Klein. 1 2 SENATOR KLEIN: Thank you, 3 Madam President. 4 This is truly a very important day. 5 And I'm looking forward to -- I know the ceremony is taking place a little later. 6 7 But I don't think there's any secret 8 that New York State has been home to women of great distinction for centuries. Susan B. 9 10 Anthony was a teacher in Hardscrabble. The great Eleanor Roosevelt was born in Midtown Manhattan. 11 12 Lucille Ball called Chautauqua County home. And Harriet Tubman started a revolution from her 13 14 living room in Auburn. 15 These women were trailblazers, pioneers, and most of all beacons of light in the 16 lives of millions of Americans. Today the 17 18 tradition continues with New York women in 19 academics, business, science and medicine, public 20 life and the arts, leading the way with their grace, intelligence and resolve to improve the 21 22 lives of others. And so it is our great privilege to 23 take time for this important annual event when we 24 25 honor those who give so much with the Women of

Distinction Awards. The Women of Distinction

Awards acknowledge the professional and personal

achievements of notable women across the State of

New York.

This evening we will personally acknowledge and celebrate each of our individual nominees at a reception in their honor. The contributions and commitment of these extraordinary women not only stand as a tribute to those who have paved the way before them, but is a source of inspiration for the young women of the next generation. They encourage us by their example, and we are fortunate that they have shared their tremendous talent and we are grateful for their continued service to our great state.

Thank you, Madam President.

18 ACTING PRESIDENT SAVINO: Senator

19 | Stewart-Cousins.

20 SENATOR STEWART-COUSINS: Thank
21 you, Madam President.

It's certainly an honor to join with my colleagues Senator Skelos and Senator Klein in recognizing these great women who will be honored tonight.

Today is one of those days that we get to celebrate women -- women from the past, women of the present who inspire the women of the future.

And I know Senator Klein was
mentioning women who have come before us, and I
have a few too. Sojourner Truth. And Eleanor
Roosevelt was mentioned, and Susan B. Anthony.
Shirley Chisholm, Geraldine Ferraro. Ella
Fitzgerald, who was a Yonkers girl like I am.
Justice Sonia Sotomayor. And so many others who
have inspired us and have really blazed a trail.
I'll even mention Hillary Rodham Clinton while
I'm talking about trailblazing women.

So tonight we'll be honoring women from all walks of life. And you've made contributions which we will get a chance to celebrate and to tell everyone about. And so to all of my honorees, congratulations. Thank you for being part of this great legacy of New York's women.

And certainly to all of my colleagues I say, as we always say, let's work together to make sure that we protect, respect, uplift, honor and applaud these women and the

```
next inspirational generation of New York's
 1
 2
     trailblazers every day that we work in this
 3
     chamber.
 4
                  Thank you so much.
 5
                  ACTING PRESIDENT SAVINO:
                                              Senator
     Little.
 6
 7
                  SENATOR LITTLE:
                                     Thank you,
 8
     Madam President.
 9
                  I'm really pleased to stand here as
10
     we talk about tonight's event, because tonight we
     are continuing a tradition that this Senate
11
     started in 1988, a New York State Women of
12
     Distinction program. And we did that following
13
     Women's History Week, when we talk about the
14
15
     women throughout history who have contributed so
16
     much to our state.
                  So it's fitting that we here today
17
18
     acknowledge the women in our districts who
19
     continue to make a difference through their
20
     professional and personal achievements. And
21
     those achievements certainly merit special
22
     recognition, which we will give them tonight.
23
                  Women throughout history and even
     today continue to have a crucial role. Their
24
25
     strength, their understanding, and their
```

inspiration I believe are what gets them into the positions that we are honoring them for.

Many of the women that we are going to talk about tonight had their beginnings in a committee, on a school board, as part of a volunteer organization and saw that they could contribute more and more as they went forward.

They were willing to step forward, to participate more, and to contribute to these organizations, to their community, and to New York State.

We have a wide group of women with all diverse backgrounds and different organizations and different ways that they have contributed to our state. But not only are we celebrating them for what they are doing and have done, but we're honoring them because they will serve as role models for the young women of New York State, so that they will look to these women and understand that they too can step forward, they too can participate, they too can contribute to the quality of life that we have in New York State.

So tonight we'll all join together and honor a very, very special group of women.

Thank you.

1
                  ACTING PRESIDENT SAVINO:
                                              Senator
 2
     Smith.
 3
                  SENATOR SMITH:
                                   Thank you very
 4
     much, Madam President.
 5
                  And I rise also to acknowledge the
     Women of Distinction this month. In particular,
 6
 7
     I know that there are many women who are being
     honored that are here in Albany, and obviously
 8
     there are many women in this chamber that would
 9
10
     be so deserving of that honor as well.
                  However, I do want to rise just to
11
     lift a little information about one of the
12
     honorees, one from my district by the name of
13
     Adjoa Gzifa. And the reason why I rise for that
14
15
     today is because you know much has been made
     about "Bring Our Girls Home" from Nigeria, the
16
     276 women and young ladies who have been
17
18
     abducted.
19
                  Adjoa goes to Ghana once a year,
20
     which is about four hours from Nigeria, where she
     has opened up a school for Ghanaian individuals.
21
     She started out in 2005 and is now up to
22
     550 students, where she and the young lady who is
23
     here today will be honored.
24
25
                  And the tragedy of what is going on
```

```
in Nigeria, I felt it was just fitting that
 1
 2
     Adjoa, who is also obviously taking her life at
     risk going over to Africa in that region and
 3
     starting that school, should be lifted up on this
 4
 5
     day. And I thank all of members who will be
     honoring them, and I thank Adjoa for what she has
 6
 7
     done for these 500 youngsters over in Africa.
 8
                  God bless you.
 9
                  ACTING PRESIDENT SAVINO:
                                              Thank
10
     you, Senator Smith.
                  Are there any other members wishing
11
     to be heard on the resolution?
12
13
                  Seeing none, the question is on the
14
     resolution.
                  All in favor signify by saying aye.
15
                  (Response of "Aye.")
                  ACTING PRESIDENT SAVINO:
16
                                              Opposed,
17
     nay.
18
                  (No response.)
                  ACTING PRESIDENT SAVINO:
19
                                              The
20
     resolution is adopted.
21
                  Senator Libous.
                  SENATOR LIBOUS:
22
                                     Thank you,
     Madam President.
23
                  And let's see here. We will now go
24
25
     to Senator Carlucci, Resolution Number 4494,
```

```
previously adopted. And if we could have the
 1
 2
     title read, and I believe Senator Carlucci would
     like to speak on the resolution.
 3
 4
                  ACTING PRESIDENT SAVINO:
                                              The
 5
     Secretary will read.
                  THE SECRETARY: Legislative
 6
 7
     Resolution Number 4494, by Senator Carlucci,
 8
     congratulating Josephine Pucci of Pearl River,
     New York, upon the occasion of capturing a Silver
 9
10
     Medal as part of the United States Hockey Team at
11
     the 2014 Winter Olympic games at Sochi, Russia.
12
                  ACTING PRESIDENT SAVINO:
                                              Senator
     Carlucci.
13
14
                  SENATOR CARLUCCI:
                                       Thank you,
15
     Madam President.
16
                  It's an absolute honor and a
     privilege to welcome Josephine Pucci and her
17
18
     mother Ursula here to the Senate chambers.
19
                  Josephine was part of the team that
20
     captured the Silver Medal at the Sochi Winter
21
     Olympics 2014 as part of the Women's U.S. Hockey
22
     Team.
23
                  And what's really exciting about
24
     that is Josephine grew up in Pearl River,
25
     New York, in Rockland County, and always had a
```

passion for ice skating. And when she was five years old, her father gave her a gift of a hockey stick and a helmet, and it really ignited her passion towards playing hockey.

But obviously it was hard to find a women's hockey team at a young age in Rockland County. But she wound up teaming up with a boys hockey team and traveling around and really honing her skills, and then going to Harvard University, where this year she'll be going back to Harvard as the team captain for the women's hockey team at Harvard.

So it's really exciting and a real distinction and honor, what she's achieved at such a young age. But it really goes further than that, because Josephine had experienced TBI, or traumatic brain injury, as a result of playing hockey.

And what's really remarkable about Josephine is that she turned that struggle into a real positive. And because of her experience in the Olympics, she's really been able to use that as a spotlight to focus on the results of what's happening to young people in our athletic systems around the country in regards to TBI, or

```
1
     traumatic brain injury.
 2
                  So Josephine now is focusing her
 3
     studies at Harvard University on how she can help
 4
     impact --
 5
                  ACTING PRESIDENT SAVINO:
                                              Excuse
     me, Senator Carlucci.
 6
 7
                  Could we have some quiet in the
 8
     chamber, please.
 9
                  SENATOR CARLUCCI:
                                       Thank you,
10
     Madam President.
                  And Josephine is focusing her
11
12
     studies at Harvard University now on how she can
     really advocate for change in making sure that
13
     student athletes have the protection, have the
14
15
     precautions in preventing traumatic brain injury
16
     and also, for those that do experience it, how we
     can improve the quality of their lives.
17
18
                  So it's a great honor and privilege
     to have with us Josephine Pucci. And we thank
19
20
     you for your dedication to our community and for
21
     your commitment and advocacy for the future.
                  So thank you, Josephine.
22
                  (Standing ovation.)
23
                  ACTING PRESIDENT SAVINO:
24
                                              Thank
25
     you.
```

```
1
                  And welcome to Josephine and her
 2
     mother, who are here in the chamber with us
 3
     today.
 4
                  Are there any other members wishing
     to be heard on the resolution?

                  THE SECRETARY: Legislative
11
     Resolution Number 5012, by Senator Kennedy,
12
     commending the Homeless Alliance of Western
13
     New York upon the occasion of its Hands Across
14
15
     Buffalo event, to be held on May 17, 2014.

18
                  SENATOR KENNEDY:
                                     Thank you,
     Madam President.
19
20
                  I rise today to celebrate the
21
     22nd anniversary of the Homeless Alliance of
22
     Western New York. The Homeless Alliance has been
     able to secure substantial funds from the
23
     United States Department of Housing and Urban
24
25
     Development over the last five years, and they
```

direct these funds to area providers that have served over 25,000 clients.

Dedicated to eradicating poverty,
the Homeless Alliance has developed Opening
Doors: Buffalo and Erie County Plan to End
Homelessness, and they're working closely with
local government and nonprofit partners to make
this vision a reality.

This is an alliance of over a hundred partners, ranging from service providers, government agencies and the private sector, all dedicated to helping their neighbors who are experiencing extreme poverty and homelessness.

The alliance provides over 1100 permanent supportive housing beds, 500 transitional housing beds, and over 500 emergency shelter beds in Erie and Niagara Counties.

The Homeless Alliance is also a proud sponsor and organizer of the Hands Across Buffalo, an event dedicated to promoting unity and building a community committed to a better understanding of race and poverty.

On May 17th, they'll rally about 7,000 people to join hands across the length of Ferry Street from Niagara River to Bailey Avenue

in the City of Buffalo. This location is significant in that it crosses several racially and economically diverse neighborhoods, including communities that were once key stops on the Underground Railroad.

It will prove to be a tremendous real-life metaphor, the City of Good Neighbors standing together hand in hand, united in our dedication to building a city that offers all residents a fair shot and equal opportunity for a brighter future. A city where the progress and positive momentum spreads from downtown into all of our neighborhoods, a city where working families thrive and resurgent neighborhoods prosper, a city committed to the vision advanced by Homeless Alliance of Western New York, ending poverty and eliminating homelessness.

We wish the Homeless Alliance tremendous success for this historic event, and we're proud to commend the Homeless Alliance as the leading advocate for those experiencing homelessness in Erie and Niagara Counties, and for all that they do to improve the quality of life in our communities and across the great State of New York.

                                               Thank
14
     you, Madam President.
15
                  I rise to honor Lavinia Smith upon
     the occasion of being elected, as you've heard,
16
     the Westchester County 2014 Senior Citizen of the
17
18
     Year by the New York State Office for the Aging.
19
                  Lavinia Smith is someone that many
20
     of you who have been here for a while may
21
     recognize. She's about 4 feet tall. This year
     she's 91 years old. And for 12 of the 14 years
22
     that I've been here in the Senate, she has come
23
     with fourth- and fifth-graders from our school
24
25
     district as a part of an intergenerational
```

program that she created for seniors between the ages of 62 and 92.

And she's about to age out of her own program and her own design, but she has not aged out of the commitment that she has to the young people in our city.

Senior citizens bring a wealth of experience and knowledge to the increasingly active roles that they play in today's society. And to know that a 91-year-old who may not be able to walk the long corridors -- because now we have these policies that don't allow the buses to stop on State Street, and she has to walk all the way from Madison, and that whole corridor is just a little bit too far for her to walk. But she is extraordinary in being there at the buses when they leave Mount Vernon, cheering the young people on.

But she has created an intergenerational program where parents and grandparents work with the school districts to assist children, and not just in their educational endeavors, but also in deportment. She is very interested in how they behave and how they comport themselves when they're in public.

And so she has been quite an instrument of change for many of our young people. And for the last 26 years, she has dedicated her life to improving the lives of children in her community.

I first officially met Lavinia Smith when I was in my first year in the city council in the City of Mount Vernon, and she invited me to her first intergenerational program and asked me to speak to the young people. And from there, she introduced me to the school districts.

And we do a social studies program each year, and we do a voting. We create booths so that the students can vote, have an awareness of who the candidates are and vote, whether they're blue or red. They carry out their civic responsibility, and it teaches them the importance of voting and understanding the issues.

She's an extraordinary human being.

And even though her voice is a little softer, it is not less commanding when she talks to the children. And most of them in the fifth grade are taller than she, but she still commands their respect. And they call her Miss Lavinia.

She grew up in Harlem, and I thought

```
that Senator Perkins would have been glad to meet
 1
 2
     her today, because she was actually born in
     Harlem and she came to live in Mount Vernon in
 3
 4
            But from that day to this, she continues
 5
     to be a stalwart, committed person to the young
     people and to the future of our generations.
 6
 7
                  So I thank you, Madam President, for
 8
     sharing with this audience the life of Lavinia
 9
             And I thank this body for supporting this
     Smith.
10
     resolution as she becomes 2014's Senior of the
     Year.

1 Gipson on the resolution. 2 SENATOR GIPSON: Thank you, 3 Madam President. 4 Leonard Peluso spent 42 years in 5 dedicated service to the Hudson River State Hospital in Poughkeepsie as a registered nurse. 6 7 He married and raised a family in Dutchess County 8 and was an esteemed member of our community. 9 But prior to this, Leonard Peluso 10 served honorably as a member of the United States Army as part of the 32nd Medical Battalion and 11 12 the 231st General Hospital Unit during World War II in both the European and Pacific Theaters 13 14 from February 1942 to January 1946, achieving the 15 rank of first sergeant. He was awarded the American Service Medal, the Asiatic Pacific 16 Service Medal, the European-African-Middle 17 18 Eastern Medal, the Good Conduct Medal, and the 19 Philippines Liberation Ribbon. 20 However -- and this is important --21 because he was a male nurse, military regulations 22 at the time prevented him from becoming a commissioned officer, despite his qualifications 23 and the rank of first sergeant and the fact that 24

his female comrades were commissioned. At the

25

time, the War Department stated that there was no possibility of considering the relative rank of commissioned officers for male nurses.

Leonard Peluso never let this
prevent him from becoming and continuing to serve
his military and his country honorably. He was a
trailblazer for men in the nursing profession and
always remained dedicated to his family, patients
and community. It would not be until after
World War II, in 1955, that the Army Nurse Corps
commissioned its first male officer.

Leonard passed away in 2005, before being able to receive the recognition he deserved. But today we are honor to have in our chambers three generations of Leonard's family. We have Leonard R. Peluso and his wife, Beatrice; we have his daughter Theresa Rosencrans; we have his Granddaughter Tina Denu and his great-grandchildren Granville and Danielle Denu.

Madam President, I would ask that you and my colleagues join me in a round of applause recognizing the life of Leonard Peluso and his service to his grateful, nation, state and community.

Thank you.

Madam President.

I would like to first of all welcome my friend and a leader within the Western

New York community, Tom McDonnell, to the floor of the Senate here today as we dedicate this resolution to him and the Enlightenment Literary Arts Center on their 10-year anniversary of service to not just the South Buffalo community where the literary arts center is located, but the greater Western New York community.

Tom is here with us today. We thank him for coming down here. He's a generous man, someone who cares deeply about our community in Western New York. He's a husband and a father. He has dedicated his life to valuing literacy, to teaching the value of literacy and reading to all walks of life, to children as young as two years old.

And we have so much to be proud of because of his work. He has worked with various organizations -- schools, community groups, nonprofits -- in order to advance the cause of reading in our community. And he doesn't just talk the talk, he walks the walk. He lives literacy. When you walk into his workplace and

you go upstairs and you see 20 young kids
listening to him, he's sitting there reading to
these kids, dressed up in various costumes, using
various octaves to get the point across that
reading isn't just about the words on a page,
it's about what those words mean.

It's about fun. It's about living those words. It's not just what's taught in the school, it's about what individuals read outside of the school. It's teaching individuals the value of reading in their life.

He has dedicated his life to it, to our community, and it is an impressive resume that he brings to the table, something that is extremely rare indeed that we focus on in our community, and a skill that he has promoted throughout his entire life.

We thank him for his leadership, for Dog Ears Bookstore & Cafe that he transformed an old pizzeria, a dilapidated old building, into a learning center, a reading center, a literary arts center, Dog Ears Bookstore & Cafe.

We thank you, Tom, and your family for the dedication and the focus that you've brought to our community in Western New York.

```
And we look forward to many, many years to come
 1
 2
     in celebrating the art and the value of reading
 3
     in all of our lives.
 4
                  Congratulations.
 5
                  (Applause.)
                  ACTING PRESIDENT SAVINO:
 6
                                              Thank
 7
     you, Senator Kennedy.
 8
                  And welcome to the Senate,
9
     Tom McDonnell, and your family.
10
                  This resolution was previously
     adopted on March 27th.
11
                  Senator Libous.
12
13
                  SENATOR LIBOUS: Madam President,
14
     how are you?
15
                  ACTING PRESIDENT SAVINO:
                                              I am
16
     fine.
17
                  SENATOR LIBOUS: Could we return to
18
     motions and resolutions.
                  ACTING PRESIDENT SAVINO:
19
                                              We can.
20
                  SENATOR LIBOUS: On behalf of
21
     Senator Seward, on page 11 I offer the following
22
     amendments to Calendar Number 123, Senate Print
23
     6408B, and ask that said bill retain its place on
     the Third Reading Calendar.
24
25
                  ACTING PRESIDENT SAVINO:
                                              So

 2
                  SENATOR LIBOUS:
                                    And, Madam
 3
     President, at this time could we return to the
 4
     reports of standing committees.
 5
                  I believe there's a report of the
     Finance Committee at the desk.
 6
 7
                  ACTING PRESIDENT SAVINO:
                                              Senator
 8
     Libous, there is a report of the Finance
 9
     Committee at the desk.
10
                  The Secretary will read.
                  THE SECRETARY:
11
                                    Senator
     DeFrancisco, from the Committee on Finance,
12
     reports the following nomination.
13
                  As member of the New York State
14
15
     Gaming Commission, Peter J. Moschetti, Jr., of
     Saratoga Springs.
16
17
                  ACTING PRESIDENT SAVINO:
                                              Senator
18
     DeFrancisco.
19
                  SENATOR DeFRANCISCO:
                                          Thank you.
20
                  I would move the nomination of Peter
21
     Moschetti for a new appointment as a member of
22
     the New York State Gaming Commission.
23
                  He came before the Senate Finance
     Committee and he was unanimously approved at that
24
25
     meeting, and I would urge everyone to support him
```

in this position. 1 2 Thank you. 3 ACTING PRESIDENT SAVINO: Senator Marchione. 4 5 SENATOR MARCHIONE: Thank you, Madam President. 6 7 I rise to support the nomination before us of Peter Moschetti, Jr., to serve on 8 the New York State Gaming Commission as well. 9 10 Mr. Moschetti resides in Saratoga Springs. He is a constituent of mine. And you 11 12 know, I'm pleased to offer my support and cast my vote in support of his nomination to serve on the 13 14 Gaming Commission. 15 He is highly experienced, qualified and capable. He is a founding member of the law 16 firm of Anderson, Moschetti & Taffany. Over the 17 18 years, he has secured many multi-million-dollar verdicts and settlements in personal injury cases 19 20 and has achieved record-setting verdicts in a number of Capital Region counties, including a 21 verdict of more than \$15.8 million. 22 Mr. Moschetti has served as a 23 24 prosecutor in the Nassau District Attorney's 25 office and since then has focused on the trial of

personal injury and wrongful death cases. He also has been appointed as a special criminal prosecutor in a number of high-profile criminal cases in the Capital District. And he has successfully tried many criminal cases in state and federal court.

Every year since 2007, Mr. Moschetti has been named one of the Top 25 Lawyers in the Hudson Valley by the New York Super Lawyers magazine. He's received the highest possible rating by Martindale-Hubbell for both his impressive legal ability and his high ethical standards.

Since 1987, Mr. Moschetti has been a lecturer, helping lawyers with continuing legal education in the areas of civil and criminal law, and has been a frequent guest lecturer at Albany Law School. He's represented clients and argued appeals in the New York Court of Appeals and in the Second and Third Departments of the Appellate Division of the State of New York and the U.S. Second Circuit Court of Appeals.

He's a member of many bar associations. He's an honor graduate of the University of New Haven, Connecticut, and also a

honors graduate of Albany Law School. 1 2 He was nominated to serve the Gaming Commission by Governor Andrew Cuomo and received 3 4 the unanimous support this morning of the Racing 5 and Wagering Committee. I'm proud to support the nomination 6 7 before us of my constituent, Peter Moschetti of Saratoga Springs, to serve on the New York State 8 Gaming Commission. 9 10 Thank you. ACTING PRESIDENT SAVINO: Thank 11 12 you, Senator Marchione. 13 Senator Farley on the nomination. 14 SENATOR FARLEY: Thank you, 15 Madam President. 16 I also rise to support this 17 nomination. As somebody that represents half of 18 Saratoga County and a very small slice of 19 Saratoga Springs -- which Peter is not a resident 20 of -- he is representing the premier racing 21 capital, I think, of the world: Saratoga. And 22 nobody is better qualified and comes with a 23 better resume than Peter Moschetti. We're fortunate to have somebody 24 25 willing to serve the State of New York with such

```
1
     competence. And particularly it's exciting to
 2
     see somebody from Saratoga on this board because,
     as I said, Saratoga Racetrack is truly one of the
 3
 4
     premier racing venues in the world.
 5
                  And it's with pleasure that I
     support this nomination.
 6
 7
                  ACTING PRESIDENT SAVINO:
                                              Thank
 8
     you, Senator Farley.
 9
                  Are there any other members wishing
10
     to be heard on the nomination?
                  Seeing none, the question is on the
11
12
     nomination of Peter J. Moschetti, Jr., as a
     member of the New York State Gaming Commission.
13
     All those in favor signify by saying aye.
14
15
                  (Response of "Aye.")
16
                  ACTING PRESIDENT SAVINO:
                                             Opposed,
17
     nay.
18
                  (No response.)
                  ACTING PRESIDENT SAVINO:
19
                                              Peter J.
20
     Moschetti, Jr., is hereby confirmed as a member
21
     of the New York State Gaming Commission.
22
                  Congratulations.
23
                  (Applause.)
                  ACTING PRESIDENT SAVINO:
24
                                              The
25
     Secretary will read.

```
1
                  THE SECRETARY: As members of the
 2
     Adirondack Park Agency, Karen M. Feldman, of
 3
     Hudson, and William H. Thomas, of North Creek.
 4
                  ACTING PRESIDENT SAVINO:
                                              Senator
 5
     DeFrancisco.
                  SENATOR DeFRANCISCO:
 6
                                         I move each
 7
     of these nominations. They passed unanimously in
 8
     the Finance Committee.
 9
                  ACTING PRESIDENT SAVINO:
                                             Senator
10
     Little on the nominations.
                                    Thank you,
11
                  SENATOR LITTLE:
     Madam President.
12
13
                  I would like to thank the Governor
14
     for the reappointment of these two individuals to
15
     the Adirondack Park Agency.
16
                  Mr. Thomas is a resident of
     Johnsburg -- lifelong resident -- within the
17
18
     Adirondack Park, and holds one of the five
19
     residential seats on the Park Agency. He has
20
     been supervisor of the town, chairman of the
21
     Board of Supervisors of Warren County, and a
     volunteer in the community, and does a great job
22
     knowing what the communities within the
23
     Adirondack Park need.
24
25
                  Karen Feldman is one of the
```

nonresidents of the park but certainly is a 1 2 person that spends time within the Adirondack 3 Park, owns property within the park, and brings 4 so much to the table. She is an attorney, and 5 she really understands the need for the balance between the environment and economic development 6 7 and the economics, the economy of those who live 8 within the park. 9 So I'm very happy to speak in favor 10 of these two nominees, and I thank the Governor 11 for reappointing them to their positions on the 12 Adirondack Park Agency. 13 Thank you. 14 ACTING PRESIDENT SAVINO: Thank 15 you, Senator Little. Senator Farley on the nominations. 16 SENATOR FARLEY: 17 Yes, Madam 18 President, I rise to second these nominees. 19 And I just want to say, as somebody 20 that represents a lot of the park -- Hamilton 21 County and Herkimer County and Saratoga, northern part -- and as a native of Indian Lake, I just 22 want to say particularly to Mr. Thomas, the 23 vitality that has taken place in North Creek, the 24 25 economic development that has happened there and

```
so forth, has really enlivened that area.
 1
 2
                  It's something that is needed
 3
     throughout the Adirondacks. And it's done in
 4
     good taste and something that I wish that we
 5
     could do more of in the Adirondack Park Agency to
     bring back the vitality of the Adirondacks and
 6
 7
     the beauty of it so that people can enjoy it.
 8
                  And I'm very excited about what has
 9
     happened in North Creek and Old Forge and a few
10
     other areas, but we need more of it in the
     Adirondacks, and I hope that both of these
11
     nominees will work towards that goal.
12
13
                  Thank you, Madam President.
                  ACTING PRESIDENT SAVINO:
14
                                              Thank
15
     you, Senator Farley.
16
                  Are there any other members wishing
     to be heard on the nominations?
17
18
                  Seeing none, the question is on the
     nominations of Karen M. Feldman and William H.
19
20
     Thomas as members of the Adirondack Park Agency.
21
                  All those in favor signify by saying
22
     aye.
23
                  (Response of "Aye.")
                  ACTING PRESIDENT SAVINO:

     264, substituted earlier by Member of the
 4
     Assembly Kim, Assembly Print Number 7756, an act
 5
     to amend the Education Law.
                  ACTING PRESIDENT SAVINO: Read the

                  THE SECRETARY:
                                   Section 2.
                                                This
     act shall take effect immediately.

                  ACTING PRESIDENT SAVINO:
                                             Call the
     roll.
11
12
                  (The Secretary called the roll.)
13
                  ACTING PRESIDENT SAVINO:
                                              Senator
     Squadron to explain your vote.
14
15
                  SENATOR SQUADRON:
                                      Thank you.
                                                   То
16
     explain my vote, Madam President.
17
                  This is a bill that's a long time in
18
     coming.
              It would allow us to push forward Lunar
19
     New Year as a school holiday in New York City and
20
     other districts in areas across the state where
21
     it's a holiday celebrated by a large number of
22
     people, and also other holidays that, as the city
     and the state changes, are increasingly part of
23
     the fabric of who we are.
24
25
                  I want to thank Senator Golden, with
```

```
1
     whom I've worked, Assemblymember Kim,
 2
     Assemblymember Silver, and Senator Stavisky.
     Together we've really tried to make sure that
 3
 4
     this community is no longer forced to choose
 5
     between the most important day of the year with
     their families and missing a day of school.
 6
 7
                  In some schools in my district on
     Lunary New Year you have absentee rates of
 8
     80 percent or higher. I know that's true not
 9
10
     just in my district but in parts of New York
     City, around the city.
11
                  To work with Mayor de Blasio and the
12
     Department of Education to ensure that the school
13
     calendar evolves with the city is a really
14
15
     important thing to do. It's something I look
16
     forward to doing.
17
                  Next year, as the Year of the Sheep
18
     rolls in, students have no need to worry. It is
19
     during the winter break, and that gives us time
20
     to take action on this bill and to assure the
21
     school calendar reflects the city.
22
                  I want to thank Senator Golden,
23
     Speaker Silver, Assemblymember Kim, and Senator
     Stavisky again.
24
25
                  I'll be voting aye, Madam President.
```

ACTING PRESIDENT SAVINO: 1 Senator 2 Squadron to be recorded in the affirmative. 3 Senator Peralta to explain his vote. 4 SENATOR PERALTA: Thank you, 5 Madam President. I represent the most diverse 6 7 political district in the entire country, the 8 "United Nations of all Senate districts," which I like to call it -- yes, I do. Among this melting 9 10 pot I am lucky enough to represent strong and active populations of Muslim Americans, who 11 celebrate Eid, Asian Americans, who celebrate the 12 Lunar New Year, and Hindu Americans, who 13 celebrate Diwali. 14 15 Joining together these disparate groups in a common community makes my district a 16 better, stronger, more vibrant place. 17 18 joining together of these disparate groups in a 19 common cause is also what made this day possible. 20 Because until we get this law on the books and 21 implemented, they share an unfortunate piece of 22 common ground. On their most important and sacred of holidays, they must decide between 23 keeping their kids out of school or keeping them 24 25 away from these holy observances.

Like many others in this room, I 1 2 spent years alongside my constituents pushing for official recognition of these holidays. I'd like 3 4 to thank the sponsor of this bill and also 5 recognize some of my colleagues who have been championing this for years: Senator Stavisky, 6 7 Senator Perkins, Senator Sanders, and Senator 8 Díaz, among many others. 9 I'd also especially like to 10 recognize and thank my colleague Senator Squadron, who selflessly gave up 11 12 sponsorship of this bill so that we could pass it through this chamber today. 13 14 No parent -- no parent, no child 15 should be forced to choose between their 16 education and their faith. I knew the winds were finally changing when the one thing Bill de 17 18 Blasio and Joe Lhota could agree on was that 19 whoever was the next mayor, he was going to make 20 sure that our kids get to celebrate these 21 holidays with their families. 22 But I am enormously grateful and proud to stand here today and see us take this 23 enormous step closer to making that a reality. 24

That's the power of civic engagement, that's

```
1
     inspiration transformed into results. When you
 2
     speak your mind and tell your story, there is no
 3
     end to what you can accomplish.
 4
                  New York's greatest strength is its
 5
     diversity. And today we are taking a vital step
     towards making our state stronger than ever. I
 6
 7
     proudly vote aye.
                  ACTING PRESIDENT SAVINO:
 8
                                              Senator
     Peralta to be recorded in the affirmative.
 9
10
                  Senator Stavisky to explain her
11
     vote.
12
                  SENATOR STAVISKY:
                                      Thank you,
     Madam President.
13
                  The Lunar New Year is the most
14
15
     significant holiday in the Asian-American
     community really throughout the world. It's a
16
     celebration where people come together and
17
18
     celebrate. It's a time of family reunions, it's
     a time of dinners. I never knew there could be
19
20
     so many dinners, but they celebrate with food,
     with dance, with renewing their cultural
21
     heritage. And it's a time when children tend to
22
     stay home from school.
23
                  So there is massive absenteeism in
24
25
     the city schools during this period. And in
```

```
1
     fact, in New York City approximately 14 percent
 2
     of the students are Asian-American. But in
 3
     Queens County, Asian-Americans comprise
 4
     23 percent of the 2.2 million people who live in
 5
     Queens County.
                  And these communities are focused
 6
 7
     primarily in the central part of Queens. And I
     do agree that Senator Peralta does represent a
 8
     very large and diverse district. The most
 9
10
     diverse. But in the district that I represent,
     it's focused on the Asian-American community.
11
12
     And we work very closely together.
13
                  And this legislation would permit
14
     the Department of Education to close the schools.
15
     Believe it or not, we got the MTA to defer
     construction on the subway so that people could
16
     come from all over the city and all over the
17
18
     tri-state area to come to celebrate the Lunar New
19
            There's no construction on the subway,
     Year.
20
     which was a major accomplishment.
21
                  So again, I thank the sponsors, all
22
     of them.
               I'm not going to repeat their names.
     But it's by working together that we can
23
     accomplish this type of result for our
24
25
     constituents.
```

```
So I am delighted to vote aye, and I
 1
 2
     look forward to celebrating with my
     Asian-American friends next year.
 3
 4
                  Thank you.
 5
                  ACTING PRESIDENT SAVINO:
                                              Senator
     Stavisky to be recorded in the affirmative.
 6
 7
                  Senator Sanders on the bill.
                  SENATOR SANDERS:
 8
                                     Thank you,
 9
     Madam President.
10
                  I too rise to commend the authors of
     this very well written bill -- which at first I
11
     had trouble with until it was explained to me --
12
     a bill which calls upon the New York City
13
     Department of Education to look at the list of
14
15
     holidays that it has and make sure that these
     holidays reflect the changing New York City that
16
     we now know, a city that is graced with all of
17
18
     these communities that you've heard about.
19
                  One that I'm graced with, one of the
     many -- the U.N.? Okay, all right. Perhaps if
20
     he's the U.N., then I must certainly be the
21
22
     Assembly Council or something of that nature.
     Because I have many different communities,
23
     including the Indo-Caribbean community, which
24
25
     celebrates a holiday called Diwali.
```

```
1
                  And under those conditions, I think
 2
     that it is good that we look at all of these
     holidays that we've had for so long to see which
 3
 4
     ones really fit the city and which ones don't.
 5
     And that way we can -- those that have served
     their purpose need to be retired. And those that
 6
 7
     are emerging need to be supported.
 8
                  I certainly commend Senators
     Squadron, Peralta, Stavisky and others for
 9
10
     championing this, and I'm glad to be here on the
11
     day when it may go over the top.
12
                  Thank you very much,
     Madam President.
13
                  ACTING PRESIDENT SAVINO:
14
15
     Sanders to be recorded in the affirmative.
                  Senator Golden to explain his vote.
16
                  SENATOR GOLDEN:
17
                                     Thank you,
18
     Madam President.
19
                  I'd like to thank my colleagues
20
     Senator Lanza, Senator Felder, Senator Squadron,
     and all of my colleagues on both sides of the
21
22
     aisle, and of course the Assembly as well, Shelly
     Silver, the Speaker.
23
                  This bill would allow the local
24
25
     boards of education to determine whether a
```

weekday should be a school holiday because many students would be absent due to a religious or cultural holiday.

The Education Law already allows the Commissioner of Education to establish rules of religious holidays and education. New York City is rich with cultural diversity. When an immigrant passed through Ellis Island, New York City welcomed him or her to the United States.

Many of these immigrants settled in New York City. These immigrants built neighborhoods around their shared heritage. There are many neighborhoods that are still built around shared heritage.

And this bill celebrates the diversity of New York City, New York State, and our country by allowing the local school boards to close one or more schools on a day when the students will be celebrating their religious or cultural heritage. Because of our diversity, a one-size-fits-all rule from the Department of Education does not always work.

This bill would not reduce the number of school days. School holidays are set in advance. And any holiday given due to the

```
bill would be taken into account when the school
 1
     calendar is established.
 2
 3
                  The Mayor has already begun working
 4
     towards helping New York City celebrate this
 5
     heritage by adjusting the school calendar. We
     look forward to continuing to work with the Mayor
 6
     on this. And let's take this opportunity to
 7
 8
     celebrate the diversity that has made New York
 9
     the great state that it is today.
10
                  Thank you, Madam President, and I
     will be voting aye.
11
12
                  ACTING PRESIDENT SAVINO:
                                              Senator
     Golden to be recorded in the affirmative.
13
14
                  Are there any other Senators wishing
15
     to explain their vote?
16
                  Seeing none, announce the results.
17
                  THE SECRETARY:
                                    In relation to
18
     Calendar Number 264, those recorded in the
19
     negative are Senators Gallivan and Libous.
20
                  Ayes, 58. Nays, 2.
21
                  ACTING PRESIDENT SAVINO:
                                              The bill
22
     is passed.
23
                  THE SECRETARY: Calendar Number
     386, by Senator Felder, Senate Print 4518, an act
24
25
     to amend the Domestic Relations Law.
```

```
1
                  ACTING PRESIDENT SAVINO: Read the
 2
     last section.
 3
                  THE SECRETARY: Section 4.
 4
     act shall take effect on the 30th day.
 5
                  ACTING PRESIDENT SAVINO: Call the
     roll.
 6
 7
                  (The Secretary called the roll.)
 8
                  ACTING PRESIDENT SAVINO:
                                             Announce
9
     the results.
10
                  THE SECRETARY: Ayes, 60.
                  ACTING PRESIDENT SAVINO: The bill
11
     is passed.
12
13
                  THE SECRETARY: Calendar Number
     401, by Senator Gallivan, Senate Print 6869, an
14
15
     act to amend the State Administrative Procedure
16
    Act.
17
                  SENATOR GIANARIS: Lay it aside.
18
                  ACTING PRESIDENT SAVINO: The bill
     is laid aside.
19
20
                  SENATOR LIBOUS: Lay the bill aside
21
     for the day.
22
                  ACTING PRESIDENT SAVINO: The bill
23
     is laid aside for the day.
                  THE SECRETARY: Calendar Number
24
25
     422, by Senator Griffo, Senate Print 6502, an act
```

```
to amend Chapter 912 of the Laws of 1920.
 1
 2
                  SENATOR GIANARIS:
                                      Lay it aside.
                  ACTING PRESIDENT SAVINO:
                                             The bill
 3
     is laid aside.
 4
 5
                  THE SECRETARY: Calendar Number
     459, by Senator Squadron, Senate Print 218, an
 6
 7
     act to amend the Penal Law.
 8
                  SENATOR LIBOUS: Lay that aside,
9
     please.
10
                  ACTING PRESIDENT SAVINO:
                                             The bill
     is laid aside.
11
12
                  SENATOR GIANARIS: Lay it aside for
     the day.
13
                  ACTING PRESIDENT SAVINO:
14
                                             The bill
15
     is laid aside for the day.
16
                  Senator Libous, that completes the
     reading of the noncontroversial calendar.
17
18
                  The Secretary will ring the bells
     and proceed with the reading of the controversial
19
20
     calendar.
21
                  The Secretary will read.
22
                  THE SECRETARY: Calendar Number
23
     110, by Senator Carlucci, Senate Print 1784, an
     act to amend the State Administrative Procedure
24
25
     Act.
```

```
1
                  SENATOR KRUEGER:
                                      Explanation.
 2
                  ACTING PRESIDENT SAVINO:
                                              Senator
 3
     Carlucci, Senator Krueger has requested an
 4
     explanation.
 5
                  SENATOR CARLUCCI: Yes, thank you,
     Madam Chair.
 6
 7
                  Yes, this legislation amends the
 8
     State Administrative Procedure Act, which allows
     for industry or businesses to be able to petition
 9
10
     a particular state agency with a particular rule
     that they believe that they have a new best
11
     practice for.
12
13
                  The idea is to come into
     compliance -- which we already allow
14
15
     municipalities or local governments, if they find
16
     a new way of doing business, that they're able to
     petition the state agency that has that
17
18
     requirement to allow them to innovate and allow
19
     that to become the new regulatory procedure.
20
                  Thank you, Madam President.
21
                  ACTING PRESIDENT SAVINO:
                                              Senator
22
     Krueger.
23
                  SENATOR KRUEGER:
                                      Thank you,
     Madam President. If the sponsor would please
24
25
     yield.
```

```
1
                  SENATOR CARLUCCI:
                                      Yes.
 2
                  ACTING PRESIDENT SAVINO:
                                              Senator
 3
     Carlucci yields.
 4
                  SENATOR KRUEGER:
                                     Thank you.
 5
                  So last year we actually debate this
     bill, the sponsor and I, and I raised a number of
 6
 7
     concerns. And so I don't want to repeat myself
     on the old concerns, but I've had now a year to
 8
 9
     study the bill more, so I have found some
10
     additional questions to ask.
11
                  In this bill it says it will allow
12
     any business or group of businesses that form an
     association to petition the state agency. So if
13
     I am one business and I call myself an
14
15
     association, may I petition for a change of state
16
     regulations?
17
                  ACTING PRESIDENT SAVINO:
                                              Senator
18
     Carlucci.
                  SENATOR CARLUCCI: The answer is
19
20
     yes.
21
                  SENATOR KRUEGER:
                                     Through you,
22
     Madam President, if the sponsor would continue to
23
     yield.
                  ACTING PRESIDENT SAVINO:
24
                                              Senator
25
     Carlucci.
```

```
1
                  SENATOR CARLUCCI: Yes, I'll yield.
 2
                  SENATOR KRUEGER: So if I'm two or
 3
     three businesses, I could create an association
 4
     and petition to have a reevaluation of
 5
     regulation?
                  SENATOR CARLUCCI:
 6
                                      Yes.
 7
                  SENATOR KRUEGER:
                                     Through you,
 8
     Madam President, if the sponsor would continue to
9
     yield.
10
                  SENATOR CARLUCCI: Yes, I'll yield.
                  ACTING PRESIDENT SAVINO:
11
                                             Senator
     Carlucci yields.
12
13
                  SENATOR KRUEGER:
                                    First, a
     statement that in many different kinds of
14
15
     regulations in New York State, in many different
16
     activities that go on in New York State, there
     are multiple agencies with a role to play in
17
18
     overseeing that activity or those regulations.
                  So in this bill it allows the
19
20
     business association, which as we've just
21
     established could be one business, to petition
22
     the appropriate state agency. It does not say
23
     petition the state agency that promulgated the
24
     regulation.
25
                  So if this bill were to become law,
```

could I, my own personal business association, venue-shop to find a state agency that I think I might get a permissive interpretation out of, even if there are five or six different agencies that may share regulatory control?

SENATOR CARLUCCI: I think the
Senator brings up a valid point, and it's
something that we want to safeguard against in
this legislation. And that's why we want to
prevent from venue-shopping of any business to go
from regulatory agency to regulatory agency.

So as the Senator had pointed out, there are many different regulations for many different agencies. But there are lead agencies, and they would be required to be petitioning under that lead agency.

And also to point out, because this is a very real concern, in the legislation it's very specific and it says that the petitioner has to file on a specific rule or regulation, and they have to be identifying that regulation and what they hope to update, which regulation they're actually focused on and where they think they have a new best practice that should be promulgated into new rules.

1 SENATOR KRUEGER: Through you, 2 Madam President, if the sponsor would continue to 3 yield. 4 SENATOR CARLUCCI: Yes. 5 ACTING PRESIDENT SAVINO: Senator Carlucci yields. 6 7 SENATOR KRUEGER: So the Senator 8 and I both happen to serve on the Mental Hygiene Committee, which oversees issues around 9 10 vulnerable persons in this state. And an organization, either for-profit or 11 12 not-for-profit, might provide residential services to these vulnerable populations. 13 14 yet there might be multiple state agencies with 15 oversight on these kinds of residential 16 facilities -- or day treatment facilities; it could be either. 17 18 So which agency and which definitions and regulations are they supposed to 19 go to if they want a change in regulation? Are 20 21 they in this case supposed to go to the Office of 22 Mental Health or the Office of People With Developmental Disabilities, the Department of 23 Health, the Department of Buildings, if it was 24 25 something involving the standards for physical

facilities? 1 2 How are they supposed to determine 3 who is the proper regulatory entity? And who is 4 supposed to get them the answer if they don't 5 even know? SENATOR CARLUCCI: Well, the 6 7 petition would have to start at the agency that 8 promulgated the regulations. 9 When we talk about people that live 10 with mental health issues or are living with a developmental disability, we have clear 11 12 definitions of who is responsible for regulating 13 those homes. If it's someone that's living in a 14 developmentally disabled housing facility, that 15 would be regulated by the Office of People With 16 Developmental Disabilities, and therefore would be petitioned under that agency. 17 ACTING PRESIDENT SAVINO: 18 Through you, Madam President, if the sponsor would 19 20 continue to yield. 21 SENATOR CARLUCCI: Yes. ACTING PRESIDENT SAVINO: 22 Senator 23 Carlucci will yield. SENATOR KRUEGER: 24 Thank you. 25 Again, I think in the example I gave

```
1
     it might be a facility that operates under the
 2
     rules and regulations of four, five or six
 3
     different agencies. So are they supposed to go
     to each one?
 4
                                      Well, again, we
 5
                  SENATOR CARLUCCI:
     have to be very specific on the regulation that
 6
 7
     they're wishing to update. And that's where we
 8
     need to really address that point.
 9
                  Because yes, there might be multiple
     agencies overseeing certain industries. But when
10
     we talk about each specific regulation, the
11
12
     petition requires and this legislation requires
     for that business, that industry to be specific
13
     in identifying that regulation, and they would
14
15
     then go to the agency that promulgated that
     regulation.
16
                  SENATOR KRUEGER:
17
                                      Through you,
18
     Madam President, if the sponsor would continue to
19
     yield.
20
                  SENATOR CARLUCCI:
                                       Yes.
21
                  ACTING PRESIDENT SAVINO:
                                              Senator
22
     Carlucci yields.
23
                  SENATOR KRUEGER:
                                      Thank you.
24
                  How many regulations are there in
25
     New York State that someone might want to go and
```

```
1
     petition for a change?
 2
                  SENATOR CARLUCCI:
                                      Well, currently
     we have about 750,000 different regulations on
 3
 4
     the books in the State of New York.
 5
                  SENATOR KRUEGER:
                                     Through you,
 6
     Madam President, if the sponsor would continue to
 7
     yield.
                  ACTING PRESIDENT SAVINO:
 8
                                              Senator
     Carlucci, do you yield?
9
10
                  SENATOR CARLUCCI:
                                      Yes.
                  ACTING PRESIDENT SAVINO:
11
                                              Senator
12
     Carlucci yields.
13
                  SENATOR KRUEGER: And since any
     individual business can be its own association to
14
15
     petition, how many entities might be petitioning
     on these 750,000 regulations in New York State?
16
                  SENATOR CARLUCCI:
                                      Well, the idea
17
18
     here is that we really can be a competitive force
19
     when we talk about competing in a global economy.
20
     And the idea is we want to make sure that the
21
     people on the ground level, you know, that are
22
     there working in that industry, that might have
     had a new breakthrough -- whether it's a new
23
     software program that they're using that helps
24
25
     them really break down and allow them to innovate
```

```
1
     their practices -- we want to make sure that they
 2
     can keep up, communicate with that state agency.
     And now it allows them the mechanism to do that.
 3
                  So as was said, we have over 750,000
 4
 5
     different regulations on the books in New York,
     and this is an attempt to allow for industry to
 6
 7
     work with state agencies to allow them to
     promulgate new rules that will allow them to keep
 8
     up-to-date with new best practices.
 9
10
                  And keep in mind this also, at the
11
     end of the day, is at the discretion of that
12
     state agency to decide if it is something that
     they feel that they should come into compliance
13
14
     with.
15
                  SENATOR KRUEGER:
                                      Through you,
     Madam President, on the bill.
16
                  ACTING PRESIDENT SAVINO:
17
                                              Senator
18
     Krueger on the bill.
19
                  SENATOR KRUEGER:
                                     I thank the
20
     Senator, the sponsor, for his answers.
21
                  I don't think I disagree with the
22
     concept that we want to be a dynamic government
     that changes with the needs and realities of the
23
     businesses and organizations and people of the
24
25
     State of New York. My disagreement with the bill
```

is that it sets up probably an impossible scenario.

First, none of these regulations exist in a vacuum. They actually grew out of laws this house and the other house of the Legislature agreed upon and a governor signed.

So any time you're opening up someone petitioning to change a regulation, you have to ask the question are you actually opening up that they want to change the law and maybe -- and isn't that why we're here -- to try to modernize our laws and adapt them to the changing world and economy.

If we leave it to a scenario, as this bill does, where any one entity can petition an agency on any combination of 750,000 regulations -- and it's not that hard to see two or three associations petitioning in opposite directions, because if X association decides it's to their advantage to get rid of this regulation and Y and Z associations realize that wouldn't actually be very good for their understanding of how they're operating in New York State, you would have competing demands for new best practices as interpreted by any individual

business or entity.

It's 750,000 regulations and more than we can imagine numbers of requests. I actually think our agencies would have to stop doing everything else they're doing in order to attempt to respond to the petitions of whomever on whatever on combinations of the 750,000 regulations.

And while I appreciate that the sponsor believes his bill says you go to the entity or the agency that will oversees the regulation, if you've ever spent any time talking to any business or not-for-profit in the State of New York, you know that they're operating under many regulations at a time and their issues are never unique to one specific line.

So even on something, I don't know, for some of us perhaps esoteric and for others of us perhaps the bread and butter of dealing with septic system questions under New York State regulations, you have, depending on where you're located in the state -- and this is not the local jurisdictions or the federal, just the state -- you might have issues with the Canal Authority, which is part of the New York State Thruway

2511

```
1
     Authority, you definitely have regulations
 2
     relating to the Department of Environmental
     Conservation, the Department of Health, the
 3
 4
     Department of Transportation, the General
 5
     Services Administration, the Office of Parks,
     Recreation and Historic Preservation, and
 6
 7
     multiple section of the state commissions.
                  Now, I might agree with my colleague
 8
     that needing to go to all these different
 9
10
     agencies when having a question about how to
     handle septic systems might seem burdensome -- I
11
12
     would agree -- and confusing -- I would agree --
     I don't think this bill would solve the problem.
13
14
     I think it would just actually create a
15
     systemwide chaos. And, by the way, there are
     probably differing opinions by differing
16
     businesses about how to address these issues.
17
18
                  So while I appreciate the intentions
     of the sponsor, I actually think we'd result in
19
20
     either an enormous new expense for the state in
     hiring all these people to deal with all of these
21
22
     petitions of all these regulations, or we'd
     literally create frozen state agencies who
23
     couldn't act under the old regulations while
24
25
     dealing with the petitions on the new
```

regulations, not having the staff to do any of this, and frustrating everybody.

And in fact, of course we do have a current system to evaluate and try to make changes in regulations. I believe that this bill just doesn't think the current system is adequate.

And we were going to discuss, although it was taken off the calendar for today, an additional bill that would actually propose having to review every regulation in the state within five years and then each and every five years afterwards. And if you layered those two bills together -- although we're not discussing the other bill right now -- again, reemphasizing the sheer volume of new demands on our agencies and potential chaos for being able to approve anything until all of this was done.

So an issue. I believe this is the wrong solution that won't accomplish what it intends to accomplish. I will continue to be no on this vote and urge my colleagues to work together to come up with solutions that actually might be helpful.

Thank you, Madam President.

```
ACTING PRESIDENT SAVINO:
                                             Are there
 1
 2
     any other members wishing to be heard?
 3
                  Seeing none, the Secretary will ring
 4
     the bells. I ask all the members to please
 5
     return to the chamber so we can proceed with the
 6
     vote.
 7
                  Senator Gianaris.
 8
                  SENATOR GIANARIS:
                                      Madam President,
 9
     while we're waiting for everyone to return, I'd
10
     like to point out to my colleagues that we have a
     milestone birthday among our colleagues today.
11
12
     It is Senator Joe Addabbo's 50th today. So we
     wish him well.
13
14
                  (Applause.)
15
                  ACTING PRESIDENT SAVINO:
                                              Нарру
16
     birthday. Happy birthday, Senator Addabbo. I'm
     sure you're thrilled that he gave away your age,
17
18
     but we wish you a happy birthday anyway.
19
                  (Laughter.)
20
                  ACTING PRESIDENT SAVINO: Read the
21
     last section.
22
                  THE SECRETARY:
                                   Section 3.
     act shall take effect on the first of January.
23
                  ACTING PRESIDENT SAVINO: Call the
24
25
     roll.
```

```
1
                  (The Secretary called the roll.)
 2
                  ACTING PRESIDENT SAVINO:
                                              Announce
 3
     the results.
 4
                  THE SECRETARY:
                                   In relation to
 5
     Calendar Number 110, those recorded in the
     negative are Senators Addabbo, Avella, Gianaris,
 6
 7
     Hassell-Thompson, Hoylman, Krueger, Montgomery,
     Parker, Peralta, Perkins, Rivera, Sanders,
 8
     Serrano, Squadron and Stavisky.
 9
10
                  Ayes, 45. Nays, 15.
                  ACTING PRESIDENT SAVINO:
                                             The bill
11
12
     is passed.
13
                  THE SECRETARY: Calendar Number
     422, by Senator Griffo, Senate Print 6502, an act
14
15
     to amend Chapter 912 of the Laws of 1920.
16
                  SENATOR KRUEGER:
                                     Explanation.
17
                  ACTING PRESIDENT SAVINO:
                                              Senator
18
     Krueger has asked for an explanation.
19
                  Before we begin, I would ask all
20
     members to stay in the chamber or close by. We
21
     have to get to the Women of Distinction as soon
22
     as this debate is finished. So please stay
     nearby.
23
                  Senator Krueger has asked for an
24
25
     explanation, Senator Griffo.
```

1 SENATOR GRIFFO: Thank you, 2 Madam President. I'm going to be very succinct today 3 4 because I feel like the great New York Yankee, 5 Yogi Berra, who said, "It's déjà vu all over again." We have had this bill before the house 6 7 in 2010, 2011, 2012 and 2013, and it's passed the 8 house. 9 Before I do that, I would like to 10 thank the cosponsors and those who have supported the bill in the past, particularly the co-prime 11 12 sponsors, Senator Kevin Parker and Senator Marty Golden, for their support. 13 I also want to welcome into the 14 15 chamber today the COO of the UFC, Lawrence Epstein, as well as Michael Britt, also of the 16 UFC. 17 18 Essentially, Senator Krueger, this bill would authorize the New York State Athletic 19 20 Commission, at their discretion and direction, to 21 add the mixed martial arts to a list of contact 22 sports that may hold matches or exhibitions in 23 the State of New York. 24 SENATOR KRUEGER: Through you, 25 Madam President, if the sponsor would yield for a

```
1
     few questions.
 2
                  ACTING PRESIDENT SAVINO:
                                             Senator
 3
     Griffo, do you yield?
 4
                  SENATOR GRIFFO: I will.
 5
                  ACTING PRESIDENT SAVINO:
                                             Senator
    Griffo yields.
 6
 7
                  SENATOR KRUEGER: Does this bill
 8
     establish the same standards for professional and
     amateur bouts in New York State?
 9
10
                  SENATOR GRIFFO: Madam President,
     through you. It does not, Senator Krueger. But
11
     I do have a companion bill that has been
12
     introduced that also would do similarly for the
13
14
     amateur version of this sport.
15
                  SENATOR KRUEGER:
                                     Through you,
16
    Madam President, if the sponsor would yield to an
     additional question.
17
18
                  ACTING PRESIDENT SAVINO:
                                             Senator
     Griffo, do you yield?
19
20
                  SENATOR GRIFFO: I do.
21
                  ACTING PRESIDENT SAVINO:
                                             Senator
22
     Griffo yields.
23
                  SENATOR KRUEGER: My understanding
     is this bill is modified in two ways since the
24
25
     last time you introduced the bill. Could you
```

```
1
     clarify the two new changes?
                  SENATOR GRIFFO: Well, essentially,
 2
 3
     Senator Krueger, the essence of it remains the
 4
     same, but it allows -- basically we're giving to
 5
     the State Athletic Commission its discretion to
     essentially monitor and provide for all guidance
 6
 7
     relative to the sport.
 8
                  So there are not any dramatic
     changes. I know there have been differences of
 9
10
     opinion. I know that you have suggested a
11
     moratorium. I know Senator Hoylman has put in a
12
     variation of a particular bill establishing a
     specific fund. But in essence, the bill remains
13
14
     as it's been presented.
15
                  SENATOR KRUEGER:
                                     Through you,
16
     Madam President, if the sponsor would continue to
     yield.
17
18
                  ACTING PRESIDENT SAVINO:
                                             Senator
     Griffo, do you yield?
19
20
                  SENATOR GRIFFO:
                                    Sure.
21
                  ACTING PRESIDENT SAVINO:
                                             Senator
22
     Griffo yields.
23
                  SENATOR KRUEGER:
                                     I was referring
     to a section that removes the sunset clause of
24
25
     the bill. The previous version of the bill
```

sunsetted it after three years. And this bill 1 2 does not sunset; is that correct? 3 SENATOR GRIFFO: Madam President, 4 through you. Senator Krueger, in essence that is 5 accurate. It still remains the same but, since we have had this discussion over the last four 6 7 years, New York State now remains the only state 8 that still has the ban in effect relative to the mixed martial arts. 9 10 There have been some, as I indicated before, just minor adjustments. That was a 11 discussion that was had some time ago because 12 there were a number of other states that had 13 still not made decisions and we were just 14 15 beginning the process at that time here. 16 But after four years of debate on this particular subject, and the activity taking 17 18 place across the nation, these adjustments were 19 made. But essentially the essence of the bill 20 remains as it has been. SENATOR KRUEGER: 21 Through you, 22 Madam President, if the sponsor would continue to yield. 23 ACTING PRESIDENT SAVINO: 24 Senator 25 Griffo, do you yield?

Yes. 1 SENATOR GRIFFO: 2 ACTING PRESIDENT SAVINO: Senator 3 Griffo yields. 4 SENATOR KRUEGER: I believe there's 5 also an addition to the bill regarding alcoholic beverages. Could the sponsor explain to me what 6 7 that section means and how that changes this law? 8 SENATOR GRIFFO: Madam President, 9 through you. Senator Krueger, I'm not sure how that would ultimately alter the recommendations 10 11 that were originally proposed through the main 12 components of the bill. 13 SENATOR KRUEGER: Through you, 14 Madam President, just to clarify. So would the 15 sponsor agree that his bill now allows alcoholic beverages to be served at professional 16 17 competitive MMA sporting exhibit matches? 18 ACTING PRESIDENT SAVINO: Senator Griffo. 19 20 SENATOR GRIFFO: Madam President, 21 through you. Senator Krueger, I would say that 22 what we're trying to do is mirror activities that 23 are taking place across the nation at professional sporting events, whether it's the 24 25 National Hockey League or the National Basketball

```
1
     Association or Major League Baseball.
 2
                  So in that regard, yes. But the
 3
     essence is basically to mirror what's taking
 4
     place in professional sports across this nation
 5
     and the state.
 6
                  SENATOR KRUEGER:
                                     Through you,
 7
     Madam President, on the bill.
 8
                  ACTING PRESIDENT SAVINO:
                                              Senator
9
     Krueger on the bill.
10
                  SENATOR KRUEGER:
                                     Thank you.
                  This house knows that I have
11
12
     continuously spoken out against the legalization
     of MMA in the State of New York. I like to
13
     remember an expression my mother often used with
14
15
     me as a child. I don't know if anyone else's
16
     mother said it. But it was basically "If the
     other kids are jumping off the bridge and it's
17
18
     still a bad idea to jump, don't jump."
                  So I think that New York State not
19
20
     allowing competitive professional MMA is the
     right answer. I wish the other states realized
21
22
     it also. But I have no problem with New York
     State being ahead of game, so to speak.
23
                  And the reason I say that is because
24
25
     as I have watched MMA develop and grow as a
```

sport, we have learned through medical research that it's more dangerous than other professional sports. And we have learned that in New York State the nonprofessional bouts, the bouts where you can pay to go in, there are promoters, there are lots of people who make lots of money and lots of people who sit there and watch, the only difference is the fighters don't officially get paid. So we have no standards or rules for that at all, which concerns me a great deal.

But we know from medical science that MMA fighters suffer traumatic brain injuries in almost a third of their professional bouts that have been studied, a radically higher rate than has been observed in other sports, including comparing them to -- let me just read the section.

The researchers detected an average of 6.4 knockouts per athlete for every 100 fights or athlete exposures. When the multiple-strike TKOs were added, the total suspected traumatic brain injuries climbed to 15.9 per athlete for 100 bouts, or one concussion-like injury in 32 percent of matches.

That compares to the rates found in

other studies where 4.9 concussions per 100 fights was the exposure in boxing, 2.2 per 100 in hockey, 8.08 per 100 in football.

An analysis of the fight videos studied by the researchers from Toronto concluded that 90 percent of the TKOs were a result of repetitive strikes. The 30 seconds before matches were stopped was characterized by the losing competitor sustaining a flurry of multiple strikes to the head. Half of the knockouts occurred because of blows to the mandible, or lower jaw. And researchers found an average of 2.6 head strikes after the knockout inflicted on the heads of the unconscious fighters.

It's a dangerous sport. It's a dangerous sport where the fighters may believe they are going in voluntarily and hoping to make a lot of money, but perhaps don't realize that they're going to end up later in life with damaged brains, an inability to continue to work in any field, and all of the patterns of traumatic brain injury.

And we hear a lot about traumatic brain injury nowadays. We hear about our soldiers coming back from war with traumatic

2523

1 brain injuries. We hear about professional 2 football players suffering very high rates of 3 traumatic brain injuries. And again, to quote 4 the research, the rate of traumatic brain injury 5 from MMA is much higher than it is from football. We hear about coaches in college 6 7 sports and high school sports taking classes in how to prevent traumatic brain injury and 8 9 repetitive damage to the brains of young people. 10 We hear of lawsuits demanding financial reimbursement for the damage done to professional 11 12 athletes. We even had a resolution today 13 honoring a young woman for going on with research 14 around traumatic brain injury. 15 It's nothing to laugh about. should be doing everything we can to avoid anyone 16 17 suffering unnecessary traumatic brain injury. 18 Maybe MMA could redesign itself so it wasn't so 19 dangerous, so that certain kinds of holds and 20 punches weren't allowed. They keep saying 21 they're changing. They're making a lot more 22 money. But I don't see them making the sport safer. And the research continues to pour in 23 that it is extremely dangerous. 24 25 So yes, if I was able to convince my

```
1
     colleagues, I would urge you to vote no on this
 2
     bill and actually rush to require much stricter
     standards for nonprofessional competitions where
 3
 4
     disproportionately it's younger people getting
 5
     involved with greater risk to themselves.
                                                 I'm
     not going to convince too many people to change
 6
 7
     their vote today.
 8
                  And I know that we have an important
     event to get to, so I will just urge my
 9
10
     colleagues: Read the research. Think about what
11
     it means to expand MMA in New York State. And
     think about the number of people who will end up
12
     with traumatic brain injury and ruined lives
13
     because of their decisions, perhaps not as
14
15
     well-educated as we'd like them to be when making
16
     those decisions.
                  And that some people say we'll make
17
18
     some tax money on it. Frankly, I don't think
     it's worth the money to damage people's brains.
19
20
                  I vote no. Thank you.
21
                  ACTING PRESIDENT SAVINO:
                                              Senator
     Krueger to be recorded in the negative.
22
23
                  Senator Griffo.
                  SENATOR GRIFFO: Madam President,
24
25
     briefly.
```

Again, this bill in essence gives to the New York State Athletic Commission the opportunity -- this is what we're voting on, giving to the New York State Athletic Commission the opportunity to regulate this sport. A sport that is organized across this country. A sport that has a number of rules and resolution regulations for both the well-being of the fan as well as the participant.

I think it's very important to note that I agree that we should also be monitoring amateur activity and regulating that amateur activity, and that's why we have proposed a similar bill to do so, and to avoid any of the underground activity.

But both the leagues that exist in the sport itself have really gone and made significant progress in ensuring -- from medical tests, evaluations, a lot of rules and regulations that exist -- that they are keeping in mind that safety of the participant and the spectator is most important.

Secondly, New York is not doing this because every other state is doing this.

25 New York is considering this because it's an

opportunity for at least athletes in this state or spectators and fans in this state to have the ability to make a decision to do something that we want to do. But right now we are restricting that ability.

And finally, on the studies that exist, you're right that the study -- while I have great respect and affinity for our neighbors to the north in Canada, the study that Senator Krueger is discussing was based strictly on video and statistics.

While we have respected premier institutions in this country, quality healthcare institutions -- Johns Hopkins has had a study done which is contrary to some of the statistics that were given in the Canadian study.

And there's an ongoing study in the Cleveland Clinic, the renowned Cleveland Clinic, which will evaluate and determine some of the statements that have been made here, and as a result, we'll have a better understanding of the situation.

And I believe that you will find, when we look at clinical data, that while we're all looking for safety, that should be first and

foremost. But you will see, when clinical 1 studies are actually done and we really rely on 2 the medicine and the science, that some of the 3 4 studies that are being done just on videos and 5 statistics really are not getting us a clear and definitive picture of what's taking place. 6 7 So for the record, I would urge our colleagues to look at everything. But tonight 8 what we're saying, or this afternoon, is are we 9 10 ready and willing to allow our New York State Athletic Commission -- who I have a lot of 11 confidence and faith in -- to regulate this 12 13 sport and to do it properly and to allow 14 athletes in the state to participate in a sport 15 that they choose to participate in, and for fans to be able to spectate and attend events in this 16 17 state, beyond the economic impact. 18 Thank you, Madam President. 19 ACTING PRESIDENT SAVINO: Senator 20 Hoylman on the bill. 21 SENATOR HOYLMAN: Thank you, 22 Madam President. And thank you, Senator Griffo and 23

I wanted to point out -- and I know

Senator Krueger, for your discussion.

24

25

this chamber has debated this for a number of 1 years -- but what has changed since last year. 2 At least one professional MMA fighter has died, 3 4 his name was Booto Guylain, after getting 5 elbowed in the head in South Africa in a bout. Secondly, the National Football 6 7 League settled a lawsuit with former players and their families over concussion-related brain 8 injuries, the same type of injuries that we're 9 10 discussing today. That was for 18,000 players, and it was worth about \$765 million. 11 12 And third, last year we were told 13 that cage fighting, MMA, whatever you want to 14 call it, was safer than boxing or other martial 15 arts. And, you know, you just have to look at the study from the American Journal of Sports 16 Medicine, the most reputable academic journal in 17 18 the field of sports, that gives lie to that 19 claim. 20 It shows that fights that end in technical knockouts, researchers found that 21 22 losing fighters were on average hit 18.5 times in the last 30 seconds of the fight, with 23 92 percent of those hits being to the head. 24 25 They concluded that concussion rates in cage

fighting are higher than hockey, football, boxing and other martial arts.

Now, what hasn't changed since we discussed this last year? Well, the bill is pretty much the same. The bill doesn't have any measures to monitor or address long-term health issues, long-term health issues. And those are the issues that the NFL players are facing, why they filed this \$765 million class action.

Parkinson's disease, Alzheimer's, dementia, memory loss, all of those result from traumatic brain injury. What will happen to these fighters, many of them from very modest means, five or 10 years from now when their \$50,000 worth of life insurance that they're given by UFC has expired? That is my concern.

And the bill today, in terms of protections, in addition to that \$50,000 worth of life insurance, health insurance, which is only available while the fighter is in the ring, the bill only requires, in terms of participant safety, a mouth guard and a protective groin cup. That's the sum of it.

I think we can come back with a better bill. I think we should have a bill that

```
has the long-term interests of the fighters in
 1
 2
     mind, that has the health, their health
 3
     paramount.
 4
                  Today, should we approve this
 5
     measure, we are in effect telling spectators and
     fighters alike that the sport as it is being
 6
 7
     legislated is safe. And, Madam President, I do
 8
     not think that is the case. I think we need to
     consider the long-term health impacts of these
 9
10
     fighters and come back with a better bill that
     provides for their well-being.
11
12
                  So I'll be voting no. Thank you.
13
                  ACTING PRESIDENT SAVINO:
                                              Senator
     Parker on the bill.
14
15
                  SENATOR PARKER:
                                     Thank you,
16
     Madam President. On the bill.
                  First let me thank Senator Griffo,
17
18
     Sensei here, for his leadership and his
19
     sponsoring of this bill and this legislation and
20
     really advocating for it and building support
     around it in a very meaningful way, in a way
21
     that won't be obscured by people who are just
22
     afraid of the sport.
23
                  Let's be very, very clear.
24
25
     a sport that's very, very popular not just in
```

the United States but around the country. produces not just some tax revenue. We're talking about, for upstate communities, you take a Buffalo, you take a Syracuse, you take a Rochester, where you're going to be per event, per event, you're talking about upwards of \$10 million per event if this sport is legalized in the State of New York, and significantly more in New York City.

Right now they are promoting these events in Times Square and then going across the river to Jersey to do the events. And so right now it's happening, right now, as we speak.

And as we heard from one of our colleagues, that the amateur bouts that are happening now are not being properly regulated.

And I agree with that.

What this bill does -- and let's not lose sight of this, as Senator Griffo has accurately pointed out -- it gives permission to the state authority that handles sports matters to create a set of regulations. So if you're concerned about safety, the New York State Sports Commission is a place where those issues get worked out.

These are state-to-state issues and procedures just like in boxing. In boxing, these things are regulated state by state. And so what you may see in Nevada may be a different set of rules than what you see in New York.

And if we decide that it's not safe enough in what we're seeing in other places, we have the opportunity, through our state government, to in fact enact a set of regulations and rules consistent with our values of safety and making sure that athletes, both amateur and professional, are protected in the way that we like to see them protected. But we certainly shouldn't throw out the baby with the bathwater.

As I've indicated with other sports, it would be different if everybody said, you know what, our value here in the State of New York is we don't like violence and we're going to get rid of all the violence. So there's no more hockey, there's no more football, there's no more -- anything where anybody can possibly get a boo-boo, we're not going to have in the State of New York.

But that's not what we're doing

here. We are simply discriminating against one sport.

As you hear the studies, I want everybody to be very clear and listen to what people are saying in the studies. Because, you know, you can make a study say anything you want a study to say. And you can certainly take things out of a study and make it say what you want it to say.

What you heard was excerpts pulled from a reputable study that talks about the cases in which opponents were knocked out. What they did not tell you is that, unlike boxing, in almost 90 percent of the bouts the opponent has submitted. And so there is no knockout in the vast majority of the bouts that you in fact see in the United States. There are far more submissions than there are knockouts.

Also, when you talk about an athlete being killed in South Africa, that is a different set of rules than what we have here in the United States, and certainly a different set of rules than what we have in New York.

You heard, again, the example of an athlete being killed with an elbow. You cannot

```
strike with your elbow in any bouts in the
 1
 2
     United States under current rules in any state.
     And certainly that's something that we can in
 3
 4
     fact guard against here in the State of New
 5
     York, again, vis-a-vis the Athletic Commission.
                  So I think that there is reason to
 6
 7
     be cautious. We certainly want to protect the
 8
     athletes in the State of New York, both
     professional and certainly our young athletes
 9
10
     and our amateur athletes. But we certainly want
     to do that in the context of creating a space
11
12
     where people can enjoy themselves through
     sportsmanship and athletic competition, which is
13
     the way of the State of New York.
14
15
                  And so I stand here in support of
16
     the bill, with my colleague Senator Griffo, and
     hope that my colleagues will see past the
17
18
     rhetoric to the truth and will vote aye on this
     bill.
19
20
                  Thank you, Madam President.
21
                  ACTING PRESIDENT SAVINO:
     there any other members wishing to speak?
22
23
                  Senator Stavisky on the bill.
24
                  SENATOR STAVISKY:
                                       Thank you.
                                                   On
25
     the bill.
```

```
1
                  When I watch hockey clips on the
 2
     sports part of the news at night, I turn away,
 3
     because I think the violence in hockey should be
     eliminated. I don't like violent sports at all.
 4
 5
                  But I don't believe that I should
     impose my opinion and my judgment on other
 6
 7
     people. I vote aye.
 8
                  ACTING PRESIDENT SAVINO:
                                              Are
 9
     there any other members wishing to speak on the
10
     bill?
                  The Secretary will ring the bells.
11
12
                  Read the last section.
13
                  THE SECRETARY: Section 7.
                                                This
     act shall take effect on the 90th day.
14
15
                  ACTING PRESIDENT SAVINO:
                                              Call the
16
     roll.
17
                  (The Secretary called the roll.)
18
                  ACTING PRESIDENT SAVINO:
                                              Senator
19
     Robach to explain his vote.
20
                  SENATOR ROBACH:
                                    Yes, Madam
21
     President, just quickly to explain my vote.
22
                   New York State has really been the
23
     center for sports, entertainment, tourism for a
     long time. And I want to applaud Senator Griffo
24
25
     for continuing to move this bill forward.
```

1 You know, right now all this 2 entertainment, this sport can be piped into your home, cabled into your home and watched, yet we 3 4 can't have it here live at Madison Square 5 Garden, Turning Stone Casino, anywhere else. I think the time has long come, if 6 7 we want to talk about tourism, entertainment, 8 keeping New York number one, that we should definitely pass this bill and give those that 9 10 wish to participate, watch it, the option of their own free will. 11 12 And hopefully this bill will accomplish that as well as many of the other 13 things Senator Parker talked about in terms of 14 15 monitoring and regulating that. I think it will do all those things. So I am happy to cast my 16 vote in the affirmative. 17 18 Thank you, Madam President. ACTING PRESIDENT SAVINO: 19 Senator Robach to be recorded in the affirmative. 20 21 Senator Zeldin to explain his vote. 22 SENATOR ZELDIN: I too rise in favor of this bill. I commend Senator Griffo 23 for his efforts. 24 25 For anyone who might be concerned

about whether or not the sport should be legalized for the safety, I would advocate for voting in favor of this bill. We have mixed martial arts right now in New York State. And I think a lot of people, you know, may not realize that. The amateur bouts are taking place all the time legally here in New York.

So this bill actually is a bill to make the sport safer. But this isn't a vote as to whether or not to have mixed martial arts in New York. We already have mixed martial arts in New York.

We also have a couple of professional titleholders: John Jones, from Rochester; we have Chris Weidman, from Baldwin. And they want the opportunity in front of their home state to be in Madison Square Garden defending their titles, with the entire country and world watching, eyes on this state.

But again, if anyone is concerned about health, I would advocate for voting in favor of this bill, because it makes the sport safer. Right now people are fighting others who haven't gotten the appropriate medical tests, there aren't the right doctors at the side, on

the ring. So if we legalize it and we have more 1 2 rules, we'll actually be doing a better job to protect our fighters. 3 4 So thank you to Sensei Griffo, who 5 did a great job defending his title for the fourth year in a row here in the Senate. 6 7 Hopefully we can pass this bill to give the opportunities to people like Chris Weidman and 8 John Jones to defend their titles in Madison 9 10 Square Garden. 11 I vote aye. 12 ACTING PRESIDENT SAVINO: Senator Zeldin to be recorded in the affirmative. 13 Senator Díaz to explain his vote. 14 15 SENATOR DIAZ: Thank you, 16 Madam President. 17 Madam President, let me quote a 18 biblical passage. He says -- the Lord is 19 speaking, saying that He would prefer you to be 20 in the left or in the right, but those in the 21 center he hate. And when I hear Senator Stavisky 22 saying I personally don't like violence and 23 don't like those kind of sports, but I will not 24 25 put my personal opinion, my personal preference,

```
so I vote yes -- that's what she said -- and I
 1
 2
     hear politicians, elected officials saying, I
 3
     don't like this personally but I don't want to
 4
     impose my personal preference -- you know,
 5
     you've got to stand for something in this life.
     You get elected, you should be -- you've got to
 6
 7
     stand for something. I like it or I don't like
 8
     it.
 9
                  But when you say, I don't like it
10
     but I -- this is something so -- that I -- you
     know, make me -- so please, stand for something.
11
12
     Be somebody. Forget about all those groups that
13
     are always trying to manipulate, manipulate you,
14
     or those PR companies. What's the name of the
15
     PR company? Yeah, those PR lobbyists. Forget
     about those things.
16
                  So I don't like this kind of sport.
17
18
     It's dangerous, it's vicious, it's something
19
     that human beings should not be put to. And
20
     because this is my opinion, because I don't like
     it, because I feel it is outrageous to support
21
     this kind of business, I am voting no. Proudly,
22
     loudly, definitely no.
23
24
                  Thank you.
25
                  ACTING PRESIDENT SAVINO:

1 Díaz to be recorded in the negative. 2 Are there any other members wishing to explain their vote? 3 4 Senator Kennedy. 5 SENATOR KENNEDY: Thank you very much, Madam President. 6 7 This is the fourth year in a row that we are passing this legislation in these 8 The time to move on this legislation 9 chambers. 10 is now. It's about time. 11 You know, we're watching the rest of the nation benefit from this sport, this 12 highly regulated, highly popular sport. And 13 14 this is something that New York State needs to 15 act on with some immediacy. We only have several weeks left in this legislative session. 16 And I'm proud that we've moved this with some 17 18 expediency through this legislative process. 19 You know, I was actually in 20 California visiting my brother, who's a border patrolman in San Diego, and it was the night of 21 22 an MMA fight. And we were out in the street watching people pour into the local restaurants 23 and taverns, literally. I said, "Where's 24

everybody going?" And people were running into

     these taverns, these bars, these restaurants.
 2
     And he said, "Well, there's a big fight
 3
     tonight."
 4
                  And, you know, I want them running
 5
     into the taverns and the bars and the
     restaurants in Buffalo and Cheektowaga and
 6
 7
     Lackawanna and Western New York, and Rochester,
 8
     Syracuse, Albany, New York City. You know, I
 9
     want the tens of millions of dollars that are
10
     going to come to our economy because we made the
     right decision in this chamber and the Assembly
11
     follows suit and we sign this into law.
12
13
                  Every other state in the nation is
     doing it. It's high time New York State act.
14
15
     And I proudly vote in the affirmative.
16
                  Thank you, Madam President.
17
                  ACTING PRESIDENT SAVINO:
                                              Senator
18
     Kennedy to be recorded in the affirmative.
19
                  Senator Stavisky to explain her
20
     vote.
21
                  SENATOR STAVISKY:
                                       No, I just want
     to explain my vote to my colleague.
22
23
                  (Laughter.)
                  SENATOR STAVISKY:
24
                                      Let me be very

     don't think we're about to ban hockey or
 2
     football or any of the other sports that attract
 3
     widespread attention.
 4
                  Secondly, I think there are
 5
     sufficient controls to make sure that it becomes
     no more violent than the other sports. And that
 6
 7
     is the reason why I am voting in the
 8
     affirmative.
 9
                  ACTING PRESIDENT SAVINO:
                                              Senator
10
     Stavisky to be recorded in the affirmative.
                  Are there any other members wishing
11
12
     to explain their votes?
13
                  Seeing none, announce the results.
                  THE SECRETARY:
                                    In relation to
14
15
     Calendar 422, those recorded in the negative are
16
     Senators Bonacic, Breslin, Díaz, Felder, Gipson,
     Hoylman, Krueger, Lanza, LaValle, Marcellino,
17
18
     Montgomery, Perkins, Sanders, Savino,
19
     Stewart-Cousins, Tkaczyk, and Young.
20
                  Ayes, 43. Nays, 17.
21
                  ACTING PRESIDENT SAVINO:
                                              The bill
     is passed.
22
                  Senator Libous, that completes the
23
     reading of the controversial calendar.
24
25
                  SENATOR LIBOUS:
                                     Yes, Madam

President. Is there any further business at the
 1
 2
     desk?
 3
                  ACTING PRESIDENT SAVINO:
                                              There is
     no further business at the desk.
 4
 5
                  SENATOR LIBOUS: There being no
     further business, I move that the Senate adjourn
 6
 7
     until Wednesday, May 14th, at 10:00 a.m.
 8
                  But if I should have the
 9
     opportunity here before everybody runs out, the
     sooner folks get here at 10:00 and get checked
10
     in, the sooner we can move along. So let's get
11
     checked in so we have folks here and we'll move
12
     along nicely.
13
                  ACTING PRESIDENT SAVINO:
14
15
     motion, the Senate stands adjourned until
16
     tomorrow, May 14th, at 10:00 a.m.
17
                  And I would ask everyone to please
18
     proceed to the Legislative Office Building for
     the Women of Distinction event.
19
20
                  Senate stands adjourned.
21
                  (Whereupon, at 5:25 p.m., the
22
     Senate adjourned.)
