The invocation today will be 4 5 delivered by Rabbi Haskell Lookstein of the Congregation Kehilath Jeshurun and the 6 7 principal of the Ramaz School of my district 8 in Manhattan. 9 Welcome, Rabbi. 10 RABBI LOOKSTEIN: The Talmud states: Rabbi Hanina Segan ha-Kohanim Omer. 11 12 Rabbi Hanina, the deputy high priest, said: {in Hebrew} Pray for the welfare of the 13 government, {in Hebrew} for were it not for 14 15 respect for it, people would swallow one another alive. 16 Eternal God, in these very 17 18 difficult days when so many of our citizens are suffering from all kinds of deprivations, 19 20 we thank You for those who dedicate their lives here to the peaceful ordering of society 21 in New York State. 22 We thank You for their commitment 23 24 to justice, fairness and equity for all, for

their devotion to the American ideals of 1 democracy, freedom, opportunity, and equality 2 3 for all regardless of race, religion, or 4 national origin, and for their concern for the 5 safety of our citizenry in a world in which the opponents of those ideals use violence and 6 7 terror to, in the words of Rabbi Hanina, 8 swallow us alive and destroy our way of life. 9 {In Hebrew} Dear God, bless this 10 State Senate and all its members with health and well-being. May their deliberations and 11 12 decisions help us all to live in a world of happiness, prosperity, and peace. 13 14 And let us say amen. 15 ACTING PRESIDENT KRUEGER: Thank you very much, Rabbi Lookstein. 16 Call for the reading of the 17 18 Journal. ACTING PRESIDENT KRUEGER: 13 14 Senator Volker. 15 SENATOR VOLKER: Madam President, Joe Tauriello was a wonderful gentleman, a 16 personal friend who I knew even before he was 17 18 a State Senator. He was a man who was part of a major political family in Western New York. 19 20 His uncle was a highly rated Congressman who was very close to my father. 21 22 And Joe kept in contact with me even after he left the Senate. He was a 23 friend of some people in this chamber, because 24

it's been a number of years since he left after his appointment by Hugh Carey. But he was the kind of fellow who, if he was your friend, he was your friend.

In fact, he was my friend -- I
don't believe there was a political fundraiser
that I had that he ever didn't contribute to,
even though Joe Tauriello was very much a
Democrat.

And he was a good man. His brother
Dan many of you would know although you may
not have realized it. Dan Tauriello was a
Buffalo police officer who was one of the top
security people for the governors, starting
out, I believe, with Mario Cuomo, going
through obviously George Pataki, and retired
just a few years ago. But Dan was also one of
the highest-ranking intelligence people in the
Northeast.

By the way, we notified the family but the family was unable to come up here. Of course most of the family is a little older.

But Joe Tauriello is a guy that people in Buffalo -- I believe many -- will

never forget. 1 2 ACTING PRESIDENT KRUEGER: Thank 3 you, Senator Volker. 4 Senator Farley. 5 SENATOR FARLEY: Yes, I rise to pay tribute to Joe Tauriello. 6 7 He was probably one of the 8 sweetest, nicest men I ever knew. You know, in this house, the collegiality and so forth, 9 10 Joe Tauriello epitomized that. Everybody loved him on both sides of the aisle. 11 He was a real dear friend of mine. 12 I kept in touch with him from the day he left 13 the Senate until almost his last few days on 14 15 this earth. Joe Tauriello was such a gentle, 16 17 kind, great guy. He was the epitome of what a 18 good politician should be. Because he really never offended anyone. He believed in his 19 20 principles. And he was a moderate. And he was a type of guy that I think represents what 21 is the best in public office. 22 23 He was a great guy. I really feel 24 bad that the Buffalo area is poorer without

him. And I wish he and his family all the 1 very best. And my sympathy to his brother and 2 to all of his family on this great loss. Joe 3 4 Tauriello was a great guy. 5 ACTING PRESIDENT KRUEGER: Thank 6 you. 7 Senator Bill Stachowski. 8 SENATOR STACHOWSKI: Yes, Madam 9 President. I too rise to say a few words 10 about Joe Tauriello. Obviously, Senator Tauriello was 11 12 gone before I got here, but I knew Joe Tauriello from the city. He was a wonderful 13 14 human being, a great person to go to for 15 information, always supported you, was a real strong Democrat. 16 But he always came back to Senate 17 18 Club dinners, and you could see from the reaction from people on both sides he was a 19 20 well-liked individual. Didn't make enemies, as Senator Volker stated earlier. 21 And most important of all is Joe 22 Tauriello was my friend, and I'll miss him. 23 24 Thank you.

Thank 1 ACTING PRESIDENT KRUEGER: 2 you. 3 Senator Antoine Thompson. 4 SENATOR THOMPSON: Let me just 5 say that it is with a humble heart that I stand today to also offer some kind words for 6 7 a very distinguished colleague in government 8 and also in the civic community as well. 9 As a number of folks have stated, 10 that even after he left public service he was 11 very involved civically and professionally. 12 Even as recent as about a year and a half ago, he was out and about doing different things. 13 So I really had a chance to meet 14 15 him on other folks' campaigns over the last 10 to 15 years when he would pop in, as Senator 16 Volker talked about. I probably didn't get as 17 18 much money out of him as Volker probably did, but he did make a couple of deposits. 19 20 (Laughter.) SENATOR THOMPSON: 21 But I am very 22 privileged to serve in the seat now that he held as well, and so many others that he 23 provided a good legacy for as well. So I just 24

| 1 | |
|----|---|
| 1 | wanted to offer those kind words. |
| 2 | ACTING PRESIDENT KRUEGER: Thank |
| 3 | you. |
| 4 | Any other Senators wishing to be |
| 5 | heard on the resolution? |
| 6 | Senator Volker. |
| 7 | SENATOR VOLKER: Madam President, |
| 8 | may I offer the cosponsorship to anybody that |
| 9 | wants to cosponsor it, to the entire chamber, |
| 10 | unless somebody says they don't want to. |
| 11 | Okay? |
| 12 | ACTING PRESIDENT KRUEGER: We |
| 13 | will get to that further down the list. Thank |
| 14 | you. Certainly, Senator. |
| 15 | The question is on the resolution. |
| 16 | All those in favor please signify by saying |
| 17 | aye. |
| 18 | (Response of "Aye.") |
| 19 | ACTING PRESIDENT KRUEGER: |
| 20 | Opposed, nay. |
| 21 | (No response.) |
| 22 | ACTING PRESIDENT KRUEGER: The |
| 23 | resolution is adopted. |
| 24 | Senator Volker has indicated he |
| | |

would like to open this resolution up to the 1 2 entire body for cosponsorship. Anyone wishing 3 not to be included as a cosponsor please 4 notify the desk. 5 Senator Klein. SENATOR KLEIN: 6 Madam President, 7 I believe there's a resolution by Senator 8 Seward at the desk. I ask that the resolution be read in its entirety and move for its 9 10 immediate adoption. ACTING PRESIDENT KRUEGER: The 11 Secretary will read. 12 13 THE SECRETARY: By Senator 14 Seward, Legislative Resolution Number 3608, 15 honoring the members of the New York City Group of the New York Wing of the Civil Air 16 Patrol Color Guard upon the occasion of 17 18 capturing the 2009 National Color Guard Competition. 19 20 "WHEREAS, It is the sense of this Legislative Body to honor and pay tribute to 21 the youth of today, and leaders of tomorrow, 22 23 whose character and achievements have inspired 24 and brought pride to our majestic Empire

the Empire State; and be it further

"RESOLVED, That a copy of this resolution, suitably engrossed, be transmitted to the members of the New York City Group of the New York Wing of the Civil Air Patrol Color Guard."

ACTING PRESIDENT KRUEGER:

24 Senator Seward.

SENATOR SEWARD: Yes, thank you,
Madam President.

It's certainly an honor and a privilege for me to rise today to support the resolution that recognizes the members of the New York City Group of the New York Wing Civil Air Patrol Color Guard for capturing the 2009 National Color Guard Competition.

Now, this team, as we saw so well demonstrated here before us as they presented the colors, no doubt and no question in my mind how and why they won first place in five events, second and third place in two other events. It's an impressive team.

This is especially significant because it represents the very first team from the New York Wing and the entire Northeast, for that matter, that has won the National Color Guard Competition. So this is a very special group.

Now, as many of you know, there are a number of our colleagues who are involved in the Civil Air Patrol in one way or another.

This is a volunteer, nonprofit auxiliary of

the United States Air Force.

We mainly think of the Civil Air
Patrol in their role as providers of a whole
array of emergency services to the people of
the State of New York, including forest fire
protection, disaster relief services,
guaranteed communications, aircraft emergency
assistance, such as search and rescue
missions, those types of things.

But in addition to all of that, the Civil Air Patrol also encourages the activities to help develop young people into responsible citizens, which is primarily done through what I'd have to call the phenomenal cadet program.

Now, the color guard team that we are honoring today is comprised of exceptional young adults from the Civil Air Patrol's cadet program. Now, this program is designed for young adults between the ages of 12 and 18. It aims at essential life-skill development and instills values including teamwork, personal integrity, leadership, respect, self-confidence, just to name a few. And

we've seen all of those characteristics 1 2 demonstrated by our team today. 3 You know, Lieutenant Colonel Andy 4 Liddle, who comes from my district, is the 5 regional governmental affairs advisor, and he has gotten me involved in the Civil Air 6 7 Patrol. And I have come to not only respect 8 and admire the organization but to fully 9 recognize that the Civil Air Patrol is a 10 tremendous asset to the people of the State of 11 New York, and the cadet program is certainly 12 an important part of that. So I just want to rise and 13 14 congratulate our outstanding team as well as 15 all of those who are involved in the Civil Air Patrol throughout the State of New York. You 16 have our heartfelt not only congratulations, 17 18 but our thanks. 19 ACTING PRESIDENT KRUEGER: Thank 20 you. 21 Senator Smith. 22 SENATOR SMITH: Thank you very 23 much, Madam President. And thank you, Senator Seward, for 24

acknowledging these young men who have been a prime example of excellence for all of us.

Winning a nationwide competition, coming in at first place obviously sends a message to us as adults and other young people that there are young people who are disciplined and understand what it means to make their communities, their families, and their instructors and officers very proud.

I have the distinct pleasure of knowing that all of them come from Queens,

New York. And not to be proprietary, Senator Seward, but it's nice to know that we have good stock.

And so I appreciate the officers for what they've done. Cadet Zin Han, who is from Corona, attends Aviation High School. We have Cadet Albaro Pillco, from Jackson Heights, who attends Aviation. I'm pausing on the next one, because Cadet Thomas Macrini, I told him that I had some reservations on acknowledging him because he went to Holy Cross. And Holy Cross is a direct rival of Christ the King High School, where I went. So

for the record, all my high school friends are 1 probably asking me why I'm acknowledging 2 somebody from Holy Cross. 3 4 But Cadet Macrini, good to see you. 5 And also Jason Chan, from Fresh Meadows, from Bayside High School. 6 7 You have distinguished yourselves. 8 This is a nice day for you. You've made your officers and those who are here with you very 9 10 proud. But you have made us proud. And you also allow us to know that the future is great 11 12 and we have some tremendous opportunity for 13 young people as yourself. 14 Congratulations to each and every 15 one of you, to your parents, to your friends. And when you leave here, on me, your officers 16 are going to treat you to some nice dinner. 17 18 Take care and God bless. ACTING PRESIDENT KRUEGER: 19 Thank 20 you. 21 Senator Farley. SENATOR FARLEY: Unlike Senator 22 Smith and Senator Seward, I have no connection 23 with the team. But as somebody that watched 24

```
them perform and having been in the military
 1
 2
         and seen a lot of honor guards perform, I
 3
         never saw such precision in how well you -- I
 4
         can see why you're national champs. Because I
 5
         could never perform the way that you did and
         with your precision as a team.
 6
 7
                    I congratulate you. It's really
 8
         something to watch. And we're honored to have
 9
         you here. Congratulations and thank you for
10
         coming.
                    ACTING PRESIDENT KRUEGER:
                                                    Thank
11
12
         you.
13
                    Are there any other Senators
         wishing to be heard on the resolution?
14
15
                    The question is on the resolution.
         All those in favor please signify by saying

would like to open this resolution to the 1 2 entire body for cosponsorship. Anyone wishing 3 to not be included as a cosponsor please 4 notify the desk. 5 Senator Smith. SENATOR SMITH: 6 Yes, Madam President. I believe there is a resolution by 7 8 Senator Thompson at the desk. I ask that the 9 resolution be read in its entirety and move 10 for its immediate adoption. ACTING PRESIDENT KRUEGER: The 11 Secretary will read. 12 13 THE SECRETARY: By Senator 14 Thompson, legislative resolution mourning the 15 death of Dr. William R. Greiner." 19 20 ACTING PRESIDENT KRUEGER: 21 Senator Thompson. SENATOR THOMPSON: 22 Yes, Madam 23 President. You look so lovely up there. 24 Happy New Year.

ACTING PRESIDENT KRUEGER: Thank 1 2 you. 3 SENATOR THOMPSON: Let me just 4 take a brief moment to say a few kind words 5 about a very distinguished gentleman, Dr. Greiner. 6 7 Under his guidance, UB became the 8 first American university to establish a 9 branch in China. Under his guidance, UB 10 developed the reputation of one of the 11 nation's best research-intensive public universities. In addition, under his 12 leadership UB developed a world-class medical 13 14 campus in downtown Buffalo which is growing by 15 leaps and bounds with the help of many members of this body as well. 16 17 Under his leadership as well, UB 18 went to Division 1 in sports -- go, UB Bulls. 19 Under his leadership, UB also became really 20 expanded with his tremendous investment in the 21 college dormitories as well, and in fact the 22 student population has grown by leaps and 23 bounds. 24 I'd like to thank my colleagues

today. I'm grateful to be joined on this 1 resolution by my colleagues from Western 2 3 New York, Senator Stachowski, Senator Volker, 4 Senator Maziarz, and Senator Young, and invite 5 any of my other colleagues in the Senate to join onto this resolution. 6 7 Thank you, Madam President. 8 ACTING PRESIDENT KRUEGER: Thank 9 you. 10 Senator Stachowski. SENATOR STACHOWSKI: Yes, Madam 11 12 President. I too would like to rise to say a few words about Dr. Greiner, who did a 13 14 remarkable job at the University of Buffalo. 15 He was a terrific law professor at one time, at least so my brother tells me, and 16 I'm sure Senator Volker will add to that. 17 18 was an outstanding provost. And then he did just an outstanding job as the president. 19 20 He obviously was at the helm when UB made a lot of the growth that they are now 21 enjoying. The medical corridor that Senator 22 Thompson mentioned is one of the really 23 24 shining lights of the city. It now has spun

off approximately 1250 biotech companies, some very small but some larger, and they are now on a website where people can look and develop a pathway to a job. And I'm sure that that made him very proud.

But one of the things he did that was especially good for the community is he tried to get UB more into the community and he also tried to get the community more interested in UB by taking its sports program to Division 1. And he did it in one big bold step. And everybody thought they're crazy, you know, they're going to take quite a few down years. But fortunately the UB Bulls have had a pretty good run in the MAC.

And I know that Dr. Greiner still went to the games while he was healthy. He enjoyed all the football games and the basketball games. And the fact is that that program is on the map, and it's really through his effort and his push.

And the area lost a really distinguished citizen, a wonderful human being, and his family lost a wonderful loving

father and husband to his wife. His wife 1 2 Carol is a wonderful person. My best to his 3 family, and I will miss my friend Bill Greiner 4 very much. 5 Thank you. ACTING PRESIDENT KRUEGER: 6 Thank 7 you, Senator. 8 Senator LaValle. 9 SENATOR LaVALLE: I yield to 10 Senator Volker first. ACTING PRESIDENT KRUEGER: 11 Senator Volker. 12 SENATOR VOLKER: 13 Thank you. 14 was going to yield to Senator LaValle first. 15 Bill Greiner was a close personal friend, and Carol Greiner both. My wife and 16 I, who's also a Carol, spent a lot of time 17 18 with the couple at various events, university events, business events, sporting events. 19 20 Bill Greiner probably was the first 21 president, certainly the only president in my 22 time that was really involved directly in not just university affairs but in the entire 23 community. He was considered by most people 24

to be one of the top five or six leaders in the entire Western New York area.

He had an interesting sense of humor. He was very articulate. He knew how to deal with people. And sometimes in Buffalo you'd better know how to deal with people because we have a few problems there occasionally between groups and so forth.

He was a man who I really enjoyed being with, as I enjoyed being with his wife, Carol. In fact, I must confess to you that the best academic dinners that I was ever at were dinners where Bill and Carol Greiner were the hosts. And they always were able to get everybody to speak together and talk about what was going on in the community.

As Senator LaValle will tell you, it was Bill Greiner who, against the wishes of a lot of the old academics, stood up for athletics. And many people thought that he was very over-optimistic and that he would fall on his face and that the university would be embarrassed.

But the truth is that the two

universities surged forward, one happens to be 1 2 in Senator LaValle's district and the other 3 one, of course, is in Western New York. 4 That's Stony Brook on Long Island and SUNY in 5 Buffalo. Probably the two most important people -- this is in my opinion -- in the 6 7 development of SUNY sports was Bill Greiner 8 and of course Senator Ken LaValle, because I was right there with him and listened to some 9 10 of the board meetings, which were really something to listen to many of the old timers 11 12 say it's not good, it's bad for education. Bill Greiner will be badly missed 13 14 not just by the university community but by 15 the entire Buffalo community. And I wish Carol and their entire family the best for the 16 future. 17 18 ACTING PRESIDENT KRUEGER: Thank you, Senator Volker. 19 20 Senator LaValle. SENATOR LaVALLE: 21 Thank you, Madam President. 22 23 During the years that I was 24 chairman of the Senate Committee on Higher

Education, I had really a great privilege in getting to know both Bill and Carol Greiner. Bill was a very, very interesting individual because he was very outspoken. He had only one agenda, and that was to move forward the UB agenda.

Bill came as dean of the law school and was provost and then became president.

And there were a lot of people that were skeptical that a law school professor and dean would lead UB.

It is under Bill Greiner's watch that he moved the agenda from one of undergraduate to graduate programming and to build a synergy between UB and the business community. So that all of the things that we see today in Western New York began under Bill Greiner's watch.

And it was very controversial, because when you move an agenda from one program, meaning undergraduate, to the graduate program, that becomes disruptive with some of the stakeholders or faculty at the university.

Bill Greiner was a real person, 1 2 loved to play golf, talked about golf, talked 3 about sports. Was able to build the stadium, 4 a 30,000-seat stadium at UB that held the 5 World Games and then was able to -- with very little cost, if any, to the state -- to have a 6 7 stadium that would move his football team into 8 Division 1. So he was truly a person who was in 9 10 the right place at the right time and moved the agenda to where it is today. And we owe 11 12 Bill Greiner a great debt for doing the things that he did. 13 Thank you, Madam President. 14 15 ACTING PRESIDENT KRUEGER: Thank 16 you. Any other Senator wishing to be 17 18 heard on the resolution? 19 The question is on the resolution. 20 All those in favor please signify by saying 21 aye. 22 (Response of "Aye.") 23 ACTING PRESIDENT KRUEGER: 24 Opposed, nay.

(No response.) 1 2 ACTING PRESIDENT KRUEGER: The 3 resolution is adopted. 4 Senator Thompson has indicated that 5 he would like to open the resolution up to the 6 entire body for cosponsorship. Anyone wishing 7 to not be included as a cosponsor please 8 notify the desk. 9 Senator Smith. 10 SENATOR SMITH: Madam President, before I call up the next resolution, from 11 time to time we are visited in this chamber by 12 13 very distinguished individuals. Today we have the pleasure of having one such of those 14 15 individuals with us. 16 I would like to acknowledge Arturo Vargas, who is the executive director of the 17 18 National Association of Latino Elected Officials. 19 20 Mr. Vargas, good to have you in the 21 chamber with us. 22 (Applause.) 23 ACTING PRESIDENT KRUEGER: 24 Welcome, Mr. Vargas.

SENATOR SMITH: 1 And I'm not sure 2 why he's standing next to Senator Dilan, but 3 that's okay. 4 But, Madam President, I believe 5 there's a resolution by Senator Maziarz at this desk, and I ask that that resolution be 6 7 read in its entirety and move for its 8 immediate adoption by my friend Senator 9 Maziarz. 10 ACTING PRESIDENT KRUEGER: The Secretary will read. 11 12 THE SECRETARY: By Senator Maziarz, Legislative Resolution Number 3540, 13 14 congratulating the North Tonawanda High School 15 Football Team and Head Coach Eric Jantzi upon the occasion of capturing the 2009 New York 16 17 State Class AA Championship. 18 "WHEREAS, Excellence and success in competitive sports can be achieved only 19 20 through strenuous practice, team play and team spirit, nurtured by dedicated coaching and 21 22 strategic planning; and "WHEREAS, Athletic competition 23 24 enhances the moral and physical development of

ACTING PRESIDENT KRUEGER:

Senator Maziarz. 1 2 SENATOR MAZIARZ: Thank you very 3 much, Madam President. 4 At long last we get to the 5 resolution that I'm very proud of today congratulating my alma mater, the 6 7 North Tonawanda Lumberjacks, on being the 8 Class AA New York State 2009 Football 9 Champions. 10 Now, I have to tell you that there's a colleague of mine, Senator 11 DeFrancisco, who is in an absolute state of 12 disbelief right now because Senator 13 DeFrancisco can't believe that there's a 14 15 championship anywhere in New York State that's not from Syracuse or Central New York. 16 But I do want to welcome school 17 18 superintendent Vince Vecchiarella --Superintendent, if you would please stand 19 20 up -- and Coach Eric Jantzi. Coach, would you please stand up? 21 22 The North Tonawanda Lumberjacks 23 went 13 and 0 this year, 13-0, an absolutely 24 perfect season. And they did it with a great

team, a great team of players and a great team of cheerleaders who were equally important to this championship. They brought a great deal of pride and recognition to the City of North Tonawanda. Why don't all of you stand up?

Thank you all for being here. I am proud to call North Tonawanda my home. I'm proud to call this high school my alma mater.

You've done something that has never been done before in the history of our school and our community. You had a perfect season and you brought home a championship, which I know was historical and which will go down as a great deal of pride for everyone in the community of North Tonawanda. So congratulations to each and every one of you.

And also to my good friend Senator
Suzi Oppenheimer, who has the -- I don't know,
I guess you would call it the unfortunate
honor of representing the New Rochelle
Huguenots, who were no match for North
Tonawanda, no match at all for North
Tonawanda. Even though they were from

Westchester, even though they had more money 1 2 than we had, even though they eat lobster and we eat chicken, we beat them anyway. Right? 3 4 All right. 5 Congratulations, team. Thank you. Thank you, Madam President. 6 7 (Applause.) 8 ACTING PRESIDENT KRUEGER: Senator Bill Stachowski, to refute the lobster 9 10 reference, please. 11 (Laughter.) 12 SENATOR STACHOWSKI: Madam President, I too would like to rise and 13 14 congratulate the Lumberjacks from North 15 Tonawanda. They had a truly outstanding season. They obviously have a great group of 16 young men and obviously their cheerleaders, I 17 18 believe, are with them also. 19 But the coaching staff did a great These kids play very, very hard. 20 job. I had 21 the opportunity to see some of their games on TV on replay, and they have a great team. 22 23 They work very hard. 24 And one thing about North

Tonawanda's team that even if they don't happen to win their division every year is they are always known as a very tough team to play, because they're tough kids from a tough area. And they should be proud of their accomplishments.

And the one thing that maybe

Senator Maziarz didn't tell you is the one
thing that's most important about winning a
state championship is you are now the state
champions. All through your life, you will
always be a member of the state championship
team. No one can ever take that away from
you. So it's the memory from this season, all
those memories you'll share with your friends.
And they will be your friends for your life.
It's the greatest thing about the whole
experience.

So I wish you luck in whatever you do in your future. I congratulate you again on the job well done, your coach and superintendent and all the people involved, and your parents especially, congratulations to all the people involved with the North

Tonawanda High School Football Team. 1 2 Congratulations. Great job. ACTING PRESIDENT KRUEGER: 3 Thank 4 you. 5 Senator DeFrancisco. SENATOR DeFRANCISCO: 6 Thank you. 7 I just want to thank all of you of 8 the North Tonawanda Lumberjacks. You don't 9 know how happy you've made George Maziarz. 10 Year after year he's had to listen to these speeches that I'd make about the teams from my 11 12 area, and he always would remark "Isn't there any champions from anywhere outside of 13 14 Syracuse?" So he wanted me to be sure I was 15 here today. What I know North Tonawanda for is 16 17 a great football player by the name of Rick 18 Cassata. I don't know if anybody knows the family. Rick and I played baseball at 19 20 Syracuse University together. And every time 21 I think of the name North Tonawanda, I think 22 of Rick, who was a great player. He played at 23 Syracuse and then went on to Canadian 24 football, I think, for a period of time.

The other thing, it's interesting that you beat New Rochelle. A few years ago my high school team from CBA, Christian

Brothers Academy -- I don't know if you've ever played them or know of them -- but they had a game against New Rochelle as well in the Carrier Dome, and CBA won. And there was a player there, a young player that fortunately for our team -- not fortunately for

New Rochelle -- had an injury about halfway through and he couldn't finish the game. CBA ended up winning with a quarterback by the name of Greg Paulus, who went on to play

basketball at Duke.

But his story is yesterday if you were watching TV, that same very player, Ray Rice, broke up the center of the line in the first touch -- I think it was 80-some-odd yards. So maybe one of you will be doing that in a pro team.

But more importantly, you have shown what teamwork is all about, you've shown what hard work is all about. And whatever happens in the future, as Senator Stachowski

says, no one can take it away from you. 1 2 you'll always have these people that are 3 surrounding you now as your closest friends for life. 4 5 So congratulations, and thank you again on behalf of Senator Maziarz. 6 7 ACTING PRESIDENT KRUEGER: Thank 8 you. 9 Senator Hassell-Thompson. 10 SENATOR HASSELL-THOMPSON: Thank 11 you, Madam President. I rise to also add my 12 congratulations to Tonawanda, and let me tell 13 you why. New Rochelle beats Mount Vernon 14 15 ever single year historically for the last fifty years. So anybody who beats the 16 17 Huguenots is my friend. 18 (Laughter.) SENATOR HASSELL-THOMPSON: 19 Having 20 said that -- having said that, we all owe congratulations to whomever wins in this 21 22 state. We're very proud of our young men and women who play sports and who play well. 23 as the state champions, I want to add my 24

congratulations very seriously. 1 2 But I meant that about the 3 Huguenots. 4 (Laughter.) 5 ACTING PRESIDENT KRUEGER: Things are getting a little personal here. 6 7 Senator Suzi Oppenheimer. 8 SENATOR OPPENHEIMER: Whoa. 9 Senator Hassell-Thompson. And there's good 10 reason why the New Rochelle team has been 11 winning all those years. 12 But I'll tell you something, guys. I applaud what you -- as you probably figured 13 out, I'm the Senator from New Rochelle. But I 14 15 know we've had a pretty good run. And so I'm very proud of you. 16 I did team sports in high school 17 18 and college, and I know the work that goes in. And I know, to address what's been said 19 20 earlier, the camaraderie that gets developed. 21 And it's very meaningful to be able to have 22 worked collaboratively in a team manner. 23 fact, as you go forward in life, that 24 particular skill of being able to work

```
together cooperatively and collaboratively is
 1
 2
         probably the thing that's going to be the most
 3
         valuable lesson you've learned.
 4
                    But I am here to applaud you, to
 5
         say I know the hard work you've done. It
         really was quite an achievement to beat
 6
 7
         New Rochelle. And I wish each one of you a

         very, very full future, a happy future.
 9
                    Thanks.
