 6
 7
                 (Whereupon, the assemblage

                 ACTING PRESIDENT LITTLE:
9
                                            In the
10
    absence of clergy, may we please bow our heads
    in a moment of silence.
11
                 (Whereupon, the assemblage
12
    respected a moment of silence.)
13
                 ACTING PRESIDENT LITTLE: Thank
14
15
    you.

Alesi to explain his vote. 1 2 SENATOR ALESI: To explain my 3 vote, Madam President. And my colleagues, very 4 briefly. 5 You heard me speak last week when this chamber urged the Governor to declare 6 7 National CPR Week in New York State. At that time I gave some significant facts and figures as 8 to why this vitally important tool for lifesaving 9 10 should be taught in our high schools. In fact, if you look at Seattle, 11 12 Washington, several years ago they did a community-wide effort to teach people CPR. 13 survival rate there now stands at about 1 in 14 15 5. Still a pretty dismal prospect for survival with sudden cardiac arrest, 1 in 5. But in 16 New York State the survival rate is 1 in 20, 17 18 which is even far more dismal. 19 Most people don't know how to do 20 CPR and in many cases, if they come across someone who has suffered severe cardiac arrest, 21 22 they don't even know that that person's chances of the survival are diminished by 10 percent with 23 every minute that goes by. So within five 24

minutes or so, the likelihood of that person

never coming back to life is pretty good. 1 2 The essence of this bill is to teach within just a very short period of time --3 maybe 30 minutes, one time only -- without 5 requiring certification for graduation or anything else, in our high schools to teach an 6 7 army of young people. Which will mean tens of 8 thousands of people the first time out, multiplied the next year, bringing it to hundreds 9 10 of thousands and eventually millions of young 11 people. 12 I mean, imagine millions of young people in New York State walking around doing 13 whatever it is that they've done after they've 14 15 left school, having a complete, thorough working knowledge of CPR. That will save tens of 16 thousands of lives in our state. 17 18 So I appreciate the time that you've spent listening to my appeal for your 19 20 vote, and further on for your support, as hopefully we can get the Assembly to move along 21 with this and make New York State a leader in the 22 entire world when it comes to having an army of 23 young lifesavers. 24 25 I vote yes.

```
1
                 ACTING PRESIDENT LITTLE:
                                             Thank
    you. Senator Alesi will be recorded in the
 2
    affirmative.
 3
 4
                 Senator Oppenheimer to explain your
 5
    vote.
                 SENATOR OPPENHEIMER:
 6
                                         Thank you,
 7
    Madam President. On the bill.
 8
                 I'm supporting this and strongly
9
    supporting it, but I would have much preferred to
10
    see it a reimbursable expense, as we have done
    with defibrillators. We keep saying we're not
11
12
    going to do any unfunded mandates, and this is
13
    one.
                 But on the other hand, you know, if
14
15
    you save one life, I guess it's worth it. But I
16
    do wish that we would revisit this and perhaps
    make it a reimbursable expense. It won't be a
17
18
    big expense, but it should be done by the state.
19
                 Thank you, Madam President.
                                               I'm
20
    voting aye.
                 ACTING PRESIDENT LITTLE:
                                             Thank
21
22
    you. Senator Oppenheimer will be recorded in the
    affirmative.
23
                 Senator Fuschillo to explain his
24
25
    vote.
```

1 SENATOR FUSCHILLO: Thank you very 2 much, Madam President. I want to thank my colleague 3 4 Senator Alesi for the sponsorship of this bill. 5 I vote in support of this bill in the memory of a young boy in my community who at 6 7 a very young age had died while rounding the bases, and his father was the coach. And his 8 name was Robbie Levine. His parents, Jill and 9 10 Craig Levine, have dedicated their lives now to the instruction and teachings of CPR not only in 11 my Senate district but throughout Long Island and 12 throughout New York State. 13 And their foundation, Forever Nine, 14 15 which is in memory of their son, raises funds. And their mission is to put AEDs everywhere and 16 anywhere that kids are. And they've been very 17 18 successful in raising money and handing out and donating hundreds and hundreds of automatic 19 20 external defibrillators. 21 While they're doing that, they have 22 had another mission, and that's to train kids for CPR. And they've been doing that on their own at 23 their own expense. 24 25 As Senator Alesi said, tens of

```
thousands of kids will go through this 30-minute
 1
 2
    program and will now have the ability to
   potentially to save someone's life.
 3
 4
                 So in the memory of a young boy,
 5
    Robbie Levine, who lost his life, and in support
    of his parents that have dedicated their lives to
 6
 7
   helping others, I vote yes for this legislation.
 8
                 ACTING PRESIDENT LITTLE:
    you. Senator Fuschillo will be recorded in the
9
10
    affirmative.
                 The Secretary will announce the
11
12
    result.
13
                 THE SECRETARY:
                                  In relation to
    Calendar Number 1052, those recorded in the
14
    negative are Senators Ball, Nozzolio, O'Mara,
15
    Seward and Zeldin.
16
                 Ayes, 50. Nays, 5.
17
18
                 ACTING PRESIDENT LITTLE: The bill
    is passed.
19
20
                 Senator Libous, that completes the
21
    reading of the noncontroversial calendar.
22
                 SENATOR LIBOUS: Madam President,
23
    thank you.
24
                 At this time could you please call
25
    on Senator Hassell-Thompson for the purpose of an
```

```
1
    announcement.
 2
                 ACTING PRESIDENT LITTLE:
                                             Thank
 3
    you.
 4
                 Senator Hassell-Thompson.
 5
                 SENATOR HASSELL-THOMPSON:
                                              Thank
    you, Madam President.
 6
 7
                 I rise to acknowledge a group of
 8
    young people who have come from my district in
9
    the City of Mount Vernon, fifth-graders from the
10
    Grimes Elementary School. With them today is
    their principal, Ms. Frances Lightsy, and
11
    teachers Melissa White, Aida Colon-Alphonso,
12
    Sophia Williamson, Ona Lowe, and Mary Sayles.
13
                 Also with them are several of the
14
15
    parents from the district who came to participate
16
    with them this morning as we talked about how we
    make laws in the State of New York.
17
18
                 So we had our session this morning
    in the hearing room, and they had an opportunity
19
20
    to ask some very pointed questions about
    government and how do we do what we do.
21
                 So I'm very pleased that they're
22
    here with us this morning. They're going to
23
    spend a little time with us, then they're going
24
25
    to the Assembly with Assemblyman Pretlow.
```

```
1
                 And I appreciate you allowing me to
 2
    acknowledge them, Madam President, during our
    morning session.
 3
 4
                 ACTING PRESIDENT LITTLE:
                                             Thank
 5
   you, Senator.
                 And welcome to these students.
 6
 7
    sure that this is much better way to learn about
 8

15
                 SENATOR LIBOUS: Madam President,

    if we can now move to Calendar Number 1254, by
    Senator Golden.
17
18
                 ACTING PRESIDENT LITTLE:
                                            The
    Secretary will read.
19
20
                 THE SECRETARY: Calendar Number

    act to amend the Penal Law.
23
                 SENATOR BRESLIN:
                                    Explanation.
                 ACTING PRESIDENT LITTLE:
24
                                            Senator
25
    Golden for an explanation.

1 Thank you, SENATOR GOLDEN: 2 Mr. President. This bill would act to assist the 3 4 City and the State of New York in creating gang 5 legislation that's clearly delineated in this bill. It is currently insufficiently targeted to 6 7 the prosecution of the criminal street gangs and 8 the protection of public order and the individual safety against gang-related violence. 9 10 It lacks programs, this state, that actively and specifically are designed to 11 prevent, by legislation, the growth of those 12 street gangs, to facilitate the prosecution and 13 punishment of street gangs, and to punish those 14 15 that solicit others to participate in criminal gangs and gang-related violence and provide 16 support or resources to those who commit and 17 18 encourage the commission of such acts. 19 So it's a gang legislation that I 20 believe would take a number of crimes out of -- a 21 number of individuals out of the City and State 22 of New York that are committing these tremendous

gang crimes that are loading up our courts and

and State of New York.

giving some peace to communities around the City

                 ACTING PRESIDENT LITTLE:
                                             Are
 2
    there any other Senators wishing to be heard?
                 Hearing none, the debate is
 3
 4
    closed.
             The Secretary will ring the bell.
 5
                 Read the last section.
                 THE SECRETARY: Section 12.
 6
                                                This
 7
    act shall take effect on the first of January.
 8
                 ACTING PRESIDENT LITTLE:
                                             Call the
9
    roll.
10
                 (The Secretary called the roll.)
                 ACTING PRESIDENT LITTLE:
11
                                             Senator
12
    Montgomery to explain her vote.
13
                 SENATOR MONTGOMERY:
                                       Yes, Madam
    President. I just wanted to make sure that my
14
15
    colleagues understand why I am voting no on this
16
    legislation.
                 The definition of a "criminal
17
18
    street gang" means any formal or informal
19
    organization, association or group of three or
20
    more persons having a common name or identifying
    sign or symbol. So this really is an opening for
21
22
    the worst kind of profiling.
23
                 And young people in my district,
    many of whom are out, two or three of them out
24
25
    together in the public housing developments, on
```

```
the street corners, they will be subject to being
 1
    stopped, based on this legislation, and an
    assumption could be made that they are part of a
 3
 4
    gang.
 5
                 And so for obscenity and related
    offenses, which is one of the specified offenses
 6
 7
    in this legislation, something as simple as using
    obscenity, those young people could be --
 8
 9
                 ACTING PRESIDENT LITTLE:
                                             Excuse
10
    me, Senator. Senator Montgomery, excuse me for a
11
    moment.
12
                 Can we have quiet in the chamber so
    that members can explain their vote. Thank you.
13
14
                 Senator Montgomery.
15
                 SENATOR MONTGOMERY: Yes, thank
    you, Madam President.
16
                  -- could be arrested and charged
17
18
    under this legislation because they would be
    assumed to be a gang. Because there's three of
19
20
    them together and they're all swearing on the
    street corner, they could be facing a violent
21
    felony offense, under this legislation, with a
22
    mandatory minimum sentence of eight to 12 years.
23
                 It is a very, very serious piece of
24
25
    legislation which threatens a large percent of
```

```
1
    the young people and people, period, that I
    represent. And so I'm voting no on this
 2
    legislation. I think it should be withdrawn.
 3
 4
    It's a very bad move for us in our legislature to
 5
    be promoting and proposing a piece of legislation
    that on its face profiles young people in our
 6
 7
    state.
 8
                 I vote no.
 9
                 ACTING PRESIDENT LITTLE:
                                             Thank
10
    you, Senator Montgomery. You will be recorded in
    the negative.
11
12
                 We are trying to stay with the two
    minutes for each explanation of vote, if
13
14
    possible.
15
                 Senator Hassell-Thompson to explain
   your vote.
16
                 SENATOR HASSELL-THOMPSON:
                                              Thank
17
18
    you, Madam President.
19
                 I rise to express my concern. It's
20
    very difficult when you live in communities like
    mine, where gang activity is really out of
21
    control, and yet in the same breath have me vote
22
    no on this piece of legislation.
23
                 My biggest concern, some of which
24
25
   has been articulated by Senator Montgomery, but
```

more importantly, for legislation of this type, particularly with the kind of sentencing we're requiring and we're requesting in this bill, I would really -- this is one of the few times that I believe that we need to be having hearings and we need to have more discussion about what we believe to be reality-based.

Whether you know it or not, every prison is gangland training. And so all we're doing with this bill is giving street gangs the opportunity to form very serious gangs. If you want to see gang activity, go inside the prison. They are the masters of gangs.

And so all we're doing is creating a venue for which gang activities will be even more so out of control. I think that the intent here, Senator Golden, is a good one. I certainly would be more than happy to participate with you and any others that would like to have an ongoing discussion about how to tighten up the language of this bill.

But when I look at some of the qualifications -- Omega Psi Phi guys would certainly, half of the dawgs would be in prison just predicated on four of the five criteria for

```
gangland activity. And I'm certainly sure that
 1
 2
    that's not your intent.
                 Thank you, Madam President.
 3
 4
                 ACTING PRESIDENT LITTLE:
                                             Thank
 5
    you. Senator Hassell-Thompson will be recorded
    in the negative.
 6
                 Senator Parker to explain his vote.
 7
 8
                 SENATOR PARKER:
                                   Thank you, Madam
9
    President, to explain my vote.
10
                 I want to thank Senator Golden for
    bringing this important issue to the floor. I,
11
12
    like Senator Hassell-Thompson, believe that
    Senator Golden has, you know, good intentions.
13
14
    He's a Brooklyn guy, and I know that we do have a
15
    significant gang problem in Brooklyn. But I
    don't believe that this is the proper approach.
16
    There's good intentions, but as my father often
17
18
    told me, the road to hell is paved with good
    intentions.
19
20
                 And so I think that we are going
    the wrong way by deciding to adjudicate these
21
22
    problems as opposed to shaping our society such
    that gangs aren't being formed in the first
23
    place. Gangs are formed, particularly among
24
25
    young people, because they feel outside of the
```

system, because we're not attending to their needs.

In New York City we've gone to an educational process that teaches to the test, that's gotten rid of music, art, athletics and dance as regular parts of the curriculum, so young people aren't being engaged. We have a dropout rate, particularly amongst

African-American men in New York City, above
50 percent. We've gotten rid of JV and many varsity athletic programs. We've gotten rid of youth programs; we're not any longer on the state level funding youth development programs to engage our young people. We don't have after-school centers.

We need to expand the Beacon School program, something great created by Geoff Canada, even though he's from Harlem.

But, you know, we need to be engaging our young people in school, engaging them after school, providing a social service situation and jobs for young people, which don't exist anymore. And those are ways that we'll get rid of gangs, by engaging our young people, not by adjudicating them.

1 I vote no. 2 ACTING PRESIDENT LITTLE: Thank you. Senator Parker will be recorded in the 3 4 negative. 5 Senator Adams to explain his vote. And let's ask everyone to please 6 7 try to be quiet. Thank you. 8 SENATOR ADAMS: I extensively asked our counsel about this, and that's why I 9 10 will be voting from the affirmative. The charge is what's called an 11 12 aggravating factor. We're not arresting a young person merely because they do gang signs or they 13 wear the colors. First, they have to commit an 14 15 underlying crime. And the crime that they must commit is a felony. And then after committing 16 that felony, then they will be charged with an 17 18 aggravating factor. 19 If someone breaks into your home, 20 they're charged with a burglary. But if they have a gun, that's an aggravating factor that 21 22 bumps up the charge. 23 So this is a good bill. There are bad people on the planet, and some of them happen 24 25 to be young, and bad people should go to jail.

```
And so that's why I will be voting for this
 1
 2
   bill.
 3
                 If the person was being
 4
    incarcerated merely because they wore colors or
 5
    flashed signs, I won't vote for the bill. But
    require to them being incarcerated they have to
 6
    commit a felony -- not spitting on the sidewalk,
 7
    not urination, a felony. That's the highest
 8
9
    crime you can commit in New York State is a
10
    felony.
                 So if a person commits a felony and
11
    they're in a gang, they should be charged with a
12
    higher crime because that's an aggravating
13
    factor. And I will be voting in the affirmative
14
15
    for this bill.
                 ACTING PRESIDENT LITTLE:
16
                                             Thank
    you. Senator Adams will be recorded in the
17
18
    affirmative.
19
                 Senator Golden to explain his vote.
20
                 SENATOR GOLDEN:
                                   Thank you, Madam
21
    President.
22
                 I appreciate the comments from my
    colleagues. But I just want to confirm and, you
23
    know, present what -- this is an actual program
24
25
    and actual laws that were taken from LA.
                                               They
```

```
were copied from Los Angeles.
 1
 2
                 We worked with the New York City
    Police Department, we worked with other police
 3
 4
    departments across the state, we worked with the
 5
    district attorney's offices, we worked with gang
    specialists to design this.
 6
 7
                 And to Senator Adams' comment, it's
 8
    not one felony, it's more than two. You have to
9
    commit more than two crimes in a three-year
10
    period and you have to knowingly engage or have
    engaged in a pattern of criminal gang activity.
11
12
    And that's what gives this designation.
13
                 So I want to thank my colleagues
    for voting yes. I would hope all of my
14
15
    colleagues would vote yes. This is a good bill
    and it would help to, I believe, bring down the
16
    crime and give that quality of life to the people
17
18
    of our great city and state.
19
                 Thank you. I vote aye, Madam
20
    President.
21
                 ACTING PRESIDENT LITTLE:
                                             Thank
    you. Senator Golden will be recorded in the
22
    affirmative.
23
                 The Secretary will announce the
24
25
    result.
```

```
1
                 THE SECRETARY:
                                  In relation to
 2
    Calendar Number 1254, those recorded in the
    negative are Senators Duane, Hassell-Thompson,

                 Absent from voting: Senators
    McDonald, Peralta and Smith.
 6
 7
                 Ayes, 50. Nays, 5.
 8
                 ACTING PRESIDENT LITTLE: The bill
9
    is passed.
10
                 THE SECRETARY: Calendar Number
    1255, by Senator Duane, Senate Print 4098, an act
11
    to amend the Social Services Law.
12
                 ACTING PRESIDENT LITTLE: Read the
13
    last section.
14
15
                 SENATOR HANNON: Excuse me.
16
                 ACTING PRESIDENT LITTLE: Senator
    Hannon.
17
18
                 SENATOR HANNON: Yes, I rise to
    debate this bill. I rise in opposition to the
19
20
   bill.
21
                 This is legislation that would
22
    change the amount of living expense, rent, that
    somebody with HIV status, clinical or symptomatic
23
    HIV illness or AIDS has to pay.
24
25
                 There is a history to this
```

legislation. And I do applaud this being brought out in daylight, since we first saw it at 2 a.m.
in the morning a few years ago.

This legislation, I rise in opposition not because I'm unmindful of need and not because I don't have a positive history in regard to helping those with HIV. In fact, just to cite, we've annually appropriated, under the budget committee, over \$100 million a year in the AIDS Institute, in addition to the health benefits under the Medicaid budget.

Just recently, in regard to this budget, we assisted those with AIDS in their scattered-site nursing home needs. We have a legislation that's coming about in regard to more reliable, speedier, fairer testing for HIV. As well as just last week having a bill signed that would provide for the prophylactic assistance to those who are the victims of rape so they would not incur AIDS.

But this legislation, while obviously having a proponent and having a worthy sponsor, I differ. Because we're singling out somebody for housing assistance because of a medical diagnosis. The rest of our myriad of

housing programs that we have in this state are income-based, are situational-based, but they're not based on medical need.

And therefore, I think this is an unequal treatment. Because how does one say because you have AIDS, you're not as worthy as somebody who might have terminal cancer, somebody who has a severe case of diabetes or any number of the other illnesses for which we really don't even have answers for. People with lupus, people with Lyme disease, we still don't even have treatments. And yet we have made this one determination.

Now, it's not as if we aren't doing other things. This bill, it was pointed out by the City that the Human Resources Administration, HIV/AIDS Service Administration, is different in that it already provides access to supportive site scattered housing, congregate housing, subsidies for people who can live in their home, a broad spectrum of services including case management, cash assistance, food stamps, Medicaid home care, vocational rehabilitation, mental health assessment and referrals, work opportunity programs.

It can go on, because I've already mentioned what we do through the AIDS Institute in regard to medical assistance and then in general what we do through the Medicaid program for general health assistance.

This bill, when it came up the second time, was vetoed by Governor Paterson in an extraordinary six-page veto message talking about all of the difficulties I've mentioned, as well as the imposition of the cost on the State of New York, which gets a direct cost, and the City of New York.

And in fact, since the bill itself says it's effective immediately, I wonder how you can take something that in the current fiscal years would have a multi-million-dollar hit and pass it effective immediately without having corresponding appropriations for the budget.

But to the extent this is a problem that needs to be addressed -- and when it first came up, I remember then Senator Eric Schneiderman saying, "Hannon, there's a study, I'll get you a copy of the study." Well, (A) I never got a copy of the study, and (B) I spent a fair amount of time looking for that study that

would justified this formula. And I never found 1 it on the Internet, and I spent a considerable 2 amount of time. 3 4 But I think what this process ought 5 to be is it ought to be presented as part of the budget. And it hasn't been. We've had several 6 7 budgets since this was passed in 2010. It was also considered as part of the Medicaid Redesign 8 9 Team and really not adopted -- although, in 10 general, there was adopted as a medical finding that there should be supportive housing because 11 it's part of the continuity of the medical care. 12 13 But this is not part of the process, so I object to that. I object to the 14 15 singling out. I object to the total cost. What does one say to the myriad of people who come to 16 us and say, I have this condition, I have this 17 18 illness, I have this disability, why don't you give me the same type of help? 19 20 So ultimately I disagree with the equity of this proposal, and therefore I'll be 21 22 voting against it. Thank you, Madam President. 23 ACTING PRESIDENT LITTLE: 24 Thank 25 you, Senator Hannon.

```
1
                 Senator Duane.
 2
                 SENATOR DUANE: Thank you, Madam
    President. On the bill.
 3
 4
                 ACTING PRESIDENT LITTLE:
                                            On the
 5
   bill.
                 SENATOR DUANE: I think he knows
 6
 7
    this, I have the utmost respect for the Senator
 8
    who previously spoke, and our relationship has
    been one of respect and civility. And I'm going
9
10
    to reasonably, I believe, disagree with what he
    has said.
11
                 This legislation does something
12
    relatively simple but which would make an
13
    enormous difference for a very small subset of
14
15
    people. And it is an aberration that we even
    have to address this policy, but address it we
16
17
    must.
18
                 This legislation would cap, in the
    City of New York, the rent contribution of people
19
20
    receiving housing assistance who have HIV. And
    everyone but this group of people have their rent
21
22
    capped at 30 percent. Whether their income comes
    from SSI, SSD, or veterans' benefits, all of them
23
    have their rent capped at 30 percent.
24
25
                 The people we're talking about are
```

the sickest, most disabled people living with HIV 1 and AIDS. And because of this policy for maybe 11,000 people, they are at the highest risk of 3 frankly dying because of this quirk in our law, 5 this horrible quirk in the law. They risk homelessness, many of them become homeless 6 7 because their rent is not capped at 30 percent. Some of them pay up to 85 percent 8 of their income -- and we're talking about SSI, 9 10 SSD, veterans' benefits -- up to 85 percent for rent because they live in the homes in which they 11 have lived in. I don't want to move from my 12 home, and living in my home makes it possible, 13 for instance, to take medication and to have a 14 stable environment. And I think we all agree 15 that we choose our homes and we want to stay in 16 our homes because we love where we live and we 17 18 are in the walls. 19 And that stability for this group 20 of people is cost-effective. But in addition, it helps people stay healthy because they can keep 21 their medicines in their medicine chest or next 22 to their bed or wherever they have it, and they 23 can take it when they're supposed to. And also 24 25 it will reduce the spread of HIV when people live

in a stable environment and are not on the street or begging for a couch to stay on and whatever happens because of that.

If you are getting a federal housing voucher, which most of us have in our districts, your rent is capped at 30 percent of your income. This group of people, their rent is not capped at 30 percent. Only these people.

Less people will lose their homes.

There's more chance they'll stay alive. And
unlike cancer and Lyme disease, HIV is
communicable. It is difficult, but it is a
communicable disease. And we want to stop that
from happening, and this bill will help to stop
that from happening.

I have never been prouder of this body than when we voted on this legislation the first time and the second time. It was -- it has been -- and even if unpopular, that people all around the Senate chamber voted yes on this piece of legislation, it's shown compassion and leadership and really helping people. Which is why we're all here, even if we disagree on other issues.

You know, it's cost-effective. I

```
can prove it. But more important than that, it
 1
    is the right thing to do. Let's help people stay
    in their homes, not impoverish them. Allow them
 3
 4
    to live in the stability so they can take their
 5
    medicine in a timely manner, so that they can buy
    toilet paper and not have to decide between doing
 6
 7
    that or taking a subway ride to a doctor's
 8
    office.
 9
                 I -- I very, very, very much would
10
    appreciate it if this body could really be as the
    body that I am so often proud of -- and I mean
11
    that -- and pass this humane, lifesaving piece of
12
    legislation.
13
                 Thank you, Madam President.
14
15
                 ACTING PRESIDENT LITTLE:
                                             Thank
    you, Senator Duane.
16
                 Senator Storobin on the bill.
17
18
                 SENATOR STOROBIN:
                                      Thank you.
19
                 I'm all in favor of helping people,
20
    obviously. But let's just remember that there's
    also a second side to it.
21
22
                 If you are a middle-class person
    who happens to be a real estate owner who, for
23
    example, bought a two-family house because you
24
25
    can't afford the one-family house and you need
```

```
someone else to help you, and all of a sudden you
 1
    are stuck with this second bill that you have to
    pay because of the mandate that we are putting on
 3
 4
    these people -- let's remember all the
 5
    foreclosure headlines that we've seen over the
    course of the last few years. This will increase
 6
 7
    that.
 8
                 There is a second side to this
    story, and those people could also potentially be
9
10
    poor -- not necessarily poor, but middle-class
    and unable to pay off -- for the -- pay someone
11
12
    else's rent. Those people could be unhealthy,
    those people could have all sorts of issues.
13
                 Let's remember that there is a cost
14
15
    to this, not just to the government but also to
    regular people, a lot of whom happen to be middle
16
    class.
17
18
                 Thank you.
19
                 ACTING PRESIDENT LITTLE:
                                             Thank
20
    you, Senator.
21
                 The debate is closed.
                                         The
    Secretary will ring the bell.
22
                 Read the last section.
23
                 THE SECRETARY:
                                  Section 2.
                                               This
24
    act shall take effect immediately.
25
```

```
1
                 ACTING PRESIDENT LITTLE:
                                             Call the
 2
    roll.
 3
                 (The Secretary called the roll.)
 4
                 ACTING PRESIDENT LITTLE:
                                             Senator
 5
    DeFrancisco to explain your vote.
                 SENATOR DeFRANCISCO: Yes, I just
 6
 7
    want to reiterate what Senator Hannon said.
 8
                 We can have an emotional discussion
    about any disease that people are afflicted with
9
10
    and why that particular person, because they have
    that disease, needs some help. But I for the
11
    life of me can't understand why one disease is
12
    picked out of all of the others for a special
13
    treatment under the housing laws. It is a very,
14
15
    very bad precedent.
16
                 And it is something, no matter how
    affected one individual might be that's a member
17
18
    of this body, it's just unfair to all of those
    individuals with other diseases equally suffering
19
20
    from the same types of situations that were
    mentioned by the sponsor.
21
22
                 I'm going to vote no for that
23
    reason.
                 ACTING PRESIDENT LITTLE:
24
                                             Thank
25
    you. Senator DeFrancisco in the negative.
```

1 Senator Parker to explain his vote.

2 | SENATOR PARKER: Thank you, Madam

3 President, to explain my vote.

First let me thank Tom Duane not just for his services here but his commitment to this issue.

The pandemic of HIV and AIDS over the last couple of years has really been -- is diminished. And in part because it's now become a chronic disease and we have, thankfully, people living with the disease. But many of us remember this scourge, this scourge of the '80s and '90s in which people were being discriminated against because they had this disease, where they were being denied access to housing, access to jobs, access to healthcare.

And so Senator DeFrancisco specifically asked about why this is necessary and why this is chosen. It's because people with diabetes don't get denied access to housing and jobs because they have diabetes. People with cancer don't get denied access to housing because they have cancer. But with HIV and AIDS we have seen a historical pattern of that, not just in this great state, but throughout the country.

```
This is a good bill, and I'm happy
 1
 2
    to see so many people voting for it. I vote aye.
                 ACTING PRESIDENT LITTLE:
 3
                                             Thank
          Senator Parker in the affirmative.
 4
    you.
 5
                 SENATOR SQUADRON:
                                     Madam
                To explain my vote, Madam President.
 6
    President.
 7
                 ACTING PRESIDENT LITTLE:
                                             Senator
 8
    Squadron to explain your vote.
 9
                 SENATOR SQUADRON:
                                     Thank you.
10
                 First of all, I want to thank
    Senator Duane for extraordinary leadership and
11
12
    courage on this issue over very many years. I
    was very proud when I chaired the Social Services
13
14
    Committee to have the opportunity to hold a forum
15
    on this bill to describe the ways in which this
    bill is actually going to save money for the
16
    government and vastly increase our humanity as a
17
18
    society.
19
                 It was thanks to Senator Duane's
20
    great leadership on this that I had that
    opportunity as chair of the Social Services
21
22
    Committee. And because of his great moral
    leadership and commitment to this issue through
23
    years of activism, both as an elected official
24
25
    and simply as a citizen and as a man, that we had
```

the opportunity to pass this bill in the prior session and have the opportunity to have it on the floor today.

It is impossible to fully understand the significance of this, partially because you do have a population that, despite the fact that AIDS and HIV are no longer in the headlines every day, still suffer the consequences and the long-term effects of the discrimination and of a terrible, terrible disease. And they are today living in the most abject of abject poverty because of a policy that we have the opportunity to change today.

So it is really an extraordinary opportunity we have and a rare opportunity to have a bill on the floor, to have the opportunity to vote for a bill that is not sponsored by the majority party, is not something that comes out of a normally very partisan environment up here, but comes simply out of the moral obligation, the understanding that sometimes, regardless of majority or minority, regardless of whether this is an experience that happens in your district or my district or some other Senator's district, happens to all of us.

```
1
                 And the opportunity to expand our
 2
   humanity and to save the city and the state money
    is a wonderful one. Senator Duane deserves great
 3
 4
    credit for many things over his years here, and
 5
    this one in particular --
                 ACTING PRESIDENT LITTLE:
                                             Thank
 6
    you. Senator Squadron, how do you vote?
 7
 8
                 SENATOR SQUADRON:
                                     I vote aye,
9
    Madam President.
                 ACTING PRESIDENT LITTLE:
10
                                             Thank
11
    you. Senator Squadron is voting in the
    affirmative.
12
                 Senator Storobin to explain his
13
14
    vote.
15
                 SENATOR STOROBIN:
                                     Yes, Senator
16
    Parker said that this is about discrimination. I
    don't believe this bill is about discrimination.
17
18
    We obviously want everyone to have a fair shake.
    But this bill is about paying less money. It is
19
    not about discrimination.
20
21
                 Obviously, if somebody is
22
    discriminated, that should not happen, but this
    is not the issue in this bill.
23
24
                 Thank you.
25
                 ACTING PRESIDENT LITTLE:
                                             Thank
```

```
you. Senator Storobin, how do you vote?
 1
 2
                 SENATOR STOROBIN: I vote no.
                 ACTING PRESIDENT LITTLE:
                                           Thank
 3
 4
   you. Senator Storobin in the negative.
 5
                 SENATOR LIBOUS: Madam President,
   point of order. What is Senator Duane doing at
 6
 7
   the rostrum?
 8
                ACTING PRESIDENT LITTLE: Senator
   Montgomery to explain your vote.
9
10
                 SENATOR MONTGOMERY: Yes, thank
   you, Madam President, to explain my vote.
11
                 I want to thank Senator Duane for
12
   this legislation. We've been working on it for a
13
   few years, so it's not new. I think Senator
15
   Hannon may not have been paying attention to how
   difficult -- how this --
16
                 SENATOR HANNON: Point of order --
17
18
                 SENATOR MONTGOMERY: -- is.
19
                 SENATOR HANNON: -- since the
20
   first time it came on the floor, and I've been
21
   consistent ever since.
22
                 SENATOR MONTGOMERY: Okay. All
23
   right. So --
24
                ACTING PRESIDENT LITTLE: Senator
25
   Hannon --
```

```
1
                 SENATOR MONTGOMERY:
                                        So I
 2
    misunderstood Senator Hannon.
                 But nonetheless, this -- I have had
 3
 4
    in my district opportunities to witness very
 5
    personally how -- what a difficult, hostile
    response to people living with HIV and AIDS when
 6
 7
    we try to do housing that is especially set-aside
    units to accommodate people.
 8
 9
                 And so the idea that it's no longer
10
    needed, that we don't need to support people in a
    very different way who suffer from HIV and AIDS
11
12
    is just really not true. There is a need for
    this support.
13
                 It is a matter of being a
14
15
    supportive housing measure, and we do that for
    people in special categories in our state
16
    already. It's not an uncommon situation.
17
18
    this particular group of people have a very
    special need for support in their housing.
19
                                                 So
20
    I'm voting aye on this legislation.
                 Thank you, Madam President.
21
                 ACTING PRESIDENT LITTLE:
22
                                             Thank
    you. Senator Montgomery will be recorded in the
23
    affirmative.
24
25
                 Senator Hassell-Thompson to explain
```

1 her vote. 2 SENATOR HASSELL-THOMPSON: Thank 3 you, Madam President. 4 Probably one of the things that 5 differs between me and most of the people in this chambers is that I spent six years of my life 6 7 working with this particular population, whereas I don't think anyone else here can say that. 8 9 And in that process, between the 10 burials and the difficulty of being ostracized by family members and society as a whole, nothing is 11 12 more challenging to this population than housing. 13 14 So even to suggest -- while the 15 language of the bill might not include language about discrimination, this population is 16 discriminated against. Therefore, in the ability 17 18 to gain housing puts them at a disadvantage. 19 This bill also does not speak to a 20 middle class, but it speaks to a very particular economic group within a class of people with --21 22 who are infected and affected with HIV and AIDS. So I think we need to sometimes 23 read the bill more carefully before we make 24 25 pronouncements about -- because it appears as

```
1
    though somehow the humanity is going out of these
 2
    chambers.
 3
                 And when we speak emotionally about
 4
    this population, if you understand some of the
 5
    issues beyond the disease itself the people are
    dealing with, and some of the housing situations
 6
 7
    that they find themselves in, trying to find
    decent housing for them is a traumatizing
 8
    experience for everyone involved.
9
10
                 And so asking -- and I commend
    Senator Duane not only because of his work on
11
    this issue but for continuing to have humanity
12
    for people for which most of us would be totally
13
    in disregard.
14
15
                 Thank you, Madam President.
16
    be voting yes for this bill.
                 ACTING PRESIDENT LITTLE:
17
                                             Thank
          Senator Hassell-Thompson will be recorded
18
    you.
    in the affirmative.
19
20
                 Senator Serrano to explain his
21
    vote.
                                     Thank you, Madam
22
                 SENATOR SERRANO:
23
    President.
                 I want to applaud the efforts of
24
25
    Senator Duane and many others in putting forth
```

this bill. I think that it's a very worthy cause, a very worthy goal.

And in the community where I represent, East Harlem and the South Bronx, while the numbers for HIV and AIDS declines throughout the nation, in certain communities it's still on the rise, and it's still a very troubling trend.

And knowing how much, as Senator
Ruth Hassell-Thompson just mentioned, knowing how
much this population, both historically and
currently, has been discriminated against, both
in the housing market and in the workplace, it
sets in motion a very negative cycle, a very
negative economic cycle for people battling HIV
and AIDS. That sets them apart, I think, from
some of the other groups that were mentioned by
those who rose in opposition to this bill.

I think there is a heavier stigma, unfortunately, against this disease as opposed to others. And I think that if you look at people who are forced into homelessness and the economic impact that that has on cities across the state, it makes good sense to have a bill like this in place because a law like this would indeed save money in the long run.

1 Keeping people in their homes 2 provides stability -- provides stability for them, for their treatments, but also for their 3 jobs, their workplace, they're able to do other 4 5 things. And they're able to be more productive members of their community and their society. 6 7 So I think this is really a small 8 thing to ask, to provide a certain level of assistance for people who are historically 9 10 discriminated against and currently discriminated against because of their disease. 11 12 I applaud Senator Duane for his efforts, and I vote yes. Thank you. 13 ACTING PRESIDENT LITTLE: 14 Thank 15 you. Senator Serrano will be recorded in the affirmative. 16 Senator Rivera to explain his vote. 17 18 SENATOR RIVERA: Thank you, Madam President. 19 20 I rise today to thank not only my colleagues but especially Senator Duane. He's 21 22 been certainly an inspiration in the short time that I've been here because of his leadership on 23 issues that impact the community that he 24 25 represents.

We have to remember that Senator

Duane is the only member of this body who is not

only openly gay but HIV-positive. And he has

continuously, over his career in public life,

spoken very loudly about the plight of people

with HIV.

In this case we have a bill before us which does something very specific. And I'd like to both echo the sentiments of Senator Parker as well as to say I respectfully disagree with my colleague Senator Storobin. What we have here is a reality that people that have HIV have been discriminated against historically as it relates to their access to work, their access to healthcare, the access to educational facilities, and certainly their access to housing.

What we're trying to do here is assuage a little bit of the pressure that these individuals have had and, throughout their life and particularly the time when they have been found to be HIV-positive, the impact that this has had on the ability that they have to be able to be employed, to be able to work, to be able to go to school and certainly to live.

It is incredibly serious. And what

we have here is a way to assuage the burden of 1 2 that population.

It is a different disease than diabetes. It is a different disease than Lyme disease. And I believe that to try to resolve some of the negatives that have occurred because of the way that people that had this disease were viewed and how they were treated, it's incredibly important for us in this body and in government to really do all that we can to make it easier for folks that have been discriminated against. And in this case --

ACTING PRESIDENT LITTLE: 13 Senator

15 SENATOR RIVERA: Just to finish a

16 last sentence, Madam President.

> So again, I thank both Senator Duane for bringing this to the floor, I think it is an important issue, an important population that we have to serve. I will be voting in the affirmative.

ACTING PRESIDENT LITTLE: Thank you. Senator Rivera to be recorded in the affirmative.

25 Senator Savino to explain her vote.

1 Thank you, Madam SENATOR SAVINO: 2 President. I can't help but remember the last 3 time this bill came to the floor when it was 4 5 passed by this body. We were actually on opposite sides of the chamber, and it was a very, 6 7 very late hour. I think many of you can remember that. In fact, it was right after the 8 reorganization of the Senate post the coup. 9 10 was about 4 o'clock in the morning. And Senator Duane gave probably what is one of the most 11 12 memorable speeches of his life on that evening or early that morning. 13 There is no doubt that there is no 14 15 one who has done more or committed more of his personal career and his personal life to the 16 pursuit of justice for those who are afflicted 17 18 with HIV and AIDS than Tom Duane. And this is an issue that he is still incredibly passionate 19 20 about, finding ways to make life easier for people who are dealing with a disease that, while 21 22 we have certainly made great strides on, we have not figured out how to solve, and people whose 23 lives will continue to be affected. 24 25 I would just like to remind people

```
as they cast their vote of that fateful day,
 1
    early morning two years ago when we voted on it,
    when the same bill passed with only one no vote.
 3
    So please search your consciences and think
 5
    what's different about the bill today than it was
    that morning when most of us voted in favor of
 6
 7
    it.
 8
                 I vote aye, Madam President.
 9
                 ACTING PRESIDENT LITTLE:
                                             Thank
    you. Senator Savino will be recorded in the
10
    affirmative.
11
12
                 Announce the results -- I'm sorry,
    Senator Gianaris to explain his vote.
13
                 SENATOR GIANARIS:
14
                                      Thank you,
15
    Madam President.
16
                 I rise to also explain my vote in
    favor of this legislation and also to pay tribute
17
18
    to someone who has served this institution and
    the State of New York for over a decade.
19
20
                 Senator Tom Duane in many ways is a
    pioneer and someone who took on the difficult
21
22
    task of being an openly gay member of the
    Legislature with HIV at a time when it was maybe
23
    not as accepted as it is today.
24
25
                 And for that he deserves all our
```

thanks, as he has announced that this is in fact his final session with us and perhaps his final week or so in this chamber. So I do want to thank him for all that he has done, not just on this issue but on every issue in which he's worked.

As it relates to this legislation, many of my colleagues have already stated what is well-known to many of us. There is a difference between HIV/AIDS and other diseases. Not too long ago, but a few decades ago, it was something that the victims of which were subject to a vicious discrimination throughout the '80s and into the '90s, where people would not want to go near someone with the disease, people would not want to touch someone with the disease, people would not want to use the same water fountains as someone with the disease -- and yes, people would not want to rent their homes to someone with that disease.

Now, thankfully, we've come to the point where the disease is no longer a death sentence. I remember very clearly watching Magic Johnson announce that he had the disease and thinking at the time that he would soon be

```
But thankfully, he's survived, he
 1
    dead.
    continues to live, as do so many people.
 2
                 But unfortunately, the
 3
    discrimination continues. Which makes this
 4
 5
    legislation all the more necessary, as it was
    before it was passed in this chamber before I was
 6
 7
    a member. The arguments are as valid today as
 8
    they were then. And I don't understand why so
    many votes would be changing from then to now,
9
10
    especially at a time when someone who has worked
    so hard on it is spending his last days in the
11
12
    Senate.
13
                 So I implore my colleagues who have
    voted yes in the past to consider being
14
15
    consistent with the legislation, with their votes
    on this legislation, and I will be voting in the
16
    affirmative.
17
18
                 ACTING PRESIDENT LITTLE:
                                             Thank
    you. Senator Gianaris in the affirmative.
19
20
                 Senator Klein to explain his vote.
21
                 SENATOR KLEIN:
                                  Thank you, Madam
22
    President. I too rise in favor of this
23
    legislation.
                 I think it's very clear we all come
24
25
    to this legislative body with certain missions,
```

1 certain things that we want to do, and in many cases it's based on our previous experiences. Clearly this is a bill that's very important to a 3 4 colleague that I know is very important to many 5 of us, Senator Tom Duane. I think Senator Savino said it best 6 7 when we all remember when this bill originally came up at 2 o'clock in the morning towards the 8 9 end of session where Senator Duane made a very 10 passionate speech in favor of this. I think we also know that Senator 11 12 Duane has decided not to seek reelection, moving on to other things in his life. And I have a 13 feeling that besides legalizing gay marriage, 14 15 passing the marriage equality bill, this is something else that Senator Duane hopes to be 16 part of his legacy. 17 18 And I know I respect Senator Hannon's opinion when it comes to any type of 19 20 health issue. And he did make the argument that why are we treating this specific disease 21 different than any other when it comes to an 22 emergency shelter allowance. 23 Well, I think we have to, because I 24 25 think in many cases we haven't solved the problem

```
fully of AIDS/HIV patients within our community.
 1
    They're still looked down upon, there's still a
 2
    tremendous burden on their lives and the people
 3
    around them. And to just enhance that
 4
 5
    financially and giving them the ability to be
    able to live out, as Tom Duane said, their
 6
 7
    lives -- as short as in many cases that may be --
    in comfort is something that's very, very
 8
9
    important.
10
                 ACTING PRESIDENT LITTLE:
                                             Thank
    you, Senator Klein. How do you vote?
11
12
                 SENATOR KLEIN: I vote yes, Madam
    President.
13
                 ACTING PRESIDENT LITTLE:
14
                                             Thank
15
    you. You will be recorded in the affirmative.
16
                 Senator Carlucci to explain his
17
    vote.
18
                 SENATOR CARLUCCI: Thank you,
    Madam President.
19
20
                 I too rise in favor of this
    important legislation. And I want to commend
21
    Senator Duane for not just talking the talk but
22
    walking the walk and really standing up for
23
    people living with AIDS and HIV. His advocacy
24
25
    has really made strides, and I believe this
```

```
legislation will really go to help people who are
 1
 2
    living under those circumstances.
 3
                 So I'm supporting this legislation,
 4
    and I urge my colleagues to do the same.
 5
    again, I want to thank the sponsor, Senator
    Duane, for putting this legislation forward and
 6
 7
    being an advocate for these issues.
 8
                 I vote aye. Thank you, Madam
9
    President.
10
                 ACTING PRESIDENT LITTLE:
                                             Thank
    you. Senator Carlucci will be recorded in the
11
    affirmative.
12
                 Senator Breslin to explain his
13
14
    vote.
15
                 SENATOR BRESLIN:
                                     Thank you, Madam
16
    President.
                 How euphoric many of us felt not
17
18
    two hours ago, thinking that the crowning
    achievement for Senator Duane to do the right
19
20
    thing, the fair thing, the just thing, the
    equitable thing, to treat in a compassionate way
21
    AIDS patients, making sure that in shelters the
22
    rents were limited. What a quality-of-life
23
    issue, on the edge and the precipice of being put
24
25
    out on the street, not being able to afford
```

accommodations.

And I remember two years ago when we voted and everybody in this house, save one, voted in favor of this legislation. I disagreed with the Governor in his veto at that time. But again, the feeling that we were again revisiting this and we were about to do the right thing.

And now, hopefully, we are holding out hope that we will continue to do the right thing tonight. And so many times we should put aside our labels and do the right thing. And it is still my hope and belief that people in this body will reconsider and think of two years ago, think of why they made a decision, why that they were fair and just in that assessment two years ago, and that now we face the possibility of not being fair and just.

And accordingly, Madam President, I

19 vote aye.

ACTING PRESIDENT LITTLE: Thank you. Senator Breslin will be recorded in the affirmative.

23 Senator Stewart-Cousins to explain 24 her vote.

25 SENATOR STEWART-COUSINS: Thank

you, Madam President.

I rise as so many of my colleagues have risen to not only congratulate Senator Duane for his steadfast and unwavering commitment to people who are experiencing HIV/AIDS and also making sure that he brings to us the consciousness that surrounds the devastation, many times, of being diagnosed with that disease.

Senator Duane, in many of our minds, is a giant and a hero. And I, as all of my colleagues who were here, remember that night where I think he became a YouTube phenomenon. Everybody saw what he felt and heard how he positioned the argument. And I don't think it was because it was 3 a.m. that we resoundingly supported him. I think it's because we understood that this bill impacts the very sickest, the very poorest.

This is a little tiny piece of legislation, but it reminds us that it is, as Senator Duane, said a subset. People receiving shelter assistance, people who have emergency shelter allowance, people who reside in a household that receives unearned and/or earned income shall not be required to pay more than

```
30 percent of the household's monthly unearned or
 1
    earned income towards shelter cost, including
 2
   rent and utilities.
 3
 4
                 So it's not that people won't pay
 5
    anything. It's not that people have a lot of
    options. These are extremely poor people who are
 6
 7
    sick who will not be required to pay more than
 8
    30 percent of an income.
 9
                 So I ask my colleagues not only to
10
    reconsider what this means to Senator Duane but
    reconsider --
11
12
                 ACTING PRESIDENT LITTLE:
                                             Thank
    you, Senator.
13
                 SENATOR STEWART-COUSINS:
14
15
    it means to the most impoverished and sickest
    among this population.
16
                 So I vote aye, Madam President.
17
18
                 ACTING PRESIDENT LITTLE:
                                             Thank
    you. Senator Stewart-Cousins will be recorded in
19
    the affirmative.
20
                 Announce the results.
21
22
                 Senator Duane to explain your
    vote? Senator Duane, do you wish to explain your
23
    vote?
24
25
                 SENATOR DUANE:
                                  Thank you, Madam
```

```
President.
 1
 2
                 ACTING PRESIDENT LITTLE:
                                            Thank
 3
    you.
 4
                 SENATOR DUANE: I purposely kept
 5
   my on-the-bill explanation as brief as possible.
                 And may I request that we withdraw
 6
 7
    the roll call and lay the bill aside for the day.
 8
                 SENATOR LIBOUS: Madam President.
9
    Madam President.
10
                 ACTING PRESIDENT LITTLE: Senator
    Libous.
11
                SENATOR LIBOUS: We are on the
12
    roll call. I believe Senator Duane has two
13
    minutes to explain his vote. At the end of that
    two minutes, we will announce the results.
15
16
                 SENATOR SQUADRON: -- withdraw the
    roll.
17
18
                 ACTING PRESIDENT LITTLE: Excuse
    me. Just a moment, please.
19
20
                 We are on a roll call. The only
21
    thing that can be done is to explain your vote,
22
    and then we will announce the result.
                 SENATOR BRESLIN: Point of order.
23
    I believe the sponsor --
24
25
                 ACTING PRESIDENT LITTLE: Point of
```

```
1
    order.
 2
                 SENATOR BRESLIN:
                                    The sponsor
    would like to withdraw the bill, lay the bill
 3
    aside for the day.
 5
                 SENATOR LIBOUS: Madam President,
    we are on the roll call. The sponsor could have
 6
 7
    laid this bill aside during the regular debate.
    But once you are on the roll call, members can
 8
    explain their vote and then you have to call the
9
10
    roll. You cannot pull a bill on the roll call.
                 ACTING PRESIDENT LITTLE:
11
                                            Thank
12
    you. Those are the rules.
13
                 SENATOR BRESLIN: Madam President,
    there's nothing in the rules. The sponsor is in
14
15
    control of his own bill, exclusive control of his
    own bill, and he is requesting that it be laid
16
    aside for the day.
17
18
                 SENATOR LIBOUS: No, Madam
    President, that is totally incorrect. What I've
19
20
    stated -- what I've stated is absolutely correct,
    you cannot pull your bill with a motion on a roll
21
22
    call.
23
                 SENATOR BRESLIN: Madam President,
    it is absolutely correct --
24
25
                 ACTING PRESIDENT LITTLE:
                                            Thank
```

```
you. Senator Libous, your point is well-taken.
 1
 2
                 Senator Breslin, I'm sorry, your
    point is not taken. The roll call has been
 3
    called. We have to announce the vote.
 5
                 We have one more Senator to explain
    their vote. Senator Avella to explain your vote.
 6
 7
                 SENATOR BRESLIN:
                                    Point of order,
   please. I appeal the ruling of the chair and ask
 8
9
    to be heard.
10
                 SENATOR LIBOUS: Madam President,
    that is not a ruling. Madam President -- Madam
11
12
    President, let me try help things here.
13
                 We are on the roll call. Once
    members explain their vote, then the roll call
14
15
    will be taken. The sponsor in this case cannot
    lay his bill aside, because we are on a roll
16
    call. The only motion that can be taken on a
17
18
    roll call is a motion to adjourn if you have
    enough votes.
19
20
                 So I would beg to differ with my
    esteemed colleague on the other side of the
21
22
    aisle. I believe we are extremely correct here
    and that his request is out of order.
23
                 SENATOR BRESLIN:
                                    Madam
24
25
    President --
```

```
1
                 ACTING PRESIDENT LITTLE:
                                            Thank
 2
   you. We are waiting now for only those who
    explain their vote. I believe Senator Avella is
 3
    next.
 5
                 SENATOR BRESLIN: Madam President,
    can I -- it's such an important vote. Can I ask
 6
 7
    for some -- can I ask for some reference to a
 8
    rule?
9
                 ACTING PRESIDENT LITTLE:
                                           We have
10
    a ruling on the point of order. We have the rule
    that once the roll call has been called, that we
11
12
    explain votes and then we announce the result.
    It cannot be withdrawn.
13
                 SENATOR SQUADRON: Point of
14
15
    order.
            I appeal the ruling of the chair.
                                               Madam
16
    President, I appeal (inaudible) --
17
                 (Several Senators speaking.)
18
                 ACTING PRESIDENT LITTLE:
                                            On the
    ruling of the chair -- can we have it quiet,
19
20
    first, please. On the ruling -- one moment
21
    (gaveling).
22
                 On the ruling of the chair, all
23
    those --
24
                 SENATOR DUANE: Point of personal
25
    privilege.
```

```
1
                 ACTING PRESIDENT LITTLE: -- who
 2
    wish to overrule the chair signify by saying aye.
 3
                 SENATOR SQUADRON:
                                    Madam
    President (inaudible) --
 4
 5
                 SENATOR DUANE: (Inaudible.)
                 SENATOR LIBOUS: Madam President.
 6
 7
                 SENATOR DUANE: Madam President, I
 8
    really want to say that I would not like this
    body to be remembered today as defeating this
9
10
    bill which will help keep people living with AIDS
    alive.
11
12
                 ACTING PRESIDENT LITTLE: Senator
13
    Duane, we are -- you are out of order. Wait till
    we can recognize you. We're doing one Senator at
15
    a time.
                 SENATOR DUANE:
                                 (Inaudible.)
16
                 ACTING PRESIDENT LITTLE: Senator
17
18
    Libous.
19
                 SENATOR LIBOUS: Madam President,
20
    we are on Senator Breslin's point of order. That
    is the issue before the house at this time.
21
                 ACTING PRESIDENT LITTLE:
22
    those in favor of overruling the chair --
23
                 SENATOR SQUADRON:
24
                                     Madam
25
    President --
```

```
1
                 ACTING PRESIDENT LITTLE:
 2
    signify by saying --
 3
                 SENATOR SQUADRON: -- let me be
 4
    heard on my motion to overrule the --
 5
                 SENATOR LIBOUS: It was Senator
    Breslin's motion.
 6
 7
                 SENATOR SQUADRON: I'd like to be
 8
    heard on Senator Breslin's motion to overrule the
9
    ruling of the chair. Thank you for the
10
    clarification. And I believe I have 30 minutes
    on this issue. Thank you very much.
11
                 The chair said that there was a
12
    ruling on Senator Breslin's point of order,
13
    either Senator Breslin or I, depending how you
14
    interpret it, asked to overrule it. And now
15
    we're debating that.
16
                 Madam President, it is the
17
18
    long-standing tradition of this house that a
19
    sponsor is in exclusive control of his or her
20
    bill from the point of introduction to the point
    of passage, simply and absolutely. In fact, we
21
22
    have all sat here in this chamber and watched
    bills get laid aside for the day after the roll
23
    has been opened.
24
25
                 The fact that we now have a ruling
```

of the chair that has no citation in the rules, that is in inconsistent with long-standing precedent in this house, both relative to the control of a bill for the sponsor and relative to the ability to pull the bill at any point between introduction and passage, is really surprising.

I would love to see -- and we have a half hour here to debate it -- I would love to see any citation on that, Madam President. I suppose that the ruling might be that the sponsor doesn't even have the ability to star his bill at this point. Which again would be completely outside of the history and precedent of this house.

It has become all too common for a simple suggestion or a statement of fact without a citation in the rules, which I am leafing through even as I speak, to govern here. But I hope that we continue to be a body of rules, not just a body of assertions. I hope that we are a body still governed by some sense of decorum and respect for each other, not just by whatever the pique of the moment drives us to.

The Majority certainly has the majority of votes when we're all present. I

```
1
    don't believe that that supersedes the rules of
    the house. And the rules of the house are very,
    very clear. The sponsor controls the bill from
 3
 4
    introduction to passage. It always -- it has
 5
    been that way as long as I've been here. It is
    clearly stated to be that way in the rules. And,
 6
 7
    Madam President, I would ask you or any other
    member to cite a rule in conflict with that.
 8
 9
                 ACTING PRESIDENT LITTLE:
                                            Thank
10
    you. Senator Squadron, the rule is 9(3)(F). I
    will read the ruling.
11
                 "After the Senate shall have
12
    adopted the motion to close debate as
13
    hereinbefore provided, no motion shall be in
14
15
    order but one motion to adjourn, or for a call of
    the Senate by the Temporary President and a
16
    motion to commit. Should said motion to adjourn
17
18
    be carried, the measure under consideration shall
    be the pending question when the Senate shall
19
20
    again convene and shall be taken up at the point
    where it was at the time of such adjournment."
21
22
                 SENATOR SQUADRON:
                                     Thank you,
    Madam President.
23
                 ACTING PRESIDENT LITTLE:
24
                                            So your
25
    point is -- that is the ruling that we are
```

```
working with.
 1
 2
                 SENATOR SQUADRON:
                                     Thank you,
    Madam President. So it is your ruling that
 3
    laying a bill aside for the day is in fact a
 5
    motion?
                 ACTING PRESIDENT LITTLE:
 6
                                            Yes.
 7
                 SENATOR SQUADRON: So in other
 8
    words, every time a bill gets laid aside for the
9
    day that was previously on an active list, that's
10
    a motion and that's governed by the rules
    governing motions in this house?
11
                 ACTING PRESIDENT LITTLE:
12
                                            No.
    Senator Squadron, when a bill is laid aside, that
13
    is before the debate. It is usually on the
14
    noncontroversial calendar. We are talking about
15
    after the debate is closed and the roll is
16
    called. That's the point. And after the roll is
17
18
    called, no motion can be considered but a motion
    to adjourn and we announce the result.
19
20
                 SENATOR SQUADRON:
                                     So, Madam
    President, the ruling of the chair is that laying
21
22
    a bill aside for the day before the roll call is
    called is not a motion, but laying a bill aside
23
    for the day after a roll call was called is a
24
25
    motion?
```

```
We're
 1
                 ACTING PRESIDENT LITTLE:
 2
    talking about the debate is closed. No motion
    after that, after the roll call.
 3
 4
                 SENATOR SQUADRON:
                                     So the chair's
 5
    contention is that laying a bill aside for the
    day is a motion or is not a motion?
 6
 7
                 ACTING PRESIDENT LITTLE:
                                             Senator
 8
    Squadron, the difference is that a lay-aside
9
    before the roll call has been taken is allowed.
10
                 After the roll call, we're talking
    about a motion being made to table the bill that
11
    the vote has been taken on. It is not in order,
12
    and that is the ruling of the chair.
13
14
                 SENATOR SQUADRON:
15
    President --
16
                 ACTING PRESIDENT LITTLE: You can
    appeal the ruling.
17
18
                 SENATOR SQUADRON: -- thank you
    for that ruling.
19
20
                 And just now that I understand it a
21
    little better, on the ruling, it is very hard to
22
    understand that an action that's sort of a basic
    action that is under the rule that a member is in
23
    control of their bill from introduction to
24
    passage, in sole and exclusive control of their
25
```

```
1
    bill from introduction to passage governs in a
    different way, has not been a motion until the
    roll call is called, when there's really no
 3
    nothing in the rules.
 5
                 SENATOR LIBOUS: Madam President,
    I'd like to be recognized.
 6
                 ACTING PRESIDENT LITTLE: Point of
 7
 8
    order, Senator Libous.
9
                 SENATOR LIBOUS:
                                   Thank you.
                                               I'm
10
    not sure what Senator Squadron is arguing, but I
    certainly would ask him to defer to me for a
11
12
    second.
                 Madam President, I would ask for
13
    unanimous consent to withdraw the roll call.
14
15
    Unanimous consent.
                 ACTING PRESIDENT LITTLE:
16
                                            Thank
    you. Without objection, is there unanimous
17
18
    consequent we withdraw --
19
                 SENATOR DUANE: I would request,
20
    Madam Chair --
21
                 ACTING PRESIDENT LITTLE:
                                            Senator
    Duane, just a moment, please, while we get this.
22
23
                 SENATOR DUANE:
                                  Madam Chair, it is
    my piece of legislation. I do not want to lay it
24
25
    aside for the day anymore. I would like to see a
```

```
vote on this, and I request --
 1
 2
                 ACTING PRESIDENT LITTLE:
    Duane, so we do not have unanimous consent, is
 3
    that correct, to withdraw?
 4
 5
                 SENATOR DUANE: Yes, you do not
   have unanimous consent to withdraw.
 6
                 ACTING PRESIDENT LITTLE:
 7
                                           Then
 8
    we're on the roll call.
                 SENATOR LIBOUS: We are on the
9
10
    roll call and --
                 ACTING PRESIDENT LITTLE: We have
11
12
    one more Senator who wanted to explain his vote.
    Senator Avella, do you wish to -- all right.
13
    Announce the result.
14
15
                 SENATOR DUANE:
                                  Madam President, I
    spoke with the leader of the Majority and
16
    informed him that --
17
18
                 ACTING PRESIDENT LITTLE: Senator
    Duane, is there a point of order here?
19
20
                 SENATOR DUANE: And I hold him
21
    that I wanted a vote on it, and I believe he
    acceded to that request. I may be mistaken, but
22
    I am respectfully requesting that we --
23
                 ACTING PRESIDENT LITTLE: We have
24
25
    a vote.
```

```
1
                 SENATOR DUANE:
                                  -- that we
 2
    continue with the roll call.
                 ACTING PRESIDENT LITTLE:
 3
    will. We are trying to do that, Senator Duane.
 4
 5
    The roll call -- the vote has been taken.
                 The Secretary will announce the
 6
 7
    results.
 8
                 SENATOR LIBOUS:
                                   Thank you.
 9
                 THE SECRETARY:
                                  In relation to
10
    Calendar 1255, those recorded in the negative are
    Senators Bonacic, DeFrancisco, Farley, Flanagan,
11
12
    Fuschillo, Gallivan, Golden, Griffo, Grisanti,
    Hannon, Johnson, Larkin, LaValle, Libous, Little,
13
    Martins, Maziarz, Nozzolio, O'Mara --
14
15
                 SENATOR LIBOUS:
                                   Madam President.
16
                 ACTING PRESIDENT LITTLE:
                                             Thank
    you. Senator Libous.
17
18
                 SENATOR LIBOUS:
                                   If we can
    complete the roll call, and then I would ask that
19
20
    you give Leader Sampson an opportunity to speak.
                 ACTING PRESIDENT LITTLE:
21
                                             We need
    to complete the roll call and announce the
22
    result, and we will call on him.
23
                 SENATOR LIBOUS: Could we suspend
24
25
    the roll call so the leader can have the
```

```
1
    opportunity to speak on the bill.
 2
                 ACTING PRESIDENT LITTLE:
                                             The roll
 3
    call is suspended.
 4
                 I call upon Senator Sampson to
 5
    explain his vote.
                 SENATOR SAMPSON:
 6
                                    Thank you very
 7
    much, Madam President.
 8
                 And thank you very much, Senator
9
    Libous, for giving me this opportunity. And I
10
    apologize for whatever confusion, if any, took
    place here at this point in time.
11
12
                 Also, with respect to any motions
    regarding this vote, this is a piece of
13
    legislation that is very important not only to
14
15
    Senator Duane but to a lot of those who are
    living with HIV and AIDS. And I would prefer --
16
                 ACTING PRESIDENT LITTLE:
                                             Can we
17
18
    have quiet in the chamber, please.
19
                 SENATOR SAMPSON:
                                    Something like
20
    this is extremely important not just to lay aside
21
    but to see how individuals feel, how individuals
22
    actually want to vote. You know, people vote
    their conscience, but at the same time we have to
23
    take into consideration for those who are less
24
25
    fortunate.
```

```
And those with HIV and AIDS are
 1
 2
    less fortunate individuals who are just looking
    for that glimmer and opportunity of hope to have
 3
 4
    a very -- at least a sympathetic and easygoing
 5
    life for their remaining days.
                 So with that, thank you very much,
 6
 7
    Madam President. Whichever way the vote goes,
    you know, I leave it in God's hands, and that's
 8
    how it will be left. Thank you very much, Madam
9
10
    President. And I vote aye.
                 ACTING PRESIDENT LITTLE:
11
                                             Thank
12
    you, Senator Sampson. You will be recorded in
    the affirmative.
13
14
                 The Secretary will announce the
15
    result.
                 THE SECRETARY:
                                  In relation to
16
17
    Calendar 1255, those recorded in the negative are
18
    Senators Bonacic, DeFrancisco, Farley, Flanagan,
    Fuschillo, Gallivan, Golden, Griffo, Grisanti,
19
20
    Hannon, Johnson, Larkin, LaValle, Libous, Little,
    Martins, Maziarz, Nozzolio, O'Mara, Ranzenhofer,
21
    Ritchie, Saland, Seward, Skelos, Storobin, Young
22
    and Zeldin.
23
                 Absent from voting:
24
                                       Senators
25
    Adams, McDonald, Oppenheimer, Peralta, and Smith.
```

```
1
                 Ayes, 26. Nays, 27.
 2
                 ACTING PRESIDENT LITTLE: The bill
 3
    is lost.
                 Senator Carlucci for a motion.
 4
 5
                 SENATOR CARLUCCI:
                                     Madam
    President, on behalf of Senator Klein, on page 23
 6
    I offer the following amendments to Calendar
 7
 8
    Number 688, Senate Print Number 6139A, and ask
9
    that the said bill retain its place on the Third
10
    Reading Calendar.
                 ACTING PRESIDENT LITTLE:
11
                                            The
    amendments are received, and the bill will retain
12
    its place on the Third Reading Calendar.
13
                 Senator Libous.
14
15
                 SENATOR LIBOUS: Is there any
16
    further business at the desk?
                 ACTING PRESIDENT LITTLE: No,
17
18
    there is not, Senator Libous.
19
                 SENATOR LIBOUS:
                                   Thank you, Madam
20
    President.
21
                 There being no further business, I
22
    move that we adjourn until Monday, June 8th --
                 ACTING PRESIDENT LITTLE:
23
                                            Senator
    Libous, excuse me. We do have one motion.
24
25
                 SENATOR LIBOUS: Can we return to
```

```
motions and resolutions.
 1
 2
                 ACTING PRESIDENT LITTLE: Motions
 3
    and resolutions.
                 SENATOR LIBOUS: On behalf of
 4
 5
    Senator Peralta, I wish to call up his bill,
    Senate Print 6292, recalled from the Assembly,
 6
 7
    which is now at the desk.
 8
                 ACTING PRESIDENT LITTLE:
                                            The
9
    Secretary will read.
10
                 THE SECRETARY: Calendar Number
    968, by Senator Peralta, Senate Print 6292, an
11
    act to amend the Penal Law.
12
                 SENATOR LIBOUS: I now move to
13
    reconsider the vote by which this bill was
14
15
    passed.
16
                 ACTING PRESIDENT LITTLE: Call the
    roll on reconsideration.
17
18
                 (The Secretary called the roll.)
19
                 THE SECRETARY:
                                  Ayes, 58.
20
                 SENATOR LIBOUS: I now offer up
21
    the following amendments.
                 ACTING PRESIDENT LITTLE:
22
                                            The
    amendments are received.
23
                 SENATOR LIBOUS: On behalf of
24
25
    Senator Rivera, on page 28 I offer the following
```

```
amendments to Calendar 816, Senate Print 6854A,
 1
    and ask that said bill retain its place on the
    Third Reading Calendar.
 3
 4
                 ACTING PRESIDENT LITTLE:
                                             The
 5
    amendments are received, and the bill will retain
    its place on the Third Reading Calendar.
 6
 7
                 SENATOR LIBOUS:
                                    There being no
 8
    further business, Madam President, I move that we
    adjourn until Monday, June 18th, at 3:00 p.m.,
9
10
    intervening days being legislative days.
                 ACTING PRESIDENT LITTLE:
                                             Thank
11
    you. On motion, the Senate stands adjourned
12
    until Monday at 3:00 p.m., June 18th, intervening

16
    adjourned.)
