AN ACT making appropriations for the support of government

AID TO LOCALITIES BUDGET

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. a) The several amounts specified in this chapter for aid to localities, or so much thereof as shall be sufficient to accomplish the purposes designated by the appropriations, are hereby appropriated and authorized to be paid as hereinafter provided, to the respective public officers and for the several purposes specified.

b) Where applicable, appropriations made by this chapter for expenditures from federal grants for aid to localities may be allocated for spending from federal grants for any grant period beginning, during, or prior to, the state fiscal year beginning on April 1, 2021 except as otherwise noted.

c) The several amounts named herein, or so much thereof as shall be sufficient to accomplish the purpose designated, being the undisbursed and/or unexpended balances of the prior year's appropriations, are hereby reappropriated from the same funds and made available for the same purposes as the prior year's appropriations, unless herein amended, for the fiscal year beginning April 1, 2021. Certain reappropriations in this chapter are shown using abbreviated text, with three leader dots (an ellipsis) followed by three spaces (... ) used to indicate where existing law that is being continued is not shown. However, unless a change is clearly indicated by the use of brackets [ ] for deletions and underscores for additions, the purposes, amounts, funding source and all other aspects pertinent to each item of appropriation shall be as last appropriated.

For the purpose of complying with the state finance law, the year, chapter and section of the last act reappropriating a former original appropriation or any part thereof is, unless otherwise indicated, chapter 53, section 1, of the laws of 2020 and, for the department of health, chapter 50, section 3, of the laws of 2020.

d) No moneys appropriated by this chapter shall be available for payment until a certificate of approval has been issued by the director of the budget, who shall file such certificate with the department of audit and control, the chairperson of the senate finance committee and the chairperson of the assembly ways and means committee.

e) Notwithstanding any provision contained herein or any other law to the contrary, if, during the 2021-22 fiscal year, the budget is deemed unbalanced, the budget director shall withhold all or some of the amounts appropriated herein, including amounts that are to be paid on
specific dates prescribed in law or regulation, in an amount equal to
such imbalance. Such withholds shall be done uniformly across-the-board
to the extent practicable or by specific appropriations as needed. The
following types of appropriations shall be exempt from withholds made
pursuant to this provision: (a) public assistance payments for families
and individuals and payments for eligible aged, blind and disabled
persons related to supplemental social security; (b) any reductions that
would violate federal law; (c) payments of debt service and related
expenses for which the state is constitutionally obligated to pay debt
service or is contractually obligated to pay debt service, subject to an
appropriation, including where the state has a contingent contractual
obligation; (d) payments for school aid, and (e) payments the state is
obligated to make pursuant to court orders or judgments. To the extent
the State is obligated to make payment to any individual or entity
pursuant to any appropriation contained herein, such obligation shall be
reduced commensurate with the amount of payments withheld by the
director of the budget pursuant to this provision, and provided further
that none of the interest or notification requirements established in
Articles 11-A or 11-B of the State finance law shall be applicable in
the event of such reduction. For purposes of this provision, the budget
shall be deemed unbalanced in the event that, as of August 31, 2021, the
State receives less than $3,000,000,000 in unrestricted federal aid
intended to compensate the State for the direct and indirect economic,
financial, and social effects of the COVID-19 pandemic or for any other
reason similar thereto. No later than five days prior to the beginning
of each month, the director of the budget shall provide notification of
payments that are expected to be withheld in such month pursuant to this
provision to the president pro tempore of the senate and the speaker of
the assembly. No later than seven days after month end, the director of
the budget shall provide notification of payments that have been
withheld pursuant to this provision to the president pro tempore of the
senate and the speaker of the assembly.

f) Notwithstanding any provision of law to the contrary, prior to the
expenditure of any funds received by the Federal government in response
to the COVID-19 public health emergency pursuant to the authority grant-
ed in any appropriation set forth herein, the director of the budget may
require that the agency or public authority making such expenditures
submit an allocation plan to the director of the budget for approval.
Approved allocation plans shall be provided to the president pro tempore
of the senate and the speaker of the assembly within 30 days of
approval. Such allocation plan must comport with any minimum Federal
requirements for the expenditure of such funds.

g) Notwithstanding any provision of law to the contrary, for purposes
of any appropriation made by this chapter which authorizes spending in
an amount net of refunds, rebates, reimbursements, credits, repayments,
and/or disallowances, "refunds" shall mean funds received to the state
resulting from the overpayment of monies, "rebates" shall mean funds
received to the state resulting from a return of a full or partial
amount previously paid, as for goods or services, serving as a
reduction, discount or rebate to the original payment amount,
"reimbursements" shall mean funds received to the state as repayment in
an equivalent amount for goods or services, including but not limited to
personal service costs, incurred by the state in the first instance
being provided to a third party for their benefit and partially or in
full financed by such third party, "credit" shall mean monies made
available to the state that reduce the amount owed to a third party,
including but not limited to billing errors, rebates, and prior overpay-
ments, "repayment" shall mean the return of monies as pay back for
expenses incurred, and "disallowance" shall mean monies made available
to the state that were not allowed or accepted officially by the
intended recipient, based on a determination the payment is not accepta-
ble and/or valid. When the office of the state comptroller receives any
such refunds, rebates, reimbursements, credits, repayments, and/or
disallowances, he or she shall credit the refunded, rebated, reimbursed,
credited, repaid, and disallowed amount back to the original appropri-
ation and reduce expenditures in the year which such credit is received
regardless of the timing of the initial expenditure.

h) Notwithstanding any other provision of law to the contrary, if the
state or any agency thereof incurs any costs associated with adminis-
tering the rent regulation program in accordance with subdivision (c) of
section 8 of chapter 576 of the laws of 1974, as amended, for a city
having a population of one million or more, the director of the budget
may direct any other state agency or agencies making payments to such
city, or any department, agency, or instrumentality thereof, to perma-
nently reduce the amount of any other payment or payments owed to such
city or any department, agency, or instrumentality thereof pursuant to
any appropriation set forth in this chapter. Provided however, that such
reduction shall be in an amount equal to the costs incurred by the state
or agency thereof in accordance with subdivision (c) of section 8 of
chapter 576 of the laws of 1974 and provided further that such direction
shall be made in writing by the director of the budget. If the director
of the budget makes such direction pursuant to the authority set forth
herein, the impacted city shall not make the payments required by subdi-
vision (c) of section 8 of chapter 576 of the laws of 1974, as amended,
and the division of housing and community renewal shall notify such city
in writing of what payment or payments will be reduced and the amount of
such reduction. To the extent a city of one million or more or any
department, agency, or instrumentality thereof is entitled to any cash
disbursement authorized by any appropriation contained in this chapter,
such entitlement shall be reduced commensurate with reductions in
payments made in accordance with this part.

i) Notwithstanding any provision of law to the contrary, upon enact-
ment of this chapter of the laws of 2021 containing the aid to locali-
ties budget bill for the state fiscal year 2021-2022, all appropriations
and reappropriations contained in chapter 53 of the laws of 2020, which
would otherwise lapse by operation of law on March 31, 2022 are hereby
repealed.

j) Notwithstanding any provision contained herein or any other law to
the contrary, the budget director may withhold all or some of the
amounts appropriated herein, including amounts that are to be paid on
specific dates prescribed in law or regulation, from any local
government entity which has a police agency operating with police
officers as defined under 1.20 of the criminal procedure law who, by
April 1, 2021, fails to submit to the budget director the certification
required by Executive Order 203 issued on June 12, 2020 and titled "New
York State Police Reform and Reinvention Collaborative". The Director of
the Budget shall discontinue any withholds made pursuant to this
provision upon receipt of the certification required by Executive Order
203. To the extent the State is obligated to make payment to any local
government entity which has a police agency operating with police
officers as defined under 1.20 of the criminal procedure law pursuant to
any appropriation contained herein, such obligation shall be reduced
commensurate with the amount of payments withheld for the amount of time
such payments are withheld by the director of the budget pursuant to
this provision.

k) The appropriations contained in this chapter shall be available for
the fiscal year beginning on April 1, 2021 except as otherwise noted.

For the purposes of this appropriation, the services aid reduction shall be the lesser of (1) the positive difference of the amount set forth for each school district as "COVID-19 SUPPL. Notwithstanding any inconsistent provision
of law, for all school districts, the
apportionment of general support for
public schools for the 2021-22 school year

Provided further that if a school district fails to submit a statement that is complete and in the format required on or before September 3, 2021 or if the commissioner of education or director of the budget determine the school district's spending statement to be noncompliant, a written explanation shall be provided and the school district will have 30 days to cure.

Provided further that where the comptroller or chief financial officer exercises the authority to submit such form, such submission shall occur within 60 days following notification of the school district's failure to cure.

Provided further that nothing in the preceding paragraph shall preclude a school district from submitting a spending statement for approval by the director of the budget and the commissioner of education at any time.

The commissioner of education shall have 30 days from the receipt of such evidence to confirm whether the school district has complied with the requirements of chapter 89 of the laws of 2016 and shall determine whether such funds were spent in conformance with the provisions of such chapter. Upon finding compliance and determining that the funds were properly expended, the commissioner shall certify the amount of the approved expenditures to the state comptroller for payment no later than 60 days after such determinations. The board of education in consultation with the monitor or monitors shall submit the school district's proposed budget for the next succeeding school year to the commissioner no later than 45 days before the date scheduled for the school district's budget vote. The commissioner shall review the budget to ensure that it, to the greatest extent possible, expands educational programming for students including but not limited to extracurricular activities, course offerings, non-mandated support services, non-mandated art and music classes, programs and services for English language learners and students with disabilities, and maintaining class size. The commissioner shall also review the proposed budget to ensure that it is balanced within the context of revenue and expenditure estimates and mandated programs. The commissioner shall present his or her findings to the board of education no later than 30 days prior to the date scheduled for the school district's budget vote. The board of education shall make adjustments to the proposed budget consistent with any recommendations made by the commissioner. Notwithstanding any inconsistent provision of law, the amount appropriated herein, shall be available under a foster care block grant for state reimbursement of eligible social services district expenditures for the provision and administration of foster care services including care, maintenance, supervision, and tuition; for supervision of foster children placed in federally funded job corps programs; for care, maintenance, supervision, and tuition for adjudicated juvenile delinquents placed in residential programs operated by authorized agencies and in out-of-state residential programs; for the provision and administration of the kinship guardian assistance program including kinship guardianship assistance payments and payments for non-recurring guardianship expenses and eligible expenditures associated with local compliance with the federal Family First Prevention Services Act (P.L. 115-123); except that, reimbursement from the amount appropriated herein shall not be available for tuition expenditures for foster children, including persons in need of supervision and adjudicated juvenile delinquents, made by a social services district located within a city having a population of one million or more.

Notwithstanding any other provision of law, a portion of the funds are available to reimburse social services districts for the change in the maximum state aid rates established by the office of children and family services for the 2021-22 rate year pursuant to section 398-a of the social services law and sections 4003 and 4405 of the education law to reflect the continuation of the cost of living adjustments that became effective April 1, 2008 for payments made to foster parents and for
salary and fringe benefit costs and other
critical nonpersonal services costs for
foster care programs as determined by the
office. Social services districts must
adjust the amount of payments made for
care provided by congregate care and
foster boarding home programs and to
foster parents to reflect the cost of
living adjustments in the manner specified
by the office. Each authorized agency
operating a congregate care or foster
boarding home program in New York state
for which the office sets a maximum state
aid rate pursuant to section 398-a of the
social services law or section 4003 or
4405 of the education law shall submit, at
the time and in a manner to be determined
by the office, a written certification,
attesting that the funds received for the
continuation of the cost of living adjust-
ment to the maximum state aid rate that
became effective April 1, 2008 for that
program will be or were used solely in
accordance with the requirements of the
cost of living adjustment established by
the office.
Notwithstanding any inconsistent provision
of law, for the period commencing on April
1, 2021 and ending March 31, 2022 the
commissioner shall not apply any cost of
living adjustment for the purpose of
establishing rates of payments, contracts
or any other form of reimbursement.
Within the amounts appropriated herein,
state reimbursement to each social
services district for services identified
herein that are otherwise reimbursable by
the state from April 1, 2021 through March
31, 2022 shall be limited to a district
allocation, hereinafter referred to as the
district's block grant allocation.
Notwithstanding any other provision of
law, such block grant allocation shall be
based, in part, on each district's claims
for such costs, adjusted by the applicable
cost allocation methodology and net of any
retroactive payments for the 12 month
period ending June 30, 2020 that are
submitted on or before January 2, 2021
and, in part, on such other factors as
determined by the office of children and
family services and approved by the direc-
tor of the budget. Any portion of a social
services district's allocation from funds
appropriated herein not claimed by such
district during the state fiscal year may
be used by such district for expenditures
on preventive services provided pursuant
to section 409-a of the social services
law, independent living services and
aftercare services provided pursuant to
regulations of the department of family assistance, claimed by such district during the next state fiscal year up to the amount remaining from the district's foster care block grant allocation, provided however, that any claims for such services during the next state fiscal year in excess of such amount shall be subject to 62 percent state reimbursement exclusive of any federal funds made available for such purposes, in accordance with directives of the department of family assistance and subject to the approval of the director of the budget. Any claims submitted by a social services district for reimbursement for a particular state fiscal year for which the social services district does not receive state or federal reimbursement during that state fiscal year may not be claimed against that district's block grant apportionment for the next state fiscal year.

The office of children and family services, with the approval of the director of the budget, may reduce a district's block grant allocation by the state share decrease related to federal retroactive reimbursement for such foster care services identified herein. The office, with the approval of the director of the budget, may reduce a district's block grant allocation by the state share of disallowances or sanctions taken against the district pursuant to the social services law or federal law.

Notwithstanding any other provision of law, the state shall not be responsible for reimbursing a social services district and a district shall not seek state reimbursement for any portion of any state disallowance or sanction taken against the social services district, or any federal disallowance attributable to final federal agency decisions or to settlement made, on or after July 1, 1995, when such disallowance or sanction results from the failure of the social services district to comply with federal or state requirements, including, but not limited to, failure to document eligibility for federal or state funds in the case record; provided, however, if the office determines that any federal disallowance for services provided between January 1, 1999 and May 31, 1999 results solely from the late enactment of the state legislation implementing the federal adoption and safe families act, the state shall be solely responsible for the full amount of the disallowance or sanction; provided, further, however, this provision shall be deemed to apply both
prospectively and retroactively regardless of whether such sanctions or disallowances are for services provided or claims made prior to or after April 1, 2021.

Notwithstanding any other provision of law, any federal disallowance resulting from a federal title IV-E eligibility review or audit that uses extrapolated statistic techniques shall be passed along by the state to any and all social services districts that the office of children and family services has determined have not complied with the title IV-E eligibility requirements or have not taken the necessary actions to ensure compliance with such requirements including, but not limited to, failing to: assess and fully document all the criteria and have readily available all the necessary documents to establish and continue title IV-E eligibility for all title IV-E eligible children within the required time frames; claim title IV-E funding only for cases that meet all of the title IV-E eligibility criteria; and fully implement the social services payment system on or before April 1, 2005 for all direct and voluntary agency foster care services.

Notwithstanding any law to the contrary, the office of children and family services shall impose on social services districts any federal disallowance issued against the state as a result of a federal title IV-E secondary eligibility review regardless of the date the children may have entered foster care, the date the eligibility or payment errors occurred, or the filing date of any federal claims for reimbursement; provided, however, that the state shall be responsible for the disallowed costs and expenditures related to the placement of children in a facility operated by the office of children and family services, which shall be determined in the same manner as the disallowed costs and expenditures for social services districts other than the city of New York.

In order to reimburse the federal government for the full amount of any disallowance imposed on the state by the federal administration for children and families within the timeframes necessary to avoid any potential interest payments on such amount, the office of children and family services is authorized to immediately offset funds otherwise due to each district for a pro rata share of the total disallowed costs based on the percentage of applicable federal title IV-E claims made by that district for the relevant time period as compared to the total
applicable statewide title IV-E claims. The amount of the offset against each
district will be adjusted, if necessary, upon completion of the disallowance allo-
cation process. The final allocation of the amount of any federal disallowance
resulting from a title IV-E secondary eligibility review shall be allocated
among the districts so that each district shall be responsible for the amount
attributable to each of the district's children or cases that are determined by
the federal review to be unallowable. Each district shall also be responsible for a
portion of the federal extrapolated disallowance amount based on the relative error
rate for the district. The city of New York's error rate will be based on the
federal sample and federal statistics. For all social services districts other than
the city of New York, the error rate will be based on a review conducted by the
district of a sample of children and/or cases determined by the office of children
and family services and a re-review of a sub-sample by the office of those children
and/or cases determined by the office. The office of children and family services
will determine what is reasonable in establishing the size of the sample and
sub-sample for each district. The office of children and family services shall
notify each social services district of the sample of children and/or cases from
the federal audit period that the social services district must review. Any child
or case from the social services district that was included in the federal sample
will automatically be included in the social services district's review sample
and the determination made at the federal review regarding that child or case will
govern for the purposes of the social services district's review. The social
services district must complete and submit the results of its review to the office of
children and family services within 60 days of receipt of the sample. The error
rate for the district will be based on the findings of the district's review and the
office of children and family services' re-review. If a social services district
does not complete its review within 60 days of receiving the sample from the
office of children and family services, the office of children and family services
shall assign an error rate to the social services district based on the relative
percentage of the district's applicable title IV-E claims for the relevant period
as compared to applicable statewide title
IV-E claims for that period and other circumstances that the office of children and family services may consider in order to allocate 100 percent of the federal disallowance. The office of children and family services shall apply each social services district's error rate to the total amount of the district's applicable title IV-E claims including associated administrative expenses. The resulting dollar amounts for all of the social services districts will be summed to derive the total amount of title IV-E claims deemed to be in error statewide. To establish a disallowance percentage for each social services district, the amount of the district's title IV-E claims deemed to be in error will be divided by the amount of statewide title IV-E claims deemed to be in error. The resulting disallowance percentage for each district will be applied to the entire title IV-E extrapolated disallowance calculated by the federal review to determine the amount of the extrapolated disallowance for which the district is responsible. Each district will be credited for the amount already disallowed for any individual children or cases found to be in error during the federal review. The exclusive appeal rights for the review of the amount of the federal disallowance assigned to each social services district shall be pursuant to article 78 of the civil practice law and rules; provided, however, that in any such action all of the social services districts shall be joined as necessary parties and the venue of any such action shall be in Rensselaer county. Any social services district that fails to complete its sample review in the required time frames shall have no right to appeal and shall not be a necessary party to any action brought by another social services district.

The money hereby appropriated is to be available for payment of state aid heretofore accrued or hereafter to accrue to municipalities. Subject to the approval of the director of the budget, such funds shall be available to the office net of disallowances, refunds, reimbursements, and credits. Notwithstanding any inconsistent provision of law, the amount herein appropriated may be transferred to any other appropriation within the office of children and family services and/or the office of temporary and disability assistance and/or suballocated to the office of temporary and disability assistance for the purpose of
paying local social services districts' costs of the above program and may be increased or decreased by interchange with any other appropriation or with any other item or items within the amounts appropriated within the office of children and family services general fund - local assistance account with the approval of the director of the budget who shall file such approval with the department of audit and control and copies thereof with the chairman of the senate finance committee and the chairman of the assembly ways and means committee.

Notwithstanding any inconsistent provision of law, in lieu of payments authorized by the social services law, or payments of federal funds otherwise due to the local social services districts for programs provided under the federal social security act or the federal food stamp act, funds herein appropriated, in amounts certified by the state comptroller or the state commissioner of health as due from local social services districts each month as their share of payments made pursuant to section 367-b of the social services law may be set aside by the state comptroller in an interest bearing account with such interest accruing to the credit of the locality in order to ensure the orderly and prompt payment of providers under section 367-b of the social services law pursuant to an estimate provided by the commissioner of health of each local social services district's share of payments made pursuant to section 367-b of the social services law.

Notwithstanding the provisions of any other law to the contrary, the office of children and family services may, on behalf of social services districts, make payments to foster boarding homes paid directly by social services districts by direct deposit or debit card. Local social services districts shall reimburse the office for the costs of administering such direct deposit or debit card payments.

Notwithstanding any inconsistent provision of the social services law or the state finance law, the office of children and family services shall, on a quarterly basis, request that the office of temporary and disability assistance reimburse the office of children and family services for the non-federal share of the costs of administering such direct deposit or debit card payments to capture the local share of such costs.

Notwithstanding any other provision of law to the contrary, amounts due and owing to

a social services district under this appropriation, may be reduced up to such amounts due and owing to the state under section 529 of the executive law (13997). Notwithstanding any inconsistent provision of law, the amount appropriated herein shall be made available to reimburse 62 percent of eligible social services district expenditures that are claimed by March 31, 2022 for child welfare services which shall include and be limited to preventive services provided pursuant to section 409-a of the social services law other than community optional preventive services, child protective services, independent living services, after-care services as defined in regulations of the department of family assistance, and adoption administration and services, other than adoption subsidies provided pursuant to title 9 of article 6 of the social services law and regulations of the department of family assistance incurred on or after October 1, 2020 and before October 1, 2021 and that are otherwise reimbursable by the state on or after April 1, 2021, after first deducting therefrom any federal funds properly received or to be received on account thereof upon certification by the social services district that it will not be using these funds to supplant other state and local funds and that the district will not submit claims for reimbursement under this appropriation for the same type and level of services that the county previously provided and claimed under any contract in existence on October 1, 2002 as other than child protective, preventive, independent living, after care or adoption services or adoption administration. Provided however, notwithstanding sections 409-a and 366 of the social services law or any other provision of law to the contrary, for the 2021-22 fiscal year, the state's liability for payments required by sections 409-a and 366 of the social services law and recipients' entitlement to such payments shall be capped at 95 percent of 62 percent of the amounts eligible for payment to social services districts.

The money hereby appropriated is to be available for payment of state aid heretofore accrued or hereafter to accrue to municipalities. Subject to the approval of the director of the budget, such funds shall be available to the office net of disallowances, refunds, reimbursements, and credits; provided, however, that notwithstanding any other provision of

Notwithstanding any inconsistent provision
of law, in lieu of payments authorized by
the social services law, or payments of
federal funds otherwise due to the local
social services districts for programs

herein appropriated, in amounts certified

pursuant to an estimate provided by the
commissioner of health of each local
social services district's share of
payments made pursuant to section 367-b of
the social services law.
The amounts appropriated herein shall be
available for reimbursement of local
district claims only to the extent that
such claims are submitted within twenty-
four months of the last day of the state
fiscal year in which the expenditures were

of law, for the period commencing on April

FAMILY AND CHILDREN'S SERVICES PROGRAM  
General Fund  
Local Assistance Account - 10000  
The appropriation made by chapter 53, section 1, of the laws of 2020, is hereby amended and reappropriated to read:  
Notwithstanding any inconsistent provision of law, the amount appropriated herein, shall be available under a foster care block grant for state reimbursement of eligible social services district expenditures for the provision and administration of foster care services including care, maintenance, supervision, and tuition; for supervision of foster children placed in federally funded job corps programs; for care, maintenance, supervision, and tuition for adjudicated juvenile delinquents placed in residential programs operated by authorized agencies and in out-of-state residential programs; and for the provision and administration of the kinship guardian assistance program including kinship guardianship assistance payments and payments for non-recurring guardianship expenses; except that, reimbursement from the amount appropriated herein shall not be available for tuition expenditures for foster children, including persons in need of supervision and adjudicated juvenile delinquents, made by a social services district located within a city having a population of one million or more.  
Notwithstanding any other provision of law, a portion of the funds are available to reimburse social services districts for the change in the maximum state aid rates established by the office of children and family services for the 2020-21 rate year pursuant to section 398-a of the social services law and sections 4003 and 4405 of the education law to reflect the continuation of the cost of living adjustments that became effective April 1, 2008 for payments made to foster parents and for salary and fringe benefit costs and other critical nonpersonal services costs for foster care programs as determined by the office. Social services districts must adjust the amount of payments made for care provided by congregate care and foster boarding home programs and to foster parents to reflect the cost of living adjustments in the manner specified by the office. Each authorized agency operating a congregate care or foster boarding home program in New York state for which the office sets a maximum state aid rate pursuant to section 398-a of the social services law or section 4003 or 4405 of the education law shall submit, at the time and in a manner to be determined by the office, a written certification, attesting that the funds received for the continuation of the cost of living adjustment to the maximum state aid rate that became effective April 1, 2008 for that program will
be or were used solely in accordance with the requirements of the

Notwithstanding any inconsistent provision of law, for the period
commencing on April 1, 2020 and ending March 31, 2021 the
commissioner shall not apply any cost of living adjustment for the
purpose of establishing rates of payments, contracts or any other
form of reimbursement.

Within the amounts appropriated herein, state reimbursement to each
social services district for services identified herein that are
otherwise reimbursable by the state from April 1, 2020 through March
31, 2021 shall be limited to a district allocation, hereinafter
referred to as the district's block grant allocation.

Notwithstanding any other provision of law, such block grant
allocation shall be based, in part, on each district's claims for
such costs, adjusted by the applicable cost allocation methodology
and net of any retroactive payments for the 12 month period ending
June 30, 2019 that are submitted on or before January 2, 2020 and,
in part, on such other factors as determined by the office of
children and family services and approved by the director of the
budget. Any portion of a social services district's allocation from
funds appropriated herein not claimed by such district during the
state fiscal year may be used by such district for expenditures on
preventive services provided pursuant to section 409-a of the social
services law, independent living services and aftercare services
provided pursuant to regulations of the department of family
assistance, claimed by such district during the next state fiscal
year up to the amount remaining from the district's foster care
block grant allocation, provided however, that any claims for such
services during the next state fiscal year in excess of such amount
shall be subject to 62 percent state reimbursement exclusive of any
federal funds made available for such purposes, in accordance with
directives of the department of family assistance and subject to the
approval of the director of the budget. Any claims submitted by a
social services district for reimbursement for a particular state
fiscal year for which the social services district does not receive
state or federal reimbursement during that state fiscal year may not
be claimed against that district's block grant apportionment for the
next state fiscal year.

The office of children and family services, with the approval of the
director of the budget, may reduce a district's block grant
allocation by the state share decrease related to federal
retroactive reimbursement for such foster care services identified
herein. The office, with the approval of the director of the budget,
may reduce a district's block grant allocation by the state share of
disallowances or sanctions taken against the district pursuant to
the social services law or federal law.

Notwithstanding any other provision of law, the state shall not be
responsible for reimbursing a social services district and a
district shall not seek state reimbursement for any portion of any
state disallowance or sanction taken against the social services
district, or any federal disallowance attributable to final federal
agency decisions or to settlement made, on or after July 1, 1995,
when such disallowance or sanction results from the failure of the
social services district to comply with federal or state
requirements, including, but not limited to, failure to document
eligibility for federal or state funds in the case record; provided,
however, if the office determines that any federal disallowance for
services provided between January 1, 1999 and May 31, 1999 results
solely from the late enactment of the state legislation implementing
the federal adoption and safe families act, the state shall be
solely responsible for the full amount of the disallowance or
sanction; provided, further, however, this provision shall be deemed
to apply both prospectively and retroactively regardless of whether
such sanctions or disallowances are for services provided or claims
made prior to or after April 1, 2020.

Notwithstanding any other provision of law, any federal disallowance
resulting from a federal title IV-E eligibility review or audit that
uses extrapolated statistic techniques shall be passed along by the
state to any and all social services districts that the office of
children and family services has determined have not complied with
the title IV-E eligibility requirements or have not taken the
necessary actions to ensure compliance with such requirements
including, but not limited to, failing to: assess and fully document
all the criteria and have readily available all the necessary
documents to establish and continue title IV-E eligibility for all
title IV-E eligible children within the required time frames; claim
title IV-E funding only for cases that meet all of the title IV-E
eligibility criteria; and fully implement the social services
payment system on or before April 1, 2005 for all direct and
voluntary agency foster care services.

Notwithstanding any law to the contrary, the office of children and
family services shall impose on social services districts any
federal disallowance issued against the state as a result of a
federal title IV-E secondary eligibility review regardless of the
date the children may have entered foster care, the date the

error rate will be based on a review conducted by the district of a
sample of children and/or cases determined by the office of children
and family services and a re-review of a sub-sample by the office of
those children and/or cases determined by the office. The office of
children and family services will determine what is reasonable in

The appropriation made by chapter 53, section 1, of the laws of 2018, is 14
hereby amended and reappropriated to read:

Notwithstanding any other provision of law, the amount appropriated 16
herein shall be available to reimburse for 98 percent of 65 percent
of eligible social services district expenditures that are claimed 18
by March 31, 2019 for those community preventive services provided
from October 1, 2017 through September 30, 2018 at a cost that does
not exceed the cost that was in effect on October 1, 2008 and that a
social services district can demonstrate had been approved by the
office of children and family services on or before October 1, 2008;
provided, however, that if insufficient funds be available to
provide state reimbursement for 98 percent of 65 percent of such
costs, reimbursement shall be made proportionally to each district
based on the percentage of their total eligible claims to the amount
appropriated; and, provided further, however, that if the amount
appropriated exceeds the amount of funds necessary to reimburse 98
percent of 65 percent of the eligible social services district
expenditures, the office may, to the extent funds are available,
provide reimbursement for 98 percent of 65 percent of eligible
social services district expenditures for new community preventive
services programs approved by the office and only up to the amounts
approved by the office. A local social services district seeking
federal and/or state reimbursement for community preventive services
provided on or after October 1, 2017 must submit claims that separ-

at such times as are required by the department of family assistance
and that information regarding outcome based measures that demon-
strate quality of services provided and program effectiveness be

amount appropriated herein, up to $1 million may be used to provide
additional funding to an eligible program or programs with evalua-

private monetary support as determined by the office of children and
family services and approved by the director of the budget (13999)

for home and community based waiver services provided in accordance
with subdivision 9 of section 366 of the social services law as
authorized by selected social services districts which choose to use
preventive services funds to support such costs and to authorize the
office of temporary and disability assistance to intercept funds
otherwise due to the districts to provide the 38.9 percent local
share of such preventive services expenditures.

Notwithstanding any inconsistent provision of law, including section 1
of part C of chapter 57 of the laws of 2006, as amended by part I of
chapter 60 of the laws of 2014, for the period commencing on April 1, 2018 and ending March 31, 2019 the commissioner shall not apply any cost of living adjustment for the purpose of establishing rates of payments, contracts or any other form of reimbursement (14001) 6,213,000 ................................................. (re. $6,213,000) 6

For services and expenses of the office of children and family services and local social services districts for activities necessary to comply with certain provisions of the adoption and safe families act of 1997 (P.L. 105-89) and chapter 7 of the laws of 1999 and chapter 668 of the laws of 2006 requiring criminal record checks for foster care parents, prospective adoptive parents, and adult household members. Funds appropriated herein shall be made available in accordance with a plan to be developed by the commissioner of the office of children and family services and approved by the director of the budget.

Notwithstanding any other provision of law to the contrary, the following appropriation shall be net of refunds, rebates, reimbursements and credits. Funds appropriated herein shall be available for 94 percent of 98 percent of one-half of the non-federal share of the national and state fees for fingerprinting foster care parents, prospective adoptive parents, and other adult household members. Notwithstanding any inconsistent provision of law, and pursuant to chapter 7 of the laws of 1999 and chapter 668 of the laws of 2006, local social services districts shall reimburse the commissioner of the office of children and family services for an amount equal to 53.94 percent of the non-federal share of the cost of obtaining state and national fingerprint records. Notwithstanding any inconsistent provision of law, and pursuant to chapter 7 of the laws of 1999 and chapter 668 of the laws of 2006, the commissioner of the office of children and family services shall, on behalf of local social services districts, make payments to the division of criminal justice services for processing of state and national criminal record checks and any other related costs. The commissioner shall ensure expenditures made pursuant to this provision reflect appropriate federal and local shares. The commissioner of the office of children and family services shall request that the commissioner of the office of temporary and disability assistance reimburse the commissioner of the office of children and family services in an amount equal to 53.94 percent of the nonfederal share of such payments provided that such reimbursement in payments reflects actual expenditures made on behalf of each local social services district to capture the local share of such costs.

Notwithstanding any inconsistent provision of the social services law or the state finance law, the commissioner shall, on a quarterly basis, request that the commissioner of the office of temporary and disability assistance reimburse the commissioner of the office of children and family services in an amount equal to 53.94 percent of the non-federal share of such fees to capture the local share of such fees. Such reimbursement shall occur on or before the one hundred and twentieth day following the close of the preceding quarter and shall be charged among districts based on the number of children currently placed in foster care in each local social services district provided that this methodology is revised quarterly to reflect most current available data. Amounts appropriated herein may, subject to the director of the budget, be interchanged or transferred with any other appropriation of the office of children and family services or the office of temporary and disability assistance as necessary to reimburse the state share of local social services district costs appropriated herein (14002) 1,857,000 ................................................. The money hereby appropriated is to be available for payment of state aid heretofore accrued or hereafter to accrue to municipalities. Subject to the approval of the director of the budget, the money hereby appropriated shall be available to the office net of disallowances, refunds, reimbursements, and credits.

Notwithstanding any inconsistent provision of law, the amount herein appropriated may be transferred to any other appropriation within the office of children and family services and/or the office of temporary and disability assistance and/or suballocated to the office of temporary and disability assistance for the purpose of paying local social services districts' costs of the above program and may be increased or decreased by interchange with any other appropriation or with any other item or items within the amounts appropriated within the office of children and family services general fund - local assistance account with the approval of the director of the budget who shall file such approval with the department of audit and control and copies thereof with the chairman of the senate finance committee and the chairman of the assembly ways and means committee.

Notwithstanding any inconsistent provision of law, in lieu of payments authorized by the social services law, or payments of federal funds otherwise due to the local social services districts for programs provided under the federal social security act or the federal food stamp act, funds herein appropriated, in amounts certified by the state commissioner or the state commissioner of health as due from local social services districts each month as their share of payments made pursuant to section 367-b of the social services law may be set aside by the state comptroller in an interest-bearing account with such interest accruing to the credit of the locality in order to ensure the orderly and prompt payment of providers under section 367-b of the social services law pursuant to an estimate provided by the commissioner of health of each local social services district's share of payments made pursuant to section 367-b of the social services law.

Notwithstanding section 398-a of the social services law or any other law to the contrary, the amount appropriated herein, or such other amount as may be approved by the director of the budget, shall be available for 94 percent of 98 percent of 50 percent reimbursement after deducting any federal funds available therefor to social services districts for amounts attributable to dormitory authority billings or approved refinancing of such billings which result in local social services districts' claims in excess of a local district's foster care block grant allocation. In addition, subject to the approval of the director of the budget, a portion of funds appropriated herein, or such other amount as may be approved by the director of the budget, shall be available for reimbursement related to payments made by a social services district to foster care providers subject to the provisions of section 410-i of the social
services law for expenses directly related to projects funded through the housing finance agency for those foster care providers which also received revised or supplemental rates from the applicable regulating agency to accommodate the housing finance agency payments or the refinancing of previously approved dormitory authority payments.

Notwithstanding section 398-a of the social services law or any other law to the contrary, such reimbursement shall be available for 94 percent of 98 percent of 50 percent of social services district costs, after deducting federal funds available therefor, for those social services districts' claims in excess of a social services district's foster care block grant allocation for those amounts exclusively attributable to the previously approved revised or supplemental rates. In addition, subject to the approval of the director of the budget, a portion of funds appropriated herein may also be used for payments to the dormitory authority of the state of New York for advisory services including, but not limited to, site visits and review of applications, building plans and cost estimates for voluntary agency programs for which the office of children and family services establishes maximum state aid rates and for capital projects for residential institutions for children seeking financing under paragraph b of subdivision 40 of section 1680 of the public authorities law, as amended by chapter 508 of the laws of 2006. Provided however, notwithstanding section 398-a of the social services law or any other provision of law to the contrary, for the 2021-22 fiscal year, the state's liability for payments required by section 398-a of the social services law and recipients' entitlement to such payments shall be capped at 95 percent of 46 percent of the amounts eligible for payment to social services districts (13921)...

6,620,000 ..................................... (re. $5,734,000)

For payment of state aid for services and expenses for programs pursuant to section 530 of the executive law for secure and non-secure detention services provided from January 1, 2018 to December 31, 2018; provided, however, notwithstanding the provisions of any other law to the contrary, the liability of the state and the amount to be distributed or otherwise expended by the state pursuant to section 530 of the executive law shall be determined by first calculating the amount of the expenditure or other liability pursuant to such law after taking into consideration any other limitations on the amount of such expenditure or liability set forth in the state budget for such year, and then reducing the amount so calculated by two percent of such amount. Within the amounts appropriated herein, state reimbursement shall be limited to the amount of the municipality's distribution. Notwithstanding any other provision of law, allocations shall be based on a plan developed by the office of children and family services and approved by the director of the budget and shall be based, in part, on each municipality's history of detention utilization, youth population and other factors as determined by the office. Any portion of a municipality's distribution not claimed by the municipality for reimbursement of detention expenditures made during the period January 1, 2018 through December 31, 2018 may be claimed by such municipality to reimburse 62 percent of expenditures during such period for supervision and treatment services for juveniles programs not otherwise reimbursable pursuant to chapter 58 of the laws of 2011. Notwithstanding any provision of law to the contrary, the amount appropriated herein may provide for reimbursement of up to 100 percent of the cost of care, maintenance and supervision for youth whose residence is outside the county providing the services up to the county's distribution; provided that upon such reimbursement from this appropriation, the office of children and family services shall bill, and the home county of such...
youth shall reimburse the office of children and family services, for 51 percent of the cost of care, maintenance and supervision of such youth.

Notwithstanding any law to the contrary, the office of children and family services may require that such claims and data on detention use be submitted to the office electronically in the manner and format required by the office.

Notwithstanding any law to the contrary, the office shall be authorized to promulgate regulations permitting the office to impose fiscal sanctions in the event that the office finds non-compliance with regulations governing secure and nonsecure detention facilities and to establish cost standards related to reimbursement of secure and non-secure detention services.

Notwithstanding section 51 of the state finance law and any other provision of law to the contrary, the director of the budget may, upon the advice of the commissioner of the office of children and family services, authorize the transfer or interchange of moneys appropriated herein with any other local assistance - general fund appropriation within the office of children and family services except where transfer or interchange of appropriation is prohibited or otherwise restricted by law.

Notwithstanding any other provision of law, if a social services district fails to provide reimbursement to the office of children and family services pursuant to section 529 of the executive law within 60 days of receiving a bill for services under such section, or by the date certain set by such office for providing reimbursement, whichever is later, the offices of the department of family assistance are authorized to exercise the state's set-off rights by withholding any amounts due and owing to such district under this appropriation, up to such amounts due and owing to the state under section 529 of the executive law and transferring such funds to the miscellaneous special revenue fund youth facility per diem account (22186). Provided however, notwithstanding section 530 of the executive law or any other provision of law to the contrary, for the 2021-22 fiscal year, the state's liability for payments required by section 530 of the executive law and recipients' entitlement to such payments shall be capped at 95 percent of 50 percent of amounts eligible for payment to social service districts (13922) ... 76,160,000 .................................................... Notwithstanding any other provision of law to the contrary, a youth development program shall mean a program designed to provide community-level services to promote positive youth development but shall not include approved runaway programs or transitional independent living support programs as such terms are defined in section 532-a of the executive law. Each county or a city with a population of one million or more, which shall be known as a municipality, operating a youth development program approved by the office of children and family services shall be eligible for one hundred percent state reimbursement of its qualified expenditures subject to the amount available under this appropriation and exclusive of any federal funds made available therefor, not to exceed the municipality's distribution of state aid for youth development programs. The amount appropriated herein for youth development programs shall be distributed by the office of children and family services to eligible municipalities that have a comprehensive plan that has been developed in consultation with the applicable municipal youth bureau and approved by the office of children and family services. The distribution of the amount appropriated herein to eligible municipalities by the office of children and family services shall be based on factors as determined by the office and subject to the approval of the director of budget; such factors shall include the number of youth under the age of twenty-one residing in the municipality as shown by the last published federal census certified in the same manner as provided by section 54 of the state finance law and may include, but not be limited to, the percentage of youth living in poverty within the municipality or such other factors as provided for in the regulations of the office of children and family services. Notwithstanding any other provision of law, for suballocation to the office of mental health and subsequently for suballocation from the office of mental health to the department of health for 94 percent of 65 percent of the nonfederal share of medical assistance payments for home and community based waiver services provided in accordance with subdivision 9 of section 366 of the social services law as authorized by selected social services districts which choose to use preventive services funds to support such costs and to authorize the office of temporary and disability assistance to intercept funds otherwise due to the districts to provide the 38.9 percent local share of such preventive services expenditures.

Notwithstanding any inconsistent provision of law, including section 1 of part C of chapter 57 of the laws of 2006, as amended by part I of chapter 60 of the laws of 2014, for the period commencing on April 1, 2017 and ending March 31, 2018 the commissioner shall not apply any cost of living adjustment for the purpose of establishing rates of payments, contracts or any other form of reimbursement.

Notwithstanding any inconsistent provision of law, and pursuant to chapter 7 of the laws of 1999 and chapter 668 of the laws of 2006, the commissioner of the office of children and family services shall, on behalf of local social services districts, make payments to the division of criminal justice services for processing of state and national criminal record checks and any other related costs. The commissioner shall ensure expenditures made pursuant to this provision reflect appropriate federal and local shares. The commissioner of the office of children and family services shall request that the commissioner of the office of temporary and disability assistance reimburse the commissioner of the office of children and family services for an amount equal to 53.94 percent of the nonfederal share of such payments provided that such reimbursement in payments reflects actual expenditures made on behalf of each local social services district to capture the local share of such costs.

Notwithstanding any inconsistent provision of the social services law or the state finance law, the commissioner shall, on a quarterly basis, request that the commissioner of the office of temporary and disability assistance reimburse the commissioner of the office of children and family services in an amount equal to 53.94 percent of the non-federal share of such fees to capture the local share of such fees. Such reimbursement shall occur on or before the one hundred and twentieth day following the close of the preceding quarter and shall be charged among districts based on the number of children currently placed in foster care in each local social services district provided that this methodology is revised quarterly to reflect most current available data. The money hereby appropriated is to be available for payment of state aid heretofore accrued or hereafter to accrue to municipalities. account with such interest accruing to the credit of the locality in
order to ensure the orderly and prompt payment of providers under
section 367-b of the social services law pursuant to an estimate

appropriated herein, or such other amount as may be approved by the
director of the budget, shall be available for reimbursement related
to payments made by a social services district to foster care

Notwithstanding section 398-a of the social services law or any other
law to the contrary, such reimbursement shall be available for 94
percent of 98 percent of 50 percent of social services district
costs, after deducting federal funds available therefor, for those
social services districts' claims in excess of a social services
district's foster care block grant allocation for those amounts
exclusively attributable to the previously approved revised or

section 398-a of the social services law and recipients' entitlement
to such payments shall be capped at 95 percent of 46 percent of the
amounts eligible for payment to social services districts (13921)

such articles, or in any other provisions of law related to the
licensure requirements of persons licensed under those articles,
shall prohibit or limit the activities or services of any person in
the employ of a program or service operated, certified, regulated,

The appropriation made by chapter 53, section 1, of the laws of 2016, is hereby amended and reappropriated to read:

Notwithstanding any other provision of law, the amount appropriated herein shall be available to reimburse for 98 percent of 65 percent of eligible social services district expenditures that are claimed by March 31, 2017 for those community preventive services provided from October 1, 2015 through September 30, 2016 at a cost that does not exceed the cost that was in effect on October 1, 2008 and that a social services district can demonstrate had been approved by the office of children and family services on or before October 1, 2008;
provided, however, that should insufficient funds be available to provide state reimbursement for 98 percent of 65 percent of such costs, reimbursement shall be made proportionally to each district based on the percentage of their total eligible claims to the amount appropriated; and, provided further, however, that if the amount appropriated exceeds the amount of funds necessary to reimburse 98 percent of 65 percent of the eligible social services district expenditures, the office may, to the extent funds are available, provide reimbursement for 98 percent of 65 percent of eligible social services district expenditures for new community preventive services programs approved by the office and only up to the amounts approved by the office. A local social services district seeking federal and/or state reimbursement for community preventive services provided on or after October 1, 2015 must submit claims that separately identify the costs of such services in a form and manner and at such times as are required by the department of family assistance and that information regarding outcome based measures that demonstrate quality of services provided and program effectiveness be submitted to the office of children and family services in a form and manner and at such times as required by the office. The commissioner of the office of children and family services shall request that the commissioner of the office of temporary and disability assistance reimburse the commissioner of the office of children and family services in an amount equal to 53.94 percent of the nonfederal share of such payments provided that such reimbursement in payments reflects actual expenditures made on behalf of each local social services district to capture the local share of such costs.

Notwithstanding any inconsistent provision of the social services law or the state finance law, the commissioner shall, on a quarterly basis, request that the commissioner of the office of temporary and disability assistance reimburse the commissioner of the office of children and family services in an amount equal to 53.94 percent of the non-federal share of such fees to capture the local share of such fees. Notwithstanding any inconsistent provision of law, in lieu of payments authorized by the social services law, or payments of federal funds otherwise due to the local social services districts for programs provided under the federal social security act or the federal food stamp act, funds herein appropriated, in amounts certified by the state commissioner or the state commissioner of health as due from local social services districts each month as their share of payments made pursuant to section 367-b of the social services law may be set aside by the state comptroller in an interest-bearing account with such interest accruing to the credit of the locality in order to ensure the orderly and prompt payment of providers under section 367-b of the social services law pursuant to an estimate provided by the commissioner of health of each local social services district's share of payments made pursuant to section 367-b of the social services law.

Notwithstanding any other provision of law, the amount appropriated
herein shall be available to reimburse for 98 percent of 65 percent
of eligible social services district expenditures that are claimed
by March 31, 2015 for those community preventive services provided
from October 1, 2013 through September 30, 2014 at a cost that does
not exceed the cost that was in effect on October 1, 2008 and that a
social services district can demonstrate had been approved by the
office of children and family services on or before October 1, 2008;
provided, however, that should insufficient funds be available to

Notwithstanding any inconsistent provision of law, the amount appropriated herein shall be available under the supervision and treatment services for juveniles program for 62 percent state reimbursement to counties and the city of New York for eligible expenditures for the provision and administration of eligible supervision and treatment services for juveniles programs during the period of April 1, 2014 through March 31, 2015 that have been approved by the office of children and family services pursuant to a plan approved by the director of the budget; provided, however, if a municipality is unable to use or claim all of its allocation for such program period within the required time frames, the municipality may apply to the office of children and family services for a waiver to permit the municipality to continue to have the funds available to it for an additional one-year program period upon a showing and certification by the municipality that such funds will be used only to reimburse the municipality for eligible expenditures for eligible services provided during the period of April 1, 2014 through March 31, 2015 for which the municipality was unable to claim within the required timeframes and for non-recurring eligible services or expenses that will occur during the period April 1, 2015 through March 31, 2016. Notwithstanding paragraph (a) of subdivision 1 of section 529-b of the executive law or any other law to contrary, a municipality that was eligible for a minimum funding allocation under the supervision and treatment services for juveniles program for state fiscal year 2013-14 but did not submit an application for such funds may apply to the office of children and family services for a waiver of the local share requirement for the program funds for state fiscal year 2014-15 upon a showing that the municipality has fiscal issues that significantly impact its ability to provide the required local share and that providing the program funds to the municipality without a local share will enable the municipality to implement services designed to decrease the use of detention or residential care for such youth.

Notwithstanding any provision of law to the contrary, an approved local youth bureau that is not providing, operating, administering or monitoring youth development programs shall not receive funding under this appropriation. The office shall not reimburse any claims for youth development programs unless they are submitted within twelve months of the calendar quarter in which the expenditure was made. in section 602 of the public health law,
pursuant to an approved application for
state aid, at a rate of no less than 36
per centum, except for the city of New
York, which shall receive no less than 10
per centum, of the difference between the
amount of moneys expended by the
municipality for public health services
required by section 602 of the public
health law during the fiscal year and the
base grant provided pursuant to
subdivision one of section 605 of the
public health law. Provided, however, that
if this chapter appropriates sufficient
additional funds to support reimbursement
at a rate of no less than 36 per centum,
except for the city of New York, which
shall receive no less than 10 per centum,
of the difference between the amount of
moneys expended by the municipality for
public health services required by section
602 of the public health law during the
fiscal year and the base grant provided
pursuant to subdivision one of 605 of the
public health law, then this language
shall be considered null and void as of
March 31, 2021.

Notwithstanding any inconsistent provision
of law, rule or regulation, the total
amount of state aid provided pursuant to

the fiscal year and the base grant
provided pursuant to subdivision one of
section 605 of the public health law. No
such reimbursement shall be provided for
services that are not eligible for state
aid pursuant to article 6 of the public
health law, or for contributions by the
municipality for indirect costs and fringe
benefits, including but not limited to,
employee retirement funds, health
insurance and federal old age and
survivors insurance. Provided, however,
that if this chapter appropriates
sufficient additional funds to support the

centum, of the difference between the
amount of moneys expended by the
municipality for eligible public health
services pursuant to an approved

language shall be considered null and void
as of March 31, 2021.

Notwithstanding any other provision of
article 6 of the public health law, a
county may obtain reimbursement pursuant
to this act, only after the county chief
financial officer certifies, in the state
aid application, that county tax levies
used to fund services carried out by the
county health department have not been
added to or supplanted directly or
indirectly by any funds obtained by the
county pursuant to the Master Settlement

1998 by the state and leading United
States tobacco product manufacturers,
except in the case of a public health
emergency, as determined by the

The director of the budget, in consultation with the commissioner of health, shall assess on a monthly basis known and projected medicaid expenditures by category of service and by geographic region, as
determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation adjustment to limit such spending to the aggregate limit specified herein for such period.

Such medicaid savings allocation adjustment shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation adjustment that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care
Act, in which case such grounds shall be set forth in the medicaid savings allocation adjustment; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation adjustment, to the extent that all or part of such adjustment, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation adjustment on the department of health's website and shall provide written copies of such adjustment to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation adjustment subsequent to the provisions of notice and prior to implementation but needs to provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the adjustment.

Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation adjustment is necessary due to a public health emergency.

For purposes of this section, a public health emergency is defined as: (i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.
Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation adjustment from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services. In accordance with the medicaid savings allocation adjustment, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h).

The department of health shall prepare a monthly report that sets forth: (a) known and projected department of health medicaid expenditures as described in subdivision (1) of this section, and factors that could result in medicaid disbursements for the relevant state fiscal year to exceed the projected department of health state funds disbursements in the enacted budget financial plan pursuant to subdivision 3 of section 23 of the state finance law, including spending increases or decreases due to: enrollment fluctuations, rate changes, utilization changes, MRT investments, and shift of beneficiaries to managed care; and variations in offline medicaid payments; and (b) the actions taken to implement any medicaid savings allocation adjustment implemented pursuant to subdivision (4) of this section, including information concerning the impact of such actions on each category of service and each geographic region of the state. Each such monthly report shall be provided to the chairs of the senate finance and the assembly ways and means committees and shall be posted on the department of health's website in a timely manner.

Notwithstanding section 40 of the state finance law or any other law to the contrary, all medical assistance appropriations made from this account shall remain in full force and effect in accordance, in the aggregate, with the following schedule: not more than 50 percent for the period April 1, 2021 to March 31, 2022; and the remaining amount for the period April 1, 2022 to March 31, 2023.

Notwithstanding section 40 of the state finance law or any provision of law to the contrary, subject to federal approval, department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, in the aggregate, for the period April 1, 2021 through March 31, 2022, shall not
exceed $23,531,327,000 except as provided below and state share medicaid spending, in the aggregate, for the period April 1, 2022 through March 31, 2023, shall not exceed $25,587,116,000, but in no event shall department of health state funds medicaid spending for the period April 1, 2021 through March 31, 2023 exceed $49,118,443,000 provided, however, such aggregate limits may be adjusted by the director of the budget to account for any changes in the New York state federal medical assistance percentage amount established pursuant to the federal social security act, increases in provider revenues, reductions in local social services district payments for medical assistance administration, minimum wage increases and beginning April 1, 2012 the operational costs of the New York state medical indemnity fund, pursuant to chapter 59 of the laws of 2011, and state costs or savings from the essential plan program. Such projections may be adjusted by the director of the budget to account for increased or expedited department of health state funds medicaid expenditures as a result of a natural or other type of disaster, including a governmental declaration of emergency.

The director of the budget, in consultation with the commissioner of health, shall assess on a monthly basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation adjustment to limit such spending to the aggregate limit specified herein for such period.

Such medicaid savings allocation adjustment shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promul-
gated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation adjustment that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation adjustment; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation adjustment, to the extent that all or part of such adjustment, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation adjustment on the department of health's website and shall provide written copies of such plan to the chairs of the senate finance and the
assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.
(b) The commissioner may revise the medicaid savings allocation adjustment subsequent to the provisions of notice and prior to implementation but needs to provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the plan.
Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation adjustment is necessary due to a public health emergency.
For purposes of this section, a public health emergency is defined as: (i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.
Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation adjustment from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.
In accordance with the medicaid savings allocation adjustment, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to

The department of health shall prepare a monthly report that sets forth: (a) known and projected department of health medicaid expenditures as described in subdivision (1) of this section, and factors that could result in medicaid disbursements for the relevant state fiscal year to exceed the projected department of health state funds disbursements in the enacted budget financial plan pursuant to subdivision 3 of section 23 of the state finance law, including spending increases or decreases due to: enrollment fluctuations, rate changes, utilization changes, MRT investments, and shift of beneficiaries to managed care; and variations in offline medicaid payments; and (b) the actions taken to implement any medicaid savings allocation adjustment implemented pursuant to subdivision (4) of this section, including information concerning the impact of such actions on each category of service and each geographic region of the state. Each such monthly report shall be provided to the chairs of the senate finance and the assembly ways and means committees and shall be posted on the department of health's website in a timely manner.

Notwithstanding any provision of law to the contrary, the director of the budget, in consultation with the commissioner of health, may use a payment reduction plan to make across-the-board reductions to the department of health state funds medicaid spending by $467,000,000 for state fiscal year 2021-2022 and $467,000,000 in state fiscal year 2022-2023 to limit such spending to the aggregate limit specified herein, or reduce the aggregate limit specified herein to provide a reduction to the state's financial plan. Reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval to implement the provisions of the medicaid payment reduction adjustment.

For the purpose of making payments to providers of medical care pursuant to section 367-b of the social services law, and for payment of state aid to municipalities where payment systems through fiscal intermediaries are not operational, to reimburse such providers for costs attributable to the provision of care to

Notwithstanding any inconsistent provision of law, the moneys hereby appropriated may be increased or decreased by interchange or transfer with any appropriation of the department of health with the approval of the director of the budget, who shall file such approval with the department of audit and control and copies thereof with the chairman of the senate finance committee and the chairman of the assembly ways and means committee.

Medical Assistance Account - 22187

Notwithstanding section 40 of the state finance law or any other law to the contrary, all medical assistance appropriations made from this account shall remain in full force and effect in accordance, in the aggregate, with the following schedule: not more than 49 percent for the period April 1, 2021 to March 31, 2022; and the remaining amount for the period April 1, 2022 to March 31, 2023.

Notwithstanding section 40 of the state finance law or any other law to the contrary, subject to federal approval, department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, in the aggregate, for the period April 1, 2021 through March 31, 2022, shall not exceed $23,531,327,000 except as provided below and state share medicaid spending, in the aggregate, for the period April 1, 2022 through March 31, 2023, shall not exceed $25,587,116,000, but in no event shall department of health state funds medicaid spending for the period April 1, 2021 through March 31, 2023 exceed $49,118,443,000 provided, however, such
aggregate limits may be adjusted by the
director of the budget to account for any
changes in the New York state federal
medical assistance percentage amount
established pursuant to the federal social
security act, increases in provider reven-
ues, reductions in local social services
district payments for medical assistance
administration, minimum wage increases and
beginning April 1, 2012 the operational
costs of the New York state medical indem-
nity fund, pursuant to chapter 59 of the
laws of 2011, and state costs or savings
from the essential plan. Such projections
may be adjusted by the director of the
budget to account for increased or expen-
dited department of health state funds
medicaid expenditures as a result of a
natural or other type of disaster, includ-
ing a governmental declaration of emergen-
cy.
The director of the budget, in consultation
with the commissioner of health, shall
assess on monthly basis known and project-
ed medicaid expenditures by category of
service and by geographic region, as
determined by the commissioner of health,
incurred both prior to and subsequent to
such assessment for each such period, and
if the director of the budget determines
that such expenditures are expected to
cause medicaid spending for such period to
exceed the aggregate limit specified here-
in for such period, the state medicaid
director, in consultation with the direc-
tor of the budget and the commissioner of
health, shall develop a medicaid savings
allocation adjustment to limit such spend-
ing to the aggregate limit specified here-
in for such period.
Such medicaid savings allocation adjustment
shall be designed, to reduce the expendi-
tures authorized by the appropriations
herein in compliance with the following
guidelines: (1) reductions shall be made
in compliance with applicable federal law,
including the provisions of the Patient
Protection and Affordable Care Act, Public
Law No. 111-148, and the Health Care and
Education Reconciliation Act of 2010,
Public Law No. 111-152 (collectively
"Affordable Care Act") and any subsequent
amendments thereto or regulations promul-
gated thereunder; (2) reductions shall be
made in a manner that complies with the
state medicaid plan approved by the feder-
al centers for medicare and medicaid
services, provided, however, that the
commissioner of health is authorized to
submit any state plan amendment or seek
other federal approval, including waiver
authority, to implement the provisions of
the medicaid savings allocation adjustment
that meets the other criteria set forth
herein; (3) reductions shall be made in a
manner that maximizes federal financial
participation, to the extent practicable,
including any federal financial partic-
ipation that is available or is reasonably
expected to become available, in the
discretion of the commissioner, under the
Affordable Care Act; (4) reductions shall
be made uniformly among categories of
services and geographic regions of the
state, to the extent practicable, and
shall be made uniformly within a category
of service, to the extent practicable,
except where the commissioner determines
that there are sufficient grounds for
non-uniformity, including but not limited
to: the extent to which specific catego-
ries of services contributed to department
of health medicaid state funds spending in
excess of the limits specified herein; the
need to maintain safety net services in
underserved communities; or the potential
benefits of pursuing innovative payment
models contemplated by the Affordable Care
Act, in which case such grounds shall be
set forth in the medicaid savings allo-
cation adjustment; and (5) reductions
shall be made in a manner that does not
unnecessarily create administrative
burdens to medicaid applicants and recipi-
ents or providers.

The commissioner shall seek the input of the
legislature, as well as organizations
representing health care providers,
consumers, businesses, workers, health
insurers, and others with relevant exper-
ience, in developing such medicaid savings
allocation adjustment, to the extent that
all or part of such adjustment, in the
discretion of the commissioner, is likely
to have a material impact on the overall
medicaid program, particular categories of
service or particular geographic regions
of the state.

(a) The commissioner shall post the medicaid
savings allocation adjustment on the
department of health's website and shall
provide written copies of such plan to the
chairs of the senate finance and the
assembly ways and means committees at
least 30 days before the date on which
implementation is expected to begin.

(b) The commissioner may revise the medicaid
savings allocation adjustment subsequent
to the provisions of notice and prior to
implementation but needs to provide a new
notice pursuant to subparagraph (i) of
this paragraph only if the commissioner
determines, in his or her discretion, that
such revisions materially alter the plan.
Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation adjustment is necessary due to a public health emergency.

For purposes of this section, a public health emergency is defined as: (i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation adjustment from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.

In accordance with the medicaid savings allocation adjustment, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h).

The department of health shall prepare a monthly report that sets forth: (a) known and projected department of health medicaid expenditures as described in subdivision (1) of this section, and factors that could result in medicaid disbursements for the relevant state fiscal year to exceed the projected department of health state
funds disbursements in the enacted budget financial plan pursuant to subdivision 3 of section 23 of the state finance law, including spending increases or decreases due to: enrollment fluctuations, rate changes, utilization changes, MRT investments, and shift of beneficiaries to managed care; and variations in offline medicaid payments; and (b) the actions taken to implement any medicaid savings allocation adjustment implemented pursuant to subdivision (4) of this section, including information concerning the impact of such actions on each category of service and each geographic region of the state. Each such monthly report shall be provided to the chairs of the senate finance and the assembly ways and means committees and shall be posted on the department of health's website in a timely manner.

Notwithstanding any provision of law to the contrary, the director of the budget, in consultation with the commissioner of health, may use a payment reduction plan to make across-the-board reductions to the department of health state funds medicaid spending by $467,000,000 for state fiscal year 2021-2022 and $467,000,000 in state fiscal year 2022-2023 and to limit such spending to the aggregate limit specified herein, or reduce the aggregate limit specified herein to provide a reduction to the state's financial plan. Reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval to implement the provisions of the medicaid payment reduction adjustment.

For the purpose of making payments to providers of medical care pursuant to section 367-b of the social services law, and for payment of state aid to municipalities and the federal government where payment systems through fiscal intermediaries are not operational, to reimburse the provision of care to patients eligible for medical assistance.

For services and expenses of the medical assistance program including nursing home, personal care, certified home health agency, long term home health care program and hospital services.

MEDICAL ASSISTANCE ADMINISTRATION PROGRAM

General Fund

Local Assistance Account - 10000

The appropriation made by chapter 53, section 1, of the laws of 2020, as added by chapter 50, section 3, of the laws of 2020, is hereby amended and reappropriated to read:

For reimbursement of local administrative expenses for medical assistance programs and for state administration of medical assistance programs, notwithstanding section 153 of the social services law, to include the performance of eligibility and enrollment determinations by the state or third-party entities designated by the state to perform such services.

Notwithstanding any provision of law to the contrary, subject to the approval of the director of budget, up to $23,000,000 of the amount appropriated herein shall be available for the purpose of providing payments to local social services districts for medical assistance administration claims that exceed an administrative ceiling established by the commissioner of health.

Notwithstanding any inconsistent provision of law and subject to the approval of the director of budget, moneys hereby appropriated may be increased or decreased by transfer or interchange between these appropriated amounts and appropriations of the medical assistance administration program, the medical assistance program, and the office of health insurance programs. Funding authority from this account used for state administration of the medical assistance program may be transferred to state operations appropriations within the aforementioned programs at amounts agreed upon by the commissioner of health, and the New York state division of the budget.

Notwithstanding section 40 of the state finance law or any other law to the contrary, all medical assistance appropriations made from this account shall remain in full force and effect in accordance, in the aggregate, with the following schedule: not more than 50 percent for the period April 1, 2020 to March 31, 2021; and the remaining amount for the period April 1, 2021 to [March 31, 2022] September 15, 2022.

Notwithstanding section 40 of the state finance law or any provision of law to the contrary, subject to federal approval, department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, in the aggregate, for the period April 1, 2020 through March 31, 2021, shall not exceed $23,606,772,000 except as provided below and state share medicaid spending, in the aggregate, for the period April 1, 2021 through [March 31, 2022] September 15, 2022, shall not exceed $24,598,493,000 but in no event shall department of health state funds medicaid spending for the period April 1, 2020 through [March 31, 2022] September 15, 2022 exceed $48,205,265,000 provided, however, such aggregate limits may be adjusted by the director of the budget to account for any changes in the New York state federal medical assistance percentage amount established pursuant to the federal social security act, increases in provider revenues, reductions in local social services district payments for medical assistance administration, minimum wage increases, and beginning April 1, 2012 the operational costs of the New York state medical indemnity fund, pursuant to chapter 59 of the laws of 2011, and state costs or
savings from the essential plan program. Such projections may be
adjusted by the director of the budget to account for increased or
expedited department of health state funds medicaid expenditures as
a result of a natural or other type of disaster, including a
governmental declaration of emergency.

The director of the budget, in consultation with the commissioner of
health, shall assess on a monthly basis known and projected medicaid
expenditures by category of service and by geographic region, as
determined by the commissioner of health, incurred both prior to and
subsequent to such assessment for each such period, and if the
director of the budget determines that such expenditures are
expected to cause medicaid spending for such period to exceed the
aggregate limit specified herein for such period, the state medicaid
director, in consultation with the director of the budget and the
commissioner of health, shall develop a medicaid savings allocation
adjustment to limit such spending to the aggregate limit specified
herein for such period.

Such medicaid savings allocation adjustment shall be designed, to
reduce the expenditures authorized by the appropriations herein in
compliance with the following guidelines: (1) reductions shall be
made in compliance with applicable federal law, including the
provisions of the Patient Protection and Affordable Care Act, Public
Law No. 111-148, and the Health Care and Education Reconciliation
Act of 2010, Public Law No. 111-152 (collectively "Affordable Care
Act") and any subsequent amendments thereto or regulations
promulgated thereunder; (2) reductions shall be made in a manner
that complies with the state medicaid plan approved by the federal
centers for medicare and medicaid services, provided, however, that
the commissioner of health is authorized to submit any state plan
amendment or seek other federal approval, including waiver
authority, to implement the provisions of the medicaid savings
allocation adjustment that meets the other criteria set forth
herein; (3) reductions shall be made in a manner that maximizes
federal financial participation, to the extent practicable,
including any federal financial participation that is available or
is reasonably expected to become available, in the discretion of the
commissioner, under the Affordable Care Act; (4) reductions shall be
made uniformly among categories of services and geographic regions
of the state, to the extent practicable, and shall be made uniformly
within a category of service, to the extent practicable, except
where the commissioner determines that there are sufficient grounds
for non-uniformity, including but not limited to: the extent to
which specific categories of services contributed to department of
health medicaid state funds spending in excess of the limits
specified herein; the need to maintain safety net services in
underserved communities; or the potential benefits of pursuing
innovative payment models contemplated by the Affordable Care Act,
in which case such grounds shall be set forth in the medicaid
savings allocation adjustment; and (5) reductions shall be made in a
manner that does not unnecessarily create administrative burdens to
medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as
organizations representing health care providers, consumers,
businesses, workers, health insurers, and others with relevant
expertise, in developing such medicaid savings allocation
adjustment, to the extent that all or part of such adjustment, in
the discretion of the commissioner, is likely to have a material
impact on the overall medicaid program, particular categories of
service or particular geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation
adjustment on the department of health's website and shall provide
written copies of such adjustment to the chairs of the senate
finance and the assembly ways and means committees at least 30 days  before the date on which implementation is expected to begin.  
(b) The commissioner may revise the medicaid savings allocation  adjustment subsequent to the provisions of notice and prior to  implementation but needs to provide a new notice pursuant to  subparagraph (i) of this paragraph only if the commissioner  determines, in his or her discretion, that such revisions materially  alter the adjustment.  
Notwithstanding the provisions of paragraphs (a) and (b) of this  subdivision, the commissioner need not seek the input described in  paragraph (a) of this subdivision or provide notice pursuant to  paragraph (b) of this subdivision if, in the discretion of the  commissioner, expedited development and implementation of a medicaid  savings allocation adjustment is necessary due to a public health  emergency.  
For purposes of this section, a public health emergency is defined as:  (i) a disaster, natural or otherwise, that significantly increases  the immediate need for health care personnel in an area of the  state; (ii) an event or condition that creates a widespread risk of  exposure to a serious communicable disease, or the potential for  such widespread risk of exposure; or (iii) any other event or  condition determined by the commissioner to constitute an imminent  threat to public health.  
Nothing in this paragraph shall be deemed to prevent all or part of  such medicaid savings allocation adjustment from taking effect  retroactively to the extent permitted by the federal centers for  medicare and medicaid services.  
In accordance with the medicaid savings allocation adjustment, the  commissioner of the department of health shall reduce department of  health state funds medicaid spending by the amount of the projected  overspending through, actions including, but not limited to  modifying or suspending reimbursement methods, including but not  limited to all fees, premium levels and rates of payment,  notwithstanding any provision of law that sets a specific amount or  methodology for any such payments or rates of payment; modifying  medicaid program benefits; seeking all necessary federal approvals,  including, but not limited to waivers, waiver amendments; and  suspending time frames for notice, approval or certification of rate  requirements, notwithstanding any provision of law, rule or  regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of  the laws of 1988, and 18 NYCRR 505.14(h).  
The department of health shall prepare a monthly report that sets  forth: (a) known and projected department of health medicaid  expenditures as described in subdivision (1) of this section, and  factors that could result in medicaid disbursements for the relevant  state fiscal year to exceed the projected department of health state  funds disbursements in the enacted budget financial plan pursuant to  subdivision 3 of section 23 of the state finance law, including  spending increases or decreases due to: enrollment fluctuations,  rate changes, utilization changes, MRT investments, and shift of  beneficiaries to managed care; and variations in offline medicaid  payments; and (b) the actions taken to implement any medicaid  savings allocation adjustment implemented pursuant to subdivision  (4) of this section, including information concerning the impact of  such actions on each category of service and each geographic region  of the state. Each such monthly report shall be provided to the  chairs of the senate finance and the assembly ways and means  committees and shall be posted on the department of health's website  in a timely manner.
The money hereby appropriated is available for payment of aid heretofore accrued or hereafter accrued to municipalities, and to providers of medical services pursuant to section 367-b of the social services law.

Notwithstanding any other provision of law, the money hereby appropriated may be increased or decreased by interchange or transfer, with any appropriation of the department of health, and may be increased or decreased by transfer or suballocation between these appropriated amounts and appropriations of the office of mental health, the office for people with developmental disabilities, the office of addiction services and supports, the department of family assistance office of temporary and disability assistance, the department of corrections and community supervision, the office of information technology services, the state university of New York, the state office for the aging, the office of the Medicaid inspector general, the office of children and family services with the approval of the director of the budget, who shall file such approval with the department of audit and control and copies thereof with the chairman of the senate finance committee and the chairman of the assembly ways and means committee.

Notwithstanding any provision of law to the contrary, the director of the budget, in consultation with the commissioner of health, may use a payment reduction plan to make across-the-board reductions to the department of health state funds Medicaid spending by $373,000,000 for state fiscal year 2020-2021 and $175,000,000 in state fiscal year 2021-2022 to limit such spending to the aggregate limit specified herein, or reduce the aggregate limit specified herein to provide a reduction to the state's financial plan. Reductions shall be made in a manner that complies with the state Medicaid plan approved by the federal Centers for Medicare and Medicaid Services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval to implement the provisions of the Medicaid payment reduction adjustment.

Notwithstanding any inconsistent provision of law, in lieu of payments authorized by the social services law, or payments of federal funds otherwise due to the local social services districts for programs provided under the federal Social Security Act or the Federal Food Stamp Act, funds herein appropriated, in amounts certified by the state commissioner of temporary and disability assistance or the state commissioner of health as due from local social services districts each month as their share of payments made pursuant to section 367-b of the social services law may be set aside by the state comptroller in an interest-bearing account in order to ensure the orderly and prompt payment of providers under section 367-b of the social services law pursuant to an estimate provided by the commissioner of health of each local social services district's share of payments made pursuant to section 367-b of the social services law.

MEDICAL ASSISTANCE PROGRAM

General Fund
Local Assistance Account - 10000

The appropriation made by chapter 53, section 1, of the laws of 2020, as
added by chapter 50, section 3, of the laws of 2020, is hereby
amended and reappropriated to read:

For the medical assistance program, including administrative expenses,
for local social services districts, and for medical care rates for
authorized child care agencies.

Notwithstanding section 40 of the state finance law or any other law
to the contrary, all medical assistance appropriations made from
this account shall remain in full force and effect in accordance, in
the aggregate, with the following schedule: not more than 49 percent
for the period April 1, 2020 to March 31, 2021; and the remaining
amount for the period April 1, 2021 to [March 31,] September 15,
2022.

Notwithstanding section 40 of the state finance law or any provision
of law to the contrary, subject to federal approval, department of
health state funds medicaid spending, excluding payments for medical
services provided at state facilities operated by the office of
mental health, the office for people with developmental disabilities
and the office of addiction services and supports and further
excluding any payments which are not appropriated within the
department of health, in the aggregate, for the period April 1, 2020
through March 31, 2021, shall not exceed $23,606,772,000 except as
provided below and state share medicaid spending, in the aggregate,
for the period April 1, 2021 through [March 31,] September 15, 2022,
shall not exceed ($24,598,493,000) $23,531,327,000, but in no event
shall department of health state funds medicaid spending for the
period April 1, 2020 through [March 31,] September 15, 2022 exceed
[$48,205,265,000] $47,138,099,000. Provided, however, such aggregate
limits may be adjusted by the director of the budget to account for
any changes in the New York state federal medical assistance
percentage amount established pursuant to the federal social
security act, increases in provider revenues, reductions in local
social services district payments for medical assistance
administration, minimum wage increases, and beginning April 1, 2012
the operational costs of the New York state medical indemnity fund,
pursuant to chapter 59 of the laws of 2011, and state costs or
savings from the essential plan program. Such projections may be
adjusted by the director of the budget to account for increased or
expedited department of health state funds medicaid expenditures as
a result of a natural or other type of disaster, including a
governmental declaration of emergency.

The director of the budget, in consultation with the commissioner of
health, shall assess on a monthly basis known and projected medicaid
expenditures by category of service and by geographic region, as
defined by the commissioner, incurred both prior to and subsequent
to such assessment for each such period, and if the director of the
budget determines that such expenditures are expected to cause
medicaid spending for such period to exceed the aggregate limit
specified herein for such period, the state medicaid director, in
consultation with the director of the budget and the commissioner of
health, shall develop a medicaid savings allocation adjustment to
limit such spending to the aggregate limit specified herein for such
period.

Such medicaid savings allocation adjustment shall be designed, to
reduce the expenditures authorized by the appropriations herein in
compliance with the following guidelines: (1) reductions shall be
made in compliance with applicable federal law, including the
provisions of the Patient Protection and Affordable Care Act, Public
Law No. 111-148, and the Health Care and Education Reconciliation
Act of 2010, Public Law No. 111-152 (collectively "Affordable Care
Act") and any subsequent amendments thereto or regulations
promulgated thereunder; (2) reductions shall be made in a manner
that complies with the state medicaid plan approved by the federal
centers for medicare and medicaid services, provided, however, that
the commissioner of health is authorized to submit any state plan
amendment or seek other federal approval, including waiver
authority, to implement the provisions of the medicaid savings
allocation adjustment that meets the other criteria set forth
herein; (3) reductions shall be made in a manner that maximizes
federal financial participation, to the extent practicable, including any federal financial participation that is available or
is reasonably expected to become available, in the discretion of the
commissioner, under the Affordable Care Act; (4) reductions shall be
made uniformly among categories of services and geographic regions
of the state, to the extent practicable, and shall be made uniformly
within a category of service, to the extent practicable, except
where the commissioner determines that there are sufficient grounds
for non-uniformity, including but not limited to: the extent to
which specific categories of services contributed to department of
health medicaid state funds spending in excess of the limits
specified herein; the need to maintain safety net services in
underserved communities; or the potential benefits of pursuing
innovative payment models contemplated by the Affordable Care Act,
in which case such grounds shall be set forth in the medicaid
savings allocation adjustment; and (5) reductions shall be made in a
manner that does not unnecessarily create administrative burdens to
medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as
organizations representing health care providers, consumers,
businesses, workers, health insurers, and others with relevant
expertise, in developing such medicaid savings allocation
adjustment, to the extent that all or part of such adjustment, in
the discretion of the commissioner, is likely to have a material
impact on the overall medicaid program, particular categories of
service or particular geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation
adjustment on the department of health's website and shall provide
written copies of such adjustment to the chairs of the senate
finance and the assembly ways and means committees at least 30 days
before the date on which implementation is expected to begin.
(b) The commissioner may revise the medicaid savings allocation adjustment subsequent to the provisions of notice and prior to implementation but needs to provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the adjustment.

Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation adjustment is necessary due to a public health emergency.

For purposes of this section, a public health emergency is defined as:
(i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state;
(ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or
(iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation adjustment from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.

In accordance with the medicaid savings allocation adjustment, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying or discontinuing medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h).

The department of health shall prepare a monthly report that sets forth: (a) known and projected department of health medicaid expenditures as described in subdivision (1) of this section, and factors that could result in medicaid disbursements for the relevant state fiscal year to exceed the projected department of health state funds disbursements in the enacted budget financial plan pursuant to subdivision 3 of section 23 of the state finance law, including spending increases or decreases due to: enrollment fluctuations, rate changes, utilization changes, MRT investments, and shift of beneficiaries to managed care; and variations in offline medicaid payments; and (b) the actions taken to implement any medicaid savings allocation adjustment implemented pursuant to subdivision (4) of this section, including information concerning the impact of such actions on each category of service and each geographic region of the state. Each such monthly report shall be provided to the chairs of the senate finance and the assembly ways and means committees and shall be posted on the department of health's website in a timely manner.

The money hereby appropriated is to be available for payment of aid heretofore accrued or hereafter accrued to municipalities, and to providers of medical services pursuant to section 367-b of the social services law, and for payment of state aid to municipalities...

The appropriation made by chapter 53, section 1, of the laws of 2020, as added by chapter 50, section 3, of the laws of 2020, is hereby amended and reappropriated to read:

Notwithstanding section 40 of the state finance law or any other law to the contrary, all medical assistance appropriations made from this account shall remain in full force and effect in accordance, in the aggregate, with the following schedule: not more than 50 percent for the period April 1, 2020 to March 31, 2021; and the remaining amount for the period April 1, 2021 to [March 31,] September 15, 2022.

Notwithstanding section 40 of the state finance law or any provision of law to the contrary, subject to federal approval, department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, in the aggregate, for the period April 1, 2020 through March 31, 2021, shall not exceed $23,606,772,000 except as
provided below and state share medicaid spending, in the aggregate, for the period April 1, 2021 through [March 31,] September 15, 2022, shall not exceed [$24,598,493,000] $23,531,327,000, but in no event shall department of health state funds medicaid spending for the period April 1, 2020 through [March 31,] September 15, 2022 exceed [$48,205,265,000] $47,138,099,000 provided, however, such aggregate limits may be adjusted by the director of the budget to account for any changes in the New York state federal medical assistance percentage amount established pursuant to the federal social security act, increases in provider revenues, reductions in local social services district payments for medical assistance administration, minimum wage increases and beginning April 1, 2012 the operational costs of the New York state medical indemnity fund, pursuant to chapter 59 of the laws of 2011, and state costs or savings from the essential plan program. Such projections may be adjusted by the director of the budget to account for increased or expedited department of health state funds medicaid expenditures as a result of a natural or other type of disaster, including a governmental declaration of emergency.

The director of the budget, in consultation with the commissioner of health, shall assess on a monthly basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation adjustment to limit such spending to the aggregate limit specified herein for such period.

Such medicaid savings allocation adjustment shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation adjustment that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid
savings allocation adjustment; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation adjustment, to the extent that all or part of such adjustment, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation adjustment on the department of health's website and shall provide written copies of such plan to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation adjustment subsequent to the provisions of notice and prior to implementation but needs to provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the plan.

Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation adjustment is necessary due to a public health emergency.

For purposes of this section, a public health emergency is defined as: (i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation adjustment from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.

In accordance with the medicaid savings allocation adjustment, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h).

The department of health shall prepare a monthly report that sets forth: (a) known and projected department of health medicaid expenditures as described in subdivision (1) of this section, and factors that could result in medicaid disbursements for the relevant state fiscal year to exceed the projected department of health state funds disbursements in the enacted budget financial plan pursuant to

subdivision 3 of section 23 of the state finance law, including spending increases or decreases due to: enrollment fluctuations, rate changes, utilization changes, MRT investments, and shift of beneficiaries to managed care; and variations in offline medicaid payments; and (b) the actions taken to implement any medicaid savings allocation adjustment implemented pursuant to subdivision (4) of this section, including information concerning the impact of such actions on each category of service and each geographic region of the state. Each such monthly report shall be provided to the chairs of the senate finance and the assembly ways and means committees and shall be posted on the department of health's website in a timely manner.

Notwithstanding any provision of law to the contrary, the director of the budget, in consultation with the commissioner of health, may use a payment reduction plan to make across-the-board reductions to the department of health state funds medicaid spending by $373,000,000 for state fiscal year 2020-2021 and [$175,000,000] $467,000,000 in state fiscal year 2021-2022 to limit such spending to the aggregate limit specified herein, or reduce the aggregate limit specified herein to provide a reduction to the state's financial plan. Reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval to implement the provisions of the medicaid payment reduction adjustment.

For the purpose of making payments to providers of medical care pursuant to section 367-b of the social services law, and for payment of state aid to municipalities where payment systems through fiscal intermediaries are not operational, to reimburse such providers for costs attributable to the provision of care to patients eligible for medical assistance. Payments from this appropriation to general hospitals related to indigent care pursuant to article 28 of the public health law respectively, when combined with federal funds for services and expenses for the medical assistance program pursuant to title XIX of the federal social security act or its successor program, shall equal the amount of the funds received related to health care reform act allowances and surcharges pursuant to article 28 of the public health law and deposited to this account less any such amounts withheld pursuant to subdivision 21 of section 2807-c of the public health law. Notwithstanding any inconsistent provision of law, the moneys hereby appropriated may be increased or decreased by interchange or transfer with any appropriation of the department of health with the approval of the director of the budget, who shall file such approval with the department of audit and control and copies thereof with the chairman of the senate finance committee and the chairman of the assembly ways and means committee.

Notwithstanding any provision of law to the contrary, the portion of this appropriation covering fiscal year 2020-21 shall supersede and replace any duplicative (i) reappropriation for this item covering fiscal year 2020-21, and (ii) appropriation for this item covering fiscal year 2020-21 set forth in chapter 53 of the laws of 2019 (29797) ... 1,433,000,000 ..................... The appropriation made by chapter 53, section 1, of the laws of 2020, as added by chapter 50, section 3, of the laws of 2020, is hereby amended and reappropriated to read:
Notwithstanding section 40 of the state finance law or any other law
to the contrary, all medical assistance appropriations made from
this account shall remain in full force and effect in accordance, in
the aggregate, with the following schedule: not more than 50 percent
for the period April 1, 2020 to March 31, 2021; and the remaining
amount for the period April 1, 2021 to [March 31,] September 15,
2022.

Notwithstanding section 40 of the state finance law or any provision
of law to the contrary, subject to federal approval, department of
health state funds medicaid spending, excluding payments for medical
services provided at state facilities operated by the office of
mental health, the office for people with developmental disabilities
and the office of addiction services and supports and further
excluding any payments which are not appropriated within the
department of health, in the aggregate, for the period April 1, 2020
through March 31, 2021, shall not exceed $23,606,772,000 except as
provided below and state share medicaid spending, in the aggregate,
for the period April 1, 2021 through [March 31,] September 15, 2022,
shall not exceed $24,598,493,000 but in no event
shall department of health state funds medicaid spending for the
period April 1, 2020 through [March 31,] September 15, 2022 exceed
$48,205,265,000 provided, however, such aggregate
limits may be adjusted by the director of the budget to account for
any changes in the New York state federal medical assistance
percentage amount established pursuant to the federal social
security act, increases in provider revenues, reductions in local
social services district payments for medical assistance
administration, minimum wage increases and beginning April 1, 2012
the operational costs of the New York state medical indemnity fund,
pursuant to chapter 59 of the laws of 2011, and state costs or
savings from the essential plan. Such projections may be adjusted by
the director of the budget to account for increased or expedited
department of health state funds medicaid expenditures as a result
of a natural or other type of disaster, including a governmental
declaration of emergency.

The director of the budget, in consultation with the commissioner of
health, shall assess on a monthly basis known and projected medicaid
expenditures by category of service and by geographic region, as
determined by the commissioner of health, incurred both prior to and
subsequent to such assessment for each such period, and if the
director of the budget determines that such expenditures are
expected to cause medicaid spending for such period to exceed the
aggregate limit specified herein for such period, the state medicaid
director, in consultation with the director of the budget and the
commissioner of health, shall develop a medicaid savings allocation
adjustment to limit such spending to the aggregate limit specified
herein for such period.

Such medicaid savings allocation adjustment shall be designed, to
reduce the expenditures authorized by the appropriations herein in
compliance with the following guidelines: (1) reductions shall be
made in compliance with applicable federal law, including the
provisions of the Patient Protection and Affordable Care Act, Public
Law No. 111-148, and the Health Care and Education Reconciliation
Act of 2010, Public Law No. 111-152 (collectively "Affordable Care
Act") and any subsequent amendments thereto or regulations
promulgated thereunder; (2) reductions shall be made in a manner
that complies with the state medicaid plan approved by the federal
centers for medicare and medicaid services, provided, however, that
the commissioner of health is authorized to submit any state plan
amendment or seek other federal approval, including waiver
authority, to implement the provisions of the medicaid savings
allocation adjustment that meets the other criteria set forth
herein; (3) reductions shall be made in a manner that maximizes
federal financial participation, to the extent practicable,
including any federal financial participation that is available or
is reasonably expected to become available, in the discretion of the
commissioner, under the Affordable Care Act; (4) reductions shall be
made uniformly among categories of services and geographic regions
of the state, to the extent practicable, and shall be made uniformly
within a category of service, to the extent practicable, except
where the commissioner determines that there are sufficient grounds
for non-uniformity, including but not limited to: the extent to
which specific categories of services contributed to department of
health medicaid state funds spending in excess of the limits
specified herein; the need to maintain safety net services in
underserved communities; or the potential benefits of pursuing
innovative payment models contemplated by the Affordable Care Act,
in which case such grounds shall be set forth in the medicaid
savings allocation adjustment; and (5) reductions shall be made in a
manner that does not unnecessarily create administrative burdens to
medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as
organizations representing health care providers, consumers,
businesses, workers, health insurers, and others with relevant
expertise, in developing such medicaid savings allocation
adjustment, to the extent that all or part of such adjustment, in
the discretion of the commissioner, is likely to have a material
impact on the overall medicaid program, particular categories of
service or particular geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation
adjustment on the department of health's website and shall provide
written copies of such plan to the chairs of the senate finance and
the assembly ways and means committees at least 30 days before the
date on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation
adjustment subsequent to the provisions of notice and prior to
implementation but needs to provide a new notice pursuant to
subparagraph (i) of this paragraph only if the commissioner
determines, in his or her discretion, that such revisions materially
alter the plan.

Notwithstanding the provisions of paragraphs (a) and (b) of this
subdivision, the commissioner need not seek the input described in
paragraph (a) of this subdivision or provide notice pursuant to
paragraph (b) of this subdivision if, in the discretion of the
commissioner, expedited development and implementation of a medicaid
savings allocation adjustment is necessary due to a public health
emergency.

For purposes of this section, a public health emergency is defined as:
(i) a disaster, natural or otherwise, that significantly increases
the immediate need for health care personnel in an area of the
state; (ii) an event or condition that creates a widespread risk of
exposure to a serious communicable disease, or the potential for
such widespread risk of exposure; or (iii) any other event or
condition determined by the commissioner to constitute an imminent
threat to public health.

Nothing in this paragraph shall be deemed to prevent all or part of
such medicaid savings allocation adjustment from taking effect
retroactively to the extent permitted by the federal centers for
medicare and medicaid services.

In accordance with the medicaid savings allocation adjustment, the
commissioner of the department of health shall reduce department of
health state funds medicaid spending by the amount of the projected

The department of health shall prepare a monthly report that sets forth: (a) known and projected department of health medicaid expenditures as described in subdivision (1) of this section, and factors that could result in medicaid disbursements for the relevant state fiscal year to exceed the projected department of health state funds disbursements in the enacted budget financial plan pursuant to subdivision 3 of section 23 of the state finance law, including spending increases or decreases due to: enrollment fluctuations, rate changes, utilization changes, MRT investments, and shift of beneficiaries to managed care; and variations in offline medicaid payments; and (b) the actions taken to implement any medicaid savings allocation adjustment implemented pursuant to subdivision (4) of this section, including information concerning the impact of such actions on each category of service and each geographic region of the state. Each such monthly report shall be provided to the chairs of the senate finance and the assembly ways and means committees and shall be posted on the department of health's website in a timely manner.

For the purpose of making payments, the money hereby appropriated is available for payment of aid heretofore accrued or hereafter accrued, to providers of medical care pursuant to section 367-b of the social services law, and for payment of state aid to municipalities and the federal government where payment systems through fiscal intermediaries are not operational, to reimburse such providers for costs attributable to the provision of care to patients eligible for medical assistance. Notwithstanding any provision of law to the contrary, the director of the budget, in consultation with the commissioner of health, may use a payment reduction plan to make across-the-board reductions to the department of health state funds medicaid spending by $373,000,000 for state fiscal year 2020-2021 and [$175,000,000] $467,000,000 in state fiscal year 2021-2022 to limit such spending to the aggregate limit specified herein, or reduce the aggregate limit specified herein to provide a reduction to the state's financial plan. Reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval to implement the provisions of the medicaid payment reduction plan. For services and expenses of the medical assistance program.

The appropriation made by chapter 53, section 1, of the laws of 2020, as added by chapter 50, section 3, of the laws of 2020, is hereby amended and reappropriated to read:

Notwithstanding section 40 of the state finance law or any other law to the contrary, all medical assistance appropriations made from this account shall remain in full force and effect in accordance, in the aggregate, with the following schedule: not more than 49 percent for the period April 1, 2020 to March 31, 2021; and the remaining amount for the period April 1, 2021 to [March 31,] September 15, 2022.

Notwithstanding section 40 of the state finance law or any provision of law to the contrary, subject to federal approval, department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, in the aggregate, for the period April 1, 2020 through March 31, 2021, shall not exceed $23,606,772,000 except as provided below and state share medicaid spending, in the aggregate, for the period April 1, 2021 through [March 31,] September 15, 2022, shall not exceed [$24,598,493,000] $23,531,327,000, but in no event
shall department of health state funds medicaid spending for the period April 1, 2020 through [March 31,] September 15, 2022 exceed $48,205,265,000 provided, however, such aggregate limits may be adjusted by the director of the budget to account for any changes in the New York state federal medical assistance percentage amount established pursuant to the federal social security act, increases in provider revenues, reductions in local social services district payments for medical assistance administration, minimum wage increases and beginning April 1, 2012 the operational costs of the New York state medical indemnity fund, pursuant to chapter 59 of the laws of 2011, and state costs or savings from the essential plan. Such projections may be adjusted by the director of the budget to account for increased or expedited department of health state funds medicaid expenditures as a result of a natural or other type of disaster, including a governmental declaration of emergency.

The director of the budget, in consultation with the commissioner of health, shall assess on monthly basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation adjustment to limit such spending to the aggregate limit specified herein for such period.

Such medicaid savings allocation adjustment shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation adjustment that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation adjustment; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.
The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation adjustment, to the extent that all or part of such adjustment, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation adjustment on the department of health’s website and shall provide written copies of such plan to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation adjustment subsequent to the provisions of notice and prior to implementation but needs to provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the plan.

Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation adjustment is necessary due to a public health emergency.

For purposes of this section, a public health emergency is defined as:

(i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation adjustment from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.

In accordance with the medicaid savings allocation adjustment, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h).

The department of health shall prepare a monthly report that sets forth: (a) known and projected department of health medicaid expenditures as described in subdivision (1) of this section, and factors that could result in medicaid disbursements for the relevant state fiscal year to exceed the projected department of health state funds disbursements in the enacted budget financial plan pursuant to subdivision 3 of section 23 of the state finance law, including spending increases or decreases due to: enrollment fluctuations, rate changes, utilization changes, MRT investments, and shift of
beneficiaries to managed care; and variations in offline medicaid payments; and (b) the actions taken to implement any medicaid savings allocation adjustment implemented pursuant to subdivision (4) of this section, including information concerning the impact of such actions on each category of service and each geographic region of the state. Each such monthly report shall be provided to the chairs of the senate finance and the assembly ways and means committees and shall be posted on the department of health's website in a timely manner.

Notwithstanding any provision of law to the contrary, the director of the budget, in consultation with the commissioner of health, may use a payment reduction plan to make across-the-board reductions to the department of health state funds medicaid spending by $373,000,000 for state fiscal year 2020-2021 and [$175,000,000] $467,000,000 in state fiscal year 2021-2022 and to limit such spending to the aggregate limit specified herein, or reduce the aggregate limit specified herein to provide a reduction to the state's financial plan. Reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval to implement the provisions of the medicaid payment reduction adjustment.

For the purpose of making payments to providers of medical care pursuant to section 367-b of the social services law, and for payment of state aid to municipalities and the federal government where payment systems through fiscal intermediaries are not operational, to reimburse the provision of care to patients eligible for medical assistance.

For services and expenses of the medical assistance program including nursing home, personal care, certified home health agency, long term home health care program and hospital services.

Notwithstanding any provision of law to the contrary, the portion of this appropriation covering fiscal year 2020-21 shall supersede and replace any duplicative (i) reappropriation for this item covering fiscal year 2020-21, and (ii) appropriation for this item covering fiscal year 2020-21 set forth in chapter 53 of the laws of 2019 (29846) ... 1,898,000,000 .....................
