fee. Each such county clerk shall, after deducting his fee as provided in paragraph two of this subdivision, and such commissioner shall remit to the tax commission all funds collected pursuant to this subdivision and shall follow such procedures and keep such records as shall be prescribed by the tax commission.

(2) Each such county clerk shall retain, from the state and local sales and compensating use taxes which he collects, the sum of one dollar for each of the first five thousand motor vehicles or all terrain vehicles in respect to which he has issued a certificate setting forth the proof required by subdivision (f) of this section and subdivision (d) of section twelve hundred fourteen of this chapter during each

annual period commencing on the first day of September and ending on the next succeeding thirty-first day of August and the sum of seventy-five cents for each motor vehicle or all terrain vehicle in excess of five thousand for which he has issued such a certificate during such annual period. Each such county clerk shall also retain, from the state and local sales and compensating use taxes he collects, the sum of fifty cents for each snowmobile and vessel in respect to which he has issued a certificate setting forth the proof required by subdivision (f) of this section and subdivision (d) of section twelve hundred fourteen of this chapter. Such fees shall be payable even though the certificate issued shows that no tax is due. Such fees shall belong to the county and be paid into the county treasury monthly on or before the tenth day of the month pursuant to section two hundred one of the county law. The county shall pay all expenses occasioned by the duties of the county clerk under this subdivision, including any expenses for hire of extra clerks.

(h) (1) (i) No person shall purchase motor fuel in this state, excluding a purchase at retail, unless the tax required to be prepaid by subdivision (a) of section eleven hundred two of this article has been assumed by a distributor registered under article twelve-A of this chapter in accordance with a certification under this paragraph or paid by such distributor, and, in each of such instances, is passed through to such purchaser. In addition to any other civil and criminal penalties which may apply, any person who purchases motor fuel in violation of this subparagraph shall be jointly and severally liable to pay the tax required to be prepaid by section eleven hundred two of this article with respect to such motor fuel.

(ii) For the purpose of the proper administration of this article and to prevent evasion of the tax on motor fuel imposed by and pursuant to this article, it shall be presumed that all motor fuel imported, manufactured or sold, received or possessed in the state is intended for use, distribution, storage or sale in the state and subject to the tax required to be prepaid by section eleven hundred two of this article until the contrary is established. It shall be further presumed that all motor fuel so imported, manufactured, sold, received or possessed in the state by any person, other than motor fuel delivered into the ordinary fuel tank connected with the engine of a means of conveyance in order to propel it, or in small drums or similar containers, which such person

cannot otherwise account for, is subject to the tax required to be prepaid under section eleven hundred two of this article and such person is responsible for such prepayment. Provided, however, a distributor of motor fuel who imports, manufactures or sells and stores in the state or who purchases and stores motor fuel in the state on which he has prepaid the tax required to be prepaid pursuant to section eleven hundred two of this article shall be allowed an adjustment in arriving at the gallons subject to the taxes imposed by such section on account of the gallons the distributor establishes were lost due to shrinkage, evaporation and handling; provided, however, such allowance shall not exceed two percent of the fuel stored. Provided, further, that in arriving at the gallons of motor fuel subject to the tax required to be prepaid pursuant to section eleven hundred two of this article, there shall be allowed an adjustment on account of gallons lost or destroyed due to an accident, such as fire, and at the time of such loss or destruction were being held or transported for sale other than at retail. The burden of proving that any motor fuel is not so subject shall be upon the person so responsible for such prepayment with respect to such fuel.

(iii) Upon each sale of motor fuel, other than a sale at retail, the seller must give to the purchaser and the purchaser shall receive, at the time of delivery of such motor fuel, a certification containing such information as the tax commission shall require which shall include a statement to the effect (A) if such seller is a distributor registered under article twelve-A of this chapter, that he has assumed the payment of or paid the tax required to be prepaid by section eleven hundred two of this article and, in each case, is passing through such tax or (B) that such seller is passing through such tax which was so previously assumed or paid by an identified distributor registered under article twelve-A of this chapter, and passed through to him.

(iv) If the certification required by this paragraph has been furnished to the purchaser by the seller at delivery and accepted in good faith, the burden of proving that the tax required to be paid by section eleven hundred two of this article was assumed or paid by a distributor registered as such under article twelve-A of this chapter and passed through shall be solely on the seller.

(v) Where the certification required under this paragraph is not furnished by the seller at delivery of motor fuel, it shall be presumed

that the tax required to be prepaid by section eleven hundred two of this article has not been assumed or paid by a distributor registered as such under article twelve-A of this chapter and that the purchaser in such case is jointly and severally liable for the tax.

(vi) If, due to the circumstances of delivery, it is not possible to issue a certification required under this paragraph at the time of delivery of motor fuel, the tax commission may authorize the delivery of the certification required under this paragraph at a time after the delivery of the motor fuel which is the subject of the sale under the limited circumstances it shall prescribe and upon such terms and conditions it shall deem necessary to ensure collection of the tax imposed by section eleven hundred two of this article and the motor fuel taxes imposed by article twelve-A of this chapter.

(2) (i) Except with respect to the exemptions from the prepaid tax on Diesel motor fuel set forth in paragraph two of subdivision (a) of section eleven hundred two of this article, no person shall purchase Diesel motor fuel in this state unless the prepaid tax has been assumed by a registered distributor of Diesel motor fuel in accordance with a certification under this paragraph or paid by such distributor and, in each of such instances, except in the case of a purchase at retail, are passed through to such purchaser. In addition to any other civil and criminal penalties which may apply, any person who purchases Diesel motor fuel without having received a certification from the seller in accordance with this paragraph shall be jointly and severally liable to pay the tax required to be prepaid by section eleven hundred two of this article with respect to such Diesel motor fuel.

(ii) For purposes of the proper administration of this article and to prevent evasion of the taxes imposed on Diesel motor fuel by this article, it shall be presumed that all Diesel motor fuel sold, received or possessed in the state is subject to the taxes imposed by this article until the contrary is established. It shall be further presumed that any person so selling, receiving or possessing such Diesel motor fuel is responsible for payment of the excise taxes on such fuel.

(iii) The exemption from the tax required to be prepaid by section eleven hundred two of this article provided for in paragraph two of subdivision (a) of section eleven hundred two of this article shall be established by means of an interdistributor sale certificate. If such

exemption is applicable, such certificate shall be provided by the purchaser to the seller at the time of or prior to delivery of the Diesel motor fuel. Such certificate shall set forth the name and address of the purchaser, the purchaser's registration number, an affirmation by such purchaser that the purchaser is registered as a distributor of Diesel motor fuel and that such registration has not been suspended or cancelled and shall be signed by such purchaser and by the seller. Such certificate shall be in such form and contain such other information as the commissioner of taxation and finance shall require. Where a proper and complete interdistributor sale certificate has been furnished and accepted by the seller in good faith, such certificate under such circumstance shall relieve the seller of the burden of proving that the Diesel motor fuel covered by such certificate is exempt from the tax required to be prepaid by section eleven hundred two of this article by reason of paragraph two of subdivision (a) of section eleven hundred two of this article. For purposes of this subparagraph, a seller shall not have accepted such certificate in good faith if the purchaser's registration is invalid because it has been suspended or cancelled, or if the purchaser is not registered, and the commissioner of taxation and finance has furnished registered distributors with information identifying all those persons then validly registered as distributors of Diesel motor fuel and those persons whose registrations have been suspended or cancelled. Any purchaser who furnishes to his seller a false or fraudulent interdistributor sale certificate for the purpose of establishing an exemption from the tax required to be prepaid by section eleven hundred two of this article shall be jointly and severally liable for the tax imposed by such section.

(iv) (A) Upon each sale, other than a retail sale at a filling station, the seller must give to the purchaser and the purchaser shall receive at the time of delivery of such Diesel motor fuel, a certification containing such information as the commissioner of taxation and finance shall require which, unless otherwise provided in this paragraph, shall include a statement to the effect: (i) if such seller is a distributor registered under article twelve-A of this chapter, that he has assumed the payment of or paid the taxes imposed by this article and, in each case, is passing through such taxes; (ii) that such seller is passing through such taxes which were so previously

assumed or paid by an identified distributor registered under article twelve-A of this chapter, and passed through to him; or (iii) if such seller is making a retail sale to a purchaser, that such taxes are not being passed through on the retail sale of Diesel motor fuel, in accordance with subparagraph (i) of this paragraph. In the case of a sale of Diesel motor fuel described in paragraph two of subdivision (a) of section eleven hundred two of this article which is exempt from the tax required to be prepaid by section eleven hundred two, the certificate, in lieu of the foregoing statements, shall state that, based upon good faith reliance on the interdistributor sales certificate, such Diesel motor fuel is being sold under the circumstances described in such paragraph two of subdivision (a) of section eleven hundred two and that the tax imposed by section eleven hundred two of this article is not applicable.

(B) In the case of a sale of Diesel motor fuel subject to the tax required to be prepaid by section eleven hundred two of this article and in all cases where such tax is required to be passed through, if the certification required by this subparagraph has been furnished to the purchaser at the time of delivery of such fuel and accepted in good faith, the burden of proving that the tax required to be prepaid by section eleven hundred two of this article was assumed or paid by a distributor registered as such under article twelve-A of this chapter and passed through shall be solely on the seller.

(C) Where the certification required under this subdivision is not furnished by the seller at the time of delivery of the Diesel motor fuel, it shall be presumed that the tax required to be prepaid by section eleven hundred two of this article is due and owing and has not been assumed or paid by a distributor registered as such under article twelve-A of this chapter and that the purchaser in such case is jointly and severally liable for the tax.

(D) If, due to the circumstances of delivery, it is not possible to issue a certification required under this subdivision at the time of delivery of Diesel motor fuel, the commissioner of taxation and finance may authorize the delivery of the certification required under this subdivision at a time after the delivery of the Diesel motor fuel which is the subject of the sale under the limited circumstances he shall prescribe and upon such terms and conditions he shall deem necessary to

ensure collection of the tax imposed by section eleven hundred two of this article and the Diesel motor fuel taxes imposed by article twelve-A of this chapter.

(3) (i) For the purpose of the proper administration of this article and to prevent evasion of the tax hereby imposed, it shall be presumed that all retail sales of motor fuel or diesel motor fuel are subject to the tax required to be collected by subdivision (a) of section eleven hundred five of this article or paid by the provisions of section eleven hundred ten of this article until the contrary is established, and it shall be presumed that all motor fuel or diesel motor fuel imported, manufactured, sold, received or possessed by any person in this state, which such person cannot otherwise account for as having been sold subject to the tax required to be collected by subdivision (a) of section eleven hundred five or paid by the provisions of section eleven hundred ten of this article, has been sold subject to the tax required to be collected by subdivision (a) of section eleven hundred five or paid by the provisions of section eleven hundred ten except that no such presumption shall apply with respect to motor fuel or diesel motor fuel in the fuel tank of a motor vehicle used to propel such vehicle or to motor fuel in small drums or similar containers. The burden of proving that any sale is not so subject shall be upon the person required to collect such tax and the purchaser of such fuel.

(ii) Unless the vendor has received from the purchaser a statement or certificate in such form as the commissioner may require, that the purchaser pursuant to the provisions of subdivision (a) of section eleven hundred five-A, subdivision (j) of section eleven hundred fifteen or subdivision (b) of section eleven hundred sixteen of this article is not subject to the provisions of this paragraph, such sale shall be deemed a sale subject to the provisions of sections eleven hundred five and eleven hundred ten of this article notwithstanding any provision of subdivision (c) of this section.

(iii) Where any certificate or statement required under this paragraph has been furnished to the vendor and accepted in good faith, the burden of proving that the receipt is not taxable hereunder shall be solely upon the purchaser. The vendor shall not be required to collect such taxes from purchasers who furnish such certificates or statements in proper form.

(i) The commissioner shall, by regulation, provide for a certificate which must be furnished by a purchaser of a large volume of motor fuel or diesel motor fuel who or which is commonly referred to as a commercial account where such purchase is for consumption by such purchaser and is not resold in order for the sales tax on such sale to be based on the actual receipts therefor.

(k) (1) (i) No person shall purchase cigarettes in this state, other than in a purchase at retail, unless the tax required to be prepaid by subdivision (a) of section eleven hundred three of this article has been paid by an agent and passed through by such agent and by a wholesale dealer or retail dealer, authorized, licensed or registered under article twenty of this chapter, in accordance with a certification under this paragraph or paid by such agent, wholesale dealer or retail dealer, and, in each of such instances, is passed through to such purchaser. In addition to any other civil and criminal penalties which may apply, any person who purchases cigarettes in violation of this subparagraph shall be jointly and severally liable to pay the tax required to be prepaid by section eleven hundred three of this article with respect to such cigarettes.

(ii) For the purpose of the proper administration of this article and to prevent evasion of the tax on sales and uses of cigarettes imposed by this article and pursuant to the authority of article twenty-nine of this chapter, it shall be presumed that all cigarettes possessed in this state, other than four hundred or fewer cigarettes brought into the state by, or in the possession of, any person, are intended for sale or use in the state and subject to the tax required to be prepaid by section eleven hundred three of this article until the contrary is established and that such person is responsible for such prepayment.

(iii) Upon each sale of cigarettes, other than a sale at retail, the seller must give to the purchaser and the purchaser shall receive, at the time of delivery of such cigarettes, a certification containing such information as the commissioner shall require which shall include a statement to the effect (A) if such seller is an agent under article twenty of this chapter, that such agent has paid the amount of tax required to be prepaid by section eleven hundred three of this article and is passing through such amount of tax, or (B) that such seller is passing through such amount of tax which was so previously assumed or

paid by an agent under article twenty of this chapter identified on such certification, and passed through to such seller.

(iv) If the certification required by this paragraph has been furnished to the purchaser by the seller at delivery and accepted in good faith on cigarettes bearing a cigarette tax stamp under article twenty of this chapter and this article of an issue currently in effect, the burden of proving that the tax required to be paid by section eleven hundred three of this article was assumed or paid by an agent licensed as such under article twenty of this chapter and passed through shall be solely on the seller.

(v) Where the certification required under this paragraph is not furnished by the seller to the purchaser at delivery of cigarettes, it shall be presumed that no amount of tax required to be prepaid by section eleven hundred three of this article has been paid by an agent authorized as such under article twenty of this chapter and that the purchaser in such case is jointly and severally liable for the tax imposed by such section eleven hundred three.

(2) (i) For the purpose of the proper administration of this article and to prevent evasion of the tax imposed under this article, it shall be presumed that all retail sales of cigarettes are subject to the tax imposed by subdivision (a) of section eleven hundred five and required to be collected by section eleven hundred thirty-two of this article or required to be paid by the provisions of section eleven hundred ten of this article until the contrary is established; and it shall be presumed that all cigarettes possessed in this state, which such person cannot otherwise account for as having been sold subject to the tax imposed by subdivision (a) of section eleven hundred five and required to be collected by section eleven hundred thirty-two or required to be paid by the provisions of section eleven hundred ten of this article, have been sold subject to the tax imposed by subdivision (a) of section eleven hundred five and required to be collected by section eleven hundred thirty-two or required to be paid by the provisions of section eleven hundred ten, except that no such presumption shall apply with respect to four hundred or fewer cigarettes brought into the state by, or in the possession of, any person. The burden of proving that any sale is not so subject to tax shall be upon the person required to collect such tax and the purchaser or user of such cigarettes.

(ii) Unless the vendor has received from the purchaser a statement or certificate, in such form as the commissioner may require, that the purchaser pursuant to the provisions of paragraph six of subdivision (b) of section eleven hundred sixteen of this article is not subject to the provisions of this paragraph, such sale shall be deemed a sale subject to the provisions of sections eleven hundred five and eleven hundred ten of this article notwithstanding any provision of subdivision (c) of this section.

(iii) Where any certificate or statement required under this paragraph has been furnished to the vendor and accepted in good faith, the burden of proving that the receipt is not taxable hereunder shall be solely upon the purchaser. The vendor shall not be required to collect such taxes from purchasers who furnish such certificates or statements in proper form.

(l)(1) A marketplace provider with respect to a sale of tangible personal property it facilitates: (A) shall have all the obligations and rights of a vendor under this article and article twenty-nine of this chapter and under any regulations adopted pursuant thereto, including, but not limited to, the duty to obtain a certificate of authority, to collect tax, file returns, remit tax, and the right to accept a certificate or other documentation from a customer substantiating an exemption or exclusion from tax, the right to receive the refund authorized by subdivision (e) of this section and the credit allowed by subdivision (f) of section eleven hundred thirty-seven of this part subject to the provisions of such subdivisions; and (B) shall keep such records and information and cooperate with the commissioner to ensure the proper collection and remittance of tax imposed, collected or required to be collected under this article and article twenty-nine of this chapter.

(2) A marketplace seller who is a vendor is relieved from the duty to collect tax in regard to a particular sale of tangible personal property subject to tax under subdivision (a) of section eleven hundred five of this article and shall not include the receipts from such sale in its taxable receipts for purposes of section eleven hundred thirty-six of this part if, in regard to such sale: (A) the marketplace seller can show that such sale was facilitated by a marketplace provider from whom such seller has received in good faith a properly completed certificate

of collection in a form prescribed by the commissioner, certifying that the marketplace provider is registered to collect sales tax and will collect sales tax on all taxable sales of tangible personal property by the marketplace seller facilitated by the marketplace provider, and with such other information as the commissioner may prescribe; and (B) any failure of the marketplace provider to collect the proper amount of tax in regard to such sale was not the result of such marketplace seller providing the marketplace provider with incorrect information. This provision shall be administered in a manner consistent with subparagraph (i) of paragraph one of subdivision (c) of this section as if a certificate of collection were a resale or exemption certificate for purposes of such subparagraph, including with regard to the completeness of such certificate of collection and the timing of its acceptance by the marketplace seller. Provided that, with regard to any sales of tangible personal property by a marketplace seller that are facilitated by a marketplace provider who is affiliated with such marketplace seller within the meaning of paragraph one of subdivision (e) of section eleven hundred one of this article, the marketplace seller shall be deemed liable as a person under a duty to act for such marketplace provider for purposes of subdivision one of section eleven hundred thirty-one of this part.

(3) The commissioner may, in his or her discretion: (A) develop a standard provision, or approve a provision developed by a marketplace provider, in which the marketplace provider obligates itself to collect the tax on behalf of all the marketplace sellers for whom the marketplace provider facilitates sales of tangible personal property, with respect to all sales that it facilitates for such sellers where delivery occurs in the state; and (B) provide by regulation or otherwise that the inclusion of such provision in the publicly-available agreement between the marketplace provider and marketplace seller will have the same effect as a marketplace seller's acceptance of a certificate of collection from such marketplace provider under paragraph two of this subdivision.

(m) (1) A booking service with respect to a sale for every occupancy of a short term rental unit it facilitates: (A) shall have all the obligations and rights of a vendor under this article and article twenty-nine of this chapter and under any regulations adopted pursuant

thereto, including, but not limited to, the duty to obtain a certificate of authority, to collect tax, file returns, remit tax, and the right to accept a certificate or other documentation from a customer substantiating an exemption or exclusion from tax, the right to receive the refund authorized by subdivision (e) of this section and the credit allowed by subdivision (f) of section eleven hundred thirty-seven of this part subject to the provisions of such subdivisions; and (B) shall keep such records and information and cooperate with the commissioner to ensure the proper collection and remittance of tax imposed, collected, or required to be collected under this article and article twenty-nine of this chapter.

(2) An operator is relieved from the duty to collect tax in regard to a particular rent for the occupancy of a short term rental unit subject to tax under subdivision (e) of section eleven hundred five of this article and shall not include the rent from such occupancy in its taxable sales for purposes of section eleven hundred thirty-six of this part if in regard to such occupancy:

(A) the operator of the short term rental can show that such occupancy was facilitated by a booking service from whom such operator has received in good faith a properly completed certificate of collection in a form prescribed by the commissioner certifying that the booking service is registered to collect sales tax and will collect sales tax on all taxable sales of occupancy of a short term rental unit by the operator facilitated by the booking service, and with such other information as the commissioner may prescribe; and

(B) any failure of the booking service to collect the proper amount of tax in regard to such sale was not the result of such operator providing the booking service with incorrect information.

This provision shall be administered in a manner consistent with subparagraph (i) of paragraph one of subdivision (c) of this section as if a certificate of collection were a resale or exemption certificate for purposes of such subparagraph, including with regard to the completeness of such certificate of collection and the timing of its acceptance by the operator. Provided that with regard to any sales of occupancy of a short term rental unit by an operator that are facilitated by a booking service who is affiliated with such operator

within the meaning of paragraph ten of subdivision (c) of section eleven hundred one of this article, the operator shall be deemed liable as a person under a duty to act for such booking service for purposes of subdivision one of section eleven hundred thirty-one of this part.

(3) The commissioner may, at their discretion: (A) develop a standard provision, or approve a provision developed by a booking service, in which the booking service obligates itself to collect the tax on behalf of all operators for whom the booking service facilitates sales of occupancy of a short term rental unit, with respect to all sales that it facilitates for such operators where the rental occurs in the state; and (B) provide by regulation or otherwise that the inclusion of such provision in the publicly-available agreement between the booking service and operator will have the same effect as an operator's acceptance of a certificate of collection from such booking service under paragraph two of this subdivision.

§ 1133. Liability for the tax. (a) Except as otherwise provided in section eleven hundred thirty-seven of this part, every person required to collect any tax imposed by this article shall be personally liable for the tax imposed, collected or required to be collected under this article. Any such person shall have the same right in respect to collecting the tax from their customer or in respect to nonpayment of the tax by the customer as if the tax were a part of the purchase price of the property or service, amusement charge or rent, as the case may be, and payable at the same time; provided, however, that the tax commission shall be joined as a party in any action or proceeding brought to collect the tax.

(b) Where any customer has failed to pay a tax imposed by this article to the person required to collect the same, then in addition to all other rights, obligations and remedies provided, such tax shall be payable by the customer directly to the tax commission and it shall be the duty of the customer to file a return with the tax commission and to pay the tax to it within twenty days of the date the tax was required to be paid.

(c) The tax commission may, whenever it deems it necessary for the proper enforcement of this article, provide by regulation that customers

shall file returns and pay directly to the tax commission any tax herein imposed, at such times as returns are required to be filed and payment made by persons required to collect the tax.

(d) (1) no person required to collect any tax imposed by this article shall advertise or hold out to the public in any manner, directly or indirectly, that the tax imposed by this article is not considered as an element in the price, amusement charge or rent payable by customers. However, such person required to collect tax may advertise, hold out, or state to a retail purchaser or to the public, that such person will pay the tax imposed by section eleven hundred five of this article on behalf of a retail purchaser, subject to the following conditions:

(i) In so advertising, holding out, or stating to a retail purchaser or to the public, such person required to collect tax shall expressly state on every bill, memorandum, receipt or other statement of the price, amusement charge or rent paid or payable given to such purchaser, that such person will pay the tax imposed by section eleven hundred five of this article on behalf of such purchaser, and such person shall not indicate or imply that the transaction is exempt or excluded from any tax imposed by this article; and

(ii) Every bill, memorandum, receipt or other statement of the price, amusement charge or rent paid or payable given to such purchaser shall separately state the amount of tax due pursuant to such section eleven hundred five and that the tax was not collected from such purchaser. Such person required to collect tax shall hold such tax as trustee for and on account of the state; and

(iii) A retail purchaser, who in good faith accepts from a person required to collect any tax imposed by this article, a bill, memorandum, receipt or other statement of the price, amusement charge or rent that indicates the amount of tax due pursuant to such section eleven hundred five and that such person required to collect tax will be paying such tax on behalf of such purchaser, shall not be liable for the tax imposed by such section eleven hundred five, or any interest or penalties thereon; provided, however that nothing in this subdivision shall exempt such purchaser from any additional tax due pursuant to section eleven hundred ten of this article.

(e) Applicability of Mobile Telecommunications Sourcing Act. The provisions of sections 119(c), 120, 121 and 122 of title 4 of the United

States Code as enacted and in effect on July twenty-eighth, two thousand, to the extent relevant and to the extent required by preemption, shall apply to the provisions of this article in the same manner and with the same force and effect as if the language of such sections of such title 4 of the United States Code had been incorporated in full into this article and had expressly referred to the taxes under this article, with such modifications as may be necessary in order to adapt the language of such provisions to the taxes imposed by this article.

(f) A marketplace provider is relieved of liability under this section for failure to collect the correct amount of tax to the extent that the marketplace provider can show that the error was due to incorrect or insufficient information given to the marketplace provider by the marketplace seller. Provided, however, this subdivision shall not apply if the marketplace seller and marketplace provider are affiliated within the meaning of paragraph one of subdivision (e) of section eleven hundred one of this article.

(g) A booking service shall be relieved of liability under this section for failure to collect the correct amount of tax to the extent that such booking service can show that the error was due to incorrect or insufficient information given to the booking service by the operator. Provided, however, this subdivision shall not apply if the operator and booking service are affiliated within the meaning of paragraph ten of subdivision (c) of section eleven hundred one of this article.

§ 1134. Registration. (a) (1) (i) Every person required to collect any tax imposed by this article, other than a person who is a vendor solely by reason of clause (D), (E) or (F) of subparagraph (i) of paragraph eight of subdivision (b) of section eleven hundred one of this article, commencing business or opening a new place of business, (ii) every person purchasing or selling tangible personal property for resale commencing business or opening a new place of business, (iii) every person selling petroleum products including persons who or which are not distributors, (iv) every person described in this subdivision who takes possession of or pays for business assets under circumstances requiring

notification by such person to the commissioner pursuant to subdivision (c) of section eleven hundred forty-one of this chapter, (v) every person selling cigarettes including persons who or which are not agents, and (vi) every person described in subparagraph (i), (ii), (iii), (iv) or (v) of this paragraph or every person who is a vendor solely by reason of clause (D), (E) or (F) of subparagraph (i) of paragraph eight of subdivision (b) of section eleven hundred one of this article who or which has had its certificate of authority revoked under paragraph four of this subdivision, shall file with the commissioner a certificate of registration, in a form prescribed by the commissioner, at least twenty days prior to commencing business or opening a new place of business or such purchasing, selling or taking of possession or payment, whichever comes first. Every person who is a vendor solely by reason of clause (D) of subparagraph (i) of paragraph eight of subdivision (b) of section eleven hundred one of this article shall file with the commissioner a certificate of registration, in a form prescribed by such commissioner, within thirty days after the day on which the cumulative total number of occasions that such person came into the state to deliver property or services, for the immediately preceding four quarterly periods ending on the last day of February, May, August and November, exceeds twelve. Every person who is a vendor solely by reason of clause (E) of subparagraph (i) of paragraph eight of subdivision (b) of section eleven hundred one of this article shall file with the commissioner a certificate of registration, in a form prescribed by such commissioner, within thirty days after the day on which the cumulative total, for the immediately preceding four quarterly periods ending on the last day of February, May, August and November, of such person's gross receipts from sales of property delivered in this state exceeds five hundred thousand dollars and number of such sales exceeds one hundred. Every person who is a vendor solely by reason of clause (F) of subparagraph (i) of paragraph eight of subdivision (b) of section eleven hundred one of this article shall file with the commissioner a certificate of registration, in a form prescribed by such commissioner, within thirty days after the day on which tangible personal property in which such person retains an ownership interest is brought into this state by the person to whom such property is sold, where the person to whom such property is sold becomes or is a resident or uses such property in any manner in carrying on in

this state any employment, trade, business or profession. Information with respect to the notice requirements of a purchaser, transferee or assignee and such person's liability pursuant to the provisions of subdivision (c) of section eleven hundred forty-one of this chapter shall be included in or accompany the certificate of registration form furnished the applicant. The commissioner shall also include with such information furnished to each applicant general information about the tax imposed under this article including information on records to be kept, returns and payments, notification requirements and forms. Such certificate of registration may be amended in accordance with rules promulgated by the commissioner.

(2) Except as otherwise provided in this section, the commissioner, within five days after receipt of a certificate of registration filed as provided for in paragraph one of this subdivision, shall issue, without charge, to each registrant a certificate of authority empowering the registrant to collect the tax and a duplicate thereof for each additional place of business of such registrant. Such certificate of authority may be issued for a specified term of not less than three years, except that a certificate of authority issued to a show vendor, entertainment vendor or temporary vendor may be issued for a specified term of less than three years. Any certificate of authority referred to in this paragraph shall be subject to renewal in accordance with rules promulgated by the commissioner. Whether or not such certificate of authority is issued for a specified term, such certificate shall be subject to suspension or revocation as provided for in this section. Each certificate or duplicate shall state the place of business to which it is applicable. Such certificate of authority or duplicate shall be prominently displayed in the place of business of the registrant to which it applies. A registrant who has no regular place of doing business shall attach such certificate to each of the registrant's carts, stands, trucks or other merchandising devices. Such certificates of authority and any duplicate shall be nonassignable and nontransferable and shall be surrendered to the commissioner immediately upon the registrant's ceasing to do business at the place named (unless the registrant amends the certificate of registration in accordance with rules promulgated by the commissioner) or in the event that such business never commenced.

(3) A person, other than one described in clauses (A), (B), and (C) of subparagraph (i) of paragraph (8) of subdivision (b) of section eleven hundred one, and other than one described in clause (D), (E) or (F) of such subparagraph who is required to file a certificate of registration with the commissioner, but who makes sales to persons within the state of tangible personal property or services, the use of which is subject to tax under this article, may if such person so elects file a certificate of registration with the commissioner who may, in the commissioner's discretion and subject to such conditions as the commissioner may impose, issue to such person a certificate of authority to collect the compensating use tax imposed by this article.

(4) * (A) Where a person who holds a certificate of authority (i) willfully fails to file a report or return required by this article, (ii) willfully files, causes to be filed, gives or causes to be given a report, return, certificate or affidavit required under this article which is false, (iii) willfully fails to comply with the provisions of paragraph two or three of subdivision (e) of section eleven hundred thirty-seven of this article, (iv) willfully fails to prepay, collect, truthfully account for or pay over any tax imposed under this article or pursuant to the authority of article twenty-nine of this chapter, (v) fails to obtain a bond pursuant to paragraph two of subdivision (e) of section eleven hundred thirty-seven of this part, or fails to comply with a notice issued by the commissioner pursuant to paragraph three of such subdivision, (vi) has been convicted of a crime provided for in this chapter, (vii) where such person, or any person affiliated with such person as such term is defined in subdivision twenty-one of section four hundred seventy of this chapter, has had a retail dealer registration issued pursuant to section four hundred eighty-a of this chapter revoked pursuant to subparagraph (iii) of paragraph (a) of subdivision four of such section four hundred eighty-a, or (viii) has not obtained a valid retail dealer registration under section four hundred eighty-a of this chapter and such person possesses or sells unstamped or unlawfully stamped packages of cigarettes three or more times within a period of five years, the commissioner may revoke or suspend such certificate of authority and all duplicates thereof. Provided, however, that the commissioner may revoke or suspend a certificate of authority based on (a) the grounds set forth in clause

(vi) of this subparagraph only where the conviction referred to occurred not more than one year prior to the date of revocation or suspension; and provided further that where the commissioner revokes or suspends a certificate of authority based on the grounds set forth in clause (vii) of this subparagraph, such suspension or revocation shall continue for as long as the revocation of the retail dealer registration pursuant to section four hundred eighty-a of this chapter remains in effect, or (b) the grounds set forth in clause (viii) of this subparagraph, such suspension or revocation shall be for a period of five years.

* NB Effective until December 31, 2029

(B) Where a person files a certificate of registration for a certificate of authority under this subdivision and in considering such application the commissioner ascertains that (i) any tax imposed under this chapter or any related statute, as defined in section eighteen hundred of this chapter, has been finally determined to be due from such person and has not been paid in full, (ii) a tax due under this article or any law, ordinance or resolution enacted pursuant to the authority of article twenty-nine of this chapter has been finally determined to be due from an officer, director, partner or employee of such person, and, where such person is a limited liability company, also a member or manager of such person, in the officer's, director's, partner's, member's, manager's or employee's capacity as a person required to collect tax on behalf of such person or another person and has not been paid, (iii) such person has been convicted of a crime provided for in this chapter within one year from the date on which such certificate of registration is filed, (iv) an officer, director, partner or employee of such person, and, where such person is a limited liability company, also a member or manager of such person, which officer, director, partner, member, manager or employee is a person required to collect tax on behalf of such person filing a certificate of registration has in the officer's, director's, partner's, member's, manager's or employee's capacity as a person required to collect tax on behalf of such person or of another person been convicted of a crime provided for in this chapter within one year from the date on which such certificate of registration is filed, (v) a shareholder owning more than fifty percent of the number of shares of stock of such person (where such person is a corporation) entitling the holder thereof to vote for the election of directors or trustees, who owned more than fifty percent of the number of such shares of another person (where such other person is a corporation) at the time any tax imposed under this chapter or any related statute as defined in section eighteen hundred of this chapter was finally determined to be

due and where such tax has not been paid in full, or at the time such other person was convicted of a crime provided for in this chapter within one year from the date on which such certificate of registration is filed, (vi) a certificate of authority issued to such person has been revoked or suspended pursuant to subparagraph (A) of this paragraph within one year from the date on which such certificate of registration is filed, (vii) a retail dealer registration issued pursuant to section four hundred eighty-a of this chapter to such person, or to any person affiliated with such person as such term is defined in subdivision twenty-one of section four hundred seventy of this chapter, has been revoked pursuant to subparagraph (iii) of paragraph (a) of subdivision four of such section four hundred eighty-a, where such revocation remains in effect, or (viii) such person has not obtained a valid retail dealer registration under section four hundred eighty-a of this chapter and has possessed or sold unstamped or unlawfully stamped packages of cigarettes three or more times within a period of five years, the commissioner may refuse to issue a certificate of authority; provided however that under the circumstances described in clause (viii) of this subparagraph, such person shall not be eligible to submit a certificate of registration for a certificate of authority until five years after its last possession or sale of unstamped or unlawfully stamped packages of cigarettes within such five year period.

(C) In any of the foregoing instances where the commissioner may suspend or revoke or refuse to issue a certificate of authority, the commissioner may condition the retention or issuance of a certificate of authority upon the filing of a bond or the deposit of tax in the manner provided in paragraph two or three of subdivision (e) of section eleven hundred thirty-seven.

(D) Notice of proposed revocation, suspension or refusal to issue shall be given to the person holding a certificate of authority issued pursuant to this subdivision or to a person applying for such a certificate in the manner prescribed for a notice of determination of tax and all the provisions of this article applicable to a notice of determination under section eleven hundred thirty-eight shall apply to a notice issued pursuant to this paragraph, insofar as such provisions can be made applicable to the notice authorized by this paragraph, with such modifications as may be necessary in order to adapt the language of such

provisions to the notice authorized by this paragraph. In the case of a person applying for a certificate of authority, a notice of proposed refusal to issue shall be issued within five days after timely registration pursuant to paragraph one of this subdivision. Upon timely application therefor, a hearing shall be scheduled, and within three months from such application for hearing (determined with regard to any postponements of any scheduled hearing or conference made at the request of the applicant), the commissioner shall issue either a notice of refusal or a certificate of authority. If the commissioner fails to issue a notice of refusal within such three month period (or such period as extended pursuant to this subdivision), the commissioner shall immediately upon the conclusion of such period issue a certificate of authority to the applicant. Such notice of proposed revocation or suspension must be given to such person within three years from the date of the act or omission described in subparagraph (A) of this paragraph, except that in the case of acts involving falsity or fraud, such notice may be issued at any time. All of such notices shall contain a statement advising the person to whom it is issued that the suspension, revocation or refusal to issue may be challenged through a hearing process and that the petition for such challenge must be filed with the division of tax appeals within ninety days after the giving of such notice.

(E) After the commissioner has suspended or revoked a person's certificate of authority, by a notice of suspension or revocation, or has refused to issue a certificate of authority, by a notice of refusal, to such person and such decision has become final as provided for in this paragraph, or after a person's certificate of authority has expired and such person has failed to renew such certificate or obtain a new certificate of authority, such person is prohibited from engaging in any business in this state for which a certificate of authority is required. If despite such prohibition such person continues to be so engaged in business, the commissioner may bring an action to enjoin such person from so engaging in business.

(5) If the commissioner considers it necessary for the proper administration of the sales and use taxes and prepaid taxes imposed by this article and pursuant to the authority of article twenty-nine of this chapter, it may require every person under this section or section twelve hundred fifty-three of this chapter who holds a certificate of

authority to file a new certificate of registration in such form and at such time as the commissioner may prescribe and to surrender such certificate of authority. The commissioner may require such filing and such surrender not more often than once every three years. Upon the filing of such certificate of registration and the surrender of such certificate of authority, the commissioner shall issue, within such time as the commissioner may prescribe, a new certificate of authority, without charge, to each registrant and a duplicate thereof for each additional place of business of such registrant.

(6) By January first, two thousand twenty-two, the department shall create and maintain a publicly accessible, searchable database containing the certificate of authority number and any corresponding identifying information for each vendor in the state.

(7) An operator of a short term rental unit, as defined in paragraph nine of subdivision (c) of section eleven hundred one of this article, shall be relieved of the requirement to register in paragraph one of this subdivision if such operator's sales of occupancy are wholly facilitated by one or more booking services from whom the operator has received in good faith a certificate of collection that meets the requirements set forth in paragraph two of subdivision (m) of section eleven hundred thirty-two of this part or the booking service has included a provision approved by the commissioner in the publicly-available agreement between the booking service and the operator as described in subdivision (m) of section eleven hundred thirty-two of this part.

(b) (1) Every show promoter shall, at least ten days prior to the opening of a show, file with the commissioner of taxation and finance a notice stating the location and dates of such show, in a form prescribed by the commissioner of taxation and finance.

(2) The commissioner of taxation and finance shall, within five days after the receipt of any such notice, issue to the show promoter, without charge, a permit to operate such show, except as provided by paragraph five of this subdivision. No show promoter shall rent, lease or grant a license to use space for a show or operate a show without obtaining such permit. Such permit shall be prominently displayed at the main entrance to the show. However, if a notice required under paragraph one has been properly filed, and if a permit has not been received by

the show promoter prior to the opening of the show, the requirements contained in this subdivision with respect to obtaining and displaying such a permit shall be deemed to have been complied with, unless and until the show promoter receives a notice from the commissioner of taxation and finance, sent by registered or certified mail, denying the application for a permit based on the existence of an order previously issued under paragraph five of this subdivision and in effect as of the date of issuance of such notice denying the application. An applicant shall have a right to a hearing in the division of tax appeals to contest such a notice of denial. If a permit is received after a show has commenced but before it has been terminated, the show promoter must commence to display such permit as provided for in this paragraph.

(3) Any show promoter who is a "person required to collect any tax imposed by this article" as defined in subdivision one of section eleven hundred thirty-one, shall comply with all of the provisions of this article relating to such persons as well as with all of the provisions of this article relating to show promoters.

(4) A show promoter shall not permit any person to display for sale or to sell tangible personal property or services subject to tax at a show unless such person is registered under subdivision (a) of this section and displays his certificate of authority in accordance with the provisions of such subdivision.

(5) Any show promoter who fails to file a notice of a show, operates a show without a permit, fails to file a report of a show, files a report which is wilfully false, or fails to comply with any provision contained in this article or any regulation promulgated by the commissioner of taxation and finance pertaining to shows shall, after an opportunity for a hearing has been afforded, be subject to the revocation of all existing permits issued, pursuant to this section, to operate a show. The commissioner of taxation and finance may, after an opportunity for a hearing has been afforded, also issue an order denying such show promoter a permit to operate a show for a period of not more than six months from the date of such order. Such penalties shall be in addition to any other penalties imposed under this chapter.

(c) (1) Every entertainment promoter of an entertainment event shall, at least twenty days prior to the occurrence of such event, file with the commissioner a notice and application for an entertainment promoter

certificate, stating the location and date of such event, in a form prescribed by the commissioner. The commissioner shall, within ten days after the receipt of any such notice, issue to the entertainment promoter, without charge, an entertainment promoter certificate. No such promoter shall authorize an entertainment vendor to make sales at such an event if such promoter has not obtained such certificate. Such certificate shall be prominently displayed at the main entrance to the event. However, if a notice required under this paragraph has been properly filed and if a certificate has not been received by the entertainment promoter prior to the commencement of the entertainment event, the requirements contained in this subdivision with respect to obtaining and displaying such a certificate shall be deemed to have been complied with, unless and until the entertainment promoter receives from the commissioner a notice, which shall be sent by registered or certified mail, denying the application for a certificate based on the existence of any order previously issued pursuant to this subdivision and in effect as of the date of issuance of such notice denying the application. An applicant shall have a right to a hearing in the division of tax appeals to contest such notice of denial. If a certificate is received after an entertainment event has commenced but before it has ended, the entertainment promoter must commence to display such certificate as provided for in this paragraph.

(2) An entertainment promoter shall not authorize any person to make taxable sales of tangible personal property at the entertainment event with respect to which he is an entertainment promoter unless such person is registered under subdivision (a) of this section and displays a certificate of authority in accordance with the provisions of such subdivision.

(3) An entertainment promoter who is a "person required to collect any tax imposed by this article" as defined in subdivision one of section eleven hundred thirty-one, shall comply with all of the provisions of this article relating to such persons as well as with all of the provisions of this article relating to entertainment promoters.

(4) Any entertainment promoter who fails to comply with any provision contained in this article or any regulation prescribed by the commissioner pertaining to an entertainment promoter's requirements with respect to entertainment events, may, after an opportunity for a hearing

has been afforded, be subject to the revocation of all existing entertainment promoter certificates issued pursuant to this subdivision. The commissioner may also, after an opportunity for a hearing has been afforded, issue an order denying such entertainment promoter an entertainment promoter certificate relating to any entertainment event for a period of not more than six months from the date of such order.

§ 1135. Records to be kept. (a) (1) Every person required to collect tax shall keep records of every sale or amusement charge or occupancy and of all amounts paid, charged or due thereon and of the tax payable thereon, in such form as the commissioner of taxation and finance may by regulation require. Such records shall include a true copy of each sales slip, invoice, receipt, statement or memorandum upon which subdivision (a) of section eleven hundred thirty-two requires that the tax be stated separately.

(2) In addition to the records required to be kept by paragraph one of this subdivision, retail food stores and other participants approved for participation in the federal food stamp program under or pursuant to the federal food stamp act of nineteen hundred seventy-seven (7 U.S.C. § 2011 et seq.), as amended, whose receipts may be subject to exemption afforded by subdivision (k) of section eleven hundred fifteen, shall keep (A) true and complete copies of applications, updates of applications, redemption certificates, returns and reports furnished to or by the United States government or this state or their agencies in order to participate in the food stamp program or to redeem coupons issued under or pursuant to such federal act, and (B) records of receipts indicating whether payment is by coupons issued under or pursuant to such act.

(d) Every person selling or holding large volumes of petroleum products shall keep records for such periods and in the manner prescribed by the commissioner pursuant to rules and regulations. Such records shall show (1) the number of gallons of petroleum products purchased, the price paid therefor, the amount of tax paid pursuant to the provisions of section eleven hundred two of this article and (2) the number of gallons sold, and the price paid by the purchaser to whom such person sells the petroleum products, and the amount of tax included in such price pursuant to the provisions of section eleven hundred two of this article and the amount of tax collected pursuant to the provisions of subdivision (a) of section eleven hundred five of this article applicable to such sale together with such additional information as the commissioner shall require. The amount of tax shall be calculated in the manner set forth in section eleven hundred eleven of this article.

(e) Every person selling or possessing large quantities of cigarettes shall keep records for such periods and in the manner prescribed by the commissioner pursuant to rules and regulations. Such records shall show (1) the number of cigarettes purchased, the price paid therefor, the person from whom such cigarettes were purchased, and the amount of tax paid pursuant to the provisions of section eleven hundred three of this article and (2) the number of cigarettes sold, the person to whom such cigarettes are sold (other than a retail purchaser) and the price paid by the purchaser to whom such person sells the cigarettes, and the amount of tax included in such price pursuant to the provisions of section eleven hundred three of this article or the amount of tax collected pursuant to the provisions of subdivision (a) of section eleven hundred five of this article applicable to such sale, together with such additional information as the commissioner shall require.

(f) Every materialman described in paragraph two of subdivision (a) of section eleven hundred thirty-two of this part shall, in addition to the records required to be kept by paragraph one of subdivision (a) of this section, keep the following records with respect to each sale of building materials or services described in such paragraph two of subdivision (a) of section eleven hundred thirty-two of this part to a contractor, subcontractor or repairman: (1) the date of such sale; (2) proof that the sale meets the qualifications described in such paragraph two; (3) the amount of credit, if any, extended by such materialman to

such contractor, subcontractor or repairman for each such sale; (4) the terms for payment of the purchase price or repayment of any such credit; and (5) the date or dates on which such purchase price is paid or such credit is repaid, in part or whole, and the amount of each such payment or repayment. Notwithstanding the provisions of subdivision (g) of this section, the records referred to in this subdivision shall be preserved by such materialman for a period of three years from the date the tax on each such sale is paid over to the commissioner in full; provided, however, that the commissioner may consent to their destruction within that period or may require that they be kept longer.

(g) Such records shall be available for inspection and examination at any time upon demand by the tax commission or its duly authorized agent or employee and shall be preserved for a period of three years, except that the tax commission may consent to their destruction within that period or may require that they be kept longer. Such records may be kept within the meaning of this section when reproduced on any photographic, photostatic, microfilm, micro-card, miniature photographic or other process which actually reproduced the original record.

(h) Notwithstanding the provisions of section three hundred five and three hundred nine of the state technology law or any other law, the commissioner may require any person who has elected to maintain in an electronic format any portion of the records required to be maintained by that person under this article, to make the electronic records available and accessible to the commissioner, notwithstanding that the records are also maintained in a hard copy format.

§ 1136. Returns. (a)(1) Every person required to register with the commissioner as provided in section eleven hundred thirty-four of this part whose taxable receipts, amusement charges and rents total less than three hundred thousand dollars, or in the case of any such person who is a distributor whose sales of petroleum products total less than one hundred thousand gallons, in every quarter of the preceding four quarters, shall only file a return quarterly with the commissioner. Provided, however, that if the commissioner in the exercise of his or her discretion deems it necessary to protect the revenues to be obtained under this article, he or she may give notice requiring such person, in

addition to filing a quarterly return, to file either short-form or long-form part quarterly returns, as specified in such notice.

(2) Every person required to register with the commissioner as provided in section eleven hundred thirty-four of this part whose taxable receipts, amusement charges and rents total three hundred thousand dollars or more, or in the case of any such person who is a distributor whose sales of petroleum products total one hundred thousand gallons or more, in any quarter of the preceding four quarters, shall, in addition to filing a quarterly return described in paragraph one of this subdivision, and except as otherwise provided in section eleven hundred two or eleven hundred three of this article, file either a long-form or short-form part-quarterly return monthly with the commissioner.

(3) However, a person required to register with the commissioner as provided in section eleven hundred thirty-four of this part only because such person is purchasing or selling tangible personal property for resale, and who is not required to collect any tax or pay any tax directly to the commissioner under this article, shall file an information return annually in such form as the commissioner may prescribe. Likewise, a person, who is required to register and who is selling petroleum products who is not a distributor of motor fuel, shall file an information return quarterly or, if the commissioner deems necessary, monthly, in such form as the commissioner shall prescribe.

(4) The return of a vendor of tangible personal property or services shall show such vendor's receipts from sales and the number of gallons of any motor fuel or diesel motor fuel sold and also the aggregate value of tangible personal property and services and number of gallons of such fuels sold by the vendor, the use of which is subject to tax under this article, and the amount of tax payable thereon pursuant to the provisions of section eleven hundred thirty-seven of this part. The return of a marketplace seller shall exclude the receipts from a sale of tangible personal property facilitated by a marketplace provider if, in regard to such sale: (A) the marketplace seller has timely received in good faith a properly completed

certificate of collection from the marketplace provider or the marketplace provider has included a provision approved by the commissioner in the publicly-available agreement between the marketplace provider and the marketplace seller as described in subdivision one of section eleven hundred thirty-two of this part, and (B) the information provided by the marketplace seller to the marketplace provider about such tangible personal property is accurate. The return of an operator shall exclude the rent from occupancy of a short term rental unit facilitated by a booking service if, in regard to such sale: (A) the short term rental operator has timely received in good faith a properly completed certificate of collection from the booking service or the booking service has included a provision approved by the commissioner in the publicly-available agreement between the booking service and the short term rental operator as described in subdivision (m) of section eleven hundred thirty-two of this part, and (B) the information provided by the short term rental operator to the booking service about such rent and such occupancy is accurate.

(5) The returns of any seller of petroleum products shall show the number of gallons of petroleum products sold, together with such additional information as the commissioner shall require in order to certify the amount of taxes, penalties and interest payable to local taxing jurisdictions imposed on the sale or use of petroleum products pursuant to the provisions of section twelve hundred sixty-one of this chapter.

(6) The returns of any seller of cigarettes shall show the amount of prepaid tax assumed or paid thereon and passed through, together with such additional information as the commissioner shall require.

(7) Taxable receipts as used in this section shall include taxable receipts from the sale of petroleum products and cigarettes and any receipts from the sale of motor fuel or diesel motor fuel or cigarettes in this state whether or not such receipts are subject to the taxes imposed by section eleven hundred two, eleven hundred three, eleven hundred five or eleven hundred ten of this article and regardless of whether the provisions of section eleven hundred twenty or eleven hundred twenty-one of this article are applicable to the taxes imposed in respect of such receipts or numbers of gallons of motor fuel or diesel motor fuel sold.

(8) For purposes of this article the term "long-form, part-quarterly return" shall mean a return in a form determined by the commissioner providing for the calculation of the actual sales and compensating use taxes for the preceding month in the manner set forth in subdivisions (a) and (b) of section eleven hundred thirty-seven of this part. A person filing a long-form, part-quarterly return for each of the months contained in a quarter shall also be required to file a quarterly return for such quarter.

(9) For purposes of this article the term "short-form, part-quarterly return" shall mean a return which shall be available for use in filing as a return for the first two months of any quarter and only by a person required to file a return monthly who has had at least four successive quarterly tax periods immediately preceding the month for which the return is to be filed and who elects such use, and is in a form determined by the commissioner and providing for the calculation of one-third of the total state and local sales and compensating use taxes paid by the person to the commissioner in the comparable quarter of the immediately preceding year under this article and as taxes imposed pursuant to the authority of article twenty-nine with respect to all receipts, amusement charges and rents.

(b) The returns and information returns required by this section to be filed quarterly shall be filed for quarterly periods ending on the last day of February, May, August and November of each year, and each return and each information return shall be filed within twenty days after the end of the quarterly period covered thereby. The returns required by this section to be filed monthly shall be filed for monthly periods ending on the last day of each month and each return shall be filed within twenty days after the end of each prior month. The information returns required to be filed annually shall be filed for twelve month periods ending on the last day of May of each year, and each such information return shall be filed within twenty days after the end of the twelve month period covered thereby.

(c) The tax commission may permit or require returns to be made covering other periods and upon such dates as it may specify. If the tax commission deems it necessary in order to insure the payment of the taxes imposed by this article, it may require returns to be made for shorter periods than those prescribed pursuant to the foregoing

subdivisions of this section, and upon such dates as it may specify.

(d) The form of returns shall be prescribed by the tax commission and shall contain such information as it may deem necessary for the proper administration of this article. The commission may require amended returns to be filed within twenty days after notice and to contain the information specified in the notice.

(d-1)(1) Notwithstanding subdivision (d) of this section, a return may be amended where such amendment would not result in the reduction or elimination of a past-due tax liability, as such term is defined in section one hundred seventy-one-v of this chapter. Provided, however, that a person required to collect tax, as defined in section eleven hundred thirty-one of this part, may amend a return within one hundred eighty days of the date such return was due if the past-due liability was self-assessed and reported by such person.

(2) Where there is no such past-due tax liability, an amended return that would result in the reduction or elimination of tax due shall be deemed a claim for credit or refund and must be filed within the time required for filing a claim for credit or refund under section eleven hundred thirty-nine of this part and otherwise meet the requirements of such section.

(3) Where the commissioner has determined the amount of tax due pursuant to paragraph one of subdivision (a) of section eleven hundred thirty-eight of this part, an original return may be filed within one hundred eighty days after mailing of notice of such determination. Provided, however, that nothing in this paragraph shall affect any penalty or interest that may have accrued for such tax period on account of failure to timely file the original return.

(4) An assessment of tax, penalty and interest, including recovery of a previously paid refund, attributable to a change or correction on a return, may be made at any time within three years after such return is filed.

(e) The tax commission may by regulation require lessors as defined in paragraph (8) of subdivision (d) of section eleven hundred one to file information returns showing all leases, subleases and licenses to use granted to persons who make amusement charges, and may prescribe the form of such returns, the time when they are to be filed and the information to be contained therein.

(f) Every show promoter shall file a report monthly, within twenty days after the end of the prior month, for all shows with respect to which he was a show promoter in such prior month, listing the date and place of each show and the name, address and certificate of authority number, by show, of every person whom he permitted to display for sale or to sell tangible personal property or services subject to tax at such show. Every person shall furnish the show promoter of any show at which he displays for sale or sells tangible personal property or services subject to tax, with a statement of his name, address and certificate of authority number for the show promoter's use in filing the report required herein.

(g) Every entertainment promoter shall file a report monthly, within twenty days after the end of the prior month, for all entertainment events with respect to which he was an entertainment promoter in such prior month, listing the date and place of each such event, and the name, address and certificate of authority number, by event, of every person who made taxable sales of tangible personal property at such event. Every entertainment vendor shall furnish the entertainment promoter of any entertainment event at which he makes taxable sales of tangible personal property, with a statement containing his name, address and certificate of authority number, for the entertainment promoter's use in filing the report required herein.

(h) The commissioner may, by regulation, require any person registered or required to be registered with the commissioner under section eleven hundred thirty-four of this article to file a report regarding sales in this state of tangible personal property or services by such person to itinerant vendors where such sales are sales for resale. Any such report, if required to be filed by the commissioner, shall contain the name and certificate of authority number of every itinerant vendor who purchases tangible personal property or services for resale from such person, the sales for resale made to each such vendor and the amounts paid, charged or due thereon, together with such other information as the commissioner may require. The commissioner may prescribe the form of such report and shall indicate the time when it is to be filed and the period to be covered, provided that such reports may not be required to be filed more frequently than on a quarterly basis. For purposes of this subdivision, the term "itinerant vendor" shall include a person with no

permanent and fixed place of business in this state from which it makes sales or renders services subject to tax, such as street peddlers, show vendors or any similar vendors who transport a supply of tangible personal property from place to place, whether upon trucks, wagons or otherwise, exposing such property for sale, soliciting and negotiating sales, and immediately delivering the property, but shall not include a person who makes sales or renders services by sample, brochure or catalogue for future delivery.

(i) (1) The following persons must file, in addition to any other return required by this chapter, annual information returns with the commissioner providing the information specified below about their transactions with vendors, hotel operators, and recipients of amusement charges:

(A) Every insurer licensed to issue motor vehicle physical damage or motor vehicle property damage liability insurance for motor vehicles registered in this state if, during the period covered by the return, it has paid consideration or an amount under an insurance contract for the servicing or repair of a motor vehicle on behalf of an insured. For each person to whom the insurer has paid the consideration or amount described in the preceding sentence, the return must report the total amount paid for that period, along with the other information required by paragraph two of this subdivision.

(B) Every franchisor, as defined by section six hundred eighty-one of the general business law, that has at least one franchisee, as defined by subdivision four of section six hundred eighty-one of the general business law, that is required to be registered under section eleven hundred thirty-four of this part. For each franchisee, the return must include the gross sales of the franchisee in this state reported by the franchisee to the franchisor, the total amount of sales by the franchisor to the franchisee, and any income reported to the franchisor by each franchisee, along with the information required by paragraph two of this subdivision.

(C) Every wholesaler, as defined by section three of the alcoholic beverage control law, if it has made a sale of an alcoholic beverage, as defined by section four hundred twenty of this chapter, without collecting sales or use tax during the period covered by the return, except (i) a sale to a person that has furnished an exempt organization

certificate to the wholesaler for that sale; or (ii) a sale to another wholesaler whose license under the alcoholic beverage control law does not allow it to make retail sales of the alcoholic beverage. For each vendor, operator, or recipient to whom the wholesaler has made a sale without collecting sales or compensating use tax, the return must include the total value of those sales made during the period covered by the return (excepting the sales described in clauses (i) and (ii) of this subparagraph) and the vendor's, operator's or recipient's state liquor authority license number, along with the information required by paragraph two of this subdivision.

(D) Notwithstanding the provisions of subparagraph (C) of this paragraph, a person operating pursuant to any of the following licenses shall not be subject to any of the requirements of this subdivision: (i) a farm winery license, as provided in section seventy-six-a of the alcoholic beverage control law; (ii) a winery license, as provided in section seventy-six of the alcoholic beverage control law, where the number of gallons of wine, cider and mead produced annually by such person does not exceed the annual limits on the number of finished gallons of wine, cider and mead permitted to be produced by a farm winery under subdivision nine of section seventy-six-a of the alcoholic beverage control law; (iii) a farm distillery license, as provided in subdivision two-c of section sixty-one of the alcoholic beverage control law; (iv) a distiller's license, as provided in section sixty-one of the alcoholic beverage control law, where the number of gallons of liquor produced annually by such person does not exceed the annual limits on the number of gallons of liquor permitted to be produced by a farm distillery under paragraph (f) of subdivision two-c of section sixty-one of the alcoholic beverage control law; (v) a farm cidery license, as provided in section fifty-eight-c of the alcoholic beverage control law; (vi) a cider producers' license, as provided in section fifty-eight of the alcoholic beverage control law, where the number of gallons of cider produced annually by such person does not exceed the annual limits on the number of gallons of cider permitted to be produced by a farm cidery under subdivision ten of section fifty-eight-c of the alcoholic beverage control law; (vii) a farm brewery license, as provided in section fifty-one-a of the alcoholic beverage control law; (viii) a brewer's license, as provided in section fifty-one of the alcoholic beverage

control law, where the number of finished barrels of beer, cider and braggot produced annually by such person does not exceed the annual number of finished barrels of beer, cider and braggot permitted to be produced by a farm brewery under subdivision ten of section fifty-one-a of the alcoholic beverage control law; (ix) a farm meadery license, as provided in section thirty-one of the alcoholic beverage control law; or (x) a mead producers' license, as provided in section thirty of the alcoholic beverage control law, where the number of gallons of mead and braggot produced annually by such person does not exceed the annual number of finished barrels of mead and braggot permitted to be produced by a farm meadery under subdivision ten of section thirty-one of the alcoholic beverage control law. Nothing in this subparagraph shall exempt a person operating pursuant to multiple licenses under the alcoholic beverage control law from the requirements of subparagraph (C) of this paragraph if such person produces an amount of any alcoholic beverage in excess of the amounts permitted to be produced annually by a person who holds only a farm winery, farm cidery, farm distillery, farm brewery or farm meadery license for such beverage, nor shall this section exempt any person holding a wholesalers' license under the alcoholic beverage control law from the requirements of subparagraph (C) of this paragraph.

(2) The returns required by paragraph one of this subdivision must also include, for each vendor, operator, or recipient about whom information is required to be reported under such paragraph, the name and address, and the certificate of authority or federal identification number, and any other information required by the commissioner. The commissioner may, in the commissioner's discretion, require the reporting of less than all the information otherwise required to be reported by this paragraph and paragraph one of this subdivision.

(3) The returns required by paragraph one of this subdivision must be filed annually on or before March twentieth and must cover the four sales tax quarterly periods immediately preceding such date. Notwithstanding section three hundred five of the state technology law or any other law to the contrary, the returns must be filed electronically in the manner prescribed by the commissioner.

(4) Any person required to file a return under paragraph one of this subdivision must, on or before March twentieth, give to each vendor,

operator, or recipient about whom information is required to be reported in the return the information pertaining to that person. The commissioner may prescribe a form to be used to provide the information required to be given by this paragraph.

(5) Nothing in this subdivision is to be construed to limit the persons from whom the commissioner can secure information or the information the commissioner can require from those persons pursuant to the commissioner's authority under section eleven hundred forty-three of this part or any other provision of law.

§ 1137. Payment of tax. (a) Every person required to file a return under the preceding section whose total taxable receipts (as "taxable receipts" are described in subdivision (a) of such section), amusement charges and rents are subject to the tax imposed pursuant to subdivisions (a), (c), (d), (e) and (f) of section eleven hundred five of this article shall, at the time of filing such return, pay to the commissioner the total of the following:

(i) Four percent of the total of all receipts, amusement charges and rents subject to tax under this article, and if any of such receipts, amusement charges and rents are subject to local tax imposed pursuant to article twenty-nine of this chapter, an additional percentage of the total thereof equal to the percentage rate of such local tax;

(ii) All taxes imposed by section eleven hundred ten or pursuant to article twenty-nine of this chapter upon such person's use of property or services;

(iii) All moneys collected by such person, purportedly as tax imposed by this article or pursuant to article twenty-nine of this chapter, with respect to any receipt, gallon of motor fuel or diesel motor fuel sold, amusement charge or rent not subject to tax, and all moneys collected with respect to any receipt, gallon of such fuel, amusement charge or rent subject to tax, purportedly in accordance with a schedule prescribed by the commissioner but actually in excess of the amount stated in such schedule as the amount to be collected; and

(iv) The correct number of cents per gallon of motor fuel and diesel motor fuel sold subject to tax under this article, and, if any of such gallons sold are subject to local tax imposed pursuant to article

twenty-nine of this chapter, an additional number of cents per gallon sold subject to such local taxes equal to the rates of such taxes.

(b) Every person required to file a return under the preceding section and not subject to the provisions of subdivision (a) of this section shall, at the time of filing such return, pay to the commissioner the taxes imposed by this article and pursuant to article twenty-nine of this chapter as well as all other moneys collected by such person acting or purporting to act under the provisions of this article or of any local law, ordinance or resolution adopted pursuant to such article twenty-nine; provided, however, that if the commissioner shall have fixed an effective rate of tax applicable to any or all of his or her receipts, amusement charges and rents as provided in subdivision (d) of this section, any such person may elect, with reference to such receipts, amusement charges and rents and subject to approval by the commissioner and to such regulations as the commissioner may promulgate, to pay to the commissioner at the time of filing his or her return the total of the following:

(i) The percentage of such receipts, amusement charges and rents fixed by the commissioner as the effective rate of tax applicable thereto;

(ii) All taxes imposed by section eleven hundred ten or pursuant to article twenty-nine of this chapter upon such person's use of property or services;

(iii) All moneys collected by such person, purportedly as tax imposed by this article or pursuant to article twenty-nine of this chapter, with respect to any receipt, gallon of motor fuel or diesel motor fuel sold, amusement charge or rent not subject to tax, and all moneys collected with respect to any receipt, gallon of such fuel, amusement charge or rent subject to tax, purportedly in accordance with a schedule prescribed by the commissioner but actually in excess of the amount stated in such schedule as the amount to be collected;

(iv) The amount of the taxes imposed by this article and pursuant to article twenty-nine of this chapter with respect to all receipts, amusement charges and rents as to which no effective rate of tax fixed by the commissioner is applicable; and

(v) The correct number of cents per gallon of motor fuel and diesel motor fuel sold subject to tax under this article, and, if any of such gallons sold are subject to local tax imposed pursuant to article

twenty-nine of this chapter, an additional number of cents per gallon sold subject to such local taxes equal to the rates of such taxes.

(c) (1) The provisions of subdivisions (a) and (b) of this section shall not be applicable to: (i) a person filing a short-form, part-quarterly return as defined in paragraph (ii) of subdivision (a) of section eleven hundred thirty-six hereof who, at the time of such filing shall pay to the tax commission one-third of the total state and local sales and compensating use taxes payable by the person to the tax commission in the comparable quarter of the immediately preceding year under this article and as taxes imposed pursuant to the authority of article twenty-nine with respect to all receipts, amusement charges and rents, or (ii) a person filing a March estimated return as described in paragraph (ii) of subdivision (c) of section eleven hundred thirty-seven-A hereof who, at the time of such filing shall pay to the tax commission one-third of the sales and compensating use taxes payable by such person to the tax commission in the comparable quarter of the immediately preceding year under this article. Notwithstanding the preceding sentence, for the purposes of subparagraph (ii) of this paragraph, the sales and compensating use taxes payable in the comparable quarter of the immediately preceding year shall not include taxes imposed by section eleven hundred seven or eleven hundred eight of this article or pursuant to the authority of article twenty-nine of this chapter.

(2) The provisions of subdivisions (a) and (b) of this section, however, shall apply to a person filing a March estimated return as described in paragraph (i) of subdivision (c) of section eleven hundred thirty-seven-A hereof who, at the time of such filing shall pay to the tax commission the sales and compensating use taxes, that are estimated to be payable by such person for such month of March. Notwithstanding the preceding sentence, for the purposes of this paragraph, the sales and compensating use taxes that are estimated to be payable by such person for such month of March shall not include taxes imposed by section eleven hundred seven or eleven hundred eight of this article or pursuant to the authority of article twenty-nine of this chapter.

(d) The tax commission is hereby authorized to fix the effective rate of tax applicable to any or all of the taxable receipts, amusement charges and rents of any person required to collect tax, or of any group

or classification of such persons. Any effective rate so fixed shall be fixed at such a percentage rate as to require, so far as practicable, payment of an amount equal to the total taxes imposed by this article and pursuant to article twenty-nine.

(e) (1) The amount so payable to the tax commission for the period for which a return is required to be filed shall be due and payable to the tax commission on the date limited for the filing of the return for such period, without regard to whether a return is filed or whether the return which is filed correctly shows the amount of receipts, amusement charges or rents or the value of property or services sold or purchased or the taxes due thereon.

(2) Where the tax commission, in its discretion, deems it necessary to protect the revenues to be obtained under this article, it may require any person required to collect any tax imposed by this article to file with it a bond, issued by a surety company authorized to transact business in this state and approved by the superintendent of financial services of this state as to solvency and responsibility or other security acceptable to the tax commission, in such amount as the tax commission may fix, to secure the payment or payment over of any tax, penalties or interest due or which may become due from such person under this article. In the event that the tax commission determines that such person is to file such bond or other security, it shall give notice to him to that effect specifying the amount of the bond or other security required. Such person shall file such bond or other security within thirty days after the giving of such notice unless within five days after the giving of such notice he shall request, in writing, a hearing before the tax commission at which the necessity, propriety and amount of the bond or other security shall be determined by the tax commission. Such determination shall be final and shall be complied with within thirty days after the giving of notice thereof. If securities are deposited as security under this paragraph, such securities shall be kept in the custody of the commissioner of taxation and finance and may be sold by the tax commission if it becomes necessary so to do in order to recover any sums due from such person pursuant to this article, but no such sale shall be had until after such person shall have had opportunity to litigate the validity of any tax if he elects so to do. Upon any such sale, the surplus, if any, above the sums due under this

article shall be returned to such person.

* (3) As an additional or alternate requirement, whenever any person fails to collect, truthfully account for, pay over the tax, or file returns of the tax as required in this article, the commissioner, in his or her discretion where he or she deems necessary to protect the revenues to be obtained under this article, may give notice requiring such person to collect the taxes which become collectible after the giving of such notice, to deposit such taxes at least one time per week in a separate account in any banking institution approved by the commissioner and located in this state the deposits in which are insured by any agency of the federal government. Such notice may require either (i) that such account be held in trust for and payable to the commissioner, and that the amount of such tax shall be kept in such account until payment over to the commissioner; or (ii) that such person authorize the commissioner to debit such account. Any notice given by the commissioner under this paragraph shall remain in effect until a notice of cancellation is given by the commissioner. Any such person who fails to comply with a notice issued under this paragraph shall be required to file a bond pursuant to paragraph two of this subdivision.

* NB Effective until December 31, 2029

* (3) As an additional or alternate requirement, whenever any person fails to collect, truthfully account for, pay over the tax, or file returns of the tax as required in this article, the tax commission, in its discretion where it deems necessary to protect the revenues to be obtained under this article, may give notice requiring such person to collect the taxes which become collectible after the giving of such notice, to deposit such taxes in any banking institution approved by the tax commission and located in this state the deposits in which are insured by any agency of the federal government, in a separate account, in trust for and payable to the tax commission, and to keep the amount of such tax in such account until payment over to the tax commission. Such notice shall remain in effect until a notice of cancellation is given by the tax commission.

* NB Effective December 31, 2029

(f) (1) Except as otherwise provided in this subdivision, a person required to collect tax who files a return required to be filed under section eleven hundred thirty-six of this part for a quarterly or longer

period shall be allowed a credit against the taxes and fees required to be reported on, and paid with, such return, in an amount as determined in paragraph two of this subdivision, but only where such person files the return on or before the filing due date and pays or pays over with such return the total amount shown on such return (determined with regard to this subdivision); provided, however, that no credit pursuant to this subdivision shall be allowed for any person who files or is required to file a return pursuant to paragraph two of subdivision (a) of section eleven hundred thirty-six of this part or any person who pays or is required to pay tax pursuant to section ten of this chapter.

(2) The amount of the credit authorized by paragraph one of this subdivision shall be five percent of the amount of taxes and fees (but not including any penalty or interest thereon) required to be reported on, and paid or paid over with, the return but only if the return is filed on or before the filing due date, but not more than two hundred dollars, for each quarterly or longer period, except that, with respect to returns required to be filed for quarterly or longer periods ending on or before the last day of February, two thousand seven, the amount of the credit shall be not more than one hundred seventy-five dollars for each such quarterly or longer period.

(3) Notwithstanding any other provision of law: The credit afforded by this subdivision shall be taken only on the return for the quarterly or longer period to which the credit applies. No refund, carryforward or carryback of any credit, or any interest thereon, and no application for credit or refund of any tax, penalty or interest shall be allowed or paid under this subdivision. No claim for credit may be filed or allowed under this subdivision other than with the original return for such period and any later claim, whether sought to be taken on an amended return or otherwise, shall be void and any allowance erroneous. The commissioner may, on the commissioner's own motion, correct any erroneous disallowance of the credit provided by this subdivision.

(4) Notwithstanding any other provision of law: The credit authorized by this subdivision shall be computed with reference to state and local taxes and fees described in paragraph two of this subdivision, but shall be charged and allowed only against revenues from taxes imposed by sections eleven hundred five and eleven hundred ten of this article. The commissioner shall account for the aggregate amounts of such credits

monthly in accordance with the schedule for certifications to the state comptroller in section twelve hundred sixty-one of this chapter. Such aggregate monthly amounts of credits shall be netted against revenues from the taxes under such sections eleven hundred five and eleven hundred ten, to ensure that revenues from the taxes and fees imposed by other sections of law or by counties, cities and school districts pursuant to the authority of article twenty-nine of this chapter are not reduced and are deposited as provided with respect to the taxes and fees imposed by such other sections or as provided in such article twenty-nine of this chapter with respect to taxes of counties, cities and school districts. Any overpayment or underpayment of revenues of a county, city or school district or of revenues from another tax or fee, on account of the allowance of credits under this subdivision, shall be adjusted in the manner described in subdivision (c) of such section twelve hundred sixty-one of this chapter. The credit authorized by this subdivision shall not be incorporated into article twenty-nine of this chapter or into local laws, ordinances or resolutions enacted pursuant to the authority of such article twenty-nine of this chapter.

(5) (i) Where a person takes a credit pursuant to this subdivision in an amount greater than allowed or under circumstances where the credit is not authorized, or (ii) where a person takes a credit pursuant to this subdivision at the time of filing a return for a quarterly or longer period and such person later becomes subject to a penalty imposed under subparagraph (vi) of paragraph one of subdivision (a) or under paragraph two of subdivision (a) of section eleven hundred forty-five of this part or is later found guilty of a crime or offense under section eighteen hundred three, eighteen hundred four, eighteen hundred five, eighteen hundred six, or eighteen hundred seventeen of this chapter, relating to the period for which the return was filed, the amount of such credit taken in such greater amount, under such circumstances or for such period shall be disallowed and the person shall be required to pay, as tax, an amount equal to the credit so taken, at such time and in such manner as prescribed by the commissioner; provided, however, that such amount shall be paid and disposed of in the same manner as other revenues from this article, and may be determined, assessed, collected and enforced in the same manner as the tax imposed by this article.

§ 1137-A. Returns of estimated tax and payments. (a) Notwithstanding any other provision of this article, every person whose taxable receipts, amusement charges and rents totaled three hundred thousand dollars or more in the quarterly period ending November thirtieth, nineteen hundred seventy-five, shall file, with or as part of the quarterly return and payment due March twentieth, nineteen hundred seventy-six, a return setting forth the total sales and compensating use taxes estimated to be payable by such person for the month of March, nineteen hundred seventy-six calculated for such month in the manner set forth in subdivisions (a) and (b) of section eleven hundred thirty-seven and pay to the tax commission the tax so calculated. Any adjustment necessary to properly report and pay the tax for March, nineteen hundred seventy-six shall be reported on and paid with the monthly return due April twentieth, nineteen hundred seventy-six. The penalty provided for in subdivision (a) of section eleven hundred forty-five shall apply for purposes of the return and payment of estimated tax required to be filed and paid under this subdivision. Provided, however, no penalty or interest shall be payable with respect to such return and payment of estimated tax if such return is timely filed, accompanied by a payment of not less than ninety percent of the tax as finally determined to be due and payable for March, nineteen hundred seventy-six. Provided, further, that interest at the rate authorized under subdivision nine of section eleven hundred forty-two, shall be payable upon the amount of any underpayment of the tax due with such return, but not beyond April twentieth, nineteen hundred seventy-six.

(b) For the period commencing March first, nineteen hundred seventy-seven and ending February twenty-eighth, nineteen hundred eighty-three, every person required to file a monthly return pursuant to subdivision (a) of section eleven hundred thirty-six, shall file, on or before each twentieth day of March, with or as part of the monthly return and payment otherwise due in such month, either: (i) a long-form, part-quarterly return setting forth the total sales and compensating use taxes estimated to be payable by such person for such month of March calculated for such month in the manner set forth in subdivisions (a) and (b) of section eleven hundred thirty-seven; or, (ii) in the event such person is otherwise eligible and so elects, a

short-form, part-quarterly return, and in either case, pay to the tax commission the tax calculated thereunder. Any adjustment necessary to properly report and pay the tax for March shall be reported on and paid with the monthly return due in April.

(c) For the period commencing March first, nineteen hundred eighty-three and ending February twenty-eight, nineteen hundred ninety-one, every person required to file a monthly return pursuant to subdivision (a) of section eleven hundred thirty-six of this article, shall file, on or before each twentieth day of March, with or as part of the monthly return and payment otherwise due in such month, a March estimated return setting forth, either: (i) the sales and compensating use taxes estimated to be payable by such person for such month of March calculated for such month in the manner set forth in paragraph two of subdivision (c) of section eleven hundred thirty-seven; or, (ii) in the event such person has had at least four successive quarterly tax periods immediately preceding the March for which the return is to be filed and so elects, one-third of the sales and compensating use taxes payable by such person to the commissioner for the comparable quarter of the immediately preceding year calculated for such comparable quarter in the manner set forth in paragraph one of subdivision (c) of section eleven hundred thirty-seven. In either case, such person shall pay to the commissioner the tax so calculated. Any adjustment necessary to properly report and pay the tax for March shall be reported on and paid with the monthly return due in April.

(d) Except as otherwise provided in this article and to the extent not inconsistent with this section, all of the provisions of this article shall apply for purposes of the estimated tax provided for in this section.

§ 1138. Determination of tax. (a) (1) If a return required by this article is not filed, or if a return when filed is incorrect or insufficient, the amount of tax due shall be determined by the commissioner from such information as may be available. If necessary, the tax may be estimated on the basis of external indices, such as stock on hand, purchases, rental paid, number of rooms, location, scale of rents or charges, comparable rents or charges, type of accommodations

and service, number of employees or other factors. In the case of retail food stores and other participants approved for participation in the federal food stamp program under or pursuant to the federal food stamp act of nineteen hundred seventy-seven (7 U.S.C. § 2011 et seq.), as amended, whose records are incomplete or inadequate to determine tax, the external indices upon which tax may be estimated and determined may also include information contained in applications, updates of applications, redemption certificates, returns and reports which such retail food stores and other participants furnish to or are furnished by the United States government or this state or their agencies in order for such retail food stores and other participants to participate in the food stamp program or to redeem coupons issued under or pursuant to such food stamp act and any other available information considered relevant. Notice of such determination shall be mailed to the person or persons liable for the collection or payment of the tax. A notice of determination shall be mailed by certified or registered mail to the person or persons liable for the collection or payment of the tax at his last known address in or out of this state. If such person or persons is deceased or under a legal disability, a notice of determination may be mailed to his last known address in or out of this state, unless the department has received notice of the existence of a fiduciary relationship with respect to the taxpayer. After ninety days from the mailing of a notice of determination, such notice shall be an assessment of the amount of tax specified in such notice, together with the interest, additions to tax and penalties stated in such notice, except only for any such tax or other amounts as to which the taxpayer has within such ninety day period applied to the division of tax appeals for a hearing, or unless the commissioner of his own motion shall redetermine the same. If the notice of determination is addressed to a person outside of the United States, such period shall be one hundred fifty days instead of ninety days.

(2) Whenever such tax is estimated as provided for in this section, such notice shall contain a statement in bold face type conspicuously placed on such notice advising the taxpayer: that the amount of the tax was estimated; that the tax may be challenged through a hearing process; and that the petition for such challenge must be filed with the tax commission within ninety days.

(3) (A) The liability of a purchaser, transferee or assignee of business assets sold, transferred or assigned in bulk for the payment to the state of taxes determined to be due from the seller, transferor or assignor arising under subdivision (c) of section eleven hundred forty-one of this chapter shall be an assessment of the liability determined unless the purchaser, transferee or assignee, within ninety days after the giving of notice by the tax commission to such purchaser, transferee or assignee of the total amount of any tax or taxes which the state claims to be due from the seller, transferor or assignor, shall apply to the tax commission for a hearing or unless the tax commission, on its own motion, shall redetermine such liability. Where the tax commission determines that the amount of taxes claimed to be due from the seller, transferor or assignor is erroneous or excessive in whole or in part it shall, on behalf of the purchaser, transferee or assignee, determine the amount of tax or taxes properly due and if such amount is less than the amount of taxes for which the purchaser would have been liable in the absence of such determination it shall reduce such liability accordingly. The commission may, on its motion, abate, on behalf of the purchaser, transferee or assignee, any part of the taxes determined to be erroneous or excessive, whether or not such taxes had become finally and irrevocably fixed.

(B) The liability, pursuant to subdivision (a) of section eleven hundred thirty-three of this article, of any officer, director or employee of a corporation or of a dissolved corporation, member or employee of a partnership or employee of an individual proprietorship who as such officer, director, employee or member is under a duty to act for such corporation, partnership or individual proprietorship in complying with any requirement of this article for the tax imposed, collected or required to be collected, or for the tax required to be paid or paid over to the commissioner under this article, and the amount of such tax liability (whether or not a return is filed under this article, whether or not such return when filed is incorrect or insufficient, or where the tax shown to be due on the return filed under this article has not been paid or has not been paid in full) shall be determined by the commissioner in the manner provided for in paragraphs one and two of this subdivision. Such determination shall be an assessment of the tax and liability for the tax with respect to such

person unless such person, within ninety days after the giving of notice of such determination, shall apply to the division of tax appeals for a hearing. If such determination is identical to or arises out of a previously issued determination of tax of the corporation, dissolved corporation, partnership or individual proprietorship for which such person is under a duty to act, an application filed with the division of tax appeals on behalf of the corporation, dissolved corporation, partnership or individual proprietorship shall be deemed to include any and all subsequently issued personal determinations and a separate application to the division of tax appeals for a hearing shall not be required. The commissioner may, nevertheless, of their own motion, redetermine such determination of tax or liability for tax. Where the commissioner determines or redetermines that the amount of tax claimed to be due from a vendor of tangible personal property or services, a recipient of amusement charges, or an operator of a hotel or short term rental unit is erroneous or excessive in whole or in part, they shall redetermine the amount of tax properly due from any such person as a person required to collect tax with respect to such vendor, recipient, or operator, and if such amount is less than the amount of tax for which such person would have been liable in the absence of such determination or redetermination, they shall reduce such liability accordingly. Furthermore, the commissioner may, of their own motion, abate on behalf of any such person, any part of the tax determined to be erroneous or excessive whether or not such tax had become finally and irrevocably fixed with respect to such person but no claim for abatement may be filed by any such person. The provisions of this paragraph shall not be construed to limit in any manner the powers of the attorney general under subdivision (a) of section eleven hundred forty-one of this part or the powers of the commissioner to issue a warrant under subdivision (b) of such section against any person whose liability has become finally and irrevocably fixed.

(C) The liability of any person as an owner of a filling station, for the penalty imposed by subparagraph (vii) of paragraph one of subdivision (a) of section eleven hundred forty-five, and the amount of such penalty shall be determined by the tax commission. Such determination shall be an assessment of the amount of and liability for penalty with respect to such person unless such person, within ninety

days after the giving of notice of such determination, shall apply to the tax commission for a hearing. The tax commission may, nevertheless, of its own motion, redetermine such determination or liability for penalty. Furthermore, the tax commission may, of its own motion, abate any part of the penalty determined to be erroneous or excessive whether or not such penalty has become finally and irrevocably fixed with respect to such person but no claim for abatement may be filed by any such person. The provisions of this paragraph shall not be construed to limit in any manner the powers of the attorney general under subdivision (a) of section eleven hundred forty-one of this article or the powers of the tax commission to issue a warrant under subdivision (b) of such section against any person whose liability has become finally and irrevocably fixed.

(D) The liability of any person, as an owner of a place of business selling cigarettes at retail, for the penalty imposed by subparagraph (viii) of paragraph one of subdivision (a) of section eleven hundred forty-five of this article and the amount of such penalty shall be determined by the commissioner. Such determination shall be an assessment of the amount of and liability for such penalty with respect to such person, unless such person, within ninety days after the giving of notice of such determination, shall apply to the division of tax appeals for a hearing. The commissioner may, nevertheless, on the commissioner's own motion, redetermine such determination. Furthermore, the commissioner may, on the commissioner's own motion, abate any part of the penalty determined to be erroneous or excessive whether or not such penalty has become finally and irrevocably fixed with respect to such person; but no claim for abatement may be filed by any such person. The provisions of this paragraph shall not be construed to limit in any manner the powers of the attorney general under subdivision (a) of section eleven hundred forty-one of this article or the powers of the commissioner to issue a warrant under subdivision (b) of such section against any person whose liability has become finally and irrevocably fixed.

(E) In addition to any other liability a credit card issuer or fuel distributor may have, the commissioner shall determine any or all of the following liabilities: (1) any tax, interest or penalty liability of a credit card issuer or fuel distributor for any credit allowed or refund

paid under subdivision (h) of section eleven hundred thirty-nine of this part which was erroneously, illegally or unconstitutionally allowed or paid to such credit card issuer or fuel distributor, or (2) the penalty imposed by subparagraph (ix) of paragraph one of subdivision (a) of section eleven hundred forty-five of this part. In any such instance, the commissioner shall give the credit card issuer or fuel distributor notice of such determination in the manner described in paragraph one and two of this subdivision. Such determination shall be an assessment of any such liability unless such credit card issuer or fuel distributor, within ninety days after the giving of such notice and determination, shall apply to the commissioner for a hearing. The commissioner may, nevertheless, of his or her own motion, redetermine such determination or liability for penalty. Furthermore, the commissioner may, of his or her own motion, abate any part of the penalty determined to be erroneous or excessive whether or not such penalty has become finally and irrevocably fixed with respect to such issuer or fuel distributor but no claim of abatement may be filed by such issuer or fuel distributor. The provisions of this paragraph shall not be construed to limit in any manner the powers of the attorney general under subdivision (a) of section eleven hundred forty-one of this part or the powers of the commissioner to issue a warrant under subdivision (b) of such section against any such issuer or fuel distributor whose liability has become finally and irrevocably fixed.

(4) After the hearing provided for in paragraph one or three of this subdivision, the division of tax appeals shall give notice promptly by registered or certified mail of the determination of the administrative law judge to the petitioner and to the commissioner of taxation and finance. Such determination may be reviewed by the tax appeals tribunal as provided in article forty of this chapter. The decision of the tax appeals tribunal may be reviewed as provided in section two thousand sixteen of this chapter. Such a proceeding for judicial review shall not be instituted unless the amount of any tax sought to be reviewed, with penalties and interest thereon, if any, shall be first deposited with the commissioner of taxation and finance and there shall be filed with the commissioner of taxation and finance an undertaking, issued by a surety company authorized to transact business in this state and approved by the superintendent of financial services of this state as to

solvency and responsibility, in such amount as a justice of the supreme court shall approve to the effect that if such proceeding be dismissed or the tax confirmed the petitioner will pay all costs and charges which may accrue in the prosecution of the proceeding, or at the option of the petitioner such undertaking filed with the commissioner of taxation and finance may be in a sum sufficient to cover the taxes, penalties and interest thereon stated in such determination plus the costs and charges which may accrue against him in the prosecution of the proceeding, in which event the petitioner shall not be required to deposit such taxes, penalties and interest as a condition precedent to the commencement of the proceeding. The preceding sentence shall not apply to a proceeding brought to review a determination made under subparagraph (B) of paragraph three of this subdivision.

(b) If the tax commission believes that the collection of any tax will be jeopardized by delay it may determine the amount of such tax and assess the same, together with all interest and penalties provided by law, against any person liable therefor prior to the filing of his return and prior to the date when his return is required to be filed. The amount so determined shall become due and payable to the tax commission by the person against whom such a jeopardy assessment is made, as soon as notice thereof is given to him personally or by registered or certified mail. The provisions of subdivision (a) of this section shall apply to any such determination except to the extent that they may be inconsistent with the provisions of this subdivision. The tax commission may abate any jeopardy assessment if it finds that jeopardy does not exist. The collection of any jeopardy assessment may be stayed by filing with the tax commission a bond issued by a surety company authorized to transact business in this state and approved by the superintendent of financial services as to solvency and responsibility, conditioned upon payment of the amount assessed and interest thereon, or any lesser amount to which such assessment may be reduced by the tax commission or by a proceeding under article seventy-eight of the civil practice law and rules as provided in subdivision (a), such payment to be made when the assessment or any such reduction thereof shall have become final and not subject to further review. If such a bond is filed and thereafter a proceeding under article seventy-eight is commenced as provided in subdivision (a),

deposit of the taxes, penalties and interest assessed shall not be required as a condition precedent to the commencement of such proceeding. Where a jeopardy assessment is made, any property seized for the collection of the tax shall not be sold (1) until expiration of the time to apply for a hearing as provided in subdivision (a) of this section, and (2) if such application is timely filed, until the expiration of four months after the tax commission has given notice of its determination to the person against whom the assessment is made; provided, however, such property may be sold at any time if such person has failed to attend a hearing of which he has been duly notified, or if he consents to the sale, or if the tax commission determines that the expenses of conservation and maintenance will greatly reduce the net proceeds, or if the property is perishable.

(c) A person liable for collection or payment of tax (whether or not a determination assessing a tax pursuant to subdivision (a) of this section has been issued) shall be entitled to have a tax due assessed prior to the ninety-day period referred to in subdivision (a) of this section, by filing with the tax commission a signed statement in writing, in such form as the tax commission shall prescribe, consenting thereto.

(d) Except as otherwise provided in subdivision (a) of this section, the provisions of this section shall not be applicable to the liability of a purchaser, transferee or assignee arising under the provisions of subdivision (c) of section eleven hundred forty-one of this chapter.

§ 1139. Refunds. (a) In the manner provided in this section the tax commission shall refund or credit any tax, penalty or interest erroneously, illegally or unconstitutionally collected or paid if application therefor shall be filed with the tax commission (i) in the case of tax paid by the applicant to a person required to collect tax, within three years after the date when the tax was payable by such person to the tax commission as provided in section eleven hundred thirty-seven, or (ii) in the case of a tax, penalty or interest paid by the applicant to the tax commission, within three years after the date when such amount was payable under this article, or (iii) in the case of a tax due from the seller, transferor or assignor and paid by the

applicant to the tax commission where the applicant is a purchaser, transferee or assignee liable for such tax pursuant to the provisions of subdivision (c) of section eleven hundred forty-one of this chapter, within two years after the giving of notice by the tax commission to such purchaser, transferee or assignee of the total amount of any tax or taxes which the state claims to be due from the seller, transferor or assignor. Such application shall be in such form as the tax commission shall prescribe. No refund or credit shall be made to any person of tax which he collected from a customer until he shall first establish to the satisfaction of the tax commission, under such regulations as it may prescribe, that he has repaid such tax to the customer. Notwithstanding any other provision of this article, if the time to file an application for refund or credit of any tax, penalty or interest would otherwise have expired on or before December nineteenth, nineteen hundred sixty-nine, the time for filing such application is hereby extended to and including December twentieth, nineteen hundred sixty-nine, except that it shall be further extended, as provided in subdivision (c) of section eleven hundred forty-seven, where a taxpayer has consented in writing to the extension of the period for assessment of additional tax.

(b) If an application for refund or credit is filed with the commissioner of taxation and finance as provided in subdivision (a) of this section, the commissioner of taxation and finance shall grant or deny such application in whole or in part within six months of receipt of the application in a form which is able to be processed and shall notify such applicant by mail accordingly. Such determination shall be final and irrevocable unless such applicant shall, within ninety days after the mailing of notice of such determination, petition the division of tax appeals for a hearing. After such hearing, the division of tax appeals shall mail notice of the determination of the administrative law judge to such applicant and to the commissioner of taxation and finance. Such determination may be reviewed by the tax appeals tribunal as provided in article forty of this chapter. The decision of the tax appeals tribunal may be reviewed as provided in section two thousand sixteen of this chapter.

(c) Claim for credit or refund of an overpayment of sales tax shall be filed by the taxpayer within three years from the time the return was filed or two years from the time the tax was paid, whichever of such

periods expires the later, or if no return was filed, within two years from the time the tax was paid. If the claim is filed within the three year period, the amount of the credit or refund shall not exceed the portion of the tax paid within the three years immediately preceding the filing of the claim plus the period of any extension of time for filing the return. If the claim is not filed within the three year period, but is filed within the two year period, the amount of the credit or refund shall not exceed the portion of the tax paid during the two years immediately preceding the filing of the claim. Except as otherwise provided in this section, if no claim is filed, the amount of a credit or refund shall not exceed the amount which would be allowable if a claim had been filed on the date the credit or refund is allowed. No refund or credit shall be made of a tax, interest or penalty paid after a determination by the commissioner made pursuant to section eleven hundred thirty-eight unless it be found that such determination was erroneous, illegal or unconstitutional or otherwise improper, by the division of tax appeals pursuant to article forty of this chapter or by the commissioner of his own motion, or in a proceeding for judicial review provided for in section two thousand sixteen of this chapter, in which event a refund or credit shall be made of the tax, interest or penalty found to have been overpaid.

(d) (1) Except in respect to an overpayment made on a return described in paragraph two of subdivision (a) of section eleven hundred thirty-six of this part or on a return described in subdivision (c) of section eleven hundred thirty-seven-A of this part, interest shall be allowed and paid upon any refund made or credit allowed pursuant to this section except as otherwise provided in paragraph two of this subdivision or subdivision (e) of this section and except that no interest shall be allowed or paid if the amount thereof would be less than one dollar. Such interest shall be at the overpayment rate set by the commissioner pursuant to section eleven hundred forty-two of this part, or if no rate is set, at the rate of six percent per annum from the date when the tax, penalty or interest refunded or credited was paid to a date preceding the date of the refund check by not more than thirty days, provided, however, that for the purposes of this subdivision any tax paid before the last day prescribed for its payment shall be deemed to have been paid on such last day. In the case of a refund or credit claimed on a

return of tax which is filed after the last date prescribed for filing such return (determined with regard to extensions), or claimed on an application for refund or credit, no interest shall be allowed or paid for any day before the date on which the return or application is filed. For purposes of this subdivision, a return or application for refund or credit shall not be treated as filed until it is filed in processible form. A return or application is in a processible form if it is filed on a permitted form, and contains the taxpayer's name, address and identifying number and the required signatures, and sufficient required information (whether on the return or application or on required attachments) to permit the mathematical verification of tax liability shown on the return or refund or credit claimed on the application.

(2) If a refund is made or a credit is allowed within three months after the last date prescribed or permitted by extension of time for filing a return on which the refund or credit was claimed or within three months after the return was filed, whichever is later, or within three months after an application for refund or credit is filed on which that refund or credit was claimed, no interest will be allowed or paid on that refund or credit.

(e) The provisions of subdivisions (a), (b) and (c) of this section shall be applicable to applications for refund or credit pursuant to section eleven hundred nineteen and subdivision (e) of section eleven hundred thirty-two, except that an application for credit may be made as provided in such section or subdivision and except that no interest shall be allowed or paid upon any refund made or credit allowed pursuant to such section or such subdivision.

(f) Where a consumer returns a motor vehicle to and receives a refund of the full purchase price, capitalized cost or a portion thereof from the manufacturer in accordance with the provisions of section one hundred ninety-eight-a or subdivision five of section three hundred ninety-six-p of the general business law, the commissioner of taxation and finance shall refund to such consumer any tax paid by the consumer on the amount of the purchase price, capitalized costs and fees and charges refunded by the manufacturer which is not in excess of the receipts and proportionate to the receipts subject to tax. All the provisions of this section shall apply to the refund authorized by this subdivision, provided, however, that a request for a refund under this

subdivision shall be timely made if such request for a refund is made within three years of the date the refund from the manufacturer is received by a consumer pursuant to subdivision (c) of section one hundred ninety-eight-a of the general business law and further provided that interest allowable under subdivision (d) of this section shall be payable from the date which is three months after the date the application for refund in processible form is received.

(g) The tax commission shall refund or credit any tax imposed, under subdivision (a) of section eleven hundred five or section eleven hundred ten, and paid on or after July first, nineteen hundred eighty-seven with respect to:

(i) tractors, trailers or semi-trailers, as such terms are defined in article one of the vehicle and traffic law, and property installed on such vehicles for their equipping, maintenance or repair provided such vehicle is used in combination where the gross vehicle weight of such combination exceeds twenty-six thousand pounds; and

(ii) services, if performed upon tractors, trailers or semi-trailers described in paragraph (i) of this subdivision or on property installed on such vehicles for their equipping, maintenance or repair.

All of the provisions of this section shall apply to the refund authorized by this subdivision, provided, however, that interest allowable under subdivision (d) of this section shall be payable in accordance with such subdivision but only from the date the tax, penalty or interest refunded or credited was paid, or was deemed to have been paid, to March thirty-first, nineteen hundred eighty-eight and from the date which is ninety days after the date the application for refund in processible form is received.

(h)(1) Notwithstanding any provision of the law to the contrary, pursuant to the provisions of this subdivision, the commissioner shall refund or credit to (i) a credit card issuer tax paid pursuant to this article in respect to motor fuel and diesel motor fuel purchased by a government entity and paid for by such government entity with a credit card issued by such credit card issuer or (ii) a fuel distributor tax paid pursuant to this article in respect to motor fuel and diesel motor fuel purchased by a government entity and paid for by such government entity with a credit card issued by a credit card issuer. Such credit

card issuer or such fuel distributor, as designated by the parties in a written designation to the commissioner, shall be the only person eligible to receive such refund or credit, provided that: (A) such taxes were actually paid to the commissioner; (B) the fuel so purchased by the government entity is for its own use or consumption such that the purchase qualifies as an exempt purchase pursuant to an exception in paragraph five of subdivision (b) of section eleven hundred sixteen of this article; (C) the credit card issuer or fuel distributor meets the requirements of paragraph two of this subdivision; and (D) the commissioner has not issued a notice pursuant to subdivision fourteen of section eleven hundred forty-two of this part indicating that the credit card issuer or fuel distributor is no longer allowed to claim a refund or credit under this subdivision for the fuel purchased by a particular government entity. Such application for credit or refund shall be submitted after the end of the quarter in which the vendor of the motor fuel or diesel motor fuel was required to report the tax liability it collected from the credit card issuer or fuel distributor pursuant to section eleven hundred thirty-six of this part, but within the applicable statute of limitations as required under this section.

(2) In order to be eligible to receive the refund or credit provided for in paragraph one of this subdivision, the credit card issuer or fuel distributor shall: (A) file with the commissioner a certificate of registration and receive a certificate of authority pursuant to section eleven hundred thirty-four of this part, if not already so registered, provided, however, the credit card issuer or fuel distributor shall provide such additional information as the commissioner may require; (B) establish it has (i) not charged or otherwise received any tax, or any amount purportedly as tax, from the government entity making the purchase; and (ii) filed a written consent signed by the chief fiscal officer of the government entity stating that no tax was charged to such government entity by the credit card issuer or fuel distributor, and that therefore the government entity has no claim for a credit or refund relating to its purchases of motor fuel or diesel motor fuel effected with the credit card issuer's credit card and that no such claim has or will be made by the government entity; (C) establish either that (i) the retail station or other vendor has been repaid the amount of tax it charged to the government entity on the government entity's purchase of

the motor fuel or diesel motor fuel, or (ii) obtained the written consent of the retail station or other vendor to the allowance of the credit or refund to the credit card issuer or fuel distributor; and (D) provide such detailed transactional and jurisdictional information to the commissioner as the commissioner may require, in the form requested by the commissioner.

(3)(A) The term "government entity" means an entity described in paragraph one, two or three of subdivision (a) of section eleven hundred sixteen of this article or any diplomatic mission or diplomatic personnel who are permitted by the United States to purchase fuel and diesel motor fuel exempt from the taxes imposed pursuant to this article and articles twelve-A and thirteen-A of this chapter.

(B) The term "credit card issuer" means a person which finances the exempt purchase of motor fuel or diesel motor fuel by a government entity by means of a credit or other access card issued to the government entity by such person.

(C) The term "fuel distributor" means any person who is a registered distributor under article twelve-A of this chapter and who is registered as a person required to collect tax pursuant to this article.

(4) If any requirement of paragraph two of this subdivision is not met, or if the credit card issuer and, where applicable, the fuel distributor, receive a notice pursuant to subdivision fourteen of section eleven hundred forty-two of this article, then an amount equal to the tax imposed by this article shall be collected from the government entity, notwithstanding such entity's exempt status, and such government entity shall be responsible for seeking any credit or refund which it may be allowed under this article.

(5) The provisions of subdivisions (a), (b) and (c) of this section shall also apply to an application for refund or credit pursuant to this subdivision, except to the extent that such subdivisions are inconsistent with this subdivision, and except that no interest shall be allowed or paid upon any refund made or credit allowed pursuant to this subdivision. Any document required pursuant to this subdivision shall be in such form and contain such information as the commissioner shall prescribe.

(6) A credit card issuer or fuel distributor designated pursuant to this subdivision to receive the refund or credit and its officers,

directors, employees, managers and members under a duty to act for such credit card issuer or fuel distributor in complying with any requirement of this article and, where such credit card issuer or fuel distributor is a partnership or limited liability company, any member of such partnership or company shall be deemed to be persons required to collect tax and shall be personally liable in accordance with section eleven hundred thirty-three of this article with respect to the liabilities described in subparagraph (E) of paragraph three of subdivision (a) of section eleven hundred thirty-eight of this part. Nothing in this subdivision shall be construed to require a credit card issuer to file a return pursuant to section eleven hundred thirty-six of this part unless otherwise required to do so by another provision of this article or unless the commissioner, in his or her discretion, determines it is necessary for the proper enforcement of this article for credit card issuers or distinct classes of such issuers to file such returns and gives notice of such determination to such issuers.

(7) Nothing in this subdivision shall be construed to exempt (A) the purchase of motor fuel or diesel motor fuel by a government entity where it is not the ultimate user or consumer of such fuel, or (B) any sale by a government entity of motor fuel or diesel motor fuel.

§ 1140. Remedies exclusive. The remedies provided by sections eleven hundred thirty-eight and eleven hundred thirty-nine shall be exclusive remedies available to any person for the review of tax liability imposed by this article; and no determination or proposed determination of tax or determination on any application for refund shall be enjoined or reviewed by an action for declaratory judgment, an action for money had and received, or by any action or proceeding other than a proceeding under article seventy-eight of the civil practice law and rules.

§ 1141. Proceedings to recover tax. (a) Whenever any person required to collect tax shall fail to collect or pay over any tax, penalty or interest imposed by this article as therein provided, or whenever any customer shall fail to pay any such tax, penalty or interest, the attorney general shall, upon the request of the tax commission, bring or

cause to be brought an action to enforce the payment of the same on behalf of the state of New York in any court of the state of New York or of any other state or of the United States.

(b) As an additional or alternate remedy, the tax commission may issue a warrant, directed to the sheriff of any county commanding him to levy upon and sell the real and personal property of any person liable for the tax, which may be found within his county, for the payment of the amount thereof, with any penalties and interest, and the cost of executing the warrant, and to return such warrant to the tax commission and to pay it the money collected by virtue thereof within sixty days after the receipt of such warrant. The sheriff shall within five days after the receipt of the warrant file with the county clerk a copy thereof, and thereupon such clerk shall enter in the judgment docket the name of the person mentioned in the warrant and the amount of the tax, penalties and interest for which the warrant is issued and the date when such copy is filed. Thereupon the amount of such warrant so docketed shall become a lien upon the title to and interest in real and personal property of the person against whom the warrant is issued. Such lien shall not apply to personal property unless such warrant is filed in the department of state. The sheriff shall then proceed upon the warrant, in the same manner, and with like effect, as that provided by law in respect to executions issued against property upon judgments of a court of record and for services in executing the warrant he shall be entitled to the same fees, which he may collect in the same manner. In the discretion of the tax commission a warrant of like terms, force and effect may be issued and directed to any officer or employee of the department of taxation and finance, and in the execution thereof such officer or employee shall have all the powers conferred by law upon sheriffs, but shall be entitled to no fee or compensation in excess of the actual expenses paid in the performance of such duty. Upon such filing of a copy of a warrant, the tax commission shall have the same remedies to enforce the amount due thereunder as if the state had recovered judgment therefor.

(c) Whenever a person required to collect tax shall make a sale, transfer, or assignment in bulk of any part or the whole of his business assets, otherwise than in the ordinary course of business, the purchaser, transferee or assignee shall at least ten days before taking

possession of the subject of said sale, transfer or assignment, or paying therefor, notify the tax commission by registered mail of the proposed sale and of the price, terms and conditions thereof whether or not the seller, transferrer or assignor, has represented to, or informed the purchaser, transferee or assignee that he owes any tax pursuant to this article, and whether or not the purchaser, transferee, or assignee has knowledge that such taxes are owing, and whether any such taxes are in fact owing.

Whenever the purchaser, transferee or assignee shall fail to give notice to the tax commission as required by the preceding paragraph, or whenever the tax commission shall inform the purchaser, transferee or assignee that a possible claim for such tax or taxes exists, any sums of money, property or choses in action, or other consideration, which the purchaser, transferee or assignee is required to transfer over to the seller, transferrer or assignor shall be subject to a first priority right and lien for any such taxes theretofore or thereafter determined to be due from the seller, transferrer or assignor to the state, and the purchaser, transferee or assignee is forbidden to transfer to the seller, transferrer or assignor any such sums of money, property or choses in action to the extent of the amount of the state's claim. Within ninety days of receipt of the notice of the sale, transfer, or assignment from the purchaser, transferee or assignee, the tax commission shall give notice to the purchaser, transferee or assignee and to the seller, transferrer, or assignor of the total amount of any tax or taxes which the state claims to be due from the seller, transferrer, or assignor to the state, and whenever the tax commission shall fail to give such notice to the purchaser, transferee, or assignee and the seller, transferrer, or assignor within ninety days from receipt of notice of the sale, transfer, or assignment, such failure will release the purchaser, transferee or assignee from any further obligation to withhold any sums of money, property or choses in action, or other consideration, which the purchaser, transferee or assignee is required to transfer over to the seller, transferrer or assignor, except that with respect to pending matters such ninety day periods shall not begin to run until ninety days after the effective date of this provision. For failure to comply with the provisions of this subdivision

the purchaser, transferee or assignee, in addition to being subject to the liabilities and remedies imposed under the provisions of article six of the uniform commercial code, shall be personally liable for the payment to the state of any such taxes theretofore or thereafter determined to be due to the state from the seller, transferrer or assignor, except that the liability of the purchaser, transferee or assignee shall be limited to an amount not in excess of the purchase price or fair market value of the business assets sold, transferred or assigned to such purchaser, transferee, or assignee, whichever is higher, and such liability may be assessed and enforced in the same manner as the liability for tax under this article. Upon receipt within the ninety days as aforesaid of the notice of the total amount of the state's claim from the tax commission, and demand for payment thereof, the purchaser, transferee or assignee may make payment of such claim to the state from any sums of money, property, or choses in action withheld in accord with the provisions of this paragraph, except that such payment shall be limited to an amount not in excess of the purchase price or fair market value of the business assets sold, transferred, or assigned to such purchaser, transferee, or assignee, whichever is higher, and upon making the payment, such purchaser, transferee, or assignee shall be relieved of all liability for such amounts to the seller, transferrer, or assignor, and such amounts paid to the state shall be deemed satisfaction of the tax liability of the seller, transferrer, or assignor to the extent of the amount of such payment.

Where the liability of a purchaser, transferee or assignee, for the payment to the state of any such taxes determined to be due from the seller, transferrer or assignor, has been wholly paid or satisfied or no longer exists, the tax commission shall mail to such purchaser, transferee or assignee a notice, addressed to his last known address, setting forth that such liability has been wholly paid or satisfied or no longer exists. The tax commission shall include in such notice the following additional information:

- (1) the name and last known address of the purchaser, transferee or assignee;
- (2) the amount of the lien paid, satisfied or vacated; and
- (3) a statement to the effect that consumer reporting agencies must

delete from a credit file any reference to the particular tax lien within thirty days of receipt from the purchaser, transferee or assignee of such notice. Provided, however, no order or decree in a bankruptcy proceeding shall be construed as giving rise to the requirement that the notice provided for in this paragraph be given.

§ 1142. General powers of the tax commission. In addition to the powers granted to the tax commission in this article, it is hereby authorized and empowered:

1. To make, adopt and amend rules and regulations appropriate to the carrying out of this article and the purposes thereof;

2. To extend, for cause shown, the time of filing any return or report for a period not exceeding three months; and for cause shown, to remit penalties but not interest computed at the rate of six percent per annum;

3. To delegate its functions hereunder to a deputy commissioner of taxation and finance or any employee or employees of the department of taxation and finance;

4. To prescribe methods for determining the amount of receipts, amusement charges, dues or rents and for determining which of them are taxable and which are nontaxable;

5. To require any person required to collect tax to keep detailed records of all receipts, amusement charges, dues or rents received, charged or accrued, including those claimed to be nontaxable, and also of the nature, type, value and amount of all purchases, sales, services rendered, admissions, memberships, occupancies, names and addresses of customers, and other facts relevant in determining the amount of tax due and to furnish such information upon request to the tax commission;

6. To assess, determine, revise and readjust the taxes imposed by this article;

7. To publish and maintain, as it deems necessary, lists of specific items of tangible personal property which are found to be foods and drugs exempt from tax under paragraphs (1) and (3) of section eleven hundred fifteen. Assistance and cooperation in the formulation of such lists shall be provided by the department of health upon request by the tax commission.

8. To make such provision as it deems necessary for the joint administration of the state and local taxes imposed by this article and authorized by article twenty-nine of the tax law, including the joint reporting, assessment, collection, determination and refund of such taxes, and for that purpose to prescribe by regulation that any of the commission's functions under said articles, and any returns, forms, statements, documents or information to be submitted to the commission under said articles, any books and records to be kept for purposes of the taxes imposed or authorized by said articles, any schedules of amounts to be collected under said articles, any registration required under said articles, and the payment of taxes under said articles shall be on a joint basis with respect to the taxes imposed by said articles.

9. To set the overpayment and underpayment rates of interest for purposes of sections eleven hundred thirty-nine and eleven hundred forty-five of this part. Such rates shall be the overpayment and underpayment rates of interest set pursuant to subsection (e) of section one thousand ninety-six of this chapter, but the underpayment rate shall not be less than seven and one-half percent per annum. Any such rates set by the commissioner shall apply to taxes, or any portion thereof, which remain or become due or overpaid on or after the date on which such rates become effective and shall apply only with respect to interest computed or computable for periods or portions of periods occurring in the period during which such rates are in effect. In computing the amount of any interest required to be paid under this article by the commissioner or by the taxpayer, or any other amount determined by reference to such amount of interest, such interest and such amount shall be compounded daily. The preceding sentence shall not apply for purposes of computing the amount of any interest for failure

to pay estimated tax under subparagraph (iv) of paragraph one of subdivision (a) of section eleven hundred forty-five of this part.

10. To delegate from time to time and in whole or in part, when it deems it to be in the best interests of the state, to the commissioner of finance of the city of New York and his employees and agents, and to the county executives of Nassau and Suffolk counties and their employees and agents its power to examine the books and records of any person in the city of New York or the counties of Nassau and Suffolk who is subject to the taxes imposed by or required to file returns pursuant to this article; provided, however, that (a) such delegation shall relate solely to examining books and records and not to review, assessment, appeal, or any other action taken on the basis of such examination, (b) every examination made pursuant to such delegation shall be conducted in accordance with the direction, methods, rules, practices, procedures, and regulations of the commissioner of taxation and finance, (c) no power shall be delegated to re-examine books and records for periods previously examined by the commissioner of taxation and finance, his agents or employees, and (d) such delegation shall limit the county executives of Nassau and Suffolk counties to examine only those books and records of persons within their respective counties.

11. To make such provision pursuant to rules and regulations for the joint administration, in whole or in part, of the state and local taxes imposed by this article and authorized by article twenty-nine of this chapter upon the sale of petroleum products and the taxes imposed by article twelve-A of this chapter and authorized to be imposed by such article, including the joint reporting, assessment, collection, determination and refund of such taxes, and for that purpose to prescribe that any of the commissioner's functions under said articles, and any returns, forms, statements, documents or information to be submitted to the commissioner under said articles, any books and records to be kept for purposes of the taxes imposed or authorized by said articles, any schedules of amounts to be collected under said articles, any registration required under said articles, and the payment of taxes under said articles shall be on a joint basis with respect to the taxes imposed by said articles.

12. To make such provision pursuant to rules and regulations for the joint administration, in whole or in part, of the taxes imposed by this article and pursuant to the authority of article twenty-nine of this chapter upon the sale or use of cigarettes and the taxes imposed by article twenty of this chapter, including the joint reporting, assessment, collection, determination and refund of such taxes, and, for that purpose, to prescribe that any of the commissioner's functions under such articles, any returns, forms, statements, documents or information to be submitted to the commissioner under such articles, any books and records required to be kept for purposes of the taxes imposed or authorized by such articles, any schedules of amounts to be collected under such articles, any registration required under such articles, and the payment of taxes by stamp, meter impression or otherwise under such articles shall be on a joint basis with respect to the taxes imposed or authorized by such articles.

13. To authorize a qualified person who is not the vendor with respect to a motor vehicle to collect any tax due under this article or pursuant to the authority of article twenty-nine of this chapter upon the sale or for the use of such motor vehicle, at the time such person performs the function of registering such vehicle or accepting an application for a certificate of title of such vehicle. A qualified person is a person (i) who is registered with the commissioner as provided in section eleven hundred thirty-four of this article (other than a person who elects to file a certificate of registration under paragraph three of subdivision (a) of section eleven hundred thirty-four of this article unless such person agrees to subject itself to the jurisdiction of this state as a condition for issuance of such certificate of registration and for authorization under this subdivision) and (ii) who the commissioner of motor vehicles has certified to the commissioner is a person authorized by the commissioner of motor vehicles to perform the function of registering a motor vehicle or accepting an application for a certificate of title of a motor vehicle, pursuant to the authority of the vehicle and traffic law. Where such a qualified person has been so authorized by the commissioner and performs such function or accepts such an application, (A) such person shall be deemed to be a person

required to collect tax with respect to the sale or use of such motor vehicle; (B) such person shall collect the tax as trustee for and on account of the state, in accordance with the provisions of subdivision (a) of section eleven hundred thirty-two of this article; (C) such person shall be personally liable for the tax imposed, collected or required to be collected under this article and pursuant to article twenty-nine of this chapter, as well as any penalty and interest in connection therewith, and for any moneys collected purportedly as tax; (D) such person shall be subject to and comply with all the other provisions of this article and article twenty-nine of this chapter and of any regulations adopted pursuant thereto, and to all the requirements and obligations thereof, and have all the benefits and entitlements, of a person required to collect tax under this article and pursuant to the authority of such article twenty-nine with respect to such sale or use and such tax required to be collected, as if the person were the vendor with respect to such motor vehicle, provided, however, that no person qualified under this article shall receive the credit allowed by subdivision (f) of section eleven hundred thirty-seven of this part; (E) such person shall keep such additional records, provide such additional information and cooperate with the commissioner, as provided by the commissioner, to ensure the proper collection and remittance of tax imposed, collected or required to be collected under this article and such article twenty-nine; and (F) notwithstanding any provision of law to the contrary, such person and any officer, director, manager, employee or agent of such person shall be deemed to be a person who in any manner has acquired knowledge of the contents of a return or report filed with the commissioner pursuant to this article and such article twenty-nine, with respect to any information such person or such officer, director, manager, employee or agent acquired in conjunction with performing such function of registering a motor vehicle or accepting such an application for a certificate of title; and any such information so acquired shall be deemed to be the contents of such a return or report, for purposes of section eleven hundred forty-six of this article. The term "such person" as used in the previous sentence shall include any officer, director, manager or employee of such person, who as such officer, director, manager or employee is under a duty to act for such person in complying with any requirement of this article or

such article twenty-nine or who is otherwise subject to complying with any such requirement of this article or article twenty-nine of this chapter and any member of a partnership or limited liability company. For purposes of this subdivision, the term "motor vehicle" shall have the same meaning that such term has for purposes of subdivision (f) of section eleven hundred thirty-two of this article. In order to effectuate the authority granted by this paragraph and to enforce and administer the taxes imposed by this article and pursuant to the authority of article twenty-nine of this chapter:

(a) The commissioner may modify the requirements to file returns and to pay or pay over tax or other moneys in section ten of this chapter, sections eleven hundred thirty-six and eleven hundred thirty-seven of this article and in such article twenty-nine, with respect to returns required to be filed under this article or pursuant to article twenty-nine of this chapter and taxes and moneys required to be paid or paid over under such sections ten and eleven hundred thirty-seven and article twenty-nine, by qualified persons authorized to collect tax under this subdivision, where the commissioner provides that any class of such persons shall pay or pay over such taxes or moneys to the commissioner of motor vehicles as agent of the commissioner.

(b) Any authorization granted pursuant to the opening paragraph of this subdivision shall be evidenced by a certificate issued by the commissioner and may be for a specified term; and, if such authorization is for a specified term, it shall be subject to renewal in accordance with rules promulgated by the commissioner. A qualified person to whom the commissioner has issued such a certificate shall display the certificate prominently at the place where such person performs such function or accepts such an application.

(c) In addition to the commissioner's authority in section eleven hundred thirty-four of this article, the commissioner may revoke or suspend the authority granted to a qualified person pursuant to this subdivision if such person fails to comply with any requirement of this article or article twenty-nine of this chapter or if the commissioner of motor vehicles advises the commissioner that such person is no longer certified to perform the functions described in the opening paragraph of this subdivision.

(d) In addition to any other general or specific authority under this

article to make, adopt and amend rules, regulations, procedures and forms, the commissioner may make, adopt and amend rules, regulations, procedures and forms necessary for the proper administration of this subdivision, to ensure the integrity and qualifications of any person seeking authorization under the opening paragraph of this subdivision, and to ensure the proper collection, payment over and protection of taxes imposed and revenues to be obtained under this article and pursuant to the authority of article twenty-nine of this chapter, together with any related penalties and interest and moneys collected purportedly as tax.

(e) The commissioner of motor vehicles shall cooperate with the commissioner and provide such information and assistance as the commissioner requires, to enable the commissioner to carry out the commissioner's responsibilities under this article, article twenty-nine of this chapter and the purposes thereof; and the commissioner of motor vehicles shall require a qualified person authorized pursuant to the opening paragraph of this subdivision to file with either the commissioner of motor vehicles or the commissioner a bond issued by a surety company authorized to transact business in this state and approved by the superintendent of financial services as to solvency and responsibility, or other security acceptable to the commissioner, in such amounts as the commissioner may fix, to secure the payment or payment over of any tax, penalties or interest due or which may become due from such person under this article or pursuant to the authority of article twenty-nine of this chapter, as well as any moneys collected by such person purportedly as tax imposed by this article or pursuant to article twenty-nine.

(f) Nothing in this subdivision shall be construed to mean or provide that a person required to collect tax shall not be required to collect tax when such person sells a motor vehicle to a purchaser who seeks or may seek to register or submit an application for a certificate of title for such vehicle with another person authorized to collect tax pursuant to the opening paragraph of this subdivision. Where a person required to collect tax is the vendor of a motor vehicle, such person must collect any tax due from the purchaser without regard to the other provisions of this subdivision.

14. To issue a notice to a credit card issuer and, where applicable, the fuel distributor, and any government entity, as such terms are defined in subdivision (h) of section eleven hundred thirty-nine of this part, that, as of the date specified by the commissioner in such notice, the credit card issuer or fuel distributor shall no longer be eligible to apply for refunds or credit with respect to purchases of motor fuel or diesel motor fuel by such government entity, the government entity shall no longer be eligible to employ any other credit card issuer or fuel distributor pursuant to such subdivision (h) and no such claim for credit or refund will be allowed or paid in accordance with such subdivision (h), where the commissioner has determined that (a) the motor fuel or diesel motor fuel purchased through the use of the credit card issuer's credit card was not for the government entity's own use or consumption or (b) it is necessary for the proper enforcement of this article to issue such notice. The commissioner, in his or her discretion, may cancel or suspend the operation of such notice where the credit card issuer, fuel distributor, where applicable, and the government entity establish, to the commissioner's satisfaction, that appropriate steps have been undertaken to rectify the circumstances leading to the issuance of such notice. In such case, the commissioner will notify the credit card issuer or fuel distributor, where applicable, that the designated person will be eligible to apply for refunds or credits pursuant to subdivision (h) of section eleven hundred thirty-nine of this part in accordance with such terms as set forth by the commissioner. Nothing in this subdivision shall be deemed to affect the eligibility of the government entity to claim a refund or credit for tax paid on motor fuel or diesel motor fuel it purchased where such purchase qualifies for exemption pursuant to paragraph five of subdivision (b) of section eleven hundred sixteen of this article. Notwithstanding any other provision of law, if the credit card issuer, fuel distributor, where applicable, or government entity disputes any aspect of the notice issued pursuant to this subdivision:

(i) the credit card issuer, fuel distributor, where applicable, and the government entity who receive such a notice shall have the right to have the issuance of such notice reviewed by the commissioner or his or her designee by contacting the department at a telephone number or an address to be disclosed in the notice within ten days of the recipient's

receipt of the notice. The recipient may present written evidence or arguments in support of its claim, or the recipient may appear at a scheduled conference with the commissioner or such designee to present oral arguments and written and oral evidence in support of such position. The commissioner or such designee is authorized to delay the effective date of the notice to enable the recipient to present further evidence or arguments in connection with the issuance of the notice. The commissioner or such designee shall cancel the notice if the commissioner or such designee is not satisfied by a preponderance of the evidence that the facts underlying such notice do not support the issuance of such notice.

(ii) except as provided for in paragraph (i) of this subdivision, the credit card issuer, fuel distributor or the government entity shall not have any right to a hearing under any other provision of this chapter to challenge the issuance of such notice. Rather, such determination shall be reviewable only by a proceeding under article seventy-eight of the civil practice law and rules, provided, however, that (A) such proceeding is commenced within four months of the date the commissioner issued such notice or, if such notice is disputed, within four months of the date the commissioner or such designee upholds such notice in whole or in part, (B) the credit card issuer, fuel distributor, where applicable, and any affected government entity are named as parties to the action, and (C) the only issue which may be considered by such review is whether such notice was within the discretion of the commissioner under this article. Such proceeding shall be instituted in Albany county. Upon the filing of such petition, the court shall have jurisdiction to set aside such notice or to dismiss the petition. The jurisdiction of the supreme court shall be exclusive and its order shall be final, subject to review by the appellate division of the supreme court and the court of appeals in the same manner and form and with the same effect as provided by law for appeal from a judgment in a special proceeding. All such proceedings for review shall be heard on the petition, transcript and other papers, and on appeal shall be heard on the record, without requirement of printing.

(15) To publish a list on the department's website of marketplace providers whose certificates of authority have been revoked and, if necessary to protect sales tax revenue, provide by regulation or

otherwise that a marketplace seller who is a vendor will be relieved of the duty to collect tax for sales of tangible personal property facilitated by a marketplace provider only if, in addition to the conditions prescribed by paragraph two of subdivision (l) of section eleven hundred thirty-two of this part being met, such marketplace provider is not on such list at the commencement of the quarterly period covered thereby.

16. To publish a list on the department's website regarding booking services that have a valid certificate of authority and, if necessary to protect sales tax revenue, provide by regulation or otherwise that a short term rental unit operator will be relieved of the requirement to register and the duty to collect tax on the rent for occupancy of a short term rental unit facilitated by a booking service only if, in addition to the conditions prescribed by paragraph two of subdivision (m) of section eleven hundred thirty-two and paragraph six of subdivision (a) of section eleven hundred thirty-four of this part being met, such booking service has a valid certificate of authority at the commencement of the quarterly period covered thereby.

§ 1142-A. Special requirements relating to the service of providing parking, garaging or storing for motor vehicles. (a) Every person required to collect the taxes described in paragraph six of subdivision (c) of section eleven hundred five, subdivision (c) of section eleven hundred seven and paragraph one of subdivision (a) of section twelve hundred twelve-A of this chapter, or, if the tax described in subdivision (c) of section eleven hundred seven of this article is not in effect, a similar tax imposed pursuant to the authority of subdivision (a) of section twelve hundred ten of this chapter, in a county with a population density in excess of fifty thousand persons per square mile in any city in this state having a population of one million or more, shall be subject to the requirements set forth in this section, except as otherwise provided herein.

(b) Every person described in subdivision (a) of this section shall keep records in addition to the records required to be kept by section eleven hundred thirty-five of this article. Such additional records

shall include copies of each ticket or other documentation given to each purchaser of such service, which such person shall be required to furnish to each such purchaser at the initiation of such parking, garaging or storing, except as hereinafter provided. Such tickets or other documentation shall be consecutively numbered or issued by a computer, in a manner approved by the commissioner, and shall indicate the date and time of entry of the motor vehicle. The date and time of exit of such motor vehicle shall also be indicated on the ticket or other documentation (or the copy thereof) retained by such person described in subdivision (a) of this section except where such person charges a flat fee for any such service based on time elapsed, the price for such service is indicated on the ticket or other memorandum as a flat fee and it is not the practice of such person to date- and time-stamp the ticket or other documentation when the purchaser pays for such service for which a flat fee is charged. In the case of a monthly or longer term purchaser to whom such a ticket or other documentation is issued, such ticket or other documentation shall include such purchaser's (1) printed name and signature or (2) identification number assigned to such purchaser by such person required to collect tax. Provided, however, that where such person required to collect tax sells such service on a monthly or longer term basis and issues a computer access card or a prenumbered decal or tag to the purchaser, then such person shall not be required to give such a ticket or such other documentation to any such purchaser to whom such card, decal or tag has been issued, or to retain copies thereof. Such person required to collect tax shall retain a list containing the name, address and signature of each monthly or other longer-term purchaser of service, the valid period of such monthly or longer-term service, and the number of authorized vehicles entitled to such parking services, without regard to whether a ticket or other documentation is issued to such purchaser.

(c) Such persons required to collect tax, described in subdivision (a) of this section, shall file, together with, and as a part of, the returns required under sections eleven hundred thirty-six and twelve hundred fifty-one of this chapter, a report or schedule, or make a separate entry thereon, in the discretion of the commissioner, for each separate garage, parking lot or other place of business where such person provides parking, garaging or storing services in such a county.

Such report or schedule shall not include any receipts from any garage, parking lot or other place of business located outside such a county. Such report or schedule shall identify the specific location and address, and licensed capacity if licensed, of each such garage, parking lot or other place of business. If such garage, parking lot or other place of business has been licensed by an agency of a city, the report or schedule shall include any applicable license number. Such report or schedule shall include for each monthly period included therein such schedules of additional information, data and other matters as shall be prescribed by the commissioner of taxation and finance. Such returns required under sections eleven hundred thirty-six and twelve hundred fifty-one for such persons described in subdivision (a) of this section shall be deemed incomplete and not filed unless the separate information required to be reported for each separate garage, parking lot or other place of business is contained therein.

(d) Upon the arrival of the commissioner, or any authorized employee of the department or agent of such commissioner or such department, at the premises of a person required to collect tax, described in subdivision (a) of this section, the announcing by such commissioner, agent or employee of his or her presence and the display of his or her identification to such person or to any officer or employee of such person, such commissioner, employee or agent may, during the hours that such premises are open for business, enter and walk about the portion of the premises in such a county where such person required to collect tax provides such service of parking, garaging or storing for motor vehicles. Such person and the officers and employees of such persons shall not interfere with the commissioner or such employee or agent when such commissioner, employee or agent enters and walks about such premises to observe or record the make, model and license plate number of any vehicle parked, entering, exiting or being operated within such premises, the length of time such vehicle is on such premises, the true motor vehicle capacity of the premises, and the series of tickets or other memoranda, and their numbers, being issued at the time of the observation or recording. Such entering and walking about and such observation and recording are to be performed only in connection with an examination of a return, report or schedule, or entry thereon, of such person required to be filed under or pursuant to articles twenty-eight

and twenty-nine of this chapter or in connection with the liability of such person for tax required to be shown on such return, report or schedule, or during the consideration of the initiation of such an examination. Nothing in this section shall authorize or be construed to authorize a forced entry into the premises; a search of the premises, with or without a warrant; the entry into any vehicle or compartment or container thereof, whether locked or unlocked; the seizure of any person, property, books, records, documents or other matter or thing; or the use of any information obtained by such observation or recording in any civil or criminal proceeding. Provided, however, that: (1) any such information may be used to assess, determine, fix, collect, enforce or administer any tax, fee, penalty or interest imposed on the person required to collect tax, described in subdivision (a) of this section, under or pursuant to articles twenty-eight and twenty-nine of this chapter; and (2) may be used in the prosecution of any crime or offense related thereto pursuant to articles twenty-eight and twenty-nine of this chapter or the penal law where such information was obtained either as a result of the entry and walking about of an area as to which the person required to collect the tax has no reasonable expectation of privacy or as a result of a lawful investigative procedure other than the entry and walking about authorized pursuant to this subdivision. Such entry and walking about shall be sought and made only during the hours that such premises are open for business. The commissioner of taxation and finance, such employee of the department and such agent of the commissioner or such department shall not be required to give notice to such person or such person's representative of an intent to enter the premises prior to the time that such commissioner, employee or agent arrives at such person's premises.

(e) Every person described in subdivision (a) of this section shall, upon receipt of a certificate of authority and on an annual basis thereafter, provided such person periodically re-registers and remains in possession of such certificate of authority, receive from the commissioner a copy of subdivision (d) of this section, a copy of all rules and regulations adopted thereunder, and a written explanation of the power of the commissioner of taxation and finance to enter and walk about and the limitations thereon. Provided, however, that absence of notice will not constitute a defense in any proceeding brought under

this chapter.

(f) The commissioner shall prepare, have printed and distribute to every person described in subdivision (a) of this section, a sign or poster that provides notice that the premises of such person are subject to periodic inspections by the department for purposes of enforcing this article. Such sign or poster must have conspicuous lettering in at least seventy-two point bold face type, except that such sign or poster shall be captioned with the word "notice" in at least two inch lettering. Such person shall prominently display such sign or poster in each place of business where such person provides parking, garaging or storing services.

(g) An organization described in subdivision (a) of section eleven hundred sixteen of this article shall be exempt from the requirements of this section. Nothing in this subdivision shall be construed to exempt any other person from the requirements of this section, whether or not such other person operates a garage, parking or other place of business or sells the services of providing parking, garaging or storing for motor vehicles for or on behalf of such an organization or on the property of such an organization.

(h) The failure of any person described in subdivision (a) of this section to keep any of the records required to be kept by such person in the manner provided for any portion of the period during which tax can be determined or the inability of the commissioner or any authorized employee of the department, or agent of either of them, to enter and walk about such person's premises for the purposes described in subdivision (d) of this section due to such person's lack of cooperation or interference in affording such entering and walking about for such purposes shall be sufficient grounds under subdivision (a) of section eleven hundred thirty-eight of this article for the commissioner to estimate on the basis of such external indices selected by the commissioner the amount of tax that is due from such person.

(i) The commissioner shall promulgate rules and regulations necessary to implement the provisions of this section.

(j) The commissioner, by regulation, shall establish procedures designed to require implementation of subdivision (d) of this section in a manner that will not unreasonably interfere with the operation of the person described in subdivision (a) of this section, with respect to

such person providing the service of parking, garaging or storing of motor vehicles. Such regulations shall take into account reasonable time periods for such commissioner, agent or employee to arrive at the premises of such person.

(k) If a person described in subdivision (a) of this section can demonstrate to the satisfaction of the commissioner that due to the limited annual liability incurred under this article, the provisions of this section create undue hardship for such person, then such person shall not be required to comply with the provisions of this section; provided, however, that such person must comply with such other recordkeeping requirements as the commissioner may require. The commissioner shall establish general rules for which such hardship can be claimed.

§ 1143. Administration of oaths and compelling testimony. (a) The tax commission or its employees or agents duly designated and authorized by it shall have power to administer oaths and take affidavits in relation to any matter or proceeding in the exercise of their powers and duties under this article. The tax commission shall have power to subpoena and require the attendance of witnesses and the production of books, papers and documents to secure information pertinent to the performance of its duties hereunder and of the enforcement of this article and to examine them in relation thereto, and to issue commissions for the examination of witnesses who are out of the state or unable to attend before it or excused from attendance.

(b) A justice of the supreme court either in court or at chambers shall have power summarily to enforce by proper proceedings the attendance and testimony of witnesses and the production and examination of books, papers and documents called for by the subpoena of the tax commission under this article.

(c) The officers who serve the summons or subpoena of the tax commission and witnesses attending in response thereto shall be entitled to the same fees as are allowed to officers and witnesses in civil cases in courts of record, except as herein otherwise provided. Such officers shall be the sheriff of any county and his duly appointed deputies or any officers or employees of the department of taxation and finance,

designated to serve such process.

§ 1144. Reference to tax. Whenever reference is made in placards or advertisements or in any other publications to any tax imposed by this article, such reference shall be in substantially the following form: "sales and use tax"; except that in any bill, receipt, statement or other evidence or memorandum of sale, services rendered, amusement charges, dues, rent or occupancy, issued or employed by a person required to collect tax, if the tax is required to be stated separately thereon as provided in subdivision (a) of section eleven hundred thirty-two, the word "tax" will suffice.

§ 1145. Penalties and interest. (a) (1) (i) Any person failing to file a return or to pay or pay over any tax to the tax commission within the time required by or pursuant to this article (determined with regard to any extension of time for filing or paying) shall be subject to a penalty of ten percent of the amount of tax due if such failure is for not more than one month, with an additional one percent for each additional month or fraction thereof during which such failure continues, not exceeding thirty percent in the aggregate. Provided, however, in the case of a failure to file such return within sixty days of the date prescribed for filing of such return by or pursuant to this article (determined with regard to any extension of time for filing), the penalty imposed by this subparagraph shall not be less than the lesser of one hundred dollars or one hundred percent of the amount required to be shown as tax on such return. For the purpose of the preceding sentence, the amount of tax required to be shown on the return shall be reduced by the amount of any part of the tax which is paid on or before the date prescribed for payment of the tax and by the amount of any credit against the tax which may be claimed upon the return. In the case of a failure to file a return by a person required to register with the tax commission as provided in section eleven hundred thirty-four, in no event shall the penalty for failure to file a return be less than fifty dollars.

(ii) If any amount of tax is not paid on or before the last date

prescribed in this article for payment, interest on such amount at the rate of fourteen and one-half percent per annum or at the underpayment rate set by the commissioner pursuant to section eleven hundred forty-two of this part, whichever is greater, shall be paid for the period from such last date to the date paid, whether or not any extension of time for payment was granted. Interest under this subparagraph shall not be paid if the amount thereof is less than one dollar.

(iii) If the commissioner of taxation and finance determines that such failure or delay was due to reasonable cause and not due to willful neglect, he shall remit all of such penalty and that portion of such interest that exceeds the interest that would be payable if such interest were computed at the underpayment rate set by the commissioner of taxation and finance pursuant to section eleven hundred forty-two. The commissioner shall promulgate rules and regulations as to what constitutes reasonable cause.

(iv) Provided, however, in the case of a long-form, part-quarterly return, no penalty or interest shall be payable with respect to a return and payment of estimated tax required to be filed and paid under subdivisions (a) and (b) of section eleven hundred thirty-seven-A for March, nineteen hundred seventy-six, nineteen hundred seventy-seven, nineteen hundred seventy-eight, nineteen hundred seventy-nine, nineteen hundred eighty, nineteen hundred eighty-one and nineteen hundred eighty-two, if such returns are timely filed, accompanied by a payment of not less than ninety percent of the tax as finally determined to be due and payable for March, nineteen hundred seventy-six, nineteen hundred seventy-seven, nineteen hundred seventy-eight, nineteen hundred seventy-nine, nineteen hundred eighty, nineteen hundred eighty-one and nineteen hundred eighty-two. Provided, further, that interest, at the rate authorized under subdivision nine of section eleven hundred forty-two, shall be payable upon the amount of any underpayment of the tax due with the returns due on March twentieth, nineteen hundred seventy-six, nineteen hundred seventy-seven, nineteen hundred seventy-eight, nineteen hundred seventy-nine, nineteen hundred eighty, nineteen hundred eighty-one and nineteen hundred eighty-two, for the period of such underpayment, but not beyond the due date of the next part-quarterly return.

(v) Provided, further, in the case of a March estimated return, no penalty or interest shall be payable with respect to a return and payment of estimated tax required to be filed and paid under subdivision (c) of section eleven hundred thirty-seven-A for March, nineteen hundred eighty-three and each subsequent March through and including March, nineteen hundred ninety, if such returns are timely filed, accompanied by a payment of either: (A) not less than ninety percent of the tax as finally determined to be due and payable for the month of March in which the March estimated tax return is required to be filed; or (B) in the event such person has had at least four successive quarterly tax periods immediately preceding the March twentieth for which the return is to be filed, at least one-third of the sales and compensating use taxes payable by such person to the commissioner of taxation and finance in the comparable quarter of the immediately preceding year. However, where interest is payable because of a failure to meet the requirements of either clause (A) or (B) of this subparagraph such interest shall be at the underpayment rate authorized under subdivision nine of section eleven hundred forty-two upon any underpayment of the amount of tax due for the period of such underpayment, but not beyond the due date of the next part-quarterly return. For purposes of this subparagraph, the underpayment of the amount of tax due shall be: (A) the difference between the amount paid and ninety percent of the amount finally determined to be due and payable for March, nineteen hundred eighty-three and for March of each subsequent year through and including March, nineteen hundred ninety, or (B) if such person has had at least four successive quarterly tax periods immediately preceding the March for which the return was filed, the difference between the amount paid and one-third of the sales and compensating use taxes payable by such person to the commissioner for the comparable quarter of the immediately preceding year under this article, whichever is less. Notwithstanding the preceding sentence, for purposes of this subparagraph: (1) the tax as finally determined to be due and payable for such month of March, and (2) the sales and compensating use taxes payable for the comparable quarter of the immediately preceding year; shall not include taxes imposed by section eleven hundred seven or eleven hundred eight of this article or pursuant to the authority of article twenty-nine of this chapter. Provided, however, all other provisions of this article shall

apply in the determination of such taxes.

(vi) Any person required by this article to file a return, who omits from the total amount of state and local sales and compensating use taxes required to be shown on a return an amount which is in excess of twenty-five percent of the amount of such taxes required to be shown on the return shall be subject to a penalty equal to ten percent of the amount of such omission. The amount of the omission under the preceding sentence shall be reduced by that portion of the omission which is attributable to the tax treatment of any item by such person if there is or was substantial authority for such treatment, or any item with respect to which the relevant facts affecting the item's tax treatment are adequately disclosed in the return or in a statement attached to the return. If the tax commission determines that such omission was due to reasonable cause and not due to willful neglect, it shall remit all of such penalty. The penalty provided for in this subparagraph shall not apply to any return of estimated tax required to be filed under section eleven hundred thirty-seven-A.

(vii) Any owner of a filling station who shall willfully and knowingly have in his custody, possession or under his control any motor fuel or diesel motor fuel on which (A) the prepaid tax imposed by section eleven hundred two of this article has not been assumed or paid by a distributor registered as such under article twelve-A of this chapter, or (B) the prepaid tax imposed by section eleven hundred two of this article was required to have been passed through to him and has not been included in the cost of such fuel to him shall be liable for a penalty in the amount of twice the tax so not assumed or paid, or included. Such penalty shall be determined, assessed, collected and paid in the same manner as taxes imposed by this article and all the provisions of this article relating thereto shall be deemed also to refer to the penalty imposed by this paragraph and, for this purpose, the term "person required to collect tax" shall be deemed to include an owner of a filling station. Such penalty may be determined at any time within three years after such motor fuel or diesel motor fuel shall have come into his custody, possession or control. For purposes of this subparagraph, such owner shall willfully and knowingly have in his custody, possession or under his control motor fuel or diesel motor fuel on which (A) such tax has not been assumed or paid by a distributor registered as such or

(B) such tax was required to have been passed through to him and has not been included in the cost of such fuel to him where such owner has knowledge of the requirement that such taxes be paid and where, to his knowledge, such taxes have not been so included. For purposes of this subparagraph, it shall be presumptive evidence that such owner shall willfully and knowingly have in his custody, possession or under his control motor fuel or diesel motor fuel (A) on which such tax has not been assumed or paid by a distributor registered as such or (B) on which such tax was required to have been passed through to him and has not been included in the cost of such fuel to him where such owner has not received the certification required by subdivision (h) of section eleven hundred thirty-two of this article at the time of delivery of such motor fuel or diesel motor fuel or, in those circumstances where the commissioner has authorized the delivery of such certification at a time after delivery of the motor fuel or diesel motor fuel, at the time prescribed by the commissioner.

(viii) Any person required to collect tax who sells cigarettes at retail and who shall willfully and knowingly have in such person's custody or possession or under such person's control any cigarettes on which (A) the prepaid tax imposed by section eleven hundred three of this article has not been assumed or paid by an agent licensed as such under article twenty of this chapter, or (B) the prepaid tax imposed by such section eleven hundred three was required to have been passed through to such person and has not been included in the cost of such cigarettes to such person, shall be liable for a penalty in the amount of twice the tax not so assumed or paid, or included. Such penalty shall be determined, assessed, collected and paid in the same manner as taxes imposed by this article and all the provisions of this article relating thereto shall be deemed also to refer to the penalty imposed by this subparagraph. Such penalty may be determined at any time within three years after such cigarettes shall have come into such person's custody or possession or under such person's control. For purposes of this subparagraph, such person shall willfully and knowingly have in such person's custody or possession or under such person's control cigarettes on which (A) such tax has not been assumed or paid by an agent licensed as such under article twenty of this chapter, or (B) such tax was required to have been passed through to such person and has not been

included in the cost of such cigarettes to such person, where such person has knowledge of the requirement that such taxes be paid or assumed or so included and where, to such person's knowledge, such taxes have not been so paid or assumed or so included. For purposes of this subparagraph, it shall be presumptive evidence that such person shall willfully and knowingly have in such person's custody or possession or under such person's control cigarettes on which (A) such tax has not been assumed or paid by an agent authorized as such under such article twenty or (B) such tax was required to have been passed through to such person and has not been included in the cost of such cigarettes to such person where such person has not received the certification required by subdivision (k) of section eleven hundred thirty-two of this article at the time of delivery of such cigarettes or, in those circumstances where the commissioner has authorized the delivery of such certification at a time after delivery of the cigarettes, at the time prescribed by the commissioner.

(ix) In addition to any other penalty or interest under this article or other law, any credit card issuer or fuel distributor, as defined in subdivision (h) of section eleven hundred thirty-nine of this part, who receives a refund or credit pursuant to such subdivision knowing, at the time the refund application is filed or the credit is taken, that the motor fuel or diesel motor fuel purchased was not for the government entity's own use or consumption, shall be liable for a penalty in the amount of the tax refunded or credited, plus applicable interest due under this article.

(2) If the failure to pay or pay over any tax to the commissioner within the time required by this article is due to fraud, in lieu of the penalties and interest provided for in subparagraphs (i) and (ii) of paragraph one of this subdivision, there shall be added to the tax (i) a penalty of two times the amount of the tax due, plus (ii) interest on such unpaid tax at the rate of fourteen and one-half percent per annum or the underpayment rate of interest set by the commissioner pursuant to section eleven hundred forty-two of this part, whichever is greater, for the period beginning on the last day prescribed by this article for the payment of such tax (determined without regard to any extension of time for paying) and ending on the day on which such tax is paid.

(3) (i) Any person required to obtain a certificate of authority under

section eleven hundred thirty-four of this part who, without possessing a valid certificate of authority, (A) sells tangible personal property or services subject to tax, receives amusement charges or operates a hotel or short term rental unit, (B) purchases or sells tangible personal property for resale, (C) sells petroleum products, or (D) sells cigarettes shall, in addition to any other penalty imposed by this chapter, be subject to a penalty in an amount not exceeding five hundred dollars for the first day on which such sales or purchases are made, plus an amount not exceeding two hundred dollars for each subsequent day on which such sales or purchases are made, not to exceed ten thousand dollars in the aggregate.

(ii) Any person who fails to surrender a certificate of authority when a notice of revocation or suspension has become final shall, in addition to any other penalty imposed by this chapter, be subject to a penalty in an amount not exceeding five hundred dollars for the first day of such failure, together with a penalty in an amount not exceeding two hundred dollars for each subsequent day of such failure, not to exceed ten thousand dollars in the aggregate.

(iii) Any person described in paragraph one or two of subdivision (a) of section eleven hundred thirty-four who takes possession of or pays for business assets under circumstances requiring notification by such person to the tax commission pursuant to subdivision (c) of section eleven hundred forty-one without having filed a certificate of registration pursuant to section eleven hundred thirty-four shall, in addition to any other penalty imposed by this chapter, be subject to a penalty in an amount not exceeding two hundred dollars.

(iv) If the tax commission determines that any failure or act described in this paragraph was due to reasonable cause and not due to willful neglect, it may remit all or part of such penalty.

(4) Any person required by this article to display a certificate of authority, who fails to display such certificate in the manner required by this article or any rule or regulation adopted by the tax commission in connection with such requirement shall, in addition to any other penalty imposed by this chapter, be subject to a penalty of fifty dollars. If the tax commission determines that such failure was due to reasonable cause and not due to willful neglect, it may remit all or part of such penalty.

(5) Any person who issues a false or fraudulent resale or other exemption certificate or document with intent to evade tax shall, in addition to any other penalty imposed by this chapter, be subject to a penalty of one hundred percent of the tax that would have been due had there not been a misuse of such certificate or document and a penalty of fifty dollars for each such certificate or document.

(6) The tax commission shall promulgate rules and regulations as to what constitutes reasonable cause for purposes of this subdivision.

(7) The penalties and interest provided for in this subdivision shall be paid and disposed of in the same manner as other revenues from this article. Such penalties and interest may be determined, assessed, collected and enforced in the same manner as the tax imposed by this article. Interest under this subdivision shall be compounded daily.

(8) Notwithstanding any other provision of this article, any person who willfully files or amends a return that contains false information to reduce or eliminate a liability shall be subject to a penalty not to exceed one thousand dollars per return. This penalty shall be in addition to any other penalty provided by law.

(b) Cross-reference: For criminal penalties, see article thirty-seven of this chapter.

(c) Any person failing to file a return or to pay any tax required to be prepaid to the commissioner with respect to motor fuel or diesel motor fuel pursuant to the provisions of section eleven hundred two of this article within the time required by this article shall, in addition to any other penalty provided in this article or otherwise imposed by law, be subject to a penalty equal to the amount of tax required to be so prepaid pursuant to the provisions of such section eleven hundred two. If the commissioner determines that such failure to file a return or to pay any such tax was due to reasonable cause and not due to willful neglect, he shall remit all or any part of such penalty.

(d) The certificate of the tax commission to the effect that a tax has not been paid, that a return, bond or registration certificate has not been filed, or that information has not been supplied pursuant to the provisions of this article shall be presumptive evidence thereof.

(e) Any officer, director, shareholder or employee of a corporation or of a dissolved corporation, any employee of a partnership, any employee or manager of a limited liability company, or any employee of an

individual proprietorship, who as such officer, director, shareholder, employee or manager is under a duty to act for such corporation, partnership, limited liability company or proprietorship in complying with any requirement of this article, and any member of a partnership or limited liability company, which fails to pay the tax required to be prepaid by section eleven hundred two or eleven hundred three of this article, shall, in addition to other penalties provided by law, be liable for a penalty equal to the total amount of the tax not paid, plus penalties and interest computed pursuant to subdivision (a) of this section as if such person were a distributor under article twelve-a of this chapter or an agent under article twenty of this chapter, respectively. If the commissioner determines that such failure was due to reasonable cause and not due to willful neglect, the commissioner shall remit all or part of such penalty imposed under this subdivision. Such penalty shall be determined, assessed, collected and paid in the same manner as the tax required to be prepaid by section eleven hundred two or eleven hundred three, as the case may be, of this article and shall be disposed of as provided with respect to moneys derived from either such tax, respectively. Provided, however, that the penalty provided for by this subdivision shall not be imposed on any person on account of the failure of such a distributor or agent to pay the tax required to be prepaid by section eleven hundred two or eleven hundred three, respectively, of this article if such person is liable for such tax pursuant to subdivision (b) of such section eleven hundred two or subdivision (b) of such section eleven hundred three, respectively.

(f) Any entertainment promoter who authorizes an entertainment vendor to make taxable sales of tangible personal property at an entertainment event with respect to which he is a promoter, where such vendor is not registered under subdivision (a) of section eleven hundred thirty-four shall, in addition to any other penalty provided in this article or otherwise imposed by law, be subject to a penalty of not more than ten thousand dollars with respect to each such entertainment event.

(g) (1) Any person failing to keep any of the additional records required to be kept pursuant to section eleven hundred forty-two-A of this article, shall, in addition to any other penalty provided in this article or otherwise imposed by law, be subject to a penalty in an amount not to exceed five hundred dollars where such records have not

been kept for a month or part thereof. Such penalty for failure to keep such records shall not be imposed and collected more than once for any such failure to keep records for such month or part thereof.

(2) Any person described in subdivision (a) of section eleven hundred forty-two-A of this chapter who fails to consent to the entering and walking about for the purposes described in such section, or who interferes with the commissioner or any authorized employee of the department, or the agent of either of them, with respect to entering and walking about for the purposes described in such section, or whose employee fails to consent or interferes with such entering and walking about for the purposes described in such section, shall, in addition to any other penalty provided in this article or otherwise imposed by law, be subject to a penalty in an amount not to exceed five hundred dollars for the first day of such failure to consent or the first day of such interference. Each subsequent day any such failure to consent to or interference with such entering and walking about shall occur shall be subject to an additional penalty not to exceed one thousand dollars. In no event, shall such penalties exceed ten thousand dollars in the aggregate.

(3) If the commissioner determines that such failure to keep such records described in paragraph one of this subdivision or that such failure to consent to or such interference with the entering and walking about described in paragraph two of this subdivision was due to reasonable cause and not due to willful neglect, the commissioner shall remit all or any part of such penalty. Such penalties shall be paid and disposed of in the same manner as other revenues from this article. Such penalties shall be determined, assessed, collected, paid and enforced in the same manner as the tax imposed by this article and all the provisions of this article relating to tax shall be deemed also to apply to the penalties imposed by this subdivision.

(h) (1) Any person required to file a report pursuant to subdivision (h) of section eleven hundred thirty-six of this article, who fails to include the name or certificate of authority number of any itinerant vendor or the sales for resale made to such vendor and the amounts paid, charged or due thereon, required to be included in such report, or who fails to include such information which is true and correct, shall, in addition to any other penalty provided in this article or otherwise

imposed by law, be subject to a penalty computed by multiplying an amount not to exceed fifty dollars by the number of itinerant vendors required to be included in such report that are not so included (whether or not such a report is filed) or for which incomplete or incorrect information has been reported.

(2) Any person failing to file a report required pursuant to subdivision (h) of section eleven hundred thirty-six of this article within the time required by regulations promulgated pursuant to such subdivision, shall, in addition to any other penalty provided in this article or otherwise imposed by law, be subject to a penalty in an amount not to exceed five hundred dollars for each such failure.

(3) In no event shall the penalty imposed by paragraph one of this subdivision, or the aggregate of the penalties imposed by paragraphs one and two of this subdivision, exceed five thousand dollars for any twelve month period commencing June first and ending May thirty-first of the following year.

(4) If the commissioner determines that any failure to include information, or to include true and correct information, in a report required to be filed, or failure to timely file a report, as described in this subdivision, was due to reasonable cause and not due to willful neglect, the commissioner shall remit all or part of any of the penalties imposed under this subdivision. Such penalties shall be determined, assessed, collected, paid, disposed of and enforced in the same manner as taxes imposed by this article and all the provisions of this article relating thereto shall be deemed also to refer to such penalties.

* (i) Any person required to make or maintain records under this article (but not including the records required under section eleven hundred forty-two-A of this part) who fails to make or maintain or make available to the commissioner these records is subject to a penalty not to exceed one thousand dollars for the first quarter or part thereof for which the failure occurs and not to exceed five thousand dollars for each additional quarterly period or part thereof for which the failure occurs. This penalty is in addition to any other penalty provided for in this article but may not be imposed and collected more than once for failures for the same quarterly period or part thereof. If the commissioner determines that a failure to make or maintain or make

available records in any quarter was entirely due to reasonable cause and not to willful neglect, the commissioner must remit the penalty imposed for that quarter. These penalties will be paid and disposed of in the same manner as other revenues from this article. These penalties will be determined, assessed, collected, paid and enforced in the same manner as the tax imposed by this article, and all the provisions of this article relating to tax will be deemed also to apply to the penalties imposed by this subdivision. For purposes of the penalty imposed by this subdivision, a person will be considered to have failed to make or maintain the required records when the records made or maintained by that person for a quarterly period make it virtually impossible to verify sales receipts or the taxability of those receipts and to conduct a complete audit.

* NB There are 3 sb (i)'s

* (i)(1) Every person required to file an information return by subdivision (i) of section eleven hundred thirty-six of this part who (A) fails to provide any of the information required by paragraph one or two of subdivision (i) of section eleven hundred thirty-six of this part for a vendor, operator, or recipient, or who fails to include any such information that is true and correct (whether or not such a report is filed) for a vendor, operator, or recipient, or (B) fails to provide the information required by paragraph four of subdivision (i) of section eleven hundred thirty-six of this part to a vendor, operator, or recipient specified in paragraph four of subdivision (i) of section eleven hundred thirty-six of this part, will, in addition to any other penalty provided in this article or otherwise imposed by law, be subject to a penalty of five hundred dollars for ten or fewer failures, and up to fifty dollars for each additional failure.

(2) Every person failing to file an information return required by subdivision (i) of section eleven hundred thirty-six of this part within the time required by subdivision (i) of section eleven hundred thirty-six of this part will, in addition to any other penalty provided for in this article or otherwise imposed by law, be subject to a penalty in an amount not to exceed two thousand dollars for each such failure, provided that the minimum penalty under this paragraph is five hundred dollars.

(3) In no event will the penalty imposed by paragraph one, or the

aggregate of the penalties imposed under paragraphs one and two of this subdivision, exceed ten thousand dollars for any annual filing period as described by paragraph three of subdivision (i) of section eleven hundred thirty-six of this part.

(4) If the commissioner determines that any of the failures that are subject to penalty under this subdivision was entirely due to reasonable cause and not due to willful neglect, the commissioner must remit the penalty imposed under this subdivision. These penalties will be determined, assessed, collected, paid, disposed of and enforced in the same manner as taxes imposed by this article and all the provisions of this article relating thereto will be deemed also to refer to these penalties.

* NB There are 3 sb (i)'s

* (i) Aiding or assisting in the giving of fraudulent returns, reports, statements or other documents. Any person who, with the intent that tax be evaded, for a fee or other compensation or as an incident to the performance of other services for which that person receives compensation, aids or assists in, or procures, counsels, or advises the preparation or presentation under this article, or in connection with any matter arising under this article, of any return, report, declaration, statement or other document that is fraudulent or false as to any material matter, or supplies any false or fraudulent information, whether or not such falsity or fraud is with the knowledge or consent of the person authorized or required to present that return, report, declaration, statement or other document, will pay a penalty not exceeding five thousand dollars. The definitions in subsection (l) of section ten hundred eighty-five of this chapter apply for the purposes of this penalty.

* NB There are 3 sb (i)'s

* (j) Any person required to make or maintain records under this article who fails to present and make available these records in an auditable form is subject to a penalty not to exceed one thousand dollars for each quarterly period or part thereof for which records maintained by that person are not presented and made available by that person in auditable form, even if these records are adequate to verify credits, receipts, and the taxability thereof and to perform a complete audit. This penalty is in addition to any other penalty provided for in

this article, but will not be imposed and collected more than once for these failures for the same quarterly period or part thereof. If the commissioner determines that any failure described in this subdivision for a quarterly period was entirely due to reasonable cause and not to willful neglect, the commissioner must remit the penalty imposed for that quarter. The penalties imposed by this subdivision will be paid and disposed of in the same manner as other revenues from this article. These penalties will be determined, assessed, collected, paid and enforced in the same manner as the tax imposed by this article, and all the provisions of this article relating to tax will be deemed also to apply to the penalties imposed by this subdivision. For purposes of the penalty imposed by this subdivision, a person will be considered to have failed to present and make records available in auditable form when the records presented by that person for that quarter lack sufficient organization, such as by date, invoice number, sales receipts, or sequential numbering, or are otherwise inadequate (without reorganizing, reordering or otherwise rearranging the records into an auditable form) to permit direct reconciliation of the receipts, invoices or other source documents with the entries for the quarterly period in the books and records and on the returns of that person.

* NB There are 2 sb (j)'s

(j) False or fraudulent document penalty. Any taxpayer that submits a false or fraudulent document to the department will be subject to a penalty of one hundred dollars per document submitted, or five hundred dollars per tax return submitted. This penalty will be in addition to any other penalty provided by law.

* NB There are 2 sb (j)'s

(k) Any person who, having elected to maintain in an electronic format any portion or all of the records he or she is required to make and maintain by this article, fails to present and make these records available and accessible to the commissioner in electronic format, is subject to a penalty not to exceed five thousand dollars for each quarterly period or part thereof for which these electronic records are not presented and made available and accessible upon request, notwithstanding that the records may also be maintained and available in hard copy format. This penalty is in addition to any other penalty provided for in this article, but may not be imposed and collected more

than once for a failure for the same quarterly period or part thereof. Provided, however, nothing in this subdivision will prevent the separate imposition, if applicable, of any penalty imposed by subdivision (i) or (j) of this section for the same quarterly period or part thereof. If the commissioner determines that the failure to present and make electronically maintained records available and accessible for a quarterly period was entirely due to reasonable cause and not to willful neglect, the commissioner must remit the penalty imposed for that quarter. These penalties will be paid and disposed of in the same manner as other revenues from this article. These penalties will be determined, assessed, collected, paid and enforced in the same manner as the tax imposed by this article, and all the provisions of this article relating to tax will be deemed also to apply to the penalty imposed by this subdivision. For purposes of the penalty imposed by this subdivision, a failure to present and make available and accessible a record maintained in electronic format includes not only the denial of access to the requested records that were maintained electronically, but also the failure to make available to the commissioner the information, knowledge, or means necessary to access and otherwise use the electronically maintained records in the inspection and examination of these records.

§ 1146. Returns to be secret. (a) Except in accordance with proper judicial order or as otherwise provided by law, it shall be unlawful for the commissioner, any officer or employee of the department of taxation and finance, any person engaged or retained by such department on an independent contract basis, or any person who in any manner may acquire knowledge of the contents of a return or report filed with the commissioner pursuant to this article, to divulge or make known in any manner any particulars set forth or disclosed in any such return or report. The officers charged with the custody of such returns and reports shall not be required to produce any of them or evidence of anything contained in them in any action or proceeding in any court, except on behalf of the commissioner in an action or proceeding under the provisions of the tax law or in any other action or proceeding involving the collection of a tax due under this chapter to which the

state or the commissioner is a party or a claimant, or on behalf of any party to any action, proceeding or hearing under the provisions of this article when the returns, reports or facts shown thereby are directly involved in such action, proceeding or hearing, in any of which events the court, or in the case of a hearing, the commissioner may require the production of, and may admit into evidence, so much of said returns, reports or of the facts shown thereby, as are pertinent to the action, proceeding or hearing and no more. The commissioner may, nevertheless, publish a copy or a summary of any decision rendered after a hearing required by this article. Nothing herein shall be construed to prohibit the delivery to a person who has filed a return or report or his duly authorized representative of a certified copy of any return or report filed in connection with his tax. Nor shall anything herein be construed to prohibit the delivery to a person required to collect the tax under this article or a purchaser, transferee or assignee personally liable under the provisions of subdivision (c) of section eleven hundred forty-one of this chapter for the tax due from the seller, transferor or assignor, of any return or report filed under this article in connection with such tax provided, however, that there may be delivered only so much of said return, report or of the facts shown thereby as are pertinent to a determination of the taxes due or liability owed by such person or purchaser, transferee or assignee and no more or to prohibit the publication of statistics so classified as to prevent the identification of particular returns or reports and the items thereof, or the inspection by the attorney general or other legal representatives of the state of the return or report of any person required to collect or pay the tax who shall bring action to review the tax based thereon, or against whom an action or proceeding under this chapter has been recommended by the commissioner of taxation and finance or the attorney general or has been instituted, or the inspection of the returns or reports required under this article by the comptroller or duly designated officer or employee of the state department of audit and control, for purposes of the audit of a refund of any tax paid by a person required to collect or pay the tax under this article. Provided, further, nothing herein shall be construed to prohibit the disclosure, in such manner as the commissioner deems appropriate, of the names and other appropriate identifying information of those persons holding

certificates of authority pursuant to section eleven hundred thirty-four of this article, those persons whose certificates of authority have been suspended or revoked, those persons whose certificates of authority have expired, those persons who have filed a certificate of registration for a certificate of authority where the commissioner has refused to issue a certificate of authority, those persons holding direct payment permits pursuant to section eleven hundred thirty-two or those persons whose direct payment permits have been suspended or revoked by the commissioner; and provided further that nothing herein shall be construed to prohibit the disclosure, in such manner as the commissioner deems appropriate, of information related to the tax on admissions to race tracks and simulcast facilities to the gaming commission or the division of the budget.

(b) Notwithstanding the provisions of subdivision (a) of this section, the tax commission may, in its discretion, permit the proper officer of any city, county or school district imposing any tax authorized by article twenty-nine, or the authorized representative of such officer, to inspect any return filed under this article, or may furnish to such officer or his authorized representative an abstract of any such return or supply him with information concerning an item contained in any such return, or disclosed by any investigation of tax liability under this article; but such permission shall be granted or such information furnished only if such city, county or school district shall have furnished the tax commission with all information requested by it pursuant to article twenty-nine of this chapter and shall have permitted the tax commission or its authorized representative to make any inspection of returns or reports filed with such city, county or school district which the tax commission may have requested pursuant to said section.

(c) Notwithstanding the provisions of subdivision (a) of this section, the tax commission, in its discretion, may require or permit any or all persons liable for any tax or required to collect any tax imposed by this article, to make payment to banks, banking houses or trust companies designated by the tax commission and to file returns with such banks, banking houses or trust companies as agents of the tax commission, in lieu of paying any such tax directly to the tax commission. However, the tax commission shall designate only such banks,

banking houses or trust companies as are already designated by the comptroller as depositories pursuant to section eleven hundred forty-eight.

(d) Notwithstanding the provisions of subdivision (a) of this section, the tax commission may permit the secretary of the treasury of the United States or his delegates, or the proper tax officer of any state imposing a sales or compensating use tax, or the authorized representative of either such officer, to inspect any return filed under this article, or may furnish to such officer or his authorized representative an abstract of any such return or supply him with information concerning an item contained in any such return, or disclosed by any investigation of tax liability under this article, but such permission shall be granted or such information furnished only if the laws of the United States or of such other state, as the case may be, grant substantially similar privileges to the commission or officer of this state charged with the administration of the tax imposed by this article, and only if such information is to be used for tax purposes only; and provided further the commissioner of taxation and finance may furnish to the commissioner of internal revenue or his authorized representative such returns filed under this article and other tax information, as he may consider proper, for use in court actions or proceedings under the internal revenue code, whether civil or criminal, where a written request therefor has been made to the commissioner of taxation and finance by the secretary of the treasury of the United States or his delegates, provided the laws of the United States grant substantially similar powers to the secretary of the treasury of the United States or his delegates. Where the commissioner of taxation and finance has so authorized use of returns and other information in such actions or proceedings, officers and employees of the department of taxation and finance may testify in such actions or proceedings in respect to such returns or other information.

(e) Returns and reports filed under this article shall be preserved for three years and thereafter until the tax commission orders them to be destroyed.

(f) (1) Any officer or employee of the state who willfully violates the provisions of subdivision (a) of this section shall be dismissed from office and be incapable of holding any public office for a period

of five years thereafter.

(2) Cross-reference: For criminal penalties, see article thirty-seven of this chapter.

(g) Notwithstanding the provisions of subdivision (a) of this section, if the commissioner determines that a person required to collect tax is liable for any tax, penalty or interest under this article or is liable for a penalty under subdivision (e) of section eleven hundred forty-five of this article with respect to any failure, upon request in writing of such person, the commissioner shall disclose in writing to such person (1) the name of any other person required to collect tax or any other person liable for such penalty under such subdivision (e) whom the commissioner has determined to be liable for the same tax, penalty or interest or for such penalty with respect to such failure, and (2) whether the commissioner has attempted to collect such tax, penalty or interest or such penalty from such other person, the general nature of such collection activities, and the amount collected.

(h) (1) Notwithstanding the provisions of subdivision (a) of this section, upon written request from the chairperson of the committee on ways and means of the United States House of Representatives, the chairperson of the committee on finance of the United States Senate, or the chairperson of the joint committee on taxation of the United States Congress, the commissioner shall furnish such committee with any current or prior year returns or reports specified in such request that were filed under this article by the president of the United States, vice-president of the United States, member of the United States Congress representing New York state, or any person who served in or was employed by the executive branch of the government of the United States on the executive staff of the president, in the executive office of the president, or in an acting or confirmed capacity in a position subject to confirmation by the United States senate; or, in New York state: a statewide elected official, as defined in paragraph (a) of subdivision one of section seventy-three-a of the public officers law; a state officer or employee, as defined in subparagraph (i) of paragraph (c) of subdivision one of such section seventy-three-a; a political party chairperson, as defined in paragraph (h) of subdivision one of such section seventy-three-a; a local elected official, as defined in subdivisions one and two of section eight hundred ten of the general

municipal law; a person appointed, pursuant to law, to serve due to vacancy or otherwise in the position of a local elected official, as defined in subdivisions one and two of section eight hundred ten of the general municipal law; a member of the state legislature, or a judge or justice of the unified court system; or filed by a partnership, firm, association, corporation, joint-stock company, trust or similar entity directly or indirectly controlled by any individual listed in this paragraph, whether by contract, through ownership or control of a majority interest in such entity, or otherwise, or filed by a partnership, firm, association, corporation, joint-stock company, trust or similar entity of which any individual listed in this paragraph holds ten percent or more of the voting securities of such entity; provided however that, prior to furnishing any return or report, the commissioner shall redact any copy of a federal return (or portion thereof) attached to, or any information on a federal return that is reflected on, such report or return, and any social security numbers, account numbers and residential address information.

(2) No returns or reports shall be furnished pursuant to this subdivision unless the chairperson of the requesting committee certifies in writing that such returns or reports have been requested related to, and in furtherance of, a legitimate task of the Congress, that the requesting committee has made a written request to the United States secretary of the treasury for related federal returns or reports or return or report information, pursuant to 26 U.S.C. Section 6103(f), and that if such requested returns or reports are inspected by and/or submitted to another committee, to the United States House of Representatives, or to the United States Senate, then such inspection and/or submission shall occur in a manner consistent with federal law as informed by the requirements and procedures established in 26 U.S.C. Section 6103(f).

§ 1147. Notices and limitations of time. (a) (1) Any notice authorized or required under the provisions of this article may be given by mailing the same to the person for whom it is intended in a postpaid envelope addressed to such person at the address given in the last return filed by him pursuant to the provisions of this article or in any application

made by him or, if no return has been filed or application made, then to such address as may be obtainable. A notice of determination shall be mailed promptly by registered or certified mail. The mailing of such notice shall be presumptive evidence of the receipt of the same by the person to whom addressed. Any period of time which is determined according to the provisions of this article by the giving of notice shall commence to run from the date of mailing of such notice.

(2) If any return, claim, statement, notice, application, or other document required to be filed, or any payment required to be made, within a prescribed period or on or before a prescribed date under authority of any provision of this article is, after such period or such date, delivered by United States mail to the tax commission, bureau, office, officer or person with which or with whom such document is required to be filed, or to which or to whom such payment is required to be made, the date of the United States postmark stamped on the envelope shall be deemed to be the date of delivery. This subdivision shall apply only if the postmark date falls within the prescribed period or on or before the prescribed date for the filing of such document, or for making the payment, including any extension granted for such filing or payment, and only if such document or payment was deposited in the mail, postage prepaid, properly addressed to the tax commission, bureau, office, officer or person with which or with whom the document is required to be filed or to which or to whom such payment is required to be made. If any document is sent by United States registered mail, such registration shall be prima facie evidence that such document was delivered to the tax commission, bureau, office, officer or person to which or to whom addressed. To the extent that the tax commission shall prescribe by regulation, certified mail may be used in lieu of registered mail under this section. This subdivision shall apply in the case of postmarks not made by the United States Post Office only if and to the extent provided by regulation of the tax commission.

(3) When the last day prescribed under authority of this article (including any extension of time) for performing any act falls on Saturday, Sunday or a legal holiday in the state of New York, the performance of such act shall be considered timely if it is performed on the next succeeding day which is not a Saturday, Sunday or a legal holiday.

(4)(A) Any reference in paragraph two of this subdivision to the United States mail shall be treated as including a reference to any delivery service designated by the secretary of the treasury of the United States pursuant to section seventy-five hundred two of the internal revenue code and any reference in paragraph two of this subdivision to a postmark by the United States mail shall be treated as including a reference to any date recorded or marked in the manner described in section seventy-five hundred two of the internal revenue code by a designated delivery service. If the commissioner finds that any delivery service designated by such secretary is inadequate for the needs of the state, the commissioner may withdraw such designation for purposes of this article. The commissioner may also designate additional delivery services meeting the criteria of section seventy-five hundred two of the internal revenue code for purposes of this article, or may withdraw any such designation if he finds that a delivery service so designated is inadequate for the needs of the state. Any reference in paragraph two of this subdivision to the United States mail shall be treated as including a reference to any delivery service designated by the commissioner and any reference in paragraph two of this subdivision to a postmark by the United States mail shall be treated as including a reference to any date recorded or marked in the manner described in section seventy-five hundred two of the internal revenue code by a delivery service designated by the commissioner.

(B) Any equivalent of registered or certified mail designated by the United States secretary of the treasury, or as may be designated by the commissioner pursuant to the same criteria used by such secretary for such designations pursuant to section seventy-five hundred two of the internal revenue code, shall be included within the meaning of registered or certified mail as used in paragraph two of this subdivision. If the commissioner finds that any equivalent of registered or certified mail designated by such secretary or the commissioner is inadequate for the needs of the state, the commissioner may withdraw such designation for purposes of this article.

(b) The provisions of the civil practice law and rules or any other law relative to limitations of time for the enforcement of a civil remedy shall not apply to any proceeding or action taken by the state or the tax commission to levy, appraise, assess, determine or enforce the

collection of any tax or penalty provided by this article. However, except in the case of a willfully false or fraudulent return with intent to evade the tax no assessment of additional tax shall be made after the expiration of more than three years from the date of the filing of a return; provided, however, that where no return has been filed as provided by law, the tax may be assessed at any time. Where a purchaser furnishes a vendor with a false or fraudulent certificate of resale or other exemption certificate or other document with intent to evade the tax, the tax may be assessed against such purchaser at any time. For purposes of this subdivision, a return filed before the last day prescribed by law or regulation for the filing thereof or before the last day of any extension of time for the filing thereof shall be deemed to be filed on such last day. Notwithstanding any other provision of this article, if the time to assess additional tax would otherwise have expired on or before December nineteenth, nineteen hundred sixty-nine, the time to assess such additional tax is hereby extended to and including December twentieth, nineteen hundred sixty-nine, except that it may be further extended by a taxpayer's consent in writing as provided in subdivision (c) hereof.

(c) Where, before the expiration of the period prescribed herein for the assessment of an additional tax, a taxpayer has consented in writing that such period be extended the amount of such additional tax due may be determined at any time within such extended period. The period so extended may be further extended by subsequent consents in writing made before the expiration of the extended period. If a taxpayer has consented in writing to the extension of the period for assessment, the period for filing an application for credit or refund pursuant to section eleven hundred thirty-nine shall not expire prior to six months after the expiration of the period within which an assessment may be made pursuant to the consent to extend the time for assessment of additional tax.

(d) The limitation of time for the assessment of additional tax, shall, after the mailing of a notice of determination, be suspended with respect to the amount of additional tax asserted in such notice until the expiration of the time for filing a petition contesting such notice or, if a timely petition with respect to the amount asserted in such notice has been filed with the division of tax appeals, until the

determination of the administrative law judge or the decision of the tax appeals tribunal has become final. A determination of an administrative law judge in the division of tax appeals shall become final in accordance with subdivision four of section two thousand ten of this chapter. A decision of the tax appeals tribunal shall become final upon the expiration of the period specified in paragraph four of subdivision (a) of section eleven hundred thirty-eight of this article for making an application for review if no such application has been duly made within such time, or, if such application has been duly made, upon expiration of the time for all further judicial review, or upon the rendering by the tax appeals tribunal of a decision in accordance with the mandate of the court on review. Notwithstanding the foregoing, for the purpose of making an application for review, the decision of the tax appeals tribunal shall be deemed final on the date the notice of such decision is served as provided in section two thousand sixteen of this chapter.

§ 1148. Deposit and disposition of revenue. (a) All taxes, interest and penalties collected or received by the commissioner under this article shall be deposited and disposed of pursuant to the provisions of section one hundred seventy-one-a of this chapter; provided however, the comptroller shall on or before the twelfth day of each month, pay all such taxes, interest and penalties collected under this article and remaining to the comptroller's credit in such banks, banking houses or trust companies at the close of business on the last day of the preceding month, into the general fund of the state treasury.

(b) Provided however, before the funds may be distributed pursuant to subdivision (a) of this section, such funds shall be distributed as otherwise provided in sections ninety-two-d, ninety-two-h, and ninety-two-r of the state finance law and sections eleven hundred two, eleven hundred four and eleven hundred nine of this article.

For purposes of this paragraph, the tax shall be at the rate of six percent of the consideration given or contracted to be given for such property, or for the use of such property, including any charges for shipping or delivery as described in paragraph three of subdivision (b) of section eleven hundred one of this chapter, but excluding any credit for tangible personal property accepted in part payment and intended for resale.

(b) For purposes of this section, the following definitions shall apply:

All of the provisions of such article twenty-eight (except sections eleven hundred seven, eleven hundred eight, eleven hundred forty-eight, and, for purposes of the tax imposed by section eleven hundred sixty, section eleven hundred nine) relating to or applicable to the administration, collection and review of the taxes imposed by such sections eleven hundred five and eleven hundred ten, including, but not limited to, the provisions relating to definitions, exemptions, returns, personal liability for the tax, collection of tax from the customer, collection of tax at the time of registration of a motor vehicle and payment of tax by a person required to file a return, shall apply to the taxes imposed by this article so far as such provisions can be made applicable to the taxes imposed by this article with such limitations as set forth in this article and such modifications as may be necessary in order to adapt such language to the taxes so imposed. Such provisions shall apply with the same force and effect as if the language of those provisions had been set forth in full in this article except to the extent that any provision is either inconsistent with a provision of this article or is not relevant to the taxes imposed by this article. § 1166. Transitional provisions. With respect to the tax imposed under section eleven hundred sixty of this article effective June first, nineteen hundred ninety, the provisions of subdivision (a) of section eleven hundred six of this chapter shall apply, except that for the purposes of this section, all references in said subdivision (a) of such section eleven hundred six to August first, nineteen hundred sixty-five, shall be read as referring to the effective date of such section eleven hundred sixty, and all references in said subdivision (a) of such section eleven hundred six to April first, nineteen hundred sixty-five shall be read as referring to the date four months prior to the effective date of such section eleven hundred sixty. Nothing herein contained shall be deemed to change the taxable status of any sale or use which occurred prior to such effective date, and provided further that the reference in subdivision one of section eleven hundred eighteen of this chapter to August first, nineteen hundred sixty-five, shall be read as referring to the effective date of section eleven hundred sixty of this article.

For purposes of this subdivision, the tax shall be at the rate of six percent of the consideration given or contracted to be given for such property, or for the use of such property, including any charges for shipping or delivery as described in paragraph three of subdivision (b) of section eleven hundred one of this chapter, but excluding any credit for tangible personal property accepted in part payment and intended for resale.

in addition to any tax imposed under any other article of this chapter, there is hereby imposed and there shall be paid a tax at the rate of six percent upon the receipts from every rental of a passenger car that is not subject to the tax described in section eleven hundred sixty-six-a of this article, but which is a retail sale of such passenger car within the state.

(b) Except to the extent that a passenger car rental described in subdivision (a) of this section or in section eleven hundred sixty-six-a of this article, has already been subject to the tax imposed under such subdivision or section, and except as otherwise exempted under this article, there is hereby imposed on every person and there shall be paid a use tax for the use within the state of any passenger car rented by the user that is a purchase at retail of such passenger car, but not including any lease of a passenger car to which subdivision (i) of section eleven hundred eleven of this chapter applies. pursuant to subdivision two of this section; and (b) taxes, interest and penalties collected or received pursuant to section eleven hundred sixty-six-b of this article shall be paid to the credit of the public transportation systems operating assistance account established by section eighty-eight-a of the state finance law.

2. All taxes, interest, and penalties collected or received by the commissioner pursuant to section eleven hundred sixty-six-a of this article shall be deposited daily with such responsible banks, banking houses or trust companies, as may be designated by the comptroller, in trust for the credit of the metropolitan transportation authority. An account may be established in one or more of such depositories. Such deposits will be kept separate and apart from all other money in the possession of the comptroller. Of the total revenue collected or received under this article, the comptroller shall retain such amount as the commissioner may determine to be necessary for refunds under this article. On or before the twelfth day of each month, after reserving such amount for such refunds and deducting such amounts for such costs, the commissioner shall certify to the comptroller the amount of all revenues received pursuant to this article during the prior month as a result of the tax imposed, including any interest and penalties thereon. 1173. Authority to enter agreement.

- 1174. Relationship to state law.
- 1175. Agreement requirements.
- 1176. Cooperating sovereigns.
- 1177. Limited binding and beneficial effect.
- 1178. Seller and third party liability.

§ 1170. Short title. This article shall be known and may be cited as the "simplified sales and use tax administration act".

§ 1171. Definitions. As used in this article:

(a) "Agreement" means the streamlined sales and use tax agreement.

(b) "Certified automated system" means software certified jointly by the states that are signatories to the agreement to calculate the tax imposed by each jurisdiction on a transaction, determine the amount of tax to remit to the appropriate state, and maintain a record of the transaction.

(c) "Certified service provider" means an agent certified jointly by the states that are signatories to the agreement to perform all of the seller's sales tax functions.

(d) "Department" means the New York state department of taxation and finance.

(e) "Person" shall have the same meaning as ascribed to such term by subdivision (a) of section eleven hundred one of this chapter.

(f) "Sales tax" means the sales tax imposed pursuant to article twenty-eight of this chapter and pursuant to the authority of article twenty-nine of this chapter, to the extent covered by the streamlined sales and use tax agreement authorized and directed to be entered into by section eleven hundred seventy-three of this article.

(g) "Seller" means any person making sales, leases, or rentals of personal property or services.

(h) "State" means any state of the United States and the District of Columbia.

(i) "Use tax" means the compensating use tax imposed pursuant to article twenty-eight of this chapter and pursuant to the authority of article twenty-nine of this chapter, to the extent covered by the

streamlined sales and use tax agreement authorized and directed to be entered into by section eleven hundred seventy-three of this article.

§ 1172. Legislative finding. The legislature finds that a simplified sales and use tax system will reduce and over time eliminate the burden and cost for all vendors to collect New York state's sales and use tax. The legislature further finds that New York state should enter into an agreement with one or more states to simplify and modernize sales and use tax administration in order to substantially reduce the burden of tax compliance for all sellers and for all types of commerce.

§ 1173. Authority to enter agreement. (a) The department is authorized and directed to enter into the streamlined sales and use tax agreement with one or more states to simplify and modernize sales and use tax administration in order to substantially reduce the burden of tax compliance for all sellers and for all types of commerce. In furtherance of the agreement, the department is authorized to act jointly with other states that are members of the agreement to establish standards for certification of a certified service provider and certified automated system and establish performance standards for multistate sellers.

(b) The department is further authorized to take other actions reasonably required to implement the provisions set forth in this article. Other actions authorized by this section include, but are not limited to, the adoption of rules and regulations and the joint procurement, with other member states, of goods and services in furtherance of the cooperative agreement.

(c) New York state shall be represented by four delegates, one of whom shall be appointed by the temporary president of the senate, one of whom shall be appointed by the speaker of the assembly, one of whom shall be appointed by the governor and one of whom shall be the commissioner or his or her designee. In the event of a disagreement between the four delegates on how the state of New York shall vote within such governing board, the vote shall be cast only in accord with the unanimous opinion of the delegate appointed by the temporary president of the senate, the delegate appointed by the speaker of the assembly and the delegate

appointed by the governor. Such delegates shall be authorized to represent New York state before the other states that are signatories to the agreement.

§ 1174. Relationship to state law. No provision of the agreement authorized by this article in whole or part invalidates or amends any provision of the law of New York state. Adoption of the agreement by New York state does not amend or modify any law of New York state. Implementation of any condition of the agreement in New York state, whether adopted before, at, or after membership of New York state in the agreement, shall be exclusively done by a separate act or acts of the legislature.

§ 1175. Agreement requirements. The department shall not enter into the streamlined sales and use tax agreement unless the agreement requires each state to abide by the following requirements:

(a) The agreement must set restrictions to limit over time the number of state rates.

(b) The agreement must establish uniform standards for the following:

(1) The sourcing of transactions to taxing jurisdictions.

(2) The administration of exempt sales.

(3) Sales and use tax returns and remittances.

(c) The agreement must require states to develop and adopt uniform definitions of sales and use tax terms. The definitions must enable a state to preserve its ability to make policy choices not inconsistent with the uniform definitions.

(d) The agreement must provide a central, electronic registration system that allows a seller to register to collect and remit sales and use taxes for all signatory states.

(e) The agreement must provide that registration with the central registration system and the collection of sales and use taxes in the signatory states will not be used as a factor in determining whether the seller has nexus with a state for any tax.

(f) The agreement must provide for reduction of the burdens of complying with local sales and use taxes through the following:

(1) Restricting variances between the state and local tax bases.

(2) Requiring states to administer any sales and use taxes levied by local jurisdictions within the state so that sellers collecting and remitting these taxes will not have to register or file returns with, remit funds to, or be subject to independent audits from local taxing jurisdictions.

(3) Restricting the frequency of changes in the local sales and use tax rates and setting effective dates for the application of local jurisdictional boundary changes to local sales and use taxes.

(4) Providing notice of changes in local sales and use tax rates and of changes in the boundaries of local taxing jurisdictions.

(g) The agreement must outline any monetary allowances that are to be provided by the states to sellers or certified service providers.

(h) The agreement must require each state to certify compliance with the terms of the agreement prior to joining and to maintain compliance, under the laws of the member state, with all provisions of the agreement while a member.

(i) The agreement must require each state to adopt a uniform policy for certified service providers that protects the privacy of consumers and maintains the confidentiality of tax information.

(j) The agreement must provide for the appointment of an advisory council of private sector representatives and an advisory council of non-member state representatives to consult with in the administration of the agreement.

§ 1176. Cooperating sovereigns. The agreement authorized by this article is an accord among individual cooperating sovereigns in furtherance of their governmental functions. The agreement provides a mechanism among the member states to establish and maintain a cooperative, simplified system for the application and administration of sales and use taxes under the duly adopted law of each member state.

§ 1177. Limited binding and beneficial effect. (a) The agreement authorized by this article binds and inures only to the benefit of New York state and the other member states. No person, other than a member

state, is an intended beneficiary of the agreement. Any benefit to a person other than a state is established by the laws of New York state and the other member states and not by the terms of the agreement.

(b) Consistent with subdivision (a) of this section, no person shall have any cause of action or defense under the agreement or by virtue of New York state's approval of the agreement. No person may challenge, in any action brought under any provision of law, any action or inaction by any department, agency, or other instrumentality of New York state, or any political subdivision of New York state on the ground that the action or inaction is inconsistent with the agreement.

(c) No law of New York state, or the application thereof, may be declared invalid as to any person or circumstance on the ground that the provision or application is inconsistent with the agreement.

*** § 1178. Seller and third party liability.** (a) (1) A certified service provider is the agent of a seller, with whom the certified service provider has contracted, for the collection and remittance of sales and use taxes. As the seller's agent, the certified service provider is liable for sales and use tax due each member state on all sales transactions it processes for the seller except as set out in this section.

(2) A seller that contracts with a certified service provider is not liable to the state for sales or use tax due on transactions processed by the certified service provider unless the seller misrepresented the type of items it sells or committed fraud. In the absence of probable cause to believe that the seller has committed fraud or made a material misrepresentation, the seller is not subject to audit on the transactions processed by the certified service provider. A seller is subject to audit for transactions not processed by the certified service provider. The member states acting jointly may perform a system check of the seller and review the seller's procedures to determine if the certified service provider's system is functioning properly and the extent to which the seller's transactions are being processed by the certified service provider.

(b) A person that provides a certified automated system is responsible for the proper functioning of that system and is liable to the state for

underpayments of tax attributable to errors in the functioning of the certified automated system. A seller that uses a certified automated system remains responsible and is liable to the state for reporting and remitting tax.

(c) A seller that has a proprietary system for determining the amount of tax due on transactions and has signed an agreement establishing a performance standard for that system is liable for the failure of the system to meet the performance standard.

The taxes imposed under this section shall not apply to adult-use cannabis products subject to tax under article twenty-C of this chapter.

§ 1182. Imposition of compensating use tax. (a) Except to the extent that vapor products have already been or will be subject to the tax imposed by section eleven hundred eighty-one of this article, or are otherwise exempt under this article, there is hereby imposed a use tax on every use within the state of vapor products: (1) purchased at retail; and (2) manufactured or processed by the user if items of the same kind are sold by him or her in the regular course of his or her business.

(b) For purposes of paragraph one of subdivision (a) of this section, the tax shall be at the rate of twenty percent of the consideration given or contracted to be given for such vapor product purchased at retail. For purposes of paragraph two of subdivision (a) of this section, the tax shall be at the rate of twenty percent of the price at which such items of the same kind of vapor product are offered for sale by the user, and the mere storage, keeping, retention or withdrawal from storage of such vapor product by the person that manufactured or processed such vapor product shall not be deemed a taxable use by him or her.

(c) The tax due pursuant to this section shall be paid and reported no later than twenty days after such use on a form prescribed by the commissioner.

§ 1183. Vapor products dealer registration and renewal. (a) Every person who intends to sell vapor products in this state must receive from the commissioner a certificate of registration prior to engaging in business. Such person must electronically submit a properly completed application for a certificate of registration for each location at which

vapor products will be sold in this state, on a form prescribed by the commissioner, and shall be accompanied by a non-refundable application fee of three hundred dollars.

(b) A vapor products dealer certificate of registration shall be valid for the calendar year for which it is issued unless earlier suspended or revoked. Upon the expiration of the term stated on the certificate of registration, such certificate shall be null and void. documentation demonstrating that such applicant or vapor products dealer acquired the premises or business through an arm's length transaction as defined in paragraph (e) of subdivision one of section four hundred eighty-a of this chapter.

(2) In addition to the grounds provided in paragraph one of this subdivision, the commissioner shall refuse to issue a certificate of registration and shall cancel or suspend a certificate of registration as directed by an enforcement officer pursuant to article thirteen-F of the public health law. Notwithstanding any provision of law to the contrary, an applicant whose application for a certificate of registration is refused or a vapor products dealer whose registration is cancelled or suspended under this paragraph shall have no right to a hearing under this chapter and shall have no right to commence a court action or proceeding or to any other legal recourse against the commissioner with respect to such refusal, suspension or cancellation; provided, however, that nothing herein shall be construed to deny a vapor products dealer a hearing under article thirteen-F of the public health law or to prohibit vapor products dealers from commencing a court action or proceeding against an enforcement officer as defined in section thirteen hundred ninety-nine-aa of the public health law.

Provided, however, upon a vapor products dealer's third suspension, cancellation or revocation within a five-year period for any one or more businesses owned or operated by the vapor products dealer, such suspension, cancellation, or revocation of the vapor products dealer's certificate of registration shall apply to all places of business where he or she sells vapor products in this state.

Such notification must be made on or before the last day of the month in which a change occurs and must be

made electronically on a form prescribed by the commissioner.

(g) Every vapor products dealer who holds a certificate of registration under this article shall be required to reapply for a certificate of registration for the following calendar year on or before the twentieth day of September and such reapplication shall be subject to the same requirements and conditions, including grounds for refusal, as an initial registration under this article, including but not limited to the payment of the three hundred dollar application fee for each retail location.

(h) In addition to any other penalty imposed by this chapter, any vapor products dealer who violates the provisions of this section, (1) for a first violation is liable for a civil fine not less than five thousand dollars but not to exceed twenty-five thousand dollars and such certificate of registration may be suspended for a period of not more than six months; and (2) for a second or subsequent violation within three years following a prior violation of this section, is liable for a civil fine not less than ten thousand dollars but not to exceed thirty-five thousand dollars and such certificate of registration may be suspended for a period of up to thirty-six months; or (3) for a third violation within a period of five years, its vapor products certificate or certificates of registration issued to each place of business owned or operated by the vapor products dealer in this state, shall be revoked for a period of up to five years.

§ 1184. Administrative provisions. The rate of the taxes authorized in this subdivision shall not be in excess of one and seventeen one hundredths times the rate fixed for the corresponding taxes by local law fifty-one of the city of New York for the year nineteen hundred forty-one, and not in excess of two and thirty-five one hundredths times the rate fixed for the corresponding tax by local law forty-nine of the city of New York for the year nineteen hundred forty-one, except that as to persons engaged in the business of operating or leasing sleeping and parlor railroad cars or of operating railroads other than street surface, rapid transit, subway and elevated railroads, the rate shall not be in excess of three and fifty-two one hundredths percent of gross income and except that as to persons engaged in the business of operating omnibuses with a carrying capacity of more than seven persons, whether or not such persons are subject to the supervision of the state department of public service, the rate shall not be in excess of one and seventeen one hundredths percent of gross income or gross operating income, as the case may be.

Notwithstanding the limitations as to rate provided above, for the years nineteen hundred seventy-three and those following, such city may

impose, by local law, a surtax of forty per centum of the percentage of tax in effect pursuant to this subdivision in such city for the year nineteen hundred seventy-two.

(b) (i) Taxes on each deed, other instrument or transaction (other than a deed or instrument given solely as security or a transaction the sole purpose of which is to secure an obligation or indebtedness) by which any real property or any economic interest therein is conveyed or transferred, measured by the consideration or value of the interest or property conveyed or transferred, (1) at a rate not to exceed one-half of one percent of such consideration or value with respect to conveyances made before July first, nineteen hundred seventy-one, or made in performance of a contract therefor executed before such date, (2) at a rate not to exceed one percent of such consideration or value with respect to (A) all conveyances made on or after July first, nineteen hundred seventy-one and before February first, nineteen hundred eighty-two, or made in performance of a contract therefor executed during such period, (B) conveyances or transfers made on or after February first, nineteen hundred eighty-two of one, two or three-family houses, individual cooperative apartments and individual residential condominium units, or interests therein, and (C) conveyances or transfers made on or after February first, nineteen hundred eighty-two (other than grants, assignments or surrenders of leasehold interests in real property) where the consideration or value is less than five hundred thousand dollars, (3) at a rate not to exceed two percent of such consideration or value with respect to all other conveyances or transfers made on or after February first, nineteen hundred eighty-two (other than grants, assignments or surrenders of leasehold interests in real property) other than those conveyances or transfers specified in subparagraphs four, five and six of this paragraph, (4) at a rate not to exceed one and four hundred twenty-five thousandths of one percent of such consideration or value where such consideration or value is less than five hundred thousand dollars with respect to all conveyances or transfers other than for conveyances or transfers of one, two or three family houses, individual cooperative apartments, and individual residential condominium units, or interests therein (other than grants, assignment or surrenders of leasehold interests in real property), made on or after August first, nineteen hundred eighty-nine, (5) at a rate

not to exceed one and four hundred twenty-five thousandths of one percent of such consideration or value where such consideration or value is more than five hundred thousand dollars with respect to conveyances or transfers of one, two or three family houses, individual cooperative apartments, and individual residential condominium units, or interests therein (other than grants, assignments or surrenders of leasehold interests in real property), made on or after August first, nineteen hundred eighty-nine, and (6) at a rate not to exceed two and six hundred twenty-five one thousandths of one percent of such consideration or value where such consideration or value is greater than five hundred thousand dollars with respect to all conveyances or transfers other than for conveyances or transfers of one, two or three family houses, individual cooperative apartments, and individual residential condominium units, or interests therein (other than grants, assignment or surrenders of leasehold interests in real property), made on or after August first, nineteen hundred eighty-nine. Provided, however, that any such city may allow deductions, in determining the portion of any tax authorized hereby the proceeds of which are payable to the New York city transit authority as hereinafter provided, for any continuing liens on such interest or property where such interest or property is a one, two or three-family house, an individual cooperative apartment or an individual residential condominium unit or where the consideration for or value of the interest or property conveyed or transferred is less than five hundred thousand dollars, and may also allow an exemption not in excess of twenty-five thousand dollars on the consideration or value of the interest or property conveyed and provided, further, that such taxes shall not apply if the contract for any such conveyance was made prior to May first, nineteen hundred fifty-nine. Anything to the contrary notwithstanding, where the tax authorized hereby is imposed on the consideration or value without any deduction for continuing liens, the portion of the consideration or value ascribable to such liens shall not be taxed at a rate in excess of one percent prior to July first, nineteen hundred eighty-two, in excess of two percent on and after July first, nineteen hundred eighty-two and before August first, nineteen hundred eighty-nine, or in excess of two and six hundred twenty-five thousandths of one percent on and after August first, nineteen hundred eighty-nine, except that where the interest or property is a one, two or

three-family house, an individual cooperative apartment or an individual residential condominium unit or where the consideration for a value of the interest or property conveyed or transferred is less than five hundred thousand dollars the rate on and after July first, nineteen hundred eighty-two shall not be in excess of one percent. The amount of any pre-existing liens on such property or interest which continue thereon after the conveyance or transfer shall be deemed to be part of the consideration or value for purposes of measuring the tax without regard to whether or not payment of the liens or of the underlying debt is assumed by the grantee or transferee. The tax authorized hereby may also be imposed (A) prior to July first, nineteen hundred eighty-two, at a rate not to exceed one percent, on the granting, assignment or surrender of a leasehold interest in real property, other than a leasehold interest in a one, two or three-family house or an individual dwelling unit in a dwelling which is to be occupied or is occupied as the residence or home of four or more families living independently of each other, where the consideration for or value of such grant, assignment or surrender is five hundred thousand dollars or more, (B) on and after July first, nineteen hundred eighty-two and before August first, nineteen hundred eighty-nine, at a rate not to exceed two percent, on the granting, assignment or surrender of a leasehold interest in real property, except that in the case of a leasehold interest in a one, two or three-family house or an individual dwelling unit in a dwelling which is to be occupied or is occupied as the residence or home of four or more families living independently of each other, or where the consideration for or value of such grant, assignment or surrender is less than five hundred thousand dollars, the rate shall not exceed one percent and (C) on and after August first, nineteen hundred eighty-nine, at a rate not to exceed two and six hundred twenty-five thousandths of one percent, on the granting, assignment or surrender of a leasehold interest in real property, except that in the case of a leasehold interest in a one, two or three-family house or an individual dwelling unit in a dwelling which is to be occupied or is occupied as the residence or home of four or more families living independently of each other where the consideration for or value of such grant, assignment or surrender is less than five hundred thousand dollars, the rate shall not exceed one percent, or in the case of a

leasehold interest in a one, two or three family house or an individual dwelling unit in a dwelling which is to be occupied or is occupied as the residence or home of four or more families living independently of each other where the consideration for or value of such grant, assignment or surrender is greater than five hundred thousand dollars, the rate shall not exceed one and four hundred twenty-five thousandths of one percent, or where the consideration for or value of any other grant, assignment or surrender is less than five hundred thousand dollars, the rate shall not exceed one and four hundred twenty-five thousandths of one percent; provided, however, that for purposes of a tax on the granting of a leasehold interest in real property, the amount subject to tax shall be only such amount as is not considered rent for purposes of the tax authorized to be imposed on the occupancy of commercial premises by chapter two hundred fifty-seven of the laws of nineteen hundred sixty-three, as amended, and imposed by a city having a population of one million or more pursuant thereto. In the case of any conveyance or transfer of real property or any economic interest therein in complete or partial liquidation of a corporation, partnership, association, trust or other entity, the tax shall be measured by the consideration for such conveyance or transfer or the value of the real property or interest therein, whichever is greater. Such taxes may be imposed on any conveyance or transfer of real property or interest therein where the real property is located in such city regardless of where transactions, negotiations, transfers of deeds or other actions with regard to the transfer or conveyance take place, subject only to the restrictions contained in section twelve hundred thirty. The payment of, and the filing of a return relating to, any such taxes may be required as a condition precedent (1) to the recording or filing of a deed, lease, assignment or surrender of lease or other instrument, (2) to the commencement of any action or proceeding in any court of this state in which any conveyance, transfer or lease described herein is in issue, directly or indirectly, or (3) to the receipt in evidence of such deed, lease, assignment or surrender of lease or other instrument in any such court. In each instance where the tax rate imposed pursuant to this subdivision is two percent, fifty percent of the total amount of such tax, including fifty percent of any interest or penalties thereon, shall be set aside in a special account by the commissioner of finance of such

city, provided, however, that where the consideration for or value of property or interest conveyed or transferred includes the amount of any nondeductible mortgage, lien or other encumbrance which existed before the conveyance or transfer and remains thereon after such conveyance or transfer, (A) prior to July first, nineteen hundred eighty-two the entire amount of tax imposed at a rate not in excess of one percent on the portion of the consideration or value ascribable to such nondeductible mortgage, lien or other encumbrance, including any interest or penalties thereon, and fifty percent of the tax on the balance of the consideration or value, including fifty percent of any interest or penalties thereon, shall be set aside in such special account, and (B) on and after July first, nineteen hundred eighty-two and before August first, nineteen hundred eighty-nine, fifty percent of the amount of tax imposed at a rate in excess of one percent but not in excess of two percent on the portion of the consideration or value ascribable to such nondeductible mortgage, lien or other encumbrance, including fifty percent of any interest or penalties thereon, and fifty percent of the tax on the balance of the consideration or value, including fifty percent of any interest or penalties thereon, shall be set aside in such special account. On and after August first, nineteen hundred eighty-nine, in each instance where the tax rate imposed pursuant to this subdivision is in excess of two percent, the portion of the tax, and any interest or penalty thereon, to be set aside in such special account shall be an amount equal to one percent of the total consideration for or value of the real property or economic interest therein conveyed or transferred, plus any interest or penalty attributable to such portion of the tax. There shall also be set aside in such special account prior to July first, nineteen hundred eighty-two the total amount of taxes imposed on grants, assignments or surrenders of leasehold interests in real property, including any interest or penalties thereon; on and after July first, nineteen hundred eighty-two and before August first, nineteen hundred eighty-nine, there shall be set aside in such special account fifty percent of the amount of taxes imposed on grants, assignments or surrenders of leasehold interests in real property, other than a leasehold interest in a one, two or three-family house or an individual dwelling unit in a dwelling which is to be occupied or is occupied as the residence or home of four or more

families living independently of each other, or where the consideration for or value of such grant, assignment or surrender is less than five hundred thousand dollars, including fifty percent of any interest or penalties thereon. On and after August first, nineteen hundred eighty-nine, there shall be set aside in such special account, in each instance where the rate of tax on grants, assignments or surrenders of leasehold interests in real property is two percent or more, an amount equal to one percent of the consideration for or value of the leasehold interest granted, assigned or surrendered, plus any interest or penalty attributable to such portion of the tax. Notwithstanding anything in this paragraph (i) to the contrary, in each instance where the tax rate imposed pursuant to paragraph (xi) of this subdivision is in excess of one percent, the portion of tax, and any interest or penalty thereon, to be set aside in such special account shall be an amount equal to one-half of one percent of the total consideration for or value of the real property or economic interest therein conveyed or transferred, plus any interest or penalty attributable to such portion of the tax, and there shall be set aside in such special account, in each instance where the rate of tax imposed under paragraph (xi) of this subdivision on grants, assignments or surrenders of leasehold interests in real property is in excess of one percent, an amount equal to one-half of one percent of the consideration for or value of the leasehold interest granted, assigned or surrendered, plus any interest or penalty attributable to such portion of the tax. Moneys in such account shall be used for payment by such commissioner to the state comptroller for deposit in the urban mass transit operating assistance account of the mass transportation operating assistance fund of any amount of insufficiency certified by the state comptroller pursuant to the provisions of subdivision six of section eighty-eight-a of the state finance law, and, on the fifteenth day of each month such commissioner shall transmit all funds in such account on the last day of the preceding month, except the amount required for the payment of any amount of insufficiency certified by the state comptroller and such amount as he deems necessary for refunds and such other amounts necessary to finance the New York city transportation disabled committee and the New York city paratransit system as established by section fifteen-b of the transportation law, provided, however, that such

amounts shall not exceed six percent of the total funds in the account but in no event be less than one hundred seventy-five thousand dollars beginning April first, nineteen hundred eighty-six, and further that beginning November fifteenth, nineteen hundred eighty-four and during the entire period prior to operation of such system, the total of such amounts shall not exceed three hundred seventy-five thousand dollars for the administrative expenses of such committee and fifty thousand dollars for the expenses of the agency designated pursuant to paragraph b of subdivision five of such section, and other amounts necessary to finance the operating needs of the private bus companies franchised by the city of New York and eligible to receive state operating assistance under section eighteen-b of the transportation law, provided, however, that such amounts shall not exceed four percent of the total funds in the account, to the New York city transit authority for mass transit within the city.

(ii) For purposes of this subdivision, an "economic interest" in real property shall mean (1) the ownership of shares of stock in a corporation which owns real property, (2) the ownership of an interest or interests in a partnership, association or other entity which owns real property, and (3) the ownership of a beneficial interest or interests in a trust which owns real property.

(iii) For purposes of this subdivision, the terms "transferred" or "transfer," when used in relation to an economic interest in real property, shall include the transfer or transfers of shares of stock in a corporation, interest or interests in a partnership, association or other entity, or beneficial interest or interests in a trust, whether made by one or several persons, or in one or several related transactions, which shares of stock or interest or interests constitute a controlling interest in such corporation, partnership, association, trust or other entity.

(iv) "Controlling interest" for purposes of this subdivision shall mean: (1) in the case of a corporation, fifty percent or more of the total combined voting power of all classes of stock of such corporation, or fifty percent or more of the fair market value of all classes of stock of such corporation; and (2) in the case of a partnership, association, trust or other entity, fifty percent or more of the capital, profits or beneficial interest in such partnership,

association, trust or other entity.

(v) Notwithstanding the definition of "controlling interest" contained in paragraph (iv) or any provision to the contrary contained in paragraph (iii) of this subdivision, in the case of any transfer of shares of stock in a cooperative housing corporation in connection with the grant or transfer of a proprietary leasehold, the tax authorized by this subdivision shall apply to (1) the original transfer of such shares of stock by the cooperative corporation or cooperative plan sponsor, and (2) any subsequent transfer of such shares of stock by the owner thereof. Notwithstanding any provisions of this subdivision to the contrary, in the case of a transfer described in clause two of this paragraph which relates to an individual residential unit, the consideration for such transfer shall not include any portion of the unpaid principal of any mortgage on the real property of the cooperative housing corporation. In determining the tax on a transfer described in clause (1) of this paragraph, a credit shall be allowed for a proportionate part of the amount of any tax imposed pursuant to the authority of this subdivision and paid upon the conveyance to the cooperative housing corporation of the land and building or buildings comprising the cooperative dwelling or dwellings. Such proportionate part shall be the amount determined by multiplying the amount of tax paid upon the conveyance to the cooperative housing corporation by a fraction, the numerator of which shall be the number of shares of stock transferred in a transaction described in clause (1) and the denominator of which shall be the total number of outstanding shares of stock of the cooperative housing corporation (including any stock held by the corporation). In no event, however, shall such credit reduce the tax on a transfer described in clause (1) below zero, nor shall any such credit be allowed for any tax paid more than twenty-four months prior to the date on which occurs the first in a series of transfers of shares of stock in an offering of cooperative housing corporation shares described in clause (1). For purposes of this subdivision, the term "cooperative housing corporation" shall not include a housing company organized and operating pursuant to the provisions of article two, four, five, or eleven of the private housing finance law.

(vi) In the case of a transfer of an economic interest in any entity that owns assets in addition to real property or interest therein, the

consideration subject to tax shall be deemed equal to the fair market value of the real property or interest therein apportioned based on the percentage of the ownership interest in the entity transferred.

(vii) Any local law enacted pursuant to this subdivision may provide for such credits as are required to avoid multiple taxation.

(viii) Any city which has imposed the tax authorized by this subdivision prior to its amendment by a chapter of the laws of nineteen hundred eighty-one may continue to impose such tax without regard to the amendments made by such chapter, or may amend the local law imposing such tax to incorporate therein the provisions authorized by this subdivision as amended by such chapter of the laws of nineteen hundred eighty-one. If such city amends such local law to include therein the additional provisions authorized by such chapter of the laws of nineteen hundred eighty-one, the provisions so added shall not apply to any transfer made pursuant to a written contract entered into prior to the effective date of such chapter of the laws of nineteen hundred eighty-one.

(ix) Notwithstanding the definition of "controlling interest" contained in paragraph (iv) or anything to the contrary contained in paragraph (iii) of this subdivision, in the case of a corporation (other than a cooperative housing corporation), partnership, association, trust or other entity formed for the purpose of cooperative ownership of real property, the tax authorized by this subdivision shall apply to each transfer of: shares of stock in such corporation, interest in such partnership, association or other entity or beneficial interest in such trust, in connection with the grant or transfer of a proprietary leasehold. Notwithstanding any provisions of this subdivision to the contrary, in the case of a transfer described in this paragraph which relates to an individual residential unit (other than the original transfer of such a unit by the cooperative entity or cooperative plan sponsor), the consideration for such transfer shall not include any portion of the unpaid principal of any mortgage on the real property of such corporation, partnership, association, trust or other entity.

(x) Notwithstanding any other provision of law to the contrary, all revenues resulting from the imposition of the tax authorized by paragraph (ix) of this subdivision shall be credited to and deposited in the general fund of the city imposing such tax, but no part of such

revenues may be expended unless appropriated in the annual budget of such city.

(xi) Notwithstanding anything contained in this subdivision, the tax imposed under paragraphs (i), (v) and (ix) of this subdivision on any deed or other instrument or transaction conveying or transferring real property or an economic interest therein, that qualifies as a real estate investment trust transfer, as defined below, shall be imposed at a rate equal to fifty percent of the otherwise applicable rate. For purposes of this paragraph (xi), a real estate investment trust transfer shall mean (1) any deed or other instrument or transaction conveying or transferring real property or an economic interest therein to a real estate investment trust as defined in section 856 of the internal revenue code (a "REIT") or to a partnership or corporation in which a REIT owns a controlling interest immediately following the transaction; and

(2) any issuance or transfer of an interest in a REIT, or in a partnership or corporation in which a REIT owns a controlling interest immediately following the issuance or transfer, in connection with a transaction described in subparagraph one of this paragraph.

Notwithstanding the foregoing, a transaction described in the preceding sentence shall not constitute a real estate investment trust transfer unless (A) it occurs in connection with the initial formation of the REIT and the conditions described in subparagraphs three and four of this paragraph are satisfied, or (B) in the case of any real estate investment trust transfer occurring on or after July thirteenth, nineteen hundred ninety-six and before September first, two thousand twenty-nine, the transaction is described in subparagraph five of this paragraph in which case the provisions of such subparagraph shall apply.

(3) The value of the ownership interests in the REIT, or in a partnership or corporation in which the REIT owns a controlling interest, received by the grantor as consideration for such conveyance or transfer must be equal to an amount not less than forty percent of the value of the equity interest in the real property or economic interest therein conveyed or transferred by the grantor to the grantee and such ownership interests must be retained by the grantor or owners of the grantor for a period of not less than two years following the date of such conveyance or transfer; provided, however, that in the case

of the death of the grantor or an owner of the grantor within such two year period, this two year retention requirement shall be deemed to be satisfied notwithstanding any conveyance or transfer of such ownership interests held by such individual as a result of such death. The value of the equity interest in such real property or economic interest therein shall be computed by subtracting from the consideration for the conveyance or transfer of the real property or economic interest therein the unpaid balance of any loans secured by mortgages or other encumbrances which are liens on the real property or economic interest therein immediately before the conveyance or transfer. For purposes of this computation, in the case of a conveyance or transfer of real property other than a conveyance or transfer of an economic interest in real property, the amount of the unpaid balance of any loans secured by mortgages or other encumbrances to be subtracted from consideration is determined by multiplying the total unpaid balance of any loans secured by mortgages or other encumbrances on the real property by the percentage of the ownership interest in the real property being conveyed or transferred to the grantee. In the case of a transfer of an economic interest in real property, such amount to be subtracted is equal to the sum of the following amounts: (I) a reasonable apportionment to the interests in real property owned by the entity of the amount of any loans secured by encumbrances on the ownership interests in the entity which are being conveyed or transferred and (II) the amount of any loans secured by mortgages or other encumbrances on the real property of the entity multiplied by the percentage interest in the entity which is being conveyed or transferred. Provided, however that, for purposes of the computation made pursuant to this subparagraph three, any mortgages or other encumbrances on the real property or economic interest therein which are created in contemplation of the initial formation of the REIT or in contemplation of the conveyance or transfer of such real property or economic interest therein to the REIT or to a partnership or corporation in which the REIT owns a controlling interest immediately following the conveyance or transfer shall not be considered.

(4) Seventy-five percent or more of the cash proceeds received by such REIT from the sale of ownership interests in such REIT upon its initial formation must be used: (I) to make payments on loans secured by any interest in real property (including an ownership interest in an entity

owning real property) which is owned directly or indirectly by such REIT; (II) to pay for capital improvements to real property or any interest therein owned directly or indirectly by such REIT; (III) to pay brokerage fees and commissions, professional fees and payments to or on behalf of a tenant as an inducement to enter into a lease or sublease incurred in connection with the creation of a leasehold or sublease pertaining to real property or any interest therein owned directly or indirectly by such REIT; (IV) to acquire any interest in real property (including an ownership interest in any entity owning real property), apart from any acquisition to which a reduced rate of tax is applicable pursuant to this paragraph (without regard to this subparagraph); or (V) for reserves established for any of the purposes described in clause I, II or III of this subparagraph. For purposes of this subparagraph, the term real property shall include real property wherever located.

(5) If a transaction otherwise described in subparagraph two of this paragraph occurs other than in connection with the initial formation of a REIT, the condition set forth in subparagraph four of this paragraph shall be disregarded and such transaction shall constitute a "real estate investment trust transfer" if the condition set forth in subparagraph three of this paragraph would be satisfied if "fifty percent" is substituted for "forty percent" therein.

For purposes of determining the consideration for a real estate investment trust transfer taxable under this paragraph (xi), the value of the real property or interest therein shall be equal to the estimated market value as determined by the commissioner of finance of the city of New York for real property tax purposes as reflected on the most recent notice of assessment issued by such commissioner, or such other value as the taxpayer may establish to the satisfaction of such commissioner. This paragraph (xi) shall only apply to real estate investment trust transfers occurring on or after the effective date of this paragraph.

(xii) Notwithstanding any other provision of this subdivision, in determining the tax authorized by this subdivision with respect to a deed, instrument or transaction conveying or transferring a one, two or three-family house, an individual residential condominium unit, an individual residential cooperative apartment, or an interest therein, the consideration for such conveyance or transfer shall exclude, to the

extent otherwise included therein, the amount of any mortgage or other lien or encumbrance on the real property or interest therein that existed before the delivery of the deed or the transfer and remains thereon after the date of delivery of the deed or the transfer, other than any mortgage, lien or encumbrance placed on the property or interest in connection with, or in anticipation of, the conveyance or transfer, or by reason of deferred payments of the purchase price whether represented by notes or otherwise. Provided, however, that this paragraph shall not apply to a conveyance or transfer (1) to a mortgagee, lienor or encumbrancer, regardless of whether the grantor or transferor is or was personally liable for the indebtedness secured by the mortgage, lien or encumbrance or whether the mortgage, lien or encumbrance is canceled of record, or (2) which qualifies as a "real estate investment trust transfer" as defined in paragraph (xi) of this subdivision.

(c) Privilege taxes on amusement devices operated by coins, tokens or currency (either generally or upon selected types or classes of such devices), including, but not limited to, juke box, music, skill game, digger, pool or billiard tables, booths providing live entertainment and moving picture and video devices, at a rate not to exceed twenty-five dollars per annum for each such device.

(d) Taxes on the privilege of selling liquor, wine or beer at retail for on or off premises consumption, at a rate or in an amount per annum not in excess of twenty-five percent of the amount of license fees prescribed therefor from time to time in the alcoholic beverage control law.

(e) Taxes on the use of passenger motor vehicles of a type commonly used for non-commercial purposes owned by residents of the city at a rate per annum for each such vehicle of not in excess of five dollars if such vehicle weighs thirty-five hundred pounds or less and not in excess of ten dollars per annum if such vehicle weighs more than thirty-five hundred pounds; and taxes on the use of trucks, buses and other such commercial motor vehicles used principally in connection with a business carried on within the city, except when owned and used in connection with the operation of a farm by the owner or tenant thereof, at a rate per annum for each such vehicle of not in excess of ten dollars.

(f) (1) Taxes on the sale of containers made in whole or in part of

rigid or semi-rigid paperboard, fibre, glass, metal, plastic or any combination of such materials, including, but not limited to, barrels, baskets, bottles, boxes, cans, cartons, carrying cases, crates, cups, cylinders, drums, glasses, jars, jugs, pails, pots, rigid foil containers, trays, tubs, tubes, tumblers, and vessels, intended for use in packing or packaging any product intended for sale. Such taxes shall be levied upon the seller or supplier of the container who or which makes sales thereof to the person who purchases them (whether filled or unfilled) for the purpose of using them in connection with and as part of sales at retail or who receives them as containers of products intended for sale at retail. Where no tax has been paid by such seller or supplier, the buyer or person who purchases the container to use it or its contents in making a sale at retail shall be liable for tax thereon upon purchasing such container. Notwithstanding the provisions of section twelve hundred twenty of this article, sellers and suppliers having no business situs in the city imposing the tax, who sell such containers to retailers within the city may pay the tax so as to prevent its levy upon such retailers. Such taxes shall be imposed at rates not to exceed (i) three cents for each plastic bottle, (ii) two cents for each other plastic container, (iii) two cents for each glass container, (iv) two cents for each metal container except one cent for metal containers shown to be made of one metal only. Where a container is made of a combination of two or more of the materials with which this subdivision deals, it shall be classified and be taxable as if it were made of that of its component materials for which the following table provides the highest rate:

fibre and paperboard	metal	glass	plastic
10	20	20	30

(2) Any local law enacted pursuant to this subdivision may provide that: (i) metal containers and paperboard or fibre containers which have been impregnated, lined or coated with plastic or other materials shall be considered to be classified and taxable as metal containers and paperboard containers, respectively; (ii) paperboard or fibre containers with fastenings, tops and/or bottoms made of other materials dealt with by this subdivision shall be classified and taxed as paperboard or fibre containers; (iii) paperboard, metal, or plastic caps that are easily, readily, usually, and customarily separated from the container before

disposal shall not be considered part of the container; and (iv) notwithstanding any exception made pursuant to subparagraphs (i), (ii) and (iii) of this paragraph, where a preponderantly glass container is made of a combination of taxable materials, the complete separation of which materials is not easily, readily, usually and customarily effected after use and before disposal, such container shall be taxed one cent in addition to the tax otherwise imposed upon it, but in no event shall the aggregate tax on such container exceed three cents.

(3) Any local law enacted pursuant to this subdivision may provide that containers sold or furnished containing products intended for use in manufacturing processes and not for final retail sale shall be exempt from such taxes.

(4) Local laws imposing taxes authorized by this subdivision shall provide for the allowance of credits against such taxes as follows:

(i) one cent for each taxable container if manufactured with the following minimum percentages of recycled material:

(A) Paperboard and fibre containers: eighty per cent, if made of boxboard; thirty per cent if made of foodboard, fibre or containerboard.

(B) Metal containers: thirty per cent if taxed during the period beginning July first, nineteen hundred seventy-one and ending June thirtieth, nineteen hundred seventy-two; and forty per cent, if taxed thereafter.

(C) Glass containers: twenty per cent if taxed during the period beginning July first, nineteen hundred seventy-one and ending June thirtieth, nineteen hundred seventy-two; and thirty per cent, if taxed thereafter.

(D) Plastic containers: thirty per cent.
(ii) one cent for each container of a clearly distinct type, class,

pattern or form taxed during any taxable period provided that sixty per cent or more of all the containers of such distinct type, class, pattern or form subject to tax during such period were reused containers.

(iii) Provided that the credits for each container during any taxable period shall not exceed the amount of taxes due on such container for such period.

(5) The fiscal officer of any such city in charge of the administration of any tax imposed pursuant to this subdivision, may be authorized by any local law enacted pursuant to this subdivision, to prescribe by regulation, upon the joint recommendation of the chief officer in charge of the department or agency of such city dealing with the interests of consumers and the chief officer in charge of the department or agency of such city charged with the duty of waste collection and disposal:

(i) additional exemptions from and credits against the tax imposed by such local law; and

(ii) an additional surtax of no more than one cent per container, to be imposed upon containers made of any of the taxable components dealt with by this subdivision or any combination thereof.

In granting such exemption or credit or providing for such additional surtax, the above mentioned officers shall take into consideration the following qualities and characteristics of the container in question:

(A) the difficulty the container's material poses to the process of making recycled material.

(B) the difficulty of its manufacture from recycled materials.

(C) the difficulty and relative cost of its disposal.

(D) any obstacle it poses to consumer protection.

(E) the degree to which the container can or cannot be reused.

(F) the slowness, difficulty, and incompleteness with which the container degrades in the natural environment, either chemically or biologically.

Any such exemption, credit or surtax may be revoked by joint action of such officers, or by local law.

(6) There shall be exempted from any tax imposed pursuant to the authority of this subdivision, containers used as receptacles for food, food products, beverages, dietary foods and health supplements, sold for

human consumption but not including (i) candy and confectionery, (ii) fruit drinks with contain less than seventy per cent of natural fruit juice, (iii) soft drinks, sodas and beverages such as are ordinarily dispensed at soda fountains or in connection therewith (other than coffee, tea and cocoa) and (iv) beer, wine or other alcoholic beverages.

(7) When used in this subdivision the words (i) "recycled material" mean component materials which have been derived from previously used material or from new or old scrap material, (ii) "retail sale" or "sale at retail" means a sale to any person for any purpose other than for resale as such or as a physical component part of tangible personal property, (iii) "taxable period" means each calendar month or such other periods as the official administering any tax enacted pursuant to this subdivision may provide for by regulation, (iv) "one metal only" means metal with such minimum amounts of alloys as the officer charged with the administration of any local law enacted pursuant to this subdivision shall provide by regulation, but shall not include metal which has been plated or lined with another metal. In formulating such regulations such officer shall consult with the chief officer in charge of the department or agency of such city dealing with the interests of consumers and the chief officer in charge of the department or agency of such city charged with the duty of waste collection and disposal and shall consider the difficulty of using the metal in the making of recycled material and the availability of or technical feasibility of manufacturing other metals for the same purpose and use as the metal in question but with a lower alloy content.

c. Any corporation or association, or trust, or community chest, fund or foundation organized and operated exclusively for religious, charitable or educational purposes, or for the prevention of cruelty to children or animals, and no part of the net earnings of which inures to the benefit of any private shareholder or individual and no substantial part of the activities of which is carrying on propaganda, or otherwise attempting to influence legislation; provided, however, that nothing in this paragraph shall include an organization operated for the primary purpose of carrying on a trade or business for profit, whether or not all of its profits are payable to one or more organizations described in this paragraph.

(6) Any final determination of the amount of any tax payable hereunder shall be reviewable for error, illegality or unconstitutionality or any other reason whatsoever by a proceeding under article seventy-eight of the civil practice law and rules if application therefor is made to the supreme court within thirty days after the giving of the notice of such final determination, provided, however, that any such proceeding under article seventy-eight of the civil practice law and rules shall not be

instituted unless:

b. At the option of the petitioner such undertaking may be in a sum sufficient to cover the taxes, interests, and penalties stated in such determination plus the costs and charges which may accrue against it in the prosecution of the proceeding, in which event the petitioner shall not be required to pay such taxes, interest or penalties as a condition precedent to the application.

(7) Where any tax imposed hereunder shall have been erroneously, illegally, or unconstitutionally collected and application for the refund thereof duly made to the proper fiscal officer or officers, and such officer or officers shall have made a determination denying such refund, such determination shall be reviewable by a proceeding under article seventy-eight of the civil practice law and rules, provided, however, that such proceeding is instituted within thirty days after the giving of the notice of such denial, that a final determination of tax due was not previously made, and that an undertaking is filed with the proper fiscal officer or officers in such amount and with such sureties as a justice of the supreme court shall approve to the effect that if such proceeding be dismissed or the tax confirmed, the petitioner will pay all costs and charges which may accrue in the prosecution of such proceeding.

(8) Except in the case of a willfully false or fraudulent return with intent to evade the tax, no assessment of additional tax shall be made after the expiration of more than three years from the date of the filing of a return, provided, however, that where no return has been filed as provided by law the tax may be assessed at any time.
