2 ACTING PRESIDENT CARLUCCI: The  
3 Senate will come to order.

4 I ask everyone present to please  
5 rise and await the presentation of the Colors.

6 (Whereupon, the Color Guard entered  
7 the chamber and presented the Colors.)

8 (Whereupon, the Assemblage recited  
9 the Pledge of Allegiance to the Flag.)

10 ACTING PRESIDENT CARLUCCI: Today  
11 we are joined by Chaplain Colonel Kelly Jon  
12 Moore, Garrison Chaplain for Fort Drum, to give  
13 our invocation.

14 (Whereupon, the Color Guard exited  
15 the chamber.)

16 CHAPLAIN MOORE: I invite you to  
17 pray with me.

18 Lord God above, Ruler of Heaven and  
19 Earth, thank You for giving us our life and  
20 breath, for the privilege and opportunity to  
21 serve a purpose higher than ourselves.

22 Thank You for men and women of this  
23 nation who voluntarily and sacrificially serve  
24 our military, who daily strive to keep the  
25 citizens of our nation safe, that we all may

1     enjoy the fruit of liberty.

2                   Today, as we recognize Fort Drum and  
3     the 10th Mountain Division, I pray for Your hand  
4     of protection particularly upon those currently  
5     deployed, and I give thanks that You have placed  
6     Fort Drum in this state, that we may share the  
7     beauty and benefits of this great state.

8                   But I pray not only for those who  
9     wield the sword but for those who wield the pen.  
10    For this body gathered here today, I pray You  
11    grant wisdom and the understanding of complex  
12    issues, knowledge to act with fortitude and  
13    compassion, and, most of all, moral courage to do  
14    what is right in Your eyes.

15                  May God bless our nation.   May God  
16    bless the State of New York.

17                  In Your most holy and precious name  
18    I pray, amen.

2 Senator Libous.

3 SENATOR LIBOUS: Thank you,  
4 Mr. President.

5 I believe there's a resolution by  
6 Senator Ritchie, Number 3997. It is at the desk.  
7 I ask that it be read in its entirety, and could  
8 you please call on Senator Ritchie and  
9 Senator Skelos before its adoption.

10 ACTING PRESIDENT CARLUCCI: The  
11 Secretary will read.

12 THE SECRETARY: Legislative  
13 Resolution Number 3997, by Senator Ritchie,

18                "WHEREAS, Major General Townsend and  
19    his command headquarters are currently deployed

9 D. Magrath, for his actions at Castel d'Aiano,  
10 Italy, during World War II, and Sfc. Jared Monti,  
11 who received the medal posthumously in 2009, for  
12 his heroism in Kunar Province, Afghanistan, as  
13 part of Operation Enduring Freedom, and who is  
14 one of just six Medal of Honor recipients since  
15 2001 and the start of the global war on terror;  
16 and

17 "WHEREAS, Thousands of New York men  
18 and women have passed through Fort Drum, as  
19 members of our Armed Forces, the Army, National

21 sacrifice, and commitment and living up to the  
22 10th Mountain Division motto 'Climb to Glory';  
23 now, therefore, be it

24 "RESOLVED, That this Legislative  
25 Body pause in its deliberations to memorialize

5 resolution, suitably engrossed, be transmitted to  
6 Major General Stephen J. Townsend, Commanding  
7 General of Fort Drum, and the 10th Mountain  
8 Division."

9 ACTING PRESIDENT CARLUCCI: Senator  
10 Skelos.

11 SENATOR SKELOS: Thank you,  
12 Mr. President.

13 We're all honored today to have  
14 General Howard and soldiers from Fort Drum  
15 visiting with us today.

16 I want to thank Senator Patty  
17 Ritchie for making this day possible, and also  
18 for her support on a daily basis of the fine men  
19 and women of Fort Drum.

20 The 10th Mountain Division has an  
21 incredibly rich history. Since the first combat  
22 deployment in 1945, the division's soldiers have  
23 defended our country, fought for freedom around  
24 the world. This division also has a strong  
25 history of humanitarian missions, not only here

1 in the United States but in places like Bosnia,  
2 Haiti and Somalia.

3 Fort Drum is an outstanding unit  
4 that has an enormous impact on the economy and is  
5 also a steadfast contributor to our nation's  
6 defense.

7 General Howard, your presence here  
8 is humbling. It reminds us how blessed we are to  
9 be Americans, to have brave soldiers who dedicate  
10 their lives to protecting our country.

11 All of us here cannot thank you  
12 enough. To say we appreciate your service is  
13 simply an understatement. Your courage, valor  
14 and dedication to this great nation is truly  
15 honorable. And we are so proud of everyone  
16 serving at Fort Drum.

17 To your colleagues who are overseas  
18 and to those deploying this year, they are and  
19 always will be in our thoughts and prayers. We  
20 look forward to everyone's safe return home.

21 I thank you all for joining us here  
22 today.

23 And, Mr. President, if you could  
24 recognize Senator Ritchie.

25 ACTING PRESIDENT CARLUCCI: Thank

1     you, Senator Skelos.

2                     Senator Ritchie.

3                     SENATOR RITCHIE:     Thank you,  
4     Mr. President.

5                     I'm proud to sponsor Fort Drum Day  
6     once again in the New York State Senate and want  
7     to welcome General Howard and the soldiers and  
8     officers of the 10th Mountain Division here in  
9     the Senate chamber.

10                    Your presence here reminds us of the  
11    thousands of men and women who volunteer to serve  
12    and defend our nation as members of our armed  
13    forces. Your presence also reminds us of the  
14    importance of Fort Drum, not just to our nation's  
15    defense but also to the communities that I  
16    represent in the North Country.

17                    You remind us of its importance as  
18    New York's largest single-site employer and the  
19    billions of dollars that Fort Drum pours into our  
20    state and local communities.

21                    There is something else I want to  
22    remind everyone today, that while General Howard  
23    and these men and women are here today to share  
24    with us Fort Drum Day, their commanding general,  
25    Stephen Townsend, and the entire headquarters

1 battalion are currently in Afghanistan, serving  
2 alongside thousands of other soldiers from  
3 Fort Drum.

4           The 10th Mountain Division was  
5 reactivated at Fort Drum on September 11, 1984.  
6 In the days following September 11, 2001,  
7 Fort Drum and officers were the very first sent  
8 overseas in response to the World Trade Center  
9 attack. On September 11, 2014, as we remember  
10 that horrible day 13 years ago, members of the  
11 10th Mountain Division will be preparing to be  
12 the last troops to return home.

13           Many if not all the men and women in  
14 uniform you see in this room were part of that  
15 campaign to defend America and keep us safe.  
16 Among them are many native New Yorkers. But from  
17 where I stand, I want to be clear that all the  
18 men and women of Fort Drum are New Yorkers. And  
19 the 10th Mountain Division is New York's  
20 10th Mountain Division. And I want to thank all  
21 of you for your service.

22           I want to thank General Howard and  
23 General Townsend for allowing us to celebrate  
24 Fort Drum Day and the 10th Mountain Division.

25           I also want to acknowledge some

1 guests who are here with us today who advocate on  
2 behalf of Fort Drum. And they're here to answer  
3 some of your questions.

4 For my colleagues who haven't had  
5 the opportunity to visit some of the displays  
6 that are out between the doors, it really brings  
7 home the sacrifice of the men and women that are  
8 here today and what they have to go through when  
9 they're deployed.

10 So, Senator Skelos, I would like to  
11 thank you and thank Senator Klein for allowing us  
12 to celebrate Fort Drum Day and the 10th Mountain  
13 Division here today.

14 Thank you, Mr. President.

15 ACTING PRESIDENT CARLUCCI: Thank  
16 you, Senator Ritchie.

17 Senator Sanders.

18 SENATOR SANDERS: Thank you,  
19 Mr. President.

20 Allegedly, General Howard, there is  
21 a rivalry between the Marine Corps and the Army.  
22 And of course this is a mere allegation.

23 But we in the Marine Corps recognize  
24 that the 10th Mountain Division is a hard-core  
25 group that has served outstanding in every

1 theater that they have been sent to. And I just  
2 wanted to stand up and congratulate you guys for  
3 doing what you have done, what you are doing, and  
4 what you will do for this country.

5 Thank you.

6 ACTING PRESIDENT CARLUCCI: Thank  
7 you, Senator Sanders.

8 All in favor of adopting the  
9 resolution please signify by saying aye.

10 (Response of "Aye.")

11 ACTING PRESIDENT CARLUCCI:

12 Opposed, nay.

13 (No response.)

14 ACTING PRESIDENT CARLUCCI: The  
15 resolution is adopted.

16 Senator Libous.

17 SENATOR LIBOUS: Thank you,  
18 Mr. President.

19 And I believe Senator Ritchie would  
20 like to open the resolution up for everyone to  
21 cosponsor. And as the policy goes here, if  
22 someone for whatever reason wishes not to be a  
23 cosponsor, just let the desk know and we would  
24 proceed.

25 Mr. President, it is an honor for me

1 at this time to introduce to my colleagues  
2 General Michael Howard, who will go to the  
3 rostrum and address the Senate today.

4 General Howard.

5 ACTING PRESIDENT CARLUCCI:

6 General.

7 (Standing ovation.)

8 GENERAL HOWARD: I don't know of  
9 any rivalry between the Army and the Marine  
10 Corps.

11 (Laughter.)

12 GENERAL HOWARD: Senator Skelos,  
13 Senator Klein, Senator Stewart-Cousins and  
14 Senator Ritchie, of course, thank you so much for  
15 inviting me today.

16 You all know that General Townsend  
17 is in Afghanistan. As his deputy and as the  
18 senior commander at Fort Drum for the next year,  
19 it's a real pleasure to represent him today in  
20 front of you.

21 So in the spirit of the name  
22 Fort Drum Day in New York, I thought I'd take a  
23 minute to tell you a little bit about Fort Drum's  
24 soldiers, what the division is doing, how it is  
25 that the division and the community, the North

1 Country community interact, and maybe talk a word  
2 or two about the drawdown, the drawdown in  
3 resources and potential drawdown in forces.

4           So let me start with soldiers. Last  
5 week I visited the Warrior Transition Unit at  
6 Drum. Many of you know that this is a very  
7 unique organization that takes care of those  
8 soldiers that require the most complex care as  
9 they heal and return either to their unit or back  
10 to their civilian lives.

11           So I was walking down the hall, and  
12 someone called out "Lieutenant Colonel Howard, is  
13 that you?" Well, the rank's wrong, I'm not a  
14 lieutenant colonel. But the name was certainly  
15 right. And I recognized the voice. So I turned  
16 around, and I faced a man that I served with in  
17 2004 at Fort Drum when I was a lieutenant  
18 colonel.

19           I asked him if he was a patient at  
20 the WTU, and he told me no, he was a cadre  
21 member, that he was leading soldiers.

22           Unique about this guy is he's an  
23 amputee. He lost his leg in a horrific mine  
24 strike in 2004. The last time I saw him was just  
25 before his fifth operation. I told him that I

1 recalled that day, and he smiled and told me he  
2 remembered it as well. He remembered it because  
3 I think we promoted him right around that time  
4 also. And he also told me that he stopped  
5 counting his operations after his 50th operation.

6 He's an amputee with a multiyear  
7 recovery that chose to stay on active duty and  
8 continue to serve.

9 Ladies and gentlemen, the ranks are  
10 filled with people like that, with those kind of  
11 great stories, who have given so much of  
12 themselves to the nation. And in these wars, if  
13 you give yourself to the nation, you're really  
14 giving yourself to the whole world, because these  
15 are world problems, not American problems. To  
16 me, their patriotism is overwhelming.

17 Senior leaders in the Army say all  
18 the time that the strength of the nation is the  
19 Army, and the Strength of the army is its people.  
20 And that's certainly true at Fort Drum, where we  
21 have 18,000 soldiers, most of whom are veterans  
22 of Iraq or Afghanistan or, in a lot of cases,  
23 both.

24 Many entered the service well after  
25 the war had begun, which means they joined the

1 Army knowing full well that they were signing up  
2 to go to war. Last year we lost 20 soldiers from  
3 Fort Drum in the war, and we've lost more than  
4 300 since the war began. That's not 300 lives  
5 lost, that's 300 families devastated. Those  
6 numbers are the dead. The injured number in the  
7 thousands. And again, that's not soldiers  
8 injured, that's families injured.

9           Some of the mainstream media talk  
10 about the war like it's over. Well, at the  
11 10th Mountain Division, it's not over. The  
12 10th Mountain was the first division to deploy;  
13 they're there now; they'll be one of the last if  
14 not the last division to leave Afghanistan.

15           Since the war began, Drum has  
16 deployed a brigade-sized organization -- that's  
17 roughly a 3,000-man-sized organization --  
18 33 times to Afghanistan and Iraq. Last year we  
19 averaged about 5,000 soldiers deployed at any one  
20 time, and today we have about 3500 in  
21 Afghanistan.

22           Despite the deployments, despite the  
23 hardships, despite the dangers, soldiers continue  
24 to join the Army in record numbers. They  
25 continue to reenlist in record numbers. Old

1 soldiers like me that don't reenlist anymore  
2 return to Fort Drum voluntarily -- not because we  
3 have to, but because we want to, because we love  
4 the unit and we love the community. Of the folks  
5 that did reenlist last year, half stayed at  
6 Fort Drum.

7               So there's a reason why Fort Drum  
8 soldiers love the community, love the  
9 North Country. In my view, it's because they are  
10 so uniquely embedded in the North Country. In my  
11 28 years of service I've moved 13 times and lived  
12 on nine army installations. Nowhere were the  
13 installation and the community as intertwined and  
14 dependent on each other as they are at Fort Drum.

15              So let me try to lay this out for  
16 you a little more clearly. Each year at Drum we  
17 publish an economic impact statement. Last year  
18 the positive economic impact on the North  
19 Country, on New York State, was \$1.4 billion.  
20 Since we've been keeping these statistics since  
21 1988, the impact has been over \$19 billion.

22              The impact is measured in a number  
23 of ways. And I won't mention every one of them,  
24 because this speech would really be long if I  
25 did. But a couple really demonstrate the

1 cooperation that I'm speaking of.

2 First, and probably the most  
3 obvious, is the size of the workforce and the  
4 associated payroll on Drum. The base employs  
5 18,000 soldiers and about 4,000 civilians for a  
6 total payroll of \$1.1 billion annually. That's  
7 \$1.1 billion of groceries and gas and rent and  
8 electricity and firewood and tuition, et cetera.  
9 That's really, really helpful to the  
10 North Country. That's really, really useful to  
11 New York.

12 And this doesn't even include the  
13 more than 18,000 family members, many of whom  
14 work in the community.

15 Many Army installations that I've  
16 served on have a hospital. Drum does not. But  
17 we do great without one, because the hospitals in  
18 the area -- Samaritan, Carthage, River -- care  
19 for our soldiers and family members.

20 And in fact, every Saturday I send a  
21 member of our command group to all of the local  
22 hospitals to check on our soldiers and their  
23 families. This past Saturday we had nine new  
24 mothers and nine new babies in one of our local  
25 hospitals. It was Samaritan. And by the way,

1     there wasn't a uniform in sight, a military  
2     uniform.

3                 It's pretty easy to bond with the  
4     community that brings your children into the  
5     world and then cares for your new mothers.

6                 And in return, by our count, we  
7     spent \$29 million last year on medical care and  
8     another \$5 million on dental care. And that's  
9     really helpful in the North Country.

10                Similarly, the other installations  
11    that I've served on have schools on-base. One  
12    that I served on has nine schools on the base.  
13    It's its own school district. And that's more  
14    the norm than not.

15                Drum, as you know, has no schools  
16    on-base. But that's okay, we do great without  
17    them, because our children go to school in the  
18    community. And that's about 8,000 kids, by the  
19    way.

20                My own children went to Carthage and  
21    Indian River, and they had hugely positive  
22    experiences. All three are in college now, and  
23    they all have lifelong friends from New York.  
24    Some of them are children from military bases  
25    like Drum, as you might imagine, but many are

1 simply New York children that have never seen a  
2 military installation.

3           It's pretty easy to bond with an  
4 installation that helps you educate your kids and  
5 helps you raise your children.

6           In return, local school districts  
7 received \$48 million last year in federal impact  
8 aid. That's just the school-aged children. We  
9 also have 3,000 soldiers that go to college in  
10 New York State colleges. And these colleges  
11 benefited from \$1.5 million in federal tuition  
12 assistance.

13           So with such a strong bond, such an  
14 interwoven set of common interests, it's easy to  
15 understand why talk of reducing resources and  
16 force reductions cause anxiety. And if I could,  
17 I'll just talk to this for just a minute.

18           You know that our Army is reducing  
19 its strength from 560,000 to 490,000 by the end  
20 of FY 2015. And part of that reduction is our  
21 3rd Brigade Combat Team, which will inactivate  
22 when they come back from Afghanistan later this  
23 year. Now, the loss of the brigade will be  
24 offset in part, but not completely, by growth in  
25 other units on the Fort.

1                   You probably recall that the Army  
2 leadership reached out to elected leaders at all  
3 levels before they decided exactly what to cut.  
4 Recently our senior leadership announced that the  
5 Army would reduce again, now from 490,000 down to  
6 between 440,000 and 450,000. And if the budget  
7 cuts dictated by sequestration return in FY 2016,  
8 the force levels will drop even more, potentially  
9 as low as 420,000.

10                  Senior leaders in the military warn  
11 that every Army installation has the potential to  
12 be impacted. As you might imagine, I get lots of  
13 queries on what this means for Fort Drum, for the  
14 North Country and for New York. And the truth  
15 is, right now I don't know. Nobody does.

16                  What I do know is that the military  
17 is moving towards a lighter, more agile force  
18 that deploys rapidly. Well, that's exactly what  
19 the 10th Mountain Division is right now. That's  
20 why we were built in the 1980s and what we've  
21 been called repeatedly to do in the last 12 years  
22 of this war. In that regard, I think we're in  
23 pretty good shape.

24                  I also know that our senior  
25 leadership has stated repeatedly that, as they

1 did before the decision to cut to 490, that they  
2 want to hear from elected leaders again so that  
3 the impact on local and state governments is  
4 fully understood and considered in the  
5 decision-making. And based on the last  
6 reduction, I'm quite sure that you all fully  
7 intend to make your views known.

8               One final note worth considering  
9 while I'm talking about reduced resources. The  
10 Army has shouldered a heavy burden for well over  
11 a decade now, affecting many soldiers and many  
12 families. We must, we must maintain our  
13 commitment to these soldiers and families,  
14 especially families of the fallen and those who  
15 are caring for service members that were wounded  
16 in combat.

17               I ask that you think about how you  
18 and your delegations can take part in ensuring  
19 that we continue to provide post-conflict care  
20 and support to these folks. Like the soldier I  
21 mentioned earlier in my remarks, the man who  
22 endured more than 50 operations, many of our  
23 soldiers and their families have years to go  
24 before they're whole again.

25               Let me close by saying that we're

1 professionals who are afforded a world-class  
2 installation called Fort Drum, in a world-class  
3 entity called the North Country, in the  
4 world-class State of New York. In return, we  
5 maintain our steady focus on training, on  
6 readiness and rapid deployment to answer the  
7 nation's call whenever it comes. The mission  
8 endures, and you can be sure that we'll be ready.

9 Thank you so much for inviting me  
10 here today. I'm very proud to be a New York  
11 soldier, and I'm very proud that March 18, 2014,  
12 is Fort Drum Day in New York.

13 Climb to glory.

14 (Standing ovation.)

15 ACTING PRESIDENT CARLUCCI: Senator  
16 Libous.

17 SENATOR LIBOUS: General Howard, on  
18 behalf of all the members of the Senate, and  
19 certainly Senator Patty Ritchie, we welcome,  
20 again, you and the men and women of Fort Drum.

21 And not only do we appreciate what  
22 you do for the economy of this state and for  
23 protection overall, but as Senator Skelos said in  
24 his remarks, from the bottom of our hearts we  
25 can't thank you enough, and the men and women,

1 for the sacrifices, as you said, of protecting us  
2 worldwide. Because every conflict that we seem  
3 to approach now is a worldwide conflict. And we  
4 have so lucky and so proud to have all of you on  
5 our side.

6 Thank you.

7 ACTING PRESIDENT CARLUCCI: Senator  
8 Libous.

9 SENATOR LIBOUS: Mr. President, I  
10 believe that Senator Stewart-Cousins has a  
11 resolution at the desk. It is Number 4073.

12 I ask that it please be read in its  
13 entirety, and I believe the Democratic Leader  
14 would like to stand and speak on the resolution.

15 ACTING PRESIDENT CARLUCCI: The  
16 Secretary will read.

17 THE SECRETARY: Legislative  
18 Resolution Number 4073, by Senator  
19 Stewart-Cousins, commending the Marching Cobras  
20 of New York upon the occasion of their  
21 outstanding performances during Super Bowl Week  
22 2014.

23 "WHEREAS, It is the sense of this  
24 Legislative Body to recognize the dedication and  
25 commitment of our young people who distinguish

1 themselves through excellence in musical  
2 performance and competition; and

3 "WHEREAS, Attendant to such concern,  
4 and in full accord with its long-standing  
5 traditions, this Legislative Body is justly proud  
6 to commend the Marching Cobras of New York upon  
7 the occasion of their outstanding performances  
8 during Super Bowl Week 2014; these talented  
9 students led the Super Bowl Championship Vince  
10 Lombardi Trophy in the NFL Experience Parade on  
11 Wednesday, January 29, 2014, in New York City,  
12 and welcomed Super Bowl fans before the game on  
13 Sunday, February 2, 2014, at MetLife Stadium,  
14 East Rutherford, New Jersey; and

15 "WHEREAS, The Marching Cobras of  
16 New York is a marching band that includes a  
17 drumline, flag team and dance squad, and is  
18 comprised of 70 Westchester and New York City  
19 middle and high school students; the name 'COBRA'  
20 stands for Commitment, Obedience, Belief,  
21 Respect, and Achievement; and

22 "WHEREAS, This award-winning,  
23 hardworking, and energetic band truly lives up to  
24 its name; the Marching Cobras of New York members  
25 practice five days a week, four hours a day, and

1 also on Saturdays if they are not performing;  
2 some members travel as many as two hours each way  
3 to get to practice, and most of the group's  
4 members had no musical experience prior to  
5 joining; and

6 "WHEREAS, The Marching Cobras of  
7 New York helps at-risk youth from across New York  
8 City's five boroughs and Westchester County beat  
9 negative influences by embracing music; and

10 "WHEREAS, A nonprofit organization  
11 working in collaboration with St. Christopher's  
12 School in Dobbs Ferry, New York, the mission of  
13 the Marching Cobras of New York is to enrich the  
14 lives of teens by providing opportunities for  
15 artistic expression and teen development through  
16 music, marching, dance, and entertainment;  
17 several members of the band are students at  
18 St. Christopher's School; and

19 "WHEREAS, The Marching Cobras of  
20 New York has distinguished itself in its many  
21 impressive accomplishments; successes include  
22 being named 1st Place Grand Champions in the 2013  
23 New York City State Championships, taking first  
24 place in both the New York Salute to Israel  
25 Parade and the 'Cakeman Parade' in Brooklyn, and

1     being awarded the Pace University Drum-Line  
2     Contract; and

3                 "WHEREAS, The shining talent of  
4     these young musicians and performers has been  
5     widely recognized; the Marching Cobras of  
6     New York have appeared on 'The Joey Reynolds  
7     Show,' played the Opening Day Performance for  
8     Red Bull Arena in Newark, New Jersey, and were  
9     special guest performers at Jazz at Lincoln  
10    Center; they are soon to be featured in the  
11    upcoming Michael Keaton film 'Birdman'; and

12                "WHEREAS, The talent displayed by  
13    the Marching Cobras of New York is due in great  
14    part to the efforts of Director of Bands Terrel  
15    J. Stowers and his staff: Kevin Young, Sheldon  
16    Gomes, Pamela Bodley, and Clifford Wesley,  
17    skilled and inspirational tutors respected for  
18    their ability to develop potential into  
19    excellence; and

20                "WHEREAS, Achievements of this  
21    magnitude are not possible without the strong  
22    values of teamwork, commitment, and dedication,  
23    and the outstanding members of the Marching  
24    Cobras of New York City, as well as Coach Terrel  
25    J. Stowers and his staff, may take just pride in

1 their accomplishments; and

2 "WHEREAS, This occasion presents an  
3 opportunity for this Legislative Body to wish the  
4 Marching Cobras of New York continued success in  
5 all of its endeavors; now, therefore, be it

6 "RESOLVED, That this Legislative  
7 Body pause in its deliberations to commend the  
8 Marching Cobras of New York upon the occasion of  
9 their outstanding performances during Super Bowl  
10 Week 2014; and be it further

11 "RESOLVED, That a copy of this  
12 resolution, suitably engrossed, be transmitted to  
13 the Marching Cobras of New York."

14 ACTING PRESIDENT CARLUCCI: Senator  
15 Stewart-Cousins.

16 SENATOR STEWART-COUSINS: Thank  
17 you, Mr. President.

18 Certainly after the Fort Drum  
19 recognition, I just wanted to again thank  
20 Senator Ritchie and Senators Skelos and Klein for  
21 inviting our wonderful servicepeople to be here  
22 to be part of the day.

23 And I guess the second part is about  
24 a drumline, and the drumline is the Cobras. And  
25 we have in the gallery Sheikur Person and Quiney

1 Jones -- you can stand, gentlemen -- Terrel  
2 Murphy, Javonte Mullen, Isaiah Williams. And  
3 some ladies. Marijah Alicea, Ora Conklin, Elijah  
4 Jones, Isaiah Taylor, Da'Niqua Jacobs, and  
5 Emmanuel Heredia.

6 These are the Cobras.

7 (Applause.)

8 SENATOR STEWART-COUSINS: As you  
9 heard, they are accompanied today by the director  
10 of bands, Mr. Terrel Stowers, and the assistant  
11 director of band and dance choreographer,  
12 Kevin Young. And Nakima Jones, who's the parent  
13 advocate.

14 Now, I think you heard in the  
15 resolution all they've done. This Saturday they  
16 were walking ahead of the elected officials in  
17 the St. Patrick's Day Parade in Tarrytown and  
18 Sleepy Hollow, and they're show-stoppers every  
19 step of the way.

20 But it's important to note that,  
21 again, they're at St. Christopher's. And  
22 St. Christopher's is one of the what they call  
23 Special Act schools, 823 schools, where they have  
24 young people who have emotional or behavioral  
25 problems, learning disabilities, et cetera.

1                   There are a number of  
2   St. Christopher's students in this band. The  
3   band is a number of 50. They also have students  
4   from all over New York City.

5                   And they come together four days a  
6   week for about four hours a day. They take buses  
7   to St. Christopher's campus, where they work  
8   hard. They do their academics, and they practice  
9   their drumming, their marching and their dancing.  
10   It is a commitment that really underscores what  
11   "COBRA" stands for -- C for commitment, O for  
12   obedience, B for belief, R for respect, and A for  
13   achievement.

14                  Many of us watched the Super Bowl,  
15   and we didn't think we had a stake in it because  
16   the Giants weren't playing, we didn't have a  
17   New York team. Many of us did actually go to the  
18   Super Bowl -- I know Senator Gianaris was there,  
19   and he said that he saw the bands. The Cobras  
20   were there, with Rutgers and with Syracuse,  
21   welcoming people into Super Bowl XLVIII, doing  
22   their extraordinary performance and really  
23   bringing great pride to we New Yorkers who knew  
24   that there was someone in the person of the band  
25   members there who represented us so well.

1                   Because you are so young and because  
2                   you are so talented, I wanted to make sure that  
3                   you came to this great chamber to be acknowledged  
4                   by the Senate of the State of New York, to let  
5                   you know that your efforts are not unrecognized,  
6                   and to let you be among people who support and  
7                   wish the very best for you and who applaud you  
8                   for being magnificent on and off every field that  
9                   you get a chance to perform in.

10                   Congratulations.

11                   (Applause.)

12                   ACTING PRESIDENT CARLUCCI:    Thank  
13                   you, Senator Stewart-Cousins.

14                   Congratulations, Cobras.

15                   The question is on the resolution.

16                   All in favor signify by saying aye.

17                   (Response of "Aye.")

18                   ACTING PRESIDENT CARLUCCI:

19                   Opposed, nay.

20                   (No response.)

21                   ACTING PRESIDENT CARLUCCI:    The  
22                   resolution is adopted.

23                   Senator Libous.

24                   SENATOR LIBOUS:    Thank you,  
25                   Mr. President.

1           I believe that a previously adopted  
2 resolution by Senator O'Mara, Number 3934, is at  
3 the desk. Could we have the resolution read in  
4 its entirety and call on Senator O'Mara.

5           ACTING PRESIDENT CARLUCCI: The  
6 Secretary will read.

7           THE SECRETARY: Legislative  
8 Resolution Number 3934, by Senator O'Mara,  
9 commemorating the 65th Anniversary of the  
10 founding of Watkins Glen International.

11           "WHEREAS, It is the sense of this  
12 Legislative Body that the quality and character  
13 of life in the State of New York has been greatly  
14 enhanced by the presence of certain extraordinary  
15 recreational facilities; and

19 is justly proud to commemorate the  
20 65th Anniversary of the founding of Watkins Glen  
21 International; and

22           "WHEREAS, On October 2, 1948,  
23 Watkins Glen International's incredible history  
24 began with its inaugural race, 'The Day They

2 European-style competition to the village where  
3 he spent his summer vacations; and

4 "WHEREAS, This event was the first  
5 road race in the United States after World War  
6 II, and laid the foundation for one of the  
7 country's premier racing facilities; and

8 "WHEREAS, For five years, the top  
9 names in American sports car racing visited  
10 The Glen, and huge crowds came out to watch them  
11 race; after using a temporary track, a new  
12 2.3-mile permanent circuit was built in 1956; the  
13 following year, The Glen hosted its first

15 Baker over Fireball Roberts; and

16 "WHEREAS, True international  
17 competition began in 1958, with the running of a  
18 Formula Libre race; in 1961, the stars of  
19 Formula One were all present for the Inaugural  
20 Watkins Glen U.S. Grand Prix, which would become  
21 a fall tradition at the circuit through 1980;  
22 Innes Ireland won the inaugural running, with  
23 great drivers such as Clark, Hill, Stewart,  
24 Lauda, Fittipaldi and Hunt among the winners of  
25 later Grand Prix; and

1                   "WHEREAS, In 1986, NASCAR returned  
2 to Watkins Glen International with the NASCAR  
3 Winston Cup series, featuring Tim Richmond's  
4 triumphant return; and

5                   "WHEREAS, This event, now called the  
6 NASCAR Sprint Cup series, has returned to  
7 The Glen on the same weekend for the past  
8 22 years, and has featured some of the biggest  
9 names in auto racing; this annual competition has  
10 grown to become the largest weekend sporting  
11 event in New York State; and

12                  "WHEREAS, In 1997, International  
13 Speedway Corporation became sole owner of the  
14 historic road course, purchasing the remaining

1 new turns have enhanced competition while adding  
2 quality spectator viewing for racing fans; and

3 "WHEREAS, The Glen cemented its  
4 distinction as North America's fastest road  
5 course when Davy Jones won the pole for the Camel  
6 Continental IX with a fast lap of 150.334 MPH on  
7 the reconfigured 2.45-mile short course; and

8 "WHEREAS, Today, this remarkable  
9 institution continues to hold many popular  
10 events, including The Sahlen's Six Hour IMSA  
11 sports car race, the SCCA National Competition,  
12 the Cheez-It 355 at The Glen NASCAR race in  
13 August, Glenora Wine Cellars US Vintage Grand  
14 Prix, and the Ferrari Challenge; and

15 "WHEREAS, More than 150 days of BMW,  
16 Porsche, Ferrari, Audi, Mazda and various other  
17 club event days from all over the Eastern  
18 Seaboard are presented each year; and

19 "WHEREAS, As a world-renowned  
20 premier racing venue, Watkins Glen International  
21 brings over \$200 million in annual economic  
22 activity to the Southern Finger Lakes region,  
23 including the creation of thousands of jobs, from  
24 track operation and maintenance on-site to  
25 lodging, dining, shopping and entertainment

1       spending by its fans; and

2               "WHEREAS, The Glen's contributions  
3       to its community go beyond motorsports; it  
4       proudly hosts the Finger Lakes Beer Festival, as  
5       well as the Finger Lakes Wine Festival, now in  
6       its 18th year, which provides a unique  
7       opportunity for people to enjoy products by  
8       New York wineries from every corner of the State;  
9       and

10              "WHEREAS, Throughout its 65-year  
11       history, Watkins Glen International has embodied  
12       more than giant crowds and great speed; the  
13       racing community continues to return year after  
14       year to witness its historic moments and unique  
15       charms that have made this place one of the  
16       premier motorsports facilities in the world; and

17              "WHEREAS, It is the custom of this  
18       Legislative Body to recognize and take note of  
19       certain celebrated recreational institutions and  
20       to bring such institutions to the attention of  
21       the people of this state that it strives to  
22       serve; now, therefore, be it

23              "RESOLVED, That this Legislative  
24       Body pause in its deliberations to commemorate  
25       the 65th Anniversary of the founding of

1       Watkins Glen International; and be it further

2               "RESOLVED, That a copy of this  
3       resolution, suitably engrossed, be transmitted to  
4       Watkins Glen International."

5               ACTING PRESIDENT CARLUCCI:     Senator  
6       O'Mara.

7               SENATOR O'MARA:     Thank you,  
8       Mr. President.

9               I rise today in support of this  
10      resolution that was just read honoring  
11      Watkins Glen International for its 65th year in  
12      Schuyler County, New York, one of the least  
13      populated counties in New York, about  
14      18,000 people.

15              The racetrack of Watkins Glen  
16      International sits on a hilltop above Watkins  
17      Glen, New York, surrounded by farmland,  
18      overlooking the southern end of Seneca Lake,  
19      beautiful wine country all around. It brings  
20      people in from all over the world.

21              Within a 300-mile radius of Watkins  
22      Glen, less than about a five-hour drive,  
23      25 percent of the U.S. population resides. In  
24      addition, we have markets in Canada that this  
25      racetrack reaches out to and brings people in.

1                   The economic engine that this track  
2     has delivered over 65 years in Watkins Glen has  
3     just truly been amazing. I've been going there  
4     my entire life, as a boy with my father, and  
5     meeting such great drivers as Jackie Stewart and  
6     Mario Andretti and, in more recent years,  
7     Dale Earnhardt, Jr., and Danny Kilpatrick, all  
8     the great names coming to Watkins Glen.

9                   And it's not just the NASCAR Sprint  
10    Cup race, the Cheez-It 355, but the Sahlen's  
11    Six-Hour race at the Glen, the nationwide series  
12    Zippo 200, and about 150 other days of racing for  
13    a variety of sport scar clubs from up and down  
14    the Eastern Seaboard of the United States. All  
15    these teams, these drivers, the crews come in,  
16    they stay in the area's lodging, hotels, eat in  
17    the restaurants. It's an amazing economic engine  
18    that we have.

19                  So we're very proud to honor that  
20    great tradition here today. And I want to  
21    introduce, in the gallery with us today,  
22    Michael Printup, the president of Watkins Glen  
23    International; Jon Beckman, the vice president of  
24    Watkins Glen International; and Andrew Smith, the  
25    director of marketing and promotions. They are

1 here with us today and will be helping us  
2 celebrate the heritage of Watkins Glen throughout  
3 this entire year.

4 We're looking forward to a very  
5 exciting racing season coming up. The track at  
6 Watkins Glen International, which is owned by  
7 International Speedway Corporations -- which  
8 includes many tracks around the country,  
9 including Daytona that we're most familiar  
10 with -- they continue to do impressive capital  
11 improvements to the track's facilities, to the  
12 track itself, year in and year out, to keep it  
13 the premier road-racing course in the United  
14 States and one of the top premier in all of the  
15 world.

16 To keep it to those standards is not  
17 an easy task. To keep it up to snuff for the  
18 drivers and teams to want to come there and race  
19 is a constant job that these gentleman work at  
20 day in and day out.

21 I thank you for your service to our  
22 community, for the great economic engine that you  
23 are in the Finger Lakes region. Thank you for  
24 being here today.

25 ACTING PRESIDENT CARLUCCI: Thank

1       you, Senator O'Mara.

2                       Senator Little.

3                       SENATOR LITTLE:     Thank you,  
4       Mr. President.

5                       As chairman of Tourism, I'd just  
6       like to add my congratulations on 65 years of  
7       Watkins Glen. That's many, many years of racing,  
8       many years of people attending the races, having  
9       a great time, having the pleasure of watching the  
10      races and being there, many years of good dollars  
11      being spent in the area. And that's so important  
12      to all of us.

13                      But we in New York State are proud  
14      to be hosts to Watkins Glen. So thank you for  
15      all you've done for it.

16                      Thank you.

17                      ACTING PRESIDENT CARLUCCI:     Thank  
18      you, Senator Little.

19                      Senator Marchione.

20                      SENATOR MARCHIONE:     Thank you. I  
21      also rise to speak on the resolution.

22                      I come from a NASCAR family, and I  
23      lived the circuit my entire life, starting at  
24      3 years old, with a father who was a stock car  
25      racer and did the NASCAR circuit his entire life.

1                   And I just want to thank you, not  
2                   from the economic standpoint, but from the  
3                   families of people who go to the races, who make  
4                   it their Friday, Saturday and Sunday events.  
5                   Because I tell you how good it is for families as  
6                   they bond together. Where maybe other kids in  
7                   their teenage years are out doing their own  
8                   thing, race car families who enjoy the sport stay  
9                   together and enjoy their Fridays, Saturdays and  
10                  Sundays as a unit.

11                  And it's because of the efforts and  
12                  the economic engine that you have placed in the  
13                  other race car events. And I have one in my own  
14                  district, Lebanon Valley. And I just want to  
15                  thank you on behalf of a race car family for what  
16                  you have done in cementing our relationships as  
17                  families.

18                  ACTING PRESIDENT CARLUCCI:    Thank  
19                  you, Senator Marchione.

20                  Senator Libous.

21                  SENATOR LIBOUS:    Thank you,  
22                  Mr. President.

23                  I want to stand and join my  
24                  colleagues, particularly Senator O'Mara, who put  
25                  this resolution on the floor.

1                   Watkins Glen is a great place. And  
2 I don't know if any of my colleagues have ever  
3 been there, but it's exciting. You should take  
4 it in. You should go to a race. You should  
5 listen to the roar of the motors and smell the  
6 tires. And it really is exciting.

7                   I mean, maybe there's something  
8 wrong with those of us who love it, but I've got  
9 to tell you why we're all so very special. You  
10 know, I've been to Phoenix, I've been to Dover,  
11 I've been to a number of tracks. And you know,  
12 they're oval tracks. We have a beautiful raceway  
13 at Watkins Glen. It is a challenge to drivers.  
14 It's not just drivers going in a circle and on a  
15 bank.

16                  I mean, it is a beautiful, beautiful  
17 track. It is a challenge to the pros that are in  
18 NASCAR. And we have it right here in New York.

19                  So if you can't make the big race in  
20 August, there are other races that go on. And I  
21 would ask you to call up Senator O'Mara, I'm sure  
22 he'll get you there, he'll give you directions.  
23 You'll have to pay for your tickets, because  
24 that's very important.

25                  But when you go there, if you've

1 never been, I guarantee you, even if you walk  
2 away and say, "Well, I'm not sure," there's  
3 something about when they say "Start your  
4 engines" and you hear those engines rev and you  
5 smell those tires turn. It is one of the most  
6 exciting sporting events that you'll ever go to.

7 So I'm very proud that you are here  
8 today, gentlemen. I'm excited that this  
9 resolution is before us. And I wish you many,  
10 many years of success at Watkins Glen.

11 Thank you.

12 ACTING PRESIDENT CARLUCCI: Thank  
13 you, Senator Libous.

14 The resolution has been previously  
15 adopted.

16 Senator Libous.

17 SENATOR LIBOUS: Thank you,  
18 Mr. President.

19 Senator Larkin has Resolution  
20 Number 4060 at the desk. Could we have the title  
21 read, and I believe the colonel would like to be  
22 called on.

23 ACTING PRESIDENT CARLUCCI: The  
24 Secretary will read.

25 THE SECRETARY: Legislative

1 Resolution Number 4060, by Senator Larkin, paying  
2 tribute to the memory of Master Sergeant Juan E.  
3 Negron, United States Army, upon the occasion of  
4 his posthumous designation as recipient of the  
5 Medal of Honor.

6 ACTING PRESIDENT CARLUCCI: Senator  
7 Larkin.

8 SENATOR LARKIN: Thank you,  
9 Mr. President.

10 You know, it's not every day that an  
11 individual receives the Congressional Medal of  
12 Honor. But Master Sergeant Negron was cited for  
13 action taken on the 26th of April, 1951. Do you  
14 realize how long this has been?

15 He first was recommended for the  
16 Distinguished Service Cross, which he received.  
17 And five years ago, people starting looking  
18 around and saying "Why didn't he get it?"

19 This sergeant, when he was found on  
20 April 27th, he was unconscious, and there were  
21 35 Chinese laid out around him. He killed them,  
22 some of them with a bayonet.

23 You know, I look around here and I  
24 don't see anybody who remembers April of 1951.  
25 Not you. But I did. I remember the battles that

1 were going on in that time because we were trying  
2 to push out of the Pusan. We were trying to get  
3 ready for the invasion of Seoul. The Marines  
4 were going on the east coast. There was a lot of  
5 casualties. And a lot of people got awards, and  
6 a lot didn't.

7 But, you know, today here we have a  
8 New Yorker, came from Puerto Rico, settled in the  
9 Bronx. His daughter is in the White House today  
10 with others receiving the Congressional Medal of  
11 Honor.

12 For those interested, there will be  
13 a reception Friday night in Senator Carlucci's  
14 district in Nanuet, and then on Saturday there  
15 will be a public invitation with the medal, with  
16 his daughter and others, including the commanding  
17 general of the National Guard of Puerto Rico.

18 But, you know, just think for a  
19 minute. The man died in 1996. His memories were  
20 of what happened. His unit was almost wiped out.  
21 But it took us, America, till 2014 to recognize  
22 his bravery.

23 The Buccaneers was the last Army  
24 unit to use bayonets. I mean, you look in the  
25 movies and you'll see these old-time movies with

1 bayonets and that. But this was real. This was  
2 this country's battle. And it took us that long  
3 to recognize an individual.

4 The Army thought he was deserving of  
5 it. The commands of the Third Infantry Division  
6 surely said it, because they recommended him.  
7 But time passed, and he's passed away. But at  
8 least his daughter is alive, and she's in the  
9 White House today receiving that award.

10 And you know, I'm a little  
11 disappointed there aren't more in this chamber,  
12 because this man gave everything he had. Had it  
13 not been for him, most of his battalion, when you  
14 read the fight that went on, his battalion would  
15 have been wiped out. But he laid there shooting  
16 and throwing grenades. And at the last minute,  
17 he was out of grenades and he took his bayonet  
18 and he ended the life of some of his enemies.

19 This man did a lot for our country.  
20 The least we can do is say thank you, thank you,  
21 thank you.

22 Thank you, Mr. President.

23 ACTING PRESIDENT CARLUCCI: Thank  
24 you, Senator Larkin.

25 The question is on the resolution.

1 All in favor signify by saying aye.

2 (Response of "Aye.")

3 ACTING PRESIDENT CARLUCCI:

4 Opposed, nay.

5 (No response.)

6 ACTING PRESIDENT CARLUCCI: The  
7 resolution is adopted.

8 SENATOR LIBOUS: Mr. President,  
9 Senator Larkin did tell he'd like to open up the  
10 resolution. And all members will be put on it.

11 If for some reason you choose not to  
12 be put on it, you should address the desk.

13 Thank you.

14 ACTING PRESIDENT CARLUCCI: The  
15 resolution is open for cosponsorship. If you do  
16 now wish to be a cosponsor, please notify the  
17 desk.

18 Senator Libous.

19 SENATOR LIBOUS: Thank you,  
20 Mr. President.

21 I believe there's a previously  
22 adopted resolution by Senator Montgomery,  
23 Number 3332. I believe it is at the desk. Could  
24 you please read the title, and Senator Montgomery  
25 would wish to speak on the resolution.

1                   ACTING PRESIDENT CARLUCCI:    The  
2   Secretary will read.

3                   THE SECRETARY:    Legislative  
4   Resolution Number 3332, by Senator Montgomery,  
5   commending Dr. Esmeralda Simmons upon the  
6   occasion of being honored in conjunction with  
7   Women's History Month 2014 in the State of  
8   New York.

9                   ACTING PRESIDENT CARLUCCI:    Senator  
10   Montgomery.

11                  SENATOR MONTGOMERY:    Yes, thank  
12   you, Mr. President.  I rise to pay tribute to  
13   another one of those great women in New York  
14   State during this month as we celebrate women.

15                  Today I celebrate Dr. Esmeralda  
16   Simmons, Esquire, who is the founder and  
17   executive director of the Center for Law and  
18   Social Justice in Brooklyn, New York.  The center  
19   is a small but very effective community-based  
20   legal advocacy and research institution that is a  
21   unit of Medgar Evers College of City University  
22   of New York.

23                  Prior to founding the center at  
24   Medgar Evers, Esmeralda has already had an  
25   accomplished career as the First Deputy

1 Commissioner for Human Rights for New York State  
2 and as a civil rights attorney for the U.S.  
3 Department of Education, and also as a New York  
4 State Assistant Attorney General and a New York  
5 City Assistant Corporation Counsel. She had also  
6 served as a law clerk to a federal judge.

7 In addition, she has served on  
8 several major public boards in New York City  
9 government, including the New York City Board of  
10 Education and the New York City Districting  
11 Commission. An activist and a leader, she has  
12 been involved in the community empowerment  
13 movement in central Brooklyn and in progressive  
14 political causes for over 35 years.

15 Dr. Esmeralda is an attorney who  
16 specializes in racial justice issues such as  
17 quality public education for students of color,  
18 voting rights, and cultural rights. She chooses  
19 to work locally with community organizations  
20 using advocacy community education, coalition  
21 building and organizing methods, as well as civil  
22 rights and human rights legal tools.

23 Dr. Esmeralda Simmons is a deeply  
24 spiritual woman who is grounded in African  
25 culture, who finds constant inspiration in the

1 vision of her ancestors, her belief in piece and  
2 her respect for life and cultural diversity.

3 Today it is my pleasure and my honor  
4 to recognize Dr. Esmeralda Simmons for the many  
5 years of her contribution to her community,  
6 including to people who I serve in the Borough of  
7 Brooklyn. So I am happy that we are able to  
8 pause today to celebrate the contribution of this  
9 great New York State woman.

10 Thank you, Mr. President.

11 ACTING PRESIDENT CARLUCCI: Thank  
12 you, Senator Montgomery.

13 Are there other members wishing to  
14 be heard on the resolution?

15 Senator Parker.

16 SENATOR PARKER: Thank you,  
17 Mr. Chair.

18 Let me first begin by thanking  
19 Senator Montgomery for her leadership in making  
20 sure that every week that we take some time  
21 during Women's History Month to actually honor  
22 women of the great State of New York, and  
23 particularly from the People's Republic of  
24 Brooklyn.

25 And particularly today, as we pause

1 in our deliberations to honor the work of  
2 Esmeralda Simmons, I absolutely had to rise to  
3 add my voice.

4 This is someone who has been a real  
5 champion for the people of the State of New York  
6 and particularly of Brooklyn. A lot of the work  
7 that she has done -- and you've heard how  
8 extensive her resume is. I think that what you  
9 don't get is her sense of caring about people,  
10 about the dedication, the level of sacrifice that  
11 she has made in her personal life to make sure  
12 that she's helped create a world which we're  
13 happy to call our own and raise our children in.

14 Her dedication in particular, her  
15 work around civil rights has been, you know,  
16 nothing less than astonishing. She is someone  
17 who always is on the right side, as an attorney  
18 always ready to offer her legal skills and  
19 expertise.

20 And in particular, she has been  
21 really, really involved around the issues around  
22 redistricting and making sure that fair  
23 redistricting happens in the state and, again,  
24 particularly for the districts in Brooklyn.

25 And so we want to thank her -- at

1     least I want to thank her, on behalf of the  
2     constituents of the 21st Senatorial District, for  
3     all her work, and encourage her to continue the  
4     work that she's been doing, because she's really,  
5     really, greatly needed for all of us.

6                     Thank you.

7                     ACTING PRESIDENT CARLUCCI:     Thank  
8     you, Senator Parker.

9                     Senator Espaillat.

10                    SENATOR ESPAILLAT:     Thank you,  
11     Mr. President.

12                    I rise also to speak in support of  
13     this resolution and to say that I met Esmeralda  
14     Simmons back in the early '90s when the Board of  
15     Estimates was done away with in the City of  
16     New York and the City Council expanded to the  
17     number of seats that they have today in the City  
18     of New York.

19                    She was entrusted, along with the  
20     late Frank Macchiarola, to head a nonpartisan  
21     independent redistricting commission that led to  
22     the creation of 52, I believe it was, new seats.  
23     And with that expansion of the City Council, we  
24     got the first LGBT member of the City Council  
25     from that community. We had the first

1 Asian-American elected to the City Council. We  
2 had the first West Indian member, Jamaican  
3 member, for the City Council, the first  
4 Dominican-American elected to the City Council.

5 So the work, the groundbreaking work  
6 that she did as a member of the -- get this,  
7 fellow Senators -- independent redistricting  
8 commission led to the -- I know that we're going  
9 back a few years and our memories may betray us,  
10 but the work that she did made the City Council a  
11 more representative body of the City of New York.  
12 It left no one out, and I mean no one out.

13 And she's a tremendous advocate for  
14 not only Brooklyn, we share -- the whole city  
15 shares her. And I'm happy to be affiliated with  
16 this resolution, Mr. President.

17 Thank you.

18 ACTING PRESIDENT CARLUCCI: Thank  
19 you, Senator Espaillat.

20 Senator Hassell-Thompson.

21 SENATOR HASSELL-THOMPSON: Thank  
22 you, Mr. President.

23 I rise to commend Senator Montgomery  
24 for the continuing work that she does to  
25 recognize Women of Distinction. And they're not

1 necessarily the women that will ever be made  
2 famous within the history books, but who do so  
3 much for the State of New York. And  
4 Dr. Esmeralda is certainly one of those people.

5           As I listened to Senator Espaillat  
6 talk about her work, I wanted to just stand and  
7 say that I have too have been a tremendous  
8 beneficiary of her work around redistricting.  
9 She came to Westchester County and helped us to  
10 really understand the relationship between the  
11 census and how to really do that census in a  
12 proper fashion to allow us to get the best  
13 benefit out of redistricting that's possible.

14           And she did not just confine herself  
15 to Brooklyn, but anywhere that people asked her  
16 to come to educate them about the process, she  
17 was more than willing to come. And in most cases  
18 she came with no remuneration whatsoever.

19           So when we were putting together  
20 ideas in my first term here, we were in the  
21 middle of our first redistricting for our seats.  
22 And she was one of the best people that helped us  
23 to understand what this process meant from a  
24 legislative perspective. And while we still  
25 struggle to make sure that the redistricting

1 happens in a way that is as least partisan as  
2 possible, we have the benefit of her education,  
3 her knowledge, and her commitment to do the right  
4 thing even if we don't choose to.

5 So I commend you, Senator  
6 Montgomery, and I commend Dr. Esmeralda Simmons  
7 for the continued work around social justice  
8 issues that she does for the people of the State  
9 of New York.

10 I thank you, Mr. President.

11 ACTING PRESIDENT CARLUCCI: Thank  
12 you, Senator Hassell-Thompson.

13 Senator Smith.

14 SENATOR SMITH: Thank you very  
15 much, Mr. President.

16 And I rise also to congratulate my  
17 colleague Senator Velmanette Montgomery for  
18 honoring and bringing forth the name of  
19 Dr. Esmeralda Simmons.

20 I rise because I want you to get a  
21 full appreciation for the depth of what  
22 Dr. Simmons has done, not just in Brooklyn, not  
23 just in Manhattan, not just in Mount Vernon, but  
24 also in Queens as well.

25 The seat that I represent today was

1 drawn many years ago because of Dr. Esmeralda  
2 Simmons, where Senator Andrew Jenkins was in that  
3 seat. Senator Alton Waldon, who was the first  
4 African-American elected to Congress, and then  
5 Congressman Floyd Flake, which was the seat in  
6 which my colleague Senator Addabbo's father  
7 actually sat in, she was part of that redrawing  
8 as well.

9               So you really don't get a full  
10 understanding of the impact that this young lady  
11 has had on not only New York State politics, but  
12 across the country. And there are so many  
13 people, especially this young lady, who has had  
14 an impact on politics in this state that you  
15 would never know. You have never heard her name,  
16 you wouldn't have known who she was. She's a  
17 very short young lady, unassuming.

18              But yet and still, when she would  
19 walk in a room, for those of us who knew her, we  
20 would genuflect, because we recognized the power  
21 of her intellect, the power of her pen. When she  
22 stood on the floor of any courtroom, we knew when  
23 she set forth an argument, it would be one that  
24 would change the course of history.

25              So, Senator Velmanette Montgomery,

1 let me thank you with a sincere heart, because  
2 what you have done today and the name that you  
3 brought forward allows us to remember. Because,  
4 you know, as colleagues sometimes we can forget,  
5 we can get wrapped up in our moments and kind of  
6 forget how we got here and why we're here. But I  
7 will tell you, when you bring forth names like  
8 Dr. Esmeralda Simmons, it allows us to humble  
9 ourself but reminds us that we are here for a  
10 cause, and a cause that somebody else put their  
11 life on the line to make sure that it happens.

12 So I thank you, and God bless you  
13 for it.

14 Thank you, Mr. President, for the  
15 opportunity.

16 ACTING PRESIDENT CARLUCCI: Thank  
17 you, Senator Smith.

18 Are there any other members wishing  
19 to be heard on the resolution?

20 This resolution was previously  
21 adopted on February 4th.

22 Senator Libous.

23 SENATOR LIBOUS: Could we return to  
24 motions. And I believe Senator Savino has a  
25 motion.

1                   ACTING PRESIDENT CARLUCCI:    Senator  
2   Savino for a motion.

3                   SENATOR SAVINO:    Mr. President, on  
4   behalf of Senator Avella, on page 24 I offer the  
5   following amendments to Calendar Number 278,

17   ordered.

18                  Senator Libous.

19                  SENATOR LIBOUS:    Thank you, sir.

20                  On behalf of Senator Hannon, on  
21   page 10 I offer the following amendments to
